NUMBER 488

BOAT RACES BY COLLEGE MEN

Races Between Cornell and Columbia Colleges.

A DESTRUCTIVE FIRE IN CINCINNATI

King of Servia Suffered for Rewarding the Assassins.

Poughkeepsie, N. Y., June 26.—When the college oarsmen of Columbia and Cornell looked out of their windows this morning they were surprised to find their race day opening with clear skies and to see the sun for the first time in twenty days. The wind was hardly more than a zephyr. Never in the history of Poughkeepsie has there been such a light attendance of college sympathizers and followers as appeared in the hotels and on the streets this morning. This may be due to the fact that races are held late in the afternoon and there is plenty of time for people in the cities up and down the river to get here by special trains before the first race is rowed. The program for the day is as follows: Four p. m., four-oared race; 4:45 p. m., freshmen; 6 p. m., Varsity race. Cornell won the four-oared race by half a length, Pennsylvania second by four lengths, Wisconsin third, Columbia fourth. Time, 10:34. Cornell won the freshmen race by nearly a length, Syracuse second, Wisconsin third; time—Cornell 9:18, a new record for the course. Cornell won Varsity race by fifteen lengths.

KING IS SNUBBED.

Servian Usurper Ignored for Rewarding Assassins of Alexander. Belgrade, June 26.—King Peter held a reception this morning, and only two foreign diplomats, the Russian and Austrian ministers, attended. Representatives of three or four other countries apparently were willing to recognize King Peter, but not the Servian cabinet, in which Colonel Maschin, one of the chief conspirators, held a portfolio. The king's reappointment of the ministry yesterday is regarded as equivalent to a notification that no punishment will be meted out to the assassins of King Alexander and Queen Draga.

THE CITY POND.

Civil Engineers Here to Take Action on Fourth Street Water Pond.

ENGINEER NEWLEE INTERVIEWED.

Billy H. Newlee, civil engineer of the New Mexico division of the Santa Fe, and assistant to Chief Engineer H. C. Phillips of the Western Grand division of the Santa Fe, arrived in the city last night and is stopping at Sturges' European hotel. He is here in behalf of the Santa Fe and to cooperate with the city in disposing of the pond of water congregated above the city and probably take steps toward making some protection for Albuquerque and Santa Fe property against floods which may come in the future. During the morning Engineer Newlee and City Engineer Pitt Ross visited the flooded districts, viewed the big pond above the dyke, and returned to the city before dinner time. Engineer Newlee was seen by a representative of The Citizen and consented to give his opinion of conditions. "Yes, sir, Mr. Ross and myself visited the flooded district to the north this forenoon and found lots of water. I am here in behalf of the Santa Fe to see what can be done with the big pond of stagnant water, which is causing some grief to the city and the people living in that vicinity. "We looked over the situation and I will make a report to my superiors.

I don't know what will be done, but I will suggest that the water be drained through a ditch across the Santa Fe right of way to a place above the scouring mills, where, possibly, it will be run through a culvert yet to be made, under the tracks. There it will be drained by natural sources of gravitation, through and by the city." Engineer Newlee also stated that the pond now covers about 550 acres of land and the water now stands about two and one-half feet deep at the dyke. It will be known in a day or so whether or not the Santa Fe will take the matter up and assist the city in draining the pond.

Destructive Fire. Cincinnati, June 26.—Almost the entire plant of the Cincinnati Abattoir company, one of the largest in this section, was destroyed by fire today. The fire was caused by an explosion in the engine room. The loss is estimated by captain of the salvage corps at \$300,000.

Cadet Examination. Washington, June 26.—Howell failed in examination for cadet at Annapolis only in his eyes and tonsils. Frank Springer, alternate, will now try.

Dynamite Found. Sofia, June 26.—The police last night raided the headquarters of the Macedonian revolutionaries at Kostendil. A quantity of concealed dynamite was exploded and six men were killed and a number injured.

RAILROAD OFFICIALS.

Messrs. Cain and Kouns Passed Through the City.

Superintendent D. E. Cain of the Western Grand division of the Santa Fe, and family, and C. W. Kouns, superintendent of transportation of the Santa Fe system, were in the city today noon. They arrived at 11:50 o'clock on delayed passenger train No. 22 from El Paso and left at 12:40 going north on stub passenger train run from here for the accommodation of through passengers arriving from the south.

Superintendent Cain was not feeling well, suffering from a slight cold and did not leave his car, No. 215. Mr. Kouns alighted and was seen on the platform in company with Train Master G. A. Gibson of the Albuquerque-Winslow division.

Mr. Kouns explained that their visit to El Paso was of no particular consequence any more than that they were down to the Pass city to see what was doing. He reported the river high at El Paso, and that great damage was being done to all kinds of property.

All the news all the time in The Citizen.

LEARNING TO RIDE.

An Amateur Bicyclist Creates Some Merriment.

This morning about 10 o'clock a young man, probably 22 years of age, appeared on Railroad avenue in the vicinity of Third street riding a two wheeler. At first sight one would have taken him to be drunk, but after a few very amusing stunts, it was easily seen that he was an over ambitious amateur.

He came dashing down Third street and endeavored to turn onto Railroad avenue, the turn was too short and he ended in a mix up with a wheel standing in front of the Golden Rule dry goods store. Undaunted, he gathered himself up from the sidewalk, extricated his wheel from the other wheel, and was away in a made race down the

street. By the time he obtained good headway a cruel man blocked the way with a buggy, the riders feet slipped off his wheel and in his despair the amateur steered straight into a telephone pole in front of E. J. Post & Co.'s store.

Quite a crowd had gathered by this time and each had a good laugh at the expense of the unfortunate cyclist.

THE ISLETA KILLING.

Preliminary Hearing of Magdalena Montoya Not Yet Set.

The time for the preliminary hearing of Magdalena Montoya, who is in the old town county jail charged with having murdered Jose Felipe Montoya at Isleta Wednesday night, has not yet been set.

Magdalena, it is claimed shot his friend, Jose, while in a drunken row. This he denies and says Louis Abeltia did the work, he being a participant in the melee, too.

No new facts have been learned yet, but the officers are at work on the case.

The Citizen's story last night was correct, and the Democrat's story this morning was decidedly off, for Magdalena Montoya is in jail and not the dead man, Jose Felipe Montoya.

Leo Loewenstein, a prominent merchant of San Marcial, arrived this noon on delayed train No. 22.

OFFICIAL MATTERS.

Land Selections Approved—Coal Declaratory Statement.

MINE SURVEYS ORDERED.

The secretary of the interior has approved selections made by the territory of New Mexico of 2,238 acres of land in the Las Cruces land district to be used for a miners' hospital.

Land Office Business.

The following homestead entry was made: Mariano Jaramillo, Guadalupe postoffice, 160 acres in Colfax county.

Coal Declaratory Statement.

The following coal declaratory statement was filed at the land office: Harry A. Ensign, Raton postoffice, NE. 1/4, NW. 1/4 and N. 1/4 of the NE. 1/4 section 24, T. 31 N., R. 24 E., 120 acres in Colfax county.

Territorial Funds.

The following funds were received at the office of J. H. Vaughn, territorial treasurer: From E. W. Hulbert, collector and ex-officio treasurer of Lincoln county, \$4,759.52, taxes for 1902. From H. O. Bursum, superintendent of the territorial penitentiary, \$82.50, convicts' earnings.

Surveys Ordered.

Orders have been issued at the office of the surveyor general for the official survey of the Scarlet lode, mineral survey No. 1161, situated in the Red River mining district in Taos county. R. H. Brown and others are the claimants and the survey is to be made by William McKean of Taos, United States deputy mineral surveyor. Also for the official survey of the Copper Glimmer lode, mineral survey No. 1167, and the Philip lode, mineral survey No. 1168, situated in the White Signal or the Cow Springs mining district in Grant county. David H. Tulloch is the claimant and the surveys are to be made by George R. Brown of Silver City, United States deputy mineral surveyor.

Lynchers Cheered.

Wilmington, Del., June 26.—Arthur Cornell, of Hartford City, Ind., who was arrested on the charge of manslaughter in connection with the lynching of George White last Monday night was given hearing before Magistrate Hollis today today. Attorney Ward asked that Cornell be held in bond, but Magistrate Hollis decided that there was no evidence to warrant such action and dismissed the defendant. Cornell was greeted with loud cheers as he left the court room.

The cowboy girl, Miss Blanche Dunbar, mentioned in The Citizen yesterday afternoon, has found some very pretty lady friends in this city, and it is understood that the latter will entertain Blanche before she returns to the range. It is also learned that Blanche, instead of having been born in Denver, is in every sense of the word an Arizona product, her native home being Globe.

TROUBLE AGAIN

New York City Plasterers on Strike.

KANSAS LEGISLATURE TO ADJOURN

State of Anarchy Exists in Breathitt County, Kentucky.

EARTHQUAKE SHOCKS IN HUNGARY

New York, June 26.—The building trades war was renewed today when a delegation from the Ornamental Plaster Workers' union and forty representatives of the board of united building trades marched through the upper west side calling out all the plasterers who were overlooked yesterday.

Plasterers throughout the country who work for the members of the New York Employers' association will be called out and Delegate Sam Parks said today that if this did not prove effective, the Housewives' and Housemen's unions will order a national strike and tie up every building operation in the country.

Kansas Legislature.

Topeka, June 26.—The extra session of the legislature will likely come to an end tonight. All that remains is the signing of the bills by Governor Bailey and his final message.

Anarchy in Kentucky.

Jackson, Ky., June 26.—Judge Carwell, who presides over the city court here and who fined two men brought before him on the charge of firing Captain Ewen's hotel, has received notice of threat of assassination and has taken up his residence in his store. He will be guarded by militia.

Earthquake.

Erlau, Hungary, June 26.—Four violent earth shocks were felt here at 6 o'clock this morning. Several houses in the suburbs collapsed and nearly all the buildings in the town were more or less damaged. The inhabitants were panic stricken.

FAREWELL RECEPTION

Tendered to Rev. Robert Renison Last Evening.

A DELIGHTFUL AFFAIR.

Last evening at the rectory at St. John's Episcopal church, 318 West Silver avenue, was tendered the farewell reception to the pastor, Rev. Robert Renison, who will depart on Monday for Sacramento, Cal., to accept a call as pastor of Trinity church of that place.

The affair was given under the auspices of the Ladies' Guild and was delightful. The arrangement were carried out and Rev. Renison and family were greeted by a large number of friends and members of the church. Oriental lanterns shed a mellow light over the lawn and in the house richly decorated, were in pretty effect. The table, where refreshments of ice cream, cake and other dainties were served, was a profusion of flowers. Late in the evening, when the festival was at its zenith of delight, Mrs. G. L. Brooks, president of the Ladies' Guild, surprised the departing and loved pastor, who has been dear to the members of his flock four years, with the presentation of a well filled purse, the gift of the members of the Guild and friends of the church.

Rev. Renison was beaming with joy showing his gratitude toward the friends he is about to leave, and when seen last night said that he regretted very much his departure from Albuquerque, but on receiving an urgent call from Trinity church, Sacramento, felt it his duty to respond.

Rev. Renison has resided in Albuquerque four years, coming here from Canada, and he and his family, Mrs. Renison and daughters, have a host of

friends here who regret very much their departure.

Rev. Renison will fill the pulpit of St. John's church, this city, on Sunday, and deliver his farewell sermon. The Renisons expect to depart for their new home on Monday.

Negro Shot in a Riot.

Wilmington, Del., June 26.—As a result of last night's riot, William Cramer, a negro, who was shot during a disturbance in the negro district, known as the "Coast," died today. There was considerable disorder in the district and the rioting reached its climax in a fight among the negroes themselves about midnight. If there is any further rioting tonight the police authorities say that the militia will be asked for. All is quiet today.

Big Mortgage.

Guthrie, June 26.—A mortgage for \$250,000 was filed here today with the Mississippi Valley Trust company of St. Louis as trustee, to complete the Denver, Enid & Gulf railroad from Guthrie northwest through Enid and the counties of Grant and Woods to the Kansas state line, a distance of 130 miles. The road now in operation between Guthrie and Enid.

Frank D. Carpenter, the sheep man, came in yesterday from his ranch in Valencia county, in advance of his big spring clip of wool, which will arrive here tomorrow.

LAS VEGAS EXCITED.

Citizens Hold Mass Meetings and Pass Resolutions.

FIFTY CITIZENS CALL A MEETING.

Special to The Citizen.

Las Vegas, June 26.—The people of Las Vegas have passed the following resolutions and called a mass meeting for June 30 to denounce the management of the territorial insane asylum:

In view of the fact that in the recent investigation of the insane asylum considerable interest has been manifested by all the citizens of Las Vegas and the territory of New Mexico, and that the matter has grown to serious proportions through the efforts of certain interested parties to cover up and hide from the public the true state of affairs, and that malicious, threatening and slanderous charges have been made against all that gave testimony against the management, they have grown so bold as to publicly denounce as prostitutes all witnesses who have stated on oath their testimony and have made threats against the safety of those persons who have had the courage and manliness to denounce the outrageous treatment which the inmates and deceased patients had been subjected to by employees of said asylum; and whereas it has been shown by testimony given before the investigating committee in various instances that cruel, inhuman and brutal punishments have been inflicted upon the helpless bodies of these unfortunate, in one instance at least causing death, and whereas, such testimony has been exposed and published as given before said committee by the Las Vegas Advertiser, for which its editor has been unjustly abused and personally assaulted and threatened to be murdered and assaulted by a mob of co-sympathizers of the management, and whereas, such acts on the part of the management of said insane asylum and their co-sympathizers are against law and decency and good order and the policy of the government, and against justice itself and contrary to American principles. Now, therefore, we, the undersigned, for the purpose of having an expression from the people condemning said outrages and threats and for the purpose of taking steps to protect from criminal violence of said agitators the men who have stood by the unfortunate wards of the territory and by the rights and dignity of the people, a mass meeting is hereby called to be held at the court house of San Miguel county, on Tuesday, the 30th day of June, at 8 o'clock p. m. These resolutions are signed by fifty reputable citizens. The Advertiser says today that a bribe was made and unless strung to a bridge, in the meantime will have more to say next issue.

POSTAL SCANDAL IS DISCUSSED

Cabinet Holds Important Meeting.

THREE NEGROES LYNCHED IN GEORGIA

Morgan Presents Silver Cup for International Yacht Contest.

Washington, D. C., June 26.—The last meeting of the cabinet before the president's departure from Washington tomorrow was held today. Shortly after the members had assembled, former Postmaster General Smith, who took breakfast with the president, was ushered into the cabinet room.

Upon leaving the white house Mr. Smith, when asked of he had anything to say concerning the postoffice investigation, replied that his statement in response to references to himself in the Briarwood report would be given to the public.

The cabinet meeting was devoted chiefly to the clearing up of routine departmental matters in anticipation of the president's departure, although Postmaster General Payne occupied considerable time not only in presenting the current situation as developed by the investigation now in progress in the post office matters, but in discussing his future plans relative to the investigations.

MORGAN'S CUP.

It is Contested by German and American Yachts.

Kiel, June 26.—Starters for the American cup presented by J. P. Morgan were the emperor's American built schooner, the yacht Meteor, the Empress Iduna and A. Tiegen's Hamburg. The emperor, with Rear Admiral Cotton, Commander McCrea of the Machias, Captain Walker of San Francisco, Captain Cromwell of the Chicago on board as his guests, sailed the Meteor, steering her much of the time. The start took place at 10:10 a. m. in an eight to ten knot breeze.

NEGROES LYNCHED.

Three Hanged by a Mob for the Murder of a White Man.

Atlanta, Ga., June 26.—Meagre reports received here from Albany, Ga., state that three negroes have been lynched at Newton, twenty miles south of Albany. No particulars are obtainable and the crime for which the negroes are reported to have met death is not known.

The three negroes who were lynched were: Garfield McCoy, George McKinney and Wiley. They were taken from the jail at Newton, twenty-one miles south of here, last night and strung up. They were in jail for killing W. S. Bullard, a white man who was called to quell a row at a negro dance near his house one night last week. The mob went to the jail and told the guard that they had another prisoner to lodge in jail, and when the jailer reached the door with his keys, the mob rushed upon him and overpowered him. The three negroes were taken a mile from town, hanged to a tree and riddled with bullets.

UNDER ADVISEMENT.

Court of Private Land Claims Heard Arguments in Two Cases.

The United States court of private land claims was in session at the court room in the federal building, Santa Fe, Wednesday afternoon and yesterday morning, all officials who were present at the previous sessions being in attendance.

The evidence in case No. 281, Romel Barcia vs. the United States for the Barcia land grant in Dona Ana county, and case No. 280, Blaza Alvares de Sanchez vs. the United States for the Sanchez land grant in Dona Ana county was heard Wednesday afternoon.

The court adjourned Wednesday evening until 10 o'clock Thursday morning and after convening heard the arguments in the above named suits. The addresses of the counsel in

each case had been made by 12 o'clock when court adjourned until 10 o'clock this morning. The two cases are under advisement.

TENNIS CLUB.

A Movement Now On Foot to Reorganize the Albuquerque Tennis Club. There is a movement on foot to get the old Albuquerque Tennis club on a good solid footing again.

Fred Newman is taking the matter up and the chances of success are good. The courts have been removed from Coal avenue to the end of Gold avenue. It is expected that a tournament will be held during the week of the territorial fair, and teams from other places are to compete. There are good players in this city and Albuquerque should have a good team. Tennis is a good healthy exercise and should be indulged in by our young people.

ROUGH RIDER DEAD.

Michael C. Rose, Brother of Thomas Rose, is Dead.

Tom Rose, who was a well known base ball player years ago, received a telegram from Silver City, N. M., announcing the death of his brother, Michael Rose, in Clifton, Ariz., on Sunday from disease of the prostate gland.

The deceased was a member of Troop K, Roosevelt's Rough Riders, and served through the Spanish-American war with distinction. His premature demise may be traced to his campaigning in Cuba and his sojourn as a convalescent in the camp in New York harbor, where so many suffered from neglect.

Mr. Rose, who now resides in El Paso, also received information that his mother was very ill and her death is looked for at any hour.

Mrs. Max B. Fitch, of Magdalena, is enjoying a visit with her mother, Mrs. S. L. Lewis, of Los Angeles. The lady came in from the west last night and continued south.

HON. E. V. CHAVES.

Declined to Be Interviewed on Insane Asylum Investigations.

HE WILL FILE REPORT.

The other day The Citizen mentioned in a brief paragraph the return of Hon. E. V. Chaves to the city from Las Vegas, where he served as a member of the special commission appointed by Governor Otero to investigate into the serious charges preferred against the present administration of the territorial insane asylum.

It being rumored that Mr. Chaves would file a minority report on the investigation. The Citizen representative called on the gentleman at his law office this morning. Mr. Chaves stated that he had not been interviewed and therefore had not, as a Las Vegas paper had quoted, given out any information that he would file a minority report on the insane asylum investigation.

"In this instance," said Mr. Chaves, "I will not submit to an interview on the insane asylum investigation, until the report is in the hands of the governor and made public by him. I shall endeavor in my report to show the conditions as I found them to exist, and supported by the evidence. Until then I positively decline to be interviewed on the important subject, out of respect for the governor, he should first be given the opportunity to make public the reports."

The Daily Citizen will be delivered in the city at the rate of 20 cents per week, or for 60 cents per month, when paid monthly. These rates are less than those of any other daily paper in the territory.

SUBSCRIBERS will confer a favor on The Citizen by notifying us immediately of any non-delivery of the paper.

Americans drink more water, eat more candy and consume more pepsin than any other country in the world.

It is said that congress will be called to meet in extra session about November 9 to consider the reciprocity treaty with Cuba.

The insane asylum at Las Vegas is a territorial institution. Several of the people of that village think that it is a local concern.

Delegate Rodey is making the weather sultry in Washington by demanding home rule in the appointment of federal officers for the territory.

San Francisco promoters have started another London crusade against American financial supremacy by unloading a \$12,000 copper mine upon English investors for \$3,400,000.

It is probable that many people used to be buried alive but there is little danger of that now for the reason that three-fourth of the people who die are embalmed, an inevitable fatal process.

Judge McMillan will contest his removal from office and appeal to the senate. He thinks that a certain sort of people should stand together, and confidently expects a vindication by the senate.

The Las Vegas organ of the board of regents of the insane asylum delivers a column lecture to Hon. E. V. Chaves of this city, because he declined to help whitewash the abuses of that territorial institution.

Cuba rather thinks she will have to tax church property to pay interest on the proposed \$35,000,000 of bonds, and the ecclesiastics are coming out with pronounced views on the sinfulness of running into debt.

A rose garden covering six acres will be one of the attractive landscape features of the St. Louis World's Fair and to some extent will counteract the aroma of the big onion bed in the agricultural department.

The electoral college in 1904 will consist of 476 members. There are, according to the present political outlook, twenty-eight republican states, having 371 in the electoral college. At present there are only seventeen democratic states, judging by the condition of politics and by the recent elections. These states will have a vote of 165 in the electoral college, so that the republican candidate is

reasonably sure to have a majority of 146. These figures show the hopelessness of the democratic party in the contest of 1904.

Mr. Cleveland is the only president that lived up to platform pledges in appointing citizens of this territory to federal offices.

Advocates of one-cent letter postage are preparing to renew their campaign before the coming congress for the adoption of the bill which has been pending for ten years, providing for the reduction of the letter postage rates.

Society is far from civilized when a mob murder is possible under any conditions, but when to the taking of life is added the gratuitous cruelty of burning alive, the deed is a painful proof of low standards and barbaric instincts.

Some of the leading republicans in Missouri have strong hopes of being able to carry that state at the next presidential election. The state election occurs at the same time, and consequently local issues play an important part.

Mr. Marion G. Butler feels encouraged to believe that the flood losses in the west will result in a considerable populist vote next year. Mr. Butler as a populist may not be going down for the third time, but he is grasping at what is indeed a straw.

The treasury bureau of statistics announces that the commerce of the country for the fiscal year ending June 30, will be the largest in the history of the country. The imports, it is predicted, will exceed \$1,000,000,000 and the exports will pass the \$1,400,000,000 line.

A new use for citric acid has been discovered. Added to sea water it precipitates the salt and makes the liquid palatable and usable. Seven ounces of citric acid will be sufficient to supply a shipwrecked sailor with enough purified sea water to meet his requirements for a week.

Senator Depew does not agree with Dr. Hillis that a man with an income of \$50,000 a year is necessarily going to the devil. As a director in sixty-nine syndicates, not counting the United States senate, Dr. Depew ought to be authority on the probable destination of a man behind an income.

The Oklahoma republican territorial committee has endorsed the separate statehood idea for that territory, and has decided to call a statehood convention to ask for its immediate admission as a state. The plan is to get Oklahoma in with her present boundaries, and then to add parts of the Indian Territory or the whole of it as they or it may get ready for admission.

The new army rifle will pierce six human bodies or a foot and a half of pine at 6,000 feet. The use of such a cartridge in riots would endanger the lives of every person within a mile and a half. For that reason the "riot charge" has been provided. It contains thirty-four grains of powder and two round balls weighing forty-two grains. Its fire is not effective at over 600 feet.

It probably does not make any difference to the insane if their bodies are cut up into chunks and put into an ash barrel for the dogs to devour, but it makes a sane person shudder to think that this may be the fate of any one so unfortunate as to have a mind diseased and be compelled to suffer the horrors of the New Mexico insane asylum. From insanity and the brutality of the insane asylum of New Mexico may the good Lord deliver all the people of this territory.

TERRITORIAL APPOINTMENTS.

The Denver Republican sustains Delegate Rodey's contention for home rule in the territories. That excellent paper says:

"There is no disputing the right of the president to appoint as judge of a territorial court a non-resident of the territory. But it also true that such appointments are contrary to precedent followed in recent years and endorsed by the republican national convention. It was the policy of President McKinley to confine appointments as far as practicable to residents. Delegate Rodey of New Mexico had,

STOMACH ILLS.

A weak stomach is the cause of all sickness. The blood becomes impure, the digestion imperfect and the bowels constipated. Strengthen the stomach with Hostetter's Stomach Bitters and enjoy perfect health. It positively cures Headache, Nausea, Indigestion, Flatulency, Dyspepsia, Constipation; also prevents Malaria, Fever and Ague. Don't experiment. Get the genuine from your druggist. It has Our Private Stamp over the neck of the bottle.

HOSTETTER'S STOMACH BITTERS

therefore, a right to protest against the action of President Roosevelt in appointing a citizen of Michigan as judge of the supreme court of New Mexico to fill the vacancy caused by the retirement of Judge McMillan, there being a number of competent lawyers in New Mexico, one of whom might have been selected.

"It rests with the senate to determine whether the appointment will be confirmed when it is submitted to that body at the next session of congress. Mr. Rodey says that he will use all his influence to induce the senate to reject it. While that body may not care to insist upon adherence to the declared policy of the party in this instance, the appointment of a resident of the territory would undoubtedly give more satisfaction to the people of New Mexico.

"It may well be said that if the people of that territory are to be denied the right of self-government, the policy of the administration in Washington should be to give them as large a measure of home-rule as possible by appointing none but residents of the territory to local offices."

Scald head is an eczema of the scalp—very severe sometimes, but it can be cured. Doan's Ointment, quick and permanent in its results. At any drug store, 50 cents.

A LIVING MAP.

New Mexico Welcomed President Roosevelt With It.

From the New York Tribune.
One of the unique things presented to the view of President Roosevelt during his western trip occurred in the exercises at Albuquerque, N. M. About 150 feet in front of the speaker's stand was erected an immense platform, containing a prodigious map of the United States, inclined upward, so as to be in full view of the president and his party. It was inclosed with a canopy of bunting, flags, etc., and had a little girl, dressed and labelled to represent each state, standing upon the respective state maps. Just outside a low railing in front stood a little girl with extended hands appealing for admission to Uncle Sam, who stood on the inside, opening the gate with one hand and handing the little maiden a star with the other. The tableau was known as the "living map." Every member of the president's party was interested in the sentiment exemplified by it.

New Mexico has been a part of the public domain since 1848, and has had forty-six bills, running through half a century of time, before congress in an effort to come into the union. Her officials today assert that there are about 400,000 people in the territory. More than a thousand miles of railroads have been built since the last census was taken, one hundred and fifty postoffices have been added to the territory's list during the same time, one and one-half millions of acres of land have been entered as homesteads by settlers, and the mining, cattle, sheep, lumber and other industries have taken great forward strides. The people of the territory will reopen the statehood fight in the coming congress. The territory now has a population eight times that of Nevada, four times that of Wyoming, three times that of Idaho, larger than that of Vermont, as large as that of Utah and Montana, and almost equal to that of Oregon. In size it will be the fourth state of the union. Its area is equal to the state of New York, all of the New England states and the state of New Jersey combined.

Hundreds of lives saved every year by having Dr. Thomas' Electric Oil in the house just when it is needed. Cures croup, heals burns, cuts, wounds of every sort.

JUDGE SMITH'S CAREER.

Is a Native of Indiana, but Was Taken to Michigan in Infancy.

The following is a sketch of the career of Judge Clement Smith of Michigan, who has been appointed associate

JEMEZ & SULPHUR HOT SPRINGS STAGE LINE.

Carries the U. S. mail; only line with a change of stock en route; good rigs, horses and drivers; leaves Albuquerque every day in the week, except Sunday, at 5 a. m. For particulars address W. L. Trimble & Co., agents, Albuquerque, or J. L. BLOCK, proprietor, Jemez, N. M.

Justice of New Mexico, to succeed Judge Daniel H. McMillan.

Clement Smith, judge of Fifth judicial circuit of Michigan, and a lawyer of recognized ability was born December 4, 1844, near Fort Wayne, Ind., and was brought to Michigan in infancy by his parents, who settled near Nashville, Barry county. His early life was spent at work upon the farm and in attending upon the district school. In 1865 and 1866 he attended the law department of the University of Michigan and was admitted to the bar in the spring of 1868, beginning the practice of law at Nashville in the same year. In 1869 he formed a law partnership with Harvey Wright at Middleville, which continued for about six months. He then returned to Nashville, where he resumed practice, which he continued alone until 1875. In that year he was elected probate judge of Barry county, and removed to Hastings. This office he held for eight years. In 1880 he formed a partnership with Philip T. Colgrove, which was continued until Judge Smith was called to the bench. On January 3, 1898, he was appointed by Governor Rich judge of the Fifth judicial circuit, and at the election following he was elected for the unexpired portion of the term and also for the full term which expired December 31, 1899.

Energy all gone? Headache? Stomach out of order. Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

CONSUL FIGHTS.

Mills at Chihuahua Makes Vigorous Denial of Serious Charges.

A small sized tempest has been stirred up at Chihuahua, Mexico, by the action taken by a large number of American residents in that section in asking for the recall of United States Consul W. W. Mills, says a special dispatch dated from El Paso, Texas, on June 23.

Through a friend, Consul Mills sends to the papers at El Paso a general denial of the charges preferred against him, and declares there was no attempt whatever to have the American editor of the Chihuahua Enterprise imprisoned for libel.

Washington, June 23.—The state department has received by telegram from a number of Americans residing in Chihuahua, Mexico, just how many is not known, a copy of a resolution adopted by them and directed to the secretary of state, asking the removal of W. W. Mills, United States consul at that point.

The resolutions were not at all specific in their allegations, and did not afford the state department any proper grounds for action. The burden of the complaint seems to be that the consul who is a brother of Gen. Anson Mills, retired, after six years residence in Chihuahua had become obnoxious to the American colony, or at least to a considerable portion thereof.

Following the usual custom the department sent a copy of the resolution to the consul with an invitation to explain, of which he availed, and as things now stand the department is pretty well satisfied that the complaints are not well founded. Perhaps further details of the mass meeting will come by mail, in which event the case may be reopened.

No need to fear sudden attacks of cholera, infantum, dysentery, diarrhoea, or summer complaint, if you have Dr. Fowler's Extract of Wild Strawberry in the medicine chest.

Citizen "want ads" bring results.

A Nervous Woman

Will often feel compelled to stop the clock whose ticking seems unbearable to her. In such a nervous condition the woman needs a building up of the entire system. It is useless to attempt the cure of the nerves while the cause of the nervousness remains unremoved. A very common cause of nervousness in women is a diseased condition of the delicate womanly organism.

Dr. Pierce's Favorite Prescription cures womanly diseases and the nervousness which they cause. It changes irregularity to regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. It is a perfect tonic and nerve, tranquilizing the nerves, promoting the appetite and inducing refreshing sleep.

"When I first wrote you I had been to three different doctors and two of them said I would never get better without going to the hospital for an operation," writes Mrs. Selma Erickson, of 405 Rice Street, St. Paul, Minn. "I was unable to do anything. I would get up and walk to the kitchen and back I would have to lie in bed for a day or sometimes two days. Now I have used six bottles of Dr. Pierce's Favorite Prescription and I am the Golden Medical Discovery, and the result is just wonderful. I was so nervous I had to have some one by my side all the time even in day time, and I could hardly eat anything. I took treatment from a doctor twice a week, and every time I would go there I felt so sick, but since I got all the doctors and began taking your medicine (in August) and now I am up to my usual weight 165. I am as well and feel as good as ever."

FREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Montezuma Trust Company

ALBUQUERQUE, NEW MEXICO

Paid in Capital and Surplus \$100,000.00

TRANSACTS A GENERAL TRUST COMPANY BUSINESS
INTEREST PAID ON SAVINGS DEPOSITS

We have ample means and unexcelled facilities for the transaction of a trust company business in all of its branches, are prepared to render prompt and satisfactory service and respectfully solicit your business.

Savings Department—Extract from regulations:

"There is hereby created and established a savings department, which may receive deposits of money in trust and allow thereon interest as hereinafter provided. The deposits, investments and all business of the savings department shall be kept separate from the other business of the company, and the trust fund thus accumulated shall be invested in first mortgages on improved real estate and other high-grade securities, and the notes, bonds or other evidence of such investment shall be held by the company in trust for the savings depositors and solely applicable to the repayment of such depositors."

Our savings department will be open to the public on the first day of July next. Special attention will be given this class of business and every inducement, consistent with a conservative business policy, will be offered to encourage persistent accumulation of savings by savings depositors.

Railroad Topics

Stockholders of the Florida Central are to meet on the 30th inst. to consider the consolidation with or purchase by the Seaboard Air Line.

According to Dun's Review the gross earnings of all railroads in the United States reporting for June to date are \$1,668,063, a gain of 5.8 per cent over last year and 14.8 per cent over 1901.

The still record of Kentucky is conducting an investigation with a view of ascertaining to what extent disease germs are carried on coaches and Pullman cars, and taking measures to decrease the danger therefrom to the public.

Work of laying steel began again Wednesday on the Pacific & Eastern railroad, which is now completed to Mesa City, Ariz., and trains are running. Rails are ready for thirty-five miles of track and it is thought there will be no further interruption except through possible shortage of men.

A. T. Perkins, superintendent of the Burlington railroad at St. Joseph, was in Kansas City. Mr. Perkins said that the damage to the tracks of the Kansas City, St. Joseph & Council Bluffs railroad would be repaired within a week. Twenty-eight miles of track along the river front was washed out in the flood between Kansas City and St. Joseph.

The Dalhart Sun says: The Rock Island Railway company will sink another well here. If this company should even hint that it contemplated a similar expenditure and improvements at the little village of Tucuman, there would be an immediate rise in the value of the real estate the next day of 25 per cent—and every Dalhart man who owns property there and could unload and breathe a sigh of great relief.

A device for diminishing the wind pressure on a railroad train running at a high rate of speed has been adopted on the suburban lines of the Pacific Electric railway with the most satisfactory results. It is represented that an electric car equipped with a wind plow requires only 220 horse power of electric energy to travel at the rate of sixty miles an hour. Without this device 290 horse power is applied to attain the same rate of speed.

The Las Cruces Republican says S. D. Crenshaw of Richmond, Va., and New York, president of the California Shortline Railroad company, spent several days of last week here, looking over the proposed line and examining the work done by the drafting department. Mr. Crenshaw seemed to be well pleased with the prospects, and before leaving ordered a survey for a branch from the proposed junction at Fort Filmore to Oregon and the surveyors started on this work last Monday.

A Splendid Remedy.
Neuralgia, pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. P. Moore, agent Illinois Central Railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 25c, 50c and \$1.00 at J. H. O'Reilly & Co.

MEMPHIS TO CHANUTE.

Contract Let for Start of a New Railroad.

A contract to build the first twenty-five miles of railroad of the Arkansas, Missouri & Kansas railway has been awarded to the Atlas Construction company, says a dispatch from Joplin, Mo. Work on the road will begin at once. A townsite company has been organized by members of the company with a million dollars capital and work will begin in laying out fifty new towns along the line. The \$13,000,000 bonds of the road have been purchased by an English syndicate and the money is now on deposit to build the line, which extends from Memphis, Tenn., to Chantue, Kas., a distance of 450 miles. The grade of the Southwest Missouri electric line between Joplin and Cottonwood is finished and rails are now laying. The new branch to Duwag is about half finished and it is announced that both lines will be in operation by September.

CAR FOR DIAZ.

Magnificent Hotel on Wheels Built for the Mexican Government.

A private car built by the Harlan & Hollingsworth company, at Wilmington, Del., for the Mexican government left the shops of the builders yesterday for the City of Mexico. It is named the Cortez, and is practically a hotel on wheels. There are a drawing room, dining room, kitchen, three bed rooms and an equal number of bath rooms. The bed rooms are furnished with dressing tables of mahogany and brass bedsteads. Curtains of green silk drape the windows and carpets of darker shade of green cover the floor. The dining room, which is also fur-

nished in mahogany, has a center table, chairs and a side board. The kitchen is provided with a large range and an ice box, capable of holding provisions for a week's run. The cooking utensils, from the biggest boiler to the smallest knife, were in place before the car started.

That Throbbing Headache
would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and build up your health. Only 25 cents, money back if not cured. Sold by all druggists.

CERRILLOS MINING DISTRICT.

Whalen Group of Mines—Valuable Property—Patent Applied For.

Application for patent for three mineral claims situated in Hungry Gulch, in the Cerrillos mining district, and known as the Whalen group of mines, has been made by the owners, Thomas Whalen of Cerrillos and A. Geyer of Louisville, Ky., and is now pending in the United States land office at the capital until the proper time for granting the application and making the mineral entry for the claims shall have arrived. The claims are very valuable and their veins of pay ore are quite extensive. They are situated about six miles from the town of Cerrillos. The ores carry gold, silver, copper and zinc, and some contain very satisfactory values of the precious metal. A great deal of work has been done by Mr. Whalen, and in two of the claims shafts over 200 feet in depth are down, besides other shafts and extensive tunnels. Mr. Whalen came to the Cerrillos mining district in its early days in 1880, and has remained there ever since, working these claims, at times alone, and at other times with a force of men. He has mined for thirty years and has worked in many mining camps in Nevada, Colorado, Arizona and New Mexico. He has great faith in the mineral deposits of the Cerrillos mining district. He has become fully convinced that the successful working of the ore deposits there is a deep shaft proposition, "not a get rich quick scheme." He is sure that the Cerrillos mining district, with deep mining, intelligent and honest management and the investment of a sufficient amount of capital, will become one of the most profitable and extensive mining districts in the southwest. The fact that he has had thirty years' experience in mining, twenty-three of which he has spent in the Cerrillos mining district, certainly entitles his opinion to great weight and earnest consideration. There are two more claims belonging to the Whalen group of a similar character with those now being patented, and for which patents will be applied for this winter. Mr. Whalen is a sturdy, persistent and well informed man and of no mean experience as a miner and prospector. He has thousands of tons of good ore on the dump and as soon as the Whalen group is patented, will commence to ship to the smelter. He believes that he and his partner have a very good thing of it and is well satisfied that he stayed with the property for a space of two score and three years. Certainly, if perseverance, pluck and hard work entitle a man to a rich reward, Mr. Whalen ought to get it and his expectations in this case ought to be fully realized.

WENT VISITING.

What She Learned at the Old Home

After being away from the old home for years folks sometimes go back and find some surprising changes. An Ohio lady says: "I learned something valuable about coffee when I went home. I had been sick all the time with heart trouble and headaches and used a great deal of medicine without getting better. One time I went to my old home on a visit and there found my father and mother using Postum Food Coffee and both feeling so fine and well."

"They both begged me to try Postum and I finally did so to please them and to my great surprise I began to improve immediately. After using Postum in place of coffee for a short time the heart trouble stopped entirely and did not return except when I tried some coffee while on a visit to a friend's house. Now we use Postum exclusively in our family and husband and the children enjoy the fine drink as much as I do and we are well."

"There is a lady living near us who had been sick for years, doctored all the time and not getting any better. We sold her a package of our Postum and now they use it all the time and she is better than for years before and says Postum did it all. Her name is

"I inclose the names of my father and mother, who are fine, healthy examples of the advantages of using Postum in the place of coffee." All the above names given by Postum Co., Battle Creek, Mich.

WEEKLY CROP BULLETIN.

United States Department of Agriculture, Climate and Crop Bulletin of the Weather Bureau, New Mexico Section.

Santa Fe, N. M., June 23.—The past week was characterized by general showers in the earlier part and clearing weather with higher temperature than any time this season during the latter part. The warm weather following the rains has started all vegetation into rapid growth. The prairies, especially in the northern part of the territory, appear at a distance almost as green as grain fields, and all reports indicate an assurance of good grazing for the remainder of the season. Corn, which has been very backward on account of the cool weather, has begun a rapid growth, and even on irrigated lands promises a good stand. Wheat, oats and barley are growing rapidly; in the extreme south wheat is headed out, but in some northern counties farmers are still planting peas, beans and oats, expecting a crop on account of the moist condition of the soil. The first cut of alfalfa is generally in, but a good deal of it was somewhat damaged by the showers after being cut.

The cool weather accompanying the three weeks of rain has caused some loss of lambs, and sheep which had been sheared before the rains started. In the central and southern sections, where shearing was well under way before the rains, the loss is quite considerable. It seems that on the higher plateaus of southern counties the late frosts have almost entirely destroyed the fruit crop.

The following remarks are extracted from reports of correspondents:

Albert: H. M. Hanson—Sunshine again after 14 days of almost totally cloudy weather. For the first time this year the country looks really green. Some corn, beans and cane are still being planted. A few had begun to shear, but the work has been deferred until more settled weather. Some loss in lambs and sheared sheep from the rains and cold weather. No floods or other damage in this section. Highest temperature, 92; lowest, 50; rain, 0.60.

Arabela: A. M. Richardson—The drought has been thoroughly broken by copious rains. Highest temperature, 74; lowest, 43; rain, 6.46.

Dorsey: Will C. Barnes—Another week of daily rains but with some sunshine, not enough to make vegetation grow as it should. Highest temperature, 79; total rainfall at this station since June 1, 7.14.

Fruitland: C. J. Collier—Fine rains have been of the greatest benefit although the cool weather has retarded growth. Cutting alfalfa will begin as soon as the weather settles.

Fort Stanton: Ernest W. Halstead—The rains of last week and the early part of this have started the grass, and have put the soil in excellent condition for growing vegetation. Cool weather during the rains retarded vegetation, but the last few days growth has been rapid. Farmers are pushing their oats seeding. Highest temperature, 80; lowest, 43; rain, 1.16.

Gallinas Springs: J. E. Whitmore—Good rains during this month so far, and crops and stock are looking fine. Highest temperature, 77; lowest, 45; rain for the month, 3.44.

Golden: R. M. Carley—Warm and clear week; grass growing fast. Crops of all kinds growing nicely. Sheep and goats in this vicinity in good condition.

Folsom: Jackson Tabor—Frequent thunderstorms caused heavy floods in the lower Cimarron. Today makes 21 days of cloudy or partly cloudy weather, the longest time of cloudy weather in a record of 25 years. Grass is good and all kinds of stock getting fat. Highest temperature, 80; lowest, 41; rain, 0.12.

Laguna: Gus Weiss—Several heavy showers this week. Warm weather now prevails but nights still cool. Wheat and corn are growing nicely. If we have July and August rains, plenty of feed is assured for the coming winter. Soil is now in excellent condition

and the warm weather is bringing up an abundance of grass.

Lower Penasco: H. W. Cresswell, Jr.—Slow, steady rains during the 18th, 19th and 20th. Ground thoroughly saturated and vegetation greatly benefited. However, large losses in calves and poor cows. Corn and grain very backward but improving fast since the rains. Alfalfa doing well; much of the first crop is secured in good condition. Gardens growing nicely, especially cabbages and tomatoes. Fruits will be a total failure on the Penasco.

Mountainair: John W. Corbett—Good showers and warmer nights have started all vegetation nicely. Total rain so far in June 2.92 inches. Sheared sheep suffered severely during the storm weather and the loss was very heavy. Soil in excellent condition. Highest temperature, 81; lowest, 41; rain, 1.60.

Ojo Caliente: A. Joseph—The recent rains have benefited crops and the range greatly. First alfalfa is now being cut. Wheat, corn, oats, peas and beans look most promising. Streams are bank full.

Las Vegas: Wm. C. Bailey—A good growing week. Highest temperature, 81; lowest, 44; rain, 1.08.

Santa Fe: U. S. Weather Bureau—Warmer, and vegetation growing rapidly since the rains. Surrounding prairies are green; garden produce coming into market. Cherries and peaches getting color. Corn still backward but growing rapidly. Alfalfa about ready to cut. Irrigation water abundant. Highest temperature, 81; lowest, 48; rain, 0.28.

Redrock: Louis Champie—First crop of alfalfa just secured; some damaged by the showers. Corn, potatoes and all garden stuff made good progress during the week. Showers were too light and we need a good rain.

R. M. HARLINGE,
Section Director.

Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. G. G. Green, Woodbury, N. J. J. H. O'Reilly & Co.

For Over Sixty Years
An old and well tried remedy.

Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

DO YOU EAT?
If so call on D. Weiller & Co. Their groceries are always fresh. Gold avenue, between First and Second streets.

Golden Rule Dry Goods Co.

COMMENCEMENT.

**Immaculate Conception School Holds
Tenth Annual in St. Mary's Hall.**

SUCCESSFULLY CARRIED OUT.

The Immaculate Conception school closed the year last evening by holding the commencement exercises in St. Mary's hall. It was the tenth annual and the hall was crowded with relatives.

The exercises reflect no little credit upon those who trained the young boys and girls and the play "William Tell," was well presented for youngsters.

The cast was as follows:
Geiser John Brennan
Sarnem, his lieutenant Bernard Apodaca
Rudolph Stanle Chaves
Lutold Orle Abell
Gerard Harry Dodson
Austrian Officers.
William Tell Michael McGinnis
Albert, his son Leo Bordanaler
Melstal, Erni's father Orle Abell
Erni Lawrence Keleher
Furst Joseph Walsh
Verner Frank Boatright
Patriots in league with Tell.
Sentinel H. Provencher
Emma, Tell's wife Miss A. Gerard
Austrian officers, archers and soldiers, villagers, citizens, mountaineers, et al.
The "Welcome Song" was pleasingly rendered by the young ladies of the school.

The boys' patriotic song, introduced in the second act of "William Tell," follows melodies from the opera "La Fille de Regiment." These numbers were transcribed and arranged for the occasion by Prof. C. O. Burg, of Pittsburgh, Pa. Girl singers: Misses Mary Fink, Mamie Walsh, Kate Rawlins, Sadie Strain, Vivian Brown, Nora Stevens, Mary Balling, Elma Provencher, Harriet Nodley, Irene Burke, Annie Antoine, Frances Hogan, Mary Weineke and Mildred Strain. Boy singers: Ralph Keleher, Joseph Hipsher, A. Walsh, A. Smith, Ore Able, Frank Boatright, Henry Sandoval and Lawrence Keleher. Accompanist, Miss Nellie Taylor.

Judge A. L. Morrison, of Santa Fe, was somewhat delayed by the train, but he reached the hall a few minutes before 10 o'clock and he gave an interesting talk on the Benedictine Monks and of the great works of antiquity that they preserved. The judge told all the boys and girls that they should be good American citizens and to preserve the purity of the ballot box. He was followed by Rev. A. M. Mandalari, who gave some excellent advice. "America" was then sang and the exercises were brought to a close.

The Italian band, under the leadership of Senor Bartolo Ramirez, was present and discoursed some excellent music.

Between the acts of the play there was music by Prof. Di Mauro and Mr. J. A. Blondin, while Miss Nellie Taylor and Miss A. Damiano acted as accompanists.

Those who had charge were:
Manager and director, C. E. Burg, A. M.

Property manager, W. S. Grimmer.
Stage manager, J. U. Rathmann.
The scenery used on this occasion was painted for the occasion by J. U. Rathmann, of Albuquerque.

The piano was kindly loaned by Hall

ing nicely. The deputy sheriff is counted as one of the best bronco riders in New Mexico and if he stays over the Fourth he may give an exhibition at the Central Labor union's celebration.

The entertainment committee of the Central Labor union's committee on arrangements for the labor celebration at the fair grounds July 4 and 5 will meet tonight and complete the program. It will be a dandy.

Seventy-five union men are wanted to volunteer to take part in the big sham battle of the evening of July 4, during the Central Labor union's mammoth celebration. As many as can will please report at the fair grounds Sunday afternoon at 1:15 o'clock for a short drill.

Deputy Internal Revenue Collector A. J. Loomis, who has been in the city the past few days, met at the station this morning Mrs. Loomis and children who arrived from Los Angeles. Mr. Loomis will go tonight to his headquarters at Santa Fe, accompanied by his family.

Miss Bessie Baldrige, daughter of Mr. and Mrs. J. C. Baldrige and who is one of Albuquerque's most charming young ladies, is at home to spend the summer vacation. Miss Bessie has just graduated with honors from the Girls' Collegiate Institute, Los Angeles, and next fall she will attend the Stanford university at Palo Alto, Cal. This young lady returned to the city on the same train with Miss Erna Ferguson, daughter of Mr. and Mrs. H. B. Ferguson, who is also here to remain during the summer vacation.

His Last Hope Realized.

From the Sentinel, Gebo, Mont.
In the first opening of Oakland to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

HIS DIGNITY INJURED.

The Awful "Roast" Given a Reporter by the Lady He Sought to Interview.

A reporter on one of the local daily papers is small of stature and looks and behaves like a very young boy. One night recently he was sent to Everett on an assignment by the night city editor, relates the Boston Herald. He called at a house and asked for the lady he wished to interview. It was after nine o'clock, and the curfew had warned all children from the streets on penalty of being arrested and locked up.

The questions the reporter asked the lady were impertinent but important. She gazed at the innocent looking "child" before her a moment, and then said: "Little one, you are not a reporter. You are an impostor, whom some idle, malicious gossip has sent here to worry me. You ought to be in your bed. Now run along home or you will get arrested and locked in a cold dungeon; for remember, the curfew has rung, and all little boys must be in bed, nicely tucked in, before the curfew rings. So run along like a good little child." The reporter choked down his wrath and went his way. But his dignity had been assailed, and he gave vent to his feelings later when he related his experience to his chief. Now he is devoting all his energy to growing a mustache.

Driven to Desperation.
Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident, resulting in burns, cuts, wounds, ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It's the best on earth. 25 cents at all drug stores.

DO YOU EAT?
If so call on D. Weiller & Co. Their groceries are always fresh. Gold avenue, between First and Second streets.

Patronize home industry—get a suit made from the products of the new woolen mills. Woolens in the piece and measures taken at Simon Stern's, the Railroad avenue clothier.

LOCAL PARAGRAPHS

No police court this morning.
E. B. Booth, the tailor, is on the sick list.
Read The Citizen and keep up with the procession.
Ernest Spitz, of Las Vegas, is in the city on business.

Levi Hughes, the wool buyer from Santa Fe, is in the city today.

Farmers say a shower in the night is worth three in the day time.

Sunday afternoon at the fair ground the Old Town Tigers and Browns will play ball.

Judge A. J. Crawford and wife are spending a few days out at the McIntosh ranch.

Dr. H. S. Cocram, who is at the Alvarado, will leave tomorrow for a fishing trip on the Pecos.

Begin to advertise on a small scale. Increased business will soon pay for larger announcements.

Base ball Sunday afternoon at 2:45 at the fair grounds. The First Regiment band will be present.

All members of the entertainment committee of the Fourth of July Central Labor union picnic are to meet in the hall over the Cabinet saloon on Friday night. Billy Berry, chairman.

The Value of a Trade Mark.

A trade mark is usually some one particular mark on goods to show their origin, but, as a matter of fact, any new, original quality, feature or characteristic of an article of manufacture, if widely made known through advertising, becomes valuable as a trade mark, and is protected by the courts, so that one article may have many "trade marks" that belong to it alone. Thus, for example, in the case of Cascarets, Candy Cathartic, the name "Cascarets," the expression "Candy Cathartic," the peculiar shape and color of the box, the octagonal tablet, and the letters "C. C. C." on each tablet, all are expressive trade "marks" of that popular medicine, because they indicate their genuineness, distinguish them from imitations and have become universally known to the people.

Oratorical Contest.

The silver medal contest under the auspices of the Woman's Christian Temperance union will be held in the hall of Reynolds' library on the Highlands on Monday evening, June 29. Pantomimes, tableaux and the best musical talent of the city will render the evening a most entertaining one.

The contestants are preparing several unique numbers to surprise their friends. The young ladies in the contesting class are: Belle Franklin, Virginia Neale, Vida Johnson, Edith Taylor, Lucy Edie.

Three famed orators, lawyers of our city, will decide to whom the medal is due.

Remember the date and place: Monday, June 29, at 8 o'clock, Reynolds' library hall.

Natatorium.

Open every day from 10 to 10. Friday afternoon for ladies only. Warm water; elegant plunge. 504 North First street. Phone 501.

Wood seat arm rockers, \$2.25; cobbler seat arm rockers, \$2.50, cane seat sewing rockers, \$1.50; cots, \$1.75 and up; iron beds, \$3.75 and up; steel folding bed couches and steel folding beds in great variety and prices the lowest; cash or time. Futrell Furniture Co., West end of viaduct.

Our linen display is attractive; our prices none the less so. Albert Faber, Grant building.

LOCAL PARAGRAPHS.

J. E. Elder, superintendent of the Colorado Telephone company, was at Las Vegas yesterday on business.

The component parts of Memorial day have come to be about 25 per cent patriotism and 75 per cent sport.

John H. Walker, who has been spending a couple of days here, will leave tonight for his home in Santa Fe.

The First Regiment band and the Browns and Old Town Tigers will entertain Sunday afternoon at the fair grounds.

The Protective Order of Porters will give a grand annual ball at Odd Fellows hall July 4. Admission, 75 cents; ladies free.

Miss Julia Renison left last night for Benson, Arizona. There she will visit her brother who is rector of the Episcopal church.

Judge A. L. Morrison and daughter, Miss Jessie, returned to Santa Fe this morning. The judge is the same genial man as of old.

Hon. L. Bradford Prince is again in the city from Santa Fe. He is kept pretty busy in attending to his side in the grant case.

Thomas Hall, of Hall & Larnard, left last night for Gallup, Winslow, Flagstaff and Williams. He will be gone about a week.

The Browns and Old Town Tigers cross bats on Sunday afternoon at 2:45 on the fair grounds. The First Regiment band will be present.

J. M. McLeish, representing Carson Pirie, Scott & Co., of Chicago, is in the city, and today is taking orders from the local retail merchants.

C. F. Myers, mayor of the city, who has been under the weather the past few days and who wisely remained at home until he got better, was up and down at his hardware store today.

Do You Enjoy What You Eat?
If you don't your food does not do you much good. Kodol Dyspepsia Cure is the remedy that every one should take when there is anything wrong with the stomach. There is no way to maintain the health and strength of mind and body except by nourishment. There is no way to nourish except through the stomach. The stomach must be kept healthy, pure and sweet or the strength will let down and disease will set up. No appetite, loss of strength, nervousness, headache, constipation, bad breath, sour risings, rifting, indigestion, dyspepsia and all stomach troubles are quickly cured by the use of Kodol Dyspepsia Cure. Sold by B. H. Briggs & Co. and S. Vann & Son.

E. S. Jones, the genial tonsorial artist at the Alvarado, has gone to Rochester, N. Y., to visit his parents and friends. He expects to be gone six weeks. F. E. Griffith, of Chicago, has charge during his absence.

Kodol Gives Strength
by enabling the digestive organs to digest, assimilate and transform all of the wholesome food that may be eaten into the kind of blood that nourishes the nerves, feeds the tissues, hardens the muscles and recuperates the organs of the entire body. Kodol Dyspepsia Cure cures indigestion, dyspepsia, catarrh of the stomach and all stomach disorders. Sold by B. H. Briggs & Co. and S. Vann & Son.

The Leading Clothier in New Mexico

NEW MEXICO TOWNS

AZTEC.

From the Index.
The smallpox scare is all over—
'twas only measles.

Aztec is to have a grand celebration on the Fourth of July.

The Aztec orchestra is preparing special music for the Fourth.

In all probability the Aztec and Farmington ball teams will play at Aztec on the Fourth for \$150.

Frank S. Crosson, a prominent contractor of Roswell, has been looking over the county this week and is highly pleased with our valleys.

W. M. Reed, of Roswell, United States engineer for the irrigation division in New Mexico was here this week and looked over the La Plata and Meadows country to determine the feasibility of constructing reservoirs to reclaim land in these fertile valleys.

Starling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes as follows: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by all druggists. Trial bottles free, regular sizes 50c and \$1.00.

TUCUMCARI.

From the Democrat.

J. S. Jarrell, of Belen, N. M., is in town visiting his nephew, W. B. Jarrell.

J. E. Graham, formerly of St. Louis, late from Roy, N. M., has purchased one-half interest in the Tucumcari Furniture company store.

Geo. H. Culp, a prominent lawyer of Gainesville, Texas, and brother-in-law of Judge Foushee, returned to his home this week after a few days visit with relatives here. His mother, Mrs. Hart, who has been quite ill, accompanied him to Greenville, at which place she will spend the summer recuperating.

From the Times.

Four native laborers were arrested for carrying guns. They were unable to pay their fines and were lodged in the city jail.

Another shearer left on the Santa Rosa stage for the big ranch of H. L. Goldenberg. By means of the new shearing machines operated by gasoline engine, one man can shear 140 sheep a day as against sixty by the old method.

Col. T. W. Heman returned the first of the week from a trip over the new Amarillo extension. The colonel has charge of the right of way matters and has been over the line with W. E. Shotwell in the interest of the same.

Ladies and Children Invited.

All ladies and children who cannot stand the shocking strain of laxative syrups, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They do not purge the system. Even a double dose will not gripe, weaken or sicken; many people call them the Easy Pill. W. H. Howell, Houston, Tex., says nothing better can be used for constipation, sick headache, etc. Bob Moore, Lafayette, Ind., says all others gripe and sicken, while De Witt's Little Early Risers do their work well and easy. Sold by B. H. Briggs & Co. and S. Vann & Son.

FARMINGTON.

From the Times.

The telephone exchange for this county will be in operation in about a month.

Thos. Stotworthy, J. B. Ashcroft, T. J. and Joe Hadden have ordered a threshing outfit and will have it ready for operation about the middle of next month.

Harry Myers and Jay Campbell, with their families will soon leave for southern Arizona, where they have the contract for the mason work on a large smelter.

Yesterday the papers were drawn up and signed transferring the Hustler printing plant to Robert C. Prewitt. Mr. Sellers will retain possession until the first of July. The consideration was \$1,000. Mr. Prewitt has had experience in the newspaper field and we gladly welcome him again to the fraternity.

Wednesday Judge Pendleton, Joseph Prewitt and W. M. Reed, government locating engineer from Roswell, arrived in town. They had left Aztec the day previous and had covered the La Plata country and as far west as Fruitland and were on their return trip. They were seeking sights for government reservoirs.

We learn that Mrs. Mattie A. Bridge has a manuscript of 700 pages completed in novel form, to be published by Scribner, which is dedicated to Odd Fellowship and written in its interest. Such men as Ambrose Bierce, probably one of the first literary critics in the United States, and John Sweet, of educational fame, pronounce it a decided

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each.

Kodol cures indigestion, dyspepsia and all stomach disorders. I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me. Mrs. J. W. COOLBAUGH, Milo Center, N. Y.

Kodol Digests What You Eat.
Bottles only \$1.00 Size holding 2 1/2 times the trial size, which sells for 50 cents.
Prepared by E. O. DeWitt & Co., CHICAGO
S. H. Briggs & Co. and S. Vann & Son

Miss Lizzie Jones of Cincinnati, Ohio, met at Deming last Sunday and were married at the Methodist parsonage on Monday, the Rev. Marston officiating. After the wedding the young couple started for El Paso, but the groom, who is a tailor by trade, said he thought they would return to Deming to locate.

The fraternal orders of Deming are always ready to respond to the cry for help whether at home or abroad and none is more so than the A. O. U. W., as was evidenced by their prompt action when the call for aid came from the flood sufferers from Kansas a few weeks ago. No sooner had the call been made known in the community than it was taken up by the order and \$33 was raised at their first meeting. A good showing for a single lodge in a town like Deming.

A Serious Mistake.

E. C. DeWitt & Co. is the name of the firm who make the genuine Witch Hazel Salve. DeWitt's is the Witch Hazel Salve that heals without leaving a scar. It is a serious mistake to use any other. DeWitt's Witch Hazel Salve cures blind, bleeding, itching and protruding piles, burns, bruises, eczema and all skin diseases. Sold by B. H. Briggs & Co. and S. Vann & Son.

SILVER CITY.

From the Independent.

The condition of Dr. S. M. Strong, who has been very seriously ill from blood poisoning, continues to improve, and his ultimate recovery now seems assured.

Mrs. M. L. Gaston and Miss Gladys Mehan, who have been visiting here, left on Sunday's train for Albuquerque. They were accompanied by Mrs. F. M. Wynkoop and two children.

Born to Mr. and Mrs. Robert Golding, in this city, Thursday, June 18, a daughter. Mother and child are doing nicely, and Mr. Golding is wearing his new honors with becoming modesty.

The new stage mail service between Silver City and Fort Bayard and Central was inaugurated Monday by W. M. Murphy, who had secured the contract. Mr. Murphy is perfectly happy again now that he is in supreme control of a stage line of his own.

R. S. Mauger, who recently came to Silver City from Washington, D. C., with his wife, who is a daughter of Supervisor and Mrs. R. C. McClure, left last week for Santa Fe, where he has been employed by Gibson & Mitchell as manager and take charge of Sunmount and the tent city, a sanitarium enterprise near Santa Fe.

Clyde Smith returned last week from two months' visit to his old home in Sweet Springs, Mo., and was much benefited by the trip. Mr. Smith has been in health by the trip. Mr. Smith as deputy in various capacities in the court house has done a great deal towards getting county affairs into first class shape, and his excellent work in this regard has earned him a reputation of which he may well be proud.

Major D. M. Appel, formerly in charge of the United States military sanitarium at Fort Bayard, and who has recently returned from the Philippines, came down from Denver Friday morning and remained here and at Fort Bayard until Sunday evening. Major Appel's friends were greatly pleased to see him again, and their only regret was that his stay was so limited.

Chamberlain's Stomach and Liver Tablets are just what you need when you have no appetite, feel dull after eating and wake up with a bad taste in your mouth. They will improve your appetite, cleanse and invigorate your stomach and give you a relish for your food. For sale by all druggists.

MALARIA

Germ Infected Air.

Malaria is not confined exclusively to the swamps and marshy regions of the country, but wherever there is bad air this insidious foe to health is found. Poisonous vapors and gases from sewers, and the musty air of damp cellars are laden with the germs of this miserable disease, which are breathed into the lungs and taken up by the blood and transmitted to every part of the body. Then you begin to feel out of sorts without ever suspecting the cause. No energy or appetite, dull headaches, sleepy and tired and completely fagged out from the slightest exertion, are some of the deplorable effects of this enfeebling malady. As the disease progresses and the blood becomes more deeply poisoned, boils and abscesses and dark or yellow spots appear upon the skin. When the poison is left to ferment and the microbes and germs to multiply in the blood, Liver and Kidney troubles and other serious complications often arise. As Malaria begins and develops in the blood, the treatment to be effective must begin there too. S. S. S. destroys the germs and poisons and purifies the polluted blood, and under its tonic effect the debilitated constitution rapidly recuperates and the system is soon clear of all signs of this depressing disease.

S. S. S. is a guaranteed purely vegetable remedy, mild, pleasant and harmless. Write us if you want medical advice or any special information about your case. This will cost you nothing.

**ASYLUM INVESTIGATION.**

An El Paso Witness Tells of the Proceedings at Las Vegas.

SUBSIDIZED PAPER MISQUOTED FACTS.

From the El Paso News.

Robert L. Dorbandt, who recently returned from Las Vegas, where he gave testimony in the insane asylum investigation, makes the following statement regarding the inquiry at that place:

He said: "I found the investigation commission to be men of integrity who will be governed by the testimony given in the hearing, instead of being governed in their decision by a partisan press. The gentlemen of the board were all men of standing and they paid particular attention to all that was said by the witnesses."

"The Las Vegas Optic took an undue interest in the case, and its reports from first to last were in favor of the administration of the asylum."

"In my testimony the inquiry board asked me whom, in my opinion, I thought responsible for this state of affairs, which I had been speaking about. I told them that I considered the steward, George W. Ward, responsible. My testimony was substantially the same as that given in the Evening News. I was not questioned with regard to the matter of the skeleton of Mary Leonard, as I explained to the board of inquiry that I was not responsible for that."

"The Optic shows its bias in its editorials on the matter. In its news columns, it gave the testimony of Adolfo Gonzales, a former night watch attendant. Gonzales is a bartender in Las Vegas. He was in the institution six months. His testimony admitted that the Ferris wheel, the bucking and gagging, and the tying of patients in their beds was carried on, and that he had participated in it. The Optic thinks that because in Gonzales' testimony he says that such treatments are proper, they are proper and right. Gonzales is held up as a criterion, and his statement that he believed the gag was a necessity is taken as a justification of the asylum management in permitting such a thing."

"Gonzales was not the only one who testified to these practices. Every witness, almost, who made a sworn statement, said that he had seen the various treatments administered time and again, and that he had in some instances assisted in carrying out the punishment."

"Now the partisan papers of Las Vegas are striving to influence the opinions of the investigating board by their editorial comments. The Optic has twisted the testimony in an effort to show that the asylum was well conducted, but, as will be seen by the testimony of Gonzales, they have sometimes admitted the truth of the charges."

"They try to justify the administration of hyperdermic injections by the insane patient, Dr. Molau, to other patients. Gonzales himself admitted that he saw Dr. Molau kick a patient and twice he had seen the insane man give injections to other patients."

"I think that the board of inquiry will take cognizance of these things and I believe that they will find a verdict according to the facts as shown by the testimony. I have no complaint to make of my treatment by the board. They heard all that I had to say with respectful attention, and treated me as a gentleman throughout my presence before them."

Mr. Dorbandt says that the only complaint he had to make was in the treatment he received from the Optic, which, he asserted, misquoted him fully in the statement that he had never reported any of the cruelties to the steward. He says that his trouble with Ward was caused by complaints he made regarding the treatment which had been given a patient."

What Mr. Dorbandt said before the board he declares was that he had not reported the matter to the medical superintendent. The El Pasoan further says that if Ward claims he did not know of the treatment inflicted, he must have been negligent of his duty as a person in charge of the institution.

Constipated Fowls.

To have good health, the body should be kept in a laxative condition, and the bowels moved at least once a day, so that all the poisonous wastes are expelled daily. Mr. G. L. Edwards, 142 N. Main st., Wichita, Kansas, writes: "I have used Herbine to regulate the liver and bowels for the past ten years, and found it a reliable remedy." 50 cents at J. H. O'Reilly & Co.

ANGRY FATHER.

John O. Eckel identifies in Jail Brother Who Stole His Daughter.

A dispatch from Phoenix, dated June 22, says:

John O. Eckel, who left here on Friday night for California, has arrived at San Bernardino, where he identified his brother, William L. Eckel, and Het-

ta Louise Eckel, his 14 year old daughter, who was spirited from home by her uncle two weeks ago. The reunion of the wronged father and daughter was pathetic, and a dramatic scene ensued when the father faced the guilty brother.

The authorities at San Bernardino found excuses for delaying the operations of the law, staying the date of habeas corpus proceedings until Wednesday. Meanwhile, Governor Brodie today armed an officer with a requisition on the governor of California. Eckel, the father, has sworn to the complaint, charging the brother with child stealing, and Governor Pardee of California, will have an opportunity of surrendering the fugitive to Arizona authorities before his application for release is heard.

A. C. Baker, prosecuting attorney here, says that he has the most damaging case, and may decide to prosecute Eckel on a more serious charge than child stealing. The abductor and his victim, who had traveled disguised with goggles and heavily veiled, were intensely surprised when arrested in their quarters in a San Bernardino hotel. The girl was embelished in a profusion of jewelry, and Eckel had \$2,000 in cash on his person.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. E. Newson, Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by all druggists.

TREACHEROUS RIO GRANDE.

Martin Nolan Drowned Near the Head gates of the Canal, El Paso.

Last night at 7:30 the treacherous Rio Grande claimed another victim to add to its already long list. This time it was one of El Paso's old citizens who was taken away, says the Herald.

Martin Nolan, a carpenter by profession, who lives on the county road just east of the El Paso & North-eastern crossing, while at the canal headgates last night, was drowned. The part of the city in which Mr. Nolan resided would be overflowed in case of a serious break in the levee and naturally he was interested in knowing just what the conditions were and last night drove out to the headgates along the levee bank.

While he was attempting to turn around his horse backed the buckboard in which he was riding into the water. The force of the water was sufficient to draw the horse into the stream and before either could be rescued, both were drowned.

Mr. Nolan had been warned by the guards and those working on the levee bank that his horse was backing the buggy too close to the river bank, but he probably did not hear the warning and by the time that he found out what danger he was in, it was too late to save himself.

An attempt was made last night to recover the body of the dead man but to no avail. The buckboard, however, was located and afterwards pulled out of the water.

At the point where Mr. Nolan was drowned the river carries a very swift current and the bank breaks away very rapidly and when the weight of the buckboard was placed on the edge of the bank it caved in, throwing the rig into the water, which is also very deep at that point.

The dead man had lived in El Paso a number of years and had been following his profession as a carpenter. For a number of years he had a carpenter shop in a small adobe in the rear of Noake's blacksmith shop.

Tax on Babies.

Extreme hot weather is a great tax upon the vigor, powers of babies; when puny and feeble they should be given a few doses of White Cream Vermifuge, the children's tonic. It will stimulate and facilitate the digestion of their food, so that they soon become strong, healthy and active. 25c at J. H. O'Reilly & Co.

Taken to Las Vegas.

Jacob Kephart, who has been in inmate of the county jail for some time past suffering from insanity, was taken to the Las Vegas asylum last week, where he will receive proper care and attention. His condition is regarded as serious, however, and it is very unlikely that he will ever regain his mental powers. His condition is supposed to be the result of a blow on the head received while in Old Mexico on a mining trip some years ago.—Silver City Independent.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

The uniform success of this remedy as made it the most popular preparation in use for bowel complaints. It is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. It is especially valuable for summer diarrhoea in children and is undoubtedly the means of saving the lives of a great many children each year. For sale by all druggists.

Caution!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. J. H. O'Reilly & Co.

Outside orders solicited for Fourth of July FIREWORKS. Write to O. A. Matson & Co., and get the best.

..A Couple of.. LADIES' OXFORDS

Fresh Cut Flowers, IVES, THE FLORIST

Pineapple, chocolate and Vanilla ice cream and cherry sherbet. Delaney's Bell 'phone 98.

Do you remember how proud you felt in your childhood when you put on a new pair of slippers, especially when they were the kind that had some bows?

It is just the same today with your children. They will get the same amount of pleasure. Isn't money giving so much satisfaction well invested?

We have just received a new shipment of Spring Heel Slippers and Oxfords, and prices are very reasonable, at C. May's Popular Priced Shoe Store, 108 West Railroad avenue.

GENERAL PROSPERITY.

Charles V. Safford, Traveling Auditor, Has Returned to Santa Fe.

OBSERVATIONS ON RECENT TRIP.

Traveling Auditor Charles V. Safford, who returned to his headquarters at Santa Fe, from an official trip on Monday night, states that the counties visited by him are enjoying prosperity. On his last trip he visited the counties of Bernalillo, San Miguel, Grant, Luna, Otero, Leonard Wood, Lincoln, Eddy, Chaves and Roosevelt. He will leave in a few days on another trip but has not yet decided what counties he will visit. "The entire southwest part of the territory is progressing," said Mr. Safford to a New Mexican representative yesterday. "Grant county is also prospering as eastern capitalists are investing in mining property there more than ever, which, of course, means much to the county. As a result of the unusual amount of rain that has fallen during the present season, grass is in excellent condition and cattle and sheep are thriving in most of the counties."

"The Pecos valley is an exception. In that section there has been too much rain for the grass and the cattle are dying in quite large numbers. The Pecos valley is booming though. Farmers from Oklahoma, Kansas, Texas and other sections of the country are coming there and land is being taken up in all parts of the valley. New settlements and hamlets are springing up at many points in the valley and the larger towns are growing. At Roswell property is changing hands at handsome prices and the city wears a general air of prosperity and growth. New dwelling houses are going up in every direction and substantial brick business blocks are in course of erection. The residences are nice and up to date and the business houses are modern. The people of Roswell are looking anxiously for an extension of the Santa Fe Central railway from Torrance to that town. It would be of great benefit to that town and the country traversed as the railroad facilities there are not what they might be, the same as in many other parts of the territory."

Progressive Portales.

"Portales, the seat of the new county of Roosevelt, is another town in eastern New Mexico that is coming right to the front. The town has been built up in the last year practically and it is being built right. The business houses of the place are of brick and many new ones are going up. It is destined to be one of the business towns in the territory, being populated by a progressive people."

"The fruit in the section of the country in question is nearly all ruined as a result of the late spring. Some winter apples are left and a few other varieties of fruit, but it will be scarce."

"The day of the big herdsmen in the Pecos valley is over, owing to the large number of small owners that have settled there. While the number of cattle now raised is larger than it has been, they are divided into small herds of a higher grade. More owners means an increase in population, and consequently in prosperity. The Pecos Valley and Northeastern railroad has contracted to haul 50,000 head of cattle from different points of the valley this season."

Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, head aches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. G. G. Green, Woodbury, N. J. J. H. O'Reilly & Co.

Correspondence solicited.

LOCAL PARAGRAPHS

C. D. Kaadt, of Santa Fe, is here today on business.

A. E. Rouiller, a well known citizen of Paraje, Valencia county, is in the city.

The young ladies of the Woman's Relief Corps will entertain at Orchestra hall tonight and those who will attend anticipate a mighty good time.

There will be dancing and plenty of good things to eat. The young ladies will charge 10 cents admission.

Passenger trains due here tonight, from both east and west, are reported to arrive on time.

Miss Fannie McKeehan, sister of Fred McKeehan, formerly located here but now of El Paso, passed through the city today en route east from the coast.

Louis C. Brooks, secretary of the American Oyster Carrier company, who has been in the east and southeast the past few months, returned to his home here this forenoon.

H. S. Stevens, for some time assistant to Herman Switzer, manager of the Alvarado curio rooms, left today for the east. His connection with the Harvey system no longer exists.

Dr. J. Frank McConnell, of Las Cruces, who was a member of the insane asylum investigation commission, is in the city on his way east to visit relatives and friends for a few weeks.

The General Electric company versus the Cochiti Gold Mining company still occupies the attention of Judge Baker in the district court. It will probably take the time of the court all day Saturday, too.

Dr. T. R. Voth, an ethnologist of national reputation, now doing research work in behalf of the curio department of the Harvey system among the Indians, more especially the Hopi tribe, is in the city.

Edward Propper, who has been absent from the city for the past year, has returned and will remain until fall. He comes this time from City of Mexico, where he says he was superintendent of bridge work on the National and Mexican Central railroads for the American Bridge company of New York. He says money is very cheap down in Mexico, but thinks it will improve by fall.

Harry Johnson, a popular young gentleman of this city, will soon engage in business for himself, and he will succeed. He has taken a lease on the Second street store room lately vacated by A. H. Yanow, in the Whiting building, and will handle bicycles and do repair work. He hopes to get everything in readiness by July 5. The Citizen wishes Mr. Johnson the best of success.

Mr. and Mrs. A. Cunningham, pleasant and well to do people of New Orleans, who spent the greater part of the winter here, stopping at the Alvarado, but left in the spring and have since visited on the Pacific coast, returned to Albuquerque this morning. They were at San Francisco, Santa Barbara, Los Angeles, Long Beach, Santa Catalina, San Diego and Coronado, but of all these places, fashionable summer resorts that they are, none can boast of a hotel like the Alvarado, at least, that is what Mrs. Cunningham says.

WHEN IN NEED OF FINE TOILET SOAP CALL ON US, WE HAVE THE FINEST LINE IN THE CITY. THE JAFFA GROCERY COMPANY.

LOST.

A pair of gold rimmed spectacles, on Railroad avenue, between L. B. Putney's store and Fourth street. Finder will be rewarded by leaving them at Hild's wool house. Ed. Spitz.

OUR PACKAGE WAFERS ARE ALWAYS FRESH AND NEW. WE HAVE ALL THE LATEST VARIETIES. THE JAFFA GROCERY COMPANY.

Notice.

There will be a ten cent social at Orchestra hall, Friday evening, June 26, for the benefit of the Woman's Relief Corps. A cordial invitation is extended to all, especially the members of G. K. Warren post, Spanish War Veterans and Albuquerque guards. Jennie Kirkland, Kate Rawlins, Jura Lane, Dottie Lane, Lea Warner, Norah Werner, Helen Hogan, Stasia Hogan, Alice Rutherford and Sadie Strain, committee on entertainment.

WE HAVE A SPECIAL THAT WILL INTEREST YOU. COME AND ASK ABOUT IT. FOR SATURDAY ONLY. THE JAFFA GROCERY COMPANY.

SATURDAY'S SPECIAL SALE.

Pop corn per pound 5c
Three pound can of hominy 10c
3 dozen fresh Kansas eggs 50c
Newton Creamery Butter 25c
1 pkg Ralston Health Flour and 1 pkg. Ready Bits for 25c
1 pkg Buckwheat flour and 1 pkg. Tapioca for 20c
1 pkg cleaned currants 10c
3 cans shredded cod fish 25c
3 cans mince meat 25c
Good grades of gun powder and English Breakfast teas, per pound, 50c
A white ware cup and saucer free with every pound sold. We continue the sale of all patent medicines at reduced prices.

THE MAZE.

WM. KIEKE, Proprietor.
Eastern woman would do some light work, exchange for room rent. Address Y., Citizen.
