EXCITING COLLEGE BOAT RACES

Harvard and Yale Crews Contest on the Thames.

PRESIDENT TO ENJOY A VACATION

He Will Visit His Home at Oyster Bay, New York

New London, June 25.—The hundreds of devotees of college boat racing, who gathered in this little old whaling town yesterday and last night in anticipation of the annual contest on the Thames between oarsmen of Harvard and Yale, scheduled for today, awoke to find the conditions weatherwise anything but encouraging. Though the early morning brought with it a let up of rain, a bleak wind blew out of the northeast and the atmosphere was raw and penetrating. Blowing diagonally across and down the river the wind bucked the tide and kicked up a choppy sea. Everyone agreed that unless late forenoon brought a change the regatta would not materialize according to schedule. Despite the forbidding aspect of the weather it was announced at 8:30 o'clock that every effort would be made to start the regatta at 11 o'clock, the scheduled hour. The day's program called for the race between 'varsity fours from a start opposite Gale's ferry, down stream to the navy yard, a distance of two miles. This was to be followed promptly by the freshman race from the navy yard to the railroad bridge. It was planned to finish these two minor events before noon and to start the big eights down the river at 12:30 p. m.

The four oared crews started promptly. Yale won by three lengths. Official time: Yale, 10:59 2-5; Harvard, 11:10 1-5.

Freshman race—Yale won by two lengths. Time: Yale, 9:40 3-5; Harvard, 9:46.

Yale wins 'Varsity race.

PRESIDENTIAL VACATION.

President Roosevelt and Family Will Go to Oyster Bay.

Washington, June 25.—The president was busy today getting official business in shape so that he can leave Washington tomorrow for his annual vacation. There were a number of callers during the day, but the most of them merely desired to pay their respects to the president before his departure. The members of the diplomatic corps have scattered for the summer and official business at the capital has reached the stagnant stage which characterizes it during the summer months. Aside from the postoffice investigation now in progress and the Panama canal treaty, about which nothing can be done for the present, there are no public questions of great importance to occupy the attention of Mr. Roosevelt and he is left free to enjoy his vacation with his family in the simple fashion that has become his custom. According to present arrangements he will leave Washington early tomorrow morning and reach his home at Oyster Bay about 5 o'clock tomorrow afternoon.

Warm Welcome for Roosevelt.

Oyster Bay, L. I., June 25.—The citizens of Oyster Bay have completed arrangements to give to the president an enthusiastic home coming tomorrow. When the president reaches Long Island City he will be met by a committee, which will escort him until he reaches Sagamore Hill. The school children of Oyster Bay are to form two lines, and the president is to ride through while the children wave American flags and sing patriotic songs. Audrey avenue, the main street,

Arkansas River Rising in Kansas

Sterling, Kan., June 25.—The Arkansas river here is bank full and rising. Two and nine-sixteenths inches of rain fell yesterday. W. J. Harrison, a farmer, living two miles northwest of this city, was killed by lightning.

"Farmer" says positively that a million mosquitoes swarmed around Harry Bohlman and were flying off with him when his associates rallied to his assistance, and after a desperate battle in which mosquitoes were killed by the wholesale Harry was finally rescued. The boys are suffering the after results of many bites today, and each one proclaims in straight words that they will not go swimming until the "swampy varmints" disappear.

Mrs. Calvin Whiting Better. Charles Whiting has received another letter from his brother, Calvin Whiting, regarding the condition of the latter's wife, who was stricken with paralysis a short time ago. The second letter gives the good news that Mrs. Whiting is somewhat improved, but still critical, although she is able to speak a little. Her brother, who is a physician, is with her, and has rendered valuable help. The Whittings, as stated previously in The Citizen, reside at Deadwood, S. D., where Mr. Whiting is the manager of the Equitable Life Assurance society.

OPERA HOUSE CHAIRS.

Chairs With a Mahogany Finish and Partially Upholstered Ordered for Elks' Opera House.

J. H. Megrew, a representative of the Centennial School Supply company of Denver, who has been in the city several days, has sold the Elks some nine hundred opera chairs.

The chair is a better one than the ordinary one that is found in most play houses. It has mahogany finish and part of the back is upholstered with a green leather cover. It is a very pretty chair and will add greatly to the good looks of the theater. The chairs are to be delivered within sixty days.

CUT OFF DOG'S EAR.

The Cruel Act of an Albuquerque Colored Man.

A BRUTE'S MEAN TRICK.

A few evenings ago a little girl was promenading on the depot platform followed by her little dog. It was at a time when several trains had just arrived and in consequence quite a crowd were mingling together along the walk. The colored man in question was also there and he was noticed whittling a piece of leather. Suddenly, as if the demon had inspired him, he snatched the little dog from the walk, and with one swipe of his sharp pen knife clipped off one of the ears of the little dog, blood spurting from the wound in all directions. The dog ran through the crowd, yelping at every leap, while the little girl stood by and cried as if her heart would break. Passengers crowded around the negro and threats of throwing the heartless brute underneath the wheels were heard, when Constable Smith squeezed himself through the crowd and took possession of the brute. He was hustled into the presence of Justice of the Peace Borchert and was asked why he cut off the dog's ear, to which he gave an answer that "cause he just like to." He was asked if he would like to have his own ear cut off, and he replied "that was another thing." Judge Borchert told the fellow that he could see no difference between a dog's ear and a human brute's ear, especially in this case, and after giving the fellow a thoroughly good lecture he fined him \$5 and costs.

TOPEKA FLOODED.

The City Having More Than Its Share of Water.

Topeka, June 25.—A rain so tremendous in volume that it was practically a cloudburst fell over Topeka about midnight last night. A number of residents in Topeka were compelled to leave their homes and flee to higher ground, while a few of the smaller houses were washed from their foundations. Soldier creek, which was such a factor in destroying North Topeka recently, came up with a rush and is today flowing over Kansas avenue bridge. The Kaw is also rising.

Mrs. O. C. Watson and daughter, Alice, of Santa Fe, are in the city, and will remain several days visiting with Mrs. Watson's parents, Thomas Hughes and wife.

EXCITED VILLAGE

Banker Reynolds is Whipped by Fighting Editor.

NORTH TOPEKA AGAIN FLOODED

Aged Pontiff in Very Feeble Physical Condition.

PRESIDENT SENDS PETITION TO CZAR

Special to The Citizen.

Las Vegas, June 25.—After the news reached town that the insane asylum investigating commission had disapproved the defendants were uncontrollable and sought to take revenge on the Advertiser. Jefferson Reynolds, president of the board of regents, of the asylum, and president of the First National bank, in company with Marcus Brunswick, another member of the board, went to the Advertiser office and asked Editor Lyon if he said that Reynolds had tried to bribe him for \$500. Lyon said he did not mention the amounts stated, but said Reynolds had tried to influence the paper for a consideration and threatened the paper a boycott if it opposed him. Lyon also accused Reynolds of circulating stories about Rodey and Duncan in the postoffice fight. He said that Reynolds was too cowardly to stand for his own assertions.

Reynolds assaulted Lyons while he was sitting down. Lyon arose and gave Reynolds a merciful trouncing, and he was bleeding and bruised from the office. It is rumored that Tipton's and Reynolds' sons are looking for Lyon and swearing vengeance. An indignation meeting is forming against the asylum management.

Citizens generally denounce the attack on Lyon and believe the assault was premeditated. An immense indignation meeting will be held shortly. The Optic has assaulted all the witnesses for the plaintiff, including the member of the commission who opposed efforts to exonerate.

AGED PONTIFF.

He is Nearing the End of a Wonderful Life.

Rome, June 25.—The public consistency, postponed from June 18, was held today with pomp and additional interest and reverence, for in spite of reassuring news concerning the pope's health, many believe that this will be the last consistory under Leo XIII. The assemblage gazed at the venerable pontiff with intense curiosity and there was redoubled enthusiasm in cries of "Long Live Leo." He looked a little more waxlike, a little more bowed, his voice was somewhat thinner and it was evident that his attendants were anxious. The pope smiled while he blessed the crowds as they passed. In fact, at times, he tried to rise so as better to impart his benediction and it was only when he descended from the sedia gestatoria that his extreme weakness was apparent.

THE MESQUITE WASHOUT.

The Worse Yet on the Rio Grande Division of the Santa Fe.

CONDITIONS AS REPORTED.

D. E. Cain, superintendent of the western grand division of the Santa Fe, with headquarters at La Junta, was in the city yesterday and left last night for the scene of the washout near Mesquite station on the Rio Grande division. The washout there is reported to be the most extensive the Santa Fe has experienced in New Mexico during the recent period of floods. About 900 feet of the grade is washed and crumbled away, and the current of the river is running across the track in two places. The damage is considerable. A work train and a large force

of men have been working there the past week with a pile driver, making an heroic effort to break the current. Slag has been hauled from Socorro and used as riprap and ballast. A second work train, heretofore engaged with the Rio Grande and other streams north of this city, left here this forenoon for the scene of devastation and will assist in checking and quelling the Rio Grande at that place. The El Paso Albuquerque trains, running both ways, are being sent around over the Southern Pacific tracks by way of Deming. This deviation of the usual routine costs the Santa Fe in the neighborhood of \$75 per train.

PETITION TO THE CZAR.

President Roosevelt Intercedes for Russian Jews.

Washington, June 25.—President Roosevelt has decided to transmit to the Russian government a petition presented to him by the executive council of the B'nai B'rith regarding the treatment of Jews in Russia.

This action has been taken after mature consideration. At first it was decided that the petition would not be presented because it might be resented by the Russian government and lead to a response that would cause a break in the relations of the two countries. What the result will be is problematical.

A telegram was received this morning by O. W. Strong's Sons from Jas. Prior, of Leadville, Colo., giving orders to bury Thomas Prior and he would telegraph money. The dead man's effects will be sent to the Leadville man. No information is volunteered as to who Thomas Prior was or what relation he bore to the Leadville Prior, who seems to be mum on the subject.

ISLETA KILLING.

One Indian Killed in a Row Last Night at Indian Village.

ANOTHER BADLY BEATEN UP

The Indian village of Isleta was the scene of a killing last night, the result of a drunken row.

A party of Indians, among whom were Jose Felipe Montoya, Louis Abeltia and Magdalena Montoya, were drinking wine at the house of a friend, when the two Montoyas, (no relatives,) got into a bitter quarrel and then went to fighting each other. Some one fired a shot, and Jose Felipe Montoya keeled over dead, the bullet entering the head.

A brother of the dead man appeared, and, on the advice of the governor of the village, arrested Magdalena Montoya.

A telephone message was sent to the sheriff's office here, and Deputy Sheriff Newcomer, who responded, brought the prisoner to the county jail on the delayed passenger train this afternoon.

The Citizen representative called at the jail and had a talk with the prisoner. He says that he is not the murderer, but that another Indian, named Louis Abeltia, fired the pistol shot. Montoya says that he and the dead man were drunk, and got into a fight, when Abeltia shot and killed his assailant. The prisoner's face shows hard usage; both eyes are black and blue, his upper lip swollen and badly bruised, and there are half a dozen bruises over his face and forehead.

As soon as witnesses can be secured and brought to the city, the prisoner will have his preliminary hearing.

Quite a number of lady passengers, who expected to go north yesterday, did not go on account of the condition of the single passenger coach, which went on the stub train run in the event that trains from the west were extraordinarily late. The train from the south arrived shortly after noon and the stub left about 1 o'clock. Some twenty laborers were on board.

F. W. Blackwell, of New York, is in the Duke city. He is chief engineer of the General Electric company, and is here to testify in the Cochiti Gold mining case. A. S. Clark, chief auditor of the same company, is here also.

No one would think that we have had rain to look at our roads and lawns. The fact of it is that we need more rains.

PACIFIC CABLE NEARLY DONE

President Roosevelt Will Send First Message.

KING EDWARD CELEBRATES BIRTHDAY

Emperor William Pleased With American War Vessels.

Washington, June 25.—On the morning of July Fourth President Roosevelt will send from his Sagamore Hill home at Oyster Bay a message formally opening the Pacific cable to the Philippine Islands. The message to be transmitted will be one of greeting and congratulations to Governor Taft. The return message will be sent by Governor Taft.

King Edward's Birthday.

London, June 25.—The birthday of King Edward, who was born November 9, 1841, was officially celebrated today, it having been decided, as announced in the London Gazette some time since, that his majesty's natal day was to be observed in London and on the home stations on June 26, this being the anniversary of his coronation and altogether a more suitable time for a military display than in November. On the other hand, as was the case last year, foreign stations will celebrate it on November 9, the actual anniversary of his majesty's birth.

EMPEROR PRAISES.

Miss Kittle O'Neal, a pleasant young lady who has been making Albuquerque her home the past four months, left this afternoon for Leavenworth, Kansas.

Already Manager Harris has written letters to Deming, El Paso, Trinidad, Belen, Phoenix, Winslow, Socorro, Santa Rita, Madrid, Santa Fe, Williams, Winslow, Los Vegas, Fort Bayard and Silver City, and he expects to arrange games with some of these teams.

New Fire Apparatus.

The new fire apparatus has arrived and will be tested this afternoon at the corner of First street and Railroad avenue. The fire committee, Aldermen Hubbs, McKee and Harsch, will be present. Yesterday afternoon a test was held at the corner of Gold avenue which was in charge of Chief Nash. The test was not what it ought to have been, and so another test will take place this afternoon.

Judge Bail Dead.

Judge John D. Bail, one of the oldest and best known residents of Grant county, died at his home in Silver City last Saturday morning. He was recognized as one of the foremost lawyers of the territory, and held many positions of trust during his life time. He was Grant county's first legislative representative. He was an old soldier—a veteran of two wars. He was born in Ross county, Ohio, July 4, 1835.

Mosquitoes Galore.

Residents of the valley have been pestered dreadfully the past while, since the high water, by large numbers of mosquitoes. The presence of the large pond of dead water north of the city, which, no doubt, furnishes an excellent breeding place for them, is partially responsible.

Gov. E. S. Stover suggests that coal oil be poured over the water, which experiment has been tried in various places with great success.

A few gallons of oil would destroy a horde of the little stinging pests.

Cherokee Bill Gets Five Years

Denver, Colo., June 25.—William Smith, alias "Cherokee Bill," an alleged bad man, has been sentenced to five years hard labor in Fort Leavenworth prison for robbing a postoffice in the south part of this state.

LAS VEGAS SCANDAL.

The usually placid village of Las Vegas is all torn up over the territorial insane asylum scandal and investigation, and to add fuel to the excitement Jefferson Reynolds, the mildest man in all that town, became impressed with the notion that he could whip the editor of the Advertiser, Earl Lyon, and proceeded to the office of the Advertiser and slapped the editor across the face. That was as far as he got in the fight. Lyon rose up and whipped the banker to a finish in one round. It is nearly always precarious business going to another man's place of business to whip him. Every man fights best in his own township, and Lyon appears to be justified in defending himself.

The afternoon paper at Las Vegas, controlled by Mr. Reynolds, as a matter of course, throws the whole blame on Lyons.

It appears that the territory had a narrow escape from being again afflicted with Louis Suizmacher, who was sent to far away Porto Rico as judge to the satisfaction of everybody. He wanted to be judge in McMillan's place, and it is fortunate that one of the numerous Smith family lived in Michigan and wanted the place.

LAS VEGAS BOSS.

Having bought both the daily papers in Las Vegas and consolidated them, the bankers of that village now propose to run out of town the editor of the Weekly Advertiser, who appears to have opinions and is not afraid to express them. To the Advertiser is due the publicity of the insane asylum mismanagement.

By money and threats the Advertiser may be driven out of business in Las Vegas, but if it is it will be a great misfortune to that town.

When a bank concludes that it is going to control a town, and starts out to run things on the per cent plan, it is time for the people to rise up.

It is given out that the committee which has investigated the territorial insane asylum scandal will make a report favorable to the officers of that institution.

PREPARING TO CELEBRATE.

The Chicago board of health has taken a very sensible precaution in preparation of the Fourth of July by issuing a special bulletin concerning the treatment of those who get blown up or otherwise injured on that joyous and patriotic occasion—a sort of "first aid to the wounded"—a circular as it were. The health authorities of that city regard the causing of lockjaw from the wounds as the most seri-

ous evil to be apprehended, and therefore say:

"Those charged with safe keeping of the young should use every precaution and exert all their authority to protect their charges against the danger resulting from the use of toy pistols, percussion caps and other noise-making agencies. Death from tetanus is most agonizing. The department repeats its injunction of previous years: Do not bind or close up any Fourth of July wound or any wound produced as such wounds are. Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street mire and especially in and around stables. It is inactive so long as exposed to the air, but when carried beneath the skin and buried in the flesh, as in the wounds caused by bits of percussion caps or by rusty nails, and when the air in thus excluded the germ is roused to activity and produces the most virulent poison known. This is the cause of lockjaw. Have any Fourth of July wound, no matter how apparently insignificant, dressed by a doctor who will know how to cleanse it thoroughly and apply the proper treatment to prevent the growth and activity of this bacillus and the resulting lockjaw."

During the last ninety days of the present fiscal year 6,109,000 acres of government land were filed upon. Should this increasing ratio be maintained between 25,000,000 and 30,000,000 of acres will be taken from the public domain the present fiscal year.

RAILWAYS ON THE DEFENSE.

The El Paso News says of an abuse that the New Mexico legislature tried to abolish:

"Several litigants in New Mexico have been enjoined under the law passed by the last legislature forbidding residents of the territory from maintaining suits in Texas against railways in the territory for injuries received there.

"The legislature went upon the theory that the courts were created for the benefit of people and property in the territory and that the local interest compelled to defend outside New Mexico was unjustly treated.

"Of course, the law can have no bearing upon anyone who lives outside of the territory, or who removes therefrom.

"But, for instance, take the case of the young man who resides in a county one hundred miles from El Paso and is suing here for a fortune because he was not able to buy a through ticket from a certain station and whose journey was delayed, it is alleged, and who claims that he suffered illness in consequence of a wait and exposure.

"The court has served notice upon the claimant that under the law he must not entertain the suit begun in El Paso. He can sue in New Mexico and let local jurors pass upon the merits of the case. If he removes to this city, and proceeds with the litigation under the accommodating law of Texas, he cannot be interfered with by the New Mexico court. But if he ventures into the territory he can be proceeded against for contempt of court in disobeying an order of a tribunal.

"Now this statute may possibly not be sustained if tested; but the courts of New Mexico ought to be able to settle the causes of action that arise in the territory and relieve the tribunals and the taxpayers of El Paso from the time and expense involved in a multitude of cases where railways would perhaps settle with employees and outsiders on a fair basis in most instances where liability could be established.

"New Mexico men who rush to El Paso to sue a railway for damages for personal injuries, instead of depending upon their neighbors to do them justice at trials in the territorial courts, are usually not railway men, often paupers, or at least claim inability to pay court costs. The taxpayers must 'pay the freight,' expense of juries, furnish a judge and perform a labor of love for non-citizens. Even if a railway company be mulcted, it pays but a percentage of the costs and the salary of the judge is not considered in the matter."

JEMEZ & SULPHUR HOT SPRINGS STAGE LINE.

Carries the U. S. mail; only line with a change of stock en route; good rigs, horses and drivers; leaves Albuquerque every day in the week, except Sunday, at 5 a. m. For particulars address W. L. Trimble & Co., agents, Albuquerque, or J. B. BLOCK, proprietor, Jemez, N. M.

in coming to El Paso is to make it impossible for the railway companies to secure the attendance of witnesses other than those who may voluntarily attend.

"The courts of Texas are a private snap for some of the people of the adjoining territory and they come hundreds of miles to get away from the scene of an accident, hoping to clutch railways that are doing more for this city than all the non-resident litigants that come to use the courts of Texas."

The house of J. Pierpont Morgan furnished much of the British loan that went to pay the soldiers in the Boer war, and now he is arranging to furnish the money to build a railway for Germany from Constantinople to the Persian Gulf.

Mexico is sure of four years more of General Diaz, it has just been nominated by acclamation by the liberal union convention for president, and this means his election without opposition.

The United States postoffice department in 1902 issued domestic money orders amounting to over \$313,000,000 and foreign amounting to nearly \$23,000,000.

Ex-President Cleveland put at rest the current rumors that he desired a re-nomination by declaring that under no circumstances can he be considered a candidate.

Rockefeller has grabbed up the Colorado Fuel and Iron company. The octopus is gradually absorbing the earth and the price of oil continually increases.

Investigation into the affairs of the \$40,000,000 shipbuilding trust shows that the concern had nearly a million dollars in real money.

VASELINE NO GOOD FOR HAIR.

Dandruff Germ Thrives in It as Well as an All Grease.

A well known hair specialist invited the Inter Ocean reporter to come to his office and see, under a microscope, how the germ that causes dandruff thrives in vaseline. The specialist said that all hair preparations containing grease, simply furnish food for the germs and help to propagate them. The only way to cure dandruff is to destroy the germs, and the only hair preparation that will do that is Newbro's Herpicide. "Destroy the cause, you remove the effect." Without dandruff no falling hair, no baldness. Ask for Herpicide. It is the only destroyer of the dandruff germ.

ALGODONES BREVITIES.

River High—Alfalfa Cutting—Building Improvements.

Special Correspondence.
Algodones, N. M., June 24.—There was some excitement here last evening over the report that a seven foot rise in the river was expected last night, but this morning proved it was a false report and the river is now steadily falling. No damage whatever was caused here by the high water, with the single exception of the ranch of Justini and Castello, which was overflowed somewhat and some slight damage done to the crops. Albuquerque is perfectly safe from danger of the flood, as we are informed today.

Sickness steals more savings than the burglar. Slowly, coin by coin, the money that has been so hardy earned is paid out for drugs and doctors. Sickness is the worst enemy of the working man, and the common cause of the working man's sickness is disease of the stomach often involving the heart, lungs, liver, or kidneys.

The use of Dr. Pierce's Golden Medical Discovery will stop the stealing of the savings by sickness. It cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of heart, liver, lungs, kidneys, etc., when these diseases are caused by the diseased condition of the stomach and its allied organs.

"About ten years ago I began to have trouble with my stomach," writes Wm. Connolly, of 333 Walnut Street, Lorain, Ohio. "It got so bad I had to lay off quite often two and three days in a week, my stomach would bloat, and I would belch up gas, and was in awful distress at such times. I have employed and been treated by the best doctors in the city but got no help whatever. By some way or other I happened to get hold of a vial of your 'Pellels,' and I thought they helped me. It was then I wrote you for advice. You told me that by my symptoms you thought I had liver complaint, and advised the use of your 'Golden Medical Discovery' and 'Pleasant Pellets' in connection. These medicines I have taken as directed and am very happy to state that I commenced to get better from the start and have not lost a day this summer on account of my stomach. I feel tip-top, and better than I have for ten years." Accept no substitute for "Golden Medical Discovery." Nothing else is "just as good."

Dr. Pierce's Pleasant Pellets regulate the bowels.

that the water is falling at all points north of here, and you can look for a fall at Albuquerque from now on. All danger is past for this season.

The alfalfa cutting has been delayed somewhat on account of the rains for the past few days, but at present fine weather prevails, and the first crop is now all gathered here. This will undoubtedly be a banner year for all kinds of crops, as the spring rains have been something unusual for this section. There has been very little irrigation done here this spring, as there has been plenty of rain for growing crops up to the present.

Several of the farmers here are talking of building and improving their farms all of which goes to show that prosperity has struck this section of New Mexico. The citizens of this place are still on the warpath against Ananias Skinner and it would not be healthy for him to ever pay a visit to this section, as some say they have got some feathers and chickens enough to make out a covering for him if he comes.

Crops are all looking well and the prospects could not be much better.

A Wife Says:

"We have four children. With the first three I suffered almost unbearable pains from 12 to 14 hours, and had to be placed under the influence of chloroform. I used three bottles of Mother's Friend before our last child came, which is a strong, fat and healthy boy, doing my housework up to within two hours of birth, and suffered but a few hard pains. This liniment is the grandest remedy ever made."

Mother's Friend

will do for every woman what it did for the Minnesota mother who writes the above letter. Not to use it during pregnancy is a mistake to be paid for in pain and suffering. Mother's Friend equips the patient with a strong body and clear intellect, which in turn are imparted to the child. It relaxes the muscles and allows them to expand. It relieves morning sickness and nervousness. It puts all the organs concerned in perfect condition for the final hour, so that the actual labor is short and practically painless. Danger of rising or hard breaths is altogether avoided, and recovery is merely a matter of a few days.

WARNING TO HOMESEEKERS.

Hydrographer Newell Says Two Companies Are Swindling Settlers.

THEY SHOULD BE WATCHED.

A special dispatch from Washington under date of June 22, says:

Hydrographer Newell of the geological survey, returned from Denver and the west today. He is pleased with the progress of investigations and surveys on the Gunnison river, Colorado, project, and has directed the field party to devote much of the summer mapping the irrigable lands situated so as to be reclaimed by water from the Gunnison river.

Engineers are still at work adjusting the line of the canal, determining the exact slope and diameter that will give the best results. Other representatives of the interior department have taken up the question of land titles with a view to insuring to the government all lands actually needed for its rights of way. These agents are also procuring agreements from owners of lands within the proposed irrigated district signifying their willingness and pledging themselves to bear their share of the expense of getting the water through the mountains and onto their lands, as well as adjoining public lands. Mr. Newell expects to have all questions of land title adjusted by the close of the present season, and on the information gathered in the field to be able to begin work on plans for the tunnel and distributing canals early in the winter.

Hydrographer Newell also reports the discovery of a new and successful money making scheme that has grown up under the national irrigation law and which is being profitably worked throughout the west. Speaking of the find, Mr. Newell said:

"I was very much disheartened while west to find that associations for a consideration ranging from \$50 to \$100, are advertising by circulars and otherwise to direct homeseekers to vacant public land which they say is to be reclaimed by the national government. These associations pretend that they are formed to represent homeseekers and propose to give them 'inside information.' They have no inside information. They do not know what lands the government intends to irrigate, for no one knows that, not even the department. They simply defraud susceptible people; they are taking money for valueless service, and they are doing injury to their victims. They are sending people onto lands that will never be irrigated either by the government or by private enterprise, and I know of an instance where these associations have pointed out to three victims lands on hillsides which could not possibly be irrigated."

"I want to stamp these associations as frauds and warn all homeseekers to avoid them. One of these companies has headquarters at Omaha and another at Pendleton, Ore., but their operations extend over the entire arid west, and they are pretending to give 'inside information' concerning arid lands in every state entitled to benefits under the general reclamation law."

ALBUQUERQUE A FINE CITY.

Editor Lapoint, of the Las Cruces Citizen, Has a Few Words to Say.

Last week the first time in eight years we took a run up to the Duke city, and found many new and handsome improvements.

The city proper is four miles long by two and a half wide. Most of the edifices are of modern structure, and not only in its radius, but as far as one's sight can reach on all sides, it is covered with magnificent shade trees, flowers and shrubbery.

The depot represents an ancient Spanish castle and covers about two blocks, where an elegant hotel, railroad office and all other business pertaining to the railroad company is located. The whole structure is surrounded by brick walks, lawns and at night is lighted by electricity. It is well worth seeing.

The constant rains, while there, prevented our visiting its many institutions, woolen and saw mills and other industries; therefore had to content ourselves with lots of political gossip, and judging from talk, and taking an impartial view, the county and city will give, not so large, but a good republican majority.

Although, it was said, by the creation of the new county of Sandoval, and no doubt desired by a few who would like to take charge of the pie counter, that the Hubbells had seen their day. It isn't so, as Tom is the best sheriff Bernalillo county ever had, and the people appear to be well satisfied with his administration. Frank, his brother, is a newspaper man, and is interested with the best and most ably edited Spanish paper in that county, La Bandera Americana. They both own large sheep and cattle ranches, and employ many people. Besides,

they are both genial gentlemen, and their friends compose the majority of the city and county.—Las Cruces Citizen.

ON THE BEAT.

He beat the butcher every day;
He beat the corner grocer.
If any one asked "will you pay?"
His prompt reply was "No, sir!"
And any one he chanced to meet
Soon came to understand
He was a beat who was a beat
A beat to beat the band.
He beat the bars, he beat the cars,
The owner of his flat—
But when he came to beating rugs,
He let his wife do that.

Ladies and Children Invited.

All ladies and children who cannot stand the shocking strain of laxative syrups, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They do not purge the system. Even a double dose will not gripe, weaken or sicken; many people call them the Easy Pill. W. H. Howell, Houston, Tex., says nothing better can be used for constipation, sick headache, etc. Bob Moore, Lafayette, Ind., says all others gripe and sicken, while De Witt's Little Early Risers do their work well and easy. PLAN ROAD FOR MEXICO.

Sonora, Chihuahua & Monterey Road Promoters Meet in Denver.

The promoters of the new transcontinental Mexican railroad, the Sonora, Chihuahua and Monterey, met in Denver to perfect plans for beginning work on the new road. The projectors include such prominent Coloradans as former Judge Luther M. Goddard, former Governor J. B. Orman, Frank P. Bertschy, George Adams and E. F. Arthur. J. B. Robertson, builder of the Mexican Central and other well known railroad men, are also interested. The plans of the company will not be announced for some time, though it is stated that preparations are under way for commencing active work.

Though the route has not been definitely decided on, it is understood that it will begin somewhere on the Arizona border, and run southwest to Guaymas, thence east through Chihuahua to the city of Monteray, a distance of about 800 miles.

The affairs of another Mexican railroad built chiefly by Colorado men are just about being closed up, the road having been successfully built and sold to the Mexican Central. Col. J. H. Hampson, president of the Mexico, Cuernavaca & Pacific, reached Denver Monday in his private car to attend a meeting of the directors of the road, to be held for the purpose of closing up its affairs. The Mexico-Acapulco Construction company, which built the road, will also be discontinued, as its object has been accomplished.

BRAIN BUILDING.

How to Feed Nervous Cases.

Hysteria sometimes leads to insanity and should be treated through feeding the brain and nerves upon scientific selected food that restores the lost delicate gray matter. Proof of the power of the brain food Grape-Nuts is remarkably strong.

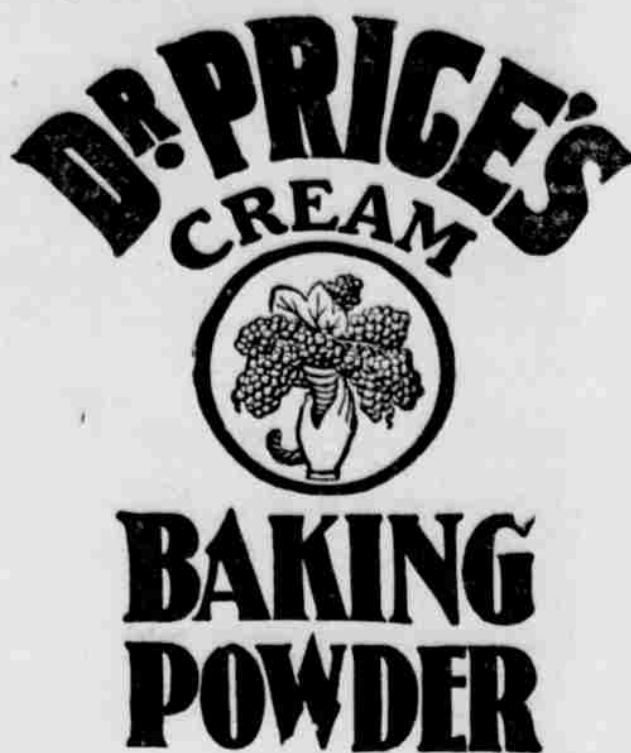

"About eight years ago when working very hard as a court stenographer I collapsed physically and then nervously and was taken to the state hospital for the insane at Lincoln, Neb., a raving maniac."

"They had to keep me in a strait-jacket, and I was kept in the worst ward for three months. I was finally dismissed in the following May but did no brain work for years until last fall, when I was persuaded to take the testimony in two cases. One of these was a murder case and the strain upon my nervous system was so great that I would have broken down again except for the strength I had built up by the use of Grape-Nuts. When I began to feel the pressure of the work on my brain and nerves I simply increased the amount of Grape-Nuts and used the food more regularly."

"I now feel like my old self again and am healthy and happy. I am sure that if I had known of Grape-Nuts when I had my trouble eight years ago I would never have collapsed and this dark spot in my life would never have happened. Grape-Nuts' power as a brain food is simply wonderful and I do not believe any stomach is so weak that it cannot digest this wonderful food. I feel a delicacy about having my name appear in public, but if you think it would help any poor sufferer you can use it. Name given by Postum Co., Battle Creek, Mich."

There are desserts and desserts. The delicious health-giving kind are told about in the little recipe book found in each package of Grape-Nuts.

Why Pay as Much

for an inferior beer?

Schlitz beer costs twice what common beer costs in the brewing. One-half pays for the product; the other half for its purity.

One-half is spent in cleanliness, in filtering even the air that touches it, in filtering the beer, in sterilizing every bottle. And it pays the cost of aging the beer for months before we deliver it.

If you ask for Schlitz you get purity and age, you pay no more than beer costs without them.

RODEY MAKES PROTEST.

He Does Not Like the Appointment of Judge Smith.

CONFERENCE WITH PRESIDENT.

A special dispatch from Washington to the Denver Republican, dated June 23, says:

There was a stormy scene at the white house this morning when Delegate Rodey of New Mexico called to protest against the appointment of Judge C. C. Smith of Michigan to succeed Judge Daniel H. McMillan of the New Mexico supreme court. Delegate Rodey, in very plain language, told the president that this appointment was not at all satisfactory to the people of the territory, for they believed that residents of the territory would be given the territorial offices, and had particular pledges as to the successor of Judge McMillan.

President Roosevelt intimated that this place had been promised to friends of Judge Smith some time ago, and explained that the appointment having been made could not be revoked, whereupon Delegate Rodey flared up and told the president that the people of New Mexico will fight Judge Smith's confirmation in the senate to the bitter end, and will do everything in their power to have the senate turn down the president's appointment.

Prior to the stormy incident Delegate Rodey introduced to the president Ishmael Sparks, mayor of Santa Fe, another prominent citizen of the territory. Their object in seeing the president was to urge him to issue a proclamation turning over to Santa Fe the old military reservation in that city. The reservation was abandoned some years ago and some time ago the war department turned it over to the interior department for sale. It is claimed that the president has full right to dispose of the property to the city of Santa Fe. The land is much desired for public schools, and for that purpose is worth much more than its intrinsic value.

The president is giving the request consideration.

President Upsets Plans of Knox.
It was learned today that President Roosevelt only yesterday decided to appoint Clement C. Smith to the New Mexico judgeship to succeed McMillan. An arrangement had been made by Attorney General Knox to transfer to Judge McMillan's place Judge Louis Sulzbacher, now associate justice of the supreme court of Porto Rico, who formerly resided in New Mexico. Judge Sulzbacher is now in Washington, having been summoned by Attorney General Knox, who believed the transfer would be authorized by the president. When the president learned that the scheme had been all fixed up without his knowledge, he showed indignation and at once destroyed the order prepared by Knox, and as promptly appointed Judge Smith, to whom he had over a year ago promised the first vacancy in a territorial court. Judge Sulzbacher will return to Porto Rico.

Delegate Rodey today called on Senator Burrows, who brought Judge Smith's case before the president yesterday, and in very hot language denounced the Michigan senator for daring to interfere in New Mexico appointments. He said he did not interfere in Michigan and warned Sena-

tor Burrows hereafter not to interfere in his territory.

A Direct Violation.

A special dispatch from Washington to the Denver News, dated June 23, says:

The appointment of Judge Clement Smith of Hastings, Mich., to the supreme bench of New Mexico, to succeed Judge McMillan, removed, is very likely to stir up a row among New Mexicans. Delegate Rodey (New Mexico), in speaking of the appointment today, said: "New Mexico will not stand for the nomination of Judge Smith. We will fight it to a finish and I believe we can prevent its confirmation by the senate. We want a citizen of the territory appointed to fill McMillan's position. There are a number of men there capable of performing the duties attached to it. Among others, I might mention Judge Campbell of the interior department and Messrs. Reed of Roswell, Kelly of Socorro and Clancy of Albuquerque. We want home men. The appointment of Smith is a direct violation of the republican national platform declaration in favor of home rule for territories."

PHOENIX PLANING MILL.

Plenty of Work and New Machinery for This Plant.

Things are humming now a days at the Phoenix planing mill on Gold avenue, which all goes to show that this popular plant does the work entrusted to them in O. K. shape.

Fittings that have been ordered from the outside cities are now made at this mill. A band saw, a new shaper and other modern machinery have recently been added. Contractor Hesselde supplied the new Barnett building with all the doors, window sashes and inside wood work. A dozen or more men are kept constantly at work and we reiterate that things are humming now a days at the Phoenix planing mill.

Prof. James G. McNary, publisher of a Las Vegas exchange, and his brother, J. R. McNary, of Pittsburg, Pa., came in from the north last night and both proceeded south, the former to El Paso, and the latter to Bisbee, Arizona.

ST. MARY'S SCHOOL.

William Tell to Be Presented by School Children.

ANNUAL COMMENCEMENT EXERCISES.

The eleventh annual commencement of the Immaculate Conception school will be held tonight in the school hall beginning promptly at 8 o'clock. The exercises this year will be notable because of the first dramatic effort to be made by the children of the school. Their first attempt promises to be a brilliant success. They have been carefully drilled and will give the play, "William Tell" without any outside assistance.

Hon. A. L. Morrison, of Santa Fe, will be here to deliver the address. The program with the cast of the play follows:

Welcome Song.....
.....Selected Girls' Chorus
The play of "William Tell".....
.....By Boys and Girls of School
Between the three acts of the play solos will be rendered by Prof. N. DiMauro, violin, and Mr. Joseph A. Blonfin, violin cello.

William Tell, a Play in Three Acts
Synopsis—The play depicts with reasonable historical accuracy the successful revolt of the Swiss against Austria's hateful domination. It portrays at once the inhuman cruelty of the Austrian governor, Gesler, and the noble patriotism of William Tell. The chief incident of the play—the shooting by Tell of an apple placed on the head of his little son—is an event that finds a place among romantic stories in every modern tongue.

Act I—Scene 1. Tell's home. Tell aroused to action.
Act II—Scene 1. In the mountains. Gesler lost; rescue. Scene 2. Same. The patriots meet. Scene 3. Before the gate of Altorf. The cause advances. Gesler's ingratitude to Albert.

Act II—Scene 1. Courtyard of Altorf castle. Tell captured. A tyrant's whim. Retribution.

DELAIED TRAINS.
Several From West and One From South Arrive This Afternoon.
Passenger trains Nos. 2 and 8 of yesterday and No. 2 of today arrived this afternoon between 2 and 3 o'clock in close succession. Passengers on board said that they were held at Needles, Cal., on account of a washout between that place and the bridge crossing the Colorado river this side. The grade was washed away in a place where the river makes a bend and comes in close to the foothills; not bad, but enough to weaken the track so as to make it dangerous for trains to pass over. When the trains passed over the Colorado bridge yesterday about noon the water was running close to the top of the abutments of the structure, and within a couple of feet of the tracks.
No. 22 from the south, held on account of washouts between Las Cruces and El Paso, arrived at 2:50 this afternoon.

JOHN WESLEY.
Services for This Great Man on Sunday at First Methodist Episcopal Church.
The 200th birthday of John Wesley, that great man of truth, will be celebrated on Sunday morning in the First Methodist Episcopal church, on Lead avenue.
The services in honor of this noble man who said: "The world is my parish" will begin at 6 o'clock with a Wesley sunrise meeting under the auspices of the Epworth League.
At 11 o'clock Pastor Frederick Vining Fisher will preach on "John Wesley, the Man."
In the afternoon at 3 o'clock a great mass meeting of all the Methodist churches in the city and vicinity will be held, and members of other denominations are invited. There is to be an address by Rev. Robert Renison of the Episcopal church on the gospel of John Wesley. A love feast will follow, which will be conducted by Rev. Mr. Hodgson, of the Methodist Episcopal Church South.
The evening service will be a farewell one to Revs. T. C. Beattie and Robert Renison.

TRUE AND UNFAILING HEALTH FOR SUFFERING WOMEN.

PAINE'S CELERY COMPOUND

THE WORLD'S MEDICINE FOR THE CURE OF FEMALE TROUBLES.

A large share of the evils and sufferings which women are liable to result from special female weaknesses and diseases. From the girl entering womanhood to the woman who arrives at the Grand Climacteric or "Change of Life," there are troubles, ailments and irregularities—too often borne in silence—which undermine the health and result in disease. Where such conditions exist, Heaven help the poor sufferers to fully realize their perils and dangers!

It is well known that ordinary medical treatment too often fails to build up the delicate nervous system of woman, and give necessary tone and

strength to the important female organs. The experience of years, medical testimony and letters from tens of thousands of cured women, point to Paine's Celery Compound as woman's friend and life giver. Mrs. W. I. West, Fremont, Neb., writes thus: "I used Paine's Celery Compound for female troubles and general debility. I have taken a great deal of medicine during the last ten years, but none of them of such value as Paine's Celery Compound. I believe it is the best medicine for the nerves and the troubles from which women suffer that I ever used."

BILLY MENASCO'S NOSE.

It Came in Contact With Hard Ground
Last Night.

Billy Menasco, the well known clerk,
is no lover of high sidewalks, and if
he ever breaks into the city council as
a member he proposes to have all the
grades in the city on a level with the
ground, regardless of the opinion of
civil engineers and surveyors. He has
just cause for a kick, and if any one
doubts the assertion just call on Billy
and take a peep at his well defined
nose. Last night, or rather early this
morning, Billy meandered to his room
on West Gold avenue, after having
spent several hours with friends dis-
cussing the good qualities of the of-
ficials, when he struck one of the of-
ficial high sidewalks and before he
could say Jack Robinson his nose was
plowing into the hard ground. He
picked himself up as neatly and scienti-
fically as possible, under the circum-
stances, and on brushing off the dirt
continued to his room. The looking
glass revealed to him the fact that his
nose had got the worst of the fall. It
will be several days before that nose

LOCAL PARAGRAPHS.

Miss Laura Zinth, of Helen, is in the
city visiting and shopping.

Hon. M. S. Otero was a passenger
for Santa Fe this afternoon on the
first of the delayed trains.

A. E. Powell, route agent of the
Wells, Fargo Express company, has
returned from an official trip up north.

Mrs. S. D. Saunders, who was at
Roswell on a visit to her parents, Mr.
and Mrs. Rainhart, has returned to the
city.

Superintendent Frank Easley, of the
New Mexico division, who was in the
city since yesterday, left this after-
noon going north.

D. C. Hobart, of Silver City, who has
mining interests in New Mexico, pas-
sed through the city on a delayed pas-
senger train Tuesday for the east.

Rufus Goodrich, secretary to Super-
intendent I. L. Hibbard, of the Albu-
querque Winslow division, has return-
ed here from a month's outing on the
Pacific coast.

Passenger trains of tonight will ar-
rive a trifle more regular than in the
past several days. No. 1 is one hour
and thirty minutes late, No. 7 on time,
No. 8 thirty minutes late.

Montague Stevens, the western So-
corro county stock raiser and farmer,
came in today from the south on the
delayed passenger train, to visit Mrs.
Stevens, who is sojourning in the city.

Mrs. W. H. Bartlett and Miss P. L.
Robertson passed through the city late
yesterday afternoon for Santa Fe, af-
ter a ten days' visit at Zuni, Acoma
and the Enchanted Mesa in Valencia
county.

A carload of Coachella valley, Cali-
fornia, cantaloupes, passed through
the city on the delayed train from the
south this afternoon, en route to Chi-
cago and Kansas City markets. Ex-
press Agent W. D. McFerran and force
were busy re-loading the car.

Mrs. H. Doyle, of Leavenworth,
Kansas, and Juanita, daughter of D. J.
Rankin, left this afternoon for the for-
mer's home. Mrs. Doyle has been in
the city some time visiting her daugh-
ter, Mrs. Rankin. Miss Juanita will
spend the summer with her grand-
mother.

A boy at Holbrook got to monkey-
ing around the cars last night, and
just as the train moved away he fell
from the platform of a car. Result,
one leg run over and he was other-
wise injured. Dr. Brown, the com-
pany's physician, came down to Hol-
brook on today's No. 2, and no doubt
amputated the boy's leg.

J. E. Hanway, traveling representa-
tive for the Topeka State Journal, and
son, were in the city yesterday and
last night. Mr. Hanway was a passen-
ger on one of the belated trains, which
were held at Cerrillos and Waldo, day
before yesterday, and one of the unfor-
tunates, who went all day without any-
thing to eat just because of a little
inexperience and misjudgment on the
part of some misguided official, who
underestimated the magnitude of the
Herlow freight wreck.

LIVELY SANTA FE.

Fishing for Dead Body—Husband Appeared With Pistol.

EXCITING RUNAWAY.

From the New Mexican.

Prof. Clinton J. Crandall of the United States Indian Industrial school this morning sent two employees of the school to Moriarty station on the Santa Fe Central railway to aid in the search for the body of Taylor Dave the young Shoshone Indian, who was drowned in the lake near Moriarty while bathing on Sunday evening last. The Santa Fe Central Railway company also sent two experienced men to the locality with similar orders. Everything possible is being done for the recovery of the body of the unfortunate young man, as Professor Crandall is especially desirous of giving the corpse decent burial. By this time it is too much decomposed to be returned to the young man's parents on the Shoshone reservation in Idaho.

Husband Appeared With Gun.

A scene not arranged for by the Woman's Board of Trade took place in the Plaza last evening while festivities were at their height. Sitting on one of the benches was a young man, well known here, and a young matron. The husband of the young matron appeared on the scene and at once drew a revolver and started toward the aforesaid young man, who fled at full speed. A man sitting on a nearby bench saw the irate husband draw his revolver and called a policeman who arrived after the principals had left. Later the young man returned and was escorted home under police protection. The irate husband has not been found as yet.

Lively Runaway.

A team of horses attached to a light vehicle owned by Jose Antonio Anaya of Galisteo ran away yesterday afternoon while in this city. The owner had left the vehicle when the team started. Near the capitol building the wagon collided with a telegraph pole and was demolished. Being freed from the incumbrance of the vehicle the horses increased their speed and ran until they were thoroughly tired. They eventually became separated and one of them was captured near the Claire hotel. The other animal was later found near the Santa Fe depot.

An Old Soldier.

Carleton Post, Grand Army of the Republic, held a well attended special meeting last night and added two members to its roster, making the present membership fifty-seven. James Garland, one of the recruits, has a civil war record as follows: Enlisted June 12, 1861, in Company H, Third United States Infantry, discharged December 31, 1862; re-enlisted August 1, 1863, in the Second District of Columbia Volunteers; discharged September 12, 1865. John C. Martin, the other recruit, was born in 1848. He enlisted January 6, 1865, and was discharged October 1, 1865. After the meeting was closed Judge McFie, post commander, invited the comrades to form in line and march to the Plaza to get rations of coffee and ice cream.

Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constipation, nervous dyspepsia, head aches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. G. G. Green, Woodbury, N. J. J. H. O'Reilly & Co.

TWO CASES DISMISSED.

Court of Private Land Claims Settled Down to Business Today.

The United States court of private land claims convened at 10 o'clock yesterday morning at Santa Fe, as per adjournment on Monday. Chief Justice Joseph R. Reed presided, and associate justices and other court officials presided as on yesterday.

The first case called for trial yesterday morning was No. 282, that of Manuel Marie Martin vs. the United States for the Galban land grant. The case was dismissed by the plaintiffs. The grant is in Bernalillo county.

In case No. 278, Mariano F. Sena vs. the United States for the Jose de Leyba land grant in Santa Fe county. The mandate and order of the supreme court was filed.

The order affirmed the previous decree of the court of private land claims. The petition was dismissed

DON'T GET IN A SWEAT

Perspiration—"sweat" is what the Bible and we common people call it—is a way nature has of driving out of the body refuse that has no business there. We sweat more in summer, because, in the overheated bowels, undigested food ferments more quickly than in winter and produces irritating acids and gases. The bowels, overworked, try to relieve themselves by violent convulsions, causing terrible gripes and colics, and diarrhoeal discharges so acid as to make you sore, and leaving the intestines weak and worn out. Nature assists body-cleaning by sending the filth out through the pores of the skin. It is not safe to stop perspiring altogether. Most of the impure matter should be sent out by natural movements of the bowels, and the offensive, ill-smelling, linen-staining sweat done away with. Keep your bowels strong all summer with the pleasant, candy cathartic CASCARETS, that clean the system and don't allow the excrement to be sweated out through the pores. Take a tablet every night, before going to bed. They work while you sleep and make you feel fine and cool all day.

Best for the Bowels. All druggists, rec. 25c, 50c. Never sold in bulk. The genuine tablet stamped C. C. C. Guaranteed to cure or your money back. Sample and booklet free. Address: Sterling Remedy Co., Chicago or New York. 545

without prejudice to any further steps the plaintiffs may desire to take.

Case No. 281, Romel Barela vs. the United States for the Barela land grant in Dona Ana county was the next case called and had not been completed at 3 o'clock yesterday afternoon.

I sell more of Chamberlain's Cough Remedy than all similar preparations put together and it gives the best satisfaction of any medicine I ever sold. I guarantee every bottle of it.—F. C. Jaquith, Inland, Mich. This remedy is for sale by all druggists.

BADLY CUT UP.

Two Men Free With Their Knives at Galisteo.

In a drunken fight at Galisteo Tuesday night Pedro Lopez and Darlo Mora both citizens of that town, were badly cut. Mora went to Dr. Palmer's office at this place, and had his wounds dressed. He will probably lose the use of one hand as the arm is cut half off just below the elbow. The other man was badly cut on different parts of the body but has not been brought in yet.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bontorville, Va., serves as example. He writes as follows: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by all druggists. Trial bottles free, regular sizes 50c and \$1.00.

He is at Hillsboro.

C. T. Brown, the mining expert and engineer of Socorro, who is well and favorably known throughout New Mexico, is in Hillsboro, Sierra county, where he is spending several days on mining business and also communicating the degrees of the Ancient and Accepted Scottish Rite of Free Masonry under the direction of Colonel Frost, the inspector general of the rit for New Mexico, upon six candidates, all well known citizens of Sierra county. They are Henry Abraham Ringer, Thomas Jefferson Ross, Frederick Shaw, Farquhar Campbell, Oliver Andrew Gould and William Henry Bucher.

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Leo, Mass. "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." If you have any trouble with your stomach why not take these tablets and get well? For sale by all druggists.

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the "Land of Mahana."

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

**HIGH CLASS DRUGGISTS
AND — OTHERS.**

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and purest medicinal agents of known value, in accordance with physicians' prescriptions and scientific formula. Druggists of the better class manufacture many excellent remedies, but always under original or official names and they never sell false brands, or imitation medicines. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. The earning of a fair living, with the satisfaction which arises from a knowledge of the benefits conferred upon their patrons and assistance to the medical profession, is usually their greatest reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy and that it gives universal satisfaction, and therefore they are selling many millions of bottles annually to the well informed purchasers of the choicest remedies, and they always take pleasure in handing out the genuine article bearing the full name of the Company—California Fig Syrup Co.—printed on the front of every package. They know that in cases of colds and headaches attended by biliousness and constipation and of weakness or torpidity of the liver and bowels, arising from irregular habits, indigestion, or over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as Syrup of Figs, and they are glad to sell it because it gives universal satisfaction.

Owing to the excellence of Syrup of Figs, the universal satisfaction which it gives and the immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found, here and there, who do not maintain the dignity and principles of the profession and whose greed gets the better of their judgment, and who do not hesitate to recommend and try to sell the imitations in order to make a larger profit. Such preparations sometimes have the name—"Syrup of Figs"—or "Fig Syrup"—and of some piratical concern, or fictitious fig syrup company, printed on the package, but they never have the full name of the Company—California Fig Syrup Co.—printed on the front of the package. The imitations should be rejected because they are injurious to the system. In order to sell the imitations they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and deception in one case he will do so with other medicinal agents, and in the filling of physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions exist it is necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company—California Fig Syrup Co.—printed on the front of every package, do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will sell you what you wish and the best of everything in his line at reasonable prices.

OFFICIAL MATTERS.**Land Office Business—Buckeye Land and Live Stock Company Organized.****CONTEST CASE OPINIONS.**

The following homestead entry was made at the land office: George H. Smith, Jr., Santa Rosa, 40 acres in Leonard Wood county.

Incorporations.

Articles of Incorporation were filed at the office of the territorial secretary today by the Buckeye Land and Livestock company. The organization is authorized to raise sheep and livestock generally, to carry on a general ranching and farming business and to conduct a mercantile business in connection with the aforesaid enterprises. The company is capitalized at \$25,000, which is divided into that many shares of the par value of \$1 each. The term of existence is fifty years and the principal place of business is at Las Vegas. The incorporators are Dallas J. Osborne and Hugh L. Davis, and they, with Pearl M. Osborne, compose the first board of directors.

Opinions in Contest Cases. The register and receiver at the United States land office have rendered opinions in the following contest cases:

Mabel Holbrook vs. Daniel Armijo, homestead entry No. 5279, 160 acres in Mora county. It was recommended that the entry be cancelled and that Armijo be given the right to enter the land involved.

The United States vs. Crescencio Baca, homestead entry No. 6533, 160 acres in Leonard Wood county. Charge

STRONG AGAIN.

You who once possessed sturdy physique and steady nerves, but now have insufficient physical force to properly attend to ordinary duties; you who have sense of "all-goneness" after the slightest exertion; you who are dull, languid and old in spirit at an age when you should be full of physical fire; you who may feel that your life is not worth the struggle—there is a scientific means of redeeming all the precious powers which seem to be entirely lost.

es were preferred by a special agent that claimant had failed to comply with the law. The charge was sustained and cancellation recommended.

The United States vs. George W. Wilson, homestead entry; 40 acres in Colfax county, sold as additional homestead. Charges of fraud in execution of papers were filed by a special agent. Rejection of the application recommended.

The United States vs. Fred L. Braum, homestead entry No. 6459, 160 acres in Leonard Wood county. Special agent's charge of failure to comply with the law sustained and cancellation of entry recommended.

The United States vs. Bertie A. Johnson, homestead entry No. 6505, 160 acres in Leonard Wood county. Charge of special agent alleging failure to comply with the law sustained and cancellation recommended.

The contest case of the United States vs. Minnie Baca, homestead entry No. 4783, 160 acres in San Miguel county, was tried before R. L. M. Ross, United States commissioner at Las Vegas. The special agent's charge of failure to comply with the law was sustained.

Permits to Graze.

Messrs. Saunders and Dittman were today granted permission to graze 500 cattle in the Battlement mesa forest reserve of Colorado. The secretary of the interior has approved selections made by the territory of New Mexico of 2,238 acres in Las Cruces land district, to be used for a miners' hospital.

DEATH AT SAN PEDRO.

J. J. Jacoby, an Old Resident, Died Tuesday.

Special Correspondence.

Golden, N. M., June 24.—J. J. Jacoby, an old resident of San Pedro, died yesterday at 10 o'clock a. m. He took sick on Monday noon while getting his mail and only lived forty-two hours. Mr. Jacoby came to San Pedro in 1892, and has been running a small grocery store ever since. He was in his 73d year, and an old resident of the state of Texas.

Mr. Jacoby was buried this forenoon at 10 o'clock in the San Francisco cemetery at Golden. The funeral was largely attended by San Pedro and Golden people, who respected the old gentleman for his kindness to all the people.

Caution!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boesche's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. J. H. O'Reilly & Co.

THEY WERE FROM SANTA FE.**The Two Indians Killed in Wreck at Hurlow Station.**

In the freight wreck near Waldo station on the Santa Fe railway on Monday evening last, in which a fireman was killed, according to a dispatch received by Superintendent Clinton J. Crandall, of the United States Indian Industrial school, at Santa Fe, two Santo Domingo Pueblo Indians who were stealing a ride were also killed. Superintendent Crandall has standing a very strict order to the Indians to keep away from railroad, freight and passenger trains and not to steal rides on them. It seems, however, that the Indians very often disobey these orders. It will be remembered that about a year ago in a railroad wreck near Thornton, three Pueblo Indians were killed. These accidents are not taken much to heart and are very easily forgotten by the Indians.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by all druggists.

Our linen display is attractive; our prices none the less so. Albert Faber, Grant building.

NO HUMBAG HERE.

Albuquerque Endorsement is What Counts with the Albuquerque Public. You can't fool the public all the time. They will find you out at last. Every time a man is fooled. Another skeptic is made. Many the remedy that makes the skeptic. Because it fails to keep its promises. Doan's Kidney Pills bring renewed reward.

They cure the skeptic. Plenty of proof of this at home; Albuquerque proof for Albuquerque people.

Here's a case of it:

C. G. Lott, for ten years stationmaster in Albuquerque, now retired from active cares of life, residence 315 North Arno street, says: "I had attacks of backache stretching over a period of three years. One of them occurred shortly before Doan's Kidney Pills came to my notice and I went to the Alvarado Pharmacy for a box. I knew the cause of my trouble arose from imperfect action of the kidneys because the behavior of the kidney secretions and their condition fully proved it but what to do to check the trouble was a mystery. Doan's Kidney Pills effectively stopped the difficulty. If everyone in Albuquerque receives as undoubted benefit as I from that remedy, kidney complaint, backache and trouble with the kidney secretions will cease to exist in this vicinity."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

His Last Hope Realized.

From the Sentinel, Gebo, Mont. In the first opening of Oakland to settlers in 1859, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping up on his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

NOTED COWGIRL

Visitor in Duke City—She Expects to
Ride at Territorial Fair.

ENJOYS BRONCO RIDING.

Miss Blanche Dunbar, a good looking girl of seventeen summers, is a visitor in the Duke city for a few days.

Miss Dunbar's occupation is that of she liked it, too. "It's better than being in a kitchen," she said, "and you know outdoor life is healthy."

"I came on with George King from cowgirl and she is said to be a cracker. Jack in this line of business. She hails from Holbrook, Ariz., where she works with the cowboys on a ranch.

When seen this afternoon she said she had been following the business ever since she was six years old and Arizona the other day with some horses that were going to Kansas, and when I got here they refused to give me a pass because I wasn't a boy, so I'm staying here awaiting Mr. King's return. In the fall I'm going to the territorial fair and will ride if there is sufficient inducement. I shall be accompanied here by Dick Gribay, of Pinto, Ariz.

"I was born in Denver, and have been an orphan ever since I was a year old, and have lived in Arizona for sixteen years."

Miss Dunbar wears the cowboy hat and her hair is cut short. She looks the picture of health and says: "I wouldn't give up this kind of life for a palace and I'm right at home in the saddle, too."

A notice in The Citizen yesterday afternoon stated that Mrs. I. B. Close and sister would leave today for Deming. The item, in the main facts, was correct, but instead of "Deming" it should have read "Denver." The intelligent linotype operator has an idea that Deming will soon be a Denver, hence he thought changing "ver" into

"ing" would make no difference to the ladies.
