ALBUQUERQUE, NEW MEXICO, FRIDAY AFTERNOON, APRIL 3, 1903

NUMBER 420

## THE PRESIDENT'S PLEASANT TOUR

### Is Receiving Grand Ovations From Many Cities

#### HE SPEAKS AT MILWAUKEE TONIGHT

#### The Great West are Ready to Greet the Nation's Chief Executive.

Madison, Wis., April 3.—The visit of President Roosevelt made this an eventful day for the Wisconsin state capital. The presidential special arrived on scheduled time from Chicago this morning. The distinguished guest was met by officials of the state and city and escorted to the state capital building. Thousands of men, women and children, including many visitors from the surrounding country, thronged the space about the railroad station and lined the streets leading to the capital. Business houses and residents were brightly decorated in honor of the occasion. Arriving at the capital the President was conducted to the senate chamber where he was introduced by Governor LaFollette and briefly addressed the assembled members of the state legislature and others who filled the hall to overflowing. An informal reception followed, after which the distinguished visitor was driven immediately to the special train awaiting to convey him to Milwaukee.

#### Brief Stop at Waukesha.

Waukesha, Wis., April 3.—Ten thousand people greeted the president when his special train drew in at the Northwestern station here shortly before 1 o'clock this afternoon. The station and neighboring buildings were handsomely decorated and a band played patriotic airs as the train came to a stop. As the stay here was limited to a half hour the only feature of the program was a brief address of welcome on behalf of the city followed by a response from the president. Cheers loud and long went up from the assembled crowd as the train departed for Milwaukee.

#### PLANNING FOR PRESIDENT.

#### Gov. Otero and Col. Llewellyn Here on Reception Business.

#### TO BE MET AT SANTA FE.

Governor Otero and Hon. W. H. Llewellyn, members of the territorial reception committee, appointed to receive President Roosevelt for the people of New Mexico, came down from the territorial capital last night.

Their mission here was to meet members of the executive committee on reception, appointed to make arrangements for the president's reception in this city May 5.

The visitors arrived on train No. 1 and took quarters at the Alvarado. They were called on about 8 o'clock by Judge Baker, chairman of the Albuquerque committee; Sheriff T. S. Hubbard, chairman of the committee on finance; Hon. Solomon Luna, W. S. Strickler and others.

After dinner the committeemen met in the governor's room at the hotel and the general plan of the president's reception was considered.

It was decided that a special train would follow the president's special from the capital to Albuquerque for the benefit of those who will care to witness the ceremonies at both Santa Fe and here.

At Santa Fe the president will be met at the depot by committeemen and escorted to the capitol building, where he will deliver an address. He will be driven through the principal streets of the capital; to the Santa Fe Indian school; to the territorial penitentiary; and in returning to the final destination at the executive mansion, a stop will be made at Fort Marcy, where a few remarks will be made by some prominent member of the reception committee.

At the executive mansion the president will lunch with Governor and Mrs. Otero.

After lunch they will return to their train and come directly to Albuquerque.

This city will be equal to the occasion and a rousing reception will be the president's greeting here.

Governor Otero will return to his

Temah. The school children will be conspicuous in the parade with flags and emblems.

Break in Mississippi Levee. New Orleans, La., April 3.—From Vicksburg, a firm of cotton men of this city have just received the following telegram: "Market advancing on reports of a serious break in the levee near Lake Providence. It is a fine cotton country and mountainous levee." A similar rumor of a break in that vicinity comes from Natchez and Monroe.

Another Achievement of Science. London, April 3.—An interesting series of demonstrations have been given at Alexandra palace of apparatus for transmission and reception of signals and speech through the ground without the use of wires. Experiments wholly successful even to the extent of exploding bombs by means of earth currents without wires. The value of these tests for practical warfare was conceded by military experts.

#### WIRES DOWN.

Heavy Storm in Chicago Cuts Off Telegraphic Communication.

Chicago, April 3.—This city was almost entirely cut off from telegraphic communication with the outside world as the result of a storm which prevailed during the early part of the day, accompanied by a high northeast wind, reaching the velocity of a gale. A heavy fall of wet snow caused the telegraph wires to go down in all directions and covered the streets with two inches of slush, which made foot progress extremely difficult. The temperature was near the freezing point. Danger signals were displayed on the lake, and vessels have been warned not to venture out. Official weather predictions are for a continuance of the storm throughout the day and tonight.

#### DISTRICT COURT.

#### William Clifford Cleared of the Charge of Murder.

#### ASSAULT CASE ON TRIAL.

The case of the territory vs. William Clifford, charged with murder in the third degree—an equivalent of manslaughter at the common law—was tried yesterday, and at the conclusion of the case for the territory the court instructed the jury to return a verdict of not guilty on the ground that the evidence was insufficient to warrant a conviction. The principal witness for the territory was Frances, the pretty eight-year-old sister of the boy who was killed, and who was playing in the front yard of their home from which her brother started across the street for the purpose of learning when a dog show was to begin, when he was run down. The little girl or no other eye witness could testify to having seen the hack prior to the running down of the boy, and she and other witnesses were only able to say that the horses were going on a trot after the accident. Several of the witnesses said the horses were not going an extraordinary gait, and the prosecution made a fruitless effort to get the case to the jury on the ground that the evidence showed a reckless driving by the hackman in driving fast in a narrow, dusty street, where the foot passengers used the street as well as vehicles, and upon slight evidence that the driver had a reputation for recklessness.

This morning the court was occupied in trying the case of territory vs. Pablo Muniz and Pedro Muniz, charged with assault with a deadly weapon upon one Jose Manuel Antonio Ena in Pajarito in January last. The assault occurred in the saloon of the prosecuting witness and consisted of a demonstration by the defendants in drawing knives, one a pocket knife and the other a razor, but no cuts were inflicted. The whole disturbance grew out of a barroom brawl, the result of too much whisky.

#### TENEMENT FIRE.

#### One Killed and Several Injured at a New York Fire.

New York, April 3.—At least one person is supposed to have been killed and several persons were hurt at a fire today in a six-story tenement house in Henry street, on the east side. Firemen found a dead body so badly burned they could not tell whether it was the body of a man or woman. Mrs. Greenfield, 60 years old, jumped from the second story. A fireman caught the woman in his arms but she knocked him down. Her legs were broken and she was badly hurt. Another fireman was severely hurt while carrying a woman and child down a ladder.

Louis C. Becker, the university student, went to Belen this morning to visit until Monday with his parents.

## TELLES HANGED

### Santa Fe Murderer Died Cool and Unconcerned.

#### DIED AT 9 O'CLOCK THIS MORNING

#### Details of the Crime for Which He Was Executed.

#### THE CITIZEN INTERVIEWED LAW'S VICTIM

#### Special to The Citizen.

Santa Fe, April 3.—Jose Telles swung into eternity at 10 seconds of 9 o'clock this morning. "The condemned man went to his death bravely, and smoked a cigar until a few seconds before the drop. Priests were with him all the morning. Telles did not sleep but lay on his bed all night. He ate a light breakfast, and was taken from his cell six minutes of 9 o'clock. When on the scaffold he spoke to the spectators as follows:

"Gentlemen, excuse me if I have offended you. I want you to pardon and pray for me. I have prayed for everyone and want to be forgiven."

The priests passed the blessing, then Telles spit a cigar out of his mouth, saying, "Good bye, my boys," just as the noose was slipped over his head.

After the drop it was four and a half minutes before the doctors pronounced that his heart had stopped beating. His neck was broken in the drop. The body was cut down by Sheriff Kinell seven minutes after the drop. Telles smiled while bidding good bye to his friends in his cell.

#### Another Account of the Hanging.

Santa Fe, April 3.—At 9 o'clock this morning Jose Telles was hanged in the jail yard by Sheriff Kinell, within sight and a few feet of the crime he expiated, the murder of the jailer, Epitacio Gallegos. He made an address in Spanish to the twenty witnesses present. As the hood was pulled over his head he threw away the cigar he was smoking and yelled in English: "Good bye, my boys." The drop dislocated his neck. Before dying he confessed having killed a man near Bowles station, Ariz., and a man at Kennedy, N. M., but denied having killed a man at Las Cruces, of which he was accused. His bearing on the gallows was stoic. Six years ago on the same day and hour the four Borregos boys were hanged in the same jail yard, no hanging having occurred at Santa Fe since then.

#### Interview with the Murderer.

Telles seemed to spend his last Thursday on earth in a most cheerful manner and if it was a sad and gloomy one he did not show it by any outward signs. He ate well, drank and smoked as though he was at a wedding feast. From early morning until late last night numerous visitors called to see him and to all he was courteous and at parting would shake hands through the bars of his cell and bid good bye. When The Citizen representative called he was looking over some pictures that had been recently taken of him, and he seemed as pleased as a child with them. He said they were for his relatives.

Telles' cell looked comfortable and cozy. At one end was a small altar decorated with an image of the Savior and other paraphernalia. A priest has been visiting him almost daily of late and said he had made his peace with God; that he was ready to die. Telles said his treatment by Sheriff Kinell and assistants had been fine while he was imprisoned; he had no kick coming on that line. Telles had a good physique and said he was 30 years old and married at the time he first took human life, which was in Arizona. He was working with a railroad gang as section hand, and quarreled with the boss. In the melee that followed he killed him with a shot from his revolver and fled the territory. His wife died shortly after and this loss made him sulky and still more hardened his heart.

At Kennedy was the next death. He claims that he was put out of a boarding house for not paying his board. In a fight following the episode he shot at his adversary and hit another man named Pino, who was really in the melee with him. He was arrested and brought to this city, and while awaiting trial committed his third murder,

for which he gave his life today. On the evening of January 18, he and Albert Hampe, who is now awaiting trial charged with murder, entered into a plan to escape. Night Watchman Casados was called as he was about to lock the prisoners up, and put into a cell. The keys were taken away from him and his shooting irons. They could have escaped, but waited for Jailor Gallegos for over half an hour as they had it in for him and refused to escape until they had settled him. He finally came and one of them shot him down in cold blood without giving him a chance for his life. Telles says Hampe shot him and Hampe says Telles did the job. The jailer was a popular and an influential man in this city. He was married and had served as city marshal and was a member of the A. O. U. W.

Telles was not captured, although bloodhounds were put upon his tracks, until February 9. To A. B. Baca, of San Marcial, belongs the honor of capturing Telles, who was apprehended near San Marcial and was heading for his old home in Sonora, Mex. For this clever piece of work in arresting a desperado of Telles' stamp the legislature gave Baca a check for \$500.

Telles in his march to the scaffold wore a new brown suit, white shirt and collar, and black tie. The hangman's noose was a rope five-eighths of an inch in thickness and the drop was a three and a half foot one.

This talk about Telles not being able to understand what he was pleading to when he was taken before Judge McFie is all bosh. If a man ever had a better talk and explanation on the subject than Telles we doubt it, and it was in English and Spanish, too. He pleaded guilty at the time of his arraignment and when he was sentenced reiterated it two or three times.

#### TAKING PRECAUTIONS.

#### B. Lantry Sons Raise Objections to Saloons.

#### THEY FEAR EXPLOSIVES.

No saloons will be established at Mountainair, the new town on Abo Pass, or any other place, but Belen along the line of the Santa Fe cut-off now in course of construction. This has been decided by the Lantry Sons, contractors, who will build the greater part of the new road, and as a consequence there will be little or no trouble among the laborers employed at the different camps.

Lantry Sons have learned by experience that liquor invariably causes trouble, and not only causes trouble, but weakens the men physically and they are not able to do the required work. Thus a great deal of the work in Abo Canyon is done by blasting. A half-drunken man is a very unreliable person to handle explosives. Not only is he liable to blow himself up, but every thing and every body in the whole country.

The Lantrys know this, and for such reason have adopted plans whereby a saloon could not survive where the work is going on. They have a system of paying their men, by which he gets no money until after reaching town. If a man quits work he is given a code certificate for his pay. The code is such that he doesn't know himself how much money is coming to him. Of course the clerks at the office in Belen know what the certificate says and pay in a check. If the employees were paid in the grading camp the money they received would create an incentive for the establishment of a saloon there. This way there is very little money in the camps and consequently very little trouble.

#### OVERDUE STEAMERS.

#### Fears That Two French Steamers are Lost in the Atlantic.

St. Pierre, Miquelon, April 3.—With 1,200 passengers each, consisting of chief of crews for the fishing fleet here, the owners and their families, the French steamers Burgunda and Notre Dame Salut, sailed from St. Malo, France, on March 17, for here. They are now a week overdue and great anxiety is felt here and in French ports. A committee of ship owners has interviewed the governor requesting that he try to induce the minister of marine at Paris to send out cruisers in search of the overdue vessels.

#### Strike May Be Averted.

St. Louis, April 3.—It is expected that an agreement will be reached within the next few hours whereby the threatened strike on the Wabash system will be averted and the grievances of the employees settled on a basis satisfactory to all concerned. This settlement, it is stated, will not be provisional, but will stand after President Ramsey's return from Europe.

## ESCAPED CONVICTS TAKEN

### Eight Captured by Arizona Rangers in Utah.

#### ANOTHER SALOON AFFRAY IN ARIZONA

#### Home Guards Not a Part of the United States Volunteer Army.

Salt Lake, Utah, April 3.—An effort to aid a fugitive brother led to the capture last night of George Parry and John Hunt, the two convicts who escaped from the state penitentiary last Tuesday. Miss Parry, sister of the convict, left her home in the city last night carrying a bundle of clothing and food. Officers who had been watching the house shadowed the woman for several miles until she had crossed the Jordan river and met her brother on the Saltair beach railroad tracks. He was at once surrounded, together with his sister and was forced to lead the officers to the hiding place of his companion. Hunt was found 100 yards away, hidden beneath a sand bank. Both men readily surrendered to the officers, but wept piteously and begged the officers not to shoot. The girl threw her arms around her brother and pleaded for his life.

#### Ladrones Routed.

Manila, April 3.—A force of troops and constabulary, commanded by Captain Perry, overtook and routed on the shore of Lake Mainit, March 31, the band of convicts and ladrones who recently attacked and held for a time, possession of Suriago, Island of Mindanao.

#### Bloody Battle.

Berlin, April 3.—A dispatch from Constantinople to the Lokal Anzeiger, dated at noon today, announces that the Bulgarian nomads and the Turkish troops in Okhreda district have fought a battle and that 1,000 men were killed or wounded.

#### Storm in Colorado.

Denver, April 3.—Train service of all the Colorado mountain roads is badly crippled today, owing to a general storm of yesterday and rock slides and snow slides which are reported in alarming number. The western and southern parts of the state has been almost entirely cut off from telegraph and telephone communication.

#### Arizona Saloon Row.

Tucson, Ariz., April 3.—The big adobe saloon at Naco was the scene of another fight. John Crossen was killed by Frank Wilson, deputy sheriff of Cochise county, who was called into the saloon to interfere in a fight in which Crossen was engaged with another man.

#### Home Guards Not Soldiers.

Duluth, Minn., April 3.—Members of the home guard organized during the civil war were not part of the United States army, according to a decision by Secretary Hitchcock. The question arose over the contested right of a member of the Missouri home guard to obtain the privileges of a soldier in entering government land. The decision will affect many pieces of property all over the United States, on which proof has been made.

#### Bulgarian Insurrection.

Constantinople, April 3.—Official advice from Monastir says the Bulgarian inhabitants of thirty villages in the Okhreda district, totalling 3,000 men and supported by the bishop and a number of revolutionary bands have risen against the Turks. They surrounded a small detachment of Turkish troops in the mountains northward of Okhreda, but the troops succeeded in cutting their way out after sustaining considerable loss.

#### Storm in Kansas.

Topeka, April 3.—Reports today from over the state indicate a general fall of snow ranging from one to three inches. A soaking rain which preceded the snow, together with the mild temperature, caused it to melt rapidly. It is believed that no damage to crops or live stock will result, the telegraph and telephone wires being the only sufferers.

#### Another Broken Levee.

Lake Providence, La., April 3.—The Holbrook levee broke about six miles below this town this morning at 6 o'clock.

#### Found Guilty.

San Francisco, April 3.—The jury in the case of Walter N. Dimmock, accused of stealing \$30,000 from the United States mint, after failing to agree yesterday afternoon, reached a verdict of guilty this morning. Sentence will be imposed next Wednesday.

#### STEAMER WRECKED.

Pacific Coast Vessel Albion Ran on the Rocks.

Bodega, Cal., April 3.—The coast steamer Albion River, en route from San Francisco to Albion and other coast points, ran on the rocks near Bodega Point this morning and is now lying helpless, though close to shore, at a point near the entrance to Bodega Bay. The vessel is so close to the shore that the captain will be able to communicate with those gathered there, but neither the passengers nor the crew have as yet been able to leave the ship. There is a very heavy swell on and unless help arrives before the tide comes in, the ill-fated vessel will undoubtedly go to pieces.

Day. The vessel is so close to the shore that the captain will be able to communicate with those gathered there, but neither the passengers nor the crew have as yet been able to leave the ship. There is a very heavy swell on and unless help arrives before the tide comes in, the ill-fated vessel will undoubtedly go to pieces.

There is a very heavy swell on and unless help arrives before the tide comes in, the ill-fated vessel will undoubtedly go to pieces.

"The announcement that Mr. Hearst has decided to undertake the trip this month has caused surprise here, as it has been announced that he had decided to postpone it until the fall. The trip is intended to furnish to the leaders an opportunity to judge for themselves of the fitness of the two territories for statehood. The plan is to take the long journey by easy stages with stops at all the large towns and mining camps in the two territories. After the tour through the territories the party will visit the cities on the Pacific coast."

If anybody is sick at your house, that makes it all the more important that you should come here for the medicines which your doctor prescribes. The markets of the world do not afford purer drugs than we dispense. Our stock of DRUGS and SUNDRIES is full and complete.

The Daily Citizen will be delivered in the city at the low rate of 20 cents per week, or for 75 cents per month, when paid monthly. These rates are less than those of any other daily paper in the territory.

Mexico insists that President Diaz shall serve another term, as ruler of that republic.

Plant trees. That is the proper thing to do. Plant them early, plant them late, and plant them everywhere.

Scolding newspapers, like women afflicted with that unfortunate habit, are a nuisance in any community.

Non-union workers in Indiana are now organizing non-union unions. The movement is a singular paradox.

The highest mountain in the moon is at least 35,000 feet in height; that is 6,000 feet higher than Mount Everest.

The labor troubles in Colorado are being settled by arbitration, which is a most sensible way to settle any and all sorts of disputes.

The checks paid in New York and London in one month aggregate \$6,350,000,000, which is greatly in excess of the value of all the gold and silver coin in existence.

India rubber is obtained mostly on the Amazon river by natives who sell it for 12 cents per pound. When it reaches the United States it sells for 50 cents per pound.

The Mexican authorities report that the bubonic plague has been stamped out at Mazatlan, after a contest of five months. There have been no new cases during the last eleven days.

The Cuban government has decided to raise the wreck of the battleship Maine in Havana harbor, and to settle once for all whether the vessel was destroyed from the outside or from within.

When a man decides to run for president he takes a western trip. Mr. Hearst has already planned one for next month, and now it is said that Grover Cleveland is talking of coming west in the near future.

Because of the great Brazilian crop, visible and expected, coffee has again touched the lowest record price, 4.1 cents a pound, made in 1889 and again in January of this year, and it is likely to go to a still less price.

San Francisco has under consideration a plan for piping water from reservoirs in the Yosemite National Park, a distance of 140 miles. The plans and estimates which have already been prepared involve an expenditure of \$40,000,000.

Internal revenue collections now cost the government 1.6 per cent. Formerly it was 5 per cent. The collection of customs has remained without material changes for over thirty years. In 1871 it cost 3.18 per cent; last year, 3.13 per cent.

The sheriff of this county, Thomas S. Hubbell, is counted the best in the territory, and during his term of office he has maintained law and order and made this a peaceful community. He has done a thousand courtesies for the people who are now yelping at him. No official act of his can be unfavorably criticized. The talk that he is get-

ting rich from the office is all rot. The whole gross fees of the office probably amount to about eight thousand dollars and out of this he has to pay jailors and deputies.

According to the annual report of the American Telephone company, over 3,150,000 telephones are in use in this country subject to the Bell interests alone; and the telephone has been utilized for commercial purposes hardly a quarter of a century.

### DO GREAT HARM.

The tone of a portion of the press of the country toward public men and especially toward political opponents, is degrading, all forms of coarse and noisy slander being apparently considered legitimate weapons to employ against men of the opposite party or faction.

Unfortunately, not a few of the journals that pride themselves upon being independent in politics, and the organs of cultivated men, betray the same characteristics in a less coarse but quite as noxious form.

All these journals do great harm by accustoming good citizens to see their public men, good and bad, assailed indiscriminately as scoundrels.—From Roosevelt's American Ideals.

### A CREATIVE FORCE.

Advertising is the greatest creative force. It educates the public to buy certain goods and eat certain foods that were never heard of before.

Look at the breakfast foods. A few years ago we never heard of anything in that line but oatmeal. Advertising has brought out scores of new creations in wheat foods, whole wheat foods and malted foods until now every grocery store has shelf after shelf filled with these various articles, which, a very few years ago, were unknown.

You have this creative force at your command.

If you have a business of any kind, you should tell the public something about it every day through the newspaper.

### RULING THE WORLD.

From across the ocean comes the statement, made by a leading statesman of France, that before the end of this century the United States will rule the world.

Lazarre Weiller, one of the leading men of the French nation, makes this announcement. He says: "Long before the end of the Twentieth century the United States and the American people will be the rulers of human affairs."

This prophetic statement is contained in a book about to be published, entitled "Great Ideas of Great People," embodying his impressions of the United States, formed during his visit last year.

"The old world," he continues, "might as well accept the truth of Gladstone's prophecy, uttered in 1878 regarding the predominant role awaiting the people of America, who, with the slightest effort and by simple, rational development of their facilities, are shortly destined to assume the task of guiding humanity."

### AMERICAN DRINK BILL.

From statistics printed by the American Grocer it appears that the use of alcoholic beverages in this country has almost doubled since the year when Kansas adopted the prohibitory amendment. In that year the per capita consumption was 10.09 gallons, while in 1902 this had risen to 19.48 gallons. During the same period coffee grew 52 per cent, while the use of tea fell off 48 per cent. The total bill of the nation in 1902 for stimulants, coffee, tea and cocoa being included, was \$1,369,098,276. For the past five years the average annual expenditure was \$1,239,108,955. The periodical above mentioned says: "The record for 1902 represents a per capita expenditure for stimulants of \$17.33 for the 79,000,000 inhabitants of the United States, or 4.7 cents per day. The users of alcoholic stimulants are estimated to form one-fourth of the total population, on which basis the per capita cost of alcoholic beverages is \$69.32, or 19 cents per day."

Coffee leads in quantity, with beer a close second, the respective amounts being 1,498,000,000 and 1,381,000,000 gallons. Tea comes third with 936,000,000, then alcoholic drinks with a total of 157,000,000. Last year the per capita of ardent spirits was 1.36 gallons. The total per capita consumption of all alcoholic drinks reached last year the record breaking figure of 19.48 gallons.

The consumption of wines and beer is on the increase, but Americans drink less whisky and other spirits than they did a few years ago.

The Cleveland Plain Dealer, from the above figures, draws the conclusion that the American people drink the largest amount of hard liquors in hard

times. The panic years like 1893 saw more spirits consumed than did the more prosperous years that preceded and followed it. Apparently in good times people drink more wine and beer and in seasons of unrest and industrial prostration seek to drown down their sorrows in spirits.

The people of this country are drinking more alcoholic stimulants than ever before. Temperance and prosperity do not seem to go together.

## POSITIVE PROOF

of the efficacy of Hostetter's Stomach Bitters in cases of Loss of Appetite, Belching, Heartburn, Indigestion, Dyspepsia, Insomnia, La Grippe or Constipated Bowels can be found in its record of cures during the past fifty years and in the hundreds of voluntary testimonials received annually. What it has done for others it will do for you. Try a bottle and see for yourself. Avoid substitutes. Our private stamp is over the neck of the bottle.

## HOSTETTER'S STOMACH BITTERS

A Thoughtful Man.  
M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at all druggists.

JEMEZ & SULPHUR HOT SPRINGS STAGE LINE.

Carries the U. S. mail; only line with a change of stock en route; good rigs, horses and drivers; leaves Albuquerque every Tuesday, Thursday and Saturday at 5 a. m. For particulars address W. L. Trimble & Co., agents, Albuquerque, or J. B. BLOCK, proprietor, Jemez.

Accidental Killing.

Word comes from Mora that the brother of County Clerk E. H. Bierbaum was shot and killed by Fred Webber, at Weber, twelve miles distant. The shooting was accidental. According to the report Bierbaum grabbed a gun which the other had in his hands. There was a playful struggle which ended tragically by the discharge of the weapon. Bierbaum fell shot through the heart, and died almost instantly. Webber went to Mora and gave himself up to the authorities. It is not believed any action can be brought against him. He is reported to be terribly wrought up over the unfortunate affair.—Las Vegas Optic.

Pneumonia is Robbed of its Terrors by Foley's Honey and Tar. It stops the racking cough and heals and strengthens the lungs. If taken in time it will prevent an attack of pneumonia. Refuse substitutes. Alvarado Pharmacy.

Easter Flowers in Plenty.

New York, April 3.—A visit to the large and fashionable florists' establishments in Fifth Avenue would indicate that Easter flowers this year are of unlimited supply as well as luxuriant variety, though the prices are not such as to tempt the person of average means to make large purchases. The lily continues the typical Eastern flower and it is hard to estimate even roughly the great number of these beautiful blossoms that will be sold in the metropolis during the next two days. The most of the Easter lilies here are imported from Bermuda, where lily-growing for the American market is one of the chief industries of the inhabitants.

A number of innovations in floral decorations schemes have been introduced this year. Ribbons are being used more largely by the florists than ever before. In church decorations white, purple, violet and lavender tints are used, and for home decorations all the delicate tints are employed.

We Know What

is going to happen to the little boy who is stuffing himself with green apples. A grown man couldn't be induced to try that experiment; and yet the grown man will overload himself with indigestible food for which he will pay a greater penalty than colic. It is this careless and thoughtless eating which is the beginning of stomach trouble and all its painful consequences.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other forms of "stomach trouble." It restores the weak and run-down man or woman to sound health.

"Some time has elapsed since I have written you in regard to the treatment I have been taking under your instructions," says Mr. J. P. Clingmans, of Minneapolis, Minn. "When first I commenced taking your remedies I was under treatment of a well-known specialist in this city (and had been for four months), for catarrh, and especially stomach trouble, and I was rapidly getting worse. Got so bad that I could not eat anything that did not distress me terribly, and I was obliged to quit taking the doctor's treatment entirely. I was greatly reduced in flesh. As a last resort I wrote to you and stated my case, and after receiving your instructions I followed them closely. After taking five bottles of Dr. Pierce's Golden Medical Discovery and one visit of his 'Pleasant Pellets' I commenced to improve, and decided to continue the medicine and observe your instructions regarding hygienic treatment. It is now nearly six months since I commenced your treatment and I can say that I am well and never felt better in my life. Am very grateful to you for what your medicine has done for me."

Dr. Pierce's Pellets cure biliousness and sick headache.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Brooklyn-London Chess.

New York, April 3.—The annual international chess match by cable for the trophy offered by Sir George Newnes was commenced at 9 o'clock this morning. The contestants are the City of London Chess club on the one side and the Brooklyn Chess club on the other, the American end of the contest being conducted in the rooms of the latter organization.

The American team this year is exceptionally strong and the Brooklyn club has hopes of adding to its list of previous victories in the contests for the trophy. The American players are H. N. Pillsbury, H. J. Marshall, J. F. Barry, A. B. Hroges, Edward Hymes, H. G. Veright, C. M. Newman, Eugene Delmar, G. S. Howell and Herman Helms. Pillsbury and Marshall, having just finished playing in the international tournament at Monte Carlo and not having had time to return to America, are to play their respective games over the boards in London.

Hobbed the Grave.

A startling incident is narrated by John Oliver of Philadelphia as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at all druggists.

J. A. Garcia, the sheep commission merchant, went to Cerrillos this morning.

Good for Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of cough, croup and laryngitis because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. B. H. Briggs & Co.; S. Vann & Son.

Chronic Bronchitis Cured.

"For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Joseph Coffman, of Montmorenci, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." Alvarado Pharmacy.

## Ayer's Sarsaparilla

Your grandmother's doctor ordered it for your father. It's the same old Sarsaparilla today. Tested and tried for 60 years. If constipated, use Ayer's Pills; gently laxative, purely vegetable.

Music Tonight at Alvarado.

The following pleasing program will be rendered at the Alvarado this evening, during dinner hours:  
Overture—Medley ..... Beyer

## Railroad Topics

Ben Williams, special officer for the Santa Fe, arrived from the north this morning.

Engineer Charles Davis of the local shops is able to be around again after an extended sickness.

Superintendent J. F. McNally of the Rio Grande division, spent yesterday here, and went south this morning.

The engineers on the Northeastern located at Alamogordo will give a picnic some Sunday this month in Alamogordo.

The Bisbee Railroad company has begun drilling an artesian well at Columbus station in the southern part of Luna county.

Rain and snow prevailed in the Santa Fe and Glorieta mountains last night. Trains arriving from the north were covered with ice.

Freight traffic on the Lamy branch is very heavy of late. Wednesday an extra engine took a train of ten loaded freight cars to the capital.

G. S. McKenzie, who superintends the slot machines along the line of the Santa Fe, passed through the city this morning enroute to Topeka from the west.

Last Thursday was the banner day of the season for baggage and express transfer business at the Deming depot, a larger amount being transferred that day than on any other day so far this year.

Conductor L. T. Gifford is now running on the Miami line between this city and El Paso, vice Conductor Dascumb. Conductor Griffith is in charge of the run on the branch between Rincon and Silver City.

The El Paso & Northeastern railway is now getting up a neat little booklet, containing twelve half-tone engravings and several pages of descriptive matter relative to Clondoroff. This work will be issued about May 1.

It has been officially announced that all of the section men on the Rock Island are to receive a raise in wages of from 12 1/2 to 15 cents per hour. The change is effective April 1. About 2,000 men will be effected by the raise and the pay roll will be increased about \$250,000.

Passenger train No. 7, west bound, due here last night, did not arrive until 7:30 o'clock this morning. It was caught behind a freight train with a dead engine between Glorieta and Las Vegas. The train men had trouble in getting another engine on the freight and consequently it blocked the track several hours.

W. J. Hanna, water service man on the Rio Grande division of the Santa Fe, is spending several days here arranging for water supply for the Santa Fe stock yards. He is establishing a three-horse power gasoline engine with which to draw water from a well. The fire which occurred at the stock yards some time ago destroyed the former facilities for pumping water.

The governor of Texas has approved the Frisco and the Santa Fe consolidation bills. The former bill authorizes the St. Louis, San Francisco & Texas Railroad company to purchase and operate the Red River, Texas & Southern; the Paris & Great Northern; the Fort Worth & Rio Grande; the Blackwell, End & Texas and the Oklahoma City & Texas roads. The Santa Fe bill authorizes the Gulf, Colorado & Santa Fe to purchase and operate the Gulf, Beaumont & Great Northern and the Gulf, Beaumont & Kansas City roads.

### LEGAL BATTLE.

Inter State Commerce Commission vs. the Railroads.

St. Louis, April 1.—One of the greatest legal fights in the history of railroading will be fought out soon, probably in Cleveland, O. The suit begun recently by the inter state commerce commission against the Lake Shore under the new Elkins law has had the effect of arraying the big eastern railroad lines with the Vanderbilts. The railroads aim to dislodge the inter state commerce commission from its contention that the judiciary has the power to raise or to lower rates on inter state commerce, for they claim that if the court has authority to perform this function it also has the right to fix rates, which is a legislative duty. Failing in this contention, the railroads propose to attack the constitutionality of the new law upon the ground that the court is assuming the functions of congress when it regulates rates.

This fight against the commission is one of long standing. The railroads claim that the position assumed by the commission under the Elkins law, if sustained, would be equivalent to government ownership of railroads. The railroads have enlisted the services of the most prominent corporation lawyers of the east, and it is probable that the battle will be fought out in the United States courts at Cleveland.

### A UNIFORM TICKET.

Passenger Committee to Make Report in Short Time.

The passenger officials of the principal lines of the country are expecting that within a short time a uniform ticket will be adopted by all roads. The first step is expected to be taken when the special committee composed of representatives from each of the territorial associations make its report. This committee, which was selected over a year ago, has held several meetings since, and much work has been done toward eliminating objectionable features which were parts

of previous schemes. A full report is expected in a short time, possibly within a week, and the different associations will pass upon the plan suggested.

The need of a reform in the matter of tickets has long been recognized and several attempts have been made to bring about a change. The adoption of the standard form will save considerable annoyance to travelers, who, when using the old forms have had to look out for indorsements, signatures and many other little things.

Foley's Honey and Tar contains no opiates, and will not constipate like nearly all other cough medicines. Refuse substitutes. Alvarado Pharmacy.

### Switchman Killed at Raton.

Nicholas B. Ritter, a Santa Fe switchman in the yards at Raton, N. M., was instantly killed Wednesday morning. Ritter stepped between the cars to open the knuckle of the coupler when he slipped and fell. Two cars and the engine passed over the body and he was literally ground to pieces before the accident was discovered by the switching crew. The body was taken in charge by the coroner.

Ritter was about 35 years old and leaves a widow and two children living in Colorado Springs, where the body will be shipped.

Foley's Kidney Cure if taken in time affords security from all kidney and bladder diseases. Alvarado Pharmacy.

### TWO TRAINS A WEEK.

Daily Train Service by the Golden State Limited Abandoned.

The Rock Island system has taken off the daily train service of the Golden State Limited, and hereafter but two trains a week will be run. The trains will leave Chicago Tuesdays and Thursdays. The change is made as the company needs the engines to handle the freight, and by abolishing the daily service a dozen of the finest engines can be used for other service. Train service from Harrington, Kansas, to El Paso will be improved, and, beginning April 5, a train will be run between those points by daylight.

### COUNTY OFFICERS.

Can Not Become Sureties and Must Keep Offices in the County Seat.

House bill No. 124, an act prohibiting territorial or county officers from becoming sureties for others.

Be it enacted by the legislative assembly of the Territory of New Mexico:

Section 1. That hereafter it shall be unlawful for any territorial or county officer who is required by law to give official bonds to sign any bond or become surety for any other person or persons during the term for which he is required to give official bonds for himself.

Sec. 2. Any violation of the provisions of this act shall constitute a misdemeanor in office, and shall subject the offender to summary removal therefrom.

Sec. 3. All acts and parts of acts in conflict herewith are hereby repealed, and this act shall take effect and be in force thirty days after its passage.

House bill No. 152, an act requiring county officers in this territory to establish and maintain their offices in

### REBUILT BOTH.

A Change in Food Can Do Wonders. When a change in food and drink will totally make over people it is worth while knowing the kind of food and drink used, particularly when in the making over, the old arches, ails and diseases are eliminated.

A lady in Louisville, Neb., says: "Husband and I were both coffee drinkers. He was always troubled with dyspepsia and I had in addition to stomach trouble, serious bowel disorder and was so terribly nervous that I would scream at the slightest noise."

"The pain in my stomach continued from morning till 3 or 4 o'clock in the afternoon. I was so tired all the time and never could get rested, it was all I could do to drag about. My nervousness kept increasing until finally the doctor said I must be taken to a different climate because I was getting weaker all the time, and then could hardly walk across the room."

"I had read many testimonials of the good that Grape-Nuts and Postum Food Coffee were doing for people but never thought they applied to me. However, my ever kind husband one night brought home a package of each. I had tried to quit coffee but every time a terrible pain would come in my head after each meal."

"I had no faith in your food and drink helping me, but to please husband I tried the Food Coffee and the Grape-Nuts. Postum satisfied my taste and I loved Grape-Nuts breakfast food with good cream."

"In a day or two I began to improve. That was seven months ago. My improvement has been so steady that now instead of being a miserable, nervous wreck, I am a strong, healthy woman weighing 140 pounds, can work from daylight till dark with a life and spring about me that I have never had."

## Growing Old Gracefully

—and Healthfully

The infirmities of old age are successfully combated by the use of

**ANHEUSER-BUSCH'S**  
*Malt-Nutrine*  
TRADE MARK  
—The Food-Drink.

Its tonic properties are invaluable to those who are weak—nursing mothers, little children and the aged.

All druggists sell it. Prepared by the

St. Louis, U. S. A.  
Orders promptly filled by  
**C. W. KUNZ, Wholesale Dealer, Albuquerque.**

the county seat of their respective

counties.

Be it enacted by the legislative assembly of the Territory of New Mexico:

Section 1. That the offices of county officers, in this territory, shall be established and maintained in the county seat; and it shall be illegal to hold or maintain said offices outside of the place in which is required in this section.

Sec. 2. That all laws or parts of laws in conflict or inconsistent herewith are hereby repealed, and this act shall be in full force and value from and after its passage.

Grip Remedies in Great Demand.

When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams, of McDuff, Va., says that he was cured of a very deep and lasting attack of la grippe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all druggists.

### New County of Torrance.

Torrance promises within the next few years to become one of the best counties in the territory. Beside the many wealthy stockmen residing within its limits, it takes in a long stretch of the El Paso & Northeastern railway, about sixty-four miles of the Santa Fe Central and about the same number of miles now building of the Santa Fe cut off. Valencia county lost most of the best territory which is now included in the new county of Torrance, including the towns of Puerto de Agua, Manzano, Torreon, Tejuque and Pinos Wells. The county was named for General Torrance, of Pennsylvania.—Alamogordo News.

### Dreadful Attack of Whooping Cough.

Mrs. Ellen Harrison, of 300 Park avenue, Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Alvarado Pharmacy.

### LOSSES IN STOCKS.

Santa Fe Stock Drops 14 Points During Last Six Months.

The extent to which the stock market has been punished is only dimly realized, says a New York dispatch, dated March 30. The losses inflicted on the entire list during the long period of liquidation beginning six months ago amounts to more than a billion dollars. In twenty-one active stocks there has been an actual shrinkage of \$667,200,000. This tremendous depreciation is set forth in the following tabulation:

Points declined.	Loss.
Santa Fe .....	\$14,500,000
Baltimore & Ohio .....	45,000,000
Brooklyn Rapid Transit .....	6,700,000
Canadian Pacific .....	32,000,000
Chicago & Alton .....	5,600,000
Chesapeake & Ohio .....	7,000,000
Erie .....	17,000,000
Illinois Central .....	34,000,000
Louisville & Nashville .....	25,000,000
Missouri Pacific .....	17,000,000
Manhattan .....	11,000,000
Metropolitan St. Ry. .....	22,000,000
New York Central .....	40,000,000
Northwestern .....	60,500,000
Norfolk & Western .....	12,000,000
People's Gas .....	6,500,000
Pennsylvania .....	66,000,000
Southern Railway .....	18,000,000
Union Pacific .....	46,000,000
United States Steel .....	101,000,000
U. S. Steel, preferred .....	81,000,000
Total .....	\$667,200,000

Many stocks, besides those included in the above enumeration, might properly be classified as active. There is scarcely anything on the list that has not undergone severe shrinkage. The biggest loss in points occurred in Chicago & Northwestern, which has always been regarded as one of the choicest standards. The greatest loss in dollars is in the stock of the steel trust. Between the high and low points stockholders of the common and preferred issues face a loss of \$192,000,000. This shrinkage falls on 2,000 stockholders.

Mr. Keene is popularly supposed to have "hedged" his immense holdings

of securities, thereby securing himself against severe losses. The professional believe that he still inclines to the short side of the market, although he has refrained from giving any positive indication of his position.

### A Sweet Breath

Is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick, of White Plains, Ky., writes: "I have been a dyspeptic for years—tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like. Kodol digests what you eat and makes the stomach sweet." B. H. Briggs & Co.; S. Vann & Son.

City Marshal Winders, the efficient city marshal of Gallup, was in the territorial metropolis yesterday on business.

For liver troubles and constipation there's nothing better in creation than Little Early Risers, the famous little pills.

They always effect a cure and save doctor bills. Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the secretions and restoring the liver to the full performance of its functions naturally. B. H. Briggs & Co.; S. Vann & Son.

Charles Schlader, who was here all day yesterday and who attended a meeting of the Territorial Sheep Sanitary board, is so well pleased with the metropolis that he intends to visit this city quite often in the future. Mr. Schlader is the Union county member of the board, and is one of the most extensive sheep raisers in the territory.

The surest and safest remedy for kidney and bladder diseases is Foley's Kidney Cure. Alvarado Pharmacy.

Hon. Solomon Luna is arranging to go to his sheep ranges down in the Magdalena mountains, and is collecting an extra force of men for shearing.

Foley's Kidney Cure makes kidneys and bladder right. Don't delay taking. Alvarado Pharmacy.

Watson Downes, representing the International Correspondence Schools, has gone north in the interest of the schools.

Hon. Solomon Luna was a passenger for his home at Los Lunas this morning.

## A PIONEER

## MERCHANT

Bright's Disease and Diabetes

Are Positively Curable.

Adolph Weske, the well-known pioneer of 920 Green street, San Francisco, one of the founders of the California Cracker Company, interviewed December 11, 1901:

Q.—Will you permit us to refer to you as one of those cured of diabetes by the Fulton Compound?

A.—Yes, I may. It ought to be known. I have told a great many about it myself.

Q.—You found it hard to convince them?

A.—Only those cured can believe easily. You will have great difficulty in making people believe it.

Q.—Had physicians diagnosed your case as diabetes?

A.—Several. The kidneys were also affected. I had to sleep with my hand under my back to sustain me so I could rest.

Q.—How long before you began to improve?

A.—It took hold slowly—it must have been several weeks.

Q.—How long before you were fully restored?

A.—Can you recall any you told about it?

A.—One was a Mrs. D. A friend of ours in the country. Her trouble was Bright's Disease. She, too, recovered.

Q.—Any other?

A.—A lady friend in Windsor, Sonoma County, was swollen with dropsy, and I sent her the Bright's Disease Compound, the second dozen completely restored her.

Q.—What do you think now of the curability of Bright's Disease and Diabetes?

A.—Cures await those who will take these Compounds for a sufficient length of time.

Medical works agree that Bright's Disease and Diabetes are incurable, but 87 per cent. are positively recovering under the Fulton Compound. (Common forms of kidney complaint and rheumatism offer but short resistance.) Price, \$1 for the Bright's Disease and \$1.50 for the Diabetes Compound. John J. Fulton Co., 429 Montgomery street, San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.

## FAYWOOD HOT SPRINGS.

## A Correspondent Sends a Batch of Interesting Items.

## GUESTS AT THE SPRINGS.

## Special Correspondence.

Faywood Hot Springs, Faywood, N. M., April 2.—The recent visit of your Mr. McCright to this "neck of the woods" has attracted more attention to The Citizen and to your section of our goodly territory than has any recent event of a personal or private business nature.

During the past week this resort and sanitarium has entertained a small but lively party from Silver City: Mr. and Mrs. W. H. Newcomb, Mr. and Mrs. H. H. Betts, A. B. Laird, D. C. Hobart and Rev. H. W. Ruffner. Mr. Newcomb is the active and efficient justice of the peace of his thriving little city. Mr. Betts is city clerk, notary public, expert bookkeeper and general accountant. "Andy" Laird of the general contracting firm of Laird & Matthews, is so well known as former sheriff of this (Grant) county that further description seems unnecessary. This energetic firm has secured the contract for the stone dam at Fort Bayard, against several competitors, and last Monday their quarries and extractors commenced operations.

Hon. D. C. Hobart is quite well known in Santa Fe as a member of the "third house" at every session of the legislature, and through this section of the territory as an active republican political worker.

Rev. H. W. Ruffner, pastor of the Episcopal church in Silver City, came last Monday and Tuesday drove nine miles to Dwyer, a thriving agricultural settlement on the Mimbres river, where he united in marriage Mr. Robert P. Boone and Miss Betty Sparr. The groom is a well-known and respected cowman of this section, and the bride is from Belton, Tex., whence she came last September to teach the district school at Dwyer. No sooner does a worthy, desirable school ma'am get fairly acquainted with her patrons than some appreciative, selfish rancher appropriates her. So it is, and so may it continue.

Mr. J. J. Smith, a mine expert and speculator of Denver, Colo., has gone into the mountains above Mimbres Hot Springs to examine some properties.

Mr. W. R. Moore and his sister, Miss Rose Moore of Santa Barbara, Cal., are here as a part of their tour for health and recreation.

Jolly Jim Tracy, though much improved in health, is yet at the Faywood.

Mrs. W. H. Gleason, an old friend of Mr. and Mrs. Tracy, is a valuable addition to our colony by reason of her attractive personality, constant cheerfulness and spirit of camaraderie.

Manager McDermott has just returned from a cattle-buying trip of eight days and reports that the recent rains have so encouraged the ranchers that he could secure only a small part of the stock cattle he wants for his ranges. On a trip through the Mimbres valley the observant traveler is much pleased to see that every piece of farming land is being utilized in anticipation of a very productive year, as there is an abundant flow of water and the weather has been very propitious. Peach, cherry and plum trees are in bloom, huge bouquets of color, a little early, perhaps, but very beautiful.

DARNOC

ver, Colorado City and Pueblo the purses will average about \$7,800 each. Albuquerque horses did so well here last fall that the owners are encouraged to try abroad. There are a few horses owned here now that can go with the best of them and the chances are that some of them will get some easy money in Colorado.

Among the horses that will take the Colorado circuit this season are Primrose and Young Hall, the property of Joseph Barnett; Bonnie Treasure, owned by W. L. Trimble; Shecam, owned by Frank Sturges, and Boone, owned by Emil Mann. All of the Albuquerque horses will return to the city in time to get into the fair meeting in October.

## SCIENCE SETTLES IT.

Dandruff is caused by a germ that saps the hair's vitality. It is now a settled fact that dandruff is caused by a germ. Falling hair and baldness are the result of dandruff. Dr. E. J. Beardsley, of Champaign, Ill., got hold of the new hair preparation, Newbro's Herpicide—the only one that kills the dandruff germ. He says: "I used Herpicide for my dandruff and falling hair, and I am well satisfied with the result." Dr. J. T. Fugate, of Urbana, Ill., says: "I have used Herpicide for dandruff with excellent results. I shall prescribe it in my practice." Herpicide kills the dandruff germ. Physicians as well as the general public say so.

"Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents."

## ARBOR DAY.

Many Trees Planted Throughout City and Valley Today.

Today, April 3, designated by the governor as Arbor Day, is being observed in a most proper manner in almost every locality in New Mexico. It is estimated that more trees than ever before have been planted today in the territory.

Especially are the public educational institutions taking an active part in keeping the day.

The program carried out at the university of New Mexico is as follows: Cotton wood trees were taken from the Rio Grande valley and reset on the varsity campus.

The indoor exercises were held in assembly hall, and began at 1:30 p. m., lasting several hours.

"The Trees of New Mexico"..... President W. G. T. Vocal Solo..... Miss Grace Houghton

"The Trees of California" Prof. Hodgins Vocal Solo..... John Douglas Walker

Reading..... Miss Florence Chapin Piano..... Miss Johnson

A banquet of many good things to eat followed. The Albuquerque Indian school was equally as elaborate. Many trees were planted.

## A Great Sensation.

There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles. Price, 50c and \$1. Guaranteed by all druggists. Trial bottles free.

## THE MARKETS

## LIVESTOCK MARKETS.

## OFFICIAL MATTERS.

## Land Office Transactions—Gov. Otero Makes Appointments.

## NATIONAL GUARD CHANGES.

Governor Otero has appointed Bonham H. Baker of Portales, Roosevelt county, a notary public.

Fees First Judicial District Court Turned Over.

District Court Clerk A. M. Bergere made a settlement with the territory for the quarter ending March 31, 1903, turning over to the treasury district court fees for the first judicial district amounting to \$439.66.

## Under Civil Service.

After April 5 the mineral divisions of the surveyor general's offices of Colorado, Utah, Wyoming, Idaho and New Mexico, which are sustained by deposits from the individuals desiring the surveys, will be placed under civil service rules. This order places the force of the offices named under civil service.

## Survey Ordered.

Surveyor General Llewellyn has issued an order for the official survey of the Whale group of lode mining claims, comprising the Whale and Whale Mine No. 1, lodes situated in the Bromide Mining district, in Rio Arriba county. The claimant is the Bell Royal Copper Mining and Milling company. The survey will be made by Duane Wheeler, United States deputy mineral surveyor.

## Land Office Business.

The following homestead entries were made yesterday: Jose de la Cruz Archuleta, Kennedy, 160 acres in Santa Fe county; Rafael Baca, Wagon Mound, 160 acres in Mora county.

The following final homestead entries were made yesterday: Jose Abran Sanchez, Wagon Mound, 160 acres in Mora county; Rinaldo Trujillo, Trememina, 160 acres in San Miguel county.

## National Guard Inspection.

The several companies of infantry and troops of cavalry of the New Mexico national guard will be inspected during the present month by an officer of the regular army. The inspection is for the purpose of ascertaining the numerical strength of the guard for the purpose of determining the number of new arms to be issued under the provisions of the militia law enacted at the last session of congress. The dates for the inspections are as follows: Santa Fe, April 20; Las Vegas, April 21; Albuquerque, April 22; Socorro, April 23; Silver City, April 24.

## Request Denied.

Santa Fe will not receive the Fort Marcy reservation yet awhile. In reply to the memorial adopted by the legislature that the reservation be given to the city for public uses, Secretary J. W. Reynolds has received the following letter from J. J. Fimple, assistant commissioner of the general land office: "In reply to your letter of February 19, 1903, addressed to the president of the United States, enclosing a memorial of the legislative assembly of the territory of New Mexico, asking that the Fort Marcy abandoned military reservation, N. M., be granted to the municipal corporation of Santa Fe, N. M., for certain public uses, you are advised that on March 19, 1903, the secretary of the interior denied the request."

## Institution Boards Named.

Governor Otero appointed the following boards of managers of territorial institutions: Deaf and dumb asylum, R. J. Palen and S. G. Cartwright of Santa Fe and Jose A. Lucero of Espanola; miners' hospital, A. R. Streicher and M. R. Mendelson of Raton and W. F. McCash of Folsom; reform school, Thomas D. Burns of Tierra Amarilla, Venecio Jaramillo of El Rito and Pedro Sanchez of Taos; blind asylum, A. J. King and A. P. Jackson of Alamogordo and A. J. Hager of Mesilla Park.

## National Guard Changes.

Governor Otero has accepted the resignations of Captain Bonifacio Lucero, First Lieutenant Louis Guerin, former officers of Company K, New Mexico National Guard of Las Vegas. He has appointed the following as officers of the company: Captain, A. R. DaCosta; first lieutenant, Bonifacio

Lucero, and second lieutenant, J. C. Lynch. The resignation of Captain F. H. Strong of Albuquerque, acting quartermaster of the First regiment of infantry, was accepted. O. A. Mattson of Albuquerque was appointed first lieutenant and adjutant of the second battalion of the First regiment of infantry. Eugene W. Balter of Albuquerque was appointed assistant surgeon of the First regiment of infantry with the rank of first lieutenant, and assigned to the second battalion.

Ordinary household accidents have no terrors when there's a bottle of Dr. Thomas' Electric Oil in the medicine chest. Heals burns, cuts, bruises, and sprains. Instant relief.

## Police Court.

Three natives and one foreigner, wearing green, blew into the city last night and last night. They were brought before Police Judge Crawford this morning and pleaded guilty to being drunk and disorderly. The natives had no money, so they will improve the streets for five days each under the direction of Commissioner Martin Tierney. The miscreant from Ireland had the change, and gave up \$5.

A lady's dark red wheel bearing no name or make is at the city building awaiting the owner. It was picked up by one of Marshal McMillin's men.

## Beauty and Strength.

Are desirable. You are strong and vigorous, when your blood is pure. Many—any, most—women, fail to properly digest their food, and so become pale, yellow, thin and weak, while the brightness, freshness and beauty of the skin and complexion, depart. Remedy this unpleasant evil, by eating nourishing food, and taking a small dose of Herbine after each meal, to digest what you have eaten; see at Cosmopolitan Pharmacy, B. Ruppe.

## HOTEL ARRIVALS.

## Alvarado.

Lieutenant and Mrs. R. DeL. Hasbrook, United States navy; E. Ackermann, George T. Hull, Denver; A. C. Rotford, Delta, Colo.; H. L. Rankin, Uniontown, Pa.; F. M. Gunn, Chicago; Mrs. Helen W. Sprague, Mrs. Emma S. Morse, Wisconsin; W. Perry Bock, El Paso; A. Cooper, St. Louis; Charles S. Kay, Springfield, O.; C. C. Hamlin, Colorado Springs; A. E. Troy and wife, New York; M. A. Otero, New Mexico; W. H. H. Llewellyn, Las Cruces; S. Luna, Las Lunas; E. M. Norton, Santa Fe; C. H. Jordan, Hutchinson, Kan.; W. S. Davidson, Chicago; W. H. Schmeckhorn, J. S. Jacobson New York City; Mr. and Mrs. Arnold Hagner, Washington, D. C.; W. T. Whiffen, Chicago; William J. McDonald, Columbus, O.; H. C. Meyer, Bradock, Pa.; H. C. Churchill, Boston; John Cozle, Chicago; Miss Bradshaw, Miss Juno, New York; C. C. Hawley, Colorado Springs; J. F. McNally, John O. Dowd, J. Gifford, San Marcial; William B. Thompson, Boston.

## For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

WANTED—Clean cotton rags for machine purposes at The Citizen office. Price 4 cents per pound.

## MURDERERS AND HOLE-UPS.

## The Frontier Doings of a Small Band of Desperadoes.

## STORY AS TOLD THE CITIZEN.

The latter part of last November late in the afternoon Sam and Bill Martin and Cherokee Bill, former Colorado and Indian Territory cow boys, who but recently acquired the fame of outlawry, rode into the little town of Carleton, Colo., on the line of the Santa Fe railway, about twelve miles east of Lamar. They hitched their horses and proceeded to hold up and rob the postoffice. They succeeded admirably, and without a hitch in the proceedings appropriated all the cash on hand, amounting to \$62.12. Seemingly satisfied with the little money secured, they started, horseback, across the corner of Kansas toward No Man's Land.

The robbery occurred about 6 o'clock and by 9 o'clock that evening Sheriff Frank Tate of Trinidad and two deputies were on the trail. The night was very clear and the officers had very little trouble in keeping in sight. Three hours after daybreak the first morning the officers came up with the robbers, and a running fight followed. In the skirmish which lasted for more than an hour Sheriff Tate was wounded and one of his deputies had a horse shot from under him.

Poses were organized at Trinidad, Los Animas and Lamar, and the hunt was taken up in earnest. A posse composed of deputy United States marshals and postoffice inspectors again came up on the highwaymen in the country known as the Cedars in the No Man's Land. A fight took place in which five horses, all belonging to the outlaws, were killed and Cherokee Bill was captured. His capture was made possible by his horse being shot from under him. In the fall he was injured so badly that it was useless for him to take to the brush, as was then necessary, all the horses having been killed. The Martin brothers took to the woods and again escaped, evading the officers even in close quarters. They proceeded south in No Man's Land, where they surprised some campers and stole a team of mules.

About the middle of January a post-office inspector and a couple of cowboys met with and engaged the Martins in a running fight, but to no consequence but the killing of one horse. January 30 the Martins appeared in the neighborhood bordering between No Man's Land and Oklahoma, and robbed the railway station of Marlow on the Rock Island road. Before this robbery they had been joined by a man by the name of Clarence Summers, a cowboy and bad man. The three men walked into the station and demanded Agent Rose to hold up his hands. The demand was accompanied by each of the outlaws pointing an ugly looking gun at the agent's head.

The interesting part of this hold up was that a carload of dynamite was stored in the depot at the time, and had any of the robbers fired a shot while they were pointing their guns at Rose on either the right or left of him the ball would have struck this dynamite. Agent Rose thought of this terrible danger. It is needless to say that he was badly frightened.

The robbers took what little money there was in the station coffers and, taking the frightened agent about a half a mile from the railroad, stood him on a bank, saying: "Don't move until we whistle. If you do you will be shot." The useful miscreants disappeared in the darkness. Rose stood there until he was nearly frozen and decided that he would just as soon be shot as to freeze to death, and returned to the depot. On the night of March 2 they robbed the station house at Hennessy, O. T., and killed the night watchman in cold blood. United States Marshal Fassett of Oklahoma organized a posse. Two fights followed in which one deputy and several horses were killed. The robbers stole a team of horses of the father of Clarence Summers and were last heard of on the old Fort Cantonment trail headed up the Canadian river. The officers are in pursuit and it is known that the fleeing robbers are coming toward New Mexico.

It will be noted that in this succession of battles more than a dozen horses were killed.

A lazy liver makes a lazy man. Burdock Blood Bitters is the natural, never failing remedy for a lazy liver.

## Walks Without Crutches.

I was much afflicted with sciatica,  
writes Ed. C. Nud, Iowa, Sedgwick  
county, Kansas. "going about on  
crutches and suffering a deal of pain.  
I was induced to try Ballard's Snow  
Liniment, which relieved me. I used  
three 50c bottles. It is the greatest  
liniment I ever used; have recom-  
mended it to a number of persons, all  
express themselves as being benefited  
by it. I now walk without crutches,  
able to perform a great deal of light  
labor on the farm." 25c, 50c and \$1.00  
at Cosmopolitan Pharmacy, B. Ruppe.

## No Epidemic.

W. O. Wright, supervisor of Indian  
schools and temporarily in charge of  
the Albuquerque Indian school, said  
yesterday that one case of diphtheria  
exists in the Indian town of Laguna,  
and that it is properly quarantined.

## Save the Loved Ones!

Mrs. Mary A. Villet, Newcastle, Colo.,  
writes: "I believe Ballard's Hore-  
hound Syrup is superior to any other  
cough medicine, and will do all that is  
claimed for it, and it is so pleasant to  
take. My little girl wants to take it  
when she has no need for it." Ballard's  
Horehound Syrup is the great cure for  
all pulmonary ailments. 25c, 50c and  
\$1.00, at Cosmopolitan Pharmacy, B.  
Ruppe.

## Sleeping Cars on Electric.

Dayton, Ohio, April 3.—Sleeping cars  
will be run on the Appleyard electric  
roads in Ohio in the near future. The  
Dayton, Springfield & Urbana Electric  
railway, one of the roads of the system,  
is arranging to double track its line  
from Dayton to Springfield. As soon  
as the Ohio River & Western  
railway, another of the lines of this  
system, has been made standard gauge  
parlor cars and sleeping cars will be  
run from Cincinnati to Wheeling, W.  
Va., with connections for Pittsburgh.

The Brewery Workers' union will  
meet Saturday night at Carpenters'  
hall, on West Gold avenue, to organize  
permanently. Charter and seal have  
arrived.

## Wisconsin Teachers Meet.

Madison, Wis., April 3.—The pres-  
ence of President Roosevelt here today  
resulted in a record-breaking attend-  
ance on the annual meeting of the  
Southern Wisconsin Teachers' associa-  
tion. The same event caused a slight  
change in the convention program, the  
opening session of the forenoon cur-  
tailed to permit the teachers to take  
part in the popular demonstration in  
honor of the nation's chief executive.  
The business sessions of the conven-  
tion were got under way this after-

noon and will be continued through to-  
morrow. Some of the educators of wide  
note are down for papers or addresses  
are Henry Sabin of Des Moines, Pro-  
fessor F. J. Turner of the University  
of Wisconsin, Miss Ada Johnson of  
Baraboo, Prof. W. C. Hewitt of Osh-  
kosh and Dr. George E. Vincent of the  
University of Chicago.

## Educators Meet in Chicago.

Chicago, Ill., April 3.—The annual  
session of the North Central Associa-  
tion of Colleges and Secondary schools  
was commenced here today and will  
be continued through tomorrow. Over  
one hundred members are present, re-  
presenting the leading schools and col-  
leges of Michigan, Ohio, Wisconsin,  
Indiana, Illinois, Minnesota, Iowa, Mis-  
souri, Nebraska and Colorado.

## McLeod vs. Jenkins.

Buffalo, N. Y., April 3.—Tom Jenkins  
of Cleveland, who lost the champion-  
ship wrestling title to Dan McLeod at  
Worcester last fall, is to be given a  
chance to regain it tonight, when the  
two will meet on the mat under the  
auspices of a local athletic organiza-  
tion. The feeling between the two  
wrestlers is not of the most cordial  
nature and there seems to be no doubt  
that the match will be one of the  
fiercest ever pulled off in this country.  
Both appear to be in prime condition  
for the contest.

## Western Gymnastic Championships.

Minneapolis, Minn., April 3.—Many  
of the larger colleges of the west have  
sent teams to compete in the second  
annual meet of the Western Intercol-  
legiate Gymnastic association which  
takes place tonight in the armory of  
the University of Minnesota. Some of  
the institutions to be well represented  
are the University of Chicago, Univer-  
sity of Wisconsin, Grinnell College and  
Northwestern University. The large  
entry list gives promise of the most  
successful affair of the kind ever held  
in this part of the country.

The ladies of the Presbyterian  
church will give an Easter social Fri-  
day afternoon and evening at 311 West  
Railroad avenue. Handmade stocks,  
handkerchiefs and turnover collars in  
variety will be for sale. A musical  
program will be given and ice cream  
and cake will be served. Don't forget  
the time and place.

## Real Estate Sale.

Otto Dieckmann yesterday sold for  
Mrs. Mary Carroll to Mr. Edward I.  
Johnston and daughter, Mrs. Cora  
Elchar, the north half of lots 11, 12,  
13 and 14, block L, Atlantic & Pacific  
addition. A modern seven-room cot-  
tage will be built at once on the lots.

## GOOD APPOINTMENT.

A Former Albuquerque Boy Made Rail-  
road Physician at Gallup.

Dr. Edmund M. Clayton, son of the  
Rev. William D. Clayton, who was  
reared in Albuquerque, has just been  
appointed railroad doctor at Gallup,  
and it was through the energy of his  
friends that it was given to him. The  
old physician, Dr. Harper, had resign-  
ed, and he, together with the agent at  
Gallup, had asked for Dr. Clayton's  
appointment. Dr. Clayton began work  
April 1. No doubt many of his old  
schoolmates in New Mexico will con-  
gratulate him.

## GALLUP.

From the Republican.

T. Y. Maynard, one of Albuquerque's  
leading jewelers, is in town today.

Mr. Axelsson, representing the Whit-  
son Music company of Albuquerque, is  
in town this week.

The three-year-old son of Nick And-  
ler died at Weaver Monday and was  
buried in the Catholic cemetery here  
Tuesday.

We have had good rains this winter,  
but the one we are now having beats  
the record. A heavy rain has been  
falling since Tuesday night.

Claude Kreamer was unfortunate  
enough to break his arm while exer-  
cising in the gymnasium Saturday. He  
is getting along nicely and will be out  
again in a few days.

Fred McSparron went to Clarkville  
Wednesday, where he has accepted a  
position as motor man at the mine.  
We understand, also, that he will be  
one of the stars in the new ball team  
recently organized here.

President Roosevelt is due at Albu-  
querque on May 5 on his tour of the  
west, and many of our people who can  
afford the time and money will go to  
Albuquerque on that day and help en-  
tertain the president.

Manager Herman Gursul of the Al-  
buquerque Electric Light and Power  
company was here Saturday and in-  
spected the electric lighting plant of  
W. H. Wolff. He made the remark  
that it was one of the best equipped  
and cheapest running electric plants  
he had ever seen.

Manager Herman Switzer of the  
Harvey museum at Albuquerque was  
here Saturday and took back six Nav-  
ajos and a papoose from the reserva-  
tion. They will reside in the Indian  
village and weave blankets for the

company which will be quite interest-  
ing to the traveling public.

## FLAGSTAFF.

From the Gem.

J. W. Francis was elected school  
trustee for this school district last  
Saturday.

Miss Lulu Hunter arrived Saturday  
from Rock Port, Mo., where she at-  
tended the funeral of her father.

Mrs. T. F. McMillon left Monday for  
her old home in California, where she  
was called by the death of her father.

Mrs. Annie Flowers has let the con-  
tract for the erection of a six-room  
frame house on the south side of the  
railroad track.

Mrs. James A. Vail won the diamond  
ring offered by the Peterson Enter-  
tainers last week to the most popular  
lady in Flagstaff.

County Assessor J. H. Lind has been  
busy this week taking an invoice of  
the property of the taxpayers of Co-  
conino county.

It is rumored that the board of su-  
pervisors next week will take up the  
matter of enclosing the court house  
grounds with a substantial and neat  
fence.

Judge Sloan will commence the reg-  
ular term of the district court here  
on the 15th of this month. There are  
ten cases for the grand jury and twen-  
ty-five cases on the civil docket.

It is almost an assured fact that  
Flagstaff and vicinity will enjoy a pros-  
perous year. Plenty of water and an  
abundance of nutritious grass will help  
the rancher, stockman and miner.

M. S. Beal arrived Sunday night  
from the Grand Canyon. He informs  
us that R. H. Cameron is rushing mat-  
ters on his Bright Angel trail and will  
be able to accommodate the tourists  
in good shape.

George Hochdelfer arrived the first  
of the week from an extended visit of  
five months to Texas, New Mexico  
Old Mexico and Southern Arizona,  
but of all countries he says Coconino  
county is good enough.

## CLASSIFIED ADS.

Note—All classified advertisements  
or rather "liners," one cent a word for  
each insertion. Minimum charge for  
any classified advertisements, 15 cents.  
In order to insure proper classification  
all "liners" should be left at this of-  
fice not later than 3 o'clock p. m.

## WANTED.

WANTED—To buy a fine and burglar  
proof safe; weight 3,000 pounds or  
more. Address "Y," Citizen.

#### THE LITTLE DOCTOR.

Warts—Hold the hands in hot mustard water a few minutes, then pour a teaspoonful of glycerine on the wet palms and rub the palms over the warty surface of the other hand, dry gently and put on an old pair of kid gloves from which the tips of the fingers have been removed. Another quick remedy is to soak the warts till softened and rub on dry salomoniac once or twice daily.

Articular Rheumatism—The latest idea of treating rheumatism is by means of lemon juice. The method consists in swallowing the juice of one lemon the first day, of two the second and so on progressively up to twenty-five lemons. When this limit is reached the number of lemons is progressively diminished. In some cases the patient may be able to drop the treatment at three lemons. In another cure may be effected at twenty-five lemons so completely and so persistently that at the end of ten months the patient has no attacks, whereas previously he may have suffered periodically every month.

Tumors—A new method for treating tumors is by the use of boiling water with a syringe having a metal cylinder and adjustable piston, with needles of varying size. Using the ordinary aseptic precautions, water is taken directly from the cauldron and injected into the substance of the tumor. The water must be from 190 to 212 degrees Fahrenheit or even higher. The water should be hot enough to coagulate the blood and the albuminoids of the tissues immediately. It should not be forced in so extremely hot and under such pressure as to scald and produce a necrosis of the skin. During the treatment the patient is put under the influence of narcotics.

Alcoholic Proportions of Patent Medicines—Temperance people are the greatest users of patent medicines, and while they fight beer which contains only from two to five per cent alcohol, they take and recommend the following, which have been analyzed thus: Greene's Nervura 17.2, Hood's Sarsaparilla 18.8, Schneck's Sea-weed Tonic 19.5, Brown's Iron Bitters 19.7, Kaufman's Sulfur Bitters 20.5, Paine's Celery Compound 21.0, Burdock's Blood Bitters 25.2, Ayer's Sarsaparilla 26.2, Warner's Safe Tonic Bitters 25.7, Parker's Tonic 41.6, Hostetter's Stomach Bitters 44.3. Peruna is also said to be whiskey strong in the amount of alcohol it contains.

The Possibilities of Goat Milk—Believing that with a treatment of goat's milk he can accomplish the complete eradication of consumption, Dr. Robert Williams is establishing an immense goat camp in the Mogollon mountains of Arizona. Williams claims that he himself was cured of consumption by a diet of goat's milk and he has experimented on hundreds of others with similar results. The idea of the cure came to him by reading of the wonderful cures of goat lymph. He argued that if the lymph would cure locomotor ataxia, paralysis, chronic articular rheumatism and similar diseases, there must be virtue in goat milk for pulmonary affections.

Granular Eyelids—The marked increase in the prevalence of granulat-

ed lids or trachoma in this country in recent years is attracting the attention of the sanitary authorities. The disease prevails chiefly in schools or wherever numbers of children are brought together in intimate relation. It is an inflammation of the conjunctiva lining the eyelids, running a slow but obstinately progressive course and in times including secondary changes in the cornea and conjunctiva covering the eyeball, which may seriously affect or even destroy the sight. The treatment is very difficult and can be carried out effectively only by a skilled physician, but much can be done in the way of prevention. The disease is contagious and an entire school may speedily become infected from a single case. A child suffering from this trouble should not be allowed to attend school and all cases which occur in institutions should be isolated as strictly as if they were cases of scarlet fever or smallpox. Above all, there must be no use of towels, soap or wash basins in common.

Stopping Arterial Flow.—When an artery is severed in an extremity tie a hard knot in a large handkerchief, place the handkerchief around the limb with the knot between the wound and the heart, tie it, then place a short stick under the handkerchief and twist the bandage tight. This will prevent dangerous bleeding until the doctor comes.

Taking Castor Oil—Giving castor oil to children is often a serious proceeding in view of the fuss the little ones are apt to make over the dose. A good plan is to put the oil into a pan over a moderate fire and to break an egg into it, stirring the mixture well. Flavored with a little salt and the valuable but disagreeable tasting oil can be swallowed with ease and comfort to all concerned.

Advice on Cuts—Never wash a clean cut, but close it in its proper shape at once. Put on some lint, apply a bandage and if it is possible never wet or remove the bandage for two days. At the end of that time it should be healed. Treated so, a cut heals quickly and leaves very little scar. Washing a cut removes the blood and all the life of the thin skin, leaving nothing to heal the severed parts along the edge. In case of a jagged cut the immediate application of some good disinfectant like listerine is quite essential. The smoke from burning brown sugar is also good.

Sciatic Rheumatism—This disease has been quite prevalent in the San Luis valley during the winter. The disease does not yield readily to treatment of any sort and is very painful and annoying, especially at night. Many attribute it to the exceedingly dry season. No inflammation accompanies the disease in its early stages. Some of the afflicted wear copper wire zinc insoles and use outward applications, while others diet and take blood medicines, but the disease is obstinate. The scheme of carrying a potato in the pocket was exploited while others sent east after buckeyes.

Makes a Clean Sweep.—There's nothing like doing a thing thoroughly. Of all the salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures burns, sores, bruises, cuts, boils, ulcers, skin eruptions and piles. It's only 25c, and guaranteed to give satisfaction by all druggists.

Civil Service Positions.—The United States civil service commission announces that on April 21 an examination will be held for the position of scientific assistant in the department of agriculture and to other similar vacancies as they may occur. On May 5, for the position of artist and draughtsman (either sex) in the division of publication, department of agriculture, at a salary of \$720 per annum. On May 5, for the position of game

## Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder. If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

## Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each. Kodol cures indigestion, dyspepsia and all stomach disorders. I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me. Mrs. J. W. COOLBAUGH, Milo Center, N. Y.

Kodol Digests What You Eat. Bottles only. \$1.00 Size holding 2½ times the trial size, which sells for 50 cents. Prepared by E. O. DEWITT & CO., CHICAGO B. H. BRIDGE & Co. and S. Vann & Son

## SKIN DISEASES THE OUTCROPPING OF BAD BLOOD

And while not always painful are aggravating beyond expression. With few exceptions they are worse in spring and summer when the system begins to thaw out and the skin is reacting and making extra efforts to throw off the poisons that have accumulated during the winter. Then boils and pimples, rashes and eruptions of every conceivable kind make their appearance, and Eczema and Tetter—the twin terrors of skin diseases—Nettle-rash, Poison Oak and Ivy, and such other skin troubles as usually remain quiet during cold weather, break out afresh to torment and distract by their fearful burning, itching and stinging. A course of S. S. S. now will purify and enrich the blood, reinforce and tone up the general system and stimulate the sluggish circulation, thus warding off the diseases common to spring and summer. The skin, with good blood to nourish it, remains smooth and soft and free of all disfiguring eruptions.

Send for our free book on diseases of the skin and write us if you desire medical advice or any special information. This will cost you nothing.

The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely. Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

The Mexican Central

is prepared to furnish you with the best of accommodations to all points in Mexico. Call on or address, W. D. MURDOCK, W. C. MEAD, C. R. HUDSON, A. G. & P. A., Mexico G. A., El Paso. G. F. & P. A., Mexico.

### LAS VEGAS.

From the Record.

Mrs. C. N. Blackwell, who had been the guest of her sister, Mrs. T. B. McNair, left for her home at Raton.

Mrs. Henry Warnack, wife of the poet-reporter, who labored on the Optic for a short period, passed through from Denver to Roswell.

Francisco S. Chavez, who has just been ousted from the office of assessor by Chief Justice W. J. Mills' decision, has announced his intention of appealing to the supreme court of the territory.

The New Mexican of last evening states that the Las Vegas military band will be taken to that city on Roosevelt day and Mayor Sparks will extend an official and formal invitation to the mayor and people of this city to follow the throngs to the second-oldest on May 5.

Miss Ida M. Frost, who came to New Mexico about two years ago for the benefit of her health, died at the Ladies' home this morning at 2:30. She was 29 years of age and came here from Minnesota, but her home was in Burlington, Ind. Her relatives have been notified of her death and her body is being held awaiting instructions from them.

From the Optic.

Mack Evans left with A. P. Buck, the stockman, for the latter's ranch, some seventy-five miles southeast of Las Vegas.

Yesterday afternoon Special Officer J. A. Street, the man who has a hunch that he is destined by the fates to become the first sheriff of the new county of Quay, arrived in the city having in charge four men charged with the murder of Joe Huffman, "Curley" Carroll and Kenneth Woodworth, in a dance hall at Tucuman, some time back. The prisoners, all of whom have been bound over to the grand jury without bail, are Louie Keeper, John Young, Val Karnes and J. W. Meyers. The story of the murder has already been told. The men were brought here for safe keeping.

Rev. Robert M. Craig, synodical missionary for the Presbyterian church of New Mexico and Arizona, passed through the city yesterday afternoon, bound for his home and headquarters at Albuquerque. Mr. Craig had expected to be met at the depot by Rev. Norman Skinner, to whom he had sent a telegram. That gentleman, however, failed to appear. The missionary, who for six weeks past has been delivering addresses dealing with the needs of New Mexico, brings the news that he has secured appropriations for a \$10,000 building for the mission work at both Santa Fe and Albuquerque. Las Vegas has not been forgotten and Dr. Thomson will arrive here in a few days to report on her needs.

Due Notice is Served.

Due notice is hereby served on the public generally that DeWitt's Witch Hazel Salve is the only salve on the market that is made from the pure, unadulterated witch hazel. DeWitt's Witch Hazel Salve has cured thousands of cases of piles that would not yield to any other treatment, and this fact has brought out many worthless counterfeits. Those persons who get the genuine DeWitt's Witch Hazel Salve are never disappointed, because it cures. B. H. Briggs & Co.; S. Vann & Son.

DEMING.

From the Graphic.

Miss Grace Clark of Santa Rita is visiting at the home of Mrs. C. H. Brown in this city.

Miss Taylor, teacher of the Lordsburg schools, was a visitor at the home of Samuel Burnside of this city a few days last week.

Mrs. Apodaca, wife of Bonifacio Apodaca, foreman of the mechanical department of the Deming Headlight, and three children left for an extended visit to Albuquerque and Santa Fe.

W. T. McCreight, business manager of the Albuquerque Citizen, who has been making a business trip through this part of the territory, spent Saturday in town. While here he gave this office a pleasant call.

Master Fred Powell entertained a little party of four-year-olds, the occasion being his fourth anniversary of his advent into this life. The little folks enjoyed a banquet all the same as grown folks, and spent the afternoon getting onto all the fun that little tots know how to enjoy.

T. N. Gilbert, wife and two children of Nianh, Wis., who spent some time at Paywood Springs last fall and went from there to Los Angeles, Cal., returned and will spend the spring in Deming, as they say they have found no such climate as this in all their travels.

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases have yet to learn of a single case resulting in pneumonia, which shows conclusively that it is a certain preventative of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

SANTA FE.

From the New Mexican.  
Santa Fe Tribe, No. 19, Order of Improved Red Men, was duly organized in this city and the following officers were elected for the first term: John R. McFie, prophet; Allen R. McCord, worthy sachem; H. B. Phillips, senior sagamore; Dr. C. N. Lord, junior sagamore.

### Grandma's Smile.

"Wal," Granny said, "when I was reared, of Quaker Oats we never heer'd!"

Then on her dear old face appeared

The Smile that won't come off.

# Quaker Oats

Look for the Coupon in the Package.

Say Quaker distinctly

more: A. P. Hogle, keeper of records; John H. Vaughn, keeper of wampum.

Col. George W. Knaebel, collector and treasurer of Santa Fe county, paid to J. H. Vaughn, territorial treasurer, the sum of \$298.53 territorial taxes for Santa Fe county for the month of March.

The following marriage was recorded at the office of Celso Lopez, probate clerk: J. Allen Wood and Miss Ruby Ann Marshall, both of Lake City, Colo. The ceremony was performed in Santa Fe on December 29, 1902, by Rev. W. Hayes Moore, and was witnessed by Misses Ada S. Moore and Kate Zimmerman.

J. Claudio Martinez, who is charged with criminal assault upon the person of Crucita Vigil, waived preliminary hearing before Justice J. M. Garcia, and was bound over to await the action of the grand jury in the sum of \$600. He filed the bond and is at large.

Negotiations were completed by which the stock of hardware and good will of W. H. Goebel pass to W. N. Townsend, formerly proprietor of the Arcade saloon. Mr. Townsend will not take immediate possession, but will close out some business interests he has in Albuquerque and will take a trip east before settling down in the hardware business. Before coming to this city Mr. Townsend was engaged in the hardware business and is now getting back to his old line. A cash forfeit has been posted for the completion of the deal.

Mrs. Christopher Greene, of Cerrillos, who is spending the week in this city, received a letter from her husband, stating that two men, supposed to be connected with the murder of U. F. Hart, the night agent of the Atchison, Topeka & Santa Fe railroad, had been arrested at Wagon Mound. The news reached Cerrillos, he said, in a telegram. Sheriff H. C. Kinsell states that if any such arrest has been made he has not been notified.

The following applicants for enlistment in the United States naval service have been examined at the naval recruiting office in the federal building in addition to those already mentioned in the New Mexican: Adelaide Delgado, Adelaide Marcus Ortiz, Joseph Cienfuegos, Charles Arthur Gilderaleve and John Harvey Parrett. The two former failed to pass the physical examination, the others being accepted. Esterino L. Napoleone and Charles Miller, who had previously passed the examination, were sworn in this morning. Those accepted will be sent to San Francisco Saturday, where they will undergo a second examination, and on passing that, will be assigned to duty on a training ship.

### SEVERE ATTACK OF GRIP

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, editor of the Enterprise, of Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip bid me adieu." For sale by all druggists.

See our new spring line of carpets. We can save you money. Albert Faber, 305 West Railroad avenue.

Mrs. Bamuni, at her parlors, No. 105 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, de hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bamuni's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder, which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. Automatic telephone 490.

DEMING.

A Few Pointers About a Good Town In Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cattlemen all know this.

Deming, the coming city of New Mexico. Deming has a magnificent school system. Deming, the railroad center of New Mexico. Deming, the gateway to the best part of Old Mexico.

Deming, the seat of the new county of Luna. Deming is the great mining center of the southwest.

Deming! Don't overlook it if you are looking for a safe and paying investment. Deming water is chemically pure equal to Polan springs.

Deming has increased 50 per cent in population in four years. Deming water and pure ozone make strong and healthy people.

Investments in Deming lots will double and triple in one year. Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply. Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 30 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Our linen display is attractive; our prices none the less so. Albert Faber, Grant building.

Boys' W. L. Douglas \$2.50 shoes—strongest boys' shoe in the world—made of box calf or vic kid, at \$2.50. Simon Stern, Railroad Ave. Clothier.

No tuberculosis preservative or coloring in Matthews' Jersey milk.

Spring suits of superior quality and superior workmanship. A picked showing of the best products of the season. The very latest novelties in the finest grades of pure wool cassimeres and pure worsted chevots. The biggest stock of clothing ever brought to the territory. Call around and let us show you.

SIMON STERN, The Railroad Avenue Clothier.

Gentlemen! Let us take your measure now for a new suit. Our tailoring pleases—Nettleton Tailoring Agency.

W. L. Douglas shoes—first spring shipment has arrived—many new styles in patent vic, vic kid, French and box calf—\$3 and \$3.50. SIMON STERN, Railroad Avenue Clothier.

Precinct No. 34—Chillili, Adolfo Salas, April 14.  
Precinct No. 12-26—Albuquerque, of five of F. H. Kent, April 9.  
GEO. F. ALBRIGHT, Assessor for Bernalillo County.

### Assessor's Notice.

Notice is hereby given that the undersigned, assessor of Bernalillo county, has for the convenience of tax payers, opened an office at Room 11, Armijo Building, Third and Railroad avenues, over B. Ifield & Co., in the city of Albuquerque, where returns of tax payers will be received until further notice.

It is made the imperative duty of the assessor to assess a penalty against all tax payers who fail to return their property for taxation and this requirement of the Statute will be enforced against all persons who fail to make their returns to the undersigned within the period required by law.

The assessor or a deputy will be in constant attendance at the place designated above—from 8 o'clock a. m. until 6 o'clock p. m., each business day for the purpose of receiving returns.

J. M. SANDOVAL, Assessor Bernalillo County.

### Notice of Forfeiture.

Territory of Arizona, County of Cochise, ss.

To M. J. Sherlock, his heirs and assigns: You are hereby notified that I have expended one hundred dollars (\$100.00) in labor and improvements upon the "Aunt Betsy" Mining Claim, situate in Peralta Canon, Cochiti District, Bernalillo Co., New Mexico, as will appear by certificate filed February 8, 1896, in the office of the recorder of said County, in order to hold said premises under the provisions of section 2324 Revised Statutes of the United States, being the amount required to hold the same for the year ending December 31, 1902.

And if within ninety days from the serving of this notice, you fail or refuse to contribute your proportion of such expenditure, together with the cost of this publication, as a co-owner, your interest in the said claim will become the property of the subscriber under said section 2324.

Dated March 19th, 1903.

ALEX CONRAD, Signature.

### Notice for Publication.

(Homestead Entry No. 4381.)

Department of the Interior, Land Office at Santa Fe, N. M., March 12, 1903:

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the Clerk of the Probate Court at Albuquerque, N. M., on April 21, 1903, viz.: William H. H. Allison, for the E 1/4 of NW 1/4, lots 1 and 2, Sec. 19, T. 10 N., R. 4 E.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz.:

John W. Barnett, of Albuquerque, N. M.; Joseph F. Suizer, of Albuquerque, N. M.; William Hart, of Albuquerque, N. M.; Edward F. Weed, of Albuquerque, N. M.

### LOCAL PARAGRAPHS

Simon Bibo, the Laguna merchant, is in the city.

A. E. Troy and wife, from New York city, are in the territorial metropolis, and will remain a few days.

F. D. Derby and wife, popular folks from Cleveland, O., are here on a visit to the territorial metropolis.

F. G. Utley and Spencer Balcomb, interested in enterprises at Algodones, are in the city today on business.

Half a dozen bill boards of the Hudson Bill Posting company succumbed to the wind yesterday afternoon.

California Limited No. 3, due here at 10:40 this morning, was three hours late on account of a freight blockade near Lamy.

The front windows of the clothing store of E. L. Washburn & Co. are prettily arranged with some extra nice Easter novelties.

Supervisor Wright, of the Indian schools, who is here in charge of the local school, was a visitor at the Cochiti village yesterday.

Mrs. C. M. Halloway, who, for the past two weeks, has been at the Alvarado, left on No. 2 yesterday for her home in Cincinnati, O.

William Z. McDonald of Columbus, O., secretary of the American Consolidated Copper company, came in from Lordsburg this morning.

Ben Digneo, of The Citizen force, is receiving the congratulations of his friends today—the event being his seventeenth birthday anniversary.

Ignacio M. Perea, one of the river commissioners of Sandoval county, has been appointed deputy assessor of that county by Assessor V. S. Miera.

The Easter window display at M. Mandell's clothing store on Railroad Avenue is much admired. The decorations are the work of John Oliphant.

There will be a regular meeting of Adah chapter No. 5, O. E. S., this evening, April 3, at 7:30. By order of Worthy Matron Laura Fluke, secretary.

Miss Edna Frank, daughter of A. J. Frank, was here yesterday from Algodones. The young lady has many friends here, who are always pleased to see her.

The ladies of the Woman's Christian Temperance Union held a very interesting meeting this afternoon at the residence of Mrs. Houghton, West Atlantic Avenue.

J. H. Bearup, president of the Rio Grande Woolen mills and the Albuquerque wool scouring mills, left this morning on delayed passenger train No. 7 for Flagstaff.

The wreckage of the fallen north wall of the Armijo building occupied by the Roosevelt house is not quite as great as was first thought. The loss will amount to about \$200.

Arbor Day is being observed at the Albuquerque Indian schools. The exercises lasted the greater part of the entire day. A large number of trees were planted by the pupils.

O. P. Hovey, the probate clerk of Sandoval county, drove down from Sandoval, up the river, this morning. He returned to the county seat of the new county this afternoon.

Rev. A. P. Morrison, superintendent of missions of the Methodist Episcopal church in this territory, left this morning for Las Vegas and Santa Fe. He will be absent several days.

Ed Lavelle, who was in charge of an extra gang of workmen on the Santa Fe Pacific in Skull Valley, Arizona, is in the city and will probably go to work on the Albuquerque Eastern.

Mrs. Rodey is in receipt of a telegram from her husband, Delegate B. S. Rodey, to the effect that he will leave Washington today for this city, expecting to arrive here on next Monday evening.

Word comes from the famous Jemez hot springs that J. B. Block, the well known and popular hotel keeper, is making preparations to entertain a good crowd the coming summer. These springs are among the very best in the country for all kinds of diseases, and they should be well patronized by the invalids.

The Congregational Association of New Mexico will convene in the Congregational church tonight at 7:30. Sermon by Rev. George Leo Patterson of Gallup. Morning, afternoon and evening sessions Saturday and Sunday. The public is cordially invited. Sermon Saturday night by Rev. T. R. Overton.

Sunday afternoon, at the fair grounds in the old town, there will be another game of base ball between the Old Town Tigers and the Santa Fe Pacific shop boys, and the game will be hotly contested. There will be an admission fee of 25 cents charged for gentlemen, but all ladies will be admitted free.

As has been previously announced in these columns, the heating and plumbing contract for the handsome new Barnett building was let to Whitney company. Matters in the heating contract progressed so finely that the radiators were placed in position yesterday afternoon, and this morning, as a test, the furnace was fired. The steam was generated evenly throughout all the radiators, showing that Architect LaDiere made no mistake when he gave the contract to Whitney company.

The Citizen announced the fact that some one had appropriated the bicycle belonging to little Miss Edith Childers from the front of Miss Lou Lee's private school. Half an hour after the paper appeared with the small local advertisement the wheel was found hidden in a pile of hay in a barn on Huning Avenue. Another evidence that it pays to place your display advertise-

ments and local notices in a paper with a well established circulation. The boy who stole the wheel had read the notice, saw visions of jail life, and brought forth the hidden bicycle.

W. V. Wolvin, D. V. S., Dental Surgeon Santa Fe Pacific Railroad, Grant Block. Both 'phones.

Boston Art Club Exhibit.  
Boston, Mass., April 3.—The sixty-eighth exhibition of the Boston Art club opened today and will continue until the end of the month. The display comprises original works in water color color, pastel and black and white.

Pennsylvania Virginia Debate.  
Philadelphia, Pa., April 3.—A debate between representatives of the University of Virginia and the University of Pennsylvania takes place tonight in Houston Hall and considerable interest is manifested. Pennsylvania will support the affirmative and Virginia the negative side of the question.

"Resolved, That in the settlement of disputes concerning wages and hours of work employers are justified to make agreements with labor unions of which a majority of their employees are members."

A new upright piano for rent. Inquire at The Whitson Music Co.

Attend the Presbyterian church bazaar tonight at No. 311 West Railroad Avenue. The damage to the building by the wind yesterday was so light that the plans of the ladies in charge of the bazaar will not be interfered with, and the bazaar will be held as previously announced. Come and bring along your friends. Ice cream and cake served.
