GIANTS LAND ON
MAYS IN FIFTH;
GET 4 RUNS AND
DEFEAT YANKEES

Hugmen Suffer Another Reverse in Their Almost Hopeless Fight for the Baseball Championship.

RAIN FALLS EVERY
MINUTE OF BATTLE

National League Pennant
Winners in 1921 Need
But One More Victory to
Win Flag Again This Year

New York, Oct. 7 (by the Associated Press).—Rain drops and brain flops sent the New York Americans down to another defeat today in their almost hopeless fight with the local National leaguers for the baseball championship of the

The Giants made four runs barely enough to win, because they were bright boys and fast on the muddy base paths, pelted with rain during every minute of the battle. The Yankees got only three runs because, they thought and moved

Such breaks in luck as could be blamed upon the sloppy weather favored the Giants, who took quick advantage of them in a sudden fifth-inning spurt, and produced all of the runs. But the Yankees could

Yankees Are Depressed.

dent winners need only one more victory to renew their 1921 lease upon the title of world's baseball champions. The depressed Yankees find themselves up against a barrier that few think they can surmount. They must win four games in succession to escape another lamppost at the hands of the Mo-

The Yankees started off with a rush and a furious pounding of the ball in the first inning and gave their underhand pitcher, Carl Mays, a two-run lead. In the fifth the Giants began a hit and run attack. Hopped along by frenzied

Ward's Second Homer.
Aaron Ward, the Yankees' second baseman, got his second home run of the series in the seventh. But there was no out on base at

there would have been had Bob Meusel used better discretion in running to first a moment before, and the Giants remained in the lead. Once more in the ninth the Yankees were able to hit Hugh McQuillan hard enough to warrant a score, but that meant doing with-

Fate stuck out a mean, wet and slippery finger at Carl Mays in the fifth inning and marked him for defeat. Had the day been dry and the infield soil trust-worthy the underhand twister would probably

But luck turned against him from the very start of the inning. Snyder, the first Giant at bat, sent a roller to shortstop. Touching the mud, the ball took a queer bound

and Scott could only knock it down, giving Snyder an infield hit. McQuillan then struck a two-bagger into left field. Bancroft, the next batter hit a short bouncer toward Ward, who raced in so that it seemed Snyder would surely be thrown out at the plate. But this

The score had been tied and there was no one out. Mays began pitching hard to Groh. On the third pitch Groh also hit a light ball.

Irish Groh also hit a right inside bouncer that looked sure to be a put-out, but the ball glanced off the pitcher's glove for a another scratch hit. Frisch then sacrificed Bancroft to third and Groh to second.

planned the ball toward second. An ordinary bounce would have permitted a try for a put-out at the plate but the ball jumped high into the air and by the time it came down into Ward's glove it was too late to do anything but snuff out the batter at first base. Bancroft

already having reached home. Next came a clean single to left field from the bat of Pep Young, scoring Groh. The rally ended when Young was nipped off first.

The Yankees were always making opportunities for themselves

only to turn them down in some careless manner. They might have scored three runs in the first inning instead of two with a little more audacity in going around the diamond.

one. Bancroft got a single off
days' glove. Groh up. Foul
strike one. Mays threw out Groh
at first, Bancroft going to second.
no sacrifice. Frisch up. Ball one.
Frisch sent out a liner to Meusel.
Meusel up. Ball one. Strike one.
Meusel threw out Meusel at first.

Yankees.
Witt up. Ball one. Witt swung sharp single to center field. Dugan up. Strike one. Foul, strike two. Ball one. Dugan singled into left. Witt going to second. Ruth up. Ball one. Strike one. Ball

Two. Ruth flied out to Cunningham in center field, who took the ball against the fence. Witt went to third on the catch. Dugan held first. A few feet more and the ball would have gone into the center.

MIGHTY EMPIRE IS TURKS' GOAL GREEK DECLARES

American Aid for Inter-Al-
lied Protection of Thrace
Is Being Sought, Thra-
cian Deputy States.

Athens, Oct. 7 (by the Associated Press).—Representative G. A. Eximiaris of Gallipoli, leader of the Thracian deputies, who are seeking American aid for inter-allied protection of Thrace, informed the Associated Press correspondent today that all the Greek deputies from Thrace would continue their campaign for real guarantees assuring the lives and property of the Greek population.

There are about 200,000 Greeks in eastern Thrace, which forms two-thirds of the entire area. He was confident that American public opinion from purely humanitarian motives would insist upon fair treatment for the Greek residents.

"I was born in Thrace and know something of Turkish methods," said Eximiaris. "In defeat they are servile; in victory their pretensions are boundless and Europe will for many years regret ever having permitted the Turks to return to Europe, if such is the outcome of the peace conference. It will encourage the Bulgarians to penetrate western Thrace and this in turn will excite the Serbs."

"Turkey in her new nationalism now is pushing forward a great pan-Turanian movement which includes amalgamation not only of the Circassians, Kurds, Persians, Arabs and Albanians, but Hungarians who are of Turan origin intending to fashion a vast imperialistic empire, all rallying around Mohammedanism and becoming a mighty force, anti-Greek, anti-European and anti-Christian in nature."

FREIGHT HANDLED BY SANTA FE IN LAST 9 MONTHS SHOWS A GAIN

Topeka, Kans., Oct. 7.—The Santa Fe railroad from January 1 to September 29, 1922, handled 10,852 more carloads of freight than were handled during the corresponding period in the peak year of 1920, according to a statement issued by E. B. Houghton, freight traffic manager. The total number of carloads handled during the nine months period this year was 1,278,358. The total for the same period in 1920 was 1,267,506.

Western School for Private Secretaries

Because the employers of the southwest know that the Western School for Private Secretaries offers an unusually thorough business training, our graduates are offered positions of worth and responsibility upon the completion of their courses. Employers know that the Western School is the only institution of its kind between Kansas City and the Pacific coast cataloging a complete secretarial course. This course includes the theory and practice of every phase of modern business. It equips the office worker for the job ahead. The progress of Western School students is never retarded because of backward people in the classes. Its method of individual instruction not only prevents this, but actually enables students to advance as quickly as their ability warrants, thus saving valuable time and money. Individual instruction also permits of enrollment at any time.

WORLD'S LUCKIEST BASEBALL FAN WINS TICKETS TO SERIES

James P. Hon.

James P. Hon, St. Louis, solved the mystery of "Who hit Whitey Witt with a pop bottle," in one of the recent games between New York and the Browns, by explaining that he had seen Witt step on the neck of the bottle while chasing a fly and it flew up and hit him. Proxy Johnson of the American league presented him with tickets to the world's series, a check for \$100 and round trip tickets.

MAN AND WOMAN ARE SOUGHT IN MURDER OF TWO

Are Believed to Have Seen
the Slaying of Minister
and Choir Singer on the
Night of September 14.

New Brunswick, N. J., Oct. 7.—A man and woman believed to have seen the murder of the Rev. Edward Wheeler Hall and Mrs. Eleanor Reinhardt Milk, choir singer, on the night of September 14, were being sought by investigators tonight.

If the couple can be found and made to tell their story, which it is whispered, they have already recounted to their friends, investigators believe that the mystery of the double murder will be solved. According to the report, the two missing witnesses were themselves in a golden rod fringed path near the red dirt road running into the Phillips farm when they saw an automobile with a sedan body dash up the lane. Its occupants were shouting, according to the story, and in sight of the couple hidden by the golden rods. Five shots were heard in the darkness, three in quick succession, and two others after a distinct pause. The screaming of a woman in the closed car added to the fright of the couple in the path.

The two witnesses, as the story goes, did not wish to have their presence in the spot revealed and ran hastily to Buccleuch Park, nearby, where the man had left his automobile. While they were there, they again saw the sedan in which the shooting occurred. This time it contained a woman and two men, and it passed near them under a street lamp, which revealed its occupants clearly, as the story has come to the local investigators. It fits into the testimony of A. E. Coper, who said that on the night of the murders, when he was driving home from Somerville with his family, he passed a car with three persons.

HANFORD MACNIDER'S RE-ELECTION WILL BE URGED AT CONVENTION

Des Moines, Ia., Oct. 7.—Members of the law department of the American legion will urge the reelection of Hanford MacNider of Mason City, Ia., as national commander of the legion, at the annual convention to be held in New Orleans beginning October 16. It was announced at state headquarters today.

Iowa will have approximately fifty accredited delegates at the convention and plans to send about 3,000 visitors to the national gathering of ex-service men. The Iowa delegates will urge MacNider's reelection as an endorsement of his insistent campaign for the soldiers' bonus.

G.O.P. RALLY AT BELEN ATTENDED BY A BIG CROWD

More Than 800 People Are
Present; Judge Davis,
Mrs. Warren and Nestor
Montoya Make Addresses

Special to The Journal.
Belen, N. M., Oct. 7.—What was probably the largest and most enthusiastic political meeting ever held in Belen was the one held here tonight in the Belen theater by the republicans. More than 800 people attended and the addresses of the speakers were listened to attentively and the applause was liberal. F. C. H. Livingston presided. Addresses were made by Stephen B. Davis, Jr., candidate for United States senator; Mrs. Adeline Otero-Warren, candidate for the lower house of congress; Hilario A. Delgado, candidate for state auditor and Nestor Montoya, present congressman.

Judge Davis discussed the tariff. He summed up Senator Jones' position by saying that whenever Senator Jones addressed an audience that he thought was democratic he spoke for a protective tariff and when he spoke to a republican audience he spoke in favor of a protective tariff by declaring that he was for a higher tariff on wool than the republicans, because he favored the emergency tariff, a republican measure.

Mrs. Warren, among other things, discussed the state lands. She said that one-half of the state lands are now owned by the national government. They should be turned over to the state at once, she said, so that they may bear their share of the burden of taxation, or else the government should pay the state a fair proportion of the cost of maintaining these lands and so equalize the taxation burden.

Mrs. Warren declared that a protective tariff was essential to the prosperity of the country and urged her hearers not to be thrown into a panic of fear by the charges being made by the opposition that prices will be higher. "On the contrary," she declared, "the tariff will protect the American wage earners against foreign competition and enable them to buy steadily employment possible."

SUPPLIES ARE SENT TO NEAR EAST REFUGEES

New York, Oct. 7.—The Near East relief announced today that it has sent approximately \$350,000 in foodstuffs, medical equipment and other supplies for the relief of the refugees from Smyrna and adjacent regions. Approximately \$178,000 more in food and clothing has been loaded onto the steamer Saugus, which is expected to clear from the Brooklyn army base today or tomorrow for Philadelphia, where it will take on 425 tons of flour. According to estimates furnished the New York headquarters by relief workers in the Smyrna region there are approximately half a million refugees to be cared for.

ACUTE SITUATION IS REPORTED DEVELOPING IN THE ITALIAN TYROL

Vienna, Oct. 7.—An acute situation is reported to be developing along the frontier in the Italian Tyrol, due to threats by the Italian fascists that they intend to organize a raid on Innsbruck, in reprisal for alleged indignities offered to Italian visitors at Innsbruck.

The Volks Zeitung prints a letter from the fascists claiming that Italian territory reaches the Brenner pass and announcing their intention of reclaiming the territory and driving out the Austrians. The newspaper reports that the fascists forces are gathering in the Bozen district for a raid.

PRODUCTION OF COAL DECREASED A TRIFLE

Washington, Oct. 7.—Bituminous coal production dropped off a trifle during the present week as compared with previous weeks since the settlement of the national coal strike, according to estimates made public today by the geological survey, whose officials said the output probably was insufficient to allow the country to build up its depleted stocks and at the same time provide for current consumption. The present week, it was indicated, saw about 9,600,000 tons of coal mined as compared with 9,776,000 the preceding week.

Anthracite production for the week was about 1,900,000 tons, the survey estimated, as compared with 1,802,000 tons a week ago.

DECISION RESERVED ON STILLMAN MOTION

Nyack, N. Y., Oct. 7.—Supreme Court Justice Tompkins today reserved decision on a motion by counsel for James A. Stillman for a hearing in special term here on the referee's report in Mr. Stillman's divorce action against his wife, Anne U. Stillman, already confirmed by Justice Morschauer. Justice Tompkins criticized John Brennan, attorney for Mr. Stillman, for bringing the motion before Justice Morschauer before the date originally set for hearing on the motion here.

THE SHAGGY It's the Rage on the Coast

The very latest in Fall and Winter Hats is the SHAGGY. A snappy, sporty model which can be worn in several different styles. Can be crushed, sat on, or folded and put in your pocket without injuring it.

The SHAGGY has a reasonably broad brim which is another feature in making it the greatest hat for sport wear.

We can furnish this hat in various colors and shades, \$5.00.

Come in and look at our two-pants suits. Remember that the extra pair means double wear and they are sold at less than others are asking for one pant suits of like material and workmanship.

MRS. TIERNAN ASKS DIVORCE; INHUMAN TREATMENT CHARGED

South Bend, Ind., Oct. 7.—Mrs. Augusta Tiernan, wife of John P. Tiernan, University of Notre Dame law professor, filed suit for divorce late today, charging cruel and inhuman treatment. Recently Mrs. Tiernan charged that Harry Poulin was the father of her ten months old son. Poulin was found not guilty of the charge in city court.

Professor Tiernan, who assisted in the prosecution of Poulin, announced shortly after the judge rendered his decision that he and Mrs. Tiernan would separate and that she would take the three children, two daughters, and the son, to the home of her mother in Bronson, Mich., the Tiernans separated today, it was said.

AMERICAN DESTROYER WAS NOT BOMBARDED

Constantinople, Oct. 7.—Inquiry has disclosed that the report that an American destroyer was recently fired on is without foundation.

A London dispatch on October 4, credited to a semi-official source in Athens a statement that an American destroyer engaged in bombarding the coast at Alval on the Asia Minor coast had been bombarded by the Turks.

One veteran captain in the transatlantic service has crossed the ocean 559 times.

This Man Intends to Keep It in the House

"In May or June, 1913, I sent to you and got four bottles which were worth many dollars to me. They enabled me to go to work again. I had lost 40 pounds, but these 4 bottles of May's Wonderful Remedy for stomach trouble gained back all I had lost and I feel like a new man since. I shall keep it in the house all the time." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by the Briggs Pharmacy and druggists everywhere.—Adv.

HOW A \$1,500 INVESTMENT WILL PAY YOUR RENT FOR SEVEN YEARS

Are you going to locate in Albuquerque?
Are You looking for a real home?

If you are, I have a real proposition for you

A Beautiful Apartment for \$21 a Month.

Sounds too good to be true. Here is how I can do it. I have a beautiful new 3 apartment building that I will sacrifice for \$1,000 less than it cost to build, and sell it for \$1,500 down and let the income from the other 2 apartments make the payments. This makes your rent only \$21 a month for seven years, the property is then yours and you have

A Bonus of \$5,000 for Living in It for Seven Years

Which represents the amount it will then be worth less the have made. Did you ever hear of \$1,500 down payment, you such an amazing opportunity to let \$1,500 pay your rent for seven years and earn \$5,000 bonus.

Investigate; it Costs Nothing.

ALL ALBUQUERQUE SEEMS PLEASED WITH OUR NEW FALL THINGS

Judging from the comments of our patrons we hit the nail on the head in our selections of our Fall ready-to-wear, millinery and sundries. This condition is most gratifying, especially when we know that the satisfaction expressed is just as much with the prices as the beauty and quality.

NO FIGHT LEFT IN THEM, SAYS JOHN OF HUGMEN

Broken Spirit Is Burying the Yankees in the Pit of World Series Defeat, the View of Giants' Chief.

New York, Sept. 7 (by the Associated Press).—Broken spirit is burying the Yankees in the pit of world series defeat, in the opinion of John McGraw, Giant leader. "There's no fight left in them," said McGraw after the fourth game today. "If they had been fighting, they would not have lost in the ninth inning, for they booted several chances to tie the score. In the fifth inning we got hits and breaks, too, and we took advantage of every mistake. We won the game in that inning. "Bob Meusel's half-hearted loping to first in the seventh was costly to the Yankees. Had Meusel dashed to first, fighting, as he should—well, figure that out. Ward's home-run would have scored him. And then Schang should never, in my opinion, have tried to stretch his hit in the ninth into two bases. The Yankees should have played for the tying run first. "It is not often that a ball team gets a two-bagger, a single, an infield out and a long fly in one inning without scoring. Yet, the Yankees had these in the ninth today and failed. "The Giants have been fighting every inch of the way and without this fighting spirit, they would have been three games behind instead of three ahead. "Miller Huggins, the Yankee leader, attributed the loss of the fourth game to 'the ill fortunes of the game.' "We may have made errors of judgment," he said. "But we were trying. We wanted to win and we took chances. We did not play ball as we can play it. I'll admit, but there's no use whimpering about it. "Fighting Chances Left. "There's left to us a fighting chance. I think we'll take it. If we lose the series, we'll lose it fighting. "Bullet Joe" Bush, chased from the game by the Giant batters in the opening game, is to have the job of holding off the Nationals in the fifth game tomorrow. Jones, who has finished two games for the Yankees, probably will be held in reserve. "So pleased is McGraw with the pitching staff that the experts call 'inferior,' that he may give the youthful Ryan a chance tomorrow. Vonnard also is an eligible. Neff has had his three days' rest, however, and is the logical choice. "Cunningham's brilliant work shielded today McGraw's praise. "Cunningham pulled Ruth's drive off the center field bleacher wall in the first inning and then in the ninth made the throw that caught Schang at second after the Yankee catcher had poked a single over second. "Cady Stengel still is suffering from his lame leg, and Cunningham will stay in center field.

ALBUQUERQUE HOTEL UP SIX STORIES, READY FOR STOCKHOLDERS' INSPECTION

The sixth floor of Albuquerque's hotel, the pride of the community and the investment of a thousand citizens, has been laid. Like the mercury in the glass tube, climbs the hotel story by story as an index of the growth of the city. When the building reaches 105 feet the blood heat of activity will have been attained and construction on the hotel will cease. The structure when completed will be far bigger than appearances will indicate, according to the contractors. It will in reality be a ten-story building, if the basement kitchen and store room, the mezzanine floor and the pent house inside of the tip-top fire wall are taken into consideration. It is technically, however, a seven-story hotel. Six full floors are laid now, the newest one as the highest point in the business district of the city, affording a superb view of the valley and the surrounding mountains. The circle panorama visible from the upper floors will make these highly desired by the guests who crave more than comfort and attention for their money. Splendid progress is being made on the construction of the building. All of the form work to be done by carpenters will be completed within 15 days, according to W. J. Allen, general superintendent of construction. The closing in of the building will begin this week when the finish carpenters will start fitting the outside sash. Plasterers Begin Work. Plasterers have begun their work on the first floor, the kitchen which is being finished first. The finished floor has been laid in the kitchen and the cement topping has been poured on the entire second floor. The brick and tile work on the first four floors will begin this week. The last car load of steel has been received after considerable delay which held up the work, according to Mr. Allen. The style of the building, which is of concrete and hollow tile construction, is of modified pueblo type of architecture. It is characterized by incomplete vertical lines, a terraced effect in the several stories, a rough finish exterior and heavy exposed timbers. Carved vigas and canals, rough hewn pillars and irregular balustrades will be features. The interior woodwork will be massive in design as well. Marquise of Carved Wood. An elaborate marquise of carved wood will frame the front entrance on Central avenue. This is surmounted by an arched belfry of antique pueblo lines. An open balcony, backed by a portal with rough wooden posts and vigas over the entrance, will be reached from the second floor guest rooms as an out-of-doors veranda. A similar roof gallery opening from the ladies' mezzanine is on the sixth street side of the building. The guest rooms are arranged in four wings on either side of corridors which run from the center of the building to the four corners. There are 33 rooms on each of the second, third and fourth floors, each with a private bath. Some of the rooms are arranged so that they can be thrown together into suites if so desired. Although the partitions have not yet been built on the upper floors the roughing in of the plumbing has been completed and the electric conduit work is progressing with construction. There will be metal partitions between all rooms. The rooms are of a generous size and all have outside windows. Circular Stairway. A circular stairway begins on the second floor and runs up through the center of the building. A two-cage elevator shaft west of the stairway will be finished with a heavy antique balustrade. The ground floor of the hotel is of immense proportions and will be handsomely decorated. A lobby 70 by 55 feet is on the south side. Back and above the lobby and separated from it by a heavy carved balustrade is the dining room. The lobby is lighted by a skylight supported by heavy beams. The room will have exposed ceiling beams throughout in true pueblo style and a large open fire place. At either end of the lobby on the east and west sides of the building are mezzanine floors, each 20 by 30 feet in size. The balcony is a ladies' parlor and writing room and the west is for general public use. The business office and clerk's desk will be under the west balcony and a news stand will be located at the east entrance below that balcony. A street shop, 25 by 12 feet is in each corner of the building. Main Dining Room. The main dining room with its massive decorative center pillar and arched recesses occupies the center of the main floor, raised however, three feet above the level of the lobby. The dining room is 40 by 55 feet with a 17-foot ceiling. It will be entered from the kitchen through a serving pantry on the west. Gustavo Baumann, a Santa Fe artist, will do the mural decorations. The kitchen, a fine big room, 30

OILERS DEFEAT MOBILE, 3-0, IN THE FINAL GAME

Tulsa Wins Western-Southern Championship, Registering Four Victories to One for the Bears.

Mobile, Ala., Oct. 7.—Tulsa won the western-southern baseball championship by defeating the Mobile club this afternoon at Monroe park, 3 to 0, due to the effective pitching of Dave Darforth, former member of the St. Louis Browns. Tulsa won four games, Mobile one. The Oilers won two at home from the Bears, tied one with them at Dallas, Tex., and then came to this city and won two straight. Henry, who started for Mobile, was taken out in the first inning, after he walked three men and then threw the ball away into the bleachers to catch a player at third. Fulton succeeded Henry on the mound and was taken out for a pinch hitter, Sigman finishing the game. The third score by Tulsa was due to a triple by Bauman and Stewart's single in the sixth inning. The Mobile players were continually after the umpire to examine the balls used by Darforth in the game and a number were thrown out by Umpire Brennan. The two teams played a fast fielding game, Niehoff and Cueto featuring for Mobile and Stewart and Bauman for the Oilers. Tulsa, 200 001 000—3 6 1. Mobile, 000 000 000—0 6 1. Batteries: Darforth and Cross; Fulton, Sigman and Baker.

SARENZEN WINS FROM HAGEN IN 72-HOLE MATCH

Is 3 to 2 Victor in Contest for Unofficial "World's Championship of Golf"; 1,000 Fans Out.

Rye, N. Y., Oct. 7.—Gene Sarenzen crowned his wonderfully successful season today when he defeated Walter Hagen, 3 and 2, in their 72-hole match for the unofficial "world's championship of golf." Sarenzen, winner of the American open and professional golfers' titles, was two down after he had battled for this six holes with Hagen over the Oakmont Country club course in Pittsburgh Friday but he quickly overcame that lead in this morning's round and led one up when they started the final eighteen holes over the Westchester-Biltmore course in the afternoon. Sarenzen and Hagen hold the most sought after titles in professional golf and they agreed that

whoever was returned the loser in the seventy-two holes just completed would be given another opportunity and a second match will be arranged with Chicago as the likely scene for the first thirty-six holes. The final thirty-six holes was contested in adverse weather conditions. Rain, however, did not dampen the ardor of some 1,000 fans who stuck behind the champions until the end, for they remembered Hagen's sensational finish over the same course when he was four down with nine to play against Abe Mitchell and yet beat the Englishman 2 and 1. There was a gleam of hope for

Hagen when he won the ninth hole this afternoon and reduced Sarenzen's lead from three to two holes, and then put his tee shot within putting distance at the short tenth hole. Sarenzen drove into a trap and his out left him twelve feet from the cup. Hagen's supporters thought their favorite would win the hole and he put one down, but Sarenzen holed the putt to halve in three, and from then on was unbeatable. Hagen held on a little longer by winning the short fifteenth with a par three, but the match ended at the next green when they halved in four.

MAKING PLANE FLIGHT TO MEMORIALIZE THE GOLD STAR MOTHERS Chicago, Oct. 7.—Miss Lillian Gattlin, said to be the first woman to attempt to cross the continent in an air mail plane, landed at Checkerboard field here at 4:50 o'clock this afternoon and planned to leave early tomorrow for New York. She flew today from Omaha, Neb. Miss Gattlin is making the transcontinental flight to memorialize the gold star mothers. Want Ads Bring Quick Results

RECORD BILLIARD RUN IS MADE BY HOREMANS

Boston, Oct. 7.—A run of 750 in 13.2 balls line billiards, said to be the highest on record, was made here last night by Edouard Horemans, the Belgian billiard champion in a practice game. Horemans is in training here for the tournament for the world title, to be held in New York next month. The highest run previously recorded is said to be 701.

THE KEY TO PROSPERITY.

"Help me to earn a little and spend a little less," was a prayer uttered by Robert Louis Stevenson and one which would serve as an admirable motto for every individual whose ability to spend depends upon his earning power. Frugality and thrift were the watchwords of our fathers, but they are unknown to the present generation. Our forebears, on the other hand, knew none of the trivial diversions that occupy the time and consume the lives of most people today. They lived simple lives, read the good old books and, at rare intervals, witnessed a wholesome play and on the seventh day went to church. They toiled from sunrise to sundown. The secret of their happiness was thrift.

The tendency of today is to earn a little and spend a little more. We are so busy in the pursuit of happiness that we never manage to catch up with it. Success is measured in terms of money; leadership in terms of influence and power. We live in the midst of uncertainty and grope vainly for a moral leader around whom the forces of right may rally or to whom they may look for guidance. "When went there by an age but it was famed by some great man," was not spoken of our time.

We do not prosper because we do not do the things that work for prosperity. What is needed is a return to the simple life and its pursuits. The problem of today is not so much the high cost of living as it is the cost of high living; not a spending wage, but a living wage.

WANT PERSONAL LIBERTY.

Agents of the so-called Sanitary League are circulating petitions for the restoration of wines and beer under a proposed modification of the prohibition law. The plan of the league is the establishment of government dispensaries. The main argument set forth by the proponents of the league is that prohibition has failed because it is an invasion of personal liberty. As well say that the law which prohibits stealing is an invasion of personal liberty. Because some people want to be a law unto themselves they cannot understand the difference between invasion and restriction. There are people who seek the protection of that part of the Constitution which guarantees the right of free speech, but cannot understand why they should be restrained from abusing that right by seeking to destroy the government which exists by virtue of the Constitution.

A large majority of the people respect the law. It is a loud but negligible minority that seeks to impose its will upon society by defying the law which is intended for the good of the whole. They have had their day in court and should abide by the result. The prohibition law is now a part of the Constitution, and is obligatory upon all the people. Those who insist upon the free exercise of their privileges under the protection of the law, will do well to reflect that privilege and duty go hand in hand. As Governor Allen, of Kansas has said, "It is the man who says, 'I am an American citizen,' and then snaps his fingers at American law, that is the real menace to American government."

SAVING PEOPLE'S MONEY.

Economies effected during the last fiscal year by the postoffice department, whereby a substantial sum was saved to the taxpayers of the country, bear testimony to the effectiveness of the business-like methods of the administration. Cost of operation exceeded revenues by \$60,815,400, as against a loss of \$157,517,688 sustained in the preceding twelvemonth period, so that the saving actually made amounted to \$96,702,288.

In the long history of postal service in this country there are only three years recorded in which revenue balanced or exceeded expenditure. While it is not likely that under present conditions there will be any great diminution on expenditures for personnel which represent 80 per cent of the total, there is still room for hope that a greatly increased volume of business may yield such returns as will eventually show a profit. The parcel post, great as has been its success, has by no means yet reached the maximum of which it is capable. When worked to its fullest extent, this branch of the service should be a wonderful source of revenue.

BY THE WAY.

Union rules which stipulate there must be no discrimination against union men

fail to stipulate that there must be no discrimination against non-union men.

The trouble with the Terrible Turk is that he isn't deterrible.

Among other useless gifts at a wedding the bridegroom's presence should not be overlooked.

To get on the front page these days, a coast-to-coast walker must be a pretty girl in knickers.

The statement that there are 2,000,000 persons in this country who cannot speak English refers only to those who know some other language.

It is perceived that the reporters on the story of the Jersey rector and choir singer are at last in full stride in pursuit of a "love nest."

Someone suggests publication of the names of coal profiteers in the daily press, and of course the one infallible means of assuring publication would be to send them to jail for a couple of years.

Since the income tax collector is knocking at the door to inquire about \$2,000,000 in a Canadian bank that Henry Ford is alleged to have forgotten he had, it's the usual one for the press agent to deny the whole story.

The husband who charges that his better half has fled with another because she fell in love with his automobile, doesn't mean by that that she was a model wife.

DUG OUT BY ROOT

The socialist state ticket, unlike the republican and democratic tickets, has no hills, but it has gone both one better and appropriated the Moon.

The democratic county headquarters is now located in a undertaking establishment. The next stop, the republican state, will be at the cemetery.

When Maggie Bullet and Howard Head were married recently in Pittsburgh, the papers referred to it as the Bullet-Head wedding.

There is a knocker on the front door of the new addition to the Alvarado, but it is understood that there are none in the interior.

We felt sorry for the D. U. boys who had to make an arduous journey down here in a private Pullman. They must have felt something like pioneers, or something of the sort.

The funny man of movie fame, No hardships has, we hear. But here-the-less and just the same, He's off a "pie on ear."

The usher in the movie show To a seat led Jacob Drake, "I may not have much coin," said he, "But I am sitting Jake."

A local chicken fancier says the trouble with the Yankees is that they have the Pipp.

While the Giants, it seems, have a tendency to "Groh up" and get Frisch.

Albuquerque Twenty Years Ago

The following delegates to the territorial republican convention were chosen yesterday by the Valencia county republicans: Hon. Solomon Luna, Colonel J. Francisco Chavez, Carlos Baca, Jacobo Chavez, Carl A. Dalies, Narciso Pino, Juan J. Jaramillo, Simon Bibbo, Jesus C. Sanchez, Nabor Mirabal, Ross Garcia, Victor Salz.

The committee in charge of the territorial fair has secured promises of the following to put hand-some floats in the pageant: E. J. Post and company, Dr. Hope, C. Hudson, J. Korber and company, Albuquerque Steam Laundry, Industrial Laundry, Santa Fe Pacific shops, M. W. Flourney, C. Mauser, Crystal Ice company, H. Blucher, C. Newcomer, Judge Trimble, Brockmiller and Cox, Southwestern Brewery and Ice company, public schools, Melini and Eakin, Bachechi and Giomi, McSpadden-Springer Transfer company, Whitney Hardware company, L. B. Putney, Gross Kelly and company, Arnsen and Holman, E. L. Washburn, Graham Brothers, S. J. Benjamin and company, A. J. May, Golden Rule, A. Faber, Jaffa Grocery company, and D. A. Bittner.

The Rock Island railway has purchased the El Paso and Northeastern line from Santa Rosa to El Paso.

Dr. J. A. Massie of Santa Fe is in the city.

Miss Cora Johnson of this city and Joseph Elieher of Pueblo were married last night in Pueblo.

S. Vann, Santa Fe watch inspector, has gone to San Marcial. He will visit all the towns on the division.

Hatchita, the new town in Western New Mexico, is said to be building up rapidly.

Colonel E. W. Dobson made a flying trip to Santa Fe yesterday.

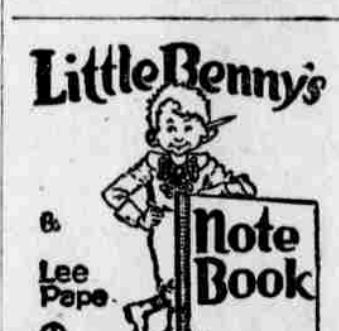

Hon. George P. Money, a brilliant young attorney of Las Vegas, is in the city on legal business.

TODAY'S BEST THOUGHT

Wisdom and knowledge are derived from sources many and various. Like ancient Thebes, the soul is a city having gates on every side. There is the eye gate, and through it pass friends, a multitude of strangers, the forests, the fields, the marching clouds. There is the ear gate, and therein go trooping all sweet songs, all conversation and eloquence, all laughter with Niobe's woe and grief. There is conversation, and thereby we cross the threshold of another's mind, and wander through the halls of memory and the chambers of imagination. But these faculties are limited. The ear was made for one sweet song, not for a thousand. Conversation is with one friend living, not with Pliny and Pericles.

—Newell Dwight Hills.

OTHER THINGS WILL HAVE TO WAIT.

This afternoon I was coming home with my mother and we started to go past White drug store, ma saying, O, that reminds me, there's something I need.

And we went in, ma saying, Good afternoon Mr. White. I want a jar of Blue Ribbon heavy cream and some of that tooth powder with the orange flavor and let me see, there was something else that I wanted and now I can't just think what it was.

And she started to think all her little mind and Mr. White started to mention different things it might be bin but wasn't, such as ink and iodine and shoe blackening, and I said, G ma, I bet I know what.

Some of those time drops, I said, and ma sed, O, I might of known you'd had some such wonderful idea. Meaning not the line drops, and ma kept on thinking, saying, I had it on the tip of my tongue and now I haven't.

Maybe it was some of these cream mints, ma, I sed, and ma sed, Maybe it wasn't. Meaning certainly it wasn't and I sed, Well how about these gum drops, ma, maybe it was them.

O dear, now I've got all that candy on my mind and I can't think at all, ma sed, and I sed, Well why don't you buy about 10 cents worth and let it off your mind and then maybe you can think what it really was, ma.

Confound it, ma, and if I think of it later I'll make you come around and get it just for having so many suggestions, ma sed.

Which we went home and I had to go out again on account of ma thinking of it, being stamps.

A LITTLE LAUGHTER

On the Watch.
"Richard," said Mrs. Nagatem, "your manners are getting worse. Today at Mrs. Smith's I saw you take your handkerchief and wipe off the chair before you sat down. And, worst of all, the darling little boy was watching you."

"Yes," my dear, replied Mrs. Nagatem, "and I was watching the darling little boy too. I'm too old to get caught on that bent pin stuff."—Houston Post.

Not Sure.
A minister, on the occasion of a marriage, was at a loss in trying to discover the bridegroom among the company of young men present.

Fixing on a young man with a large flower in his buttonhole, he asked him quietly: "Are you a happy man?"

"That remains to be seen," was the solemn answer.
"But are you the man who is to be married?"
"Oh, that's another matter,"—Pittsburgh Chronicle-Telegraph.

Clerical Humor.
"That was an excellent discourse you delivered last Sunday," said an old minister to a rising young preacher, "but I would hardly call it a sermon, it had no text."

"Don't you call a discourse a sermon unless it has a text, doctor?"
"Certainly not."

"How about the Sermon on the Mount; it has no text?"
"On the contrary, my dear young friend," said the old minister, "it is composed entirely of texts."—Boston Transcript.

Common house flies have been proved to migrate as much as six miles in one day.

Nature reveals the might and majesty of God, but tells us little about the tenderness and gentleness of God, and is silent about redemption—A. M. Knudsen, St. Paul's Lutheran Church.

There are many who are staggering beneath burdens which they feel are too great for their strength; yet they hesitate to put their trust in Him who said my yoke is easy and my burden is light.—L. L. Gaines, Nazarine Church.

The gospel of Jesus Christ is still "good news" to man. Sometimes in this blasé world we ignore God's message and call it "old stuff," but when we stand before God, stripped of our sophistication, Christ's gospel really becomes "good news."—Charles R. McKean, Presbyterian Church.

Man is unable to convert himself, or to do anything by means of his power and knowledge towards his conversion. Christ must do and must give everything.—Carl Schmid, Immanuel Evangelical Lutheran Church.

Man's first work on earth was to keep and work God's garden. This world is still God's garden, not only to raise fruit and grain but to grow men, souls, for God. The greatest business on earth is raising men for God. For this alone the world stands.—Dean W. B. Allen, St. John's Cathedral Church.

It is easy to trust God in the sunshine. Have you learned to trust Him in the shadow? Of what use is your faith if it does not sustain and comfort you in these hours when you need it most? Our God is an ever-present help in the trouble.—W. A. Guy, Broadway Christian Church.

Answers to Questions.

(Any reader can get the answer to any question by writing The Albuquerque Journal Information Bureau, Frederic J. Haskin, Director, Washington, D. C. This office applies strictly to information on legal, medical, and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. How does the amount of coal handled by the railroads now compare with the amount handled before the railroad strike? T. P.

A. While in other years the railroads, in times of stress, have been able to handle 13,000,000 tons of bituminous coal in a week, the picture of steady decay is a gloomy one. They are now hauling less than 10,000,000 tons weekly. The bituminous mines, it is stated, are in position at this time to load even more than 15,000,000 tons of coal a week.

Q. Do grape seeds cause appendicitis? H. C. R.

A. Medical authorities are now of the opinion that the seeds of the grape positively do not cause appendicitis.

Q. What do the initials "BYD" on men's underwear stand for? E. V.

A. The initials form a trade name which has been derived from the name of the manufacturer—Beverly, York and Day.

Q. How many automobiles use the Continental motor? T. E. P.

A. At the present time there are 31 automobiles manufactured in this country using this make of engine.

Q. What can be done to keep an old rubber coat from sticking together? M. A.

A. Rubber is not very long lived. Having a garment stick together is a sign that the rubber in it is deteriorating. There is no remedy.

Q. How does Gene Sarazen hold his clubs? What is his average drive? S. P. D.

A. Sarazen uses the over-lapping grip in which the left hand is down the shaft at a slight angle toward the right hand. Like most professionals and amateurs of first rank he uses practically the same grip on all his clubs, including the putter. He is not an exceptionally long driver, but while there is no way of determining his average drive, or that of any other golfer, any more than you could determine at what average distance he always sinks his putts, it is obvious from his record that he is able to get all the distance he needs on any course.

Q. What are the emblems of the Apostles? N. E. M.

A. The artists of early times designated the Apostles by the following signs: St. Peter, keys; St. Paul, a sword or book; St. Andrew, a cross like the letter X; St. James, a sword; St. John, a chalice, sometimes a dragon or an eagle; St. Philip, a spear and cross; St. Bartholomew, a flaying knife; St. Matthew, a carpenter's square; St. Thomas, a dart; St. James the less, a club; St. Matthias, an axe; St. Simon, a saw.

Q. What are the geographical divisions of the United States? A. R. S.

A. The United States is divided into nine parts geographically, which are as follows: New England, Middle Atlantic, East North Central, West North Central, South Atlantic, East South Central, West South Central, Mountain, and Pacific.

LITTLE TALKS ON THRIFT

By S. W. STRAUS, President American Society for Thrift.

In a large Middle Western city can be seen on almost every principal corner the letters "A. B. C." painted on the street pavements in large, bold strokes.

Wherever one goes in the business district one is greeted by this cryptic message. Curiosity leads to inquiry as to the meaning of the sign, and one is then told that the letters mean "Always Be Careful."

In the United States, so we are informed by the statistician, a human life is needlessly sacrificed every six minutes. In the year 1920 there were 76,000 accidental deaths, and the toll is increasing.

That America is lagging behind in this important phase of thrift work is shown by a comparison with conditions in England and Wales, where the combined death rate during the period of 1911 to 1920 was 369 accidental fatalities for one million deaths. In the United States the rate for the same period was 714. In other words, England and Wales have shown us that through the proper application of the principles of thrift along the lines under discussion, it is possible to eliminate almost 50 per cent of accidental fatalities. If this standard of efficiency were applied in the United States, it would mean the annual saving of approximately 35,000 lives, in addition to the saving of a vast amount of property otherwise destroyed by preventable causes.

EUROPE HEADING TOWARD ANOTHER WAR, SAYS SOLO

Senator Caraway of Arkansas, on His Return From a Two Months' Visit Abroad, Gives His Views.

Special to The Journal
Washington, Oct. 7.—"Europe, pursuing her present course, is heading steadily but surely toward another great war and a final smash," said Senator T. H. Caraway of Arkansas.

Just returned from a two months' visit of all the principal powers of Central Europe as a delegate to the Interparliamentary union congress at Vienna, the Arkansas senator drew a gloomy picture of steady decay for Europe. He described continental Europe as a seething mass of hatred, with only the restraining memory and experience of the war holding many of the powers from flying at each other's throats again.

Situation Is Growing Worse
"The chief occupation of Europe right now is hating each other," said Senator Caraway.

"The great war has inflamed national animosities so that there are a hundred causes for war greater and more dangerous than the situation from which the last war sprang. Only the restraining experience and memory of that war has prevented another holocaust to date, and the situation is far worse than a year ago, and growing continually worse."

"Italy hates France as she never hated Austria. France hates England as she never did Germany. The 'little entente' spends most of its time hating each other."

The general impression I got is that France has gone mad on military matters. They are talking now of their destiny—meaning keeping an army big enough to overawe any movement not dictated by France in Europe and Asia. She is rattling the saber as continuously as the clock ticks."

I sympathize with her demand that Germany shall pay to the limit of her ability, but France really desires the destruction of Germany.

"I came home convinced that France doesn't intend to pay her debt to us; has no intention of paying. The diplomats may talk evasively, but if you get down and talk with the French people you get a national viewpoint that they don't owe anything; that they already have paid in blood sufficiently and we still owe them more. Instead of France owing us, they feel now they won the war; they are not grateful for our contribution to victory and don't recognize it."

More Prosperity in France
"They have the devastated regions about three-fourths restored. The houses and the farms are being built, twice as good as they were before the war and the bill is charged up against Germany. The average farmhouse being built is much better than the home the American farmer lives in. In making his claim of losses, no Frenchman has underestimated it, but generally doubled the actual damage. The government has allowed them, has been generous in need of German money to meet them. On the whole, though, France showed more evidence of prosperity than any country I visited."

Engineers described the situation of Austria as really desperate; a patient dying, surrounded on all sides by vultures waiting to pick the body.

"The day I left Vienna there was less than three days' food on hand. They live from hand to mouth, not knowing the day when the collapse will come. Italy, Hungary, Czechoslovakia and Yugoslavia all keep armies massed near the border, ready to start grabbing the minute the patient dies. Each nation is so jealous of the other it blocks any substantial effort to relieve Austria for fear it may give a rival a better opportunity."

Engineers Give \$87 A Year
"Cut off from factories and farms, there isn't enough left of Austria to support the 6 million people. Printing press currency has stalled off the collapse. But the money is not the cause of the land. I bought 1,650,000 kronen one day while there for \$20. How can Europe buy our cotton and wheat with such depreciated currency?"

"The people generally in Austria are half starved all the time and now are hopeless. The only way for trade to revive is for custom barriers to be leveled. Yet you can't travel two hours in any direction without bumping into a tariff wall. Each nation is warring industrially on the other. And incidentally, I might say I heard everywhere in Europe that America's example in setting up a high protective tariff would only make matters worse all around."

England Has Only Sane Policy
Senator Caraway believes that the rival ambitions over Austria have led to the spark to touch a new conflict, provided the Turkish affair can be bridged over without kindling a new conflict. The opinion in Europe, the senator said, was that France was playing Turkey off against the little entente for her own advantage and the future in the near East lay in what policy France ultimately adopted, rather than with England.

Of Irish descent and frequently have been accused of being anti-British," said Senator Caraway, "but England today has the only policy in Europe."

AMERICAN RIFLE TEAM MAKES CLEAN SWEEP AT COLOGNE TOURNEY

Coblenz, Oct. 7.—The rifle team representing the New York force in Germany made a clean sweep in the interallied shooting tournament held by the British army in the Rhineland at Cologne yesterday.

The American marksmen, headed by Warrant Officer Meskell of the Eighth infantry, won every interallied event. The final scores were:

Americans, 510 points; British, 400; French, 303; Belgians, 148.

Many locomotive engineers regard it as unlucky to enter the cab with the left foot first.

VACCINATION AGAINST TYPHOID IS ADVOCATED BY THE COUNTY HEALTH DEPARTMENT OFFICIALS

Vaccination Will Prevent the Disease and Keep Persons From Becoming Carriers to Others; Typhoid Strictly a Human Disease; Injections Offered at Cost of Serum.

Typhoid fever is prevalent in and about Albuquerque. It has been a yearly occurrence ever since the earliest settlers, and will no doubt continue at certain intervals until people realize the constant danger and protect themselves by vaccination.

A close study of typhoid outbreaks has shown that out of every 100 individuals there is one carrier of the disease and that out of every 100 cases of typhoid fever, 15 of the survivors will probably become carriers at some period of their lives. The most difficult feature of the carrier situation is the fact that there are times when it is an impossibility to detect them by any and all laboratory tests. In other words, a carrier may at certain times be free of any signs of the disease and yet later on begin to pass the germs through the excretions.

The number of typhoid carriers is gradually increasing throughout the United States, and the constant travel from country to city, and from state to state makes the problem a very serious one to attempt to control. Efforts are made in practically all cities to detect carriers who are connected with the production and marketing of milk and vegetables; food handlers in bakeries, meat markets, and restaurants, etc., but even this kind of control will often fail to detect the intermittent type of carrier.

Statistics have shown that the largest number of carriers are not found among employees of public food vendors, but among domestic servants and members of private households. This class of private individuals is in a position to spread and keep alive an almost endless chain of cases.

Typhoid fever is strictly a human disease. It does not grow in water. It does not grow on fruit trees, nor in vegetables. Cows and beef animals do not have typhoid. When ever any thing or substance carries typhoid infection, it is because some human has contaminated it.

The only safe and sure protection against typhoid fever infection is vaccination. If we would use this protection as generally and then, as we do the vaccination for smallpox, typhoid would soon disappear. Over four million vaccinations were administered in the United States during the recent war and reports are showing very few cases of infection among these vaccinated.

Typhoid fever is essentially a disease of the bowels. Typhoid fever is a slow and insidious disease. It cannot always be diagnosed in one or two days. Very often families will wait and hesitate before calling in a physician, and during these days of doubt very little attention is given to the distinction of the disease which are allowed to pass the disease to others. This often accounts for the presence of recurrent cases in a family or neighborhood. The grouping of cases in certain neighborhoods, houses are located closely, suggests a probable fly source. Contaminated wells in country locations often account for the infection of whole families.

Water and milk sources produce typhoid outbreaks of an explosive character, that is, an unusually large number of cases in an unusually short space of days. For instance, if a water system or a dairy which serves to supply a large number of people is suspected to be the source of an epidemic, we would naturally expect a large number of the users to be stricken suddenly, whole families and neighborhoods. Water and milk source epidemics are rarely long drawn out affairs, because the infection is soon traced and remedied or removed.

Typhoid vaccination is a sensible procedure, it is not dangerous nor expensive. It will protect you against the dozen different loop-holes in which typhoid infection can creep into your household or into your daily life. It will remove all dread that you might have regard-

ing what you eat and where you obtain your foodstuffs. It will make travel a safe pleasure, whether you spend the night camping in the mountains or whether as a casual in a hotel or sleeping car. It will enable you to be of service to your fellow man by eliminating the danger of you ever becoming a patient and a possible carrier afterwards. The Health Department is willing and waiting to administer typhoid vaccinations to any and all who will apply for same. This vaccination requires a series of three small injections, one week apart at a cost of forty cents for the whole course, the actual cost of the vaccine.

500 BUILDINGS INSPECTED BY FIRE FIGHTERS

Chief Henderson Now Asks Business Men and Others to Make Inspections of Their Premises.

During Fire Prevention week, which closes tomorrow, the Albuquerque fire department has made nearly 500 inspections of buildings, and examined all the alleys in the business section and many in the residential portion. Fire Chief Robert Henderson suggests that the citizens also make inspections of their stores and homes, and help to cut fire loss.

"Remember that the insurance people pay your insurance loss with your own and other people's money and the only way to cut the cost is to cut the loss," says the chief.

Following is a schedule of inspection the chief recommends:

- Is there any rubbish, trash, broken boxes or old furniture in the cellar, attic, closet, under stairs or in dark corners?
- Are the stoves and furnaces properly protected?
- Are the packing or shipping rooms cleaned at closing time?
- Is all the day's sweepings and trash removed from the building over night?
- Have you a fire proof place or bin for your ashes?
- Is there any oil waste or greasy rags that is not in a metal can?
- Are there any broken windows, holes in plaster, partitions or floors?
- Are all the aisles clear?
- Are the entrances clear and fire escapes unobstructed?
- Do you keep your matches in a safe place?
- Do you keep any gasoline or coal oil in the building?
- Have you any rubber gas tubes?
- Are your electric heaters protected, and have you a stand for the electric iron?
- Is the coal pile clean and the kindling free from rubbish?
- Is there any inflammable material near stoves or open lights?
- Are there any broken electric fixtures or bad wiring?
- Are there any electric extension cords looped over nails or metal?
- Are there any electric fuses jumped with wire?
- Are there any steam pipes against wood or anything not fire proof?
- Do you allow smoking in the basement or packing room?
- Are you safe from fire next door?
- Have you a watchman and does he go through all of the building?
- Are cellar doors closed and elec-

TWO STEAMERS CRASH IN THE GOLDEN GATE

San Francisco, Calif., Oct. 7.—The freighter Walter A. Luckenbach and the tanker Lyman Stewart, owned by the Union Oil company, were in collision in the Golden Gate today and afterward the Stewart drove aground near the Cliff House. The Luckenbach under her own power returned to a dock here.

The Stewart's crew was taken off. Three tugs went to her aid but an hour after the collision had not moved her.

OIL LIGHT BEATS ELECTRIC OR GAS

BURNS 94% AIR

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal-oil).

The inventor, H. M. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.—Adv.

G.O.P. TO MEET AT THE CRYSTAL TO NAME TICKET

Theater Will Be Used to Accommodate Crowd That Is Expected to Hear State Candidates.

The republican county convention will be called to order Monday morning at 10 o'clock in the Crystal theater on South Second street. The theater was secured to accommodate the 229 delegates and the many citizens who, it is expected, will wish to hear Judge S. B. Davis, Mrs. Otero Warren, C. L. Hill and other candidates on the state republican ticket. These people will speak during the forenoon.

County Chairman F. A. Hubbell stated yesterday that there are no contests in any of the county precincts, and the party has not been more harmonious in Bernalillo county in over 20 years.

"There are numerous candidates for every office," said Mr. Hubbell yesterday, "and as there are no instructed delegates and no slate, the convention will be a complete and fair expression of the will of the republican party."

The entire afternoon, Mr. Hubbell said, is to name a ticket composed of men and women best qualified for the county offices.

BIDDERS TAKE GREAT INTEREST IN SEWER AND RESERVOIR HERE

The city has received eight applications for plans and specifications for the new reservoir and the sewer disposal works. As the advertisements placed in trade magazines have not been printed, it is expected that a number of requests will come in later, from points outside the state. Nearly all the inquiries so far received have come from local and New Mexico contractors. Bids will be opened October 24.

The city engineering department is getting ready to advertise for bids for the paving districts as outlined at the city commission meeting last Tuesday.

DRIVE AGAINST FIRE

WASTE ORGANIZED

Proclamation by President
Harding Calls for Im-
pressive Observance.

NATION JOINS IN CAMPAIGN.

"It has become a nation-wide custom to observe October 8, anniversary of the great Chicago fire of 1871, as National Fire Prevention Day," states President Warren G. Harding in his proclamation anticipating the observance of Fire Prevention Week in the United States and Canada, October 2-3, inclusive, "and in recognition of this excellent precedent, I am herewith directing the attention of all citizens, especially those in authority in the states and cities, to the desirability of continuing the observance this year and making it as impressive as possible." The president's proclamation continues:

"It has long been a reproach to our country that by reason of poor construction, inadequate facilities for fire prevention, and an all too general carelessness about possible causes of conflagration, our fire waste reaches figures year after year which are not approached in any other country in the world. Mindful of the fire waste which is expressed in figures so huge as to be appalling, it may be emphasized that in a time when all communities need to conserve resources in hand and to promote production in every possible way, there ought to be special effort to minimize such losses. To this end,

"Therefore, I, Warren G. Harding, president of the United States, appeal to the public authorities of the country, by such measures as to them may seem most effective, and to citizens generally, to take steps for the observance of Monday, October 8, as Fire Prevention Day. I suggest the special desirability of impressing upon the teachers and pupils in the schools, and all workers in industrial establishments, the importance of precautionary measures for avoidance of fires. By such measures, earnestly undertaken and vigorously enforced, we shall contribute to a vast economy of the national resources and of the product of human effort; as well as to a saving of many hundreds of human lives now needlessly sacrificed.

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed."

Philadelphia Cleans Up.

As a prelude to Fire Prevention Week in Philadelphia, the entire mercantile section of the city is to be thoroughly inspected and cleaned up. The work already is under way under the direction of a large force of inspectors from the fire marshal's office who will continue their activities throughout the week planned for special city-wide observances. This campaign was instituted last week following a meeting of the fire prevention and insurance committee of the Philadelphia chamber of commerce at which Fire Marshal George W. Elliott was the chief speaker. Mr. Elliott also will address a special meeting of the Philadelphia Real Estate board in conjunction with a convention of all Pennsylvania real estate boards, planned as an added feature to the general observance to be staged in that city during Fire Prevention Week.

Those in charge of city observances throughout the country well might take a hint from Wilmington, Del., where the detail work necessary to an effective campaign has been most efficiently organized. Chief Lutz of the fire department of that city has appointed each club or association, which has been interested in the movement to a specific task for which they will be held responsible. In this way, the Chief hopes to circumvent the old hazard of everybody's business being nobody's business.

ALBUQUERQUE'S FIRE LOSS

\$140,877 LAST YEAR

Fire Chief Robert Henderson, addressing the pupils of the high school on fire prevention yesterday, said that the total fire loss in New Mexico last year was \$287,988, and the fire loss in Albuquerque was \$140,877, or 14 per cent of the total. As the population of Albuquerque is four per cent of the population of the state, the chief said, it can be seen that the loss here was out of proportion.

This year, however, the chief said, the city is making an enviable record. If the remaining three months carry out the percentage shown by the first nine months, the per capita loss for 1922 will be \$2.10, while in 1921 it was \$3.30. The loss during the first nine months, within the city limits, totaled \$24,000, this year.

Unknown Causes.

Over 80 per cent of the fire loss in Albuquerque last year was from fires whose cause was unknown. Nearly all large fires (except explosions), are so classified for the reason that fires causing the largest losses generally have such a start that the cause can not be determined.

Rubbish, trash and grass caused over 9 per cent of fires, all preventable.

Defective stoves, flues, sparks, over 14 per cent; all preventable.

Defective oil stoves and lamps, over 8 per cent. Carelessness in handling coal oil and not keeping the lamp and stove clean.

Defective wires and short circuit, over 13 per cent. Caused by amateur electricians, poor installation, run down equipment and jumping fuses with wire.

Children and matches and careless smoking, over 9 per cent. All carelessness in allowing the children to have matches and that smoker that never watches where he threw that match or stub.

Ashes, over 9 per cent; all preventable. Miscellaneous, over 9 per cent. Unknown, over 30 per cent.

Following the chief's talk, the high school held a fire drill and emptied the building in fifty-five seconds. The firemen then gave a demonstration of fire fighting.

LOBOS PUT UP A GAME FIGHT BUT LOSE TO DENVER

Score Is 41 to 0; New Mexicans Display Burst of Speed in Third Quarter and Worry Parsons.

The Lobos went down in defeat before the strong University of Denver eleven yesterday by a score of 41 to 0. But they won for themselves a reputation for game-ness and clean playing, and showed that the University of New Mexico is represented this year by one of the best teams in its history.

It was to be expected that Denver would win, as the Methodists are rated as likely winners of the Rocky Mountain conference title, and move in the cream of football circles in the southwest. The showing New Mexico made against Denver is an indication that in the games with her ancient rivals, Arizona and the New Mexico Aggies, she will make a splendid showing.

Conference rules yesterday barred Dutton, the ponderous but fast center, and Hopkins, the strong lineman, from the Lobos' lineup. Had these men been in the game, experts agree, the Preachers would have scored three less touchdowns. Denver used her first string men and took no chances.

No Score First Quarter.
The Lobos held Denver scoreless in the first quarter and in the second quarter they were on the defensive all the time, with Denver scoring 21 points.

In the third quarter, the Lobos uncorked some big time stuff, and made successive gains of about 60 yards, on clever passing and carrying the ball. This one flash was practically the only period when the Lobos seemed at all menacing, and the D. U. coach hurriedly "pulled" some of his wearied warriors and put in fresh men.

Jones was the star of the Lobos' lineup, and did some excellent passing. He ran the Kelly, a new man from Roswell High,

LAST OF THE REFUGEES FLEEING FROM SMYRNA

Refugees seeking flight on harbor craft along the quay.

This photo, from the scene of the Grecian-Turkish trouble, was taken at Smyrna after the most

of the hundreds of thousands of residents had fled the city, burned after occupation by Kemalists.

forces. Terrified residents sought escape from the city in any kind of water craft available.

played his first college game, at right end, and intercepted several Denver passes. Williams, who was last year's All-Rocky Mountain halfback, starred for D. U., as did Boyd, formerly of Ohio Wesleyan, and Keaton.

The Lobos showed weakness at tackling, and their offensive, particularly fine bucking, seemed to lack at times. But they played at least 50 per cent better football than they did in the opening game a week ago. They will meet Colorado University at Boulder next Saturday, and, while not doped to win, are expected to hold the Coloradoans to a much lower score than the Methodists chalked up yesterday.

Following is a resume of yesterday's game:

First Quarter.

O'Donnell of D. U. kicked off to Harrington on the five yard line, who ran the ball back 29 yards. Hernandez tried a line buck for no gain. Jones went around left end for 20 yards. Hernandez hit right tackle for five yards. Popejoy hit right tackle for five yards, and Jones hit the same spot for seven more, and then again for another yard. A pass, Jones to Popejoy, was incomplete.

Hernandez hit left guard for four yards, and Jones went through left tackle for three more. Jones attempted a punt, but kicked the ball into the Lobo line and lost the ball to Parsons.

After a series of line bucks, runs and attempted passes, Beat ran around left end for a touchdown which did not count because both teams were off side.

O'Donnell tried a drop kick for goal, but missed. Varsity kicked a fumble made D. U. punt. McCauley punted behind the Lobo goal and the ball was Varsity's on their 20-yard line.

Hernandez hit right tackle for four yards. Jones gained a foot or so through right tackle, and Harrington went around left end for two yards. Harrington punted to Bowman on D. U.'s 45-yard line. The quarter ended with the ball in D. U.'s possession of the 45-yard line.

Second Quarter.

After failing at passes, O'Donnell attempted a drop kick from the forty-yard line, but failed to make it good.

Jones hit left tackle for no gain, and Popejoy went through left tackle for seven yards. Jones hit right tackle, but failed to gain. Harrington punted to McCauley, who ran back 15 yards. After a series of bucks and end runs, Williams tried left tackle for no gain, then hit the same spot for two yards and a touchdown. O'Donnell made it seven points by kicking goal. This touchdown came at the end of six minutes of the second quarter.

After O'Donnell attempted another drop kick which failed, Jones hit right tackle for three yards, but lost the ball which was recovered by Hutchinson.

Williams skirted right end for nine yards, and McCauley gained a yard through right guard. Williams went around right end for four yards, treaton made two through left tackle, and a pass, Williams to McCauley, gave the Parsons their second touchdown, with two and one-half minutes left of the second quarter. O'Donnell kicked goal, and the score was 14 to 0.

O'Donnell kicked off to Harrington who received the ball under the Lobo line and ran it back 20 yards. Varsity took time out for Harrington. Jones punted to Gadbois, who ran the ball back 20 yards from his 40-yard line.

Williams, after a few line plays, lost a yard on an attempt to buck right tackle, but went around right end 10 yards for the third touchdown on the next play. O'Donnell kicked goal as the whistle blew for the half, and the score stood 21 to 0.

Third Quarter.

McCauley kicked off to Jones on the five-yard line, and he ran the ball back 25 yards. A pass, Jones to Kelly, was incomplete. Jones attempted to pass, fumbled, and the ball was intercepted by D. U. Gadbois hit right tackle for no gain, and Boyd went through left tackle for four yards, tried the same hole, but lost a yard. The Lobo line was stiffening noticeably. Gadbois hit right tackle for two yards, and Boyd made two more through the other tackle. Williams hit right tackle for a yard. Bryan was sent in for Canteloni at the Lobo left wing.

Jones intercepted a Parsons pass and ran 25 yards. Harrington passed to Bryan, three yards, and a pass, Jones to Popejoy, was incomplete. Jones skirted right end for seven yards, then dove over left tackle for two more yards to

make it first down. A pass, Jones to Harrington to Kelly, gave the Lobos a 25-yard gain. Jones lost a yard on an attempt around right end, and another pass, Harrington to Kelly, gave the Lobos eight more yards. Gibson was substituted for Gadbois at full for the Parsons. Jones passed to Bryan for two yards, then lost the ball when tackled on a run around right end. No score in this quarter.

Fourth Quarter.

In the fourth quarter Boyd made a touchdown, but O'Donnell missed the goal. Boyd made the fifth touchdown, and O'Donnell kicked goal. Sullivan went through the line for thirty yards and a touchdown, and O'Donnell kicked goal, making the score 41 to 0.

The Lineup.

Denver. Position — U. N. M. Rowman, O. Harrington, Jones, Kenton, R. H. T. Popejoy, Gadbois, C. Hernandez, Platt, C. Greuter, Lane, I. G. Pearce, Cohen, B. G. Ferguson, O'Donnell, T. Cartwright, Hutchinson, G. B. T. Greenleaf, McLaughlin, R. E. Kelly.

Officials: Referee, Bergman, Notre Dame; umpire, Ream, University of New Mexico; head linesman, Williams; Carlisle; head timekeeper, Szumanski, University of New Mexico.

Substitutes: Denver E. Gibson for Gadbois, Almsworth for Gibson, Sullivan for Williams, McCauley for Bowman.

U. of N. M. Canteloni for Bryan, Bryan for Canteloni, Stineti for Cartwright, Popejoy for Harrington, Grenko for Popejoy.

DUKE CITY HIGH BESTS BELEN BY SCORE OF 61-0

Belen Gridiron Warriors Put Up Strong Battle Against Heavier Team; Winslow to Play Here Saturday.

Albuquerque high school football men invaded Belen yesterday and walked away with the game by a score of 61 to 0. Outweighed and outclassed by the local boys, Belen high players put up a game battle and contested every foot of the ground.

The local team made the trip by motor car, leaving here at 7 o'clock yesterday morning and returning in time to witness the university game yesterday afternoon. Several carloads of high school students accompanied the team.

Winslow high school will play the local high next Saturday, the game being booked for Washington park. The Winslow team is said to be a strong one, probably even better than last year when it copied the championship of northern Arizona.

The Winslow game promises to be one of the hardest on the high school schedule which includes games with Menaul, Santa Fe and El Paso. The high school squad is composed of more than 20 players this season, all of whom are of about the same class. They

are already rounding into fine physical condition and should be able to put up a great game against the visiting team Saturday.

THREE MEN IN CUSTODY

Rock Island, Ill., Oct. 7.—Three men were in custody tonight in connection with the slaying of John Louney, 21-year-old son of a Rock Island editor, during a gun battle yesterday between rival gangsters. Another man was held under \$4,000 bonds on a charge of carrying concealed weapons, and murder warrants have been issued for three others.

Foreign school teachers have been in London during the summer, studying English with the aid of a clever machine which writes on a smoked paper the vibrations caused by the human voice in speaking.

KNIGHTS OF COLUMBUS TO INSTALL OFFICERS ON TUESDAY EVENING

The Knights of Columbus, Albuquerque council No. 641, will hold its annual installation of officers on Tuesday evening at St. Mary's hall. District Deputy Vincent Jager of Gallup will have charge of the installation.

The new elected officers for the coming year are Dr. E. A. Frochet, grand knight; Amado Baca, deputy grand knight; William A. Munster, chancellor; T. B. O'Hare, recorder; Thomas F. Keeler, financial secretary; Fred Crockett, treasurer; M. T. Murphy, advocate; E. M. Roney, warden; Kaiser Michael, inner guard; Pedro Duran, outer guard; J. J. Stonelake, Leo Murphy, Thomas Lynch, trustees.

Rev. Father A. M. Mandalari, chaplain; Thomas J. McCaffrey, lecturer.

Following the installation of officers, there will be a social for members, their ladies and visiting knights. The social will begin at 8 o'clock and the program will include short talks and musical numbers.

BUBONIC PLAGUE

Barcelona, Oct. 7.—Bubonic plague has made its appearance here, the newspapers asserting that five cases have been reported, two of them fatal. Several families have been placed under quarantine.

The largest newspaper in the world is to be found in a museum in France, although it is of American origin. It measures 84.2 feet by 6 feet.

BETTER HOMES

WEEK

To Make Better Homes Week Worth While We're Offering Double "S & H" Green Stamps Oct. 7 to 14

"Better Homes Week" sounds nice—but it doesn't mean anything. It is our observation that most people are constantly striving to better their homes, to make them more beautiful, more comfortable, more attractive. They don't do this in any one week of the year—they're at it every year of their lives. That's why we're open for business 52 weeks in the year instead of one.

So instead of writing a lot of meaningless phrases about what you, gentle reader, should do about "Better Homes Week" we're offering double "S & H" green trading stamps with all purchases made this week, October 7 to 14. We believe that in doing this we are offering people a real opportunity to fill their stamp books much sooner than is ordinarily possible—something definite, concrete.

STAR FURNITURE COMPANY

113 West Gold. Phone 409-W

10¢ "CASCARETS" TO CLEAN BOWELS

When Sick, Bilious, Headachy, Constipated, for Sour Stomach, Gases, Bad Breath, Colds

Clean your bowels—then feel fine!
When you feel sick, dizzy, upset, bilious, when your head aches, when your stomach is sour or gassy, just take one or two Cascarets.
As soon as the bowels begin acting and bowel poison and bowel gases are cleared away, you will feel like a new person.
Cascarets never sicken or cramp you. Also splendid for constipated children. 10 cents a box, also 25 and 50 cent sizes. Any drug store.—Adv.

THESE ARE THE NIGHTS YOU APPRECIATE A BLANKET BATH ROBE

SOMEHOW, when the phone rings in the middle of one of these 'chill nights, your best friend is a great big heavy blanket bath robe—especially if you have the Albuquerque habit of sleeping on a porch.

Because we know this, we made a real effort to have just the robe you want in stock.

If it's not convenient to come down to our store, just phone and we'll send you an assortment for selection. We have them for as little as \$6.

Our new stock of dressing gowns is worth seeing.

ATE TOO MUCH A FEW TABLETS EASE STOMACH

Instant Relief from Indigestion, Gas, Sourness, Flatulence

Stomach full? Digestion stopped? The moment you chew a few tablets of "Pape's Dipepsin" your stomach feels fine. All the feeling of indigestion, heartburn, fullness, tightness, palpitation, stomach acidity, gases, or sourness vanishes.

Ease your stomach and correct your digestion for a few cents. Pleasant! Harmless! Any drug store.—Adv.

Strength Purpose

I WILL!

INDIAN PICTURES GO FROM HERE TO 24,000 M.E. SUNDAY SCHOOLS

Cards bearing the picture of a Cochiti Indian woman and her child were mailed last week from Albuquerque to 24,000 Methodist Episcopal Sunday schools in the United States. The cards were sent out by the Rev. F. E. McGuire, pastor of the Lead Avenue Methodist church, having been sent to him from the church headquarters in order that they might be mailed from the heart of the Indian country. The picture is one of a series which is being sent out to the Sunday schools to show what is called "the unprivileged child" in all quarters of the world.

It is well known that many jewels are susceptible to the changes in health of their wearers. Amethysts change from rich purple to violet with falling health, opals shrink, and pearls lose their lustre.

Sir Walter and the Spud

In Ireland they still point to the place where Sir Walter Raleigh planted potatoes he brought with him from America. The venturesome knight was much impressed with the edible qualities of potatoes and touted them highly to his friends. But in spite of his efforts to popularize the spud, it was half a century or more before it became an article of general consumption abroad.

Today, a new food product becomes nationally known almost overnight. Modern methods of distribution quickly place it in thousands of stores. Advertising tells the public about it in the newspapers. People try it, like it, and shortly it is in general use throughout the country.

By the same means American manufacturers—through advertising—are putting within your reach many of the boons of modern life. Without advertising, we would lack many of the comforts and conveniences that go to make life what it is in this year of grace.

Advertising keeps your information up-to-snuff on every article of human need, whether it be food, clothing, articles of household utility, necessities or luxuries.

ADVERTISERS DESERVE YOUR SUPPORT. PATRONIZE THEM!

See How These Men Evidence Their Faith In ALBUQUERQUE

Anybody Can Start

Albuquerque, N. M., Sept. 20, 1922.
Gentlemen:
Having heard that certain persons have remarked that subscribers to hotel stock, whose payments read "payable on completion," might hold back their payments even after the project is completed, we enclose check herewith to cover payment by us in advance of our subscription, which reads "payable on completion."
The writer of this letter personally bought or sold, either as an individual or as attorney for others, more than \$25,000 worth of real estate within the last six months, all of which purchases or sales were of property within four blocks of the new hotel project. Over \$10,000 of these purchases or sales were on Central avenue between Fifth and Sixth streets, and the writer attributes this activity almost entirely to the community spirit back of the hotel project. While this experience is but a small part of the real activity due to the hotel project, we think it worth while for you to know just how much we believe in this forward movement for Albuquerque.

Wishing you every success, we are,
Very truly yours,
RODEY & RODEY,
By (Signed) Pearce C. Rodey.

Albuquerque, N. M., Sept. 20, 1922.
Gentlemen:
Enclosed please find check for \$250 balance due you on \$1,500 worth of common stock of the Albuquerque Hotel Company for which we subscribed.
The directors of your company have done good work ever since their organization, and we take this opportunity to wish them all success in this big enterprise, which upon its completion will mean so much to our ever growing city.
Very truly yours,
WESTERN ICE & BOTTLING COMPANY,
By O. N. Marron, President.

Albuquerque, N. M., Oct. 3, 1922.
Gentlemen:
I enclose check for \$25.00 to apply on my last subscription of stock. This payment is not due under terms of the subscription, but to show my appreciation of your efforts and to help along a good cause, I am making this contribution.
Yours truly,
(Signed) GEORGE A. CAMPFIELD.

Albuquerque, N. M., Sept. 23, 1922.
Mr. Sidney M. Well,
Albuquerque Hotel Company,
Albuquerque, New Mexico.
Dear Mr. Well:
Before leaving for Boston, Mr. Ilfeld left instructions that his hotel note, made "payable upon completion," be taken up. I am, therefore, sending you check to cover.
I am also including payment for stock similarly subscribed by Desmond Farrell and myself.
With best wishes, I am,
Yours truly,
(Signed) LOUIS McRAE.

Albuquerque, N. M., Sept. 27, 1922.
Gentlemen:
I have taken a great deal of personal pride in seeing the magnificent proportions our new hotel is assuming. I subscribed for stock and agreed to pay when the hotel was completed.
I see no reason for waiting, and in compliance with your request, I am sending you check in advance of due date. Later on, if any added subscriptions are required, call on me.
Very truly,
(Signed) THOMAS HUGHES.

Albuquerque, N. M., Sept. 26, 1922.
Mr. Sidney M. Well,
Albuquerque Hotel Company,
Albuquerque, New Mexico.
Dear Mr. Well:
There are a number of reasons why I gladly comply with your request to anticipate my subscription.
First, in compliance to you for your value to this town.
Second, because of my faith in the enterprise, and
Third, because I know that a little money now is worth more than a great deal later.
I was one of the Kiwanians who subscribed to the \$5,000 fund at the time it was needed. The payment was due only on completion, but here it is.
With kindest personal regards, I am,
Sincerely yours,
(Signed) FRANK M. LYON.

Albuquerque, N. M., Sept. 25, 1922.
Mr. Sidney M. Well,
Albuquerque Hotel Company,
Albuquerque, New Mexico.
I agree with you that everybody should pay up their hotel subscriptions in advance. The balance due on my total account is herewith enclosed. Kindly make certificate and I will call for it.
I cannot refrain from complimenting the management on its efficiency in handling the collections and for the low overhead in organization and business management of what I consider Albuquerque's greatest institution.
I hope everybody will attend your forthcoming meeting on October 10 and see what their money has been spent for.
With best wishes, I am,
Sincerely yours,
(Signed) M. P. SAWTELLE.

Albuquerque, N. M., Oct. 1, 1922.
Mr. Sidney M. Well,
Albuquerque Hotel Company,
Albuquerque, New Mexico.
Dear Sir:
In response to your request, I am sending check. This is to be applied on my note which was made subject to the completion of the hotel building.
I am convinced that the building will be completed, and there is no reason why everyone should not pay up now.
Truly yours,
(Signed) EUGENE WITH.

To Whom It May Concern

We, the undersigned, having absolute faith in the future growth and continued prosperity of our city, and appreciating the great practical value to its immediate progress of the new hotel, feel that every citizen should put forth the utmost effort to speed the completion of the hotel project.

To that end, although the balance of our subscriptions do not become payable until after the completion of the hotel building, we have determined to anticipate the due date and pay the same now in order that there may be no interruption in the construction.

We urge all other subscribers to join us in this action which is a manifest duty on the part of all of us who joined together in the determination to finance this project for our city and see it through to completion, without a dollar of obligation, mortgage or otherwise.

\$175,000.00

Of the money subscribed for building the new hotel has been collected and paid in for the construction of the building which has now reached such a stage that all may see its magnitude and get a clear idea of its finished beauty and usefulness.

The need for the hotel is more urgent than ever before. Ample funds are available to complete it without delay, if all those who pledged subscriptions to the stock pay those subscriptions when due.

The loyalty to Albuquerque and this important project shown by those who have anticipated payment of their subscriptions, is an example which should be followed immediately by those who have failed to meet their payments when due.

It's Finishers Who Count

Albuquerque, N. M., Sept. 19, 1922.
Gentlemen:
It is with pleasure that I enclose check for \$2,000, as per your request. There isn't any reason why everyone should not anticipate their notes given as subscriptions to the stock of the hotel company.
Taxable values in the city have already increased to a point to more than pay for the hotel, and every tax payer is benefitting thereby. The increased values of real estate on Central avenue alone have equalled the cost of the building to date.
You can call on me as often as is necessary in proportion to your general needs.
Very truly,
(Signed) GEORGE E. BREECE.

Albuquerque, N. M., Sept. 27, 1922.
Mr. Sidney M. Well,
Albuquerque Hotel Company,
Albuquerque, New Mexico.
Dear Mr. Well:
I take pleasure in anticipating my subscription "payable upon completion." Those who are doing the active work in building the hotel deserve the everlasting gratitude of every citizen of Albuquerque.
Truly yours,
(Signed) J. E. BLINN.

Albuquerque, N. M., Sept. 23, 1922.
Gentlemen:
Enclosed find check of Laudersbaugh Motor Company, to anticipate subscriptions of Mr. Harrington and myself.
We deem it a privilege to be one of the chosen group to start this movement of paying in advance. I doubt whether there is a citizen of Albuquerque who does not realize that the hotel project will be completed most satisfactorily and that there is no reason for holding the due date of the subscription literally.
With sincerest good wishes I am,
Truly yours,
(Signed) GUY LAUDERBAUGH.

Albuquerque, N. M., Sept. 26, 1922.
Mr. Sidney M. Well,
Albuquerque Hotel Company,
Albuquerque, New Mexico.
Dear Mr. Well:
You know that it afforded me the keenest pleasure to stand as the first subscriber to the common stock of the hotel company.
There have been times when many people believed that the project would never be completed. There have even been times when folks said that construction would never be started. My intimate acquaintance with the manner in which the entire deal has been handled, and my observation of its effect upon the community spirit of Albuquerque have enabled me to be strong in my faith for the success of the project at all times. This enterprise has created the re-awakening of our city.
I understand you are trying to raise enough money so that we will never again have any doubt as to the sufficiency of funds with which to meet all obligations. I consider it only my duty, therefore, to anticipate my subscription note which I made payable upon completion.
It gives me pleasure to enclose our check herewith.
Very truly,
(Signed) WALLACE MESSELDEN.

Albuquerque, N. M., Sept. 26, 1922.
Mr. Sidney M. Well,
Albuquerque Hotel Company,
Albuquerque, New Mexico.
Dear Sidney:
When you put the sign on the hotel tower, to me it was a confirmation of faith in our city's future. Truly, it was the first step in the making of a greater Albuquerque. I have watched the building and I have been proud that I am a stockholder in Albuquerque's greatest community enterprise.
I gladly am anticipating my payments. Please issue my stock in full and forward certificate to me.
All University Heights is awaiting with breathless interest to see the roof upon the hotel. Everybody ought to pay their subscriptions in full now, regardless of the due date of their notes.
Sincerely,
(Signed) D. K. SELLERS.

Albuquerque, N. M., Sept. 25, 1922.
Directors, Albuquerque Hotel Company,
Albuquerque, New Mexico.
Gentlemen:
All of my other stock subscriptions are paid, excepting the one which I signed payable upon completion. Enclosed find my check for \$100, which pays me up in full.
You can depend upon it that if any more money is needed for the completion of the hotel, I am prepared to co-operate to the limit.
With all good wishes, I am,
Very truly,
(Signed) L. HEYMAN.

Albuquerque, N. M., Sept. 30, 1922.
Directors, Albuquerque Hotel Company,
Albuquerque, New Mexico.
Gentlemen:
When the Matthew Dairy Company subscribed for stock payable upon the completion of the hotel, it was always our intention to anticipate our payments if it should be found necessary.
It gives me pleasure to enclose check for \$100, which is all that is left of my personal subscription, and upon our other date the Matthew Company will pay its regular installment. The movement to pay in advance is the best thing, in our opinion, that has happened since the inception of the enterprise. I hope that everybody does it 100 per cent.
Very truly yours,
(Signed) R. O. CAMPBELL.

Albuquerque, N. M., Oct. 1, 1922.
Directors, Albuquerque Hotel Company,
Albuquerque, New Mexico.
Gentlemen:
Everybody owes it to themselves and the hotel project to make payments as rapidly as possible.
Your suggestion that subscriptions reading "payable upon completion" be anticipated is a good one. I take pleasure in joining this movement.
Truly yours,
(Signed) W. A. KELEHER.

Albuquerque, N. M., Oct. 2, 1922.
Mr. Sidney M. Well,
Albuquerque Hotel Company,
Albuquerque, New Mexico.
Dear Sidney:
I deem it an honor to be chosen as one of the first hundred requested to show their faith in the hotel enterprise by anticipating their subscriptions, and I accordingly enclose my check therefor.
Truly yours,
(Signed) ALLEN BRUCE,
(The Pacific Mutual Life Insurance Co.)

You Whose Hotel Subscriptions Are In Arrears! Do Your Part To Finish This Job!

MAGEE \$50,000 LIBEL SUIT IS NOT COMPLETED

Case to Be Resumed Monday; Trial Develops Into Legal Battle of Admissibility of Evidence.

Preliminary pleadings in the \$50,000 libel suit of A. B. McMillen against Carl C. Magee and the Journal Publishing company, which is being tried on its merits in the district court after almost a year of technical battle on the part of the attorneys in the case, have so far set the issues that, according to a series of rulings handed down by Judge M. E. Hickey, trial judge, the defendant, Carl C. Magee, is precluded from attempting to prove the truth of the alleged libelous editorials or to explain how they came to be written in order to show lack of malice on his part.

The issues, as interpreted by Judge Hickey, are such as to also prevent any one else from testifying to anything which might tend to prove the alleged libelous matter to be true or show that Magee had information leading him to believe it to be true—or to show any possible lack of malice in the publications complained of.

Yesterday, the second day of the trial, was almost entirely consumed in a series of legal arguments on various questions centering around these points.

Attorneys for the plaintiff rested their case early yesterday morning after completing the reading of the series of editorials written by Mr. Magee while he was editor of the Morning Journal and published by him in that newspaper. The editorials, according to the plaintiff, were maliciously directed against him and have damaged him to such an extent that he asks \$50,000 as damages.

The losing battle for admission of evidence which was fought by the defendant started with the second witness called by his attorneys, Judge E. R. Wright of Santa Fe, was placed on the stand and was questioned regarding a claim which his client, Mrs. Francis Jaramillo, had against the Occidental Life Insurance company. One of the editorials complained of by the plaintiff, being in connection with this alleged transaction.

It was at this point that attorneys for plaintiff brought up the question of the issues as defined in the preliminary pleadings and asked that nothing could be given in testimony tending to prove the truth of the alleged libelous statements or the lack of malice contained in them. The court upheld the plaintiff's contention and Judge Wright was removed from the stand.

Following along the same line of law, Judge M. E. Hickey refused to allow A. B. McMillen, when placed on the stand by the defendant to state how much property he held in Sandoval county or whether he was a taxpayer in the county. One of the statements in one of the alleged libelous editorials intimated that the plaintiff was a delinquent taxpayer in that county.

The defendant, Carl C. Magee, later took the stand and although he occupied for it more than an hour yesterday before the court was adjourned until Monday morning, did but little testifying, due to similar court rulings based upon the present condition of the preliminary pleadings which, according to trial judge, preclude the testimony which attorneys for the defendant were attempting to obtain from the witness.

The suit was filed almost a year ago and since that time, has come up for trial on technical questions a number of times. The plaintiff's attorneys claimed that during these trials or as a result of them, that at some stage of the filing of answers in the case, the defendant should have made legal provision for the admission of that type of evidence, he attempted to produce and which was ruled out by the trial judge yesterday.

What line the defense will take in the case when it is resumed Monday morning at 9 o'clock was not intimated by attorneys for the defense last night.

TRAGEDY HOMES IN MURDER DRAW MORBID SIGHTSEERS

Above, at left, the home of Mrs. James Mills, slain choir leader. Below, at right, more palatial home of Rev. Edward W. Hall, killed with her. Above, at right, dilapidated farmhouse which officials believe the two used as a trysting place. At left, below, is Mrs. Mills.

While the morbid walk or ride past the homes of Rev. Edward W. Hall and Mrs. James Mills, choir leader in his church at New Brunswick, N. J., and slain at the same time, officials are trying to learn what

part, if any, the weather-beaten old farmhouse in the woods near the city played in the friendship of the two which brought them to their death. That this farmhouse, known to both, was

as a trysting place is the belief of police. The bodies of Hall and Mrs. Mills were found near the house. Both had been shot to death. Love letters were strewn about the ground.

INDIANS PLAY TIE GAME WITH MANUAL ON INDIAN FIELD

Manual and the Indian school played a 6 to 6 football game yesterday at the Indian school field. Manual scored on the first play of the game and the Indians made a touchdown on the last play of the last quarter.

The Indians attempted a forward pass which a Manual warrior picked out of the air. A touchdown resulted. The Indians scored on a long forward pass.

The game was snappy throughout and it started at 1 o'clock. After playing and attending had time to witness the University-Denver game later in the afternoon.

"Chief" Williams was referee and H. C. Donaldson umpire.

Theaters Today

"P" Theater—Richard Kipling presents "Outlawed," starring Bill Patton and Carolyn Wagner; also showing "Current Events" and "Pathe Review" pictures.

Lyric Theater—The Goldwyn Corporation presents the popular Mabel Normand in "Head Over Heels," by Edgar Allan Woolf; also presenting the two-reel comedy, "The Game Lady."

Pastime Theater—William Fox presents to the Pastime patrons, William Russell in "The Men of Zanzibar," by Richard Harding Davis; also showing "Fox News" and a comedy, starring Harold Lloyd.

EVER SEE ZANZIBAR?
IT'S A QUER PLACE;
NOW AT THE PASTIME

Take down your map of the world, or your old geography and look at the east coast of Africa. If you look awhile you will find Zanzibar. Probably nowhere else in the world is there gathered such a polyglot population. Men of all shades and every race, from the Orient and the Occident, mix with the ebony sons of Africa. Along its sun-baked highways men of every trade, some men without any calling, walk slowly, as if the effort were too much. In the harbor, swinging lazily to anchor with barely a stir of sultry wind to lift the smoke from the steamers' stacks, lay more than a hundred ships, hailing from nearly all the world's great ports. In Zanzibar, only ten degrees from the line that represents the earth's most torrid stretch, 250 civilized whites sizzle in a blast furnace that is populated by 250,000 men of every shade and race.

A gripping motion picture which will tell you more about it is called "The Men of Zanzibar," starring William Russell. This Fox production, based on Richard Harding Davis' engrossing romance, is to open at the Pastime theater today.

TRICKS OF THE BEAUTY
TRADE REVEALED IN
THE "HEAD OVER HEELS"

There are few institutions in modern life that have not been used for humorous or dramatic purposes on the screen. The latest to find its way to the screen is the completely equipped beauty parlor, which furnishes Mabel Normand with ridiculously funny situations in her latest Goldwyn comedy, "Head Over Heels." The picture, which is being shown today at the Lyric, introduces Miss Normand as more than plain foreign acrobat. She is brought to the beauty parlor to be made presentable for theatrical purposes. Here she is met by the "Doctor," a muscular lady armed with scalpels, a hammer and a number of mechanical appliances that are guaranteed to straighten noses, remove wrinkles, change the facial contour, and in fact, distort the features of those unwedded by nature with beauty, into the semblance of a Venus. Mabel Normand undergoes the prescribed operations in her own amusing manner. Her fear of the various instruments, her inability to comprehend what the entire treatment is about, test her resources as a comedienne. Needless to say, she plays her role as only Mabel Normand can.

A fully equipped, modern beauty parlor was established on one of the stages of the Goldwyn studios, and every piece of apparatus that specialists in changing the face of nature employ, may be seen on the screen in "Head Over Heels."

4784 SERIES C DRAWS LAST OF THE ELKS CARS

Holder Fails to Claim Machine Last Night; J. P. Bush Is Lucky Man in the Afternoon Drawing.

The Elks are looking for the holder of ticket No. 4784 Series C, who is to receive the last of the Ford sedans given away at the Elks' circus. The number was drawn from a big revolving box last night, and was announced to the crowd, but nobody stepped forward to claim the car. The Elks will give the holder 30 days in which to make himself known.

J. P. Bush, a salesman making his headquarters at the Sturges hotel, drew the car given away yesterday afternoon. His number was 2052 Series V.

An immense crowd attended the circus last night. The Elks committee was unable to announce definitely the outcome of the week's festivities, but stated that the circus undoubtedly had been a big financial success. The net proceeds will go into the charity fund, and the major portion will be used for that purpose. A small portion will be used to advertise Albuquerque at the grand lodge session of the Elks' order at Atlanta, Ga., next summer.

'GET THE MURDERER' IN HALL-MILLS CASE IS GOVERNOR'S ORDER

Philadelphia, Oct. 7.—Colonel Swartkof, head of the state police, who is directing the activities of troopers working on the Hall-Mills murder mystery, was sent by Governor Edwards with orders to "get the murderer and not come back until he did," the Philadelphia Evening Ledger quotes the governor as saying today.

"The murder of Mr. Hall and Mrs. Mills must be cleared up," the governor said. "There has been too much time lost solving this mystery. I want the murderer arrested, whoever it is, and I expect there would be arrests made yesterday. I was surprised that there was not."

To the Citizens of Bernalillo County

The democratic party of Bernalillo county, at its convention assembled, nominated me for the position of sheriff on the said party ticket.

In order that the citizens of this community who are not personally acquainted with me, may know who I am, I wish to state that I was born and reared in Bernalillo county and have lived here all my life; I received my education in the public schools of Albuquerque; when a young man I was clerk for several years in the business house of Spitz Brothers; after leaving their employment I devoted my time to farming my lands at Ranchos de Albuquerque, and to stock raising, which business I still follow. I am familiar with the conditions in the city of Albuquerque and in the rural sections of our county; I am a firm believer in the principles of the democratic party but I fully appreciate that a public officer is not a public boss, and that said officer must serve all the people; have never held an office except that of jury commissioner of this county to which place I was appointed by the Honorable M. E. Hickey, our respected district judge; I have no axes to grind, no one to punish and no one to compensate; not tied up in any way with any man or set of men and if the voters of this county in their judgment decide that I am to be their sheriff for the next two years I assure you that I will do my duty and that I will be only a public servant.

adv. FELIPE ZAMORA.

PEACE RESTORED AT CAMP GROUND NEAR THE CITY

Campers Refuse to Pay Caretaker and Chase Him From the Lot; Camp to Be Kept Sanitary.

Deputy sheriffs were necessary yesterday morning to restore peace and harmony at an auto camp about two miles north of the city and owned by D. E. Sellers, who did not know that the land had been turned into a camp in which almost 100 persons were living. Due to the lack of sanitation County Health Officer Dr. O. C. West ordered conditions changed or the camp abandoned.

Mr. Sellers investigated the complaint of the health department and decided that he would allow the autoists to remain on the property and would charge 15 cents a day for each car in order to make sufficient money to pay a caretaker to keep the lot clean.

Friday night the caretaker went out to start work and to make the collection. In the riot which followed, he showed previous training as a sprinter and escaped without being hurt. Yesterday morning he went back with deputy sheriffs who explained the situation to the campers and told them they would either have to make the small daily payment which was to be used to keep the camp clean or leave at once. The greater number of them remained. A few refused to pay and left.

It is planned to keep the lot in good sanitary condition and Dr. West stated yesterday that it will serve as a substitute for the much needed municipal camp grounds which has been under consideration for some time.

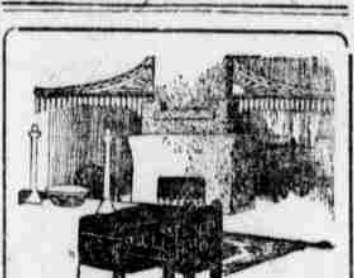

DELEGATION OF FOUR GOING TO AMERICAN LEGION CONVENTION

Two women and two men will make up the Albuquerque delegation at the national convention of the American Legion which will be held at New Orleans, La., October 16 to 20. They will leave here on Thursday evening.

Richard F. Woodson, Jr., and Michael Otero will represent the city. Hugh A. Carlisle, post and Mrs. Belle Nye and Mrs. Emma Summers, president and secretary of the state American Legion Auxiliary, will represent the local auxiliary as well.

MARTIAL LAW LIFTED

Charlestown, W. Va., Oct. 7.—Tonight for the first time in 15 months, since the miners' armed march on Logan county, residents of Mingo county went to sleep without the protection of national guardsmen. This because Governor Morahan today cancelled his proclamation declaring a state of martial law throughout the county.

Miramonte-on-the-Mesa was founded for the accommodation of people not ill enough for hospital treatment—who have come to Albuquerque to rest. Therefore the place is essentially non-institutional. The meals are prepared to tempt jaded appetites, every room has a private sleeping porch. The rates are reasonable.

WILLIAM S. HART IS REPORTED TO BE ILL

Los Angeles, Calif., Oct. 7.—William S. Hart, motion picture actor, is reported to be critically ill at his home here tonight. Physicians who are attending him held a consultation late today. It has been learned that Hart is suffering from typhoid fever and complications. Hart became ill several days ago with what appeared to be a severe cold. His condition took a turn for the worse yesterday and throughout today he has been delirious. His sister, Mary Hart, is constantly in attendance at his bedside.

Hart separated from his wife, Winifred Westover, several months ago, at that time making a property settlement with her which made provision for their unborn child. A son was born last month. Mrs. Hart and the baby now reside with her mother at Santa Monica, a suburb.

A PITTY TO LOSE ANOTHER HAIR

35c "Danderine" Saves Your Hair—Ends Dandruff! Delightful Tonic

Only fools let hair fall out and dandruff stay. Neglect means a bald spot shortly. A little "Danderine" now will save your hair. This delightful tonic cleans the scalp of every particle of dandruff, tightens the hair-root pores, so the hair stops coming out and so the vitalizing oils, which are the very life and strength of the hair, can not ooze away.

Danderine is not sticky or greasy. It has made weak, sick, neglected hair strong and healthy for millions of men and women. Your comb or brush is warning you. Hurry to any drug store and get a bottle now. Don't wait!—Adv.

The Markets

By the Associated Press. FINANCIAL

New York, Oct. 7.—Dealings in today's brief stock market session were irregular and well above those of recent half holiday sessions.

Standard Oil shares were the center of another bullish demonstration. New Jersey being pushed up to 22 1/2 and closing at a net gain of 3/4 on the day. Standard Oil of California, which has been in free supply of late, was pushed up 1 1/2 points.

A run-in of the shorts resulted in a net gain of 3 1/2 for Mexican Petroleum. Sinclair was again active, improving fractionally while the preferred moved up 2 points to a new high. Ten shares of Atlantic Refining company stock, another member of the Standard Oil group, were sold at \$1,350 each, an advance of \$5 over the previous sale.

The market's first reaction to the order preventing transportation of liquor on ships carrying American ports was an active selling of shipping stocks, but there was good absorption and the losses were held within 1 1/2 points. Rubber shares continued to reflect the declaration of the preferred dividend for United States Rubber, the common rising 1/4 and the preferred 3/4.

Copper displayed a reactionary tendency, Utah dropping 1 1/2, Inspiration 1 1/2 and Butte Copper and Zinc, Anaconda and Kennecott declining fractionally. Equipments lost ground on realizing sales.

Total sales were \$46,000 shares. Foreign exchange rates were better despite the more threatening news from the Near East. German marks fell to .64 1/2 a hundred, another new low record.

The clearing house statement showed a decrease of \$7,707,000 in loans and discounts of member banks, as compared with a decrease of \$1,518,000 the week before, and the reserve of member banks in the federal reserve bank decreased \$59,770,000 as against an increase of \$26,000,000 the week before. There was a decrease also of \$55,372,000 in net demand deposits, making the aggregate reserve \$496,015,000 or \$81,558,550 below that of the week before.

Brazil demand, 11.75. Montreal, \$1.00 3/4-64.

GRAIN

Chicago, Oct. 7.—High quotations at Liverpool and trade evening up toward the finish here, tended to give a lift to wheat values today. At the finish wheat was up 1/4 to 1 1/2 c with December \$1.07 1/2 to \$1.07 3/4 and May \$1.09 1/4 to \$1.09 3/4; corn advanced 3/4 c to 1 1/2 c; oats rose 1/4 c to 1 1/2 c and provisions were unchanged to 1/2 higher.

The wheat market showed a strong undertone throughout the short session and while business was light the strength in Liverpool resulting from the Near East political situation, induced some moderate commission house buying. There also was some short covering. Liverpool reported all American offers made abroad over night as having been accepted, with a better milling demand. Considerable week end evening up got underway toward the last, few traders caring to have an extended interest over Saturday in view of the foreign situation.

Corn and oats were higher in sympathy with wheat, corn touching a new high for the present movement. Country offerings were not large. Eastern demand was fair.

Provisions were firmer although trade was light.

Closing prices:

Wheat—Dec., \$1.07 1/2; May, \$1.09 1/4; July, \$1.02 1/2.

Corn—Dec., \$1.07 1/2; May, \$1.09 1/4; July, \$1.02 1/2.

Oats—Dec., \$1.07 1/2; May, \$1.09 1/4; July, \$1.02 1/2.

Lard—Oct., \$11.50; Jan., \$8.42.

Ribs—Oct., \$10.75.

Omaha.

Omaha, Oct. 7.—Wheat—No. 2 hard, \$1.04 1/2; No. 2 mixed, \$1.10.

Corn—No. 2 white, 60¢; No. 2 yellow, 60¢; No. 2 mixed, 60¢.

Oats—No. 2 white, 35¢; No. 2 mixed, 35¢.

LIVESTOCK

Kansas City, Oct. 7.—(U. S. Department of Agriculture)—Cattle—Receipts 2,500. For week: Better grades beef steers mostly strong to 25¢ higher; top, \$12.35; other grades mostly weak to 25¢ lower; some medium grassers off more; fat stock generally weak to 25¢

DEATHS AND FUNERALS

McCLINDON—Mrs. Cassie Ann McClindon, 42 years, old, died at her home on Santa Fe avenue yesterday morning. She came here about two months ago and is survived by her daughter, who was with her, a son in Yale, Okla., and a brother in Mineral Wells, Texas. The funeral arrangements will be announced later. C. T. French is in charge.

HERNANDEZ—Juanita Hernandez, aged 69 years, died last night at her residence at Atrisco. She is survived by one son, who was with her at the end. The body was taken to Collett's funeral parlors pending arrangements.

GONZALES—The funeral of Delpas Gonzales, who died Thursday evening at Ranchos de Albuquerque, will be held this morning at 8 o'clock from the residence to the San Ignacio church. Burial will be in Santa Barbara cemetery. Albuquerque Undertaking company is in charge.

The commonest of all place names in England is Newton, which occurs no fewer than seventy-two times in different parts of the country.
