## THE ANNUAL REPORTS!

Of City Officers and Committees  
Made Last Night.

City Affairs Are in a Most Flourishing  
Condition.

Treasurer's Report Shows Balance of  
\$5,298.08 January 1.

A BUSINESS ADMINISTRATION.

The city council held one of its most important meetings last night. Mayor Albright, Aldermen Montford, Horner, Johnston, Tierney, Marron, Otero and Lombardo and the city officers were present. The reports of city officers and committees, showing what had been accomplished during the present administration, were read. Treating a most encouraging state of affairs, which proved conclusively that the city had enjoyed a careful and business-like administration of its affairs.

The minutes of the previous meeting were read and approved and then Mayor Albright read his annual address, which contained a comprehensive survey of city affairs since he assumed the office of mayor. The address is as follows:

Gentlemen of the Council:

To-night, being the first regular meeting since the inauguration of the city government, I am pleased to consider this as the first year of city government under the operation of the new charter. I will be pleased to receive from all the city officers the annual reports of their transactions from March 13, 1897, to December 31, 1897; and also a report from the finance committee of the city.

Anticipating these reports, I will say we may heartily congratulate ourselves on our success. The great care and economy practiced in the management of the city's affairs has enabled you to make a favorable showing.

We have met every obligation which the city has entered into; we have paid officers their salaries; kept up the streets; maintained a city jail; provided the absolute necessities of the fire department; and awarded expensive badges to several honoraries; and paid the full amount of the city's water rent for the time, and also \$1,200 on the account in advance; kept our sewer system in order; and likewise paid a few hundred dollars for improvements on the same at the outlet to the river; paid rent for the city hall, hose houses, and hook and ladder house; and for light and fuel for these buildings.

I am happy to say the city to-day does not owe a dollar for anything incurred during this administration, so far, under the new charter, which is no small feat. And after paying all interest due by the city, and having made provision for all the different sinking funds which were established for the ultimate liquidation of our city bonds, we shall still have a very respectable balance left in our treasury.

We have met every necessary condition, and made some improvements. But there is one thing which might and should have been done in the past year, which was neglected—the completion of our electric fire alarm system. It is to be hoped, however, that the council will speedily act in this matter, and then try to make arrangements for the lighting of our streets at night, as soon as it shall become apparent that the funds available for this purpose are sufficient to permit of its being done, all of which I have no reasonable doubt.

I sincerely hope that the new year upon which we are entering will bring to the city of Albuquerque still greater prosperity.

The address was ordered spread upon the minutes.

Then followed the transaction of general business.

The fire committee was instructed to purchase exempt badges for P. J. Murphy and W. C. Montford.

The city marshal was instructed to have notices printed and posted and to enforce the splitting ordinance.

The purchasing committee was required by resolution to take receipts for all supplies issued to the different city departments, from some person in the department, and to file them with the city clerk.

The treasurer's report for December was as follows:

The committee, having in charge the electric street railway ordinance, asked for further time to make their report, which was granted.

The plumbing ordinance was referred to the sewer committee for a report.

Alderman Marron made a report on Mr. Mandell's bill for the rent of the room occupied by the Ferguson Hook and Ladder company, but no action was taken on it.

The report of the finance committee was then read and the showing made is one of which every citizen may well feel proud. The report is as follows:

To the mayor and board of aldermen:

Gentlemen: A report of the financial condition of this city should begin by

stating that at the commencement of the year 1897, the business of this city was conducted on a paper order system. All accounts were paid in warrants upon the treasurer, whether there was money in the treasury or not. These warrants were promises to pay in some indefinite time—consequently they were much better paid, and this increased the expense of conducting the business of the city.

Three warrants outstanding on March 12th last amounted to \$90,000, with accrued interest. On the 12th of March, 1897, the new Bateman law went into effect, in the management of the city's business; it placed the city upon a cash basis. The board of aldermen proceeded at once to carry out a recommendation of this committee, to cut down all possible expenses, which resulted in a saving to the city annually of about \$5,000, and so far as we can learn, we have been better served, and all departments have been better managed than previously.

There have been no debts contracted. Every bill has been paid. The business of the city has been carefully managed. Three bonds, amounting to \$1,500, have been paid, reducing the debt that much and stopping interest.

The street electric lights being deemed poor in quality and excessive in price, were dispensed with, and no new arrangement for lighting the streets has yet been made.

Your committee has carefully examined the accounts of the various officers monthly and checked them up, and are pleased to report that their duties have been carefully performed.

The collections of city clerk and marshal are larger than in any previous year.

The report was placed on file.

The police committee made a report on the changes that have taken place on the department during the present administration and the same was ordered spread upon the minutes.

The city engineer made a report showing that seventy-three plumbing permits had been issued and 123 inspections made.

The report recommended a revision of the plumbing ordinance. The amount of water used by the city during the last six months of 1897 was estimated at 6,082,015 gallons.

The report was spread upon the minutes and the city engineer and the city engineer were instructed to draw up a new plumbing ordinance in accordance with the city engineer's recommendations.

The street committee made a report showing the large amount of work on streets and bridges done during their term of office.

The building, light and fuel committee next made a light and fuel committee report, which was not written until last night, and in which they recommended that the balance now in the treasury be spent in lighting the city. Aldermen Marron, Otero and Tierney constitute this committee.

The reports having all been read, the council adjourned.

**THE MAZE SELLS.**  
Washington, Jan. 11.—The senate committee on judiciary had the nomination of Attorney General McKenna to be judge of the circuit court, under consideration for two hours to-day, but adjourned without reaching a conclusion.

The ballot for the long term resulted the same, its announcement being greeted with another long and loud demonstration. On both ballots Representative Cramer was absent, and there were thus only 108 cast, as follows:

Hanna, 55; McKisson, 49; Wiley, 1; Warner, 1; Leitz, 1; absent 1.

At 12:15 p. m. the house adjourned and the hall was used for a joint session meeting, with the crowd singing "Praise God from Whom all blessings flow."

**IN THE SENATE.**  
Columbus, Ohio, Jan. 11.—The senate gallery was crowded to its limit when, at 11 o'clock, the first move in the great senatorial contest was made. Senator Sullivan nominated Hanna. During his

address perfect quiet prevailed. Burke nominated McKisson. Burke was the only republican who did not vote for Hanna. The vote resulted: McKisson, 19; Hanna, 17.

With 17 in the senate and 56 in the house Hanna has just the requisite number of votes for election with all present, but in the absence of Representative Cramer, democrat, Hanna has one to spare.

When the vote from the house was announced in the senate the republican senators stood on the chairs and shouted themselves hoarse for Hanna and victory. No changes in votes are expected to-morrow.

**MCKISSON DENIES IT.**  
Mayor McKisson denies that he pledged himself last night to free silver or to stand on the Chicago platform when called in to the democratic caucus. The democratic state that McKisson said he was a bimetalist and opposed to the policy of Secretary Taft, but would stand for the free and unlimited coinage of silver.

When the vote from the house was announced in the senate the republican senators stood on the chairs and shouted themselves hoarse for Hanna and victory. No changes in votes are expected to-morrow.

**INDIANS ARE HOSTILE.**  
On Account of Burning of Two Indians at the Stake.

Shawnee, O. T., Jan. 11.—Officers have returned from Maude postoffice, bringing the charred remains of the Indians burned at the stake by the white settlers for the murder of Mrs. Leard. The whole county, it is said, is up in arms, and the report is being circulated that the farmers who made up the mob will soon be arrested.

It seems likely now that open warfare between the whites and Indians will ensue.

The remains of the two Indians are lying in state at the court house.

**CIVIL SERVICE REFORM.**  
Debate Will Close To-day—Speeches For and Against It.

Washington, Jan. 11.—Moody (rep., Kan.), in charge of the executive and judicial appropriation bill, in accordance with the terms of a conference, moved in the house that all debate on the civil service bill be closed to-day at 5 o'clock. Considerable opposition was manifested to the motion, but the steering committee of the republican opponents to the civil service law had agreed on this program.

The closing vote on the motion to close the debate was: Ayes 92, nays 85, and on the demand of the democrats, the roll was called.

When the roll call was concluded, motion to close the debate stood defeated by six votes. Three republicans changed their votes, making it a tie. Speaker Reed voted aye and the motion to close debate carried. The democrats applauded vociferously when the debate was resumed.

Brosius, the chairman of the committee on civil service, opened the debate with an elaborate defense of the merit system and an argument for sustaining the law.

The Canal Property Legislation.

Phoenix, Ariz., Jan. 11.—The Merchants' Loan and Trust company, of Chicago, filed new complaints against the Arizona Improvement and Canal company, asking for foreclosure, in the usual manner, upon the property of both to secure mortgage debts amounting to \$1,400,000. As the receiver's policy is believed to be at variance with that of the bondholders, the new suits are understood to be filed for the special purpose of hindering the receivership and securing possession of the valuable canal property according to code procedure.

## HANNA, THE VICTOR!

Received Clear Majority in the  
Vote To-Day.

Will Be Elected Senator in Joint  
Session To-Morrow.

Opposition Voted Almost Solidly for Mayor  
McKisson.

GREAT ENTUSIASM PREVAILS.

Columbus, Ohio, Jan. 11.—After being in conference all night, the democratic caucus agreed on Mayor Robert McKisson, of Cleveland, as the only republican proposed whom they could support for senator. It was found absolutely impossible to agree upon either Governor Bushnell or Charles L. Kurtz. Both names were considered and both were given up as impracticable candidates.

The name of Mayor McKisson was suggested. The democrats demanded to know whether McKisson was a free silver man. Not content with the assurance of Myers and other leaders of the fusion, they sent for McKisson. He made a speech to the caucus in which he said in substance: "Gentlemen—Publicly and before the people I am and must be a republican. But I assure you and pledge you if elected to the United States senate by this fusion I will stand upon the Chicago platform." This pledge was satisfactory and the caucus declared for McKisson for the long and short terms.

This is the day for balloting to begin on senator. The conference committee decided that balloting should not begin until afternoon, but the general public seemed to look on this announcement as a ruse to keep the crowds away. At any rate all available spaces were taken up long before the legislature convened.

The morning papers were full of charges and counter-charges about offers of money to members of the legislature.

Both branches of the legislature met at 10 a. m., and many regretted that admission by ticket had not been adopted. The crowd pressed in on the box of both bodies, and as the visitors were prominent constituents they were not put out.

In the senate, a bill to repeal the fifty-year street railway franchise law was postponed until to-morrow. This bill has been used against Hanna in the organization of the legislature and in the senatorial fight. Both houses voted to ballot at 11 o'clock for senator.

**FIRST TEST VOTE.**  
At 10:40 a. m. a call of the house was demanded, so as to put all on record as being present. The doors were locked. The call house showed that Representative Cramer, democrat, was the only absentee. He is very sick and his physician forbids his attendance. The republicans moved to proceed with the ballot in the absence of Cramer. A close fight was made on the motion. The test vote resulted 52 ayes, 52 nays. Great applause from the republican side.

Representative Kenney rose to a question of privilege and had read charges of offers to bribe the Representative of Hamilton county. He offered a resolution that a committee of five be appointed to investigate these charges and any other charges of bribery affecting any member of the house.

Ashford moved to amend the resolution so that if any of the five were empowered to investigate any other charges or persons in connection with the election of United States senator. A motion was made on the demand of the democrats to suspend the rules and consider the Kenney resolution at once. This was defeated by a vote of 52 ayes to 54 nays. The votes were then strictly party lines, with the exception of Speaker Mason, of Cayahoga, Representative Bramley (Cuyahoga), Jones (Stark), Scott (Fulton), and Otis (Hamilton), who voted with 47 democratic members.

The name of Marcus A. Hanna was then presented by Representative Leland, of Noble, and seconded by R. T. Smith, of Delaware. The name of Mayor Robert E. McKisson, of Cleveland, was presented by Representative Bramley, of Leland, and seconded by R. T. Smith, of Delaware. The name of McKisson was referred to the treasury to the party in strong terms.

This brought out Bramley in vigorous terms in presenting the name of McKisson. There were loud demonstrations of houses, with cries of "Traitor!"

The nomination of McKisson was seconded by Jones, of Stark county, also a republican. The democrats took no part except in voting and applauding. Jones applauded Representative McKisson in his speech and denounced Hanna.

**THE BALLOTING.**  
Cheering as the votes of Griffith, of Union, Mannel, of Montgomery, Joyce, of Guernsey, Drost, Kemper and Lane, of Hamilton, were cast for Hanna, was the tremendous demonstration. His desire to explain his vote, but was shut out under the rules and the ballot went on, with cheers in the gallery for Hanna.

The ballot resulted as follows:

For McKisson—Adams, Adams, Alger, Barlow, Bott, Booth, Bower, Brackett, Bramley, Cline, Connel, Cox, Dyer, Gaynor, Hayden, Hater, Heyde, Hull, Hunter, Jones, Kemper, Kinney, Lamb, Ludwick, MacCormac, McClellan, McElroy, McFarlane, McHenry, McKinnon, Russell, Rulan, Schmidt, Scott, Smalley, Spelling, Stevens, Wain, Williams, Mason—Total, 49.

For Hanna—Allen, Arbenz, Armstrong, Ashford, Baldwin, Beatty, Bell, Bennett, Bosward, Bowman, Boxwell, Beck, Breunert, Chapman, Clark, Clifford, Davis, Drost, Dutton, Griffith, of Clinton, Griffith of Union, Hinsdale, Howard, Johnson, Joyce, Kemper, Lane, Leeper, Leland, Low, McCormac, McKinnon, McKinnon, Manuol, Meacham, Meares, Morrow, Norris, Parker, Rankin, of Clark, Rankin of Fayette, Redkey, Reynolds, Roberts, Shaw, Smith of Delaware, Snyder, Stewart of Clarke, Stewart of Mahoning, Serpentine, Sewing, Twainor, Waddell—Total, 55.

**FOR WILEY, I WARNER, I LEITZ.**  
Speaker Mason announced that Marcus A. Hanna, having received a majority of the house, was the chosen body for the short term. The cheering outside the halls for Hanna was re-echoed in the ears of the members, as the result was announced.

The ballot for the long term resulted the same, its announcement being greeted with another long and loud demonstration. On both ballots Representative Cramer was absent, and there were thus only 108 cast, as follows:

Hanna, 55; McKisson, 49; Wiley, 1; Warner, 1; Leitz, 1; absent 1.

At 12:15 p. m. the house adjourned and the hall was used for a joint session meeting, with the crowd singing "Praise God from Whom all blessings flow."

The company demands damages of \$500,000 or more for the manner in which the authorities in Havana interfered with workings of the cable between Havana and Key West.

The company claims the official censor caused a great loss of business. It is understood the administration will forward an urgent protest to the Spanish government against further interference.

Mr. Miller brings a story of great suffering all along the river by parties caught in the ice on their way to Yukon, but who had not yet reached Circle City.

**SENATE CONFIRMS THEM.**  
Judges Crumpacker and Parker, Receiver Robert and Others.  
Washington, Jan. 11.—The senate today briefly discussed the adverse report by the pension committee on the bill to pension General Meade's two daughters at \$100 a month each, Chairman Gallinger saying that the committee did not wish to enter on pensioning the daughters of veterans.

THE "Grand Old Man" on the Window mail, says: "A woman can forgive a man for not loving her if he does not love some other woman." PENSION COMMISSIONER EVANS deserves commendation for his effort to destroy the occupation of dishonest pension attorneys and to eliminate from the pension roll and its management anything that reflects upon its integrity. The pension roll is a roll of honor, and as such will be guarded and sustained by every patriotic citizen. There is no better or surer way of doing this than by safeguarding it against the designs of the unscrupulous.

Stage Driver John Henry.

A postal card was received this morning from Thornton containing the following information: "The veteran driver, John Henry of this city and elsewhere, has quit the services of Perly Vason, as stage driver on the Highland-Thornton route. Mr. Henry has driven mail stages in New Mexico and on the frontier since Adam was a boy and knows more about star routes than a Vassar college girl knows about cooking. He is too experienced a driver to remain long off the road."

At a recent meeting of Excelsior lodge No. 1, D. of H., A. O. U. W., the following officers were duly installed for the new year: F. C. H., P. Martin; C. of H. K. Harsert; L. W. H. Gentry; C. C. A. ### THE CITY IN BRIEF.

Personal and General Paragraphs Picked Up Here and There.

The local surgeon of the Santa Fe at Las Cruces, Dr. J. V. Cowan, who was here yesterday, returned south this morning.

The smiling face of W. B. Slaughter, the cattleman, formerly of this territory now of Oklahoma, is still noticed in the city.

On Friday night, Jan. 14th, the guards will give one of their informal hops. Invitations were mailed to their friends yesterday.

The Gallup Gleaner says: Mrs. Fred Lee, wife of the popular engineer of one of the yard engines, and sister of Mrs. Edward L. Watkins, arrived this morning from Albuquerque. She will remain here for some time.

Remember the regular free concert at Orchestra hall Wednesday night, Jan. 12th, at 8 o'clock. The company is in receipt of new music. For those who dance, we will give the Jersey for the first time. A cordial invitation is extended to all to attend.

J. S. Reynolds, president of the First National bank, came in from Las Vegas last night to attend the meeting of the directors of the above bank this morning. All the old officers and directors were re-elected, proving that the institution is in good financial hands. Mr. Reynolds will remain here a few days, as M. W. Flournoy, the vice president, is now in Chicago on business.

The following is the list of officers of Albuquerque Camp No. 1, Woodmen of the World, installed for the year 1928: J. W. Anderson, consul commander; Ray E. Fowles, adviser; Lieutenant; C. B. Weber, banker; W. H. H. Allison, clerk; Ed. A. Barrett, escort; A. P. Henning, watchman; T. E. Burdick, sentry; W. G. Hope, camp physician; Jacob Flaming, Joseph Shoup, L. S. Bell, managers.

Miss Duncan, who lives above Mrs. Sayre's military store, with her sister, Mrs. Gerly, started to go down the stairs early this morning, and slipped on the ice, which was covered with snow. She fell down the stairs about half way, when she fell over the railing and down to the ground. She was badly bruised and Dr. Hope was called. The injuries are not serious, with no bones broken, although his patient will be confined to her room for several days.

**A SHOCKING ACCIDENT.**

A Gallup School Student Has a Very Serious Fall.

A sad and serious accident happened yesterday afternoon at the school house, which may result in the death of one of Gallup's loveliest maidens, says the Gleaner. After the recitation of the botany class yesterday afternoon the girls of the High school room went in accordance with their usual custom to wash their hands before proceeding to their next lesson. It seems that it has been the habit of some of the young ladies to slide down the banister on their way downstairs, and yesterday afternoon there was a little rivalry as to who should reach the rail first. Miss Eva Emery succeeded in doing so, and sprang to the banister, and to the horror of her companions she lost her balance and fell to the foot of the outer stairway, three feet below the level of the lower story. In her fall she struck the banister, which there winds under the tower, and rebounding struck on her head. It was a terrible fall, and when her frightened companions reached her they found that she was unconscious. Dr. Edmundson is attending the young lady. Her skull was fractured in the fall.

"At Gay Coney Island," a new production of the light and airy description, which introduces as first-rank stars, Mathews and Bulger, is announced for next Tuesday night at Grant's opera house. The new play and stars were seen throughout a good portion of the country last season, and are said to have been received with more than ordinary favor. Mathews and Bulger are favorites in the east through their work in various burlesque organizations of the better class and by the many clever parodies and comic songs, whose authorship is attributed to them. Their stellar career has been inaugurated under excellent auspices and they are said to be equipped with a stage vehicle of more than ordinary merit. The company embraces thirty capable assistants and a complete scenic investiture is vouchsafed.

Best Savings Bank.

The Co-operative Building and Loan association has opened a new series of stock, which is now offered for sale at one dollar and twenty-five cents per share. Two series have been matured, and the association begins the new year under very favorable circumstances. If you wish to build a home or invest in a savings bank you should improve this opportunity.
