PRESIDENT'S RECEPTION.

Committees on President Roosevelt's Entertainment Met Last Night.

WILL VIEW THE CITY.

The first meeting of the various committees appointed for the reception and entertainment of President Roosevelt on May 5, was held at the Commercial club last night and made a start on the arrangements for a program to be carried out during the visit of the presidential party to this city. The meeting was opened by Chairman B. S. Baker, of the executive committee, who announced that the names of Delegate B. S. Rodey, Hon. H. B. Ferguson and Captain W. E. Dame had been added to the reception committee.

It was stated by Governor E. S. Stover, of the committee, that the annual encampment of the New Mexico department of the Grand Army of the Republic would be held here on the 5th and 6th of May and that this would help swell the crowd of visitors to the city. The Santa Fe is facilitating matters by reducing rates. A letter from Mr. Morton stated that the Santa Fe was prepared to make a rate of one fare for the round trip between El Paso and Trinidad for the occasion.

A meeting of the committee on arrangements will be held at the club Thursday evening at 8 o'clock.

The committee on decorations will meet again today and elaborate preparations for the adornment of the streets are to be made. It was urged by Judge Baker that the line of march should be determined at once, and nothing overlooked in the way of decorations.

The entertainment committee will meet in the club every Tuesday evening at which several sub-committees will report.

A line of march was agreed upon after considerable discussion, which will be as follows:

Start from the corner of Railroad avenue and First street, south on First to Gold avenue, west on Gold avenue to Second street, north on Second street to Fruit avenue, west on Fruit avenue to Fifth street, north on Fifth street to New York avenue, west on New York to Sixth, south on Sixth to Copper avenue, west on Copper to Twelfth street, north on Twelfth to Tijeras road, east on Tijeras to Eighth street, south on Eighth to Railroad avenue, east on Railroad avenue to Second street, south on Second to Silver avenue, west on Silver to Third street, south on Third to Atlantic avenue, east on Atlantic to Second street, north on

Second to Coal avenue, cross the viaduct to Arno street, north on Arno to Railroad avenue, east on Railroad and return, cross the viaduct to Second street, north on Second to Gold avenue, west on Gold to Commercial club, visit the club, thence north on Fourth to Railroad avenue and east to the Santa Fe station.

By following this line of march the president and his party will be taken over the best resident and business portions of the city.

Many changes may be made from time to time, until the committee's arrangements will stand perfected.

Coal Companies Must Not Combine.

Chicago, March 24.—Ten Indiana coal companies and ten individual operators were restrained by Judge Kohlsaat, in the United States circuit court today, in continuing their combination for the regulation of coal prices and output. The defendants were given until April 5 to show cause why the order should not be made permanent.

Postmasters Appointed.

Washington, March 24.—The following postmasters have been appointed by the president:

Texas—Commerce, Dallas Herbert; Llano, Gertrude Taylor; Rockdale, E. J. M. Hopkins.

SOUTHERN NEW MEXICO.

Some Facts About Country Between Deming and Silver City.

GUESTS AT FAYWOOD.

Special Correspondence.

Southern New Mexico, March 23.—The people residing along the Santa Fe line, from Deming to Silver City, were pleased this morning to note the fact that the south bound passenger train on the branch was gliding along the rails on time, this being the first instance of the kind for quite a long time.

A very distinguished osteopath is stopping at the Faywood hotel springs. He is Dr. R. F. Connor, of Chicago, having a suite of fine rooms in the Auditorium of that city. He has been on an outing for the past few months, coming here from southern California, and has arranged to remain at Faywood for about a month. He is not an invalid, but just enjoying a needed vacation. When told that the New Mexico legislature had licensed the practice of osteopathy he remarked: "Well done, those good and faithful servants." When also told that Dr. C. H. Connor, of Albuquerque, was the father of the bill and it was through his influence and perseverance that the measure was enacted into a law, the visitor said he knew the Dr. Connor, of Albuquerque, and also the latter's brother, Dr. W. J. Connor, a well known osteopath of Kansas City, Mo. At one time, the latter physician had an osteopath hospital at Phoenix, Ariz., but on disposition of it went to Kansas City and established himself there.

J. T. Connelly, a freight conductor on the Santa Fe Pacific running between Albuquerque and Gallup, is at Faywood, taking the baths for the rheumatism. He has been in a dreadful fix, but can get around pretty lively these days. He fears a return of the disease, and will continue taking the baths for a week longer.

J. H. Tracey, of Deming, considered one of the biggest men, in height and weight, in southern New Mexico, is virtually an invalid at Faywood. He has the rheumatism pretty bad in one of his knees, and has to navigate with the aid of a crutch and cane.

T. C. McDermott, manager and one of the owners of the Faywood hotel springs and ranch company, left today for the Gold Hill country to purchase a bunch of range cattle, which he will drive across the intervening ranges to the Faywood reservation. His two sons, Clarence and Charles McDermott, are two most accommodating young gentlemen, and are a tower of strength in assisting their father in the management of the hotel, springs and the ranch. Clarence has complete charge of the bath house, while Charles handles the reins over the horses that pilots the stage over the four-mile stretch between the railroad station and the hotel.

They are telling an egg hunting story on W. L. Harris, of The Cabinet, Albuquerque. Mr. Harris and wife were here a short time ago, and Harris got up a reputation among the guests as the most efficient egg hunter in the southwest. He was hunting eggs in every nook and corner on the place, and in every tin can, and strange to say, wherever he hunted, he was sure to find a nest of eggs. In the ordinary, there are plenty of eggs in the hen

BIG TUNNEL JOB

New York City's Rapid Transit Subway.

MURDER INQUEST IN PROGRESS

Freight and Passenger Trains Collide on Big Four Road.

Ovation to Hymn Writer

New York, March 24.—Today marks the third anniversary of the beginning of work on the rapid transit subway. Up to the present time, \$24,480,000 of the contract price of \$36,500,000, has been paid by the city to the contractors. The total length of twenty-one miles of tunnel, 95 per cent of the excavation has been done. In the three years since the work began nearly 4,000,000 cubic yards have been taken out of the heart of New York, enough to fill a square pipe three feet thick extending 2,100 miles, as far as from New York to Santa Fe, N. M.

MURDER INQUEST.

Coroner's Jury Investigating Mysterious Murder in Buffalo.

Buffalo, March 24.—The inquest into the murder of Edward L. Burdick was resumed in the police court at 10 o'clock this morning. The widow of the dead man continued her testimony, which was begun yesterday afternoon, showing her relations with Pennell. Her testimony will take up the entire morning session, if not the entire day. Her testimony today continued on the same line as that of yesterday afternoon, showing her criminal relations with Pennell.

TRAINS COLLIDE.

Freight and Passenger Trains on Big Four Road in Collision.

Bloomington, Ill., March 24.—Traffic on the Peoria & Eastern branch of the Big Four was blocked last night by a collision between an east bound passenger train and a west bound freight. The latter was on a siding at Tremont, but the switch had been left open. The passenger crashed into the freight while running at a high rate of speed. Both engines were demolished and much other damage caused to the equipment. Eight persons were injured, but none fatally.

GENERAL MANAGER HOPEWELL.

Albuquerque Eastern Terminal Situation Unchanged—Up to the City.

ROSWELL EXTENSION TO BE SURVEYED.

Hon. W. S. Hopewell, general manager of the Albuquerque Eastern and Santa Fe Central railroads, came down from his headquarters at Santa Fe last night.

Mr. Hopewell said to a representative of The Citizen this morning that the situation in reference to the building of the Albuquerque Eastern and the location of the terminals here, is unchanged since a week ago, when his letter to the citizens' executive committee was published.

The work of grading the Santa Fe Central is almost finished. Mr. Hopewell was joined here this morning by Dr. Charles R. Keyes, president of the New Mexico School of Mines, located at Socorro, who came up from the Gem city on the early train. The two gentlemen went to Cerrillos, where they will take a team of horses and drive to the Santa Fe Central coal fields east of that place.

It is thought by Mr. Hopewell that some valuable minerals, as yet uncovered, can be found along the line of the Santa Fe Central. Dr. Keyes is an expert mineralogist and will make an investigation of the properties and their possibilities.

After spending a few days on the Santa Fe Central, Mr. Hopewell will go to Torrance and have a preliminary survey made for a proposed road from Torrance to Roswell. Chief Engineer Kennedy of the Santa Fe and a corps of men are already at Torrance awaiting instructions from Mr. Hopewell.

Blind Author of 5,000 Hymns. Philadelphia, Pa., March 24.—Fanny Crosby, the popular blind hymn writer, was the recipient of an ovation today on the occasion of her eighty-third

birthday. During the past half century Miss Crosby has been writing hymns and has turned out more than 5,000, many of which have attained wide popularity. Among the most widely known of her efforts are "Safe in the Arms of Jesus," "Recall the Pertinacious," and "I Shall Know Him."

Scale of Wages Rejected.

New York, March 24.—Representatives of the Manhattan Elevated Employees' association called upon General Manager Skitt today to inform him that the association would not accept the schedule of hours and wages offered by the company.

Money Market.

New York, March 24.—Money on call steady at 6 per cent. Prime mercantile paper at 5 1/2 per cent. Silver, 48 1/2.

Boston Wool Market.

Boston, March 24.—The aggregate of sales in the wool market this week, made up of small lots, shows that a considerable amount of wool changed hands. Prices are firm though there is an easier feeling, and here and there a nominal shading of prices. The changes are usually confined to wools of which the stocks have been reduced to a minimum. Territorial wools, fine staple sells at 54¢55¢; fine, 52¢53¢; medium, 44¢46¢.

SANTA FE CUT-OFF.

Charles Lantry, of B. Lantry & Sons, Here Today.

RIO GRANDE BANK FULL.

Charles Lantry, of B. Lantry Sons, railroad construction contractors, arrived this morning from Belen, where he has been the past few days looking after matters pertaining to the building of the Santa Fe cut off. B. Lantry Sons have a large contract on the cut off. He says that during the past couple of weeks of nice weather work on the new road has progressed rapidly. A large amount of the rock work in Abo canyon has been accomplished. The temporary bridge over the Rio Grande will be ready for trains by the first of the coming month. It is already across the channel of the river. He says that hauling freight over the river in wagons has been a big hindrance to the progress made by the construction gangs. The river has been very high all spring and on some occasions so high that it could not be forded safely. Several loaded freight wagons have been swept away by the water. This obstacle will be done away with as soon as the bridge is finished.

Work will begin on the permanent bridge just as soon as the one now in course of construction is finished. It will be a magnificent structure, probably the most substantial bridge crossing the Rio Grande.

Mr. Lantry expects to leave for the north tonight.

LIVELY FIGHT.

Robbers Capture a Town in Philippines and Are Routed.

Manila, March 24.—The town of Sutigao, in the northwestern part of the island of Mindanao, which was captured Sunday by ladrones, was relieved today. The American officials and foreigners were found to be safe.

Eighty ladrones, led by ten escaped convicts, participated in the attack on Sutigao. They had twenty rifles and forty bolos, and succeeded in surprising and rushing the constabulary barracks and stampeding the constabulary. Inspector Clark was killed at the first rush. The ladrones captured eighty rifles. The American officials, the women and the foreigners sought refuge in the government building, where Treasurer Kelly, a former Indian scout, assumed command. The defenders of the building were armed with shotguns and refused the demand of the ladrones to surrender. They held out until the town was relieved today by a force of constabulary sent from Tacloban. The ladrones fled at the approach of the constabulary. Three companies of United States Infantry will reach Sutigao tomorrow and then probably will start in pursuit of the ladrones.

Trying to Break Boycott.

Cripple Creek, Colo., March 24.—Elkton Consolidated company this morning began loading ore on cars for shipment to the Standard mill, one of the plants of the United States Reduction & Refining company, located at Colorado City. At 11:30 a committee of union miners left for Raven Hill and when the miners of Elkton come up for lunch they will be ordered to strike. Shipping ore from Elkton to a boycotted mill is the first step of the mine owners against the Western Federation of Miners.

REBELLION IN SAN DOMINGO

West India Island Volcano in Violent Eruption.

A DESTRUCTIVE FIRE IN PITTSBURG

Worst Blizzard of the Winter Raging in the State of Michigan.

Paris, March 24.—The foreign office has received a dispatch from San Domingo confirming yesterday's advices of the Associated Press, saying that two revolutionary generals had taken possession of that city and adding that President Vasquez had been expelled. The dispatch is short owing to the revolutionists having cut the wires, but the officials here construe it as meaning that President Vasquez' government has been overthrown.

Quiet Restored.

San Domingo, March 24.—Quiet has been restored in this city by the warships in the port. The minister of war, Senor Pichardo, has surrendered to the revolutionists and the minister of roads and telegraphs, Senor Castillo, has joined the foreign minister, Senor Sanchez, in seeking refuge in the United States consulate. The inhabitants of the villages around this city are joining in the revolutionary movement. No news is obtainable from southern and northern parts of the island. There was severe fighting yesterday at Lavega, but the result is not known. A warship is going to San Pedro de Macoris, to the eastward of the city, in order to compel it to surrender. The warship, Presidente, which is off the north coast of the island, is in the possession of President Vasquez.

TWO MORE UNIONS.

Retail Clerks and Brewery Workers Organized Last Night.

CENTRAL LABOR UNION MEETING.

The retail clerks of Albuquerque held a spirited meeting last night in Carpenters' hall, corner of Gold avenue and Third street, and affected an organization to be known as the Retail Clerks' Protective Association of Albuquerque, that will be a part of the Central Labor union when their charter arrives, at which time regular officers will be elected. The new organization starts out with about seventy members with brilliant prospects of becoming one of the foremost labor organizations of the city.

Their charter will undoubtedly arrive some time next week, when the first regular meeting will be held.

There was a good turn out of Brewery workers, who also organized temporarily last night. Their charter will be sent for, and they will become a permanent union and become affiliated with the Central Labor union of this city.

After the two new organizations finished the business before them, a rousing and interesting meeting was held by the Central Labor union, at which several important and timely questions were discussed and considered. The action taken by the Central Labor union in helping the Los Angeles Typographical union in their fight on the Los Angeles Times, is bearing fruit, as already four letters have been received from firms advertising in that paper saying that they had already intended to cease advertising with the Times until they had recognized union labor and would quit their abuse of laboring people generally.

The next trades to be organized will be the bakers, shoemakers and stationery engineers. This will about complete the list of trades in the city. Albuquerque is certainly getting on the union labels in quick order. There will be about eighteen complete organized unions at the end of the month, representing about 1,200 workmen and women.

Labor Doings at Roswell.

A large and enthusiastic meeting of the Retail Clerks' association was held Wednesday night. Twenty-five new members were added. The organization now numbers about seventy members.

The union campaign committee accepted the best view of the situation. By a combination of circumstances

they had been placed in an attitude of forcing class lines, and they therefore withdrew their ticket. By doing so they have entrenched the labor organizations, and made it stronger for its objects and purposes.

The labor unions are stronger in Roswell today than ever before.

VOLCANO IN ERUPTION.

Clouds of Smoke Envelop the Island of St. Vincent.

London, March 24.—The colonial office yesterday received a dispatch from the governor of the Windward Islands, Sir Robert Llewellyn, from the island of Grenada, which says the features of the eruption of the Soufriere, on the island of St. Vincent, are the immense clouds of smoke and the comparative absence of lightning. No damage has been done to Georgetown, St. Vincent, beyond a heavy fall of sand and small stones to the depth of two to three inches. The governor adds that the volcano quieted down during the afternoon.

DESTRUCTIVE FIRE.

Large Furniture Factory in Pittsburg Gutted by Flames.

Pittsburg, March 24.—Fire broke out in the large eight story brick building at Penn avenue and Cecil alley, occupied by the McElveen Furniture company, about 10 o'clock today, and before the flames were controlled three upper floors were gutted and the stock on the lower floors was badly damaged by water. The fire spread in the packing room on the fifth floor, and spread so rapidly that for a time, it was feared the entire structure would be destroyed as well as the adjoining building occupied by the Surprise Clothing company.

On the upper floors of the latter building many girls and women were employed in the manufacture of clothing and a panic ensued, but all reached the street in safety.

Two firemen were overcome by the smoke and were carried out of the McElveen building unconscious, but it is thought they will live.

The loss is estimated at \$150,000, fully covered by insurance. The origin of the fire is a mystery.

Blizzard in Michigan.

Detroit, March 24.—Dispatches from western Michigan report that one of the worst blizzards of the winter is raging in that section of the state, with the temperature below freezing. Much fear is felt for small fruits and peaches. At Benton Harbor and St. Joseph much damage has been done by the wind. The big store of H. L. Bird & Co., at the principal corner in Benton Harbor, is wrecked by the wind and its stock and fixtures ruined.

Trainmen Get a Faise.

St. Paul, March 24.—Superintendent Noble of the Salt Lake division of the Southern Pacific returned from the Southern conference of this morning from the San Francisco conference, stating that satisfactory arrangements had been arrived at in regard to the raising of wages. He stated that the freight men will get a raise of 15 per cent and passenger trainmen a raise of 12 per cent.

Stratton Will Case.

Colorado Springs, March 24.—The trial of the famous Stratton will case opened in the district of this city at 11 o'clock this morning and twenty minutes later, after hearing the request of Attorney Waterman that time be given attorneys of Harry Stratton to further answer affidavits of opposing counsel, Judge Seeds declared a recess until 9:30 tomorrow morning.

Revolution in Columbia.

Panama, Colombia, March 24.—Advices received here today confirm the reports that a revolutionary outbreak has occurred in Nicaragua. Several departments of that republic are said to be affected, but no definite news is obtainable here, only the government cables being allowed to leave Nicaragua.

Mias Mabel Heyn left this morning for an extended visit with friends at Topeka, Kansas.

Eleven thousand tourists visited southern California during the past five weeks.

The good government league is requested to look after the water supply taxes at once.

The Grand Army of the Republic will help entertain President Roosevelt when he visits this city on May 5.

Congress has appropriated \$10,000 for the survey of private land claims in the western states and territories.

A good government league in this city can accomplish much good in securing the equalizing of taxes and in the enforcement of the laws.

Great Britain wants nearly \$200,000,000 this year for warships in order to maintain her place at the head of the nations in naval strength.

Congress has appropriated \$30,500 for the re-survey of the boundary line between the state of Colorado and the territories of New Mexico and Oklahoma.

On the 24th of February last just a hundred years had expired since the first sidewalks, as we know them, were built in Paris, the first city in the world that had them.

Attorney General Knox holds that railroad "mergers" are entirely legitimate. The public is glad to hear it, in view of the fact that the railroads were going to merge anyhow.

The court of private land claims has about the easiest job in the United States. The court has completed its labors, but the recent congress extended the term of office of the judges.

Spain is divided for educational purposes into ten districts, each with a university, viz.: Madrid, Barcelona, Valencia, Seville, Granada, Valladolid, Santiago, Saragossa, Salamanca and Oviedo.

The rumor that a New York lawyer is to get \$2,000,000 for fixing up the Panama canal deal will probably be the cause for a good many young men starving to death trying to practice law.

Hon. W. R. Hearst is coming to New Mexico this summer with a party of friends, and he intends to thoroughly post himself on the resources of the territory. He will lead the democratic forces in congress next winter in favor of statehood. Mr. Hearst will be cordially received by the people of the southwest.

The St. Louis fair commission, of which Judge Henry L. Waldo is president, will meet at Santa Fe in a short time and close the business of the commission. The democratic organ of this city thinks it has discovered a four thousand dollar shortage in the funds of the commission. This is false. The commission have the funds intact, and outside of the expense of Mr. Porterfield to St. Louis, to locate space for the exhibit, the whole fund will be turned over to the educational institution.

GRIP CONVALESCENCE

There's nothing better than Scott's Emulsion after the grip. When the fever is gone the body is left weak and exhausted; the nervous system is completely run down and vitality is low.

Two things to do: give strength to the whole body and new force to the nerves. Scott's Emulsion will do it; contains just what the worn-out system needs.

Rich blood, healthy flesh, resistive force, more and better nourishment are what Scott's Emulsion supplies to the convalescent.

met. If we meet with irreparable losses we must readjust our lives to fit the new conditions. There is no great evil so bad but that it might have been worse. There is truth in the saying that "every cloud has a silver lining." Though it may for a time look so dark we can see no glint of the silver, yet we know it is there.

STUPENDOUS TASK.

Secretary of War Root has embarked in a new work. It is generous, patriotic work. By his direction the war department has begun the compiling and publishing of a complete roster of the officers and enlisted men of the union and confederate armies. This is the secretary's own project, and he succeeded in impressing congress with the idea that it would be only just and fair to the south to place on the official lists the names of the confederate soldiers, in order that their descendants may trace their family history with accuracy.

The publication will be enormous in size, including no less than thirty volumes as large as the rebellion records. One northern names will be published with the southern because it is desired to have all of these data in one compilation instead of being scattered through various state books. Moreover it is felt to be a graceful thing to bracket the names of the men who wore the blue and the gray. In order to carry out this purpose Secretary Root has asked the governors of the states which furnished confederate soldiers to transmit to him authentic records in order that the lists may be accurate.

A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I run down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." B. H. Briggs & Co.; S. Vann & Son.

E. L. Dohane, capitalist and oil dealer of Los Angeles, stopped over in the city a few hours Sunday on his way to the state of Guadalupe, where he is interested in oil fields.

Pneumonia Follows a Cold but never follows the use of Foley's Honey and Tar. It stops the cough, heals and strengthens the lungs and affords perfect security from an attack of pneumonia. Refuse substitutes. Alvarado Pharmacy.

The basket ball girls of this city are under obligation to Mr. Sam Vann, of Albuquerque, for having secured for them the services of Mr. J. W. Berry, who coached their team successfully before the game of last Monday night.—Deming Headlight.

"FRUIT OF THE LOOM."

Men and women of taste and judgment go into ecstasies over the wonderful patterns, textures and colors which are "the fruit of the loom." But there is one fruit of the loom they rarely consider, and that is the frail and faded woman, old before her time, because her time is being wasted in her work under conditions, which send her more favored sister to bed and the doctor's care.

The diseases which weaken and torment women, may in almost all cases be cured by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"I had female trouble for eight years," writes Mrs. L. J. Dennis, of 828 East College Street, Jacksonville, Ills. "Words cannot express what I suffered. I sought relief among the medical profession and found none. Friends urged me to try Dr. Pierce's Favorite Prescription. When I commenced taking this medicine I weighed ninety-five pounds. Now I weigh one hundred and fifty-six pounds—more than I ever weighed before. I was so bad I would lie from day to day and long for death to come and relieve my suffering. I had internal inflammation, a disagreeable drain, bearing-down pain, and such distress every month, but now I never have a pain—do all my own work and am a strong and healthy woman."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

AZTEC RELICS.

Direct from Ruins to the World's Fair Grounds.

"By a business arrangement which we have just concluded, visitors to the world's fair at St. Louis will be furnished with Aztec relics and trinkets, 'fresh every hour,' as they say of certain famous confections—well, not exactly so fresh as that, but almost daily," said Joseph Prewitt, of Aztec, N. M., who is now at the Brown hotel. Mr. Prewitt has lived so long in northern New Mexico that he is regarded as a part of it. He is county clerk and editor of the Aztec Index, and now he is one of the managers of the San Juan Stores company, a corporation just formed to handle the mercantile department of the Hyde Exploring Expedition, which has done such excellent work in the development of American archaeology.

The Hyde brothers, wealthy New Yorkers, grandsons of B. T. Babbitt, the famous soap manufacturer, went down to Farmington, N. M., at the margin of the Navajo Indian reservation, some years ago and commenced making explorations and excavations in the ruins of some old cliff dwellings. They found many objects of great value, many of which are furnished to eastern museums. The explorations will be kept up and the products will be delivered through the San Juan Stores company at the Hyde company's general headquarters at Albuquerque.

From here the archaeological department of New Mexico at the world's fair will be kept supplied and visitors who purchase relics will have the satisfactory knowledge that the Aztec relics, Navajo blankets and relics they purchase are fresh from the places of their discovery or manufacture. R. B. Bouck and Monroe Fields, of Farmington, N. M., are with Mr. Prewitt in this enterprise.—Denver Post.

SEVERE ATTACK OF GRIP

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, editor of the Enterprise, of Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable sedative is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggists.

Attorney E. V. Chaves returned last night from a business trip to Santa Fe.

La grippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." Alvarado Pharmacy.

Tragedy Averted. "Just in the nick of time our little boy was saved," writes Mrs. W. Watkins, of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough got in besides, and a doctor treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for consumption, and our darling was saved. He's now sound, and well." Everybody ought to know, it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by all druggists. Price 50c and \$1.00. Trial bottles free.

Ayer's Sarsaparilla

To know all there is to know about a Sarsaparilla, take Ayer's. Your doctor will say so, too. He orders it for pale, thin people. Tested for 60 years.

Frank Ackerman, attorney for the Nancot Copper company, returned yesterday from the camp, where he has been for several days in the interest of the company. He reports the results obtained from development work done since the first of the year very gratifying. Quite a force of men are at work and the number is being increased. A well defined vein of copper, carrying some gold and silver, has been discovered, and several car loads of rich ore have been taken out. Plans are now being formed to erect on the property a mill for treating ore. This will be completed by the time the New Mexico Eastern railway, known as the Santa Fe cut off, is running. This railway will run within two and a half miles of the property, giving excellent shipping facilities.

FIRE FIGHTERS FANDANGO.
Santa Fe Pacific Fire Company at Needles Entertain Royally.
Last evening the Santa Fe fire department gave their first annual ball, says the Eye. Sixty couples were in the grand march and the seating capacity of the hall was crowded. Over 200 people were present and all pronounced it the greatest ball ever given in Needles. At 9 o'clock, to the music of a military march, the fire companies filed into the ball room, led by Chief E. L. Cumbach and Assistant Chief John Armantage, the companies led by their captains, marching to each side of the hall, meeting the chiefs at the head of the hall and facing the many guests of the department. Here came a number of intricate marching tactics, when all at once the entire company was stopped in the center of the hall and Chief E. L. Cumbach, on the part of his wife, presented to the department an abundance of flowers which were distributed among them. The department then disbanded and the grand march was called, it being led by Assistant Chief Prince Lilly, of the Albuquerque fire department, and wife, the floor management being particularly under the care of F. Roehrig. As the grand march neared the finish the program of the dances were distributed and the ball was formally opened. The programs were in sections and one section could only be engaged at a time. The music was the local orchestra, assisted by several pieces from Los Angeles and was undoubtedly the finest dance music heard here during the past year. At 11:30 supper was served by the Ladies' Auxiliary of the Brotherhood of Locomotive Engineers and to this repeat the dancers looked with the hunger of good times, a tranquil conscience and the assurance of the most enjoyable evening of their lives. It was nearing the fifth hour of the morning when the silver lighting gleams upon the blue skies of the orient, before the great crowd of dancers were inclined to seek that repose which nature demands from an exhausted physique. It was, however, an exhaustion filled with regret at the early end and the memories of the first annual ball of the Needles fire department will long live among the recollections of those in attendance.

Those who attended from the Albuquerque fire department were Assistant Chief Prince Lilly and wife, Mr. and Mrs. Charles Young, Mr. and Mrs. David Miller, Mr. and Mrs. Martin, Robert Lilly, Oscar Norman, John Smith and Mrs. Woods. San Bernardino failed to send representatives from their department.

The ball was a success in more ways than one and to this is the attention of the property holders called. The money made out of the venture will be used in installing fire alarm boxes in different portions of the city in addition to those already in use. This progressive spirit of the department is fully appreciated by the citizens of Needles as the large attendance of last evening will vouch for the kindly feeling which our people hold towards the department. May its success and effectiveness continue.

GOOD GOVERNMENT LEAGUE.
Resolutions Adopted by the Officials of the Organization.
A meeting of the committee appointed by the Citizens' mass meeting held on the 14th inst. was called to order by the chairman, Joshua S. Reynolds. Those present, besides the chairman, were E. S. Stover, F. G. Pratt, and T. J. Curran, the latter acting as secretary. The situation was fully discussed and the following resolutions adopted: Whereas, There is deep indignation and great dissatisfaction owing to the late and tyrannical action of the legislature in disfranchising the citizens of Bernalillo county and the many persecutions that have prevailed in the past years in the way of unjust assessment and unjust taxation whereby the privileged few have the benefits to the detriment of the many.

Therefore, be it resolved, That the committee recommend to the citizens of Albuquerque and Bernalillo county, the organization of a Good Government League for the purpose of resisting unjust assessment and unjust taxation of all kinds, and to work for the purification of the ballot; and that these principles may be enforced, it is further Resolved, That the good citizens and taxpayers of this county, be requested to enroll themselves as members of this league, by signing the papers for the organization of this league, which will be presented to them; in sum and substance as follows:

We, the undersigned, hereby enroll ourselves as members of the Bernalillo County Good Government League, for the purpose of using all lawful and practical means to secure equitable assessments and honest elections in this county.

It is hereby understood and made a condition precedent to this obligation, that we do not pledge ourselves to any particular line of policy, but when the signers hereto shall meet and organize, we pledge ourselves to use our best endeavors for the carrying out of the policy that may be agreed upon by a majority of the members of such organization as the best and most effective for the purpose of carrying out the objects of said Good Government League as set forth above.

It is hereby further resolved, That if any persons are persecuted by over-assessment or excessive taxation, or for laboring for the betterment of our local government, or on account of their connections with this league, the committee hereby guarantee all necessary protection when satisfied that the party is being unjustly dealt with.

Whereas, There will be a small expense for printing, etc., be it resolved that this committee guarantee such expense and that no cost whatever will fall on the members of this Good Government League by assessment or contribution.

OFFICIAL MATTERS.

Roosevelt County Offices--New Post Office in This County.

TRESPASSERS ON FOREST RESERVES.

Mineral Entry.
The following mineral entry was made:
John Conley, ten acres, No. 3 lode, Red River mining district.

Treasury Receipts.
Territorial Treasurer J. H. Vaughn has received the following collections: From the Pullman Palace Car company, \$400.20; from convict earnings, \$512.32.

U. S. Court of Private Land Claims.
The United States court of private land claims, which was in session at the federal building last week, adjourned Saturday afternoon until Tuesday, June 16.

Postoffice Matters.
A postoffice has been established at Martinez, Bernalillo county, to be served from Alameda, three miles distant. The postoffice at Pina, Taos county, has been re-established.

Named by Governor.
Governor Otero has appointed R. S. Hamilton of Chaves county, to be regent of the New Mexico military institute at Roswell until the legislative council next assembles.
Clara H. Olsen, of Bernalillo county, has been appointed private secretary to the governor for two years.

Officers Qualified.
The following recently appointed officers have qualified and filed their bonds:
Edward L. Bartlett, as solicitor general; Charles V. Safford, as traveling auditor; George A. Fleming, as assistant secretary of New Mexico.

Roosevelt County Appointments.
Governor Otero has appointed the following officers for Roosevelt county:

To be sheriff, William W. Odum; treasurer and collector, Charles O. Leach; probate judge, Charles L. Carter; clerk of the probate court, Washington E. Lindsey; assessor, W. K. Breeding; county superintendent of schools, R. Cecil McAdie; surveyor, John A. Fairley; commissioners, Wm. O. Oldham, Robert Hicks and Benjamin Blankenship.

Land Office Business.
The following homestead entries have been made: Chester D. Stevens, of Eaton, 160 acres in Colfax county; James S. Spencer, of Eastview, 159.29 acres in Valencia county; August Kayser, Eastview, 160 acres in Valencia county; John W. Blanchard, of Cedar Hill, 79.71 acres in San Juan county; George W. Rogers, of Maxwell City, 158.65 acres in Colfax county; Harvey Downum, of Maxwell City, 160 acres in Colfax county; Domingo Gallegos, of Cuervo, 150 acres of land in Guadalupe county.

To Be Enjoined.
I. B. Hanna, superintendent of forest reserves, accompanied by Norman L. King, of the surveyor general's office, was in Las Vegas last week to testify in the Fourth judicial district court in the injunction suit against Margarito Romero, wherein the defendant is enjoined from cutting timber on the Pecos forest reserve. The suit was postponed, as Judge Mills was unable to be in attendance. Mr. Hanna states that in the future stockmen and lumbermen who trespass on the reserves will be enjoined from continuing the practice, and if they then continue to violate the injunction they will be liable for contempt of court. It has been the custom to swear out warrants for this class of offenders and give them jury trials, but, as a rule, the result has been very unsatisfactory.

After La Grippe--What?
Usually a hacking cough and a general feeling of weakness, often leading to fatal results after the patient is supposed to have passed the danger point. Foley's Honey and Tar is guaranteed to cure the "grippe cough" and make you strong and well. It never fails to stop a cough if taken in time. Take no substitutes. Alvarado Pharmacy.

Alvarado.
The Alvarado Trio will render the following interesting program this evening, between 6 and 8 o'clock:
Overture--Niagara Doetiger
Waltz--Violetta Kahler
March--Blennerhasset Arnold
Rosamunde Ballet Schubert
Mazurka--The Gem Rankin
Polka--Lafayette Stobbe
Reverie Menzel
Cake Walk Holtmann
Cello Solo--Liebeslied Moffat
March Taylor

Choral Concert.
The concert given by the Choral society at the school of music last night was well attended by an audience of musical inclined people, who greatly enjoyed the program rendered. The efforts put forth by the faculty of the school of music to make the choral society a successful musical organization were rewarded last evening by the

heartily support given them by the people of Albuquerque. The fact that there is a notable advance over the first concert given is highly appreciated. Those who were prominent in the program last evening were: Pro. John Douglas Walker, Mrs. Mable Stevens, Miss Florence S. Chapin, Mrs. Robert T. Blair and the chorus of forty voices of the society.

More Riots.
Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the liver or kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down systems. It dispels nervousness, rheumatism and neuralgia and expels malaria germs. Only 50c, and satisfaction guaranteed by all druggists.

Indictments Returned.

The first trial of this term's court
on the indictment returned against
Harry E. Tutwiler and J. Kelly, charg-
ed with counterfeiting, is on this after-
noon.

The United States grand jury has
finished its work and was discharged
this morning. The following list of
indictments include all but one or two
with held until the defendants are ar-
rested: James N. McDaniel, forgery
and uttering forged order; Charles
Robinson, forgery and uttering forged
order; Charles Mason, larceny from
dwelling; J. T. Atwell, larceny from
house; John Dougherty, larceny;
James P. Denny, alias W. J. Myers,
forgery; William Merling, alias Wil-
liam A. Tullip, assault with intent to
murder; Luis Montoya, rape; Gregoria
Torres and Flora Rael de Pera, as-
sault with intent to murder; Emillano
Sanchez, assault with deadly weapon;
Placida Apodaca de Samora, assault
with intent to murder.

No true bills were found in the cases
of Albert Leiciano, accused of assault
with deadly weapon; Isabella R. de
Gutierrez, accused of assault with in-
tent to kill; Maria Perea, accused of
larceny; Ed Walker, accused of burg-
lary; Camello Sandoval, accused of
assault with intent to murder, and
John Merdiquist and James Cowles, ac-
cused of burglary.

The territorial grand jury has more
work to do yet and will be in session
for several days.

POLICE COURT.

Judge Crawford handed out the law
to one drunken vag this morning. He
was trying to take a free ride under
the cushions in an east bound tourist
car, occupied by a company of dis-
charged regulars from the Philippines.
Charles Metz, night officer at the depot
who is taking Officer Barton's place
during his absence, pulled the volun-
teer from under the seat and threw
him in jail. He gave him the name as F.
E. Ayres, hailing from Arizona. He
found that New Mexico is a hard place
when it comes to getting anything free.

Sad Death.

Mr. and Mrs. J. W. Gertig received a
telegram late last evening that their
son, living at Mansfield, Ohio, was
seriously ill. They made hurried
preparation and departed for Man-
sfield and the sick bed on the Chicago
limited No. 4, about 12 o'clock. Late
in the night the remainder of the fam-
ily here received another dispatch an-
nouncing the son and brother was
dead. The deceased was the eldest
son of Mr. and Mrs. Gertig and was
married. A wife and four children
mourn the loss of a husband and
father.

CANADIAN KILTIES

Capture New York—Musical Soldiers
are Well Received at the Garden.

It was "Hands Across the Sea"—or
rather across the Canadian border—
at the Madison Square Garden. "The
Kilties" Highlanders Band of Canada
was the medium of the mighty stretch.
A crowd of Americans filled the great
auditorium to hear the crack music-
ians in king's scarlet and Scotch kilts
play. And their welcome was warm.

The program began with the "Star
Spangled Banner" and closed with
"America"—and "God Save the King,"
sung by the band.

It was a remarkable concert in many
ways, for it included bagpipe virtuoso-
ly, Scottish dances, songs and instru-
mental music—a variety of accomplish-
ments few bands can boast of. And
among the instrumental numbers were
several American airs which were cer-
tainly novel to American ears in their
unique arrangement.

The old Scottish airs as they were
played last night by the "Kilties" were
remarkably fine.

In their special field the native
Scots' music—they were simply de-
lightful. Well drilled, they play with
precision and with appreciation of
their work.—New York Journal, Sun-
day, January 12, 1932.

"The Kilties" will be at Colombo
hall on March 28.

Gossip of Base Ball and Other Sports

Chicago Nationals.

Manager Selee and the members of the Chicago National league base ball team will arrive in Albuquerque Monday morning from El Paso and will give the base ball lovers of this city an opportunity to witness a fine exhibition of base ball.

Roy McDonald, Bert Vorhes and "Snapper" Hale will be added to the aggregation of players from the windy city, then they will divide up in the game and play to show their colors.

There will be plenty of ginger and fastness in the game, as Manager Selee has not yet assigned his men to their permanent places and there are at least a dozen trying to make good. Every player is working hard as the series of games to be played in the southwest will be used as a test of each player's ability, and if a man does good work he knows the chances are he will be rewarded when they reach Chicago and the decisions are given out. With these facts in mind every man is giving the best there is in him.

Manager Selee has with him Short Stop Joe Tinker and Catcher Frank Chance, both of whom will be remembered as doing good at the tournament here last fall.

Men who are being placed in the box are Jack Taylor, Corridon, Evers, Southpaw Weimer, of Kansas City, and Lundgren.

Handling the big mitt are John Raub and John Kling; first base, Bill Hanlon; second base, Bobby Lowe; third base, "Midget" Casey. Among the outfielders are "Davey" Jones, Jack Dohbs and Jimmy Sledge.

Selee feels confident that his men will make a good showing this year, finishing up in the first division. He is making no mistakes in organizing the team and has his eye on several men he expects to land in a short time.

The team will leave here Monday night for Las Vegas where they play Tuesday.

Local Notes.

Third Baseman Strang, who played here last season in the tournament, has signed with the New York Americans.

"Topsy" Hartsel, who won so many friends here during the tournament of 1901, will again be with the Philadelphia American league team.

Danny Green, who played beside Hartsel in the territorial fair tournament of 1901, will be with the Chicago American league team this season.

"Long Tom" Hughes, who will be remembered as the pitcher in the tournament of 1901 with the terrible speed, is with the Boston American league team.

Napoleon La Joie, the hero of the Cleveland team, has recovered from his attack of pleurisy and will be in shape to play his great game by the time the season opens.

Pete Lohman, who caught a series of territorial fair games, will be in the same position this year as that of last year, as manager of the Oakland, Cal. team, and for whom he won the pennant of the Pacific coast league.

A lively game of base ball was played Sunday afternoon on the grounds at St. Michael's college between the College Browns and the Santa Fe Mechanics. Eleven innings were necessary to decide the game and the score stood

12 to 11 in favor of the Mechanics. The star players of the Browns were J. Martinez, M. Tafoya and J. Luna; and of the Mechanics, Vicente Alarid, Ernest Digneo and P. Samosa.—New Mexican.

Al Pardee, who will be remembered as doing good work in Albuquerque three years ago, has signed with the Newark, N. J., team this year. Last year he played with the Utica team in the New York State league.

Jack Powell, who won considerable popularity here in the tournament of 1901, will play in the St. Louis team this year. Mr. Powell was married last fall to the sister of Jack O'Connor, the great catcher. It doesn't pay to marry out of the business, so thinks Jack.

Van Haltren, the great center fielder, who played in the tournament of 1901, and who broke his leg in the early part of last year, will again play with the New York Nationals. Van is a wonderful stickler and foxy base runner. He has seen over twenty years service as a professional ball player, and has feathered his nest for a rainy day with the ever needful.

Wallace Walker, a well known base ball player, who played here three or four years ago has gone out of the active base ball sphere and is now working in a printing office at Cripple Creek. Walker was one of the very fastest outfielders who ever played in this city, besides being a good hitter and very fleet of foot. It is understood that he recently stated that he would like to return to this city.

Chicago 8, Los Angeles 0.

Chicago turned the tables on Los Angeles yesterday and gave them a bad beating. The score at the end of the ninth inning was 8 to 0. The National leaguers batted and ran bases up to the best National league style.

Batteries—Chicago, Corridon and Kling; Los Angeles, Corbett, Gray and Shires.

Loyal to Louisville.

Fred Odwell, the crack outfielder of the Louisville American association team, says he will not play with the Chicago American league team unless he is compelled to do so. Odwell is claimed by Comiskey, who also obtained Pitchers Flaherty and Dunkle from the Louisville team. Odwell is under a two years' contract with Tebeau's team, but it was claimed that he had been signed by Comiskey. However, Odwell reported here and he said today that he would not go to Chicago without a fight.

At Roswell.

After three weeks of hard practice the Roswell base ball team will go to Carlsbad, Friday night, to play two games, Saturday and Sunday. The nine is composed of the following players: C. Davis, catcher and captain; Will Burns, pitcher; Frank Hon, first base; Jim Hinson, second base; Cy Leland, third base and manager; Leslie Audrain, short stop; W. Ballinger, left field; McNeil, center field; C. Hon, right field; E. L. Bedell, coach. H. Carmack, Jr., and Elmo Rainbolt are the substitutes.—Roswell Journal.

Arrangements have been completed for the Chicago National League team and the Chicago Colts to play a game of base ball in this city on Tuesday, March 31.—Las Vegas Advertiser.

AS AN ADVERTISEMENT.

Every City Should Have a Base Ball Team.

Besides being the cleanest and the healthiest of out door sports a base ball team is the very best advertisement that a city can get. Everybody who follows the game at all, and this means nearly every American in the world, knows a city by its base ball team. For a great many years past whenever Albuquerque was spoken of in some other city some one in the crowd had remembered the city from the reputation its base ball team had made. The Albuquerque Browns for many years has been recognized as the best ball team in the southwest, and the special desire of all other teams in this vicinity is to win just one game from them in a season. For several seasons this was not accomplished by any of them. During the last three or four seasons, however, the Browns have lost a few games, and the victorious teams, strengthened by imported players, have always claimed the championship of the southwest. This season, if the team is reorganized, the other teams seeking games with them will have to "load up" as never before, because the boys mean business and will have a first class team or none. They intend to have a team which will again put Albuquerque on the base ball map.

Base Ball in the Air.

The Fearful Idiot turned his bleary eyes toward the boarding house mistress and asked, meekly:

"Will you be kind enough to slam three fish balls across the plate?"

"Certainly," she replied, "but won't you have four?"

"No, thank you. I don't care to take the base. I'm contented here."

"Certainly," agreed the mistress. Then she inquired:

"By the way, Mr. Idiot, how's your club progressing this weather?"

"Oh," said the idiot abstractedly, "why'er I think the rules for this season have changed its length. I don't think it will be so short this season, and the umpires object to its weight."

"He's batty," whispered the Dyspeptic.

"Will you pass the pitcher?" asked the Sweet Young Thing.

"Sure," said the idiot. "Be careful. They have glass arms these days. Practice, you know, practice."

"Did your friend Vode Vill make a hit with his egg trick last night?" asked the Mistress, frantically.

"A hit? Oh! Yes, he made a hit. One hit the floor and the audience yelled 'Foul!' but he kept right on and made a three bagger through the wings. Every time he looked up he saw flies. He caught his foot on a prop and fell on his face. I don't think he's in the right field. He don't score with his audiences. If you'll pass another hot one down the field and take the mask off the butter I'll show you a twist— Yes, I will take another Charlotte Russe, thank you."

Farmington Club.

Some of our boys have taken steps toward the reorganization of the Farmington base ball club. This is a good move and should have the co-operation of our citizens. We want to wipe up Aztec this year.—Farmington Hustler.

Against Sunday Base Ball.

The ministers and influential citizens of Silver City have started a crusade against Sunday base ball. They have requested the principal business houses to close their doors a portion of one afternoon in the week, and have met with success.—Roswell Register.

TRACK MEET.

Albuquerque in Position to Have an Inter-Collegiate Meet.

Since Albuquerque has taken a prominent stand in base ball circles, and in fact has scores of enthusiasts of almost every known sport it is only proper in consideration of the existing conditions that an inter-collegiate meet should take place in Albuquerque about June first.

Last year Las Cruces was the scene of the first inter-collegiate track meet, which was grand, and awakened a most notable interest in various sports throughout the territory.

Albuquerque is centrally located and it would greatly facilitate matters in bringing together the contestants from the Agricultural and Mechanical college at Las Cruces, Las Vegas Normal school, the Roswell Military Institute, University of New Mexico, Albuquerque Indian school, Santa Fe Indian school and other educational institu-

tions in the territory. A meet at Albuquerque would not only be a big event for the city, but would give all the various institutions an opportunity to enter the contests.

Every college in the territory has certain records of long standing which need to be broken and new records placed upon the territorial register. The territorial record for the 100 yard dash is 10:45; standing broad jump, 9:04; running broad jump, 19:03; 200 yard dash, 23:45; standing high jump, 4:08; running high jump, 5:01; 120 yard hurdles, 17:25; putting shot, 37:10½; throwing hammer, 82:05; discus throw, 53:45; 889 yard relay, 9:09; 880 yard run, 2:38.

Now here is a chance for the University boys to show themselves. They have the material and with systematic practice could do some good work.

Las Cruces has already talked about what they intended to do in base ball; now is the time to see them make good.

The institutions throughout the territory are full of good athletic material and a meet would show their good qualities in more ways than one. Every school has a base ball team or are organizing a team from their best material. This would be an excellent time to open up a series of games between the various schools.

This matter should receive the consideration and co-operation of every educational institution throughout the territory.

The University of New Mexico is making great preparations for a field day to be held May 1. Practice days are Wednesdays and Fridays under Prof. Robert Blair, of the school of music. Considerable attention is being given to practice and great are the expectations for that day.

In the Squared Circle.

"Paddy" Carroll, the Chicago fight promoter, has offered \$30,000 for the Jeffries-Corbett championship fight and will also endeavor to pull off the Fitzsimmons-O'Brien middle weight contest. While no place is mentioned it is understood that the battle will take place in Florida if the terms are accepted.

Jack Root is the latest boxer to adopt the stage as a means of securing "pork chops." There is one thing to Root's credit, however, he does not talk. Bag punching is his stunt. Root has been unlucky of late. He has been matched many times, but something always turned up to keep him out of the ring. Root is one of the best light heavyweights in the business and is a boxer of excellent habits. Only one defect mars his record, and that was at the hands of George Gardner last summer.

When Benny Yanger faces Hughey McPadden next Friday night in Detroit he will be up against one of the cleverest boxers in the business. McPadden's long, rangy left arm has earned him many decisions. He is not a hard puncher, but he has an almost impenetrable defense, and Yanger will have to work overtime to beat him. Yanger, of course, will tear in and slash away. This is his style of fighting. If he lands there will be joy in the Hertz camp. But if he fails to connect McPadden will probably get the decision. McPadden will outweigh Yanger at least half a dozen pounds, and with this advantage and also height and reach he should prove an awkward customer for the "Tipton Slasher."

FAKE HAIR PREPARATIONS

Do Hair No Good, But Often Cause It to Fall Out.

Many hair preparations are "fake" because they are merely scalp irritants. They often cause a dryness, making the hair brittle, and, finally, lifeless. Dandruff is the cause of all trouble with hair. It is a germ disease. The germ makes cuticle scales as it digs to the root of the hair, where it destroys the hair's vitality, causing the hair to fall out. To cure dandruff, the germ must be killed. Destroy the cause, you remove the effect. Newbro's Herpicide is the only hair preparation that kills the dandruff germ, thereby leaving the hair to grow luxuriantly.

.....NEW CURE FOR..... CONSUMPTION

Over Eighty Per Cent in the First Stage and Seventy Per Cent in the Second Stage of This Disease are Cured by the

NEW OZONOFORM TREATMENT

As to a cure for consumption, there has been endless theorizing and numberless "cures" have been advocated, practiced and abandoned. Those proposed have generally been based on the alleged discovery of some mysterious compound having the effect of arresting the disease.

There are of course very pertinent reasons why these "discoveries" should withhold from the public information as to the nature of their remedies, but if this is necessary, it is hardly likely to beget widespread confidence.

THE OZONOFORM TREATMENT.

The new Ozonoform Treatment for Consumption which has been introduced by Dr. Frederick J. Fielding and is now being tried with the above satisfactory results at the Fielding Institute in the Hicks Building, San Antonio, is sharply differentiated from the other (so-called) cures—first is the fact that its nature is openly proclaimed by its originator, Dr. Kretschmer, of Berlin, and second, that it is founded, not on some sudden and accidental discovery of a curative substance, but on the results of years of study and experimentation along the lines which modern scientific thought has indicated as the most likely to bring about satisfactory results.

GET DR. FIELDING'S BOOK.

A full description of the new Ozonoform Treatment, together with much information of value to consumptives is contained in a book which has recently been published by Dr. Fielding. It is a handsomely illustrated work, and everyone interested in the subject should write or Dr. Fielding at the Hicks Building, San Antonio, Texas, for a copy of it. It is sent free of charge.

Those who do know about it wonder how they ever got along without it. It has robbed childbirth of its terrors for many a young wife. It has preserved her girlish figure and saved her much suffering. It is an external liniment and carries with it therefore, absolutely no danger of upsetting the system as drugs taken internally are apt to do. It is to be rubbed into the abdomen to soften and strengthen the muscles which are to bear the strain. This means much less pain. It also prevents morning sickness and all of the other discomforts of pregnancy.

From the Optic.

George A. Fleming, formerly of this city, has taken the oath as assistant secretary of New Mexico in accordance with the law passed by the legislative assembly.

Pecos Forest Reserve Rangers R. L. Williams, J. E. Ewing and F. R. Stewart were summoned to this city yesterday to testify in the Romero timber injunction cases. As Chief Justice Mills did not return from Raton until noon, the case has been postponed indefinitely, and the rangers went back to their respective districts this afternoon.

Mrs. B. E. Marshall, territorial president of the Woman's Christian Temperance union, will leave for Albuquerque Monday. She will present the Demorest silver medal to the successful contestant in the oratorical contest, to be given in Albuquerque Tuesday night.

Postoffice Inspector C. L. Doran yesterday checked up the west side post-office and complimented Postmaster Salazar and assistants on their thorough methods of handling the public charges.

Killed by a Train.

Lucas Lopez, a Mexican met a horrible death under a Pecos Valley & Northeastern train last Saturday afternoon. The accident occurred on the bridge over the Hondo river. Lopez was on his way to town, walking on the railroad track and had started to cross the bridge before he was aware of the approach of the train behind him. As soon as the engineer, George Lee, saw the man he whistled repeatedly and tried to stop the train. The train could not be brought to a stop, however, and Lopez, who saw his danger too late, tried to reach the end of the bridge. The train was upon him before he could escape and he was crushed by the engine.

He was taken to Ullery's undertaking establishment and a coroner's jury was duly selected and viewed the remains. The jury adjourned to meet Monday evening in Justice Peacock's office at 10 o'clock.

At the appointed time on Monday morning the coroner's inquest was held. The jury brought in a verdict that the deceased met his death by being run over by an engine on the Pe-

cos Valley railroad. The testimony brought out the fact that Lopez had only one ear, one eye and was weak in the legs. The jury did not place the responsibility for the accident, but it is assumed that it was caused by the negligence of the man himself. Lopez was about 50 years of age and lived with friends southeast of town. It is not known that he had relatives living.

Grip Remedies in Great Demand.

When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams, of McDuff, Va., says that he was cured of a very deep and lasting attack of la grippe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all druggists.

The Rio Grande Raging.

The Rio Grande is on the rampage and farmers are gleeful over the abundance of water flowing into irrigation ditches. There is more water in the river this spring than for many years previous. But it is not unexpected. The mountains of Colorado and northern New Mexico are teeming with snow deposited by the numerous heavy storms of the winter. Since the storms have prevailed during the winter the farmers and ranchers have gone at their spring work expectant of a bountiful harvest. The prospects at present are very flattering.

The snow is now beginning to go off and the water is coming down. Old timers say that the river has not yet reached its fullness as it is still early. If such is the case there will be something doing in the valley during the month of April when the sun comes out warm.

SYRUP OF FIGS

Acts Gently,
Acts Pleasantly,
Acts Beneficially,
Acts truly as a Laxative.

Syrup of Figs appeals to the cultured and the well-informed and to the healthy, because its component parts are simple and wholesome and because it acts without disturbing the natural functions, as it is wholly free from every objectionable quality or substance. In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal virtues of Syrup of Figs are obtained from an excellent combination of plants known to be medicinally laxative and to act most beneficially. LOCAL PARAGRAPHS

Mrs. Frank Beers, of Newton, Kas., is expected here tomorrow morning for a visit with her nephew, Tom Bordman.

The Knights of Pythias lodge, which disbanded a few weeks ago, has reorganized and held a meeting last night.

Another handsome residence is being built by H. H. Tilton adjoining Judge Baker's residence on Twelfth street.

Miss Nellie Dearing, of Dallas, Texas, who has been visiting in the city the past two months, left on her return home this morning.

C. L. Fountaine, traveling agent for the Missouri, Kansas & Texas railroad, with headquarters at El Paso, is an Albuquerque visitor.

Mrs. E. H. Newman, who has been spending the past month here visiting her son, F. H. Newman, left last night for the City of Mexico.

Tickets for the Kilties concert to be given at Colombo hall next Saturday afternoon and evening were put on sale at Matson's this morning.

Maynard Gussul, manager of the Albuquerque Electric Light and Power plant, has as his guest C. M. Durbin, an employee of the light and power company, who lives in Denver.

Grosvenor B. Clarkson, of New York, who has been spending the winter at Albuquerque will leave tonight for Redlands, Cal., where he will remain through the spring.

Mrs. B. E. Marshall, president of the Woman's Christian Temperance union, of the territory of New Mexico, arrived last night from Las Vegas. At the Congregational church tonight she will present the Demorest silver medal in the elocution contest.

R. L. Stone is here buying Mexican mules for the Pennsylvania coal mines. They are costing him about \$30 apiece. They will be worked in the soft coal mines in places where larger mules cannot enter. When once they are lowered into the deep shaft of the mines they are there forever and never again see daylight unless they become useless or disabled.

SOCIETY MEETINGS

Mrs. Rummel will give a tea Thursday afternoon at 2:30 for the benefit of the Ladies' Aid society of the Lead Avenue Methodist Episcopal church. All are cordially invited.

The veterans of the Spanish-American war are requested to meet tonight at 7:30 o'clock in Col. Borradaile's store to make plans for the reception of Comrade President Theodore Roosevelt.

The Ladies' Auxiliary to the St. Joseph's sanitarium met at the hospital this afternoon in a business session.

Meeting of Harmony lodge No. 17, I. O. O. F., this evening. Degree drill. All members of the order requested to take part.

The Red Men are making grand preparations for their meeting next Monday night, when the newly elected officers will be installed and a banquet served. Several new members are to be initiated.

Groceries Recovered.

Officer Cooper and one of Gross, Kelly & Co.'s men returned from San Antonio today, where they secured about 1,500 pounds of groceries that had been sold to Charles Kemp by D. Leandro, the Italian merchant of Duranes, who was bound over on the charge of arson. Leandro will undoubtedly be indicted this week and some startling facts are liable to be brought to light in the trial.

FREIGHT WRECK.

Box Cars Piled Up Near Bernalillo—Flyer Delayed.

A south bound freight train was wrecked four miles this side of Bernalillo shortly before noon today by the breaking of a box car axle. The train was running at about thirty miles an hour and several cars were piled up. The fore part of the train was brought on to the city. A wrecking crew was dispatched to the scene of disaster and will likely have the road clear by 5 o'clock.

The California Limited, No. 3, due here at 10:40 this morning, was caught behind the wreck and will not get here until late this afternoon.

Ladies of Hospital Fair Delighted With Success.

Mrs. R. P. Hall, who has always taken the deepest interest in the welfare of the hospital has sent Mrs. G. W. Harrison, the president, 100 potted ferns to be used to decorate the Colombo hall the week commencing April 20. The ferns will be sold after the fair. The firm of Hall & Leonard, always to the front, have given a fine violin to the ladies and they have also agreed to furnish the music and take care of the dancing the entire week without charge.

Some pretty Albuquerque Miss will undoubtedly wear the beautiful hat which the O'Brien Sisters, the Railroad avenue milliners, have given to be awarded at the fair in aid of St. Joseph's Sanitarium. And whoever is awarded the camera donated by Babbitt Brothers of Flagstaff, Arizona, will be delighted to take a picture of the pretty maiden and her new hat.

Five Per Cent.

Twenty Year Gold Bonds

Another policy held by Mr. Waterhouse was a Five Per Cent. Twenty Year Gold Bond Policy for \$10,000, on which he had paid six annual payments of \$168.75 each. This form of policy was also devised and introduced by The Mutual Life Insurance Company of New York, and in settlement of this policy the company will issue ten one-thousand dollar Five Per Cent. Twenty Year Gold Bonds, the income from which will be \$100 a year for twenty years. The face of the policy, \$10,000, will be paid at the end of twenty years. (Philadelphia Record Nov. 12, 1902.)

If you desire to know on what terms you can contract for the purchase of Five Per Cent. Gold Bonds, deliverable to yourself in twenty years or to your family immediately, in case of your death, state the amount of annual income you wish to secure for yourself twenty years hence and give date of your birth.

DARBY A. DAY,

between \$10 and \$15 in money was stolen, and some small change was taken out of the cash register.

Mr. Keppeler had taken the money, with the exception of some small change, out of the cash register, and put it in its usual hiding place. When the saloon was opened for business this morning it was found that the money was missing. Further investigations showed that the side door had been pried open with a crowbar. Mr. Keppeler stated that there was no evidence of any of the liquor or cigars having been touched, and that whoever did the work was undoubtedly well acquainted with the premises.

JOKERS FOILED.

Bert Drury Smells a Mouse and Disappoints Office Men.

Bert Drury and wife, nee Miss Borden, have returned from Belen, where they have been visiting since their marriage last week.

Mr. Drury is clerk to O. D. Buzzell, foreman of the local car department. He was due to report at Buzzell's office this morning for work, but for unknown reasons he had not made his appearance at noon.

Some friend probably gave him a tip or else he suspected there was somebody or something awaiting him at the office, and, indeed, there was.

The boys had arranged to give him a rousing reception. His desk was handsomely decorated and on it were numerous useful presents. A few of them were very appropriate as gifts to a newly married couple.

A number of the office boys spent the morning laying around in the vicinity of Bert's desk, expectant of his coming, but were sadly disappointed. Mr. Buzzell said this noon that if he doesn't appear this afternoon a committee will be appointed to wait on him tomorrow.

ANOTHER MAN ARRESTED.

Thought to Know Something About Missing Supplies.

Florencio Montano, a former employe about the Santa Fe storehouse, was arrested this morning by Santa Fe Officer W. B. Hubbell on suspicion. He is thought to know something about the supplies that have been disappearing from the Santa Fe storehouse.

Montano had been seen with Mares, who was bound over to the grand jury yesterday, several times, and at one time was seen with a five-gallon oil can in his possession.

A search warrant was issued against him yesterday morning by Judge Crawford. But the officers did not find anything at his home that had been taken from the storehouse.

He will be given a hearing tomorrow morning and the prospects are that there will be some new facts learned concerning the job lot stealing at the Santa Fe storehouse.

Officer Hubbell is still at work on the matter, which is of grave importance to the railroad company, and will not let up until they have all the thieves.
