KANSAS CITY FLOOD SUBSIDES

Loss to the City Aggregates Several Millions.

THE FLOOD IN IOWA IS DECREASING

War Department Issuing Rations to Flood Victims.

Kansas City, June 2.—There is a decided improvement in the situation this morning, and there is a general feeling that Kansas City has seen the worst of the flood. Unofficial weather gauges in the union depot showed a fall of about six inches during the night, and the official report is stationary, water being thirty-five feet at 6 a. m. The danger of a famine has passed, and the railroads are confident that they will be able to bring in ample supplies from this time on. Superintendent Goodwin of the water works department announced this morning that the water supply would be restored by nightfall. All the cable car lines have resumed and are running as usual. The power plant of the electric lines is under water and these roads will not be able to run until the water subsides. The financial damage is estimated by prominent business men at anywhere between \$10,000,000 and \$25,000,000 in this city alone, but there is no method of determining this with any accuracy.

Bodies of the Drowned.

Kansas City, June 2.—The police upon the trestle of the elevated railway in the west bottoms counted eight dead bodies floating past, and the bodies of three others can be seen caught in the trees at the north end of the Hannibal bridge at what was formerly Harlem. These bodies are evidently those of persons drowned west of Kansas City, perhaps at Topeka, and have floated east down the Kansas river.

Joseph L. Keenan, a policeman, was drowned in the west bottoms here at 1 o'clock today while trying to rescue two men from the Adams house, a hotel on Union avenue, across from the Union depot.

River Falling.

Kansas City, June 2.—At 9 o'clock this morning the Kaw river was falling slowly but steadily. All through the wholesale district the buildings showed evidence of decline and the watchmen in the freight houses who had rigged up water gauges of their own declare that their fall since daylight was about six inches.

Belgians Had Good Time.

Kansas City, June 2.—At noon today it was announced by the police engaged in the relief work in the east bottoms that all the people who had been imprisoned in houses had been rescued, and that there was no chance of any further loss of life. The story yesterday of fifty Belgians drowned in the east bottoms struck this morning to five Belgians, and they were not drowned. They were penned up in the Alliance elevator, where, with a keg of beer and a pig, which they had saved from drowning, and promptly slaughtered, they made themselves very comfortable until the police rescued them late last night.

RATIONS ISSUED.

War Department Relieving Needs of Flood Victims.

Washington, June 2.—Adjutant General Corbin today received the following dispatch from Colonel Miner, commanding at Fort Leavenworth, Kan.:

"Issued ten thousand rations to Kansas City, Kan., last night. Need was imperative. Ask to have action approved. Need of help up to the 20th here. Believe then we can get to the country to the west of us, that will be destitute of food. Advise shipping ration."

BREAK IN RESERVOIR CAUSES MUCH DAMAGE

St. Paul, Min., June 2.—The Minnesota reservoir is on a rampage, caused by the bursting of the dam at Big Stone lake, near the source of the river. The members of an unknown family, who recently came here from Oklahoma, were drowned and their house wrecked. Farm buildings near the river and the bridges have been greatly damaged, and the loss to the crops will be very heavy.

GEORGIA TORNADO

Bodies of Thirty-nine of Storm's Victims Have Been Found.

GREAT LIFE AND PROPERTY LOSS

President Roosevelt is Crossing the State of Iowa Today.

INTERNATIONAL CONGRESS OF CHEMISTRY

Atlanta, Ga., June 2.—A special train from Gainesville says that a car has just come in from New Holland Springs, and the conductor states that thirty-nine dead bodies have been recovered so far, as the result of yesterday's tornado, and that one hundred and seven men injured are there.

Bottoms Flooded.

Lexington, Mo., June 2.—The Missouri river here is still rising, and fifty square miles of bottom lands opposite here is covered. Houses and barns are floating down the river today. A government steamer has removed many flood sufferers from the lowlands here.

Tonight at Colombo Hall.

The retail clerks will entertain at Colombo hall tonight with music and dancing. The committees on preparations have been very busy the past few days getting things arranged in proper style. The music will be by a full orchestra, and the best that can be secured. The floor has been freshly waxed and is glassy smooth. It is the first attempt the retail clerks have made in a social way, but considering they have spared no pains in completing arrangements, it is bound to be a grand success.

POLICE COURT.

He Planted Potatoes and Onions for Benefit of Our Aldermen.

BOYS STEAL FLOWERS.

Albert Walton, who was before Judge Crawford yesterday morning, and was fined \$10 for being drunk, was before his honor this morning. Walton went right at it again after getting out, and flourished a revolver about on the streets, too. This was not all he did, for in the goodness of his heart he planted potatoes, onions and other vegetables in the gutters for the benefit of our aldermen, who, he said, would want help when they went out of business.

The judge held court yesterday afternoon at 5 o'clock. The youngsters, Willie Wilson, John Newlander, Frank Carlton and John Shehan, were charged with stealing flowers off the bushes on several lawns on Copper avenue. He sentenced them each to thirty days in the old town jail, but suspended sentence so long as they remain in their homes after 8 o'clock in the evening. They were given a lecture by the judge, too. Other boys are said to be up to this flower getting business, and they will get a "dose," too, if they don't quit at once. Residents on Copper avenue and vicinity are up in arms against this business for many of their fine and choice rose bushes have been ruined.

BEER AGENCY.

Ferd Hein's Lager Will Be Sold Here in a Few Days.

Fred Whittemore, who has been in the city the past few days, has established an agency here for the Ferd Hein beer. Mr. Whittemore sold this celebrated make of beer for seven or eight years in Oklahoma territory when he was traveling salesman for J. L. McCarty, of Oklahoma City, and can recommend it in every way possible. Mr. Whittemore is one of the best known beer men in the central west. He informs The Citizen that in the near future the company he represents will put in a large wholesale liquor and cigar house in connection with the beer depot.

The Fishers Entertain.

The Central high school graduating class were entertained last evening, with their friends, by Mr. and Mrs. Fred Fisher, at their home on South Broadway. Cards were the order and Miss Daisy Huntzinger won the lady's prize while Lloyd Sturges walked off with the gentlemen's prize. Dainty refreshments were served, and all expressed their thanks for the evening of enjoyment afforded them by the host and hostess.

Friday morning, will be exceeded. A thirty-four foot stage at St. Louis means immense loss. Already thousands of acres of soil, the most productive in the middle west, on the Missouri and Illinois sides, are under water. Hundreds of thousands have been lost to Illinois and Missouri farmers through ruined crops. At a half dozen places between Alton and St. Louis the water with its lagoons and bayous is from five to seven miles wide. At St. Charles, Mo., the water has spread out over three miles of country, covering farms and driving out families from their homes.

Congress of Chemistry.

Berlin, June 2.—The fifth international congress for applied chemistry opened in Berlin today with eminent scientists in attendance from all parts of Europe and from America and Australia. The purpose of the congress which will be in session through the remainder of the week, is to promote the scientific and economic interests of chemical work by introducing uniform standard methods and regulations throughout the world.

Financial Panic at Montreal.

Montreal, June 2.—The worst panic in the history of the Montreal stock market was caused by the announcement today of the failure of Ames & Co., of Toronto. Prices declined to the lowest level of the year. The firm was the largest in Canada and was rated at over a million dollars. No schedule of assets or liabilities.

Navel Cadet.

Special to Citizen.

Washington, June 2.—Delegate Rodey has certified Howell, cadet, now at Annapolis, for examination, and Springer, alternate.

Delegate Rodey is working on important department matters.

Kentucky Murderers.

Jackson, Ky., June 2.—A change of venue has been granted in the cases of Jett and White to Morgan county and the trial set for June 23.

GOOD YEAR FOR SHEEP.

Hon. Solomon Luna Submits to a Brief Interview.

NINETY PER CENT LAMBING.

Hon. Solomon Luna, of Los Lunas, came in from the south this morning, and is transacting some important private matters here today.

Mr. Luna was seen by The Citizen representative and he stated that he had just completed lambing and shearing a big flock of sheep on his ranges west of Magdalena, and would now concentrate his working force on the Bosque Apache ranch, near San Antonio, where the wethers he purchased last year from Roswell parties will be sheared.

"My wool output," said Mr. Luna, "will this spring amount to 1,400 sacks, and will be ready for the market about June 15. The lambing has been the best in many years past, about 90 per cent, and the condition of the ranges were never better for the raising of sheep."

Mr. Luna stated also that the Magdalena ranges the past few weeks have been visited by some fine showers of rain, bringing forth abundance of nutritious grass, and filling the water holes with good water. The gentleman will go south tonight to San Antonio, Socorro county, and thence to the Bosque Apache ranch.

Mr. Luna says that Hon. F. A. Hubbell has met with the same good luck in his lambing and shearing, and that he will return to the city about the 7th of June.

HONORARY DEGREE

Conferred on Dr. Tascher by Illinois College of Physicians.

The faculty of the Illinois College of Physicians and Surgeons, located at Chicago, recently conferred an honorary degree on Dr. John A. Tascher of Albuquerque. The doctor was notified of the compliment by telegraph, and for ten days has kept the secret secure. Dr. Tascher is formerly from Chicago, and this honor comes to him here in the far west through the friendliness of Frank Earl, secretary of the Illinois college, and other members of the faculty, who are old acquaintances.

Dr. Tascher has been invited to come to Chicago and attend the closing exercises of the last year's work of the college, but on account of the distance and the doctor's practice here it was impossible for him to do so.

It is needless to say that the doctor is well pleased with the compliment.

Miss Silvey Yanow left Sunday night for Sedalia, Mo., where she will reside in the future.

SITUATION AT TOPEKA BETTER

City Has Fears of an Epidemic From Overflow.

SYSTEMATIC RELIEF WORK ORGANIZED

A Sensational Story About John Wilkes Booth.

Topeka, Kan., June 2.—The flood situation here today is materially better. The Kansas river fell during the night at the rate of an inch an hour. Standard gauge measurement this morning showed a twenty-seven inch fall from the highest point of Sunday. It is safe to say that all those marooned in trees and flooded houses have now been removed to places of safety. At the Sardon bridge alone over 200 were landed last night. The previous estimate of twenty dead is still adhered to. Many reported missing are showing up, but it will only be possible to give the actual loss of life when the waters have finally receded. It is believed that several persons were drowned, and that their bodies have floated away. The work of relief went on through the night, and has been systematized. The greatest fear in Topeka is an epidemic of diseases. At relief depots where refugees are huddled together several persons suffering with contagious diseases were removed to hospitals as rapidly as possible.

River Falling.

Topeka, June 2, 2 p. m.—The river is falling rapidly and now is three feet below the high water mark, and clearing weather is in sight.

JOHN WILKES BOOTH.

Assassin of President Lincoln Said to Have Died in Oklahoma.

St. Louis, June 2.—A special from Enid, Okla., says: Julius Brutus Booth, the actor and nephew of John Wilkes Booth, the assassin of President Lincoln, has fully identified the remains of the man known as David E. George as his uncle. George H. Booth committed suicide here Jan. 14 last, and in his effects was found a letter directed to K. L. Bates of Memphis, Tenn. Mr. Booth came here and fully identified the body as John Wilkes Booth. He then went east and has obtained positive identification of the remains of the dead man from his nephew, Joseph Jefferson, Miss Clara Morris and a score of others who knew him in his early days. According to Booth's story he acted as Booth's confidential agent and attorney for nearly forty years. After Lincoln was shot the assassin escaped to the Garrett plantation in Virginia. According to Mr. Bates, the man who was killed was named Ruddy. Being warned, Booth left Garrett's and was taken care of by friends in central Kentucky. He later settled at Glenrose Mills, Tex., where he conducted a store for several years as John St. Helen.

He left last night for the southern part of the territory. Later on he will return to this city to finish up his work.

The Trains.

A stub passenger train from La Junta running at No. 7 arrived here last night about 10 o'clock, bringing Colorado mail.

No. 7 of the day before arrived this morning at 3 o'clock. Passengers on this train say that in places coming through Kansas the water reached the steps of the cars.

It was reported this morning that no trains from the east were in sight, but this afternoon the wires give it that train No. 7 of yesterday will possibly arrive here tomorrow morning at 3 o'clock and a second train will arrive two hours later.

Trains from the west are reported on time.

Roderick Stover, son of Governor E. S. Stover, who but recently completed a course in electrical engineering at Columbia university of New York, returned home here last night.

STRIKE OF PHILADELPHIA TEXTILE WORKERS

Philadelphia, June 2.—The strike of the textile workers, in progress yesterday, is today virtually complete. Of the 550 plants which have not granted the demand for a fifty-four hour week, there are not a half a dozen in operation and these are working short handed. In the Kensington district, where the majority of the mills are located, the number of idle hands is said to be more than sixty thousand.

TRAVELING AUDITOR SAFFORD.

Spent Yesterday Here Interviewing Merchants About Their Returns.

SOME INTERESTING FIGURES.

Charles V. Safford, traveling auditor of the territory of New Mexico, was in the city yesterday on official business. He spent a large part of the time in going through the schedules returned covering the 1903 assessments.

Mr. Safford was seen last evening by The Citizen representative and said he was getting data to present to the territorial board of equalization, which will meet sometime next October. His idea is to present to that body full and complete information as to the valuations placed on the different classifications of property by the several boards of county commissioners, setting as boards of equalization.

He was investigating in Albuquerque the basis on which merchandise was returned for taxation purposes, and spent the day calling upon the representative merchants. He visited in the aggregate merchants representing, as shown by their inventories taken January 1, and personal statements as to cash value of stock, to the amount of some \$250,000, which

The citizens of Kansas are mourning losses from flood disasters.

The big Fourth of July celebration will be held in this city.

The Kansas flood will cause the loss of many millions of dollars to that state.

Bishop Matz of Denver last Sunday preached a sermon warning Catholics against socialism.

The Las Vegas Advertiser deserves credit for exposing abuses in the territorial insane asylum.

Lets keep on improving the public schools until they will command the admiration of the whole country.

President Roosevelt is now a life member of the Order of Eagles, holding membership in Cheyenne, Wyo., lodge.

Irrigable lands with plenty of water in sight are worth a great deal of money. Sure crops every year is a blessing.

Judge Crollott has helped build several school houses in the past few years, and would know any sort of such structure anywhere.

There was one girl made happy in California, receiving the only kiss bestowed by President Roosevelt in that state. She was an invalid lying on a stretcher watching him.

School Superintendent Vigil has an office in the court house, old town, and maintains a branch office in this city, with Nestor Monoya as deputy, for the convenience of the people.

About this time of the year it might be profitable to keep the fact in mind that thirty-one persons were killed and 2,772 injured in the Fourth of July celebration of a year ago.

The work on the territorial fair is well under way. It will be the biggest fair held anywhere in the Rocky mountain region. The great event will occur October 15, and last a week.

The Citizen was in error yesterday in a statement that there were fifteen public school buildings in this county outside the city. There are twenty-five school buildings in the county.

The Citizen upon every occasion can be depended upon to defend New Mexico from defamers at home and abroad. At no time has it failed to say a good word for the native people.

How vast are the waste plains of the earth may be seen from the fact that the great desert of Gobi in China, would fill the entire Mississippi valley from the Alleghenies to the Rockies. Upward of 300,000 square miles

WORSE THAN SKINNER.

The Democrat, when it was forced out of its hole by public opinion to denounce Skinner, the Presbyterian preacher, says, among other things, in a long article upon the subject, "and yet he stood in the highest body of one of our greatest Protestant churches and made the unqualified statement 'that there is not a public school worthy of the name within the boundaries of New Mexico.' Ananias was stricken dead for a smaller offense than that." This appeared on June 1, but on the 28th of May the same sheet said in an editorial comparing the city with the country schools the following: "The country schools of Bernalillo county, without any buildings of their own, have their commencement exercises, the Lord knows when or how. A good many of them economize time and money by having their terms begin and end at the same time, and taking the whole forty districts together, they constitute the veriest burlesque upon an educational system."

The Presbyterian Ananias made his unqualified and false statement before the meeting of Presbyterian ministers who will repeat it no doubt, and do us great harm.

The Democrat's Ananias has given an unqualified slander circulation through the press, which, without doubt, will harm the territory. One is as bad as the other, inasmuch as malice and prejudice are the dominant factors in the first religious; in the second, political.

Chronic bronchial troubles and summer coughs can be quickly relieved and cured by Foley's Honey and Tar. Alvarado Pharmacy.

ANOTHER SPASM.

Editors Citizen

Whoever is responsible for the spasmodic effusions of the cowardly corporation sheet, which chooses to constantly harp upon local political matters for the purpose of trying to make capital for his political side, and when cornered by The Citizen, sends a committee with a flag of truce to beg off, and which, when the character and good name of the people of New Mexico are vilely attacked, shuts up like a clam at the order of the master, as publicly denounced by the citizens of Santa Fe, attacks us personally for having taken part in an action that is near and dear to us as Spanish-American citizens of our country, endeavoring to belittle our importance as citizens. While we do not lay claim to be better than any other men, yet we think we have the right to express our opinions in such important matters, even at the risk of incurring the displeasure and enmity of the Democrat, whose editor or manager we do not consider a whit better than we are.

The fact remains that the mass meeting that adopted the resolutions was held and was composed of a large body of the citizens of Old Albuquerque; and why the Democrat jumps upon us for the action taken by the meeting, passes our understanding, but then we esteem it an honor to be under the ban of a coward.

NESTOR MONTOYA,
SEFERINO CROLLOTT.

Ten Years in Bed.

R. A. Gray, J. P., Oakville, Ind., writes, "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." Alvarado Pharmacy.

ACCIDENT OR MURDER?

Death Near Folsom Causes Much Comment.
Agapito Valdez and Manuel Martinez had been in Folsom all day Wednesday having a good time and started for home in the evening together, both

The diver dies without air to breathe. The consumptive dies without lungs to breathe the air, or of lungs rendered incapable of breathing by disease. The blood as it flows in and out of the lungs indicates the consumptive's progress. As the lungs grow weaker less oxygen is inhaled and the blood changes from scarlet to purple. Oxygen is the life of the blood as the blood is the life of the body.
The effect of Dr. Pierce's Golden Medical Discovery upon weak lungs is to strengthen them, to enable the full oxygenation of the blood, arrest the progress of disease, and heal the inflamed tissues. Lung diseases have been and are being cured by "Golden Medical Discovery," in cases where deep-seated cough, frequent hemorrhage, emaciation, weakness, and night sweats have all pointed to a fatal termination by consumption.
"Some years ago I was almost a helpless victim of that dread disease—consumption," writes Mr. Chas. F. Ross, P. M. of Sikea, White Co., Ind. "I was confined to my room for several months, my friends and neighbors had given up all hope of my recovery. Until one day a friend advised me to take Dr. Pierce's Golden Medical Discovery, and after I had taken the contents of the second bottle I began to improve. After taking six bottles I was, I honestly believe, delivered from the grave and entirely cured. I am now a strong and healthy man."

Dr. Pierce's Pleasant Pellets cleanse the clogged system from accumulated impurities.

men being intoxicated. They had a team and wagon and when they arrived at their destination Valdez started to pull his overcoat out of the wagon when a 32-caliber revolver in the pocket of the coat containing only one cartridge, exploded, the ball striking Valdez in the neck, killing him.

This is the story told by Martinez when he notified the neighbors of the death of Valdez. The neighbors, however, do not believe the story and openly accuse Martinez of cold blooded murder. Martinez was the only one present at the time of the shooting and he stoutly maintains his innocence. The neighbors cannot prove anything to the contrary, and in all probability nothing further will be done in the matter. The dead man was quite well to do and had many friends.—Trinidad Chronicle.

Kodol Gives Strength

by enabling the digestive organs to digest, assimilate and transform all of the wholesome food that may be eaten into the kind of blood that nourishes the nerves, feeds the tissues, hardens the muscles and recuperates the organs of the entire body. Kodol Dyspepsia Cure cures indigestion, dyspepsia, catarrh of the stomach and all stomach disorders. Sold by B. H. Briggs & Co. and S. Vann & Son.

SUMMER EXCURSIONS.

The Santa Fe Offers Some Cheap Rates.

Eastbound excursions—Dates of sale June 4 and 5 and 11 and 12. Final return limit Oct. 31, 1903: Chicago, \$51.50 round trip; Kansas City, \$39.50; St. Louis, \$46.50; Omaha, \$40.50; Des Moines, \$43.75; St. Paul, \$49.45; Minneapolis, \$49.45; Memphis, \$48.90; Atchison and Leavenworth, same as Kansas City. Many other points in the east also included. For further information call at Santa Fe ticket office. F. L. Myers, agent.

Summer Excursions to Colorado. Denver, \$25.15 for round trip; Colorado Springs, \$22.15 for round trip; Pueblo, \$20.15 for round trip. Date of sale June 1 to October 15, inclusive; final return limit October 31, 1903. See local agent. F. L. MYERS.

National Educational Association, Boston, Mass., July 6-10, 1903.

One fare plus \$2 for round trip going and returning same route. Dates of sale June 30 to July 8, inclusive. If tickets are deposited limit may be extended to September 1. See ticket agent for further particulars. F. L. MYERS, Agent.

Elks' Meeting, Baltimore, Md. We will sell tickets to Baltimore and return on July 16 and 17, with final limit of July 27 at rate of \$58.65. See ticket agent, F. L. Myers.

Travelers' Protective Association Meeting, Indianapolis, Ind. Tickets on sale June 6 and 7, good to return June 30, at rate of \$46.50 for round trip. See ticket agent for information. F. L. Myers, agent.

Thirty-first Saengerfest of the North American Saengerbund, at St. Louis. Tickets on sale June 15 and 16 at rate of \$29.80 for round trip; final return limit June 23, 1903. See ticket agent. F. L. Myers, agent.

National Encampment Grand Army of the Republic, San Francisco, Cal., August 17-22, 1903. Dates of sale August 2 to 15 inclusive; rate \$35.00; final return limit October 15, 1903. F. L. Myers, agent.

Elks' Racing Association meeting, Trinidad, Colo., June 2-5, 1903. One fare for round trip, date of sale, June 1 and 2, good to return June 7th. F. L. Myers, Agent.

Engines Nos. 656, 226 and 488 are again ready for work after undergoing repairs in the local shops.

Miss Irene Meyers, of Rincon, is visiting with the family of Conductor O. P. Coleman, at San Marcial.

Engines Nos. 479 and 434 have been brought in off the line and will receive a going over in the shops.

About 500 of the 2,200 locomotives used on the railroads of Japan were manufactured in the United States.

Engineer J. C. Taft writes Ed Manning, of San Marcial, that he is gradually recovering his health at Mineral Wells, Texas.

Two popular San Marcial firemen, Ed Lauderback and W. D. Wilsey, have received official notice of their promotion to engineers.

The site of the old San Marcial depot has been filled up and shrubs and flowers are to be agents in the attractiveness of that part of the long cement platform.

An applicant for a Pullman berth at the El Paso office last week got mad at the agent because there was no lower berth for him and pulled a gun on him. It is said the agent gave him a "wide berth."

The advisability of and the necessity for the Santa Fe railway company delivering pay checks to employees on the Sabbath day is being questioned by a few of the citizens of San Marcial, who believe in the strict observance of the day.

D. C. Dunlap, chief engineer for the New Mexico Northern railway, and his stenographer, Miss Young, left this morning for Bland, in the Cochiti mining district. Engineer Dunlap expects to be at Bland from now until the new road is completed.

The tool house at Lamy Junction, adjoining the Harvey house, caught first about 7 o'clock Sunday night and was entirely destroyed. It was full of oil and other combustible material, but as a heavy rain was falling and there was no wind it was not difficult to keep the fire from spreading.

The executive committee of the southwestern colonization bureau held a meeting in Chicago and mapped out a program for J. W. Steele, the manager of the bureau, for his tour through Texas to interest commercial bodies there in the efforts the southwestern roads are making to colonize the state.

It is stated on reliable authority that there are now extensive improvements contemplated in the Santa Fe shops at La Junta, which will involve an expenditure of about \$50,000. There are about one hundred men now employed in the car department alone in that place and it is necessary to provide more convenient quarters.

As an evidence that traffic officials are confidently expecting railway rolling stock to be much cheaper, it is stated that President Newman of the New York Central, while desiring to buy a large number of cars, has decided to postpone the purchase, saying that every month's delay in the matter meant a large saving to the company.

A station agent is no longer kept at Lava. The only official in sight is the night operator. This arrangement makes the sending and receiving of freight by A. E. Rouiller, of Paraje, very unsatisfactory, and he is considering the feasibility of changing the location of his headquarters to this side of the river, and transacting his freight business at San Marcial.—Bee.

A. D. Kirkman, foreman of the Santa Fe well boring outfit which is now sinking a well at Armijo, a small station fifty-four miles west of Albuquerque, is in the city buying supplies. He says the drill is down about 600 feet and has struck but one vein of water of any volume. That was struck at a depth of 144 feet and of little consequence. Mr. Kirkman will return to Armijo tonight.

Mr. and Mrs. R. L. McCance left Sunday for their old home in Pittsburgh, Pa., where Mr. McCance will resume his position as auditor for the capitalists interested in the Pennsylvania Development company and the Santa Fe Central railroad and other extensive enterprises in Pennsylvania, Ohio and Indiana. Mr. McCance will be back in about six weeks and will remain a few days on official business.

IT IS NULLIFIED.

Supreme Court Knocks Out the Long and Short Haul Clause.

In a decision by the United States supreme court in a case against the Louisville & Nashville and other southern roads the long and short haul clause of the interstate commerce act practically is nullified. The court upholds the right of these roads to charge more for the haul from New Orleans to La Grange than for use haul from New Orleans to Atlanta, although La Grange is seventy-eight miles nearer.

The explanation is made by the court that Atlanta is the competitive point, and that the rate there may be used as a basis, so that the railroad shipping from La Grange to New Orleans will have the right to charge the rate from New Orleans to Atlanta, with the rate from Atlanta back to La Grange added.

The court said the lower rate to Atlanta was justified by the exigencies of competition. On the other hand, the rate from New Orleans to Montgomery the nearest competitive point on the other side of La Grange, added to the local rate from Montgomery to La Grange, would make a higher rate than that complained of, while the

DON'T GET IN A SWEAT

Perspiration—"sweat" is what the Bible and we common people call it—is a way nature has of driving out of the body refuse that has no business there. We sweat more in summer, because, in the overheated bowels, undigested food ferments more quickly than in winter and produces irritating acids and gases. The bowels, overworked, try to relieve themselves by violent convulsions, causing terrible gripes and colics, and diarrhoeal discharges so acid as to make you sore, and leaving the intestines weak and worn out. Nature assists body-cleaning by sending the filth out through the pores of the skin. It is not safe to stop perspiring altogether but most of the impure matter should be sent out by natural movements of the bowels, and the offensive, ill-smelling, linen-staining sweat done away with. Keep your bowels strong all summer with the pleasant, candy cathartic CASCARETS, that clean the system and don't allow the excrement to be sweated out through the pores. Take a tablet every night, before going to bed. They work while you sleep and make you feel fine and cool all day.

Best for the Bowels. All druggists, 25c, 50c, 75c. Never sold in bulk. The genuine tablet stamped C. C. C. Guaranteed to cure or your money back. Sample and booklet free. Address: Sterling Remedy Co., Chicago or New York. 545

ginger was spirited and the ladies sold a great many tickets. The contest finally developed into a race between the two leaders, Frank Myer and Carl Mac. The final contest showed Myer 336 and Mac 225. The cup was awarded to Myer who made a speech of acceptance.

The ladies went into the scheme for the purpose of making money for their order, and they accomplished that end in a measure that they had not expected.

Was Wasting Away.

The following letter from Robert R. Watts, of Salem, Mo., is instructive. "I have been troubled with kidney disease for the last five years. I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." Alvarado Pharmacy.

DEAD SHEEP.

Gruesome Result of a Freight Wreck on the Santa Fe.

At the wreck at Offerle, Kan., a few days ago there were thirteen cars of sheep dished. The cause of the wreck was supposed to have been the dropping of a truck on a tank car immediately ahead of the sheep. After the wreck was cleared the dead sheep were counted and there were just 1,133 of them. Some were burned, some were buried and some still remain in a pile on the edge of the right-of-way for the section men to dispose of. Those who saw the wreck say it was a gruesome sight.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes as follows: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by all druggists. Trial bottles free, regular sizes 50c and \$1.00.

Shot Through the Window.

A small boy with a 22-calibre rifle turned loose in the corporate limits of a city is a dangerous thing. Mr. Wachter, the bookkeeper in the Santa Fe storeroom at Newton, Kan., came very near losing his life by the carelessness of a small boy who fired a shot through the storeroom window. The ball passed through the window over Mr. Wachter's desk and lodged in the door across the room. Mr. Wachter was out on the platform invoicing, but if he had been at his desk the ball would have struck him in the head or neck.

A Serious Mistake.

E. C. DeWitt & Co. is the name of the firm who make the genuine Witch Hazel Salve. DeWitt's is the Witch Hazel Salve that heals without leaving a scar. It is a serious mistake to use any other. DeWitt's Witch Hazel Salve cures pimples, burns, bruises, eczema and all skin diseases. Sold by B. H. Briggs & Co. and S. Vann & Son.

Check Was Worthless.

Ed Jaramillo of San Antonio was here Monday in search of a fellow who got the best of him in a deal in that town last Sunday night. The man with his wife was traveling south by wagon. At Jaramillo's store he desired to buy a bill of goods. He had a check of the First National bank of Albuquerque for \$175. He received \$20 worth of groceries and a local check for \$5 in exchange for the Albuquerque check. The fellow said he would be in town a few days and when Ed cashed the check next day he would call and receive the balance due him. He skipped that night. The check proved to be worthless.—San Marcial Bee.

Caution!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the night and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. J. H. O'Reilly & Co.

Queen Quality

The First Requisite

The very first requisite of a shoe is that it shall fit the foot with absolute accuracy. Closely but not tightly! No waste space, yet no pressure! The "Queen Quality" Shoe is made so that

It Fits the Foot

It fits it just as a Paris made glove fits the hand. Have you ever noticed that no other shoe talks much about fit? They talk about "style" and "beauty" and "form" and other things that mean nothing. But they say little about FIT! They don't dare to!

"Queen Quality" fits because it is an entirely different construction which, by the way, adds many dollars to the weekly pay roll.

But the shoes fit perfectly!

BOOTS, \$3.00. OXFORDS, \$2.50.
Special Styles 50c extra.
Fast color eyelets. Do not wear brassy.

CITY FATHERS MEET.

Hear Reports and Transact Important Business for the City.

FIRE DEPARTMENT.

Alderman Grunsfeld occupied the mayor's chair at the regular meeting of the city council last evening. Aldermen Rogers, Beaven, Hubbs and McMillen were the other faithful four that were present.

City Marshal McMillin reported that during the month of May his department arrested ninety-nine persons; that 277 meals were served and \$530 collected in fines. Five excavating permits were also granted.

City Physician Elder said twenty burial licenses were issued during May; that he had treated twenty-one cases and had quarantined or placarded on account of diphtheria, measles and scarlet fever some dozen places.

City Chemist Weinzl reported he had examined fourteen samples of milk and cream from twelve dairies, and had found no preservatives except in one case; that in some cases he thought the specific gravity was somewhat low, and he was obliged to think that some how or other the milk cans contained some water before the delicious white fluid was poured in. The police committee will investigate.

The police department survey was ordered repaired and repainted; an ordinance passed providing for the construction of a vitrified brick sidewalk on the west side of North First street, between Fruit avenue and the Mountain road.

Fast driving, Alderman Beaven told the other city fathers, over the shell-shaped and hardly safe viaduct goes on at all times of the day in violation of the city regulations. He wants the rule enforced or the notice taken down. The police will watch for fast driving over the viaduct, and if you violate the rule you will be sure to see Judge Crawford and leave the city some money.

Alderman Hubbs has it in for the small boys who play ball in the vicinity of his home. They are getting to be a nuisance, he says, for they use some of the residences for backstops and howl like Indians. They are annoying and he wants them stopped.

Measles were discussed by the aldermen, and some of them told of their fine time with them when boys. The discussion was brought about by a suggestion that a regular quarantine be enforced against them, but it was decided to refer the question to the board of health for their opinion.

Property owners and others on North First street, between Fruit avenue and the Mountain road, sent in a petition stating that no sidewalk was necessary there, but if one was built they would prefer a board walk. The council voted to ask the water company to lay a main on North First street from Copper avenue to Fruit avenue, and on South First street from Silver to Stover avenues.

Chairman Hubbs of the fire committee wants the fire department improved, and with that end in view has been corresponding with a company in the Granite state, which manufacture the Perfection holder with ground attachments and the "Two Way Deluge Set." He says the company will ship the apparatus for approval, and if it proves unsatisfactory will bear freight rates both ways. The company say their patent nozzle holder, with a water pressure of ninety pounds, will throw a solid inch stream 200 feet. Our present nozzle will throw a stream twenty-five feet. Up in Santa Fe this new nozzle is giving satisfaction. The council will order the new apparatus and if satisfactory will purchase it for \$185. Albuquerque should improve her fire department, for it is one of the most essential things that a city should have.

Mr. Yanow, who owned a pawnbroker's license, was given leave to transfer it to Mr. Rosenfield.

DRIVEN TO DESPERATION.

Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident, resulting in burns, cuts, wounds, ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It's the best on earth. 25 cents at all drug stores.

SENIORS AND JUNIORS.

Of the New Mexico University Entertained Last Night.

This morning at Library hall, the senior and junior classes of the university of New Mexico held their class day exercises. The faculty was little in evidence, and the program published in The Citizen of yesterday was carried out according to plans and with a high hand. Class day is the one day of the year when the pupils do about as they please and the members of the junior and senior classes pay off old scores. It is an event of the school term looked forward to by the juniors with a great deal of pleasure.

The numbers were all good and the program was intensely interesting. The senior charge was a little mild compared with the answer it received from the undergraduates. That the seniors were worsted is without a doubt; their challenges were easily parried and the thrusters they received in return were worrying.

Tonight at Library hall the graduating class of the School of Music of the University of New Mexico will give the graduating recital.

Chamberlain's Stomach and Liver Tablets are just what you need when you have no appetite, feel dull after eating and wake up with a bad taste in your mouth. They will improve your appetite, cleanse and invigorate your stomach and give you a relish for your food. For sale by all druggists.

MILLIONS OF FRUIT.

An Immense Crop Assured for the Great San Juan Country.

Truly San Juan county, New Mexico, is a typical fruit country and beyond all question of doubt is the peer of any section in the entire United States for a sure full crop of every variety, year after year. No late frost, no drought, no flood, no wind, oceans of water for irrigating purposes and perpetual sunshine in the routine encountered each successive season, marketing alone being the only problem to be deciphered in the successful operating of a San Juan fruit farm. Apples, peaches, pears, plums, apricots, nectarines, quinces, cherries, berries, grapes and currants all grow to perfection and of a size and flavor second to none grown elsewhere. Potatoes, onions, turnips, radishes, cabbage, asparagus, lettuce, tomatoes and all garden vegetables are just as prolific, the only obstacle to doubling the acreage being transportation facilities. —Farrington Hustler.

The Best Cough Medicine.
I sell more of Chamberlain's Cough Remedy than all similar preparations put together and it gives the best satisfaction of any medicine I ever sold. I guarantee every bottle of it.—F. C. Jaquith, Inland, Mich. This remedy is for sale by all druggists.

The eminent doctor and spiritualist, Dr. Annie Morrill, of Houston, Texas, can be consulted either for readings or physical advice. A lady's friend. The Englewood, 205 North Second street.

Quaker Doctor.
H. E. Merkel, M. D., the Quaker doctor, can be consulted at the Metropolitan hotel. Examination and consultation free.

MEETINGS.

Harmony lodge No. 17, I. O. O. F., will have an election of officers tonight. All members please attend.

The advertising committee of the fourth of July celebration will meet tonight at 7:30 at the Journal-Democrat office. H. B. Henning, chairman.

There will be a meeting of the general committee on arrangements for the Fourth of July celebration Wednesday evening, June 3, at 7:30 o'clock, in the hall over the Cabinet saloon. Henry Myers, chairman, Fourth of July celebration.

The members of the committee on entertainment for the Fourth of July celebration are requested to meet in the hall over the Cabinet saloon at 7:30 Friday night to make arrangements for the grandest program ever presented to the people of this country.—Billy Berry, chairman.

The ladies of the German church will hold their monthly meeting next Wednesday afternoon, June 3, at the home of Mrs. Grundmann. All are requested to be present. By order of the president, Mrs. E. Renner.

A meeting of the Order of Owls will be held Tuesday evening, June 2, at 503 North Second street, by order of the G. M. Mamie Girard, secretary.

There will be a regular meeting of G. K. Warren post No. 5, G. A. R., in Grant hall Tuesday evening, June 2, at 8 o'clock. All visiting comrades are welcome. J. W. Edwards, post commander; W. W. McDonald, adjutant.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect"—dandruff.

"Sold by leading druggists. Send for in stamps for sample to the Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents.

Adage Confirmed.

Judge Cox of the United States circuit court, while delivering a lecture at Columbia university told of a young lawyer who came before the supreme court to argue a case in which he was also defendant, says the Fort Worth Tex., Telegram. Addressing the court he referred to the old French adage declaring that he who argues his own case has a fool for a client. After the case had been heard he left for his home in St. Louis, asking a friend to notify him by wire when the decision was handed down. This was the pithy dispatch he received: Old French adage affirmed."

The Fourth of July season is now getting pretty close, and dealers and those contemplating buying fireworks should lose no time in placing their order. The destruction of factories manufacturing specialties will leave many wholesalers entirely without the most salable lines. The Los Angeles Fireworks company has, however, secured a full line and can make an immediate shipment of every item on the catalogue, which will be mailed on application. Both the company and their agents will adhere to the prices quoted throughout the season. The quality of their goods and methods of doing business is too well known in this section to need any comment.

If You Fail to Remove Your Burden of Disease in June, Your Life is Not Secure.

PAINE'S CELERY COMPOUND

Three Bottles Saved Mr. Tripp From Indigestion, Liver Trouble and Rheumatism.

There was never a remedy so highly recommended for making sick people well in summertime as Paine's Celery Compound. It successfully grapples with all the ailments common in summertime, and never fails to remove long standing and chronic diseases that have baffled the skill of physicians. When Paine's Celery Compound is used, there is no long waiting for results. It tones the stomach, improves the appetite, assists digestion, excites the bowels to healthy action, expels all foul humors from the blood and braces the nervous system. Mr.

J. D. Tripp, West Kennebunk, Me., says:

"I suffered from indigestion, liver trouble, kidney disease and rheumatism. The worst trouble was in my head; the pain commenced in the shoulders and ran up my neck until it reached the head. I could not sleep at night, had ugly dreams and bad feelings when I did sleep. Since taking three bottles of Paine's Celery Compound, I am well and feel like a new man. I have a good appetite and can do a good day's work. I am recommending Paine's Celery Compound to every one who is suffering."

LOCAL PARAGRAPHS

W. M. Bell of Las Vegas is here to-
day.

The Citizen is the people's paper. It
contains the news, too.

Several of the fair officials were
around this morning securing subscrip-
tions.

It is reported that Jimmie Wroth,
son of Dr. and Mrs. J. H. Wroth, is
quite ill.

Mrs. Allen E. Ware, wife of a Silver
City merchant, is in the territorial met-
ropolis today.

Mrs. A. B. Chamberlain and Miss
Minnie H. Ruble, from Fort Bayard,
are in the city.

John Mackay and wife, of Belen, are
in the city, purchasing supplies and
visiting friends.

A. H. Yanow, who hid himself away
to Denver a short time ago and was
married, has returned home accom-
panied by his bride.

The board of education did not meet
last evening, there not being a quorum
present. The next meeting will be
called by the president.

Deputy Collector Henry Gleason of
Valencia county has gone to Las Lun-
as to resume his duties. His wife is
visiting her sister in Belen.

After a delay of a few days, the
lathers got to work this morning on
the new Bachechi & Co. building at
the corner of First street and Silver
avenue.

A. H. Yanow today is moving his
pawn brokerage business, formerly lo-
cated in the Whiting building, to 105
South Second street in the Barnett
building.

Harry F. Lee, the city clerk, who is
sick with the measles, is reported get-
ting along nicely, and it is thought
if he continues to improve that he
will be up and ready for business in
about a week.

A large number of discharged sol-
diers passed through here last even-
ing en route for their homes in Ohio
and Pennsylvania. They were from
the Philippine Islands, having left
there April 29.

Mrs. L. Lund, the bookkeeper at
Farr's meat market, who was back in
Kansas on a visit to relatives and
friends, has returned to the city. While
away, F. W. Hamm was the bookkeep-
er at the market.

Manager Billy Berry extends an in-
vitation by request of the owner, for
the three bowling teams in this city
to bowl on the three new alleys that
will be finished in the near future, on
the opening night. See Billy about it.

Victor Sals, of Casa Colorado, Valen-
cia county, is in the city. He says his
lambling and shearing will greatly ex-
ceed the average of the past few years.
Mr. Sals is well pleased with the
weather conditions, and says these
showers will work wonders on the
grains in the next few days.

A base ball team has been organized
with the following well-known young
men: Edgar Strumquist, catcher;
Ward Anderson, pitcher; Will Pratt,
first base; Frank Scottle, second base;
Charlie Kunz, third base; Billy Neher,
left garden; Carl Holman, center gar-
den; Grover Strong, right garden.
They are hard at work practicing and
want to hear from other teams.

Engineer Fred Lee, who was scald-
ed out at Winslow a week ago and
brought to the Santa Fe Pacific hospi-
tal here for treatment, is reported as
getting along as well as could be ex-
pected under the circumstances. His
ankles, which were sprained by his
jumping from the engine, when the ex-
plosion occurred, are still swollen, but
are thought not permanently injured.

The Bernalillo county commission-
ers met yesterday and adjourned till
next Monday, June 8, awaiting the de-
cision of the court in the case of the
territory vs. T. C. Gutierrez and Seve-
ro Sanchez, commissioners, which
has been pending the past several
weeks. Judge Baker is expected
back from Omaha tonight, and it is
thought will at once hand down his
decision in the case.

Local owners of mines and prospect
holes in the Cochiti district are feel-
ing jubilant these days over the re-
ports from Chief Engineer Dunlap
that the New Mexico Northern rail-
way will soon be built into the dis-
trict from near Thornton to Bland.
James McCorriston, a thoroughly en-
thusiastic mine owner, was seen this
morning, and stated "that there was
not now a dark cloud on the horizon
in the Cochitis and that some million-
aires will be produced as soon as the
toots of the iron horse reverberates
throughout the golden hills."

General Manager Hopewell, the iron
man of the Santa Fe Central and Albu-
querque Eastern railroad companies, is
in the city today on business. The
Santa Fe Central is making slower
progress in laying rails than has been
anticipated owing to the lack of work-
men. The United States Indian
school in Santa Fe has sent out a second
batch of fifty Indians to work at

rail laying. Forty-two miles have
been laid out of Torrance, three miles
out of Kennedy, while nine miles have
been graded between Moriarty and
the Hagan coal fields.

A large number of Uncle Sam's In-
dian people were at the station last
evening to see some of their school
friends off. They were headed for
Rocky Ford, Colo., where they are to
be employed in the beet factory and
on the beet farms. More will go this
week.

The Rio Grande was several inches
higher this morning than last night
and is reported as having risen steady-
ly during the day. River men say that
although there is no immediate dan-
ger of it going above the last high
water mark heavy rains to the north
and in the mountains at this time
would send it out of its banks. It is
thought that the rain of yesterday fol-
lowed up the valley and is the cause
for the present swell and if no more
rain falls the water will subside in a
day or two.

Catcher Roy McDonald.

An article in yesterday's Citizen
stated that Roy McDonald, who had
signed with the Kansas City Blues, of
the American association base ball
league, had been released by Manager
Gear, and had signed with the Pitts-
burg, Kas., team of the Missouri Val-
ley league. Roy was released to Man-
ager Harris of the Pittsburgh team with
the understanding that he could be re-
called any time he was wanted by the
Kansas City team. The purpose of this
was to season the young player, and
get him in shape to go in when need-
ed by the Kansas City team. This is
what is called "farming" a player.
While "farming" is against the rules
of the Association of Base Ball Clubs
it is nevertheless practiced under the
guise of a release. In case Maloney,
the Blues' regular catcher gets hurt
or is put out of the game in other ways
Roy McDonald will be quickly called
to take his place. It is a matter of
economy practiced by all professional
ball teams. That Roy will be among
the stars of the Missouri Valley league
goes without saying.

He Resided Here.

Several business men of the east
side have repeatedly asked who the
correspondent was for the Denver pa-
pers. They have complained of the
untrue and narrow minded reports
sent from here. In order that those
interested may know, we can state
that the Optic aggregation does this
writing as a side issue.—Las Vegas
Advertiser.

When the same correspondent re-
sided in this city, he followed the same
course of fault-finding, and abusing
those that he did not like.

WOOL MARKET.

St. Louis.

St. Louis, June 2.—Wool—Market,
steady. Territory and western med-
ium, 16@17½; fine medium, 14@16;
fine, 13@15.

During the summer kidney irregu-
larities are often caused by excessive
drinking or being overheated. Attend
to the kidneys at once by using Foley's
kidney Cure. Alvarado Pharmacy.

ALGODONES NEWS.

Special Correspondence.

Algodones, N. M., June 1.—There
was a quiet wedding here yesterday.
Jose Maria Perez and Maria Manuela
Martinez were married by the justice
of the peace. Only a few friends of
both were present. They will give a
big dance next Saturday night.

The lambing season is over and
ranchmen have commenced cutting al-
falfa, which was slightly injured by
late frosts.
Eight thousand pounds of gold and
copper ore was shipped from Bernal-
lillo last Thursday to the Cerrillos
smelter. The ore was from the San-
dia mountains, and is said to be very
rich.

There was a pretty lively row yester-
day here, and one hombre got pretty
badly used up. The case was
brought before the justice of the
peace this morning, but was dismissed,
as complainant was shown plainly to
be at fault and deserved what he got.

Manuel D. Gonzales has just com-
pleted a two-story adobe house, which
cost about \$2,000.

The weather is warm but not un-
pleasant on account of the breeze that
comes up about 10 o'clock each morn-
ing.

Crops are looking well. No fruit
this year here except apples and
grapes.

FAYWOOD GUESTS.

PRIVATE OFFICES.

OPEN EVENINGS.

THE HOUSEHOLD LOAN CO.,
Rooms 3 and 4 Grant Building,
305 West Railroad Avenue.

Silver City: Mr. and Mrs. E. M. Bray
and son, El Paso; Miss Ella Hiler,
Water Valley; Dr. Samuel D. Swope,
Deming; Dr. Houston Chapman, Un-
iontown, Ky.

Rev. Father Morin, pastor of the
Catholic church of Silver City, has
been here since 1892. is a very popular
and conscientious priest and doubtless
does as much work as any of his
brethren in the great southwest, hav-
ing in his jurisdiction the parishes of
Deming, Dwyer, San Juan, San Loren-
zo, Santa Rita, Hanover, Fierro and
Pinos Altos, in all of which places he
holds services at stated periods.

Mr. Hauser is the right-hand man
of Mr. Jenks' big dairy business, and
came for a short period of rest and
hot water purification. Mr. Bray is
proprietor of the big store at the great
El Paso smelter, and both he and his
wife are being much benefited by
these medicinal waters.

Miss Hiler was very reticent and
ye scribe could get no inkling of news
concerning her. But next day when
Oscar C. Taylor, a young farmer of
the Mimbres, came sheepishly inquir-
ing for the lady and took her away in
his buggy, we had suspicions. And
rightly, too, for they went and got
married the very next day, and now
"Taylorville" has not a bachelor left.

At just midnight Drs. Swope and
Chapman arrived in a buggy, went to
bed and at 5 a. m. resumed their jour-
ney to what destination we know not,
but in the direction of Bayard. On
their return an interview will be in
order.

In my last report Chris Peterson
was credited with fifteen years' ser-
vice on his division of the Santa Fe,
but that is not enough. When the
work was finished, changing the road
from narrow to standard gauge Mr.
Peterson pulled the first passenger
train into Silver City, May 18, 1886.
When asked how long he has worked
for the Santa Fe, he replied: "Al-
ways! As long as I can remember."
And when in a reminiscent mood his
stories of railroading in the early days
are very instructive and entertaining.

Weather conditions and crop pros-
pects continue very favorable and
promise a fine income for farmers and
cattlemen.

NEW MEXICO TOWNS

SAN MARCIAL.

From the Bee.
Pending a change in the condition of things at Rosedale, some of the inspectors and miners of that camp have secured employment at Kelly.

Rev. Thos. Harwood, who has been visiting nearly all the small towns on the river, arrived here Friday and spent the day among the native people identified with the church he so faithfully represents.

But one vacancy exists on the school board of this district, and the name of Engineer John K. De Hart was the only one considered in connection therewith. A better selection could not very well be made.

Paul Lawrence, the infant son of Mr. and Mrs. C. L. Hadley, born on May 11, was destined to gladden the hearts and home of his parents for but a short while, and on May 27 his little spirit was wafted back to God who gave it. On Thursday afternoon the mortal remains of the little one were laid away; but as no one can calculate the beneficial influence of a pure little child—a living jewel dropped unstained from heaven—the memory of his brief sojourn with them will be an ever present blessing to Mr. and Mrs. Hadley.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

The uniform success of this remedy has made it the most popular preparation in use for bowel complaints. It is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. It is especially valuable for summer diarrhoea in children and is undoubtedly the means of saving the lives of a great many children each year. For sale by all druggists.

LAS VEGAS.

From the Advertiser.
Prof. E. L. Hewett and wife left for their ranch on the Pecos.

David Crespin and wife left for their home in Los Colonias.

Mrs. Emma Cohn and two children left to spend the summer in San Francisco.

Charles Givens, the well known Las Vegas boy, and son of the liveryman, returned home recently after a year's absence in Denver. His wife remained in that city.

The jury in the case of Dolores Nolan, charged with murder, returned a verdict of murder in the second degree. The penalty is from three years to life imprisonment. The defendant's attorney asked for a new trial.

Zacarias Valdez returned from Las Conchas and other outside precincts, where he was looking for men to work in the sugar fields at Rocky Ford, Colo. He reports that all the people in those precincts are indignant about the reported inhuman treatment of patients at the asylum.

The dance given by the "Reds" base ball team in Buffalo hall, on the west side, was well patronized, and was a very enjoyable occasion. Refreshments were served to the guests and Mr. Barber had the hall beautifully decorated with the national colors in honor of Decoration day.

Warning.

If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Alvarado Pharmacy.

SANTA FE.

From the New Mexican.
Hon. L. Bradford Prince returned Saturday evening from Denver, where he had been on legal business.

F. E. Dunlavy, president of the Dunlavy Mercantile company, is in the capital looking after business for the stores of the company along the line.

A SIMPLE QUESTION.

Albuquerque People are Requested to Honestly Answer This.

Is not the word of a representative citizen of Albuquerque more convincing than the doubtful utterances of people living everywhere else in the union? Read this:

Mrs. W. C. Wood, (W. C. Wood, employed in the Santa Fe railroad shops) residence, 720 South Broadway, says: "When on a visit to Fall River, Mass., I learned that Doan's Kidney Pills had been a household necessity in that city for years. Naturally when a person has backache themselves and friends, acquaintances and relatives continually insist that a particular remedy shall be tried, you at least consent to take a course of the treatment. I used Doan's Kidney Pills and they stopped an aggravated attack of backache, only one of many which had occurred in the past. When I came west I brought with me a dozen boxes of Doan's Kidney Pills long before they were so extensively known in California, as at present. I have not the slightest hesitation in publicly stating that I know from experience as well as observation that this remedy can be absolutely depended upon in all cases of kidney complaint causing backache, lumbago or other symptoms which follow in the wake of that far too prevalent annoyance."

Just such emphatic endorsement is plentiful in Albuquerque. Call at the Alvarado Pharmacy and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

of the Santa Fe Central railway. Vince Paul Dole, of Chicago, representing a wholesale grocery firm of the windy city, is in Santa Fe looking after business. This is his first trip this way and he is very agreeably and pleasantly impressed with the city.

The United States national cemetery, under the efficient management of Captain G. D. Crittenden, superintendent, never looked in better condition nor more attractive than it did on Saturday.

Rapid progress is being made on the road to Tesuque, which is being constructed under the direction of Jose D. Sena. Heavy blasting has been done and the view of Santa Fe from the new road is said to excel that from Fort Marcy.

The grave of the beloved and lamented Mrs. A. L. Morrison, in Rosario cemetery, was beautifully decorated on Memorial day with lovely flowers, which were sent by Hugh O. Morrison, of Los Angeles, Cal., to his sister, Mary, for that pious purpose.

A. M. Bergere, Esq., clerk of the district court, returned Friday evening from his sheep ranches near Estancia, and spent Saturday and Sunday at home. He left again on Monday for that point as the lambing his flocks has not yet been concluded. Mr. Bergere reports a fair season in lambing in eastern Valencia county.

An occurrence that is a disgrace to those who participated in it, even though they were only boys, was the stealing of flowers from the graves of the old soldiers in the National cemetery. The thieves did not have enough shame to wait until darkness curtailed their sacrilegious act, but robbed the graves of their flowers shortly after the crowd had left the cemetery.

The program committee of the next annual territorial Sunday school convention to be held in this city June 9-11, announces that all sessions will be held in the Methodist church, instead of in the Presbyterian church as formerly announced, on account of the objection of Rev. W. H. Moore; also that the address of welcome will be delivered by the Rev. W. A. Cooper, instead of by Mr. Moore, declined. No other changes in the program have been made. All families intending to entertain visitors should report to Miss Edna Berger on the east side of the plaza.

His Last Hope Realized.

From the Sentinel, Gebo, Mont.

In the first opening of Oakland to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping up on his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

FARMINGTON.

From the Hustler.
Miss Lillie Pond, of the La Plata, is here visiting with her sister, John R. Pond.

Mrs. Leuders and Mrs. Tucker, sisters of Mrs. L. L. Thomas, will arrive here next week to spend the summer.

Miss Carrie Newton, who at one time resided here, is to be married at Silverton next Wednesday, to Stephen A. Rodgers, engineer at the Silver Lake mine.

W. N. Knight has sold the lower portion of his Sunnyside ranch, consisting of about 70 acres, to Mrs. Adelle Richetts; consideration, \$2,000. The sale was made through John C. Hubbard.

Henry Noel and R. D. Gerard have returned from a trip down the San Juan river to Bluff City and vicinity. They report plenty of grass in that section and much ground broken by the Indians for corn planting.

Clayton Wetherill, Hugh Currie, Mrs. Grace Currie, Mrs. Agnes Currie and Miss Brown, all departed Saturday for the Ute reservation, where they go in search of Indian curios. Each member of the party was equipped with a fine saddle horse and a pack burro. They expect to be gone about ten days.

Worst of All Experiences.
Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newton, Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by all druggists.

"Grand Canyon Illuminated Mounts," "Lesser Platinum Prints" on sale at Santa Fe ticket office for 25 cents. Call and see samples. F. L. Myers, agent.

Subscribe for The Daily Citizen.

ATER LONG HUNT

Veteran of Confederate Army Unites With His Family.

BELIEVE HIM KILLED AT SHILOH.

A correspondent of the Denver News, writing from Las Vegas under date of May 30, says:

The long, dreary aftermath of the civil war furnishes few stranger tales of the reunion of kindred after many years of ineffectual search than that which comes from the New Mexican town of Watrous. A father who followed the southern stars and bars, a home swept away by the bloody tide of war, a report of death on a hard-fought field, the long battle of a frail mother with poverty, the weary search of a loving husband and father, recovered from a desperate wound—such is the life story and tragedy of George McComis, who, after forty years of wandering, has just been reunited with his son, a prosperous business man of Watrous.

In the earliest days of the war McComis left his cottage home at Dallas, Tex., to take up arms for the confederacy. He bade good-bye to his young wife and two small boys. The current of war carried him farther and farther away. After the terrible battle of Shiloh, a friend and companion in arms returned to the old home. He told the young wife that he had seen her husband lying lifeless upon the blood-stained field. Dead to all appearances he was; but McComis struggled back to life, and, after a long illness, rejoined his regiment. He was with Lee's despairing army when the end came.

Meanwhile the frail mother had been forced by grim necessity to eke out a living for herself and her boys. The little home was abandoned and the bereft family moved to San Antonio, where greater opportunity was offered. Subsequently several changes of home were made, the mother, making sure her husband was dead, not thinking it worth while to leave an address.

For forty long years Mr. McComis has been searching in every part of the union for his loved ones. Fortune has been kind to him, but he has sought not to lose her. His object in life has been to find his dear ones. Finally he gave up the quest, believing his family dead. Then, when effort had proven of no avail, chance effected in a moment what the soldier, old, discouraged, broken in health and fortune, had given long years to bring about. In an obscure country postoffice he saw a letter addressed to Geo. McComis, Watrous, N. M. At once he wrote to the address. Who can picture the joy of the father in receiving the prompt and astonished reply of the son. The battle-scarred veteran started at once for his son's home, which he has just reached. The joy is tempered by grief, for a few years ago the faithful wife, worn out with a long struggle with poverty, died soon after the affluence had come to her sons.

Cuts, Bruises and Burns Quickly Healed.

Chamberlain's Pain Balm is an antiseptic liniment, and when applied to cuts, bruises and burns, causes them to heal without maturation and much more quickly than by the usual treatment. For sale by all druggists.

DR. YAIR DEAC.

Demise of Prominent Citizen of Dona Ana County.

The Mesilla valley lost one of its most respected citizens Sunday in the death of Dr. John M. Yair, who passed quietly away at noon.

Dr. and Mrs. Yair came over from Scotland in 1895, living first at the English settlement connected with the Rio Grande Dam and Irrigation company, at Granada.

Dr. Yair was a graduate of Glasgow university, Scotland, and had a large practice first in the British Islands and later in South Africa, until failing health compelled him to relinquish it. The interment took place yesterday by the Masonic lodge of Las Cruces.

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." If you have any trouble with your stomach why not take these tablets and get well? For sale by all druggists.

Mrs. Bamouni, at her parlors, No. 295 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, de-hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bamouni's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. All so a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. Automatic telephone 490.

Mrs. Fairbanks tells how neglect of warning symptoms will soon prostrate a woman. She thinks woman's safeguard is Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Ignorance and neglect are the cause of untold female suffering, not only with the laws of health but with the chance of a cure. I did not heed the warnings of headaches, organic pains, and general weariness, until I was well nigh prostrated. I knew I had to do something. Happily I did the right thing. I took Lydia E. Pinkham's Vegetable Compound faithfully, according to directions, and was rewarded in a few weeks to find that my aches and pains disappeared, and I again felt the glow of health through my body. Since I have been well I have been more careful, I have also advised a number of my sick friends to take Lydia E. Pinkham's Vegetable Compound, and they have never had reason to be sorry. Yours very truly, Mrs. MAY FAIRBANKS, 210 South 7th St., Minneapolis, Minn." (Mrs. Fairbanks is one of the most successful and highest salaried travelling saleswomen in the West.)

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

with ease."—Mrs. ALICE LAMON, Kincaid, Miss.

No other medicine for female ills in the world has received such widespread and unqualified endorsement.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

Screen work done by the Phoenix planing mill, Gold avenue.

LOCAL PARAGRAPHS

Attorney James G. Fitch is up from Socorro for a day.

The new Santa Fe time card will go into effect next Thursday.

Indian School Supervisor O. B. Wright went to San Felipe this morning.

Mrs. A. O. Potter went to Las Vegas this morning to visit friends a few days.

Hon. W. B. Childers, the United States attorney for New Mexico, was at Santa Fe on legal matters.

The county commissioners and the probate court of Sandoval county met in sessions at Sandoval this afternoon.

Mrs. Belle Butts, a popular public school teacher of this city, is in El Paso on a visit to her sister, Mrs. Otto Arnold.

C. E. Varney has opened a restaurant and a home bread bakery at No. 405 South First street. He reports a good business.

J. Glover Mayo, son of Mr. and Mrs. J. B. Mayo, has just returned from college at Socorro to spend his vacation with his parents at home.

The furniture and fixtures of the Montezuma Trust company is now ready for business, at the corner of Second street and Gold avenue.

Fred J. Otero, sheriff of Sandoval county, who was here the past few days, drove up to Sandoval this morning, accompanied by Esquipo Romero.

G. W. Wolfe and family expect to leave in a few days for Chicago and other eastern points. They will be absent from the city for a couple of months.

Miss Flora Hartman, who has been teaching in the public schools the past winter, left this morning for her home at Mansfield, Ohio. She expects to return this fall.

Miss Minnie McCall will leave in a few days for Ohio, where she will settle the estate of a deceased uncle. Miss McCall will be absent from the city a month.

Paul A. F. Walter and wife, of Santa Fe, passed through last night for Las Cruces, where they will attend the commencement exercises of the Agricultural college.

W. H. Jack, of Silver City, was at Santa Fe yesterday on business connected with the New Mexico Cattle Growers' association. He passed down the road home bound last night.

The following notice was left at The Citizen office last night: "Mrs. F. L. Pearce gets the center piece raffled by Zura Lane, living at 607 West Marquette avenue. Will she please call and get it."

Dr. G. W. Harrison, of this city; Dr. W. D. Radcliffe, of Bolen; Dr. Geo. C. Bryan, of Alamogordo, and Dr. J. J. Shuler, of Raton, was at Santa Fe yesterday attending a meeting of the territorial board of health.

Mrs. R. L. Wooten, wife of Colonel Wooten, the noted Indian fighter and scout, passed through the city this morning en route from Chihuahua, Mexico, to Trinidad, Colo., where she will visit with a daughter.

Rev. W. A. Cooper, member of the board of regents of the College of Agriculture and Mechanic Arts at Mesilla Park, passed down the road for Las Cruces last night, where a meeting of the board will be held today.

Prof. R. R. Larkin, who recently resigned as superintendent of the Gallup public school, spent Sunday in Albuquerque and went to El Paso on Sunday night. He is now engaged in traveling for an eastern mercantile house.

O. P. Hovey, the well known probate clerk of Sandoval county, drove in to the city late yesterday afternoon. He returned to Sandoval this morning, so as to be present at the meeting of the board of county commissioners of that county this afternoon.

Lou Schoenecker, the day mixer at the White Elephant, has returned to his duties after a lay off of a week. He suffered with a new disease, unknown to any other profession except the mixers, but says the complaint is never dangerous when properly handled in its incipency.

Howard Clarke, a brother of John Clarke, of the Hyde Exploring Expedition, has returned to Albuquerque from a stay of several months duration in New York and Boston. He tells of an exciting trip through the flooded districts of Kansas.

All members of the New Mexico commission of the Louisiana Purchase exposition, except H. J. Hagerman, of Roswell, attended the reorganization meeting at Santa Fe yesterday. Mr. Hagerman could not be present, as he was on the other side of the washouts in the vicinity of Kansas City.

Miss Pearl L. Miller, of Denver, spent Saturday the guest of friends in Santa Fe and left that evening for Mesilla park to attend the commencement exercises of the College of Agriculture and Mechanic Arts. Her brother is an instructor in the institution. Miss Miller is a daughter of Robert J. Miller, of Denver, who was a schoolmate of Judge John R. McFie.

Yesterday morning, at El Paso, occurred the marriage of W. J. Seep, of El Paso, to Miss Maggie French, of Las Cruces. The groom is a prominent young business man of the Pass city and the bride is the daughter of Mr. and Mrs. French, who formerly, years ago, lived in Albuquerque. Conductor French ran a train out of this

city about sixteen years ago and is now a conductor on the Mexican Central. The newly married couple passed through the city this morning en route to Chicago, where they will spend a short honeymoon. They will make their home in El Paso.

C. T. Brown, the Socorro county mining man, passed through the city this morning en route east. Mr. Brown says that he and Capt. A. B. Fitch, who are now operating the old Graphic mine near Magdalena, are kept pretty busy these days looking after the ore being taken out of that mine. He will go as far east as Chicago and will return to Socorro in about two weeks.

Joe Barnett and wife left this morning on passenger No. 2 for the east. Mrs. Barnett will go to her old home at Joplin, Mo., for a visit of a couple of months' duration, and Mr. Barnett will stop off at Trinidad, where the spring race meet began this morning. He has a couple of fast horses there that are likely to get some of the money. He will return home in a day or two.

Dancing will commence at Colombo hall tonight at 8:30 o'clock and continue until morning.

ANOTHER UNION.

The Laundry Workers Are Now Organized.

The people who are employed in and about the local laundries met last evening and formed No. 198 of the Shirt Waist and Laundry Workers' International union. The charter membership was eighteen. Before another week has passed all the laundry workers in the city will be members and this will be one of the strongest unions in the city.

The officers elected are: President—J. A. Campbell. Vice president—Miss Bertha Edick. Recording secretary—G. A. Gillman. Financial secretary—H. E. Sherman.

Treasurer—W. V. Snyder. Preceptor—Miss Lydia Lippett. Sergeant at arms—Miss Marie McCaffery. Guardian—Miss Kate McCaffery. Delegates to Central Labor Union—J. A. Campbell, Miss Bertha Edick, G. A. Gillman, H. E. Sherman and Miss Lydia Lippett.

Don't forget the Retail Clerks' hall at Colombo hall tonight.

NEW COMPANY.

Bittner-Stamm Fruit Company Organized.

Albuquerque has a new company. The Bittner-Stamm Fruit company has been organized and has already commenced business on Silver avenue in the building occupied by M. P. Stamm.

These gentlemen are well known to the public and will get their full share of patronage. They will handle everything in the way of fruit and produce. Bananas will be a specialty with them. A banana room will be built and carload lots will be received from the New Orleans steamers. An up to date wholesale fruit and produce house is what the gentlemen intend to have.

J. F. Palmer, M. Stevens and S. Seth have purchased Mr. Bittner's feed business, and will be known as the Flour, Feed and Grain company of Albuquerque. George E. Purdy will be their bookkeeper.

Don't forget the Retail Clerks' hall at Colombo hall tonight.

NOTICE.

Having sold out my business to Messrs. Palmer, Seth and Stevens, I will nevertheless have a man at the old stand, No. 513 West Railroad avenue, who will receive money in payment of accounts and receipt all bills.

DAVID A. BITTNER.

Dancing will commence at Colombo hall tonight at 8:30 o'clock and continue until morning.
