ALBUQUERQUE, NEW MEXICO, FRIDAY AFTERNOON, MAY 29 1903

NUMBER 466

## CONDITION DEPLORABLE Floods Have Disorganized Running of Trains.

### SECTIONS OF KANSAS UNDER WATER

#### Rivers Receding in Iowa--Dyke Broke, Flooding Farm Lands.

Topeka, May 29.—The floods have thoroughly disorganized train service in Kansas. General Superintendent Fruber, of the Rock Island, said today:

"Our system is in a deplorable condition. The Colorado line is tied up at this point, four trains being at McFarland and one at Wichita. Another train is tied up somewhere on the Harrington branch. The wires are nearly all down. Only the St. Joseph line to Topeka is working. At Durham the Cottonwood river flooded the depot and ran the agent out. At Keats, a cloudburst at midnight put the town under three feet of water. Our bridge at Fairbury, Neb., is out of line, as is the bridge at Manhattan."

The Union Pacific is in little better condition.

At Calhoun Bluffs, east of Topeka, the tracks are covered. The water is over the first floors of the business houses at St. Mary's. The floor of the Kaw river bridge at Rossville is covered.

The tracks of the Union Pacific west of Topeka are under two feet of water in many places between here and Waldo.

The Santa Fe is unable to pass Lake View on the main line. The Santa Fe will get a train west to Emporia to connect with through trains, which have been run over the Ottawa cut off.

At Topeka the river is highest in its history, covering many homes along the lower district and the Rock Island tracks.

#### Houses Washed Away.

Skiddy, Kas., May 29.—Thirteen inches of water has fallen in Clark's Creek valley in the past twelve hours. One whole valley is desolated. Many houses in Skiddy were washed away and crops ruined. Two thousand feet of railway tracks in this vicinity washed out. It is known no lives were lost. Skiddy is a town of 200 persons in Morris county, central Kansas, in a rich farming district.

#### Still Raining.

Kansas City, May 29.—Nearly four inches of rain fell in portions of Kansas last night, adding to the already bankfull streams and rendering the flood in that state most serious. Today it is still raining at many points and the local weather bureau predicts a further downfall, which is bound to result in enormous damage and to cause the most serious flood, perhaps, in the history of the state. Added to the general damage in bridges washed out, railway tracks are submerged and thousands of acres of bottom land covered, hundreds of telegraph and telephone lines are down and everything is in a disorganized state.

#### Rivers Are Receding.

Des Moines, Iowa, May 29.—From all over the state comes reports to the effect that the rivers are receding and that further danger from floods has passed.

In the Des Moines valley, from Spirit lake to the Missouri river, the entire bottoms were covered with water and the damage to the corn crop is incalculable.

In Fort Dodge, Bokne, Madrid, Des Moines, Ottomwa and other points fully 500 homes have been inundated by the waters.

In Des Moines alone the damage will reach half a million dollars.

The river reached its highest point this morning at 3 o'clock, when it recorded twenty-one feet and three-tenths above low water mark. This is the highest mark upon the records of the government gauge by four inches.

#### The Dyke Went Out.

Nebraska City, Neb., May 29.—The dyke below Hamburg, on the Iowa side of the Missouri river, broke last night and the whole country south of here is flooded. This dyke protected the farm lands for over thirty-five miles south of there along the old bed of the Nishnabotna river. The farmers were all compelled to move out as their farms are under water. The loss of property

cannot be estimated at this time, but all of their crops have been destroyed.

#### Trains in Washouts.

Denver, May 29.—Heavy rains and cloudbursts in Kansas this week have blockaded almost every railroad between Denver and Kansas City. Passengers who returned from stricken district this morning say that rain is pouring down and the streams are all out of banks. The Rock Island and Union Pacific are the worst sufferers. The trains which left this city on Sunday, Monday and Tuesday returned today, reporting inability to get through. In all five passenger trains from Denver got as far as Ellsworth and were held there for a time and finally returned to Denver arriving this morning.

#### Abilene Suffered From Floods.

Abilene, Kan., May 29.—The flood water from Muddy creek, swollen by a twelve hour rain, swept through the city last night, doing damage estimated at \$100,000. No lives have been lost as far as known. The water in the principal streets of Abilene was four feet deep. The Union Pacific, Santa Fe and Rock Island tracks entering the city have been washed away and two hundred houses are submerged, scores of families having fled to higher ground.

#### Oklahoma Under Water.

Oklahoma City, Okla., May 29.—Three and one-fourth inches of rain last night, following four inches Saturday night, increased the gravity of the flood situation in Oklahoma. The North Canadian river is higher than ever before known. Additional floods are coming. There is no danger to the cities and towns on the river, but railways are heavy losers. Traffic east and west is paralyzed.

#### Dyke Is Weakening.

At noon the Santa Fe railway headquarters were notified that a four foot rise was coming down the Kansas river and is now near Wamego, fifty miles northeast of here, on the Union Pacific. The Union Pacific railroad embankment is all that is keeping the Kaw river from sweeping North Topeka, but despite the use of sacks of sand the dyke is weakening. The river threatens to enter the old channel north of the city and make inland of that part of Topeka. The river has not used this channel for forty years and it is crowded with residences.

#### DELIGHTFUL LUNCHEON.

Mrs. Ira Bennett Entertained at Her Home on Copper Avenue Yesterday Afternoon.

Mrs. Ira Bennett entertained at luncheon yesterday afternoon in a very charming manner at her home on the corner of Eighth street and Copper avenue.

Covers were laid for twelve, the fortunate guests being Mesdames E. W. Dobson, Lewis H. Chamberlain, J. F. Pearce, Maynard Gansul, E. L. Medler, John T. McLaughlin, W. Y. Walton, F. H. Kent, W. H. Springer, Misses Julia and Lou Lee. The decorations were marguerites and ferns. High five was played until 6 o'clock, Miss Lee securing the prize, which was a handsome handkerchief.

#### COLLEGE BOYS HERE.

Agricultural College Track and Base Ball Teams Arrive This Morning for Intercollegiate Meet.

The base ball and track teams from the Agricultural college at Mesilla Park arrived this morning and, judging from the appearance of the young athletes, they intend to make a warm fight for first place on Saturday at the fair grounds, where the intercollegiate meet is to take place.

Coach J. O. Miller was unable to accompany the boys, and they were placed under the care of W. M. Danburg, the Las Cruces athlete, who came up to pitch for the college team.

Pitcher Danburg, representing the college, was the winner of the intercollegiate honors last year, and set

some records that will make the boys hustle to beat.

The strong men this year are Metcalf, Pelphrey and Boutz. The members of the track team follows: O. B. Metcalf, captain, J. B. Boutz, A. Brown, John D. Huges, C. Newberry, J. Priest, R. Ramirez. The ball team: Danburg, pitcher; Brown, catcher; Nevarez, second base; Walters, shortstop; Priest, first base; Pelphrey, left field; Ramirez, center field; Hughes, right field.

The ball game will commence at 10 o'clock tomorrow morning, and the track and field events will take place at 1:30 p. m.

#### Will Close Tomorrow.

A committee of the Retail Clerks' union called at The Citizen office this morning and left the following notice: "All dry goods stores, clothing stores, shoe stores, hardware stores and stationery stores have agreed to close their respective places on Memorial Day, May 30, at 12 o'clock noon, and to reopen at 6 o'clock p. m."

The banks will be closed all day tomorrow. Postmaster Hopkins says Sunday hours will be observed at the postoffice tomorrow.

#### HELD FOR GRAND JURY.

Hazel Foster Bound Over, Charged With Assault With Intent to Kill.

#### DARKTOWN SPORTS INTERESTED.

The sons of Ham from the darktown colony were very much in evidence in Judge Crawford's court last evening.

All were interested in the case against Hazel Foster and Charles Brierbrowell, who were charged with assault with intent to kill.

All this trouble came about early Wednesday morning when Samuel Berry Johnson, a colored man, tried to call on Miss Hazel at the crib opposite the Midway saloon on Third street and was refused admittance. During the scuffle that immediately followed Johnson's left leg received a bullet that went in and came out, inflicting a flesh wound about six inches long.

Samuel Berry Johnson told the judge he called; there was no doubt about it, and that he got a bullet in his left leg for so doing. He had been drinking. He had knocked at the door, asked to go in and was refused by Miss Hazel, with choice language thrown in. That wasn't all that was thrown in, for a pail of water and cold lead came as side dishes. Johnson claimed he used no violence whatever. Other colored men, who were standing outside of the Midway, in the person of George ("Spot") Brown, Jimmy Brown, John Taylor and others corroborated Johnson's tale. They deny Johnson threw a stone. None of these witnesses saw Brierbrowell.

Miss Hazel said Johnson tried to force his way into her room; that she being a strong woman gave him the Corbett push and doused him with a pail of water, and his saying that he was going to kill her with a stone led her to shoot at him. He threw a big stone at the door. Both prisoners were defended by Judge Heacock.

Judge Crawford discharged Brierbrowell and held Miss Hazel for the grand jury under a \$100 bond.

The outcome of this case will be watched with interest, as some of the witnesses are believed to be lying.

#### THE TOBACCO PLANTATION.

Everything Moving Along Nicely on the Rio Grande Valley Tobacco Company's Forty Acres.

The growing tobacco on the Rio Grande Valley Tobacco company's land four miles north of Albuquerque is getting along nicely, and a large crop will be harvested.

Yesterday afternoon several of the stockholders took a drive out to the plantation to see Manager Edmund, who knows tobacco from A to Z, and look over the tobacco plants. About forty acres will be put to use this year. Already thousands of plants have been put into the ground, and Manager Edmund says there is not the slightest doubt but what this crop will be the finest ever raised in the territory.

M. W. Flournoy, T. J. Curran and Joshua Reynolds were pleased with the outlook last evening. They report the ground looking fine and the work of planting the entire acreage is being rapidly carried on.

#### Down With Small Pox.

Dr. Frank Wood, physician of the local Indian school, left this morning for San Felipe, about thirty miles up the river, where small pox is epidemic. Eight members of the San Felipe tribe of Indians are reported to have succumbed to the ravages of the malady.

## RUSSIA GUILTY

### Of Murdering the Jews at Kischineff.

#### ALDERMAN SENT TO PENITENTIARY

#### Great Reduction in Salaries of Second Class Postmasters.

#### PRESBYTERIANS DISCUSS TEMPERANCE

Philadelphia, Pa., May 29.—The North American sent Count Tolstoi a cablegram asking him if the Russian government can be held guilty of the massacre of the Jews in Kischineff, Bessarabia.

He replied: "Moscow, May 28.—Guilty is the government. First, for excluding the Jews from common rights, making them a separate caste; secondly, for incultivating by force in Russians an idiotic faith instead of Christianity."

#### TO THE PENITENTIARY.

Another Boodler of St. Louis Is Found Guilty.

St. Louis, May 29.—Five years in the penitentiary was the verdict of the jury in the bribery case of J. K. Hannigan, former member of the house delegates, who was found guilty of accepting a bribe in connection with the passage of the suburban railway bill.

#### Salaries Reduced.

Washington, May 29.—As a result of a thorough overhauling of the rosters of the postoffices throughout the country, Postmaster General Payne today announced his approval of instructions reducing the salaries of assistant postmasters at fourteen second-class postoffice to 50 per cent of the salaries of the respective postmasters.

#### Discussing Temperance.

Los Angeles, May 29.—Among the subjects taken up at today's session of the Presbyterian general assembly were theological seminaries and temperance, on all of which there was lively discussion. It is expected that if no foreseen obstacle arises the general assembly will have practically completed its work by tonight, and will be able to adjourn with a short session tomorrow.

#### Executive Committee Meeting.

The executive committee of the territorial fair is called for this evening at the office of Secretary McCanna, in the Grant building, at 7:30 o'clock. All members should attend.

#### Grand Officers Re-Elected.

Denver, May 29.—All grand officers of Brotherhood of Railway Trainmen were re-elected today. Convention will adjourn Saturday night.

All children are requested to take with them to the city park tomorrow morning a bunch of flowers, to be used in decorating the graves of the old soldiers.

#### MAY BE RUSTLERS.

Sheriff of Chaves County After Four Prisoners at El Paso.

#### WILL BE TAKEN TO ROSWELL.

Sheriff Fred Higgins of Chaves county, New Mexico, accompanied by Deputy Jesse Van Winkle, arrived from Roswell last night to look into the matter of the four suspects arrested Monday by Detective Rogers and other officers, says the El Paso News.

Their train was delayed and they did not get in until late, so they did not attempt to identify the prisoners until this morning.

This morning both New Mexican officers visited the station and positively identified the men as the ones wanted. However, they are only four of the six looked for, and the local police are on the alert for the missing men, but it is feared the missing members of the gang have escaped to Mexico.

The Chaves county sheriff was seen this morning, but he was non-communative, claiming that he could not give details for publication until other men were captured, for fear of jeopardizing his chances of getting the remainder of the party. However, he gave out that the four men were wanted by him on a charge of stealing a bunch of horses and saddles from a

Chaves county ranch, and that they rode out of that county with the stolen chattels.

The men claimed to have come overland into El Paso, and it is said attempted to dispose of the stolen horses and saddles, which first aroused the suspicions of the local officers, and led to their arrest.

Sheriff Higgins also stated that the men were comparative strangers in his neighborhood, but that their reputation were not very good, one of the men, Tom Wilkerson, having once been in jail at Roswell on a minor charge. The other three men giving names as Charles Howard, C. A. Poe and J. C. Dudley, had no jail record that Mr. Higgins knew anything about.

No interview was permitted by Chief Wootton, as the men were Higgins' prisoners and as he wished to keep details from publication.

If the other two men wanted are arrested there may yet be an interesting story to recount, but as matters stand at present, nothing further can be said.

Sheriff Higgins and deputy leave for Roswell with the men.

#### BOUND OVER.

#### Alleged Robbers of Vann's Jewelry

#### Store Held for the Grand Jury.

#### LIST OF ARTICLES STOLEN.

James Logan, J. L. Lewis and Geo. Gibson, all young men, were brought over from the old town jail yesterday afternoon at 4 o'clock and taken before Judge Crawford.

These men were arrested in Florence, Colo., and brought to this city Tuesday morning by City Marshal McMillin. They are charged with breaking and entering the jewelry establishment of S. Vann & Son on the night of November 29 last, and getting away with the following articles:

Two hundred watches, valued at \$30 each.

Fifty gold chains, valued at \$10 each.

Fifty charms and lockets valued at \$10 each.

Six hundred rings at \$5 each.

Twenty-five diamonds at \$25 each.

Seventy dollars in lawful money.

Each pleaded not guilty and were given a hearing.

City Marshal McMillin told of his journey to Florence and his talk with the prisoners and what was found on them, as has already been related in The Citizen.

S. Vann was present and identified the watch case as his, because of the make, description and number. He also identified a ring.

Gibson sold the watch case in Florence and Logan gave it to him to sell. They also had nine rings and three chains. Jimmy Logan, the little man, says he bought the jewelry in Denver, but this is one of his many fish stories.

Judge Crawford found sufficient evidence to hold them for the grand jury, and so that the gang who operate with these men could not put up a small bond and thus let them escape from the law of justice, made the bond of each \$2,500. There is no chance of these worthies getting this and they will summer in the old town jail. Here they will have a chance to reflect on the life they have been living.

#### ELKS ENTERTAIN.

Colombo Hall Last Evening Scene of a Gay Time.

The Elks upheld their reputation last evening as entertainers for their guests at Colombo hall had a fine evening of enjoyment.

A burlesque on the real games took up the earlier part of the evening and the contests proved exciting. These games were exclusively for the ladies and prizes were offered for the winners. The tables that were placed in the hall contained the good things that are enjoyed by the human race, and all did ample justice to the eatables set before them. While the ladies ate the Elks entertained on the stage, and the ladies did the same when the Elks feasted.

The Berry-Devine orchestra furnished nice music and all had a swing around the floor.

The Elks are the best people on earth.

#### Notice! Notice!!

The members of the sub-committee of the Central Labor union named to look after the advertising of the big celebration on July 4th next, are requested to meet tonight at 8 o'clock in the business offices of the Journal-Democrat for the transaction of business.

H. B. HENING, Chairman.

## PROTECTIONIST CHAMBERLAIN

### His Policy the Talk of All England.

#### PRESIDENT ROOSEVELT AT SALT LAKE

#### Alleged Anarchist Arrested at Ogden--Quiet at Jackson, Ky.

London, May 29.—Colonial Secretary Chamberlain's protectionist policy is the all prevailing topic of discussion here. His masterful assertion that he would make reciprocal trade between the mother country and her colonies the question of the hour has been sensationally fulfilled. Columns of comment fill the afternoon papers and every one is asking "does it mean dissolution?"

The Telegraph, generally semi-inspired, says:

"The issue could not be voted on for at least eighteen months but in the meantime the government will give the country and parliament every opportunity to discuss it. A definite decision will probably be arrived at shortly and will depend almost entirely on the result of the propaganda now undertaken by the press and the members of the house of commons. If the indications show that Chamberlain is likely to have the country at his back a general election at the end of the year is extremely probable."

#### AMONG THE MORMONS.

#### President Roosevelt and Party at Salt Lake City.

Salt Lake City, Utah, May 29.—The special train bearing President Roosevelt and party pulled into the Oregon Short Line station from the north promptly at 8:30 this morning, amid the clamor of dozens of locomotive and factory whistles, the shrill yell of hundreds of cattle punchers and sheep men and the enthusiastic cheering of several thousand people congregated in the railroad yards and along the streets leading from the depot. As the president stepped from the train he was met by Governor Willis, Mayor Thompson and Col. J. W. Bubb, secretary of agriculture, who has been in Salt Lake City for several days waiting to join the presidential party. The ride was taken through the up town streets to the city and county buildings, where the president was to deliver his first address.

#### ALLEGED ANARCHIST.

#### A. Corn Arrested and a Dagger Found on Him.

Ogden, Utah, May 29.—Upon instructions from the secret service men, A. Corn, an alleged anarchist, is being held by the local police pending the departure of President Roosevelt this afternoon. When searched by the police, a murderous looking dagger was found in Corn's pocket.

The police say Corn came from Butte, Mont., and it is believed that he was connected with the gang who are supposed to be implicated in the Umbria dynamite affair.

#### QUIET AT JACKSON, KY.

#### Jett and White Give Mountaineers Much Trouble.

Louisville, Ky., May 29.—Advises from Jackson, Ky., this morning indicate that all is quiet. There was some firing during the night but nobody hurt. All mountain passes into the little city was guarded during the night by outposts of militia.

Rumor is persistent that the mountaineers are gathering and will make an attempt to release Jett and White, and the vigilance of the authorities has been doubled.

#### Leased Metropolitan Building.

Some time ago The Citizen mentioned that a deal was on whereby the Hyde Exploring Expedition would probably secure a lease on the building at the corner of Railroad avenue and First street known as the Metropolitan hotel and saloon. The deal finally went through and an elegant curio store will soon occupy the corner store room, the present location of the Metropolitan saloon. The new management of the local Hyde Exploring Expedition store, Messrs. J. W. Benham and A. B. McGaffey, are very enthusiastic about the future of the business. The old Metropolitan building will be thoroughly renovated and changed in architecture to suit the conveniences of Mr. Benham and associates. The Hyde Exploring Expe-

dition people do not intend to give up their former location on South First street, but will continue to occupy it as a ware house and store room for wholesale distribution of their goods. The new store will be for display and retail sales.

H. H. Tilton, secretary of the Co-Operative Building and Loan association, brought about this business change.

#### Crowds at the Elsteddfod.

Pittsburg, Pa., May 29.—More than 1,000 people from out of town are here for the big Welsh Elsteddfod and as many more are expected tomorrow, when the principal concerts on the program will be held. The visitors include choirs of 150 voices each from Scranton, Youngstown, Cincinnati, Columbus, Cleveland, Painesville and a number of other cities. An unusually large list of valuable prizes is offered this year and the competition in the various events promises to be full of interest.

#### Ohio Council U. C. T.

Cincinnati, O., May 29.—Cincinnati is entertaining the annual state convention of the United Commercial Travelers. Large delegations, many of them accompanied by bands, are here from Toledo, Dayton, Cleveland, Columbus and other cities of the state. The two days' program arranged for the gathering includes receptions, a river excursion, banquet and other interesting features of entertainment. The business sessions will be devoted to routine matters connected with the affairs of the order. The reports of the various officers show that the organization is in a flourishing condition.

#### Intercollegiate Championships.

New York, May 29.—The battle of the colleges for track and field honors commenced this afternoon at Berkeley oval in the presence of an immense throng of spectators. In accordance with a custom that has prevailed for the past three or four years and made necessary by the large number of contestants, two days have been allotted to the meeting.

No previous meeting of the Intercollegiate association has attracted more attention than the present one. The Yale men are doubly anxious to win this year. If they are successful the cup will belong to Yale for good, while if Harvard wins it, it will remain in competition another year. Yale, Harvard, Princeton and Pennsylvania have entered all of their veterans and a smashing of records will probably result. Besides these four big universities the crack athletes of Amherst, Williams, Union Columbia and other colleges will figure in the different events.

#### ANOTHER TORPEDO VICTIM.

This Time a Santa Fe Boy Does the Act and Gets it in the Hand.

Up in Santa Fe yesterday Francisco, the 9 year old son of Louis Ortiz y Baca, pounced the deadly railroad torpedo with a stone, and is seriously injured by the explosion. He placed it on a steel rail near the Denver & Rio Grande depot. His left thumb was blown off by the explosion and a piece of the rock or torpedo hit him squarely in the middle of the forehead, inflicting an ugly flesh wound. He was taken to the home of his parents, and Dr. J. M. Diaz called in to dress his injury. The bone of the injured thumb is broken.

#### Indian Service Agents.

The following Indian service agents of the interior department, Washington, D. C., are today visiting at the Albuquerque Indian school: Inspector Frank McNichol, Inspector M. Tinker, of this district; Inspector Chubbuck, investigating agricultural resources and C. H. Dickson, a supervisor of Indian schools of the United States. They are incidentally here at a time when they will be able to attend the closing exercises of the present term, which will occur tonight.

The Daily Citizen will be delivered  
in the city at the low rate of 20 cents  
per week, or for 60 cents per month,  
when paid monthly. These rates are  
less than those of any other daily pa-  
per in the territory.

SUBSCRIBERS will confer a favor on  
The Citizen by notifying us immedi-  
ately of any non-delivery of the pa-  
per.

We are violating no confidence when  
we say that Albuquerque will have  
20,000 people within five years.

Corn planting is backward in Ken-  
tucky this spring, but the planting of  
seedlings began a little earlier than  
usual.

The eating of snakes, lizards, scor-  
pions, centipedes, tarantulas and other  
reptiles is now prohibited by statute in  
Kansas.

The sad tidings comes flashing over  
the wires from Tarrytown, that Mr.  
Rockefeller's \$30,000 cow has suffered  
a "slight relapse."

Australian authorities want to intro-  
duce gophers into that country to de-  
stroy rabbits. What will they subse-  
quently import to destroy gophers?

By the time the governor of Penn-  
sylvania gets out of the range of the  
muzzled press of that state he will feel  
like the parrot who reached the con-  
clusion that he had talked too much.  
A muzzled press is a dangerous thing  
to fool with.

On matters of vast importance—that  
of defending the people of the territory  
against such attacks as those made by  
Rev. Skinner—the Democrat maintains  
complete silence, thus giving out the  
impression that it corroborates the re-  
marks of Rev. Skinner.

There is a marked depression in the  
thievery industry in Egypt. The hotels  
in Cairo bolt their doors and have in-  
troduced Yale locks, burglar proof  
safes, and other American contrivances,  
to throw the light fingered ori-  
entals out of the successful practice of  
their ancestral profession.

There is no section of the country  
that has a more promising prospect  
than San Juan county, this year, says  
the Times. Our fruit, at least in the  
section around Farmington, is still un-  
injured and is now out of danger. Ap-  
ricots are as large as the end of a  
man's thumb, and cherries are almost  
half grown, while pears, apples and  
peaches are coming into good form.

The editor of the Democrat, who is  
now writing about the condition of the  
country schools, was once upon a time  
the county school superintendent him-  
self. Did he keep up the country  
schools in any better shape than Hub-  
bell or Vigil? No, not so good, for he  
did very little work during his term  
except to draw his salary. People who  
live in glass houses, etc., should not be  
constantly throwing stones.

GOOD TIMES IN WEST.  
Continued heavy shipments of gen-  
eral merchandise remains the chief  
feature of the traffic situation in the  
west. There appears to be no abate-  
ment of this class of freight and all of-  
ficials report the movement greater

than at this time last year. With the  
exception of the grain movement, the  
healthiest conditions prevail all over  
the west. Country merchants are now  
finding it difficult to keep their shelves  
filled with dry goods, hardware and  
other articles which go into almost  
daily consumption at this time of year.  
There is a good deal of building go-  
ing on, calling for nearly all grades  
of machinery.

### FACTS AND FIGURES HURT.

The Citizen is the organ of no one  
man; it is the organ, however, of the  
republican party, and will defend the  
untruthful accusations and unjust as-  
saults made upon the republicans by  
our much esteemed contemporary, the  
Democrat. The facts and figures about  
the county school districts, published  
yesterday afternoon in The Citizen,  
were obtained from Esalavio Vigil, the  
county school superintendent, and are  
of public record. By publishing them  
—a bit of genuine information the peo-  
ple of the city and county should know  
—The Citizen did not become the or-  
gan of Mr. Vigil nor Mr. Hubbell, and  
this paper did not deal in abusive epi-  
thets. Facts and figures when pre-  
sented in The Citizen usually bring  
forth a twisted article from the corpora-  
tion sheet. One of the close-by school  
districts is Bernalas, and Mr. Vigil in-  
vites the editor of the Democrat to  
visit that district and see for himself.

### MEMORIAL DAY.

Tomorrow the old soldiers, the young  
soldiers, their wives, sisters and  
daughters, will decorate the graves of  
the honored dead. The occasion is  
Decoration day, a day set apart to  
honor the memory of those who gave  
their lives in the defense of their coun-  
try and their country's honor. All  
over the territory and especially in  
Albuquerque the surviving members of  
the Grand Army of the Republic and  
the Women's Relief Corps will as  
usual, proceed to the cemetery where  
lie their comrades who have answered  
the roll call of him who said: "Well  
done, thou good and noble servant."  
All the people should participate in  
this day's celebration. It is the time  
when the patriotism of the people  
should be displayed, and it instills in  
the bosom of the rising generation  
that patriotic spirit which has made  
the nation famous. It is a time when  
the people of New Mexico especially  
should remember the men who in the  
time of danger, braved Spanish bullets  
and gave up their lives for another  
star. For it is on this day that we ob-  
literate the marks that once threaten-  
ed to separate our country. One nation  
and one people; we know no north,  
no south, no east and no west. We stand  
linked together with the golden chain  
of love for the memory of the new sol-  
diers who have joined another army,  
whose commander is "Peace."

An appropriate program of exercises  
will be rendered at the city park to-  
morrow morning at 10 o'clock.

### NOT HURT BY STRIKES.

Despite the great extent to which  
labor troubles have disturbed building  
operations all over the country, the  
makers of structural steel say there is  
no diminution in the volume of orders  
placed. The effect of the strikes has  
been discernable in certain localities,  
principally in New York City, but only  
in the suspension of small operations.  
The larger number of consumers, and  
those who use the most material, have  
continued to place their orders for the  
season, in the belief that labor trou-  
bles are only a temporary infliction.  
Steel men say that one reason why  
matters have not been so serious as  
reports would lead the public to sup-  
pose is the fact that employers have  
co-operated much more than ever be-  
fore in the helping of one another out.  
The sales agent of several of the prin-  
cipal steel companies regard the uni-  
form volume of orders as a very strong  
indication of the confidence of contrac-  
tors and building firms in the early  
subsistence of the strike waves.

In steel circles it is freely predicted  
that the reduction in the price of pig  
iron will be a decided benefit to all  
branches of the industry. The same  
men who express this opinion have for  
months contended that the pig iron  
market had been forced to an artificial  
level, the maintenance of which would  
result injuriously to construction in-  
terests all over the country.

Foley's Honey and Tar is peculiarly  
adapted for asthma, bronchitis and  
hoarseness. Alvarado Pharmacy.

### Prof. Tight at Gallup.

President W. G. Tight, of the Uni-  
versity of New Mexico, delivered a lecture  
Tuesday evening in the High school

JEMEZ & SULPHUR HOT SPRINGS  
STAGE LINE.

Carries the U. S. mail; only line with  
a change of stock en route; good rigs,  
horses and drivers; leaves Albuquer-  
que every day in the week, except  
Sunday, at 5 a. m. For particulars  
address W. L. Trimble & Co., agents,  
Albuquerque, or J. L. BLOCK, pro-  
prietor, Jemez, N. M.

## YOU'LL LOOK WELL

And feel well, too, if you will only take  
a dose of Hostetter's Stomach Bitters  
before each meal. It will aid digestion,  
prevent the bowels from becoming  
constipated and the blood impure,  
steady the nerves and stimulate the  
liver and kidneys. Those are the se-  
crets of good health and must be ob-  
served. Hundreds of sickly men and  
women have been made strong and  
healthy by the Bitters. Be sure to try  
it.

## HOSTETTER'S STOMACH BITTERS

assembly room to an appreciative audi-  
ence. The lecture was instructive and  
interesting, and it is to be regretted  
that so few attended. President Tight  
was around yesterday interviewing  
scholars who might wish to attend the  
university, and we understand a num-  
ber will attend next year from here.—  
Gallup Republican.

### Traveling is Dangerous.

Constant motion jars the kidneys  
which are kept in place in the body by  
delicate attachments. This is the rea-  
son that travelers, trainmen, street car  
men, teamsters and all who drive very  
much, suffer from kidney disease in  
some form. Foley's Kidney Cure  
strengthens the kidneys and cures all  
forms of kidney and bladder disease.  
Geo. E. Hausan, locomotive engineer,  
Lima, Ohio, writes, "Constant vibra-  
tion of the engine caused me a great  
deal of trouble with my kidneys, and I  
got no relief until I used Foley's Kid-  
ney Cure." Alvarado Pharmacy.

### The Grayson Case.

As confidently predicted, says the  
Silver City Independent, matters in the  
case of Charles F. Grayson of this city,  
have taken a most favorable turn to-  
wards Mr. Grayson. Even the sensa-  
tional dailies of the east are outspoken  
in his behalf, and it has been demon-  
strated that he has acted the part of  
an honorable and upright man through-  
out.

Press dispatches indicate that the  
case against him will never be brought  
to trial, as even the prosecuting wit-  
ness has failed to appear.

Mr. Grayson is expected back in Sil-  
ver City the latter part of the present  
week, and when he returns he will  
even command a higher respect and  
confidence than he did before.

### A Farmer Straightened Out.

"A man living on a farm near here  
came in a short time ago completely  
doubled up with rheumatism. I handed  
him a bottle of Chamberlain's Pain  
Balm and told him to use it freely and  
if not satisfied after using it he need  
not pay a cent for it," says C. P. Ray-  
der, of Pottsville, N. Y. "A few  
days later he walked into the store as  
straight as a string and handed me a  
dollar saying, 'give me another bottle  
of Chamberlain's Pain Balm. I want it  
in the house all the time for it cured  
me.' For sale by all druggists.

### ATTORNEY PERCY WILSON.

Will Deliver Commencement Address  
at College Next Month.

Beginning with the baccalaureate  
sermon on Sunday, June 7, the closing  
exercises for the present school year  
of the college will begin.

The program will cover three days,  
closing with the commencement exer-  
cises on Wednesday, on which occa-  
sion Percy Wilson, Esq., of Silver City,  
will deliver the principal address.

Miss Nona Murphy, of Hillsboro,  
whose beautiful mezzo-soprano voice  
our readers remember with so much  
pleasure, will be pleasant and sing.

The exercises will be in every way  
entertaining and instructive.—Las  
Cruces Progress.

"IMPOSSIBLE, for you to enjoy  
motherhood," says the doctor. Some-  
times he qualifies the statement, and  
says: "Impossible without an opera-  
tion." Yet both these "impossibles"  
have been made possible by the use  
of Dr. Pierce's Favorite Pre-  
scription. Many times the  
hindrances to motherhood are to be found in  
womanly diseases or  
weaknesses, which  
are perfectly and  
permanently  
cured by "Fa-  
vorite Pre-  
scription." This  
great medi-  
cine for  
women  
cures ir-  
regularity  
and dries  
debilitating  
drains. It heals  
inflammation  
and ulceration,  
and cures female  
weakness. It makes  
weak women strong  
and sick  
women well.

"I wish to add my testimony  
to hundreds of others as to the  
value of Dr. Pierce's medicines,"  
writes Mrs. Ida M. DeFord of Latonia, Hubbard  
Co., Minn. "I have doctoring with a great many  
physicians—some specialists; have twice been  
in a hospital for treatment. My case has been  
regarded as a hopeless one, and they knew not  
what the trouble was. Heart was bad; stomach  
all out of order; tired out; severe pains in all  
parts of the body; sinking spells, and nearly  
every ailment a woman could have. I took  
many a bottle of 'patent medicines' without  
effect. I began taking Dr. Pierce's Favorite Pre-  
scription, and in ten months afterward I gave  
birth to a ten month boy. All physicians had  
stated as a fact that I never could bear a child.  
Both the wife and myself were strong, and I  
got along splendidly—thanks to your medicine."

The Common Sense Medical Adviser,  
1008 large pages, in paper covers, is sent  
free on receipt of 21 one-cent stamps to  
pay expense of mailing only. Address  
Dr. R. V. Pierce, Buffalo, N. Y.

### GALLUP SCHOOL.

Program of Exercises for Tonight's  
Entertainment.

The commencement exercises of the  
Gallup public school will be held at  
Kitchen's opera house, Gallup, this eve-  
ning, when the following program  
will be rendered:

Invocation.....Rev. Robt. Hodgson  
Tenor Solo—"Never".....Arthur Smith  
Salutatory—"What Is My Errand  
Here".....Emma May Patterson  
Essay—"The Purification of City  
Politics".....Weldon Coltrin Smith  
French Horn Solo—(Selected).....  
.....Rev. George Leo Patterson  
Oration—"Our Names May Be Num-  
bered With These".....Jessie Oliver  
Oration—"The Web of Our Lives Is  
of Mingled Yarn".....Mattie Goff Stokes  
Reading—"What Ailed the Pudding"  
.....Myrtle Emily Warren  
Oration—"Our Vantage Ground".....  
.....Isabell Minnie Brown  
Vocal Solo—(Selected).....  
.....Mrs. W. H. Morris  
Oration—"Friendship".....Margaret Stokes  
Essay—"Coal and Coke".....  
.....William Pattison  
Song—(Selected).....Frank Patterson  
Valedictory—"A Backward and For-  
ward Look".....Ella Florence Flahive  
Presentation of Diplomas.....  
.....Superintendent R. R. Larkin  
Benediction.....Rev. Robert Hodgson  
The class, which is the largest in the  
history of the school, is composed of  
the following young people: Isabell  
Minnie Brown, Jessie Oliver, William  
Pattison, Margaret Stokes, Minnie  
Goff Stokes, Weldon Coltrin Smith  
and Ella Florence Flahive. Only one  
of the original members of the class,  
which at first numbered something like  
seventy-two youngsters, will graduate.  
The other seventy-one have dropped  
out and their places have been par-  
tially taken by others. The one mem-  
ber that has held the fort is Miss  
Jessie Oliver, who is, also, one of the  
youngest members.

# Ayer's Sarsaparilla

Purifies the blood, gives  
strength to the nerves, and  
brings color to the cheeks.  
Ayer's Pills regulate the  
bowels, cure constipation  
and biliousness, and aid  
the digestion. Two grand  
family medicines. Sold  
for 60 years.

### Didn't Get the Drink.

Encarnacion Ybarri is another of the  
many victims of misplaced confidence.  
He was having a social time with some  
friends Saturday night, when Andreae  
Pena asked him to go outside of the  
house in which they were congregated  
and have a nice quiet drink on the  
side, so to speak. Ybarri could not be  
discourteous and refuse, but when he  
got outside, Pena, instead of offering  
the expected libation, struck him a se-  
vere blow over the head with a bottle.  
Ybarri was quite severely cut about  
the head, while Pena was locked up by  
the peace officers.—Silver City Inde-  
pendent.

### Quick Arrest.

J. A. Gullidge of Verbena, Ala., was  
twice in the hospital from a severe  
case of piles causing twenty-four tu-  
mors. After doctors and all remedies  
failed, Bucklen's Arnica Salve quickly  
arrested further inflammation and  
cured him. It conquers aches and  
kills pain. 25c at all druggists.

## Railroad Topics

Conductor McClurkin is laying off enjoying a little rest.

The big double doors of the local roundhouse are being repaired.

E. L. Holly, Santa Fe fruit and refrigerator man, was in the city this morning.

The Deming Graphic calls the girls of the Deming Harvey eating house "angels." Something is up.

Engineer McWilliams, who has been on the yard engine at Deming, has been promoted to road service.

C. W. Kouns, superintendent of transportation for the Santa Fe, with headquarters at Chicago, is in the city.

Trainmaster E. J. Gibson, of the Albuquerque-Winslow division, with headquarters at Winslow, is in the city.

The employees of the Southwestern and Santa Fe railways at Deming are working overtime now transferring cattle.

W. J. Hanna, water service man on the Rio Grande division of the Santa Fe, was a passenger for San Marcel this morning.

A. Wallace, the Santa Fe road ballist contractor, was in the city this morning, and left for the south on delayed train No. 27.

The Rock Island is making preparations for handling about 600 cars of cattle in the next few weeks from southern New Mexico.

Superintendent D. E. Cain, of the western grand division of the Santa Fe, who spent yesterday in the city, accompanied by his wife, left for the south this morning.

Last Wednesday some light fingered gent got away with the cash register from the Harvey lunch counter at Deming, and made a haul of about \$35.

The work was done about 2 o'clock in the morning while the clerk was asleep.

W. G. Nichols, a writer from New York, is in El Paso for the purpose of securing information regarding this section, which he will use in a book he will write for the Rock Island system, intended to show the resources of the country tributary to that system.

The Dennison News company will abandon its service on the El Paso & Southwestern June 1. There was not enough business to justify the continuance of a manager's office at El Paso, and Manager Applegrath will leave for Oakland Pier, Cal., to enter the Crescent News company's service.

George E. Sullivan, station agent at Flagstaff, passed through this city the other morning en route to Kenosha, Wis., in charge of the remains of his mother, who died at Flagstaff, Monday.

Mr. Sullivan has many warm friends along the Santa Fe Pacific road who sympathize with him in the loss of his mother.

Joseph Van Vleck, ex-treasurer of the Arizona & Southwestern railway and a heavy stockholder in the El Paso & Southwestern Railway company, is dead in New York. As a mark of respect the offices of the El Paso & Southwestern at El Paso was closed yesterday while the funeral was in progress.

D. A. Shope, superintendent of bridges and buildings on the Albuquerque-Winslow division of the Santa Fe, was an Albuquerque visitor yesterday.

Mr. Shope says that there is a great deal of building going on out at Winslow and the town has the appearance of booming. The Santa Fe has just finished putting down a new water system. The mains are more than twice as large as the old ones and will probably prove adequate for the uses of the city.

The Las Vegas Advertiser says: A. H. Brown, a fireman on the south end, fell off the tender on engine 1130 yesterday morning while coming in on No. 4, and was quite badly injured. Shortly before arriving at Fulton he lost his shovel, and while on top of the tender looking for another one, fell off. The train was coming down the hill at a good speed and the fireman was not missed. After lying unconscious for a long time, he recovered enough to walk back to Fulton and report. He was brought home by a freight train yesterday and is reported to be resting easy.

### TAMING LA PURGATOIRE.

Santa Fe Builds a Massive Bridge Over a Dangerous Stream.

The improvement work which has been going on at the Santa Fe's steel bridge across the Purgatoire creek, three miles east of Las Animas, Colo., is about completed. Another steel span was added to the bridge and several hundred carloads of stone riprap were hauled in. It was this bridge that came near being entirely washed out last year during the June rise. All trains were delayed several days on account of the high water at this bridge, and it was necessary to detour the passenger trains via the Great Bend branch to Scott City, thence the Missouri Pacific to Pueblo, where they were turned over to the Santa Fe. The improvements that have been made at this bridge have been going on for nearly a year, and no expense has been spared to guard against a repetition of last year's experience with high water.

The Purgatoire is a "dry" stream nearly the whole year around except in June, when the snow in the mountains begins to melt. It is then that the water comes down in a wall and sweeps everything before it. Railroad

men say that it is one of the hardest streams to control in the west. Its source is in the mountains above Trinidad.

### A Revelation.

If you will make inquiry it will be a revelation to you how many succumb to kidney troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. Alvarado Pharmacy.

### RAILROAD COMING.

Blue Prints for California Short Line Completed.

The blue prints for the California Short Line are now complete and all preliminary work done. The building of this road is now an assured fact. The route from Alamogordo is south west until reaching the Organ mountains, where it turns to the south at Pigeon pass, again takes a westerly course, passing the mountains and coming to Mesilla and Las Cruces from which place the course is nearly due west, with light grades and no curves to speak of.

The building of this road is one of the things our citizens have looked forward to for several years, and will be heralded with delight, as it will give a direct line to the east, and more than that will be a competing line which will reduce freight rates, thus giving us a chance to compete on an equal footing with other places which have had an advantage over us on account of discrimination in their favor. —Deming Headlight.

### Too Great a Risk.

In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by all druggists.

### TEACH CHILDREN RAILROADS.

New Course of Instruction for Pupils of Sulphur Springs Schools.

The passenger department of the Southern Pacific railroad is in receipt of a letter from J. C. McDonald, principal of the Unity school, Sulphur Springs, Tex., which will interest many people. Mr. McDonald says:

"We have put our pupils under a course of railroading. Their text books do not contain all information we wish to put before them, and I write to ask if you will kindly send the necessary information. Following are the questions which we put to pupils:

"1. Who is president and who is general passenger and ticket agent of this road?

"2. Learn the official name of the road; where the main line enters the state, and where it ends; trace each branch line to where it ends; learn the length of each line of the system.

"3. Learn each place where it connects with another road, and what road it connects with.

"4. Be able to draw a map of the system, and locate each town of over 2,500 inhabitants.

"5. What particular kind of freight does it haul in the state, and what does it haul out?"

### SWITCHMEN AT YUMA STRIKE.

They Take Exception to Something and Quit, While Officials Do Their Work.

The Southern Pacific has just been visited by another strike, which, while it was not very extensive, caused considerable annoyance. The trouble was at Yuma among the switchmen.

Some time ago the Brotherhood of Railway Trainmen's grievance committee asked that all switchmen working in the yards at Yuma be allowed full pay, 35 cents, for the hour which was consumed while the men went to

work. The long-drawn-out and keenly fought damage suit in Judge Wahl's court, wherein Pat Hilburn sued the El Paso & Northeastern railway for \$30,000 damages for personal injuries, terminated yesterday morning at El Paso in a virtual victory for the defense.

The plaintiff was granted a non-suit and is to pay all costs of the present trial.

While the result reads on the face that the suit was withdrawn without prejudice to the plaintiff, it is the opinion of lawyers that the case is a dead one, as the defects in Hilburn's cause are vital and incurable—that a new suit would only result as did this one.

The case, if it had gone to the jury, would probably have been settled by the court instructing to find for the defendant on the ground that the railroad company established by evidence that the plaintiff was riding on a train in an illegal manner, and that a full knowledge of this fact by both plaintiff and the trainmen, who granted him permission to ride, practically cleared the company of any responsibility for injuries received while plaintiff was so riding. To avoid this possible ending, non-suit was asked for and granted.

Attorneys W. A. Hawkins and John

Then He Quit Coffee and Found Refreshing Sleep.

Coffee causes insomnia and physicians are agreed that this is one of the most distressing of all nervous complaints. It is seldom indeed that a man who has reached the advanced age of 81 years is entirely cured of insomnia of thirty years' standing. An old gentleman of Philadelphia says:

"I have been a great sufferer for many years from insomnia. I am 81 years of age and can truthfully say that until I quit coffee and commenced the use of Postum Food Coffee I had not known real refreshing sleep for more than thirty years.

"Postum was prescribed for me by my doctor, who made me quit coffee. I have now used Postum for more than two years and its good effects are both wonderful and permanent. I regard it as a good friend not only as a remedy for coffee ills, but as a pleasant and nourishing food drink with a fine flavor. Several of my friends are using it to great advantage and think it much superior to coffee.

"When the directions for making it are followed closely it cannot fail to give satisfaction." Name given by Postum Co., Battle Creek, Mich.

Such evidence supports the scientific theory on which Postum is based. There is a reason.

## COLOMBO HALL

Tuesday, June 9, at 8 p. m. sharp

### Great Operatic Concert

BY THE

Celebrated Italian Artistes

Madame **Silvia Puerari** **Pietro Buzzi**  
Prima Donna Soprano Lyric Tenor

First prize from the National Conservatory of Rome From Milan, Torino and Paris Conservatory of Music.

Assisted by Best Local Talent of

Albuquerque. Tickets now on sale at Matson's

dinner. In view of the fact that it is a very hard matter to get men to stay at Yuma, owing to the excessive heat, Manager Alger said that he would grant the request, but that it was in no way to be considered as a precedent at other points. This the grievance committee agreed to, but the switchmen at Yuma took exception to something that was done and last Saturday night walked out on a strike.

A message was sent to Trainmaster Lindsay at Tucson, advising him of the trouble, and he, accompanied by C. L. Knestric, travelling trainmaster, went to Yuma to see what could be done. The yardmaster and one switchman remained with the company, and they, together with Mr. Lindsay and Mr. Knestric, have been doing the switching at that place.

The men who caused the trouble were paid off and given passes to El Paso. Other men have been sent for in California, and will soon be at Yuma to take the places of those who went out on strike.

### GREATLY ALARMED.

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured." Sold by all druggists.

### Fell Into Trap.

A farmer by the name of J. H. Franklin, who lives near the town of Watson, Mo., threatened to blow up the fast mail train of the Burlington if the company failed to place a bag with \$5,000 in a certain place. The company placed a bag filled with rocks at the designated place and stationed a posse about. Franklin came after the bag and was captured by the posse. This happened last Thursday night.

Mr. Joseph Pomerville, of Stillwater, Minn., after having spent over \$2,000 with the best doctors for stomach trouble, without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. If troubled with indigestion, bad taste in the mouth, lack of appetite or constipation, give these Tablets on trial, and you are certain to be more than pleased with the result. For sale at 25 cents per box at all druggists.

### RAILWAY VICTORY.

Hilburn Knew He Had No Right to Ride on Freight Train Without a Written Permit.

The long-drawn-out and keenly fought damage suit in Judge Wahl's court, wherein Pat Hilburn sued the El Paso & Northeastern railway for \$30,000 damages for personal injuries, terminated yesterday morning at El Paso in a virtual victory for the defense.

The plaintiff was granted a non-suit and is to pay all costs of the present trial.

While the result reads on the face that the suit was withdrawn without prejudice to the plaintiff, it is the opinion of lawyers that the case is a dead one, as the defects in Hilburn's cause are vital and incurable—that a new suit would only result as did this one.

The case, if it had gone to the jury, would probably have been settled by the court instructing to find for the defendant on the ground that the railroad company established by evidence that the plaintiff was riding on a train in an illegal manner, and that a full knowledge of this fact by both plaintiff and the trainmen, who granted him permission to ride, practically cleared the company of any responsibility for injuries received while plaintiff was so riding. To avoid this possible ending, non-suit was asked for and granted.

Attorneys W. A. Hawkins and John

Franklin conducted the case for the defense, and Patterson & Wallace for the plaintiff.

Foley's money and bar contains no opiates and can safely be given to children. Alvarado Pharmacy.

Freight Wreck Caused Delay.

A small freight wreck, which occurred last evening at Sands, a siding four miles south of Rileys station, was the obstacle which blocked the track and caused the delay of passenger No. 7, which train arrived here this morning at 10:40 o'clock, about eleven hours late. Several freight cars loaded with coal and coke and other freight, were piled up in the wreck, but no trainmen are reported injured. Passenger train No. 27, the El Paso train, due to leave here last night at 11 o'clock, was held until after 11 o'clock this morning.

Made Young Again.

In my "teens" again" writes D. H. Turner, "One of Dr. King's New Life Pills each night for two weeks has put me in the best in the world for liver, stomach and bowels. Purely vegetable. Never gripe. Only 25c at all druggists.

Wants \$3,000 for a Thumb.

David Jones, a laborer, wants the Atchison, Topeka & Santa Fe railroad to pay him \$3,000 for injuries to the thumb of his right hand. Jones filed suit against the company in the court of common pleas, in Kansas City, Kan. He alleges that on March 27, while working on a turntable of the company in Argentine, an engine was carelessly backed on the table and so shaken that some of the chunks of coal fell from the tender and crushed his thumb.

### LETTER LIST.

Remaining in the post office at Albuquerque, N. M., May 30, 1903:

Persons calling for or sending for these letters please state where they had been receiving mail, also mention date of advertising.

Free delivery of letters at the residence of addressee may be secured by observing the following rules:

Direct letters plainly to street number.

Give writer's name, and request answer to be directed accordingly.

Advertised matter is previously held one week awaiting delivery.

Advertised matter is held two weeks before it goes to the dead letter office at Washington, D. C.

Local freight No. 99, going south, carries passengers.

F. L. MYERS, Agent.

**Queen Quality**

**Fit and Style!**

There are some things which can't be improved. One of these things is the "QUEEN QUALITY" shoe for women.

You can make it more elaborate, you can decorate it, embellish it, use costly materials and all that; but for \$100 a pair you cannot make a better shoe than "QUEEN QUALITY," having regard solely to the two great essentials of fit and style.

This means that mechanically it is perfect. As for its appearance, the fact that one hundred thousand women choose it instantly above all other shoes would seem to indicate that it is attractive. Why don't you go so far as to try on a pair the next time you go to the store? It costs nothing to see them fit your foot.

BOOTS, \$3.00. OXFORDS, \$2.50.  
Special Styles 50c extra.  
Fast color eyelets. Do not wear brassy.

**Golden Rule Dry Goods Company**

## THE INDIAN SCHOOL.

Many City Folks Visited the School  
During the Day.

## PROGRAM FOR THIS EVENING.

This evening, beginning at 6:30 o'clock, the educational department of the local Indian school will hold its spring term closing exercises. The program arranged is quite elaborate and promises to be interesting.

Today the industrial department of the school kept open house and a large number of city folks took advantage of the occasion to visit the institution. A cordial invitation has been issued and the visitors were made welcome and were shown every courtesy by both the faculty and pupils.

Conveyances, provided by the school, for those who cared to attend began plying back and forth, to and from the city, early this morning and continued during the day. The wagons came and went at half hour intervals and the accommodation afforded a large number of people an opportunity to visit the school, who would otherwise have had to stay at home.

In the work shops at the school, shops of various vocations, were found Indian boys and girls busily engaged in doing practical work and learning various trades.

It is a great institution, but to appreciate the good work it is accomplishing one must needs see it working.

The program for the evening is as follows:

Band concert from 6:30 until 7:30.  
Song, "Tenting on the Old Camp Ground," entire school.  
Exercise, the May pole, First primary pupils.

Music, "Song of the Fairy," First grade.

Exercise, May Festival, First grade.

Recitation, "Harvest and Vintage," Carrie Ross.

Song, "Our Fair Land," Second and Third grades.

Exercise, Rope drill, Small primary.

Recitation, "Goin' Down to Gran'ma's," Edith Falsano.

Exercise, "Our Flag," Fourth and Fifth grades.

Song, "Spring Time," Adult primary.

Oration, "Labor is Worship," Charles Pecongveoma.

Motion song, "The Cobbler," First grade.

Song, "Good Night," Second and Third grades.

The members of the Eighth grade who graduate this year are: Solon Sombrero, Apache; Bertha Boyd, Apache; Mamie Madison, Apache; Charles Pecongveoma, Hopi; Carrie Ross, Laguna; John Martinez, Pueblo.

## MEMORIAL DAY.

Program of Exercises at Robinson Park, Saturday, May 30, at 10 A. M.

Music by Indian band.

Call to order by Commander A. Harsch.

Invocation, Rev. W. J. Marsh.

You cannot afford to miss it. Single copies, 25 cents.

## D. WEILLER &amp; CO.

Agents for the finest brands of all kinds of groceries in the territory. The Gold avenue grocers.

Just received a large assortment of art squares and rugs. Albert Faber, Grant building.

## OFFICIAL MATTERS.

Land Office Business—Game Warden  
Deputies Appointed.

## ASYLUM INVESTIGATION.

A postoffice has been established at Sibley, San Miguel county, to be served from Las Vegas, a distance of three miles. The name of the postoffice at Stegman, Eddy county, has been changed to Artesia.

## Land Office Business.

The following homestead entries have been made: Levy W. Mann, Hall's Peak, eighty acres in Colfax county; J. Vialando, Jardín, 160 acres in Mora county.

The following homestead entries were made: Celesto Martinez, Cuervo, 158 acres in Leonard Wood county; Margaret Kelly, Cuervo, 160 acres in Leonard Wood county.

The following coal declaratory statement was filed: T. B. Savage, Golden, SE. ¼ section 32, T. 14 N., R. 6 E., 160 acres in Sandoval county.

## Deputies Appointed.

Page B. Otero, territorial fish and game warden, appointed the following deputies: Fortunat Mailuchet, Willis, for San Miguel and Santa Fe counties; T. J. Breen, Mineral Hill, for San Miguel county; Pablo Gonzales, Willis, for Santa Fe county; Llewellyn Linn, Willis, for San Miguel county.

## Asking for Information.

C. V. Safford, traveling auditor of the territory, is sending out circulars to the collector and ex-officio treasurer of each county of the territory, asking for a report of the financial condition of the counties. These reports are to be at the office of the auditor by June 30, and will be embodied in Mr. Safford's report to the governor, to be made in July, when the reports of the different officers of the territory are made to the executive.

## Insane Asylum Investigation.

Governor Otero spent Wednesday and yesterday in Las Vegas, making an investigation of the charges against the insane asylum management. The board of trustees of the asylum held a meeting Thursday and its members were with the governor throughout the investigation and inspection. The territorial grand jury for San Miguel county has also fully investigated the matter, but the result of its investigations have not yet been made public. An additional charge has been made against the management of the institution to the effect that an insane woman had been beaten to death, and the affair hushed. The officials of the asylum state that they are confident that every charge made against them will be fully disproven.

A. A. Herren, of Finch, Ark., writes "Foley's Honey and Tar" is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." Alvarado Pharmacy.

## SOCORRO NOTES.

Personal and General Paragraphs From the Gem City.

Special Correspondence to Citizen.

Socorro, N. M., May 28.—Mrs. C. F. Blackington, wife of ex-Sheriff Blackington, is reported very sick.

J. E. Smith, the local manager for J. C. Baldrige, is moving into his new store room, opposite the postoffice. He will have one of the nicest stores, when completed, in the country.

Dr. Keyes, head of the School of Mines, evidently believes in business methods, as evidenced by his sitting down on the circus idea commonly called commencement exercises, held at the opera house each year. The doctor is to be commended for this, as it is expensive and works no good for students or the community.

Student Brown, who also acts as janitor at the School of Mines, is pronounced a successful social leader as well as student and janitor. There is always room at the top of the ladder for such young men, and he will no doubt prove a shining star in the galaxy of the local smart set.

Mr. Goodjohn, a student at the School of Mines, is laid up with a sprained ankle.

Mr. P. N. Yunker of the Windsor hotel, sold his large fruit farm north of town to an eastern party this week.

Mr. A. D. Coon is busy these days distilling brandy from the fruit from his large orchard near town.

The cutting of alfalfa is well under way in this vicinity, and the farmers

pronounce the crop fine.

The Socorro Telephone company is building a line to San Antonio and soon "Hello!" may be heard between the two towns. Manager Matthews is a hustler who believes the road to success is to succeed.

Decoration Day will be properly observed here. The Grand Army of the Republic and the local military together with other societies and citizens will join in the services. The Rev. Taylor of the First Presbyterian church will deliver the oration.

Mining excitement is on the boom now, and every day prospecting parties are seen outfitting from here for some point in the mountains near here.

White's Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influences on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to health, vigor and elasticity of spirits natural to childhood. 25c at J. H. Cunnely & Co.

## PAINE'S CELERY COMPOUND

Has Again and Again Cured After Physicians Have Failed.

For years men and women in every rank and walk of life have been sounding the praises of Paine's Celery Compound and telling of its victories over disease and death. Those who were most heavily burdened with disease, victims of suffering pronounced incurable by doctors, and who stood on the brink of the grave, are the people who most gratefully remember Prof. Phelps, of Dartmouth College, the eminent physician and scientist who discovered Paine's Celery Compound, the medicine that never fails to conquer blood diseases, dyspepsia, rheumatism, neuralgia, liver and kidney troubles. Mr. F. Marion Sikes of Crony, N. C., happily rescued from a complication of dangerous ailments, long standing dyspepsia, muscular pains and after results of typhoid fever—nervousness, weakness, watery blood and sluggish circulation, gratefully and thankfully writes for the benefit of thousands of men and women who suffer today.

Mr. Sikes says:

"For many years I suffered with dyspepsia. All that I ate did me no good, and I could find nothing that would give me relief. Last year I was taken with a pain in my leg that ran from my hip to the end of my toes. I had as good a doctor as I could find in Wilmington, but he only gave me relief for awhile. I was then taken with typhoid fever and my family and friends had given up all hope. A friend of mine, Capt. Walter Taft, advised me to try Paine's Celery Compound as I was so nervous I could not stand alone. I began the use of the wonderful medicine and before I had taken half a bottle I felt like a new man. I have now used two bottles and am today a well man and feel better than I have for ten years. I thank my God for the use of this great and marvelous compound."

## Marriage Licenses Filed.

April 30—Marina Martinez to H. L. Lowitzke, both of Bernalillo.

April 30—Helen Maud Ellis of Placitas, Sandoval county, to Horace R. Yeomans of Yavapai, Ariz.

May 14—Beatrice Esjalin to Manuel Lopez, both of Albuquerque.

## Have You Paid Your Taxes?

The second half of the taxes for 1902 will become delinquent June 1st, after which date the usual penalties will accrue.

May 4—O. N. Marron and wife to Thomas and Julia Ford, lots 18 and 19, block 24, map of town of Albuquerque, \$500.

May 11—M. W. Flournoy to M. Berger, lots 9 and 10, block 6, Northern addition.

May 14—Henry Huning and wife to John W. Palmer, lots 12, 13 and 14, block 1, Northern addition, \$700.

May 18—Vidal Armijo and wife to Ana Maria Martinez de Selbe, a piece of land in Los Candelarias, \$40.

May 18—Manuel Sedillo and wife to Jesus Baca de Padilla, a tract of land in precinct 5, \$150.

May 18—Juan Barea to F. W. Clancy, all grantor's interest in Cebollita land grant, \$1.

May 18—Mary E. Blackburn and husband to Charles H. Croy and wife, lot 2, block 17, Eastern addition, \$1,150.

May 21—W. L. and L. S. Trimble to A. B. McMillan and L. R. Thompson, a piece of land 100 feet from north to south in F. Armijo y Otero addition, \$1,500.

May 22—R. W. Fitzpatrick to Ethel Montaignier, south half of lots 13 and 14, block 33, original townsite, \$1,800.

May 23—W. W. Strong et al to Mary Kreifels, lots 23 and 24, block 39, New Mexico Townsite company's addition, \$500.

May 23—Henry Lockhart to T. S. Austin, northwest quarter, section 26, township 10 north, range 3 east, 160 acres, \$9,000.

## CAUSE OF FALLING HAIR.

Dandruff, Which is a Germ Disease—Kill the Germ.

Falling hair is caused by dandruff, which is a germ disease. The germ in burrowing into the root of the hair, where it destroys the vitality of the hair, causing the hair to fall out, digs up the cuticle in little scales, called dandruff or scurf. You can't stop the falling hair without curing the dandruff, and you can't cure the dandruff without killing the dandruff germ.

"Destroy the cause, you remove the effect." Newbro's Herpicide is the only hair preparation that kills the dandruff germ. Herpicide is also a delightful hair dressing.

"Sold by leading druggists. Send for stamps for sample to the Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents."

## A Lesson in Health.

He itchy kidneys filter the impurities from the blood, and unless they do so good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder diseases. It strengthens the whole system. Alvarado Pharmacy.

## Release Ordered.

Bert Roland, who has lately finished a year's term in the penitentiary, appeared before J. P. Victory, United States commissioner, yesterday, and made affidavit that he had no property, real or personal, with which to pay cost incurred at his trial and that he had served thirty days over the time of the expiration of his sentence. The commissioner ordered his discharge. Roland was sentenced from the Fifth district United States court for embezzlement.—New Mexican.

## A Startling Test.

To save a life, Dr. T. G. Merriat, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver trouble so I prescribed them. The patient gained from the first, and has not had an attack in fourteen months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only one at all druggists.

## MRS. GARCIA DEMENTED.

She is Alleged to Have Set Fire to a Barn in Northeastern Part of City. Mrs. Francisca Garcia, who is said to have set fire Wednesday night to a barn in the northeastern section of the city, was given a hearing by Judge Crawford yesterday afternoon.

She is an old lady, and for some time has been out of her head. She has a mania for setting fires, and this is not the first one. She is perfectly harmless otherwise. The judge held her for the grand jury, and she will probably be adjudged insane and sent to the asylum for treatment.

## A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre of Shepherdstown, W. Va., says, "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for croup, whooping cough, grip, pneumonia and consumption. Try it. It's guaranteed by all druggists. Trial bottles free. Regular sizes 50c, \$1.00.

## Tried to Escape.

Sheriff Cleofes Romero discovered an attempt of four prisoners to escape early yesterday morning from the county jail. Harry Hill seemed to be the leader, and as he broke jail at Council Grove, Kan., will be closely watched. The guards have been hearing suspicious sounds for several days, but on account of the high winds could not locate them. A close watch was kept, and revealed the fact that the four men confined in the upper cell on the west side had sawed the steel side of the cell some ten inches. If they had succeeded in finishing the sawing it would not have taken long to remove a stone from the side of the building and escaped. Where they procured the saws is a mystery, as all had been well searched before being placed in the jail.—Las Vegas Advertiser.

## A Little Early Riser.

now and then, at bedtime, will cure constipation, biliousness and liver trouble. DeWitt's Little Early Risers are famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by B. H. Briggs & Co., S. Vann & Son.

## The Next Musical Event at Colombo Hall.

By special request of many prominent ladies and gentlemen of this city, the famous tenor, Chev. P. Buzzi concert at Colombo hall on June 9 before his departure to Costa Rica.

ly he appreciated the favors and kindness extended to him at his last concert in St. Mary's hall, has secured the co-operation of the celebrated prima donna, Madame Silvia Puerari.

The lady is graduated from the National Conservatory of Music of Rome, in which she captured the first gold medal, the highest prize conferred by that institution. Besides a brilliant career on the principal stages of Europe, Madame Silvia Puerari was chosen from Mascagni in his tour throughout the United States, as the leading and only true interpreter of all his operas and lately in San Francisco Madame Puerari's success in Cavalleria Rusticana had no equal.

## The Waste of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease set up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the whole-some food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by B. H. Briggs & Co., S. Vann & Son.

## CLASSIFIED ADS.

Note—All classified advertisements or "liners," one cent a word for each insertion. Minimum charge for any classified advertisements, 15 cents. In order to insure proper classification all "liners" should be left at this office not later than 3 o'clock p. m.

## Weekly Crop Bulletin

United States Department of Agriculture, Climate and Crop Bulletin of the Weather Bureau, New Mexico Section.

Santa Fe, N. M., May 26, 1903.—Cold, dry and unusually windy weather continued during the week ending May 25, with several light frosts in the northern valleys, and a general light frost over all the colder sections of the territory on the morning of the 19th. Growing crops make slow progress and are much behind, but, although late, seem to be in a fair condition. Severe drought conditions exist in the extreme northeastern counties and in parts of Lincoln county, while throughout the territory warmer weather with a good, warm rain is badly needed. With the exception of some eastern localities, however, irrigation water is still sufficient, but on unirrigated lands crops are suffering severely from the cold, windy, dry weather. On the ranges grass is making a very slow growth, and on some northeastern ranges the prairies are as bare almost as in winter. In these sections stock shows but slight improvement. In southern sections, although rain is badly needed there also, the general conditions are much better. Grass secured a start before the dry, windy weather set in, and stock is generally in very good condition. Crops also had a good start, but are now making slow progress. In the Rio Grande valley wheat is well headed out, and the first cutting of alfalfa has been secured. It will probably be an off year for fruit excepting in some of the extreme southern valleys. In the fertile San Juan valley the crop of peaches, apples, plums and cherries is expected to be considerable below the average. Cherries are ripe in the Mesilla valley.

The following remarks are extracted from the reports of crop correspondents:

Albert: H. M. Hanson—Very windy weather throughout the week. In this immediate locality the drought is getting quite severe. Conditions are somewhat better toward the north and east, owing to light local showers, but a good general rain is anxiously looked for. Stock is in fair condition and lambing is progressing satisfactorily. Highest temperature 88, lowest 43, no rain.

Arabela: A. M. Richardson—Continued dry weather; corn needs rain badly, but is doing quite well considering. Highest temperature 79, lowest 40; rain trace.

Folsom: Jackson Tabor—Dry and very windy; only one day when the wind did not blow a gale. Heavy dust storm on the 21st. The winds have dried all the moisture out of the ground; alfalfa has stopped growing, and, unless rain comes shortly, it will not be worth cutting. Water is getting scarce. Highest temperature 79, lowest 33; no rain.

Fort Stanton: E. W. Halstead—Fairly favorable weather excepting the freeze of the 19th, which damaged tender growth to some extent. Range is short. Irrigation water is plentiful but diminishing. Highest temperature 78, lowest 27; no rain.

Fruitland: C. J. Collier—Unfavorable weather; all vegetable growth not nipped by the frost is at a standstill owing to the colds and winds. Gardens almost amounting to gales. Gardens had better not have been put in. The fruit crop is greatly reduced. Highest temperature 81, lowest 31; rain 0.10.

Golden: R. M. Carley—Grass beginning to dry up. Only a trace of rain during the week. Corn and wheat look well as yet, but need rain badly. Glencoe: Annie E. Coe—Dry and windy. First cutting of alfalfa will

be made in about two weeks. Corn and small grains growing nicely.

Hobart: W. H. Hough—High drying winds with frosty nights retarded the growth of crops somewhat. Corn and wheat looking well. Fruit prospects good.

Las Vegas: J. W. Hanson and William C. Bailey—High winds continued throughout the week, and the nights have been quite cool. Ground getting quite dry and conditions generally are unfavorable for crops. Grass is short and range stock is in poor condition. Highest temperature 77, lowest 30; no rain.

Mesilla Park: R. M. Hart—Mulberries and cherries have ripened. Prospects for a large yield of orchard fruits is still promising. Wheat has headed out nicely. First cutting of alfalfa has been secured. Highest temperature 88, lowest 35; no rain.

Silver City: Charles H. Lyons—Weather cool and vegetation grows slowly. Fruit seems to be developing all right. Quite a severe frost morning of the 19th, which did considerable damage.

Santa Fe: United States Weather Bureau—A cool, dry week with unusually high winds. It seems that peaches, cherries and apples will be very short crops, and apricots will be very scarce. Vegetation grows slowly for the season, and rain and warmer weather is badly needed. Alfalfa generally looks very well. Corn is just breaking through the ground. Light frost on the morning of the 19th cut a few of the gardens some, but in general little damage was done. Irrigation water plentiful. Highest temperature 72, lowest 33; rain trace.

Watrous: M. C. Needham—High winds and sand storms during the day and freezes at night make unfavorable conditions for the growth of crops. Highest temperature 76, lowest 23; no rain.

Weber: E. H. Biernbaum—Very dry weather. Heavy frosts damaging all crops. The prairies are as bad as they were last winter, and cattle are dying. Plenty of irrigation water. Very strong winds.

R. M. HARDINGE,  
Section Director.

You never heard of any one using Foley's Honey and Tar and not being satisfied. Alvarado Pharmacy.

## Confide in a Woman

Women may write about their ills to Mrs. Pinkham, and avoid the questioning of a male physician. They can tell their story without reservation to her; she never breaks a confidence, and her advice is the best in the world.

The questions asked of a woman by a male physician are embarrassing, and often revolting to a sensitive nature. In consequence the whole truth is not told; this makes it difficult for female troubles to be successfully treated even by the best physicians, and is the reason so many women grow worse rather than better. A woman understands a woman better than a man, — there are symptoms which sick women have that a man cannot understand, simply because he is a man, but the whole truth may be told to Mrs. Pinkham, and her vast experience enables her to give advice which leads to a cure.

All women who suffer should secure Mrs. Pinkham's advice; it costs nothing but a letter addressed to her at Lynn, Mass. Female troubles are real troubles, and must be treated understandingly. For a quarter of a century Mrs. Pinkham's advice and Lydia E. Pinkham's Vegetable Compound have been helping women to get strong and well, and her great file of letters prove that more than a million women have been restored to health and strength by her advice and her medicine when all other means have failed.

When you go to a druggist for Lydia E. Pinkham's Vegetable Compound, do not let him persuade you to try something which he says is just as good; there is nothing just as good, because Mrs. Pinkham's medicine holds the record for the largest number of cures of any female medicine in the world.

## DO YOU EAT?

If so call on D. Weiller & Co. Their groceries are always fresh. Gold avenue, between First and Second streets.

Call around and see the nice patterns suitable for ladies' skirts, made from pure New Mexico wool by the Rio Grande Woolen mills; goods on sale at from \$2 a yard up. Simon Stern, the Railroad avenue clothier.

Suits to Order From Woollens Made by the Rio Grande Woolen Mills.

We are now showing the products of the new woolen mill of this city, and taking measures for suits, made of pure new mixed wool; nearly a hundred different patterns; we guarantee fit and style. Simon Stern, the Railroad avenue clothier.

## Hall &amp; Larnard.

There is such a thing as a piano bargain. We have decided to sell all our used and traded in pianos at figures that justify us in advertising piano bargains. Call and investigate.

Mrs. Bambini, at her parlors, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, dr. hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder which guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. ## The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Moctezuma.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

# Rheumatism

## "THE PAIN KING."

Those who have ever felt its keen, cutting pains, or witnessed the intense suffering of others, know that Rheumatism is torture, and that it is right-ly called "The Pain King."

All do not suffer alike. Some are suddenly seized with the most excruciating pains, and it seems every muscle and joint in the body was being torn asunder. Others feel only occasional slight pains for weeks or months, when a sudden change in the weather or exposure to damp, chilly winds or night air brings on a fierce attack, lasting for days perhaps, and leaving the patient with a weakened constitution or crippled and deformed for all time.

An acid, polluted condition of the blood is the cause of every form and variety of Rheumatism, Muscular, Articular, Acute, Chronic, Inflammatory and Sciatic, and the blood must be purged and purified before there is an end to your aches and pains. External applications, the use of liniments and plasters, do much toward temporary relief, but such treatment does not reach the real cause or cleanse the diseased blood; but S. S. S., the greatest of all blood purifiers and tonics, does cure Rheumatism by antidoting and neutralizing the poisonous acids and building up the weak and sluggish blood. It is safe and reliable in all forms of Rheumatism. It makes the old acid blood rich, and the pain-tortured muscles and joints are relieved, the shattered nerves are made strong, and the entire system is invigorated and toned up by the use of this great vegetable remedy.

If you have Rheumatism, write us, and our physicians will furnish without charge any information desired, and we will mail free our book on Rheumatism.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

## NEW MEXICO TOWNS

### LAS CRUCES.

From the Republican.

Editor Papan has been under the weather but able to be about this week.

Mrs. Ryan, a sister of Mrs. Castaneda, is expected back from Magdalena in a few days.

Henry Ryerson and Nestor and Max Armijo have bought a ranch in the mountains and put in two thousand goats to start with.

The red cart, or scavenger's wagon, is quite a novelty and a valuable acquisition of which the city may proudly boast.

The two daughters of Hon. Silas Alexander, who have been attending school at the agricultural college, have gone home to Socorro to spend the vacation.

The "Liceo Cervantes" literary society of the College of Agricultural and Mechanical Arts, gave its annual ball last night at Terpeichore hall, commonly styled in college parlance "The seed house."

Children's day service, Sunday evening, May 31, at 8 o'clock, in the Presbyterian church. The scholars of the Sunday school will render appropriate songs and recitations. They extend a cordial invitation to all to attend their service.

### Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual costiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. J. H. O'Reilly & Co.

### FARMINGTON.

From the Times.

The Farmington seconds played ball with the Junction City boys Saturday and lost the game by a score of 14 to 21. Farmington battery, Stevens and Cook; Junction City, Phelps and Carson.

Dr. J. C. Thurman, a physician and surgeon of Durango, who is of late making quite a stir in society and professional circles in that city, is expected here in a few days to remain a short time on business connected with his profession.

C. M. Elliott sold his place last week to S. W. Wightman and the latter took possession Tuesday. The consideration was \$8,000 for the 160 acre tract. Mr. Wightman is one of our most energetic farmers and will make the place pay well on the investment.

### The Best Liniment.

"I have derived great benefit from the use of Chamberlain's Pain Balm for rheumatism and lumbago," says Mrs. Anna Hagelkans, of Tuckahoe, N. J. "My husband used it for a sprained back and was also quickly relieved. In fact it is the best family liniment I have ever used. I would not think of being without it. I have recommended it to many and they always speak very highly of it and declare its merits are wonderful." For sale by all druggists.

### GALLUP.

From the Republican.

Will McSparron returned from his California trip.

Mrs. J. Burke and daughter, of Winslow, are the guests of Mrs. E. M. Clarke.

Robert Weldemeyer returned from Clinton, Mo., where he has been attending school.

Mrs. Rob Gibson, of Alamogordo, is here on a visit to her sisters, Mrs. Myers and Mrs. Colenso.

Miss Edith Baylis returned from Williams, where she has been visiting

### SENTIMENTS OF DIAZ.

President of Mexico Desires to End Cruel Bull Fighting.

SAYS PUBLIC OPINION IS CHANGING.

President Diaz of Mexico has come out flatfooted against gambling, prize fighting and bull fighting in the republic, so the El Paso News is assured from a source whose authenticity is unquestioned. The knowledge comes direct from the palace of his excellency in the City of Mexico.

The publication in the News of the determination of Governor Terrazas of Chihuahua to suppress gambling and prize fighting brought out the information. In the conversation which followed, one of the best known business men of this locality, who has most intimate relations with President Diaz, said: "Governor Terrazas' announcement that he would suppress gambling and prize fighting in Juarez, and, in fact, throughout Chihuahua, appears to me to be but the precursor of a general decree, which may include bull fighting during the festa month, or possibly in December and January, but not throughout the season, as has heretofore been the case.

"I know of my personal knowledge that Governor Terrazas is bitterly opposed to all forms of gambling. I know also that it is becoming the policy of President Diaz and the government to assist in the suppression of all forms of vice.

"It was but a few weeks ago that I had a conversation with President Diaz upon this very subject. As nearly as I can remember, he used these words in explaining to me his views in the matter.

"I have been doing my utmost to eliminate gambling from the cities of Mexico, and have thus far suppressed it in the cities of the federal district. Prize fighting, which is but another form of gambling, I am opposed to, and will not allow, if it can be prevented."

Continuing, The News informant said: "Another thing which President Diaz gave me to understand in the conversation was that there had been a gradual increase of the sentiment against exhibitions such as bull fights and cock fights. This had ripened into the formation of societies for the prevention of cruelty to animals. The workings of these societies are yet for the most part secret, but they are coming to be a power which will be felt in after years."

### The X-Rays.

Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that catarrh of the stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How can I cure my indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure catarrh of the stomach. Kodol digests what you eat—makes the stomach sweet. Sold by B. H. Briggs & Co., S. Vann & Son.

### Suicide of George Causey.

The remains of George Causey, who committed suicide by shooting himself at Kenna yesterday morning at 7 o'clock a. m., were brought here yesterday afternoon and are at Coulter, Rea & Elders, undertaking rooms. The burial will be in South Side cemetery today. Mr. Causey was a brother of John Causey, and was a prominent citizen and stockman. He was hurt by a horse falling on him some time ago and he never recovered entirely from the shock, and this was the cause of his rash act. He was happily married about six weeks ago to Miss Pusey. His wife and two relatives were asleep in the same room, when he committed the rash act. The deceased and his brother were old-timers in New Mexico and hunted buffalo thirty-five years ago.—Roswell Register.

### What is Foley's Kidney Cure?

Answer: It is made from a prescription of a leading Chicago physician, and one of the most eminent in the country. The ingredients are the purest that money can buy, and are scientifically combined to get their utmost value. Alvarado Pharmacy.

### COL. H. L. PICKETT.

Former Well-Known Resident of Silver City Has Big Mines.

Col. H. L. Pickett, former well known citizen of Silver City and one of the most prominent attorneys in New Mexico, returned here last week after an absence of seven years, and it is needless to say received a very warm welcome from his many friends, says the Independent. Col. Pickett removed from Silver City in April, 1896, to take up his residence in Salt Lake City, and this is the first time that he has been back. He is here on matters connected with his local property interests and will remain for about a month.

Col. Pickett has met with fine success in his new home. He has built up a lucrative law practice, having been engaged in some of the biggest litigation in the state. But it has been in a mining way that Col. Pickett has been exceptionally fortunate. He is one of the owners of the famous Savanic copper mine in Arizona, located about fifteen miles north of the Grand Canyon of the Colorado. Fourteen carloads of ore taken from this property have

## The Three Ages of Man.

### Notice of Forfeiture.

Territory of Arizona, County of Cochise, ss.

To M. J. Sherlock, his heirs and assigns:

You are hereby notified that I have expended one hundred dollars (\$100.00) in labor and improvements upon the "Aunt Betsy" Mining Claim, situate in Peralta Canon, Cochiti District, Bernalillo Co., New Mexico, as will appear by certificate filed February 8, 1896, in the office of the recorder of said County, in order to hold said premises under the provisions of section 2324 Revised Statutes of the United States, being the amount required to hold the same for the year ending December 31, 1902.

And if within ninety days from the serving of this notice, you fail or refuse to contribute your proportion of such expenditure, together with the cost of this publication, as a co-owner, your interest in the said claim will become the property of the subscriber under said section 2324.

Dated March 19th, 1903.

### RECIPE FOR A DAY.

[Selected.]

Take a dash of water cold  
And a little leaven of prayer,  
A little bit of sunshine gold  
Dissolved in morning air.  
Add to your meal some merriment  
And a thought for kith and kin;  
And then as a prime ingredient  
A plenty of work thrown in.  
But spice it all with the essence of love  
And a little whiff of play;  
Let a wise old book and a glance above  
Complete a well-spent day.

No police court this morning.  
Read The Citizen and get the news correct.

Mrs. D. Scruggs is entertaining Miss McKinley of San Antonio.

Howard Machem and wife of Washington, D. C., are in the city.

United States Gauger D. J. Rankin went to Las Cruces this morning.

Robert Marmion, a well-known citizen of Laguna, is here today on business.

Mr. and Mrs. O. W. Strong left last evening for their home in Los Angeles, Cal.

E. L. Browne and Thomas Ross, prominent citizens of Las Vegas, are in the territorial metropolis today.

The Eagles held a meeting last evening and made arrangements for a smoker in Colombo hall on June 11.

Inspector Arthur M. Tinker in the Indian service of the interior department, Washington, D. C., is at the local school, Ill.

All persons willing to contribute flowers for Memorial Day will please leave them at the home of Mrs. A. Harsch today.

Forest McKinley, in the service of the government watching out for forest reserve rules, is in the city today from Santa Fe.

Several gaming tables were hit pretty hard last night by visitors, especially a visitor from Gallup, who won several hundred dollars.

All members of the Grand Army of the Republic and ladies of the Relief Corps are asked to meet promptly at Grant hall tomorrow morning at 9 o'clock.

Joseph P. Hurley, the southwestern representative of the Unitype company, Chicago, was in the city between trains this morning. He will stop over a day at Las Vegas en route east.

The brick walls of Tom Ford's livery stable, which he is building on West Silver avenue, are looming up somewhat. Mr. Ford hopes to be ready for business in a couple of weeks.

Miss Mary Manahan arrived last night from the east and will visit the family of William Farr. Accompanied by the Farris, Miss Manahan will leave in a short time for a visit to southern California.

Harry G. Evans, formerly city editor of the Journal, Crawfordville, Ind., was in the city between trains this morning, while en route to El Paso, where he goes to accept a position on the El Paso Times.

Dr. G. W. Harrison returned home this morning from St. Louis, Mo., accompanied by his son Grover, who has been attending Marquette college, located at that place. The young man is home for the summer vacation.

Dennis McDonald is the new book-keeper for John Beaven at the Clarkville coal yards. He succeeds George E. Purdy, who resigned so as to devote all of his time to the business of the boarding and rooming agency of Grant & Purdy.

The time is drawing near when ninety young men from the local Indian school will go to Colorado to work in the sugar beet fields. The work they will do is chiefly thinning the young beets when they come up too thick. They will be absent from school about two months.

Regular Sabbath services will be held at Temple Albert this evening at 7 p. m. Rabbi Jacob Kaplan will conduct services and Mr. Julius Staab will lecture. Everybody is welcome. Sunday morning confirmation services will be held at the temple at 10 a. m. A special program has been arranged. Announcement will be made later.

Charles Bonsall, a mine expert of this city, returned late yesterday afternoon from Camp Kemp in the Sandia mountains. Mr. Bonsall was out in the Sandias to examine some copper and iron deposits for a syndicate of local capitalists. He was well impressed with the deposits, and will make a favorable report to the gentlemen interested.

Prof. J. A. Blondin and Duncan Bell, who have been up to Las Vegas, returned on No. 7 this morning, which was delayed nearly twelve hours on account of a freight wreck between Lamy and Ribera. Both gentlemen attended the oratorical concert Wednesday evening, and last night Mr. Bell sang at the Normal school graduation exercises, with cello obligato by Prof. Blondin. Both received great applause.

A. R. Gibson, president of the Gibson Development company, and Jerome Kennedy of New Haven, Conn., secretary of the same company, and also of the Shaw-Gibson Mining company, were in the city over night while en route to Grant county, where they will inspect and investigate the condition of the mineral properties owned by these two companies in the Shakespeare and Burro mountain mining districts, near Lordsburg.

### SECOND RECITAL.

School of Music Students Entertained Last Night.

A second recital of the pupils of the school of music was given at Library hall last evening. The numbers were vocal and instrumental, and in most every case very pleasing, the rendition showing culture.

A fair sized audience turned out and applauded heartily.

Concluding the program President Tight, of the university, announced the succeeding events of commencement week, which will occupy fully the time until next Friday night, when the annual banquet will occur.

### A Fine College Number.

The Citizen has received a copy of The New Mexico Collegian, the June commencement number, published by the Columbian Literary society of the Agricultural and Mechanic Arts college of Las Cruces. It is as fine a book that has ever come to us. It contains over a hundred pages of interesting matter, with fine illustrations of the school buildings, graduating class, base ball team, foot ball eleven, faculty and of other things in and about the college settlement.

Professor Hiram Hadley writes an interesting article on the early history of the college; the class of 1903 is written up as well as the class of 1904. The book is chuck full of interesting things, and is a credit to the Agricultural and Mechanic Arts college.

The editorial staff follows: Clarence D. Case, editor-in-chief; Pinkie Ford, assistant editor; Charles Post, alumni; Lute Foster, exchange; Orrick Metcalfe, local; Walter Giebel, athletic; Fannie Ford, social; J. D. Hughes of this city is business manager and C. A. Newcomb, Jr., is his assistant.

### That Loving Cup.

The silver loving cup, presented by Hall & Larnard, music dealers, to be awarded to the team and athletes of the college winning the most points in the intercollegiate meet which will be pulled off tomorrow afternoon is a worthy prize. The cup stands about sixteen inches in height and weighs many pounds. It is beautifully designed and on the side is inscribed, "Presented by Hall & Larnard to the Intercollegiate Athletic association of New Mexico, May 30, 1903."

President Tight, of the University, will present the cup to the winning team at the banquet to be given tomorrow night.

The cup will be on exhibition tonight and tomorrow in the window of Hall & Larnard's music store on South Second street.

It has been agreed that the college winning the cup tomorrow must defend it for two years before they can call it their own.

The commencement number of the High School Occident, containing all the speeches of the graduates and a picture of the graduating class, besides all the regular, interesting reading matter will be on sale at Colombo hall after the commencement exercises are over. You cannot afford to miss it. Single copies, 25 cents.

The first social event of June will occur at Colombo hall on Tuesday night, when the Retail Clerks' union will entertain with a dance. A full orchestra will furnish the music and a good time is expected.

### Teas! Teas!!

### OSTEOPATHY NEVER POISONS

The Body is Better Without Drugs.

Can You Give a Rational Definition of Osteopathy?

Osteopathy is a system of therapeutics, based upon a thorough knowledge of anatomy and physiology, enabling the practitioner to look upon the body as a perfect living, automatic machine. There are more defective spines on earth than paupers. Get your spines in good shape and your chances for health will be good.

C. H. CONNER, M. D. D. O.

## All Clothes Look ...ALIKE...

When they're piled up on a big table. You see the Difference when you put them on.

ONE STORE looks like another, generally speaking. When you see a big lot of clothing piled on tables—"head-high"—it seems to be only a question of color and price. Don't stop there. There is something more important. Ask yourself—"How about fit, style and service?"

### OUR CLOTHING IS DIFFERENT

from the ordinary, it has a style and dignity that is peculiarly its own. We would like the opportunity of showing you the good points of our ready-made clothing—we could convince you that our's is different in no time.
