NUMBER 445

## ROOSEVELT'S RECEPTION

Theodore Roosevelt, president of the United States of America, the greatest, most powerful and influential nation on the face of the globe, is the distinguished and honored guest of the city of Albuquerque this afternoon.

The city is in gala attire and the public buildings and private residences all over the city are a mass of colors that rival the rainbow. Such a marvel of bunting and flags was never equalled in any city in the great southwest. The avenues and streets are swarming with humanity. Ever since Sunday pale faces, natives and Indians have been arriving from all parts of the great sunshine territory of New Mexico, who wanted to see the former cowboy and Rough Rider who is now the president, and to assure him of their loyalty and patriotism.

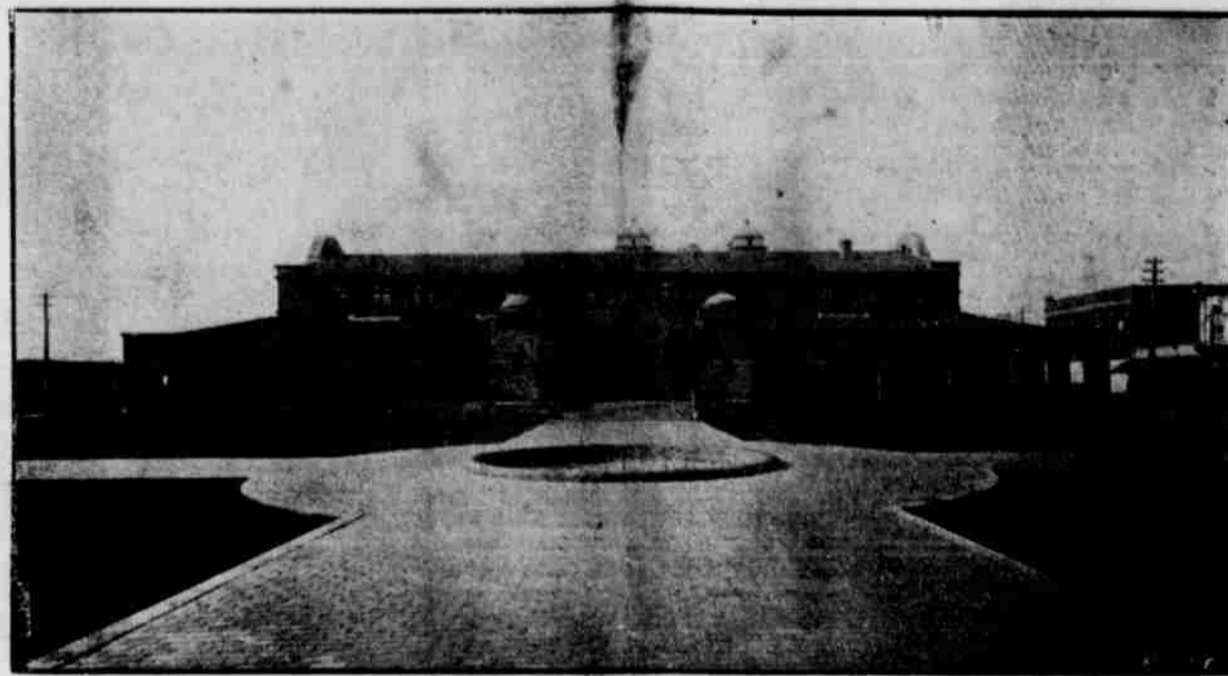

No king, emperor, prince or any other potentate in the ancient days of Rome and Greece ever received such an enthusiastic and hearty reception as President Roosevelt was given this afternoon. Upon his arrival and during his ride along the route over the

tourist agent of the Pennsylvania Railroad company; H. A. Colman, of Associated Press; R. H. Hazard, of Scripps-McRae Press association and Publishers' association; Lindsay Dennis, of New York Sun Press association; R. L. Dunn, of Collier's Weekly; N. Lazarnick, of Harper's Weekly; H. A. Strohmeier, photographer; P. W. Williams, of Western Union Telegraph company; J. P. Gooch, of Postal Telegraph-Cable company.

Governor Otero, Governor Brodie, of Arizona, Major Llewellyn, Adjutant General Whiteman and others also came down on the special.

As soon as the special stopped Judge B. S. Baker, chairman of the Albuquerque reception committee, went aboard and introduced the rest of the reception committee to the president and party. They were:

C. F. Myers, O. N. Marron, G. L. Brooks, Noa Ifeld, M. W. Flournoy, O. E. Cromwell, Sol. Luna, W. S. Hopewell, F. A. Hubbell, W. S. Strickler, W. B. Childers, C. M. Foraker, F. W. Clancy, E. S. Stover, B. S. Rodey,

great man we welcome here today shall be the executive whose signature shall adorn New Mexico's enabling act. I now, sir, have the honor to present to you the people of the great territory of New Mexico, and, on behalf of the mayor and people, the freedom of the city of Albuquerque."

President Roosevelt responded in one of his characteristic speeches and was frequently applauded. Every one enjoyed it, too.

Before the president left the stand a tableau was presented just in front of him at the entrance, and no doubt will leave a lasting impression on the president in regard to statehood. The tableau occurred on an elevated platform covered with an arch and was handsomely decorated with red, white and blue. Here forty-five handsome little Albuquerque girls dressed in pure white stood within the fence enclosure to represent the forty-five states of the glorious union, while on the steps and just ready to enter stood Miss Helen Butman, who represented the territory of New Mexico, asking for admission. The following young girls represented the forty-five states: Irene Hopkins, Amelia Montoya, Juanita Gainsley, Dotty Wolff, Hazel Schmidt, Harriet Nottley, Maud Wallace, Lessie Keith, Helen Butman, Gehring, Gladys Hanley, Helen Ruth Simpler, Ruby Ray, Vina Fulmer, Myrtle Faber, Fannie Pratt, Gertrude Zirhut, Clara May Wilson, Ruth Crawford, Henrietta Loels, Myrtle Calhoun, Ethel Rice, Alvina Tott, Edna Highbar-gain, Clotilda Strain, Allen Brennan, Mary Johnson, Jean Arnott, Selia Boardman, Bertha Schwalbe, Julia Girard, Ione Custin, Selma Anderson, Minnie Cochran, Dean Calvert, Maggie Smith, Francis Dunning, Lena Stack, Benny Ruppe, Otha Pratt, Hazel Cox, Lucy Chamberlain, Katherine Grimmer, Marinet Howe, Polina Pezel, Sulista Pezel.

The party then left the stand and were escorted to the carriages on First street which was roped off. Each carriage was numbered and the carriages were occupied as follows:

First carriage—The president, Secretary Loeb, Judge B. S. Baker, Mayor Myers.

Second carriage—Special officers and stenographers of the president's party.

Third carriage—Assistant Secretary Barnes, Surgeon General P. M. Rixey, O. N. Marron and G. L. Brooks.

Fourth carriage—N. P. Webster, J. L. McGrew, Dr. Butler, H. B. Ferguson.

Fifth carriage—Gov. Otero, Gov. A. Brodie, Major Llewellyn, Adjutant General Whiteman.

Sixth carriage—H. A. Coleman, R. H. Hazard, Lindsay Dennison, W. B. Childers.

Seventh carriage—R. L. Dunn, N. Lazarnick, E. S. Stover, W. S. Strickler.

Eighth carriage—George B. Luckey, H. A. Strohmeier, C. M. Foraker, F. W. Clancy.

Ninth carriage—W. Williams, J. P. Gooch, Noa Ifeld, M. W. Flournoy.

Tenth carriage—Three guests of the president, names not given, and O. E. Cromwell.

Eleventh carriage—A tally ho, and will carry the Rough Riders.

The lines over which the president was driven has already been published in The Citizen. The president stopped at Delegate Rodey's residence at the corner of Eighth street and Kent avenue. Here the following ladies were introduced: Mrs. Solomon Luna, wife of the territorial republican national committeeman; Mrs. H. B. Ferguson, wife of the territorial democratic national committeeman; Mrs. F. A. Hubbell, wife of the chairman of the territorial republican central committee; Mrs. W. S. Hopewell, wife of the chairman of the territorial democratic central committee; Mrs. B. S. Baker, wife of the judge of the second judicial district court; Mrs. C. F. Myers, wife of the mayor of Albuquerque; Mrs. W. E. Dame, wife of Captain Dame, of Rough Rider fame; Mrs. W. B. Childers, wife of the United States attorney for New Mexico; Mrs. C. M. Foraker, wife of the United States marshal for New Mexico; Mrs. E. L. Medler, wife of the assistant United States attorney for New Mexico; Mrs. F. W. Clancy, wife of the district attorney for the Second judicial district; Mrs. W. H. H. Llewellyn, wife of the chairman of the territorial Roosevelt reception committee; Mrs. A. A. Keene, wife of the territorial land commissioner.

All of the occupants of the carriages went in also. Light lunch was served.

The forty troopers from Fort Wingate, under command of Lieutenant Pollon, who were the president's escort, made a fine showing on their supperline looking horses, and favorable comments were heard all along the route for Uncle Sam's boys.

At the Commercial club the president, O. N. Marron, president of the club, notified him of his election as honorary member and presented him with his credentials, which was a unique Navajo saddle blanket, woven at the Harvey curio rooms by the Indian squaw, Elle, of the village of Ganado. This card of admission is the most novel one that has ever been given to a president, king, prince or any other potentate since the world was created. The blanket is 53 by 29 inches wide. It is red with a large blue center running diagonal in which the letters were worked in white. The inscription read:

The President  
Honorary  
Membership Card  
Commercial Club,  
Albuquerque, N. M.,  
May 5, 1903.

The Navajo squaw, Elle, who did the work is a good looking squaw and has nearly reached the 50 year mile stone. She is the most expert squaw now living for this line of work. She is proud of her work and as long as she lives she will be admired by the Indians for having woven a blanket for the "Great White Father" at Washington. Nearly all the members with ladies filled the rooms at the club.

The president said a few words to the school children who were massed at Robinson park and at the central school.

When the carriages passed under the arch on Railroad avenue, Miss Elsie Myers, the little daughter of the mayor, and Miss Mildred Fox, daughter of H. E. Fox, showered flowers on the president and his party from the top of the crown on the arch.

## THE PRESIDENTIAL TRAIN

The presidential train, with President Roosevelt and party, came in from the north after a two hours sojourn at Santa Fe this morning, this afternoon at 2:50 o'clock, and an immense throng of local people and visitors cheered its arrival. Conductor Leoney and Engineer Archibald, two of the oldest trainmen on the Albuquerque-Las Vegas division, were in charge and engine No. 471, one of the best on the division, brought the train in.

Conductor A. B. Skinner, on the Winslow division, asked permission to be placed in charge of the presidential train from here to Winslow, and his request was granted. Conductor Skinner came in from the west this morning and will be in the pink of condition when he calls out this afternoon "All aboard." Engine No. 1135, put in excellent trim at the local shops, will pull the train west to Winslow with Engineer A. H. Dixon at the throttle. Brakeman Kirch, who was Roosevelt's orderly on San Juan hill, asked permission to go out on train from here to Winslow, and his request was granted.

wears it to hunt mountain lions. Republicans, democrats, socialists and everybody else whooped it up this afternoon in honoring the head of the nation.

Today was a holiday. Everybody was glad and contented.

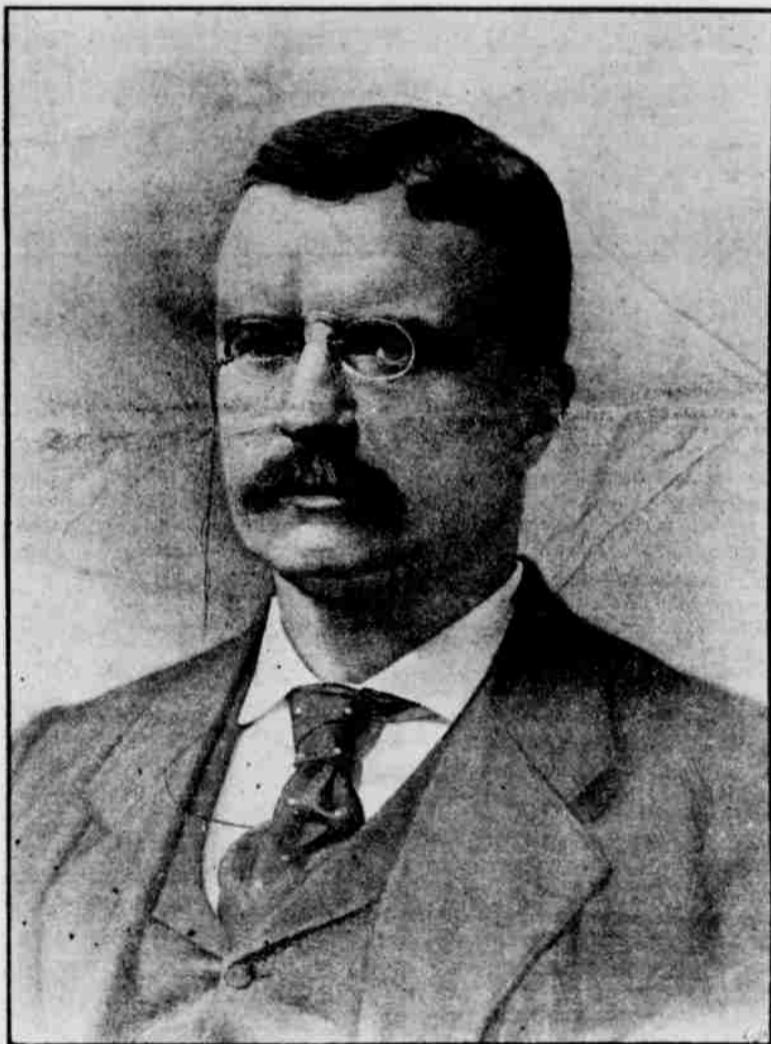

Albuquerque did herself proud. Hotels and restaurants did a big business.

The First Regiment band was stationed at the corner of Gold avenue and First street and played as the president and party passed, and afterwards at the Commercial club.

Mottos were conspicuous all over the city. "We want the right to vote for him!" were the most numerous. Others read: "We greet you but can't vote for you"; "Our welcome is as cordial as though we lived in a state," and "Welcome to our president."

The arch on Railroad avenue looked beautiful and the motto "Roosevelt, 1904. Statehood," showed up in the evergreen letters in great style.

Governor Brodie of Arizona came in this morning and registered at the Al-

Theodore Roosevelt, President of the United States.

city a continued cheering was kept up and every one seemed to be trying to outdo his neighbor in rendering homage to the head of the nation.

President Roosevelt seemed greatly pleased with the hearty reception, and it is almost certain that he is now, more than ever before, favorably impressed with the fitness of New Mexico for statehood.

The president's special train arrived nearly on schedule time and the station walks and the Alvarado's lawns and walks were packed with humanity. The presidential party on board were:

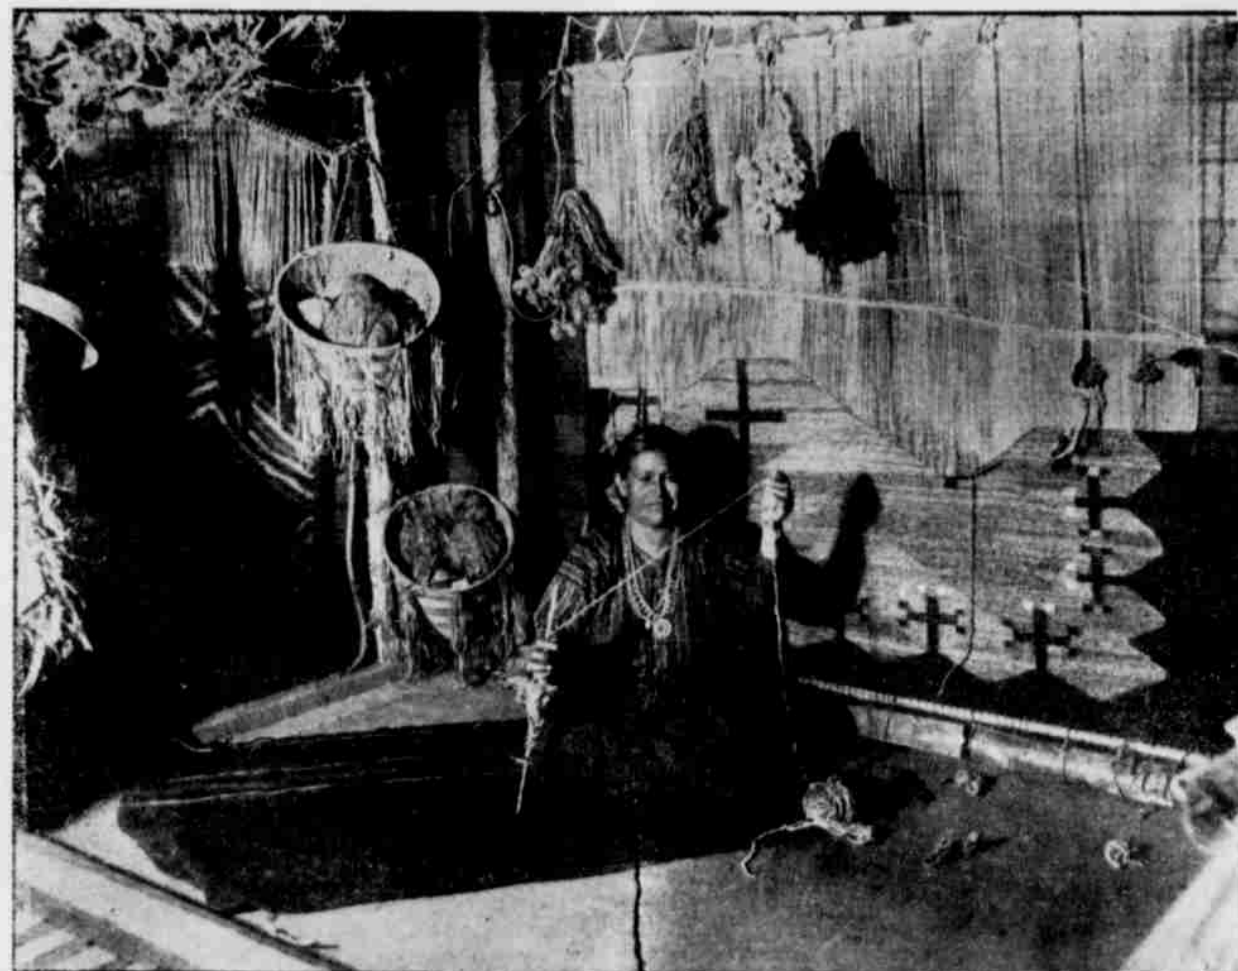

President Roosevelt and his secretary, Loeb, Assistant Secretary Barnes, Surgeon General P. M. Rixey, of the United States navy; Nelson P. Webster, M. C. Latta and J. L. McGrew, stenographers; John F. McCoy,

Capt. W. E. Dame, H. B. Ferguson. The president then got off amid tremendous cheers and enthusiasm and was escorted through a line of Grand Army men on and through the portals of the Alvarado to the platform erected in front of the Alvarado. The Rough Riders stood in front of the stand and kept the crowd back.

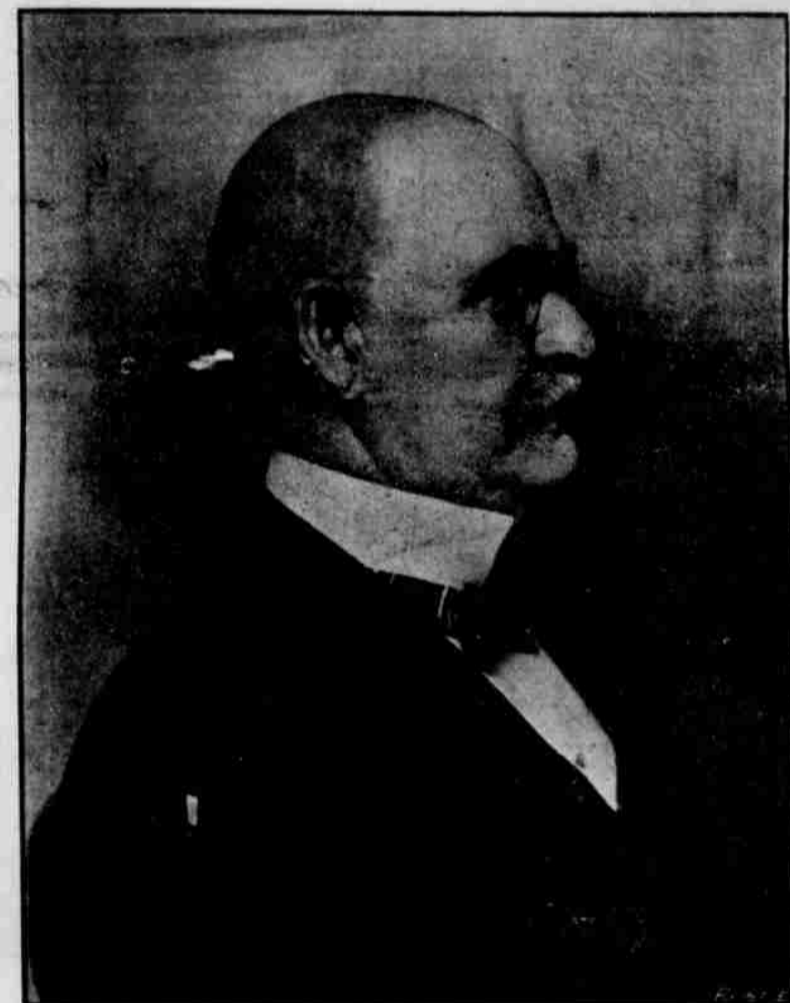

Here Judge Baker called the people to order and Delegate Rodey in a short, but right to the point address, formally presented the people of New Mexico to the president. Delegate Rodey said:

"Fellow Citizens of the Great Territory of New Mexico:—We have today the great honor of greeting the nation's chief executive. I am sure I but voice our unanimous sentiment when I say that we do it cordially and heartily, not only because of our respect for and devotion to our flag and our country, but also because of our esteem for the man himself. We recognize in him the true official—the representative of all the nation, irrespective of race, creed, section, politics, poverty or wealth. We are gratified that this opportunity is afforded us, to demonstrate as best we may how unjust were the slanders cast upon us by a recent report of men in very high place.

"We modestly claim in his presence that our patriotism is as deep and as true as that of any people in the nation, and we recall with pardonable pride the record of our soldiers in Cuba under the leadership of their gallant colonel whom they greet here today. We respectfully call attention to the fact that we as a people have for more than half a century while only a territory "pulled our own weight," nationally, and we only ask the right to do that as sovereigns instead of dependents. It will be a source of great satisfaction to us all if the

ed. The division superintendents will accompany the train over their respective divisions, F. J. Easley coming down from Las Vegas this afternoon. Superintendent I. L. Hibbard came in from Winslow this morning, and will accompany the train as far west as Seligman. Here he turns over the train to Superintendent Denair, who will take charge to Barstow, and from there to Los Angeles Superintendent W. B. Cleaver.

The Cleveland (Ohio) Grays, a famous military organization, arrived at 3:20 p. m. and a Raymond-Whitcomb excursion train of nine cars will reach the city at midnight tonight.

### Interesting Paragraphs.

Elle, the Navajo squaw, finished the president's blanket last night. This forenoon it had been on exhibition in a window at the Harvey curio rooms, and a constant throng of visitors have been viewing it. The Harvey curio rooms were closed today in honor of the president's visit.

Every one had a souvenir Roosevelt button on their lapel.

Extra copies of The Citizen were printed today for those who wish to send copies away to friends.

The Italian band discoursed fine music near the Alvarado as the president's train came in, and also when it departed.

The police arrangements were good. All kinds of wagons and other vehicles were kept off of the route this afternoon.

Colonel Borradaile made an excellent marshal.

The president received plenty of presents while here. Who wouldn't be a president?

The Rio Grande Woolen company gave the president a leather cowboy suit. It was a fine one, too, and the president will appreciate it when he

varado. His wife did not come. The president and party are to visit the Grand Canyon in Arizona tomorrow.

The president received a few New Mexico and Arizona garnets today from Hon. J. L. Hubbell of Granado, Ariz., whose family reside in this city. Mr. Hubbell arrived last night.

Porter Brothers of Silver City presented the president with several fine turquoise stones.

Captain Michael McDonnell and several other local military men were at the arrival of the president's train. They looked natty in their uniforms.

Here's hoping that President Roosevelt was so favorably impressed that he will help us obtain statehood.

## WELCOME TO THE PRESIDENT.

This afternoon the people of this city  
and surrounding country are giving  
greeting to Theodore Roosevelt, the  
president of the United States, in whom  
they are inspired the will, the power  
and dignity of 75,000,000 Americans.

As chief presiding officer of this  
mighty nation, and as Theodore Roose-  
velt, his devotion to duty, his intense pa-  
triotism and his splendid achievements  
in peace and war honorably and man-  
fully earned not only the good will and  
respect but the hearty and enduring  
admiration of his countrymen.

He works fair, plays fair and fights  
fair.

His failures and his triumphs are all  
made in the open.

Therefore the people of the great  
west delight to honor him.

New Mexico has the largest coal de-  
posits in the United States.

Roosevelt will get the vote of the  
state of New Mexico in 1904.

New Mexico will have half a million  
people when the next census is taken.

The Citizen is now the official paper  
of Bernalillo county and of the city of  
Albuquerque.

Flags and bunting are everywhere in  
the city in honor of the visit of Presi-  
dent Roosevelt.

The Citizen office sent five volun-  
teers to the Spanish war in Troop F,  
Roosevelt's Rough Riders.

to do it, is the secret of success.

Only about 90,000 men went on a  
strike May 1, which is a real disap-

average.

Boston objects to the use of the

There is nothing effeminate about the  
president, and the word "bully" is also  
decidedly masculine.

An Oklahoma man who was shot by  
the Indians in 1877 has just sued the  
United States government for \$20,000

about the assault the madder he gets.

Troop F, Roosevelt's Rough Riders,  
was raised in this city in one day and  
sworn in that evening and left for San-  
to Fe the next day. Max Luna was  
appointed captain. He and Lieutenant  
Keyes both lost their lives in the Phil-  
ippines. H. E. Sherman and Garfield

Hughes were among first boys to en-  
list. They were sergeants in the com-  
pany in Cuba. Arthur Spencer, an-  
other Albuquerque boy, was the first  
to enlist in the company. He is now  
an officer on the monitor Arkansas.  
There are very few of the famous com-  
pany now living in this city.

The new immigration law enacted  
by the last congress applies not only  
to the United States but to all the ter-  
ritory over which this nation has juris-  
diction—to the Philippine Islands,  
Guam, Porto Rico and Hawaii.

New Mexico does not depend upon  
any one industry for prosperity. The  
territory has gold, silver, copper and  
coal mines. It has immense forests.

ted and crops never fail.

This country's national debt is now  
\$930,000,000—a per capita debt of \$12.  
Interest paid annually by the govern-  
ment on this debt amounts to 35 cents  
for each man, woman and child in the  
country.

## THE JUST RULER.

The God of Israel said, the Rock of  
Israel spake to me, He that ruleth  
over men must be just, ruling in the  
fear of God.

And He shall be as the light of the  
morning, when the sun riseth, even a  
morning without clouds; as the tender  
grass springing out of the earth by  
clear shining after rain.—II Samuel,  
23, 3-4.

## INDIAN WORKERS.

The following paragraphs from the  
Native American, published in the  
Phoenix (Ariz.) Indian school, shows  
that the children of the Indian tribes  
of New Mexico and Albuquerque are  
becoming wage earners:

Nearly all the Pima and Maricopa  
children of suitable age are in day or  
boarding schools.

Last year the White Mountain  
Apache sold wood, hay and grain to  
the amount of more than \$30,000.

The Indian agent of Fort Defiance  
estimates that the Navajo blanket  
trade last year exceeded \$150,000.

The Navajos sold wood, coal and  
beef to the schools and hauled sup-  
plies to the amount of \$7,000 last year.

The Navajo Indians are reported by  
Agent Hazlett to have earned over  
\$70,000 by working on the railroad dur-  
ing the fiscal year 1902.

During the fiscal year 1902 the Mo-  
haves at the Colorado River agency  
earned \$8,764 by selling wood and hay,  
transporting supplies, and working for  
the government.

There are three thousand Navajo  
children of school age, a very small  
per cent of whom are in school. But  
it is not because they are refused ad-  
mission, either to reservation or train-  
ing schools.

## PATRIOTIC PEOPLE.

The patriotic demonstrations which  
were made this morning in Santa Fe  
and this afternoon in Albuquerque in  
honor of President Roosevelt, and  
which are typical of the attention he  
has received along the whole course of  
his remarkable tour, are thoroughly  
wholesome manifestations of national  
pride and patriotic spirit. Among peo-  
ple who are not imbued with a high  
sense of civic responsibility there is  
some ground for the argument that  
centralized government is essential to  
good order. But no suggestion that a  
more personal rule would be benefi-  
cial to the United States will ever find  
lodgment in the American heart. The  
presidential office is one of great pow-  
er and responsibility, but it is wisely  
protected against abuse, for it is the  
creation of the people and its occupant  
is always subject to the will of the peo-  
ple.

It is not strange, therefore, says the  
Kansas City Star, that even in this  
free and independent land, in which a  
rational people has been the basis of  
the most amazing progress the world  
has ever known, there should be a  
great reverence for the office of the  
chief magistrate. This post is the  
most honorable to which an American  
citizen may be called, and he who oc-  
cupies it, so long as he does not betray  
the trust vested in him, will receive  
the plaudits of the people. Popular  
demonstrations may vary in degree in  
accordance with the distinction that  
marks the succeeding administrations  
of the duties of chief executive, but  
under all normal conditions the spirit  
of citizenship supercedes that of parti-  
sanship in the attentions shown by  
the public to the president.

President Roosevelt has merited and  
received the unprejudiced welcome of  
the whole community in every place in  
which he has made his appearance. He  
is a party man, but so far as it is pos-  
sible for a president to be nonpartisan  
in his acts, President Roosevelt has  
represented the whole people. His  
courage, wisdom and energy have ap-  
pealed to all classes. He is, in his in-  
dividual character and sympathy, a  
particularly good representative of the  
entire country. His Americanism is

strong and assertive, but it is also ra-  
tional.

Persons who have the best oppor-  
tunities to know and understand Presi-  
dent Roosevelt will feel that he will  
return to Washington stronger and  
better for his contact with the people.  
One of the great distinctions of Ameri-  
can official life is that from the humb-  
lest post to that of prime honor the  
people are very near to those who re-  
present them in affairs of state. In no  
other country is it possible for a pub-  
lic servant to measure the needs or ac-  
curately as in the United States. Presi-  
dent Roosevelt is opposed by some  
selfish interests, represented by a few  
leaders of his own party, but he now  
has greater reason than ever before to  
know that the people as a whole are  
standing by him in his courageous,  
honest administration.

## STRENUOUS WORKER.

The following from the Youth's  
Companion is worth preserving: At a  
dinner in New York in February, Sec-  
retary Shaw, responding to the toast,  
"The President," put some well known  
facts in a new way. Speaking of the  
office, not of the incumbent, Mr. Shaw  
said:

The president, while properly a  
most potent influence in the realm of  
legislation, is the executive. No sov-  
ereign has greater authority, and few  
have an authority so extensive. No  
sovereign has greater responsibilities,  
and few have responsibilities so heavy.

Think what the president has done  
in the last six years! The president  
has called an army into existence; he  
has collected a navy; then, as commander  
in-chief of both, he has prosecuted  
successfully a war with results per-  
haps as far reaching and important as  
any ever waged on the globe.

Then the president, through his se-  
cretary of war, took possession of Cu-  
ba, pacified its people, stood guard  
and protected it from outside inter-  
ference and from international conten-  
tion while a government authorized by  
congress was created, a constitution  
adopted, an insular congress elected,  
and then the president through his  
secretary of war, said:

"Are you ready?"  
And the answer came: "Aye, aye,  
sir!" the president replied: "Hoist  
away!" and a new flag sprang forth.

## THE VOTING POPULATION.

The following figures representing  
the popular vote at the presidential  
election since 1880 are interesting in  
showing the rapid growth of the vot-  
ing population of the United States in  
twenty years:

1880—Garfield, 4,454,416; Hancock,  
4,444,952; total, 8,899,368.  
1884—Cleveland, 4,874,986; Blaine,  
4,851,981; total, 9,726,967.  
1888—Harrison, 5,493,853; Cleve-  
land, 5,540,309; total, 10,980,162.  
1892—Cleveland, 5,554,437; Harri-  
son, 5,175,287; total, 10,729,724.  
1896—McKinley, 7,102,272; Bryan,  
6,273,624; total, 13,375,896.  
1900—McKinley, 7,219,101; Bryan,  
6,357,054; total, 13,576,155.

It will be seen that the total vote in-  
creased nearly 50 per cent in twenty  
years. The great gain in the vote of  
1896 over that of 1892 was probably  
due to the intense interest felt in that  
election, while the slight increase in  
1900 over 1896 was undoubtedly owing  
to the impression which prevailed that  
McKinley was sure of election. The  
figures are not encouraging to Mr.  
Bryan. It will be seen that while the  
popular vote against him was over-  
whelming in 1896 it was worse in 1900.  
Cleveland had a majority of the popu-  
lar vote at all three of the elections  
at which he ran. Even in 1888 when  
he was defeated by Harrison he re-  
ceived 10,000 more votes than his op-  
ponent.

COURTING  
DANGER

It is courting danger to stand under  
key covers. Not a few have learned this  
to their cost. Every winter injury and  
even death are reported as the result of  
this carelessness. But there is a far  
more popular way of courting danger.  
Every man or woman who neglects a  
cough is inviting sickness, and many a  
fatal sickness has its beginning in a slight  
cough.

The timely use of Dr. Pierce's Golden  
Medical Discovery will cure the cough.  
Even when the cough is obstinate and  
there is hemorrhage with emaciation and  
weakness, "Golden Medical Discovery"  
always helps and almost always cures.

"I was troubled with a bad cold, which settled  
on my lungs and left me with a miserable  
cough," writes Mr. Joseph D. Buess, of 313  
Huey's Street, Kansas, New  
York. "I used two bottles of  
your Golden Medical Discovery  
after which my cough  
disappeared entirely. I can-  
not recommend your medi-  
cine too highly."

Accept no substitute for  
"Golden Medical Discovery."  
There is nothing  
"just as good" for dis-  
eases of the stomach,  
blood, and lungs. Sub-  
stitution means a little

## IF WOMEN ONLY KNEW

What a Heap of Happiness It Would  
Bring to Albuquerque Homes.

Hard to do housework with an ach-  
ing back;  
Hours of misery at leisure or at  
work.

If women only knew the cause:  
Backache pains come from sick kid-  
neys.

Doan's Kidney Pills will cure sick  
kidneys.

Albuquerque people endorse this:  
Mrs. J. H. Smith, of 115 Huning ave-  
nue, (J. H. Smith, deputy sheriff,) says:

"Every woman who has had  
backache for a month so severe that  
every movement she made hurt and  
she never knew the moment but the  
slightest strain on the muscles of the  
back brought a twinge which could  
only be described as excruciating, is  
more than pleased when she finds a  
means to at first check such attacks  
and then radically dispose of them.  
When suffering from backache I went  
to the Alvarado Pharmacy for  
Doan's Kidney Pills and took a course  
of the treatment. It stopped the annoy-  
ance. Since then I have had no neces-  
sity to use Doan's Kidney Pills nor any  
other medicine for aching across the  
small of the back."

For sale by all dealers. Price 50  
cents. Foster-Milburn Co., Buffalo, N.  
Y., sole agents for the United States.

## Too Great a Risk.

In almost every neighborhood some-  
one has died from an attack of colic  
or cholera morbus, often medicine  
could be procured or a physician sum-  
moned. A reliable remedy for these  
diseases should be kept at hand. The  
risk is too great for anyone to take.  
Chamberlain's Colic, Cholera and  
Diarrhoea Remedy has undoubtedly  
saved more pain and suffering than  
any other medicine in use. It can al-  
ways be depended upon. For sale by  
all druggists.

## PRaises BUSSEr's WORK.

Has Given Santa Fe Men at Barstow Some Good Shows.

The Barstow correspondent of the San Bernardino Times-Index says:

This place is having a "run" in amusements lately, thanks to Mr. Busser, superintendent of the Santa Fe reading rooms system. Mr. Busser is the originator of the terse saying "give a man a bath, a book and entertainment." His theory is that mankind and particularly workmen will thereby reach a higher standard. He surely is carrying out his theory. Last night we had the pleasure of listening to the concert by the faculty of the New Mexico School of Music, which we thought could not be excelled. Tonight there was another musical and elocutionary entertainment by professional entertainers.

## The Waste of this Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease set in. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by B. H. Briggs & Co., S. Van & Son.

## DEAL STILL PENDING.

Rock Island-Texas Central Purchase May Be Carried Through.

That the Rock Island deal for the purchase of a half interest in the Houston & Texas Central has not fallen through with is shown by the fact that the railroad commission has been informed by N. H. Lassiter, general attorney of the former road in Texas, that he will be here in a few days with the contract that has been entered into by the two roads to obtain its approval by the commission, says a dispatch from Austin, Texas.

An amendment to the charter of the Acme, Red River & Northern Railway company was filed at Austin. It provides for the construction of the road from Acme, Texas, north to the Red river and from Acme southeast to Quanah, Texas. The road is to be extended through Oklahoma to Woodward. This is said to be a Frisco project.

## Traveling is Dangerous.

Constant motion jars the kidneys which are kept in place by the delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much, suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. E. Hausan, locomotive engineer, Lima, Ohio, writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." Alvarado Pharmacy.

## RENEW NEGOTIATIONS.

Rock Island Still Has an Eye on the Frisco.

A dispatch from Chicago says: It is reported that negotiations have been renewed by the Rock Island for the acquisition of the St. Louis & San Francisco system. Officials of the Rock Island in Chicago disclaim any knowledge, and are not inclined to credit the rumor. Other railway officials, generally well informed, have positive information that the report is true. They don't believe, however, that the Rock Island will get the Frisco unless they make a much better cash offer than before. The previous offer was \$20 a share in cash and the rest in Rock Island securities. Some of the stockholders of St. Louis & San Francisco have little faith in the Rock Island's new stock, and demand at least one half in cash.

## HOW ROCK ISLAND LOST.

It Came Near to Capturing the United States Navy Business.

The collapse of the pool on army and navy business formerly maintained by the western roads has enabled the government to get transportation for its soldiers and sailors at unusually low rates.

The contract for the transportation of officers and men of the navy between Chicago and the Pacific coast for one year from next July has just been awarded to the Union Pacific, whose bid was \$22.71 between Chicago and San Francisco for parties of 100 or

less, \$21.46 for 100 or more, and 50 cents for each meal. The bids were opened six weeks ago, and it was found that the Rock Island's bid was the lowest for the transportation, but it wanted 75 cents for each meal, which made the total rate greater than the Union Pacific.

The Rock Island protested against the acceptance of the Union Pacific's bid, alleging that the Southern Pacific had tendered its connecting line a less rate on army business than on naval business.

The question was referred by the navy department to the controller of the currency, who held that the bid should be accepted.

## Quick Arrest.

J. A. Gullledge of Verbena, Ala., was twice in the hospital from a severe case of piles causing twenty-four tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at all druggists.

## NEW RULE BOOK.

Clear Signal Changed From White to Green Now in Effect.

General Superintendent Egan of the Colorado & Southern has promulgated a new set of service rules for the entire system, which went into effect Sunday, May 3. The rules are the American association standard, now in use on all the eastern roads and on most of the transcontinental lines, like the Union Pacific, running into Denver.

Several months ago the Colorado & Southern issued copies of the new text book, containing the rules, examples and illustrations, to each of the employees of its operating department. A special examiner was appointed and has devoted his time since to conducting examinations among the men.

He reported last month that the men were sufficiently proficient in their knowledge of the new rules. The Rio Grande system is about to follow the example of the Colorado & Southern in the adoption of these regulations. Chief among the changes is one regarding signals in use on trains. Red remains the danger signal, but the "clear" signal is changed from white to green. The reason for this is that where a red danger light to be broken it would show white, indicating "clear" and might cause accidents.

Foley's Honey and Tar is peculiarly adapted for asthma, bronchitis and hoarseness. Alvarado Pharmacy.

## FROM THE KAW.

Kansas City's Commercial Club Members Will Soon Be Here.

As announced in The Citizen several days ago the Kansas City Commercial club will be here on Friday, May 15, and stop here from 9:35 until 11:35 a. m. The secretary of the Commercial club of this city has sent the Kansas City club a list of prominent farmers who reside in the Rio Grande valley and they have received the following letter:

Dear Sir—On May 2 the Commercial club of Kansas City will leave on an extended trade extension trip. The writer and our vice president, Mr. L. H. Lamar, will both be on the train, which will be a magnificent special one, made up entirely of sleepers, diner, observation car, barber shop, etc., and carry a large number of representative business men of Kansas City.

We want to become personally acquainted with you and with the farmers and ranchmen in your locality, and with this end in view we will issue invitations all along the line to come in and see the magnificent train and meet us, and we will have for each a handsome souvenir, together with one of our 700 page catalogue for all who want it. You will receive one of these invitations in due season, and we hope to see you at the train.

The train and the people aboard it will be well worth going miles to see. There will be music, speeches, plenty of mementos of the trip, and a good time generally. We want you and your neighbors to come in and see and meet the people who are helping with your trade to make Kansas City great, and we know that the souvenir we have for you will please you.

## PRETTY CHEEKS.

A Food That Makes Girls Sweet to Look Upon.

The right food for young ladies is of the greatest importance to their looks, to say nothing of the health. Thin, sallow girls don't get the right food you may be certain. A Brooklyn girl says: "For a long time in spite of all I could do I was thin, skinny and nervous. My cheeks were so sunken my friends used to remark on how bad I looked. I couldn't seem to get strength from my food—meat, potatoes, bread, etc. So I tried various medicines without help."

"I often read about Grape-Nuts, but never tried the food until one day something impressed me that perhaps if I would eat Grape-Nuts for my nerves and brain I could digest and get the good of my food. So I started in. The food with cream was fascinating to my taste and I went in for it regularly twice a day."

"Well, I began to improve and now while on my third package I have changed so my friends congratulate me warmly, ask me what in the world I have taken, etc., etc. My cheeks are plump and rosy and I feel so strong and well. I sleep sound and it seems as though I couldn't get enough to eat. Thank you sincerely for making Grape-Nuts." Name given by Postum Co., Battle Creek, Mich.

There's a reason for Grape-Nuts.

In order to have as many as possible come in, we ask you to help us in notifying your neighbors of the visit by sending us on the enclosed postal card five or more names and postoffice addresses of neighbors and friends who you think will be interested. Then at the time we send you the formal invitation we will also extend one to them in the same mail. Be sure to sign your name last on the postal, and we would appreciate it very much if you would send the names at once, as the time for us to prepare is very short.

Thanking you in advance for your kindness, and trusting to meet you personally at the train, I am yours truly,

O. L. CHASE.

P. S.—Train will arrive at Albuquerque on Friday, May 15, at 9:35 a. m. and remain until 11:35 a. m.

Kansas City, Mo., April 30. It is to be hoped that the farmers along the Rio Grande will be on hand for these Kansas City business men are hustlers and a good and instructive time will be had.

A. A. Herren, of Finch, Ark., writes, "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." Alvarado Pharmacy.

## A Week of Specials.

Special trains will be thick on the Santa Fe this week and the dispatchers between Albuquerque and Los Angeles are going to "get busy" several days.

There will be eight special trains whizzing along the lines, coming this way from the east.

You never heard of any one using Foley's Honey and Tar and not being satisfied. Alvarado Pharmacy.

## The Hoodoo Grade.

A bad freight wreck, which has not yet been noted in the press, occurred near Peach Springs last Tuesday afternoon, causing considerable delay in traffic. Two engines were pulling a freight train up the Kingman grade, when the tender of the second engine left the track. It jumped along over the ties for a distance of 100 yards, tearing up the track and wrecking several cars. A wrecking crew was sent from Needles, a distance of 140 miles, to clear away the wreckage. The overland trains were delayed several hours.

Foley's Honey and Tar contains no opiates and can safely be given to children. Alvarado Pharmacy.

## CHARLES DYER.

Popular Railroad Man, Formerly With Santa Fe, Has Gone to Chicago.

Charles H. Dyer, former general superintendent of the Colorado & Southern system, has accepted the position of manager of the Otis Car company, with headquarters at Chicago. Mr. Dyer has gone to Chicago to take up his new duties, and will reside there, though he retains his Denver residence.

Mr. Dyer's acceptance of the position was a surprise in railroad circles. It was known that he had already refused three flattering offers of railroad positions, and it was supposed that he intended to remain in Denver and look after his private interests. Spencer Otis, head of the Otis Car company, is an intimate friend of Mr. Dyer, and finally induced him to accept the management of the company, which controls patents on the latest devices for car construction, and does an immense business.—Denver Republican.

Mr. Dyer is well known throughout New Mexico, and was for years division superintendent of the Santa Fe with headquarters at Las Vegas.

## BIANCA STATION REACHED.

Seventeen Miles of Track on Santa Fe Central Railroad Completed.

Reports received by General Manager W. S. Hopewell of the Santa Fe Central state that a steel track

reached Blanca, a station seventeen miles west of Torrence, Sunday. The track laying machine is doing good work, although not yet to its fullest capacity. On Saturday eight thousand feet of steel track were put down. It is expected that Progress, the next station, ten miles northwest of Blanca, will be reached about Saturday of this week. Thereafter work will be pushed much more rapidly, as there will be no more shortage and scarcity of water for the men, for the animals and for the engine of the track laying machine and construction trains.

## A Revelation.

If you will make inquiry it will be a revelation to you how many succumb to kidney troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. Alvarado Pharmacy.

## Notary Appointed.

Governor Otero appointed the following notary public: Gavino Ortiz, Santa Fe postoffice, for Santa Fe county.

## What is Foley's Kidney Cure?

Answer: It is made from a prescription of a leading Chicago physician, and one of the most eminent in the country. The ingredients are the purest that money can buy, and are scientifically combined to get their utmost value. Alvarado Pharmacy.

## Territorial Funds.

The following funds were received at the office of the territorial treasurer: From H. O. Bursum, superintendent of the territorial penitentiary, \$950, convicts' earnings.

When you want a pleasant physic try Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. For sale by all druggists.

## Agent Designated.

The South Percha Gold Mining and Milling company of South Dakota has filed a certificate with the territorial secretary designating where the New Mexico office for the company is to be situated and naming the territorial agent, A. J. Harsch as the agent, with office at Hillsboro.

## GREATLY ALARMED.

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burlage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burlage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured." Sold by all druggists.

## WHOLESALE THEFT OF SHEEP.

Eighteen Hundred Head Were Stolen From J. M. C. Chaves Recently.

In a letter to a Santa Fe friend J. M. C. Chaves of Albuququerque states that about 1,800 head of sheep owned by him were stolen in the Navajo country recently. Word was sent him by the herders stating that the theft was committed at night, and it is believed by Mr. Chaves that one of the herders was implicated in the deed. The boys tracked the herd as far as the Rio Grande near Pena Blanca the next day, but the trail was there lost by them and nothing further is known of what became of the stolen property.

## AS A COWBOY.

President's Present Trip Recalls  
Many Experiences.

## A TRUE FRONTIER STORY.

President Roosevelt was probably never so happy as in the old cowboy days when he ran a band of cattle for profit and hunted for fun. His present trip to the west recalls many of the old experiences of which he speaks as follows:

"To some men the sunny monotony of the great plains is wearisome. Personally there are few things I have enjoyed more than journeying over them where the game was at all plentiful. Sometimes I have gone off for three or four days alone on horseback with a slicker or an oilskin coat behind the saddle and some salt and hardtack as my sole provisions, but for comfort on a trip of any length it was always desirable to have a wagon.

"My regular outfit consisted of an outfit and team driven by one man who cooked, together with another man and four riding ponies, two of which we rode while the other two were driven loose or led behind the wagon. While it is eminently desirable that a hunter should be able to rough it and should be entirely willing to put up with the bare minimum of necessities and undergo great fatigue and hardship, it is yet not at all necessary that he should refrain from comfort of a wholesome sort when it is obtainable. By taking the wagon we could carry a tent to put up if there was foul weather.

"I usually had a change of clothes to put on if I was wet, two or three books to read—and nothing adds more to the enjoyment of a hunting trip—as well as plenty of food; while having two men made me entirely foot-loose as regards camp, so that I could hunt whenever I pleased and if I came in tired I simply rested instead of spending two or three hours in pitching camp, cooking, tethering horses and doing the innumerable other little things which in the aggregate amount to so much. On such a trip when we got into unknown country it was of course necessary to stay near the wagon especially if we had to hunt for water. But if we knew the country at all we would decide in the morning about where the camp was to be made in the afternoon and then I would lope off on my own account while the wagon lumbered slowly across the rough prairie sward straight toward its destination.

"Sometimes I took the spare man with me and sometimes not. It was convenient to have him for there are continually small emergencies in which it is well to be with a companion. For instance if one jumps off for a sudden shot there is always a slight possibility that any but a thoroughly trained horse will frighten and gallop away. On some of my horses I could absolutely depend, but there are others and good ones too which would on rare occasions fail me and few things are more disheartening than a long stern chase after one's steed under such circumstances with the unpleasant possibility of seeing it leave the country entirely and strike out for a ranch fifty or sixty miles distant. If there is a companion with one all danger of this is over. Moreover in galloping at full speed after the game it is impossible now and then to avoid a tumble as the horse may put his leg into a prairie hole or badger burrow and on such occasions a companion may come in handy. On the other hand there is so great a charm in absolute solitude in the wild lonely freedom of the great plains that often I would make some excuse and go off entirely by myself.

"Such rides had a fascination of their own. Hour after hour the wiry pony shuffled onward across the sea of short matted grass. On every side the plains stretched seemingly limitless. Sometimes there would be no object to break the horizon; sometimes across a score of miles there would loom through the clear air the fantastic outlines of a chain of buttes, rising grim and barren. Occasionally there might be a slightly marked watercourse, every drop of moisture long dried and usually there would not be so much as the smallest sagebrush anywhere in sight. As the sun rose higher and higher the shadows of the horse and rider shortened and the beams were reflected from the short bleached blades until in the hot air the landscape afar off seemed to dance and waver. Often on such trips days went by without coming across another human being and the loneliness and vastness of the country seemed as unbroken as if the old vanished days had returned—the days of wild wilderness wanderers and the teeming myriads of game they followed and the scarcely wilder savages against whom they warred."

## PEN PICTURE.

Model Tribute to Albuquerque Distinguished Visitor.

The following striking characterization of President Roosevelt by Senator Burton in a recent interview is a model tribute to the president's ability:

"Everybody ought to study President Roosevelt, for he will be president a long time. He will be nominated by acclamation to succeed himself and will be elected by a tremendous majority. Two things, and these two only, could defeat him, a split in the

publican party and an unreserved alliance in the democratic party between the Cleveland forces and the Bryanites. Each of these conditions is improbable and both of them are impossible. Therefore President Roosevelt will be the next president. Roosevelt is peculiarly strong with the average members of his own party, and with a great many independent voters who ordinarily work with other parties. Roosevelt, in his election as president, will break all records in that he will be the first vice president in seventy-five years to be made available as a president. But for that matter, his entire life has been a record breaker. He is one of the few men who has developed in the last fifty years an ability to speak at any time and grow stronger with each utterance. One thing about Roosevelt which is escaping general observation is his consummate skill as a politician. I use that word in its highest, purest and best sense. He is a politician after the manner of Abraham Lincoln. Without bending to certain vast influences—I refer to the money—he wins them to him and saves them from themselves. He is impulsive, but his impulsiveness springs from intense integrity of purpose. He is resolute as iron, and yet is a man who will change in a minute upon seeing that his position is a wrong one. He has, along this line, done something that no other man has ever or ever will do—he has conquered Roosevelt. He has mastered himself. He is a man to depend upon, essentially American, zealous to a degree, safe in his decisions, and fit for the office the people intend to bestow upon him, that of the presidency. An election today would return him, the postponement for a year and a half merely will add to his majority."

About twenty-five rough riders are in the city today to greet their old commander. Judge B. S. Baker and Postmaster Hopkins are to be thanked by every one in Albuquerque for the time and trouble they have been to in arranging for the decorations and other matters that have helped to make the president's reception so great a success.

All the saloons and gambling houses in the city were closed from 2:30 to 5:30 o'clock.

Sheriff Hubbell is another man to be congratulated, for he was instrumental in collecting over \$1,000 for the occasion.

All members of Cottonwood Grove No. 2, Woodmen circle, are requested to meet at Odd Fellows' hall Wednesday afternoon at 1:30 o'clock to attend the funeral of Gov. Mary Kemmerer.

## TAKE IT IN MAY.

Purifies the Blood as Nothing Else Can Do--Makes

Strong Nerves--Cures Disease.

## PAINE'S CELERY COMPOUND.

Weariness, insomnia, impure blood and nerve troubles make life a burden for our women in springtime. Accumulations of waste and morbid matters in the blood during the winter season have poisoned the life stream, causing the liver to become sluggish and the kidneys are suffering and unable to remove waste and dangerous products from the system. It is now time for the sick and ailing to strike at the root of the trouble. The month of May should be a time of recuperation and cure. The needed and blessed work can be successfully accomplished by the use of Paine's Celery Compound, the only medicine that can correct unhealthy nerve action, and feed the nerve centers with elements that will build them up into healthy tissues. Try Paine's Celery Compound this month if you are suffering, weak, languid and despondent; happy and blessed results will follow. Mrs. Re-

becca K. Rowland, Lexington, Ky., writes as follows: "Some time ago I had a very severe attack of grip, and it left me with a cough. Then kidney and bowel troubles set in, and I became so weak that I reeled when I walked. I was so nervous I could scarcely feed myself, and could only sleep a small part of the night. I had doctor after doctor, but did not get rid of my ailments. I chanced to hear of some wonderful cures wrought by Paine's Celery Compound and decided to give it a trial. I did so, and it cured me of my troubles. I thank God that Paine's Celery Compound was discovered; it made me strong; it made me walk, and it gave me sleep. People say to me: 'You look younger than you did ten years ago,' and I reply that Paine's Celery Compound did it with God's help. I shall praise Paine's Celery Compound while I live for all it has done for me."

## OYSTER BAY INCIDENTS.

Knowing that T. J. Shinick was from Oyster Bay, New York, and that he surely must be personally acquainted with President Roosevelt, the following interview was obtained from him:

"I went to Oyster Bay in 1870; was two years in partnership with J. B. Wright, in the carriage business. We did all of Mr. Roosevelt's carriage work. During the summer months the president's father and family lived at Oyster Bay, and the winters were spent in New York. The president's father was a great favorite with everyone. He was democratic and popular, and always had a pleasant word and smile for everyone. Young Theodore at the time was quite young. I remember him as a great favorite and leader in all kinds of sport on the water and at base ball. We had a very good ball club of home talent, called the "Oscolas." The president's neighbor, Fred Weeks, was our captain, and W. J. Youngs, who was his secretary when he was governor at Albany, and Amos Knapp, who was head messenger at Albany, were members of our club. I played second base. I remember one game we had the president as umpire. He was about 15 years old then. We were playing against the crack ball club from Huntington. This was a larger town and eight miles from Oyster Bay. There was great competition between the two towns, and the games were always red hot and some times ended in a general riot. This game was played on mutual grounds. Half way between the two towns. Our regular umpire was hit in the eye by a foul tip and disabled, so young Roosevelt was asked to umpire the game. He proved a dandy, had every rule down fine, and showed the best of courage in giving decisions. The big kickers of the Huntington club could do nothing with the little umpire. Several times the two clubs would rush in and surround him, the whole eighteen players and about 100 rooters talking at the same time, but our little umpire stood his ground and stuck to every decision he gave, and they were always fair and honestly given. It was the first time I remember an umpire's running the bases to watch for close decisions. Fred Weeks was our pitcher on that day. We were then using the underhand throw. Weeks was a college student and quite an athlete. He had a very swift delivery and knocked out two catchers that day. The catchers then did not use the big mitt. We won our game, 23 to

19, after red hot playing and kicking for three hours. Then both sides gave three hearty cheers for our little umpire, and he was declared the best umpire we ever had. The future president was very proud of our winning, although he never favored us with his decisions.

"I remember he was a good swimmer and fond of the water. Oyster Bay is the home of the Sewanaka Yacht club. O. E. Cromwell was then secretary of the club and W. L. Swan, a wealthy neighbor of the president, was commodore. During the racing season every one that could handle a boat was out in the harbor. I have seen young Roosevelt with several boys of his own age handle a cat boat in some mighty strong breezes, with him at the tiller and others hanging over the edge of the boat to keep her from going over. It takes a good amount of genuine pluck to manage a small sail boat in a strong wind. The young man at the tiller then proved very successful, and those that know him best expect to see him bring the ship of state safely into harbor.

"His secretary, when governor, Hon. W. J. Youngs, was also a very popular Oyster Bay man. He was the republican leader of Queens county a number of years, and managed the president's several campaigns very successfully. He is now the able United States district attorney located at Brooklyn, N. Y.

He'll say, too, that age

Without it, beer ferments

## CITY COUNCIL.

Plenty of Business Transacted at  
Meeting Last Night.

## SEVERAL CONTRACTS LET.

The city council met at the council  
chambers last night in regular session,  
with Mayor Myers and all members  
present.

It was an important meeting for the  
reason that a number of contracts, in-  
cluding city printing and sprinkler ser-  
vice, were to be let.  
A petition was presented to the coun-  
cil signed by a large number of prop-  
erty owners of First street request-  
ing that a six-foot board walk be or-  
dered on the street from Fruit avenue  
to the Mountain road. The petition  
was referred to the street and alley  
committee.

Alderman Grunsfeld presented a res-  
olution asking the appropriation of the  
sum of \$50 for the purpose of aiding  
in furnishing band concerts in the park  
on Sundays during the summer. The  
matter was referred to the city at-  
torney for advisement. The city at-  
torney reported that he thought the  
council had no authority to make an  
appropriation of the kind, and the res-  
olution was withdrawn.

City Marshal McMillan's report  
showed that eighty-two arrests were  
made during the month of April and  
fines to the amount of \$405 were col-  
lected. This report shows that the  
city was on its good conduct during  
April.

Reports of city chemist, city physi-  
cian and city electrical engineer were  
received and referred to the proper  
committees.

City Clerk Harry Lee reported the  
collection of licenses for the month of  
April to be \$1,424.75.  
The city clerk's bond was produced.

## A Startling Test.

To save a life, Dr. T. G. Merritt, of  
No. Mehoopany, Pa., made a startling  
test resulting in a wonderful cure. He  
writes, "A patient was attacked with  
violent hemorrhages, caused by ulcer-  
ation of the stomach. I had often found  
Electric Bitters excellent for acute  
stomach and liver trouble so I prescrib-  
ed them. The patient gained from the  
first, and has not had an attack in four-  
teen months." Electric Bitters are  
positively guaranteed for dyspepsia,  
indigestion, constipation and kidney  
troubles. Try them. Only one at all  
druggists.

examined and accepted.

The fire alarm sounded and the  
mayor adjourned the council for a  
short recess.

The council reconvened and the re-  
port of the sewer committee was taken  
up and reported on favorably. This  
committee also took action ordering  
that Franz Hurling, A. W. Cleland and  
others show reasons why ponds and  
standing water on lands in the western  
part of the city should not be abated.

The annual report of the street com-  
missioner was reported favorably and  
adopted.

The matter of the building of a  
sidewalk on Marquette avenue was  
then taken under consideration. City  
Engineer Pitt Ross was present and  
explained the trouble. The matter  
was referred to the street and alley  
committee some time ago, but Alder-  
man Harsch, chairman of the commit-  
tee, stated that he was not ready yet  
to report. The trouble as explained by  
the engineer is that when the Armijo  
Brothers addition was laid out it was  
not surveyed in conformity with the  
adjoining addition, leaving a jog of  
between seven and eight feet. The  
jog is near the alley on Marquette  
avenue between the streets specified.  
A sidewalk was ordered there some  
time ago, but has not been built on ac-  
count of this irregularity. The prop-  
erty where the jog occurs is owned  
by an eastern estate. This estate  
owns the lots on both sides of the  
street and could easily rectify the ir-  
regularity if they chose by transfer-  
ring the difference from one property  
to the other. P. F. McCanna is the lo-  
cal agent for the estate. He was seen  
by members of the council, but refused  
to make any concession whatever.  
The matter was taken under advisement  
by the proper committee.

The annual report of the city mar-  
shal was approved.  
The council ordered that Fire Chief  
Nash be allowed to employ two addi-  
tional call firemen at a monthly salary  
of \$10.

The city clerk was ordered to notify  
the water company to lay a water  
main on Coal avenue between Fifth  
and Seventh streets and put in an ad-  
ditional fire plug.

A resolution was adopted ordering  
that no telephone or electric light pole  
be placed in the street otherwise than  
at the outer edge of the sidewalks, ex-  
cepting when given permission by the  
council to do otherwise.

Alderman Hubbs asked if the water  
committee had any report to make in  
regard to purchasing the city water  
works. Alderman Harrison stated  
that as yet the committee had no re-  
port to make.

Alderman McMillan, chairman of the  
committee on street railways, stated  
that that committee had accomplished  
little in the matter, and had tendered  
the city's proposition but nothing more  
had been done. Mr. Cromwell and At-  
torney Fergusson were present, but  
were not allowed to address the coun-  
cil as a whole.

Dr. Harrison presented a petition  
signed by people living on North Sixth  
street, requesting the removal of a  
hot tamale wagon which stands in the  
street in the neighborhood. He also  
brought up a matter of grievance from  
the people living near the river and  
under the impression that they are  
getting more water in the gutters in  
that part of the city than necessary.

This brought up the matter of  
grades in the city. A discussion fol-  
lowed and the city engineer was final-  
ly ordered to purchase a grade book,  
in which to keep the grades of the  
streets and bench marks.

The council purchased from Eng-  
neer Ross a record of the city grades  
at a cost of \$100.

An amendment to the city ordinance  
on infectious diseases was allowed to  
go over to the next meeting of the  
council.

An ordinance creating a city gar-  
bage collector was read. The ordinance  
went over and will be considered.

The contract for the feeding of the  
city prisoners and caring for the city  
building was let to Charles Payne at 15  
cents a meal.

The contract for the city printing  
was let to The Daily Citizen for the

## A Sure Thing.

It is said that nothing is sure except  
death and taxes, but that is not al-  
together true. Dr. King's New Dis-  
covery for consumption is a sure cure  
for all lung and throat troubles.  
Thousands can testify to that. Mrs. C.  
B. Van Metre of Shepherdstown, W.  
Va., says, "I had a severe case of bron-  
chitis and for a year tried everything I  
heard of, but got no relief. One bottle  
of Dr. King's New Discovery then cured  
me absolutely." It's infallible for  
croup, whooping cough, grip, pneu-  
monia and consumption. Try it. It's  
guaranteed by all druggists. Trial bot-  
tles free. Regular sizes 50c, \$1.00.

## Card of Thanks.

We hereby extend our most cordial  
and heartfelt thanks to those of our  
friends who rendered such valuable  
services and much appreciated sym-  
pathy to us in our great affliction, more  
especially to the people of Alberque-  
que, who have shown themselves so  
kind to us under the grievous dispensa-  
tion of Divine Providence which de-  
prived us of our loving husband and  
father, Hilario Sandoval. Signed

## HERPICIDE'S MISSION.

New Remedy That Destroys the Dan-  
druft Germs.

Nothing is more annoying to men or  
women of middle age when they notice  
that their hair is growing thinner,  
when they must admit that the first in-  
dications of baldheadedness have com-  
menced to appear. Many would give  
a thousand dollars and more for a rem-  
edy with which to preserve their nat-  
ural head dress. However, they don't  
need to. Newbro's Herpicide removes  
the effect of dandruff by destroying the  
cause, the only dandruff cure that ac-  
tually destroys the dandruff germ.

Sold by leading druggists. Send

## NEW INCORPORATIONS.

The following homestead entries were made: Anton Salazar, Pinos Wells postoffice, 160 acres in Valencia county; Juan Isneros, Mountainair postoffice, 160 acres in Valencia county.

## Notaries Appointed.

Governor Otero has appointed the following notary public: N. M. Freudenthal, Las Cruces postoffice, for Dona Ana county; William McGinnis, Old Albuquerque postoffice, for Bernalillo county.

## Closing Accounts World's Fair Commissioners.

At a meeting of the board of the New Mexico managers of the St. Louis exposition held at Santa Fe Thursday, the accounts of the commission were closed. The expenditures approved and paid were as follows:

Transportation of members to attend meetings of the board	\$132 45
Per diem of members while at tending meetings	60 00
Thomas Hughes, secretary of board, services of self and stenographer	354 00
Hughes & McCleight, stationery	26 00

Total .....\$572 45  
The amount of the funds received from the territorial treasurer was \$4,000 and the total expenses \$572.45. Major R. J. Palen, treasurer of the commission, was directed to turn over the amount of the remainder, namely \$3,427.55 to the treasurer of the territory, and close the accounts of the commission.

## Incorporations.

Articles of incorporation were filed at the office of the territorial secretary by the San Juan County Agricultural Fair association. The affairs of the association will for the first three months of its existence be in charge of a board of seven directors who are the incorporators. They are: William H. Williams, John T. Green, Edward G. Berry, Lafayette Current, Alfred M. Hubbard, George Rothjen and James M. Baker. The company is authorized to acquire real estate not to exceed 100 acres and construct thereon amphitheaters and other necessary buildings and a speed ring. The term of existence is fifty years. It is capitalized at \$10,000.

Articles of incorporation have been filed with the territorial secretary by the Dayton Townsite company. The incorporators are: James M. Day, John C. Day, Charles H. Flato and Frank Robb, who also comprise the board of directors, who are to have the affairs in charge for the first three months of the company's existence. The principal office is situated at Roswell, N. M., and the capital stock is \$20,000, which is divided into 200 shares of the value of \$100 each. The term of existence is fifty years. The company is authorized to lease and acquire lands, to colonize, improve and lease or dispose of the same. To lay off town sites and to develop water for irrigation purposes.

## Postoffice Re-Established.

The postoffice at Catskill, Colfax county, has been re-established and will be supplied from Sopris, Colo.

## Land Office Business.

The following final homestead entries were made: Andreas Santistevan, Wagon Mound postoffice, 160 acres in San Miguel county; Flora Trujillo, Las Vegas postoffice, 159 acres in San Miguel county.

## Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists, G. G. Green, Woodbury, N. J. J. H. O'Reilly & Co.

## ALGODONES NOTES.

## Special Correspondence.

Algodones, N. M., May 1.—Heavy frosts the past two nights have ruined the fruit crop here. There will be no fruit worth anything except very late apples; all others are killed. Garden truck was injured very little.

Alfalfa is looking well and much more advanced than at this time last season. Wheat is looking well also. The mesas and river bottom is well covered with grass and all stock are in good order.

The oil well men are feeling well as they are now commencing to bring up sand that is strongly impregnated with oil, and they are now expecting to strike a flow at any time.

WOMAN'S GENTLE NATURE  
CALLS FOR GENTLE TREATMENT

Delicately formed and gently reared, women will find, in all the seasons of their lives, as maidens, wives, or mothers, that the one simple, wholesome remedy which acts gently and pleasantly and naturally, and which may be used with truly beneficial effects, under any conditions, when the system needs a laxative, is—Syrup of Figs. It is well known to be a simple combination of the laxative and carminative principles of plants with pleasant, aromatic liquids, which are agreeable and refreshing to the taste and acceptable to the system when its gentle cleansing is desired.

Many of the ills from which women suffer are of a transient nature and do not come from any organic trouble and it is pleasant to know that they yield so promptly to the beneficial effects of Syrup of Figs, but when anything more than a laxative is needed it is best to consult the family physician and to avoid the old-time cathartics and loudly advertised nostrums of the present day. When one needs only to remove the strain, the torpor, the congestion, or similar ills, which attend upon a constipated condition of the system, use the true and gentle remedy—Syrup of Figs—and enjoy freedom from the depression, the aches and pains, colds and headaches, which are due to inactivity of the bowels.

Only those who buy the genuine Syrup of Figs can hope to get its beneficial effects and as a guarantee of the excellence of the remedy the full name of the company—California Fig Syrup Co.—is printed on the front of every package and without it any preparation offered as Syrup of Figs is fraudulent and should be declined. To those who know the quality of this excellent laxative, the offer of any substitute, when Syrup of Figs is called for, is always resented by a transfer of patronage to some first-class drug establishment, where they do not recommend, nor sell false brands, nor imitation remedies. The genuine article may be bought of all reliable druggists everywhere at 50 cents per bottle.

CALIFORNIA FIG SYRUP CO.

business as he seems to be a man who knows how to carry on a mercantile business and is gaining trade every day. Success to such men. They are the kind wanted in this community.

There are several of our people talking of going to the presidential reception, and we expect a good delegation from this place to be in Albuquerque May 5.

## A Little Early Riser.

now and then, at bedtime, will cure constipation, biliousness and liver trouble. DeWitt's Little Early Riser are famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by B. H. Briggs & Co., S. Vann & Son.

## HOLBROOK.

From the Argus.

Frank Foley is operating nights at the Santa Fe depot.

Sheriff Houck was at Winslow attending to the numerous duties of his office.

A large boiler was unloaded here which will go to Kreams Canyon to help educate the Indians.

Postmaster Divilbess had a new iron windmill put up on his place which will pump water for irrigation purposes.

The other evening a light engine going west ran into a train at Hardy, caused by the engineer running by a side track. No one was seriously injured. It seems that the engineer had been over worked and fell asleep.

If the government would buy sheep for the Indians with the money that is being spent for electric light plant, etc., at Kreams Canyon and White River, they would have better means of self-support.

Charles F. Moss came up from Winslow. He brought with him a piece of the meteor which is supposed to be buried in Coon mountain near Winslow. It weighs over eight pounds. A party of capitalists are digging down and trying to find the hidden body which is very rich in mineral.

The other evening Mr. and Mrs. Joseph F. Woods entertained a number of their friends. Among those present were Mr. and Mrs. William Morgan, Mr. and Mrs. F. M. Zuck, Mr. and Mrs. Ernest Hall, Mrs. Fine and Mr. Kelber. Music was indulged in and delicious refreshments were served and all pronounced Mr. and Mrs. Woods royal entertainers.

## The X-Rays.

Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that catarrh of the stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How can I cure my indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure catarrh of the stomach. Kodol digests what you eat—makes the stomach sweet. Sold by B. H. Briggs & Co., S. Vann & Son.

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

### Notice of Forfeiture.

Territory of Arizona, County of Cochise, ss.

To M. J. Sherlock, his heirs and assigns:

You are hereby notified that I have expended one hundred dollars (\$100.00) in labor and improvements upon the "Aunt Betsy" Mining Claim, situate in Peralta Canon, Cochiti District, Bernalillo Co., New Mexico, as will appear by certificate filed February 8, 1896, in the office of the recorder of said County, in order to hold said premises under the provisions of section 2324 Revised Statutes of the United States, being the amount required to hold the same for the year ending December 31, 1902.

And if within ninety days from the serving of this notice, you fail or refuse to contribute your proportion of the such expenditure, together with the cost of this publication, as a co-owner, your interest in the said claim will become the property of the subscriber under said section 2324.

### KINGMAN.

From the Minor.

Wednesday last the Arizona, Nevada & California Telephone company completed connection with Mineral Park. A telephone connection with the outside world has been necessary at Mineral Park for a long time and the people will now give it their support.

John J. Tobin, the poor outraged farmer, who tried to assassinate George N. Conard a year or more ago, and for whom a number of men gave bond for his appearance at the last term of court, has not even sent regrets for his nonappearance and now the bondsmen are making an effort to locate the man and have him incarcerated in a dungeon keep.

The Wallapai squaws are now making some money out of the sale of beadwork and baskets. With some practice the squaws can make an excellent quality of basket, but now the work is somewhat rough and unfinished. The Wallapais make the best moccasins to be had in the southwest but do not get the nice tan obtained by the Moqui or Navajo.

The other morning the engine house at the Gold Road mine was destroyed by fire. The origin of the fire was an explosion of gasoline. While the blaze was a hot one the shaft house escaped injury. We have not learned the amount of the loss, but it is said that the big hoisting engine and other machinery in the building escaped injury.

**A Farmer Straightened Out.**  
"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Rayder, of Pattens Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'" For sale by all druggists.

### WILLIAMS.

From the News.

L. L. Ferrall has been appointed a deputy by Sheriff Johnson.

Mrs. Harry Miller of Flagstaff has been the guest of Mrs. G. H. Barney the past week.

Supervisor Martin placed "Colonel" Shafer in charge of a force of men who are engaged in fixing up the road through the canyon south of town as far out as the Owens place. This is a good move, and is made none too soon, as the road has been getting in pretty bad condition recently.

The other day Al Justice, a barber, became engaged in a saloon brawl.

he has a hard enough time. Everything that the expectant mother can do to help her child she should do. One of the greatest blessings she can give him is health, but to do this, she must have health herself. She should use every means to improve her physical condition. She should, by all means, supply herself with

with James Wheeler, a bartender, and was hit on the head by the latter with a heavy bottle, cutting a gash from ear to crown, severing two arteries and requiring eighteen stitches to close up the wound. Physicians were summoned and after considerable difficulty the flow of blood was stopped. Wheeler was tried before Judge Ranney, bound over to the grand jury, and in default of \$500 bail was taken to jail at Flagstaff.

R. H. and N. J. Cameron and L. L. Ferrall were visitors in the city the first of the week. Since the decision of the court at Flagstaff regarding the title of the Bright Angel Toll Road and Trail, the same has been operated by Mr. N. J. Cameron, who represents himself and associate owners to the property. These gentlemen are endeavoring in every way to make the trip over the trail into the canyon as pleasant as possible, having established camps at various places in the depths of the great gorge, where the tourist can secure first-class hotel accommodations.

### Caution!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1865 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. J. H. O'Reilly & Co.

### WINSLOW.

From the Mail.

Mayor Bauerbach and wife, Supervisor Flickinger and wife and Engineer Charles Woods and wife have returned from a week's outing at Grand Canyon. They were overjoyed with their trip, and say that the Grand Canyon is the sublimest work of nature's master hand.

Mrs. Gertrude Sampson, mother of Judge Sampson, the well-known engineer, is shortly expected back from Dubuque, Iowa, where she was called on account of the serious illness of her mother. Mrs. Sampson's long journey was a sad one, for her mother crossed to the bourne whence no traveler returns. We deeply sympathize with Mrs. Sampson and family.

Mrs. G. H. Keyes was the hostess Wednesday evening at one of those pleasant evenings of the Young Married People's Whist club. Mrs. Keyes was a hostess par excellence. The repast she served was exquisite, and her guests went home with happy thoughts. Ladies' first prize at whist was won by Mrs. J. D. McCulley; gentleman's prize was by Mr. F. Stewart. Among those present were Mr. and Mrs. F. Stewart, Mr. and Mrs. H. Herr, Mr. and Mrs. J. D. McCulley, Mr. and Mrs. P. A. Ross, Messrs. Anabel and White.

### FLAGSTAFF.

From the Sun.

School will begin Monday in the Summit district. Miss Mary E. Funston will be the teacher.

W. H. Campbell, who has been ranging his bands of sheep on the desert north of Phoenix, has returned.

The forest rangers are now wearing their khaki uniforms. The uniform is made for actual service and not for dress parade.

Jacob Loeb, president of the Southwestern Brewing association, was here on Wednesday, for the purpose of establishing an agency for his concern. The receipts of the recorder's office were \$387.45 for the month of April, and that sum was turned over to the county treasurer by Recorder Hibben.

A number of are lights have been put up at the Arizona Lumber & Timber company's mill, and it makes Milton look like a city during the night hours.

George U. Young of Williams is now in Phoenix. He expects to go to Mexico to examine mining property. Since he quit the newspaper business he has devoted his time to mining and has become quite an expert in mining matters.

J. H. Fry, who last winter stole a horse from Rabbitt, Bros., and whom Sheriff Johnson has been looking for ever since, has been arrested in Globe, and Deputy Walker left for Globe to bring Fry to Flagstaff.

The ranchers are preparing to put in large crops this year. The ground is in excellent condition and the season is the most encouraging for several years. The acreage of potatoes will probably be less than that of last year, but a much larger yield is expected.

David Mitchell of the Flagstaff sandstone quarries came in from California. He expects to keep a force of men at work taking out the finest sandstone on earth during the summer. The shipments will go to Los Angeles to be used in building in that city.

## ANNUAL FIELD DAY.

Record Broken at Agricultural College Sports Exercises.

### TERRITORIAL ATHLETES.

Mesilla, Park, N. M., May 2.—With the green orchard as a background, the bright alfalfa and wheat fields on either hand, the beautiful Organ mountains but a few miles away, with the grand stand, the field and road taxed to their utmost, and, most of all, with one of Mesilla Valley's famous days so full of sunshine and attractiveness—with all these co-operating, the Eleventh annual field day of the New Mexico College of Agriculture and Mechanic Arts passed into history as one of the most successful ever held. There was no exceptional work done to make it so, but the interest of the contestants and the closeness with which they all finished added much more interest than had it been more one-sided. Only two of the former college was equaled or bettered. John Bouts, an agricultural student, raised the record of the standing broad jump one-half an inch and also the hammer throw by five feet and ten inches.

One of the most interesting features of the day was the appearance of new material on the field and the credible showing. Among these were "Farmer John" Hughes, Archie Brown, Ralph Deemer, Rafael Ramirez, Ray Aldrich, Lansing Bloom, Guy Given, Chester Payne and Homer Neal. "Farmer John," who was considered one of the most clumsy last year, has in his athletic work this year developed wonderfully. At the pole vault he lost by one inch, making eight feet and two inches. He took third in the 120-yard hurdles against eleven contestants. Homer Neal tied with first place on the standing high jump.

Last year's stars, Danburg, Metcalf and Poe, were missed. Danburg and Poe not being in school this year and Metcalf being so pressed with his senior studies that he was unable to get out. However, the one-armed wonder, "One Mit" Pelphrey, demonstrated what a one-armed man could do if he tried. Pelphrey won the all-around medal, a handsome medal which is given each year to the contestant scoring the greatest number of points. Pelphrey scored 50 points, Ramirez 39, Brown 24.

### Events.

One hundred yard dash—Will Pelphrey, first; Rafael Ramirez, second. Time, 11 1/5 seconds.  
Standing broad jump—J. W. Bouts, first; Archie Brown, second. Distance, 9 feet 4 1/2 inches.  
Running broad jump—Rafael Ramirez, first; Pelphrey, second. Distance, 17 feet 5 1/2 inches.

Pole vault—Pelphrey, first; John Hughes, second. Height, 8 feet 3 inches.

Two hundred and twenty yard dash—Pelphrey, first; Ralph Deemer, second. Time, 25 4/5 seconds.

Standing high—Pelphrey and Homer Neal tie for first at 4 feet 3 inches.

Running high jump—Pelphrey, first; Brown, second. Height, 5 feet.

Putting 12-pound shot—Pelphrey, first; Ray Aldrich, second. Distance, 35 feet 4 inches.

One hundred and twenty yard hurdle (3 feet)—Pelphrey, first; Ramirez, second; John Hughes, third. Time, 20 4/5 seconds.

Throwing 12-pound hammer—Bouts, first; Ramirez, second. Distance, 106 feet 7 inches.

Discus throw—Pelphrey, first; Ramirez, second. Distance, 81 feet 3 inches.

Four hundred and forty yard run—Ramirez, first; Newberry, second. Time, 60 4/5 seconds.

Field day closed with the annual Field Day Ball in Las Cruces, and was well attended and proved one of the most pleasant evenings of the school year.

The credit of the successful issue of the day is due to John George Miller

A prominent Southern lady, Mrs. Blanchard, of Nashville, Tenn., tells how she was cured of backache, dizziness, painful and irregular periods by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Gratitude compels me to acknowledge the great merit of your Vegetable Compound. I have suffered for four years with irregular and painful menstruation, also dizziness, pains in the back and lower limbs, and fitful sleep. I dreaded the time to come which would only mean suffering to me.

"Better health is all I wanted, and cure if possible. Lydia E. Pinkham's Vegetable Compound brought me health and happiness in a few short months. I feel like another person now. My aches and pains pleasant and easy.

"Six bottles brought me health, and was worth more than months under the doctor's care, which really did not benefit me at all. I am satisfied there is no medicine so good for sick women as your Vegetable Compound, and I advocate it to my lady friends in need of medical help."—Mrs. B. A. BLANCHARD, 422 Broad St., Nashville, Tenn.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or distention), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, "want-to-be-left-alone" feelings, "all-gone" and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

### A Severe Case of Womb Trouble Cured in Philadelphia.

"DEAR MRS. PINKHAM:—I have been cured of severe female troubles by the use of Lydia E. Pinkham's Vegetable Compound. I was nearly ready to give up, but seeing your advertisement I purchased one bottle of your medicine, and it did me so much good that I purchased another, and the result was so satisfactory that I bought six more bottles, and am now feeling like a new woman. I shall never be without it. I hope that my testimonial will convince women that your Vegetable Compound is the greatest medicine in the world for falling of the womb or any other female complaints."—Mrs. MAY CONY, 2660 Birch St., Philadelphia, Pa.

Remember, every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Her address is Lynn, Mass., her advice is free and cheerfully given to every ailing woman who asks for it.

of Santa Fe, who has been track team manager for the college this year.

There has been some correspondence between the college here and the university at Albuquerque relative to an intercollegiate track meet to be held in Albuquerque some time during the last week in May. It is hoped that the university there will be able to carry out their plans successfully. The town should back up their boys in such a worthy enterprise as this. It will be the first of the kind ever held in Albuquerque. The first intercollegiate meet was held here last June and proved a great success. It was thought for awhile that the boys would do the same this year, but it was decided to

let one of the other institutions take the matter up. If the meet comes off the boys here will send a team that will do or die to make themselves hard to catch.

It has also been suggested that some base ball be arranged for the same time. The college has a good team and has already tested its mettle with favorable results, and is looking for new fields to conquer.

Thursday night a little one act farce entitled "Betsy Baker" was given in McFie hall by some of the students. It was a decided success, and the proceeds were devoted to meeting obligations of the student body. Those who took part were Misses Lute Foster,

Bessie Newcomb, Messrs. Charles Post and Maugh Brown. The College Mandolin club gave a number of selections during the evening. This club, with Miss Sara Myers and John Priest on the mandolins, and Miss Edith Parker and Charlie Nattress on guitars, is the pride of the college.

### The Best Liniment.

"I have derived great benefit from the use of Chamberlain's Pain Balm for rheumatism and lumbago," says Mrs. Anna Hagelgans, of Tuckahoe, N. J. ### ABOUT THAT COAT

You wear a coat. Why? To keep the cold out? No; to keep the warmth in. What of the body that has no warmth—the thin, poor body that lacks the healthy flesh and fat it needs?

For such we say that Scott's Emulsion provides the right kind of a coat. Why? Because Scott's Emulsion builds firm, solid flesh and supplies just enough fat to fill nature's requirements—no more. That means bodily warmth.

We'll send you a sample free upon request.

### ANNUAL ENCAMPMENT.

The Grand Army Boys Now in Session in the Metropolis.

### OFFICERS' DELEGATES AND ALTERNATES.

The twelfth annual encampment of the Grand Army of the Republic of the department of New Mexico opened in the Knights of Pythias hall on Gold Avenue this morning at 10 o'clock. There was a good attendance of the old soldiers from all over the territory, and all seemed mighty glad to be together once again and talk over the stirring times from '61 to '65.

Not much business was done this morning and at 12 o'clock the encampment adjourned until tomorrow morning in honor of President Roosevelt's visit this afternoon.

The Citizen tomorrow will contain a full report of the encampment.

### GREETING TO PRESIDENT ROOSEVELT.

(By Belle C. Taylor.)  
We are glad today to welcome you,  
To the land of bright sunshine;  
To the land of push and progress,  
To the land of farm and wine;  
To the land of a valiant people,  
Who honor their loved nation's name;

To the land of the grizzliest warriors,  
Whence the pith of Rough Riders came.

To the land of the bravest pioneers,  
Who have trod o'er mountain and plain,  
Settling up this vast, rugged country,  
To help our Uncle Sam to gain  
More power among all the nations.  
More prestige the wide world over;  
For Uncle Sam is our greatest hero,  
And we love him as a lover.

For he guards and loves his dear ones,  
With a lavishment born with the race  
Of broad minded Americans.  
That is known in no other place;  
But he forgets one grief of our bosom,  
'Tis the cause of many alarms,  
For we are helpless to help our lover  
While he keeps us an infant in arms.

When he should know and feel 'tis a lady—  
A lady most stately and fair—  
With a train of immense possessions,  
With jewels piled high in her hair;  
A queen who is loved by her subjects,  
Wants to reign in halls of her own;  
Who is ready for motherhood duties,  
Who has all of the requisites known.

Of beauty and excellence and wealth,  
Of honor and virtue and worth;  
Who is respected by all of her sisters,  
And loved by the men of the earth.  
And she lovingly asks for permission,  
From her guardian mighty and great  
To announce to the public her debut  
And come into the realm as a state.

### Passenger Agents Here.

George T. Nicholson, traffic manager for the passenger department of the Santa Fe, with office at Chicago, arrived from the west this morning accompanied by the following passenger agents and their wives: J. Palmer, C. G. W. railway, with office at Chicago; J. Francis, Burlington, office at Omaha, Neb.; A. B. Cutts, M. & S. L. road; Minneapolis, Minn.; Geo. F. Lee, Choctaw road, St. Louis; H. P. Bronson, Rock Island, Chicago; Col. Spear, Colorado Midland, Denver, and J. L. Stack, an advertising agent of Chicago.

They arrived in a private car attached to passenger train No. 2, spent about forty minutes at the Harvey Curtis department and continued east. Mr. Nicholson was seen by a reporter from The Citizen and stated that it had been his intention to spend a day in Albuquerque, but as they were behind the time counted on it was impossible to do so.

Mr. Nicholson is one of the handsomest officials of the Santa Fe and retains his youthful appearance in so much that railroad employees some times take him for the big traffic manager's son.

A little incident occurred on the middle division of the Santa Fe some years ago, which is worthy of note.

It was shortly after Mr. Nicholson's appointment to the important of passenger traffic manager. He boarded a train in Kansas and tendered the conductor his official pass. The conductor, an old trusted employee of the

road could not believe that the young man could be the genuine traffic manager, so he telegraphed to headquarters at Topeka: "Son of Geo. T. Nicholson on train running on old man's pass. What shall I do with him?" The conductor was telegraphed that he had better let the boy ride.

### POLICE COURT.

Judge Crawford had George Jones before him this morning for being drunk. Mr. Jones came in yesterday for the president's reception and got roaring full last evening. He and Officer Cooper had a melee or two before he was put in the cooler. He paid the city \$10.

A native paid \$5 for being drunk last evening.

Albuquerque had another little fire last evening. This time some big boxes in the rear of Hild's store on Railroad Avenue were ablaze, and for a time it was thought that the buildings would catch. But several prominent citizens and the fire department's chemicals soon had it extinguished.

Piano Buyers.  
Piano Bargains! .. Piano Bargains!

Within the past four months we have sold and delivered two car loads of pianos. A number of customers who purchased new pianos from us exchanged old or slightly used pianos as part payment. It is these used pianos we are now offering at exceptionally low figures in order to clean out and reduce our stock and make room this month for another car load. If you have a child whom you desire to educate in music, an accomplishment for any young man or woman worth many times the cost in time and money required to learn, and you do not feel able at this time to pay three or five hundred dollars for a new piano why not call on us or write for further information regarding these pianos, which include good squares and uprights, all the way from \$25 up to \$165, a number of which we will guarantee in every way. If you intend to buy a piano some day and do not feel able to buy a new one, and some member of your household is now old enough to take up music do not lose the most valuable year when you can place an instrument with a good tone and action in your home at the low prices we are now quoting on pianos. At least, before deciding not to buy call and give us ten minutes of your time. That is all we will ask of you. Hall & Leonard, 208 South Second street.

usually means assuming large risks—too large to be a safe burden upon an individual estate.

Wise business men carry special insurance to relieve their personal estate of this risk. All such will be interested in "A Banker's Will," containing the instructions of a New York Bank President to his trustees regarding investment of his personal estate.

A \$1,000,000 policy is another insurance romance of special application to men of affairs, described in "The Largest Annual Premium."

### OSTEOPATHY NEVER POISONS

The Body is Better Without Drugs.  
Can You Give a Rational Definition of Osteopathy?

Osteopathy is a system of therapeutics, based upon a thorough knowledge of anatomy and physiology, enabling the practitioner to look upon the body as a perfect living, automatic machine. There are more defective spines on earth than paupers. Get your spines in good shape and your chances for health will be good.
