## IMPROVEMENT IN LIVESTOCK AND RANGE CONDITIONS IN THE WEST REPORTED

Federal Bureau at Denver Issues Report on Conditions in 17 States for the Month of October.

### RAIN AND SNOW HAVE BROKEN THE DROUGHT

Average Is 81 Per Cent of Normal, Compared With 80 Per Cent When Previous Survey Was Made.

Denver, Nov. 16.—General improvement throughout the west in livestock and range conditions during the month of October is indicated in the monthly reports issued tonight by division headquarters here of the federal bureau of crop and livestock estimates.

Rain and snow coming on the heels of a comparatively extended period of lack of precipitation improved the open ranges in six western states sufficiently to offset the slight deterioration elsewhere in the west, declared the report, which is compiled from reports of field statisticians.

The average condition in the 17 range states was November 1, the reports states, was 81 per cent of normal, compared with 80 per cent on October 1, this year. These averages refer chiefly to the open range. The greatest improvement was in Texas, Montana, Wyoming, Nevada, Washington and California, according to the report.

Being the best since November 1, the first month to bring real winter to the west, is expected to further improve range and farm pasture conditions, the report states. The condition of range cattle declined somewhat during October, the average on November 1 being 82 per cent of normal, compared with 83 per cent one month previous.

Heavy marketing of cattle has been general in the last few months, throughout the western states, due partly, the report says, to scarcity of feed and partly to the stock men being forced to sell to meet their obligations.

### REPRESENTATIVE DID NOT SPEND A DOLLAR IN RECENT CAMPAIGN

Washington, Nov. 16.—Representative Graham, republican, Illinois, did not spend any money in his campaign for re-election and he so stated in a report filed today with the clerk of the house. But he added this, said to be different from anything ever put in an expense report heretofore: "Owing to the fact that the senators from my state have absorbed all the federal patronage, and owing to the further lamentable fact that during the campaign I have been prevented from naming postmasters while it makes me responsible for these appointments, I have thought it the better part of discretion to promise nobody anything, and hence I am as virtuous as a new born babe as far as promises are concerned. I have made none."

## PCKING MERGER BONAR LAW WILL CONSIDERED BY U. S. OFFICIALS

Government Officials Reserve Decision in Regard to Consolidation of Armour and Morris Plants.

Washington, Nov. 16.—Government officials reserved decision today with regard to the proposed consolidation of Armour and company and Morris and company, two of the "Big Five" Chicago meat packing concerns, which was placed before them yesterday by J. Ogden Armour. It was indicated there would be no final opinion for some days.

Meantime, the various details of the consolidation plans its probable effect on the industry as a whole and the producing and consuming public were receiving careful study, at the department of agriculture, Chester Morrill, assistant to Secretary Wallace, who is in charge of the administration of the meat packers and stock yards control act, held all day conferences with department experts on marketing and other related lines.

Armour Sees Handing. Mr. Armour had expected an early decision on the matter. He had half an hour's conference with President Harding today but declined to talk about it, nor was any statement regarding it forthcoming from the White House. So far as is known, Secretary Wallace had not taken up the Armour plan with Mr. Harding.

Attorney General Daugherty was confined to his apartment with a slight indisposition, but at the department of justice it was indicated that the question was not receiving immediate consideration, since no plan in detail had been submitted.

Being the National Council of the Farmers' National council, announced that he was writing Secretary Wallace and Attorney General Daugherty asking full information concerning the Armour plan, and the conditions of the proposed "packing control" through legislation and less of packer control of the government.

While Mr. Armour still declined to discuss the projected acquisition of Morris and company, the concern of which he is the head, information from other sources was that such a consolidation would place Armour and company in a position to control the packing of meat in the United States and distributing stations in Europe and Cuba. Its capital is \$40,000,000.

### ADDITION FOR STATE ASYLUM MEETS DELAY

Fire at Las Vegas Mills Holds Up Work on Several Other Large Structures in New Mexico.

Special to The Journal.  
Las Vegas, N. M., Nov. 16.—One of the most serious features of the big fire that destroyed the Gross Kelly and company lumber mill here Tuesday night is that it will delay work on a number of buildings which are under construction here and in other parts of the state. One of the most important of these is the addition to the New Mexico Hospital for the insane. All of the doors, sash and other material has been completed and stored in the mill for delivery when the structure had advanced to the point where they were needed.

A large number of closed lockers which had been completed for the new Catholic school here, much of the mill work for the new Las Vegas Baptist church, now nearing completion, and finished material for a number of school houses outside the city, were entirely destroyed.

### STATE BOARD TO BE INFORMED OF VOTE COUNTING

District Attorney Says Action of Sandoval County Commissioners Gives Ground for Such Action.

Attention of the state canvassing board will be called to the alleged irregularities in the handling of the ballots cast in Sandoval county in the recent election, according to District Attorney R. B. Garcia of this city. Mr. Garcia said yesterday that had it not been for the absence of Judge M. E. ### COMPACT TO BE DRAWN TO ALLOT COLORADO WATER

Commissioners Agree Finally Upon Main Principles Which Will Govern Seven Interested States.

Santa Fe, Nov. 16 (by the Associated Press).—The Colorado river commissioners tomorrow will start the actual work of writing a compact for the allotment of the water of the Colorado river. The commission, headed by Herbert Hoover, its chairman, began its meetings here in executive session on November 9.

The commission today did not announce all the details of the compact. Its announcement was the agreement will provide for dividing the basin into two groups, Utah, Colorado, Wyoming and New Mexico, will be played in the upper division, while Arizona, Nevada and California will be in the lower division. These divisions will divide the water of the river. The commission did not announce where the water passing from one division to another would be measured, nor did it announce the technical details of the compact, such as the agreement reached upon the actual figures covering the volume of flow of the river.

No announcement was made, either, concerning any provision for possible all future agreements for the republic of Mexico. A provision, however, was made for the summoning of a second commission in the future to provide for an equitable division of the allotted water, the present commission apparently not being desirous of taking full responsibility for all time division of the flow of the river.

Agriculture will be given preference in rights for use of the water of the stream, according to the commission's announcement, and none of the existing rights in the river basin will be disturbed.

Chairman Hoover announced that the commission was in full accord regarding the urgency of the immediate erection of control work to protect the Imperial valley, California, from floods.

Secretary Weeks Declares the War Draft Showed a Deplorable State of Illiteracy Among the Men.

### BETTER CITIZENSHIP IS ONE GOAL SOUGHT

Many of the Physical Defects Disclosed Could Be Corrected by Proper Training in Our Schools.

Washington, Nov. 16.—Under leadership of the war department representatives of a number of schools, colleges and organizations dealing with the mental and physical betterment of the race went into conference here today in the hope that the present method of developing young Americans to better citizenship could be evolved. As a basis from which to proceed, the conference was told by Secretary Weeks that statistics of the war draft showed a deplorable percentage of illiteracy.

Mr. Weeks and General Pershing and Brig. Gen. William Lister addressing the conference laid stress on the fact that war experience had demonstrated that a great proportion of the physical defects disclosed could be corrected by proper systems of physical training and development beginning in schools. Mr. Weeks pointed out that good physical conditions among the men would materially aid in their mental development and of such ideals of citizenship as would go far to offset waves of popular unrest and the work of un-American agitators.

At information gathered by the war department from several years of study of draft statistics in connection with actual war experience was placed at the disposal of the conference, which divided itself into sub-committees which will report at a general session of the conference Saturday.

General Lister declared the draft had shown that only one-third of the men were actually skilled in their trades actually possessed a degree of skill to warrant a rating of journeymen.

## APPEAL IS LOST BY A CRITIC OF STANDING ARMY

Major Malcolm Wheeler-Harrison Petitions Harding Asking for Reversal of Board's Decision.

Boston, Nov. 16.—Major Malcolm Wheeler-Harrison, critic of the regular army, has lost his appeal from the classification which makes him subject to discharge and has sent a petition to President Harding asking for reversal of the action.

The officer's year was declared in a letter to the president that the army had been "Prussianized" and published a pamphlet entitled "The Regular Army—Reform It or Abolish It."

In June he was tried by a court martial at Camp Dix, N. J., for violation of the Ninety-sixth article of war, was found guilty and reduced 59 files.

Subsequently he came before the classification board at the first corps area headquarters here on his request that he be taken out of Class B into which he had been transferred from Class A, while on duty with the army of occupation at Coblenz. The board's refusal to change his classification now becomes public for the first time.

In his petition to President Harding, Major Wheeler-Harrison reviews the records in his case, asserts that General Pershing and other officers have been prejudiced against him and asks that he be retained in the service.

## CALOMEL IS A DANGEROUS DRUG

Next Dose may Salivate You, Loosen Teeth or Start Rheumatism

Calomel is mercury; quicksilver. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headache, constipated and all muddled out, just go to your drug store and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.—Adv.

## Do You Really Know What a Pressure Cooker Can Do for You?

The thing that has encouraged us most in the introduction of pressure cookers in Albuquerque has been the unanimous approval accorded them by their purchasers. People buy them and in a week declare they would not know what to do without them.

What can a pressure cooker do for you? First, it will enable you to use and make palatable the cheaper cuts of meat—shoulders, etc. It saves time, labor and fuel, enabling you to prepare an entire meal in the one vessel—and forget about it—no danger of burning.

For instance, it cooks roast meat for five people, vegetables and pudding in 35 minutes over a very small fire after the first few minutes. It cooks an old chicken thoroughly in forty-five minutes—it cans fruits in the jars.

The pressure cookers we sell are absolutely fool-proof, so simple that a child can use one. Come in and see them.

Austin, Tex., Nov. 16.—A detachment of Texas rangers under command of Capt. Frank Hamer probably will leave here today for Breckenridge to investigate complaint by the Mexican consul general at San Antonio that Mexican residents are being intimidated.

Secretary Hughes communicated with Gov. Neff today and while no orders have been issued it is understood preparations are being made to send state officers to Breckenridge.

**U. S. STATE DEPARTMENT  
ACTS IN BOTH CASES**

Washington, Nov. 16.—Secretary Hughes' communication to the governor of Texas demanding that adequate protection be accorded Mexican nationals in Breckenridge, Tex., alleged by officials of the Mexican embassy to be in danger of mob violence, was prompted by a protest received from the embassy last night. The Mexican note was received after a similar protest with respect to an incident at Welasco, Tex., where a Mexican citizen was said to have been lynched.

Action of the state department was taken immediately in both cases, separate telegraphic communications to the governor of Texas charges against Texas state officials, contained in the Mexican protest, which alleged that there had been complicity in the Welasco incident on the part of the Texas officials.

The Mexican protest with relation to the situation at Breckenridge dealt with a future and not a past event and the state department not alone asked that the governor investigate and report, but urged that every protection be accorded to Mexican nationals who might be in danger. The Mexican embassy was informed informally advised of the action.

B. OF R. T. PRESIDENT**

Fort Worth, Tex., Nov. 16.—Reference to the name of Warren E. Stone was contained in a statement issued here today by W. G. Lee, president of the Brotherhood of Railroad Trainmen, in commenting on press dispatches to the effect that as president of the engineers' brotherhood Mr. Stone had sent out circulars advising members of his organization to become organizers of the switchmen's union, rival of the trainmen.

"I am not surprised at anything Mr. Stone might do, since he has become quite an organizer lately and is very active in the business and labor methods of today are wrong," Mr. Lee declared.

"I will say, however, that the trainmen will continue to handle their own affairs in their usual manner, making good the agreement made with their employers at all times, regardless of any threat made by Mr. Stone to 'put them out of business.' If they do not follow some of the 'Red' ideas of others."

## ROTARIANS ARE ASKED TO THINK OVER TWO BILLS

Bursum Indian Bill and All Year Park Bill Discussed; Resolution on Former Introduced to Club.

Albuquerque Rotarians yesterday listened to an address to protest against the Bursum Indian bill and entertained a resolution opposing the bill supported by Secretary A. B. Hall for an "All Year National Park" for southern New Mexico.

The principal speaker was Francis C. Wilson of Santa Fe, former U. S. Indian attorney, and now a representative of the New Mexico Association on amendments to the Wilson explained the senate bill No. 3855 known as the "Bursum bill" and charged that it would destroy the traditional governments of New Mexico Indians, if passed.

He opposed the bill on the grounds that it would deprive the bureau of Indian affairs of authority to handle problems manifestly within the province of the bureau and that it would give authority to a court of law which would not be in a position to understand Indian affairs.

# HOPPE WINS HIS SECOND CONTEST IN CUE TOURNAMENT

Defeats Walker Cochran, 500 to 162; Makes Two Runs of 192 and 169; His Third Best Is 63.

New York, Nov. 16.—While Hoppe tonight won his second match in the International 8.2 ball line championship tournament, his victory of 500 to 162 over Walker Cochran was built up on two massive runs of 192 and 169. The third best run was 63. The average of the former champion was 55.5-9. Cochran fell to an average of 20.2-8.

# Thousands Of Women Are Now Taking This Newer Form Of Iron

Worn-out Housewife Tells How She Quickly Regained Her Health and Strength.

"Only a short time ago I was so tired, nervous and worn-out from the drain on my nerves and strength of household duties, that I thought I could not keep up another day. A short time ago I was so tired, nervous and worn-out from the drain on my nerves and strength of household duties, that I thought I could not keep up another day."

"The above is a typical hypothetical case," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Out-Door Dept.) New York, and the Western County Hospital, "You cannot be well and strong and full of vigor, force and power unless your blood is rich in iron. It is your red blood that enables you to resist and overcome disease and that nourishes every organ in your body. Without iron your blood becomes thin, pale and watery. Poor blood cannot nourish your vital organs and as a result you may have pains in your heart or kidneys, indigestion, headaches, and feel all 'run-down' and tired out."

When your blood lacks iron do not waste your time taking stimulating medicines or narcotic drugs, but directly enrich your blood with the newer form of iron sold by all druggists under the name of Nuxated Iron, which is like the iron in spinach, lentils, and apples, and is to a form easily assimilated into your blood.

Get a bottle of Nuxated Iron today. Take it for two weeks and if you have not gained health, strength and energy, the manufacturers will promptly refund your money. The following local druggists will sell you Nuxated Iron with this "satisfaction or money back" guarantee.

# 700 PEOPLE AT HOOVER DINNER IN ALBUQUERQUE

Report of Manager of Chamber of Commerce States Several Hundreds More Wished Tickets.

The following partial report of Manager M. L. Fox of the chamber of commerce, on the Hoover banquet, was presented to the board of directors of the organization at their regular meeting last night:

"To the Board of Directors, 'Albuquerque Chamber of Commerce':

"The chamber of commerce banquet, given in honor of Secretary of Commerce Herbert Hoover and the members of the Colorado river conference, in session at Santa Fe for the purpose of apportioning the waters of seven states, was attended by more than 700 guests. More than 500 people were given opportunity to see and hear the program from the galleries of the Armory."

Both Governor Campbell and Director of Reclamation Davis recommended that the people of Albuquerque become aware of the necessity of having the McNary bill become a law, and of taking advantage of the agricultural possibilities at our door.

"Ward Bannister of Colorado, spoke on the Colorado river project and the interest of the seven states—New Mexico, Colorado, Utah, Wyoming, Arizona, Nevada, and California—in the apportionment of the waters tributary to the Colorado."

"Senator Holm O. Bursam spoke briefly on the status of the Smith-McNary bill and what it would mean, were it a law, to the people of New Mexico."

"Governor M. C. McChesney spoke a few words of welcome to the visiting delegations, aggregating 48 in number."

"Robert E. Putney, president of

the chamber of commerce, acted as toastmaster, and O. N. Marron spoke less than five minutes for the board of directors.

"When the guests arrived from Santa Fe, the ladies were welcomed by Albert J. Fountain, Sr., and the wives of the directors of the chamber of commerce, and taken for a drive about the city."

"To bring Secretary Hoover and the members of the commission from Santa Fe to Albuquerque was only possible through the efforts of a number of Albuquerque citizens who sent their cars to Bishop's lodge for that purpose. Mr. Putney, Louis Hield, Max Nordhaus and C. C. Magee sent their cars, while Dr. David Spence Hill, Dr. Evelyn Friable and Mrs. W. C. Reid drove their cars to Bishop's lodge and returned with the guests."

"For the music, thanks are due to Maurice Klein, who sang 'O, Fair New Mexico' and 'America,' and to the 'Fountain Quartette,' consisting of the son and two daughters and the granddaughter of Judge Albert J. Fountain, Sr. of Mesilla, Dona Ana county, who came 250 miles, and contributed their time and wonderful accomplishments to the entertainment of Secretary Hoover and the other guests at the banquet. For the costumes, songs and dances, prepared by the Fountain family from the period when the Spanish dons were supreme in this country, the quartet would accept no financial remuneration."

"The newspapers of Albuquerque were of the greatest assistance in the free publicity they gave to the banquet and the program. It was found impossible to give time for representatives from Wyoming, Utah, Nevada and California to speak even a word, though men of high official position were there from each of the states. Frank H. Hitchcock, former postmaster general, was present."

"As it was, the program lasted four hours, and no higher compliment could have been paid to it than the fact that no one left the hall before the program was ended except the people who had to leave to take the 10 o'clock train to Helen, Socorro and other points between Albuquerque and El Paso."

"It was most regrettable that some hundreds of Albuquerque people who sought to secure tickets in the last 24 hours could not be accommodated. At the last

moment arrangements were made with one of the restaurants to feed 100 more than the 600 served by Mrs. Winnie. Then more people were provided for, until the total ran up to nearly 750.

"The Associated Press carried the story throughout the whole of the United States and the newspapers of New Mexico commented on it as a phenomenal achievement."

"But for the tireless energy of D. B. McKee, secretary of the chamber of commerce, who put in one whole night and all of the next day getting tables and other equipment in place, the banquet could not have succeeded as it did."

"Mr. Putney devoted practically all of Saturday to getting the affair going in good shape."

# MARTIN GOETZ GOES TO ILLINOIS TO FACE A CHARGE OF BIGAMY

George J. Fiedler, chief of police of Blue Island, Ill., arrived in the city last night to take in charge Martin Goetz, who has been held here for several weeks awaiting an officer to take him back to Illinois to face a charge of bigamy.

Goetz's second wife, whom he married in September and who was with him here when he was apprehended, will be taken back to Blue Island with him.

Chief Fiedler was accompanied by Mrs. Fiedler.

# EXTENSION OF FEED RATES COVERS ALL ROADS IN THE STATE

The El Paso and Southwestern railroad and the Southern Pacific railway, some time in October, extended to December 31 the time limit on shipments of cattle out of the state. With the extension by the Santa Fe, shippers now have additional time in which to use the three most important railways of the state for shipping cattle to more favorable pastures. It was stated yesterday by the New Mexico Cattle and Horse Growers' association,

In the past year, \$1,000 automobile dealers in the United States have gone out of business, with a loss of \$233,000,000.

# Theaters Today

"B" Theater—"Up in the Air About Mary" is the main attraction at the "B" today; also presenting a two-part Hall Room Boys comedy, "No Money to Guide Them."

Lyric Theater—Alice Calhoun, popular film star on this circuit, starring in "The Girl in His Room"; also presenting a two-part comedy entitled "Torchy's Feud."

Pastime Theater—"A Fool There Was," with an all-star cast, is being repeated today; also repeating the comedy, "The Reporter."

TRIUMPH BRIDES GLAD ROMANCE SEEN IN PLAY "UP IN AIR ABOUT MARY"

Mary was a daring beauty! She ran away from satin, tulle and orange blossoms, to gingham, pique and a sweetheart in overalls. By that time everyone was "Up in the Air About Mary," particularly the bridegroom, who had been left at the church, and mother who was all ready to give the bride away—when the bride ran away!

"What chance had a country boy to win so delectable, so adorable, so expensive a feminine creature as Mary? Where there's a will there's a way, and Joe had a way of his own which took everyone by surprise. "Up in the Air About Mary," the Associated Exhibitors bathing girl feature comedy showing at the "B" theater, features Louise Lorraine and Joe Moore.

"A FOOL THERE WAS" IS STRICTLY UP TO DATE, REPEATING AT PASTIME

One of the principal reasons for the unusual success of the William

Fox production of "A Fool There Was," which is being repeated at the Pastime today, is the fact that motion picture fans have realized the tremendous advance in cinema making by comparing the new version of the famous drama with the one made years ago. The only similarity is in the title.

A striking realization of the rapid strides of picture production comes immediately to the spectator in watching the unfolding of the 1922 drama. Settings gorgeous and modern, in taste of refinement; lightings, direction, gowns and clothes; and the general appearance of the new picture make the old drama look like a dime novel with a paper cover.

Based upon Rudyard Kipling's famous poem, "The Vampire," the adaptation has been made with an eye toward writing it about people of present-day life. There is a modern note in the current production which surpasses the usual method of delivering a dramatic theme.

Estelle Taylor and Lewis S. Stone play the principal roles.

BY JANE PHELPS

### DISSATISFIED HILDA.

Chapter 52.  
In Mr. George Fallon's office was a woman of about 40 who had for years acted as his private secretary. She was a good-looking, well-poised woman, who had made herself invaluable to the firm. Her name was Jones, and from the first she had taken an interest in Nellie, while the younger girl thought her a perfect pattern of all a business woman should be.

"I like the way you dress, Nellie," she once said.

"That's Cora's fault, not mine! I'd be a regular fluff-ruff if it wasn't for her."

"Miss Baker is an unusual girl," Miss Jones had made Cora's acquaintance after she opened her adjoining office. "You are very fortunate to be with her, to have her for a friend."

"Don't I know that! I never would have amounted to a hill of beans if it hadn't been for her."

"I think you would, Nellie, but perhaps you would not have got on so quickly. I was a great deal older than you are before I had so good a salary—or was given so much responsibility. That, with this firm, means a good deal. It is a great thing for a young girl to have the respect of her employers, and you have won it. I am very glad for there never has been a girl here who I would have liked to see in my place—until you came."

"Your place?—you aren't going to leave?"

"No, I am not. I am getting along, and perhaps—some day."

"Mr. George never would let you go, never!"

"We won't talk about that, but you keep on giving the best that is in you—and study—learn to understand the details of the business, the things entrusted to you. No one knows what the future has in store for them—I—"

"How do you know he can't?"

"I'm tired to death of working. I'm only staying on until I find a fellow who can take care of me, and he can."

"How do you know he can't?"

"I'm tired to death of working. I'm only staying on until I find a fellow who can take care of me, and he can."

"He's in an office and gets \$35 a week. Most of the girls I know feel just as I do. They work because they have to, but they're looking for someone to marry."

"You'll be jumping from the frying pan into the fire, as Miss Carter used to say," Nellie had listened in silence until Hilda finished. "And I miss my guess if you don't find the fire a darn sight hotter than the frying pan. From what I've seen of married folks—folks like us, they don't have no Sunday School picnic. The girls who work have them skinned to death. Please give me five cents for car fare, or 'Mary needs new shoes,' or 'Tommy has the measles,' where's the money coming from to pay the doctor?—Isn't it with your own pay envelope, that you can blow what's inside just as you want to. Especially if Tommy and Mary's pay isn't all right, and think more of himself than of you and Mary and Tommy. That's a stiff dresser you're caught on to, but if he dresses like that and only gets \$35 a week, how's he going to pay rent and dress you? To say nothing of the twins when they come! I don't say there aren't some all right married folks—but I haven't been introduced to them. I never heard of a girl marrying just for a home that was happy."

"Perhaps when you get as tired of working as I am you'll talk differently."

"Nix on the marry for little Nellie! Give me liberty or give me death!" she quoted in a way that convulsed even disinterested Hilda.

"Wait until the right man comes, Nellie," Cora broke in. Then to Hilda: "Be sure you know all about the man you marry, Hilda—as much as possible. If you love him and he loves you, you won't mind hardships so long as you are together. But if you don't have love—you never will be happy."

"Well, I'm not happy now, so what's the difference?"

Tomorrow—An Amusing Episode.

## HOUSEHOLD SUGGESTIONS

**Sewing Sense.**  
Think twice before you buy materials to be made up. Some women waste money every year in buying materials which are never used.

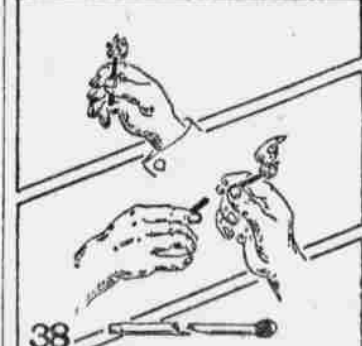

**Fresh Vegetables.**  
Vegetables that are wilted may be freshened by soaking them in cold water containing a little salt for a short time before using them.

**Sunburned Curtains.**  
When the curtains are so sunburned that it is impossible to get them pure white, why not dye them? Dip them in diluted coffee, the darker you want them the stronger the coffee should be.

**Cheap Napkins.**  
In these days of expensive linens, napkins can be made from the good pieces of the worn tablecloth. Cut out the good squares and either hem them or run around with a simple crochet stitch.

**Inexpensive Bandages.**  
Sterilized bandages can be made at home by tearing a clean old sheet into strips, rolling them and then placing them in an airtight jar. Suspend the jar in water and allow it to become boiling hot.

A friend asked for a light. You strike a match for him, but when he takes it he finds the light has gone, and is surprised to see you still holding it. The match was previously broken in half, and then held at the joint, in striking. Of course when you held it out, he took the unlighted end, and as a result only received half the match, while you kept the light.

## HEART AND HOME PROBLEMS

BY MRS. ELIZABETH THOMPSON

Dear Mrs. Thompson: I am a girl of nineteen. There is a young man of about twenty-one years whom I am crazy about, but I think he likes another girl who is a telephone operator. She calls him up very often. He doesn't pay her much attention except when he sees her and they are very friendly. This boy comes to see me often, although I live four or five miles away.

Please tell me if you think he likes me or not and tell me how to win him over. Does he like this other girl?

DESIROUS TO KNOW.  
The fact that the young man goes to see you often should satisfy you, because he did not like you he would stay away. Accept him as a friend and do not try to force him to express the extent of his liking by saying that he loves you. A young man of twenty-one is rarely in a position to marry and therefore he prefers not to think of such a thing's half nearer and time when marriage becomes possible.

Don't worry a minute about the girl who telephones him. She has little chance of really standing in his favor, because she runs after him. He may like her well enough to talk to her over the phone and be pleasant when they meet, but I doubt if he is interested further.

Dear Mrs. Thompson: I am a girl of eighteen. My hair is quite uneven. Would you advise me to have it bobbed so that it will grow even?

MISS GREEN.

If you have a type of face to stand straight bobbed hair, it would probably improve the condition of your hair greatly to have it cut. But if you plan to curl the hair, you may be sure that you would only split the ends and injure the hair further. Talk to some one in a beauty parlor and he will advise whether or not bobbed hair would be becoming.

## RIPPLING RHYMES

By WALT MASON.

IF WINTER COMES.  
If winter comes, and snow abounds, and there are novelties in sight, some claps will utter doleful sounds as they traverse the frozen street. "We didn't lay in wood or coal before the rainy days were past, and now that Arctic tempests roll, our beards are frozen hard and fast. We didn't for the cold prepare, we let things slide, as oft they've slid; we've only Palm Beach clothes to wear, as through the drifting snow we skid. We didn't fix the holes and cracks through which the fierce winds enter in, we didn't bank our divers' shacks, our spuds are frozen in the bin." If winter comes the prudent man will cry severely, where he stands. Now shriek as loudly as you can, O bitter blasts from Arctic lands! My larder's stocked with wholesome swag and pies, the kind all men desire, and with my broad-ax and my saw I whacked up wood to feed the fire. If winter comes we'll see once more how prudence wins o'er heedless sloth; it keeps the lean wolf from the door, sustains our aunts with chicken broth. If winter comes the thriftless chap will say our government's a fake; he has no muck to feed his map, the while his neighbor lives on cake.

## HOUSEHOLD HINTS

BY MRS. MORTON

**MENU HINT.**  
Breakfast: Stewed Prunes, Cracked Wheat, Sugar, Cream, Toast, Coffee, Butter.  
Luncheon: Creamed Spaghetti With Ham, Raisin Bread, Butter.  
Dinner: Apple Sauce, Cabbage Relish, Plain Cookies, Tea, Baked Potatoes, Meat Roll, Buttered Beet, Bread, Butter, Gravy, Pineapple Salad, Mock Cherry Pie.

**Today's Recipes.**  
Creamed Spaghetti With Ham—Drop one-half box spaghetti into

boiling salt water and boil ten minutes. Make one pint of medium white sauce and pour over the rinsed and drained spaghetti. Fry a small slice of smoked ham and cut into small pieces. The meat and drippings are then added to spaghetti, re-heated and served.

**White Sauce—**Two tablespoons butter, one-quarter teaspoon salt, one tablespoon flour, one cup milk, dash of pepper. Melt butter, but do not brown and add the flour and seasoning and stir until smooth. Add the milk slowly, stirring constantly until all is added and is perfectly smooth. Let it boil up once then it is ready to be added to the mixture.

**Meat Roll (use one-half recipe)**—One pound round steak, three tablespoons meat drippings, three

small onions, one tablespoon chopped parsley (may be omitted), two eggs, one-half cup chopped green peppers, one-half cup tomato, chopped, one large cup crumbs, salt, pepper to taste. Grind steak and onions, add the rest in order given and mix well. Bake for beef loaf.

**Pineapple Salad**—Take sliced pineapple, sprinkle with cheese (shredded improves the flavor). Add chopped nuts and cover with boiled dressing. Serve on lettuce leaf.

**Mock Cherry Pie**—One and one-half cups cranberries, one teaspoon butter, one-eighth cup water, one-half cup seeded raisins, one cup sugar, one tablespoon flour, one teaspoon almond extract. Line a pie tin with pastry, put in the cranberries which have been washed and cut in halves. Add the washed raisins, then the sugar, water and almond extract. Dredge with flour. Place bits of butter on top and put on the upper crust. Bake forty to forty-five minutes.

## Syrup Pepsin Loved By Hosts of Babies

THE mother has her choice of many remedies for her baby's minor ills, but she should be careful which remedy she selects lest she do the child harm. What she needs is a safe laxative that she herself may do no injury to an infant.

You will find that if the little one cries and doesn't want to play that its bowels are constipated. First look carefully to the diet and give the child one-half teaspoonful of Dr. Caldwell's Syrup Pepsin.

You will then see results in a few hours. You will not have to force it, babies or children; they actually ask for it as a pleasant-tasting and free from griping.

Dr. Caldwell's Syrup Pepsin is composed of Egyptian senna and pepsin with agreeable aromatics. The ingredients are stated on the package. It is a mild, gentle vegetable laxative that everyone finds effective and pleasant. It is better for you and yours than purgatives, coal-tar drugs, or salt.

The continued cold weather has been a keen disappointment to ranchers who had based their hopes of having the greater proportion of the potato crop through a gentle thawing of the freeze of the past two weeks. Estimates are from 20 to 75 per cent loss, while nearly half the potato crop of the highest section is still in the ground.

## BUSINESS ASSN. ELECTS RUPPE TO PRESIDENCY

Ackerman Secretary Eighth  
Consecutive Time;  
Freight Rates, Postal  
Service Discussed.

Bernard Ruppe, president during the past year, was re-elected to the presidency of the Business Men's Co-operative association, at the annual banquet and election, held last night at the Alvarado hotel. Mr. Ruppe's election was by acclamation. E. N. Boule was re-elected but his name was withdrawn at his request. Homer H. Ward was elected vice president, he being the only nominee.

Charles G. Ackerman was re-elected to the office of secretary-treasurer of the organization. He was also elected by acclamation, no other nominations being offered. With his election, to serve for the ensuing year, Mr. Ackerman was elected secretary-treasurer of the business men's body for the eighth consecutive year. He was elected to the office in the old body from which the present organization was formed, the Retail Merchants' association, in 1915. He served that body five years and has served the present body two years.

Postmaster Berthold Spitz was the principal speaker of the evening. He chose as his subject, "The Relation of the Postal Service to the Business Man." He urged co-operation from the business men and promised that if it is received "the postoffice department will make efficiency its motto." Mr. Spitz declared that on October first of this year, between the hours of 3 p. m. and 6 p. m. there were 40,000 letters mailed at the postoffice, which he believed consisted more than 50 per cent of monthly statements from business men.

**Mail Improperly Addressed.**  
It went on to declare that more than 20 per cent of these 40,000 letters were not delivered, with the merchant being responsible in each case. Failure of delivery was due to the fact that the letters were not properly addressed. These letters, in the usual course, were sent to the directory and, as is the custom, were sent to the first person shown in the directory of the name shown on the letter. After the prescribed period they were returned to the sender. Mr. Spitz told the merchants how they could save both time and money by being certain mail is properly addressed.

Another point which he took up in the mailing of letters for the past. He said that most of the business men make it a practice to send their mail to the postoffice between the hours of 4:30 p. m. and 6 p. m. to catch train No. 2, leaving Albuquerque at 7:45 p. m. So much mail is brought to the postoffice between these hours, he said, that it is impossible to get all of it to the 7:45 train.

**Urges Mailing Early.**  
He then pointed out to the merchants how they could save many hours on delivery by mailing in time to catch train No. 2, which leaves at 5:30 p. m. Through mailing for this train nearly half a day on actual time of transportation may be saved between Albuquerque and either Chicago or Kansas City. The saving of time is as follows: To Denver, 4 hours; to Kansas City, 10 hours and 25 minutes; to St. Louis, 7 hours and 45 minutes and to Chicago, 11 hours and 20 minutes. By mailing for the early train the business men will save time on mail which reaches this train and will also relieve the existing pressure on the late train service and again help themselves by reducing the volume and enabling the postal clerks to handle all the mail for the late train.

Postmaster Spitz asked the merchants to use all possible influence to induce all in Albuquerque to put up receptacles for mail at their homes before January 1. He also spoke of mail carrying insufficient postage and said the law does not permit forwarding of mail from this point with postage due stamps affixed but requires that the mail be returned to the sender for sufficient postage.

**Ackerman Speaks.**  
Secretary Ackerman followed Mr. Spitz. He urged the adoption of a previous suggestion of President Ruppe, that the constitution of the association be changed to affect the executive committee. The present executive committee consists of one representative from each business represented and five delegates at large, making a total of 21. Ackerman urged that seven be selected instead of 21, as it is frequently impossible to bring 21 together for a meeting.

Acting on this suggestion, a vote was taken and a committee of five appointed by the president to investigate and report on the feasibility and desirability of making the change. The five appointed were Messrs. Rabbe, Boule, Rosenwald, Allen and Livingston.

E. N. Boule spoke on: "The Relation of the wholesaler to the retail merchant." He told how the Wholesale Grocers' association is making an effort to educate the retailers in the better way to do business.

**Unjust Freight Rates.**  
E. W. Hohnhaus, a freight rate expert, addressed the meeting on freight rates. He showed various plans through which the merchant can obtain adjustment of freight rates working to the merchant's decided advantage. He also spoke of the apparently unjust rates applied to Albuquerque.

Mr. Hohnhaus showed that it costs from two to 42 cents to ship freight to Albuquerque from California and other points than it does to ship the same freight through Albuquerque to points in Colorado, including Denver.

**T. B. Crabb and his Birds** headed south with the cold weather last week. They will winter at the Journal and appear every Sunday for the customers.—Adv.

**RECOVERS FROM RHEUMATISM.**  
"Had rheumatism five months that would go from my left knee to my back. Tried many remedies without relief. Finally used Foley Kidney Pills and in fifteen days was entirely cured," writes W. J. Oliver, Vidalia, Georgia. Backache, rheumatic pains, dull headache, dizziness and blurred vision are symptoms of kidney disorder. Foley Kidney Pills quickly relieve kidney and bladder trouble. Sold everywhere.—Adv.

ver. He said that commodities shipped from eastern points to Albuquerque come in at a higher rate than exists anywhere else in the United States—that is that freight can be shipped from eastern centers to any other point cheaper than to Albuquerque by rail.

**How Merchants Can Save.**  
He then explained how the merchants can save considerable on shipments by using the water route for shipments from the coast. That is, to have the commodities shipped by water as far as Galveston and then the rest of the way by rail.

He declared that the tariff rate should be taken up by the merchants with the Santa Fe railroad and adjustment demanded. He told them that through a little investigation they could learn how certain rail tariffs violate certain requirements and pointing out of these requirements will obtain adjustment.

F. W. Wilson spoke on reclamation as it regards storage of water for this valley and proper draining of the Rio Grande. He declared this reclamation project is more important to the valley and more important even than another railroad.

If the project is put through, water properly stored and drainage obtained, he said it will mean that all products now shipped in from various other points could be raised in the valley. He added that all property in the valley, including the railroad property, should be taxed for the storage of water.

## ROADS LEADING INTO CITY ARE GRADED FOR THE WINTER TRAVEL

Anticipating snow and freezing weather that will make road work impossible, Max Gutierrez, chairman of the board of county commissioners, yesterday superintended the grading of several of the important roads leading into the city. Work was done on the South Third street road, the San Jose road, the Barajas bridge road, Mountain road and Duranes road. Gutierrez said last night that these roads are now in good shape for winter travel.

## BARNETT TO BEGIN ERECTION OF NEW BUILDING IN APRIL

Joseph Barnett announced yesterday that he would begin early in April the erection of his new theater and office building on the southeast corner of Central avenue and Second street. The structure will be entirely modern and fireproof. One of the buildings on the site was occupied for many years by the White Elephant, a famous saloon.

**WINTER'S FEED BURNED.**  
Silver City, N. M., Nov. 16.—Fire of unknown origin Saturday evening destroyed a large barn on the Van A. Pollock ranch near Tyrone, causing a loss of about \$2,000, with only about \$300 insurance. Mr. Pollock had just filled the barn with his season's crop of hay. He is now up against it for feed for his stock and is seeking suitable pasture temporarily for his cattle.

## Put Raisins in Oatmeal

Add the lure of sweets in cereals that your children should eat and you'll no longer have to force those healthful foods. Try raisins in the oatmeal—they make a "new dish" of it. Raisins also increase the energy and iron in this famous food.

Sun-Maid Raisins should cost you no more than the following prices:  
Seeded (in 15 oz. blue pkg.)—20c  
Seedless (in 15 oz. red pkg.)—18c

## VARSITY LEAVES FOR CLASH WITH ARIZONA ELEVEN

Old Rivals Meet Tomorrow  
in Annual Struggle for  
Gridiron Supremacy;  
Captain Popejoy to Play.

In spite of the heavy snowfall yesterday afternoon Coach Roy Johnson had the University of New Mexico football players out for two hours of stiff signal practice. With the powerful University of Arizona crew to face tomorrow afternoon, a mere flurry of snow could not prevent the Lobos from getting in as much practice as possible.

Coach Johnson and his Lobos took the train at 10 o'clock last night for Tucson. They will arrive in Tucson tonight and will enjoy a good rest before the game tomorrow.

Cullen Pearce, star guard, was left behind on the doctor's orders. He is forbidden to play until the elbow, injured in the Texas Miner game, has completely mended. "Fat" Greenleaf, big tackle, injured in the same game, did not make the trip. Buster Kelly, right end, although suffering from a badly infected elbow, will start the game.

Captain John Popejoy, who has dragged a crippled knee for several weeks, will start against the Wildcats in his first game of the season. He will give Arizona an exhibition of the game a good little man can play at tackle.

when he is a thorough gamester.

Jones, left half, has practically recovered from a kick in the head, received in Monday's practice, and will be in good shape for the game. The entire backfield is in good condition, and the Lobos, in spite of the fact that some good linemen will be out of the game, should put up a good fight against the much touted Wildcats, who are picked by many as the class of the whole southwest.

Men who will probably start the game for the Lobos are: Center, Greuter, 160 pounds; right guard, Hopkins, 192 pounds; right tackle, Ferguson, 188 pounds; right end, Kelly, 184 pounds; left guard, Dutton, 240 pounds; left tackle, John Popejoy, 188 pounds; left end, Bryan, 157 pounds; quar-

ter, Harrington, 143 pounds; left half, Jones, 160 pounds; right half, Tom Popejoy, 159 pounds; fullback, Walter Hernandez, 152 pounds.  
Others who made the trip are: Slinnett, tackle and guard, 160 pounds; Thompson, end and tackle, 157 pounds; Cartwright, tackle and end, 155 pounds; Hartman, quarter, 132 pounds, and Hammond, half, 141 pounds.

**MOORE APPOINTED.**  
Washington, Nov. 16.—The state department tonight announced the appointment of John Bassett Moore, as the American representative on the international commission of jurists to consider changes in the rules of international law. The commission is being formed pursuant to a resolution by the Washington arms conference.

## When you eat Bran for constipation be certain that it is ALL BRAN!

There is no time to fuss away trying to find out just what some mixed-up cereal with a small bran content can do to ward off the grave illness that constantly hovers over constipation sufferers. What your system demands is ALL BRAN! You must have ALL BRAN to give permanent relief! Anything less than ALL BRAN does not have the bulk that gives results! Your physician will recommend Kellogg's Bran because it is ALL BRAN! Kellogg's will do the work; it will give you permanent relief; it will remake your health if you will eat it regularly—because it is ALL BRAN! Kellogg's Bran, cooked and krumbled, is wonderful for health. It sweeps, cleans and purifies, ridding the system of the dangerous toxins.

—Adv.

poisons. Yet it is simply a natural food—nature's own remedy for constipation; nature's way of keeping every body-organ tuned true.

Eat Kellogg's Bran regularly to give permanent relief naturally—at least two tablespoons daily; for chronic cases, with every meal. It is as beneficial as a preventive. Its nut-like flavor is delicious. You will like it sprinkled over your favorite hot or cold cereal, or eat it as a cereal. Kellogg's Bran makes delightful muffins, raisin bread, pancakes, etc. It adds a fine flavor to soups and gravies. Have the whole family eat Kellogg's Bran and see the health of every member improve.

All grocers sell Kellogg's Bran.

The purpose of the action is to have the organization will not be made public at this time, it was stated. Recognizing the need of federal aid in the reclamation of the Middle Rio Grande valley, the chamber of commerce will not only endeavor to have the Smith-McNary bill passed, but will use its best efforts to bring about the formation of the necessary reclamation district to apply for federal aid under the provisions of the bill.

**MAN REMARKS CARS ARE DANGEROUS: IS HIT BY A TRUCK**

Joseph Bonaguidi, a driver for the Central Milling and Mercantile company, reported to the police last night that his truck had struck and knocked down a man advanced in years at the corner of Broadway and East Central avenue about 6:30 o'clock last night.
