Georgia's "Grand Old Woman" Is Making a Determined Fight for a Seat, if Only for a Day.

George Reiterates That He Will Adhere to His Program of Letting Her Take the Oath of Office

Washington, Nov. 20.—Georgia's "grand old lady," Mrs. W. H. Felton, first woman senator, was the star member of the east in the opening scene today of the convening of congress. Her effort to be sworn in and sit for a day was forced upon her by the fact that in all other respects she enjoyed a thrilling debut as the congressional curtain was raised. And there was good prospect tonight that success would crown her hope of taking the oath tomorrow and becoming the first woman senator in fact as well as by name, if only for a day.

Real Estate Undeveloped

How real estate is being undeveloped in the state is shown in a report which has been made by field representatives of the tax commission, and tax experts of four railroad companies.

GALLERY CROWDS CHEER

Galleries crowded, largely composed of women overflowing into the halls, cheered and applauded the white-haired woman, who shortly before the senate convened, she was escorted to an ante-room to receive a huge bouquet of red roses.

All Pay Tribute to Her

All in the senate paid tribute to the first woman senator. She was received by Vice President Coolidge and nearly all senators, republicans and democrats, as well as officials and pages.

RYAN PLANS TO 'COME BACK' AS FINANCIAL KING

Former Wall Street Speculator Is Discharged From Bankruptcy in Federal Court at New York

New York, Nov. 20.—Allan A. Ryan, who filed a voluntary petition of bankruptcy with liabilities of \$18,000,000 last summer, was discharged from bankruptcy today in federal court.

Although Mr. Ryan himself refused to comment on his plans for the future, it was learned from his close friends that he has made careful plans to come back in the financial world that knew him for several years as one of the most daring and successful speculators in Wall Street.

Allan A. Ryan, Incorporated, was recently organized and it is believed that Mr. Ryan, now that he is free of his debts, will use his organization to regain his place in the world of finance. The full membership of the new company has not been disclosed. It has been reported that his father, Thomas F. Ryan, the capitalist, from whom he had been estranged, would come to his assistance and place part of his immense fortune at his disposal when he was rid of the business embarrassment. That report has never been denied.

Mr. Ryan's liabilities amounted to \$18,000,000, of which \$14,000,000 was owed to banks on pledged securities, and the remainder was to unsecured creditors. A large quantity of the stock of the Stutz Motor company, which Mr. Ryan attempted to corner on the stock exchange, was pledged for a large loan to a local bank. This stock, which carried with it control of the Stutz company, was later sold to Charles M. Schwab of the Bethlehem Steel corporation.

No accounting has ever been made of the amount the secured creditors received on their claims against the Ryan estate. The receiver said today that the return to the unsecured creditors would be negligible.

No opposition was made to Mr. Ryan's discharge from bankruptcy in court today.

ISMET TOLD BY ANGORA CHIEFS TO STAND FIRM

Is Instructed Positively Not to Yield on the Question of Capitulation at Lausanne Meeting

Paris, Nov. 20.—Ismet Pasha, chief Turkish delegate at the Lausanne peace conference, has again been instructed by the Angora assembly positively not to yield on the question of capitulations, according to authoritative information reaching Paris.

These instructions, it is said, were sent in view of the probability that one of the largest battles of the conference will be fought over this point, the Turks insisting that foreigners be amenable to the Turkish laws and courts, and the other nations declaring that their nationals be accorded extra-territorial rights.

It is pointed out, rightly or wrongly, from the European point of view, that the Angora assembly's request for abrogation of the capitulations first in importance on its list of peace terms.

Even before Smyrna was re-taken from the Greeks, the nationalists put capitulation first. Smyrna second, and Constantinople third. Ismet is reported to have been warned in no uncertain terms that he will be hanged if he yields on capitulations.

As to the Turkish attitude in general, it is said that while Angora sincerely desires peace after 12 years of war, it is not alarmed by reports that the allies are seeking to array the Balkan states against Turkey in order to replace Greece as the British watchdog in the Near East.

The difficulty in the way of this reported plan is that the territory which the Balkan states might expect in return lies largely within the frontiers of Greece. Besides, it is reasoned that these states would not protect British Mesopotamia and French Syria from the Kemalists.

OPPOSITION TO OPEN SALOON IS VOICED BY WETS

Want Legislation Providing for Some Other Plan of Distribution; a Resolution Is Adopted

St. Louis, Nov. 20 (by the Associated Press).—The executive committee of the Association Opposed to Prohibition this afternoon went on record as "unfavorably opposed to the saloon." A resolution to this effect was adopted in connection with the first national meeting of secretaries of state branches of the association, which is in session here.

The resolution follows: "Resolved That the conference go on record as unalterably opposed to the saloon, and that the advisory committee be instructed to prepare and recommend to the various state branches appropriate legislation providing for a plan of distribution that will not permit the return of the saloon."

Eighteen states were represented at the conference, at which secretaries of state branches of the organization reported on the results of the recent general election as it affected the liquor question.

W. H. Saxton of Baltimore, general director of the association, in an address declared that "the result of the recent election is sufficient to satisfy any thoughtful man of the strong tidal wave which is spreading over the country against the Volstead act."

FRANCE'S CAUSE IS OUTLINED BY M. CLEMENCEAU

Speech Is Delivered Behind Closed Doors; Stretches a 15-Minute Talk Into One of 58 Minutes

New York, Nov. 20.—Georges Clemenceau, advocate of France, unleashed his oratory today before one of the most critical audiences he is likely to face in America.

Appearing for a fifteen minute talk before a group of newspaper editors and publishers, the veteran Tiger plunged so deeply into the subject closest to his heart that it was 15 minutes before he could find a stopping place.

His auditors represented many shades of political opinion. Among them were men who had written editorials criticizing his views on world politics. But at the end of his address they were all agreed on one thing: That Clemenceau is passionately in earnest about the cause of France and that his addresses will be well worth hearing.

Authoritatively Described

The speech was delivered behind closed doors and it was generally agreed that it should not be reported. But it was authoritatively described as follows:

He said he had not come to America to tell the Americans how they should conduct their war. He said he had come to show them what France needs.

"His address was a complete, candid discussion of the situation as he sees it."

Up to Go to a Reception

The 15-minute speech drove to his New York home immediately after the address and lay down for nearly two hours. He appeared somewhat wearied by his effort, but was up again shortly before 3 o'clock to go to a reception of the Franco-American society at the home of Thomas W. Lamont, of J. P. Morgan and company.

Colonel Bonnal had exacted promises on both sides that there should be no handshaking at this function. But neither the Tiger nor the society members could be so easily deterred. The Tiger shook hands all around—with something less than 75 persons.

He made no formal remarks, but chatted with many of his hosts. Among them were E. H. Gary, chairman of the United States Steel corporation; John D. Rockefeller, Jr.; Elihu Root and Charles McPherson.

Clemenceau appeared deeply moved when, upon entering the Lamont home, he found the widow of a French soldier, who her three little daughters waiting for a glimpse of him.

The little girls shyly presented him with bouquets and he rewarded them each with a reassuring word. He spoke of France for a moment to their mother.

From the Lamont residence, he drove back to the Charles Dana Gibson home.

Earlier today the Tiger submitted to a thorough examination by two physicians, who pronounced him at the end "like a man of fifty." The examination was suggested by Dr. Francis Lebercq of Morristown, N. J., an old friend of the ex-president, and Clemenceau's undergoes examination.

Assented readily enough. The doctors are squabbling over when shall have the few precious drops of his blood, extracted from his arm for the purpose of a blood test.

Colonel Bonnal said the Tiger was spending a great deal of time in reading books and periodicals to get a clearer understanding of American public opinion. Among the books he has called for are works of Theodore Roosevelt and Woodrow Wilson.

Even the Orient

Now cleans teeth this new way

Do you know that careful people of some fifty nations are now brushing teeth in a new way? And largely by dental advice?

If you have not learned what that method means, make this test and see.

They combat film

This new way fights the film on teeth—that viscous film you feel.

Film clings to teeth, enters crevices and stays. It absorbs stains, then forms dingy coats. Tartar is based on film.

It also holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Most tooth troubles are due to film. So are most cloudy teeth. Under old methods very few escaped them, for no ordinary tooth paste can effectively combat film.

New methods now

Dental science has long sought to solve the problem of that film. Two methods have been found. One acts to curdle film, one to remove it, and without any harmful scouring.

Able authorities have proved their efficiency. Now dentists the world over are advising their daily use.

A new-type tooth paste has been created, based on modern research. The name is Pepsodent. In that tooth paste are embodied those two great film combatants.

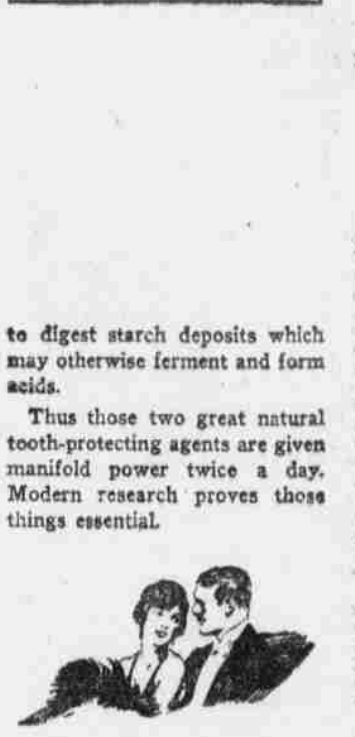

Fights acids, too

Pepsodent also multiplies the alkalinity of the saliva. That is there to neutralize mouth acids, the cause of tooth decay.

It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise ferment and form acids.

Thus those two great natural tooth-protecting agents are given manifold power twice a day. Modern research proves those things essential.

We Give a ten-day test Simply mail the coupon

You see new beauty everywhere

Now millions use this method. You see the results wherever you look, in shining teeth which give to people new beauty and new charm. Those whiter teeth mean cleaner, safer teeth. They mean to those people a new dental era.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film coats disappear. This test will be a revelation. Make it now. Cut out the coupon so you won't forget.

COLORADO RIVER TREATY MAY BE FINISHED TODAY

It Is Expected That the Rough Draft Will Be Agreed Upon; Commission Holds Night Session

Special to The Journal.

Santa Fe, Nov. 20.—A treaty by tomorrow in the hope that it is unofficially being expressed here tonight. No executive session of the Colorado river commission was held this afternoon, but auxiliary work was done in caucuses by delegations of the two groups of states, Colorado, New Mexico, Utah and Wyoming in the north; California, Arizona and Nevada in the south. Important points were under discussion by the caucuses, which continued their work tonight.

It would not be surprising if the rough draft should be agreed upon at the session tomorrow morning. In this event, nothing will remain but to reduce the rough draft to language that is acceptable and the document will be complete except for affixing the signatures of the commissioners.

There is, of course, the possibility of a hitch, which would necessitate going again over ground which has been covered more than once. Even if the rough draft should be agreed upon at the session tomorrow morning, the adjournment of the commission may not be voted until the latter part of the week.

Governor Mechem and State Engineer May have been in attendance day and night, at the conference and caucuses, assisting Judge S. B. Davis, Jr., the New Mexico commissioner. Judge Davis is chairman of the drafting committee.

The governor-elect of Colorado has taken part in the deliberations today.

SHEEP HERDER IS BURNED TO DEATH

Blida, N. M., Nov. 20.—Agapito Lopez, aged 21, a sheepherder employed by Paul Horney, was burned to death in the herder's house on the ranch a few nights ago. The man was alone when the fire occurred, and the exact cause is not known, but it is believed that he built a fire in an iron kettle in the middle of the room and sat down beside it to warm his feet. The man fell asleep and kicked the kettle over, it is thought. The man's torso was found in the ruins of the house. The head and limbs were burned off.

YOUNG MAN'S FOOT CUT OFF BY TRAIN

Springer, N. M., Nov. 20.—Fruito Romero, age 21, suffered the loss of his left foot a few days ago as it slipped under the wheels of a moving E. P. & S. W. coal train at Taylor Springs. He was brought to the Springer hospital where Dr. Laster amputated the member just above the ankle and he has been getting along nicely since.

The young man came to Taylor Springs from his home at Kephart, New Mexico, expecting to get work on the railroad there, but he did not and in attempting to board a moving train his foot slipped under the wheels.

HOPE FOR PEACE VOICED AT THE LAUSANNE MEET

First Day's Sitting of the Near Eastern Conference Was Brief; Actual Business Begins Today.

Lausanne, Nov. 20 (by the Associated Press).—Hope that peace on earth would result from the labors of the near eastern conference was voiced by the speakers at the brief opening session today.

This sentiment was voiced first by President Haab of the Swiss confederation, who presided over the opening plenary meeting, and it was dwelt upon by both Lord Curzon and Ismet Pasha in their responses on behalf of the numerous delegations assembled in the Lausanne casino, where the impressive inaugural ceremony was held.

Today's sitting required only a half hour and tomorrow morning the business of the conference will be actively begun.

Americans in the Front Row

Richard Washburn Child, American ambassador to Italy, and Joseph C. Grew, minister to Switzerland, the two principal American representatives, were seated prominently in the front row of the auditorium beside Premier Poincare of France and received a warm welcome from the delegations from other lands.

SEVEN RECORDS OF PADDOCK MAY BE THROWN OUT

Alleged Faulty Timing Is Given as the Reason; Sharp Controversy Precedes the Decision

New York, Nov. 26 (by the Associated Press).—The virtual rejection of seven records submitted on behalf of Charles W. Paddock, Los Angeles A. C. sprinter, because of alleged faulty timing, and the decision to leave the question of controlling women's amateur athletic activities to the incoming board of governors were the outstanding features of today's meeting of the Amateur Athletic Union. Sharp controversy regarding acceptance of the Paddock's records preceded the final decision of the delegates to refer their passage to the record committee for 1923.

exist. We know that as blood cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you eczema, ever actually taken advantage of this wonderful fact? Thousands just like you have never thought about it. Skin eruptions, eczema with all its fiery, skin-digging torture and its soul-tearing, unceasing itching, pimples, blackheads and boils, they all pick up and go, when the tide of blood-cells begins to roll in! Blood-cells are the fighting-giants of nature. S. S. S. builds them by the millions! It has been doing it since 1890! S. S. S. is one of the greatest blood-cell builders, blood-purifiers and body-builders known to us mortals! When you put these facts together—then to continue to have eczema and skin eruptions looks more like a sin than a disease. Mrs. Arthur N. Smith, Pearl St., Newark, Ohio, writes: "My little girl had a very bad case of eczema. She began taking S. S. S. and is well now. I thank you very much. I tell my friends what a good medicine it is. I cannot talk too much about it, for I know it is O. K."

Here is your opportunity. S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red blood-cells, it cures rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down. S. S. LOBOS BEGIN TO TRAIN FOR GAME ON NOVEMBER 30

They Report That Saturday's Battle at Tucson Was Wicked All the Way Through; Arizona Strong

Badly battered, but with no one seriously hurt, the Lobos returned yesterday morning from Tucson, where the Thanksgiving game at Las Cruces with the Aggies. The Lobos report that Saturday's game was a wicked battle all the way through and that Arizona was as strong a team as last year, if not stronger. They say the 10 to 0 score just about represents the relative strength of the Lobos and the Wildcats, although Arizona was fortunate not to be scored on at two critical periods, when the Lobos almost went over for touchdowns, and again when they tried to gain through it. Hobbs bucked the moutched Fullback Hobbs, Wildcat captain, and two years on the All-Southwestern team, unable to gain through it. Hobbs bucked the line in the second quarter and collided with Dutton, to be carried from the field, the first time he has failed to leave the gridiron on his own feet since he has been playing football. Ferguson, Hopkins, and Dutton and Captain John Popeloy took care of everything that came their way in the line, while Jones and Tom Popeloy starred in the backfield.

A comparison of the scores in the Wildcat-Aggie game, and in the Lobos-Wildcat game makes next week's game between the Lobos and the Aggies look like anybody's game. Arizona beat the Aggies, 21 to 7, a margin of 14 points while the Lobos beat the Aggies, 10 to 0, on the other hand, the Aggies outscored the Texas Miners, 62 to 0, while the Lobos beat them only 13 to 6. The hope is pretty hard to figure, but, regardless of odds, the Lobos-Aggie game has always been a bitter struggle.

SCHAEFER BEATS WELKER COCHRAN IN ONE TOURNEY

Champion, When at His Best, Produces Some of the Closest Nursing Shots Seen in the Contest

New York, Nov. 26.—Jake Schaefer, in a game filled with brilliant snuffing, defeated Welker Cochran in their match tonight in the international 18.2 ball line championship tournament. The champion, when at his best, produced some of the closest nursing shots seen in the tournament. The final score was 100 to 92. Schaefer finished his string with an unfinished cluster of 167. His average was 31.4-16 and his other high runs 150, 81 and 73. Cochran's average was 18.5-16 with high runs of 112, 46, 42. Cochran had poor breaks at critical times, but on the whole was outplayed.

Eduard Horemann, the Belgian, and Roger Conli, the Frenchman, will meet in the mainline match and Schaefer will meet Willie Hoppe at night in the final match of the tournament.

In the event of a tie, the extra play-off matches will take place on the roof garden of the Hotel Pennsylvania.

MAN, 60, SUCCEEDS IN GETTING LICENSE TO MARRY BRIDE, 18

There is nothing of the faint heart about James D. Anderson, a 60-year-old bridegroom. Foiled in his first attempt to obtain a marriage license to wed Mary Trinnio, whose age was given as 18, Anderson yesterday returned to the court house with the young bride-elect, reinforced by her guardian, Candelaria Sanchez.

Anderson and the girl applied to Fred Crockett, county clerk, for a license to marry about two weeks ago. Mr. Crockett questioned the age of the girl, believing her to be under the 18 years required by law. She looked several years younger to him and he refused to grant the license.

Yesterday afternoon the couple appeared, accompanied by the guardian who signed with her mark in the license book permitting the girl to marry. Mr. Crockett was obliged to accept the guardian's statement and to issue the license but he is not yet satisfied in his own mind.

"They will have to prove it to me. I think that girl is too young," commented Mr. Crockett who seems to consider her a pretty good judge of women's ages.

"BABY" MARY ROSE TO APPEAR AGAIN AT THE LYRIC BY REQUEST

Tiny and dainty, with a captivating air and manner that won the hearts of all who saw her at the Lyric Sunday and Monday "Baby" Mary Rose, the five-year-old wonder girl, was a tremendous hit. She made her debut with the crowded houses that greeted her act, that the management was induced to hold this finished and clever little artist over for three more days, starting today. She will appear in an entirely new act, singing new songs, those who miss seeing Baby Mary in her delightful little act are foregoing a rare treat.—Adv.

NOTED REVIEWER PRAISES "ORPHANS OF THE STORM" OPENING TODAY—PASTIME

The enthusiasm of those who approach a motion picture opened-minded is often more eloquent than that of the publicity hack who endeavors to tell his mood or its message from a partisan slant. Something like this is constantly happening with "Orphans of the Storm," the D. W. Griffith masterpiece, and a United Artists release, which has its local premiere at the Pastime theater today for a run of three days. One instance of the verdict being taken out of the mouth of the publicity man by someone who is really sincere and competent to paint a frank word picture, is the comment of Amy Leslie, reviewer of the Chicago News.

Mr. Griffith has a way of cloaking his greater truths behind half-open doors of defiant uproars, she writes, apropos of his introduction of the French Revolution into the story. "He takes on a beautiful play, still, still, awake and alive with sensational drama, and lets it float in and out the wildest tumult civilization ever knew. He gathers thousands of ragged, brutal savages of the revolution, armed with flying cavalry of Louis to the teeth and sends them stampeding in cavalcades through the bleeding streets of Paris."

"He swings the gullotine of Robespierre, beheading the blue-blooded empires, and herds a half million in his mob of screaming citizenry and fanatics, betes humaines and miserable slaves. And all this is to intensify the problem of D'Ennery's two lost girls—the old stage play of "The Two Orphans"—into a colossal epic of the screen and an awe-inspiring spectacle. Such is the modern masterpiece of the films.—Adv.

A war debt is annoying, but in these troubled times it is comforting to have at least one thing that is permanent and unchanging.—Associated Editors (Chicago).

FATHER-AND-SON WEEK IS BEING OBSERVED HERE

Banquet for All Fathers and Sons in City at Y. M. C. A. on Friday Evening; Big Crowd Expected

The national Father-and-Son week is being celebrated here this week by the Young Men's Christian association with the cooperation of the churches of the city. The week of November 19 to 26 has been set aside in each year by the international committee of the association.

The big event in observance of the week in this city will be a father-and-son banquet to be held at the Y. M. C. A. on Friday evening. Judge M. E. Hickey, chairman of the boys' work committee of the association, will preside. Arrangements for the banquet are being made by J. V. Moss, boys secretary. Every father and son in the city has been invited to the affair today from the pulpits of local churches. Each father must come accompanied by his son, if he has one, any man lacking a son may bring some one else's son. Any boy may likewise bring another man to take the place of his own father. There will be music and talks at the banquet.

The purpose of the week's observance is to get fathers to renew their interest in their paternal obligations, to lead sons to deeper respect and appreciation for their fathers and homes, and to lead both fathers and sons to regard the church and Sunday school as necessary to the finest development of their spiritual lives, and to secure their cooperation in the work and support of the church.

The public schools of Albuquerque will be closed during the entire week beginning November 27. It was announced by City Superintendent John Milne yesterday. Anything, including all food except perishable vegetables, will be acceptable. The gifts will be brought to school on Friday of this week and will be turned over to Capt. Dick Guest of the bureau of charities for distribution.

Any money brought by children as a Thanksgiving offering will be retained for a fund for use in the public schools.
