COMMISSIONS OF NOTARIES PUBLIC

They Hold Good Under State Government Until Their Expiration

SUPREME COURT IN SESSION

Members Ballot for Terms and Elect Hugh H. Williams Chairman.

Late this afternoon, Judge H. D. Terrell, filed a petition on behalf of O. L. Owen of Clovis, Democratic candidate for corporation commissioner asking for a writ of quo warranto to be issued on George H. Van Stone, Progressive Republican, who yesterday qualified as corporation commissioner. A petition of intervention on behalf of George W. Armijo, Republican candidate for corporation commissioner, will be filed. Van Stone will question the jurisdiction of the court. The facts in the case are well known, 1032 votes cast for Sol Owen not being counted for O. L. Owen, giving Van Stone a majority. Armijo claims fraud sufficient to have lost him the election.

Had Their Pictures Taken. Governor McDonald and the new state officers today had their photographs taken at the Capitol.

Took Oath Today. Colonel Venecio Jaramillo of El Rito qualified today as treasurer of Rio Arriba county before Judge John R. McFie.

Deputy State Treasurer. Frank Marron, nephew of the new state treasurer, has been appointed a deputy. The position was formerly held by Simon Nusbbaum.

Bond Approved. Judge John R. McFie today approved the bond of Miguel Gonzales, clerk of Rio Arriba county, who left for his home this forenoon.

District Attorney Qualifies. James R. Waddill, district attorney for the Sixth Judicial District, living at Deming, qualified this morning, filing his oath and bond with the Secretary of State.

Judge Qualifies. Colin Nabbett, elected judge of the Sixth Judicial District, living at Silver City, qualified this morning. His bond and oath were filed in the secretary of state's office.

Will Qualify February 1. District Judge E. C. Abbott expects to qualify for his judicial office on February 1. He left for Denver this afternoon to close up a number of private business affairs.

Arnot Resigns. George Arnot of Albuquerque, a member of the board of regents of the New Mexico College of Agriculture and Mechanic Arts, has tendered his resignation to Governor McDonald.

County Officers Qualify. Charles Closson, re-elected sheriff of Santa Fe county, qualified yesterday, filing bonds to the amount of \$12,600 with the clerk of the county, M. A. Ortiz. He appointed as his chief deputy Severino Baca.

Corporation Commission Clerks Qualify. George W. Armijo and Edwin F. Coard this morning qualified as clerk and assistant clerk respectively of the corporation commission before Secretary of State Antonio Lucero.

Irrigation Project. A hearing on the Costilla irrigation project, Taos county, is being heard before C. D. Miller, engineer of New Mexico, today in the offices of the engineer in the Capitol. The hearing is on the filing of the San Luis Power and Water Company for water for irrigation purposes.

Homestead Entries. The following land entries were recorded yesterday in the local land office: Glendene Marton, Santa Rosa; Maximiano Duran, Cuervo; Lawrence A. Christian, Venus; Luis Trujillo, Chamita; Esquilupa Archuleta, Coyote; R. Chavez, Antonio, Colo.; Emma McCannan, Hanley; Ciraco Herrera, Coyote; Roque Gallegos, Pecos; Manuel Valdez y Valdez, Canada de Ojito; Cora N. Lynn, Vaughn.

Republicans Will Intervene. The Executive Committee of the Republican State Central Committee, at its meeting yesterday decided to intervene in the contest to be brought by O. L. Owen against George H. Van Stone, for the place of corporation commissioner, setting up the claim that but for the frauds in Clayton and other precincts, neither Owen nor Van Stone would have received the greatest number of votes, but the Republican candidate, George W. Armijo.

Territorial Funds. The following sums of money were received in the office of the state treasurer, O. N. Marron yesterday: T. F. Clifton, deputy game warden, \$1.25; Nathan Jaffa, secretary of New Mexico, \$110; Raymond Romero, treasurer of Torrance county, \$211.49; Walter B. Wagner, treasurer of San Juan county, \$213.70; Charles P. Downs, clerk of the district court for the Sixth Judicial District, \$3.60; B. F. Buffman, deputy game warden.

WILSON ACCEPTS IROQUOIS CLUB LINCOLN DAY INVITE.

(By Special Leased Wire to New Mexican) Chicago, Ill., Jan. 17.—Governor Woodrow Wilson has accepted the invitation of the Iroquois Club to speak at a luncheon and reception at the club Lincoln's birthday on February 12, it was announced today.

WILLIAM C. McDONALD, By the Governor: ANTONIO LUCERO, Secretary of the State of New Mexico.

(By Special Leased Wire to New Mexican) Washington, D. C., Jan. 17.—There is an epidemic of field at the White House. The President was not entirely over his cold today, Secretary Hillis was confined to his home and bed, and Assistant Secretary Allen was suffering from the same complaint.

(Continued on Page Five.)

UNITED MINE WORKERS WILD

Government Ownership of All Industries Is Favored by Them

DOES THAT INCLUDE FARMING?

Socialists Capture the Most Radical Labor Union of the Country.

(By Special Leased Wire to New Mexican) Indianapolis, Ind., Jan. 17.—Government ownership of all industries was favored by the United Mine Workers of America, now in convention here, in a resolution adopted today. The resolution, which was presented by a Pennsylvania local union, follows: "Whereas, we consider it would be a benefit to the community at large, therefore, be it

"Resolved, that this convention go on record favoring government ownership of all industries."

The resolution was backed by the Socialists in the convention and found practically no opposition among the 1200 delegates. The result of the vote was greeted with cheers.

Western Federation. One great union of coal and metal miners in the United States and Canada must be formed if mine workers are successfully to combat the mine operators corporations, declared Edward Young of Great Falls, Mont., representing the Western Federation of Miners in an address today. He urged that the National Coal Miners' Organization absorb the metal miners' union and said he believed a merger plan now going forward would be successful within a few years.

Referendum Work. A referendum vote is to be taken among the metal miners of the Western Federation of Miners on the question of combination with the coal miners and J. A. McKinnon of Denver, Colo., reported to the convention that indications were the proposition would be approved by a large majority.

"After we have united on the industrial field, we will unite on the political field, and the men that daily risk their lives in mining coal and metals will get that which belongs to them," said Mr. McKinnon.

Heated Debate. Indianapolis, Ind., Jan. 17.—Heated debate followed the reading of a resolution providing for withdrawal of the Mine Workers from the American Federation of Labor and condemning the leadership of Samuel Compers and John Mitchell, former president of the Miners, as "allied with that sleep producing agency," the National Civic Federation.

It was not expected that a vote on the resolution would be reached until late today.

"The Federation of Labor," the resolution declared, "is in the grasp of Andrew Gary of the Steel Trust, and Judge Carnegie, of Homestead fame, and August Belmont, 'friend' of the Interurban Railway Workers of New York."

It advocated the calling of a great labor convention here on April 1, and the formation of a new national industrial organization "to emancipate wage workers from the yoke of industrial servitude."

George W. Lakey of Indiana, chairman of the resolutions committee, which non-concurred in the resolution urged that as the miners now face a possible strike to enforce wage demands, it would be impolitic to withdraw from the Federation. "Why not put the Federation right instead of quitting it?" he said.

SENATOR CUMMINS WILL ENTER PRESIDENTIAL RACE.

Iowa Friends Declare That Conditions at Present Are Auspicious for His Candidacy.

(By Special Leased Wire to New Mexican) Des Moines, Ia., Jan. 17.—Senator Albert B. Cummins will shortly announce himself as a candidate for the Republican presidential nomination, according to a report which was persistent among his friends here today. The Senator is in Washington. It was stated that Senator Cummins had definitely made up his mind to enter the Republican contest, after considering all phases of the situation. For several weeks, it is said, Iowa friends had urged the Senator to enter the race. No one could be found here today, who could verify the report that the Senator would be a candidate. Like Roosevelt, Has Nothing to Say. Washington, D. C., Jan. 17.—Senator Cummins today absolutely declined to discuss reports that he was about to announce himself as a candidate for the Republican nomination for President.

"I have nothing to do with these reports," he said, "I have nothing to say in connection with them."

It is generally expected, however, among Mr. Cummins' friends in Washington that an announcement of his candidacy will be made very soon.

SEVENTY STICKS OF DYNAMITE

Found Under Southern Pacific Railway Bridge at Eaton, California

PAID DYNAMITER EMPLOYED

Infamous Plot Against the Open Shops Is Laid Bare at Indianapolis.

(By Special Leased Wire to New Mexican) San Francisco, Calif., Jan. 17.—The discovery of seventy sticks of dynamite under the railway bridge at Eaton, a San Mateo county suburb, is being thoroughly investigated by Southern Pacific detectives, assisted by the police. Jeremiah Mullen, a track foreman, was approached last Monday night and handed over the explosive with a story of finding it under the bridge. The detectives have found nothing to indicate how the explosive got there.

Hired Professional Dynamiter. Indianapolis, Ind., Jan. 17.—Information concerning conditions at Detroit at the time the McNamara first employed a regularly paid dynamiter to blow up "open shop" work was sought by the federal grand jury in its investigation on the dynamite conspiracy today.

Mrs. W. H. Haskin of Detroit, said to have rented a room to Orville McManigal and James B. McNamara, was questioned about the movements of the men. Just before Mrs. Haskin was examined, McManigal had told of his being approached in Detroit in June, 1909, by a man who afterwards signed "Ping" to telegrams and who arranged for his being paid to dynamite for J. J. McNamara.

Saloonkeeper Summoned. Indianapolis, Ind., Jan. 17.—The first indication that the government intended to extend the scope of the dynamite investigation was shown this afternoon when a subpoena was issued for S. P. Meadows, business agent of the District Council of the National Brotherhood of Carpenters and Joiners Union. John Halfman, a saloonkeeper, at whose place it is said meetings were held at which certain "jobs" in Indianapolis were discussed, also was summoned.

GRANT IS NOW AGAINST CANTEEN

Declares That Soldiers Have Adjusted Themselves to the Change

WRITES LETTER TO NEWSPAPER

Personnel of the Army Has Much Improved During Past Ten Years.

(By Special Leased Wire to New Mexican) Chicago, Ill., Jan. 17.—General Frederick Dent Grant, who many times in official reports has recommended the restoration of the army canteen now is opposed to it. This information came today in a letter he wrote to a temperance paper of Evansville, Ind. General Grant says the personnel of the army has changed greatly for the better in the last ten years and soldiers have adjusted themselves to the new conditions.

CALL FOR FIRST STATE LEGISLATURE

Whereas, by Section 20 of Article XXII of the Constitution of the State of New Mexico, it is required that the Governor of the State of New Mexico, immediately upon his qualifying and entering upon the duties of his office, shall issue his proclamation convening the legislature at the seat of government on a day to be specified therein, not less than thirty nor more than sixty days after the date of said proclamation:

Now, therefore, I, William C. McDonald, Governor of the State of New Mexico, having qualified and entered upon the duties of my office, do hereby convene the legislature of the State of New Mexico in the Capitol building at the city of Santa Fe, the seat of government, on the eleventh day of March, A. D., 1912, at twelve o'clock noon.

In testimony whereof I have hereunto set my hand and caused the seal of the State of New Mexico to be affixed, at the city of Santa Fe, in the State of New Mexico, on this 17th day of January, A. D., 1912.

WILLIAM C. McDONALD, By the Governor: ANTONIO LUCERO, Secretary of the State of New Mexico.

DEMOCRATIC GAME IS FOR DELAY

Congress Will Be in Session During the National Conventions

SUPPLY VESSELS FOR PANAMA

President Taft Sends Message on Government Economy and Efficiency.

(By Special Leased Wire to New Mexican) Senate. In session at 2 p. m. Lorimer inquiry adjourned until tomorrow because of Attorney Haney's illness.

House. Met at noon. President Taft submitted a message on government economy.

Miscellaneous bills on the calendar considered. Investigation of International Harvester Company urged by witnesses before rules committee.

Secretary Meyer before Interstate Commerce Committee advocated government construction of 22 supply vessels for the Panama canal, through which the fleet would be sent regularly as a part of the drill exercises.

Civil service committee heard advocates of old age pensions for government employees.

Awkward for the Republicans. Washington, D. C., Jan. 17.—The Democratic and Republican leaders in the House of Representatives today agreed that there was little likelihood of Congress adjourning before August next. It was said that this probability largely influenced the Democrats in choosing Baltimore as the national convention city. The Republicans will have a more awkward situation to deal with in holding their convention in Chicago with Congress in session. The condition of Congress being in session during national convention periods has not existed since 1892.

Lorimer Committee Delayed. Washington, D. C., Jan. 17.—The Lorimer committee met today and immediately adjourned its inquiry until tomorrow because of indisposition of Elbridge Haney, attorney for Mr. Lorimer.

In Session Until August. Washington, D. C., Jan. 17.—"I expect Congress to be in session until August 1," said Speaker Champ Clark today, "as I see no chance of completing the important work before us in time before the national conventions. I have cancelled several speaking engagements so that I could remain here and assist in the work."

"If the tariff bills are not delayed too long in the Senate," said Democratic Leader Underwood, "we may be able to get through in June, but it does not look very favorable now."

Democrats Are Loafing. Republican Leader Mann said: "It looks as though we were stuck for a long session. The Democrats are loafing in the House and as long as they continue to procrastinate, we shall not be able to enact much legislation."

Would Cause Country to Sit Up. Washington, D. C., Jan. 17.—An adverse report on the "Culberson resolution to investigate money contributions to influence the elections of November 4, 1904, and Nov. 3, 1908," was indicated today by the Senate Committee on contingent expenses. Senator Culberson, however, insisted that he would press his proposition and that he had facts which would interest the country.

Adverse to Cummins Amendment. Washington, D. C., Jan. 17.—The Senate Committee on foreign relations today decided to report adversely to the Cummins amendment to the arbitration treaties involving arbitration by France, and Great Britain of differences with other and smaller countries.

Hitchcock Wants to Know. Washington, D. C., Jan. 17.—The Hitchcock resolution demanding to know "what law, treaty or agreement" existed to warrant sending American troops into China provoked a lively discussion in the Senate foreign relations committee today and finally was referred to a sub-committee.

House Isn't Interested. Washington, D. C., Jan. 17.—The threatened intervention in Cuba did not stir much interest in the House today.

"I feel confident," said Chairman Sulzer of the Foreign Affairs Committee, "that the Cubans will be able to settle their own affairs. So far as I can see there is no necessity at present for interference on the part of the U. S. government."

PRESIDENT TAFT SUFFERS FROM SEVERE COLD.

Secretary Hillis Is Also Confined to His Home, and His Assistant Is Also Sneezing.

(By Special Leased Wire to New Mexican) Washington, D. C., Jan. 17.—There is an epidemic of field at the White House. The President was not entirely over his cold today, Secretary Hillis was confined to his home and bed, and Assistant Secretary Allen was suffering from the same complaint.

CUBA RATHER FAVORS PROSPECT

Intervention by the United States Would Be Unopposed by Many

TRANQUILITY NOW IN HAVANA

President Gomez and Leaders Have a Conference This Evening.

(By Special Leased Wire to New Mexican) Havana, Jan. 17.—Absolute tranquility reigned in Havana today, in spite of the shock of the announcement in the morning papers of a possible impending intervention by the United States in Cuba affairs.

The meagre reports received from the interior do not give any indications of trouble, but some fears are expressed in Havana that disturbances are likely to occur in the rural districts and more especially in the provinces of the Oriente and Pinar del Rio, when the news becomes more generally circulated. The newspapers confine themselves to the publication of the text of Secretary Knox's note and interviews on the subject with various officials.

The meeting of the council of the veterans association which was called last night, adjourned at an early hour this morning. No line of policy was adopted at the meeting, which was sparsely attended, the conservative section of the veterans being conspicuously absent.

No hour has yet been fixed for the conference between President Gomez and the leaders of the political parties and the veterans. It probably will be held this afternoon.

At the opening of the Board of Trade today, the prospect of intervention by the United States was regarded generally with satisfaction especially among the Spanish element.

No Tendency to Disorder. Havana, Jan. 17.—The conference of President Gomez with the leaders of the political parties and the veterans has been fixed for 9 o'clock to night. Reports from all parts of the island show that there is not the least tendency to disorder.

NEW YORK HAS TWO BIG FIRES

Flames in Twenty-Two Story Knickerbocker Building Cause Trouble

7-STORY WAREHOUSE SWEPT

Two Firemen Seriously Injured and Loss Amounting to \$125,000 Inflicted.

(By Special Leased Wire to New Mexican) New York, N. Y., Jan. 17.—A stubborn fire on the ground floor of the twenty-second story office building owned by the Knickerbocker Trust Company at Broadway and Exchange Place, gave the financial district some moments of trepidation early today. The blaze was within a few hundred feet of the stock exchange, but was kept under control before it could spread beyond the building where it started. The loss will not exceed \$100,000.

Warehouse Fire. New York, N. Y., Jan. 17.—The seven-story warehouse of the Terminal Storage Company, occupying a full city block near the north river water front between 27th and 28th street, and containing merchandise valued at more than \$100,000, was swept by fire today. The fire was discovered a few minutes after midnight. It was under control until 6:15 o'clock, when the loss was estimated at \$1,250,000.

Fire alarms sounded in quick succession, summoned to the scene practically every available piece of fire fighting apparatus from all Manhattan and this was reinforced by five fire boats.

There was no loss of life, but two firemen were seriously injured.

ABDICATION WILL BE DISCUSSED ON FRIDAY. Empress Dowager and Princes of Imperial Clan Will Decide Then Whether to Retire.

(By Special Leased Wire to New Mexican) Peking, Jan. 17.—No definite action was taken at the conference of the princes of the imperial clan with the Empress Dowager today. The discussion of the subject of abdication was postponed until Friday, owing to the slight indisposition of Premier Yuan Shi Kai. Certain of the princes declare that the abdication from the throne is pending.

NASIR EL MULK IS DETERMINED TO STEP DOWN.

(By Special Leased Wire to New Mexican) Teheran, Jan. 17.—Persistent reports are current that the Nasir El Mulk has determined to resign.

MILITIA AND STRIKERS CLASH

Parade of Workers Would Not Swerve Aside for National Guard

WOMEN AND CHILDREN INJURED

Men Belabored With Clubs, but No Serious Injury Inflicted on Rioters.

(By Special Leased Wire to New Mexican) Lawrence, Mass., Jan. 17.—Three thousand striking textile workers and militiamen clashed today when the former refused to change the line of march of a parade and attempted to force the soldiers' line. The militiamen belabored their assailants with clubs, but no one was seriously hurt although many were badly bruised and several women and children were trampled on.

Strikers Hurl Tin Cans. Lawrence, Mass., Jan. 17.—The paraders hurled bricks, stones, tin cans and pieces of ice at the militiamen, and several soldiers were struck with the missiles. After the crowd had quieted, the soldiers allowed the strikers to pass into the mill district.

Many Return to Work. Lawrence, Mass., Jan. 17.—Increased numbers of mill operatives went to work today in the security guaranteed by continued presence in the mill district of eight companies of the state militia. There were slight disturbances at two small mills, but no actual clashes between the troops and the strikers.

MICHIGAN REPUBLICAN STATE COMMITTEE. Poll of Presidential Preference to Be Taken Before Session Begins Tomorrow.

(By Special Leased Wire to New Mexican) Detroit, Mich., Jan. 17.—In advance of this afternoon's meeting of the Michigan Republican State Central committee, it was intimated today that a serious effort would be made to crystallize the views of the committeemen on the Republican Presidential nomination and it was said an informal poll might be taken. Special interest centered around the committee meeting because of Governor Osborn's recent suggestion that President Taft and Senator LaFollette should withdraw as candidates.

SON OF MINNEAPOLIS CAPTAIN HELD FOR TRIAL. Goulet Must Answer for Murder of Policeman Alexander Knapp at Albuquerque.

(By Special Leased Wire to New Mexican) Albuquerque, N. M., Jan. 17.—Theodore Goulet, son of Captain of Police Goulet, of Minneapolis, Minn., charged with the murder of Alex. Knapp, an Albuquerque policeman, was held to the grand jury today without bail. Knapp died seven days after Goulet had shot him with a small caliber automatic pistol while the officer was taking him to jail.

ROBERT BACON CONFIRMED AS MEMBER OF CORPORATION. (By Special Leased Wire to New Mexican) Boston, Mass., Jan. 17.—Robert Bacon, who resigned as American ambassador to France, was today confirmed as a member of the Harvard corporation at a meeting of the board of overseers in this city.

E. C. ABBOTT MAY BE FEDERAL JUDGE. President Taft May Hold Off Until Next Week in Making Appointments.

Special to the New Mexican. Washington, D. C., Jan. 17.—Indications are that the names of the New Mexico appointees for the federal judgeship, United States marshal and United States attorney may not be sent to the Senate until next Wednesday on account of the violent opposition that has arisen. The regular state organization of New Mexico is pressing hard in their endorsements of Secundino Romero for U. S. marshal and Stephen B. Davis for United States attorney, but might be disposed to accept Edmund C. Abbott of Santa Fe for the federal judge in place of William H. Pope, or some other stalwart Republican against whom there is no opposition. There is, however, no indication of charges against Davis, his appointment merely awaiting action on Romero and Pope. Judge E. C. Abbott is expected here in the course of the next few days.

It is understood that Judge Pope's name had been sent in on Monday to the Senate, but that a member of the Judiciary Committee then asked President Taft to withdraw the name, and the President decided to do so, temporarily, at least. The fight is complicated by the prohibition and other issues.

PROHIBITIONISTS WILL MEET JULY 10 TO 12. (By Special Leased Wire to New Mexican) Chicago, Ill., Jan. 17.—The tentative selected dates of the National Convention of the Prohibition party at Atlantic City, are July 10, 11, and 12, according to an announcement made from the National headquarters today.

ATTENDANCE WAS LARGE

Chamber of Commerce Selects Secretary Harris on Salary Till April

SEVERAL MEMBERS ADMITTED

Advertising Scheme from Adjoining Town Paper Laid Down With a Thud.

The Chamber of Commerce was well attended last evening, there being over twenty-five members present, and after the transaction of much routine business the body went into executive session for the purpose of considering the matter of selecting a permanent secretary.

Mr. Harris being the present secretary who has efficiently held the position at no compensation whatever, and on reconsideration of his previous announcement that his health would permit him to act further in that capacity, was chosen secretary at \$75 per month until next April. Mr. Hawley withdrawing in Mr. Harris' favor by formal request on his part.

Secretary Harris read the minutes of the previous session. Since the last meeting a communication from D. C. Collier, relative to obtaining a junket of eastern newspaper men who will visit Santa Fe during the coming season, was submitted in which he promised to bring them here if such an excursion can be consummated.

Mr. Creath, the liveryman, submitted a schedule of livery rates for short sight seeing trips, and the route for seeing Santa Fe and its principal points of interests as it was gone over a few days ago by Secretary Harris and his temporary associate, Mr. Rawles. The schedule is posted at the Bureau of Information.

The transactions of the previous meeting included the placing of the secretary's bond at \$1,000, also an interesting report from Territorial Engineer Miller on the recent good roads meeting at Phoenix.

New members admitted by suspension of rules and by acclamation during the past two meetings are: C. E. Butts, Joseph B. Hayward, F. Andrews, H. D. Moulton, J. R. Creath, Thomas Doran, John Phleger and J. R. Reynolds.

The secretary then made his report regarding collections and the finances of the Chamber of Commerce.

A communication from an eastern tourist company regarding bringing people here was energetically answered by the secretary, setting forth the advantages of Santa Fe as a tourist point of interest.

The secretary furnished several of the eastern papers with a story of the inauguration with photographs of the day's doings.

A communication from the National Retail Grocers' Association of Chicago revealed the fact that that body in conjunction with the New Mexico Retailers' Association are after a man for obtaining money under false pretenses.

F. J. Sawyer, of Buckman, wrote a letter to the Chamber of Commerce thanking President Cartwright, Postmaster Burke and others for their prompt work in restoring regular passenger service on the D. & R. G.

A. J. Abbott submitted a communication regarding the completion of the road to the Rito de los Frijoles which would only cost \$100 and could be done by San Ildefonso Indians.

Bills for painting and fixing the Chamber of Commerce rooms and for the associate secretary's salary for ten days were approved.

Dean D. Clark, on request of the committee on telephone service made a clear cut statement relative to the work of the Mountain States Telephone and Telegraph Company. The plan shows that that company proposes to equalize rates, rather than increase them. Some \$10,000 will be expended at once without a future raise of rates, a new switch board installed and one more operator employed at the central office. Residence rates will be reduced 50 per cent in some instances and next year a new plant will be put in.

The proposition of a paper in an adjacent town to "write up" Santa Fe to the tune of \$200 per page was indefinitely laid on the table, for several reasons, among them being the well known fact that several leading papers and magazines of the country are always glad to publish and pay for articles relative to this quaint place, that has a heart interest and a historical interest too great to need "booming" at so much "per."

On motion, which was carried, a list of all members of the Chamber of Commerce will be posted at the Bureau of Information, and visitors coming to Santa Fe and registering at the Chamber of Commerce will have their attention called to those who are supporting the movement and the list recommended to them for their patronage.

PROHIBITIONISTS WILL MEET JULY 10 TO 12. (By Special Leased Wire to New Mexican) Chicago, Ill., Jan. 17.—The tentative selected dates of the National Convention of the Prohibition party at Atlantic City, are July 10, 11, and 12, according to an announcement made from the National headquarters today.

DESOPDENT DYSPEPTIC'S

have taken a new hope after testing the powers of the great stomach remedy

STOMALIX

Chronic cases of indigestion have heretofore been hard to cure; prescribed diets, health foods, the conventional remedies, often fail to afford relief; the sufferer becomes discouraged, despondent.

Now try a remedy acting on a new principle; you need not adopt a changed and rigorous diet, but take, with your ordinary food, a spoonful of **Stomalix** in water; go cheerfully about your business; the old stomach distresses will begin to lessen; good cheer, ambition and vigor will return.

Ask Your Druggist.

DETERRENT OF CRIME.

(By McLaughlin Wilson.)
(Music for Prison Meals. Federal Convicts at Atlanta to have Popular Entertainment Each Day.—News heading.)

(From Judge.)
The Cashier stood beside the safe And helped himself to bills; His getaway was neatly planned Beyond the distant hills, No thought of mother stayed his hand Nor dimmed his greedy eye; We whispered, "Music with your meals!" He put temptation by.

The desperado on the track Prepared to stop the train, And in some lonely desert cave To hide his ill-got gain. No thought of hardship or disgrace Availd his crime to check; We murmured, "Music with your meals!" He ran away, by heck!

The man with murder in his heart Beside a brother stood, And planned to take the other's life With brutal hardihood. No thought of Cain or penalty Unnerved his hand that day; We muttered, "Music with your meals!" He threw his gun away.

AROUND THE STATE

Every Family Has Smallpox.
Colon, Dublin, Mexico, Jan. 17.—It is reported that every family in San Jose has smallpox, except one. There are quite a number of cases in Stringtown and Nueva Casas Grandes. Dr. Gay has just left off visiting 15 of his smallpox patients.

Saloonkeeper Killed.
The fire and police board of Denver may end the existence today of the Iris cafe, an all-night winery at 1748 Curtis street, where John Satler, a barkeeper, was shot to death during a free-for-all fight. Patrolman J. A. Schumacher, who held the weapon when it was discharged, as yet has not been held for the killing.

Passed Forged Check in Saloon.
Complaint was filed in Justice E. B. McClintock's court at El Paso charging Albert Morris, alias Frank Hough, alias J. Thompson with forgery. It is charged that he gave J. L. Broyles, a San Antonio street saloonkeeper, a check for \$17.50, drawn on the Rio Grande Valley bank and signed A. B. Palmer. Two checks for \$18 each, one made out to Albert Morris and the other to Frank Hough, and one for \$16.50, drawn in favor of Edward Bott, all bearing the signature of A. B. Palmer, were recovered by Deputy Constable J. W. Brown, who says he picked them up as Morris dropped them when arrested.

A LIBERAL OFFER

We Guarantee to Relieve Dyspepsia. If We Fail the Medicine Costs Nothing.

To unquestionably prove to the people that indigestion and dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it. The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia. The Pepsin used in Rexall Dyspepsia Tablets is carefully prepared so as to develop its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid. Without it the digestion and assimilation of food are impossible. The Carminatives possess properties which aid in relieving the disturbances and pain caused by indigestion. This combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on our own personal guarantee. Three sizes, 25 cents, 50 cents, and \$1.00. Remember, you can obtain Rexall Remedies only at our store—The Rexal Store. The Fischer Drug Co., 232 San Francisco St.

GREAT WESTERN INSURANCE PLAN

German-American Indemnity Company Extends Operations to New Mexico

PRESIDENT HARRELL IS HERE

An Opportunity Afforded Local People to Invest in Stock Issue.

E. C. Harrell, president of the German-American Indemnity Company of Denver, and W. H. Milburn, special field representative, are visiting Santa Fe for the purpose of investigating the possibilities of placing some large loans in the state for the public. The German-American Indemnity Company is a Colorado corporation and has been writing health and accident insurance for the past seven years. They have lately reorganized from a mutual company to a stock company with a capitalization of \$100,000.00 and a surplus of \$75,000.00, and they have been admitted to the State of New Mexico to do insurance business. Their record of the past year has been such as to warrant an increase in their capital stock to \$300,000.00 with a surplus of \$600,000.00, and W. H. Milburn, who was a journalist for thirty-five years but has been in the insurance business the past ten, expects to remain in New Mexico for some time in order that he may further that project. There has been allotted to the state of New Mexico \$50,000.00 worth of stock which can be placed only with the most representative men of the state and the company expects to make loans to the amount of \$50,000.00 to \$200,000.00 in the very near future. Their plan is not to take any money from the state but rather to bring money into the state. This corporation is a western company built and fostered by western men for western people, and it is certainly a proposition worthy of thought and attention, for when it is realized that over \$50,000,000 went out of the Rocky Mountain chain of states to New York, New Jersey, Hartford, Connecticut, and London, England, last year for insurance premiums and that only \$300,000 came back to this country in claims and dividends, it will evidently cause a great many to become active in attempting to stop this steady flow of money through insurance channels to the east. That is exactly the plan of this company. This Colorado corporation is backed and managed by some of Colorado's most prominent men and its record in the past has been nothing less than phenomenal. They have complied with the laws of the state requiring \$100,000.00 to be deposited with the state for the protection of the policy holder, and it is safe to say that a policy in one of the western companies is just as safe as one in the eastern companies. This is due to the stringent insurance laws of most of the western states. The Denver Post, in speaking of "his insurance company" says: "The German-American Indemnity Company is a Colorado casualty insurance corporation with such achievements as absorbing the German-American Indemnity Association, a company of seven years continued success and by opening the state of New Mexico, and by approximately raising \$300,000.00 in the short space of a few months, puts this company in the ranks of leading insurance companies of the United States."

The officers recently elected for the ensuing year were E. C. Harrell of Denver, president and general manager; Stephen Patrick of Trinidad, vice president; S. M. Mitchell of Denver, treasurer, and William Nolan of Denver, secretary. Twelve directors from various western points were also elected.

Reaching Out to Japan.
Arthur F. Takamine, whose name is known to every Japanese in the United States, and who is a man of consequence and prominence in his fatherland, has been investigating the casualty insurance companies of this country for the purpose of investment.

"The Japanese in this country, as well as in Japan," says Mr. Takamine, "need health and accident insurance just as do the American people. We have had a need of this kind of insurance in my country, and I have been studying this insurance question for my people that I might secure the class of insurance which I am satisfied that the Japanese need, and need badly. I am glad that my researches have led me to choose a Colorado corporation to fill this great need of the Japanese people."

"I have not hurried in my direction, but rather have I made a most satisfactory investigation of the German-American Indemnity Company. Aside from facts and figures, one of the most potential elements that has guided me in my choice of casualty companies has been the management of the German-American Indemnity Company. In my several talks with Mr. E. C. Harrell, the president and general manager of the company, I have been convinced that he is a man of powerful insight into insurance pulse. Mr. Harrell is a builder and a man whose knowledge of insurance matters makes him one of the foremost judges of future insurance developments that we have in America."

Mr. Takamine has made his headquarters in Denver for fifteen years. He is a man of great wealth and far-reaching influence in America. Mr. Takamine holds property in Denver to the extent of \$100,000.

See the Young Men's Christian Association in action at Silver Bay, N. Y. It's at the Elks tonight.

ALL YOU NEED IS A CASCARET TONIGHT

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Morning.

Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry out of the system all the decomposed waste matter and poison in the intestines and bowels. Then you will feel great.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head and cheerfulness for months. Children love to take Cascarets because they taste good—never gripe or sicken.

ARRAIGNMENT OF SALOON EVIL TERRIFIC.

In Prayer at Funeral of Police Alexander Knapp, Rev. H. P. Williams Lays Crime at Door of Public. Albuquerque, N. M., Jan. 17.—In one of the most fervent prayers to the Almighty ever heard in this city Rev. Hermon P. Williams, pastor of the Christian church yesterday afternoon at the funeral services of the late Alexander Knapp, city policeman, delivered a terrific arraignment of the conditions in this city alleged to be responsible for the death of Mr. Knapp. In his supplication that the people of Albuquerque should awake to the enormity of their responsibility for the death of this man and for the second murder of recent occurrence in this city in a saloon brawl, Mr. Williams laid the crimes chiefly at the door of the public, palliating in some degree the guilt of the "poor early prisoner" in the county jail who is charged with the murder of Knapp. His ringing denunciation was directed no less at the purveyors of intoxicating liquor than at the city which according to the speaker makes these crimes possible by accepting its share of the revenues of the business as taxes.

Mr. Williams prayed that the people of Albuquerque might not be in the role of "hired mourners" weeping over the fate of one faithful public servant and perpetuating the conditions which brought about his death. It was a prayer throughout that made every person in the audience sit up and take notice.—Albuquerque Morning Journal.

REST MADE EASY.

There Will be Less Sleeplessness When Santa Fe People Learn This.

Can't rest at night with a bad back. A lame, a weak or an aching one. Doan's Kidney Pills are for bad backs.

Are for other kidney ills. They are endorsed by Santa Fe people.

Locario Lopez, Agua Fria St., Santa Fe, N. Mex., Says: "I have had no severe return attack of kidney trouble since using Doan's Kidney Pills several years ago. Now and then I have suffered from backache, but at such times Doan's Kidney Pills have given prompt relief. For a long time I was made miserable by attacks of kidney complaint and my back was often so lame and painful that I could scarcely do anything. I did not sleep well and no matter whether I was lying down or standing up, the trouble was present. The kidney secretion annoyed me both day and night by their irregularity in passage and there was a heavy sediment in them. After several remedies had failed to help me, I used Doan's Kidney Pills and they lived up to all the claims made for them. I never hesitate to say a good word for Doan's Kidney Pills when the opportunity occurs."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

TIME TABLE ALL LOCAL TRAINS

Full information in regard to the grazing fees to be charged and blank forms to be used in making applications will be furnished upon request. THOS. R. STEWART, Supervisor.

TAFT ADVOCATES MORE ECONOMY

He Would Place All Administrative Officers Under Civil Service

THE TERM TO BE FOR LIFE

Favors Greater Publicity and Asks \$50,000 Appropriation for Printing.

(By Special Lensed Wire to New Mexican) Washington, Jan. 17.—How the people of the United States may have saved for them millions of dollars annually in the operation of their governmental machinery was outlined by President Taft today in a message to Congress on "economy and efficiency in the government service."

"What the government does with nearly \$1,000,000,000 each year," said the President, "is as of much concern to the average person as is the manner of obtaining this amount of money for the public use."

All Under Civil Service.

Probably the most radical proposal advanced by the President in today's message was that all administrative officers of the government in the departments at Washington and in the field be put under the civil service; be removed from the influence of politics and that their terms of office be not limited as at present to four years. Such officers should not be appointed by the President with the necessary Senate confirmation, he said, but upon merit. "The extension of the merit system to these officers and a needed readjustment of salaries," said he, "will have important effects in securing greater economy and efficiency. The view that these various offices are to be filled as a result of political consideration has for its consequence the necessity that the President and members of Congress devote to matters of patronage time which they should devote to questions of policy and administration."

Might Save Millions.

The President did not attempt to explain in detail the work of the economy and efficiency commission created by act of Congress a year and a half ago. He sketched the outlines of improvements that he said could be made in government service; declared that they would effect a saving of many millions of dollars and asked that Congress continue the commission by granting an appropriation of \$200,000 with \$50,000 for printing its reports. From time to time, he added, reports of the commission proposing particular reforms would be sent to Congress.

Economy and Efficiency.

"I ask," said the President, "the continuance of this commission on Economy and Efficiency because of the excellent beginning which has been made towards the reorganization of the machinery of this government on business principles. I ask it because its work is entirely non-partisan in character and ought to apply to every citizen who wishes to give effectiveness to popular government in which we feel a just pride. I sincerely hope that Congress will

PILES CURED IN 6 TO 14 DAYS.

Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. 50c

not, in its anxiety to reduce expenditures, economize by cutting off in appropriation which is likely to offer greater opportunities for real economy in the future, than any other estimated for."

\$2,000,000 for \$130,000.

To date, the President said, the commission has cost the people about \$130,000. Without having put in effect more than a few reforms it has suggested changes that will save \$2,000,000 a year. "These," said the President, "represent only a few of the many services which should be subjected to like painstaking inquiry. If this is done, it is beyond question that many millions of savings may be realized." The value of such investigation in increased interest which the officers of the government will take in their own departments; their work and that of their subordinates, he said, could hardly be estimated.

Initial Work Well Done.

"The initial work," said President Taft, "has been well done. The inquiry with its constructive measures is well under way. The work should now be presented with vigor and receive the financial support necessary to make it effective during the next fiscal year. Every economy which has been or will be effected through changes in organization or method will inure to the benefit of the government and of the people in increasing measure through the years which follow. I am convinced that results which are really worth while cannot be secured, or at least, can be secured only in part, through the prosecution at irregular intervals of special inquiries bearing on particular services or features of administrations. The benefits thus obtained must be but temporary. The problem of good administration is not one that can be solved at one time. It is a continuously present one."

In many ways the President informed Congress, a decrease in the cost of government might be assured. There is need, he said, of reorganization of the government departments, a consolidation and a weeding out of bureaus that overlap in their work; scores of "local offices" throughout the country should be abolished and hundreds of political appointees who do little work should be taken off the pay roll and there should be an improvement in the personnel of the government employees through the introduction of the Civil Service. In practically every field, business methods should be employed by Uncle Sam just as big corporations use them. A modern system of accounting and reporting should be adopted and last of all the Economy Commission should be continued in its work.

The Treasury Department, Mr. Taft showed, looked after the Nation's finances and the life-saving service. The Commission, he said had recommended the abolition of the Revenue Cutter Service, which would mean a saving of \$1,000,000 a year.

Doing Work Worth While.

"The greatest economy and efficiency and the benefits which may accrue from the President's devoting his time to the work which is most worth while," said the President, "may be assured only by treating all the distinctly administrative officers in the department at Washington and in the field in the same way as inferior officers have been treated. The time has come when all these officers should be placed in the classified service. The time has also come when those provisions of law which fix to these officers a fixed term of years should be repealed, so long as fixed terms of years is provided by law the question of reappointment of an officer, no matter how efficiently he may have performed his duties, will inevitably be raised periodically. So long as appointments to those of officers must be confirmed by the Senate, and so long as appointments to them must be made every four years, just so long will it be impossible to provide a force of employees who are qualified by reason of education and training to do the best work."

\$12,000,000 for Travel.

Giving examples of excessive government expenditures along certain lines, the President told Congress that in one department it cost \$5.81 per thousand to handle incoming mail and in another department \$84.40 per thousand. For handling outgoing mail one department expended \$5.94 per thousand, another \$69.89. Either one department paid too much or the other not enough, he said. In travel alone the government expends about \$12,000,000 a year. Definite tests, he pointed out, have shown that a saving in this item alone of a little over half of one cent a mile probably could be effected.

Budget System.

Through the introduction of labor saving machinery; through the elimination of unnecessary copy work, by cutting down needless expense in the distribution of public documents and in many other ways could millions be saved each year. The President urged the adoption of the "budget system" which would bring before Congress, the press and the people of the country, not only the proposed expenditures of the government, but its revenue. "The United States is the only great nation whose government is operated without a budget," he said. Later, the President declared, he intended to send to Congress a plan for the retirement of Civil Service employees on pensions which will safeguard the government interest and yet provide for their old age.

DEFERMENT OF ARGENTINE SHIPMENTS HELP BULLS.

Export Surplus of Wheat in United States is Only 89,000,000 Bushels at This Time.

(By Special Lensed Wire to New Mexican) Chicago, Ill., Jan. 17.—Deferment of shipments from the Argentine had a bullish effect today on the price of wheat. Interest was taken in figures showing that the exportable surplus of the United States was 89,000,000 bushels as compared with 141,000,000 a year ago. Opening quotations were 1-8 to 3-8c higher. May started at

TWITCHELL HEAD OF GOOD ROADS MOVEMENT.

Important Convention of Three Organizations Interested in Santa Fe Trail.

(By Special Lensed Wire to New Mexican) Emporia, Kansas, Jan. 17.—Three organizations of good roads enthusiasts met here today in what is expected to prove one of the largest meetings in the interest of American highways ever held in the middle west. The ultimate aims of the delegates include improved national roads crossing the United States from coast to coast, and from Winnipeg, Manitoba,

to the Gulf of Mexico.

In conjunction with the state meeting a convention of committeemen and vice presidents of the new Santa Fe Trail Association, which aims to incorporate the historic trade route in a coast to coast highway, and a conference of the Gulf to Winnipeg road promoters formed the program.

The vice presidents of the five divisions of the Santa Fe Trail organization named to attend the meeting were: R. E. Twitchell, East Las Vegas, New Mexico division; R. H. Higgins, Pueblo, Colorado, division; E. E. Fizzell, Larned, Western Kansas division; O. M. Whitte, Emporia, Eastern Kansas division; Walter Williams, Columbia, Missouri, division.

COLONEL RALPH E. TWITCHELL.

59 3-4@7-8 to 100, a gain of 1-8 to 1-4 @3-8 and rose to 100 1-8. The close was steady, 3-4c higher at 100 3-8@1-2 for May.

Corn gave evidence of strength due to better cash demand. May opened a shade to 1-4c up at 65 3-8@1-8 to 65 5-8c and steadied around 65 1-2. The close was strong 11-8@11-4c higher for May at 66 1-2@5-8c.

There was fair buying of oats on the part of shorts. May started unchanged to 1-8c higher at 49 1-2 to 49 5-8c.

Provisions were weak. Initial sales were 21-2@5c off to 21-2c up with May 16-32 1-2 for pork; 9-52 1-2 for lard and 8-77 1-2 to 8-80 for ribs.

RECEIVER FOR VANADIUM MINES COMPANY.

Manager W. A. Bonitz is Named—Reorganization is Very Likely to Follow Litigation.

The district court for Sierra county has appointed W. A. Bonitz, manager for the Vanadium Mines Company with its mines and plant in that county, as receiver for the concern. This action it is said is taken to preserve the status quo of the company pending a reorganization. This reorganization by which it is stated all creditors will be paid in full, will occur in the near future. The Vanadium Mines Company, backed by Pittsburgh men and with reduction plant and general offices in that city, a year or

so ago completed an oxide plant at Cutter at a cost of some \$150,000 and has large deposits of the mineral a few miles from Cutter in the Caballo mining district.

KIDNAPED BY GYPSIES THIRTY YEARS AGO.

Kinsmen of Henry Martin Gage Are Looking for Boy Who Disappeared From Michigan.

(By Special Lensed Wire to New Mexican) Dalhart, Texas, Jan. 17.—Renewal of attempts to find Henry Martin Gage, who was kidnapped by gypsies from his home in Holland, Mich., in 1871, was begun here today. Ten years ago, a gypsy on her death bed confessed to the kidnapping of young Gage and his identity was revealed to him. Immediately afterward, he tried to find his kinsfolk but apparently without success. Then he dropped out of sight. He had advertised in Omaha papers asking information about his relatives, but it is said he received no response. Kinsmen of Gage took up the search for him today.

Subject at Prayer Meeting—At the prayer meeting service tonight at the First Presbyterian church instead of the usual subject of the Sunday school lesson being treated, the theme: "What debt or debts are owed by this church to this community and how are they to be paid?" will be treated. Everyone is cordially invited.

OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

DESIRE AND THE WILL.

A Presbyterian minister and college president was arrested today charged with causing the death of his girl stenographer by performing a criminal operation on her because he was responsible for her condition.

A Baptist minister at Boston is under sentence of death because he murdered his sweetheart.

The son of a straight-faced Methodist family was executed not so long ago for murdering his wife.

A sociologist who made a study of the nether-world of New York, declared that three-fourths of the fallen women in that great city come from families where father or mother were so Puritanical as to deny their children all recreation, all natural joys, where the young folks learned to hate church, Sunday school, religion, because they connected these with the ideas of restraint, gloom, compulsory attendance at prosy assemblies.

Again, one sees at times, the most beautiful characters go forth from the slums; one sees men who come from drunkard's families attain a high moral plane and great success in the world; one reads of men and women who indulge in those things that the old theologians referred to as the flesh and the devil, who yet perform the most glorious deeds of self-sacrifice for humanity's sake.

One meets men who are gamblers, but who were brought up in families in which cards are taboo; one meets drunkards, the sons or daughters of men and women who forbid every drop of liquor in the house, and who are leaders at Prohibition meetings; one knows of immoral men and women who came forth from homes of purity and Puritanism, just as one reads today of a Presbyterian minister and college president or of a Baptist minister committing the most revolting and cowardly crimes in the calendar.

All this seems to indicate that there was something tangible in the old theological conception of original sin, of men and women being unable to save themselves through their own efforts, or through their training, on their surroundings. The worldly conception of this is that the same primeval passions animate all humankind, have animated them from the beginning and will continue to animate them, that these traits were planted in human beings for a certain purpose, and that all preaching and all training and all restraint are but ineffectual weapons to keep those passions within certain prescribed channels, unless the will is strengthened at the same time.

There is no more potent method of weakening the will power of the individual than to coddle him; then to keep away from him knowledge and the sight or even the temptation of evil.

No man and no woman is strong unless either has resisted strong temptation, has trained the will to the resisting point, has the power of all self control. The mollycoddle, the weakling, who is negatively virtuous because he has never felt temptation, because he lacks the vitality which gives strength, but also gives desire and passion; is apt to become like that aged Presbyterian minister and college president, who is said to have murdered his young sweetheart in his old age, or the Baptist minister who in his youth poisoned his betrothed because he had found a new carnal love.

These are facts in human nature that should make people very charitable in their judgment of the life of others. This should not abate one whit the effort of good men and good women to suppress evil, to remove temptation out of the pathway of the weak; but it should also cause even those who believe themselves proof against temptation to search themselves, to make sure that putting every girl and boy in a straight-jacket in order to keep them from pleasures that in themselves are innocent, will produce the strong men and the strong women, who are virtuous because they will it, or men and women of the type of the aged Presbyterian minister or the young clergyman, who even committed murder so that they might indulge in their fleshly desires. It is here where every good influence, every good life, every good agency should redouble efforts to make this world a clean, a good, a virtuous, a happy place in which to live, where school and church owe a duty to the community which if intelligently performed, will make them the power for good that they should be, but if fanatically enforced, without real knowledge of real conditions and real human nature, will cause them to be stumbling blocks.

The wide open city administration of El Paso has put on the lid, for the time being at least, and gambling, and transgression of the law in the red light district, has ceased, all because a newspaper editor had the nerve to voice a protest. Crime and wrongdoers fear publicity more than they do the law and the penitentiary.

THE PRESIDENT'S MESSAGE.

Here is a presidential message to which the common geezer brings some interest and understanding: Taft, today, in counseling greater economy and at the same time greater efficiency in the federal service, strikes at the root of bureaucracy and political grafting. If Congress really has the welfare of the nation at heart, and is not merely playing politics, it will aid the President in carrying his recommendations into effect. Any private business, whose manager would bring to the attention of the directors such glaring waste of money and such inequalities as well as causes of costly inefficiency, would not only be given a raise in salary but also carte blanche to put into effect those reforms that he recommends to overcome the evils of extravagance and inefficiency.

Taft's desire that all administrative employees be placed under civil service and hold office not for a limited term but during good behavior, is quite natural. When one considers the trouble that the appointments in New Mexico alone have given him, one wonders that he has time and ear for any other activity. New Mexico being only one of forty-seven states, and having only one three-hundredth of the people of the United States.

The President favors greater publicity as a cure and as an aid for a better understanding of governmental administration, and at the same time that he is preaching economy, does not hesitate to advocate the expenditure of \$50,000 for printing a report of the Economy and Efficiency Commission, which found such glaring inequalities as one government department spending \$5.84 per thousand to handle incoming mail, and another \$84.40 per thousand. Attention is also called to the fact that twelve million dollars a year are spent for the travel of federal officers, when in this day of fast mails and telegraphs, one half of that could be saved and the work done just as effectively.

President Taft favors the Budget System. Santa Fe's mayor, in a small way, in Santa Fe, has introduced that system and it works well. The Inauguration Committee, just to give an example of it near at home, did its work under such a financial system and as a consequence, has a surplus instead of a deficit. There are other recommendations in today's message worthy of serious consideration. At the same time, it is pointed out, that reforms in so great a business enterprise as that which Uncle Sam is carrying on, should not be a matter of a hit-or-miss policy, but of careful study of cost systems and investigations of means and methods. The message is one that will appeal to the people with much greater force than theorizing on the tariff or tinkering by Congressional committees.

RED TAPE AND EFFICIENCY.

In the Chicago letter, on another page, the New Mexican shows just what President Taft means by pleading for a business administration of public affairs in the government. Colonel Gorgas, who is in charge at Panama, had been elected to an honorary position in the state. A cablegram was sent him notifying him of this fact and the matter should have ended there with his acceptance or his declination. Instead, the red tape of the government was set in motion and seven letters and official documents passing through as many bureaus, were written or endorsed until long after Gorgas had his cablegram, they finally reached him and he could accept with thanks. An army of clerks and bureau chiefs, especially in the War Department, seems to be kept on the salary roll by just such nonsense and in order that the traditional red tape and etiquette of things military be maintained at the same standard as it was in times medieval. The tax payer pays the bill, the clerks have their jobs, and the Army and Navy and a large part of the governmental machinery besides, are clogged by clinging to musty precedents instead of adopting modern business methods and civil service reform in every branch of the public service. Perhaps, even in the administration of the new state government, considerable economy could be effected by getting away from some of the old precedents and red tape and running the new state as a businessman would a department store or a live manager a large printing plant.

The Albuquerque Journal, editorially, draws a lesson from the two murders that occurred in one week this year in the Duke City, both committed by drunken men in the so-called red light district. It takes lessons of that kind to convince even a defender of the wide-open municipal policy, that the existence of a red light district and a lack of restraint or regulation, are bound to breed crime, doing harm to a town far beyond the worth of the incidental revenue that flows into business channels from such sources.

Try a New Mexican want ad. It brings results.

BEEF TRUST HAD TO UNDERSELL LOCAL BUTCHERS.

Traded Direct From Refrigerator Cars in 3,200 Towns and Villages of United States.

(By Special Leased Wire to New Mexican) Chicago, Ill., Jan. 17.—Reading of lists of car routes containing 3,200 towns in which Morris & Co., sold meat directly from the car to retailers occupied much time at the Packers' trial today.

Harry A. Timmons, chief accountant for Morris & Co., read the list of car routes and explained that they were used to distribute fresh meat in towns where the demand was insufficient to maintain an agent or branch house.

To some of these points daily shipments were made and a carload of fresh meat divided among half a dozen small towns. To other points tri-weekly and weekly shipments were made.

The witness said that in each of these 3,200 towns, Morris & Co. was brought into active competition with local butchers and were obliged to undersell the local butchers.

INSURRECTION ON CRUISER BOLIVAR CAUSED PANIC.

Inhabitants Fled in Terror and Sought Shelter—Officers and Crew Surrendered.

(By Special Leased Wire to New Mexican) Guayaquil, Ecuador, Jan. 17.—There was a panic here at midnight owing to an insurrection on board the cruiser Bolivar whose officers and men have transferred their allegiance to the Quito government, deserting the provisional government of General Montero. The Bolivar fired shells in the direction of the gunboat Tarqui as she was returning from the seaport of Duran with a detachment of troops to this city.

The inhabitants fled panic stricken to shelter. Artillery posted in the northern part of the city is trained on the cruiser Bolivar, and it is feared they may open fire at any moment. The news of the dispatch of four United States warships is welcomed here. The cruiser Bolivar surrendered today to the provisional government.

"CAP" ANSON WANTS TO GET BACK IN GAME.

Will Get Into Action in South This Spring, and Expects Offer from Big League.

(By Special Leased Wire to New Mexican) Chicago, Ill., Jan. 17.—Unless the plans of Adrian ("Cap") Anson go awry, the veteran first baseman will be seen in action again in some of the larger cities of the South next spring. Furthermore, if the captain shows the form that he expects to display, he hopes to be offered a position as a pinch hitter by one of the big league teams.

Anson hopes to accompany the Chicago Nationals south on their spring trip, and in exhibition games to play first base for the opponents of the Chicago club.

COMPROMISE TO END COSTLY INDUSTRIAL WAR.

Proposals Made to Employers and Workers at Cotton Trade Conference at Manchester.

(By Special Leased Wire to New Mexican) Manchester, Eng., Jan. 17.—The proposals made to the employers and workers at the cotton trade conference by Sir George Asquith, representing the Board of Trade, appear likely to put an end to the industrial war which has been so costly to both sides.

Neither side, under the terms of the proposals, shall be entitled to take action on the question of the employment of non-unionists which shall involve the stoppage of the machinery of the mills without giving six months written notice.

Should the provisional settlement be agreed to, the mills will reopen on January 22. The proposals were all read to committees.

BERT H. CONNERS ASSAULTED TWO WOMEN.

Alleged Labor Leader and Dynamite Conspirator Has Evidently a Bad Record.

(By Special Leased Wire to New Mexican) Los Angeles, Calif., Jan. 17.—The state rested today in the trial of Bert H. Connors, alleged dynamite conspirator, and the defense immediately began to try to impeach the testimony of Joseph B. Bishop, a county detective who had given damaging evidence against the defendant and his alleged accomplices, A. B. Maple, and Ira Bender, charged with having attempted to destroy the County Hall of Records.

Bishop admitted that he had been in jail not long ago on the charge of having assaulted two old women, and that the case was still pending in the police court.

STIFF FIGHTING IN STREETS OF ASUNCION.

Adherents of President Liberato Rojas and Rebels Clash in a Bloody Encounter.

(By Special Leased Wire to New Mexican) Buenos Ayres, Jan. 17.—There has been stiff fighting in the streets of Asuncion, the capital of Paraguay, between the adherents of President Liberato Rojas and the revolutionaries. Many were killed on both sides.

The insurgents, however, are still in control and all attempts by the government troops to rescue President Rojas, who has been prisoner in their hands since Monday, have failed.

CHAMBER OF DEPUTIES OF TURKEY HAS DISSOLVED.

(By Special Leased Wire to New Mexican) Constantinople, Jan. 17.—The Senate has accepted the petition of the dissolution of the Chamber of Deputies presented to it yesterday.

TARIFF AND ECONOMY ARE THE TWO ISSUES.

Governor Judson Harmon Has Same Ideas as Taft as to Greatest Needs of the Day.

(By Special Leased Wire to New Mexican) Fargo, N. Dak., Jan. 17.—Two National issues, according to Governor Judson Harmon, of Ohio, are "sticking up like a sore thumb." One is the tariff question, and the other retrenchment. The Ohio executive arrived here today to attend the "get-together" meeting of northwestern Democrats tonight at which it is believed presidential possibilities will be discussed. Charles C. Heffner, of Seattle, western campaign manager for Governor Woodrow Wilson of New Jersey, is here.

ITALIAN TORPEDO BOAT DESTROYERS MAKE MISTAKE.

Seize French Mail Steamer Carthage on High Seas and Now There is Serious Trouble.

(By Special Leased Wire to New Mexican) Paris, Jan. 17.—The French government has informed the Italian government that France reserves all her rights in reference to the seizure on the high seas of the French mail steamer Carthage by Italian torpedo boat destroyers. The facts of seizure of the Carthage have been submitted by the French government to the leading authorities on jurisprudence and international law.

EARLY SETTLEMENT OF ENGLISH COAL STRIKE.

Series of Meetings at Birmingham, Which Will Keep 900,000 Men at Work.

(By Special Leased Wire to New Mexican) London, Jan. 17.—As a result of a series of meetings between the coal owners and miners held at Birmingham, their differences between the employers and workers, which are mainly connected with the settlement of a fixed minimum wage, have been narrowed down particularly as regards the English coal fields and an early settlement may now be looked for. The dispute affects about 900,000 men.

"REMAIN ON THE SOIL" ADOPTED BY NEGROES.

Convention at Tuskegee, Alabama, Shows Wealth Contributed By Colored People.

(By Special Leased Wire to New Mexican) Tuskegee, Ala., Jan. 17.—Tuskegee's annual negro convention here today adopted the slogan: "Remain on the soil."

Booker T. Washington presided over the conference which was attended by white planters and business men.

Negro farmers contributed half a billion dollars worth of produce to the wealth of the South last year, according to figures shown at the conference.

CREDIT MAN GIVES PECULIAR CURE FOR DEPRESSION.

Advices Western Retail Dealers That Roosevelt and Hadley Should Be Elected.

(By Special Leased Wire to New Mexican) Kansas City, Mo., Jan. 17.—Before the Western Retail Implement Dealers' Association in convention here, H. G. Moore of Kansas City, a director of the National Association of Credit Men, talked of business conditions today.

He advocated the election of Roosevelt and Hadley for President and Vice President of the United States as the cure for all existing business depression.

BERT H. FRANKLIN PLEADS NOT GUILTY.

Former McNamara Detective Accused of Jury Bribery Will Be Tried Next Month.

(By Special Leased Wire to New Mexican) Los Angeles, Calif., Jan. 17.—Setting at rest all rumors that he would throw himself on the mercy of the court, Bert H. Franklin, the former McNamara detective, accused of jury bribery, pleaded not guilty today to the two charges filed against him. His trial was set for February 27. Franklin is still under subpoena before the county grand jury, which is scheduled to resume tomorrow the investigation of the alleged bribery.

J. B. SNEAD INDICTED FOR MURDER OF BOYCE.

Indicted Man's Wife, a New Mexico Woman, Had Elopement With Son of Victim.

(By Special Leased Wire to New Mexican) Fort Worth, Texas, Jan. 17.—J. B. Snead, was today indicted, charged with the murder of A. G. Boyce, Sr., and his trial was set for Jan. 29. Snead, whose wife, a girl from Clayton, New Mexico, eloped with A. G. Boyce, Jr., to Winnipeg in November, shot and killed the father January 13.

FIFTEEN PROPOSALS TO REVISE OHIO CONSTITUTION.

These Include Initiative and Referendum, High License and Corrupt Practices.

(By Special Leased Wire to New Mexican) Columbus, O., Jan. 17.—Fifteen proposals to revise Ohio's constitution were submitted by delegates to the constitutional convention today. These embraced several plans for the initiative and referendum, a plan for submitting the question of licensing to the voters, elective franchise questions, and one complete constitution.

Are You a Seller?—An advertisement in the classified columns of the New Mexican will put your real estate on the market effectively. It will put the facts of your property before the eyes of all possible buyers.

REV. W. D. MCFARLAND REITERATES HIS INNOCENCE.

Aged Presbyterian Minister and Educator Confined in Tennessee Jail.

(By Special Leased Wire to New Mexican) Greenville, Tenn., Jan. 17.—Reiterating declarations of his innocence in connection with the death of his former secretary, Elsie Coe, Reverend W. D. McFarland, in jail here, today declined to talk with persons who attempted to reach him on the long distance telephone from Pittsburg. "I am not guilty—that is all I will say," declared Dr. McFarland.

MISS LULU GLASER GIVEN DIVORCE TODAY.

Her Husband Had Choked Her and Beaten Her a Number of Times She Declared.

(By Special Leased Wire to New Mexican) Chicago, Ill., Jan. 17.—Mrs. Ralph C. Herse, known on the stage as Miss Lulu Glaser, was given a decree of divorce today by Judge McDonald in the superior court some weeks ago. Miss Glaser told the court that her husband had beaten and choked her a number of times.

Success at Sea.

A youthful Canadian, who is possessed of the romantic idea of "going to sea," is meeting with much parental opposition.

"The sailor never amounts to anything, my boy," urged his prosaic father. "He works hard, has few holidays and never achieves great success." "That's where you're mistaken," exclaimed Young Canada, triumphantly. "Look at King George! He started out as a sailor, and now he's got to be the head of the empire."—Kingston Whelp.

HAD A SWEET TOOTH.

The Saleslady (applicant for position)—I'll take the place in the candy department.
Manager of Department Store—But it pays a dollar less than the position in the ribbon department.
The Saleslady—I know, but it's worth the difference.

The Singer.
And still a song rose to his lips, in spite of toil and trouble; The woe that unrelenting grips, And fame's elusive bubble.

Proof Positive.
"Mother," said Harold, "I've been out to the barn and taken all the shoes off the horse."
"Now, Harold," said his mother, "you are telling me a wrong story, and I shall punish you."
"No, truly, I have," persisted Harold. "I took them off, and then I put them on again. If you don't believe it, you can go out and look for yourself."—Harper's Magazine.

The Secret.
"Why do you have those glass cases with the ax, hammer, crowbar and so forth on these cars?" asked a traveler.
"Oh, those are put there in case any one wants a window open," replied the facetious man.—Red Hen.

Loud.
"Is this dress apt to be easily spotted?" she inquired.
"At least four blocks off, I should judge," answered the gentlemanly clerk.

CHANGED HIS OPINION.

Mrs. Henpeck—Solomon was a wise man.
Mr. Henpeck—O! yes! O! yes!
Mrs. Henpeck—He had six hundred wives.
Mr. Henpeck—Uh—he—he wasn't so er—wise after all.

Its Style.
The basket I got yesterday Was something of a pick; It's contents were eggs—quite right, Nay, really were quite chic.

Smoke Nuisance.
"Mother, what is a smoke nuisance?" "Your father."

PERSONAL MENTION

Though Not Relished.
(From Judge.)
A little lemon, now and then, is good for some conceited men.

Frank Peabody, of Moriarty, is in the city on business.
Good Roads Engineer W. R. Smythe is in the city from Las Vegas.
P. H. Knowlton, of Denver, representing a paper house, is in the Capital.

Mr. and Mrs. J. Van Houten of Raton, left the city yesterday for Albuquerque.

Alfredo Montoya of Pena Blanca, Sandoval county, was an inauguration day visitor.

Santos Ortiz, a merchant of Chihuahua, was in the city during the inauguration day exercises.

Rafael Herrera of Espanola, is in the city visiting his son, Diego, who is a student in the high school.

L. Montoya of Espanola left the city this morning for his home after seeing the inaugural ceremonies.

Paz Valverde, a ranchman of Nambé, was a visitor to the capital. He returned to his home last evening.

Frank Steward, of Clovis, is a visitor in the city and a guest at the Palace. He will be here for two weeks.

Gregorio Herrera of Santa Cruz, returned home this forenoon after visiting in the Capital the past four days.

Jessie Rivera, of Lumberton, was an inauguration day visitor. She left the city this morning for her home.

Jose Aleman, clerk of the school district of Polaque, left the city this morning. He was here to attend the inaugural exercises.

Miss Georgia Lesnet, who was one of the members of Governor McDonald's party, departed last evening for her home in Carrizozo.

The Rev. John R. Gass, Albuquerque, who has been in the city viewing the inauguration ceremonies, returned to his home yesterday afternoon.

J. H. Hicks, the prominent ranch owner of Santa Rosa, returned to his home last night. He was in the city to see the new governor inaugurated.

F. W. Drake of Hodges, commissary for the Santa Barbara Pole and Tie Company, departed last night for Albuquerque. He was an inaugural visitor.

R. C. Rankin, of Las Vegas, deputy traveling auditor, who has been in the city during the inauguration ceremonies, returned to his home last evening.

W. L. Radney, a ranch owner and Democratic leader of Roswell, returned to his home last evening after attending the inauguration festivities here.

Judge T. D. Lieb returned last evening.

Manicuring, Massaging, Chiropody, Vacuum Treatment.

Dandruff, falling hair and baldness positively cured. Pimples, blackheads, facial lines, absolutely removed. All kinds of hair work done.

ing to his home in Raton. While in the city he qualified for the office of district judge to which he is newly elected.

E. C. Herrell, president of the German-American Indemnity Company of Denver, who has been a guest in the home of Peter Liennu, returned to his home this morning.

Charles A. Spiess, Mrs. Spiess and their daughter returned to their home in Las Vegas after attending the social functions incident to the inauguration of Governor McDonald.

J. F. Miller, owner of the Valley Ranch on the Pecos returned to his home last night. He had been in the city since Monday, with Mrs. Miller attending the inauguration functions.

Dr. J. E. Pearce, president of the board of health and medical examiners, and Mrs. Pearce and daughter, returned to their home in Albuquerque after seeing the inauguration last Monday.

Mrs. George Dunning of Stanley departed this morning with her children for their home in southern Santa Fe county. They came to the capital to witness the inauguration of Governor McDonald.

Isaac Barth, state senator from Benito county, who has been in the city for the past few days attending the inauguration of Governor McDonald, returned to his home in Albuquerque last evening accompanied by Mrs. Barth.

Mr. and Mrs. John McCourt, and their son and daughter, Benjamin and Dorothy, who were members of the governor's party during the inauguration ceremonies returned to their home in El Paso last night.

John A. Haley, editor of the Carrizozo News and member of the Bureau of Immigration, and Mrs. Haley left the city yesterday for their home in Carrizozo. They have been in Santa Fe since last Saturday as inaugural visitors.

H. F. Robinson, in charge of the irrigation works of the Indians in New Mexico and Arizona, came up from Albuquerque last evening.

Rev. Alonzo Bright of El Paso, superintendent of Methodist Missions, is a guest of Rev. J. H. Shimer of St. John's M. E. Church.

Mrs. Ross of Albuquerque, is spending several days with the Presbyterian mission schools in this city. Her husband is the superintendent of the Menaul Presbyterian school at Albuquerque and Mrs. Ross is herself a teacher there. She is comparing ways of doing things here with the work done in Menaul.

COMMISSIONS OF NOTARIES PUBLIC.
(Continued From Page One.)

\$3.50; J. Andres Pacheco, deputy game warden, \$21.50.

Corporation Commission Organizes.
The state corporation commission met in the office of Attorney General Frank W. Clancy yesterday afternoon and organized by electing Hugh H. Williams of Deming, chairman;

George W. Armijo, clerk; Edwin P. Coard, assistant clerk. Chairman Williams drew the three year term; George H. Van Stone the five year term; and M. S. Groves of Carlshad, the seven year term. The commission will make its headquarters in the office of Secretary Antonio Lucero, and is at present hampered by lack of an appropriation and lack of statutes defining the duties of the commission and procedure.

Commissions of Notaries Public.
Assistant Attorney General H. S. Clancy has handed down the following opinion as to the commissions of notaries public given under the territorial form of government:

Mr. Chas. A. Scheurich, Clovis, New Mexico.

Dear Sir:—

Replying to your letter of the 8th inst. I have to say that it will not be necessary for notaries public holding commissions under the late territorial government, to make new appointments at the present time. By Section 4 of Article XXII of the Constitution, all laws of the Territory of New Mexico in force at the time of its admission into the Union as a state, not inconsistent with this constitution, shall remain in force as the laws of the state, so that there cannot be any question but what you continue in office until the expiration of your commission.

Yours truly,
(Sgd) H. S. CLANCY,
Assistant Attorney General,
Supreme Court.

The state supreme court met this forenoon at the Capital, with all the judges present, but was in session only a short time, the cases set for hearing today being postponed until tomorrow. It is expected that Judge H. D. Terrell will this afternoon file his bill on behalf of O. L. Owen, contesting the election of George H. Van Stone for corporation commissioner.

Nell B. Field, representing Van Stone, expects to question the jurisdiction of the court, and Thomas B. Catron for George W. Armijo, expects to intervene, alleging election frauds.

The following cases were reset for the dates given: Case No. 1432. L. M. Zederbaum, appellant vs. R. J. Thompson, appellee, appeal from the district court of Quay county, reset for hearing Jan. 23.

Case No. 1433. Territory of New Mexico, appellee vs. Richard G. Graves, appellant, appeal from the district court of Chaves county, reset for hearing, April 1.

Case No. 1438. La Cueva Ranch Company, appellant vs. Juan N. Rodriguez, appellee, appeal from the district court of Mora county, reset for hearing Jan. 20.

Change Next Week.
The local United States Indian school will be taken over by the new superintendent, H. F. Coggeshall, replacing Clinton J. Crandall, January 26.

UNION PACIFIC TARGET FOR BEAR ATTACK.
Spasmodic Selling of United Steel on Wall Street Today—Market Closed Steady.

(By Special Leased Wire to New Mexican) New York, N. Y., Jan. 17.—Neglect of the usual leaders in favor of a few specialties again characterized the stock market this morning. Manipulation of the Tobacco stocks and bonds continued and there was a further rise in some of the coalers.

Some investment specialties, including the telegraph and telephone issues were in better demand. The Standard stocks were listless but lacked the firm undertone evident yesterday.

Room traders sold the usual leaders freely in the second hour and forced prices below yesterday's closing. Union Pacific losing a point, U. S. Steel, American Smelting and the Hill stocks also were decidedly heavy. Pool operations in the Tobacco group were not impeded by the depression elsewhere, these issues all rising considerably higher than previously. Bonds were firm.

Recessions occurred in the afternoon before support became effective and the list rallied. Union Pacific was the target for the bear attack and there was spasmodic selling of United States Steel and Reading.

The market closed steady.

A better tone manifested itself in the late trading and there was quite a general revival of the early losses.

Closing Quotations.
New York, Jan. 17.—Call money 2 1/2-3; Prime paper 3 1/4-4 1/4; Silver 55 3/4; Mexican dollars 47; Copper 13 3/8-14 1/8; Tin 42 1/2-43; Lead 14 1/2-15; Amalgamated 65 1/8; Sugar 11 1/2-12; Achison 105 1/8; Great Northern 127; New York Central 106 7/8; Northern Pacific 116 1/8; Reading 153 7/8; Southern Pacific 109 5/8; Union Pacific 167 3/8; Steel 61 1/4; pfd. 110 3/4 bid.

OSAKA, JAPAN, HAS A \$15,000,000 FIRE.
New York, N. Y., Jan. 17.—Cotton, spot, unchanged; middling uplands 9.60; middling gulf 9.55. No sales.

THIRTY THOUSAND FAMILIES RENDERED HOMELESS BY FLAMES WHICH BROKE OUT AGAIN TODAY.

(By Special Leased Wire to New Mexican) Osaka, Japan, Jan. 17.—Fire broke out again last evening in the southern districts of the city but the outbreak was of a much less serious nature than that which occurred in the morning. The flames were extinguished before midnight.

The damage occasioned by yesterday's conflagration amounts to \$15,000,000. Thirty thousand persons homeless are being provided with shelter in the public buildings of the city.

Plays AND Players

The recital at the Elks' theater on Friday evening will be a great treat. Tickets for the Elks' Lyceum course will be honored at the door or can be exchanged for reserved seats at the usual place. As the rest of the course has been abandoned a refund will be made on season tickets.

Miss Mary McFie who will give the recital, is a teacher in the Sherwood music school of Chicago and a graduate of the Bush Temple of Music of Chicago. The Musical Leader, one of the leading musical journals of Chicago, speaking of a recital given by

per S. Cunningham who died in this city about a year ago and who was very prominent in the Masonic world, who was mainly instrumental in the locating of the beautiful new Masonic temple which is being erected in this city. Mrs. Cunningham formerly lived in Guthrie, Oklahoma, and at the time of her departure from that place among the numerous press notices was the following:

"With the departure of Mrs. Cunningham, the capital city loses one of

MISS MARY MCFIE.

her at the Sherwood music school a few weeks ago said:

"Miss Mary McFie sang an aria from 'Sampson and Delilah,' 'My Heart at Thy Sweet Voice,' by Saint-Saens, and a group of five songs. She sang with much feeling and understanding, and delighted an appreciative audience."

"Miss McFie has a dramatic Mezzo-Soprano voice of rich natural quality, and in the interpretation of the varied program showed genuine musical insight and appreciation. Her voice is of excellent range and the lower tones are under admirable control."

Mrs. Charles A. Cunningham, harpist, who will assist Miss McFie in her recital Friday night at the Elks' theater, has won great recognition both as a musician and as a composer. Mrs. Cunningham is the wife of Chas.

its most cultured and accomplished musicians and composers.

Mrs. Cunningham's execution on the piano, guitar and Italian harp has been the delight of the lovers of music for years and no musician was complete without her presence."

Also in speaking of her the St. Louis Globe-Democrat has said:

"Among the women who have won fame in musical circles of the United States is Mrs. Charles A. Cunningham of Guthrie, Oklahoma, who has shown such unusual talent as a composer of harp music as to attract the attention of publishing houses and the world at large wherever the harp is admired. Mrs. Cunningham as a player of the harp, acquired a western reputation several years ago beginning this line of work as a harpist for the Scottish Rite Masons of Oklahoma."

LIVE NEWS ITEMS FROM THE WINDMILL CITY.

Edward Pool Pleads Guilty to Carrying Concealed Weapon and is Fined \$100 and Costs.

Deming, N. M., Jan. 16.—A. A. Smith returned this morning from Shreveport, La., his old home, where he spent several weeks boosting the Mimbres valley. He made an extensive tour of east Texas and Louisiana and declared that he returns to New Mexico better pleased than ever with the Sunshine state. He traveled for hundreds of miles in Louisiana without seeing a single substantial improvement, and declares that El Paso has about it an air of much greater prosperity than New Orleans.

W. E. Holt has just purchased a twenty-five foot lot on Gold avenue half a block south of Spruce street, upon which he will build a fireproof building which will be large enough to accommodate the Graphic for many years to come. Work will be begun on this building immediately. The present quarters of the Graphic will be vacated as soon as this building is completed to make room for a large mercantile concern.

Rev. Adair, Presbyterian evangelist, of Texas, will open a union meeting in Clark opera house tonight. The services will continue indefinitely, and are joined in by all the churches of the town.

Ed Pool pleaded guilty in Judge Browning's court this afternoon to carrying a concealed weapon. He was fined \$100 and costs; George Johnson, charged with flourishing a deadly weapon, pleaded guilty, and was bound over to the grand jury in the sum of \$2,500; George Brooks pleaded guilty to being drunk and disorderly and was fined \$2 and costs.

Harry Whitehill of Oldtown, is in Deming today on business.

Rev. J. A. Land passed through Deming today en route to Silver City from Iowa where he has been assisting Rev. J. W. Campbell in conducting a series of revival meetings. He

reports 14 conversions, and 10 accessions to the church. There was a baptizing at the Mash O ranch last Sunday.

J. Allen Ray, presiding elder of the El Paso district, has just closed a series of revival meetings in Deming. There were 18 accessions to the church as a result of this meeting.

George A. Ehrenberg and wife of El Paso are in Deming on business.

R. H. Case went to El Paso today on business.

RED TAPE IN WAR DEPARTMENT

Must Be Unwound Before
Army Officer Can Accept
Honorary Position

COLD WEATHER COSTS MONEY

Will Add to High Cost of Living
All Over United
States.

Chicago, Jan. 17.—What a lot of red tape must be unwound before an army officer can accept an honorary position outside the army, Colonel William C. Gorgas, in charge of the Department of Sanitation on the Panama Canal Zone discovered before he became third vice president of the National Drainage Congress, organized last month in Chicago to meet first in New Orleans, April 19-23. A committee will accompany members of Illinois Manufacturers' Association on their trip to Panama to personally request the attendance of Colonel Gorgas at the meeting. The correspondence concerning Colonel Gorgas' election and his final acceptance with the approval of the Secretary of War comprised seven letters and official documents; all on one sheet of letter paper placed out to the length of legal cap. Colonel Gorgas Perkins, acting president, forwarded to the Secretary of War a letter asking official consent to the election. When this letter was received by the War Department a slip of paper was pasted to the end and the letter was folded, writing inside, so as to give four folds. On the first fold are a number of endorsements, showing briefly the contents of the letter and the writer, his address and the date; also the date of receipt, Dec. 11, and the file number, the Adjutant General's office stamp and file number, and the Surgeon General's stamp and file number. On the second fold is the first indorsement by the Adjutant General. Below this appears: "Second indorsement. War Department, office of Surgeon General, December 14, 1912. Respectfully returned to the Adjutant General of the Army, recommending that Colonel W. C. Gorgas, Medical Corps, be notified of his election as third vice president of the National Drainage Congress." On the third fold is the first indorsement from the Adjutant General, stating, "December 14, 1912. Respectfully referred to Colonel William C. Gorgas, Medical Corps, Culbreth, Canal Zone, Panama, to note and return. By order of the Secretary of War." On the third fold is also the fourth indorsement as follows: "Department of Sanitation, Office of the Chief Sanitary Officer, Ancon, C. Z. December 28, 1912. Respectfully returned, I desire to express my appreciation of the honor in being elected third vice president, and to inform Mr. Perkins of my acceptance. W. C. Gorgas, Chief Sanitary Officer." A cablegram had been sent to Colonel Gorgas at the same time the letter was written to the Secretary of War, so that he knew what it was all about when the document reached him through the circuitous method.

Cold Costs Millions.
The low temperature which in Chicago established new records of duration for nearly half a century will cost many million dollars in higher prices the country over for food and fuel and in losses of produce, fruits and plumbing. The cabbage and potato could not travel without extra precaution against freezing; the stoves and furnaces became inoperative and the way plumbing froze and burst was beyond anything ever seen, plumbing having been scarce in days of similar "cold spells." In the poorer tenement houses havoc was wrought with waterpipes, but plenty of expensive flats were in no better case. Shipments of produce practically came to a standstill and before the supplies

Hay Fever and Summer Colds MUST BE RELIEVED QUICKLY AND WE RECOMMEND Foley's Honey and Tar Compound

For quick and definite results. For MEASLES COUGH, for the COUGH that follows SCARLET FEVER, for CROUP, WHOOPING COUGH, for ASTHMATIC CONDITIONS, or a cough of whatever origin, including CHRONIC COUGHS of ELDERLY PEOPLE, use **Foley's Honey and Tar Compound** For sale by all druggists.

can be restored famine prices will prevail. The new Chicago coal monopoly refrained during several days of severe cold beginning to talk of famine but then began to shove the prices upward, notch by notch, carefully watching the public's willingness to be squeezed to determine how much of a harvest would be safe. Voluble explanations were made that the "railroads were slow." The warm weather which will follow this severe cold is expected to ruin the six million barrels of apples held in ordinary storage by speculators on January 1. Cold storage capacity was too small for the 1911 apple crop, although it is said that in Chicago alone a million barrels of apples are in cold storage.

Official Boosting Parties.
Official boosting parties for cities, states and sections, which received a fresh impetus from the recent meteoric jaunt of the western governors from Chicago to New York and back again, have received reprimand from Governor Blease of South Carolina in a letter to Colonel E. J. Watson, Commissioner of Agriculture of that state, for his activities outside the state in its behalf. The rebuke has started a discussion of what limits shall be put upon official zeal. With northwest states aflame with enthusiasm for their governors' triumphal journey to the complacent East, Governor Blease's letter of reprimand, after Colonel Watson had borne an active part in Chicago in the organizing of the National Drainage Congress, was a startling display of old fashioned ideas. In Kansas the Commissioner of Agriculture won national fame for his state by his work outside of it as much as by his work in it. Most of the South Carolina editors have taken up cudgels for Commissioner Watson, though he himself was quite mild in his reply to his superior officer. The Charlotte Observer said: "Governor Blease complains that Mr. Watson, who makes trips to cotton congresses, good-roads conferences, immigration conventions and various other meetings, has not been attending to his business; has not shut himself up in his office, put his feet upon the table, lighted a cigar and leaned back in his chair to ponder upon the movements of the people on Main Street. Whom does he expect to represent but the state at those conventions usually attended by Commissioners of Agriculture? If there is anything the South needs it is men who will go out into the highways and hedges and present the opportunities of the South to the men who have money for investment, to show the advantages of the South to prospective farmers, to proclaim the virtues of the South to the people of the North and the West who are ignorant of what we have in the way of opportunity. The Commissioners of Agriculture are specially fitted to attend to this work."

High Potatoes Bring Cheap Potatoes.
High potatoes now mean cheap potatoes when the next crop is harvested, according to Chicago market figures showing that in previous years an enormous increase in acreage of potatoes followed extremely high prices. The potatoes imported to supply the demand this year have established a new factor that threatens to ruin the hopes of all who hope to make a fortune in 1912 by planting their farms to potatoes and wringing a fabulous price for them from the consumer. Nearly a million bags, 3,000,000 bushels, had been imported up to January 1. Irish and English potato growers are not likely to forget this market after taste of high prices. "Indications are that the lowly spud will have first place as an agricultural gold mine—until the next crop swamps the market," said one prophet. The government reports put the farm value per bushel this year almost 50 per cent higher than for 1910, the average price quoted being 79.9 cents as compared with 55.7 cents in 1910 and 54.1 cents in 1909.

Western Insurance Companies.
The West has gained enormously in the total of funds of its insurance companies and Chicago has become a center in life insurance affairs second only to New York as bank clearings and other data go to show. As the largest of the western companies have invested most of their reserves in farm mortgages, the development of agriculture has been benefitted and the policy holders, where the companies were of a mutual character, have received higher dividends, and the interest return is consequently not declining except in specially favored districts; on the whole is advancing. On the other hand the legal reserve companies which invest in securities have suffered by the decline in the prices of stand bonds. They do not suffer so much as they formerly did from the much greater decline in stocks. Ever since the Armstrong legislation the investment of life insurance companies for 1910 showed

HON. JOSE ORTIZ Y PINO,
Elected Chairman Board of County Commissioners.

MARCELINO A. ORTIZ,
The Efficient Clerk of Santa Fe County.

that bonds made up 46 per cent of their ledger assets, with an average return of 4.34 per cent. The proportion of mortgage loans showed an increase as well as an increased return, being 5.08 per cent in 1910, as compared with 5.02 per cent in 1909, the first year in the last decade in which the average rate was more than five per cent. The average return for all classes of investments for 1910 was 4.75 per cent, but the figures for 1911 will not be available for several months. Assets of the legal reserve life companies at the end of the year are estimated at \$4,000,000,000 of which \$3,500,000,000 are reserves carried for the fulfillment of contracts under the law and over \$250,000,000 represent surplus to policyholders.

Billion Dollars in Mexico.
The billion dollars of American investments in Mexico again are increasing at a tremendous rate, according to Robert J. Kerr, a Chicago attorney who is considered an authority on Mexican law and politics. During the rebellion which ended thirty years of Diaz government, the British gained investments multiplied by ten, while the rate of investment of American capital dwindled to five or ten per cent of the normal. German bankers already have come over to buy properties which the war scare may have depressed in price or take up new projects of development or trade. The stability of property and of titles are said by Mr. Kerr to be even greater in Mexico than in the United States. A new railroad through Tabasco in

southern Mexico and the opening of the harbor of Frontera to shipping of the largest size has centered attention upon the Tabasco district where tropical agriculture reaches its greatest luxuriance. In early days the pirates of the Caribbean Sea found hiding in the network of channels of the Grijalva river, which now is the artery of commerce to the fertile interior and center of interest as restored peace brings new activity in that region.

DEAFNESS CANNOT BE CURED.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

SHE GAVE UP HOPE

When Mrs. Joseph Lombard, who lives at 225 Starr street, Brooklyn, wrote this letter in the hope that it would be seen by discouraged women, she did something that will be of help to many thousands.

She says: "After suffering for five years from weakness and loss of flesh without finding any relief, I almost gave up hope of ever getting better."

"About this time Vinol was recommended to me and I have found it a truly wonderful remedy. I have regained my health and feel strong and well again. I cannot say enough in praise of Vinol."

All weak, exhausted women and men, all pale, puny children and feeble old folks, can have new health and strength by taking this delicious cod liver and iron remedy. It contains no oil and is agreeable to even the most delicate stomach. Vinol is a great appetizer and body-builder for every person who is run down and weak. We give back your money if Vinol does not do all we claim. The Capital Pharmacy, Santa Fe, New Mexico.

THEODORE ROOSEVELT WOULD EXPLAIN ON FRIDAY.

Ex-President's Alleged Friendliness to Harvester Trust Dwelt Upon By Witness.

(By Special Leased Wire to New Mexican) Washington, D. C., Jan. 17.—F. J. Lowe, representing independent manufacturers, charged before the House subcommittee today that "fifty-one per cent of the stockholders in the Steel, Sugar, Beef and Bankers' trust also controlled the International Harvester Company."

He declared that the Department of Justice had "chloroformed every movement made to prosecute the Harvester Trust, shown by the fact that the Townsend report to the department in 1906 has slumbered there ever since."

Mr. Lowe said that last autumn he asked Colonel Theodore Roosevelt's advice as to what he should do to urge prosecution of the Harvester Company and Mr. Roosevelt had said: "You'd better come to see me later about that."

"Later," said Mr. Lowe, "I was astounded to learn that Mr. Roosevelt had placed a clean bill of health on the United States Steel Corporation. I also received a letter from Mr. Roosevelt stating that he could give me no advice on the Harvester Company and asking me to drop in any Friday morning and I'll explain why."

Mr. Lowe charged that in the formation of the "trust" the smaller manufacturers were frozen out. The actual work of forming the trust he declared, was directed by J. Pierpont Morgan, through George W. Perkins, Charles R. Flint, he added, was the original promoter, who turned his affairs over to Morgan and Company.

"We propose to show," said Mr. Lowe, "that the United States Steel Company gives rebates to the International Harvester Company and that the Belt Line Railroad in Chicago obstructs freight traffic of independents."

He also charged that the "trust" sold goods at home at a profit of 100 per cent and sold abroad almost at cost, demanding cash from American farmers, giving long term contracts to foreign trade.

"We charge that the International Harvester Company, through the National City bank," Mr. Lowe continued, "can break any independent concern in the United States."

COLD IN TEXAS KILLS CITRUS SEEDLINGS.

However, Orange Industry in Lone Star State Receives Only Temporary Setback.

(By Special Leased Wire to New Mexican) Houston, Texas, Jan. 17.—Young citrus fruit stock in Texas was killed by the recent cold weather, according to statements of nurserymen attending the Texas Land Exposition here today. However, the permanency of the orange industry in Texas was demonstrated during the cold wave, the loss of seedlings comprising only a temporary setback.

CARDINAL JOHN M. FARLEY GIVEN A GREAT WELCOME

Will Be Center of Ecclesiastical, Social, Public and Private Receptions.

(By Special Leased Wire to New Mexican) New York, N. Y., Jan. 17.—John M. Farley, arch bishop of New York, came home a cardinal to a welcome that will mark an epoch in his life. After an absence of two months abroad, he was the first of America's new "princes of the church," to touch home shores and, as such, many thousands prepared to do him honor.

Thousands stood along the line of march from the Battery to St. Patrick's cathedral at Fifth avenue and Fifth street, and thousands more, including a choir of six thousand parochial school children, gathered within the edifice to note with reverence his progress to the Episcopal throne today.

Today's ceremonies marked only the beginning of receptions, ecclesiastical, public and private, at which Cardinal Farley will be the chief figure during the next few days.

OFFICIAL PHOTOGRAPHS.

All the official inauguration pictures will be on sale today and tomorrow at Fischer's Drug Store.

FOR SALE—New Upton Upright piano—A bargain. Adolf Seligman.

ALLEGED FORGER TAKEN FROM ELEGANT SUITE.

Distinguished Looking, Refined Man Supposed to Be King of Hotel Swindlers.

(By Special Leased Wire to New Mexican) Denver, Colo., Jan. 17.—Taken from an elegant suite in one of the leading hotels of Denver, a refined, faultlessly dressed and well educated man, who registered as Barney Hillman, is held by the police charged with forgery. The last two letters of the name he signed to three checks which were cashed by two hotel proprietors, are said by the police to indicate that the man is none other than Harry Mann, known as the "King of Hotel Swindlers," alias George Mackley, George Haney, and others.

The Harry Mann, whom the police believe Hillman to be, is said to be wanted in many western cities for forgery.

ROBERT HOLLOWAY TAKEN TO HARROLD, TEXAS.

Alleged to Have Confessed to Robbing Bank There of Five Thousand Dollars.

Chicago, Ill., Jan. 17.—Sheriff J. D. Key of Willbarger county, Texas, left here today with Robert F. Holloway, who is accused of robbing the Harrold, Texas, bank of about \$5,000. The bank was robbed on April 13, 1910, dynamite being used on the safe. Police say Holloway confessed to the crime.

Studebaker Can't Afford It

Studebakers can't afford to build anything but good wagons. For nearly 60 years the Studebaker wagon has enjoyed a splendid reputation.

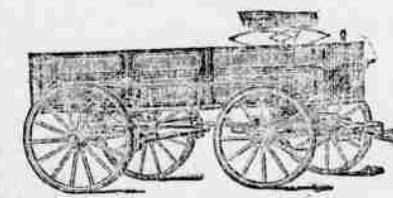

But—

Studebakers couldn't put out defective wagons [even if they were so disposed] without great injury to their reputation and business.

Studebakers jealously guard the quality of the goods that bear their name.

It pays Studebakers, and it benefits you.

Write for "The Farmer's Friend," it tells just how the Studebaker is built.

Light running—wears longest
