NUMBER 43

FIGHT WITH BANK ROBBERS

One of the Burglars Killed in the Melee.

A HEAVY IMMIGRATION WESTWARD

Launching of the Big United States War Ship West Virginia.

Wampum, Pa., April 18.—In a battle following an unsuccessful attempt to rob the First National bank of this place one man was killed and another seriously wounded. The dead man was one of the burglars and he has not yet been identified. The wounded man is Henry Willoughby, a baker, who surprised the burglars while at work. His injuries are serious but not fatal. Willoughby was passing the bank at an early hour on his way to work when he was suddenly confronted by a man who at the point of a revolver ordered him to throw up his hands and be quiet. He did so, but in his right hand was a revolver and a moment later both men fired at each other. Two other men rushed from the bank and took a hand in the shooting. The fight aroused the people in the vicinity of the bank and they were soon at the scene of the battle, but the burglars had fled. The men had broken into the banking rooms, but had not completed drilling the safe and the attempt at robbery was unsuccessful. This morning the body of one of the burglars was discovered in a vacant lot in the upper end of town. As the bullet wound was in the heart it is presumed that his companions had to drag or drive their dying comrade from the bank to where he was found. Willoughby was shot in both legs and it is supposed he fired the shot that killed the burglar. Great excitement prevails in the town and a posse has been organized to pursue the burglars.

Heavy Immigration to the West.

Chicago, Ill., April 18.—Western passenger traffic officials confidently predict that this season's immigration to the west will far surpass that of any former year. Thus far this spring the movement to the southwest and northwest through this city has been unprecedentedly large, and it is increasing as the weather grows warmer. It is estimated that more than 15,000 homeseekers have passed through Chicago thus far this month on their way to various sections of the west. The movement to the attractive sections of the British northwest is reported also as being heavier this year than ever before.

BIG BATTLESHIP.

The Steel Clad Cruiser West Virginia Launched.

Newport News, Va., April 18.—It is estimated that 25,000 people witnessed the launching here today of the ar-

BAPTIST MISSION BOARD.

An Important Meeting Held Here Yesterday Afternoon.

FACTS ABOUT MEETING.

A meeting of the New Mexico Baptist mission board was held yesterday afternoon at the home of Rev. Herman J. Powell, on South Broadway. The principal work before the mission board was a consideration of the extension of the mission school work in New Mexico, which developed into the action of the board in ordering a new school to be erected at Alcalde, north of Santa Fe, in Santa Fe county, and improvements were ordered made in the school at Velarde. The Baptist missions board is branching out and doing excellent work in educational lines. The action taken by the board yesterday is one of the most important extensions in the enlightening work in the southwest.

Dr. N. B. Rioridan, of Omaha, general superintendent of the trans-Mississippi division of the Baptist home mission society, who was in attendance at the meeting, left last night with W. H. Rashel, principal of the Baptist mission school at Velarde, for the site of the new school which is to be erected in Santa Fe county. H. F. Hammond, president of the First National bank of Clayton, who attended the meeting in company with his wife, returned to Clayton last night.

mored cruiser West Virginia. It was almost noon when the big ship glided from the ways to take its place in the list of the American navy.

A distinguished party attended the event, headed by Governor White, of West Virginia, and his official staff, and including the West Virginia senators and representatives and prominent officers of the army and navy who came from Washington. The christening ceremony was performed by Miss Katherine White, daughter of the West Virginia governor, and who had as her maids of honor, her sisters, the Misses Grace and Ethel White and Miss Ashton Wilson, daughter of ex-Governor Wilson.

As the sound of the hammer under the West Virginia's keel slowly died away the waiting multitude was breathless in anticipation of the rapidly approaching moment when the 5,000 tons of shapely constructed armor would leave the ways. Suddenly from the depths below came the measured sound of a saw. As though by magic command every sound was hushed and a stillness fell over the expectant mass of humanity; every ear was strained to hear the sound of the mighty steel blade as it slowly cut its way into the large oak plank which alone separated the sliding and the greased ways. As the bottle of champagne was surrendered to Miss White the silence that pervaded the yard was oppressive. Suddenly there was a snap, the cracking of timber, and for an instant the monster hull quivered on its bed.

Gathering strength and clutching the gaily decked bottle more firmly as the ship started down the greased ways, Miss White, the proudest young woman in America, quickly broke the bottle against the receding bow. As the beautifully decorated bottle was crushed into a thousand fragments against the impressionless steel prow of the mighty warrior the fair sponsor drew a breath of gratulation and from her parted lips with womanly sweetness fell the words: "I christen thee West Virginia."

The great cruiser, radiant in hunting red, white and blue, swept gracefully down to meet the blue waters of the James, and in their embrace complete the symbol of the starry flag. Cheering was incessant and the air was laden with caps and hats as the enthusiastic multitude gave full vent to their patriotic feelings. The big hull had meanwhile floated gracefully out to midstream where she was brought to and anchored. For a quarter of an hour the tugs and other small craft with which the river was filled, kept up an incessant tooting of their whistles in honor of the latest addition to Uncle Sam's navy. When everyone had finished cheering the christening party, numbering some 500 persons, boarded the steamboat Newport News which conducted them to Old Point Comfort. Here they were the guests at an elaborate banquet furnished by Calvin B. Orcutt, president of the Newport News Shipbuilding & Dry Dock company, the builders of the West Virginia and a number of the other crack cruisers and battleships of the United States navy.

The cruiser launched today, when completed, will be one of the fastest ships in the service. She will be 502 feet over all, nearly 70 feet beam, will displace more than 15,000 tons, and draw 24 feet of water. Two sets of triple expansion engines will develop 23,000 horse power, which will drive her at a speed of 22 knots. Her bunker capacity will be 1,850 tons, and she will carry 43 officers and 783 men.

An armor belt, six inches thick at the maximum, will protect her, and four 8-inch guns in turrets will constitute her main battery. Fourteen 6-inch rapid-fire guns will make up her broadsides, and she will carry a secondary battery of eighteen 3-inch, twelve 3-pounders, four 1-pounder automatics, four 1-pounder rapid-fire, six Colt automatic, two machine guns and two 3-inch field pieces.

The West Virginia is of the same type as the Nebraska, California, Maryland, Colorado and South Dakota, all of which when completed will be su-

perior in fighting capabilities to any armored cruiser now in service or projected.

Cold in Europe.

Vienna, April 18.—Snow, blizzards and severe cold prevail in the southern provinces of Austria, which is quite unprecedented at this time. In Vienna the suburban street car lines suspended operations and telephone and telegraph lines were uninterrupted. An immense amount of damage is done in the fruit growing districts.

Eight Hour Day Wanted.

Louisville, Colo., April 18.—At a mass meeting of the miners of the Northern coal field last night resolutions were passed calling for an eight hour day after May 1. No trouble is anticipated as several of the smaller coal companies have already signified their willingness to operate the mines on this basis.

Monday Night's Union Meeting.

At Carpenters' hall, on West Gold avenue, on Monday night there will be a meeting of all the union men in the city. A matter of very great importance will come up, and all interested should be on hand promptly at 7:30 o'clock. Through some mistake there was a notice published calling this meeting off, but it will be held as originally intended.

The National Guard.

Colonel Borrodais has received information that the inspection of the national guard has been postponed until the middle of May and that a great deal of interest is being shown everywhere, except here. The Las Vegas company has fifty, the cavalry troop 55, the Las Cruces company 46, the Santa Fe company 60 and the Silver City company 60. Albuquerque is lagging behind. There is no reason why this city should not have the crack company of the territory.

FOUND DEAD.

Ghastly Domestic Tragedy in the City of Pueblo.

Pueblo, April 18.—Homer H. Haycock, formerly special policeman in Denver, and his wife, Eva Haycock, were found dead in a room at C and Victoria streets at 11:30 today, each with a 38 caliber pistol wound in their heads. From the position of the bodies it would seem that the woman had shot the man and then turned the weapon on herself, as she had the revolver in her hand when found. They came here from Segundo, Colo., two weeks ago. The woman was working in the Colorado laundry and was sent for by her husband about 9 o'clock. They were heard quarreling and shortly afterward the shots were fired. No cause is yet learned.

TRIAL OF HOWARD.

Prisoner Denies That He Fired Shot That Killed Goebel.

HIS DEFENSE AN ALIBI.

Frankfort, April 18.—James Howard was called as the first witness for the defense in his trial today for the murder of Governor Goebel. He testified to arriving here shortly before the shooting. He repeated his former testimony that he was in the Board of Trade hotel, when he heard of the shooting and that he had not previously that day visited the state house grounds. His defense is an alibi and in support of this he gave the alleged movements of himself about the hotel from the time of his arrival until after the shooting. He denied that he knew Taylor, Culton or Goebel. Witness also denied emphatically that he ever saw Henry Youtsey until he met him in jail and he denied positively and emphatically that he ever received a letter from Governor Taylor or did any of the things to which Youtsey testified. Howard had not concluded his story when the court took a recess.

Patriots' Descendants to Dine.

New York, April 18.—At the annual banquet tonight of the Empire State society, Sons of the American Revolution, there will be launched a project for the erection of a monument in Brooklyn in memory of the American patriots who died in prison ships in Wallabout bay during the revolution. During recent excavations at the Brooklyn navy yard preparatory to laying the keel of the new battleship Connecticut the hull of one of the famous revolutionary prison ships was unearthed.

Fatal Collision.

Indianapolis, April 18.—As the result of a collision between an interurban car and an automobile today Dr. Chas. Howard, of St. Paul, Ind., was killed, and Richard Rice, of this city, badly injured.

LEE IS ABSENT

Lieutenant Governor of Missouri Cannot be Found.

SHAMROCK III BEING REPAIRED

Annual Session of the Academy of Political and Social Science.

DEATH OF SOUTHERN PACIFIC SURGEON

St. Louis, April 18.—Mrs. Lee, wife of Lieutenant Governor Lee, who arrived here today, said regarding her husband's absence: "It was on my advice that his husband went away. He is not in condition to appear before the grand jury."

Asked when he would return, Mrs. Lee refused to say, but added: "He is not running away. There was no subpoena served upon him for the St. Louis grand jury. He is a sick man, and is not in condition at present to take part in this affair. His physical condition rendered it necessary for him to go away."

Conductor Gibson, of the train on which Lee left Kansas City at the round house, says he is not sure that Lee was on the train, but a man answering his description is said to have gotten on the train for Chicago by mistake and he took the train going south at the round house.

SHOT HERSELF.

An Insane Woman Puts Bullet Into Her Breast.

CAUSED BY A LOST HUSBAND.

Mrs. Martha Walden, a German woman about thirty years of age, who was employed as a cook at a ranch on the mesa, east of the university, committed suicide about 12:30 o'clock today, by shooting herself through the heart.

The rash act was committed under a temporary mental derangement. There is little known of the former history of Mrs. Walden. She had been working as cook at the ranch about eighteen days, previous to that time she was staying at the Minneapolis house, having been in the city only a short time.

About a week ago she received a letter from Cerrillos which seemed to worry her considerably. Yesterday another letter was received, which she carried around clutched tightly in her hand, and her actions were exceedingly strange.

This morning she accused the owner of the ranch of being an officer and meant to take her life. He immediately tried to console her, intending to bring her to the city and turn her over to the authorities. But when he hitched up she would not get in the carriage, but started out on foot across the mesa, saying she was going to Cerrillos, that she knew the man at that place was her Jack. Further than that it was impossible to gain any information about the man named Jack. About noon she returned and was almost hysterical, fearing some one would take her life. It was seen that she had reached an alarming state of insanity. She was watched closely and finally consented to be brought to the city. She had gone to her room to get ready to make the trip when a shot was heard. The owner of the ranch rushed into the room and found her lying across the floor with a smoking pistol in her hand. She died almost instantly without speaking a word.

Marshal McMillin and O. W. Strong & Sons were notified and drove out to the ranch to bring the dead body in.

A search was made for the letter, which was supposed would solve the mystery. It was found concealed in the bosom of her dress, and was written in German, which, when translated, read as follows:

El Paso, Texas, April 3.—Mrs. Martha Walden: Your letter I have received. You would like to know what I know of your husband. This I shall tell you in short words. He was here in El Paso in September, looking for his wife; could not stay here very long because he had not much money. From here he was sent by an employment agency to Nevada, from where he wrote me. I have answered his letter, but could not give him any informa-

tion concerning his wife, because my brother could not find her immediately in Cerrillos. After this I did not hear from her again. The man which you knew in Cerrillos as Jack Reper is now here in El Paso; he is my brother and an honorable man and not W. Walden. My brother will leave tonight for Cerrillos. Further I have to remark that you will from now on leave my brother alone (in peace). It was good will on his side, inquiring about you. Walden's address was: W. Walden, in care of Kilpatrick Bros. & Collins, Nevada. That is all I can write about Walden.

HERMAN PEPPER.

From the substance of the letter it can be taken that she had been seeking to locate her husband, from whom she had been separated a long time, and that the husband had been looking for his wife. That the Jack Reper mentioned had taken it upon himself to find the husband for the wife. The difficulty and hardships encountered by Mrs. Walden in seeking her husband had undoubtedly unbalanced her mind.

A telegram was dispatched to Herman Pepper, the writer of the letter, who will be expected to throw some light upon the mysterious suicide.

An inquest will be held this afternoon at the undertaking parlors of O. W. Strong & Son, but nothing will be done with the remains until word is received from the El Paso man and an effort is made to locate her husband.

BEING REPAIRED.

The Shamrock's Rigging Will Soon Be Good as Ever.

Weymouth, April 18.—The Shamrock III, challenger for the America's cup, which was dismantled in a squall yesterday is rapidly being overhauled. The destruction of her standing gear was almost complete. Everything above deck must be renewed. The wrecking crew is not trying to save much, the object being to clear away the wreckage as quickly as possible. Lloyd's agent inspected the damage today. An official estimate of the loss is available, but it thought that \$25,000 will cover everything.

Death of Railroad Surgeon.

San Francisco, April 18.—Dr. Matthew Gardner, chief surgeon of the Southern Pacific, died this morning at the railroad hospital in this city as the result of an operation for appendicitis.

Bad Man Captured.

Denver, April 18.—"Cherokee Bill," who escaped from the county hospital yesterday morning and was captured last night, will be taken to Pueblo on Monday to stand trial on the charge of robbing the postoffice at Carlton, Powers county, this state.

DISTRICT COURT.

Librado C. De Baca Found Guilty of Forgery.

OTHER COURT MATTERS.

The case of the territory vs. Librado C. de Baca, of Pena Blanca, charged with the forgery of a check of Santos Ortiz, of Santa Fe, on the First National bank, was tried yesterday afternoon, and the jury this morning returned a verdict of guilty. The territory's evidence showed that the defendant had, without authority, signed the name of Santos Ortiz to a check for \$9 upon the First National bank, which he had cashed at the saloon of Bachechi & Glom, which the First National bank paid, and was unable to charge to the account of Ortiz. The defendant's story was to the effect that he and Ortiz with others had been drinking and gambling that night, and that Ortiz became intoxicated and was unable to write his check and asked the defendant to do so, and while admitting the writing of the check he claimed it was written by the express direction of Ortiz.

The case of Ernest A. Tieten et al. vs. the Bluewater Land & Irrigation company, suit for \$40,000 for breach of contract, set for trial today, was continued until Monday, June 8, next, in order to enable defendants to take a deposition of a witness in the Philippines.

The court gives notice to members of the bar that on Monday morning, April 20, at 9:30 o'clock, the civil docket will be called for the purpose of setting civil cases for trial, in which juries have been waived.

Word reached this city today that James S. Black, formerly foreman of the Morning Democrat, and Mrs. A. E. Bacus, who conducted a boarding house on West Gold avenue, were united in the holy bonds of wedlock the other day, the ceremony being performed at Denver. They will reside at Butte, Mont.

BRIBE TAKERS BEING INDICTED

Missouri State Senators Indicted by Grand Jury.

THOUSANDS OF IMMIGRANTS COMING

Kansas Bank and Postoffice Entered by Robbers and Looted Last Night.

Jefferson City, April 18.—It is only a matter of conjecture as to who were indicted here today by the grand jury last night in connection with the legislative bribery charges. Sheriff Smith is out of the city and his return is watched with interest, for he will serve the warrants. The grand jury will report late this afternoon and it is said on authority that four more indictments will be returned for bribery and these will probably be against state senators, two of whom live in St. Louis. These indictments will be in connection with alum legislation. Judge Hazell today took under advisement the cases of Page and Hickox, who refused to state to the grand jury from whom they received bills of the denomination of \$1,000 and \$500, until April 27, to which date he will adjourn court today.

Circuit Attorney Folk has given Sheriff Dickens instructions to exert every effort to locate Senator Farris and other senators wanted by the grand jury. It is thought possible that Farris went to his home at Steelville. Attachment may be issued for him if he is found.

Rev. Crayton S. Brooks, of Jefferson City, was one of the first witnesses to greet Folk today. He gave Folk his views of hoodlums at the capitol.

Other witnesses are Representatives George K. Lieber and Joseph R. Lee, of St. Louis, and J. T. Craighead.

Why Lee is Hiding.

St. Louis, April 18.—"Lieutenant Governor Lee is absent from St. Louis because he is physically unable to undergo the strain of testifying before the grand jury. He has undergone a terrible nervous strain in the last few months and must have rest," said Robert E. Lee, brother of the lieutenant governor. "I do not know his address in Chicago, but I have reasons to believe that he is there and I will probably hear from him today. He is simply getting into condition to testify before the grand jury. He needs quiet for a week or so and he is going to get it. He will be in St. Louis to testify before the grand jury soon, probably Monday. I know that to be his intention."

The grand jury today resumed investigation of the baking powder legislation charges but several of the witnesses summoned did not appear.

Thousands of Immigrants.

New York, April 18.—This month is expected to break all records for immigration at this port. At the close of today's business 64,000 aliens had passed Ellis island in eighteen days. Those scheduled for the remainder of this month indicate that the total for April will exceed 90,000. May of last year with 82,000 immigrants is a record month at the island. Reports from European sailing ports indicate that more than 100,000 aliens will arrive next month.

Glass Works Closing Down.

Pittsburg, April 18.—The fires in all the factories controlled by the Federation Window Glass company and the Independent Window Glass company will be blown out today and production will cease for an indefinite period. The American Window Glass company already has closed all but its machine-equipped plants so that today's shutdown means complete idleness during the summer for the thousands of men employed in the window glass factories of the Pittsburg, Ohio and Indiana districts.

Bank Robbed.

Emporia, Kas., April 18.—Cracksmen wrecked the vault and safe of the Allen State bank at Ellen, a small town ten miles north of here early today and escaped with \$2,700. Building also was badly damaged by the explosion. At Admire, another small town a few miles east of Allen, the postoffice was broken into and a small amount of money taken.

Intercontinental Railroad.

New York, April 18.—Charles M. Pepper, United States commissioner to South America, charged with the

promotion of the Inter-Continental railroad, sails today for Colon en route to Chilli. Later he will proceed to Buenos Ayres, which he will make his headquarters for some time, making trips thence into Brazil and the Atlantic states. He will shape his return trip through Bolivia, Peru, and Colombia, reaching the last named country next November. Much interest is manifested in the railroad interests in Dr. Pepper's mission.

Primrose Day Observed.

London, April 18.—Primrose day, otherwise the anniversary of the death of Lord Beaconsfield, who died April 19, 1881, was generally celebrated here today. About two-thirds of the people in the streets wore primroses in their buttonholes. Beaconsfield's statue in Parliament square was very effectively decorated with wreaths and other floral offerings sent from many parts of the world.

Union of Railway Clerks.

Chicago, April 18.—If plans formulated at a conference held at the Briggs house today go through the result will be the permanent organization of a national union of railway clerks. The organization of the clerks will leave no branch of railroad employees unorganized. This movement has been under way for some time and the new union will be affiliated with the American Federation of Labor.

David Padilla, who was arrested yesterday morning with the harness stolen from the barn of Isaac Cox, of Brockmeier & Cox, more than a year ago, was not given a hearing in Justice Crawford's court this morning, but will be held until investigations have been made. Padilla has always borne a good reputation, and the officers are inclined to believe his story, that he purchased the harness from a colored man in Alameda.

Manager A. B. McGaffey, of the Hyde company, has returned from the Navajo Indian reservation, where he spent several days, securing the best and most expert Indian curio producers to represent the Industrial Indian of the southwest in the great Indian congress to be held at Coney Island this summer. He was successful in securing the artists he desired, and they will depart for the famous summer resort in a few days.

A DEMENTED GRADER.

Removed From Hospital to the County Jail in Old Town.

IN A BAD CONDITION.

Elizze Hayes, a friendless demented railroad grader man, who was brought to the St. Joseph's hospital about two weeks ago from the Lantry grading camp on the Santa Fe cut off, was taken to the county jail this morning until he can be sent to the insane home at Las Vegas.

Hayes was taken sick with pneumonia at the grading camp some three weeks ago. He became seriously ill, and the medical attendance at the camp being limited, he was sent to this city and placed under the care of Dr. Wroth at the sanitarium. Before he had fully recovered from the attack of pneumonia he showed signs of insanity. For the past week it has been necessary to keep a guard over him. His cries and yelling disturbed the other patients so much that it was necessary to have him removed.

Hayes is a man past the prime of life and there is little hopes of his recovery. He will be detained at the county jail until arrangements can be made to send him to Las Vegas.

Edward Grunsfeld, of the Equitable Life Assurance society, who was at the Las Vegas hot springs the past week or ten days, has returned to the city.

If anybody is sick at your house, that makes it all the more important that you should come here for the medicines which your doctor prescribes. The markets of the world do not afford purer drugs than we dispense. Our stock of DRUGS and SUNDRIES is full and complete.

The Daily Citizen will be delivered in the city at the low rate of 15 cents per week, or for 60 cents per month, when paid monthly. These rates are less than those of any other daily paper in the territory.

It is the invested dollar that builds up cities.

The city of Santa Fe is promised free mail delivery about September 1.

There are 3,536 persons in the United States who are one hundred years old.

Sand: To forgive a fault in another is more sublime than to be faultless one's self.

One pound of washed wool produces on an average a yard of cloth thirty-six inches wide.

There are 51,535 divorced people in the United States, of whom 32,205 are women, and 19,330 are men.

A new word has been coined by the Raton Gazette. It is "petroleumologist," a man who locates oil and never makes a mistake.

The mint at Philadelphia turned out more than 70,000,000 bright new cents last year, one piece for every man, woman and child in the United States.

The state experimental station of the University of Minnesota has succeeded, after long and patient efforts, in growing potatoes and tomatoes on the same vine.

Infant mortality is something frightful. We can hardly realize that of all the children born in civilized countries, nearly one-fourth die before they reach one year.

The mining and fuel industries are now carrying every ounce of wage scale the industries can stand up under. The merchants and business interests know this to be true.

Starting in a small way fifteen years ago Chicago's municipal electric light plant, now the largest in the world, has according to its current report, paid for itself and has \$135,000 to its credit.

Delegate Wilson, of Arizona, says that he will oppose the uniting of Arizona and New Mexico into one state. This was to be expected. Mr. Wilson is a democrat, and naturally opposed to things.

The cattle raisers will all have money on and after the May delivery. The ranges are fine and the cattle in good shape, and buyers are paying \$15, \$18 and \$20 a head for one, two and three year olds.

The output of the Lake Superior copper district last month exceeded 17,000,000 pounds of refined copper, the largest amount produced in any single month since the metal was first mined in that section. The production of the lake district is increasing gradually.

The new Minnesota capital building, which is soon to be completed at a cost of \$4,500,000, will be one of the most stupendous public buildings in the world. Constructed entirely of

Georgia marble, it is 433 feet long, 233 feet wide at its center, and 220 feet high from the basement to the top of the dome.

As a railroad tourist orator, Roosevelt cannot equal McKinley and falls far behind Harrison. It is probable that Harrison was the most effective of hand talkers who ever occupied the White House.

In 1880 the total number of insurance policies in force in the United States was 916,364, with a valuation of \$1,584,717,001. At the end of the year 1901 the number had increased to 16,030,724, representing a value of \$9,593,846,948.

The death of a woman at Monmouth, Ill., resulting from insanity induced by hypnotism, should serve as a warning to the foolish ones who, from mere curiosity, dabble with forces of which they have no conception. Leave the occult to the learned—at least do not experiment on your friends.

POSITION OF MANUFACTURERS.

The resolution adopted by the National Association of Manufacturers upon the relation of employers and employees form a distinct definition of the position which the leading manufacturers of the United States take in regard to this highly important matter.

They declare that employees have a right to organize unions, and that with due regard to contracts, they have a right to leave the service of their employers. They also declare, however, that corresponding rights belong to the employers of labor, that no discrimination should be made against a workman because he is not a member of a union, and that all men should be free to work whenever they have an opportunity, without reference from other men of the same trade.

Boycotts and black lists are both condemned, and employers and employees are advised to settle their differences by conference and agreement instead of by lockouts and strikes.

MAY BE MUZZLED.

The dispatches state that Secretary Root of the war department has taken prompt action in the matter of the published interview of General Frank D. Baldwin, commander of the department of Colorado, in which that officer spoke of the negro and Filipinos as if they were no better than dogs. The objectionable language was published under a Denver date on the day it was supposed to have been uttered. The secretary has taken no action further than to address a note to General Baldwin asking for an explanation. It is needless to say that provided the quoted language is found to be true there will be a new man in command of the department of Colorado immediately. This is a republican administration and it is working for the best interests of the entire people regardless of race or color.

THE ICE WATER HABIT.

The American people have the unique and surprising habit of drinking ice water.

The time selected for this extraordinary custom is still more surprising. It is drunk at meals! Think of this thing. The American comes to his meal with his stomach, or what is left of it, to work on the food he eats for life and strength. The stomach can only work at a temperature of 98 degrees, F. The body forces must be used to keep up this temperature. In the midst of this stomach work the American pours into it gills, pints, and even quarts of ice water at a temperature of approximately 32 degrees F. All stomach work is thereby arrested until this frost temperature is overcome, and the body temperature of 98 degrees re-established. Think of such stupid, unnecessary waste of force! The American people are alone in this bad habit. No wonder they are the prize dyspeptics of the world.

INSURING AGAINST BAD DEBTS.

Several recent failures in the business world have again called attention to the possibility of minimizing the effect of such failures by means of credit insurance. Almost every kind of catastrophe is now shorn of its full powers of destruction by means of insurance of one kind or another. Why not deal with the catastrophe of insolvency in the same way?

The first attempt to use credit insurance in this way was made in England and in France about 200 years ago. Perhaps because it lacked the information which is now furnished by mercantile agencies the credit insurance companies of century before last did not succeed. Of late years the credit insurance idea has been revived and has met with better luck. Its application to ordinary losses from ordinary insolvency and to the extraordinary conditions resulting from extraor-

inary failures cannot but be of interest both to the processor of political economy and to the practical business man.

INDIAN SCHOOL NOTES.

Among the improvements noticed at the school during the past week are several new flower beds marked out and planted, also the place being prepared for a new blue grass lawn between the boys' and girls' home. We also notice a new coal house and some new sidewalk between the clerks' and carpenters' cottages. This greatly adds to the appearance of their back yards, as well as to the comfort of the occupants.

The school room teachers are also having their ground prepared, where they will take their pupils out and teach them the principles of gardening and irrigating.

Supervisor Wright has been attending court this week, as he is looking after the interest of the Pueblo of Isleta.

Ramon Johnson has been on the sick list for a few days, but is now on the mend.

The children will be given a party in the assembly hall this evening.

Miss Estelle Reel, national superintendent of Indian schools, passed through the city last evening. She had planned to stop over and visit the school, but she received a telegram requesting her to be in Chicago on Monday so she could not stop over.

The best news we have to relate is about the arrival last evening of twenty-eight fine bright Navajo boys, fresh from the reservation. Dr. Wood has been out at Fort Defiance for the past few days and secured these boys for the Albuquerque school. He goes back this evening for another delegation.

JEMEZ & SULPHUR HOT SPRINGS STAGE LINE.

Carries the U. S. mail; only line with a change of stock en route; good rigs, horses and drivers; leaves Albuquerque every day in the week, except Sunday, at 5 a. m. For particulars address W. L. Trimble & Co., agents, Albuquerque, or J. L. BLOCK, proprietor, Jemez, N. M.

SILVER CITY.

From the Enterprise. A local lodge of Red Men will be organized in this city next week. The lodge starts out well with a charter membership of over thirty representative citizens.

George Cundiff and Robert Golding spent several days in El Paso this week. Mr. Cundiff was accompanied home by his interesting family, who will reside here in the future.

Joe O'Reilly, the agent for the Washington Life Insurance company for New Mexico and Arizona, arrived in the city on business for his company.

T. C. McDermott, of the Faywood Hot Springs hotel, was in the city laying in supplies for his big hotel. Mr. McDermott reports business good at the resort.

Miss Fannie Fleming, the pretty and accomplished daughter of Col. J. W. Fleming, was confined to her bed during the latter part of last week, but has so far recovered as to be up and around again, much to the delight of her many friends.

Pascal R. Smith, who is interested in promoting the big sanitarium project at Deming, was in town this week. He was accompanied by his daughter, Miss Lillian, who spent the day visiting her college friend, Miss Ebersole, at the Hotel San Vicente.

W. N. Hager, formerly station agent at Mesilla Park, is now owner of some mighty fine farm land in the Mesilla valley, was in the city Tuesday looking into the local alfalfa market. Mr. Hager is enthusiastic over ranching prospects in the Mesilla valley for the coming year. Crops are in splendid condition and the river is flowing full with the promise of plenty of water for the summer months.

Half and Half.

The dyspeptic may well be represented pictorially as being half masculine and half feminine, and combining the least desirable characteristics of either sex. He has all the stubbornness of the man with the peevish irritability of a sick woman. He's not pleasant company at home or abroad.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other diseases of the stomach and associated organs of digestion and nutrition. It renews physical health which carries with it cheerfulness of temper, and makes life a pleasure instead of a penance.

The "Discovery" purifies the blood by eliminating the corrupt and poisonous accumulations from which disease is bred. It increases the activity of the blood-making glands, so increasing the supply of pure rich blood, which gives life to every organ of the body. It gives new life and new strength.

"Your 'Golden Medical Discovery' writes Mr. M. H. House, of Charleston, Franklin Co. Ark. 'I had the worst case of dyspepsia, the doctors say, that they ever saw. After trying seven doctors and everything I could hear of, with no benefit, I tried Dr. Pierce's Golden Medical Discovery and now I am cured.'"

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

The Common Sense Medical Adviser, 1008 large pages in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

SENATOR SUTTON

of Burlington, Vt., Does Not Wait for Sickness.

HE USES

Paine's Celery Compound

The Spring Health Giver. Whenever He Feels Out-of-Sorts, and Thus Maintains Regular Health and Vigor.

Paine's Celery Compound is more talked of in the springtime in each state, city, town and village, than any other medicine now before the public. It has a place in the homes of the wealthy, influential and intellectual; it is the disease banisher that has the entire confidence of our men and women who toil daily in workshops, stores,

E. M. SUTTON.

offices and homes. When the first warning symptoms of physical weakness and disease are experienced, wise and prudent men and women invariably seek new vitality, health and strength in nature's health builder, Paine's Celery Compound. If the reader of this article finds it difficult to obtain restful sleep, if nervousness and weakness are causing alarm, if the blood is impure and sluggish, if rheumatism, neuralgia, dyspepsia, kidney or liver troubles are commencing to annoy, follow the safe and wise example of ex-Mayor Sutton, of Burlington, Vt., use Paine's Celery Compound and promptly banish the little ills; do not wait till you are sick. One bottle, as a rule, will brace the nerves, correct impaired digestion, cleanse the blood, and make you robust and strong. Read Senator Sutton's cheering testimony:

"People have often asked me how I managed to keep so well, for although out in nearly all kinds of weather, and traveling considerably, I have no aches or sickness. My one answer has been, that instead of waiting until I am sick in bed and forced to stop work for a while, whenever I feel out-of-sorts the least bit, I take Paine's Celery Compound, which keeps me well and strong. It is a great deal better, in my opinion, to take a medicine that keeps one well, rather than to wait for sickness and then hunt around for a medicine or a doctor. I have been a hearty advocate of Paine's Celery Compound since it was first made a great many years ago, and have yet to hear of a case in which it has failed to fulfill its promises."

Railroad Topics

Owing to a serious attack of neuralgia, Fireman McCannan is still off duty.

In less than one year an American company has built twenty-seven viaducts on the British Uganda railroad, using 6,000 tons of steel in the work.

Jack Taft, engineer on the Rincon-Deming-Silver City branch, is at Mineral Wells, Texas, for his health. For some time Mr. Taft has been in poor health.

A meeting of the baggage agents of Texas will be held at San Antonio next week to discuss important matters. One of them is the transportation of dead bodies.

The Fort Smith & Western railroad, now building 200 miles from Fort Smith, Ark., to Guthrie, will establish full train service next Monday, over 120 miles of the road completed between Fort Smith and Weleetka, I. T. J. C. Balcom, a civil engineer in the employ of the Santa Fe Central Railway company, who has been working at Kennedy, arrived in Santa Fe Wednesday and came on to this city, where he will visit for a few days. From here he will go to Denver, his former home, for a visit.

The Rock Island Railroad company, it is reported on good authority, has leased from the Santa Fe railway the use of the Hutchinson & Southern from Anthony, Kan., to Hutchinson and will make Hutchinson the terminus of the Choctaw, Oklahoma & Gulf Railroad.

The New Mexican says: George Riddle, engineer on the Denver & Rio Grande passenger train, did not go out on his regular trip north this morning. He is suffering from an attack of congestion of the lungs. B. O. Wetzel, the fireman on that run, took the train out this morning.

B. F. McGuire, boiler-maker at the round house, and Lou Webb, machinist, who have both been working for the Santa Fe company in that city and have built homes and raised their families there, have concluded to browse in newer, if not greener, fields, and will go to work for the Midland road in Colorado.

It is thought that there will be a home for old and incapacitated trainmen erected in Denver soon. The home will be built by subscriptions from the different railway orders. The cost of the home, as estimated by William G. Lee, vice grand master of the Brotherhood of Railway Trainmen, will be about \$75,000.

The New Mexican says: Postmaster Paul A. F. Walter returned yesterday from a ten days' leave of absence which he spent visiting the country along the line of the Santa Fe Central railway and the El Paso & Rock Island railway. His observation in the shape of interesting and extremely well written letters have appeared in the New Mexican during the past few days and have been received with great favor by the readers of this paper.

Plans have just been consummated for the immediate completion of a line of railway in Central America, extending from the Atlantic to the Pacific coast, which, it is believed, will have the effect of diverting a large share of the Central American exports from foreign ports to those of the United States. The coffee output alone averages 1,000,000 bags annually, of which almost the entire amount is shipped to Hamburg and other European ports, due to the difficulties in transportation to the Atlantic seaboard.

Foley's Kidney Cure if taken in time affords security from all kidney and bladder diseases. Alvarado Pharmacy.

THE CHOCTAW ROAD.

It Will Soon Be Completed Into Tucumcari.

A correspondent of the New Mexican says that the Choctaw road is pushing construction on its grade into Tucumcari at a rapid rate. All along from Tucumcari to Amarilla grading camps are strung over the prairie and the grade will be finished by September 1, laying of steel to follow as the different sections are graded. The line will run at an easy grade, in fact, there is no difficult construction work to be done along the entire distance, there being no rivers and but few arroyos to cross.

Water is plentiful and the engineer in charge of the construction told the writer that yesterday a few miles beyond Tucumcari the graders scraped out four to five feet of soil and the hollow quickly filled up with good water.

Division offices will be located at Tucumcari after the Choctaw road reaches the town. The ground has been surveyed for round houses and shops and Tucumcari will be an important division and junction point. The completion of the Santa Fe cut off to Llano and of the Santa Fe Central will send by way of Tucumcari much of the immense traffic that goes by way of Las Vegas and Albuquerque now, necessitating the residence at the town of additional engine and train crews.

NEW SCALE FOR ENGINEERS.

Special Concessions Made for Difficult Runs on the Rio Grande System.

Details of the new wage agreement between the Rio Grande and its engineers and firemen, which was adopted last week, have just been made public. As stated at the time of the settlement, engineers and firemen receive a flat increase of 5 per cent on simple and 7½ per cent on compound engines.

Special concessions are made for particularly difficult runs, such as the Malta hill and Ibox branches, where the increase is 10 per cent. The passenger mileage has been reduced from 125 to 100 miles a day maximum, and from 75 to 70 miles per day minimum. Engineers on switch engines have their working day reduced from twelve hours at \$3.25 to ten hours at \$3.50, with 35 cents an hour for overtime. Firemen on switch engines receive \$3.45 for ten hours, instead of \$2.35 for twelve hours. The old classified service for engineers has been abolished, and engineers newly appointed hereafter receive \$4 per day from the start. There are a number of changes in the method of handling grievances, and the men are given several concessions that will make their work easier.

Makes a Clean Sweep.

There's nothing like doing a thing thoroughly. Of all the salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures burns, sores, bruises, cuts, boils, ulcers, skin eruptions and piles. It's only 25c, and guaranteed to give satisfaction by all druggists.

Alvarado Trio.

The Alvarado Trio will render the following interesting program this evening, between 6 and 8 o'clock: Overture—King Dodo. Luders Waltz—Prayer and Passion. Grimm March—Sousa's Great Band. Tobani Cubanola. Blanke Overture—Mignon. Thomas "Nalla" Ballet. Delibes March—A Signal from Mars. Taylor Zamboni—Intermezzo. Loraine Waltz—Love's Confession. Grimm "The Colored Major." Henry

A Thoughtful Man.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at all druggists.

ROAD HOUSE TRAGEDY.

The Proprietor Fatally Wounds John Smith, a Miner—Two Versions of Tragedy.

A shooting, which will result fatally to John Smith, a miner employed in the Black Diamond mine at Rugby, a small coal camp in the northern part of the county, occurred at the road house about half way between Rugby and Aguilar about 5 o'clock Thursday afternoon, says a dispatch from Trinidad.

Lewis Picard, proprietor of the house, and the man who did the shooting, is being held in the county jail pending the result of the wound. Picard's story is to the effect that Smith and a friend, Gus Anderson, together with two or three other companions, were drinking in the saloon when a dispute arose between Picard and his wife on one side and Smith and his companions on the other. For some unknown reason Anderson hit the proprietor's wife with his fist. Picard ejected him from the building, when Smith interfered, and Picard, drawing a revolver, shot twice at the two, the second bullet entering Smith's left breast.

A surgeon extracted the bullet from between the shoulder blades, and says the wounded man will not survive the night.

Smith's friends denied that there was any trouble, and call it a cold-blooded attempt to murder. Smith bears a good reputation. He was not armed. The house in which the shooting occurred is one of the most notorious.

BORROWED A PACKAGE

And Learned the Scientific Value of Pure Food.

Taking notice of little things is a valuable faculty in life and many great discoveries have sprung from a humble source indeed.

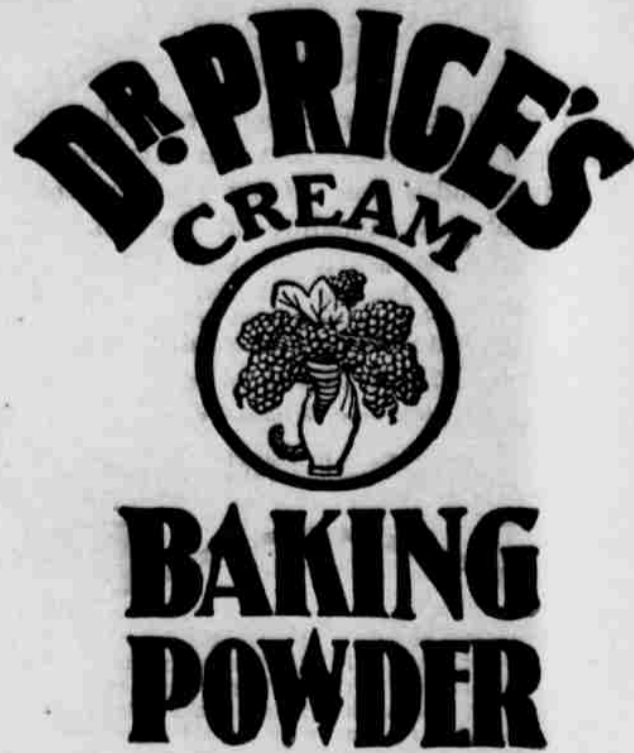

"One day," says a lady of Norwich, N. Y., a sister of the county judge and surrogate of Chenango county, "I noticed on a grocer's shelf the now familiar package of Grape-Nuts. I asked him to let me see it, read what it had to say for itself, paid the 15 cents required by the merchant and became its possessor.

"At this time I had lost my desire for food having suffered so terribly from indigestion and all of its attendant evils that no food agreed with me or attracted me. But from the time that I began to eat my first package of Grape-Nuts I began to improve, eating it every morning and frequently at noons and nights.

"I very soon found my whole strength coming back to me with an added force. I gained in flesh and also found I could eat what others did with relish without any ill effects following. In short it has changed my life.

"A few weeks since I visited a niece in Pennsylvania whose stomach refused to care for any food put into it. Rice, whole wheat bread and other foods had to be pumped out ten hours after eating. I suggested Grape-Nuts and she ate it and when the contents of her stomach were syphoned out there was no trace of Grape-Nuts to be found; it had digested and been assimilated. She made great gains in strength and flesh while I was there and made the six-mile ride to Scranton three times, something she had not been able to do for three months previous." Name furnished by Postum Co., Battle Creek, Mich.

OFFICIAL MATTERS.

Land Office Business.

The following final homestead entry was made Thursday. Juan Antonio Alderete, Perea postoffice, 80 acres in Sandoval county.

National Guard Appointments.

Governor Otero has appointed the following officers of company A, First regiment of infantry, stationed at Las Cruces: John D. May, captain, vice Oscar Lohman, resigned; W. F. Jacoby, first lieutenant, vice W. Cheatham Strode, resigned; Thomas Rouault, second lieutenant, vice Henry Rynerson, resigned.

Caution!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. J. H. O'Reilly & Co.

Santa Fe Cleaning Up.

There is an ordinance against throwing rubbish into the streets, violation of which is punishable with a fine of not less than \$5 nor more than \$50. Alderman J. D. Sena, who has been appointed to supervise the putting of the streets in condition for the visit of President Roosevelt to this city May 5, states that the law relating to throwing rubbish in the streets will be enforced in the future.—New Mexican.

Street Commissioner Tierney says he intends to have Albuquerque's streets and alleys pretty thoroughly cleaned by the time President Roosevelt arrives in the city. He has the cart and a force of street cleaners out today, and hopes to keep up the good work every day for the next two weeks. Tin cans and other nuisances, which now ornament some of the alleys, will soon be removed to the dumping ground along the river bottoms.

WILL NOW PUNISH PRISONER.

Physician Charged with Aiding in Murder of Holder of Life Insurance Policy Will Be Turned Over to Mexico.

In issuing a warrant for the surrender to the Mexican government of Dr. Charles S. Harle, now held under arrest in El Paso, Texas, on a charge of being an accessory to a murder committed in Chihuahua, the state department took steps to secure the punishment of a peculiarly atrocious crime, which has engaged the attention of the two governments and one of the big New York life insurance companies for many months.

The papers filed at the state department allege that the Mexican agent of the company, T. C. Richardson, a man named Meredith and Dr. Harle conspired to murder a man in order to collect the insurance on his life, the policy for which had been issued by Richardson. The policy was made payable to Meredith.

The victim was slowly poisoned to death and the doctor who attended him certified that he died from natural causes. The doctor's defense is

that he did not himself administer the drug.

Richardson and Meredith, also arrested in Texas, were discharged by the court on the ground of insufficient evidence, but the Mexican government has sworn out new charges and the men will be rearrested and held for extradition.

Robbed the Grave.

A startling incident is narrated by John Oliver of Philadelphia as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at all druggists.

William Frazier came in from the Chilli country last evening and reports very cold, windy weather east of the Manzano mountains. He says that Milton Dow, saw mill man from Escabosa, intends coming in today. Mr. Dow is bringing in a sick child to put under the doctor's care.

Chronic Bronchitis Cured.

"For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Joseph Coffman, of Montmorenci, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." Alvarado Pharmacy.

300-302-304-306-308-310 WEST RAILROAD AVENUE

California

**\$35.00 Round Trip
\$25.00 One Way**

If you expect to go to California, why not go when the railroad fare is low? From now to June 15, 1903, you may go there for \$25.00. You may buy a round trip ticket May 13 or May 13 to 19 inclusive, for \$35.00—a considerable reduction from current rates. These round trip tickets will be limited to June 15, and liberal stopover privileges accorded.

The one-fare tickets will be accepted for passage in free chair cars carried on fast trains. If sleeper is desired, tickets will be accepted for passage in tourist sleepers on payment of customary Pullman charge. The round trip tickets will be honored on any Santa Fe train—Pullman space extra. Santa Fe all the way.

A profusely illustrated folder issued by the Santa Fe describes the trip to California, and also contains complete schedules of the special trains to be run for those who avail themselves of the low rate made for the general assembly of the Presbyterian church and the general convention of Master Plubers. Sent free on request.

F. L. Myers, Ticket Agt., Albuquerque, N. M.

See the new spring showing of Easter suits, at our store. The entire line is now on display. Prices range from \$10 to \$20. SIMON STERN, The Railroad Avenue Clothier.

Local Happenings

Judge J. R. McFie and wife, of Santa Fe, are in the city.

The city council will hold an important meeting Monday night.

M. C. Robertson and P. L. Robertson, registering from Charleston, S. C., are in the city.

S. D. Lucas, with B. Lantry Sons, railroad contractors, is in the city from Los Angeles.

Attorney Ellsworth Ingalls, who was at Las Vegas on business, returned to the city last night.

It is noticed that quite a number have already sampled local beer. It is on tap at all the resorts today.

There will be a grand free concert at Orchestra hall tomorrow (Sunday) afternoon. Everybody invited.

C. F. Grayson, the popular and well known banker of Silver City, came in from the south this morning, and continued north to New York.

W. W. McClellan, bookkeeper at Bachechi & Glom's, received this morning his commission as a notary public for and in Bernalillo county.

Joe Barnett announces "back beer" day at the St. Elmo by decorating the antlers of two fine deer he killed on Santa Catalina island, Cal., last year.

Samuel Vann, Sr., of the watch and jewelry firm of Vann & Son, left last night for San Marcial, on a watch inspection tour for the Santa Fe railroad.

Lee Shallenberger and wife, well known in this city, passed through the city yesterday from San Marcial for Larned, Kan., where they go to visit the mother of Mr. Shallenberger.

Hon. Alex. Bowie, of Gallup, who was on a business visit to El Paso and to certain points along the El Paso & Northeastern railway, came in from the south this morning, and continued homeward on the flyer.

Mrs. Jesse Miller is still in the city and will lend her aid to the St. Joseph bazaar next week. It was her husband, Conductor Miller, who has gone to Portland, Ore., where he will enjoy himself for the next thirty days.

Henry Smith is in the city on his way to Chloride, N. M. Mr. Smith was the general manager of Jura-Trias Copper company at Senorito camp, but no longer holds that position, he being superseded by J. T. McLaughlin, formerly of San Pedro.

J. B. Martin, in the employ of the Jura-Trias Copper company at the Senorito camp, is in the city. He says every little stream in that section of Sandoval county is full of water, there is plenty of good grass, and cattle and sheep are in fine condition.

John Brockman, who has grown wealthy through his mining interests in Arizona and in southern New Mexico, is in the city. Mr. Brockman is the manager and one of the owners of the celebrated Commonwealth mine at Pearce, Ariz. He makes his home in Los Angeles.

James D. Eakin, of the wholesale liquor firm of Melini & Eakin, has returned from Belen, where the firm has a branch retail establishment. Mr. Eakin made a flying trip along the surveyed line of the Santa Fe cut off, and says the contractors are pushing the grading at a lively pace.

Judge Daniel H. McMillan, of the Fifth judicial district, came in from Socorro this morning and continued on north. It is understood that he will go direct to Washington, and it is thought that his case will be decided, one way or the other, in a very few days after his arrival at the national capital.

The residence of Mr. and Mrs. Frank Hall, located on Marquette avenue, has been purchased by Mrs. Corinne I. Shadrach, of Walker, Ariz., and in a very short time she and her husband, Dr. W. G. Shadrach, will occupy it, again becoming identified with the business and social circles of Albuquerque.

Conductor and Mrs. Frank Murphy, residing on the corner of Lead avenue and Fourth street, have presented the St. Joseph bazaar with several very fine gifts and they will prove money makers to the bazaar. The gifts are a handsome Navajo blanket secured from H. Neuman, of Guam; a pillow, with Navajo covering, from Mrs. Horabin; and twelve Navajo weaving looms.

Capacity

for business receives its speediest reward in the selling department.

If you think you have the ability to sell a Five Per Cent. Twenty-Year Gold Bond on the instalment plan write me stating your age, present occupation, and give me bank or other good references.

All letters treated as strictly confidential.

GEORGE T. DEXTER,

32 Nassau Street, New York, N. Y.
DARBY A. DAY,
Manager for New Mexico,
Albuquerque, N. M.

from Horabin & Wetherill. The ladies in charge of the bazaar are hard at work today, and expect to have everything in readiness for next week, the bazaar opening on Monday evening, April 20.

Tomorrow afternoon, at 2:30 o'clock, the Santa Fe Pacific Blues will again cross bats with the Old Town Tigers, and as this is the last game of the present series it will be lively from start to finish. Neither team intend to lag in their playing, but every point will be closely guarded and every advantage taken, so it is safe to say that the game will be played for all there is in it. The first regiment band will make the music.

IN ALL WALKS OF LIFE.

Hericpide is Used to Cure Dandruff.

E. H. Lyons, New York, N. Y., says: "I am very fond of Hericpide and enjoy using it. It is refreshing."

Dr. J. H. Bush, Toledo, Ohio, writes: "Newbro's Hericpide has given better satisfaction than anything I have ever used."

Mrs. Borkey, of Chadron, Neb., says of Hericpide: "It cleaned my head of dandruff and stopped my hair from falling out. It is the best remedy for dandruff I ever used, and I have used a great many."

R. S. Coleman, Ann Arbor, Mich., says: "I have used two bottles of Hericpide and derived benefit therefrom."

"Sold by leading druggists. Send for stamps for sample to the Hericpide Co., Detroit, Mich. B. H. Briggs & Co., special agents."

LOW LINE DITCH.

Directors Held Meeting to Consider Its Completion.

The directors of the Low Line Ditch company held a meeting this afternoon to consider the matter of beginning operation on the irrigation canal which, when completed, will be of great value to Bernalillo and Sandoval counties. No definite action was taken, but there will undoubtedly be some active operations in a short time.

Work on the ditch was stopped more than three years ago, on account of a litigation concerning the right of way, which was settled satisfactorily in the courts some time ago. It will probably take a few thousands of dollars to complete the ditch, but when it is completed it will be one of the most valuable assets of the two counties. All there is needed now is some one to push the project and rush it to completion. But it will be good news to those interested in the irrigation of the county to learn that the issue is very much alive, and that some definite action will be taken in a short time.

For liver troubles and constipation there's nothing better in creation Than Little Early Risers, the famous little pills.

They always effect a cure and save doctor bills.

Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the secretions and restoring the liver to the full performance of its functions naturally. B. H. Briggs & Co.; S. Vann & Son.

DEATH FROM CONSUMPTION.

Mrs. T. E. Allen Died Last Night—Remains Will Be Taken to Missouri. Mrs. T. E. Allen, wife of the gentleman in charge of the delivery wagon of Wells-Fargo Express company, died last night at 10:30 o'clock at No. 1091 South Fourth street, of consumption.

Mr. Allen and wife, with their 3-year-old daughter, came here last June from Milan, Mo., for the health of the wife, and for a time she showed some improvement but the disease had gained too strong a foothold for the climate to prove of benefit and death finally ended all her sufferings. Her mother, Mrs. E. C. Cherry, joined her here some time last fall, and a few months later her brother, A. A. Cherry, and wife, came on from Missouri. They, with the bereaved husband, were present when death claimed her soul. The remains will be taken back to Milan, Mo., for interment, accompanied by the husband and immediate relatives. Mr. Allen will return to the city and resume his position with the express company, but the others will remain in Missouri.

WEEKLY CROP BULLETIN.

United States Department of Agriculture, Climate and Crop Bulletin of the Weather Bureau, New Mexico Section.

Santa Fe, N. M., April 14.—The season thus far has been slightly cooler than usual, but very favorable, owing to the steady weather and the moist condition of the soil. Spring work has progressed rapidly in all but the colder sections of the north, and as far as farm work is concerned the season is more forward than usual, although the steady cold of the nights has kept vegetation back. In the valleys, from Espanola and Santa Fe south, spring wheat is about all in, and much of it up and looking very well. Some corn has been planted in the lower valleys, and plowing for corn is well advanced in the northern valleys. Alfalfa is starting nicely, and an early and good cutting is expected. The season has had an unusual amount of precipitation in all sections except the northeastern, and at present the streams are running full, with deep snows in mountains to assure a steady supply for many weeks. The steady cold kept back the fruit trees of southern sections past the time when frost could be expected. At present apples, plums, peaches and apricots are in full bloom in the extreme south, but in the colder sections of the north buds have hardly started. Reports show that peach trees were badly winter-killed in the Espanola valley section, and in other scattered sections of the north, but other fruits appear very promising. As a rule all kinds of stock seem to be in very good condition, excepting in some parts of the northeast adjacent to the mountains, and green grass is coming on rapidly. Altogether the season is opening up very auspiciously.

The following remarks are extracted from the reports of some correspondents:

Dorsey—Will C. Barnes—No crops in yet but plowing well under way and soil in excellent condition for working. Rain just now would be beneficial. Very little wind so far this spring. No rain.

Espanola—P. H. Leese—Very favorable weather during the past week. Wheat is up and growing nicely. Peach buds are badly winter-killed, but other fruit buds, although late, appear to be in good condition. Ditches are full, and the Rio Grande is rising steadily.

Folsom—Jackson Tabor—Favorable during the past week excepting for the high winds. Grass is starting on the range and with a rain or snow would be fine. Alfalfa is started and promises an early cutting; peaches and crab-apples will soon be in bloom. Losses among cattle have been very light in this neighborhood, and we think the danger line is past. Highest temperature 70, lowest 28, no rain.

Golden—R. M. Carley—Tree are beginning to bloom, and the mesas look green and grass growing fast.

Hobart—W. H. Hough—Wheat is growing well; the soil is moist and there is plenty of water for irrigation. Peach trees mostly winter-killed. Apples, plums and cherries look promising. Vegetation more forward than usual.

Los Alamos—Wm. Frank—General conditions good. Planting is under way all along the Sapello, but a scarcity of seed will prevent many of the poorer class from planting. Alfalfa is up and looks fine. All trees are still dormant. The ditches are full, there is plenty of water in the river, and a good supply of snow can be seen from here in the mountains.

Mesilla Park—R. H. Hart—The early spring was somewhat backward, being too cold. Peaches, plums, apples and apricots in full bloom and leafing out. Alfalfa well under way in growth. Wheat is up and growing nicely. Plenty of water for irrigation. Highest temperature, 84; lowest, 34; rain, 0.08.

Ojo Caliente—A. Joseph—The frequent April showers have started grass and alfalfa nicely, and present prospects are most promising. The streams are now full and running over with deep snow still in the mountains.

Roswell—W. M. Reed—Planting corn and gardening progressing rapidly. Alfalfa coming up nicely. Peaches were badly injured by earlier cold, but apples and other fruits look very promising. Highest temperature, 83; lowest, 32; rain, trace.

Weber—E. H. Biernbaum—Unsettled, changeable weather. Wheat and peas have been planted. Soil is in good condition. River is full of water, but ditches have not yet been cleaned. Grass is coming on fast. All kinds of stock are very poor.

Santa Fe—U. S. Weather Bureau—The past two weeks have been considerably warmer than usual for this season, but the spring altogether has been slightly cooler than normal. Some wheat has been sown, and plowing for corn is well begun. Vegetation is rather

MOTHER AND CHILD

Scott's Emulsion is cod liver oil made almost as palatable as milk. It is easy and soothing to the weak stomach; it checks the tendencies of children toward thinness.

Scott's Emulsion gives strength to weak mothers because it creates healthy flesh and new blood.

Nursing mothers will find a special value in Scott's Emulsion because it insures a flow of rich, nourishing milk for the baby. More and better than a medicine; Scott's Emulsion is a food.

We'll send you a sample free upon request. SCOTT & BOWNE, 409 Pearl Street, New York.

Garden Hose

Only the best grades carried—every foot tested to 300 pound pressure. Ask your neighbors who have used it, if it is not as represented.

WHITNEY CO.

WHOLESALE HARDWARE

Albuquerque, New Mexico

There is no beverage more healthful than the right kind of beer. Barley malt and hops—a food and a tonic. Only 3 1/2 per cent of alcohol—just enough to aid digestion.

But get the right beer, for some beer is not healthful. Schlitz is the pure beer, the clean beer, the filtered and sterilized beer. No bacilli in it—nothing but health.

And Schlitz is the aged beer that never causes biliousness.

Call for the Brewery Bottling.

The Beer that made Milwaukee famous.

Melini & Eakin, 111 South First St., Albuquerque. Phone No. 119.

er backward for the season, and little work has been done, but the soil is in fine condition, and gardening and farm work will be pushed vigorously the coming week if the weather remains so favorable. Vegetation not sufficiently advanced to be injured by the low temperature of the 13th. Highest temperature, 65; lowest, 22; rain, 0.08.

R. M. HARDINGE, Section Director.

A Sweet Breath

is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick, of White Plains, Ky., writes: "I have been a dyspeptic for years—tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like. Kodol digests what you eat and makes the stomach sweet. B. H. Briggs & Co.; S. Vann & Son.

The Rosenwald Bros. are really going out of business, and this old established firm hope to retire in about a month or sixty days. They have been in active business harness, in this city and elsewhere, for forty odd years, and having accumulated a fortune each, now seek a rest. Edward Rosenwald and family will probably go to southern California and spend a part of their time on an orange ranch, while Aaron Rosenwald and family are looking forward to a prolonged visit among old relatives and friends in Germany. Sidney, son of Aaron, says he will engage in some mercantile business, but cannot at present tell in what town he will locate.

Good for Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of cough, croup and lagrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. B. H. Briggs & Co.; S. Vann & Son.

GASOLINE MACHINE CAUSES FIRE

ONE OF THESE NEW PATENTS.

Thrifty Part of the City Came Near Being an Ash Pile, and All on Account of one of these Gasoline-Lighting Machines, Which Uses Gasoline Vapor for Lighting Plant. "This One is Perfectly Safe," so says the Agent. Oh! Yes, Until you USE IT.

A fire was started last evening by a gasoline-lighting machine which came near making ashes of a thrifty part of the city. About 5 o'clock the lights were lit at the Johnson house, which uses a gasoline vapor lighting plant, and they appeared to burn as usual. Nothing out of the ordinary had occurred, when, without an explosion or unusual noise, the room in which sat the machine used for converting the gasoline into gas appeared to be all ablaze. The machine sat near a dumb waiter elevator, and the flames were drawn to the upper stories. Flames soon shot forth through the partition to a space left to full height of the building in the center for furnishing light to the inner rooms, and but for the timely use of the water turned on

through the hose kept in the house, aided later by the fire company, the building would have been a mass of ruins in a short time, and as there are many wooden structures in that part of the city, there is no telling where the fire would have ended. The gasoline plant is made by the Cincinnati Incandescent Stove and Light company, and has not, we learn, given satisfaction.—Beardstown, Ill., Daily Star, February 14, 1901.

"A New Lighting System."

Gasoline lighting plants always receive a wide berth among the more intelligent class, as is shown by the fact that gasoline was prohibited in any form at the World's Fair, Omaha Exposition, Paris Exposition, Cincinnati Fall Festival, Pan-American Exposition and by the United States government.

The Southwestern Brewery and Ice company's back beer is brewed from the choicest malt and imported hops, and is strictly pure.

PILES

"I have suffered with piles for thirty-six years. One year ago last April I began taking Cascarets for constipation. In the course of a week I noticed the piles began to disappear and at the end of six weeks they did not trouble me at all. Cascarets have done wonders for me. I am entirely cured and feel like a new man." George Kryder, Napoleon, O.

MAY POSTPONE INSPECTION.

Adj. Gen. Whiteman Received Word
That Necessary Blanks Have Not
Been Received.

MINIMUM STRENGTH OF COMPANIES.

Brigadier General W. H. Whiteman, adjutant general of New Mexico, stated that Capt. Kirby Walker, of the Fourteenth United States cavalry, stationed at Fort Wingate, has been detailed to inspect all of the organizations of the national guard in the Territory of New Mexico. These inspections should begin at Santa Fe on April 20, but from a letter received yesterday morning from headquarters of the department of the Colorado, General Whiteman thinks that the inspections will be postponed for a few days because of the non-arrival of inspection blanks. General Whiteman was asked how many companies of the New Mexico national guard have the strength required by the new law to entitle them to remain in the service and to receive new arms and uniforms to be furnished by the national government. He replied that congress did not fix the minimum number to be allowed companies of the national guard when this law was passed, but left the naming of the number with President Roosevelt.

"President Roosevelt," he said, "has not yet fixed the number and will not be likely to do so until his return to Washington from the present western trip. The war college or board, of which General Young is the president, has recommended to the president that the minimum strength of all companies and troops be sixty-five, but this recommendation has met with such a storm of disapproval from the national guard all over the country that it is entirely probable the president will designate a lesser number."

New Mexico has six companies of infantry and one troop of cavalry of the national guard as follows: Company A, John H. May, captain, Las Cruces; company D, L. J. Newell, captain, Silver City; company H, T. J. Matthews, captain, Socorro; company G, Michael O'Donnell, captain, Albuquerque; company F, John Shoemaker, captain, Santa Fe; company K, A. R. DaCosta, captain, Las Vegas, First regiment of infantry. Troop A, first squadron of cavalry, A. P. Tarkington, captain, East Las Vegas.

Foley's Kidney Cure makes kidneys and bladder right. Don't delay taking. Alvarado Pharmacy.

WOODMEN'S CIRCLE.

Their Dance a Success Financially and Otherwise.

The Ladies' auxiliary of the Woodmen's Circle proved themselves admirable hosts at the pleasant ball given at Colombo hall last night. The merry crowd that attended the affair glided over the smooth floor until the night was no more. The Berry-Devine orchestra furnished a dancing melody such as only dancers can fully appreciate. The ladies in charge especially Mrs. Cochran and Mrs. Lillie, who were the committee with executive power, are to be congratulated on the social and financial success of the enjoyable affair.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smoke and snuff and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c size. Ely Brothers, 56 Warren St., N.Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

NEWS OF THE CHURCHES.

Dreadful Attack of Whooping Cough. Mrs. Ellen Harrison, of 300 Park avenue, Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Alvarado Pharmacy.

A Correction.

Gallup, N. M., April 17.—Thomas Hughes, Editor Citizen, Albuquerque—Dear Sir: The article in your issue of the 15th inst., referring to the soliciting of funds for sunshine work, has just this morning come to my notice. Please state in your valuable paper that there have been no funds whatever solicited for the International society in your city, or any other. What money is raised is to defray a part of my expenses, as everyone who contributed understands—there being no salaries in the society. Having been told that you believe in justice in all matters, I ask you to let this appear in your next issue to offset the false position that the letter of Mary E. Dissette has placed me in. Respectfully,

MRS. L. W. OWEN,
Organizer International Sunshine Society.

Due Notice is Served. Due notice is hereby served on the public generally that DeWitt's Witch Hazel Salve is the only salve on the market that is made from the pure, unadulterated witch hazel. DeWitt's Witch Hazel Salve has cured thousands of cases of piles that would not yield to any other treatment, and this fact has brought out many worthless counterfeits. Those persons who get the genuine DeWitt's Witch Hazel Salve are never disappointed, because it cures. B. H. Briggs & Co.; S. Vann & Son.

Early Times of Albuquerque

Contributed by an Old-Timer

ARTICLE TWO

Twelve miles east of Albuquerque is the Watermelon mountain, the principal road through which is the Scissors pass. Six miles up the pass is a town named after the pass—Tijeras. Two miles farther is the town of St. Anthony. Upon either side of the principal pass are smaller passages to other settlements; to saw mills, and to the fire wood districts of the mountain.

To one unacquainted with the road these lesser roads are confusing, and without information the taking of one of these by-roads leads to greater confusion, often to complete loss and often to destruction. The taking of one upon information may shortly lead to death after a desperate life struggle with your informant and his gang, as in the case of Col. Charles Potter, on October 14, 1880. Colonel Potter was connected with the United States geological survey and was in this section gathering data of its mineral resources for publication in the forthcoming census report. After remaining ten days in this vicinity and visiting among other properties the then booming Hell canyon district, he left on October 12 for Santa Fe, through Tijeras, expecting to visit the New Placers, Golden and San Pedro. After leaving San Antonio, about noon of October 14, Colonel Potter disappeared, and notwithstanding most diligent search by United States and local officers, and a thousand dollars reward offered, no tidings of the missing man were obtained until nearly three months later.

On December 28, 1880, Judge Lynch held court at Bernalillo, and that night Sheriff Perfecto Armijo was advised that two men were hanging to a tree in that town. Reaching there early the following morning the sheriff found the bodies of two men hanging by the same rope, one upon either end, from the crotch of a cottonwood tree at the rear of Schuster's store. Now that two had men had been silenced some of the good men felt that their tongues could be loosened, and it was whispered that these had men had been members of the Marino Leiba gang, which had been operating in Tijeras canyon, and it was thought one of them could have told of the missing American; that one of them had been in possession of a very valuable gold watch and chain, which he had attempted to sell in Bernalillo, and which he had sold in Albuquerque. That information was enough to start a good officer; it gave sufficient scent for Sheriff Armijo to take and follow an old trail, which lead to the solution of the Potter mystery; to the discovery of a horrible murder, and to the tragic ending of a desperate band, who robbed for a pastime and who assassinated for booty, whether little or great.

At the jewelry store of J. K. Bayse, in old town, was found and identified the watch and chain of Colonel Potter, but the man who sold it was beyond giving information. So the matter stood for several weeks.

Toward the end of January, 1881, Armijo learned that a Mexican had for several days been living with the Isleta Indians, and that he was riding a fine "states" made saddle. From the arrest of this man, Escolasto Perea, much information developed, and immediately Perfecto and posse went to Tijeras canyon and upon his return had as prisoners Miguel Herrera and "California Joe."

From confessions, the story of the murder was learned. On the morning of October 14, Colonel Potter, mounted on his fine sorrel mare, and armed with a revolver, left Tijeras, guided by Herrera, for Golden. Earlier in the day he had received information as to the route from Marino Leiba, "El Capitán," who offered him the service of a guide. By pre-arranged arrangement a meeting place in the heart of the mountain had been selected, to which the guide was to conduct his charge. Through San Antonio and about a mile beyond had the guide and the victim traveled, when they turned into one of those by-roads and thence to the Chi-

mal spring, where, true to pre-arrangement, Leiba, Perea and Faustino Gutierrez appeared, and closing in from all sides, surrounded Potter. Leiba, without word, warning or opportunity for defense, shot Potter, who immediately pulled his gun and shot Leiba in the arm. Then followed a general assault, four guns belching to a common center, Potter and his horse that center. His horse was shot, but he was fighting. He killed Gutierrez' horse. He fought as only a man will fight—with no cry for mercy, useless waste of dying energy, with but six shots against their twenty-four he desperately defended his few living moments. Still astride his fallen and dying mare, in the grasp of the tremor of death, the death film obscuring his sight, with his body bullet riddled, he fired his last four shots without effect.

"He never said a word," confessed each of his assassins. "He fight so hard, he fight so brave that I was sorry," confessed one of them. To hide their crime they mutilated the body of the horse, and attempted to cremate it together with the body of their human victim. This was but partially successful, and the charred remains of Potter they buried in the bed of a little spring brook, whence it was disinterred by Perfecto Armijo and brought into Albuquerque along with his prisoners.

On the evening of January 31, 1881, Miguel Herrera, "California Joe" and Escolasto Perea were confined in the old town jail, charged with the murder of Charles Potter. The spectacle of the following morning told the result of their punishment. How it was inflicted can only be told by one who witnessed it. Gutierrez was arrested a few days later, and on the night of February 24 was tried, convicted and executed at the old town jail. A month later Leiba was captured near Las Vegas, and there held upon a charge of robbery. The Vegas people refused to surrender him to our officers, insisting that all witnesses against him had left the country. This was probably true. But had he been brought here he might have been tried, and the "captain," the last member of his own gang, might have joined the witnesses and reorganized.

Leiba served a three years' term from Vegas, and was comparatively quiet for a time. Some years later he was one of the murderers of Lackey and Tessier, sheep men, in the vicinity of the Macintosh sheep ranch. These men were murdered in their own home in daylight and their house fired. For this crime Leiba was arrested three miles from San Pedro, on the Albuquerque road, but not until after a Winchester ball had passed through his head. He was buried along side the road a few feet from where he fell. He rejoined his old followers, and there was, undoubtedly, a hellish reorganization. Prayers for their souls would have been useless, unless the Virgin Mary worked a miracle.

In this connection it may be said that the whole expense of the annihilation of the Leiba gang was borne by Sheriff Armijo, individually, and amounted to over \$1,000; that he never received any part of the reward or any other recompense.

Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. G. G. Green, Woodbury, N. J. J. H. O'Reilly & Co.

LAS VEGAS.

From the Optic. Miss Pearl Price, who was the victim of a painful acid accident a few days ago, is able to be around again. Miss Hannah Friedman has been quite seriously ill for several days past, suffering intensely from an abscess of the ear, but is better today. Grandma Friedman, too, has been confined to her bed with a severe cold since Sunday.

C. S. Eaton, a young man who has been in the employ of Charles Hild at the Plaza, will leave to assume the management of the hardware department of the establishment of T. W. Ballen. Many Las Vegas friends will wish him good luck.

The public library building is a go all right and the city fathers are asking for bids for the plans and specifications to be made to the committee of public works. The cost of the building is not to be more than \$10,000, plumbing, heating, lighting and all other accessories included. The bids will be closed May 9.

The election of officers of the Ladies' Relief society resulted as follows: President, Mrs. F. Higgins; secretary, Mrs. A. Hartman; treasurer, Mrs. J. G. McNary; first vice president, Mrs.

SYRUP OF FIGS

Acts Gently;
Acts Pleasantly;
Acts Beneficially;
Acts truly as a Laxative.

Syrup of Figs appeals to the cultured and the well-informed and to the healthy, because its component parts are simple and wholesome and because it acts without disturbing the natural functions, as it is wholly free from every objectionable quality or substance. In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal virtues of Syrup of Figs are obtained from an excellent combination of plants known to be medicinally laxative and to act most beneficially. To get its beneficial effects—buy the genuine—manufactured by the

CALIFORNIA FIG SYRUP CO.
Louisville, Ky. San Francisco, Cal. New York, N.Y.

THE CLEANSING AND HEALING CURE FOR CATARRH
Ely's Cream Balm
Easy and pleasant to use. Contains no injurious drugs. It is quickly absorbed. Gives relief at once. It opens and cleanses the nasal passages. Always inflammation. Heals and protects the Membrane. Restores the Sense of Taste and Smell. Large Size, 50 cents. Druggists or by mail: Trial Size, 10 cents by mail. ELY BROTHERS, 56 Warren Street, New York.

COLD IN HEAD
Patty, second vice president, Mrs. Winteritz; third vice president, Mrs. Whitmore; fourth vice president, Mrs. Mills.

Grip Remedies in Great Demand.
When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams, of McDuff, Va., says that he was cured of a very deep and lasting attack of la grippe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all druggists.

COMING EVENTS.

April 28—Concert and ball at Colombo hall by Italian band.
May 6—President Roosevelt will visit Albuquerque.

Danger of Colds and Grip.
The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case resulting in pneumonia, which shows conclusively that it is a certain preventative of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

Taxpayers of precincts 12 and 26, of the city of Albuquerque, can leave their tax returns at the office of F. H. Kent, on Third street, for the next few days, where the assessor has established an office for the purpose.

Positive Proof of Pinkham Cures

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of woman kind is not because it is a stimulant,—not because it is a palliative, but simply because it is the most wonderful tonic and re-constructor ever discovered to act directly upon the whole uterine system, positively curing disease and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures, and physicians who have recognized the virtue in Lydia E. Pinkham's Vegetable Compound and are fair enough to give credit where it is due.

One of Many Women Cured by Lydia E. Pinkham's Vegetable Compound, Without Submitting to an Operation, Writes:—

"DEAR MRS. PINKHAM:—I was a great sufferer for three years, had some of the leading physicians, and they all said nothing but an operation would cure me, but to that I would not submit.

"I picked up a paper and saw your advertisement and made up my mind to try your medicine. I had falling and inflammation of the womb and a flow of whites all the time, pains across small of back, severe headache, did not know what it was to be without a pain or an ache until I used your medicine. After three months' use of it, I felt like a new woman. I still sound the praise of Lydia E. Pinkham's Vegetable Compound."—Mrs. Wm. A. COWAN, 1804 Bainbridge St., Philadelphia, Pa.

A Graduate Nurse, Convinced by Cures, Endorses Lydia E. Pinkham's Vegetable Compound. She Writes:—

"DEAR MRS. PINKHAM:—Ministering to the sick I have had numerous chances to compare Lydia E. Pinkham's Vegetable Compound with other medicines in cases of diseases of women, and the number of cures recorded where your medicine was used convinced me that it is the safest and surest medicine for a sick woman. Doctors certainly must know the value of Lydia E. Pinkham's Vegetable Compound. I am convinced that you deserve the splendid record you have made.—Yours very truly, MRS. CATHERINE JACKSON, 789 Beaubien St., Detroit, Mich." (Graduate Nurse and President Detroit Emergency Association.)

Many Physicians Admit that no Medicine Known to the Profession Equals Lydia E. Pinkham's Compound for the Cure of Woman's Ills, and We are Permitted to Publish the Following:—

"DEAR MRS. PINKHAM:—It gives me great pleasure to state that I have found Lydia E. Pinkham's Vegetable Compound very efficacious, and have often prescribed it for female difficulties.

"My oldest daughter found it very beneficial for uterine trouble some two years ago, and my youngest daughter is using it for female weakness, and as a tonic, and is slowly but surely gaining strength and health. I freely advocate it as a most reliable specific in all disorders which women are subject to, and give it honest endorsement.—Yours very truly, SARAH C. BRIGHAM, M.D., 4 Brigham Park, Fitchburg, Mass."

If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ill, as they know by experience that it can be relied upon to effect a cure.

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. No living person has had such a vast and successful experience in treating female ill. She has guided thousands to health. Every suffering woman should ask for and follow her advice.

Roosevelt Rate.
President Roosevelt will be in Santa Fe May 5 from 9 a. m. to 12 noon. For this occasion we will send round trip tickets to Santa Fe on May 4 and 5, good to return May 6, for one fare at \$3.45. To bona fide members of the national guard in uniform we will make the low rate of \$1.75 for the round trip. F. L. Myers, agent.

Taxpayers of precincts 12 and 26, of the city of Albuquerque, can leave their tax returns at the office of F. H. Kent, on Third street, for the next few days, where the assessor has established an office for the purpose.

NEW YORK LETTER

Interesting Items About the 'Great American Metropolis.

BRYAN TO VISIT THE CITY.

New York, April 18.—Much interest is manifested in William J. Bryan's approaching east, especially by Brooklynites before whom he will deliver a "lecture." It is said that on this occasion Mr. Bryan will be used as a mouthpiece for the opponents of the Hill-McLaughlin program. Public announcement of the event has not yet been made for the reason that certain formalities must first be observed. It is known, however, that there has already been private communication between Mr. Bryan and "anti" leaders in Brooklyn and Edward M. Shepard or Justice Gaynor will be presiding officer at the meeting.

The dinner of the Canton society next Friday evening will be a very grand affair. Associate Justice Day of the supreme court will be the guest of honor and Senator Hanna, Foraker and other Ohioans are expected to attend, besides other influential politicians. This is the second big reception given in New York within a week with more than usual political significance attached to it, the "Amen Corner" spread at the Fifth Avenue hotel last night having been the first.

The liquor men in New York and Brooklyn are planning and have put in execution already all sorts of retaliatory measures because of the excise tax law. A reduction of three ounces of beer has been made by many saloon keepers and whiskey too may be measured out so there will be no chance for four fingered drinks. Despite rumors to the contrary, however, the free lunch will hardly be abolished. The patrons of the saloons now regard the free lunch as inherent rights and if the institution should be abolished, it is said that their resentment might even cause a boycott of the places that refuse to serve lunch.

New York received with much gratification the promise of President W. H. Baldwin of the Long Island Railroad, that when the Pennsylvania tunnel is in operation, Philadelphia will be a suburb of New York. The annexation of Philadelphia may be a conceit tinged with much romance, but the suggestion is nevertheless received with great favor here, particularly by theatrical managers, who can already see in their mind's eye their houses filled in no inconsiderable part by patrons from the City of Brotherly Love.

A visitor to the navy yard in Brooklyn will be convinced of the success of Uncle Sam's plan to have the hand play while the men are coaling a warship, is wonderful. While lively two-steps and marches are filling the air the blue-jackets work like beavers to fill the bunkers and one of the officers in the navy yard suggested a day or two ago to a committee of business men that they could do worse than adopting the same idea to keep up their employees' enthusiasm. If the music were furnished by nothing more than one of the little German street bands.

A striking feature of the business situation in New York is the unanimity with which employers are lining up to resist demands for future wage increase. They are taking the stand everywhere that the wage scale is now as high as conditions can stand and that further advance will inevitably check consumption and construction and mark the beginning of a long period of depression in the industries and wealth of the country, gradations to be from bad to worse. If the work-

ingmen can bring themselves to see that this is the golden time to let well enough alone they will be doing themselves and their country a loyal service.

The coaching trips which have become an established feature of spring in the Smart Set are doing much for the smaller towns through which the parties pass and a quaint old-fashioned English tone is creeping over the various inns at which the stops are made. As a sport coaching is to be commended, for it certainly is picturesque and its "old-timeiness" is one of its chief charms.

The same people that operated the moving sidewalks at the Chicago and Paris Expositions are seeking the right to place moving platforms on the Brooklyn and East River bridges. They claim that these platforms have long since passed the experimental stage, having a record of 2,700,000 persons safely carried at the 1893 world's fair and 9,000,000 at the Paris Exposition, without a single serious accident. The Rapid Transit Commission, however, is not enthusiastic over the idea and it is doubtful if the franchise will be granted.

It is surprising the variety and number of articles that are felt on the elevated and surface cars by travellers in New York. These things accumulate so rapidly that each year the various companies auction off the collection of articles that are never claimed. The Brooklyn Rapid Transit will in a few days hold its annual sale at which seakinks, saques, silk waists, bric-a-brac and other expensive items will be disposed of. Last year the company turned over to the Employees' Benefit Association \$1900 derived from the sale of lost articles.

Over 65,000 immigrants arrived at this port during the month of March, an increase of 7,700 over the same month last year. This month opened with the arrival of nearly 10,000 aliens, making it almost record breaking day. Holy Thursday came next with nearly 9,000 arrivals.

One of the most unique churches in the country is the Archangel Episcopal church which has just been opened for services. It is an apartment house, like everything else around it and when completed, its street front will rise to the height of the apartment houses on each side of it. In front will be the rectory reading rooms and a guild hall, which is provided with a stage. The church fills the rear yard and has a seating capacity of 1,000.

Lovers of turf sports are enthusiastic over the prospect of an unusually exciting season this year. Many new owners are scheduled to enter their horses to that the prospect of a big circulation of money by figures hitherto unfamiliar to metropolitan race-goers is almost assured.

SEVERE ATTACK OF GRIP

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, editor of the Enterprise, of Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggists.

ATZEC.

From the Atzec.
Miss Nettie Fulcher has been employed to teach the spring term at Pargin, Colo.

W. W. Moore, principal of Atzec school during the last six months, left for Colorado.

With the return of good weather work will be resumed on various buildings in Atzec, and it is to be hoped they will be pushed to completion, as dwellings especially are greatly in demand.

Atzec Hive No. 3, Ladies of the Macabees, stands to the front among the fraternal organizations of our town. At their last regular meeting, the members, in caps and uniform, went through the intricate drill work in a manner highly creditable to the captain of the guards, Mrs. John T. Green. Delicious refreshments were served during the evening, and all present reported a delightful time.

Foley's Honey and Tar contains no opiates, and will not constipate like nearly all other cough medicines. Refuse substitutes. Alvarado Pharmacy.

SANTA FE.

From the New Mexican.
Born to Mr. and Mrs. Frank Dettelbach, in this city, a baby boy. He is a healthy youngster weighing 10 pounds. Mother and child are doing well.

The following marriage license has been recorded at the office of probate clerk and ex-officio recorder of this county: J. W. Callender and Miss Belle Arnett, both of Bland, Bernalillo county. The ceremony was performed

.....NEW CURE FOR..... CONSUMPTION

Over Eighty Per Cent in the First Stage and Seventy Per Cent in the Second Stage of This Disease are Cured by the

NEW OZONOFORM TREATMENT

As to a cure for consumption, there has been endless theorizing and numberless "cures" have been advocated, practiced and abandoned. Those proposed have generally been based on the alleged discovery of some mysterious compound having the effect of arresting the disease. There are of course very pertinent reasons why these "discoverers" should withhold from the public information as to the nature of their remedies, but if this is necessary, it is hardly likely to begot widespread confidence.

THE OZONOFORM TREATMENT.

The new Ozonoform Treatment for Consumption which has been introduced by Dr. Frederick J. Fielding and is now being tried with the above satisfactory results at the Fielding Institute in the Hicks Building, San Antonio, is sharply differentiated from the other (so-called) cures—first is the fact that its nature is openly proclaimed by its originator, Dr. Kretschmeyer of Berlin, and second, that it is founded, not on some sudden and accidental discovery of a curative substance, but on the results of years of study and experimentation along the lines which modern scientific thought has indicated as the most likely to bring about satisfactory results.

GET DR. FIELDING'S BOOK.

A full description of the new Ozonoform Treatment, together with much information of value to consumptives is contained in a book which has recently been published by Dr. Fielding. It is a handsomely illustrated work, and everyone interested in the subject should write or Dr. Fielding at the Hicks Building, San Antonio, Texas, for a copy of it. It is sent free of charge.

In this city on April 6 by Rev. W. A. Cooper, pastor of the M. E. church.

Mrs. T. D. Burns and two daughters, Mrs. Murray and Miss Margaret Burns, of Tierra Amarilla, who stopped in this city for a brief visit while en route home from a three months' visit at the City of Mexico, returned home. They were accompanied by T. D. Burns, Jr., who went to the City of Mexico to meet them. While in Santa Fe they were the guests of Mrs. A. M. Bergere and daughter, Miss Nina Otero.

The capitol custodian committee has decided not to commence the painting of the dome, roof and woodwork at the territorial capitol until after the visit of President Roosevelt to this city. The work could not be completed by May 5 and this was one reason for the postponement. The bids asked for, for this painting and which were submitted to the committee on the 15th instant, have not been opened. New bids may be called for in good time.

A Chattanooga Druggist's Statement.

Robt. J. Miller, proprietor of the Read house drug store of Chattanooga, Tenn., writes: "There is more merit in Foley's Honey and Tar than in any other cough syrup. The calls for it multiply wonderfully and we sell more of it than all other cough syrups combined." Alvarado Pharmacy.

DEMING.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming.

Deming has just been incorporated.

Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cat-tledom all know the name.

Deming, the coming city of New Mexico.

Deming has a magnificent school system.

Deming, the railroad center of New Mexico.

Deming, the gateway to the best part of Old Mexico.

Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest.

Deming! Don't overlook it if you are looking for a safe and paying investment.

Deming water is chemically pure—equal to Polan springs.

Deming has increased 50 per cent in population in four years.

Deming water and pure ozone make strong and healthy people.

Investments in Deming lots will double and treble in one year.

Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

The Daily Citizen, 15 cents per week.
Trabajo en los Campos de Betabel, en Rocky Ford, Colorado.

Se necesitan: Un gran número de hombres, mujeres y niños para desahilar, deshierbar, escardar y cosechar betabel de azúcar en Rocky Ford, Colorado, y su vecindario. Familias enteras, especialmente hallarán trabajo remunerativo.

Todas las estaciones donde se requiere este trabajo están situadas en el ferrocarril Atchison, Topeka y Santa Fé entre Fowler, La Junta y Holly, Colorado.

El trabajo en los campos del betabel dura desde el día primero de Mayo hasta el fin de Julio, de hay se sigue la oportunidad de ser empleado en la corta de sacate y en las siembras de sandía y de melones.

Tiempo de cosecha para el betabel de azúcar desde mediados de Setiembre hasta fines de Noviembre.

Los sembradores generalmente pagan a 15 centavos por hora, pero el trabajo generalmente se da por contrato por el acre tan pronto como el trabajador entiende bien el negocio. Los que son buenos trabajadores siempre prefieren hacer sus contratos por el acre por que así ganan much más dinero.

Se necesitan tambien personas responsables para que sirvan de mayordomos a hagan arreglos para campos de cocina, por que los sembradores no pueden dar la comida a tan grande cantidad de gente.

Para más información diríjanse a la AMERICAN BEET SUGAR CO., Rocky Ford, Colorado.

Legal Notice.

Last Will and Testament of Rafaelita Moya, deceased.

To Soñá García, executrix and legatee; Rosalia García, Daniel García, Ana García, Rosana García and Miguel García, legators, and to all whom it may concern.

You are hereby notified that the alleged last will and testament of Rafaelita Moya, late of the county of Bernalillo and territory of New Mexico, deceased, has been produced and read in the probate court of the county of Bernalillo, territory of New Mexico, at a regular term thereof, held on the seventh day of April, 1903, and the day of the proving of the said alleged last will and testament was by order of the judge thereupon fixed for Monday, the fourth day of May, A. D. 1903, term of said court, at 10 o'clock in the forenoon of said day.

Given under my hand and the seal of said court, this seventh day of April, A. D. 1903.

(Seal) JAMES A. SUMMERS, Probate Court.

Assessor's Notice.

Notice is hereby given that the undersigned, assessor of Bernalillo county, has for the convenience of tax payers, opened an office at Room 11, Armijo Building, Third and Railroad avenue, over B. Hild & Co., in the city of Albuquerque, where returns of tax payers will be received until further notice.

It is made the imperative duty of the assessor to assess a penalty against all tax payers who fail to return their property for taxation and this requirements of the Statute will be enforced against all persons who fail to make their returns to the undersigned within the period required by law.

The assessor or a deputy will be in constant attendance at the place designated above—from 8 o'clock a. m. until 6 o'clock p. m., each business day for the purpose of receiving returns.

J. M. SANDOVAL, Assessor Bernalillo County.

Every woman loves to think of the time when a soft little body, all her own, will nestle in her bosom, fully satisfying the yearning which lies in the heart of every good woman. But yet there is a black cloud hovering about the pretty picture in her mind which fills her with terror. The dread of childbirth takes away much of the joy of motherhood. And yet it need not be so. For sometime there has been upon the market, well-known and recommended by physicians, a liniment called

Mother's Friend

which makes childbirth as simple and easy as nature intended it. It is a strengthening, penetrating liniment, which the skin readily absorbs. It gives the muscles elasticity and vigor, prevents sore breasts, morning sickness and the loss of the girlish figure. An intelligent mother in Butler, Pa., says: "Were it to need Mother's Friend again, I would obtain 9 bottles if I had to pay \$5 per bottle for it."

Get Mother's Friend at the drug store. \$1 per bottle.

LOCAL PARAGRAPHS

Wm. Fraser, the Chilli sheep raiser, is in the city on business. He will return to his ranch on Thursday, and begin preparations for lambing and shearing. If no cold winds, Mr. Fraser predicts the biggest lambing season ever known for the Chilli country sheep men.

George H. Caniff, of Cleveland, Ohio, came in from the south this morning, and was met at the depot by Mrs. Nellie Blum and Miss Mabel Senyard, visitors here also from Cleveland, Ohio. While in El Paso, Mr. Caniff purchased from Mr. Hixon, jeweler, the latter's fine angora cat, Paris, Jr., paying for it \$100. The cat took second prize at Rochester, N. Y.

A. J. Sampson, representative of the American Beet Sugar company at Rocky Ford, Colo., is expected here in a few days in search of men for the planting and cultivating season. He says the prospects for the coming summer are brighter than ever before. There is plenty of water, the ground is in good condition and the number of acres planted to beets this year will surpass all previous years by a good deal. The sugar beet has transformed the once arid waste of the Las Animas country into a vast garden.

The Las Vegas Optic says: R. B. Thomas, general manager of the Cerillos Consolidated Smelter company, operating copper and lead plant at Las Cerillos, N. M., passed through the city last night, returning to the scene of activity from an eastern business trip. Mr. Thomas reports excellent conditions in the smelter town. Considerable copper and lead ore has been brought from the surrounding camps, and the company's Hardscabble mines at Magdalena are furnishing a goodly supply.

Red Men, Attention!

There will be a stated council of Navajo Tribe, No. 3, Improved Order of Red Men, on Monday night, at Knights of Pythias hall. All members requested to be present. By order of the sachem. C. F. Roberts, chief of records.

The very best BOCK BEER on draft at the popular Zeiger's Cafe tonight. A good free lunch.

Lunch at the Club tonight. The pleasure is all yours.

The Saturday night lunch at Zeiger's Cafe has just the right degree of appetizing quality, which is so essential.

If you want to enjoy a fine glass of BOCK BEER call at the White Elephant tonight.

It's your own fault if you miss an enjoyable lunch at the White Elephant tonight.

You have all heard of the Club, where the best lunch is served. If not come around tonight.

BOCK BEER at White Elephant tonight, with a fine free lunch on the side.

Enjoy yourself and indulge in a glass of bock beer made by the Southwestern Brewery and Ice company. It is better than ever.

Your Money's Worth.

We make no extra charge on our spring suits because they are made by any particular firm. You pay for the goods only, not for any particular brand. But we guarantee every suit and will replace any unsatisfactory garment free of charge.
