NUMBER 78.

NEW CHIEF JUSTICE

President Appoints William J. Mills, of Connecticut.

Deadlock in Maryland Legislature over Election of Senator.

Senate Inquires Into Killing of a Scaman by the Japanese.

ARMY APPROPRIATION PASSED.

Washington, Jan. 18.—The president today nominated William J. Mills to be chief justice of the supreme court of New Mexico.

GERMAN'S SUCCESSOR.

Republicans Divided and no Candidate Gets a Majority.

Annapolis, Md., Jan. 18.—The Maryland general assembly began to-day to elect a successor to the late Governor. The republicans, who have considerable of a majority in both houses, are divided, eleven delegates from Baltimore having persistently refused to go into caucus. The situation was further complicated by the rumors that William V. Maister, mayor of Baltimore, would enter the contest and expected to win by means of a coalition between eleven malcontents and forty-seven democrats. The first ballot was as follows: Senate—Judge Lewis E. McComas, 9; Congressman Isaac A. Barber, 4; Thomas Parran, 2; John V. L. Findlay, 1; Governor Lloyd Lowndes, 1; Major Alexander Shaw, 1; A. P. Gorman, 1; Judge Henry Page (democratic), 1. Total, 26.

House—Judge McComas, 25; Thomas J. Shrock, 3; Alexander Shaw, 11; J. C. Muliken, 11; J. V. L. Findlay, 4; Isaac A. Barber, 2; Milton C. Urner, 1; Thomas Parran, 4; Arthur P. Gorman, 36. The fight will be resumed to-morrow in joint session.

SENATE PROCEEDINGS.

Information Asked Regarding the Killing of a Sailor by the Japs.

Washington, Jan. 18.—The senate committee on finance to-day to report the Teller resolution declaring for the payment of the national bonds in silver as well as gold. The vote stood 8 to 5.

The resolution is practically the same as the Stanley Matthews resolution adopted some years ago. Those voting for the resolution were, Jones (Ark.) White, Walthall, Turpie, Daniel, democratic; Jones (Nevada) silver republican and Wolcott, republican.

Against—Morrill, Allison, Aldrich, Platt (Conn.) and Brewster. Not present, but his vote was, by his request, recorded in favor of the resolution.

Mr. Gallinger, of the committee on public health and national quarantine, to-day reported favorably the senate bill providing for an investigation into the subject of leprosy.

Mr. Vest, for the finance committee, reported the Teller resolution and gave notice to call it up at an early date.

Daniel (Va.) secured the adoption of a resolution directing the secretary of state to supply the senate with any information the department of state has respecting the killing of Frank Egan, a sailor on the United States ship Olympia by Japanese subjects in the harbor of Nagasaki, Japan, in December, 1897, and inform the senate if any steps had been taken looking to a reparation.

A resolution presented to the senate yesterday calling upon the secretary of the treasury for reasons for reason why the item of \$11,000,000 interest due the United States from the Pacific railroad had been dropped from his statement, was agreed to. Mr. Nelson, chairman of the resolution calling for an investigation by the pension committee as to the authority of the commission of pensions to promulgate an order that no consideration should be given applications for an increase of pensions within twelve months after the last application had been made and it was agreed to.

In accordance with a notice previously given, Hale, of Maine, called up the urgent deficiency bill. The bill, as reported by the senate, carried \$1,741,843; as reported by the senate it carried \$1,891,923. The bill passed after a few amendments were made.

Foraker, of the Pacific railroad committee, asked consideration of the bill reported yesterday conferring upon the president authority to suspend the Kansas Pacific branch of the Union Pacific road. Thurston announced that he would earnestly press an amendment conferring the authority upon the president to sell the road in case it be purchased by the government, and would oppose any authority to purchase the road unless the amendment was agreed to. It being evident that the bill would provoke discussion, Foraker withdrew his request for immediate consideration. The senate went into executive session.

Miners and Operators Meet.

Chicago, Jan. 18.—The inter-state joint convention of bituminous coal miners and operators assembled to-day prepared to do business in a methodical manner. The miners made no attempt to conceal the fact that they want an advance throughout the field of ten cents per ton. The operators say that four cents advance is about what may be expected.

Kansas City Market.

Kansas City, Jan. 18.—Cattle—Receipts 5,000; market steady to lower. Texas steers, \$3.25@3.40; Texas cows, \$2.40@2.75; native steers, \$3.25@3.40; native cows and heifers, \$1.50@1.60; stockers and feeders, \$2.00@2.40; bulls, \$2.25@2.50.

Sheep—Receipts, 3,000; market strong. Lambs, \$4.00@5.00; muttons, \$3.15@4.20.

PLUMBING.

For a good job to E. J. Post & Co., they employ competent mechanics from the east.

Bakers Retaliating.

Chicago, Jan. 18.—The Bakers' union has begun a war against the American Biscuit company, and incidentally against all the employers of non-union

THE LOWER HOUSE.

Washington, Jan. 18.—In the house to-day Chairman Taylor, of the committee on elections, No. 2, reported that Thomas F. Clark, who filed notice of a contest against Jesse F. Stallings, representing the second Alabama district, had abandoned his contest and the committee, therefore, unanimously reported a resolution declaring Mr. Stallings entitled to the seat.

The house resumed consideration of the army appropriation bill.

Mr. Sayers (dem., Texas), raised a point of order against the provision requiring the pay of enlisted men to be paid by postmasters in person. The point was sustained and the provision went out of the bill.

The army appropriation bill passed the house and the diplomatic and consular appropriation bill was then taken up. The minority secured the passage of the proposed to debate our foreign relations exhaustively.

The party lines were broken when Fleming (dem., Ga.) opposed the Cuban amendment on the ground that it was not in order.

Colon (rep., Ky.) made a vigorous speech against the amendment on foreign affairs and his republican associates for their delay on Cuba. He warned the republicans that the people would hold them accountable for the delay. He declared that if something was not done he would join the most revolutionary tactics on the floor to bring the Cuban question to a head.

On motion to close the debate on appeal the rising vote was: Yeas, 182; nays, 112.

A. C. was sustained on an appeal, 182 to 114. This ruled out the De Armond amendment.

CUBAN BELLEGERENCY.

De Armond, of Missouri, offered as an amendment to the consular and diplomatic appropriation bill a resolution for the recognition of Cuban belligerency and when a point of order was raised against it, made a strong speech appealing to those who sympathized with the struggling insurgents to override the rules of the house, assert themselves and adopt the amendment.

Mr. De Armond, chairman of the committee on foreign affairs, to state if it was the intention of those in authority to give this house an opportunity to vote on the Cuban belligerency resolution. Hitt made no reply, except to protest that Bailey was out of order.

In the chair, sustained the point of order.

De Armond, thereupon, appealed from the decision of the chair.

Great excitement prevailed. The speaker entered and Dingley appealed to his side of the house to disregard all personal inclinations toward the amendment and stand by the rules.

In reply to Dingley, De Armond urged the members to leave the house for a single hour from a "dominion so absolute that number could not be counted, and nothing except after those in authority approved it."

The house committee on commerce to-day voted to report an anti-escaping bill in the form of a substitute prepared by Sherman, of New York. The substitute follows the general lines of the original bill, with some additional features. It places a penalty on railroad officers who deal with scoundrels.

E. L. Washburn, of the big clothing house of E. L. Washburn & Co., returned a short time ago from the west, where he met with a good trade at all the towns as far as Nevada, Cal. "I found the merchants feeling good over the prospects," said Mr. Washburn, "they all enjoying an excellent trade, and from all indications the revival in business has come to stay."

Mr. Washburn took a number of orders for up to date spring suits, besides doing a rushing trade in gents' novelties.

In order to correct a rumor on the street to-day, it is the desire of the manager to state emphatically that the entertainment at the opera house to-night will be given in full. The fact that part of the evening will be devoted to a five, will in no way prevent the company from presenting with all its specialties, the piece "At Gay Coney Island."

The remains of Samuel Dunlap, whose death has been mentioned in these columns, were buried in Fairview cemetery this afternoon, the funeral services being conducted at the undertaking parlor of Mr. Montfort at 2 o'clock. Quite a large crowd of the friends of the deceased attended.

Knoxville Lodge No. 1 D. of K. will meet in regular session to-morrow (Wednesday), evening at 7:30 o'clock sharp. All members are requested to be promptly on time, as the doors will be thrown open for dancing at 8:30. By order of the U. of H. E. R. Hoffman, Recorder.

As predicted by this paper, W. Y. Walton, the druggist, returned from his hunt late yesterday afternoon, and he was very successful. George Coe was his hunting partner.

The great underwear sale at the Economist is made up of the finest lines of muslin and cambric to be had. No trash and full width and length in every garment.

Will Springer, a younger brother of J. H. Springer, the night ticket agent, is now from Los Angeles on a visit to his mother, Mrs. Charles A. Berry.

J. P. Goodlander, the St. Louis wholesale drug commercial tourist, who was yesterday, left last night for Las Vegas.

The No. 3 hose company will meet to-night; the other five companies on Thursday night.

Frank X. Vigil, deputy sheriff of Valencia county, is here to-day.

Gas fitting, R. L. Dodson.

THE TUNNEL WRECK!

Particulars of the Accident on the Santa Fe Pacific.

Roadmaster Lyons Killed and Several Laborers Injured.

A Fire Causes a Most Disastrous Cave-in of Timbers and Rocks.

JOE SHORT BROUGHT IN TO HOSPITAL.

Special to The Citizen.

Williams, Arizona, Jan. 18.—The roofing in the tunnel caught fire from the sparks of a passenger engine on Sunday last.

A force of men were quickly dispatched from this city under Foreman Parker and Matthews.

They fought the flames all night, up to 2 o'clock yesterday afternoon, when with out warning a mass of charred timbers and rocks came falling down among the men.

Everyone fled for their lives, but when the gang reached the entrance to the tunnel it was seen at once that several of the party had not escaped, among them being Foreman Matthews and Roadmaster Pat Lyons, who had only arrived a few minutes before.

The smoke being so dense, the men were considerably hindered in their progress, but finally reached the bodies of two of the laborers.

Returning, the body of Lyons was found entombed in the mass of debris. He was extricated after considerable difficulty. He was seriously injured and lived but a short time.

Rescuing the men found Foreman Matthews' body in another heap. He was nearly suffocated by the dense smoke. He was found to be seriously injured.

Matthews and the laborers were brought to this city to receive medical attendance.

Matthews was taken to his residence in this city and rested last night. He will be taken to Albuquerque on No. 2 to-day.

Division Superintendent Hibbard and Foreman Parker were not two feet away from Lyons when the debris came thundering down and narrowly escaped with their lives.

That more were not killed is simply a miracle, as nearly fifty men were in the tunnel at the time.

The passengers and the mails were transferred around the tunnel.

Traffic will be delayed several days, in the meantime the trains will be run over the Southern Pacific via Tucson and El Paso.

BROUGHT TO HOSPITAL.

The No. 2 passenger train, due last night at 10:25 o'clock, was detained on account of the tunnel accident, and in consequence did not reach the city until 1:45 this afternoon. Mr. Rider, one of the assistant surgeons at the local hospital, was at the depot with a stretcher, and received a laborer, named Joe Short, who was caught in the tunnel cave-in, being buried under a huge mass of rocks, and received injuries that will keep him a patient at the hospital for several weeks.

Foreman Matthews, as stated in the above special, left at his home at Williams, where he will receive medical attention from the company's physician and surgeon there.

There is a rumor about that James Yotave, of this city, was injured and will be brought in from the west this evening. It is not known, however, whether he was hurt at the tunnel fire, or somewhere else on the road.

It is understood here, this afternoon, that until the tunnel is repaired all California traffic will be diverted, via Deming, over the Southern Pacific.

SILVA'S RESORT BURNED.

Three Separate Fires Follow in Quick Succession—Entirely Destroyed.

Mrs. S. Silva's resort in Tijeras canyon burned to the ground yesterday afternoon. Parties who left there at 3:30 p. m., brought the news to the city that the buildings were then one mass of flames.

Mrs. S. Silva, the owner of the place, is in this city, and her brother, Lorenzo Azario, had charge of the place. It seems that the fire started Sunday night when a hanging lamp fell to the floor in the saloon and the kerosene spread over the floor and catching on fire Azario was confronted with a formidable flame, which he endeavored to smother with blankets. The blankets, however, took fire and he was obliged to throw them out of doors badly burning his hands as he did so. Other parties coming to his rescue the flames were finally extinguished though not until the saloon had been almost entirely destroyed. Early yesterday morning the fire broke out again but was discovered in its infancy and a few buckets of water put it out.

Mr. Azario left for Albuquerque at about 11 o'clock yesterday forenoon, to inform Mrs. Silva of the occurrences at her resort. In the afternoon while he was away the fire started for the third time and spread until the whole was in flames.

The place was insured with Culey & Arnold for \$17,000. Mr. Culey to-day drove out to Tijeras canyon to ascertain the amount of the loss.

BOOTH, THE SHARPER.

Representative of the Tontine Company, of Dallas, Now in Omaha.

Richard Wearne, a business man of Omaha, Neb., has written Marshal Cobert informing him that Richard Booth, the notorious representative of the Tontine coin and security Co., of Dallas, Tex., so well and unfavorably known to certain people in this city, is now a denizen of Omaha, where he has resided for the past few months.

He goes by the name of B. Livingstone and Mr. Wearne states that he has been "thoroughly acquainted with him, and knows to my sorrow, but, nevertheless, Booth has done nothing there which could incriminate him. Mr. Wearne wrote to the marshal to find out if there were anyone here desirous of prosecuting him, when he would assist in locating him.

Any of the persons who had business transactions with Booth can get further particulars by calling on Marshal Cobert.

Reported That He will Resign His Position.

Millionaire Shoots a Bookkeeper in St. Louis.

A Number of Striking Cotton Weavers Go Back to Work.

CHARGES AGAINST ZOLA.

Key West, Fla., Jan. 18.—It is stated in Havana that General Blanco will resign soon. Havana is still much alarmed. All the streets leading to the park have extra guards. The insurgents attacked the town of Ciego, near Havana, and a large force of Spanish soldiers have been sent to protect the town. Several emissaries of autonomy have been captured and executed as traitors.

MILLIONAIRE MURDERER.

Shoots a St. Louis Book-keeper Who Attached His Daughter to the Cause.

St. Louis, Jan. 18.—Dr. Charles F. Simmons, a reputed millionaire, the president of the Simmons Patent Medicine company, shot and killed Emil Davidson, the book-keeper for the St. Louis Trust company, on the street to-day. Simmons was arrested. He told Capt. Boyden that the man he shot attacked his daughter. Three years ago he stabbed a book-keeper named McBrian in a quarrel.

LATER.

Davidson dropped to the sidewalk seriously wounded, but will recover.

ENGLAND'S POLICY.

Will Protect Its Commerce with China at Cost of War.

London, Jan. 18.—The country generally is greatly pleased by the announcement made by the chancellor of the exchequer, Sir Michael Hicks-Beach, at his speech last night, in which he echoed the previous declarations of Mr. Balfour at Manchester on the Indian policy of the government, and added that the minister of justice, Lord Halsbury, in his speech of war that Chinese commerce should not be closed to Great Britain. This declaration is taken as outlining the government's policy in the international commercial newspapers commend plain speaking.

BREVITIES CULLED FROM OUR EXCHANGES.

PRECOTT.

The Prescott Electric company just ordered two 2500 watt more new telephones for their office.

W. J. Blair, chief of the fire department, has informed all the fire companies that in their election of officers they should add a fire marshal to the other officers.

Captain Andrews, brother of F. E. Andrews, of Prescott, and a former resident of Phoenix, is shipping a saw mill from Seattle up to Lake Lindeman.

John Webb is arranging his business affairs in this section and will leave Prescott next Monday, bound for Dawson City. He will go through this winter, and is urged on by a letter received a few days ago from Mr. Richards, who left last summer and who formerly resided on Lynx creek.

County Treasurer Dennis A. Burke reports the delinquent tax list this year as being \$6,000 less than last year. A similar report comes from every county in the territory. If this is not evidence that the McKinley wave of prosperity is being felt in Arizona, what does it mean?

KINGMAN.

From Mineral Wealth.

A. L. McKenna is in from his gravel mine on the Colorado river. He thinks there is great wealth in those gold banks. Mining is looking up in Mohave county. To the south, north, west and east, mining operations are being carried on to an extent never before known in the country.

About a month ago Peter Jacobs broke a bone in his arm while mining in White Hills. The arm not feeling all right Mr. Jacobs came to Kingman last week and had the fracture examined by Dr. Kaly who finds it necessary to break the arm over again in order to get it in its proper place.

These Brannan was being hoisted from the Buckeye mine, Mineral Park, Monday night when for some reason he was caught between the bucket and timber and was badly hurt. He fortunately fell into the bucket and was hoisted to the surface. Ben Gilpatrick was sent post-haste for Dr. Kaly, who fixed up the broken arm and the man is now resting comfortably.

ST. JOHNS.

From the Herald.

Antonio Armiño left last Wednesday for Winslow, Navajo county, where he will reside for a time.

Adolph Schuster, the Holbrook end of the firm of A. & B. Schuster, was here this week visiting his brother, Capt. Ben Schuster.

A. E. Cheney, of Coconino, has been appointed live stock inspector at that place by the territorial live stock sanitary board.

Mrs. Walter G. Scott received this week the sad intelligence of the death of her oldest brother, William Coffey, of St. Louis, Mo. The deceased was an old and trusted employee of the Pan Handle railroad.

J. O. McIntosh, of Winslow, was in town several days, the first of the week. He was here for the purpose of placing headstones over the graves of his two sisters, who are buried in the cemetery here. The monuments were placed in position last Monday and are very neat and creditable specimens of that class of work.

A farewell party was tendered James W. Leasure last Wednesday evening. The affair was held in Assembly hall, and was occasioned by the fact that he was about to depart to England on his journey Friday. His numerous friends in this community all join in wishing him bon voyage.

WILLIAMS.

Neuralgia in the face incapacitated Gwynne Dennis from smiling as good naturedly as usual this week and made him quite serious.

K. Berner succumbed this morning to a long and distressing illness from cancer. He was a native of Germany and was about 60 years of age.

Young Mr. Nagler's thumb was caught and badly lacerated in a Saguaro saw yesterday. Dr. Melick attended him.

The Dennis Lumber company is enjoying a season of unusual activity. Great improvements have been made in the mill plant and the box factory equipment is complete and right up to date.

Hawshaw Hardesty saw flames coming through the floor of Sing Lee's laundry establishment on Front street at 10:30 o'clock Wednesday night. He extinguished the fire with a few buckets of snow. Origin, overheated furnace.

Under sheriff Fairchild and Deputy Sheriff Buggins came in Monday from Rogers' dam with Juan Villa, who got a fool idea into his head that he must assassinate someone as a consequence easier. He was taken to the asylum at Phoenix. A horse kicked Villa on the head three years ago, since which time he has been periodically insane.

PHOENIX.

An officer of this city is in a quandary. He has an attachment against a woman for the amount of a pair of bloomers that have not been paid for, and he does not know how to proceed.

George G. Symmes, who claims to be the special agent of an insurance company, was arrested last night by Constable McClintock on a warrant sworn out by Dr. Wakelin, on a charge of passing a false draft. A couple of weeks ago Symmes gave a draft on an eastern bank for \$14,000, which was not collected.

Frank S. Atkinson, of Flagstaff, formerly with the Hay and Grain company of this city, arrived Thursday to meet his sister, Mrs. Doris Linquest, who has

not been for thirteen years. The lady is en route from Kentucky to California, and stopped over at Phoenix to meet her brother.

It is learned that Joe Leonard, a tramp, who was killed near Peterson's stables, this week, escaped from the city chain gang Monday night, where he had served since Christmas day. He then gave his name as Joe Murphy. The dead man was reared in Maryland, Penn., but when 14 years old moved to Philadelphia.

No Doubt a Fake.

A dispatch from Holbrook, published in the Kansas City World, reads as follows:

John Bargeman has returned from the Holbrook from an extended trip through the mountains along the border of Arizona and New Mexico, bringing a tale that wild dogs are creating havoc in that region among cattle and sheep.

The dogs have been known only for three years. In size they average about 100 pounds in weight. They have a long head and shoulders of a bulldog, but the build of a timber wolf and wolfish characteristics.

Grand Concert and Literary Entertainment.

A concert and literary entertainment will be given by the Philharmonic orchestra under the direction of Prof. Von Fennar at Grant's opera house on the evening of Washington's birthday, Feb. 22, 1898. Those who had the pleasure of listening to the matinee performance of the orchestra last spring were undoubtedly their praises, and the fact that the coming entertainment will be under the supervision of Prof. Von Fennar gives assurance that it will be of special merit. The orchestra has been in training during the last four months, and a finished performance may be expected. Note announcements later.

At this point the Santa Fe receives its ice from the Crystal Ice works, as it does not freeze here hard enough at any time during the winter to cut ice from the ponds or river, and Manager Hopkins states that the supply of "Crystal Ice" from his works cannot be surpassed and will never run out. All refrigerators from the west destined for the east and vice versa are reloaded by the Crystal Ice works.

A Clever Trick.

It certainly looks like it, but there is no trick about it. Anybody can try it who has lame back and weak kidneys, a mild laxative, and rest. We mean he can cure himself right away by taking electric pills. This medicine tones up the whole system, acts as a stimulant to the liver and kidneys, is purely vegetable, and has no harmful effects. Try Kieckhefer and be convinced that they are a miracle worker. Every bottle guaranteed. Write for literature at bottle, at J. H. O'Reilly's drug store.

DOUBLE BLOCK SYSTEM.

Byron Ghent's Idea May Be Adopted by the Santa Fe.

Engineer Byron Ghent has completed the working model of his new system of block signaling, says the Topeka State Journal. The idea is wholly Mr. Ghent's, but the electrical appliances for working the semaphore arms is the handiwork of Ray Stiles, a 16-year-old boy. Mr. Ghent gave him the idea of what he wished, and Stiles constructed it.

In the working model small electric bells are used instead of the semaphore blades. When an engine passes into the block it shows red behind at the beginning and also shows red at the other end of the block. In this way both ends of the block are protected. If two trains are approaching each other on separate tracks they will both get red signals at the end of the blocks they are approaching. In the system of wiring four wires are used and one of the rails. When a train passes onto a block it closes the circuit by means of a circuit closer. If anything should happen to the rails so that the circuit would be impaired the signals at each end of the block would point to danger.

SANTA FE ICE CROP.

Read Will Put Up 75,000 Tons at La Junta—New Ice Houses.

The ice that is being put up by the Santa Fe at La Junta is the best that has been cut for storage there for years. It is of good thickness and clear and solid. The ice is cut on Lake George, a lake of pure, clear water. In view of the fact that such good ice is to be had, the company is making preparations to put up more than ever before. At present there are ten ice houses at La Junta and three more are to be finished in time to be filled with the winter's harvest of ice. When the new ice houses are completed there will be six hundred running feet of houses, with a capacity of 75,000 tons. Last year the Santa Fe handled large shipments of melons from Rocky Ford, the famous melon growing region, and this year the company expects to handle even more than last year. The melon raisers of Rocky Ford have formed an association to push the exportation of the melons, and orders have been received for a hundred car loads that will be shipped as far east as Boston, Chicago, St. Louis and New York parties have placed large orders for melons, and this means a greater demand for refrigerators cars than ever before, and the Santa Fe is providing for it by putting up the immense amount of ice at La Junta and other points, and of having 350 refrigerators cars built by the Wells & French company, of Chicago.

The Santa Fe is the only road running into Rocky Ford, and all of the business is handled by them. For several years the Santa Fe has not had the lion's share of the fruit business from California, but this season there will probably be as much, if not more, fruit handled by the Santa Fe than any other road doing business out of California.

The California fruit business comes after the Rocky Ford season, and with both these large fruit seasons the road will have demand for all of the fruit cars and for ice to refrigerate them. Mr. G. W. Glosier, fruit contractor for the entire Santa Fe system, has the contract for packing the ice in the La Junta houses and has everything in readiness to commence at a day's notice.

The cutting commenced there yesterday.

At this point the Santa Fe receives its ice from the Crystal Ice works, as it does not freeze here hard enough at any time during the winter to cut ice from the ponds or river, and Manager Hopkins states that the supply of "Crystal Ice" from his works cannot be surpassed and will never run out. All refrigerators from the west destined for the east and vice versa are reloaded by the Crystal Ice works.

Making the baby happy is a woman's best pleasure. It is never to make a healthy baby happy. Such a baby grows up a healthy man or woman. Smiles and dimples are a sign of it as a fruitfulness to it as a puny, sickly child. It rests with every mother whether her baby shall be healthy and happy, or puny and miserable. If during the period preceding maternity a woman takes proper care of the organs upon which the perpetuation of the race depends, she insures the health and happiness of her child. The proper medicine is at hand. Over 60,000 women have testified in writing to the value of it.

The organs that make with food and motherhood possible are directly acted upon by Dr. Pierce's Favorite Prescription. It makes them strong and healthy. It cures all weakness and disease. It prepares for maternity. It does away with the discomforts of the expectant period. It insures the health and happiness of the child. It is a "Favorite Prescription" to thousands of mothers who have used it. It is a "Favorite Prescription" to thousands of mothers who have used it. It is a "Favorite Prescription" to thousands of mothers who have used it.

"I am anxious to add my testimonial to your Favorite Prescription," writes Mrs. C. G. French, of the Grand Rapids, Mich. Co. "I have been using the 'Prescription' for several months, and it has done for me what no other medicine has. I have been benefited greatly from the time I commenced to use it. I feel like a new woman. I did in my life. Up to the very day when the baby was born I did all my own housework, and during confinement I had not the least symptoms of fever. The 'Order' was nothing to what I had experienced before."

The woman who owns a copy of Dr. Pierce's Common Sense Medical Adviser probably does not know it at once all that she gave in exchange for it. There was the price of \$1.50. That paid for the large volume of the "Prescription" and the small volume of the "Common Sense Medical Adviser." She gave away her anxieties for her family's health. She learned how to make her child grow up a healthy man or woman. In the chapters especially treating of her own weakness, she learned the value of the "Prescription" and the "Common Sense Medical Adviser." She gave away her anxieties for her family's health. Grand Concert and Literary Entertainment.

A concert and literary entertainment will be given by the Philharmonic orchestra under the direction of Prof. Von Fennar at Grant's opera house on the evening of Washington's birthday, Feb. 22, 1898. Those who had the pleasure of listening to the matinee performance of the orchestra last spring were undoubtedly their praises, and the fact that the coming entertainment will be under the supervision of Prof. Von Fennar gives assurance that it will be of special merit. The orchestra has been in training during the last four months, and a finished performance may be expected. Note announcements later.

DOUBLE BLOCK SYSTEM.

Byron Ghent's Idea May Be Adopted by the Santa Fe.

Engineer Byron Ghent has completed the working model of his new system of block signaling, says the Topeka State Journal. The idea is wholly Mr. Ghent's, but the electrical appliances for working the semaphore arms is the handiwork of Ray Stiles, a 16-year-old boy. Mr. Ghent gave him the idea of what he wished, and Stiles constructed it.

In the working model small electric bells are used instead of the semaphore blades. When an engine passes into the block it shows red behind at the beginning and also shows red at the other end of the block. In this way both ends of the block are protected. If two trains are approaching each other on separate tracks they will both get red signals at the end of the blocks they are approaching. Another Great Underwear Sale.

## COTTON UNDERWEAR

At Prices That Will Barely Cover the Cost of the Material Alone.

We are about to place on sale four hundred dozen pieces of Cotton Underwear, divided into Six Lots, for Ladies, Misses and Children. Our last Underwear Sale was the largest one in our History. Our stock was large. We thought we had enough to supply all, but before night, the assortment was broken; many were disappointed; this time we have just double the quantity, but there is sure to be big crowds at the Underwear counters and the best things will go first.

To Get Your Share We Would Advise You To Be on Hand Early.
