VOLUME 16

ALBUQUERQUE, NEW MEXICO, FRIDAY AFTERNOON, MAY 15 1903

NUMBER 454

STRIKE TIES UP MANY CITIES

General Strike Prevailing in Denver, Colorado.

BUILDING IN NEW YORK CHECKED

Destructive Fires in Chicago and Denver Cause an Immense Loss.

Denver, May 15.—There are no indications this morning of a settlement of the strike. Both sides are standing firm for arbitration in their own way. The Vans and Transfer Men's association asked Judge Hallett in the federal court this morning for an injunction to prevent any interference with their business on the ground that it was interfering with interstate business. The judge refused to grant the injunction without a hearing. At the request of the defendants the case went over till next Wednesday.

More Men Called Out.
Denver, May 15.—The joint executive committee of organized labor called out 1,000 additional men during the forenoon today, increasing the total number of strikers in this city to more than 4,000. The unions ordered out today are the brewery workers, beer wagon drivers, retail clerks, garment workers and horsehoofers, mattress workers, electrical workers. The total number of members, exclusive of the railroad organizations, is 17,123, and it is the intention of the labor committee to keep on tying up one branch of business after another, so far as lies in its power, until the employers agree to some method of arbitration satisfactory to the unions.

New York Strike.
New York, May 15.—Members of the Excavators and Rockmen's union held a joint meeting today and discussed difficulties with the contractors, especially those concerned in the subway work. These strikers decided to maintain their position and keep away from work. When the Italian subway strikers threatened a workman in the Bronx today he brandished a revolver. A policeman arrested him, while the strikers escaped. The workman was subsequently released by the magistrate before whom he was arraigned.

Strike at El Paso.
El Paso, May 15.—All the switchmen at the El Paso & Southwestern yards are out on a strike today because the night men were discharged for demanding extra help.

Wreck at Flagstaff.
Special Correspondence.
Flagstaff, N. M., May 14.—A steel bridge girder weighing 120 tons, in transit west, became dislodged from the three flat cars, on which it was being shipped, in a canyon between Flagstaff and Williams late Wednesday afternoon, and caused considerable delay in traffic.

A wrecking crane was sent from Winslow to the scene of disaster. The troublesome girder was placed aboard the train and traffic was opened early Thursday morning. No trainmen were injured.

DANGEROUS RIO GRANDE.

Flooding the Lowlands Between This City and Alameda.

HIGH AT BARELAS BRIDGE.

A few days ago The Citizen called attention to the fact that the Rio Grande, now a raging stream, had overflowed its banks on both sides of the Corrales bridge and was flooding the lowlands.

Word was received this morning by Sheriff Hubbell that the old dyke, built a few years ago by funds from citizens of Albuquerque had given away in a number of places, and water was rushing out of the regular channel of the river and through the Alameda precinct in torrent fashion.

On the west side of the bridge, along the public road between the bridge and the Ignacio Gutierrez store, the lowlands are inundated with a foot or more of water, and the situation is critical.

Hon. Alejandro Sandoval states that the river is higher in that vicinity and especially at the bend near Alameda

than it has been the past twelve years, and he fears that considerable damage will be done along the river as far south as Albuquerque if the weak spots in the dykes and along the banks are not immediately repaired.

It is also learned this afternoon that the lowlands in the vicinity of the Barelas bridge in South Albuquerque are flooded, and the river is cutting away the soft sandy banks at a lively rate.

This is a matter of vital interest to this city, and the attention of Mayor Meyers is specially called to the present high condition of the river.

DESTRUCTIVE FIRE.

Cities of Denver and Chicago Visited— Have Heavy Loss.

Chicago, May 15.—Two lives were lost in a fire that destroyed the West Chester apartment building at 5017 Cottage Grove avenue early today. One man is missing and he is supposed to have perished in the flames, while two persons were probably fatally injured by jumping from the windows.

The dead: Louisa Phaeas, 10 years old; Harry Struble, 50 years old, missing: Samuel Call, 45 years old. The property loss was \$30,000.

Church Burned.
Denver, May 15.—Fire which broke out just before midnight in St. John's Cathedral, at Nineteenth and Walton streets, completely gutted that edifice. Loss, \$100,000; insurance, \$80,000. St. John's was the oldest Episcopal church in the city and the most fashionable. Dean H. Martyn Hart, pastor of the church, believes it was incendiary, and another theory is crossed electric wires.

FORGER IN GALLS.

Will be Taken Back to San Francisco for Trial.

OFFICER J. C. EDWARDS HERE.

J. C. Edwards, a police officer of San Francisco, is in the city, and he has requisition papers to take one M. J. Ingalls back to San Francisco. A short time ago Ingalls, who was at San Francisco, conceived the idea that he wanted to visit New York City. He wrote out a check on the Chemical bank of New York City and forged a well known signature. He called on the city agent of the Santa Fe road at San Francisco and purchased a ticket to New York, presenting the check. The difference in price of the check and the amount of the check was handed over to Ingalls, and he departed. The next day the check was pronounced a forgery, and a telegram sent along the road to arrest Ingalls. Ben Williams, special officer, nabbed the fellow as the train reached Isleta Junction, and brought him to this city. He was turned over to Sheriff Hubbell, who provided the prisoner with quarters at the county jail. The check called for \$91.90. Officer Edwards is today being entertained by Sheriff Hubbell and the city police officers. He expects to leave for San Francisco with his prisoner this or tomorrow evening.

POLICE COURT OFFENDERS.
The City Magistrate Had a Full House Today.

H. G. Rhea, a New York barber, who tried to deceive Pete Dinelli's eye-Wednesday evening with a bogus \$10 bill, as related in The Citizen of yesterday, was before Judge Crawford's at 5 o'clock yesterday afternoon. He was found guilty of attempting to defraud and was given sixty days in the county jail.

Al Crippen, vagrant, was given ten days in jail. He was before the court a month ago.

Plutarco Nuanes, for thirteen years in the employ of the local Santa Fe storehouse, was arrested late yesterday afternoon and taken before the

court. He was charged with grand larceny by the railroad authorities. He waived examination and was held for the grand jury under \$500 bond. This morning Attorney W. C. Heacock appeared for him, stating that Mr. Nuanes did not understand when he waived the examination. However, it was thought best to let the matter stand. The bond was furnished by Eslavio Vigil and Jose S. Chavez. A quantity of small articles have been taken from time to time in the past three months. The special officers of the road have been at work and several arrests have been made. Nuanes has been under suspicion for some time, and some of the goods stolen have been found hidden at his home. It is thought that several other men will be arrested before the matter is settled.

Grayson Released.
A New York dispatch says that Moody Merrill was released yesterday on \$1,000 cash bail, furnished by himself. Merrill says he has sent money to Boston through a friend with which to settle his accounts there. He says he has documents to show he is liquidating his indebtedness.

Invitations have been received here announcing the marriage of Miss Cora Frances McCarty to Frederick Louis Harnois, Tuesday, May 12, Denver, Colo. The young lady is the daughter of Mrs. Mary McCarty, and with her parents resided in this city many years. The Denver Times, on the day of the marriage, contained a fine half tone cut of the young lady.

LIBRARY COMMISSION.

Held an Interesting Adjourned Meet- ing Last Night.

STATISTICAL FACTS.

The library commission of the Albuquerque public library held the adjourned annual meeting last evening in the library building. The following officers were elected for the ensuing year: Vice president, W. P. Metcalf; secretary, Mrs. A. B. Stroup; treasurer, John H. Stingle. Mayor C. F. Myers is ex officio president of the board.

The following committees were appointed: Book—Mrs. A. B. Stroup, Mrs. W. C. Butman, A. B. McMillen, Dr. J. W. Elder; house and grounds—Mrs. J. Hubbs, Mrs. H. B. Ray, W. P. Metcalf, John H. Stingle. The report of the librarian showed the number of volumes in the library to be 2,722, 212 books having been added by gift and purchase during the year. This does not include the list of government publications received. The number of registrations are 1,422, this being an increase of 514 during the year.

Twenty-two thousand three hundred and thirty-seven people visited the library during the year, which is an increase of 2,125 over the previous year. The book circulation during the year was 16,814, being a gain of 1,962. Fifty dollars and fifty-five cents was received from fines and \$93.90 from a normal charge made for the withdrawal of new fiction. A complete list of periodicals are on file. The librarian has completed a card catalogue of all the books in the library and is now preparing a finding list, which will be printed and furnished to the people at a nominal charge. Various ways and means were discussed by the commission for the further bettering of the condition of the library and grounds. The commission expressed great satisfaction with the capable librarian—Miss Nelle M. Wetter, who has so faithfully discharged her duties. The public library is in first-class hands and the record of the past year is a first-class one.

Electric Car Accident.
Chicago, May 15.—Four persons were severely injured, one probably fatally, and twenty others slightly hurt today when a Halsted street electric car collided with a beer wagon. The failure of the driver of the beer wagon to hear the warning bell of the car is said to be responsible for the accident.

Chinese Boys Coming to America.
Washington, May 15.—United States Consul Wilcox at Hankow, China, has notified the state department that ten bright Chinese boys of good family are to sail on the Nippon Maru today for the United States, to be placed in college.

Ibsen Ill.
Copenhagen, May 15.—Henrik Ibsen, the Norwegian dramatist, is seriously ill. His friends are very anxious regarding the outcome of his illness.

M. Wisbrun, who was here on business, returned to Bernillo on the delayed train yesterday afternoon.

EL PASO TRAGEDY

Couple Loved Not Wisely, But Too Well.

PRETTY MEDIA TYLER WENT WRONG

Committed Suicide in an El Paso Lodging House.

SHE WAS A FORMER ALBUQUERQUE GIRL

Special to The Citizen.
El Paso, May 15.—The bodies of George M. Peterson, of Amherst, Wis., and Mrs. Media T. Fairchild, who registered from Denver, are at the morgue as a result of a murder and suicide committed at the Ramona hotel, in this city, at 3 o'clock this morning. The weapon used was a pistol, and five chambers were emptied. Two bullets buried themselves in the woman's head and two struck the man. The fifth lodged in the door.

The first known of the occurrence was when Peterson aroused Proprietor Borchering, at 3 a.m., and told him that Mrs. Fairchild had shot him and herself, and that both were dying. He was then bleeding from a wound in the cheek. He hurried back to the woman's room, and after locking the door, fired two more shots. When an entrance was effected he was dead, with a pistol clutched in his hand, and the woman was dying. Both were scantily clad.

Peterson came to the city three weeks ago, and Mrs. Fairchild about a month ago. They took separate rooms at the hotel. She was a handsome blonde and he was a good looking youth. They claimed to be old friends.

The woman's husband is T. M. Fairchild, a commercial traveler who is well and favorably known throughout the southwest, and who is now at Quanah, Texas.

Peterson belonged to a wealthy and prominent family. He had been gambling heavily since here. The woman was formerly Miss Media Tyler, the daughter of a former Albuquerque policeman, who now resides in San Bernardino, Cal.

Associated Press Account.

El Paso, Texas, May 15.—George M. Peterson, said to be the son of a former member of the legislature of Wisconsin, who is a wealthy commission merchant at Amherst, Wis., and Mrs. T. M. Fairchild, registered from Denver, was shot to death this morning in the Ramona house here. The proprietor of the hotel was aroused by Peterson, who said that he had been shot. The landlord went for assistance and while on his way to the room occupied by the couple heard three shots fired. Both were found dead with indications that Peterson did the shooting. Mrs. Fairchild's husband is a traveling salesman.

What He Was.

Milwaukee, May 15.—A Journal special from Amherst, Wis., says that George M. Peterson, who figures in the El Paso, Texas, tragedy was a single man, 23 years of age. He left here about three years ago, going to Milwaukee, where he was employed in the freight department of the Wisconsin Central railroad. Peterson left Milwaukee last fall for Denver, from which place he left for Texas. Nothing is known here of Mrs. Fairchild.

COMMERCIAL CLUB DELEGATION

Hustling Kansas City Merchants In Albuquerque This Morning.

WERE WELL PLEASED WITH CITY.

On being introduced to The Citizen representative, Keene, City secretary of the Kansas City Roofing and Cornice company, said:

"Albuquerque is the best town, up-to-date in all appearances, that I have seen en route through the great southwest, and everything, on all sides, in the city shows activity and business enterprise."

They have come and gone—those

enterprising Kansas City gentlemen.

While they were here they were busy entertaining the farmers of the Rio Grande valley that came in to meet them. Telling them this and telling them that; showing them this and showing them that, so that by the time the Kansas City gentlemen's special left the farmers were chuck full of the wonders of Kansas City, her great enterprises and her up-to-date get-there business men.

The Commercial club's special train, which left Kansas City Tuesday afternoon at 5 o'clock on the 1903 trade extension trip, which will be the biggest one in its history, reached Albuquerque this morning on schedule time, 9:30. The train consists of seven cars—four Pullmans, a dining car, a refreshment car and a baggage car. On the side of the cars were Commercial club banners proclaiming the identity of the organization, which is to advertise Kansas City and bring additional trade there. The excursionists were met at the train after it had been in several minutes by a committee from the local Commercial club. The various heads of the big Kansas City houses then saw the farmers, saw the leading merchants and took in Albuquerque. They distributed small booklets, on the front cover of which is a picture of the convention hall. Within is a list of the excursionists, classified by business, the itinerary, pictures of the Commercial club officers and views of the club's rooms in the Exchange building. Another souvenir.

(Continued on page eight.)

MILL SHED FIRE.

Particulars of the Loss Sustained by Zuni Mountain Company.

OCCURRED NEAR GUAM.

Special Correspondence.

Guam, N. M., May 13.—On the evening of the 11th, between 6 and 7 o'clock a fire started in the old mill shed of the Zuni Mountain Lumber & Trading company of Guam, at its sawmill fifteen miles south of Guam, in the Zuni mountains.

The mill had been closed down for several days previous and the machinery was being moved to the new mill shed so that very little damage was done by the destructive elements. All of the machinery which the company is putting in and which will double the present capacity was either at the new mill shed or on the road and was uninjured.

A lot of tools, belting, wagon material, saws, etc., were burned, but the large engine and boiler were not affected by the flames.

A small amount of lumber in the planer mill was scorched but the company's large stock of dry lumber in the yard was never in danger at any time.

The fire raged about twenty minutes and was then controlled and the loss and damage will not exceed \$200. The new machinery will be in place in about ten days, when the Zuni company will have a daily output of 30,000 feet.

THE THOMAS CONCERT.

A Most Enjoyable Musical Affair at Colombo Hall Last Night.

Last evening Mr. Edward F. Thomas gave a farewell concert at Colombo hall. Those present were highly entertained by a fine program, which was finely rendered. Every member received an encore.

Mr. Thomas was at his best and sang twice, being forced to respond to hearty encores. His first was a double number and the (b) part of it was "If I But Knew," by Wilson G. Smith. This he rendered in splendid style. Mr. Thomas was ably assisted by John Douglas Walker, tenor; Robert Thomas Blair, violin; J. A. Blondin, cello; John Emery McKenna, banjo; Mrs. Mabel Stevens-Himoe, piano, and by Professor Di Mauro and orchestra. Mr. Edward Grunsfeld's work as accompanist was especially commendable. Mr. Grunsfeld is a musician who elicits praise wherever heard, and regrets are frequently expressed that he does not appear before Albuquerque audiences oftener.

All of the artists did finely and those who were present enjoyed one of the best concerts ever heard in the Duke city.

Captain A. B. Fitch, of Magdalena, and C. T. Brown, of Socorro, are in the city today. Captain Fitch is the lessee and manager of the Graphic mine and mill at Magdalena. Both are well known gentlemen and are interested in mining in Socorro and Sierra counties.

EN ROUTE TO THE YOSEMITE

Roosevelt Devotes Day to California's Wonder.

BIRTHDAY OF FLORENCE NIGHTINGALE

Kentucky Wife Murderer Commits Suicide to Escape Hanging.

Raymond, Cal., May 15.—President Roosevelt got an early start this morning for the Yosemite. His special train arrived here at 9:30 o'clock. The president started for the Big Tree country on a stage. The remainder of his party also rode in stages. The president will be in the park until Monday.

Miss Nightingale's Birthday.

London, May 15.—Florence Nightingale, the famous Crimean war nurse, is being showered with congratulations today on having reached her eightieth birthday. There were a number of callers at her residence, all of whom were received and welcomed, although the health of the venerable heroine is not of the best. Queen Alexandra's congratulations, in the form of an autograph letter, were delivered to Miss Nightingale by special messenger. Dispatches couched in felicitous phrases were also received from other crowned heads of Europe and from persons of note in all parts of the world.

Miss Nightingale is now a tall woman, rather stout, with gray hair and fine, open face. Although a great sufferer, she shows little trace of it.

Murderer Commits Suicide.

Lexington, Ky., May 15.—William McCarthy, wife murderer, who was to be hanged at 8 o'clock this morning, took morphine some time during the night and died at 8:05 this morning. The death watch, A. McKeever, sat within three feet of McCarthy all night, but says he is absolutely at a loss to know how or when he took the drug.

HURRAH FOR ALBUQUERQUE.

And This Means Also the Albuquerque Daily Citizen.

COVERED ITSELF WITH GLORY.

The following self-explanatory letter, complimenting The Albuquerque Daily Citizen on its Roosevelt illustrated edition and the patriotism displayed by the people, was received the other day from H. S. Lithgow, formerly of this city:

"Wichita, Kan., May 11.—Hurrah for Albuquerque and The Daily Citizen. Your paper of May 5 received several days ago and we think the Duke City is to be congratulated upon the royal and patriotic manner in which the National executive was received."

"The Citizen as usual crowned itself with glory by the splendid write-ups given the events of the day, and the display of such good and appropriate half tones."

"Our city paper here gave a glowing associated press account of the president's visit there."

"I believe the splendid reception and the enthusiasm shown the president on his visit to the territory will be a feather in New Mexico's cap when she again knocks at the door of congress for admission into the galaxy of states."

"The mottoes and tableaux displayed were all right and to the point."

"H. S. LITHGOW."

HARRIMAN ILL.

The Railroad Magnate Said to Be Seriously Sick.

Omaha, May 15.—A local paper today says it is feared that E. H. Harriman, who passed through the city at midnight, en route to the east, is threatened with appendicitis. He was attended by Dr. Somers of the Union Pacific medical department of Omaha. The physician said Mr. Harriman was confined to his stateroom, but refused to state how serious he considered the magnate's condition.

Said to Be Miss Harriman.
New York, May 15.—At Mr. Harriman's office in this city it was said today that Harriman was not sick, but

his daughter, who was on the train with him, was ill.

Declined to Be Interviewed.

Chicago, May 15.—Mr. Harriman arrived in Chicago shortly after noon and left for New York as quickly as his special train could be switched from the Northwestern to the Lake Shore road. He declined to see reporters.

Suffering from Stomach Ache.
New York, May 15.—A business associate of E. H. Harriman said today while Mr. Harriman was ill he was not seriously so. He is suffering from stomach trouble.

CONSCIENCE TROUBLED.

Missouri Boodier Makes Confession of His Many Misdemeanors.

St. Louis, May 15.—Unable to bear the strain of mental torture which he says he has suffered since the grand jury investigation into legislative boodling was instituted, former state senator, Fred L. Busche, went before Circuit Attorney Folk this afternoon and made a complete and far reaching statement of his corrupt deals, extending over a period of eight years. Busche's declarations involve several men of prominence and he names those who have been conspicuous at the state capitol as distributors of boodle.

Arrange for Jeffries-Corbett Go.

San Francisco, May 15.—Champion Jeffries and James J. Corbett are in the city, with their respective trainers, and this evening they are expected to get together to arrange the final details for their contest in August. It is not expected that any difficulty will be encountered in agreeing on the final terms for the fight. All of the arrangements were outlined at their conference in New York some time ago, and little remains to be done.

Exposition Opens at Rheims.

Rheims, May 15.—The industrial exposition for which preparations have been making for more than a year opened here today under happy auspices. The exposition is devoted chiefly to a display of the products of this section of France, the most agricultural and industrial region of the republic. The exposition will continue until the middle of September.

French to Seek North Pole.

Paris, May 15.—The Arctic expedition under the patronage of the French Academy of Science leaves France today for Spitzbergen and thence will start for Franz Josephland. The expedition is under the direction of Dr. Jean Charcot.

THE CRESPIN CRIME

The Miera Brothers Still Believe He Was Victim of Foul Play.

WILL BE THOROUGHLY INVESTIGATED.

Hon. E. A. Miera, accompanied by his brother, Assessor V. S. Miera, came in this city from Sandoval late yesterday afternoon and returned to Sandoval early this morning. He is not satisfied with the late development of the causes of the death of his ranch foreman, Acacio Crespin, and proposes to investigate thoroughly. He believes, like the majority of the people of Sandoval, that Crespin was the victim of foul play, and that certain people at Sandoval know more about the crime than they are, at present, willing to divulge. V. S. Miera, the assessor of Sandoval county, remains in the city. He is still of the opinion that Crespin did not commit suicide, but was the victim of a foul conspiracy, and says he is working on a clue, that may yet bring to the surface some interesting facts. The body of Crespin was buried at Sandoval yesterday.

per.

TERRITORIAL CHAIRMAN.

The Las Vegas Advertiser, the lead-
ing daily newspaper of that city, has
the following timely article on the sub-
ject of chairman of the territorial re-
publican committee:

"We have recently stated that the
factional fight now on in Bernalillo
county is getting vehement and the
proof of it is in the pretension ad-
vocated by the Democrat, a so-called re-
publican sheet, published in the city
of Albuquerque. Said paper is agitat-
ing quite warmly that the Hon. F. A.
Hubbell, present chairman of the ter-
ritorial republican central committee,
be removed from the position which
he has filled for over two years. The
reasons alleged are so flimsy and fool-
ish that it can be seen at first sight
that the said sheet is only inspired by
prejudice and political animosity.

"As chairman of the territorial re-
publican central committee Mr. Hub-
bell has rendered excellent service to
the party, carrying the same twice to
overwhelming victory and conducting
each campaign in a satisfactory and ir-
reproachable manner. The republican
party has no complaint against Mr.
Hubbell; on the contrary, it is very
grateful to the said gentleman for the
zeal, efficiency and disinterestedness
with which he has served during the
period he has occupied the position of
chairman. Such record is worthy of
praise instead of reproof, for the faith-
ful servant is worthy of the credit and
reward to which he is justly entitled.
Besides, even if the contrary should
be true, the proper time to talk about
such matters is when a meeting of the
members of the territorial republican
central committee is held for the pur-
pose. At the present writing, no polit-
ical campaign is at hand nor any pub-
lic matter is in the balance for said
committee to act upon and the discus-
sion of the chairmanship at this time
amounts to nothing as far as it effects
the general political welfare. Mr. Hub-
bell is filling acceptably and satisfac-
torily the position of chairman and
there is no good reason or motive that
can be advanced for his removal, and
much less on account of a newspaper
that is jealous and prejudiced against
him and which does not represent any-
thing except its own sentiments of hos-
tility and antipathy. We are in favor
that when the proper time comes Mr.
Hubbell be selected again for the pos-
ition which he has so worthily filled,
and we believe that he will be, if he
has any aspirations in that direction.

"In any event the time is not ripe
for the discussion of such matter. The
proper time and place will be at the
meeting of the next republican terri-
torial convention and at the organiza-
tion and meeting of the territorial
committee."

The Optic and several other nonde-
script sheets exhibit a marked anxiety
to down The Citizen. Notice is here-
by given that The Citizen will be pub-
lished at the old stand as heretofore,
and that it will lead the republican

PURE BLOOD.

Proper care of the stomach will re-
sult in the making of plenty of rich,
red blood and the upbuilding of the en-
tire system. If your stomach is dis-
ordered and the blood impure take a
few doses of Hostetter's Stomach Bit-
ters. It is the best stomach medicine
and blood purifier in the world, and
will also cure Dizziness, Belching, In-
digestion, Dyspepsia and Malaria. Be
sure to try it. For sale by druggists.

HOSTETTER'S
STOMACH BITTERS

Speech of faith by President Cole of
the National company, and this is the
reason officially assigned for the
breaking off of negotiations.

SUPPRESSED THE LAW.

A Sporting Editor, With a Good Gun,
Lays Down Some Law.

A telegram from Dalhart, the boom
Texas town on the Rock Island, says:
"This morning George F. Kornegay,
editor and proprietor of the Dalhart
Sun, shot and killed W. T. Keith, an
attorney of this place. Just before
the shooting occurred Kornegay and
Keith were seen in a heated argument
in front of James Kain's saloon, on
Denrock avenue, next door to the de-
ceased's office, and Keith was seen to
go into his office hastily and at this
junction Kornegay stepped to the door
of Keith's office and fired two shots,
one of which struck the attorney in
the side and passed through his body,
the other grazed his neck and cut
through his collar and neckwear, clip-
ping the top of his collar button. The
shot in the side proved fatal, Keith dy-
ing a few minutes after the shot was
fired, but before he fell he pursued
Kornegay, who took flight after the
second shot and fired one shot, but
missed.

The affair was caused by the follow-
ing item, which appeared in the Dal-
hart Sun May 9:

"Attorney Keith was arrested Thurs-
day and placed under bond to appear
before the justice court on Monday,
the 11th. He is charged with carry-
ing a pistol and disturbing the peace."

Too Great a Risk.

In almost every neighborhood some-
one has died from an attack of colic
or cholera morbus, often medicine
could be procured or a physician sum-
moned. A reliable remedy for these
diseases should be kept at hand. The
risk is too great for anyone to take.
Chamberlain's Colic, Cholera and
Diarrhoea Remedy has undoubtedly
saved more pain and suffering than
any other medicine in use. It can al-
ways be depended upon. For sale by
all druggists.

MICHIGAN MONEY IN ARIZONA.

It is Developing Large Mines in the
Warren District.

A correspondent of the Denver News
writing from Phoenix, Ariz., says:
The tide of capital from Lake Su-
perior regions seeking investment in
the Warren district of Cochise county
is increasing in volume, and a region
which two or three years ago was re-
garded as replete with wildcat ven-
tures is rapidly assuming, under Mich-
igan influence, an importance which
promises in time to outlive the lake
region itself.

Bisbee constantly entertains prob-
ably a score of Michigan capitalists and
corporation agents who are on the
market for copper prospects, and min-
ing sales of considerable consequence
have ceased to attract attention be-
cause of their frequency. The Copper
Queen, controlled by Phelps, Dodge &
Co. of New York, has long been known
for its heavy production of the red
metal and its distinction of being one
of the few great copper producers of
this territory, but the exploratory and
development wave which has literally

THE FIRSTBORN.

Why is it that the firstborn child is so
often the healthiest of a family of chil-
dren? The reason seems to suggest it-
self. As child follows child the mother
has less and less vitality; often not
enough for herself and none, therefore,
for her child.

Expectant mothers who use Doctor
Pierce's Favorite Prescription find that it
keeps them in vigor-
ous health. They eat
well, sleep well and
are not nervous.
When baby comes its
advent is practically
painless, and the
mother is made hap-
py by the birth of a
healthy child. If you
would be a healthy
mother of healthy
children use "Favor-
ite Prescription."

"I will be very glad to
say a few words for Dr.
Pierce's Favorite Prescrip-
tion," writes Mrs. P. S.
Douglas, of Mansfield,
Brome Co., Quebec. "Dur-
ing the first four months
when I looked forward to
becoming a mother, I suf-
fered very much from nau-
sea and vomiting, and I
felt so terribly sick I could
scarcely eat or drink any-
thing. I had all kinds
of food. At this time I
wrote to Dr. Pierce, and he told me to get his
"Favorite Prescription" and a bottle of "Golden
Medical Discovery." I got a bottle of each, and
when I had taken them a few days, I felt much
better, and when I had taken hardly three parts
of each bottle I felt well and could eat as well as
any one, and could do my work without any
trouble (it could not do anything before). I feel
very thankful to Dr. Pierce for his medicine,
and I tell all who tell me they are sick, to get
these medicines, or write to Dr. Pierce."

Those who suffer from chronic dis-
eases are invited to consult Dr. Pierce,
by letter, free. All correspondence
strictly private. Address Dr. R. V.
Pierce, Buffalo, N. Y.
Dr. Pierce's Pleasant Pellets cure bil-
iousness and sick headache.

overcome Bisbee and surrounding
camps during the past two years has
resulted in the opening of so many
vast copper deposits that the Copper
Queen shortly can be regarded as only
one of a number of big copper produc-
ers whose combined production will
place the Warren district in the front
rank of the world's copper sources.

The latest enterprise of importance
has been fostered by a syndicate of
Michigan men who will form the Quin-
cy and Arizona Development company.
These men have purchased at a cost
of \$140,000 the Ivanhoe group, located
between the Calumet and Arizona and
the Portage Lake properties.

Made Young Again.

"One of Dr. King's New Life Pills
each night for two weeks has put me
in my 'teens' again," writes D. H. Tur-
ner of Dampscottown, Pa. They're the
best in the world for liver, stomach
and bowels. Purely vegetable. Never
gripe. Only 25c at all druggists.

OFFICIAL MATTERS.

Page B. Otero, territorial fish and
game warden, has officially announced
the appointment of the following depu-
ties: Thomas McMillin, J. E. Haines,
R. H. Greenleaf, all of Albuquerque,
of Bernalillo county.

Territorial Funds.
The following collections have been
received by Territorial Treasurer J.
H. Vaughn: Taxes for 1902 for Mora
county, \$67.16, Rumaldo Roybal, treas-
urer; taxes for 1902 for McKinley
county, \$456.52, John C. Spears, treas-
urer; taxes for 1902 for Colfax county,
\$268.44, George G. Page, treasurer.

Officers Appointed.
Governor Otero appointed the fol-
lowing graduates of the New Mexico
Military Institute at Roswell as mem-
bers of the National Guard of New
Mexico with the rank of second lieu-
tenant to begin service at such time as
there is a vacancy of their rank in the
company stationed in the county of
which they are residents: Bradley
Morris Thomas, Santa Fe county; Bru-
no Totzek, Chaves county.

Cures When Doctors Fail.

Mrs. Frank Chlason, Patterson, La.,
writes June 8th, 1901: "I had malaria
fever in very bad form, was under
treatment by doctors, but as soon as I
stopped taking their medicine the
fever would return. I used a sample
bottle of Herbine, found it helped me.
Then bought two bottles, which com-
pletely cured me. I feel grateful to you
for furnishing such a splendid med-
icine, and can honestly recommend
it to those suffering from malaria, as
it will surely cure them." Herbine,
60c at J. H. O'Reilly & Co.

Railroad Topics

H. McCreary, auditor of the Harvey news service, was a passenger from the west last night.

The Florida railroad commission has ordered the Atlantic coast lines to reduce its passenger rates in the state to three cents a mile after May 1.

Those Australian railway men offer a curious instance of government employment going on a strike. A similar situation recently existed in Belgium.

There is a great demand among school children for railroad folders having late and complete maps of different parts of the American continent.

The Santa Fe company is having a new passenger and freight depot constructed at San Marcial, to take the place of the one recently burned at that point.

Hereafter railroad men are not to be arrested in connection with wrecks in Mexico, unless it is clearly shown they are to blame, and in that case they must be admitted to bail.

John Frail, for fifty-three years in the employ of the Pennsylvania, and believed to be the oldest pensioner on the Fort Wayne-Crestline division, died last week, aged 87 years.

The mileage of the Rock Island system is 7,228, with 1,024 miles under construction. The mileage of the Frisco system is about 3,200 miles, making a total of about 10,500 miles in the new combination.

Colorado will very likely be the favorite spot for the proposed national home for trainmen, to be erected by the Brotherhood of Railway Trainmen. Denver has offered a plot of forty acres for the home.

It is the opinion of western railroad men if stop-over privileges are granted they will have to be made applicable to all forms of tickets in order to escape the charge of discrimination under the Elkins law.

Mr. Joseph Pomerville, of Stillwater, Minn., after having spent over \$2,000 with the best doctors for stomach trouble, without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. If troubled with indigestion, bad taste in the mouth, lack of appetite or constipation, give these Tablets on trial, and you are certain to be more than pleased with the result. For sale at 25 cents per box at all druggists.

The Baltimore & Ohio railroad has secured 50,000 square feet of space in the transportation building at the world's fair, St. Louis, and will make an extensive exhibit showing the evolution and development of the world's railways.

Foley's Honey and Tar is peculiarly adapted for asthma, bronchitis and hoarseness. Alvarado Pharmacy.

On the Denver & Rio Grande a special train made the run from Alamosa to Pueblo, via La Veta pass, one of the most difficult pieces of railroad travel in the state, at the rate of forty-one miles an hour, considered record time.

A. A. Herren, of Finch, Ark., writes, "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." Alvarado Pharmacy.

The Rock Island system now has a project for installing telephones at all the agency stations along its lines and to put what is known as a pocket telephone on each train in order that in case of wrecks the dispatcher can be notified immediately.

Two million Americans suffer the torturing pains of dyspepsia. No need to. Burdock Blood Bitters cures. At any drug store.

NET EARNINGS INCREASE.

Railroads of the Country Continue Their Wonderful Record.

Reports of railroad earnings continue to show liberal increases in both gross and net and are largely responsible for the feeling of moderate bullishness on the stock market. The aggregate showing for March of sixty-nine roads that have made reports is considered remarkable. The total gross earnings reported by those roads amounted to \$79,410,000, as compared with \$67,301,000 in the corresponding month of 1902, an increase of \$12,109,000, or about 18 per cent.

Operating expenses did not increase in the same ratio, and as a result the percentage of net gain was somewhat larger than the gain in gross. The net earnings of these sixty-nine roads for March were reported at \$26,805,000, as against \$22,264,000 in the corresponding month last year, the increase being \$4,541,000, or a shade more than 20 per cent.

Taking the earnings of all the roads in the aggregate, March was the best month of the fiscal year. Up to March the sixty-nine roads under consideration showed a decrease in net as compared with the same period last year. With the March earnings included, however, the figures for nine months of the fiscal year beginning last July show an increase of something more than \$4,000,000. The gross of these sixty-nine roads in nine months was \$659,674,000, an increase of \$45,387,000, or about 7.5 per cent. The net for the period was \$222,755,000, as against \$218,690,000 last year, the increase be-

ing \$4,064,000, or 1.85 per cent.

Reports received thus far for April have been almost uniformly good. Several of the largest roads have shown very large gains in gross in their preliminary figures, and it is expected that a fair portion of this increase will be saved for the net earnings.

A Lesson in Health.

Healthy kidneys filter the impurities from the blood, and unless they do good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder diseases. It strengthens the whole system. Alvarado Pharmacy.

Another Road for Arizona.

President F. M. Murphy of the Santa Fe, Prescott & Phoenix and the Phoenix & Eastern railroads, stated that the extension of the former line west from Congress to the Colorado river is one of the things practically decided on, says a dispatch from Phoenix. Numerous surveys have been made, he said, and it is probable that construction work will begin this fall. Track laying is now in progress on the Phoenix & Eastern in the vicinity of Mesa City.

Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. G. G. Green, Woodbury, N. J. J. H. O'Reilly & Co.

Conductor Becomes Capitalist.

Dick Brown, a passenger conductor on the El Paso & Southwestern, has caught onto the tide of fortune which of late has wafted so many enterprising citizens around Bisbee to wealth. Some time ago he staked out a small claim in the wonderful Bisbee copper district. The claim, with a little development, revealed a promising ore body and the lucky conductor sold an interest in it for \$35,000 cash. He did not stop with that, however, but went on to Boston a few days ago, where he stocked a company and sold \$80,000 worth of stock. He is now being congratulated by his many friends upon his rapid rise from conductor to capitalist.

KENDRICK DID IT.

He Authorized the Strict Enforcement of Anti-Saloon Rule.

Speaking of the recent Dodge City affair, the Chicago Record-Herald says: Six men employed in the train service of the Santa Fe on the Kansas division have been discharged for frequenting saloons. The employees were engineers and conductors. The dismissal of the men, all of whom had been in the employ of the Santa Fe for some years, was due to a determination by Third Vice President Kendrick to strictly enforce the rule against frequenting saloons and against the use of intoxicating liquors.

It is not claimed that any of the discharged men were drunk or that they were to be classed as "boozers," but the officials of the company believe the standard of train service will be raised if the rule is enforced to the letter. Together with other railroads the Santa Fe's rule book, which every man in the train service is supposed to know by heart, makes frequenting

LAZY COFFEE.

Another Name for the "Sloppy" Sort. Postum Coffee is not made like ordinary coffee for it takes at least twenty-five minutes' cooking to bring out the heavy food value of Postum. It requires some effort for those things which are really worth while—making Postum requires a little care.

The grocer is in a position to hear of those lazy ones who will not take the trouble to make Postum correctly. "I am well acquainted indeed with Postum," says a grocer of Camden, N. J., "for I meet it not only at my breakfast table, but I am also associated with it daily in my business."

"Coffee drinking used to affect my nerves and stomach but since we have been using Postum in our family in place of coffee the bloated feeling after eating has disappeared and my head is now clear and stomach and nerves all right. We all feel better in every way and find Postum just as satisfactory to our palates."

"I have met customers who complained that Postum was not good, but we always found this due to the fact that they tried to make it as they used to make coffee. Of course we set them right by pointing out the reasons, telling them they must boil Postum fifteen or twenty minutes after boiling commences, then they get fine, choice and delicious Postum." Name furnished by Postum Co., Battle Creek, Mich.

Growing Old Gracefully
—and Healthfully
The infirmities of old age are successfully combated by the use of
ANHEUSER-BUSCH'S
Malt-Nutrine
—The Food-Drink.

Its tonic properties are invaluable to those who are weak—nursing mothers, little children and the aged.

All druggists sell it. Prepared by the

Anheuser-Busch Brewing Ass'n
St. Louis, U. S. A.

Orders promptly filled by
C. W. KUNZ, Wholesale Dealer, Albuquerque.

saloons, not to mention drinking, a cause for instant dismissal. Some roads are lax in enforcing the rule, while others claim to rigidly observe it. It is generally recognized by all railway managements that engineers and trainmen who frequent saloons are less capable of discharging their duties than those who keep away from the "joints."

Quick Arrest.

J. A. Gullidge of Verbena, Ala., was twice in the hospital from a severe case of piles causing twenty-four tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at all druggists.

Engine Goes Deer Hunting.

A big buck deer, in full possession of all the speed with which nature endowed him, was run down and killed early Monday morning by a fast freight train on the Rio Grande, two miles east of Parkdale. Engineer E. Z. Roach was in charge of the locomotive, and was allowing the train to make fast time down the grade in the direction of Pueblo, near the Royal Gorge, when the deer suddenly made his appearance on the track ahead, and before the bewildered animal could escape, the engine bumped into it and hurled it into the Arkansas river beside the railroad. The engineers would have very much liked to get possession of their unexpected game, but they were in a hurry and did not like to stop the train.

Traveling Is Dangerous.

Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much, suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. E. Hausan, locomotive engineer, Lima, Ohio, writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." Alvarado Pharmacy.

What is said to be the largest locomotive ever built, and with a capacity for hauling a train a mile and a half long on a level track, was recently turned out of the Schenectady shops of the American Locomotive company. It is seventy feet long, and will haul trains over the Rocky mountains.

World Wide Reputation.

White's Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influences on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to health, vigor and elasticity of spirits natural to childhood. 25c at J. H. O'Reilly & Co.

WERE HOODOOED.

A Santa Fe Train Crew Says that the No. 13 is a Jonah.

There is a train crew on the Santa Fe in freight service between Newton and Dodge, that say thirteen is a "Jonah" to them. The crew have, it seems, been playing in hard luck for a time and attribute the cause to the following conditions. The fuse rack and torpedo case in the car just held thirteen of each, the way car No. 39 is just three times thirteen. When this condition of circumstances was noticed the crew proceeded to lessen the stick of fuses and torpedoes and the car now carries only a dozen of each.—Newton Republican.

SANTA FE LEADS.

Has More Oklahoma Mileage Than Any Other Road.

The report of the Oklahoma territorial board of railroad assessors shows a total mileage including grading and completion of roads to be 2,539.62 miles, classed as follows: Atchison, Topeka & Santa Fe main lines, 696.45, side track, 74.66, total, 681.11; Chicago, Rock Island & Pacific, main lines 519.19, side tracks 71.49, total 590.67; St. Louis & San Francisco, main lines 407.50, side tracks 44.13, total 451.63; Choctaw, Oklahoma & Western, main lines 436.61, side tracks 59.73, total 496.34; Denver, Elgin & Gulf, main lines completed 26.85, side tracks 2.86, grader 27.69; Missouri,

Kansas & Oklahoma, graded, 121.42; Kansas City, Mexico & Orient, main lines completed 14.47, side tracks 49, graded 88.58. Total completed lines, 2,292.93 miles. Graded lines, 237.67. Grand total, 2,530.62. The valuation of the roads by the board will be announced June 15.

A Revelation.

If you will make inquiry it will be a revelation to you how many succumb to kidney troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. Alvarado Pharmacy.

Isaac Hooker, the young son of Brakeman Hooker of Las Vegas, was seriously injured while playing with a bottle of powder. He lighted a piece of cloth intended as a fuse, and it exploded before he expected it, badly cutting one eye and burning the other.

Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil—Monarch over pain.

The Santa Fe railway is buying land at Argentine, Kan. Tuesday five acres were purchased of August Boeke, the price paid being \$850 an acre. A deed for twelve additional acres will probably be closed. This land lies north of the company's yard in Argentine and is to be used for switch tracks.

Coughs and colds, down to the very borderland of consumption, yield to the soothing, healing influences of Dr. Wood's Norway Pine Syrup.

Promoters of a road run from Durango, Colo., south to connect with the Southern Pacific and the Santa Fe say they are now sure of getting the necessary capital, and construction is likely to begin this year. It will afford access for traffic to copper camps in Arizona that are consuming 250,000 tons of coal at \$16 a ton.

You never heard of any one using Foley's Honey and Tar and not being satisfied. Alvarado Pharmacy.

The Topeka State Journal says: Samuel Larimer, traveling passenger agent for the Santa Fe, has just returned from one of his regular trips to Oklahoma. While here the last time Mr. Larimer heard one of the concerts given by the Coronado Tent City band. He says that the band is very fine and that it is attracting a great deal of attention in that vicinity.

Fifteen years ago the late Charles P. Clark, as president of the New Haven, foresaw the freight congestion with which railroads have rested during the last year, and persuaded the directors to authorize an expenditure of \$1,000,000 to put the road in first class shape for emergencies. Hence the ease with which it has been handling an immense volume of business.

Foley's honey and tar contains no opiates and can safely be given to children. Alvarado Pharmacy.

At the fourteenth annual meeting of the Association of Railway Claim Agents, to be held in Niagara Falls on June 3, 4 and 5, several unique topics are to be discussed. First on the list is this: "Can a number of railroad companies lawfully combine to create and operate a bureau whose purpose shall be, among other things, to secure from and furnish, solicited or unsolicited, to each road a record of the services of such employees as have been discharged or have left the service under circumstances making their continuance in railroad service objectionable or undesirable, and how can such a bureau be organized and managed to produce the best results?"

GREATLY ALARMED.

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the twenty-five-cent size, was permanently cured." Sold by all druggists.

Queen Quality

SURE TO FIT

The privilege of choice from a lot of styles is equal to an extra ten per cent of value. All stores agree on this.

Do you realize that the "Queen Quality" shoe **ORIGINATES NEARLY ALL THE STYLES** of shoes worn by women?

"Queen Quality" is made in every possible style from original designs. In each style there is every size and shape for every kind of foot. We carry all this stock. It is practically impossible to produce a need for which there is not a "Queen Quality" shoe already designed and in our store today. And **THEY ARE ORIGINAL DESIGNS**

found on no other shoe unless they are copied. It is equally impossible to produce a normal foot which we cannot accurately fit in this shoe. This is not true of other makes of women's shoes. With any other shoe you may or may not be fitted; but with "Queen Quality" you have nearly twice as many styles and far greater differentiation in size and shape. If you want a "glove" fit in shoes you can get it only in "Queen Quality"—remember that.

BOOTS, \$3.00. OXFORDS, \$2.50.
Special Styles 50c extra.
Fast color eyelets. Do not wear brassy.

Golden Rule Dry Goods Company

Local Happenings

Read The Citizen.

The Citizen is the newest paper published in the southwest.

Miss Mable Green, who was here on a visit to friends, has returned to Mountalnair, Valencia county.

If you have any news that we do not get, favor us by dropping in and letting us know of it. We are always glad to publish the news. That is what the people want, and we want to give it to them.

The weekly crop bulletin of the territorial weather bureau will be found in today's issue of The Citizen. It contains information and data of great interest to farmers, horticulturalists, sheep raisers and cattle growers.

Page B. Otero, the territorial fish and game warden, has returned to the capital. On reaching Santa Fe he gave out officially the appointments of deputy game wardens for this district. See official note published elsewhere.

Col. E. C. Manning, one of the original builders of Mountalnair, out in Valencia county, is happy these days. The better half of his household has arrived from Topeka, and will help the colonel make a thriving town out of Mountalnair.

If you have a house to rent, or want to rent a house; if you have anything to sell or want to buy anything, you can reach every inhabitant in this section through the want column of The Citizen. Such advertisements cost only 1 cent a word; minimum charge, 15 cents per insertion.

The Weekly Citizen appears every Saturday. It contains the most reliable and latest territorial, mining, educational, stock raising, railroad, social and political news of the week from all points of the territory. It is an excellent paper to send to friends in the east. Price, 5 cents per copy; \$2 per year.

R. L. McCance, assistant treasurer and auditor of the Pennsylvania Development company, and P. F. Knight, superintendent of telegraph of the Santa Fe Central railway, drove to Kennedy, from which place Mr. McClure will return to Santa Fe. Mr. Knight will continue to Antelope Springs. The trip is being made overland and on company business.

A few Sundays ago, the good people of Mountalnair, Valencia county, got together and organized a Sunday school. John W. Corbett was elected superintendent; Mrs. George W. Hanlon, assistant superintendent, and Mrs. M. L. Corbett, secretary and treasurer. Sunday school meetings are held every Sunday afternoon at the home of Mr. and Mrs. W. R. Green.

The Rt. Rev. J. B. Pitaval, auxiliary bishop of the Santa Fe archdiocese of the Roman Catholic church, will return Sunday to Santa Fe from a confirmation tour which has lasted about four weeks. He has visited this city, Bernillo and other points, and while here greeted President Roosevelt, welcoming him to the territory on behalf of the Roman Catholics of the territory.

The following quotation by Senator Davis relating to the newspaper and its town is in general true, but the figures given by the senator are very low and would apply to weekly rather than daily papers. The Citizen, estimating conservatively, gives several hundred dollars yearly free for the benefit of Albuquerque, its enterprises, churches, lodges, societies. "Every year," says Senator Davis, of Illinois, "every local paper gives from 500 to 5,000 free lines for the benefit of the community in which it is located. No other agency do or will do this. The editor in proportion to his means does more for his own town than any other

man. A local paper is the best investment a community can make."

Everything in the news line can be found in the columns of The Citizen.

The body of Pastor Maxfield will be shipped this evening to St. Joseph, Mo., for burial.

Ed B. Harsch, of the Harsch Bottling works, was a passenger for Gallup last night on business.

H. S. Knight is now in the employ of the Southwestern Brewery and Ice company as collector and solicitor.

Amado Chaves, a well known gentleman, of Santa Fe, is here on some legal matters with Attorney A. B. McMillen.

Richard Lewis passed through the city yesterday for Durango, Colo. Mr. Lewis is from Liberty, N. Y., but he spent the winter in El Paso.

There will be a regular meeting of Adah Chapter No. 5, O. E. S., this evening, May 15, at 7:30. By order of worthy matron, Laura Fluke, secretary.

Last night, at the meeting of the Eagles, Fred B. McKeehan was initiated, and they say that he rode the back of the bald headed bird in the finest style.

T. H. Roe, a brother of Charles Roe, is here from Denver. Both gentlemen are connected with the Singer Sewing Machine company in the southwestern country.

Architect La Driere is pushing work on the handsome new Barnett building, and hopes to have everything ready to be turned over to Mr. Barnett in a very short time.

A car of fast blooded horses went through here last night from California to Denver. There was several fast ones in the bunch.

C. H. Elmendorf, of the American Valley Cattle company, Socorro county, was here yesterday from Santa Fe, going south last night.

O. W. Strong arrived this morning from Los Angeles, Cal. His many friends are glad to see him again after a three months' absence.

The University Choral society will meet this evening for rehearsal at the public library building at 8:30. All members are urgently requested to attend.

Wednesday evening, Mrs. Ten Eyck, wife of the popular yard foreman, entertained a number of her lady friends at her residence, No. 607 West Silver avenue.

Mrs. D. A. Macpherson has as her guest Miss Minnane McDonald, a cousin, who arrived this morning from California. The lady's home is Pueblo, Colo.

R. W. Ripley, son of President Ripley, of the Santa Fe system, and wife, who have been spending a few days at the Alvarado, left last evening on No. 8 for Chicago.

S. E. Busser, in charge of the reading rooms on the Santa Fe system of roads, and Miss Alma Busser, are in the city today, coming in from the west this morning.

Regular services will be held at Temple Albert this evening at 7:45 p. m. Rabbi Jacob H. Kaplan will lecture on the popular phrase "I Am Not Religious, But—Etc." The public is welcome.

Many friends of the African Methodist Episcopal church enjoyed a good supper last night given by Mrs. Henry Bramlette and other members of the church in the vacant store room of the Armijo building, on West Railroad avenue. The meal was just as good, if not better, than could be obtained at any of the restaurants, and quite a nice sum of money was realized, which will go into the church treasury to

help pay off a debt now standing against that congregation.

A full attendance is requested at the rehearsal of "The Dress Rehearsal" to-night at the home of Mrs. B. S. Roday, as Park hall is rented for this evening.

Henry Hakan, of Omaha, Neb., arrived the other day and has accepted a position at the Yanow pawnbroker's office on South Second street. The young man is a nephew of the proprietor and will remain here indefinitely.

The ranks of the local Salvation Army will be somewhat reduced when the corps appear on the street tonight. Lieutenant Colonel Bringle and Ensign Mable, who were here the past few days, left last night for El Paso, where they will help to sing some of the sinners of that wicked city into the kingdom of heaven.

Delegate L. S. Roday intends to do some missionary work for statehood, regardless of the fact that congress took an adjournment until the coming December. The delegate left for Washington on the delayed east bound passenger train yesterday afternoon, and will see the senators now at the national capital.

The Albuquerque Aerie, Order of Eagles, held a business meeting in Knights of Pythias hall last evening. They are making arrangements for a special car which will carry the delegates from the southwest to the meeting of the Grand Aerie in New York City next fall. A banquet followed the business session.

F. A. Colburn and his sister-in-law, Mrs. Bartlett, arrived last night from Cripple Creek, Colo., and today both are busily engaged in measuring the west room of the Barnett building on Railroad avenue, which will be occupied by Mr. Colburn as a stationery store. Architect La Driere this morning assured Mr. Colburn that the room will be ready for him, all complete, by Monday next. That being the case, the gentleman hopes to be ready for business by Saturday of next week. The Citizen is pleased to welcome Mr. Colburn to the business circles of this city.

SATURDAY'S SPECIAL SALE.

Hall & Learned.

There is such a thing as a piano bargain. We have decided to sell all our used and traded in pianos at figures that justify us in advertising piano bargains. Call and investigate.

Don't forget the date, May 22, "The Dress Rehearsal."

Two car loads of pianos sold in four months by Hall & Learned, the largest southwestern house.

Don't Miss This Event.

When Adam in the garden stood With lovely Eve beside him, Nothing was found too rich or good To give, and might denied him; But now, 'tis only once awhile We get that treat, or catch a smile; Trouble is ever lagging near To give as cause for many a tear.

To offset these, the only way Will be to go the last of May To a certain place made neat and fair—

Colombo hall—where woe and care May for an hour their nagging cease And you enjoy delightful peace. It is not, either, very far To walk, or ride on motor car; So get a ticket, do not wait, The merriment begins at eight. Forget your cares and be as gay As any bird, the last of May, To chase the blues and give them wing.

The "Dress Rehearsal" is the thing.

WANTED—Clean cotton rags for machine purposes at The Citizen office. Price 4 cents per pound.

SPANISH WAR VETERANS.

Ordered to Properly Observe Memorial Day.

Headquarters Department Arizona-New Mexico Spanish-American War Veterans—Phoenix, Ariz., May 12, 1903.

General Orders No. 3:
All camps within the department of Arizona-New Mexico Spanish-American War Veterans, are hereby directed to make proper observance of Memorial day.

The day should not be one of indiscriminate decoration of the graves of relatives or friends. It should be made sacred to the memory of only those who fought for their country and who are now at rest.

Short as was the war with Spain and in the Philippines, there yet are scores of graves in the southwest tenanted by all that is mortal of men who gave their lives to the nation. The flowers of remembrance should be strewn above them and the Stars and Stripes should mark their resting place and every mark of respect should be shown by their comrades who survive.

It is recommended that camp commanders confer with the commanders of the local Grand Army posts and that every possible courtesy be extended the veterans of the civil war.

By order of:

JAS. H. MCCLINTOCK,
Commanding Department.
JOHN W. CRENSHAW,
Asst. Adjutant General.

All members of Frank Booth camp, and all others who served during the Spanish-American war, whether members of said camp or not, are requested to meet at Col. John Borradaile's store on West Gold avenue, at 7:30 p. m., Wednesday, May 20.

H. H. WYNKOOP,
Commander Booth Camp.

Dress Rehearsal Notes.

In one of the most striking scenes of "A Dress Rehearsal" between the prince and Cinderella, Miss Ada Campbell, the charming young vocalist, will sing the beautiful solo entitled "For This," by Nevlin.

Professor J. D. Walker will sing in his usual masterly manner "The Holy City" appropriately and touchingly illustrated by tableaux.

Mrs. Ira B. Bennett has kindly consented to sing a solo from Sousa's "The Bride Elect." This alone is worth the price of admission.

As Cinderella sits dozing among the cinders, an eloquent tableau will be presented at the back of the stage, while Mrs. Ross Merritt sings with charming effect the song from the Bohemian Girl, so well known and so much admired, "I Dreamt That I Dwelt in Marble Halls."

MENAU MISSION SCHOOL.

A Few Interesting Facts About School and Church.

PRESBYTERIANS ARE COMING.

Situated about two miles north of the city is the Manual Mission School named after the late Rev. James A. Manual who built in the early days the present Presbyterian church building. The school was started by the Presbyterian Board of Home Missions in 1881 as an Indian School. It was then located about a mile north of the old town. In 1884 the school was moved to the present site of the United States Indian school. The people of Albuquerque bought that land and the government erected two buildings which the Presbyterian school occupied under contract for two years. In 1886 the government decided to conduct a school entirely under the control of the Indian office. The citizens of Albuquerque then subscribed \$2500 and the 200 acres of land where the new school is on the east of the government school, were bought and some of the present buildings erected. The school was conducted as an Indian school after that for about four years when it was closed. Later it was opened as an industrial training school for Mexican boys and has been in operation ever since. There has not been room for half the applicants.

Last year one hundred and seventy-five applicants were turned away because of lack of room. This fact was not noted by Senator Beveridge or perhaps he would not have been so eager to accuse the Mexican people of a disinclination to learn English. The school is not conducted wholly as a charitable institution. The idea of the managers of the school is that the boys will appreciate better what they have to pay for. The parents of the boys when able are required to pay a small sum monthly for the support of the boy while at school and also to supply all the clothing. If the parents are too poor to pay anything or if the boy applying for schooling has no one who is legally liable for his support, he is expected to earn enough to place him on a footing with the other boys. He is given work about the school and during the vacations. While of course all the expenses of the school are not met by this source of revenue, still the gross sum that the people are willing to pay for the education of their children amounts to a considerable sum during the year.

The church found some years ago that it was necessary to have a training school for evangelists to train among the native people. Dr. Thompson who had been for years engaged in evangelistic work in Mexico was called and a theological department was added to the Manual School. During the past year about a dozen young men, Mexicans and Indians, have been studying to prepare themselves to preach the gospel to their people. One Indian young man comes from the Ute Indians of Colorado and is the son of that well known Ute warrior, "Buckskin Charlie."

Last year the Mission Board decided that the facilities of the school must be enlarged to accommodate more boys. Rev. R. M. Craig was called to the east and spent several weeks in and about New York, speaking in Presbyterian churches of the needs of the Manual School. He met with a very cordial welcome. The purposes of the school commended themselves to the people and they gladly contributed of their means for the extension of the work. Over \$7,500.00 was raised for the purpose of constructing a substantial brick dormitory to accommodate at least seventy more boys. Mr. E. B. Cristy, the architect of this city, has prepared plans for the new building and as soon as they are approved by the officers of the Board in New York, bids will be invited for its construction. It is the purpose of the Board to have the building ready for occupancy by the opening of the fall term.

In addition to this the Board will soon as they have the means establish on the same land an industrial school.

The X-Rays.

Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that catarrh of the stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How can I cure my indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure catarrh of the stomach. Kodol digests what you eat—makes the stomach sweet. Sold by B. H. Briggs & Co., S. Vann & Son.

for Mexican girls, to be conducted on the same plan which has proven so successful with their Allison School in Santa Fe. This will mean an expenditure of at least \$15,000.00.

The citizens of Albuquerque can see that their help in the purchase of the land, was a very good investment and the future of the school is bright in its promise of helpfulness to the Mexicans and Indians of our territory.

Some of the largest contributions to the work, are members of the party of delegates to the General Assembly of the Presbyterian church to be held next week in Los Angeles, who will spend next Sunday in our city. Some of the most noted pulpits orators in the church will be here and will occupy all the pulpits of the city both morning and evening. It would be well to give them a cordial welcome by the city turning out in force and filling the churches and Perkins hall, at both services.

In the afternoon the whole party including ministers, lay delegates with their wives and families will be taken out to visit the Government Indian School and the Manual Mission School, in the conveyances of the citizens of this city. The party will start at 2 p. m. from the Alvarado hotel and as there may be hundreds in the party, it will take a large number of conveyances, but our people are hospitable and will furnish them.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "A patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver trouble so I prescribed them. The patient gained from the first, and has not had an attack in fourteen months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only see at all druggists.

Indian School Notes.

Superintendent Wright of the Albuquerque Indian school left last evening for Rocky Ford, Col., where he will spend several days consulting the management of the big beet sugar concern. His object is to make arrangements for a number of Indian boys, who have been graduated, to enter the employ of the company.

Mr. Morrison, a full-blooded and intelligent young Indian from Cheyenne—Apache agency at Darlington, Okla., will arrive this week in Albuquerque. He is to succeed Miss Brish as clerk to Superintendent Wright of the Indian school. He is said to be an expert at stenographic work.

The Best Liniment.

"I have derived great benefit from the use of Chamberlain's Pain Balm for rheumatism and lumbago," says Mrs. Anna Hagelans, of Tuckahoe, N. J. "My husband used it for a sprained back and was also quickly relieved. In fact it is the best family balmment I have ever used. I would not be without it. I have recommended it to many and they always speak very highly of it and declare its merits are wonderful." For sale by all druggists.

Poking Fun at Pancoast.

Not so long ago a clever young writer was employed as traveling correspondent of the Democrat. To his first articles no name was appended. Then growing bolder, the young man signed the initials C. L. P. Finding that his work was receiving appreciation, the name C. L. Pancoast appeared. Various New Mexicans said nice things and the result was Chalmers L. Pancoast. The last article is signed Chalmers Lowell Pancoast. Further developments are awaited with interest.

His last article was dated from Deming and was signed Chalmers L. Pancoast, the cruel lino-type operator instead of signing the name in caps, put it in small type—lower case. It is thought here, by Pancoast's friends, that the bump will be considerably enlarged and he will sign his next article C. Lowell Pancoast—parting his name square in the middle.

For Those Who Live On Farms.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. It is a dandy for burns." Those who live on farms are especially liable to many accidental cuts, burns and bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency. 25c, 50c and \$1.00 at J. H. O'Reilly & Co.

ABOUT TREES.

Bulletin on Shade Trees and Other Ornamentals.

OF GENERAL INTEREST.

The New Mexico College of Agriculture and Mechanic Arts and Experiment Station, Mesilla Park, has just issued the following bulletin:

A bulletin is soon to be published, which treats of shade trees, evergreens, shrubs and perennial vines that have been tried at the Experiment Station. Most of the trees, evergreens, etc., tried have done well, but there are a few, however, that have proven to be of no value for planting here.

In this connection, it may be in place to call attention to the need of planting more shade trees and other ornamentals in the home grounds and along drives. Generally speaking there seems to be little interest taken in this important branch of horticulture. It is true that oftentimes the conditions for the growing of ornamentals are not at all favorable on account of the lack of water for irrigation or poor soil conditions. Sometimes the selections of unsuited kinds is the cause of failure. By the proper selection of kinds adapted to our conditions and a constant care in establishing the specimens planted, the home grounds can be made more attractive. There are a number of trees, shrubs, etc., that are perfectly hardy and with proper care will grow well. It is better to plant a tree that is known to be adapted to a given climate, although defective in some respects, than to try to grow one that is not adapted to the region, no matter how well it may succeed, in other sections. Then plant specimens of those species that are now known to do well in New Mexico.

The need of information on the above subject has been constantly realized in the past but it is hoped that the bulletin in question, while not complete, will be some value to the person intending to plant his home grounds with ornamentals. The list of trees, shrubs, etc., while not large as compared with the number that may be helpful in the selection of kinds. Of the different kinds tried, the following, in the order named, are among the best for general purpose trees, especially if water for irrigation is scarce:

Black Locust, Russian Mulberry, Boxelder, China Berry tree, Elm and Ash. The common pear and apricot seedlings make very good shade trees. Both of these trees are very hardy and long lived in this locality. The pear tree leafy out in the spring before the other trees, about two weeks in advance of the Black Locust and Mulberry. For large and quick growth where an abundance of water is only a few feet from the surface the cottonwoods and poplars are good trees to plant.

It has been found that among the larger growing evergreens tried the Red Cedar (Juniperus Virginiana) and Cedrus Deodora (Himalaya Cedar) are well adapted to this section and are most desirable for planting. Of the Arborvitae, which are medium sized evergreens, the Golden and Pyramidals are among the best tested. The Euonymus, which is a slower evergreen, is well adapted to this climate and is decidedly a most ornamental hedge plant as well as desirable for planting in groups. Only a few of the shrubs can be mentioned here. The Spirea (var. Van Houttei) takes the lead as it is a profuse and early bloomer. The Althaea is a good flowering shrub but must be kept moist or well irrigated to do well. The Lemon Verbena, Grape Myrtle, Bush Honeysuckle and Caragana grandiflora have given satisfactory results. A number of vines are enumerated in the bulletin but the Honeysuckle, Virginia Creeper, Wisteria and Silver Vine are among the most hardy.

Aside from the discussion of these ornamentals, the bulletin contains hints about the planting and care of trees, which may be found helpful in the planting and care of them.

Fabian Garcia.

WHAT CAUSE DANDRUFF.

Greatest European Authority on Skin Diseases Say It's a Germ.

The old idea was that dandruff is scales of skin thrown off, through a feverish condition of the scalp is exploded. Professor Unna, Hamburg, Germany, European authority on skin diseases, says dandruff is a germ disease. The germ burrows under the scalp, throwing up little scales of cuticle, and sapping the vitality of the hair at the root. The only hair preparation that kills dandruff germs is Newbro's Herpicide. "Destroy the cause, you remove the effect." Not only cures dandruff, but stops falling hair and causes a luxuriant growth. Delightful hair dressing.

"Sold by leading druggists. Send for stamps for sample to the Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents."

HEARING OF BRUCE JONES.

At Alamogordo Concluded, and Defendant Held in \$10,000 Bond.

The hearing of Bruce Jones for the slaying of Ernest Sowell last Friday morning, which has occupied two days before Justice of the Peace O'Reilly, at Alamogordo, was finished yesterday morning and the defendant was granted bond in the sum of \$10,000 to appear before the next grand jury. He furnished bond within a half

hour, his two brothers and R. H. Purce qualifying as his bondsmen. In the trial of Jones very little evidence was adduced which had not been made public before. Major Llewellyn represented the territory and Attorney Franklin the defense.

Ennis Hilburn, and two women of the Hilburn resort were taken into custody Monday night and will have their hearing as accomplices. The third woman has disappeared since the tragedy.

Considerable public interest has been evinced in this case and the court room was crowded during the entire hearing.

Spring Ailments.

There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind needed toning up. The trouble is, that during winter, there has been an accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a right exit, and by its tonic effect, fully restore the wasted tissues and give strength in place of weakness. 50c at J. H. O'Reilly & Co.

LETTER LIST.

Remaining in the post office at Albuquerque, N. M., May 15, 1903:

Persons calling for or sending for these letters please state where they had been receiving mail, also mention date of advertising.

Free delivery of letters at the residence of addressee may be secured by observing the following rules:

Direct letters plainly to street number.

Give writers name, and request answer to be directed accordingly.

Advertised matter is previously held one week awaiting delivery.

Advertised matter is held two weeks before it goes to the dead letter office at Washington D. C.

Weekly Crop Bulletin

United States Department of Agriculture, Climate and Crop Bulletin of the Weather Bureau, New Mexico Section.

Santa Fe, N. M., May 11, 1903.—The continued cold nights retard vegetation, although light showers and warmer days have made conditions more favorable. Later advices in regard to the frost of the night of April 30, indicate a heavy loss in early fruits, as apricots, cherries and peaches. Many orchards of the northern counties suffered the loss of almost the entire fruit crop. The warmer weather is bringing out the grass on southern ranges, and stock is beginning to show rapid improvement, but on northern ranges grass comes so slowly that but slight improvement is noted. The weather has been quite favorable for spring work and much planting has been done in northern counties. In a few localities it is almost too dry for working the ground, but in general the soil is still in very good condition. Corn planting is finished in central counties and in some places it is already above the ground. Alfalfa and spring wheat are making a good, strong growth. Alfalfa is in bloom and wheat is beginning to head out in the lower Rio Grande valley. Lambing is now well under way in the most northern counties. All reports indicate that both the lambing and calf season has been a very successful one. Excepting in a few northern localities irrigation water seems to be plentiful.

The following remarks are extracted from the reports of correspondents:

Albert: H. M. Hanson: Unusually cold and chilly weather for this time of year and grass, although green, makes little progress. Rain and warmer weather is needed. Some planting is being done but the ground is most too dry for satisfactory work. Lambing has started and sheepmen consider the prospects fair. The calf crop also promises to be quite satisfactory. Highest temperature, 81; lowest, 37; rain, 0.05.

Andrews, Sierra county: A. S. Warren: Warm weather with light showers; vegetation improving.

Dorsey: Will C. Barnes: No change in the drought conditions and rivers and ditches remain dry. Pastures and ranges show no green grass. High winds and abnormally cold nights. Showers during the past week have been entirely local and too light to do any good. Cattle are still poor, and the young calves coming makes it hard on the old cows.

Folsom: Jackson Tabor: Cloudy and cold. Heavy hail in the vicinity on the 5th. Grass is coming slowly but stock shows some improvement. Crops of all kinds are almost at a standstill. Fruits blooming after the 30th do not seem to be injured by the freeze. Highest temperature, 70; lowest, 31; rain, 0.60.

Gallinas Springs: Jas. E. Whitmore: Good weather this week. Grass is coming up nicely and cattle and horses are showing rapid improvement. Corn is starting through the ground. There will be very little fruit this year. Highest temperature, 79; lowest, 34; rain, 0.09.

Glencoe, Lincoln county: Annie E. Coe: The heavy frost of the last killed most of the apples and pears. Occasional showers during the past week.

Golden: R. M. Carley: About 0.02 of an inch of rain last Monday greatly refreshed the grass, but it still grows slowly. Lambing of goats and sheep reported very favorable in this vicinity.

Hobart: W. H. Hough: More favorable week for crops; corn and wheat

Scratch, scratch, scratch; unable to attend to business during the day or sleep during the night. Itching piles, horrible plague. Doan's Ointment cures. Never fails. An any drug store, 50 cents.

LAS VEGAS.

From the Advertiser.

James Leonard is in again from Trout Springs.

Mrs. Jennie Roberts, mother of Mrs. C. V. Hedgecock, is visiting here from Trinidad, Colo.

Mrs. C. F. Jones was a south-bound passenger. She has been visiting relatives here for a few weeks.

Mr. and Mrs. William White and daughter, Mrs. Pauline Ludeman, left for a few weeks' visit to California.

Henry Falkenburger, a well-known salesman for the S. A. Rider Jewelry company of St. Louis, is in the city visiting the trade.

The committee appointed last week by the county commissioners consisting of Margarito Romero, S. R. Barker and Surveyor Rice left to make the preliminary survey of the scenic route.

Mrs. Ella Jones, wife of C. V. Jones of Unionville, Mo., died of tuberculosis. The family, consisting of the parents and a little girl, have been in the city some six weeks, but coming too late to benefit the lady's health.

The Red Men held an enthusiastic meeting in their hall over the San Miguel bank. Several new members rode the goat into their corral and a large number of applicants were voted upon. This lodge is fast growing among the best young men of the city and will soon be one of the largest organizations in the territory. The next regular meeting will be held on the 26th of this month.

A new reduction plant of fifteen ton capacity is being erected at Tecolote. The machinery has been shipped and work is rapidly progressing on the building. Another plant of one hundred and fifty ton capacity has been contracted for, and work on the big plant will shortly commence. With

doing well. Fruit prospects are very good. A light shower on the 8th and grass coming fast since. River very high.

Laguna: Gus Weiss: No change from last report. Cloudy every day but no rain. Getting warmer weather now, but rain is needed.

Las Vegas: Wm. Curtis Bailey: Not enough rain to make any decided change in the progress of vegetation. J. W. Hanson: Days warmer but nights still cool. Vegetation starting very slowly. A favorable week for farm work. Highest temperature, 76; lowest, 34; rain, 0.17.

Los Alamos: Wm. Frank: Conditions more favorable; cloudy with a good shower on the 10th. Alfalfa and other growing crops look well. Reports from lambing are fair.

Mesilla Park: R. H. Hart: Warm weather and threatening rain almost every day. Alfalfa in bloom, cutting will begin in a week. A good crop assured. Some wheat is beginning to head. Spring peas are on the market; irrigation water plentiful. Highest temperature, 87; lowest, 41; rain, 0.03.

Miera, Union county: Franco Miera: Rain on the 6th and 7th with heavy hail on the 8th; no damage. Good grass on the range. Lambing season in operation with good prospects. Fruits all killed by the frost of the 30th.

Santa Fe: United States Weather Bureau: Warmer and more favorable but vegetation still quite backward. plenty of water and rapid progress has been made in spring work. Planting is about finished. Alfalfa looks particularly well. The frost of the 30th killed many of the apricots, cherries and peaches, but some orchards almost entirely escaped. Highest temperature, 69; lowest, 40; rain, 0.05.

Watrous: M. C. Needham: Several cold showers during the week and grass in low and sheltered places has made some progress. Shrub oak has made a good start. Alfalfa doing well but other crops come along slowly. Irrigation water is plentiful. Highest temperature, 77; lowest, 26; rain 0.20.

R. M. HARDINGE,
Section Director.

Caution!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectation and coughing during the nights and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. J. H. O'Reilly & Co.

Telephone Franchise.

John L. Burnside has secured a telephone franchise from the Deming town board and has applied for one from the Silver City board. It is his intention to construct a long-distance telephone line between the two towns and it is said that the Postal Telegraph company will also invade Silver City.

Scratch, scratch, scratch; unable to attend to business during the day or sleep during the night. Itching piles, horrible plague. Doan's Ointment cures. Never fails. An any drug store, 50 cents.

SSS FOR THE BLOOD

The best known and most popular blood purifier and tonic on the market to-day is S. S. S. There is hardly a man, woman or child in America who has not heard of "S. S. S. for the blood." It is a standard remedy, a specific for all blood troubles and unequalled as a general tonic and appetizer. S. S. S. is guaranteed purely vegetable, the herbs and roots of which it is composed are selected for their alterative and tonic properties, making it the ideal remedy for all blood and skin diseases, as it not only purifies, enriches and invigorates the blood, but at the same time tones up the tired nerves and gives strength and vigor to the entire system.

For Chronic Sores and Ulcers, Catarrh, Rheumatism, Blood Poison, Malaria, Anemia, Scrofula, Eczema, Psoriasis, Salt Rheum, Tetters, Acne and such other diseases as are due to a polluted or impoverished condition of the blood, nothing acts so promptly and effectually as S. S. S. It counteracts and eradicates the germs and poisons; cleanses the system of all unhealthy accumulations and soon restores the patient to health. Write us and our physicians will give you a case prompt attention without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

the addition of these two plants the capacity of the district will be increased 165 tons per day.

From the Optic.
Mrs. Minnie Holzman left for Raton from which place she will accompany R. J. Van Houten and wife on a trip to Holland.

The armory board of control met this week and elected the following officers: Major R. C. Rankin, president; Surgeon Captain H. M. Smith, treasurer; First Lieutenant R. D. Gross, secretary.

A. A. Sena, the affable probate clerk, sustained a few slight bruises by falling from the roof of his residence while inspecting some work which he was having done, and was limping considerably today as a result.

Mrs. W. W. Rawlins has news from Philadelphia where Mr. Rawlins underwent an operation Monday to the effect that he had stood it well and was now easier. Captain Austin is with him and will keep his family informed of his condition.

The young son of E. Hooker who was badly burned by an explosion of gun powder with which he was playing last Sunday, is reported now as doing well, and there is hope that his eyes are not seriously injured.

Hose Company No. 1, at its meeting Monday night, dropped several members who have removed from the city and now desire others in their places. It is hoped these will be found among permanent residents of Las Vegas who will have a deeper interest in the organization.

Sherman Post No. 1, Grand Army of the Republic, held a very enthusiastic meeting, a large number of members being present. It was reported that sufficient money was on hand to pay all of the indebtedness of the post, and it was the sense of the meeting that the post be reorganized and continued. Arrangements were also made for decorating the graves on Decoration Day.

A Sure Thing.
It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre of Shepherdstown, W. Va., says, "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for croup, whooping cough, grip, pneumonia and consumption. Try it. It's guaranteed by all druggists. Trial bottles free. Regular sizes 50c, \$1.00.

SANTA FE.

From the New Mexican.

Rev. Vincent Thomas administered first communion to a class of young Catholics at Agua Fria.

The patronage feast of St. Joseph was celebrated at Loretto chapel. The beautiful chapel was especially decorated for the occasion.

J. V. Conway, county school superintendent, has received a handsome new buggy with small bicycle wheels. When the owner appears driving his fast black trotting mare with a white harness it makes a striking turnout.

The scarcity of ducks at the reservoir may be accounted for by the fact that the following nimrods have been making frequent trips to the reservoir lately on hunting expeditions: Rev. C. Joseph Hintzen, Rev. Vincent Thomas, Rev. Albert, the latter of Denver, and Rev. Roibal.

A Farmer Straightened Out.
"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Rayder, of Pottsville, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'" For sale by all druggists.

Las Vegas School Board.
At a meeting of the school board held Monday evening, the old board finished up its business and the new board was duly installed. Sig. Nahm was installed from the first ward, in place of John York, resigned, and Dr. H. M. Smith in place of Dr. C. C. Gordon, resigned, from the second ward.

Officers for the ensuing year were elected as follows: President, D. C.

Winters; vice president, W. A. Hayden; secretary, Charles Tamme; superintendent, Miss Maggie Bucher.

The present corps of teachers were re-elected for the coming school year, with the exception of Miss Marie Ferlich, who will go to Aspen, Colo. The reports of the secretary and treasurer were read, showing the schools in splendid condition. Miss Minnie Holzman was granted a leave of absence of eight days and Miss Eunice Tamme was selected as a substitute.—Advertiser.

From a Cat Scratch.
On the arm, to the worst sort of a burn, sore or boil, DeWitt's Witch Hazel Salve is a quick cure. In buying Witch Hazel Salve, be particular to get DeWitt's—this is the salve that heals without leaving a scar. A specific for blind, bleeding, itching and protruding piles. Sold by B. H. Briggs & Co., S. Vann & Son.

COMMENCEMENT WEEK.
Program Arranged for the Normal School at Silver City.

Commencement week of the New Mexico Normal school at Silver City will begin Saturday, May 30, and there will be four graduates. The following is the program of the week:

Saturday.....Literary Society Contest
Sunday.....Baccalaureate Address.....
.....Rev. J. G. Harshaw, M. E. Church
Monday.....Field Day Sports
Tuesday evening.....Class Day Exercises
Wednesday evening.....Public Reception
Thursday.....Graduating Exercises
Thursday evening.....

The Waste of the Body.
Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease set up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the whole-some food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by B. H. Briggs & Co., S. Vann & Son.

FORT BAYARD HOSPITAL.

Money Being Expended in Some Necessary Improvements.

MORE ROOM FOR PATIENTS.

The Rocky Mountain News of recent date publishes a half page article on Fort Bayard, Grant county, and the marvelous cures of consumption in New Mexico by climate alone. The article is well illustrated and a good advertisement of New Mexico's climate. Among other things, the article which is under Fort Bayard date, says:

The United States general hospital for consumptives at Fort Bayard, is coming in for a measure of Uncle Sam's special attention just at present. The big sanitarium has had such phenomenal success in the treatment of tubercular cases that the government has decided to greatly enlarge its capacity, improve its equipment and, in short, make it the greatest tubercular hospital in the country. The plan is to expend the sum of \$100,000 in enlarging and improving the sanitarium, and the appropriation for that purpose has already been made by congress.

Another important change has been made. Heretofore only enlisted men of the regular army have been admitted to Fort Bayard. Under the new arrangement the institution is to be thrown open to soldiers and sailors alike, and made a regular army and navy hospital. Already about twenty-five men of the navy and the marine corps have entered the hospital, special authority, however, being given in each of these cases.

Fort Bayard lies in a beautiful little valley in the foothills of the mountains of southwestern New Mexico, at an altitude of nearly 7,000 feet. It is nine miles from the flourishing town of Silver City, one of New Mexico's best little cities. Here there is perpetual golden sunshine, unclouded azure sky, fine scenery and pure, dry, bracing air all the year round. These splendid natural conditions, in conjunction with the most skillful, scientific and thoroughly systematized treatment, have produced cures which are little short of remarkable.

There are now at the sanitarium nearly 250 patients, and the number is increasing daily. Larger facilities are already a necessity. When all the projected improvements materialize it is probable that the sanitarium will be able to accommodate between 400 and 500 men.

A recent substantial increase in equipment in the new sanitarium, or sanatorium, which has been in use since February. It is a large structure, built entirely of steel and glass, and gives delicate consumptives a chance to enjoy comfortably the germ killing sunshine regardless of the outside temperature.

The hospital owes much of its success and efficiency to the masterly management of Major D. M. Appell, who for several years was in command of the post and who brought the work of the sanitarium prominently before the public eye. Major Appell has been transferred to the Philippines, for which point he sailed in January. His successor is Lieutenant Colonel Comings, deputy surgeon general of the United States army, who is an officer of great ability and energy, and who will undoubtedly keep the work of the institution up to the highest standard.

An important arrangement has been made lately, which does away with much of the red tape heretofore connected with admission to the hospital. The consumptive is now admitted by direct negotiation between the commandant and the officer in charge of the post from which the patient comes. Formerly it was necessary to make a trip to Washington and to go through other tedious preliminaries before one could be admitted. Under the new arrangement the applicant gets into the hospital a month sooner than formerly—sometimes a month of precious time to the man who is suffering from the ravages of the dread disease.

Fort Bayard is a very picturesque and interesting place to visit, with its great quadrangle, around which stands the big hospital, the neat officers' cottages, the long rows of hospital ward buildings and the rambling edifice in which the general offices and the post-office are located. The long adobe fort, with its arched gateway, the storehouse, dairy barn, etc., make up a complement of buildings that amounts to a fair sized village.

The Fort Bayard hospital is a great boon to the soldiers and sailor boys who fall a prey to pulmonary consumption, and it is doubtful if there is another place in the country where they would stand such a splendid chance of soon regaining vigorous health. The changes to be made soon will add greatly to the usefulness of this magnificent institution and make it one of which the government may well be proud.

COMMERCIAL CLUB DELEGATION

(Concluded from page one.)

enr, issued with the compliments of the Kansas City Southern railway, contains the list of travelers and the itinerary. Other souvenirs were distributed galore.

The club is due back in Kansas City on May 23. Eighty-two towns in Colorado, New Mexico, Texas, Arkansas,

Oklahoma, Indian Territory, Missouri and Kansas are to be visited and 2,793 miles will be traveled over five lines of railroad—the Atchison, Topeka & Santa Fe, the Southern Kansas, the Texas & Pacific, the Choctaw, Oklahoma & Gulf and the Kansas City Southern.

The club stopped last night in Santa Fe. Other all-night stops will be at Silver City, El Paso, Tex., Carlsbad, N. M., Amarillo, Tex., Oklahoma City, Hartshorn, I. T., and Silver Springs, Ark. Zimmer's orchestra furnished delightful music under the porch in front of the Harvey curio rooms, and the vocalists were heartily cheered by the large crowd that gathered around.

The refreshment car contained everything that the inner man wanted, and the farmers and merchants did not leave that feature escape without a visit. The excursionists left at 12:30 well pleased with the result of their stop in the Duke City. All had words of praise for the hustling and growing city of the great southwest.

They will make a stop at South Springs, and from this point will drive in carriages five miles to Roswell. Jerry Simpson, ex-congressman from Kansas, says that this country is the finest in the United States.

The merchants that are on this trip are: R. B. Mullett, C. B. Norton, H. F. Schmeizer, L. M. Miller, W. B. Hill, John M. Steele, D. R. Spalding, H. T. Ashbaugh, W. H. Weeks, S. G. Puterbaugh, C. J. Carter, E. S. Moser, W. H. Cline, A. F. Stoeger, A. L. Confer, G. W. Evans, W. P. Trickett, Charles Rechner, T. M. James, Jr., John R. Townsend, A. H. Munger, George A. Barton, George B. Peck, L. W. Shouse, C. E. Gould, H. D. Faxon, H. McWilliams, A. J. Liebster, Burton Pierce, E. M. Clendenning, John W. Speas, J. H. McQuaid, J. E. Morton, J. P. Raymond, T. L. Hill, W. S. Cowherd, J. F. Zimmer, M. C. Reefer, T. C. Miller, H. D. Cutler, George W. Fuller, J. E. O'Neill, J. F. Richards, C. D. Parker, T. C. Ellet, J. D. Havens, Keene Jackson, E. J. Penfield, J. W. Hawkinson, D. Thornton, O. W. Philbrook, M. W. Barber, J. W. Jenkins, W. R. Hogsett.

Abbreviated Notes.

The Kansas City delegation, almost to a man, visited the local Commercial club building, and expressed surprise at the fine building, as one said: "Away out here in Mexico." "No," answered back a friend, "in New Mexico, United States of America."

E. J. Penfield, president of the Kansas City paper house, visited the local printing offices, and left sample books of stock carried by his firm.

George S. Arnot, the popular manager and one of the members of the grocery establishment of Gross, Kelley & Co., seemed to be at home with the Kansas City visitors. He had half a dozen or more in tow this morning, and saw to it that they were not overlooked in any of the details—that is, western hospitality.

Joseph E. Saint and C. C. Hall had around with them several prominent members of the Kansas City party, especially James E. Martin, representing the Kidenour-Baker Grocery company. Mr. Saint, years ago, represented this firm throughout the southwest, and, of course, he made the short stay of Mr. Martin very pleasant. Mr. Saint accompanied the party south on the special train.

Frank L. Hall, vice president of the Abernathy Furniture company, Kansas City, visited the local furniture dealers, and of course left his business cards.

H. F. Schmeizer, vice president and secretary of the Schmeizer Arms company, is a very pleasant gentleman, and he did good service while here, leaving his business cards around promiscuously.

Keene Jackson, from whom The Citizen made a quotation at the beginning of this article, is the secretary of the Kansas City Roofing and Corrugating company. He is a hustler and while here busied himself seeing the local dealers in his goods. He is a particular friend of Mr. Williams, bookkeeper at the San Jose market.

The Pullman conductor on the train is R. L. Trimble. He is a cousin of Col. A. A. Trimble, and the visitor was introduced around by his Albuquerque relative.

Quite a number of the excursionists took in the old town, and were delighted in the transcontinental horse car ride between the old and new towns. They expressed surprise that Albuquerque had no electric street car line.

J. F. Richards, president; C. D. Parker, vice president; E. M. Clendenning, secretary; W. P. Trickett, commissioner of transportation bureau, and Hon. W. S. Cowherd, member of congress, Kansas City district, were introduced at the local Commercial club by Secretary McCanna, and later introduced to The Citizen by George Arnot.

Souvenirs galore were distributed to callers at the coaches. Among the delegation Robert E. Putney of the extensive grocery establishment of L. D. Putney, found quite

a number of business friends, and while here they were pleased guests of Mr. Putney.

The big dailies of Kansas City were represented as follows: William Hamilton Cline, for the Journal; John M. Steele, for the Star, and Homer T. Ashbaugh, for the World. They are three well known young journalists.

The Swift Co., packers, were represented by J. A. Hawkinson, and he visited all the local dealers in fresh and cured meats, and provisions.

Half a dozen big wholesale establishments had representatives here from Kansas City.

There will be 500 Presbyterian preachers here next Sunday. If you have a team put it at the service of Mr. Bryan and the local committee.

We have in union label tobaccos:
