ALBUQUERQUE, NEW MEXICO, THURSDAY AFTERNOON, JUNE 11 1903

NUMBER 476

FLOOD RAVAGES CAUSE RUIN

East St. Louis at the Mercy of the Flood.

ROCK ISLAND HAS RESUMED BUSINESS

Famous Filipino Outlaw Captured on the Island of Luzon.

St. Louis, June 11.—The situation in East St. Louis remains about the same as last night. The flood on the south is still being held back at Missouri avenue, where the levee is being watched incessantly, as elsewhere, by thousands of workers ready with bags of sand to close any break that may occur. The decline in the river's stage of a fraction of an inch since last night does not make any apparent difference in the height of the flood but shows that the river has a tendency to fall.

The stage at 7 a. m. was 37.9. This may relieve the situation greatly during the day if the fall continues, but until there is a decided decline in the flood the city will be at the mercy of the wall of water that surrounds it on three sides.

Martial Law.

East St. Louis, June 11.—Martial law in East St. Louis was put in operation this morning by Mayor Cook. The same time an order was issued for closing all the saloons.

Rock Island Resumes Business.

Denver, Colo., June 11.—Regular train service was resumed today over the Rock Island between Colorado points and Kansas City via Topeka and over all other parts of the system.

Famous Outlaw Captured.

Manila, June 11.—The constabulary yesterday captured in Rizal province Faustino Guillermo, the famous outlaw in the island of Luzon. Guillermo approached a detachment of constabulary and offered the men a bribe to desert and join him. A successful trap was planned and Guillermo was made a prisoner. During and since the insurrection he has committed many murders and robbery.

Earthquake Shock.

San Francisco, Cal., June 11.—A sharp shock of earthquake was experienced here at 5:12 o'clock this morning. The shocks were quite heavy, lasting over ten seconds. No damage is reported. The shock was felt in a number of coast towns.

Excited Stock Market.

New York, June 11.—Uncovered bear operators in stocks made a panic rush to cover their shorts this morning, causing a rebound in prices, which exceeded in violence the demoralizing slump at yesterday's opening. There was some reaction after the opening, but prices were well sustained at a level within a point below the first quotations. The uneasiness of the bears seemed due to the unexpectedly good showing made by the government crop report.

Tried to Bribe Witness.

Jackson, Ky., June 11.—Capt. B. J. Ewen stated today to State Inspector Hines, who is Governor Beckham's personal representative here, that he (Ewen) was offered five \$1,000 bills to testify in the Jett case that he was excited immediately after the shooting, and did not remember whether he saw Jett or not. For his better protection Captain Ewen was today taken to the military camp.

THE CELEBRATION.

Things Going Along Nicely and the Biggest Celebration Ever Held in the Southwest Is Assured.

The general executive committee of the Central Labor union's Fourth of July celebration met last evening. The committee added the names of Commander J. W. Edwards and Adjutant W. W. MacDonald of the Grand Army of the Republic to the list on the honorary reception committee. It was also voted to extend an invitation to Governor Otero and staff to be the

guests of the Central Labor union on the Fourth.

The appropriation for the fireworks has been increased and this feature of the program will be worth alone coming many miles to see. A clay pigeon shoot is promised, and this will be added to the program. You will be surprised at the number of people that will come here from all over the territory for the celebration on July 4 and 5, and what is more, you'll be surprised at the celebration. It's going to be a corker and things will hum for everybody. Every one should lend a helping hand, too. You can do it in some way or other. It is going to benefit the labor unions of the city; it's going to benefit Albuquerque, and it's going to benefit everybody and everybody who attends. So whoop'er up!

THE EAGLES.

Will Observe Second Anniversary Tonight in Knights of Pythias Hall in Great Style.

This evening in Knights of Pythias hall there will be something doing. The Albuquerque eagle, order of Eagles, will celebrate with their invited guests the second anniversary of the order in this city.

Everything has been done to make the affair an enjoyable one, and those who are there will be made to feel right at home from the start to the drop of the curtain. It is to be a smoker with lots of good things thrown in. There will be plenty to eat and to drink for the inner man, so that he won't come away with an appetite.

The Eagles are Al entertainers and will keep up the reputation this evening. Those outside of the order who get an invitation will be sure to be on hand. The program will include instrumental and vocal music and dancing.

The Eagles will transact lodge business at 8 p. m. and invited guests requested to come at 9 p. m.

Mayor Indicted.

Pittsburg, Pa., June 11.—The grand jury has returned a true bill against William B. Hayes, mayor of Pittsburg, charging him with misdemeanor in discharging Samuel Moore from the city employ. Moore was an official in the ordinance bureau of the city and an old soldier, and old soldiers of the country have taken up the matter and will make a test case in Moore's behalf.

Bank Statement.

Washington, June 11.—The comptroller of the currency has issued a call for the condition of national banks at the close of business Tuesday, June 9th.

Death at Pajarito.

Jesus Barajas, of Pajarito, died yesterday evening at 6 o'clock after a long sickness, aged 63 years. He was the brother in law of W. H. Metzger, and his living two brothers and three sisters. Burial will take place at Pajarito tomorrow morning.

Destructive Fire.

Rochester, June 11.—Damage estimated at six or eight hundred thousand dollars was caused by fire today. The blaze started in the Hancock building, which, with the brick Presbyterian church adjoining, was destroyed. An entire row of houses in Fitzgerald street and several buildings in State and Allen streets were badly damaged. No loss of life.

Fight With Indians.

Lander, Wyo., June 11.—A fight occurred yesterday on the reservation between five Shoshone Indians and ten Indian police in which two police

were injured. The Indians had gotten possession of a quantity of whisky and were holding an orgy when the police tried to arrest them. The Indians finally were arrested after the fight.

Arizona Strike Trouble.

Los Angeles, June 11.—A delayed telegram from Morenci, dated yesterday, states that thus far there has been no violence on the part of the striking miners there, and no loss of life or property. The tie-up is practically complete, save for a limited amount of work being carried on by the outside employees of the Detroit Copper company. There was no demonstration yesterday, and no attempt to interfere with the work being done.

Danger of Lynching Passed.

Kansas City, June 11.—A special to the Star from St. Francis, Kas., says that all is quiet there today, and all danger of a clash between settlers and the militia appears to have been passed at least for the present. The preliminary trials have been set for next Tuesday, and a majority of the ranchers who came to witness the proceedings are returning home. Dewey still refuses to make any statement regarding the fight last Wednesday.

THE "EL PASO KID."

Charged With Stealing \$400 Worth of Diamonds—Held for Grand Jury.

UNDER \$1,000 BAIL.

The "El Paso Kid," the colored youth who was a high roller in the downtown third street colony, is safely lodged in the county jail over in old town. Here he will eat and sleep until the grand jury take action on his deeds, which are shady.

His hearing came up before Judge Crawford late yesterday afternoon. The "El Paso Kid" has very little respect for the truth, in fact he doesn't have any regard for it whatever. Some time ago he hit the town, coming here from the Pass city, and took up his abode in the Third street colony. He was such an entertaining, good natured and good looking youth that he soon found employment. Miss Lillian Williams on West Copper avenue hired him to do this and that around the house and make himself useful.

The "El Paso Kid's" sporting blood lollied to be a bigger sport, so he did make himself useful and very much disuseful to Miss Williams. Last Friday afternoon he invaded her jewelry box and got away with nearly \$400 worth of her choice gems. The "Kid" lit out with them and got away up to Raton, when the cruel arm of the law nabbed him on Monday. Deputy Sheriff Newcomer of this city went after him and brought him back Tuesday night. They have the "Kid," but the jewelry has disappeared and no trace of it can be found.

The "Kid" is such a liar and has so many names that not much could be learned at the hearing. First he'd tell one story and then that would contradict. He told City Marshal McMillin that his name was Major Toney and that his father's name was Toney Major. It is evident that he or his father was twisted when he was born. The "Kid" denied ever working for Miss Williams in the face of positive evidence that he did.

Such cheerful, straight, honest lying has not been heard in the police court for years. Judge Crawford found sufficient evidence and the "Kid" was bound over under \$1,000 bail. Friday evening at 7:45 o'clock regular Sabbath services will be held at Temple Albert, corner Seventh street and West Gold avenue. Rabbi Jacob H. Kaplan will lecture the last time this year. "To See Clearly Is to Do Well" is the subject of the sermon. After this Friday evening's service the temple will be closed for two months. Everybody is welcome to the closing service.

Colonel D. W. Packard, the right-hand man for W. L. Douglas, who is the largest shoe manufacturer in the world, will leave Sunday for Denver, where he will spend several days. The colonel is stopping at the Alvarado and will return again. He says Albuquerque has the best all around climate in the world.

BIG CLOUDBURST

Town of Clifton Visited by a Terrible Flood.

PROPERTY LOSS ABOUT \$30,000

Thirty People Drowned and Great Distress Reported.

RAILROAD SUSTAINS A HEAVY LOSS

A special dispatch to the El Paso News from Clifton, Ariz., says that a terrible flood visited that city. The loss is about \$100,000 and the dead number about thirty. The scene is something terrible.

The Details.

A cloudburst occurred on Chase creek yesterday afternoon which did a vast amount of damage to the town of Clifton.

It is estimated that between fifteen and twenty people were drowned. So far twelve bodies have been recovered, but many others are known to be lost in the flood.

It came down Chase creek with a breast of eight feet, giving people no time to make their escape from their homes and buildings.

The north side of Copper avenue was mostly destroyed and the stores on the south side of the street were flooded with five or six feet of water. The Bessemer cafe building, the Manila Bay saloon, the Exchange saloon and a number of other buildings were washed away.

The cook and two waitresses in the cafe were drowned.

Susie's Chinese store was swept away and two Chinamen drowned. The Metcalf train from Clifton to Metcalf met the flood about three miles above town.

The engineer stopped the train and about sixty passengers made their escape before the worst of the flood struck the train, which was doubled up and rolled into the seething torrent of rushing waters.

The track between Clifton and Metcalf, eight miles, is probably ruined.

The flood lasted for only an hour, but many buildings were destroyed and the damage will amount to a large sum.

Morenci was not damaged by the flood, but the Morenci & Southwestern railroad trestle which spans the canyon was washed out. The flood came down the Morenci canyon with a breast of twenty feet.

Several teams in the canyon were washed away, but the drivers managed to escape.

Had the flood occurred at night sev-

SHOT BY A NEGRO.

Marshal Jones of Raton Was Fatally Wounded Last Night.

WILL BE LYNCHED IF CAUGHT.

Special to The Citizen. Raton, N. M., June 11.—At 11:30 last night John Jones, night marshal, was fatally shot by a negro who immediately fled. A posse of 200 armed citizens are now scouring the surrounding country, and the negro will be lynched if caught. The marshal had tried to arrest one of the three negroes in a saloon. One of the other negroes ran to the front door and fired two shots at the officer from behind a screen and then fled.

Murderer Captured.

Trinidad, Colo., June 11.—The negro porter who murdered Night Marshal John Jones at Raton, N. M., last night was captured about 3:30 o'clock this morning, and, together with his companions, is now in the custody of the sheriff. Great excitement prevails and the lynching of all three negroes will undoubtedly occur tonight.

eral hundred people would have been drowned.

It will be many days before the wreckage can be cleared away and all the bodies recovered.

The loss to the Arizona Copper company will be quite heavy and will cause the suspension of operations for some weeks to repair the railroad to Metcalf and the company's plant.

Bank Failure.

Birmingham, Ala., June 11.—The doors of the Bessemer Savings bank and the Bank of Commerce, both located at Bessemer, Ala., failed to open today as a result of the shortage and supposed flight of T. J. Cornwell, president of the first-named bank. None of the Birmingham banks is affected by the failures.

A telegram from Santa Fe this morning announces that those who could not attend the Sunday school convention, now in session there, are to have the pleasure of hearing Rev. R. A. N. Wilson here, at the Congregational church, tomorrow evening, Friday, June 12. Marion Lawrence, international secretary says of Mr. Wilson. "He is the 'Home Department Live Wire' of Colorado." Don't fail to hear him.

RIVER CONDITIONS.

No Damage at Socorro—Little Brighter at Las Vegas.

TRAINS WILL ARRIVE TONIGHT.

Special to The Citizen.

Socorro, N. M., June 11.—The river is reported as rising, but not out of its banks. There has been eighteen hours of steady rain here, with a large volume of water in the tributary streams. No damage reported as yet.

ARROYA PECOS.

Temporary Bridge Constructed and Trains Pasing.

Special to The Citizen.

East Las Vegas, N. M., June 11.—The temporary bridge over the Arroya Pecos was completed at 11:30 this morning and the blocked trains are passing north. Heavy losses on the owners of stock and the crops are reported from the flooded districts of the river, but the danger has now passed. No lives are known to have been lost.

The directors of the Las Vegas & Hot Springs Railway company, in session here today, decided to give the west side three miles of track. It will cross the river at the sanitarium, just above town, and circle the plaza. The work will commence at once and they will also inaugurate a lighting system.

THE TRAINS.

They Will Commence Arriving From the North Tonight.

Agent Myers has received advices from the headquarters at Las Vegas, and the news gives the information that trains are passing over the temporary bridge constructed across the Arroya Pecos. Trains are now scheduled to arrive as follows in Albuquerque:

No. 1, of June 9, at 6:00 p. m.
No. 7, of June 9, at 6:05 p. m.
No. 1, of June 10, at 6:10 p. m.
No. 7, of June 10, at 6:15 p. m.
No. 3, of today, at 6:20 p. m.
No. 1, of today, will get in at 7 a. m. tomorrow.
No. 7, of today, at 7:30 a. m. tomorrow.

All trains will be made up here, and sent west and south as fast as possible.

Apple-Nelson.

This evening at the Nelson residence, 209 North Edith street, there will take place the marriage of Miss Euphemia M. Nelson, daughter of Mrs. C. Albert Nelson, to Lieut. George M. Apple, of Fort Russell, Wyoming.

The ceremony will be performed at 8 o'clock by Rev. J. A. Norris, of Glen Cove, Long Island, assisted by Rev. T. C. Beattie, of this city. The best man will be Mr. William C. Lipe, of Denver, Colorado, and the bridesmaid will be Miss Lucy Hazledine, of this city. There will be about forty present at the wedding, and one hundred and fifty have been invited to the reception that will follow.

KING AND QUEEN SHOT TO DEATH

Servia's Rulers Assassinated in the Royal Palace.

TROOPS REVOLT AGAINST DESPOTISM

New Government Formed and Princeling Is Proclaimed King.

Belgrade, Servia, June 11.—King Alexander and Queen Draga were shot to death in the royal palace during the night. The deed was carried out by the army. Besides the king and queen, Premier Markovitch, General Petrovitch and former Minister of War Pavlovitch were shot.

Royal Household Slain.

Belgrade, Servia, June 11.—A military revolution broke out here last night. The troops, who revolted under the leadership of Major Anglovics, surrounded the palace, assassinated King Alexander, Queen Draga, the latter's sister, the queen's brother, Nikodem; Premier Markovitch, Ministers Petrovitch and Tudorovics, General Pavlovitch, former minister of war, and some of the members of the royal guard. Prince Karageorge Govitch was proclaimed king. A new government was formed and was issued to the Servian people.

People Excited.

Belgrade, June 11.—As the morning advanced the excitement in the streets grew steadily. In spite of the pouring rain, thousands of people gathered in the vicinity of the palace. Everywhere troops of all arms were posted and field guns were placed in position to quickly deal with any opposition to the newly formed government. The holders discarded their cockades bearing the late King Alexander's cipher and substituted for it flowers, green twigs and leaves. Bands of young men paraded the streets, waving flags and shouting "Long live Karageorgevitch." Flags are flying from nearly every house in Belgrade and there is absolutely no display whatever of crepe or other signs of mourning. The royal standard has been lowered from over the palace. Reports from places outside Belgrade indicate that the country accepts the disappearance of the Obrenovitch dynasty without regret.

Cause of the Revolution.

London, June 11.—The Servian minister said there were many causes leading to the revolution. A large section of the people were greatly dissatisfied with the tendency of King Alexander to eliminate the radical element from the government and by the constant rumors of his intention to appoint Queen Draga's brother, Ljunjviza, heir apparent. In addition to this the queen was disliked by the people who were also intensely outraged at the recent suspension of the constitution. The minister did not anticipate that the changes would result in internecine strife, or in any real dangers to the country. He pointed out that the original Karageorge was not a prince. He was a rich swine owner. The father of the new king was made a prince in 1842. The universal anxiety of the governments of Europe for peace is advanced as a reason why the Servian situation is not likely to lead to complications. Should, however, these unexpectedly arise official circles think an Austro-Hungarian army will immediately march into Servia and restore order. This, eventually, however, is considered improbable.

London, June 11.—A special dispatch to the Times alleges that nearly a hundred persons were killed last night at Belgrade, but there is no confirmation of this report from elsewhere.

Story of the Tragedy.

Cologne, June 11.—The Cologne Gazette prints a dispatch from Belgrade, which says a story is current there that the late King Alexander was recently considering effecting separation from Queen Draga and that the latter becoming aware of this, planned preventative measures. Some high mili-

tary officers last night, the dispatch adds, entered the palace and tried to carry off the queen by force, but encountered strong resistance on the part of the queen's partisans, and in the fierce struggle which followed the king and queen and their respective supporters were killed. The ministers who shared the fate of their sovereigns were the leading spirits of the Obrenovitch party. Their murder removes the only men capable of making a real stand against the Karageorgevitchs who have now no serious opposition in Servia.

End of Dynasty.

Cologne, June 11.—A telegram from Belgrade says: "The career of the Obrenovitch dynasty was closed in the early hours of this morning, the same day of the year on which Prince Michael was murdered thirty-five years ago in the park of Topstschider near Belgrade. Today a requiem mass was being sung in memory of Prince Michael and now the last of his race, together with all connected with the dynasty by his unfortunate marriage, lies in a bier in the palace at Belgrade. The people of Belgrade have been flocking the streets since 3 o'clock this morning discussing the tragedy but without condemnation. A strong detachment of troops is encamped about the palace of the newly proclaimed king, who was a pretender to the throne for many years. He was born in Belgrade in 1846 and was married in 1883 to Princess Zorka, daughter of Prince Nicholas of Montenegro. She died in 1890.

Tragic Deed.

Berlin, June 11.—The Frankfort Zeitung, in its version of the tragedy at Belgrade, says that when the troops entered the royal bed room, King Alexander seized a revolver and shot the queen and then killed himself.

REV. ROBERT RENISON RESIGNS.

Goes to Sacramento, Cal., to Accept Rectorate of Trinity Church.

Rev. Robert Renison, rector of St. John's Episcopal church of this city for the past five years, has resigned to accept the rectorate of the Trinity church in Sacramento, Cal.

Rev. Mr. Renison and his family expect to leave the last of the month. Since residing here they have made a host of friends who greatly regret their departure. His pastorate here has been very successful, and in his new field of labor it is the wish of all that he be blessed with greater success. His new charge is one of the most flourishing churches in that city.

The vestry will accept his resignation and St. John's church will be closed from the first of July until the first of September. By that time it is hoped that his successor will have been chosen. Mr. W. J. Johnson has been re-elected senior warden and Felix Lester junior warden.

HAD COUNTERFEIT COIN.

Jesus Perez Placed in the County Jail on Serious Charge.

Jesus Perez, a native who says he is a railroad, is over in the county jail in Old Albuquerque.

Perez is charged with a serious offense, that of trying to pass a counterfeit \$5 gold piece. He was brought in from Isleta last night, where he tried to get the "queer" changed. The prisoner says it was given to him. The counterfeit is a peculiar one, inasmuch that the face is in a United States die, while the back is in Mexican.

He will be arraigned this afternoon before Judge Whiting and his trial will probably come off on Monday. A number of witnesses have been summoned.

New Mexico just now is not an arid country.

Trout fishers in this territory are having the usual luck.

The republican party of this county are reforming the "reformers."

It is the wise man who wastes neither time nor energy on pursuit of something for which he is not fitted.

In 1897 Porto Rico sent products to the United States valued at \$1,943,251; in 1902 the amount had swollen to \$9,534,176.

The smokeless powder in the navy has been found so defective and dangerous that it has been ordered removed from a number of warships.

The department of agriculture estimates that there are over seventeen million acres of spring wheat planted in the United States.

The land forces alone of Europe number "on the war footing" 25,000,000 men. Standing side by side 25,000,000 men would make a continuous line from Calais across Europe and Asia to Bering Strait.

The Manufacturers' Record estimates that if the rate of industrial progress between 1880 and 1902 is maintained until 1912 the annual output of American coal will reach the stupendous total of 450,000,000 to 500,000,000 tons.

France has a door and window tax, which is a tax on air and light and a tax on trade profits divide as follows: A fixed duty determined by the nature of the business; a rate varying with the rent of the premises, and a license duty for the specific business carried on. It is now proposed to abolish the income tax to all incomes in general.

LIFE OF SMALL BILLS.

The life of a paper note, and especially those of small denominations, as a \$1, \$2 or \$5 bill, has always been much shorter than the average person would imagine. Of late, however, owing to the great increase of prosperity throughout the country, its existence has been curtailed until the beginning of the present year it has been estimated that the ordinary outstanding note now lives but a little more than two years.

The main reason for this lies in the fact that as business becomes more active there is a greater demand for small bills for ready use, and these being handled oftener and more carefully than the larger ones, they wear out much sooner. This tendency to

Mrs. A. E. Ware, of Silver City, was here the other day, leaving for the west. She has arrived at Kingman, Arizona, where she will remain in the future.

Worst of All Experiences.
Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years," she writes, "I endured insupportable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by all druggists.

W. C. Leonard, who has been spending several weeks here, will leave some time today for Los Angeles.

Hot Weather Weakness.
If you feel fagged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do; it is a tonic, laxative and restorative. H. J. Freear, proprietor Grand View hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, Newton, Kan." 50c at J. H. O'Reilly & Co.

District Attorney F. W. Clancy and wife will leave Monday for a week's stay in Santa Fe.

Was Wasting Away.
The following letter from Robert R. Watts, of Salem, Mo., is instructive. "I have been troubled with kidney disease for the last five years. I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." Alvarado Pharmacy.

ENGLISH AT FOREIGN HOTELS.

Words Put Together in a Fashion That is Something Fearful and Wonderful to Contemplate.

Many gems of the curious English of foreign hotel keepers have been given to the public. Among the best, says Stray Stories, is the tale of the host of a well-known establishment in Greece, who was wont to greet his guests in an effusive manner with: "What you preface—a bittek or a chick—ken?"

Their astonishment at the mastery of the language was frequently deepened when, upon their return to the hotel a few hours later, they found nothing prepared. It was his only English sentence, and he did not understand a word of it.

This, however, is not quite equal to the placard in the possession of a naval officer just returned from Egypt. He procured it at a cafe enclant in Alexandria. It was printed in several languages, and this is the English part: "Every of the consummations of the coldness, one pastre besides. Every of the claim to be addressed directly of the direction. During of the repetitions the price of consummations to be the same that in every the other's coffee."

With the aid of the parallel passages in other languages the meaning is found as follows: "All feed drinks one pastre extra. All complaints should be made at the office. Notwithstanding the performance the prices will be the same as those of other cafes."

No good health unless the kidneys are sound. Foley's Kidney Cure makes the kidneys right. Alvarado Pharmacy.

Subscribe for The Citizen.

"I sleep well enough at night, And the blindest appetite Ever mortal man possessed."

Riley's farmer is the very picture of a man advanced in years, yet in the enjoyment of perfect health. A good appetite, good digestion and sound sleep, are the chief factors in a vigorous old age. Life is sustained by food, when it is properly digested and assimilated. When digestion fails, there is a loss of nutrition which soon shows itself in physical weakness, nervousness, sleeplessness, etc.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It strengthens the body in the only way possible,—by assimilating the assimilation of the nutrition extracted from food.

"I used ten bottles of Dr. Pierce's Golden Medical Discovery and several vials of his 'Pleasant Pellets' a year ago this spring, and have had no trouble with indigestion since."

SECRETS

At the Price of Suffering.

Woman on her way to semi-invalidism caused by pregnancy suffers much pain. Ignorance prompts her to suffer alone in silence and remain in the dark as to the true cause—motherhood.

Mother's Friend takes the doctor's place and she has no cause for an interview. She is her own doctor, and her modesty is protected. Daily application of the cream and ointment throughout pregnancy will enable her to undergo the price of gestation in a cheerful mood and rest undisturbed.

Mother's Friend

Is a liniment for external use only. It would indeed be shameful if the sacrifice of modesty were necessary to the successful issue of healthy children. All women about to become mothers need send only to a drug store and for \$1.00 secure the prize childbirth remedy. Healthy babies are the result of using Mother's Friend. Our book "Motherhood" mailed free. THE BRADFORD REGULATOR CO., ATLANTA, GA.

Volcanic Eruptions on the Moon.

Messrs. Loevy and Pissoux, of the Paris observatory, in issuing some additional plates of their photographic atlas of the moon, refer to the recent volcanic catenism at Martinique and St. Vincent, and say that study of the lunar surface leads them to think that eruptions, quite as intense as the greatest recorded on the earth have occurred on the moon, repeated at long intervals in the same places. But, favored by a condition of calm and dryness, they have been more durable in their effects, and the more recent deposits superposed upon the earlier ones are distinguishable by their darker tone and less extended boundary.

Chinese Population.

It is stated that the Chinese population of to-day numbers about 429,000,000 of souls, including 2,500,000 in Manchuria, 2,580,000 in Mongolia, 6,400,000 in Tibet and 1,300 in Chinese Turkestan.

SOFTNESS OF SEALSKIN.

Is Rivalled Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide.

"Sold by leading druggists. Send for stamps for sample to the Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents.

AN HONEST PORTER.

He Helped Himself to a Tip of Ten Dollars for Being Accommodating and Honest.

"The tip-exacting Pullman car porters are the recipients of a good many knocks from press and public, but they are not the worst in the world," remarked a commercial traveler to a Washington Star man. "They may have a pretty fierce way of drilling for tips, but when it comes to the matter of honesty I know one of them that's there with the goods, as the saying goes."

"I left San Francisco, or, rather, Oakland, on the Santa Fe line for Chicago at 8 o'clock in the evening a couple of weeks ago last Sunday. The gang that I met in 'Frisco had been rather too enthusiastic in giving me a good time of it out there on the day of my departure, so that when I woke up on the train along toward 7 o'clock the next morning the sleeper bunk felt pretty warm and my coppers a whole lot warmer. The nearest, in fact, the first stop at which I would have a chance to fix those hot coppers out was Mojave, and so I hustled into my clothes to be ready to hop off the train during the stop at Mojave for one of those katezjammer alleviators."

"I asked the Pullman conductor how long the train would stop at Mojave, and he replied that the stop would last ten minutes. I raced into the station cafe when the train pulled into Mojave, and instructed the man in charge of the bar to rig me up one of those long, long damp things. He went at the job in a pretty scientific manner, and the piece of wet work that he set before me was a rare thing to find right alongside of the California desert. It was such a fine and effective creation, in fact, that I asked him to frame up another one, and I got away with this with equal joy. Then I leisurely strolled to the door to take a look at my train—and saw the end of it curling away in the rarefied distance on its way toward the land of the rising sun. It had pulled out without notifying me. I hustled into the ticket office to ask the man in the window when I'd be able to corral another eastbound train, and he said that it'd be along at 8 o'clock the next morning—the mate to the train that had departed without me; there was only one of the overland expresses per diem. So there I saw myself stuck in Mojave, Cal., the most miserable little sand dune on the globe, for a full twenty-four hours."

"But that wasn't the worst of it. I had left my Gladstone bag wide open on my bunk, with my wearing apparel thrown around the section every which way, and in the bag I had placed, on the night before, \$200 in gold coin, the stuff being too heavy to carry around in my pockets with any comfort."

"I've got a chance of getting the bag back," said I to myself, "but what the black porter'll do to those \$200 in gilt money will be something swoopingly scandalous."

"I had no idea on earth that I'd ever see a dollar of that money. I figured it all out that the porter would corral the money and then stuff my wearing apparel into the bag and hand it over to the conductor. I knew then I wouldn't be able to prove any such fact that I had \$200 in gold money in the bag, and I gave it up for gone. I told the station agent at Mojave about the bag, and he immediately telegraphed to the next station to be made by my lost train along the line, a place called Barstow, N. Mex., directing that the bag be shipped back to Mojave on the west-bound overland."

"The bag was returned to Mojave on the west-bound late that night, and I eagerly opened it up to see what I had left in the bag. Everything was there, including the stack of gold money. I counted the gold roll, and it amounted to an even \$100. The porter, I felt certain, had appropriated just one of the \$10 gold pieces to compensate him for his trouble in packing the bag, and I afterward found out that I was right in this supposition."

"I caught the train east on the following morning, and when I got to Kansas City I got off to take a bit of a rest at a hotel. As I was getting off I met the porter of the train that had left Mojave without me. He was walking about the station, waiting to go aboard his car for another western trip. He saw and recognized me as soon as I recognized him, and he grinned broadly when he saw me."

"Boss," said he, coming over to me, "Ah suah did look ev'rywher to dat othuh ten dolluh gold piece, but Ah suah couldn't find it nowherah," and then he burst into a happy darky laugh and slapped his thigh joyously. I told him how welcome he was to the \$10 piece that he had pinched out for himself, and I'm not certain that I didn't give him another couple of dollars to show my appreciation of his honesty. It might not sound like honesty to speak of his swiping \$10 from my Gladstone bag, but under the circumstances, considering the chance he had to grab it all, and considering, too, the nature of Pullman porters as they're supposed to be, I think he was a paragon of honesty."

"Chocolate Wafers. One-half of a cupful of light brown sugar, as much granulated sugar creamed with one-half cupful of butter, one well beaten egg, one-half cupful of grated chocolate, one and one-half cupfuls of flour, one-quarter of a teaspoonful of salt, one teaspoonful of vanilla. Mix all together to a soft dough, roll out a little at a time very thin and cut into circles. Bake in a moderate oven.—Detroit Free Press."

The Ready-to-Serve Cereal

courts investigation.

Finds "Force" Absolutely Pure.

"At your request I have purchased in the stores of Boston the cereal known as 'Force,' and have subjected the food to careful analysis. I find it to be absolutely pure."

WILBUR L. SCOVILLE,
Prof. of Theory and Practice of Pharmacy
Mass. College of Pharmacy."

American Doctors Take Notice.

If, says the Chicago Record-Herald, Dr. Lorenz can convince the American doctors that the knife should be more sparingly used his trip to the United States will have been worth many times the price.

An Appropriate Nom de Plume.

When Lord Kitchener started for India he traveled incognito, as Mr. Cook. This was eminently appropriate, says the Chicago Record-Herald. A good kitchener must necessarily be a cook.

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." If you have any trouble with your stomach why not take these tablets and get well? For sale by all druggists.

Women Railroaders.

There are now in the United States 15 feminine locomotive engineers and firemen and seven female conductors. Add to these 31 brakemen—or, to be correct, brakewomen—ten baggage women.

Chamberlain's Stomach and Liver Tablets are just what you need when you have no appetite, feel dull after eating and wake up with a bad taste in your mouth. They will improve your appetite, cleanse and invigorate your stomach and give you a relish for your food. For sale by all druggists.

The American Steer.

In tracing the course of this humble but useful bovine that has fulfilled his part in the American civilization of Britain, we have followed the path that is traveled every year by tens of thousands of his kind, says Frank Leslie's. The total annual export value of United States meat—of which beef forms the principal item—is in round figures \$100,000,000. If we add to this the distributive sales of the various packing establishments in the United States for the domestic market as well, we find that it reaches the enormous total of 1,000,000 carloads, valued at \$2,000,000,000. Added to this is the value of the many by-products of the packing house, which amount to many millions more.

Ignorance of Tourists.

To show the ignorance of many tourists regarding the dangers of Alpine climbing, a dispatch from Zermatt states that a gentleman was recently met starting by himself for a "stroll" up the Matterhorn with an umbrella in his hand!

The New Field Gun.

It has been decided by Secretary Root that the new field gun to be supplied to the artillery of the army will be a combination of the best points of the field guns designed by Herr Ehrhardt, the German expert, and Capt. Wheeler, of the ordnance department. The chief feature of the Ehrhardt gun which will be incorporated in the new gun to be manufactured is the breech mechanism. The chief distinguishing characteristic of the new gun from the old is the three foot long recoil. This prevents the kicking of the gun carriage from its original position when the gun is fired.

A Trick of Sailors.

Sailors have a very simple, and what is said to be a very effective way of determining the edible or non-edible qualities of any new varieties of fish they may happen to run across. In the water in which the fish is boiled is placed a bright silver coin. If the coin retains its natural color during the boiling process the fish is good to eat. But if it turns dark, the food is rejected.

Scotland's Wedding Day.

A favorite wedding day in Scotland is December 1, so that the young couple can leave their old life with the old year and begin their married life with the new one.

Jews at Brooklyn Bridge.

Twenty thousand Jews visited the Brooklyn bridge recently, where, Testament in hand, they prayed over the water that their sins be forgiven.

Stores That Never See Daylight.

Down in many of the great coal mines of Pennsylvania are telephones, tool repairing establishments, blacksmiths' shops and various other institutions that the surface worker would never think of as connected with caverns 500 or more feet away from daylight. A moving picture show portraying work in the mines was given in the city last week. One of the views contained a miner holding the receiver of a 'phone in a subterranean pay station. An attempt is made in the large mines to provide everything necessary to prevent employees from going to the surface during working hours.

Home of the Chinchilla.

The chinchilla, the little animal the size of a squirrel, is met with only in the Andes of Bolivia, Ecuador, Peru and northern Chile, and is never found under a height of 9,000 or 10,000 feet. The Indians are eager trappers and hunters of it for its fine fur. The skins are well seasoned with salt and made up into small packages for dispatch to the towns, whence they are shipped abroad.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes as follows: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by all druggists. Trial bottles free, regular sizes 50c and \$1.00.

In Europe's Armies.

Out of every thousand men from the ages of 21 to 60 there are in service in France 58.4; in Germany, 48; in Russia, 43; in Austria, 34; and in Italy, 30. In case of war these figures are increased in Germany to 139; in Austria, to 96; in France, to 171; in Italy, to 107, and in Russia, to 81.

Great Gold Years.

The last five years of the nineteenth century produced more gold than the entire output of the seventeenth century.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

The uniform success of this remedy as made it the most popular preparation in use for bowel complaints. It is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. It is especially valuable for summer diarrhoea in children and is undoubtedly the means of saving the lives of a great many children each year. For sale by all druggists.

For sale by B. H. HEGGS & Co.

..Albuquerque's Largest Store..

Wash Goods Sale

Commencing Friday, June 12, for

ONE WEEK ONLY

Those who attended our last week's muslin underwear sale will know that this sale means another favorable opportunity to secure excellent values in high grade merchandise. The greatest sale in the history of this store's sales was our sale of undermuslins, even greater than we expected. The success was due to the fact that there are so many styles in the different line of prices lower than lingerie has ever been sold in this city before this event.

Even Better

will be this sale of Wash Fabrics with the thousand after thousand yards of new dainty Dainty Washable Materials, from the sheer

Organdies to the ever serviceable Gingham, to be sold at SALE PRICES this early in the summer season. On account of limited space we cannot go into details as to what the different specials consist of, or their worthy merits as special values, but you can get the correct information and see for yourself the great values as they are displayed in our wash goods department and throughout the store. By a visit to Albuquerque's largest store.

Queen Quality

Most Important

Of what use is a hat that does not fit your head. Of what use are corsets that do not fit, dresses that do not fit, or gloves that do not fit? Now take shoes! The one absolutely necessary thing about shoes is

that they shall fit.

Unless they fit you feel "sloppy," you walk clumsily, dragging the feet along because they are tired. You acquire corns. And all because you bought shoes that were perhaps loudly advertised and smart in appearance, yet made with no regard to fit.

The one shoe for women for fit is the "Queen Quality." Try them for easy walking.

BOOTS, \$3.00. OXFORDS, \$2.50.
Special Styles 50c extra.
Fast color eyelets. Do not wear brass.

The above represents the increases

Cuts, Bruises and Burns Quickly Healed.

Chamberlain's Pain Balm is an anesthetic liniment, and when applied to cuts, bruises and burns, causes them to heal without maturation and much more quickly than by the usual treatment. For sale by all druggists.

only on real estate and personal property, but when Traveling Auditor Stafford was here the other day he, with Assessor Albright, investigated assessments turned in on merchandise, and these increases, together with that of sheep owners, are now being prepared and will be submitted to the county commissioners at the meeting of the board to be held next Monday.

That Throbbing Headache would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their marvellous merit for sick and nervous headaches. They make pure blood and build up your health. Only 25 cents, money back if not cured. Sold by all druggists.

MEETINGS.

The regular business meeting of the Ladies' Aid society of the Congregational church is being held in the prayer meeting room of the church this afternoon.

Regular convocation of Rio Grande chapter No. 4, Royal Arch Masons, this evening at Masonic hall, at 8 o'clock. Visiting companions cordially invited. By order of the E. H. P. L. H. Chamberlin, secretary.

The W. C. T. U. will meet tomorrow afternoon at 3 o'clock, at the home of Mrs. Howe, 513 South Broadway.

At the meeting of the Commercial club tonight, when directors will be elected, some action should be taken to strengthen the dyke above the city. A large number of the club members ought to attend this meeting.

Interesting to Asthma Sufferers. Daniel Bante, of Ottumwa, Iowa, writes, "I have had asthma for three or four years and have tried about all the cough and asthma cures in the market and have received treatment from physicians in New York and other cities, but got very little benefit until I tried Foley's Honey and Tar which gave me immediate relief and I will never be without it in my house. I sincerely recommend it to all. Alvarado Pharmacy."

LOCAL PARAGRAPHS.

No police court this morning. Plenty of rain. Get on your rubber boots. Samuel Locke, of Magdalena, is in the city.

Constipated Bowels. To have good health, the body should be kept in a laxative condition, and the bowels moved at least once a day, so that all the poisonous wastes are expelled daily. Mr. G. L. Edwards, 142 N. Main st., Wichita, Kansas, writes: "I have used Herbine to regulate the liver and bowels for the past ten years, and found it a reliable remedy." 50 cents at J. H. O'Reilly & Co.

Mass Meeting of Sunday School Workers at the Congregational Church, Friday night, June 12.

The New Mexico Sunday School association, now in session at Santa Fe, has arranged a great treat for the people of Albuquerque, having secured Rev. R. A. N. Wilson, of Colorado, to address a mass meeting at the Congregational church tomorrow—Friday evening. Mr. Wilson is one of the brightest men in the work, a very pleasing speaker and the church ought to be crowded to hear him.

SUNSTROKE INSURANCE

When the summer's heat gets about 90 degrees, you are liable to be sunstruck any time you are out in the sun, unless you take the proper precautions. Several years ago, the writer of this, who has spent much of his life in the tropics, thought he was safe from sunstroke. One day he collapsed, remained unconscious for five hours, and at times his life was in danger. As a matter of fact, any person whose stomach and bowels are in bad shape in the summer time, is liable to be sunstruck in temperature that would be harmless under normal conditions. That's all there is to it. Stomach and bowels full of fermenting refuse that forms acids and gases, raise the heat of the body and flood many degrees. Scientists have found that natives of the South Sea Islands, living on laxative fruit, bananas, coconuts, bread-fruit, have a temperature 20 degrees lower than that of white men who are careless about their food or their bowels. It has been found in years of experience, that a CASCARET Candy Cathartic taken at bed-time every night will keep the body clean and cool inside all day, and forms a safe and thoroughly reliable form of sunstroke insurance.

Best for the Bowels. All druggists, inc. sec. sec. Never sold in bulk. The genuine tablet stamped C. C. C. Guaranteed to cure or your money back. Sample and booklet free. Address: Sterling Remedy Co., Chicago or New York. 50c

RUSHING RIO GRANDE.

The Conditions at Babelas, Atrisco and Other Places.

WATCHING ALAMEDA DYKE.

The rain of yesterday afternoon and last night sent an extra volume of water down the Rio Grande, giving an additional rise in the river of about a foot.

The Citizen representative, in company with Sheriff Hubbell, visited the Babelas bridge neighborhood this morning, and found a foot or more of water in the road leading to the bridge, on this side, directly in front of the residence occupied by Felipe O'Bannon and family.

In this immediate neighborhood the land is pretty low, and it is now well covered with water, several families residing near by having been forced by the encroaching surplus of water to abandon their homes, and a party of men are now at work throwing up an embankment to prevent any further overflow.

Across the bridge, at Atrisco, about a mile up stream, the river makes a very short bend, and a big volume of water has rushed over the banks and flooded quite an area of country. Here, years ago, was the channel of the river, but a force of men, at work yesterday and today, have stopped this overflow, and turned the rushing waters back into the river proper.

At Ranchos de Atrisco, just opposite and below the bridge, the situation was found to be pretty bad, and several adobe houses have already crumbled down. The river road is completely under water, and it is feared, with another rise, the embankment made of sacks of sand will be washed away and the village will be completely at the mercy of the torrents. Hon. F. A. Hubbell this afternoon sent a messenger to Pajarito, to ask the men there to render assistance to Ranchos de Atrisco.

At Isleta, the Pueblo Indians are working like beavers, and have the waters pretty well under control—that is, with the exception of the extreme low places, no overflow has occurred, and Pablo Abieta and other intelligent Indians of that village say that no great damage will result, unless there be a rise of several feet above the present condition of the river.

A telephone message from Peralta, received at The Citizen office this afternoon, gives the good news that Peralta is all right and safe, although there was a rumor here yesterday that the town was flooded.

It is learned here that other small towns, in Valencia county, and located along the river are in a pretty bad fix.

Above Albuquerque, a telephone from Alameda and Los Corrales says the conditions are very bad, and these messages report a rise of a foot or more at certain points in the river up there. The dyke, which is holding back the rushing waters in good order, shows signs of weakening in places, but these weak places will be repaired before night. Mayor Myers is serving on the jury these days, but this afternoon Judge Baker adjourned.

court so he could go up and examine the dyke personally. He is now there, accompanied on the trip by County Commissioner Harsch and several others.

The Santa Fe Railroad company also realized the importance of strengthening the dyke and this afternoon sent up a batch of native workmen from the shops to work on the dyke.

Wild rumors are afloat in the city that the dyke has "gone out," and the waters are rushing madly toward this city. One man, evidently frightened by the reports, stood in the middle of Second street at Railroad avenue, this morning, and looked north. He saw something white and promptly notified the people near by that he could see the waters coming. The white object he saw was a tent.

Of course, there is always danger in flood times, but at the present writing there is no danger of the city being flooded by an overflow from the Rio Grande. It would be wise, however, for the county and city officials to get together and promptly strengthen all weak places in the dyke for future safety.

For SALE—Old papers, 25 cents per cord at the Citizen office.

USE AMERICAN COACHES.

Large Conveyances for Traveling in South Africa Made in the United States.

The coaches used in South Africa are built in the United States—at Concord. Most of them hold 12 people inside in rows of three, six people facing and six back to the mules, says Lippincott's Magazine. By experience we learned that the two corner seats back to the mules are most agreeable. Luggage on these journeys is a consideration, as it is charged for at the rate of a shilling a pound, but each passenger may take a rug—or "blanket," as they are always called—and a small basket of food. The great object is to get as much food as possible into a small space, for when we traveled we could only be sure of two meals—one breakfast and one dinner—during the three days and nights of continuous traveling.

We made inquiries about the outside places, thinking they might be preferable; but some fellow-passengers, who were old hands at such traveling, explained that when the coach upset the outside passengers were those to suffer; those inside come off, as a rule, with a few bruises, the others getting broken arms and the like; and this outbalanced our desire for the open air. Not that one suffered from want of air, for the coach has no windows at all; glass would not stand the jolting for an hour. There is a tarpaulin that one may unroll and pull down over the windows when the rain comes in intolerably. The sun one must bear, for if the tarpaulin is down it is too infernally hot.

Bears in Yellowstone Park.

Numbers of bears congregate around the dumpheap back of the Canyon hotel in the grand canyon of the Yellowstone. They are unabashed at the presence of people and are fairly tame, although they retreat when one offers to handle them. One bear carried a tin can from the dump on his foot for over two months. There are probably thousands of bears in Yellowstone park, as the government prohibits hunting.

Peas in Colorado.

The beds of peas in Colorado sometimes include as many as 2,000 acres, and there is one bed exceeding in size 2,500 acres.

PLAIN ENGLISH WANTED.

Young Medical Student Objected to the Use of Foreign Terms in His

"There's a physician in my town," said a Cincinnati drummer to a reporter for the New York Herald, "who has a son whom he is instructing in the rudiments of the profession, but just at present the young fellow is thinking of a great many things not down in the books. He has a lot of rapid young companions of the slangy sort, and he is master of them all. Indeed, his language is at times so utterly modern as to be almost unintelligible to the old-fashioned people who learned their language out of Webster's dictionary. The other day a patient was brought into the doctor's office and the son happened to be present.

"The man is suffering from mania a potu," said the doctor after a brief examination.

"What was that?" inquired the son, with an evident effort to catch the meaning.

"Mania a potu—delirium tremens," repeated the doctor.

"Oh," commented the youngster, "you mean the jim jams, the d. t.'s, the delirious trimmings, the gotsmagins, do you? I suppose I'll get next to this medical racket before the finish, but until I do I wish you would talk plain English for my benefit, dad."

The Best Cough Medicine.

I sell more of Chamberlain's Cough Remedy than all similar preparations put together and it gives the best satisfaction of any medicine I ever sold. I guarantee every bottle of it.—F. C. Jaquith, Inland, Mich. This remedy is for sale by all druggists.

Kick on Manners.

Are bad manners on the increase among us? Riding the other day on a suburban train there were five men sitting without their coats within the immediate range of the waiter's vision, and it was not an unusually warm day, either, says Harper's Weekly. One of these gentlemen had gone so far as to roll up his sleeves and take off his collar, a pair of red suspenders being much in evidence. There were also three women in the same car who divested themselves of gloves and hats with the utmost unconcern, and who were possibly prepared to go further, had the thermometer been a few degrees higher. Five, or even three years ago, such spectacles were confined to the smoking car and to the day coaches of immigrant trains.

Lucky Old Maids.

Woman insure against being old maids in Denmark, says the New York Mail and Express. If they marry before they are 40 what they have paid goes to the less fortunate, and these last are pensioned for the remainder of their lives on a scale proportioned on what they paid in.

Driven to Desperation.

Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident, resulting in burns, cuts, wounds, ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It's the best on earth. 25 cents at all drug stores.

Starving in Galicia.

In Galicia the wage of the farm laborer has been so reduced that he is starving to death on a pittance of from three to 16 cents a day.

Index of Cleanliness.

The average French person uses six pounds of soap in a year; the average English person uses ten pounds.

HOUSEHOLD TALKS.

Sainty Dishes That Are Delightful on a Hot Day—May Be Made at Any Time of the Day.

A housekeeper suggests the following dishes for a cold luncheon on a hot day, says the New York Tribune. With such a bill of fare the meal may be prepared long before the guests arrive: Sandwiches spread with chopped meat, veal loaf, deviled eggs, vegetable salad, cottage cheese, gelatin with cream, custard or ice cream and angel cake. Olives and radishes may accompany both courses.

Maple fudge is liked better by many persons than chocolate. Put into a saucepan one-half cupful of granulated sugar, 1 1/2 cupfuls of scraped maple sugar and a cupful of milk. When the sugar is melted and the mixture hot add two tablespoonfuls of butter and boil for 20 minutes. When it hardens in cold water, it is done. Upon removing it from the fire add a teaspoonful of vanilla. Begin to beat as soon as it comes from the fire. When it shows signs of granulation turn into buttered shallow tins, and when cool enough mark into squares. Two tablespoonfuls of grated cocoanut and a cupful of walnut or hickory nuts may be added, if they are wanted, with the vanilla.

Mint bags for the linen closet are liked by some persons. Put into little silk bags a mixture made of a pound of dried lavender, an ounce of thyme, an ounce of mint, an ounce of ground cloves and caraway seeds and a tablespoonful of dry salt.

A woman who has tried it avers that a watermelon may be kept for any length of time by varnishing its entire surface, leaving no spot untouched and open to the air.

Panned tomatoes are an excellent accompaniment for a roast of lamb or veal. Peel and cut in two six plump tomatoes. Put them in a pan with a tablespoonful of melted butter, and cook slowly on top of the stove for ten minutes. Then brown in the oven. Arrange the tomatoes on a hot plate and serve with a sauce made in the pan in which they cooked. For the sauce put another tablespoonful of butter into the pan, and when it has melted cook in it for four minutes two tablespoonfuls of flour, stirring it constantly. Then add two cupfuls of milk, salt and pepper, and turn it over the tomatoes.

Some housekeepers vary the flavor of potato salad by boiling the potatoes for it in stock, or, if it is more convenient, in the soup kettle.

Dainty and seasonable sandwiches may be made of thin slices of brown bread with mayonnaise and separated by a thin slice of a tart apple.

Stewed okra is one of the dinner possibilities. Select the small green pods, and remove the stems and discolored tips. Put into boiling salted water and cook until tender. It will take about half an hour. Then drain, add a heaping tablespoonful of butter and a tablespoonful of vinegar, and season with pepper and salt. Simmer until the butter is absorbed, and serve hot.

Experiments in canning peas reported in a government bulletin show that heating under pressure to secure a higher temperature than the ordinary boiling point, 212 degrees Fahrenheit, is necessary to insure keeping. Where a temperature of 242 degrees Fahrenheit was maintained for about 30 minutes very few swollen cans resulted; at 232 degrees a much larger number spoiled. This shows that it is hardly wise for the average housekeeper to attempt to can any of the fruits and vegetables most liable to spoil.

Impulsiveness.

If a thoughtful woman was asked, "What is the greatest curse of your sex?" she might well answer, "Impulsiveness." It is responsible for almost all the mistakes made by the good-hearted among us. May it not safely be said that a few minutes' thought before speech or action would prevent most fatal blunders? Many of us are in positive bondage—quickness to feel, to show our feelings, to retort or to respond. If we are hurt we must immediately "give ourselves away," as the phrase runs, if not by bitter speech, at least by look and manner, yet reflection frequently brings the keenest regret for lost dignity, the betrayed secret or other ill results.—Home Magazine.

Quinces with Apples.

If possible use pippin apples or a variety that is firm and sweet. Take equal quantities of apples and quinces. Pare and cut the apples and quinces in round slices; remove the cores with a small round cutter. Stew the quinces in just enough water to cover them until they are tender; then remove them and put the apples in the same water and cook them tender without breaking them. Place the fruit in separate dishes and cover them with a hot syrup made of one part sugar and two and a half parts water; cover and let them stand over night. In the morning reheat the fruit and syrup and place in alternate layers in glass jars and seal at once.—Washington Star.

Little Pies in Blankets.

Large oysters, fat English bacon, pepper and salt, buttered toast. Season the oysters with pepper and salt. Wrap each in a very thin slice of bacon and fasten with a wooden toothpick. Have the chafing-dish very hot and cook the pigs just long enough to crisp the bacon, taking care not to let it burn. Serve hot on small pieces of toast. Garnish with parsley.—Miss Mattie E. Jewell.

A Political Definition.

"What's harmony?" asked the politician's little boy.

"Harmony," answered his father, "is what the faction of a party that's getting the worst of it yells for loudest."—Chicago Post.

Unconscious Humor.

Certificates of death are not documents where one usually seeks for humor, but there is frequently to be found in them much of the unconscious variety, says Pearson's Weekly. Here, for instance, is how the cause of death is stated in the case of a laborer: "Died from injuries received through a bull accidentally kneeling on his chest." The consideration shown for the feelings of the bull is a fine touch, and suggests grave questions on the moral responsibility of the lower animals. Again, a man is stated to have died "from the effects of injuries received after being run over by a railroad train in motion, owing to a misunderstanding between deceased and an engine driver." This description of a rather ordinary railway casualty is excellent; it, too, is so tender toward the feelings of the living.

So Sudden.

Mae—Did he really take you by surprise when he proposed?
Ethel—Yes, indeed! Why, I hadn't even looked up his financial standing.—Judge.

Caution!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. J. H. O'Reilly & Co.

Imprisoned for Yawning.

A Japanese M. P., Mr. Tanka by name, has been sentenced to 15 days' confinement and a fine of ten shillings for yawning in parliament. The crown prosecutor maintained that in an assembly where order has to be maintained, even an act of a physiological nature should be controlled. As the defendant, however, had yawned in order to annoy the government, the defense was even more punishable.

IF WOMEN ONLY KNEW

What a Heap of Happiness It Would Bring to Albuquerque Homes.

Hard to do housework with an aching back; Hours of misery at leisure or at work.

If women only knew the cause: Backache pains come from sick kidneys.

Doan's Kidney Pills will cure sick kidneys.

Albuquerque people endorse this: Mrs. J. H. Smith, of 115 Huning avenue, (J. H. Smith, deputy sheriff,) says: "Every woman who has had backache for a month so severe that every movement she made hurt and she never knew the moment but the slightest strain on the muscles of the back brought a twinge which could only be described as excruciating, is more than pleased when she finds a means to at first check such attacks and then radically dispose of them. When suffering from backache I went to the Alvarado Pharmacy for Doan's Kidney Pills and took a course of the treatment. It stopped the annoyance. Since then I have had no necessity to use Doan's Kidney Pills nor any other medicine for aching across the small of the back."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

WHEN PRETTY FEET SUFFER.

Those Who Have to Stand All Day Fare Worse Than Those Who Can Walk About.

It is a pity that certain employments deprive many women of their inalienable right to pretty feet. New York doctors protest that they do not find the situation among shop girls quite so deplorable here as it is reported by a St. Louis specialist, but they admit that standing for hours at a stretch certainly does have a tendency to produce flatfootedness, states an exchange of that city.

"By this I do not mean that you will not find hundreds of pairs of pretty feet among shop employees," explained one doctor. "Some of the prettiest feet in New York are at this moment hiding their charms behind the counters of our big stores, but some of the ugliest ones are concealing their deformities in the same place."

"Most people who are on their feet all day are bound to have trouble over the shape and size of their extremities. Those who stand fare worse than those who walk about, for the movement and circulation tend to prevent the fatness which so many clerks complain of. For that reason, the waitress, for example, will find that her feet retain more of their natural virtues and acquire fewer vices than the shop girls."

Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. G. G. Green, Woodbury, N. J. J. H. O'Reilly & Co.

Strength of the Saxon.

An average Britisher is as strong as two Hindus.

His Last Hope Realized.

From the Sentinel, Okecho, Mont. In the first opening of Oakland to settlers in 1889, the editor of this paper was among a large number of seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

Elgin, Monarch and Cluett shorts all the new color combinations and white, pleated, \$1.00 and \$2.50. SIMON STERN, the Railroad avenue clothier.

The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mahana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

MULES PLOW IN ASPHALT.

Drag Big Breaking Plow Through Deep Deposit in the Chickasaw Country.

In the Indian territory, where all sorts of things are done that were never heard of elsewhere, they are plowing asphalt, says the Kansas City Star of recent date. Eighteen miles southeast of Comanche, in the Chickasaw country, six strapping Missouri mules are hitched to a big breaking plow every day and long furrows of asphalt are turned. It is the same kind of a plow the farmers use who break ground in the black jack country, and the asphalt is the kind got by blasting on the island of Trinidad. The mules are plowing in the center of a deposit one-third larger than the asphalt deposits on Trinidad. Wells have been dug to the depth of 100 feet. Strata of asphalt of varying thicknesses have been encountered to what-ever depth the wells have been sunk. The supply is apparently inexhaustible. Men of means have become convinced there are millions of dollars to be made, and are either going to make it or lose a fortune in their experiment.

SKINNING A PEARL.

A Delicate Operation for the Removal of Stains or Discolorations That Requires Skill.

The lapidary was skinning a pearl, according to the Philadelphia Record. He had on gloves of a very delicate sort of kid, and the glasses that he wore had lenses of such magnifying power that his eyes, through them, looked as big as saucers. "I wear gloves," he said, "because the hands perspire freely in this work, and perspiration has often been known to discolor pearls. This stone was injured by the accidental dropping on it of some acid. The disaster discolored it some, you see. With this very delicate little tool I am removing its outer skin, and if I find that the acid has filtered through and discolored the inner skin also, I may remove that as well. A pearl, you see, is composed of concentric layers, or skins, and you can, if you are a clever workman, peel it down and down until it disappears."

Strange Fatalities.

The Chicago Tribune recently published a column of strange fatalities collected from its exchanges. One of the deaths was that of a man at Quincy, who kicked at a cat, missed the animal, fell and broke his neck. An Akron, O., barber died from inhaling hair while working on his customers' heads. The top of a can of peaches was fractured at Blossburg, N. Y., and bits of the powdered glass were eaten, causing death.

DOCTORS AND CHARITY.

What the Medical Profession Ows to the Benevolent Institutions of Our Country.

Human want and misery is not to be altogether attributed to ignorance in the ordinary educational sense, nor altogether to economic conditions, but more largely to the malign effects of hereditary physical taint and unsanitary surroundings, says American Medicine. All modern communities possess organizations of the charitable inclined, and to the efforts of such benevolent persons the medical profession is chiefly indebted for the founding and support of the many institutions through which physicians exercise their functions among the poor. It remains for the profession to enter into this work in a more systematic way. Every city, county and state medical society should have a standing committee of its most public spirited members, whose particular business it should be to cooperate actively with the organized charities in the capacity of an advisory board. By such a system much may be done in the way of preventing mistakes and of developing the form of preventive charity which will seek to ameliorate suffering by the reduction of pernicious conditions. The splendid work of infirmaries, dispensaries and hospitals in placing curative medicine at the disposal of the diseased poor, needs to be supplemented by bringing the science of preventive medicine into harmonious action with that form of charity which looks to the lessening of social evils along the lines of personal and public sanitation.

THE FAR WEST WIPED OUT.

Wildness and Wondrousness of That Portion of the Union Has Almost Entirely Disappeared.

A publishing house in this city, says the Chicago Chronicle, has received an order from the Yukon region for books expressive of what is now the "far" northwest. The order includes Gibbon's Rome, Macaulay's England, the writings of John Stuart Mill, of Flammation and other engaging scientists, graphic novels, humorous stories, but none of Bret Harte's. The "Far West" of Bret Harte is at the vanishing point. A hurry postscript observed that the navigation season is short and that only letter mail is carried over the ice.

In truth, there is no longer any "far" west or "far" northwest. The rugged and often illiterate humanity that cleft the mountains and swam the rivers, opening up a new empire for all the world, is also of the past. The universal free school sends a different multitude now to the advancing frontier. Sturdy but not illiterate, the new pioneers want books wherever they go, and science and the organized forces of civilization enable them to gratify their taste. Culture is no longer a monopoly of the older portions of the country.

On the first indication of kidney trouble, stop it by taking Foley's Kidney Cure. Alvarado Pharmacy. Subscribe for The Citizen.

Why Pay as Much

for an inferior beer?

Schlitz beer costs twice what common beer costs in the brewing. One-half pays for the product; the other half for its purity.

One-half is spent in cleanliness, in filtering even the air that touches it, in filtering the beer, in sterilizing every bottle. And it pays the cost of aging the beer for months before we deliver it.

If you ask for Schlitz you get purity and age, you pay no more than beer costs without them.

Ask for the Brewery Bottling.

THE TURKISH POST OFFICE.

An Institution That Regards with Suspicion Anything of a Foreign Nature.

The Turk suspects everybody and everything, and no private act, no seclusion is safe from his intrusion. Every telegram sent from the public offices is at once reported to the authorities. No one can safely send a letter by the Turkish post unless he is willing to have it opened and read, and take the chances of having it confiscated if the censor finds anything that can be twisted into an insult to Mohammedanism, says Outing. As a result of this condition and the inability of foreigners residing in Turkey to communicate with any certainty with their friends, some of the great European nations have established post offices of their own in Turkish cities, in which they employ only Europeans, use their own stamps, and watch their mail bags until they pass beyond the prying eyes of the Turks. In Salonica there are no fewer than five post offices—British, Austrian, French, Serbian and Turkish; in Constantinople, six. If one wishes to be sure of his mail, he must inquire at four of them at least; and if he really wants to have his letters reach their destination, he must send them through some post office other than Turkish.

Interesting to Asthma Sufferers.

Daniel Bante, of Otterville, Iowa, writes: "I have had asthma for three or four years and have tried about all the cough and asthma cures in the market and have received treatment from physicians in New York and other cities, but got very little benefit until I tried Foley's Honey and Tar which gave me immediate relief and I will never be without it in my house. I sincerely recommend it to all." Alvarado Pharmacy.

SUMMER EXCURSIONS.

SEEING FOOTBALL BY PROXY.

Blind Enthusiast in England Who Never Misses a Match When He Can Get There.

Blind since he was four years old, a well-known Blackburn (England) man is a self-taught musician, playing the piano and other instruments by ear and earning his living by that accomplishment. Many blind people, however, are musicians, and that is not the curious thing about Mike, says Golden Penny. His penchant is not only for music, but for football. If you ask him on a Saturday night where he has been in the afternoon, he will invariably tell you he has been to "see" a football match. A blind man going to see a football match—Nonsense! But it is not nonsense. Mike is so fond of football—especially of his own pet team, the Blackburn Rovers—that he never misses a match if he can possibly help it in the season, frequently traveling with the team to matches out of town—not for the purpose of playing music for coppers, as some may suppose; no, he goes purely and simply to "see the game."

True, he sees it by proxy. He stands among the crowd, and as the shouts go up and the remarks and criticisms of those about him are expressed, he can follow the game as keenly as any man, and when time is called he will tell you more about the details of the match than anyone else. Mike is proud of the fact that he has scarcely missed seeing a match on a Saturday afternoon for the last 20 years—to say nothing of extra games on other days.

Feminine Insurance.

"It's only a matter of time," remarked the shoe-clerk boarder, who reads the scientific page in a household magazine, "until all our engines and that sort of thing will be run by heat drawn from the sun."

"What will become of the poor farmers when that time arrives?" asked the girl with the lemon-colored hair, who presides over the ribbon counter between meals.

"The farmers?" queried the shoe clerk, after the manner of a person up a tree.

"Yes," said the fair ribbon demonstrator. "If all the sun's heat is to be used to run engines won't it make the weather too cold to raise eggs and butter and such things?"—Chicago Daily News.

Do You Enjoy What You Eat?

If you don't your food does not do you much good. Kodol Dyspepsia Cure is the remedy that every one should take when there is anything wrong with the stomach. There is no way to maintain the health and strength of mind and body except by nourishment. There is no way to nourish except through the stomach. The stomach must be kept healthy, pure and sweet or the strength will let down and disease will set up. No appetite, loss of strength, nervousness, headache, constipation, bad breath, sour risings, rifting, indigestion, dyspepsia and all stomach troubles are quickly cured by the use of Kodol Dyspepsia Cure. Sold by B. H. Briggs & Co. and S. Vann & Son.

Outside orders solicited for Fourth of July FIRE WORKS. Write to O. A. Matson & Co., and get the best.

D. WEILLER & CO.

Agents for the finest brands of all kinds of groceries in the territory. The Gold avenue grocers.

Men's... Elk's Skin Shoe

\$3.50

Does the hot weather effect your feet? Do they get easily sore and tired? A pair of these shoes will give you relief. Elk skin is a soft porous leather that does not draw the foot, and yet takes a fine polish. The soles are moose hide, very flexible and perfectly noiseless. These shoes are made on a fashionable last and combine style with wear and comfort.

STAPLE GOODS.

In choice groceries are always demanded by those who provide a generous table. And good housekeepers are always careful to deal at the store where reliable brands are furnished at the lowest prices. That is why the store of F. F. Trotter is so universally popular.

FRIEND TO NEWSPAPER MEN.

Quite a Number Who Can Boast of Personal Favours from King Edward.

No monarch, according to London "M. A. P." has shown a warmer appreciation of newspaper power and newspaper men than King Edward. There are quite a number of the latter who can boast of his personal friendship, and are able to show trinkets which he has given them as souvenirs. Several, indeed, belong to his immediate circle, notable Sir "Billy" Russell, the veteran war correspondent of the Times, who was once attached to his suite as honorary private secretary, and has still, I believe, the right to wear the household button when in court dress. King Edward, until the time of his accession to the throne, was in the habit of paying an annual visit to Sir Edward Lawson, the editor and proprietor of the London Daily Telegraph, as a sort of recognition for the support which that paper had given to his own and Queen Alexandra's charitable enterprises. At least two dozen newspaper editors were knighted by Queen Victoria at the suggestion of the king, several newspaper proprietors have received baronetcies, and one, Lord Glenesk, has received a peerage.

WITNESS' CLEVER REPLY.

Retort Courteous of the Same to Bailiff Upsets the Dignity of a Row of Judges.

Recently, during the hearing of a charge of felony, a young man was called to give evidence on behalf of accused, and was about to be sworn, when the inspector informed their lordships that the witness had disobeyed the order for witnesses to leave the court.

The bench were almost inclined to refuse his evidence in consequence, but the witness, in the most innocent manner, caused a burst of laughter which even the dignity of a whole row of judges was not proof against, and the position was saved.

The inspector, addressing the bench, said: "In order that there should be no mistake, I distinctly said: 'All witnesses on both sides must leave the court until they are called.' And then, turning to the witness, he said: 'You must have heard the order.'"

"Yes," at once responded the witness, according to the Detroit News-Tribune, "I did; but I am not a witness on both sides!"

ODDEST OF ALL FADS.

Lovers of the Day Seek to Have Their Pictures on Their Sweethearts' Shoes.

It is said that the fashionable girl of the present day carries the picture of the young man she loves in her shoe, and the secret of her heart may, therefore, be learned by looking at her feet. There is nothing about it, it is a fact. Hypnotism, mental telepathy and things of that sort are not concerned. If the girl is up to date, all you have to do is to look at her feet, for there you will see the picture of the happy man, says the Chicago Chronicle.

She wears it in the buckle of her slipper, so that the best time to learn the truth is when she is at a dance. At a function of the kind in Wisconsin recently a half-dozen of the girls had their sweethearts at their feet, which, according to amatory tradition, is right and proper.

When the miniature had originated the modish girls were pleased to wear the counterfeit presentments of their courtiers at their necks. Then they moved to the belt buckle, but it is the prerogative of woman to change her mind, and man is once more lowered.

Already the new fancy is gaining supporters, and many slipper miniatures are being made with the portraits of "matinee idols." This is for the accommodation of those girls who have not yet succeeded in finding a man to admire at close range.

WORKING IN THE DARK.

Discomforts of Mining Before the Invention of a Lamp Suitable for Underground Use.

The difficulties under which coal mining operations were carried on before the scientist Davy had invented his safety lamp must have been very great. In many mines the only alternative to the medieval miner's head torch was the phosphorescent gleam from dried fish. The miner's implements, originally of stone or hard oak, gradually improved, but he was forced to work in almost complete darkness until Sir Humphrey Davy by his remarkable invention enabled him to light his way through the tunnels he had excavated with comparative safety, says a mining journal.

Agrioola, an author who wrote about the middle of the sixteenth century, has left an elaborate treatise on coal mining as it was practiced during the middle ages. From this we learn that the horsegin, which survives to the present day in some of the mining districts of Great Britain and northern Europe, was the engine chiefly employed both for lifting the coal and for getting rid of the water. This latter object was also sometimes effected by means of pumps turned by windmills or by tunnels driven with great labor to an outlet at a lower level.

Feast on Butterflies.

Millions of butterflies are eaten every year by the Australian aborigines. The insects congregate in vast quantities on the rocks of the Bugong mountains, and the natives secure them by kindling fires of damp wood, and thus suffocating them. Then they are gathered in baskets, baked, sifted to remove the wings, and finally

"A Wonder-Working Remedy for Women," Says Mrs. Brown.

PAINE'S CELERY COMPOUND

Tones and Strengthens Every Weak Organ and
Invigorates the Whole System.

Paine's Celery Compound has been specially prepared for the relief and cure of the many ailments that afflict women, and it never fails to give a new and healthy tone to the female organs; it removes relaxed debility and unhealthy secretions; it purifies the blood and establishes a perfect and vigorous health. Mrs. V. L. Brown, Vineland, Cal., writes as follows: "Four years ago female troubles and

irregularities commenced to make my life miserable. Though I sought the best medical advice, my sufferings seemed to increase, and recently, upon the advice of a friend, I used Paine's Celery Compound, and found it to be a wonder-working compound. I have used five bottles and can truthfully say I am a new woman. I owe my life and present good health to Paine's Celery Compound."

LOCAL PARAGRAPHS

A. W. Coddington is here from Gallup today.

J. D. Mathews, of Beien, is here on business today.

W. C. Mason and wife left today for Hillsboro, Ill., where they expect to remain a month or so.

It looks now that if the fair grounds will be covered with water, so that the ball game on Sunday will have to be postponed.

Miss Irma Schutz, of El Paso, sister of Mrs. Noa Ifield and Mrs. Barnard Spitz, is here on a visit, and is stopping at the Spitz residence.

Mrs. Bernard Ifield, Miss Louis Ifield and Mrs. Louis Ifield will leave some time today for California, where they will spend the summer.

Earl Sidebottom, assistant attorney for the Rock Island, who is located in Alamogordo, was in the city this morning between train time. He was en route to visit his parents at Santa Fe.

The Woman's Home Mission society of the Highland Methodist church will have an ice cream social at the home of Dr. T. G. Ames, South High street, this evening from 7 to 10 o'clock. Everyone is invited.

Mrs. McIntyre, a school teacher of Gallup, came in from the west this morning, and will go north on the first train to spend her vacation with relatives and friends at El Dorado, Kansas.

Prof. A. B. Sage, of the Agricultural and Mechanical Arts college at Mesilla Park, made The Citizen office a pleasant call today. He came up this morning and is bound for Pasadena, Cal. Miss Alice Horning, another teacher at the college, is also in the city awaiting a train from the west to take her to Los Angeles.

Charles K. Newhall, assistant cashier at the First National bank, has resigned and will leave on the first train for Wichita, Kansas, where, as Mr. Newhall stated this morning, he would go on a farm, and not become treasurer of a big trust company at Kansas City. The best wishes of a host of friends will accompany Mr. Newhall and family to their new home.

John S. Spears, collector and treasurer of McKinley county, with his wife and son, Charles, came in from Gallup this morning. Mrs. Spears and son are on their way to Boone, Iowa, where they will visit a few weeks, and from there they will visit friends at Brazil, Ind. They will be absent from the territory until fall. Mr. Spears will return to Gallup tonight if, of course, a train goes out.

A Serious Mistake.

E. C. DeWitt & Co. is the name of the firm who make the genuine Witch Hazel Salve. DeWitt's is the Witch Hazel Salve that heals without leaving a scar. It is a serious mistake to use any other. DeWitt's Witch Hazel Salve cures blind, bleeding, itching and protruding piles, burns, bruises, eczema and all skin diseases. Sold by B. H. Briggs & Co. and S. Vann & Son.

Bids for Privileges.

Parties desiring to bid for special privileges on the fair grounds during the Central Labor union's mammoth celebration, July 4th and 5th, are notified to present their bids to S. C. Berry not later than June 20th. No bids for gambling privileges will be considered, as this class of amusement will be absolutely prohibited.
