STRIKE RECORD IS INCREASING Many Cities Disturbed by Labor Troubles.

DENVER'S BUSINESS IS PARALYZED

There is No Improvement in the Situation at Any of the Many Points.

Denver, Colo., May 13.—The citizens' alliance committee decided to adhere to the original proposition for the creation of one arbitration board to which all disputes should be referred in its answer to the unions' ultimatum today.

The proposal of the labor unions' executive committee to refer each difference to a committee of employers and employees directly interested for arbitration was rejected and a resolution was adopted declaring that plan to be "unreasonable, unnecessary and cumbersome."

Unless the labor committee recedes from the position heretofore taken, a general strike will be ordered within twenty-four hours.

Could Not Agree.

Denver, May 14.—Owing to failure of the union committee and the citizens' alliance to reach an agreement, the retail grocery clerks and drivers have been called out. Others are expected to follow.

Commercial War.

Milwaukee, Aug. 14.—A commercial war, which, it is said, will extend throughout the country, has been started by the grocers of this city against the manufacturers who allow goods to be sold or demonstrated at department stores. The Retail Grocers' association at Milwaukee, a member of the national association, has passed resolutions not to handle products of manufacturers that are places in department stores.

Employ Non-Union Men.

New York, May 14.—The subway contractors began today to employ everybody who asked for work in the subway in place of strikers who yesterday refused to return to work. In a short time a big force had been employed. Police guarded the whole length of the subway.

Dynamited Dwellings.

Williamsport, Pa., May 14.—Italian railroad graders at Marshall Hill, who had gone on a strike because one of their number had been discharged, dynamited two houses, both the homes of men who had refused to stop work. The dwellings were shattered but none of the occupants were killed.

Another Strike Threatened.

Pittsburg, May 14.—The engineers and brakemen employed on the shifting engines at the Jones & Laughlin plant has made a demand for shorter hours and threaten to strike tomorrow unless it is granted. The men work ten hours daily for \$2.50. They want to work eight hours during the summer for the same pay. A committee will meet the officers of the plant today.

LIFE SENTENCE.

Alpheus Hampe Has Commenced to Pay the Penalty of His Crime.

NOW IN THE PENITENTIARY.

Sheriff H. C. Kinsell and Deputies C. C. Closson and C. R. Huber arrived in Santa Fe yesterday afternoon from Tierra Amarilla with Alpheus Hampe, who was turned over to the authorities at the territorial penitentiary to serve a life sentence. Hampe was sentenced Monday by Associate Justice J. R. McFie, sitting as judge of the First district for Rio Arriba county, after Hampe had entered a plea of guilty of murder in the second degree. This is one of the heartless and bloodless murders of the territory of New Mexico

avenged. Jose Telles, who fired the shot that ended the life of Epitacio Gallegos, paid the penalty for that crime in the jail yard at Santa Fe on April 3 of the present year, and now that Hampe is behind the walls of the territorial prison starting a life of hard labor, the murder of Gallegos is avenged as much as it can be on this earth.

The murder of Gallegos is fresh in the memory of the majority of Santa Fe citizens. The two prisoners, Telles and Hampe, planned an escape from the jail and overpowered the assistant jailor and locked him in his cell while Gallegos was away, January 19, 1903, and when the latter returned, he was pounced upon by Hampe who, according to his own story, struck Gallegos on the head with the butt of a revolver he had in his hand. During the scuffle that followed, Telles shot and killed Gallegos. The prisoners escaped, but were subsequently recaptured and Telles entered a plea of guilty to a charge of murder in the first degree at the April term of district court for Santa Fe county. He was consequently sentenced to death.

Alpheus Hampe was granted change of venue to Rio Arriba county and when his case was called for trial there was permitted to enter a plea of guilty to the charge of murder in the second degree by Judge McFie with the consent of Prosecuting Attorney E. C. Abbott.

Mrs. Charles Bigelow Ford left today for Hell canyon, where she will spend the summer.

OFFICIAL MATTERS.

Application for Patent—Grant Case to be Heard.

DEPARTMENT OF EDUCATION.

Governor Otero appointed the following notary public: Juan D. Casados, Captain, for Union county.

Application for Mineral Patent.
L. F. Hamblen, of Red River, has applied for a patent on the Guadalupe placer mining claim, situated in the Red River mining district of Taos county.

Land Office Business.
The following coal lands have been sold: To W. E. Martin, Santa Fe, section 21, township 13 north, range 6 east, 146 acres in Sandoval county, consideration, \$2,928.

To Minnie S. Zimmerman, Santa Fe, section 21, township 13 north, range 6 east, 156 acres in Sandoval county, consideration \$3,126.

Will Hear Grant Case.
Francisco Delgado, deputy in the office of the clerk of the court of private land claims, received a message from United States Attorney M. G. Reynolds in which it was stated that Chief Justice J. R. Reed and Mr. Reynolds would be in El Paso Friday to hear evidence in the Sanchez Barela land grant case, which is now pending in the United States court of private land claims.

Department of Education.
Col. J. Franco Chavez sent out from the department of education to all members of the territorial board of education and to a large number of text book publishers in various parts of the country a notice reading as follows:

"By direction of the governor, M. A. Otero, president of the New Mexico board of education, a meeting of the said board will be held at the office of the superintendent of public instruction, in the capitol, at Santa Fe, on Monday, June 8, 1903, for the purpose of considering the subject of text books to be used in the public schools of the territory during the ensuing four years, and such other business as may be brought up before it. It is highly important that there should be a full meeting."

Appropriation for "Scenic Route Secured."

Superintendent H. O. Bursum, of the territorial penitentiary has officially notified the auditor and treasurer of the territory that actual work on the survey of the "Scenic Route" road between Santa Fe and Las Vegas had commenced under directions from the board of county commissioners of Santa Fe county, and that therefore the appropriation of \$5,000 towards the construction of the road made by the territory would stand and be used for the purpose for which appropriated. Mr. Bursum yesterday received maps and plats of the survey of the road for a distance of nine miles east and in the canyon of the Santa Fe river and reconnaissance made across the Pecos forest reserve by Col. C. G. Coleman, the civil engineer employed for the purpose. Mr. Bursum will examine the surveys so far made personally in a very short time.

Mrs. N. W. Alger left this morning to visit her daughter, Mrs. Bruce Kinney, in Salt Lake City.

ALBUQUERQUE HORSES.

Pacers, Gallopers and Boone, the Trotter Off for Colorado Races.

THEY WILL MAKE NEW RECORDS.

Some of the best horse flesh in New Mexico—all Albuquerque stock—will leave this city tonight in a prepared furniture box car for Trinidad, where the horses will enter the Elks' race meet for which \$3,000 in purses are hung up.

The meet there will take place on June 2 and continue four days.

After this, the horses will follow the Colorado circuit—Pueblo, June 8; Colorado Springs, June 13, and Denver June 20. The meet at Denver lasts until July 4, while at the other cities there will only be four days' racing.

There are five pacers and trotters, and they are under the management of trainers, Jack Johnson and F. A. Frost, as follows:

Primrose, pacer, with a record of 2:13. Owned by Joe Barnett and entered in the free for all races on the circuit.

Young Hal, pacer, record 2:19½, owned by Joe Barnett. Entered in the 2:19 class at Trinidad, and for the \$1,000 Twenty stake race at Denver.

Shecam, pacer, record 2:12½, owned by F. E. Sturges. Entered in the free-for-all events on the circuit, and in the 2:11 race at Denver.

Bonnie Treasure, pacer, has no official record, owned by W. L. Trimble. Entered in the 2:35 class on the circuit, and in the \$1,000 Twenty stake race at Denver.

Emil Mann's trotter, Boone, will enter the 2:40 races on the circuit, while his horse Exodus, pacer, with a record of 2:16½, will enter the 2:15 race on the circuit and the \$1,000 Twenty stake race at Denver.

Four thoroughbred runners, with speed enough to capture some of the big purses on the circuit, will go along with the pacers and trotters.

These horses will bring home some first and second monies, and will get back in time to give several interesting matinees at the fair grounds during the summer months.

Messrs. Sturges, Trimble, Barnett and Mann will leave the city about the first of June, and will take in the Colorado circuit. The Citizen wishes them good luck.

Curious Disease.

Berlin, May 14.—The government commission which has been investigating the tropical worm disease which has attacked 29,000 Westphalian miners, reports that only those who rarely see the sunlight are afflicted. The disease causes inability to work and is frequently fatal.

Mrs. H. B. Ray will spend the summer months in California.

BLEW UP CLUB

Hartford Club Had Most Exciting Time.

A SLEEPING CAR BURNED UP

Express Messengers Drank Poisoned Whiskey and Died.

BIG FOREST FIRES IN PENNSYLVANIA

Hartford, Conn., May 14.—By an explosion at the Hartford club last night a part of the building was wrecked and a panic followed. One or two dinner parties were being held and the reception and reading rooms were well filled. Suddenly there was a roar in the kitchen, and the whole building seemed to lift. The water boiler attached to the huge range had exploded. The heavy brick wall was blown across the lawn, a hundred feet, barring the main entrance to the club. These were filled with men who were thrown in heaps with tables, chairs, pictures and glasses. Every piece of crockery in the building was broken. So far as known no one was seriously hurt.

FOREST FIRES.

Mountain Regions of Pennsylvania Being Devastated by the Flames.

Greensburg, Pa., May 14.—The breaking out anew of forest fires on Chestnut Ridge has aroused the greatest consternation among the people. Last night a mountain home owned by Booth & Flynn, near Blairsville, was destroyed. Telegraph and telephone poles crossing the ridge at Blairsville intersection was burned. At Lake Hollow, near New Florence, the big mill was burned. The Evans Lumber company lost several thousand dollars worth of pit posts today. Booth & Flynn lost several cars of cross ties. People of Millwood and Derry are now engaged in fighting the flames.

POISONED WHISKEY.

Singular Case of Poisoning of Express Messengers.

Cincinnati, May 14.—William Daly and Louis Burbank, Adams Express company employees, who were poisoned last night along with three others who drank poisoned whiskey from a bottle addressed to Mrs. Kate Nobe, and which became broken before delivery, are in the city hospital today, quite serious. Benjamin Vicker, another one, died last night upon reaching the hospital. Two others are still suffering, though not expected to die.

Brother James of the Boys' School, Bernallillo, is in the city today.

THE CRESPIN AUTOPSY.

Internal and External Examination of Dead Body Made.

DEATH WAS FROM HANGING.

Yesterday, on the strength of a telephone message, Dr. P. G. Cornish, accompanied by Dr. D. H. Carns, visited Sandoval, where the mysterious hanging of Acacio Crespin took place Tuesday morning, for the purpose of holding a postmortem examination of the remains to determine whether he died from hanging or not.

Dr. Cornish was seen this morning, who stated that all the evidence pointed to the fact that Crespin died from hanging. His neck was dislocated, and apparently he had either jumped from the barrel, or if the victim of foul play, was pushed off the barrel, pulling the rope taut and dislocating the vertebra of the neck. A thorough examination of the body was made, internal and external, and there was no evidence of bruises, contusions or other injuries that would lead to death—thus no evidence is at hand to warrant the saying that the man was dead before hanging.

Neither of the medical gentlemen,

for both were seen, would come out in so many words and declare that it was a case of suicide, Dr. Cornish stating that the object of the autopsy was only to ascertain if the hanging was responsible for his death, or from some other cause, and the conclusions arrived at are told above.

Several other questions were put to Dr. Cornish, but he remarked that The Citizen, in its article yesterday afternoon, had covered all the details as thoroughly as possible, and he had nothing more to say.

Hon. E. A. Miera, in whose employ Crespin was at the time of his death, was expected to reach Sandoval last night or early this morning. If he arrived the remains were buried there today.

It is learned today that the woman from whom The Citizen quoted yesterday is not the wife of Crespin, but the divorced wife of a young man now residing in this city. She kept house for the deceased.

Utah Saloon Robbed.

Helper, Utah, May 14.—Four men entered Rooney's saloon at an early hour this morning and at the point of revolvers held up the proprietor and a number of men in the place. One man was shot and slightly injured. The robbers went through the till and the pockets of every one present, shot holes in the slot machines and rifled them and decamped. They secured between \$1,500 and \$2,000.

AN ENJOYABLE SMOKER.

International Association of Machinists Have a Jolly Time.

WILL AFFILIATE WITH CENTRAL UNION.

An enjoyable and instructive time was the result of the smoker given in the Knights of Pythias hall last evening by the International Association of Machinists of this city. About ninety members were present and some fifty invited guests. There was singing, jig dancing and stories that made the time pass quickly. A nice lunch was served and soft drinks helped to wash it down, so that the inner man was fully satisfied. The program of the evening was carried out very nicely, and the machinists proved themselves to be royal entertainers.

A committee of five from the Central Labor Union were present and after hearing remarks from these gentlemen and machinists voted unanimously to affiliate, and will elect delegates at their next regular meeting. This means that the Central Labor Union will be increased to over 800 members.

CAR BURNED.

Sleeping Car Inmates Escaped in Their Night Clothes.

New Haven, Conn., May 14.—Twenty passengers, including sixteen men and four women, had to flee in their night clothing early today from a burning sleeping car at the Union station. The car was near the rear of the New York, New Haven & Hartford train, which left New York at 11 o'clock last night for Boston. When the train reached here at 1 o'clock the sleeping car was connected with a pipe which supplies the cars with gas and the gas supply was turned on. Immediately afterward a slight explosion was heard, flames burst out and the car filled with smoke. The passengers escaped unhurt, but many lost all their clothing.

Zinc Plant Burned.

Salt Lake, May 14.—The zinc plant of the Utah Metals company, located at Park City, Utah, the only plant for the treatment of zinc-bearing ores in the west, was almost totally destroyed by fire this morning. The loss is about \$125,000.

Sawmill Afire.

Special to Citizen.
Guam, May 14.—A small fire at the sawmill of the Zuni Mountain Lumber company of Guam, last Monday evening did damage of about \$300. No lumber or machinery was burned.

Bloody Riot.

Valparaiso, May 14.—No less than 200 dead or wounded is the result of rioting here. There is a censorship on all telegraph lines.

There are now three automobiles owned in this city.

MONUMENT DEDICATED

Every Day a Busy One With Roosevelt.

DEATH OF PUEBLO, COLO., PUBLISHER

Bad Wreck on Baltimore & Ohio Road—Railway Fireman Killed in Arkansas.

San Francisco, Cal., May 14.—Under a balmy sky and on the greensward of Union square, this morning, President Roosevelt participated in the dedication of the magnificent monument erected in commemoration of the victory of the American navy at Manila.

The president and party then proceeded to Berkeley, to take part in the commencement exercises at the University of California. Later President Roosevelt went to Oakland, where citizens gave cordial greeting.

At 2:30 p. m. he will proceed to Valerjo to lay the corner stone of the Y. M. C. A. Auxiliary club house, to be erected for the benefit of seamen. Immediately after the banquet at the Union League club tonight the president will leave for the Yosemite.

Bad Railroad Wreck.

Columbus, O., May 14.—A Baltimore & Ohio passenger train due here at 11 o'clock went into the ditch one and a-half miles north of Bloomington at 10:40 a. m. The engineer was instantly killed. The fireman's body is under the engine. Three coaches were badly wrecked. No passengers were hurt. Spreading rails caused the wreck.

Death of Pueblo Publisher.

Pueblo, Colo., May 14.—Fred W. White, Jr., business manager of the Pueblo Star-Journal, died this morning of typhoid fever. He was thirty years old, and the son of a Denver newspaper man of the same name. He came to Pueblo about two years ago and consolidated the afternoon papers, Star and Journal, into one paper. He leaves a widow and two children.

HE VISITS OMAHA.

Judge Baker Recites Interesting Incidents of President's Reception.

AN INTERESTING INTERVIEW.

Judge Benjamin S. Baker of the supreme court of New Mexico, together with Mrs. Baker, dropped in among their old friends in Omaha yesterday, says the Omaha Bee of May 12. The judge is in fine form physically and talks enthusiastically over New Mexico, and especially of its reception to President Roosevelt, in which he had a leading part.

"I am fresh from New Mexico, and it is all right," said Judge Baker. "There have been many new finds in the gold and copper fields. The railroads are at work on extensions and a new railroad that assures us 2,000 miles more by 1904. The heavy rains and snows insure one of the best years for sheep, cattle and agriculture for many years. Large investments are being made by outside capital in mines, lumber, stock and irrigating plants, so that prosperity in New Mexico is visible on every hand. The territory has a great future. I think I am safe in predicting statehood for New Mexico in some form—along jointly with Arizona—next congress, from a talk with the president. I think I am warranted in the conclusion that he is for joint statehood for New Mexico and Arizona, allowing Arizona single statehood after acquiring a population of some 300,000. Statehood is in the air and is coming sure in 1904."

"New Mexico gave the president a great reception on May 5. Santa Fe did itself proud, and Albuquerque's reception was sublime, and we felt assured that the president was pleased. In front of the speakers' stand, on an elevated and inclined platform was a living map of little girls, dressed in white, each properly located, and holding a banner of the state she represented. In front of the sisterhood of states was a rail fence and a small gate slightly ajar, inside of which stood Uncle Sam holding a star, and outside a small girl in white, representing New Mexico, reaching for the star. This tableau pleased the president very much and he spoke of the 'little miss on the outside.' On the arch under which he was driven were the words, 'Roosevelt—Statehood,' and between a picture of the president below, the figures '1904.' As we drove under the arch I said: 'Mr. President, how do you like our motto?' He replied, 'There is nothing the matter with that.'"

"We presented the president with a membership card of the Albuquerque Commercial club in the form of a Navajo blanket, 29x53 inches. I drew the design, selected the colors and a Navajo squaw wove it. The ground was a beautiful red, the border of red, white and blue, with stars, squares and diamonds, while the center was a large diamond of blue, bearing the inscription: 'The president, honorary membership card, Commercial club, Albuquerque, N. M., May 5, 1903.' I tell you it was a beautiful saddle blanket and when the president said, 'I am delighted,' it was in no pro-forma manner. He exclaimed, 'By George, it's a real Navajo; it's the real thing!' In short we gave him a splendid reception."

"You can say New Mexico is all right, and I am much pleased with it and the people, and I shall do all I can to boost it along. Of course I can never forget the great state of Nebraska and my many good friends here, yet I am contented and satisfied with my new home. We have the finest climate and nicest people anywhere to be found. Mrs. Baker is with me. We are here on account of her mother's illness and may stay several weeks. I had a hard year's work, but my docket is practically cleared up, barring some supreme court work my time is my own till September."

FIREMAN KILLED.

Many Others Injured in a Choctaw Train Wreck.

Hot Springs, Ark., May 14.—While running at ordinary speed an east-bound passenger train on the Choctaw, Oklahoma & Gulf railroad left the track in the suburbs shortly after noon today, wrecking the entire train and demolishing an iron bridge. One man was killed and twenty persons injured, three of whom may die. The dead: Fireman Riley. Fatally injured: Conductor Weir, Newton, Hot Springs; Engineer Ryan, Hot Springs. Seventeen passengers were more or less injured.

Col. R. E. Twitchell, from the Meadow city, is in the metropolis today.

A BAD BRAVE.

He Grew Thirsty for Blood and Used His Long Knife.

HE ESCAPED FROM VILLAGE.

"Brave" Anzares grew thirsty for blood several days ago down at the Isleta pueblo, and in a melee with another copper faced brother buried his long knife into his bosom, barely missing his heart by a hair's breadth. He then lit out by the light of the moon and is now supposed to be hiding in Arizona. The governor wants him punished and so came to this city and swore out a warrant for his arrest. The wounded Indian will recover, although he says it is a heap mighty big cut.

statehood.

The month of April has impressed
many with having been a remarkable
month, and yet during the last thirty-
five years seventeen Aprils have been
colder and eighteen Aprils have been
warmer than the last one.

President Roosevelt covers a good
deal of mileage in a year, but the
kaiser is somewhat of a traveler him-
self. The German exponent of strenu-
ousness covered 20,000 miles last
year by journeys on land and 4,000
miles by water.

If strikes would settle the labor
problem they might be justifiable, but
they do not permanently cure any of
the ills complained of. No sooner is
one strike settled than another breaks
out. The end may mean anarchy or
despotism for the country.

AMERICANIZING MEXICO.

American expansion, according to
Mr. S. Glen Andrus, in the National
Magazine is going to take in Mexico.
The sister republic is becoming thor-
oughly Americanized.

"The financial invasion from the
United States is in full swing and is
sweeping over the country in a tidal
wave of seemingly irresistible power."

Americans have invested over \$500,
000,000 in Mexico, spreading through
every district and state of the repub-
lic. Eighty per cent of the capital in
Mexico's sixty railroad systems is
American, and only two lines of the
sixty—the Inter Ocean and National
Tehuantepec—are under any other
than American control. The Mexican
roads have direct connection and a
through traffic arrangement with the
railroad systems of the United States.

The City of Mexico is within an
easy reach of our eastern and middle
western states as our own Pacific
coast. Travel has increased within
the past year with amazing rapidity.

Tropical agriculture in Mexico has
absorbed \$28,000,000 of American cap-
ital.

There are forty Mexican investment
companies in Chicago alone, sending
over a million dollars a month into the
republic.

Twelve hundred Mexican invest-
ment companies have been organized
in the United States—the majority of
them within the past five years.

In the city of Monterey alone Amer-
icans have recently invested \$10,000,

advantages which labor is prone not
to credit to the men who venture their
capital in great concerns, and who
provide the way to furnish bread to
thousands of mouths. The appreciation
of these conveniences by persons
who work with their hands is shown
by the tremendous drift of population
from the country to the cities. Men
like to live where there is cheer and
activity and amusement and compan-
ionship. These are found in the popu-
lar centers because, capital provides
them, and they are enjoyed by labor
at a cost much less than capital pays
for them.

This is one equation—and a most
important one it is—that labor loses
sight of when it complains that there
is no reciprocity on the part of capital
in its attitude toward wage earners.

Only the patrons of a newspaper
are privileged to criticize it, and these
have no right to do so provided the
service received is equal to the
amount paid for it.

Last Thursday J. E. Carroll came in
over the Santa Fe and announced his
intention of at once starting work on
the Silver Cave mine in the Floridas,
sixteen miles from this city, says the
Deming Headlight.

Mr. Carroll, in connection with a
brother, has been the owner of this

"When I commenced taking your medicines,

broken down," writes Mrs. Cora L. Sunderland,
of Chasewill, Calvert Co., Md. "At times I
could not even walk across the room without
pains in my chest. The doctor who attended me
said I had lung trouble, and that I would never be
well again. I last I concluded to try Dr. Pierce's
Golden Medical Discovery. I took it, and soon com-
menced to feel a little better, then you directed
me to take both the Golden Medical Discovery

Altogether I have taken eighteen bottles of
"Golden Medical Discovery," twelve of the
"Favorite Prescription," and five vials of "Pe-

my work without any pain whatever, and can
run with more ease than I could formerly walk."

valuable property for more than twenty
years, they having a patent for it,
but closed it down many years ago,
owing to the low price of silver.

For more than fifteen years past the
Carrolls have lived in London, but
now, with the increased railroad facili-
ties and a better outlook for the mar-
keting of the mine's product, J. E. Car-
roll has returned to reopen the mine,
as stated.

The Silver Cave mine has always
been known as a great producer of a
very high grade metal, and is well de-
veloped. Its owners have always re-
fused to lease it, although many tempt-
ing offers have been made. In years
past there is no doubt but that many
tons of fine metal have been taken
from the Silver Cave without the
knowledge or consent of those who
were its custodians. But now, with
Mr. Carroll on the ground, all will go
well and another enterprise started
to benefit Deming.

A Fine Lecturer.

Prof. D. M. Richards, in charge of
the preparatory department of the
New Mexico College of Agriculture and
the Mechanic Arts, lectured at the
Presbyterian church on the subject,
"Some Educational Ideals." Professor
Richards is an old resident of New
Mexico, having been identified with
education in the territory since 1891.
His lecture, which dealt with the needs
of the country through the public
school system, was replete with wise
and conservative advice and sugges-
tions as to the conduct of the same.
Professor Richards is a clear and able
thinker; his style is direct and lumin-
ous, and his manner of delivery ex-
ceedingly pleasing. His lecture was
one of the best ever delivered in Dem-
ing, and it is earnestly hoped that he
may find it convenient to visit us
again in the near future.—Headlight.

What is Foley's Kidney Cure?
Answer: It is made from a prescrip-
tion of a leading Chicago physician,
and one of the most eminent in the
country. The ingredients are the
purest that money can buy, and are
scientifically combined to get their ut-
most value. Alvarado Pharmacy.

The steel trust is going to hold the price of rails at the same old peg, \$28, during 1904.

A force of track layers was put on at Kennedy yesterday morning on the Santa Fe Central railway, and is working south.

Dr. N. H. Morrison, chief surgeon of the Santa Fe system, and Dr. M. W. Borland have arrived from Los Angeles and will spend several days in this city.

Harry Hobson, the well-known Santa Fe official, was at Las Vegas from Topeka, accompanied by John Barr of La Junta. He will visit Raton, Clayton, Folsom and other towns in his district.

R. J. Van Dyke, for a time cashier at the Castaneda and later at the Alvarado, passed through on his way to Chicago. Mr. Van Dyke is now living in El Paso. He says the Pass City is going ahead wonderfully.

A. A. Herren, of Finch, Ark., writes, "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." Alvarado Pharmacy.

General Manager W. S. Hopewell and party, in which are General Francis J. Torrance, Senator Andrews and many capitalists interested in the Pennsylvania Development company and Santa Fe Central Railway company, left Chicago yesterday morning in a special car via the Rock Island. They will go to Torrance and thence over the line of the Santa Fe Central railway to Antelope Springs.

Foley's Honey and Tar is peculiarly adapted for asthma, bronchitis and hoarseness. Alvarado Pharmacy.

The longest and most heavily loaded passenger train that has ever been hauled on the Santa Fe lines in California pulled out of the company's Los Angeles station a few minutes after the midnight of Friday, the day when President Roosevelt visited the Angel city. It was in charge of Conductor Will Farley, and carried a few more than 1,300 people. The train was made up of fourteen coaches and was drawn by two engines.

Foley's Honey and Tar contains no opiates and can safely be given to children. Alvarado Pharmacy.

The Denver & Rio Grande train came in last evening as a double header, bringing another eleven cars of steel rails for the Santa Fe Central railway, says the New Mexican. Two cars of steel were left at Buckman's as the load was too heavy to bring up the hill. About fifty more cars of steel for the Santa Fe Central are scattered between Antonio and Santa Fe. The narrow gauge equipment of the Denver & Rio Grande is wearing out so quickly that at one siding alone seven cars of steel are stalled because the cars on which the steel is loaded have broken down. The Denver & Rio Grande management contemplates changing its narrow gauge lines to standard gauge in the not distant future, and, therefore, is not disposed to replace its worn out narrow gauge equipment with new equipment until the lines have been standard gauged.

A Lesson in Health.
Healthy kidneys filter the impurities from the blood, and unless they do a good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder diseases. It strengthens the whole system. Alvarado Pharmacy.

HERE TO SEE MUDGE.
Colored Porters on Santa Fe Asking for Increase in Wages.

The colored train porters are the next body of Santa Fe employees to ask for an increase of wages, says the Topeka State Journal. A grievance committee composed of six men are in the city with the purpose of securing a conference with General Manager H. U. Mudge and laying their case before him.

The members of the committee are: C. A. Fox, western division; Grant Ray, Chicago division; W. C. Mallory, middle division; William Wilson, Oklahoma division; B. M. Davis, Colorado division, and Burrell Pope. C. A. Fox, of the western division, is the chairman of the committee.

The Santa Fe train porters are organized, but it is not thought that they are strong enough to gain recognition from the officials. From a legal standpoint the train porters have no organization, for they have not yet applied for a charter. In spite of this fact, however, the members of the grievance committee hope that the officials will do their part towards arranging a wage schedule that will be satisfactory to all. They ask that seniority shall be recognized and that the wages of the men shall be arranged according to length of service. They also think that merit should enter into the decision of the officials as to the wages that

should be paid to a porter. The porters say that \$45 is all that they receive now, and they think that that is not sufficient. One of the men said today that another request that they would make would be that an investigation should be held in case any porter got into trouble. He says that heretofore they have not been allowed an investigation but were discharged immediately.

Mr. Joseph Pomerville, of Stillwater, Minn., after having spent over \$2,000 with the best doctors for stomach trouble, without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. If troubled with indigestion, bad taste in the mouth, lack of appetite or constipation, give these Tablets on trial, and you are certain to be more than pleased with the result. For sale at 25 cents per box at all drug-lets.

Broke His Arm.
C. B. Smith, employed by the Santa Fe at Gallup, came in on the flyer last night and was taken to the St. Joseph hospital. He was suffering with a broken arm. It seems that Smith was on top of a freight car and the train broke in two and he plunged headlong to the ground. He was severely shaken up.

Wanted.
We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. G. G. Green, Woodbury, N. J. J. H. O'Reilly & Co.

TALKS ABOUT STRIKE.
J. J. Hill Discussed the Situation on Great Northern.

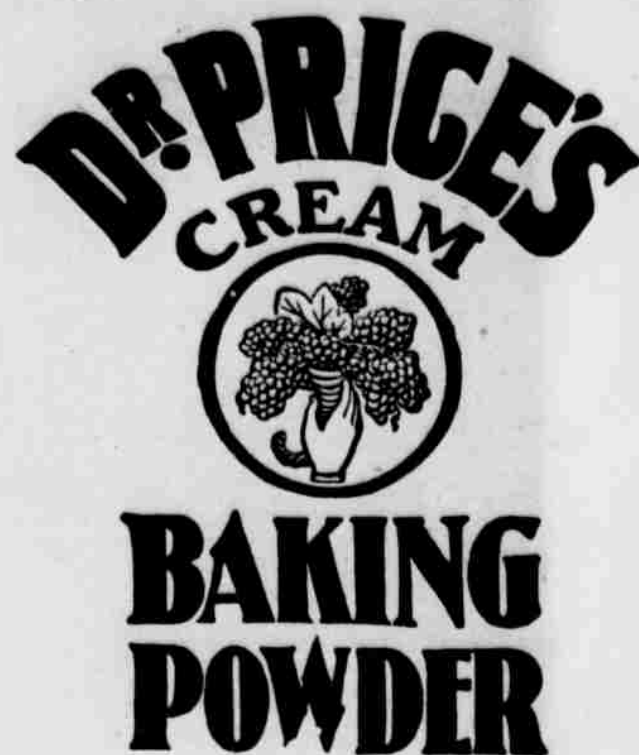

In an interview on the possibility of a strike on the Great Northern Railway system, President J. J. Hill said: "If the men have voted to authorize a strike I can see no common ground on which the matter can be further arbitrated. They will be obliged to accept the consequences of any action they may decide upon. Our information is, however, that the men are holding meetings for the express purpose of opposing the demands of the committee. I am quite sure they would not want to strike if left to act as they would of their own accord. The question is one which does not affect the Great Northern directly; ours is not a double-header road. Less than 3 per cent of our freight mileage is hauled by double-headers, and this includes the pushers, to which no opposition has been raised. About 1 per cent of the men who would be called upon to strike should the grand officers and men decide to declare one, would be directly interested in the proposition they would go out to vindicate. We have good trainmen, and have agreed to give them the increase in pay they ask, but if, without anything that affects them directly, they vote to go out, we don't want them to work

A LAST RESORT.

Pure Food Should Be the First.
When the human machine goes wrong it's ten to one that the trouble began with the stomach and can therefore be removed by the use of proper food. A lady well known in Bristol, Ontario county, N. Y., tells of the experience she had curing her only child by the use of scientific food: "My little daughter, the only child, and for that reason doubly dear, inherited nervous dyspepsia. We tried all kinds of remedies and soft foods. At last, when patience was about exhausted and the child's condition had grown so bad the whole family was aroused, we tried Grape-Nuts.

"A friend recommended the food as one which her own delicate children had grown strong upon, so I purchased a box—as a last resort. In a very short time a marked change in both health and disposition was seen. What made our case easy was that she liked it at once and its crisp, nutty flavor has made it an immediate favorite with the most fastidious in our family. "Its use seems to be thoroughly established in western New York, where many friends use it regularly. I have noticed its fine effects upon the intellects as well as the bodies of those who use it. We owe it much." Name given by Postum Co., Battle Creek, Mich.

for the road a minute longer. I don't think more than 1,500 would go out in any event."

Traveling is Dangerous.
Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much, suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. E. Hausan, locomotive engineer, Lima, Ohio, writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." Alvarado Pharmacy.

Given a Life Pass.
Jim Owens is the last Santa Fe employee to receive a system pass for thirty years of service. Mr. Owens is well known in Newton, as almost the whole of his thirty years service has been at this point. This means that he can board any train that runs on the Santa Fe and ride as far as he wishes between Chicago and San Francisco and Newton and the Gulf without asking anybody's permission. It is a nice custom to reward the old employee with these passes.—Newton (Kan.) Republican.

BOSTON'S BARBER REGULATIONS.
Board of Health Orders Sterilization of All That Barbers Use on Customers.

A special dispatch from Boston, May 5, 1900, to the New York Sun gives as new regulations of the Boston Board of Health as to barber shops: "Mugs, shaving brushes and razors shall be sterilized after each separate use thereof. A separate clean towel shall be used for each person. Material to stop the flow of blood shall be used only in powdered form, and applied on a towel. Powder puffs are prohibited." Wherever Newbro's "Herpicide" is used for face or scalp after shaving or hair cutting there is no danger as it is antiseptic, and kills the dandruff germ.

"Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents.

BUILD A 300-MILE BRANCH.

Santa Fe Has a Big Project on Hand in California.

The San Francisco & Northwestern road filed articles of incorporation in the office of the county clerk in San Francisco. By the articles filed it is evident that the railway is a branch of the Santa Fe system, the active men in the incorporation being prominently identified with the Santa Fe company. The corporation starts with a capital stock of \$15,000,000. The directors are Capt. A. H. Payson, assistant to the president of the Santa Fe company; H. D. Pillsbury, A. Moreton, W. A. Albertson, H. K. Gregory, all of San Francisco.

The amount of capital stock actually subscribed is \$300,000 of which sum Captain Payson has subscribed \$298,000. The principal place of business is San Francisco and the term of existence is fifty years.

The route of the railway is from Alton, Humboldt county, thence in a generally southern direction to Point Richmond, the terminus of the Santa Fe. The estimated length of the railway is 200 miles.

INSANE BOY

Found Running Wild in the Mountains About Ojo Caballo.

Two men came in from Ojo Caballo bringing with them an American boy 16 years of age, who was found run-

ning wild in the hills. The boy was turned over to Sheriff Cleofas Romero and placed in the county jail for safe keeping.

The men from the spring relate that the boy's wild cries had been heard in the mountains and were mistaken for those of a coyote. When captured he seemed to be without a glimmer of rationality, but later he talked sensibly enough, saying that he had worked for Barnes at Romeroville. During his mind wanderings he talked of a band of horses he had been driving.

An effort will be made to establish the boy's identity. He uses language that speaks of considerable education and polite breeding. He is very dark, but not bad-looking. Of his wanderings and history during his infrequent quiet moments he can tell little or nothing.—Optic.

Quick Arrest.
J. A. Gullidge of Verbena, Ala., was twice in the hospital from a severe case of piles causing twenty-four tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at all druggists.

SURE TO FIT

The privilege of choice from a lot of styles is equal to an extra ten per cent of value. All stores agree on this.

Do you realize that the "Queen Quality" shoe ORIGINATES NEARLY ALL THE STYLES of shoes worn by women?

"Queen Quality" is made in every possible style from original designs. In each style there is every size and shape for every kind of foot. We carry all this stock. It is practically impossible to produce a need for which there is not a "Queen Quality" shoe already designed and in our store today. And

THEY ARE ORIGINAL DESIGNS

found on no other shoe unless they are copied. It is equally impossible to produce a normal foot which we cannot accurately fit in this shoe. This is not true of other makes of women's shoes. With any other shoe you may or may not be fitted; but with "Queen Quality" you have nearly twice as many styles and far greater differentiation in size and shape. If you want a "glove" fit in shoes you can get it only in "Queen Quality."—remember that.

F. J. Otero, who was appointed sheriff of Sandoval county at a special meeting held last Monday, was in Santa Fe yesterday. It is understood that he will qualify before Judge McFie.

The regular meeting night of Federal Labor Union No. 10,957 has been changed from Saturday to Thursday night, and therefore will meet tonight at Carpenters' hall on West Gold avenue.

In the case of T. N. Wilkerson, trustee, versus M. G. Chase and M. M. Chase, the defendants through their attorneys, have entered a demurrer in the district court to the amended complaint.

Miss Grace Kennedy passed through the city last night from Santa Fe for Silver City, at which place she has accepted a position as stenographer in the office of the probate clerk of Grant county.

The school board of Gallup have elected Professor Decker of this city superintendent of the public school, vice R. R. Larkin, resigned. All the other teachers were reappointed except Miss Ritchie, who did not ask for reappointment, she being sick and at present in California. The present term has closed, and there is something over \$4,000 in the school treasury.

ury of Gallup. The superintendent receives \$125 salary per month, and the other teachers \$75 per month.

Ed Rosenwald of the dry goods firm of Rosenwald Brothers is reported to be quite ill.

Mrs. Hunter and son left today for McKinney's ranch in Hell canyon, where they will spend several weeks.

S. H. Elkins, of Santa Fe, was in the city last evening. He was en route for the southern part of the territory to look after mining matters. Mr. Elkins is a brother of Senator Elkins, of West Virginia.

Forest McKinley, the government timber inspector, is in the city today from the south. He visited the forests of the San Francisco mountain district. Mr. McKinley will go to Santa Fe tonight.

No. 2 train, that should have arrived from the west this morning at 8 o'clock, did not reach this city until after 5 o'clock this afternoon. The cause of the delay was at Gallup, where a freight train was derailed.

Those enterprising Kansas City gentlemen will be here tomorrow forenoon on their special train. Better take a peep around the depot, for there is going to be something doing. All the prominent Rio Grande farmers are to be on hand.

R. C. McClure, supervisor of the Gila river reserve, was in the city last night. He was formerly supervisor of the Pecos river reserve and had been up to Las Vegas to testify in the case of M. Romero, who is on trial in the United States court on the charge of cutting timber on that reserve.

Many in the city are looking forward with eagerness to next Sunday, when several hundred Presbyterian divines on their way to the general assembly at Los Angeles stop over in the city. In the morning the Presbyterians will hold services in Library hall and there will be a union service in the evening.

C. A. Hudson and wife, with their guest, Miss Austin, and Isaac Cox and wife returned yesterday after enjoying a few days' sojourn on the McIntosh sheep ranch in the Manzano mountains. They report having had a fine time, and were pleased spectators at the lambing now going on at the McIntosh ranch.

Mrs. Cheatham, wife of the genial manager of the Alvarado, left last evening on the private car "Central Mexican," with Vice President H. R. Nickerson, of the Mexican Central, and wife, for the City of Mexico, where she will be their guest for several weeks. It is probable that Manager Cheatham will go down for a short stay later on.

The Ladies' Aid Society of the German Lutheran church met yesterday afternoon at the residence of Mrs. Renner on West Lead avenue, and a royal good time was had by the ladies present. Mrs. Renner states that about sixty ladies partook of coffee and light refreshments, and the treasury of the church was somewhat increased by their liberality.

The funeral services of Rev. A. A. Maxfield, pastor of the African Methodist Episcopal church, who died yesterday morning, were held this afternoon at 3 o'clock at the undertaking rooms of J. W. Edwards. The services were largely attended. Rev. Mr. Porter read the prayer and scripture lesson and Rev. F. V. Fisher gave the talk.

The remains will be shipped tomorrow morning to St. Joseph, Mo., for burial.

Tucumcari Fight.

Monday morning at an early hour a fight was started in the Turf saloon at Tucumcari. The proprietor, John Brophy, tried to quiet the trouble when one of the fighters became abusive. Brophy struck the man, who drew his revolver and fired point blank at Brophy but missed. Brophy drew his revolver and fired six shots in rapid succession, three of which took effect. Brophy was formerly marshal at Clayton.

Death of Mrs. Melvin M. Israel.

Mrs. Israel, wife of Melvin M. Israel, died this (Thursday) morning about 3 o'clock, after a short illness of scarlet fever. The deceased was thirty-one years old. She came to this city about six months ago from New York. She was born and educated at Charlestown, S. C. The husband has the sympathy of all in his sad bereavement. WILL PROVE FATAL.

Henry Donaldson injured by a Train at French, N. M.

Henry Donaldson, one of the bridge building employees of the Rock Island railway, was conveyed to Trinidad yesterday morning, with his legs crushed and body badly bruised, a result of being run down by a train on a bridge at French, N. M. The unfortunate man was taken to the hospital, but was so weak from loss of blood and the pain of his injuries that Dr. John R. Espey, the C. & S. surgeon, did not attempt amputation of the injured limb, knowing that it would mean immediate death.

At a late hour last night Donaldson was not expected to live until morning. —Trinidad Advertiser.

Why
Pay as
Much

for an inferior beer?

Schlitz beer costs twice
what common beer costs
in the brewing. One-half
pays for the product; the
other half for its purity.

One-half is spent in
cleanliness, in filtering even
the air that touches it, in
filtering the beer, in steri-
lizing every bottle. And it
pays the cost of aging the
beer for months before we
deliver it.

If you ask for Schlitz
you get purity and age,
you pay no more than
beer costs without them.

The X-Rays.

Recent experiments, by practical
tests and examination with the aid of
the X-Rays, establish it as a fact that
catarrh of the stomach is not a dis-
ease of itself, but that it results from
repeated attacks of indigestion. "How
can I cure my indigestion?" Kodol
Dyspepsia Cure is curing thousands.
It will cure you of indigestion and
dyspepsia, and prevent or cure catarrh
of the stomach. Kodol digests what
you eat—makes the stomach sweet.

Bogus Money.

H. Rhea, who says he is a barber,
blew into town yesterday with some
bad money in his pockets. Last even-
ing he called on Pete Dinelli, the pro-
prietor of the Star saloon at 109 North
First street. Here he tried to pass a
\$10 bill made out on the State bank of
New Brunswick, N. J. Peter's eyes
were too good to be taken in on any
such game as this, and he called the

officers who placed Rhea under arrest.
Rhea this morning said he didn't
know but what the money was all
right; a drummer had given it to him.
Rhea claims New York as his home.
He will be given a hearing before
Judge Crawford this afternoon be-
tween 4 and 5 o'clock.

ASSAULTED BY UNKNOWN MAN.

A Cowboy the Victim of Malicious As-
saults.

Samuel Slaughter was badly clubbed
and beaten by two men unknown to
him at the Seventy-Six ranch in this
county on last Thursday, says the
Deming Graphic.

Mr. Slaughter, it appears, was at
the Seventy-Six ranch on his way to
the round up, and in the employ of
Robert Herrington, when the two men
rode up to the ranch and made Mr.
Slaughter's horse break loose. Mr.
Slaughter then asked them something
about the round up. The men then
asked Slaughter who he was working
for and when told that he was work-
ing for Herrington, the men cursed
Slaughter and Herrington, and wanted
to know of Slaughter if he had not
been warned not to work for Herrington.
Slaughter said that he had not; that
he had a large family; had lately
come to the country, and had to work
wherever he could get a job, and more-
over he would work for whoever he
pleased to work for. At this the men
became infuriated, and one of them
drew his six shooter while the other
man beat and bruised Mr. Slaughter
very severely with a club.

Mr. Slaughter came to town and had
a warrant issued for the men. He does
not know the names of the men, but
gave a description of them so that they
may be apprehended by the sheriff.

This kind of business is much to be
regretted by all good citizens who are
interested in the welfare of the coun-
ty, and the stock business.

After the above was set up, Sheriff
Foster returned, stating that as the
names of the men could not be learned
and no accurate description given by
which to identify them he was unable
to make any arrest.

DEMING SANITARIUM.

Names of Those Who Will Take Ac-
tive Part in Pushing Enterprise.

Some time past Judge Seaman

TATTOOING FOR HORSES.

Suggested as Better Than Branding as a Means of Identifying the Animals.

Owners of pure-bred registered animals are often bothered by the question of how best to mark them, to distinguish them in case they stray, and to establish their identity under any circumstances. The central experiment farm at Ottawa, Ont., suggests tattooing in place of the more usual branding. The branding iron not only frequently leaves an unsightly and disfiguring scar, but it fails to serve every purpose, since it indicates the owner rather than particularly identifies the animal. The tag and button devices commonly used in the ear are usually a source of annoyance, due to the aptitude they display for attaching themselves to everything they may be brushed against.

Various live stock associations, says the Springfield Republican, have devised at one time and another more or less ingenious, and less or more satisfactory devices to insure identification, but nearly all are open to the objection that they fail in a short time to serve the end in view.

Little German Bands.
Where do the "little German bands" come from? A writer in Blackwood's Magazine says: "Inhabitants of the northwest Palatinate generally are of a roving disposition. The shoe hawkers of Pirmasens, the brush dealers of Rumberg and the showmen and peddlers of Karlsruhe are to be met with all over the valley of the Rhine. But these must yield the palm in numbers and enterprise to the muskanten, of the Hartz mountains, who have made the whole world their own. They are not so often seen on the continent as they formerly were, but they go to England, the Cape, Australia, the states, Canada, Brazil, Argentina, and one band has ventured as far as Chili. I have known of only two bands that did not come from this district. The one was from Nassau, the other from Pforzheim, in Baden."

Honest New Zealanders.
The New Zealander is universally honest. Nobody tries to steal from travelers. Hotel room doors are never locked; many have no locks. Hats, coats and valises are left around indiscriminately, and the owners always find their property where they put it. Neither does the waiter, nor the bell boy, nor the chambermaid hold up a traveler. They do everything asked of them, and do it cheerfully. As there are no indoor robbers, neither are there many highway robbers, and the percentage of murders is very small.

DESERT PLANT RESERVOIRS.

A Species of Cactus That Stores Up Water in a Stronghold Within Itself.

Many a traveler in desert lands, when in danger of dying from thirst has been saved by the plant known as the water or fishhook cactus. During the moist season it stores up a large quantity of water for the subsequent dry one, when all the ground is parched with heat, and only channels filled with stones mark the course of former rivulets, says the Portland Telegram.

So well has this cactus provided for the safety of its precious liquid that it is no easy task to obtain it. The exterior skin is more impenetrable than the toughest leather, and, besides, it is protected with long wiry spines curved into hooks at the end, yet so strong and springy that if a large rock be thrown against them they remain uninjured. If the spines be burned off one may, by long and tedious effort, cut through the rind with a stout knife; otherwise nothing but an ax will enable him to get at the interior of this well-armed plant.

When the top is removed and a hollow made by scooping out some of the soft inner part, it immediately fills with water—cool and refreshing, though a blistering sun may have been beating upon the tough skin above it all day. The water when first obtained has a whitish or smoky tint, but when settled is as clear as crystal.

CURIOUS GERMAN COLLIES.

Now Breed of Dogs Whelped by Wolves That Are Superior for the Tending of Flocks.

German shepherds, having had difficulty in getting dogs that were not lazy and pampered, the German Collie club attempted to improve the breed. The best dogs in the country were collected and bred with wolves from the Ardennes, with the result that a stronger race of sheep dogs came into existence. Two specimens of these dogs have been brought to this country by Samuel W. Portyce, a St. Louis railroad man, who is a dog fancier. These dogs, says the New York Herald of recent date, are very much like the wolf in their appearance. They have the pointed ear, the keen eye and the restless ways of their wild ancestors. The elder of the two, Stella, is two years old and is of a tawny yellow color. Wolf is well-named, for he has all the characteristics of his grandfathers, a she wolf. He is nine months old. Both of the dogs have been trained to take care of sheep, and they can round up a flock in short order. Like the wolf, they refuse to sleep but in daytime and never so happy as when circling around their charges at night.

Bringing of the specimens to this country was attended with difficulty. They were purchased from shepherds in the neighborhood of Mannheim, who were not inclined to part with them until a large sum had been offered, as they said that animals of any real value were scarce.

DROPPED DEAD AT CHAMITA.

Horace Had Been Drinking Since Tuesday of Last Week.

F. B. Horace died very suddenly at Chamita Sunday evening about 7:30 o'clock as the result of a protracted spree. He had been drinking heavily since Tuesday of last week and on Sunday night entered the home of an Indian at Chamita with whom he was acquainted. While under the influence of liquor, he did not seem to be in physical distress but suddenly fell dead on the floor. Deceased had been a resident of the place for years, but had no family. He was well educated and made some money. It is said, by corresponding for eastern papers and often received remittances from relatives in the east. His two sisters in New York who are the only relatives known to survive him, have been notified of his decease, but the remains have been interred at Chamita pending the receipt of word from them. Deceased was about 73 years of age.

A Little Early Riser.
now and then, at bedtime, will cure constipation, biliousness and liver trouble. DeWitt's Little Early Riser are famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued or a few days, there will be no return of the complaint. Sold by B. H. Briggs & Co., S. Vann & Son.

Store Destroyed by Fire.
A correspondent of the White Oaks Eagle writes from Lincoln, says: Wharton's store was burned to the ground the other night. Walter Hyde and John Wharton arrested Francisco Analla for setting the store on fire; also arrested Timoteo Analla for assisting an officer. They were taken to Captain to have preliminary hearing. John Wharton tracked Francisco Analla from the store building to his home, got the horse he rode and also Analla's boots, which correspond exactly with the track made near the house; horse was tied at the creek, and then Analla took the horse home, riding

GREATLY ALARMED.
By a Prevalent Cough, but Permanent- ly Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burlage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burlage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured." Sold by all druggists.

The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

NEW MEXICO TOWNS

SANTA FE.

From the New Mexican.

George Berleth, who had one of his legs amputated several weeks ago, was able to be up town yesterday for the first time since submitting to the surgeon's knife.

A meeting of the new board of trustees of the First Presbyterian church was held at the office of Col. George W. Knaebel. The following members were present: Col. George W. Knaebel, Judge A. J. Abbott, H. F. Stephens, Prof. J. E. Wood, A. R. McCord, Colonel Knaebel was re-elected chairman and treasurer to serve out a term of five years and Mr. McCord was made secretary.

J. F. Leroy, of Detroit, a newspaper man who has been here for about nine months, had the misfortune to break his left arm. He was riding to Tesuque on horseback and was thrown. The arm was broken between the elbow and the shoulder and was set by Dr. Knapp.

The bad walk along the "cienega" will be responsible for this city becoming involved in a damage suit. Miss Mary A. Morrison, while walking on the walk a few days since had a severe fall. Another woman was walking in front of her and stepped on a loose plank which flew up and tripped Miss Morrison. Mrs. Frank Davis also fell on the same walk recently. The walk in front of the Bredeau place on Palace avenue is also badly in need of repair. It is fortunate for the parties concerned as well as for the city's finances that there was no serious result of either of the accidents. The next one to fall may not be so fortunate. The walks should be repaired at once as well as others in the city that need mending.

Caution!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. J. H. O'Reilly & Co.

JUDGE FOR YOURSELF.

Which is Better—Try an Experiment or Profit by an Albuquerque Citizen's Experience.

Something new is an experiment. Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back. A lame, weak or aching one. Would you experiment on it?

You will read of many so-called cures. Endorsed by strangers from far-away places.

It's different when the endorsement comes from home. Easy to prove local testimony. Home endorsement is the proof that backs every box of Doan's Kidney Pills.

Read this case:

W. R. Tripp, engineer at the Hotel Alvarado, residence 511 South Broadway, says: "If backache had been my only symptom of kidney trouble my case would probably have been very simple, but when there was added to it trouble with the kidney secretions the complications did not respond to medicine as readily as I expected. About once every year I had these attacks and the use of Doan's Kidney Pills procured at the Alvarado Pharmacy tied me over one which was only a successor of similar predecessors. For six months I have had immunity from the annoyance and if Doan's Kidney Pills can be depended upon to act as they did when they first came to my notice, I know what to use should an attack recur in the future."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

Oaks has always had the best public school in the county and this year's term has been especially profitable.

Thos. E. Keith, Curtis, Texas, and Judge Davenport, Tularosa, formerly of Eastland, Texas, long time friends, and at the same time, several years ago, county commissioner and county judge, respectively of Eastland county, met here in White Oaks. Mr. Keith is a Texas attorney and yet lives at Curtis; Mr. Davenport is interested in mines in Jicarilla and one of the owners of the Tularosa Democrat.

The Waste of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease set up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the whole-some food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by B. H. Briggs & Co., S. Vann & Son.

TULAROSA.

Too Great a Risk.

In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by all druggists.

DEMING.

From the Headlight.

Mrs. C. W. Causland, of this city, is very ill with the rheumatism.

Mrs. Edna Bitron, of this city, was on the sick list the fore part of the week.

Mrs. John Stenson left hurriedly for the Upper Mimbres last Saturday, being called to the bedside of her dying father.

Mrs. Carrie Marshall, who has been visiting relatives and friends in this city, left recently for her home in Silver City.

Mr. and Mrs. Chas. Howlett drove in from the ranch and spent several days of the latter part of the week in Deming.

Ellis Williams, who has been employed in the postoffice in this city for so long a time, has quit the job to take a more lucrative one at Clifton, Ariz. Miss Maud Clauson will now attend to the wants of all callers at the general delivery of the postoffice.

Dave Tullock, one of Grant county's most prominent stockmen, was in Deming this week making a delivery of cattle. While here Mr. Tullock bought a fine set of harness and other equipments from H. Nordhaus & Son.

Mr. and Mrs. Burnside, old time residents of Deming, left over the Southern Pacific for California and will in the future make Los Angeles their home. Miss Laura Burnside is to remain a while with old friends and her sister, Mrs. Wymen.

Mrs. Geo. Rutherford, daughter Edna, and niece, Miss Nellie Legge, from Morristown, Mo., are stopping at Al-Watkins. Mrs. Rutherford is a sister of Dr. Williams, who practiced here some years ago. She is here for her health.

On Tuesday evening of this week Mr. and Mrs. William Clifford, of this city, entertained a number of friends. The entertainment was given for their son, Oakley, and from all reports an enjoyable time was had by all. Games and music was the pastime of the evening.

Mrs. Frank Thurmond, who for the past three months has been visiting relatives and friends at Caddo and other points in the Indian Territory, returned home. As Mrs. Thurmond remained in the territory twice the length of time that she intended to at her departure she evidently enjoyed her visit.

LORDSBURG.

From the Liberal.

Mrs. D. W. Briel left on the west bound passenger train for a visit to friends in Los Angeles.

Rev. W. A. Dickey and wife left to attend district conference of the Methodist church held at Alamogordo. Miss Martha Wood accompanied them as a delegate of the Epworth league.

Dr. H. H. Stevenson and wife of El Paso, were passengers en route to the Pacific coast with a very sick child, that they hoped would be benefited by a change to a lower altitude. When near Separ the immortal spark of the little one took its flight to the presence of Him who said, "Suffer little children to come unto me." On arriving in Lordsburg the remains were taken in charge by the undertaker and the sorrowing parents, with the earthly remains of their little treasure, returned to El Paso.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre of Shepherdstown, W. Va., says, "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for croup, whooping cough, grip, pneumonia and consumption. Try it. It's guaranteed by all druggists. Trial bottles free. Regular sizes 50c, \$1.00.

The lecture and demonstration on wireless telegraphy in the Nodral library recently by J. Wellington Givens was highly interesting and instructive. The demonstration was successful, although the mechanism was too small to permit facility in reading the messages.

Rev. Norman Skinner will leave for Los Angeles to attend the sessions of the general assembly of the Presbyterian church. On his way east the gentleman will stay over at the Grand Canyon of Arizona for a few days.

J. McCauley, of Sidney, Nova Scotia, who travels out of Boston in the interest of Carter's licks, left for Albuquerque, after a few days in the city. The gentleman has recently returned from five years spent in England in the interest of his house. He says the coal and iron mines at Sidney, which are being developed by the powerful syndicate headed by W. C. Whitney, ex-secretary of the navy, are wonderfully productive and the town has quadrupled its population in ten years.

A Farmer Straightened Out.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Rayder, of Patters Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.' For sale by all druggists."

GRAYSON CASE.

Color & Company Say a Good Word For Grayson.

BELIEVE MISTAKE HAS BEEN MADE.

New York, May 14.—Moody Merrill, who was arrested here yesterday on a charge of grand larceny, had, according to the police, entertained in Boston Charles F. Grayson, the mining engineer who was promoting New Mexican mining properties. Grayson died while Merrill's guest and when the latter decided to go to New Mexico and take up mining he assumed Grayson's name. In New York Merrill was also known as Grayson. He made his headquarters at the banking house of W. N. Coler & Company. W. N. Coler, Jr., said today:

"It seems to me we have been dealing with Colonel Grayson at least fifteen years. Now, if the story in the newspapers about his disappearance from Boston ten years ago is correct, it would seem to bear out the statement that he assumed not only the name, but the business of a dead friend."

"We found Colonel Grayson a man to trust, and I will always trust him. He has handled hundreds of thousands of dollars for us, which he could have stolen if he were inclined. Grayson is one of the leading financiers of the southwest."

Mr. Coler added that he would help the man if he could, for he believed a mistake had been made.

THE GRAYSON ARREST.

Silver City Banker Arrested in New York City.

A New York dispatch says that Moody Merrill, a former Boston lawyer, was arrested here today on a charge of grand larceny and was held for examination on Friday. The arrest was made at the request of the Boston police, the charge being the larceny of \$19,000, said to have been held by him in trust, for which offense he was indicted in Boston on January 23, 1903. Merrill has been an exile from Boston for nearly ten years. He once had a high reputation in business, politics and society.

After Merrill left Boston it became known that he was being known as Charles F. Grayson. He went to Silver City, N. M., and established himself in business there, became president of a national bank, interested himself in territorial politics, was appointed one of the regents of the territorial normal school, established himself as the territorial agent of Senator Calvin S. Brice and of the firm of W. H. Coler and company of New York, made money and a reputation for himself, went to Washington to oppose the reappointment of Governor Otero, and was one of those interested in urging the admission of New Mexico to statehood, and has been a figure of prominence not only in Washington but in New York. It is said that he has never set foot in Boston since his departure, but he appears to have cherished the hope of some time doing so. Much mystery seems to attach to his arrest at this time.

It is learned that Mr. Grayson has disposed of his banking interests in Silver City.

Whatever he may have been in Boston, Charles F. Grayson was a good citizen of New Mexico, and he has a host of friends in this territory who hope that he may disprove the charges brought in Boston.

CONSUMPTIVES SENT TOO LATE.
Denver Physician Sharply Comments on Mistakes of Eastern Colleagues.

Dr. J. N. Hall, of Denver, in a paper read by him before the American Therapeutic society at Washington on the subject of "Altitude Treatment," scolded certain physicians heavily for recommending the Rocky mountains to their patients without a thorough examination of their symptoms. He said many patients with advanced lung trouble have been sent to high altitudes with positive knowledge on the part of physicians that they could not live a month.

Upon the stage of the disease, he said, depended the beneficial results of mountain air. It was a fact that a large percentage of physicians with tuberculosis were cured in the Rocky mountains. This was explained from the fact that physicians early fell into expert hands and were sent west promptly. If patient with a cough were sent to the mountains, there would be more well men and fewer diagnoses of consumptives.
