VOLUME 16

ALBUQUERQUE, NEW MEXICO, FRIDAY AFTERNOON, MAY 1 1903

NUMBER 443

THE PRESIDENT COMING WEST

**Given a Grand Ovation at
Kansas City.**

HE WILL REACH TOPEKA THIS EVENING

**And Will Lay the Corner Stone of the Rail-
road Y. M. C. A. Building.**

Kansas City, May 1.—President Roosevelt spent five hours in Kansas City today and later was the guest of Kansas City, Kan., just across the state line, for two hours, leaving for the west at 4 o'clock in the afternoon. In the two cities the president was driven over a route fifteen miles long. He reviewed nearly 30,000 school children, made two speeches, one at Convention hall before the greatest crowd that noted structure has ever held, and partook of a luncheon at the Baltimore hotel as the guest of the Commercial club of Kansas City, Mo. In the party was Elihu Root, secretary, who had joined the party at St. Louis at the express wish of the president. The reception given President Roosevelt was intensely enthusiastic and it is estimated that 100,000 persons, several thousand coming to town from surrounding places, greeted him.

President's Speech.

Kansas City, May 1.—The president in his speech here spoke a word of greeting to his audience and then greeted especially the men who wore the blue and those who wore the gray. Taking the lessons taught by the soldiers of the civil war the president discussed the question of good citizenship.

"In our complex relation of employer and employee," he said, "of one class with another class, of one section with another section, we can work out really a successful result only if those interested will get together and make an honest effort each to understand his neighbor's view point and then an honest effort each while working for his own interests to avoid working to the detriment of his neighbor. Wrong is wrong just as much if it is done by the little man to the big man as by the big man to the little man—to the capitalist by the wage worker or to the wage worker by the capitalist. In the long run the wage worker and capitalist will go down in common ruin if each don't honestly try to get on with justice to the other and work out a scheme of action which shall be their common advantage."

President to Lay Corner Stone.

Topeka, May 1.—In honor of President Roosevelt's visit, Topeka is in holiday attire, flags and bunting generously decorating public and private buildings. The program for the entertainment of the distinguished party and President Roosevelt's portion, briefly outlined, is as follows: The presidential train will reach the city at 6 p. m. Exercises of laying the corner stone of the new building for the railroad Y. M. C. A. will immediately commence. Following this the presidential party will be entertained at a 7 o'clock dinner by Gov. W. J. Bailey at the executive mansion. The closing act of the ceremonies will be an address before the Railroad Young Men's Christian association by President Roosevelt.

FILIPINO FANATIC.

He was Captured by American Troops and Will Be Tried.

Manila, May 1.—Governor Cailles, of Laguna province, and a party of volunteers yesterday captured Rios, the fanatical Filipino leader in that part of the island of Luzon. Rios was formerly a blacksmith of Tayabas and claimed to be of divine origin. He attracted many followers and started an insurrection which the constabulary suppressed. He fled to the mountains and later claimed the title of "Pope of Luzon," and also asserted that he was a prophet. He is said to be guilty of many crimes and probably will be tried for murder. A fanatical Moro attacked an out-

post at Camp Vicars, Island of Mindanao, yesterday, and wounded three soldiers before he was killed. Captain Pershing, in command at Camp Vicars, is preparing to lead a column around the east shore on Lake Lanao. Opposition is expected.

EDWARD IN PARIS.

King of England Joyously Welcomed by the French.

Paris, May 1.—If one did not understand the French national character the rousing welcome accorded King Edward upon his arrival in Paris today would seem more than passing strange. In fact, even to the initiated, it is somewhat of a surprise to see the head of the English nation greeted with enthusiasm apparently so genuine when the extreme pro-Boer attitude of the French during the recent South African war is recalled. But recent moves on the European chess-board have thrown England and France closer together and the welcome of King Edward is merely a method chosen by France to emphasize this friendly understanding. Then again, international politics aside, King Edward has always been one of the most popular visitors to Paris. In his younger days, when Prince of Wales, he made frequent visits to the French capital and his democratic ways and good fellowship, to use a slang phrase, "made a hit" with the Parisians.

So it is that when the special train bearing his majesty and his suite arrives at the Lyons railway station late this afternoon a cordial welcome awaited them. The king was officially greeted by officials of state and a military escort conducted the party to the British embassy, where his majesty will stay during the next two days. His majesty found the streets lavishly

CIVIL SERVICE.

**Situations Offered in the National
Bureau of Standards.**

A FEW GOOD POSITIONS.

The United States civil service commission announces that on May 26 an examination will be held for the position of shop and laboratory apprentices in the national bureau of standards, Washington, D. C., at a salary of \$480 per annum.

On May 26, for the position of skilled wood worker in the national bureau of standards, Washington, D. C., at a salary of \$480 per annum.

On May 26 for the position of mechanic in the national bureau of standards, Washington, D. C., at a salary of \$1,000 per annum.

On May 26 for the position of nautical expert (male) in the hydrographic office, navy department, at a salary of \$1,000 per annum.

On May 26-27 for two positions of draftsman (male) in the light house service, in the office of the engineer of the third light house district, Tompkinsville, Staten Island, New York, on at a salary of \$100 per month, and the other at a salary of \$125 per month.

Persons desiring to compete should at once apply either to the United States civil service commission, Washington, D. C., or to the secretary of the local board of examiners for application blanks, which should be properly executed and filed with the commission at Washington.

Mrs. Molly Donahue left Thursday for her home in Missouri.

decorated in his honor and in the shop windows everywhere were displayed his portraits. At the top of the Rue de la Prie, near the Place de l'Opera, there was a magnificent triumphal arch covered with French and English flags and trophies. At the lower end of the Rue Castiglione there was a similar arch and the intermediate thoroughfares were tastefully decorated with flags and bunting and long rows of posts strung with colored electric lights.

The king is to remain in Paris until Monday morning. The program provided for his entertainment is as elaborate as that prepared for the entertainment of France's strong ally, the czar, on the occasion of his visit to Paris a year ago. Tomorrow will be the big day and in honor of the occasion many large firms have declared a general holiday for their employees. The program comprises a review at Vincennes of 12,000 troops of the garrison of Paris, and in the afternoon there will be a grand special race meeting at Longchamps, in which crack horses will be ridden by American jockeys. At the theater Francaise all the best comedienne will appear, and with Jules Claretie at the head will welcome the king in the historic green room. A gala performance at the opera will begin with the singing of "God Save the King," the American soprano, Miss Bessie Abbott, taking a prominent part. The performance will include the coronation march, composed for King Edward's accession by Saint Saens, the third act of La Statue, the trio of Faust and the superb ballet from Le Cid.

Sofre Alexandria, formerly a real estate dealer in this city, was married in New York city last week to a Polish woman, who came across the big pond for that purpose.

BADLY BURNED.

**A Roomer Saved the Scotti Building
But Got Scorched.**

E. G. FOWLER IN HOSPITAL.

E. G. Fowler displayed great presence of mind Wednesday night and probably saved the Scotti house, 605 South First street, from destruction by fire, but as a consequence of his bravery is lying in the Santa Fe Pacific ward of the St. Joseph hospital suffering from a badly burned leg.

Mr. Fowler came to Albuquerque on the 16th of April from Pittsburg, Kas., and accepted a position as tool dresser at the local shops. On the 21st he took a room at the Scotti rooming house.

Wednesday night he sat at a table in his room writing a letter. The lamp by which he was writing exploded filling the room with flames and covering his left leg with burning oil. Fearing that the house would be burned he put out the fire on the table, carpet and wood work, heedless of his burning clothes. He then succeeded in extinguishing the fire burning his clothes but not until his pants were about gone and his lower limbs badly scorched.

The most serious burn is one about twelve inches long, extending above and below the left knee.

After Fowler had put out all the fire he called in Mrs. Scotti and told what had happened.

Dr. Cutter, of the Santa Fe hospital, was summoned and the injured man was taken to the hospital.

Fowler was seen by a Citizen representative this afternoon and seemed in a very cheerful state of mind and thinks that he will be able to be out in a week or two.

Louis Springer, brother-in-law of Jesus Romero, of old town, will on Monday, at the church of San Felipe, wed Miss Luciana Garcia. After the ceremony, at 8 p. m., a grand ball will follow at the Mutual Protection society's hall.

Mrs. E. Strong, Miss M. C. Strong and Mrs. F. H. Blackmar have returned to the Alvarado, after a visit to the Grand Canyon in Arizona. They have been spending the winter here, and after a few days' rest Mrs. Strong will leave for his home in Hagerstown, Pa.

SICK SECRETARY

**The President's Clerk Sick at
St. Louis.**

GERMAN AGRICULTURISTS ARRIVE

**The Keene Interests Will Bring Suit
Against Southern Pacific.**

CITY OF ST. LOUIS STILL CELEBRATING

St. Louis, May 1.—It was feared that William Loeb, secretary to the president, who is ill at the Southern Hotel, was threatened with typhoid fever, but Dr. Behrens, the house physician, says that the patient will be able to leave on Sunday for Albuquerque, N. M., to rejoin President Roosevelt. The secretary was ill when the president's special arrived in St. Louis, Wednesday afternoon. He was taken to the Southern Hotel, where he remained in bed on dedication day, as he had contracted a fever.

"I am better now," stated Mr. Loeb. "The fever is all gone and I expect to be up by tomorrow. During the stay in the mountains I caught the mountain fever. I recovered in good shape but went back to work too soon."

GERMAN AGRICULTURISTS.

**They Will Make an Inspection Tour in
This Country.**

New York, May 1.—Forty-six German agriculturists will arrive in New York tomorrow. They will cross the continent, make a trip of 10,000 miles to study methods of farming and stock raising. Among them will be feudal land barons, scientists in the government service and students of agriculture.

J. L. Schultz, of the United States department of agriculture, is here to meet the visitors and two special cars are ready to take them on their long tour. They will travel by a southern route to California, up the Pacific coast and return to the Atlantic through the northern tier of states. The trip has been arranged to enable the visitors to inspect the great wheat regions of the west, the orchards of the north, the stock farms of the south and west, and the packing houses of Kansas City and Chicago. The tour will occupy nearly two months.

Railroad Suit.

Cincinnati, May 1.—In the suit of the Keene interests to enjoin the Hariman interests from voting the stock held by the Union Pacific company, at the postponed annual meeting of the Southern Pacific company, the appeal papers were filed today in the United States circuit court of appeals. It is not known when the appeal will be heard by the full court, but it is stated that an early date will be fixed. The application for an injunction against voting the Union Pacific stock was refused by Judge Lorton and the Southern Pacific election was postponed awaiting the hearing of the appeal from Judge Lorton's rule.

CONCERT FOLKS.

**The School of Music Members Re-
turned From West This Morning.**

AN ENJOYABLE TRIP.

The faculty of the school of music, who have been on a concert tour of the coast, returned this morning. The trip from every standpoint has been a most satisfactory and successful one. The company, consisting of Mr. and Mrs. John Douglas Walker, Mrs. Mabel Stevens-Himoe, Miss Florence S. Chapin and Robert T. Blair, with Mr. A. L. Newton, manager, accompanied by his wife, made the towns of Seligman, Needles, Barstow, Fresno, Point Richmond, San Francisco, Los Angeles, Flagstaff and Winslow, and in every case were greeted by large and appreciative audiences. The fact of late

trains interfered in a couple of instances with promptness, but the fine treatment accorded by the Santa Fe and Harvey house system amply repaid for these delays. The trip from every point of view was a success and the school of music is as well or better known than any institution of its kind in the great southwest. Great credit is due to Mr. A. L. Newton for the skillful manner in which he handled this party on the entire trip and the members are a unit in praising him as a business manager.

WORLD'S FAIR.

**Second Day's Program of the St. Louis
Celebration.**

St. Louis, May 1.—The second day of the dedicatory program of the Louisiana Purchase Exposition was given over to the foreign representatives and though the exercises appealed to the general public less than the brilliant pageantry of yesterday they were none the less interesting. At 10 o'clock this morning the members of the diplomatic corps, the foreign representatives and other official guests assembled at the St. Louis club and were conducted thence under military escort to the Liberal Arts building, where the exercises of the day were held.

Former Senator John M. Thurston, of the national commission, was in charge of the exercises and delivered a brief introductory address. President Francis of the exposition, followed with an address of welcome to the foreign representatives for whom response was made by M. Jusserand, the French ambassador at Washington. There was also a formal address by the Spanish minister and brief remarks by several of the other diplomats. The speeches were interspersed with musical selections and at the close of the program there was a centennial salute of 100 guns.

M'MAHON--HICKS.

**Thomas H. McMahon and Miss Dicy
Hicks Married.**

REVIVAL OF AN OLD LOVE.

After years of separation, neither knowing the whereabouts of the other, Miss Dicy Hicks and T. H. McMahon met in Albuquerque. This meeting occurred about five weeks ago while attending a social affair of the city. They were introduced by a friend, who thought them strangers. They danced together and in the course of conversation to the surprise of both discovered that they were from the same place in the east and had attended the same school. A courtship was struck up, which terminated on April 25 in a matrimonial knot tied by Judge Borchert. The witnesses to this quiet affair were Jean and Eva Gregory.

LOCAL PARAGRAPHS.

Bishop Pitaval, of Santa Fe, will be here on Sunday.

Charles Rollins, surveyor, from Williams, Arizona, is in the city on business.

The front of the "Alvarado" drug store was decorated late yesterday afternoon.

J. S. Black and wife, who were recently married, returned to the city last night.

Several Albuquerque merchants are showing some very attractive Roosevelt windows.

A flag pole is to be put up in Robinson park. Let us have more of them about the city.

Land Commissioner A. A. Keen is here from Santa Fe for several days visiting his family.

Sheriff H. C. Kinseel, of Santa Fe county, is here from the Ancient city today on official business.

Dr. George W. Harrison is expected to return tomorrow from a business trip to Santa Rosa, N. M.

Mrs. John H. Stingle, wife of the city attorney, will leave next week for an extended visit in Toronto, Canada.

Misses Myrta and Flossie Mitchner have arrived from Cripple Creek, Colo., joining here their brother, H. R. Mitchner.

Joseph A. Blondin, who has been spending several days in the Las Placitas mining district, returned last night to the city.

USUAL MAY DAY LABOR STRIKES

**Many Thousands Quit Work
in the Cities.**

EXPRESS OFFICE IN MEXICO ROBBED

**Proceedings in Texas to Forfeit a Railroad
Charter.**

New York, May 1.—The strikes of mechanics and laborers, which had been looked for today did not materialize to the extent that had been anticipated, although a great many men, including 30,000 Italian excavators are on strike. The agreement reached last night by the railroad officials and the marine engineers to submit their differences to arbitration put a stop to the general tie up of all freight steamers in this vicinity. The strike ordered by the teamsters' union last night has not as yet reached any proportions. The orders were issued to 4,000 members, but not one-fourth of these quit work.

Whole City Affected.

Bloomington, Ill., May 1.—Bloomington witnessed the most extensive strike among trades unions today that has been inaugurated in many years. Every member of the carpenters' union, horseshoers' union and several other minor organizations laid down their tools this morning when the bosses refused to sign the new scale of wages.

Chicago Strikers.

Chicago, May 1.—Two thousand five hundred members of the laundry workers' union quit work today. The Chinese laundries, of which it is estimated there are nearly 1,000 in Chicago, are to be involved in this war. The employers have issued a call for a meeting of every laundry proprietor in the city and suburbs for this afternoon and efforts are being made to induce the Mongolian washermen to stand by the laundrymen's association in its efforts to withstand the demands of the strikers.

Strike in Omaha.

Omaha, May 1.—Eighteen hundred men, including teamsters, hotel and restaurant employees and members of the building trades went on strike to-

DISTRICT COURT.

**The Yanow Assault Case Results in
a Light Fine.**

A FEW DIVORCE CASES.

In the district court this morning before Judge Baker the case of the territory against Henry Yanow, pawnbroker, was tried. Mr. Yanow was charged with an assault upon Mrs. R. Romero, which was occasioned by the loss of a ring from one of the trays in his store. He was fined \$5 and costs, the court holding there were a great many extenuating circumstances, and made the punishment light.

The case of the territory versus Gillenbeck, who was manager of the Harvey eating house in this city previous to the establishment of the Alvarado, was also tried. He was charged with neglecting to pay taxes for carrying on a general restaurant. The defendant sought to escape this tax upon the ground that such business was interstate commerce and beyond the power of the territory to tax. Judge Baker asked for briefs upon the question.

Mrs. Beatrice Espalin was granted a divorce from her husband on the ground of desertion.

The case of Charles K. Newhall, agent of the stockholders of the defunct Albuquerque National bank vs. Nell B. Field, is on trial this afternoon.

Rosendo de Valle has filed papers for divorce from his wife Maria Anna del Valle. Both have had enough of married life and each want the custody of their 4 year old boy.

day. Sympathetic strikes are anticipated which will bring the number on strike to 3,000.

Strike at Pueblo.

Pueblo, May 1.—Two hundred and twenty structural iron workers, employed at the Minnequa steel plant by the American Bridge company and Ritter Connelly company, struck today. They demand an eight hour day and 50 cents per hour. They have been working nine hours at 40 cents per hour.

Coal Miners May Strike.

Lafayette, Colo., May 1.—As a result of a meeting held at the Union coal camps of Erie, Lafayette, Louisville, Marshall and Superior, it was decided not to precipitate a general strike till after a thorough canvass of the entire northern district. Sub-district committees of the various camps called a meeting at three this afternoon, when the entire vote will be counted. Mine operations at the various camps is at a standstill today, only pump men and engineers at work. The general feeling is that the miners will return to work for fifteen days in order to allow time for arbitration.

EXPRESS ROBBERY.

**Mexican Courier Took the Safe and
Contents.**

Chicago, May 1.—A dispatch to the Tribune from Mexico City says: The fact that Wells-Fargo express was robbed of \$42,000 at Silao last week has come to light. The small safe is usually carried through the Mexican Central train to the office and thence to the Guauajuato train by courier. On the morning of the robbery the express messenger was warned to be careful of the safe, telling him that it contained a large sum of money. Instead of taking the safe to the office, the courier took it home. He called in a number of friends and opened it, dividing the money. Following the discovery of the robbery at Silao about forty persons were arrested and all but about \$11,000 of the money recovered.

FORFEIT CHARTER.

**Texas Railroad Failed to Carry Out
Charter Requirements.**

Austin, Texas, May 1.—A petition has been filed with the interstate commerce commission to direct the attorney general to institute suit to forfeit the charter of the Gulf, West Texas & Pacific Railroad company, a Southern Pacific property, for violation of charter requirements.

It is stated that this charter, which was granted in 1872, provides for certain extensions which have never been made. The line also is parallel with the New York, Texas & Mexican railroad, which is opened by the Southern Pacific.

Worked Up to Train Time.

It is understood that "Dr." R. E. Leatherman and wife, on the morning of their departure for Washington, D. C., met a lady friend on their way to the depot, and sold a ticket in the raffle drawing for the horse, rig and harness, although the property had been sold to George Wolfe, as previously stated in The Citizen. It is also learned that Leatherman worked the raffle racket to a queen's taste in Santa Fe, touching up quite a large number of people of the territorial capital. A warrant has been issued for his arrest. It is thought Leatherman's people at Washington will, when put in possession of all the facts about his misdeeds, send funds here to pay his accounts, and refund the raffle money he and wife collected.

Spring Winds Are Disagreeable!

They cause your face and hands to chap. Our **Almond Benzoin and White Hazel Cream** is a **WONDER**. Ladies become enthusiastic over it. If you haven't tried it, do so.

The Daily Citizen will be delivered

to the city at the low rate of 15 cents

per week, or for 60 cents per month,

when paid monthly. These rates are

less than those of any other daily paper

in the territory.

SUBSCRIBERS will confer a favor on

The Citizen by notifying us immediately

of any non-delivery of the paper.

That boycott urged by the Democrat

against The Citizen has proved a signal

failure.

American farmers are such successful

wheat growers that 56 per cent of the

crop goes abroad. England alone

paid \$67,000,000 for American wheat in

1901.

The new training squadron of thirteen

ships will accommodate 7,080 men

and apprentices on the Atlantic coast

and 1,602 men and apprentices on the

Pacific.

The trip of President Roosevelt will

cost the people of the United States

several million dollars in the way of

receptions and decorations, but it is

money well expended.

Residents along the line of the route

of the president's drive next Tuesday

should make an exceptional effort to

welcome our distinguished guest by

decorating their homes with flags and

bunting.

The Las Vegas Optic says that Davy

Crockett was one of the six survivors of

the Alamo massacre. There were no

American survivors of that heroic

struggle. The Alamo had no messenger

of defeat.

General Chaffee says he was in the

Philippines for three years and Miles

was there three weeks; therefore he

is willing to risk a court martial by

sassing back and calling his superior

officer "another."

Secretary Shaw, who has been criticized

because the "official" portrait

represents him with his hands in his

pockets, defends himself against his

Washington critics by explaining that

the pockets are his own.

In his speech at St. Louis yesterday,

President Roosevelt mentioned Santa

Fe. At the time of the Louisiana purchase

from France, Santa Fe was a larger

town than St. Louis, and almost

as large as New Orleans.

President Roosevelt made a good

speech yesterday at St. Louis on the

expansion policy of the United States.

He clearly indicates in this speech

that he is in favor of creating states

out of the remaining territories.

of the capitol, and will be introduced by Governor Otero in a short speech, which will be in well chosen words and appropriate to the occasion.

Morocco is the only country in northern Africa which still remains free from a European protectorate. However, if it cannot keep down its supply of sultans to a point a little nearer the demand it stands a good chance of quickly losing its cherished independence.

If every householder in the city will constitute himself a committee of one and take a rake and clean the street and the lawn in front of his house and the back alley and the lots, and take up all the old papers, rake up all the pebbles, and clean up generally, it will be a blessing both for the appearance and health of the city.

At the rate New Mexico is progressing, in a few years the petty political fights that are now going on will look silly in the light of the progress that will have been made. One big manufacturing establishment, or any other large enterprise of any kind, is worth to a community more than all the political fights and local bickerings that ever were carried on.

Any man who can bring a new dollar into the territory of New Mexico and make two blades of grass grow where one grew before, or who can manufacture anything to export or sell from the territory, or who can dig a dollar's worth of mineral out of the earth and sell it outside, is worth more to the territory than 100 persons who simply come here to get a job, or to make a living off those already here.

There are more than a thousand pages of scurrilous and defamatory matter printed in the Congressional Record of the Fifty-seventh congress against New Mexico and Arizona and the people of the two territories, nearly all of which is gross exaggeration or absolutely false. Let us during the president's visit, through the opportunity thus given us, refute as much as possible of this slander. It is an opportunity of a lifetime.

We need have no fear of overdoing things during the visit of the president. We cannot be any more strenuous than he is. Let us show him our courage. Albuquerque is going to do herself proud. She politely but firmly presents the statehood question to him. New Mexico wants statehood, and her people are not afraid to show that fact to the president of the United States, and have the Associated Press telegraph the fact all over the nation.

New Mexico is making more progress now and has been making more the last three years than at any time in all of its history. In fact it is now making more progress than any other part of the nation of equal population. Our people hardly realize what is going on. In order to understand the vast strides we are making, one must travel over the territory and see it for himself. Our area is so large that we cannot realize our progress while living in one town, or by simply traveling up and down the territory on the main lines of railroad.

That fake sensation of the Democrat that petitions were in circulation in this city and county, asking the governor to appoint Messrs. Gutierrez and Sanchez, in case they were beaten in the suit pending against them in the district court of this county, and which comes up for hearing tomorrow, is without the semblance of fact. The Democrat instigated the suit, has tried the case in its columns and decided against the commissioners without citing any precedent in law for its opinion, and by falsehood is trying to prejudice public opinion against the defendants in the case.

Arizona boasts of its "American population," yet New Mexico has more than twice the "American population" which that territory has. Arizona thinks it has a big pull with the democrats in congress because that party carried Arizona by less than 300 votes. It might be well to call to the minds of the Arizonians that there are more democratic voters in New Mexico than there are republican and democratic voters combined in Arizona. If Arizona does not come in and help the statehood measure, New Mexico may get in alone and then Arizona will stay

out of the union may be as long as it already has.

GEN. MILES' REPORT.

If General Miles' bitter personal hatred for the president and the administration were not so well known as it is, says the Colorado Springs Telegraph, his accumulation of rumors and gossip from the unfortunate Filipinos who have suffered from the results of the war, which he publishes, might to some extent influence public opinion adversely to the administration.

The phrasing of his sentences and the manner in which he makes his points show clearly his desire to take advantage of every bit of gossip, supported or unsupported, in order to injure the army and the administration.

In one instance he asserts that he was told that 600 Filipinos were suffocated by being packed in a small building.

The absurdity of such a charge does not seem to have occurred to the general.

He says that he asked the natives to make a written report and send it to him, but he never received the report. This is not surprising.

He, however, explains it thus—and here is where the animus shines forth in all its baldness.

"Whether any influence was brought to bear to prevent their statement, either by persuasion or coercion, I am not prepared to say at the present time."

If he is not prepared to say, and if he regards the honor of the army or the honor of his brother officers as worthy of any consideration, why was it necessary for him to make this base insinuation?

It did not suit his purpose to give the army or his brother officers the benefit of the doubt in forming any of his conclusions, based upon these complaints of a defeated people, who were naturally resentful, and who naturally felt that they had been unjustly and harshly dealt with.

JEMEZ & SULPHUR HOT SPRINGS STAGE LINE.

Carries the U. S. mail; only line with a change of stock en route; good rigs, horses and drivers; leaves Albuquerque every day in the week, except Sunday, at 5 a. m. For particulars address W. L. Trimble & Co., agents, Albuquerque, or J. D. BLOCK, proprietor, Jemez, N. M.

A BEAR FOR TEDDY.

If Acceptable to Him Mr. Roosevelt Will Receive Bruin as a Gift While Here.

Cicero Weldner, of Espanola, formerly chief of police of Santa Fe, has inquired of Mayor I. Sparks, asking if the latter deemed the presentation of a bear to President Roosevelt would be out of place and if he thought the president would accept the gift. It is probable that a message of inquiry will be sent Mr. Roosevelt, and if he signifies his willingness to be incumbered with the pet for the rest of his trip, Weldner will bring a black bear, owned by him, here and present it to Colonel Roosevelt. The animal is a pet. As soon as he receives a reply, Mr. Weldner will immediately construct a nice, new cage for bruin, provided the gift is acceptable. New Mexican.

A Demented Woman.

Deputy Sheriff C. R. Ueber has returned to Santa Fe from Lamy with a strange woman in his custody, who is evidently demented. She was put off a Santa Fe railway train there and par-

WORN TO A SHADOW.

When there is a falling off in flesh in woman or man there is "something wrong." And that something wrong is generally a loss of nutrition due to disease of the stomach and the other organs of digestion and nutrition. Some times this loss of flesh is accompanied by variable appetite, but in many cases the appetite does not fail and there may be a constant desire to eat. Languor, nervousness, irritability, sleeplessness, are symptoms often associated with this loss of nutrition and falling off in flesh.

Doctor Pierce's Golden Medical Discovery cures disease of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food so that lost flesh is regained and the physical health re-established.

"I had suffered from indigestion and only those who have suffered from it know what it really is," writes Mrs. M. J. Pagan, of 1643 East Genesee St., Syracuse, N. Y. "I had had severe attacks of heartache and dizziness, with cold hands and feet; everything I ate distressed me, bowels were constipated and I was growing very thin and nervous. I cannot half express the bad feelings I had when I commenced taking Dr. Pierce's Golden Medical Discovery. I took nine bottles of the 'Discovery' and have taken several bottles of Dr. Pierce's Pleasant Pellets. I commenced feeling better with the first bottle and kept on improving. Now I am so greatly improved in health my friends often speak of it. I most heartily recommend these medicines to all suffering as I was."

The People's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps for expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

HOSTETTER'S STOMACH BITTERS

Is entitled to the highest praise as a family medicine if you judge it by its merit and record of cures during the past fifty years. No other remedy can take its place because it is the best that science can produce as a cure for Belching, Heartburn, indigestion, Biliousness, Dyspepsia, Insomnia, and Nervousness. It is also an excellent tonic and blood purifier. Don't fail to try it. It has never been known to fail.

ties at the junction wired for the sheriff to go down after the woman. She is not inclined to be hostile, but where she is from and her name she is not inclined to divulge. She states that she boarded a Santa Fe train at Denver, but does not know why she was put off at Lamy and seems to care a whole lot less. She amuses herself by talking in a rambling strain and singing alternately. She is in the county jail, but application will likely be made for a berth for her at the asylum at Las Vegas. The woman states that she is of French and Italian parentage, and is plainly dressed. When asked where she was going when put off the train, she made no reasonable reply.

For Those Who Live On Farms. Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. It is a dandy for burns." Those who live on farms are especially liable to many accidental cuts, burns and bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency. 25c, 50c and \$1.00 at J. H. O'Reilly & Co.

SAYS ROADS DELAYED CATTLE

T. W. Boone, of New Mexico, Wants Damages for Dead Stock.

A suit was filed in the district court at El Paso, T. W. Boone vs. the Southern Pacific and Rock Island railroad companies, for damages. The case will be heard in Judge Goggan's court.

T. W. Boone is a New Mexico cattle man and alleges that November 10, 1902, he delivered to the defendants at Deming, forty-six head of bulls and seven calves. That due to unnecessary delay in transit seven head died, and that the whole lot shrank to the amount of \$643; he claimed that the roads held his stock on the way for over 134 hours, while sixty-five hours are all that are usually used in putting cattle on the Kansas City market.

Therefore he prays damages for \$643, with interest and costs of suit.

The Waste of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by B. H. Briggs & Co., S. Vann & Son.

Railroad Topics

Jury Martin has been transferred from Topeka to Winslow, Ariz., as general foreman of the shops there.

Mrs. D. D. Carter, wife of the well known conductor, at Winslow, has just recovered from a severe sick spell.

Arrivals by the passenger trains report considerable snow between Raton and La Junta and thick ice from Las Vegas north.

B. D. Caldwell, vice president of the Delaware & Lackawanna, is quoted as saying that the Northern Securities decision would stand.

E. A. Hill, the conductor, who was painfully injured about six weeks ago, has returned to Winslow from Los Angeles and will soon resume duties.

J. B. Smalley has been appointed superintendent of the Iowa division of the Chicago, Rock Island & Pacific, with offices at Des Moines. He succeeds W. J. Lawrence.

Engineer Henry Helde, of Winslow, is wearing a broad smile these days. Upon inquiry it was learned that on Sunday evening Mrs. Helde presented him with a beautiful little daughter.

C. A. Schooley and C. M. Moore left Las Vegas for Topeka Wednesday as delegates from the Y. M. C. A. to the international railway Y. M. C. A. convention which opened there Thursday.

Arthur Miller, a young man from St. Johns, Ariz., who has been working for a short time in the Winslow round house, had his foot badly mashed a few days ago. He was sent to the hospital at Los Angeles.

News has reached the city that Claude Rainey, well known, and at present bracing on the Waldo branch, was the proud papa of a bouncing boy baby which arrived at his home in Madrid, Sunday morning.

Percy Ross, the obliging clerk in Superintendent D. A. Shope's department, Winslow, left for San Francisco. He will represent the Episcopal church of Winslow as a delegate to the Pacific coast missionary society.

H. A. Harvey drove into Las Vegas from his resort, bringing H. M. Ashton, who left for his home in Muscatine, Iowa. Mr. Ashton will make a roundabout journey via Oklahoma City. Mr. Harvey has returned to his ranch.

A. P. Fulcher of the office of the Santa Fe ticket auditor at Topeka, has accepted a better position with the Santa Fe, Phoenix & Prescott at Prescott, Ariz. He is now on his way to Prescott. Mr. Fulcher will be succeeded by Frank E. Banks.

Jose Tofia, a section hand, was taken to Winslow from Dennison with a badly crushed arm. He was knocked down by a hand car and received the unfortunate injury. His injuries were attended by Dr. Brown, the company's surgeon, and he was sent to the hospital at Los Angeles.

H. E. Whittenberger, superintendent of the fourth division of the Denver & Rio Grande railroad, was in Santa Fe Wednesday night. He was accompanied by S. M. Shattuck, traveling passenger agent of the Baltimore & Ohio, and Philip P. Hitchcock, traveling passenger agent of the Wabash. The whole party came on to Albuquerque in Mr. Whittenberger's private car.

Almost every mile of track between this city and Las Vegas is being regraded and the bridges are being raised to grade. Both grading crews and bridge crews are very busy. When the labors have been completed, the line between this city and Las Vegas will be in as good condition as it is possible to make it. Heavy steel rails and a solid road bed will enable a considerable increase in speed.

Hundreds of laborers on the new Moffat road in Colorado are to be taken into the labor unions. Organizers of Denver are preparing to make a tour of the camps. The movement is for the purpose of protecting the Colorado laborer from the importation of an undesirable class the contractors are bringing into the country. At present there is no organization among the men and there is no way of insuring the proper scale of wages.

H. G. Clark is appointed superintendent of the western division and Central Branch railway, Missouri Pacific system, with offices at Atchison, Kan., vice C. M. Rathburn, resigned. Clark is a new man in Atchison, and was not included in any of the numerous guesses made. Mr. Clark was general superintendent of the Missouri Pacific for many years and subsequently he was manager of the Choctaw, Oklahoma & Gulf. His return to the Gould system is heartily welcomed by the operating officials throughout the west.

The railroad people are drilling a well at Yucca. The hole will be a fourteen-inch bore and will be drilled to a depth of 1,000 feet. A standard rig is used. The old well at that place has practically given out and the necessities of the company demand that a better supply of water be furnished.

All along the road the company is bettering its water supply and preparing for a big rush of business next fall and winter. It is expected that the road will be rushed to the utmost of its carrying capacity during the years 1903 and 1904.

Switch engine No. 2162 is again bunting cars around the yards after a siege in the shops.

G. L. Pfundstein, traveling auditor for the Santa Fe, with offices at Trinidad, Colo., was an Albuquerque visitor yesterday.

J. C. Brown, auditor for the Harvey system, and wife, passed through this city this morning on delayed train No. 2, for their home in Kansas City. They were returning from Los Angeles, where Mrs. Brown has been staying.

Passenger train No. 2 from the west was two hours late this morning, the delay being caused by everything in general and nothing in particular. It was a very heavy train and experienced some trouble making some of the heavy grades. It was made up of twelve cars, all well loaded.

Those Zuni mountain engines, which attracted more or less attention while sidetracked near the Railroad avenue crossing because of their being so small, that is, they seemed small to any one accustomed to seeing the stupendous mountain climbers the Santa Fe uses in New Mexico have been run into the local Santa Fe Pacific shops to be repaired and cleaned up, and made ready for service. They are the property of the American Lumber company and will trundle log trains over the company's log road in the Zuni mountains.

The Flagstaff Sun says: William Greene, colored, and Harry Ford, two hoboes, were put off the east bound passenger train at Angell Monday and they did not like the idea of being left at that out of the way station, and in a spirit of revenge they threw rocks at the train, breaking several windows in the coaches. They were arrested and brought to Flagstaff and taken before Justice of the Peace Quinlan, who after examination, held them to appear before the next grand jury. They were unable to give bail and will be inmates of the county jail until next September.

Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists, G. G. Green, Woodbury, N. J. J. H. O'Reilly & Co.

Santa Fe Survey Party.

There arrived here Tuesday a party of seventeen men from Arizona comprising a survey party of the Santa Fe. They left here with supplies Wednesday for Parker, going overland by the country road. They will run a preliminary line from a point near Parker, connecting with the lines which have already been run from Congress and Wickenburg, intersecting the main line of the Santa Fe near Ambloy, west of here. The line from Congress to the Colorado river is ninety-five miles long and the one from Wickenburg is 115 with a maximum grade of 1 per cent. It is expected that the line from the river crossing to its intersection with the main line in California will not exceed 1 per cent.—Needles Eye.

The Best Liniment.

"I have derived great benefit from the use of Chamberlain's Pain Balm for rheumatism and lumbago," says Mrs. Anna Hagelans, of Tuckahoe, N. J. "My husband used it for a sprained back and was also quickly relieved. In fact it is the best family liniment I have ever used. I would not think of being without it. I have recommended it to many and they always speak very highly of it and declare its merits are wonderful." For sale by all druggists.

Chief Young Entertained.

Chief E. L. Cumback, of the Needles fire department, and wife, entertained Chief C. O. Young, of the Coast Lines Fire department, and wife, of Albuquerque, N. M., several days this week, says the Needles Eye. Chief Young does not hesitate to say that the Needles fire department ranks first in inspection of any of the departments west of Albuquerque. He compliments the department, also, upon their efficiency and in this Chief Young has an

abundance of good judgment. If the people of Needles don't believe that our fire department is first class and offering to the property owners of the city the best protection from fire that has ever been enjoyed here, they should make some investigation at their own expense and learn what constitutes the equipment and training of the department.

Will Cure Consumption.

A. A. Herren, of Finch, Ark., writes, "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." Alvarado Pharmacy.

Santa Fe Has Bought Randsburg Railroad.

A recent Los Angeles dispatch says: Official announcement was made from the headquarters of the Santa Fe in this city of the purchase by that company of the Randsburg railroad, which connects the Randsburg mining district with the main line of the Santa Fe at Kramer, a short distance north of Barstow.

The Randsburg railroad was built seven years ago by Senator Depew and a number of other New York railroad men for the purpose of developing mines in the Randsburg district. The road is twenty-seven miles long and runs from Kramer, on the Santa Fe, to Johannesburg, four miles from Randsburg. The Santa Fe will take possession May 12.

Too Great a Risk.

In almost every neighborhood someone has died from an attack of colic or cholera morbus, often medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by all druggists.

OUT OF THE ORDINARY.

Southern Pacific Lets Out 1,000 of Its Shopmen.

The Southern Pacific company Tuesday discharged 1,000 of its shopmen. At Sacramento the number of men let out was 300. The remainder were discharged from the shops in Oakland, San Francisco, Los Angeles, Ogden, Tucson and Portland. The reason given for this reduction is a lack of work and a consequent desire to save expenses. By this reduction the company will save fully \$75,000 a month in wages. N. H. Foster, assistant to Manager Agler, said that it was nothing new for the company to let out a number of men at this time of the year. Work was slack just now, and that was the only reason for discharging any of the men. When work in the shops improved, he said, the men let out would be taken back. It may be three or four months before any of them are re-employed.

Spring Ailments.

There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind needed toning up. The trouble is, that during winter, there has been an accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a right exit, and by its tonic effect, fully restore the wasted tissues and give strength in place of weakness. 50c at J. H. O'Reilly & Co.

SURVEY IS COMPLETE.

Santa Fe Finds New Route for Panhandle Line.

The Santa Fe has completed a survey of its entire Panhandle line from Amarillo, Texas, to Wellington, Kan., for the purpose of securing a better route. In Oklahoma a new route entirely has been selected across the Cimarron and North Canadian rivers, in Woodward county, to avoid the steep grades and sharp curves through the Tucker hills. The road will be re-modeled for heavy traffic as a part of the Santa Fe's new California line.

Traveling Is Dangerous.

Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very hard, suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. E. Hausan, locomotive engineer, Lima, Ohio, writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." Alvarado Pharmacy.

M'Kanna Scores Again.

Pecos Valley Lines Adopt His Train Order Device.

"Dad" McKanna, the retired Santa Fe engineer, who a short time ago got a patent on an arrangement to hand train orders to an engineer without stopping the train, returned to Emporia, Kan., from a trip to Amarillo, Tex. While there Mr. McKanna had an interview with the officials of

Ayer's Hair Vigor

Makes the hair grow because it is a hair-food. It feeds the hair and the hair grows, that's all there is to it. It stops falling of the hair, too, and restores color to gray hair.

the Pecos Valley line and his patent was adopted on that line. The invention is a hoop arrangement. Some of the big railroads have figured that it costs the company in fuel, wear and tear on the machinery, etc., a dollar every time a train is stopped. The arrangement Mr. McKanna has would save every train on the system dozens of stops every day.

Alvarado Trio.

The following pleasing program will be rendered at the Alvarado this evening, during dinner hours: Overture—"Martha".....Flowtow Waltz—Sanliago.....Corbin March—Blennerhasset.....Arnold Euphonia.....Hindley Character Dance—Roxala.....Arnold Medley.....Beyer Waltz—Lazarre.....Blanke Story of the Flowers.....Ostmann Salome—Intermezzo.....Lorraine Hunky Dory.....Holzmann

What is Foley's Kidney Cure? Answer: It is made from a prescription of a leading Chicago physician, and one of the most eminent in the country. The ingredients are the purest that money can buy, and are scientifically combined to get their utmost value. Alvarado Pharmacy.

World Wide Reputation.

White's Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influences on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to health, vigor and elasticity of spirits natural to childhood. 25c at J. H. O'Reilly & Co.

W. D. Rockefeller, who was here with Col. G. G. Green and party at the Alvarado, is in no way whatever connected with John D. Rockefeller or any of his kin.

Cures When Doctors Fail.

Mrs. Frank Chiasson, Patterson, La., writes June 8th, 1901: "I had malaria fever in very bad form, was under treatment by doctors, but as soon as I stopped taking their medicine the fever would return. I used a sample bottle of Herbine, found it helped me. Then bought two bottles, which completely cured me. I feel grateful to you for furnishing such a splendid medicine, and can honestly recommend it to those suffering from malaria, as it will surely cure them." Herbine, 50c at J. H. O'Reilly & Co.

Quick Arrest.

J. A. Gullidge of Verbena, Ala., was twice in the hospital from a severe case of piles causing twenty-four tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at all druggists.

LOCAL PARAGRAPHS

W. D. McFerran, the efficient agent for the Wells Fargo Express company, was a visitor to Gallup the other day.

The First National bank building is being handsomely decorated this afternoon, with flags, bunting and miniature pictures of Roosevelt.

Mrs. Mary Scott, 695 South Second street, has as her guest Mrs. P. Cella, of Denver, Colo. She expects to be in the city for a couple of weeks.

Mr. and Mrs. Ben Bibo, of Los Lunas, were in the city yesterday and left for the west last evening. Mr. Bibo is the assessor of Valencia county.

"Life among the Hopi Indians" will be Miss Adella Williams' subject at the Baptist church next Tuesday evening. The Indian band will furnish music.

Miss Virginia Perea, of Santa Fe, who has been spending a week in Albuquerque visiting her cousin, Mrs. G. W. Harrison, returned home this morning.

A. J. Warren, the telegraph operator at Gonzales, out on the divide on the Santa Fe Pacific, is in the city to remain until after the President Roosevelt reception.

Hon. Alex. Bowie, a prominent citizen of Gallup, who was at Denver and other Colorado cities on business, passed through the city the other evening homebound.

James Shuman, a business man of Eureka Springs, Ark., is in the city for a few months' recreation and to test the salubrious qualities of New Mexico's climate.

H. B. McNassar has returned to Senorito camp, in the Nacimiento mountains, where he will take charge of the blacksmithing of the Jura-Trias Copper company.

Every citizen, rich or poor, great and small, residing along the parade line, is requested to decorate. Albuquerque is to do herself proud and everybody can help.

Decorators got to work today on Second street, and a few flags and some bunting now ornament the Farr meat market. Others on this popular street are getting in line.

Conductor Barney, of the Santa Fe Pacific, has let the contract to John Hart for the erection of a two story frame residence on West Railroad avenue.

It will be a handsome home, with all modern conveniences.

The stand for the statehood tableau, at the north gate of the Alvarado hotel, is receiving the attention of the decorators this afternoon. Everything at this time looks bright for Roosevelt day—May 5—and everybody intends to look their best on that day.

H. M. Crane, representing the N. O. Nelson Manufacturing company, of St. Louis, is in the city, after a long business trip which took him to the Pacific coast and Mexico cities. He says he found business exceptionally good in all cities visited, and discovered that the government is expending an immense amount of money in enlarging the military forts of the west and southwest.

BUSINESS CHANGE.

Wetherill & Horabin Dissolved and A. B. McGaffey Becomes a Partner.

The firm of Wetherill & Horabin has been dissolved, Mr. Wetherill retiring. William Horabin and A. B. McGaffey, manager of the Hyde Exploring expedition store in this city, have formed a partnership and will start business at Thoreau.

The new firm will continue the extensive and flourishing trade with the Navajos, Zunis, Pueblos and other natives of this part of the territory. The new firm has secured the contract to furnish the supplies to the employees of the American Lumber company.

About a hundred graders are now at work on the lumber company's railroad to the pine woods. The tracks will soon be laid and when the saw mills get down to work there will be something doing in and about Thoreau.

Mr. Horabin left last evening for that place where he will manage the business.

"Neglected colds make fat graveyards," Dr. Wood's Norway Pine Syrup helps men and women to a happy, vigorous old age.

First Regiment Band Will Play.

The following special order has been issued by Colonel Borradaile:

Albuquerque, N. M., April 30.—Special order No. 13: The First Regiment band under the leadership of Principal Musician James Devine, will report for duty at the Alvarado hotel at 1 p. m., May 5th, 1903, in full dress uniform. By order

JOHN BORRADAILE, Colonel.

JOHN H. STINGLE, Captain and Adjutant.

Leatherman's Goat Ranch.

Roy E. Leatherman, deputy United States marshal for New Mexico, and his wife, passed through the city from Albuquerque this morning on their

way to Washington, D. C. Mrs. Leatherman will visit her parents, while her lesser half will organize a stock company for the purpose of stocking a range in the Manzanos with goats.—Optic.

So "Dr." R. E. Leatherman, the skipper, who skipped out after a scaly raffish transaction, is going into the goat business, and has gone back east to "organize a stock company for the purpose of stocking a range in the Manzanos with goats." The "doctor" will find it a hard matter to get men interested in any of his schemes, after they read what the Albuquerque papers have been saying about the "doctor" and some of his dishonest transactions hereabouts.

Foley's Honey and Tar is peculiarly adapted for asthma, bronchitis and hoarseness. Alvarado Pharmacy.

YEOMANS-ELLIS.

H. Yeomans and Miss Maud Ellis Married Yesterday.

At the Ellis ranch, on the summit of the Sandia mountains, at high noon yesterday occurred the marriage of H. Yeomans and Miss Maud Ellis. The ceremony was performed by a minister from Gallup who is visiting at the Ellis home.

The bride is the daughter of the proprietor of the mountain resort and is quite well known in Albuquerque. The groom is from Arizona.

The young folks came down from the mountains yesterday evening and spent the night at the Alvarado. They are still at the hotel today, but have managed to keep away from the reporters, or else The Citizen would give a few more particulars about the affair.

Mr. and Mrs. Yeomans will make their home in Arizona.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver trouble so I prescribed them. The patient gained from the first, and has not had an attack in fourteen months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only one at all druggists.

Card of Thanks.

We wish to extend our thanks to the public for the kindness shown us in our recent affliction in the death of Mary Reynolds.

MRS. FLORENCE REYNOLDS,
MRS. C. E. LEON,
MR. S. B. DRAKE,
MRS. ALICE HYNDY,

MRS. LOTTIE LANE.

MARKE TLETTER.

Special Correspondence.

Kansas City, April 27.—Cattle receipts at Kansas City last week amounted to 26,989 head, as against 22,840 head the corresponding week last year. The run was 8,000 less than the previous week, and the decrease was mostly fat steers. Consequently fed steers sold strong and higher every day and gained 25 cents during the week. Cows sold quietly all week, and closed a shade higher. Bulls sold well and maintained the gain of previous week. Stockers and feeders made an average loss of 20 cents for the week, although choice kinds were no lower, and sold almost as high as fat steers, as best stockers brought \$5.20, while top beef was at \$5.30. Western fat steers sold up to \$4.95, on Thursday, with numerous sales above \$4.60. Western heifers brought from \$2.85 to \$4.45. Veal calves lost 50 cents last week, and bring around \$6.50 for best. The run today is 7,000 head of cattle, a gain of 2,000 over a week ago. Eastern markets report a big run and lower prices. The first sales today were on a steady basis, but later bids were from weak to 10 cents lower. A liberal supply of beef steers are on the market. Stockers and feeders are selling steady with last week's close. The supply of cows is moderate, and the good kinds are steady, others closing weak. Indications favor a liberal supply of cattle for current week.

Sheep receipts at Kansas City last week were 32,842 head as compared with 15,116 head corresponding week last year. Western lambs were scarce and opened the week 15 cents higher. Bulk of run last week were southern grass muttons, containing no lambs, and Colorado and western shippers had no southern competition in lambs. The result was that sheep sold lower every day, and lambs gained ground. The run today is fair at 6,000 head and lambs are steady. Mr. Forder, of La Junta, Colo., sold two double decks of lambs today, 71 pounds, at \$6.65. Muttons, on the other hand, are slow sale, and are probably 25 to 40 cents under a week ago. Woolled wethers are worth up to \$5.80, ewes \$5. Tex- and Arizona sel from \$4.25 to \$4.85. Nine loads from Mesa, Arizona, brought \$4.75 and \$4.85 last week.

weighing 90 pounds. Clipped Texans sold Thursday at \$4.55. Packers claim demoralized mutton markets in east are responsible for their present attitude toward grass sheep.

CLOSED BUSINESS.

Managers of St. Louis World's Fair Meet and Wind Up Their Affairs.

Yesterday at Santa Fe the New Mexico commissioners of the St. Louis world's fair met and closed up their business of the past two years.

The meeting was called to order by Judge H. L. Waldo, president of the commission, and those present were: Henry L. Waldo, president; R. J. Allen, treasurer; Thomas Hughes, secretary; W. B. Walton and Thomas S.

PROPOSALS.

DENVER, COLO., APRIL 30, 1903.—Sealed proposals in triplicate will be received here, and at office of Quartermaster at each post here, until 11 o'clock A. M., May 30, 1903, for furnishing fuel at Forts Arapahoe, Buena Vista, Fort Collins, Fort Laramie, Fort Lytle, Fort Morgan, Fort Parker, Fort Randall, Fort Robinson, Fort Union, Fort Verde, Fort Wallace, Fort Yuma, and Fort Zuni, Colorado, during fiscal year ending June 30, 1904. Proposals for quantities less than the whole required, or for delivery at points other than those named, will be entertained. Rights is reserved to accept or reject any or all proposals, or any part thereof. Informal proposals on application here or at a place of respective post quartermasters. Envelopes to be marked "Proposals for Fuel." J. W. P. F. Chief Q. M.

Trabajo en los Campos de Betabel, en Rocky Ford, Colorado.

Se necesitan: Un gran número de hombres, mujeres y niños para desahar, desahar, escaudar y cosechar betabel de azucar en Rocky Ford, Colorado, y su vecindario. Familias enteras, especialmente hallarán trabajo remunerativo.

Todas las estaciones donde se requiere este trabajo están situadas en el ferrocarril Atchison, Topeka y Santa Fe entre Fowler, La Junta y Holly, Colorado.

El trabajo en los campos del betabel dura desde el día primero de Mayo hasta el fin de Julio, de hay se sigue la oportunidad de ser empleado en la corta de sacate y en las siembras de sandia y de melones.

Tiempo de cosecha para el betabel azucar desde mediados de Setiembre hasta fines de Noviembre.

Los sembradores generalmente pagan a 15 centavos por hora, pero el trabajo generalmente se da por contrato per el acre tan pronto como el trabajador entiende bien el negocio. Los que son buenos trabajadores siempre prefieren hacer sus contratos por el acre por que así ganan much más dinero.

Se necesitan tambien personas responsables para que sirvan de mayordomos a hagan arreglos para campos de cocina, por que los sembradores no pueden dar la comida a tan grande cantidad de gente.

Albuquerque, New Mexico

Hubbell, members. The business before the board was the closing up of its affairs as its existence had been terminated by an act of the thirty-fifth legislative assembly, creating a new board. Expense accounts were attended to and allowed. The treasurer was directed to turn the funds pertaining to the board now in his possession into the territorial treasury.

The board legislated itself out of existence, desiring to turn the money accumulated into the school fund of the territory. Judge Waldo, president of the board, deserves credit for this action. He is earnest in his assertion that it would be much better to spend money on the education of the children of New Mexico than in squandering the money on expositions and parades.

The entire expenses of the commission in the two years of its existence amounted to \$572.45. This includes clerical help, printing, postage, meetings of board, sending M. W. Porterfield to St. Louis to secure space for exhibit, and shows that the affairs of the board were economically managed.

Bad blood and indigestion are deadly enemies to good health. Burdock Blood Bitters destroys them.

Police Court.

One lone prisoner was before Judge Crawford this morning. Albert Crippen, who said he was on his way to Winslow, Arizona, was charged with committing a nuisance on the streets yesterday. Five days.

Mr. Joseph Pomerville, of Stillwater, Minn., after having spent over \$2,000 with the best doctors for stomach trouble, without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. If troubled with indigestion, bad taste in the mouth, lack of appetite or constipation, give these Tablets on trial, and you are certain to be more than pleased with the result. For sale at 25 cents per box at all druggists.

MARRIAGE RECORDS.

The following certificates of marriage have been filed in the office of County Clerk Summers since the first of the year. The number is not large and it is doubtful as to whether or not all the matrimonial occurrences of Bernalillo the past few months have been recorded. If all have been filed Bernalillo county ministers and justices of the peace have not taken very

many ducats from sales of matrimonial stock occurring this spring. Those recorded are:

February 5—William H. Barbee and Miss Mabel Morehead, both of Albuquerque.

February—Hugo Schulte and Anna Brown, both of Alameda, Bernalillo county.

February 5—Horace A. Dorsey and Bertha L. Jackson, both of Albuquerque.

February 16—Charles T. Nicholson and Elizabeth A. Menaul, both of Albuquerque.

February 27—Thomas Ruiz and Louisa Candelaria, both of Bernalillo.

April 4—Fred H. Lamson and Anna H. Ross, both of Bernalillo county.

April 20—H. L. Lowitzki and Maria Martinez, both of Bernalillo county.

April 25—T. H. McMahon and Dicy J. Hicks, both of Albuquerque.

FROM EAR TO MOUTH.

The Chef at Montezuma Hotel, Las Vegas Hot Springs, Badly Cut.

CUT BY A NATIVE THIEF.

What came near being a fatal cutting affray occurred at the hot springs yesterday, when Rinaldo Roy-bay slashed Louis Thyrion, chef at the Montezuma, with a knife and laid his cheek open from lobe of the right ear to the corner of the mouth, says the Las Vegas Record.

It is hard to understand just what caused the trouble, but from deductions made from both sides of the story it seems that the Mexican was detected in the act of making away with several articles belonging to the hotel.

The facts as near as can be learned are that while Manager Talbot was out walking at the foot of the hill, Roy-bay passed him in a wagon and was stopped by Talbot, as the latter had noticed several pieces of carpet in that vehicle which he readily recognized as belonging to the hotel. He asked Roy-bay where he got them and the latter replied that he had found them out on the grounds surrounding the hotel.

As the man had no right to appropriate articles found on the hotel grounds the manager decided to search farther, which he did, and, among other articles in the wagon, unearthed several towels marked "Montezuma" and "Santa Fe Route," which to his mind was conclusive evidence that Roy-bay had not obtained them honestly.

While Manager Talbot was making no search Roy-bay rushed upon him, but was thrown off by the latter, who took no further notice of the fellow, but continued his search. Suddenly he was startled by a cry from Thyrion, who was standing a short distance away, and who called to Mr. Talbot that the Mexican had drawn a knife. Mr. Thyrion saw the man's intention and sought to interfere, whereupon the Mexican used the knife on him to such an extent that his right cheek was laid wide open with one slash of the wicked blade. The cut laid the flesh open from ear to mouth and penetrated the mouth, making a most serious, although not necessarily fatal, wound.

Roy-bay left the springs immediately after the trouble and was arrested at Bridge street on a telephone message from the management of the hotel and lodged in jail, where he remained until this morning, when Sheriff Cleofes Romero took him to the springs for a preliminary hearing, but on their arrival there it was discovered that the serious condition of Thyrion precluded all possibility of his being able to testify, so the hearing was set for the 5th of May, at which time it is hoped he will be able to talk, and Sheriff Romero returned to this city with his prisoner.

Louis Thyrion, the wounded man, received medical attention immediately after the trouble and at last accounts was resting easy, although he had a very severe wound, which will likely disfigure him for life.

A Little Early Riser.
now and then, at bedtime, will cure constipation, biliousness and liver trouble. DeWitt's Little Early Risers are famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectively, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by B. H. Briggs & Co., S. Vann & Son.

Thoroughbred Bulls.
H. J. Ramer arrived in town yesterday from his ranch in New Mexico with a car of thoroughbred bulls, which he will take to Pleasant valley. The railroad company, it seems, did not take the proper care of them. D. R. Heard and Mr. Day, cattle buyers from Phoenix, will accompany him to his ranch in Pleasant valley, where they intend purchasing cattle.—Holbrook Argus.

You never heard of any one using Foley's Honey and Tar and not being satisfied. Alvarado Pharmacy.

Huning Moves to California.
Henry Huning came down from Show Low on Sunday evening and left for his new home in Santa Barbara, Cal., Tuesday morning. Mr. Huning sold his large ranch at Show Low to William Flake and others, who intend to build a village on the place. Mr.

Huning has long been a resident of this county and has numerous friends throughout the county who regretted to see him leave and wish him happiness in his new home.—Holbrook Argus.

Mr. Huning is well known in Albuquerque and is a brother of Franz Huning of old town. The gentleman is the owner of some valuable real estate in this city.

LICENSE TO DO BUSINESS.

The following is a partial list of Albuquerque merchants who have paid their occupation taxes:

W. H. McMillon, real estate agent, twelve months, extending from December 6, 1932, to December 6, 1933; county, \$5; school, \$5.

The Albuquerque Cycle and Arms company, merchandise dealers, twelve months, extending from January 1, 1933, to January 1, 1934; county, \$5; school, \$5.

A. Fleischer, real estate agent, six months, extending from January 1, 1933, to July 1, 1933; county, \$2.50; school, \$2.50.

A. Fleischer, insurance agent, six months, extending from January 1, 1933, to July 1, 1933; county, \$2.50; school, \$2.50.

Brad Jones, place of amusement, twelve months, extending from January 1, 1933; county, \$5; school, \$5.

D. H. Boatright, dealer in merchandise, twelve months, extending from January 1, 1933; county, \$10; school, \$10.

C. Colombo Society, hall keepers, twelve months, extending from January 1, 1933; county, \$5; school, \$5.

W. V. Futrelle & Co., dealers in furniture, twelve months, extending from January 1, 1933; county, \$5; school, \$5.

O. W. Strong & Sons, dealers in merchandise, twelve months, extending from January 1, 1933; county, \$10; school, \$10.

D. Weiller & Co., dealers in groceries, six months, extending from first of year, 1933; county, \$5; school, \$5.

H. B. Weiller & Co., dealers in merchandise, six months, extending from January 1, 1933; county \$2.50; school, \$2.50.

Eduardo Vigil, dealer in merchandise, six months, extending from January 1, 1933; county, \$2.50; school, \$2.50.

Gross, Kelly & Co., dealers in merchandise, doing wholesale business, twelve months, extending from first of year, 1933; county, \$75; school, \$75.

J. L. Bell & Co., dealers in groceries, six months, extending from January 1, 1933; county, \$5; school, \$5.

Los Angeles restaurant, six months, extending from October 1, 1932; county, \$10; school, \$10.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre of Shepherdsburg, W. Va., says, "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for croup, whooping cough, grip, pneumonia and consumption. Try it. It's guaranteed by all druggists. Trial bottles free. Regular sizes 50c, \$1.00.

Addition to Hospital.
The addition building of the St. Joseph's hospital, now in course of construction, is nearing completion. The brick work was finished yesterday and the frame part of the building is under way.

The original hospital building is crowded beyond comfort and the new addition is badly needed. W. W. Strong has the contract and is pushing things with all haste. It will be ready for occupancy in a few weeks.

At first the new building will be used for patients coming from B. Lantry Sons railroad camps on the Santa Fe cut off. After these patients cease to come it is thought that the new building will become the consumptive ward.

A little life may be sacrificed to a sudden attack of croup. If you don't have Dr. Thomas' Electric Oil on hand for the emergency.

FLAGS! FLAGS!!

CHRONIC SORES

Signs of Polluted Blood.

There is nothing so repulsive looking and disgusting as an old sore. You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking pimple makes you irritable, despondent and desperate.

A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and vitiate the blood as to impair the general system that the merest scratch or bruise results in obstinate non-healing sores of the most offensive character.

Often an inherited taint breaks out in frightful eating sores upon the limbs or face in old age or middle life. Whenever a sore refuses to heal the blood is always at fault, and, while antiseptic washes, salves, soaps and powders can do much to keep down the inflammation and cleanse the sore, it will never heal permanently till the blood itself has been purified and the deadly germs and poisons destroyed, and with S. S. S. this can be accomplished—the polluted blood is purified and invigorated, and when rich, pure blood is again circulating freely throughout the body the flesh around the old sore begins to take on a natural color, the discharge of matter ceases and the place heals over.

S. S. S. is both a blood purifier and tonic that puts your blood in order and at the same time tones up the system and builds up the general health. If you have a chronic sore write us. No charge for medical advice.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Our linen display is attractive; our prices none the less so. Albert Faber, Grant building.

MONUMENTS.

Notice of Forfeiture.

Territory of Arizona, County of Cochise, ss.

To M. J. Sherlock, his heirs and assigns:

You are hereby notified that I have expended one hundred dollars (\$100.00) in labor and improvements upon the "Aunt Betsy" Mining Claim, situate in Peralta Canon, Cochiti District, Bernadillo Co., New Mexico, as will appear by certificate filed February 8, 1896, in the office of the recorder of said County, in order to hold said premises under the provisions of section 2324 Revised Statutes of the United States, being the amount required to hold the same for the year ending December 31, 1902.

And if within ninety days from the serving of this notice, you fail or refuse to contribute your proportion of such expenditure, together with the cost of this publication, as a co-owner, your interest in the said claim will become the property of the subscriber under said section 2324.

Dated March 19th, 1903.

ALEX CONRAD, Signature.

PROSPEROUS ERA

For New Mexico Says a Recent Visitor to Denver.

BIG PLANS ON FOOT.

"New Mexico is entering upon an era of prosperity that will soon demonstrate the qualifications of the territory for statehood," said Henry E. Rhodes, of Santa Fe, to a Denver Republican representative.

"Prospects for greater population, reclamation of arid lands and development of natural resources were never better, and the territory is already alive with the activities in these lines. "Water has been our cry for years, and water we will have if it is possible to accomplish by artificial means that which may not be had from natural sources. Our plans include not only the storage of water and other irrigation schemes dependent upon such measures, but the boring of artesian wells in many districts now almost without water.

"Several corporations and individuals have already made the preliminary arrangements for the exploration of vast sections for artesian water supplies. Some of these contemplate making the land productive in this manner and then selling most of it to good settlers at prices as low as \$1.25 per acre.

Selling Lands of State

to Further Irrigation. "Our territorial irrigation commission has already made arrangements to sell 25,000 acres to the highest bidder. Money obtained by this sale will be used in making experiments to determine the possibilities of artesian wells, and also to ascertain whether or not it will be feasible to pump water or use in the Rio Grande valley.

"In Dona Ana county 50,000 acres will soon be available for agriculture through the obtaining of water by boring many wells. Many companies have already made offers for large tracts which they plan to supply with water and then sell to settlers. The territorial government will encourage these by offering large tracts to the highest bidders.

"Another means of raising revenue from the land itself for the purpose of obtaining water will soon be in force. Selections will be made at once from the allotments of the government. One of the first will call for 200,000 acres. This land will be leased for pasture and the money used largely in obtaining water.

"One of the factors that will do much to build up the territory is the new Santa Fe Central railroad, now in course of construction. This road will tap a country rich in natural resources and containing agricultural lands of inestimable value, once water is obtained.

Railroad Gives Access

to Great Coal Deposits. "Our coal production will also be vastly increased by the building of this line. It will give access to the Hagan coal fields, a vast deposit of fine quality of this fuel. Already we have an enormous production from the Gallup district, but with the new fields connected by rail the output will be such that the industry will be one of our most important.

"Immigration is constantly increasing in the territory. All of the cities and towns are growing and the entire country is receiving settlers. Land susceptible to cultivation is in great demand, but there is room for thousands more. This season has been better than several years before because there has been no moisture. The country suffered a great deal during several dry winters, but we are on the road to recovery now.

"The climate of New Mexico is almost ideal. Its soil is very rich. Water is lacking, it is true, but we intend to find some means of providing that. When we will be ready to compete with the other parts of the country and will not ask any odds."

A Lesson in Health.

Healthy kidneys filter the impurities from the blood, and unless they do so good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder diseases. It strengthens the whole system. Alvarado Pharmacy.

SANTA FE.

From the New Mexican.

Page B. Otero, territorial fish and game warden, will go to Las Vegas on business connected with his office.

E. L. Faison, of Salt Lake City, Utah, inspector of surveys, has been in the city the past few days. He left for the Tejon land grant, where he will inspect a number of surveys.

Forrest McKinley, special agent of the general land office, left for Tierra Amarilla, on official business. He expects to be back in the city in time to see President Roosevelt, May 5. Adjutant General W. H. Whiteman

is in St. Louis as a member of the staff of Adjutant General H. C. Corbin, United States army, as representing the national guard of New Mexico. As such he participated in the parade and other exercises there.

Sister Lucia, superior of Loretto academy, and Sister Euphrosine of the faculty of that institution, returned home recently from an extended and most pleasant trip to the east. The principal visit was made to Loretto, Ky., where the mother house of their order is located. They also visited St. Louis, Kansas City, Louisville, Ky., and other points.

Judge John R. McPhe has issued an injunction restraining the Defensive association of the settlers of the Rio de Costillo from interfering with Samuel Jackson and Samuel Holman, in the pasturing or ranging of their sheep numbering some 4,000 head on land in the Sangre de Cristo land grant in Taos county, leased by them from the United-States Freehold, Land and Immigration company. The injunction was applied for by the company named by the Santa Fe law firm of Abbott & Abbott. The defendants are given thirty days' time in which to show cause why the injunction should not be made permanent.

Made Young Again.

Max Nordhaus, a member of the firm of Charles H. Hild, speaks in enthusiastic terms of the experiences undergone during his five months' trip to Europe. About half of the time he spent as the guest of his parents at the old home in Westphalia, in the German Fatherland. The remainder of his vacation he spent traveling about Europe.

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each.

Kodol cures indigestion, dyspepsia and all stomach disorders. I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy I seldom need it, as it has cured me. Mrs. J. W. COOLBAUGH, Milo Center, N. Y.

Kodol Digests What You Eat.

Bottles only, \$1.00 Size holding 2 1/2 times the trial size, which sells for 50 cents. Prepared by E. C. DEWITT & CO., CHICAGO B. H. Briggs & Co. and S. Vann & Son

NEW SCHOOL HOUSES.

Surplus in General School Funds Can be Utilized for that Purpose.

PETITIONS OF VOTERS NECESSARY.

Amended house bill No. 87, as passed by the house of representatives, February 24, 1903.

An act to provide for public school houses from the surplus in general school funds.

Be it enacted by the legislative assembly of the territory of New Mexico:

Section 1. That whenever there shall be a surplus in the general school fund in the county treasury to the credit of any school district in the territory, outside of incorporated towns and cities, to the amount of not less than \$200, after all the expenses of maintaining the schools in said district for teachers' salary, rent, and other expenses connected therewith, the said surplus or any part thereof, may be withdrawn by the directors of said school district and applied by them to the procuring of a suitable site and the erection thereon of proper school buildings or for the repairing of any school building or buildings for the use of such school district, in the manner following.

Sec. 2. That whenever a petition signed by one-half of the legal voters of such school district described in section 1 of this act, as shown by the number of votes cast in said district or precinct at the last general election, shall be presented to the county school superintendent, praying that such surplus money described in section 1 of this act may be turned over to the school directors of such school districts for the purpose of procuring a site and erecting school building or buildings, thereon, then it shall be the duty of said county school superintendent within ten days after the receipt of the said petition, to forward the same to the county treasurer, who shall file the said petition and safely keep the same among the records and archives of his office, and it shall be the duty of said county treasurer to at once notify the school directors of such school of the amount of money then on hand, subject to be withdrawn for the purposes named; and thereafter the said treasurer shall honor and pay all warrants drawn by such school directors against such surplus fund for the purchase of site and erection of school houses thereon, when the same are accompanied by itemized and verified accounts and vouchers until the said surplus is exhausted, and it shall be the duty of the school directors to open proper books of account with the said fund, and enter therein all receipts and disbursements on account of such fund; and it shall be their further duty to take from persons to whom money may be due on this account, itemized and verified bills in duplicate, one of which shall be retained by said board of directors, and the other shall be transmitted with the warrant drawn in payment thereof to the county treasurer of the county in which said district is located. And the said school directors shall in no event and under no pretext contract for or incur obligations in such account beyond the amount of money available in the county treasury for such purposes, nor shall they under any circumstances incur any debt in the erection of such school house, or houses, or improvement or repair thereof except as provided in sections 1542 and 1543 of the compiled laws of 1897.

Sec. 3. In case there shall not be sufficient surplus moneys on hand to purchase a site and complete the building or buildings contemplated by the school directors under this act they are hereby authorized to procure the site for school purposes and to commence the erection of such building or buildings as they may deem necessary and proper for the purposes herein named, and shall carry on the construction thereof, so far as the moneys on hand for that purpose will permit, as hereinbefore provided, and in case the term of office of any such directors or any member thereof shall expire, before the said buildings are completed, it shall be the duty of their successor or successors to proceed with the work in the manner herein provided until such work is completed.

Sec. 4. The board of directors of any school district is empowered to expend, from the funds in the treasury of said school district, any moneys necessary to properly insure any school building or buildings in such school district.

Sec. 5. Any failure of any of the officers mentioned in this act to carry out its provisions in the letter and the spirit of this act, shall subject such officers to removal and to a forfeiture of their official bond for the benefit of such school district so injured thereby, and any school director so offending, shall be disqualified to become his own

successor in office either by election or by appointment for a period of one year from date of such removal.

Sec. 6. All acts or parts of acts in conflict herewith, are hereby repealed, and this act shall take effect and be in force thirty days after its passage.

NO GREASE OR DANDRUFF DRUGS.

In "Herpicide" The New Scientific and Successful Dandruff Treatment.

Have you dandruff? Then you have a contagious parasite disease, unpleasant, unhealthy and one that will eventually lead to baldness. To cure it you must destroy the parasite that eats at the root of the hair. The only preparation for destroying these germs is Newbro's Herpicide. Charles Klein, of Laramie, Wyo., says: "Herpicide allayed the itching, cured the dandruff and stopped my hair's falling out; and it is bringing a new crop of hair." Herpicide is free from grease or dandruff drugs, and makes hair glossy and soft as silk. One bottle will convince you of its merits.

"Sold by leading druggists. Send in stamps for sample to: Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents.

Territorial Funds Received.

The following money has been received by the territorial treasurer, J. H. Vaughn: From Leopoldo Sanchez, collector and ex-officio treasurer of Guadalupe county, taxes for 1902, \$194.45.

GREATLY ALARMED.

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burlage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burlage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured." Sold by all druggists.

A Bad Attorney.

A dispatch from La Junta, Colo., under date of April 23, says: The trial of A. M. Nicholas, the Rocky Ford attorney, who two months ago was arrested charged with attempting criminal assault upon a 10 year old girl, and against whom an attempt at lynching was afterward made, was called in the district court here. It is said that no local attorney would accept the case and that a lawyer from outside has been engaged.

A Farmer Straightened Out.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Rayder, of Patten Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'" For sale by all druggists.

Cattle Shipments.

The W. C. McDonald company has during the last few days, shipped a thousand head of cattle to Kansas points for feeding. The cattle were loaded at Carriozza and go via the El Paso & Northeastern railroad and Rock Island route. Friday or Saturday of this week it expects to ship another thousand head. The grass on the range in Lincoln county is coming up nicely and it looks as if stock in that county would be all right for some time to come.

The X-Rays.

Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that catarrh of the stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How can I cure my indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure catarrh of the stomach. Kodol digests what you eat—makes the stomach sweet. Sold by B. H. Briggs & Co., S. Vann & Son.

Caution!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectation and coughing during the nights and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. J. H. O'Reilly & Co.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.
