IN CUBAN WATERS!

Large Fleet of United States Warships Gathered There.

General Pando Reported to Have Been Seriously Wounded.

California Celebrates Its Golden Jubilee With Great Splendor.

ARBITRATE COAL STRIKE.

Washington, Jan. 24.—Never before has the United States been represented by so large and powerful a fleet of warships as that now gathered off the extreme southern coast of Florida, within direct striking distance of Cuba. The Atlantic fleet now under the order of Admiral Sigsbee, with headquarters at Tortugas, is made up of the battleships Indiana, Iowa and Massachusetts, the second-class battleships Maine and Texas, the monitor Terror, the armored cruisers New York and Brooklyn, the cruisers Detroit and Montgomery and the torpedo boats Cushing, Dupont, Kricson, Foley and Porter, with the dynamite cruiser Vesta, and the little dispatch boat Fern. They are manned by 337 officers and 3,334 men besides the marines.

ORDERED TO HAVANA.

Washington, Jan. 24.—The United States steamship Maine has been ordered to Havana. It is said at the navy department that no disturbing news has been received, but the movement is rather in the line of the resumption of free intercourse by our naval vessels in Cuban waters the same as prevailed prior to their withdrawal on account of the outbreak of hostilities.

WHAT SECRETARY LONG SAYS.

Washington, Jan. 24.—Secretary of the Navy Long said this morning: "So far from there being any information for the rumors yesterday of trouble in Havana, matters are now in such condition that our vessels are going to resume their friendly calls at the Cuban ports and go in and out just as vessels of other nations do. The Maine will go in a day or two on such a visit. The department has issued orders for the vessels to attend the public celebrations at Mobile and the Mardi Gras at New Orleans and for the torpedo boat Flotilla to visit Galveston, Texas."

SENATORS ARE PLEASED.

Washington, Jan. 24.—The first intimation the members of the senate committee on foreign relations had of the orders to the Maine was given in the Associated Press bulletin. They received the information with evident satisfaction. Morgan said that Germany had shown the United States the way by sending warships to Havana and was evidently biding their time.

SPANISH MINISTER SEEKS INFORMATION.

Washington, Jan. 24.—Minister de Lome called at the state department at 3 p. m. in pursuit of information concerning the movements of the Maine. He was freely permitted to see the orders sent to Admiral Sigsbee directing the Maine to proceed to Havana. This is regarded as an indication that there is nothing threatening in them.

CALIFORNIA CELEBRATES.

Golden Jubilee Began with Great Splendor This Morning.

San Francisco, Jan. 24.—The splendor of the celebration of the golden jubilee of California, which began this morning, is not likely to be surpassed for many years. The entire state responded to the appeal—miners, pioneers and native sons and daughters—and from now until the close of carnival week San Francisco will be the Mecca toward which all travel west of the Sierras will be turned. This forenoon one of the most interesting parades ever seen in this state marched through the streets. Fifty thousand strangers are in the city.

Defeated a Second Time.

Chicago, Jan. 24.—At today's session of the inter-state bituminous coal operators and miners, a reconsideration of the vote which defeated the mine run proposition last week, was taken up. The proposition was again defeated; aye 28, nay 8. The operators of Indiana and Ohio voted in the negative.

Chicago Stock Market.

Chicago, Jan. 24.—Cattle—Receipts, 10,000; market steady to stronger. Hogs, \$9.00@9.40; cows and heifers, \$2.10@4.50; stockers and feeders, \$3.35@4.00; Texas steers, \$3.50@4.30. Sheep—Receipts, 1,500; market firm. Native sheep, \$3.00@4.50; westerns, \$2.50@4.40; lambs, \$4.25@5.75.

Pando Seriously Wounded.

Havana, Dec. 24.—Reports have reached Havana from the Canto river district, where General Pando has been operating, that Pando had been seriously wounded. Pando's operations against the rebels so far have been practically without result.

Silver and Lead.

New York, Jan. 24.—Silver, 50 1/2c; Lead, \$3.55. Copper, 10 1/2c.

NATIONAL CONGRESS!

Senator Turpie Speaks on the Teller Resolution.

Mississippi Legislature Asks for Intervention in Cuban War.

President Appoints Commissioner of Patents and Director of Mint.

GLADSTONE'S CONDITION ALARMING.

Washington, Jan. 24.—Waltham, of Mississippi, presented the credentials of H. D. Money as senator from Mississippi, an successor to the late Senator George, and the oath of office was administered to Money who has been sitting as senator by appointment.

Waltham Presented a Joint Resolution.

urging the United States government to intervene in the Cuban war on behalf of the insurgents, "peaceably if it can, forcibly if it must." The resolution was referred to the committee on foreign relations.

The Teller Resolution was Laid before the senate and in accordance with notice previously given, Turpie, of Indiana, addressed the senate.

"I shall vote for the resolution willingly," he began. "I think it opportune, when confronted by a measure which contemplates an increase in the public debt by \$300,000,000 or \$400,000,000 it is indeed proper that we should repeat the declaration that all government obligations are payable in coin and not gold."

IN THE HOUSE.

Washington, Jan. 24.—In the house today, Underwood (dem., Ala.) insisted upon a division upon his resolution calling upon the secretary for information obtained by the armor plate board as to the advantages of southern places as a location for an armor plate plant. By a vote of 107 to 106 the resolution was tabled.

Curtis (rep., Iowa) then claimed the day for business from the district of Columbia committee.

ARBITRATE THEIR DIFFERENCES.

Striking Miners and Operators in Colorado Get Together.

Denver, Colo., Jan. 24.—Representatives of the striking miners and operators in the Northern Colorado coal district decided to submit their grievances to the state board of arbitration.

Four mines resumed work to-day, the miners having become dissatisfied with the way the strike was handled.

Kansas City Market.

Kansas City, Jan. 24.—Cattle—Receipts, 6,000; market steady. Texas steers, \$2.50@4.40; Texas cows, \$2.50@3.25; native steers, \$3.50@5.00; native cows and heifers, \$1.50@4.00; stockers and feeders, \$3.50@5.00; bulls, \$2.75@4.25.

Sheep—Receipts, 2,000; market firm.

Lambs, \$4.25@5.00; muttons, \$3.10@4.30.

Mob Loots Hebrew Stores.

Algiers, Jan. 24.—When it was learned today that a Hebrew had stabbed a Spaniard, a mob looted the Hebrew stores. At the head of St. Zouaves, with fixed bayonets, the governor general, preceded by military drummers, traversed the streets appealing for quiet. He was followed by a mob of about 3,000 people, who shouted, "Down with the Jews!" The governor general finally retired to his winter palace.

Germany's Intentions.

Berlin, Jan. 24.—The following semi-official announcement was made today: "The statements regarding Germany's intention to open the Port of Kia-Chow to the commerce of the world are practically correct. Germany desires its policy in China should be of a liberal character, not interfering with the commerce of other nations."

Presidential Appointments.

Washington, Jan. 24.—The president today sent the following nominations to the senate: Charles B. Duell, New York, commissioner of patents; George E. Roberts, Iowa, director of the mint.

Director of the Mint.

Washington, Jan. 24.—H. R. Preston, director of the mint, has resigned. Geo. E. Roberts, of Fort Dodge, Iowa, will be appointed his successor.

Gladstone's Condition.

London, Jan. 24.—The Pall Mall Gazette says: Our latest information is that Gladstone's condition continues the most grave.

Chicago Grain Market.

Chicago, Jan. 24.—Wheat—January, 95c; May, 93 1/2c. Corn—January, 27c; May, 25c. Oats—January, 22c; May, 23 1/2c.

FEW MORE VICTIMS!

Division Supt. John Denair Hurt at Tunnel Wreck.

Engine Explosion in Madison, Wis., Killed Three Men.

Pierce Gale Swept over Niagara River, Causing Great Damage.

THE MISSISSIPPI RISING.

Last night and yesterday wild rumors were in circulation that John Denair, division superintendent of the Santa Fe Pacific, and half a dozen laborers had met their death at the tunnel, this being in addition to the killing of headmaster Pat Lyons and the injuring of Foreman Matthews and several laborers last Monday afternoon.

In order to get some facts in regard to this second or third disaster, THE CITIZEN wired to a prominent gentleman of Williams for information yesterday, and received the following meagre report:

DENAIR HURT.

Special to THE CITIZEN. Williams, Jan. 23.—John Denair hurt; badly cut up, but not seriously injured. Two other men slightly injured. Denair was sent to the Sisters' hospital at Prescott. The injuries were caused by a caving in of the tunnel.

There were three men injured yesterday in the same manner—one an Indian and two white men, one being a brother-in-law of Charles Matthews.

BROUGHT HERE.

Yesterday morning the Indian and a white laborer—names unlearned—who were injured at the tunnel cave-in Saturday morning, were brought in and taken to the hospital. They both have quite severe scalp wounds.

Last night J. F. Hanson was also brought in and taken to the hospital. His injuries are not of a serious nature.

Of the persons at the hospital from the first cave-in all are doing nicely except Foreman C. H. Matthews, who is not recovering as fast as his physicians would like.

WAS MARRON INJURED?

A report got in circulation on the streets here to-day that O. N. Marron, of this city, was among the injured at the tunnel. There is evidently no foundation for the rumor, as all reports from there say that the parties injured were laborers in the tunnel.

Mr. Marron has been in Los Angeles for the past ten days on legal business and is expected home almost any day now.

There was a rumor on the street late this afternoon that Mr. Denair had become conscious although his recovery was still in doubt.

ON A RAMPADE.

Heavy Gale Swept over Niagara River Doing Much Damage.

Niagara Falls, N. Y., Jan. 24.—The Niagara river was on a rampage last night, owing to a heavy western gale which prevailed twenty-four hours. The water rose in a gorge about twenty-five feet. It swept over the Maid of the Mist landings and shade and carried off boats, boat houses, lumber and pulp wood in large quantities. At Bath Island, Luna Island and Part three sisters were submerged and considerable damage was done to the state's property. The greatest damage was done down the gorge, where sections of the gorge road were undermined and swept away.

MISSISSIPPI RISING.

Danger Line Only Three Feet Away—Situation Alarming.

Memphis, Tenn., Jan. 24.—The Mississippi river continues to rise at a rate considered alarming by the river men in general, and especially by the levee contractors, who filed bonds to complete certain work within a given time. The time named has almost expired, but the excessive rains causing an unprecedented high stage of water for this season of the year, operated against the levee work. This morning the gauge read 35 feet.

THREE MEN KILLED.

By Explosion of an Engine at Madison, Wisconsin.

Madison, Wis., Jan. 24.—By an explosion of the boiler of a locomotive standing in the round house here to-day three men were killed and two seriously injured.

The building and three engines were wrecked.

Dead—Frank Beck, roundhouse foreman; Wesley Schelper, engineer; Charles Young, engineer.

Although the holiday season is over, there is no reason why people should not enjoy the luxury of good living as long as F. F. Trotter, the second street groceryman, continues to furnish every thing that makes dining so delectable and at such low prices.

HANDLE WITH CARE.

Well Bundled Package Received by Inspector Montgomery.

General Watch Inspector H. S. Montgomery received a package from New Mexico that was sealed with green sealing wax, marked "Handle with care; breakable and valuable." The package was about the size of a shoe box, says the Topeka State Journal.

Mr. Montgomery cut the strings, unwrapped the box. "Wonder what it can be; it is quite light." He took the cover off. There were the contents wrapped in a newspaper. The newspaper was removed, there was another, but also was removed. There was another. "Wonder what it can be; must be easily broken," said Mr. Montgomery as he unwrapped another paper. Several persons looked on and remarked, "Perhaps it is an ostrich egg," said one. Another paper was removed, more remarks and more wrappings. Mr. Montgomery stopped. The crowd was laughing. He laid the bundle down on his desk. "Now if you fellows think I am going to open this package and have all of you laughing at me when I find there is nothing in it, you are mistaken."

His curiosity got the better of him, however, and he kept on taking off paper. After about enough papers had been piled up to put under a new carpet Mr. Montgomery removed from the last paper a silver watch that would tip the scales at about sixteen ounces. The comments were: "Breakable, handle with care, don't crush." And it came collected.

Eight Pullman coaches, with Raymond-Whitcomb excursionists, came in from the north late yesterday afternoon, and continued to California via Deming, over the Southern Pacific.

Agent Trull and Chief Clerk McCanna were at the depot to answer all questions and to explain to the New Englanders that this was truly the "land of sunshine." Yesterday was a different day from to-day; it was not snowing and the streets were not muddy and sloppy.

Capt. Wilson, the well-known San Francisco adjuster, is expected here in a few days to adjust the Mrs. Secundina Silva Tijeras canyon fire for the Royal Fire Insurance company.

G. C. B. Culley, of the local firm of Culley & Arnold, states that the fire is not "an easy matter to adjust," as published in the city papers the other day.

On last Saturday morning the Pueblo Indians, so it is understood, stopped the surveyors on the work of the low-line ditch, but no demonstration was made. A delegation of Indians called upon Hon. Pedro Ferra, at Bernalillo, and he advised them to let matters rest until the injunction was decided by Judge Crumpacker.

Attorneys B. S. Rodey and Karl A. Snyder and Stenographer A. L. Codrington went out to Flagstaff last night to take testimony in the case of M. C. Campbell vs. the Atlantic & Pacific railroad company for alleged damage to some cattle while in transit over that line.

Hon. Pedro Ferra, of Bernalillo, is in the city, and will remain over till tomorrow, to attend the low-line ditch injunction hearing.

W. Babbitt, the Flagstaff general merchant, is again in the city, and has his name on the register at Sturges European.

WHILE some men of business yield to supposed "dull times" and rock along with them, others, business men, take advantage of conditions and force trade by handling goods suitable to the times and keeping the public informed of the fact through the columns of THE CITIZEN.

ENGLISH writers continue to tell us many strange things about ourselves. One says that we make no distinction between a gentleman and any other man; that we have no snobs and no notions of precedence. If this were true we might indeed be happier than we are. But in what society did an English visitor move who can tell us those things in sober earnest?

THE public is warned against a social ed grain brokerage firm styling itself as J. G. Knowlton & Co., whose offices are advertised as at No. 302 California street, San Francisco. An investigation just made by the Stillwell Detective agency shows that no such firm exists, and that many people residing in the country have been duped by the operators of that bogus concern.

THERE is no better test of business conditions than the reports of the railroads. When times are bad their earnings fall; when times improve, their earnings increase. Here is that evidence of prosperity in this new year 1926 as

furnished by railroad reports: "Earnings of all railroads in the United States reporting for December, \$43,364,379, indicate substantially the same rate of increase, exceeding last year's by 10.5 per cent, and the earnings of 1925 for the same roads by 1.6 per cent. Since 1892 was, on the whole, the most prosperous year thus far, comparisons indicate, notwithstanding the lowest prices ever known, that the volume of business is larger, and in spite of some cutting of rates, the earnings are larger than in the best year of past history."

FARMERS engaged in sheep growing would find pumpkins a profitable crop for fall or winter feed. Sheep are very fond of them. Though much better to do as it is not absolutely necessary to cut them up or feed them in a trough. They can be hauled out upon the range and thrown from the wagon on the ground. The force of the fall is generally sufficient to burst them, so that the sheep may have access to the edible portions.

TIMBER LAWS.

Relating to Timber Cutting on the Public Domain.

Special Timber Agent S. J. Holsinger is in Tucson. He is on the hunt for any one who happens to violate the timber cutting laws. He told the Tucson star of some rules governing the cutting of timber that we publish for the benefit of those of our readers who may be concerned:

The land from which the timber is cut must be strictly mineral, and not subject to entry under existing laws of the United States except for mineral.

No person not a citizen of the territory can sell or remove timber, and those who sell or remove timber must be citizens of the territory.

The person removing timber must keep a record describing the land from which the timber is cut, giving the name of the person who cut the same, the kind and quantity of the timber and the date on which it was cut. This book or record must be open to the inspection of the agents of this department. The person selling the timber must also take the written certificate under oath of the purchaser if said timber be for his own use or for mining or domestic purposes.

No person will be permitted to fell any growing trees of any kind whatever, less than eight inches in diameter. All of such trees must be utilized which can profitably be used, and the tops and brush disposed of in such a manner as to prevent the spread of forest fires.

American Securities Abroad.

The sales of American securities have been, according to London advices, very large abroad of late. If this state of things holds there will be an increasing influx of British gold into this market. This demonstrates the faith abroad in the stability of our credit. There is another point of faith for which the people not only of this but of foreign countries have good grounds for confidence, and that is belief in the efficacy of Hostetter's Stomach Bitters for indigestion, malassimilation, biliousness, liver, kidney and nervous disorders, constipation and rheumatism are conquered by it. It hastens convalescence, and affords a generous warmth and sensation of physical comfort through the system.

NEWS OF INTEREST TO ALL KINDS OF READERS

LA LUZ.

From Sacramento Chief.

C. W. Russell and wife are the proud parents of a daughter, a late arrival.

J. D. Baird is in El Paso to make arrangements for a sawmill outfit to be set up in the Sacramento mountains east of La Luz.

Wm. O'Leary has located 109 acres of land for a homestead at the head of the Fresno, and hereafter will mix hayseed in his hair and be authority on how to dig pumpkins and graft potato slips on to cabbage stalks.

The Penasco Forest Reserve is now open to settlement. Here hundreds of families can find good homes in a section of country where timber is plenty and crops are grown to perfection without irrigation.

Contractor Gill has moved his well boring outfit up to the Jarilla mining camp and is now sinking a well on the line of the new railroad at that place. At present all the water for the camp at the Jarillas is being hauled from Lee's well, a distance of seven miles.

LA BELLE.

From the Crescent.

Another cold snap this week—19 below. The LaBelle State company has established a fast freight line, and will deliver goods to points in the LaBelle district promptly.

It is reported that a rich strike was made in some of the claims under the management of Chas. J. Dold in the Upper Red River canon last week.

J. W. Phillips, "the attorney from Kansas," who has been over at Elizabethtown for the past three or four months returned Monday and as an evidence that he is still game, bet on Hauna. Later in the week he went over to Red River to look after his mining interest there.

RATON.

From the Reporter.

Lawrence Blackwell is still very sick, though he seems to be some better to-day. A son was born to R. Stubblediff and wife the 4th inst. Mrs. Stubblediff is also suffering with scarlet fever.

Oldham Bros. are cutting about 400 tons of ice on their lake east of town. It is between six and seven inches thick and clear as crystal.

Monday afternoon while at work in the Sopris mine, Wm. Knowley was killed. He was at work with a companion when, without warning, a large body of stone fell upon him and crushed his life out instantly. The companion of Knowley escaped without injury. The accident occurred at 2:30, but it was 6 p. m. before the body was recovered, owing to the large amount of rock which covered it.

SAN CRUCES.

From Rio Grande Republican.

Arthur Hinton has gone to La Luz to take a position with the Sacramento Chief.

Jesus Garcia, of Albuquerque, spent several days of this week in town visiting relatives.

All four of Robert Elwood's children are on the sick list. The two eldest are down with pneumonia, while the other two have the whooping cough.

Mrs. A. M. Granger met with a painful accident Wednesday morning, falling from the door of the mission school down the steps to the ground. Dr. Pettin was called, and Mrs. Granger is now recovering from the effects of the accident.

Doctor Miguel F. Domarais, of Las Vegas, and who for the past three years has been a physician and surgeon for the Mexican Central railway, with headquarters in Mexico City, came up from that place last Saturday and after looking over our town, concluded to locate here.

KOSWELL.

From the Record.

W. S. Prager is making arrangements for the erection of a fine residence to be built at the corner of Seventh street and Kentucky avenue.

John B. Gill, J. D. Lea, G. A. Richardson and Nathan Jaffa have been appointed commissioners for the Trans-Mississippi exposition for Chaves county.

The New Mexico Military Institute building is receiving the finishing touches, and when completed it will be the best building for the money, ever put up in New Mexico.

F. W. Hare, station agent of the Pease Valley railroad, at Guadalupe, Texas, and Miss Mamie Hayes, of Malaga, N. M., were married at the latter place last week. They will make their home at Guadalupe.

There is a growing sentiment here for the organization of a home industry association. This will embrace an agreement not to buy or use any fruits, vegetables, grain, meals or canned goods that have been grown elsewhere, if home grown goods can be obtained.

L. W. Adams has named two claims in the Nogal mining district Mark Hanna and Dan Stuart. He says that if his Mark Hanna produces as much in a year as the original Mark produced in the recent unpleasantness at Columbus he will be entirely satisfied.

There were two men and a woman in town a few days ago, who said they were a minstrel show. They gave an "entertainment," Saturday night, and announced that they would give another Monday night. The victims of Saturday night felt that this was a time to invoke the doctrine of reciprocity and were prepared to "reel" Monday night.

The minstrel show "got wind of the intention, not the eggs, and all outstanding engagements were forthwith cancelled. We are informed that they have gone to the mountains to do Lincoln, Nogi, White Oaks, etc.

SANTA FE.

From the New Mexican.

Joseph Yoe, an old soldier died at St. Vincent's hospital of old age and a complication of diseases. The deceased served as a soldier under Kinsuth and for that reason came to this country. He enlisted in the Third United States Infantry in 1851, and served with that regiment at Fort Fillmore, Union and Marcy in New Mexico until 1856, when he was honorably discharged. Since then he has lived at Santa Fe.

On Thursday evening District Deputy Grand Chancellor Commander Stover installed the following officers of Santa Fe Lodge No. 2, K. of P., for the ensuing term: Chancellor commander, Robert H. Bowler; vice chancellor commander, Harman H. Wynkoop; keeper of records and seal, Lee Muehlstein; prelate, John L. Zimmerman; master of the work, John W. Conway; master at arms, J. M. Anaya; master of finance, L. Bana. After the installation a banquet was served, and a good time had by those who attended.

Archbishop P. L. Chapelle expects to leave for New Orleans to take charge of the arch diocese there, on February 6. It will probably be six or eight months before his successor as archbishop of Santa Fe is designated and formally installed. Meanwhile Very Rev. Anthony Fourcheux, vicar general, will administer the affairs of the diocese.

Upon confirmation to the office of associate justice of the territorial supreme court, Judge and Mrs. McPle and children will at once take up their residence in this city and become identified with Santa Fe.

Wm. H. Woodward, of Neosho, Mo., has been appointed stenographer and typewriter at the Pueblo and Jicarilla Indian agency in this city and has reported in this city for duty.

Grant Riverburg has concluded harvesting his annual ice crop. He has put up in his houses about 3,000 tons of ram-pan ice.

Ramon Garcia is temporarily disabled by a kick from a horse and hence was not able to turn out with the local military band.

CERRILLOS AND MADRID.

From the Register.

H. T. Brown, civil engineer, this week surveyed the J. F. Williams mine near the Cash Entry.

Mrs. Dr. Bradley, of Madrid, who has been on the sick list the past week, is able to be out again.

Thomas Benson, formerly of Cerrillos, according to street talk, has been offered \$25,000 for the Puzzler, in the Cochiti district.

Dr. Keater, of Denver, a lady standing high up in the medical profession, is visiting in Madrid, the guest of Mrs. J. C. Porterfield.

Miss Minnie Rogers, daughter of J. M. Rogers, of Cerrillos, arrived last evening from Las Vegas, where she has been studying music.

Work on the new hall is being rapidly pushed forward, and it will not be a month of Sunday until Madrid will have a town hall to be proud of.

Some fellow, who lacks public spirit and is delinquent in common honesty, stole a portion of two foot bridge over the Galisteo one night last week.

John Vickers, a well-known Madrid boy, was badly injured in the White Ash mine the first of the week, but we are glad to learn that he is improving.

W. N. Emmert came in from San Pedro a few days ago to be with his family during their stay with the monies. He says they are taking the mule train strictly on a time. He reports that mining matters are moving quietly and smoothly in the San Pedro district.

OF LOCAL INTEREST.
A number of Albuquerque attorneys visited Socorro last week on legal matters, and they were personally mentioned in the Chieftain in the following manner:

Col. E. W. Dobson was down from Albuquerque attending court here this week.

Hon. W. B. Childers was in Socorro the most of this week, trying an important case in the district court.

Mr. Gillett, of the firm of Warren, Ferguson & Gillett, was in the city attending court the early part of this week.

Nell B. Field, the bright and versatile Albuquerque lawyer, was a visitor to Socorro this week looking after his legal matters in the district court now in session in this city.

Hon. Frank W. Clancy, one of the ablest and most clear-headed lawyers of this territory, was down from Albuquerque this week, trying an important case in the district court.

By the way, Mr. Clancy was the pioneer English-speaking lawyer of Socorro, having located here in the practice of his profession more than twenty years ago, and he is always assured of a hearty welcome by the old-time residents of this county whenever he visits this city.

The Rio Grande Republican says: "Mrs. G. W. Miles, of Mesilla Park, expects to leave to-morrow for Albuquerque, where she will visit her sister. From there she will proceed to Ventura, California, to visit with her parents, Mr. and Mrs. K. Governor Knox." Ex-Gov. Ross and wife do not reside at Ventura, Cal.; they live on a pretty valley ranch a few miles south of this city.

THE COCHITI DISTRICT.

Information Regarding Mining Operations in that District.

The Buena Vista in Colla canyon, lately located by Antonio Garcia, is coming in for development work.

It is reported on good authority that a number of some of the larger at present idle mines will start up next week.

Tom Benson is pushing work on the Puzzle No. 2, which is one of the best properties in Colla canyon and on the line of the Albemarle road.

Alex Conrad is developing the Aunt Betsey, which is the Peralta canyon extension of the great Albemarle lode and enormous at this particular part of the vein.

The miners of Peralta canyon are pushing work on their properties with the assurance that there is a prosperous future in store for that end of the Cochiti mining district.

Messrs. Clauson and Williams have resumed work on the Julia in Colla canyon. They are at present in 90 feet on the contract and driving for the vein that was opened up in building the Alta-Marie road above the tunnel of the Julia.

There is no doubt these gentlemen have a good thing in the Julia and will develop it to a great extent.

Work at the Albemarle is progressing with the usual satisfaction. Pete Reid and Jack Seely, who have the contract to sink the main shaft are making good headway. Norman Bletcher, who has the contract in the raise, is working a large force of men and proceeding well with the work. Building is nearing completion.

A wagon road up the canyon over which to haul timbers to the mines, is nearly finished.

The Surprise of All.

Mr. James Benson, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into a fatal consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from the first dose, and a half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this job work. Try it. Free trial bottles at J. H. O'Reilly & Co's drug store.

REGISTERED LETTER SERVICE.

Chief Clerk Putney Has Given Prompt Attention to Complaints.

RAILWAY MAIL SERVICE.
Office of Chief Clerk,
Denver, Colo., Jan. 20, 1926.
To the Editor of the Daily New Mexican,
Santa Fe, N. M.

Sir: Referring to recent articles in your paper relative to delay of registered matter for the east at Albuquerque, N. M., I would advise that necessary attention has been given, and the layover of this matter at Albuquerque remedied, so that such matter, reaching Albuquerque by train 17 at 8 p. m., is duly handled and dispatched in through registered pouches for eastern points by train No. 2 at 10:35 p. m.

This secures same dispatch east as though given by local offices direct to train No. 2, and secures dispatch in through registered pouches in conformity with the department regulations governing the handling of registered matter.

Very truly,
F. A. PUTNEY, Chief Clerk.
