ALBUQUERQUE, NEW MEXICO, WEDNESDAY AFTERNOON, MAY 13 1903

NUMBER 452

THE SITUATION GROWS WORSE

General Strike Inaugurated By Denver Unions.

HACKMEN STRIKE AT A FUNERAL

Bloody Encounter Between the Strikers and Troops in Chile.

Denver, May 13.—The beginning of what may prove to be a general strike of all the unions in the city was inaugurated this morning when 200 cooks, 600 waiters, 500 butchers and 160 bakers were called out. The order to strike came at 7 o'clock, and breakfast was not served in the union restaurants after that hour. The butchers who walked out include those employed at the stock yards and many of the meat markets in the city. The bakers were called out from not only the houses deemed unfair, but also those against which labor has no grievance.

Including teamsters who are already out, there are now about 2,200 men on strike.

The unions agreed not to picket the places where the men are called out. A joint executive committee of organized labor has issued a statement to the public this afternoon giving the labor side of the controversy. A mass meeting of delegates to the central labor bodies has been called for tonight.

Strike at a Funeral.

Toledo, O., May 13.—During the funeral services over the remains of Mrs. Mary Kamm here, the drivers of hacks struck and refused to work because the hearse was driven by a non-union man. The officiating undertakers filled the strikers' places just in time to prevent a scene, as the casket was being taken to the hearse.

Bloody Encounter in Chile.

Santiago de Chile, May 13.—The strike of dock laborers at Valparaiso is becoming more serious. The strikers after setting fire to the quay as well as to the offices of the South American Steamship company, had a number of encounters with the police, during which ten persons were killed and 200 injured. A detachment of 3,000 troops has been dispatched to Valparaiso to quell the disorder. The government has refused all offers to compromise the difficulties, and is determined to adopt the sternest measures to restore order.

Martial Law Proclaimed.

Buenos Ayres, May 13.—Advices received here from Valparaiso say that martial law has been proclaimed there as a result of the rioting. Forty men are said to have been killed and many injured. The rioters have set fire to a number of warehouses, in addition to burning the premises of the South American Steamship company. Troops are patrolling the streets of Valparaiso.

Strike in Alabama.

Mobile, Ala., May 13.—A local freight left over the Mobile & Ohio this morning, manned by non-union men brought to Mobile to take the place of the strikers. During the past two days forty non-union men have been brought here and the majority of them have gone to work. The railroad officials say they will have all trains running as usual in a short time. No violence of any kind has occurred at Mobile and none has been reported today from anywhere on the line.

Trying to Arbitrate.

New York, May 13.—Members of the arbitration committee of the National Civic Federation held their semi-annual meeting in this city today. It was an executive session. It was announced that the labor situation throughout the country would be discussed, but the local labor situation would not be touched on, except possibly in an incidental way. The meeting was called to order by Senator Hanna, and those present were Archbishop Ireland, Oscar Straus, President Elliot of Harvard, Lewis Nixon, H. H. Vreeland, John Mitchell, Samuel Gompers, Col. John W. Cook, John W. Madden, James Durren, Cornelius N. Bliss, D. J. Keith, Charles H. Taylor and Ralph M. Easley, the secretary of the national organization.

Return to Work.

New York, May 13.—Pending the arbitration of their grievances most of the 6,000 strikers returned to work on

the subway today. Twelve hundred members of the union of the rockmen and excavators refused to obey the instructions of their president to return to work. Their reason was that if they did so they would be assessed for the support of other members of their union who are on strike from various buildings.

Injunction Extended.

Jackson, Tenn., May 13.—Judge Hammond today granted a continuance until next Monday in the injunction proceedings against the striking employees of the Mobile & Ohio railroad upon application of counsel for the defendants.

A. J. Sampson, the sugar beet man from Rocky Ford, Colo., who has been confined to his room at the Alvarado hotel for three or four days, was able to be out for the first time this morning.

FIELD DAY.

Athletics, Base Ball and Track Meet at University.

ALBUQUERQUE, MAY 29.

The University of New Mexico, which is located in this city, takes the initiative in creating a closer alliance among the leading educational institutions of our territory through the medium of athletics. Today as never before in the history of our colleges and universities athletics are recognized as an incentive to higher educational work and sturdier manhood, and as such is receiving the support of the American people.

On May 29 the Las Vegas State Normal, Las Cruces Agricultural college and the University of New Mexico will compete for honors in this city on the university grounds. The faculty and students of University of New Mexico should receive the highest commendation for their active efforts in bringing to our city the first territorial field day even, and Albuquerque people should give hearty support and co-operation in making the event a successful one.

Baseball will be the event for the morning meet and in the afternoon the following field events:
One hundred yard dash.
Two hundred and twenty yard dash.
One-half mile run.
Two hundred and twenty yards low hurdles.
One hundred and twenty yards high hurdles.

Running broad jump.
Running high jump.
Standing broad jump.
Standing high jump.
Pole vault.
Hammer throw.
Shot put.
Discus throw.

Ambassador Choate's Son to Wed.

London, May 13.—Mrs. Choate, wife of the ambassador, and Miss Choate sailed today for the United States to attend the wedding of Joseph Hodges Choate, Jr., and Miss Cora Oliver the latter part of this month. The ambassador is much disappointed because his officials duties here will prevent his attending the wedding.

Albany, N. Y., May 13.—The wedding of Joseph Choate, Jr., and Miss Cora Oliver will take place in this city and will be a notable event. The bride elect is the daughter of General Robert Shaw Oliver, one of Albany's richest and most influential men, widely traveled and a famous wit. Miss Oliver's grandfather was General Rathbone, and her aunt, Miss Alice Rathbone, who was a great beauty, was married to William Phelps Snow, of New York.

Joseph Choate, Jr., was an honor man at Harvard, is a celebrated golfer and is a fine, stalwart type of American manhood. He has been in ser-

vice as Third Secretary of the American Embassy in London, and is on an indefinite leave.

Commissioner Miera Not Present.

The Democrat, in its issue of Tuesday morning, stated that all members were present at a meeting of the board of county commissioners of Sandoval county held at Corrales on Monday. The assertion is incorrect. It was not a regular meeting, but a special one, and E. A. Miera was not present. At the request of friends the Citizen makes the correction, and the records of that special meeting, as prepared by Clerk Hovey, will not show Mr. Miera present as published by the democratic sheet.

Hart and Gardner to Meet.

Louisville, Ky., May 13.—The Southern Athletic club expects to seat an immense crowd in the Auditorium tonight when Marvin Hart of this city and George Gardner of Lowell come together for a twenty-round bout. The two fighters are considered among the best of the light heavyweights. With the exception of Hart, Gardner has won over every prominent aspirant for championship honors in his class. Hart likewise has a long string of victories to his credit and the result of tonight's meeting between the two is awaited with interest by followers of pugilism throughout the country. The men will meet at catchweights, which is regarded as a slight advantage to Hart.

Opens with a Pageant.

Anderson, Ind., May 13.—Fifteen thousand visitors were in this city today when annual state encampment of the G. A. R. opened. These visitors include the delegates to the Ladies' Aid Society, the Women's Relief Corps and the Ladies of the G. A. R., all of which organizations are holding their respective annual meetings here at this time.

The main feature of the days' program was the parade and grand review. Fully 3,000 persons were in line. The parade was concluded at the Anderson Hotel, where the uniformed bodies passed in review before Governor Durbin and staff, Department Commander Star, Mayor Forkner and other persons of note. A number of meetings and reunions were held during the day by the various regiments, companies and the different affiliated bodies. This evening there is to be a civic parade for which preparations have been made on a most extensive scale.

A special meeting of the Lead Avenue Methodist Episcopal church will be held at the church Thursday afternoon at 3 o'clock. Important business is to be discussed and all the ladies of the church are cordially invited to be present.

MEMORIAL DAY.

G. K. Warren Post No. 2, Appoints Committee of Arrangements.

PATRIOTIC PEOPLE WILL ASSIST.

Memorial day in Albuquerque is to be observed in a fitting manner, one that will do justice to the progressive city and to the memory of the fallen heroes.

Last evening G. K. Warren post No. 2, G. A. R., met and appointed the following committee of arrangements: Post commander J. W. Edwards, Commanders E. S. Stover, A. Harsch, Joseph N. Warner, L. Clark and David Denham. Attorney R. W. D. Bryan has been chosen speaker of the day. The committee and the Woman's Relief Corps will meet soon and complete the program. The citizens must do some work attendant upon such an event, as the old veterans are fast passing away. The labor should not only be done from a sense of duty, but out of loving remembrance and appreciation of what the noble dead have done to unite the people, protect the homes and insure the prosperity that we have so abundantly enjoyed. Should we regard the time or pains it requires when we think of a father or brother who gave his life? Instead it should impress us with how little we can do toward commemorating the lives and deeds of the departed comrades, who gave their richest gift to the cause they loved. Then again, how feeble is our patriotism compared with the grizzled veterans who faced shot and shell, sickness and imprisonment to preserve this grand and glorious nation. Let every one put their shoulder to the wheel and aid in perpetuating this occasion.

The Citizen will print from time to time the arrangements that the committees are making, so that its readers will know every detail that is to be carried out on that day. Every patriotic man, woman and child should be up and doing as the time is short.

HORROR IN RUSSIA

Jews of Kishineff Massacred by the Hundred.

KING EDWARD IN EDINBURGH

Grand Army of Indiana Holding Rousing Annual Encampment.

MICHIGAN PYTHIANS HOLDING MEETING

St. Petersburg, May 12.—Additional details of the Kishineff massacre of Jews are printed here daily. The correspondents give the number of victims thus far buried in the Jewish cemetery at forty-four, and say that eighty-four persons seriously wounded are still in the Jewish hospital. The horrors reported scarcely bear repetition. In one instance spikes were driven through a woman's head in the floor, and cases of bodily mutilation have been authenticated. About 800 to 1,000 persons were arrested, an energetic official having been sent from Odessa to deal with the situation. The apathy of the local authorities during the two days of rapine and murder appears to have been fully established.

THE CRESPIN HANGING.

What Was Discovered in the Case After Investigation.

VERDICT OF CORONER'S JURY.

The coroner's jury, investigating into the causes which brought about the death of Acacio Crespin, found hanging by the neck and dead, at Sandoval, Sandoval county, yesterday morning, returned the following verdict late in the afternoon:
Territory of New Mexico, County of Sandoval, May 12, 1902.
We, the undersigned members of the coroner's jury are of the opinion that the body of Acacio Crespin, who was found hanging from a rope around the neck, according to the information of those who took him down, is that the said Acacio Crespin was already dead before he was hung in the cellar, and that is our opinion, together with that of the justice of the peace, Juan Mondragon, of precinct No. 1, of the county of Sandoval, who was called to examine said body in the absence of the justice of the peace of Corrales.

Signed—Juan Mondragon, justice of the peace; Jose de Jesus Lopez, Pablo Griego, Salome Garcia, Jose G. Gutierrez, Alencio Perea, Ramon Gutierrez, coroner's jury.

Yesterday afternoon, when the news of the finding of the dead man, hanging in the wine cellar at the fruit ranch of Hon. E. A. Miera at Sandoval (Corrales), was telephoned to this city, a Citizen representative, with Sheriff T. S. Hubbell, Hon. Alejandro Sandoval and V. S. Miera, left the city for the scene of the tragedy.

On arriving at the Ignacio Gutierrez store, Fred J. Otero, who had the day before been appointed sheriff of the new county, and his deputy, Tomas Werner, were present, having driven up from their homes in Albuquerque a few hours previous, but unaware of the hanging until so informed by Mr. Gutierrez. Mr. Otero, not having qualified as sheriff telephoned meagre facts to District Attorney Clancy. In this city, and on securing certain information from that gentleman, placed a guard of three men at the wine cellar and then sent a messenger to Bernadillo for Justice of the Peace Mondragon, the magistrate of Sandoval, Jose Leon Gutierrez, being absent on the Rio Puerco.

In the meantime Sheriff Hubbell and party passed on to the Miera place, better known as the old Louis Imbert ranch, and then entered the cellar, the sheriff first picking up from the ground, nearby, the padlock of the door of the cellar.

The telephone message to this city, a few hours previous, was then verified by facts, for hanging from the center beam of the cellar, between a barrel and a huge post, a little to the right

of the foot of the steps, was the lifeless body of a man, and he was recognized by V. S. Miera, brother of E. A. Miera, as Acacio Crespin, manager and overseer of the latter's fruit ranch.

No one in the party touched the body or anything surrounding it, but each examined the premises, especially the cellar, minutely.

It was discovered that a one-quarter inch rope, which had seen usage, was used in hanging; that one end of the rope had been carried through an opening between the ceiling and center rafter, and then knotted in a skillful manner, the knot being known as the "sailor's twist;" the noose around the neck was very loose, but still the head was found to be drawn backward and almost down on the shoulders.

The man's arms were partially stretched out in front, and he was hanging, as stated above, between a barrel and the first center post in the cellar.

It was evident that the barrel had been moved conveniently about a foot, and there was still dust on the top of the barrel, with no foot marks thereon. On the right side of the barrel

Continued on page four.

King Edward in Edinburgh.

Edinburgh, May 13.—The second day of King Edward's visit to the Scottish metropolis was a busy one, beginning at 10 o'clock this morning with an inspection of the Black Watch in Dalkeith Park and ending at a late hour in the afternoon with the formal opening of a new hospital at Colinton. After the inspection of the Black Watch, and the presentation of South African medals to the officers and men of that regiment the king and Queen left Dalkeith for Holyrood House, where they took lunch. The decorated streets of the capital were crowded with spectators and their majesties met with joyous acclaim.

In the afternoon the king and queen visited Edinburgh Castle, St. Giles' Cathedral and the Royal Infirmary, where the king presided at the opening of the new pavilion. The drive to Colinton Mains was made by way of George IV. Bridge and Lauriston and the return trip to Dalkeith by way of Braid Hills and Gilmerton, without returning to Edinburgh.

Michigan Pythians in Session.

Saginaw, Mich., May 13.—Saginaw is gay with flags and the emblems of the Knights of Pythias in honor of the delegates to the annual grand lodge meeting of the order in session here. All sections of the state are represented at the meeting, which is one of the largest ever held by the grand lodge. Business sessions were held today and will be continued and concluded tomorrow.

RAILROADS PROGRESSING.

Santa Fe Central, Cut-off and Albuquerque Eastern People Hustling.

SANTA FE CENTRAL INSPECTION.

Railroad work is being pushed all over the territory and in the next few years New Mexico will have thousands of miles of track for the iron horse to run over.

Down at Belen, the Citizen representative is informed, things are rushing out along the new line. Five miles of permanent track is laid east from the river, and the grading to the mountains is almost completed, although some work with the steam shovel is still being done near the river. Out in the canyon there are 450 men at work and the dirt and rock is flying at a great rate. The big cut, 130 feet deep, is getting well along toward completion. Out at the Abo canyon there are within a distance of three miles seven big steel bridges of varying lengths. The number of bridges necessary and the immensity of the excavations makes it evident that the building of the cut off is going to cost a great deal of money.

Already fifty miles of track has been laid on the Santa Fe Central, and the track is past Progresso. In a few days General Manager Hopewell and capitalists from the east will arrive and inspect the new road. The work is being pushed as rapidly as possible and some work is being done on the Kennedy end of the line. On the Albuquerque Eastern eight miles of grading has been completed out of Morlarity, and the camps are to be moved further out from that town in a few days. The two grading camps that have been maintained at Kennedy for some time on bridges and surface work will be moved shortly over to the eastern grade. The town of Morlarity is getting there in a way that augurs well for the future. It will be one of the towns on the new road.

FRISCO FETES THE PRESIDENT

Roosevelt Receives a Grand Ovation.

INVESTIGATING MISSOURI CORRUPTION

Woodmen of the World Elect National Officers.

San Francisco, Cal., May 13.—President Roosevelt arose early this morning, and at 9 o'clock was in a carriage with Mayor Schmitz and a few moments later, escorted by a squadron of cavalry, proceeded to the Native Sons' hall. Here a large crowd of Native Sons and Daughters and many pioneers, who arrived in California before Roosevelt was born, greeted him. He was presented with a souvenir of solid gold, which he accepted with a few words of thanks.

Afterwards he was driven through Van Ness avenue, where all school children in the city were lined up in two lines who cheered furiously and waved flags as the president was driven through the lines. A review of United States troops at Presidio followed. Luncheon was served at the famous Cliff house. This evening the president will deliver the address of his visit at Mechanics' pavilion.

HOLBROOK POINTERS.

A Town Noted for Big Shipments of Cattle and Sheep.

FEW NOTES OF GENERAL INTEREST.

Two-thirds way between Albuquerque on the Rio Grande and the San Francisco mountains, whose towering, symmetrical, snow-clad peaks form the first bit of eye-resting scenery which greets the transcontinental tourist after leaving the Rio Grande valley on the Santa Fe route to cross the great desert of the west, is to be found the enterprising town of Holbrook.

It is small in proportion but great in importance from a commercial standpoint. Holbrook is commercially important from the fact that it is the distributing point for people living in a scope of country grazed over by thousands of sheep and cattle, 150 miles to the north and as far to the south.

To the south of Holbrook leads the Fort Apache trail for wagon routes of commerce to several Mormon towns and Fort Apache. At the fort are stationed two troops of cavalry and one company of infantry. They get their supplies from Holbrook, where they are shipped by the government. The Fort Apache trail, well known to the veterans of the plains because of its early day tragical history, is still the scene of the high-topped stage coach like army ambulances and the mule team freight wagon. And it is a hard trail. The first thirty miles after leaving the railroad is a burning scope of sand without a single watering place.

The first place reached where water can be found is Snowflake, a slight depression in the desert, natural and without an outlet. It is in reality an oasis; vegetation thrives for the planting. It is a Mormon settlement of about 700 peaceful, sturdy and honest followers of Joseph Smith and his sect. They till the soil and seem content with the little world in which they live. They thrive, it seems, in their seclusion; raise large families, and some are quite wealthy in worldly goods, owning flocks of sheep and herds of cattle. In no instance do they practice polygamy.

On the Apache trail are several Mormon towns, but none as large as Snowflake. To the north of Holbrook is the Moki Indian reservation and several small towns.

It is estimated conservatively that 10,000 people secure their supplies through the six or eight stores at Holbrook. It is also a large wool shipping point, but not the headquarters of many cattlemen, as in former years. When the Santa Fe built into Holbrook in 1881, and for some time after the terminals were there, then it was a cattle shipping station.

Cattle were driven to Holbrook in those days for shipment from all over Arizona, New Mexico and even Mexico and California.

It was a lively place in those days.

Money was plenty, and so were corpses. It was nothing of note for a cowboy to be killed in Holbrook in the years between the advent of the railroad and 1888, and not such a great event the several years following. In June of the year 1888 the town, with the exception of a few buildings north of the railroad, went up in smoke. That fire was a blow from which Holbrook never fully recovered. Part of the town was rebuilt, but not half of what burned. Where there were ten saloons before the fire, there is one now, and the same ratio may be applied to the amount of money and people to be found there then and now.

But Holbrook is still important. It will always be the source of supplying the people of the country over which it now rules. And it may grow. The petrified forest of Arizona, the greatest yet discovered, is best visited out from Holbrook. Tourists are learning this, notwithstanding the people of Holbrook have made no effort in this line. It is seventeen miles to the forest from Holbrook, that is, the center of attraction; the part of the scope of country over which the petrified wood is found. Almost entire trees of petrified wood can be found within a mile of the town.

Investigating Legislative Corruption. St. Louis, May 13.—Senator John F. Morton of Ray county and Former Senators James M. Rollins and Charles Schweickart of St. Louis were the principal witnesses today before the grand jury that is investigating the legislative boodle charges.

Officers Woodmen of the World. Milwaukee, May 13.—The Woodmen of the World today elected officers as follows: Sovereign adviser, F. A. Falkenberg, Denver; sovereign banker, Congressman Morris Sheppard, Texarkana, Tex.; sovereign clerk, John T. Yates, Omaha; sovereign watchman, B. W. Jewell, Omaha; sovereign escort, H. E. Simrall, Mississippi; sovereign sentry, D. E. Bradshaw, Little Rock; sovereign physicians, Drs. Ira W. Porter and A. D. Cloyd, Omaha. Sovereign commander, J. C. Root of Omaha holds over for four years.

Pastor Maxfield Dead. Rev. A. A. Maxfield, pastor of the African Methodist Episcopal church on West Coal avenue passed over the great divide this morning for his reward in the great beyond. He died about 6 o'clock, after a long illness extending over many months, from Bright's disease.

Pastor Maxfield had presided over the church in this city for two years, and was an able leader. He was popular with all and his death brings to a close a life which had been spent for the upbuilding and enlightenment of his race. He was forty-six years old, and is survived by a wife, who has the sympathy of all in this sad hour. No time has yet been set for the funeral, which will be held at the undertaking rooms of J. W. Edwards. The body will be shipped Friday to St. Joseph, Mo., for burial.

The Buzzi Concert. St. Mary's hall last evening contained an audience that was pleased with the great operatic concert given by the distinguished Italian tenor, Chev. Pietro Buzzi, who was assisted by Mrs. Cuneo, Mrs. Hamm, Miss Adele Damiani and Professor Di Mauro.

The Italian band was present and rendered several selections which added to the pleasure of the evening. Chev. Buzzi, of course, was the chief attraction and he certainly took the "bun." He delighted all with his work. He sang lullabies in German and French, sacred music in English, things from Verdi and even Nevin and a solo from Florida. He closed the program with a version of the fourth act of Lucia de Lamermoor. Chev. Pietro Buzzi is certainly a great lyric tenor, and what the press of this country and Europe say about him is correct.

Manager Switzer of the Harvey curio and museum is in Santa Fe today on business.

Spring Winds Are Disagreeable!

They cause your face and hands to chap. Our Almond Benzoin and With Hazel Cream is a WONDER Ladies become enthusiastic over it. If you haven't tried it, do so.

The Daily Citizen will be delivered
in the city at the low rate of 20 cents
per week, or for 60 cents per month,
when paid monthly. These rates are
less than those of any other daily pa-
per in the territory.

SUBSCRIBERS will confer a favor on
The Citizen by notifying us immedi-
ately of any non-delivery of the pa-
per.

The people of New Mexico carry life
insurance to the amount of \$345,551.
Of this, Albuquerque carries \$61,880.

There are in the United States over
200,000,000 fruit bearing apple trees,
producing annually 176,000,000 bushels.

According to the last census, the In-
dian population of the United States
increased 16,713 between 1890 and
1900.

Steam transports having a capacity
of 900,000 bushels of wheat each will
soon be plying between the Pacific
coast and Japan.

According to a census bulletin the
proportion of population on the At-
lantic seaboard is steadily diminish-
ing, as compared with the middle west.

The El Paso Times says that it is
now settled that prize fighting will
never be allowed on the Mexican bor-
der, since the zona libre is to be made
a part of the federal district of Mex-
ico.

The Colorado State Forestry As-
sociation will put forth an extra effort
to save the timber of the state from
pillage and fire. There are now only
about 6,000 square miles of timber in
the state.

The eastern money power want a
bump on a log for president, so that
their grasping schemes against the
people will not be checked. This is
why the corporations are booming
Cleveland.

Railway wrecking cranes are now
made with a capacity of fifty tons.
Such cranes will lift a loaded freight
car, the smaller engines and even large
engines when the easily detached parts
are removed.

Keep the streets sprinkled. There is
nothing that disgusts a traveler or a
sightseer more than to be fed on dust
and invisible microbes. Well kept
streets is one of the best advertise-
ments that a town can have.

New Mexico will enter the fight for
statehood at the next session of con-
gress. This territory does not desire
any combinations on the statehood
question with Arizona, further than to
work for the admission of both as sepa-
rate states.

The Giant Cereus of Arizona and
Northern Mexico is the largest grow-
ing member of the cactus family, at-
taining a height of sixty feet and a
diameter of two feet or more. In the
United States it is usually known sim-
ply as the "Giant Cactus."

The greatest dam ever built for the
production of power is that building at
Spier Falls, on the Hudson river. It is
of granite, 1,800 feet long and 156 feet
high. Ten steel tubes having a diam-
eter of twelve feet will lead water to

PURE BLOOD.

Proper care of the stomach will re-
sult in the making of plenty of rich,
red blood and the upbuilding of the en-
tire system. If your stomach is dis-
ordered and the blood impure take a
few doses of Hostetter's Stomach Bit-
ters. It is the best stomach medicine
and blood purifier in the world, and
will also cure Dizziness, Belching, In-
digestion, Dyspepsia and Malaria. Be
sure to try it. For sale by druggists.

HOSTETTER'S
STOMACH BITTERS

It seems to have changed all its
natural qualities, and to have become
a part of the supernatural. The seem-
ingly contradictory qualities of liquid
air make one of the most curious
things of science today. For instance
it will freeze alcohol, but melt steel;
will freeze a flame over which it has
been placed, but boil violently if set
upon a block of ice. It is so cold as
to make everything else seem hot by
comparison, but on the other hand,
so hot that everything that touches it
boils it and evaporates it.

ADVICE TO NEW MEXICO.

Everybody is giving advice to this
territory, and the following is from the
St. Louis Globe-Democrat:

"President Roosevelt told the people
of New Mexico when he was there a
few days ago that they ought to use
their best endeavors to reclaim all the
arid lands, and to do this at the earli-
est practicable moment. New Mexico
is near the center of the arid region.
There can be no doubt at all that there
will be room in that big territory for
1,000,000 or 2,000,000 people just as
soon as its lands are rendered fit for
cultivation. Irrigation is its great need,
as the president pointed out. Naturally
the sooner this is had the better it will
be for the people of that locality.

"Irrigation would bring an inrush of
settlers from the rest of the west and
from Europe, and this, of course,
would insure admission to statehood
very quickly. The old Mexican element
of the population of the territory would
soon be put far in the minority if there
should be an influx of settlers from
the rest of the country. The thing
which would bring this condition
would be irrigation. New Mexico's
mines alone will not give that territory
anything like the number of people
which it will need in order to place it
among the great and progressive com-
munities of the west. Agriculture
would do this, and agriculture on any
large scale is impossible in the terri-
tory as a whole under present condi-
tions.

"The national irrigation act, which
was passed in 1902, and which receiv-
ed President Roosevelt's signature, is
capable of accomplishing much for
New Mexico, as well as for the whole
of the arid region. Let the people of
that locality arouse themselves to the
importance of assisting the govern-
ment's agents in the work of reclaim-
ing the arid lands. The people can do
much toward bringing the change in
conditions which will make their com-
munities desirable places for the set-
tlement of farmers and fruit raisers.
The country is interested in diverting
to its own idle acres the tens of thou-
sands of Americans from the middle
west and the far west who are now
drifting across the border into Canada
every year, and irrigation will do this.
New Mexico's salvation, in a very de-
cided degree, is in the hands of its own
citizens."

PRESS OF NEW MEXICO.

The El Paso News says:
"New Mexico has four excellent daily
newspapers, that print the Associated
Press news, one at Santa Fe, two at
Albuquerque and one at Las Vegas,
where a second daily has just been
established. There are several dailies

Love is unequally
yoked with sickness.
Labor is lightened by
love, but love cannot
lighten pain or relieve
it. Many a man looks
on at his wife's suffering
willing to do anything
to aid her and able to do
nothing.

Sometimes, however,
the husband's attention is directed to
Dr. Pierce's Favorite Prescription and
its remarkable cures of womanly dis-
eases. He may not have much hope of
a cure, but he is led to try the medicine,
with the result that in almost every case
there is a perfect and permanent cure.

Dr. Pierce's Favorite Prescription cures
irregularity. It dries the drains which
weaken women, heals inflammation and
ulceration, and cures female weakness.
As a tonic for women who are nervous,
sleepless, worn-out and run-down "Fa-
vorite Prescription" is unequalled.
"In answer to your letter I will say, my wife
commenced to complain twenty years ago,"
writes Lewis A. Miller, ex-Chief of Police, of 33
Prospect St., Westport, Pa. "We have tried the
skill of twelve different doctors. She took gal-
lons of medicine during the time she was ill,
until I wrote to you and you told us what to do.
She has taken eight bottles of Dr. Pierce's Fa-
vorite Prescription and six of the 'Golden Med-
ical Discovery.' She can do her own work now
and can walk around again and is quite smart."
"Favorite Prescription" has the testi-
mony of thousands of women to its com-
plete cure of womanly diseases. Do not
accept an unknown and unproved sub-
stitute in its place.
Dr. Pierce's Pleasant Pellets invigor-
ate stomach, liver and bowels.

at Roswell, that are lively if you
young. No daily is printed in Spanish
but several creditable weekly papers
use that language. The English week-
ly papers in New Mexico are as good
as can be found in any state and ex-
cel those issued close to big cities,
where metropolitan journals dwarf
the local productions. Judging from
the newspapers of the territory, the
people are certainly advanced enough
to have a state government. Good
newspapers do not grow in dead re-
gions. Inspection of the contents of
the territorial publications, the editor-
ials, advertisements, news items, re-
ports of industries and the general
condition as mirrored in the press,
demonstrates that the towns and the
people are very much alive."

Made Young Again.

"One of Dr. King's New Life Pills
each night for two weeks has put me
in my 'teens' again," writes D. H. Tur-
ner of Dempseytown, Pa. They're the
best in the world for liver, stomach
and bowels. Purely vegetable. Never
gripe. Only 25c at all druggists.

FLEW HIGH FOR A WHILE.

Negotiated for a Ranch at \$150,000 But
Could Not Raise \$20.

A few days ago W. A. Louks, of
Pittsburg, Pa., registered at the Shelby
hotel in Roswell. Shortly thereafter
the rumor was current on the streets
of the town that Louks had purchased
the L. F. D. ranch near that place. The
ranch contains about 1,125 acres of
land and the purchase price was stated
to be \$150,000. Louks said that his as-
sociates in the east and he would
put considerable money in the enter-
prise and would raise nothing but
high grade cattle.

The people of Roswell regarded
Louks with a feeling akin to reverence
for it was felt that his presence and
purchase of the property in question
meant much to the town. The land-
lord of the Shelby hotel did not have
as much faith in the capitalist as some
of the citizens and when Louks left for
Capitan without paying his board bill,
which had reached the sum total of
\$20, mine host had a warrant issued for
Louks although the latter had stated
that he was going to the town to look
after his mining interests there and
would return shortly. Louks was over-
hauled about twelve miles out of Ros-
well and taken back to town by a con-
stable. His bond was fixed at \$200 but
some of the business men signed his
bond and paid his board bill. They did
not want the capitalist to be discour-
aged. Louks was grateful for their
kindness and stated that he would re-
turn.

Railroad Topics

The San Bernardino Sun says that F. G. Sampson of Albuquerque, where he is in the employ of the Santa Fe, arrived in the city yesterday and will spend a fortnight here visiting with relatives.

Spurious and forged pay checks of the Choctaw, Oklahoma & Gulf are in circulation. The number of the check letter is inserted with a rubber stamp. The letter "S" is omitted from the word "island" at the head of the check.

W. E. Condon, who for over a year resided in Alamogordo and was assistant to Chief Engineer Sumner, has joined the engineering department of the Western Pacific railroad. He is a well known engineer and will have charge of the party that is to operate in and around the town of Plumas, Cal.

It is said that the baggagemen will again be put in service on the Southern Pacific. Some time ago they were taken off and the duties formerly performed by them were put upon the express messengers. The experiment, it is said, has proven a failure, as the express messengers already have all they can do.

The W. R. Stubbs Contracting company of Chicago, with a capital of \$100,000, was granted a permit to do business in Texas. This company is to do construction work on the extension of the Choctaw, Oklahoma & Texas railroad west from Amarillo to Tucuman, N. M. Its Texas office is at Amarillo. W. R. Stubbs' home is in Lawrence, Kan., and he was a prominent member of the recent Kansas legislature.

A Little Early Riser.
now and then, at bedtime, will cure constipation, biliousness and liver trouble. DeWitt's Little Early Riser are famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by B. H. Briggs & Co., S. Vann & Son.

Billion Miles of Tickets.
During the four years that the interchangeable mileage bureau of the Central Passenger association lines has been in operation 1,000,000,000 miles, representing 1,000,000,000 miles, have been sold for \$30,000,000. Of this amount \$10,000,000 has been returned to the purchasers in drawbacks, leaving the net revenue to the roads \$20,000,000.

A. A. Herren, of Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." Alvarado Pharmacy.

The Reason Why.
A number of people have enquired of late as to why the Santa Fe engines drawing the special of President Roosevelt and party were not decorated. Such a step is contrary to all rules and regulations of the Santa Fe system. It is argued that such use of flags and bunting is often mistaken for signals, while the decorations obstruct the view of the engineers more or less, thus courting accident. The company did all in its power to offer the best and finest looking engines in the stables, but drew the line on frills and ruffs.

A Revelation.
If you will make inquiry it will be a revelation to you how many succumb to kidney troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. Alvarado Pharmacy.

WHERE ROCK ISLAND STANDS.
Largest System in United States Except the Harriman Group.

By the acquisition of the Frisco system the Rock Island becomes the proprietor of the largest railroad system in the United States with the single exception of the Harriman, Kuhn, Loeb group, which controls the Union Pacific, the Southern Pacific and the Oregon Short Line railroad. The total mileage under the control of the Rock Island company will be 14,348 miles, including the recent arrangement with the Southern Pacific by which the Rock Island acquires a half interest in 1,346 miles of Texas railroad. The capitalization of the Frisco consists of \$64,000,000 of common stock, \$31,000,000 of second preferred stock and \$5,000,000 of first preferred stock. The capital of the Rock Island amounts to \$150,000,000.

The Leeds, Reid, Moore syndicate, through the Rock Island company, will now have a railroad system extending from St. Paul and Minneapolis to Galveston and New Orleans, and from Chicago to Colorado Springs. It will reach into Alabama and Tennessee and may, in the near future, reach the Atlantic coast by acquisition of the Central railway of Georgia.

Three men joined forces to pass the control of the Frisco. They were B. F. Yoakum, its president; James Campbell of St. Louis, the largest individual stockholder, and B. F. Cheney of Boston, who was chairman of the reorganization committee of the Atchafalaya railroad. Reports that there had been a difference of opinion between

the members of the pool which at one time had threatened to cause its disruption were officially denied today.

A Lesson in Health.
He lthy kidneys filter the impurities from the blood, and unless they do good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder diseases. It strengthens the whole system. Alvarado Pharmacy.

VALUABLE APPRECIATION.
Alamogordo Admirers Present A. S. Greig with Draft for \$1,000.
Wednesday evening friends of Col. A. S. Greig, composed of citizens of Alamogordo, together with railroad employees, met him at the News office and, as an evidence of appreciation for his untiring efforts in behalf of Alamogordo, as well as the high regard in which he is held by all, presented him with a New York draft for \$1,000.
Colonel Greig's name is inseparably connected with the growth and prosperity of this section, and particularly Alamogordo. Mr. Greig is now engaged in a project that means substantial development of this section for all time to come, that of the great sanitarium. Because of his energetic work all along he thus is remembered.—Alamogordo News.

Traveling is Dangerous.
Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much, suffer from kidney disease. In some form, Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. E. Hausan, locomotive engineer, Lima, Ohio, writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." Alvarado Pharmacy.

NEW RAILROAD SWITCHES.
E. P. & N. E. Road Building 30,000 Feet of Side Trackage.

The new switches which the El Paso & Northeastern is building between Alamogordo and Santa Rosa will total about 30,000 feet of track and will be located at convenient points along the line where they will be close to a telegraph station.

These switches are being built for the purpose of affording storage room for the coal and coke which is coming onto the El Paso & Northeastern from off the Dawson line, and which is arriving at the rate of twenty cars of coke and thirty-three cars of coal per day. This is rather a heavy movement, and, taken in connection with the heavy through business which the El Paso & Northeastern is now doing, it taxes the motive power to its utmost to keep the line from being blocked. With the new sidings cars can be switched off and held until business slackens up. The siding midway between Oscura and Carrizozo has already been completed, accommodating about seventy-five cars and is designated as Polly siding.—Alamogordo News.

Master Car Builders Gone.
The master car builders of the great Santa Fe system left last evening for their various homes. All were well pleased with the two days' session that was held in this city. The matters up for discussion were treated in an informal way and all took part in the talk. These gatherings are of much benefit to the men and help all concerned.

Messrs. Peck, Mason and Staple of Topeka; S. D. Woods, Newton, Kan.; W. H. Taylor, Raton; C. M. Young, Temple, Tex.; Fred B. Reinhard, Chicago; J. W. Matty, Fort Madison, Ia.; J. W. Hathaway, Pueblo, Colo.; and H. N. Calderwood, Argentine, Kan. The superintendent of the car de-

CURIOUS THINGS
Come From Coffee Drinking.

A lady in New York City suffered an accident to her leg and a running sore followed that medical science tried to cure for many years but unknown to her, the coffee she drank daily kept the blood in a condition that would not let the sore heal. "Three years ago," says the lady, "I was advised to drink Postum and give up coffee, of which I was very fond. To say that I am thankful now for having done this is putting it very mildly for as soon as I made the shift from coffee to Postum my leg began to heal and in a few weeks was quite well."

"It has never troubled me since and I think it marvelous. Neither have I suffered from the bilious headaches which used to afflict me. I can give you the names of many of my friends who are as firm friends of Postum as I." Name given by Postum Co., Battle Creek, Mich.
This is a case where Postum made red blood in a hurry. This lady thought it marvelous because her trouble of years standing was cured in a few weeks through giving up coffee and using Postum in its place. Nothing marvelous about it, only the simplest scientific reasons that it will pay any one to look into.
Good healthy red blood will cure most any disease. Coffee in many people destroys the red corpuscles and produces white or watery blood. A definite change is made by leaving off coffee entirely and using Postum. You can prove this by trial.

partment, Mr. Ramsdell, went down to El Paso last night with Mr. Powers, car foreman at the Pass City. Messrs. Whitefeet, George, Miller, Swanson and Whiteside left on No. 7 for their headquarters at Needles, Richmond and other California points.

Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil—Monarch over pain.

ARGENTINE STRIKE ENDED.

Santa Fe Boilermakers Secure Satisfactory Settlement of Grievances.
The strike at the Santa Fe shops in Argentine has been settled and the 137 men who have been out returned to work. A conference was held between the officials of the road at Argentine and a committee of the strikers. The amount of work each man was to do was agreed upon and the men decided to return to work. The strike was caused by the men being asked to do work which they felt was more than they should do or was a part of another man's work. Only a small force of boilermakers is employed at Argentine, as only repair work, which is absolutely necessary is done at the shops at that place.

Coughs and colds, down to the very borderland of consumption, yield to the soothing, healing influences of Dr. Wood's Norway Pine Syrup.

ROBINSON RE-ELECTED.

A. A. Robinson Again Made President of the Mexican Central.

The board of directors of the Mexican Central Railway company, limited, elected at the annual meeting of the stockholders, has organized as follows: Executive committee—H. Clay Pierce, chairman; Breckenridge Jones, Gabriel Morton, F. H. Prince, Eben Richards, E. N. Foss, A. A. Robinson, W. L. Stow, C. D. Simpson, J. C. Van Blarcom. Officers—H. Clay Pierce, chairman of the board; A. A. Robinson, president; Eben Richards, vice president and general counsel; H. R. Nickerson, vice president and general manager; Gabriel Morton, vice president and comptroller; F. H. Prince, vice president; C. A. Browne, treasurer and transfer agent; James Piper, clerk; W. A. Frost, general auditor; J. A. Hendry, assistant treasurer; Wallace B. Donham, assistant clerk.

Two million Americans suffer the torturing pangs of dyspepsia. No need to. Burdock Blood Bitters cures. At any drug store.

OF BENEFIT TO EMIGRANTS.

Santa Fe Announces One-Third Reduction on Household Goods Rate.

A radical reduction in freight on household goods between Denver and California common points was announced at the Santa Fe offices, says the Topeka State Journal. It is understood that all of the roads will adopt the same schedule. The rate has been reduced from \$3 per 100 pounds to \$2 per 100. The change goes into effect at once. A great many years ago a rate of \$2.80 per 100 was in effect on all of the western roads, but by agreement this was raised to \$3, where it has remained ever since. The reduction to \$2 is understood to be due to the large quantities of household goods the railroads have been called upon to handle during the past few years. The increased immigration into California from the east during the past few years has more than trebled, and this has enabled the roads to handle large quantities of this class of freight at lower cost.

What is Foley's Kidney Cure?
Answer: It is made from a prescription of a leading Chicago physician, and one of the most eminent in the country. The ingredients are the purest that money can buy, and are scientifically combined to get their utmost value. Alvarado Pharmacy.

JUDGE FREEMAN.

One of His Several Washington Interviews.

"Did you ever realize that a rasping sound a foreign language can have upon the human ear in a strange city, where one has no friends?" asked Judge A. A. Freeman, of New Mexico, in the lobby of the Elbbitt. A veteran figure, Judge Freeman has had many offices of honor and emolument, having served for eight years as assistant attorney general in charge of the legal work of the postoffice department. "President Grant appointed me consul to Prague, the ancient capital of Bohemia," continued the judge, who sat on the bench in New Mexico. "It is a beautiful old city, with many things to delight the visitor, but I was exceedingly lonesome there. The people were all strangers to me, and I did not understand the language. There were hundreds of remarkable places and buildings, places rich with historical interest, for Prague was founded in the year 900. But even the historical places enhanced my gloom, and I began to realize how it is that soldiers can actually die of homesickness."

"One day I visited an ancient synagogue in one of the quaint sections of the city. The guide took me to the aged tombstones, where the inscriptions had been worn off by the elements. He was piloting me, a man weary of delving into the past, among the graves of the long ago and reciting what those graves were."
"My dear man," I exclaimed in despair, "can't you show me a grave that was made yesterday? It would be positively companionable."
"It wasn't long afterward," concluded

Ayer's Sarsaparilla

If you feel run down, are easily tired, if your nerves are weak and your blood is thin, then begin to take the good old standard family medicine—Ayer's Sarsaparilla. If constipated, use Ayer's Pills. Two grand family medicines. Sold for 60 years.

ed the judge, "that I resigned my consulship in the beautiful old city of Prague. It was too lonesome there for me."

The Best Liniment.
"I have derived great benefit from the use of Chamberlain's Pain Balm for rheumatism and lumbago," says Mrs. Anna Hageleins, of Tuckahoe, N. J. "My husband used it for a sprained back and was also quickly relieved. In fact it is the best family liniment I have ever used. I would not be without it. I have recommended to many and they always speak very highly of it and declare its merits are wonderful." For sale by all druggists.

For over sixty years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Administrator's Sale.

Queen Quality

SURE TO FIT

The privilege of choice from a lot of styles is equal to an extra ten per cent of value. All stores agree on this.

Do you realize that the "Queen Quality" shoe
ORIGINATES NEARLY ALL THE STYLES
of shoes worn by women?

"Queen Quality" is made in every possible style from original designs. In each style there is every size and shape for every kind of foot. We carry all this stock. It is practically impossible to produce a need for which there is not a "Queen Quality" shoe already designed and in our store today. And

THEY ARE ORIGINAL DESIGNS

found on no other shoe unless they are copied. It is equally impossible to produce a normal foot which we cannot accurately fit in this shoe. This is not true of other makes of women's shoes. With any other shoe you may or may not be fitted; but with "Queen Quality" you have nearly twice as many styles and far greater differentiation in size and shape. If you want a "glove" fit in shoes you can get it only in "Queen Quality"—remember that.

BOOTS, \$3.00. OXFORDS, \$2.50.

Special Styles, 50c extra.

Fast color eyelets. Do not wear brass.

Golden Rule Dry Goods Company

Local Happenings

C. H. Over of Muncie, Ind., is in the city.

Dr. W. D. Radcliff of Belen is in the city today.

Ladies' night dance at the Commercial club this evening.

Ben Bibb of Valencia county, was here last night on business.

Regular meeting of the Eagles tomorrow evening at 8 o'clock.

Mrs. Ida Shaub of Tome and Mrs. Regvey of Belen are here today.

The Old Town Tigers will try to do the Browns on Sunday afternoon at the fair grounds.

The Ladies of St. John's guild are holding a business meeting at the rectory this afternoon.

Certain small advertisers using initials are requested to call at this office and get their letters.

R. W. Ripley, son of President Ripley of the Santa Fe system, and wife, who are at the Alvarado, are at Laguna today.

Roy A. Stamm, who is manager of Dunlavy Brothers' store at Moriarity, is in the city visiting his parents for a few days.

The Albuquerque Guards will be inspected by Captain Kirby H. Walker of the Fourteenth United States cavalry on May 19.

Vicente Armijo, son of Francisco Armijo of old town, who has been residing in Arizona the past year, is in the city and will remain a few weeks.

The musical comedy to be given by the best local talent, on May 22, is being rehearsed nightly and promises to be the treat of the season.

Captain F. J. Gans left on the east-bound train last evening for his home in Duluth, Minn., where he will spend the summer. He will return next fall.

Judge B. S. Baker is expected to return from Omaha, Neb., on June 5, at which time he will no doubt hand down his opinion in the county commissioners case.

Mrs. Fred Fisher, who was at the Sulphur hot springs the past week or ten days, returned to the city late yesterday afternoon, coming in from Jemez on J. B. Block's stage.

This morning, from the south, Lou Holz received a thoroughbred Irish setter about a year old. The dog is a beauty, and Mr. Holz thinks he has got a prize canine.

Albert Riffe and wife, who came here a short time ago from San Francisco, has concluded to remain indefinitely, and have gone to house-keeping. Mrs. Riffe is the sister of Mrs. Robert E. Putney. Mr. Riffe is in poor health.

This afternoon at 2:30 o'clock the members of the Non-Sectarian Benevolent society meet at the law office of F. W. Clancy and held a very interesting meeting. This is one institution, above all others, that is worthy in a general way, and should not be forgotten by the liberal-hearted people of the community.

Bernalillo county has two deputy fish and game wardens. Yesterday, after naming J. E. Haines a deputy, Warden Otero saw R. H. Greenleaf and also named him as a deputy. Both gentlemen are familiar with fish and game, and they will see to it that every clause in the law passed by the recent territorial legislature is properly respected by the people.

For several days, Col. Francisco Perea, of Jemez hot springs, was here on a visit to relatives and friends. Yesterday afternoon he left the city on his return home, the small wagon, drawn by two small horses, being heavily loaded with merchandise, trunks, bedding, four children, and the colonel. The route out of the city was north on Fourth street and for four or five miles everything moved along

smoothly. In Rancho de Albuquerque precinct, just as the horses started up a little grade at a bridge across a small arroyo, one of the hind wheels became hors de combat, every spoke pulling out from the hub. The colonel and children then went into camp for the night, and it is presumed he secured another wheel, or borrowed another wagon, and proceeded on his long journey this morning.

O. P. Hovey, county clerk, and J. B. Archuleta, school superintendent, both officials of Sandoval county, who were here yesterday on business, returned to the town of Sandoval late in the afternoon, taking along with them a big batch of job printing for Sandoval county officials. The Citizen has a contract from the commissioners, attested by the clerk, to furnish all supplies for the officials of that county, and a force of extra workmen are busily engaged in getting out the work. It will be several weeks yet before the first big order of supplies are completed.

The New Mexican says: J. V. Morris of Hobart, Okla., and C. L. Clingman of Kiowa, Kan., are in the city with a view of locating in the Rio Grande valley in this territory. They called at the office of the bureau of immigration and were furnished full information concerning Santa Fe, Sandoval, Bernalillo and Valencia counties. They will locate somewhere in the valley between Pena Blanca and Belen and expect to engage in mercantile and agricultural pursuits.

The Rio Grande is pretty high, and especially in the vicinity of Alameda, where the river makes a big bend. The water is running over the lowlands in that immediate neighborhood, and just at this particular time it would not be out of place to call attention to the fact that the dykes in that neighborhood should be examined and strengthened if necessary, and other efforts made to keep the water in the river channels.

H. F. Rose, representing the American Brewing company of St. Louis, is in the city, and the local agents, Melini & Eakin, have detailed Al Coleman to see that the gentleman is properly introduced and entertained while here. Mr. Rose is just returning to St. Louis after a business tour through the South and Central American states. He was in Venezuela when the recent war blockade was raised.

The special train carrying delegates to the general assembly at Los Angeles will remain all day next Sunday in this city. They desire to visit in the afternoon the Manual Mission school. All citizens having conveyances and willing to take one or more next Sunday afternoon should give their names to R. W. D. Bryan.

The regular business meeting of the Ladies' Aid Society of the Congregational church will be held Thursday afternoon, May 14, at 2:30 at the home of Mrs. Ella Ballou, 306 West Coal avenue. Business of importance will be considered and every member is requested to be present.

Judge Baker is a bustling one. When he arrived here about a year ago there was about 600 cases on the docket. Most of these have already been disposed of, and he is to hold court in June to wipe the rest of them off the docket. This is a record that can't be beat.

The Woman's Circle of the Baptist church will meet for work tomorrow afternoon at 2:30 o'clock at the residence of Mrs. Perkins, No. 117 North Edith street.

Screen doors are being hung all over town. The flies and bugs are with us.

When we have that electric railroad

Dig for Albuquerque.

THE CRESPIN HANGING.

(Concluded from page one.)

hung a bandera handkerchief and directly in front of the barrel, on the floor, was a white sombrero, both being identified as belonging to the dead man. The shoes of the dead man and his pantaloons, up to the knees, were wet and muddy, indicating that he had been doing some irrigating a few hours before the discovery of the dead body.

Investigating further, it was found that some one had taken particular pains, in a most careful manner, to obliterate any evidence of footprints in the cellar, especially at the foot of the steps, and around the barrel. An old broom had been used (it was lying near by), and it did its work well, for if Crespin was the victim of foul play and several were implicated they had covered up their tracks in a scientific manner; or, on the other hand, if Crespin took his own life he went at it in a most deliberate manner and also left no footprints behind to indicate that he was the only one to participate in his sudden destruction.

After these investigations the party repaired to the house, in the same enclosure and about fifty yards away, where Mrs. Cornelia Armijo Crespin, said to be the wife of the dead man, was interviewed. She stated that he got up about 4 o'clock yesterday morning to do some irrigating in the orchard back of the house. After he got up, she went to sleep again and did not awake until near 7 o'clock, when she arose and prepared breakfast. Crespin did not appear for breakfast, and she, with another hired hand, Ignacio Selva, who had just reported for work, went to search for him. The dead man had spoken of going to Albuquerque on some business, and thinking that he had gone down the road, she and Silva started down the road for a near-by store. Not finding Crespin they returned to the house and on noticing the door to the wine cellar unlocked (both claim they saw the padlock on the ground) they peered inside and found Crespin hanging as described above. The alarm was then given, and an effort made to find the justice of the peace of the precinct, but he had gone to the Rio Puerco country. The woman stated that she and Crespin heard noise, as if several were talking, around the house the night previous, and on getting up to investigate could find no one. She also stated that Crespin had some difficulty on Sunday with certain neighbors, but she did not, in her conversation, say anything that would connect them with Crespin's death. The woman, on being questioned as to whether they had quarreled, stated that they lived happily together and it was his usual custom to get up quite early and go to work, especially when irrigation had to be done.

It was her opinion that Crespin had been followed, foully dealt with, and his body carried to the wine cellar and placed in the position as found, to give out the idea that it was suicide.

Ignacio Selva, who was with the woman in her search for Crespin, was next seen, and he confirmed the theory advanced by the woman that the man was the victim of foul play. Selva stated that the rope used in the hanging did not belong to the premises, as all the rope belonging to Mr. Miera was in the barn as left the night before.

After these interviews, Sheriff Hubbell telephoned to District Attorney Clancy, telling him that no justice of the peace had shown up and asking his advice in the matter. Mr. Otero also again telephoned to Mr. Clancy, and word was received to cut down the body, in the presence of witnesses, and examine remains.

At 5:15 p. m., the body was cut down, the witnesses being Maximo Chavez, Ignacio Gutierrez, Francisco Gonzales and Carlos Martinez, and carried from the cellar into the house. Here the clothing was stripped from the body, but no marks of violence were found. There were a few skin abrasions on both legs, just below the knees, showing that these limbs had come in contact with the barrel, but no other marks, of any consequence, were discovered. However, it was the generally accepted opinion by those who examined the body that the man had been sandbagged, in fact killed, and then his body carried to the wine cellar, the padlock being hammered off with one stroke, and then hung.

After this examination, Justice of the Peace Mondragon, from the Bernalillo precinct, appeared, and held an

inquest, the verdict of which is found at the beginning of this article.

Messrs. Hubbell, Sandoval and The Citizen representative then returned to the city, leaving V. S. Miera at Sandoval to look after the interests of his brother, Hon. E. A. Miera, who has not been at Sandoval for several weeks, and to personally superintend the burial of the latter's fruit ranch manager, which occurred there today.

V. S. Miera informed The Citizen that the dead man was about 37 years old, and had been in charge at Sandoval for about two months. He was a hard working man and to his knowledge had no known enemies.

The Imbert ranch seems to be fated. A few years ago, the youngest son, Louis Imbert, Jr., shot and killed, by accident, with a small caliber rifle, a woman by the name of Dolores Gallardo. This killing took place in the kitchen of the residence and within a few yards of the mother of the boy. A few years later Louis Imbert, while crazed from brandy and wine drinking, shot and killed his wife in a fit of jealousy. Sheriff Hubbell was sent for, and, with a posse, surrounded the Imbert house. Louis had his gun, and, on pain of instant death, his arrest. Growing further desperate, he poked his head out to view the surroundings, when the crack of a rifle was heard and the head man—the murderer of his wife—was no more. The rifle ball did its work, and Louis Imbert, with the wife he murdered, were buried on the same day and in the same cemetery.

IN GOOD OLD FASHIONED DAYS.

Powdered Wig Formed an Important Adjunct to a Gentleman's Apparel.

It is safe to say that the majority of bald men of today would gladly revive the old, dignified custom if they could. But they can do the next best thing to it; that is, to revive the growth of the hair nature gave them.

In cases where the hair root or hair bulb has not been completely destroyed by parasites that infest it, Newbro's Herpicide will do wonders in the way of stimulating the growth of lifeless and falling hair. Destroy the cause, you remove the effect. That is the successful mission of Herpicide.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents.

Retail Clerks' Union.

Knights of Pythias hall last evening was occupied by the Retail Clerks' International Protective association. The goat was brought out and ten new members rode. This union has nearly 150 members and is one of the strongest in the city.

The entertainment committee of the union is making arrangements for a big dance to be held on the eve of

Decoration Day. The affair will be one of the principal social events of the season and will probably be held in Colombo hall.

Quick Arrest.

J. A. Gullledge of Verbena, Ala., was twice in the hospital from a severe case of piles causing twenty-four tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at all druggists.

THE THOMAS CONCERT.

At Colombo Hall Tomorrow Night--It
Will Be Fine.

The program that Mr. Edward F. Thomas has arranged for his farewell concert tomorrow evening will make it the musical event of the season. It is seldom that so many artists of such high standing appear on one program, and no doubt the people of Albuquerque will show their appreciation by attending in large numbers. Mr. Edward Grunsfeld returned from a trip to Arizona especially to assist on this occasion. Mr. Blair has promised the Andante, Allegretto and moderato movements in Handel's famous sonata in A for violin and piano. Mr. Blondin, whose work on the cello has created favorable criticism in Europe and America, will render a double number, the Berceuse from Godard's Jocelyn.

Spring Ailments.

There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind needed toning up. The trouble is, that during winter, there has been an accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a right exit, and by its tonic effect, fully restore the wasted tissues and give strength in place of weakness. 50c at J. H. O'Reilly & Co.

Real Estate Sales.

Otto Diekmann reports the following sales made by him during the month of April, 1933:

Mary Carroll and husband to J. I. Johnston and Cora Elchard, the north half of lots 11, 12, 13 and 14, block H, Atlantic & Pacific addition.

N. Van Slyck and wife to Emilia Yrisarri, lots 22, 23 and 24, block I, Atlantic & Pacific addition.

N. Van Slyck and wife lots 9 and 10, block J, and Jacob Balisch and wife, lot 11, block J, Atlantic & Pacific addition, to John Langila.

N. Van Slyck and wife to Joseph Beck, lots 13 and 14, block Q, Atlantic & Pacific addition.

Henry Huning and wife to John W. Palmer, lots 12, 13 and 14, block I, Northern addition.

Juanita Ortega and husband to Antonio Lucero y Perea, a piece of land in precinct No. 4, Ranchos de Albuquerque, N. M.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "A patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver trouble so I prescribed them. The patient gained from the first, and has not had an attack in fourteen months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only 50c at all druggists.

POLICE COURT.

J. M. Develin, who is employed at the Santa Fe Pacific shops, was arrested last evening by Officer Cooper. He was down by the Eight Spot saloon threatening to smash all the windows and demolish the place. This morning before Judge Crawford he pleaded guilty of drunkenness and paid a \$5 fine.

J. D. Burns filled his tank up last night and threatened to shoot if things didn't go his way. He was lodged in the cooler, and will now work five days for the city.

Mr. Joseph Pominville, of Stillwater, Minn., after having spent over \$2,000 with the best doctors for stomach trouble, without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. If troubled with indigestion, bad taste in the mouth, lack of appetite or constipation, give these Tablets on trial, and you are certain to be more than pleased with the result. For sale at 25 cents per box at all druggists.

COMING EVENTS.

May 12--Concert at St. Mary's hall given by Professor Chev. Pietro Buzzi.

May 14--Concert at Colombo hall by Ed. F. Thomas and other musical talent of the city.

May 22--"Dress Rehearsal," comic operetta, Colombo hall.

June 7--Band concert and lecture given in open air by company advertising Corona Beach, Cal.

July 4 and 5--Labor union picnic at the fair grounds. Base ball, racing and sports of all kinds.

For first-class work on guns, typewriters and novelty work call on Albuquerque Cycle and Arms company.

THE MARKETS

Special Correspondence.

Kansas City, Mo., Monday, May 11.
—Cattle receipts at Kansas City last week amounted to 27,940 head, as compared with 16,667 head the corresponding week last year. At this time a year ago receipts at all the markets were small and prices advancing. This year all the markets have had heavy supplies and prices are \$1.75 to \$1.90 lower than a year ago on fat steers. Light and medium to thin heifers declined sharply last week, but stockers and feeders showed little change. Western fed steers brought from \$4.60 to \$4.95, and western stockers and feeders from \$4.00 to \$4.45. Some Colorado cows, weighing 1,096 pounds, sold Tuesday at \$4.50. Receipts since the middle of last week have been light, with a beneficial effect on prices.

Today the run is light at 5,000 head, and the general market was from strong to 10 cents higher than Friday. This puts steers almost equal to a week ago, but she stuff is 25 to 35 cents under a week ago. Most sales of stockers and feeders were steady today; some good stockers strong and some heavy feeders weak. Western fat steers brought up to \$4.85 today, and 100 Colorado stockers, weighing 466 pounds, brought \$4.90.

Sheep supply at Kansas City last week was liberal at over 30,000 head, against 15,383 the same week last year. The run was mostly Texas grass stuff, which closed the week a trifle under the beginning. Lambs were scarce all week, and not nearly enough for the packers' wants. The runs today was large at 12,000 head, but the market opened up with surprising activity. Texas and Arizona grass sheep were strong today, and western lambs 10 cents higher. Mr. Forster of La Junta again topped the market with some 68 pound woolled lambs, at \$7.50. A bunch of Kansas fed westerns, 73 pounds, also brought \$7.50. Clipped Colorado 65 pounds, brought \$6.85 today. These prices indicate a very strong market, especially on a day with a run in excess of 12,000 head. Clipped wethers are worth \$5.25 and ewes \$4.75.

TODAY'S LIVE STOCK MARKETS.

Kansas City.
Kansas City, May 13.—Cattle—Market steady to weak. Native steers, \$3.25@5.25; Texas and Indian steers, \$3.35@4.90; Texas cows, \$2.65@3.50; native cows and heifers, \$2.00@4.85; stockers and feeders, \$2.75@5.00; bulls, \$2.00@4.25; calves, \$2.50@7.00; western steers, \$2.90@5.10; western cows, \$2.00@3.90.

The X-Rays.
Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that catarrh of the stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How can I cure my indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure catarrh of the stomach. Kodol digests what you eat—makes the stomach sweet. Sold by B. H. Briggs & Co., S. Vann & Son.

Citizen "want ads" bring results.

The Leading Clothier in Albuquerque

PATRIOTISM IN JAIL.

The Roswell Prisoners Organized a Court and Gave Von Stoffen a Lashing.

A German stating that his name was Carl Von Stoffen was arrested in Roswell last week and placed in jail because he had imbibed too freely of lager and had consequently grown disorderly. He was amusing himself by cursing "Uncle Sam" and every American institution he could think of when an officer escorted him to a justice court where he was fined \$5 and costs, in default of which he was placed in jail. This did not put a damper on the ardor with which he assailed American institutions. There was quite a number of prisoners in the jail and it was decided to organize a "jail court." Von Stoffen was ordered before the bar and the presiding officer informed the German that he was charged with slandering the American people and American institutions. Von Stoffen said he was not guilty, but the jury, which had been picked from among the lawless citizens within the jail, decided otherwise. Sentence was passed on the prisoner by the judge whose name is Samuel Bruce, in the following language: "You are a disgrace to Emperor William and the Fatherland and I sentence you to receive fifty lashes." The jury seized hold of the prisoner while one of the court officials administered the lashes with a leather belt belonging to one of the prisoners. There was no joke about the "jail court" and the strap was laid on the German with a vim.

When the work had been completed, the court was declared adjourned and the offender was quiet thereafter except for an occasional lashing at the soreness caused by the lashing.

Foley's Honey and Tar contains no opiates and can safely be given to children. Alvarado Pharmacy.

ANOTHER NEW HOTEL.

To Be Erected at the Head of Grand Canyon Mine Trail.

A new hotel is to be built this season at the head of Grand View trail, Grand Canyon of Arizona. This is near the terminus of the old stage line from Flagstaff, and is what is known as the trail leading to the Last Chance mine, now owned by the Grand Canyon mining company and is by far the best point on the rim for a hotel and the trail is the best leading into the canyon. The intention is to put up a good building and run it in first class style. The trail down to the Colorado river at this point has been greatly improved, and with better hotel facilities it is thought that this end of the granite gorge district will be more popular. It is easy one of the beauty spots of the Grand Canyon. The river makes a mighty bend here to the north end the eye is delighted with faraway views across the painted desert. The canyon forms are also more varied and of softer colors than elsewhere.

Bright Angel, being the railway terminus, will always be the most frequented by tourists. It has come into unusual prominence of late by reason of the efforts being made by a certain Arizona pioneer to gain possession of Bright Angel trail on the plea of prior occupancy. However, the matter may finally be decided, the Santa Fe will go ahead with the building of its magnificent hotel there, to be managed by Mr. Harvey. The need of such a hotel is great, as travel to the canyon has increased eight hundred per cent in two years.

Foley's Honey and Tar is peculiarly adapted for asthma, bronchitis and hoarseness. Alvarado Pharmacy.

THE NEW SHERIFF.

Appointment of Fred Otero in Sandoval County.

The New Mexican, in its comments on the Sandoval county sheriff appointment matter, says:

Information was received today at the executive office that the board of county commissioners of Sandoval county, in special session, on yesterday, at the town of Sandoval, the county seat, appointed Frederick J. Otero sheriff of the county to fill the original vacancy in the office. It will be remembered that upon the organization of the county of Sandoval, the county commissioners appointed Alfredo Sandoval sheriff of the new county. A writ of quo warranto proceedings was instituted against Alfredo Sandoval and it was decided by the court of the Second judicial district that the appointee was ineligible to the office and that a vacancy existed. The question then arose who had the power to fill the vacancy, the governor or the board of county commissioners? Solicitor General Bartlett held that the governor had the power and right to appoint in cases of vacancy brought about by "death, resignation or otherwise," but that in this case, under the ruling of the court, and it being an original vacancy, the county commissioners should appoint under and by virtue of the act of the Thirty-fifth legislative assembly establishing the county. Accordingly, the county commissioners of Sandoval county made the appointment. The new sheriff is a son of Hon. M. S. Otero, of Albuquerque, former delegate to congress, and is a young man of good education and well and favorably known in central and northern New Mexico. The New Mexican understands that Emiliano Sandoval, a cousin of Alfredo Sandoval, who was dispossessed of the office, was an applicant for the appointment.

Higinio Cordova, another citizen of

Sandoval county, was also an applicant.

You never heard of any one using Foley's Honey and Tar and not being satisfied. Alvarado Pharmacy.

Mrs. Cromwell's Tea.

The Washington correspondent to the New York Herald says:

Mrs. Oliver Cromwell, of New York, who has just returned to her Washington home from her trip south, gave a tea this afternoon complimentary to her guest, Mrs. Moses Taylor Campbell, of New York, the niece of Mr. Cromwell. Her house in K street was bright with spring blossoms.

Assisting Mrs. Cromwell were Mrs. Henry G. Corbin and Mrs. Thomas Gaff, who presided over the table with its decorations of buttercups. Lady Herbert, wife of the British ambassador, was among the guests, as were M. de Margerie, the counsellor of the French embassy, and Mme. de Margerie; Mrs. General Wood, wife of Gen. Leonard C. Wood; Captain and Mrs. Sargent, Mrs. Lothrop Bradley, Mrs. Ellis, Signor Montagna and Signor Borghetti of the Italian embassy.

World Wide Reputation.

White's Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influences on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to health, vigor and elasticity of spirits natural to childhood. 25c at J. H. Gately & Co.

Oscar Bennett Shot.

Oscar Bennett, son of J. D. Bennett, was accidentally shot through the left arm Monday about 1 p. m. It is learned that he, in company with Jim Chesner, were in the mountains hunting and while they were resting and young Bennett was cleaning his gun, Chesner was handling a pistol when in some way it fired, the ball taking effect in Bennett's arm at a point about half way between the wrist and elbow. Dr. Bryan located the ball by X-ray and Dr. Gilbert, assisted by Drs. Bryan and Wilkins, cut it out Thursday afternoon. No bones were broken and it is hoped the wound will not be of anything serious.—Alamogordo News.

Cures When Doctors Fail.

Mrs. Frank Chasson, Patterson, La., writes June 8th, 1901: "I had malaria fever in very bad form, was under treatment by doctors, but as soon as I stopped taking their medicine the fever would return. I used a sample bottle of Herbine, found it helped me. Then bought two bottles, which completely cured me. I feel grateful to you for furnishing such a splendid medicine, and can honestly recommend it to those suffering from malaria, as it will surely cure them." Herbine, etc. at J. H. O'Reilly & Co.

Charles Zeiger Arrested for Fighting. Charles Zeiger was arrested last night, charged with assaulting Theodor Krinberg in the Zeiger bar room. His case was called this morning in the recorder's court, but was postponed until 5 o'clock.—El Paso Herald.

Scratch, scratch, scratch; unable to attend to business during the day or sleep during the night. Itching piles, horrible plague. Doan's Ointment cures. Never fails. An any drug store, 50 cents.

\$300,000 IN SIGHT.

Chihuahua Mining Developments Reported by the Superintendent. Sam Dedrick, superintendent of the Cerro Boludo and Cinco de Abril mines for the Stillwell mining companies came in Monday night and reported that since September 20 last 1,000 feet of development work had been done.

Like a Comet

This famous remedy does for the stomach what which it is unable to do for itself, even if but slightly disordered or overburdened.

Kodol

supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles and membranes of that organ are allowed to rest and heal. It cures indigestion, flatulence, palpitation of the heart, nervous dyspepsia and all stomach troubles by cleansing, purifying and strengthening the glands, membranes of the stomach and digestive organs.

Kodol Dyspepsia Cure

Your Dealer Can Supply You.

Bottles only, \$1.00. Size holding 2 1/2 times the trial size, which sells for 50c.

Prepared by E. C. DEWITT & CO., CHICAGO.

B. H. Briggs & Co. and S. Vann & Son

The Innocent Suffer With The Guilty

The world to-day is full of innocent sufferers from that most loathsome disease, Contagious Blood Poison. People know in a general way that it is a bad disease, but if all its horrors could be brought before them they would shun it as they do the Leprosy. Not only the person who contracts it suffers, but the awful taint is transmitted to children, and the fearful sores show these little innocents are suffering the awful consequences of some body's sin. So highly contagious is this form of blood poison that one may be contaminated by handling the clothing or other articles in use by a person afflicted with this miserable disease. There is danger even in drinking from the same vessel or eating out of the same tableware, as many pure and innocent men and women have found to their sorrow. The virus of Contagious Blood Poison is so powerful and penetrating that within a short time after the first little sore appears the whole system is infected and every drop of blood in the body is tainted with the poison, and the skin is soon covered with a red rash, ulcers break out in the mouth and throat, swellings appear in the groins, the hair and eyebrows fall out, and unless the ravages of the disease are checked at this stage, more violent and dangerous symptoms appear in the form of deep and offensive sores, copper colored spots, terrible pains in bones and muscles, and general breaking down of the system.

BLOOD POISON IS NO RESPECTER OF PERSONS

S. S. S. is a specific for Contagious Blood Poison and the only remedy that antidotes this peculiar virus and makes a radical and complete cure of the disease. Mercury and Potash hold it in check so long as the system is under their influence, but when the medicine is left off the poison breaks out again as bad or worse than ever. Besides, the use of these minerals bring on Rheumatism and stomach troubles of the worst kind, and frequently produce bleeding and sponginess of the gums and decay of the teeth. S. S. S. cures Blood Poison in all stages and even reaches down to hereditary taints and removes all traces of the poison and saves the victim from the pitiable consequences of this monster scourge. As long as a drop of the virus is left in the blood it is liable to break out, and there is danger of transmitting the disease to others. S. S. S. is guaranteed purely vegetable and can be taken without any injurious effects to health, and an experience of nearly fifty years proves beyond doubt that it cures Contagious Blood Poison completely and permanently. Write for our "Home Treatment Book," which describes fully the different stages and symptoms of the disease.

SSS

putting in sight, at a conservative estimate, \$300,000 in gold values; or 30,000 tons running \$10 per ton.

The general average of the ores is about \$11 to the ton in gold values. The No. 1 shaft is the deepest, being 240 feet deep when Mr. Dedrick left, and in good ore with a strong vein through all the workings.

Mr. Dedrick was met here by one of his mining partners, Judge A. B. Fall, of El Paso, and they left for the mines on Thursday afternoon.—Chihuahua Enterprise.

Sam Dedrick is well known in this city, and for years resided at Socorro and San Marcial. When in this territory he was engaged in the cattle raising business.

For Those Who Live On Farms. Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. It is a dandy for burns." Those who live on farms are especially liable to many accidental cuts, burns and bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency. 25c, 50c and \$1.00 at J. H. O'Reilly & Co.

Wood turning at the Phoenix Planing mill.

We have just received a complete line of fishing tackle. Albuquerque Cycle and Arms company.

ARIZONA TOWNS

SANTA FE.

From the New Mexican.

Miss Beattie Overhuls of Bland, has accepted a position as stenographer in the office of the Gibson Development company.

B. S. Applegate of Corydon, Ind., who has spent the past winter in Albuquerque for the benefit of his health, left for Denver after spending the previous night here with his friend, M. C. Miller, deputy in the office of Territorial Auditor W. G. Sargent. From Denver Mr. Applegate will go to his home.

D. A. Walker, treasurer of the American Consolidated Copper company, having extensive mining properties in Grant county, is in San Antonio, Tex., where he has large interests in a telephone system of the town. He will remain in the Texas town until June 1, thence coming to this territory to look after the company's interests.

Michael Berardinelli is very happy today and is smiling broadly. His wife presented him with another son. The child was born last evening. The mother and baby are doing nicely.

This last accession to the Berardinelli family of the tenth child and the seventh son. MBR. Berardinelli says that President Roosevelt need not tell him about family matters. He can give the president actual pointers and facts as ten children speak stronger than words.

The Christian Endeavor Society of the Presbyterian church was treated to an address Sunday evening at the regular meeting by Miss M. Josephine Petrie of New York City, who is connected with the Home Mission work of the Presbyterian church in Gotham. Miss Petrie is en route for the Pacific coast and stopped in Santa Fe to view the points of interest here and especially to visit the Presbyterian Mission school. The party will attend the general conference of the Presbyterian church at Los Angeles.

Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we mean their results, such as sour stomach, fermentation of food, habitual costiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. G. G. Green, Woodbury, N. J. J. H. O'Reilly & Co.

ALAMOGORDO.

From the News.

The retail clerks of the town have taken preliminary steps to effect an organization.

J. H. Laurie and M. H. Fisher have secured a franchise from the commissioners of Quay county for the erection of an electric plant and water plant for Tucumcari.

Mrs. Allie Pierce, in company with her sister, Mrs. Bertha Canfield, stopped over here while en route to visit relatives in South Dakota, the home of Mrs. Canfield.

There is a possibility that Gen. G. D. Joubert, the famous Transvaal and Free State leader in the late war with Great Britain, may give a lecture here in the near future. He is at present in El Paso in company with Captain O'Donnell, late of General DeWet's army on their return from Mexico, where they have been arranging with the Mexican government for the colonization of a large number of Boers who desire to leave their South African homes now that the country is under the sovereignty of Great Britain.

Caution!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. J. H. O'Reilly & Co.

FARMINGTON.

From the Times.
Billy Meadows was in town the latter part of the week for supplies for his trading post.

Mrs. F. H. Moore is up on the La Plata visiting with her mother, Mrs. Bond, and her brothers and sisters.

J. L. McNeil, the vice president of the First National Bank of Durango, came down the first of the week on a business trip.

R. H. Gillespie of Largo was in town

Tuesday. He reports things looking prosperous in his section. The Hammond ditch has again been enlarged and with plenty of water certain to be in the river all this year, that industrious community will forge to the front. They have shown a lot of pluck and energy and they deserve to succeed.

From the Hustler.

The many friends of Mrs. Will H. Chamberlin will be pleased to learn that she is now convalescent and apparently entirely out of danger.

Richard Wetherill passed through town Sunday on his way to Pueblo Bonito, to which point he was driving a bunch of horses and beef cattle which he had been wintering in the valley.

Mrs. Mary L. Eldridge states the government work is a blessing for the Navajos, as many were subsisting entirely on wild berries when the work commenced. A handful of meal to some, is as much appreciated as a French dinner by the white man.

We are informed that W. L. Padack that the new bridge which for sometime has been in course of construction across the La Plata river near his store, is now completed and ready for travel. This will add much to the advantages of the La Plata road.

Mrs. Mary L. Eldridge, field matron on the reservation, brought Woolman Waggoner up from the government camp Friday in response to a message stating his father had died at Sacramento, Cal. As he did not arrive here until after the funeral had been held he returned Monday to his work. Mr. Waggoner has the sympathy of the community in his bereavement.

The Waste of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease set up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the whole some food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by B. H. Briggs & Co., S. Vann & Son.

RATON.

From the Reporter.

Mrs. H. Whigham returned from a visit in Trinidad.

As Nellie Roberts is rapidly recovering from a severe siege of illness.

Mrs. A. L. Hobbs visited the past week in Albuquerque with her parents.

Mrs. J. van Houten visited in Albuquerque and Las Vegas the past week.

Harry Farrell left for Pueblo in response to a telegram announcing the dangerous illness of his sister, Mrs. Ed Groves.

Mrs. Letha Jennings and George F. Wilford, both of Pueblo, Colo., were married in Raton at 3 p. m. Wednesday, May 13, Rev. G. M. Fetter performing the ceremony.

Mrs. J. van Houten will leave Wednesday evening for New York City, from where she will sail on the 20th for Europe where she will visit for about two months. She will be accompanied by Miss Minnie Holzman of Las Vegas.

From the Range.

The infant daughter of Mr. and Mrs. E. T. Porter died. The mother is said to be critically ill.

A fine baby boy made his appearance at the home of Mr. and Mrs. Thomas Shaw.

Mrs. Jordan, who has been visiting in Raton for several months with her mother, Mrs. F. M. Darling, left for Dawson, where her husband is now located.

The firm of Smith Brothers, composed of Hugh, John and William T., has been dissolved, Hugh and John retaining the Raton interests, while William T. takes the farm, lands, cattle, horses, etc. The Smith Brothers have pulled together in partnership business ever since they were boys and the breaking up of the old relations was a mutual arrangement, which for reasons known to themselves was deemed advisable.

Too Great a Risk.

In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by all druggists.

LAS VEGAS.

From the Optic.

Mrs. William C. Bailey was able to be out for the first time, after a severe attack of illness.

Andreiliza, the little six-months-old daughter of Bonifacio Lucero, the west side jeweler, died after an illness of several days of fever.

For the first time in two years Mrs. J. F. Kates was able to sit up to the table and take dinner with her family yesterday. This will be good news

for the many friends of the family.

It is said that the different parties who have been visiting the caves near San Geronimo are utterly destroying the beauty of them by breaking down great sacks of crystals. This should be stopped.

Cecil Rosenwald, William O. Woods and Charles S. Rogers were appointed a committee by the E. Romero fire company at their last meeting to make arrangements for the observance of Decoration day, May 30, and are authorized to act in conjunction with other orders intending to observe the day. With proper effort a large parade can be gotten up and the day properly observed.

The United States court for this district opened at the court house Monday morning, with Chief Justice Mills on the bench. United States Attorney W. B. Childers and his assistant, W. C. Reid, are here to represent the government. The greater part of the day was spent in empanelling the grand jury. When court closed sixteen of the twenty-four had been secured. Two were excused and two were disqualified. Faustine Gallegos is court interpreter.

From the Advertiser.

The merchants of the west side are considering having band concerts in the near future in the Plaza park. The committee is hard at work and we may hear of the perfected arrangements soon.

The county commissioners have ordered cement walks on the north side of Bridge street, and the property owners who have not already complied will shortly do so, which will greatly enhance the value of their property and give a good walk from the bridge to the plaza.

Some three weeks ago a smooth individual persuaded Fred Greener to purchase a wheel which he claimed to have ridden in from Springer and which he was willing to dispose of very cheap. Yesterday Clyde Graham discovered that the wheel was the one which disappeared while he was otherwise engaged, and the wheel was therefore turned over to him. Greener is still looking for the stranger.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre of Sheperdstown, W. Va., says, "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for croup, whooping cough, grip, pneumonia and consumption. Try it. It's guaranteed by all druggists. Trial bottles free. Regular sizes 50c, \$1.00.

SANTA ROSA.

From the Sun.

Contractor Calhoun has four buildings in the course of construction.

The new county of Wood now has seventy-five miles of railroad. Within a year this mileage will be doubled.

Santa Rosa is in great need of more residence houses. Last week one business firm alone had ten applications for one house which was expected to be vacant in a short time.

J. C. Thomas has purchased the corner lot on Fourth and Corona, of H. B. Jones, and will at once begin the erection of a large building to use as a drug store and office block.

Santa Rosa, the county seat of Wood county, in its quiet and substantial way is forging ahead. There are now about twelve business houses and residences in the course of construction, and many more being contracted for.

Dr. G. W. Harrison, president of the New Mexico board of health, who happened to be in Santa Rosa last week, headed off the entertainment of a traveling Indian medicine show here. The demand by Dr. Harrison for the \$100 license per month was too much for the Indian vendors of cure-all medicine, and the "doctor" took the first train west.

A Farmer Straightened Out.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Rayder, of Patters Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'" For sale by all druggists.

Citizen "want ads" bring results.

We have obtained the agency for the products of the new Rio Grande Woolen mills. Woolens in the piece suitable for suits and ladies, skirts and leather suits, now on sale at our store. Simon Stern, the Railroad Avenue clothier.

Excursion Rates to Coronado Beach, California.

Rates, including meals en route, Grand Canyon side trip with hotel accommodations, and two weeks board and lodging at Coronado Beach, with four additional weeks at \$10 a week, if desired.

Single parties with standard Pullman, \$107; two parties with standard Pullman, \$97.50; single parties with tourist sleeper, \$97; two parties with tourist sleeper, \$92.50.

Dates of sale, June 1 to August 31, inclusive; limit, two months from date of sale. Tourist limit of ten days each way with stopovers.

How an abscess in the Fallopian Tubes of Mrs. Hollinger was removed without a surgical operation.

"I had an abscess in my side in the fallopian tube (the fallopian tube is a connection of the ovaries). I suffered untold misery and was so weak I could scarcely get around. The sharp burning pains low down in my side were terrible. My physician said there was no help for me unless I would go to the hospital and be operated on. I thought before that I would try Lydia E. Pinkham's Vegetable Compound which, fortunately, I did, and it has made me a stout, healthy woman. My advice to all women who suffer with any kind of female trouble is to commence taking Lydia E. Pinkham's Vegetable Compound at once."—Mrs. Iva S. Hollinger, Stillview, Ohio.—\$500 forfeit if original of above letter proving genuineness cannot be produced.

It would seem by this statement that women would save time and much sickness if they would get Lydia E. Pinkham's Vegetable Compound at once, and also write to Mrs. Pinkham at Lynn, Mass., for special advice. It is free and always helps. No other person can give such helpful advice as Mrs. Pinkham to women who are sick.

OFFICIAL MATTERS.

Notary Appointed—Land Office Business—Survey Approved.

IMPROVING CAPITOL GROUNDS.

Governor Otero appointed the following notary public: Mariano Gonzales, Sandoval postoffice, for Sandoval county.

Land Office Business.

The following desert land entry was made: Elizabeth M. Cooper, Farmington postoffice, 160 acres in San Juan county.

Survey Approved.

Surveyor General Morgan O. Llewellyn has approved the following mineral surveys: No. 1053, the Dacotah Pearl group, comprising the Dacotah Pearl, The Belle and Last Chance lodes, situated in the Virginia mining district in Grant county. The Michigan-New Mexico Copper company is claimant, and the survey was made by R. L. Powell, of Silver City, deputy United States mineral surveyor.

No. 1155, The Old Virginia lode mining claim, situated in the Burro mountain mining district, Grant county. B. F. Copp and Lucian P. Deming, of Silver City, are the claimants and the survey was made by George R. Brown of Silver City, deputy United States mineral surveyor.

No. 1156, The Black Tail group of mining claims, comprising the Black Tail, Big Four, May Flower, and Kansas lodes, situated in the Dripping Springs mining district, Socorro county. The San Andres Mining company is the claimant and the survey was made by W. J. Jones, of San Marcial, deputy United States mineral surveyor.

Capitol Grounds Improvements.

Improvements are being made at and adjacent to the capitol grounds that will in the near future greatly add to the appearance of the premises. A row of American maple and linden trees has lately been set along the walk on Don Gaspar avenue to the east of the building and Judge N. B. Laughlin has placed a row of the trees on the east side of the same street adjacent to his residence. The American maple is one of the finest shade trees there is, and this street will, in the course of a few years, be the prettiest driveway in the city. These trees spread and have a very bushy top. As Don Gaspar avenue is not very wide at the point mentioned, the trees will in the course of a decade form an arch over the street. A pressed brick walk is soon to be erected on Don Gaspar avenue to Galisteo street. A row of the American maples will set along Manderfield and Galisteo streets later, but this may not be done during the present season. The trees on Don Gaspar avenue are protected by frame guards recently erected. That part of the grounds containing no grass has been plowed up and will be leveled off and sowed in grass at once.

Cars Collide.

New York, May 13.—By a collision between a north-bound and south-bound car on Second avenue, due to the displacement of a switch, ten or twelve passengers were more or less badly injured. The police say that mischievous boys were responsible for the collision.

Guano Cave in Eddy County.

A large guano cave has been discovered by A. Long, who, in conjunction with Ramsey Brady, has organized a company and is making arrangements to operate it. The cave is in the foothills of the Guadalupe in Eddy county, and the guano beds are about 175 feet from the entrance, which inclines at an average of about thirty-five degrees. The quantity is practically unlimited. Lava, Sierra county, is the only other place in New Mexico where guano is mined on a large scale in caves.

OVER 1,000 FAMILIES.

There Will Be a Great Exodus From Oklahoma and Southern Kansas to New Mexico During the Present Season.

Charles Chapman of Hobart, Okla., is in Santa Fe for the purpose of making a homestead entry on a tract about one mile south of Moriarty station of the Santa Fe Central railway, says the New Mexican. Mr. Chapman has just completed a trip of 530 miles in length from Hobart to Santa Fe overland and in a wagon. It took him thirty-one days to do so. He found Estancia plains the best section of country he passed through and has concluded to settle there. He informed the New Mexican that this fall at least 1,000 families from Oklahoma and Southern Kansas will come to New Mexico as the promised land to make homestead desert land entries, and that many of them will come to the Estancia plains. The literature distributed by the bureau of immigration in those sections has attracted the attention of farmers to New Mexico, and they are coming to see for themselves and to stay. He expects this movement to begin as soon as this season's crops are gathered, and many of the farmers there have already sold their farms preparatory to coming to New Mexico. He came via Portales, Roswell and Torrance and along the Santa Fe Central railway. The country for ten miles around Portales has been taken up by homesteaders and more are coming in. He thinks he will be able to raise abund-

nat crops on the homestead he will take up near Moriarty, and will dig several wells as soon as he returns there from here. There is an abundance of water which can be had all the way from twenty-five to seventy-five feet by the digging of wells on the Estancia plains. On his way from Progress north he noticed quite a number of new frame houses going up on the claims squatted on by homesteaders.

The Leaders

In all lines whether considered from a social or business standpoint, have their names in the Telephone Directory. If your name does not appear you should subscribe before May 15. Mutual Automatic Telephone Company, telephone Central No. 125. T. B. Fish, superintendent.

Don't Miss This Event.

When Adam in the garden stood With lovely Eve beside him, Nothing was found too rich or good To give, and naught denied him; But now 'tis only once awhile We get that treat, or catch a smile; Trouble is ever lagging near To give as cause for many a tear. To offset these, the only way Will be to go the last of May To a certain place made neat and fair— Colombo hall—where woe and care May for an hour their nagging cease And you enjoy delightful peace. It is not, either, very far To walk, or ride on motor car; So get a ticket, do not wait, The merriment begins at eight, Forget your cares and be as gay As any bird, the last of May. To chase the blues and give them wing, The "Dress Rehearsal" is the thing.

New patent steel launches, lapped seams from stem to stern. Cannot leak, sink or burn, water tight compartments. Write R. W. Jamieson, Tacoma, for catalogue.

Call around and see the nice patterns suitable for ladies' skirts, made from pure New Mexico wool by the Rio Grande Woolen mills; goods on sale at from \$2 a yard up. Simon Stern, the Railroad avenue clothier.

Your Name Should

be where it can be found without difficulty by your friends and customers. The best place is in the Telephone Directory, which goes to press May 15. Telephone Central No. 125. Mutual Automatic Telephone Company, J. B. Fish, superintendent.

If you need screenwork have it done by the Phoenix planing mill, Gold avenue.

Two car loads of pianos sold in four months by Hall & Larnard, the largest southwestern house.

ATTENTION! Piano Buyers.

Piano Bargains! Piano Bargains! Within the past four months we have sold and delivered two car loads of pianos. A number of customers who purchased new pianos from us exchanged old or slightly used pianos as part payment. It is these used pianos we are now offering at exceptionally low figures in order to clean out and reduce our stock and make room this month for another car load. If you have a child whom you desire to educate in music, an accomplishment for any young man or woman worth many times the cost in time and money required to learn, and you do not feel able at this time to pay three or five hundred dollars for a new piano why not call on us or write for further information regarding these pianos, which include good squares and uprights, all the way from \$25 up to \$165, a number of which we will guarantee in every way. If you intend to buy a piano some day and do not feel able to buy a new one, and some member of your household is now old enough to take up music do not lose the most valuable year when you can place an instrument with a good tone and action in your home at the low prices we are now quoting on pianos. At least, before deciding not to buy call and give us ten minutes of your time. That is all we will ask of you. Hall & Larnard, 208 South Second street.

MONEY TO LOAN

On diamonds, watches or any good security. Great bargains in watches of every description. A. H. YANOW 209 South Second street, a few doors north of postoffice.

LARGE OR SMALL BUNDLES

of shorts, collars, cuffs, handkerchiefs, socks, underwear and the like receive equal attention from us. Don't imagine that we neglect or slight small packages of things you want laundered—we do our best on one collar or a dozen.

Imperial Laundry
Back of Postoffice.

Under Garments for Warm Weather Wear

Our stock of Underwear is complete. It comprises more styles than we have ever shown before—cotton, wool and silk—in various grades and weights. Further, our underwear is made to fit, and to hold its shape. The prices are considerably lower than usual. Compare and see.

OSTEOPATHY NEVER POISONS

The Body is Better Without Drugs.

Can You Give a Rational Definition of Osteopathy?

Osteopathy is a system of therapeutics, based upon a thorough knowledge of anatomy and physiology, enabling the practitioner to look upon the body as a perfect living, automatic machine. There are more defective spines on earth than paupers. Get your spines in good shape and your chances for health will be good.
