OHIO POLITICS!

Opposition to Hanna Try to Make Combination.

American Party Driven From an Island by a Mexican War Ship.

Big Fund to be Provided for the Striking English Engineers.

SHARKEY CHALLENGES FITZSIMMONS.

Columbus, Ohio, Jan. 1.—Party caucuses for officers of the legislature, which convenes next Monday, will be held to-night. Owing to complications in the contest for United States senator, there is more interest taken in the organization of both houses than ever before. Republican members of congress from Ohio and many others from Washington are here to participate in the contest, as the re-election of Senator Hanna depends largely on the organization of the general assembly. There are Hanna and anti-Hanna men for all the places, the sharpest contest being for speaker of the house. Representative Boxwell is a Hanna candidate, and Representative Mason, anti-Hannaite, both being republicans. Boxwell will receive the caucus nomination, and at the republican club senatorial caucuses next Wednesday night, Senator Hanna will also be nominated without opposition.

The legislature consists of seventy-five republicans, sixty-five democrats and five fusionists. The three unionists are counted for Hanna.

The opposition claims that twenty republican members are pledged against Hanna and several are counted by Hanna's managers to be doubtful. Both sides are claiming majorities. The opposition will likely vote for Governor Bushnell and Mayor McKisson, of Cleveland, for the long and short terms for senator, respectively. Governor Bushnell and Mayor McKisson were in the conference last night of the anti-Hanna republicans and democrats and are aggressively contesting every point against Hanna. The feeling between the republican factions is more bitter than was ever known between partisans. Most of the members are being pledged in writing.

At a conference the anti-Hanna republicans and democrats agreed upon their combination ticket in opposition to the Hanna ticket. The republicans get the speaker and clerk of the house and the democrats the sergeant-at-arms and speaker pro tempore, while all minor places are equally divided. This means Representative Mason for speaker and Charles Gerrish for chief clerk, against Alexander Boxwell and John R. Malloy. In the senate Burke, a republican from Cleveland opposing Hanna, is the candidate for president pro tempore, and the democrats for all other places.

The senate stands eighteen democrats, seventeen republicans and one fusionist. The fusionist will vote with the republicans, leaving Lieutenant Governor Jones the tie vote and both sides are counting on him. The contest preliminary to the showing of hands to-night has attracted an unusually large crowd to the city.

PAPAL ANNIVERSARY.

Sixtieth Anniversary of the Pope of Rome.

Rome, Jan. 1.—The sixtieth anniversary of the pope's first celebration was observed at the Vatican to-day. His holiness was enjoying excellent health. He received hundreds of rich presents. Emperor Francis Joseph, of Austria-Hungary sent 50,000 florins in gold in a gold casket, as yet has had no official confirmation. All that is known at the Mexican legation is that vague rumors were about that the British had taken possession of the island, and that with a view to asserting the sovereignty of Mexico a warship was sent there to maintain her claim.

ON CLIFFERTON ISLAND.

Rumor that Party of Americans Were Dispossessed Lacks Confirmation.

Washington, Jan. 1.—The story of the dispossession of a party of Americans from Clifton Island by a Mexican warship, as reported by an incoming steamer at San Francisco, as yet has had no official confirmation. All that is known at the Mexican legation is that vague rumors were about that the British had taken possession of the island, and that with a view to asserting the sovereignty of Mexico a warship was sent there to maintain her claim.

The department of state has nothing at all on the subject, but is not at all disturbed over the news. It is simply a question as to the prior right of Mexico to the title, and the impression here is that her title is as good as that of Brazil to the island of Trinidad, which was sought by the British for a cable station.

Ordered to the Frontier.

Cairo, Jan. 1.—The Warwickshire and Lincolnshire regiments of the British army have been ordered to start from Wady Half for the frontier.

Killed by Her Husband.

Pittsburg, Pa., Jan. 1.—Mrs. Sarah McGowan was shot and killed at her home in Rankin, Pa., last night, and her husband was arrested.

DEATH OF BISMARCK!

Reported Decease of the Great German Statesman.

New Year's Quietly Spent at the National Capital.

New York Is Now the Second City of the World.

BURNING OF A HOTEL.

Criticism of Weyler.

Madrid, Jan. 1.—The government is convinced that General Weyler is guilty of having committed several misdeeds, including that of furnishing to the press a copy of his memorial to the queen on President McKinley's message to congress, and is determined to prosecute him by court martial. He denies that he gave the memorial to the newspapers.

Earthquake in California.

Santa Rosa, Cal., Jan. 1.—Two distinct shocks of earthquake, the most severe felt here in many years, awoke the residents of this city and vicinity shortly after 5 o'clock this morning. The shocks were of about twenty-five seconds duration and the vibrations from west to east. No damage is reported.

RAPID AND MURDERER CAPTURED.

The Indian, Who Committed the Crime in Grant County, Arrested.

Special to The Citizen.

Wingate, N. M., Jan. 1.—Joe Rubi, the Indian who raped and then murdered the 15 year old American girl near Silver City, about a month ago, was captured yesterday about thirty-five miles north of here on the reservation, and brought into this station at five o'clock this morning. His capture was effected by Deputy Sheriff Vigil, of Valencia county and C. S. Shrader, an Indian trader and interpreter, who have been on his trail for several days. Rubi made his way across the country from Silver City and when captured had on the same hob-nailed shoes that led to his identification at the time of the murder. Since his capture he has been feigning insanity. He will be taken to Albuquerque to-day.

[Note.—This morning, Sheriff Hubbell received a telegram from Deputy Sheriff F. X. Vigil, of Valencia county, dated at Wingate, giving him the information of the arrest of the rapist and murderer, and stated that he (Vigil), with the prisoner, would reach this city this evening. The murderer is known down in Grant county as Ambr-elo Hernandez.]

ANNUAL MASQUERADE BALL.

The Scott-Moore House Company Royally Entertains Their Guests.

The annual masquerade ball given by the Scott-Moore House company at the Armory last night came up to the high standard which has been established by similar balls in years past, and the reputation of the house boys for being past masters in the art of giving masquerade balls has been increased by last night's efforts. There was a large number of maskers in attendance, and the seats, as well as all the standing room that could be spared, were crowded with onlookers who were present to enjoy the brilliant and spectacular scenes. The costumes were novel and interesting. The "yellow kid" and "Jack Frost" were probably the most original. The gorgeous historical costumes were numerous and the most magnificent ever seen at a masquerade ball in this city. The First Regiment band of old town furnished music until about 11 o'clock, when they were obliged to leave in order to catch the last car. After their departure Rupp's superb orchestra furnished the lively music to which the feet of the merry dancers kept time. Success to the members of the Scott-Moore House company.

The bicycle has not taken the place of the horse to those who love a horseback ride in good company, and a large number of Albuquerque ladies enjoy a canter over the valley and mesa. New Year's day a number of them met in a body and had a grand ride in the glorious sunshine. An equestrian club will be formed and excursions taken weekly to points of interest in the valley.

O. A. Matson, the senior member of the new stationery firm in the N. T. Armijo building, No. 205 Railroad avenue, informed THE CITIZEN this morning that he thought the store would be ready for business on or about January 5, and that his principal clerk would be Miss Edith Renner, who had charge of the stationery department at Whitney company's big store on south Second street.

James Furlong, a freight conductor on the Santa Fe, fell down on a piece of bridge iron at Laleta and his leg was quite badly lacerated.

C. F. Jones, the station agent at Las Vegas, passed through the city last night for Boise, where he will visit and hunt two or three days.

M. W. Browne and wife, of Las Vegas, passed through the city for Socorro last night, where they will visit old friends for a few days.

The city council, at the city building on Tijeras avenue, and the probate court at the court house in old town, will meet next Monday.

Governor Otero and wife, who were at Washington, arrived home at Santa Fe last night, coming down with Conductor Hayes.

Wanted.—At once, a competent girl for general housework. Inquire at 402 North Second street.

CASE DECIDED.

Railroad Company Wins an Important Case at Santa Fe.

In the case of Josephine Deserant against the Corralito Coal Railroad company, which had been on trial for two weeks at Santa Fe, the jury on Thursday night returned a verdict in favor of the defendant. This was a most surprising result, and would reflect great credit on Major Twitchell, who appeared for the company, if the public felt satisfied that the verdict was an honest one. Mrs. Deserant sued the company to recover damages for the loss of her husband and two sons who were killed by the explosion in the White Ash mine at Corralito in 1895. On a former trial, in 1896, a jury gave her \$25,000 damages. On the trial just closed the case in her favor was much stronger and clearer than on the first trial, and the common talk among all classes of people in Santa Fe is that the jury was corrupt and dishonest, and the names of several prominent citizens of that place are freely mentioned on the streets as the agents through whom the jury was "fixed." One of the plaintiff's counsel said to THE CITIZEN reporter this morning that in his opinion it was not within the limits of possibility that twelve honest men could have agreed on such a verdict, and that the case made was such as might have justified a peremptory instruction from the court in favor of the plaintiff. He further said that he had strong hopes of getting the verdict set aside next week by Judge Laughlin.

Meas. Field and Clancy, of Albuquerque, are the attorneys of the plaintiff, and E. E. Twitchell, of Las Vegas, conducted the defense.

Cyrus McDaniel, of San Rafael, came in from the west last night, to enjoy the New Year holiday. He gives the information that the cattle inspector is holding at or near Grants about 400 head of cattle, a majority of the number supposed to be stolen. Some of the cattle have been re-branded, while others appear as if the old brands have been burned off and otherwise disguised.

Mrs. George Wheat, of Las Vegas, who was here on a visit to her sister, Mrs. John Ruben, returned to Las Vegas last night.

Before buying any heating stove ex-

keeps fire as long as any base burner

and burns any kind of fuel. Sold by

valley climate, but it was a mistake; the
gentleman who took the drive with Mr.
Propper and came out with a badly dis-

figured anatomy is named Lloyd. He is
reported resting easy to-day, and has
given it out cold and solid that he will
always remember his experience in Al-

buenque. His several car loads of
cattle will go north without him.

The Willis' band, assisted by members
of the First Regiment band, paraded the
streets shortly before noon to-day, dis-

counting strains of sweet music. Trim-

ble's "Jambou," to which was hitched
four shining horses, carried the band
through the city, and Billy Trimble, who

gambled on the green down in "Jack
son's Purchase" of Old Kentucky long
years ago and read Lem Faxon's poetry

to the pretty, dark-eyed maidens of that
particular "toe" of that state, handled
the lines over the backs of the four

prancing black horses. A merry New
Year to the Willis and the Trimbles.

The gifted foot ball player at O. W.
Strong's happy home, celebrated the
New Year this morning by appearing at

his father's store on crutches. Don J.
Rankin, a popular school trustee, was in
conversation with School Trustee Strong

when the reporter called, and also when
the young man on crutches put in an ap-

pearance. It is stated that the latter
will soon prepare for publication an ar-

ticle on "Foot Ball as an Art, Its Trials
and Pleasures," to be read at the next
meeting of the Territorial Teachers' as-

sociation. B. Bonem, a popular San Mar-

cialist and dry goods merchant, came in
from the south last night and made a

pleasant call at this office this morning.
Mr. Bonem stated that the town of San
Marcial went through a siege from small-

pox, which, however, had been somewhat
exaggerated by certain newspapers, the
past few weeks, but that now the disease

had been almost eradicated and that no
further trouble should be entertained.
Mr. Bonem will return to San Marcial

this evening.

ALL'S WELL That Ends Well.

This has been a good year with us. Our aim has been to make
it an equally good one for our many patrons, by always giving them
the very best goods for the very least money. We wish to thank
you for your valued patronage, and as actions speak louder than
words, we will inaugurate SATURDAY, DECEMBER 18, and
continue until the end of this month, the grandest Bargain Sale ever
held in this city. By this we give everyone a good chance to get
some useful and beautiful Christmas presents at a comparatively
small cost.

We hold this sale to "kill two birds with one stone"—to give
the public some unapproachable values, and to reduce our winter
stock before inventory time.

We want the year 1897 to be a remembered one in the city's
mercantile history—this sale to be its leading event.

Ladies' Capes and Jackets—We at it have an immense stock of these
goods on hand. We don't want to keep
one over. There is only one way to gain
this end—Cut the Price. We're doing
this with our Capes with \$2.50, now \$1.25;
capotes with \$5, now \$2.50; capotes with
\$6, now \$3.00; Jackets with \$5, now \$2.50;
jackets with \$6, now \$3.00; jackets with
\$7, now \$3.50; jackets with \$8, now \$4.00;
jackets with \$9, now \$4.50; jackets with
\$10, now \$5.00. We are not giving
fictitious values on these goods, but prices
at which they sold.

Ladies' Kid Gloves—We have
been selling them for \$1.25 to introduce
them. They are splendid \$1.50 values.
Four money back if they burst. During
his sale at \$1 per pair.

Underwear—For the whole fam-
ily, 25 per cent off our regular prices.
These regular prices must have been war-
ranted, judging by the underwear we sold,
and the public's verdict of same. This
rings our \$1.50 garments to \$1.20; our
\$1.25 garments to \$1; our \$7.12-5c gar-
ments to 50c; our 75c garments to 60c;
our 80c garments to 70c. And others at
same rate.

Ladies' Belts, Pocket Books, Linen and Silk Handkerchiefs at equally re-
duced prices. White Hemstitched and Scallop Handkerchiefs at 3 for 25c

GOLDEN RULE DRY GOODS COMPANY

The Big Annual Inventory Sale!

A WISE LOSS

Is often a proof of good business judgment. We consider it wise just at this season to offer you the pick and choose of every dollar's worth of surplus stock in this store without regard to
former value, and with little regard for cost. Our reason for taking this loss is plain. Our inventory is close at hand; the stock is too heavy; it must be reduced. Hundreds of items here that you
can use to good advantage, if the price reductions are great enough.

That's the object of this sale. Every stock has been carefully overhauled. Every price reduced on the lots to be disposed of to such a low figure that our buying public will through the store
during the entire week of the sale. Every price quotation is a cold fact. Every item advertised is just as represented. Every person in this community and surrounding districts should buy and buy
liberally; such a trading chance will not soon occur again. This great sale will last just one week. That will be long enough to reduce the stock to its proper limit and quite as long as we care to do
business at so great a loss. The history of all sales is that the best things go first.

Sale Begins Monday Morning, December 27th.....
and ends when the doors close on the following Saturday night. Every advertised price will hold good
during that time.
