ALBUQUERQUE, NEW MEXICO, MONDAY AFTERNOON, JUNE 22 1903

NUMBER 484

CONVICTS TRY TO ESCAPE

One Killed and All Recaptured By Guards.

A RAILWAY ACCIDENT AT SPOKANE

Fatal Accident on the Missouri Pacific Railway.

Canon City, June 22.—Fifteen convicts this morning made a break from the state penitentiary under the most exciting conditions. One was killed, another was fatally injured and a third seriously. Tom Fallon, a convict, who is seriously injured, led the escape. While confined in the Denver jail, Fallon made an unsuccessful attempt to escape.

At 7 o'clock, Dr. Palmer, prison physician, was called to cell No. 1 under pretense of services needed for a sick prisoner. When he entered he was overpowered, stripped, bound and gagged. His clothes were taken by convicts, who then rushed into the main corridor.

Mrs. John C. Cleghorn, wife of the warden, and Steward Keefe, were captured before the convicts reached the front gate, and when the guards rushed out to shoot, they were held in front of the convicts, being used as shields. Mrs. Cleghorn fainted and the guards then opened fire, killing Convict Kuykendall, of Cripple Creek, fatally wounding Convict William Armstrong, and seriously wounding Convict Tom Fallon. The other jail breakers were all recaptured.

Kirch Kuykendall, who was killed in an attempt to escape from the penitentiary this morning was sentenced last year from Cripple Creek for thirteen years for assault to kill while he was engaged in stealing valuable ore in the 400 foot level of Stratton's Independence mine. James Armstrong, who was seriously wounded, was serving ten years for burglary at Florence. He is wanted in Utah for murder.

Fatal Railway Accident.
Jefferson City, Mo., June 22.—In a wreck between two Missouri Pacific freight trains, which occurred at Cole Junction, five miles west of this city, last night, four men were killed and one dangerously injured. The dead are: Fireman Duvall, brakeman Wm. Atkinson, two unknown men, supposed to be tramps, dangerously injured and will probably die; Engineer Michael Finnegan. One of the trains was laden with live stock and quite a number of cattle, horses and hogs were killed.

Fred A. Carter, the western agent of the Beacon Paper company, who was at Santa Fe Saturday, was here yesterday, doubling back on his trip to take his best girl out driving. He was a north bound passenger this morning.

SCARED AT AUTOMOBILE.

E. H. Dunbar's Driving Horse Proved a Lively Animal.

BUGGY SMASHED UP.

T. J. Curran's automobile broke the Sabbath yesterday morning, and caused a heavy account for damage to be piled up against the real estate agent, E. H. Dunbar.

The excitement occurred on Second street between the postoffice building and Tribble's livery stable, when the street was pretty well crowded with people waiting for their mail and listening to the latest news about the pool of water on North Fourth street. Back in Maine, Colonel Dunbar is known as a water expert, and he, in company with W. E. Grimmer, was on his way to North Fourth street to see the conditions there, and to give some of his ideas as to the best method for draining off the water. He was driving north on Second street, on the right side of the street, when Curran's snorting automobile came around the corner and started south

on Second street on the wrong side of the street.

Dunbar's bay driving horse was soon up in the air, acting like a mad animal, while Mr. Curran shield his automobile to the right side of the street and headed down the alley back of the Whitney building.

By this time the horse had picked up speed, and he darted north on Second street at a Ten Broeck pace. The buggy collided with a big pole at the Columbus hotel corner, tumbling out Mr. Dunbar, while Mr. Grimmer jumped out, lighting on the right side of his face before the pole was struck. Here the top of the buggy was torn from the frame, and with the latter the horse kept north in the street. In front of Swarthmann & With's meat market a country horse stood hitched to a buggy, the property of Emiliano Baca of Barelaz. A collision also occurred here, and a wheel was broken from the Baca buggy. The horse was finally stopped in his mad career, and the relics of the buggy picked up and carted off to the repair shop. The horse was not injured; the buggy was smashed into smithereens, and it was a narrow escape from serious injury, possibly death, for both Messrs. Dunbar and Grimmer. Mr. Baca was provided with another buggy by Mr. Dunbar until the damage to the former's buggy is repaired. It was one of the most exciting runaways that has occurred in Albuquerque, and furnished a lively Sunday morning matinee, with free admission on the side.

MEETING TONIGHT.

Citizens Asked to Attend Meeting Over Zeiger's Cafe.

FEW FLOOD PARAGRAPHS.

To the Citizens of Albuquerque: At the suggestion of Arthur Everitt, chairman of the citizens' advisory committee to the city council, I hereby call a meeting of citizens to be held over Zeiger's cafe, on the corner of Second street and Railroad avenue, at 8 o'clock p. m. Monday, the 22d inst., to take further steps in regard to the water which has accumulated north of the city. It is desirable that there should be a full expression of opinion on the part of the citizens, not only as to the immediate disposition of the water in question, but for the purpose of suggesting any permanent remedy for the conditions which now exist and which may recur this season or subsequently. A full attendance is therefore requested. While there is no apparent danger at present, the matter is of such importance that it requires that every citizen should take an interest in some permanent means of disposing of the difficulty reached. Respectfully, W. B. CHILDERS, Chairman of the Citizens' Committee.

Flood Paragraphs.

The meeting upstairs over Zeiger's cafe this evening ought to be attended by a large crowd of citizens, especially those who know something about "water" and how to get rid of the surplus.

There was a little extra seance last Saturday night, and an extra force of workmen toiled a few hours at the new embankment on North Fourth street. The excitement was caused by the panned up pool taking on a rise of a few inches, and it was feared the new embankment would not hold. It was strengthened, and today everything is secure.

The pool at the Yott place has gone down several inches since last night, and this surplus will soon disappear,

either drained off or absorbed by the earth.

Word from Alameda gives the glad tidings that the river, at the bend, has gone down considerably; the dyke and acequias in that vicinity are in good condition, and no more breaks are anticipated.

The Barelaz bridge, which showed signs of weakening a few days ago, is reported O. K. today, and it is thought that all fear of it giving out has now passed.

Owing to his "white ribbon" proclivities, City Marshal McMillan placed Officer Steward in charge of the force at the north end of Fourth street last Saturday night, and he heroically watched the gentle waves from the pool of water until daylight Sunday morning. He reports no danger in sight.

Banker on Trial.

Trenton, N. J., June 22.—In the United States district court Albert C. Twining, cashier of the wrecked First National bank of Asbury Park, was called upon to plead to indictment misappropriating funds of the bank. Twining was not in court and Judge Kirkpatrick ordered forfeited the bond, in the sum of \$2,000, which Twining gave on Saturday for his appearance today.

STRANGE ACCIDENT.

Runaway Train Plunges Into Streets of Spokane.

Spokane, June 22.—One of the strangest railroad wrecks in the history of the northwest took place on the Spokane Falls & Northern railway, part of the Great Northern system, a little before daylight this morning, a short distance from the center of the city, when a runaway train of sixty or more loaded cars with engine, rushed four miles down the grade, through the town, demolishing a dwelling house, wrecking a laundry, killing at least four people, injuring eight others and piling up a tangled mass of debris nearly fifty feet high. The dead:

Wm. Thomas, workman.
Elmer Slee, aged 9 years.
Two unidentified men.

It is not known what started the heavy train to slide slowly down the grade, but which soon gained momentum and rushed through the city with tremendous speed.

Coming to the end of the track the train plunged forward, crossing the street, running over a rock pile and swinging over the south side of Harrison avenue it ran for nearly 500 feet, crushing through all obstacles.

Lost Life and Gold.

The Chinaman who was drowned was weighted down with two sacks of gold, valued at about \$3,000, which he was trying to save. He was delayed in getting it out of his trunk, hence lost his life. His body was recovered but the gold is still missing. He was an old-fashioned Chinaman who did not believe in banks.—Clifton Era.

Meeting Postponed.

New York, June 22.—The directors meeting of the Colorado Fuel and Iron company, scheduled for today, will not be held according to Chairman Osgood, who arrived here from Denver today. Osgood declined to discuss the affairs of the company or make a statement concerning its financial condition. Colorado Fuel and Iron had declined 2½ in the stock market up to noon today.

Injunction Dissolved.

Richmond, Va., June 22.—In the chancery court today Judge Grinnau dissolved the injunction restraining the United States government from taking possession of the cruiser Galveston. The federal government stipulates that the ship shall remain the property of the Trigg creditors until the case is determined by the court of highest resort. The Galveston will be launched this week.

Killed in a Wreck.

Rawlins, Wyo., June 22.—A wreck on the Union Pacific this morning killed four. The dead:

Frank McGrath, brakeman.
Charles Frazell, fireman.
An unknown tramp.

Harry Baker, engineer, fatally injured.

The accident was caused by eight cars loaded with coal getting away and dashing out on the main line. They ran four miles to Semisole, where they collided with an extra freight. The men on the extra had no warning of the approach of the runaway cars and made no move to escape.

FATAL EXPLOSION

Disaster in a Coal Mine in Pennsylvania.

REPUBLICANS DEMAND STATEHOOD

Thousands of Elks Gather at Waco, Texas.

THE JUBILEE KNIGHTS OF ST. JOHN

Tamaqua, Pa., June 22.—By an explosion of gas in No. 4 mine late last night fourteen men were so badly burned that it is thought that six of them will die. Daniel Lewis, a miner, succumbed to his injuries today. Two English-speaking miners and three foreign-born miners are in a critical condition and their recovery is doubtful. The explosion it is believed was due to a defective safety lamp.

Will Fight for Statehood.
Guthrie, Okla., June 22.—The territorial republican central committee is in session here today for the purpose of discussing the measures necessary in the fight for statehood. It is expected that the committee will declare unconditionally for immediate statehood, separate from Indian Territory.

TEXAS ELKS.

Thousands Gather in Annual Convention at Waco.

Waco, Tex., June 22.—Waco is garbed in festive attire in honor of the members of the Benevolent and Protective Order of Elks, whose state convention opened today under most favorable auspices. Delegates from the local lodges throughout the state were present when the gathering was formally opened this afternoon by President W. H. Patterson of Dallas. Mayor Sanford delivered the address of welcome, J. L. Jameson of Austin responded and the business of the convention was then taken up. Late this afternoon Grand Exalted Ruler Cronk of Nebraska is scheduled to address the convention, and officers for the ensuing year will be chosen. Tomorrow is the day set for the big parade, which is to be one of the star events of the gathering. Business sessions will also be held during the day, and between times there will be smokers, receptions, drives about the city and numerous other features of entertainment arranged by the Waco members.

Strong's ambulance met the delayed train from the west this afternoon. An employee of Lantry & Sons had bruised himself by a fall and was taken to the St. Joseph's hospital. Nothing serious. Lantry & Sons are employers that give the best of help to those who are injured while in their employ.

CHIEF CLERK TRENT.

He Tells Some Interesting Notes About Santa Fe Central.

PLENTY OF GOOD WATER.
George A. Trent, chief clerk in general Superintendent Harris' office on the Santa Fe Central, who was in El Paso, came in from the south this morning on his way to Santa Fe, and, on being asked for news, referred to the following interview had with him by the El Paso Herald:

"The work of constructing the line westward from Moriarty into the Hagan coal fields is well under way. These coal fields are about twenty miles northwest of Moriarty and the main line of the Albuquerque & Eastern will run through them.

"The work on the main line of the Santa Fe Central has been somewhat delayed owing to various causes. It had been hoped to have the line open and passenger trains running from Santa Fe to Torrance by the first of July, but it is doubtful if this can be accomplished, owing to the fact that many of the cars of steel that should have been in Torrance and Kennedy have been delayed by the floods in Kansas. It is expected, however, that

all steel will be on hand within the next ten days.

"Senator Kennedy and party, who visited the line a few days ago, were well pleased with what was being done.

"Our main shops will be located at Estancia, as there is an abundance of pure water at that point. The company has constructed a fifty thousand gallon submerged tank at that point and also a fifty thousand gallon upright tank. The water from the springs is conducted into the submerged tank, after which it is pumped, by a steam pump, into the upright tank.

"We are having a very heavy demand from the wool shippers along the line for service, which would indicate that the line will do a nice business when opened up. Formerly this business went to Bland station on the Santa Fe.

"Up to the present time in the construction of the line we have had only one man killed, which is, I believe, a very good record. This was an Indian boy from the Indian school at Santa Fe who was working as a bolt strapper and was lying down with his body across the rails tightening up a bolt, when a car ran over him. He had been repeatedly warned about his carelessness and his death was the fault of no one but himself.

"Practically all our line runs through on a big mesa. Our heaviest grade is about 3 per cent and that is for about three-fourths of a mile in the vicinity of Kennedy.

"I have just come in from Torrance and find that the dwelling houses cannot be constructed at that point fast enough to accommodate the settlers and many of them have to live in tents.

The material for construction of a new hotel at Estancia is now on the ground and the hotel will be built at once.

The labor question has also been a serious one with us, and if it had been for the Indians at the school in Santa Fe under Colonel Crandall, we would have been seriously delayed. We found that the Indians made not only willing but efficient workers, and I must say that Colonel Crandall has them well trained.

ing like a Mexican, who if he wants to lay off will not show up, the Indian will present himself at the office and ask if he cannot lay off and generally he has a good legitimate excuse."

CATHOLIC KNIGHTS.

Jubilee of the Order of Knights of St. John.

Columbus, O., June 22.—The silver jubilee convention of the Knights of St. John began in this city today, and will continue until Thursday evening. It is estimated that not fewer than 20,000 persons are in attendance. Delegations from all the states and from several of the provinces of Canada are present. California, New Mexico, Colorado and other distant states have sent teams to compete in the prize drills, which are an important feature of the international gathering. Dayton, O., where the order was originated, has sent nearly 5,000 representatives. Philadelphia, Chicago, Pittsburg, Cleveland, St. Louis, Erie and numerous other cities are likewise represented by unusually large delegations.

Kansas Murderers.

Topeka, Kan., June 22.—Sheriff A. T. Lucas arrived here this morning at 10 o'clock with Chauncey Dewey, W. P. McBride and Clyde Wilson, the St. Francis prisoners. They were taken immediately to a clothing store to allow them to secure presentable collars, ties, etc., for their appearance before the supreme court. The men were surrounded by a curious crowd of sight-seers with kodaks. They will be given an immediate hearing before the supreme court on their application for bail.

BURGLARS AT WORK.

Enter V. L. Seligman's Home But Get Nothing for Their Work.

Burglars between 8 and 9 o'clock last night broke into V. L. Seligman's home on North Seventh street, while the family were down at Robinson park hearing the Italian band.

Mr. Seligman, who is employed by Sturges, recently had a bunch of money come into his possession, but had put it into one of the banks for safe keeping. The would-be thieves broke open his trunk and went all over the house thoroughly but didn't find it. The police have the matter in charge.

JUDGE M'MILLAN IS REMOVED

Clement Smith Appointed Judge of Fifth District.

A RAILROAD WRECK NEAR FRISCO

Pope Leo Held Consistory and in Good Health.

Washington, June 22.—President Roosevelt, after a conference with Attorney General Knox, signed the order removing Judge Daniel H. McMillan of the supreme court of New Mexico, on charges of general immorality.

Judge McMillan was originally appointed to office by President McKinley from Buffalo, N. Y.

Judge Clement C. Smith, of Hastings, Mich., has been appointed to succeed him.

The charges against Judge McMillan have been pressed vigorously for many months. Last fall Attorney General Knox, after thorough investigation of them, recommended that he be removed. At the instance of influential friends of Judge McMillan the recommendation of the attorney general was held up pending a rehearing of the case. At the second hearing John C. Milburn, of Buffalo, a long time personal friend of Judge McMillan, made a strong plea for his retention, but it was of no avail.

Judge Smith, who is to succeed Judge McMillan, is one of the best known lawyers of Michigan and is held in high regard by officials of the department of justice.

PAPAL CONSISTORY.

The Aged Pontiff Appears to Be in Good Health.

Rome, June 22.—The consistory today was especially important owing to the persistent rumors regarding the pope's ill health and previous postponements. Naturally the ceremony in which the pope, half hidden in vestments, is borne on a chair and is continually assisted, is not the best opportunity to judge of his appearance or state of health, but a man capable of undergoing the strain of such a function has plenty of vitality. The pontiff's features seemed slightly more clear cut and his hands trembled perceptibly, but his voice is plainly heard, though it has lost something of its power. The ceremony was shortened as much as possible and only lasted about thirty-five minutes.

RAILROAD WRECK.

Serious Disaster to a Road Near San Francisco.

San Francisco, June 22.—A serious disaster occurred on the North Shore railroad yesterday afternoon in which two were killed and a score, more or less severely injured.

The dead: Anton Ramon, founder Overland monthly; M. M. Kirk, of San Francisco.

Seriously injured: Thomas Donneau, ex-county clerk of Marin county; Janta Tunstead, sheriff of Marin county.

The accident occurred a mile south of Point Reyes. The passenger coach jumped track and rolled down a twelve foot embankment.

POSTAL INDICTMENT.

Several Persons Charged with Conspiracy to Defraud the Government.

Washington, June 22.—The grand jury which is investigating postal affairs today returned indictment against August W. Machem, Diller B. Groff, Samuel E. Lorenz and Martha J. Lorenz, the two latter being residents of Toledo, O. As previously stated in these dispatches, the specific charge is conspiracy to defraud the government. The indictment is based on section 5440 of the revised statutes, which provides a penalty of \$10,000 or two years imprisonment, or both, in the discretion of the court.

Receiver for Ship Company.

Trenton, N. J., June 22.—Argument was commenced in the United States circuit court today before Judge Kirkpatrick in the case of application of Roland R. Conklin and others for the appointment of a receiver for the United States Ship Building company. Each side had a big array of counsel.

MORPHINE

In Now Thought to Have Killed Unknown Man at Boarding House.

WAS IT SUICIDE?

The unknown man who died Saturday morning in the Golden Rule boarding house on West Railroad avenue, as related in The Citizen of Saturday, may or may not have committed suicide.

All things now point to his having taken an over dose of morphine. While making up the bed the chambermaid found between the mattresses a bottle of morphine sulphate, which was nearly empty. Finding the bottle hid and between the two mattresses would indicate that something was wrong. The body is still at O. W. Strong's Sons' undertaking establishment. The body having been embalmed, there is now no chance to tell whether he died from the effects of morphine or not.

The body will have to be buried soon and probably a marker will have to be placed at the head of the grave with the inscription "unknown" upon it.

ponements. SUBSCRIBERS will confer a favor on The Citizen by notifying us immediately of any non-delivery of the paper.

That "seething" flood north of this city has dwindled to a mild frog pond.

Spanish proverb: When a fool has made up his mind the market has gone by.

The indications are that the territorial insane asylum investigation is to be a case of whitewash.

A little coal oil poured on the placid waters of the overflow above this city would destroy several mosquitoes.

A Las Vegas paper is trying to make it appear that the investigation of the insane asylum is for the purpose of injuring that town.

One of the most interesting features of the coming Fourth will be the opening by President Roosevelt of the American cable to Manila.

Although this is an off year for elections, the following states will hold them: Ohio, Iowa, Rhode Island, Maryland, Massachusetts, Kentucky, Louisiana and Mississippi.

The war department is to supply the regulars and the national guard with a new 24-inch rifle, which will be one of the most modern arms ever turned out. It will take a year, however, before the army can be supplied.

The San Francisco Chronicle is quoted to the effect that even in the great fruit state of California, alfalfa has been proved to be a more profitable crop than fruit and that wealthy men with good orchards are turning them into alfalfa fields.

There is a party of scientists from Philadelphia, who are near Canyon Diablo, Arizona, making preparations to excavate the famous meteorite mountain. On the top of the mountain in the ruin of an immense basin one mile wide and 600 feet deep, with almost perpendicular sides.

It is impossible to conceive why the authorities of the country do not put an end to the toy pistol business at once and forever. To permit the irresponsible children of silly and reckless parents to endanger the lives of all about them is to become personally responsible for the consequences.

COTTON EXPORTED.

Cotton is still king in the export records of the United States, and its record in the present year is likely to surpass that of any preceding year. The value of raw cotton exported in the eleven months ending with May is, according to the preliminary figures of the treasury bureau of statistics, \$308,747,095, which is \$5,000,000 in excess of the highest eleven months' fig-

ures heretofore recorded by this preliminary statement. The highest eleven months' record for any earlier year was that for the eleven months ending with May, 1901, when the total stood at \$293,487,617. Should the figures for June of this year equal those of June in the immediately preceding years, the total for the fiscal year would be \$317,900,000, or \$4,000,000 in excess of the banner year, 1901.

The most recent crop review of the United States weather bureau shows that the wheat crop has suffered less than was supposed from unfavorable climatic conditions. Speaking in a general way the American farmer is going to have plenty of grain to sell this year, and is going to get big prices for it.

If nations can settle their differences with honor to one another without a resort to violence, it ought to be possible for employers and employees to reach satisfactory agreements by peaceable means, by arbitration when neither party to the dispute can be moved by the arguments of the other.

It is certain that a number of persons will be killed in this country on or about the Fourth day of July, and that millions of dollars worth of property will be burned, entirely as the result of using fireworks in large cities. If the people know this and allow the performance to go on, are they not all participants in the crimes of murder and arson?

AMERICAN RAILWAYS.

The length of the railways in the United States including double and side tracks has reached the enormous total of 274,195 miles.

The distance is difficult to appreciate. It means that our railway trackage would reach almost eleven times around the earth at the equator, and a still more startling comparison of distance is found in the fact that this is by 34,000 miles the greatest distance than from the earth to the moon.

It takes over a million employees to operate this immense railway mileage and they received in wages over \$670,000,000 last year. Over 60 per cent of the expense of operation goes to the railway employees. It requires over 41,000 locomotives and over a million and a half cars to handle the business of our railways. An idea of what the number of locomotives means can be gathered from the fact that if they were coupled together would reach a distance of 388 miles.

The magnitude of American railway possessions and business is almost beyond human comprehension.

BENEFIT OF UNIONS.

American labor unions have a tendency to raise the mental standard of the men. They train a man's intelligence. The man who is most fit gets ahead. They believe in the survival of the fittest. What is in a man will come out if he has a chance.

The brainiest mechanics, the men who think and have a chance to show the results of their thinking are the men who make the best of capitalists. I believe every man should have a chance to train himself to be a capitalist. By this I mean that he should have the opportunity to train his mind so that he could, so far as mental equipment is concerned, be in a position to guide and direct as well as execute the orders of others. I tell you there is nothing so grand in the world as an intelligent mechanic. He is of use in the world.

I believe in labor unions. I do not believe in trusts as they are today understood. Labor unions have the same right to organize as capital has. The interests of the one are in a parallel degree the interests of the other.

In the United States today we have some splendid labor unions, managed in a way to challenge admiration, and we have some of the worst, but the tendency has been forward.

The day will come when American labor unions will have reached such a point of excellence in organization, under competent management, with logical minds at the head, that capital will have to recognize them. AR-

JEMEZ & SULPHUR HOT SPRINGS STAGE LINE.

Carries the U. S. mail; only line with a change of stock en route; good rigs, horses and drivers; leaves Albuquerque every day in the week, except Sunday, at 5 a. m. For particulars address W. L. Trimble & Co., agents, Albuquerque, or J. D. BLOCK, proprietor, Jemez, N. M.

STOMACH ILLS.

A weak stomach is the cause of all sickness. The blood becomes impure, the digestion imperfect and the bowels constipated. Strengthen the stomach with Hostetter's Stomach Bitters and enjoy perfect health. It positively cures Headache, Nausea, Indigestion, Flatulency, Dyspepsia, Constipation; also prevents Malaria, Fever and Ague. Don't experiment. Get the genuine from your druggist. It has our Private Stamp over the neck of the bottle.

HOSTETTER'S STOMACH BITTERS

It will then be the rule to settle differences. Strikes will be known only in history.

But the battle for labor is not yet won. It will not be until all of the unions have rid themselves of the minority of rascals who now rule some of them. These men are good talkers. They are eloquent on the platform. Yet if you sift all they say you will not find a single practicable idea. Yet in some of the labor unions today these men, even now in the minority, rule the others.

Labor unions to succeed, must be logical.—Guntton's Magazine.

Do You Enjoy What You Eat?

If you don't your food does not do you much good. Kodol Dyspepsia Cure is the remedy that every one should take when there is anything wrong with the stomach. There is no way to maintain the health and strength of mind and body except by nourishment. There is no way to nourish except through the stomach. The stomach must be kept healthy, pure and sweet or the strength will let down and disease will set up. No appetite, loss of strength, nervousness, headache, constipation, bad breath, sour risings, rifting, indigestion, dyspepsia and all stomach troubles are quickly cured by the use of Kodol Dyspepsia Cure. Sold by B. H. Briggs & Co. and S. Vann & Son.

M. A. Ortiz, assessor of Santa Fe county, was here yesterday.

INJUNCTION GRANTED.

Judge McFie Assigns Places to Hacks and Cabs at the Santa Fe Depot.

Associate Justice John R. McFie this morning granted an injunction restraining C. C. Closson, owner of livery stable in this city, from occupying the first two positions at the Santa Fe depot with his hacks, says the New Mexican. There is room for several hacks there and the owners of Lowitzki's livery stable has a contract with the Santa Fe railway to convey the United States mail from the depot to the postoffice in this city and a part of the consideration for that service is that they are assigned the first two places next to the end of the platform for their hacks, while Closson is assigned the third and fourth positions. Defendant's contention was that the place was public and that the railway had no right to discriminate against him in the matter, and when his hacks arrived there first they occupied the positions assigned to Lowitzki's. The result was that the Santa Fe railway and the Lowitzkis asked for an injunction and Judge McFie decided that the company had the right to hold the first place for the cabs that carried the mail.

The decision was rendered especially on the point that as the railroad company was bound to deliver the mails to the Santa Fe postoffice as quickly as possible, it was better enabled to do so by giving the cabs and wagons which convey the mail first place at the station.

Mother's Girl.

There exists often a very beautiful companionship between the mother and her daughter. The intimacy is frank, free and sympathetic. But some day the mother feels as if something had chilled this intimacy. The child is silent and sad, and seems to shun her mother instead of seeking her.

This change very often occurs when the young girl is crossing the border line of womanhood. She is morbid, nervous, fearful, as she enters upon this new experience. The use of Dr. Pierce's Favorite Prescription at such a time will do more than restore the normal balance of mind and body. It will establish the womanly function upon a basis of sound health, as well as improve the appetite, nourish the nerves, and promote the general physical health.

"Two years ago my daughter's health began to fail," writes Mrs. Dan Hall of Broadhead, Green Co., Wis. "Everything that could be thought of was done to help her but it was of no use. When she began to complain she was quite stout, weighed 150—the picture of good health, until about the age of fourteen, then in six months she was so run down her weight was but 120. I felt I could not give her up as she was the only child I had, and I must say, Doctor, that only your 'Favorite Prescription' my daughter would have been in her grave today. When she had taken one-half bottle the natural function was established and we bought another one, making only two bottles in all, and she completely recovered. Since then she is as well as can be."

The Common Sense Medical Adviser, 1008 pages, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

OF RAILROAD INTEREST.

Some Interesting Facts About the Santa Fe Cut-Off.

WORK PROGRESSING NICELY.

A trip along the line of the New Mexico Eastern or Santa Fe cut-off railroad, now in course of construction, from Beien on the Rio Grande division of the Santa Fe, to Willard where the two roads cross, revealed a greater part of the grade work accomplished and the cut work well advanced.

Tracks are now being laid out from Beien, eleven miles on the mesa. The grading is finished to the mouth of the canyon, and material is now being delivered to lay tracks to the end of the mesa grade.

Piers are being built for the first bridge entering the canyon. The piers are constructed of a cement concrete, which, although very expensive, is considered the most substantial of modern construction. A frame jacket is built in the dimensions of the pier. Into this the freshly mixed concrete is dumped by a steam hoist and left to harden. The first bridge is to rest on five piers sixty feet in height, built on a solid rock base.

The first pier of some twenty to be built supporting the five large bridges spanning Abo canyon—that is the canyon proper—was built last week and the board mold had been removed. It hardened nicely and is a power in strength.

Work of all kinds everywhere along the line is being rushed. Camps are scattered along through the canyon and over the pass at intervals of a few miles apart. Each camp is a small city of tents, nestling close up to the canyon walls grouped close together with one big tent and a little black screened house; the mess tent, where the laborers are fed, and the smoke house, where meat is kept in the center. Obtaining fresh meat, which is very essential to the working man, is the hardest proposition the contractors experience.

None of the many rock cuts to be made are as yet finished. The rocks are loosened by powder and dynamite blasting. Most of the blasting is done in the early morning and afternoon. At this time the shots occur in different places and follow in rapid succession. The roar can be heard for many miles and resembles very much the cannonading of battle. So much of this work is being done that traveling through the canyon is dangerous and forbidden. The grade work is very

pretty. The soil is of red clay; the grades are very smooth and even and symmetrical in formation.

About two miles of grade will connect the cut off with the Santa Fe Central at Willard and track laying will begin there shortly—the material being brought in from the east over the Rock Island and the Santa Fe Central.

There is a significance in this latter occurrence. It might hint that the Rock Island merger had gone through and that the Santa Fe intended using the Santa Fe Central tracks from Willard to Torrance. The Santa Fe has let no contracts for work east of Willard and their engineers seem lying idle. No bids for the work have been asked for and there seems to be quite a mutual feeling between the roads interested.

Work has just begun on the approaches of the big thirty foot dirt cut to terminate on Abo pass. The major portion of the work in this cut will be done by a steam shovel brought in over the Santa Fe Central road.

Ties and piling for small bridges are being delivered along the line from Willard to Mountainair and tracks will be laid on this part of the road first.

TRANSACTS A GENERAL TRUST COMPANY BUSINESS
INTEREST PAID ON SAVINGS DEPOSITS

We have ample means and unexcelled facilities for the transaction of a trust company business in all of its branches, are prepared to render prompt and satisfactory service and respectfully solicit your business.

Savings Department—Extract from regulations:

"There is hereby created and established a savings department, which may receive deposits of money in trust and allow thereon interest as hereinafter provided. The deposits, investments and all business of the savings department shall be kept separate from the other business of the company, and the trust fund thus accumulated shall be invested in first mortgages on improved real estate and other high-grade securities, and the notes, bonds or other evidence of such investment shall be held by the company in trust for the savings depositors and solely applicable to the repayment of such depositors."

Our savings department will be open to the public on the first day of July next. Special attention will be given this class of business and every inducement, consistent with a conservative business policy, will be offered to encourage persistent accumulation of savings by savings depositors.

ALL MODERN IMPROVEMENTS.

Nabobs Can Live in Luxury While Inspecting Grand Canyon.

Seven thousand persons visited the Grand Canyon of Arizona last year. The number may reach 10,000 for 1903. This is a hundred times as many as used to go annually to the canyon in the old stage coach days. Plans have been adopted by the Santa Fe, says the Railway Age, for a magnificent new hotel to be built this summer near the head of Bright Angel trail. The location selected is in a pine forest, 200 yards east of the present temporary structure and further back from the rim. At this point the gorge is 6,000 feet deep and thirteen miles wide. Bright Angel tavern, as the hostelry will probably be called, will cost upward of \$100,000. It will be under the management of Mr. Fred Harvey. The Swiss chalet style of architecture has been adopted, native stone and logs being used as far as practicable. The furnishings throughout will be as luxurious and unique as those of the other Santa Fe hotel at Albuquerque, the Alvarado. There will be hot and cold water in every room, electric lights and steam heat; also an Indian curio establishment. Another new hotel, less pretentious but affording all necessary comforts, will be erected this summer at the head of Grand View trail, sixteen miles east of Bright Angel. This is near the terminus of the old stage line from Flagstaff and on the trail to the Last Chance copper mine. The trail down into the canyon there is being greatly improved.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by all druggists.

WIDESPREAD RATE WAR.

Likely to Follow in Case Western Passenger Association Collapses.

The Chicago Evening Post says: The general opinion among western railroad men is that the Western Passenger association with all its bureaus is on the verge of collapse. Its downfall is likely to be accompanied by a widespread rate war. Indications have pointed in this direction for some time, but the result of Friday's meeting of the executive committee of the association and the Chicago-St. Paul lines has brought the expected end considerably nearer and has made dissolution almost inevitable. No hope is entertained that the recommendation of the executive committee to substitute a 2,000-mile book, good on all trains, for the credential form of interchange mileage now in use, will be adopted.

Ladies and Children Invited.

All ladies and children who cannot stand the shocking strain of laxative syrups, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They do not purge the system. Even a double dose will not gripe, weaken or sicken; many people call them the Easy Pill. W. H. Howell, Houston, Tex., says nothing better can be used for constipation, sick headache, etc. All Bob Moore, Lafayette, Ind., says all others gripe and sicken, while DeWitt's Little Early Risers do their work well and easy. Sold by B. H. Briggs & Co. and S. Fann & Son.

A CONTINUOUS LINE.

Santa Fe is being "tapped" by the Salt Lake Road.

A San Bernardino paper says that an order has gone out from the offices of R. B. Burns, chief engineer for the Santa Fe coast lines, directing that the stakes marking the "mutual tap" which is to connect the Salt Lake and Santa Fe main lines in Riverside, be at once set in place.

Some time ago a contract was entered into by these two companies whereby the Salt Lake trains will run over the Santa Fe's tracks from Riverside to Barstow. The latter company is now preparing to throw out the necessary connecting track. The link will be a half-mile in length and will connect the Salt Lake at the North street station. It has already been surveyed and now the center stakes will be driven.

As is the rule in such cases the Salt Lake will build half of the connection and the Santa Fe will build the other half.

At the present time the Salt Lake graders to the number of 100 are at work on an immense fill which is being built not far from the point where the company's main line will end. As soon as the fill is completed the track will be extended across it and then the final spikes driven and the Salt Lake

and the Santa Fe will become a continuous line.

His Last Hope Realized.

From the Sentinel, Gebo, Mont.

In the first opening of Oakland to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Unani's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the case was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

TO CRIPPLE CREEK.

Pike's Peak Cog Road Will Be Extended Nine Miles.

The Manitou & Pike's Peak Railway company has completed surveys and plans and secured rights of way for an extension of its line, the famous cog road, from the summit of Pike's Peak to Cripple Creek, a distance of nine miles. The extension will be electric and will cost approximately \$750,000. It will leave the main or steam road at a point near the summit and will descend the mountain along the horseback trail through Gillett.

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." If you have any trouble with your stomach why not take these tablets and get well? For sale by all druggists.

CHARGE BY THE POUND.

New Method Suggested for Handling Heavyweight Passengers.

"Some time ago," says the Railway Age, "this journal ventured to note the manifest inequity of charging the same price for carrying a 100-pound passenger, occupying single seat space, as for a 300-pound individual, requiring twice as much room; and the suggestion was offered that passenger as well as freight rates might properly be fixed by the pound. The proposition, although widely noticed, was not received with favor by the majority of the press, while the railway journals of Europe inclined to criticize it seriously. But now that Swedish statesmen have presented a proposition to tax all persons weighing over 125 pounds at a fixed rate per pound, more respectful attention is likely to be paid to the similar proposition for taxing passengers by weight. If it is right to require big men, who, of course, consume more of the air of heaven and enjoy more of the space of earth than their smaller brethren, to pay more for the privilege of living, surely it is fair to charge for the transportation of their surplus weight. Excess weight of baggage is scrupulously charged for now; why not excess weight of passengers likewise? Is a big trunk of more value than a big body?"

LOTS OF GOOD ENGINE WATER.

Santa Fe Central Railway Plan for Having 100,000 Gallons Always Available at the Track at Estancia Station.

The Santa Fe Central railway has

POWERFUL.

A Pure Food Drink Has Great Sustaining Power.

The sustaining power of Postum Coffee when properly cooked is greater than most people imagine and it is well illustrated in the story told by a young Texas woman who says: "I almost lived on Postum Coffee for over a month and there was over a week I did not eat anything at all but just drank the food drink Postum and yet I grew stronger and gained weight."

"Our family physician examined Postum and directed to use it altogether in place of coffee. We all think it has no equal as a nourishment for the sick for beside being pleasant to the taste it is so strengthening. My father and mother have always been coffee drinkers and suffered all kinds of trouble from the coffee until about a year ago a neighbor was praising Postum and mother decided to try it."

"They improved at once and have drunk Postum ever since and mother, who used to be bothered with nervousness and sleeplessness particularly, is in splendid health now. She says the change came entirely from drinking Postum and leaving off coffee." Name given by Postum Co., Battle Creek, Michigan.

arranged to use the unlimited water supply of the great Estancia Springs to their fullest advantage. The water of these springs is believed to be as pure as any in New Mexico and not surpassed by any for railroad use. The springs are 2,800 feet from the main track of the railway and there is a rise of nine feet from the track. The company has cleaned up, walled with concrete and connected four of the springs so that the water flows into a reservoir. From this reservoir it is conducted through a cemented tile pipe to a reservoir of 50,000 gallons capacity. There is also at the track a tank of the capacity of 50,000 gallons which is filled from the reservoir. This gives the company a capacity at the track of 100,000 gallons. An eight-inch water tower is located between the tracks and the water is conducted to this from the tank through an eight-inch pipe. An automatic arrangement has been provided at the reservoir at the tracks by which, when the reservoir is filled to the capacity of 50,000 gallons, the water is directed and flows into Estancia lake.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalp of these men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herculite kills these germs and stimulates unhealthy hair to abundant growth. Herculite is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance.

"Sold by leading druggists. Send for stamps for sample to Herculite Co., Detroit, Mich. B. H. Briggs & Co., special agents."

RAILROAD NOTES.

Brakeman A. L. Hallenbeck has changed his headquarters from San Marcial to Rincon.

J. R. Merrifield is checking up accounts at the local depot. He is the auditor of the coast lines of the Santa Fe.

J. P. McMurray, traveling engineer is now located at Newton, Kas., his headquarters having been changed from Las Vegas.

S. E. Bussar was here last night, continuing west to Los Angeles. Mr. Bussar has charge of the reading rooms of the entire Santa Fe system.

S. Rodriguez is at the railroad hospital in a very bad condition, suffering with pneumonia. He is a section workman, and was sent here from Gallup.

A. J. Bishop, operator of the Santa Fe railway at Santa Fe, has taken a vacation and left for Chicago. He will spend some time there and at points in Iowa.

John Rueb and family left Saturday night for Topeka and Kansas City. They will be absent several weeks. Mr. Rueb is engineer on the Santa Fe Pacific.

General Manager W. S. Hopewell and Chief Engineer A. G. Kennedy left for the construction camps of the Santa Fe Central railway, to inspect the work being done.

W. A. Bayer, chief accountant in the office of the Pennsylvania Development company, returned to Santa Fe from a trip along the line of the Santa Fe Central railway.

John R. Hitchcock, who visited here the past two days, was a passenger for Los Angeles last Saturday night. He is assistant to General Manager Wells of the coast lines of the Santa Fe.

Climaco Trujillo, who is employed in the shops of the Santa Fe railway at Albuquerque, has gone to Santa Fe. He is suffering from an attack of rheumatism and went home to remain until he is better.

Word comes from Sedalia, Mo., that J. J. Frey, the well-known ex-railroad engineer is dangerously ill with uraemic poisoning. C. C. Hall, who is a brother in law, has gone to Sedalia, in response to a message regarding Mr. Frey's condition. William Peterson, who has been firing west out of Albuquerque, has gone to work on the San Marcial division as brakeman. He is the son of Engineer Chris Peterson, of Silver City branch, and used to live in San Marcial when a boy.

J. A. Harlan, who is building the San Marcial depot, received the good news that he had been awarded the contract for five of the nine new brick and stone buildings to be erected at Fort Bayard. Their construction will occupy fully a year.

The working hours at the Missouri Pacific railway shops, at Sedalia, were cut from ten to eight hours per day. The cut was unexpected, as skilled workmen are in demand and the shops are overcrowded with work. The machinists are restless over the cut and a walkout seems to be imminent.

It is reported at Austin, Tex., that the Texas Midland railroad, which is owned by Mrs. Hetty Green, has been sold to the Rock Island-Frisco and it is to be extended south from Ennis to Waco, where it will connect with the

Aransas Pass. It connects with the St. Louis line of the Frisco at Paris, Tex.

J. J. Byrne, wife and daughter were here yesterday, leaving last night for the east, where Mrs. Byrne and daughters will spend the summer months with eastern relatives and friends. Mr. Byrne will return in a few days, he being the popular general passenger agent of the coast lines of the Santa Fe now.

Tax on Babies.

Extreme hot weather is a great tax upon the ages, the powers of babies; when puny and feeble they should be given a few doses of White Cream Vermifuge, the children's tonic. It will stimulate and facilitate the digestion of their food, so that they soon become strong, healthy and active. 25c at J. H. O'Reilly & Co.

They Work While You Sleep.

Every reader will recognize the title as the famous catch-line of Cascarets. Candy Cathartic, familiar to every household. "Work while you sleep" was the motto of Maj. H. L. Kramer, the man who made Cascarets famous, before he recorded his wonderful success with this wonderful medicine. They say that Maj. Kramer succeeded by incessant work—pluck, not luck—and that he not only worked while others slept, but worked while he slept himself. Now he lets newspaper advertising work while he sleeps.

FOR YOUR SUMMER OUTING.

This season there will be numerous opportunities to travel with little outlay for railroad fare. Reductions will be made by the Santa Fe to Boston, Baltimore, Detroit, Denver, Colorado Springs, Pueblo, Los Angeles, San Francisco, San Diego and many other points. Those named below are representative, and show the extended territory to which reduced rates will apply.

Excursion Rates to Coronado Beach, California.—Rates, including meals en route Grand Canyon side trip with hotel accommodations, and two weeks board and lodging at Coronado Beach, with four additional weeks at \$10 a week, is desired. Single parties with standard Pullman, \$107; two parties with standard Pullman, \$97.50; single parties with tourist sleeper, \$92.50. Dates of sale, June 1 to August 31, inclusive; limit, two months from date of sale. Tourist limit of ten days each way with stopovers.

Summer Excursions to Colorado.—Denver, \$25.15 for round trip; Colorado Springs, \$22.15 for round trip; Pueblo, \$20.15 for round trip. Date of sale June 1 to October 15, inclusive; final return limit October 31, 1903. See local agent.

National Encampment Grand Army of the Republic, San Francisco, Cal., August 17 to 22, 1902.—Dates of sale August 2 to 15 inclusive; rate, \$35.00; final return limit, October 15, 1903.

Coronado Tent City, Coronado, Cal.—We will have on sale to Coronado Beach, Cal., on every Tuesday, Thursday and Saturday during May, June, July, August and September, 1902; round trip tickets at rate of \$35, limited to November 30, 1903; stopovers in either direction west of Barstow, Cal. For further information call on ticket agent Atchison, Topeka & Santa Fe.

National Educational Association, Boston, Mass., \$63.60 for round trip from Albuquerque. Choice of routes. Tickets on sale June 30 to July 2, inclusive. Original return limit may be extended to September 1, 1903.

International Convention United Society of Christian Endeavor, Denver, Colo.—Round trip from Albuquerque \$18.85. Tickets on sale July 1 to 10, inclusive. Return limit good to leave Colorado July 19, 1903. Reduced rates to California and Grand Canyon will be made during the meeting for the benefit of those who may desire to extend their journey.

International Convention Epworth League, Detroit, Mich.—Round trip from Albuquerque \$51.25. Tickets on sale July 13 and 14, with limit to permit leaving Detroit as late as Aug. 15. Grand Lodge B. P. O. E., Baltimore, Md.—Tickets on sale at Albuquerque for \$57.70 on July 16 and 17. Return limit to leave Baltimore, July 25. Provision has been made for extension of such limit to leave there as late as July 31.

Colorado and Utah Excursions.—Round trip tickets to Denver, Colorado Springs and Pueblo may be purchased at Albuquerque for \$25.15, \$22.15 and \$20.15 daily, to and including August 15. Final limit October 31, 1903.

East Bound Excursions.—June 30 to July 9, inclusive: Chicago, \$51.50; Kansas City, \$39.00; St. Louis, \$46.59; Omaha, \$40.55; Des Moines, \$43.75; St. Paul and Minneapolis, \$49.75; Memphis, Tenn., \$48.90; Atchison and Leavenworth the same as Kansas City. Call at local ticket office.

Golden Rule Dry Goods Co.

LOCAL PARAGRAPHS

A. B. Baca, a well known citizen of San Marcial, is here today on business.

Sheriff Leandro Baca, of Socorro county, passed up the road for Las Vegas.

Prof. Di Mauro, the violinist, will leave about July 1 for the Jemez hot springs.

Harry Gleason, deputy collector and treasurer of Valencia county, is in the city today.

In another column of today's Citizen is the dissolution notice of the McSpadden-Springer Transfer company.

Yesterday was a fine day, and in consequence a large number of city people hid themselves to the mountains.

Juan Sandoval, a general merchant of the Nacimiento valley, is in the city, to spend a few days with relatives and friends.

Joseph Price, the Socorro merchant and banker, is in the city, stopping over here on his return from his New York trip.

A. A. Keen, the territorial land commissioner, is confined to his home with slight illness. He will be up and around in a few days.

B. A. Sleyster, of the Aetna Insurance company, returned to the city from the south on the delayed passenger train this morning.

Dr. Harrison, of the territorial medical board, who was at Las Vegas on business connected with the board, has returned to the city.

Al Coleman, representing Melini & Bakin, left this morning for the northern towns. He took along with him a fine list of samples of wet goods.

John Leighton, a first class employee at the local railroad shops, is a happy father these days. A baby girl came to brighten his home the other day.

C. O. Young, of the local machine shops and the chief of the fire department down here, expects a visit very soon from Mr. and Mrs. Conbacher, of Needles.

Mrs. Frank M. Wynkoop and children, accompanied by her sister, Miss Gladys Mehan, and grandmother, Mrs. M. L. Gaston, arrived this morning from Silver City.

George L. Davis, chief engineer of the American Lumber company, came in from Thoreau last night and will remain here for a few days. He is in charge of the company's railroad being built into the timber lands.

Chamberlain's Stomach and Liver Tablets are just what you need when you have no appetite, feel dull after eating and wake up with a bad taste in your mouth. They will improve your appetite, cleanse and invigorate your stomach and give you a relish for your food. For sale by all druggists.

BIRTHDAY PARTY.

ter Myers Entertains in the King's Style.

ster Sidney Myers was five years yesterday. He belongs to Mr. and enry Myers at 613 North Eighth and they let him celebrate with ay party and a number of his vere invited over. Games, ake the hearts of youngsters indulged in and the right freshments that make the

noon during the summer months.

Last Saturday afternoon President Bearup prepared a social time for his employees by giving a dance on the top floor of the big mill building. Suitable music was furnished and all had a delightful time. A large number of young people were invited up for the occasion and they accepted.

This kindness on the part of the management of the Rio Grande Woolen Mills company can not be but beneficial to all concerned. We need more just such employers.

A Serious Mistake.

E. C. DeWitt, C. O., is the name of the firm who make the genuine Witch Hazel Salve. DeWitt's is the Witch Hazel Salve that heals without leaving a scar. It is a serious mistake to use any other. DeWitt's Witch Hazel Salve cures skin, bleeding, itching and protruding piles, burns, bruises, eczema and all skin diseases. Sold by B. H. Briggs & Co. and S. Vann & Son.

BOUNCED.

Two Guests at the Alvarado Given the Icy Hand.

Two would-be sports, base ball playing sports, registered at the Alvarado Saturday afternoon as H. Wagner of West Liberty, Iowa, and D. Friend, Iowa City, Iowa, and were assigned room No. 63.

The ordered everything good from the bar and had their clothes pressed as a starter. Of course they did all of this on tick. Then one of them had a box of cigarettes charged, but this was too much for Mr. Hagemelster, the genial day clerk, who began to smell a rat. The young men were called and the clerk was right. Both were broke and were stopping at the hotel on their nerves. They were given the bounce by the head bell boy, and their bags will be held until they settle. Where they are domiciled now is a question. It is thought that they have been up the same kind of a game in Colorado.

No need to fear sudden attacks of cholera infantum, dysentery, diarrhoea, or summer complaint, if you have Dr. Fowler's Extract of Wild Strawberry in the medicine chest.

THE CONCERT.

The Italian Band Entertainment Pleased a Large Audience at Robinson Park Last Evening.

Albuquerque citizens were out last evening at Robinson park by the hundreds to hear the Italian band, which rendered a most pleasing concert from the beginning to the end.

The citizens were not the only ones that were out either, for the "gold dredged" mosquitos were out by the thousands, too. They didn't have any respect for persons, either, for they lit on every one where the anatomy was sweet and juicy. The pop corn man's stand was the mecca for all and he did such a business that he could hardly lug the nickels and dimes home.

Although it was a most enjoyable evening for all, even the mosquitos came in for a large lump of pleasure. These concerts should continue and the musicians should receive a good compensation for the pleasure they render.

See on page eight notice of Rev. Beattie's auction to be next Friday at 2 p. m., at 115 South Walter street. He has a finely furnished house all the furniture of which will go under the hammer.

Outside orders solicited for Fourth of July FIREWORKS. Write to O. A. Matson & Co., and get the best.

Natatorium.

Open every day ten to ten. Tuesday nights can be engaged for private parties. Friday afternoon for ladies only. Warm water; elegant plunge. 504 North First street.

FOR SALE—Old papers, 25 cents per copy at the Citizen office.

Don't Insist

upon your good wife using that ancient back breaking machine when it is so easy to get a modern light-running, ball-bearing White that LOOKS WELL, SEWS WELL and LASTS WELL.

Hundreds of lives saved every year by having Dr. Thomas' Electric Oil in the house just when it is needed. Cures croup, heals burns, cuts, wounds of every sort.

DANCE AT RIO GRANDE MILLS.

Employees Enjoy Half Holiday Last Saturday Afternoon.

The help at the Rio Grande Woolen Mills company's plant are to be given a half holiday every Saturday after-

MEETINGS

Unions
Lodges
Church

Central Labor Union.

The Central Labor union will hold a regular meeting tonight in Carpenter's hall on West Gold avenue. This will be the last meeting in this hall, which has proved to be entirely too small since the phenomenal growth of the membership of the body. A three years' lease has been taken on the hall over Kent's real estate office on Third street. This place will be fitted up beautifully.

Retail Clerks Union.

There will be a meeting of the Retail Clerks union Tuesday night in Knights of Pythias hall at 7:15 sharp. Important business is to be brought before the meeting, including the election of officers. All members attend. By order of the president, Belle Yancey, secretary.

Teamsters Union.

A meeting of the Teamsters' union will be held tomorrow evening over the Cabinet saloon, when the lodge will receive the semi-annual password and hear the report of the committee on by laws and scale of prices.

Temple Lodge No. 6, A. F. and A. M.

Special communication of Temple lodge No. 6, A. F. and A. M., this evening at 7:30. Work in the E. A. degree. Visiting brethren cordially invited. By order of the W. M. Robert Abraham, secretary.

Methodist Conference.

This evening at 8 o'clock in the Lead Avenue Methodist church, the third quarterly conference will be conducted by Rev. A. P. Morrison. All officers of the church are urged to be present, and members of the church and their friends are invited.

Handkerchief Social.

Mrs. Beydler's Sunday school class at the Lead Avenue Methodist church will hold a handkerchief sale in the fall for the benefit of the new church building. Miss Alice Roosevelt, the daughter of our president, has promised to send four handkerchiefs, and other gifts are expected from governors of states, prominent officials and all sorts of great people. Here's hoping the class will net a large sum.

Woman's Relief Corps.

The Woman's Relief Corps will meet in regular session at Knights of Pythias hall at 2:30 o'clock p. m. Tuesday. By order of the president, Temperance Whitcomb, secretary.

Cuts, Bruises and Burns Quickly Healed.

Chamberlain's Pain Balm is an antiseptic liniment, and when applied to cuts, bruises and burns, causes them to heal without maturation and much more quickly than by the usual treatment. For sale by all druggists.

FOR SALE—Several hundred pounds of old papers, good for wrapping purposes, cheap. Address, The Citizen, Albuquerque, N. M.

Citizen "want ads" bring results.

Have You Anything To Exchange?

Have you a farm and do you want to trade it for a grocery store?

Have you a horse and do you want to exchange it for a piano?

Have you a bicycle and do you want to exchange it for a camera?

Have you a gun and do you want to trade it for a book case?

Have you a wash boiler and do you want to exchange it for a rug?

Have you a pair of skates and do you want to trade them for a punching bag?

Have you a spring overcoat and do you want to exchange it for a baby carriage?

Have you a stove and do you want to trade it for a refrigerator?

Have you a dog and do you want to exchange him for a rooster?

POLICE COURT.

A Batch of Prisoners Up Before Police
Judge Crawford This Morning.

Fred Anaya pleaded guilty to breach
of the peace. He used bad language
to an old lady because she awoke him
so he wouldn't be late to his work. He
was "dosed" \$5 or five days. He said
he'd take the five days. It would be
a good idea to take Anaya up to the
dyke and let him work.

T. Montoya filled up with fire water
Sunday afternoon, and this so fired
him up together with the warm weather
that he was arrested for making
indecent exposure of his person. He
got \$10 of ten days.

Francisco Sykes, who used to be a
regular visitor before the judge, but
who has done better this year, was
charged with being top heavy. His
pocketbook is now \$5 lighter.

Saturday night the "dog town dance",
was held as usual, and as usual there
was something doing. Deputy Sheriff
Apodaca was there as usual, too. He
is the regular officer detailed to at-
tend the dances to see that none get
too frisky or monkey with the band
wagon. Saturday night there was a
mix up in which the officers got plunked
on the nose and a three pound stone
was taken away from one of the parties
in the melee. Juan Baca, who
don't remember anything that would
be detrimental to himself, was fined
\$15 or fifteen days; Mr. Montana got
\$10 or ten days for his part in the af-
fair, and Jose Vigil \$5 or five days.
Pedro Martinez was let off, as he
didn't get his finger far enough into
the pie. This is where Pedro says
he's lucky.

Scald head is an excema of the
scalp—very severe sometimes, but it
can be cured. Doan's Ointment, quick
and permanent in its results. At any
drug store, 50 cents.

GALLUP GLEANINGS.

Batch of Interesting Notes From Car-
bon City.

Special Correspondence.

Gallup, N. M., June 21.—The north-
ern terminus of the semi-weekly mail
route from Zuni and Ramah has been
changed from Fort Wingate to Guam.

Carr & Neuman have purchased a
traction engine, for use in hauling logs
to their mill south of Guam.

Gus Mulholland has returned from
northern Sonora, where he has some
mining interests. He is figuring on
boring for artesian water near Gallup
for the development of agricultural
land.

The officers here are on the lookout
for one Frances Martinez, a native of
Chihuahua, who murdered his wife in
Winslow last Monday night.

A black bear cub was seen on the
outskirts of Gallup last Friday.

A woman tramp, dressed in men's
clothing, passed through here yester-
day, headed east.

E. L. Beyard, clerk for the Denison
Freeman, is enjoying a few days' lay-
off.

J. W. Kemmerer, a local switchman,
who lost part of his foot six months
ago, left for the Los Angeles hospital
this morning for treatment. His wife
and son remain here.

On account of the floods coal cars
have been scarce this week, and some
of the mines have been idle. The pros-
pect is good for a full summer's work.

L. Sponsler of Navajo county, Arizo-
na, was here this week, looking for a
sheep range.

H. Miller, a prosperous cattle man of
the Zuna country, is here today on
business.

Mark Bennett, the Zuni trader, was
in Gallup for supplies on Friday.

Some new evidence is expected this
week in the Pipkin murder case. The
people of this section have borne all
they intend to from the Indians, and
the general opinion is that if New Mex-
ico was a state the Indians would be
kept on their reservations.

Charles Cotton left on Friday for

PERSONAL PROPERTY LOANS.

PRIVATE OFFICES.

OPEN EVENINGS.

THE HOUSEHOLD LOAN CO.,
Rooms 3 and 4 Grant Building,
305 West Railroad Avenue.

Los Angeles. He will return next
week with his sister, Miss Barbara,
who has been attending a young lad-
ies' seminary at Los Angeles.

William Norton is the new corral
boss at Gibson.

Fred Nitz is now using a gasoline
engine for raising water at his home
place.

We have had good rains and the
ranges are in fine shape.

GOVERNMENT POSITIONS.

A Few Choice Situations for the Ameri-
can Youths.

The United States civil service com-
mission announces that on July 22, 23
and 24 an examination will be held for
the positions of hull draftsman in the
light house service, treasury depart-
ment. On July 23, for the position of
special laborer (male) qualified as
stenographer, typewriter and tele-
grapher, yards and docks department
navy yard, Pensacola, Fla., at a salary
of \$3.04 per diem. On July 29 and 30,
for the positions of assistant engin-
eers and hydrographers in the geologi-
cal survey, at a salary of \$60 per
month. On July 29, 30 and 31, for the
position of engineer and machinery
draftsman in the light house service,
treasury department. On July 29, 30
and 31, for the position of cadet in the
revenue cutter service, at a salary of
\$500 per annum, and one ration per
day. On August 1, for the position of
dairy inspector in the bureau of ani-
mal industry, department of agricul-
ture, at a salary of from \$1,500 to \$1-
800 per annum.

Persons who desire to compete
should at once apply to the United
States civil service commission, Wash-
ington, D. C., for application forms,
which should be properly executed and
filed with the commission at the na-
tional capital.

Kodol Gives Strength
by enabling the digestive organs to digest, assimilate and transform all of the wholesome food that may be eaten into the kind of blood that nourishes the nerves, feeds the tissues, hardens the muscles and recuperates the organs of the entire body. Kodol Dyspepsia Cure cures indigestion, dyspepsia, catarrh of the stomach and all stomach disorders. Sold by B. H. Briggs & Co. and S. Van & Son.

"HIS MANLY SENSIBILITIES."

A Pedagogue Essays to Interfere With Husband and Wife.

Prof. E. L. Mason, the former principal of the Colorado Springs, Colo., high school, was arrested at St. Joseph, Mo., on the charge of disturbing the peace of Mr. and Mrs. James Jacobs, in a Pullman on the Chicago Great Western. Mason said: "I was engaged most indecently and I demanded a halt. They called the porter to make me mind my own business. Presently they began a repetition of what had happened before. My manly sensibilities were so aroused that I could not refrain from again calling a halt. This time they had the porter throw me out and caused my arrest. My reputation has been good in all the cities I have lived in and I do not know what the outcome of this trouble, which was brought about by my appeal in behalf of decency, will be, for there are two of them and I will have to fight the battle single handed."

Mason was placed in jail, and the case set for hearing. He had been in the city several days and had made application for the position of principal of the St. Joseph High school. He started for Chicago last night. The sleeper where the trouble took place stood on the side track waiting for the train from Kansas City. According to the story of Mrs. Jacobs, Mason entered her berth and assaulted her.

Caution

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1863 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boecher's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. J. H. O'Reilly & Co.

PROFITABLE WESTERN TRIP.

Roosevelt Got Three Wagon Loads of Presents.

President Roosevelt received over three wagon loads of present of all kinds during his western trip, and these have been disposed of in the white house to suit the tastes and desires of the president and his family. The heaviest and bulkiest of the presents was an immense chair made from elk horns. A big elk in the park at Tacoma, Wash., has annually shed his horns. These have been preserved, and it was from them that the chair for the president was made. The chair is so heavy that several men are required to lift and move it. Another rather strange present gathered at Tacoma was a pair of totem poles, the combination gravestone and family tree of the Alaskan and western tribes of Indians. These poles, erected over Indian graves, contain curious charac-

ters, which furnish a history of the dead and the family of the dead. A splendid set of Indian pottery was presented to the president by Pueblo Indians, near Albuquerque, N. M., and the same place also gave him a fine Navajo blanket, one of the best ever made in the west.

San Francisco presented a magnificent gold and silver cup and Sacramento a silver and glass claret pitcher and a handsome cigar case.

Colfax, Cal., gave the president a box of gold and silver ore. Stuffed deer head, stuffed mountain sheep, pheasants, lizards and nearly all the other products of the west were given to the president at the different points on his journey. At one place he was given a set of locked deer horns, taken from two deer that had died with their horns locked after fatal combat. Bridles and saddles were plentiful throughout the journey. At Cheyenne the president was presented with a beautiful horse, equipped with saddle, bridle and every other necessary for a rider. At Omaha somebody gave him a bridle woven from hair.

There would have been a car full of live animals had the president accepted all the presents of this kind offered him. At three or four places offers of live bears were made to him, but he declined these with thanks. He did bring back with him, however, one live present. That was a little badger, given to him by a little girl living at Sharon Springs, Kas. She asked the president to name it after her little brother whose name is Josiah. So the little badger, a bright and entertaining little fellow, was known throughout the trip as Josiah. He was taken all the way from Sharon Springs throughout the Pacific coast and back to the west on the presidential train. Josiah is a particular pet of the Roosevelt children and has been taken to Oyster Bay, where he will spend the summer with the children. There were several presents of gold and silver of unique design—Cincinnati Enquirer.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

The uniform success of this remedy as made it the most popular preparation in use for bowel complaints. It is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. It is especially valuable for summer diarrhoea in children and is undoubtedly the means of saving the lives of a great many children each year. For sale by all druggists.

Don't wait until you have put in three or four days of foot discomfort. You will have to buy summer shoes sure. Better buy them now and get that much more satisfaction. Our prices and styles are right and we shall be pleased to have you examine them. C. May's popular priced shoe store, 208 West Railroad avenue.

Patronize home industry—get a suit made from the products of the new woolen mills. Woolens in the piece and measures taken at Simon Stern's, the Railroad avenue clothier.

Elgin, Monarch and Cluett shorts all the new color combinations and white, pleated, \$1.00 and \$2.50. SIMON STERN, the Railroad avenue clothier.

Mrs. Bambini, at her parlors, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, de hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. All so a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. Automatic telephone 490.

Notice of Forfeiture.
Territory of Arizona, County of Coconino, ss.
To M. J. Sherlock, his heirs and assigns:
You are hereby notified that I have expended one hundred dollars (\$100.00) in labor and improvements upon the "Aunt Betsy" Mining Claim, situate in Pinalta Canon, Coconino District, Berna Hilo Co., New Mexico, as will appear by certificate filed February 8, 1896, in the office of the recorder of said County, in order to hold said premises under the provisions of section 2324 Revised Statutes of the United States, being the amount required to hold the same for the year ending December 31, 1902.

And if within ninety days from the serving of this notice, you fail or refuse to contribute your proportion of such expenditure, together with the cost of this publication, as a co-owner, your interest in the said claim will become the property of the subscriber under said section 2324.
Dated March 19th, 1903.

**The Thermometer is
Seldom Higher Than
80° in Mexico City**

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

**Rheumatism
Is Not a Skin Disease.**

Most people have an idea that rheumatism is contracted like a cold, that the damp, chilly air penetrates the muscles and joints and causes the terrible aches and pains, or that it is something like a skin disease to be rubbed away with liniment or drawn out with plasters; but Rheumatism originates in the blood and is caused by Urea, or Uric Acid, an irritating, corroding poison that settles in muscles, joints and nerves, producing inflammation and soreness and the sharp, cutting pains peculiar to this distressing disease.

Exposure to bad weather or sudden chilling of the body will hasten an attack of Rheumatism after the blood and system are in the right condition for it to develop, but have nothing to do with the real true causes of Rheumatism, which are internal and not external.

Liniments, plasters and rubbing will sometimes reduce the inflammation and swelling and ease the pain for a time, but fail to relieve permanently because they do not reach the seat of the trouble. S. S. S. cures Rheumatism because it attacks it in the blood, and the Uric Acid poison is neutralized, the sluggish circulation stimulated and quickened, and soon the system is purified and cleansed, the aching muscles and joints are relieved of all irritating matter and a lasting cure of this most painful disease effected.

S. S. S. is a harmless vegetable remedy, unequalled as a blood purifier and an invigorating, pleasant tonic. Book on Rheumatism will be mailed free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Twenty-four Years Ago.

How the Mails Were Carried During the Early Indian Days.

Land of Midnight Horror.

In 1879 Maj. Elliott N. Barber signed a contract to carry the United States mails from Rincon, N. M., to Tombstone, Ariz., a distance of 150 miles, the "Frontier Sketches" writer in the Denver Field and Farm. "Because of the hot weather it was thought best that I should ride at night," says Major Barber in recounting the circumstances of the initial trip. "Besides there was less danger from Apaches and Maricopas in the night. Imagine my feelings when I started on a fiery bronco from the mining camp at Tombstone one evening in August on my first ride over the mail route. I had food enough for three days and was armed with a carbine and two pistols. I shall never forget that night. While I was terrified at every sound nothing desperate happened. The next morning I stopped at a Mexican camp, where I had an order for a fresh horse. I rested until early afternoon, and after being warned to be constantly on guard, I started out. I passed Fort Bowie off at the south about twenty miles and followed the trail northward. All went well until late that evening. It was very dark but I had become used to that.

"Suddenly my horses dropped. I almost pitched forward off the beast. Then the animal snorted and pawed. In vain I stuck spurs into the horse's flanks and tried to urge him on. It was no use. I looked about carefully and descried something lying close to the trail. I dismounted and felt about the ground with my feet. I felt the hard, stiff body of a dead man. In all my experiences in the sanguinary days of the Colorado mining camps I never had the sensations of that stumbling on a dead body in that lonely, God-forsaken spot in Apacheland that dark night. I felt the body over and lighted matches to see it. By the flickering light of the matches I held over the dead man's face I saw that he was a Mexican and that he had been shot in the neck and cheek.

"It was the work of Indians. The scalp had been lifted from the crown of the head and the telltale Apache marks of slashing knives were on the chest and shoulders. I remounted and started off at a lively gallop. Two hours later I was at the little Mormon settlement, now abandoned, of Mayfield. There I told of my discovery. The ranchmen paid no attention to it. They said that none of them had dared to go alone out in the country for weeks and that the Apaches under old Cochise had held the region in terror for nearly a year. Only a month before two Mormon ranchmen had been killed while returning from Fort Bowie and their bodies robbed and hacked to pieces. That night I saw two Apache campfires away off twenty miles distant in the foothills of the Mescalero mountains.

"At dawn I came upon a pack train of United States cavalry on the way to Fort Grant. I rested there a few hours and with my saddle for a pillow slept hard. At early evening I started on toward Rincon and reached there next morning. I turned my mail pouch over to the postmaster and was told that a return mail would be ready in twenty-four hours. On the way back to Tombstone I passed within two miles of a band of painted Apaches, but I was within ten miles of Fort Bowie and they did not dare chase me. Those days were the bloodiest we have ever had in the southwest. It took a stout heart and a heap of hard work to make one's way across the trails in Apacheland every week. There were reports almost weekly of some murderous foray by the Indians. Thousands of settlers abandoned their holdings and fled for their lives. There must have been 500 white people killed that year."

**Dr. King's
New Discovery**

For CONSUMPTION, Price 50c & \$1.00
A Perfect Cure For All Throat and Lung Troubles.
Money back if it fails. Trial Bottles free.

Santa Fe road to visit her two daughters, Mrs. Waning, of Las Vegas, and Mrs. Frank Jones, of Los Lunas. She expects to remain away about three weeks.

Thursday evening last at the home of the bride's parents, Mr. and Mrs. C. I. Moore, of this city, the marriage of Philip Thomas Williams and Miss Grace Moore was consummated. Rev. Marston, of the Methodist Episcopal church officiating. None but the relatives and immediate friends of the contracting parties were present.

Of all the work performed by the term of court that closed in this county last week the best was that of giving the demi monde of this city to understand that they must remove at once from their present location to some place more remote. For years past the location of these women in the prominent section they have occupied has been a disgrace to Deming. And it is high time they decamp. It is understood they will go to the vacant space east of town and build there.

I sell more of Chamberlain's Cough Remedy than all similar preparations put together and it gives the best satisfaction of any medicine I ever sold. I guarantee every bottle of it.—F. C. Jaguith, Inland, Mich. This remedy is for sale by all druggists.

SOCORRO.

From the Chieftain.

Mr. and Mrs. Lou Terry arrived in the city a few days ago from the Black range.

Magdalena is making preparations to celebrate the glorious Fourth in glorious style.

Estevan Baca is reported to have lost \$2,500 worth of alfalfa during the recent high water that flooded the river bottoms.

Severino Escamilla had a leg broken at work with the slag gang at the smelter. Dr. Duncan put him in a fear way to recover.

C. T. Brown returned from a two weeks' trip to Joplin and St. Louis. Mr. Brown experienced some unpleasant delays on account of the high water.

Miss Nettie McMillan, sister of the late Mrs. John E. Griffith, arrived in Socorro from Kansas and will make her home for a time at the home of Mr. Griffith.

T. L. Dwyer, a young man who recently came from Chicago to Socorro for his health, left for the A. L. horse ranch, where he will enjoy the hospitality of E. A. Clemmens for a time.

Charley Cooney and Bob Collins have been having a sorry time of it with typhoid fever. Both have had serious relapses when it was thought that they were well along on the road to recovery.

Felix Garrett met with a painful accident at the fire Thursday evening. He stepped on a rusty nail, driving it into his foot in such a manner that it could not be pulled out without first cutting away the shoe. The wound was very painful.

Sheriff Leandro Baca was summoned to Magdalena Thursday by a telegram announcing the killing of Moises Gonzales, by Isaac Peralta. It is rumored that the two parties to the affair were sheep herders employed somewhere out west of Magdalena. The sheriff has not yet returned and no particulars are obtainable.

W. H. Matthews, a young man from the University of Nebraska, arrived in town to arrange to begin work at the School of Mines. Mr. Matthews comes with credentials of the very highest order, and will make a most valuable addition to the student body of the institution. Furthermore, the authorities of the Nebraska Institution promise President Keyes to send other young men in the near future.

Cards are out announcing the marriage of Miss E. Blanche Rich, of Roxbury, Mass., and Charley Thayer Lincoln, of this city at the Hotel Vendome, Boston, on Thursday, June 25. The groom is acting professor of analytic chemistry in the New Mexico School of Mines. Prof. and Mrs. Lincoln will be at home in the Cortes cottage on McCutchen avenue after September 1.

Hot Weather Weakness.
If you feel fagged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do; it is a tonic, laxative and restorative. H. J. Freegang, proprietor Grand View hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, Newton, Kan." 50c at J. H. O'Reilly & Co.

DEMING.

From the Headlight.
Mrs. A. A. Pollard expects to leave for Portage, Wis., in a few days, where she will spend some time visiting relatives and friends.

W. H. Greer has been absent from town for several days this week visiting the many cattle ranches of the Victorio Cattle company, of which Mr. Greer is manager.

Dr. J. C. Hoffman, of Chicago, is here again for a few days. The doctor likes this climate and country so well that it is becoming more difficult all the time for him to remain away.

Mrs. Uptegrove left Deming over the

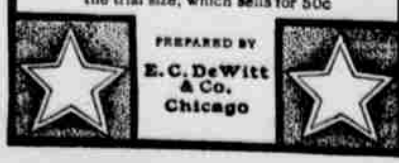

**KODOL
Digests What You Eat
Weak
Hearts**

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Kodol

Digests What You Eat

Mrs. Loring Nichols of Penn Yan, N. Y., writes: "After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured."
Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammelled action.
Bottles only, \$1.00. Size holding 2 1/2 times the trial size, which sells for 50c.

B. H. BRIGGS & Co. and S. Vann & Son

ments from Albuquerque have to be made at frequent intervals to fill up the gaps.

We understand the transfer of J. W. Coach's drug store to Messrs. C. E. Mead & Co. took place while Mr. Mead was here this week. Mr. Mead is the managing partner of the new firm, and it is quite unnecessary to state that his extensive acquaintance with the public and his established popularity means assured success for the firm.

The Albuquerque Central Labor union has its preparations well under way for the celebration on July 4 and 5. The papers refer to it as a jollification and say it will be absolutely unique in the history of Fourth of July celebrations. The fact that it is to be managed by the Central Labor union, now 1,000 strong, is enough to make it interesting. As San Marcial is to have no doings on that day our citizens are bound to scatter, and Albuquerque will probably catch more than her share.

Antonio Armijo, of Las Palomas, Sierra county, threatens to sue A. B. Baca for \$200, which he claims as his portion of the reward offered for the capture of Jose Telles, who was hung at Santa Fe a few weeks ago. The fact is that there never was a reward offered aside from the \$50 reward offered by the sheriff of Santa Fe county, and Mr. Armijo was paid \$10 for the trifling service he rendered in tracking Telles. Armijo was not within thirty miles of the spot when the outlaw was captured by Baca. That \$500 voted Mr. Baca has hurt and is still hurting the feelings of a good many people, who, collectively, probably could not run down a jack rabbit.

A Splendid Remedy.
Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. F. Moore, agent Illinois Central Railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 25c, 50c and \$1.00 at J. H. O'Reilly & Co.

SANTA FE.

From the New Mexican.

Judge W. H. Pope is sojourning at Antonio Joseph's hot springs at Ojo Caliente. He will probably arrive in Santa Fe during the latter part of this week.

Sister Desideria of Albuquerque, and Sister Mary Irene, of Kansas City, Sisters of Charity, who have been at St. Vincent's sanitarium, left for Denver.

Mrs. Paul A. F. Walter and children expect to leave in about two weeks for South Bethlehem, Pa., for a visit to their former home and relatives there. They will likely be absent several months.

Mr. and Mrs. F. E. Simonton, of Canon City, Colo., who have been visiting in Santa Fe with Mrs. Simonton's parents, Judge and Mrs. A. J. Abbott, for the past six weeks, departed for their home Thursday.

Mr. and Mrs. Daniel Baum, of Omaha, Neb., parents of Mrs. J. W. Kayhols, arrived in this city from Omaha, and are stopping at St. Vincent's sanitarium. They will spend the summer in the city.

Mr. J. M. Diaz, who is sojourning at Denver, will not return to Santa Fe for another month. It was Mrs. Diaz' intention to return during the present month, but she will now be away until the latter part of July.

Harry Hanna, a graduate of the law department of the University of Colorado, at Boulder, Colo., is in the city to spend the summer with his parents, Superintendent and Mrs. I. B. Hanna. He is accompanied by R. A. Eble, of Newark, N. J.

Work on the "scenic route" road in the Santa Fe canyon is progressing very well. The dispute over the ditch right in the vicinity of where the convicts are now working will be amicably settled and there will be no trouble from it hereafter. The convicts are now engaged in the canyon about four miles from town.

Three men were employed Saturday and sent to Las Vegas to act as guards for the convicts at work in the Gallinas canyon. They were Jose F. Gonzales, Roy Fisher and Ignacio Armijo. It is understood that these men will take the place of the guards originally sent to Las Vegas in charge of the detachment of convicts at work on the road.

Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. G. G. Green, Woodbury, N. J. J. H. O'Reilly & Co.

THE INVALID'S HOTEL.

The Ideal Modern Hospital.

It is generally the case that when some great modern improvement of old methods of business is put forward, the world says: "How simple! Why didn't somebody think of it before?" When you read of an "Invalids' Hotel" as the modern hospital ideal, the thought at once comes, "What a great improvement. Why didn't somebody think of it before?"

The Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., the unique model of medical and surgical progress, owes its existence to its founder, Dr. R. V. Pierce, and the rare combination of business acumen and professional ability which he possesses in a marked degree.

Most people dread the thought of the ordinary hospital, however beneficent the institution may be. In the popular mind the hospital is next to a prison; a place where identity is lost, and a man or woman becomes merely a "case" for the experiments of doctors or surgeons. With his experience the thought occurred to Dr. Pierce, why not put the hospital on a hotel basis? Why not let the patient preserve his individuality and identity, and lead an existence as independent and free as the condition of invalidism will allow? And so was born and built the "Invalids' Hotel" whose waiters are white-clothed men and white-capped women nurses. Here are no great dreary wards, echoing with the moaning of the sick, but separate rooms, as in an ordinary hotel, with extraordinary hotel service, the servants being skilled physicians and nurses.

The Invalids' Hotel and Surgical Institute is provided with every modern appliance for the electrical or mechanical treatment of diseases. Nearly a score of physicians (each man a specialist in his department) are in constant attendance on the inmates. Everything that can conduce to comfort and home-likeness is provided by Dr. Pierce for his guests, and the sights and sounds and smells of the public hospital are entirely avoided.

Undoubtedly Dr. Pierce's Invalids' Hotel and Surgical Institute of Buffalo, N. Y., is the modern hospital.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes as follows: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by all druggists. Trial bottles free, regular sizes 50c and \$1.00.

Suits to Order From Woollens Made by the Rio Grande Woollen Mills.

We are now showing the products of the new woollen mill of this city, and taking measures for suits, made of pure new mixed wool; nearly a hundred different patterns; we guarantee fit and style. Simor, Stern, the Railroad avenue clothier.

E. L. WASHBURN

LOCAL PARAGRAPHS

A. P. Smithers, postoffice inspector, has gone to Santa Fe on official matters.

J. W. Adams and family have gone out in the Sandia mountains to recreate for a few weeks.

Ten thousand dollars are already pledged for the new Lead Avenue Methodist church building.

John G. Creagher, the general merchant at Bland, is in the city, interviewing local wholesale merchants.

Miss Kate Horn, of San Marcial, intends to reside in Albuquerque and prepare herself for a trained nurse.

Hon. Carl A. Dalies, of Belen, is at Ripon, Wis., where he will visit relatives and friends for about thirty days.

Miss Bessie Borradaile and Miss Edna Fergusson, who attended school at Los Angeles, returned home this morning.

E. L. Medler, assistant United States attorney for New Mexico, was a passenger for the capital city last night.

Mrs. W. V. Futrell has joined her daughter, Mrs. Rose L. Gideon, at Savannah, Georgia. They will return to the city some time next week.

Hon. L. B. Prince, who was here last Saturday on matters pertaining to the Cebollita land grant case, returned to Santa Fe yesterday morning.

Hon. M. R. Otero was here on a visit to his family. He returned to Santa Fe last night, where he is the register of the United States land office.

Miss Mary O'Brien, of St. Louis, is in the city on a visit to her sisters, the West Railroad avenue milliners, and will probably remain here in the future.

Three thousand dollars are now needed so as to be able to finish the new Lead Avenue Methodist church building and to build the gymnasium annex for the young men.

Gabriel Armijo, deputy sheriff, has a bicycle in his possession belonging to some one else. Owner can get same by calling on him, proving property and paying for this notice.

After a long visit to his family and relatives in Vermont, Cal., A. W. Harris dropped into the city last Saturday night, and will remain a few days before proceeding to his mines in Sierra county.

Charles Kunz and Will Neher are entertaining V. Totzek, who recently graduated at the New Mexico military institute, Roswell. Next year, Mr. Totzek will attend the Stanford university at Palo Alto, Cal.

Pedro Castillo, Jr., brother of Tony Castillo, and Manuel Gonzales, Jr., left last night for San Francisco. They are in search of employment, and if not successful at San Francisco, will go to the City of Mexico.

W. A. Keleher, the night operator at the office of the Western Union Telephone company, has gone to San Francisco for a vacation of a few weeks. During his absence, J. P. Duff will officiate at the local office.

The New Mexican says: Gov. M. A. Otero and Secretary J. W. Reynolds will depart on Sunday for Governor Otero's ranch which is situated about thirty miles south of Santa Rosa. Governor Otero goes to his ranch on business. They will be away about ten days.

Ed Grunsfeld and G. L. Gatewood, of the local office of the Equitable Life Assurance society, are at Denver, Colorado, for the purpose of attending a banquet to be given in honor of Superintendent Bowling, who has charge of all agents, with headquarters at the home office in New York.

The San Marcial Bee says: The posters announcing the Central Labor union's mammoth celebration at Albuquerque on July 4 and 5, arrived yesterday. They bear the imprint of the Albuquerque Citizen's job rooms. If the sports are as attractive as the hangers, the word grand will express the verdict of all who may attend.

Rev. A. P. Morrison, D. D., superintendent of the New Mexico English mission, from El Paso, preached yesterday morning at the Lead Avenue Methodist church to a large and appreciative audience. The reverend gentleman preached a helpful and logical sermon that could not fail to help those who were present. Two young ladies were also received into the church.

Word reached here yesterday afternoon that Taylor Dane, an Indian, while bathing in a lake near Moriarity, was drowned. Dane was a track layer on the Santa Fe Central, and, with a party, had gone swimming in the lake. He was seized with cramps and went down under the water, failing to come up. His companions dived for his body, but failed to bring it to the surface. Up to last night the body had not been recovered.

J. H. O'Reilly has departed for Kansas City, Mo., where he will purchase some new fixtures and furniture for the drug store of J. H. O'Reilly & Co., when they will occupy the corner store room of the Barnett building. Mrs. O'Reilly and children have been at Kansas City the past few weeks visiting, and they will return to the city with Mr. O'Reilly.

Mr. and Mrs. C. A. Hudson have as guests Mrs. James Curran and two daughters, Misses Jessie and Fay, of Denver. The lady is the wife of proprietor and manager of the Curran Bill Posting company, of Denver, and with her daughters stopped over a day or two en route to southern California.

Ladies who visit the city park on concert evenings complain of men and boys occupying all the seats, and never exercising the least politeness in getting up and offering the seats to the ladies. Some men and boys are not built that way—they do not know what politeness is.

Passengers from Las Vegas give the information that Dolores Garcia, who had charge of the park in West Las Vegas, was found dead in his house yesterday morning, his throat cut and head horribly bruised. Felipe Garcia, his son, is under arrest, charged with the crime.

Felipe Hubbell, the Pajarito fruit raiser and farmer, is in the city today, and says the farmers of that section of the Rio Grande valley are busy these days cutting the first crop of alfalfa, the cut having been delayed by the recent rains.

Louis Lesser, years ago in the dry goods business here, now located in New York city, is here on a visit and will remain a short time. Since leaving this city Mr. Lesser has added quite a number of pounds of flesh to his physique.

"Sandy" Donahue, a hotel keeper at Flagstaff, is in the city, and from all appearances he is enjoying himself. He will probably continue north tonight or tomorrow morning.

Summers Burkhart, attorney, who was at Santa Fe a couple of days last week on legal matters, has returned to the city.

J. E. Elder, manager of the Colorado Telephone company, was at Santa Fe yesterday.

AUCTION! AUCTION!!
