VOLUME 16

ALBUQUERQUE, NEW MEXICO, THURSDAY AFTERNOON, APRIL 30 1903

NUMBER 443

THE DEADLY LANDSLIDE

It Was No Earthquake, But Results the Same.

A DENVER BOY COMMITS SUICIDE

American Engineers Attacked by Chinese --Dead Author in Russia.

Frank, N. W. T., April 30.—The disaster at Frank yesterday was a huge landslide. There was no explosion whatever. The avalanche was of such large dimensions that clouds of dust were taken for smoke and the miner slips were taken for inside explosions. The whole east end of the mountain, extending from the tippie eastward has gone out. It was 4,400 feet high and slid across the entire valley. The loss of life cannot be estimated yet. Thirty miners were entombed. Of this number fifteen were rescued uninjured. Two men were suffocated. It is believed the rest will be saved. There is no reason why the whole of the remaining side of the mountain will not come down.

THE PISTOL ROUTE.

A Denver Lad Placed Revolver in His Mouth and Fired.

Denver, April 30.—Fifteen year old Willie Arnold, only child of Mr. and Mrs. Samuel D. Arnold, of this city, suicided by placing a revolver in his mouth and firing. There are two theories for the deed. The parents believe he was temporarily crazed with pain of long standing illness and he sought relief in death, while a letter he wrote just before he killed himself indicates he was in some trouble over a boyish love affair.

ENGINEERS ATTACKED.

By a Mob of Anti-Foreign Chinese Near Canton.

Washington, April 30.—The state department has received a cablegram from United States Consul General McWade, at Canton, dated yesterday, stating that a mob of anti-foreign Chinese made an attempt at Yuan Tai on North river, 140 miles from Canton, upon a party of American engineers. The consul appealed to Lieutenant Anderson, commanding the American gun boat Callao, and the officer went immediately to the rescue.

STRICKEN WITH PARALYSIS.

American Author and Explorer Dead in Russia.

St. Petersburg, April 30.—Paul du Chaillu, the American author and explorer, was stricken with partial paralysis yesterday, and died at midnight. A brother of Verestchagin, the Russian painter, will arrange for the burial of the body in the Litterateurs cemetery, if it is desired that the internment take place here.

Changes in District Supreme Court.

Washington, April 30.—A number of changes were made today in the personnel of the supreme court of the District of Columbia, consequent upon the retirement of Chief Justice Edward F. Bingham. Justice Claybaugh succeeded to the chief justiceship, and in turn was succeeded as associate justice by ex-Senator Jeter C. Pritchard, of North Carolina.

Eastern League Begins Season.

New York, April 30.—The Eastern Baseball league begins today what promises to be the most successful season since its organization. The circuit is made up of eight good cities—Toronto, Buffalo, Rochester, Baltimore, Worcester, Providence, Jersey City of Newark. The schedule calls for 40 games, the season to close September 26.

Not Ready to Report.

Springfield, Ill., April 30.—The house committee investigating the alleged bribery charges probably will not make a report until late this afternoon and possibly not until tomorrow. At noon today the sub-committee is still at work preparing the report.

April Snow Storms.

Houghton, Mich., April 30.—Over a foot of snow has fallen in the copper country during the last twenty-four hours. The storm is continuing with mid-winter severity. Sleighing is in full swing.

La Crosse, Wis., April 30.—A regular

mid-winter blizzard is raging in this vicinity. Three inches of snow has fallen during the night and the temperature has dropped forty degrees. A large part of the crops in the vicinity will have to be replanted.

Firemen Injured.

Boston, April 30.—Fire at the abattoir plant used by J. S. Kelly & Co. today caused a loss of \$150,000 to \$175,000. Four firemen were hurt, but not seriously.

Fire This Afternoon.

A small blaze on Tijeras road, between Third and Fourth streets, called the city fire department out about 1:30 this afternoon. The building was a small frame structure abutting on the rear of an adobe house occupied by Pete Broddy and the property of Angelo Viviano. Part of it was occupied as a stable and storehouse for hay and part as sleeping room for a Chinese cook employed at the Los Angeles restaurant. The fire had a good headway when discovered and the building was almost totally destroyed. Mr. Viviano is ill at his home north of the city and it could not be learned as to whether or not the house was insured.

Killed Himself.

Word was received from Douglas that A. Cushing shot and killed himself at that place Saturday evening, the only reason that is known for the act was despondency caused by ill health. Mr. Cushing lived in Deming several years and has many friends among our people who will be shocked by the sad news of his death.—Deming Graphic.

ROOSEVELT RECEPTION.

A Few Important Paragraphs for the Memory.

PERSONNEL OF PRESIDENTIAL PARTY.

Simon Stern, who has charge of the statehood tableau, wants more young girls to call at his store. About twenty-five have already called and left their names. In order to make the tableau a success forty-six young girls are needed.

The Graham Bros., on Railroad avenue, decorated the front of their business place this morning, and others on the line of march are making preparations to follow suit.

A force of workmen, from the Phoenix Planing Mill company, put up the arch at the corner of Railroad avenue and Second street today, and Mr. Cotton and assistant, two decorators from Los Angeles, will next beautify the arch with decorations. The Citizen was misinformed as to the decorator, having all along announced that the arch would be decorated by B. F. Fillmore. Mr. Cotton understands his business thoroughly, and besides the arch, will also do the decoration for the Roosevelt committee at the Alvarado and at the statehood tableau platform.

The Citizen published the Roosevelt line of march in several issues, hence by this time everybody should be familiar with the avenues and streets over which the parade will pass. Therefore, let everybody decorate along the line of march, if not elaborately, hang out a flag.

The last regular meeting of the Roosevelt committees will be held Saturday night at the Commercial club. All members should attend.

The passage way from the train to the north side of the Alvarado, where the president will be introduced and make his speech, will be carpeted with handsome Navajo blankets, and of course will be roped off. On the platform no one, except the presidential party and the reception committee, will be allowed seats. After speaking will occur the statehood tableau, and then will follow the parade, escorted

along the route by the forty selected men from the Fourteenth cavalry at Fort Wingate. Colonel Borradaile, having been selected as marshal of the day, will lead the parade.

In The Citizen, April 11, was published for the first time in the southwest, the names of the presidential party, and they are here reproduced as follows:

President Roosevelt and his secretary, Loeb, Assistant Secretary Barnes, Surgeon General P. M. Rixey, of the United States navy; Nelson P. Webster, M. C. Latta and J. L. McGrew, stenographers; John F. McCoy, tourist agent of the Pennsylvania Railroad company; H. A. Colman, of Associated Press; R. H. Hazard, of Scripps-McRae Press Association and Publishers' association; Lindsay Dennis, of New York Sun Press association; R. L. Dunn, of Collier's Weekly; George B. Luckey, of Leslie's Weekly; N. Lazarnick, of Harper's Weekly; H. A. Strohmeyer, photographer; P. W. Williams, of Western Union Telegraph company; J. P. Gooch, of Postal Telegraph-Cable company. The presidential train is scheduled to reach Albuquerque from a short stop at Santa Fe, at 2:50 p. m., Tuesday, May 5, and remain here until 5:20.

The Rough Riders of this city and those who are visiting here are requested to meet at the Commercial club on Monday night at 8 o'clock. The boys are to be used for guarding purposes during President Roosevelt's address and to keep the crowd back from their former colonel. Extra precautions are to be taken for his safety. They are to meet him at the Commercial club when old acquaintanceship will be renewed.

BRAKEMAN HILL.

Victim of a Serious Accident at Isleta Junction Last Night.

SUFFERED AMPUTATION TODAY.

James H. Hill, a brakeman on the Rio Grande division of the Santa Fe, met with a terrible accident last night at Isleta. He left Albuquerque about 7:30 last evening on Conductor Eittrick's train bound for the south. At the junction some switching was done, and at this point, where the accident took place, Hill was riding in front of the engine on the pilot and by a sudden jar lost his footing and fell. Both feet were caught by the wheels, the right foot being severed from the leg and the left foot was badly crushed. Hill was brought immediately to this city on a special made up of the engine and caboose. O. W. Strong & Sons' ambulance conveyed the injured man to the St. Joseph's hospital. Dr. Cutter was summoned, and assisted by Dr. Wroth, amputated both legs below the knees this morning. At the hospital this forenoon Hill was reported as resting easy and the chances of recovery are good on account of his youth and good constitution.

Mr. Hill is well known here and his many friends sympathize with him in this terrible accident. He is the son of Mrs. D. Anderson, of this city, and for some time last summer was night clerk at Sturges' European. He has been railroaded about four months.

Besides his mother, he has a step father, two sisters, Mrs. Sam Stevens, wife of the day clerk at Sturges' European hotel, and Miss Kittle Hill, a clerk at the Economist dry goods store, and two younger brothers, one of whom is at Santa Fe attending St. Machael's college. Another sister resides in San Marcial.

EPISCOPAL CONVOCATION.

This Diocese Will Meet in Silver City, N. M., May 1.

The annual convocation of the Episcopal diocese of New Mexico and Arizona, to which El Paso and Texas west of the Pecos belongs, will convene in Silver City, N. M., for a three days' session, beginning May 1.

A number of Episcopalian clergymen besides Bishop J. Mills Kendrick, among them Rev. Renison, of this city, will attend the convention.

Death of a Porter.

William H. Rodgers, colored, died this morning at his home on West Harrison avenue of pneumonia, after a week's illness. The deceased was well known here in Albuquerque where he had lived for the past twenty years. He was porter for Graham Brothers, and a member of the porters' union. He was about 35 years of age and is survived by a wife.

The funeral will be held Friday afternoon at 2:30 in the African Methodist Episcopal church, and the burial will be in the Fairview cemetery. O. W. Strong & Sons will have charge.

WORKMEN KILLED

Explosion of Dynamite at Powder Works.

GOEBEL MURDERER IS GUILTY

Turkish Troops Battle With Insurgents in Bulgaria.

POSTOFFICE BURGLARS IN WEST VIRGINIA

Altona, Pa., April 30.—An explosion of dynamite occurred at the works of the Cresson Powder company, near Williamsburg, Pa. Blair county, today, killing six workmen and injuring many others. There was another severe explosion two hours later. The manager of the works is among the injured.

Howard Guilty.

Frankfort, Ky., April 30.—The jury in the case of James Howard, on trial for the murder of Governor William Goebel, has just found the defendant guilty and fixed the punishment at life imprisonment.

Fighting in Bulgaria.

Vienna, April 30.—The Neue Freie Presse says: The fighting reported from Sofia, Bulgaria, yesterday between Turkish troops and a large band of insurgents, near the frontier of Bulgaria in Macedonia, occurred last Tuesday. The insurgents lost eighty-three men killed and the Turks had twelve killed or wounded.

Postoffice Burglars.

Ravenswood, W. Va., April 30.—Burglars last night blew open the safe in the postoffice and escaped with \$10,000.

THE PRESIDENT'S BLANKET.

It Will be Something Fine and Squaw Elle is Doing Her Best.

ALL SHOULD SEE IT.

"My but that is going to be fine," and "Ain't it handsome," are the expressions most divulged by visitors and tourists who see the Indian squaw Elle at work on the president's Navajo saddle blanket at the Harvey curio rooms.

Elle is certainly making a handsome one, and has already done a third of the blanket; that is, in size. She is now working on the letters, which is the hardest part of the affair for her. She is working industriously, early and late, and will have it surely done by the time the Great White Father from Washington arrives. Just take a peep at it while you can, for many Duke City people will never see it again after it is presented to the president.

Police Court.

Harry Roberts, a youth of 18 summers, was before Judge Crawford this morning. He was charged with being a vagrant and was given five days. He hails from Trinidad, Colo.

Another man was in the cooler, charged with being drunk, but he was not himself when the court convened and he will take his dose later.

MOTION TO QUASH.

Attorney Files Papers in the County Commissioners' Case.

WILL BE HEARD SATURDAY.

Attorney W. B. Childers has filed in the district court a motion to quash in the case of the territory versus T. C. Gutierrez and Severo Sanchez, county commissioners of Bernalillo county. It was to have been heard yesterday, but the case of the territory versus Sheriff Alfredo M. Sandoval took most of the time of the court, so Judge Baker set the hearing for Saturday morning.

The motion to quash is as follows: Territory of New Mexico, county of Bernalillo. In the district court, territory of New Mexico, ex rel Thomas J. Curran, et al. vs. Tomas C. Gutierrez and Severo Sanchez.

Motion to Quash.

Now come the respondents in the

above entitled cause and move the court to quash the rule made upon them to answer the information filed in said cause, and further move the court to discharge the same, if it is considered as a rule, and to set aside any order made by the court allowing the issuance of said writ, if the same be treated as a writ, upon the following grounds:

1. That the same has not been and is not signed by the solicitor general of the territory personally. It is signed by some person for him.

2. Because the same is not signed and filed under the official oath of the solicitor general and law officer of the territory.

3. Because it appears on the face of said petition that the relators have no interest in the offices which it is charged that these respondents have intruded themselves into and usurped.

4. Because it does not appear upon the face of the said petition that the relators have any interest in the offices which it is charged that these defendants have intruded themselves into and usurped.

5. Because the said writ and rule to show cause why the writ should not be issued, whatever it may be considered, was unprovidently granted. It is not being a cause which commended itself to the discretion of the court for the issuance of said writ, and is not a writ of right but the granting of the same is a matter of discretion in the court.

6. Because the same is not a writ of quo warranto but a proceeding in the nature of a quo warranto and is

BAKER RECEPTION.

One of Albuquerque's Most Brilliant Receptions.

MANY LADIES PRESENT.

No more delightful reception has ever been given in the territory than the one given this afternoon by Mrs. Benjamin S. Baker at the Baker residence at the corner of Twelfth street and Railroad avenue. The interior of the residence was handsomely decorated with beautiful flowers and potted plants and reminded one of fairyland. The porch was enclosed in canvas and cozy corners, Navajo blankets, easy chairs and other requisites were there for the comfort of her guests. The day was made into night, so to speak, as the curtains were drawn and the electric lights on. This made an impressive scene.

Mrs. Baker was assisted in receiving by Mesdames B. S. Rodey, Solomon Luna and Noa Iffeld. The receiving room was decorated in pink and these ladies were handsomely costumed in the same color. The dining room was handsome in yellow, and Jonquills were plenty. Here Mesdames W. B. Childers and W. E. Dame presided over the coffee and loes, and were assisted by Misses Nell Flounroy, Louise and Irene Saint, Stella Lewinson, Jeanette Walton and Euphemia Nelson. The reception hall was decorated in red and Mrs. E. L. Medler was mistress of ceremonies. Out on the porch Mesdames Harry Lee, D. A. Macpherson, W. S. Strickler and Miss Rica Baer presided at the lemon punch bowl.

Music was furnished by Mrs. De Wolf and her talented little son, assisted by Mr. Robinson.

This is the first private reception ever given in Albuquerque and was a most brilliant social event, everything being done on an elaborate scale.

Mrs. Baker proved a charming hostess. About 150 ladies were present.

Mrs. Griffith Dead.

Mrs. Elizabeth Griffith, aged 82 years, the wife of United States District Clerk John E. Griffith, of the Fifth judicial district of New Mexico, died last night at No. 1019 North Stanton street. Death was the result of a shock due to an operation for a pelvic abscess. Mrs. Griffith was removed from her home in Socorro, N. M., to this city some days ago for treatment. She improved until it was thought that she would recover. Then complications set in, which are said to have rendered an operation necessary.

Mrs. Griffith was a beautiful woman and the many friends of the district clerk sympathize with him in his great loss. The body is at the undertaking parlors of McBean & Simmons and will be shipped back to the former home of the deceased at Radnor, Ohio, tonight.—El Paso News.

J. H. O'Reilly, district manager for the Washington Life Insurance company, has gone to Gallup on business.

DEDICATION OF WORLD'S FAIR

Brilliant Exercises Today in St. Louis.

PROMINENT PEOPLE IN ATTENDANCE

President Roosevelt, Ex-President Cleveland and Others Address the Throng.

St. Louis, Mo., April 30.—With the country's foremost statesmen, soldiers and men of affairs as the chief actors and 500,000 citizens of the great Mississippi valley region as the spectators, the first day's program of ceremonies attending the dedication of the Louisiana Purchase Exposition was carried out today under happy auspices. The day's doings, beginning with the brilliant military pageant in the forenoon and winding up this evening with a pyrotechnic display of unprecedented grandeur, were on a scale of dignified splendor worthy of the exposition and the great event it is intended to commemorate. President Roosevelt, former President Cleveland, the foreign diplomats and other distinguished visitors were profoundly impressed with the magnitude of the demonstration. They said as much in words and more in actions, for they made no effort to conceal their pleasure.

For the masses the military parade was the feature of the day, as it was also a certain raiser for the dedicatory ceremonies. And such a parade. Never in the history of St. Louis, and only rarely in the history of the entire country can an account be found of a more splendid military spectacle. Led by the

Famous Marine Band of Washington, followed by the exposition officials, the president and former president of the United States, members of the president's cabinet, foreign ambassadors and ministers, the governors of a score of states and innumerable other guests of distinction, the pageant certainly was a stirring sight, one calculated to move even

OFFICIAL MATTERS.

Postoffice Discontinued--Moneys Received by Territorial Treasurer.

MOTION TO QUASH WRIT.

The postoffice at Estey, Socorro county, will be discontinued on May 15.

Territorial Funds. The following moneys have been received by Territorial Treasurer J. H. Vaughn: From Oscar Lohman, treasurer of Dona Ana county, taxes for 1901, \$32.81; taxes for 902, \$1,513.34. From A. A. Keen, commissioner of public lands, 5 per cent of the proceeds of the sale of public lands by the United States, \$2,206.26.

Confessed Motion to Quash Writ of Mandamus.

Last week, Judge Frank W. Parker of the Third judicial district, granted an alternative writ of mandamus against Territorial Treasurer Vaughn. The writ was returnable and the answer thereto to be made in the chambers of Third judicial district at Las Cruces on Saturday, May 2. In the alternative writ Mr. Vaughn, the territorial treasurer, was commanded to transfer the sum of \$25,000 from certain territorial sinking funds to fund for the maintenance of the College of Agriculture and Mechanic Arts at Mesilla Park under the provisions of the appropriation law passed by the Thirty-fifth legislative assembly. The writ was granted upon the application of the board of regents of this institution. Solicitor General E. L. Bartlett immediately prepared and filed a motion to quash the writ for the reason that the application therefore was improperly made, existing statutes requiring that any and all actions against territorial officials be brought in the district court for the county wherein the territorial capital is located and for other reasons which were set forth in the motion. The plaintiffs in the case have confessed the motion to quash and the case has been dismissed by Judge Parker, but the suit will now be instituted in the First judicial district for Santa Fe county before Judge J. R. McFie.

the most sluggish blood to witness, and to quicken the flame of patriotism in every breast.

The ceremonies attending the presentation of the freedom of the city to the president occupied a little more time than had been calculated on and as a consequence it was nearly 11 o'clock when the booming of cannon announced that the parade had started. The starting point was the junction of Grand avenue and Lindell boulevard and the route lay through Forest Park to the exposition grounds. All along the line of march buildings and residences were

Abaze With Flags

and bunting, gathered in festoons or stretched in long folds from roof to ground, while from numberless flag poles and windows the national colors fluttered in the fresh breeze, with here and there the flag of a foreign nation.

The military made a brave and inspiring show. Every branch of the nation's military service was shown, even a battery of mighty siege guns, and military and cadet organizations were present from all parts of the country to add to the magnitude of the parade and the richness of the pageant. Then, to contribute a fitting crown to the glitter and pomp of the spectacle, the adjutant general of the army, with one of the largest and most imposing staffs that could be gathered, was in command of the entire.

First, of course, came the usual large detachment of mounted police, and immediately behind them rode General Corbin and his staff. After these came the engineers of the regular army, who always enjoy the privilege of marching at the head of a parade. Back of the engineers

Marched the Regiments of regular infantry, and in size this was by far the largest section of the parade. The regulars did not comprise the whole infantry section, however, for back of them came the militia regiments of Missouri, Nebraska, New York, Ohio, Indiana, Kentucky and numerous other states. Following the infantry came the light artillery batteries of the regular and militia forces to fill the spectators with awe at the grim-looking rifles, business like Gatling guns and deadly machine guns.

Then came the most spirited and fascinating portion of the parade to the cavalry division with its prancing horses, forest of fluttering yellow guidons and rows of gleaming, unsharpened sabers. Not only was the regular cavalry in line, but militia troops from various large cities of the country were included in the division, their

Elaborate and Gorgeous full dress uniforms adding much to the glitter of the spectacle. The end of the line was brought up by the sailors and naval reserves, followed by a battery of tremendous siege and coast defense guns, the first ever exhibited in an inland city.

Thus the procession passed through the great crowds of spectators. Every turn of the wheels gave the distinguished visitors new surprises as to the magnitude and enthusiasm of the demonstration. When the vehicles passed containing former President Cleveland, the diplomatic representatives of Turkey, Germany, France, Spain and other foreign powers, the cabinet officers, the army chiefs and other distinguished persons, the shouts and wild acclaim of the crowd was scarcely less than that with which the president was greeted. The sidewalks, windows, roofs and other points of vantage were filled with spectators and their enthusiasm as they recognized the notables in the procession knew no bounds. At some points of the route the police experienced considerable difficulty in keeping back the enthusiastic crowds that overflowed into the street.

Handled in Good Order.

The arrangements for handling the crowds at the exposition grounds were excellent. The gates were at no time

The Citizen by notifying us immedi-
ately of any non-delivery of the pa-
per.

Arizona is promptly in the field with
big irrigation enterprises under the
new law. The time is coming when
the arid lands will be the region of cer-
tain crops.

Rear Admiral Charles O'Neil esti-
mates that it will cost \$2,500,000 a year
to keep up target practice in the navy
on the present scale. It costs money
to "carry a big stick."

It is estimated by the treasury offi-
cials that the exports of the United
States for the current fiscal year will
reach \$1,500,000,000. The imports for
the year ending with March exceeded
\$1,000,000,000.

In twenty-five working days the Unit-
ed States mint at Philadelphia coined
2,500,000 silver pesos, the size of a dol-
lar, for the Philippines, together with
100,000 bronze pieces and 3,600,000
nickels, also for the islands.

This is the greatest day in the his-
tory of St. Louis, being the centennial
anniversary of the purchase of the
Louisiana territory from France. St.
Louis is dedicating the world's fair,
celebrating the event, and all the world
is represented there.

Southern newspapers are outvying
each other in their praise of the United
States weather bureau. Not only has
the bureau rendered service in giving
warnings of frost, worth millions of
dollars to the sugar growers, say these
editors, but in the recent disastrous
floods the timely warnings actually
minimized the injury done.

WORLD'S GRANARY.

A total crop failure in the United
States is a practical impossibility.
Some sections may have failures, or
partial failures, but there has never
been a time when all sections reported
famine years. More, there has never
been a year that the United States was
not self-supporting, and in recent
years, with more scientific methods in
common use, we have become known
as the granary of the world.

Agricultural products go from the
United States to nearly all nations.
We ship wheat and corn and rye and
barley and potatoes and nearly every
other staple crop by millions of bush-
els, and yet there is more than enough
left to feed the multitudes at home.
Nor have the agricultural possibilities
of the United States been exhausted.
The story has not half been told.

The construction of national irri-
gation works in the west will make mil-
lions of acres of arid land productive.
That means more wheat, more corn,
more staples of every character to feed
the hungry of this and other lands. In
the south are thousands of acres of

land which are not cultivated because
of malarial and other diseases which
retard development there. Some day
a method of successfully combating
these evils will be found and then the
south will add millions more to the
agricultural wealth of the country.

THE LOUISIANA PURCHASE.

The states and territories of the
purchase produced 264,000,000 bushels
of wheat in 1900, valued at \$152,000,000
—more than half of the wheat crop of
the whole United States; 1,013,000,000
bushels of corn, or 48 per cent of the
country's product; 38 per cent of the
country's oats. The wheat, corn, oats,
rye, barley, cotton, hay and potatoes
produced in this region in 1900 brought
\$755,000,000, and its farm animals were
valued at \$825,000,000, 38 per cent of
those of the whole country, says
Charles M. Harvey in the World's
Work.

From that celebrated pioneer experi-
ment in wheat growing by Oliver Dal-
rymple, a wealthy Minnesota farmer,
in the territory of Dakota in 1876,
quickly came magnificent results. In
1902 North Dakota stood second in the
list of wheat producing states and Min-
nesota first. These with Missouri,
South Dakota, Nebraska and Kansas,
all in the Louisiana Purchase, led all
the rest of the country last year in
wheat growing. Much more than half
of the country's 670,000,000 bushels
grown in 1902, (valued at \$422,000,000)
was grown in the states of the old Jef-
ferson tract.

And the story of corn is similar. Illi-
nois stood first in corn yield in 1902,
as in most years. The four Louisiana
states of Iowa, Missouri, Nebraska and
Kansas led all the rest of the coun-
try. More than half the country's corn
crop valued at \$1,017,000,000, was pro-
duced in the territory of the Purchase.
Iowa was second in 1902 in the produc-
tion of oats, Illinois being first. An-
other Louisiana state, Minnesota, was
second that year in barley production,
California leading. Iowa was second
in hay, New York heading the list.
Two-thirds of the country's 195,800
tons' yield of beet sugar for 1902 was
grown by the territory west of the
Mississippi. Texas, a region which be-
longed to Louisiana at the time Bona-
parte transferred the province to the
United States in 1803, but our claim
on which was given up to Spain by
President Monroe in 1819 as part of
the price which we paid for Florida,
and which we did not recover until
Polk's days in 1845, produces almost a
third of the entire country's cotton.
Texas, however, is not included in
Louisiana in any of the figures give
in this article.

SLAVERY OF MINDANAO.

From time to time since the United
States obtained possession of the is-
land of Mindanao there have been vig-
orous protests against the slavery
which prevails there. Men and women,
says an Iowa paper, have declared that
our free institutions have been out-
raged by the failure of American au-
thorities to stamp out the obnoxious
custom immediately and with each
passing year their outcries have been
more bitter. Even now, when peace is
virtually established with the natives,
there is no sign that the officers rep-
resenting the United States have adopt-
ed any plan for the early abolition of
traffic in human beings as chattels.

But if those who make complaint of
the attitude of the authorities were to
seek the cause of their delay they
would not have far to go to find it.
Necessity, not choice, has dictated the
course of the men charged with the
duty of pacifying the people of our
new possession. This is reflected in
the various reports of the progress of
securing the allegiance of the Moros
towns; wherever the officers go they
find that peace is assured until the
United States shall make an attempt
to abolish slavery. The natives insist
that there must be no interference
with that custom or there will be en-
dless war and bloodshed.

It is true that once before the United
States was confronted with the alter-
native of not molesting slavery or war
and it ultimately chose the latter, but
it is wise at this time to make the
same choice in Mindanao? In the opin-
ion of those who have studied condi-
tions there it would be far better to
bring the island to a thorough condi-
tion of peace before undertaking vio-
lent reforms; later the authorities may
accomplish by peaceful means the re-
sult that would now require endless
bloodshed and the expenditure of mil-
lions of dollars. In due time the Moros

may undoubtedly be induced to give up
their barbaric custom of holding slaves
without the necessity of warfare.

In the meantime, it is true, the stars
and stripes will harbor slavery in one
of the distant corners of its posses-
sions, but the stars and stripes stand
for a pledge that as soon as advisable
and practicable this ancient custom
will be abolished. Reforms can not al-
ways be accomplished at one stroke—
time is an element that must always
be included for the best and most per-
manent results. Absolute right is de-
sirable, of course, but absolute right is
so often impossible that men must
content themselves with the nearest
approach to absolute right.

JEMEZ & SULPHUR HOT SPRINGS
STAGE LINE.

Carries the U. S. mail; only line with
a change of stock en route; good rigs,
horses and drivers; leaves Albuquer-
que every day in the week, except
Sunday, at 5 a. m. For particulars
address W. L. Trimble & Co., agents,
Albuquerque, or J. L. BLOCK, pro-
prietor, Jemez, N. M.

SILVER CITY.

From the Enterprise.

The Club House saloon has caught
the spring improvement fever and is
adding several costly sideboards which
extend across the front of the resort.

C. W. Marriott has purchased the
Warm Springs ranch near the Middle
Gila, of Mike Fleming, and will use it
as a station on his Mogollon stage
line.

A baby girl was born to Mr. and
Mrs. Wayne Whitehill on Wednesday
morning at 9 o'clock. Wayne is the
eldest son of Harvey Whitehill, who is
rejoicing in the birth of his twentieth
grandchild.

E. J. Franz, of the Azure Turquoise
company, received 120 pair of homing
pigeons last week from Massachusetts.
The pigeons arrived by express in fine
shape and were taken at once to Mr.
Franz's home in the Burros.

A merry crowd of young people
spent Saturday in Santa Rita, visiting
the mines and having a good time gen-
erally. Those in the party were: Jas.
Huyler, Roy Bayne, Warren Kiner,
Gene Cosgrove, Earl Loffer, Misses
Pearl Loffer, Lucy Thwaites, Ella Cos-
grove, Rilla Weber and Viola Reed.

Mrs. Lydia Harper died at the Har-
per homestead on the Gila near Red-
rock last Thursday of a paralytic
stroke, the second she had suffered in
three weeks. Deceased survived her
husband, J. M. Harper, just two
months, almost to a day. The funeral
took place Saturday and was largely
attended by friends from the surround-
ing country. Mrs. Harper came to
Grant county with her husband over
thirty years ago and standing staunchly
by his side, helped him wrest a
home from a hundred opposing ele-
ments. She was a true pioneer and to
such as her, veneration and respect
are due from the advancing hordes of
easterners who are finding peace and
plenty in a savage ridden west.

From the Independent.

The contracts for extensive building
operations at the Fort Bayard sanitari-
um will be let during the present
week.

A very pleasant afternoon party was
given at the home of Mrs. J. E. Sheri-
dan. A large number of ladies were
present and reported a most enjoyable
time.

Referee Colin Neblett has made his
report in the ditch case of the Lyons
& Campbell Ranch and Cattle compa-
ny vs. Mrs. E. J. Fuller and Charles

A Strong Man

Is strong all over. No man can be
strong who is suffering from indigestion
or some other disease of the stomach and
its associated organs of digestion and
nutrition.

For when the stomach
is diseased there is
a loss of the nutri-
tion contained in
food, which is
the source of all
physical strength.
When a man
doesn't feel just
right, when he
doesn't sleep well,
has an uncomfort-
able feeling in the
stomach after eat-
ing, is languid,
nervous and irri-
table, he is losing the
nutrition needed
to make strength.

Such a man needs
to use Dr. Pierce's
Golden Medical
Discovery. It cures
diseases of the
stomach and other
organs of digestion
and nutrition. It
enriches the blood, stimulates the liver,
nourishes the nerves, and so gives health
and strength to the whole body.

Mr. Thomas A. Swartz, of Sub. Station C,
Columbus, Ohio, Box 105, writes: "I was taken
very sick with severe headache, then cramps in
the stomach and my food would not digest, then
kidney and liver trouble and my back got weak
so I could scarcely get around. The worst I doc-
tored the worse I got until six years passed. I
could only wait in the home by the aid of a
chair, and I had given up to die. Then one of
my neighbors said: 'Take my advice and take
Dr. Pierce's Golden Medical Discovery and make
a new man out of yourself.' The first bottle
helped me and after I had taken eight bot-
tles in about six weeks I was weighed and found
I had gained twenty-seven (27) pounds, and I
am as stout and healthy to-day I think as I
ever was."

Dr. Pierce's Pleasant Pellets cure con-
stipation.

REV. JAMES DOHERTY

Writing About

Paine's Celery
Compound

Says: "I Was Benefitted Beyond
My Expectation."

The claim that Paine's Celery Com-
pound is the only honest medicine in
the world for the cure of terrible neu-
ralgia, nervous and blood diseases, is
fully borne out by the strong and con-
vincing letters of testimony received
every day of the year by the prop-
rietors of the popular medicine. Nothing
else has ever possessed anything like
the power of Paine's Celery Compound
to restore a healthy nervous tone to
the entire body and to thoroughly
cleanse the blood, making it impos-

REV. JAMES DOHERTY.

ble for neuralgia or rheumatism to
find a lodgment in the system. Min-
isters, professional men, generally, news-
paper men, public officials, and brain
workers, men whose daily outlay of
vitality, because of hard, trying, anx-
ious work, is excessive, find renewed
nerve strength and vitality in Paine's
Celery Compound. Its use dispels
headaches, dyspepsia, heart trouble,
general debility, and languor that are
so common in spring time. Rev. Jas.
Doherty, Everett, Pa., writes thus:
"I have used Paine's Celery Com-
pound for neuralgia and the blood. I
was benefitted beyond my expectation.
It is, indeed, the medicine for my sys-
tem. It keeps everything in good turn.
There is no drowsy, worn-out feeling
to the user of the medicine. Those
who use it and derive no benefit from
it, simply abuse it."

Fuller, in which he finds for the plain-
tiff.

Laird & Matthews have a force of
about twenty-six men at work on the
construction of the large masonry dam
at Fort Bayard and the work is pro-
gressing rapidly. The dam will have a
sixteen foot base.

The city council will meet soon for
the purpose of closing up the year's
business. Inasmuch as the old body
holds over under the act of the legis-
lative assembly there will be no for-
mal reorganization. It is understood
that there will be a change in the city
marshals, James R. Brent retiring to
accept a better position. W. H.
Kilburn and Charles Wedell are lead-
ing candidates to succeed him.

Makes a Clean Sweep.

There's nothing like doing a thing
thoroughly. Of all the salves you ever
heard of, Bucklen's Arnica Salve is the
best. It sweeps away and cures burns,
sores, bruises, cuts, boils, ulcers, skin
eruptions and piles. It's only 25c, and
guaranteed to give satisfaction by all
druggists.

Railroad Topics

Fireman Ed Armstrong is marked among those laying off.

The new Santa Fe hotel at Trinidad is called Cardenas. It is expected to be ready to receive guests about June 1.

Engine No. 805 has been placed in the back shops for repairs. Her flues will undergo a thorough cleaning and repairing.

William Daze, road foreman of engines for the Santa Fe, who has been in the city a couple of days, left for the west this morning.

E. R. Paul, one of the clerks in the office of the Santa Fe Central railway at Santa Fe, has returned from a few weeks' visit in Denver.

The Santa Fe is getting its bridge crews in readiness for the extensive improvements which are to be made on the divisions west of this city.

J. C. Hutchins and party are en route to Roswell, N. M. The party is composed of Chicago & Alton men and they are traveling in a private car belonging to that road.

U. Mudge, general manager of the Santa Fe, returned to Topeka from New York, where he has been attending the annual meeting of the American Railway association.

O. L. Merrill, of Cerrillos, timber agent at that place for the Santa Fe Central railway, was in Santa Fe on business with the company Tuesday. He returned to Cerrillos yesterday morning.

The rush in citrus fruit still continues and an extra force is necessary at the San Bernardino ice house to get the cars iced and away. Tuesday night ninety cars were iced and 100 cars were sent over the hill.

Robert Ripley, son of President E. P. Ripley, of the Santa Fe, who passed through this city the other day on his way to Pasadena, will marry Miss Adele Story of that place. She is the daughter of H. L. Storey, a retired Chicago merchant.

The Santa Fe Central Tuesday laid about a mile and a half of rails north of Torrance and is now ten miles out of that town. The track laying machine is working a little slow and as soon as it gets to working better, it is expected that two miles a day will be made.

J. H. Holman, for many years a resident of this city, is now located at Douglas, Ariz., and has a run as engineer on the El Paso & Southeastern railroad. He is so well pleased with Douglas that he will soon send for his family, who remained in this city.

The Union Pacific railroad people have raised the pay of their section hands from \$1.25 to \$1.35 on the branches, and from \$1.25 to \$1.40 on the main line. Word was received to this effect a few days ago. This looks like a victory for the section hands' union.

One Kansas railroad has a total assessed valuation of only \$19,468. It is the Kansas Southern, located in Pottawatomie county. It is eight miles long, and owns one passenger coach, two locomotives, two box cars and three flat cars. No telegraph line is needed, as it runs only one train a day.

William A. Lacey, the Santa Fe employee at Needles who was assaulted on Friday last by Clarence Rogers, another employee of the company, has been taken to the hospital at Los Angeles to have his wounds treated. Rogers is in the county jail. It is alleged that he beat Lacey over the head with a wrench, and the wounds are said to be critical.

Engineer William Rain, who runs out of Topeka on Nos. 1 and 2, and 5 and 6, and who has the reputation of being one of the fastest runners on the system, did something last Wednesday which every engineer could not do. When he pulled out of Topeka Wednesday afternoon she was about twenty-five minutes behind time, but Rain had orders to pull into Kansas City on time, and consequently never burnt up

"Let the GOLD DUST twins do your work."

passed the wreck about on time, but arrived here this morning forty minutes late. Trains from the east are arriving on time.

Good for children.
The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of cough, croup and lagrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. B. H. Briggs & Co.; S. Vann & Son.

Tie Preserving Plant at Alamogordo.
The extensive tie preserving works of the Alamogordo Lumber company, at Alamogordo, Otero county, are steadily at work, and very good results are being obtained. The works have a capacity of treating 1,000 ties per day, and this is done in a thorough manner, as the force employed understands everything connected with the process thoroughly. The plant is well worthy a visit, and is one of the industries that helped to make Alamogordo a thriving and growing town.

For liver troubles and constipation
There's nothing better in creation Than Little Early Risers, the famous little pills
They always effect a cure and save doctor bills.

Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the secretions and restoring the liver to the full performance of its functions naturally. B. H. Briggs & Co.; S. Vann & Son.

LOCATION BEING SURVEYED.

Engineers of the Alamogordo-Deming Cut Off Were in Deming.

Last Friday afternoon the engineers of the Alamogordo-Deming cut off drove in from a few miles east of town and spent a few hours purchasing supplies and taking in the town. They will soon be through with the permanent location of the line and it is confidently expected that work will begin very soon on the actual construction of the line.

Very little has been said about this

THEY ALL SAY SO.

Not Only in Albuquerque but in Every City and Town in the Union.

If the reader took the time and trouble to ask his fellow residents of Albuquerque the simple question given below, he would obtain the one answer: If he would read the statements now being published in Albuquerque which refer to this answer, it would surprise him to note that they number so many. As many more could be, and may be, published, but in the meantime ask the first person you meet what cures backache? The answer will be Doan's Kidney Pills. Here is a citizen who endorses our claim.

Mrs. J. Hall, of 519 South First street, says: "One of my daughters suffered from backache for about eight months or a year. Sometime it was so bad that she was completely prostrated for a day or so at a time. I read about Doan's Kidney Pills in our Albuquerque newspaper and thought if they only performed half what they promised they might help my daughter, and we went to the Alvarado Pharmacy for a box. In a remarkably short time the medicine took effect and a continuation of the treatment a little longer stopped the backache. We are pleased to recommend Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

road and for the short time since the first survey of the route was made the work has been pushed rapidly and quietly, showing that the company is in earnest about the work and that they intend to get the road in question as soon as possible.

The completion of this road will mean a great deal to Deming, as it will place us on another through line to the east and give us a direct route to Kansas City and Chicago over a single road without a change—Deming Graphic.

Wanted.
We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. G. G. Green, Woodbury, N. J. J. H. O'Reilly & Co.

No tuberculosis preservalline or coloring in Matthews' Jersey milk.

DEMING.

A Few Points About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming ships over 100,000 head of cattle annually: is the center of the greatest breeding region in the southwest and catmen all know this.

Deming, the coming city of New Mexico.

Deming has a magnificent school system.

Deming, the railroad center of New Mexico.

Deming, the gateway to the best part of Old Mexico.

Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest.

Deming! Don't overlook it if you are looking for a safe and paying investment.

Deming water is chemically pure—equal to Polish springs.

Deming has increased 50 per cent in population in four years.

Deming water and pure ozone make strong and healthy people.

Investments in Deming lots will double and treble in one year.

Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

"DR." LEATHERMAN.

His Dishonest Transactions Are Accumulating.

HIS VALUABLE GRAY NAG.

The scaly, dishonest transactions of "Dr." R. E. Leatherman, who vamoosed from the city yesterday morning with his wife, are accumulating, and as they are unearthed and brought forth in the clear sunshine of the Rio Grande valley, they stamp "Dr." Leatherman as a rascal of immense proportions.

It is now learned upon the very best of authority, that "Dr." Leatherman borrowed \$30 from Emil Mann last October and gave him, until the account was paid, a bill of sale for the horse and harness.

The "doctor" left the city without paying Mr. Mann in full, or without taking up the bill of sale, still the same horse and harness were sold to a Mr. Wolff, and, to double-quick on his rascality, on the same property he sold tickets at \$1 each for an alleged raffle.

These transactions border on the get-rich-quick scheme, and proves conclusively that "Dr." Leatherman worked that old gray nag of his really for all the animal was worth over and over again.

It is said, considering all the transactions had with Mr. Wolff, (his purchase of the horse, rig and harness, and a watch, etc.) that the gentleman was worked for several hundred dollars, and should he lose the horse now, when facts have come to light that Mr. Mann has a true bill of sale for the animal, it will be shown up that he was truly an easy victim of a very slick rascal.

Leatherman owes bills in many places, which he made no effort to pay, and gave numerous notes for numerous purchases, one note coming to light in payment of a gold watch amounting to \$260, and these notes of course remain unsettled.

One gentleman, who is a victim, remarked this morning that "it was his opinion that Leatherman worked everybody he could, friend or foe, from the highest judicial tribunal in the territory to the lowest car dealer."

From all accounts he surely played his cards well, and his horse raffle transaction is about as slick a piece of work as one could imagine.

STERILIZED BARBER SHOP.

Famous Shop in the Carrollton Hotel Baltimore, Maryland.

The barber shop in the Carrollton hotel, Baltimore, sterilizes everything it uses in the shop. The sterilizing is done by heat. The towels, the razors, the strops, the soap, the combs and brushes are all sterilized before being used on a customer. Where there is no sterilization, have the barber use Newbro's Herpicide. It kills the dandruff germ, and it is an antiseptic for the scalp, and for the face after shaving. All leading barbers everywhere appreciate these potent facts about Herpicide and they use it. "Destroy the cause, you remove the effect."

"Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents."

N. M. CLARK PASSED AWAY.

Death Due to Alcoholism—Had Lived in Santa Fe Many Years.

N. M. Clark expired in the lodging house conducted by H. B. Motley, on Galisteo street, Santa Fe, some time Tuesday night, while under the influence of liquor. Clark had been drinking heavily all day and went to the place mentioned some time before the midnight hour. He went to the room of Matt Breeden and fell on the floor where he was found by the occupant of the room at about 5 o'clock Wednesday morning. When Breeden awoke and saw the form of a man lying on the floor of his room he immediately investigated and found that it was Clark and that he was evidently dead. He spread the alarm and the proper officials were notified. Justice J. M. Garcia impounded a coroner's jury and held an inquest, the verdict being that death was due to alcoholism. The remains were turned over to Charles Wagner, the funeral director, who laid the remains away in Potter's field yesterday afternoon. Clark was about 60 or 65 years of age, had been a resident of Santa Fe for a score or more years and made his living by painting and doing odd jobs. Clark came to the capital from Illinois and it is said that he was at one time quite well to do in that state. He claimed to be a veteran of the civil war, but no papers of any kind were found on his person nor among his effects that would substantiate that claim.

DEATH CLAIMS G. D. BOWMAN.

Prominent Citizen of Mesilla Park Joins the Silent Majority.

George D. Bowman, an aged and highly respected citizen of Mesilla Park, died there on Monday of old age. The funeral was held Tuesday. Deceased was the father of the prominent Las Cruces banker, H. D. Bowman.

Mr. Bowman was a very aged man, being over 80 years of age. He was a banker until he retired from that business a few years ago when his son, above mentioned, succeeded him. He had been a resident of Mesilla Park for over thirty years and was the first register of the United States land

office at that place. He continued in that office when it was moved to Las Cruces and held the position for three consecutive terms. He was a model officer.

not therefore a writ of right, but the granting and issuing of the same is based on the sound discretion of the court, and the facts set up in said information do not commend and appeal to the sound discretion of the court for the issuance of the same.

7. Because the information and rule show upon their face that the defendants are lawfully entitled to hold the offices which they are charged with usurping.

W. B. CHILDERS,
Attorney for Respondents.

The Sandoval Case.

As was stated in The Citizen last evening Judge Baker decided against Sheriff Alfredo M. Sandoval. The court found that he had no title to the piece of land, called a "Spanish suer," which was several yards wide and seventeen miles long, and that if he had title it was not worth \$500. Judge Baker also found that the deed to the respondent, Sandoval, from the administrators, J. M. Sandoval and Francisco Armijo y Perea, conveyed no title, but Fernando Armijo, being one of the four heirs of the estate, divested himself of one-fourth interest in the estate and conveyed his interest to Sandoval. The claim of the respondent was that the property was not worth over \$600 and one-fourth interest would only be \$150. Notice was immediately filed that an appeal would be taken.

The case of the territory vs. A. Staab, of Santa Fe, was tried. This is a suit for taxes on money loaned to the amount of nearly \$30,000, which it was alleged was not returned in Santa Fe county. The defense claimed the property being taxed as credits, it could only be properly assessed against the defendant in Santa Fe county. Decision reserved.

The tax case brought against J. A. Johnson by the territory was decided in favor of the plaintiff. The court ordered a recovery of \$21.60 and costs. The case of Simpson versus Rio Grande Irrigation and Colonization company was dismissed for the want of prosecution.

In the fire insurance case of Joseph Badaracco versus George K. Neher the demurrer was sustained as to paragraphs 5, 6 and 11, and overruled as to paragraph 8. The plaintiff was given fifteen days to plead further.

Due Notice Is Served.

Due notice is hereby served on the public generally that DeWitt's Witch Hazel Salve is the only salve on the market that is made from the pure, undiluted witch hazel. DeWitt's Witch Hazel Salve has cured thousands of cases of piles that would not yield to any other treatment, and this fact has brought out many worthless counterfeits. Those persons who get the genuine DeWitt's Witch Hazel Salve are never disappointed, because it cures. B. H. Briggs & Co., S. Vann & Son.

Borden-Carstens.

Fulton Borden, of Albuquerque, and Miss Ella Carstens, of Manitowac, Wis., were united in marriage at the home of the Rev. C. F. Taylor, at Socorro, N. M., on Wednesday, April 29. Mr. Borden is the son of Mr. and Mrs. B. B. Borden, of Albuquerque, and is well and favorably known in Socorro circles. Miss Carstens is a niece of John Becker, of Belen. She was formerly a school teacher in the public school at that place. The hosts of friends of the young couple wish them every happiness in their wedded life. They will reside at Belen.

\$60,000 Per Day

This is the average sum paid daily to policy-holders by The Mutual Life Insurance Company of New York. Multiply that by a year and the wonder of the amount disappears when you learn how and where the largest accumulation of trust funds in the world is invested, as shown in "A Banker's Will." This book is sent on request.

DEDICATION OF WORLD'S FAIR

(Concluded from page one.)

choked and the throng passed into the grounds with less trouble than is often experienced at a theater or other place of entertainment. The transportation facilities, while not yet completed to their highest capacity, were fairly adequate. The people, too, made the task of the transportation companies easy by starting early. Even in the early morning the down town streets were filled with people headed for the grounds. As the forenoon wore on the crowd swelled, and by 11 o'clock the human current was at the flood. The broad avenues between the mammoth structures that are rearing their heads skyward in the west area now being converted from a wilderness

Into a Fairland

were literally packed with people when, at 1 o'clock, the booming of cannon in a salute of 101 guns announced that the president had arrived at the Liberal Arts building, where the ceremonies of the afternoon were to be held. The distinguished visitors were received by President Francis and other officials of the exposition and escorted to the places reserved for them on the speakers' platform. When the band struck up the opening musical selection there was scarcely a foot of space to spare in the vast hall. One large stand was occupied by the speakers, while a second was reserved for the grand chorus which contributed in a large measure to the successful musical program. The main floor and the balconies were filled with men and women, many of them from great distances, who were fortunate enough to obtain tickets of admission. President Francis opened the proceedings with an introductory address and the following program of exercises was carried out:

The Program.

Invocation by his eminence, James Cardinal Gibbons.
Introduction of Hon. Thomas H. Carter, of the national commission, president of the day.
Grand Chorus, "The Heavens Proclaiming."
Presentation of the buildings by Hon. David R. Francis, president of the exposition.
Dedication address by the president of the United States.
Chorus, "Unfold, Ye Portals."
Address by Hon. Grover Cleveland.
"America," with full chorus and band accompaniment.
Prayer by Bishop E. R. Hendrix.
Benediction by Right Reverend Henry C. Potter.

Gorgeous and Brilliant.

St. Louis, April 30.—The rites which present the Louisiana Purchase Exposition to the world were performed in the Liberal Arts building today with all the dignity and splendor befitting such an occasion. A parade of 11,000 soldiers down Landell boulevard to the world's fair grounds formed a brilliant prelude to the ceremony of dedication. This prelude over, 60,000 people crowded into the big auditorium where, in the presence of official representatives of all the civilized nations of the world the words of dedication were spoken by the president of the United States. As the last syllable fell from the speaker's lips and the dedication of one of the world's greatest fairs was completed, 60,000 voices rose in a prodigious bass note of applause. Besides President Roosevelt, other participants in the ceremony were Cardinal Gibbons, Bishops E. R. Hendrix and Henry C. Potter, former President Cleveland, Thomas H. Carter, president of the day, and David R. Francis. The day's demonstrations will conclude tonight with display of fire works on a magnificent scale.

Bad Weather.

The weather was the only disappointing factor of the day. The troops mobilized early in a sprinkling of rain and marched in a temperature close to the freezing point. For a few moments snow fell, but only enough of it to give visible evidence of the temperature. In the grand stand men in their heavy overcoats shivered, while women garbed in elegant but adequate laces suffered much more severely. It was all taken good naturedly, however.

"Davy Crockett" Last Night.

Ed Redmond, in the role of "Davy Crockett," supported by a fair cast, was the bill at Colombo hall last night. It was worth going to see and deserved much better support than it received

Sale Ten Million Boxes a Year.

THE FAMILY'S FAVORITE MEDICINE

Cascarets
CANDY CATHARTIC
THEY WORK WHILE YOU SLEEP
BEST FOR THE BOWELS

from the theatergoers of Albuquerque. Especially is the play of the famous Davy Crockett appreciated by children and the young nimrods of the day. The story of how the squirrel spoke to the famous hunter and said that he would come down out of the tree if Davy wouldn't shoot, is familiar to all, old or young.

Well, Davy didn't go squirrel hunting in last night's performance, but he did many other heroic things to be admired and which probably made every youth in the audience wish he were a Crockett. The scene where the hunter rescued Elmer and her lover from freezing and kept a pack of hungry wolves from breaking into the log hut where they were taking shelter was exceedingly thrilling. The company has a couple of tamed coyotes, which play an important part in this scene. The little beasts stuck their sharp

noses through the crevices between the logs and snarled and howled admirably.

All who attended were well repaid for their trouble.

FLAGS! FLAGS!!

Why Pay as Much

for an inferior beer?

Schlitz beer costs twice
what common beer costs
in the brewing. One-half
pays for the product; the
other half for its purity.

One-half is spent in
cleanliness, in filtering even
the air that touches it, in
filtering the beer, in ster-
ilizing every bottle. And
it pays the cost of aging
the beer for months before
we deliver it.

If you ask for Schlitz
you get purity and age,
you pay no more than
beer costs without them.

Ask for the
Brewery Bottling.

Melini & Eakin,
111 South First St., Albuquerque.
Phone No. 129, Albuquerque.

TUCUMCARI.

From the Democrat.

Tucumcari needs water works, an
electric light plant, an ice plant and
a steam laundry.

J. Reid, a conductor on the Rock
Island, is erecting a large two story
building near the depot. It will be
occupied by a saloon.

J. J. Harrison, of Clarendon, Texas,
is in the city and will at once begin
the erection of a two story building,
30x60, on the corner opposite the de-
pot, to be used as a saloon and lodg-
ing house.

A game of base ball between the
Tucumcari and Ogle Flat teams was
the principal attraction Sunday. The
result was that the Tucumcari team
was victorious. The Ogle boys are
nice fellows and Tucumcari invites
them to come again.

Robbed the Grave.
A startling incident is narrated by
John Oliver of Philadelphia as follows:
"I was in an awful condition. My skin
was almost yellow, eyes sunken, ton-
gue coated, pain continually in back
and sides, no appetite, growing weaker
day by day. Three physicians had
given me up. Then I was advised to
use Electric Bitters; to my great joy,
the first bottle made a decided im-
provement. I continued their use for
three weeks, and am now a well man.
I know they robbed the grave of an-
other victim." No one should fail to
try them. Only 50 cents, guaranteed,
at all druggists.

WHITE OAKS.

From the Eagle.

Roy Gum is still confined to the
house with his wounded leg. The
wound is almost healed, but he has
little use for the limb as yet.

H. Biggs has his saw mill in the Pa-
tos mountains about ready for busi-
ness. The Lincoln forest reserve has
driven him out of the Capitan moun-
tain timber belt.

There is another month of the pub-
lic school. Mrs. John A. Hollars will
join her husband in Los Angeles, Cal.,
as soon as the term is ended.

Dr. Dryden, surgeon for the Eagle
Mining and Improvement company,
came in with J. M. Rice, from Parsons.
Judge Hewitt did not go to Socorro
as he expected to last week, owing to
the fact that the hearing in the sheriff
contest case, in which he represents
the defense, was again put off.

THE HOSPITAL QUESTION.

Want Samples of San Bernardino
Water.

The chances of San Bernardino se-
curing the Santa Fe hospital are now
in the scale, and before long it is prob-
able that definite announcement will
be made as to where the hospital will
be located. That the matter is now
being considered by the railroad offi-
cials was evidenced by a letter receiv-
ed from Chief Physician Morrison, in
Los Angeles, asking for more samples
of San Bernardino water. The letter
was addressed to Hazlett & Baylis,
the railroad physicians in this city.

In the letter Dr. Morrison stated that
the samples of water which were sent
to Los Angeles some time ago were
old, and that an examination of them
would not be fair to the city. For this
reason he desired fresh samples, and
he directed that the bottles of water
be packed in ice.

The local physicians notified the
hospital committee of the board of
trade, F. W. Dunn, J. B. Gill and W. S.
Hooper, and the desired samples were
shipped.

Five different bottles of water were
sent, and all were packed in ice. There
were two bottles of hot mineral water,
one bottle of the present city water
and two bottles of water taken from
the artesian wells east of the city
which are to be the foundation of the
municipal water system as soon as the
system can be constructed.

With the samples of water a letter
was sent, in which the hospital com-
mittee, on behalf of the board of trade,
promised Dr. Morrison that if the hos-
pital was located here, the institution
would be furnished with any or all of
the different kinds of water free of
charge.—San Bernardino Sun.

RATHBURN'S SUCCESSOR.

Many Possible Candidates for Superin-
tendent at Atchison.

Speculation is rife among brakemen
as to who may succeed C. M. Rath-
burn as superintendent of the Missouri
Pacific, says a dispatch from Atchison,
Kan. Among those considered as pos-
sibilities are J. J. Skinner, chief dis-
patcher, who recently came to Atch-
ison by E. A. Gould's appointment; W.
E. Brooks, division superintendent at
Osawatimie; R. K. Smith, superin-
tendent at De Soto, Mo., and E. H.
Holden, division superintendent of the
Central Branch. These are mere
guesses, and may all be a thousand
miles off.

Dreadful Attack of Whooping Cough.
Mrs. Ellen Harrison, of 300 Park
avenue, Kansas City, Mo., writes as
follows: "Our two children had a se-
vere attack of whooping cough, one of
them in the paroxysm of coughing
would often faint and bleed at the
nose. We tried everything we heard
of without getting relief. We then
called in our family doctor who pre-
scribed Foley's Honey and Tar. With
the very first dose they began to im-
prove and we feel that it has saved
their lives." Refuse substitutes. Al-
varado Pharmacy.

The Leading Clothier in Albuquerque

BEHIND THE BARS.

Sheriff Romero Arrives at Las Vegas
With Youthful Burglar.

HILL ADMITS HIS GUILT.

Las Vegas Record, April 27:

W. Hill, as he registered in this city, or Henry B. Hill, as he gave his name in Albuquerque, was brought up from the Duke city on No. 8 yesterday morning by Sheriff Cleofes Romero and lodged in the county jail. Hill is charged with burglarizing the residence of Mrs. E. Lewis last Thursday night, securing \$8 in cash, two gold watches and four rings, the property of Mrs. Lewis and her daughter Kathryn.

Sheriff Romero says that the young man, who gives his age as 19, has made a complete confession of his crime, and that he will plead guilty and throw himself on the mercy of the court. When arrested he had on his person one of the watches and three rings. The other watch and ring were disposed of in this city the night of the burglary, and were recovered by Marshal Curtwright the next day. The young man's speedy capture is due to the fact that Marshal Curtwright promptly secured an accurate description of him and wired the officers along the line to be on the lookout.

When arrested Hill had in his possession, in addition to the articles stolen in this city, a few other jewelry trinkets, and a large bunch of assorted keys. He claims to have had an accomplice, who was the real instigator of the theft, but the officers place little credence in this part of his story.

The prisoner says his home is in Richmond, Va., which he left about two weeks ago, bound for Los Angeles, Cal., where he was going to enter the employ of an uncle, a plumbing contractor. He says he is a printer, and that this is the first time that he has ever been in trouble; that his father, formerly a Baptist minister, is about 80 years old, and will be heart-broken when he hears of his son's predicament.

Hill claims that he had about \$32 when he arrived in this city, but that he spent the money in bad company, drinking and gambling; that he formed the acquaintance of another young man, who was also broke, and together they went out and tried several back doors of houses. At the Lewis residence, he says, they found the rear door unlocked and he entered the place in search of valuables, while his companion watched on the porch.

On the way up from Albuquerque, Hill made an attempt to escape. The train took a sidetrack at Rowe, forty-five miles south of this city, to allow No. 7 to pass. The young man requested to be allowed to go into the lavatory, which was granted. As soon as he entered he turned the key on the inside. Sheriff Romero, however, was not to be caught napping, as he was observing the situation through one of the windows of the car, anticipating some such move. Sure enough, he soon saw the form of the prisoner going through the lavatory window. The officer dashed through the door and reached the ground only a few seconds behind the fugitive, and after a spirited chase of about fifty yards the latter was overhauled and taken back to the car.

After reaching this city, while on the way to the county jail, Sheriff Romero asked young Hill to designate the house he had entered. As they passed the place the youth unhesitatingly pointed out the Lewis residence.

Although Hill claims that he had an accomplice, and that they found the rear door unlocked, it is the present opinion of the officers that he did the job alone, and that he secured entrance with the aid of the bunch of keys, twenty-five in number, found on his person when arrested.

Hill was arraigned before Justice Wooster this afternoon and held to appear before the grand jury, which meets May 18, after which he will go before Judge Mills for sentence; at least, that will be the program in case he adheres to his present expressed intention of pleading guilty.

A Sweet Breath

is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick, of White Plains, Ky., writes: "I have been a dyspeptic for years—tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like. Kodol digests what you eat and makes the stomach sweet." B. H. Briggs & Co.; S. Vann & Son.

Poor Indeed

are those weighed down by mental depression. Men rise in this world through buoyant nerve force. The loss of this force daily drags down to failure some of the world's brightest minds. Such a condition is commonly known as Nervous Debility. When you lose self-confidence and feel your strength, energy and nerve force are slipping away, it is high time you seek sensible aid. You prefer health and success to misery and failure.

Sexine Pills

have no equal as a nerve restorer. A couple of boxes will dispel that heavy feeling; the unnatural weariness disappears and replaces vigor with new force and vigor of body and brain. Six boxes will cure any ordinary case of nervous debility. If not, you get your money back. \$1.00 per box; 6 for \$5.00, mailed in plain package. Book free. PEAL MEDICINE CO., Cleveland, Ohio. For sale by B. H. JONES & CO.

Every Woman

BOARD OF EQUALIZATION.

They are Greatly Enlarged by New Act of Legislative Assembly.

BENEFICIAL TO THE PEOPLE.

Council bill No. 127, an act providing for the equalization of taxes among the counties of the territory of New Mexico.

Be it enacted by the legislative assembly of the territory of New Mexico:

Section 1. The territorial board of equalization, at its annual meeting on the first day of January, A. D. 1904, and once every year thereafter, shall ascertain and determine the value of the property, both real and personal subject to taxation in every county of the territory of New Mexico. In ascertaining and determining the value of such property said territorial board of equalization may have recourse to and may use the assessment rolls of said counties, returned for the year preceding the holding of their meeting, together with any other facts and information showing the true value of the real and personal property of said counties.

Sec. 2. The president of said territorial board of equalization may appoint members of said board to visit any of the counties in this territory, whose duty it shall be, when appointed, to visit the county or counties assigned to him by the president of said territorial board of equalization, and within four weeks of his appointment and assignment make a report to said board of equalization at its office in Santa Fe, New Mexico, showing the value of property, both real and personal, in the county or counties assigned to him, as the same has been determined and as ascertained by him. Provided that no member of said board shall be appointed to visit or be assigned the county in which he has his residence.

Sec. 3. The reports of the said members of said board of equalization, when returned to and filed with the

territorial board of equalization, and the facts therein contained may be used for the purpose of finally ascertaining and determining the value of the property subject to taxation within the said counties of the territory of New Mexico.

Sec. 4. The territorial board of equalization may also, by an order, direct the traveling auditor and bank examiner to visit any county within the territory of New Mexico, whose duty it shall be so when directed, to visit any given county in the territory, to make thorough and exhaustive examination and investigation of said county, with a view to and for the purpose of ascertaining and determining the value of the property, both real and personal, subject to taxation in such county, and shall report the result of such examination and investigation to the territorial board of equalization, and file the same in the office of said territorial board of equalization, and the facts therein contained may be used for the purpose of finally ascertaining and determining the value of the property, subject to taxation, within such county.

Sec. 5. The said territorial board of equalization, from the data hereinbefore provided for shall finally determine and fix the value of all property both real and personal in every county in the territory of New Mexico and shall prepare an abstract, alphabetically arranged by counties, showing the taxable value of every county in the territory, and certify the same to the territorial auditor, whose duty it shall be to file the same in his office.

Sec. 6. The territorial treasurer and the territorial auditor, shall between the first and third Mondays of February of each year, commencing with the year 1904, determine the amount of revenue directed to be raised by the legislative assembly for territorial purposes for the ensuing fiscal year, and whenever the said legislature has not directed a specific sum or amount to be raised for a designated purpose, or for the maintenance of a designated territorial institution, then it shall be the duty of said territorial treasurer and territorial auditor to ascertain and determine the product of said levy, taking and assuming for such purpose, that one mill on the dollar levied upon the taxable property of the territory will produce twenty-eight thousand dollars (\$28,000.00). And when said amount of revenue, so directed to be raised, as herein provided, has been ascertained and determined, the result thereof shall be compiled and reduced to writing and filed in the office of the territorial auditor.

Sec. 7. Hereafter the legislative assemblies of the territory of New Mexico, when providing revenue for territorial purposes shall make fixed and specific appropriations for the salary fund, for the different charitable institutions, for the different penal institutions, for the purpose of paying interest on the territorial debt, for the maintenance of the capitol, for miscellaneous purposes, for deficiencies in the territorial revenues and for any other purposes for which a territorial appropriation has been made.

Sec. 8. The territorial auditor shall between the first and second Mondays of April of each year, commencing with the year A. D. 1904, apportion the amount of revenue directed to be raised, by the legislative assemblies, among the different counties of the territory in the ratio and proportion which the taxable value of each county bears to the taxable value of the entire territory of New Mexico, and said auditor shall, by an order, a copy of which shall remain in his office on file, direct the board of county commissioners of every county in New Mexico, to levy a tax upon all taxable property, in their respective counties,

sufficient to raise the amount of revenue required by said order to be by that county raised and shall fix a minimum levy for each county for such purpose. The said auditor in apportioning the amount of revenue, to be raised by the different counties of the territory, shall refer to and use the data supplied to and furnished him by the territorial board of equalization in the abstract provided for in section 6 of this act, and shall refer to, and use no other data in making said apportionment.

Sec. 9. The boards of county commissioners of the several counties of the territory of New Mexico, shall annually, commencing with the year A. D. 1904, at the time they make levies and assess taxes for general county and other purposes, make a levy upon all the property subject to taxation in their respective counties, sufficient to raise the amount of revenue which they were respectively directed by the territorial auditor to raise, and when the same has been collected, it shall be paid into the territorial treasury, as now provided by law. The several boards of county commissioners, in making levies for the purpose aforesaid, shall allow 15 per cent for delinquencies in and costs of collection of taxes, and whenever it has been customary in any of the counties of this territory, that the delinquencies in the collection of taxes, has been greater than 15 per cent, then such greater amount shall be allowed. If at any time there is a surplus of revenue raised for territorial purposes in any of the counties of this territory, such surplus shall remain in said fund and shall not be diverted therefrom and the following year such surplus shall be deducted by said board of commissioners of the county, producing such surplus, from the sum to be raised for territorial purposes. If any county of the territory shall default in the raising of the revenue, or any part thereof, directed to be raised by the territorial auditor, and shall remain in default for a period of thirty days, after the end of the fiscal year for which it was directed to raise such revenue, then it shall be the duty of the territorial auditor to at once cause a new levy to be made upon the taxable property of such defaulting county, sufficient to make up the amount of taxes, and such levy made by the territorial auditor as herein provided shall be collected and paid over to the territorial treasurer as other taxes are collected and paid over; provided, that no person who has paid his taxes under the first levy made shall be required to again pay taxes for territorial purposes for the fiscal year during which default was made. And such county commissioners are hereby authorized, whenever the treasurer may be in default, to employ special counsel to appear in behalf of the county, for the protection of county interests.

Sec. 10. Nothing in this act shall be construed to in anywise amend or modify section 2635 of the compiled laws of 1897; but the said territorial board of equalization, when it, under the provisions of section 2635 of said compiled laws determines and fixes the value upon the property belonging to railroads, telegraph, telephone and sleeping car companies doing business in the territory of New Mexico, shall determine the value of such property as the same exists and is found in the different counties of the territory, and the value of such property shall be credited to the county wherein it exists and is found.

Sec. 11. This act shall take effect and be in force from and after its passage.

The surest and safest remedy for kidney and bladder diseases is Foley's Kidney Cure. Alvarado Pharmacy.

DEMING.
From the Graphic.
Volney Rector returned from an extended business trip to his ranch, where he has been looking after his stock.

Geo. W. Chesman, the beef buyer from Denver, is in town and will begin receiving cattle which he has purchased in this vicinity, about the first of next month.

W. J. Barrows, who is with the department of the interior, spent several days in town last week, examining the financial condition of the county. He spoke enthusiastically of the good showing this new county was able to make.

The new barber shop being built by Otto Smith, next to the Cabinet saloon, is nearly completed and the old shop which remained on the inside of the new one while the building was going on has been removed to allow the finishing, and it will only be a short time now until he will be in his fine new quarters.

When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams, of McDuff, Va., says that he was cured of a very deep and lasting attack of a gripe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all druggists.

HILLSBORO.
From the Advocate.
Miss Mabel Kennedy left for her home at Albuquerque.

Mrs. W. S. Hopewell and Mrs. Stauffer moved to the Hopewell summer residence on the Animas.

A very pleasant party was given in honor of Miss Mabel Kennedy at the home of Mrs. C. C. Crews, Thursday evening of last week.

J. E. Liggett, the California millionaire, has purchased A. Shepard's ranch and cattle on Cave creek and also Peter March's ranch on North Percha.

Miss Mary Lynch came in from Flagstaff, Arizona, last Saturday. She is visiting her sister, Mrs. S. F. Keller. Miss Lynch has many warm friends who welcome her return.

Danger of Colds and Grip.
The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case resulting in pneumonia, which shows conclusively that it is a certain preventative of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

LORDSBURG.
From the Liberal.

Miss Ruth Taylor, who taught the primary department of our school this winter, left for her California home recently.

Mrs. J. A. Leahy gave a dinner party Sunday in honor of G. P. Hull's 27th birthday. Mr. Hull has been celebrating his 27th birthday so long that it has now got to be like an old friend to him.

The Lordsburg base ball enthusiasts, they have not played together enough to be called a team, went down to Deming Sunday, and went up against the Yellow Kids. The result was what was to be expected, the Kids got the best of the argument in the ratio of seventeen to nine. The Kids play a good game of ball, but the Lordsburg players think they could, without much trouble, do them up, after they have had a chance to do a little team practice.

A Chattanooga Druggist's Statement.
Robt. J. Miller, proprietor of the Read house drug store of Chattanooga, Tenn., writes: "There is more merit in Foley's Honey and Tar than in any other cough syrup. The calls for it multiply wonderfully and we sell more of it than all other cough syrups combined." Alvarado Pharmacy.

SANTA FE.
From the New Mexican.

Deputy Sheriff C. R. Huber went to Lamy in response to a message that there was a demented woman there who should be taken into custody. The telegram did not give the woman's name.

In a letter to friends in this city I. L. Chaves, clerk of the United States court of private land claims, who is in a hospital at Denver, where he is receiving treatment for an affliction of the ear, states that he is mending very slowly.

Mr. and Mrs. Willi Spiegelberg, of New York City, arrived from the south. They are in return from a three weeks' sightseeing tour through the Republic of Mexico. Mr. and Mrs. Spiegelberg were for many years popular and respected residents of Santa Fe and removed to New York City about twelve years ago.

Mrs. Frances Seligman, of this city, and Mrs. Fannie Britton, of New York City, who have been visiting California during the past three weeks, returned to the city recently. They were in San Francisco and also paid a visit to Los

Angeles and other towns and points of interest in the southern part of the state. They enjoyed the trip very much.

At the regular monthly convocation of Santa Fe Commandery No. 1, Knights Templar, on Monday evening, the officers elected at the March convocation for the ensuing year, 1903, were duly installed by Past Grand Commander Edward L. Bartlett. After the ceremonies a luncheon was served in the banquet hall. The following are the new officers of the commandery: F. S. Davis, eminent commander; W. R. Price, generalissimo; C. J. Crandall, captain general; W. A. Cooper, prelate; H. B. Cartwright, treasurer; W. E. Griffin, recorder; W. A. Bayer, senior warden; George E. Ellis, junior warden; S. G. Cartwright, standard bearer; Frederick Muller, sword bearer; Charles F. Basley, warden; W. T. Guyer, sentinel; W. H. Kennedy, first guard; Samuel Eldott, second guard; J. M. Walker, third guard.

Caution!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1863 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectation and coughing during the nights and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. J. H. O'Reilly & Co.

LAS VEGAS.
From the Record.

Miss Edith Kingsley celebrated her eleventh birthday by entertaining several of her young friends at a party.

Apollonio A. Sena, the popular and affable probate clerk, and wife, are in return from a pleasant visit to relatives at Chaperito. Mr. Sena reports crop prospects excellent, while sheep men are lambing from 85 to 90 per cent of their flocks.

F. H. Pierce, the popular superintendent of the Agua Pura company is having the excavating done in Lincoln park preparatory to laying the water mains for watering the park this summer. A good move in the right direction.

Marshal Curtwright received a telegram recently from Sheriff Littrell, of Raton, inquiring if he had the man who recently robbed the Ruffner house up there. It is presumed that he means Henry B. Hill, who is in durance vile for burglarizing the Lewis residence here the other night. If it is he it is very likely that the young man will work for the territory for some time to come.

From the Optic.
Miss Rose Ludeman is ill with the grip.

Malaquias Gallegos, a 2 year old girl, died recently of congestion of the lungs.

Dr. Woodruff, a graduate of the American School of Osteopathy, has located in Las Vegas for the practice of his profession.

W. M. Bell, who recently established an office as local manager of the New York Life Insurance company in the Crockett building, has identified himself still further with the interests of Las Vegas by enrolling as a member of the board of trade.

The Optic is informed that the strip of land which the officers of the government are trying to take from the Las Vegas grant to add to the Pecos reserve is thirty-eight miles long by a mile wide. On it are settled a hundred farmers who have had possession since 1858. According to careful estimates 24,240 acre are contained in the strip.

SEVERE ATTACK OF GRIP

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, editor of the Enterprise, of Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggists.

Ten and 15 cent box lunches at any hour of the day at the Chicago Restaurant, Railroad avenue.

.....NEW CURE FOR..... CONSUMPTION

Over Eighty Per Cent in the First Stage and Seventy Per Cent in the Second Stage of This Disease are Cured by the
NEW OZONOFORM TREATMENT

As to a cure for consumption, there has been endless theorizing and numberless "cures" have been advocated, practiced and abandoned. Those proposed have generally been based on the alleged discovery of some mysterious compound having the effect of arresting the disease. There are of course very pertinent reasons why these "discoverers" should withhold from the public information as to the nature of their remedies, but if this is necessary, it is hardly likely to beget widespread confidence.

THE OZONOFORM TREATMENT.

The new Ozonoform Treatment for Consumption which has been introduced by Dr. Frederick J. Fielding and is now being tried with the above satisfactory results at the Fielding Institute in the Hicks Building, San Antonio, is sharply differentiated from the other (so-called) cures—first is the fact that its nature is openly proclaimed by its originator, Dr. Kretschmeyer of Berlin, and second, that it is founded, not on some sudden and accidental discovery of a curative substance, but on the results of years of study and experimentation along the lines which modern scientific thought has indicated as the most likely to bring about satisfactory results.

GET DR. FIELDING'S BOOK.

A full description of the new Ozonoform Treatment, together with much information of value to consumptives is contained in a book which has recently been published by Dr. Fielding. It is a handsomely illustrated work, and everyone interested in the subject should write or Dr. Fielding at the Hicks Building, San Antonio, Texas, for a copy of it. It is sent free of charge.

John Pohl, of the Pohl family, famous as foot ball players, who has been spending some months with Wayne Wilson on the "Diamond Bar" ranch near Silver City, passed through the city yesterday en route to his home at Baltimore. Both Pohl and Wilson were members of the football team of Princeton last year.

A Thoughtful Man.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at all druggists.

Phil P. Hitchcock, general agent for the passenger department of the Wabash railway, and S. M. Shattuck, traveling passenger agent for the Baltimore & Ohio railway, were Albuquerque visitors Tuesday. Both gentlemen have offices at Denver.

Pneumonia is Robbed of its Terrors by Foley's Honey and Tar. It stops the racking cough and heals and strengthens the lungs. If taken in time it will prevent an attack of pneumonia. Refuse substitutes. Alvarado Pharmacy.

Hon. Edmund Burke, an attorney of Los Angeles, who is interested in timber deals in New Mexico and Arizona, was a passenger en route to Washington, D. C., the other evening.

Foley's Kidney Cure makes kidneys and bladder right. Don't delay taking. Alvarado Pharmacy.

Dave Goldbaum, the well-known Las Dos Naciones cigar salesman, with headquarters at Nogales, Ariz., was in the city Tuesday and left for the north yesterday.

Foley's Kidney Cure if taken in time affords security from all kidney and bladder diseases. Alvarado Pharmacy.

O. P. Hovey, the probate court clerk of Sandoval county, was here Tuesday on business.

Foley's Honey and Tar contains no opiates, and will not constipate like nearly all other cough medicines. Refuse substitutes. Alvarado Pharmacy.

Deputy Marshal Forbes, who has been in the Pecos valley, has returned to the city.

Our linen display is attractive; our prices none the less so. Albert Faber, Grant building.

MONUMENTS.
All kinds of stone and marble work. Prices moderate. Shop and yard corner Fifth street and Railroad avenue. H. Q. MAURINO & CO.

See our new spring line of carpets. We can save you money. Albert Faber, 305 West Railroad avenue.

Roosevelt Rate.

President Roosevelt will be in Santa Fe May 5 from 9 a. m. to 12 noon. For this occasion we will sell round trip tickets to Santa Fe on May 4 and 5, good to return May 6, for one fare at \$3.45. To bona fide members of the national guard in uniform we will make the low rate of \$1.75 for the round trip. F. L. Myers, agent.

Spring Goods
In martings, wicker goods, rockers, \$1.50 and up. Gasoline and oil stoves, refrigerators, \$10.00 and up. Linoleum, carpets, etc. We want your trade; either cash or time. We Can't be undersold.—Putrelle Furniture Co., west end of Vladuct.

Ties, Hosiery, Hats, Suits, all for Easter, 1903. Simon Stern, the Railroad Avenue Clothier.

We are headquarters for lace curtains, draperies and portieres. Albert Faber, 305 Railroad avenue.

F. A. Jones, E. M., C. E.
Consulting Mining Engineer
Field assistant U. S. Geological Survey
Albuquerque, N. M.
Correspondence solicited.

Early spring styles of W. L. Douglas shoes are at hand. Every style is shown from the patent leather vici dress shoe to the heavy box calf working styles, at \$3 and \$3.50. Simon Stern, Railroad Avenue Clothier.

To Property Owners.
If you wish to avoid paying taxes an 25 per cent additional to your property returns, see that your assessment is made before May 1, as the penalty will be added on that date. GEORGE F. ALBRIGHT, Assessor.

FURNISHED ROOMS.
for light housekeeping, with or without board. Inquire at Minneapolis House, between Huning and Coal, on Second street.

Indianapolis, Ind., June 9-14, 1903, annual meeting Travelers' Protective Association of America. Rate one fare plus \$2 for round trip. Dates of sale June 7 and 8; final return trip June 20. For further information call at ticket office. F. L. Myers, agent.

Mrs. Bamblin, at her parlors, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bamblin's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. Automatic telephone 490.

Notice of Forfeiture.
Territory of Arizona, County of Cochise, ss.

To M. J. Sherlock, his heirs and assigns:
You are hereby notified that I have expended one hundred dollars (\$100.00) in labor and improvements upon the "Aunt Betsy" Mining Claim, situate in Peralta Canon, Cochiti District, Bernillo Co., New Mexico, as will appear by certificate filed February 8, 1896, in the office of the recorder of said County, in order to hold said premises under the provisions of section 2324 Revised Statutes of the United States, being the amount required to hold the same for the year ending December 31, 1902.

And if within ninety days from the serving of this notice, you fail or refuse to contribute your proportion of such expenditure, together with the cost of this publication, as a co-owner, your interest in the said claim will become the property of the subscriber under said section 2324.

Dated March 19th, 1903.
ALEX CONRAD,
Signature.

Every woman in the country ought to know about

Mother's Friend

Those who do know about it wonder how they ever got along without it. It has robbed childbirth of its terrors for many a young wife. It has preserved her girlish figure and saved her much suffering. It is an external liniment and carries with it therefore, absolutely no danger of upsetting the system as drugs taken internally are apt to do. It is to be rubbed into the abdomen to soften and strengthen the muscles which are to bear the strain. This means much less pain. It also prevents morning sickness and all of the other discomforts of pregnancy. A druggist of Macon, Ga., says: "I have sold a large quantity of Mother's Friend and have never known an instance where it has failed to produce the good results claimed for it."

A prominent lady of Lamberton, Ark., writes: "With my first six children I was in labor from 24 to 30 hours. After using Mother's Friend, my seventh was born in 4 hours."

Get Mother's Friend at the drug store. \$1.00 per bottle.

LOCAL PARAGRAPHS

This has been a dull month in police circles.

Albuquerque is beginning to put on a holiday appearance.

Every one is anxiously awaiting for the day when President Roosevelt is to visit us.

Ice formed last night on water left out in pails. Just think of that, and it is April 30.

Abraham Kempenich, the general merchant at Peralta, is in the city today on business.

Sheriff Hubbell certainly done well by collecting over \$1,000 for President Roosevelt's reception.

Base ball at the fair grounds on Sunday. This time it is expected that the Shops and the Browns will cross bats.

Mrs. James Meehan and children are here from El Paso, on a visit to the lady's parents, Mr. and Mrs. Lou Davis.

At the Boston Mine Exchange last week, 220 shares of Santa Fe Gold & Copper company stock were sold at from \$2 to \$2.37 a share.

Conductor Jesse Miller returned home this morning from a three weeks tour of the Pacific coast. He was as far north as Portland, Ore.

George E. Howard, a leading photographer of the east, is in the city, and has accepted the position of manager of the Albright art parlors.

William Horabin, of the well known firm of vetherill & Horabin, merchants and Indian traders at Thoreau, N. M., is in the city for a couple of days.

Plymouth Congregational church at Denver has been assigned as headquarters to New Mexico Christian Endeavorers during the International convention in June.

Mrs. A. T. Rogers, of Las Vegas, passed through the city night before last for Los Angeles, in response to a telegram announcing the serious illness of a brother.

The Ladies' Aid society of the Congregational church held their regular monthly tea this afternoon at the home of Mrs. Carl Hopping, 737 South Edin street. Quite a large attendance was had.

Mrs. Nelson and her daughter, Miss Euphemia, has returned to the city from Denver. Announcement has already been published regarding the engagement of Miss Nelson to Lieutenant Appel.

Up in Santa Fe they have to offer prizes in order to wake some of their citizens up to have them decorate for President Roosevelt's reception. Not so here in Albuquerque, for every one is patriotic.

The Retail Clerks' union of the city will meet in Knights of Pythias hall Sunday afternoon at 2 o'clock. Important business will be considered and it is essential that all members of the union be present.

The Citizen publishes elsewhere, in today's issue, the powers granted the territorial board of equalization by the new law passed by the recent territorial legislative assembly. The article should be carefully read by all taxpayers.

Regular Sabbath services will be held at Temple Albert Friday evening, at 7:45. Miss Brathwaite and Mrs. Israel conduct the choir. Rabbi Jacob H. Kaplan will lecture on "Suspension and Reversion of Judgments." The public is welcome.

W. B. Walton, of Silver City, Sheriff Thomas S. Hubbell and Thos. Hughes, of this city, members of the old board of the world's fair commissioners of New Mexico, are in Santa Fe today closing up the business of the board. Governor Otero will now appoint a new board.

Mrs. W. M. McClellan, the estimable wife of a well known real estate owner residing on South Third street, expects to leave tonight or tomorrow morning for Colorado. Before returning to the city she will visit Denver, Colorado Springs and other cities of the centennial state.

Rev. W. Hayes Moore, of Santa Fe, was in this city this morning for a short time. He has been the guest of his brother in El Paso for a couple of weeks, and was en route for his home in Santa Fe. Rev. Moore is one of the ablest and fearless preachers in the southwest today.

Mrs. J. M. Blum and Miss Mabel Senyard, ladies of Cleveland, Ohio, after a sojourn of several months here, left for Cleveland this morning. Mr. Mack, a young gentleman who has been here the past winter, accompanies the ladies as far north as Trinidad, and from there he continues on to Denver.

Representative R. L. Baca, who so ably represented Santa Fe county at the last session of the legislature, is in the city today visiting his many friends. He has been out in the mountains hunting, but did not state how much game he bagged. He holds an important position in the superintendent of public instruction's office at Santa Fe.

Although the ladies of the Episcopal church had chicken pies galore when they began serving supper in the Barnett building last night, the pie was all gone before the people, who came, were all fed. The room was too small to seat all the people and a great many stood up and waited only to be turned away without supper because it was

GROWING LENGTHWISE

You want the children to grow, but not all lengthwise. When they start that way Scott's Emulsion will help them to grow right—with due plumpness and outward proportion, and with inward vigor and good spirits.

The Emulsion increases digestive power and strengthens the vital organs to get the best and make the most out of all the other food. It gives a kind of help that every growing child ought to have.

We'll send you a sample free upon request. SCOTT & BOWNE, 409 Pearl Street, New York, all gone. The pie was fine, so was the salad, the coffee, the ice cream and many other good things. It was a great success and the ladies cleared more than \$100.

Mrs. E. C. Whitson, of the Whitson Music company, has gone to Magdalena on business.

The Albuquerque union of Young People's societies will meet at the Presbyterian church tonight for devotional services. A cordial invitation is extended to all.

The Women's Christian Temperance Union will meet Friday afternoon for the election of officers at the home of Mrs. Grout, 116 South Third street. All members are urged to be present.

Mrs. M. A. Skinner, mother of Mrs. Harman H. Wynkoop and Arthur V. Skinner, an employee of the Skinner grocery store, is in San Marcial on a visit to Mr. and Mrs. Elwood Hayes. She will probably remain a month. Mr. and Mrs. Hayes were recently in the city and on their return to their San Marcial home Mrs. Skinner accompanied them.

Mrs. C. A. Hudson and her visiting friend, Miss Anna Austin, of Chicago; Mrs. Renner, Mrs. B. F. Fillmore and Mrs. Isaac Cox, accompanied by Dr. Taylor Goodman, the lady physician, left this morning for Camp Whitcomb. The doctor accompanied them so as to be on hand, should any kind of an accident happen to the ladies. The party will return to the city this evening.

Mrs. S. V. Harkness, a wealthy lady of New York, and son, Edward S. Harkness, and a party of friends, Mr. and Mrs. A. K. Macomber and Mrs. H. J. Macomber, of Pasadena, Cal., passed through the city today in a private Pullman car attached to passenger train No. 2, en route east. They have been spending the winter in California and are now going to New York to summer.

Fred McKeehan, until recently deputy Chinese inspector at El Paso, has been promoted to the office of chief inspector of immigration of Arizona, with office at Tucson. Mr. McKeehan was for some time chief deputy United States marshal of New Mexico and lived in Albuquerque. He left the marshal's office here to accept a government position at Nogales, Ariz., and after a short stay there he was transferred to El Paso. His last move is quite a promotion as the office of inspector of immigration is an important one. Mr. McKeehan is well and favorably known in this city and he has a large number of friends here who will be pleased to learn of his late good fortune.

A new upright piano for rent. Inquire at The Whitson Music Co.

New Pattern Hats
