WORLD'S FAIR DEDICATION

St. Louis is Thronged With Thousands of Visitors.

THE PRESIDENT WILL ARRIVE TODAY

Adjutant General Corbin Looking After the Soldiers' Welfare.

St. Louis, April 29.—A multitude of visitors is pouring into St. Louis in anticipation of the coming of President Roosevelt and the dedication to-morrow of the Louisiana Purchase Exposition. During the past twenty-four hours all incoming trains have been heavily loaded, and reports from railroad authorities indicate that by night-fall the crowd will be the largest ever gathered in this city. Hotels and boarding houses are filled to overflowing and the streets of the downtown district are literally jammed with people. Since last night parties of notables have been arriving in quick succession. The reception committee has a stupendous task on its hands, but the thoroughness with which it has made its arrangements is evidenced by today's results. Foreign diplomats, governors and their staffs and innumerable other public men have poured into the city on every train, from the north and south, the east and west. As rapidly as they arrived they have been received at the station by members of the reception committee and escorted to the quarters assigned them. Marching soldiers and playing bands are to be encountered at every turn. The number of troops that are pouring into the city is without precedent. An idea of the tremendous total may be had from the statement that New York state alone has sent 1,000 soldiers, representative of all branches of the service. Iowa, Ohio, Kentucky, Illinois and many other states are well represented in the great army of militiamen that has invaded the city. Under the able management of Adjutant General Corbin and his aides the soldiers' welfare is being looked after. The governors and their military staffs, the militiamen from a score of states, jacksies from the monitor Arkansas and United States troops to a total of several thousand will combine to make a military pageant tomorrow worth going hundreds of miles to see.

The presidential special is due to arrive here late this afternoon. The president will be met at Keokuk by Governor Dockery, of Missouri, and a citizens' reception committee who will accompany him to St. Louis. Upon arriving in the city the distinguished guest will be escorted to the home of former Governor Francis, whose guest he will be during his stay in the city. Former President Cleveland and a

number of other distinguished visitors also are to be entertained by Mr. Francis. The stay of President Roosevelt is so brief that there will be little time for him to participate in any public functions except those immediately connected with the dedication of the exposition. The Sigel monument association, however, has obtained the consent of the president to attend a gathering in behalf of the memorial to be held in Music hall tonight. It is expected that Mr. Roosevelt will make a brief address.

At the world's fair today the various officials and their assistants were literally working with their coats of getting everything in readiness for the festivities of the next three days. The grand court, the Liberal Arts building and other portions of the grounds that will be brought into prominence by the dedicatory exercises have been dressed in rainbow fashion with thousands of flags and yards upon yards of red, white and blue bunting. The facades of all the great palaces facing the court are apparently in a finished state. When the president rides up the avenue between the great structures tomorrow the scene that will greet his eye will be practically the same as that to be presented one year hence when the gates of the exposition will be thrown open to the public.

At 10 o'clock tomorrow morning the freedom of the city will be bestowed upon President Roosevelt by the mayor, and half an hour later the military parade, composed of United States troops and the national guard, will start for the exposition grounds, preceded by the president and invited guests in carriages. At the grounds a presidential salute of twenty-one guns will be fired.

The doors of the Liberal Arts building will be opened and a band concert will be given. At 2 o'clock the ceremonies will begin. They will consist of an invocation by Cardinal Gibbons and addresses by the exposition officials. President Roosevelt will make an address, and after a grand chorus former President Cleveland will speak.

On Friday the members of the diplomatic corps, the representatives of foreign governments to the exposition and other official guests will be taken by a military escort to the grounds. Addresses will be made by the French ambassador and the Spanish minister. The civic parade will take place Saturday and will be reviewed by the governors of the various states. In the course of the ceremonies at the Liberal Arts building addresses will be made by Governors Odell, of New York, and Dockery, of Missouri. At the close of the ceremonies on each of the three days a centennial salute of 100 guns will be fired. A display of fireworks will be made each evening.

RUSSIA'S POSITION.

That Country Not Trying to Grab Part of China.

St. Petersburg, April 29.—A semi-official note on the subject of Russian policy toward Manchuria, just issued, characterizes the demands ascribed to Russia in dispatches from Peking as being simply inventions.

"No change has occurred," says the note, "in the intentions of Russia with reference to Manchuria. The exchange of views about to occur between the Russian minister and Chinese government can relate only to the measures to be adopted for ensuring the preservation of order and tranquility after the Russian troops have marched out of the province."

"Russia has absolutely no intention to place impediments in the way of foreign trade."

Destroyed by Earthquake.

Spokane, Wash., April 29.—A private dispatch from Frank, N. W. T., states that a terrible earthquake has occurred there, wiping out a mine and killing seventy people. Frank is a few miles east of Fernie, B. C., where the terrible explosion occurred a few months ago. About two years ago H. L. Frank of Montana began develop-

ing the coal fields, driving in a tunnel for about two miles; above this tunnel the coal was stowed out for nearly 100 feet. It is supposed here that the earthquake has crashed in the walls of this stope, imprisoning the miners.

SEVERE STORMS.

Snow Falls in Wyoming, Colorado, Kansas and Nebraska.

Cheyenne, April 29.—The severe storm which began yesterday afternoon is raging with undiminished fury today, and from six to ten inches of snow covers the ground from Cheyenne to Rock Springs, and as far north as Casper. The thermometer has fallen almost to zero, and heavy loss is expected in the sheep region, where shearing has been going on for the last two weeks. No present indications for abatement of the storm for twenty-four hours.

Cold in Colorado.

Denver, April 29.—Snow fell all over Colorado last night and this morning. A cold wave accompanying snow has done considerable damage. In this city a number of tender plants were destroyed. At Fort Collins it is feared the fruit crop is damaged, and at other points cattle and sheep are suffering.

Snow in Kansas.

Topeka, April 29.—Reports received at the government weather bureau here today states that snow was falling at Dresden, Hays City and Dodge City early this forenoon with the temperature below freezing point. At Baker, Concordia and Macksville the temperature dropped 23 degrees in an hour. There is much danger of fruit being killed. Weather predictions for tonight are rain, snow and colder weather.

Blizzard in Nebraska.

Lincoln, Neb., April 29.—A blizzard, extending over the entire western part of the state, set in early today and still continues. Trains on the Burlington to the northwest are delayed. The snow west and north of Broken Bow is two inches deep.

H. R. Mitchner, a binder from Cripple Creek, Colo., has arrived and will locate here.

BAZAAR RECEIPTS.

Partial List of the Finance of the Recent Entertainment.

IT IS INTERESTING.

As every one knows, the bazaar which closed Monday evening, was a success. The Citizen gives below a partial report, almost complete, of W. J. Johnson, assistant cashier of the Bank of Commerce, who acted as treasurer.

Forest Fires.

Onaway, Mich., April 29.—Forest fires threaten the destruction of this city. In every direction the woods are ablaze. Hundreds of citizens fought the flames last night to keep them from the lumber yards. The lumber camps are surrounded by fire and it is feared many lives will be lost. A high wind prevails.

EDISON'S IDEA

Extracting Gold From New Mexico Gravel.

RUSSIA DENIES DESIGNS ON CHINA

Terrible Earthquake Shock in British Columbia Coal Mine.

FOREST FIRES IN STATE OF MICHIGAN

New York, April 29.—Thomas Edison has a scheme for extracting gold from immense low gold quartz gravel beds in Lower California, Arizona and Northern Mexico. Edison's system, which it is claimed has now reached a working basis, is by employing an air blast. Experiments near Santa Fe by Floyd M. Chapman, one of Edison's assistants, have produced a machine which it is claimed will save 98 per cent of the gold in the gravel.

Russia Denies Report.

Washington, April 29.—The Russian government has flatly denied the Peking report of her intention to secure exclusive privileges in Manchuria.

EARTHQUAKE SHOCK.

Mine in British Columbia Destroyed and Seventy Miners Killed.

Vancouver, B. C., April 29.—An explosion near the town of Frank, N. W. T., on the line of the Crow's Nest Pass railway, occurred early today. Seventy-five persons are reported killed.

Wires Damaged.

Buffalo, N. Y., April 29.—A dispatch to the Associated Press from Winnipeg says the wires are down east of Frank and the line is reported to be covered for a mile and a half east from ten to fifty feet in depth. Frank is a new mining town in Alberta, near Lethbridge and about on the boundary line between British Columbia and the United States.

One Hundred Lives Lost.

Frank, N. W. T., April 29.—An earthquake happened about 4:30 o'clock this morning, and the whole valley below this town for over a mile wide was shaken up immediately after what appears to be a volcanic eruption, which took place on top of Turtle mountain, which overlooks the town. Millions of tons of rock were thrown down, covering the mine entrance, the mine buildings, and burying them hundreds of feet deep. All the men employed about the mine outside were instantly killed, and over twenty miners imprisoned in the mine with little hope of recovery. The loss of life is estimated at over one hundred, mostly women and children. The mountain is still throwing up rock. The country is covered with lava and scoria for twenty miles, and the river is dammed with lava, causing a flood.

THE ODD FELLOWS.

They Celebrated the Eighty-Fourth Anniversary Last Night.

A DELIGHTFUL TIME.

Odd Fellows' hall on South Second street was filled last evening with Odd Fellows, with their wives, sisters, aunts and uncles, to celebrate the eighty-fourth anniversary of this wonderful order, whose membership is now over a million and a quarter. Of this number New Mexico contributes over a thousand and has twenty-five subordinate lodges.

The hall was filled, every seat being taken. The program was enjoyable; the refreshments excellent and every one had a good time. The exercises, which were under the direction of H. E. Fox, were commenced soon after 8 o'clock by a piano solo by Miss Bowser, after which Miss Maude Summers delighted the audience with a song. Miss Bearup then told about the little girl's mites and mits to the delight of all, and Miss Rose Huntzinger played the piano for the next number. John H. Stingle, gave an able and interesting talk on Odd Fellowship. In the early part of the Eighteenth century first mention is made of Odd Fellows and by 1788 the order had acquired considerable prominence for the motto of the order was then floated, which inspired the poet, James Montgomery, to write the first Odd Fellows' poem,

entitled, "Friendship, Love and Truth." It was at Baltimore, April 26, 1819, just eighty-four years ago yesterday, that Thomas Wilkey associated with four others, organized Washington lodge, No. 1. Wilkey taking the obligation in the presence of the four others and then administering the obligation to them. This is considered the beginning of the I. O. O. F. of America. From that date to the present time the prosperity of the order has been phenomenal. Although of a humble origin it has become the greatest, wealthiest and most powerful fraternity in the world.

Its object is the elevation and improvement of mankind, morally, intellectually and socially. It opposes all forms of vice and immorality, and it inculcates virtue, philanthropy and brotherly love. Realizing the need of co-operation and mutual assistance in all the affairs of life, its members are required to aid and protect one another, to visit the sick, relieve the distressed, bury the dead and protect and educate the orphans. It endeavors to form in mankind a universal brotherhood, bound by the golden chain of "Friendship, Love and Truth," the motto of the order.

Duncan Bell sang a solo, then Miss Daisy Huntzinger recited about the bad girl, which pleased exceedingly. A duet followed by Mr. Bell and Miss Summers, and the program was closed by a short and witty recitation which was charmingly rendered by Mrs. Harry Strong, wife of the noble grand of No. 17. All in all the program was fine and reflects no little credit on those who took part.

After the program the dining room was thrown open and over 150 participated in the refreshments, consisting of sandwiches, cake, ice cream and coffee. During the intermission and at the request of numerous friends, Miss Menaui, the brilliant pianist, favored the gathering with several selections which were encored. Dancing was enjoyed until the midnight hour, the music being furnished by Mrs. Rosa Berry.

The local organizations who had the affair in charge were Albuquerque encampment, No. 4, Albuquerque lodge, No. 1, and Harmony, No. 17.

COMING FROM KANSAS CITY.

Commercial Club of That City Will Visit Albuquerque.

WILL BE HERE IN MAY.

On Friday morning, May 15, a big representation from the Kansas City Commercial club will arrive in the Duke City on a special vestibuled train with diner and all requisites, en route for the coast. They are to stop off from 9:35 until 11 o'clock and see the city and get acquainted as much as possible with our leading business men. The Kansas City club will have a brass band with them, and something will be doing when they arrive.

The following letter will explain, it being from the club's secretary:

Agent A. T. & S. F. R. R. Co., Albuquerque, N. M.
Dear Sir—It has been announced that the Commercial Club of Kansas City will take a trade extension trip beginning May 12 and a special train will be in your city from 9:35 a. m. to 11:00 a. m., Friday, May 15.

As this will be a very fine train it will be quite an interesting sight and will have on board of it a great number of the leading business men of Kansas City, and we think it will be an interesting occasion for the neighboring farmers, as well as for our city people. If you will send us the names of twenty-five or more of the representative farmers near Albuquerque, we will write each one a personal letter, notifying them of the arrival of the train and inviting them to come in. For all who come in we have a handsome souvenir to present, and in addition they can see the train, hear the music and get acquainted with the people who are helping to make Kansas City great.

As the time to prepare is very short, we would like to receive the list as early as possible for which we thank you in advance. We would be pleased to meet you at the baggage car when the train arrives and extend the usual courtesies.

Your truly.

O. L. CLEAVE.
Secretary McCanna of the Commercial club has sent some fifty or more names of prominent farmers here and in the vicinity, who will probably respond to the invitation. The Commercial club here has extended an invitation to the Kansas City clubmen to visit the club quarters. This is the third of the trade excursions of the Kansas City club. The other two were short trips into Kansas and Oklahoma.

ROOSEVELT DAY AT ST. LOUIS

Roosevelt and Cleveland to Help Dedicate Fair.

PRESIDENT SPEAKS AT KEOKUK, IOWA

Illinois Legislative Boodling Committee Find Nothing Wrong.

Keokuk, Iowa, April 29.—The president left Iowa at 10 o'clock this morning over the Burlington, en route to Quincy and St. Louis. At the station in this city Governor Cummins, of Iowa, bid him good bye and Governor Dockery, of Missouri, welcomed him to the state of Missouri. The party arrived here at 8:30 o'clock from Ottumwa and was met by the reception committee. After a short drive the president, standing in the pit of a natural amphitheater at Rand Park, made a ten-minute speech, which was heartily applauded.

President at Quincy.

Quincy, Ill., April 29.—President Roosevelt stopped here for about forty-five minutes this morning. A large crowd was on hand to greet him and amid cheers he was driven to the court house park, where he delivered a short address.

Roosevelt Reaches St. Louis.

St. Louis, April 29.—The president will arrive here at 4:10 this afternoon and between that hour and 9 o'clock tonight he is scheduled to eat one dinner and deliver three addresses. Thousands of people are arriving all day, including a number of governors of states and other prominent people. Ex-President Cleveland is expected to arrive at 5:20 this afternoon. He will be met by a committee representing the exposition company and during his visit in St. Louis will be the guest of President Francis, of the world's fair, in whose home President Roosevelt will also stay. Nearly 10,000 members of various state militias are expected to arrive during the day.

BOODLE INVESTIGATION.

Charges of Speaker Miller Not Sustained by Evidence.

Springfield, Ill., April 29.—The report of the boodle investigating committee will not be submitted to the house today. The committee did not complete last night's session until 2 o'clock this morning. At least one more witness, Walter L. Fisher, secretary of the municipal voters' league, is to be heard. Mr. Fisher arrived this morning and will be given a hearing this afternoon. The report of the committee has not yet been agreed upon in detail. It is understood, however, that it will find the charge of Speaker Miller unsubstantiated by evidence, but will relieve the speaker of any intention of misrepresenting the matter, taking the view that he drew wrong conclusions from the statements made to him.

Col. Green and Party.

An elegantly appointed palace car, the private property of Col. G. G. Green, owner of the Green hotel, Pasadena, Cal., arrived from the west this morning attached to passenger train No. 2. The car was cut loose from the train and will remain here until tomorrow, when it will again be attached to train No. 2 and continue its journey east. The party traveling in this car, on whose side are three large gilded G's, is composed of Col. and Mrs. G. Green, Misses Altadena and Edyth Green, G. G. Green, Jr., W. D. Rockefeller, F. J. Toner and W. W. Fisher. They are stopping at the Alvarado and will remain until tomorrow, when they will leave for Philadelphia. The Greens have a summer home near Jersey City. They have been spending the winter in California.

Ye Olden Times.

The choir of the Lead Avenue Methodist Episcopal church gave a very successful entertainment at the church last night. It was a Seventeenth century social and every part of the arrangement was in keeping with the significance of the name. The men wore short trousers, ruffled shirts and powdered wigs and the women were attired in true Martha Washington style. Their skirts were tucked and flounced and took up a great deal of room. The program, quite elaborate, was composed of numbers in keeping

with the costumes of the performers. It was a very enjoyable affair. The following program was rendered:

Huldah Clarissa Welch, exceedingly high voiced synger; Jerusha Anne Grant, of Boston Towne, Charity Primrose Fish, ye gudyer of little ones; Jerusha Ann Carns, wife of ye neighborhood dispenser of physic; Daniel Ebenezer Hall, ye tuner of ye spinets, and a dozen others who are well known. The concert was a financial success.

Wreck at Laguna.

Freight train No. 846, which left here yesterday, was wrecked last evening near Laguna. The train broke in two just before entering the station and when the front end stopped the rear end crashed into it. Eight cars were piled up and the loss is considerable. The trainmen saw the catastrophe coming and saved themselves by jumping. The disabled train was in charge of Conductor W. Thomas and Engineer Klump. A wrecking crew was called from the local yards to clear the road. Trains from the west arrived here on time this morning.

Read The Citizen and get the news that is correct.

Knights of Pythias hall held a lot of enthusiastic clerks last evening. The retail clerks' union met and C. L. Colson, of the Golden Rule, was elected financial secretary to fill the position made vacant by the resignation of F. M. Lyons. Twenty-seven new names were added to the charter and the membership now is 125. Hereafter a small initiation fee will be charged to new members wishing to join. A business meeting will be held next week. Let the good work go on.

G. M. Pedroncelli, a member of the wholesale liquor firm of Bachechi & Co., has returned to the city after a successful trip to the surrounding small towns. He first visited the camps along the Santa Fe Central road and then crossed over the divide into the Naciminto country. He was successful in booking some very good orders for liquor buyers. He reports the resorts of the James and Sulphur Hot Springs looking fine, and noted the fact that visitors are beginning to arrive. He also stated that M. S. Otero has his sulphur mill in operation at the Sulphurs.

CAUSES UGLY TALK.

Leatherman Should Have Squared Himself Before His Departure.

HIS RAFFLE TRANSACTION.

Some ugly talk is being indulged in throughout the city on account of the departure of R. E. Leatherman, and quite a large number of bills are left unpaid. It is hinted that Leatherman is guilty of selling his horse, buggy and harness and securing money for the outfit from a Mr. Wolf, when he had previously sold tickets at \$1 each for a raffle drawing of the entire outfit. It is learned also that Jacob Korber does not intend to let go of the buggy, regardless of the purchase, for the reason that the buggy was purchased by Leatherman on the installment plan, and that he (Korber) holds a lease for the payment of the unpaid notes. Some of Leatherman's creditors, or rather some of those who got bit in the raffle scheme, was thinking seriously this morning of stopping the young man up the road by telegraph, but he was allowed to pursue on his way to Washington, D. C., without interruption. Matters are ripening for a good article on Leatherman's departure, and it is quite likely The Citizen will have something more to say on the subject, especially the raffle scheme, later on. Mr. and Mrs. Leatherman left for Washington, D. C.,

GRAND PAGEANT.

At noon tomorrow in St. Louis a sa-
lute of 100 guns will announce to the
world the close of the first century of
an inland empire that Napoleon sold
for a song.

Seldom in the official life of a great
nation will the pomp and pageantry
of monarchy have been so overhad-
owed as at the dedication of the inter-
national exposition to commemorate
that event.

One of the most impressive milita-
ry spectacles of peaceful times will
sweep through the metropolis of the
Louisiana domain—a glittering display
of American arms and the man, at the
zenith of the republic's power.

Kings, emperors and potentates
have sent their ambassadors to swell

has been less communication between
that territory and this city than there
should be. This is partly due to the
close rail communication maintained
with Kansas City, to which point New
Mexico people have long looked as
their market. An effort should be
made to establish a bond of union be-
tween New Mexico and Colorado as
members of the Rocky Mountain group
of states and territories.

Our people will receive with satis-
faction all information showing that
New Mexico is advancing, and there
need be no question in the mind of any
resident of that territory concerning
their willingness of Denver and other
Colorado citizens to give them what-
ever assistance it may be in their
power to extend.

ODD FELLOWSHIP.

The institution of Odd Fellowship
originated in Manchester, Eng., in
1812.

Odd Fellowship was introduced in
the United States from the Manches-
ter Unity in 1819, and the grand lodge
of Maryland and the United States
was constituted on the 22d day of Feb-
ruary, 1821.

The order at its last report, 1900,
had under its jurisdiction in the United
States: Grand lodges, 69; grand
encampments, 55; Rebekah assemblies
40; subordinate lodges, 11,928, and
paid annually for relief \$4,000,000 and
in ten years the membership of the
order has increased 500,000.

THE AMERICAN GIRL.

Of course all of us have known it
all the time, but this is what an En-
glish nobleman, who has just returned
from a visit in this country, says of
the American girl:

"The American woman is the most
glorious production of the American
civilization. No means are spared to
perfect the American girl's education,
no money lacking to purchase suitable
adornment for her person. Is it to
be wondered at when she comes over
here and takes her place like one of
the manor born among the fairest
flowers of our old aristocracy?"

"It is not necessary for an Ameri-
can woman to marry a title to be re-
ceived among the aristocracy abroad.
Her grace, her charm, her independ-
ence, her perfect poise and assurance
will open any door to her, and I think
that she is beginning to realize this.
A duke or a prince may be proud to
have an American girl for his wife,
but it were better could he feel always
that he had won her because he was a
man and she loved him than because
he was a nobleman."

PROFITS OF POLICY.

When Al Adams, the New York lot-
tery king, was arrested his books
showed that the business of his con-
cern amounted to about \$2,000,000 a
year in a certain area on the west side
of Manhattan island, which was exclu-
sively his territory under the divi-
sion of the policy game agreed upon by
the policy association and the authori-
ties. His business in the whole of the
greater city is estimated at about \$3,
600,000 a year.

Of this prodigious sum one-third
went to "writers" for salary, light,
heat, etc.; one-third for expenses of
administration, which included pay-
ments to the police, and one-third went
to Adams for profits and for the pay-
ment of prizes. The amounts paid in
prizes are calculated to have been
from \$300,000 to \$400,000 a year, leav-

HOSTETTER'S
STOMACH BITTERS

Is entitled to the highest praise as a
family medicine if you judge it by its
merit and record of cures during the
past fifty years. No other remedy can
take its place because it is the best
that science can produce as a cure for
Belching, Heartburn, indigestion, Bil-
iousness, Dyspepsia, Insomnia, and
Nervousness. It is also an excellent
tonic and blood purifier. Don't fail to
try it. It has never been known to fail.

ing for Adams a net profit of \$800,000
to \$900,000 a year.

If anything were capable of influenc-
ing the minds of policy players to per-
mit themselves to be deluded no longer
into parting with their money these
figures would do it, because they show
that of \$2,600,000 which they paid into
the policy shops they received back
between \$300,000 and \$400,000 a year,
or only \$1 out of every \$10. The other
\$9 out of every \$10 invested went to
pay employees of the policy king, to pay
the police for permitting him to run
and for his personal profit or roundly
\$1,000,000 a year.

Ornery People at Las Vegas.

According to the Optic there are
some very mean, dirty people at Las
Vegas. That paper says: There are
some ornery people in the city to be
sure. Imagine the feelings of those
who had labored on an alley in the
city until it was as clean as could be
wished, to find a few hours later a
choice assortment of bottles, rags, tin
cans and such like littering the place.

Railroad Topics

THE NORTHEASTERN.

It is Doing a Good Business Through New Mexico.

The El Paso & Northeastern has an immense traffic coming in coal and coke, besides other local business and through freight routed from Mexico, California and Arizona, and from the Rock Island and its feeders, says the Alamogordo News. By the opening of the fall season in October the company will have all of its engines back into service, better than ever, and a number of engines ordered many months ago will be here. The only trouble the road now has is due to lack of engines for the big business at its disposal, but more and more is being handled as the overhauled equipment is brought back into service, that was put out of business in the winter. The coal output from Capitlan is considerable, but the Dawson mines are making the railway hustle to get the product out of the way. Last Wednesday, for instance, the road handled thirty-four cars of coal and five of coke and Thursday the same quantity was moved. The company has a fine market for all it can produce of both coal and coke at an excellent price, the coal being the best in the territory and the coke unexcelled for smelter use. The lumber shipments are growing and the general local traffic increasing. In the fall the Santa Fe Central ought to be adding to the business of the El Paso & Northeastern if successful in getting any freight shipped for Albuquerque and Santa Fe markets, or from Colorado for El Paso, over a north and south route in competition with the Santa Fe. By the opening of winter the Rock Island-Choctaw line to Tucumcari will be finished and a volume of business will be added, from Memphis, Little Rock, Oklahoma and Texas to California via the Santa Rosa connection, coming via Alamogordo. President Eddy and General Manager Martin see what a big traffic is assured and are making every possible preparation to be equal to it.

Destructive Fire in Santa Fe Railway Yards at Deming.

A fire took place at Deming in the yards of the Santa Fe at 11 o'clock Monday morning. As a result, the coal chute is in ruins and a car of coal and more than forty tons of fuel have been consumed. The loss is quite heavy, but the exact figures cannot be secured at this time. The fire was very fierce and it was with the greatest difficulty that the flames were kept from spreading to the adjoining property. A spark from an engine caused the blaze.

For liver troubles and constipation There's nothing better in creation Than Little Early Risers, the famous little pills.

They always effect a cure and save doctor bills. Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the secretions and restoring the liver to the full performance of its functions naturally. B. H. Briggs & Co.; S. Vann & Son.

Subsuccumbed to Injuries. The injuries received by Joseph Salto while attempting to board the Santa Fe water train Saturday afternoon, proved fatal. The accident happened at 1 o'clock and three hours later the Italian boy passed away at the hospital.

At first it was thought that the victim's skull was fractured, but a closer examination proved otherwise. The scalp was partly torn off, however.

When he fell his side struck against the end of a railroad tie with such force as to crush in his ribs so that they penetrated his lungs, causing internal hemorrhage.

Deceased was a bright and promising young man, and his parents are heartbroken over his untimely death.

The railroad company was in no way to blame and no inquest will be held. The funeral occurred from the Catholic church at 10:30 this morning and was largely attended.—Trinidad Advertiser.

Due Notice is Served. Due notice is hereby served on the public generally that DeWitt's Witch Hazel Salve is the only salve on the market that is made from the pure, unadulterated witch hazel. DeWitt's Witch Hazel Salve has cured thousands of cases of piles that would not yield to any other treatment, and this fact has brought out many worthless counterfeits. Those persons who get the genuine DeWitt's Witch Hazel Salve are never disappointed, because it cures. B. H. Briggs & Co.; S. Vann & Son.

Era of Railway Strikes is Approaching An End.

"In my opinion the day of railroad strikes is about over. This is because general managers are more reasonable, and because the men in the labor organizations conduct themselves more conservatively. We find the officials of railway companies exceedingly fair throughout the country. I do not say this to pat them on the back, but because I believe it is true."

F. T. Hawley, of Buffalo, grand master of the Switchmen's Union of North America, spoke these words as he was about to depart from Denver for Kansas City, says the Denver Republican. Mr. Hawley arrived in this city Saturday night, and spent Sunday in Cheyenne, returning here yesterday. He said he was not in Denver on official business.

"I do not think the much-heralded labor troubles on the 1st of May will materialize as people expect," said he. "Many of the building trades have arranged for arbitration, and I believe the employers will arbitrate rather than run the risk of losses during a strike. In any event, I do not believe railroad men will take any hand in the trouble. I know the Switchmen's union will not. We do not believe in sympathetic strikes. We adjust all our difficulties by peace methods and argument. Of course, we reserve the right to strike, as any organization does. It would be a poor one that would not strike as a last resort. But there is not a man in our organization who does not deplore strikes."

"All is now at peace in our union all over the United States. The growth of the organization has been phenomenal. I never knew of a labor organization to increase so fast. We have now 19,000 members, and we expect to go into our convention at Indianapolis in May with 20,000."

Robbed the Grave. A startling incident is narrated by John Oliver of Philadelphia as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at all druggists.

Hospitals on the Trains. The number of railroad accidents and the appalling list of fatalities in the first two or three months of the present year have stirred public sentiment, and aroused railway officials to the necessity of adopting some means toward checking the frequency of these disasters, as well as providing a better system of taking care of the injured. Several of the eastern roads are equipping their trains with a complete hospital service. This has been done in a degree by the Southern Pacific and may be followed up by a complete service in the near future. With regard to the way in which one eastern road has provided for emergency, a dispatch has the following:

"The Erie railroad company, besides having beds at the call of the railroad at hospitals in various cities along its route, has a private hospital car, which is supplied with cots, surgical instruments, bandages, antiseptics, etc., while there is always a good supply of hot water and an attendant who is a skilled nurse, who is always in the car. If word of an accident is received the car is sent either with the wrecking train or by special engine to the scene. A message is sent to the surgeon in charge of the district where the accident occurred and he meets the hospital car."

RAILROAD NOTES.

William Daze, road foreman of engines for the Santa Fe, was an Albuquerque visitor yesterday.

Fireman Homlett was taken out to the Las Vegas hospital suffering with severe injuries which he received by jumping off of an engine.

General Manager W. S. Hopewell, of the Santa Fe Central railway, left for Denver on business for the road. He will be absent several days.

Fireman Roland Hill, who was so badly burned by the explosion of an oil can at the Southern Pacific depot, El Paso, a few nights ago, was reported Monday as doing nicely. It is now thought he will recover.

W. J. Stackburger, a bridge builder employed at the Santa Fe stock yards, El Paso, was quite seriously injured while at work. He was engaged in unloading some piling when some of it fell down, catching him underneath it. Dr. W. N. Vilas was summoned and the injured man given medical attention. It was found that he was badly bruised about the groin, but not fatally hurt.

George T. Nicholson, general passenger traffic manager for the Santa Fe, who is piloting some fifteen or twenty passenger agents on a tour of the northwest and west, will probably return east by southern route and make a short visit to Albuquerque. The party left Chicago about a month ago going to Portland and Seattle over the Northern Pacific. They have toured the coast, stopping at all important cities and are now in southern California. Mr. Nicholson is the only member of the party who has ever visited the Duke City, and it is very likely that they will spend at least a day here.

A car load of gallopers, fast ones that have been wintering on the coast, passed through the city last night en route to St. Louis. The most prominent horses of the bunch were Virgie D'or, Dingley Bell, Muffoon, Mike Rice, Phil Archibald and Milas. They are the property of Dave Waldo, Joe McDowell and W. M. Rogers and were in charge of Jockies Farrer and Benson.

Dr. Matthew Gardner died in San Francisco Saturday, while being operated on for appendicitis. Dr. Gardner was the head of the hospital service of the Southern Pacific, and was known by every employee of the railroad who had ever been sick enough to be sent to the general hospital at San Francisco. Most of the employees of the road feel a personal loss in his death.

Davy Crockett.

There are two plays, not only in the past, but in the present generation, that have endeared themselves to the hearts of the amusement loving public. One of these is "Rip Van Winkle," immortalized by the great Jefferson; the other is "Davy Crockett," made famous by the late lamented Frank Mayo. The latter play is probably more truly American than any other drama ever presented in this country.

The romantic actor, Mr. Ed Redmonds, has been pronounced by the public, the pulpit and the critics of our leading papers of the United States, to be the only fit successor of Mr. Mayo in this role.

It is a pleasure, therefore, to announce the appearance of Mr. Redmond at the opera house on Wednesday, April 29. We trust the patrons of our theater will take advantage of this opportunity to see this sterling actor, supported by his own company, in a scenic production which has eclipsed all previous efforts in the presentation of this truly great American play.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

Announcement. To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

LINE OF MARCH.

President Roosevelt Will See a Big Section of the City.

EVERYBODY SHOULD DECORATE.

All residents and business men along the Roosevelt line of march on May 5 are requested to decorate. The line is as follows:

Start at Alvarado hotel, corner of First street and Gold avenue; west on Gold avenue to Second street; north on Second street to Fruit avenue; west on Fruit avenue to Fourth street; north of Fourth street to New York avenue; west on New York avenue to Sixth street; south on Sixth street to Copper avenue; west on Copper avenue to Twelfth street; north on Twelfth street to Tijeras avenue; east on Tijeras avenue to Eighth street; south on Eighth street to Railroad avenue; east on Railroad avenue to Second street; south on Second street to Silver avenue; west on Silver avenue to Third street; south on Third street to Atlantic avenue; east on Atlantic avenue to Second street; north on Second street to the viaduct; cross the viaduct to Broadway; north on Broadway to Gold avenue; east on Gold avenue to Walter street; north on Walter street to Carroll avenue; west on Carroll avenue to Edith street; south on Edith street to Railroad avenue; west on Railroad avenue to Arno street; south on Arno street to Coal avenue; recross the viaduct to Second street; north on Second street to Gold avenue; west on Gold avenue to Commercial club; north on Fourth street to Railroad avenue; east on Railroad avenue to the depot and disband.

The arrangements now are for the president, en route on the parade, to stop five minutes each at the residence of Hon. B. S. Rodney, delegate to congress; at the Commercial club, and at the Central school building in south Third street. At the school he will be asked to make a short talk to the children there assembled; at the other two stops there will be handshaking.

ROOSEVELT RECEPTION.

Short Paragraphs of Interest About Coming of the President.

Hon. James S. Duncan, of Las Vegas is at the head of a scheme to run a special train to Santa Fe on the day the president visits the territorial capital. The New Mexican says: "Hon. James S. Duncan, of Las Vegas, who is visiting the capital today, states that arrangements are being completed whereby a special train will be run from the Meadow City to the capital on May 5 next for the accommodation of citizens of the former town and such others residing along the line as may wish to visit Santa Fe on Roosevelt reception day. The matter of running a special train to Santa Fe had been virtually abandoned until Mr. Duncan reached home on Saturday and stirred it again into activity. His efforts were successful and on yesterday the sum of \$500 to pay for the train was guaranteed to the Santa Fe Railway company and Division Superintendent F. J. Easley immediately took the matter up with General Passenger Agent W. J. Black at Topeka. The following subscribed to the fund: James S. Duncan, F. O. Blood, A. H. Whitmore, E. G. Murphy, The San Miguel National Bank, H. C. Coors. The Gross, Kelly & Company, Charles A. Spiess, G. D. Goodall and F. H. Pierce."

We Are Different.

Both Santa Fe and Albuquerque are making extensive preparations to entertain President Roosevelt on the 5th of next month, says the Lordsburg Liberal. Those in charge of the Santa Fe entertainment do not think it proper to have any thing political or personal mixed up with the entertainment, and so the magic word "statehood" will not be pronounced nor printed while the president is at the Ancient City. The Albuquerque entertainers think differently, and will use every effort to boom statehood while the president is in their town. Arches will span the street on which will appear the legends, "Roosevelt and Statehood in 1904." It is expected that the president will not object to the first part of the proposition, and will be too polite to object to the second portion. If any orators get a chance to speak while the president is in town they will be expected to boom statehood. The Albuquerqueans believe in going after what they want. That is an American trait."

Meeting Last Night.

Pursuant to notice published in The Citizen, the various committees of the President Roosevelt reception met at the Commercial club last night, and reports were heard.

The finance committee reported that sufficient funds had been subscribed, and that the subscriptions to the reception will foot up to about \$1,200. Thomas S. Hubbell is chairman of this important committee.

R. W. Hopkins of the decoration committee reported everything moving smoothly, and he is convinced that a majority if not all of the business men and residents along the line of march will do some decorating of their stores and premises. The decoration of the

statehood tableau platform at the Alvarado and the north front of the big hotel, said Mr. Hopkins, would be looked after by Simon Stern.

Capt. W. E. Dame, he of Rough Rider fame, will have charge of the military escort to the president. As stated in The Citizen, the military escort, selected from the Fourteenth cavalry and constituting forty men all told, left Fort Wingate the other day and will reach this city, barring unforeseen delays, on Sunday morning. They will go into camp on the vacant lots on North First street, opposite the brewery.

Colonel Borradaile, whose military knowledge is known to everybody hereabouts, was selected as marshal of the day, and he will put the parade through on double quick time.

It was decided that the president of the Commercial club present the Navajo horse blanket, now in course of weaving at the Harvey curio and museum now, to President Roosevelt, as the blanket represents honorary membership in the club. The unique blanket idea is an original one, and for it credit is due Judge Baker.

After talking over minor matters the committee adjourned, and the last regular meeting of the committee will be held at the club Saturday night, at which time final reports of all details as to the Roosevelt reception will be made, so that no hitch may occur in the presidential proceedings on the afternoon of Tuesday, May 5.

Girls and Decorations.

Dwight Wheeler secured the contract to erect the platform for the statehood tableau, and has put it in position just inside of the Alvarado hotel grounds at the north side gate. This part of Roosevelt reception, as previously stated in these columns, will be made under personal supervision of Simon Stern, but in order to make the tableau a grand success a number of little girls are wanted. These little ladies are requested to present themselves at the store of Mr. Stern as soon as possible, leaving their names and signifying their intention to take part in the tableau. The little misses will all be dressed in pure white, and, as planned, the tableau will be something beautiful. The platform will be appropriately decorated; likewise the north front of the Alvarado, at which place President Roosevelt will deliver a short address.

It is quite evident that on the long line of march a majority of the people will decorate their business places and homes, and it is also a fact that everything will be cleaned and made to look as nice as possible. Red, white and blue bunting and Old Glory in all sizes will be found in many places throughout the city on Tuesday, May 5.

"The Club" resort on South Second street put up their decorations this morning, and others on this popular street will follow suit. It is true that President Roosevelt will be in the city only a short time, but let's show him true western hospitality and, of course, let's put on some airs in our acting.

The big arch for the corner of Second street and Railroad avenue has been completed by the Phoenix Planing Mill company, and will be put up in plenty of time to give the decorators, B. Frank Fillmore, an opportunity to display his talents. The inscription on the arch will be "Roosevelt—1904—Statehood." Some have intimated that the figures "1904" indicate politics, as the president has not as yet been nominated, but as the committees in charge of the reception are composed of both republicans and democrats and there seems to be no objection from the members, The Citizen says "let her go at that."

Trying to Create Enthusiasm.

The decoration committee for Roosevelt day have decided to offer a prize for the best decorated business house or residence in the city along the line of march on the day of the president's visit to Santa Fe, and one for the second best decorated. The prizes can be seen in the display window of S. Spitz's jewelry store on the south side of the plaza. The first prize is a beautiful cut glass fruit bowl and the second a pretty preserve dish of cut glass. Both prizes are valuable and many along the line of march will doubtless strive to secure one of them. —New Mexican.

DISTRICT COURT.

The Alfredo Sandoval Case Before Judge Baker.

RULED AGAINST SANDOVAL.

The case of the territory vs. Sheriff Alfredo M. Sandoval of Sandoval county was continued before Judge Baker in the district court this morning. This case is a quo warranto proceeding against the sheriff, claiming that at the time he was appointed by the county commissioners he was not of lawful age, and he did not own \$500 worth of real estate, which the law orders under the statutes.

The defendant side of the case was commenced yesterday afternoon and continued all of this forenoon. County Commissioner Gutierrez of Sandoval county and Messrs. Armijo, Sandoval, Romero and Cordova, all of Sandoval, were witnesses for the defendant. All of their evidence was given in hopes to show that the sheriff was the owner of a tract of land that was valued at \$500.

The land in which the sheriff claims ownership and is worth \$500 is known as a "Spanish suerte," and is only a few yards wide and seventeen miles in length. All of the testimony of the respondent's witnesses was introduced to show that he was the owner and the land worth \$500, but some of the testimony was weakened on cross-examination. The defense rested just before dinner. The territory then moved the court to enter judgment for the reason that the defense had failed to prove ownership to the property, and, even if ownership was proved, that the value of same was not \$500. The case is on this afternoon, and the question is down to this: Does he own the property in question, and is it worth \$500? If he does not own it, out he goes; if he does own it and it is worth \$500, he holds the office.

Ruled Against Sandoval.

A telephone message, received at 4 o'clock from the court house, gives the information that the court rendered its decision against Sandoval, ousting him from the office of sheriff of Sandoval county. The governor will now appoint a sheriff to fill the vacancy occasioned by the court's ruling.

Case Postponed.

The quo warranto case against Messrs. Gutierrez and Sanchez, county commissioners of Bernalillo county, set for today, was postponed until Saturday, May 2.

way, and a scientific assistant, President W. G. Tipton, of the University of New Mexico, who has agreed to accompany me. He was recommended by the geological survey in Washington as the best possible man for the expedition, and all around scientific man and a photographer. I propose to make observations geographical, geological and meteorological, to make barometers, aneroids, and other scientific instruments, cameras, special equipment tents, rifles, provisions, to experiment with bags of oxygen and Japanese stoves, etc. I shall have extraordinary shoes with three thicknesses of leather on the uppers, wear three pairs of stockings, as one of Conway's guides froze his feet so they turned black with a little less protection. But I expect the oxygen to help much, I shall also make arctic investigations on Mt. Chachini (20,000 feet), as advised by Prof. Pickering, of Harvard, where are said to be remains from before the time of the Incas and visit a pigmy city not far from Lima, besides studying the manners and customs of the native Indians, from whom I can procure many interesting things if I have the money, rugs or vicuna skin, blankets, reed musical instruments, models of boats, costumes, spindles and starters for spinning and many other things.

When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams, of McDuff, Va., says that he was cured of a very deep and lasting attack of la grippe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. Later.

It is learned this afternoon that United States Marshal Foraker, under whom Leatherman acted as deputy marshal, wired Leatherman at Las Vegas regarding his seamy transactions asking if he intends to make good the people who purchased tickets in his horse raffle scheme. Leatherman, fearing arrest, wired back that he would "make good." Mr. Wolf says he acted in good faith in purchasing the horse and buggy from Leatherman and to bind the bargain he paid him (Leatherman) forfeit money, paying him the balance yesterday. It is also understood that Leatherman took from the United States marshal's office a Winchester rifle, which did not belong to him.

struction, indicates that people in the
states are alive to the forward strides
New Mexico is taking. It is written by
P. G. McWhinney, superintendent of
the public schools at Hesperia, Mich.,
and refers to the last annual report of
Colonel Chaves: "Please accept my
thanks for the report which you sent
me a few days ago. I have read it
with much interest and have noticed
that your territory is making rapid
strides along educational lines. Cer-
tainly your people have many things
to be proud of."

MORE WAR TAX.

Rumors That Papago Indian Chiefs
Are Assembling Warriors to In-
vade Mexico.

A special to the Denver News from
Phoenix, Ariz., says: "Advises state
that the Papago chiefs have sent run-
ners in all directions to assemble
fighting bucks at Ranchita Barrajito,
preparatory to an uprising. Indians
are holding their second recent pow-
wow and are fasting on stolen cattle
and drinking mescal, a fiery Mexican
tanglefoot. Their apparent intention is
to invade Sonora, Mexico, and slaugh-
ter Mexicans against whom they have
real and fancied grievances. The
trouble grew out of a system of whole-
sale smuggling which has been con-
ducted quietly for some time. Recently
large quantities of mescal were
smuggled over the international line
by Mexican outlaws and white rene-
gades and sold to the Indians at fabu-
lous prices. The reds had a big drunk-
en brawl near the Gunsite mine, end-
ing in a dance of fierce pantomime
and much war talk. The smugglers
stole cattle which they drove over the
line to exchange for liquor."

Five rangers commanded by Jack
Foster, lieutenant, have reached the
bad lands and are reconnoitering. Re-
inforcements will arrive unless the ex-
citement subsides immediately. Cat-
tlemen reported to the governor here
today that the redskins have been un-
usually active and pernicious in cattle
rustling lately, and they prayed for
greater protection.

United States Marshal McCord has
arranged to press passes into imme-
diate service for the government should
they be required. C. H. Utting, deputy
United States marshal, who was
thought to be slain by the Indians,
reached Phoenix today with one In-
dian prisoner. Accompanied by three
Mexicans, he went to Ranchita Barra-
jito more than a week ago to arrest
a band of smugglers. The renegades
were surprised and a pitched battle in
the dark ensued, in which two redskins
were slain and one captured. Utting
was separated from his party and had
a series of narrow escapes for four
days, herding redskins over ninety
miles to the borders of civilization.

Walks Without Crutches.

I was much afflicted with sciatica,
writes Ed. C. Nud, Iowaville, Sedgewick
county, Kansas. "Going about on
crutches and suffering a deal of pain.
I was induced to try Ballard's Snow
Liniment, which relieved me. I used
three 50c bottles. It is the greatest
liniment I ever used; have recom-
mended it to a number of persons, all
express themselves as being benefited
by it. I now walk without crutches,
able to perform a great deal of light
labor on the farm." 25c, 50c and \$1.00

The Five Stages.

From Life.
At 17 she said: "I want a man who
is ardent in all of love's ways and
whose passionate devotion may never
flag. He must be tall and broad-
shouldered and handsome, with dark,
flashing, soulful eyes, and, if need be,
go to the ends of the world for my
sake."

At 20 she said: "I want a man who
unites the tender sympathy of a wo-
man with the bravery of a lion. I don't
mind his being a little dissipated, be-
cause that always adds a charm. We
must be, however, accomplished to the
last degree, and capable of any sacri-
fice for my sake."

At 25 she said: "I want a man who
unites with an engaging personality a
complete knowledge of the world, and
if, of necessity, he happens to have a
past, he must also have a future; a
man whom I can look up to, and with
whom I can trust myself at all times
without the slightest embarrassment."
At 30 she said: "I want a man with
money. He can have any other at-
tributes that a man ought to possess,
but he must have the money, and the
more he has the better I will like it."
At 35 she said: "I want a man."

Chronic Bronchitis Cured.

"For ten years I had chronic bron-
chitis so bad that at times I could not
speak above a whisper," writes Joseph
Coffman, of Montmorenci, Ind. "I
tried all remedies available, but with-
out success. Fortunately my employer
suggested that I try Foley's Honey and
Tar. Its effect was almost miraculous,
and I am now cured of the disease. On
my recommendation many people have
used Foley's Honey and Tar, and al-
ways with satisfaction." Alvarado

LAND MATTERS.

Proceeds From Sales for Territorial School Funds.

LAND OFFICE BUSINESS.

A. A. Keen, commissioner of public lands, deposited with the territorial treasurer yesterday \$2,026.26, same having been received from the United States as 5 per cent of the net proceeds from the sales of public lands by the United States within the territory for the year ending June 30, 1902. This deposit is for the use of the public school permanent fund, the interest of which only is to be expended for the support of the public schools in the territory in accordance with section 4, act of congress, approved June 21, 1898, this being the fourth payment made by the United States to the territory for the use of the public school permanent fund in accordance with the above mentioned act of congress. There has been paid by the United States to the territory for use of this fund as follows: First payment for year ending June 30, 1899, \$894.38; second payment for the year ending June 30, 1900, \$1,291.12; third payment for year ending June 30, 1901, \$2,530.45, thus making a total of \$6,742.21 to the credit of the public school permanent 5 per cent fund.

School Land Lease Approved.
A. A. Keen, commissioner of public lands, has received from the department of the interior 35 approved leases of school sections 16 and 36, representing 22,400 acres. Duplicate leases have been forwarded to the successful applicants.

The following sale of land was made E. F. McCarty's Hall's Peak, 160 acres in Colfax county.

Good for Children.
The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of cough, croup and lagrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. B. H. Briggs & Co.; S. Vann & Son.

GRAPHIC MINES TO RESUME

This Well-Known Property Will Be Again Worked in a Short Time.

Extensive operations will soon be resumed on the Graphic group of mines in the Magdalena mining district, Socorro county. C. T. Brown, the well-known mining engineer and expert of Socorro, and Captain A. B. Fitch, who has been the lessee of the Graphic mines for many years, have made a combination and have had the ores of the mines thoroughly tested. A large mill for the treatment of the output of the Graphic mines will be erected soon. The ore in sight is enough to keep a mill of fifty tons capacity per day in operation for four years.

Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. G. G. Green, Woodbury, N. J. J. H. O'Reilly & Co.

Accused of Perjury Refused to Listen to Reading of Warrant.

Last Monday a warrant for the arrest of Nell Gosnell for perjury was placed in the hands of Constable Robinson. Gosnell is section foreman at Guadalupe and the constable, accompanied by Jack Lynch, went there to make the arrest. Gosnell was found near his house and the constable began the reading of the warrant. Gosnell, as soon as he learned what the officer was after, ran into the house,

closed and locked the door. The officers were about to resort to force when Mrs. Gosnell advised her husband to surrender.

Gosnell was brought to town and appeared before Justice Morse for examination. It developed at the hearing that the prisoner had given an order to one of the Santa Rosa merchants and afterward denied his signature. Justice Morse bound him over to the grand jury in the sum of \$1,000. Bail was furnished.—Santa Rosa Sun.

Dreadful Attack of Whooping Cough.
Mrs. Ellen Harrison, of 300 Park avenue, Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Alvarado Pharmacy.

"Davy Crockett."
That the public likes this play has been made very evident. The play of "Davy Crockett" differs from many of its kind and in a way to be commended. In the first place it is not a harrowing affair. It seeks to present a heart-holding story to command the sympathies, and in the last scene of all to thrill. It does all of these. It is smartly written, and its scenes follow one another in sprightly fashion. "Davy Crockett" with a capable company will be at the opera house Wednesday, April 29.

Save the Lovcd Ones!
Mrs. Mary A. Villet, Newcastle, Colo., writes: "I believe Ballard's Horehound Syrup is superior to any other cough medicine, and will do all that is claimed for it, and it is so pleasant to take. This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

GRAND CONCERT.

The Italian Band Pleased the People
Last Night.

DANCING FOLLOWED CONCERT.

The concert given at Colombo hall last night by the Italian band was a grand musical treat and much appreciated by those in attendance. The audience was as large as expected considering the numerous entertainments going on in the city. The program, a lengthy one, was rendered in detail and attenuated by many earned encores. The solos and individual numbers were especially appreciated as was evident by the hearty applause. Bartolo Ramirez, director of the band, identified himself with the audience by his rendition of the clarinet solo, grand fantasia, "Tramp, Tramp, Tramp." He is a fine musician, and is making the band one of the best in the southwest.

The trombone solo by G. Formica was much appreciated.

After the closing piece by the band, a march "The Jolly Blacksmith," the floor of the hall was cleared and dancing was enjoyed until a very late hour. The following are the committees who had charge last night:

Arrangements—Tony Morelli, chairman; Ben Digneo, John Morelli. Reception—Ralph Damiano, R. Pucetti, Fred Crollett, Vincent Damiano, Herbert Rankin, Pedro Ruiz, Lawrence Selva, Maurice Damiano, G. Formica, Fred Talliaferri, Frank Brannard, John McGuinness, B. Ramirez, Mike Digneo, Ed Fluke, James Laudenslager, Joseph Haensgen.

Floor—Tony Morelli, Ben Digneo, J. Setward, Norman Terry, John Selva.

I. N. Horner, father of Mrs. Jesse Miller, is quite ill at his old home at Oberlin, Ohio. Mr. Horner left Albuquerque several weeks ago for an extended visit to a number of eastern cities and familiar scenes of his younger days. Some days ago he suffered a swelling of one foot. The swelling increased, affecting the whole limb.

E. J. Moore, the Colorado manager of the Mining Scientific Press, published in Denver, is in the city, and

was a pleasant caller at The Citizen office this morning. Mr. Moore came in from the west, after having visited all the principal mining districts of Arizona and certain sections of the state of Sonora, Mexico. He intended making a trip out to the Hell canyon mining district, but concluded otherwise on discovering that no work is being done by the mine owners out there. He will go south tonight, and will visit the districts of Socorro, Sierra and Grant counties.

Miss A. B. Ashenfelter of Silver City is spending the day in Albuquerque visiting friends. She will leave tonight for a sojourn of several months' duration at different places on the Pacific coast. Miss Ashenfelter will first go to Palo Alto, Cal., where she will attend the commencement exercises of the Stanford University. She is a graduate of that institution. She is inclined and much interested in literature, and has been doing some writing for the Silver City Independent since the first of the year.

J. H. Bramer, from Missouri Valley, Iowa, is here to visit his family. They have been spending the winter in this city. Mr. Bramer will leave the latter part of the week for home, and his daughter, Miss Irma, will accompany him. She expects to return in the fall.

News reaches the city that Walter O. Purdy, who was seriously ill here at the St. Joseph's hospital and left for St. Johns, N. B., about a month ago, in a very precarious condition, is making some improvement in health and his ultimate recovery is thought probable.

Mrs. P. J. McFarland left this morning for a month's visit with old home folks at Monette, Mo. It has been a long time since she visited her old home last, and she anticipates this visit with much pleasure.

Reference is made to the advertisement of Abe Gold, Santa Fe, found in another column of The Citizen. He invites citizens of Albuquerque to call at his place when on a visit to Santa Fe.

W. A. McGraw, the well-known Denver fire insurance adjuster, returned to the city this morning from an official visit to Laguna. He will return to Denver tomorrow morning.

H. S. Bozeman, head miller for John Becker company, is spending the day in Albuquerque. He will leave this evening for Nickerson, Kan., where he is called on account of sickness.

Keep the Money at Home.

We are showing the finest line of art calendars ever brought to the city and will do the printing here at home, showing proof on the work before completing them. Merchants desiring calendars will thus be enabled to get their advertisements just as they want them, and will not have to bother with freight tangles, such as many experienced last fall. We would ask merchants to hold their orders until they see our samples. We will be pleased to show them and quote prices at any time.
