ALBUQUERQUE, NEW MEXICO, TUESDAY AFTERNOON, MARCH 31.

NUMBER 417

PRIZE FIGHT IN SAN FRANCISCO

Corbett-McGovern Cham- pionship Battle Tonight.

STEAMER STRANDED ON JERSEY COAST

The Shamrock III a Fast Yacht and It May Succeed in Winning the Cup.

San Francisco, Cal., March 31.—"Young Corbett," featherweight champion of the world, and Terry McGovern who has hopes of recovering the title he lost in the memorable fight at Hartford a year ago last November, will meet tonight in the arena of the Hayes Valley Athletic club to settle the question of supremacy. The men are matched to box twenty rounds. If present arrangements are carried out the boxers will face one another about 9 p. m. According to reports from their respective training quarters, McGovern and "Young Corbett" are both in first-class physical condition. Both completed their regular training yesterday and are doing just enough work today to keep their weight at the right figure until called upon to enter the ring. The articles of agreement stipulate that they are to weigh in at 127 pounds at 4 o'clock this afternoon. Neither anticipates any difficulty in tipping the scales at the right figure.

Curiously enough, from the hour the match was made McGovern has been a favorite in the betting over the lad who defeated him so decisively on the occasion of their former battle. Those who have staked their money on the ex-champion have had in mind his remarkable record as a fighter, his wonderful hitting ability and his power to stand punishment. With the single exception of the fight in which he lost his title the little Brooklynite has never been in danger of defeat at the hands of an opponent. For a fighter of his weight it is generally conceded that he has the hardest blow of anyone who was ever in the fighting game. Both before and since his fight with "Young Corbett" his record has been one succession of victories. He has met and defeated all the men of his class, both good and bad. His recent bouts have failed to produce one whit of evidence that he has deteriorated as a fighter during the last year or two. On the other hand it is believed by his friends and followers that he is a better fighter today than ever before in his career. That he is in superb physical condition is the universal opinion of those who have been privileged to see him at his training quarters since he arrived in California. It is all of these facts combined that has led close followers of ring events to predict a victory for him in tonight's contest and has caused the betting odds to incline in his favor.

The fact that the betting is in favor of McGovern does not prove conclusively however that there are not ring critics and quite a number of them who are of the opinion that when the two little fighters face in the squared circle tonight "Young Corbett" will do the dose he administered to "Terrible Terry" at the Hartford meeting. These persons base their belief on the idea that the Denverite is the one fighter who is thoroughly acquainted with McGovern's style of fighting and capable of getting in the knock-out at the first opportunity. They argue further that a fighter once defeated is always at a disadvantage when he faces his conqueror a second time. The champion, full of the knowledge that he had defeated his opponent before, gains courage in the belief that he can do the trick a second time, while the vanquished is more than apt to lose confidence in himself when he faces the man who has once defeated him.

To compare the tactics of the two fighters is an easy matter. It may be said that their style of fighting is much the same. McGovern may have a slight advantage over his opponent when it comes to the scientific points of the game, but on the other hand the champion is considered less likely to lose his head when things get lively. As to hard hitting and gameness the two little fighters are about as evenly matched as ever were two antagonists in the ring. In whichever corner of the ring the bird of victory alights the fight is certain to be a lively contest from gone to gone. The general opinion in sporting circles is that the battle will not go half the limit.

Steamer Stranded.
Atlantic City, N. J., March 31.—The

Atlantic City life saving station reports that the Norwegian steamship, Brighton, from Port Antonio for New York, stranded off that station late last night. She is resting easy. The Brighton has four passengers aboard and carries a crew of twenty-two men. The vessel is loaded with fruit. A wrecking tug has left the Delaware breakwater to render assistance.

Passengers and Crew Rescued.
New York, March 31.—A marine report received here says that the four passengers and 22 of the crew of the steamer Brighton, Captain Kroh, were rescued by the Atlantic City life savers and are at the life saving station.

SHAMROCK'S TRIAL.

Sir Thomas Lipton's Yacht Develops Rare Racing Speed.
Gourock, Scotland, March 31.—The Shamrock III and the Shamrock I went for a trial spin today. Sunshine and a light steady breeze had succeeded the wild weather of last week and no time was lost in getting the two Shamrocks off. The Shamrock III slipped through the water without leaving a ripple and carried her head well up. The first time the challenger broke tack it was apparent that by shortening her Designer Fife had produced a boat which was fast on her keel, even compared with cup racers. She carried her way right through the turning and was off on her new course while the other boats would have been still looking at it, thus showing herself free from the greatest weakness of the Shamrock II.

NAVAJO TRIBE NO. 3.

Albuquerque Redmen Celebrated Last Evening.

NEWLY ELECTED OFFICERS INSTALLED.

In the presence of a large crowd of invited guests the newly elected officers of Navajo Tribe No. 3, Improved Order of Red Men, were raised by officers representing the great council of the United States. The work was in charge of Lee Herman, organizer, who was ably assisted by W. S. Holmes, of Tipton, Indiana, past grand sachem of the state of Indiana, and past grand representative of that state to the great council of the United States; Chief H. C. McDonald, Chester McDonald, Chief Harris and Chief Sutherland. The work was very solemnly performed and left a marked impression on those who witnessed it. After the raising of the chiefs a banquet was served, in which all participated, during which music and recitations served to make the occasion more pleasant.

The newly elected officers are as follows:
Sachem—A. J. Mitchell.
Senior Sagamore—Geo. W. Deutschman.
Junior Sagamore—Arthur Hobbs.
Proprietor—B. F. Adams.
Keeper of Records—C. F. Roberts.
Keeper of Wampum—J. S. Beaven.
First Sannap—H. H. Wynkoop.
Second Sannap—Benj. Grutzke.
Guard of the Wigwam—W. J. Taylor.

Guard of the Forest—G. A. Blake.
Warriors—W. J. Taylor, N. E. Crenshaw, Paul Wainwright and Wat King. Braves—Victor Lundgreen, Robt. L. Hill, D. F. Phelps, J. W. Lewis.
Trustees—Chas. Keppler Chas. Whitling, W. J. Taylor.
The tribe starts off with a membership of about seventy-five and contains in its membership some of the leading business men of the city. The future of the tribe promises bright and it is predicted that it will be up among the leaders in point of numbers in a very short while.

Launched with Ceremony.
Philadelphia, Pa., March 31.—The steamer Asbury Park, built by the Central Railroad of New Jersey to ply between New York city and the famous Jersey Methodist resort, was

launched today at Cramps' in the presence of the city officials and a number of other prominent visitors from Asbury Park. The christening ceremony was performed by Miss Mabel Winsor, who had as her maids of honor Miss Mabel Burt and Miss Josephine Hawkins, all of Asbury Park.

Hart's River Reunion.
Toronto, Ont., March 31.—Arrangements have been made by the veterans of the second C. M. R. to celebrate the anniversary of the battle of Hart's River by a reunion and dinner here tonight. It is proposed to effect on this occasion a permanent organization to perpetuate the memories of the regiment and its services during the recent war in South Africa.

SANTA FE "SPUR."

To the Lumber Company's Mill Will Be Built at Once.
Superintendent F. J. Easley, of the Santa Fe, has awarded to the firm of Anson & Holman, the contract for the construction of the "spur" of track from the Santa Fe main line to the American Lumber company's mill site north of the city. It was decided yesterday at Las Vegas that Anson & Holman would get the contract and the news was brought here last night by B. W. Newlee, civil engineer for the New Mexico division of the Santa Fe. Engineer Newlee is appointed to lay out the spur and will begin work tomorrow. This looks like business.

Mrs. H. C. Perkins, Mrs. L. Connelly and Mrs. F. H. McElroy, pleasant people of Santa Fe, spent Sunday and Monday here and returned to the capital this morning.

NEW COUNTY ORGANIZED.

Sandoval County Officers Named by Commissioners Yesterday.

BIG TIME UP THE RIVER.

The new county of Sandoval was organized yesterday at the town of Sandoval (Los Corrales), ten miles up the river, and the event will long be remembered as a bright page in the history of that town and county.

On Sunday delegations from the precincts in the new county commenced pouring into Sandoval, and by the afternoon there were several hundred people present. In the evening two dances were held—one at the residence of J. Perea and the other at Anselmo Armijo's. At each place speeches were made by Judge Seferino Crollott of Albuquerque, Hon. E. A. Miera of Cuba and Librado C. de Baca of Pena Blanca. The first regiment band of this city, which had been engaged to make lively music for the celebration, provided the music for the dancers.

Judge Crollott, in his speech, assured the people of Sandoval county that Bernalillo county wanted to be friendly, and would assist the new county in more ways than one in its efforts to come to the front and to keep along with the older county.

Yesterday morning, in a large room provided by Ignacio Gutierrez, one of the appointed commissioners, the board of county commissioners, consisting of himself, E. A. Miera and Esquipulo Baca, met and organized by the election of Mr. Baca as chairman.

An adjournment was then had until 2 o'clock in the afternoon.

A party of friends, among whom were Judge Crollott, Messrs. Marcelino, Manuel and Esquipulo Baca, Gabriel Armijo, Isidro Sandoval, O. P. Hovey and the Citizen representative, visited the pretty residence of the Hon. J. M. Sandoval and were his guests at dinner.

At 2 o'clock the commissioners reconvened, and after a short consultation, the meeting was again called to order by the chairman.

Mr. Miera then read off the following appointments for the various county offices:

Probate Judge—Nicholas de la O, of Pena Blanca.

Probate Clerk—O. P. Hovey of Algodones.

Collector and Treasurer—Manuel Baca of Pena Blanca.

Sheriff—Alfredo M. Sandoval of Sandoval.

Assessor—V. S. Miera of Cuba.

School Superintendent—J. B. Archuleta of Jemez Hot Springs.

River Commissioners—Ignacio M. Perea, Juan Garcia, Higenio Cordova, Donaciano Nieto.

The appointments were unanimously accepted by the board.

After this Mr. Miera introduced the following resolution:

Resolved, That the board of county commissioners of Sandoval county hereby designate the Albuquerque Daily Citizen as the paper to furnish all

BURDICK INQUEST

No Clue to the Mysterious Murder.

KING EDWARD SAILS FOR LISBON

Terrible Blast Furnace Accident in Braddock, Pa.

MISSISSIPPI RIVER DOING DAMAGE

Buffalo, March 31.—Judge Murphy handed down his findings in the Burdick inquest today and declared that the identity of the murderer had not been proved. The statement is an exhaustive review of the evidence brought out during the inquest. Special attention is given to the letters exchanged between Arthur R. Pennell and Mrs. Burdick, particularly the one containing the threat against Burdick's life. Concerning these the judge says:

Altogether, these facts would, in my opinion, constitute a just ground of suspicion on which a warrant could be issued were he alive."

Referring to Mrs. Hull, Judge Murphy says: "The action of Mrs. Hull on that morning (the morning of the murder) and her testimony on the stand has caused me much thought and worry. To my mind they are inconsistent with a perfect want of knowledge as to what had actually occurred. So little apparent feeling for the dead man, such an evident desire to cover up the crime and no disposition whatever to aid the authorities in apprehending the murderer may be excusable, but has not been explained."

McMILLAN TRIAL.

New Mexico Judge on Trial in Washington.

Washington, March 31.—Delegate Rodey has secured the signatures of Secretaries Root and Hitchcock for right of way for the Albuquerque Eastern railway across military reservation east of Albuquerque.

The postoffices of Las Vegas and East Las Vegas have been united, and F. O. Blood appointed postmaster of the combined office and there will be immediate free delivery. Delegate Rodey will push a bill for the erection of a government postoffice building in the center of greater Las Vegas.

The trial of Judge D. H. McMillan is in progress before the attorney general. Attorney Millburn and Secretary Root are for McMillan. All the charges are denied. Many affidavits, petitions and letters indorsing Freeman were presented, but will not be permitted to be introduced at present.

TERRIBLE ACCIDENT.

Blast Furnace Explosion Causes a Frightful Fatality at Braddock.

Pittsburg, March 31.—One dead, seven not expected to live, two missing and seven others almost unrecognizable, was the terrible result of an

BUSINESS ANNOUNCEMENT.

Look at These Prices for The Citizen Beginning With Tomorrow.

On and after tomorrow, Wednesday, April 1, 1903, the subscription price of The Citizen will be reduced as follows:

The Citizen, by carrier, to all parts of the city, 60 cents a month, instead of 75 cents; by the week, 15 cents a week, instead of 20 cents.

The Citizen, by mail, to all parts of the United States, \$5.00 a year, instead of \$6.00.

These prices are the lowest for any of the daily newspapers published in either New Mexico, Arizona or El Paso, and places The Albuquerque Daily Citizen in line with prices charged by some of the big eastern dailies.

Therefore, The Citizen is by all odds the largest, best and cheapest daily newspaper published in New Mexico.

explosion in the blast furnace of the Edgar Thompson steel plant of the Carnegie company at Braddock, Pa., early today.

The name of one dead man is given as John Smith, probably an anglicized form of his proper name. The others have not yet been identified. As far as can be learned the explosion was due to a supposed defect in the electrical equipment of the furnace.

FIGHTING THE FLOOD.

Big Force of Men Trying to Prevent Mississippi Overflow.

New Orleans, March 31.—"More men and more money," is the cry that comes from the levee at Hymelia today. The forces employed there who have been working day and night are exhausted and fresh hands are required to press forward the work. The Texas & Pacific has put on daily trains to carry laborers to the scene.

Eight hundred feet of cribbing at one end and two hundred at the other were holding firmly at daylight and the prospect of closing the break had brightened considerably. The river here today registered 20.2, a fall of one-tenth of a foot in the past twenty-four hours. Col. Ernst, head of the river commission, is quoted as expressing the belief that the river here has about reached its maximum if the Hymelia break continues to run.

Levee Gave Way.

New Orleans, March 31.—A dispatch just received says:

The main levee protecting the state convict farm near Baton Rouge gave way this morning at 4 o'clock. The entire place will be covered with water in a few hours. Efforts are being made to protect the camps.

TIE CONTRACT.

Making Ready for the Albuquerque Eastern Railroad.

CONTRACTOR ROMERO HERE.

Serapio Romero, junior member of the tie contracting firm of Eugenio Romero & Co., came in yesterday with his wife from his tie camps near Chihuahua, returning at noon today.

Mr. Romero reports that his firm has nearly completed its contract for supplying the ties for the Santa Fe Central railway company, and that the last tie will be furnished and delivered within the next thirty or forty days; also that the firm has taken the contract from the Pennsylvania Development company for cutting and delivering all the ties for the Albuquerque Eastern railway and that he has had two camps at work cutting these ties for the past three weeks, one camp in Yrisarri canyon and the other at Tirotes, about twelve miles northwest of Chihuahua, and that these ties for the Albuquerque Eastern are now being hauled to and delivered to Moriarty, and that later on the ties will be delivered at other convenient points between Moriarty and Albuquerque.

Very few realize the magnitude of the business done by this enterprising firm.

Mr. Romero states that they are now working in and around Chihuahua 300 men and that before the middle of June, that is, after planting and shearing is over with, they will be working 1,000 men, all engaged in cutting and delivering ties.

Mr. Romero expects to visit this city again in about two weeks and our merchants should take steps to secure their due share of the supplying of goods required by so large an outfit. Mr. Romero always receives a warm welcome in Albuquerque, where he has many friends, and The Citizen hopes that his visits will become more frequent.

King Edward Sails.

Portsmouth, March 31.—The Royal yacht, Victoria and Albert, with King Edward on board, sailed for Lisbon today. Royal salutes were fired and all the warships were dressed and manned. As the yacht put to sea it was escorted by two warships.

ROY McDONALD.

Signed for Season With Kansas City Base Ball Team.

Roy McDonald, who learned nearly all he knows about base ball in this city, left this morning for Kansas City, where he is to join the American association team representing that city, which is under the management of Dale Gear. In the last two tournaments during the territorial fair Gear had charge of the team representing El Paso, and in these games saw McDonald's work and was impressed with his ability. After the last fair Gear offered him a contract, but it was not accepted until last Saturday, when Roy received word to report at once. He will make good, as there is no catcher in the business who uses better judgment and few who are his superiors in other respects.

THE CITY OF WINDMILLS

Deming, of Luna County, a Fine Southern Town.

A LARGE CATTLE SHIPPING POINT

Many Improvements--Substantial Institutions--Big Sanitarium Assured.

Special Correspondence.

Deming, N. M., March 30.—The "City of Windmills" is getting along finely, and the people of the town are feeling prosperous in every move they make.

One of the institutions of the town, where over a hundred members congregate and discuss matters of interest to Deming, is the Adelphi club. Here billiard tables, card tables and bowling alleys, with a gymnasium almost ready, are arranged for the members and visitors, and everybody found within the walls of the club are made to feel at home. Different from any other club, no drinks are served at the Adelphi. The officers are Lou H. Brown, president; R. G. Clark, vice president; F. L. Nordhaus, treasurer; Arthur C. Rabbel, secretary. The honorary members are Gov. M. A. Otero and Hon. Solomon Luna. Membership monthly fee only \$2, and good friendship among all members seems to exist in a marked degree.

Last Friday night, owing to a large crowd being in Deming on account of the presence of the Chicago base ball club, there were only a few spare rooms in the town, and after a tramp of half an hour or so Thomas Hudson, cousin of Col. Dick Hudson, piloted The Citizen representative to a very comfortable room for that night. Seeing the necessity for more lodging rooms Mrs. A. J. Clark, wife of one of Deming's well known grocery merchants, has almost completed a large two-story brick business building. The lower floors will be used for store purposes, while the upper story, conveniently apportioned off into twenty well

TELLES' SCAFFOLD.

Construction Began Yesterday in the Santa Fe Jail Yard.

WILL HANG FRIDAY.

The scaffold on which Jose Telles, the confessed murderer, will hang on Friday, April 3, is now under construction in the jail yard in Santa Fe. The death watch which began last night was kept by Deputy C. R. Huber, while Jailer Jesus M. Gonzales performs the duty during the day.

The exact time of the execution has not been announced by Sheriff H. C. Kinsell, but it will take place between the hours of 8 o'clock in the morning and 4 o'clock in the afternoon. The condemned man will be given a four-foot drop and a 58-inch rope will be used.

Since the death sentence was pronounced Telles professes to have made peace with God, and has been visited by priests daily. He has received the communion, and pictures of the Savior, etc., decorate the cell.

In an interview the Santa Fe New Mexican says that he will not make a statement to anyone until he knows he has to die, and then only to Deputy Warden W. E. Martin, of the territorial penitentiary. Also that he said that he had entered a plea of guilty because he had expected Alfred Hampe, who was indicted with him, to do the same, and then he expected to get off with a life sentence. He said that he had no intention of killing Gallegos when the escape was planned, but that his whole mind was bent on gaining his liberty and when he saw a chance of his escape being cut off, he fired the fatal shot on the spur of the moment.

He confesses having killed the man at Kennedy, for which he was in prison at the time he escaped, after killing Jailer Gallegos, but he claims that it was a duel.

Telles, when questioned about the murder he is alleged to have committed in Mexico, his native country, denied having anything to do with it and stated that with the shooting at Bowie station, Ariz., he had killed only three men.

It was also stated that Telles' real name is Alejandro Duran, and that he formerly lived at Las Cruces.

alred, sunshiny rooms, will be used for lodging purposes. The upstairs has been leased to John Cain, who recently took up his residence in Deming after a long residence at Hillsboro. Mr. Cain has proved a good citizen of Deming, and is putting his surplus cash into the building of several new residences for renting purposes.

One of the signs that Deming is moving along in the procession of lively, business towns is its constantly increasing postoffice receipts. Postmaster R. G. Clarke, one of the best known citizens of Deming, gives out the pleasing information that the postoffice receipts of Deming have materially increased the past few years, and a constant increase is expected continually for future years.

As a cattle shipping point Deming has no equal in either New Mexico or Arizona, and this spring, so say the big cattle raisers, between 40,000 and 50,000 head of cattle will be shipped from Deming to eastern and western markets. Col. Richard Hudson says the cattle raisers of southern New Mexico will all have money on and after the May deliveries. The ranges are fine and the cattle in good shape, and buyers are paying \$15, \$18 and \$21 a head for one, two and three-year-olds. Already 10,000 cattle have been purchased and shipped at these figures. W. H. Greer, the popular local manager of the Victoria Land & Cattle company, was also seen by The Citizen representative and he talked just like Colonel Hudson over the bright prospects for the cattlemen of southern New Mexico. His company is the largest and most extensive raisers of range stock in southern New Mexico and Arizona, and northern Mexico, and he states that he never saw the stock in as fine condition, after going through a winter, as now. His company, of which H. A. Jastro, of Bakersfield, Cal., is the general manager, ships on an average of about 1,000 cars of range cattle to California pastures yearly, and will, in a very short time, begin the shipment of 5,000 cattle for May delivery. Mr. Greer says prices are good, and of course the cattle raisers of southern New Mexico are correspondingly happy. The gentleman is one of the new members of the Territorial Cattle Sanitary board, and went up to Las Vegas Sunday night to attend the reorganization of the board. His wife, who is one of the popular ladies of Deming, has gone to Bakersfield, Cal., to visit her parents, Mr. and Mrs. H. A. Jastro, and will be absent from the social circles of the city for several weeks.

The Bank of Deming is an institution which the people of Deming point with pride, and it is a banking institution of a solid foundation. The board of directors are Hon. J. Sloat Fassett, Elmira, N. Y.; Lou H. Brown, cashier and vice president American Bankers' association for New Mexico; John Corbett, of Corbett & Wynear, ora buyers and samplers; Seaman Field, real estate and insurance, and W. H. Guiney, who is the efficient assistant cashier.

Deming has two weekly newspapers, and they supply the town with all the job printing needed by the local merchants and all the local news. The Graphic is the new addition, taking the place made vacant by the retirement of the Herald. N. S. Rose, who formerly conducted a weekly at Cerillos, is the editor and proprietor of the Graphic, and he is getting out a very newsy, up-to-date weekly. George Sheakspere still wields the pen on the Headlight.

The Citizen representative, in the afternoon of Saturday, was driven over the city of Deming by R. P. Smith, Jr., a member of the energetic real estate and insurance firm of Smith, Stone & Rogers, and was surprised at the many substantial improvements made in the town since a visit of a year ago. One of the newest enterprises of the town visited was the Deming Ice & Electric company, owned by C. Reihls, H. M. Stecker and J. W. Pennewell. The ice factory has a capacity of twenty tons of the con-

struction of the city of Deming is getting along finely, and the people of the town are feeling prosperous in every move they make.

One of the institutions of the town, where over a hundred members congregate and discuss matters of interest to Deming, is the Adelphi club. Here billiard tables, card tables and bowling alleys, with a gymnasium almost ready, are arranged for the members and visitors, and everybody found within the walls of the club are made to feel at home. The Daily Citizen will be delivered in the city at the low rate of 20 cents per week, or for 75 cents per month, when paid monthly. These rates are less than those of any other daily paper in the territory.

El Paso is in the midst of a red-hot city election.

The Citizen is the only eight page seven-column paper in the territory.

President Roosevelt is booked to make 144 speeches on his western tour.

Belen is making rapid growth and will soon be one of the best towns in New Mexico.

If the good government league will clinch the tax dodgers, a good work will be well done.

Las Cruces is making an effort to incorporate. The college town needs municipal government.

Sandoval county begins its existence under favorable circumstances, with an excellent set of county officers.

One of the Missouri editors has a \$1,000 bill in his possession, and the whole state press look upon him with suspicion.

The Citizen has a large circulation in Silver City, Deming and in other towns of the extreme southern New Mexico, more than 100 subscribers alone in Silver City and Deming.

If you want to know how well The Citizen circulates in the towns outside of Albuquerque ask Postmaster Hopkins. To him we pay monthly postage. This is a positive pointer to advertisers.

The Citizen's city circulation and its advertising patronage is perfectly satisfactory from a business point of view. The few who quit, when laboring under hallucinations, are coming back into the fold.

William Allen White, the Kansas editor and literary man, has just returned from a trip east and observes plaintively that "a dollar begins to shrink after you leave home. The thing that looks like a \$5 bill in Emporia is only a postage stamp in Chicago and a fly speck in New York."

When the war revenue taxes were repealed experts of the treasury and in congress estimated that it would reduce the annual revenues by at least \$75,000,000. Now, eight months after the repeal, it is found the revenues have only fallen off \$28,000,000 as compared with the corresponding period of last year.

Tables presenting the imports and exports of the principal countries show that the United States was in 1902 the largest exporter of domestic merchandise, while in 1870 her exports were exceeded by three countries—France, Germany and the United Kingdom. In "favorable balance of trade," or excess of exports over imports, the United States also holds first rank among the nations, her excess of ex-

ports being not only greater than that of any other country, but also more in 1901, than the total exports over imports of all other countries whose exports exceeded imports.

The Citizen has reduced its subscription price to 60 cents per month to subscribers served by carriers, and to \$5 per year by mail. This makes this paper the cheapest in this territory.

There are seventy-nine life insurance companies in the United States, and they possess aggregate assets of 2,100 million dollars. Ninety per cent of this vast wealth is controlled by seventeen companies, and half of it by three companies. The Jumbos among the life insurance companies are the Mutual of New York, with 382 millions of assets; the Equitable of New York, with 300 millions, and the New York Life, with 322 millions.

While the Chinese exclusion act works inconveniences to the Chinese at times, it is not an unmixed evil to all. For instance the Chinaman living down in Mexico who has made his little stake and wants to return to his native land, in order to save steam fare just steps across the line, is gobbled up by an inspector, taken before the proper tribunal, is ordered deported, and is taken in charge by the United States marshal, taken to San Francisco, and a ticket purchased to China for him, all at the expense of the government. This is an opportunity which the exclusion affords which is appreciated by the Chinamen who are in a position to take advantage of it.

According to the reports of the government bureau of statistics, the aggregate price of necessary articles of daily consumption has increased from 72,455 in July, 1897, to 100,356 on January 1, 1903. The figures are obtained by a fixed system of compilation based on the New York quotations of a great variety of articles of food, clothing and household supplies, and are considered a trustworthy index of the relative cost of living from time to time. According to this the cost of living has increased nearly 40 per cent since 1897, which was the lowest point reached since 1888. On the other hand, the present cost is but little more than it was in 1888, when the index figures were 99,902.

Tables furnished by the treasury bureau of statistics show that the total international commerce of the world now aggregates about 21 billions of dollars, of which about 10 billions is exports and 11 billions imports. The fact that all exports eventually become imports and that all imports must have been originally exports suggests that the value of the world's imports should not materially differ from the figures of exports, but the fact that the cost of transportation and other charges are in many cases added to the value of the export when it is measured as an import explains, in part at least, the fact that the aggregate figures of national imports exceed those of exports.

WAR ON TUBERCULOSIS.

The prevalence of tuberculosis and the apparent helplessness of medical men to cope with the disease is furnishing a wide field for research. The Baltimore American in discussing this dread disease insists upon the isolation of tuberculosis patients.

Advances made in the study of the disease within the past few years have greatly narrowed the lines of battle against tuberculosis. It is now recognized by physicians that the disease is infectious. Isolation of the infected persons from the rest of the population must be the first step for the stamping out of the disease. This will prevent its spread, for it has been pretty clearly established that tuberculosis is not hereditary, but is communicated from one member of a family to another by personal contact. With the well-to-do or the wealthy, isolation is not a very important problem. It may be accomplished readily by sending the patient to a locality where he or she has plenty of pure dry air, wholesome food and a reasonable amount of exercise. With the poor, the case is different. If they are to be taken from their tainted surroundings and are to cease to become a menace to the health of their families, and finally to the public in general, they must be furnished by the state a place of isolation.

Police Jottings.

Marshal McMahon reports \$465 in fines for the month ending today. Not a bad month for the police doings.

The case against Monte Jack, charged with insulting Judge, the expressman, with words was continued until tomorrow morning on account of several witnesses being absent. Their trouble was but a continuation of the row on the "acre" Sunday. It is claimed that Monte Jack shot off his gib because Judge summoned an

A LINGERING COUGH

The cough that holds on in spite of all remedies needs energetic and above all thorough treatment. A mere cough mixture won't do. Root out the cold that causes the cough.

How? Scott's Emulsion. Why Scott's Emulsion? Because it stops the irritation, soothes the tissues and heals the affected membranes. When? Right away. Scott's Emulsion begins to help with the first dose.

We'll send you a sample free upon request.
SCOTT & BOWNE, 409 Pearl Street, New York.

officer, who is always an unwelcome guest on the acre.

Fred Crawford, forfeited the bond put up for his appearance this morning. He was arrested for disturbing the peace.

All the business before the judge this morning was of a colored nature.

The best pill 'neath the stars and stripes:
It cleanses the system and never gripes.

Little Early Riders of worldly repute—Ask for DeWitt's and take no substitute.

A small pill, easy to buy, easy to take and easy to act, but never failing in results. DeWitt's Little Early Riders arouse the secretions and act as a tonic to the liver, curing permanently. B. H. Briggs & Co., S. Vann & Son.

Alvarado Trio.

The following program, replete with enjoyable music, will be rendered at the Alvarado this evening between 6 and 8 o'clock:

Overture—Poet and Peasant...Suppé
Waltz—Love's Confession...Grimm
Duo—Petit Mari, Petite Femme...Bizet
Crickets Carnival...Haines
Waltz—Silks and Rags...Stone
Chant Sans Paroles...Tschalkovsky
Bolers...Brahms
Waltz—Alice of Old Vincennes...Simpson
Character Dance—Roxala...Arnold
Cake Walk—Honky Dory...Holzmann

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the liver or kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down systems. It dispels nervousness, rheumatism and neuralgia and expels malaria germs. Only 50c, and satisfaction guaranteed by all druggists.

Messrs. Macpherson, Pratt, Stover, Meyers, Kieke, Beaven, Whitcomb, Curran, Diekmann, Mausard, Sulzer and Bittner, members of the good government league met in the office of T. J. Curran yesterday. The usual routine of discussion was the business transacted. They adjourned to meet next Monday.

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Alvarado Pharmacy.

James D. Lucas, the mining expert, has returned to his home at Cerrillos from a business trip to several of the southern towns.

IT MUST COME.

As inevitable as the changing seasons of the year is the change which comes to every woman. And just as one anticipates the changes of other seasons it is wise to anticipate this change of season and prepare for it. In this way the discomforts and disasters suffered by many women at the period of change can be avoided or overcome.

Dr. Pierce's Favorite Prescription, a medicine for every season of a woman's life, will entirely meet the needs of women at this period of change. It cures the physical ills and relieves the mental anxiety and depression usually associated with this critical period. It tranquilizes the nerves, encourages the appetite and induces refreshing sleep.

J. S. Carlisle, Reg. of Manchester, Coffee Co., Tenn., writes: "I have been using your medicine for the last sixteen or eighteen years in my poor-house. I am superintendent of the Coffee County Poor-house and Arnyton combined. Your Favorite Prescription, 'Golden Medical Discovery' and 'Pleasant Pellets' are the best medicines for the diseases for which they are recommended that I ever used. They saved my wife's life at the time of 'change of life.' I have been recommending your medicine to many afflicted women and have also guaranteed that if it did not cure I would pay back the money spent for it. I have told our druggist that if the people came back and said Doctor Pierce's medicines did not give satisfaction to give them back their money and charge it to me. I have not once been called upon to refund. I have never found anything to equal the 'Favorite Prescription' for diseases of women."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

INDIAN SCHOOL NOTES.

The tailor boys are very busy darning and patching their own company clothes.

The Indian school band gave its concert on Sunday afternoon. The entire program was excellent and well rendered.

Mr. and Mrs. Martin, from the San Felipe day school, were the guests of the Indian school Sunday and Monday.

Quite a number of Indians from Laguna and San Felipe reservations were visitors with their children, and were well pleased to hear the school band.

Joseph R. Abner, the Indian school director, will now have charge of the drilling company, which is to meet every Friday evening so as to be in shape by May 30.

The base ball schedule: New Mexico university, Albuquerque High school, Santa Fe Indians, Las Cruces and Las Vegas. Practice has begun in earnest, and several of last year's men will be in the team this season. There are many new candidates who are doing good work. The first game of the season will be on April 4 with the New Mexico university. Dr. Wood has been elected manager.

SEVERE ATTACK OF GRIP

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, editor of the Enterprise, of Shortsville, N. Y. "This is the honest truth. I at times kept from teasing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggists.

Harry Kelly, of the firm of Gross, Kelly & Co., was down from Las Vegas yesterday.

What's in a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for the liver or kidneys as Electric Bitters. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases, DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. B. H. Briggs & Co.; S. Vann & Son.

Hon. M. R. Otero, register of the land office at Santa Fe, passed up the line this morning, en route home. He is preparing to move his family from the capital to his old home at Los Lunas.

The stomach is the Man. A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure cleanses, purifies, sweetens and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. B. H. Briggs & Co.; S. Vann & Son.

A LONG-LELT WANT.

It is Supplied at Last in Albuquerque. Good-natured people are often irritable.

If you knew the reason, you would not be surprised.

Ever have itching piles?

Not sick enough to go to bed; not well enough to be content.

The constant itching sensation

Hard to bear; harder to get relief;

Spoils your temper, nearly drives you crazy.

Isn't relief and cure a long-felt want?

You can have relief and cure if you will follow the advice of a local citizen.

J. Johnston, machinist in the Santa Fe R. R. shops, residence 705 South First street, says: "When a man has itching hemorrhoids commonly called piles and he has to work every day the annoyance becomes positively a plague and he is more than anxious to get rid of it. When Doan's Ointment first came to my notice I wrote to the manufacturers for a box and used it as directed. It stopped the attacks. I have not the slightest hesitation in advising all residents of Albuquerque if annoyed in any way with hemorrhoids or piles to go to the Alvarado Pharmacy, buy Doan's Ointment, take a course of the treatment and the annoyance will cease."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other.

Dam Damaged by Ice Gorge. The headgate and about twenty-five feet of the dam in the Canyon de Chama were carried away by flood. An ice gorge had blocked the water for a long distance. T. D. Burns, the owner of the irrigation works, has repaired the damage and has strengthened the dam.

JEMEZ & SULPHUR HOT SPRINGS STAGE LINE.

Carries the U. S. mail; only line with a change of stock en route; good rigs, horses and drivers; leaves Albuquerque every Tuesday, Thursday and Saturday at 5 a. m. For particulars address W. L. Trimble & Co., agents, Albuquerque, or J. B. BLOCK, proprietor, Jemez.

Railroad Topics

Col. R. E. Twitchell, assistant attorney for the Santa Fe, spent yesterday here and was a passenger north this morning.

It is announced that the Santa Fe will expend \$400,000 during the present year erecting new bridges and trestles on the coast lines.

H. Largin, a brakeman in the employ of the Southern Pacific Railroad company, was crushed to death between two cars at Marysville, Cal., Saturday morning. He resided in Colfax.

The Southern Pacific railway has issued orders whereby the baggage men on unimportant passenger trains will be taken off. The extra work will fall on the expressman. The orders are to take effect April 1.

Miss Lizzie Campbell and Neville Whitfield were married last week at Raton. The bride is the daughter of John Campbell, of Raton, and the groom is a bootmaker in the Santa Fe shops at that place.

Frank Dibert, of the Pennsylvania Development company, has gone to Watrous, Antelope Springs and Torrance on business for the Santa Fe Central Railway and will be absent from the Santa Fe once for ten days.

Santa Fe employees of San Bernardino, Cal., have the base ball fever. A subscription paper is being circulated there to raise money to buy the ball boys new suits. General Manager Arthur G. Wells is reported to be one of the liberal donors.

Charles E. Cramer, formerly engineer on the Santa Fe Pacific, is now at Douglass, Ariz., superintending the putting up of fourteen new engines recently purchased by the El Paso & Northwestern railway from the Baldwin locomotive works. Mr. Cramer is now traveling engineer for the Baldwin company.

Thomas Donohue, 11 years old, a son of Peter Donohue, of 3115 East Sixteenth street, was jumping trains on the Kansas City Belt line road Sunday when he fell and the cars passed over his right leg below the knee. The accident occurred at the Indian avenue crossing. Dr. Longan took the boy to the city hospital. He probably will die.—Kansas City Star.

ANOTHER GERM DESTROYER.

Herpicide is Death to Dandruff Germs. The germ burrows into the scalp, throwing up the cuticle in thin scales, called dandruff, or scurf, and digging at the root of the hair where it saps the hair's vitality. First comes brittle hair, then lusterless and dead-like hair, then falling hair, and, finally baldness. Nine-tenths of the hair troubles are caused by dandruff. Without dandruff, hair will grow luxuriantly, as nature intended. "Herpicide" kills the dandruff germ leaving the hair to grow unhampered, as it does with the American red man.

"Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents.

Railway to Use Telephones.

Next month the Chicago Great Western will begin the construction of a private telephone system between its three terminals, Chicago, St. Paul and Kansas City. The first line will be from Chicago to St. Paul, where the general offices of the company are located. The Kansas City line will connect at Oelwein, Iowa, with the Chicago-St. Paul line. The cost of the

telephone system will be about \$10,000. "We do not propose to use the telephones to displace the telegraph, said an official of the Great Western. The telephone will not be used for train orders, except in case of emergency. A special heavy copper wire will be used exclusively for the telephones."

Pneumonia Follows a Cold but never follows the use of Foley's Honey and Tar. It stops the cough, heals and strengthens the lungs and affords perfect security from an attack of pneumonia. Refuse substitutes. Alvarado Pharmacy.

Prizes Offered. The colonization department of the Southwestern lines has sent out the following card:

Farmers, farmers' wives and daughters, school teachers, doctors, clergymen, merchants in the smaller towns, any citizen who has something to say, are invited to write letters and longer articles about the locality in which they live in the southwest.

The territory includes Arkansas, Arizona, Indian Territory, Louisiana, southern Missouri, New Mexico, Oklahoma and Texas.

Premiums that make it an object are offered, a set for each state and territory. Full particulars of the conditions of the contest, and a list of the prizes and awards will be sent upon application to J. W. Steele, commissioner colonization agency southwestern lines, Columbia Theater building, St. Louis, Mo.

Raw or Inflamed Lungs Yield quickly to the wonderful curative and healing qualities of Foley's Honey and Tar. It prevents pneumonia and consumption from a hard cold settled on the lungs. Alvarado Pharmacy.

THE RAILROADS IN OKLAHOMA. The total mileage of Main Lines Assessed is 1,411.29.

A dispatch dated from Guthrie, Okla., says the main lines of railroads in Oklahoma upon which the territorial board of equalization will place a valuation this year have a total mileage of 1,411.29. The side tracks amount to 186.34 miles. The mileage by railroad systems is: St. Louis & San Francisco main line 291.58, side track 31.67; Fort Smith & Western main line 10.11; Denver, Elid & Gulf main line 1.19, side track 1; Kansas City, Mexico & Orient main line 14.47; grade 43; Choctaw, Oklahoma & Gulf main line 237.79, side track 41.01; Chicago, Rock Island & Pacific main line 328.17, side track 35.95; Atchison, Topeka & Santa Fe main line 509.18, side track 75.16; Missouri, Kansas & Oklahoma main line 18.80, side track 1.55.

La grippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." Alvarado Pharmacy.

A BAD ACCIDENT.

An Iron Horse Consumed by Fire in the Flagstaff Round House.

Wednesday an accident happened at the round house in Flagstaff which will cost the Santa Fe many thousands of dollars and put out of service for awhile their best passenger engine. Wednesday afternoon a new employee at the round house started a fire under the boiler of the locomotive, in which there was no water, and from time to time added fuel. Naturally, the engine became red hot and the adding of

Fifty Years the Standard

DR. PRICE'S CREAM

BAKING POWDER

Awarded Highest Honors World's Fair. Highest Tests U. S. Gov't Chemists

PRICE BAKING POWDER CO., CHICAGO.

more coal had the same effect on it of feeding a foundry furnace. The flues were melted and the interior of the engine rendered useless. At 12 o'clock that night the locomotive was a great sight and it was viewed by many. It was red hot and its inside workings were slowing being consumed. Nothing could be done; to throw water on it would crack the iron, and it was just simply a case of waiting until it cooled off. The engine was a tandem-compound of the prairie type and a fine specimen of the work turned out by the Baldwin Locomotive works. It will be sent east for repairs. It was an unfortunate accident, and one that is liable to occur in even the best regulated shops, but rarely is the scene witnessed of a powerful locomotive standing in its stall slowly devoured by heat.

Cough Settled on Her Lungs. "My daughter had a terrible cough which settled on her lungs," says N. Jackson, of Danville, Ill. "We tried a great many remedies without relief, until we gave her Foley's Honey and Tar which cured her." Refuse substitutes.—Alvarado Pharmacy.

Theodore H. Smith, aged 82, died at his home in Kansas City, Kansas, on Sunday. Mr. Smith was born in Lorraine, France, and came to this country when he was 10 years of age. He was a veteran of the Mexican and civil wars. The funeral arrangements have not yet been made.

Working Overtime. Eight hour laws are ignored by those tireless little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing indigestion, biliousness, constipation, sick headache and all stomach, liver and bowel trouble. Easy, pleasant, safe, sure. Only 25c at all druggists.

LOCAL PARAGRAPHS.

C. J. Dyer, a pioneer of Phoenix, Ariz., died at that place Sunday. He was at one time mayor of the Arizona city.

Lee Herman, organizer of the Improved Order of Red Men, left this morning for Santa Fe, where he goes to perfect the organization of a local tribe of the order.

George C. Rice, of the Chicago Daily News, accompanied the Chicago National league baseball players as official score keeper. Then he has an opportunity of studying the men and will be familiar with their playing the coming year.

Hon. C. A. Spiess is in the city from Las Vegas. He is one of the best lawyers in the territory, and is building up a large practice. During the recent legislative session Mr. Spiess ably represented Las Vegas in the council. In fact, he was one of the most influential members of the whole legislature.

OUTPUT OF CAPTAIN MINES.

The Industry There Employs Now About Three Hundred Men.

Lincoln county ranks third among the coal producing counties of the territory. The coal measures of the county embrace an area something like 128,000 acres, extending from White Oaks on the north to Fort Stanton on the south and varying in width from five to ten miles.

The existence of coal in the county was discovered as early as 1880, but it was not until recent years that any attempts were made to mine it, owing to the fact that it was impossible to get it to market from lack of transportation facilities.

In 1896, however, the value of the coal deposits of this county came to the notice of the Eddy brothers, who, after investigating the extent of the coal measures, and the quality of the coal, conceived the idea of building a

railroad to this section to tap these coal fields.

Accordingly the El Paso & North-eastern railway was built, and the work of developing the coal measures began. The coal mines have been worked continuously since their opening.

For the fiscal year ending June 30, 1902, 121,902 tons of coal were produced in this county, nearly all of which came from the Capitan mines.—Capitan Progress.

Over Eighty Per Cent in the First Stage and Seventy Per Cent in the Second Stage of This Disease are Cured by the

NEW OZONFORM TREATMENT

As to a cure for consumption, there has been endless theorizing and numberless "cures" have been advocated, practiced and abandoned. Those proposed have generally been based on the alleged discovery of some mysterious compound having the effect of arresting the disease. There are of course very pertinent reasons why these "discoveries" should withhold from the public information as to the nature of their remedies, but if this is necessary, it is hardly likely to beget widespread confidence.

THE OZONFORM TREATMENT.

The new Ozonform Treatment for Consumption which has been introduced by Dr. Frederick J. Fielding and is now being tried with the above satisfactory results at the Fielding Institute in the Hicks Building, San Antonio, is sharply differentiated from the other (so-called) cures—first is the fact that its nature is openly proclaimed by its originator, Dr. Kretschmer, of Berlin, and second, that it is founded, not on some sudden and accidental discovery of a curative substance, but on the results of years of study and experimentation along the lines which modern scientific thought has indicated as the most likely to bring about satisfactory results.

GET DR. FIELDING'S BOOK.

A full description of the new Ozonform Treatment, together with much information of value to consumptives is contained in a book which has recently been published by Dr. Fielding. It is a handsomely illustrated work, and everyone interested in the subject should write or Dr. Fielding at the Hicks Building, San Antonio, Texas, for a copy of it. It is sent free of charge.

BASE BALL GAME.

The Colts Defeated the Regulars Yesterday Afternoon.

PROFESSIONAL PLAYING.

The exhibition game between the Chicago Nationals and the Colts, including three local players, was witnessed by a fair crowd, who were anxious to witness a good, fast game. In no instant did the spectators become over enthusiastic in the playing of the Nationals, but the three local players—McDonald, Vorhes and Hale—who played a fine game, were heartily applauded for their good work. The play began at 2:30, with Corridan in the box for the Nationals. He is from the Eastern league and is expected to do some fine work this season. He has a good head for a young pitcher, and his delivery is good. The game he pitched yesterday could not be taken as a fair sample of the work he is capable of doing. Weimer held down the box for the Colts and pitched a good game. The support from the infield was excellent and a winning game resulted.

The score of 10 to 3 was unlooked for, as the regulars had won every game since leaving Los Angeles, where they won two and lost two.

A few of the National leaguers were old visitors to Albuquerque, having played here during the last territorial fair. Frank Chance, who played with the Albuquerque team, umpired the game yesterday, and Johnny Kling and Shortstop Tinker were in the game.

The people should not judge the Chicago Nationals' work the coming season by the playing of yesterday. They have made a fast and hard trip from the coast, playing daily exhibition games and spent their nights in a Pullman car, getting unhealthy rest.

Manager Seale and his two teams left last night for Colorado Springs, skipping Las Vegas. They were very much pleased with the reception given them at the Duke City. The team will be in Chicago early next month.

THE CITY OF WINDMILLS.

(Concluded from page one.)

geared luxury daily, and besides Deming ice is supplied to Silver City and other adjacent towns. As a side issue, an electric light plant was added, with power for about 750 incandescent lights. This addition, like the ice factory, has grown so popular with the people of Deming, that the electric light plant will be enlarged and a new and larger dynamo has been ordered. J. J. Johnson is the efficient engineer. The telephone system is also a new enterprise in Deming, and strictly local men are in charge.

It is now a certainty that the proposed big sanitarium for Deming will be an established fact. When Col. P. R. Smith returns to Deming, he will undoubtedly be in a position to give the people of Deming some good news regarding the sanitarium. The capitalists back of the scheme are all well known St. Louis men, and they mean business.

Deming's School System.
Taken from a standpoint of finance and opportunities the city of Deming has the best and most exhaustive system of public school education of any in New Mexico, which is saying a great deal for Deming. There may be other towns in the territory whose public schools are more elaborately based than the public school of Deming, but they are not any more thorough and far-reaching as regards the ends sought to be attained.

Deming may well be proud of her school system which was organized some thirteen years ago. During years of depression in the past, when other towns were forced to close their schools for lack of funds, Deming, through the lively interest taken by her citizens in this connection, always maintained a full corps of teachers and had nine months of school per year.

The high efficiency of her schools is a source of pride and congratulation, not only to the citizens of Deming, but to all the surrounding country, many of the residents of which avail themselves of the facilities here offered by moving into town during the school term. Graduates from these schools are admitted on diploma to the territorial institutions.

The public school building of Deming is a handsome and substantial brick structure, containing nine rooms, erected at a cost of \$20,000, and is well supplied with modern apparatus, including a library of 600 volumes.

The extensive school grounds are enclosed by a neat iron fence and adorned with many beautiful trees. Two wind mills and a 22,000-gallon tank supply an abundance of water.

The course of study embraces eleven years' work, eight years in elementary and grammar grades, and three years in the high school, which will hereafter be extended to four.

The school census shows that there are within its limits 603 persons of school age. Of these there are enrolled for attendance 390 pupils.

Two handsome new rooms have been added to the building within the last year. Sixty-five Mexican children are in attendance. The teaching of the English language is strongly emphasized. Seven teachers are employed at present, and another will be added to the force the coming year. Deming has always been fortunate

in that only her best citizens have been elected as members of the school board—men who were not only closely identified with the welfare of the town, but who have had a vital and intelligent interest in the cause of education in particular. This is shown today in the general confidence in, and respect for, the schools and all connected with them, by the whole population. Judge Seanan Field, Hon. J. A. Mahoney, and Henry Meyer constitute the present board of education, all men of the highest standing and intelligence. The judge and Mr. Mahoney have been regularly re-elected for many years.

County superintendent of schools, U. F. Duff, reports that all schools within his jurisdiction have had full terms of school this year, and that all have money to their credit.

Short Items.

M. L. Chase, a few years ago a resident of Bland, Cochiti district, is the efficient bookkeeper at the A. J. Clerk grocery store.

John Corbett, who is the soda water, beer and ice magnate of Deming, is doing a fine business, and has a prosperous air about him all the time.

N. A. Bolich, a well known merchant of Deming, pleased his many friends by returning home Saturday morning, after an absence of two months away from business. Mr. Bolich, with his pretty little daughter, Miss Alice, was back east visiting relatives and friends, and while away Miss Alice was taken sick with typhoid fever; hence the trip was prolonged until the young lady recovered. She returned to Deming in perfect health.

O. M. Talley, formerly of Albuquerque, was in Deming last Saturday. He is now in business in El Paso, and has just returned from a pleasure trip to southern California.

E. G. Abraham, formerly clerk in the J. H. O'Reilly & Co.'s drug store, is at Deming, representing the Equitable Life Assurance society.

C. E. Baker, one of the well-to-do citizens of Deming, has just engaged in the lively business, as a side issue to his immense cattle interests.

John Deckert, a wealthy business gentleman of Deming, owner of some extra good inside real estate, contemplates the erection at an early day of a large three-story brick business block. He has plans and specifications already in hand, and may be ready to begin active operations on the structure in a few weeks.

Julius Rosch, the senior member of the contracting and building firm of Rosch & Leopold, is well pleased with the patronage his firm is receiving from Deming people, and they are

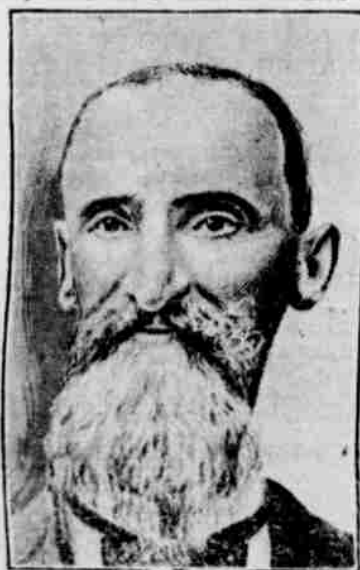

HAD ALL-GONE FEELINGS, IMPURE BLOOD, AND WAS DAILY LOSING FLESH.

Paine's Celery Compound

The Spring Fortifier and Cleanser Prolongs Life.

Paine's Celery Compound is today the most reliable and most successful spring medicine in the world. The present enormous demand is the best proof of its popularity. It has almost entirely displaced the common remedies in pill and liquid forms once so common, and in many respects so dangerous to health.

Paine's Celery Compound has been marvelously successful for the simple reason that in every instance it accomplishes more than is claimed for

W. H. LADD,
Of Allisnora, Tenn.

it. It is the one spring remedy that physicians and the best people endorse. Men and women of wealth and high social position, able to command the services of the most eminent medical men, use Paine's Celery Compound in springtime, having full confidence in its virtues. The experience of tens of thousands has proved that it is wise to use Paine's Celery Compound in the early spring days for the banishment of rheumatism, neuralgia, dyspepsia, nervousness and insomnia. Paine's Celery Compound is, par excellence, the great blood purifier; it increases the constructive capacity of the vital fluid, nourishes the tissues and builds up the body. Mr. W. H. Ladd, of Allisnora, Tenn., says: "For several weeks before I commenced using Paine's Celery Compound I had a tired and all gone feeling, my blood became impure, and I was daily losing flesh. One of my friends advised me to use Paine's Celery Compound, and I got relief from the first bottle. I am glad to recommend it to all suffering humanity. I believe it has prolonged my life. I am now seventy-two years old."

kept busy these days on new buildings and figuring on prospective new buildings.

Dr. Samuel D. Swope, one of Deming's best physicians, announced last Saturday that the health of the city was never better, and that all his patients are getting along nicely. He is a fine gentleman and has the reputation of being one of the best physicians of southern New Mexico.

Col. Thomas Coverley Lebo, colonel of the Fourteenth United States cavalry, and wife, nee Miss Grace Hawks, of Albuquerque, stopped over a few hours in Deming Saturday night, en route to Albuquerque and thence to Denver.

The board of trustees of Deming is composed of men well known throughout Luna county, and they guard well the interests of their town. Judge Seaman Field is chairman; A. J. Clark, T. A. Carr, Albert Beals, Lou H. Brown, trustees, with Edward Pennington, clerk; T. J. Oglesby, marshal, and Cipriano Baca, constable. Judge Pennington reports very little police news.

The Deming people believe their base ball club, the Yellow Kids, can trounce any club organized for playing purposes in Albuquerque, and they will undoubtedly challenge Albuquerque for a game sometime in the near future. Last Friday the Yellow Kids played the Chicago Nationals, score 17 to 4, and the amateurs put up a good game against the professionals.

Col. P. R. Smith, one of the best promoters today claiming Deming as his home, is expected to return home in a few days. He has been east promoting schemes beneficial to Deming and southern New Mexico.

John W. Gill, who has a nice bank account, is putting up half a dozen modern residences in Deming.

The death of J. P. Byron, which occurred several weeks ago, is still deeply mourned by a large circle of Deming people. He was a druggist of that town, and one of Deming's most active, energetic citizens.

The dry goods and clothing emporium of H. Nordhaus & Son is one of the nicest places in southern New Mexico. The firm is among Deming's best people.

Sigmund Lindauer is the pioneer dry goods, clothing, boot and shoe merchant of Deming. He is a genial, whole-souled fellow, and has a hearty greeting to everybody who enters his store.

J. A. Mahoney is one of the progressive citizens of Deming and he is constantly making improvements. He is a big hardware and furniture merchant of the town, and is doing a big business.

Ticket No. 284 is the lucky one to draw the Lady Francis point lace collar given away by Mrs. L. H. Shoemaker, the milliner. The lady holding such number may call for the prize.

ROOSEVELT RECEPTION.

Grand Ovation Being Arranged in His Honor.

President Roosevelt, when he alights from his special train here on May 5, will be greeted by a salute fired from a twelve pound gun, manned by a squad of Fort Wingate soldiers.

Col. T. C. Lebo, officer in command of this department of the United States army, who is here with his wife, visiting with her parents, Mr. and Mrs. F. H. Hawks, has courteously consented that such arrangements can be made. This excellent idea originated with some of the members in charge of arrangements and reception. It was thought that a gun could be borrowed from Fort Wingate and that a squad of local gunners could be formed to man it. Col. Lebo, being in the city, was approached this morning by Major Ernest Meyers and readily consented to loaning the gun and also volunteered to send a commissioned officer and a gun squad here to fire it.

This latter concession is thoughtfully made by Col. Lebo so as to avoid any accident that might occur by the gun being fired by green hands.

Back from Chicago.

General Manager Ira Bennett, of the American Lumber company, returned from Chicago last night, where he has been in the interest of the company for several weeks.

The Santa Fe engineer in charge of this division is in the city today and the contract for building the main line to the lumber mill site will probably be let today. Nine car loads of building and construction material have been received by the lumber company. Owing to the delay in building the "spur" the material is still in the Santa Fe yards. It will be only a week or so until the construction of the mills will be begun.

DISTRICT COURT.

Forgers Monopolizing the Time of the Court These Days.

THE PROCEEDINGS TO DATE.

Forgers were greatly in evidence in the Bernalillo county district court yesterday. Three offenders were tried, all being convicted of the crimes with which they were charged. James McDaniel, who forged several checks for small amounts, has previously entered a plea of not guilty, but yesterday when the case was called he pleaded guilty. His sentence will be passed later.

Charles Robinson pleaded not guilty and he tried to prove that he was not the man who passed a check on S. Vann & Son last November, but his identity was proven and the jury returned a verdict of guilty.

James D. Denning, the man who played the insane racket after he had been arrested for passing forged checks in the stores of D. H. Boatright and Harry B. Miller, was found guilty. The attempt of the defense to prove that he was not responsible for the act did not hold weight with the jury.

Frederico Serna was arraigned yesterday charged with an attempt to murder Jose Perea in October last. He pleaded not guilty. His case was not set for trial, and the same bond of \$5,000 was continued.

Emiliano Sanchez, charged with assault with a deadly weapon, pleaded not guilty.

I. T. Atwell, charged with theft from an employe of the Highland hotel, was dismissed by the prosecuting attorney. In the case of the territory against Disidro Aquilla, a motion to quash was overruled by the court.

In the cases of the territory against Gregorio Torres and Flora Rael de Perea, a motion to quash was overruled.

William A. Tulip, charged with an attempt to murder, pleaded guilty and was sentenced to six months in the county jail.

In the case of the territory against Sarah J. Smith, charged with arson, a plea of not guilty has been entered and a motion was made for a change of venue.

The case of the territory against Gregoria Torres and Flora Rael de Perea, charged with assault and attempt to murder the husband of Flora Rael de Perea was on trial all morning. After the noon recess Gregoria Torres withdrew his plea of not guilty of assault with attempt to murder and entered a plea of guilty of assault and battery. The court deferred the sentence until some future day.

This afternoon the cases of Arthur Dranke and John Wells, charged with larceny from a store, are being tried. The two young men on trial are charged with stealing clothes from the stores of Mike Mandell and Simon Stern by working the game of one man pretending to buy while the other steals whatever he gets hold of.

The trial will take up the greater part of the afternoon, as there are a number of witnesses to be heard. When the young men were arrested they had the clothes in their possession, but they claim they bought them from a third party, who was not apprehended.

For Wednesday, April 1, the case of the territory against Placido Salazar.

For Thursday, April 2, the case of the territory against William Clifford and the territory vs. John Hicks.

For April 3 the case against the jail breakers on December 31.

CARD OF THANKS.

In behalf of myself and the faculty of the American School of Osteopathy I extend thanks to my many friends and patients in Albuquerque and throughout the territory for their loyal support in the legal battle and victory for the science of osteopathy as an evidence of their appreciation of my work in the treatment of themselves or families during the past year, and which has made it possible for me to overthrow the medical trust and give to the liberty-loving people of New Mexico the right to employ the physician of the school of their choice. Yours in honest competition for excellence in the work.

C. H. CONNER, M.D., D.O.

To the Public.

Seeing the necessity and want of something nice in the way of chairs and tables for card parties, weddings and social gatherings, I have secured six dozen fine velvet seat rosewood finished folding chairs and one dozen tables, with linen for them, which I will rent for private parties and gatherings.

NEW COUNTY ORGANIZED.

(Concluded from page one.)

material for the officers of said Sandoval county.

The resolution was unanimously accepted, after which the board adjourned until 2 o'clock today, when the newly appointed officers will take the oath of office and file their respective bonds in accordance with a territorial law on the subject.

Who They Are.

Messrs. E. A. Miera, Ignacio Gutierrez and Esquipo Baca are the board of county commissioners and all good business men. Mr. Miera resides at Cuba in the Nacimiento country, and is one of the most extensive sheep raisers in New Mexico. He is also in the general merchandise business. It is understood, owing to his personal business affairs, he will resign as commissioner and ask the governor to appoint as his successor a gentleman from his district. Mr. Gutierrez is in business at Sandoval, and is prosperous. Mr. Baca, who is the chairman of the board, is a well-known merchant, stock raiser and farmer of Pena Blanca. These three gentlemen have held positions of trust in Bernalillo county.

Nicholas de la O, the probate judge, is a well-known ranchman and stockman of Pena Blanca. He is a man of family and is quite well to do.

O. P. Hovey, who will fill the position of probate clerk of the new county, is from Algodones. He is a school teacher with an excellent record, and was one of the translators of the house of the late territorial legislature.

Mannuel Baca, the collector and treasurer, is a merchant of Pena Blanca. He will prove an excellent officer of the new county.

The sheriff of Sandoval county is Alfredo M. Sandoval, son of Hon. J. M. Sandoval. He is a young gentleman with friends innumerable, and they predict that he will make a good peace officer.

V. S. Miera is the assessor of the new county, and he is as well known on this side of the line as in his own county of Sandoval. He is a sheep raiser and buyer, and is familiar with everything and everybody in the county where he will preside as the assessor.

J. B. Archuleta of Pena (Jemez Hot Springs) is the county school superintendent. He is a property owner and has taught school at the Springs for a number of years.

There are fifteen precincts in the new county—Bernalillo, Las Placitas, Algodones, Bland, Jemez, San Isidro, La Jara, Copper City, Gonzalitos, La Tijeras, Guadalupe, Casa Salazar and Sandoval.

The Citizen representative, who attended the meeting at Sandoval yesterday, is under obligations to Isidro Sandoval for the drive to that town and back to Albuquerque.

LOCAL PARAGRAPHS

Assessor Albright has appointed Jesus Garcia deputy assessor.

Roy Strong returned this morning from a four days' visit at Los Lunas. W. B. Morgan left yesterday on the Jemez Springs stage for the Sulphurs for a little rest.

Postoffice Inspector Smithers arrived from the south last night and went west on the flyer this morning.

Mrs. Twelvrees is here from Kansas, on a visit to her mother, Mrs. Knapp, and sister, Mrs. M. W. Flournoy.

United States Attorney W. B. Childers returned this morning from El Paso, where he has been the past week.

Andrew Axelson, representing the Whitson Music company, left for Winslow this forenoon on the California Limited.

Reserve Thursday night for the social at the Baptist church. Fine musical and literary program is promised.

Mrs. Fred Marshall, of Las Vegas, who has been spending some time here visiting Mrs. J. C. Marshall, returned home yesterday.

The committee is out today collecting the third installment of subscriptions to the Albuquerque Eastern railway and American Lumber company sites.

The Ladies' Whist club met with Mrs. J. E. Saint, West Gold avenue, Monday afternoon. About thirty members were present and the affair proved a pleasant one.

Mrs. L. Blackman and Miss M. E. Strong, pleasant people of Chicago, who wintered in Albuquerque and went to Chicago ten days ago on account of sickness, returned to the city this morning.

Mrs. S. J. Averill and daughter, Mrs. George Shade, left this morning for Dodge City, Kas., where they go to attend the funeral services of a son and brother. They will be absent from the city several days.

Tom Naves and wife, of Washington, D. C.; Mrs. Cheatham, Dr. Williams and Fred Nichols, guests of the Alvarado, are spending the day at Isleta. The ladies went down in a buggy and the gentlemen rode down on horses.

John S. Charlton, special field agent for the United States department of agriculture, with office at Denver, was here yesterday. He went to Las Vegas last night to attend the meeting of the territorial cattle sanitary board, in session there.

Adjutant General W. H. Whiteman, of the territory of New Mexico, is here from Roswell, where he inspected the territorial military institute located there. He is here for the purpose of selecting a site for the Albuquerque armory, for which an appropriation of \$7,500 was made by the recent legislative assembly.

Son of Wealthy Hotel Owner Here.

George O. Beal, representing Gerson, Sellman & Co., distillers, with wholesale houses at Cincinnati, Chicago and New York, is in the city on business, which possibly might culminate in the establishing of a new business house in Albuquerque. Mr. Beal arrived Saturday night and will remain until tomorrow, when he will continue south to El Paso. He expressed himself well pleased with the business aspect of the city and no doubt will recommend it to his house as the business center of New Mexico and Arizona. He is a sprightly appearing young man with seeming business ability. His headquarters are at Colorado Springs, where a couple of years ago he was happily married to the daughter of J. A. Himebaugh, the wealthy owner of the Alamo and Spalding hotels, popular summer houses of Colorado. He says there is a young man at home who calls himself George Himebaugh.

Beal, who will represent the next generation of that branch of the Beal family.

The Albuquerque Barbers.

Editors Citizen.

Tomorrow, April 1, the tonsorialists of this city will add a little to the old scale of prices. This is due to the organizing of the journeymen barbers into the Journeymen Barbers' International union of North America on March 4, 1903.

The patrons of the numerous shops are in sympathy with the barbers for advancing the price of shaving on Sunday and holidays from 15 cents to 25 cents, for it will be considered justice for them to obtain more money for their services on a holiday or Sunday when other laborers and business men are free from Sunday slavery.

The union not only equalizes the prices and hours of shops but provides an indemnity for those who take sick and pays the funeral expenses for the brothers who die.

R. B. H.

Children's Party.

Miss Violetta Erbes, of Missoula, Mont., was a guest of honor at a nicely arranged afternoon party yesterday, given by her cousin, Miss Clara Hopping, daughter of Mr. and Mrs. C. B. Hopping, who she is visiting. Games and refreshments furnished amusement for the little folks several hours. Those present were: Violetta Erbes, Hazel Garrison, Doris Klint, Chester Hopping, Persis Bryce, Rebecca Abraham, Myra Hopping, Margaret Farr, Beatrice Hill, Marion Hopping, Mildred Keogh, Clara Hopping.

CLASSIFIED ADS.

ARIZONA TOWNS

HOLEROOK.

From the Argus.

Eugene Kempenich, of Peralta, N. M., came in Thursday and is visiting his brother, Harry.

This section of the country was visited by a fine rain Wednesday. This means plenty of good grass this spring and the stockmen are already wearing broad smiles.

Ernest Hall returned from Apache county last week. He was arrested at Concho for selling sewing machines. He demanded a trial by jury and was acquitted.

Among the important cases decided by the territorial supreme court recently was that of the United States vs. Dent, which came from Prescott on appeal. The question was the right to range sheep on forest reserves. Dent, of Coconino county, who is a large sheep owner in that country, was arrested, tried and convicted under the act. He appealed to the supreme court of the territory and Chief Justice Kent held that Attorney Doe was correct in his conclusions that the law was unconstitutional, and reversed Judge Sloan in the lower court. The decision is one of great importance to the sheep men of northern Arizona, as now the government authorities are prohibited from proceeding against them.

A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I run down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." B. H. Briggs & Co.; S. Vann & Son.

WINSLOW.

From the Mail.

Permits have been granted for the grazing of 100,000 head of sheep on the San Francisco forest reserve during the present season.

Rev. William Sloan, recently pastor of the Presbyterian church in Chloride, Ariz., has been holding a series of meetings in the Presbyterian church this week.

The recent rains and snow have caused a number of washouts on the Arizona Central railroad, and a consequent lack of logs for the mills of the Arizona Lumber and Timber company's mills.

Babbitt Bros. have opened the old "Pickler" store in Bellemont, T. J. Ross being placed in charge. The work of rebuilding the Santa Fe tie picking plant is now going on. It will take about sixty days to complete the work.

A small fire occurred in the residence of Harry Jacoby on Monday night. The damage was principally to the piano, which was practically ruined and to the curtains and carpet. The fire is supposed to be the work of an incendiary.

F. B. Jacobs arrived from Phoenix Thursday and will complete the surveys in the forest reserve which were unfinished last year on account of the deep snows preventing work. He will complete his contract east of Sunset mountain first, which will take him three weeks.

A movement is on foot for an excursion from this place to the Grand Canyon on May 6, the date of the visit of President Roosevelt to the canyon. It is expected that a special train will be run on that day to the canyon and return, and that a special rate will be given by the Santa Fe for the occasion.

The sheep corral and shearing pens at Ash Fork were destroyed by fire on Tuesday night. The loss will be temporary inconvenience to sheep men who intended to shear their bands at that place. The corral and pens belonged to J. A. Pitts and the loss is

FORCE
MAKES GOOD LIVING EASY

OFFICIAL MATTERS.

A postoffice has been established at Felix, Chaves county, to be served from Elk, twelve miles south.

Traveling Auditor's Office.

The room adjoining the territorial treasurer's office and which is used by the territorial board of equalization for its meetings, has been selected by Charles V. Safford as his office traveling auditor.

Notaries Appointed.

Governor Otero has appointed the following notaries public: Placido Baca y Baca, Santa Rosa, Leonard Wood county; Samuel P. Morrison, Cuervo, Leonard Wood county.

Journals Filed.

The complete journals of both the council and house were filed with Territorial Secretary Reynolds by Chief Clerk W. E. Martin, of the council, and Chief Clerk Chas. V. Safford, of the house. Both are very large and voluminous works and are larger than the journals of previous sessions. They are typewritten and the work is well and neatly done.

Land Office Business.

The following homestead entry has been made: Antonio Jose C. Martinez, Cuervo, 160 acres in Leonard Wood county.

The following final homestead entry has been made: Gregorio Espinosa, Santa Rosa, 160 acres, Leonard Wood county.

Delegates Appointed.

Governor Otero has appointed the following delegates to represent New Mexico at the national and international good roads convention to be held at St. Louis on April 27, 28 and 29: Granville Pendleton, of Aztec; M. W. Browne, East Las Vegas; Grant Rivenburg, Santa Fe; Mark Howell, Roswell; R. L. Powell, Silver City.

Office Selected.

The room on the first floor of the capitol at the northeast corner of the building has been assigned to Page B. Otero for office use as game and fish commissioner. The room during the session of the legislative assembly was occupied by the journal clerks of the council.

Bernalillo County Assessors.

There was a report through the capitol at Santa Fe yesterday that the two assessors of Bernalillo county are waiting to see which one will be recognized by the territorial auditor in sending supplies. Auditor Sargent was not in Santa Fe, but it was the consensus of opinion among the other officers that it is not his place to recognize either assessor as an individual, and that when supplies are sent down, if the present situation still exists, the supplies will be sent to "the assessor of Bernalillo county, care the court house."

Incorporations.

The American Lumber company has designated Albuquerque as its New Mexico office and Ira B. Bennett as agent for service.

The Colorado Copper company was incorporated with a capital stock of \$1,000,000. The incorporators are Charles C. Cotton, Frank Ackerman and Charles H. Nance. The company is authorized to purchase, acquire and lease mining lands and erect buildings necessary to carry on a mining business. The term of existence is fifty years. The directors are Charles H. Nance, Frank Ackerman and Charles C. Cotton, of New Mexico; E. L. McLaughlin, of Prescott, Arizona; and Sherman T. Kimball, of Chicago. The headquarters are at Albuquerque. The first meeting of the stockholders will be held at the office of Frank Ackerman in the Grant building, Albuquerque, at 7 p. m., on April 11.

The Blue Rapids Mining and Milling company has filed a certificate that at the annual meeting of stockholders held in Blue Rapids, Kansas, the capital stock was increased from \$100,000 to \$300,000 and the par value of each share of stock was reduced from \$25 per share to ten cents per share. Of the stock 1,500,000 shares are reserved as treasury stock for sale to raise money for operation and 1,500,000 shares were distributed pro rata among share holders. The company has no debts and property and assets of \$12,502.80.

TOOK THE DARE.

Drunken Cowboy Shoots Hat Off of an El Paso Man.

Isidor F. Harris, the jolly heavy-weight representative of the Early Times Distillery company, who has been spending several days in the city resting up after a jaunt over the southern part of the territory, left this morning for Santa Fe. Mr. Harris was a guest of the Sheldon hotel at El Paso a few days ago and got from Mr. Fisher, the proprietor of that hostelry, the story of how Mr. Fisher had his hat shot off a few weeks ago by a drunken cowboy.

The cowboy was a Fort Worth man and was attending the cattle growers convention and using his influence to take the next meeting of the convention back to Fort Worth. He said to Mr. Fisher, "I would like to shoot somebody's hat off."

Fisher raised his hat as a banter and before he knew it, a pistol ball passed through it and into a \$90 mirror. Mr. Fisher conceded to the cowboy that he was a good marksman and agreed to use his influence in sending the convention to Fort Worth next year.

Miss Alice Bailey, of Atlanta, Ga., tells how she was permanently cured of inflammation of the ovaries, and escaped the surgeon's knife, by the use of Lydia E. Pinkham's Vegetable Compound.

The universal indications of the approach of woman's great enemy, inflammation and disease of the ovaries, are a dull throbbing pain, accompanied by a sense of tenderness and heat low down in the side, with occasional shooting pains. On examination it may be found that the region of pain will show some swelling. This is the first stage of inflammation of the ovaries.

"DEAR MRS. PINKHAM:—I wish to express my gratitude for the restored health and happiness Lydia E. Pinkham's Vegetable Compound has brought into my life. "I had suffered for three years with terrible pains at the time of menstruation, and did not know what the trouble was until the doctor pronounced it inflammation of the ovaries, and proposed an operation. "I felt so weak and sick that I felt sure that I could not survive the ordeal, and so I told him that I would not undergo it. The following week I read an advertisement in the paper of your Vegetable Compound in such an emergency, and so I decided to try it. Great was my joy to find that I actually improved after taking two bottles, so I kept taking it for ten weeks, and at the end of that time I was cured. I had gained eighteen pounds and was in excellent health, and am now.

"You surely deserve great success, and you have my very best wishes."—Miss ALICE BAILEY, 50 North Boulevard, Atlanta, Ga.

Another woman saved from a surgical operation by Lydia E. Pinkham's Vegetable Compound. Read what she says:—

"DEAR MRS. PINKHAM:—I cannot thank you enough for what your Vegetable Compound has done for me. If it had not been for your medicine, I think I would have died. "I will tell you how I suffered. I could hardly walk, was unable to sleep or eat. Menstruation was irregular. At last I had to stay in my bed, and flowed so badly that they sent for a doctor, who said I had inflammation of the ovaries, and must go through an operation, as no medicine could help me, but I could not do that.

"I received a little book of yours, and after reading it, I concluded to try Lydia E. Pinkham's Vegetable Compound, and I am now a well woman. I shall praise your medicine as long as I live, and also recommend the same to anyone suffering as I was."—MRS. MINNIE OTTOSON, Otho, Iowa.

All sick women would be wise if they would take Lydia E. Pinkham's Vegetable Compound and be well.

80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

DEMING.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and catmen all know this. Deming, the coming city of New Mexico.

Deming has a magnificent school system. Deming, the railroad center of New Mexico. Deming, the gateway to the best part of Old Mexico. Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest. Deming! Don't overlook it if you are looking for a safe and paying investment. Deming water is chemically pure—equal to Polan springs. Deming has increased 50 per cent in population in four years.

Deming water and pure ozone make strong and healthy people. Investments in Deming lots will double and treble in one year.

Deming has now a large ice plant and electric light system under contract. In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens. Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds. Deming offers the same opportunities as that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Mrs. Bamum, at her parlors, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, de hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bamum's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder, which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. Automatic telephone 490.

NEW MEXICO TOWNS.

FARMINGTON.

From the Hustler.

Will Rafferty has gone to Aztec to complete several building contracts he has there.

The San Juan Stores' meat market has over eighty tons on ice in storage for the summer.

T. P. Arrington and Frank and Jay Fulcher will burn a kiln of 300,000 brick next month.

There are probably 200 Navajos employed on ditch work in the vicinity of Fruitland and Farmington.

Judge McFie has decided upon holding a spring term of the district court at Aztec, beginning on Monday, April 20.

John Wetherill, of Ojo Alamo, has just secured one of the finest German town blankets ever brought in by an Indian. The blanket is of the original Loomis pattern, weight nineteen and a quarter pounds and is valued at \$150.

Agent Shoemaker is putting large numbers of Navajos to work on the new government canal. It is only a question of a short time until the Indians will feel the relief. They are paid at the rate of \$1 per day, pay day on the first of each month.

Joe Wilkin, of Little Water, brought in some fine Navajo jewelry Monday, which he disposed of to parties departing for the east. He also has a team fork said to have been used by a squaw thirty-five years ago, when the Navajos were in captivity at Fort Sumner, N. M.

Foley's Kidney Cure makes the kidneys and bladder right. Contains nothing injurious. Alvarado Pharmacy.

TUCUMCARI.

From Quay County Democrat.

Several carloads of material has been unloaded here the past few days for the contractors of the Choctaw

grading camps. Camps will be established and dirt begin to fly in a few days.

The telephone company expects to have the line completed to Daltah within thirty days.

The remains of Kenneth Woodward, one of the victims of Monday night's unfortunate affair, were shipped on Tuesday to Quanah, Texas, his former home. Hoffman and Curley were buried here.

The new bank building is beginning to show some of its architectural beauty. If the weather remains good Lamar & Amis, the contractors, will soon complete the work. When completed Main street will begin to put on city airs.

The Goldenberg building, under the management of Mr. Young, the wood contractor, is rapidly nearing completion, and when completed will be an imposing and attractive building. Mr. Lawson completed the stone work some days ago.

Tucumcari mountain is a stately land mark, as she stands three miles south of town, looking down in all her majesty upon Tucumcari and the surrounding country. It can be seen many miles from every direction, and is an object of much interest to all new comers, who, on the first opportunity climb its rugged heights, and gaze in wonder and admiration down upon Tucumcari and the valley spread out beneath them like a beautiful painting. The Rock Island and Dawson railroads, and the line of survey of the Choctaw can be traced for many miles, with flocks and herds in the distance makes an impression not soon forgotten.

After La Grippe—What? Usually a hacking cough and a general feeling of weakness, often leading to fatal results after the patient is supposed to have passed the danger point. Foley's Honey and Tar is guaranteed to cure the "grippe cough" and make you strong and well. It never fails to stop a cough if taken in time. Take no substitutes. Alvarado Pharmacy.

SOCORRO.

From the Chieftain.

There was a heavy fall of snow in the Magdalena Wednesday.

Socorro's park already begins to show decided evidence that under the management of Dr. Kittrell it will soon be made once more an ornament to the city.

A large volume of water is already passing down the Rio Grande at Socorro. When warm weather comes on in earnest and the heavy snows in the mountains of the north melt rapidly, as they are sure to do, there will be a flood down here the like of which has not been seen for years.

District Attorney A. A. Sedillo came home the first of the week from Santa Fe, where he had acted as one of the official interpreters of the general assembly. He at once entered upon the duties of the office of district attorney for Socorro county, to which he was appointed by Governor Otero.

Tragedy Averted.

"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for consumption, and our darling was saved. He's now sound, and well." Everybody ought to know, it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by all druggists. Price 50c and \$1.00. Trial bottles free.

Precinct No. 34—Chillili, Adolfo Salas, April 14.
Precinct No. 12-26—Albuquerque, of five of F. H. Kent, April 9.
GEO. F. ALBRIGHT, Assessor for Bernalillo County.

Assessor's Notice.

Notice is hereby given that the undersigned, assessor of Bernalillo county, has for the convenience of tax payers, opened an office at Room 11, Armijo Building, Third and Railroad avenue, over B. Iffeld & Co., in the city of Albuquerque, where returns of tax payers will be received until further notice.

It is made the imperative duty of the assessor to assess a penalty against all tax payers who fail to return their property for taxation and these requirements of the Statute will be enforced against all persons who fail to make their returns to the undersigned within the period required by law.

The assessor or a deputy will be in constant attendance at the place designated above—from 8 o'clock a. m. until 6 o'clock p. m., each business day for the purpose of receiving returns.

J. M. SANDOVAL, Assessor Bernalillo County.

Notice of Forfeiture.

Territory of Arizona, County of Cochise, ss.

To M. J. Sherlock, his heirs and assigns:

You are hereby notified that I have expended one hundred dollars (\$100.00) in labor and improvements upon the "Aunt Betsy" Mining Claim, situate in Peralta Canon, Cochiti District, Bernalillo Co., New Mexico, as will appear by certificate filed February 8, 1896, in the office of the recorder of said County, in order to hold said premises under the provisions of section 2324 Revised Statutes of the United States, being the amount required to hold the same for the year ending December 31, 1902.

And if within ninety days from the serving of this notice, you fail or refuse to contribute your proportion of such expenditure, together with the cost of this publication, as a co-owner, your interest in the said claim will become the property of the subscriber under said section 2324.

Dated March 19th, 1903.

ALEX CONRAD, Signature.

W. V. WOVIN, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, Grant block. Bell phones.

JUDICIAL DECISION.

Injunction on the Wabash Trainmen of Interest to Labor People.

St. Louis, March 31.—In the United States circuit court today Judge Adams announced that he will tomorrow hand down his decision in the Wabash injunction case. He ordered all parties to the case to be notified. Judge Adams, on the application of the Wabash road, granted a most sweeping temporary injunction on March 6 restraining the officers of the Brotherhood of Locomotive Firemen and Railway Trainmen and other labor leaders from influencing the men or ordering a strike on the Wabash system. This was acquiesced in by the officials of the brotherhoods, whose attorneys asked for a dissolution of the injunction. Arguments on the motion were heard two weeks ago by Judge Adams, whose decision in the case is looked for with interest by railroad officials and labor leaders throughout the country.

NOT SETTLED.

The Labor Troubles in Colorado Have Gloomy Look.

Colorado Springs, March 31.—After a brief conference, lasting but half an hour this morning between President Charles Moyer, of the Western Federation of Labor, and C. M. McNeill, general manager of the United States Reduction and Refining company, an adjournment was taken until 5 o'clock this afternoon. In the meantime the advisory committee appointed by Governor Peabody went to Colorado Springs and spent the day taking testimony from the striking mill men at that point. This latter action is construed as meaning that peace negotiations are off for some time to come at least. The outlook in mining circles is regarded as gloomy.

Hash Houses Closed.

Denver, March 31.—The strike of the cooks and waiters is assuming a more serious aspect and today seventy-four restaurants are closed. Unless an early agreement is reached the butchers, bakers and grocery clerks will join the strike. This would close every restaurant in the city and prevent even families from receiving supplies. Also there is prospect that the bartenders will strike, and thus shut off free lunches. The chances of settlement without further spread of the strike seem slight today.

Deserved Promotion.

New York, March 31.—J. C. Barclay, electrical engineer of the Western Union Telegraph company, has been appointed assistant general manager of that company, entering upon the duties of the newly created office April 1. Mr. Barclay has been employed by the company for the last twenty-five years, his first duties being those of a messenger boy.

Stratton Will Case.

Colorado Springs, March 31.—Harry Stratton's fight for his father's millions commenced in earnest today with the taking up of the task of selecting the jury. This will consume a week, when the taking of testimony will commence.

Cuban Treaty.

Washington, March 31.—Ratifications of the Cuban reciprocity treaty were exchanged by Secretary Hay and Minister Quesada at 10 o'clock this morning at the state department. The treaty will not be proclaimed until the United States congress acts upon it.

Two Good Appointments.

Washington, March 31.—The president has appointed the following postmasters:

Colorado—Durango, G. N. Raymond. New Mexico—Las Vegas, Fred O. Blood.

Postoffice Controversy Ended.

Washington, March 31.—A controversy that has been before the postoffice department for six years was

LAZY LIVER

"I find Cascarets so good that I would not be without them. I was troubled a great deal with torpid liver and headache. Now since taking Cascarets Candy Cathartic I feel very much better. I shall certainly recommend them to my friends as the best medicine I have ever seen." Anna Bartlett, Osborn Hill No. 2, Fall River, Mass.

Pleasant, Palatable, Pures, Taste Good, Do Good, Never Sickens, Weakens or Grips, No Stool, No Ever sold in bulk. The genuine tablet stamped C. C. Guaranteed to cure or your money back. Sterling Remedy Co., Chicago or N.Y. for ANNUAL SALE, TEN MILLION BOXES

ended today by the appointment of Fred O. Blood to be postmaster at Las Vegas, N. M. An order was simultaneously made discontinuing the old Las Vegas office, changing the name of the East Las Vegas office to Las Vegas and extending the free delivery service over the territory now supplied by the old town, formerly supplied by the Las Vegas office. The change will take effect tomorrow.

Wool Market.

Boston, March 31.—Wool is very quiet with prices somewhat weak. Territory wools are quoted as follows: Fine staple, 52¢@55¢; fine, 52¢@53¢; fine medium, 48¢@50¢; medium, 45¢@46¢. Fleece wools are in fair demand with offerings small.

LOST AND FOUND.

The Experience of Brakeman Connelly in the Faywood Mountains.

J. T. Connelly, a brakeman on the Santa Fe Pacific, who was at the Faywood hot springs being boiled out for the rheumatism, has returned to the city, and he announces himself in pretty good condition. He says last Friday he drove a young lady from the springs to her home at Swartz, on the Mimbre, and returned to the springs Saturday. The trip to the springs was made as smoothly as possible, as the young lady herself was familiar with the road, but coming back, with no one to act as guide, he was lost for several hours, and for a time thought he would have to remain out all night and fight coyotes. However, the horse took a notion in his head that the driver was out of his mind, and took the right road to the springs himself. The joke was on him, and for fear that Dr. Connor, J. H. Tracey and others at the resort would tease him about the trip Connelly did not let out the joke until he reached Albuquerque.
