ALBUQUERQUE, NEW MEXICO, MONDAY AFTERNOON, MAY 4 1903

NUMBER 444

HIS VICTORY REMEMBERED

Roosevelt Sends Dewey Cheerful Telegrams.

THE FUNERAL OF BOSS SHEPHERD

Italian Rock Drillers and Diggers of New York Strike.

Washington, May 4.—That President Roosevelt is keeping fully alive with current events during the rush and excitement of his tour in the west is shown by the fact that he took occasion to recognize the anniversary of the great naval victory in Manila, May 1, 1898, by sending the following telegram to the hero of that occasion:

"Topeka, Kan., May 1, 1903: Admiral George Dewey, United States Navy, Washington: On this anniversary of your great services to the nation, I wish you all possible happiness and long life.

"THEODORE ROOSEVELT."

The delivery of this message was delayed because Admiral Dewey was at sea on the Mayflower inspecting the North Atlantic fleet, and did not receive the message until his arrival in this city.

National Guard Convention.

Columbus, O., May 4.—The fourth annual convention of the Interstate National Guard association was opened in this city today with an address by Secretary Root. The secretary of war, who was introduced to the convention by President Charles Dick of the association, spoke at considerable length, reviewing the growth of the national guard and outlining plans for raising the standard of efficiency for this branch of the nation's defensive service. Secretary Root spoke of the value of co-operation among the militia organizations of the different states, and predicted great improvements in the service as a result of the new national militia law.

Indiana Proud of Its Gunners.

New York, May 4.—The battleship Indiana is to celebrate the fact that it has the best gunners in the navy on board with a dinner and ball in the Lexington opera house tonight. The battleship is now at the New York navy yard, and its officers and crew have issued nearly 1,000 invitations to friends in the metropolis to attend tonight's function. The famous Seventy-First Regiment band will play, and Director Fenchull himself has composed for the occasion a grand march dedicated to the Indiana.

Victim of Kentucky Feud.

Jackson, Ky., May 4.—J. B. Marcum, a prominent attorney and a member of one side in the Cockrell-Hargis feud, was shot and instantly killed as he was entering the court house here today by an unknown man. The assassin escaped.

Barber Shops to Close.

The union barbers of the city have signed a petition agreeing to close their places of business tomorrow afternoon between the hours of 12 and 5 o'clock. The barbers want to see the chief executive of this great nation.

NEW INCORPORATIONS.

Several Big Enterprises File Papers With Secretary.

NOW READY FOR BUSINESS.

Articles of incorporation have been filed by the New Mexico Stone Manufacturing company. The company is authorized to manufacture hollow, concrete and building blocks, to deal in all kinds of building material and supplies; to contract for the construction of buildings and walls. It is capitalized at \$25,000, which is divided into 250 shares of the value of \$100 each and the term of existence is fifty years. The affairs of the company for the first three months will be in charge of the following board of five directors who are the incorporators: William E. Chambers, Robert H. Stephens, Bert Roby, William E. Garrett and Daniel E. Griggs. The principal office and place of business will be at Portales in Roosevelt county.

The Godair Cattle company has filed articles of incorporation with the ter-

ritorial secretary. The company is authorized to breed, buy, sell and deal in live stock and to purchase or lease land suitable for that purpose. It is capitalized at \$150,000 which is divided into 1,500 shares at the value of \$100 each. The term of existence is fifty years and the principal place of business of the company is at Roswell, Chaves county. The incorporators compose the first board of directors and are to have the affairs of the company in charge for the first three months. They are as follows: William H. Godair, Arthur Godair, Bill Orp Oden, Edward A. Cahoon, Carl M. Bird.

The Indiana Mining and Development company filed articles of incorporation at the office of the territorial secretary. The incorporators are: Rebecca E. Vilknov, Vincent Brunner, William V. Bostwick, James F. Grimes, Hiram H. Andrews, John H. Beeson, John A. Herzog, Manuel M. Fisher, Martin Weggeman. The first board of directors is composed of the incorporators, nine in number and they are to serve for the first three months. The company is authorized to buy and develop mining property, buy or lease timber and water rights, mine and smelter ore, construct and maintain a private railway. The capital stock is \$500,000 which is to be divided into that number of shares valued at \$1 each. The term of existence is twenty-five years and the principal office is at Meshawaka, Ind., though an office may later be established at Chlovide, N. M.

Battle in Turkey.

Salonica, European Turkey, May 4.—An engagement between Turkish troops and a band of revolutionists is reported to have taken place in the Monastir district of European Turkey. Both sides suffered considerable loss. Ten Turkish officers are said to have been killed. Ambulances are being hurried to Monastir.

GRAND ARMY VETERANS.

The Annual Encampment Will Con- vene Here Tomorrow.

OLD SOLDIERS ARRIVING.

The annual encampment of the members of the Grand Army of the Republic of the department of New Mexico will convene in the Knights of Pythias hall on Gold avenue tomorrow morning at 10 o'clock.

The encampment will continue over two days with the exception of the afternoon of the first day, when the veterans will take part in the reception to the president.

Sailors of the war of 1861 and 1865 are also requested to join in the proceedings of the afternoon.

The old soldiers will not follow the president in the parade but on leaving the Alvarado after the president has concluded his speech will proceed to the park, where the president will make a second address.

The Grand Army men will convene at 9 o'clock Wednesday morning and continue with their encampment.

ITALIANS STRIKE.

Rock Drillers and Diggers of New York City Quit Work.

New York, May 4.—The strike of Italian rock drillers and diggers took a more serious turn in the Bronx today. Fifty policemen were sent to keep order along the excavation for water mains, where men are working in the strikers' places. Agent Landau of the Italian labor union said there were 15,000 men on strike in the city. Encouraged by the action of the Central Federation union in endorsing their demands, the laborers employed on the subway remained on strike today and the tie up of work was complete.

Situation Serious.
New York, May 4.—Police reserves

were called out today in many different parts of New York to quell disorders growing out of the various strikes. Strikers gathered in Upper Broadway in such numbers that a policeman was stationed at every block between Sixty-Fourth and One Hundred and Tenth street.

A crowd of men gathered around the two foremen at Forty-Second street and Broadway who were putting men at work in the subway, and the men were nearly rushed off their feet. Men applying for places were threatened and the reserves of the West Forty-Second street station were ordered out. On seeing the police coming the crowd dispersed. From Broadway to Fourth avenue in Forty-Second street there was a long line of police guarding the subway. A rumor that could not be traced to a reliable source reached the ears of the police to the effect that negroes were to be substituted for the strikers. Five hundred striking laborers from the Brooklyn subway attacked men who were working at Rockaway avenue near Liberty avenue and dragged them from work. Reserves from two precincts were necessary to restore order. Ten arrests were made. Fourteen hundred employees of the Chelsea Jute mills in Green Point went on strike and handled roughly some non-union men who tried to go to work. The reserves were put on guard over the factory. Fifty strikers threatened three men working on the excavation for the Broadway Arcade building at Sixty-Fifth street and Broadway, forcing them to quit work. Police dispersed the men.

THE DAY BEFORE.

The Weather Has Settled and a Fine Day Assured.

DECORATIONS BEING PUSHED.

Settled, clear weather is now assured until after tomorrow (Tuesday), when President Roosevelt and party will be the guests of the city from 2:30 to 5:30 p. m.

Acting upon this theory, the work of placing the decorations on buildings and all along the route of President Roosevelt's trip through the city, which began half-hearted a few days ago on account of the threatened attitude of the weather, is being pushed with vigor today, and will be continued tonight and tomorrow morning.

Thousands and thousands of yards of bunting were ordered and thousands of dozens of American flags, pictures of the president and other decorative accessories will appear on the stores and residence part where the line of march will bring the chief citizen of the country.

The store or house from which bunting is not displayed will be very noticeably lacking, in contrast with its neighbors.

No change will be made in the line of march as announced exclusively for several days in The Citizen, and all whose homes are on that line of march may proceed with the work of decorating with perfect assurance that their work will not be in vain.

The work of cleaning the city, which commenced a few days ago, is

Continued on page four.

Street Car Horse Injured.

The carelessness of a street car driver yesterday afternoon resulted in the ruining of a good horse, and the painful, unnecessary injury of the poor, dumb animal.

It was while the crowds were returning from the afternoon attractions in old town and the cars were packed with passengers. The accident occurred just west of Robinson park and probably the driver's attention was attracted by the crowds in the park or else it would not have happened. Two cars were running close together. The preceding car stopped to allow a passenger to alight. The driver failed to apply the brake and the cars crashed together.

The horse tried to escape at the side of the track, but the traces were too short and one leg was caught and broken. The unfortunate animal was led to the side of the track and the cars coupled up and proceeded to the city. The leg was broken at the joint and it must have been painful for the horse to be led to the barn at old town.

Card of Thanks.

We, the undersigned, desire to extend our thanks to many friends for their sympathy and aid in our hour of affliction—the death of our beloved husband and father, Hilario Sandoval. JOSEFA R. SANDOVAL, E. M. SANDOVAL.

The Rio Grande woolen mill will close all day tomorrow.

KING EDWARD

He Left Paris Amid Plaudits of the People.

MEDICAL ASSOCIATION MEETING

Three More Deaths From Grand Trunk Railway Accident.

CHAMPION GUNNERS ON WAR SHIP

Paris, May 4.—King Edward left the Envaldes railroad on his way to Cherbourg at noon today amid the booming of one hundred cannon and the acclamations of an enormous crowd. The final adieus were extremely cordial, the king and President Loubet holding an intimate farewell conversation.

Physicians Gather in New Orleans.

New Orleans, La., May 4.—This city is thronged today with prominent physicians from all parts of the United States and Canada, come to attend the annual session of the American Medical association. Tomorrow there will be a meeting of the American Academy of Medicine and on Wednesday the association proper will begin its business sessions.

Dropped Dead.

Philadelphia, May 4.—C. William Bergner, aged 49, president of the Bergner & Engle Brewing company, died suddenly today of heart failure. Mr. Bergner was Belgian consul in this city and for a number of years president of the United States Brewers' association.

RAILWAY ACCIDENT.

Three More Deaths From Grand Trunk Railway Collision.

Detroit, May 4.—All but three of the excursionists injured last night when

LINE OF MARCH.

President Roosevelt Will See a Big Section of the City.

EVERYBODY SHOULD DECORATE.

All residents and business men along the Roosevelt line of march on May 5 are requested to decorate. The line is as follows:

Start at Alvarado hotel, corner of First street and Gold avenue; west on Gold avenue to Second street; north on Second street to Fruit avenue; west on Fruit avenue to Fourth street; north of Fourth street to New York avenue; west on New York avenue to Sixth street; south on Sixth street to Copper avenue; west on Copper avenue to Twelfth street; north on Twelfth street to Tijeras avenue; east on Tijeras avenue to Eighth street; south on Eighth street to Railroad avenue; east on Railroad avenue to Second street; south on Second street to Silver avenue; west on Silver avenue to Third street; south on Third street to Atlantic avenue; east on Atlantic avenue to Second street; north on Second street to the viaduct; cross the viaduct to Broadway; north on Broadway to Gold avenue; east on Gold avenue to Walter street; north on Walter street to Carroll avenue; west on Carroll avenue to Edith street; south on Edith street to Railroad avenue; west on Railroad avenue to Arno street; south on Arno street to Coal avenue; recross the viaduct to Second street; north on Second street to Gold avenue; west on Gold avenue to Commercial club; north on Fourth street to Railroad avenue; east on Railroad avenue to the depot and disband.

The arrangements have been made for the president, en route on the parade, to stop five minutes each at the residence of Hon. B. S. Rodey, delegate to congress; at the Commercial club, where he will be presented with the Navajo saddle blanket, and at the Central school building in South Third street. At the school he will be asked to make a short speech. The presidential train will arrive at 2:50 p. m. Tuesday and remain here until 5:20 p. m.

the Grand Trunk Pan-American flyer from Chicago plowed through a crowd of Polish people, instantly killing seven and injuring thirty, are reported today as doing well at the various hospitals. There are still at the morgue unidentified the bodies of a young woman, a man and a boy about fourteen years of age.

Head-End Collision.

Saginaw, Mich., May 4.—In a head-end collision between passenger trains Nos. 22 and 23, on the Port Huron branch of the Pere Marquette railroad at Mayville today Fireman Osmund of this city was killed and Engineer Robert Campbell and Terrance Kelley, the express messenger, O. S. Smith, Gus Siga and Mail Agent Prell were badly hurt. The engines and express and baggage cars were piled in a heap. The cause of the wreck is not known.

Manchurian Situation.

Washington, May 4.—The Chinese minister called upon Secretary Hay today and discussed the Manchuria situation. There is good reason to believe that negotiations have taken a more favorable turn, and that the Russian coupe which was expected has been either abandoned or indefinitely postponed. It is understood that this involves no retreat on the part of the Russian government from any position officially taken.

Robert Carley, M. Arando and Robert Friday from the Golden mining district in Santa Fe county, arrived here last night and will remain until after the Roosevelt reception.

THE FLAG RAISING.

A Large Crowd Witnessed Ceremonies at City Park.

DELEGATE RODEY THE ORATOR.

Old and young, fat and lean, rich and poor, all were there on Sunday afternoon at Robinson City park dressed up in their best to witness the ceremonies in honor of raising Old Glory. Amid great cheering Old Glory was raised on the big pole and was saluted by all. Troop G of the Fourteenth cavalry from Fort Wingate also saluted with due respect.

Governor Stover thanked the Mutual Automatic Telephone company for presenting to the city the big pole. He then introduced Delegate Rodey, who made the address of the day. He said in part that everyone should do his utmost of making such a magnificent, patriotic and enthusiastic demonstration in honor of President Roosevelt that the chief executive would receive an impression that would have its effect upon him. New Mexico people are as loyal, intelligent and patriotic Americans as there are in the nation, and the president should be made to feel it when he is in Albuquerque. He waxed warm when he spoke of the matter of bringing the statehood matter before the president, and said he had no use for cowards, who would keep the subject out of all the decorations in honor of his visit; that the executive was one of the coordinate branches of our government, and we had as good a right to show him our desire for statehood as we had to ask it from congress.

The flag raised was twelve by twenty-two feet, and makes a beautiful sight to behold. There should be more flags about the city. The Italian band after the exercises gave a very pleasing concert for a couple of hours.

SHEPHERD'S FUNERAL.

Two Nations Unite in Doing Honor to His Memory.

Washington, D. C., May 4.—The remains of the Hon. Alexander E. Shepherd, one time governor of the District of Columbia, arrived in Washington. The body was brought from Batopilas, Mexico, where Gov. Shepherd died some time ago. A large military and civic escort accompanied the remains from the railroad station to the New York Avenue Presbyterian church, where the body lay in state until 4 o'clock, when the funeral services occurred. The casket had a special guard of honor of twelve members of the Old National Rifles of 1861.

All flags on the district buildings were placed at half mast and all district offices and schools were closed for the day. Governor Luis Terrazas of Chihuahua was represented at today's services by Colonel John Wier, Governor Terrazas, who was a warm friend of Governor Shepherd, sent a handsome wreath.

Herbert Rice, the young man who died on No. 2 train from California on Saturday at Bluewater, N. M.; lived at Osseo, Wis. O. W. Strong & Sons will ship the body to that place this evening by express.

THE PRESIDENT IN DENVER

Colorado Gives Roosevelt a Rousing Ovation.

DENVER BEAUTIFULLY DECORATED

President at Santa Fe and Albuquerque Tomorrow.

Denver, May 4.—This is president's day in Colorado and at every stopping place on President Roosevelt's itinerary has been observed as the Fourth of July. The nation's chief executive was the guest of the city of Denver for two hours and a half and the people, regardless of political affiliation, greeted him with warmth and heartiness of welcome not exceeded on his transcontinental tour. The city's ordinary population of 175,000, with thousands of visitors from other points of the state, was massed along the streets and avenues of the line of march, at the state capitol grounds and in city park, and every man, woman and child in the city had a good opportunity of getting a good look at the distinguished guest during the drive over the route of about six miles, which was the principal feature of the program.

The mayor had proclaimed a holiday and the schools were closed and business was suspended during the president's stay in the city.

Beautiful decorations were displayed on the capitol and many business buildings and residences along the line of march. The president made but one speech in this city and that was delivered in the open air on the capitol grounds where no less than 25,000 people assembled. The sun shone brightly during the president's visit and no accident or incident occurred to mar the pleasure of the occasion.

The presidential train crossed the state line from Kansas early this morning and at Hugo, Governor Reabody, who had just returned from St. Louis, met the president and welcomed him to Colorado. The governor remained with president during the entire day and will accompany him as far as the southern state line tonight.

The military escort was in waiting at the Union depot to escort the president at 10:10 o'clock this morning. Mayor Wright and members of the reception committee greeted the party as they alighted from the train. The mayor presented the president a neat Morocco bound engrossed program of his tour through the city and magnificent gold badge bearing the state crest and appropriate inscription. Similar badges in silver were presented to other members of the party. A troop of city cavalry saluted and the band played "Hail Columbia" as the procession of carriages started up the street.

General Hale was grand marshal of the parade. At the capitol a number of military organizations were drawn up to receive the president and party. The president spent a few moments in the executive chamber and then passed to the stand erected on the west front of the capitol. The president was introduced by Governor Peabody and spoke for fifteen minutes. The president's party then withdrew from the speaker's stand and re-entering the carriages were driven to the city park.

During the drive the president was kept busy acknowledging the kindly greetings of the people given him. A beautiful bouquet was handed the president at the park by Miss Kathleen Carroll, daughter of John F. Carroll, a well known newspaper editor. On the return drive from the park to the depot the scenes of enthusiasm were repeated.

The president left for Colorado Springs over the Rio Grande at 1 p. m. as scheduled.

Cowboy Breakfast.

Hugo, Colo., May 4.—President Roosevelt was treated to a cowboy breakfast here this morning. A mess tent had been erected at the side of the track and when the president's train arrived breakfast was all ready. It was partaken of standing and then the president shook hands with his guests. The train pulled out amidst a chorus of cowboy yells.

TOUCH OF HIGH LIFE.

He Was on His Was to Kansas But Beer Got Him in Trouble.

DUG UP HIS FINE.

Private Charles Lewis, a member of the Fourteenth regiment, Kansas volunteers, took a glass of beer here on Saturday evening, engaged in a melee and paid \$10 for the fun, and managed to get away on his train for home minus a valise.

Lewis was returning for a furlough from his station in the Philippines to visit his sick mother at Newton, Kansas.

While the train was stopping over Lewis went out on First street to see the town. He stepped into a saloon to take a glass of beer. While in there he argued with a stranger and called him a liar. A red hot melee and Lewis was taken to police headquarters. Here the officers were inclined to hold Lewis until Monday for trial, but he pleaded that his mother was dying and he wanted to continue on his train. He was fined \$10 but claimed that he was broke. The officers were not to be deceived and got his valise from his seat in the train. After it had been carried to the police headquarters he dug up \$10, but it was too late then to get the valise, so he left without it. It will be forwarded to him as soon as possible.

A fine concert will be given in Colombo hall on the evening of May 14. It will be in charge of Edward F. Thomas, the baritone, who is an artist in singing. He has secured the services of the following well-known people: Mrs. Mabel S. Himoe, Edward Grunfeld, pianists; John Douglas Walker, tenor; J. A. Blondin, cello; Professor Di Mauro, violin, with a full orchestra. This concert promises to be the musical event of the season.

reception committee greeted the party as they alighted from the train. The mayor presented the president a neat Morocco bound engrossed program of his tour through the city and magnificent gold badge bearing the state crest and appropriate inscription. Similar badges in silver were presented to other members of the party. A troop of city cavalry saluted and the band played "Hail Columbia" as the procession of carriages started up the street.

General Hale was grand marshal of the parade. At the capitol a number of military organizations were drawn up to receive the president and party. The president spent a few moments in the executive chamber and then passed to the stand erected on the west front of the capitol. The president was introduced by Governor Peabody and spoke for fifteen minutes. The president's party then withdrew from the speaker's stand and re-entering the carriages were driven to the city park.

During the drive the president was kept busy acknowledging the kindly greetings of the people given him. A beautiful bouquet was handed the president at the park by Miss Kathleen Carroll, daughter of John F. Carroll, a well known newspaper editor. On the return drive from the park to the depot the scenes of enthusiasm were repeated.

The president left for Colorado Springs over the Rio Grande at 1 p. m. as scheduled.

Cowboy Breakfast.

Hugo, Colo., May 4.—President Roosevelt was treated to a cowboy breakfast here this morning. A mess tent had been erected at the side of the track and when the president's train arrived breakfast was all ready. It was partaken of standing and then the president shook hands with his guests. The train pulled out amidst a chorus of cowboy yells.

Denver, May 4.—The president in a speech today explained briefly the benefits of irrigation law and then spoke on good citizenship.

Reception and Parade.

Respectfully inform the public that at the termination of the president's address, immediately the assembly will be sounded, then attention. At the forward, the procession will move promptly. The line of march as published in our daily papers will be fully carried out, except a short stop at the immaculate Conception school and at pleasure of his excellency, President Roosevelt. By order of

JOHN BORRADALE,
Marshal.

Here's hoping for good weather tomorrow.

CHILDREN CONFIRMED.

Bishop Pitival Was Kept Busy Yes- terday in Old Town.

SEVERAL HUNDRED CONFIRMED.

Down in old town yesterday afternoon in the historic old church of San Felipe, which has stood for several centuries, about six hundred children were confirmed by Bishop Pitival, of Santa Fe, who was associated in the ceremonies by the priests of this city and vicinity.

The old plaza and the church was crowded with people from all over the county, who had come in to witness the rites and to have their children receive the baptism of the Catholic church.

Never before did the old church witness such a gathering of youngsters, in such a number and of all colors and ages.

The interior of the church reminded one of a baby show and the music was there, too. It was a great day for old San Felipe.

Spring Winds Are Disagreeable

They cause your face and hands to chap. Our Almond Benzoin and White Hazel Cream is a WONDER. Ladies become enthusiastic over it. If you haven't tried it, do so.

President Roosevelt is perfectly safe anywhere in the great west.

Let nothing occur to mar the festivities of the presidential visit.

Hazlitt: He will never have true friends who is afraid of making enemies.

Wallace: A man is never so on trial as in the moments of excessive good fortune.

This city will give President Roosevelt a rousing reception tomorrow afternoon.

The future prosperity of the great republic will depend upon the patriotism of the people.

President Roosevelt's tour will cause a streak of hunting to stretch from ocean to ocean.

Tomorrow New Mexico should impress upon the president that the territory demands statehood.

Two years ago, on May 6, the people of New Mexico gave President McKinley a reception at Deming.

President Roosevelt will have every vote of the great west in the national republican convention in 1904.

Las Vegas now has a morning daily newspaper, the Advertiser. It is neatly printed and deserves success.

The government has appropriated \$7,000,000 for the construction of irrigation works in certain points in the west.

Today the Las Vegas Optic is enlarged and greatly improved, and it is a credit to that growing and progressive city.

Indications are that the United States treasury will have a surplus of \$50,000,000 at the end of the present fiscal year.

The annual expenses of Texas are over seven million dollars, which is not a large sum for the biggest state in the union.

The city of Santa Fe will tomorrow morning give President Roosevelt a welcome that will be a credit to the ancient city.

Total deposits of Denver banks are over forty-nine millions with a cash reserve of over nineteen millions. Pretty good shape.

"Death months" are March and April for adults and July and August for children under five years of age, according to the statistician of the twelfth census.

The versatility of this great Yankee nation finds many illustrations. The last is in turning an honest penny by making idols for the heathen who are

slow to surrender to the efforts of our missionaries.

Army officials are looking for William Mason, a private, who has enlisted and deserted seven times, always under a different name. He is believed to be the champion deserter in the army.

It is estimated that the vast redwood forests of California will last for 250 years, notwithstanding the fact that 320,000,000 feet of lumber are cut from them annually.

Some people are howling to have the tariff revised, and thus greatly increase the import trade. It is worthy of notice that since the present high tariffs have been in operation imports have increased from \$704,215,585 to \$1,001,596,683.

San Francisco will put municipal ownership theories into practical operation. The supervisors of that city have passed an ordinance having for its object the acquiring by the city of one of the electric car lines as soon as the company's franchise expires. If municipal operation of this line proves successful then the city will acquire ownership of all the other lines as their franchises expire.

RURAL MAIL DELIVERY.

The growth of the rural free delivery system is extremely rapid. Ten years ago there was no such thing, and now there are 14,962 routes that cost the government twelve million dollars a year. It was not until February 1, 1897, the forty-three routes were actually established. The first route led from Charleston, West Virginia, which at that time was Postmaster General Wilson's home. Not until April 1, 1899, was the first postal wagon placed in operation and shortly afterwards the country service became a feature of the system.

Today one-third of the rural population of the United States is served through rural free delivery. The established routes now number 14,062, and during the fiscal year beginning July 1 next about 10,000 routes will be added. It is proposed to put in use 45,000 routes by the first of January, 1906, when two-thirds of the rural population will be served. It is hoped that through the free use of the mails by people along the free rural delivery routes the annual deficit of the postoffice will disappear. Year by year the farmers along a free delivery route write more letters, receive more papers and cash more money orders. The rate of increase is steady and in the course of ten years it will lead to fine results in the service.

PRESIDENT ON BROTHERLY LOVE

President Roosevelt in his speech in Kansas City preached the gospel of brotherly love as applied to capital and labor. He pointed out that one is dependent on the other, that relations between them should be peaceful and harmonious and not discordant and warring. In view of the present unrest in labor circles his remarks are particularly timely. This extract is from his speech.

"In our complex relation of employer and employee, of one class with another class, of one section with another section, we can work out a really successful result only if those interested will get together and make an honest effort each while working for his own interests to avoid working to the detriment of his neighbor. Wrong is wrong just as much if it is done by the little man to the big man as by the big man to the little man—to the capitalists by the wage worker or the worker by the capitalist. In the long run wage workers and capitalists will go down in common ruin if each does not honestly try to get on with justice to the other and work out a scheme of action which shall be to their common advantage."

Never was there truer utterance. Capital cannot be employed successfully without the aid of labor, and labor is dependent upon capital. One cannot exist without the other. Only through mutual fairness and justice can harmonious relations be sustained. The employee owes no less a duty to his employer than does the employer to the employee.

KNOWS THE WEST.

In 1889, when many of Theodore Roosevelt's friends believed he had ended his political career by accepting the appointment of the civil service commissioner, he published the first two volumes of his most important historical work, "The Winning of the West."

The concluding words of the preface, written at least fourteen years ago, have a special interest at this time, because of the vividness with which they show the bond of sympathy between the president and the west. Here is the passage:

"In conclusion, I would say that it has been to me emphatically a labor of love to write of the great deeds of

the border people. I am not blind to their manifold shortcomings, nor yet am I ignorant of their many strong and good qualities. For a number of years I spent most of my life on the frontier, and lived and worked like any other frontiersman. The wild country in which we dwelt and across which we wandered was in the far west, and there were of course many features in which the life of a cattleman on the great plains and among the Rockies differed from that led by a backwoodsman of the Allegheny forest a century before. Yet the points of resemblance were far more numerous and striking. We guarded our herds and branded cattle and shaggy horses, hunted bear, bison, elk and deer, established civil government and put down evil-doers, white and red, on the banks of the Little Missouri and among the wooded precipitous foothills of the Bighorn, exactly as did the pioneers who a hundred years before built their log cabins beside the Kentucky or in the valleys of the Great Smokies. The men who have shared in the fast vanishing frontier life of the present feel a peculiar sympathy with the already long-vanished frontier life of the past."

JEMEZ & SULPHUR HOT SPRINGS STAGE LINE.

Carries the U. S. mail; only line with a change of stock en route; good rigs, horses and drivers; leaves Albuquerque every day in the week, except Sunday, at 5 a. m. For particulars address W. L. Trimble & Co., agents, Albuquerque, or J. L. BLOCK, proprietor, Jemez, N. M.

RIO GRANDE RISING.

It is the Highest in Two Years and is Still Going Up.
The Rio Grande is rising at El Paso. Thursday the stream was full from bank to bank and the rise continued yesterday.

The water was higher there than it has been before for two years and reports from the headwaters and along the valley of the river indicate that it will continue to rise for some time at least as the snow in the mountains is beginning to melt. It was estimated that the volume of water passing down the channel of the stream yesterday exceeded 8,000 cubic feet per second. Enough water will go to waste in New Mexico this spring to irrigate 2,000,000 acres of land for the entire season were the flood waters saved and stored in reservoirs at Embudo canyon, White Rock canyon and at Elephant Butte.

Foley's Honey and Tar contains no opiates and can safely be given to children. Alvarado Pharmacy.

A Newspaper Strike.

The printers employed on the Roswell Register and the Morning Record have gone on a strike and locked up both offices. Roswell has overdone in two particulars during the last few months. One particular was newspapers, the other unions. Three daily papers attempted to live where none had existed before. The Daily Register soon collapsed and now the Record will give up the struggle. There is a field for one daily paper, and one only will receive the support of the citizens.

Nothing in this great country is of greater importance than trade unionism. Organized labor has proven a boon to hundreds of thousands of working men. It is the key to the infinite possibilities. It should prove the salvation of the nation. But unwise counsels appear to prevail at Roswell. The leaders went too far, and the sacred cause of labor has been dealt a blow in Roswell from which it will take years to recover. The business men of the city organized in a solid body to carry the city election against the union leaders. They were supported by the more conservative union men and won by a big majority. The printers' union was the most radical body, and when the ticket was overwhelmingly defeated at the polls

Fortune Telling

does not take into consideration the one essential to woman's happiness—womanly health. There is many a woman whose future seems absolutely unclouded who is marked by her own condition for future disappointment and distress.

The woman who neglects her health is neglecting the very foundation of all good fortune. For without health love loses its lustre and gold is but dross.

Womanly health may be retained or regained by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. It makes weak women strong, sick women well.

Sick women are invited to consult Dr. Pierce by letter free. All correspondence held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I have taken six bottles of Dr. Pierce's Favorite Prescription," writes Miss M. E. of Orla, Simcoe Co., Ontario, "and two bottles of the Pleasant Pellets" as you advised for congestion of uterus, ovaries, and weakness, and can safely say that your medicine has been the means of restoring me to good health again, which I had not had for over three years, until taking your medicine. I thank you very much for your kind and prompt attention to my letter asking advice."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

Stomach Troubles cured by KODOL

Under all curable conditions
Mr. D. Kaule of Nevada, O., was cured by Kodol of stomach trouble which had effected his heart.
Mrs. W. W. Laylor of Hilliard, Pa., was cured of Chronic Dyspepsia by the use of Kodol.

B. H. Briggs & Co. and S. Vann & Son

they walked out of both the Record and Register offices. It is said that there is no possibility of a compromise.—Las Vegas Optic.

Too Great a Risk.

In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by all druggists.

To Survey "Scenic Route."

Under authority from the board of county commissioners of this county, County Commissioner Arthur Seligman has employed Colonel C. G. Coleman to make a survey of the "Scenic Route" road between this city and Las Vegas, the work to commence at once. Colonel Coleman started this morning with an assistant and the necessary camp and survey outfits on the work of the survey. He will continue as far as the Santa Fe county line and thereafter prepare field notes and plats of the survey which will be done by the 13th instant and will then be submitted to H. O. Bursum, superintendent of the territorial penitentiary for examination and approval. The county will bear the expense.—New Mexican.

A. A. Herren, of Finch, Ark., writes, "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." Alvarado Pharmacy.

Railroad Topics

Louie Phillips, a helper at the Win- slow shops, was painfully injured by getting his hand caught in the grindstone. The middle finger of his right hand was severely mashed.

Tom Ramsdell, general car foreman for the Santa Fe, with offices at Topeka, is in the city looking after this division of his department. Mr. Ramsdell is an ex-Albuquerque citizen and his visits here are pleasant ones.

The home of Mr. and Mrs. Watson Downs was brightened one morning early last week by the arrival of a baby boy. Watson has kept the news pretty quiet, but his beaming countenance finally gave the secret away.

William Whalen of Prescott, aged about fifty-five years, a bridge carpenter in the employ of the Santa Fe, Prescott & Phoenix railroad, committed suicide by shooting himself in the right temple with a 38-caliber Smith & Wesson revolver.

Santa Fe traffic men insist that their railway is making quicker time on freight shipments between Los Angeles and Chicago than any other time during the last two years. They assert that a generous supply of new equipment is enabling the line to repeat the fast freight runs that characterized the road three years ago.

A locomotive trust has been formed in Great Britain through the combination of three of the large locomotive building firms in Glasgow, Scotland, under name of the North British Locomotive company. It has a capital stock of \$10,000,000. The three plants have a capacity of 600 locomotives a year, and employ over 7,000 men.

Cattle in a stock car near the railroad station Sunday afternoon had a warm time, and an exciting time for them to doubt. The car caught fire from sparks from a passing engine, and a still alarm was rung in. The fire department was quickly on hand and the fire was out in short order. The cattle were taken out, and the car will go to the shops.

Wanted.
We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual costiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists, G. G. Green, Woodbury, N. J. J. H. O'Reilly & Co.

Engineer Averts Serious Accident.
What might have been a very serious accident on the Santa Fe railway early last Monday morning was averted by the coolness and bravery of Engineer A. V. Sober, who will be seen by the following account:

Early Monday morning as freight train first 33, drawn by engine No. 856 with Engineer Sober at the throttle, was going down the heavy grade between Azul and Las Vegas, the quadrants of the engine were filled with escaping steam and hot water. The engineer called to his fireman, W. A. Howlett, to jump, while he groped his way through the steam and hot water at great risk of being severely scalded, and put the air brake in the "emergency" and then jumped off the engine. Brakeman G. E. McMahon was also in great danger of being severely scalded but saved himself by getting on top of the cab. The engine was going at a high rate of speed, and Fireman Howlett sustained severe bruises. He was taken to the hospital at Las Vegas, and at last reports was resting easy. Engineer Sober escaped with a few slight bruises.—Raton Reporter.

Made Young Again.
"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again," writes D. H. Turner of Duncansville, Pa. They're the best in the world for liver, stomach and bowels. Purely vegetable. Never gripe. Only 25c at all druggists.

A GOOD SLEEPER.
Experience Which a Santa Fe Division Superintendent Once Had.

The San Bernardino Sun tells the following story on a man who now occupies the position of division superintendent on the Santa Fe:

Quite a number of years ago when the gentleman in question was a freight conductor, he and his train went onto a side track east of Needles one night to meet a train which had right of way over him. Having been on the road quite a while and the crew being about "pepped out," the boys laid down in the bunks to rest, leaving the conductor on watch. The latter, who was not over fresh, determined on a scheme whereby he would take a quiet little nap on his own behalf. Accordingly he went out and placed some torpedoes on the rail as a means of warning, knowing that they would be exploded by the passenger train, which noise would waken

him and all would thereby be well.

Long after daylight some of the boys awoke, and wondering if by some mistake the looked-for train had not passed in the night, they roused the "old man," asking him if she had gone. "No, no, she ain't gone, for I put out some caps to waken me when she passed."

Thinking that something was wrong, two of the crew strolled out of the car to look around. Imagine their surprise and the look on that conductor's face when it was found that he had placed the caps on the sidetrack just behind the caboose.

A Revelation.
If you will make inquiry it will be a revelation to you how many succumb to kidney troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. Alvarado Pharmacy.

OLD MINER'S CLAIM.
Says he Owns Part of Santa Fe Yards at Barstow.

There is an interesting suit coming up in the local courts, says the San Bernardino Dispatch. It involves the title to a portion of the yards at Barstow. The Santa Fe railroad is the plaintiff and Charles O'Donnell, an old miner, is the defendant. The company claims the land in dispute under an act of congress, which gave the railroads the right to locate twenty acres for depot grounds, every ten miles along the route of the road. O'Donnell claims the land under a mining location which he took out over twenty years ago.

Ever since he has occupied the land, having run a tunnel in the mountains over 200 feet. His original filing was destroyed by fire which burned down a cabin, and in May, 1885, he recorded another filing in the county clerk's office, but sixteen days earlier the company had filed its depot location and now has a patent in from the government. The portion in dispute is occupied by numerous shacks built by the section crew and there are also three switch tracks on the property. The company removed its large water tank from the land some time ago and had intended to locate the shops there, but the trouble over the title prevented this. The late general manager, Nevins, had about made a settlement with O'Donnell, but the former's death prevented this going through, and since then General Manager Wells has refused to compromise. Attorney H. M. Willis is O'Donnell's attorney, and was in Los Angeles taking depositions for the case.

Caution!
This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists, J. H. O'Reilly & Co.

ENGINEER DANFELSOR.
His Death Saturday Morning at the Railroad Hospital at Las Vegas.

Railroad men and people generally in the city will regret hearing that Engineer B. Danfelson died at the Santa Fe hospital this morning, says the Las Vegas Optic. Thursday Mr. Danfelson became ill and in the evening was taken to the hospital, where it was found that that painful and almost universal fatal disease, septic peritonitis, had set in. The hospital physicians gave the most careful attention to the case, but the poison continued to spread throughout the system and the patient to grow worse. Yesterday afternoon at Mr. Danfelson's request an operation was performed. The physicians had very little hope of saving the patient's life. The operation for general peritonitis in the septic stage is one rarely performed and still more rarely successful. But upon this operation hung the man's life by the slenderest thread imaginable, and at the solicitation of the patient the physicians performed it quickly and neatly. The condition of the man was such that no general anesthetic could be administered.

The engineer was much relieved by the operation and seemed to rally, but the physicians had little hope. The man's last hours were easier and the span of life was lengthened a little. Shortly after 4 this morning he passed to the great beyond.

The engineer's wife in Crawfordville, Kan., has been notified and she is on her way to gaze for the last time upon the face of the husband who was idolized in life.

The superintendent's office has no record of Mr. Danfelson, as he came recently to this division to take a freight run between here and Albuquerque. He had had several slight attacks of peritonitis before, and this accounts for the extreme virulence of the last attack. The engineer came

here from Argentine, Kan. Three years ago he had a freight run out of Needles and some time earlier was a fireman on western divisions. Here he was highly respected and esteemed by those who formed his acquaintance. He was steady, industrious, generous and open by disposition, and of uncommon physical prowess.

The Waste of the Body.
Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease set up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the whole-some food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by B. H. Briggs & Co., S. Vann & Son.

ANOTHER ROAD FOR ROSWELL.
New Line From Floydada to El Paso to Touch That Place.

A special from Floydada, Tex., says: "The committee appointed a few days ago to meet a railroad surveying corps in Motley county returned last night and report the prospects good for Floydada getting the road. The engineers were very reticent as to the destination of the road, but the committee was given to understand that Floydada was on the route. The survey started from Vernon, and it is thought is headed for El Paso via Roswell, N. M."

Traveling Is Dangerous.
Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much, suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. E. Hausan, locomotive engineer, Lima, Ohio, writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." Alvarado Pharmacy.

Unique Way to Advertise.
The western divisions of the Atchafson, Topeka & Santa Fe are taxed to their utmost with the present enormous amount of traffic of every kind, and yet the management of the road continues to advertise profusely for more business. Not only in the east is the Santa Fe being advertised but in the western states as well. The advertisements of the road do not stop with the far reaching power of the press, hand bills and the entertaining photographs and sketches given in their folders, but the sending out of lecturers, concert companies and brass bands over the land at home and abroad to do the work that old methods of advertising have failed to do.

One of the first experiments of this kind is now being tested by a company of entertainers touring the country advertising Coronado Beach, Cal.

This company consists of a band of forty pieces and a lecturer. They started out from Chicago some time ago and are now working west. They are scheduled to arrive in Albuquerque June 7 and remain over until the night of the 8th. Their program here will be a street parade, an open air concert by the band and a lecture on the environments of the fast growing famous resort.

The lecture will be on the "Tent City," and will be illustrated elaborately by stereopticon views.

Quick Arrest.
J. A. Gullede of Verbena, Ala., was twice in the hospital from a severe case of piles causing twenty-four tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at all druggists.

New Grain Door.
The Santa Fe announces that it will soon fit its grain cars with a newly invented door. The new device is a door within a door. The inside one, which is made of boiler metal, is so constructed that it can be opened while the car is loaded without spilling the grain or breaking the door.

The trouble with the doors that are now in use is that they are hard to open when the car is filled with grain and it often requires the use of a crow bar. For this reason more grain car doors come into the shops for repair than any other kind, and it is expected that the new door will reduce the destruction at least 75 per cent.

A Lesson In Health.
Healthy kidneys filter the impurities from the blood, and unless they do a good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder diseases. It strengthens the whole system. Alvarado Pharmacy.

Kicked the Boy.
The Kansas City court of appeals affirmed the judgment of the circuit court of Daviess county, which awarded Benjamin Curtis, a boy, \$870 against the Chicago, Rock Island & Pacific Railway company. The boy was kicked off a moving passenger train near Cameron by the brakeman, and on this act the suit for damages was based. The defense of the railway

Ayer's Cherry Pectoral

Get well before you have to think of weak lungs, bronchitis, pleurisy, or consumption. Take the medicine the doctors prescribe, the medicine you have known for a lifetime.

company was that its printed rules, furnished every employee, specified positively that under no circumstances was any one to be put off a moving train, and, therefore, it was not responsible for this act of the brakeman. The appellate court denied that "a principal is liable for the neglect, fraud or other wrongful act of its agent, in the course of his employment; though the principal did not authorize the specific act."

You never heard of any one using Foley's Honey and Tar and not being satisfied. Alvarado Pharmacy.

Minority Makes Demands.
Mandamus proceedings to compel the Chicago, Rock Island & Pacific Railway company to permit an examination of its stock books and corporate records or produce them before the court for examination, were filed in the circuit court at Chicago by Colonel J. H. Lewis, attorney for Clarence H. Venner of Venner & Co., stock brokers of Boston. The plaintiff avers that he brings the suit in behalf of himself and the minority stockholders of the Rock Island system and charges that there have been schemes afoot to change the relation of the Rock Island stock, making it liable for the debts of different railroad companies throughout the country, which the Rock Island, it is declared, is about to purchase.

Foley's Honey and Tar is peculiarly adapted for asthma, bronchitis and hoarseness. Alvarado Pharmacy.

CRUEL BAGGAGE MASTER.
Suit Brought to Compel Him to Support His Wife.

After being married but little more than a year, Mrs. Mabel Whittemore has commenced a suit against her husband, L. R. Whittemore, a baggage master employed by the Santa Fe company at Redlands, to compel him to provide for her support, says the San Bernardino Sun. She charges in the complaint that he has deserted her and left her without support for either her or their infant child.

The filing of the suit marks the culmination of a romance wherein a girl, but seventeen years of age, sought to assume the responsibilities of a home. On February 11, 1902, Miss Mabel Bowles became the wife of Latimus Rose Whittemore. She was the daughter of Mrs. Frances S. Watson, wife of Harry Watson. He was the Santa Fe baggage master.

Left Her in October.
In the complaint filed yesterday the young wife says that her husband lived with her until October 20, 1902, and then without cause and against her consent and wishes he left her home and has since continued to live apart from her. Just before he deserted her a little daughter was born to them, but he left home, wife and child, and, according to the allegations of the wife, he has failed to provide for their wants.

She says that he is earning at least \$55 a month and asks that the court compel him to pay her \$35 a month for the support of herself and child. She also asks that he be compelled to pay the costs of the suit and to give her \$100 as attorney fees.

One other allegation is made by the wife. This is in regard to the property owned by the husband. She says that on February 10, 1902, the day before their marriage, her husband transferred to his brother, W. E. Whittemore, for \$10, property owned by her in Redlands, and she alleges that the property is worth at least \$1,000. She asks the court to find that the deed transferring the property to the brother was simply a deed of trust.

What is Foley's Kidney Cure?
Answer: It is made from a prescription of a leading Chicago physician, and one of the most eminent in the country. The ingredients are the purest that money can buy, and are scientifically combined to get their utmost value. Alvarado Pharmacy.

A CENTENARIAN.
Guadalupe Ortega Was 102 Years of Age When She Passed Away.

Mrs. Guadalupe Ortega died at her home in Santa Fe Saturday morning aged 102 years.

Death was due to the infirmities produced by old age. Deceased had been a resident of Santa Fe for a number of years but was born in the Republic of Mexico in the year 1801. She was without means when death claimed her and the coffin in which she was laid to rest was furnished at the expense of the county.

Total	\$2,340.23
Disbursements.	
Paid L. T. Delaney	9.25
Paid Daily Citizen	5.00
Paid Democrat Pub. Co.	5.00
Paid O. A. Matson, Mgrs. hall rent	116.66
Total	\$132.91
Recapitulation.	
Total receipts	\$2340.23
Less Disbursements	135.91
Net Proceeds	\$2204.32

Mrs. G. W. Harrison, President.

W. J. Johnson, Treas.

The donation of Mr. Felipe Chaves, of Belen, for the saddle horse was forty dollars.

The receipts of the bazaar, held last year, amounted to \$2,115.83, a gain this year of \$224.40. Mrs. Harrison and other ladies who took an active interest in the bazaar, wish to express their thanks to the merchants for their donations and assistance, and to the strangers "within our gates" who liberally purchased chances and helped along with their money the several interesting raffles, especially the horse and saddle contest.

GRAND ARMY ORDERS.

Old Veterans, Soldiers and Sailors Should Read These Notices.

All members of the Grand Army of the Republic are requested to be present at the opening of the department encampment on Tuesday morning at 10 a. m. with badge and countersign at Knights of Pythias hall.

J. W. Edwards, Department Commander.

W. W. McDonald, Assistant Adjutant General.

All old soldiers and sailors or those visiting from other parts of the territory or elsewhere are requested to report to department headquarters at the Knights of Pythias hall Tuesday at 1 o'clock p. m. to take part in the reception of the president.

J. W. Edwards, Department Commander.

W. W. McDonald, Assistant Adjutant General.

THE DAY BEFORE.

(Concluded from page one.)

being pushed in dead earnest today, and it is being done very thoroughly and efficiently. Dirty and dusty streets on tomorrow would certainly mar the pleasure of the president and be a source of discomfort to the many who will be in town on that day, but the presidential party and all visitors will find a very clean city.

Postmaster Hopkins announces that the postoffice will close tomorrow at noon, and remain closed until 8 o'clock next (Wednesday) morning. The decorations on the postoffice building will be put up this afternoon or early tomorrow morning.

The committee employed a fellow named Cotton to decorate the street arch, the front of the Alvarado, the speakers' stand and the statehood tableau platform. Cotton worked all night up till Saturday night. He took on a lot of booze and failed to show up Sunday morning. He had skipped out and the committee was in a pickle. J. P. Keller, known as "The Dutch Painter," came to the rescue of the committee and is putting the street arch in fine shape today. The decorator at the Golden Rule Dry Goods company

was loaned to the committee, and he has beautifully decorated the front of the Alvarado. Simon Stern is personally superintending the decoration of the statehood tableau platform. Evergreens, flags and bunting of national colors are being principally used.

This afternoon sees many residences along the line of march handsomely decorated, the principal one being the residence of Judge B. S. Baker.

Above the pictures of the president in many places will be hung placards reading as follows: "We Want the Right to Vote for Him!"

The proclamation of Mayor Myers, printed in The Citizen of last Saturday, proclaims a holiday during the stay of the president in the city. Every store ought to close, and this also means the saloons. A saloonkeeper said this morning "he would be willing to close his place of business if the other saloons close."

Handsome decorations were this afternoon placed on a number of store buildings on First and Second streets and on Railroad and Gold avenues. It is now quite evident that all the stores on the line of march will have out some decorations by noon tomorrow.

OFFICIAL PROGRAM.

Some Changes as to Occupants of the Carriages.

In conformity with the program sent from the presidential party it necessitates a change in the local program as to the occupants of the carriages. The corrected list is published below, and each occupant will take notice to find his own carriage which will be numbered. The presidential party is advised as to the location of each occupant and they will repair to their respective carriages without direction from any one. The local occupants are expected to do likewise:

First carriage—The president, Secretary Loeb, Judge B. S. Baker, Mayor Myers.

Second carriage—Special officers and stenographers of the president's party.

Third carriage—Assistant Secretary Barnes, Surgeon General P. M. Rixey, O. N. Marron and G. L. Brooks.

Fourth carriage—N. P. Webster, J. L. McGrew, Dr. Butler, H. B. Ferguson.

Fifth carriage—Gov. Otero, Gov. A. Brodie, Major Llewellyn, Adjutant General Whiteman.

Sixth carriage—H. A. Coleman, R. H. Hazard, Lindsay Dennison, W. B. Childers.

Seventh carriage—R. L. Dunn, N. Lazarnick, E. S. Stover, W. S. Strickler.

Eighth carriage—George B. Luckey, H. A. Strohmeyer, C. M. Foraker, F. W. Clancy.

Ninth carriage—P. W. Williams, J. P. Gooch, Noa Hield, M. W. Flournoy.

Tenth carriage—Three guests of the president, names not given, and O. E. Cromwell.

Eleventh carriage—A tally ho, and will carry the Rough Riders.

POLICE COURT.

Jose Maria Moreno, a wild looking native youth, was before Judge Crawford this morning. He was charged by Mrs. G. W. Chrouch with burglary on Saturday night. Mrs. Chrouch keeps a store at Isleta. Felicita Lucero, a pretty Indian woman, who was in the adjoining room to the store, went into the store to hang up a vest about 8 o'clock Saturday evening, when Jose, who was lying under the counter, got rattled and skipped. He had entered through a window and had already cut a big hole in the money drawer. The judge found probable cause, and he was held for the grand jury under \$500 bonds.

John Murphy, vagrant, got ten days to work for the city.

Two young men were arrested for bicycle racing on the avenue. They put up \$5 each for appearance this morning. They forfeited the money.

Notice to Guards.

Albuquerque, N. M., May 4, 1903. Special order No. 14.

All officers of the First regiment of infantry, N. G. N. M., and all visiting officers of the national guard are requested to report, mounted, at 117 West Gold avenue, at 1:45 p. m., on Tuesday, May 5, 1903, to act as assistant marshals at the presidential reception.

JOHN BORRADAILE,

Colonel.

JOHN H. STINGLE, Captain and Adjutant.

Presidential Escort Here.

The Fort Wingate cavalrymen, who got into town Saturday afternoon were visited by a large number of people on Sunday at their camp near the brewery in the north part of the town.

The boys said they felt fine, and they looked it, too. The horses were also in fine shape, and the journey across the territory, some 200 miles, was a pleasant one, notwithstanding the sand and wind which troubled them some at times. There are thirty-six troopers, three non-commissioned officers and one hospital corps man, under command of Lieutenant Pollon, who is a popular officer at the fort. The cavalrymen will take part in the parade tomorrow. The lieutenant was introduced at The Citizen office this afternoon.

Will Give Concert.

Prof. Chev. Pietro Buzzi, lyric tenor of the royal conservatory of Turin, municipal conservatory of Milan and of Belle Sedie academy of Paris, will give a concert in St. Mary's hall on the evening of May 12. He will be assisted by the best local talent, and the Italian band will be present. This concert will be a treat, as Chev. Piet-

to Buzzi has a great reputation here and in Europe, where he has sang in all the principal theaters. The Chronicle of San Francisco says:

In the presentation of Mascagni's opera the Chev. Pietro Buzzi showed himself to be not only an excellent singer, but a good actor as well. He is a dramatic tenor with a most pleasing voice of robust timbre. He sings with fine effect, and should be equal to the exactions of any Italian operatic tenor score. Buzzi was well endorsed by last night's audience; he had to respond to several encores.

Chevalier Buzzi sang at a mass at the church of Immaculate Conception on Sunday, and his singing was a delightful treat to those who were fortunate enough to be present.

Death of Mrs. Kemmerer.

Mrs. Anna M. Kemmerer, wife of B. Kemmerer, living on South Fourth street, died at the residence last night of heart trouble. She had been ill for several months and was unconscious several hours before death. She was a member of the Presbyterian church and the Woman's Relief Corps. The latter will have charge of the funeral services, which will be held at the Presbyterian church at 3 o'clock on Wednesday afternoon. Rev. Beattie, pastor of the church, will preside. Interment will be made at Trinidad, Colo., the body being shipped there Wednesday night. The interment at Trinidad will be one of the deceased's last requests, it being made on account of the remains of a daughter resting there.

The deceased was born at Maytown, Pa., in the year of 1849 and moved to New Mexico about eight years ago. She was 54 years of age and the mother of two children, the daughter, whose remains are buried at Trinidad, and a son, who is here from Duluth, Minn.

REV. T. C. BEATTIE.

He Has Resigned as Pastor of Presbyterian Church.

Sunday morning Rev. T. C. Beattie, who for thirteen years has ably filled the pulpit of the Presbyterian church in this city, announced to his congregation that he should resign, to take effect on June 28.

Last fall he informed them of his intention, and later on the following petition was handed him and was signed by many of the members:

Dear Pastor—The undersigned members and attendants of the First Presbyterian church, knowing of your expressed intention to resign as pastor of our church, deplore the same and urgently pray that you reconsider the determination and remain with us. We do not feel that your work is at an end here, and are strongly of the opinion

GREATLY ALARMED.

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured." Sold by all druggists.

that should you leave us the church and cause will suffer thereby.

The many expressions of regret heard from those of the community not connected with our church show the high appreciation you are held in by said citizens; and the growing interest of the church tells us that your work should not stop here.

The reverend gentlemen during his thirteen years of work among us has made many friends, not only in his congregation but all over the city as well, who will regret his departure. The congregation will meet on Wednesday evening to appoint delegates to attend the Presbytery of the Rio Grande, which is to meet here on Friday, when the delegates will request the Presbytery to dissolve the pastoral relations.

Rev. Beattie and wife have the best wishes of all for their future success and happiness. They may locate in Colorado.

COPPER QUEEN PEOPLE.

They Stopped Over in Albuquerque and Attended Church.

Millionaire D. W. James, senior partner of the firm of Phelps, Dodge & Co., of New York City, and party, left this morning, bound for New York on his private car No. 103.

Mr. James came in on Saturday afternoon at 4 o'clock and was accompanied by his father and mother, wife and son.

They have been spending the winter at Pasadena, Cal.

Mr. James, who is a devout church member refuses to travel on Sunday, so they stopped over here at the Alvarado. Here they spent an enjoyable day, as every one does who stops at this noted place.

Phelps, Dodge & Co. own the world renowned Copper Queen mine and smelter at Bisbee, Arizona, also the El Paso & Southwestern railway, which is doing so much for the mining country through which it passes. The company has ordered a large consignment of new engines and rolling stock in order to keep up with increasing freight traffic. The El Paso & Southwestern is one of the greatest and most useful railways in this section of the southwest, connecting as it does the cities of Bisbee, Douglas and other copper towns.

From a Cat Scratch.

on the arm, to the worst sort of a burn, sore or boil, DeWitt's Witch Hazel Salve is a quick cure. In buying Witch Hazel Salve, be particular to get DeWitt's—this is the salve that heals without leaving a scar. A specific for blind, bleeding, itching and protruding piles. Sold by B. H. Briggs & Co., S. Vann & Son.

Yard and Office: 107 East Railroad avenue; uptown office, Armijo bldg.

Mr. James and son and Mr. Dodge, have spent a week at Bisbee and at Douglas, inspecting the big new smelter at the latter place.

Mr. James said to a Citizen representative that Douglas was going to be the leading town in that section, owing to the construction of their new smelter. They will also erect a great supply store.

The Copper Queen mine at Bisbee is a huge one, for it has 140 miles of drifts and tunnels alone. In 1901 it used underground 11,000,000 feet of lumber, and the production of copper for that year was 20,000 tons. It takes 1,800 men to operate it. Their new smelter at Douglas will treat 1,800 tons of ore every day.

Mr. James, who is a millionaire many times over, is well along in years but still takes an active part in the affairs of the company. His son is vice president of the El Paso & Southwestern.

The X-Rays.

Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that catarrh of the stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How can I cure my indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure catarrh of the stomach. Kodol digests what you eat—makes the stomach sweet. Sold by B. H. Briggs & Co., S. Vann & Son.

THE ARCHER FIRE.

The Family Horse Destroyed in Barn
Fire Saturday Night.

A horse, buggy and harness and a
chest of carpenter tools were consum-
ed in the fire that destroyed James
Archer's barn and carpenter shop on
West Railroad avenue Sunday morn-
ing about 1 o'clock.

The fire had such a start that the
fire department, which responded to
the alarm, could do little but save the
buildings near by that were threaten-
ed on account of the prevailing high
wind. The gale was from the north
west and carried clouds of sparks to-
ward the Archer residence. The build-
ing is brick and that is probably what
saved it from a scorching. The fence
around the back yard was almost de-
stroyed, the fire coming close up to
the house, but it was intercepted by
the arrival of the department before
doing any further damage.

The horse was not a valuable one,
but its death is sad from the fact that
it was a family pet, gentle and kind
and prized by the Archers.

The fire was discovered by Mrs. Ar-
cher, who was awakened by the light
shining through her bedroom window.
The whole building was ablaze and it
was then too late to save the horse.

There was no insurance on the build-
ing or its contents and the loss is con-
siderable. The origin of the fire is not
known.

COMMISSIONERS' CASE.

Arguments Closed and Judge Baker
Will Soon Render Decision.

The case of the territory versus T.
C. Gutierrez and Severo Sanchez, who
the territory claim are holding the of-
fice of county commissioners of Berna-
lillo county without legal right, oc-
cupied the time of the district court all
of Saturday afternoon. The Citizen of
Saturday reported the case up to noon.
At the afternoon session Attorney
Childers continued his argument for
the respondents. He said the county
of Sandoval which was created by the
legislature out of a part of Bernalillo
county was in a legal effect the crea-
tion of a new county, and cited a large
number of authorities in support of
the contention that such acts of the
legislature as the one under discus-
sion, when made for the temporary re-
lief of a county does not fall under any
act of congress.

District Attorney Clancy criticised
the authorities put in by Attorney
Childers, and said they did not touch
upon the present case at all, and if
they did, they were in support of the
territory's case; that Bernalillo coun-
ty, having two vacancies thrust upon
it by the legislature, the general laws
which provide for the filling of vacan-
cies in offices were directly applicable.

Judge Baker stated the arguments
made by the attorneys had somewhat
confused him, and asked for briefs and
authorities on both sides. Judgment
reserved.

Magnusson to Go to Socorro.

The University of New Mexico loses
a valuable member of its faculty in the
event of the departure of Professor
Carl E. Magnusson, who has accepted a
chair in the New Mexico School of
Mines at Socorro. He has been an
instructor in natural science at the
University the past two years and has
proved himself an able scholar and
excellent teacher. Professor Magnus-
son goes to his new duties at the be-
ginning of the coming school year,
and his position there is instructor in
physics and electrical engineering. His
successor at the university or as city
chemist, which position he has occu-
pied the past six months, has not yet
been named.

McMillan's Successor.

Washington, May 4.—It is consid-
ered here that Judge McMillan's use-
fulness as a judge in New Mexico is
gone, and it is believed that the pres-
ident will select McMillan's successor
while in New Mexico.

The Jerome Mines.

Messrs. M. Wilson and M. Thomas,
owners and discoverers of the Jerome
copper mines near San Acacia, Socor-
ro county, are in the city for a couple
of days buying supplies and seeing
the sights. They state that the Jerome
properties continue to show up better

A Startling Test.

To save a life, Dr. T. G. Merritt, of
No. Mehoopany, Pa., made a startling
test resulting in a wonderful cure. He
writes, "a patient was attacked with
violent hemorrhages, caused by ulcer-
ation of the stomach. I had often found
Electric Bitters excellent for acute
stomach and liver trouble so I prescrib-
ed them. The patient gained from the
first, and has not had an attack in four-
teen months." Electric Bitters are
positively guaranteed for dyspepsia,
indigestion, constipation and kidney
troubles. Try them. Only one at all
druggists.

and richer ores as they are worked
deeper. Some of the ore coming out
now is exceedingly rich, carrying a
strong per cent of copper and good
colors in gold and silver. Almost
enough of the latter metals to pay for
the taking out.

Notwithstanding the fact that the
owners will not acknowledge that
there is a deal on to sell the Jerome
properties rumor is rife that they are
to be sold and that the price is a neat
sum.

The Jerome properties have only been
worked about a year and if the rumor
is true it is proof that there is a good
body of ore in sight there.

Mutual Protective Society Officers.

The Mutual Protective society of old
Albuquerque met yesterday afternoon
and the following officers were elected
by acclamation:

President—Jesus Romero.
Vice President—Jesus Candelario.
Secretary—Juan Anaya.
Treasurer—Thomas Werner.

Murphy, Desiderio Montoya, Vivian
Perea.
Trustees—Nestor Montoya, David
Perea, Carlos Cervantes, Pablo De
Blassi, Gabriel Arrijo, Lauterio Gon-
zales, Ignacio Garcia.
Sergeant-at-Arms—Lorenzo Garcia.
Chairman of the Relief Committee
—Jacobo Moya.
Funeral Director—Seferino Crollott.

BASE BALL.

The Santa Fe Pacific Blues Suffered
Their First Defeat.

After one hour and thirty minutes
of playing in rainy, sunshiny and
windy weather the Santa Fe Pacific
Blues went down in defeat yesterday
before an aggregation of ball players,
the material of which the Albuquerque
Blues will be made of this year, by
the score of 14 to 5. It was the Blues
first defeat this season and they took
it hard.

Moore was in the box for the Blues
and he fanned two of the first three
Browns up and the side was out al-
most in order. Voorhes got a nice
two-bagger, but died on second.

Sheppard, who tossed the ball for
the Blues last year, was the rubber
artist for the Browns, and pitched the
nine innings. Sheppard knew his
mates of a year ago, but they didn't
know him, and he had easy sport. A
goose egg adorned the board the first
inning and the dose was repeated in
the second. In the first half of the
second the Browns opened up and
four scores were marked up to their
credit. The Blues stole a couple in
the third, but failed in the fourth.
They earned one and stole two in the
fifth and their race was run.

The Browns hit the ball in the fifth
for two runs, in the sixth for five and
again in the ninth for three, making
in all fourteen.

The Blues excelled the Browns in
fielding, but couldn't hit the ball. The
Browns were there with the willow
and repeatedly made singles and
doubles, which cost two runs and a lit-
tle slow fielding by Kid oohes at
short, the Browns played good ball.
Rollo Stevens handled the big mit for
the Browns and did real well. e was
a little short on throwing to second,
but made up for this deficiency by get-
ting in front of pitched balls.

Quite a good crowd was out and the
band played intermittently to the
pleasure of all.

LOCAL PARAGRAPHS.

Members of the Woman's Relief
Corps are requested to meet at the of-
fice of J. W. Edwards on Wednesday
afternoon at 2:30 o'clock for the pur-
pose of attending the funeral of Mr.
Kemmerer, which will occur at the
Presbyterian church on that occasion.

Dr. S. F. King, of Denver; R. T. Hol-
land, of Michigan, and A. P. Brokaw,
of Freehold, N. J., drove into the city
this morning and will go into camp
here for a few days. They have win-
tered at Phoenix and are driving over-
land to Denver.

A. J. Frank, of Algodones, is here
to attend the Roosevelt reception.
J. H. Fenner, the well known engi-
neer on the Santa Fe Pacific, who was
at the hospital being treated for bron-

Mr. Joseph Pomerville, of Stillwater,
Minn., after having spent over \$2,000
with the best doctors for stomach trou-
ble, without relief, was advised by his
druggist, Mr. Alex. Richard, to try a
box of Chamberlain's Stomach and
Liver Tablets. He did so, and is a well
man today. If troubled with indiges-
tion, bad taste in the mouth, lack of
appetite or constipation, give these
Tablets on trial, and you are certain to
be more than pleased with the result.
For sale at 25 cents per box at all
druggists.

Mrs. D. D. Coverdale at the No Name
store on Gold avenue cordially invites
all out-of-town ladies to call and in-
spect her stock; everything new and
up to date at reasonable prices.

chitis, is up and around. He will be
able to resume his railroad duties in a
few days.

L. L. Henry, attorney, and R. G.
Washburn, cashier of the Santa Fe at
Gallup, came in from the Carbon city
this morning, and will see the presi-
dent tomorrow.

Mrs. Fred Hermann, nee Miss Grace
Dodd, is here from Williams, Arizona.
Mr. Herman is expected about the
15th, after which they will go to Gal-
veston, Texas.

The Choral society of the University
will meet tonight at the library build-
ing. Every member must be present
at this meeting this evening.

Mrs. Fred Herman, nee Miss Grace
citizen of Tucumcari, Quay county, is
the city to attend the Grand Army
encampment.

C. T. Brown, of Socorro, and J. S.
Macavish, of Magdalena, are in the
city today. They will remain over to-
morrow.

A. E. Rouiller, a county commission-
er of Socorro county, passed up the
road for Santa Fe this morning.

Frank Abeytia, a prominent citizen
of Socorro, is in the city today and
will remain over tomorrow.

G. R. Joughins, master mechanic of
the coast lines of the Santa Fe, is here
from Los Angeles.

A Sure Thing.

It is said that nothing is sure except
death and taxes, but that is not al-
together true. Dr. King's New Dis-
covery for consumption is a sure cure
for all lung and throat troubles.
Thousands can testify to that. Mrs. C.
B. Van Metre of Shepherdstown, W.
Va., says, "I had a severe case of bron-
chitis and for a year tried everything I
heard of, but got no relief. One bottle
of Dr. King's New Discovery then cured
me absolutely." It's infallible for
croup, whooping cough, grip, pneu-
monia and consumption. Try it. It's
guaranteed by all druggists. Trial bot-
tles free. Regular sizes 50c, \$1.00.

If you need screw work have it done
by the Phoenix planing mill, Gold ave-
nue.

Mrs. D. D. Coverdale at the No Name
store on Gold avenue invites all out-of-
town ladies to call and inspect her
stock; everything new and up to date
at reasonable prices.

TO CURE ANY DISEASE.
The Cause Must Be Removed, Same Way With Dandruff.

Kill the germ that causes dandruff, falling hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. Herpicide not only contains the dandruff germ de- stroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destroying the dan- druff germ than Newbro's Herpicide.

"Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents."

SANTA FE.
From the New Mexican.
Mrs. Harry Tew Warner will leave for Marshalltown, Iowa, where she will make her home.

Mrs. T. B. Catron and two sons, Thomas and Fletcher, who have spent the past two years in Europe, will likely return to Santa Fe about the middle of May.

Miss Grace Kennedy has accepted a position in the office of W. B. Walton, probate clerk and ex-officio recorder of Grant county. She will leave for Silver City about the 10th of May.

Solicitor General E. L. Bartlett will leave in a few days for Washington. He will remain in the national capital about a week, having important legal business to transact there.

Miss Marguerite Burns, of Tierra Amarilla, is expected to arrive from the north and will be the guest of Mr. and Mrs. A. M. Bergere during the coming week.

Sister Lucia, superior of Loretto academy, and Sister Euphrosine, of the faculty of that institution, returned home recently from Loretto, Kentucky, where the mother house of their order is situated, and to other points in the east.

Major W. H. H. Llewellyn, of Las Cruces, chairman of the Roosevelt reception committee, returned from a visit to New York City, Washington and Chicago last evening. He will remain in town until after the Roosevelt reception.

J. V. Conway, Santa Fe county superintendent of schools, is in receipt of a communication from Professor H. A. Owen, superintendent of the public schools of Silver City, in which he states that he will be able to conduct the Santa Fe county teachers' institute which will be held in this city in August. Professor Owen conducted the institute of this county two years ago and so well were the teachers pleased with his work that there was some disappointment last year when it was learned that he was not to be here.

For Over Sixty Years.
An old and well tried remedy.
Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

GALLUP.
From the Republican.
Mrs. L. A. Johnson and children de- parted for California.

A case of diphtheria is reported at the home of Joe Coriz, the victim be- ing their little daughter.

Miss May Pinney is laid up with a lame foot, and Miss Edith Baylis is helping out at Carmen's during her absence.

Miss Pearl Harper arrived a few days ago from Mazomanie, Wis., and will make her home with her father, Dr. L. A. Harper.

A party is being formed to go to the petrified forest of Arizona next Sunday leaving on No. 1 Sunday morning and returning on Sunday night on No. 2, which will give a full day for inspection of the wonders of the forest.

At a meeting of St. Agnes Guild the following officers were elected: Mrs. Frank Brown, president; Mrs. J. W. Baylis, vice president; Mrs. W. A. Smith, secretary, and Mrs. L. L. Seaborn, treasurer.

Frank Howard was arrested by Marshal Winders for selling fake jewelry and is supposed to be the man who broke into Jacob Tratnick's saloon. He was tried before Justice De Shon and sentenced to thirty days in the town jail.

Spring Ailments.
There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion im- paired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind needed toning up. The trouble is, that during winter, there has been an accumula- tion of waste matter in the system. Herbine will remove it, secure to the secretions a right exit, and by its tonic effect, fully restore the wasted tissues and give strength in place of weak- ness. 50c at J. H. O'Reilly & Co.

That Demented Woman.
It is learned that the woman who

was put off train at Lamy a few days ago and brought from there to the county jail at this place, formerly lived in Santa Fe. She went from here to Albuquerque about four years ago and from there to Las Vegas. She was en- route from the latter city to Albu- querque when put off the train at Lam- y. She was a woman of the half world when living here and her name is Lena Marrice. Her mental con- dition has not been improved since being brought here. No attempt has been made to take her to the Las Vegas asylum. Judge McFie is expected to arrive this evening from Tierra Ama- rilla and his advice will be sought as to whether she should be cared for by this county, Bernalillo or San Miguel. —New Mexican.

For Those Who Live On Farms.
Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. It is a dandy for burns." Those who live on farms are especially liable to many accidental cuts, burns and bruises, which heal rapidly when Bal- lard's Snow Liniment is applied. It should always be kept in the house for cases of emergency. 25c, 50c and \$1.00 at J. H. O'Reilly & Co.

Will Visit Cliff Dwellers.
The Denver Rocky Mountain News contains the following item concern- ing a Colorado Springs automobile party on a tour to this territory:
"A party of Colorado Springs people left in an automobile this morning for the region of the cliff dwellers. Accord- ing to their plans the party will reach Trinidad today and will travel over Raton pass to Las Vegas tomor- row, go from there to Santa Fe the third day and to Taos the fourth. From Taos the trip to the cliff dwellings will be made and a day or two will be spent in visiting the ruins. In the party are W. W. Price, Fred Ballard, Charles Hemming, L. G. Carlton, and P. De- laney. It is figured that the round trip will require a week or ten days."

"Neglected colds make fat grave- yards." Dr. Wood's Norway Pine Syrup helps men and women to a happy, vigorous old age.

The Citizen—15 cents per week.

The Thermometer is Seldom Higher Than 80° in Mexico City
This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.
The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.
Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy morn- ings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

The Mexican Central
is prepared to furnish you with the best of accommodations to all points in Mexico.

Book Binding
Books, magazines, pamphlets, cata- logues, etc., bound in any style lowest rates. Satisfaction guaranteed.

We Never Disappoint

Rheumatism

Is Not a Skin Disease.

Most people have an idea that rheumatism is contracted like a cold, that the damp, chilly air penetrates the muscles and joints and causes the terrible aches and pains, or that it is something like a skin disease to be rubbed away with liniment or drawn out with plasters; but Rheumatism originates in the blood and is caused by Urea, or Uric Acid, an irritating, corroding poison that settles in muscles, joints and nerves, producing inflammation and soreness and the sharp, cutting pains peculiar to this distressing disease.

Exposure to bad weather or sudden chilling of the body will hasten an attack of Rheumatism after the blood and system are in the right condition for it to develop, but have nothing to do with the real true causes of Rheumatism, which are internal and not external.

Liniments, plasters and rubbing will sometimes reduce the inflammation and swelling and ease the pain for a time, but fail to relieve permanently because they do not reach the seat of the trouble. S. S. S. cures Rheumatism because it attacks it in the blood, and the Uric Acid poison is neutralized, the sluggish circulation stimulated and quickened, and soon the system is purified and cleansed, the aching muscles and joints are relieved of all irritating matter and a lasting cure of this most painful disease effected.

S. S. S. is a harmless vegetable remedy, unequalled as a blood purifier and an invigorating, pleasant tonic. Book on Rheumatism will be mailed free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Link Watson, with the construction department of the Santa Fe, who has been spending a couple of days in New Mexico, left today for Topeka on delayed train No. 2.

Mrs. Babin, at her parlors, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, de-hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Babin's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. Automatic telephone 490.

The Citizen—15 cents per week.

Notice of Forfeiture.

Territory of Arizona, County of Cochise, ss.

To M. J. Sherlock, his heirs and assigns: You are hereby notified that I have expended one hundred dollars (\$100.00) in labor and improvements upon the "Aunt Betsy" Mining Claim, situate in Peralta Canon, Cochiti District, Bernalillo Co., New Mexico, as will appear by certificate filed February 8, 1894, in the office of the recorder of said County, in order to hold said premises under the provisions of section 2324 Revised Statutes of the United States, being the amount required to hold the same for the year ending December 31, 1902.

And if within ninety days from the serving of this notice, you fail or refuse to contribute your proportion of such expenditure, together with the cost of this publication, as a co-owner, your interest in the said claim will become the property of the subscriber under said section 2324.

Dated March 19th, 1903.

ALEX CONRAD,
Signature.

E. L. Washburn, dealer in clothing and furnishings, twelve months extending from March 1, 1903; county, \$5; school, \$5.

J. F. Palmer, dealer in merchandise, six months extending from March 1, 1903; county, \$2.50; school, \$2.50.

Simon Stern, dealer in clothing and furnishings, twelve months extending from January 1, 1903; county, \$10; school, \$10.

A Farmer Straightened Out.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Rayder, of Patten Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'" For sale by all druggists.

MILITARY BASE BALL TEAM.

Cadets Beat the Amarillos in Great Shape at Their Visit to the Texas Town.

That the base ball team of the New Mexico military institute is in a good form as it was last fall when it made the strong team from Midland, Texas, look ridiculous in the series of games played at the Roswell fair, was proved by the recent trip to Amarillo, Texas, says a correspondent from Roswell.

The team consisting of E. H. Lohman, catcher; B. M. Thomas, pitcher; W. G. Neher, 1b; W. Bell, 2b; Capt. C. N. McWhorter, s. s.; C. E. Kuna, 3b.; T. F. Crumpacker, l. f.; L. M. Brownell, c. f.; and P. Brueggeman, r. f.; with J. W. Burns, substitute pitcher, and J. S. Kittredge, substitute fielder, played two games at Amarillo Friday and Saturday, April 24 and 25, winning the first game by the score of 8 to 7, and losing the second game in the thirteenth inning, the final score being 4 to 3. The second game was especially good. Amarillo scored two runs in the first inning and was unable to score again until the eleventh. In the ninth inning with two out, none on bases and the score 2 to 1 against the cadets, McWhorter sent the ball over the fence for a home run. Both sides scored once in the eleventh and in the thirteenth Amarillo succeeded in winning out.

The team completely won the town, not only by their splendid exhibition of ball playing, but by their good behavior.

A Little Early Riser.

now and then, at bedtime, will cure constipation, biliousness and liver trouble. DeWitt's Little Early Risers are famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by B. H. Briggs & Co., S. Vann & Son.

GOOD ROADS CONVENTION.

Hon. L. Bradford Prince and Other New Mexicans Were Present.

At the national good roads convention in St. Louis last Wednesday, Hon. L. B. Prince made a vigorous speech on behalf of New Mexico.

He showed that, though not yet a state, the legislature unanimously adopted resolutions in favor of the Brownlow bill and also passed the bill for the "Scenic Route" road between Santa Fe and Las Vegas to be constructed by convict labor. This was received with great applause.

The speech was an appeal for statehood as well as a talk on good roads, and was made when the Odeon was packed, just before President Roosevelt arrived, many representatives and members of congress being present.

The other New Mexicans present at the convention were Mark Howell, of Roswell, and Professor T. C. Jordan, of Tularosa.

Cures When Doctors Fail.

Mrs. Frank Chasson, Patterson, La., writes June 8th, 1901: "I had malaria fever in very bad form, was under treatment by doctors, but as soon as I stopped taking their medicine the fever would return. I used a sample bottle of Herbine, found it helped me. Then bought two bottles, which completely cured me. I feel grateful to you for furnishing such a splendid medicine, and can honestly recommend it to those suffering from malaria, as it will surely cure them." Herbine, sold at J. H. O'Reilly & Co.

LAS VEGAS.

From the Optic.

Eugene A. Day, a newspaper man of considerable experience, who was connected with the Record during its

last days, left for Denver, where he expects to find a better field for his journalistic talents.

The Rev. Charles L. Thomson, D. D., LL. D., general secretary of the board of home missions of the Presbyterian church of the United States, is expected to be in Las Vegas Tuesday next, May 5, and will address a public meeting at that evening at the Presbyterian church.

Jerry reaps, an old man well known about town, who formerly worked for the Spordler Shoe company, was stricken down with an epileptic fit on the corner of Seventh and Douglas streets this morning and had to be conveyed to his home, where at last accounts he was resting easy.

Commissioner A. T. Rogers has received a telegram from his wife which informs him that the lady's brother died at his home in California before she could reach him. The train was delayed twelve hours by the wreck near Peach Springs, Ariz., and this accident prevented Mrs. Rogers from looking again upon the face of her brother in life.

When you want a pleasant physique try Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. For sale by all druggists.

UP TO SANTA FE.

Capt. Fitch and Wife at the Territorial Capital.

Captain A. B. Fitch, manager of the Big Graphic Mine at Magdalena, and Mrs. Fitch left this morning for Santa Fe, where the captain is to take part in the reception given to President Roosevelt.

The captain and wife spent the Sabbath here. In conversation with a reporter he said he had recently begun extensive experiments with the Joplin process for treating low grade ores and that these experiments are thus far bringing very satisfactory results. The sulphides have heretofore gone to waste in the lead mines of New Mexico, and it is only recently that the Joplin process was attempted in handling them.

The Best Liniment.

"I have derived great benefit from the use of Chamberlain's Pain Balm for rheumatism and lumbago," says Mrs. Anna Hagelgans, of Tuckahoe, N. J. "My husband used it for a sprained back and was also quickly relieved. In fact it is the best family liniment I have ever used. I would not think of being without it. I have recommended to many and they always speak very highly of it and declare its merits are wonderful." For sale by all druggists.

Ball at Colombo Hall.

Among the events of tomorrow, the president's day in Albuquerque, will be a ball given at Colombo hall in the evening by the Knights of Columbus. It will be the knights' annual ball, and, besides dancing, there will be ice cream and cake and other features of amusement. Although the affair has not been long under consideration, there will be lots of visitors in the city and the function is sure to be a success.

The following are the various committees in charge of the big ball:

Committee on Arrangements—J. L. LaDriere, Nestor Montoya, A. M. Espinosa, John S. Beaven.

Committee on Reception—O. N. Maron, J. F. McCanna, J. H. O'Reilly, C. E. Burg.

Floor Manager—J. B. McManus.

Floor Committee—Charles White, T. Gargan, Martin Tierney, Elias Garcia.

World Wide Reputation.

White's Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influences on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to health, vigor and elasticity of spirits natural to childhood. 25c at J. H. O'Reilly & Co.

GROSS-ANDERSON.

Robert Gross of Gross, Kelly & Co. Marries in St. Louis.

At a few minutes before 10 o'clock yesterday morning the new Cathedral chapel, Newstead and Maryland avenues, was filled with a large gathering of society people, who assembled to witness the marriage of Miss Adelaide Marie Anderson and Mr. Robert Gross, which was solemnized at that hour by Rev. Father Gillilan at nuptial high mass. Rev. Fathers O'Reilly and Murphy, in their full robes, also lent the dignity of their presence to the impressive service.

At the appointed hour the lovely young bride entered with her handsome father, Mr. Lorenzo Anderson, who gave her away. She was attended by her sister, Miss Mildred Anderson, as maid of honor, and Misses Rachel Gross of Normandy, the sister of the groom, and Marie Anderson as bridesmaids.

The groom was accompanied by his brother, Mr. Linton Gross, as best man and the ushers and groomsmen were Messrs. Clarence Gamble, John Dendri, J. A. Kinsella, Benjamin Linton, Charles F. O'Reilly and Edward M. Gilman.

The bridal party, though not as large as some at other weddings this season, was conceded to be one of the most effective. The bride, in her graceful flowing drapery, made an unusually dainty picture. Her tall, willowy form being eminently suited to the soft folds of white satin eboules-

sant, which fell in a long train, the whole almost covered with cascades of priceless old rose point lace. The misty tulle veil which fell over all was held in place with a coronet of lilies of the valley and roses arranged with maidenhair ferns, formed her bridal bouquet.

Mr. and Mrs. Gross left last evening for Denver and other western points and will spend the greater part of their honeymoon upon the coast. They will reside in Las Vegas, N. M., where Mr. Gross has important business interests.

Terrible plagues, those itching, pestering diseases of the skin. Put an end to misery. Doan's Ointment cures. At any drug store.

COMING EVENTS.

May 2—Base ball game at the fair grounds.

May 5—President Roosevelt will visit Albuquerque.

Bad blood and indigestion are deadly enemies to good health. Burdock Blood Bitters destroys them.

Japanese and China matting in all grades at Albert Faber's, 305 Railroad Avenue.

A Revelation!

An examination of our stock of ready made clothing by those not already posted will indeed prove a revelation. We have the best and biggest stock in the southwest. Call and save money. SIMON STERN, The Railroad Avenue Clothier.

Each season brings out some new features and an improvement over last. All our suits are fitted with new and improved gear, easy riding springs and durable, and more elaborate than ever shown before. We have about 50 assorted prices ranging from \$4.00 to \$30.00. Don't fail to see them before buying.—W. V. Futrell Furniture Co., corner Second and Coal.

Antonio Apache has returned from a trip to Chicago, New York and Boston. Here he visited the museums. Mr. Apache is an ethnologist of little reputation.

A special train carrying 100 mining men and stockholders of several Arizona mining properties will pass through Albuquerque on Thursday of next week bound for Prescott, Ariz.

A QUEER COMBINATION.

Corset Maker and Doctor in Paris Join Forces and Do Thriving Business.

One of the shrewdest business combinations on record has been formed in Paris by two sisters, one of whom is a doctor and the other a corset maker.

Since they have joined forces they have been receiving more business than they can comfortably attend to.

Customers calling are first ushered into the doctor's consulting-room.

There they undergo a regular medical examination. They have to answer the usual practitioner's questions, the pulse is felt, lungs sounded, heart listened to and so on.

The doctor then writes out a prescription—in other words an exact description of the kind of corset which the build or state of health of each customer requires that she shall wear.

They are then ushered into the room where the sister presides over her branch of the business and takes the measurements in strict accordance with the medical instructions.

The partnership of stay-maker and physician has proved so successful that although the charges made are on the highest scale of the corset trade, consulting-room and fitting-shop are always crowded.

CHOOSING A WIFE BY MUSIC.

Novel Scheme of a German Professor for Ascertaining the Feminine Temperament.

A German professor proposes to solve the difficulty some people seem to have in choosing a wife by "trial by music," reports the London Express. Everything depends on the taste of the subject under study. If she prefers waltz music, and above all Strauss' intoxicating strains, she is certainly frivolous. If she loves Beethoven she is artistic, but not practical. Does she prefer Liszt? Then she is ambitious; while a devotee of Mozart would be rather prudish. Why an admirer of Offenbach should be cunning is not very clear, but remembering the opera of "Faust" it is easy to understand that any girl preferring Gounod must be romantic and tender hearted.

It is hard upon Plotow that because his music is out of fashion a taste for it denotes a vulgar soul; while Gottschalk fares little better, pleasing according to the German professor, only the superficial. Massenet is supposed to attract the timid; while a devotion to Wagner's music is a distinct proof of egotism. Saint Saens, however, is a composer the admiration for whom denotes a girl of intelligence and well balanced character.

EIGHTY-SEVEN YEARS TO COOL.

Lava Streams from Mexican Volcano, Jorullo, Still Hot Beneath the Surface.

It is scientifically reported that the lava streams from Vesuvius in 1858 were so hot 12 years later that steam was issuing from the cracks and crevices, while the lava beds from the eruption of Etna in 1787 were found to be steaming hot just below the top crust as late as 1840, says Stray Stories.

But still more remarkable are the scientific reports of the volcano Jorullo, in Mexico. This sent forth immense streams of lava in 1759. In 1780 the lava beds were examined by a party of scientists, and it was found that a stick thrust into the crevices instantly ignited, although there was no discomfort experienced in walking on the hardened crust.

Again, some 40 years after the eruption, it was visited by scientists and reported to be steaming in many places, and even 87 years after the eruption two columns of steaming vapor were found to be issuing from the crevices. Sometimes the upper crust of such a stream of lava cools so that plants and lichens make a precarious growth on the surface, while a few feet beneath the lava is almost red hot.

ANTI-DYSPEPSIA

SPRING STYLES IN OXFORDS

are smarter than ever. This store is stocked with the latest production. We show a wide variety of leathers, shapes, toes and heels.

Patent Kid Oxfords—Hand Turn.....\$3.50

LOCAL PARAGRAPHS

City council tonight.
President Roosevelt tomorrow. Do your best to entertain and make his stay here a pleasant one.

J. C. Flournoy, representing Simmons Hardware company of St. Louis, is up the road interviewing customers. The grand matron of the Order of the Eastern Star, Mrs. Boomer of Raton, will be entertained by the local chapter.

Charles M. Stauffer, business manager of the New Mexican, Santa Fe, was here yesterday, returning north to the capital last night.

Arthur Hart, representing Mar & Haas Clothing company of St. Louis, is in the city. Mr. Hart's specialty is selling "Jack Rabbit Pants."

Mrs. W. L. Edgar, wife of the proprietor of the Imperial laundry, has gone to Booneville, Mo., to enjoy several months with her relatives.

Mrs. W. A. Smith and daughter, Miss Myrtle, of Gallup, spent last night in the city with Mrs. Charles Wincheck, and went to Santa Fe this morning.

D. S. Rosenwald, a member of the firm of Rottenburg & Schloss, cigar manufacturers, returned yesterday from a three weeks' business trip to Denver.

Mrs. Jesse Miller went to Winslow Saturday night on matters of business in connection with the Eastern Star lodge. She will return home Tuesday evening.

Half a dozen boys from the School of Mines at Socorro and a number of well-known politicians from the same town passed up the road for Santa Fe this morning.

Representatives A. W. Pollard of Deming and R. W. Turner of Silver City were here this morning. They were en route for Santa Fe to be present at the Roosevelt reception tomorrow.

Judge F. W. Parker, of the Third Attorneys George W. Pritchard and John Y. Hewitt of White Oaks were passengers for Santa Fe this morning to attend the Roosevelt reception there tomorrow.

There will be a special meeting of Adah Chapter, No. 5, O. E. S., Wednesday evening, May 6, at 7:30 for work. The grand matron will be present. By order of Worthy Matron, Laura Fluke, secretary.

Colonel J. W. Fleming, Major O. G. Myrke, W. H. Jech, Judge W. H. Newcomb, W. F. Lorenz, A. B. Durand, Thomas Meagher, A. J. Stockbridge, all from the southern section of the territory, were passengers for Santa Fe this morning.

Judicial district, Las Cruces; Colonel Eugene Van Patten, Hon. Nicholas Galles, Attorney H. B. Holt, Morgan Llewellyn passed up the road for Santa Fe this morning, where they will help the people of the territorial capital to make the Roosevelt reception a great success.

A social will be held at the Baptist church tomorrow (Tuesday) evening at which time Mrs. Williams, who has spent much of her time among the Hopi Indians, will tell of her life with that people. Several selections will be rendered by the band from the Government Indian school. A silver offering will be taken.

Lieutenant A. R. Smith, Sergeants J. A. Hunter and W. A. E. Hult and Privates J. G. Mayo, G. R. Cannon and H. T. Goodjohn, members of Company H, the military organization of the School of Mines, located at Socorro, passed through the city this morning en route to Santa Fe, where they will greet the president.

The New Mexican says: Mrs. N. B. Field of Albuquerque, Miss Nina Otero, Miss Doyle, several of the Bergere children and Master John McPhe, who were on a burro trip to the Pecos Reserve this week, returned on Thursday, reporting a very enjoyable time, although the weather was rather inclement. Mrs. Field has returned home.

The shop whistle was tooted a couple of times Sunday morning by mistake, but did no material damage. All the shop men were aware that the day was the Sabbath and a day of rest, and none were fooled into reporting to the whistle's entreating blasts. The shop people are so busy these days that they almost forget that Sunday comes once a week, and hence the mistake of yesterday.

Mayor H. R. Whiting of this city mourns the loss of several relatives within the last month. Two sisters-in-law, Mary S. Whiting, widow of John Tulman Whiting, and Amanda, wife of S. Conant Whiting, died at Detroit, Mich., and Harriet Grace Whiting, a niece, at the residence of her sister, Mrs. William Borden, at Chicago.

The Navajo Indian saddle blanket that is to be presented to President Roosevelt tomorrow afternoon by the Commercial club will probably be finished tonight. This noon another Indian squaw was put to work on the blanket so as to help Elie out. The work on the blanket is harder at the end and takes more time. It is a beautiful blanket and one that the president will be proud of.

A very excellent program was rendered at the Alvarado last evening by the "Alvarado Trio" and a large crowd of city people were out to enjoy it. Probably the largest number of people yet visited the big hotel last night. The large seating capacity of the dining room was taxed during dinner; the spacious lobby was crowded and people thronged the broad veranda and walks. More people viewed the president's blanket yesterday than any day previous, and expressions of delight

fell from every tongue. The blanket will be finished this evening.

COWBOY ARTIST WINN.

He is in the City to Meet President Roosevelt Tomorrow.

Frederick Winn, better known as the cowboy artist, arrived Saturday from western Socorro county, where he has sojourned the fortnight as the rider on the A L horse ranch. He brought with him a number of products of the pen and brush, which he exhibited this afternoon to Judge B. S. Baker, of the president's reception committee, for the purpose of their choosing one to be presented to the president.

The pictures are all from western life and very life like, showing that the artist knows his study.

Although Mr. Winn is a western man and has seen considerable western life he received his training in New Jersey. He received his degree at Rutgers' college in New Jersey, but later attended Princeton. During his freshman year at Princeton Winn with a number of other students of art and the brush became involved in a little trouble and left school for the west. The trouble was, it is said, that the unruly young men one night while engaged in hazing a fellow student, gave the new comer a coat of green paint.

Winn left school and friends and took to ranch life in Texas. He met with an accident while breaking a wild horse and was sent east with a broken back.

His back was placed in a plaster of paris jacket to mend. The young man bribed his nurse one night and returned to the west and the life of a cowboy. He has continued with his sketching with wonderful development.

He now comes to Albuquerque to present President Roosevelt with his choice of a very fine assortment of pictures of his own work.

The president will no doubt be well pleased as no doubt all are excellent and any of them would make a nice addition to any art room.

PEACE TO HIS ASHES.

Funeral and Burial of Hilario Sandoval This Morning.

The funeral services over the remains of Hilario Sandoval, whose death occurred Saturday morning, were held in the Immaculate Conception church this morning in the presence of a large number of relatives and friends of the family.

Father Mandalari conducted the services and he dwelt with respect on the character of the deceased saying many words of reference to the esteem in which Hilario Sandoval was held by his many friends.

Interment was made at Santa Barbara cemetery and a large procession of carriages followed the cortege to the grave.

ATTENTION!

Piano Buyers.

Piano Bargains! ... Piano Bargains! Within the past four months we have sold and delivered two car loads of pianos. A number of customers who purchased new pianos from us exchanged old or slightly used pianos as part payment. It is these used pianos we are now offering at exceptionally low figures in order to clean out and reduce our stock and make room this month for another car load. If you have a child whom you desire to educate in music, an accomplishment for any young man or woman worth many times the cost in time and money required to learn, and you do not feel able at this time to pay three or five hundred dollars for a new piano why not call on us or write for further information regarding these pianos, which include good squares and uprights, all the way from \$25 up to \$165, a number of which we will guarantee in every way. If you intend to buy a piano some day and do not feel able to buy a new one, and some member of your household is now old enough to take up music do not lose the most valuable year when you can place an instrument with a good tone and action in your home at the low prices we are now quoting on pianos. At least, before deciding not to buy call and give us ten minutes of your time. That is all we will ask of you of you. Hall & Larnard, 208 South Second street.

If you need screw work have it done by the Phoenix planing mill, Gold Avenue.

Hall & Larnard keep all their pianos in tune free for one year and will make every promise and guarantee good.

Screwwork done by the Phoenix planing mill, Gold Avenue.

Hall & Larnard have no dissatisfied customers, which is worth considering when about to place your order for a piano.

Do you want a piano? If so call at Hall & Larnard's, that is about all that is necessary.

There is such a thing as a piano bargain. We have decided to sell all our used and traded in pianos at figures that justify us in advertising piano bargains. Call and investigate.

For piano bargains call at Hall & Larnard's.

Elegant Street Hats.

Sixty-five new styles of ladies' and misses' hats just received at O'Brien Sisters, 312 West Railroad Avenue.

OSTEOPATHY NEVER POISONS

The Body is Better Without Drugs.
Can You Give a Rational Definition of Osteopathy?

Osteopathy is a system of therapeutics, based upon a thorough knowledge of anatomy and physiology, enabling the practitioner to look upon the body as a perfect living, automatic machine. There are more defective spines on earth than paupers. Get your spines in good shape and your chances for health will be good.
