THE IRISH LAND PURCHASE BILL

Severe Railroad Accident in State of Illinois.

LAKE ERIE DIVERS ON A STRIKE

President Roosevelt Will Do No Hunting on His Western Trip.

London, March 27.—The text of the Irish land purchase bill, which was introduced in the house of commons by the Irish secretary, Mr. Wyndham, on Wednesday last, is given out. It occupies thirty-nine pages of parliamentary paper and bristles with technicalities. The full wording reveals many important features which were not mentioned in Mr. Wyndham's speech, when the bill was introduced. All arrears of rate due at the time of the purchase of land are recoverable by the land commission and not the arrears for a year only as previously cabled. The land commissioners, however, are given power in special cases to remit part or the whole of the arrears. The commissioners are not permitted to purchase estates which are not mainly agricultural or pastoral. Thus Killarney is exempt under this clause. In cases of untenanted estates purchased by the commissioners they are empowered to execute the necessary works of improvement which tremendously enlarges the scope of the commission's expenditures. The commission is empowered to declare subtenants to be the tenants of any holding by them which will vastly benefit hundreds. Fishing, hunting and mineral rights, which are among the most controversial, will be vested in the commissioners when an estate is purchased and can be disposed of as the commissioners decide. The commissioners are also empowered to determine boundary and other disputes between the proprietors of holdings under the bill. The commission has the first claim to purchase bankrupt estates and can resell them to tenants or use portions of them for the repatriation of evicted tenants. The latter point is regarded as being one of the most vital features of the bill.

TRAIN DERAILED.

Twenty People Injured in a Week in Illinois.
Des Moines, Iowa, March 27.—South bound passenger train No. 28, on the Chicago, Burlington & Quincy, from St. Louis to Quincy, was derailed four miles north of Thompson, Illinois, early today and twenty persons were injured. The two rear coaches, a Pullman sleeper and a chair car, turned over and immediately caught fire. Trainmen chipped a hole through the bottom of the chair car, through which the passengers were removed. Those in the sleeper had narrow escapes from burning, many being forced to leave in their night clothes. Possibly two fatalities may result.

CERRILLOS MURDER.

Hart's Assailant Still at Large—Made Escape on Train.

HOW IT OCCURRED.

Night Operator U. G. Hart, of Cerrillos, was shot down in cold blood there on Wednesday night by an unknown man.
This startling news was received here yesterday and a telegraphic account was given in The Citizen of last evening.
Yesterday no clue of the murderer was in the possession of the officers, but the description Hart gave of his assailant before he succumbed to the gunshot wound in his stomach.
A report reached the city last night that a man, answering the description of the murderer, had been arrested at Lamy. This report could not be verified.
Hart lived several hours after being shot and was able to give an account of how it happened. He was sitting at his desk when his attention was attracted to the office window by the closing of the waiting room door. A man's face appeared at the window and a voice demanded "Hands up!" A hand and a pistol accompanied the demand. The face was partially covered with a black mask. Hart complied with the demand and put his

hands above his head. The would-be robber then demanded Hart to open the safe and hand out the cash. The combination of the safe was known only to the day man, who handled all the money, and of course Hart could not comply with the hold-up's demand. The man fired and Hart fell, the shot entering his vitals.

The murder was discovered shortly after it occurred and Sheriff Kinsell was notified at Santa Fe. Bloodhounds were put on the trail and followed it about half a mile on a hill above town. There the trail turned a short angle and led back to the railroad, where it was lost.

The officers have several theories as to what the murderer did then. It is certain that he took a train of some kind, but whether it was a freight or passenger is not positively known. The most probable theory is that the murderer took the Chicago limited No. 4, which passed Cerrillos about that time. In that case there is no telling where he is now.

The murder of Hart, although not premeditated, was almost as cold blooded a deed as the killing of Special Officer Montgomery, which occurred one night about a year ago in the Santa Fe station house at Winfield, Kansas.

In the killing of Montgomery the murderer shot through the window glass.
Mrs. B. S. Rodey has returned from Washington, D. C., where she has been visiting the past few weeks. Delegate B. S. Rodey was detained at the capital on important matters and will not return here for a week or ten days.

ROOSEVELT'S RECEPTION.

Committees Met Last Night--Sub-committees Appointed.

FORTY-FIVE MINUTES AT CLUB.

The committee on arrangements making preparations for the reception of President Roosevelt and party here May 5 met at the Commercial club building last night and took some further steps toward the formulating of plans for the expected big event.

Those present at the meeting were Chairman Judge B. S. Baker, Secretary McCanna, and Messrs. Myers, Brooks, Macpherson, Ernest Meyers, J. H. Wroth, W. W. Strong, Gunsul, Dame and Fox.

Mayor Myers and P. F. McCanna were appointed a committee to see that the route the president will travel in going from the train to the front of the Alvarado hotel, where he is to deliver an address, is properly arranged so the president will not be annoyed by the crowds.

H. E. Fox was appointed to see to it that proper accommodations are arranged for the members of the Grand Army of the Republic in front of the speaker's stand.

D. A. Macpherson was appointed a committee of one to furnish the newspapers of the territory correct information in regard to arrangements.

The services of the Italian band were accepted.

It was also decided that the president would spend forty-five minutes of his time here at the Commercial club. This reception will be attended only by members of the club, who will receive invitations.

Will Not Hunt.

Cheyenne, Wyo., March 27.—D. C. Nowlen, state game warden, in reply to a letter sent to President Roosevelt, received the following from Secretary Loeb:

"I beg to state that the president does not intend to do any hunting while on his western trip, either in Wyoming or elsewhere."

The store building of Mr. and Mrs. L. H. Shoemaker, 502 West Gold avenue, has been treated to a fresh coat of paint.

Divers Strike.

Cleveland, Ohio, March 27.—The divers employed on the lakes have gone on a strike to enforce their demand for higher wages and a recognition of their organization. The men have been getting from \$5 to \$6 per day and now demand a flat rate of \$10 per day. Failing to get this they will quit. The strike will delay the break water repairs, extensions and other harbor work.

Labor Union Meeting.

There will be a meeting of holders of individual cards granted by the Central Labor union at Carpenters' hall on Saturday evening at 8 o'clock sharp, to organize a federal labor union. Cooks, waiters, blacksmiths, trimmers, wheelwrights and liquor compounders are all requested to be present.—Committee on Organization, Central Labor Union.

Steel Company Meeting.

Pittsburg, March 27.—A largely attended special meeting of directors of the Crucible Steel company in America is being held here today. The rumor is persistent that it was called to consider a proposition to sell the control of the Clairton Steel company to the United States Steel corporation, but those interested refused to give out any information.

Accident to Empress.

Berlin, March 27.—The empress was thrown from her horse while riding at Grunewald today and her right arm was broken.

APPROPRIATION HOLD-UP.

Treasurer Vaughn Declines to Pay Certain Appropriations.

COURTS MUST DECIDE THE QUESTION.

The New Mexican says that payment of several of the appropriations made by the last legislative assembly will not be made until a question raised by Territorial Treasurer J. H. Vaughn in regard to the loans authorized to be made to the public institutions has been passed on by the courts. The refusal to make the loans until the law is construed by the court necessarily holds up some other appropriations.

The appropriation law as passed by the legislature, authorizes the loan of certain amounts to certain territorial institutions and states that these loans shall be repaid from the sale of lands allotted to the institutions. The question raised by Treasurer Vaughn is whether or not money derived from the sale of these lands can properly be used to repay such loans. It is his belief that these lands are granted the territory for the use of the institutions named in the United States law, for specific purposes and that money derived from the sale or lease of these lands can only be applied to the purpose named in the law. If money is loaned to the institutions to be expended for any purpose other than those specified, the treasurer does not believe that it can be repaid from money derived from the sale of lands any more than the money derived from the sale of these lands could be directly expended for purposes other than those specified in the law. The treasurer cannot see the difference between a direct expenditure of money for purposes contrary to those contemplated by the United States government and an indirect expenditure of the same amounts of money by taking it through the territorial treasury. The institutions have commenced to clamor for their money under the appropriations, but it will be some time before they are paid.

The legislature dipped into every sinking fund in making the appropriations and, in order to keep the books straight, it has been customary to create a provisional indebtedness fund after the legislature adjourns, from which the appropriations are paid. This fund is created by transferring to it monies from other funds and from the fund so created all appropriations are made. Any surplus after paying the appropriations, is distributed among the funds which originally contributed to the provisional indebtedness fund. This fund is usually in existence about six months. Should the transfers be made to this fund at the present time, there would be about \$150,000 in the provisional indebtedness fund. Of this amount \$100,000 would be transferred from the capitol building sinking fund and the balance from various funds.

The transfer of none of the money to this fund has been made and it probably will not be authorized until the question at issue is determined. In the meantime the institutions will have to wait for their money and with them other claimants for whom appropriations have been made in the law.

JUDGE M'MILLAN

Summoned to Washington to Answer Charges.

DEATH OF MILLIONAIRE FAIRBANKS

Native Scouts Defeat a Band of Philippine Insurgents.

TORNADO IN THE STATE OF VIRGINIA

Washington, March 27.—Judge Daniel H. McMillan of the United States court of New Mexico, will be given a hearing at the department of justice next Monday, on the charges which have been preferred against him, involving his official and personal character.

Death of Fairbanks.

Chicago, March 27.—N. K. Fairbanks, millionaire manufacturer and director in several banks, died at his home here today, aged 73 years. He had been ill but a short time.

Route of the Rebels.

Manila, March 27.—Two companies of Macabebes scouts signally defeated the main body of San Miguel's force today. It is believed that San Miguel was killed. Lieutenant Reese was seriously wounded. The scouts lost three men killed and had eleven men wounded.

Virginia Tornado.

Clifton Forge, Va., March 27.—A tornado passed over the vicinity of Cornmo last night, doing great damage, but no loss of life is reported. The tornado came from the southwest and leveled the buildings, fences and forests for a distance of over a mile.

ACEQUIA TROUBLES.

The Old City Ditch Overflowed Last Night

DAMAGE TO PROPERTY.

The water that is supposed to flow quietly through the city in the historic old ditch, overflowed its banks last night and many a back yard was filled with the water which should have been in the Highland ditch. The overflow was caused by a couple of ditches north of the city bursting and letting all the water into the city ditch.

At the first street crossing the water flooded all the adjacent property. There was a lake filled with floating wagons in the rear of Tony Ortiz's wagon factory this morning. The property adjoining the acequia between Lead and Huning avenues is covered by water; which began to flow over the banks at about 7 o'clock last night. Considerable damage has been done to the property owned by Richard B. Myers, between Coal and Huning avenues, especially to the new brick house he is building. The house is surrounded by water, which is liable to cause it to sink and result in much damage.

As soon as Mr. Myers saw that the acequia was overflowing he sent for the street commissioner, who arrived on the flood scene with some men and began building a dam to keep the water in a straight course. No sooner had the dam been constructed than Mr. Stamm came out with a hoe and broke the dam, allowing the water to flow on Mr. Myers' property. The acequia runs through Mr. Stamm's property and it is supposed he had all the water he wanted. All the back yards between Coal and Huning avenues are covered with water, the result of the opening of the dam.

There were some strenuous moments between the property owners last night and even this morning. Mr. Stamm claims that the chances are his new brick house will be ruined and if it is, there is liable to be some trouble.

The property between Lead and Coal avenues on the west side of the ditch is covered by water, and in some places it is standing around the houses.

There will probably be injunction proceedings against the people who have charge of the ditch north of the city for not looking after it more carefully. The water has dropped about a foot since this morning, but in many of the flooded parts the water will remain until it is soaked up by the hard soil or evaporates.

The street commissioner was kept busy last night attending to the trouble

caused by the ditch. In many places dams were built which eliminated further damage to property.

The old ditch is becoming more and more troublesome and the city council will undoubtedly make a favorable move at the next meeting.

Won the Race.

Liverpool, March 27.—At the Liverpool spring meeting today the grand national steeple chase was won by Mr. Morrison's Drummer. Detail was second and Manifesto third. Twenty-three horses started.

Judge Appointed.

Washington, March 27.—Justice Claiborne, of the supreme court of the District of Columbia, has been appointed chief justice of said court to succeed Judge Bingham, retired. Former Senator Fritchard, of North Carolina, will be appointed to fill the vacancy created by Justice Claiborne's promotion.

Young Corbett.

San Francisco, March 27.—Young Corbett is having some difficulty in getting down to the agreed weight of 127 pounds for his contest with McGovern. He is now several pounds overweight and is employing heroic measures to reduce. Reports from McGovern's camp, Alameda, say that the little fellow is now within the required weight and in fine condition, physically and mentally.

The many friends of Capt. A. J. Armstrong will be grieved to learn that he is ill.

GRAND ARMY OF THE REPUBLIC

Will Hold Annual Encampment Here May 5.

GENERAL ORDERS.

The Grand Army of the Republic of the Department of New Mexico will take an active part in the reception of President Roosevelt here May 5. The council of administration met the fore part of the week and decided that it would be very appropriate to hold the 1903 annual encampment here the day the president would visit Albuquerque, and by so doing assist in giving him a rousing reception. The idea is a good one and has met with the approval of the old soldiers of the department. The railroad rates will be low at that time on account of the president's visit, and the encampment will be the best attended ever held in New Mexico.

The following general orders were formulated and issued:

Headquarters Grand Army of the Republic, Department of New Mexico. General Order No. 3.—Series of 1903. Albuquerque, N. M., March 24, 1903. To the Members of the Grand Army of the Republic, Department of New Mexico, and all veteran soldiers and sailors of the Civil War:

The 29th annual encampment of the Grand Army of this department will convene in the city of Albuquerque on the morning of May 5, at 10 a. m. (hall not yet designated), for the annual transaction of the business of the department, and the election of officers for the ensuing year.

All delegates, past department commanders and past post commanders are requested to send in their credentials at once to the assistant adjutant general, it is earnestly desired that all posts be fully represented at this meeting, as matters of general importance will come up at this encampment.

It is earnestly desired that all old soldiers and sailors, irrespective of whether they belong to the Grand Army of the Republic or not, will avail themselves of the opportunity to visit Albuquerque at that time, as the president of the United States and commander-in-chief of the army and navy, Theodore Roosevelt, will be here on the 5th, or first day of our encampment.

Half-fare rates on the A. T. & S. F. railway, between Trinidad and El Paso have been secured, and doubtless other lines will grant the same.

Let us touch elbows once more and renew our friendship for each other as we did in the 60's.

Yours in Fraternity, Charity and Loyalty. J. W. EDWARDS, Department Commander, Department of New Mexico, Grand Army of the Republic.

W. W. McDONALD, Assistant Adjutant General.

All Odd Fellows are requested to be present at the next meeting of Albuquerque lodge No. 1, I. O. O. F., on Friday, March 27. Work in third degree. Visiting brothers invited. Refreshments.

L. Kempenich's new residence will soon be a thing in reality. Workmen are now finishing the foundation.

RAGING RIVER BREAKS LEVEE

A Fatal Railroad Wreck in Southern Texas.

TESTIMONY OF COLORADO STRIKERS

United Mine Workers Demand the Carrying Out of Commission Award.

New Orleans, March 27.—With the water roaring through the break and the spreading over a wide area, the ends of the crevasse near Lucy were reported today to be slowly crumbling. Lumber was scarce at the scene but a special train got away before daylight with a large consignment of material and planters have hurried hands from all directions to the scene. The crevasse occurred in a bend of the river and that will add to the difficulties of the repair work. Several square miles of territory have already been overflowed. The flood will find its way to the gulf through Lake Salvador, a little lake, and other streams. The oyster beds are likely to suffer, but there is absolutely no danger of loss of life.

Levee Broken.

Greenville, Miss., March 27.—With a tremendous crash the levee four miles south of Greenville gave way at 11 o'clock today and great quantities of water are now pouring through a 300 foot crevasse, rapidly flooding the most fertile land in the great Yazoo delta.

Major Seares, in charge of the government engineer's office, says it is the worst break ever experienced on the Mississippi side and he states that the whole delta from Greenville to Vicksburg will be flooded. This is the first break reported on the Mississippi side during the present high water.

Flooded Country.

Jackson, Miss., March 27.—Dispatches from Greenville state that the crevasse in the levees south of that place has widened into a gap of three miles. Immense volumes of water are flooding the country.

A LIVE POLE.

Young Man Received a Terrible Shock Last Night.

WIRES GET CROSSED.

A young man by the name of Wickham received a shock from a live electric pole at the corner of North Fourth street and Fruit avenue which put him to the bed for a little while.

The young man was returning from work at the Santa Fe shops, about 6:30 o'clock. As he passed the pole he reached out to take hold of a stone which was lying on top of the small iron pulley wheel which is used to raise and lower the electric light. He had no sooner touched the stone than he received a shock which knocked him down and stunned him so that he was unable to get up.

His cries were heard by Charles Kuntz, who lives on the opposite corner. He picked the young fellow up and after a little time he was able to go home unassisted. Mr. Kuntz telephoned to the Electric Light company, telling them of the charged pole. A man was sent up who found that the wires had been left crossed by the men who had been working there during the day, stringing wires for the new light which is to be placed on the corner.

The full current was passing through the pole, which rendered it very dangerous to pedestrians, who might have come in contact with it.

People in general, in stopping on a corner or elsewhere, are accustomed to leaning against any nearby pole. Had they done so in this case it might have resulted fatally.

RAILROAD ACCIDENT.

Fatal Accident on Southern Pacific Near San Antonio, Texas.

San Antonio, March 27.—The Sunset limited of the Southern Pacific and another passenger train collided at La Crosse, eighteen miles west of here last night. Three passengers were killed and nine injured. The bodies of the dead are buried.

The dead are: Guadalupe Cantee, Monterey, Mexico; Antonio Arizpe, Sabinas; Manuel Travino, Santo Domingo, Mexico.

All three were prominent in Mexico and were in a private car. The trains were east bound. The first Eagle Pass train was standing on the main line at La Crosse when the Sunset limited, travelling at great speed, crashed into it. The engine and nearly all the cars of the limited were destroyed by the fire which followed.

COLORADO MINERS.

Governor's Commission Taking Testimony of Striking Miners.

Colorado Springs, March 27.—At 10 o'clock this morning the governor's advisory board began taking testimony of strikers at Waycott hall, Colorado City.

It is stated that the mine owners have made an offer that if the federation and McNeill would settle on the terms which were placed before the board yesterday, or upon a counter proposition to be submitted to the miners, they would not give employment to the mill men on strike or they will take the strike breakers from the Standard as soon as McNeill deems it advisable to let them go, at an increase of wages of what they are now receiving.

Colorado Springs, March 27.—President Moyer will notify the attorneys of the company today that their proposition cannot be considered further. He said today that the federation had declined the same proposition before and there was no reason why it should accept it now.

DEMAND OF MINERS.

Coal Operators Notified of Demand of Coal Miners.

Hazleton, Pa., March 27.—The executive board of district No. 7, United Mine Workers of America, has notified G. B. Markle & Co. and A. Pardee & Co., independent coal operators, that the miners will insist upon the award of the strike commission being carried out to the letter. These two firms, according to members of the board, have suggested to the men that work be continued under existing conditions without regard to the arbitration. The proposition was rejected at a meeting of the executive board. It is estimated that the various classes of employees will receive the following sums:

Miners, \$2.50; laborers, \$1.30; drivers and runners, per week, \$10; door boys and helpers, \$9; other inside employees, \$12; blacksmiths and carpenters, \$14; slate pickers, \$14; other outside employees, \$13; engineers, \$22; firemen and pump runners, \$14.

WORK FINISHED.

Territorial Grand Jury Adjourned This Afternoon.

INDICTMENTS RETURNED.

The territorial grand jury finished their work, made their report and were discharged at 3:30 this afternoon.

The following indictments were returned:

Frederico Serna, murder; John Dougherty, James McDaniels, William Nolan, John Nordquist, Joseph Cowell, Edward Walker and Charles Mason, jail breaking.

The charge of assisting in jail breaking was preferred against the same men and Pablo Muniz and James P. Denning in addition.

In the Alameda election fraud cases, charging Mariano Chavez, Francisco Martinez and Juan Pacheco, all of whom were election judges, receiving illegal votes, no true bill was found.

During the ten days they were in session more than a hundred and twenty witnesses were examined, and forty-nine indictments were presented to the court. In their final report they state that they find the county jail entirely inadequate to the needs of the county, and speak in high terms of settlement made by County Collector and Treasurer Chas. K. Newhall at the close of his term of office.

A FALSEHOOD.

The statement in this morning's Democrat regarding the visit of the good government committee and the manager of the Democrat to the Citizens office yesterday contains a number of absolute falsehoods. The committee called with Mr. McPherson of its own accord. No one about this office urged the committee to come. No appeal was made on our part about anything.

Messrs. Pratt and Reynolds both deny the truth of the statement in the Democrat.

The strike of one man, the fireman, in a Chicago shoe factory, caused the closing down of the whole establishment, throwing one thousand persons out of employment. President Roosevelt's last two injuries have been received at the hands of his intimate friend, General Leonard Wood, in singlestick and rapier play, which they used as exercise almost daily. A few months ago General Wood thrust his rapier through the president's mask, bruising him severely on the forehead and narrowly missing his left eye. A week later the two friends were in a vigorous bout with the singlesticks in an improvised gymnasium near the top of the White House. The play became rather heated, and in the rapid play the president caught a heavy cut on the wrist.

DELINQUENT TAXES.

Council bill No. 88, passed by the Thirty-fifth legislative assembly, and approved by the governor, provides that all delinquent taxes prior to 1902 shall be paid into the general county and general school funds. ASSESSOR QUESTION.

There is certain to be a legal contest over the office of assessor in this county. When the county of Sandoval was created the act empowered the commissioners of this county to appoint an assessor to fill the vacancy. Mr. Sandoval being a resident of the new county of Sandoval. Mr. Sandoval moved his family to this city and claims that he cannot be removed from the office. At a recent meeting of the board of commissioners George F. Albright was appointed assessor, and he filed his bond and took peaceable possession of the office and is discharging the duties of the position. Mr. Sandoval yesterday published a notice to taxpayers ordering them to file assessment returns with him. These complications will all be settled in the courts, and the quicker the better for the best interests of the county.

POSTAL STATISTICS.

In an article published in the National Tribune, Captain Henry A. Castle, auditor for the postoffice department, gives some very interesting statistics concerning this branch of the government from which the following is taken:

The session of congress which closed March 4 passed, two days before adjournment, the bill which appropriates funds for the postal system for the fiscal year which begins July 1, 1903. The total sum of these appropriations is \$153,401,594.75, as against \$139,416,589.75 for the current year. This is an increase of almost exactly \$15,000,000 in a single year. The postal appropriation has now passed above that for pensions in amount, and almost equals those for the army and navy combined.

In addition to the postoffice clerks and letter carriers of all classes, there are the 76,000 postmasters provided for. The total "compensation to postmasters" is fixed at \$21,750,000. As this compensation is established by law, based on the postal business, which is constantly increasing, there is an annual deficit in this item, sometimes reaching over a million dollars.

More than 20,000 postmasters receive annual compensations of less than \$50 each—another 20,000 each receive between \$50 and \$100. It might be inferred that the settlement of these official accounts would be easy. But the fact is that they cause more trouble in the auditor's office than those of the larger offices.

The aggregate appropriations for clerk hire in postoffices for the year is \$91,813,900, an increase of \$2,674,500. This increase will permit an additional force in many offices where badly needed, and will also permit the department to grant well earned promotions to thousands of these over-worked employees.

THE PRESIDENT'S WOUNDS.

Such a collection of scars as that borne by President Roosevelt was never owned by an American chief executive before, says the Boston Post. He is the "most wounded" president of the United States. Fifteen injuries of a more or less serious nature have been received by him since he reached manhood.

He was attacked by a grizzly bear while hunting in Idaho in 1889, and escaped by a narrow margin. Two years before that he was chased by an infuriated steer in the Big Horn country of Wyoming. He grabbed the steer by the horns, vaulted to its back and rode it for two miles.

On more recent hunting trips in Colorado he has had encounters with mountain lions, in which his quickness of hand frequently saved his life. He was slightly wounded in the hand during the Cuban campaign, and

quaint thoroughly and in detail, the friends of the omnibus statehood bill with the statehood question. It is Mr. Hearst's belief that qualifications of the three territories for this will do more to advance the interests of the territories in the next congress than anything else that could be done. He will accompany the party since he is familiar with the conditions in the territories from personal contact. His property interests are large in both Arizona and New Mexico.

A Physician Writes.
"I am desirous of knowing if the profession can obtain Herbine in bulk for prescribing purposes? It has been of great use to me in treating cases of dyspepsia brought on by excesses of overwork. I have never known it to fail in restoring the organs affected, to their healthful activity." 50c bottle at Cosmopolitan Pharmacy—B. Ruppe.

Dr. Charles R. Keyes, president of the School of Mines, was in the city a short time last night, on his way home from an inspection trip over the Santa Fe Central with General Manager Hopewell, with respect to the coal lands along the line.

Dangers of Pneumonia.
A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Alvarado Pharmacy.

G. W. Champion, head salesman at Albert Faber's carpet store, is on duty again after an illness of two weeks.

Working Overtime.
Eight hour laws are ignored by those tireless little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing indigestion, biliousness, constipation, sick headache and all stomach, liver and bowel trouble. Easy, pleasant, safe, sure. Only 25c at all druggists.

A. A. Knott, of Fort Collins, Colo., has bought 4,000 wethers from Elias Garcia and Captain Woodhull. He shipped them today to Illinois to feed for the market. The sheep industry is looking up and all ages are bringing good prices.

Tragedy Averted.
"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins, of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for consumption, and our darling was saved. He's now sound, and well." Everybody ought to know, it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by all druggists. Price 50c and \$1.00. Trial bottles free.

COMING EVENTS.

March 28—"The Kelties," forty musicians, at Colombo hall.
April 17—Woodmen Circle ball, Colombo hall.
May 5—President Roosevelt will visit Albuquerque.

So Sweet and Pleasing in Taste!
Mrs. C. Peterson, 625 Lake street, Topeka, Kan., speaking of Ballard's Horehound Syrup, says: "It has never failed to give entire satisfaction, and of all cough remedies, it is my favorite, and I must confess to my many friends that it will do, and has done, what is claimed for it—to speedily cure a cough or cold; and it is so sweet and so pleasing in taste." 25c, 50c and \$1.00 bottle at Cosmopolitan Pharmacy—B. Ruppe.

A Remarkable Case.
One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I run down in weight from 145 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." B. H. Briggs & Co.; S. Vann & Son.

Railroad Topics

Engineer Charles Davis is on the sick list.

The largest engine in the world, No. 287, runs between Las Vegas and Albuquerque.

The firemen on the Gulf, Colorado & Santa Fe recently received an increase of 12 1/2 per cent in wages.

C. M. Wood, traveling passenger agent for the Burlington Route, with office at Denver, is in the city.

It is announced that J. J. Cohn, general foreman of the local storehouse, has resigned and will go to Chicago.

A couple of coal cars run over the wrong end of the coal chutes yesterday and were pretty badly broken up.

The S. F. P. & P. railroad will soon erect a handsome depot at Prescott. It will be surrounded by concrete walks and beds of flowers.

It is reported that as the leading daily papers of Oakland, Cal., are controlled by the Southern Pacific, the Santa Fe will shortly have a paper there also.

The shortage of freight cars which is reported by several of the western railroads would indicate that Jim Hill's promised slump of prosperity is still quite a long way over the divide.

Harry Johnson, formerly with the Santa Fe at Wichita, Kan., passed through the city last night en route to Los Angeles. Mr. Johnson is an old friend of Ticket Clerk Carpenter.

Postal Clerk Ben S. Sawyer, who was so badly injured in the wreck at Esmond, near Tucson, has sued the Southern Pacific for \$30,000 damages. Mr. Sawyer is now a physical wreck.

O. W. Youngquist, recently appointed storekeeper of the Santa Fe coast lines, has gone to Kansas City to meet his family and accompany them here. They will make their home in Albuquerque.

Machinist Helper Rensing has tired of duty in the house of great griefs and has accepted a position feeding the goat in the local yard. He is marked up as a real fireman now—Las Vegas Record.

Michael Hunt, a waiter of Tacoma, and Frank McCluskey, of Lake City, Ore., were found dead in a refrigerator car. They had built a fire in the car and had gone to sleep, being smothered and burned.

As all the documents in the Wabash injunction case must be printed in book form for the perusal of the court, it is stated that a decision of the case probably will not be handed down until next week, or even later.

The Choctaw branch of the Rock Island has just gotten out some new playing cards for advertising purposes. On the back of each card is the picture of an Indian. The only cards upon which there is printed any advertising matter is the ace of spades and the joker.

W. L. Horn, the new night ticket clerk, recently of Topeka, Kan., has received orders to be on duty all night. Heretofore he only worked part of the night. The killing of U. G. Hart, the night operator at Cerrillos, which occurred on Wednesday night, is responsible for the new orders.

A change has been made recently by which the mail car on No. 2, arriving here from the west in the morning, goes direct through from Los Angeles to Chicago. Before the change the mail from the west was transferred to the mail car from the El Paso train, which car went to Chicago.

Frank Cain, formerly of Topeka, who has been in the railroad business for the Santa Fe in Chanute, has returned to Topeka to accept the position of chief clerk to John Purcell, superintendent of the Santa Fe shops. He succeeds B. Payne, who has been transferred to the accounting department under D. E. Fitzgerald.

The Texas senate has passed, finally, the bill prohibiting railroad ticket scalping. Amendments were adopted requiring railroads to redeem unused portions of tickets in proportion to their actual cost, and extending from ten days to twenty days the time within which the railroads must redeem unused tickets and portions thereof.

A dispatch dated from Ogden, Utah, says Superintendent Noble, of the Salt Lake division of the Southern Pacific, returned this morning from the conference of railroad officials in San Francisco and stated that a satisfactory arrangement had been arrived at in regard to an increase of wages. He stated that the freight men will get a rise of 15 per cent and the passenger trainmen a rise of 12 per cent.

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the liver or kidneys as Electric Bitters. It's a wonderful tonic, and effective medicine for run down systems. It dispels nervousness, rheumatism and neuralgia and expels malaria germs. Only 50c, and satisfaction guaranteed by all druggists.

FLAGSTAFF.

From the Sun.

One day this week James A. Vail sold to Babbitt Bros. a far cow which weighed 1,720 pounds on foot. It was the largest beef ever sold in this market and it is probable that the size has not been exceeded in this territory.

Percy Thompson, of the Hance Asbestos company, has relocated sixteen claims of asbestos lying on the north side of the river in the Grand canyon of Arizona. The claims were recorded by Recorder Hibben this week.

A. F. Andre, who for the past three years has been the efficient bookkeeper and office man for Babbitt Bros., has accepted a position with the well known railroad contractors, B. Lantry & Sons, at Belen, N. M., and will leave for that place on Monday.

The logging camps south of town are taking an enforced vacation. The melting snow has caused the ground to become so soft that it is impossible to do any work. It is expected that the ground will be in condition to resume work in about ten days. The men from the camps are spending their vacation in Flagstaff.

The travel to the Grand canyon of Arizona by the railroad from Williams is increasing and each train on the Santa Fe main line brings its quota of tourists bound for the canyon. The tourists complain of the insufficient hotel accommodations at the canyon, and it is expected that the railroad company will remedy the complaint this year by building a new and commodious hotel on the brink of the Grand canyon.

A number of oil locations were recorded in the recorder's office here. The oil bearing country is located seven miles northwest of Winslow and

WON A BEAU.

Plumped Up and Was Advanced \$10 Per Month.

Not every one has the sound, sturdy strength of character to tell the honest truth about themselves. The following was written by a lady who calls herself an "old maid" and the way coffee treated her is certainly interesting.

She says: "I was a coffee drinker and gradually became more and more irritable and nervous in the school room. My complexion was sallow and sickly, and as I look back now I know I developed into a very unpopular and disagreeable person. In fact I had little prospect of keeping my position last year. Not only that but I failed to pass the required examinations. This latter fact aroused me to the knowledge that coffee was deadening my brain and slowly destroying memory and reason."

"My sister had quit the use of coffee in her family and adopted Postum, and had been strongly urging that I do likewise. One day I started in, that was a red letter day for me. I began sleeping sound at night instead of lying awake half the time, and the change in my feelings from nervousness and irritability to comfort, peace and content cannot be told in words."

"I had been trembling, broken down, nervous, and I felt an ugly, old maid, but after my restful sleep, increased strength of brain and body instead of weakness and illness, I slowly changed in my whole appearance. Began to plump up, my complexion changed from a sallow, muddy looking skin to a fresh pink and white, as nice as when I was 18."

"I took another examination and passed it easily. My high grades, together with the improved work in the school and my changed character caused the trustees to raise my salary ten dollars a month, and I will tell you a secret. Whether it was an increased reputation for good sense, or for some other reason, one of the best citizens of the town, a widower, has made a little contract with me that will be carried out some of these days, I haven't told when."

"Don't you think I ought to say good things about Postum, and do you think I will ever go back to coffee drinking?" Name of this lady will be given on application to Postum Cereal Co., Ltd., Battle Creek, Mich.

SSS FOR THE BLOOD

The best known and most popular blood purifier and tonic on the market to-day is S. S. S. There is hardly a man, woman or child in America who has not heard of "S. S. S. for the blood." It is a standard remedy, a specific for all blood troubles and unequalled as a general tonic and appetizer. S. S. S. is guaranteed purely vegetable, the herbs and roots of which it is composed are selected for their alternative and tonic properties, making it the ideal remedy for all blood and skin diseases, as it not only purifies, enriches and invigorates the blood, but at the same time tones up the tired nerves and gives strength and vigor to the entire system.

For Chronic Sores and Ulcers, Catarrh, Rheumatism, Blood Poison, Malaria, Anemia, Scrofula, Eczema, Psoriasis, Salt Rheum, Tetters, Acne and such other diseases as are due to a polluted or impoverished condition of the blood, nothing acts so promptly and effectually as S. S. S. It counteracts and eradicates the germs and poisons; cleanses the system of all unhealthy accumulations and soon restores the patient to health. Write us and our physicians will give your case prompt attention without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

lies in both Cocconino and Navajo counties. The indications for oil are said to be good and an experimental well will probably be put down at an early date to test the field. The locations were made by Winslow and Flagstaff parties and the hope that they have another Beaumont oil field.

Crip Remedies in Great Demand. When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams, of McDuff, Va., says that he was cured of a very deep and lasting attack of la grippe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all druggists.

HOLBROOK.

From the Argus. At the special meeting of the stockholders of the A. C. M. I. held here Thursday, it was decided to increase the capital stock. The following stockholders were in attendance: Jesse N. Smith, J. H. Frisby, J. W. Freeman, J. R. Hulet, John Fish and J. W. Pearce.

J. D. Boone, the gentleman that killed Lime Parker at Sanders, was tried before the justice of the peace at St. Johns last week and put under a \$2,000 bond.

Samuel Taft, chief carpenter at the Hale Creek mine, fell down a shaft Thursday and was instantly killed. The mine is located near Wilkerson.

Sam Williams, an engineer at Fort Apache, died suddenly at that place Sunday morning. He was afflicted with heart disease.

The stomach is the Man. A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure cleanses, purifies, sweetens and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. B. H. Briggs & Co.; S. J. A. SUMMERS, Clerk.

Albuquerque, N. M., March 14, 1903. The board met in pursuance to adjournment.

Present—Hon. T. C. Gutierrez, chairman; Adolph Harsch and Severo Sanchez, commissioners, and J. A. Summers, clerk.

Moved by Adolph Harsch, seconded by Severo Sanchez, that Jesus Romero be and he hereby is appointed judge of the probate court of Bernalillo county, and thereupon the said Jesus Romero filed his bond in the sum of \$5,000 and was duly sworn in. The board then adjourned subject to call of chairman.

J. A. SUMMERS, Clerk.

Albuquerque, N. M., March 23, 1903. The board met this day pursuant to call of chairman.

Present—Hon. T. C. Gutierrez, chairman; Adolph Harsch and Severo Sanchez, members, and J. A. Summers, clerk.

Minutes of previous meeting read and approved.

Whereas, as there is a vacancy in the office of assessor for the county of Bernalillo, by virtue of the act of the legislative assembly of the Territory of New Mexico, approved on the 10th day of March, A. D. 1903, and an act amendatory of the said act, approved on the 12th day of March, A. D. 1903; and whereas, said last mentioned act authorized this board of county commissioners to fill said vacancy by appointing an assessor for the said county of Bernalillo, as now constituted by virtue of said act of the legislative assembly of the Territory of New Mexico; be it

Resolved, That George F. Albright be and he is hereby appointed county assessor for the said county of Bernalillo, to serve until his successor is elected at the next general election to be held in said county for the election of county officers and qualified; and the said George F. Albright is hereby authorized to discharge the duties of said office so soon as he shall qualify as required by law.

And thereupon the said George F. Albright presents his bond in the sum of \$2,000, the American Bonding company, of Baltimore, Md., as surety, which bond the board approved and the said George F. Albright was duly sworn in. Whereas, this board has appointed George F. Albright assessor of the county of Bernalillo, under and by virtue of power vested in it by the legislative assembly of the Territory of New Mexico, and the said George F. Albright has duly qualified as such assessor, the clerk of this board is hereby instructed and ordered to deliver all schedules, books and papers relating to the assessor's office of the said county to the said George F. Albright and to no other person, and he is further instructed to recognize the said George F. Albright as such assessor for the county of Bernalillo and no other person, and all persons in possession of any books, papers, documents and other property belonging to said office, are hereby ordered to deliver the same to the said Albright as such assessor.

The board then adjourned to meet at the call of the chairman.

J. A. SUMMERS, Clerk.

CANADIAN KILTIES

Capture New York—Musical Soldiers are Well Received at the Garden. It was "Hands Across the Sea"—or rather across the Canadian border—at the Madison Square Garden. "The Kilties" Highlanders Band of Canada was the medium of the mighty stretch.

A crowd of Americans filled the great auditorium to hear the crack musicians in king's scarlet and Scotch kilts play. And their welcome was warm. The program began with the "Star Spangled Banner" and closed with "America"—and "God Save the King," sung by the band.

It was a remarkable concert in many ways, for it included bagpipe virtuosity, Scottish dances, songs and instrumental music—a variety of accomplishments few bands can boast of. And among the instrumental numbers were several American airs which were certainly novel to American ears in their unique arrangement.

The old Scottish airs as they were played last night by the "Kilties" were remarkably fine. In their special field the native Scots' music—they were simply delightful. Well drilled, they play with precision and with appreciation of their work.—New York Journal, Sunday, January 12, 1902.

"The Kilties" will be at Colombo hall on March 28.

SHIPPING HORSES.

One Thousand Head Being Shipped From Roswell.

The El Paso Herald says that William McCarthy has left that city for Roswell, N. M., to ship a thousand head of horses to North Dakota.

He has been making his headquarters in El Paso for some time and buying up good horses wherever and whenever he could get them, the contract calling for delivery at Roswell today.

He succeeded a few days ago in making the last purchase to fill out the required thousand head and left today to see that they were safely shipped.

He has secured the best horse flesh that money could buy and expects to make quite a fortune on his purchase when he gets them all to their destination, as good horses fetch a fancy price in North Dakota, and everybody knows that when a horse is taken from New Mexico it is a good animal, for the horse raisers here bring up no other kind.

They may not be the finest racing stock, but they are horses that will give service and that is what the buyer wants. For the racing stock the purchaser will go to the eastern market any how, and the New Mexico man therefore contents himself with and makes a specialty of raising the finest service horse in the world.

GOOD RIDDANCE OF BAD RUBBISH

George Bashford's Sentence Suspended With Stipulation That He Must Remain Out of the Territory.

George Bashford was released from the county jail and left for Colorado yesterday, says the New Mexican. Bashford entered a plea of guilty in the United States district court during the present term and was sentenced to serve a term of two years in the territorial penitentiary by Judge John R. McFie for entering and attempting to rob the postoffice at Tres Piedras. Last February he went into the postoffice at the above named place and covering those present with a revolver demanded them to throw up their hands. They complied. Different stories are told with reference to what followed. Some say that when all had thrown up their hands Bashford laughed and said it was all a joke. Others state that Postmaster Grant ran from the building while Bashford was looking at his watch, he having given the postmaster five minutes in which to open the safe. At any rate a message was sent to this place for an officer and Deputy Sheriff C. R. Huber went to the scene of the supposed attempted robbery. On arriving there he was assured by a number of parties that Bashford had committed the act in a spirit of fun and they even went so far as to raise money to pay the deputy for his time and trouble. Consequently he returned without Bashford. About ten days later United States Deputy Marshal Leatherman arrested Bashford on a United States charge.

When he appeared for trial he entered a plea of guilty and was sentenced by Judge McFie, who afterwards suspended the sentence for such time as the plaintiff shall remain out of the territory and keep the peace. Judge McFie states that it would have been difficult to convict the defendant had he seen fit to stand trial and as he was reputed to be a bad man who knew how to use a gun the judge thought it a splendid means and opportunity of ridding the territory of his presence. If he returns he will be arrested and placed in prison to serve his sentence.

Police Jottings.

Deen Rouse and Fred Cartwright, who have been working around the shops as laborers, were sentenced for fifteen days each by Judge Crawford for attempting to beat a board bill.

The men had secured board at the lodging house of Mrs. E. A. McNeal, on South First street, and owed her for a week's board.

Yesterday they received their time and proceeded to blow it in without settling for their board, or even saying anything about it. Mrs. McNeal reported the matter to Constable Smith, who arrested the men and brought them before Judge Crawford. They had no baggage nor had they made any false statements regarding their work or payment of the bill, but had simply neglected to pay their bills before blowing the money.

Pat Labin guessed he was guilty of being drunk, the judge guessed so to, and their guesses being alike Pat was given five days. He had just been released from jail, having served a three months' sentence for selling whiskey to the Indians at Gallup. He ought to be able to keep out of jail after so many experiences.

"Hughy" Duffy in Trouble.

A dispatch from Milwaukee informs
us that labor unions have invaded the
base ball field and "Hughy" Duffy,
president, manager, captain and center
fielder of the Milwaukee base ball club
of the Western league has been as-
sailed.

The trouble is due to the fact that he
bought the new resplendent uniforms
for his 1903 ball tossers from a sport-
ing house which is said to be on the
unfair list of the American Federation
of Labor.

The Metal Polishers' union of Bos-
ton is aggrieved by this action on the
part of the Cream city manager, and
has sent a communication to the Mil-
waukee Federated Trades' council
asking that an investigation be made.

Business Agent Frank J. Weber, of
the trades' council was appointed to
look into the question at a meeting of
the labor organization last night.

Just what action he will take is as
yet unknown, but until the question
has been settled it is feared that union

Presio

men will hardly dare even watch the
practice work of the Cream city men
who are tossing the ball daily at the
Western league grounds.

BASE BALL ALL SUMMER.

Arrangements Being Made for Games
at El Paso.

The El Paso News says that if the
plans of R. W. Curtis and other local
base ball enthusiasts are carried out,
there will be good games of base ball
in El Paso every week this summer.

Mr. Curtis' plan is to arrange with
the management of Washington Park
for the grounds there, and offer a
sufficient part of the gate receipts to
the teams to pay their expenses while
here to play. He proposes inviting
the teams from Albuquerque, Santa
Fe, Alamogordo, Denning and other
places in New Mexico and Arizona
and Texas to come here and to have
two visiting teams here every week.
To perfect his plans, he has already
communicated with the management
of several of the railroads on the sub-
ject of rates, and thinks that a very
low rate will be made from the vari-
ous points when the team from that
point is to play here.

can cities, creating everywhere a roof-
lifting furor of enthusiasm, and, judg-
ing by the great public interest which
has been aroused, the audience at Co-
lombo hall, March 28, will be one of
the largest and most cordial ever seen
in this city.

Drum Major of "The Kilties."

The drum major of the famous Gor-
don Highlanders' band, Donald Mac-
Cormack, is almost as celebrated
throughout Canada as is Bandmaster
Robinson himself. Mr. MacCormack is
one of the finest specimens of man-
hood in all Canada and it is doubtful if
a more striking looking soldier lives
in the world today. He stands seven
feet and unlike almost every other
extremely tall man is built in propor-
tion to his great height. With his great
bushy towering two feet above his
head and wearing his attractive kilted
regimentals he makes a handsome fig-
ure as he walks ahead of the band-
men. The bandmen are fine men phy-
cally, but they all look small indeed
beside the tall Scottish-Canadian, who
carries the huge baton at the head of
the parade. All eyes will be on the
big man in kilts when the band marches
from the depot in this city. The
band will appear at Colombo hall on
March 28. Make a note of the date and
see The Kilties on parade.

M. MANDELL

THE LEADING CLOTHIER IN ALBUQUERQUE

Gossip of Base Ball and Other Sports

"A pitcher with good delivery and control," says Comiskey, "will generally make good in fast company; that is, if he is able to get the ball away fast."

Catcher Kling, of the Chicago National league team, picked up a little easy money in Los Angeles the other day in match pool games. Two of the experts of the coast were easily defeated, one for \$50 aside and the other for \$75 aside. Kling will be seen here in the ball game on Monday afternoon at the fair grounds.

"Rube" Waddell, the eccentric twirler of Connie Mack's Athletics, is back to his old tricks. At Jacksonville, Fla., the other day he pitched a game and in the last inning he sent all the players with the exception of the catcher to the bench and the two men finished the game alone. "Rube" fanned three men in succession. He struck out fourteen batters in the game.

Sam Crawford, the noted outfielder who got into trouble by accepting \$1,300 advance money from the Cincinnati club after signing with the Detroit, and who at the peace conference in Cincinnati was awarded to Detroit, has thrown up the sponge, so to speak. He will abide by the clause in the peace agreement, play in Detroit, and has returned the \$1,300 advance money.

The first appearance of the Denver players this year will be in Colorado Springs next Saturday or Sunday. The Colorado Springs team has a game arranged for Saturday. If that game is cancelled the Denver players will fill the date; if not, then the first game will be on Sunday. President Packard and Captain Delahanty have been considering the game and the players to be taken to the southern city. The list as made out yesterday includes only one or two of the regular pitchers, as the intention is to try out the new men. The list includes Pitchers Fettes, Painter, Unithink, Barber, Gordon and one out of Lemke, Eyer, Whitridge, Webster; catchers Latimer, Schlie, McCausland; fielders, Delahanty, Mohler, Radcliffe, Dundon, Hartzell, Jones, McHale and Frisk. Catcher Jorgensen was yesterday told that there would be no place for him on the team.—Denver Republican.

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case resulting in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

"Kid" Lewee on a Strike.

"Kid" Lewee has gone on a strike. He will not go to Kansas City unless he has some assurance from Dale Gear that he will get more money than he was paid last year. The lively short stop has sent word to this effect and will spend the summer having a good time in Milwaukee unless the Kansas City American association team manager comes to bat with a promise of a larger sized war for the Milwaukee boy, says a recent dispatch from Milwaukee.

Lewee had received orders to report at Kansas City on April 1 to try on his uniform and get a few corns on his hands before he gets some of the Milwaukee.

waukee team's hot liners, and decided to stay away.

The Blues' little short stop made this explanation of his going on strike: He asked Gear for a contract which would give him a chance to increase his bank account, instead of ending the season with an even balance, and was promised a contract for what he wanted. His contract has not been signed, he says, and he don't care if he is blacklisted. He will not report on April 1 unless his terms are met.

Brush Fights the Invasion.

That there is a plan on foot to hinder the American league putting in grounds in New York is quite evident and it is strongly suspected that Tammany politicians are back of the movement. The Washington Heights local board of public improvements is about to hold a public hearing on a resolution to open streets which would make it impossible to use such land for a ball park.

The whole plan seems to be involved in secrecy and it is not known just who is at the head of the movement. However, Andrew Freedman, principal owner of the National league club, is still a power in the Tammany politics.

"President John T. Brush is not asleep by any means," said McGraw recently, "and you can depend on it that he is not going to allow any such scheme to go through if he can help it. Prominent parties of both leagues have tried to obstruct Mr. Brush and myself in everything that we have tried to do to strengthen the Giants."

\$200,000 to Build Grounds.

That it took sublime faith in the future of the national game as well as nerve to establish an American league ball team in New York is shown plainly enough by the great cost of the enterprise. Joseph Gordon, the president of the New York American club, will spend close to \$200,000 this season for this purpose. How much he will get back this season remains to be seen.

In an interview he said he could hardly help to make money this year. Next year, however, when he figures that his expenses will be about \$65,000 he expects to make a big profit.

"There is only one way to make big money in base ball in New York," said Mr. Gordon, "and that is by getting together a team strong enough to be a winner, and that is what I intend to do. In 1889 I followed this policy with Mr. Day, and the New York club came out more than \$100,000 ahead. The New York club also made more than \$100,000 in 1888. Needless to say the Giants won the championship in those years."

"There is little doubt in my mind that we will secure Delahanty, although the deal may cost us a little more than \$10,000."

"That there are others just as optimistic as myself in regard to the success of the club is proved by the fact that I could get today \$200,000 for my franchise, lease and other rights without the turning of a spade to get the field in order for the season."

Trouble in the Association.

All the teams in the American association are now practically complete, and at least five of the eight are counting on finishing near the top. Indianapolis and Louisville, the pennant winner and runner up of last season's race, of course expect to be strictly in the going, while Dale Gear's Blues look exceedingly promising.

There was indignation in the camp of the Blues this week, when it was announced that Manager Cantillon, of Milwaukee, had signed Bob Wood, formerly of the Cleveland American league club. Wood had been claimed by George Tebeau for Kansas City, and Manager Gear had fully expected to secure him to complete the catching department. To date, Maloney is the only experienced man Gear has for backstop, but there are a couple of youngsters who will be tried out.

Gear had counted on getting Wood. He is a good catcher and a fine man to jump in and do infield work when necessary. The local management was dickering with him, and at the time Gear said he thought some other manager was also after the man. It now develops that Cantillon and Gear were bidding against each other. Except to say that he thought he had a prior claim to the catcher, Gear will not talk of the matter, but it is understood a protest will be sent to President Hickney.

Dr. Wood's Norway Pine Syrup seems especially adapted to the needs of the children. Pleasant to take; soothing in its influence. It is the remedy of all remedies for every form of throat and lung disease.

Loftus Talks on Delahanty. "Delahanty must first report to Washington and make himself look good to me. Then he may have a chance to have a trade pulled off by which he might be transferred to New York, but unless he first shows good

faith with Washington he will be out of base ball."

This is the way Tom Loftus sizes up the case of "Big Ed" Delahanty, who wants to desert Washington for McGraw's New York team in spite of the two major base ball leagues and the Cincinnati peace conference, says a dispatch of recent date.

Manager Loftus passed through the city of Chicago en route to Washington, where the Senators are now taking their spring practice.

"McGraw and Brush don't seem to know that the two leagues have got together yet," said Loftus. "You know when they were all at the 'Laferty' club holding each other's hands and singing 'In the Good Old Summer Time.' Brush said: 'You can make me swallow it, but you can't make me say I like it.' Well, I guess John T. is still having that same trouble. He and McGraw will wake up, I guess, before the season opens."

Young Corbett and McGovern.

As considerable interest is being manifested in the championship battle to be fought before the Hayes Valley Athletic club, of San Francisco, between Young Corbett and Terry McGovern, on next Tuesday night, the following list, showing the men each have met in the ring and the time it took each to dispose of him, is interesting "dope" for those who look to past records to find out where to lay their money:

Young Corbett—George Dixon, won, 10 rounds; Kid Broad, won, 10 rounds; Eddie Santry, knockout, 2 rounds; Oscar Gardner, knockout, 6 rounds; Eddie Lenny, no decision, 6 rounds; Austin Rice, won, 17 rounds; Billy Maynard, no decision, 6 rounds; Eddie Hanlon, 10 rounds, draw. In his fight with Terry McGovern, which won him the championship, on Thanksgiving day of 1902, he was victorious in two fast rounds.

McGovern—George Dixon, knockout, 8 rounds; Kid Broad, won, 6 rounds; Eddie Santry, knockout, 5 rounds; Oscar Gardner, knockout, 4 rounds; Eddie Lenny, won, 2 rounds; Austin Rice, knockout, 14 rounds; Billy Maynard, knockout, 4 rounds.

There will be many challenges issued to the winner of the Young Corbett-McGovern fight. Already five fighters have defied ready. They are Abe Attell, the California featherweight; Tim Callahan, of Philadelphia; Benny Yanger, of Chicago; Billy Maynard, of San Francisco, and Kid Broad, of Cleveland. If McGovern wins Yanger will get the first chance, but if Corbett gets the long end Eddie Hanlon will undoubtedly be asked for another fight.

THE HEAVIES.

Thirty Thousand Dollars Bid for Jeffries-Corbett Fight.

Paddy Carroll, the south side boxing promoter, is blossoming out as a major prize fight impresario, and is now looking for fame and fortune by trying to pull off a world's championship match, says a Chicago dispatch of recent date. Yesterday Carroll said he would offer a purse of \$30,000 for the Jeffries-Corbett match and in addition would post a forfeit of \$10,000 that he could pull off the mill within easy access of a city of 350,000 population east of the Rocky mountains.

Carroll seems to be acting with the utmost sincerity and will confer with Billy Delaney, manager of Jeffries, some time soon in regard to the matter. He refuses to divulge the place he has in mind, but claims that the law would not interfere, even if a finish fight were to be pulled off.

That he is willing to post \$10,000 as a forfeit shows that he is sure of his ground, but local fight fans do not take the offer very seriously. Buffalo seems to be the only place that fits the description, and a finish fight even there is impossible.

Who is interested with Carroll is another secret, but the promoter says that if his offer is accepted he will announce the names of the men back of him and the place of the battle in due time, at least a month before the fight.

"Yes," said Carroll, in speaking of the matter last evening, "I am sure of my ground or I would never make so

foolish a break. The bout can be fixed all right and a finish fight will go if the men want it. There is absolutely no chance of interference and the site will be easily accessible to the fight fans."

"If my offer is accepted I stand ready to post a forfeit of \$10,000 to guarantee that I can pull off the fight as agreed. That ought to stand for itself. In addition, I will post the remainder of the purse—\$20,000—in the hands of any stakeholders the fighters may choose before they enter the ring. This may sound like empty talk, but it is straight."

Ten thousand demons gnawing away at one's vitals couldn't be much worse than the torture of itching piles. Yet there's a cure. Doan's Ointment never fails.

GENERAL SPORTING NOTES.

Caronell, a 100-to-1 shot, captured one of the events at Oakland, Cal., on Tuesday.

An offer to bet \$10,000 at evens on McGovern against Young Corbett has been made in New York.

Champion James J. Jeffries has decided on Los Angeles as his training ground for his coming fight with Jim Corbett.

L'Etrene, one of the best sprinters that has been seen at New Orleans this winter, will be bred to one of Ed Corrigan's imported stallions.

Milton Henry is exercising George C. Bennett's horses at Memphis and it will not be surprising if he is granted a license by the Western Jockey club. Charlie Ellison has made no entries for the Saratoga handicap, but for some of the other rich fixtures he has named Skiffull, Harry New and Capt. Arnold.

The most talked of horse in Sam Hildreth's barn at present is Topsoil, an American Derby candidate that beat Dick Welles, Savable and other good ones.

Tod Sloan is about to lose his home in Brooklyn borough. The jockey borrowed \$7,000 on the property over two years ago and has not made a single payment of interest.

Jimmy Britt has posted a \$500 forfeit for a return match with Jack O'Keefe. While Sig. Hart may grant him this, it will probably be some time before the mill is arranged.

Johnny Reagan, the only bantamweight who has been able to go the route with Harry Forbes to a draw, and who has returned to St. Louis to train, will be the next to go after Harry's scalp under championship conditions.

Ben Jordan, the English featherweight champion, is anxious to meet "Kid" Lavigne, the ex-lightweight champion of the world, for the purse offered by the National Sporting club, and is willing to agree to the "Kid's" demand that he weigh in at 130 pounds.

Joe Gans, the champion lightweight pugilist, knocked out Jack Bennett, of McKeesport, in the fifth round in a fight recently. Gans, up to the last of the fight let Bennett do the fighting. Then the negro started in and knocked his man down three times, the last time for the knockout.

The Rovers Athletic club, of Pueblo, Colo., has signed Jim Flynn and Cyclone Kelley, of San Francisco, for a twenty round fight, to take place before the club on March 31. Flynn is one of the fighters who gave an exhibition in this city during last fair, promoted by H. E. Sherman.

Andy Tokell, the English bantamweight, says that he is disgusted with America and that he intends to return home as soon as he gets money enough to pay his passage. If Tokell had found things as easy as he had expected he undoubtedly would feel different toward us.

"Kid" Carter, the middleweight fighter, will start east from San Francisco in a few days, when he is to meet three of the best men in Philadelphia. The three men who Carter is to meet will in all probability be Joe Choyinski, Jack O'Brien and "Kid" McCoy. These three mills are now being arranged and should be the biggest drawing cards of the season.

What's in a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered some years ago, how to make a salve from Witch Hazel that is a specific for des. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases, DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

Mrs. Simon Neustadt, of Los Lunas, is in the city shopping and visiting.

Mrs. Felix Lester, after an extended visit in the east, has returned to the city.

Mrs. A. Mugler, of Santa Fe, is here visiting her daughter, Mrs. H. Hase. Mrs. Mugler expects to be in the city some time.

Mrs. Frank Ackerman entertained last night at an "Old Maids' Party." Quite a number of her lady friends were present.

Mrs. L. W. Owen, organizer for the International Sunshine society, spoke to a goodly audience at the Lead Avenue Methodist church last night.

Thomas Hall, of Hall & Learnard, the square music dealers, returned this morning from a trip of two days in the southern part of the territory.

Mr. and Mrs. A. C. Becker and children, of Chicago, are here visiting with the family of A. J. Maloy. They are stopping off a few days while returning home from a visit to the coast.

The First Regiment band will visit Corrales next Sunday and remain until Monday, to help celebrate the creation of the new county of Sandoval and the appointment of the new county officers.

N. E. Stevens, of this city, has been appointed territorial secretary for the Independent Order of Odd Fellows by Grand Master Jelfs, of Raton, to fill the vacancy caused by the resignation of H. T. Unsell.

Millinery Opening.

The millinery parlors of Mrs. L. H. Shoemaker, 205 West Gold Avenue, were crowded this afternoon with ladies looking for spring hats.

Mrs. Shoemaker has a lovely lot of millinery creations and they are displayed with excellent taste. Each lady visiting there during the opening days will receive a chance on a lace collar. The opening will continue over tomorrow.

Minnesota Teachers in Session.

St. Cloud, Minn., March 27.—Several hundred teachers took possession of St. Cloud today and the city was patriotically decorated in honor of the seventh annual meeting of the Northern Minnesota Educational association. The convention was formally called to order at the normal school this afternoon by H. E. White, of Princeton, president of the association.

To Promote Good Reading.

Atlantic City, N. J., March 27.—The Philadelphia Library club and the New Jersey Library association began a two days' joint conference here today to consider the best methods of promoting good reading, and the relation of the public library, public lectures and university extension teaching in promoting it. The participants include librarians and educators from Princeton, Philadelphia, Newark and elsewhere.

Gates to Answer Morgan.

New York, March 27.—The members of the interstate commerce commission came to New York today to continue the hearing of the case commonly known as the southern merger. This is the case brought by the Kentucky railroad commission against the Atlantic Coast line, the Southern railway, the Louisville & Nashville, the Cincinnati Southern, the Cincinnati, New Orleans & Texas Pacific, and the Chicago, Indianapolis & Louisville railroad companies. The complaint alleges that the defendant lines aggregate 25,000 miles and have an operating of more than \$130,000,000, and that J. P. Morgan & Co. have secured practically the controlling management of all of them.

Book Sale in Philadelphia.

Philadelphia, March 27.—The sale of the second part of the library of Harold Pierce, of this city, began today at the book auction rooms of Davis & Harvey, is attracting widespread attention owing to the record prices realized at the sale of the first part of the library earlier in the month. Many of the best known collectors in the country have sent representatives to the sale which is to continue two days. The collection to be disposed of includes first editions of the writings of William Morris and productions of the Dove Press, the Essex House Press, the Yale Press, the Daniel Press and the Kelmscott Press.

Electricity for Swedish Roads.

Stockholm, March 27.—Plans are being made for the adoption of electricity as motive power on the crown railroads of Sweden. The interesting fact about the project is that the estimates have been based upon the adoption of the system of an American electrical engineer, H. Ward Leonard, of New York, whose ideas and plans have been taken up by one of the great Swiss manufacturers, and are now being introduced in Europe. Another interesting feature is the proposition to utilize not only the water powers but the peat beds of Sweden, in order to secure the necessary electrical energy. The greatest distance from any one

power station to the most remote point of its districts is 100 miles. This makes possible that in case of emergency neighboring stations can help each other.

Berry to Meet Tim Kearns.

Milwaukee, Wis., March 27.—The card provided by the Milwaukee Boxing club for its show tonight looks promising. In the windup of the evening Charles Berry, a local lightweight, will meet Tim Kearns, of Boston, in a return match. The two men met several months ago, when Berry lost on a foul in the second round. Since then Kearns has fought several times, knocking out Art Simms in five rounds and "Kid" Black in one.

Anglo-American Chess Game.
