LYND GEORGE RESIGNS WHEN UNION PART LEADS COALITION COLLECTION

British Premier, After Seven Years of Service, in War and Reconstruction Days, "Goes to the Wilderness"; Andrew Bonar Law Undertakes to Organize a New Cabinet; International Effect Is Awaited by United States and Other Nations.

London, Oct. 19 (by the Associated Press).—After holding the office of prime minister through seven of the most critical years of British history—three years of war and four years of reconstruction—David Lloyd George went into the wilderness today.

This was the description in his Manchester speech of his position if the Unionist wing of his followers should desert him. Unionist withdrawal from the coalition was decided upon today by the meeting which Austen Chamberlain had called at the Carlton club and which was attended by the coalition members of the house of commons and a handful of lords who were enrolled in the cabinet.

The vote was 156 to 87 against the Chamberlain policy of pledging the party to sustain the coalition and in favor of a general election to confirm its course. The meeting was followed by a succession of swift events which carried the coalition government into utter darkness.

Andrew Bonar Law will put on the premier's mantle for a short time. While Mr. Lloyd George has been in the wilderness, Mr. Bonar Law will undertake, although the state of his health, which compelled him to withdraw from public life a few months ago, makes it a risky venture.

Must Hold Election.
Before Mr. Bonar Law can formally accept the premiership, however, a meeting of the unionist party must be held to elect a new leader to carry out the policy to be decided by caucus. This meeting will be held within a few days, when Mr. Bonar Law will be chosen.

Between the Carlton club meeting and Bonar Law's visit to the king, it was a seething afternoon of rumors and of group gatherings among the political leaders. Austen Chamberlain first visited the prime minister's official residence, as had been expected, to offer his resignation; several unionist secretaries and the chief coalition minister, Lord Curzon, also were present. Mr. Lloyd George was in possession of the resignation of practically all the members of the coalition. He then drove to the palace to tender them to the king.

Mr. Lloyd George advised the king to summon Mr. Bonar Law, and according to custom, this was done. While Mr. Lloyd George exhibited cheerfulness to the few who saw him and cheered him on his journey to the palace, he could not but feel deeply the verdict that he no longer commands the confidence of the majority of the unionist party, which for the past five months had furnished the strongest material for his cabinet.

Law Leads Unionists.
It was Mr. Bonar Law, more than any other man, who influenced the unionist caucus to secede from the coalition. He had been a sphinx whom the rank and file of the unionist commoners were waiting to hear. He is a man of a quiet manner, but with a quiet manner, his opinion that it was more important to keep the party together than to win the next election, and "whether by his own fault or the force of circumstances, the unionist party has lost the confidence of the country," decided many votes. There was also a strong feeling in the party that the Chamberlain plan, which gave the party's destinies over to the small director, representing it in parliament, was not a fair device.

The last straw which weighed in the scale was the Newport election, in which a straight unionist candidate won on a platform of opposition to the coalition and all its works, although the politicians thought the labor party had a safe prospect in that constituency.

Curzon Cabinet Pillar.
Mr. Bonar Law will have Lord Curzon for one of the pillars of his cabinet. Curzon remained away from the caucus today, but sent a letter of protest against the exclusion of the labor party.

One result of today's upheaval is a split in the unionist party, which makes its fortunes doubtful. A strong group of the old coalition unionists remain true to their leader, Mr. Chamberlain, the Earl of Birkenhead, Sir James Laming, Worthington-Evans and Sir Robert Stevenson Horne follow Mr. Lloyd George into the wilderness, and many workers in the party ranks are likely to go with them.

The precincts of the solemn gray old Carlton club, which has sheltered much history making in its

HELD HIS SEAT LONGER THAN A DOZ OF OTHERS

Lloyd-George Weathered Many Political Storms; Saw Clemenceau, Orlando, and Wilson Go Down.

London, Oct. 19.—Lloyd George outlasted all the statesmen who guided the great nations through the world war. In the turmoil of readjustment that followed that conflict, he kept his seat at the steering wheel when all around him were losing theirs.

The men with whom he sat at Paris as the "big four" of the peace conference long ago were toppled over. Premier Orlando of Italy was the first to go. His cabinet resigned in June, 1919. The following January, Clemenceau, the French tiger, was cast aside. Two months later, the senate of the United States refused for a second time to ratify the peace treaty. Woodrow Wilson had brought home from Versailles, and not long afterwards his party was beaten at the polls.

After all the other three had been put aside in their countries, Lloyd George became probably the most outstanding figure among all the men of the world who were engaged in public affairs. He sat in the cabinet in danger from a possible dropping away of one of the groups forming the coalition on which his government rested, was strengthened, so far as history is concerned, by the fact that he was the only one who remained in power. He was the only one who remained in power.

George Speaks Saturday.
Mr. Lloyd George will make his first speech as "ex-premier" tomorrow at Guild hall, on the occasion of London's official welcome home to the Prince of Wales, but he is expected to reserve his real political manifesto for Saturday's meeting at Leeds.

Today's events may be regarded as constituting a great victory for Sir George Younger, who upset Lloyd George's plans for a February election and has not been the cause of his resignation. Mr. Lloyd George will continue to hold his seat of office to carry on current business until the new government is formed.

The part played by the Right Honorable Stanley Baldwin, at the Carlton club meeting has brought his name into great prominence, and it is thought he may be chosen to lead the coalition in the new conservative ministry.

A point of considerable interest in the new situation is the fate of the Irish constitution. It is not yet known whether Mr. Bonar Law, in the event of succeeding in the formation of a conservative ministry, will decide upon an immediate appeal to the country, or whether he will attempt to carry out the coalition policy of gradual Irish legislation.

Thirteen unionists, members of the late government, sent a manifesto to the press tonight paying tribute to Lloyd George's invaluable services to the country. All the election machinery is ready for the moment the signal is given for an appeal to the country. The new house of commons will be the smallest since the union between Great Britain and Ireland, as the setting up of the two parliaments in Ireland withdraws Irish representation from Westminster. The present house of commons consists of 707 members, but the new parliament will have only 615 members.

Change in Itinerary of Davis-Warren Party May Bring Candidates Here Night of November 4.
Special to The Journal.
San Antonio, Oct. 19.—Republican leaders in San Miguel county insisted that the best time to stage a rally in Las Vegas was on the night of November 3, and San Miguel county will be visited, on strike or no strike, the itinerary of Judge S. B. Davis, Jr., nominee for United States senator, Mrs. Adeline Davis-Warren, for congresswoman, and Mr. H. A. Delgado, for auditor, was once more shaken up and important changes made.

Following the meeting at Chama Tuesday night the party crossed over into San Juan county and held a meeting at Farmington Wednesday night. Instead of two days, the party will spend one day, October 21, in the Estancia valley. Thursday, October 22, will be spent resting in Albuquerque, as formerly planned.

The Monday night meeting will be in Bernalillo, instead of Socorro, as in Socorro Wednesday night. Instead of Bernalillo, this change was made in order to have the party in Sandoval county on the night before the county convention, which will be held on Tuesday.

Fall in Albuquerque.
Albert B. Fall of Three Rivers, secretary of the interior, will fill the Tuesday night engagement at Albuquerque, while the members of the campaign party will be at Magdalena. Secretary Fall will speak on national and international issues, and is expected to touch upon the reclamation of the Rio Grande valley, both as to drainage and irrigation.

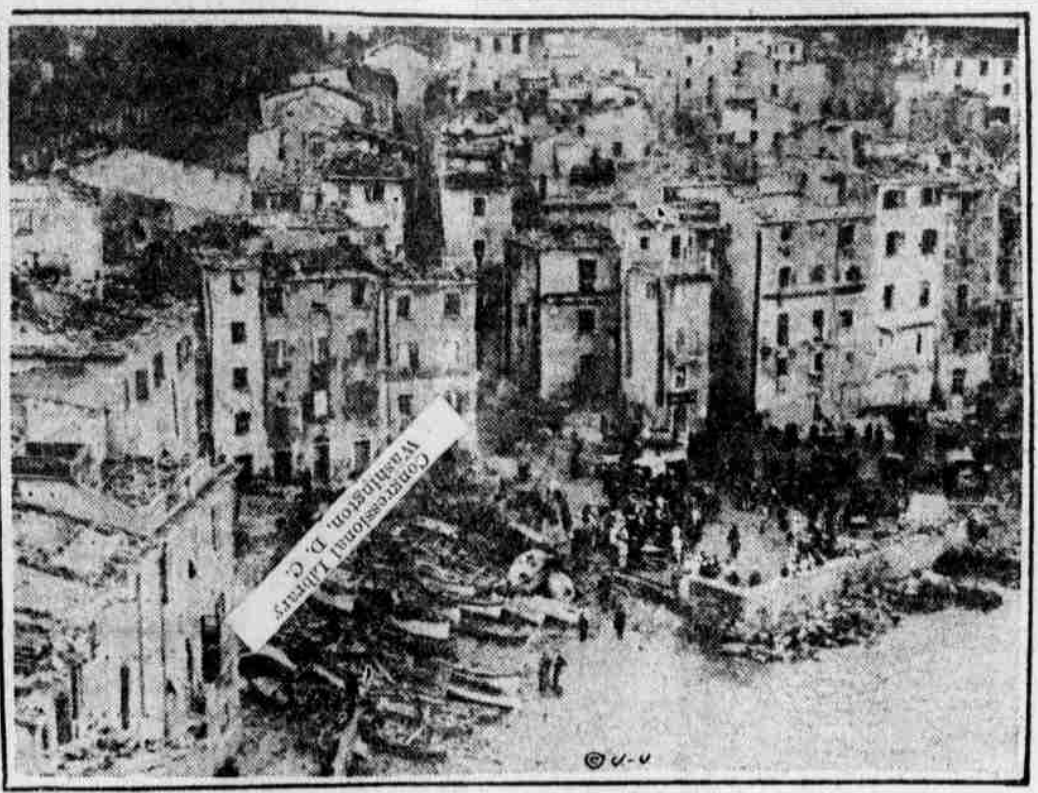

Since the Tucumcari date, fixed for Saturday, November 4, is now in doubt so far as the Davis-Warren party is concerned, it is believed the final rally will be reserved for Albuquerque on that night. Speakers, accompanied by other candidates, may fill the Tucumcari date. It is possible that Senator H. O. Burton may be the headliner for that meeting.

Since the demand for his services has been so great it looks now that Senator Burton will spend the next week or ten days in conference with county leaders, in preference to joining the Davis-Warren party to make speeches.

There is no change in the meetings scheduled for Santa Fe, October 26; Wagon Mound, October 27; Springer, October 28; Raton, October 29; Dawson, October 30; and Lordsburg, October 31.

The Des Moines meeting for November 1 has been eliminated, while the Clayton meeting has been advanced from November 2 to November 1, and the Mosquero meeting from November 3 to November 2. However, by getting an early start from Raton it will be possible to make stops at Dedman, Des Moines, Grenville, Mr. Doran and Folsom, on the way to Clayton.

Blast Wrecks Italian Fortress; 200 Persons Killed; 700 Injured

Wreckage in Venanzio, Italy, after explosion of 1,600 tons of ammunition in Fort Falconara, nearby. Rescuers can be seen searching the ruins for victims.

The explosion of 1,600 tons of ammunition in Fort Falconara, near Venanzio, on the Gulf of Spezia, Italy, killed 200 persons and injured 700 others. The town of Venanzio was badly damaged. Small crafts along the shore were thrown out of the water by the force of the blast. Much of the exploding ammunition was shrapnel and this was largely responsible for the heavy toll.

BRITISH DEBT COMMISSION TO DELAY ARRIVAL

Downfall of Lloyd George Makes Change in Plans Necessary; May Affect Ambassador's Status.

Washington, Oct. 19 (by the Associated Press).—Fall of the Lloyd George government gripped the attention of official circles here today, both governmental and diplomatic, although no direct impact is expected to be felt. The British cabinet crisis is expected to be apparent in relations between the United States and Great Britain.

The London cabinet crisis is full of possible future complications for all other governments, including the United States, however, a clear understanding of what is ahead, it was said, depended largely on the progress made by Premier-designate Bonar Law, in his attempt to form a new cabinet.

Another possible diplomatic complication is the question of the British debt to the United States. The British government has been asked to pay the debt, but the British cabinet crisis is expected to be apparent in relations between the United States and Great Britain.

Preparations for discussion of the problem of refunding the British war debt to the United States through issues of long term British securities, which was made by the British government, is expected to be delayed.

There is little doubt here that ultimately the refunding negotiations will be carried out practically along the lines already mapped out, although it is admitted that a new cabinet arising after a general election might change British policy as to war debt refunding.

WOMAN MARRIES FOR ELEVENTH TIME; 3 TIMES TO SAME MAN

East St. Louis, Ill., Oct. 19. Mrs. Cora Lilly, 43, was married for the eleventh time Tuesday. It became known today. It was the third venture with Albert A. Lilley, who in 1920 had his first marriage to her annulled and from whom she was divorced last month.

KLAN AN ISSUE IN SENATORIAL CASE IN TEXAS

Witness in Hearing of Injunction Against Democratic Candidate Asked if Handbills Were Scattered

Corpus Christi, Tex., Oct. 19 (by the Associated Press).—The first mention of the Ku Klux Klan in the proceedings of the Earl B. Mayfield injunction suit proper, seeking to prevent his name as United States senatorial democratic candidate from going on the ballot, was made today when Luther Nickels, plaintiff attorney, asked Ben C. Richards, Jr., on the witness stand if he had not scattered handbills in the city.

Defense attorney W. B. McLean immediately objected, and the court sustained the objection. Before asking the question Mr. Nickels cautioned Richards not to answer until the defense had time to object.

Mr. Richards, assistant campaign manager for Mayfield, was questioned closely by Mr. Nickels regarding the printing of a ballot or ticket which was distributed at this public Klan meeting. Richards denied knowing anything about it, but he did not deny that he had nothing to do with distributing it at the meeting. He said, however, he was present at the meeting in company with his mother.

A copy of this ballot or ticket was shown to the witness by Mr. Nickels. It carried a list of candidates under a caption that they stood for things the Ku Klux Klan has announced it stands for.

**PARK SPOONERS ARE
TAKING TO TREETOPS**

Long Beach, Calif., Oct. 19.—Cupid, taking a merry chase the notions of the law here who seek to enforce the anti-spooning ordinance, led policemen up a tree last night. As a result there appears on the police blotter the names of a young couple, with the charge "tree spooners" registered against them. Officers are leaving no little spots unseen in their energy to make Long Beach lawless, at least tonight.

NEGRO'S "CAVEMAN" STUFF GETS HIM A CRACK ON THE HEAD

El Paso, Texas, Oct. 19.—"That man tried to caveman me," charged Emma White, negro woman. She was pointing to Hewitt Young, also a negro, who stood in the police station with a bloodied and bleeding head. Young was arrested by police surgeons and then was placed in jail on a charge of disturbing the peace.

A TAIL PUNCHER.
Calgary, Alta., Oct. 19.—Seven feet four inches in his stocking feet and built in proportion, "Cowboy" Slim Griffen, arrested on a charge of automobile theft, proved a problem for the police. "Slim" unthinkingly lay down, and his 12 shoes knocked out six steel slats out of the cell wall.

FRANCE FEARS SITUATION IS LESS FRIENDLY

Unofficial View Is That Bonar Law May Be Worse Than Lloyd George in Attitude Toward Paris.

Paris, Oct. 19 (by the Associated Press).—There is no tendency on the part of the French government to rejoice over the passing of Lloyd George and his cabinet. This was given definite assertion in official quarters. In general, the feeling seems to be that while Lloyd George was sometimes bad enough in his attitude toward the French position, Andrew Bonar Law might be worse.

The foreign office declined to make any statement on the downfall of the Lloyd George government.

The change in the British government probably will not delay the Near East peace negotiations, it was said here.

The chamber of deputies was in session when the news arrived. Immediately the excited deputies quit their benches, leaving the speaker of the moment with hardly a single listener to his discussion of the anti-protection bill.

The news was received with expressions of joy in many quarters, especially among the conservative and centrist groups.

**OFFERS TO SELL SELF
FOR MONEY TO HAVE
OPERATION PERFORMED**

Des Moines, Ia., Oct. 19.—Her money almost gone, her health impaired as a result of a bullet wound inflicted four years ago by the man she later became her husband, Mrs. Ruth Schermerhorn, widow, has advertised in a Chicago newspaper that she will sell herself to any man who will furnish her with the money to have an operation which she hopes will restore her to health and beauty.

"Of course it's an entirely commercial proposition," she said today. "Having sat here for four long years, scarcely able to move, I have done a great deal of reflecting, believe that matrimonial felicity is much easier attained if one enters into marriage without the illusions that always accompany the youthful and romantic love. I am particular at all as to the physical aspects of my future husband."

Mrs. Schermerhorn has been partially paralyzed for nearly four years as a result of being shot in the back by L. B. Schermerhorn. Schermerhorn shot himself. On his deathbed he married the girl who now offers herself for sale.

YOUNG MAN SHOT WHILE PLAYING WITH A FRIEND

Corey Raleigh of Texico May Recover From Injury Received When Gun Falls From Pocket.

Special to The Journal.
Clovis, N. M., Oct. 19.—Corey Raleigh, a young man of Texico, was accidentally shot Tuesday by Eugene Houston. The men were engaged in a scuffle when Houston's gun was knocked out of his trousers pocket and went off, the bullet hitting Raleigh under the arm and coming out over the shoulder blade. None present seemed to have heard the shot until Raleigh exclaimed, "I am shot." The injured man was taken to the Baptist hospital, where it is reported that he will recover. Houston is being held pending Raleigh's recovery.

HILL IS GIVEN AN OVATION IN HIS HOME TOWN

Las Cruces Turns Out Big Crowd to Hear Republican Gubernatorial Candidate; Mechem Raps Jones

Special to The Journal.
Las Cruces, N. M., Oct. 19.—The welcome accorded Charles Lee Hill, republican candidate for governor, here in his home town tonight amounted to more than an ovation. The 2,000 or more people assembled in the armory, gave their fellow townsman a greeting that seemed to come spontaneously from the hearts of men and women who wished to pay a tribute to a man who had helped them to build up and improve a community in which they live.

Never before in the history of Dona Ana county has there been such an exhibition of friendship for any one man.

Speakers for the evening were Governor M. C. Mechem, ex-Lieutenant Governor E. F. Parker, Corporation Commissioner Hugh Williams, Claudius J. Neils and the candidates—C. L. Hill for governor, O. A. Matson for state treasurer, Fred Miller for auditor and of public lands and Joe A. Dea Georges for secretary of state.

Governor Mechem was the first speaker introduced and he, after reminding the audience that two years ago from the same platform he had addressed them in his own behalf, said: "And tonight, ladies and gentlemen, I am addressing you in behalf of my friend and fellow townsman, C. L. Hill, who, I assure you, will be the next governor of New Mexico. The result is certain and on January 1 in Santa Fe I am going to have the honor of turning over to our new candidate, the affairs of your state."

Mechem Criticizes Jones.
In a brief discussion on the tariff question, Governor Mechem said: "Senator Jones reminds me of the French Bourbons. Of them it was said that they never learned anything and never forgot anything; neither does Senator Jones. He is today using the same speech that he used 20 years ago. Infatuation is the same, the gestures are the same and the arguments are the same."

"He has learned nothing, forgotten nothing and gotten nowhere. He tells you in one breath that he believes in free trade because he says that protection is robbery. In the next breath he asks you to vote for him because he is in favor of protection for the wool industry of this state. In other words, he is willing to swallow his conscience and go to the rest of the states in the union in order to secure your support."

C. L. Hill, candidate for governor, when he arose to make the closing speech of the evening, was greeted with a burst of applause which lasted ten minutes. When quiet was restored, he said in part: "I am not here this evening to make you a speech. I am not full of the emotion of this occasion to do that, but I have a message for you. It is a message of encouragement to the republicans of the state and a message of hope for the future of this state. For the past 18 days I have been traveling over the state of New Mexico, talking to the people and studying the conditions. In four weeks I have seen the state and have found that we have a number of conditions that are represented to you by the democrats. The hard times that we have passed through and are passing through are due entirely to climatic conditions and not to the actions of the government."

ROSENBLUTH'S INDICTMENT A PLOT, HE SAYS

Man Accused of Murdering Major, Declares Action Re-Opening Case Is Move in Daugherty Case.

New York, Oct. 19.—Federal Judge Learned Hand late today fixed bail of \$40,000 for Captain Robert Rosenbluth, who was arrested for his part in the removal of Tacoma, Wash., to face an indictment charging him with complicity with Roland W. Pothier of Providence, R. I., in the slaying of Major Charles D. Daugherty, Oct. 18, of Major Alexander P. Cronkhite in Camp Lewis, Wash.

Rosenbluth surrendered to the authorities today and was arraigned before United States Commissioner Hitchcock. The commissioner granted a stay of one week in the proceedings for his removal to Tacoma for trial on the indictment returned in the federal court there on October 13. He declared, however, that he had no authority to fix bail in a murder case and sent the matter before Judge Hand.

The complaint on which Rosenbluth was arrested, charged him with having wilfully and maliciously assaulted Major Cronkhite and with having commanded Pothier to kill him.

The original case against the two men was dropped when Attorney General Daugherty, after investigation of the evidence, declared it insufficient to warrant prosecution.

In prepared statements issued today by Rosenbluth and his counsel, it was declared that this unwarranted indictment is an effort to remove the case as part of the impeachment proceedings instituted against Attorney General Daugherty and to block a congressional inquiry as requested by the Veterans of Foreign Wars.

Rosenbluth explained that Attorney General Daugherty, after ordering his release after his first arrest, had declared that he had no jurisdiction and had ordered the case transferred to the legal authorities of the state of Washington, who, Rosenbluth said, "threw out the case."

NAVAL WEAKNESS OF U. S. CANNOT BE REMEDIED BY PRESENT SYSTEM

This Is Statement Made by Admiral Sims, Retired, in Address Before the City Club, Cleveland, O.

WAS INEFFICIENT IN THE TIME OF NEED

Mistakes at Washington Blamed by Officer, Who Says if He'd Kept Still He Could Have Been Hero.

Cleveland, Ohio, Oct. 19 (by the Associated Press).—The United States navy was not prepared for war in 1917, it was better prepared today than it was then, and never will be prepared under the present organization plan, Admiral William S. Sims, recently retired from the United States navy, declared here in an address today before the City club.

The navy department at Washington bungled and mismanaged the fleet during the war, and since the war there has been no clear indication of a disposition to put the navy into fighting trim, Admiral Sims declared.

"The navy has not been properly handled," Admiral Sims said, "because of mistakes made at Washington. Not knowing, outside of these except what those in control at Washington wanted you to know. When I came back from the war I could have said tight and let things take their course, or I could expose the mistakes in the hope that they would not be made again."

"Had I done the former I could be walking along with Mr. Daniels today, figuratively speaking, but I have chosen the latter, my elbow. A congressional investigation was made after the war and all the republicans were certain the majority report was correct and all democrats unenthusiastic. But the people as a whole were not interested. There was no one, no great newspaper interested enough to dig out the facts of the evidence from behind the smoke screen of irrelevant matter."

"Don't blame congress for American unpreparedness. Congressmen do only what their constituents want them to do."

Tounging the airplane and submarine in future wars, Admiral Sims declared that the country which has the preponderance of this type of fighting craft will control the situation, whether they appear in sufficient numbers to overwhelm the aircraft and submarines of the enemy.

MERGER FOR THREE GREAT RAILWAYS UNDER DISCUSSION

New York, Oct. 19.—Representatives of banks identified with railroad interests were present at the informal conference here today of leaders in the movement to merge the Great Northern, Northern Pacific, and Burlington railroads into one big railroad system. Although no details of the meeting were given, it was learned that only the operating details of the proposed merger were under discussion.

A member of a prominent banking firm declared that any discussion of the merger had taken place as far as the financial problems involved in combining the three big roads.

"The merger has been under discussion for many months," he said, "but any association of the great roads has been completed is without foundation. It is not so close at hand as some persons think."

Plans for the merger when completed will be presented to the Washington, November 17. The commission has already announced tentative consolidation plans for the roads involved, but which do not meet with their approval. Under these plans, the Great Northern, Milwaukee and St. Paul railroads, and the Northern Pacific, and the Burlington. The promoters of the proposed three-cornered merger deny that the St. Paul system is included in their considerations.

**IRISH REPUBLICAN
BASE DISCOVERED**

Cork, Oct. 19 (by the Associated Press).—The arrest of H. O'Mahony, a Cork republican, led today to the discovery of an important republican base in the city.

In a house on the grand parade was found evidence that the building was used not only as headquarters for the republican public campaign but also as the center of Cork No. 1 Flannery military organization named after the ancient Irish Fenian bodies.

Free State troops under an intelligence officer seized a large amount of literature, typewriters, field dressings, first aid outfits and provisions. It is thought the raid will prove a further blow against the republican campaign, particularly its propaganda department.

LIVING COSTS 36 PER CENT HIGHER THAN IN SEPT. 1914

Washington, Oct. 19.—Retail food costs for the average family during September were approximately 1 per cent lower than during August, the department of labor reported today. The conclusion was based on reports of prices gathered at retail markets in fifty-one important cities.

During the year since September, 1921, the report said, a large increase in retail food prices has amounted to 3 per cent, but since September, 1921, there has been an increase of 36 per cent.

GIRL SAYS SHE SAW TWINS IN MOTHER'S BED

Important Testimony Introduced in Case of Mrs. McNally, Accused of Murdering Her Babies.

Hammond, Ind., Oct. 19.—Frank McNally, middle aged factory worker, who accuses his wife of murdering twin babies he says were born to her last December, asserted at the preliminary hearing today that Mrs. McNally took the children to a hospital in Chicago last January and returned with two dolls which she substituted for the babies.

Mrs. McNally, who claims that the twins never were born and that she hoodwinked her husband and neighbors by using dolls in order to satisfy her husband's ambition to be known as a father, was unperturbed by her husband's testimony.

McNally testified the twins were born December 8, last, asserted that he had seen them, and that they were alive.

Miss Catherine Griffiths, 17-year-old daughter of a nurse who attended Mrs. McNally, was an important state witness today. She said she learned Mrs. McNally was to become a mother when she accompanied her to a bathing beach in the summer of 1932. She asserted that after the time McNally says the twins were born she had seen the babies in bed, alive and kicking and also saw one of the babies nursing.

Merritt Metz, an acquaintance of the McNallys, said he had seen Mrs. McNally early last December and that she was approaching motherhood.

Mrs. Anna Hartman, a neighbor of Mrs. McNally, also testified she had seen Mrs. McNally in December and that she was soon to become a mother.

It was expected that when McNally concludes his testimony tomorrow, the midwife who McNally says attended his wife when the twins were born would be put on the stand, possibly as the last witness for the state. Mrs. McNally, who appears to consider the affair lightly, was expected to be among the first witnesses for the defense.

GOVERNOR REILLY OF PORTO RICO PRAISED BY PRESIDENT OF U.S.

Washington, Oct. 19.—Governor E. Mont Reilly of Porto Rico, whose administration has been under repeated fire from various quarters, is praised as "a thoroughly honest and highly patriotic man" in a letter said to have been written by President Harding and made public today by Carlos Marin Fernandez, a resident of the island territory.

A copy of the letter, dated September 16 and addressed to Fernandez at Arecibo, Porto Rico, was forwarded by him to Washington for publication. As quoted over the president's signature, the communication says:

"I was very greatly pleased to have your thoughtful letter of September 8. I want you to know how greatly interested I am in every favorable report which you make concerning the administration of Governor Reilly. Of course, I know Governor Reilly to be a thoroughly honest and highly patriotic man, and if his activities have resulted in a greater loyalty and higher patriotic interests on the part of Americans in the island of Porto Rico, he will have rendered a great service to the government of both the island and the nation.

"If there is some practical way of relieving the distressed labor situation which you report, I am sure that Governor Reilly in the islands and the government here at Washington will be glad to be of assistance. It is distressing to hear of such conditions as you report under the American flag."

SIoux CITY CLUB MAY BE REMOVED TO LINCOLN NEXT YEAR

Chicago, Oct. 19.—Negotiations for the sale and transfer of the Sioux City, Ia., franchise of the league, to Lincoln, Neb., are under way, President Barney announced tonight. Lincoln formerly was a member of the league, and the Sioux City club played its last 12 remaining games of the season there because of the small attendance at home.

Walter Mattick, president of the Sioux City club, is willing to sell provided the terms are satisfactory. Business men of Lincoln are back of the deal to purchase the franchise. President Barney plans to visit Lincoln within two weeks to investigate the situation.

THE MOTORIZED STORK

Chicago, Oct. 19.—Mrs. Rose Simon is the mother of her second "taxicab" baby. She was on the way to a hospital when the child, a girl, was born in the cab, on October 2, 1914, while being taken to a hospital in a cab. Mrs. Simon became the mother of a boy.

AN EMBARGO ON ARMS

Washington, Oct. 19.—An embargo on importation of arms and ammunition into Mexico is to be rigidly enforced by the Mexican government, said a telegram received today by the commerce department from Acting Trade Commissioner Bushnell at Mexico City.

"I make no charges against the democrats except one, and that is that every time a democrat appears before an audience and asks the people to vote the democratic ticket, he bases his request upon some misrepresentation of a fact. But this method of campaigning is having no beneficial results for the democrats. I am astonished to find in my tour of the democratic counties in the eastern part of this state, there is a marked tendency to disbelieve most of the charges which are being made against the republicans.

"We are going to poll a much larger vote in the democratic stronghold in the eastern portion of this state than the democrats think we will, and the democrats are going to poll a much smaller vote in the republican counties than they now claim. I have studied the situation carefully everywhere I have been and I assure you now with the utmost confidence that the republican ticket in New Mexico will be elected from top to bottom."

Mr. Hill closed his remarks by expressing his gratitude to his fellow townsmen for the support they are giving him and promised them that he would carry out the pledges in the republican platform and would give the state of New Mexico an honest and efficient business administration.

SOUTHEASTERN PART OF STATE INTERESTED IN G. O. P. CAMPAIGN

Special to The Journal. Santa Fe, Oct. 19.—Colonel George W. Prichard returned last night from a trip to Chavez and Lincoln counties, where he was a member of the Hill, Matson, Muller, Des Georges, Pankey and Williams campaign party. Large meetings were held at Hagerman, Roswell, Mesquite, White Mountain, Tom Hondo, Lincoln, Capitan and Carrizozo.

The meetings at Roswell and Carrizozo were attended by unusually large crowds, and in both the counties covered by Mr. Prichard he found a growing sentiment in favor of Mr. Hill for governor. Mr. Prichard discussed the tariff question, and found the people of these counties deeply interested in this legislation, particularly the tariff on wool, beef and other New Mexico products.

VEGAS SCHOOLS TO HAVE COACH FOR ATHLETICS

Leslie Dean Is Made Member of Faculty, in Charge of the Physical Department; New Athletic Field.

Las Vegas, N. M., Oct. 19.—Plans for an extensive athletic program were formulated last night at a meeting of the city board of education. To inaugurate the program successfully, the appointment of a physical and athletic director, who will be a regular member of the high school faculty, was sanctioned at the meeting. Leslie R. Dean, former local Y. M. C. A. physical director, was named for the position.

Mr. Dean is a graduate of MacPherson college, Kans., where he was a prominent member of several of the college athletic teams. He has had considerable experience as a physical director in Y. M. C. A. work, having been at the St. Louis, Albuquerque and local Y. M. C. A. in that capacity. He also was with the Y. M. C. A. during the war.

With the appointment of Mr. Dean the High School Athletic association today perfected its plans for a football department. There are now about 60 boys in the school piquein squad and under the direction of the new director practice was held this afternoon. It is planned to play a schedule with other eleven when the school squad is whipped into shape for competition.

Plan Athletic Field. The basketball teams have been practicing, both the boys' and girls' teams having large squads. A tennis club was organized yesterday and practice will be held frequently.

The gymnasium will be approximately completed by November 1 and will be ready for occupancy at that time. The area between the old high school building and the new high school structure will probably be made into an athletic field. It is well-suited for the construction of a football gridiron and a baseball diamond and it is

Most of our work which is carried on with a fleet of sixty-five passenger and freight automobiles, is of a heavy nature demanding assured lubrication and the amount of trouble usually arising from improper lubrication has been very small indeed.

ARMOUR BLAMED FOR LOSSES TO WHEAT FARMERS

Senator Capper of Kansas Criticizes Big Business for Opposing Anti-Grain Gambling Bill.

Norton, Kans., Oct. 19.—The refusal of J. Ogden Armour to testify before the federal trade commission in Chicago last week, in regard to his grain transactions on the Chicago Board of Trade, harkened back to the days when railroad heads said, "The public be damned," Senator Arthur Capper of Kansas, chairman of the senate agricultural committee, declared in an address here tonight.

Referring to a recent public utterance of Judge Elbert H. Gary, chairman of the United States Steel corporation, in which he advocated the Golden Rule in business, Senator Capper said: "I ask you to contrast Judge Gary's attitude with that of Armour, the heaviest grain operator in the United States, and the action of the Chicago Board of Trade in again going into court to fight the anti-grain gambling law after Congress by almost unanimous vote has expressed the nation's will and determination to have grain gambling ended."

"This country's grain growers believe and have every reason to believe that Armour and other big operators on the Chicago Board of Trade have, by their operations, contributed greatly to the heavy losses grain farmers have suffered during and since 1929, the greatest export year for grain this country ever knew."

"The Chicago Board of Trade is making a great mistake in attempting to override the demand of the producers of the great west for certain legislation that is only fair and right, which has for its only purpose the aim to give the grain growers a fair chance on the public market. The whole appeal of our farmers simply is for a square deal in legislation, a square deal in the administration of government and in the conduct of the markets. This is all the people and the farmers ask. They have no ill will toward big business as such."

"We're from Herrin and we're not ashamed of it," Charles Lamb, 29, told Judge William D. Alexander, in municipal court. RELICS OF MAN BELIEVED TO BE HEALER SHOWN

Original Schlatter, Who Once Was in New Mexico, Said to Have Died in the Mexican Wilds.

Denver, Oct. 19.—News dispatches received in Denver today from El Paso claiming that the original Francis Schlatter, the "divine healer" who caused a sensation in Denver in 1895, died in Casas Grandes, Chihuahua, Mexico, in 1896, has caused a revival of a 25-year-old dispute as to the authenticity of the various Francis Schlatters, including the one who died recently at St. Louis.

Tending to confirm the claims that the original Schlatter died a quarter of a century ago, are relics preserved by a historical society, including photographs of the dead body, found at Casas Grandes, a Bible with Francis Schlatter's name written on the fly leaf, manuscript notes, and a heavy brass staff, which were turned over to the Chihuahua district court by the coroner when the body was found.

The original Schlatter came to Denver after he had created a sensation by his so-called healing demonstrations at Palarito, in New Mexico. On the invitation of spiritualist societies, he came to Denver, September 12, 1895, and spent two months here. Special trains were run to Denver from Omaha, Neb., and Fort Worth, Texas, and a railroad company granted the free transportation to those wishing to come to be healed.

BANKERS FROM EAST AMAZED AT DUKE CITY

Visitors on Special Train Entertained Here Yesterday Wonder at Building Activities.

Wonder at the building activity here, the financial condition of the city and the size and attractions of Albuquerque were expressed by eastern bankers who were entertained here for an hour and a half yesterday afternoon. They proceeded on their way back home very favorably impressed with the Duke City, according to comment heard as they returned from an automobile tour.

All of the guests, nearly a hundred, were taken for an extensive ride about the city in automobiles provided by the chamber of commerce and the Kiwanis club. No special train stopping in the city has been as well taken care of as the bankers, according to M. L. Fox, manager of the chamber of commerce.

The bankers, a prosperous looking, well dressed crowd, were returning from an annual convention of the investment bankers of America at Del Monte, Calif. They wandered about the city, many of the men in knickerbockers, purchasing Indian souvenirs and buying hot females to take on the train with them.

TOOTH PULLING FAD HAD A BAD EFFECT, RAPER

Folks who sacrificed too many apparently good teeth on the altar of the extraction theory in vogue a few years ago are now wearing diseased teeth which should be out. A reaction to the fad is resulting in a tendency to preserve teeth which are doing the entire body harm. Dr. Howard R. Raper, radiodontist, told the Rotarians at their luncheon yesterday in a vocational talk on "Dental Diagnosis."

The problem is to get at the method of dental care which costs the least and does the most good, said Dr. Raper. Wholesale extraction was a big mistake, but it is a still bigger one to leave in teeth that are diseased. There is no generally satisfactory solution of the problem after the tooth has once begun to show disease symptoms, he said. If a tooth has been allowed to reach the aching stage, hope for it has fled.

The public pays in either of three ways in its dental affairs, said Dr. Raper. It pays in vigilance, by not letting decay start, in cash for modern surgical work, or in ill health by negligence of its teeth. He declared a radiodontist as a "consulting dental engineer."

Arrangements were made at the luncheon for the entertainment of the delegates to the annual convention of federated club women at the Alvarado next Thursday noon.

MENAU TO MEET HIGH SCHOOL IN GAME SATURDAY

Santa Fe High Cancels Football Game With Local High; Two Games Booked Here Tomorrow.

Santa Fe High school has cancelled its scheduled football game with Albuquerque High. The Capital City team did the same thing last year. The reason given for the cancellation this year is that the members of the team are "used up" after the game last Saturday with the Las Vegas Normal school, which beat them 71 to 6.

The game, which was scheduled for next week, has been counted upon by the local management which is now making every effort to secure another team for the now vacant date. Whether the efforts will be successful is doubtful as the only team which would seem to be available for the date is the Las Cruces team and finances will not permit bringing a team from so great a distance.

Mensual school meets the local high school warriors here Saturday afternoon at Washington park at 2:30 o'clock. Mensual has an exceptionally strong and heavy team this season and indications are that there will not be more than two pounds difference in the average weights of the teams. With the line-up which seems probable Mensual will average 147 pounds and the High School between 148 and 149. Early substitutions on the part of the High School would probably cut this advantage and might make Mensual the heavier team.

INDIAN GIRL HAS A NARROW ESCAPE FROM DEATH ON LIVE WIRE

Williams, Ariz., Oct. 18.—Mary de Navarro, a young Mexican girl, was severely burned across both hands and along the left forearm Tuesday when she grasped a live wire carrying a small amount of voltage. The story, as related by Mary when interviewed in the office of Dr. C. Jeffries, who was dressing the wounds, was in effect that she had been washing and when emptying the tub in the yard, she noticed a wire lying on the ground. She stooped to remove it, but found herself in the terrible grip of an electric current. Her wet hands and the dampness of the ground upon which she stood, conveyed the current through her entire body. Frantic cries for help were answered by a neighbor who had the presence of mind to use sticks as insulators, remove the wire and release the unfortunate but then unconscious girl from her distressing predicament. An investigation by the authorities disclosed a light wire which had become disconnected at one end and fallen upon the premises of the Navarro home.

A STENOGRAPHER'S ROMANCE

By JANE PHELPS

NELLIE IS ENTHUSIASTIC.

Chapter 28.
"Oh, Cora! It's just wonderful!" she exclaimed as soon as she saw her. "He was so nice—but no foolishness, nothing but business!"
"Wait until we get inside, dear. Everyone is looking at us," Cora cautioned. "There now," as they found a table by themselves, "tell me all about it."
There wasn't much to tell, yet Nellie made quite a graphic tale of it. He told her to eat a good lunch, and I told him that was what you had told me to do. Then he asked you who you were and I told him. Cora laughed when Nellie said she had told Mr. Fallon that she couldn't help being young, then her face grew serious.
"Don't think I am scolding, Nellie, but don't joke too much during business hours. It might work against you."
"He smiled at me, and said to be thankful I was young and healthy. But I'll remember." Then: "He didn't say a word about pay, Cora."
"He probably didn't think it necessary. Miss McBride acts as my agent in the matter and she told me."
"I guess that's it!" Nellie sighed happily, then devoted herself exclusively to lunch. She and Cora planned a short walk before they returned to work.
"We'll do this every pleasant day," Cora said as they talked of how nice it was to be so near each other. "I always get back five minutes before my time is up. It's a better than taking chances on being late."
"I'll do that too! Oh, Cora, just pray I suit them!" Nellie said fervently as they parted.
The afternoon passed quickly. Mr. Fallon kept her very busy, and when it came time to go she was very tired. The excitement, the anxiety to please, had kept her at a nervous pitch all day. But just as he closed his desk her chief said:
"You have done remarkably well for one unaccustomed to my work. Miss McBride seldom makes a mistake."
Nellie forgot she was tired, forgot everything but his praise. That included Miss McBride—perhaps was meant more for her—made Nellie none the less grateful. She looked so happy when she told the girls that Gladys said:
"Don't let yourself get too enthusiastic, Nellie. The blow would be all the harder to bear if you found you didn't suit." "The first day's work is usually light."
"There wasn't anything light in it," he kept me hustling. I can tell you! I was so tired before he said I had done well I didn't know how I was going to get home. But now I'm not tired a bit. Oh, isn't it wonderful! And how glad I am I made Mr. Robinson sign that reference. Mr. Fallon said Miss McBride told him my reference was all that could be desired."
"It was certainly clever in you," Gladys laughed.
"And it was true! I wanted to

show my own horn, but I tried to say nothing that wasn't absolutely true."

"Well, now let's get supper. Cora is going out with William. He couldn't come Saturday night because of his mother."

"Say, Gladys, whatever shall we do if Cora marries him?"

"I don't think you need worry. He's poor and has a family to take care of. I wish she might marry him—he's an awfully nice fellow, and Cora deserves a home. She's just the sort to need one. But she has her mother to look after too. I guess there's no chance of their marrying."

"Then: 'Isn't it queer that almost every girl I know helps support someone? The papers talk about our taking the places men should have because they have families to care for. I believe just as many girls and women help support a family as men. We don't talk about it, and they do.'"

"What do the men want us to do—stare?" Nellie asked.

"No, I don't think they want just that. But they seem to think that many of us could live at home without work, or if necessary, go as house-servants or seamstresses. The only two occupations men have not come to think belong to them. Those and school-teaching, and so few are fitted for teaching."

"I guess we have as much right to live as the men," Nellie said indignantly. "And I think girls do their work just as well."

"Some do—Gladys replied cryptically, then called: 'Dinner's ready, Cora! Come on, or you'll keep William waiting.'"

EFFICIENT HOUSEKEEPING

By LAURA A. KIRKMAN.

REQUESTED RECIPES.

For M. B. J. Food for the Gods Dessert: Cream together the yolks of three eggs and one cup of granulated sugar; add the broken meats from one-half pound of English walnuts (measured before shelling), then stir into the mixture one heaping teaspoon of baking powder, mixed with two rounded teaspoons of fine cracker crumbs (ground almost to a dust). Now add one-fourth pound of dates, chopped, and fold in the stiffly-beaten whites of the three eggs. Spread this batter in a buttered cake pan and bake for one hour in a very slow oven. Cut in squares and serve with whipped cream piled on top. Mock whipped cream may be used if desired; this is simply egg-white beaten stiff with a tablespoon of jelly then sweetened.

For "A Constant Reader." To make brown gravy to accompany a roast: After removing the meat from the pan, put the pan on top of the range (after pouring off any fat which may be in it) and then add three cups of boiling water to it. Let the water boil up, which will release the meat juices which have hardened on the bottom and sides of the pan. Stir with a large spoon till the water has become a good brown color, then add one-half cup of paste made by wetting one-fourth cup of flour with a little cold water. It will thicken the gravy, and it must be stirred constantly. When the gravy is strained into the gravy boat and seasoned with salt to suit the taste, the pepper relish you wish appeared in this column on August 26. Here is the other recipe you want: "Club Sandwich. Toast two slices of bread. Place a lettuce leaf on

one slice, spread with a teaspoon of Mayonnaise salad dressing, add a couple of slices of roast chicken, put on another leaf of lettuce and more dressing, then finish with a layer of broiled bacon with a slice of tomato on top of it and still more lettuce. The dressing under the top slice of toast.

To "E. V. D." Ten recipes for oatmeal cookies have already come in to me from column readers. In response to your request, published request, and I shall begin publishing these recipes soon (all of them—for they are splendid ones). But, because the picking season is about over I am first going to publish the pickle recipes sent in by readers for publication. (Watch for the pickle recipes this coming Saturday.) On October 25, however, you will see the oat meal cookie recipes.

For "A Reader." Plain Ice Cream: Mix together one pint of granulated sugar and three slightly beaten eggs; add two and one-half quarts of rich milk and cook in the top of your double boiler, over boiling water, for 20 minutes, stirring at first. Then cool, stir in one quart of rich cream, which has been slightly whipped, and add two tablespoons of vanilla. Now freeze. Fill the freezer can, only three-fourths full, cover, and begin to pack layers of ice and salt around it, using three parts of ice to one part of salt. Let the ice and salt cover almost to the top of the freezer. Turn crank slowly at first, but more rapidly later. When the cream is frozen, draw off the dasher, cook the top of the can, and repack with ice and salt. Let the can stand for at least an hour (when it should be smooth and delicious).

RIPPLING RHYMES

By WALT MASON.

THE SHERIFF.

No smiles are now adorning my once effulgent phiz; the sheriff came this morning and took away my Liz; he took the choo-choo wagon that I have stowed so long; I drink from sorrow's flagon a bitter draught and strong. For years I have cavorted along the Great White Way, while creditors exorted and begged me for their day. The butcher and the baker were always on my trail, the sorrid undertaker insisted on some cake. In winter and in summer, across the vales and hills, the coal man and the plumber were chasing me with bills. And oftentimes

my pastor would read the riot act: "You're headed for disaster," he said, with solemn air, "you blow your coin for rubber, for dimes and for gasoline, for patent Jack or snubber, and this is base and mean; for all the time you're owing to every merchant's till, and every-when you're going online up against a bill. The next time served the pastor, 'who joyrides while in debt, has got a nerve that's vaster than has been charted yet.' Ah, and is my condition, since I am doomed to walk, the sullen-eyed mortician can chase me round a block. The butcher and the grocer, since I have lost my day, are ever drawing closer—I cannot get away!

DIARY OF DEAD WOMAN MAY HOLD CLUE TO MURDER

Officers Take New Lead in Running Down Mystery of Death of Pastor and Mrs. Mills.

New Brunswick, N. J., Oct. 19 (By the Associated Press).—The latest investigation into the double slaying of the Reverend Edward Wheeler Hall and Mrs. Eleanor Reinhardt Mills, choir singer, which the authorities have been guarding with such secrecy that they have considered it essential to remove their official headquarters, through the obtaining of a signed statement by one of the leading families of New Brunswick, a county official said tonight.

This official, who declined to permit his identity to be revealed, is known to be in close touch with the county prosecutors.

"The authorities are in possession of something with which the public has not been acquainted and which is being jealously guarded," he said. "We all sincerely believe that it contains the solution of the crime."

Less than 24 hours after it became known that the county prosecutors, through the obtaining of a signed statement by one of the leading families of New Brunswick, a county official said tonight.

The authorities admitted that they were attempting to trace the diary of Mrs. Mills, which, it is said, she gave to the pastor in exchange for his. They also said that consideration was being given to the possibility that Mrs. Mills' diary in possession of the pastor had been a starting point of the crime, and that the establishing of the actual time of its disappearance was being given the consideration of great value in the case.

In tracing this clue, the authorities learned today that a man identified as Edward Carpenter, a cousin of Mrs. Hall, was seen leaving the Hall home on the morning on which the bodies were found, carrying a tray, filled with what were said to be papers.

MIDSHIPMAN ON CRUTCHES SAYS HE WAS HAZED

Tells Courtmartial at Annapolis That He Was Subjected to Indignities and Cruel Treatment.

Annapolis, Md., Oct. 19.—Midshipman William H. McGregor of Bremerton, Wash., today testified that he was the victim of hazing of a brutal nature, and suffered muscular and other injuries that compelled his removal to the naval hospital, where he has been a patient for the last two weeks, before the naval court martial, which was assembled at the naval academy a few days ago for the trial of such cases. The midshipman on trial for the offense is Bruce H. Robinson, of Chandler, Ariz., member of the first class.

Entering the court room on crutches, McGregor stood for nearly three quarters of an hour, first partly braced against a chair and later sitting on the corner of a table, being unable to sit down finally in a chair, because of his injuries, and told the court how he had been compelled to go through three physical exercises, until finally he became exhausted, suffered severe pain, first became a patient in "sick quarters," from which he was afterward removed to the hospital, where he became a bed patient.

The young midshipman testified slowly and apparently cautiously, signifying first that he had submitted to the physical "hunts" by reason of his being familiar with certain traditions that prevail among the student body of the naval institution, but finally admitted under examination that he suffered "cruelty, indignity, humiliation, hardship and oppression" as set forth in the charges.

They are made of all-wool Poiret twills and Jerseys, and of satins and Canton Crepes. To attempt a description of the styles would be to chronicle everything that's new this season.

The card tables were laid with new covers in persimmon colored linen, the gift of Mrs. J. van Houten to the club, and were gay with yellow and black favors and bright candles.

Next week the Duran team will play the lightweight high school boys of Vaughn and the high school girls will play the Duran girls in a double-header here.

The day was cold and unfavorable for playing, but each side went into the contest determined to win. Colmer maintained a considerable lead until the sixth inning, when Las Vegas was able to score, due to several errors made by the opposing team. Both sides made a number of errors during the course of the game, but some splendid team work and a home-run by Curtis, captain of the Colmer team, featured the playing. Syrup Pepsin Helps Nature Give Relief

Try it when a laxative is needed and see the wonderful results

ANY FAMILY MAY TRY IT FREE

It is not necessary to take a violent physic for so simple an ailment as constipation. Yet many thoughtless parents give mercury in the form of calomel, and coal-tar in the form of phenol when a natural vegetable compound like Dr. Caldwell's Syrup Pepsin will do the work equally well and without danger. People should realize that mercury salivates and in certain conditions loosens the teeth; that phenolphthalein, by whatever name known and however disguised in candy, may cause dermatitis and other skin eruptions; that salt waters and powders may concentrate the blood, dry up the skin and cause lassitude.

You can take Dr. Caldwell's Syrup Pepsin yourself or give it to a babe in arms—as thousands of mothers do every day, with the confidence that it is the safest and best medicine you can use for constipation and such complaints. A teaspoonful will relieve you over night even if the constipation has been chronic for years.

Dr. Caldwell's Syrup Pepsin is a compound of Egyptian senna and pepsin with pleasant-tasting aromatics, and does not cramp or gripe. Every druggist handles it, and bottles are so generous that the cost amounts to only about a cent a dose. You buy it with the understanding that if it does not do as claimed your money will be refunded. The names of all the ingredients are on the package.

Mrs. A. Arceneaux of Orange, Texas, suffered from constipation for six years and found no relief until she took Dr. Caldwell's Syrup Pepsin. Mrs. Gus Anderson of Ball, Kans., corrected her bowel trouble so that she now eats and sleeps normally. Bring a bottle of Dr. Caldwell's Syrup Pepsin into your own home and let the family use it for constipation, biliousness, wind, gas, headaches, flatulency, and to break up fevers and colds.

Money In Your Pocket

When your painter takes down the last scaffold and "presents" you with a beautiful McMurtry Paint job, he gives you far more than beauty—he figuratively hands you a substantial amount of money.

For the very good reason that McMurtry Mixed Paint will preserve your property and keep up its value. A McMurtry Paint job cuts down your upkeep, for it is a longer-lived paint and makes repainting jobs farther apart.

Of all the good qualities of McMurtry Mixed Paint this factor of longer life is the most important. Longer life actually means "money in your pocket."

FRIDAY,October 20, 1922

TWO CANDIDATES.

Probably no cause contributes so much to many of the defects of our government as the changing of public officials made necessary by the short tenure of office. Thus it often happens that a candidate who has never held public office, but is eminently qualified by long business experience, must acquaint himself with the details of the office to which he aspires within the short period of a political campaign. It is in the pre-election campaign that a candidate invariably displays the extent of his grasp of the problems which he will encounter as a public official and it is by this test that the public measures the qualifications of its prospective servants.

From this standpoint the present campaign affords an interesting contrast. Mr. Hinkle, the Democratic candidate for Governor, has had some experience in public office while Mr. Hill, his opponent, has had none. Mr. Hinkle began his campaign with charges of the grossest extravagance on the part of the Republican state administration and promises of economy in the event of his election. As the campaign nears its end, nearly, if not all the charges made by Mr. Hinkle have been refuted and have been shown to be grossly inaccurate.

Mr. Hill, in the inauguration of his campaign said that he would study the needs of the people and would make no promises unless he knew that he could fulfill them.

Mr. Hinkle displayed an appalling lack of knowledge, as a candidate for Governor, when he made the charge, as he has repeatedly done, that forty-two per cent of the money derived from taxation is wasted by the state. Mr. Hill answered this charge effectively when he said that the state spends less than six cents of every dollar.

When Mr. Hinkle said: "In Chavez County, our expense in 1906 was \$120,000; in 1910 it was \$320,000; in 1921, it was \$671,000—just think of that! Can we pay \$6,700,000 in ten years, in Chavez County and live? Can we sell our property or do anything with it? The final result will be, we will begin to lose population and when that begins in New Mexico, Goodnight!"

He must have done so without any previous investigation of the facts, which would have disclosed to Mr. Hinkle that Chavez County has been continually under Democratic control since it was created thirty-one years ago. We agree with Mr. Hinkle that such a condition as he describes under Democratic administration cannot continue to exist without serious consequences.

Mr. Hinkle's seeming inability to understand the relation between facts and figures is illustrated by his reference to the conditions existing in San Miguel County. He said:

"In Las Vegas I had the good fortune to get the figures on San Miguel County. They say that's the best governed county in the United States. In 1912, it was \$224,000; in 1915, \$235,000; in 1920, \$686,000; in 1921, \$555,000."

Mr. Hinkle might have pointed out that San Miguel has almost twice as large a population as his own county, which he severely criticized, and that it has been under Republican administration for more than twenty years. It might have been disastrous to his political aspirations to have told his hearers that under efficient Republican management San Miguel has reduced its tax burden \$131,000 in one year, notwithstanding the fact that San Miguel County has a larger population by nearly 11,000 people than Chavez County and that the tax burden per capita in San Miguel is less than twenty-five dollars as against fifty-five dollars for Chavez County.

In like vein is the charge which Mr. Hinkle has persistently made to the effect that a dirt fill was built through a lake in Roosevelt County at a cost of \$25,000 when, as a matter of fact the records of the State Highway Department show that this fill actually cost \$109.96.

Mr. Hinkle's whole campaign has been based on exaggeration. His character and reputation preclude any suggestion that he was any intention either to mislead or to deceive the voters. The only inference to be drawn from his flagrantly inaccurate statements is that he either does not know or has not taken the trouble to ascertain the facts. The campaign has therefore served the useful purpose of demonstrating Mr. Hinkle's unfitness for the high office of Governor and, as the campaign has progressed, it has been made clear that in Mr. Hill the state will have a public official capable of constructive

thinking and possessing the qualifications necessary to give the state an efficient administration.

I'm forever blowing foam off;
Pretty foam off brimming steins.
Steins full of beer,
Not the kind called "near."
But the sort they once sold here.
There's no use in hiding
The place where these steins be;
I'm forever seeing strange things,
In my dreams, you see.

TODAY'S BEST THOUGHT

We are not meant to be good in this world, but to try to be, and fail, and keep on trying; and when we get a cake to say, "Thank God!" and when we get a buffet, to say, "Just so; well hit."

A LITTLE LAUGHTER

Glad Tidings.
A Sunday school teacher tells the following:
"I had just been chosen as teacher for the smallest lot in our Sunday school. The first lesson was about the negro. So I told the children to come into my class. My listeners had been so attentive and repeated the verse so loudly in unison that I was sure I had made a deep impression.
The superintendent dropped in to see how the new teacher was conducting the class and I confidently asked one bright eyed little lad to tell Mr. Brown about the lesson we had learned that day. And then I received a shock.
"The man said it's time to eat," piped the shrill little voice.
"What?" cried the bewildered superintendent.
"Yes, that's it. He said, 'Supper, little children. Come to me!'"

The Markets

By the Associated Press.

FINANCIAL

Wall Street.

New York, Oct. 19.—Strength of Liberty bonds, decline of German marks to 3 cents a hundred, a new low record, and a highly confused movement of stock prices were the outstanding developments in today's financial markets.

A number of stocks such as Corn Products, American Can, Manhattan Shirt and Burns Brothers "B," were pushed up for sizeable gains, while others, like Pacific Oil, Republic Steel, Davison and Studebaker, were under heavy pressure.

The third quarter deficit of nearly \$100,000 reported by the Republic Iron and Steel continued to have a depressing effect on steel shares.

Mexican Petroleum fluctuated within a radius of ten points and while Standard Oil of New Jersey dropped 6 1/2 points below last night's close. Weakness in Pacific Oil was accompanied by an expected 100,000 reported by the Republic of California, which is supposed to be interested in Pacific Oil, sold off nearly four points.

Total sales were 1,396,000 shares. Call money opened at 5 per cent and eased off to 4 1/2 in the second hour, holding at that figure until the closing.

Demand for sterling dropped abruptly on announcement of the resignation of Lloyd George, but it net loss on the day was only about 1 1/2 cents.

HIPOLITO MONTOYA
DIES AT HIS HOME
ON SANTA FE AVE.

Hipolito Montoya, aged 87 years, died at his residence at 311 West Santa Fe avenue yesterday morning.

Mr. Montoya was one of the oldest residents of Albuquerque. In his youth, he was famous as an Indian fighter and was a close friend of Kit Carson. He was also a successful buffalo hunter.

He was a merchant in the city and one of the first postmasters. While engaged in the mercantile business, Mr. Montoya made many trips to St. Louis, where he purchased goods and brought them to Albuquerque by ox team, taking approximately six months to complete the round trip. He was active in assisting in the construction of the Santa Fe cathedral and donated the money which was placed in the corner stone. During the last few years of his life, he was engaged in the cattle and sheep raising business.

He is survived by two sons, Solo and Paul Montoya, and five daughters, Mrs. Dick Stamps, Mrs. P. D. Black, Mrs. D. K. Montoya, Miss Rosa Solas, and Miss Eliza Montoya. Funeral arrangements will be announced by Fred Crollott, who is in charge.

FOREST SERVICE
GETS READY FOR
FIRE IN TIMBER

Continued Drought Expected to Result in Heavy Fall Fire Season in Southwest Timber Sections.

Continued drought, even in the mountain sections of New Mexico and Arizona, is rapidly increasing the forest fire hazards and the forest service is making plans for fighting a possible heavy fall fire season. Leaves, fallen timber and grass in the mountains are absolutely dry and unless carefully watched, forest service officials believe a large number of serious fires will soon break out.

Records taken in many of the mountain sections of the state indicate that this has been the driest year since official records and reports have been made. At the Cedro Canyon forest ranger station, the weather reports show that from October 1, 1921, until October 1 of this year there has only been 8.26 inches of rainfall. The usual annual rainfall at this point in the Tularosa canyon is 16 inches.

This year has been one of the most serious forest fire years since the establishment of the forest service in the southwest. More than \$900 fires have been reported in the local district which includes Arizona and New Mexico. This is several hundred more than usual and indications are that a large number will be added during the month this fall.

On Friday, the 29th day of October, 1922, at 1:00 p. m. in front of the city hall on North Second street, I will sell the following described stock that have been taken up by the pound master:

TRIAL OF COMBS
HOTEL CASE TO
CONTINUE TODAY

Briefs in Dissolution of Partnership Case to Be Filed Today; Hotel Shows Large Monthly Profits.

Trial of the suit for dissolution of partnership of the partnership of Marshall Jones and B. A. Winter, operators of the Combs hotel, will be continued this morning in the district court. Briefs will be submitted this morning by attorneys on both sides of the case on the question of justification for dissolution of a partnership. The trial started yesterday morning.

The suit was started by Marshall Jones against B. A. Winter, who is at present managing the enterprise. It is alleged in the complaint that the plaintiff's share of the profits was to be \$500 each month and that the same had not been paid for the months of August, September and October. The defendant claims that he had offered to make the payments, but that they had been refused.

It developed during the trial that, according to testimony of witnesses for both sides, the profits of the hotel now approximated \$1,800 a month. T. J. Mabry, attorney for the defendant, stated last night that it was possible that the court might take several days before deciding the questions covered by the briefs which will be submitted this morning.

GIRL TRIES TO LIVE
DOWN HECTIC EVENTS
OF HER ELOPEMENT

Chicago, Oct. 19.—With an avowed determination to live down hectic events of the last few days that have caused her arrest on a charge of conspiracy to violate the Dyer automobile theft act, and the arrest of Frank Rawlings, 35, her employer, on a similar charge and that of violating the Mann act, Miss Ida Mae Hawkins, 16-year-old Independence, Mo., beauty, tonight was in custody of federal officials awaiting removal to Kansas city tomorrow for preliminary hearing.

Statements made by Miss Hawkins to Assistant United States District Attorney Joseph Merensky, caused the arrest of Rawlings on the Mann act charge. Preliminary hearing in this case is to be resumed tomorrow. At its conclusion, both Rawlings and the girl would be taken to Kansas City.

Not until late today did the girl confess her relations with Rawlings, according to Assistant United States Attorney Merensky.

Identification records, federal officials announced, showed Rawlings has served in three penal institutions, once for assault with a knife, and lastly for robbery.

Rawlings arrived in Independence four weeks ago from Waterloo, Iowa, driving the car he is alleged to have stolen and in which he and Miss Hawkins traveled in Illinois.

ANTI-SALOON LEAGUE
OPPOSES HITCHCOCK
FOR SENATE POSITION

Lincoln, Neb., Oct. 19.—The Anti-Saloon league of Nebraska, through F. A. High, its superintendent, today made public a list of candidates for election November 7 in which the nominees of the various parties are described either as "satisfactory" or "unsatisfactory" to the league.

"R. B. Howell, and the Rev. James L. Beebe, both of Omaha, and progressive candidates, respectively, are listed as 'satisfactory,' while Senator G. M. Hitchcock, who is seeking re-election, is described as 'unsatisfactory.'"

The republican and progressive gubernatorial candidates, Charles H. Randall of Randolph and Harry C. Purmoner of Yutan are endorsed. Charles W. Bryan of Lincoln, the democratic nominee for governor, is "personally dry, but tied up with Senator Hitchcock, who is wet," the report says.

ST. MARYS HAS
STRONG LINEUP
FOR BELEN GAME

Contest Tomorrow at Barajas Park Expected to Be Hard Fought; Over 300 Tickets Are Sold.

St. Marys will play the Belen high school team tomorrow afternoon at 2 o'clock at Barajas field. This will be the second meeting of the two teams this year. In the first game, played at Belen, St. Marys lost by a substantial score. Since that date, however, the local boys have made marked improvement.

Two new linemen of first class caliber have been discovered, and are giving the team additional strength in offense and defense. Rivera, tackle; Devine and McCaffrey, backs, are again in the game after having been out for several days on account of injuries. The team has had two scrimmages with the high school, one this week and one last week, and the entire seventeen members of the squad are in the best of condition.

Goal posts have been set in Barajas park and the field will be marked tomorrow morning. Nearly 300 tickets have been sold, and a good crowd is expected. Coach Wardwell of St. Marys, who has been unable to be on the field for several days, is again at work pointing his men for the Belen contest.

ATHLETIC FIELD
TO BE FOR USE
OF ALL SCHOOLS

Other Organizations in the City Also Will Have Right to Play Games, Promoter Cameron Says.

The purpose of the Albuquerque Athletic association, now in process of formation, is to establish an enclosed athletic field and organize a new league baseball club, according to Jack Cameron, the principal sponsor. Mr. Cameron said tonight that the field will be for the use of all outdoor sports. The University, the high school, St. Marys, the Harwood school and all athletic organizations will have the right to use it for their public contests.

The ball clubs, playing chiefly on Sundays, would not conflict with the school use of the field, which would be open to football, and in the spring to track and field contests.

"First we must secure enough pledges to assure that the plans will be carried out," said Cameron last night. "Pledge cards are being circulated, and the public is asked to fill them out, specifying the amount per month each person pledges to give. When the cards have been received, either by mail or delivery in person, and it has been seen that a sufficient amount has been promised, all the pledges will be asked to meet for organization, when officers will be elected, committees appointed and other details arranged. Payments on pledges will not begin until the meeting is called."

CHICKEN SHEDS ON
WHITE STAR RANCH
DESTROYED BY FIRE

A large section of the chicken houses at the White Star ranch on the Indian School road was burned early yesterday morning. The fire department was called at 2:35 o'clock. Firemen were unable to extinguish the blaze in the burning section, but succeeded in confining it to that part of the buildings.

The ranch is owned by Mrs. Lena Franceschini and is operated by George Youkum. It is estimated that the loss, including chickens, is approximately \$1,000.

P. J. AMBROSE IS
SERIOUSLY HURT
IN A COLLISION

Employee of Telephone Company Sustains Fractured Skull When Motorcycle Plunges Into Street Car.

Although in a critical condition as the result of the collision of his motorcycle and a street car at the intersection of New York avenue and Seventh street yesterday morning at 8 o'clock, Patrick J. Ambrose, lineman, employed by the Mountain States Telephone and Telegraph company, was considered late last night to have a fighting chance for life.

Badly bruised and with his head injured, Ambrose was rushed to a hospital where he underwent an operation immediately upon his arrival. Although he had not regained consciousness at a late hour last night, attendants stated that his condition was improving and that the injuries, serious though they were, might not prove fatal.

Ambrose was going south on Seventh street and arrived at the intersection of New York avenue and Seventh street, where he was struck by the rear of a street car operated by Mrs. Cordelia Whitmer, reached the intersection. He attempted to drive his motorcycle ahead of the car and crashed into the front of it. He was thrown several feet by the force of the collision.

Passengers on the street car, who witnessed the accident, stated yesterday that Ambrose had plenty of time to have turned into New York avenue and so avoided the collision. The injured man is married and has one small daughter. The family has been living in a recently purchased home at 411 West State avenue.
