CUBAN INTERVENTION!

May Be Forced on Administration Within 48 Hours.

American Citizens in Havana Seek Refuge at Consulate.

"Downing the United States" the Rallying Cry of the Mob.

THOUSANDS ARE STARVING.

New York, Jan. 13.—A special to the Journal and Advertiser from Washington says: Within forty-eight hours intervention in favor of Cuba will have been forced on the administration. The rioting in Havana was much more than the censored press reports indicate. General Lee reports the situation to be serious, the mob "getting even with Americans" and "downing the United States," as much as it was striking at the autonomist policy and reconcentration.

American citizens had to seek refuge at the consulate. General Blanco threw a heavy cordon of Spanish regulars with artillery around the consulate. The emergency had to be met promptly.

The navy department was notified. Commodore Crownsfield, chief of the bureau of navigation, sent dispatches to Admiral Bence, with the white squadron, to hold every vessel in prompt readiness and to go to Key West for vessels, there to be ready to start for Havana on a signal, but not to land unless instructed by General Lee.

The Key West squadron cannot be assembled before to-night, as they are hunting filibusters.

DYING FROM STARVATION.
Havana, Jan. 13.—La Discussion prints an editorial calling attention to the pitiful state of the reconcentrated at the city headquarters, and the absolute necessity for saving them from immediate death.

At Matanzas yesterday seventy-one persons died, of whom twenty-two starved to death. In Holguin, a town of 5,000 inhabitants last year, 1,298 persons died, many through starvation.

GENERAL LEE'S REPORT.
Washington, Jan. 13.—United States Consul General Lee reported to the state department from Havana the facts connected with the rioting there yesterday. While the state department officials do not divulge the text of the dispatch, it is said that it corroborates generally the newspaper reports. According to General Lee's report the disturbance had been quelled for the time being, but he was apprehensive of another outbreak at any moment. Nothing has been heard from Consul General Lee to-day, so it is assumed at the state department that the situation remains unchanged.

General Lee did not ask to have a warship sent to Havana, and in the opinion of the state department officials, that is sufficient reason for the assumption that there is no occasion for sending one.

A disquieting feature of the situation is the horrible condition of the poor in Cuba. According to Lee's advice, 200,000 people are in the last stages of destitution and wholly dependent upon charity. To feed these on a 10 cent ration per day would cost \$20,000 daily, which sum is double the amount so far received in contributions by the state department.

In the opinion of Lee 20 per cent of these poor people are surely doomed to death from starvation and disease. In such a state of affairs the existence of any form of organized government is threatened, and the autonomy plans of Spain command little attention.

LEE DENIES IT.
Havana, Jan. 13.—United States Consul General Lee absolutely denies that he asked the authorities at Washington to send two war vessels to Havana.

THE OUTBREAK OVER.
Washington, Jan. 13.—Senator de Lome, the Spanish minister, to-day received dispatches from Mr. Congoro, secretary-general of Cuba, stating that there had been an outbreak in Havana, but it was over, and no apprehension was felt of further trouble.

OF LITTLE IMPORTANCE.
Washington, Jan. 13.—The Spanish minister, Senator Dupuy de Lome, received the following dispatch from Secretary General Congoro, dated at noon to-day: "Your excellency can affirm that the tumult of yesterday had so little importance that not a shot was fired and there is no knowledge that anybody has been wounded or hurt. The agitation was confined to one quarter of the city."

NOT PURE AND SIMPLE.
The Spanish minister has been kept constantly advised of every development within the last twenty-four hours in Havana, and he summed up the advice this afternoon by saying that they show the uprising to have been a riot pure and simple; that order had been completely restored, and that the authorities have ample force to afford every protection, and that no indignity was put upon any American interest or citizen, public or private.

SAW ANDRE'S BALLOON.
Stockholm, Jan. 13.—Prof Nordenskjöld, the Arctic explorer, has informed the Swedish academy of science, that the

foreign office has received intelligence from several persons, worthy of credence, who saw Prof. Andre's balloon early in August in British Columbia, seven miles north of Queen's lake. The professor regards the news of sufficient importance to call for a closer investigation.

Chicago Stock Market.
Chicago, Jan. 13.—Cattle—Receipts, 9,000; best shade higher, others strong. Hogs, \$4.00@5.40; cows and heifers, \$2.10@4.50; stockers and feeders, \$3.35@4.35; Texas steers, \$3.40@4.50.

Sheep—Receipts, 12,000; market firm. Native sheep, \$3.00@4.00; westerns, \$3.60@4.40; lambs, \$4.00@5.75.

The Accused Arrested.
Paris, Jan. 13.—Col. Picquart, who is understood to be the officer who brought charges against Count Esterhazy, recently acquitted of treason by a court martial, was arrested and incarcerated in the Fort de Mont Valerien.

Favor McKenna for Justice.
Washington, Jan. 13.—The senate committee on judiciary to-day decided to report favorably on the nomination of Attorney General McKenna to be justice of the supreme court.

Money Market.
New York, Jan. 13.—Money on call, nominally 2 1/2 @ 3 per cent. Prime mercantile paper, 3 1/2 @ 4 1/2.

WELL KNOWN MAN DEAD.

Samuel P. Dunlap Passed Away at 10:30 O'clock Last Night.

Persons who have been accustomed to see the familiar figure of Samuel P. Dunlap on the streets of the city for the past few years, will be shocked to learn of his unexpected death at 10:30 o'clock last night at his home in the Grand Central hotel.

Mr. Dunlap came to this city from Colorado about four years ago, and had then been suffering for a number of years with consumption. Some friends who saw him something over ten years ago in Colorado thought, when they left him, that they had seen him for the last time, as he was then in a very precarious condition. Years later they again met him in this city apparently no better or worse than when they had last seen him in Colorado. He held to life with a strong tenacity, and was about 60 years old at the time of his death.

He had been feeling somewhat better than usual last fall and this winter up to a few days ago when he commenced to grow worse.

Mr. Dunlap had amassed quite a fortune in his life time and is thought to have been possessed of considerable wealth at the time of his death. He was interested in some mining property in the Cochiti district and besides held large property interests in this city, Barrow and other places. Recently he was investing considerable money in houses and lots in this city and several deals were interrupted by his death.

The only relative of the deceased, whose address is known, is Robert Dunlap, of Seattle, Wash., who is now at Redlands, Cal. A telegram was sent to him informing him of the death of his brother. No word has yet been received from him. The remains have been turned over to Undertaker Montfort and as soon as word is received from his brother arrangements for the funeral will be completed.

Visitors from Gallup.
Dr. F. K. Hinch, the good Samaritan of Gallup, came in from the west last night with his patient, James Maloney, who recently shot his brother-in-law, James Barney, while suffering from an attack of insanity. Maloney was ordered to appear before the court in this city to-day.

Dr. Hinch paid a pleasant visit to this office and informed us that the development work is being pushed along rapidly on the coal property recently purchased by Clark Bros., under the supervision of Mr. Hinch.

When he left Gallup the condition of Miss Eva Emery, who sustained such a hard fall a few days ago while sliding down the banister at the school building, was slightly improved, although she is still irrational.

Back from Santa Fe.
Hon. F. W. Clancy, who was at Santa Fe in attendance on the territorial supreme court, returned to the city last night, accompanied by his wife.

Mr. Clancy stated that the July term, 1897, of the territorial supreme court, came to a close yesterday morning, Jan. 12, 1898. The day before (Tuesday) Chief Justice Smith, in a brief address, eloquently thanked the members of the New Mexico bar for the courtesy shown him and the associate justices the past four years. On behalf of the bar, A. A. Jones, of Las Vegas, responded, and, after his speech, he was congratulated on being a most "accomplished orator."

New Benevolent Officers.
The New Mexican Benevolent society held a meeting at the library association room, and after talking over the affairs for the past year, the following new officers were chosen: Mrs. W. W. McCallan, president; Mrs. F. W. Clancy, vice president; Mrs. G. W. Harrison, treasurer; Mrs. J. F. Pearce, secretary. The president, after taking the chair, appointed the following relief committee: Mrs. C. W. Kutz, Mrs. F. W. Clancy, Mrs. Francis Crossman, Mrs. W. F. Fox. Persons needing relief should apply to the relief committee.

AFFAIRS IN OHIO!

Combine Organization of House May Be Unseated.

Hanna Receives Ovation Upon His Return to Cleveland.

His Election the Cause of Partisan Debate in Congress.

FORAKER CONGRATULATES HIM.

Columbus, Ohio, Jan. 13.—Senator Hanna left this morning for Cleveland. He is worn out.

Many leaders and workers still remain to watch the proceedings of the legislature.

The "Kurtz combine" practically turned the organization of the house over to the democrats in dickering on the senate, although the house has a republican majority. An effort will be made to oust Speaker Mason and all elected on the Kurtz combine ticket.

The bribery investigations are to proceed in both houses. The senate adopted a resolution yesterday afternoon for the investigation of the Otis case.

Both branches of the legislature adjourned to-day until Tuesday.

In the house there was a long discussion on the Otis bribery resolution. Republicans wanted to postpone further consideration of the Otis resolution so that Speaker Mason would not appoint the committee to conduct the investigation. Speaker Mason announced the standing committee, when Scott, one of the dissenting republicans, asked how well a question, and the latter answered that he would not reply to traillers. When the speaker had Boxwell's matter taken down, the latter said it mattered not what the chair held as there would be another speaker.

HANNA'S HOME RECEPTION.
Cleveland, Ohio, Jan. 13.—Senator Hanna was received in this city this afternoon upon his return from Columbus, with an enthusiasm far greater than that accorded any public man in this city in a decade.

Mr. Hanna received the following telegram from Senator Foraker to-day: "I congratulate you, not only on your election but upon your happy remarks to the general assembly."

(Signed) "J. B. FORAKER."

HANNA'S ELECTION.

Democrat and Republican Congressmen Discuss Its Effect.

Washington, Jan. 13.—Representative DeArmond, (dem. Mo.) sarcastically commented on Senator Hanna's election and the telegrams of congratulation sent him. As to the president's telegram, he (DeArmond) failed to see how Hanna's return could be beneficial to the country, as he was an example to be avoided.

Maloney (rep. N. Y.) replied to DeArmond. He recalled what he termed the victory of the democratic bosses in the Chicago convention, of 1892 when they forced the renomination of Cleveland over the protest of the state of New York. The result was that he was repudiated by his party and went out of power unhonored and unaided. In 1896, he said, the bosses in the republican party undertook to repeat this chapter of political history. "When the mass of the republican party," he continued, "seemed almost in despair over the prospect, there rose up a man, who, with bull-dog courage, dared to give battle to the bosses. He triumphed in the nomination of William McKinley (applause). This is the reason the American people rejoice that the man, who overthrew the bosses, has still survived in American politics."

STATEHOOD FOR OKLAHOMA.

Convention Being Held There To-day to Consider It.

Kingfisher, O. T., Jan. 13.—The inter-partisan statehood convention is in session here to-day. Involved in its deliberations are the removal of the capital and the question of free homesteads for the Cherokee strip settlers.

"West Side" favors immediate statehood for Oklahoma, with the present boundaries, excepting to take the capital from Guthrie, while the "East Side" wants statehood deferred until Oklahoma and Indian territory may be admitted as one state, believing that this would effectually retain the capital.

The free silver element opposes immediate statehood, fearing the election of republican senators. The Cherokee strip opposes immediate statehood, desiring free homesteads more important and fearing to ask congress for too much at once. A split is likely to occur.

THE AGRICULTURAL BILL.

Considered in the House—Carries Appropriation of \$5,382,400.

Washington, Jan. 13.—The house to-day entered upon the consideration of the agricultural bill. It carries \$5,382,400, being \$135,500 in excess of the amount for the current year. Wadsworth (Rep. N. Y.) chairman of the agricultural committee, explained that the increases were due to the constantly growing demand for inspections of meat and meat products for export. Under the latitude allowed for debate, Williams (Dem. Miss.) submitted an extended argument in favor of the establishment of a postal savings bank system.

San Jose, Cal., May 27, 1896, the victims being his wife, her parents and a brother, the maid servant and hired man.

Injured at Target Practice.
Washington, Jan. 13.—Commander McCull, of the United States ship Marblehead, reported to the navy department from Fort Tampa that while at small arms practice yesterday, four men were injured and two very severely.

New Denver Postmaster.
Washington, Jan. 13.—The president to-day sent these nominations to the senate: Lewis Morris Odgers, New York, secretary of the embassy at Rome, Italy; Richard T. Greener, New York, consul at Bombay, India; Postmaster: Colorado, Horace A. W. Tabor, Denver.

Lost and Found.

Dallas, Texas, Jan. 13.—Almost the entire male population of Waxahachie, twenty miles south of Dallas, is hunting for the 12-year-old daughter of James B. Davis, one of the wealthiest men in northern Texas. The child, it is believed, has been kidnapped or murdered. She was seen at 6 o'clock last evening.

At 10 o'clock this forenoon the searchers found "Jimmie" Davis, the missing 12-year-old daughter of James Davis, a wealthy resident of Waxahachie, about five miles in the country, uninjured but mentally deranged.

A LIVELY RUNAWAY.

One of Trotter's Delivery Teams Furiously Excited at This Morning.

One of F. F. Trotter's delivery teams caused considerable excitement at 11 o'clock this morning. The driver drove to the residence of Mr. Trotter, corner of High street and Silver avenue, on the Highlands, to deliver some goods, and while performing his duties the team started off at a lively gallop. The heavy weight attached to the shafts of the wagon, tearing west on Coal ave. street, turned the corner at Second street, just escaping three or four wagons and bargies and almost scaring the wit out of half a dozen pedestrians.

At the corner of First street they tried to turn north, but failed and ran around the Putney trees and then back on First street. Billy Olmsted, the driver, a man who has handled frightened animals a here and there, and the Trotter's animals were in for more fun and some sharp, leaped forward and grabbed the corner at Railroad avenue, just escaping three or four wagons and bargies and almost scaring the wit out of half a dozen pedestrians.

FIRE AT DEMING!

Deming Headlight Newspaper Office Destroyed.

Origin of Fire Unknown—Loss Estimated at \$5,000.

Senate Asks the President for Information Regarding Cuba.

TO PROSECUTE EMILE ZOLA.

Deming, N. M., Jan. 13.—The Deming Headlight newspaper and its office was destroyed by fire last night. The origin is unknown. The loss is estimated at \$5,000, partly covered by insurance. The plant was owned by W. B. Walton.

SENATE WANTS TO KNOW.

What Measures Are It? For to Protect Americans in Cuba.

Washington, Jan. 13.—Senator Cannon, of Utah, presented the following resolution in the senate, and it was adopted: "Resolved, that the president is requested, if in his opinion it is not incompatible with the public interest, to transmit to the senate at his earliest convenience a statement showing what measures are in force by this government in the island of Cuba and in the waters contiguous thereto to protect the lives, liberty and property of American citizens now dwelling in Cuba."

Among the measures reported in the senate to-day was the pension appropriation bill. It was placed on the calendar.

The immigration bill and unfinished business was then taken up. Caffery, of Louisiana, made a speech in opposition to the measure.

At the conclusion of Caffery's speech the senate went into executive session. Senator Frye made a spirited speech this afternoon in support of the Hawaiian treaty, urging upon the senate the great importance of accepting the islands while the opportunity was afforded, and pronouncing any refusal to embrace this opportunity to be folly.

TO PROSECUTE ZOLA.

For Accusing Frontiers French Officials of Feigning.

Paris, Jan. 13.—Premier Maline announced to-day that the government had decided to prosecute M. Zola on account of his letter formally accusing the Minister of War, Gen. Billot, Gen. Mercier, Major Ravary and Major Patie de Clance of perjury in the Esterhazy trial.

LI HUNG CHANG'S WISH.

Wanted McKinley to Appoint Fred Grant Minister to China.

Washington, Jan. 13.—Li Hung Chang, who is back in power in the days of China's extremity, wanted Colonel Frederick D. Grant, of New York, appointed minister to China.

Before the arrival of his request President McKinley had nominated Conger.

"Talking Through His Hat."
The Phoenix Republican says: "Joe Devine, handmaster at the Indian school, who was in Albuquerque, N. M., recently, says that there are a number of people in the Duke city who are thinking seriously of locating in Phoenix." It is a little bit too soon to talk of Phoenix, especially when the fact is known that a foot of snow surrounds that town, for any of our citizens, old or new, "to locate in Phoenix." Jimmy Devine is evidently "talking through his hat."

DEPARTMENT STORE WAGES.
The clerks of the big stores of Albuquerque, in fact all kinds of wage-earners now residing here, ought to offer up thanks that they don't reside and have to work in Colorado. Here is a fair sample—a big store at Colorado Springs closing down to get even with its employees because they resisted a cut in their starvation wages.

The New York department store on south Tenth street closed its doors at 9 o'clock Monday morning. On Saturday last Messrs. Silverman, the proprietor, informed a number of the heads of the several departments that henceforth their salaries would be reduced from 25 to 22 percent. The clerks remonstrated with Silverman, but to no avail. Monday morning a number of them again called on Silverman and asked him to reconsider the cut. Silverman refused and as a result a strike occurred. Silverman then announced that he would make all of the clerks suffer by closing the establishment. The highest wages paid to the clerks who had their salaries cut was \$10 per week. The doors of the department store are locked, and on Tuesday appears the notice, "Store closed on account of insolvency." The New York store, the clerks say, was involved ten days ago.

TO DISCUSS THE TAX QUESTION.
Gov. M. H. McCard, of Arizona, will make a heroic effort to place the counties of that territory on a paying basis; in other words see that the officials live within their incomes and have a balance in their respective county treasuries, and also see that the big money pay tax. With that object in view he has called a convention to meet in Phoenix on January 25. It will comprise all members of the boards of supervisors of the twelve counties of the territory, the assessors of all the counties, the territorial board of equalization and the territorial officials. Before the convention will be only two questions:

The furtherance of economy in the management of territorial and county affairs, and the possibility of raising revenue from territorial industries now
