HANNA DAY IN STATE OF OHIO

State Republican Convention in Session.

ROOSEVELT ENDORSED FOR PRESIDENT

Hanna and Foraker Work Together for Republican Success.

Columbus, O., June 4.—The auditorium was packed again today when Senator Hanna called the republican state convention to order. The report of the committee on credentials, seating the Rouse delegates from Monroe and the Sands delegates from Hocking, was adopted. Before the convention assembled, Boorthman withdrew from lieutenant governor and promised to present Harding's name so that there was no contest for any nominations of general interest or importance. The general good will of the peace-makers was shown in the early proceedings, especially in the speech of Foraker in complimenting Hanna. After the report of the committee on permanent organization, Senator Hanna proposed Senator Foraker as permanent chairman, when the latter received a great ovation. Senator Foraker said:

"This was Hanna's year. Yesterday was Hanna's day, which he improved to the utmost extent in his great key note speech—the best he ever made." "Next year is Roosevelt year," continued Foraker, and he eulogized the president amid continued cheering. He congratulated the republicans in being united with their leaders this year and next year, and most of all, on their principles. The reports on rules and order of business were then made and the platform adopted as read. The name of Myron T. Herrick for governor was presented by Paul Howell, of Cleveland. The remainder of the ticket was nominated as follows:

Lieutenant-governor—S. W. Harding.

Auditor—W. D. Guilbert.
State treasurer—W. S. McKinnon.
Attorney general—Wade Hampton Ellis.

Supreme judge—Judge Augustus M. Summers.
[Note.—Synopsis of the platform is published elsewhere. The platform endorses Roosevelt for president and Hanna for United States senator.]

HEALTH OFFICERS NAMED.

Appointments Made by the Territorial Board of Health.

PHYSICIANS AND UNDERTAKERS.

The territorial board of health adjourned Tuesday evening after being in session in Santa Fe during the past two days. Many matters were disposed of. It was decided that the law with reference to the licensing of undertakers should be enforced.

The following physicians were given licenses: Henry S. Meyers, Deming; William W. Phillips, Roswell; S. C. Ross, Alamogordo; James A. Huleit, Raton; F. C. Blackwelder, Roswell; Fred A. Allen, Chama; William C. Klutz, Tucumcari; Edward B. Preis, Las Cruces; Robert M. Ross, Stegman; R. J. Thompson, Santa Rosa; F. G. Wilson, Gallup; A. A. McDonald, Fierro; Lincoln G. Rice, Elk; Pinckney M. Steed, Deming; Thomas A. Haxby, Clondcroft; E. B. VanArsdale, R. A. Wilson, Tucumcari.

The following undertakers were given licenses: F. H. Strong, J. W. Edwards, A. Borders, Albuquerque; Chas. Wagner, Santa Fe; Dr. F. Palmer, Cerillos; W. C. Burnett, Santa Rosa; S. W. Dearth, William Lewis, Las Vegas; A. J. Buck, Alamogordo.

The following physicians were appointed county health officers: Bernadillo county, G. H. Fitzgerald, Albuquerque; Taos county, T. P. Martin, Taos; Valencia county, William D. Radcliff, Belen; Colfax county, T. B. Hart, Raton; Socorro county, C. G. Cruikshank, San Marcial; Chas. George, C. Bryan, Alamogordo; Eddy county, C. N. Whitcher, Carlsbad; Lincoln county, T. W. Watson, Lincoln; J. L. Norris of Torrance and S. J. Fuller, Captain; Mora county, J. H. Ralls, Watrous; San Miguel county, B. D. Black, Las Vegas; McKinley coun-

ty, Edward Clayton, Gallup; Santa Fe and Sandoval counties, J. H. Sloan, Santa Fe; Leonard Wood county, M. F. Desmarais, Santa Rosa; San Juan county, N. E. Richardson, Aztec; Rio Arriba county, John R. Haynes, Park View; Union county, D. Charleston, Clayton; Dona Ana county, J. F. McConell, Las Cruces; Luna county, S. D. Swope, Deming; Quay county, J. C. Klutz, Tucumcari; Chaves county, D. W. Joyner, Roswell.

The auditing of bills and other routine business took up considerable of the time of the board and but little was accomplished at the first day's session owing to the fact that some of the members were unable to be present on account of interrupted railroad traffic.

A special meeting of the board will be held in Las Vegas on June 15, to consider the question of investigating the alleged unprofessional conduct of Dr. A. R. DaCosta.

FOREST FIRES.

Fires Cause a Loss of \$10,000,000 in New England.

Boston, June 4.—For the first time in many years the density of the smoke from forest fires produced a pronounced yellow atmosphere here today. The smoke was sufficiently dense to cause discomfort to those having sensitive throats and eyes. It is forty-seven days since rain in any appreciable amount has fallen in this section and during that time the losses from forest fires in New England have aggregated at least \$10,000,000.

Fires Creating Havoc.

New York, June 4.—Forest fires are creating havoc on Long Island. Dispatches today from places in the northern part of the state report that the forest fires have broken out afresh in the Adirondack mountains. Smoke and ashes from fires in this and neighboring states was the cause of peculiar atmospheric conditions about this city today. The sun was obscured and the haze hung over the river and harbor somewhat impeding traffic and the trolley and elevated road service was slightly delayed. The same atmospheric conditions prevailed at Utica and other cities in the central part of the state.

Canvassing Denver Vote.

Denver, June 4.—Judge Mullins issued an injunction this morning, at the request of attorneys for the civic ticket, restraining the city council from any manner interfering with City and County Clerk Aichele in canvassing the vote and issuing certificates of election. The official canvass was begun today by Aichele, assisted by Justices Hynes and Byrne.

Condition of Cotton.

Washington, June 4.—The department of agriculture cotton bulletin today shows the condition of cotton to be 74.1. The increase of acreage planted is 37 per cent or an increase of over million acres.

CORONER'S VERDICT.

Particulars of the Killing of Fidel Chaves in Railroad Yards.

VERDICT OF THE JURY.

Messrs. F. McSpadden, Ben Johnson, John A. Lee, E. H. Dunbar, McBrierty and H. Brockmeier, members of the coroner's jury selected to hold an inquest over the death of Fidel Chaves, who, yesterday forenoon at 10 o'clock, received injuries in an accident which occurred on the scrap track in the lower end of the local yards, from which he died at 3:30 o'clock in the afternoon, convened at 10 o'clock this morning before Judge Borchert. An account of the accident, in which Fidel Chaves and Teodosi Pals, members of the Santa Fe Pacific scrap track gang of the local yards were injured, was given in The Citizen of yesterday. The circumstances of the accident, which came out in the examination this morning, were very similar to those gathered by the reporter yesterday. Judge W. E. Heacock appeared at the inquest as attorney for the dead man's relatives and United States Attorney W. B. Childers, assisted by J. Staab, were present in behalf of the railroad company. Dr. Hope was the first witness called.

He stated briefly that he had been summoned to the Santa Fe hospital dispensary, at the lower end of Broadway, and found the injured man lying on a stretcher in his working clothes bleeding profusely from a laceration extending two-thirds of the way of the left thigh, and with one foot badly crushed. The blood was stanching.

Dr. Cutter, the local Santa Fe Pacific surgeon, was called. He stated that he was at the St. Joseph hospital when he received a telephone message that a man was at the hospital dispensary seriously injured. He ordered the patient brought to the hospital, where he and Dr. James H. Wroth, consulting physician for the Santa Fe, examined the wounds and decided that the foot should be amputated. The laceration of the thigh was extensive and so deep that a hand could be concealed in it. He also told of the successful amputation of the foot and of the patient's recovery, and his taking stimulants. He lived five hours after the operation.

George Aragon and Leonidas Abeytia, employees of R. P. Hall, of the Albuquerque foundry, were called and told similar stories of the accident. They were within a few feet of Chaves and saw the car strike him, and helped him from the ground.

TRINIDAD RACES.

Opened Tuesday and Exodus Was in a General Mix Up.

BONNIE TREASURER WINS.

The Trinidad races, given under the auspices of the Elks of that city, opened Tuesday. Exodus, owned by Emil Mann, was the only Albuquerque horse entered, but was in an accident, hence did not win.

A special dispatch from Trinidad to the Denver Republican says:

An accident, which came near proving disastrous in its results, marred the opening day of the Elks' races this afternoon. In the final heat of the 2:15 pace, with twelve horses in the field, L. D., in an attempt to gain the lead, stumbled, throwing his driver completely over his head under the feet of the horses following. Confusion followed in the close field behind in an endeavor to dodge the wreck. Horses plunged, sulkeys were upset and broken and drivers were thrown or jumped. All were in a heap and it is little short of miraculous that all escaped without serious injury either to drivers or horses. James Curl, driving Rose W., was thrown violently to the ground and received bruises and a severe shaking up, but was otherwise uninjured.

One of the prettiest events of the afternoon also occurred in this heat when Rose W., driverless, reined dragging and sulky smashed, paced right along as though nothing had happened and came under the wire going her best without having once broken.

The weather was ideal and a large and enthusiastic crowd packed the grand stand and bleachers. The track was in excellent condition and aside from the one accident everything went off smoothly.

Yesterday Afternoon.
This morning, W. L. Trimble received a message from Trinidad, giving him the information that his pacer, Bonnie Treasurer, had won the third, fourth and sixth heats, thus winning the race, in the pacing event yesterday afternoon. Time, 2:22½, 2:23, 2:34.

No other Albuquerque horse was entered yesterday afternoon.

In the races this afternoon, Young Hal, owned by Joe Barnett, is entered in the 2:19 pace, with nine entries. It is predicted that Young Hal will win. Tomorrow, in the free-for-all pace, Shecam, owned by F. E. Sturges, and Primrose, owned by Joseph Barnett, are entered, and one of them ought to come out of the race victorious. Boone, another Albuquerque horse and owned by Emil Mann, is entered in the 2:40 trot.

Joe Barnett and Emil Mann have been at Trinidad the past couple of days, and today were joined by Frank E. Sturges and son, Lloyd, who left last night for Trinidad. These gentlemen, before returning to the city, will accompany the Albuquerque string of horses to the other towns of the Colorado circuit.

DESTRUCTIVE FIRE IN STATE OF IOWA

Bloomington, Ill., June 4.—President Roosevelt was astir early this morning, and before the sun had climbed very high he was prepared to begin the last speechmaking day of his record-breaking transcontinental trip. After breakfast at the Hotel Illinois, the president reviewed the big military parade. The hour was early for a demonstration of the kind, but such an arrangement was necessary in order to suit the president's other arrangements. The parade was the biggest affair of the kind ever seen in this part of the state. Besides the many Spanish war veterans, whose annual encampment is in progress here, the line embraced several regiments of the Illinois national guard, a portion of the Twentieth infantry from Fort Sheridan, three sections of Gatling gun squads and a number of semi-military bodies. The soldiers gave a rousing greeting to the president, who repeatedly bowed his acknowledgments as the troops marched by the reviewing stand. Immediately after the parade was over the president and his party boarded their special train and departed for Lincoln and Springfield.

BANK OF COMMERCE.

Had a Birthday Anniversary on Tuesday, June 2.

A FEW INSIDE FACTS.

There was a birthday anniversary in this city on Tuesday. It was celebrated in a most orderly manner, so quiet that few knew how well the principal actors felt, but it was nevertheless an anniversary and one of those events that always shows up well for a growing, prosperous city, such a town like Albuquerque.

It was the beginning of the fourteenth year of the Bank of Commerce, and, from a small, weakling institution it has sprung into one of the big financial institutions of the southwest. Only a few years ago, say in the year 1900, the deposits of this bank only footed up several hundred thousand dollars, but now it takes more figures to write the deposits, for the million dollar point has been reached and passed.

This rapid increase in deposits can be attributed to the popularity of the institution, and the fair and honorable methods pursued by the officers in securing business.

By reference to an old advertisement and the present card, The Citizen sees the names of M. S. Otero, J. C. Baldrige, A. M. Blackwell, Solomon Luna, W. S. Strickler and W. J. Johnson then as now, as officers and directors, the additional names to the bank's directory now being William McIntosh, George Arnot and W. A. Maxwell.

The office force is as follows: W. S. Strickler, vice president and cashier; W. J. Johnson, assistant cashier; R. M. Merritt and Bert Vorhes, bookkeepers; Chas. White, stenographer and remittance clerk; Ray Stamm, collector.

As stated above it is now a giant among the banking institutions of the southwest, and its comparative increase in deposits, which are shown in every recurring publication of its statement, is a positive indication that the people place confidence in the Bank of Commerce.

about the station this morning and welcomed President Roosevelt during his ten minutes' stop here en route to Springfield. From the rear platform of his train the president delivered a brief speech. Cheers loud and long rent the air as the special pulled out of the station.

At Illinois Capital.

Springfield, Ill., June 4.—President Roosevelt spent four hours in the capital city of Illinois today and the welcome he received was one of the most enthusiastic he has encountered on his long trip across the continent. The special train reached the city shortly after 10 o'clock this morning and the president found a sea of humanity ebbing and flowing about the station and the adjoining streets. Soldiers and police formed an escort and cleared the way to the president's carriage. Governor Yates, Senator Cullom and other public men of the state were on hand to bid welcome to the chief executive of the nation.

The day's program was crowded with interesting features and the distinguished visitor was allowed scarcely time for a luncheon at the executive mansion with the governor and a number of invited guests. The chief event of the day was the dedication of the magnificent new armory building. The structure stands opposite the state house, and both inside and out it was elaborately dressed in flags and bunting in honor of the occasion. Ten thousand persons occupied seats in the auditorium, and many more were crowded into the aisles and other places where standing room could be had while they listened to the president's address. The president was introduced by Governor Yates, and

UNIVERSITY OF NEW MEXICO

Final Event of University Commencement to Be Held Tonight.

"HIAWATHA" SANG LAST NIGHT.

Tonight in library hall the graduating class of 1903 of the University of New Mexico will hold their commencement exercises. Twelve young men and women will receive their sheepskins, which they have been studying for. The graduates, and the courses which they have followed, are:

College of letters and science, bachelor of arts, Gustav Alfred Magnusson, Normal school—Lillian Gertrude Huggett, Sarah Frances Irwin, Harriet Kilo Bieghle.
Preparatory school, four years course—John Ralph Tascher, Louis Carl Becker, Morris Ramsey Bowie, Walter Rupert Aikeson.
Three years course—Gladys Childers.

Commercial school—Florence Leslie Fox.
School of music—Lucile E. Duckworth, Elizabeth Powers.

The program will be an unusually interesting one, and one that will be enjoyed by all who attend. Dr. Arthur Allin, of the University of Colorado, which is located at Boulder, arrived last night. He is to make the address this evening, and a scholarly one may be expected. This is the first time that the university has had an outside man to deliver the commencement address. The program will commence at 8 o'clock and is as follows:

Music—Coronation Invention—Rabbi Jacob H. Kaplan
Music—Pilgrim's Chorus—Verdi
Address—Dr. Arthur Allin
Music—Selected
Presentation of diplomas—Robert T. Blair.

Announcement and awarding of prizes.

Music—When Daylight's Going—Belini

"Hiawatha" Last Night.

Professor John Douglas Walker and the soloists, and the forty voices that sang "Hiawatha" last evening in library hall did it well. The audience was large and was pleased. Chevalier Pietro Buzzi, the noted tenor, was not present and this was the only thing that disappointed the audience. Professor Walker announced that Chevalier Buzzi had a bad throat and was unable to sing.

The cantata was carried out without a hitch. Edward F. Thomas, basso, did finely and fully sustained his reputation for having a fine voice. Professor Walker kept up his reputation, too. A listener remarked, "That if Walker knew his worth he wouldn't stay in Albuquerque." Miss Grace Houghton sang, "When I Think of My Beloved" in a way that stamps her a singer with a future. Miss Grace Welch also did well.

The cantata was a success.

MANY SCENES OF DESOLATION

Loss is Heaviest in Kansas City and Vicinity.

RAILROADS FLOODED IN STATE OF IOWA

The Mississippi River Rising at the City of St. Louis.

Kansas City, June 4.—Both the Missouri and Kaw rivers are receding at a much faster rate today. A fall in the Missouri of nearly three feet from the high point of thirty-five feet, recorded forty-eight hours ago, was shown by the government gauge at 7 a. m. The gauge at that hour registered 32.9, which was a foot and a half below the stage recorded at the same time yesterday. By nightfall it is predicted the stage in the Missouri river will be close to thirty-one feet. There was a corresponding fall in the Kaw. Notwithstanding the rapid decline the water about the union depot, which is the highest point in the flooded district, is still four feet above the first floor. While the conditions are vastly more hopeful a tremendous undertaking confronts the two cities. As the waters recede they are disclosing a wrecked slime covered area of five miles square. It is conceded by several engineers who have investigated the situation closely that the whole of the terminal system of the railroads in the bottoms will have to be rebuilt together with bridges that alone it is estimated cannot be replaced at under from \$5,000,000 to \$10,000,000. In the work of rehabilitation the greatest precaution will be taken to prevent an epidemic of sickness, because of the utter lack of sanitary measures. Sewers are washed out and must be entirely replaced, and even the pumping station, although it may be used temporarily, must ultimately be removed to higher ground and a complete new plant constructed.

At convention hall, where several hundred refugees have been housed since last Sunday, the sanitary conditions have become such that preparations are making for the immediate removal of the homeless. What to do with them is a serious problem. Water was turned on in the business district on the Missouri side today for the first time since Monday, but the flow was inadequate. The railway system was improved greatly today.

RIVER RISING.

St. Louis in Danger from a Heavy Flood.

St. Louis, June 4.—During the past twenty-four hours a rise of nine-tenths of a foot has been recorded in the river and at 9 a. m. the stage registered 32.1 feet. The extreme height of the flood here will, it is believed, be reached Sunday morning in a stage of thirty-five feet, which is five feet above danger line. Unless heavy rains set in this will be the highest point, but should there be more rain, river men believe all records since 1892 will be broken and thirty-six feet be reached and possibly exceeded.

The railroad tracks along the levee have been submerged. Trains on the Wabash, which run to suburban points have been interfered with and the station at the foot of Olive street has been abandoned. The Burlington tracks between St. Louis and Hannibal are under water for a considerable distance, but the running of trains has

NECK BROKEN.

Mariano Ruiz Meets Horrible Death at La Tijera.

FATAL RIDE OF HORSE.

Word reached the city this morning of the death of Mariano Ruiz, at La Tijera, in the Sandia mountains. Judge Crollott informs The Citizen that Ruiz was riding a horse, when the animal slipped in a hole and fell, Ruiz falling to the ground and broke his neck. Carlos Cervantes, a brother in law, and a daughter of the dead man left the city at 11 o'clock this morning for La Tijera. If the body is brought here, it will be placed in the hands of Undertaker Borders for burial. In that event funeral arrangements will be announced in tomorrow's Citizen.

not been materially affected. Passenger service on all roads running to Kansas City, west and northwest, is still badly crippled on account of the washouts.

At Carondelet (South St. Louis) the river is four miles wide, extending on the Illinois side to the Mobile and Ohio tracks, which alone serves as a protection to thousands of acres of farm lands. In North St. Louis the stream is three miles wide. No estimate of the damage can be given until the water subsides.

FLOOD IN IOWA.

Burlington Cut Off from Communication with St. Louis.

Burlington, Iowa, June 4.—By the breaking of the Hunt levee, south of Warsaw, the lowlands, through which the Carthage branch of the Burlington runs, has been flooded and the train service cut off, consequently there are no through trains from Burlington to St. Louis. The only means of getting to St. Louis from here is via Galesburg. It is reported that the Green Bay bottom levee south of Burlington fine farming lands. The river here is eight miles wide. All the inhabited islands of the Mississippi north and south of here have been deserted and stock taken off by steamboats. Both river picket offices here are under water.

BODIES OF THE DROWNED.

Six Bodies of Flood Victims at Topeka Found.

Topeka, June 4.—Six unidentified bodies, those of three men and three women, victims of the North Topeka flood, were picked up today at noon by some of the Ottawa rescue boats out of the Kaw river driftwood west of the city. A rope was tied around the body of one woman, and evidently she had been tied to a tree to prevent falling into the water. Many were forced to remain perched on limbs of

FOURTH OF JULY.

Arrangements for the Central Labor Unions' Big Celebration.

TO BE LARGEST IN SOUTHWEST.

Bang! Fizz! Clang! Roar! That Fourth of July celebration under the auspices of the Central Labor union of this city is what we are talking about.

Everyone will be talking about it in a very short time, and what is better, every man, woman and child from all over the territory will be here to celebrate patriot's day, if possible.

Where there is a will there is a way, and Albuquerque will have the largest number of visitors on that day it ever had.

The advertising committee, under the efficient direction of Chairman H. B. Henning, is already at work and the affair will be given the greatest publicity that any event has ever received in this section of the country.

Last evening the general arrangement committee met, with Chairman Henry Meyers at the helm. For two hours the committee discussed ways and means. A historic speech, or something else in the way of a historic nature will begin the program, after which base ball, field and track events, races and goodness knows how many other entertaining features will take place. In the evening one of the grandest displays of fireworks ever seen in New Mexico or Arizona will take place and this feature alone will be worth coming many miles to see.

Heretofore Albuquerque has celebrated the Fourth, but this coming celebration will eclipse everything ever held here or anywhere in the southwest. It is to be continued on Sunday, so that city people and the visitors can have two glorious days in which to celebrate.

There are no railroad mergers in the republic of Mexico.

This city should strengthen that dyke above Alameda.

The territorial printer is rather slow in printing the session laws. What's the matter?

The Ohio state republican convention, in session today at Columbus, passed resolutions endorsing Roosevelt for president in 1904. As Ohio goes, so goes the Union.

The Elks' lodge of Topeka has contributed \$1,000 to the relief fund for the flood sufferers. The Elks are the best people on earth, and they are doing a lot of good.

The Democrat has secured an excellent circulation liar editor. According to his latest story the paper has secured so many subscribers in this city that it cannot get boys enough to deliver papers to them. The Lord loves a cheerful circulation liar.

New Mexico has no disasters to report. The people of every portion of the territory are prospering. With the best climate in the world, no floods, no cyclones, no crop failures, this country is a Paradise in comparison with the water-soaked communities of the Missouri valley region.

Chinamen seem almost immune to the fiercest heat. Of the sixty lines of European steamers trading with the far east, only three use European firemen and they have to have coolies to assist them. The Chinamen, on the other hand, stand the heat of the stove pits for hours with no ill effects.

Irrigation received special attention from the president in some of his speeches in the arid region. The president can talk on this policy with a good deal of effect. He was an early champion of it. It was his recommendation in his message that encouraged congress to pass the irrigation bill. He signed it promptly.

A new reason for a pension has been discovered. William Spielman says he was born in 1862, and in 1863, while an infant, was left alone in a farmhouse between the lines of the union and confederate armies during a skirmish. He was so frightened by the musketry and cannonading that his nervous system was shattered, and he has been an invalid all his life. He therefore asks the government of the United States to put him on the pension rolls at the rate of \$30 a month.

SCORING A PREACHER.

The El Paso News says: "If Rev. Norman Skinner, of Las Vegas, is correctly quoted in his address before the Presbyterian mission board at Los Angeles, he deserves only sympathy for having blind misunderstanding of the people of New

Mexico, who are not of his religious faith, and therefore beyond his comprehension.

"The Albuquerque meeting which denounced the intolerant minister as a reverend jackass and a liar, who was but seeking to secure funds for church school work, ought to have but expressed sorrow for the denseness and narrowness of one who could thus misjudge."

"In saying that of 100,000 native people, 90,000 are as cattle, bartered and sold at public elections, ignorant and without any public school in the territory worthy the name; that all 'white people' looked with contempt upon the Mexicans, and that he needed strong men and women to Christianize the race, he exceeded in narrowness of vision and judgment any person who has gone on record."

GREAT CORPORATION.

When the new United States steel bonds are issued that corporation will have, all told, a total of \$500,000,000 of bonds, on which the annual interest charge will be \$25,450,000. Of these \$304,000,000 are the Carnegie first mortgage bonds, \$45,000,000 are the Union-Sharon Steel company bonds, \$150,000,000 are the new second mortgage bonds and \$10,000,000 are bonds on subsidiary companies. Last year the net earnings of the United States steel corporation were \$133,000,000, or five and one-half times the sum necessary to meet the total interest on the bonded debt. The directors of the steel corporation do not believe that there is the slightest possibility of the net earnings of the company ever declining below the \$25,450,000 required to pay the annual interest charges on the bonded debt. Even during years of the greatest business depressions, such as existed in 1893 and 1894, it is believed that the United States steel corporation will easily earn over \$30,000,000 net.

OHIO PLATFORM.

The following is a synopsis of the Ohio republican platform, adopted by the state convention, today, assembled at Columbus:

The republicans of Ohio rejoice in the results of the republican administration in the state and nation. It has promoted the welfare of the entire country. We commend President Roosevelt's fidelity to duty, his adherence to President McKinley's policies, and his own proved ability in his high office, showing him in every way worthy of election by the people to be their chief magistrate. We favor his nomination for president in 1904. The Ohio republican delegation to congress has honored the state in both houses. Senators Joseph B. Foraker and Marcus A. Hanna have splendidly maintained Ohio's leadership. The reelection of Senator Hanna is a distinct national demand upon our state and we hereby cordially promise him the unreserved support of the entire republican party of Ohio. The state administration is also commended. The balance of the platform is devoted mostly to state issues.

SYMPATHETIC STRIKES.

The injustice of sympathetic strikes has been often brought home, not only to the public which, having no direct interest in the disputes, has yet a very real indirect interest in prompt settlement; but also to the workers in the trades not interested in the immediate difference but called out to enforce the demands of another union.

The statement that sympathetic strikes are wrong is based on their wastefulness, and the fact that they visit the shortcomings or imagined shortcomings of a few upon a great number of innocent persons. It is not a legitimate weapon, any more than would be the slaughter of women and children by a general in a hostile country in time of war.

Sympathetic strikes often involve the breaking of contracts or agreements, a violation of fundamental principles that has too often been held lightly by organized labor. Unless contracts and agreements be kept, all business and social relations must end in chaos. The keeping of agreements lies at the very foundation of all business and industry and community life. It is the basis of all credit and esteem among business men and the absence of due regard for promises stamps a man quickly as an individual unworthy of trust and deserving close watching.

Organized labor cannot afford to maintain a position out of harmony with the established laws of social and business relations. The great work of organized labor has been done, and will always be done, by working through the laws and authorities and in harmony with the great onward

Genuine from Santa Fe Citizens—The Optic Denounced.

From Santa Fe New Mexican. The valued Las Vegas Optic expresses a belief that the telegram sent from this city on Friday last to the Los Angeles Times, denouncing the remarks made by the Rev. Norman Skinner, of Las Vegas, at the Presbyterian assembly in the former town a few days ago and published not only in the columns of the Times, but also by all the other papers in that city, was not signed in fact by the 33 citizens whose names were appended to it.

The New Mexican regrets to be compelled to take issue with its valued contemporary, but it is a fact nevertheless that every one of the 33 citizens whose names appear as signed to the telegram, signed it. In fact had the parties interested therein desired to have 333 signatures to the telegram and had they given the time towards procuring them they could have done so without trouble. They could have made it a thousand just as easily, as public sentiment is united upon the question and as the vast majority of reputable citizens were and are ready and willing to append their signatures to the statement as telegraphed and as published in the Los Angeles Times of Sunday last. This is a free country and the Optic is at liberty to look upon the question exactly as it chooses. This does not and will not prevent other newspapers and citizens from treating the question in a manner deemed best by them.

The New Mexican does not believe that the reporters who took down this speech of the Reverend Norman Skinner lied about it. It is but natural to suppose that the words were taken down by the stenographers at the assembly as he uttered them and that his language, as quoted in the Los Angeles papers, was as he delivered it. As far as this paper is concerned the word of the reporters, who were present at the assembly and reported the proceedings is good, any statement the Reverend Norman Skinner might make to the contrary notwithstanding. The Santa Fe citizens, who signed the dispatch and whose action is very severely criticized by the Optic in its last Monday's issue, knew what they were doing when they signed the same and they are perfectly ready and willing to take the consequences of their acts in this as well as in other matters.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

The uniform success of this remedy as made it the most popular preparation in use for bowel complaints. It is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. It is especially valuable for summer diarrhoea in children and is undoubtedly the means of saving the lives of a great many children each year. For sale by all druggists.

Second Degree.

The jury in the case of Dolores Nolan, a young woman of Wagon Mound, charged in the San Miguel county court with having murdered Juan Leyba while in a fit of jealousy, has returned a verdict of murder in the second degree. The verdict was returned Monday night. Leyba was about to desert the young woman after having paid her attention for some time and she shot him dead.

Why can't we come over to your house and play any more?

Because papa gets so mad when we make a little bit of noise.

What makes him that way?

Mamma says it's dyspepsia makes him act so crazy.

That's about the way it strikes the small boy.

The dyspeptic has no idea of his own unreasonable or harshness. Little things are magnified and seem to justify his quick anger.

There's health for the dyspeptic and happiness for the family by the use of Dr. Pierce's Golden Medical Discovery.

It cures diseases of the stomach and other organs of digestion and restores perfect health and strength, by enabling the perfect digestion and assimilation of food.

"I have taken one bottle of Dr. Pierce's Golden Medical Discovery and liver complaint," writes Mr. C. M. Wilson, of Warren College, Davidson Co., N. C. "I have had no bad spells since I commenced taking your medicine—in fact, have not felt like the same man. Before I took the Golden Medical Discovery I could not eat anything without awful distress, but now I can eat anything I wish without having slightest feeling."

Dr. Pierce's Pleasant Pellets cleanse and regulate the bowels.

A LONG-LETT WANT.

It is supplied at Last in Albuquerque. Good-natured people are often irritable.

If you knew the reason, you would not be surprised. Ever have itching piles?

Not sick enough to go to bed; not well enough to be content. The constant itching sensation. Hard to bear; harder to get relief; Spoils your temper, nearly drives you crazy.

Isn't relief and cure a long-felt want?

You can have relief and cure if you will follow the advice of a local citizen. J. Johnston, machinist in the Santa Fe R. R. shops, residence 705 South First street, says: "When a man has itching hemorrhoids commonly called piles and he has to work every day the annoyance becomes positively a plague and he is more than anxious to get rid of it. When Doan's Ointment first came to my notice I wrote to the manufacturers for a box and used it as directed. It stopped the attacks. I have not the slightest hesitation in advising all residents of Albuquerque if annoyed in any way with hemorrhoids or piles to go to the Alvarado Pharmacy, buy Doan's Ointment, take a course of the treatment and the annoyance will cease."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

Fireman Harry De Long has returned to work after enjoying a lay-off of several days' duration.

Engineer August Zeuz, who has been laying off some time suffering from an inflamed eye, is again able to be at work.

Traveling Engineer William Daze was in Albuquerque yesterday.

Fireman Hugh Quigley, who has been visiting in Texas, has returned here and is again at work.

Jesse O'Neal, agent of the El Paso & Northeastern at Alamogordo, and Miss Loretta Lullman of St. Louis were united in marriage in St. Louis on June 1. After a trip through the south, the happy couple will return to Alamogordo.

Boilermaker J. J. Miller has resigned his position in the shops at Raton and will leave in a few days for Spokane, Wash.

J. F. Lobdell, formerly in charge of the Harvey house at Raton, has been appointed superintendent of the dining car service on the Denver & Rio Grande.

John Scott, after several months' absence during which time he resided at Springfield, Mo., returned to Raton and has accepted a position in the engine service of the Santa Fe.

A. F. Villepigne, for several years past manager of the Harvey house in Raton, left for Trinidad, where he will assume charge of the Cardenas hotel, being the elegant new structure put up by the Santa Fe at that point. Mrs. Villepigne and children are still at Raton, but expect to go to Trinidad in a few days.

J. B. Schreck, the well-known and popular machinist at Las Vegas, left for Montana, where he will join a party of friends and spend the summer camping out in the Yellowstone park. The Brotherhood of Locomotive Firemen at Las Vegas are making extensive preparations for their ball, which occurs at the casino on Friday evening, July 2.

Superintendent J. F. McNally, of the Rio Grande division, arrived this morning from San Marcial and is spending the day in the city. He will return south tonight on passenger train No. 27.

Jeff Bell and Chris Nelson, two Albuquerque boys, who have just finished learning the machinists' trade at the local shops, left this morning for Chickasha, Oklahoma, where they will enter the Rock Island shops.

John R. Kirk, the well-known Santa Fe engineer, has recently invented a self-locking or "gravity" nut which is applicable to all kinds of mechanism, but more especially for bolts used with fish plates in track laying. Mr. Kirk has sold a half interest in his invention to Mr. Pettit, car foreman in the Las Vegas shops. The gentlemen have applied for a patent, which they expect to receive very soon.

The Santa Fe company now has plans for enlarging the shops at La Junta, which, when completed will cost the company about \$50,000. At the present time the company has about 100 men employed in the car shops alone and in order to provide working place for them the addition to the shops is to be made.

J. H. Conlen, division superintendent of the Chicago, Rock Island & Mexico Railway company, will soon move his division headquarters from Dalhart, Tex., to Tucuman, and the machine shops will also be moved.

At the meeting of the grand lodge of the Switchmen's Union of America, just held in Indianapolis, Ind., a resolution was adopted condemning sympathetic strikes and favoring the settlement of all differences by arbitration.

For some time the Santa Fe passenger department has been issuing a booklet called the "Santa Fe," but it is now said that the copy just issued will be the last, and that the company will spend the same amount of money in other channels, which, it is thought, will bring in better returns.

Grading has commenced on the Rio Grande & Southwestern railroad between Lumberton and the timber belt around Gallinas in Rio Arriba county. The road will be about forty miles in length when completed and will open up the extensive timber section on the headwaters of the Rio Gallinas.

The Santa Fe did a kind act for those of its employees who suffered in the flood at Topeka by paying them their wages in advance so that they might have some ready money to meet the demands the unfortunate occurrence will bring upon them.

ROSSELL HEARS GOOD NEWS.

The Survey Party Pushing Rapidly Toward New Mexico Line and El Paso.

Judge Lee said yesterday: "Two men were in my office today, and they had just arrived here overland from Estacada, Crosby county, Texas. They said that the big survey party for the right of way for the Vernon, Roswell & El Paso railroad was at Hales Center, Hale county, Texas, and were working this way rapidly."

"The survey party had been in the vicinity of Hales Center for about ten days."

The original route did not touch Hales Center, but the people put up a substantial bonus, which caused a little change in the route, and the party surveyed a fraction northwest to take in Hales Center, the county seat of Hale county. The survey party had crossed sectioned from Floydada, county

seat of Floyd county, to Quanah, on the Southern Fort Worth & Denver railroad, in Hardeman county.

"The following counties have been cross sectioned by the party: Hardeman, Cottle, Motley and Floyd. The surveying party being in Hale county at present, leaves only Lamb and Bailey counties to be crossed before the party reaches the New Mexico line and Chaves county. They will possibly touch the northwest corner of Cochran county before coming into Chaves county."

"This news is direct and it certainly sounds good and looks like we will surely get the railroad."—Roswell Register.

A Valuable Employee.

The Santa Fe is to begin an experiment at its yards in this city, one which if found to be feasible, will save the company something like \$120 a month, besides perfecting the co-working of the dispatcher's office and the yard work. This was effected last night, when Day Yard Master Meadows became the combined night chief dispatcher and night yard master. In other words, beginning last evening Mr. Meadows will, from this time on, have complete charge of the dispatcher's office and yards during the night shift.

Mr. Meadows is one of the best all-around men in the company's employ, as evinced by his present trust. He came here from the east as clerk to Trainmaster Day, and was, a short time ago, given the position of day yardmaster, vice W. M. Halstead, resigned.

There was a time when the yards were much smaller than the yard now and the night chief handled the yards, but such has not been the case for at least three years. The change is made with the idea of reducing expenses, and there is a possibility that the day yardmastership may be taken off the roll and his duties given to the day chief with the help of an assistant. Mr. Meadows has as his assistant C. Morehead, who has heretofore been a member of the switch crew.—San Bernardino Sun.

Santa Fe Central Notes.

Track laying on the Santa Fe Central railway was completed to a point fifty-two miles northwest of Torrance at the close of Tuesday's working day and Antelope station, it is believed, was reached last evening. Slide tracks and switches will be constructed at Antelope. The track laying gang from Kennedy south has finished the put-

FOOD WON.

In a Case of Appendicitis. Food cured a well-known Kansas school teacher of appendicitis. "A year ago last July I was taken sick with appendicitis and was operated upon, being down in bed for nine weeks, and, although I was given up to die by the doctor and the entire community, I got up again and went back to work although a wreck. About the middle of last February I was taken sick the same way but went to Eureka Springs and stayed for five months, all the time and just about half alive.

"It was about this time I received a letter from an aunt in Nebraska telling me of what a food called Grape-Nuts had done for her and asking me to try it. I did so, and in a short time Grape-Nuts had done me more good than all of the treatments put together. My case is spoken of as one of the most interesting in Kansas, for I spent over \$1,000 for medical treatment and finally had to fall back on food, and am now getting along far better than I have before for several years. I am recuperating rapidly and getting strong and healthy again. My stomach and bowels are normal and on the whole I feel like a new man.

"I studied dietetics in my work as school teacher, but never knew before that the power of pure scientific food could be so great. I recommend Grape-Nuts to all whether in health or sickness, young or old." Name given by Postum Co., Battle Creek, Mich.

Weak intestinal digestion causes appendicitis when much white bread, potatoes or partly cooked starchy cereals are used. Grape-Nuts food will prevent such troubles because the starchy part of the cereals has been already changed and predigested in Grape-Nuts, therefore there is no over-taxing of the organs and no fermented food to cause trouble.

Why not something new for dessert—something out of the ordinary? See recipe book in the package of Grape-Nuts.

ting down of about four miles of steel rails and is now surfacing and otherwise strengthening the work so far done. The progress of the work is quite satisfactory to the railway authorities.

B. W. Robbins, the new general freight and passenger agent of the Santa Fe Central railway, has taken charge and has an office at the general offices of the road in the Catron block, Santa Fe. He has much work ahead, as everything must be ready for the operation of the road as soon as the construction department turns the same over to the operating department, and which will be between the 15th of July and the 1st of August.

Money for Kansas Refugees.

There is a movement on foot among the Santa Fe shop men in San Bernardino to raise money, the purpose to be sent to the sufferers who are victims of the terrible floods which are now raging in and about Topeka. The majority of the men working in the Santa Fe shops in that city came originally from Topeka, and they count their friends and relatives in that city by the hundreds. Quite naturally they have compassion for their hardships and on Monday the hat was passed around and a neat little sum raised in the cause. More money was added on the streets, and it is expected that still more will be contributed.

J. B. DAVIS PROMOTED.

Becomes Local Agent of the Denver & Rio Grande Railroad.

J. E. Erwin of Denver, auditor of the Denver & Rio Grande Express company, and Frederick Lounsbury of Denver, auditor of the Denver & Rio Grande railroad, returned to Denver after transacting business in Santa Fe. Mr. Lounsbury was in Santa Fe to check J. B. Davis in as agent at that point. Since the resignation of W. B. Robbins, the office of general agent has been abolished, and Mr. Davis, who has been cashier, now becomes agent. Though the charge adds to the duties of Mr. Davis, it also adds to his salary, and it is in the nature of a promotion, which has been earned by careful attention to business and courteous treatment of patrons of the road. Mr. Davis has been in Santa Fe three years, and before coming to the capital city was in the employ of the Northern Pacific. He has made many friends since locating in Santa Fe, who will be pleased to learn of his promotion.

NEW SHOPS AT RATON.

Over One Hundred Thousand Dollars to Be Expended in Extension.

Things around the Raton shops look as if the plant had been visited by a tornado. Tearing down the walls of the old part of the round house, removing the debris and preparations for the rebuilding make a general confusion and work is carried on with some difficulty.

A large force of men is at work and this will be increased as rapidly as room for more hands can be made.

The new section of the round house will have ten engine stalls, and will be large enough to accommodate the monster engines now in use on this division, which are the largest in the world. It will be built of stone and will cover part of the site now occupied by the blacksmith shop and also part of the site of the present store house.

North of the site of the main shop on the north side of the transfer pit, will be erected another building sim-

lar to the main building. It will be 175 feet long and 80 feet wide. This building will be occupied by the cooper shop, the carpenter shop and the blacksmith shop. Northeast of the round house will be erected the new store house which will have about eight times the capacity of the present house. Another building will be erected for an up-to-date electric light plant and also one for a paint shop. It is also said that as soon as these improvements are completed, and they will be pushed as rapidly as possible, extensive car shops will be erected.—Raton Reporter.

SCIENCE SETTLES IT.

Dandruff is Caused by a Germ That Saps the Hair's Vitality.

It is now a settled fact that dandruff is caused by a germ. Falling hair and baldness are the result of dandruff. Dr. E. J. Beardsley of Campaigne, Ill., got hold of the new hair preparation, Newbro's Herpicide—the only one that kills the dandruff germ. He says: "I used Herpicide for my dandruff and falling hair, and I am well satisfied with the result." Dr. J. T. Fugate of Urbana, Ill., says: "I have used Herpicide for dandruff with excellent results. I shall prescribe it in my practice." Herpicide kills the dandruff germ. Physicians as well as the general public say so.

"Sold by leading druggists. Send for stamps for sample to the Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents."

The Fourth of July season is now getting pretty close, and dealers and those contemplating buying fireworks should lose no time in placing their order. The destruction of factories manufacturing specialties will leave many wholesalers entirely without the most salable lines. The Los Angeles Fireworks company has, however, secured a full line and can make an immediate shipment of every item on the catalogue, which will be mailed on application. Both the company and their agents will adhere to the prices quoted throughout the season. The quality of their goods and methods of doing business is too well known in this section to need any comment.

The First Requisite

The very first requisite of a shoe is that it shall fit the foot with absolute accuracy. Closely but not tightly! No waste space, yet no pressure! The "Queen Quality" Shoe is made so that

It Fits the Foot

It fits it just as a Paris-made glove fits the hand. Have you ever noticed that no other shoe talks much about fit? They talk about "style" and "beauty" and "form" and other things that mean nothing. But they say little about FIT! They don't dare to!

"Queen Quality" fits because it is an entirely different construction which, by the way, adds many dollars to the weekly pay roll. But the shoes fit perfectly!

both received vociferous welcome.

Through the time was exceedingly limited in view of the long program of public functions, the president found time for a hurried visit to Lincoln's tomb, where he deposited a handsome wreath on the sarcophagus of the martyred president.

At 2 o'clock the journey was resumed. Stops at Decatur and Danville late this afternoon are the last scheduled for the longest trip ever undertaken by a president of the United States. Tomorrow morning the president will speed across Indiana and Ohio and some time about nightfall he expects to be back in Washington ready to tackle the business that has accumulated in his absence.

BLOODY FIGHT.

Kansas Farmers and Cattlemen Have a Killing.

Kansas City, June 4.—A brief special from St. Francis, Kan., says that four men were killed in a fight there between farmers and cattlemen. St. Francis is in Cheyenne county, in the extreme northwest corner of the state on the Colorado-Nebraska line.

There had been bad feeling between men employed by the Dewar Cattle company and a family named Berry over possession of certain land. A fight followed between cowboys, Berry and four sons. Berry and three sons were killed, and the fourth son seriously wounded. No one knows whether any one on the opposite side was killed or wounded.

CATHOLIC CATHEDRAL.

Impressive Ceremony in Laying Corner Stone of the Structure.

Richmond, Va., June 4.—Today has been a notable one in the history of Catholicism in this city, and in fact throughout this section of the country. The occasion was the laying of the corner stone for the new quarter of a million dollar cathedral, presented to the diocese by Thomas Fortune Ryan of New York.

Prominent priests and prelates of the Roman Catholic church were in attendance from a number of states. Foremost among the number was Mgr. Dimode Falsonio, the apostolic delegate to the United States, who officiated at the laying of the corner stone. The oration was delivered by Rev. William Barrow, the distinguished and eloquent Jesuit priest of New York. Addresses appropriate to the occasion also were delivered by Bishop Van de Vyver and others.

The new cathedral is to be a magnificent structure of stone and when completed will be one of the finest church edifices in the south. An interesting fact in connection with today's ceremonies is that the corner stone was cut from the Mount of Olives, in the Garden of Gethsemane, and brought to this country by Archbishop John J. Keane, who was then Bishop of Richmond.

Destructive Fire.

Ottumwa, Iowa, June 4.—The sash and door factory and the planing mills of Davidson & Thackeray, the printing and lithographing establishment of Morton & Co., about ten dwelling houses, the latter in Queen street, were burned to the ground early today. The loss is estimated at about \$400,000.

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." If you have any trouble with your stomach why not take these tablets and get well? For sale by all druggists.

LOCAL PARAGRAPHS.

Tomorrow afternoon the First street natatorium will be open exclusively to ladies.

Mrs. George Glogoldt will leave for Needles, Cal., this evening, being called to that place by the serious illness of her sister, Mrs. D. E. Snyder.

Mrs. A. Rosenwald and daughter, Mrs. B. Flesher, left this morning for Denver, the latter's home. Mrs. Rosenwald expects to be in Denver a week.

B. H. Ives, the florist, is full of business nowadays, so much so that he is doubling his present quarters. He is the best known flower dealer in New Mexico, for he receives orders from all over the territory.

Judge Ellsworth Ingalls, special attorney for the interior department, Washington, D. C., returned this morning from Lincoln, Lincoln county, New Mexico, where he has been taking testimony in in deprecation claim cases.

Several members of the United States hospital corps at San Francisco were in the city last evening. They were en route for Fort Bayard, where they go to assist in the treatment of the tubercular patients at that institution.

A. J. Crawford, who was at Belen on wool matters, has returned to the city. The judge says the John Becker company's wool will amount to several hundred thousand pounds, and that several local and outside buyers are figuring on it.

Judge Baker and wife are back in town. They arrived last evening from Omaha, where they have been spending several weeks. The vacation has done the judge a world of good. They were accompanied by Mrs. Baker's little sister, who will spend the summer here.

The Citizen added thirty-six new city subscribers to the list Monday; twenty on Tuesday and a baker's dozen—thirteen—yesterday. These are subscribers that told the "boycopter" from the Democrat on his vicious rounds the past couple of months that they will come into his fold on June 1, but circumstances since then turned their opinion and they are now linked with the people's paper and their defender from slanders—The Citizen.

MEETINGS.

Triple Link Rebecca lodge No. 10 will meet this evening at 8 o'clock in Odd Fellows' hall. Visiting members are invited.

The members of the committee on entertainment for the Fourth of July celebration are requested to meet in the hall over the Cabinet saloon at 7:30 Friday night to make arrangements for the grandest program ever presented to the people of this country.—Billy Berry, chairman.

All members of Federal Labor union No. 10957, A. F. of L., will meet promptly at 8 o'clock tonight, June 4th, to pay their June dues and to transact important business. By order of T. F. Dye, president, John W. Hill, secretary.

There will be a regular meeting of Albuquerque Typographical union, No. 304, at Odd Fellows' hall, on Sunday afternoon, June 7th, at 2:30 o'clock. By order of George Hopping, president, H. H. Wynkoop, secretary.

All Woodmen take notice! You are requested to report at the hall on Gold avenue on Sunday, June 7, at 2 p. m. sharp to take part in decoration day exercises. All visiting brethren cordially invited to join in. Public also invited to the cemetery. D. E. Phillips, clerk.

The Fourth of July union celebration advertising committee will hold an important meeting tonight at Journal-Democrat. H. B. Henning, chairman.

Regular communication of Temple lodge No. 6, A. F. and A. M., this evening at 8 o'clock. Work in E. A. degree. Visiting brethren cordially invited. By order of the W. M. Robert Abraham, secretary.

Removed Notice.
I have moved my stock of groceries from First street to 222 South Second street, the store room formerly occupied by the New England bakery. MANY SCENES OF DESOLATION

(Concluded from page one.)

In North Topeka was made worse today by the bursting of several sewers and water pipes.

Kaw River Falling.

Topeka, June 4.—The fall of the Kaw river is now five feet below the highest recorded point, but the water in the flooded districts still averages about six feet and a very swift current is running. It will be impossible for the water works plants to resume before tomorrow. The condition of the homeless is satisfactory and no acute suffering is reported.

Cotton Market Affected.

New York, June 4.—Upon the appearance of the government crop report, showing the present average condition of cotton to be 74.1, compared with 95 last year, the cotton market was thrown into excitement and an immediate advance of six to ten points took place.

Fifteen Years Old.

Last night at the home of Mayor C. F. Myers, a very pleasant party took place, it being the fifteenth birthday anniversary of his eldest son, Charles Myers. Games were played, among them ping pong, in which Miss Frances Borders won the first prize for the girls. Cortez Quikell first prize for boys; John Wagner consolation prize, after which an elegant lunch was served. Those present were Vida Pinney, Maybel Tiffany, Marion Franklin Frances Borders, Evelyn Everitt, Neva Andrus, Mayne Pratt, Elsie and Anna Myers, Cortez Quikell, Grover Harrison, Henry Pennell, John and Frank Wagner, Sherwood Tiffany and George Myers.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes as follows: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by all druggists. Trial bottles free, regular sizes 50c and \$1.00.

J. T. McLaughlin and family will leave tonight for Prescott, Arizona, where he will take charge of some gold mining property belonging to the Kansas City and Chicago merchants. J. C. Rankin, one of the principal members of the company, will join Mr. McLaughlin here and go west to Prescott with him.

R. B. Thomas, general manager of the Consolidated Mining and Smelting company of Cerrillos, went to Santa Fe this morning. He received a letter from the Santa Rita mining district of Grant county, stating that the Hanover concentrator, a plant of a hundred tons capacity, recently purchased by Mr. Thomas, had started up and was working nicely.

Interesting to Asthma Sufferers. Daniel Bante, of Ottumwa, Iowa, writes, "I have had asthma for three or four years and have tried about all the cough and asthma cures in the market and have received treatment from physicians in New York and other cities, but got very little benefit until I tried Foley's Honey and Tar which gave me immediate relief and I will never be without it in my house. I sincerely recommend it to all." Alvarado Pharmacy.

Was Wasting Away.

The following letter from Robert R. Watts, of Salem, Mo., is instructive. "I have been troubled with kidney disease for the last five years. I lost flesh and never felt well and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." Alvarado Pharmacy.

MINING MEN HERE.

Messrs. Gibson and Kennedy Were in the City.

A. R. Gibson, of Santa Fe, and Jerome Kennedy, of New Haven, Conn., were in Albuquerque this morning. Mr. Gibson is manager of the Shaw-Gibson Mining company, which is incorporated under the laws of New Mexico, while Mr. Kennedy is the secretary, with offices in New Haven. Both gentlemen have been down south looking over the properties and report everything going along nicely.

The other officers of the company are New Haven men and are well and favorably known in the city of Elms. Mr. Kennedy will leave for home in about ten days. He says New Mexico is a great country and is extremely well pleased with it. This is the opinion of all eastern men who are not biased, and who do not pull a string with the senator from Indiana.

Mr. Mitchell, who is associated with Mr. Gibson in the tent city business in Santa Fe, has been under the weather for some little time, but is now better. "Sunmount," says Mr. Gibson is booming and already a large number of lots have been sold to eastern people. Mr. Gibson, who was seriously ill the past winter, is picking up and has once more put on the garb of healthy looking manhood. His many friends here are glad to note the change.

That Throbbing Headache would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and build up your health. Only 25 cents, money back if not cured. Sold by all druggists.

NEW MEXICO TOWNS

ALAMOGORDO.

From the News.

Captain Richardson left with his wife and daughter for Joplin county, Missouri. Mr. Richardson is expected to return in a few days but his family will remain there for the summer.

R. W. Cooper and wife will take a trip to Los Angeles, Cal., and be gone for a month or more, enjoying California fruits and flowers. Mr. Cooper has been a very busy man since coming to Alamogordo, and has prospered in all his business undertakings and he deserves a rest.

R. L. Foust of the lumber camp near Cloudcroft had the misfortune to cut the thumb of his left hand nearly off while at work. He caught the Cloudcroft train for Alamogordo and Dr. Gilbert dressed the wounded hand.

Col. Sam Massey was down from Highrolls last Saturday exhibiting a large bear hide, taken from a black bear he succeeded in trapping a few weeks ago. The colonel is one of the shrewdest hunters in the Sacramento and will undertake many hardships in order to capture a bear.

Cautions!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup, and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. J. H. O'Reilly & Co.

RATON.

From the Reporter.

D. Farley will leave on June 5th for a few weeks' visit in Kansas City, Chicago and Indianapolis.

Mrs. A. L. Hobbs is home from a visit with her parents, Mr. and Mrs. Thomas Almsworth at Albuquerque.

E. Gilbert and Mrs. Margaret Hale, both of Trinidad, were joined in marriage at the Methodist Episcopal parsonage in this city by Rev. Armstrong.

Mrs. William Lark, mother of Mrs. Ed Jones, left for Canton, Ill., where she expects to locate. She was accompanied by her two sons.

William Hinz and family of Holyoke, Colo., left for their home after a pleasant visit with their relatives, Mr. and Mrs. Robert Kruger and Mr. and Mrs. M. T. Tomlinson.

Pursuant to a call signed by a number of business men a meeting was held Tuesday night for the purpose of taking the initiatory steps looking to the organization of a commercial club, and a temporary organization was perfected by the election of the following temporary officers: A. L. Hobbs, president; C. F. Remsburg, vice president; J. P. Brackett, secretary; George J. Pace, treasurer. Also an executive committee of five composed of the president, vice president, secretary, A. C. Price and C. J. Gavin.

His Last Hope Realized.

From the Sentinel, Gebo, Mont.
In the first opening of Oakland to settlers in 1889, the editor of this paper was among many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

HILLSBORO.

From the Advocate.

Charles Sikes has leased the Shiner cattle and has already received one installment of the 143 head.

Rev. Thomas Harwood of Albuquerque preached two sermons here last Sunday, one in the Spanish Methodist church in the morning, and one in the evening at the Union church.

Ray Grayson is in the dry dock for repairs. A wild horse ran over him, breaking a rib and otherwise injuring him. Ray is mending rapidly, but it will be some time before he can resume work.

E. H. Johnson of Danville, Ill., and up to two years ago a citizen of Lake Valley, recently won \$500 in a guessing contest. He guessed the attendance at the St. Louis exposition to be 103,496, which was the fourth prize.

Supreme Deputy Henry Gates organized Hillsboro lodge No. 12 of A. O. U. W. here last Wednesday evening. The lodge was organized with twenty-one members, and the follow-

ing officers were elected: Past Master workman, J. W. Burke, master workman, James Hiller; foreman, W. O. Thompson; recorder, Martin L. Kelley; overseer, A. J. Hirsch; financier, J. C. Plimmons; receiver, E. H. Welch; guide, John A. Anderson; inside watch, John Disinger; outside watch, J. G. Dawson; trustees, T. J. Ross; W. O. Thompson, A. J. Hirsch.

When Ray Grayson of Fairview, and a two-year-old colt both started for the same point, it was in the nature of the case, that, if both kept on, there would be a collision. There was. The impact threw Mr. Grayson some eight feet away, fracturing a rib and rendering him unconscious for three hours. Dr. E. P. Blinn was hastily summoned and soon had Ray resting easily. It was feared at first that the shock would result seriously, but Ray is able to be about again—about ready for another close call.

On the first indication of kidney trouble, stop it by taking Foley's Kidney Cure. Alvarado Pharmacy.

ROSWELL.

From the Register.

Last Friday Harvey Dickens and John Williamson had an affair which resulted in Williams cutting Dickens in a number of places with a pocket knife.

Mr. Hudson, who lives on Military Heights, fell between the joists of a new building on which he was at work and three of his ribs were broken and he was bruised otherwise.

The teachers' institute will be held in Roswell on August 17th and the two succeeding weeks. It will be conducted by Prof. Edgar L. Hewitt, president of the New Mexican Normal university of Las Vegas.

James Nolin, a gambler at the Hawk saloon, was fined \$5 and costs by Judge Peacock for striking a native with a beer bottle. The native was charged with trying to get away with \$2 belonging to the outfit, and as a result trouble came thick and fast.

Thursday morning saw quite a lively time at the Green Front saloon. Two natives were playing monte and had a dispute over the game, which ended in one of them striking the other and a fight then occurred between them. The result was that Jose Bastardo stabbed Jesus Beltram twice. It is not believed that the injured man's wounds are serious.

A. P. Alford, a carpenter employed on Sidney Prager's new house, was engaged in sand papering the molding and ran a splinter through the ring finger of his left hand. The splinter was as large as a match. He was taken to Joyner & Yater's office and it was found that the splinter was firmly imbedded in the flesh. It was removed after much difficulty.

Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. G. G. Green, Woodbury, N. J. J. H. O'Reilly & Co.

LAS VEGAS.

From the Advertiser.

Mrs. Arthur C. Potter came up from Albuquerque to spend a few days visiting her mother.

Mrs. C. L. Johnson, a sister of Mrs. Frank Plomerfelt, left for Kansas City after a pleasant visit here.

Rev. A. H. Hoffman, a former pastor of the Methodist church here, arrived with his family from El Paso.

The census now being taken on the order of the county commissioners will show the old town has about 5,000 inhabitants.

E. W. Rich has resigned his position as manager of the Crystal Ice company and will be succeeded by O. A. Bonnell.

The probate court summoned Mrs. Lella Meyers to show cause why Delina Alexander should not be placed under guardianship. Mrs. Meyers has charge of the child, who is under age, for some time.

Chamberlain's Stomach and Liver Tablets are just what you need when you have no appetite, feel dull after eating and wake up with a bad taste in your mouth. They will improve your appetite, cleanse and invigorate your stomach and give you a relish for your food. For sale by all druggists.

HIGH CLASS DRUGGISTS
AND — OTHERS.

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and purest medicinal agents of known value, in accordance with physicians' prescriptions and scientific formula. Druggists of the better class manufacture many excellent remedies, but always under original or official names and they never sell false brands, or imitation medicines. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. The earning of a fair living, with the satisfaction which arises from a knowledge of the benefits conferred upon their patrons and assistance to the medical profession, is usually their greatest reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy and that it gives universal satisfaction, and therefore they are selling many millions of bottles annually to the well informed purchasers of the choicest remedies, and they always take pleasure in handing out the genuine article bearing the full name of the Company—California Fig Syrup Co.—printed on the front of every package. They know that in cases of colds and headaches attended by biliousness and constipation and of weakness or torpidity of the liver and bowels, arising from irregular habits, indigestion, or over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as Syrup of Figs, and they are glad to sell it because it gives universal satisfaction.

Owing to the excellence of Syrup of Figs, the universal satisfaction which it gives and the immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found, here and there, who do not maintain the dignity and principles of the profession and whose greed gets the better of their judgment, and who do not hesitate to recommend and try to sell the imitations in order to make a larger profit. Such preparations sometimes have the name—"Syrup of Figs"—or "Fig Syrup"—and of some piratical concern, or fictitious fig syrup company, printed on the package, but they never have the full name of the Company—California Fig Syrup Co.—printed on the front of the package. The imitations should be rejected because they are injurious to the system. In order to sell the imitations they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and deception in one case he will do so with other medicinal agents, and in the filling of physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions exist it is necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company—California Fig Syrup Co.—printed on the front of every package, do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will sell you what you wish and the best of everything in his line at reasonable prices.

R. Cromdall, 79.8; C. R. Easley, 96.11; G. S. Marsh, 87.5.

F. P. Crichton left for Chama. He has the contract to do the frame work on the new store building being erected at the San Juan pueblo by Samuel Eldott.

Albert Knight of South Bethlehem, Pa., a brother of P. V. Knight, superintendent of telegraph on the Santa Fe Central railway, will come to Santa Fe within the next month to make this city his permanent home.

The girls of the seventh grade of Lo-retto Academy gave their teacher, Sister Adelaide, a pleasant surprise at the close of the day's school labor when they gave a luncheon complimentary to the sister at the academy.

M. L. March and wife were here on their way from Chickasha, I. T., to Farmington. They are traveling overland and have a well arranged and well supplied wagon outfit. Mr. March formerly lived at Raton and then went to Indian Territory. He has now concluded to return to the San Juan country and will settle there. He states that many people from the vicinity of Chickasha are preparing to come to New Mexico to settle.

Lon H. Blake, superintendent of the western division of the rural free delivery system of the postoffice department, whose headquarters have been moved from Denver to Omaha, will resign his position and come to Santa Fe to make his permanent home. During each of the past three summers he has spent a month in this city for the benefit of his health and has found that the Santa Fe climate agrees with and benefits him. He cannot live in the Omaha climate and has concluded to give up his office. He is a lawyer and will enter upon the practice of his profession here. He is also an expert stenographer and typist.

Ladies and Children Invited.

All ladies and children who cannot stand the shocking strain of laxative syrups, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They do not purge the system. Even a double dose will not gripe, weaken or sicken; many people call them the Easy Pill. W. H. Howell, Houston, Tex., says nothing better can be used for constipation, sick headache, etc. Bob Moore, Lafayette, Ind., says all others gripe and sicken, while De Witt's Little Early Risers do their work well and easy. Sold by B. H. Briggs & Co. and S. Vann & Son.

Going West to the Ocean

All the world knows that California is an ideal winter resort. Comparative-ly few persons in the United States, outside of California, are aware that the summer climate of the "Golden State" is flawless. Along the thousand miles Pacific shore-line of California, with its frequent beaches, there are hundreds of places where one may enjoy the cool sea breeze, bathe in the surf, or go fishing. Up in the high Sierras or in mountain valleys like Yosemite, the midsummer temperature keeps under 80 degrees Fahrenheit. The coast breeze blows across four thousand miles of salt water, and in the mountains the altitude tempers the heat of the sun to a benevolent smile. Could you wish for a pleasant place in which to spend July and August?

Down at San Diego, within a few miles of the Mexican boundary, the summer days are particularly alluring. Just across the bay from San Diego is something new in the resort world—a little "white city" of tents, known as Tent City. It nestles under the wing of Hotel del Coronado, within a stone's throw of the Pacific surf. Here, every May, the tents are put up—hundreds of them—and from then until September they are filled with visitors from Interior California, from Arizona, and even from New Mexico.

Coronado Tent City is located on Coronado peninsula, near Hotel del Coronado, a narrow strip of land separating the Pacific ocean from the Bay of San Diego. A lavish expenditure of money has made it the most popular camping place on the Pacific coast. The climate is perfect, the camp is healthful, the tents are comfortable, there are many amusements on land

and water, and many near-by points of interest.

Few persons outside of California know these facts. Did you know them before reading this?

Had you ever thought of going westward to the ocean instead of east? In order to better acquaint the outside world with California's summer climate in general and with Coronado Tent City in particular, the Santa Fe has arranged to sell first class round trip combination tickets from the east to San Diego and return this summer at very low rates.

These tickets will be on sale daily from June 1 to August 31, 1903. They entitle holder to two weeks' board at Tent City and side trip to the Grand Canyon of Arizona, also Pullman berths and meals en route both ways.

To properly advertise Tent City excursions and attractions, the noted Coronado Tent City Concert band of twenty pieces has been engaged to travel along the lines of the Santa Fe, stopping at all towns of importance and giving free open air concerts. This band is accompanied by an entertaining lecturer, Mr. A. A. Weiss, of Cincinnati, who will give free talks on California, illustrated by numerous and beautiful stereoscopic views.

The band and lecturer travel in a special Pullman tourist sleeper, of the same style as those occupied by the regular tri-weekly personally conducted excursions over the Santa Fe between the east and California. This car will be sidetracked near the Santa Fe depot in this city soon, and the concert and lecture will be given on the corner of Second street and Railroad avenue June 7 and 8.

Statuary Representing Kansas at
World's Fair Isn't True to Life.
The sculpture representing Kansas
in a group at the St. Louis Exposition
is a half nude woman with one arm
thrown over the neck of a bull.

"The woman," comments the art
critic of the Atchison Globe, "has no
clothes on except a drapey across her
knees and a handkerchief wound
around her forehead. The former
might be a bathrobe, but the latter
looks as though she had just finished
dusting and sat down to rest. But she
has a sickle in one hand, and Kansas
women don't use them to dust with.
And there is the bull. A bull doesn't
belong to a parlor scene. We never
yet saw a half naked woman sitting
with one arm over a bull crouched be-
side her, and we have lived in the
state twenty-five years. Bulls are not
that tame. If it had been a cow, on
her feet, with a milking bucket under
her, it would have been more like. The
woman's feet are bare, except for a
pair of sandals. Our women don't
hang around fierce bulls in such attire,
but, on the contrary, run from them."
"If the artist insists upon a bull,
then he should have a full dressed

woman holding up her skirts and run-
ning for dear life for a fence.

"We don't understand art; we are
glad, when we see what is to represent
'Kansas,' that we don't."

Ten Years in Bed.

R. A. Gray, J. P. Oakville, Ind.,
writes, "For ten years I was confined
to my bed with disease of my kidneys.
It was so severe that I could not move
part of the time. I consulted the very
best medical skill available, but could
get no relief until Foley's Kidney Cure
was recommended to me. It has been
a Godsend to me." Alvarado Pharmacy.

THE MODERN PRAYER.

Jesus lover of my soul
Give me 95 per cent.
While the money in doth roll
I'll be filled with sweet content.
Hide me, oh, my Savior, hide,
While I make the dollars fast,
Safe unto my safe they'll guide,
You'll receive the poor at last.

Other refuge have I none,
Save my bonds and notes for me,
While I skin each poor man's son,
For support I'll look to thee.
All my trust in thee is stayed,
To my mortgages I'll cling;
For my scheme is neatly played,
'Neath the shadow of thy wing.

Pleatious grace with thee is found,
Let new victims now drop in,
Let them each with cash abound,
Make, oh, make for me 'more ton.
Thou of life the fountain art,
Let me draw long life from thee,
Plate with gold my marble heart;
Count my gains eternally.

Every woman in the country
ought to know about

Mother's Friend

Those who do know about it
wonder how they ever got along
without it. It has robbed child-
birth of its terrors for many a
young wife. It has preserved her
girlish figure and saved her much
suffering. It is an external liniment
and carries with it therefore,
absolutely no danger of upsetting
the system as drugs taken internally
are apt to do. It is to be
rubbed into the abdomen to soften
and strengthen the muscles which
are to bear the strain. This means
much less pain. It also prevents
morning sickness and all of the
other discomforts of pregnancy.

A druggist at Macon, Ga., says:
"I have sold a large quantity of
Mother's Friend and have never
known an instance where it has
failed to produce the good results
claimed for it."

A prominent lady of Lam-
berton, Ark., writes: "With my
first six children I was in labor
from 24 to 30 hours. After using
Mother's Friend and have never
known an instance where it has
failed to produce the good results
claimed for it."

county.

Special Meeting Called.

The New Mexico board of health will
hold a special meeting at Las Vegas,
June 19, 2:30 p. m., at the secretary's
office, to consider the question of in-
vestigating the alleged unprofessional
conduct of Dr. A. R. Da Costa.

Army Manoeuvres.

Brigadier General W. H. Whiteman,
adjutant general of the New Mexico
national guard, has addressed a circular
letter to the commanding officers of
the different companies, calling at-
tention to the encampment and the
army manoeuvres in which the New
Mexico national guard is invited to
participate. The encampment will be
held in Wyoming the latter part of
August of the present year. The or-
ganizations will be required to remain
in camp ten days, exclusive of travel.
Transportation and subsistence will
be furnished by the government. The
letter directs all companies to hold
meetings immediately after its receipt
at which the names of the several na-
tional guard organizations who will
pledge themselves to attend, are to be
taken and forwarded to the adjutant
general. This is done in order to be
able to notify the proper officials as
near as possible how many men to
prepare to care for.

Appointment of Deputy Clerk.

John E. Griffith, clerk of the Fifth
judicial district court, composed of the
counties of Socorro, Lincoln, Chaves,
Eddy and Roosevelt, has appointed Al-
ford deputy clerk for the county of
Roosevelt, with office at Portales,
the county seat of the new county. Mr.
Griffith has done this in order to facili-
tate court and legal business for the
people of the new county. Mr. Griffith
also has a deputy at Carlsbad for Eddy
county, at Roswell for Chaves county
and at Lincoln for Lincoln county.
Mr. Alford, the recently appointed
deputy clerk at Portales, is a clerk in
the First National bank at that place
and is competent and reliable. District
Court Clerk Griffith has concluded it
was the best policy in order to facili-
tate legal business and to save ex-
penses to have a deputy in the four
counties of the Fifth judicial district,
he himself, residing at Socorro, where
the headquarters and the chambers of
the presiding judge are located.

best on earth. 25 cents at all drug

IF THE TRUTH WERE TOLD.

A Few Paragraphs About People When
Dead and Alive.

It is easy to prove that the truth
should not be spoken at all times. Sup-
posing, for instance, that the news-
papers, instead of publishing the usual
obituary notices concerning the "well-
known and respected citizen who
leaves a wide circle of friends," were
to set forth the plain truth in some
such style as this:

"Henry G. Oldham died yesterday at
the palatial residence which he was
able to build with money that he made
by giving short weight to his custom-
ers and grinding his employees down to
the lowest notch. The community is
distinctly better off with this man out
of the way, and it is expected that his
funeral will be attended by a large and
enthusiastic crowd of citizens."

Or it might be something like this:
"The Hon. Thomas Q. Boggs died
suddenly yesterday afternoon of heart
failure. Mr. Boggs twice misrepresen-
ted this district in congress, having
succeeded in pushing himself to the
front by shameless and corrupt
methods. He was known to have bribed
people when ever it suited his con-
venience to do so, but owing to the
power of the political machine which
he controlled it was never possible to
secure his conviction. Mr. Boggs
died rich, having made his money as a
hoodler and spoilsman. The immedi-
ate members of his family will doubt-
less mourn his loss, as it is understood
that he was a kind father and a devoted
husband, but the public is to be con-
gratulated upon the fact that he has
bought his last vote."

Here is another style of obituary no-
tice that would be common if the truth
and the truth only had to be printed:
"Bill Skinner is dead. Everybody
knew Bill. For years he had bummed

A prominent Southern lady,
Mrs. Blanchard, of Nashville,
Tenn., tells how she was cured
of backache, dizziness, painful
and irregular periods by Lydia E.
Pinkham's Vegetable Compound.

"Gratitude compels me to acknowl-
edge the great merit of your Vege-
table Compound. I have suffered for
four years with irregular and painful
menstruation, also dizziness, pains in
the back and lower limbs, and fitful
sleep. I dreaded the time to come
which would only mean suffering to
me. Six bottles of Lydia E. Pinkham's
Vegetable Compound brought me health
and happiness in a few short months,
and was worth more than months under the doctor's
care, which really did not benefit me
at all. I feel like another person now.
My aches and pains have left me. I
am satisfied there is no medicine so
good for sick women as your Vege-
table Compound, and I advocate it to
my lady friends in need of medical
help."—Mrs. B. A. BLANCHARD, 422
Broad St., Nashville, Tenn.—\$5000 for-
feit if original of above letter proving genuineness
cannot be produced.

When women are troubled with
menstrual irregularities, weakness,
leucorrhoea, displacement or ulceration
of the womb, that bearing-down feel-
ing, inflammation of the ovaries, back-
ache, they should remember there is
one tried and true remedy, Lydia E.
Pinkham's Vegetable Compound.

around, working a little when his
wife's health was such that she
couldn't support the family and becom-
ing the father of children who will be
of little use to the world if there is
anything is heredity. Bill will be glad-
ly missed by people who had to keep
lying to him about being short of
change when he wanted to borrow money."

The society column would be quite
interesting too, if the truth had to be
published there. Such items as these,
for example, would be likely to attract
more or less attention:

"Miss Doolittle wore a pale blue cos-
tume, cut low at the neck, thus display-
ing a set of bones that made her seem
pitiful."

"Mrs. Hardison Cashlight had on
green silk and so much rouge that her
features were hardly distinguishable."

"Mrs. G. Watson Reddick looked
very homely in a lavish gown of wine
colored silk. She also wore the cele-
brated rope of pearls which husband
bought with the money he is supposed
to have made by hoodling the brick
bill through the legislature last win-
ter."

"The Misses Packenham wore yellow
tulle, and enjoyed a good deal, owing
to the money they expected to inherit.
Miss Gladys Packenham has had the
hair removed from her chin, by means
of the electric needle, and now looks
quite passable."

Let us be thankful that we may keep
on telling in writing the pleasant little
lies that go so far toward making the
world happy and preventing trouble.

The Next Great Concert.

Prof. N. DiMauro and Chev. P. Buzzi are in these days very busy in preparing the program for the grand operatic concert, that will be held at Columbus hall June 9th. Some of Chev. Buzzi's intimate friends, who had opportunity to attend some rehearsals, stated today that the program is certainly the most elaborate combination of vocal and instrumental music ever presented to our public. The sale of the tickets for the great event goes on rapidly, and a crowded house is already assured.

For being in this city only a short time, Chev. Buzzi made himself very popular as to count now a wide circle of friends and admirers.
