## IN WASHINGTON!

### Senate Takes No Action on McKenna's Nomination.

Will Investigate Recent Burning of Two Seminole Indians.

Resolution Appropriating \$25,000 for the Purpose Introduced by Quay.

#### BEST SUGAR INDUSTRY.

Washington, Jan. 14.—The senate committee on privileges and elections to-day decided to make an adverse report upon H. W. Corbett's claim to a seat in the senate from Oregon. The vote was 4 to 3 and was cast on partisan lines except Senator Burrows, republican, who was absent, was counted upon his authority in opposition to Corbett.

The senate took up the nomination of Attorney General McKenna to be justice of the supreme court, immediately upon going into executive session to-day, but, as it was made apparent after a few minutes discussion that the nomination could not be disposed of to-day, action was postponed.

In the senate to-day Hear (Mass.) presented a joint resolution proposing an amendment to the constitution, providing that the 30th of April shall be substituted for the 4th of March as the commencement and termination of the official term of president, vice president, senators and representatives in congress. It was referred to the committee on privileges and elections.

Quay (Pa.) offered a resolution which was referred to the committee on Indian affairs, requiring the secretary of the interior to investigate the recent alleged burning to death of two Seminole Indians by a mob in Oklahoma territory and report thereon.

The resolution appropriates \$25,000 for the investigation, apprehension and punishment of the guilty persons.

Lodge (Mass.) offered a resolution, which was agreed to, calling upon the secretary of agriculture to supply the senate with information as to the amount of sugar imported into the United States; the amount of beet sugar produced in the United States; with what sugar, imported or domestic, beet sugar comes into competition; and what effect the Hawaiian sugar has, or can have upon the beet sugar production of the United States.

#### BEHIND SEA MATTERS.

President Recommends Appropriation of \$473,151.50 to Pay Awards.  
Washington, Jan. 14.—The president to-day submitted to congress the awards and report of the commission appointed under the terms of the treaty of 1896 to adjust the claims of British subjects for losses sustained through the seizure of sailing vessels in the Bering sea. The president recommends that the amount necessary to satisfy the award of the commissioners, \$473,151.50, be appropriated.

#### THE LOWER HOUSE.

Invitation to Attend International Fisheries Exposition Accepted.

Washington, Jan. 14.—The house managers decided not to proceed with the consideration of the diplomatic and consular appropriation bill to-day, but give the day for the consideration of private bills. This was done to avert the possibility of precipitating a sensational Cuban debate.

A resolution accepting the invitation of the government of Norway to participate in the international fisheries exposition at Bergen in 1898, was called up. Cannon, chairman of the appropriation committee, said the exposition question in congress was running wild.

Simpkins (rep. Mass.) called attention to the fact that Norway, second to none in fisheries, accepted our invitations to participate at Philadelphia and Chicago. Common courtesy and decency demanded that we accept this invitation. The resolution was adopted.

#### Kansas City Market.

Kansas City, Jan. 14.—Cattle—Receipts, 8,000; market steady to 10 cents lower.

Sheep—Receipts, 2,000; market strong. Lambs, \$3.00@5.50; muttons, \$3.00@4.50.

#### Leading Merchant Suicides.

## INDIAN FINANCE!

### The Money Market Experiences an Extreme Stringency.

Bill Introduced for Issue of Currency Notes Against Gold.

Senate Confirms Ex-Senator Tabor as Postmaster at Denver.

#### COMMITTEE RECOMMENDS SANTA FE.

Calcutta, Jan. 14.—Sir James Westland, finance minister of the council, introduced a bill to-day providing for the issue of currency notes in India against gold. Mr. Arthur, paid secretary of state in London, in behalf of the banks and chambers of commerce, indorsed the measure. The finance minister said the Indian money market was experiencing a period of extreme stringency. The local resources were unable to supply the demands of trade. The scarcity was due to the banks remitting their capital at home and keeping as little as possible in India. This policy was adopted before the legislation of 1893, and was not in consequence of that legislation.

From letters recently received from the members of the Albuquerque party in Alaska, it is learned that all the boys are enjoying the best of health. The letters were written December 19, from Lake Linderman, and at that time the coldest weather they had had was 30 degrees below zero. The boys are working in all kinds of weather, building log cabins for others.

John Cleghorn is now the proprietor of the Golden Rule Rooming house. The house has been thoroughly renovated, and with its large, well-ventilated rooms and its central location, is one of the most desirable rooming places in the city. Persons wanting single rooms or rooms for light house-keeping, will do well to give him a call.
