ALBUQUERQUE, NEW MEXICO, SATURDAY AFTERNOON, MAY 9 1903

NUMBER 449

THE RUSSIANS LEAVE FORTS

Chinese Officials Mystified by Their Retreat.

RUSSIA'S DESIGNS ON MANCHURIA

Railroad Company Lays Claim to a Large Slice of Milwaukee.

Pekin, May 9.—The official at New Chwang, who sent yesterday's news of Russia's alleged action at New Chwang and elsewhere in Manchuria, telegraphs today that the occupation of the forts at the mouth of the Liao river was temporary and that the Russians have now withdrawn. Official circles at Peking are mystified. Their subordinates at New Chwang have not reported the reoccupation of the place, hence there is a disposition to question the correctness of the author of yesterday's story, who is considered to be one of the ablest and best informed foreigners in China.

RUSSIA'S DESIGNS.

United States Interests Will Not Be Affected.

Paris, May 9.—Commenting on the Manchurian situation the officials here say that the French ambassador at St. Petersburg has had an interview on the subject with the foreign minister Lamsdorf, which brought out a repetition of the statement that Russia had given positive assurances to the United States that there would be no interruption of the open-door policy in Manchuria. The reoccupation of New Chwang by Russian troops is claimed to be wholly a political issue between Russia, Great Britain and Japan, and as not involving American commerce or any other American interests.

Russia Deprecates Reports.

St. Petersburg, May 9.—The foreign office here strongly deprecates the excitement concerning Manchuria, and believes that mischiefmakers are responsible for the reports, and say that the arrival of troops at New Chwang was due to the retirement of troops from Moukden province southward instead of northward. The troops depart by sea. The other alleged warlike preparations are also untrue.

Claims Part of Milwaukee.

Milwaukee, May 9.—The Chicago & Northwestern Railroad company has served notice on the city that it claims all the land along the lake shore east of its tracks for the distance of a mile. The company goes to the length of declaring that the water works pumping station on the ground known as McKinley, or Flushing Tunnel park, is only there by sufferance and that the land belongs to the company.

BIG STRIKE.

Ten Thousand Brick and Tile Makers Quit Work.

Pittsburg, May 9.—Ten thousand members of the National Association of Brick and Tile Makers of America struck today and have evening it is said 25,000 members of the union in Pennsylvania, Ohio and West Virginia will be out. The cause of the strike is alleged discrimination in the Harbison-Walker refractories companies against union workmen.

Railroad Men Strike.

St. Louis, May 9.—Mobile and Ohio railroad conductors, brakemen, yardmen and baggage men all along the line between St. Louis and Mobile, went out on a strike at 9:30 today, because they were not given a 10 per cent increase in wages for freight service and a 7 per cent increase for passenger service, which they have been trying to get since January last. About 800 men are involved.

Royal Accident.

Madrid, May 9.—The Infanta Isabel, King Alfonso's aunt, fell from her horse today and was kicked in the mouth. Her lip was badly cut but she was not dangerously injured.

INFERNAL MACHINE.

Police Discover a Plot to Wreck Ocean Steamer.

New York, May 9.—Police headquarters today received an anonymous letter saying that an infernal machine would be put aboard the Umbria at the Cunard pier. Police officials found a box the size of a trunk at the pier, in which the clicking of machinery could be heard. Three sets of machinery were on top of the box, all working,

and they could not be stopped. A large quantity, about one hundred pounds, of powder-like substance, thought to be dynamite, was underneath. It is said that the machine was set in such a manner that the dynamite would explode in thirty-six hours, or while the Umbria was in mid-ocean. The box was discovered just forty-five minutes before the steamer started.

President at Santa Barbara.

Santa Barbara, Cal., May 9.—President Roosevelt's train reached Santa Barbara at 11 o'clock this morning. After a drive through the city and an address in the plaza luncheon was served. At 2 o'clock this afternoon the train departed for San Luis Obispo, the next stopping place. Tonight the president will stop at Monterey.

District Court.

Judge Baker rendered judgment for the plaintiff in the case of Perfecto Armijo versus the territory, who sued for services as assessor of the county in 1897. The judgment was for \$3,900.

Yale Victory.

Annapolis, May 9.—Yale defeated the navy in the boat race today by about three lengths. Time, 10:45; navy, 11:00.

There will be a meeting of the Knights of Pythias at their hall on Gold avenue Monday evening, May 11, at 8 p. m. E. D. D. Fluke, K. W. of R. and S. All visitors invited.

HE WINGED HIS MAN.

Postoffice Inspector Doran Shoots E. E. Mendenhall.

ALLEGED INSULTS TO WIFE.

E. E. Mendenhall, who constructed a few cement sidewalks in this city a few years ago and is therefore quite well known here, it is alleged, made improper proposals to Mrs. C. L. Doran, wife of the postoffice inspector, and in consequence Doran took a few shots at Mendenhall, one shot taking effect.

The Trinidad Chronicle-News gives the following account of the shooting: About 9 o'clock this morning three pistol shots were fired in rapid succession on the third floor of the Hotel Coronado. A moment later a man came rushing down the stairs and then out into the street. He was joined by a gentleman friend and the two walked on up Commercial street.

The man who had made such a hasty exit from the hotel, jumping over a scrub woman on the steps, and losing his hat and handkerchief, was E. E. Mendenhall, a cement sidewalk contractor of Raton.

Later he made his way to the Santa Fe depot and boarded No. 7, the first south-bound train.

The gun shots were heard out in the street and soon a large crowd was attracted to the hotel. Officers were summoned and hastened to the scene of the shooting. They went up to suite 126-128, and there found C. L. Doran, the postoffice inspector, and his wife. Both were very nervous and greatly excited.

It was Mr. Doran who had used the gun, and, although his aim was inaccurate, it would appear that he shot at Mendenhall to kill.

The latter had a close call, one bullet going through his coat sleeve and breaking the skin on his arm.

Mr. Doran was seen by a representative of the Chronicle-News but refused to make a statement of the trouble.

It is stated, however, that Mendenhall has been making improper advances when Mr. Doran was out of the city on postal business. On several occasions, it is said, the two were out buggy riding together.

Mr. Mendenhall comes to Trinidad frequently (nearly always when Mr.

Doran is away), so it is reported, and always occupies room No. 116, at the same hotel.

Last night he came to the city and this morning Mr. Doran took him up to his rooms and there, in the presence of Mrs. Doran, charged him with making improper advances to her. A stormy scene, lasting nearly half an hour, followed.

Mendenhall, at the conclusion of the interview, left the room, and after stepping outside the door turned round and placed his hand on his pistol pocket, so it is said, whereupon Doran immediately whipped out his gun, and began shooting.

Doran surrendered to the authorities, but was not taken into custody, and no warrant has been sworn out for his arrest.

The gun used was a 38 caliber Smith & Wesson.

E. E. Mendenhall denies the charge. He is married, having a wife and little daughter at Raton. The family are originally from Illinois, their old home being near Chicago. Mr. Mendenhall has placed walks in many New Mexico cities and enjoys a lucrative business. He is about 34 years of age, weighs about 180 pounds and rather good looking.

Mr. Doran has been connected with the postoffice department in the capacity of inspector for several years, his territory being eastern New Mexico and southern Colorado. He makes frequent trips to Trinidad and has made this city his headquarters since August last. His wife came here at that time and they have since lived at the Coronado. Public sentiment is entirely in Mr. Doran's favor.

PRESBYTERY HERE CLOSED.

Rev. Beattie Resigns as Local Pastor and Several Other Duties.

INTERESTING SERMON LAST NIGHT.

The annual meeting of the Presbytery of the Rio Grande closed last evening in this city, after a successful gathering.

At the afternoon session the subject of home missions was ably discussed by Rev. Charles L. Thompson of New York.

Rev. Beattie of this city resigned his several positions. His resignation as pastor will go into effect on June 28. He will be succeeded as clerk of the Presbytery by Rev. J. R. Gask of Silver City, and as chairman of the missionary committee by Rev. Thompson. Rev. Mr. Beattie very ably filled the position as clerk of the Presbytery for thirteen years. He was honored by being elected a commissioner to the general assembly of the Presbyterian church which is to be held in Los Angeles on the 21st of this month. Dr. R. C. Caldwell of Las Cruces will also go as the lay delegate. They will probably leave a week from next Monday.

The lecture last evening by Rev. C. L. Thompson was a treat for those who attended and was an eloquent one from start to end.

The Presbyterian churches throughout New Mexico have made good gains in all departments the past year.

HE BUYS A MINE.

Senator Clark Adds Another Bonanza to His List.

Senator William A. Clark, who is a copper king and a multi-millionaire, passed through this city the other day to visit the Clarkville coal mines. The senator has just purchased the rich Rosario property in Old Mexico and it is said he paid \$400,000 for it.

The property is one of the most interesting in Chihuahua, and has been worked since 1850, and even before that by the Spaniards. It is in the extreme southwestern corner of Chihuahua, in the district of Mina. It is surprisingly rich in gold and silver. The mines have been worked for the past two years under a lease and bond, by F. Sixer, who is one of Senator Clark's managers in the mining business.

The property was examined by Expert Beatty, who was sent there last August, and by John Hayes Hammond the metallurgist expert of the Guggenheim, who is said to be interested with Senator Clark and his son in the purchase. Philipp Argall, one of the greatest metallurgists in the world, also examined it and reported favorably upon it.

The senator will soon begin the construction of a railroad into the mines, and will as soon as possible put up a \$250,000 reduction plant.

Some of the prominent men in this territory should get Senator Clark interested in some of our great mines that are undeveloped.

The Citizen is the people's paper. Read it and get the news correct.

THE DECISION IS AFFIRMED

A Woman Sent to Prison for Twenty-Five Years.

DEATH OF A VETERAN SOLDIER

Macedonian Fanatic Blows Up a Mo- hammadan Mosque.

TURKS ARE KILLING THE CHRISTIANS

Topeka, Kas., May 8.—The supreme court today affirmed the decision of the lower court in the case of the state vs. Jesse Morrison.

Jesse Morrison was declared guilty of killing Mrs. Olin Castle three years ago at the Castle home in El Dorado. The decision means twenty-five years imprisonment.

Sensational Case.

El Dorado, Kas., May 9.—The Morrison-Castle case was the most sensational one ever held in Kansas. Jesse Morrison and Clara Wiley were in love with Olin Castle, a clerk in a store where Miss Morrison also was employed. Within a week after Castle married Miss Wiley, the women fought in Mrs. Castle's home with a razor, Mrs. Castle being slashed in a horrible manner and Miss Morrison being also cut badly. Miss Morrison, who at her three trials alleged self defense, asserted that Mrs. Castle had called her into the house and started a quarrel over a letter said to have been received by Castle from Miss Morrison.

Miss Morrison is the daughter of H. M. Morrison, formerly circuit judge at El Dorado. Olin Castle was remarried last month and is now living in California.

Death of a Veteran.

Dallas, Texas, May 9.—Postmaster Wm. O'Leary, soldier and newspaper man, died here last night. He served with Custer's cavalry in many Indian fights and was for some time stationed at Fort Brown, Texas. He was connected with the Dallas and Galveston News and Siftings during his newspaper career.

Blew Up a Mosque.

Vienna, May 9.—A mosque at Kinnpruit, in which 200 Moslems had assembled, was, according to a dispatch to Die Zeit, of Sifa, Bulgaria, blown up with dynamite on May 2. The perpetrator of the outrage, a man named Popov, committed suicide by shooting. A paper found in one of his pockets described him as a member of the "Macedonian Knights of Death."

CALL FOR PAPERS.

The Weekly Citizen, Containing Roosevelt Illustrations, Issued This Morning.

The Weekly Citizen, containing the Roosevelt reception write-ups, the several articles regarding the president and the appropriate illustrations, was issued this morning.

It is impossible for the office to guarantee the safe delivery of the extra copies ordered, so it is asked of those ordering same to call at the office and get their papers.

They will be properly wrapped in separate packages and marked, so no mistake will be made in handing out to those who are anxious to let their eastern relatives and friends see how well and nice the president of the United States was entertained in the principal city of New Mexico—a territory which has been knocking for admission into the sisterhood of states for over fifty years.

Don't forget—either call or send for your extra copies. They are 5 cents apiece.

The Citizen is a model weekly edition of the daily, containing all the local and territorial happenings for the week, and is really the paper that Albuquerque people should send to their eastern relatives and friends. Leave your order. Only \$2 a year.

etc described him as a member of the "Macedonian Knights of Death."

Shamrocks Race.

London, May 9.—In a trial today the challenger beat Shamrock by fourteen minutes and six seconds, over about an eighteen mile course.

Railroad Strike in Australia.

Melbourne, May 9.—Railroad strike reports, which are coming in, show that the railroad lines have been tampered with, causing the derailing of engines. A strong force of police is held in readiness for eventualities.

Killing Christians.

Constantinople, May 9.—Thirteen Christians were killed and nineteen wounded and three Mussulmans were killed during the recent outbreaks at Monastir. In the encounter between imperial troops and a force of insurgents in the neighborhood village of Scapari, May 6, eleven Bulgarians were killed and seventy-four were made prisoners.

Roy McDonald Heard From.

Letters received from Roy McDonald state that he is now a fixture of the Kansas City American association team. The team is now away from home playing ball, but Roy was left in Kansas City to work out two young pitchers who are there for trial, and get them in shape for use in case of an emergency. Maloney, formerly of the St. Louis American league team, is the regular catcher on the team, and Roy is to be used for relief work. He will probably be used in the next home series. Good luck to him.

THOREAU CELEBRATED.

A Salute Fired as the President's Train Passed Thoreau.

HE BOWED ACKNOWLEDGEMENTS.

John Clarke, with the Hyde Exploring Expedition, has returned from Thoreau, N. M., where he assisted in involving a stock of goods in a store recently purchased by the Hyde company. He was at Thoreau when the president's special train passed through there last Tuesday night, and participated in the reception the president received from the people there. The train passed about 9:30 o'clock the evening following the day he visited Albuquerque. Two large fires were built alongside the railroad. Some twenty of the Thoreauites armed with firearms of various descriptions lined up alongside the fire and when the train passed fired a rousing salute.

The president had not retired and appeared on the rear platform of the train and returned the salute in a very appropriate manner. The fires burned brightly and the stout figure of the president could be plainly seen bowing in appreciation of the reception.

ALAMOGORDO SANITARIUM.

A. S. Greig Here Consulting With Architect Whittlesey.

A. S. Greig, who will be the manager of the greatest sanitarium for the treatment of tuberculosis affections in the world, which is to be built in the village of La Luz, near Alamogordo, is in the city today.

He came up from Alamogordo for the purpose of consulting Architect Charles F. Whittlesey, who is at work on the plans for the mammoth sanitarium. The village of La Luz is located on the line of the El Paso & Northeastern railroad. When this sanitarium is completed it will outrank anything of its kind in the wide world. Mr. Greig when seen by a reporter would not discuss any of the plans, but it was learned on good authority that the plans are well under way. Mr. Greig will go to California before returning to Alamogordo.

Band Concert.

The following program will be rendered by the Italian band at Robinson park tomorrow night from 7:30 to 9:30:

Gentry's Triumphal March Fred Jewell
The First Heart Throbs (Character-
istic) Rick Ellemberg
Overture—Orion F. H. Losey
Mazurka Three Step—Love's Spell E. Strauss
Fantasia Sur l'Opera—La Grand Du-
chesse de Gerolstein F. Offenbach
Waltz—A Night in Naples A. La Guardia
Bolero—Flores de Cuba A. La Guardia
Cake Walk—Happy Hours in Coun-
town C. B. Brown
PROF. RAMIREZ, Director

Miss Cowperthwaite has returned to the city from Pueblo, Colo.

BUILDING FALLS IN DENVER

Several Persons Buried in the Ruins.

COURT MARTIAL IN FAR AWAY ALASKA

Run is Made by Depositors on One of the Buffalo Banks.

Denver, May 9.—Mrs. Thomas McKernan is dead, George Hayes is missing and is supposed to be buried in the ruins, and three persons are badly hurt, as the result of the collapse of the building at 1510 Larimer street last night. The owner and contractor had been warned that the building was settling but did not believe there was any danger. Although work has been in progress all day on the ruins, the body of Hayes has not yet been found, and the police believe that he was killed. The building was one of the oldest in the city and was being remodeled when it collapsed. The financial loss is about \$40,000.

Court Martial in Alabama.

Washington, May 9.—The officers who were implicated in irregular transactions in commissary supplies at Skagway, Alaska, and whose court martial has been ordered are Major Charles A. Booth, Seventeenth Infantry, now at Vancouver, Washington, and Captain F. L. Knudson, Eighth Infantry, now at Fort St. Michael, Alaska. Other officers have been implicated and may be ordered before a court martial.

Run on a Bank.

Buffalo, May 9.—There was a run on the Fidelity Trust company today. The board of trustees of the institution has issued a statement which alludes to a rumor current during last week that there was a large deficit in one of the banks and pronounces it utterly false. The bank offers a reward for the person originating the rumor.

PROBATE COURT.

Important Meeting Held by Judge Romero Fore Part of Week.

READ THE PROCEEDINGS.

The probate court of Bernalillo county met at the court house Monday, May 4, 1903, in regular session with Hon. Jesus Romero, probate judge; T. S. Hubbell, sheriff, and Clerk J. A. Summers present.

After the reading and approving of the minutes of the proceedings of the previous meeting, the court took under consideration a petition of Maximo Chaves requesting the court to appoint him guardian of Jose Solomon Chaves and Jose F. Chaves, minors. The petition was approved.

In the matter of the estate of Jerry Monahan, deceased, the court appointed Margaret Monahan, widow of the deceased, administratrix, providing she execute a bond with sufficient sureties to be approved by the court, as provided by law, in the sum of \$3,000. The court also appointed P. F. McCanna, Edward McGuire and Richard J. Sweeney appraisers of the property of the estate of Jerry Monahan, deceased, provided each of the aforesaid appraisers before making an appraisal of said property, make and subscribe an affidavit as provided by law.

The court then adjourned until Wednesday, May 6, at 10 o'clock a. m.

Wednesday, May 6, the court convened as per adjournment. The report of Bess McDonald, administratrix of the estate of Charles L. McDonald, deceased, was presented to the court, and thereupon the court fixed June 1, 1903, as the day for hearing objections to final report and discharge of administratrix.

In the matter of the estate of Anna M. Kemmerer, deceased, the court, after due consideration, appointed D. H. Boatright as administrator of said estate and vested him with full power and authority to administer to the same after the filing of his bond in the sum of \$7,000.

On reading and filing the petition of Flora Armijo de Baca, administratrix of the estate of Christoval Armijo, deceased, the court ordered that Monday, July 6, 1903, be the day set for the

hearing of objections to the final report of the said administratrix, and that such objections, if any, shall be disposed of that day.

In the matter of the estate of Margaret Cunningham, deceased, the court ordered that July 6, 1903, be the day set for the hearing of any objections to Alexander Bowie, the administrator of said estate, filing his final report.

John A. Lee, administrator of the estate of William Talbot, deceased, filed his report and requested the court to discharge him as such administrator. The court thereupon fixed Monday, July 6, 1903, as the day of hearing objections to final report and discharge of administrator.

The court ordered that C. W. Medler be issued letters of administration in the estate of David B. Emmert, deceased, and that he be authorized and empowered to administer on a claim against the United States and the Osage nation of Indians for services and duties performed by the deceased while an officer of a United States land office in the state of Kansas upon the said C. W. Medler taking the oath required by law and filing a bond as such administrator in the sum of \$500.

In the matter of the estate of Anice Montoya de Torres, the court ordered, on application of Vicente Torres, administrator of said estate, that Jose Vidal Mora turn over to said administrator all personal property in his possession belonging to said estate and further that he show at the next regular meeting of this court held the first Monday of July, 1903, why he has failed to comply with the order of this court, and that he then and there show his doings, if any, under this order.

The last will and testament of Raffaele Moya, deceased, was produced and read in open court and Jacobo Moya, one of the witnesses, not being present, the court ordered a subpoena to be served on him to appear at the next session of this court from June 1, 1903, which is the date set for the proving of said will.

An inventory of the estate of Jerry Monahan, deceased, was filed.

Margaret Monahan, administratrix of the estate of Jerry Monahan, deceased, was granted permission, after due deliberation by the court, to sell certain horses, wagons and implements at a private sale, for the best price that she can receive for the same, and immediately forthwith and all possible haste, is ordered to report her doing to this court.

The court then adjourned to meet in regular session in June.

U. S. OFFICIALS SCRAP.

Collector Garrett and Ex-Cattle Appraiser Gaither Have a Fistfight on San Antonio Street.

This morning about eleven o'clock Customs Collector Pat Garrett and former Special Cattle Appraiser Geo. Gaither, of the customs department, met on the side walk in front of the Nations meat market on San Antonio street, when a dispute arose which resulted in a fist fight.

Jim Biggs, of the Nations market, and Policeman Gonzales rushed in and separated the men before any serious damage was done. They were both placed under arrest on a charge of fighting and gave bond. They will be tried before Recorder Elyar this afternoon or tomorrow.

After the trouble a Herald man asked Mr. Garrett how it started and he said: "About sixty days ago I engaged Mr. Gaither to look into the matter of cattle appraisements at this port and told him that when he was through that would be all the work there was for him and that the job would be for about thirty days. When the thirty days were up I let him out and since then he has said that I promised him a regular position and failed to keep my word. I met him this morning and asked him about it, and a fight resulted."

The reporters were unable to find Mr. Gaither for a statement.—El Paso Herald.

Hon. L. Bradford Prince of Santa Fe is in the city on some legal matters.

Railroad Topics

A meeting of the Santa Fe car foremen will be held in this city next week.

The California limited this morning bound for the coast was light in regard to passengers.

Mrs. John Rueb, wife of Engineer John Rueb, who has been very sick, is getting along nicely.

C. A. Barby, chief clerk to Master Mechanic Barnes, is resting from his labors on the advice of a physician.

A. C. Rankin, traveling train inspector for the Santa Fe, was in the city this morning and left on passenger No. 2 for Topeka.

A special train passed through the city en route to Prescott, Ariz. The train carried a hundred stockholders in the Merchants' Mining company.

Thieves broke into a car standing in the local yards Thursday night and stole five pairs of shoes. The theft was discovered Friday morning and the officers of the law notified, but as yet no clue as to who the thieves are has been discovered. The seal on the car was broken, making the offense a serious one. The shoes taken were of large sizes.

George E. Roe, freight and passenger agent for the Santa Fe at El Paso, was in the city between trains this morning while en route to Topeka. Mr. Roe goes to the Kansas capital to attend the spring time card meeting of the passenger traffic department officials of the Atchison, Topeka & Santa Fe. This is an important meeting and will be attended. Some changes are likely to be made, which will effect this end of the system materially.

Station Agent F. L. Myers, who looks after local matters for the Santa Fe, left this morning for Topeka, Kan., to attend a meeting of Atchison, Topeka & Santa Fe passenger traffic officials, which will occur there next Tuesday. It is one of the regular semi-annual meetings of this department of the Santa Fe and the regular spring time card will be adjusted. Mr. Myers will visit his parents at Wichita before returning and will be absent from the city about a week.

The X-Rays.

Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that catarrh of the stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How can I cure my indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure catarrh of the stomach. Kodol digests what you eat—makes the stomach sweet. Sold by B. H. Briggs & Co., S. Vans & Son.

City Officials Named.

At the regular monthly meeting of the Silver City council Saturday night William Killburn was appointed city marshal, Mayor Fleming casting the deciding vote; R. M. Turner, city attorney; Hyman Abraham, treasurer; H. H. Betts, city clerk and assessor and George R. Brown city engineer. W. B. Walton was given the contract for the city printing for \$30 a month.

Traveling is Dangerous.

Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much, suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. E. Hausan, locomotive engineer, Lima, Ohio, writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." Alvarado Pharmacy.

THE ARGENTINE STRIKE.

The Santa Fe Boilermakers Go Out on a Strike.

A special dispatch from Argentine, dated May 7, says:

Twenty-five men employed in the boiler shop of the Santa Fe shops at Argentine walked out about 11 o'clock yesterday morning because the foreman, W. A. Reddy, they claim, discharged two union men and employed in their places two non-union workmen. As a result of the strike no work was done in the boiler shop yesterday afternoon and the foreman was compelled to go out and hunt men to fill the strikers' places.

The men who went out yesterday were members of Boilermakers and Iron Shipbuilders' union, local No. 32, Kansas City, Mo. The trouble, which culminated in the strike yesterday, has been brewing for some time. For several weeks the union men have been complaining that the foreman was placing too much work on the boilermakers' helpers employed in the shops. Yesterday morning "Lafe" Studebaker, a helper, complained of the grievance man of the union, went to Mr. Reddy and protested, and, according to the statements of the strikers he was also discharged.

"We might have put up with this," said one of the strikers yesterday, "but the foreman immediately hired two non-union men in the places of the men he discharged. This is against the rules of our union, and, consequently, we went out. We do not desire to cause trouble, and we will appeal the matter to the Santa Fe officials at Topeka. We have faith in

their fairness and think that we can settle the matter satisfactorily with them. It is not a question of wages or hours with us, but merely a question of fair treatment at the hands of our foreman."

J. E. VanNess, president of the union, is out of the city, but will probably return in time to attend a meeting of the union Friday evening.

Quick Arrest.

J. A. Gullede of Verbena, Ala., was twice in the hospital from a severe case of piles causing twenty-four tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at all druggists.

Santa Fe Hit Hard.

The supreme court of Texas refused a rehearing in the case of the Gulf, Colorado & Santa Fe railway company against J. W. Sheldon, on appeal from Dallas county. Under this decision there is permitted to stand the largest personal injury judgment ever given by a court in Texas. Sheldon will receive \$35,000 for having both legs cut off by a train.

Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. G. G. Green, Woodbury, N. J. J. H. O'Reilly & Co.

Santa Fe Song.

While the big crowd was waiting for the president's train at the Santa Fe depot Friday afternoon, songs were sung by a number of musical organizations here attending the convention, but the song which made one of the biggest hits was the one sung by the Cleburne, Texas, Santa Fe Glee club of twenty members, says the Topeka State Journal. The song was written by Vernon Harrington of Des Moines and Samuel Warr of Cleburne. The tune is "My Maryland," and the words of the song are as follows:

You ask what road I love the best,
The Santa Fe, the Santa Fe,
The fastest trains in all the west,
The Santa Fe, the Santa Fe.
The equipments here are always new;
The engines they are good and true;
The big conductor, we love, I see,
On the Santa Fe, the Santa Fe.

The Great Northern it can't go
With the Santa Fe, the Santa Fe.
The Burlington it is too slow,
With the Santa Fe, the Santa Fe.
The Rock Island will never do,
The Frisco line's gone up the flue;
If you want a train that'll take you through
Try the Santa Fe, the Santa Fe.

From Chicago to the Pacific coast,
The Santa Fe, the Santa Fe,
To the Gulf of Mexico is their boast,
The Santa Fe, the Santa Fe,
Through Colorado's mountain range
To California without change,
If you want the best trip to arrange,
Take the Santa Fe, the Santa Fe.

MAKING SUNSHINE.

It is Often Found in Pure Food.
The improper selection of food drives many a healthy person into the depths of despairing illness. Indeed most sickness comes from the wrong food and just so surely as that is the case right food will make the sun shine once more.

An old veteran of Newburyport, Mass., says: "In October, 1900, I was taken sick and went to bed, losing 47 pounds in about 60 days. I had doctor after doctor, but all food hurt me so I had to almost live on magnesia and soda. All solid food distressed me so water would run out of my mouth in little streams."

"I had terrible night sweats and my doctor finally said I had consumption and must die. My good wife gave up all hope. We were at Old Orchard, Me., at that time and my wife saw some Grape-Nuts in a grocery there. She bought some and persuaded me to try it. I had no faith in it, but took it to please her. To my surprise it did not distress me as all other food had done and before I had taken the fifth package I was well on the mend. "The pains left my head; my mind became clearer; I gained weight rapidly. I went back to my work again and now after six weeks use of the food I am better and stronger than ever before in my life. Grape-Nuts surely saved my life and made me a strong, hearty man, 15 pounds heavier than before I was taken sick."

"Both my good wife and I are willing to make affidavit to the truth of this." Name given by Postum Co., Battle Creek, Mich.

RAILROAD NOTES.

The Santa Fe, Prescott & Phoenix railroad is having three locomotives built at the Brooks works of the American Locomotive company.

A. A. Mosher, cashier at the Raton depot, left for San Jose, where he will act as joint agent for the Santa Fe and Colorado & Wyoming railroads.

Thomas Darlow of the Santa Fe shops at San Bernardino, Cal., is visiting with friends in Topeka. Darlow was formerly employed in the Topeka shops.

Warren Cowles, division passenger agent of the Rock Island at St. Joseph, Mo., has been appointed division passenger agent of the same road at Peoria, Ill.

The average railroad rate across the American continent is \$15 per ton in car lots; the rate on similar goods from London around the world to Seattle is \$10 per ton.

P. B. Blackshear left Raton to attend the conductors' convention, which meets in Pittsburg, Pa., on the 12th inst. He will visit a number of eastern cities and return via Galveston, Tex.

Robert Renz, operator at the Silver City station, broke his left arm the other morning at the stock yards. While standing on the top of the high fence surrounding the pens, he lost his balance and fell to the ground with the above result.

In a Santa Fe private car attached to No. 7 the other evening, President F. M. Murphy of the Prescott, Phoenix & Santa Fe and his brother, ex-Governor E. O. Murphy, passed through the city, returning to Arizona from a trip to New York.

Mr. Joseph Pomerville, of Stillwater, Minn., after having spent over \$2,000 with the best doctors for stomach trouble, without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. If troubled with indigestion, bad taste in the mouth, lack of appetite or constipation, give these Tablets on trial, and you are certain to be more than pleased with the result. For sale at 25 cents per box at all druggists.

RAILROAD RUMOR.

Deming People Have Vision of Another Line to Silver City.

There is a well authenticated rumor in Deming to the effect that Phelps, Dodge & Co. have made the Santa Fe company a flat offer for the road and its branches from that place to Silver City. It is also said on good authority that should the Santa Fe not deem it advisable to sell that portion of their road to the above mentioned parties, Phelps, Dodge & Co. will at once begin the construction of a road from Deming to Santa Rita, where they have large copper and iron mines.

From the fact, well known to all, that on the completion of the large smelting plant now being constructed at Douglas, Ariz., by these people, it is their intention to discontinue the smelters now at Bisbee and removing their machinery now at that point to Deming, erect a smelting plant there in order to be nearer their deposits of mineral as well as to save the long haul of their coal and coke, we say in the face of these facts, it really looks as if there might be a good deal more than mere rumor in the statement that Phelps, Dodge & Co. have decided it to be to their interests to own a road to the Santa Rita country.—Silver City Enterprise.

MADE WONDERFUL TIME.

Pecos Valley Engine Ran 11 Miles in 9 Minutes.

Engineer John Snyder and his fireman, Tom Kennedy, made a fast run yesterday on Pecos Valley engine No. 7 between Dodge City and Newton. They left Dodge City twenty minutes late and came into Newton on time,

which, of course, was the best they could do, but was not the remarkable part of the trip. Between Garfield and Larned, a distance of eleven miles, they made it in nine minutes, which is attaining a speed of nearly seventy-five miles an hour. There are only short pieces of track on the division where this spurt of speed would be safe, and Engineer Snyder knows through his long years of experience where to take advantage of these conditions.—Newton Republican.

A. A. Herren, of Finch, Ark., writes, "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." Alvarado Pharmacy.

RAILROAD NOTES.

Contractor Carter is now at Raton to commence work at once on the new depot, says the Gazette. It will be built at the foot of Cook avenue, and is to be a handsome and commodious building of stucco finish, one hundred and seventy feet in length, and will be an ornament to the town.

Next Tuesday will be the twentieth anniversary of the completion of the Silver City, Deming & Pacific railroad into Silver City. The silver spike was driven by Robert Black on May 12, 1883, and the occasion was made a gala one, visitors being present from all parts of the country.

Engineers Allen, Collins and Athens were passengers on last night's overland for Winslow, Ariz., where they will assist in the big cattle run which the Santa Fe is handling through and about that point. The company has been advertising for men during the past several days. The men will return home after the close of the rush.—San Bernardino Sun.

The Santa Fe will put on its new Colorado flyer from Denver to Kansas City and St. Louis on June 4, instead of June 15, as at first intended. The change is to accommodate early tourist travel and visitors to the Pacific coast gatherings late in May who expect to stop in Colorado on their return to the east. The new train is to be known as the Colorado flyer west-bound, and the Missouri River flyer east-bound.

The New Mexican of yesterday says: "Tracklaying on the Santa Fe Central railway progressed very favorably yesterday. One and three-fourth miles of steel rails were put down. At noon today the track was 7,000 feet south of Progresso, the home of Colonel J. Frank Chaves. This station will be reached by noon tomorrow. Thereafter work will be comparatively easy and rapid, as there will be an abundant supply of good water for men, animals and engines."

The Golden State limited, the Rock Island's limited train to California, has been discontinued for the summer, as was stated several days ago. Some thought that this train would be run through the summer as a semi-weekly train, but even the semi-weekly train has been taken off and there will be no Golden State limited until next September. Rumors have also been current to the effect that the train has been an unsuccessful one and would be discontinued altogether, but this is denied by the officials.

Santa Fe asked its little namesake, the railroad company, to put up something for the decoration of the ancient city. The company called the attention of the citizens to the fact that it was spending many thousands of dollars in bringing the president's train through the west and making concessions to everybody and everything touching the great event. It broadly intimated that if the people of the capital hadn't public spirit enough to decorate properly when the president was brought to their doors, the city must go undecorated. The answer was just, and the citizens did themselves proud in the artistic line.

Local Happenings

Ernest Meyers is in Santa Fe.

Levi Hughes from the capital is in the city today.

Regular meeting Central Labor union Monday night.

W. H. Downs of this city was in Santa Fe yesterday.

Base ball tomorrow afternoon at the fair grounds at 2:45 o'clock.

Mrs. J. C. Marshall is at Las Vegas on a visit to her son, Fred Marshall, and wife.

The columns of The Citizen are the best to advertise in, for it is read by the masses.

B. S. Rodey, energetic delegate in congress, visited the hustling town of Helen yesterday.

Dr. G. W. Harrison, treasurer of the New Mexico Medical society, was at Las Vegas yesterday.

Work on the Elks' opera house has begun. When finished it will be the finest this side of Denver.

Hon. Levi A. Hughes, one of the best known wool buyers of New Mexico, is in the city from Santa Fe.

If one of the reporters of The Citizen doesn't get your item send it in. The Citizen wants to print the news.

The friends of Master A. Singer are enjoying an outing with him today at Tijeras canyon and Whitcomb Springs.

Mr. Van Wagoner, who has been camping in Tijeras canyon for the past two weeks, has returned to the city.

A regular meeting of the Elks will be held at their hall tonight. All local and visiting Elks are expected to attend.

Base ball tomorrow afternoon at the fair grounds, with the First Regiment band to furnish music. Game called at 2:45.

Mrs. William Farr and children will spend the next few months in California, and will leave for the coast in a few days.

The sun shines on an average of 350 days in the year in Albuquerque. No wonder this is called the sunshine city of the world.

The Browns and the Santa Fe Pacific Blues will cross bats tomorrow afternoon. Game called at the fair grounds at 2:45 o'clock.

The regular meeting of the Bricklayers and Masons union will be held tomorrow afternoon at 2 o'clock over the Cabinet saloon. Harry Cooper, secretary.

Darby A. Day, the popular manager of the Mutual Life Insurance company in New Mexico, is doing the northern towns. He was in Santa Fe yesterday.

Judge B. S. Baker and wife will leave tonight for Omaha, where they will remain for some time visiting relatives and friends. The judge deserves a vacation.

Miss Edna Frank, who has been spending several days in the city visiting with Mr. and Mrs. Maynard Gunul, returned to her home at Algodones this morning.

Mrs. George F. Albright arrived home from California this morning. She has been spending the past six weeks at Long Beach, and has greatly enjoyed her visit.

W. Batcheller of Chicago and E. Cowells of Minneapolis, who have been spending the past four weeks at the Alvarado, will leave this evening for Colorado Springs.

The faculty of the University of New Mexico and the students are playing ball this afternoon on the university ball grounds. A good time is being enjoyed by all present.

Chevalier Pietro Buzzi, the Italian tenor, who delighted with his beautiful voice the Catholic congregation last Sunday, will sing tomorrow at the late mass in the church of the Immaculate Conception.

There will be a regular meeting of the Retail Clerks' union in Knights of Pythias hall Tuesday night. The meeting will be called to order promptly at 8 o'clock, and a good attendance is requested.

Bishop C. T. Shaffer, D. D., of Kansas City, Kan., will preach at the A. M. E. church, Sabbath morning, at 11 a. m. and at 8 p. m. May 10; also Monday evening he will lecture. Admission 25 cents.

John C. Peterson, who has been a popular and useful clerk at the postoffice, left last evening for a trip to Chicago, New Orleans and other southern points. Mr. Peterson's many friends wish him success in whatever occupation he enters.

The funeral of Harman R. Elwell was held this afternoon at the undertaking parlors of A. Borders, and was largely attended. Rev. Mr. Renison of the Episcopal church conducted the services. The body was buried in the Fairview cemetery.

Antonio Apache, the genial young Indian who was educated at Harvard, has entered the employ of Fred Harvey as curio salesman, and will travel between here and California on the California limited. Mr. Apache is well qualified for this position.

P. N. Yunker, proprietor of the Windsor hotel at Socorro, was in the city yesterday. Mr. Yunker says that Socorro is all right, and that the Rio Grande valley in the vicinity of that city is resplendent with the growing crops and blooming orchards. The farmers are especially expectant of a large fruit crop this year.

Officers of the law from San Francisco will arrive here tomorrow for M. J. Engle, the energetic drummer for a New York firm, who palmed off a worthless draft of \$90 for a railroad ticket on the Santa Fe officials in Frisco. Special Officer Williams got Engle off the train at Isleta, and he is now in the county jail in Old Town. Engle was broke in Frisco and wanted to reach New York.

Rev. Harwood, superintendent of Spanish missions of the Methodist Episcopal church, left this morning for Chilli, where he will hold quarterly conference tomorrow. He will return to the city Monday evening.

Robert Kuhns has resigned his position with the First National bank and will leave in the near future for Los Angeles, where he will join his mother and sister. They will make Los Angeles their home for this summer at least.

W. B. Kemmerer and son wish to express their kind appreciation and thanks to their many friends both in Albuquerque and Trinidad for the many expressions of sympathy and kindness shown them in their hour of bereavement in the loss of their companion and mother.

Joe Barnett and wife are expected to return tonight or tomorrow from Los Angeles, Cal. While out in California Mr. Barnett received a message announcing the death of his father at Saginaw, Mich. He will remain here a day or two to look after some business affairs, and will then continue north to Saginaw.

The police did a little investigating this afternoon as to where W. H. Watson secured the tobacco which he sold, and for which he was given ninety days in jail by Judge Crawford this morning, and Policeman Cooper discovered that the tobacco had been stolen from the warehouse of a local wholesale establishment. The manager of the place was sent for and the goods identified.

The funeral of Mrs. Juanita Sandoval de Miera, whose death was chronicled in The Citizen yesterday afternoon, will no doubt occur from the Catholic church in Old Town some time tomorrow, but the hour has not yet been set. Undertaker Borders says the messengers sent out for the bereaved brothers, Alejandro and J. M. Sandoval, have not yet returned, but they will undoubtedly reach the city some time tonight or early tomorrow morning.

It is rumored here that friends of Emiliano Sandoval will ask Governor Otero to appoint him sheriff of Sandoval county, vice Alfredo M. Sandoval. The young gentleman, whose name is mentioned in connection with the office is a son of the late Hilario Sandoval, and carries on a general merchandise business at Cabezon, one of the principal precincts of the new county. He is a nephew of Hon. J. M. Sandoval and Hon. Alejandro Sandoval.

UNNA DEFINES A CAUSE.

European Skin Specialist Says Dandruff is Caused by Parasites.

Upon that theory, proved beyond a doubt, a cure for dandruff was sought after. Scientists, chemists, druggists and physicians all "took a hand" and the successful issue is the present product known as "Newbro's Herpicide."

This remedy actually kills the parasites that infest the hair bulb, does its work most effectively and contains not an atom of substance injurious to anything else than the germ alone. Herpicide causes the hair to grow as nature intended it should, soft and abundant.

"Sold by leading druggists. Send for stamps for sample to the Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents."

SANTA FE PRESBYTERY.

Closed an Interesting Meeting Held at the Capital City.

The Santa Fe Presbytery closed its session at Santa Fe Thursday night.

In the afternoon Dr. Charles L. Thompson, secretary of the board of home missions, delivered an address on "Home Missions," explaining how the board tried to keep in touch with the workers in the field. The appropriations of salaries for workers among the Indians in this Presbytery, which includes all of northern New Mexico, approximates \$12,000.

The records of the various sessions

Your Mother

can be provided with an annual income for life in event of your death, at less cost than you can make the same provision for your wife or your children.

This contract can be obtained at a low cost.

In writing for terms state the amount of cash you would like to draw out at end of limited payment period, your age, your mother's age and the amount of annual income for life you would like to provide for her in case of your death.

This form of contract was devised and introduced by The Company which ranks

First-In Age.
First-In Assets.
First-In Amount Paid Policy-holders.

THE MUTUAL LIFE INSURANCE COMPANY OF NEW YORK,

RICHARD A. McCURDY, President,
DARBY A. DAY,
Manager for New Mexico,
Albuquerque, N. M.

were examined and approved and a committee was named to revise the standing rules of the Presbytery which will report at the next meeting.

The date of the regular assembly was changed from the second to the third Tuesday in April.

The meeting this spring was a month late in order that Dr. Thompson might be present and personally consult with the workers.

Resolutions were adopted on the death of the late Rev. S. Warren Curtis, of Las Vegas, and his widow was recommended to the board of ministerial relief for an annual pension of \$300.

In the evening a conference was held on "Giving for the Support of the Gospel."

The following were licensed as local evangelists: A. Aglerre, Manuel Barcelon, Juan B. Torres, E. C. Cordova, Lucas Martinez, J. G. Quintana, V. F. Romero and Manuel Sandoval.

The First Presbyterian church of Las Vegas was selected as the next place of meeting.

A vote of thanks was extended to Dr. Thompson for attending the Presbytery and to the New Mexican for the complete reports and the space given the proceedings.

At 11:30 the Presbytery adjourned.

GREATLY ALARMED.

By a Persistent Cough, but Permanent-ly Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured." Sold by all druggists.

Annual meeting German Baptist Brethren, Bellefontaine, May 30 to June 4, 1903—One fare plus \$2; on sale May 27, 28, 29, 30 and June 1; limit, June 6. For further information call at the ticket office.

COL. MURRELL'S WIFE

COMPLETELY RESTORED TO
HEALTH BY TWO BOTTLES OF

PAINE'S CELERY COMPOUND

Women who dearly love husband, children and home life are those who desire to be vigorous, active and full of health. When the wife and mother is suffering and unable to minister to the wants and comforts of those dear to her the home is sad and despondent. There is family discomfort, and aching hearts long for the safety of the home guardian angel.

Thank Heaven, thousands of our women are now fully prepared for any of the ills prevalent in springtime. They have made Paine's Celery Compound their family medicine, and through it they are enabled to ward off serious illness and physical breakdown. The happy experience of Mrs. Wm. Murrell, a prominent lady of North Asbury Park, N. J., should cheer all women who now suffer from nervousness, sleeplessness, troubles arising from stagnant and impure blood, liver and kidney complaints, rheuma-

tism and neuralgia. Mrs. Murrell says:

"I do not know how to express my heartfelt thanks to you for the benefit I have received from the use of Paine's Celery Compound. I had a continual pain in my back, a worn, tired feeling and was despondent, with no energy to move about the house or to attend to my domestic affairs. My nerves were all unstrung; the slightest noise would startle me and put me in a tremble. After using different medicines and consulting different physicians and getting no relief, I took the advice of a friend and tried Paine's Celery Compound. After using half a bottle I felt so relieved that I determined to continue its use. Two bottles completely cured me. I have not had the slightest pain since, and I have never felt better in my life. I can truthfully say that Paine's Celery Compound gives immediate relief and makes a lasting cure."

Zeiger's Cafe, on the corner, is noted for those fine lunches on a Saturday night.

For first-class work on guns, typewriters and novelty work call on Albuquerque Cycle and Arms company.

Are you acquainted with the fine lunch served at the Club? If not, it is very easy to get acquainted.

A LINGERING COUGH

The cough that holds on
in spite of all remedies needs
energetic and above all thor-
ough treatment. A mere
cough mixture won't do.
Root out the cold that causes
the cough.

How? Scott's Emulsion.
Why Scott's Emulsion?
Because it stops the irrita-
tion, soothes the tissues and
heals the affected membranes.
When? Right away.
Scott's Emulsion begins to
help with the first dose.

We'll send you a sample free upon request.
SCOTT & BOWNE, 409 Pearl Street, New York.

WHERE TO WORSHIP.

A cordial welcome to all. Strangers
especially invited. If you have no
church home in the city, we bid you
welcome among us.

Baptist church, Broadway and Lead
avenue, one block north of viaduct,
Herman J. Powell, pastor, 313 South
Arno, bell 'phone A47--Yourself and
friends are cordially invited to the fol-
lowing services: Morning worship at
11:00; Pastor Powell will speak on
"Investments That Pay." Evening song
service at 8:00, with address on "In-
vestments That Do Not Pay." Bible
school at 9:50. Young People's Union
at 7:15 sharp. Welcome to you and
your friends.

Mount Olive Baptist Church--Sun-
day school at 9:30 a. m.; preaching at
11 a. m., subject, "Jesus Delivers from
Wrath;" evening preaching at 8, sub-
ject, "Who Shall Enter." A cordial
welcome to all. Masonic building,
118½ North Third street. Services
conducted by Rev. A. E. Reynolds.

Too Great a Risk.

In almost every neighborhood some-
one has died from an attack of colic
or cholera morbus, often medicine
could be procured or a physician sum-
moned. A reliable remedy for these
diseases should be kept at hand. The
risk is too great for anyone to take.
Chamberlain's Colic, Cholera and
Diarrhoea Remedy has undoubtedly
saved more pain and suffering than
any other medicine in use. It can al-
ways be depended upon. For sale by
all druggists.

A. J. Loomis, deputy internal re-
venue collector for New Mexico, is
in the city on business connected with
his revenue duties.

A Startling Test.

To save a life, Dr. T. G. Merritt, of
No. Mehoopany, Pa., made a startling
test resulting in a wonderful cure. He
writes, "a patient was attacked with
violent hemorrhages, caused by ulcer-
ation of the stomach. I had often found
Electric Bitters excellent for acute
stomach and liver trouble so I prescrib-
ed them. The patient gained from the
first, and has not had an attack in four-
teen months." Electric Bitters are
positively guaranteed for dyspepsia,
indigestion, constipation and kidney
troubles. Try them. Only one at all
druggists.

President Tight was not in Mexico
long but had his eyes open. His story
of many things of great interest will
be told at the Baptist church Mon-
day evening at 8 o'clock. Special mu-
sic. No admission but a silver offer-
ing. The trip is worth while.

What is Foley's Kidney Cure?

Answer: It is made from a prescrip-
tion of a leading Chicago physician,
and one of the most eminent in the
country. The ingredients are the
purest that money can buy, and are
scientifically combined to get their ut-
most value. Alvarado Pharmacy.

W. C. Belden, with the Lyons &
Campbell Ranch and Cattle company,
with ranches located in Grant county,
passed through the city this morning
en route to Chicago and the scenes
of his boyhood days. He reports that
grass is coming out nicely in Grant
county and cattle looking very well.

A Little Early Riser.

now and then, at bedtime, will cure
constipation, biliousness and liver
trouble. DeWitt's Little Early Risers
are famous little pills that cure by
arousing the secretions, moving the
bowels gently, yet effectually, and giv-
ing such tone and strength to the
glands of the stomach and liver that
the cause of the trouble is removed
entirely, and if their use is continued
for a few days, there will be no return
of the complaint. Sold by B. H. Briggs
& Co., S. Vann & Son.

George Kaseman, deputy United
States marshal, returned this morning
from a couple of weeks sojourn in Cal-
ifornia. He reports having had a nice
trip.

A Farmer Straightened Out.

"A man living on a farm near here
came in a short time ago completely
doubled up with rheumatism. I handed
him a bottle of Chamberlain's Pain
Balm and told him to use it freely and
if not satisfied after using it he need
not pay a cent for it," says C. P. Ray-
der, of Mattens Mills, N. Y. "A few
days later he walked into the store as
straight as a string and handed me a
dollar saying, 'give me another bottle
of Chamberlain's Pain Balm. I want it
in the house all the time for it cured
me.'" For sale by all druggists.

The body of Mrs. Harry Haskell was
shipped this morning to her old home
in Kalamazoo, Mich., where it will be
interred in the old family lot. The fu-
neral services were held last evening
in the undertaking parlors of J. W.
Edwards and was largely attended.
Rev. Herman J. Powell of the Baptist
church officiated, and a male quartet
sang. Mr. Haskell accompanies the

remains to Michigan. He is undecided
as to whether he will return to his po-
sition in the Santa Fe store house or
not.

You never heard of any one using
Foley's Honey and Tar and not being
satisfied. Alvarado Pharmacy.

A Kansas City, Mexico & Orient rail-
way private car passed through the
city last night en route to the coast
with E. Dickerson, vice president of
that road, and a party of friends on
board. At Los Angeles Mr. Dickerson
will be joined by his family, who have
been spending the winter in California.
During the hour the train from the
east stopped at the local station the
party of the Orient car amused them-
selves by a visit to the curio rooms
and were entertained by Manager
Switzer.

Made Young Again.

"One of Dr. King's New Life Pills
each night for two weeks has put me
in my 'teens' again" writes D. H. Tur-
ner of Dampseytown, Pa. They're the
best in the world for liver, stomach
and bowels. Purely vegetable. Never
gripe. Only 25c at all druggists.

Drying preparations simply devel-
op dry catarrh; they dry up the secretions,
which adhere to the membrane and decom-
pose, causing a far more serious trouble than
the ordinary form of catarrh. Avoid all dry-
ing inhalants, fumes, smokes and anu-
sals and use that which cleanses, soothes and
heals. Ely's Cream Balm is such a remedy
and will cure catarrh or cold in the head
easily and pleasantly. A trial size will be
mailed for 10 cents. All druggists sell the
50c. size, Ely Brothers, 56 Warren St., N. Y.
The Balm cures without pain, does not
irritate or cause sneezing. It spreads itself
over an irritated and angry surface, reliev-
ing immediately the painful inflammation.
With Ely's Cream Balm you are armed
against Nasal Catarrh and Hay Fever.

WEEKLY CROP BULLETIN.

United States Department of Agriculture, Climate and Crop Bulletin of the Weather Bureau, New Mexico Section.

The past week has been generally unfavorable. General showers over northern counties on the 29th were of not much benefit on account of the cold weather following. The cold of the 29th and 30th caused frosts almost to the southern border of the territory, killing peaches, apricots and cherries to a large extent in the more northern orchards, and proving somewhat injurious to these fruits as far south as the Mimbres valley. In the extreme north east the freeze was sufficiently severe to cut down the alfalfa. Reports indicate that the frost killed all the fruit in the famous Mills' orchard on the Canadian river. Grass is not coming fast, although in general it is well started.

Lambing progressing rapidly, with generally fine prospects. Cattle show slow improvement. Water is generally abundant excepting in a few localities, notably in southern Lincoln county, where the severe and protracted drought still exists.

The following remarks are extracted from the reports of crop correspondents:

Albert: J. W. Hanson: Cold nights and high winds and insufficient moisture still keep back vegetation. Sleet and snow, especially on the mesa on the 29th, followed by heavy frost, killed what garden truck was up and probably also killed the fruit. Grass coming slowly and stock not picking up much in consequence. Lambing will now start quite generally and prospects are fair. Rather a cloudy week. Highest temperature, 80; lowest, 26; rain, 0.42.

Arabela: A. M. Richardson: It is still very dry and no chance for farmers to finish planting. Threatening for several days and a light shower, but not enough to do any good. Grass on the range is drying up. Highest temperature, 82; lowest, 37; rain, trace.

Andrews: A. S. Warren: Dry and windy. Alfalfa in fine condition and all vegetables doing well. Stock is suffering somewhat for want of grass.

Bell Ranch: C. M. O'Donnell: Country lying below the mesa generally green. Several good showers during the week and range conditions are good, though the Red river is very dry. Prospects lambing very good where water is not scarce. Prospects for fruit, none; peach trees did not bloom. Total rainfall, 0.74.

Capitan: Clement Hightower: Week generally unfavorable to crops. A thunder storm, rain and sleet on the 26th, and heavy frost and extreme cold on 30th. Water plentiful in Rio Bonito and tributaries. Stock doing fairly well. Lambing well under way and no losses of consequence.

Carlisle: H. F. Christian: Week started with light rain over the country, which in a few places did a great deal of good. Thursday morning (30th) the thermometer reached 33 degrees but no fruit was damaged in this county. Irrigation water not yet turned into the new canal but soon will be. Highest temperature, 86; lowest, 33.

Dorsey: W. C. Barnes: Another very unsatisfactory week. The rain of the 26th was a very fair one, but not general in extent. Water for irrigation still very scarce and farmers are anxious. It seems the heavy snows of last winter have not made so much water after all. No green grass to speak of and range prospects bad. The extremely cold nights of the last ten days are almost unprecedented, and on the morning of the 26th temperature fell to 18 degrees and cut down all early garden stuff and frosted the alfalfa. Too soon to say what effect it had on fruit, but it is believed it was not far along to be hurt much.

Folsom: Jackson Tabor: The past week has been dry and very windy, and on the 25th we had the severest dust storm, except one, that I have ever seen in this country. It was followed during the night by a cold, dry snow and falling temperature all next

SO SOOTHING.

Its Influence Has Been Felt by So Many Albuquerque Readers.

The soothing influence of relief After suffering from itching piles From eczema or any itchininess of the skin

Makes one feel grateful to the remedy Doan's Ointment has soothed hundreds

Here's what one Albuquerque citizen says: A. M. Whitcomb, nursery, corner of Eighth and Tijeras streets, says: "In my estimation there is no ointment for the purposes it is used that can equal Doan's. There was a spot just below my knee which annoyed me for ten years. Unlike eczema it did not spread but at times it itched so exasperatingly particularly after I went to bed or sat by the stove, that I scratched it until it smarted before relief came. I tried every salve and ointment I came across, when one did not help I bought another and slapped it on. Reading about Doan's Ointment induced me to go to the Albuquerque Pharmacy and pay four bits for a box. In a few days the itchininess ceased and the life of the part affected was killed for up to date, and it is now over six months since I stopped the use of the salve there has not been a symptom of its reappearance."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

Happy Homes

One of the essentials of the happy homes of to-day is a fund of information as to right living and the best methods of promoting health and happiness. With proper knowledge, each hour of recreation, of enjoyment and of effort may be made to contribute to that end and are of not less value than the using of the most wholesome foods and the selecting of the best medicinal agents when needed. With the well-informed, medicinal agents are used only when nature needs assistance and while the importance of cleansing the system effectually, when bilious or constipated, has long been known, yet until within recent years it was necessary to resort to oils, salts, extracts of roots, barks and other cathartics which were found to be objectionable and to call for constantly increased quantities.

Then physicians having learned that the most excellent laxative and cathartic principles were to be found in certain plants, principally in the leaves, the California Fig Syrup Co. discovered a method of obtaining such principles in their purest condition and of presenting them with pleasant and refreshing liquids in the form most acceptable to the system and the remedy became known as—Syrup of Figs—as figs were used, with the plants, in making it, because of their agreeable taste.

This excellent remedy is now rapidly coming into universal use as the best of family laxatives, because it is simple and wholesome and cleanses and sweetens the system effectually without disturbing the natural functions and without unpleasant after effects and its use may be discontinued when it is no longer required.

All who would enjoy good health and its blessings should remember that it is the one remedy which physicians and parents well-informed approve and recommend and use and which they and their little ones alike enjoy, because of its pleasant flavor, its gentle action and its beneficial effects.

Syrup of Figs is for sale by all reliable druggists, at the regular price of fifty cents per bottle, in original packages only, having the name of the remedy—Syrup of Figs—and the full name of the Company—California Fig Syrup Co.—printed on the front of every package.

CALIFORNIA FIG SYRUP CO.

Louisville, Ky. San Francisco, Cal. New York, N. Y.

day (28th), and reached 15 degrees above on the morning of the 30th, killing all the fruit, and on the upper Cimarron river it froze the alfalfa to the ground. Highest temperature, 72; lowest, 15; rainfall, 0.15.

Fort Stanton: E. W. Halstead: The melting of the heavy snow in the mountains furnishes plenty of water for irrigation, and farm work is well along; seeding is well advanced and alfalfa is ten to fourteen inches high. The late frosts injured the peach crop, but the prospect for other fruit is good; the freeze of the 30th injured early garden stuff somewhat. Highest temperature, 72; lowest, 23; rainfall, 0.20.

Fruitland: Cyril James Collyer: Not favorable week for crops; partly cloudy during the earlier part, followed later by wind and cold nights. Many fruit blossoms were killed on the night of the 30th, but how much damage was done cannot yet be told. Early gardens were nipped and alfalfa turned. Pasture coming on well and range good, but wind is drying things up badly. Water plentiful. Highest temperature, 87; lowest, 24; no rain.

Gallinas Springs: Jas. E. Whitmore: Grass starting fine and cattle improving. Sheep are lambing fine and there will be a large lamb crop unless something unforeseen happens. The cold weather is retarding growing crops. Everybody is putting in all crops possible on temporal lands. The hail of the 26th, although small, injured fruit crop; will know better to what extent next week. Highest temperature, 81; lowest, 30; rainfall, 0.94.

Glencoe (Lincoln County): Miss Annie E. Coe: Cloudy, and light showers all through the week. Planting getting along nicely and farmers planting a great deal of alfalfa and millet. Wilbur E. Coe: The grass has started up very fast and the range stock show improvement. Hay and grain are coming up.

Hobart: W. H. Hough: Cold and backward this week. The frost during the night of 29th and 30th did no injury to fruit or vegetables here.

Laguna: Gus Weiss: We had several hard winds during the week which had a tendency to dry up the ground and several cold mornings with ice. Early peaches are about all frozen and destroyed, and also apricots, which were as large as a walnut. Late fruits will be all right if we have no more freezing weather. Lambing is very heavy and the only shortage so far this spring is that of grass.

Los Alamos: Wm. Frank: Lambing has begun; conditions generally poor; no water in holes and consequently sheep will suffer for water, but not for grass as it is coming nicely. Corn is being planted, also oats and alfalfa, and all we now need is some good soaking rains.

Golden: R. M. Carley: High winds without any rain during the week. Wednesday and Thursday nights we had heavy frosts. In this vicinity all crops have been planted and the grass is green and growing nicely.

Mesilla Park: R. M. Hart: Peach trees are heavily laden with young fruit and the prospects are for a large yield. The first crop of alfalfa promises to be good, also the wheat crop. Lambing is about over. Highest temperature, 86; lowest, 36; no rain.

Mountainair: J. W. Corbett: The ground had dried out on the surface

and the showers during the week gave the grass greater impetus; however, the strong west winds have since dried the surface very rapidly. Corn and garden vegetables are coming up and range stock is beginning to show improvement in general. Highest temperature, 84; lowest, 36; rainfall, 0.42.

Las Vegas: J. W. Hanson: Weather still continues cool and unfavorable for growth of vegetation, due in part to high dry winds. Farm work well along and alfalfa looking well, but somewhat backward. Freezing temperature during the night of 29-30th, but apparently little damage done. Dr. Wm. C. Bailey: Cold nights and vegetation is progressing slowly. During the shower of 26th some hail fell, but no damage. Highest temperature, 71; lowest, 28; rainfall, 0.23.

Redrock: Louis Champie: A strong west wind on 28th. We had frost during the night of the 29-30th, which did some damage to garden truck and potatoes. Farmers preparing to plant. No rain.

Roy: Alexander S. Bush: A nice rain fell on Monday (27th), which was the first, and it has done the new grass much good. On Wednesday afternoon it snowed for about an hour and was followed by cold winds, and on Thursday morning a severe breeze killed all the fruit crop in the famous orchards of the Canadian River canyon owned by M. W. Mills. This is the third time in thirty years that the fruit crop was totally killed. The grass that started nicely is now set back a little by the unusually late frosts and cool mornings.

Santa Fe: U. S. Weather Bureau: Nearly all vegetation retarded by continued cold weather. A very heavy frost on the morning of 30th killed

most of the apricots and early cherries but it seems that peaches and other fruits were not extensively injured. Early garden truck, except where it was protected, was cut down by the frost. Highest temperature, 66; lowest, 25; rain, a trace.

Teel (Grant Co.): Hugh A. Teel: Heavy frost on the 29th killed some fruit and early vegetables. All fruit trees are in bloom, but the bloom is very light and the crop will be short. Corn, beans and potatoes are being planted. Water is plentiful and the snow in the mountains has not yet melted.

Watrous (Ft. Union): M. C. Needham: The past week was rather cloudy and cold, with shower amounting to 0.32 on the 26th. The loss in young calves has been heavier than usual. Highest temperature, 66; lowest, 20; rain, 0.32.

The Themometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mafana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

The Mexican Central

is prepared to furnish you with the best of accommodations to all points in Mexico. Call on or address,

W. D. MURDOCK, A. G. & P. A., Mexico W. C. MEAD, C. A., El Paso. C. R. HUDSON, G. F. & P. A., Mexico.

The Citizen Job Office

The Citizen Job Office is prepared to turn out work of any character or quality demanded, at the right prices. Mail orders for out-of-town customers given special attention.

Blanks

of all kinds on hand mining, real estate and loan blanks, five cents each. These blanks are very carefully drawn, and are issued by authority.

The Latest Type Faces

for cards, circulars, letter heads, envelopes, bill heads, pamphlets, etc.

We Will Not

do shoddy work even at your price, but no other office in the southwest can do better work than The Citizen does.

Blank Books

The CITIZEN is equipped to manufacture to order any style of blank book, no matter how intricate the ruling. Make up your form just as you want it, and let us give you our estimate.

Book Binding

Books, magazines, pamphlets, catalogues, etc., bound in any style lowest rates. Satisfaction guaranteed.

We Never Disappoint

"Grand Canyon Illuminated Mounts," "Lesser Platinum Prints" on sale at Santa Fe ticket office for 25 cents. Call and see samples. F. L. Myers, agent.

Mesa Resort

Three miles from town, just north of Mountain road. Covered wagon up and back every day. Tent room with best of water or board and lodging; terms reasonable. For particulars inquire this office.

Coronado Tent City, Coronado, Cal.

We will have on sale to Coronado Beach, Cal., on every Tuesday, Thursday and Saturday during May, June, July, August and September, 1902; round trip tickets at rate of \$35, limited to November 30, 1903; stopovers in either direction west of Barstow, Cal. School Girls
Young girls at this period of life, or their mothers, are earnestly invited to write Mrs. Pinkham for advice; all such letters are strictly confidential; she has guided in a motherly way hundreds of young women; and her advice is freely and cheerfully given.

School days are danger days for American girls. Often physical collapse follows, and it takes years to recover the lost vitality. Sometimes it is never recovered.

Perhaps they are not over-careful about keeping their feet dry; through carelessness in this respect the monthly sickness is usually rendered very severe.

Then begin ailments which should be removed at once, or they will produce constant suffering. Headache, faintness, slight vertigo, pains in the back and loins, irregularity, loss of sleep and appetite, a tendency to avoid the society of others, are symptoms all indicating that woman's arch-enemy is at hand.

Lydia E. Pinkham's Vegetable Compound has helped many a young girl over this critical period. With it they have gone through their trials with courage and safety. With its proper use the young girl is safe from the peculiar dangers of school years and prepared for hearty womanhood.

A Young Chicago Girl "Studied Too Hard."

"DEAR MRS. PINKHAM:—I wish to thank you for the help and benefit I have received through the use of Lydia E. Pinkham's Vegetable Compound and Liver Pills. When I was about seventeen years old I suddenly seemed to lose my usual good health and vitality. Father said I studied too hard, but the doctor thought different and prescribed tonics, which I took by the quart without relief. Reading one day in the paper of Mrs. Pinkham's great cures, and finding the symptoms described answered mine, I decided I would give Lydia E. Pinkham's Vegetable Compound a trial. I did not say a word to the doctor; I bought it myself, and took it according to directions regularly for two months, and I found that I gradually improved, and that all pains left me, and I was my old self once more. —LILLIE E. SINCLAIR, 17 E. 23d St., Chicago, Ill."

"Miss Pratt Unable to Attend School."
"DEAR MRS. PINKHAM:—I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months. "I recommend it to all young women who suffer from female weakness." —MISS ALMA PRATT, Holly, Mich.

Lydia E. Pinkham's Vegetable Compound is the one sure remedy to be relied upon at this important period in a young girl's life. **\$5000 FORFEIT** If we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

Early Times of Albuquerque
Contributed by an Old-Timer

THE FIRST MARSHAL AND HIS PASSING.
In all frontier settlements before municipal organization is effected the enforcement of the rules of order is in the hands of the people until such time as they, by common consent, delegate that authority to some designated person who thereafter is recognized as a law officer.

In the summer of 1880 there came into new town a six foot four inch cadaverous looking fellow, who had drifted from Arkansas by the way of Texas, looking for some bad town which he and his reputation could hold in the peace and quiet column. He was chosen by the people to represent the law in this new community, and by common subscription was paid one hundred and fifty dollars per month. A commission as deputy sheriff was procured and thence as long as he lasted Milton Yarberry was marshal of New Albuquerque.

Whatever reputation he had for manliness or bravery he must have left on the trail, for during his reign, when danger was nigh the marshal was not comatable, nor did he ever make an important arrest.

At that time there was in the employ of the Adams Express company, as route agent, Harry B. Brown, a young man of fine physique, of good descent, genteel and brave. His father was ex-Governor Neil S. Brown, and his uncle ex-Governor John C. Brown, of Tennessee.

We had also a woman of the half world known as Sadie Preston, who was Brown's steady company when he was off duty, and whose favors were courted by the marshal when Brown was on duty and the way was clear. We who were posted could foretell the storm, but for months there was only calm. These men met and spoke and drank together, and at every meeting we looked for the tragedy, but with op-

posite results to those which occurred when it was enacted.

On Sunday afternoon, March 27, 1881, Brown took Sadie with her 6 year old child for a drive with Nigger John Clark as coachman. About 4 o'clock their carriage pulled up at Zeller's and they ordered drinks. At the corner of Railroad Avenue and First street stood the only force pump in the town. Yarberry stood near the pump and turned the hose into the carriage, slightly wetting the driving party. Only pleasant words were spoken, the drinks were taken and the drive continued. At 5 o'clock the party went to the Victoria restaurant, now 103 First street, for dinner and about one-half hour thereafter Yarberry called Brown out onto the sidewalk, took him by the right arm, and they quietly and seemingly socially, walked north, down two steps off the end of the walk, turned west onto a vacant lot, now 105 First street, and immediately and rapidly four shots were fired. We who rushed to the scene saw Yarberry moving away from the prostrate Brown, heard Brown's dying words, "Milt, you killed me cowardly," saw Sadie Preston rush to Brown's body, take his gun from the scabbard beneath him and secret- ing it in her clothing go away. So ended poor Brown.

At the second shot Yarberry loosed his hold and Brown fell to receive two additional bullets. Truer words than his dying declaration were never spoken.

The body was taken to Adams' express office, now 113 Railroad Avenue, and in this it was remarkable that from his manicured toe nails to the dressing of his hair, except for the four wounds in his breast, it was as delicate and neat as that of a newly washed child.

Yarberry was arrested, but a suit of clothing and a farm wagon induced "Negro" Martin, the old town alcalde, to hold him justified. Upon trial in the

district court \$240 paid to the proper men on the jury brought a verdict of not guilty.

The sporting element and the bunco gang stood to their friend.

Yarberry was continued in office until Saturday night, June 18, 1881, when occurred a second tragedy and his second murder.

About 10 o'clock that night a shot was fired in front of R. H. Greenleaf's restaurant, now 105 First street. Yarberry was in Madden's saloon, now Sturges', and rushed out with his man Friday—Frank Boyd—at his heels. Across First street, going toward the depot, was the first man Yarberry saw and after him they went. Boyd, on the north, took shelter behind a pile of street railroad ties, and with Milt in the rear, they poured it into him. Walking back to the saloon he remarked, "Well, I killed the..."

That he had, for two bullets had entered the back and one the left side of a poor devil of a carpenter from A. & P. shops. Charley Campbell, who was wandering around alone and unarmed, but not friendless, as it proved.

Campbell's funeral took place June 19, from the platform of Putney's store and was attended by all law abiding citizens, including the A. & P. employees from general superintendent to the call boy. Banners were carried. "In God we trust," "Forbearance has ceased to be a virtue." Following the funeral a public meeting was held in Grant's livery stable and for a time the sentiment was to hang Yarberry. After discussion a vote was taken, and by a very small majority it was resolved to give the law a test: That Yarberry must be taken from the Armijo house, where he was being guarded and confined as other criminals; that he must not appear in the streets, and that he must resign the office of constable, to which he had been elected the preceding February. He was taken to old town and guarded by his friends.

One night walking the outskirts, on others upon the river bank and upon others on the roofs of adobe houses. His preliminary examination was before the same "Negro" Martin on July 5, and when the first witness was called the alcalde arose and taking a paper from his pocket and reading, announced that he wanted to hear no witnesses; that he knew enough about the case, and that Mr. Yarberry must give ten thousand dollars bail or be confined in the jail at Santa Fe until the grand jury acted in the case.

That night the best saddle horse in the county, owned by Max Loeber, was saddled, armed and provisioned for Yarberry to make his escape. He could have gone, but still having confidence in his friends he refused to go. He was taken to Santa Fe, was returned, tried and convicted and sentenced to be hung, by Judge Bell. Again he was taken to Santa Fe for safe keeping, pending his appeal to the supreme court. During this appeal he escaped and after several days was captured trailing along the road afoot in the rear of a freight outfit.

The judgment of death was affirmed. He was resented and reconfined in Santa Fe. He was brought from Santa Fe by special train under guard of the Santa Fe militia company, was met at the depot by the Albuquerque militia and by both companies escorted to the old town jail and there guarded until his execution on February 9, 1883. In this execution there was a change from the usual method of having a man climb ten feet to the scaffold flooring. Yarberry stood upon the ground, the rope running through a pulley in an overhead frame, thence to a second pulley at a corner and down to a three hundred pound weight, which being cut loose resulted in a neck breaking jerk, lifting the body fully six feet, the head nearly touching a top cross brace, then a fall, a slight, clicking sound as though the neck had snapped, a slight swaying of the body and in nine minutes it was all over.

Yarberry could have easily escaped from Albuquerque before his trial as he would. Afterwards when he would escape he could not. His friends were floaters, and many of them had left the country. Some of them had remained, but there was a great difference between Milt, the officer, and Milt, the condemned and confined criminal. He could no longer give them aid and protection so "let him go to hell." It has been often remarked that Milt was sentenced for killing Campbell, but was hung for the murder of Harry Brown. That comes very near the truth. Had he not allowed that demon to possess him—that demon which seizes the ordinary man when he becomes enamored of a bit of common, public feminine humanity; had he not planned and premeditated the assassination of Brown and in cold blood carried out that plan; had his so called friends not bought his freedom through a committing court and a trial jury, he would not in the seeming security of his dense ignorance—he could neither read nor write—have felt that he must make another killing to establish a reputation as a killer. He had no other motive in the killing of Campbell. It might have been any prominent citizen crossing the street that evening, the result would have been the same. He was too rapid. His second crime was premature, was committed in the wrong town and its victim, unfortunately for him, but fortunate for the town, was one who proved his undoing rather than his making.

When you want a pleasant physic try Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. For sale by all druggists.

A Baby's Birth

is very much like the blossoming of a flower. Its beauty and perfection depends entirely upon the care bestowed upon its parent. Expectant mothers should have the tenderest care. They should be spared all worry and anxiety. They should eat plenty of good nourishing food and take gentle exercises. This will go a long way toward preserving their health and their beauty as well as that of the little one to come. But to be absolutely sure of a short and painless labor they should use

Mother's Friend
regularly during the months of gestation. This is a simple liniment, which is to be applied externally. It gives strength and vigor to the muscles and prevents all of the discomforts of pregnancy, which women used to think were absolutely necessary. When Mother's Friend is used there is no danger whatever. Get Mother's Friend at the drug store, \$1 per bottle.

Write for our free book, "Caring Baby's Birth."

Can anyone suppose that we would double the necessary cost of our brewing without a vital reason?

Would we spend so much on cleanliness? Would we cool the beer in plate glass rooms? Would we filter all the air that touches it? Would we age it for months? Would we sterilize every bottle?

Schlitz
We do it to attain absolute purity—to avoid the remotest possibility of germs—to make Schlitz Beer healthful.

Why accept a common beer, brewed without any of these precautions, when Schlitz Beer costs no more?

Your dealer may prefer to furnish a beer that pays a little more profit; but does it pay you to permit it? Isn't pure beer—Schlitz Beer—worth asking for?

E. L. WASHBURN

MONTEZUMA TRUST COMPANY

Re-incorporation of The Montezuma Savings, Loan & Building Association Under Albright Trust Company Law.

AUTHORIZED CAPITAL, \$2,000,000.00.

By virtue of the requests of the stockholders of the Montezuma Savings, Loan and Building Association, the directors of the association, A. B. McMillen, J. C. Baldrige, M. W. Flournoy and W. H. Gillenwater, yesterday filed Articles of Incorporation with the Secretary of the Territory, re-incorporating the association under the law passed at the last legislature, commonly known as the Albright Trust Company Law. The effect of this action is to give the association, in addition to the powers already possessed, the power to receive money in trust, to act as trustee and in fiduciary capacities and to act as agent in the management of real and personal property. The principal object sought by the action was to enable the association to loan to others than its members and to receive savings deposits in trust. Under the action, the association will perform all the functions of a savings bank but in a different way and with safeguards that will absolutely protect all interests. The number of the board of directors is materially increased and will be supplied from among the leading business men of the city and points where the association now has branches. The field in Albuquerque is a most inviting one for this new feature and the association will be even of a greater benefit to the city and the territory generally than it has been heretofore, with a corresponding increase of profits to the stockholders. It will receive savings deposits as trustee for the depositor and pay interest thereon or permit a limited participation in the profits of the association. Loans may be made to others than members on a monthly repayment plan, practically the same as now in vogue with building and loan associations, except that the loan contract will be definite and certain as to the amount of the monthly payment and the number of such payments required to discharge the loan. The power to act as trustee and in fiduciary capacities and as agent in the management of real and personal property, while merely incidental, are very useful and present favorable possibilities for future business and profits. The name of the association as it heretofore stood was of too much length for use in these busy times and was changed to the Montezuma Trust Company, a shorter and more appropriate name. The act of re-incorporating was for the purpose of having these additional powers and does not change the status of the stock contract, the object being to increase the profits of the association and make a consequent earlier maturity of the shares. An increase in the authorized capital to \$1,500,000 was necessary last October and a further increase to \$2,000,000 was found to be necessary at this time. The association will issue new shares from time to time as the directors may determine the business requires. The supervision as required by the Albright law is very strict, being an exact copy of the United States banking law, the territorial auditor being the supervising officer, and requiring examinations and reports and publication of reports in the same manner as is required by the United States law of national banks. The same penalties for false entries, false statements and mismanagement are provided as in the national banking law. This association was organized in the latter part of 1900 by M. W. Flournoy, F. A. Hubbell, T. A. Finical, now deceased, H. T. Gardner and W. H. Gillenwater, who were made the directors of the association. In March following, Mr. Finical died and in April Mr. Gardner resigned. These vacancies were filled by the election of J. C. Baldrige and A. B. McMillen. The board has since remained unchanged. The management, while at all times conservative, has been energetic, and having at the opportune time entered a waiting field, occupied it with great success. While the youngest, it is the leading association of the territory and this last action will place it still further in the lead. The assets are over \$166,000. The company will, as it has in the past, command the absolute confidence of the public and will enjoy its liberal patronage.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre of Shepherdstown, W. Va., says, "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for croup, whooping cough, grip, pneumonia and consumption. Try it. It's guaranteed by all druggists. Trial bottles free. Regular sizes 50c, \$1.00.

Saline Lands for University.

Prof. Charles Lincoln of the New Mexico School of Mines at Socorro, is engaged in an investigation of the waters of the alkali and saline lakes of the territory and has discovered the

presence of blodite, a mineral that was supposed not to exist in New Mexico. It is a hydrous sulphate of magnesium and sodium. It is very valuable as a source of commercial soda. Professor Lincoln has discovered a thick bed covering an area of over three square miles. The mineral is of beautiful crystalline variety. Single crystals like cut glass occur three inches long and an inch in diameter. All saline lands in the territory belong to the University of New Mexico.

The Waste of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease set up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by B. H. Briggs & Co., S. Vann & Son.

Fine concert and dance at Orchestra hall tonight. Music by the Berry-Devine orchestra.

The Saturday night lunch at Zeiger's Cafe has just the right degree of appetizing quality, which is so essential.

If you need screenwork have it done by the Phoenix planing mill, Gold avenue.

ATTENTION! Piano Buyers.

Piano Bargains! ... Piano Bargains! Within the past four months we have sold and delivered two car loads of pianos. A number of customers who purchased new pianos from us exchanged old or slightly used pianos as part payment. It is these used pianos we are now offering at exceptionally low figures in order to clean out and reduce our stock and make room this month for another car load. If you have a child whom you desire to educate in music, an accomplishment for any young man or woman worth many times the cost in time and money required to learn, and you do not feel able at this time to pay three or five hundred dollars for a new piano why not call on us or write for further information regarding these pianos, which include good squares and uprights, all the way from \$25 up to \$165, a number of which we will guarantee in every way. If you intend to buy a piano some day and do not feel able to buy a new one, and some member of your household is now old enough to take up music do not lose the most valuable year when you can place an instrument with a good tone and action in your home at the low prices we are now quoting on pianos. At least, before deciding not to buy call and give us ten minutes of your time. That is all we will ask of you. You. Hall & Leonard, 208 South Second street.

OSTEOPATHY NEVER POISONS

The Body is Better Without Drugs.

Can You Give a Rational Definition of Osteopathy?

Osteopathy is a system of therapeutics, based upon a thorough knowledge of anatomy and physiology, enabling the practitioner to look upon the body as a perfect living, automatic machine. There are more defective spines on earth than paupers. Get your spines in good shape and your chances for health will be good.
