ALBUQUERQUE, NEW MEXICO, WEDNESDAY AFTERNOON, JUNE 10 1903

NUMBER 475

SEA OF WATER AT ST. LOUIS

Mississippi River Rose 37 Feet 9 Inches Last Night.

EAST ST. LOUIS TOTALLY SUBMERGED

Many Scenes of Desolation in the Flooded Country.

St. Louis, June 10.—With the river rising to 37.9 feet this morning, the highest point reached during the present flood, East St. Louis, a city of 32,000, having large manufacturing interests and the terminal point for railroads from the north, east and south, is partly under water, and will probably be totally submerged by noon. The southern half of East St. Louis this morning is a vast sea of water, and the city's 2,500 levee builders have fallen back on Missouri avenue in the attempt to save the remainder of the city, menaced by swelling waters from three sides. Lee Harper, former city engineer, says that the water will be two feet deep in front of the city hall before 6 o'clock this evening. Seven miles of water pressing from the south and southeast overcame the city's line of defense shortly before 1 o'clock this morning and 5,000 persons were driven from their homes. Numerous reports of drownings have been received, but the East St. Louis police have thus far learned no names of the victims. One thousand men were working on the part of the levee which broke. A few of the workers on the embankment remained at their posts until the rushing water made it necessary for them to swim for their lives. Then they joined their companies in warning the residents of the thickly settled district. Awakened families saw the water in the streets. When they were ready to leave with their hurriedly collected stock of necessities the flood was at their sills. All fled to the north. The water is not expected to reach its level in the flooded part of the city before noon.

Young Army Officers Graduate.

West Point, N. Y., June 10.—Members of the class of 1903 of the United States military academy received their diplomas from the hands of Col. Albert L. Mills, superintendent of the academy, this morning. On the platform were gathered prominent officers of the army, members of congress and many other distinguished people in military and civil life. The first man of the class this year is Douglas MacArthur, son of General Arthur MacArthur, United States army.

RAILROAD BUILDERS.

Laying Rails on the Santa Fe Central Road.

GRADING ALBUQUERQUE EASTERN.

Hon. W. S. Hopewell, general manager of the Albuquerque Eastern and Santa Fe Central railways, and Hon. Arthur Kennedy, a state senator of Pennsylvania and one of the stockholders, drove into the city yesterday afternoon for an inspection along the two roads. With the two gentlemen was F. E. Dunlavy, manager of the Dunlavy Mercantile company stores on the Santa Fe Central. "We left Santa Fe early Sunday morning," said Mr. Hopewell, "and drove eighty miles that day. First inspected the line of grade and store at Kennedy station; thence to the Hagan coal fields where we are opening up and developing half a dozen good coal mines. We then drove to our iron mine, ten miles away, where we met, by appointment, Prof. Charles R. Keyes, superintendent of the School of Mines, Socorro, and thence back to Hagan. From Hagan, the next day, we drove to the Albuquerque Eastern road, where graders are now at work and thence to Moriarity station. Here we took the train—engine and car—and inspected the Santa Fe Central from Moriarity to Torrance and return. Remained at Moriarity Monday night, and drove from there into Albuquerque yesterday.

"On Monday," continued Mr. Hopewell, "the track layers on the Santa Fe Central laid 8,500 feet of rail and should have reached Moriarity last night where, rains not preventing, the

ranchmen intended to congregate and celebrate the event. It was our intention to have trains running into Santa Fe over the Santa Fe Central by July 1, but owing to heavy rains, which have prevailed the past few weeks, we will be unable to fulfill our promise until about July 10.

"As to the Albuquerque Eastern, about fifteen miles have already been graded, and will be pushed rapidly from now on. We should have trains running over this section of the road not later than January 1, 1904, subject to the usual proviso of unforeseen annoyances and delays.

"Last night," continued Mr. Hopewell, "myself and Mr. Kennedy met Messrs. Myers, Strickler and Brooks, the executive committee of the citizens' general committee, and discussed the right of way proposition into Albuquerque. The conference was very satisfactory, and I am confident the committee will soon fix up the little difficulty, which, at present, has hindered further advancement."

Mr. Hopewell says that when the Santa Fe Central and Albuquerque Eastern railways are completed and in good running order, the Hagan coal fields will then be pretty thoroughly developed, and cheap coal, as good as can be produced hereabouts, can be furnished consumers of this city.

Mr. Kennedy left last night on his return to Pittsburg, Pa., while Messrs. Hopewell and Dunlavy will return to Santa Fe tonight.

BUILDINGS COLLAPSE.

Flooded Structure at Armourdale Succumbs to the Water.

Kansas City, Mo., June 10.—Ten small brick buildings at Armourdale have collapsed, weakened by the flood, and others are in a weakened condition. No one was hurt.

The Missouri river today has receded to within seven-tenths of a foot of the danger line of twenty-one feet, showing a fall to the exact mark recorded thirteen days ago.

The Kansas City, Kas., relief committee, after a thorough canvass, has issued an official statement, placing the number of homeless in that city and its suburbs at 23,000. The statement says:

"Destitution of part of the flood sufferers in Kansas City, Kas., demands immediate relief. Local charity is totally inadequate to meet demand. Outside assistance is absolutely imperative.

Confusion Prevails.

St. Louis, June 10.—The utmost confusion reigns in East St. Louis and it is impossible to confirm any of the reports of the drowning which may aggregate fifty, and which will probably be much less. Congressman Rodenburg, who has charge of the patrol along Broadway, which cuts the town in two east and west, and leads to the Eads bridge, gives it as his estimate that the number will be about thirty. The only drowning coming under his personal observation were those of two women and a man who lost their lives near his post of duty.

The Penitentes.

A graphic description of the procession of the Penitentes will appear in our Saturday issue. This Order of the Penitent Brotherhood is now nearly extinct, not only in the old world, where it originated more than twelve centuries ago, but in this country where it has been instituted for three centuries. This descriptive article will not only be good reading but will do to paste in the scrap book, as the rites described can no longer be witnessed except by the initiated. It is the last authentic history of the last of the brotherhood.

A Home Wedding.

Miss Manuela Montoya, a daughter of the late Desiderio Montoya, of San Antonio, and sister of Max H. Montoya, was married this afternoon at 5 o'clock in that place to John McIntyre.

The bride is a popular young lady of San Antonio and comes from one of the best known Spanish families in

New Mexico. The groom has been in the employ of Alaire, Miera & Co. and also in the Wells-Fargo Express company. The young couple will go to California, after which they will return and reside in San Antonio. They have the best wishes of many friends.

Fire in Leadville.

Leadville, Colo., June 10.—A fire broke out shortly before noon in the Fortune mine and is spreading rapidly. Five men are known to be in the mine and they may be burned or suffocated. The machinery has been destroyed. Every effort is being made to reach the men.

Denver Election Cases.

Denver, June 10.—The supreme court refused to assume jurisdiction in the injunction cases growing out of the canvass of the votes cast at the recent charter election. The cases were ordered back to the court of appeals, which will take it up at 2 o'clock this afternoon.

CAPTURED BY PIRATES.

American Captured by Chinese Pirates and Held for Ransom.

Washington, June 10.—The following cablegram was received at the state department from Consul General Wade, from Canton, China, dated today:

"An American was kidnapped by pirates while proceeding from Canton to Hongkong. Nine thousand dollars ransom is asked. I have sent the Gallao, the American gunboat, to the rescue and to demand that the vice-roy secure the release of the man and the punishment of the pirates. Details later."

June Freeman, who resided in this city years ago, writes a pleasant letter to this office, and reports himself prospering. He is located at Prescott and has developed into a first-class newspaper rustler for advertisements and locals.

THE RIO GRANDE.

There is False Rumor in Circulation About River.

RISE AT ISLETA.

There is a rumor in circulation this afternoon that the dyke above the city, at Alameda, had given away in several places, and water was washing over the lowlands, on the wrong side of the dyke in good fashion. The rumor is false, for a valley farmer gave the Citizen the information at 3:30 o'clock this afternoon that the dyke so far is all right and that the water is being kept pretty well in the channel of the river; of course, however, there are many low places and these places are inundated. Our informant also says that the Rio Grande can take at least several feet more of water before any great damage could be done; but, he continued, it would be wise for the farmers above the city to strengthen the banks at the weak points and thus prevent any flood, which would undoubtedly occur, should a heavy rain of several days' duration occur in the northern mountains and send down a volume of water, with that of the melting snow.

Pablo Abetta, an intelligent Pueblo Indian of Isleta, was in the city this afternoon and called at The Citizen to pay up his subscription. In talking about the river, he stated that it was gradually rising at Isleta and spreading over a big section of adjacent country. He says some damage has already been done at Isleta, but the greatest damage will undoubtedly be reported from Peralta, where the river makes a short bend, and that that town is now pretty thoroughly inundated. Mr. Abetta says the inhabitants of Isleta and other towns farther south are working like Trojans to keep the waters in the river channel.

Across the river, at Arisaco, the men at work with gunnybags of sand, held the waters from any further encroachment on the main road through the town, and, if no greater rise, the conditions over there will change for the better in a few days.

Grain Market.

Chicago, June 10.—The grain market closed today as follows:
Wheat—July, 75¢@75½¢; Sept., 73¢@73½¢.
Corn—June, 48½¢@49¢; July, 48½¢@49¢.
Oats—June, 36½¢; July, 36½¢.
Pork—July, \$17.00; Sept., \$16.55.
Lard—July, \$8.87½; Sept., \$9.00.
Ribs—July, \$9.37½@9.40; Sept., \$9.30.

Metal Market.

New York, June 10.—Lead and copper—Quiet; unchanged.

KANSAS MOB

Fight Between Farmers and Peace Officers.

THE MARRIAGE OF MISS HANNA

Troops Ordered to Arizona Mines to Quell Rioting.

BREWERS ARE HOLDING CONVENTION

Lincoln, Neb., June 10.—A special to the Star from Atwood, Kas., says that at daylight this morning an attempt was made by a mob of 200 armed men to secure possession of Chauncey Dewey, Clyde Wilson and J. C. McBride and lynch them. According to the story the fight is still in progress. No particulars given.

Rumors of the Fight.

Bird City, June 10.—Persistent rumors of a conflict between the company of Kansas militia guarding the prisoners accused of the murder of Daniel Berry and his sons and 200 farmers are heard in town today. The first word was brought in by a young settler. He said the fight took place shortly after daylight and before the camp was thoroughly organized for the day's march. Later other arrivals from the ranges and farm districts told similar stories. The people of the town are inclined to take the stories as greatly exaggerated, though the number and the variety of them seems to indicate that a battle has taken place. The militia is, so it is said here, making no effort to reach St. Francis before tomorrow, the time set for the trial. The continued lack of any news from them would cause no uneasiness if it were not for the rumors.

MARRIAGE OF MISS HANNA.

President Attends Wedding of Senator Hanna's Daughter.

Cleveland, O., June 10.—In the presence of a large and distinguished assemblage Miss Ruth Hanna, youngest daughter of Senator and Mrs. M. A. Hanna, and Joseph Medill McCormick, one of the editors of the Chicago Tribune, son of the Hon. Robert S. McCormick, ambassador to Russia and grandson of the late Joseph Medill, for many years owner and editor of the Tribune, were united in marriage at St. Paul's Episcopal church at high noon today. The betrothal ceremony was performed by Bishop W. A. Leonard, after which the bride and groom passed through the aisle, formed by the bride's attendants to the altar. The bishop was assisted in the ceremony by Dr. Billings of Groton, Mass., Dr. George H. McBrew and Rev. W. H. Jones of this city. The president and Miss Roosevelt were seated in the front pew on the Hanna side of the church. The ceremony was followed by a wedding breakfast at "Glenmore," 150 guests being present.

President Roosevelt, Miss Alice Roosevelt and Secretary Loeb arrived in Cleveland at 5:59 this morning over the Pennsylvania railroad from Washington to attend the wedding of Miss Ruth Hanna and Joseph Medill McCormick. The president was evidently in good health and spirits.

TROOPS TO QUELL RIOT.

Serious Trouble Feared at the Morenci, Arizona, Mines.

Washington, June 10.—Acting Adjutant General Hall has ordered the commanding officer of the department of Colorado to send troops from Fort Grant and Fort Huachuca to Morenci, Arizona, at once with a discreet officer in command, to protect life and property. He directs that violence be avoided, if possible, the action of the troops to be governed by the law in such cases. This order is in response to a telegram to the president from Acting Governor Stoddard of Arizona, who says that 3,000 men, mostly foreigners, are on a strike at Morenci.

Commencement at De Pau.

Greencastle, Ind., June 10.—The annual commencement exercises at De Pau university were held today in the presence of a large crowd of visitors. The address to the graduating class was delivered by Prof. Richard T. Ely of the University of Wisconsin.

Makers of Beer in Session.

Niagara Falls, N. Y., June 10.—Four hundred brewers, coming from all parts of the country and representing millions of invested capital, thronged the assembly room of the Cataract hotel today at the opening of the annual convention of the United States

Brewers' association. President N. W. Kendall of New Haven called the gathering to order. Secretary Gallus Thomann read the official call for the gathering.

Brewer at Kansas University.

Lawrence, Kas., June 10.—The festivities of commencement week at Kansas university culminated today in the annual graduation exercises. Chancellor Strong presided over the exercises and the address to the graduating class was delivered by Justice Brewer of the United States supreme court, who took as his subject, "The Triumph of Justice."

Daughters Unveil Tablet.

Salem, N. J., June 10.—A tablet at the old Hancock house at Hancock's bridge, where the American patriots were massacred by the British in 1778, was unveiled today by the Oak Tree Chapter of the Daughters of the American Revolution. The ceremonies were conducted in the presence of many of the order. Judge Clement H. Sinickson delivered the address of the day and the tablet was unveiled by Miss Constance D. M. Eakin, great grand daughter of Judge Hancock, who was shot while standing in the doorway of the old house.

Lisbon's Centennial.

Lisbon, O., June 10.—The people of Lisbon and the surrounding country today began a two days' celebration of the centennial of the incorporation of the village, the second recorded in Ohio. It was in 1803 that the emigrants from Maryland, Virginia and West Virginia who had settled hereabouts secured the location here of the seat of government for the county and received an appropriation of \$150 for the building of a log court house. Among the early citizens were James McKinley and his two sons, William and John, the latter the father of the late President William McKinley.

DELAYED TRAINS.

No Train From the North and None for the West.

HEAVY RAINS THE CAUSE.

With heavy rains to the north, south and west of the city the Santa Fe railroad is having a hard time of it getting its passenger trains to run anywhere on scheduled time.

J. D. Notgrass, trainmaster at Las Vegas, telegraphed to F. L. Myers, local agent, that "regular Nos. 1 and 2 are tied up at Raton, but hoped to reach Las Vegas some time this evening. Bad shape between Raton and Las Vegas."

Last night the bridge across the Gallinas river, at Las Vegas, was washed out by a flood that came down the Gallinas, caused by a waterspout and heavy rain, and, in a later dispatch to Agent Myers, Trainmaster Notgrass says: "Do not expect to get over the bridge until some time tonight."

This is all the information obtained at the local depot as to the arrival of trains from the north tonight. It is safe, therefore, to say that no trains will get in from the north until some time tomorrow, unless the division superintendent orders the train from off the Lamy branch to come south as far as Albuquerque tonight with some of the mail which has been sent over the Denver & Rio Grande.

No passenger train today or tonight for either the west or south, and the lay over passengers at the depot and those who had arranged for trips out of the city on this particular night will have to content themselves with remaining in Albuquerque for another day.

Word late this afternoon from the north gives the news that it is still raining and hailing north of this city, especially in San Miguel and Mora counties, and that more trouble is expected not only from the washing away of bridges but from washouts.

BELIEVES IT WAS MURDER.

Sister of Dead Man Thinks Victim Put Upon Track.

Mrs. C. H. Brown, of Deming, a sister of the late Leon J. Smith, arrived in the city last night to make arrangements for the funeral of her brother.

Mrs. Brown holds the opinion that her brother was knocked in the head and his body laid on the trolley track to hide the crime. She says that before she left Deming she met some of the base ball team. They told her that they saw Smith in El Paso in the afternoon Sunday. He then had about \$50 in money and a gold watch.

Both money and watch were missing when the body was found. They said that he had been drinking, but was not drunk.—El Paso News.

STOCK MARKET NOW EXCITED

Big Slump in Stocks on Wall Street in New York.

REVOLUTION IN VENEZUELA ENDED

Federation of Miners Holding Closing Session in Denver.

New York, June 10.—Prices of stocks on Wall street were smashed under an avalanche of liquidating sales when the market opened today.

Blocks of 1,000 to 8,000 shares of the principal active stock were thrown up on the market and let go on running sales, showing wide fractional variations for simultaneous quotations. Losses on the average were over a point. The selling seemed to come from all quarters and general discouragement over the business outlook was the attributed cause, aggravated by the serious flood news from St. Louis and political excitement in England. There was a large short interest evidently which took advantage of the opening break to cover and powerful interests executed supporting orders in the market. As a result, there was a substantial recovery which carried some leading stocks back to or above last night but the higher prices caused a falling off in the buying and were taken advantage of for renewed sales to liquidate so that prices were lower than before by 11 o'clock. There was a rally again a little later but the market continued very much excited and very nervous.

End of Revolution.

Willemstad, Island of Curacao, June 10.—General Matos and the generals who supported him in revolutionary movements in Venezuela have returned here. The revolution against President Castro is ended.

Federation of Miners.

Denver, June 10.—The Western Federation of Miners is holding the closing session of the annual convention in this city today. This afternoon the officers for the coming year will be elected. There is practically no opposition to the old officers. This morning Denver was selected as the Federation headquarters and Butte, Mont., was selected as the place for holding the next convention. The final adjournment will be taken by 5 o'clock this afternoon.

A FINE CONCERT.

Madame Sylvia Puerari and Chevalier Pietro Buzzi Are the Stars.

Colombo hall was well filled last evening to listen to the grand operatic concert given by Madame Sylvia Puerari and Chevalier Pietro Buzzi. The madame is famous as a prima donna and Chevalier Buzzi has a world wide reputation as a lyric tenor.

Madame Puerari sang so well and the audience liked it so well, too, that she was obliged to respond to encores the second and third time. She is certainly an artist of high degree.

Chevalier Buzzi had the audience with him, too, and he sang finely. He deserves all that the press of the world has said about him. The "Last Rose of Summer," which was sung by Chevalier Buzzi in his own language was fine.

Miss Bertha Loebs, of this city, played her violin and pleased. The accompanists were Mrs. Hamm, Prof. Di Mauro and Miss Adele Damiano, who played Paderewski's Minuet as a solo.

The whole concert was a success in every way.

IRRIGATION SCHEME.

Col. R. H. Greenleaf Comes to the Front With New Idea.

The man who can improve the present method of irrigating by the ditch process, so that the cost will be less will be doing a good thing for his fellow men.

R. H. Greenleaf, who lives on North Fourth street, has improved on the old method of irrigation, so he thinks.

Mr. Greenleaf, who has an inventive sort of a mind, has dug a well and put in a small pump, with a capacity of 1,000 gallons an hour. The apparatus is run by steam and can be operated at a very small expense. Mr. Greenleaf will soon put in a reservoir for the underflow though one well is inexhaustible and he thinks he has solved the cheaper and more practicable way of irrigating. His scheme will be watched with interest. If it works he be-

lieves all the land on the mesa east of the city, and up to the foot of the mountains, can be made garden spots.

COFFEE FARMS RUINED.

Gentleman Says Crop Will Be 25,000- 000 Pounds Short.

New Orleans, June 10.—O. Thiel, of Guatemala City, Guatemala, who arrived with other citizens of that country, states that the famous coffee lands about Mount Santa Maria have nearly all been covered with dust and ashes to a depth, in many places, of fully two feet.

Clouds of dust and smoke are still flying as they have been periodically ever since the first eruption, shortly after that of Mount Pelee, in Saint Pierre.

What troubles planters in Guatemala is that it will be several years before this land can again be put into coffee.

Their estimates that the coffee crop of Guatemala is fully 250,000 quintals short. This means that there will be 25,000,000 pounds less of coffee in the world's markets this year than last.

Counting the Cash.

Washington, June 10.—Dishonesty in the postoffice department has indirectly caused the counting of all the money in the United States treasury.

"To make assurance doubly sure," is the reason Ellis H. Roberts, treasurer of the United States, whose name is on every bill, gave orders for the unusual count of more than \$1,000,000,000 in coin, currency and securities, and which will determine that the great vaults of the national strong box contain all the money they are supposed to contain.

The reserve recorded at \$304,000,000 has not been counted for six years. Ever since the postoffice scandal opened up there has been a tendency in every department of the government to keep a sharp lookout for crookedness, irregularities, lax business methods or extravagances.

Mr. Roberts says there has been absolutely nothing to arouse the suspicions of the treasury department that all was not straight and regular in connection with the government funds.

SUNDAY SCHOOL WORKERS.

Third Annual Convention of the New Mexico Association at Santa Fe.

ATTENDANCE QUIET LARGE.

The third annual convention of the New Mexico Sunday School association opened yesterday afternoon at 2 o'clock in the Methodist church, Santa Fe. A large number of delegates and members are present. Rev. W. A. Cooper, pastor of the Methodist church, led the devotional exercises. The principal address of the afternoon and one of the most important of the session was by Rev. R. A. N. Wilson, Colorado superintendent of the home department of Pueblo. The address was on "Essentials to Successful Sunday School Work," and was followed by an informal discussion of the subject. The remainder of the afternoon was devoted to enrollment of delegates and their assignment for entertainment.

Last evening the session was opened at 8 o'clock and the address of welcome was delivered by Rev. W. A. Cooper. President W. G. Tight, of the University of New Mexico, was on the program for response, but was compelled to leave for the east. H. E. Fox, of Albuquerque, president of the association, delivered the annual address. The chief address of the evening was by Mrs. J. Woodbridge Barnes, primary and junior secretary of the International Sunday School association, on "Some Reasons Why." She is a fluent and inspiring speaker and her address was of particular interest to parents.

Election of officers and an informal reception completed the evening.

THE MOST reliable quality to be found in the market. Every one guaranteed as represented or money refunded. Many English, French and Russian.

place with a production of 260,929,000 tons; the United Kingdom was second with 219,047,000, and Germany third with 108,417,000.

The same authority also deals with the changes in the production of iron ore and points out that in 1880 the output of the United Kingdom was 18,026,000 tons, that of Germany 7,239,000 tons, the United States coming third with 7,120,000 tons.

In 1900 the positions were reversed entirely. The United States, which was at the foot of the list twenty years earlier, marched to the top with a record of 27,553,000 tons produced; Germany came second with 18,964,000 tons, and the United Kingdom third with 14,028,000 tons. If the comparisons were carried down a couple of years later the showing for the United Kingdom would have been worse than that for 1900, as the output for the United States greatly increased during 1902, while that of the British mines showed a marked decrease.

SALUTARY LESSON.

Two labor unions, one in Chicago and one in St. Louis, have been taught a salutary lesson by the officials of their own organization on the importance of keeping contracts.

Both the Chicago blacksmiths and the St. Louis teamsters broke their contracts with their employers to go out on a sympathy strike. The international presidents of both unions declared the offenders to be rebels and they are now in a class with those non-union workmen whom they are accustomed to despise.

The presidents recognized the patent fact that in proving disloyal to their contracts they were injuring instead of helping the cause of union labor. They were placing in the hands of the enemies of union labor the deadliest weapon that could have been leveled at their cause.

Get What You Ask For.

When you see an article well advertised in the newspapers, you may be sure it is a good article, for advertising only pays if the goods are honest and possess merit. The people who make a specialty of one advertised article, like Cascarets, Candy Cathartic for example, stake their whole business existence on it's doing what they say it will. They must "make good" as the saying is. Readers of this paper are urged to be sure that they get what they ask for, when they ask for an advertised article, for it's the good thing that is imitated and counterfeited. Don't accept substitutes! Insist on getting the genuine!

MUSICIAN DEVINE.

Offered Fine Position at Chillico Indian School, Oklahoma.

James Devine, the popular and well-known band musician, is in receipt of a letter from Col. S. M. McCowan, superintendent of the Chillico Indian School at Chillico, Oklahoma. Mr. McCowan offers Mr. Devine the position of band leader for the band of that school—the same position he had at the Phoenix school when Mr. McCowan was superintendent there. The Chillico Indians are practicing to take part in the band contest at the St. Louis World's Fair and Mr. McCowan knows that Mr. Devine can put the boys in first-class trim. Mr. Devine regrets to say that he finds it impossible to accept the flattering offer.

On the first indication of kidney trouble, stop it by taking Foley's Kidney Cure. Alvarado Pharmacy.

RIOT NEAR MORENCI.

Guard Disarmed by Strikers and Trouble Grows.

The strike situation is becoming more serious at Morenci, says a dispatch from Clifton, Arizona.

Today a guard was disarmed at Longfellow and the Longfellow incline closed down, preventing the transfer of ore from the mines to the plants.

The ground was surrounded by several hundred strikers and, on account

"I wrote to Doctor Pierce, who sent me a very kind letter and advised me."

Thousands of weak and sick women can trace the beginning of a new life of perfect health to that letter written to Dr. Pierce.

Sick and ailing women are invited to consult Dr. Pierce, by letter, free. All correspondence held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription cures weak and aching backs, headaches, nervousness and other womanly ailments by curing the womanly diseases which cause them.

"In the spring of 1900 I became very ill," writes Mrs. Alvina Scholtz of Lake Washington, Lesueur Co., Minn. "my back was very weak and ached so that I could do no work at all. I was obliged to take to my bed. I felt a constant desire to urinate and the pains in my abdomen were almost unbearable. I wrote to Dr. Pierce, who sent me a very kind letter, and advised me to take his Favorite Prescription and 'Golden Medical Discovery.' I took six bottles of each and am a well woman now. I cannot say enough in favor of Dr. Pierce's medicines."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

FOR WOMEN TOO.

Hostetter's Stomach Bitters is a medicine that is especially adapted to all women who are weak or delicate. It has a calm, soothing effect upon the tired nerves, promotes refreshing sleep and assists Nature in the proper performance of her duties. Then don't experiment any longer, but get a bottle of Hostetter's Stomach Bitters today from your druggist. You'll feel its beneficial effect from the first dose.

HOSTETTER'S STOMACH BITTERS

of being alone, submitted to being disarmed.

The arms were afterwards returned to him. There are now fifty deputy marshals and ten rangers guarding the property at Morenci and Metcalf. As the strike goes on, the feeling of animosity between the officers and strikers grows more intense and it is feared that a clash cannot long be delayed. The governor was today requested by wire to send a company of national guards or company of regular troops to the scene with all possible speed and all mines and works have been shut down and the stores closed.

Warning.

If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Alvarado Pharmacy.

Blew Off His Head.

E. B. Jago, an old time Californian, blew the top of his head completely off Wednesday, with a Colt's revolver, at Mammoth, Arizona, where he was for years toll receiver on the road from the Cliff house to San Francisco. He has been engaged in mining and in business in Arizona, was wealthy, and no cause is known for the suicide.

Three spectres that threaten baby's life. Cholera infantum, dysentery, diarrhea. Dr. Fowler's Extract of Wild Strawberry never fails to conquer them.

A PSALM OF ADVERTISING.

[Printer's Ink.] Tell me not in sneering manner Advertising does not pay. Rich are they who fling their banner Boldest to the world today. Advertising done in earnest.

Done with wisdom, heart and soul, With determination, sternest.

Always wins the wished-for goal. Lives of many men remind us

We to success can climb If the reading public find us

Advertising all the time. Advertising with persistent

Energy to spread our fame, Ever honest and consistent

In performing what we claim, In the world's commercial battle,

In the rivalry of trade, We must hustle, shout and rattle

Ere impression can be made, Not enjoyment—rather sorrow

Is the certain end of those Who are apt to let tomorrow,

Like today, unheeded close. Careless of their advertising.

Which, if penned in common sense Is the method enterprising

That insures full recompense.

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." If you have any trouble with your stomach why not take these tablets and get well? For sale by all druggists.

Railroad Topics

Born, to Mrs. Joseph Cottolendy, wife of the section foreman at Supai, a boy.

The Denver & Rio Grande railroad announces low summer tourist rates to Colorado points.

A Santa Fe engineering corps has been surveying the line near Flagstaff, the past week, for surfacing purposes.

Fireman Ed Clark, for years in the service of the Santa Fe, left for Los Angeles. It is his intention to work on the Southern Pacific.

The Rock Island probably enjoys the distinction of being the only railroad in the United States that employs a woman as construction boss.

J. B. Balcomb returned from a four weeks' visit in Denver, Colo., and is again on duty with the engineering corps of the Santa Fe Central railroad.

Dr. Kauffman was here yesterday, returning to Belen last night. He is one of the physicians and surgeons on the Santa Fe cut off building out from Belen.

Engineer Smith will recover the full use of his hand, badly mangled in the Hardy smashup. He is recovering rapidly at the Sisters' hospital, Los Angeles.

According to Dun's Review, railway stocks of the dividend-paying class are now averaging about \$97, while in September last the high point of \$116.27 was recorded.

Lee Smith, step son of Thos. A. Carr, of Deming, was run over and killed at El Paso night before last by an electric car. He was cut up in a horrible condition.

John Morgan, a brakeman on the Denver & Rio Grande railroad, was injured by being caught between a car loaded with steel and the tender of the engine. His left arm was badly crushed.

The San Bernardino Sun says that Chief Clerk Bryant of the mechanical department in Albuquerque passed through that city yesterday on his way to Los Angeles, where he will enjoy a short vacation.

The veteran Santa Fe Pacific engineer, Jack Williams, will have an operation performed on his leg at St. Mary's hospital, Los Angeles, which will greatly benefit him and put the limb in almost perfect condition.

The American says: "Jack Bailey, the Globe infant, is in the service of the Yaqui River & Pacific, in the roundhouse department at Naco. Jack has dwindled to a mere shadow, weighing only 275 pounds."

The Santa Fe is laying three miles of new eighty-five pound steel between Yavapai and Nelson, replacing the lighter rails in use there heretofore. Three miles of the eighty-five pound rails are also being laid in Truxton canyon.

The Ash Fork Harvey house again came near being consumed by fire. It happened the other night, and the fire started in the kitchen, as did the previous one. Prompt work saved the structure. The loss will amount to about \$100.

Sunday 51,000 feet of track were laid on the Santa Fe Central railway which brought the end of the track fifty-eight and one-half miles from Torrance. Yesterday the steel gang and track laying machine was working between McIntosh and Moriarity.

The Rock Island has resumed service between Kansas City and El Paso and Fort Worth, using the Missouri Pacific tracks between Kansas City and Herrington. Until July 1 trains 41 and 42 between Chicago and Colorado will be annulled.

P. C. Allen, of Chicago, is in the city on a visit to old friends. A few years ago Mr. Allen was trainmaster on the Santa Fe Pacific at Winslow. Before that time he was a clerk in General Manager Wells' office, when the offices of the company were located in this city.

Three extra double headers of twenty-one cars each went north on the Denver & Rio Grande railroad from Santa Fe Sunday. They were loaded with cattle being shipped from Chihuahua, Mexico, to Durango, Colo., having been purchased at the former place by a Durango stockman. Two engines met the trains at Embudo to assist them over the Comanche hill.

George E. Sullivan, the Santa Fe Pacific agent, has returned to Flagstaff from his sad trip to Kenosha, Wis., whither he had conveyed the remains of his mother for interment. The train on which Mr. Sullivan traveled westward had a narrow escape from being engulfed by the rising water of the Missouri river, which overflowed the tracks in the Kansas City yard, the water being to a height of four or five feet in the yards at the time.

The Las Cruces Republican says: Thomas Love, traveling auditor of the Southern Pacific company, spent the past week here checking up the items of the statements filed with the lien by Hatton & Brown against the Southern Pacific railroad company. Mr. Cox, the Southern Pacific attorney, was here April 1, and asked them to withhold suit until the company could investigate the bills, and have an opportunity to settle. The amount of Hatton & Brown's claims is \$36,620.

No good health unless the kidneys are sound. Foley's Kidney Cure makes the kidneys right. Alvarado Pharmacy.

Pierce's First Railroad.
Yesterday marked the first day for the arrival of the railroad within the limits of the town of Pearce. The main line runs to the east of the town within the limit of the city wells, and a spur was built to a point near the offices of the Commonwealth company. It is understood that the Southern Pacific will shortly continue the work of building the line via Gleason to Bishbee and Naco and connect with the Cananea road. It is also announced that a branch from Gleason to Tombstone will follow later, and Tombstone have two lines of railroad.—Prospect.

Startling Evidence.
Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes as follows: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by all druggists. Trial bottles free, regular sizes 50c and \$1.00.

WINSLOW RAILROAD NEWS.
A Batch of Interesting Notes About the Railroaders Out West.

From the Mail.

Machinist John Hoar and wife are visiting in Indian Territory.

Jack Robison, ex-foreman of the roundhouse, has gone to Denver.

Brakeman Geo. Hyde has returned from a month's trip to Denver and Old Mexico.

Dispatcher McCullough's wife and child are home again from visiting in Los Angeles.

Horace Wakeman, who has been in the service of the Santa Fe, has returned to his home at Westport, Conn.

O. B. Sutton, local cashier of the Santa Fe and Wells-Fargo company, was in Los Angeles for a few days on business.

Mrs. Sutherland, wife of Mr. Sutherland, the switchman, is back in Winslow after a long visit at Kenova, Va., accompanied by their son, Ray.

Brakeman Havelin fell from the pilot of an engine Monday. His leg came between the pilot and rail, the skin being torn off from the knee down. He was taken to the hospital at Los Angeles.

Out at the cinder pit things are running at full blast, under the management of Pete Wright. It takes sixty-five cars of ballast to the mile, and P. J. Keeley has charge of the unloading crew, which is now near Flagstaff. They will ballast some distance beyond Ash Fork. When the work is completed the road bed will be in excellent shape.

Round House Foreman Jack Robison has resigned and Night Foreman Jean Karigan has succeeded him. Jack will be greatly missed among the round house boys, for they all liked him, as he had a kind word and pleasant look for all. He will create a vacancy in base ball circles, as he was a first rate player. Mr. Karigan will be a good man in the position, as he understands the business and is well thought of by the boys.

After a long siege of suffering, Fireman Tom Seegar had to undergo another operation for skin grafting. The surgeons of St. Mary's hospital, Los Angeles, where Tom has been for months, performed the operation.

LACK OF MONEY.

Was a Godsend in This Case.

It is not always that a lack of money is a benefit.

"A lady of Green Forest, Ark., owes her health to the fact that she could not pay in advance the fee demanded by a specialist to treat her for stomach trouble; she quit coffee and took on Postum. In telling of her case she says: 'I had been treated by four different physicians during ten years of stomach trouble.'"

"Lately I called on another who told me he could not cure me; that I had neuralgia of the stomach. Then I went to a specialist who told me I had catarrh of the stomach, and said he could cure me in four months but he would have to have his money down. I could not raise the necessary sum and in my extremity I determined to quit coffee and try Postum Food Coffee."

"So I gave up coffee and gave Postum a thorough trial, and the results have been magical. I now sleep well at night, something I have not done for a long time; the pain in my stomach is gone and I am a different woman. I dreaded to quit coffee because every time I had tried to stop it I suffered from severe headaches, so I continued to drink it although I knew it was injurious to me, being the cause of my stomach trouble and extreme nervousness. But when I had Postum to shift to it was different."

"And to my surprise, I did not miss coffee when I began to drink Postum. Coffee had been steadily and surely killing me, and I didn't realize what was doing it until I quit." Name given by Postum Co., Battle Creek, Mich.

Henry Seegar and J. J. Johnson furnished the required amount of cuticle for Tom's injured arm. It is said this operation will be the means of his complete recovery. His friends sincerely hope it will, for he has had a very unfortunate time the last few months.

We overlooked the fact that Mrs. H. M. Muchmore received a token of esteem from the engineers, firemen and shopmen. It was mentioned that at the reception given to Mr. and Mrs. H. M. Muchmore by the Masons and Eastern Star that Mr. Muchmore was presented with a watch and chain by the gentlemen above mentioned. A couple of days afterward these same gentlemen, not satisfied with making a gift to Mr. Muchmore, decided to remember his wife also, and she was made the recipient of an elegant silver set. Engineer Jas. Christal was delegated to make the presentation, and he nicely accomplished it. Mrs. Muchmore was taken by surprise, but feelingly thanked the donors. Mr. and Mrs. Muchmore are now at Marshalltown, Iowa, where he is master mechanic for a railroad company.

Is it a burn? Use Dr. Thomas' Electric Oil. A cut? Use Dr. Thomas' Electric Oil. At your druggist's.

FIRE CHIEF YOUNG.

He Visits Needles and Meets Fire Ladies of That Town.

Thursday evening the Santa Fe fire department called a meeting in honor of the visit of C. O. Young, chief of the coast line department. The meeting was called by Chief E. L. Cumbach and was congratulated by Chief Young for his efficiency, making the remark that the Needles department was second to none on the system. He stated that arrangements would be made for a tournament to take place at San Bernardino in the near future in which the several departments of the coast lines would compete. The complimentary remarks of Superintendent of Motive Power Henderson at the time of his late visit here were initiative of his action. Assistant Chief John Armatage spoke in behalf of the local department in very concise terms. At 11 o'clock in the morning the alarm had been sounded and runs were made as follows: From hose house to round house, laying four lengths of hose, one minute and five seconds; coupling up Siamese connections from double to single, fifty-five seconds; coupling two lengths and getting water, ten seconds.

Dyspepsia—bane of human existence. Burdock Blood Bitters cures it, promptly, permanently. Regulates and tones the stomach.

Tax Decision.

Judge R. E. Sloan rendered an important decision recently in the case of the United Verde Copper company against Yavapai county. The suit was brought by the company to resist the payment of taxes on a valuation of \$1,200,000 on the grounds that the valuation is excessive. It has been in the court for some time. Judge Sloan dismissed the case on the grounds that the company failed to comply with the law by first paying its taxes and by then bringing suit to adjudicate the question at issue. A similar decision was rendered in the tax case of E. B. Perrin.—Prescott Journal-Miner.

A Splendid Remedy.

Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. F. Moore, agent Illinois Central Railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 25c, 50c and \$1.00 at J. H. O'Reilly & Co.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c size, Ely Brothers, 56 Warren St., N.Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

La Junta; J. L. Morse, D. N. Stewart, Winslow; U. S. Stewart and family, L. A. Fair, El Paso.

Chronic bronchial troubles and summer coughs can be quickly relieved and cured by Foley's Honey and Tar. Alvarado Pharmacy.

Accidents at the Grave.

The funeral of Mrs. Francisco Rededa (better known as Mrs. Garcia), whose death occurred last Sunday evening after an illness of two weeks, took place Monday afternoon. A series of mishaps took place at the graveyard. First, one of the mourners fell into the grave, and then when lowering the coffin one of the pall bearers let go his line, the coffin striking the bottom with such force as to burst it open.—Williams News.

During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. Alvarado Pharmacy.

Queen Quality

Most Important

Of what use is a hat that does not fit your head
Of what use are corsets that do not fit, dresses
that do not fit, or gloves that do not fit?
Now take shoes! The one absolutely necessary
thing about shoes is

that they shall fit.

Unless they fit you feel
"sloppy," you walk clumsily,
dragging the feet along because they are
tight. You acquire corns.
And all because you bought
shoes that were perhaps
loudly advertised and
smart in appearance, yet
made with no regard to fit

The one shoe for women for fit is the "Queen
Quality." Try them for easy walki g.

BOOTS, \$3.00. OXFORDS, \$2.50.

OFFICIAL MATTERS.

Coal Statement—Territorial Funds— Site for Asylum Selected.

NEW INCORPORATIONS.

Governor Otero has appointed Geo.
Lynch county surveyor of Dona Ana
county, vice Fred H. Peitz, deceased.

Land Office Business.

The following homestead entry was
made: Dolores Duran, Las Vegas, 160
acres in San Miguel county.

Coal Declaratory Statement.

The following coal declaratory state-
ments were filed: Pascual Ortiz, San-
ta Fe, NW, ¼, section 4, T. 13 N., R.
6 E., 160 acres in Sandoval county;
Sixto C. Torres, Santa Fe, SW, ¼ section
4, T. 13 N., R. 6 E., 160 acres in
Sandoval county; Marcelino Alderetta,
Santa Fe, N, ½ NW, ¼ W, ½ NE, ¼,
section 16, T. 13 N., R. 6 E., 160 acres
in Sandoval county; Santana Herrera,
Santa Fe, NW, ¼ section 9, T. 13 N.,
R. 6 E., 160 acres in Sandoval county.

Territorial Funds.

The following funds have been re-
ceived at the office of territorial treas-
urer J. H. Vaughan: From H. O. Bur-
sum, superintendent of the peniten-
tiary, convict's earnings, \$70.80; J. W.
Pleming, collector and ex-officio treas-
urer of Grant county, taxes for 1902,
\$12,720.80; H. G. Baca, collector and
ex-officio treasurer of Socorro county,
taxes for 1902, \$5,850.13; Romualdo
Roybal, collector and ex-officio treas-
urer of Mora county, \$3,277.65.

Site Selected.

W. N. Hager of Mesilla Park, and
A. P. Jackson of Alamogordo, two
members of the board to select the
site for the territorial blind asylum
at Alamogordo, have chosen 21.04
acres of land east of the north end of
the park at Alamogordo and about a
mile from the court house. The land
was donated by the Alamogordo Im-
provement association and is accessi-
ble to ditch water and pipe line. A.
J. King, the third member of the board,
was absent, but gave his proxy to the
other members.

Incorporations.

Articles of incorporation have been
filed with J. W. Reynolds, territorial
secretary, by the Raton Furniture
company. The incorporators are Har-
ry M. Fry, A. H. Clippard, John A.
Carter, C. F. Renisberg and A. L.
Hobbs, all of Raton. The capitaliza-
tion is \$15,000, which is divided into
150 shares of the par value of \$100
each. The company is authorized to
buy, sell, manufacture goods, wares,
etc., to buy, exchange and sell other
property both real and personal and
to carry on a general furniture busi-
ness. Also to do a general under-
taking business. The term of exist-
ence is fifty years and the incorporat-
ors make up the board of directors.
The principal place of business is at
Raton.

The Amazon Gold company has filed
articles of incorporation with the ter-
ritorial secretary. The company is
authorized to buy, sell and deal in real
estate, to purchase mining and oil
lands, to acquire water rights, etc., to
engage in manufacturing and mining.
The company is capitalized at \$1,500,000,
which is divided into 1,500,000
shares of the par value of \$1 each. The
term of existence is twenty-five years
and the incorporators who also com-
pose the first board of directors are
Charles Gatzweiler, Dr. G. H. Sowers
and C. E. Henderson. The principal
place of business in this territory is

MEETINGS.

The Eagles will hold a smoker to-
morrow evening, and there will be a
large attendance. The committee on
entertainment has arranged a fine pro-
gram.

All patriarchs are requested to be
present at the next regular meeting of
Albuquerque Encampment No. 41, O.
O. F., Thursday, June 11. Election,
work in R. P. degree and refreshments.
By order of the C. P., D. G. Miller,
scribe.

The Ladies' Aid society of the Pres-
byterian church will meet tomorrow
afternoon at 2 o'clock, at the resi-
dence of J. A. Summers.

The regular business meeting of the
Ladies' Aid society of the Congrega-
tional church will be held in the
prayer meeting room of the church on
Thursday afternoon, June 11, at 2:30
o'clock. All members requested to be
present.

The general committee on arrange-
ments will meet tonight in the room
in the rear of the Cabinet saloon on
Railroad avenue, to complete arrange-
ments and hear reports from the var-
ious sub-committees.

The committee on entertainment
is requested to be present at the meet-
ing in the room in the rear of the Cab-
inet saloon at 7:30 o'clock sharp. By
order of Billy Berry, chairman.

A meeting of Albuquerque lodge, No.
336, I. O. B. B., will be held this (Wed-
nesday) evening at 8 o'clock. All mem-
bers are requested to be present. By
order of the president, Samuel Neu-
stadt, secretary.

Driven to Desperation.

Living at an out of the way place,
remote from civilization, a family is
often driven to desperation in case
of accident, resulting in burns, cuts,
wounds, ulcers, etc. Lay in a supply
of Bucklen's Arnica Salve. It's the
best on earth. 25 cents at all drug
stores.

Santa Fe to Run Regularly Over New Route.

This morning Division Freight and
Passenger Agent George E. Roe of the
Santa Fe received a telegram from
the passenger department stating that
trains Nos. 1, 5, 7, 2, 6, and 8 will com-
mence today to run regular between
Chicago and Oklahoma, Texas, Colo-
rado and Pacific coast points; by way
of Lexington Junction and St. Joseph.
For the present all business to and
from Kansas City will be handled
on stub trains by way of Emporia,
Kan. All trains by way of St. Joseph
will be able to make about the same
time as by way of Kansas City.—El
Paso Herald.

That Throbbing Headache

Would quickly leave you, if you used
Dr. King's New Life Pills. Thousands
of sufferers have proved their match-
less merit for sick and nervous head-
aches. They make pure blood and build
up your health. Only 25 cents, money
back if not cured. Sold by all druggists.

How Mrs. Langtry Keeps Young.

Mrs. Langtry has succumbed to the
importunities of the interviewer, and
has given the following simple rules
as forming the secret of her perpen-
ant youth:

Ease of body.

Ease of mind.
Ease of conscience.
Eight hours of sleep every night.
Water, never, except in aerated
form.

Light breakfast, consisting of fresh
fruit, such as pineapple, oranges, bak-
ed apples, grapes. Tea; bread only
in toasted form.

Heaviest meal of the day at 5 o'clock
in the afternoon. This meal should
consist of either broiled chicken, thick
broiled beef steak, juicy roast beef,
Southdown mutton, very little coffee,
very little butter and some light bur-
gundy, usually diluted with carbonated
water; no pastry.

Very light supper after the perform-
ance at night, and immediately after-
ward to bed.

Three or four baths a day.
A walk in the open air every day,
no matter what the weather is, lasting
from thirty minutes to an hour.

Three or four months complete rest
every summer.
No cosmetics, except on the stage.
No bother with anything which
other persons can be hired to do.—
London Answer.

THE WORLD DON'T CARE.

There's an aching head,
And a breaking heart
In the home next door;
There's a quaking dread
And a making start
In the hovel poor—
And love has fled,
And hope is dead,
And peace has sped
Forevermore.
Comes now instead,
With solemn tread,
The gaunt Despair—
There's a weeping wife,
There's a lightless life
In the cottage there;
But the throngs pass by
With busy feet,
And the crowds surge night
In the dizzy street,
And come and go,
But the world don't know
Of the suffering there—
And the world don't care.

prietor; near postoffice.

MACHINERY PURCHASED.

Arizona-Colorado Copper Belt and Gold
Mining Company Will Begin Active
Work.

Col. R. M. Force arrived in this city
last evening from Denver, where he
purchased for his company, the Ariz-
ona-Colorado Copper Belt and Gold Min-
ing company, forty tons of machinery
to be installed at the company's prop-
erty near Globe, Ariz., says the New
Mexican. The machinery consists of
one heavy steam hoist, 1,000 feet of
steel cable, a 100 horse power boiler,
a big pump, a large tank for water,
pipes and all fixtures, etc., weighing
about 80,000 pounds. With the hoist
just purchased the company will be
able to sink its big, double compart-
ment shaft to a depth of 1,000 feet.
The company now has ample means to
develop its property which will, with
development, become one of the big
paying mines of Arizona. This com-
pany owns seventeen mining claims
over 240 acres, and it is now believed
that the property has already passed
the experimental stage. The seven-
teen claims are within three miles of
Globe, accessible by a level wagon
road and are about the center of the
great copper belt known to exist in
the Globe mining district, which is
one of the biggest, richest districts in
the entire western country, and a
great deal of money is now being in-
vested in hant district. Since the Old
Dominion company encountered such
large rich bodies of sulphide ore at
true water level, heavy capital has
been going into the district for the
reason that the permanency of the
sulphide ore zone has been established
and makes copper mining a certainty
there. The ores carry a high copper
value, also gold and silver. One big,
strong vein on the Arizona-Colorado
Copper Belt company has been found
to carry tin and uranium, besides high
values in copper, silver and gold. It
is but a question of time now when
this property will be a big mine and
the company will, at the proper time,
install a smelter to treat its own ores.
While the machinery is in transit, Col.
Force will remain with his family in
this city.

GAVE A LARGE REWARD.

So Thought the Bestower and the
Young Hero Who Received
the Money.

"The following story will illustrate a
number of things," said the Detroit
ship owner who narrated it, "but
chiefly will it show how the value of
money varies with the supply.

"A boy was telling me of his prowess
as a swimmer. He could dive, too.
"Once," said he, "I dived down to
the bottom of the river and pulled a
little boy out."
"Bravol!" said I.
"An' I tell you," he continued, "his
pa was glad. He give me a dollar-an'-
a-quarter."

"Both the father and the hero live
in a neighborhood the occupants of
which are sometimes known as 'wharf
rats'—the neighborhood or docks.
I have no doubt," concluded the ship
owner, according to the Detroit Free
Press, "that the dollar-and-a-quarter
was as large to the man as to the
boy."

POLICE COURT.

Clara Smith, an old native woman,
who has been before the court as
many times as she has fingers and
toes, was up this morning before
Judge Crawford. This time she was
charged with trying to fight a "sike
woman" while on a spree. Now, Clara
couldn't pay a fine, neither would she
be worth anything if she was jailed,
so she was taken out in the back yard
and left. She has probably flew the
coop by this time. She is a nuisance
and sooner or later will have to be
taken in charge by the proper authori-
ties.

William Nash, a good looking and
well dressed youth, was on the bench.
Nash was looking for work last night
and was arrested in the railroad yards.
He had plenty of letters as to his good
qualities, and he was discharged.

A sleepy looking native youth from
old town was charged with being
drunk and sleeping on the sidewalk.
Ten dollars or ten days.

William Callahan, an able bodied
man, who it is said is too lazy to work,
but who found time last night to quar-
rel with a woman and abuse her, was
charged with breach of the peace. He
pleaded guilty and was fined \$10.

T. J. Shinick was fined \$10 for driv-
ing too fast over the viaduct. The
viaduct is becoming a source of reve-
nue to the city nowadays.

Hot Weather Weakness.

If you feel fagged out, listless and
lacking in energy, you are perhaps
suffering from the debilitating effects
of summer weather. These symptoms
indicate that a tonic is needed that
will create a healthy appetite, make
digestion perfect, regulate the bowels
and impart natural activity to the
liver. This, Herbine will do; it is a
tonic, laxative and restorative. H. J.
Freearg, proprietor Grand View hotel,
Cheney, Kan., writes: "I have
used Herbine for the last 12 years,
and nothing on earth can beat it. It
was recommended to me by Dr. New-
ton, Newton, Kan." 50c at J. H.
O'Reilly & Co.

## OVER THE RIVER.

Sister Superior of the Convent of Loretto Succumbs to Pneumonia.

Very general will be the regret caused in Las Vegas by the announcement of the death of Sister Superior Augustine Beaven, says an exchange dated June 8. The good sister, returning a short time ago from a hard trip to Colorado, during which she was much exposed, was attacked by pneumonia. In spite of the constant attendance of two physicians and the most devoted nursing, her system failed to overcome the disease. Last evening at 6 o'clock she died. Before her white spirit passed over the river, all the sacraments of the church were administered by Father Pouget, who happened to call at the opportune time. Father Gilbertson had left the convent only two hours before, there being then no thought of such sudden parting of body and spirit.

Sister Augustine was born in Marion county, Kentucky, July 11, 1848. When eighteen years of age she entered the convent of the Sisters of Loretto. In 1882 she was raised to superior rank. She held the office of Sister Superior at Parsons, Kas., at New Haven, Ky., at Cairo, Ill., at Kansas City, Mo., at Denver, Colorado Springs and Conejos, Colo. In 1898 she came to Las Vegas as superior of the convent of the Sisters of Loretto there.

Sister Augustine was a lovely character, wholly devoted to her noble mission, which was to do good. She was beloved by all who came within the range of her sweet influence. Sister Augustine was a type of all that is loveliest in womanhood. "She shall be missed."

The funeral will be held tomorrow morning. The pall bearers will be Dr. Tipton, H. J. Ryan, Fred Desmaris, E. Chacon, O. A. Larrazola and Patrick Sena. The services will be most impressive.

## EXTRADITION ORDERED.

Insurance Swindlers to Be Taken to Mexico.

El Paso, June 10—Consul Mallen has received a warrant for the extradition of Richardson and Mason, who are wanted in Mexico for being implicated in an alleged swindle against the New York Life Insurance company and for alleged murder. The warrant was presented to the United States marshal yesterday and their extradition will follow within the next few days. Before they can be taken to Mexico several minor details will have to be arranged.

This makes the twenty-eighth extradition case that Consul Mallen has handled since he has been located at this point and three of them were considered very important cases. One of these was the extradition of Mrs. Geo. Rich, who is now serving a term of twelve years in the penitentiary at Chihuahua for killing her husband in Juarez several years ago. Another important case was the extradition of Dr. Harle, who was taken to Chihuahua several weeks ago, where he will stand trial for the same offense as that of Mason and Richardson.

Survey for Line From Silver City to Phoenix.

W. W. Kimball of Arizona, now has a surveying party in the field working in the interests of the Santa Fe railroad. The route which he is surveying is up the Gila valley from Phoenix, by way of San Carlos, to the New Mexico line. This route the company had surveyed several years ago, but is now having the work done over, with a view, it is said, of building a line from a connection with the Santa Fe Silver City branch to Phoenix.

## Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by all druggists.

## HOLBROOK.

From the Argus.

R. E. Porter of St. Joseph and Miss Amy Hancock of Taylor were being examined for a teacher's certificate.

John Divilness, who has been away from home some time, returned, badly crippled up from a fall of thirty feet off of a derrick.

The suit of garnishment of F. M. French of Winslow vs. I. A. Berry of the same place came up before Judge F. J. Watron and was dismissed.

J. R. Hulet returned from Snowflake, where he was called through the illness of his infant child, of whom to the grief of the fond parents did not recover.

Dr. Hathaway of Winslow, who last week quarantined three families with diphtheria at Pine Dale, was out the first of the week making further investigations.

Mrs. W. B. Woods and little boy left for Los Angeles, where they will spend two months visiting her mother, Mrs. M. J. Woods, formerly of Holbrook.

Henry Hunning, who sometime prior sold his big ranch at Snowflake, is here this week. Mr. Hunning is also among the number that blazed the trail of Arizona's early days.

H. J. Ramer shipped 700 head of cattle to Phoenix that were sold to a Mr. Slusser. Mr. Ramer went down with the stock, which were in very good condition, especially the young stock.

Mrs. M. Z. Fine entertained quite a number of guests at her home in honor of Mrs. Joseph Woods, whose birthday was on that date. The happy crowd danced until a late hour, when they had refreshments, after which followed the "Home, Sweet Home" waltz.

## Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, flatulency, costiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists, G. G. Green, Woodbury, N. J. J. H. O'Reilly & Co.

## FLAGSTAFF.

From the Sun.

Measles is becoming quite prevalent in town.

F. H. Newman of Albuquerque has been spending the week here.

Miss Ethel Anderson is recovering from the injuries received by being thrown from a horse.

J. G. Edwards and sister, Miss Eleanor, of Cincinnati, O., are here for the benefit of the health of the latter.

Dr. W. P. Sipe of Pennsylvania, who has spent the past five or six years in Colorado, has decided to locate in Flagstaff.

Postmaster T. J. Coalter received a fine new two-seated, canopy-top buggy from Elkhardt, Ind., on Tuesday last.

E. M. Doe and L. H. Tolfree returned from a trout-fishing trip to Oak creek. The fishing this year is fairly good, and there are people there from Jerome and Prescott, and there are more people taking an outing on the creek than heretofore.

The citizens of Milton are preparing to celebrate the Fourth of July and Flagstaff will do everything it can to help make the celebration an eventful one. Last year the Miltonites gave one of the best celebrations ever given in Arizona, and they propose to surpass it this year.

Some are born to matrimony, some achieve matrimony, and some have matrimony thrust upon them, but the editor of the Gem departs from the popular acceptance of this aphorism by advertising for matrimony. The Sun will try to help his case by just whispering to the lady—or ladies—to hunt through the book of Virgil and find a line which fits the case beautifully. "Descensus facillius Averni, sed decorare gradus."

Harry Fulton received a telegram from Mrs. E. H. Ward stating that her husband had been killed in a wreck at Stillwell, Kan., on Thursday. The wreck was caused by a head-on collision between passenger trains Nos. 1 and 8. Mr. Ward and family were passengers on No. 8 and were in their way to their home in Newcastle, Pa. They were friends of Mr. and Mrs. Harry Fulton of this place, and spent last week here as their guests, and the news of the death of Mr. Ward was a sad shock to them. John Monahan of Prescott was also killed in the accident.

At their meeting on Monday the board of trustees of the Northern Arizona Normal elected Miss Bertha T. Huntsman of Dillon, Mont., as teacher in the training department. Miss Huntsman is highly recommended as a teacher. She is a graduate of the State Normal school of Minnesota and also of the critic department of the training department of the Oswego, N. Y., normal. This appointment completes the faculty of the Northern Arizona Normal for this year, and an excellent corps of teachers has been secured by the board.

## Caution!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists, J. H. O'Reilly & Co.

## KINGMAN.

From the Miner.

Miss S. H. Finley, who has taught in the public school of Kingman the past two years, departed for her home in Santa Ana.

A sister of William Heimrod arrived in Kingman and will visit in this county for a few weeks. Brother and sister had not seen each other for a quarter of a century and when they met neither one recognized the other.

H. H. Watkins departed a few days ago for Eureka, Cal., where he will visit with J. R. Lane and J. H. Holmes.

It is his intention to go into the mountains of northern California with Mr. Holmes on a hunting and fishing trip.

James McGregor came in from Eldorado canyon, Nevada, and will visit a week or so in Kingman before going to Los Angeles. Mr. McGregor has mined in the canyon for years past and is still interested in mining property in that section, a number of Los Angeles men being interested with him. He reports that it is his belief that the canyon will witness lively times next winter, as a number of new companies are preparing to begin active operations as soon as the warm weather subsides.

Prof. Frank Russell and wife of Cambridge, Mass., arrived in Kingman last week and have gone to the Colorado river, near Cottonwood Island, where they will remain for some months. Professor Russell was instructor of anthropology in Harvard, but was compelled to resign on account of ill health. He believes that the dry atmosphere of Arizona will bring him back to health. He brought with him a steel canoe which he will use in navigating the Colorado river in the Black canyon. During his stay in Arizona he will make a study of the different tribes of Indians.

Chamberlain's Stomach and Liver Tablets are just what you need when you have no appetite, feel dull after eating and wake up with a bad taste in your mouth. They will improve your appetite, cleanse and invigorate your stomach and give you a relish for your food. For sale by all druggists.

## WILLIAMS.

From the News.

J. B. Jones has been in Prescott the past few days on a business trip.

On Tuesday Thomas H. Wagner was fined \$10 for an assault on Ben Wales, J. F. Fielder, at one time a member of the Ash Fork ball team, died in Phoenix of consumption.

C. A. Smith and wife, who have been residents of Prescott for some time,

came up for a visit with relatives.

Mrs. Henry Sievers of Capistrano, Cal., arrived in the city and will visit for a month with her daughter, Mrs. B. F. Sweetwood.

Frank Bennett, a nephew of Dr. Waite, arrived from Stanford university, from which institution he has just graduated. He will join J. B. Girard at Cataract canyon, at which point he will be employed.

William T. Keibard, a resident of Williams for the past three or four years, was adjudged insane before Judge Douglass at Flagstaff by Drs. Tyroler and Manning. Sheriff Johnson took him to Phoenix.

Assessor J. H. Lind made a trip to Bright Angel to get a line on assessments out that way. He informs us that Mrs. Lind, who was at death's door in Los Angeles for some time past, is now slowly recovering.

Miss Susie B., daughter of Judge and Mrs. Joseph Johnston, arrived home last Monday from Albuquerque, where she has been attending school the past year. Miss Irene went to Flagstaff on Sunday evening to meet her sister, returning the next day.

P. D. Berry came down from the county seat, where he had been making the final settlement in his affairs connected with the Cameron mine and other properties in the Grand canyon. Pete says he is now on "easy street" and sleeps better than he did.

Last Saturday morning the house recently purchased by James Bradshaw of L. E. Gifford was consumed by fire. When first seen the blaze was coming out near the chimney. By the time help arrived it was impossible to do more than save the furniture, some of which was badly damaged in the hurried removal. The house was only partly covered by insurance. Mr. Bradshaw and family are now occupying the Du Bois cottage opposite the school house.

Attorney J. E. Jones of Flagstaff was called to Williams to represent the prosecution against Ethel Parker, Maggie Potter and Cora Thomas on a charge of disturbing the peace. Attorney Steeves represented the defendants. The trial was brought before Judge Ranney and resulted in a verdict of guilty by the jury. The judge imposed a fine of \$50 each on the two first mentioned, while the latter had to pay \$25. The court room was crowded while the testimony was being taken, some of which was of the rich and racy kind.

## His Last Hope Realized.

From the Sentinel, Gebo, Mont.

In the first opening of Oakland to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping up on his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

## WINSLOW.

From the Mail.

Collin Campbell is in from the Campbell & Perkins ranch. He says that there will be a big increase of lambs on the range.

Hon. W. A. Parr is back from Los Angeles and the beach. He is assisting Collector Jim Castleman on the Babbitt Brothers' new store.

V. E. Buttner, the obliging salesman of Monaghan, Murphy & Co., was laid up last week, and for awhile was a very sick man, but is now behind the counter again.

Mrs. J. Noble and son, Walter, have returned from Phoenix, where they have been residing for the past six months. Mr. and Mrs. Noble and son will leave next week for their mountain home to remain during the summer.

Mrs. Lydia Flinn and Mrs. J. C. McClintock of Pittsburg, Pa., mother and sister of Justice Charles L. Flinn and James Flinn, are visiting with the justice and family. They have been making an extensive tour of the west, and will stay in Winslow this summer.

Mrs. Mary Welmer of Appleton, Wis., arrived last week to see her brother, Frank Hicks, who is critically ill. Mr. Hicks is a pioneer of Winslow and a very much respected citizen. The wishes of his numerous friends are that he will speedily regain his health, and they also extend the deepest sympathy to his estimable wife and sister.

A native had a narrow escape from being buried alive out at the clinder pit the other day. He was engaged around the steam shovel, when a slide occurred. He immediately disappeared, and when his fellow workmen rushed to his rescue all that could be seen of him was the top of his head. He was quickly uncovered and saved from suffocation. He revived in a few minutes, and his injuries were found to be slight.

## The Best Cough Medicine.

I sell more of Chamberlain's Cough Remedy than all similar preparations put together and it gives the best satisfaction of any medicine I ever sold. I guarantee every bottle of it.—F. C. Jauch, Inland, Mich. This remedy is for sale by all druggists.

# DISAGREEABLE REFLECTIONS

The mirror never flatters; it tells the truth, no matter how much it may hurt the pride or how humiliating and disagreeable the reflections. A red, rough skin is fatal to beauty, and blackheads, blotches and pimples are ruinous to the complexion, and no wonder such desperate efforts are made to hide these blemishes, and cover over the defects, and some never stop to consider the danger in skin foods, face lotions, soaps, salves and powders, but apply them vigorously and often without regard to consequences, and many complexions are ruined by the chemicals and poisons contained in these cosmetics.

Skin diseases are due to internal causes, to humors and poisons in the blood, and to attempt a cure by external treatment is an endless, hopeless task. Some simple wash or ointment is often beneficial when the skin is much inflamed or itches, but you can't depend upon local remedies for permanent relief, for the blood is continually throwing off impurities which irritate and clog the glands and pores of the skin, and as long as the blood remains unhealthy, just so long will the eruptions last. To effectually and permanently cure skin troubles the blood must be purified and the system thoroughly cleansed and built up, and S. S. S., the well known blood purifier and tonic, is acknowledged superior to all other remedies for this purpose. It is the only guaranteed strictly vegetable blood remedy. It never deranges the system or impairs the digestion like Potash and Arsenic and drugs of this character, but aids in the digestion and assimilation of food and improves the appetite. Being a blood purifier and tonic combined, the humors and poisons are counteracted and the blood made rich and pure, and at the same time the general health and system is rapidly built up and good health is established, and this, after all, is the secret of a smooth, soft skin and beautiful complexion.

**SSS**

If you have any skin trouble send for our free book, "The Skin and Its Diseases." No charge for medical advice. Write us about your case.

**THE SWIFT SPECIFIC CO., ATLANTA, GA.**

## Notice of Forfeiture.

Territory of Arizona, County of Cochise, ss.

To M. J. Sherlock, his heirs and assigns: You are hereby notified that I have expended one hundred dollars (\$100.00) in labor and improvements upon the "Aunt Betsy" Mining Claim, situate in Peralta Canon, Cochiti District, Berna lillo Co., New Mexico, as will appear by certificate filed February 8, 1896, in the office of the recorder of said County, in order to hold said premises under the provisions of section 2324 Revised Statutes of the United States, being the amount required to hold the same for the year ending December 31, 1902.

And if within ninety days from the serving of this notice, you fail or refuse to contribute your proportion of such expenditure, together with the cost of this publication, as a co-owner your interest in the said claim will become the property of the subscriber under said section 2324.

Dated March 19th, 1903.

RING WORM AND DANDRUFF.

They Are Each Caused by a Pesticious Germ.

Ring worm and dandruff are somewhat similar in their origin; each is caused by a parasite. The germ that causes dandruff digs to the root of the hair, and saps its vitality, causing falling hair, and, finally, baldness. With-out dandruff there would never be baldness, and to cure dandruff it is necessary to kill the germ. There has been no hair preparation that would do this until the discovery of New-bro's Herpicide, which positively kills the dandruff germ, always itching instantly and makes hair glossy and soft as silk. At all druggists. Take no substitutes. There is nothing just as good.

"Sold by leading druggists. Send for in stamps for sample to the Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents."

SANTA FE.

From the New Mexican.

Jose Claudio Martinez was arrested

by Deputy Sheriff Huber on the charge of forgery, preferred by Manuel Delgado. In February Martinez secured from Dr. J. M. Diaz \$20 and gave a note signed by himself and bearing the name of Manuel Delgado as surety. When the note was presented to the surety for payment, Delgado declared the signature to be a forgery, and the arrest resulted. Martinez is now in jail. He was under bond awaiting the action of the grand jury on a charge of assault.

Miss B. K. Gilday of Scranton, Kan., has been employed as principal of the Madrid public school for the coming term.

Mr. and Mrs. Samuel Eldott of the San Juan Indian Pueblo, are visitors in the capital city. Mr. Eldott is an ex-treasurer of this territory.

Dr. J. M. Diaz returned from Denver, Colo., where he spent a week with Mrs. Diaz, who has been in Denver the past three months. Mrs. Diaz will return home in the course of three weeks.

J. A. Conway of Charlton, Iowa, left for Las Vegas, and will go from there to Colorado and then home. He has been making a trip through Colorado, Utah, California and Arizona, and will probably return to Phoenix, Ariz., to spend the next winter.

John B. Harper of Durango, Colo., superintendent of irrigation for the Pueblo Indians, was in the city to secure pay for the workmen who have been employed at Cochiti on the irrigation system and tunnel constructed for the pueblo of Cochiti by the Indian office.

Col. R. M. Foree of the Arizona-Copper Belt and Gold Mining company of Globe, Ariz., is in the city. He has been at Denver purchasing machinery for his company, and while it is in transit will remain herewith his family. He will probably be here about three weeks.

Jerome Kennedy of New Haven, Ct., secretary of the Gibson Development company and of the Shaw-Gibson Mining company, in company with H. E. Gibson and T. B. Ward, left for southern Santa Fe county where the party will inspect mining properties owned by the Gibson Development company.

A. M. Bergere, Esq., arrived from a week's visit spent on his sheep ranch at Estancia in Valencia county. He reports that much rain fell during the past week in the Estancia plains and that several times the track laying gang of the Santa Fe Central railway was compelled to stop work on account of the rainfall.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

The uniform success of this remedy as made it the most popular preparation in use for bowel complaints. It is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. It is especially valuable for summer diarrhoea in children and is undoubtedly the means of saving the lives of a great many children each year. For sale by all druggists.

Run Over and Killed.

Wilbur Jones, the 8 year old child of Tom Jones, a well known cattle and mining man, was instantly killed last Wednesday afternoon, in front of his parents' residence, in Tucson. The boy attempted to cross the street and fell under the wheels of a heavy truck. His mother and aunt saw the accident. His father is on the way home from Chihuahua, Mexico.

Do You Enjoy What You Eat?

If you don't your food does not do you much good. Kodol Dyspepsia Cure is the remedy that every one should take when there is anything wrong with the stomach. There is no way to maintain the health and strength of mind and body except by nourishment. There is no way to nourish except through the stomach. The stomach must be kept healthy, pure and sweet or the strength will let down and disease will set up. No appetite, loss of strength, nervousness, headache, constipation, bad breath, sour risings, rifting, indigestion, dyspepsia and all stomach troubles are quickly cured by the use of Kodol Dyspepsia Cure. Sold by B. H. Briggs & Co. and S. Vann & Son.

COMMISSION APPOINTED.

Men Who Will Investigate Insane Asylum Charges.

Yesterday afternoon Governor Otero appointed the following commission to investigate the charges made against the management of the territorial insane asylum at Las Vegas and to inspect the asylum and all the matters connected with it. The commission consists of Rufus J. Palen, Santa Fe; J. F. McConnell, M. D., Las Cruces; E. V. Chaves, Albuquerque; George C. Bryan, M. D., Alamogordo; H. M. Dougherty, Socorro; Luis C. Hernandez, M. D., Las Vegas; W. C. Porterfield, M. D., Silver City; W. E. Gortner, Las Vegas, clerk and official stenographer.

Kodol Gives Strength

by enabling the digestive organs to digest, assimilate and transform all of the wholesome food that may be eaten into the kind of blood that nourishes the nerves, feeds the tissues, hardens the muscles and recuperates the organs of the entire body. Kodol Dyspepsia Cure cures indigestion, dyspepsia, catarrh of the stomach and all stomach disorders. Sold by B. H. Briggs & Co. and S. Vann & Son.

Old Citizen Dead.

Mateo Ortiz died at the home of his son, John R. Ortiz, in Santa Fe, Sunday afternoon and was buried yesterday morning at 9 o'clock. Requiem mass was celebrated at Guadalupe church. Deceased was born in Santa Fe and spent his earlier days here. He enlisted in the First regiment of New Mexico cavalry, commanded by Col. J. Francisco Chaves, and served during the civil war as a sergeant.

Elks' Meeting, Baltimore, Md.

We will sell tickets to Baltimore and return on July 16 and 17, with final limit of July 17 at rate of \$58.65. See ticket agent, F. L. Myers.

Denver, \$25.15 for round trip; Colorado Springs, \$22.15 for round trip; Pueblo, \$20.15 for round trip. Date of sale June 1 to October 15, inclusive; final return limit October 31, 1903. See local agent. F. L. MYERS.

National Educational Association, Boston, Mass., July 6-10, 1903.

One fare plus \$2 for round trip going and returning same route. Dates of sale June 30 to July 8, inclusive. If

Another club woman, Mrs. Haule, of Edgerton, Wis., tells how she was cured of irregularities and uterine trouble, terrible pains and backache by Lydia E. Pinkham's Vegetable Compound.

"A while ago my health began to fail because of female troubles. The doctor did not help me. I remembered that my mother had used Lydia E. Pinkham's Vegetable Compound on many occasions for irregularities and uterine troubles, and I felt sure that it could not harm me at any rate to give it a trial."

"I was certainly glad to find that within a week I felt much better, the terrible pains in my back and side were beginning to cease, and at the time of menstruation I did not have nearly as serious a time as heretofore, so I continued its use for two months, and at the end of that time I was like a new woman. I really have never felt better in my life, have not had a sick headache since, and weigh 20 pounds more than I ever did, so I unhesitatingly recommend Vegetable Compound."

—Mrs. Mary Haule, Edgerton, Wis., President Household Economics Club. —\$5000 forfeit if original of above letter proving genuineness cannot be produced.

Women should remember there is one tried and true remedy for all female ills, Lydia E. Pinkham's Vegetable Compound. Refuse to buy any other medicine, you need the best.

Upon his retirement from the army he took up his abode in that part of Bernillo county now known as Sandoval, where he lived until about five years ago. Since that time he has made his home with his son, at whose residence he died. He leaves two daughters, one at Cuba, New Mexico, and the other in Santa Fe. Modesto E. Ortiz and Louis Ortiz, of this city, are sons of deceased, and he was the step father of Benjamin M. Read, of Santa Fe, and Sheriff Alexander Read, of Tierra Amarilla, Rio Arriba county. Mr. Ortiz was a member of the Roman Catholic church and vice president of the Holy Trinity society. Deceased was about 75 years old and death was due to the infirmities of old age.

Presented with Navajo Blanket.

J. R. Burton, district deputy grand master, A. O. U. W., who has been here working for the local lodge, and who has materially increased the membership, was recently presented with a handsome Navajo blanket by the members of the lodge as a token of the appreciation of the work done by Mr. Burton. Mr. Burton leaves for Kingman, where he will institute a new lodge of A. O. U. W. and will then return to Williams.—Flagstaff Sun.

Ladies and Children Invited.

All ladies and children who cannot stand the shocking strain of laxative syrups, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They do not purge the system. Even a double dose will not gripe, weaken or sicken; many people call them the Easy Pill. W. H. Howell, Houston, Tex., says nothing better can be used for constipation, sick headache, etc. Bob Moore, Lafayette, Ind., says all others gripe and sicken, while De Witt's Little Early Risers do their work well and easy. Sold by B. H. Briggs & Co. and S. Vann & Son.

DO YOU EAT?

## Men's... Elk's Skin Shoe

\$3.50

Does the hot weather effect your feet? Do they get easily sore and tired? A pair of these shoes will give you relief. Elk skin is a soft porous leather that does not draw the foot, and yet takes a fine polish. The soles are moose hide, very flexible and perfectly noiseless. These shoes are made on a fashionable last and combine style with wear and comfort.

### STAPLE GOODS.

In choice groceries are always demanded by those who provide a generous table. And good housekeepers are always careful to deal at the store where reliable brands are furnished at the lowest prices. That is why the store of F. F. Trotter is so universally popular.

## Local Happenings

Thomas Kelcher, Jr., has returned from Camp Whitcomb.

W. M. Bell, the insurance man from Las Vegas, is here today.

Mrs. L. B. Putney, one of Albuquerque's most respected ladies, is reported on the sick list.

Mrs. Edward Gertig and child left today for Mansfield, O., where they are to spend the summer months.

J. H. Stingle, the hustling city attorney, has been laid up for repairs the past week. He was up and in his office this morning.

Felix Lester, attorney, is back in the east, and his Princeton college chums are enjoying his company. He will be absent several weeks.

Mrs. A. R. Gibson passed through the city yesterday for Santa Fe after a visit to relatives and friends in San Francisco and Los Angeles.

Tobias Espinosa, who has been on business and pleasure, was at Santa Fe yesterday, and from there continued on to his home at Chama.

F. L. Frazier of Santa Fe will come down from the capital tonight and continue west to Stanford university at Palo Alto, Cal., where he will take a position.

Professor Rupert Asplund will leave this week for a sojourn in the southern part of the territory, where he goes to work for the interest of the university.

The most prevailing "fad" in the city these days is the measles, and the latest victim is Ross Merritt, one of the book keepers at the Bank of Commerce.

Carl Holman, who graduated from the Central High school this year, returned last night to his home in Douglas, Ariz. His father, J. H. Holman, who has been here on a visit returned with him.

Miss Helen Rodey is at home from the Gunstan school in Washington, D. C. She is accompanied by a classmate, Miss Euphemia Davenport, of Charleston, S. C., who will spend the summer here.

Joshua S. Reynolds, the well-known banker, was here yesterday. After reading the able opinion of Judge Baker in the case against the county commissioners, Mr. Reynolds took the train last night for El Paso.

This week John D. Hughes of this city, a student at the territorial Agricultural college, was offered a position as draftsman at a Holyoke, Mass., factory. John declined and will finish his course at the college.

Mrs. Hanschmidt, matron of the Chillicothe Indian school of Oklahoma, was here yesterday and continued north to Oklahoma last night. The lady has been out on the Navajo reservation trying to get pupils for the Chillicothe school.

Tomorrow evening Miss Euphemia Nelson and Lieutenant Apple will be united in marriage. After the ceremony a reception will be held at the Nelson home on the Highlands, and then the happy couple will take a wedding tour, visiting the principal cities of the east.

Last night the Retail Merchants' association held a meeting at the Knights of Pythias hall, but, owing to a lack of a quorum, no business was transacted. Another meeting will be held Thursday night at which time nominations for officers for the ensuing year will be made.

Tomorrow night the Eagles of this city will celebrate their second anniversary, and in consequence a smoker with some fine side dishes, will take place at Knights of Pythias hall. If there be any visiting Eagles in the city, they are cordially requested to join the local birds in making the second anniversary celebration a big success.

Rain has been plenty here in the city the past week, and it has rained almost every day, too. The spring and summer have been exceeding cool. Taking everything together we've nothing to complain of, but rather everything to be thankful for. It looks as if New Mexico would be more prosperous this year than it ever has in years gone by.

Miss Alta Frye, who formerly resided here, and who has hosts of friends here also, was married, according to the Mexican Herald, to George W. Dwan, acting general freight agent of the National. They were married in Laredo, Mexico. The affair is a surprise to their friends. Both have the best wishes of all for their journey through life.

President Luther Foster of the Agricultural and Mechanical Arts college at Mesilla Park, and daughter, Miss Clara, are in the city today, and will leave for home this evening. They have been up in Santa Fe attending the territorial board of education meeting. Miss Waters, teacher of music, was also in attendance. She will remain a few days at the capital city, after which she will go to her home in Montana.

A lively race up Railroad avenue in a straight bee line, took place at 10 o'clock this morning. One of the horses on the transcontinental street car line broke loose from the driver, on being changed from one end to the

other end of the car at the First street crossing, and ran west on the avenue, dragging the single tree after him. At the Golden Rule Dry Goods company's corner the chain and single tree got twisted in some manner and held the horse tight. He was then captured and led back to the car. After that the car and horse proceeded on to old town without any further interruption.

Mrs. Maria D. Welch, 87 years old, died this noon at 403 Railroad avenue after a few days' illness from bronchitis. She and her daughter had been spending the winter in Phoenix and were en route for their home in Iowa City, Iowa, but were obliged to stop off here on account of Mrs. Welch's illness. The body was taken in charge by A. Borders and will be shipped east Friday morning.

Mrs. Juanita Galadon died yesterday from a complication of diseases at Atrisco. She was forty-six years old and leaves a husband and seven children. A. Borders prepared the body for burial. The time for the funeral has not yet been set.

The case of Tlegen-Nelson versus the Bluewater Land and Irrigation company is still occupying the time of the district court and bids fair to continue all day tomorrow. The ground is being fought over in great style and both sides are out to win.

W. R. Morley, the celebrated football coach of the Columbia eleven, arrived today from California, and will leave as soon as the trains are through for his home in Dattil. He expects to leave for New York about the first of September.

Prof. R. R. Larkin is in the city today. He has been up to Santa Fe attending the territorial board of education in the interest of the big book firm of Ginn & Co., of Boston, which he represents. The professor lives in Gallup.

A first class livery stable will be opened about the last of the month at 211 Silver avenue by the Ford brothers. The brick building is now well under way and will be furnished shortly. There will be stalls for forty-two horses.

Julius Elsemann, the Boston, Mass., wool buyer, is in the city, coming in from the north last night. Julius has just returned from a wool purchasing trip to the Pecos country, where he purchased many thousand pounds of wool.

The entries for the Typographical union in the union burro race on the Fourth of July are H. L. Dunning, jockey; A. Voight, pusher, and Frank Strother, pusher. The printers are willing to back their entries.

R. S. Platt, who was injured Sunday in a runaway accident, is still confined to his home. He is getting along nicely, but is pretty sore about his body from bruises.

A two horse furniture wagon belonging to W. L. Trimble & Co., ran away this morning and ran into Manager Pegue's buggy. Some damage was the result.

A suit has been entered in the district court by a malt and hop company, through their attorney, T. N. Wilkerson, against George K. Neher.

Police Officer J. S. Salazar has been off duty for a couple of days on account of illness. Officer Stewart is filling his position.

More rain has fallen in this city this month than in the whole of the previous year.

### CAPTURED AT RATON.

"El Paso Kid," Who Stole Jewelry, Brought Back to City.

City Marshal McMillin has the "El Paso Kid" behind the bars, and his hearing will take place some time this afternoon. Deputy Sheriff Newcomer brought the colored boy in from Raton last night. He is the one that is charged with walking away with some \$400 worth of jewelry belonging to Miss Lillian Williams on West Copper avenue last Friday afternoon.

### Commercial Club Meeting.

Tomorrow night the members of the Commercial club will hold an important meeting, and it is hoped a full attendance will put in appearance. A board of directors to serve for the ensuing year will be elected, and other important matters will be transacted. Let all members attend.

### Arizona Railroad Valuation.

The total assessed valuation of railroad property in Arizona for 1903 is \$6,449,552.78, being an increase of \$1,451,118.46 over that for 1902. This increase is due to the exemption expiring under which the Gila Valley, Globe & Northern, the United Verde & Pacific and 20.3 miles of the El Paso & Southwestern railroads were constructed, and the amount of taxes to be paid by the Santa Fe Pacific railroad company, whose road is to be taxed at the rate of \$175 per mile of main track. This is the tax fixed by act of congress, approved June 27, 1902, and it is estimated that this tax in equivalent to an assessed valuation of \$5,000 per mile.

### A Serious Mistake.

E. C. DeWitt & Co. is the name of the firm who make the genuine Witch Hazel Salve. DeWitt's is the Witch Hazel Salve that heals without leaving a scar. It is a serious mistake to use any other.
