DECKS CLEARED  
FOR CANVASS

Monday Morning Board Expects to Begin Actual Tabulation

## NOT A DAY WITHOUT SUNSHINE

Otherwise Official Weather Records Show November to Have Been Abnormal.

Only six precincts have thus far failed to send in their election books and those missing are expected in tonight. If necessary, the official canvassing board will meet this evening in order to complete the work of inspecting and checking up the books. This will mean that the actual count will start Monday morning and since there are no irregularities that point to fraud, the count will proceed without further delay.

The precincts that have not yet sent in their books are located in Rio Arriba, Taos, McKinley and Dona Ana counties.

About forty ballot boxes that had been sent for arrived this morning, and the attorneys have discovered no grounds for disagreement or any reason why the canvass should not proceed.

## NOT A DAY WITHOUT SUNSHINE.

The month of November was unusually cold, with a mean of 32.3 degrees or 5.9 degrees below the normal. During the past 40 years only one November had a lower mean temperature, that of 1890 when the mean was 29.3 degrees. There were three quite well defined cold periods during the month, at the beginning, the middle and at the close of the month, the daily mean during the last four days of the month was from 10 to 30 degrees below the average. The coldest day was the 28th, with a mean of only 4 degrees, or 30 degrees below the normal; the highest and lowest temperatures for the day were 16 above and 8 below zero. The accumulated deficiency was constant throughout the month and with the exception of a few days the daily departures were

FIGHT HAS  
ONLY BEGUN

Men Higher Up and Behind McNamara's to Be Prosecuted

## MOYER MAKES A STATEMENT

I Wouldn't Have Confessed Even If I Had Been Guilty, He Declares

(By Special Leased Wire to New Mexican) New York, N. Y., Dec. 2.—"The fight has only just begun. This is only the first chapter. What we want to find out now is, who were the men behind the McNamara's, and this we propose to do."

This statement was made today by Walter Drew, chief counsel for the National Erectors Association, which employed William J. Burns and his detectives to investigate the Los Angeles dynamiting cases.

## Just Like Moyer.

Denver, Colo., Dec. 2.—Charles H. Moyer, president of the Western Federation of Miners, who, with William D. Haywood and John A. Pettibone, was arrested in connection with the murder of former Governor Stuenkel of Idaho five years ago, declared today that the confession of the McNamara's furnished capital with a club with which "it would not be slow to use against organized labor."

"For that reason, no matter how guilty I might have been, I never would have confessed," declared Moyer.

## Moyer's Case Similar to McNamara's.

The Moyer-Pettibone-Haywood case bears many points of similarity to the McNamara case. The arrests were made largely on evidence furnished in what purported to be a confession by Harry Orchard. Orchard was the chief witness for the state as Orville McNamara would have been against the McNamara's. In both cases charges were made that the prisoners were kidnapped into the jurisdiction of the courts desiring them, and in both cases the cry of "capital versus labor," was raised.

Haywood and Pettibone were acquitted while the case against Moyer was dropped. Orchard is now serving a life sentence in the Idaho penitentiary.

"I am greatly surprised; I can hardly tell what I think," continued Moyer, "but this much is certain, the McNamara's have given enemies of organized labor a club which they will not be slow to use. It is a political measure. If it was, it will not result in the defeat of Job Harriman for mayor of Los Angeles. It may decrease his majority, but the Socialists will elect him nevertheless."

## Labor Grossly Deceived.

Troy, N. Y., Dec. 2.—That the confession of the McNamara brothers will be considered at a meeting of the executive council of the American Federation of Labor in Washington on January 8 next, was the opinion expressed today by President Samuel Gompers.

"Labor was grossly deceived," he said. "Only a few days ago and just before the close of the recent convention of the American Federation of Labor at Atlanta, we received a telegram from the McNamara's thanking the labor unions for their confidence and help."

Referring to the explosion, Mr. Gompers continued:

"We have discouraged acts like these. We are patriotic and peace-loving men and we have only a wish to call out the best elements in human nature. These two men must have been crazy. It is an act that I condemn with all the force that is in me."

Asked again if he believed today's developments would injure the cause of labor, tears came into Mr. Gompers' eyes as he answered:

"They are not going to do it any good. But I want to repeat that the cause of labor has been imposed upon by both supposed friends and enemies. The men of labor were led to believe that the McNamara boys were innocent and they acted on that belief."

## Golden Rule Brought Confession.

Los Angeles, Dec. 2.—The principles of the teachings of Jesus Christ as they were understood by a crowd of hard-headed Los Angeles business men, settled the McNamara trial today. Nothing else entered in. This was learned late tonight from unimpeachable authority and was confirmed by Clarence S. Darrow, chief of counsel for the defense.

## Lincoln Stephens, a magazine writer

and student of political affairs, brought from the Golden Rule town of Toledo, Ohio, a theory of Christianity in politics which was presented to leaders in Los Angeles business life, discussed and finally adopted by them, by Darrow as counsel for the McNamara's, and finally by the prosecution.

## HUGH JENNINGS SERIOUSLY HURT IN AUTO MISHAP

(By Special Leased Wire to New Mexican) Scranton, Pa., Dec. 2.—Hugh Jennings, manager of the Detroit American League Baseball Club, was seriously but not fatally injured in an automobile accident last night near Gouldsboro, Pa., in the Pocono mountains 18 miles southeast of Scranton. He was unconscious for hours.

NANKIN HAS  
CAPITULATED

White Flag Displayed From Lion Fort and Other Points

## NO MASSACRE IS ANTICIPATED

Irresponsible Bands of Blackmailers Are Looting Villages

(By Special Leased Wire to New Mexican) Nanking, China, Dec. 2.—The revolutionary forces took possession of the city today after a parley with the imperial government forces who were in occupation. At midday, the white flag was displayed on Lion fort, inside the walls, to the northwest, indicating that the gunners had joined the revolution. General Li Yuen Heng, the revolutionary leader, who had captured Tiger fort a few days ago, occupied Shai-Kwan, a town on the banks of the river outside the city of Nanking. Thereupon, the warships under the command of Admiral Sah which had hitherto lain two miles down the river, cautiously approached and took a position under the guns of Lion hill fort.

## City Capitulates.

General Lin, second in command of the revolutionary forces, took the Taping gate and then arranged the terms of capitulation of the city.

Later on, the revolutionary troops entered and took possession of the telegraph office. White flags began to appear everywhere and no fighting occurred when the revolutionaries entered the streets.

Lieutenant General Feng Kwo Chang is quoted to have escaped. Other reports say he surrendered with all his troops on condition that their lives be spared.

## No Massacre Anticipated.

Owing to the great distances and the lack of communication, particulars are difficult to obtain, but there is reason to believe that the revolutionaries will exercise moderation and there will be no killing.

Reliable revolutionary reports say that Pu-Know, across the river, from Nanking, is surrounded by rebel troops. It is occupied by 1,500 imperial soldiers.

## Rebel Blackmailers.

Amoy, Dec. 2.—Clan fighting continuing in the northwestern quarter of the city. Shots occasionally strike the United States consular residence. Several irresponsible bands of men representing themselves to be revolutionaries are traversing the country and blackmailing villagers.

A band of 300 ruffians armed with nondescript weapons have demanded enrollment at Amoy, but the revolutionary leaders have refused to accept them and the men are now threatening to cause trouble.

## ANOTHER OKLAHOMA BANKER IN TOILS OF LAW.

Frank S. Westfall Wanted at Sapulpa, Arrested at Wickenburg, Arizona.

(By Special Leased Wire to New Mexican) Phoenix, Ariz., Dec. 2.—Frank S. Westfall, one of two brothers wanted in Sapulpa, Okla., for alleged irregularities in connection with reports issued by the Creek Bank and Trust Company, was arrested at Wickenburg yesterday and brought to Phoenix under authority of extradition papers issued by the governor of Oklahoma.

J. B. Westfall, the other brother, is already in custody and is now awaiting the outcome of habeas corpus proceedings.

Governor Sloan of Arizona, who is in Chicago, has wired his willingness to give Westfalls another hearing on his return from the east.

ROYAL COUPLE  
LANDS IN INDIA

King Emperor George and Queen Empress Mary Well Received

## FEAST OF ORIENTAL SPLENDOR

Immense Throng of Many Nationalities Greets Visitors

(By Special Leased Wire to New Mexican) Bombay, Dec. 2.—"King-Emperor" George and "Queen-Empress" Mary as they are officially styled since their arrival in India, landed at four o'clock today. They at once proceeded to a huge amphitheater which had been erected opposite the landing stage and which was filled to its utmost capacity with many thousands who had come to welcome their majesties. The handsome levee dress of the officials and the uniforms of the naval and military officers together with the bright toilettes of the women only served to emphasize the gorgeous hues of the ceremonial attire of the Indian chieftains.

Behind these, were massed an immense throng composed of Hindus, Mohammedans, Parsees and Arabs all attired in richly colored festival costumes.

Addresses of welcome were presented by the municipality and other bodies, to which his majesty replied.

## INSURRECTION IN CAMPECHE

Wires Are Cut and no Details Are As Yet Obtainable

## ARRESTS MADE IN EL PASO

Dr. Rafael Molina and Seven Revolutionary Conspirators Jailed.

(By Special Leased Wire to New Mexican) Mexico City, Dec. 2.—A dispatch from Meridia to El Imparcial states that an insurrection had broken out in Campeche. Wires between the capital of that state and Meridia have been cut.

## Seven Arrested.

El Paso, Texas, Dec. 2.—United States and Texas officers this afternoon arrested seven men, including Dr. Rafael Molina, charged with conspiring against the Madero government in Mexico. Molina is said to be a prominent man in Coahuila. The men are being detained at the federal building while the officials search for others. They are said to have warrants for about twenty. The men detained so far are Jose Palomas, from Lower California; Jose Santiago Gomez, Jose Elizarro, Santiago Hawkins, Felipe Roque, Jose Navarrete. Warrants were issued by United States Commissioner Oliver.

Six More Arrested.  
Six more men were arrested this afternoon in connection with the conspiracy against the Madero government, as follows: Juan Hidalgo, who was to lead the revolution against Juarez, R. A. Dornage, Jose Aguilar, F. M. Francisco, Silvestre Roma, Trinidad Moya.

## GOVERNMENT IS GETTING AFTER A REAL TRUST.

(By Special Leased Wire to New Mexican) Washington, D. C., Dec. 2.—An effort to bring about a voluntary dissolution of an alleged combination of dealers in hardware and plumbing supplies on the Pacific coast, through a civil suit, and the termination of the grand jury investigation of the matter at Los Angeles, was begun here today.

## Alleged Horse Thief Arrested.

Frank Williams, a much sought after fugitive from justice, who has given the peace officers a great deal of trouble, has been arrested and taken to Carrizozo and lodged in the local jail. Deputies C. L. Lemmons and William Barnett made the arrest. Williams, who it is said has a number of aliases, is charged with a number of offenses, included in them the alleged theft of horses from J. A. Orr, a rancher west of town; F. M. Deal at Ancho and one from assessor Henry Corn, of Rebenston; this, it is said, was the horse he was riding when arrested.

## Big Bribes for Witnesses.

Asked if it were true that the state had obtained from prosecutive witnesses money supposed to have been given them in such quantities that the total practically equalled the amount of the rewards offered by the city, state and county, in all about \$50,000, Mr. Fredericks said it was "more or less true."

## Darrow Loops Haggard.

Los Angeles, Calif., Dec. 2.—Fatigued and worn, his face deeply lined and pale, Clarence S. Darrow, veteran of many legal battles in which labor has been involved, arose today a disheartened man. He read the comments of labor leaders throughout the country on the pleas of guilty entered yesterday by both James B. and John J. McNamara, secretary-treasurer of

SAVED OTHERS  
FROM GALLOWS

That Is Probable Reason For McNamara Brothers Pleading Guilty

## LABOR LEADERS ARE AROUSED

Both Fredericks and Darrow Give Out Interviews For Publication.

(By Special Leased Wire to New Mexican) Los Angeles, Calif., Dec. 2.—District Attorney John D. Fredericks gave today a full account of the negotiations leading up to the pleas of guilty entered yesterday in the McNamara murder trial. He declared that in making the agreement whereby James B. McNamara pleaded guilty to murder and John J. McNamara pleaded guilty to dynamiting the Llewellyn Iron Works counsel for the defense came to his terms and that outside influences did not prevail upon him.

## Pleaded With Fredericks in Vain.

Men of standing in the community, had been "put up against him" with pleas that in the interest of peace and society, James B. McNamara be allowed to plead guilty and that the case against his brother John J., be dropped. These pleas, he said, he steadfastly rejected.

## Not Running Society.

"I told them I was not running society," he said. "Some of the men after talking it over, expressed their willingness to let me handle the matter in my own way."

Fredericks declared that since July he had an offer from the defense to let James B. McNamara plead guilty to save John J. McNamara.

"A month ago, Darrow and I were talking in court half seriously about it. The court stopped proceedings so we quit," he said.

"That afternoon, Darrow came to see me and made virtually the same offer and I refused to accept it."

## Lincoln Stephens in Case.

"If you ever change your mind, let me know," Darrow said as he left. "I never will," I replied. "Then Darrow and Lincoln Stephens got together and Stephens went down town to get men to come to me to urge me to agree to Darrow's proposal. The matter was put to me but I refused to consider it and they did not urge me. Two days later some of them gave me a typewritten statement and it was practically the same thing."

## Saved Life of His Brother.

It was at this juncture, District Attorney Fredericks says, he told them he was not "running society." "I said I knew I had the goods," he continued, "and I didn't propose to lie down. I asked two or three other also of the same crowd, if they thought I'd made a mistake and they told me they thought the case was perfectly safe in my hands. Meanwhile, I had talks with Darrow and Davis and stood pat that both men must plead guilty. The matter of punishment did not interest me, but I knew, and counsel for the defense knew, that if J. J. McNamara wanted to save the life of his brother, he could help by coming through."

## Fredericks Had the Goods.

"On Wednesday night the citizens had another meeting. I knew all along that the proposals were Darrow's and I knew that I had the goods. Thursday one of them called me up and said some of them might come to see me. 'If you have any influence with them tell them to run along and attend to their own business,' said Fredericks and they didn't come. Darrow and Davis came again and said they could not get the joint confession. I told them that in that case I'd go ahead with the trial and that I'd rather proceed with it anyhow."

"Finally they said they would take my terms and both men pleaded guilty. That is the history of the negotiations."

## The Franklin Case.

As to Bert H. Franklin, the defense's investigator arrested on a charge of bribery, Fredericks said that the termination of this case might make a readjustment in counsel and said he thought perhaps former Governor Henry T. Gage as counsel for the defense might drop out and be replaced by Attorney Davis.

## Murderer Will Make Complete Statement.

"If they ask a continuance on Monday, they shall have it," he said. He said he had not determined whether to recommend clemency for the McNamara's, but declared that James B. McNamara would make a complete statement of the affair to the world. This statement, he said, might be given out the day of sentence, which is next Tuesday.

## Big Bribes for Witnesses.

Asked if it were true that the state had obtained from prosecutive witnesses money supposed to have been given them in such quantities that the total practically equalled the amount of the rewards offered by the city, state and county, in all about \$50,000, Mr. Fredericks said it was "more or less true."

DEATH OR  
INDEPENDENCE

Capital of Persia Placarded With Red Posters This Morning

## IN FERMENT OF EXCITEMENT

Advance of Russian Army Leads to Assassination of Politicians.

(By Special Leased Wire to New Mexican) Teheran, Persia, Dec. 2.—The excitement of the populace at the news of the Russian advance on the capital is intense. The streets are filled with crowds. The walls of the city and the legations are covered this morning with red placards: "Death or independence."

Two more Persian politicians were assassinated today. Hadji Mohamad Tagi, a prominent reactionary, was killed in the capital this morning. Prince Firman Firma, at one time minister of justice and subsequently governor of the province of Azerbaïjan was assassinated at Kasbin, ninety miles northwest of Teheran.

## WHEAT PRICES ON CHICAGO MARKET TIGHTENED.

Estimates Show World's Crop to Be Less Than Had Been Expected—Steady Tone.

(By Special Leased Wire to New Mexican) Chicago, Ill., Dec. 2.—Wheat prices tightened up today as a result of estimates that the world's crop would be smaller than heretofore had been expected.

Opening figures were 1-8@1-4 to 1-2c higher. May started at 99 3-4 to 100, and went to 100@100 1-8.

A steady tone prevailed in the end, with May at 100 3-8, a net gain of 3-4 @7-8c.

Influenced by wheat, the corn market showed a little firmness at the outset but country offerings were more free and the gain did not last.

May opened 1-8c higher at 64 5-8c and receded to 64 1-8c. The close was steady at 64 3-8c for May, a net loss of 1-8c.

Purchases made for a leading house put some strength into oats. May started a shade to 1-8 at 49 3-4 @7-8c and then declined to 49 5-8@3-4.

## In consequence of the fact that buying

was only scattered, provisions developed a feeling of weakness. Initial sales were the same as last night to 5c down, with May 16 3-4 for pork; 9 3-4 for lard; and 8 1-2 for ribs.

## MRS. PATTERSON DOES NOT LIKE DENVER A BIT.

(By Special Leased Wire to New Mexican) Denver, Colo., Dec. 2.—Bitterly resentful against Denver and its people, Gertrude Gibson Patterson, slayer of her husband, but released from the charge of murder by a jury in the criminal court here Wednesday, is on her way to her old home at Sandoval, Ill. She said she would never return to Denver.

When Mrs. Patterson boarded a Burlington train for St. Louis, she was accompanied by her mother, her father, her sister, Mrs. Myrtle Farnham, J. J. Hopper, a detective, and her brother, Charles Gibson.

## one of the factors that led to its quick conclusion, according to one of the attorneys.

The relation of the McNamara case to the local political situation came in for a big share of discussion today.

## Lives Might Have Been Lost.

"I'm afraid it means the defeat of Job Harriman, the Socialist candidate," declared Attorney Darrow today, "but it will not hurt the Socialist movement here. It will get stronger in a short time. I'm sorry for Job Harriman. It happened at an unfortunate time for him but if he had waited until later perhaps the arrangement could not have been effected and lives might have been lost."

## Socialists Will Fight.

In Socialist circles leaders were not ready to admit that the confession of the McNamara's had reduced the chances of Harriman, who also was an associate counsel for the two brothers. They declared they felt the blow but were prepared to pursue the fight to its end on Tuesday next and entertained the hope that the people would not associate Harriman with the McNamara affair, inasmuch as he has not been active in it since he became the single opponent of Mayor George Alexander for re-election.

## Politics in Case.

The Los Angeles Record, an afternoon paper, which has been supporting the Socialist candidate, issued extras today with headlines announcing that "Politics figured in the McNamara case and that yesterday's episode was 'framed to defeat Harriman'."

## Other Arrests May Follow.

Chicago, Ill., Dec. 2.—Further arrests in the Los Angeles Times dynamiting outrage may come at any time according to W. J. Burns, who discussed the case at length today.

"There are others in this case that are just as guilty as either of the McNamara brothers," he said. "I do not think that the pleas of guilty in the case of either one of the men should stop the prosecution of the case and the search for others implicated in the plot."

"We will soon have Dave Kaplan and M. A. Schmidt, alias 'Schmidt' also wanted in connection with the blowing up of the Times building but there are still several others."

DESPERATE FIGHT  
OF TWO BANDITS

Defy Posse of Two Hundred for Three Hours at Skagit River

## DYNAMITE BOMBS ARE USED

One Outlaw Riddled With Seven Bullets and Falls Dead.

(By Special Leased Wire to New Mexican) Bellingham, Wash., Dec. 2.—Two bandits, Walter Foote and Fred James, fortified behind a breastwork of logs on the banks of the Skagit river, near Sedro Woolley, for three hours stood off a posse of 200 citizens. More than a thousand shots were fired and forty dynamite bombs thrown against the logs before the highwaymen surrendered. Foote was found to have seven bullets in his body and died soon after having been taken to a hospital. James was uninjured and was lodged in the Skagit county jail.

There is nothing else better to take Gas from Stomach and cleanse the stomach and intestines, and, besides, one single dose will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Diapiesin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all Stomach Misery is waiting for you as soon as you decide to take a little Diapiesin. Tell your druggist that you want Pape's Diapiesin, because you want to become thoroughly cured this time.

Remember, if your stomach feels out of order and uncomfortable now, you can surely get relief in five minutes.

## STILL BELOVED.

Through the slender trumpet vine,  
Shadowed on the window pane,  
Rays of early morning shine  
Softly through a haze of rain.  
Robins chirrup in the brier,  
Song and flowers wakening,  
Breathe a tune of old desire,  
On this misty morn of spring.

With the scent of grass and earth,  
Known again with gentle rapture,  
Comes the memory of mirth,  
Mirth that age may never capture.  
Then I smiled nor knew I smiled.  
Laughed to hear the robin sing.  
Now—ah, but to be a child  
On this misty morn of spring.

Ah! what undiscovered places  
Just beyond the meadow land!  
And what happy morning chases,  
And what fairy pageants planned  
For the next day, while in slumber,  
When the Fay of Dreams was king!  
Ah! the memories without number,  
On this misty morn in spring.

Still, beloved heart of mine,  
Though we smile and know we  
smile;  
Though our eyes no longer shine  
With the joy we knew a while;  
Though age gives a somber seeming  
To the vision sleep may bring,  
Still—the sun is up and beaming  
On this misty morn of spring.

## BACK COVERED WITH MASS OF PIMPLES

Burned and Itched So He Could Hardly Stand It. Tried Medicines, Etc., Nearly 3 Years. In Eternal Misery. Started Using Cuticura Remedies. Now Has No Sign of Skin Disease.

"My troubles began along in the summer in the hottest weather and took the form of small eruptions and itching and a kind of smarting pain. It took me mostly all over my back and kept getting worse until finally my back was covered with a mass of pimples which would burn and itch at night so that I could hardly stand it. This condition kept getting worse and worse until my back was a solid mass of big sores which would break open and run. My underclothing would be a clot of blood."

"I tried various blood medicines and other remedies and saved for nearly three years and I was not getting any benefit. It seemed I was in eternal misery and could not sleep on my back or lean back on a chair. I was finally given a set of the Cuticura Remedies by my brother who recommended them to me very highly. I started using the Cuticura Remedies inside of two weeks and I could see and feel a great relief. I kept on using Cuticura Soap, Ointment and also the Resolvent, and in about three or four months' time my back was nearly cured and I felt like a new being. Now I am in good health and no sign of any skin diseases and I am fully satisfied that Cuticura Remedies are the best ever made for skin diseases. I will always recommend them to anybody who will use according to directions. I would not be without them." (Signed) W. A. Armstrong, Corbin, Kan., May 26, 1911.

For more than a generation Cuticura Soap and Ointment have afforded the most economical treatment for affections of the skin and scalp of infants, children and adults. Although sold by druggists and dealers throughout the world, a liberal sample of each, with 23-p. book on the skin, will be sent free, on application to Potter Drug & Chem. Corp., Dept. 27A, Boston.

**A STRONG NAVY AND PEACE.**

An Associated Press dispatch yesterday told that Germany will spend \$90,000,000 additional the next six years to strengthen its navy. Under present circumstances large navies are the best guarantee of peace.

With a plea that there shall be no decrease in the effective strength of the United States Navy, George von L. Meyer, secretary of the navy, in his annual report to Congress today declares that while seeking peace and playing a leading part in the movement for general arbitration treaties the world must understand that America "is prepared for war."

The short life of a warship for first or second line of defense—approximately twenty years—has caused the secretary to ask more ships this year, not to increase the navy, but to maintain it at its existing strength. This strength, he says, is being diminished by the elimination from active service of the battleships first constructed for the "new navy."

"The recommendation," he says, "for a continuing naval policy which will give us the fleet desired is made with a due regard for the almost world-wide movement for the settlement of international disputes by arbitration, in which movement our country has taken a foremost part. History of all kinds, including the present, shows the futility and danger of trusting to the good will and fair dealing or even to the most solemnly binding treaties between nations for the protection of a nation's sovereign rights and interests, and without doubt, the time is remote when a comparatively unarmored and helpless nation may be reasonably safe from attack by ambitious, well armed powers, especially in a commercial age such as the present. The economical system of a great commercial nation is so delicately balanced that even a threat of war is very disturbing and harmful, while a war with any other great power would cause incalculable damage, and it is more necessary now than ever before that we should be fully prepared and that every other power should understand that, while seeking peace, we are prepared for war."

The United States, Secretary Meyer says, is far in the rear of the leading naval powers in projected naval construction, even on the basis of two new battleships a year.

Mr. Meyer submits estimates for two battleships and two cruisers only. This is in line with the policy of several years standing of building two battleships a year. In addition to this, the secretary indicates that the navy would welcome one of the new type of battleship cruisers, such as Great Britain, Germany and Japan are building. He further points out that there is a great deficiency in the number of cruisers, scouts, destroyers, submarines and auxiliaries for the maintenance and protection of the battle fleet.

He suggests that all of these auxiliaries need not be ordered at once, but that the appropriation could be stretched over a number of years. Disturbances in Asia and Central America, necessitating the protection of interests of this country, also have shown the need for more light draft gunboats for river use.

The secretary declares that ships 20 years old are obsolete and worthless even for the second line or reserve. His list shows the famous old Oregon and her sister battleships Indiana and Massachusetts as having reached the fatal period and should be replaced immediately, as well as the Iowa. In fact Secretary Meyer names twelve battleships that can no longer be regarded as available for the first line of battle and which should be replaced by 1920. Aside from those already indicated they are the Kearsarge, Kentucky, Alabama, Illinois, Wisconsin, Maine, Ohio, and Missouri. The youngest of these has turned eleven years.

"A total of forty battleships with a proportional number of other fighting and auxiliary vessels, is the least that will place our country on a safe basis in relation with other world powers," says the secretary.

The secretary regards the creation of the reserve fleet as a most important development of the year since it will insure the readiness for

trenched, or so shrewd in its wrong doing, but that properly directed effort can reveal to the public its wrongdoings.

It should be a warning even here in New Mexico, where next year a senatorial battle will be waged that will be watched, or is already being watched, by secret service agents, by private detectives who will see to it that walls will hear and walls will see, and that it will be impossible for any man to offer or to accept a bribe, directly or indirectly, without the fact becoming known and being punished. That there will be no escape from any crookedness in the contest should be a fact impressed now, for the entire nation will watch that senatorial contest with the keenest interest. Public suspicion has been aroused by the Lorimer and Stephenson scandals and public opinion will watch with a feeling of prejudice rather than of fairness. Therefore, even the semblance of unfairness must be avoided lest it be construed against the new state, its legislators and its people.

**NEW MEXICO GOOD ROADS.**

"New Mexico Good Roads," for November, issued by the Good Roads Commission with Territorial Engineer Charles D. Miller as editor, has a striking first page article on "El Camino Real" illustrated with a map of the road from the Colorado to the Texas boundary, showing what portions have been surveyed and what additional portions are in fairly passable condition. It also shows the Taos road from Cimarron via Taos to Santa Fe, and which is even now occasionally used by tourists in their automobiles, and the scenic highway from Las Vegas to Albuquerque over the Pecos Forest via Santa Fe and the Cliff Dwellings, which when completed will be the grandest tourist highway in the world and will bring to New Mexico each year from a million dollars worth and upward of tourist traffic.

It is remarkable how much progress has been made on El Camino Real, which was conceived by a New Mexico legislature even before the Good Roads agitation had reached other portions of the West.

In addition to the editorials and shorter articles and a series of valuable "Don'ts" as to road building, the article by Kupert F. Asplund, of the Department of Education, is deserving of more than passing attention. It treats of "Good Roads and Good Schools," showing how these two are interlinked and what an aid good roads may be to good schools. Incidentally, the civic center idea and of a high school for each county is brought out and emphasized. The "Good Roads" Bulletin is performing well a mission in New Mexico.

**A VICTORY FOR UNION LABOR.**

The punishment of the McNamara brothers is a victory for the right kind of union labor. For the other kind it is annihilation. Anarchistic agitation like that of the Western Federation of Miners against courts, against law, against order, against capital, can never prevail if this nation is to endure. The right kind of union labor, even though its sympathies were with the McNamara brothers, as long as the latter were not proven guilty, just as the sympathies of the church would be with an accused church member, will now be the first to denounce them and their methods and in no uncertain tones, will repudiate and spew them out.

Union labor that seeks to do the square thing, that recognizes that employer and employee are not enemies but friends, with the same objects in ultimate view, that seeks to perfect its members in their handicrafts, that encourages thrift, sobriety, intelligence, skill, as does the International Typographical Union, for instance, will be the better off when it is once understood that it has nothing in common with agitators who seek to stir up class hatred, who teach the doctrine that there can be nothing in common between employers and employees, that these two are and must be enemies, who advocate and execute murder of their fellow laborers. There is no punishment too light for the McNamaras for they are not only the vilest kind of criminals, but they are also traitors to union labor and to their country.

The Standard Oil trust has been shattered into thirty-three fragments. The stockholders, about 6,000 in number, including quite a number of widows and orphans, will have their annual income affected but John D. Rockefeller will still be able to keep the wolf from the door. There is no reduction in the price of gasoline or coal oil; the likelihood is that the price will go up, for it will cost more to manage thirty-three fragments than it did one large company. But the public wrath has been appeased and it is the public that always pays the freight.

**STOCK MARKET EXPERIENCED A DULL SATURDAY.**

There Were Gains Almost Along Entire Line of Higher Priced Securities.

(By Special Leased Wire to New Mexican)  
New York, Dec. 2.—Quotations barely moved when trading in stocks was begun today. Interborough, preferred rose 1-2; Baltimore & Ohio, and International Mercantile Marine preferred declined 1-2. Otherwise were chiefly confined to small fractions.

Stocks were in limited supply and purchasers were obliged to raise their bids steadily. The demand was centered in the higher priced railroad stocks and the more active specialties and several gains of a point or more were established. These included Union Pacific, Reading, Lehigh Valley and American Smelting. The favorable October reports of the Northern Pacific Railroad resulted in an advance of a point in that stock.

The market closed strong. Speculative sentiment became more cheerful and there was hasty covering of shorts which sent up values from 1 to 2 points above yesterday's closing. Some of the Gould securities rose in striking fashion. Wabash fours improved nearly four points to 55 3/4, the preferred 2-12 and Missouri Pacific 2-18. In the Standard group, Union Pacific was up two points.

LIFE AND LOVE AND LAUGHTER.  
By John Kendrick Bangs.  
(From Judge.)  
Life and Love and merry Laughter—  
These are things we all are after.  
Win the second, Love, and you  
Soon will have the other two;  
Win it not, and you will be  
Bankrupt in the blissful three—  
You may Live and you may Laugh,  
But the harvest will be chaff.

Praise for Woman's Board of Trade. In a recent anniversary address before the Flushing Association, one of the largest civic organizations in New York, Hon. L. Santa Fe, N. M., Sept. 13, 1911.  
The City Council met in regular session with Mayor Seligman presiding and City Clerk Delgado in attendance. Councilmen Alarid, Armijo, Gable, Lopez and Moya were present. Absent: Baca, Ortiz and Wheelon.

On motion of Councilman Armijo the reading of the minutes was dispensed with.

The City Clerk reported having collected \$201.26 for licenses and building permits issued during the month of August. The report of the City Marshal showed the total receipts of his department to be \$392.13 for August. Five arrests for drunkenness were made during the month.

The City Treasurer's report showed a balance of \$7,472.92 in the City treasury.

Reports of City Clerk, City Treasurer and City Marshal were referred to the Finance Committee.

Councilman Lopez from Committee on Streets reported that 1517 lineal feet of cement walk had been built during the month.

Councilman Alarid introduced a side walk lien ordinance prepared by City Attorney Chas. F. Easley, to allow the city to file liens against all property owners who had failed to put down side walks in front of their property, and thus compelled the city to do it for them.

**Ordinance No. 1.** "An Ordinance to levy assessment upon lots and pieces of property abutting upon Don Gaspar Avenue in the City of Santa Fe, New Mexico, for the purpose of paying the costs of sidewalk improvements, and fixing a lien upon each parcel of said property, and to secure the payment of the assessment thereon, and declaring said assessments a personal liability and claim against the several owners of said property, and providing for the collection and enforcement thereof."

Be it ordained by the City Council of the City of Santa Fe:

Sec. 1. That, whereas, the City Council of said city has by resolution or ordinance ordered the improvement or construction on each side thereof of brick or cement sidewalks.

Whereas, after notice as required by Chapter 54, of the Laws of the Territory of New Mexico of 1899, and the ordinances of said city, the owners of the hereinafter described lots or parcels of real estate abutting on the aforesaid portions of Don Gaspar Avenue have failed to build or construct the sidewalks as required.

And, whereas, therefore, the sidewalks have been constructed and built by order of the city council of the City of Santa Fe as provided by statute in such cases.

And, whereas, the construction or building of sidewalks has been completed;

Therefore, be it further Ordained:

Sec. 2. That there shall be levied and assessed against each of the several owners, hereinafter named and their several lots or pieces of property owned by them, respectively, hereinafter described, abutting on said portions of the said Don Gaspar Avenue, the several sums hereinafter mentioned and said sums shall be assessed as hereby directed to be a personal liability which shall be discharged and paid with interest and penalties as herein provided by said several owners and a lien is hereby declared and fixed upon each of said several lots or pieces of property to secure payment of the sums assessed against the same with interest and penalties which may be enforced against the said premises and the owners thereof as hereinafter provided.

The said owners and the lots or pieces of property owned by them respectively and the amount of the respective assessments hereinafter made against each owner and his property are named, described and fixed as follows, to-wit:

Chas. W. Lamborn, (owner) Lots 23 and 24 in Block 2 of the Capital Addition to the City of Santa Fe, New Mexico, \$39.40;

B. S. Reed (or unknown owner), Lot 5 in Block "A," of the Berardinelli Addition to the City of Santa Fe, New Mexico, \$21.00;

J. H. Britton (or unknown owner) Lots 7 and 8, Block "C," of the Berardinelli Addition to the City of Santa Fe, New Mexico, \$45.25.

S. C. France (or unknown owner), Lots 3, 4, 5 and 6, in Block "B," of Berardinelli Addition to the City of Santa Fe, New Mexico, \$76.50.

Sec. 3. The City Clerk of the City of Santa Fe is hereby directed to make and issue to the person or persons entitled thereto special tax bills duly certified against the aforesaid several lots or pieces of property and the owners thereof for the amounts of the respective assessments against the same with interest and penalties as provided by Chapter 54 of the Laws of the Territory of New Mexico of 1899.

Sec. 4. That the owner or holder of the said liens created against such property may institute suit in the name of the City against the said owner and other proper parties defendant, in any court having jurisdiction, for the collection of said assessment, together with interest, costs and penalties of said liens on said premises in the same manner as now provided for the foreclosure of mortgages on real estate, and he shall diligently prosecute said suit, and all sums collected or realized from payments made to the city upon said assessments or collected by the city thereon by suit or otherwise, shall be paid to the owner or holder of said lien.

Passed and approved the day of \_\_\_\_\_, 1911.

Attest: \_\_\_\_\_ Mayor.

**The Ideal Reading Lamp**

Opticians agree that the light from a good oil lamp is easier on the eyes than any other artificial light.

The Rayo Lamp is the best oil lamp made.

It gives a strong, yet soft, white light; and it never flickers. It preserves the eyesight of the young; it helps and quickens that of the old.

You can pay \$5, \$10, or \$20 for other lamps, but you cannot get better light than the low-priced Rayo gives.

**Advertising Talks**

**LOCAL-MEDIUM IS THE BEST**

No Substitute for Home Newspaper for Good Advertising, Declares Big Trade Journal.

There is no substitute for newspaper advertising when the object is the expansion of retail business, according to the American Lumberman, a trade publication issued at Chicago. The editor of the Lumberman declares that the local newspaper is the only medium that will render ineffective the seductive lure of the mail order copy with which the average farm paper is crammed.

"When the dealer is looking for business he wants a real medium that will carry a real message," says the Lumberman. "That medium is his local newspaper. By test there is no substitute for newspaper advertising when the object is the expansion of retail business. The local paper is the one medium that, properly used, will offset the influence of the catalogue and that will render ineffective the seductive lure of the mail order copy."

"Newspaper advertising is one of the first real steps in successful merchandising. But it must be of consistent character, planned and executed with such deliberation that its object will be clear. The advertiser who does not know the purpose of his own campaign can not expect others to understand it. Dealers who will take the time to study advertising methods, particularly those employed by their successful mail order competitors, will find there the best available text book. The very success of these methods evidences their worth."

"The newspaper manager is an invaluable source of advice and help to the advertiser. His business depends upon the pulling power of his paper's advertising columns. He is keenly interested in helping his patrons. He invariably is willing to criticize and advise the novice and generally knows his business."

"Finally, the efficacy of retail advertising depends in a large measure on 'keeping everlastingly at it.' The inconsistent advertiser may get results. The steady advertiser will."

**New Method Best.**

The unusual success of the state fair, remarks the Oskaloosa (Ia.) Herald, for the past three or four years has demonstrated the superiority of newspaper advertising over the old methods of expensive lithographs and use of hand bills. For years the management sent out of the state for the bulk of its printing and the newspapers naturally kicked on the proposition. But the management went on for years doing the same thing, and counting on the newspapers to boost the fair as a matter of state pride. The limit was finally reached and the agricultural department awoke to the fact that they were carrying out a misguided policy. Finally, about five years ago, the management wheeled about and decided to spend about half of their appropriation for advertising with the leading papers of the state and omit some of the expensive calendars and lithographs. The success of the change was amazing, and since that time more money each year has been spent with the newspapers, bringing a corresponding increase in business at the fairs.

**Points on Good Advertising.**

Advertising is a great help, and no man who hopes for success in business can afford to dispense with it, but there must be exertion on his part as well. This naturally comes to the tradesman who believes in liberal use of printer's ink. There must also be neatness of surroundings, taste in the proper display of goods, accommodation of clerks and cheerfulness of intercourse, even though no bargain and sale is effected. Ordinarily all these essentials will be found in the store that liberally advertises, for after spending money in this way proper recompense will not be forthcoming if slovenliness and indifference and uncongeniality prevail. Keep all surroundings and conditions in conformity to systematic and persevering advertising and the outcome eventually will spell success.

**The reason your rival can afford to advertise is because he advertises.**

**He was the Door.**

"So you want a position in my firm?" said the fat man with the thick gold chain. "Well, what were you in your last job?"

"A door, sir," answered the sad eyed applicant.

"What's that?" asked the employer.

"Well, sir," said the sad eyed one, "I was the door, and the rest were the tellers. When my governor wanted a thing done he would tell the cashier, the cashier would tell it to his assistant, his assistant would tell it to the chief clerk and the chief clerk would tell it to me."

"And what would happen then?"

"Well, sir," replied the sad eyed applicant, "as I hadn't anyone to mention it to, I'd—do it."

## SOCIAL AND PERSONAL

(Continued from Page Five.)

Delegate W. H. Andrews, who will be one of New Mexico's first two United States Senators, left Chicago this afternoon and will take rooms at the New Willard instead of the Shoreham where he formerly made his headquarters.

### For Short and Tall.

A Measuring Party is given to you: Tis something novel as well as new. Five cents for every foot you are tall. Measure yourself on door or wall. An extra cent for each extra inch give. And thereby show how high you live. With music and song, refreshments and pleasure.

We invite one and all to our Party of Measure.

**Mrs. Laughlin's Luncheon.**  
With the many social happenings that came with the Thanksgiving festivities, Mrs. Laughlin gave a most delightful luncheon in honor of Mrs. Mills, who soon expects to leave the city, much to the regret of her many friends. It was a truly Thanksgiving affair and the Thanksgiving idea predominated throughout the afternoon. The picnards were miniature turkeys. Pictures of these birds decorated the bon-bon dish, and together with some

beautiful flowers cleverly arranged, decorated the table in a most artistic way. Those present were Mrs. William J. Mills, Mrs. R. C. Garrett, Mrs. S. G. Cartwright, Mrs. J. R. McFie, Mrs. Jacob Weltmer, Mrs. A. M. Berger, Mrs. H. D. Moulton, Mrs. R. J. Palen, Mrs. Robert F. Ervian, Mrs. D. A. Wood and Mrs. Nathan Jaffa.

### The Inaugural.

The executive committee having in charge the inauguration of Governor W. C. McDonald, met yesterday afternoon at the New Mexican office with the chairmen and vice chairmen of the various sub-committees. Plans were definitely outlined for the program and will be finally adopted at a meeting to be held at the New Mexican editorial office on Tuesday afternoon at 4 o'clock, at which Chairman R. P. Ervian and J. H. Crist will report whether the inaugural ball is to be held at the Palace Hotel or in the National Guard Armory. The committee yesterday afternoon elected Paul A. F. Walter, permanent secretary. Mayor Arthur Seligman presided over the meeting. New Year's Day is the probable date of the inaugural.

### Guild Sale.

In accordance with the notice published two weeks ago, the annual sale given by the ladies of the Guild

of the Church of the Holy Faith, will be held next Wednesday afternoon in Library Hall. The sale will be presided over by Mrs. Harroun, president of the Guild. The following are the chairmen of the different attractions: Fancy work, Mrs. James L. Seligman; embroidery, Mrs. Cecilia Hogle; handmade lace, Mrs. Crandall; crochet work, Mrs. Hickox; home cooking, Mrs. Hayward; refreshments, tea, coffee, ice cream and cake, Mrs. Moulton; Mother Goode, who will delight the children with her various gifts, Mrs. Laughlin; plain sewing, Mrs. Gades; dolls, always so attractive, Miss Simmons; home-made candy, Mrs. Wilson. Each chairman will be ably assisted by members of the Guild and a pleasant afternoon is promised to all who attend.

### The Minstrels.

The audience at the second evening's performance of the Elks' Minstrels last night, was not as large as it should have been. Gus Koch, was again, a bright, particular star as a comedian, and Director Sapp proved himself a genius in his pianologue. The campaign speech by Albert Clancy was inimitable. The stage setting for the Palm Beach party while simple was charming the lighting effect with Chinese lanterns being especially effective. Many of the gowns worn by the young ladies were exquisite in design and texture.

The cork artists, Jack Collins, Frank Keefe, Chalmers McConnell, Clinton Crandall, Edward Manly, Clarence Pierce, John Evans and Gus Koch, kept the audience laughing and crying with mirth. The receipts of the performance last night and Thursday night, reached about \$500, out of which the local Elks will make \$150 to \$200 to be applied to the fine Club building now in course of erection adjoining the theater.
