VOLUME 16

ALBUQUERQUE, NEW MEXICO, THURSDAY AFTERNOON, APRIL 23, 1903

NUMBER 436

ILLINOIS SOLONS IN A TURMOIL

House Deposes Speaker and Pulls Him From Chair.

LIEUT. GOV. LEE WILL GIVE TESTIMONY

Terrible Explosion and Loss of Life in a Minnesota Oil Plant.

Springfield, Ill., April 23.—Shortly before noon Speaker Miller advanced the Lindley traction bill to a third reading, when the friends of the Mueller bill made an attempt to pull him out of the chair. In the midst of the turmoil the speaker declared the house adjourned. Immediately after Miller left the chair Murray took the floor and called on the house to elect a speaker pro tempore. Charles P. Allen, of Vermillion, was declared elected speaker pro tem and forced his way through the mob to the speaker's desk. Henry Beltler acted as clerk.

After a disorderly session with speaker pro tem Allen in the chair, Speaker Miller returned to the house at 3:35 and reconvened as if it had been in recess since his departure. Allen informed Miller that during the latter's absence he had been elected speaker pro tem and that the house had recalled house bill No. 864 from third to second reading and an amendment was now under consideration. Before roll call a motion was carried to take a recess till 5 o'clock, and thus one of the most remarkable sessions of the house ever held, came to an end.

LEE WILL TESTIFY.

Lieutenant-Governor of Missouri on His Way to St. Louis.

St. Louis, April 23.—A special from Bloomington, Ill., to the Post-Dispatch from a staff correspondent on board a Chicago & Alton train en route from Chicago to St. Louis, says: "Lieut. Gov. Lee, who has been a fugitive from the St. Louis and Cole county grand juries for the past week, is speeding toward St. Louis. He is coming back to tell what he knows about the distribution of hoolie in connection with the anti-alum legislation. He left Chicago at 9 o'clock this morning on train No. 1 of the Chicago & Alton, which is due to arrive in St. Louis at 6:12 o'clock this evening."

Lee Talks.

Dwight, Ill., April 23.—In reply to questions, Lieut. Gov. Lee is quoted as saying:

"I am feeling much better now than when I went away. At no time did I intend to remain away more than a week. No threat has brought me back. I am confident that when all the facts are known I will be placed in a better light."

Dividend Declared.

New York, April 23.—The directors of the Northern Pacific railroad have declared the regular quarterly dividend of 1½ per cent, payable May 1. In February the dividend paid was 1½ per cent regular and ½ of 1 per cent extra.

DISTRICT COURT

Jurens Sentenced to Penitentiary for Two Years.

OTHER COURT MATTERS.

The court this morning tried the case of Jesse M. Wheelock vs. W. P. Metcalf, for \$300, the defendant pleaded he did not owe and an offset. The dispute grew out of the purchase by defendant of the business of the plaintiff, the defendant claiming that plaintiff did not fulfill his contract by failing to turn over the business of O. E. Cromwell. The court found for the defendant, it holding that the plaintiff had not maintained his account. The defendant then abandoned the offset, saying that he did not deem a judgment of value.

In the case of the United States against Moreen W. Jurens, who heretofore pleaded guilty to adultery, the defendant was brought into court to receive sentence. When asked by the court if he had anything to say why sentence should not be pronounced upon him he asked the court to be

lenient, as he did not wish to bring his family in disgrace. The court then asked the defendant how about the girl and her family. Defendant said he did not think they had been disgraced. That he met the girl at a dance in Denver, and she thought well of him and he asked her to come to him and she came, that he was driven to his actions by his wife, whose faithlessness and habits he claimed forced him into his errors. The court told the defendant he believed him to be thoroughly bad and that he had not bettered his cause by his statement, and while the limit of punishment was three years, he would sentence him to two years at hard labor.

In the case of Noa Ifield et al. versus Ramona L. de Baca et al., a suit brought by a large number of creditors of the estate of Ramon A. Baca to set aside conveyances alleged to have been made by the late Roman A. Baca to his wife in fraud of creditors. The case was closely contested and judgment was rendered against the plaintiffs, and the conveyances allowed to stand.

In the case of the appeal of creditors of the estate of Roman A. Baca against a decision in favor of the administratrix, the court sustained the action of the probate court.

The hearing for a new trial in the case of the Territory vs. Librado C. de Baca, in which the territory won a few days ago, was postponed until May 12.

Judge Baker has rendered a verdict in favor of the plaintiff in the case of the Bland Supply company vs. Mert Wagner for \$260. This suit was for an open account.

ENGLISH LADY.

Travels Far and Wide to Study Customs of the Ancients.

VISITS INDIAN CURIO.

Miss Ethel Webb, an aristocratic English lady, accompanied by her maid, after being an interested guest of the Alvarado for two days, departed this morning for New York, thence to her home in England. Miss Webb's English home is Newstead Abbey, the old home of Lord Byron at Nottingham. She has just returned from an extended tour through Australia and New Zealand. Being a lady of extremely cultured tastes, and having a knowledge of people and things gained by travels in interesting countries, it was only natural that many of the rare and valuable curios in the Harvey museum and Indian curio should attract the lady's favorable attention. In her ideas and manners she was very much English, and these peculiar characteristics made her an interesting conversationalist.

The study of the ancient customs and manners of the people, which at one time may have been only a mere fad, has developed into a life work with Miss Webb, and, consequently, she was delighted with the antiquities in the possession of Manager Switzer.

While in New Zealand the English lady found the study of the Maori Indian quite fascinating. Among the interesting incidents learned by Miss Webb while in New Zealand was a story of how the royal cloak of the Maori chief had been placed about the shoulders of the Prince of Wales when he visited that country. This ceremony placed the Prince of Wales on an equal royal footing with the great Indian chief. Miss Webb had seen this robe of feathers, and made mention of this incident when she saw one of these peculiar robes of the Maori chiefs in Mr. Switzer's collection.

The interior of the old abbey in England is furnished after the style of the twelfth century. While seeking throughout Europe for this ancient style of furnishings many difficulties were encountered in obtaining the composition of the old Roman red dye,

which is greatly in demand by antiquated inclined people. Finally, a professor was found who knew the ingredients of the valuable Roman red dye. By comparing samples of the old Roman red with the beautiful red of the old Navajo blankets, it was found they corresponded exactly. These discoveries proved an important addition to the lady's wide knowledge of antiquity.

Miss Webb spent nearly all the time she was here studying the collection of curios and seemed to appreciate such a privilege.

Bloody Fight.

Aden, Arabia, April 23.—Officers of the British transport Harding which arrived here today from Berbera, the capital of Somaliland, East Africa, say that ten officers and 180 men were killed recently in an engagement with the Somalians.

J. T. Stobbs has bought out the saloon formerly conducted by Biad Jones on South East street, opposite the Santa Fe Pacific shops, and has taken possession of the place. Jack will be glad to see his friends.

MEN WANTED

Agent of Beet Sugar Company in the City After Laborers.

A FEW INTERESTING FACTS.

A. J. Sampson of Rocky Ford, Colo., is in the city, arriving this morning from Gallup and a visit to the Navajo reservation. He is in search of laborers for the American Beet Sugar company of Rocky Ford, and when asked how many men he wanted, stated that he would need as many as he could get. He will remain here until next Monday, and would like to get as many men as possible from this place. The factory which Mr. Sampson represents and with which he has been connected the past twelve years, is one of the largest concerns of its kind in America.

During the campaign of 1902 the factory began work on October 1 and ran for four months during which time it received over 113,000 tons of beets and worked the same into sugar, making about 30,000,000 pounds of the latter. The company receives beets from Pueblo on the west to Garden City, Kan., on the east, and the sugar percentage of the beets raised in the parts of Colorado and Kansas named averages over 17½ per cent. The factory is equipped with the latest improved machinery and in season employs from 450 to 500 men, exclusive of the agriculturists who are employed on the farms of those who raise beets for the factory. It is this class of laborers that Mr. Sampson now wants. They will be employed in the Arkansas valley and from May 1 to July 31 will be used in thinning beets; after that time they will be employed in the hay fields and for the harvest. On October 1 they will be put to work digging beets.

TERRIBLE EXPLOSION.

Oil Plant at Minneapolis Blew Up and Many Killed.

Minneapolis, April 23.—The Northwestern Star company's oil plant in the milling district, blew up a few minutes before 12 o'clock and a fierce fire is now raging. The plant was totally annihilated and it is believed several lives have been lost. Two injured men have been taken to the hospital. There were twenty employees and thus far but eleven have been accounted for.

It is now believed that eleven persons lost their lives in the explosion at the plant of the Northwestern Star Oil company, shortly before noon today. That number is unaccounted for, but the ruins are too hot to permit search. The entire office force apparently was killed. Six persons were injured. Following is the list of the missing:

W. H. Davis, president; A. C. Downs, general manager; W. S. Mitchell, Jacob Downs, Col. Harold Colborn, David Dacey, John Spetsensky, Joseph Laflleur, J. E. Jacobson, Miss Carrie Record, Miss Ella Doudney. The injured were all badly burned about the hands and face.

No explanation of the cause of the explosion is yet available and none of the injured are able to throw any light on it. Its force completely demolished the large tank and smaller ones that surrounded it, as well as the brick office building in which were W. H. Davis, who was the president and proprietor of the concern, and the others who are missing. Glass was broken and damage done in surrounding houses and buildings within a radius of several blocks. The loss is estimated at \$15,000.

JAIL BIRDS

Two Desperadoes Recaptured by Arizona Sheriff.

BLOODY FIGHT IN EAST AFRICA

Jews Massacred by Russians During Riot at Kishineff.

STOCK EXCHANGE DOING BIG BUSINESS

Special to The Citizen.
Gallup, April 23.—Two desperadoes, Cahill and O'Malley, who broke jail at Holbrook, Monday night, were arrested at Gonzales last night by Sheriff Houck, of Holbrook.
Louis Bayetta, an Italian coal miner, had his leg crushed yesterday. He was taken to Santa Fe this morning.

JEW'S MASSACRED.

Bloody Anti-Semitic Riot in a Russian Town.

St. Petersburg, April 23.—Twenty-five Jews were killed and twenty-seven were wounded, many fatally, during anti-semitic riots at Kishineff, capital of Bessarabia, April 20, when a number of workmen organized an attack on the Jewish inhabitants. The minister of the interior has ordered the adoption of special measures to restore order in the town and district.

ACCIDENT AT SHOPS.

Employee Scalded and Taken to the Hospital for Treatment.

ONE MAY NOT RECOVER.

The main engine room at the Santa Fe Pacific shops a little after 12 o'clock this morning was the scene of a hot accident, that is some of the men who were scalded thought so. The cause of the accident was the bursting of a steam pipe which filled the room with steam so hot that L. J. Atkins and Martin L. Garcia were badly scalded about the head and body and had to be taken to the St. Joseph hospital, where Dr. Cutter attended them. Both will recover. A third man was badly burned, but was able to go home. During the break the electric light plant, which operates all the machinery of the shops as well as furnishing light for the station and the Alvarado, was shut down.

Later—it is thought that the chances of recovery for Mr. Garcia are slim.

Stock Exchange Doing Business.
New York, April 23.—The first day of business on the new stock exchange opened with better prices and general feeling of confidence. There was an unusually large gathering of members, many veterans attending as a matter of sentiment.

ALBUQUERQUE'S BOOM.

Woolen Mills and a Big Saw Mill the Latest.

INTERVIEW WITH GEORGE E. ROE.

George E. Roe, division freight and passenger agent of the Santa Fe with headquarters in this city, returned this morning from a visit to Albuquerque and other New Mexico points, says the El Paso Herald.

In talking regarding his trip he said: "The bridge on the Santa Fe cut off over the Rio Grande has been completed and now the work of constructing the line through Abasco Pass can be pushed along more rapidly, as supplies can be taken into the camp much easier and quicker."

"Albuquerque is on a boom. Traffic Manager Biddle was in Albuquerque yesterday on his way from San Francisco to Chicago. Mr. Biddle stopped over one day to meet the citizens of Albuquerque and particularly the officials of the American Lumber company."

"The American Lumber company will construct in Albuquerque at once a saw mill, which when completed will employ 700 men. The Santa Fe company is now putting in about three miles of switches at Albuquerque for

this company and the lumber company will soon commence building a railroad from Thoreau station on the Santa Fe Pacific, a point about eighty miles west of Albuquerque, to its lumber camps. The rails for this line have already been ordered.

"The Rio Grande woolen mills have just recently started up at Albuquerque and employ about 100 men. This company makes all kinds of woolen cloth, leather clothing, gloves, etc. Besides the factory, it also has in operation a scouring mill, tannery, etc."

"New Mexico generally is looking better this season than it has for any time during the past ten years. During the past winter there has been plenty of snow and rains which not only helped the farmers, but made plenty of grass for the ranges and made conditions good for a large lamb crop this year."

Lord Roberts Coming.

London, April 23.—According to the St. James Gazette, the government is considering appointing Field Marshal Lord Roberts as special commissioner to represent Great Britain at the St. Louis exposition.

CHANGING THE MAP.

New Lines Said to Be Under Survey by the Santa Fe.

NEW MEXICO FULL OF CUT-OFFS.

If we are to believe the rumors we hear New Mexico will be full of Santa Fe and Rock Island cut offs within the next year or two, says the Topeka State Journal.

The latest is a story published in a Denver paper, to the effect that the Santa Fe cut off from Syracuse, Kan., is not the one which comes through Belen, but will make a bee line for Albuquerque. This is good news indeed and there is no harm in believing it until the long suffering officials are obliged to make their usual little speech denying the rumor. The story runs as follows:

Baca county, the county that occupies the extreme southeastern corner of Colorado, will have a railroad within the next two years. It will be the Santa Fe.

Santa Fe surveying parties went into the field last week to survey the cut off from Syracuse, Kan., to a point near Albuquerque to avoid the mountains as well as to shorten the Chicago-San Francisco line.

Baca county is without a railroad and is only sparsely settled. Its southern boundaries are New Mexico and Oklahoma and its eastern boundary, Kansas. Its isolated position, far from a railroad, makes it one of the interesting counties in Colorado. It belongs to Las Animas and Powers counties in representation in the state legislature. It is devoted almost wholly to cattle.

The cut off promised by the Santa Fe and which parties are now surveying, commences at Syracuse, Kan., just over the Colorado line. The road will probably enter Baca county so as to cut through the southeastern corner, and then across a corner of Oklahoma and thence into New Mexico to Albuquerque. Only forty miles of the road will be in Baca county and about the same mileage in Oklahoma, according to the estimate of the engineers.

While the mileage will be slight, it will give Baca county its railroad and will be of immense benefit to that corner of Colorado. The cutoff traverses a country now devoid of railroads and it is the belief that business originating along the line will in a few years pay for its construction, although it is to be built solely to save crossing the mountains.

At present the Santa Fe has heavy mountain grades to contend with in southern Colorado and particularly in northern New Mexico. The road traverses the mountains and two engines are needed on every passenger train, while freight trains must be cut in two to make the crossing. In addition there is one place where washouts occur three and four times a year, sometimes tying up the road for three or four days. In winter rotaries must be kept almost constantly at work to avoid blockades.

This cut off, aside from shortening the Chicago-San Francisco mileage, will avoid the mountains. It will be an easy grade and there are no engineering obstacles to overcome. The country to be traversed is flat and open.

The engineers surveying the line are now said to be almost within Baca county, working now in Beaver county, Okla. It is believed that the entire route can be surveyed this summer and it is said construction will begin early in the fall.

CONGRESS OF MEDICAL MEN

Doctors of the World Assemble at Madrid.

BIRTHDAY OF THE BARD OF AVON

President Roosevelt Will Tomorrow Resume His Western Trip.

Madrid, April 23.—The international medical congress began its sessions here today, the formal opening being accompanied by elaborate ceremony in which the government and the learned societies of Spain took conspicuous part. The sessions of the congress are to continue a week or ten days and promise to be of great importance to the entire world of medicine and surgery. Pulmonary diseases will once more receive a large share of attention, but it is not believed that Koch's theory will be much discussed. Both English and American physicians in attendance intimate that they regard the theory as of little practical importance since prudent sanitary authorities and the public at large in every country will continue to draw the line at cattle afflicted with tuberculosis.

The attendance at the present meeting of the congress exceeds that at any previous gathering of the kind in the world's history. Those present include eminent medical men from all parts of the civilized world. From England every country of continental Europe, from America, South Africa and Australia the most prominent men of the profession have gathered to exchange views on the latest discoveries in the science of medicine. The United States is particularly well represented.

Pay Homage to Shakespeare.

Stratford-on-Avon, April 23.—This quaint, quiet town was the scene today of the customary ceremonies in observance of the anniversary of the birth of Shakespeare. An impressive

AGAINST COMMISSIONERS.

Proceedings in Two Warrants Issued Against Gutierrez and Sanchez.

AFFIDAVIT AND INFORMATION.

Late yesterday afternoon proceedings in quo warranto were filed in the district court against T. C. Gutierrez and Severo Sanchez, two of the commissioners of this (Bernalillo) county, claiming that the act under which they were appointed is null and void, and giving the defendants five days to show cause otherwise.

The Affidavit.

Territory of New Mexico, County of Bernalillo.

Thomas J. Curran, F. G. Pratt, Daniel A. Macpherson, Henry Brockmeier, Otto Diekmann and John Beaven, being sworn, do all say that they are citizens of the United States and of the county and territory aforesaid; that prior and up to the tenth day of March, 1903, Epimeno A. Miera, Ignacio Gutierrez and Adolph Harsch were the duly elected, qualified and acting members of the board of county commissioners of the county of Bernalillo in the territory aforesaid; that on the day and year aforesaid, by an act of the legislative assembly of the territory of New Mexico, the northern portion of said county of Bernalillo was made the county of Sandoval; that the said Epimeno A. Miera and Ignacio Gutierrez were then, and still are, as affiants are informed, residents of that portion of the former county of Bernalillo which thereafter became, and now is, the county of Sandoval; that thereafter, on March 13, 1903, Tomas C. Gutierrez, mentioned in the act of the legislative assembly herein after referred to, under the name of T. C. Gutierrez, and Severo Sanchez, unlawfully, as affiants are advised, usurped and intruded themselves into the positions and offices of members of said board of county commissioners, claiming to be the successors in office of the said Epimeno A. Miera and Ignacio Gutierrez, and are now actually engaged in the discharge and performance of the duties and functions of

Continued on page four.

ceremony was held in Holy Trinity church this afternoon, when the mayor the trustees of Shakespeare's birthplace, members of the Shakespeare club and various deputations from schools came to lay their floral tributes on the grave. This evening the play "A Winter's Tale" was presented by Mr. Benson's company.

COMING OUT OF PARK.

President Roosevelt Will Emerge from the Woods Tomorrow.

Cinnabar, Mont., April 23.—According to program President Roosevelt and his companions will emerge from the solitudes of Yellowstone Park tomorrow. Rejoicing the remainder of the party here the trip to St. Louis will be commenced. After passing through Livingston and Billings, the party will arrive at Alliance, Neb., late Saturday afternoon. After a short stop here the journey will be resumed to Grand Island, Neb., where the party will spend Sunday. During Monday the president will visit in the order named Hastings, Lincoln, Fremont and Omaha. He will spend the night in Omaha and reach Shenandoah, Iowa, early on the morning of Tuesday. During that day he will make a brief stop at Clarinda, Van Wert, Osceola, Des Moines, Oskaloosa and Ottumwa. Passing the night on the train, the president will arrive at Keokuk on the morning of the 29th, and on that day will visit Quincy, Ill., Hannibal, Louisiana and Clarksville, Mo., arriving in St. Louis late in the afternoon.

Cinnabar, Mont., April 23.—Secretary Loeb and the members of the president's party left here this morning for the park, where they will meet the president. The start for St. Louis will be made tomorrow afternoon.

Dinner for Chinese Minister.

New York, April 23.—The new Chinese Minister, Sir Chen Tung Liang, K. C., M. C. is paying his first visit to New York since his recent arrival in this country. He is not, however, a stranger to the city as he has visited here many times during his collegiate days at Andover. Tonight he will be the guest of honor at a dinner to be given at Delmonico's by the American Asiatic Society.

Strike Settled.

Indianapolis, Ind., April 23.—The brick layers on the new federal building returned to work today, and by tomorrow all the brick layers who have been on strike since April 1 will have returned to their jobs, as the result of the signing of the scale which provides for 60 cents an hour and 65 cents for foremen.

REAR ADMIRAL CASEY.

In the City Today With His Wife and Daughter.

EN ROUTE TO WASHINGTON.

Rear Admiral Casey, United States navy, wife and daughter, are at the Alvarado today and will leave this afternoon for their home in Washington. They came in last evening from the west, having visited the Grand Canyon, in Arizona and other points of interest.

It will be remembered that Rear Admiral Casey presided over the trial of Captain Tilley about two years ago at Pango Pango, in the Philippine islands. Captain Tilley was charged with misconduct and after a trial that cost Uncle Sam a good deal of money, was acquitted. The admiral and family during the day visited the Harvey curio rooms and found there much to admire and praise. The rear admiral is also pleased with what he has seen of the Duke City. He is a man well up in years, but still active and full of vim.

If anybody is sick at your house, that makes it all the more important that you should come here for the medicines which your doctor prescribes. The markets of the world do not afford purer drugs than we dispense. Our stock of DRUGS and SUNDRIES is full and complete.

The Daily Citizen will be delivered
in the city at the low rate of 15 cents
per week, or for 60 cents per month,
when paid monthly. These rates are
less than those of any other daily paper
in the territory.

SUBSCRIBERS will confer a favor on
The Citizen by notifying us immediately
of any non-delivery of the paper.

About fifty new dwellings are in process
of erection in this city.

Denver will not hold a festival next
fall. The grafters in that city captured
the exhibitions of the past few
years, and the festival became a burden
and injury to the business interests
of the city.

The good government league of this
city has filed a suit in an attempt to
remove two of the commissioners of
this county. The Democrat has cheer-
fully volunteered to try the case in ad-
vance of the courts.

During last year the entire student
body of the Carlisle Indian school,
numbering 1,000, earned \$31,619. In
the savings banks the Indian boys
have \$20,000 on deposit and the girls
\$14,000, all drawing 6 per cent interest.
This is a very creditable showing for
the institution and all associated with it.

Purchases of bar silver for Philip-
pine coinage have advanced the quo-
tation in New York to 50 cents an ounce,
which is close to the average for Octo-
ber, 1902. Shipments of silver from
London to the east, from January 1 to
March 26, of this year, foot up \$11,015,
955, showing a gain of \$1,744,280 over
the corresponding period in 1902.

It is estimated that during the three
years ending with 1902 there was cre-
ated new railroad bonds, with a par
value of \$1,346,000,000, and new rail-
road capital stock with a par value of
\$1,127,000,000. During the same three
years industrial and miscellaneous
companies issued \$632,000,000 in bonds
and \$1,957,000,000 in stock, including
unlisted securities traded in on the
New York stock exchange increased
nearly \$5,500,000,000 during the three
years ended with 1902.

GOOD ELECTION LAW.

The state of Maryland is trying a
new primary election system for the
nomination of party candidates and ac-
cording to the press dispatches it is
working nicely. This system is not new
by any means, but it is just being used
in that state.

What is of most interest is the work-
ing of the new primary law, which had
its initiative trial in Baltimore last
week. At the same time and at the
same place primaries were held by
both the republican and the democrat-
ic parties. The same officials had
charge of both, two republicans and
two democrats at each polling place.
No one could vote at the primaries un-
less he had expressed to the registrars
of electors his party preference at the
time of his registry as a voter. As in
Connecticut, he could be a voter at the
election without registering himself
partywise, but without doing so he
could not take part in the primaries.
Some 30,000 or 40,000 voters declined
to state their party preference. Forty-
eight thousand declared themselves as
democrats and about 42,000 said they
were republicans. Out of the total par-

ty registration of 102,291 there were
73,300 votes cast at the primaries. The
law permits a direct vote for candi-
dates or a vote for delegates practical-
ly pledged for certain candidates, after
the manner of the elections of the
president and vice president by the
electoral college. The democrats se-
lected the direct method and the re-
publicans chose to use the interme-
diary of the delegates.

As to the new primary law, the gen-
eral verdict is one of approval. The
votes of both parties were counted by
the joint officials, two republicans and
two democrats at each polling place.
The nominees are the undoubted se-
lections of the voters of each party.
There was no suspicion of fraud and
there was no snay caucus or conven-
tion. An active canvass was made by
each of the candidates before the pri-
maries, and those who won did so be-
cause they got the votes. They go be-
fore the people at the election with no
issues except their individual fitness
and their party platforms.

A GOOD WOMAN.

The offense of Robert Fitzsimmons,
says the Pittsburg Times, is that he
is by occupation a pugilist. Earlier
in life he was a blacksmith, and rum-
or says he was a good one.

When Fitzsimmons stood by the
deathbed of his wife, and as the soul
of the woman passed to the God who
gave it the strong man wept. "She
was the best woman that ever lived,"
he said. "Poor Rose! She was al-
ways so fair about everything."

Fitzsimmons is a pugilist. At the
death of his wife he ennobled himself
in the espousal of a doctrine that will
make good men everywhere pay a mo-
mentary tribute to him in his hour of
sorrow. No matter who the man, nor
what his calling, there is virtue about
him when he can put his wife before
all others and say she was the best
woman that ever lived. "She was the
best friend I ever had," he said, and
no doubt truly. A man finds two
treasures in this world who are
above price. Both are women. One is
the mother who bore him; the other
the wife who hand in hand with him
fits herself to all of his triumphs
and defeats, forgetting his weak-
nesses, encouraging his winning traits
and showing a friendship of the most
self forgetful kind.

MISSISSIPPI FLOOD.

The recent disastrous floods in
Louisiana and Mississippi, while not
accompanied by great loss of life,
have been appalling in their destruc-
tion of property. Even now the dan-
ger from the high waters is not whol-
ly removed and inhabitants along the
Mississippi are still in dread of an
outbreak of the stream.

The whole country has heard much
of the flood, and as a result one of
its most pertinent lessons has be-
come apparent. The lesson has been
forced home to the government and
to the people at large that some pro-
vision must be made to conserve the
great annual rainfall so that it will
filter down to the streams, from them
to the rivers and thence to the ocean
slowly, instead of in sudden rushes
and disastrous floods.

The government is becoming con-
vinced that the destruction of the for-
ests along the mountain slopes has
had much to do with the floods and
steps will soon be taken toward re-
stocking what ruthless hands have
destroyed. By a gradual replanting
of the forests at a cost of millions,
the government will form great natural
reservoirs for holding the melted snow
and rain along the mountain sides till
it slowly seeps down to the brooks
and streams.

And with the suggestion of re-
stocking the forests of the country
has come the valuable idea of in-
creasing the irrigation and power fa-
cilities of the streams and rivers of
the country.

GOVERNMENT IRRIGATION.

There is reason to believe that
the development of irrigation interests
is checked in consequence of a more
or less prevalent belief on the part
of the people that somehow and in some
way the federal government intends to
give them free water by constructing
irrigation works that may be need-
ed.

This is one of the unfortunate re-
sults of unduly emphasizing the work
the government has outlined for the
reclamation of the arid region and
without considering it in the light of
the language of the irrigation law.

The plain and simple truth, which
everybody should grasp, says the Den-
ver Republican, is that the government
does not intend to give any man free
water. It stands in the position of a
private capitalist. In this, that it will
demand for the reclaimed land enough
to reimburse the irrigation fund for all
the money expended in constructing
ditches and reservoirs. It will in this
respect do just what any private com-
pany owning land to be reclaimed
might do.

Furthermore, it is highly probable
that much of the work will be done at
such great expense that the land will
cost the claimants more than it would

if the reservoirs and ditches were built
by private enterprise. Everybody
knows that in nearly every case gov-
ernment work is more expensive than
private work. It is highly probable
that when some of the extensive works
planned by the department of the in-
terior are completed, the expense of
construction will make the price of
the reclaimed land almost prohibitive.
Unfortunately, instead of recogniz-
ing this probability, a large number of
people seem to be full of the idea that
they have nothing to do but wait until
the government comes along and
builds reservoirs and ditches without
any cost to them whatever.

JEMEZ & SULPHUR HOT SPRINGS

Carries the U. S. mail; only line with
a change of stock en route; good rigs,
horses and drivers; leaves Albuquerque
every day in the week, except
Sunday, at 5 a. m. For particulars
address W. L. Trimble & Co., agents,

prietor, Jemez, N. M.

FELL OVER 100 FEET.

Francisco Griego Dropped to the Bot-
tom of the Santa Fe Coal Com-
pany's Shaft.

Francisco Griego fell to the bottom
of the shaft which the Santa Fe Coal
company is sinking three miles north-
east of Santa Fe, yesterday afternoon,
about 2 o'clock. He was being lowered
to the bottom and had descended about
half of the distance when the rope
broke, precipitating him to the rock
covered bottom, a distance of over 100
feet. The shaft is over 200 feet deep.
A horse at the top called to Griego after
the accident and he answered. One
of the convicts engaged in helping
with the work then mounted a horse
and hastened to the city for surgical
aid and not waiting to see how seri-
ously Griego was injured. The work
of sinking the shaft is being done by
prisoners from the territorial peni-
tentiary and Griego was superintend-
ing the work. Since the accident
Griego has died.

The surest and safest remedy for
kidney and bladder diseases is Foley's
Kidney Cure. Alvarado Pharmacy.

LANDS WITHDRAWN.

Orders issued by Secretary Hitchcock
to Further Purposes of Irrigation.

Secretary Hitchcock has ordered
withdrawn from temporary settlement
or entry, or other form of disposal ex-
cept by homestead laws, of lands in
Colorado and New Mexico recommended
by the geological survey for the
purposes of irrigation. The lands
withdrawn in New Mexico include one
township for the Grand River survey
in the Santa Fe district, one township
for the use of the Urton lake project
in the Roswell district and three
townships for the same project and
three townships for the Pecos reser-
voir system in the Clayton district.

Foley's Kidney Cure if taken in time
affords security from all kidney and
bladder diseases. Alvarado Pharmacy.

Col. John A. Riley, for years a promi-
nent citizen of Las Cruces, now a
wealthy cattle raiser and buyer of Col-
orado Springs, Colo., passed down the
road for the Mesilla Valley Tuesday
night. The colonel is enjoying the
best of health and is as lively as when
he was a conspicuous figure at Santa
Fe during the sessions of the legisla-
ture.

Foley's Kidney Cure makes kidneys
and bladder right. Don't delay taking.
Alvarado Pharmacy.

Irrigation Commission Organized.
The territorial irrigation commis-
sion at the meeting held Tuesday af-
ternoon, Santa Fe, formally organized
by electing G. A. Richardson, of Ros-
well, president, and Col. George W.
Knaebel, of Santa Fe, secretary. Both
officials were elected to succeed them-
selves. Considerable time was spent

PUNISHMENT.

Social progress has done away with a
great many forms of punishment once
administered under the laws of enlight-
ened people. But nature never changes
or modifies her penalties. She still in-
flicts the same punishment for the man
who neglects or abuses his stomach as
she had in the far off days "when
Adam delved and Eve span."

The physical dis-
comfort, dullness,
sluggishness, irri-
tability, nervous-
ness which are
visited upon the
man who eats care-
lessly or irregularly
have been from the
beginning the evi-
dences of disease of
the stomach and its
associated organs of
digestion and nu-
trition.

Dr. Pierce's Gold-
en Medical Discovery cures the diseased
stomach and enables the perfect diges-
tion and assimilation of food, so that the
sluggishness, irritability, nervousness and
sleeplessness which result from innu-
trition are cured also.

"I was taken sick nine years ago with fever,"
writes Mr. M. M. Wardwell, of Linwood, Kan-
sas. "Had the doctor and he broke up the fever all right, but I took dis-
ease right away; he couldn't cure it and it
became chronic and then he gave up the case.
I got so weak with it and had piles so badly I
couldn't lie down, nor hardly sit up. Was
that way two or three months; thought I would
never be well again, but picked up one of Dr.
Pierce's Golden Medical Discovery in the house
that was got for mother. You recommend it for
catarrh of the stomach, so I went to taking it.
The one bottle nearly cured me. I got two bot-
tles next time and took one and one-half and
was well. I haven't been bothered with diar-
rhea since."

Dr. Pierce's Pellets cure biliousness.

DEATH FROM POISON.

Medical Records Show That Uric Acid
in the Blood is a Swift Agent
of Death.

Paine's Celery Compound

THE POPULAR SPRING MEDICINE,
IS THE ONLY RELIABLE
BLOOD PURIFIER.

In the springtime deaths from poison
—uric acid in the blood—are common.
This malignant poison, which should
be expelled by the kidneys, is diffused
through the blood, and when allowed
to remain in the system, proves fatal.
Thousands of men and women around
us are now suffering from kidney-
poisoned blood. Loss of nerve force,
failure of appetite, nausea, constipa-
tion, pains in the back and side and
depression of spirits, indicate that uric
acid is doing its terrible work.

For such a condition in springtime,
there is but one sure, tried and never-
failing remedy, it is Paine's Celery
Compound, which promptly restores
the kidneys to health and enables them
to perform their functions. With the
kidneys in proper condition, there can-
not remain the slightest trace of uric
acid in the blood. Mr. A. U. Winters,
of Cincinnati, Ohio, writes as follows
about his wonderful cure:

"In March, 1902, I was dangerously
ill, and my condition became so alarm-
ing that my family called in a special-
ist to confer with our family doctor. I
was told that my kidneys were in very
bad condition, and as a consequence,
my blood was charged with uric acid.
I was also suffering from rheumatism
in back and arms. Getting no positive
good from the doctors, a friend advised
me to make use of Paine's Celery Com-
pound. The use of the first bottle
seemed to produce magical effects, and
after I had used five bottles, I was
strong and well. Today, my blood is
pure and clean, appetite hearty, I sleep
well, and am gaining in flesh and
strength every day. Paine's Celery
Compound saved my life, and I thank
God for it. I always recommend it to
sick people."

discussing the routine business before
the commission, but nothing of conse-
quence was done aside from the elec-
tion of officers. The following parties
desire grazing privileges or to pur-
chase land were before the commis-
sion: W. E. Lindsey, Portales; H. B.
Holt, Las Cruces; Charles F. Esley,
Santa Fe; J. M. Hervey, Roswell.

Pneumonia is Robbed of its Terrors
by Foley's Honey and Tar. It stops
the racking cough and heals and
strengthens the lungs. If taken in time
it will prevent an attack of pneumonia.

Railroad Topics

The Santa Fe may build big shops at Eureka, Cal.

The meanest trick that a railroad can play on a girl is to turn on a light just before the train goes through a tunnel.

The Santa Fe Pacific Blues are anxious to play ball against any team of railroads in either New Mexico or Arizona, and the Blues believe they can defeat any team that challenges them.

No word has been heard of J. H. Sheridan, the absconding financier of the local lodge of the Brotherhood of Railway Trainmen. The local members are sure that he will be located before long.

The family of Division Superintendent F. J. Easley, residing at Newton, Kan., have been removed to Las Vegas, where they will reside in the future, and where Mr. Easley now has his headquarters.

The attorney general of Texas denies that any action is contemplated by the state of Texas against the Southern Pacific company, based upon the recent decision in the Northern securities case.

A. A. Gargan, brother of the excellent manager of the local office of the Western Union Telegraph company, came in from the north last night. The visitor is western superintendent of the above company.

The Choctaw grading outfits are now throwing dirt very lively at Mr. Cooke's ranch, three miles east of Tucumcari. A fill of twenty feet near Mr. Cooke's will likely detain the graders for about two months at least.

The Santa Fe's new double track between Trinidad and Jansen is a great convenience, and is being used more and more every day. It is understood that the company will ultimately double track all the way from El Moro to Raton.

Samuel R. Miller, who recently resigned the foremanship of the Santa Fe pattern shop at Topeka, after holding that position for over thirty years, has been given the foremanship of the Fort Worth & Denver pattern shop at Childers, Texas.

Santa Fe, Prescott & Phoenix combination car was run out of the paint shop at Topeka, after being repainted and repaired in both shops. Baggage and express car 2202 and Wells-Fargo express refrigerator C72 were also run into the shop.

The Las Vegas Optic says: C. O. Youngquist, who succeeded N. M. Rice as general storekeeper for the coast lines and the New Mexico division of the Santa Fe, has returned to his headquarters in Albuquerque after a pleasant visit to the Meadow City.

The engineering corps engaged in surveying a line through Kansas for the Nebraska, Kansas & Southern railroad has completed its work north of Salina and has begun the work of running a line south of that city. The survey will be completed to Wichita, May 2.

Lowry Clevenger, a switchman on the Santa Fe railway, was caught between the bumpers of two freight cars at Lamy and seriously injured. Dr. J. M. Diaz, of Santa Fe, the company physician, was called to that place and found that while there were no bones broken, he was hurt internally. He was caught at the waist by the bumpers.

C. A. Schooley, a capable machinist at the Las Vegas railway shops, has been appointed delegate from the Young Men's Christian association at Las Vegas to the big railway convention of the excellent organization to be held in Topeka April 30-May 3. The convention will be one of the most notable in the world's history of Y. M. C. A. work.

News reached here of the resignation of W. J. Brown, general foreman of the Santa Fe shops in Needles, Cal. Mr. Brown gives up his office with the company to accept that of superintendent of motive power of the Ludlow Southern, a little road eleven miles in length which runs in a southerly direction from Ludlow on the desert and is owned by a mining company.

Orders have been issued to all the trainmen which indicate the precaution the Santa Fe officials are taking to protect President Roosevelt from railroad accidents while traveling across the country. These orders make it imperative for yardmasters and all trainmen to see that all trains are sidetracked for twenty minutes before the president's special is due. This is done in order to insure the special the clear at all times.

The Rock Island now has a continuous copper telegraph wire from Topeka to Chicago. The wire which was strung between the two points in about two weeks is now in operation, all of the instruments having been attached. The old iron wire was a duplex and required two men at each end to operate it, but the new one is a quadruplex and just twice that many operators are necessary. The wire was strung from Chicago to Topeka by way of St. Joseph and Kansas City.

More steel for the big railroad bridge the Santa Fe is to build at Azusa arrived at San Bernardino. From these immense pieces of steel it is evident that the bridge is to be one of the finest and most costly in the west. That a secure structure, which only the outlay of a big amount of money can construct, is needed at that point is certain. The San Gabriel, while

calm as a lamb in summer, is one of the most dangerous streams in California during the winter, and only a massive steel bridge built on the most scientific plan will suffice.

G. L. Pfundstein, of Santa Fe, traveling auditor, was here yesterday on business.

The Train Dispatchers' Association of America holds its next convention in Nashville, Tenn., June 16.

General Auditor McCreary, of the Harvey news system, was a west bound passenger last evening.

The San Bernardino Sun says that Foreman C. O. Young, of the pattern department of the Santa Fe, in Albuquerque, has arrived for a visit with friends in this city and Los Angeles. He is in poor health and comes west on an extended vacation.

Grip Remedies in Great Demand.

When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams, of McDuff, Va., says that he was cured of a very deep and lasting attack of la grippe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all druggists.

TAYLOR IS APPOINTED.

Made Traveling Auditor of Santa Fe to Succeed L. B. Jones.

It was announced at the Santa Fe general offices, Topeka, that E. L. Taylor had been appointed traveling auditor, to succeed L. B. Jones. Mr. Jones was appointed a short time ago to the position of traveling accountant, to succeed J. E. Baxter, who has been appointed auditor of the Gulf, Beaumont & Kansas City railroad, to succeed G. B. Gallon, resigned. Mr. Taylor has not yet been assigned his territory, but it is an assured fact that his headquarters will be in Topeka.

A Chattanooga Druggist's Statement.

Robt. J. Miller, proprietor of the Read house drug store of Chattanooga, Tenn., writes: "There is more merit in Foley's Honey and Tar than in any other cough syrup. The calls for it multiply wonderfully and we sell more of it than all other cough syrups combined." Alvarado Pharmacy.

CALIFORNIA LIMITED.

General Passenger Agent Black Makes a Denial.

There has been some talk lately to the effect that the season which will shortly be closed has been a very unsuccessful one for the Santa Fe's limited train to California and that it is therefore to be given up as a bad job and discontinued, says the Topeka State Journal. This, together with the following from San Bernardino, which is exactly contrary to statements given out by them, has succeeded in making local officials very warm under the collar:

"Limited trains on transcontinental lines are said to be doomed; railway men assert that they are money losers for the companies operating them and that they have no good points to keep them in service. Already the Rock Island system has announced the abandonment of its Golden State Limited after May 1: the Santa Fe is said to contemplate the abandonment of its limited service, and the Sunset Limited may be replaced by a train giving regular through service but playing no favorites."

Yesterday when the above was shown to W. J. Black, general passenger agent for the Santa Fe, he said: "So far as the Santa Fe is concerned there is positively not a word of truth in it, and considering the fact that the California Limited has been just as successful this last season, if not more so."

BUILT OVER.

Food That Rebuilt a Man's Body and Built It Right.

By food alone, with a knowledge of what food to use, disease can be ward off and health maintained, also many even chronic diseases can be cured. It is manifestly best and safest to depend upon food to cure rather than too much drugging.

A case in point will illustrate. A well known man of Reading, Pa., treasurer of a certain club there, says: "I have never written a testimonial letter but I have been using Grape-Nuts about a year and have recovered my health, and feel that I would like to write you about it for the case is extraordinary. For five years I was a sufferer from a dreadful condition of the bowels; the trouble was most obscure. Here follows a detailed description and the condition certainly was distressing enough (details can be given by mail)."

"Nothing in the way of treatment of drugs benefited me in the least and an operation was seriously considered. In May, 1901, I commenced using Grape-Nuts as a food and with no idea that it would in any way help my condition. In two or three weeks' time I noticed an improvement and there was a steady gain from that time on until now I am practically well. I don't know how to explain the healing value of the food but for some reason, although it has taken nearly a year, I have recovered my health and the change is entirely attributable to Grape-Nuts food, for I long ago quit medicine. I eat only Grape-Nuts for breakfast and luncheon, but at my night dinner I have an assorted meal." Name furnished by Postum Co., Battle Creek, Mich.

so, than it has in former years, I cannot see how such a rumor ever originated.

"We have just lately been complimenting ourselves that the train has been so successful, and so far as I know all statements that have been given out have been to this effect. Considering the general conditions during last season accidents have been few and far between, and the equipment of the train is practically as good as it was when it was put in service last fall.

"Of course there may be something in the wind that has not yet reached me, but I hardly think that this is probable. If the train was to be discontinued permanently President Ripley would be the person to authorize such action, and if he has done so, or even contemplates doing so, I am sure that we would receive notice here long before the time for it to be taken off, in order that we might make preparations and advertise the fact. No such notice has been received.

"Of course when California tourists have returned to the east and traffic no longer necessitates the running of the Limited, the daily trains will be taken off and it will be run as a semi-weekly train leaving Chicago on what ever days of the week that are considered to be most favorable. But this action does not signify in the least that the Limited is to be discontinued, on account of the fact that this has been done every summer since the train was first put on about ten years ago. It costs a great deal of money to run a limited train and no railroad can afford to run one when passenger traffic is light.

"As to the part of the story about the Sunset Limited I can say this: The real Sunset Limited was discontinued several years ago and the Southern Pacific has had no limited train since that time. I suppose that it did not prove to be a paying investment. When this train was taken off it was substituted with a regular through train from New Orleans to California, such as the Santa Fe's No. 1 and No. 2, but although the equipment of the train was changed the name was not and it is still known as the Sunset Limited. This train's equipment is composed partly of chair cars and coaches and second class transportation is accepted which fact precludes the use of the word 'limited.' This change took place about three years ago so you see whoever wrote this story was a little late in getting the news.

"Of what the Rock Island intends to do with their Golden State Limited I know nothing, but you can say positively that as long as traffic on the Santa Fe continues to be as heavy as it has been during the last season, just so long will the California Limited leave Chicago for San Francisco. After that I cannot say what will happen."

INTO THE B'G TIMBER.

Santa Fe's New Humboldt Line Will Touch Salt Water.

A San Francisco paper says: President E. P. Ripley, of the Santa Fe, Vice President and Operating Manager G. W. Kendrick, General Manager A. G. Wells, Superintendent F. J. Shepherd and L. A. Vauldin, superintendent of the Baldwin locomotive works of Philadelphia, registered at the Palace hotel this morning. Their coming is connected with the Santa Fe's extension into northern California, which is to be continued until the system is entrenched thoroughly in a field that hitherto has not known its operations.

"We will build about 150 miles of track, most of it through the heavy timber belt of Humboldt county from Willets to Eureka," said Mr. Ripley. "What line we shall use to connect that part of our road already built and planned up north I am not prepared to say. Our line in the north will have access to the finest timber district in the world, and by making Eureka the

terminus the railroad will have an outlet by water as well as by rail."

Due Notice is Served.

Due notice is hereby served on the public generally that DeWitt's Witch Hazel Salve is the only salve on the market that is made from the pure, unadulterated witch hazel. DeWitt's Witch Hazel Salve has cured thousands of cases of piles that would not yield to any other treatment, and this fact has brought out many worthless counterfeits. Those persons who get the genuine DeWitt's Witch Hazel Salve are never disappointed, because it cures. B. H. Briggs & Co.; S. Vann & Son.

G. W. Johnson, registering from Albuquerque, is stopping at the Normandie, Santa Fe.

Dreadful Attack of Whooping Cough.

Mrs. Ellen Harrison, of 300 Park avenue, Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Alvarado Pharmacy.

There is a letter, held at the Santa Fe postoffice for postage, addressed to Miss Ella Montoya, 1318 South Second street.

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case resulting in pneumonia, which shows conclusively that it is a certain preventative of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

At the Boston Mining Exchange last week, 10 shares of Santa Fe Gold & Copper company stock were sold at \$2 a share.

Robbed the Grave.

A startling incident is narrated by John Oliver of Philadelphia as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at all druggists.

John J. Murray, who was at Santa Fe on a visit to his old friend, John V. Conway, passed down the road last night for his home at Juarez, Mexico.

A Great Sensation.

There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles. Price, 50c and \$1. Guaranteed by all druggists. Trial bottles free.

Edward Dixon, formerly a resident of this city, now at El Paso, was a passenger for Santa Fe yesterday, where he will visit friends a few days.

...B. ILFELD & CO...

300-302-304-306-308-310 WEST RAILROAD AVENUE

California

\$35.00 Round Trip
\$25.00 One Way

If you expect to go to California, why not go when the railroad fare is low? From now to June 15, 1903, you may go there for \$25.00. You may buy a round trip ticket May 13 or May 13 to 19 inclusive, for \$35.00—a considerable reduction from current rates. These round trip tickets will be limited to June 15, and liberal stopover privileges accorded.

The one-fare tickets will be accepted for passage in free chair cars carried on fast trains. If sleeper is desired, tickets will be accepted for passage in tourist sleepers on payment of customary Pullman charge. The round trip tickets will be honored on any Santa Fe train—Pullman space extra. Santa Fe all the way.

A profusely illustrated folder issued by the Santa Fe describes the trip to California, and also contains complete schedules of the special trains to be run for those who avail themselves of the low rate made for the general assembly of the Presbyterian church and 4th general convention of Master Plumbers. Sent free on request.

F. L. Myers, Ticket Agt., Albuquerque, N. M.

See the new spring showing of Easter suits, at our store. The entire line is now on display. Prices range from \$10 to \$20. SIMON STERN, The Railroad Avenue Clothier.

W. L. Douglas shoes—first spring shipment has arrived—many new styles in patent vici, vici kid, French and box calf—\$3 and \$3.50. SIMON STERN, Railroad Avenue Clothier.

SUCCESSFUL BAZAAR.

Ladies Entertain a Generous Crowd of Bazaar Visitors.

RECEIPTS INCREASED.

The enjoyable attraction of St. Joseph's bazaar brought out the largest and most generous crowd that has been seen at the beautiful affair this week. The ladies in charge have realized all their hopes of success since the satisfactory receipts of last night.

Every booth in the hall made a most noticeable showing over the two previous evenings. Mrs. Macpherson and her assistants, who have charge of the domestic booth, banked about \$50 last evening as a result of a generous hearted crowd. Twenty-five dollars showed on the cash records at the handkerchief booth, while the doll booth added \$10 to the total receipts.

The candy booth and punch stand presided over by Mrs. O'Reilly and her aides, were actively engaged the entire evening satisfying the aristocratic tastes of the guests. Those possessing the summer ice cream appetites were much in evidence at the ice cream booth; the tables always being in demand by the lovers of the frozen delicacy. Those with a more substantial appetite were furnished with delicious sandwiches and coffee at the railroad lunch counter.

The voting contest for the saddle horse took on new energy last night, another contestant, Mrs. Prestel, came into the race unexpectedly, carrying fifty votes. Last night the standing of the other contestants was as follows:

Miss Anna Ironsides 90
Mrs. Margaret Bigelow 71
Miss Helen Finch 59
Miss Della Damiano 25

It has been intimated that there will be a big surprise in this contest before it is finished.

The auctioneer stand was a center of animated talking and laughter as long as Scott Knight led the fascinating raffle. The beautiful turquoise ring set with chip diamonds, valued at \$20, was captured by S. N. Gonzales. Other valuable donations were sold by the auctioneer, who sold the paddles and gave the wheel a whirl.

The chances on the present of Mrs. Roosevelt, a dainty booklet, "A Simple Life," are going fast, and the lucky individual will be envied by all the chance buyers.

Gentlemen visitors, who enjoy a quiet smoke, have found a nook especially adapted to their peculiar natures in the oriental smoking room.

After 9 o'clock the dancing space was filled with gay dancers, who added a tone of merriment to the ladies' successful bazaar.

The ladies in charge of the various booths are making every effort to lead in the receipts for sales, which has gained an interesting stage at the middle of the week. Mrs. J. H. O'Reilly presiding over the candy booth, leads in the contest. The receipts for this booth for the three days amounts to \$70.45.

At the domestic booth, under Mrs. D. A. Macpherson, the sales amount to \$50.75.

Mrs. Harry Strong, who is devoting her time in interest of the handkerchief booth, reports total receipts of \$49.65.

The beautiful doll booth, where Mrs. F. A. Murphy may be found in charge, has showed receipts amounting to \$29.25. But wait until after Saturday night, when the results of the matinee will be in evidence, then the doll booth will undoubtedly be among the leaders.

Mrs. Boatright, who has charge of the ice cream corner, has sold enough of the frozen dairy produce to bring in \$24.45.

The sandwiches and coffee booth presided over by Mrs. S. W. White, makes a showing of \$19.

Mrs. Prestel, the congenial lady that entertains the gentlemen by placing the clear Havana within their reach, has a sales account showing \$14.55 that came from what went up in smoke. It is a difficult prophecy to make as to which booth will be leading each night, since it all depends on the tastes and inclinations of the bazaarists, who do not buy the same chances and delicacies each evening.

Death at Sanitarium.

Angel Garcia, aged 33 years, died at the sanitarium yesterday morning after a long illness of tuberculosis. Deceased was a member of the Cigar-makers' union, and worked at the trade for a number of years. A mother and brother live in El Paso. Funeral services will be held from the undertaking parlors of O. W. Strong & Sons tomorrow morning at 10 o'clock. Interment at Santa Barbara cemetery.

MEN WANTED.

(Concluded from page one.)

and will be kept busy at that occupation until the first of January. The beets are shipped to the factory in cars made especially for that purpose and furnished by the Santa Fe railway.

Mr. Sampson says the reason that the factory does not use New Mexico's beets is because the cost of conveying them to the factory is too great—freight rates are too high.

The beets raised in this territory

have the greatest percentage of sugar of any that are raised anywhere. If it is impossible to get a sale for them outside of the territory on account of freight rates being too high, the next step and the better thing is to have a beet sugar factory established in the Rio Grande valley, preferably at Albuquerque on account of this city having better shipping facilities than other towns in the valley.

TYNER REMOVED.

Assistant Attorney General for the Postoffice Department Bounced. Washington, D. C., April 23.—Postmaster General Payne has summarily removed James M. Tyner, assistant attorney general for the postoffice department. He took this action in a letter detailing sensational charges in connection with the abstraction of important papers from Mr. Tyner's office. The letter states that on Tuesday Mrs. Tyner came to the office and with the aid of a safe expert abstracted from the safe all the papers and records. These she took away, subsequently refusing to give them up to an inspector. The case has been referred to the department of justice.

MONEY IN WATER.

Big Lease Price Offered for the Pittsburgh Water Works.

Pittsburg, April 23.—W. A. Shoemaker, representing a New York syndicate, is in Pittsburgh with a proposition to lease the water works of this city for a term of fifty years. Mr. Shoemaker says \$25,000,000 is back of the enterprise. It is proposed to provide Pittsburgh with filtered water, install meters and to pay the city at least \$500,000 a year for operating the water system. The city will be given the option to take back the plant at the end of ten years if the service is not satisfactory to the tax payers.

British Consul Report.

London, April 23.—The British consul at Chicago, W. W. Wyndham, in his annual report on Chicago and the whole consular district, gives a glowing account of the great and increasing prosperity thereof, and pays high tribute to American methods and urges careful study of these methods by the British business men.

Mississippi Historical Society.

Yazoo City, Miss., April 23.—Many are here for the sixth annual meeting of the Mississippi Historical Society. The gathering will be formally opened in the courthouse this evening with an address of welcome by Congressman John Sharp Williams. Three sessions will be held tomorrow at which papers will be read covering a wide range of subjects relating to the history of Mississippi.

Northern Illinois Teachers.

DeKalb, Ill., April 23.—DeKalb is thronged with teachers from far and near who come to attend the annual meeting of the Northern Illinois Teachers' association. Arriving trains during the morning brought scores of members and the indications at noon pointed to a record-breaking attendance.

The general sessions will commence this evening with a superintendents' round table conducted by Superintendent A. V. Greenman of Aurora. Two sectional meetings will be held tomorrow and in the evening there will be a big welcoming demonstration, the principal feature of which will be the annual address of the president of the association, H. H. Kingsley of Evans-ton.

Municipal Topics Discussed.

Detroit, April 23.—This was another interesting day for the delegates to the annual convention of the National Municipal League. During the forenoon the municipal situation in St. Louis, Minneapolis, Cleveland, Indianapolis, Chicago, Detroit, Milwaukee and San Francisco was discussed by the delegates from those cities. Especially interesting were the papers treating of the St. Louis disclosures and the recent experiences of Minneapolis.

The report of the committee on uniform municipal accounting came up for discussion this afternoon. Incidentally the keeping of municipal accounts under the new Ohio code and the system of vogue in Chicago were discussed. This evening will be occupied with the annual address of President James C. Carter which is looked forward to with great interest by the convention.

"Let the GOLD DUST twins do your work."

Clothes washed in hard water that has been softened by

GOLD DUST

are beautifully white and clean. This is because GOLD DUST is not only the best softener of hard water, but a wonderful cleanser that effectually removes dirt from everything without the slightest injury to anything. Better and more economical than soap.

AGAINST COMMISSIONERS.

(Concluded from page one.)

said offices; that said Gutierrez and Sanchez, as affiants are informed and believe, claim their right to said offices under and by virtue of an act of the legislative assembly of the territory of New Mexico, entitled "An act to amend section 3 of an act entitled an act to create the county of Sandoval," which was approved March 12, 1903, which act purported to appoint the said T. C. Gutierrez and Severo Sanchez county commissioners for the county of Bernalillo as the same is constituted after the creation of Sandoval county, but affiants are advised that said act is invalid, void and unconstitutional, and that if any vacancies then existed in the board of county commissioners of the county of Bernalillo, as to which affiants are not fully advised, the legislative assembly of New Mexico was without power and authority to fill such vacancies in the manner attempted by the act aforesaid, and that, if any such vacancies existed or now exist, the only lawful way in which they can be filled is through appointments to be made by the governor of New Mexico.

The Information.

Territory of New Mexico, County of Bernalillo.

Be it remembered, That Edward L. Bartlett, solicitor general for the territory of New Mexico, who, for the said territory, prosecutes in this behalf, comes here into the district court of the county of Bernalillo, in the territory aforesaid, at the March term, A. D. 1903, thereof, sitting for the trial of causes arising under the laws of the territory of New Mexico, and at the relation of Thomas J. Curran, F. G. Pratt, Daniel A. Macpherson, Henry Brockmeier, Otto Dieckmann and John Beaven, citizens and residents of the county and territory aforesaid, according to the form of the statute in such case made and provided, gives the court here to understand and be informed that Tomas C. Gutierrez and Severo Sanchez, late of the county aforesaid, on the 13th day of March, A. D. 1903, and thence continually to the time of exhibiting this information, at the county aforesaid, have used and exercised, and still do use and exercise, without any legal warrant, appointment, election or right whatever, the offices of members of the board of county commissioners of the county aforesaid, and for and during all of said time have claimed and still do claim, without any legal warrant, appointment, election or right whatsoever, to be members of said board of county commissioners of said county, and to have, use and enjoy all the liberties, privileges, powers and emoluments to the offices of members of the said board of county commissioners of said county belonging and appertaining, which said offices they, the said Tomas C. Gutierrez and Severo Sanchez for and during all of the time aforesaid upon the said territory of New Mexico, have usurped, and still do usurp, without any legal warrant, appointment, election or right whatsoever, at the county aforesaid, in contempt of the said territory of New Mexico.

THIN PEOPLE

want to get fat and fat people want to get thin—human nature. If you are fat don't take Scott's Emulsion. It will make you gain flesh. If you are thin Scott's Emulsion is just what you need.

It is one of the greatest flesh producers known. Not temporary gains but healthy, solid flesh that will fill out the body where it is needed.

There's nothing better than Scott's Emulsion for weakness and wasting.

We'll send you a sample free upon request.

The best of barley, hops and yeast, selected by one of our partners.

Pure water, from six wells driven down to rock.

Pure air, which has first passed through an air filter.

Every drop of Schlitz Beer filtered by machinery through masses of white wood pulp. Every bottle sterilized, so that it contains no germs.

Thus we double the necessary cost of our brewing to make purity certain—to make Schlitz Beer healthful.

Will you drink common beer, and pay just as much for it, when Schlitz Beer can be had for the asking.

Ask for the Brewery Bottling.

Mellini & Eakin, 111 South First St.,
Automatic Phone No. 119, Albuquerque.

Mexico and against the peace and dignity thereof; wherefore the said solicitor general of the territory of New Mexico prays the consideration of the court in the premises and that due process of law may be awarded against the said Tomas C. Gutierrez and Severo Sanchez in this behalf to make them answer to the said territory of New Mexico and show by what warrant and authority they claim to have, use and enjoy the offices, liberties, privileges, powers and emoluments aforesaid.

EDWARD L. BARTLETT,
Solicitor General.

The right to file the information, submitted by Solicitor General Bartlett to District Attorney Clancy, was granted by Judge Baker, and warrants were issued for the two commissioners, Messrs. Gutierrez and Sanchez. They are given until Wednesday, April 29, to answer.

Races at Nashville.

Nashville, Tenn., April 23.—The annual spring race meeting began today at Cumberland Park with an outlook never brighter in the history of the Tennessee breeders' association. Since last year the course has been vastly improved and new stables erected. The latter are filled with fast horses from nearly all of the well known stables in the country. The Cumberland Derby, as usual, is the event of the opening day.

The meeting continues until May 2. Five stakes, including the derby with \$3,000 added, and the Citizens' Handicap, \$1,500 added are offered. The purse races are from \$500 to \$600.

Building a New Campanile.

Venice, April 23.—Great ceremony marked today the laying of the cornerstone of the new campanile which is to replace the historic edifice that collapsed sometime more than a year ago. The ceremonies were held in the court yard of the Doges' palace and included addresses by representatives of historical societies, art leagues and other organizations throughout Italy. The new tower will cost in the neighborhood of a half million dollars.

Caution!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. J. H. O'Reilly & Co.

"Be sure you're right, then go ahead." is a line that will recall to every old theater goer. Frank Mayo's "Davy Crockett," the idol of the back woods. The Redmond company, which will present a grand scenic revival of this popular old play at the opera house Wednesday, April 29, is said to be one of the strongest ever appearing

in the piece, carrying scenery for a metropolitan production, and also a den of live wolves, showing in a most realistic manner the picturesque log cabin scene; wolves at the door, the snow storm, etc. Mr. E. S. Redmond, the sterling young actor who plays the star role, is the only actor that has ever rivaled Mayo in the part, and is conceded his rightful and natural successor in this most difficult role. He plays in a style characteristically his own, and, as he is a typical "Davy Crockett" in real life, his interpretation is a most natural and interesting one.

The Ladies' Aid Society of the Presbyterian church will give a tea at the residence of Mrs. J. A. Summers, 601 Roma avenue, Thursday afternoon, from 3 to 6.

BODY IS FOUND.

Remains of a Man Nearly Destroyed
Discovered Near El Paso.

DIED ON THE DESERT.

El Paso News.

The fate of a smuggler, depicted
in colors of the darkest hue, was ac-
cidentally discovered a few days ago by
J. W. Walbridge, a cow puncher who
was gathering up cattle on the ranch of
Carpenter Brothers & Sharp on the
mesa about eighteen miles from the
town of Clint, N. M., east of El Paso.

The body of a man, evidently a Mex-
ican or a dark skinned American, was
found near a pile of sage brush. It
had been eaten by coyotes with the ex-
ception of a heavily bearded face, from
the neck to the ankles. The man had
been dead but a few days when found.

A more horrible fate could not have
been imagined than that which befell
the law breaker. He had, it appears
from his tracks, been fleeing from a
river guard and had made straight for
the mountains as a place of safety.
On his back was found a gunny sack
full of smuggled Mexican cigars. This
told the tale of his flight more plainly
than words.

Starved on the Desert.

The tracks of the dead man in the
sands also told a pitiful story. They
could be traced for more than half a
mile and showed how he had traced
and retraced his steps in a vain at-
tempt to regain his bearings, until
worn out with hunger, thirst and
fatigue he laid down to suffer the most
horrible of all deaths--starvation on
the desert.

The man must have been lost on the
mesa some time before death overtook
him. Of course, there could be no at-
tempt at murder in the case and if
there had been, no trace of it could
have been found when the body was
discovered, as the flesh was almost
entirely consumed by coyotes.

Eaten by Coyotes.

The scavengers of the desert had
torn off all his clothes in their eager-
ness to fill their hungry maws, and
even the well worn cotton socks which
the unfortunate wore, had been torn
down as far as the animals could
reach, in order to get all that was pos-
sible. The man's shoes remained on
the body, the coyotes having been un-
able to remove them.

The man's face was fairly well pre-

served. It was covered by a heavy
growth of black beard. The body was
so much discolored that it was impos-
sible to tell whether the man was
Mexican or American. The body was
that of a man of more than average
height, and well proportioned. The
man was probably 40 years old or
thereabouts, and evidently unused to
hardship.

Some papers were found near the
remains of the clothes, but these had
been so torn by the coyotes that they
were illegible. The corner and jus-
tice of the peace of Socorro was not-
ified and took charge of the remains.
He gathered them up in a sack and
carried them on horseback to Socorro,
where they were buried.

No one has been able to discover any
trace as to the identity of the remains.
They were mutilated beyond recogni-
tion, and the stench was such that
scarcely any one could bear to look at
them long enough to tell what they
were.

The remains of the clothing, the
cigars and the papers were taken in
charge by the justice of the peace at
Socorro, who still has them.

Other Bodies Found.

The scene of the gruesome discov-
ery was a barren sandy desert, which
is part of the 200 sections of land
which comprises the ranch owned by
S. S. Carpenter and Brother and Mr.
Sharp. The place is remote from civil-
ization and the easiest place in the
world to lose one's way.

The ranchmen say that within the
past year they have found bodies of
four men, some of whom had been
dead for weeks, and were shriveled be-
yond recognition. Only one of these
could be accounted for. That was sup-
posed to be the body of a half witted
horse ranger who disappeared from
the place in a huff one day. His body
was found almost a year afterwards in
a canyon.

The remainder of the bodies are
thought to have been those of pros-
pectors or tramps.

Eagles, Attention.

All Eagles are earnestly requested
to meet at the undertaking parlors of
O. W. Strong & Sons at 6 p. m. for the
purpose of escorting the remains of
our late brother, M. J. German, to the
depot. By order of the worthy presi-
dent.

BACK TO CHICAGO.

After a Stay of a Month at Faywood,
Dr. Connor En Route Home.

Dr. R. F. Connor, a prominent osteo-
path of Chicago, after a month's so-
journ at Faywood hot springs in
Grant county, came in from the south
this morning and between trains was
a pleasant caller at The Citizen office.
The doctor goes home thoroughly re-
juvenated in health and ready to en-
counter again his big practice. He in-
formed The Citizen that Manager Mc-
Dermott intends to beautify the hotel
plaza by the planting of trees, shrub-
bery and the sowing of grass, and will
also erect a telephone line to connect
the resort with a nearby station on the
Santa Fe railway.

"Another move in contemplation by
Manager McDermott," said the doctor,
"is that guests stopping at the hotel
can, in a very short time, purchase
railroad tickets at the hotel and have
their baggage checked there to all
points, thus saving guests the annoy-
ance of rechecking and securing tick-
ets at regular railway stations." Dr.
Connor says that J. H. Tracy, who was
at Faywood for rheumatism and an
disordered liver, has returned to his
home at Deming practically a well
man. Faywood had quite a nice list of
guests during the past month.

Wanted.

We would like to ask, through the
columns of your paper, if there is any
person who has used Green's August
Flower for the cure of indigestion,
dyspepsia, and liver troubles that has
not been cured--and we also mean
their results, such as sour stomach,
fermentation of food, habitual cos-
tiveness, nervous dyspepsia, head-
aches, despondent feelings, sleepless-
ness--in fact, any trouble connected
with the stomach or liver? This medi-
cine has been sold for many years in
all civilized countries, and we wish to
correspond with you and send you one
of our books free of cost. If you never
tried August Flower, try a 25-cent bot-
tle first. We have never known of its
failing. If so, something more serious
is the matter with you. The 25-cent
size has just been introduced this year.
Regular size, 75 cents. At all druggists,
G. G. Green, Woodbury, N. J. J. H.
O'Reilly & Co.

Passing of Famous Playhouse.
London, April 23.--By a strange
coincidence the day honored as the
birthday of William Shakespeare sees
the last of that great London home
of the immortal dramatist's plays--the
Lyceum Theatre. The famous play-
house, which for over a quarter of a
century has done more honor to
Shakespeare than any other in Great

PERSONAL PROPERTY LOANS.

MONEY TO LOAN

Wagons and other Chattels, also on
Salaries. FROM \$10 UPWARDS. One
to twelve months time is given.
Without delay and strictly private.
Goods remain in your possession. GET
OUR RATES before borrowing.
PRIVATE OFFICES,
OPEN EVENINGS.
THE HOUSEHOLD LOAN CO.,
Rooms 3 and 4 Grant Building,
305 West Railroad Avenue.

Britain, was put up for sale at public
auction today. The reason for the sale,
which will involve the destruction of
the historic theatre, is that the Ly-
ceum Theatre company cannot see
their way clear to carry out the struc-
tural alterations required by the Lon-
don county council if the building is
to remain a theatre.

POLICE COURT.

In Judge Crawford's court this morn-
ing the case against William E. Baird,
who, it is alleged, deserted his wife
and child on December 1, 1901, was
called. Attorney Medler asked that the
case be continued until Monday at 2
p. m. on account of United States
Attorney Childers, who is Baird's law-
yer, being out of town. The case was
postponed and an additional bond filed
for Baird's appearance.

Nat Logston got full of fire water
yesterday and pleaded guilty this morn-
ing. Five days for reflection and
labor.

Col. A. W. Harris, the Kingston
miner, who was here yesterday, left
last night for Denver, and from there
he will go to St. Louis, taking in the
world's fair dedicatory exercises on
Thursday, April 30.

Frank Cline returned last night from
Santa Fe, where he was called on ac-
count of the illness of his wife. Mrs.
Cline is improving and will come to
this city as soon as she is able to
travel.

The Daily Citizen, 15 cents per week.

CLASSIFIED ADS.

Note--All classified advertisements
or rather "liners," one cent a word for
each insertion. Minimum charge for
any classified advertisements, 15 cents.
In order to insure proper classification
all "liners" should be left at this of-
fice not later than 3 o'clock p. m.

WANTED.

WANTED--To rent, a small cash reg-
ister in good working order. In-
quire at Graham Bros. restaurant.

WANTED--Good cook. Apply to Euro-
pean hotel, Galup, N. M.

WANTED--To sell handsome folding
bed, almost new, very cheap. 208
South Broadway.

HINTS FOR MAY

COMFORT

FIRST--On rising, don a suit of my medium-
weight wool or habriggan underwear; 50c to \$3.00
per garment for our reliable kinds.

SECOND--Take a negligee shirt, with delicate
figures or stripes, or plain white with small pleats;
50c to \$3.50.

THIRD--Add socks, cuffs, collars, neckwear,
handkerchiefs, etc., from my attractive stock.

FOURTH--Get into a spring-weight sack suit of
blue or black serge, chevrot or homespun fabric;
striped outing effect or quiet overplaid; such as cost
here from \$10 to \$12, with satisfaction guaranteed.

FIFTH--You must have a spring overcoat, even
if you wear it on your arm at times; here they are at
from \$8 to \$18; short, medium or long styles.

SIXTH--Put on one of our swell derby or soft
hats; \$2.50, \$3 or \$5.

Now you're fixed and ought to feel good all this
season. Agent for Sweet-Orr overalls and pants, and
Nelson's \$3.50 Shoes.

M. MANDELL

The Leading Clothier in Albuquerque

CROP BULLETIN

United States Department of Agriculture, Climate and Crop Bulletin of the Weather Bureau, New Mexico Section.

Santa Fe, N. M., April 21.—The past week has been cold and windy, with very little precipitation. The high winds have dried out the ground rapidly, but not sufficient to interfere with the rapid progress of spring work. Owing to the cold nights vegetation is coming forward slowly. Peaches, pears, plums and cherries are in full bloom in the southern counties, but in the north, excepting in the warmer valleys, the buds are not yet bursting. A killing frost on the morning of the 13th injured much of the earlier fruit of the central highlands, but further north vegetation was not sufficiently advanced to be damaged. Corn planting is progressing rapidly in central and southern sections; wheat and oats are about all sown in the northern section. A warm rain is badly needed both for planted grains and for range grass. At present stock is thin on some of the northeastern ranges, but a few warm days will bring forth the grass. Present prospects for the approaching lambing season are very encouraging. The Rio Grande is high, and about at a standstill. In general streams carry an abundance of water. The following remarks are extracted from the reports of crop correspondents:

Albert—H. M. Hanson—Ground dried out considerably during the last two weeks. Grass is well started, but grows slowly for want of rain. Stock is thin but there is little loss in this vicinity; more feeding being done than usual, however. A good season for planting is quite generally expected, and considerable cane, etc., will be planted. Very little plowing as yet but will soon begin in earnest. A good rain is badly needed. Highest temperature, 79; lowest, 26; no rain.

El Rito—P. Lopez—Windy week. All crops are planted; alfalfa is coming up nicely, and a good season is expected. Twice as much acreage planted this year than formerly. Stock doing well. Espanola—P. H. Leese—In general a favorable week; grass is beginning to start on the ranges; fruits budding out and plum trees in bloom. The Rio Grande is slightly higher than last week and holding its own.

Folsom—Jackson Tabor—A week of high winds. On the 12th a drifting snow storm accompanied by thunder. Frost on the 14th killed fruit that was in full bloom, but where the blossoms were not out there seems to be no injury. Grass is coming on slowly; alfalfa is looking well. Think all danger of loss of stock is past. Highest temperature, 68; lowest, 17; rain, 0.30.

Gallinas Springs—Jas. E. Whitmore—Cold and backward week. Planting of corn and some garden truck begun. All fruits are backward. Highest temperature, 70; lowest, 28; no rain.

Glencoe (Lincoln County)—W. F. Coe—Fine weather. Wheat sown, planting corn and sowing oats progressing. Range stock is a little thin. Plenty of irrigation water.

Golden—R. M. Carley—Frost on the morning of the 13th killed all fruit in this section. High winds have prevailed. Grass growing slowly on account of the cold weather.

Laguna—Gus Weiss—No rain as yet but the ground is moist. Wheat is all sown and fruit trees in full bloom.

Los Alamos—Wm. Frank—Unfavorable conditions; high winds are drying out the ground, and the river is low since last week. Farmers are putting in oats and alfalfa.

Lyons Ranch (Grant County)—Chas. H. Lyons—Late spring apples only in bloom. Cool nights and frequent frosts, but a promise of a fine fruit crop. Range in better condition than usual at this time of the year; cattle doing fairly well; plenty of water in the river (Gila).

Mesilla Park—R. H. Hart—Soil is still moist and crops growing nicely. In some gardens peas are in bloom. Young peaches are forming from the blossoms. Plenty of irrigation water. Highest temperature, 79; lowest, 34; no rain.

Miera—F. Miera—Green grass about an inch high. Losses on sheep have ceased. Calves are seen on the range.

WHAT A BLESSING!

Many People in Albuquerque Are Learning to Appreciate.

What a blessing it is. Sought after by thousands. Albuquerque is finding it out. Many a miserable man is happy now. Nights of unrest, days of trouble. Any itching skin disease means this. Itching piles mean it. Eczema just as bad and just as bad to cure.

But Doan's Ointment relieves at once and cures all itchiness of the skin. A blessing to a suffering public.

Here's Albuquerque proof to back our statement:

John Tortina, capitalist, of 820 South Third street, says: "I know of a case where Doan's Ointment was successfully used for hemorrhoids, commonly called piles. If I did not know that the remedy acted exactly as represented and that the results obtained by others in Albuquerque are as positive as in the particular case referred to above I would be the last resident of this city to advise my friends and acquaintances to go to Alvarado Pharmacy for the preparation if they require it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

.....NEW CURE FOR.....
CONSUMPTION

Over Eighty Per Cent in the First Stage and Seventy Per Cent in the Second Stage of This Disease are Cured by the

NEW OZONOFORM TREATMENT

As to a cure for consumption, there has been endless theorizing and numberless "cures" have been advocated, practiced and abandoned. Those proposed have generally been based on the alleged discovery of some mysterious compound having the effect of arresting the disease. There are of course very pertinent reasons why these "discoveries" should withhold from the public information as to the nature of their remedies, but if this is necessary, it is hardly likely to beget widespread confidence.

THE OZONOFORM TREATMENT.

The new Ozonoform Treatment for Consumption which has been introduced by Dr. Frederick J. Fielding and is now being tried with the above satisfactory results at the Fielding Institute in the Hicks Building, San Antonio, is sharply differentiated from the other (so-called) cures—first is the fact that its nature is openly proclaimed by its originator, Dr. Kretschmer of Berlin, and second, that it is founded, not on some sudden and accidental discovery of a curative substance, but on the results of years of study and experimentation along the lines which modern scientific thought has indicated as the most likely to bring about satisfactory results.

GET DR. FIELDING'S BOOK.

A full description of the new Ozonoform Treatment, together with much information of value to consumptives is contained in a book which has recently been published by Dr. Fielding. It is a handsomely illustrated work, and everyone interested in the subject should write or Dr. Fielding at the Hicks Building, San Antonio, Texas, for a copy of it. It is sent free of charge.

and there are good prospects for lambing. Total loss in sheep for the season not over five per cent; none on cattle. Ojo Caliente—A. Joseph—Alfalfa already six inches high and looks well. Wheat coming up nicely and bids fair to be a good crop. Grass on the ranges growing rapidly. No grasshoppers have appeared in this immediate vicinity.

Santa Fe—U. S. Weather Bureau—High winds and cold nights; the soil has dried out rapidly but is still in fair condition, and irrigation water is plentiful. Trees have started but little; alfalfa looks well started but there has been little spring planting done. The killing frost of the 13th did little or no damage as fruit trees were not sufficiently advanced. Highest temperature, 60; lowest, 31; rain, 0.04.

Teel—Hugh A. Teel—Warm days but nights cool. Peaches, plums, pears, and cherries in full bloom. Gardens are planted; alfalfa is six inches high. Oak brush is budding; range grass starting; cattle in fair condition. Wagon Mound—J. R. Aguilar—High winds nearly every day have dried up the new grass. Sheep doing well but cattle are in poor condition. Alfalfa coming up nicely.

Watrous—M. C. Needham—Considerable planting has been done but owing to the high winds and cold nights vegetation is making little progress. April is giving stock a most severe trial, but the loss so far is less than last year. Highest temperature, 67; lowest, 18; no rain.

R. M. HARDINGE,
Section Director.

A Sweet Breath
is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick, of White Plains, Ky., writes: "I have been a dyspeptic for years—tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like. Kodol digests what you eat and makes the stomach sweet. B. H. Briggs & Co.; S. Vann & Son.

SILVER CITY.

From the Independent.
Miss Fannie Fleming is ill with an attack of la grippe.

Mrs. Jennie Brown, Miss Fe Waters, Mrs. L. B. Morrill and C. B. Morrill spent a day in the Burros, taking a short vacation.

An officers' infirmary will be the first building erected at Fort Bayard. This is to cost no less than \$50,000 and will be complete in every way.

Mrs. Harry Dillon, who has been in El Paso for several weeks for her health, has returned. Mrs. Dillon has now thoroughly recovered from her illness.

T. F. Farnsworth returned from Hot Springs, Ark., where he has been for some time past undergoing treatment for rheumatic troubles. He is much improved as a result of the trip.

The severe winds of the past few days have been causing a good deal of damage. Telegraph wires have been down two or three days in succession, and trains have been delayed in consequence.

The Silver City base ball team expects soon to be thoroughly fitted out with new suits, bats and balls. The boys have begun to take an interest now and are showing themselves thoroughly in earnest.

A. W. Pollard, who made such a splendid legislative reputation and did

so much good work for Luna county, was in the city Friday. Mr. Pollard was one of the most conservative legislators, and nothing but praise is heard in regard to his work last session.

A choir has been organized at the Asbury Methodist church. A new soprano has been secured in Mrs. Grimes of Flint, Mich. The choir has always boasted of an excellent contralto in Mrs. M. W. Porterfield, who has consented to keep her position. Good music can be expected at this church from now on.

Foley's Honey and Tar contains no opiates, and will not constipate like nearly all other cough medicines. Refuse substitutes. Alvarado Pharmacy. HACHITA.

From the Silver City Independent.
Mr. Mallins of Silver City is here looking over "Copper Dick" and other mining properties.

A large brick engine room and pump house is under way and will be finished about the 25th inst.

Will Foster, Luna county's latest sheriff, was shaking hands with his friends, both old and new.

J. C. Maher, El Paso & Southwestern yardmaster at Deming, came in and will spend a week at the Daisy mine.

W. M. Hays, of restaurant fame, left for Silver City. A circular has been sent ahead—a word to the wise, etc.

Bayless Baker of Black Mountain drove in to see the sights Thursday. Mr. Baker says the outlook for grass on this range was never better.

Anderson and Weems still continue to ship ore at the rate of twenty-two cars per week. Teamsters say that the supply seems to be inexhaustible.

Cattle shipping has commenced with a rush. The Alamo Hueco outfit came in with a trainload of cattle, and the Hachets are expected the latter part of next week.

J. B. Taylor and family left for his home in Cincinnati, O. Development work on his property will be continued this summer under the supervision of Harry Armstrong.

Makes a Clean Sweep.
There's nothing like doing a thing thoroughly. Of all the salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures burns, sores, bruises, cuts, boils, ulcers, skin eruptions and piles. It's only 25c, and guaranteed to give satisfaction by all druggists.

SANTA FE.

From the New Mexican.
County School Superintendent J. V. Corway announces that the public school at Golden will close for the term the latter part of this week. Miss Elizabeth Cross taught the term and has proved very popular.

N. Salmon has sent for his Arabian horse which is in the Pecos valley for the winter, and it will be brought here for use in the parade and escort of President Roosevelt. The horse is a magnificent animal and it has been suggested it be tendered to the president to ride.

Maximo Martinez, who was convicted at the March term of the United States district court in this city of adultery and given a jail sentence, appeared before United States Commissioner J. P. Victory and asked to be relieved of the obligations of paying the costs on the ground of poverty. He swore that he had no property and had served thirty days over his time in jail and was excused from paying the costs.

Rev. Father Martin O'Donoghue and brother, John, of Washington, D. C., are expected in this city this evening.

406 Railroad Avenue Albuquerque

called by the serious illness of their sister, Miss Margaret Mary O'Donoghue, who is at the home of Judge A. L. Morrison, having come here for a visit with his daughter, Miss Mary A. Morrison. Father O'Donoghue and Rev. Father Rabeyrolle, priest of the Guadalupe church in this city, were classmates at college.

J. S. Candelario secured \$200 in old coins which he has added to his large collection. He believes he now has the largest collection of any one in the territory. Some of these are many centuries old. One of them is oblong in shape, being an inch long and half that wide. He does not know what country issued this one, but judging from the lettering, it is a Chinese coin. The collection amounts to about \$1,000 in denomination, but many of the coins are no longer in use.

A Thoughtful Man.
M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at all druggists.

Strong Nerves
are the true source of good, healthy appearance. Persons with half-starved nerves always look worried and "ragged-out." You cannot be happy without nerve vigor; you cannot be natural without all the powers which nature meant you to have.

Sexine Pills
produce a healthful glow which art cannot imitate. They invigorate every organ, put new force to the nerves, elasticity to the step and round out the face and form to lines of health and beauty.

\$1.00 per box; 6 boxes (with written guarantee), \$5.00. Book free. PAUL MEXICO CO., Cleveland, Ohio. For sale by B. H. I. & Co.

Every Woman
is interested and should know about the wonderful MARVEL Whirling Spray. The new Vaginal Sprayer, for use in the bath, is a most valuable and effective remedy for all women's ailments. It cleanses, soothes, and restores the natural health of the female system. For full particulars and directions, write to MARVEL CO., New York City.

The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

The Mexican Central

is prepared to furnish you with the best of accommodations to all points in Mexico. Call on or address,

W. D. MURDOCK, W. C. MEAD, C. R. HUDSON,
A. G. & P. A., Mexico C. A., El Paso. G. F. & P. A., Mexico.

Book Binding

Books, magazines, pamphlets, catalogues, etc., bound in any style lowest rates. Satisfaction guaranteed.

We Never Disappoint

Jim Dumps with gloom was overcast
Because his children grew so fast.
The more he fed them broths and stews
The more they looked like X-ray views.
But now they're spry and strong
of limb—
"Give thanks to 'Force,'" says
"Sunny Jim."

"Force"
The Ready-to-Serve Cereal

makes growing children sturdy.
Sweet, crisp flakes of wheat and malt.

Suits Them Every Meal.
"My grandchildren like 'Force' and take it with their meals two or three times a day. They want it at each meal."
"HENRY W. HUBBARD"

MONUMENTS.

All kinds of stone and marble work. Prices moderate. Shop and yard corner Fifth street and Railroad avenue. H. Q. MAURINO & CO.

STORK TIME

to most women is a term of anxiety, serious thought and sweet anticipation. With the cessation of pain necessary to childbirth, there comes calm nerves, sleep and recuperation.

MOTHER'S FRIEND

does diminish the pain accompanying maternity. With its aid mothers can and do bring healthy, sweet dispositioned and ideal babies into the world. Morning sickness, sore breasts and excruciating pains caused by the gradually expanding organs, are relieved by this penetrating and relaxing liniment. Among the manifold aids to childbirth Mother's Friend has grown in popularity and gained a prestige among rich women as well as poor; it is found and welcomed in the mansion as well as in the cabin. By lessening the mother's agony of mind and diminishing pain a beautiful influence is wrought upon the child, and instead of peevish, ill-tempered and sickly forms you have healthy, laughing humanity, remaining a blessing ever to you and its country. All Druggists sell Mother's Friend at 15c. Write for our free Book "Motherhood" THE BRADFIELD REGULATOR CO., Atlanta, Ga.

Albuquerque and El Paso last fall. This is his first year in the big league. Manager Selee has an eye on Patterson, of the Omaha team, as a candidate for a place on his team. He may exchange one of his pitchers for the Omaha man.

"George Brown will be the star fielder of the year." So said a fan at the Polo grounds the other day. The way George is working would make anyone believe that.

J. Emmet Heidrick, the Browns' center fielder, is not playing up to his former good form. Heidrick is rather delicate, and needs careful nursing during the spring season. The Cardinals have in Weaver and Hackett, perhaps, the tallest battery in the game. Weaver, the catcher, is six feet and a half inches, while Hackett goes him just one inch better.

The National league's new umpire, Moran, has made a good record for himself in the Philadelphia-Athletic games. He allowed no kicking from the players and kept the games moving along.

Chronic Bronchitis Cured.

"For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Joseph Coffman, of Montmorenci, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." Alvarado Pharmacy.

English Golf Contest.

London, April 23.—The result of the annual meeting between Oxford and Cambridge golfers, which is being contested today on the Sandwich links, is awaited with more than usual interest from the fact that the same players are to make a tour of the United States this summer. The two teams have been playing in excellent form and a highly interesting contest is promised.

SHORT STOPS.

The New Orleans club has a battery of brothers, the Brothers Barr. Former Umpire Tim Hurst is promoting an Irish fair at the Coliseum, at St. Louis.

It is said that Iron Man McGinnity is showing his old time form in the box for the Giants. He won his game yesterday against Brooklyn by a score of 7 to 2. Jimmy Casey is now in Baltimore taking the examination for his graduation as a dentist.

The name of the Pacific Northwest league has been changed to the Pacific National league.

Billy Lauder is playing better ball this year than ever before. That is some consolation to McGraw. Barry is showing so well in left field for the Phillies that he is the talk of the Philadelphia rooters.

Pitcher Chesbro ought to hold his job this summer. Last Thursday he struck out ten men in five innings. In yesterday's game against Washington he lost for New York. Bill Orth was the opposing pitcher.

Jimmy Burke finally changed his mind and joined the Cardinals. Another obstinate player takes a tumble. One of Thespian Billy Hallman's jokes: "I think I better be von got old haspens dan a gouple of never was'n'ts."

Jack O'Connor quite so good in the pitcher's box as he has been this spring.

Connie Mack says the Athletics will be all right when they throw out. What did they go to Florida for—to catch alligators?

The foul strike rule does not work well with big John Anderson. The Brown first baseman finds it a handicap to his hitting.

They are boosting young Lee Tannehill on Comiskey's team as a world-beater, but he won't last unless he hits, says Commy.

George Winter, the Boston American twirler, answers to the name of "Sassafras." Some players go so far as to call him "Sass."

Cy Young declares that Wright, of Cleveland, has more speed than any pitcher in the business. By the way, Cy has some himself.

Manager McGraw has dropped all his young pitchers, and Matthewson, McGinnity, Taylor, Cronin and Miller will constitute the regular corps.

Nick Glennon, a young pitcher whose home is in Nashville, showed nice form against Cleveland recently, striking out three men in four innings. Babb has never been classed as graceful. At short for the Giants he works awkwardly. Somehow, though, he gets the ball every time he goes after it.

Joe Kelley led the Cincinnati crowd while in the south with a batting average of .450, and yet Cy Seymour's picture was used daily in the Cincinnati papers.

It is said that Fred Clarke is the wealthiest ball player in the business. He salts his money as fast as he gets it, and is adding new pickle tubs all the time.

The Brooklyn club has a very valuable man in Catcher Hughie Ahearn. He not only works in his position well, but is a fine batter. His playing while in Washington was really noteworthy.

Harry Steinfelt, of the Reds, is creating a sensation in the throwing of the ball from third to first. He is greatly improved over his former years.

Flaherty, who pitched for the El Paso team in the last territorial fair tournament, won his first game for Chicago against St. Louis yesterday. He won all the games he pitched in

WORMS

"I write to let you know how I appreciate your Cascarets. I commenced taking them last November and took two ten cent boxes and passed a tape-worm 14 ft. long. Then I commenced taking them again and Wednesday, April 23, I passed another worm 2 ft. 8 in. long and over a thousand small worms. Previous to my taking Cascarets I didn't know I had a tape-worm. I always had a small appetite."

Wm. F. Brown, 124 Franklin St., Brooklyn, N. Y.

ANNUAL SALE, TEN MILLION BOXES

THE SUNFLOWER MINE.

The Manager Says Machinery Will Be Put In as Soon as Water is Reached.

David Sanders, secretary and general manager of the Sunflower Mining company at Estey City, N. M., was in El Paso on his way from his home in Kansas to the property. When seen by a Herald man Mr. Sanders said he was on his way to the property to contract for the assessment work.

Last year he says the company did quite a little work on the property in the hope that the leeching plant at Estey City would start up, but so far that plant has not started, and there is very little hopes of its starting up again soon.

"After we get the assessment work done on the property then we will take up the matter of a curing water," said he, "which is at the present time one of the greatest drawbacks of that camp. At present we have to haul water about five miles, and I figure that it costs us about two and a half dollars per day to get water for camp purposes. We will probably have to go six hundred feet to secure water, but indications are that we can secure a good supply of water at that depth."

"After we get the water supply then we will take up the proposition of putting up the proper kind of a plant to treat our ores."

"Our ores, which are copper, lie in a blanket formation, and we have gone in to a depth of about one hundred and ten feet on the formation where we have a vein thirty-five feet in thickness. As we get in on the property the ores get richer, and I think will average about 10 per cent copper."

DOCTORS ENDORSE HERPICIDE.

Because its Formula is Submitted to Them.

Alexander McMillan, M. D., a prominent physician of Lansing, Mich., writes: "On three cases I have tested Herpicide for dandruff and the result has been all that could be desired."

Herpicide is made upon an entirely new principle, that is, that dandruff and falling hair are caused from a microbe that infests the hair bulb, and, by destroying the microbe one's hair is bound to grow luxuriantly. Herpicide is the only hair remedy, that claims to, and really does destroy the dandruff germs.

"Sold by leading druggists. Send loc in stamps for sample to the Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents."

Back from Colorado.

Sister Nolasco, superior of St. Vincent's sanitarium and hospital in this city, returned last night from Colorado Springs, Colo., where she was present at the dedication of the new sanitarium there, built for the Sisters of Charity. The new building at the Springs was erected at a cost of \$25,000, and Sister Rose, the superior at that place, is entitled to much credit, for since going there twelve years ago she has paid a \$12,000 debt on the old building, besides raising enough money to be able to pay \$5,000 on the new building. The Sisters of Charity are going to build a new sanitarium here and that was one reason Sister Nolasco wanted to see the Colorado Springs sanitarium. The building there has thirty-three new rooms, the former building being still retained in use.—New Mexican.

Good for Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of cough, croup and lagrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. B. H. Briggs & Co.; S. Vann & Son.

Roosevelt Rate.

President Roosevelt will be in Santa Fe May 5 from 9 a. m. to 12 noon. For this occasion we will sell round trip tickets to Santa Fe on May 4 and 5, good to return May 6, for one fare at \$3.45. To bona fide members of the national guard in uniform we will make the low rate of \$1.75 for the round trip. F. L. Myers, agent.

Dedication Ceremonies, Louisiana Purchase Exposition, April 30 and May 2, 1903.—National and International Good Roads Convention, April 27, May 2, 1903.—St. Louis.

One fare plus \$2 for round trip; dates of sale, April 28 and 29, good to leave St. Louis up to May 4. For further information call on ticket agent. F. L. Myers, agent.

"Grand Canyon Illuminated Mounts," "Lesser Platinum Prints" on sale at Santa Fe ticket office for 25 cents. Call and see samples. F. L. Myers, agent.

DEMING.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cattlemen all know this.

Deming, the coming city of New Mexico.

Deming has a magnificent school system.

Deming, the railroad center of New Mexico.

Deming, the gateway to the best part of Old Mexico.

Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest.

Deming! Don't overlook it if you are looking for a safe and paying investment.

Deming water is chemically pure—equal to Polan springs.

Deming has increased 50 per cent in population in four years.

Deming water and pure ozone make strong and healthy people.

Investments in Deming lots will double and treble in one year.

Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 30 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Buy at Headquarters.

Come to us for your spring suit. Big and best stock; lowest prices.

SIMON STERN,

The Railroad Avenue Clothier.

Notice of Forfeiture.

Territory of Arizona, County of Cochise, ss.

To M. J. Sherlock, his heirs and assigns:

You are hereby notified that I have expended one hundred dollars (\$100.00) in labor and improvements upon the "Aunt Betsy" Mining Claim, situate in Peralta Canon, Cochiti District, Bernalillo Co., New Mexico, as will appear by certificate filed February 8, 1896, in the office of the recorder of said County, in order to hold said premises under the provisions of section 2324 Revised Statutes of the United States, being the amount required to hold the same for the year ending December 31, 1902.

And if within ninety days from the serving of this notice, you fail or refuse to contribute your proportion of such expenditure, together with the cost of this publication, as a co-owner, your interest in the said claim will become the property of the subscriber under said section 2324.

Dated March 19th, 1903.

ALEX CONRAD,

Signature.

Legal Notice.

Last Will and Testament of Rafaelita Moya, Deceased.

To Sofia Garcia, executrix and legatee; Rosalia Garcia, Daniel Garcia, Ana Garcia, Rosana Garcia and Miguel Garcia, legatees, and to all whom it may concern.

You are hereby notified that the alleged last will and testament of Rafaelita Moya, late of the county of Bernalillo and territory of New Mexico, deceased, has been produced and read in the probate court of the county of Bernalillo, territory of New Mexico, at a regular term thereof, held on the seventh day of April, 1903, and the day of the proving of the said alleged last will and testament was by order of the judge thereupon fixed for Monday, the fourth day of May, A. D. 1903, term of said court, at 10 o'clock in the forenoon of said day.

Given under my hand and the seal of said court, this seventh day of April, A. D. 1903.

(Seal) JAMES A. SUMMERS,

Probate Court.

Assessor's Notice.

Notice is hereby given that the undersigned, assessor of Bernalillo county, has for the convenience of tax payers, opened an office at Room 11, Armijo Building, Third and Railroad avenue, over B. H. H. & Co., in the city of Albuquerque, where returns of tax payers will be received until further notice.

It is made the imperative duty of the assessor to assess a penalty against all tax payers who fail to return their property for taxation and this requirements of the Statute will be enforced against all persons who fail to make their returns to the undersigned within the period required by law.

The assessor or a deputy will be in constant attendance at the place designated above—from 8 o'clock a. m. until 6 o'clock p. m., each business day for the purpose of receiving returns.

J. M. SANDOVAL,

Assessor Bernalillo County.

U Can't Rip Boys' Shoes

The soles of these shoes are fastened to the uppers by a new, patented process. Steel wire instead of thread being used in the sewing and each stitch being clinched separately—the tearing loose of the soles is impossible—the Kangaroo Calf put into the uppers and oak tanned leather into the soles are first quality and will stand hardwear.

LOCAL PARAGRAPHS

The president will be here May 5.
Miss Virginia Perea of Santa Fe is here on a visit.

Al Murray, from Oklahoma, is looking over the city today.

Delegate B. S. Rodey is in the southern part of the territory on business.

Dr. and Mrs. Abrams, with Miss Rohlf, are in the city from San Francisco.

Keep things a moving in order that every arrangement may be completed for Teddy's reception.

J. F. Gilbert and wife of Dunkirk, N. Y., are here and are looking over the sights of the Duke City.

Manuel Baca of Pena Blanca is in the city. He is collector and treasurer of Sandoval county.

J. M. McLeish, who is well known throughout New Mexico and Arizona, is in the city from Chicago.

Mrs. G. H. Sels and son, residing at Fort Wingate, are in the city today visiting relatives and friends.

United States Attorney Childers went to Santa Fe yesterday, and today is in Las Vegas on official business.

The ladies of the Baptist church are at work this afternoon at the home of Mrs. C. O. Hopping at 700 South Arno street.

Mrs. G. E. Copeland and Miss Edith Nutter, of Victor, Colo., are spending a couple of days in the territorial metropolises.

Members of the C. C. and W. club will meet this evening at Dr. Mahaffey's office at 8 o'clock. Business is to be transacted.

J. P. Connelly has gone to Bisbee, Ariz., where he has accepted a position in the local bank. His many friends here will regret his departure.

Every citizen should decorate something so that Albuquerque will look like the colors of the rainbow when President Roosevelt arrives on May 5.

J. B. Hanway, the genial traveling representative of the Topeka State Journal who has been in this city on business, left on the morning train for Las Vegas.

Don't forget, in the distribution of your job work patronage, that The Citizen has in connection with its newspaper plant a complete job office. Leave your orders.

S. Casey, of the United States navy, with his wife and daughter, came in from the west last night, and will rest up for a day or two here. They register from Washington, D. C.

S. D. Lucas, private secretary to the Lantry Sons, railroad contractors and builders, is in the city, registering from Los Angeles. He has just returned after a trip over the Belen cut off.

Up in Santa Fe the reception committee is doing some tall hustling under the direction of District Clerk A. M. Berger for the president's reception. So is the Albuquerque reception committee and all the citizens' too.

The New Mexican says: Alejandro Sandoval, of Sandoval, an extensive sheep grower and also a member of the territorial board of equalization, arrived this noon from the south to see Governor Otero with whom he had some official business.

Hon. Carl A. Dalles, the hustling representative from Valencia county who has been in Santa Fe for several days attending to his duties as member of the territorial irrigation commission, was a passenger on the train last evening for his home in Belen.

Regular Sabbath services will be held at Temple Albert promptly at 7:45 p. m. Friday. Miss Braithwaite and Mrs. Israel conduct the choir. Genesis 41, verse 7, will be the text for Rabbi Jacob H. Kaplan's sermon entitled, "Dreams and Disillusions." Everybody is cordially welcome.

President Richardson, who has just been re-elected president of the territorial board of irrigation, was a passenger last night for his home in Roswell. He has been up to the Ancient for several days attending a meeting of the board. He says irrigation is doing wonders for his portion of the territory.

Hon. Frank W. Parker, associate justice of the territorial supreme court and the popular judge of the Third judicial district, who passed up the road the other day, attended the smoker given by Hon. W. S. Hopewell at Santa Fe Tuesday night. These gentlemen have been friends for the past twenty years.

Attorney George W. Knaebel, of Santa Fe, has been re-elected secretary of the territorial board of irrigation. No better selection could have been made. By the way, the colonel is to be marshal of the day when Teddy visits the Ancient, and the colonel can be counted upon to do the affair up in apple pie order.

Lee Dietrich, formerly superintendent of the Albuquerque Gas, Electric Light & Power company, was taken with a surprise on Wednesday when the employees of the above company presented him with a handsome gold watch and chain. The act shows the esteem in which Mr. Dietrich is held by his late comrades.

The body of Miss Jeannette Wheaton, who died yesterday afternoon of tuberculosis at her home on South Edith street, will be sent to her old home in Kalamazoo, Mich. Miss Wheaton came here some time ago for relief, but her case had progressed too far and her relief resulted in death. Her father and sister were with her in her dying hours. She was 20 years old and highly respected, and her many

"My Sons,"

said a great business man, "are my partners and they need all the strength and courage I can give them," and he forthwith paid for a \$1,000,000 policy in The Mutual Life Insurance Company of New York. Not without the most careful investigation, however, extending over six months. He was convinced by just such facts as led the President of a National Bank in New York to make the curious and shrewd provision in his will, which is contained in "A Banker's Will." Write for it and also for the account of the \$1,000,000 policy, "The Largest Annual Premiums."

THE MUTUAL LIFE INSURANCE COMPANY OF NEW YORK,
RICHARD A. MCCORDY, President.

DARBY A. DAY,
Manager for New Mexico,
Albuquerque, N. M.

friends in her old home will grieve at her early demise.

Al Murray, of Oklahoma City, Okla., is in the city, and may conclude to remain.

John S. Beaven, of the Clarkville coal yards, has left several match holders at this office.

Cortez Quickel, son of E. B. Quickel, has been appointed cadet at the Roswell Military Institute by Governor Otero.

Hall & Larnard have engaged Mrs. Berry and Devine, who will render the music for the dance at the bazaar this evening. Dancing commences at 9 o'clock.

H. D. Bailey, who is interested in the Navajo Mining & Milling company of the Cochiti district, and who was in this city on business, has left for El Paso.

Albuquerque Aerie, No. 165, F. O. E., will meet tonight at Knights of Pythias hall. All members requested to be present. Initiation, Visiting brothers invited.

In anticipation of the visit of President Roosevelt to Albuquerque next month, Graham Bros. are having their Railroad avenue saloon beautifully decorated in the national colors.

This morning Herman Blueher, the Old Town gardener, received the invoice of elm trees from the east, and this afternoon he is personally superintending the planting of same around the pretty grassy lawns at the Alvarado.

Mary Gladys, infant daughter of Mr. and Mrs. S. S. Sparks, died this morning at their residence, 115 Huning Avenue. The funeral will take place from J. W. Edwards' parlors tomorrow morning at 10 o'clock. Interment at Fairview.

Miss Annie Austin of Chicago is in the city, the guest of Mrs. C. A. Hudson. The lady has been out in southern California and has stopped over for a few days en route home. Miss Austin spent a winter in Albuquerque four or five years ago.

George K. Neher and Robert Appleton, two of the mighty hunters of this city, left this afternoon on a duck hunt along the Rio Grande. Such weather as this when the wind is blowing the web-footed fowls cling close to the banks, but these two hunters never shoot anything not on the move.

Louis Bayetto, an Italian coal miner at Gallup, was brought in this morning on passenger train No. 2 and taken to St. Joseph hospital. Yesterday, while at work in the mine a large amount of coal fell on him and broke his right leg below the knee. He has a wife and three children.

Serapio Romero is still in the city. He, with his uncle, Eugenio Romero, has the contract to furnish the ties for the Santa Fe Central and the Albuquerque Eastern railways, and has a big force at work getting timber out of the Manzano mountains. Mr. Romero expects to leave for his camp near Moriarty tomorrow.

Mrs. Laura B. Ballenger, of Oraibi, Ariz., and Martha J. Carpenter, of Flagstaff, Ariz., are taking the civil service examination today in Knights of Pythias hall for matron in the Indian school service. This will close the civil service examination which has been conducted here for the past three days.

Arrangements are quietly going on for a beautiful entertainment to be given the last week in May. It will be a musical comedy by the leading local talent. The committee in charge are Mesdames W. B. Childers, Bernard S. Rodey and W. Y. Walton. A rare treat may be expected by the musical lovers of the city.

Fred B. McKeehan, formerly of the United States marshal's office here, recently promoted to the position of Chinese inspector at El Paso, left last night for the Pass City after spending yesterday in the city with old acquaintances. Mr. McKeehan had just returned from a sad trip to his home at Hillsboro, O., to attend the funeral of his father.

Charles Bonsall has returned to the city after doing some work on a few claims in the Hell Canyon district. He found no one out there at work except himself, and says very little attention is being paid to mining in that district. "In the Sandia mountain, near Tijeras, George Oxendine," says Mr. Bonsall, "is working on his mine, and has some very fine looking ore on the dump."

"THAT TIRED FEELING"

We have all read about and most every man has experienced—that weariness and disgust over frayed collars and fringed cuffs; over iron-rust shirts; over "too-much-blued" everything—is easily obviated by having one's clothes laundered here. We'll promise you this much: we will launder linen to your satisfaction.
