VOLUME 16

ALBUQUERQUE, NEW MEXICO, WEDNESDAY AFTERNOON, JUNE 17 1903

NUMBER 480

## ROCK ISLAND TRAIN WRECK

### A Passenger Train Collides With Gravel Train.

#### EXTRA SESSION OF THE LEGISLATURE

#### Thousands of Men Involved in the New York Strike.

Cedar Rapids, Iowa, June 17.—Three men were killed and four injured as the result of a collision of a Rock Island passenger train and a gravel train at Elmira, twenty miles south of here, early today. The accident was caused by failure of the gravel train to clear the main track before the passenger arrived. The dead: Eldor Herring, Lisbon; Fred Reiser, Davenport; unknown man. The injured: T. A. Myers, passenger engineer, Cedar Rapids, internally, serious; James Barnes, baggage man, leg, arm and thigh broken, serious; Barnes, fireman, gravel train, jaw broken; Theodore Neche of Traer, passenger, ribs broken. A number of passengers sustained minor hurts.

#### Big Lockout of Employees.

New York, June 17.—Ten thousand employees of the George Fuller Construction company were thrown out of work today thus making the lockout of the building trades complete. Today 150,000 men are idle because they are members of trades unions.

#### Kansas Legislature.

Topeka, Kan., June 17.—Governor Bailey today called an extra session of the legislature to render assistance to the flood sufferers and to rebuild all necessary bridges.

#### QUIET AT MORENCI.

Troops Not Further Needed at the Arizona Mining Camp.

Washington, June 17.—The latest information which the war department has received from General Baldwin concerning the situation at Morenci, Ariz., is to the effect that quiet has been restored and that troops were no longer needed. General Baldwin, however, intended leaving a company at Morenci and had directed that a squadron of cavalry should make a practice march in the direction of Morenci to be available in case of further trouble.

#### COCHITI TUNNEL.

#### Connection Made With the Irrigation Ditch—Total Cost \$8,400.

#### WORK WAS DONE BY INDIANS.

The New Mexican says that John B. Harper, of Durango, Colorado, superintendent of irrigation for the Pueblo Indians, was in Santa Fe yesterday from the Cochiti pueblo, where he has about completed the construction of a tunnel through a high bluff for the purpose of tapping the waters of the Rio Grande to irrigate the lands of the pueblo. The bluff in question comes to an end at the beginning of the Indians' farm land and they have had an irrigating ditch at that point for a great many years, but were unable to get water at only its higher stages. The ditch could not be made to cut into the river at a higher stage because of the bluff, which is parallel with the stream, in many places projecting over the waters of the river. About a quarter of a mile above the end of the lower end of the bluff the work on a tunnel was commenced last September. The tunnel runs 100 feet back from the stream and parallel with the channel of the river. It is circular in shape, six feet in diameter, and for the last 520 feet is through solid rock. This was blasted through and at the end of 520 feet laminated clay was encountered. This clay ranks with quick sand for danger and difficulty in this kind of work. Through the clay the circle was made larger. It was first timbered to pre-

vent caving and then the timbers were removed a few feet at a time and the hole lined with an eight inch coat of concrete which reduced it to the uniform diameter.

Work through clay does not progress with more ease and speed and less cost than through solid rock, and Mr. Harper states that the fact that the tunnel passed through 200 feet of clay made the project cost \$2,500 more than it would have cost had the entire tunnel been through rock. After leaving the clay the work was mostly open through the remaining 600 feet, but was through solid rock.

At the close of the work the tunnel was connected with the Indians' ditch which was reconstructed and put on to a true grade, it being in many ways defective as it was first constructed hundreds of years ago. The entire work cost the government about 8,400, of which 75 per cent was expended on the tunnel.

The new tunnel makes the waters of the Rio Grande accessible at all stages. About 2,000 acres of fertile land are watered and irrigated through the tunnel and ditch. The tunnel, which is about three miles above the Cochiti pueblo, will serve the purpose for which it has been constructed for the next thousand years, Mr. Harper states, and will be used this summer, though a few finishing touches are necessary to put it in perfect condition and this work will be done when the waters of the Rio Grande, which are now very high, recede.

About forty or fifty men have been employed constantly on the work since last December. The work was done by Indians who at the beginning were thoroughly unskilled and unacquainted with the use of dynamite. However, thousands of blasts have been fired and not a single accident has occurred through the explosions or through the falling of treacherous rocks.

The tunnel is a quarter of a mile in length, while the old ditch that was reconstructed is two and a half miles long.

#### Public Men to Be Heard.

Saginaw, Mich., June 17.—Capitalists and financiers, many of whom have millions at their command, made up the audience this morning at the opening of the annual state meeting of the Michigan Bankers' association. Though devoted almost entirely to routine business the morning session was not without interest. After welcoming addresses had been delivered and responded to the convention listened to the annual address of the president of the association and the reports of the other officers.

Much interest is manifested by the members in the convention banquet to be held tonight, at which addresses are to be delivered by a number of men of note, among them Senator J. C. Burrows, Congressman William Alden Smith of Michigan and Congressman Charles N. Fowler of New Jersey.

#### CHARGES AGAINST MACHEN.

He Is Now Accused of Forgery and Other Crimes.

Washington, June 17.—It is believed that the grand jury will shortly be asked by the postoffice authorities to find another indictment against A. W. Machen, the former superintendent of the free delivery system. The charge, it is said, will be forgery, based on the cashing of a check for \$369, drawn by the cashier of the New York postoffice in favor of Henry L. Lorenz of Toledo, O. It is claimed that the money was to have been sent to Mr. Lorenz in care of Mr. Machen. The check was cashed in this city, being indorsed by Frank K. Raymond, who says he had the check cashed for Machen. Mr. Lorenz has declared that the signa-

tures both of the check and voucher accompanying are forgeries. He declares that he has not received a cent of the money and has no knowledge of the transaction.

#### Titus Sailed for England.

New York, June 17.—Charles S. Titus, champion amateur oarsman of America, sailed today for England, where he will compete in the race for the diamond sculls at Henley next month.

#### Kentucky Murder Trial.

Jackson, Ky., June 17.—Arguments in the trial of Jett and White are proceeding today. The most sanguine predict nothing more than a disagreement, while others anticipate acquittal. Under these circumstances a reign of terror continues.

#### Senator Hoar at Iowa Commencement.

Iowa City, Iowa, June 17.—Many visitors were present this morning at the annual commencement exercises of the state university of Iowa. President McLean delivered the diplomas to the graduates and the annual address was made by Senator George F. Hoar of Massachusetts.

#### Hobart's New President.

Geneva, N. Y., June 17.—The Rev. Langdon Cheeves Stewardson was today installed as president of Hobart college, in succession to the Rev. Robert E. Jones. The day was also commencement day at the institution and the joint exercises were participated in by representatives of numerous educational institutions, as well as members of the faculty, students and alumni.

#### INDIAN BOYS OFF.

#### Gone to Rocky Ford, Colorado, to Work in Beet Fields.

#### SUPERVISOR WRIGHT'S ADVICE.

A. J. Sampson, the wide awake agent of the Beet Sugar company at Rocky Ford, Colo., is in the city after help.

Last evening the station was the scene of much activity; that is, there was a large lot of Indian activity. Fifty-four Indian boys, who are being educated here by Uncle Sam, were escorted here by the train to pull out for Rocky Ford, where they are to spend the summer months in the sugar beet fields and in and around the beet factory. There were all kinds of looking boys in the bunch; big ones and little ones, red and brown, black and yellow. All were happy, too, for they are going to earn 15 cents an hour for all the work they do.

Supervisor Wright was at the station to see his young charges off. He told them to stick to their work and to be good boys, and not to drink or gamble. If they heed Mr. Wright's advice they will return next fall to school with some \$50 to their credit. The Indian boys who went last night are from nearly all the pueblos in the southwest and they have the advantage of a year in the school here where industry is taught. Some of the Indian boys who have been sent to Rocky Ford have not given satisfaction, as they have quit after a couple of weeks' work, for it is distasteful to some of them to work all the time.

Mr. Sampson will go to El Paso in a day or so, where he intends to get more beet help. He says that beet growers have a hard time in keeping enough help on hand.

#### To the Wilds of Africa.

New York, June 17.—A host of Methodists had farewells today to Bishop J. C. Hartzell, who sailed on the Germanic en route to Africa, where he is to carry on missionary work in fields hitherto untouched. The bishop, who is accompanied by Rev. William S. Naylor of the Wisconsin conference, will make a tour of the Dark Continent covering an area of more than 30,000 miles.

#### Deserves Credit.

Frank A. Hubbell went to the Alameda dyke yesterday morning and promptly cut the acequia embankment that was holding the waters against the dyke. This was prevented the day before by the people living along the acequia. With revolver in hand, Hubbell waded out to the acequia embankment and with a force of men cut the bank and turned the current back into the river.

## TRADER KILLED.

### Western New Mexico Trader Murdered and Robbed.

#### RUSSELL SAGE'S INCREASED TAXES

#### Millionaire Moers of El Paso in Ludlow Street Jail.

#### THE CHICAGO HOTEL WAITERS' STRIKE

#### Special to The Citizen.

Guam, N. M., June 16.—Emmett Pipkin, who was running a trading store at the Box S ranch, twenty miles south of Guam, was killed on Friday or Saturday of last week, the object of the murder being robbery.

He was found Sunday morning lying behind the counter of the store with a bullet hole in his head and was evidently killed instantly and given no opportunity to resist. He was known to have had money on hand to pay for wool which he had recently purchased and this was missing.

It is not known who committed the crime, but certain parties are suspected and the sheriff is out with a posse and it is expected that the guilty parties will be apprehended.

A large reward has been offered for the arrest and detention of the murderers and it is believed that the governor will also offer a reward on behalf of the territory.

Indian traders throughout this section are determined to bring the party or parties who did the killing to justice, as this is the third murder of a solitary trader within a year, and to that end a subscription list is being circulated which is being generally signed with a view to offering as large a reward as possible.

Pipkin was a highly esteemed man and well liked by everyone who knew him and he was murdered in cold blood for what little money he had on hand.

#### Another Account.

Special to The Citizen.  
Gallup, N. M., June 17.—Emmett Pipkin, who was running a trading store for Carr & Neumann at the Box H ranch, twenty-five miles south of Guam, was found murdered on Sunday, and between three and four hundred dollars in cash missing. The murder was apparently done by Indians. The sheriff with a posse brought a Navajo in last night, who is under suspicion, as there is some evidence against him. This is the third Indian trader murdered by Indians in less than two years. Major Hardie of Fort Wingate rendered valuable assistance in the investigation of the murder. Pipkin was raised here and was a good man.

#### Russell Sage's Taxes.

New York, June 17.—Because Russell Sage made a mistake in the date of swearing off taxes he will have to meet personal taxes this year on \$2,000,000 instead of \$600,000, as in the past year. As he did not appear before March 1 it is presumed that he is willing to allow the increase. Sage has sent a letter of protest, but the books are finally closed.

#### Millionaire in Jail.

New York, June 17.—Edwin D. Moers, reputed to be worth several millions, spent last night in Ludlow street jail. He was booked to sail for Europe today. Unless \$10,000 is deposited as bond for his appearance in the suit for divorce by his wife, whom he married in El Paso, March 1, 1900, he will be unable to sail today.

#### CHICAGO STRIKE.

Several Technicalities Preventing Settlement of Hotel Strike.

Chicago, June 17.—The settlement of the hotel and restaurant strike appears today to hinge upon technicalities. The exact construction to be put upon the term "union recognition" is the stumbling block to a speedy ad-

justment of the difficulties between the parties to the controversy. The joint board in conference early today were unable to decide upon the acceptance of the employers' terms and decided to submit the matter to President Gompers. The resumption of business by the downtown restaurants precipitated several ineffectual fights, the pickets generally selecting women for their victims. On the whole, however, regular service with almost a full complement of help in the kitchens and dining rooms was effected by all of the strike bound establishments.

#### Grand Army Meeting.

Cheyenne, Wyo., June 17.—The annual encampment of the Grand Army of the Republic, Woman's Relief Corps and other auxiliary organizations, departments of Colorado and Wyoming, opened here today. It is estimated that there were 500 veterans in the parade, which occurred at noon. The contest for department officers promises to be a spirited one.

#### Accident to Yacht.

New York, June 17.—The topmast of the Reliance broke off ten feet from the masthead just after that yacht together with the Constitution and Columbia, had crossed the starting line in a race for a cup offered by Commodore F. T. Adams of the Larchmont Yacht club.

#### Kansas Murder Trial.

St. Francis, June 17.—Several witnesses testified in the Berry murder case today to the effect that none of the Berrys were armed except Birch Berry, and his pistol had not been drawn from the holster.

#### JOSE ORTEGA KILLED

#### While Trying to Board a Freight Train at Rio Puerco.

#### FEARFULLY MANGLED.

Jose Ortega, believed to have lived in Albuquerque or vicinity, is dead.

Monday night after the first section of freight train No. 34 had arrived at Rio Puerco, this territory, the crew found the dead body of a young native under the wheels of a car about fifteen cars back from the engine. The body was still warm and it is evident that young Ortega had tried to get aboard while the train was slowing up. The body was fearfully mangled.

Tuesday Justice Trujillo empaneled a jury, which rendered a verdict of accidental death while trying to board a freight train. The body was buried at Rio Puerco last night.

#### SAN MARCIAL FLOODED.

Levee Breaks and Water Does Damage to Town.

Special to The Citizen.  
San Marcial, June 17.—The expected rise in the river reached us last night. At 8 o'clock the levee west of town broke and water, backing up, caused considerable excitement. In a short time men were working to shut off the water, but to no good, and the same was given up about 2:00 a. m., and they commenced raising another levee ahead of the water. Several old town land owners was found to be at a heavy loss. At 1 o'clock today there is a loss to crops where the water touched.

#### Press Men Coming.

The Arkansas Press association is going the last of this month to the Pacific coast for an outing.

Mr. J. W. Adams, of Pine Bluff, Arkansas, who has been spending the winter months in the Duke city, will try to have the newspaper men stop off here, and he believes they will. They are to have a special train and will enjoy life in the broadest terms. The most prosperous and enterprising city of the whole southwest will surprise them, and give them something to write about when they get home.

#### Train News.

Train No. 22, from El Paso, due this morning at 7:10, did not arrive until 12:30 this afternoon. Train No. 27 that should have left for El Paso last night at 11:30 did not leave for the Pass city until this afternoon.

Delayed train No. 7 due here from the east last night at 10:35 arrived at 1:45 this afternoon.

Delayed No. 1 due from the east last evening reached here this afternoon at 2:40.

## CITY OF BOSTON IS CELEBRATING

### Bunker Hill Day in an Appropriate Manner.

#### RAILWAY SURGEONS HOLD MEETING

#### Annual Meeting of the National Saengerfest of America Assembles at St. Louis.

Boston, June 17.—Bunker Hill day is being celebrated with a program that will not end before midnight. The gala day opened with salutes by the warships in the harbor, the navy yard battery and Fort Warren. The presence of the historic Liberty bell, loaned for the occasion by the city of Philadelphia, made the celebration the most enthusiastic held in many years. The famous relic was exhibited throughout the day on Boston common, where it was guarded by the Ancient and Honorable Artillery Company of Boston.

All public buildings were lavishly decorated and a large majority of the hotels and business blocks. Flags were flying by the hundred and nearly every residence added one or more to the blaze of color. Business was suspended and the streets were thronged in the morning. The military, naval and civic parade in Charlestown this morning opened the program of the day. The sailors and marines from the warships were enthusiastically cheered all along the route. Historical exercises, athletic contests, cycle races and rowing races were held this afternoon.

Bunker Hill day is the Massachusetts Fourth of July. It is observed nowhere else, but here it is celebrated with a vengeance. At midnight the church bells chimed, the whistles blew, the giant crackers exploded, and the pandemonium of noises made in the Charlestown district might have been heard around the world.

With each recurring year more and more "fuss" is made over the anniversary of the battle of Bunker Hill, and small gatherings have gradually grown to larger and more impressive ones.

#### Railway Surgeons Meet.

Indianapolis, Ind., June 17.—Hundreds of railway surgeons, many of them of national and world-wide reputation, were present today at the opening of the annual convention of the International Association of Railway Surgeons. The sessions will continue until Saturday, and an interesting program of papers, addresses and discussions has been arranged.

#### GREAT SAENGERFEST.

Large Attendance at the Annual Saengerfest at St. Louis.

St. Louis, June 17.—In addition to the many excursion trains arriving last night bearing singing societies and visitors to the thirty-first national saengerfest of the North American Saengerbund, there were thousands of visitors marching from the depot today. The crowd is one of the largest ever entertained in St. Louis.

The rehearsals were continued during the morning and afternoon. There were many impromptu concerts in various parts of the city and at the gardens. Among the arriving singers today were large parties from Detroit, Chicago, Cincinnati, Pittsburg, Milwaukee, Indianapolis, Cleveland and other cities.

At the opening concert in the Liberal Arts auditorium tonight there will be addresses of welcome by Mayor Wells and President Francis of the Louisiana Purchase Exposition, with responses by Hanno Deller, president of the saengerbund. Following these addresses will be the flag presentation and a song by the United Singing Societies of St. Louis. Selections by the chorus of 4,000, an orchestra of 200 and eminent soloists will follow.

#### KING OF SERBIA.

He Receives Congratulations From Several European Sovereigns.

Belgrade, June 17.—The cabinet ministers and other Serbian officials here are jubilant over the czar's tele-

gram to King Peter, demonstrating sympathy on the part of Russia. King Peter has telegraphed to the czar thanking him warmly for his message.

#### Emperor Joseph Denounces Assassins.

Vienna, June 17.—Cordially worded telegrams have been exchanged between Emperor Francis Joseph and King Peter, but the emperor in the midst of his congratulations to the new ruler seized the occasion to denounce the assassination.

#### King of Italy.

Rome, June 17.—King Victor Emanuel has telegraphed his congratulations to his brother-in-law King Peter of Serbia, and also expressing his wishes for the tranquility and prosperity of the country under the new regime.

#### RUSSIAN BRUTALITY.

Cossacks and Police Wreak Vengeance on Socialist Demonstration.

Berlin, June 17.—The Tageblatt today in mail advices from Lodz, Russian Poland, gives an account of the disturbances there on Monday last. About 5,000 young working men, Jews, paraded the streets in an orderly manner but as a socialist demonstration. The police, in view of the number of those engaged, called on the Cossacks for assistance, and then the police and Cossacks charged the workmen, beating them with the flat of their swords and flints and mercilessly continuing the beating after a number had been arrested and were helpless and further beating them at the station, where, according to the mail advices, blood "ran in rivulets." It is reported that ten young men were beaten to death and that of the one hundred who were arrested all were seriously wounded. Surgeons were kept busy for five hours sewing up wounds after the fury of the police had been spent.

#### ALBUQUERQUE HORSE WINS.

#### W. L. Trimble's Bonnie Treasure Does the Act at Colorado Springs.

#### OTHER RACES.

Up in Colorado Springs yesterday afternoon Bonnie Treasure, owned by W. L. Trimble of this city, won out in the 2:25 pace. The second day's races of the Colorado Springs Racing association was well attended.

Bonnie Treasure had a walk-away in the 2:25 pace and C. K. W., a local horse, was easily the winner in the 2:20 trot, although Faustella started out well by winning the first heat. Missie, the favorite in the seven furlongs run, was an easy winner, as was Thibby in the five furlongs race. Governor John, who was the most heavily played of the nine starters in the five furlongs failed to get a place. Summary:

First race 2:25 pace—Bonnie Treasure won first three heats. Time 2:21½, 2:24, 2:25¾.

Second race, 2:20 class—C. K. W. won second, third and fourth heats and race. Time, 2:27½; 2:27¾; 2:26. Faustella won first heat. Time, 2:24½.

Third race, seven furlongs—Missie won, Light Ball second, Ferdinand, third. Time 1:31½.

Fourth race, five furlongs—Thibby won, Madam Bishop second, Gillespie, third. Time 1:04¾.

Fifth race, half mile—May Stuart won, Winny Rushford second, Moorene, third. Time: 56.

per week, or for 60 cents per month,  
when paid monthly. These rates are  
less than those of any other daily pa-  
per in the territory.

SUBSCRIBERS will confer a favor on  
The Citizen by notifying us immedi-  
ately of any non-delivery of the pa-  
per.

Texas is not solidly democratic. El  
Paso has a republican club of five  
hundred members.

New Mexico this year will grow  
crops without irrigation in the moun-  
tain regions.

Eleven per cent of the immigrants  
to the United States in the last four  
years have been Jews.

The Smith & Wesson gun works  
have closed down and there is a pros-  
pect of a dearth in the output of six-  
shooters.

The man who says he does not care  
what the world thinks of him may  
want you to believe it, but he does  
not believe it himself.

Seven new theaters are now in the  
course of construction in New York  
City and the details of each are most  
elaborate in the departures.

The college graduates are all right,  
but it must be acknowledged that few  
of them finish on the plan laid down  
in the commencement address.

Something interesting in postal af-  
fairs may be reached if the present  
method of weighing the mails on the  
railroads is rigidly investigated.

Richard Henry Stoddard left an es-  
tate valued at \$2,000. He left a fra-  
grant memory, however, that all the  
millions of a Rockefeller cannot buy.

The Durango Herald says that San  
Juan county, New Mexico, is coming  
in for many new homeseekers this  
spring and very few who investigate  
turn back.

If any town or community is to suc-  
ceed it must cultivate a civic pride.  
One part of its citizens must not try  
to tear down everything another  
builds up.

The name of King Karagevitch,  
Serbia's new ruler, sounds so much  
like paragonie that it ought to have a  
soothing effect on the troubled little  
country from the start.

All the lynchings within twenty-one  
years that he could verify have been  
tabulated by Mr. Carter of Yale uni-  
versity. In that time 1,872 negroes  
have been lynched and 1,256 whites.

Salvation may be free, but a Bible  
has its price and this price fluctuates.  
That is why six out of seven com-  
panies who publish Bibles in this  
country have joined forces. There is  
no reason, they argue, why the price  
of Bibles should not remain as fixed

and unalterable as the conditions of  
salvation.

An entomologist of uncertain repute  
calculates that bugs cost this country  
\$250,000,000 a year. The grasshopper  
gets away with \$90,000,000 worth of  
vegetation if he is feeling well, the  
Hessian fly \$50,000,000, the chinch  
bug \$10,000,000 and the potato bug  
\$8,000,000.

### THE LABOR SITUATION.

The National Civic Federation Re-  
view publishes a most encouraging  
article on the labor situation. Condi-  
tions improved 75 per cent during the  
month of May. At the beginning of  
that month several strikes of national  
importance were threatened and local  
strikes affecting hundreds of thou-  
sands of workmen and involving many  
millions of capital seemed imminent.  
None of the national strikes material-  
ized and the majority of the local  
strikes have been settled without a  
resort to force.

Beyond the mere fact that general  
industrial praise seems assured for the  
present the indication that the old-  
time methods of the strike and boy-  
cott are being permanently replaced  
by the more honorable methods of  
conciliation and arbitration is very  
strong. One does not have to be a  
great optimist to believe that slowly  
but inevitably the relations of labor  
and capital are approaching toward  
complete harmony and the regular ex-  
ercise of a just regard for each  
other's interests.

### DEMANDS ATTENTION.

In view of the approaching Fourth  
of July, it might be well for the mayor  
and city council to take proper steps  
for the protection of life and prop-  
erty by restricting the indiscriminate  
use of firearms that day and regulat-  
ing the display of fireworks. While  
the small boy may be inclined to rebel  
against any curtailment of what he  
regards as his inalienable right to  
make as much noise as he pleases  
Independence day, and the one of  
larger growth may inveigh against  
any infringement of his rights and  
privileges as a citizen, it is believed  
public sentiment is ripe for an era of  
sanity in the observance of the great-  
est day in the history of the nation.

In Chicago Mayor Harrison has  
recognized this growing conviction by  
issuing a proclamation prohibiting the  
discharge of cannons, guns, pistols,  
revolvers, dynamite, cannon crackers  
or other firearms in that city on the  
Fourth of July. Displays of fireworks,  
rockets, crackers, torpedoes and other  
explosives not prohibited as "fire-  
arms," will be permitted in vacant  
lots and streets, but not in alleys,  
backyards or confined spaces. The  
sale or gift of toy pistols or metal  
caps to children is absolutely prohib-  
ited, and the police are instructed to  
arrest any and all persons discharg-  
ing cannons, pistols and other fire-  
arms.

### REDEMING THE DESERT.

The passage of the irrigation bill by  
the last congress marks the beginning  
of a new and mighty undertaking in  
our national existence, viz: the re-  
clamation of the arid region of our  
country from a desert waste to a pan-  
orama of small farm homes, where the  
overflow of our citizens can dwell  
without the pangs of want and hunger.  
For the enactment of these meritori-  
ous acts the thanks of every lover of  
humanity are due to the president and  
to the friends of the bill both inside  
and outside of congress. It is gratify-  
ing to know that the friends and sup-  
porters of this movement are found  
in both parties and in all sections of  
our country.

The work being dedicated to the  
creation of small farms, there will be  
no opportunity for the speculator to  
acquire any of the newly irrigated  
land.

### BUSINESS SITUATION.

Examinations of the liabilities ac-  
cording to branches of business says  
R. G. Dunn & Co., discloses the fact  
that in eight of the fourteen hundred  
manufacturing classes the failures  
last month were smaller than in 1892,  
and it is especially noteworthy that a  
considerable decrease appears in the

### JEMEZ & SULPHUR HOT SPRINGS STAGE LINE.

Carries the U. S. mail; only line with  
a change of stock en route; good rigs,  
horses and drivers; leaves Albuquer-  
que every day in the week, except  
Sunday, at 5 a. m. For particulars  
address W. L. Trimble & Co., agents,  
Albuquerque, or J. L. BLOCK, pro-  
prietor, Jemez, N. M.

building trades, embracing lumber,  
carpenters, etc., notwithstanding the  
serious interruption and loss due to  
the labor disputes. There was also  
material improvement in leather, mill-  
ing and printing occupations. The ex-  
hibit was least satisfactory as to iron  
and steel and clothing. In cottons,  
woolens and hats losses were insignif-  
icant in both years. In trading  
branches of business six made a bet-  
ter showing than last year, seven were  
less satisfactory, and one was practi-  
cally unchanged. The principal in-  
crease occurred in miscellaneous fail-  
ures where more than the entire  
change was provided by the single  
large fruit failure previously men-  
tioned. In groceries and liquors there  
was also considerable increase, while  
general stores made the best showing  
in comparison with last year.

**Kodol Gives Strength**  
by enabling the digestive organs to di-  
gest, assimilate and transform all of  
the wholesome food that may be eaten  
into the kind of blood that nourishes  
the nerves, feeds the tissues, hardens  
the muscles and recuperates the or-  
gans of the entire body. Kodol Dys-  
pepsia Cure cures indigestion, dyspep-  
sia, catarrh of the stomach and all  
stomach disorders. Sold by B. H.  
Briggs & Co. and S. Vann & Son.

### CONVICTED OF MURDER.

Two Arizona Desperadoes Sentenced  
to Death Penalty.  
"We, the jury, find the prisoners  
guilty as charged in the indictment,  
and affix the death penalty." Such  
was the verdict of the jury in the  
Goddard murder trial, after a delibera-  
tion of only about half an hour after  
the case had been given to them.

While the case was one of the most  
important that has been tried in the  
court at this place for some time, the  
case had been so well presented in  
such a manner that it was finished  
much quicker than it was thought it  
would be.

There were only seven or eight wit-  
nesses examined by the prosecution,  
but their testimony was absolute and  
not to be questioned or doubted.  
Mrs. Goddard, wife of one of the mur-  
dered men, who was at the table with  
her husband when he was killed, pos-  
itively identified the prisoners as the  
men who committed the terrible  
crime. The scene was a most pathet-  
ic one when she pointed out the  
ruthless slayers of her husband.

Frank Goddard and Milton Turn-  
bull, who were also at the table iden-  
tified the prisoners as the murderers.  
Francisco Rodriguez, the sheep  
herder who was with them the most  
of the afternoon on the fatal day,  
and who saw them go to the house a  
few minutes before the shots were  
fired, said positively that the prison-  
ers were the men he was with. Others  
saw them the next day going south  
from the scene of the murder, all of  
which formed a chain of evidence  
which it was impossible for the de-  
fense to break. And while the case  
was so strong against the prisoners,  
and Messrs. Anderson and Hicks only  
had a few days in which to prepare a  
defense, they made a hard fight—  
Prescott Journal-Miner.

### Cuts, Bruises and Burns Quickly Healed.

Chamberlain's Pain Balm is an an-  
tiseptic liniment, and when applied  
to cuts, bruises and burns, causes  
them to heal without maturation and  
much more quickly than by the usual  
treatment. For sale by all druggists.

### SANTA FE'S OLDEST HOUSE.

It was Erected in The Ancient City  
in 1535.  
The New Mexican says that the old-  
est house in the United States, (St.

### BLIND- FOLD.

Blindfold a woman and she  
loses all confidence in herself.  
Her step is slow,  
hesitating and un-  
certain. Her  
hands are raised to  
ward the imaginary  
blows which threaten  
her. When a sick  
woman seeks the means of health she is often  
like a woman blindfold. She has no  
confidence. She cannot tell what her  
effort will lead to. She turns now to  
this side and then to the other in uncer-  
tainty and doubt.

The sick woman who uses Dr. Pierce's  
Favorite Prescription may do so with  
absolute confidence. It invites open-  
eyed investigation. There need be no  
hesitation in following the hundreds  
of thousands of women who have found a  
perfect cure for womanly ills in the use  
of this medicine.

"Favorite Prescription" cures irregu-  
larity and dries weakening drains. It  
heals inflammation and ulceration and  
cures female weakness.  
"With a heart full of gratitude to you for send-  
ing out over the land your wonderful medicine I  
send these few lines, hoping that some poor suf-  
fering woman will try Dr. Pierce's medicines,"  
writes Mrs. Cora L. Rod, of Greenleaf, Minn.  
"I had suffered severely from female weakness and had to  
be in bed a great deal of the time. Had head-  
ache, back-ache and pain in left side when lying  
down. I commenced taking Dr. Pierce's Favorite  
Prescription, and had not taken two bottles  
when I was able to be around again and do my  
work with but little pain. Can now eat any-  
thing and it never hurts me any more. Have  
taken seven bottles of Dr. Pierce's Favorite Pre-  
scription and one of his Compound Extract of  
Santon-Wood and several vials of his 'Pleasant  
Pellets.' Feeling better every day. My hus-  
band says I look better every day."  
Dr. Pierce's Pleasant Pellets cure bil-  
iousness and sick headache.

You cannot  
play good  
health if you al-  
low the bowels  
to become con-  
gested.  
Dizziness,  
Sick Headache,  
Sour Stomach,  
Dyspepsia and  
Indigestion  
are sure to fol-  
low. The Bitters  
will open up the  
clogged bowels,  
without griping  
the system.  
Try it.

Augustine authorities notwithstanding,  
a check for \$500, placed in the hands  
of Victor L. Sellman yesterday after-  
noon by Brother Botolph, head of St.  
Michael's college in Santa Fe, sealed  
the bargain.

As all New Mexicans and most well  
informed people throughout the coun-  
try know, the oldest house in these  
United States is situated in Santa Fe,  
just across the narrow alley from the  
famous church of San Miguel, which  
dates from the year 1535. According to  
the best authorities which we have, the  
oldest house was built in the year 1533  
just two years before the famous  
church was constructed. It is, of  
course, of adobe, and the walls are  
three feet thick at the base with a  
thickness of fully two feet at the top.  
The building which contains seven  
rooms is twelve feet high and until a  
few years ago the firm dirt blocks of  
which it is built showed no sign of  
breaking. Lately, however, it has be-  
gun to show its centuries and within  
the past two years continuous repairs  
have been necessary to keep the rains  
and wind from coming in. The walls  
are still as firm apparently as when  
they were put up in the sixteenth cen-  
tury but the roof is a ruin. For fifty  
years the old adobe has been one of  
the chief attractions for tourists to  
the capital of New Mexico. It is not  
known whether the Brothers who  
manage St. Michael's college propose  
to tear it down or to add it to the al-  
ready splendid collection they con-  
trol.

### Chamberlain's Colic, Cholera and Diarrhoea Remedy.

The uniform success of this remedy  
as made it the most popular prepara-  
tion in use for bowel complaints. It is  
everywhere recognized as the one  
remedy that can always be depended  
upon and that is pleasant to take. It  
is especially valuable for summer  
diarrhoea in children and is undoubt-  
edly the means of saving the lives of  
a great many children each year. For  
sale by all druggists.

### Dake's Agency Moved.

The E. C. Dake Newspaper Advertis-  
ing agency of San Francisco, Cal.,  
has moved from the Merchant's Ex-  
change, where it has been located for  
the last twenty-three years, to the  
Eyre building, 124 Sansome street,  
new and larger quarters. This is the  
leading agency of the coast, in fact  
it is the only agency, for it places ad-  
vertisements almost anywhere and  
by telegraph if necessary. This  
agency is now known as one of the  
solid institutions of the west and  
many who wish to do business  
through a reliable source hunt up  
Dake's agency when wishing to place  
advertising.

## Railroad Topics

The delegates to the annual convention of the Train Dispatchers' association of America gathered at Nashville, Tenn., yesterday. They came from all parts of the United States and many of them were accompanied by their wives. At the opening session the delegates were welcomed on behalf of the city and the local railroad men, and after these formalities had been disposed of the annual reports of the officers were taken up for discussion. The sessions will continue until Friday.

The El Paso & Southwestern has placed orders for four simple "Pacific" three simple consolidated and two simple decapod locomotives.

The Santa Fe railway has over 1,000 extra men on its payroll just now repairing flood damages to the road in New Mexico.

### Tax on Babies.

Extreme hot weather is a great tax upon the digestive powers of babies; when puny and feeble they should be given a few doses of White Cream Vermifuge, the children's tonic. It will stimulate and facilitate the digestion of their food, so that they soon become strong, healthy and active. 25c at J. H. O'Reilly & Co.

Surveying Line from Silver City to Durango.

The report has reached Silver City that a surveying party under W. W. Kimball, of Arizona, is working its way from Phoenix to that city in the employ of the Santa Fe railroad. The route which is being surveyed is up the Gila valley from Phoenix via San Carlos to the New Mexico line and then on east to connect with the Silver City branch of the Santa Fe at Silver City. This same route was surveyed by a party of Santa Fe surveyors years ago with the idea of building a line from Silver City to Phoenix and now the company is having the work done over with the idea of constructing the line.

### Constipated Fowls.

To have good health, the body should be kept in a laxative condition, and the bowels moved at least once a day, so that all the poisonous wastes are expelled daily. Mr. G. L. Edwards, 142 N. Main st., Wichita, Kansas, writes: "I have used Herbine to regulate the liver and bowels for the past ten years, and found it a reliable remedy." 50 cents at J. H. O'Reilly & Co.

### BEAT THE ROCKEFELLERS.

Mexican Government Prevented Their Acquisition of Mexican National. The Rockefeller are keenly interested in a statement expected from James Speyer & Co., which will make known the extent of the interest which the Mexican government has acquired in the Mexican National railroad. The time expires then for depositing voting trust certificates of the road with Speyer & Co.

The deal is regarded as a black eye for the Rockefeller interest, which was understood to control the Mexican Central road, the rival of the Mexican National. The trip of young John D. Rockefeller to Mexico some months ago was said to have been for the purpose of studying the question of consolidating the two lines.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

### MAY SUE AT HOME.

New Mexico Court Decides Residents Cannot Bring Suit in El Paso.

Final judgments have been rendered by the district court in suits which have been brought by the El Paso & Northeastern Railway company against George Richardson, of this town, and Ralph S. Connell, of Tularosa, enjoining each of said persons from further maintaining their suits in El Paso, Texas.

The determination of these suits in the manner above indicated establishes an important principle, which is that a citizen of this territory has no right to go outside of the territory and maintain a suit against another citizen of the territory on account of personal injuries occurring in this territory.

It has been the custom heretofore for parties living in New Mexico and desiring to bring suits against corporations for damages for personal injuries, to go to El Paso, Texas, and institute such suits. This has worked a great hardship upon many of the industries of New Mexico, as the defendants in such suits were unable to take witnesses from New Mexico to Texas by any process of court, and were dependent entirely upon such witnesses going voluntarily.

The theory upon which these cases were decided is that it is unjust and oppressive to compel a man to go away from his own home to defend litigation which could as well be tried there.

The decision of the court in the above mentioned cases leaves the de-

fendants free to prosecute their litigations in the territory of New Mexico, if they desire, but restrains them from carrying it on in the state of Texas.—Alamogordo News.

A blessing alike to young and old—Dr. Fowler's Extract of Wild Strawberry, nature's specific for dysentery, diarrhoea and summer complaint.

### ANOTHER RAILROAD.

New Line in Contemplation Which will Pass Through Santa Rosa.

The Theo. Stegner Co., a Missouri corporation, capitalized for \$10,000,000 is preparing for a preliminary survey of a line which will enter New Mexico from the east near the northern line of Quay county, where it will probably pass through Endee settlement, Santa Rosa, thence into Valencia, Lincoln and Socorro counties, and passing into Arizona near the San Francisco mountains. The western terminal will be some point on the southern California coast. A road along this proposed route will open up a vast amount of fine agricultural land, timber land and stock country. It will also furnish a remarkably short cut to the coast for some trans-continental line.—Santa Rosa Sun.

No one would ever be bothered with constipation if every one knew how naturally and quickly Burdock Blood Bitters regulates the stomach and bowels.

### ON LABOR SITUATION.

Lax Enforcement of the Law, He Believes, is the Weakest Point in the Government Today.

Marshall Field, one of the largest employers of all kinds of labor in Chicago, gave a dictated interview to the Chicago Inter Ocean, a part of which follows:

"We feel if this agitation continues that labor will be out of employment, for the reason that the employer is now paying as much for labor as it is possible for him to pay and live. We are obliged to look long into the future because of that agitation, since we import our goods from all over the world and make large contracts in advance, even in this country.

"Therefore, I say it is the part of prudence only to look farther into the future than we have heretofore been doing. This prosperity we are now enjoying will not continue unless this agitation can be stopped, and unless labor is willing to continue earnestly at work at the present high prices. These prices must certainly go down as soon as there is any material let-up in business. Personally, I have always been an advocate of good pay, short hours and good, faithful service, trying to keep all our employees thoroughly interested in the business. I have read the president's speech, and I have been much interested in that part of it in which the president warns us to enforce the laws of our country.

"In short, he says that the supreme safety of our country is to be found in a fearless and honest administration of the laws of the land. That, I am sure, voices the sentiment of every good citizen of the United States. Certainly, the weakest point in the government of the country today, and the one that is destined to bring us the greatest trouble, unless we have an immediate change, is the lax enforcement of the laws.

### THE REAL CRANK.

Is Plainly Marked.

A crank is one who stays in beaten paths when common sense tells him to leave.

The real crank is one who persists in using coffee because accustomed to and yet knows it hurts him. It is this one who always pays the penalty, while the sensible person who gives up coffee and takes on Postum Food Coffee in its place enjoys all the benefits of returning health.

A well known manufacturer's agent of New York City visited the grocery department of one of the big New York stores not long ago and there he tasted a sample cup of Postum made the right way. He said afterwards: "Just through the energy of that young woman who was serving Postum there I became a convert to the food drink and gave up the drug drink coffee and got well."

"I had used coffee to excess and was gradually becoming a complete wreck, getting weaker and more nervous every day. I paid the penalty for using coffee and when I tasted the delicious Postum I was glad to make the change.

"So I gave up the coffee altogether and have used Postum instead ever since. My family at first called me a crank, but seeing how Postum benefited me the first month they all got in line and as a result of Postum's remarkable benefits to me we all drink it now entirely in place of coffee and we are well." Name given by Postum Co., Battle Creek, Mich.

forcement of the law. The trouble is that the young people of the land are growing up to have no respect for law and order, and why should they, when they are not made to respect it? There is nothing we need in this country so much, I repeat, with reference to the labor question, as an enforcement of law. I know of my own knowledge that we would have had a much greater increase in manufacturing industries in Chicago during the last five years had it not been for labor troubles in Chicago. Why should manufacturers come here when they can go elsewhere and have very little or almost no trouble?"

### DRUGGISTS MUST BE CHARY.

They Sell All Kinds of Hair Preparations, and Fear to Discriminate.

Druggists sell all kinds of hair preparations and as a rule they are wisely chary of giving preference to any particular one, but many of them have come out plainly for Newbor's Herpicide, the dandruff germ. H. Swannell & Son, Champaign, Ill., say: "One customer of ours who did not have a hair on top of his head when he began to use Herpicide, now has a fair start towards a good head of hair. We believe Herpicide to be by far the best preparation of its kind on the market." Hundreds of similar testimonials from everywhere.

"Sold by leading druggists. Send for stamps for sample to the Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents.

### CARD PARTIES GAMING.

Members of Many Women's Clubs Are Declared Gamblers by an Illinois Grand Jury.

The grand jury of Williamson county, Illinois, has passed the following resolution against the practice of playing cards and other games by the various women's clubs of that county for prizes, holding that such games are gambling within the meaning of the law:

"Whereas, This grand jury has sought to check public gambling; and

"Whereas, It has been brought to the knowledge of this grand jury that organized clubs composed of women, many of whom profess to be leaders in church work and mothers of grown-up children, meet weekly and engage in parlor games for prizes, some of considerable value; therefore, be it

"Resolved, by this grand jury, That such games are gambling, strictly within the law, offensive to public morals, evil in their example and amenable to law; be it further

"Resolved, That this grand jury in leniency call the attention of our citizens to this violation of the gambling act, and in mercy refer the matter to future grand juries for action should the practice continue; we, the present grand jury, abhor the state of affairs existing in this county; that we find the government of the cities and the villages in the county have been unfaithful in discharging their duties in regard to the gambling law, and that we refer it to future grand juries to take strict action on such officials as fail or refuse to perform their duty."

### The Best Cough Medicine.

I sell more of Chamberlain's Cough Remedy than all similar preparations put together and it gives the best satisfaction of any medicine I ever sold. I guarantee every bottle of it.—F. C. Jaguth, Inland, Mich. This remedy is for sale by all druggists.

### HIS PENSION CLAIM.

Husband and Wife Mysteriously Work Their Mine.

One-man mines are few and far between; they are often more imaginative than real. But near Valley Wells, forty odd miles west of Manvel, there is such a mine. It is a horn silver proposition, and Frank Riggs is its owner.

Riggs has had the property for many years, and during all those years he has preserved the greatest secrecy. No living man today knows just what Riggs has. Parties who have been at his place have seen a shaft, and down this shaft there is a drift fitted by a heavy massive door. What lies behind this door is a mystery. But what comes from within can be judged from the periodical shipments made by its owner.

The vein, or what is more probable, the stringer of ore yields silver that only lacks the eagle to pass as currency. It is worked only when funds are needed. In other words it is a veritable mint for its owner.

Some idea of the richness of the ore can be had from the fact that Riggs invariably makes all his shipments by express, paying \$35 a ton charges. Before the California Eastern railway was built he used to bring his ore down to Daguerre, California, and ship it from there by express. This was fully twelve years ago.

Riggs and his wife live at the mine. Together they do all the work. Their shipments are prepared with great care. After the ore has been mined it is carefully broken and sorted. That which is shipped is practically pure silver and will run over \$4,000 to the ton.

Riggs and his wife lead a dual existence. About half the year they work their property, Mrs. Riggs work-

ing side by side with her husband. Then, after they have made a few shipments, they travel. To paraphrase, object is no money to them. They can enjoy their outings secure in the knowledge that there is more where the present comes from.—Searchlight.

### That Throbbing Headache.

would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and build up your health. Only 25 cents, money back if not cured. Sold by all druggists.

Improvements in Medicine.  
Progress is affecting every branch of invention, production and manufacture in the world. The "latest improvements" are looked for in every line, and meet with a royal reception on the part of the people as soon as made known through the "latest improved" newspaper. As an example, look upon Cascarets, Candy Cathartic, which represent the most modern ideas of a scientific, twentieth century medicine—a sweet, palatable, aromatic little tablet, put up in a dainty mameled box just right for the vest pocket or purse—nothing to break or make a muss—yet do their work powerfully though gently.

Ladies and Children Invited.  
All ladies and children who cannot stand the shocking strain of laxative syrups, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They do not purge the system. Even a double dose will not gripe, weaken or harm; many people call them the Easy Pill. W. H. Howell, Houston, Tex., says nothing better can be used for constipation, sick headache, etc. Bob Moore, Lafayette, Ind., says all others gripe and sicken, while Little Early Risers do their work well and easy. Sold by B. H. Briggs & Co. and S. Vann & Son.

Citizen "want ads" bring results.

## ..Albuquerque's Largest Store..

# Wash Goods Sale

Commencing Friday, June 12, for

## ONE WEEK ONLY

Those who attended our last week's muslin underwear sale will know that this sale means another favorable opportunity to secure excellent values in high grade merchandise. The greatest sale in the history of this store's sales was our sale of undermuslins, even greater than we expected. The success was due to the fact that there are so many styles in the different line of prices lower than lingerie has ever been sold in this city before this event.

## Even Better

Organities to the ever serviceable Gingham, to be sold at SALE PRICES this early in the summer season. On account of limited space we cannot go into details as to what the different specials consist of, or their worthy merits as special values, but you can get the correct information and see for yourself the great values as they are displayed in our wash goods department and throughout the store. By a visit to Albuquerque's largest store.

### Golden Rule Dry Goods Co.

#### OFFICIAL MATTERS.

Governor Otero yesterday appointed the following notary public: Bonifacio J. Baca, Lincoln, for Lincoln county.

#### Postoffice Notes.

A postoffice has been established at Puertocito, Socorro county, to be served from Burley. The railway mail service between French and Dawson in Colfax county, has been discontinued.

#### Territorial Funds.

The following territorial funds have been received at the office of Territorial Treasurer J. H. Vaughn: From Leopoldo Sanchez, collector and ex-officio treasurer of Leonard Wood county, \$1,950.85, taxes for 1902; from I. N. Jackson, collector and ex-officio treasurer of Otero county, \$3,975.52, taxes for 1902; from Jose M. Gonzales, collector and ex-officio treasurer of Union county, \$765.71, taxes for 1902.

#### Deputies Appointed.

Page B. Otero, territorial fish and game warden, yesterday appointed the following deputies: Leopoldo Sanchez, R. K. Wade, Cooney; Thomas W. Hanna, Georgetown; John Kerr, Joseph; W. B. Warden, Graham; George F. Williams, Alma; Thomas F. Meagher, Jr., Silver City; Eugene E. Higgins, Georgetown; for the Gila Forest reserve. They are authorized to act in the counties of Sierra, Grant, Luna and Socorro. Frederick Whitney, Dawson; E. G. Twitty, Cimarron, for Colfax county; A. D. Baca, San Marcial, for Socorro county.

#### Placed Under Bond.

Page B. Otero, territorial fish and game warden, has received notice that Margarito Romero, who was arrested in San Miguel county on a charge of violating Section 7 of the fish and game laws of 1903, had been bound over at Las Vegas, Saturday, by Justice Wooster, to await the action of the territorial grand jury for San Miguel county. Section 7 provides that any person who allows sawdust to get into a running stream is liable to a term of not less than six months nor more than one year in prison. Romero is charged with allowing sawdust from his sawmill to blow into the Gallinas river. He is out on bond.

#### Meeting of the Territorial Land Board.

The monthly meeting of the territorial land board was held at its office in the capitol. There were present Governor Otero, president of the board, and Solicitor General Bartlett, a member of it. The third member and secretary of the board, Land Commissioner A. A. Keen, was absent on account of illness. The board approved a number of land selections recommended by the irrigation commission of the territory, in several parts of the territory and amounting to 292,000 acres of land. A decision from the secretary of the interior to the effect that the lands to be selected in lieu of territorial lands lost in school sections and other territorial selections for various causes, could only be located in the same township in which the original school section or other selection was originally located, was read and spread upon the records. The secretary of the interior also holds that it would take an act of congress to allow the territory to select the public lands in New Mexico. Such such indemnity lands at large from an act was passed for Utah, while it was a territory, and is believed can

evening he was seen in his occasional haunt by a cowboy who gave chase and succeeded in running him down so as to get a rope around him.

When captured he carried a few putrid bones with him and when questioned as to what use he would make of his larder, replied that he intended to make soup of them. He is a man of large build, has long shaggy beard and hair, and is without doubt crazy, although it is not thought he is of a vicious disposition. No one who has seen the wild man can identify him, nor is it known how long he has been in the Huachuca mountains. He will be examined as to his sanity and a proper disposition made of him.—Tombstone Prospector.

#### O'Brien and Carter.

Philadelphia, June 17.—What looks on paper like the best ring event seen hereabouts in a long time is scheduled for tonight in Industrial hall. The prospective contestants are Jack O'Brien and "Kid" Carter, acknowledged to be two of the foremost fighters of their class. Efforts have been making for several months to get these two men in the ring, but not until recently did the promoters succeed in making satisfactory arrangements in regard to weight and other details. Under the articles of agreement the men will weigh in at 165 pounds, a weight that suits O'Brien more than the Brooklyn lad, who has had to reduce himself considerably in order to meet that figure. Both appear to be in the best condition, however, and able to put up a rattling contest. Sporting circles are displaying great interest in the bout and a large crowd is expected to be on hand.

#### THE GREAT FAIR.

Congressman Hearst and Other Distinguished Men to Be Present.

The Twenty-third annual New Mexico Territorial fair will be held in this city on October 12, 13, 14, 15, 16 and 17, and it will be bigger and better than ever before. The best exhibit of New Mexico resources ever gotten together will be there.

For the cowboy tournament there will be a purse of \$2,000 hung up; for horse racing \$3,500 and for base ball \$500. Then Congressman William Randolph Hearst, many times a millionaire, owner of several large and influential papers, and with aspirations to be president of these great United States of America, will probably be present a distinguished party of congressmen to see what we are like and to look us over.

They are coming to study us and to see about our fitness for statehood. They won't be disappointed and will go back and vote to give us statehood.

#### Montana Epworth League.

Great Falls, Mont., June 17.—Great Falls has received with splendid hospitality the delegates to the annual state convention of the Epworth League, which will be in session here during the remainder of the week. As rapidly as the visitors arrived during the early hours today they were received by members of the reception committee and escorted to private homes, where they will be entertained during their stay. The gathering will be formally opened with a big welcoming demonstration this evening, President R. D. McRae of Anaconda, presiding. A strong delegation from Helena is endeavoring to have that city chosen as the meeting place for next year.

#### Georgia Bankers in Session.

Atlanta, Ga., June 17.—An address by William Ridgely, comptroller of the currency, was the principal feature of the opening session today of the twelfth annual convention of the Georgia Bankers' association. There was a large attendance present when the session was opened with an address of welcome by Mayor Evan P. Howell, to which response for the visitors was made by J. Ferris Cann of Savannah. President F. D. Bloodworth of the association then delivered his annual address. The convention then listened with closest attention to the address of Comptroller Ridgely, which dealt with a variety of subject of interest and importance to the financial world.

This afternoon and evening are to be devoted to entertainment and the business sessions of the convention will be resumed tomorrow morning.

#### River at Las Cruces.

The river has fallen a foot at Las Cruces and the belief is that it will continue to fall.

The weather is clear and settled, with no indication whatever of rain. The river at that place rises and falls by spells. Yesterday it rose a foot in a few hours, and today has fallen a foot.

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." If you have any trouble with your stomach why not take these tablets and get well? For sale by all druggists.

#### St. Louis Wool Market.

St. Louis, June 17.—Wool—Steady; territory and western mediums, 15@17½; fine medium, 13@15; fine, 14 @16c.

#### Trouble on the Mexican Central.

The Mexican Central road suffered a severe washout of its tracks below Jimenez. From advices received here yesterday it appears that the company will not be able to operate trains through that point for several days. There is as yet no way to transfer passengers or mails at Jimenez, which means a complete tie up of the line beyond that point.—El Paso Times.

#### For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

#### The Elephant Butte Dam.

A meeting was held at the court house some two months ago for the purpose of taking some action with reference to the building of a dam by the government at Elephant Butte. The meeting was well attended by the farmers and business men. A committee was appointed to gather data and raise funds to send a delegate to Washington to present our case and secure an appropriation for the dam if possible.

We were reliably informed at the time that the government was disposed to help us would we but gather the necessary data and present our proposition to the irrigation bureau. This has not been done as yet, and is only another instance where the people of the Mesilla valley have awakened to make a star play and fall asleep again before the applauding echoes have died away.

The committee has worked, and worked hard, in its endeavor to get the money for this purpose, but so far has not met with much success. Wake up; don't sleep all the time. Arizona put forward the proper effort—and received nearly \$3,000,000 from the government for the purpose of reclaiming her arid lands.

We want the dam, we need it, and must have it if we expect to have a water supply that is permanent and

#### PERSONAL PROPERTY LOANS.

#### PASSED OVER.

Charles Bulger Dies of Consumption  
at the Sanitarium This Morning.

Charles Bulger, a popular young  
man of thirty-five years, passed over  
the river this morning to his reward  
in the great beyond.

He died at the St. Joseph's san-  
itarium between 12 and 1 o'clock of  
consumption. The deceased came  
here about a year and a half ago for  
his health from Fort Wayne, Ind. His  
wife arrived here a few days ago to  
be with him in his last hours. During  
his stay here Mr. Bulger made many  
friends. A. Borders took charge of  
the remains, and they will be shipped  
tonight to his old home. His wife  
will accompany them. She has the  
sympathy of all in her sad hour of  
trial.

#### COUNTY COMMISSIONERS.

Met Yesterday to Consider Tax In-  
creases—Meet Next Monday.

Our county commissioners met at  
the court house yesterday to hear  
any objections to increases made by  
Assessor Albright. Several property  
owners appeared and kicked, and the  
commissioners will give them a hear-  
ing. The county commissioners are  
a fair set of men, and those that need  
an increase on their property will get  
it, and those that are assessed too  
much will get a reduction.

Another list has been prepared by  
the assessor, and the clerk is today  
sending to the persons that have been  
raised. The commissioners will  
will meet again next Monday, at 10  
o'clock.

#### The Citizen First.

A prominent merchant told The Cit-  
izen representative this morning that  
he uses various methods of advertis-  
ing, but nothing else since his space  
in The Citizen has been contracted for.  
No other medium brings such large re-  
turns, he said, considering the result,  
and it is by all odds the cheapest.

And why is this? Simply because  
The Citizen is read by the people. It  
is to be found in the office, in the store,  
on the cars—no place is denied it—  
and all this because it is a downright  
necessity. The person who tries to  
get along without it is certain to fall  
out of the procession. The newspaper  
brings buyer and seller together, and  
is thus entitled to hold first place in  
the matter of advertising.

#### The Glorious Fourth.

The Silver City Independent is auth-  
orized to deny the report which has  
in some unaccountable manner received  
some circulation to the effect that the  
Fourth of July celebration in Silver

City has been abandoned. The report  
is totally without foundation. Prepara-  
tions are going forward and have for  
their only object to make the coming  
celebration in that place the biggest,  
grandest and greatest affair of its kind  
ever had. No one can afford to miss  
it.

#### Police Court.

A stranger drank too much of Albu-  
querque fire water last evening, and  
got mixed up in a pow wow. He flour-  
ished a revolver, and this morning  
Judge Crawford fined him \$50, which  
he paid.

#### Santa Fe School Bonds Sold.

The city board of education last eve-  
ning accepted the bid of C. M. Ellin-  
wood & Co., of Chicago, for the \$28,000  
worth of five per cent bonds to be is-  
sued for 20 years. The bid was to take  
the bonds at par and furnish the bonds.  
All members of the board except Man-  
uel Delgado were present and the bid  
of Ellinwood & Co. seemed the best.  
An assessment of two mills on the dol-  
lar for interest was fixed, and of five  
mills on the dollar for general school  
purposes.—New Mexican.

#### Flood at El Paso.

The river today is said to be at a  
standstill. It fell about three inches  
last night and then at midnight took  
a rise, according to the gauge at the  
customs house scales, and rose three  
inches.

On the Mexican side above the  
Santa Fe bridge, the river threatened  
the jetties last night. This morning  
the Juarez authorities had a force of  
prisoners at work repairing the dam-  
age and constructing new dykes with  
tree branches. The river did not en-  
croach to any great extent.—Herald.

#### ENTERTAINERS.

Miss Rodey Entertains in Honor of  
Miss Davenport, of Richmond, Va.

Miss Helen Rodey, daughter of Hon.  
and Mrs. Bernard S. Rodey, entertain-  
ed last evening at the Rodey residence  
in honor of Miss Davenport, of Rich-  
mond, Va., who is a schoolmate of  
hers in Washington and who is her  
guest for the summer.

The evening was one of pleasure to  
all. Dancing was indulged in and re-  
freshments served. On Saturday Miss  
Ada Campfield will give a picnic at  
Bear canyon in honor of Miss Davenport.

The guests last evening were: Miss-  
es Davenport, Kunz, Fox, Dobson,  
Campfield, Telfer, Messrs. Bearrup,  
Pratt, Anderson, Field, White and  
Strong.

#### Boys Did Not Run Away.

Willie Wilson, the 12-year-old son of  
Mrs. G. E. Wilson, and Herman Flem-  
ing, the 14-year-old son of the South  
First street grocer, did not runaway  
from home yesterday afternoon, as  
was reported in the morning paper.

The youngsters had heard so much  
about raging waters above this city  
that they thought they would go up  
and see the sights. They got into a  
box car, thinking that, as they had  
heard that the bridges were down,  
they couldn't go any farther than  
where they wanted to go.

When they arrived at the place the  
train didn't stop, but at Bernalillo  
they were glad to get off. They ar-  
rived home this morning and have no  
desire to leave their good homes or  
parents.

#### Death of Mrs. Denham.

At 8:30 this morning Mrs. David H.  
Denham died at the family residence,  
No. 221 Highland avenue. Her death  
resulted from consumption. She was  
an invalid for many years. Mrs. Den-  
ham was 59 years old, and was be-  
loved by a large circle of friends. She  
leaves a husband to mourn her death.  
The funeral will take place from Ed-  
wards' undertaking parlors, Friday af-  
ternoon at 3 o'clock. Friends of the  
family are invited to attend.

## STORM AT SANTA FE.

## Bridges Damaged and Much Property Destroyed By the Flood.

## ALL JUNE RECORDS BROKEN.

The New Mexican says that on last Sunday that city started to take a bath and wound up by going swimming. For a short time that afternoon rain poured down in such quantities that it seemed as though there had been a cloudburst, arroyos and irrigation ditches became so full that it was impossible for them to carry off the water, streets looked like unusually wide ditches and considerable damage was done. With the rain, hail pelted down for awhile and beat against windows as if determined to break the glass. The precipitation yesterday, as recorded at the local office of the weather bureau was 1.10 inches and for Saturday night was .12 of an inch, making a total since Saturday of 1.22 inches. This breaks all previous records for June, as the total rainfall for the first fourteen days of this month has been 3.37 inches or more than the total for the entire month since record has been kept.

The water rose so rapidly yesterday and came down in such quantities that much damage was done. Within a few moments the water in the river and many of the tributary arroyos rose bank full and but a light fall more would have caused them to overflow. Many of the posts which marked the channel of the river as surveyed by the city, were swept away and the water paid no attention to the official channel. The strain on all bridges was great and today the only bridge which teams were permitted to be driven across, was that on Galisteo street. The bridge on Don Gaspar avenue was open to foot traffic, but it was deemed unsafe for vehicles.

The bridge over the arroyo Sals was swept away and a number of smaller bridges over arroyos were carried out. A dangerous place was left on Don Gaspar avenue east of Manhattan avenue, where the water washed out a new channel across the street and let one end of the bridge fall into the deep arroyo. But few bridges over arroyos were left in good condition. The foot bridge on Canyon road is among those carried away.

The Delgado street bridge over the Rio Santa Fe was damaged and a large amount of dirt at the end of the Don Gaspar avenue bridge was washed out. At Galisteo street, by the end of the bridge, was a large pile of dirt which has remained from the erection of new buildings in that vicinity. This was to a great extent carried away and there were several small land slides.

Much damage was caused by the flood water which poured down from the hills north of the city. Grant and Washington avenues for a time looked like incipient rivers and the water extended over the walks as well as the street. This morning the vacant lots south of the Palace hotel and east of Washington avenue resembled lakes with the water standing in them.

The house owned by Lehman Spiegelberg on Washington avenue, was greatly damaged. The water came down from the hill above in such volume that in a few moments it rose almost to the height of the window sills.

St. Vincent's hospital did not escape. The breaking of an aqueduct permitted a large amount of water to flow directly towards the building and there was over two feet of water in the cellar in consequence. Many trunks were stored in the cellar and so were damaged. Four rooms in the frame building were flooded. The water rose so that it flowed through the rooms but it was seen coming in time to permit the removal of carpets. Men were kept busy all night pumping water from the cellars of the buildings. Some damage was done to the new residence of Hon. Arthur Seligman by water getting into the cellar.

A vast amount of annoyance and, in the aggregate, quite a heavy loss, was caused by water beating under windows and injuring carpets and furniture. It has been a long time since Santa Fe has had such a flood and the damage and loss from it will aggregate quite a large sum.

The storm demolished a stable in which were twenty goats belonging to Manuel Montoya and Leandro Lovato and the falling roof and adobe killed the animals. The stable was situated just outside of the city limits in precinct No. 15. The partially finished dam constructed by the Santa Fe Water and Light company some years ago in the Fort Marcy arroyo north of town, was washed away by the flood which came down that arroyo. No other damage was done in that vicinity as the flood waters had the right of way and the earth work of the dam was not very solid.

A terrific volume of water came down the Arroyo Sals in the eastern part of town and across Palace avenue for two hours. The arroyo is about six miles long and heads in the mountains near Tesuque. It is on an average six

teen feet wide and nine deep and water ran over its banks; waves five feet high and running with great swiftness were very noticeable. Much broken timber and a great deal of debris as well as large rocks were brought down the arroyo. The supports of the bridge across the arroyo on Palace avenue were washed out and the bridge was wrecked. A lot on Palace avenue and Delgado street, the property of W. J. McPherson and planted in fruit and alfalfa was greatly injured, fences torn down, swept away and the alfalfa crop destroyed. The amount of water that came down the arroyo was very great and it is astonishing that more damage was not done by the force and swiftness of the current.

Cures croup, sore throat, pulmonary troubles—Monarch over pain of every sort. Dr. Thomas' Electric Oil.

## KNIVES USED FREELY.

Town of Alamogordo the Scene of a Mexican Riot.

The El Paso Herald says that there was something of a riot in the Mexican section of Alamogordo on Saturday, as a result of which ten men were cut more or less seriously, one of whom was almost disemboweled and now lies at the point of death at the hospital there.

It seems that the Mexican population of the place is divided into factions—those who were born on the other side of the border and those who are natives of this country. There has been more or less hostility between the two parties for some time, which found its culmination Saturday in an argument between two of the men. From words the altercation soon passed to blows and somewhere between thirty and forty of the Mexicans became involved.

Knives were freely drawn and in the melee about ten of the participants were punctured, none of them very seriously with the exception noted above.

## Hot Weather Weakness.

If you feel fagged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do; it is a tonic, laxative and restorative. H. J. Freearg, proprietor Grand View hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, Newton, Kan." 50c at J. H. O'Reilly & Co.

## SOIL PHYSICIST HERE.

Agricultural College Expert to Work Around Carlsbad for a Month.

Prof. J. D. Tinsley, soil physicist of the experiment station at the Agricultural and Mechanical Arts college at Mesilla Park, and one of the foremost authorities of the United States in that line, arrived in the city Monday evening and will conduct an exhaustive series of observations in the vicinity of Carlsbad for the next thirty days.

Each vacation Professor Tinsley is detailed to different parts of the territory, last year completing the work at Roswell, which covered the matter of drainage, the problem of alkali and such other matters as would naturally come within the sphere of his own of natural science. His reports of the conditions around Roswell were printed and formed a thorough and interesting description of the actual soil facts thereabouts. While for obvious reasons the bulletins were not published by the Roswell papers, they formed the first and only scientific ground-work for a thorough understanding of the artesian field, and were duly appreciated as such by the people.

Professor Tinsley is equipped with the finest apparatus known to scientific usage, and he is thoroughly versed in this particular line of work. His services are entirely free, and all farmers or others desiring a determination of soils can have them for the asking, though, of course, the applications will be taken in order of their filing—Carlsbad Argus.

## A Splendid Remedy.

Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. E. Moore, Agent Illinois Central Railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 25c, 50c and \$1.00 at J. H. O'Reilly & Co.

## MEXICAN TARIFF.

New Ruling That Requires Payment of \$200 Per Ton on Powder.

Effective July 1 a number of new rates will be effective in the Mexican customs department, covering the duties on certain articles imported into Mexico. Among these is a change in the rates on powder. The new ruling provides that dynamite and industrial explosives entered through the custom houses of the republic, or manufactured in the territory of the republic, will pay \$200 per ton. A change will also be made in the

## Sour Stomach

No appetite, loss of strength, nervousness, headaches, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

The vegetable kingdom in and around Albuquerque is booming.

W. L. Bretherton, of Clarkville, N. M., is registered at the Alvarado.

The socialists held a business meeting last evening in Carpenter's hall.

Subscribe for The Citizen, and keep in touch with everything going on.

Livestock Inspector Sam Locke, of Magdalena, is in the Duke city today.

Harry P. Owen, the court stenographer, is in Santa Fe today on legal business.

J. P. Goodlander, the drug man from St. Louis, is shaking hands with the trade today.

Mr. and Mrs. C. C. Hall are entertaining Mrs. H. L. Hall and children from Sherman, Tex.

William Farr and family left this morning for California. They will return the last of August.

Mr. and Mrs. Edward Grunsfeld are entertaining Mr. Sender, a life insurance man of Philadelphia.

The regular meeting of the library commission will be held Thursday evening in the library building.

The Italian band will give a concert at Robinson park this evening. A fine program has been prepared.

Ross Merritt, who is with the Bank of Commerce, is able to be around today, after wrestling with those awful measles.

Contractor J. A. Harlan, of San Marcial, is in the city today. He is building the new depot and Harvey house at that place.

D. J. Gutierrez, of Alameda, is in the city. He is one of the flood sufferers. Reports all say that the Rio Grande is falling.

Next Sunday at the Lead Avenue Methodist church Rev. Dr. A. P. Morrison, superintendent of the New Mexico English mission, will preach.

The New Mexico Territorial Fair, to be held here from October 12 to 17, is going to surpass anything in this line ever held in the southwest.

Elsworth Ingalls, special attorney of the interior department, is again at the Alvarado, after spending a few days up in the Ancient city.

R. F. Heller is registered at Sturges' European. Mr. Heller is the postmaster at Cabezon. He is also a merchant and is here on a business trip.

Theta and Frank Jones yesterday entertained Master Hezekiah Hall, of Water canyon. He was en route home after a school year spent in Connecticut.

The social to have been given on Friday evening at Orchestra hall by the young ladies of the Woman's Relief corps, has been indefinitely postponed.

The Central Labor Union's big celebration for July 4 and 5 will draw people from every city, town and village in the territory. Many will also come from Arizona.

Mrs. John Oliphant left last evening for Des Moines, Iowa, where she will visit relatives. She will be gone about six weeks. Mr. Oliphant has charge of the Bennett Indian curio store on North First street.

L. W. Galles, district agent of the Indiana State Life Insurance company in the territory of New Mexico, is down in the southern country. He reports fine prospects for sheep and cattle growers for the year.

Rev. W. J. Marsh, the popular pastor of the Congregational church, will leave this evening for a trip to Nebraska. He will be gone for six weeks and on his return will stop over at Denver to attend a convention.

H. S. Salisbury and wife left last evening for their home in Whitewater, Wis. They have been spending several days here and like the Duke city so well that it is Mr. Salisbury's intention to dispose of his business in Wisconsin and return to Albuquerque in the fall to live.

This evening a meeting of the general executive committee of the Central Labor union will be held in Cabinet hall on Railroad avenue, to talk over affairs in regard to the great Fourth of July celebration. A full attendance is requested. The meeting will be called to order at 7:30.

Eureka lodge No. 13, A. F. and A. M., met Tuesday evening and elected and installed the following officials for the official year: M. Jones, W. M.; Sam Watson, S. W.; E. A. Williams, J. W.; H. Bramlett, treasurer; T. O. Mason succeeded himself as secretary. The lodge meets the first and third Tuesday of every month.

This morning at 8 o'clock the delivery wagon of Emil Kleinwort, while turning the corner at Railroad avenue and Second street at full speed run into Wm. Coulodon, who was standing by his own wagon. The careless lad ran into him and knocked him down and injured his right hip, which will keep him at home for several days.

Carl Holman is now a resident of Douglas, Ariz., and has been employed by a large grocery firm since his departure from Albuquerque. Carl was one of the graduates from the High school in this city a few days ago, and there is no doubt that his services will be greatly appreciated.

Eugene Murray, who went to Fort Apache, Ariz., a couple of weeks ago to install a sewerage system for the Whitney Hardware company, is in the midst of the contract. Several hundred Apache Indians are employed in the work and "Gene" expects to return home in about three weeks.

C. Selvey, a former resident of Gallup, is at the Alvarado. He is now special agent of the Santa Fe coast lines division and lives at Los Angeles.

C. A. Shoupe, superintendent of bridges and buildings of the Santa Fe, who is located in Winslow, Arizona, is at the Alvarado today.

If you wish to see what a flood can do on a small scale, visit the Alameda dyke. The scene of desolation in that vicinity is complete.

G. P. Joughins, master mechanic of the Santa Fe system west from here to the coast, is registered at the Alvarado today.

W. T. McCreight, manager and city editor of The Citizen, is confined to his home today by illness.

R. V. Burns, chief engineer of the Santa Fe coast division, is here today.

W. S. Hopewell passed through here today en route for Santa Fe.

Monsieur Beaucatre with musical accompaniment at Library hall, Friday evening. 50 cents.

Chocolate and Vanilla ice cream, pineapple sherbert and all flavors of fruit sundaes today. Delaney's, Bell 'phone 98.

Monsieur Beaucatre, Library Hall, Friday Night.

A large and fashionable audience attended the first Pfister recital last evening, which was given in the dining room of the Hotel Pfister. The attraction was Miss Lila Jeanette Howell, who as an elocutionist has won golden opinions from the cultured set of Boston. She read from Booth Tarkington's novel, "Monsieur Beaucatre," which has been dramatized for Richard Mansfield. Miss Howell wore the costume of the time of Louis XV, ivory satin and roses, and succeeded admirably in carrying all the characters in the story to a successful climax. She changed her voice and added the finer touches in the way of lights and shadows to give a magnificent drama in monologue.
