## CLOUDBURST IN SOUTH CAROLINA

### Large Cotton Mill Washed Away by the Flood.

#### THE TOWN OF PACOLET WASHED OUT

#### Storm at Greenville Did Great Damage Along the Tiger River.

Atlanta, June 6.—A special from Spartanburg, S. C., says: Mill No. 1 of the Pacolet Cotton company at Pacolet was washed away last night by a terrible cloud burst, and mill No. 2 was totally destroyed. The dams of three mills were washed out. It is feared there has been loss of life, as the mills employed a large number of operatives who lived near the mills. The warehouse of No. 1 was washed away with the total stock of goods and cotton. The hotel, Presbyterian church, livery stable and many other buildings in the town were washed away. The flood is moving with the river and is sweeping everything before it. At Clifton, S. C., cotton mill No. 1 was destroyed and mill No. 2 was expected to be destroyed at any minute. The property loss in this part of the country is very large.

**Destructive Storm.**  
Greenville, S. C., June 6.—Reports are being received here of great havoc wrought by a storm last night and early this morning. The steel bridge across Tiger river at Arlington, several miles above here, has been washed away, and the Southern railway's trestle at Duncan is gone. Several houses and barns were washed away, and much property damaged at Greenville, S. C.

#### ALAMEDA DYKE STRONG.

Mayor Myers and Alderman Harsch visit River North of City.  
Mayor Charles F. Myers and Alderman 193 Harsch went to the river north of Alameda near Corrales bridge this morning and investigated the rise of the river and the strength of the Alameda dyke. They struck the river just south of the bridge and followed it up about one mile and a half. They made a careful investigation and returned to town at 3:30 o'clock this afternoon.  
They report the river slightly up, but that there is no danger of it going out of its banks. They found the Alameda dyke strong, with the exception of a few places, where stock have been washed in it.  
Mayor Myers has just returned from a trip east and laid over thirty hours in the flooded districts of Kansas. He saw enough flood and destruction there to make him watchful regarding the Rio Grande, so on Monday a force of men will be dispatched to Alameda to mend and strengthen the dyke in a few weak places. The work will require five or six men about as many days.

#### BARNETT AND MANN.

#### Two Albuquerque Horsemen Return From Trinidad Races.

#### SOME GOOD REASONS.

Joe Barnett and Emil Mann, who attended the Trinidad races, where they have horses on the track, returned to the city on the delayed passenger train this morning.  
When asked the reason why Shamrock and Shecam, Albuquerque's crack pacers, failed to win or get a place in yesterday's free-for-all pace, Mr. Barnett, with a smile on his face, said: "They were outclassed, run up against some fast company, and could not win, although Primrose went under the wire in one heat in 2:15, and she, with Shecam, was in every heat close up to the leaders, but—well, to make a long story short, they were defeated by pacers a little bit faster."  
Continuing, Mr. Barnett said that Young Hal, who was defeated the day before, was not in condition for a fast race, the animal having been hurt in the car en route from this city to Trinidad.

"I will remain at home until next Monday morning," remarked Mr. Bar-

nett, "when I will leave for Pueblo, to which city the Albuquerque horses will be shipped from Trinidad, and I hope that they will give a better account of themselves at Pueblo next week than they did this week at Trinidad."

Mr. Mann was also seen, and, although feeling a little bit disappointed over results at Trinidad, said he looked for the horses to do better at the other cities of the Colorado race circuit.

"As to Boone," said Mr. Mann, "he could not, for some reason, yesterday afternoon, have gone a mile in three minutes. He seemed to be entirely out of condition. Exodus was also out of condition, but when I left Trinidad was rounding into form and will no doubt be heard from at Pueblo."

Both gentlemen speak in high terms of the event won by Bonnie Treasure, and say that it was the greatest race, with the most exciting finish, ever seen at Trinidad.

#### Thursday's Races.

A dispatch to the Denver News from Trinidad, dated June 4, says: Today's attendance at the Elks' driving park was about 1,400. The weather man had the rain flag up and rain fell at times, but not enough to lay dust. The Santa Fe railroad sent its Tent City band to the track, where good music was furnished for three hours. From a professional viewpoint better races are seldom seen on any track in the entire country than those now in progress here. In yesterday's 2:35 pace five straight heats were done at 2:23 and better. In today's 2:25 trot, 2:23½ was the slowest mile. In the 1:59 cowboy race, a three-quarters of a mile was run in 1:19 and a mile in 1:48½. Frank Stone, the starter, who has figured in this capacity at many of the best tracks in the country for several years, says:  
"Yesterday's 2:35 pace was phenomenal and seldom is anything like it seen on the grand circuit. Just think of five heats and not the variance of a second in the time. Six of the horses failing to win were sent to the barn. It was certainly high class racing."

The sixth heat of yesterday's unfinished 2:30 trot was won today by C. K. W. Silver Dick second, Faustelle third. Time, 2:26½. The purse was divided in the order above named, with George M. fourth.

Today's summary:  
First race, trotting, 2:25 class, purse \$1,000—  
Jim Ferry ..... 5 1 1 1  
Bessie Birchwood ..... 1 6 6 5  
The Tont ..... 3 2 3 2  
Bay Leaf ..... 2 3 3 2  
Kirkwood, Jr. .... 6 5 5 4  
Susie R. .... 4 4 4 4  
Time: 2:23½, 2:23½, 2:23 1-3.

Second race, pacing, 2:19 class, purse \$500—  
Queen J. .... 5 4 1 1 1  
Gayfield ..... 1 1 2 5 4  
Stark ..... 2 2 3 2 2  
Young Hal ..... 4 5 4 3 3  
Johnnie B. .... 3 3 5 4 5  
Trilby C. .... 6 6 6 4 5  
Time: 2:24½, 2:24½, 2:24½, 2:24½ and 2:24½.

One mile running, cowboy race—Nig won, From Kansas second, Alfalfa third, Babe fourth. Time, 1:59.

One mile running—Crosby won, Bernala second, Pilot third, Ladea fourth, Basilus fifth. Crosby led from the jump and finished easily. Time, 1:48½.

Four and one-half furlongs, running—Cerra Santa won, Sandow second, Thishy third. Time, :57. Barney Owens, Percy Clark and Tonia also ran.

Five-eighths of a mile, running—Madam Bishop won, Bagalong second, George John third. Time, 1:03½.

Stumptown, Cora Havill, Welden and Light also ran.

Three-fourths of a mile, running—Fernandina won, Missile second, Scorpiolette third. Time, 1:19. Almsgriver, Sister Alice, Laspara and Joe Ferris also ran.

**Friday's Races.**  
The Elks' races at Trinidad closed yesterday. The track was in splendid condition and the weather was fine.

#### ILLNESS OF POPE

Aged Pontiff Suffering From Stomach Trouble.

#### PITTSBURG ZIONIST FEDERATION

Case Against Machen Dismissed by Commissioner Taylor.

#### POSTAL CONSPIRATOR UNDER BOND

Venice, June 6.—The Gazzetta Di Venetia asserts that the pope is suffering from intestinal inflammation, that he eats practically nothing and that his strength is diminishing. The paper adds: "Though there is no immediate danger there is room for apprehension unless an improvement is soon manifested."

#### Federation of Zionists.

Pittsburg, June 6.—The sixth annual convention of the Federation of American Zionists opened today, to be continued until Tuesday. The federation has for its object the colonizing of Palestine with Hebrews and assisting and encouraging the Hebrew colony already in Palestine.

#### CASE DISMISSED.

Machen Will Be Tried Under Indictment in Another Court.

Washington, June 6.—United States Commissioner Taylor dismissed the case against A. W. Machen, former superintendent of free delivery service of the postoffice department, which was pending before him. This dismissal is due to the fact that the grand jury indicted Machen yesterday, thus rendering further action before the court unnecessary. Mr. Machen was present with an attorney.

#### PUT UNDER BOND.

A Postal Conspirator Released on a Bond of \$5,000.

Baltimore, June 6.—C. Ellsworth Upton, of Powhattan, Baltimore county, an employee of the rural free delivery branch of the postoffice in Washington, who was arrested in this city yesterday on a charge of entering into a conspiracy with Thomas McGregor, a postal employee, and Charles E. Smith, a trunk dealer in this city, to defraud the government, was released on \$5,000 bail. Upton and McGregor will have a hearing before United States Commissioner Rogers on June 9.

#### NEW SUPERINTENDENT.

Mr. Allen Expected June 15—Supervisor Wright Goes to Pine Ridge.

#### COMES FROM NEVADA.

Supervisor Wright, who has had charge of the local government Indian school since the resignation of Superintendent Collins, expects the new superintendent, J. K. Allen, about June 15. Mr. Allen has not, as yet, turned over the Carson City, Nev., Indian school to his successor. As soon as Mr. Allen takes charge of the local school, Supervisor Wright will go to the Pine Ridge agency, S. D., where he will conduct an institute which will be attended by at least a hundred teachers and other employees. At that time over 500 Indians, with their children, will go into camp at Pine Ridge.

Denver Election Case.  
Denver, June 6.—Judge Mullins will, this afternoon, dispose of the injunction suits which prevent the canvassing of the votes cast at the recent election. After consulting with Judge Palmer this morning Judge Mullins announced that the cases would be consolidated and that he would hear them. Each side was given an hour and at noon had concluded arguments and the court intimated that the decision would be ready this afternoon. It is believed that whichever side loses will take the case to the supreme court.

#### Strike Broken.

Philadelphia, June 6.—Reports from the Manayunk district today indicate that the strike of textile workers there has been broken and a large number if not all of the strikers will return to work next Monday.

#### Committed Suicide.

Denver, June 6.—F. M. Roberts, the grand recorder of the Ancient Order of United Workmen, fired a bullet through his brain this morning, dying instantly. At a recent election of the

#### order Roberts failed of re-election, and his successor, C. N. Miller, took office today. It is not believed that there is any shortage, as the books only recently were checked up. Roberts had been drinking heavily the past two days.

#### Ohio Staatsverband.

Cincinnati, June 6.—Many visitors are arriving for the fifth state convention of the Ohio Staatsverband and from all indications the gathering will be the largest ever held by the German Catholic societies of the state of Ohio.

#### Hand Car Fatality.

Columbus, Neb., June 6.—Two men were killed and two fatally injured on a hand car that was run down by a stock extra near Genoa this morning. The stock extra was coming down the Cedar Rapids-Spalding branch of the Union Pacific. The section men were going to work up the track. The engine on the extra struck the hand car about a mile west of town.

#### Married.

On Thursday evening, June 4, at 8 o'clock, Jose M. Duran and Miss Francisquita Lucero were united in marriage at the San Felipe de Neri church, old town, Rev. Durante performing the ceremony. The happy couple will reside at No. 314 North First street.

#### LOCAL PARAGRAPHS

Regular meeting of the Woodman Circle will be held this evening at 8 o'clock.

Hon. Henry F. Ashurst, a prominent attorney of Williams, Ariz., is in the city on business.

The Italian band will concert tomorrow evening at Robinson park, commencing at 8 o'clock. A fine program has been arranged.

Rev. M. H. Calkins, D. D., Midland, Pa., will preach at Presbyterian church tomorrow morning. There will be no evening service.

The last issue of Colliers' Weekly contains a fine half tone cut of the statehood tableau of the President Roosevelt reception in this city, May 5.

Miss Leonora Nater from Indianapolis, Ind., will conduct the morning and evening services at the South Methodist church tomorrow. Everybody welcome.

J. R. Pisk, general agent for the Equitable Life Assurance society, with office at El Paso, was an Albuquerque visitor yesterday. He went to El Paso last night.

Superintendent I. L. Hibbard, of the Albuquerque-Winslow division, arrived from the west this morning in private car No. 411 attached to passenger train No. 2, and is spending the day in the city. He will return west tonight.

George Alexander, foreman for the Griego Mining company, owners of the Las Vegas mine in the Golden district, arrived in the city from that place last evening. He is buying supplies here today and will return home this evening.

Mrs. John Becker and son, Louis, returned to their home at Belen yesterday, after spending a few days in the city. Louis was a member of the class which graduated at the university this year. He will probably go east to college next fall.

The teamsters' of the city will meet one week from tomorrow, Sunday, June 14, and complete the organization of their union, by electing permanent officers and delegates to the Central Labor Union. Time and place will be announced later.

Mr. J. M. Butler, of Rochester, N. Y., who has been spending the winter months at the Alvarado, will leave on No. 8 this evening for St. Louis, where he will spend several days, after which he will leave for home. Mr. Butler speaks highly of Albuquerque and of the Alvarado management, and will return next fall again.

The feast of San Felipe, the program of which was published in the Citizen yesterday afternoon, will occur in the old town of Albuquerque tomorrow. Tonight, at 7:30 o'clock, solemn vespers will be sung, and just before these services the First regiment band will give a concert on the plaza. At 1 o'clock tomorrow afternoon, the band will give a concert on the plaza, and at 4 o'clock the solemn grand procession of the saint will take place.

George L. Davis, chief engineer for the Zuni Mountain railroad, now being constructed in the Zuni mountains, the property of the American Lumber company, arrived last night from Thoreau, the junction of the new road and the Santa Fe. He says that the building of the new road is progressing nicely. About four miles of track has been laid and the grade is made several miles in advance. Zuni mountain engine No. 4 is now running up and down the few miles of road already built.

#### A BIG FLOOD AT ST. LOUIS

River Front Stores Flooded and Traffic Retarded.

#### KANSAS CITY IS CLEANING HOUSE

Towns and Farms Near the City of St. Louis Flooded.

St. Louis, June 6.—The river today reached a stage of 34.7 feet, a rise during the past twenty-four hours of 1.2 feet and continues rising at about the same rate. All along the levee the water is up to the stores and the houses, in some of them it being at least a foot and more deep on the first floors. So far traffic in the river has not been greatly hindered, but when the water reaches a stage of thirty-six feet some of the boats will probably refuse to receive freight, as the approaches cannot be used, and the water will be too deep for teams to drive through. At the ferries, the loading of teams is done with great difficulty, the horses having to wade up to their shoulders.

#### CLEANING UP.

People of Kansas City Digging Out the Mud.

Kansas City, June 6.—Thousands of men and women, armed with shovels and brooms, are invading the west bottoms, following closely the receding waters, and by nightfall much will have been done toward restoring the wholesale and stock yards districts to their former condition of activity. The Missouri had fallen slightly over two feet during the past twenty-four hours, and a still greater district was uncovered. The Kaw also continues to recede at an increased rate. Today hundreds of flat cars loaded with sand and construction material pushed further west and began actively the work of construction of miles washed out or damaged tracks in yards of Armourdale and Argentine.

#### LEVEE BREAKS.

Several Towns and Farms Near St. Louis Under Water.

St. Louis, June 6.—The break in the great Madison county levee, which gave way yesterday, has widened, and today the water is rushing through a gap one hundred yards wide, covering 20,000 acres of fertile farm land and three villages—Oldenburg, Hatchell and West Granite. About 500 persons have been driven from their homes by the flood. The break is only a mile from the head of this great bulwark, which was regarded until this morning as the principal barrier between the river and east side cities, including East St. Louis. Back of the Madison levee is another mud embankment known locally as "the cross levee," which today is only three feet above the flooded wheat fields. This levee runs from Mitchell southwest, forming a junction with the Madison levee, one mile north of the Merchants' bridge. But while the cross levee protects Granite City, it does not protect the current which has this morning set in with terrific force through Venice, and it is within a foot of the top of several railroad embankments, which are now holding it back. The water is within one foot of the floor level of the relay depot in East St. Louis, which is representative of the altitude of the principal business and residence sections of East St. Louis.

#### CABINET MEETING.

President Roosevelt Gets Right Down to Business.

Washington, June 6.—President Roosevelt, refreshed and vigorous from his long western trip, appeared at his office in the executive building early this morning. He plunged at once into the mass of business awaiting him, excusing himself to all callers. To members of his cabinet he announced last night that he desired to have a meeting with them today. Before 10:30 o'clock the cabinet, with the exception of Secretary Shaw, had assembled in their room in the executive offices. They were in session shortly before noon. Postmaster General Payne and Secretary Root remained with the president after the other members had departed. Each member of the cabinet made a brief statement regarding conditions in his department, the postmaster general naturally consuming more time than the others in detailing the progress of the investigations in his department. Secretary Hay had little to report, as he

#### LOCAL PARAGRAPHS.

C. N. Cotton, the veteran merchant and Indian trader of Gallup, is here today.

Dr. S. Vann, eye specialist and Santa Fe watch inspector, who has been down on the Rio Grande division the past week, is expected home in the morning.

Progress is the order of the day and the Oliver typewriter is up to date. M. J. Yoran, who hails from Iowa, has established an agency here for these celebrated typewriters. See his advertisement in another column.

O. J. Hovey, the probate clerk of Sandoval county, was here on official business yesterday, returning to Sandoval this morning. He reports the water, an overflow from the river, pretty high on the lowlands between the bridge and the town of Sandoval.

B. A. Sleyter, the insurance agent, will leave tomorrow night for the north, on a visit to the New Mexico agencies of the Atlas Assurance company of London. Mr. Sleyter will first visit the northern towns and then, via Trinidad, go to Roswell, Eddy and other towns in that section of New Mexico. He will be absent about three weeks.

Hon. J. M. Sandoval was in the city yesterday afternoon, the foreman of about 40,000 pounds of wool. He stated to the Citizen representative that the lambing of his flocks averaged up with any spring for many years past, while the shearing proved excellent and the output a superior grade of wool. The wool is now in the city and will be sold to the highest bidder.

The funeral of Manuel Ruiz, whose tragic death was chronicled in The Citizen Thursday afternoon, took place this morning at 9:30 o'clock at the San Felipe de Neri church, old town, and was one of the largest funerals ever held in the church. The deceased was a well known member of the Mutual Protection society, and that lodge turned out to a man at the funeral. Music was rendered by the First regiment band. Burial was had in Santa Barbara cemetery.

#### THE "EL PASO KID."

Has \$400 Worth of Diamonds and Jewelry—McMillin Wants Him.

#### A BIG HAUL.

City Marshal McMillin wants a short interview with the "El Paso Kid," a colored youth from the Pass city, who has been here only a few days, but in those few days has "shined" as the real thing in the colored colony.

Now the "El Paso Kid" struck a position with Miss Lillian Williams on West Copper avenue. The round dollars didn't come in fast enough for the "Kid," so he resolved to borrow her jewelry, and yesterday afternoon some time between 4 and 6 o'clock he got away with the following articles:

One turquois ring, set with small diamonds, an emerald and diamond ring, a snake ring, a pearl crescent pin with a diamond in it, a gold locket and chain, a small diamond ring, a solitaire ring.

For some reason or other the police were not notified until nearly 7 o'clock. All trains are being watched and the city marshal hopes to have the "El Paso Kid" behind the bars in a short time.

## Keep Your Insides Cool!

Here's a man who thinks he has heart disease, and is scared half to death. His face is all drawn out of shape from fear and agony. Every time he eats, his heart "palpitates"—that simply means that his stomach is swelled up with gases from fermenting undigested food, and his heart thumps against his diaphragm. Nothing the matter with his heart. In the summer time, this gas distention is much worse, his whole body and blood get over-heated, and his heart and lungs get so crowded for room, that he gasps for breath. There he is, look at him! Every minute he expects to drop dead. As a matter of fact, all he needs is to stop that souring and gas forming in his stomach and bowels, help his digestion along, and keep cool inside. You all know that whenever something rots or decays, heat develops. Same in the body. Keep cool inside! Take a candy cathartic CASCARET every night at bed-time. It will work while you sleep, clean up and cool your insides, give you a regular, comfortable movement in the morning, and you'll be feeling fine all day every day. Heart Disease! Fudge!

### Caution!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup and especially for consumption, where there is difficult expectoration and coughing during the night and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. J. H. O'Reilly & Co.

### Ex-Congressman Dead at Las Vegas.

A dispatch from Las Vegas to the Denver Republican, dated June 3, says: Judge James Cobb of Tuskegee, Ala., died in this city this morning of tuberculosis. Judge Cobb for twelve years represented the Fifth Alabama district in Congress and for twelve years he sat on the bench of his state. In 1901 he was unanimously elected a member of the constitutional convention of Alabama. He was one of the best known and influential men of the entire south. Judge Cobb came here a month ago. His wife, son and daughter were with him when he died. Burial will be at Tuskegee.

That Throbbing Headache would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and build up your health. Only 25 cents, money back if not cured. Sold by all druggists.

C. O. Young, foreman of the pattern department of the local shops, and wife returned home this morning from Los Angeles, where they have been

sojourning the past month. Mr. Young, who was afflicted with rheumatism, is much improved.

The Santa Fe Central railway has just received its fourth locomotive, the same having arrived at Torrance.

The remains of Superintendent B. F. Egan, of the Great Northern railroad, who was lost in the mountains of Montana while hunting, November 4, have been recovered.

The Santa Fe is making preparations to install a big electric plant in the Raton shops. The plant will be used for lighting, handling and turntable and for general purposes around the works.

The Tucumcari Democrat says: Now that it is definitely known that Tucumcari will get the shops and general offices, and with three lines of railroads with divisions here, it will be one of the leading railroad centers in the territory.

Trainmaster E. J. Gibson, of the Albuquerque-Winslow division, who has been in the city the past few days with his family, left for the west this morning on delayed No. 7, which passed through the city this morning at 9:45 o'clock. He will return this evening.

A dispatch from Denver says: "E. L. Weiland, acting as delegate to the convention of the Brotherhood of Railway Trainmen, whose sessions are secret, was expelled after he had confessed he was an employee of a Chicago detective agency. All notes in his possession were secured."

The San Bernardino Sun says: Duncan Bell, formerly of the Santa Fe storehouse force in this city, is now located at Albuquerque. He was the tenor soloist in an oratorio recital given in the Duncan opera house, Las Vegas, a few nights ago. While here he sang several times in the First Methodist church.

The Brotherhood of Locomotive Engineers commenced with twelve members thirty-nine years ago and now numbers over 40,000 in the United States and Canada. In 1887 the insurance department was established, conducted on the assessment plan, and it has paid over \$12,000,000 in benefits to widows and orphans.

The Coronado Tent City band, which is touring the country advertising Coronado Beach, probably the most delightful resort of the kind on the Pacific coast, will arrive here tomorrow evening in private car attached to passenger train No. 7. The band contains forty pieces and is accompanied by A. A. Weiss, Santa Fe city passenger agent at Cincinnati, who will lecture on the environments of Coronado Beach. The lecture will be illustrated by stereoscopic views and is said to be very interesting. The band will be in

### "AUNTIES."

They Belong to the Whole Neighborhood.

That dear old neighbor we know as "Auntie" and who lived down the street was no relation of course, except that her tender old heart made her "Auntie" to all the young people. And how she did love the young mothers! One who remembers her says: "We could always depend on 'Auntie' for good sound advice. She was particularly well informed on food and what to use for certain troubles. After having taught in the public schools for years, my health became bad and I suffered frequently from indigestion. After my marriage I had indigestion so badly it became chronic. Owing to my condition my little baby did not get proper nourishment, and was a very delicate child. I had about decided to put her on artificial food altogether when the advice of dear old 'Auntie' put baby and I on the right road.

"She insisted upon my trying Grape-Nuts food, declaring that it would help me and give baby more nourishment, so to please her I did, trying it for breakfast. The result was so marked and so quick that I ate it for luncheon too, and I must say the change has been wonderful. I have good health now and baby is a strong active child.

"My mother says that Grape-Nuts helps her more and keeps her more cheerful and happy than anything else she has ever taken. Truly pure scientific food has great power." Name given by Postum Co., Battle Creek, Mich.

The housekeeper who reads the little recipe book in each package of Grape-Nuts is usually famous for her clever desserts.

the city over Monday and will parade the streets and give open air concerts.

General Superintendent Shepard, of the Santa Fe coast lines, arrived in this city yesterday from Albuquerque, where he has been for several days on a tour of inspection, says the San Bernardino Sun. Yesterday morning, he and Superintendent W. B. Beamer, of this division, left for a trip over the San Diego line on a trip of bridge inspection.

The Denver & Rio Grande railroad has sent two narrow gauge locomotives to the shops at Salida for a thorough overhauling. Upon the completion of the Santa Fe Central railway, the locomotives are to be put on the division between Santa Fe and Antonito and the run between the two points is to be made in five hours and a fast daily train service including Sundays will be installed.

T. T. Moore, of Venus, Texas, was given a verdict of \$1,600 at Cleburne, Texas, against the Gulf, Colorado & Santa Fe for damages. Plaintiff claimed that he had been bitten by a poisonous snake and was en route from Berwin, Indian Territory, to Venus, Texas, and that defendant road refused to put him off at his home, the train stopping only at the larger stations.

Orange shipments are running very low these days. Where a month ago there were eighty to 100 cars being loaded and shipped out of the local Santa Fe yards nightly, the daily consignment does not, at the present time, average over thirty-five cars. A tendency to "hold off" on the part of the growers for the fancy prices, which the late fruit brings on the eastern market, is said to be the reason for the slump.

A dispatch from San Jose, Cal., says: In this vicinity the prune crop is sufficiently developed so that the packers and growers alike are beginning to speculate on the extent of the crop and the opening price. The orchards appear to be in prime condition. The number of prunes on the trees is what is called an average yield. The size is large for this time of year and the ground is moist enough to resist any dry spell that is likely to come. It is believed both by the packers and growers that the price will open at about 3½ cents.

### Ladies and Children Invited.

All ladies and children who cannot stand the shocking strain of laxative syrups, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They do not purge the system. Even a double dose will not grip, weaken or sicken; many people call them the Easy Pill. W. H. Howell, Houston, Tex., says nothing better can be used for constipation, sick headache, etc. Bob Moore, Lafayette, Ind., says all others gripe and sicken, while De Witt's Little Early Risers do their work well and easy. Sold by B. H. Briggs & Co. and S. Vann & Son.

### Expensive Pullman Cars.

It is not generally known that the cost of a Pullman car of the ordinary type is considerably greater than the highest-priced locomotive.

The range of prices on a locomotive is from \$10,000 to \$17,000, while the ordinary Pullman sleeper rarely costs less than \$20,000, and in many instances much more.

Especially is this true of the private cars which all the roads own in considerable numbers for the use of their officials. Many of these cars cost from \$30,000 to \$60,000, and instances are on record where the cost of these traveling palaces is far in excess of the latter amount.

### WHERE TO WORSHIP.

## AT MESILLA PARK.

Closing of a Very Successful Year  
for Agricultural College.

### INTERESTING PROGRAM CONDENSED.

#### Special Correspondence.

Mesilla Park, June 4.—The commencement ball given last night and which proved to be a most enjoyable affair closed the events of the commencement week for the College of Agriculture and Mechanical Arts of this place. The week has been a very successful one, all of the exercises being well attended and many of the alumni and old students having returned from different parts.

The week was started by Miss Horning's reception to the seniors on last Saturday evening. Sunday morning came the baccalaureate sermon and was delivered by Rev. William E. Fry of Las Cruces. The subject of his discourse was "What Is Life?"

The competitive drill was held Monday morning between the various squads and privates. The medal for the best drilled private fell to Homer Neal; the medal for the best drilled squad went to Corporal Bouts. The competitive drill between the companies will occur early next fall. The medals awarded are handsomely engraved gold medals and suitably inscribed.

Tuesday was inspection of the college and all departments were open. The board of regents met in quarterly session to consider the recommendations of the faculty for the conferring of degrees upon the senior class. Professor Hare, now first assistant in the mechanical department, was elected to fill the chair recently made vacant by the resignation of Professor Goss. Charles Post was made first assistant, taking the place made vacant by Professor Hare. The position of professor of English was declared vacant on account of the resignation of Miss Edith Davis. Her successor was not finally acted upon.

Miss Davis has been with the college the past two years and she has done splendid work in building up her department, and it is with regret that she leaves here. Her future home will be in Topeka, Kan.

The allotment of the college printing was given the attention of the board and was awarded to the New Mexican Printing company of Santa Fe for the coming year.

The alumni banquet was given at the dormitory Tuesday evening, and a large number were in attendance. The dining room of the dormitory was neatly decorated with potted plants from the college conservatory, and the people were seated at a large horseshoe-shaped table. Addresses were made by President Foster of the college. President Williams of the Alumni association, Fannie French and Stanley McGregor of last year's class gave toasts to the class of 1903, and Miss Ina Nelson responded in behalf of the class. J. D. Tinsley gave a talk on "Alumni." Oscar C. Snow read a paper on "Duties of Membership," and Judge J. R. McFie of Santa Fe also delivered an address and presented, for the association, a gift from Theron Bennett, one of last year's class.

The officers for the coming year are: President, George M. Williams; first vice president, Frances French; second vice president, I. H. Stanley; secretary, Elizabeth C. Foster; treasurer, Charles L. Post.

The regular commencement program was arranged for Wednesday forenoon. Owing to the irregularity of the trains Rev. Mr. Moore of Santa Fe, who was to give the address was unable to arrive in time for the exercises. The graduates, four in number, read extracts and abstracts of their theses.

Miss Ina Nelson's thesis was on the "Minerals of the Little Mining Region"; Miss Fannie Ford's work was along the line of the birds of New Mexico; Orrick B. Metcalf gave a resume of his work on the flora of the Mesilla valley. Miss Maud E. McFie read extracts from her thesis which was on the "History of Mesilla Valley." All the theses this year have been of great value and were particularly interesting and well put together. All of them were started more than a year ago and the long and careful work has resulted in adding to the store of the college library.

The commencement ball at the rink in Las Cruces closed the most successful year in the history of the college.

#### Was Wasting Away.

The following letter from Robert R. Watts, of Salem, Mo., is instructive. "I have been troubled with kidney disease for the last five years. I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." Alvarado Pharmacy.

#### MEETINGS.

All Odd Fellows are requested to meet at I. O. O. F. hall on Sunday, June 7, at 10 a. m. sharp to attend memorial services. By order of N. G. D. G. Miller, secretary.

Members of the Woodmen Circle are requested to meet at Knights of Pythias hall Sunday afternoon at 2 o'clock sharp to take part in the decoration day exercises of the order.

There will be a regular meeting of Albuquerque Typographical union, No. 304, at Odd Fellows' hall, on Sunday afternoon, June 7th, at 2:30 o'clock. By order of George Hopping, president. H. H. Wynkoop, secretary.

Regular meeting Central Labor Union Monday evening at 8 o'clock at hall on West Gold avenue. Business of importance will be transacted. By order Robert Massey, president. Harman H. Wynkoop, secretary.

**WHEN BABY IS COMING USE Mother's Friend**

Woman's greatest dream of beauty and glory is when nature has chosen her to become a mother. Every faculty is keenly alert as she foresees the joy, ambition, success and the life-long satisfaction coming nearer, day by day, in the dear and innocent being so soon to see light, and the uncertainty whether she shall see a sweet girl or a brave boy face beside her on the pillow adds zest to her expectancy.

Mother's Friend applied externally throughout pregnancy will relieve the pain of parturition, and no mother and child can fail to be healthy, hearty, strong, clear complexioned, pure blooded and cheerful in disposition, who are mutually influenced by the continued use of this great liniment. MOTHER'S FRIEND. Buy of druggists, \$1.00 per bottle. Our treatise "Motherhood" mailed free. THE BRADFIELD REGULATOR CO., Atlanta, Ga.

Arizona Miners Walk Out When Employers Attempt to Reduce Wages.

### NEW SCALE SHOULD BE ADOPTED.

A telegram from Phoenix, Ariz., dated June 3, says:

Several thousand miners are idle in Arizona because of attempts to reduce the wage scale by mine operators as a result of the eight-hour law, which became effective on June 1. Thirty-five hundred men are out on strike at Clifton and serious labor troubles are brewing at Jerome and other camps. The eight-hour law has caused no disturbance at Bisbee, where the eight-hour day was adopted years ago. At Tombstone the eight-hour law went into effect without friction, and there was no reduction of wages, though the customary day hitherto consisted of ten hours. At Clifton and Morenci the operators held a conference, following which they offered to the miners nine hours' pay according to the prevailing scale for eight hours' work in the future, declaring that they were operating on a margin of profit which would admit of no greater concession. The miners, acting under instructions of the federation, refused to accept the overtures and went out on strike. The companies, however, anticipated this move and closed down all their works as soon as it was ascertained that their proffered concessions met with disapproval and all hands have been idle since Monday. Clifton and Morenci were ten-hour camps. The principal companies affected there are the Arizona Copper company and the Detroit Copper company, two of the leading copper producers of the west. The Shannon Copper company in that district lets its work by contract and probably is unaffected. In northern Arizona several mines have closed down and the men are locked out. Branch unions of the Western Federation have plastered the district with notices warning men from working at any of the mines closed down until the trouble with the men locked out is adjusted, although the operators declare they have discontinued operations for other reasons than the new law.

#### OFFICIAL MATTERS.

The following territorial funds have been received by J. H. Vaughn, territorial treasurer: From H. O. Bursum, superintendent of the territorial penitentiary, convicts' earnings, \$181.

#### Coal Statement.

The following coal declaratory statement was made at the land office: Samuel H. Wallace, Denver, S. ½, SE ¼, section 8 and N. ½, NE ¼, section 17, T. 31 N., R. 1 W., 160 acres in Rio Arriba county.

#### Appointed Captain.

Governor Otero has appointed W. C. Porterfield of Silver City as a captain in the first regiment of infantry, New Mexico national guard. He is assigned to duty as commissary officer on the staff of the colonel commanding the regiment.

#### Land Office Business.

The following homestead entries were made: Manuel M. Trujillo, Rayado, 160 acres in San Miguel county; Trinidad Rael, Santa Rosa, 160 acres in Leonard Wood county; Gabriel Chacon, Santa Rosa, 160 acres in Leonard Wood county; Primitive Martinez, Wa-

#### His Last Hope Realized.

From the sentinel, Gobo, Mont. In the first opening of Oakland to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping up on his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The reason for bowel disorders being at hand suggests this item. For sale by all druggists.

gon Mound, 160 acres in San Miguel county.

#### Deputies Appointed.

Page B. Otero, territorial fish and game warden, has appointed the following deputies: A. M. Hubbard, Aztec, for San Juan county; Dr. L. G. Rice, Elk, for Chaves county; George D. Young, A. D. Rauch, Hugh Allen, Vermijo; W. G. Logan, Cimarron; Wade Brackett, George Doyle, Frank Hadden, Catskill, all of Colfax county.

#### Agents Designed.

The Sierra Florida Mining Company, organized under the laws of New Mexico, but a majority of whose stockholders reside outside the territory, has filed a certificate with J. W. Reynolds, territorial secretary, designating place of business in the territory and the name of the local agent. The agent is J. J. Smith and the principal place of business is at Deming, Luna county.

#### Survey Approved.

Mineral survey No. 1154 has been approved by Surveyor General Morgan O. Llewellyn. The survey is of the Cashere group comprised of the Northern Light, Pay Roll, Cashere and Newfoundland lode mining claims situated in the Keystone mining district in Toas county. The claimants are the Cashere Mining and Milling Company of Toas county, and the survey was made by William E. McKean of Toas, deputy United States mineral surveyor.

#### Incorporations.

Articles of incorporation were filed with the territorial secretary by the White Mountain Mining and Development Company. The incorporators are: J. W. Sanson, M. H. Garland, E. V. Estelle, of Chaves county, New Mexico; J. Mack Smith of Eddy county; W. F. Peacock of Lincoln county. The board of directors is to have a membership of five stockholders of the company and the first board is composed of the incorporators. The company is authorized to buy, sell, lease and develop mining claims and to place necessary machinery for the same in Lincoln county, New Mexico. The principal office is to be at Roswell in Chaves county, and the term of existence is fifty years. The capitalization is \$250,000, which is divided into 10,000 shares of the par value of \$25 each.

**TO KILL THE DANDRUFF GERM.**  
Is the Only Possible Way of Having a Permanent Cure.

If you see a woman or a man with luxuriant, glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin, brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, you remove the effect."

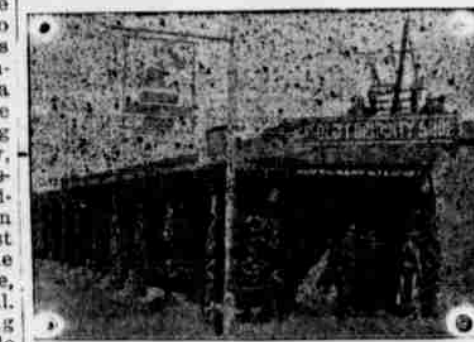

Sold by leading druggists. Send for in stamps for sample to the Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents.

## Ordinance No. 234.

Notice ordinance to build of vitrified brick a sidewalk on the west side of North First street, between West Fruit avenue and Mountain Road, abutting lots 11 and 12, of the Francisco Armijo y Otero addition, and blocks 8, 5 and 2, of the Northern addition.

Be it ordained by the City Council of the City of Albuquerque, New Mexico:

Whereas, in the opinion of the city council of the City of Albuquerque, New Mexico, the building of a sidewalk on the west side of North First street, between Fruit avenue and the Mountain Road, abutting lots 1 to 14, inclusive, in block 2, lots 1 to 12, inclusive, in block 5, and lots 1 to 10, inclusive, in block 8, of the Northern addition, and the unplatted portion of ground immediately south of said block 8, and lots 1 to 9, inclusive, in block 12, and lots 1 to 12, in block 11, of the Francisco Armijo y Otero addition; said lots in said block 2 belonging to and owned by the following persons respectively: Lot 1, Noa Ifield, trustee; lots 2 and 3, Irena Tagliatella; lots 4, 5 and 6, Noa Ifield, trustee; lot 7, Rosa Tagliatella; lots 8 and 9, G. L. Altheimer; 10 and 11, Noa Ifield, trustee; 12, 13 and 14, Noa Ifield, trustee; said lots in said block 5 belonging to and owned by the following persons respectively: Lots 1 and 2, Joseph Vajo; lots 3 and 4, John A. Cuneo and Mrs. John A. Cuneo; lots 5 and 6, Noa Ifield, trustee; lots 7 and 8, Cesarina A. Sawtelle; lot 9, Noa Ifield, trustee; lots 10, 11 and 12, George Timmis; said lots in said block 8 belonging to and owned by the following persons respectively: Lots 1 and 2, Noa Ifield, trustee; 3 and 4, Frances Cornog; lots 5 and 6, Mildred A. Hall; lots 7, 8 and 9, Rose B. Delaney; lot 10, William Kieck; said unplatted portion south of block 8 and at the north end of said block 12 belonging to and owned by Francisco Armijo y Otero; said lots in said block 12 belonging to and owned by Francisco Armijo y Otero; said lots in said block 11 belonging to and owned by the following persons respectively: Lots 1 to 10 inclusive, Francisco Armijo y Otero; lots 11 and 12, Albert R. Armijo; is necessary.

Section 1. That the above described sidewalk be and the same is hereby ordered to be built of vitrified brick, six feet in width, on flat, cross bound, with edging of curbing brick not less than 2x8x8 on end, the surface to be curved and raised one inch at center, and built in accordance with the grade to be furnished by the city engineer; said sidewalk to be begun and completed within sixty days after publication hereof and service of a copy hereof on the respective owners of said lots and property, abutting on said sidewalk.

Sec. 2. That the city marshal be and is hereby ordered to notify the respective owners of the said abutting property, or if they be non-residents of the city of Albuquerque, then the agent or person in charge of said property by delivering a copy of this ordinance to each of them or such agent or person in charge, or if there be no such agent or person in charge, then by posting a copy hereof in a conspicuous place on said lots or property within ten days from the passage hereof, and make due return thereof to the city clerk with the manner of service thereof endorsed on a copy hereof, and that the said respective abutting owners shall be hereby notified and ordered to build said sidewalk the full length of their respective abutting lot or lots or property, of the material and dimensions and within the time above specified, and if they should fail thereof, the city will, by authority vested in it by legislative act of the territory of New Mexico, entitled "An act to authorize the building and repairing of sidewalks in cities, towns and villages," proceed to build said sidewalk, and tax the costs of the construction thereof against the lots or property adjoining thereto and the respective owners thereof.

Duly passed by the city council of the city of Albuquerque, New Mexico, this 1st day of June, A. D. 1903.

## A SUGGESTION.

Non-Sectarian and Non-Partisan Society Should Be Established.  
Gallup, N. M., June 4.

Editors Albuquerque Citizen:  
Dear Sirs—Should you deem it advisable to publish the enclosed "suggestion," do so. Kindly call the attention of the Hon. B. S. Rodey to the "suggestion"; he may place himself at the head of that society and organize that movement.

He knows more than any one how much has been said and written against New Mexico of late by persons living in the territory. Something ought to be done to keep up agitation against our defamers. We want statehood, and must not be represented under a false light.

Should I be of any service to the society, in case it organizes, I will do my best to give my share of help.

Respectfully yours,

GEORGE J. JULLIARD.

## A Suggestion.

Editors Citizen:  
The people of this territory are greatly indebted to you for your timely vindication of their character.

Still something ought to be done. If the slanders are to be heaped continuously upon us (and it bids fair that they would) a non-sectarian and non-partisan truth society should be established, securing the help of the New Mexico press.

The mission of the society would be to denounce and refute calumnies brought against the inhabitants of New Mexico.

The political as well as religious bigots would soon realize that the Lord's command, "Thou shalt not lie," has a human sanction, a sanction of public contempt, which they will dread more than the divine one.

Respectfully yours,

D. J. VILLAR.

## Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists, G. G. Green, Woodbury, N. J. J. H. O'Reilly & Co.

All Woodmen take notice! You are requested to report at the hall on Gold avenue on Sunday, June 7, at 2 p. m. sharp to take part in decoration day exercises. All visiting brethren cordially invited to join in. Public also invited to the cemetery. D. E. Phillips, clerk.

The White Elephant for a delicious fine free lunch tonight. Drop in and lunch with us.

The Fourth of July season is now getting pretty close, and dealers and those contemplating buying fireworks should lose no time in placing their order. The destruction of factories manufacturing specialties will leave many wholesalers entirely without the most salable lines. The Los Angeles Fireworks company has, however, secured a full line and can make an immediate shipment of every item on the catalogue, which will be mailed on application. Both the company and their agents will adhere to the prices quoted throughout the season. The quality of their goods and methods of doing business is too well known in this section to need any comment.

If you enjoy a lunch Saturday night before going home, you will be served at the White Elephant.

Look into Kleinwort's market on North Third street. He has the nicest fresh meats in the city.

## Local Happenings

J. P. McMurray of Las Vegas was in the city.

J. J. McCormack of Santa Fe was in the metropolis yesterday.

J. Nestor Ortiz and wife, of Ortiz, Colo., passed up the road for home yesterday morning.

Hon. Eugene Fleke, the well known Santa Fe attorney, was here on some important legal matters.

A. C. Abeyta, a prominent merchant of Socorro, passed through the city yesterday en route to Santa Fe.

Hon. G. A. Richardson, chairman of the irrigation commission of New Mexico, is at Santa Fe from Roswell on official business.

H. T. Conger and wife, of Espanola, who were on a visit to California and the Grand canyon, passed up the road home-bound yesterday.

Miss Durling, of Las Vegas, who has been attending the College of Agriculture and Mechanic Arts at Mesilla Park, passed through the city this morning en route home.

Dr. S. M. Lane, a prominent physician of Silver City, and family, passed through the city this morning en route to Denver. They will stop a few days at Glorieta and fish.

William White and daughter, of Las Vegas, were in the city between trains this morning, while en route home from Los Angeles, where they have been spending a month.

Those who have trotters and those who hire, had better have a care and not get to going too fast over the Coal avenue viaduct. A policeman will keep his eyes open and any offender will be treated with a visit to Judge Crawford's court.

The Citizen has received the following marriage announcement: "Mr. and Mrs. T. H. Seymour announce the marriage of their daughter, Harriet Louise, to Mr. Albert E. D. Caracallen, on Wednesday, the third day of June, 1903, at Mesa, Ariz."

Mrs. M. W. Flournoy and daughter, Miss Nell, with their guest, Miss Jeanette Walton, will leave next Tuesday night for Terminal Island, southern California, where they will take possession of the Flournoy cottage and will remain away for several months.

There will be no base ball game on Sunday afternoon at the fair grounds. The Raton ball team can not come, and Manager Berry reports the diamond in bad condition owing to the rains of late. The following Sunday a good game will be provided.

Henry M. Donahoe has moved his wife and daughter, Miss Ruth, out to his sheep ranch for the summer. Mr. Donahoe is located between Laguna and American valley. He reports a cold backward spring in that section, and says that he will not save more than fifty per cent of his lambs.

B. G. Adkins, who sells "dry climate cigars" over the western half of the United States, spent the day in the city visiting local trade and will leave tonight for Gallup. He expects to return to Albuquerque next Tuesday. He says that he sells more cigars in Albuquerque than any other town of its size that he visits.

Miss Edith Davis, who was instructor of English at the New Mexico College of Agriculture and Mechanic Arts, at Mesilla Park, the past year, passed through the city this morning en route to Topeka, Kan., where, in the near future, she will become Mrs. Bowen, wife of Dr. Bowen, a prominent physician of the Kansas capital.

George H. B. Putney.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

The uniform success of this remedy as made it the most popular preparation in use for bowel complaints. It is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. It is especially valuable for summer diarrhoea in children and is undoubtedly the means of saving the lives of a great many children each year. For sale by all druggists.

Rev. W. A. Cooper, who was at Mesilla Park in attendance at the meeting of the board of regents of the New Mexico College of Agriculture and Mechanic Arts, has returned to the capital city. It is understood that the regents awarded the printing for the college to the New Mexican Printing company for the fiscal year ending June 30, 1904.

Chamberlain's Stomach and Liver Tablets are just what you need when you have no appetite, feel dull after eating and wake up with a bad taste in your mouth. They will improve your appetite, cleanse and invigorate your stomach and give you a relish for your food. For sale by all druggists.

James Wikerson, vice president and general manager of the Albuquerque Scouring Mills, said this morning that the new mills just recently moved and reconstructed north of the city is the finest plant of the kind in the country. Mr. Wikerson has built and owned four different scouring mills,

but none as fine and as well equipped as this one. He is also much pleased with the electric power with which the new mills are supplied. Next Sunday the new mills will begin running night and day.

On the first indication of kidney trouble, stop it by taking Foley's Kidney Cure. Alvarado Pharmacy.

Back From Jemez.

J. W. Edwards returned Thursday evening from a week spent at the Jemez hot springs. Mr. Edwards was accompanied by his family, who will remain there during the summer. He says that the Jemez country is a wonderful country and contains a number of most interesting geological phenomena. It is a little cool up there yet and a fire is comfortable both morning and evening. It rained in the mountains most every day Mr. Edwards was up there, and on last Tuesday a heavy hail storm visited the country. The storm was so great that several inches of hail stones covered the ground. The mountains were white with hail.

On Decoration day, Commander Edwards and Dr. Shields, an old soldier residing at the springs, found and decorated the grave of a deceased comrade, who had been buried on the mountain side there. On Monday Mr. Edwards was joined by Capt. R. H. Greenleaf, and they went trout fishing on the Cebolleta river. They had good luck and caught some nice strings.

Ten Years in Bed.

R. A. Gray, J. P., Oakville, Ind., writes: "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." Alvarado Pharmacy.

HE SHOULD TUMBLE.

A Model Young Man Once, Now Very Muchly Otherwise.

Marshal McMillin is watching the antics of a certain young man, who, only a few years ago, was a model young man and one of the best clerks in this city. Since that date, drink has bloated his face, the comb for months has not been used on his head, tattered and torn is his clothing, shoes in the worse possible condition for wear, and his appearance, from top to bottom, does not belie the assertion that he had fallen into the class commonly known throughout the country as a hobo. He should take a tumble to himself on reading this notice, and either brace up or leave the city, so those who knew him when a model young man cannot see him in his present dilapidated condition.

Interacting to Asthma Sufferers.

Daniel Bante, of Ottumwa, Iowa, writes: "I have had asthma for three or four years and have tried about all the cough and asthma cures in the market and have received treatment from physicians in New York and other cities, but got very little benefit until I tried Foley's Honey and Tar which gave me immediate relief and I will never be without it in my house. I sincerely recommend it to all." Alvarado Pharmacy.

NIECE OF MARTYRED PRESIDENT.

Miss Grace McKinley Passed Through City This Morning.

Miss Grace McKinley, niece of the nation's martyred president, William McKinley, was in the city yesterday. She arrived from El Paso on the 7:10 train and left on the 8:30 train for the east. She was handed a message at the local station and seemed much troubled. She was traveling alone and paced the platform the hour and thirty minutes she spent in the city. She seemed anxious about the long wait the train made in Albuquerque and made numerous inquiries about the floods east and the possibility of the Chicago train getting through, or whether it would be better for her to go by way of Denver. She had a ticket that read Canton, Ohio.

This El Paso-Kansas City sleeper, which usually goes through, was cut off here and the passengers were compelled to take the Los Angeles sleeper, which was already crowded to stiffness.

Miss McKinley was one of the passengers who was annoyed by the change, and this also added to her displeasure. She wrote and sent several telegrams and took little interest in what was going on around her, although she was the cynosure of the large crowd of staring, inquisitive people, who gathered on it being whispered that the tall, handsome lady in the black dress and jacket was Miss Grace McKinley, the young lady that broke a bottle of champagne over the prow of the battleship Maine, when that noted cruiser was christened.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va., serves as example. He writes as follows: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by all druggists. Trial bottles free, regular sizes 50c and \$1.00.

## MINING NOTES.

John Kasser, of Hillsboro, has left Denver, where he has gone to purchase 11,000 feet of piping, and a boiler and pump for a pipe line which is to be laid from the Percha to the H. G. M. & M. company's mill in Ready Pay gulch.

C. L. Constant, a mining engineer of New York, is in Prescott, having arrived from the east. He is there for the purpose of examining the Lone Pine mine in the Big Bug district. He will probably remain for a couple of weeks.

The famous Great Republic group of mines, located near Grafton, Sierra county, and owned by Kingsbury Bros. & Co., has been bonded to eastern capitalists. It is reported that the properties were placed at \$80,000 and that a large amount of development work will be commenced at once.

Some 8,000 shares of North Percha Gold Mining and Milling company stock were sold at Hillsboro one day last week. There was no solicitation in the transaction, whatever, it was taken by men who believe that North Percha stock is a good investment. These properties are looking well.

It was the intention of the directory of the United Gold Mines company operating on the Alaska and other mines at and near Congress, Arizona, to put the stock of that company on the market June 1 at the opening price of 20 cents per share of the par value of \$1. Owing to unavoidable circumstances this will not be done before July 1.

George B. Upton, general manager of the Oro Grande mine in the Wickensburg district, is in Prescott, having come up from that camp, where he has been for the past few days, since his return from the east. Everything at the Oro Grande is prospering, and extensive preparations are being made for the erection of a forty stamp mill and a complete reduction plant.

In a report from the superintendent at the mines of the Bisbee Belle Copper company, in the Wickensburg district, Arizona, it is stated that a ledge of ore was opened up in the cross cut the other day and that at the time of sending the report they were working on fourteen inches of solid ore, assays of which gave: Gold, \$2.05; silver, 35; 30 3/10 per cent copper. The tunnel is now in 600 feet and the company expects to be soon ready to ship ore.

The Prescott Herald says: The Alice tunnel, Troy, is in 140 feet, working three shifts, making about six feet per day. The company expects to commence building reduction works on the north bank of the Gila river, near Riverside, as soon as the Phoenix & Eastern shall have reached that point. In one of the drifts on Alice, fourth level, a rich body of sulphide ore was struck, and the extent of it is not yet determined. The Buckeye still continues to yield copper ore in paying quantities.

Probably one of the largest mining ventures ever contemplated in New Mexico is the proposition of a syndicate of Colorado Springs capitalists who are about to organize a company to work a mountain of quartz located in the northern part of the Black range, this territory. Engineers have carefully examined the ground and estimate that there is in sight from 4,000,000 to 10,000,000 tons of ore that has a value of \$4 per ton gold. They figure that they can pump the water some twenty miles and save \$1 on each ton of ore treated. They propose to put up a 200 stamp mill to treat this ore.

During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. Alvarado Pharmacy.

## Free Medical Advice to Women.

All Letters

Are Strictly Confidential

Every sick and ailing woman,  
Every young girl who suffers monthly,  
Every woman who is approaching maternity,  
Every woman who feels that life is a burden,  
Every woman who has tried all other means to regain health without success,  
Every woman who is going through that critical time—the change of life—is invited to write to Mrs. Pinkham, Lynn, Mass., in regard to her trouble, and the most expert advice telling exactly how to obtain a CURE will be sent absolutely free of cost.

The one thing that qualifies a person to give advice on any subject is experience—experience creates knowledge.

No other person has so wide an experience with female ills nor such a record of success as Mrs. Pinkham has had.

Over a hundred thousand cases come before her each year. Some personally, others by mail. And this has been going on for twenty years, day after day, and day after day.

Twenty years of constant success—think of the knowledge thus gained! Surely women are wise in seeking advice from a woman with such an experience, especially when it is free.

Mrs. Hayes, of Boston, wrote to Mrs. Pinkham when she was in great trouble. Her letter shows the result. There are actually thousands of such letters in Mrs. Pinkham's possession.

"DEAR MRS. PINKHAM:—I have been under doctors' treatment for female troubles for some time, but without any relief. They now tell me I have a fibroid tumor. I cannot sit down without great pain, and the soreness extends up my spine. I have bearing down pains both back and front. My abdomen is swollen, I cannot wear my clothes with any comfort. Womb is dreadfully swollen, and I have had flowing spells for three years. My appetite is not good. I cannot walk or be on my feet for any length of time.

"The symptoms of Fibroid Tumor, given in your little book, accurately describe my case, so I write to you for advice."—Mrs. E. F. HAYES, 252 Dudley St. (Boston), Roxbury, Mass.

"DEAR MRS. PINKHAM:—I wrote to you describing my symptoms, and asked your advice. You replied, and I followed all your directions carefully for several months, and to-day I am a well woman.

"The use of Lydia E. Pinkham's Vegetable Compound, together with your advice, carefully followed, entirely expelled the tumor, and strengthened the whole system. I can walk miles now.

"Your Vegetable Compound is worth five dollars a drop. I advise all women who are afflicted with tumors, or any female trouble, to write you for advice, and give it a faithful trial."—Mrs. E. F. HAYES, 252 Dudley St. (Boston), Roxbury, Mass.

Mrs. Hayes will gladly answer any and all letters that may be addressed to her asking about her illness, and how Mrs. Pinkham helped her.

**\$5000 FORFEIT** If we cannot forthwith produce the original letter and signature of above testimonial, which will prove its absolute genuineness.

## The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mafiana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

## NEW MEXICO TOWNS

## GALLUP GLEANINGS.

A Batch of Clipped Local and Personal Paragraphs.

From the Republican.

Contractor Owens has been in town several days.

Edward Demps of Williamstown, Mass., spent a few days in town while on his way to Fort Defiance.

Mrs. Palmer Ketter left for Salt Lake City, where she will be the guest of Rev. J. A. Simpkins' family.

The family of Agent N. J. Hudson arrived from Williams Saturday, and will make their home in Gallup.

There is talk of building a band stand on the vacant lot opposite Chapman's barber shop. This would give the boys a chance to get out every week, and the business men should encourage it.

Undertaker Fred Finger went to Navajo Springs Sunday and exhumed the body of Kate Jenkins, daughter of Section Foreman Henry Jenkins, and prepared it for shipment to San Francisco.

Judge B. E. Adams, who was called here to deliver the Memorial address, is also grand chancellor of the Knights of Pythias of New Mexico, and while here made official visits to Gallup lodge No. 13 and Cloverdale No. 11 at Clarkville.

Julius Wetzel of Holbrook, who went through here a few days ago with thirty-three cars of sheep, returned Tuesday morning. The train was wrecked near Kinsley, Kan., and 1,700 sheep belonging to H. H. Scorse were killed.

August Motte is shipping 600 head of sheep to Colorado this week. He expects to ship about 3,000 more in a few weeks. The sheep will be taken there for pasture and after fattening will be placed on the market. We hope Mr. Motte may make all kinds of money out of the sheep business.

A party consisting of the following visited the Milk Ranch and Fort Wingate Tuesday: Mrs. C. N. Cotton and son Jack, Mr. and Mrs. W. H. Morris, Mr. and Mrs. S. E. Aldrich and son Ole, Mrs. Ed Morris, Mrs. Hills, Mr. and Mrs. W. F. Kuchenbecker, Judge B. E. Adams and Miss Kate McGinn. They report a very pleasant trip.

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." If you have any trouble with your stomach, why not take these tablets and get well? For sale by all druggists.

## TUCUMCARI NOTES.

A Base Ball Player Injured—"Paddy, the Lammer," Found Dead.

From the Democrat.

Miss Mattie Hodges of Puerto Is visiting friends in town this week.

Miss Minnie Tapp has accepted a position at the Tucumcari Furniture company.

A series of protracted meetings have been going on for the past week at the church which have been well attended.

One of the base ball players accidentally ran a nail in his foot Thursday. The nail ran almost through his foot, causing a very painful wound.

Jack Stewart and Bessie Marcus returned last week from the Roswell military institute. Bessie Marcus was the gold medal which he received in the oratorical contest.

An unknown man called "Paddy, the Lammer" was found dead near the railroad track east of the depot Thursday. He had been on a protracted spree for the past week which was probably the cause of his

death. He came from Santa Rosa about a week ago and it is said that his name was McDonald and that his family reside in Colorado Springs, also that he is a brother in law of J. J. Hagerman, the wealthy railroad man. There were no letters of identification found on him or anything by which he could be identified. His body was interred at the cemetery by the county.

## Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newton, Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by all druggists.

## DEMING DOINGS.

A Printer Hurt—Surveying Grounds for the Sanitarium.

From the Graphic.

Postmaster Clarke is on the sick list this week with a well developed case of mumps.

Miss Kirtz left for California, where she will spend the summer vacation. The best wishes of her friends here go with her.

Miss Josie Clark of Hanover came in last week to spend the summer with her cousin, Miss Nellie Deemer, of this city.

Clarence Langford received a severe though not a dangerous wound in the hip. He was taking a pistol from his pocket when by some means it was discharged, the ball taking effect in his hip, but fortunately did not reach the bone.

W. H. Lacey, foreman of the Headlight, fell on the sidewalk near the Headlight office, breaking his right arm and causing a severe sprain of the left wrist. The injury was dressed by Dr. Rexford and is doing as well as could be expected, though it will be some time before Mr. Lacey will be able to work again.

The following are the names of members of the sanitarium committee.

## THEY ALL SAY SO.

Not Only in Albuquerque but in Every City and Town in the Union.

If the reader took the time and trouble to ask his fellow residents of Albuquerque the simple question given below, he would obtain the one answer. If he would read the statements now being published in Albuquerque which refer to this answer, it would surprise him to note that they number so many. As many more could be, and may be, published, but in the meantime ask the first person you meet what cures backache? The answer will be Doan's Kidney Pills. Here is a citizen who endorses our claim.

Mrs. J. Hall, of 519 South First street, says: "One of my daughters suffered from backache for about eight months or a year. Sometime it was so bad that she was completely prostrated for a day or so at a time. I read about Doan's Kidney Pills in our Albuquerque newspaper and thought if they only performed half what they promised they might help my daughter and we went to the Alvarado Pharmacy for a box. In a remarkably short time the medicine took effect and a continuation of the treatment a little longer stopped the backache. We are pleased to recommend Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other.

whose names we did not get last week: Fire companies, Fred De Lacy; Confederate veterans, P. R. Smith or John Lester; Shriners, J. A. Kinnear; operatic and theatrical organizations, W. H. Greer; commercial travelers, John M. Cain; Miners' union, J. A. McCoy; Printers' union, W. H. Lacey. Mrs. W. R. Merrill, who has been quite sick for several weeks, is again able to be out.

Last week W. C. Wallis surveyed the Deming block and the depot block at the sanitarium grounds. Mr. Thurmond began work on the well for the Deming block, and arrangements are being made for other improvements as soon as the work can be done. Nine tents have been promised and new offers are coming in daily, while several persons are now waiting for tents to go into, and new inquiries coming in every mail.

## Warning.

If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Alvarado Pharmacy.

## SANTA FE SORTS.

High Wind at Capital—Divorce Suit—Prepares for Sunday School Workers.

The high wind blew a portion of the fancy work from the tower on the Santa Fe county court house.

R. L. Baca, clock in the department of education, has returned from several days' absence spent in the mining districts of Sandoval county.

Mrs. N. Salmon and daughter left for Bernalillo, where they will be met by Mr. Abousselman, whom they will accompany to Jemez, where Mrs. Salmon will sojourn for a season at the Jemez springs.

Charles L. Bishop has returned from the Presbyterian assembly at Los Angeles, to which he was a delegate. Before returning, he accompanied Mrs. Bishop to Sacramento, Cal., where she is now visiting.

Suit for divorce was filed in the First district court for Santa Fe county by Maximo Martinez vs. Viviana C. de Martinez. The plaintiff alleges that he was married to the defendant sixteen years ago, but that she deserted him and has refused to live with him since 1900, averring that she was jealous of him without grounds and made life miserable for him when they did live together. He asks for an absolute divorce.

A telegram was received stating that the Rev. R. A. N. Wilson, Colorado superintendent of home department, Pueblo, would be here certainly next Sunday to do some advance work toward arousing enthusiasm for the success of the coming Territorial Sunday School convention to be held here next week. The exact character of this work is not yet known.

## LAS VEGAS LACONICS.

A Few Short Paragraphs Culled From the Advertiser.

J. C. Bromagen is still a very sick man.

Miss Jessie Hild is out after a few days' illness.

Miss Elizabeth Ringley left for her home in Philadelphia.

S. R. Douglas is stopping at the La Pension from Washington, D. C.

Charles Leavett of Trout Springs was in the city celebrating his seventy-fourth birthday.

Dave Winternitz has bought the residence of Mrs. Mary Sellman on the corner of Main and seventh streets.

Mrs. Charles Hild and Louis Hild, who have been visiting in Germany the last four months, are expected home on Sunday.

Mrs. Aaron Rosenwald of Albuquerque, who stopped off to visit the family of E. Rosenwald a few days on her way to Denver.

Juanita F. De Archuleta, the wife of Aniceto Archuleta, died on the west side of child birth, and was buried yesterday. She was 24 years of age.

Rev. H. Hoffman, formerly pastor of the Methodist church here, but more recently of El Paso, Tex., accompanied by his wife and two daughters, left for their future home in Kansas.

Dr. F. A. Jones, who is taking the mining census of the territory, went up the road to Raton. He will visit most of the towns in the northern part of the territory before returning here.

Kodol Dyspepsia Cure cures indigestion, dyspepsia, catarrh of the stomach and all stomach disorders. Sold by B. H. Briggs & Co. and S. Vann & Son.

## Native People Improving.

The citizens of Old Albuquerque held a mass meeting Saturday night for the purpose of denouncing the Rev. Norman Skinner of Las Vegas, who it is claimed vilified the native people of New Mexico and their system of public schools at a meeting of Presbyterian ministers held a few days ago in Los Angeles, says the Gallup Republican. The native people are entitled to much praise for the great strides they have made in the way of education and good citizenship.

Can anyone suppose that we would double the necessary cost of our brewing without a vital reason?

Would we spend so much on cleanliness? Would we cool the beer in plate glass rooms? Would we filter all the air that touches it? Would we age it for months? Would we sterilize every bottle?

We do it to attain absolute purity—to avoid the remotest possibility of germs—to make Schlitz Beer healthful.

Why accept a common beer, brewed without any of these precautions, when Schlitz Beer costs no more?

Your dealer may prefer to furnish a beer that pays a little more profit; but does it pay you to permit it? Isn't pure beer—Schlitz Beer—worth asking for?

### ALUMNI BANQUET.

Happy One for University of New Mexico, Alumni, Graduates, Faculty and Guests.

### INTERESTING PROGRAM.

The annual banquet of the Alumni of the University of New Mexico was held in Recital hall last evening, and, notwithstanding the inclement weather, every one who had the right to be there was there. These occasions are always of an enjoyable nature, and bring back pleasant memories of days gone by that help to cement and keep together the bond of friendship that should ever exist between the men and women who have graduated from the University of New Mexico.

Seated around the handsomely decorated tables, besides the alumni, graduates and faculty, were Rev. and Mrs. W. J. Marsh, Rev. and Mrs. T. C. Beattie and Dr. and Mrs. Hope, members of the board of regents and Dr. Arthur Allen of the University of Colorado, who delivered the clever and very interesting and instructive commencement address Thursday evening.

The splendid menu that was discussed by the inner man was of a very complimentary nature to the ladies of the Congregational church, who had prepared it. It is needless to say all done ample justice to the food, and it is needless to add that the food will do ample justice to all.

Dean Charles E. Hodgkin of the faculty was at the helm and directed in the capacity of toastmaster to the queen's taste. Mrs. De Wolf and Mr. McKenna opened with a harp and piano duet and gave several other pleasing selections during the evening.

Miss Mabel Hunt told some of her views on "cranks." She says they are an underestimated class of people, for some of the greatest characters of history were at one time considered cranks. Professor Tipton said the ideal student always looks upon the bright side of life and is obedient to authority and is love with his work and play; that he is active in every line of college work and has faith in his own ability and is a gentleman at all times.

"The Campus" history was made interesting by Miss Huggert, and R. V. Chavez told about the history of education in New Mexico. Miss Parsons was funny with "Old Jokes" and many were repeated. She was followed by Professor Espinosa, who told the alumni what sort of a relative they should bear to their alma mater. The professor's talk was heartily applauded.

Dr. Allen spoke on the importance of the destiny of this great territory, and depicted in glowing terms what he firmly believed to be the not far distant future of New Mexico, and the great university which is to play so important a part in the upbuilding and advancement of the commonwealth. The doctor's remarks were listened to with marked attention.

The alumni banquet of 1903 was a success, and thus the year 1903 closes with marked progress in every way in the University of New Mexico over the preceding one.

Next fall we predict the largest freshman class in the history of the university.

### LOCAL PARAGRAPHS.

At the Church of the Immaculate Conception there will be mass at 5:30 every Sunday during the months of June, July and August.

Passenger trains from the east continue to arrive in a very irregular manner. Two trains arrived during the night and this morning. No. 1 of tonight will arrive about six hours late. No. 7 has been annulled. No. 8 from the west is reported to arrive on time. A special, running on the time of No. 4, which train was taken off June 4, will pass through the city about 12 o'clock. It will carry passengers.

Hon. E. A. Miera, the well known and popular republican politician of Sandoval county, is in the city today. He is a member of the board of commissioners of that county, a general merchant of Cuba, and one of the most successful sheep raisers of central New Mexico. He has just returned from one of his several sheep ranges, and reports his lambing first class. The shearing of his immense flocks is now in progress.

### Pierce in Prison.

E. W. Pierce, who at once time opened a law office in Las Vegas and Mora, is serving a term of seven years in the Idaho penitentiary on the charge of embezzlement. He will soon apply for a pardon, and has sent to New Mexico a statement of his side of the case, in which he claims he held the money in question from a husband, as he was acting as attorney for the wife.

## MRS. HELEN L. MOORE Did Not Care to Live.

## PAINE'S CELERY COMPOUND

Opened Up a New and Happy Life for a Lady Who Suffered Intensely From Nervous Prostration and Sleeplessness.

As summer advances we are too prone to neglect the little ill and the warning symptoms of disease, simply because we are not suffering acute pain. It is a well known fact that in summer we too often neglect the necessities of the system. Never forget that sleeplessness, nervousness, headaches, back and side aches are horrible reminders of fatal disease. We should therefore at this time grapple with the trivial aches and pains by using Paine's Celery Compound, the great blood purifier, nerve bracer, digestive regulator and system builder. Today tens of thousands are using Paine's Celery Compound with marvelous success, fortifying the system for

the weakening effects of the hot weather. Mrs. H. L. Moore, York Harbor, Me., says:

"One year ago last spring I was taken with nervous prostration. I was in such a condition that for six months I did not sleep any to speak of. I tried various kinds of medicines, but got no relief. I was induced by a friend to try Paine's Celery Compound, which, thanks be to God, has done me more good than all the medicines I have ever tried. My trouble was so bad at times I did not care to live. Now I am well and strong. I cannot say too much in praise of Paine's Celery Compound."

The Merchants' Lunch restaurant on South Second street is the place to get a good Sunday dinner for 25 cents.

Tonight at Zeiger's Cafe you will be delighted with the fine and wholesome lunch served.

It is the lunch we serve that draws the large crowds at the White Elephant every Saturday night.

The Club serves to please and are pleased to serve those appetizing Sunday evening lunches.

Fine Opportunity to Become a Musician.

It is the intention of the management of the Italian band to enlarge and raise the same to a concert standing.

Therefore an opportunity is offered to all young men, not under the age of 14 years, who have already some knowledge of music, to learn some of the different instruments necessary to fill the vacancies now existing in order to make the band at least 35 strong, and complete in its harmony.

We do not propose to open a conservatory of music, but we firmly expect under the training of such an expert leader and teacher as Prof. B. Ramirez has proved himself to be, to give the pupils sufficient musical culture and practical instrumentation, as is necessary to bring the band to a concert standing.

A very small monthly fee is required and no expenses for new instruments, as the starters, without any of their own, can practice on those now in the band's possession.

If any one would like to accept the above proposition he should present his application to Prof. B. Ramirez, from 9 to 10 a. m. and from 2 to 4 p. m. at Morelli Bros' tailoring establishment, 109 West Railroad avenue.

### OSTEOPATHY NEVER POISONS

The Body is Better Without Drugs.

Can You Give a Rational Definition of Osteopathy?

Osteopathy is a system of therapeutics, based upon a thorough knowledge of anatomy and physiology, enabling the practitioner to look upon the body as a perfect living, automatic machine. There are more defective spines on earth than paupers. Get your spines in good shape and your chances for health will be good.
