CONDITIONS ARE ON THE MEND IN UNITED STATES. SURVEY REVEALS

Loadings of Railroad Cars with Revenue Freight Show Further Gains, Both Coal and Merchandise

DANGER OF A FUEL CRISIS HAS PASSED

Further Strong Rise Is Scored by Cotton; Wheat Prices Maintain Most of Their Recent Gains

New York, Nov. 12 (By the Associated Press)—Continuation of the persistent improvement in industrial conditions is indicated by the various business and financial indices which became available during the past week.

Loadings of railroad cars with revenue freight show further gains, both in coal and general merchandise.

Soft coal production has been established at a level of approximately 10,700,000 tons a week and the whole fuel situation is growing distinctly easier.

Meanwhile it is evident that the better coal and transportation situations have been of distinct help to the steel industry.

Production of both pig iron and steel exceeded that in any month in the last two years and the country's steel plants are now working at more, rather than less, than 75 per cent of capacity.

Despite the heavy rate of output and shipments during the month, the steel corporation's unfilled orders increased by slightly more than 100,000 tons.

Confirmation of the many extensions of active railroads found in the money rates and bank reports.

Active Fall Trade. Confirmation of the many extensions of active railroads found in the money rates and bank reports.

As far as agricultural products are concerned, the feature of the past week has been a further strong rise in cotton.

Wheat prices have sagged back somewhat from their late high, but have retained the greater part of their recent gains.

Relief From Severe Shortage of Money is Promised by Railroads

Helena, Mont., Nov. 12.—Relief from the severe car shortage under which Montana shippers are suffering will soon be available, according to a telegram from the Montana railroad commission.

The University of Southern California improved its chances for meeting Penn State at Pasadena by defeating Stanford, 6 to 0.

San Francisco, Nov. 12 (By the Associated Press)—The defeat of the University of Washington at Seattle yesterday practically clinched the Pacific coast conference football title for University of California for the third successive year.

Despite the fact Andy Smith's men outlasted in a 45 to 7 game yesterday, the Washington Huskies are still in second place in the conference standings.

MARINE SUBSIDY MESSENGER'S FATE STILL IN DOUBT

Signs of Growing Opposition to the Bill, Especially in the Senate, Reported to Be Not Lacking

Washington, Nov. 12.—Ship subsidy, so far as the house is concerned, will form the backbone of the legislative program for the extra session of congress called for November 20 by President Harding.

As the program is being developed in conference here among republican leaders, the president is expected to address congress at a joint session Tuesday, November 21, or to send a message urging speed with the subsidy and supply bills in order to avoid, if possible, an extra session of the new congress next spring.

As to the fate of the ship subsidy bill increased as members returned after the elections. Signs of growing opposition to the measure, especially in the senate, were not lacking.

Many democrats and some republicans are expected to oppose the bill privately that the bill will not get through the senate by March 4.

Republican leaders are preparing to put pressure behind the appropriation bills to clean them up by March 4.

Several investigations, adjourned over election, are to be resumed, including the senate inquiry into gasoline and oil prices.

Personal credit proposals of Senator Miller, republican, Minnesota, against Attorney General Daugherty are on the house judiciary committee calendar for these bills.

Farm Credit Legislation. A start on farm credit legislation is to be made by the farm bloc during the short session.

SECOND STRIKE OF SHOPMEN'S NOW PROPOSED

Letter Being Circulated Which Calls for All Union Men Now in Santa Fe Shops to Walk Out Nov. 15

Another strike of railroad shop mechanics has been called. According to a letter now being circulated, the call is for the second walkout to take place at 10 a. m. next Wednesday, November 15.

The authenticity of the letter is vouched for by union men of unquestionable integrity.

At the time the last strike was called all of the union men in the shops did not respond to the call.

Some remained at work and since then some others have returned to work. It is these men who are now asked to walk out Wednesday morning.

According to union men, the letter originated amongst those union men themselves—that is those who remained at work on the last strike.

These workers have come to see their failure of union fealty, now wish to make amends and propose to join in the strike in the belief that it is the best method they can follow.

According to union men the second strike is assured and it will include practically all members of the shopmen's union now at work in Albuquerque.

These workers have come to see their failure of union fealty, now wish to make amends and propose to join in the strike in the belief that it is the best method they can follow.

Blackmail Queen, Finally Taken Reveals Ring of Women Lures

Ethel Whelan and (insert) Blanche Paul.

(By Central Press) Boston, Mass., Nov. 12.—Eleanor M. Barnes, termed the "Queen Bee of the Blackmailers," is leading state authorities to the hive of the greatest ring of extortioners Massachusetts has ever known.

Allen claims that the pretty twenty-two-year-old girl has revealed all the secrets of the ring.

Arrested on a charge of bigamy, she jumped bail, attempted suicide and then after being recaptured, fled, at the instance of her attorney, to make a clean breast of her activities which extended from New England to Chicago.

Allen claims that the pretty twenty-two-year-old girl has revealed all the secrets of the ring.

GREAT BRITAIN IS STRIVING TO HOLD MADDENED TURKS IN LEASH

Constantinople May Be Likened to a Vast Powder Magazine Which May be Ignited Most Any Time

Constantinople, Nov. 12 (By the Associated Press)—Constantinople may be likened to a vast powder magazine, which the British are striving, in the face of growing difficulties to keep from igniting.

General Harrington is urging the home government to hasten the peace conference as the best means of avoiding an open rupture.

He believes that if the Turks can be held in leash until the League of Nations begins, the danger of hostilities will be averted.

The exhausted patience and moderation of General Harrington in view of what is held to be the unworkable situation in the Balkans has excited the admiration of Americans and other observers.

In their earnest desire for peace the British are conceding every possible demand for the Turkish side.

Harif Pasha, the nationalistic governor, now has an equal voice in all matters relating to security and order in the city.

In spite of repeated and persistent reports circulated in Europe and America that the sultan has abdicated, the head of the modern world remains in the Yildiz Palace.

SENATOR McCORMICK WOULD NOT ASSIGN COMMITTEE CHAIRMANSHIPS TO MEMBERS WITH LONGEST SERVICE

Washington, Nov. 12.—Abolition of the senate's seniority rule by which the chairmanship of the committee goes to the member with the longest continuous service, is suggested by Senator McCormick, chairman of the republican senatorial committee.

The senator also stated that the steering committee, of which McCormick is a member, has made representatives of all sections and thought on the republican side.

McCormick declared that the "seniority rule" is "a very old-fashioned rule" and has "led to the appointment of good chairmen."

1,000 DEAD IN EARTHQUAKE AND THOUSANDS ARE WITHOUT HOMES

Chile's Catastrophe Is Greater than First Reported, According to Advice Reaching Santiago

Santiago, Chile, Nov. 12 (By the Associated Press)—While partial re-establishment of communication, Chile's earthquake catastrophe is in greater magnitude than first reported.

It is estimated that at least 1,000 are dead, and many thousands are in distress, needing food and shelter.

In addition to heavy casualties of dead and injured at Copiapo and Coquimbo, it was reported today that 500 were killed.

Valparaiso was virtually destroyed and the survivors are in a condition. It seems as if there have been casualties in towns and villages around the south coast.

It is contemplated that this timber will be handled with an oil burning engine to operate the mill and is the largest block which has been released to be cut in this manner.

FUAD I, KING OF EGYPT, WELCOMES FIRST AMERICAN MINISTER TO CAIRO

Dr. J. Morton Howell and King Fuad of Egypt. Dr. J. Morton Howell, Dayton, O., was warmly greeted by King Fuad of Egypt when he was presented to the court at Cairo as the first American minister to Egypt.

government's passing on the eligibility of prospective immigrants before they leave their homes overseas.

The labor secretary has prepared a bill embodying his views which congress will be asked to consider when it reconvenes.

Under this bill every foreigner applying for permission to come to the United States would be required to submit to tests that will show that his life is free from all taint...

When wages of steel workers were voluntarily raised just at the time wages in other industries were generally being reduced...

Only a few days ago it was reported from Pittsburgh that another increase of 10 per cent would be given common labor.

In view of all this it is apparent that congress will be pressed with demands to ease up on immigration restrictions.

It is admitted that the 3 per cent law was essentially a measure to check this "tide of aliens" arbitrarily pending the development of a permanent immigration policy...

FIRE SWEEPING OIL TANK FARM AT HUMBLE, TEX.

Lightning Causes the Blaze Which Is Spreading Over an Artificial Lake Formed by Heavy Rains

Houston, Tex., Nov. 12.—More than a million barrels of oil was doomed early tonight and indications were that a similar amount probably would be consumed in a spectacular fire sweeping the Gulf Production company tank farm at Humble.

Three enormous underground reservoirs, said to have a capacity of 400,000 barrels each, already were ablaze and the boiling inferno was spreading rapidly toward three other nearby pits.

Workers are handicapped in fighting the blaze, both from the heat and the condition of the field. Rains the last two or three days have almost flooded the section...

At 5:30 p. m. hope of saving any of the million barrels of oil immediately threatened, virtually was abandoned.

Officials of the Sun company which has 500,000 barrels of oil stored in the same vicinity, announced tonight that they believed loss could be prevented.

Blaze Shakes Houses. A woman living near the scene said that when the lightning struck a small cone of flame shot high into the air as if following the lightning.

TRIPLE TIE FOR FOOTBALL HONOR IS POSSIBILITY

Michigan, Chicago and Iowa Should All Emerge from the Race Victorious, According to Experts

Chicago, Nov. 12.—A triple tie for the western conference football championship between Michigan, Chicago and Iowa was the most prominent possibility on the football horizon tonight as a result of Illinois' 35-0 victory over the heretofore undefeated Wisconsin team yesterday.

Iowa passed another barrier in defeating Minnesota, 23 to 14, while Chicago was scoring a 14 to 9 victory over Ohio State. Michigan was idle but Northwestern won its first conference game in two years by defeating Purdue, 24 to 13, and Indiana lost, 35 to 0, to West Virginia, this being the only inter-sectional game of the day involving a conference team.

Iowa's chances at present appear better than those of either of her rivals for the Hawkeyes finished the hardest part of their schedule yesterday by defeating Minnesota, Ohio and Northwestern, two of the weaker Big Ten eleven, are the remaining barriers to Iowa's championship hopes. Chicago has yet to meet two dangerous opponents in Illinois and Wisconsin, while Michigan meets Wisconsin and Minnesota. On form to date the leaders should all emerge victorious although Chicago probably will be extended in both games and Michigan will find Wisconsin a dangerous rival.

Wisconsin, eliminated from the front rank, may finally decide the championship, for every team beaten by the Badgers from now on will eliminate a champion contender. The Cardinals will face Michigan at Ann Arbor next Saturday, Michigan having the advantage of two weeks rest and a thorough knowledge of the plays Illinois forced Wisconsin to uncover Saturday.

Chicago, which faces Illinois, will take no chances with the Indians although the Down state team is not a logical winner. The propensity of Zuppke's men to play good football against good teams, regardless of the caliber of Illinois material, will keep the Maroons on guard.

Judging by past performances, Iowa should have little difficulty in handling Ohio State at Columbus despite the good showing made by the Buckeyes against Chicago yesterday.

"Dope" Against Ohio. The "dope" is against the Buckeyes, based on Minnesota's 9-0 victory over Ohio and Iowa's 25-14 victory over Minnesota.

Northwestern will be the only other conference team to take the field Saturday and anticipates an easy victory over Monmouth. Outside the conference the most notable game of the day for the middle-western teams Saturday was Notre Dame's scoreless tie with Army.

Next Saturday Notre Dame will meet Butler at Indianapolis. Neither team has been defeated this season and both have conquered worthy foes, although Notre Dame again has the most enviable record and will rule a slight favorite. Conference standings including Saturday's games follow:

Team	Won	Lost	Tied
Chicago	3	0	0
Iowa	2	0	0
Michigan	2	0	0
Wisconsin	2	1	0
Minnesota	2	0	1
Illinois	2	0	0
Northwestern	1	0	0
Indiana	0	1	0
Ohio State	0	1	0
Purdue	0	1	0

THE FANNING HIVE

BY NORMAN E. BROWN.

Back in 1912

A husky young Swede, George Dahlgren,

Drew attention by his remarkable work at fullback on the Eschall college eleven. He was placed on the all-Wisconsin eleven that year.

Not content with fame on the gridiron, he went in for track and hung up a state record for the hammer throw. According to the dope at hand the record still stands unchallenged.

Then Dahlgren's college career was interrupted. When war came he jumped into the fray and saw a long period of service overseas.

Last year he returned to college—at the age of thirty-two—and proceeded to put on such a stellar game at guard that he was given honorable mention of several mythical elevens. This year he is still a star.

Page the proof who said "Youth will be served."

COMPULSORY VOTING LAW FAVORED TO GET PEOPLE TO THE POLLS

Lawrence, Kans., Nov. 12.—If the American people continue to be as indifferent toward their right of franchise as they have in the past, Prof. H. B. Chubb of the department of political science at the University of Kansas, declares he would advocate a law providing for compulsory voting patterned after that now in effect in some European countries.

"It is not only a privilege, but a duty for every citizen of voting age to exercise his prerogative," Prof. Chubb declared. "We claim we are a democracy, yet we are not exercising the great democratic principle if we do not take it upon ourselves to express a choice."

CUT THIS OUT—IT IS WORTH MONEY.

Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley's Kidney Pills for pains in sides and back; rheumatism, backache, kidney and bladder ailments; and Foley's Cathartic Tablets, a wholesome and thoroughly cleansing cathartic for constipation, biliousness, headaches, and sluggish bowels. Sold everywhere.—Adv.

BUSHNELL'S CARTOON MOVIES OF NEWS EVENTS IN EIGHT REELS

NEBRASKA LEADS IN MIDDLE-WEST FOOTBALL RACE

Two-thirds of the Season Is Over and the Cornhuskers Have Shown Themselves a Strong Team

Kansas City, Mo., Nov. 12.—Nebraska's victory over Kansas by a 25-10 score yesterday leaves them with almost a stranglehold on the Missouri Valley conference football championship this season. Two-thirds of the season is over and the Cornhuskers, both in victories won and the brand of football played, have shown themselves an aggregation to be feared by any school in the conference.

The Nebraska title is still technically disputed by the Kansas Aggies and by Drake. Neither of these teams has lost a game but the Drake eleven has not had a schedule that would test its mettle, as has Nebraska, nor have her victories been gained by the scores that were piled up by the Cornhuskers. The Kansas Aggies also remain undefeated, but two tie games cut considerably into their championship possibilities.

The only upset in the dope yesterday, and that was slight, was the victory of Oklahoma over Missouri. It was the Sooners' first victory and from past performances she was not rated to get the long end of the 13-10 count against the Tigers.

The Kansas Aggies were counted slightly ahead of Ames as the Iowa State collegers had met defeat at the hands of two other conference teams, but the 12-10 score was somewhat more lopsided than was expected.

Three all-conference games are on the program next Saturday. One of them, the Kansas Aggies-Nebraska struggle at Lincoln, will finally decide the leadership of two undefeated elevens. Should the Aggies pull out with a victory it would make them conference leaders, but this is considered unlikely by football followers. The Grinnell-Drake contest at Des Moines may eliminate Drake from the top of the percentage column, but otherwise will have little effect on the standing of the teams. Oklahoma and Ames are scheduled for a struggle at Ames to decide which shall go the farthest down the percentage table. Washington, the only team without a victory in the conference, is not scheduled for next Saturday.

Theaters Today

"B" Theater—Repeating today for the last time the Realart picture, "Nancy From Nowhere," with Bebe Daniels as the leading star; also repeating "The Blue Fox" episode and the pictures of "Current Events."

Lytic Theater—"Flower of the North," featuring Henry B. Walthall and Pauline Starke in the leading parts, is being repeated today for the last time; also repeating the comedy of two reels.

Pastime Theater—Repeating today the play, "John Smith," with Eugene O'Brien as the principal star; also repeating the "Fox News" pictures and the comedy with Harold Lloyd as the star.

VAMPIRE IS COMING IN A NEW DRESS TO PASTIME WEDNESDAY

William Fox's picturization of Rudyard Kipling's poem, "The Vampire," which comes to the Pastime theater Wednesday for a run of five days, under the title "A Fool There Was," was the subject of one of the first productions which helped to bring fame to the screen.

What a might have been a good photo-dramatization of Kipling's poem then would probably suffer by comparison with a more modern production of the same thing; and the producer's indebtedness to "The Vampire" has not as yet languished or turned to ingratitude to permit it.

With a more recent adaptation

and scenario by Bernard McConville from the stage play by Porter Emerson Browne, and more skilled direction at the hands of Emmett J. Flynn, William Fox has now to offer a second filming of the story. Obviously, the cast is also a new one, comprising stars who, have in the past few seasons attracted considerable public attention, namely, Estelle Taylor, Irene Rich, Lewis Stone, Muriel Evans, Marjorie Ivan, Mahlon Hamilton, Wallace MacDonald, William V. Mong and Harry Lonsdale.

Admirers who have got into the way of thinking of her always as dashing Bebe Daniels, get a surprise when they see her in "Nancy From Nowhere," which is being repeated today at the "B" theater for the last time, for she has in this picture an entirely new kind of

role from anything she has done heretofore.

All the well known Daniels mischief and sparkle are subdued and the "good little bad girl" of the screen appears as a shy and wistful orphan, oppressed and represented by a pair of "low lives." She is none the less appealing, however, and her dark beauty is not marred by her raggedy costumes.

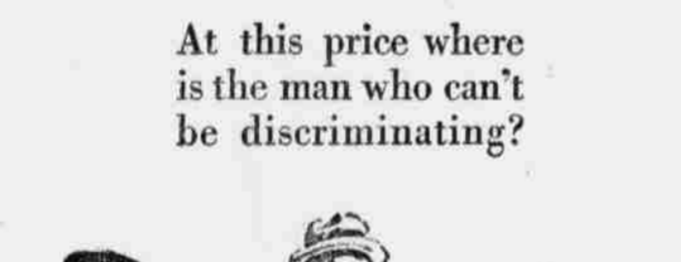

Numerous rumors emanating from Germany to the effect that that country is soon to produce an automobile tire that will revolutionize the industry have not yet evaporated and little credit is given the story by the big tire manufacturers.

Wind shield wipers may have their place but experienced motorists know that a little glycerine rubbed over the glass will keep rain, or even sleet and snow from too heavy, from obscuring the vision.

6 CUE ARTISTS BEGIN TOURNEY IN N. Y. TONIGHT

Three European and Three American Billiard Stars Are Entered in International Contest

New York, Nov. 12.—Six of the world's greatest exponents of 18.2 ball line billiards, three Americans and three Europeans, stars, are entered in the international professional championship tournament beginning tomorrow at Hotel Pennsylvania. The tourney will continue eight days and to the victor will go a cash prize of \$3,000 and 45 per cent of the net gate receipts, besides the trophy emblematic of the title.

Other contestants. The other contestants are Willis Hoppe, of New York, holder for more than a decade of the title, he lost last year at Chicago to Schafer; Welker Cochran, a native of Iowa, who finished third last year; Roger Conti, 21 years old champion of France, the only player to defeat Schafer in the 1921 tournament; and Edouard Horemans, Belgian champion.

Cochran will play the second match Tuesday afternoon and in the evening, Hoppe and Horemans are paired. Except for the opening day, two matches will be played daily. The games will be for 500 points, 100 more than prevailed last year.

Besides the prizes for first place, other awards are as follows: Second place, \$1,500 and 23 per cent of the net receipts; third place, \$1,000 and 15 per cent of receipts; fourth place, \$750 and 12 per cent of the receipts; fifth place, \$250 and four per cent of the receipts.

3 FOOTBALL TEAMS IN THE MOUNTAIN ZONE TIED FOR TOP PLACE

Denver, Nov. 12.—Denver University, the Colorado School of Mines and Utah University are in the lead for the Rocky Mountain football titles as the result of the D. U.-Mines 7 to 2 game played here in a blizzard Saturday. Neither team has been defeated this season. Utah University, also undefeated thus far this year, did not play. In other conference games Saturday Colorado College won from Colorado University, 15 to 3, and the Utah Aggies defeated Wyoming University, 24 to 0. The Colorado Aggies journeyed to Des Moines, Iowa, where they lost a non-conference battle, the Iowans winning 10 to 6. Both the D. U.-Mines game, here and the Colorado College-Colorado University game in Colorado Springs, were played with a blinding snow storm sweeping across the field. Despite this, however, Colorado College beat Colorado University by overhead football. In both games played in

Colorado numbered fingers and an ice-covered ball resulted in frequent fumbles.

Halide Edin Hanum, the famous Turkish poetess, will make a propaganda tour of England and the United States.

Princess Andrew of Russia has made quite a name for himself in England as a designer of dresses for both the stage and society.

See tomorrow's paper for news of the Star Furniture Company's clearance sale—it starts Wednesday the 16th. Big savings for everybody.

A STENOGRAPHER'S ROMANCE

BY JANE PHELPS

NELLIE AND GLADYS HELP COHA

Chapter 49.

Occasionally the three girls entertained in their little flat, but very simply, and always on a Saturday or Sunday night—if on a Saturday Cora was very strict about the time their guests left. She said to Nellie and Gladys, kindly but firmly:

"There shall be no breaking of the Sabbath when I live! I can pay that respect to my father, and to his calling."

Nellie, as usual, had her little joke:

"Cora's the bouncer, I'm the cook, and Gladys is the reception committee!" but in spite of their fun-making, both girls respected and loved Cora too well to go against her wishes. So always, at 11:30, their guests made preparations for departure.

These simple, infrequent gatherings were good for the girls, gave a bit of zest and spice to their lives, which otherwise would have become humdrum because of a sameness. Nellie's oatmeal cookies, either lemonade or coffee, some home made candy usually constituted the refreshments. And always there was the little lunch of flowers she purchased, and her gay spirits, to add to the occasion.

Cora now yielded to their wishes and often brought a bundle of work home, work that must be finished by the morning. They had one of the three would work all the evening, or Gladys and Nellie take turns.

"You are very good, but they aren't very considerate," Gladys said. "Sometimes I get awfully tired working without a word of appreciation, although I expect they think I ought to know if I didn't please them they wouldn't keep me. But I can't help thinking it wouldn't hurt if they would say something like that. I am just a machine with a pair of hands."

"I guess there aren't many men like Mr. George," Nellie said, and as they now often did, Cora and Gladys exchanged glances—Cora's anxious, little Nellie must not think too much of her. "Mr. George could only bring her unhappiness. Tomorrow—Gladys. Occasionally Shows Bitterness."

HEART AND HOME PROBLEMS

Dear Mrs. Thompson: I am a girl seventeen years old, and I am in love with a boy the same age. He tells me he loves me and makes love to me, but does not go with me. He goes with another girl all the time, and there is also another girl he says he loves. Do you think he loves me or not?

He isn't liked so very well by a great many people and my parents do not like him. There are other boys I could go with who are held very high, but I don't like them so well.

Please tell me if I should go on loving the first boy. He does not like to have me go with other boys. My friends say he makes love to me to keep other boys away.

PERPLEXED.

The boy is a gay deceiver. He enjoys making love to girls and says he goes about pretending to love them, while in reality he cares nothing except for the pleasure of kissing.

He does not love you and he does not respect you or he would take you places. Be too proud to accept such attentions from him: If you go on this way you will cheapen your reputation hopelessly and young men of a finer character will have no desire for your company. Girls should not spoon and when they do they have to pay the price in humiliation. My advice is to tell the young man that you do not care to see him again.

Dear Mrs. Thompson: I am a girl twenty years old. I have been going with a boy for another three years, but during this time we have been parted from each other three times and the last time it was for a year. We both moved away from this town and he, not knowing I had moved, sent me a letter and it was forwarded here. I wrote him and now we

RIPPLING RHYMES

MALIGNED

This world is quite as good a place as I have come across; and, too, the far far better than in the old days. We have a hopeless lot of scribbles who toll and toll away, to show all people and all tribes are sunk in slow decay. We have no true respect for Art, nor any views of a sort; we'd rather drive a spanned cart than hear a tenor sing. Our souls are sunk in real estate, in fox and other trots; instead of striving to be great, we deal in vacant lots. Our homes are lack artistic charm, and one is like

5 VICTIMS OF THE FIRE WERE BURIED AT SOCORRO SUNDAY

Socorro, N. M., Nov. 12.—Socorro today turned its attention to burying its dead. Julius Campredon, Henry Chambon, Henry Dreyfus, Jr., Jose Crespin and his son, Corneo Crespin, who perished in the fire which destroyed the large storage barn of the Chambon estate shortly after noon last Thursday. The funeral of Henry Chambon was held at 3 o'clock this forenoon at the Catholic church. The body was buried in the family lot in the Knights of Pythias cemetery. The pall bearers were school chums of the deceased.

At 10 o'clock the funeral of Julius Campredon was held at the Escondido Methodist church, the Rev. Irwin officiating at the church and the Knights of Pythias having charge at the grave. The

Archel, Washington.

A \$25 STYLE FOR \$7.00

Left-side closings, so popular for the winter season, will no doubt meet with approval from the women who have so reluctantly adopted the slip-on frocks in the past seasons. The slight cut-away of the skirt at the front of this model lends a new interest to the hemline by producing the popular drooping outline at the sides.

Canton faille with ribbon trimmings is a lovely possibility for this style. Crepe de Chine or serge would do well, too, and your new frock would cost a little less, say about \$7.00 figuring Crepe de Chine at \$1.50 per yard.

The pattern No. 1573 cuts in sizes 34, 36, 38, 40 and 42 inches bust measure. Size 36 requires 3 1/2 yards 40-inch material with 1 1/2 yards 16-inch wider or contrasting. Price 15c, stamps or coin (coin preferred).

Transfer Pattern No. 602—in blue only—15c extra.

Order patterns by number. Send all orders direct to Fashion Department, Albuquerque Morning Journal, 230 South Wells Street, Chicago, Illinois.

HOUSEHOLD SUGGESTIONS

Prevent Soggy Crust.

If the bottom crust of the fruit tart is rubbed with the white of an egg it will prevent the juice from soaking into it.

Hand Towels.

Paper hand towels are becoming very popular for kitchen use, from a sanitary as well as an economical standpoint.

Grass Stains.

Use clear cold water to remove grass stains from clothing and then rub firmly between the fingers. Soap is apt to set the stains.

Bottle Caps.

Place a small paper bag over the top of the milk bottle after removing the cap. This will keep out the dust and at the same time allow the air to get in.

A Button Saver.

The continual ripping off of buttons by the clothing wringer can be prevented by folding the button inside the garment and holding it flat as you run it through the wringer.

Old Linen.

Use the worn napkin or piece of old table cloth for a bag to hold lettuce leaves. The nicest and freshest lettuce is that which has been separated and washed and then put into a linen bag and placed directly upon the ice.

After-Dinner Tricks

35c

Find a Marked Cigarette Paper

A cigarette paper is taken from a packet of papers and is marked. It is then mixed in with the rest, and the performer, placing the papers beneath the table, immediately draws out the marked one.

Most cigarette papers are cut on the bias, that is, instead of the corners being square, they are at an angle. While the paper is being marked, the packet is secretly turned around, so when the paper is replaced two of its corners will protrude slightly. When it places the marked paper beneath the table, the performer feels for the protruding corners and draws out the marked paper.

Things Interesting and Helpful.

There are so many new and useful things invented for the home these days, that for the housewife who can afford them home making is less and less a drudgery. New and attractive cooking utensils of glass and aluminum replace the heavy iron things our mothers and grandmothers used, and although there are still people who declare that cookies baked as well in modern ranges as in the old wood or coal stoves and certain things must be cooked in the old fashioned heavy pots to acquire the right taste, few brides stock their kitchens with these old things that are so inherited. There are so many electrical things, washing machines, irons, sweeters, etc., etc., and still there are things that are needed to take the drudgery out of the servient home. Why cannot women invent some of these things? An immense field for the woman of a mechanical turn of mind is the development of the labor saving devices for the use

DOG HILL PARAGRAPHS

Yam Sims has been feeling the need of a new hat for some time, and is either going to get a brand new one at a store, or else swap for a second hand one the next time he cats at the Tickville Cafe.

Sidney Hooks took his fiddle over to the home of Isaac Helwanger Tuesday night and played before a room full of company. However, he was not at his best, as he had on his stiff-hoson shirt, and his fiddle skidded every time he tried to make a run.

Jefferson Potlocks has put window lights in all the front windows of his home, and it will seem right awkward until the children get used to going in and out of the doors.

FROM PARIS

1,500 MAROONED FOR HOURS IN MUD NEAR CEDAR RAPIDS, IA.

Cedar Rapids, Iowa, Nov. 12.—More than 1,500 persons were marooned for hours last night in the mud two miles east of North Liberty. They were members of automobile parties returning to East Iowa cities from the Iowa-Minnesota football game at Iowa City.

Rain began falling just after the game and car after car became stuck in the mud on a hill near North Liberty. Finally the road became blocked and the ditches filled with machines, either abandoned or retreat becoming impossible. More than 500 cars, it was estimated, were mired at one time.

Hundreds of women and children walked to an interurban depot at North Liberty, others spent the night in nearby farm houses while others slept in their machines.

LONDON'S MOTOR CAR EXHIBITION DRAWING CROWDS

Constant Streams of Well Groomed Prospective Buyers Inspect Various Latest Types of Cars

London, Nov. 12. (By the Associated Press).—King George has granted permission for the use of part of the spacious gardens of Buckingham Palace as a wild bird's sanctuary.

The committee recently appointed by Lord Crawford to consider the establishment of bird sanctuaries in the royal parks suggested among other places the ground of Buckingham Palace and, with the king's permission, sites are already established there for bird retreats.

Other recommendations include secluded spots in Hyde Park, Kensington Gardens, St. James' Park, Regents' Park and Richmond park, and it is hoped by establishing such retreats to induce the return of various species of wild birds to London. One of the problems in connection with such retreats is the menace of cats and squirrels, and while measures will be taken to exterminate the squirrels, nearby residents will be expected to assist by keeping their cats at home.

If the attendance at London's two simultaneous automobile exhibitions may be taken as an indication, there is not much to worry about in the trade outlook. Officers state that the exhibitions are the biggest on record, with the possible exception of that immediately after the war, when the average daily attendance approximated 52,000.

At the two exhibitions, one at Olympia and the other at White City, there are 550 exhibitors of automobiles and accessories. Constant streams of well groomed prospective buyers inspect the latest types of cars, which are attended by alert salesmen. One American exhibitor is reported to have sold 4,000 cars in one day.

Most of the new models shown are from 10 to 12 horse-power, and are capable of making 35 to 40, even 50 miles, on a gallon of gasoline. There has been a great effort on the part of the designers to make up in the attractiveness of lines what the cars lack in size, and the price of small runabouts are still rather high, but it is estimated that they would soon make up the extra cost in the saving on gas and the tax. The general tendency is toward two-passenger cars, with extra collapsible "mother-in-law" seats in the rear.

Exhibitors from Germany and Austria were excluded.

DEVICES USED ON SWEDISH TRAINS CUTS EXPENSES

Orders Are Issued to Equip the Wheels of All Passenger and Freight Cars With Roller Bearings.

Stockholm, Nov. 12.—The use in Sweden of roller bearings for the wheels of railroad cars, passenger and freight, has been inaugurated by the issuance of definite orders to the state railways. What promises to be a boon to railroads and travelers the world over, and the possible development of a new manufacturing industry of large proportions, is foreseen.

The system of roller bearings as now perfected is the result of years of experiment and research in Sweden and elsewhere. The solution of the problem has been hastened because of the growing need of grinding some way to reduce the expense of railroad operation. A saving of about 15 per cent in coal, together with a reduction of personnel and a conservation of equipment, will become feasible by the installation of roller bearings. Travelers will benefit because the elimination of friction means more of finding some way to reduce the running of trains. It is thought also that passenger and freight rates will be lowered as a result of the new economy in operation.

The new bearings are barrel-shaped and roll freely between the shaft and the runway, thus being a cross between ball bearings and the old-fashioned roller bearings. The Swedish company which manufactures these bearings reports that the Pennsylvania railroad has been making experiments for some time with a view to their adoption.

MORE THAN \$75,000 IN INSURANCE IS LEFT BY GROCER TO HIS FAMILY

Jerseyville, Ill., Nov. 12.—William P. Dunham, modest grocer killed yesterday in automobile accident, left more than \$75,000 in insurance to his widow and seven small children. It was learned tonight after neighbors began subscribing to a fund for the benefit of his family. Friends said Dunham had a premonition he would meet sudden death, and local insurance agents said he carried a policy. The insurance, it was declared, would make Dunham's family one of the richest in town.

RETURNS FROM FAR NORTH TO HEAD CLASS AT COLLEGE

Miss Louise Shackleton.

The juniors at Lake Erie college, Painesville, Ohio, are proud of their president, Miss Louise Shackleton, for many reasons, one of the main ones being that she gave up her summer vacation to do missionary work in Labrador this year. Her diet while up north was usually fish, but she says she is willing to go back again. As president of her class she is leading them in their drive for funds to help the college raise a million dollars.

PLANS ARE MADE FOR REDEMPTION OF CERTIFICATES

Mellon Announces Arrangements for Handling \$625,000,000 of 1918, Which Mature with Jan. 1

Washington, Nov. 12.—Arrangements for handling \$625,000,000 of 1918 war savings certificates which mature January 1, 1924, were announced tonight by Secretary Mellon, who said they were in the hands of millions of holders.

"For their convenience," the statement said, "the treasury is offering special facilities for cash redemption or exchange into treasury savings certificates of the series of 1923, including provision of presentation before January 1, 1924."

The proposed exchange is part of the treasury's program for funding the short dated debt, of which about \$2,000,000,000 remains to be funded by the end of the present fiscal year.

"Beginning November 15, 1922," Mellon explained, "holders of 1918 war savings certificates can exchange them at maturity value for treasury saving certificates."

REDUCED RATES ARE GRANTED FOR ANNUAL N. M. E. A. CONVENTION

John Milne, superintendent of Albuquerque schools, yesterday received word from T. W. Conway, secretary of the New Mexico Educational association, that a rate of a fare and a third has been authorized on all railroads in the state for teachers attending the annual convention of the association here Thanksgiving week.

Teachers will pay full fare for the trip to Albuquerque, taking receipt therefor. This receipt, when properly endorsed by the secretary of the association, will entitle the holder to purchase a return ticket for one-third of the regular fare.

DEATHS AND FUNERALS

CAMPBELL—The body of Mrs. Olive T. Campbell was shipped here Saturday night from Estancia accompanied by her husband, son and two daughters. Funeral services will be held from French's chapel at 2 o'clock this afternoon and burial will be in the family lot in Fairview cemetery.

BALLEN—The body of Miss Mima Lee Bailey, who died at her home here Saturday, will be here at 2:00 p. m. today. The body will be shipped to Greenville, Tenn., tonight for burial.

HOLWAY—Funeral services for Alexander Holway will be held from French's chapel at 2:30 o'clock this afternoon. Rev. E. E. McGuire will officiate at the chapel and the Odd Fellows will have charge at the grave. Burial will be in Fairview cemetery.

RICKHAM—The remains of Cecil Rickham, who died at his home here Friday, will be shipped on train No. 2 tonight to his old home in Lancaster, Pa., where he has relatives. Burial, C. T. French is in charge of arrangements.

PADILLA—The funeral of David Padilla, who died Saturday evening at his residence at Los Padillas, will be held this afternoon at 3 o'clock from the family residence. Burial will be in Fairview cemetery. Crollott is in charge.

TAPLA—Lucia R. Tapla, aged 53 years, died yesterday evening at her residence at Los Padillas after a short illness. She is survived by one son, Serafin Tapla and one daughter, Mrs. Miguel Montoya of Bernalillo. The body was taken to Crollott's funeral parlors pending arrangements.

GARCIA—Isaac Garcia, aged 29 years, died yesterday afternoon at his residence, 1312 West Marble avenue. He is survived by his wife. The body was taken to Crollott's funeral parlors pending arrangements.

BUYAN—Frank Buyan died at his home last night. He leaves relatives in Roslyn, Wash. The remains are at Strong Brothers' mortuary pending instructions from relatives.

BRADY—Walter Louis Brady died at his residence, 114 South Harvard avenue, Saturday night. He is survived by his wife and one son here and by three brothers and one sister, all of Philadelphia. Mr. Brady came to Albuquerque six years ago from Jamestown, N. Y. He was a member of the Albuquerque Council 641, Knights of Columbus. Mr. Brady was a professional baseball player and was a member of the Canadian league. He was also a professional basketball player and was at one time coach for Denier and Denver college of Philadelphia. After he settled in Albuquerque he acted as basketball coach for Albuquerque high school and St. Mary's high school. The remains will be shipped on train No. 2 today to his former home at Jamestown, N. Y., for burial. Mrs. Brady and the young son will accompany the remains. Nell Mc Nerney is in charge.

ALL READY FOR BIG BARBECUE TUESDAY NIGHT

Half a Ton of Meat for Democratic "Victory Celebration"; Location Is Changed to Gold Avenue

Arrangements have been made to feed at least 5,000 people at the monster democratic "Victory Celebration" to be held tomorrow night. The committee anticipates a crowd of at least this size and has made full preparation to care for that number, with beef, veal, pork, etc., as "filler."

It has been decided to change the location for the barbecue. Instead of holding it at the Bernalillo baseball park as was originally scheduled, it will be held in the open space just west of the Elks club which is at Fifth street and Gold avenue.

There are several reasons for the change of location. One is the fact that it was deemed desirable to hold it at some centrally located place. Another is the fear that there may be inclement weather. If it should be unusually cold or there should be a snow, the barbecue can be prepared outside and the crowd handled in the armory. Clyde Tingling has charge of the speechmaking end of the program. He was busy yesterday completing arrangements for his part of the celebration. A speaker's stand is to be erected against the west wall of the Elks club if the speaking is done outdoors. If it is necessary to hold it inside, the armory is arranged to care for the speakers. Mr. Tingling has not announced just who the speakers will be but it is accepted that they will be prominent democrats and that some of the candidates elected last Tuesday will be included.

The beefs which will furnish the barbecue for the "hungry mob" were slaughtered yesterday. There are two steers, two years old and each weighing slightly more than 500 pounds. Pits for this barbecue will be dug today on the Gold avenue site.

In addition to the beef there will be 200 pounds of veal, on hand. H. Charles Roehl, who has charge of the "feeding", placed an order yesterday for 10,000 rolls, for the "outside of the meat". He also ordered 200 pounds of coffee. In addition there will be radishes, onions, celery and other "knicks-knacks" served.

Regular advertising circulars, announcing the "Victory Celebration" of tomorrow night, were circulated over the city yesterday. More will be distributed today. It is expected that in addition to the crowd which will attend from the city there will be many in attendance from outside precincts.

The serving of the barbecue and speechmaking will begin from 6:30 p. m. to 6:30 p. m. The parade will be held about an hour later. Following the parade a free dance will be held in the armory.

HOPE TO CREATE MORE CARDINALS IN U. S., REPORT

Archbishop Patrick J. Hayes, above, and Archbishop George Wm. Mundelein.

Recent dispatches from Rome have stated that at the con-sistory Pope Pius XI will create two new American cardinals and that they will be Archbishop Patrick Hayes of New York and Archbishop George William Mundelein of Chicago.

Four matches were played and one went by default in the State National bank golf cup tournament staged at the Country club links. This tournament was started some time ago as an elimination affair. Of the 32 to qualify for entry many have fallen by the wayside.

The matches are to be continued next Sunday, when most of those now remaining will be eliminated. The following Sunday, November 26, the two players able to reach that point will play off in the final for the state National bank cup.

There was only one extra match yesterday. That was in the final match in which Swilum defeated McDonald on the final hole. The one-sided scores in the other matches were due to the fact that both links and players were affected by the weather.

Following are the results of the matches played yesterday:

Hanger defeated Landersbaugh, 5 up and 2 to play.

Otero defeated Gyles, 8 up and 7 to play.

McArthur defeated Naranjo, 5 up and 4 to play.

Swilum defeated McDonald, 1 up.

McCanna won from Prager by default.

HUNTED DUCKS; BROUGHT BACK ONLY BRUISES

Two Hunters Report to Police That "Bad Man" Knocked One Out; Kicked Both and Demanded \$20

One knockout such as Jack Dempsey's administered, a platitude of bruises a \$20 check turned over to the "Bad Man" who so graciously entertained them, a 15-mile motor trip and the same distance to return after the bruises were received—but no ducks!

This was the fate of two hunters yesterday who had gone 15 miles south to hunt ducks. At least such was the tale they poured into the ears of Chief of Police Galusha last night.

And they would not have minded so much all they suffered, stated the spokesman, if it had not been for the check business. It was bad enough to have a "bold, bad hombre" connect for a clean knockout with the jaw of one, but the youngster of the party as his mother was wont to apply the hair brush a few years ago, had enough to have him then been both until the home-ward ride was far from pleasant. But then to be compelled to write and sign a check for \$20. What they do in this land of the free—Volstead!

C. J. Arrighetti, who conducts a business at 920 South Broadway, was the man who unfolded the tale to Chief Galusha last night. He was accompanied on the trip by George Buday, a youngster who lives in the neighborhood where Arrighetti conducts his business and has his home.

According to the tale, the two started out early yesterday to hunt ducks. Having heard the hunting south of Albuquerque is good, they headed in that direction. At a point about 15 miles south of the city they stepped their car close to the river and began seeking ducks.

After a walk of a little more than a quarter of a mile they saw a flock of ducks on the water. Both raised their guns and blazed away. It appeared as though some of the ducks went down but the rest of the flock failed to rise.

Strange conduct for ducks, so they went forward to investigate. Just as they were close enough to discern that the flock was composed of tame ducks and that they had been tied to stakes, to serve as decoys, a man walked out from a clump of brush.

The stranger ordered the two to put down their guns, at the same time pointing a gun at them, according to Arrighetti's tale. Then he walked up to Arrighetti and let drive with a terrific "hay-macker" "blast" and there being no canvas to kiss, Arrighetti proceeded to "bite the dust."

Then he of the Dempsey wallop turned his attention to the boy. He probably figured the youngster too young and small to be given the same treatment. So he turned the boy about and then administered shoe leather where he, doubtless, estimated it would have the most salutary effect. After which he again turned to Arrighetti and poured water on the senseless man—as they do in the prize ring—until he came to.

As soon as Arrighetti had recovered as close to normalcy as he could expect for some time at least, the husky stranger ordered him to write a check for \$20 as damages. There was nothing for the kaiser to do but comply. One might think and wanted another of those wallops to the "but-

FARMERS MAY ADOPT REINDEER IN ALASKA IN PLACE OF CATTLE

Anchorage, Alaska, Nov. 12.—Discoveries made in Alaska recently that reindeer do not necessarily need the reindeer moss for food may lead to many changes in the reindeer industry and may make it possible to raise the deer in any northern section of the "states."

For years it has been thought that the reindeer could not survive without reindeer moss, which is found in few places outside the north country. In driving 1,500 reindeer from the Seward peninsula to the Mount McKinley National park this year it was discovered that the animals deserted the moss beds for the patches of fire weed and other vegetation which grows in other places than Alaska.

Farmers of this section of Alaska are thinking of adopting small herds of reindeer in place of beef cattle.

LARGE TURKEY CROP

Weatherford, Tex., Nov. 12.—Local poultry men are preparing for the handling of one of the largest turkey crops that ever was produced in Parker county. From all reports it appears that there is hardly a farm home in the county that will not have from twenty-five to as high as 200 turkeys to market between now and the first of the year.

RETURN FROM WALK END MOTOR TRIP TO THE ESPIRITU SANTO

After a pleasant week and spent in motoring to the Espiritu Santo, in the upper Pecos country, and at the mountain cabin of Charles White, a party of seven Albuquerqueans returned yesterday.

The party left Tuesday and used three automobiles to carry the party on the trip.

These were Mr. and Mrs. Charles S. White, Mr. and Mrs. Henry G. Coors, A. R. Hebert, Ralph Keeler and Arthur Francis. They enjoyed ideal weather during the trip, except for a flurry of snow Saturday and a snowstorm encountered on the return trip yesterday.

The young man who says he is 18 years old, had several letters in his pocket indicating he had eluded with the officials at Fargo, N. D., and had made his escape. When the suggestion was offered that he be returned to Fargo, he appeared terrified and said he should be returned to the military authorities as a deserter.

Deputy Sheriff J. E. Stinchler, who accompanied the party to the mountain cabin, stated yesterday that the young man, who is actually a deserter from the army, will be taken to Fort Bliss, Tex., and turned over to the military authorities there. He is now being held at the county jail.

In addition to other personal articles found on Goodwin was a small pocket memorandum book. This book shows numerous letters and figures evidently a code of some sort. It also shows a memorandum on the method for making a filler used with high explosives.

UTAH VARSITY LEADS ALL OTHER TEAMS IN MOUNTAIN DISTRICT

Colorado Springs, Colo., Nov. 12.—Utah University leads all other teams in the Rocky Mountain conference with a percentage of 4.906 and with a record of no tie games. As by a conference ruling last winter, officials agreed to recognize a championship to Denver University and the Colorado School of Mines win their remaining games and Utah defeats the Utah Aggies Thanksgiving Day, the standing would be:

Utah	5	0	1.000
Mines	5	0	.500
Denver U	5	6	.500

The Rocky Mountain conference would in this case, considering a tie game one half win and one half loss, award Utah the title.

STEAMERS SEIZED BY RUSSIAN BOLSHEVIKI

Constantinople, Nov. 12, (By the Associated Press)—The Lloyd Triestino steamship Graz, and the French steamer Phragie have been seized at Batumi, Trans-Caucasia, by the Russian bolsheviks.

Athens, Nov. 12.—The seizure of Italian steamers by Russian bolsheviks, including one at Batumi and eight others at Russian Black Sea ports, it is declared, was in reprisal for Mussolini's severity towards Italian communists.

GOLF TOURNAMENT DRAWING TO CLOSE

Four matches were played and one went by default in the State National bank golf cup tournament staged at the Country club links. This tournament was started some time ago as an elimination affair. Of the 32 to qualify for entry many have fallen by the wayside.

The matches are to be continued next Sunday, when most of those now remaining will be eliminated. The following Sunday, November 26, the two players able to reach that point will play off in the final for the state National bank cup.

There was only one extra match yesterday. That was in the final match in which Swilum defeated McDonald on the final hole. The one-sided scores in the other matches were due to the fact that both links and players were affected by the weather.

Following are the results of the matches played yesterday:

Hanger defeated Landersbaugh, 5 up and 2 to play.

Otero defeated Gyles, 8 up and 7 to play.

McArthur defeated Naranjo, 5 up and 4 to play.

Swilum defeated McDonald, 1 up.

McCanna won from Prager by default.
