ELECTRIC CARS CAUSE ACCIDENTS

Fatal Collisions in Chicago and Cleveland.

SEVERAL APPOINTMENTS ANNOUNCED

President Kept Indoors by Rain at Oyster Bay, New York.

Chicago, June 29.—Crowded with home bound passengers, an Archer avenue trolley car crashed into a Belt Line freight train at Archer avenue and Forty-Seventh street early today. Two passengers were killed and nine seriously injured.

The dead—Minnie Maltstrom; unknown man. The trolley car brakes refused to work and caused the accident. Nearly all the passengers were returning from a picnic and were asleep.

Collision in Cleveland.

Cleveland, O., June 29.—An electric car heavily loaded with passengers became unmanageable while descending a hill on Wilson avenue early today and collided with another car at the foot of the hill with terrific force, resulting in seriously injuring two men, while several other passengers were badly bruised and cut. One may die.

CONSULAR APPOINTMENTS.

Number of Changes Reported in the Consular Service.

Washington, June 29.—A number of consular appointments arranged by the president before his departure on Saturday were announced by Acting Secretary of State Loomis today. Among them is Albion W. Tourgee of New York, now consul at Bordeaux, France, who is promoted to be consular general at Halifax, N. S. Mr. Tourgee is a well known author and novelist.

George B. Anderson of the District of Columbia, now consul at Durango, Mexico, transferred to Guadalajara. Walter C. Hamm of Pennsylvania is appointed consul at Hull, England. Hamm is a well known literary man and editorial writer in Philadelphia.

James A. Leroy of Michigan, is appointed consul at Durango, Mexico. Leroy has been in the Philippines for several years and was recommended by Governor Taft and others, as well as by Senators J. C. Burrows and R. A. Alger.

Roosevelt Kept Busy.

Oyster Bay, June 29.—Rain in heavy continuous downpour kept the president indoors today. Early in the day Secretary Loeb went to the Roosevelt house and he and the president spent nearly three hours in the handling of mail and the transaction of executive business.

THE UNION BURRO RACE.

The Typographical Union's Burro Will Arrive This Week from Santa Fe.

Colonel H. Longfellow Dunning, the jockey for the Typographical union, says the burro to be used by him will arrive from Santa Fe this week. It has been in several races and won out. It is a genuine alfalfa fattened burro, with royal blood, and has never been known to associate with the common low down trash that abounds in this territory. The colonel and his two associates are out for those prizes, and no Parson Lewis or Rabbi Myers are going to get a smell. When the burro arrives the horse editor of the Citizen will look him over and report on his condition. Then a tip will be given privately as to how much money should be placed on the colonel and the Santa Fe Alfalfa burro.

Russians Holding Conference.

Pekin, June 29.—The Russian minister, M. Lessar, has been suddenly summoned to a conference with Gen. Kuropatkin, the Russian war minister, Admiral Alexiff, in command of the Russian fleet in the Pacific, and other officers at Port Arthur.

Recovered Consciousness.

Salt Lake, Utah, June 29.—Theodore Davis Boal, Denver architect and club

man, who was so severely injured yesterday in a runaway, has recovered consciousness, and was this morning pronounced out of danger by the attending physicians. The brain concussion was slight.

FAREWELL SAID

To Reverends T. C. Beattie and Robert Renison at Methodist Episcopal Church Last Evening.

The Methodist Episcopal church on Lead avenue was filled last evening to the doors. It was a union of all churches in a farewell meeting to Reverends Beattie of the Presbyterian church and Renison of the Episcopal church.

The services last evening were of an inspiring nature and the souls of all were helped to no small extent. Rev. Renison at the morning services preached his farewell sermon to his congregation, and Rev. Beattie did the same. Both sermons were ably delivered and the thoughts given in both will be food for many in the time to come.

Rev. Mr. Beattie has been among us for the past eleven years and his work speaks for itself. He will take up a new charge sometime in the near future. Rev. Renison has also left a record to be proud of. He and his family will leave today for Redlands, California, where he is to take charge of a growing church. Rev. and Mrs. Beattie will leave sometime this week for the east.

Both gentlemen will be greatly missed and their families, too. What Albuquerque loses will be some other communities' gain. May both have an abundant blessing and success in their new fields of labor is the wish of their hosts of Duke City friends.

OLD CAVE FOUND.

Party of Albuquerque Men Find Ancient Cave and Ruins.

Edward Johnson, Frank Trotter, Jr. and "Bobby" Hopkins are at home again after a trip to the Manzano mountains, where they had a fine time for several weeks. During the outing a cave situated a thousand feet above the surrounding country in a perpendicular cliff was discovered by Mr. Johnson. Smoking pipes and other old cliff things were found. They report the cave 250 feet long and about as wide. When they have time they are going back to investigate further.

DOWN IN MEMPHIS.

Miss Claude Albright Winning Laurels on The Stage.

The Citizen has received a marked copy of the Memphis, Tenn., Commercial Appeal, dated June 23. The article penciled is a long write up of faith by the Lyceum Opera company, and the Citizen clips the following extract relative to an Albuquerque young lady who is a member of the company:

As Boleslas, the much-mustached chief of the Tzigang, black-browed Leone was at his best, and his best is very fine. His initial number was one of the hits or the performance and worth going far to hear. It was full of fire and abandon and voice. It is always a pleasure to listen to such singing. pity we can't have more of its kind. Mr. Leone, or Signor Leone, is a valuable member of the company at the Lyceum. In connection with his performance, that of Claude Albright should not be forgotten, nor will it be forgotten by a good many. There are as many more who think that the "b" in her name should be dropped. As the sister of Boleslas with the horrible name which recalls Russian massacres and the ilk, Miss Albright had a part that just suited her from the top of her hair to the bottom of her dainty feet, which, by the way, know one or two dancing steps. She has a good voice of considerable sweetness and power,

as has been stated in the columns before, and her future should be a bright one. There is a good deal in an artist having a role suited to her personality, and there is a mistake somewhere if this was not the case with the artist last night. At times she looked very fierce indeed, and we were glad the footlights separated up—but there were other times.

MRS. WHITING DEAD.

Passed Away at Her Home in Deadwood, Dakota. Had Many Friends Here.

A telegram was received last Saturday night by Charles Whiting, of this city, to the effect that his sister-in-law Mrs. Calvin Whiting, died at her home in Deadwood, South Dakota, on Saturday, at 12:30 p. m.

The deceased lived in this city up to a year ago. She had been ill for some time and was about forty years old. Her husband was a prominent insurance and real estate agent of this city. The husband and relatives have the sympathy of all in their sad bereavement. Miss Sophia Hogan, of this city, and a sister of the deceased, was with her at the end.

Ben Weaver, formerly proprietor of the Aztec Curio rooms, will leave in a few days for his old home at Boston, Mass., where he will spend the summer.

LOCAL PARAGRAPHS

Misses Clara and Francis Irwin, who have been sojourning at the McKinney ranch in Hell canyon, returned to the city.

The Citizen force was remembered this afternoon. Bittner-Stamm Commission Company sent around a couple of fine watermelons.

Louis McRae, whose numerous flocks of sheep graze on the Estancia plains east of the Manano mountains, is in the city for a brief visit.

Warren H. Stein, sojourning at Robertson & Haines' Mesa ranch, entertained Mr. and Mrs. Bauer, Mr. Frech and Mr. Davis Sunday for dinner at the above resort.

The Citizen calls attention to the advertisement of Manuel R. Otero & Sons published in another column. They are dealers in all kinds of product, hay, grain and feed, and are located on south Second street, corner of Stover avenue. Mutual Automatic Telephone No. 567.

A short time ago Dr. W. S. Wolfe, of Silver City, passed through Albuquerque for his home in Shoemakersville, Penn. He was in a bad condition, and The Citizen was informed yesterday that he died on the way near Davenport, Iowa, of heart disease. His body was then embalmed, and continued on home in care of his sister, who had accompanied him on the trip.

The Citizen is informed that the marriage of Miss Anna Davis to Associate Justice Frank W. Parker of the Third judicial district, is to take place at an early date. Miss Davis is a sister of Mrs. Allen G. Kennedy of Santa Fe, and is now employed in the United States land office at Las Cruces. Judge Parker is one of the best and most respected citizens of New Mexico.

Dr. H. R. Voth, an ethnologist of national reputation, who spent a couple of days in the city as the guest of Herman Swetzer, manager of the Alvarado curio rooms, left for the east Saturday night. Dr. Voth is connected with the Field Columbian museum of Chicago, and has been doing some research work among the Hopi Indians of Arizona. He has also done some work for the curio department of the Harvey system and is the author of the Hopi snake altar owned by the Harvey museum, and exhibited in Kalsk adjoining the Alvarado.

Postmaster Hopkins reports that according to a recent ruling of Postmaster General Payne, United States postage stamps overprinted "Philippines" shall not be accepted for postage on matter mailed within the United States on and after October 1, 1903, and United States postage stamps without the "Philippine" overprint shall not be accepted for postage in the Philippine islands. Heretofore it has been the practice of soldiers returning from the islands with a batch of Philippine postage stamps to use the same in this country, but hereafter this practice will be stopped.

FATAL ACCIDENT

Train in Spain Fell Into a River.

LARGE NUMBER OF PERSONS KILLED

Mexican Woman Found Murdered in Trinidad, Colorado.

ANOTHER JUDICIAL DECISION IN DENVER

Madrid, June 29.—By midnight one hundred bodies had been exhumed from the wreck of the Bilboa train, which was overturned Saturday night from the bridge into the Nejerilla river, and it is estimated that seventy corpses remain in the wreckage. The bodies are horribly mutilated. Differences between the civil and military authorities rendered the work of rescue more difficult. That many prosperous persons are among the victims is testified to by the great quantity of money and jewelry collected by the gendarmes.

Mexican Woman Murdered.

Trinidad, Colo., June 29.—A Mexican woman named Doregas, said to have come here yesterday from Hastings, looking for her husband, was found murdered in a deserted adobe shack this morning. Her throat was cut and her body was badly mutilated. She was seen around town yesterday and the murder must have taken place during the night. Officers have no clue.

Denver Judicial Decision.

Denver, June 29.—Judge Mullins of the district court today handed down a decision in which he declared that the board of public works is an illegal body on the ground that the legislature had no constitutional power to invest the governor or other state official with authority to appoint a board of public works to grade, pave or curb the streets of the city of Denver, or otherwise interfere with local affairs of the city. The case has been in the courts for a long time.

DISTRICT COURT.

More About Case of Electric Light Company Vs. Mining Company.

AN IMPORTANT SUIT.

The court on Saturday afternoon concluded hearing evidence in the matter of the claim of the General Electric company against the Cochiti Gold Mining company, for an amount of money alleged to be due on the contract of sale of the machinery. The Cochiti company answered that the electrical machinery was defective and by reason of these defects the mining company was damaged to a greater extent than that alleged to be due on the contract. The contract between the companies provided for the sale of a large amount of electrical machinery, and to be in accordance with specifications therein set out, and provided that all negotiations prior thereto be merged in the contract. The installation of the machinery was to be done by the mining company, and its expert electrical engineer erected it. The testimony showed that from the start trouble with the large mill motors developed, as well as with the hoisting apparatus.

The mining company called experts to show that these defects were due to the fact that the machines were imperfect as received from the factory, in New York, and that these imperfections when the machines were started caused still greater complications in the electrical machinery, that this defect was principally in the bearings of the machines, and that the electrical company sent its experts to the mine, who corrected the defects by making changes in the mechanical construction of the machines. On the other hand the electric company endeavored to show that by their experts brought here from New York to testify that the real cause of all their

troubles was due to unskillful assembling of the electric motors, and that, having been run in that condition, the greater complications necessarily developed.

The electric company also claims title to certain additional machinery alleged to be sold under the contract, and a lien for the price, and the Cochiti company claim that as to these purchases, they were not made under the contract at all, but were made in such a way as to make the electric company stand as to those purchases in no different relation than a general creditor of the defunct mining company.

The court set Monday, July 6th, as the day for hearing arguments on the questions involved. Mr. Clancy appeared for the intervenor and Mr. Childers for the mining company.

TOMORROW EVENING.

E. B. Booth and Miss Katherine Wilson Will Marry.

Tomorrow evening at the home of Mr. and Mrs. T. Y. Maynard, E. B. Booth and Miss Katherine Wilson will be united in marriage. The ceremony will be performed by Rev. T. C. Beattie. Both are well known and popular young people of Albuquerque.

Arthur Everett, the watch inspector on the New Mexico division, left today for Lamy junction.

LOCAL PARAGRAPHS

Special meeting of the Knights of Pythias lodge tonight at 8 o'clock. By order of the C. C. E. D. Fluke, K. of R.

John C. Flournoy, representing the Simmons Hardware Company of St. Louis, was a north bound passenger today.

Pat Hogan, a well known merchant of Cerrillos, who was here last night on business, returned to Cerrillos this morning.

Mrs. Edward Steiner, who was at El Paso on a visit to Mrs. Charles Zeiger, a sister of Mrs. Steiner, has returned to this city.

Hon. Alex. Bowie, of Gallup, came in from the west last night and is transacting business in the city today. He will return to Gallup tonight.

W. L. Yokon, of Chicago, who is in the city visiting friends, was the guest of honor at a pleasant party given by Mrs. J. H. Robinson at her home on Arno street Saturday night.

Mrs. Gunsul, mother of Maynard Gunsul, manager of the Albuquerque Electric, Gas and Power company, has returned to her home at Cripple Creek, Colo., after a visit here with her son. Misses Lou and Lizzie Hughes left today for Chicago, where they will visit relatives and friends. Mrs. O. C. Watson and daughter, Alice, accompanied them as far as Lamy on their return to Santa Fe.

L. R. Gillette, with T. Y. Maynard, the jeweler, has gone to Trinidad, where he will meet his family and accompany them back to this city, their future home. They come from Topeka.

Miss Estella Boatright was a charming hostess to the graduating class and students of the St. Vincent academy at her home on the highlands Friday afternoon. Misses Grace and Jennie Downs, of Winslow, who are visiting in the city, were guests of honor.

Tomorrow evening at 8 o'clock a meeting is called to be held in Knights of Pythias hall for the purpose of reorganizing the Albuquerque Guards. All signers and those who have expressed their intention of joining the guards are requested to be present. It is important that all interested should be present.

A carload of watermelons, consigned to Bittner-Stamm Commission Company, reached the city this morning, and a force of men were kept busy for a couple of hours delivering orders to local retail grocery dealers. The company will receive another carload on Thursday, just in time for Fourth of July trade.

Mrs. K. W. Culbertson and Miss Mary S. Welch, sisters, whose mother died in this city about ten days ago and whose remains were shipped to Topeka, Kansas, left this morning for Topeka, Colo., and after a short stay there they will continue to Fort Madison, Iowa, undertaker Borders, a friend of the family, saw the ladies safely on the train.

GOES TO JAIL FOR SWINDLING

Lawyer for Get-Rich-Quick Concern is Sentenced.

MORE INDICTMENTS AGAINST CROOKS

Pennsylvania Railroad Sells \$75,000,000 New Stock.

New York, June 29.—Robert A. Ammon, attorney for Wm. F. Miller, of the Franklin syndicate, was today sentenced to an indeterminate term in state's prison of not less than four nor more than four and a half years. The maximum penalty for this offense is five years. Ammon was convicted of having received stolen money from Miller.

The specific charge in which Ammon was convicted was that he received the sum of \$500 obtained by Franklin in the "\$250 per cent" syndicate. Miller is now serving ten years sentence and was chief witness at the trial. District Attorney Jerome it is understood will take steps to secure a pardon for Miller, as he is said to be dying of consumption.

Big Sale of Railroad Stocks.

Philadelphia, Pa., June 29.—Official announcement was made by one of the executive officers of the Pennsylvania railroad today that the latest returns show that the \$75,000,000 of new stock has all been taken by the shareholders and that ninety per cent has been paid up in full.

Postal Frauds Indictments.

Washington, June 29.—The district attorney this morning stated that the grand jury today would bring in additional indictments against Augustus W. Machen and Groff Brothers in the case of Machen for receiving a bribe and in the case of Groff Bros., for giving a bribe. These indictments are brought in to cover three additional counts and to put first indictment on same footing as the second, which later involved the Lorenz of Toledo, on the charge of conspiracy to defraud.

Railroad Increases Capital.

Pittsburg, June 29.—The stockholders of the Pittsburg & Lake Erie railroad are in session here today for the purpose of voting on the proposition of the directors to increase the capital stock from \$8,000,000 to \$10,000,000. The proceeds are to be used to pay the expenses of recent purchases of new equipment and of improvements to the roadbed.

DELAYED TRAINS.

We Will Have Another Siege With Trains Running Late.

If the Santa Fe doesn't get it from one side it gets it from the other. It is remarkable that on Saturday and Sunday nearly all trains arrived and departed on time. But it was too good to last long, and tonight the report of distress comes from both east and west.

A passenger train jumped the track at Coal City, Ill., yesterday and No. 7 will be twelve hours late. No. 1 was this side of the wreck and will arrive about on time. A bridge burned out west of Williams and trains from the west are exceedingly late. No. 2 of this morning is reported to arrive running as first No. 8, about 1:30 o'clock tomorrow morning. No. 8 as second No. 8, follows in about thirty minutes.

Bad Egg McNellis.

A short time ago William J. McNellis of Pueblo, Colo., deserted his wife and family, and came on to this city, where he was arrested by City Marshal McMillin and sent back to Pueblo. The following special dispatch from Pueblo to the Denver Times shows McNellis to be a brute:

Mrs. Annie McNellis was granted a divorce in the district court from William J. McNellis, a structural ironworker, who is now serving a sentence in the county jail for threatening to kill his wife. Mrs. McNellis has been afflicted with consumption for more than a year and had to be assisted to the witness stand. The divorce was granted on the ground of cruelty. McNellis left his wife several

months ago, going to Albuquerque, where he was captured and brought home. He was not punished on promise of reforming and taking care of his sick wife and children.

Little H. McKinney was given a divorce in the same court from W. H. McKinney, former editor and owner of the Pueblo Evening Press, on the ground of desertion.

A PARACHUTE STORY.

A Balloonist Arrested for Alleged Smuggling.

Phil B. Drake, inspector of the home office of the Mutual Life Insurance company of New York, returned to the city yesterday with Darby A. Day, the New Mexico manager, and will continue north to Denver tonight. Mr. Day tells an interesting parachute story. Every Sunday afternoon El Paso has a balloon ascension, and yesterday afternoon was no exception to the rule. The daring aeronaut sailed up into the air for several thousand feet, and cut loose with his parachute. The wind stirring at the time carried the parachute with the man across the river into Juarez, Mexico. He lit among some underbrush without harm to himself. He gathered up the parachute and started across the bridge on an electric street car, when a custom house officer arrested him for attempting to smuggle good across from Mexico into the United States. When Mr. Day left El Paso the matter had not been settled, and will likely go into court before the balloonist can consider himself free and his parachute restored to him.

Kentucky Murder Case.

Lexington, June 29.—B. F. French, attorney for Jett White and attorney for the prosecution in the Marcum case, arrived here today. French called on the prisoner but Jailer Wallace stood at his side during the half hour. French says that he will prove that another person shot Marcum.

Police Court.

Three drunks fatted up the city treasury today by paying in \$5 apiece.

THE OPERA HOUSE.

Work to Commence in Ernest This Week so it May be Done by Early Fall.

The Elk's Opera house, which is to be built on West Gold avenue and when done will be one of the finest in the southwest, will be rushed from now on so that it may be finished and opened by October.

The Kansas floods are responsible for some delay, as several carloads of pressed brick got lost and this delayed progress. However, more were ordered and four cars are expected this week. The wood work for the interior and exterior is all ready.

INDIAN OFFICIALS.

Will Journey to Washington to Confer with the Powers.

The Isleta and Santa Clara governors and secretary of state, Pablo Abeltia, of Isleta, will leave this week for Washington.

They are to appear before the Indian commission and some very important matters are to come up. Most every year the officials of the Indian pueblos in this territory go to Washington to confer with the Indian officials and to get a glimpse of the Great White Father.

The big Fourth of July celebration in New Mexico will be held in this city.

In ship building Pennsylvania stands first and New York second, while California is a good third.

Almost any man could do something well if he were willing to work at it long enough and hard enough.

As a result of the postoffice scandal congress may order a general investigation of all departments.

Halzac: "To judge a country one does not know the language of is like judging a book from the binding."

Many new varieties of Fourth of July fireworks are on the market this year. They are more dangerous than attractive.

The Las Vegas Advertiser of last Saturday is a hot number. It is calculated to stir up that village to mild excitement.

The Church Economist estimates that between twelve and fifteen churches are built every day in the United States.

The San Marcial Bee says: The Albuquerque Daily Citizen has a just appreciation of the weekly newspapers of the territory.

Exports of flour from the United States to Chinese ports show an increase of 200 per cent for 1902, compared with 1892.

Rev. Skinner has returned to Las Vegas and says that the Los Angeles Times misquoted his remarks about the people of New Mexico.

Trade returns for the past six months show an improvement over the same period last year. The outlook for the future is considered favorable.

New Orleans has entered upon a system of municipal improvements, chiefly relating to sewerage, drainage and water supply, to cost \$18,000,000.

The circulation statement issued by the treasury for June estimates the population of the United States at 80,372,000, and the circulation per capita \$29.44.

The Mad Mullah has not had enough yet. He is arranging to make another attack on the British in Somaliland. That section is not worth the cost which it will inflict upon Eng-

land, but it will be held, just the same. Somaliland, too, will be benefited by being held. The world's dark spots will all be wiped out before many more years pass, and civilization will be the gainer thereby.

The El Paso Times is positive that other things being equal, the local merchant is entitled to the trade of his own town or city. In fact, it is the only way to make a town or city.

The Declaration of Independence will be seen no more. An order has been issued that henceforth the historic manuscript shall be hidden from the light and kept under lock and key.

Mr. Morgan returns from Europe to find the affairs of several companies in which he is interested in a deplorable state, and his beloved Wall street in a condition bordering on nervous collapse.

There is a hot time in the old town of Las Vegas, and it will be warmer tomorrow when the people of that town will hold a mass meeting and protest against the whitewashing of the insane asylum abuses.

Automobiles are said to be displacing horses in the city departments of New York. All of the heads of departments have adopted them for official service in lieu of the buggies formerly used by them.

The Denver News thinks that the insane asylum scandal is fomented by the native people of Las Vegas on account of race troubles. That paper sent a man down from Denver to help whitewash the institution.

Booker T. Washington declined a commission from Great Britain to go to Liberia to solve a race education problem. He has a life work cut out in his own land and Andrew Carnegie has provided a fund to keep him above poverty during his existence.

The Deming Headlight has joined the crowd of villifiers of New Mexico. That paper falsely asserts that "In every republican county in New Mexico even school teachers must pledge their support to the gang before they can obtain a position, and it is not a question of ability to teach that obtains the position, but who is back of him or her, and what he or she can do to advance the interest of the republican gang." The Headlight is edited by a fossil of the stage coach days and it is opposed to statehood.

Despairing of securing uniformity among the divorce statutes of a state and of securing a national law, eminent clergymen and laymen have formed an organization among themselves to see what can be accomplished by their own personal efforts to check the divorce evil. They are not indulging in oratorical flights in railing against divorce nor in bitter and vituperative denunciation through press and pulpit; they are striving by their own personal among the churches not to remarry among these churches not to remarry any person who may have been divorced.

NICKNAMING THE PRESIDENT.

The president of Princeton college in a recent address said: "Again, the men whom we have put in places of authority are our rulers and deserve our respect. There is a tendency in this country which militates against that, a nation which calls its chief executive 'Teddy' is not in a way to take itself very seriously. While our executive is president of the United States it ought not to be possible to call him by nickname."

There is much of good sense in this suggestion. The president of the United States is constantly on duty. From the time of his inauguration until the time of the inauguration of his successor, he is for every moment president of the United States and during all of his waking hours is in the discharge of his duty.

The nicknaming of the president of the United States is improper and indecorous. Whatever may be our personal opinion of the merits or demerits of a public official, especially such an one as the president of the United States, every good citizen recognizes, as he should, the fact that it is not the person but the office that should always be kept in mind when speaking of our chief ruler. He should always be spoken of as president of the United States. Look into Kleinwort's market on North Third street. He has the nicest fresh meats in the city.

UNTIL NOVEMBER 23.

Court of Private Claims Passed Upon Surveys and Adjourned.

The United States court of private land claims was in session Friday afternoon at the capital city and passed upon the survey of case No. 137, Rafael G. de Barcia and others vs. the United States, for confirmation for the Santo Tomas de Yturbe Colony grant. The first contains 6,500 acres, the second 3,933 acres and the last eighty-eight acres. It was found that tract No. 1 conflicted with the Mesilla Colony grant to the extent of 191 acres and that the whole of plot No. 3 conflicted with the Mesilla colony grant. The survey was for 9,622 acres in all and was approved for 9,433 acres. This was all of the business transacted Friday afternoon when court adjourned until Saturday morning. After a brief session Saturday morning adjournment was taken until November 23.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by all druggists.

MAGDALENA.

From the Chieftain.

J. P. Kelly was in town from Water canyon.

Rev. W. S. Huggett returned from Gallup.

Mr. Staats has about completed the reduction plant for the Cavern Gold Mining company.

Mr. and Mrs. Lou Terry are in Kelly, where Lou has a contract to drive a 200-foot tunnel.

Hon. Solomon Luna shipped 275,000 pounds of wool from his ranges west of this point.

Business in Magdalena is very active now on account of the delivery here of wool and stock for shipment.

William Gardiner and eldest son and W. H. Sanders are trout fishing in the streams of the White mountains, Arizona.

Grass is now growing on the ranges in a very satisfactory manner. There is promise of an excellent year for stockmen.

Colonel Eaton returned to Socorro after two or three days spent in looking after his mining interests in this vicinity.

Dr. J. C. Blinn of Kelly is away on a short vacation trip. His business is being looked after by his brother, Dr. E. P. Blinn.

The Becker-Blackwell company is doing an especially thriving business in wool. The company's business in other lines is not at all slow, judging by appearances.

The amount of ore shipped from this point now averages about two carloads a day. The Hardscrabble and other mines operated by the Thomases furnish a good share of the total shipment.

John O. Hall of Denver has brought about 800 head of cattle from the Kiehne, Redding, and Gatlin ranges. The stock will be delivered here for shipment July 7. The prices paid were \$14 and \$17.

L. N. Barnes is very active in promoting the Fourth of July celebration. One day this week Mr. Barnes secured subscriptions to the amount of \$170 for the enterprise in a very short time. He says that several entries for the races have already been made and that more are sure to follow.

RAILROAD NOTES.

Mrs. A. W. Wells, wife of Conductor Wells, has gone to California to spend the summer.

Floyd Irwin, the university student, has accepted an apprenticeship at the local Santa Fe Pacific machine shops. Engines 857, 479 and 824 have returned to duty from a siege in the repair shops. They are fresh with a new coat of paint.

George Polley, the good-natured heavy weight special water service man in the employ of the Santa Fe at Laguna, was in the city Saturday evening.

Rufus Goodrich, secretary to Superintendent J. F. Hibbard of the Albuquerque-Winslow division, returned home last night after visiting friends here a couple of days.

Engineer John Reub and family have returned from an extended sojourn at Kansas City. Miss Bertie Matthews, Mrs. Reub's sister, returning here with them and is a guest of the family.

A. P. Smith, a Santa Fe Pacific brakeman, who has been at the local hospital some time mending from injuries received about two months ago, has recovered and returned to work.

George E. Roe, division freight and passenger agent for the Santa Fe with headquarters at El Paso, was a visitor here Saturday night. Mr. Roe is thoroughly familiar with the resources of this section and manifested an intelligent interest therein.

Jack Sheridan, who has seen service on a good many railway lines as a switchman, brakeman and conductor, and was with the Santa Fe at San Marcial about eighteen years ago, arrived from Mexico last Wednesday to re-enter the employ of the Santa Fe company.

General Manager W. S. Hopewell of the Santa Fe Central Railway, very kindly loaned the penitentiary authorities a good road plow, which is now being used by the convicts in work on the "Scenic Route" road in the Santa Fe canyon. Construction work is progressing very satisfactorily and rapidly. The convicts are working hard and seem to be well pleased with their outing in the Santa Fe canyon.

S. E. Busser, superintendent of the Santa Fe railway reading rooms, was in San Marcial the other day. With Librarian Rockwell he discussed plans for the early occupation of the new reading room at San Marcial, and drew a pleasing outline of an attractive and comfortable resort for those of the employees who delight in keeping up with the times and storing their minds with the offerings of the best writers in the field of literature.

Telegraphic information received by General Manager W. S. Hopewell of the Santa Fe Central Railway, is to the effect that within the last three days sixteen cars of steel rails have arrived at Torrance and more are expected to arrive today. The track laying machine will therefore again commence work tomorrow. The end of the track is six and a half miles north of Moriarty and with pleasant weather and plenty of steel rails, track laying north will be rapid. From Kennedy station south the track has been laid about five miles, and by today it is expected that it will reach Clark station. As soon as the gap between Kennedy and Moriarty station is closed, the Harris track laying machine will be brought to Santa Fe and work on the twenty-two miles of track between Santa Fe and Kennedy will commence.

THE FIRST STEP

Of the child is an event in the mother's life. How proud she feels when the attempt to walk is begun so early as to evidence childish courage and sturdy strength. Such pride should be enjoyed by every mother. But it often happens that the child is timid, weak and deficient in vitality, and clings to the mother's arms with no desire to walk or play.

Mother should learn that to have strong children they must themselves be strong, for the child's strength is the gift of the mother. The use of Dr. Pierce's Favorite Prescription by expectant mothers gives them health and strength to give their children. It nourishes the nerves, strengthens the body and gives great muscular strength and elasticity, so that the baby's advent is practically painless.

"I have been using Dr. Pierce's Favorite Prescription and can say it is just what you advertise it to be, and can cheerfully recommend it," writes Mrs. Victor J. Hadin, of Leominster, Riley Co., Kansas. "I began taking it just two months before baby came and was greatly benefited by its use. The doctor who attended me said I did about as well as any one he had seen (as I was sick only about three hours), and also that your 'Favorite Prescription' was the one potent medicine which he had faith in."

"We now have a darling baby, strong and healthy, who weighed nine pounds when born (July 28th). During this month he has gained three and one-half pounds."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

The People's Common Sense Medical Adviser, a book containing 1008 pages, is given away. Send 21 one-cent stamps for expense of mailing only, for the book in paper cover, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

ORDER OF ELKS.

Some Interesting and Important Facts
About Its Origin.

BENEVOLENT AND PROTECTIVE.

The Benevolent and Protective Order of Elks had its origin in a social club of actors, newspaper men and artists that in 1850 held its social sessions at the boarding house of Mrs. Gelsman, No. 188 Elm street, New York. Charles Algernon Sidney Vivian, an accomplished and popular English actor, originated and carried into effect the idea of forming the little club of brilliant and convivial bohemians into a benevolent protective order, originally styled the "Jolly Corks." The organization grew so rapidly in popularity and membership that it had to rent a large hall. On Sunday, February 10, 1868, the order was organized as the Benevolent and Protective Order of Elks.

The selection of the new name was left to a committee of five. Vivian and Vandermark were members of the committee. Vivian suggested the name "Buffaloes," but three Americans on the committee insisted that the new order should be thoroughly American. A number of members of this committee, happening to meet at Barnum's old museum were favorably struck by the appearance of a fine elk's head, which was suspended in a conspicuous place. In looking up the history of the elk, the chairman became deeply impressed by the description of the animal in Goldsmith's "Animated Nature" and Buffon's "Natural History," where it is described as "Fleet of foot and timorous of doing wrong, avoiding all combat except in fighting for the female and in defense of the young and helpless and weak." His researches and report confirmed the committee in their choice of the name of "Elks" for the organization.

The preamble of the constitution recites that: "The undersigned, members of the theatrical, minstrel, musical, equestrian and literary professions, and those who sympathize with and approve of the object in view (hereafter stated in the constitution), do hereby organize an order to promote, protect and enhance the welfare and happiness of each other."

The constitution contains fifteen articles and is brief, but is the foundation of all subsequent ones, and its principal features are still retained. It provides for two degrees, and a candidate can only be proposed by members who have taken the second degree.

Vivian was an actor, gifted with a wonderful voice, of a cheerful, sunny nature, and was one of the most versatile men in his profession. He died of pneumonia at the age of 34 years, at Leadville, Colo., March 20, 1880, when it was the center of the gold excitement. The funeral took place on the following Sunday, the Knights of Pythias taking charge of the ceremonies. The funeral was a splendid affair for the region, and no expense was spared. The casket containing the remains was the most expensive that could be obtained, and cost over \$600. The whole population of the town turned out with a band of music and accompanied the remains to the cemetery. On March 11, 1889, it was brought to the attention of the Boston Lodge by Brother W. C. Vanderlip, chairman of the board of grand trustees, that Vivian, the founder of the order, was buried at Leadville, and that his grave was neglected and unmarked save by a slab of wood on which his name was scratched with a nail. Arrangements were immediately made to have the body removed to a more appropriate resting place, and through the efforts of brothers of the order the remains of Charles Vivian were removed to Boston and reinterred in the beautiful Elks' Rest of Boston Lodge in Mount Hope cemetery, April 28, 1889, and soon after a suitable monument was erected to his memory.

The fame of the good work of the order, soon after its institution, began to spread, and our sister cities founded branches from the parent stem. In 1874, there were but two lodges, with a combined membership of 200; in 1881, there were fourteen lodges, with a membership of 1,806; in 1892, the order was composed of 222 lodges, with a membership of 18,424. In 1900, there were 550 lodges with a membership of 55,000. Now in 1903 the fraternal chain has about 900 links, each representing a city or town of importance, and the chain extends from the Atlantic to the Pacific coast and from the Great Lakes to the Gulf of Mexico, with a membership of over 100,000.

The annual from which emphy wufwy The animal from which the order derives its name is the American elk (Cervus Canadensis), and the title commended itself to the founders for the reason that the splendid qualities of this monarch of the glen were so marked. The elk is described as

strong of limb, fleet of foot, keen of perception, and at the same time gentle, timid and unaggressive, save when attacked. Its prototype in the man should be quick to hear the cry of distress, fleet of foot to succor the unfortunate, and by his strength exercise a protective interest for the weak and defenseless.

This powerful order of benevolence and charity is designed to offer its members, and the theatrical profession at large, the certainty of warm hearts and welcome berths in the various cities to which business or pleasure may summon them. One can well realize the sincere satisfaction in finding in each strange city in a little circle of kindred mankind, kind, appreciative and intelligent friends, social spirits who, linked together by the mystic tie, extend the right hand of fellowship, and greet him with the kindly smile of brotherhood. It is not from the professional man alone does the actor find himself embraced in the warm folds of fraternity; men of culture, of influence, of wealth respecting his talents and admiring his manhood, strive to do him justice. Close companionship has made known his merits, his benevolence, his vast fund of experience, his learning and his ability.

The idea has become prevalent that none but members of the theatrical profession and its dependencies are eligible to membership in the order. This is erroneous. On the roll of the membership will be found the names of prominent officials, merchants, bankers, journalists, legal and medical men, and many of the bright lights of the world in art, literature and music.

This social connection, this opportunity to bring the brothers into a clearer conception of the true claims for consideration of its members, is only one object of the Order of Elks. Brotherly love and justice are not the brightest jewels in the crown of a worthy members. Charity shines forth prominently in all their actions, the beacon light that guides them from the shoals of reckless liberality and the quicksands of proverbial prodigality.

It is needless to refer to the well known generous charity of this order, whenever occasion demands its aid. Scarcely can the cry of distress echo on the air, the wail of misfortune, or the moan of despair summons assistance, ere the Elks tender their best efforts to aid and relief, questioning neither country nor creed, doctrine nor belief. By the couch of his sick companion a brother is always found, the kindest of friends, the tenderest of nurses; patient, enduring, painstaking and sympathizing. How often has he smoother the rugged path to the grave of some lonely companion who, afar from kindred and from home, breathes his last sigh of contentment surrounded by those loving brothers who brighten his last moments with the halo of fidelity, and the best assurance that his mortal part will be tenderly cared for and carefully returned to the bosom of Mother Earth.

Nor is the help-giving confined within the limits of the order. A large proportion of the charity funds are devoted to the relief and care of the sick, burial of the dead and succor of the orphan and widow, who have no further claim upon his sympathy than the broad universal tie of humanity. It is the proud boast of the order that no call for aid was ever made from a deserving source and the relief denied, it would be almost an endless task to enumerate the acts of charity done by this order, and mention of this is only made to show that, if the order appeals to the world at large, they give to the same.

The order is a purely charitable organization, seeking to do its charity in silence, so that the proud spirit that suffers in secret, having no fear that never will its sore need, nor the manner of its alleviation, be published to the world, and that the faults, the frailties, the necessities and the help extended will remain as sacred confidence never to be divulged. And this fully explains the reason for the secrecy of the organization.

Charity, justice, brotherly love and fidelity are the watchwords of the order, and humanity its keynote. Its ranks are most widely representative, candidates for membership meeting no test of origin, class, creed or calling; true, honest hearts and manly records are the only requisites. Possessed of these, they are welcome as Brother Elks, the social, humane and noble sides of their hearts encouraged and all those grand qualities that make life's inevitable burdens lighter and the world less drear are fostered and developed, with the noble aim, as has been well expressed, "to make of its members better sons, kinder brothers and husbands, more useful citizens and neighbors."

If sorrow and trouble comes upon them, the Elks' brotherly hand is extended quickly in unostentatious kindness and help; for it is an order in which, indeed, the right hand knoweth not what the left hand doeth. This duty is theirs while life endures; and when brothers are summoned "home"

by the Grand Exalted Ruler of the Universe. "Their faults we write upon the sands, Their virtues upon the tablets of love and memory."

The man who assumes the obligations of an Elk and lives up to those obligations must be a gentleman in the fullest and broadest meaning of that word. He must at all times stand ready to protect women and children, and extend help and support to a brother in distress.

The ablest statesmen, most brilliant politicians and literary lights and the most noted jurists and doctors of the country are Elks.

OFFICIAL MATTERS.

Land Office Business—Land Contracts Filed.

The following homestead entries were made at the land office: William Anderson Gullidge, of Cuervo post-office, 160 acres in Leonard Wood county; Felipe D. Lucero of Chaves post-office, 160 acres in San Miguel county.

Contests Filed

William B. Hern has filed notice in the land office that he will contest homestead entry No. 5807 made by Placido Valdez de Fresquez. The contest involves 160 acres of land in Mora county and will be tried before W. H. Wilcox, United States commissioner at Wagon Mound on August 17.

Apolonio Chaves and others have filed a contest against homestead entry No. 7552 made by Feliciano Marquez. The land is situated in the corporate limits of the town of Galisteo and the entry was made by the woman under the claim that she had to support herself. The contestants contend that her husband is living and contributes to her support. The contest will be heard at the land office in Santa Fe by the receiver and register on August 10.

A Splendid Remedy.

Neuralgia, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerve and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. F. Moore, agent Illinois Central Railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 25c, 50c and \$1.00 at J. H. O'Reilly & Co.

Attempted Self Destruction.

J. Claudio Martinez, who is under bond for his appearance at the next term of the territorial grand jury for the first district court of Santa Fe county, is rumored to have attempted self destruction Friday morning, says the New Mexican.

None of the physicians of the town were called to attend him and at each of the local drug stores it was stated he had not purchased drugs of any kind. Dr. W. M. Popplewell passed Martinez boarding place and Martinez was propped up in a chair on the front porch in the attitude of a sick man. The doctor asked him what was the matter and he said that he had suffered a paralytic stroke. Dr. Popplewell examined Martinez and found that he had no symptoms of paralysis. It is said that Martinez took an overdose of the drug with which he is alleged to have attempted to end his life with the result that it did not have the effect desired by him.

Starling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes as follows: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by all druggists. Trial bottles free, regular sizes 50c and \$1.00.

Wife Failed to Prosecute.

Remigio Lujan, who caused considerable excitement on the plaza Tuesday night by flourishing a revolver and creating a general disturbance, was to have been tried on Friday afternoon before Justice J. M. Garcia, but was released, says the New Mexican.

Prosecution entered a nolle prosequere in the case. It will be remembered that Lujan found his wife occupying a seat in the plaza Tuesday night with another man. They were engaged in conversation which, to Lujan's eye, seemed entirely too earnest.

He drew a revolver on his wife's companion, who beat a hasty retreat. Lujan then proceeded to whip his wife. The following day he kept shady but was arrested Thursday morning by Deputy Sheriff C. R. Huber. He managed to see his wife yesterday and the result was that she refused to appear against him when his trial was called in the afternoon. Deprived of its main witness, the prosecution could do nothing but dismiss the case.

Ladies and Children Invited.

All ladies and children who cannot stand the shocking strain of laxative syrups, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They do not purge the system. Even a double dose will not grip, weaken or sicken; many people call them the Easy Pill. W. H. Howell, Houston, Tex., says nothing better can be used for constipation, sick headache, etc. Bob Moore, Lafayette, Ind., says all others gripe and sicken, while Dr. Witt's Little Early Risers do their work well and easy. Sold by B. H. Briggs & Co. and S. Vann & Son.

On Thursday evening last Miss Gladys Childers entertained in honor of Miss Davenport, of Charlestown, West Virginia, and Miss Erna Ferguson, who has just returned home from school. During the evening various games were played and the guests were Misses Davenport, Ferguson, Rodey, Spitz, Schuster, Campbell, Fox, Messrs. Tascher, Field, White, Halloran, Bryan, Stamm, Edmonds, Clark, Deickmann, Wroth and Bittner.

THE "COLUMBIA."

One of the Finest Private Cars Now in Use, Here Yesterday. The "Columbia," said to be one of the finest private cars now in use, was here yesterday. Saturday night it came in with Frank Seaman, a prominent New Yorker, and party, composed of Mrs. Seaman, Misses Hunting, C. A. Seaman, Dr. E. E. Harris and Mr. Seaman's two sons.

Mr. Seaman is touring the southwest and will visit the Grand Canyon in Arizona, Salt Lake, Yosemite Valley and other points. He and party looked over Albuquerque yesterday and he believes it is to be the city of the great southwest. He told The Citizen representative that it had a look of a get-there sort of order, and he was surprised at the enterprise of the Duke City. His car is fitted up with ten disappearing berths and they can be readily adjusted so that the compartments can be changed into a spacious drawing room. The car is splendidly furnished and is equipped with all the modern comforts and conveniences. The "Columbia" left last night with its congenial party for the Grand Canyon.

Pleasant Lawn Party.

Saturday evening, at the home of Mr. and Mrs. W. W. Strong, North Eighth street, Miss Mabel Strong entertained in a pleasing manner about a dozen friends in honor of Miss Davenport, who is here from the east visiting Miss Helen Rodey. The weather was pleasant and a greater part of the evening was spent on the lawn. The amusements were dancing, music and refreshments. The guests were: Misses Ada Campbell, Mary Telfer, Susie Dobson, Helen Rodey and Miss Davenport; Messrs. Willie Pratt, Willie Halloran, Willie White, Fred Nichols and Grover Strong.

LOCAL PARAGRAPHS.

Mrs. L. H. Weber, of Ludlow, Ky., is in the city to spend the summer with her sister, Mrs. Threlkeld.

Hon. Solomon Luna, who was here Saturday night, was a passenger for Santa Fe yesterday morning.

Housekeepers should interest their servants, these hot days, to burn the kitchen refuse, and not use the alleys for dumping places.

Hon. M. R. Otero, register of the United States land office at Santa Fe, was here yesterday with his family. He returned north last night.

Mrs. L. L. Merrill, sister of Mrs. T. Y. Maynard and Miss Katherine Wilson, arrived this morning from El Paso and will remain a few weeks.

Darby A. Day, the New Mexico Manager of the Mutual Life Insurance company of New York, returned yesterday after a successful visit to northern towns.

Donald Coverdale, son of Mrs. D. D. Coverdale, the milliner, left Sunday morning for Havensville, Kan., where he will spend the summer with relatives and friends.

A small fire in a coal shed in the rear of one of the Peader cottages at the corner of Second street and Lead avenue 11:15 o'clock this morning, called turned in by still alarm, brought out the fire department and a lively run was made. Little damage was the result of the fire.

F. J. Easley, division superintendent of the New Mexico division of the Santa Fe came in from the north last Saturday night, accompanying General Manager Mudge as far south as this city. Mr. Mudge continued south and looked over the washout on the line between Las Cruces and El Paso.

Governor M. A. Otero, Chief Justice W. J. Mills and Territorial Secretary J. W. Reynolds, who were down on their sheep ranch in Leonard Wood county superintending the shipment of a big clip of spring wool, came in from the south yesterday morning and continued north, the chief justice for Las Vegas, and the governor and Mr. Reynolds for Santa Fe.

J. E. Haines, wife and children, who enjoyed a splendid outing on the Rio Pecos, fishing and hunting, returned to the city Saturday night. Mr. Haines says he caught 139 trout, and that they and trout plenty while in the mountains. He has resumed his duties at The Citizen office as bookkeeper and collector, a position filled during his absence by H. Jay Stone.

A telephone message from old town, received at 3 o'clock this afternoon, gives the information that Judge Seferino Crollott is giving a free clog dance at the plaza, and Hon. Jesus Romero is playing the fiddle. The cause of the rejoicing is that Mrs. Crollott presented the judge with the seventeenth child, a brand new girl baby having arrived last night, and of course the judge is in a happy frame of mind. Mr. and Mrs. Crollott have been married twenty two years, and of their offspring seven are alive—four boys and three girls. Mother and child are reported doing nicely this afternoon.

BASE BALL.

Seventeen to Six Was the Way the Old
Town Tigers Trounced the Browns
Yesterday Afternoon.

The Old Town Tigers wiped and
dusted the earth with the Browns at
the fair grounds yesterday afternoon
to the tune of 17 to 6.

One or two good reasons can be of-
fered for the lack of good playing on
the part of some of the Browns. In
the first place, the team has not played
for several weeks, and that also can
be said of the Tigers. Then again a
discord was noticed. No pitcher, no
matter how good he is, can pitch good
ball when he's nagged to death by an-
other player, who constantly finds
fault with him and tells him he's paid
for it, and a lot of other stuff. Be-
sides, this same first baseman made
some awful errors and should have
been sent to the bench. The scribe
understands that no player has any
right to question decisions, open his
mouth to tell players what to do or
find fault with the captain. Captain
Vorhes. It is up to you to enforce this
rule. Dirty ball playing should be
stopped.

The spectators, the ball players and
the band boys, all were heated up by
old Sol. Milwaukee Charlie or the la-
dies' favorite put up a pretty good all-
round game, and put life into it, too.
He had to drop one nice fly, but if all
had played as well as Milwaukee Char-
lie the score would have been a good
deal smaller.

Billy Berry had a nice blackboard
nailed up on the judge's stand and at
the end of every inning put up the
score. This was appreciated by the
spectators, and is another testimony
of Billy's thoughtfulness of his pa-
trons. Wilson hurt his thumb during
the game and had to retire. Willie
Brown, Pettes, Chaves, Daniel of the
Tigers, Willie Neher, Kunz and Helwig
did good ball playing, and Umpire
Wynkoop officiated to the satisfaction
of all. The score by inning:

Tigers 4 0 3 0 1 2 4 0 3—17
Browns 1 2 0 0 2 0 0 0—6

FIRST DISTRICT COURT NEWS.

Suit to Quiet Title to Santa Fe Prop-
erty—Other Court Items.

Suit was filed in the district court
for Santa Fe county Saturday morning
by C. C. Closson vs. Jennie C. Fisher,
widow of Hank Fisher and Catherine
Fisher, their minor child, for the title
to a lot on Don Gaspar avenue near
the Rio Santa Fe. It is alleged the
property was formerly owned jointly
by H. C. Kinsell and Hank Fisher and
that the former purchased Fisher's in-
terest just prior to Fisher marrying
the defendant, Jennie Fisher. Hank
Fisher died later and some time ago
the property was conveyed to Closson
by Kinsell who at the same time gave
to plaintiff the deed from Fisher, then
in his possession. Closson alleges that
he has since lost the deed and that de-
fendants claim some interest in the
property. Suit is brought to establish
his right.

ment may be asked for by the plain-
tiff.

Suit was brought by Col. George W.
Knaebel, counsel for Adam E. Rouiller
vs. Henry Arnold and James E.
Haines, the former of San Miguel and
the latter of Santa Fe county. It is
alleged that in 1897 the firm of Arnold
& Haines issued a note to the plain-
tiff for \$552, upon which the sum of
\$125 has been paid by defendants and
that the remainder is still due and un-
paid. Suit is brought to recover the
same and the costs of suit.

Benjamin M. Read, as attorney for
Mrs. Lucia Sandoval de Lacasaigne
of Santa Fe, filed in the district court
for Santa Fe county a suit in eject-
ment against David M. White for the
recovery of a piece of land of about
300 feet deep by 200 feet wide. The
land is situated in precinct No. 18, San-
ta Fe county and is valuable, because
the soil is of fine brick clay. The pen-
itentiary authorities have for some time
past used the clay from this land to
make vitrified brick.

Hot Weather Weakness.

If you feel fagged out, listless and
lacking in energy, you are perhaps
suffering from the debilitating effects
of summer weather. These symptoms
indicate that a tonic is needed that
will create a healthy appetite, make
digestion perfect, regulate the bowels
and impart natural activity to the
liver. This, Herbine will do; it is a
tonic, laxative and restorative. H. J.
Freegard, proprietor Grand View ho-
tel, Cheney, Kan., writes: "I have
used Herbine for the last 12 years,

Like a Comet

This famous remedy does for the stomach that which it is unable to do for itself, even if but slightly disordered or overburdened.

Kodol

supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles and membranes of that organ are allowed to rest and heal. It cures indigestion, flatulence, palpitation of the heart, nervous dyspepsia and all stomach troubles by cleansing, purifying and strengthening the glands, membranes of the stomach and digestive organs.

NEW SCIENTIFIC PROCESS.

A Preparation Discovered That Will

Destroy the Dandruff Germ.

For some time it has been known

that dandruff is caused by a germ that

digs up the scalp into little white

flakes, and by sapping the vitality of

the hair at the root, causes falling

hair, and, of course, finally baldness.

For years there have been all kinds of

hair stimulants and scalp tonics on

the market, but there has been no per-

crushed and bursted to death. No. 751 will have to be rebuilt and No. 822 can be repaired.

The track in the shop yard is now full of sick and wounded engines and the many doctors will be kept busy many days to come in repairing them.

His Last Hope Realized.

From the Sentinel, Gebo, Mont.

In the first opening of Oakland to

settlers in 1889, the editor of this pa-

per was among the many seekers after

fortune who made the big race one

fine day in April. During his traveling

about and afterwards his camping up-

on his claim, he encountered much

bad water, which, together with the

severe heat, gave him a very severe

diarrhoea which it seemed almost im-

possible to check, and along in June

the case became so bad he expected to

die. One day one of his neighbors

brought him one small bottle of Cham-

berlain's Colic, Cholera and Diarrhoea

Remedy as a last hope. A big dose

was given him while he was rolling

about on the ground in great agony,

and in a few minutes the dose was re-

peated. The good effect of the medi-

cine was soon noticed and within an

hour the patient was taking his first

sound sleep for a fortnight. That one

little bottle worked a complete cure,

and he cannot help but feel grateful.

The season for bowel disorders being

at hand suggests this item. For sale

by all druggists.

July 4 and 5—Labor union picnic at

the fair grounds. Base ball, racing and

sports of all kinds.

For Over Sixty Years

An old and well tried remedy.

Mrs. Winslow's Soothing Syrup has

been used for over sixty years by mil-

lions of mothers for their children

while teething with perfect success.

It soothes the child, softens the gums,

allays all pain, cures wind colic, and

is the best remedy for diarrhoea. Is

pleasant to the taste. Sold by drug-

gists in every part of the world.

Twenty-five cents a bottle. Its value

is incalculable. Be sure and ask for

Mrs. Winslow's Soothing Syrup, and

take no other kind.

LAND SCRIP.

By the use of so called land scrip

title can be obtained to government

land without cultivation or residence

thereon. All you need to do is to give

description and show the land to be

of the proper kind; we do the rest. By

reason of the exhaustion of the supply

which has been quite a small amount

yet on hand to sell, that is fully guar-

anteed. We also deal in real estate,

loans and investments.

NEW MEXICO TOWNS**SANTA FE.**

From the New Mexican.

About twenty-five pupils, Indians, of
the San Juan pueblo, who have been
attending the United States Indian
Industrial school in this city, left for
their home, where they will spend the
summer vacation.

Mrs. George E. Ellis, wife of the pro-
prietor of the Claire hotel, is arrang-
ing to leave for her old home in Penn-
sylvania Tuesday. She will also visit
New Jersey coast resorts while east.

Mrs. David Knapp, J. M. Diaz and
W. M. Popplewell performed a very
delicate surgical operation, removing
tuberculous glands from the throat of
Miss Francisca Sena. The patient
rallied nicely after the operation and
is doing well.

A warrant was issued for Canuto
Espinosa and one for Antonio Sedillas,
each being charged with assault and
battery. The warrants were issued by
Justice J. M. Garcia. They were
served by Deputy Sheriff Huber. The
two men are in jail.

Manuel Gutierrez, who has been in
the county jail because he was deten-
ted, was released and given into the
care of his mother who took him to
her home at San Pedro. Gutierrez has
been in jail for some time and his
mental condition has improved con-
siderably since his confinement there-
in.

Ysabel, the little 2-year-old daughter
of Mr. and Mrs. A. M. Bergere, was
bitten by a dog. The animal was a
pet owned by neighbors and the child
was playing with it when it bit her.

The upper teeth cut the skin of the
baby's chin and the lower teeth
scratched her throat. The dog was
promptly dispatched to another world
by Mr. Bergere, and Dr. J. M. Diaz
was called and cauterized the wounds
inflicted by the canine's teeth.

Donaciano Rael, who was arrested
at Agua Fria Tuesday by Deputy
Sheriff Huber on a charge of flourish-
ing a revolver, was taken before Jus-
tice J. M. Garcia for his preliminary
hearing. He waived examination and
was bound over to await the action of
the grand jury for this county at its
next regular session. He was placed
under a bond of \$300 to keep the peace
for six months. Both bonds were filed
and Rael was liberated.

E. L. WASHBURN

LOCAL PARAGRAPHS

Ed. Grunsfeld and L. L. Gatewood have returned from Denver, where they attended a banquet given to Equitable Life Assurance Society men.

Mrs. Victor J. Bauer, wife of the collector of the Mutual Automatic Telephone company, left this morning to enjoy the summer with relatives and friends in Pennsylvania.

Clay Williams, who has a contract for sinking a well on the Santa Fe cut-off in Abo canyon, is in the city. He has one well down 200 feet, but has encountered little water.

Julius Seligman of Bernadillo, has gone to San Francisco, Calif. to attend the marriage of a brother, Siegfried Seligman. The bride to be is Miss Meta Bloch, formerly of this city.

Herman Blueher and Geo. P. Hill left yesterday morning for Trinidad, where Mr. Blueher will endeavor to secure the contract to put in the lawn for the Santa Fe railroad at the new Trinidad hotel and depot.

Miss Mabel Fox left yesterday morning for Wilkesbarre, Penn., taking along with her her two little nephews, Tommy and Allen Learnard. They will be absent until September 1, visiting Mrs. H. B. Pursell, a sister of Miss Fox.

A rumor is in circulation that the city, on account of the damming of the water on North Fourth street, will have several damage suits on their hands. Certain persons, who were damaged by the penned up water, have already consulted attorneys.

Judge Seaman Field and A. W. Wilson, who passed through the city a short time ago with 1125 range cattle, came in from the north last Saturday night, and continued south to Deming, where they reside. The cattle were placed on pasture in Nebraska.

G. P. Clark, distribution clerk at the local Santa Fe offices, is laying off nursing a badly injured foot. Clark was passing through the machine shops, when by accident, his foot was caught in the machinery of a running planer and bruised and considerably mangled before it could be extracted.

Rev. Fredrick V. Fisher at the Lead Avenue Methodist Episcopal church preached a fine sermon on "John Wesley, the Man" yesterday morning to a large audience. In the afternoon there was a mass meeting at which Rev. Mr. Renison preached on "The Gospel of John Wesley. An old fashioned love feast followed which was conducted by Rev. Mr. Hodgson.

The body of Taylor Dave, the Shoshone Indian boy who was drowned near Moriarty yesterday a week ago, was recovered Friday night and was buried near that place Saturday morning. The body was in such a state of decomposition that it could not be shipped to the old home of deceased's at Owyhee, Nev., on the western Shoshone reservation.

Robison Park was crowded last night with city folks out to hear the band concert, and it was fine. The program was quite elaborate and lasted over two hours. Drum Major Mike Digneo when costumed in his band uniform, is a terror to the small boy. Last night a number of them clambered on to the band stand, but when they saw the drum major they tumbled down and out and shouted, "look for the Irish police".

Dead.

Pottsville, Pa., June 29.—Former Judge Cyrus Pershing died today at his residence in this city. He was presiding judge of the Schuylkill county courts during the trial of members of the notorious Molly McGuire's, who were convicted and many executed.

Loomis in Charge.

Washington, June 29.—Secretary Hay has gone to Newport on a two weeks' visit to his daughter Mrs. Whitney. Mrs. Hay is about to go to New York to visit her daughter, Mrs. Wadsworth. Assistant Secretary Loomis is temporarily secretary of state.

Free Fire Works.

Beginning Monday, the 29th, till July 4th we will give absolutely FREE of charge with every boys' suit sold 50 cents worth of fire works, and with every sale amounting to \$10 or more \$1 worth of fireworks. Simon Stern, the Railroad Avenue clothier.

The Fourth of July is to be celebrated in great style, but you cannot enjoy it unless your feet are comfortable. We have a large assortment of low and high shoes built for hot weather and prices are very reasonable, at C. May's popular priced shoe store, 208 West Railroad Avenue.

Simon Stern, the Railroad Avenue clothier, offers big values in men's suits during Independence week, also gives away \$1 worth of fireworks with every sale amounting to \$10 or over.

Frozen punch—banana, vanilla and nut creams. Delaney's, Bell 'phone 98.

TWO DECADES OF BIG SHIPS.

Some of the Great Ocean Liners That Have Been Built Within the Last Few Years.

A striking illustration of the rapidity with which marine architecture has developed during recent years is to be had in the case of the old Anchor liner City of Rome, which was built in 1881, and for 12 years enjoyed the distinction of being the largest Atlantic steamship. She is being towed now in England to an obscure port to be broken into junk, says the Washington Star. It is with difficulty that one recalls the City of Rome as a holder of records of any kind, although when she was in her prime her name was familiar to the people on both sides of the ocean. When she was displaced from top rank in point of size by the Lucania and the Campania, in 1893, there was much marveling and many predictions that these vessels would for a long time hold the head of the lists. But once the era of big vessels opened it produced a rapid succession of "largest ships," and during the past five years there has been such an impetus in the steamship building line, especially in Germany, that the announcement of another monster excites comparatively little attention. Just at present the Oceanic and the Celtic are the largest vessels in service, and alongside of them the City of Rome would seem a pygmy.

MARY LEITER'S ELEPHANTS.

Former Chicago Girl Owns More of the Big Animals Than Any Other Caucasian.

Lady Curzon, too, has one distinction that is unique. She is the possessor of more elephants than any other Anglo-Saxon or European in the world, for more than one of her dusky admirers has sent her ladyship an elephant, sometimes two. One of these is an immense creature, with the kind of wonderful sagacity about which we all read in school readers in the days of our youth. Its unwieldy form, with Lady Curzon in a white and gold howdah on its back, is often to be seen in the native bazaars, and when the beast sees anything for which it has a fancy that article is promptly handed up to its mistress. One day last year he made a very queer present, nothing less than a small brown baby two or three years old. It was the son of the great beast's keeper, and no sooner did the elephant see it trotting along with its mother than he seized it gently and lifted it into the air. The next moment Lady Curzon was gazing in astonishment upon a small brown baby clothed in a string of beads. Needless to say, it descended a richer and happier baby.

NOW FOR THE WHOLE OF THIS WEEK—HERE IS AN UNPARALLELED FOURTH OF JULY OPPORTUNITY

A decidedly remarkable opportunity, for it makes things lively for us during the week and lively for you on the Great Day. Beginning Monday, June 29, until Saturday, July 4th

We Will Give Absolutely Free

50 cts worth of Fireworks with every Boys' Suit purchased from us—or **\$1.00** worth of Fireworks with every sale amounting to \$10.00 or over

No two ways about it—you buy any Boys' Suits, or any goods to the amount of \$10.00, and we give you, respectively, 50c or \$1 worth of any kind of Fireworks

Further Inducements for Independence Week are the BOOMING BARGAINS In the Men's Suit Section

Early this season we advertised the largest and most complete line of Popular-Priced Men's Suits ever brought to the Southwest. Well! Up-to-Date Clothing and BIG VALUES did the business. We have had the most successful Spring Season in our history—sold more suits than we ever did before. But there are lots of suits still unsold—the plums are not ALL picked. And so to make things lively we are prepared for the week of the Glorious Fourth with extra big suits values that shoot out Dollar-Saving sparks worth catching.

Here's the Way the Sparks Fly:

Suits that sold up to \$18	Independence Week	\$15.00
Suits that sold up to \$15	Independence Week	\$12.50
Suits that sold up to \$12	Independence Week	\$10.00
Outing Suits that sold up to \$10	Independence Week	\$ 8.50
Outing Suits that sold up to \$8	Independence Week	\$ 6.50
Outing Suits that sold up to \$6.50	Independence Week	\$ 5.50
