UNITED STATES STOPS RUSSIA

Effectually Checks Invasion of Chinese Territory.

EXCITEMENT IN THE COTTON MARKET

President Roosevelt to Be Given an Ovation in San Francisco.

Pekin, May 11.—The French minister reports that Minister Conger, following instructions, has notified the Chinese government of the assurance regarding Manchuria which Russia has given the United States, directly through the American ambassador, McCormick, and also through Ambassador Cassini, and says the Russian charge at Peking has given the Chinese officials similar assurance.

The feeling here has been greatly relieved by the official advice from Washington, denying the report that Mr. Hay telegraphed to President Roosevelt relative to the question of joint action on the part of Great Britain, Japan and the United States, which aroused serious apprehension of possible entanglements.

COTTON MARKET.

Big Jump in Price in the London Market.

New York, May 11.—The wildest excitement in cotton this season occurred today when an enormous covering movement was started by an unsuspected advance of 11 and 14 points in Liverpool, attended by heavy sales of spot in the English market.

The local market responded with an advance of 15 and 24 points on the more active counts, high records in all cases being made.

The heaviest transaction this season during the same time was recorded today.

PRESIDENT IN FRISCO.

Western Metropolis Will Give Roosevelt Grand Reception.

San Francisco, May 11.—Everything is in readiness for the reception of President Roosevelt, who is due to arrive in San Francisco at 2:15 tomorrow afternoon.

Two and a half days will be spent here, and during that time the president will be the center of numerous public functions and features of entertainment.

The program calls for several public receptions, a banquet, a drive through Golden Gate park to the ocean beach and participation in the dedication of the Y. M. C. A. building, the naval monument in Union Square and in the annual state encampment of the Grand Army of the Republic of California and Nevada.

Thousands of persons from all over the state are arriving in the city to see the president, and the outpouring tomorrow will be very great.

PRESIDENT IN CALIFORNIA.

Roosevelt Is Receiving Ovations at Every Stopping Place.

San Jose, Cal., May 11.—From Paraje the president went to Santa Cruz, a picturesque city and seaside resort on the northeastern shore of Monterey bay, where the party remained until noon. Several thousand people thronged the streets through which the president was driven on his way to the beach and along the cliffs facing the Pacific. On the way to San Jose the party made a brief stop at Pelton to visit the grove of redwood trees which has made that part of the Santa Cruz mountains well known to travelers. At San Jose, which was reached during the afternoon, the president was tendered an ovation. Tomorrow he will proceed to San Francisco.

President's Train.

Paraje, Cal., May 11.—The presidential train left Del Monte at 8 o'clock this morning. At Paraje a stop of ten minutes was made, during which the president made a short address to the crowd collected at the station.

No Strike in Texas.

Pittsburg, Pa., May 11.—The supreme council of the American Order of Steam Engineers, an organization unique among American labor bodies by reason of its extreme conservatism

in the matter of strikes, convened in annual session in Pittsburg today. The delegates in attendance number several score and represent many parts of the country. The matters to be considered are chiefly of a routine character.

Papermakers in Annual Session.

Elie, Pa., May 11.—Delegates from many parts of this country and from Canada and England as well as attending the annual meeting begun here today by the International Brotherhood of Papermakers. Reports of the officers show the association to be in a flourishing condition, and the convention, which will last several days, promises to be the most notable in the history of the organization.

Red Men of Georgia.

Macn, Ga., May 11.—Delegates from local lodges throughout the state are arriving at the Brown house preparatory to the opening tomorrow of the great council meeting of the Red Men of Georgia. The business of the meeting will occupy two days and will be transacted under the supervision of Great Sachem of Georgia John T. Abney of Columbus.

Bach Festival Opens.

Bethlehem, Pa., May 11.—Throngs of music loving visitors are here for the third Bach festival to be held this week. The Moravian church will be the scene of the opening tonight and the feature will be the cantata "Sleepers Wake, a Voice is Calling," Nicola's three-stanza hymn, composed by Bach for the twenty-seventh Sunday after Trinity.

The festival scheme this year is a unit in idea, presenting in logical sequences the chief events in the life of Christ.

METHODISTS WILL BUILD.

Lead Avenue Congregation So Decided at Meeting Yesterday.

WHITTESEY PLANS ADOPTED.

The Lead Avenue Methodist Church society, which is the most flourishing one of that denomination in the territory, has outgrown its present quarters. At the Sunday morning service the drawings of Architect Charles F. Whitteley, who drew the plans for the now famous Alvarado hotel of this city, were accepted.

The Lead Avenue Methodist church has a membership near the 300 mark, and the financial condition of its treasury warrants the new building; besides it has bustling officers and members, who will raise the money needed.

The pastor, Rev. F. V. Fisher, and other leading lights of the congregation, began canvas today for the \$12,000 that will be required and these gentlemen feel confident that before the month of June is over the required sum will have been subscribed.

"New Church League" was also formed during yesterday morning service and over a hundred names were added to the roll. The purpose of the league will be to raise money for the new building. As a starter and to show their loyalty the C. J. C. Sunday school class of young men started the list by pledging \$1,000, while the Epworth league added \$500. The youngsters, not to be outdone by their elders in loyalty, said they would raise \$200, so that \$1,700 was raised in very short time.

Architect Whitteley was found this morning at his office busy at work, but he found time to tell The Citizen representative about the new church building. The new building will cost \$10,000 and the furnishings \$2,000. It is to be built on Tudor Gothic style and will be 100x90 feet, with a massive central tower seventy-seven feet high. This tower will probably contain a chime of bells and a clock that

will tell the time of day to all who will gaze heavenward.

Arrangement of the plans are such that all of the parlors, class and lecture rooms, etc., can be thrown in with the main auditorium thus making it the largest one in the city, and when packed will seat 1,200 people. The plan of the portion of the auditorium will make it one of the best recital halls for musicals, etc., considered from the standpoint of an expert, anywhere in the west or middle states. The Sunday school is so planned that each individual class will have a separate class room in which they can be shut up by themselves, and yet for the general exercises these rooms can all be thrown together, assembling the entire school in one large body without the pupils leaving their seats.

On one side of the pulpit will be a choir loft for sixty singers if they are needed, and on the other side will be the pastor's study. A place will also be left for a pipe organ, which the society will put in sooner or later. There will be a kitchen and pantry and everything handy.

The C. J. C. class will have two rooms fifty feet in length, and an arcade will lead to a small annex which will contain a library and a well equipped gymnasium.

The building will be constructed of hydraulic cement blocks, which is claimed to be more durable than stone. When the Methodists get the building completed and furnished it will be a splendid place to worship in, the most convenient and best in the territory.

There will be a main entrance on Lead Avenue and four side doors. The society hope to complete the building this year.

Mr. Whitteley has plenty of work, for he is a skilled man in his profession. He has completed plans for a \$10,000 theater building in Flagstaff, Arizona; a \$13,000 banking building for the First National bank at Raton; a \$20,000 banking building for the First National bank at Alamogordo. For the Santa Fe system he has planned the Grand Canyon hotel; a hotel and station at Laguna, and also a hotel and station at Raton.

Odd Fellows' Orphanage.

Lynchburg, Va., May 11.—The Odd Fellows' Orphanage recently, completed here, was formally dedicated today with interesting exercises. The prominent participants and speakers included Rev. P. M. Bell and Congressman Carter Glass, who delivered the presentation addresses, and Grand Master Hill, who made the speech of acceptance on behalf of the order. Large delegations of Odd Fellows were present from Richmond, Danville, Roanoke, Yetersburg and other cities.

Unions Taking a Vote.

St. Louis, May 11.—Employees of the St. Louis Transit company, who are members of Division No. 315, Amalgamated Association of Street Railway employees of America, are voting on the advisability of submitting to the company the following demands:

Recognition of the union, a revision of hours and wages, arbitration on all differences and reinstatement of discharged employees, members of Division No. 315. The transit company employs 3,000 men, the majority said to be members of the union.

Indiana G. A. R.

Anderson, Ind., May 11.—Nearly every one in Anderson is making preparations for the annual encampment of the Indiana Department of the Grand Army of the Republic. Extensive decorations are being prepared, and already the city is putting on its gala attire. Some of the officers of the Indiana Department of the Woman's Relief Corps, with guests of note arrived today and were given a brilliant reception by the local veterans. The crowd is expected to arrive tomorrow.

Society of the Caribbean Dinner.

New York, May 11.—In commemoration of the gallant fight of the torpedo boat Winslow on May 11, 1898, the Society of the Caribbean will give its annual dinner at the Cafe Martin this evening. This society is a body of artists and writers who sketched and reported that part of the Spanish war which took place in and around Cuba. Lieutenant Commander John B. Berneud of the United States navy is to be the guest of honor at the dinner this evening.

Police Chiefs in New Orleans.

New Orleans, La., May 11.—Many chiefs of police, commissioners, detectives and others have arrived here preparatory to attending the international convention of chiefs of police, which opens tomorrow. Nearly 500 delegates are expected. Most of them are to be accompanied by their families. Elaborate programs of entertainment have been arranged. The visitors spent today sight-seeing.

BATTLE FOUGHT IN TURKEY

Bloody Fight Between Turks and Bulgarians.

THE NORTHERN SECURITIES CASE

State of Kentucky Sues Southern Pacific for Taxes.

ROCK ISLAND-FRISCO DEAL APPROVED

Salonica, European Turkey, May 11.—In an engagement between Bulgarians and Turkish troops recently fought at Igapari, near Monastir, many Bulgarians were killed and seventy-four were made prisoners. Another fight is reported at the village of Gorenstrove, near Demira-Hissar. The village was burned. The panic in the Monastir district has not abated.

CONCERTS.

Chev. Pietro Buzzi Appears at St. Mary Hall Tomorrow Night.

THOMAS AT COLOMBO THURSDAY NIGHT.

The opinion of many of the prominent critics in this country is that Chev. Pietro Buzzi is the best Italian lyric tenor who has toured the United States. Chev. Buzzi's first success in the United States goes back to 1892, when he scored a hit in the Metropolitan in New York in his rendition of Lucia de Lammormoor. In the same season he was engaged as leading tenor for the grand opera season in the Tivoli in San Francisco, where he proved himself a true interpreter of the music of Italian opera.

Chev. Buzzi is now on his way to Costa Rica to fill an engagement with the famous Lombardi Opera company. He will give a concert at St. Mary's hall on Tuesday night, May 12, assisted by the best local talent. Some of the most difficult selections in his wide repertory will be given. During the evening he will sing in four languages. The concert comes as a rare treat to Albuquerque music lovers.

Thomas Concert.

Edward F. Thomas, the talented basso of Washington, D. C., will give a farewell concert Thursday evening, May 14, at Colombo hall. Mr. Thomas has gained the good will of the people and delighted audiences in nearly every church in the city, appearing in many home musicals and assisting in many noteworthy concerts. Albuquerque's music-loving people will turn out in full force and show their appreciation of Mr. Thomas' services. Musicians of Mr. Thomas' ability are live factors in advancing and stimulating pupils to great efforts.

No introduction is required for Albuquerque's talented favorites who will assist Mr. Thomas. They are: Mr. John Douglas Walker, tenor; Mrs. Mable Stevens Himoe, piano; Mr. Robert T. Blair, violin; Mr. Joseph Blondin, cello; Mr. Edward Grunstedt, piano; Mr. John E. McKenna, banjo; Prof. Di Mauro's full orchestra.

MERGER CASE.

Northern Securities Appeal Case Docketed in Supreme Court.

Washington, May 11.—The record in the case of the United States vs. the Northern Securities company, recently decided by the United States circuit court for the district of Minnesota adversely to the Securities company, reached the United States supreme court today in an appeal and was docketed No. 9639. The record covers almost 1,700 printed pages and confined largely to the testimony. As the call of the docket has been suspended for the present term, the case cannot be called before next October.

Big Suit.

Louisville, Ky., May 11.—A suit for \$1,000,000 taxes was filed today by the state of Kentucky against the Southern Pacific railroad.

Ferns vs. Duffy.

Louisville, Ky., May 11.—A twenty-round go between Martin Duffy, the Chicago welterweight, and "Rube" Ferns, who recently knocked out Matty Matthews at Buffalo, is the star fea-

ture arranged by the Louisville Athletic club for its boxing show tonight. Both men appear to be in good trim for the battle, and an interesting contest is expected to be the outcome.

Deal Approved.

Des Moines, Iowa, May 11.—At a meeting of the directors of the Rock Island Railway system today the Rock Island-Frisco deal was approved.

Attacked by Moros.

Manila, May 11.—Straggling Moros attacked the rear guard of Capt. Pershing's column near Bacolod, island of Mandanao, Saturday morning, wounding Lieutenant Ruggles and one soldier. The guard killed all the attackers.

Wedding in Army Circles.

Washington, May 11.—Miss Gertrude Agnes Gibbons, a prominent young society woman of Washington, was married today to Lieutenant George Francis Connolly, United States army. The ceremony was performed in St. Stephen's church in the presence of a number of army officers and others of prominence.

OFFICERS AT TOPEKA.

Santa Fe Passenger and Freight Men Holding Conference.

The time card room at the Santa Fe general offices at Topeka will be the scene of much work this week. A new time card is to be arranged and all of the general and division superintendents are there to assist in the work. The time card room has been made ready for the work which commenced today, and will probably continue all through this week.

Those in attendance at the meeting are Charles Russell, R. J. Parker, C. T. McClellan, F. C. Fox, J. L. Barnes and H. A. Tice, all division superintendents. It is reported that several traffic officials will be in attendance, among them being W. B. Biddle, freight traffic manager, and J. E. Gorman, general freight agent. D. E. Cain, general superintendent of the western grand division, will also be there with his division superintendent.

The principal changes in the new time card will be the putting on of the Colorado Flyer and the taking off of the daily California limited. Several other minor changes are to be made and it is said that some other local trains might be added. The new card will go into effect on June 4.

There is a rumor that the presence of the traffic officials at the same time with the operating officials is indicative of important changes which are likely to be made in the handling of freight. The Santa Fe is trying to economize on its operating expenses, and the report is that the conference to be held here is to promote this result.

LOCAL PARAGRAPHS.

Al. Coleman will assist James D. Eakin at the wholesale liquor establishment of Melini & Eakin, during the absence of the former in Italy. Messrs. Melini and Cornetto left last Saturday night for New York. They will sail for Italy on Thursday, April 14, and will be gone several months.

L. L. Henderson is the new freight bill collector for W. L. Trimble & Co., and is being introduced around by J. H. Pegue. The latter will attend to "chasing" the wagons and hacks, the combining of the two duties being found a little bit too much for one man to handle with justice to the firm.

Henry Hall, the Washington correspondent of the Pittsburg Times, and Richard C. Hall, also of Pittsburg, are in the city, arriving last Saturday night. The gentlemen left Pittsburg on April 1, and have traveled through Oklahoma, Indian Territory, Pecos valley, this territory, and will leave tonight for the Grand Canyon of Arizona. After a few days' stay at this great wonder, they will return to this city and thence to Santa Fe, expecting to reach Pittsburg about the first of June. Henry Hall is gathering information for write-ups of the trip, and this afternoon secured some good pointers from Delegate Rodey.

Last Saturday The Citizen mentioned the return of Mr. and Mrs. Joe Barnett from southern California, and in connection stated that the father of Mr. Barnett had died at Saginaw, Mich., while he was away from this city. Today Mr. Barnett informed The Citizen that his father was 83 years old, and he regretted very much that he did not attend the funeral, although no fault of his. A telegram, informing him of his death, was wired to Albuquerque from Saginaw. It was from here transmitted to Los Angeles and thence to Santa Catalina. When the telegram reached the latter place Mr. Barnett was out in the mountains and it was four days after the death of his father that the news reached him. As soon as he can straighten out some local affairs, Mr. Barnett will visit his old home at Saginaw.

OMAHA STRIKE COMPLICATED

No End in Sight of Many Labor Troubles.

KING EDWARD TO VISIT SCOTLAND

Raising a Fund to Relieve Persecuted Jews --Flour and Grain Rates Reduced.

Omaha, May 11.—The strike situation in Omaha is further complicated this morning by the closing down of eighteen of the largest laundries in the city, and the locking out of 560 laundry workers. This action was taken by the laundrymen after an extended conference last night and the reception by them of a notice from a Laundry Workers' union that they do not attempt to work for hotels, restaurants and other places which have been declared unfair.

Trying to Avoid Strike.

Omaha, May 11.—It was stated at Union Pacific headquarters today that negotiations were being carried on between President Burt, Mr. Harriman, the Civic Federation of New York and representatives of the boilermakers of the Union and Southern Pacific. Nothing definite could be made public, however, as to the probable result. President Kennedy of the Union Pacific boilermakers stated that he believed that some arrangement would be reached in the next two weeks for the settlement on all of the Harriman lines.

Southern Pacific Strike Postponed.

New York, May 11.—Ralph M. Easley, secretary of the Civic Federation, announced that he had received a telegram that the Southern Pacific threatened strike had been postponed fifteen days to give time for a settlement. The boilermakers of the Southern Pacific were to have gone on strike today out of sympathy with the striking Union Pacific machinists who have been out for about six months. Senator Hanna, acting for the Civic Federation, asked that this sympathetic strike be postponed, pending efforts of the federation to bring about a settlement.

MASTER CAR BUILDERS.

They Are Holding Their Annual Meeting Here Today.

LIST OF THOSE PRESENT.

The master car builders of the great Santa Fe system are holding their annual meeting in Albuquerque today. The meeting opened at 9 o'clock this morning in the reading rooms of the local shops, and the attendance was good. Representatives from all the car shops that are maintained by the system are here, and the two days' session will be of great advantage to all.

The car builders are to discuss matters pertaining to their department, the ways and means and methods of the Santa Fe, and other systems. The two days' discussion will be of a technical nature, and is of little interest except to railroad men. Many of the excellent cars used by the Santa Fe people are of their own make. The larger car shops are located at Topeka, Kan.; Temple, Tex.; San Bernardino, Cal.; Albuquerque, Chicago and San Francisco.

General Superintendent T. M. Ramsdell, of the Santa Fe system, is here and is taking an active interest in the gathering and discussions. Those who are in attendance today are:

J. A. Staple, S. N. Peck, M. Manson, Topeka; S. D. Woods, Newton, Kan.; W. H. Taylor, Raton, N. M.; C. Young, Temple, Tex.; Fred B. Reinhard, Chicago; J. A. Whiteside, Richmond, Cal.; J. W. Matty, Fort Madison, Iowa; J. W. Hathaway, Pueblo, Colo.; W. N. Whitehead, Needles, Cal.; J. P. Powers, El Paso, Tex.; H. N. Calderwood, Argentine, Kan.

The wives of several of the master builders accompanied them to this city. All are quartered at the Alvarado. The meeting will close tomorrow night. General Superintendent Ramsdell when seen by a Citizen representative this afternoon said that the discussions that had taken place would be of very little interest to the general public.

tlement. The executive committee of National Civic Federation meets in this city on Wednesday and the question of reaching a settlement in the Union Pacific matter will come up.

Strike in Chicago.

Chicago, May 11.—A strike of 500 tallymen and lumber inspectors, which may develop serious trouble for the lumber industry of the city, was inaugurated today. Seventy-five lumber yards throughout the city are involved. The men demanded increased pay notwithstanding that the scale was signed on January 1 for one year.

Denver, May 11.—Efforts are being made to arbitrate differences between union men who are out and the employers, and both sides hope to be successful. Otherwise the situation in labor circles unchanged today. A meeting of the joint committee of the labor unions is now in session. Everything possible will be done to prevent a general strike.

Strike in Alabama.

Mobile, Ala., May 11.—All the boiler-makers, blacksmiths and machinists in the employ of the Mobile, Jackson & Kansas City railway company in this city struck today. The men demand \$2.05 per day of ten hours. They have been receiving \$2.95.

Injunction Wanted.

Memphis, May 11.—C. G. Bond, the district attorney of the Mobile & Ohio Railroad company, with headquarters at Jackson, Tenn., today went before Judge Hammond, of the federal court, and prayed for an injunction restraining the striking employees and others from interfering in any manner with the operation of trains on the Mobile & Ohio railroad in the state of Tennessee. Judge Hammond issued a restraining order effective until Wednesday, May 13, when he will hear application for injunction.

WILL VISIT SCOTLAND.

King Edward Will Spend a Week in Edinburgh.

London, May 11.—So many years have elapsed since a British sovereign held court in the ancient and historic palace of Holyrood that the visit of the king and queen to Edinburgh this week is attracting great attention throughout the kingdom. As previously announced, the royal couple will not remain at Holyrood, but will stay at Dalkeith palace, the Scotch country seat of the Duke and Duchess of Buccleuch, about six miles distant from the Scotch metropolis, and which has been placed at their disposal by the duke for the purpose. But they will drive into Edinburgh every day and hold courts and levees at Holyrood.

In Aid of Kishineff Jews.

New York, May 11.—It is expected that a large sum will be realized for the relief of the persecuted Jews of Kishineff (Bessarabia) by the united action of the leading Jewish merchants of New York in donating 2 per cent of their gross receipts today toward the cause. This method of contribution was adopted in response to an appeal issued by Professor Richard Gottheil, son of the late Rabbi Gottheil and president of the Federation of American Zionists.

The same movement is on foot all over the country, and it is anticipated that a fund sufficiently large to relieve the sufferings of the Kishineff Jews will be raised within the next week.

Flour and Grain Rates Reduced.

Chicago, May 11.—The reduction in grain and flour rates from Chicago and points on the Mississippi and Missouri rivers to the Atlantic seaboard became effective today, and will remain in force until September 30. While the reduction amounts to only 1 1/4 cents a hundred pounds, it is sufficient to enable the millers of the northwest to compete with foreign millers using American grain.

MASONS DISCARD WINE.

Recently the grand commandery of
the Knights Templar of California de-
cided by a unanimous vote that here-
after no wine should be served at Tem-
plar banquets. This action is in line
with a similar course being pursued by
Masons in all parts of the country. The
Masons are a powerful order and their
example cannot but have an influence
in society generally.

The habit of drinking wines at ban-
quets has already been discarded in
many quarters. Many guests do not
care for it and simply drink it because
others do. But there is no point at
which the temperance movement could
have more of an effect for good. Those
who attend them are usually supposed
to be more or less prominent in the
community and example counts for
much.

SUCCESS.

Somebody has said that every hu-
man being desires to succeed. Each
one of us is trying to make life a suc-
cess, a full-orbed, well rounded out,
beautiful affair, so that when the even-
ing of our earthly day comes we can
look back and feel that we have not
lived in vain. The law that water shall
seek its level is no more absolute than
is the other law that we seek suc-
cess.

Success in this world hinges upon
moral earnestness. We fail because
we do not mean to succeed; we all
want to succeed, but many lack the
grim resolve, the grit, the courage and
the nerve to succeed.
Faint heart never won fair anything.
Fortune loves to place the laurel
crown upon the brow of the brave,
while from the cringing coward she
turns away in supreme disdain. It is
the brave that gets the best out of
life; the coward must be content to
feast upon what is left.

the spring was cleaned out by A. R.
Graham in 1893, several skeletons were
found, one of an Indian squaw. The
skeletons were those of Indians, evi-
denced by the high cheek bones. At
least one of them is accounted for by
C. C. Conrad, the man in charge of the
bath house. He says while in Silver
City several years ago he met a dis-
charged soldier, one of the old timers,
who showed Conrad a diary which he
had kept during his service in the
army, back in 1850. On one of the
pages he told of being in a cavalry
squad from Fort Selden to warn an old
Dutch settler and his wife, then living
on the west side of the hot spring, of a
band of Apaches which was headed
that way. The squad camped at the
spring that night and early next morn-
ing before daybreak were joined by a
party from Pinos Altos. Shortly af-
ter daybreak the band of Apaches, not
knowing of the presence of the sol-
diers, swooped down from the sur-
rounding hills and were met with a
warm reception. They immediately
turned and fled, leaving one lone In-
dian, badly wounded. One of the sol-
diers, spying him, ran and picked him
up, carried him to the spring, and, be-
fore any one could interfere, chucked
him into the boiling caldron. He was
court martialed for the offense, but
was acquitted. The Indian's skull, or
at least a skull which was taken from
the spring, may now be seen in the
Whitehill collection at the hotel.

This Means Silver at Sixty-Four Cents

From persons closely in touch with
the official circle of Mexico, it is learned
that it is the purpose of that gov-
ernment to permanently establish the
value of its silver dollar at 50 cents
on the dollar gold. That is the propo-
sition with which the monetary com-
mission will have to deal and within
the next few months, it is stated, the
Mexican dollar will be worth 50 cents
gold in any part of the world. The
monetary census, completed a short
time ago, shows that there are 60,000,
000 silver dollars in circulation in Mex-
ico, and when the value of each is ad-
vanced to 50 cents it will cause a phe-
nomenal change in the business situa-
tion. This means that the price of sil-
ver will go to 64 cents an ounce.

A Lesson In Health.

FOREST RESERVE MATTERS.

Rangers Don Their New Uniforms
May 1 in Accordance With Land Of-
fice Regulation.

R. C. McClure, supervisor of the
Gila forest reserve, returned to Silver
City from an extended tour of the
range. Mr. McClure says the reserve
is in good condition and the grass fine,
with plenty of water. He says he found
large patches of snow in the Mogollon
mountains, knee deep to a horse and
that the prospects for plenty of water
this season are good. Commencing
last Friday, May 1, the rangers of the
reserve, including the supervisor, who
ranks as captain, donned their new
uniforms in accordance with a new
ruling of Land Commissioner Rich-
ards. Mr. McClure leaves May 11 for
Las Vegas to attend United States
court in the case of the United States

There have been times when
the wild beasts have been more
merciful than
human beings, and spared the woman
cast to them in the arena. It is astonish-
ing how little sympathy women have
for women. In the home the mistress
sees the maid with the signs of suffering
she recognizes so well, but she does not
lighten the sick girl's load by a touch of
her finger. In the store the forewoman
sees the paller and exhaustion which
mark womanly weakness, but allows
nothing for them. It is work or quit.

women well, by curing the womanly
diseases which undermine the health

ing from female weakness, a disagreeable drain,
bearing-down pains, weak and tired feeling all
the time. I dragged around in that way for
after taking the first bottle I began to feel
better. I took four bottles of Dr. Pierce's Favor-
ite Prescription, two of 'Golden Medical Dis-
covery,' one vial of the 'Pleasant Pellets,' also
used one bottle of Dr. Sage's Catarrh Remedy.
Now I feel like a new person. I can't thank you

Life and Gets a Sprained Wrist.

A special from Trinidad, Colo., says:
Had it not been for the brave action
of C. D. McElhany, a runaway on Main
street about 6 o'clock this evening,
would have resulted seriously. A
spirited horse attached to a buggy be-
longing to Alfred Brown, dashed down
Main street, which was crowded with
vehicles. Mrs. Frank Wells and an-
other lady were driving up the street
when they saw the horse coming. Mrs.
Wells' companion jumped out of the
buggy and she attempted to do like-
wise, but her skirts became entangled
in the wheel. The frightened animal
was almost upon her when McElhany
dashed into the street, grabbed Mrs.
Wells around the waist and dragged
her to a place of safety just as the
two vehicles collided.

McElhany sustained a sprained wrist
but was otherwise unhurt.

Frank Brown, fireman, who was on the sick list the past week, has again reported for duty.

After a general overhauling in the local shops, engines Nos. 2162 and 2344 have been sent north.

A. C. Rankin, traveling rail inspector of the Santa Fe, has gone east after a day's stop in this city.

George A. Bird, foreman of the car shops at La Junta, is in the city to attend meeting of the car builders here.

H. McCreary, general auditor of the Harvey curio and news department, was here for a short time Saturday night.

H. Hobson, the fuel and ice inspector of the Santa Fe, is in the city from headquarters at Topeka. He is making a regular tour of inspection.

Charles Mainz is arranging to leave for San Bernardino, Cal., where he has secured the position of night watchman in the Santa Fe railway shops. Mr. Mainz has been on the Albuquerque police force off and on, for the past several years.

According to the Silver City Enterprise probably the only time a train robber who had repeatedly robbed the fast express on a trunk line was ever employed regularly by the company is found in the case of the Southern Pacific, giving Bert Alvord, the notorious highwayman of Arizona, a regular position. He is foreman on the line now being constructed by the Southern Pacific from Naco, Ariz.

RUSSIAN TRAIN ROBBERS.
They Constitute a Serious Menace to Traffic on Frontier.

Train robberies have ceased to be a monopoly of this country, and are so common in certain parts of Russia that the ministry of transportation has taken special measures to prevent them. A Russian journal reports that within the last three years there have been 1,181 attacks on trains or criminal attempts to wreck them, and 286 armed attacks, resulting in robbery or murder. A force of mounted police is to be established north of the Caucasus and east of the Caspian, and a secret police in the settlements near the railroads, by whose inhabitants the attacks are usually made. Further provision is made for the immediate trial of those arrested, and police powers are given to certain of the higher classes of railroad employees; and train and station men on the Siberian and the Chinese Eastern railroad will be armed. Better wages are to be paid to trackmen and laborers, who, apparently, are suspected in some cases of assisting the robbers and getting a share of the plunder.

Mr. Joseph Pominville, of Stillwater, Minn., after having spent over \$2,000 with the best doctors for stomach trouble, without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. If troubled with indigestion, bad taste in the mouth, lack of appetite or constipation, give these Tablets on trial, and you are certain to be more than pleased with the result. For sale at 25 cents per box at all druggists.

WILL IT CATCH BROKERS?
Elkins Law May Prohibit Selling Cut-Rate Tickets.

Among passenger traffic officials of some of the western lines the liability of ticket scalpers under the Elkins bill is a question of interest, and one that may lead to the interstate commerce commission for decision very soon.

Under the recent interpretation of the law all tariffs, passenger as well as freight, must be published and no rates made which do not comply with those published tariffs. As the broker operates his business this is nullified, the passenger agents say. The broker sells to his customer on the street a ticket from Chicago to Denver for from \$5 to \$7 less than the regular fare. This ticket may be used by a passenger who occupies a seat by the side of another who has paid the full price. Both have the same service as to cars, connections and time occupied on the trip, but there is a discrimination in fare in favor of the one and against the other. The fact that the railroad company is not a party to this discrimination should not take the act out of the operation of the law prohibiting the discrimination, say the passenger agents.

The anti-scalping law provides that the ticket broker who sells tickets shall be the agent of the railroad over which the ticket is good. This, if lived up to, would bring the matter closer home to the company issuing the ticket possibly, and the question that is worrying the passenger agents is how close the responsibility will be brought home.

Another question raised is, What is the degree of responsibility under that act of the passenger who not only gets

but seeks for the illegal concession which he enjoys. This question will be taken before the commission for settlement with the others raised in the same connection.

The general opinion among railroad men, however, is that there is no help under the interstate commerce law for the condition which has been described. The provisions relating to rebates, discriminations and secret rates will hardly apply to brokers and people outside of the transporting corporations. If this is established there will probably be a move for some amendments of the law or a statute which will in some way meet this feature of the situation.

Caution!
This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the night and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. J. H. O'Reilly & Co.

BE HERE THIS WEEK.
Kansas City Excursionists Due Here on Friday.

The Citizen, the past few days, has called attention to the fact that members and friends of the Kansas City Commercial club would make an excursion to the southwest.

The following letter on the subject has been received by the local Commercial club in response to one written from the club to the visitors to make free use of the rooms of the local club during the stay here:

Kansas City, Mo., May 8.—Mr. P. F. McCanna, Secretary of the Commercial Club, Albuquerque, N. M.: Dear Sir—Mr. O. L. Chase of this city has handed me your letter of April 30th to him, and I desire to confirm advice given you by the representative of the Santa Fe road in reference to our excursion. We are due to arrive at Albuquerque with our own special train, including diner, May, 15th at 9:40 a. m., leaving the same day at 12:30 p. m.

We appreciate very much the kind invitation of the directors of your Commercial club inviting the members of our party to make themselves at home at the Albuquerque club rooms during our stay. This can only be done, however, in an informal way, as the object of our trip is for the heads of our business houses to meet the merchants of your city. After such visits we hope to avail ourselves of your kind invitation and will be in position to reciprocate your hospitality on our train previous to our departure.

For your further information I enclose you herewith a copy of our itinerary. With fraternal greetings, and trusting I may have the pleasure of meeting you when in Albuquerque, I am, Yours truly,

E. M. CLENDENING, Secretary.
The excursionists have addressed letters to the farmers from one end of New Mexico to the other and their train, which will carry a band and other attractions will be visited by a large number of citizens who will be anxious to see the great attractions which the enterprising Kansas City-ans are expected to offer. The excursionists will cover every town of importance in New Mexico, north and west Texas, Oklahoma and the Indian Territory.

POOR DOMINIE

Between the Devil and the Deep Sea.
A clergyman of Gresham, Neb., who drank coffee for many years suffered from chronic insomnia and from terrific headaches when he quit coffee. He says: "I have been a heavy user of coffee for so long and have seen its effects so clearly that there is now no doubt in my mind concerning its injurious effects upon the nervous system."

"While a coffee user I was unable to sleep for hours after retiring at night and on the other hand terrific headaches resulted if the regular hour for drinking coffee passed and I did not get it so I was in a miserable position. But I found a firm friend in Postum Cereal Coffee and from the very time that I adopted Postum all these evil effects vanished. I now enjoy sound sleep and improved appetite and a decidedly clearer complexion and I am convinced that better health and a longer life would be the result of its general use. I have a friend who has been a user of Postum for several years and the story of her recovery from neuralgia of the stomach simply by using Postum in place of coffee seems almost too wonderful to be true. Many times she was near death's door and the doctors had frequently given her case up as hopeless, but she was entirely healed by leaving off coffee and using Postum. It is a pleasure to say these good things about Postum." Name given by Postum Co., Battle Creek, Mich.

REVISING TIME TABLE.

On the Entire Santa Fe System of Roads.

George E. Roe, division freight and passenger agent of the Santa Fe, left for Topeka to attend a meeting of the transportation and traffic officials, says the El Paso Times. The object of the meeting is to effect the regular spring rearrangement of the time table of the system. The discontinuation of the California limited on the first of June as a daily service will necessitate some important changes on some of the divisions, but not in the local division. The only change likely to be made in this division is the time of the arrival of the regular freight train.

Speaking of the changing of the time table, a local Santa Fe man said: "Few people understand what it costs a big railroad system to change its time table. All of the transportation and traffic men of the system must meet at a given point and their expenses must be paid while the meeting lasts. In the case of the Santa Fe this amounts to not less than \$1,000 a day. I venture that this present meeting will cost the company not less than \$15,000."

THIRTY NEW BRIDGES.

Santa Fe Is Rebuilding Its Southern California Lines.

Plans for the construction of thirty bridges for the Southern California division of the Santa Fe railway have just been completed by R. B. Burns, chief engineer of the coast division of the Santa Fe, and work will be commenced at once, says the San Bernardino Sun. Fifteen of the new bridges will be on the line between Los Angeles and San Diego. The remainder will be on the line between Los Angeles and Barstow.

"This bridge construction will be a part of a general rebuilding of the Southern California lines of the Santa Fe," said Engineer Burns. "We have completed rebuilding the Atlantic and Pacific west of Albuquerque and are now prepared to do some construction work here in Southern California."

MORE SANTA FE MEN QUIT.

Shopmen at Argentine Refuse to Do Boiler-makers' Work.

A dispatch from Kansas City dated May 8 says: Twelve of the men employed at the Santa Fe roundhouse in Argentine joined the striking boiler-makers and their helpers at the shops there last evening because they were asked to do work which they believed formerly fell to the strikers. Nine of the men were engine wipers and the other three were employed in various capacities. The wipers who struck were asked to bore flues. When an engine is run into the roundhouse the pipes of the tubular boilers often become clogged with soot. A long auger is taken and the flue bored out. This line of the men refused to do.

At the shops it was stated that no attempt would be made to fill the strikers' places, as the work would be done at other places. A few men remained at work in the boiler shops yesterday and these were still at work this morning.

RATON'S NEW DEPOT.

Will Be One of the Finest Depots Along the Line.

The stakes for the new passenger depot were driven Wednesday morning, says the Raton Range. The construction of the building will commence at once and the work will be pushed with all possible speed.

The building is located at the foot of Cook avenue, its center being in the middle of that street.

W. R. Carter of Topeka, the contractor who built the new Santa Fe depot in that city, has the contract for putting up the Raton depot and is on the ground and has with him a few experienced builders from Topeka, though most of the workmen who will be employed on the building will, if possible, be secured here.

The building is to be of the old Spanish mission style of architecture, to be constructed of concrete and will be 170 feet in length and 56 feet in width. Mr. Carter says that no depot between Topeka and Los Angeles will be any finer—the one at Albuquerque not being equal to it in elegance of detail. The floors will be of maple and the woodwork and furnishing will be most attractive and substantial. There will be on the ground floor two large waiting rooms, two toilet rooms, ticket office, baggage room, express room, train dispatcher's, train master's and telegraph offices.

Arcades will surround the entire building as well as broad pavements of vitrified brick, and on the west side and ends of the structure there will be a blue grass lawn, trees and fountains. The building will be two stories in height near the north end, crowned by a tower, and there will also be a tower on the south end. A new freight depot will also be

built and will be located south of the new passenger depot. The contract for this building has not been let and no plans for it have yet been exhibited to the public.

Raton has good cause for congratulation over securing these important improvements by the railroad company. They mark an outward stride in the progress of our city and will more than ever entitle Raton to the name of the "Beautiful Gate City of New Mexico."

GREATLY ALARMED.

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burhage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burhage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured." Sold by all druggists.

ESTIMATED AT 25,000.

Immense Crowds of Excursionists Will Go to California.

General passenger agents of Chicago believe that the month of May will break all records for California travel. It so happens that during the next thirty days will be held on the coast either at Los Angeles or San Francisco, half a dozen conventions and gatherings, which will attract many thousands of people.

Estimates of the number who will travel on the cheap excursion rates granted for those occasions within the month vary from 15,000 to 25,000. The prevailing rate will be \$50 for the round trip, which is less than the regular one-way fare. Arrangements have been made by the roads out of Chicago for the operation of fifteen special trains from Chicago to California before May 31. Nearly all of these trains will go by the way of Omaha and Denver, and return over the Santa Fe road.

Among the gatherings which are to be held on the coast soon are the Presbyterian general assembly at Los Angeles May 21 to June 1, National Association of Master Plumbers at San Francisco May 19 to 22, American Ornithologists' Union at San Francisco May 15 and nation convention of the Junior Order of United American Mechanics at San Francisco.

These occasions also call forth several personally conducted tours of the coast, which will require special trains. One of these was the Cleveland Grays, the crack military organization of that city, which passed through Albuquerque Tuesday, bound for the coast. Another is the Presbyterian Home Mission tour, which will be personally conducted by the Pennsylvania, and will leave Chicago on May 14 with 176 people, including a corps of chaplains, stenographers and special guides. This train, which will go over the Santa Fe, and also the "assembly train" will not do Sunday traveling.

During June, July and August, also, many conventions will be held on the coast, and the season will undoubtedly be a record-breaker. Nearly all summer long a rate of \$50 or less will prevail for the round trip.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver trouble so I prescribed them. The patient gained from the first, and has not had an attack in fourteen months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only 50c at all druggists.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

The University Choral society will meet this evening at 8 o'clock, and every member is requested to be present and promptly, too. The date chosen for the last concert is during university commencement week, June 3. At this time they chorus, assisted by the best soloists in the city, will

present Burton's beautiful descriptive Indian cantata, "Hiawatha." This work has met with great success in the east. In order to make it a success the management of the school of music earnestly desire the co-operation of every member of the chorus as well as of the music lovers of Albuquerque.

There will be a party of Presbyterians in Albuquerque next Sunday, May 17, from 3:30 to 6 p. m. All soldiers and friends invited. Hester Rutherford, Frances Hogan, Ella Cooper, Josephine Strain, Sammie Hopping, Mary Rogers, committee on entertainment.

The funeral of Mrs. Juanita Sandoval de Miera, whose death was mentioned in The Citizen several days ago, occurred this morning, and was largely attended. The bereaved brothers, Alejandro and J. M. Sandoval, and other close relatives, who live at a distance, reached the city yesterday, and to them The Citizen offers its condolences.

Lieut. H. R. Yewell and family, who resided in this city a few years ago, are again here, and will remain several months.

LOVE STORY IN CHAPTERS.

Characters Assumed by Husband in Two Years.

WIFE CAME TO ALBUQUERQUE.

Chapter I. Stealing away under cover of darkness, Charles R. Burge and Nellie Marshall, of Des Moines, Iowa, fled to a nearby town and were married. This was two years ago.

Objections of the parents of both of the young people proved of no avail. "We love each other and will go through life happy, contented," was the message the young people sent to their respective homes.

Chapter II. Fresh from the Iowa state college, young Burge brought his bride to Denver. They were happy until the money gave out and then it was the old story of Master Cupid feeling by the window when poverty came stalking in the door.

The bride of a few months wrote letters to her parents in Iowa and said she was unhappy. Positions were not hanging around on trees for the young husband to pluck, and he grew discouraged.

Chapter III. One evening in the summer of 1902 he returned to his little rooms to find that his wife had gone to Albuquerque, N. M., with her mother.

Love still had a place in the young husband's heart and when he found his wife had fled he wrote her a letter asking her to return. He waited long for an answer and it failed to come; then he wrote again.

Chapter IV. Early in October last year he received an answer—not the answer he had long dreamed for, but one that was cold, filled with reproaches, taunting statements.

Then love died in his heart and he wrote a letter—a letter filled with sentences that aroused the young wife's mother to action. The letter was turned over to the United States postal officials and they decided it was objectionable.

Chapter V. An officer from the secret service office in Denver sought out young Burge and arrested him. He was taken away to jail to await the action of the federal grand jury. He was given a hearing and held to Judge Hallett's court.

Chapter VI. When the young wife heard that her husband had been arrested, love awoke, and, while she had secured a divorce on the ground of desertion, she wrote a letter to the United States district attorney asking for mercy for her former husband, and explaining that she may have been the cause of the letter which caused her husband's arrest.

Chapter VII. Today young Burge faced Judge Hallett. Assistant District Attorney Ernest Knaebel read the charges against the young man, and he entered a plea of guilty.

"Your Honor," said Attorney Knaebel, "in our office we feel sorry for this young man. He has letters from congressmen, senators and the president of the Iowa state college, telling of his good character. It is a case of a runaway marriage that has proven unhappy. The young man confesses to the charge of writing the letter, and if the court please, I ask that you show him mercy."

Judge Hallett pondered long over the case, looked at the letters and at last said: "I feel that you have suffered. The law must be upheld, and as a result I will give you a light fine—\$10 and costs."

Conclusion. And now, if Attorney Knaebel has his way, Mr. and Mrs. Charles Burge will take up their broken thread of life, face the world anew and let bygones be bygones.—Denver Post.

The Waste of the Body. Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease set up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by B. H. Briggs & Co., S. Vann & Son.

Presbyterians Coming.

As has been announced, a large number of delegates to the General Assembly of the Presbyterian church, to be held in Los Angeles, will be in this city next Sunday. Including the ladies of the party there will be probably over 200 persons. They are traveling in a special train composed of Pullmans and dining car. They want to spend the afternoon in visiting the Indian school and the manual mission school. It is important at this time for the delegates to get a favorable impression of that school, as the church is this summer to build a new dormitory to cost \$7,500.

The citizens are requested to bring their conveyances to the Alvarado at 1:30 next Sunday afternoon to carry the delegates to the school. All those who are willing to help in this work will confer a favor by giving their names to R. W. D. Bryan as soon as possible. If 150 persons will bring their conveyances at that time all can be accommodated.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre of Shepherdstown, W. Va., says, "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's inflexible for cough, whooping cough, grip, pneumonia and consumption. Try it. It's guaranteed by all druggists. Trial bottles free. Regular sizes 50c, \$1.00.

MRS. McLAUGHLIN ENTERTAINED.

Party of Lady Friends Gathered at Her Residence.

Last Saturday afternoon at the residence on West Railroad avenue, Mrs. J. T. McLaughlin entertained a number of her lady friends at cards, and the affair is reported to have been a most enjoyable one to all present.

Mrs. W. J. Johnson captured first prize, a Diana vase, and Mrs. J. E. Smith the second, a pretty hand-painted cake plate.

Following cards a drawing of ribbons by the ladies discovered hidden therein tiny bouquets of sweet peas, and in one, the consolation prize, a handsome bouquet of American beauty roses, and this fell to Mrs. Harry F. Lee.

Before departure refreshments were served.

The guests were Mesdames Pearce, Kent, Saint, W. D. Dee, Harry F. Lee, J. H. Wroth, Curran, Kearn, Lester, Luna, Bennett, Dame, Edgar, Williams, Gonsul, Hunt, Johnson, Benjamin, Stroup, Misses Wiley, Stevens, Lee, Julia Lee, Hunt, Saint, Louise Saint.

Weeping willow branches and yellow roses, making a pretty contrast, formed the room decorations.

Too Great a Risk.

In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by all druggists.

MINING NEWS.

William McAllister, lessee of the Aztec in the Pinos Altos district, has a force of men repairing the road from the tunnel of the mine to the main road. Ore is being taken out of the Aztec and a shipment being prepared for the hamrock smelter.

Charles Morrill has purchased E. G. Maroney's interest in the Tarantula mine in the Burros and with W. B. Wayland, who is part owner, has commenced sinking on the shaft. Some very good ore has been encountered and with further work the prospects are good for the Tarantula developing into a paying proposition.

A complete powder drill plant consisting of drills, air compressor and eight-horse-power boiler, arrived last week for the Shamrock Mining and Milling company of Pinos Altos. The machinery is being installed this week and will be ready for operation in a short time. The power drills will greatly facilitate the work of mining the ore and will increase the output of the mine materially.—Silver City Enterprise.

Joe Trujillo, a saloon keeper, was before Judge Crawford this afternoon. He was charged with assault on Frank Barnett, a 19 year old boy, yesterday afternoon. He pleaded not guilty and was represented by Attorney Mitchell. Young Barnett said he rode up to the saloon porch on his bicycle, and Trujillo tried to make him take a small book that he said belonged to him, and which young Barnett said didn't. Trujillo then knocked him down and used his head and body for a football. A good bit of scurrilous language was used, too. Trujillo said the boy called him a liar first and then he hit him. Judge Crawford fined him \$25 and costs. He took an appeal and furnished a \$75 bond.

A Farmer Straightened Out.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Rayder, of Pattens Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.' For sale by all druggists.

FRIGHTENED!

The Agony Endured by Nervous Women.

"My nerves are all unstrung" is the expressive way in which a woman is apt to describe a condition of extreme nervousness. The figurative expression "unstrung" may be unscientific but it pathetically suggests the grand harp of the nervous system, strung and keyed for harmonies by its Maker, now become so unstrung that it gives out nothing but jarring discords. Nervous people rarely receive the sympathy which is their due. The dropping of a book which causes the nervous woman to start, or the slamming of a door which causes her to scream, are sounds which do not jar the

nerves of a healthy person. To the nervous woman such sudden sounds are like a blow in the face and they cause intense suffering. The extent of this suffering may be gathered from Mrs. Nelson's experience told in the letter given below. She says, "I was so nervous that the least thing would startle me almost into convulsions." Such a condition of nervousness generally indicates womanly diseases. It is useless to attempt to cure nervousness by the use of narcotics.

NARCOTICS ARE DEADLY

for the nervous woman whose need is not to make the nerves sleep but to make them strong, not to numb them but to nourish them. The best medicine for nervous women is Dr. Pierce's Favorite Prescription. It cures nervousness because it cures the causes which are behind nervousness. It establishes regularity, dries the drains which undermine the health and strength, heals inflammation and ulceration and cures female weakness. It makes weak women strong and sick women well.

"Dr. Pierce's medicines are the best I have ever used," writes Mrs. C. Nelson, of Chemawa, Marion Co., Oregon. "My health was badly run down when I consulted him by letter. My limbs were cold and my head hurt me continually. I was so nervous that the least thing would startle me almost into convulsions. I had palpitation of the heart so bad that I could scarcely walk sometimes. I felt utterly discouraged, but two bottles of Dr. Pierce's Favorite Prescription and one of 'Golden Medical Discovery' made a new woman out of me. We are never without Dr. Pierce's Pills in the house."

Nothing is claimed for Dr. Pierce's Favorite Prescription but is claimed for it by the women who have been cured by its use. Behind every claim is a cure—yes, a thousand cures. In fact,

Mrs. Anderson in the letter which follows expresses the general sentiment of her sex when she writes: "I think Dr. Pierce's medicine is the best in the world for sick and nervous women."

"I would like to express my gratitude to you for the benefits I have received from your wonderful medicine, 'Favorite Prescription,'" writes Mrs. C. N. Anderson, of Rockbridge Baths, Rockbridge Co., Va. "It is a God-send to weak and sickly women, restoring good health without subjecting their weak nerves to the shock of an examination."

"I was all run down in health from November until March—could not work but a short while without resting. Was so nervous at times that I could not even write; had a very poor appetite, and what I ate did not seem to do me much good. I decided to write to Dr. Pierce and state my case, and am thankful that I did, for in due time I received a favorable reply as to what kind of medicine to take. I sent and got it and commenced taking the 'Favorite Prescription' and 'Pellels.' Took six bottles of 'Favorite Prescription,' one of 'Golden Medical Discovery' and one vial of 'Pellels.' I can now work as well as I could before. I was taken sick. I think Dr. Pierce's medicine is the best in the world for sick and nervous women. May God bless you in your good work."

WHAT WOMEN DREAD.

There is a sentence in Mrs. Anderson's letter which will strike a sympathetic chord in the breast of every woman. She writes of her "Favorite Prescription."

"It is a God-send to weak and sickly women, restoring good health without subjecting their weak nerves to the shock of an examination."

Women dread the delicate questioning, the offensive examinations and the obnoxious local treatment considered necessary by many local physicians. All these may generally be avoided by a consultation by letter with Dr. Pierce.

For which there is absolutely no charge. Sick and suffering women are invited to consult Dr. Pierce, by letter, free. All correspondence is strictly private and the written confidences of women are treated with the same privacy observed by Dr. Pierce in verbal consultations with women at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Address Dr. R. V. Pierce, Buffalo, N. Y.

Because Dr. Pierce's offer is free it is not to be classed with those offers of "free medical advice" made by men or women who have neither the legal nor the professional right to practice medicine. If they dared to put out their signs with the title Doctor upon them, the law would instantly deal with them. They don't dare to do this, and yet, though without medical training, medical knowledge or medical experience, they cunningly offer "free medical advice." The law can't touch that claim because anyone can give free advice on any subject, but a woman knows that the advice of her laundress is perfectly worthless as to the cutting and fitting of her gown.

In consulting with Dr. Pierce, women not only consult with a real doctor, but one who is a specialist in the treatment and cure of diseases peculiar to women, and who, assisted by his staff of nearly a score of physicians, has in a little more than thirty years treated and cured hundreds of thousands of women.

WOMEN NEED IT

Every woman needs a copy of Doctor Pierce's Common Sense Medical Adviser, containing 1008 large pages, which is sent free on request of those who send stamps to pay expense of mailing only. Send at once, if desired, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

NEW MEXICO TOWNS

SANTA FE.

From the New Mexican.

The marshal and city police force should impound all stray animals, especially burros, found wandering about the city. This is a nuisance that should be promptly abated.

Miss Mabel Keleher, daughter of Michael Keleher, died at Galisteo yesterday morning of an affection of the throat. She was 14 years of age. Her father is a contractor in the employ of the Santa Fe Central railway.

The main reservoir of the Santa Fe Water and Light company is running over. It has a capacity of 450,000,000 gallons and the fact that it is full is assurance that there will be plentiful supply of water this summer.

Frank Lopez died at his home in precinct 4 at an early hour this morning aged about 55 years. Deceased had been ill but a few hours when his death came. He is survived by a wife, four sons and two daughters.

Suit for divorce was filed in the First district court for Santa Fe county this morning by counsel for Virginia Breton de Martin vs. John Martin. The plaintiff alleges that she was married to John Martin in 1888, and that he deserted her five years ago, since which time she has had no knowledge of his whereabouts, and has had to support herself.

The unsightly and ugly portal in front of the Delgado building on the west side of the plaza should be taken down by the city authorities, if the proprietor of the property does not do so. It has served its purpose and is not necessary today. The appearance of the west side of the plaza would be greatly improved if it were removed.

Col. J. Francisco Chavez, territorial superintendent of public instruction, is in receipt of a communication from William Farr, dean of the Nashville College of Law, in which it is announced that Colonel Chavez has been elected to receive the degree of doctor of

law by the college. Colonel Chavez has written Dean Farr thanking him and the college for the honor thus voluntarily conferred upon him, but at the same time declining the honor.

Cures When Doctors Fail.

Mrs. Clara Chasson, Patterson, La., writes June 8th, 1901: "I had malaria fever in very bad form, was under treatment by doctors, but as soon as I stopped taking their medicine the fever would return. I used a sample bottle of Herbine, found it helped me. Then bought two bottles, which completely cured me. I feel grateful to you for furnishing such a splendid medicine, and can honestly recommend it to those suffering from malaria, as it will surely cure them." Herbine, 50c at J. H. O'Reilly & Co.

Two children in the family of Mr. and Mrs. W. Hurst are suffering a light attack of scarlet fever.

Capt. T. J. Matthews had one of his hands severely burned at the Windsor by the explosion of a lamp.

Attorney J. G. Fitch is out and attending to business again after a month's confinement with an affection of the eyes.

Charles Sperling and family will leave in a few days for Belen, where Mr. Sperling will resume his position with the John Becker Mercantile company.

F. G. Bartlett returned home from a month's almost continuance absence looking after his interests in the vicinity of Magdalena during the lambing and shearing season.

A. D. Coon, who owns one of the largest orchards in Socorro county, says that the prospect for fruit this season is fairly good, though it is still a little early to form an accurate estimate.

Mr. and Mrs. A. Mayer are the proud parents of a bright boy baby that ar-

riv Sunday morning, May 3, to gladden their home. Needless to say, the little fellow will receive hospitable entertainment.

A fine nine pound girl arrived at the home of Mr. and Mrs. Charles F. Tabacchi at Cat Mountain on Wednesday morning in time for dinner. Mrs. A. F. Katzenstein, of this city, is a guest at the home of her daughter, Mrs. Tabacchi.

Mr. and Mrs. A. C. Abeytia returned to their home in this city from an absence of several weeks at the resorts of southern California. They had an exceedingly enjoyable time and both were much benefited by the trip.

SAR MARCIAL.

From the Bee.

Our new depot and the Nisbet block are going up rapidly, and the rock for the foundation of the opera house is being corded.

Last Tuesday night at Christ's church the Rev. Renison, of Albuquerque, baptized a class of nine children. He also preached in the afternoon and evening and large congregations listened to his brilliant discourses.

The south bound passenger train was a little late Wednesday morning and the passengers were served with breakfast at San Marcial. There was a goodly number of representative people on the train and as they promenade the long platform many expressions of admiration were made and echoed as to the attractive and very pleasing appearance of the town. And they were all true, for San Marcial is certainly arrayed in the choicest garb of spring splendor at the present time.

Spring Allments.

There is an aching and tired feeling; tug liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind needed toning up. The trouble is, that during winter, there has been an accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a right exit, and by its tonic effect, fully restore the wasted tissues and give strength in place of weakness. 50c at J. H. O'Reilly & Co.

LAS VEGAS.

From the Advertiser.

Mrs. Dan Rhodes received the sad news of the death of her father by paralysis at Iola, Kansas.

Mrs. J. K. Shimer, wife of the local manager of the Postal Telegraph company, returned after an eastern visit of three months.

Charles Ilfeld received word by telegraph that his wife and like Bacharach had arrived from Germany and would start at once for the Meadow City.

Meolas T. Cordova was in charge of over 150 natives who left for Sugar City, Colo., to work in the beet sugar fields.

The James Robbins woolen mill will start operations on Tuesday, after a few months idleness. R. Studebaker will continue as foreman of the sorting department and M. G. Stewart will run the engine room.

The Red Men are making all preparations for a large meeting Tuesday evening in the Knights of Pythias hall. Over forty members are in and many applicants are on the waiting list of this growing lodge. Francis E. Chutes, who is the district organizer for New Mexico and Arizona, has just returned from Deming, where he is installed a lodge of seventy. Albuquerque has over 150 members, while Raton leads the list with nearly 200. The Las Vegas lodge is coming to the front and no doubt will have the strongest organization in the territory.

The wife of Julian Baca, one of the best known families in the Pecos river country, died during the last week of age, being upward of a hundred years old.

Marie Romero, while ascending the steps leading to her sister's home on the west side slipped and fell, striking her face and receiving several severe bruises and cuts on the face; nothing serious, however.

Willie Bernard was sent to the San Miguel National bank Tuesday by his mother to draw out \$55, which he did, receiving it all in bills, but while on the way to his mother's home on the west side, in some unaccountable manner, he lost the entire amount.

In the case of the minor child, Alfredo Garcia, wherein the mother sought to regain possession of the child after having given it into the possession of another woman to take care of because she was unable to do so herself, the probate court decided that neither woman was competent to have the custody of the child under the law, so appointed A. A. Sena as the child's guardian.

Amelia Borrego de Duran has filed suit for divorce against her husband, Manuel Duran, in this county. The couple were married upon October 16, 1893, at the East Side Catholic church by Father O'Keefe, and lived together happily as man and wife until September, 1900, when without cause or provocation, she alleges, he did wilfully and deliberately leave, desert and abandon her and her two children, and has continued to do so up to the present time, and has provided nothing toward their support, forcing her to support herself and children by her own labor. She asks for a complete divorce from the unappreciative

KODOL

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

His wife died in the east a short time ago, and brooding over her death, together with severe drinking finally undermined his reason.

William Forbes returned from eastern Oregon, where he closed up his cattle and horse business. Mr. Forbes intends to engage in the cattle business in this county. The gentleman came from Oregon in August for his wife's health and he is so pleased with the climate that he decided to close up his business in the northwest and locate here.

Samuel Lindauer has purchased the interest of E. M. Harris in the dry-goods firm of Lindauer & Harris and hereafter will conduct the business under his own name. Mr. Lindauer is too well known to the people of this section of the country to need any introduction and that a large measure of success will be his in the business which he founded and has maintained for a large number of years goes without saying.

LOCAL PARAGRAPHS

Central Labor union tonight.

Have you hung that May basket?

J. E. Wilson has returned to Winslow, Ariz.

Richard Dunn, a Meadow city man, is here today.

J. B. Neale, of Greenville, South Carolina, is looking over the Duke city today.

R. L. Baca, the Santa Fe representative returned to the Ancient yesterday.

Dr. George A. Dorsey, the ethnologist, is at the Alvarado today. He came in from California and will leave for Chicago tonight.

A. E. Macomber, the well known land and timber attorney of Williams, Arizona, who was here yesterday, returned west last night.

H. J. Rehder, one of the best known engineers on the Santa Fe Pacific, is slowly recovering from a slightly sprained right ankle.

The private car of Paul Morton, vice president of the Santa Fe system, went through this morning with Mr. Morton aboard, en route for Chicago.

Fred W. Rockwell, of the lumber firm of Sanger, Rockwell & Co., stopped over a day in this city, en route to the Pacific coast. He continued westward last night.

The Woman's Relief Corps will meet in regular session at Knights of Pythias hall Tuesday afternoon promptly at 2 o'clock. Initiation. By order of the president, Temperance Whitcomb, secretary.

Santiago Baca and son, Bernardino, left this afternoon with a wagonload of general merchandise for the little town of Tijeras, near Camp Whitcomb, where they will open a store, and will also run in connection with it a saloon.

The Italian band rendered a pleasing concert last evening at Robinson park, and it was enjoyed by a large number of people. The benches were crowded and the grounds, too. The program rendered was printed in Saturday's Citizen.

A. J. Sampson, the representative of the American Beet Sugar company, who is here securing laborers for harvesting the beets, is sick at the Alvarado. Nat Greene, an old friend, sent a physician to see the patient this morning.

Wm. McIntyre, a successful sheep raiser of Flagstaff, Arizona, was here yesterday, and consulted with several local sheepmen. Mr. McIntyre says the country around Flagstaff and especially up in the mountains was never better for sheep raising than now.

There will be a regular meeting of G. K. Warren post No. 5, held in Grant hall, Tuesday evening, May 12 at 8 o'clock sharp. All comrades should be present as we wish to make arrangements for Decoration day. J. W. Edwards, P. C.; W. W. McDonald, adjutant.

Frank H. Moore, son of Mr. and Mrs. George H. Moore, with his wife and daughter arrived here this morning and will remain for several weeks to enjoy a well deserved vacation. Frank is now conductor on the Inter-Oceanic railroad down in Mexico, running between Vera Cruz and Puebla.

Mrs. G. Glom, wife of a member of the wholesale liquor firm of Bachechi & Co., who was over in Italy the past few months visiting relatives and friends, returned to the city last night, leaving her children in Italy to attend school. Louis Bambini, the 7 year old son of Mr. and Mrs. O. Bambini, came across the Atlantic ocean with Mrs. Glom, and was met at the local depot by his mother, who was delighted beyond expression to see him. The little fellow was born in Italy and cannot speak English, but he will soon pick up the language.

Nathan Barth, who was lambing and shearing his flocks in the Zuni mountains, was summoned to the city in response to a telegram announcing the dangerous illness of his wife, who is sojourning in Los Angeles. On reaching the city late yesterday afternoon, he found waiting him here another telegram, stating that Mrs. Barth was much better and to wait further advice. Mr. Barth has wired for the latest news regarding the illness of his wife, and if she continues to improve he will return to his ranch; but, otherwise, he will take the first train to Los Angeles.

BASE BALL.

Browns Defeat Santa Fe Pacific by 12 to 3—Students Wallop Professors 6 to 4.

Manager Berry promised a good game of base ball for Sunday afternoon at the fair grounds, and his prediction was carried out to the letter in the game between the Browns and Santa Fe Pacifics.

The game was lively and interesting from the start to finish, and some good pitching talent was shown that should land the young twirlers in the big league teams. The First Regiment band was present and rendered inspiring music during the contest.

Young Ford, who is the son of the Quaker doctor, pitched five innings for the Browns and did right smart work, and displayed unusual cleverness in the base ball line which ought to bring him a fat salary some day if he chooses to follow this occupation.

During the five innings that Ford was in the box two Santa Fe Pacific boys crossed the home plate, but had been accorded proper support by the short stop he would have shut them out without a run. Rhodes, the Meadow city boy, twirled the last four innings and struck out eight men. He has a speedy delivery and plenty of curve. Charlie Vorhes had an off day at short, and so did the regular first baseman of the Santa Fe Pacifics. Both the backstops, Wilson and Stevens, did good work. The score by innings:

Browns	123456789
.....	14011410
S. F. P.	002000010

Students, 6; Professors, 4.

A good sized crowd saw the game between the University of New Mexico students and the professors on Saturday afternoon at the University grounds. The game was very exciting, and promptly at 3:30 the faculty team threw off their dignity with their coats and took their places in the field to play a five inning game. At the end the score was a tie, 4 to 4. Two more innings were played and the students knocked the base ball aspirations out of the professors by winning the game. The game was certainly the most enjoyable ever witnessed on the local diamond. A number of pretty young women were present and the professors and students were thus spurred on to do their best. The heroes of the game were Professors Tight, Hodgkin and Walker and they showed no little ability in the way they played ball and they may have inducements to enter some big league team.

ATTENTION!

Piano Buyers.

Piano Bargains! Piano Bargains!

Within the past four months we have sold and delivered two car loads of pianos. A number of customers who purchased new pianos from us exchanged old or slightly used pianos as part payment. It is these used pianos we are now offering at exceptionally low figures in order to clean out and reduce our stock and make room this month for another car load. If you have a child whom you desire to educate in music, an accomplishment for any young man or woman worth many times the cost in time and money required to learn, and you do not feel able at this time to pay three or five hundred dollars for a new piano why not call on us or write for further information regarding these pianos, which include good squares and uprights, all the way from \$25 up to \$165, a number of which we will guarantee in every way. If you intend to buy a piano some day and do not feel able to buy a new one, and some member of your household is now old enough to take up music do not lose the most valuable year when you can place an instrument with a good tone and action in your home at the low prices we are now quoting on pianos. At least, before deciding not to buy call and give us ten minutes of your time. That is all we will ask of you. Hall & Larnard, 208 South Second street.

OSTEOPATHY NEVER POISONS

The Body is Better Without Drugs.

Can You Give a Rational Definition of Osteopathy?

Osteopathy is a system of therapeutics, based upon a thorough knowledge of anatomy and physiology, enabling the practitioner to look upon the body as a perfect living, automatic machine. There are more defective spines on earth than paupers. Get your spines in good shape and your chances for health will be good.
