ALBUQUERQUE, NEW MEXICO, THUR DAY AFTERNOON, MARCH 19, 1903

NUMBER 408

TERRITORIAL LAWMAKERS

Forty-third Days' Doings of Legislature.

URGES A WORLD'S FAIR EXHIBIT

Contiguous Territory Bill Passed--More Ap- pointments by the Governor.

Special to The Citizen.

Santa Fe, N. M., March 19.—The house took a recess until 8 o'clock this evening.

The council has confirmed the governor's appointments and will hold an evening session.

Forty-third Day, Wednesday, March 18, 1903.

The Council.

(Wednesday's Morning Session.) The council listened to the reading of the journal and then sat around waiting for something to turn up. A formal session became monotonous so a recess was then taken subject to the call of the chair.

Finally house bill No. 180, an act requiring city officers to be taxpayers, was taken up and passed.

Council bill No. 92, the street sprinkling bill introduced by Mr. Duncan, was passed.

The committee on municipal and private corporations reported amended council bill No. 64, an act relating to the annexation of contiguous territory to cities and towns, with the recommendation that it be passed. The report was accepted, the bill read the third time and passed unanimously without debate.

The committee on judiciary favorably reported house bill No. 59, an act requiring school superintendents to furnish bond and it went through as smoothly as its predecessors. The money was broken when house bill No. 12, an act relating to registration boards, was favorably reported, and it was tabled indefinitely.

The council then went into executive session in which the nominations submitted Tuesday, with the exception of that for solicitor general and those for district attorneys, were confirmed. The nominations referred to are still under consideration by the judiciary committee to which they were referred.

The following nominations were sent in. To be members of the board of dental examiners: L. H. Chamberlin, of Bernalillo county; Charles N. Lord, of Santa Fe county; E. L. Hammond, of San Miguel county; A. A. Bearup, of Eddy county, and F. E. Olney, of San Miguel county.

To be district attorney of the Fourth district, F. W. Clancy, of Bernalillo county.

To be district attorney for the Fifth district, A. A. Sedillo, of Socorro county.

After the executive session, house bill No. 219, an act to amend the recent act providing for district attorneys' districts, so that the district attorney shall not be required to reside in the district for which he is appointed, was reported and passed under suspension of the rules.

A recess was then taken until 3 o'clock in the afternoon.

(Wednesday's Afternoon Session.)

The council was not called to order until 3:30. Mr. Fall rose to a question of personal privilege and presented telegrams from Socorro county. These were read.

House bill No. 126, an act to amend the law relating to licenses of merchants, was unfavorably reported. A substitute to charge a license of \$5 in cases in which sales are less than \$3,000 per year was passed.

The governor's message regarding the St. Louis exhibit was referred to the finance committee.

The House.

(Tuesday's Afternoon Session.) The debate over the passage of house substitute for house bill No. 159, the irrigation commission bill, was most spirited and the fight was one of the most even during the session. Among those who participated in speechmaking were Messrs. Martin Sanchez, Pedro Sanchez, Llewellyn and Eduardo Martinez. The bill was finally passed by 13 to 11. Mr. Pendleton changing his position on the matter and voting for the bill.

The ayes were Messrs. Bowie, Dalles, Butierrez, Howard, Llewellyn, McCash, Ortega, Pendleton, Pollard, Pedro Sanchez, Stockton, Turner, Vargas—13.

The nays were Messrs. Baca, Cole-

man, Kilpatrick, Eduardo Martinez, David Martinez, Melvers, Romero, Cristoval Sanchez, Martin Sanchez, Sandoval and the speaker.

House bill No. 2, an act relating to compulsory education, was taken up and passed.

Council substitute for house bill No. 143, an act to authorize the issue of bonds for the building of school houses in the city of Santa Fe was called up. Mr. Bowie and Mr. Dalles fought the bill. Mr. Pollard tried to secure an adjournment but failed by a vote of 16 to 7. Those who voted to adjourn were Messrs. Bowie, Coleman, Dalles, Howard, Pollard, Ortega and Sandoval. Mr. Baca moved the passage of the bill and it was passed.

The house adjourned until 10 o'clock Wednesday morning.

(Wednesday's Morning Session.)

It was 10:20 when the house was called to order. Prayer was offered.

House bill No. 192, an act to provide for an exhibit at the St. Louis exposition, appropriating \$30,000 therefor, and ordering a levy of 3.5 of a mill, was called up by Mr. Dalles. The bill was read in both English and Spanish. Mr. Dalles asked to suspend the rules and this was done by a vote of 17 to 5. The bill was read the third time by title. Mr. Bowie protested against the bill because of the appropriation. He also thought the territory would be far outclassed and \$30,000 will not provide an exhibit equal to those from other commonwealths. Mr. Llewellyn said the corporations of the territory will make magnificent exhibits if authorized to do so. He urged an exhibit so as to reply to defamers of the territory.

Mr. Dalles said all the opposition to the bill is because of a feeling of spite against St. Louis newspapers which opposed statehood. He believed the exhibit should be provided for as an advertisement and he believed as advertising is necessary for a private business, it is equally necessary to advertise the greater business of the territory. Mr. Pendleton said he favored the bill and called attention to the fact that the two senators and fifteen representatives of Missouri have stood

(Continued on page four.)

STRUCK HAND CAR.

South Bound No. 7, Last Night, in Trouble Near Cerrillos.

A FORTUNATE ACCIDENT.

Passenger train No. 7 struck a hand car near Cerrillos last night about 10 o'clock, demolishing the hand car and breaking the cowcatcher and front of the engine.

About six or eight Mexicans were riding on the hand car, but most fortunately they all jumped before the crash came. The engine hit the hand car just as they were rounding a curve and it is supposed that they heard the rumble of the train in time to jump.

The train was delayed about three-quarters of an hour before the engine could be repaired to reach this city. The passengers knew nothing of the accident until the train had stopped and they were informed of the trouble. It has been stated that the men on the hand car were intoxicated and would not have been able to have lifted the car off the track had they heard the train in time.

What proved to be a small accident of no consequence, might have resulted in a disastrous wreck, for smaller obstacles than a hand car have been known to throw fast moving trains from the tracks.

An Engagement.

The Citizen is pleased to announce the engagement of Miss Nellie Taylor to George E. Everitt. Both are popular young people of the city.

Miss Taylor is an accomplished mu-

sician, being a graduate of the London Conservatory of Music and the Royal Academy of Arts and Music of London. She has resided in Albuquerque a number of years and has a large circle of friends here. Mr. Everitt is a rising professional and business man and the son of Arthur Everitt. He is a graduate of the Northern Illinois College of Ophthalmology and Otolaryngology. The date of the wedding has not yet been decided on.

MRS. H. JAY STONE.

Her Death Occurred at Residence This Afternoon.

Death came to Mrs. H. Jay Stone this afternoon not entirely unexpected but with all the sadness that such a parting brings.

Mrs. Stone, who is the wife of H. Jay Stone, who was formerly bookkeeper at The Citizen, has been sick with pneumonia for some time, and all through her sickness hopes were entertained for her recovery.

Deceased leaves a good husband and two small daughters to mourn her untimely and sad death.

Mrs. Stone was a dear and kind mother, and a lady that bore the highest respect and esteem of all who knew her. Friends will be grieved to hear of the death of the good woman. The funeral has not been arranged for at this hour, but will undoubtedly be held day after tomorrow at the residence on North Fourth street.

CHLORIDE DISTRICT.

A Few Interesting Facts About Mining in This Arizona Camp.

MINERS AND PROSPECTORS.

Special Correspondence.

Chloride, Ariz., March 18.—A gold discovery that is attracting very widespread attention has just been made here on the Emerson mine by Stephen Smith. The rich ore body was struck in a shaft at a distance of seventy feet from the surface, and exactly at water level. The vein is fifteen inches wide and samples give from 2 1/2 to 30 ounces gold to the ton. Mr. Smith and Judge Shafer own a group of fine claims continuously situated, and adjoining properties belonging to the Philadelphia & Arizona Mining company and not far from the Minnesota and Mother Lode mines, belonging to them. This is very generally pronounced the largest and richest gold discovery ever made in Mohave county.

Gold ore in richer and better qualities is also coming out of the Homestake mine, belonging to Thomas Thornton, and two claims distant southeast of the new gold discovery. Developments on this property, however, are not down half the distance as upon the new gold find, but the quartz and formations are identical the same, and give several ounces gold to the ton. Mr. Thornton is considerably handicapped in the development of his discovery from a financial standpoint and is doing the work alone as fast as he can, feeling assured from present facts and indications that he will reap a rich reward by and by.

The Samoa mine, being operated by the Hoffman Bros., is in bonanza gold and silver ore at a depth of 400 feet. The gold value has only lately come in, where there was a general change of formation in the workings. The first car load of the new and rich ore went out last week and shipments promise permanency.

The Elkhart mine, which was recently taken hold of by C. Barramore, as manager for the company owning, is making wonderful success in the production of ore. This is an old ore chute that had been overlooked for years by former foremen and managers, and since the opening of the vein it has produced ore in car load lots, the largest and freest from waste that ever came out of the mine. This size and quality of ore, however, is not up to the standard of its first discovery, but nevertheless there is a goodly quantity in the mine, and the 100-ton mill is far behind in the treatment of milling stuff.

The Tennessee mine and mill are still hanging up, and no definite news as to when work will be resumed is not obtainable. H. N. Botsford and family still remain, and the former still retaining general management of affairs. The mine and mill have been worked incessantly for a number of years, and only when all the surface workings and improvements were visited and destroyed by fire three years ago, has there been any let up in work and production.

The Queen Bee mine at Mineral Park has lately had a new steam hoist installed at work, and developments in that fine property is considerably accelerated.

BIG FACTORY FIRE

Shoe Manufacturing Plant Destroyed, With Other Building.

ARGUMENTS IN THE MERGER CASE

Counsel for the Wabash Arguing His Side of the Case.

BILLY BRYAN'S BIRTHDAY.

Pepperhill, Mass., March 19.—A fire which started shortly after 1 o'clock this morning in the big shoe factory of M. C. Griffin, at East Pepperhill, destroyed the factory and a score of other buildings, including several stores and dwelling houses, and entailing a loss estimated at \$300,000. As the local fire department could not cope with the flames, aid was called from Nashua, N. H. With this help the local department fought the fire until nearly daylight before gaining control of the fire.

Three stores and six dwellings were destroyed. The cause of the fire is not known, but incendiary is suspected.

Fire at Springfield, Neb.

Springfield, Neb., March 19.—Fire early today destroyed every place of business in this village, entailing a loss of \$50,000. Ten stores and shops were burned, the largest loss being that of William Kreck, dry goods and groceries, \$20,000. The town has no fire protection. The blaze started in Bate's drug store, and is supposed to have been of incendiary origin.

Merger Case Arguments.

St. Louis, March 19.—The argument for the Northern Securities company, in the merger case, was resumed this morning. Attorney Young took the case circuit court for the district of Minnesota, sitting here at 10 o'clock this morning. Attorney Young took up the reasons why the Burlington system was purchased by the Northern Pacific and Great Northern systems. He stated he would occupy the entire forenoon session.

ARGUING FOR WABASH.

Counsel Reading Extracts from Brotherhood's Constitution.

St. Louis, March 19.—Colonel Blodgett resumed his argument in behalf of the company when the hearing in the Wabash case was resumed this morning. He read extracts from the constitution of the Brotherhood of Locomotive Firemen to prove his contention that there were no grievances entertained by the employees against the road, inasmuch as the brotherhood, according to his contention, had not proceeded in accordance with its own laws. The whole thing lay, he declared, in the recognition of the union, and failing of this, the defendants had conspired to induce the employees to stop work, and otherwise injure the road.

BILLY BRYAN.

The Ready Democratic Candidate for Presidency Has a Birthday.

Lincoln, Neb., March 19.—The receipt of numerous letters and telegrams of congratulation came today to remind the household of William J. Bryan that this is the birthday of the late democratic presidential candidate. Mr. Bryan having been born March 19, 1860. Mr. Bryan is at present enjoying excellent health notwithstanding the fact that he has been "on the go" the greater part of the winter delivering addresses and lectures in various parts of the country. He intends to put in the time this spring looking after his farming interests and later in the summer will again take to the platform to fulfill his long list of engagements with Chautauqua societies and other summer assemblies.

LADIES' DAY.

The Openings at the Millinery Stores Today.

The ladies of Albuquerque are greeted today by three millinery openings; all are fine, and many new and beautiful millinery creations are shown.

The Gilbert Millinery Company. The Gilbert Millinery company's parlors, 119 West Gold avenue, were thrown open today to the millinery shoppers. The Misses Gilbert have made special effort in their opening and are showing a fine display of very pretty hats. They are very pleasant, entertaining ladies and are well acquainted with the millinery business.

The window display is especially pleasing to the eye.

The Parker-Fleming Millinery Co. Mrs. Parker and Mrs. Fleming, 210 South Second street, have made a worthy effort in arranging for their opening. The decorations by B. Frank Fillmore are tastefully arranged. The parlors were darkened by green cloth over the windows and lighted by electricity. It gives the scene of beautiful and varied colored millinery and the crowd of lady shoppers and hat admirers, a very striking effect. Piano music was rendered for the visitors during the afternoon. Mrs. Parker and Miss Fleming were assisted by Misses Maude and Ida Summers, Miss Mary Stingle and Miss Olive Fleming.

The O'Brien Sisters. The O'Brien sisters, located at 304 West Railroad avenue, will continue their opening until Saturday. They are showing a very commendable assortment of spring millinery. Quite a large number of ladies have called during the day. The O'Brien sisters have a nice and original idea in showing their first hats. Among them will be found the Alice Roosevelt hat. Other hats are christened after prominent actresses. The hats shown are very pretty and neatly arranged.

Mrs. Richard Lund, wife of the estimable doctor of Bernalillo, returned home this morning after spending a couple of days in the city, visiting and shopping.

FROM WASHINGTON.

The Reason for Postponement in the Judge McMillan Case.

DELEGATE RODEY DETAINED.

Special Correspondence.

Washington, D. C., March 14.—Reliable information has been obtained by the correspondent of The Citizen, at the department of justice, that owing to a combination of circumstances it has caused this long delay in reaching a decision upon the charges preferred against Judge D. H. McMillan, of the Fifth judicial district.

The Panama canal, the Cuban treaty, the session of congress and several other very important matters have just forced this matter over. After the adjournment of congress the attorney general was so worn out by hard work and so near a sick spell that he had to take a trip to Florida, where his family is, to recuperate. Judge Russell, who was placed in charge of the case, after the long, full and careful report by Special Agent Moyer, was himself compelled to go to Paris to investigate the title of the present Panama Canal company to the canal. The attorney general decided before going to Florida that he would give Judge McMillan a couple of weeks more time to secure more affidavits in his defense; that Judge McMillan, as the defendant, would be given an oral hearing, before the attorney general, upon his return from Florida, probably about the first of April; that Judge McMillan, as the defendant, would be permitted to be present, and that some one or more of the assistant attorneys general would prosecute in behalf of the government, and that Judge McMillan would be permitted to appear in his own defense, or by attorney, if he so desired, and he no doubt will be in Washington at or before the time set. The case will be very fully gone over, and the attorney general will promptly decide, one way or the other, as soon as it is heard.

Judge Freeman is giving his very careful and undivided attention to the case, and will ask, as the representative of the people, to be present at the hearing, to hear just what defense Judge McMillan will make. Reliable reports say that Judge McMillan charges most all of those that have made charges against him as being liars, thieves, jail birds, convicts and other pet titles. The fact that after his answer, which is about as thick as a Webster's dictionary, has been filed, he is given further time to file more affidavits, of itself looks unfavorable to Judge McMillan.

Judge McMillan was furnished with copies of the charges that were made against him when they were sent to Washington, and again given access to copies of all papers or charges against him upon his arrival in Washington, by the department of justice, while on the other hand, the people of New Mexico, through Judge Freeman, who is acting for them, in regard to the charges filed, have been refused the poor privilege of seeing the long and voluminous answer filed by Judge McMillan. Of all the departments of the government it would be supposed that the department of justice would willingly and freely accord

(Continued on page four.)

A GOLD BAR DISAPPEARS

Slipped Suddenly Out of a Car at Detroit.

MISS ALICE ROOSEVELT AT SAN JUAN

Condition Along the Overflowed Rivers--The Steel Corporation Officials.

Detroit, March 19.—A bar of gold, said to be valued at from \$20,000 to \$23,000, disappeared from the express car of the Wabash train, No. 4, which arrived at the Union station from the west at 8 o'clock, and left for Buffalo at midnight. The property was in charge of the Pacific express company, and was consigned to Buffalo.

Just as soon as the messenger missed the gold he notified the local express company, who in turn asked the police to assist in the search for the missing treasure. Every available detective of the staff of Chief of Detectives McDonnell was assigned to the case, and private detectives were also retained to assist.

The general manager is expected in the city and he will then give out a statement. Pending his arrival no details will be given out at the local office. It is supposed that the gold was shipped from some western mine. The bar was missed just before the train pulled out for the east. Local officials say there is a bare possibility that the bar of gold has been misplaced and will turn up in Buffalo.

"We are impatiently awaiting for news from Buffalo, said the manager of the local branch of the Pacific express company."

At 1:30 o'clock, Captain McDonnell, chief of detectives, said that his men had discovered no clue to the whereabouts of the missing gold. The precious bar was checked out by the incoming messenger in the customary manner and receipted for at the company's office in the Union depot. The outgoing messenger then checked it and receipted for it. His train was an hour and a half late, and while waiting its arrival the bar of gold, the detectives learn, was loaded on a truck in the office, where several persons, not employed by the company, saw it and examined it. When the truck was unloaded after the arrival of the train, the bar was found to be missing. Captain McDonnell says he has found that at least three persons not connected with the Pacific Express company were in the office and examined the bullion and discussed it.

The value of the bar, as given to the police, is \$23,000.

At 2 o'clock the promised statement from Superintendent Newhall had not been issued.

NOW FOR BROOMS.

Parties Here Looking Over the Field for a Factory.

MACHINERY NOW ON THE ROAD.

Albuquerque is soon to have a new industry, which may in time grow quite extensive and be very beneficial to the farmers of the Rio Grande valley, as well as the people of the city. It is a broom factory. J. W. Swisher and R. T. Broadhead, two businesslike young gentlemen, arrived here last night from Abilene, Kansas, and are today looking over the city with a view to establishing a broom factory. They were seen by a representative of The Citizen this morning and expressed themselves pleasantly impressed with Albuquerque as a field for such a factory and were then looking for a suitable building for their factory. They stated to The Citizen that their machinery and factory equipment is packed and ready for shipment from Abilene. It is their intention, at present, to ship the broom corn raw from Kansas, and will continue to do so until a crop of corn can be raised here. They will give away a quantity of broom corn seed to farmers and ranchmen, who will make an effort to grow it. It is thought that it can be grown in the valley profitably and its cultivation become a great industry for the ranchmen.

The young men seem enterprising and thoroughly acquainted with the business they intend to engage in and doubtless will be successful in their new venture.

Not at Buffalo. Buffalo, March 19.—At the office of the Pacific Express company all knowledge of the disappearance of a gold bar at Detroit is denied. They say further that the bullion was never shipped to Buffalo.

MISS ROOSEVELT.

Reception in Her Honor at San Juan, Porto Rico.

San Juan, Porto Rico, March 19.—Miss Alice Roosevelt landed here at 8:30 o'clock this morning from the steamer Como, from New York, March 14.

She was met by Governor Hunt and his family and was driven to the palace, where she afterwards held an informal reception.

Miss Roosevelt will receive the citizens' committee in public tomorrow and will attend the citizens' reception at the theater in the evening, when there will be a display of fireworks and a demonstration in her honor.

Money Market.

New York, March 19.—Money on call easier at 5 1/2 per cent; prime mercantile paper, 6 per cent; silver, 4 1/4.

THE MISSISSIPPI.

Rising at Some Points and Falling at Other Places.

Washington, March 19.—The weather bureau this morning gave out the following river bulletin:

The stage of water this morning at Memphis is forty feet, a rise since Wednesday morning of 0.4 foot. This rise was probably due from overflow water from the Arkansas side as the Mississippi has fallen about Memphis. While a further slight rise is possible the decline may be at any time. It is impossible to estimate the amount of water yet to come from the west side. The situation continues critical below Memphis and forecasts previously made are repeated, as more rain is expected tonight and Friday.

Every precaution should be taken and preparation continues for stages in excess of those of 1897.

STEEL CORPORATION.

President Schwanb and Others in Conference Today.

New York, March 19.—President Schwanb and several of the legal representatives of the United States Steel corporation were in conference today. The object of the meeting could not be learned.

It is reported the forthcoming annual report of the corporation will embody a comprehensive statement of operations for the past year and will deal especially with the matter of production.

STILL IN JAIL.

The Two Men Arrested Yesterday as Army Deserters.

Frank H. Bush and George H. Smith, over, arrested and placed in the county jail, charged with being deserters of the United States army, are still confined, but hope to be released tomorrow through habeas corpus proceedings, brought through their attorney, W. C. Heacock.

An account of the circumstances concerning their arrest and charges brought against them, were given in The Citizen of yesterday.

Major Hardie, of Fort Wingate, officer in command there, who was expected to arrive here today, telegraphed late last night that he would not be able to get here before tonight.

More Stores Unionized.

In addition to the list published in The Citizen recently the following stores have been unionized, their clerks joining the Retail Clerks Protective association: The Economist, dry goods; The Lion Store, dry goods; No Name, novelties and toys; J. A. Skinner, grocery and provisions.

The charter from the national headquarters will be sent for immediately, and upon receipt thereof delegates will be elected to the Central Labor union. The union movement in Albuquerque is taking rapid strides and before many months nearly every branch of trade in the city will be organized.

A GOOD HOT WATER BAG!

HAVE YOU A GOOD ONE?

Call and let us show you good honest values in Hot Water Bags, Fountain Syringes, Combination Syringes, Atomizers, etc. We sell them on a positive guarantee for perfect workmanship and durability.

Remember Arbor Day and plant trees.

The dry goods and millinery stores are displaying some fine Easter goods these days.

Now that the bar in the national capitol has been abolished, our thirsty lawmakers are likely to develop a sympathy for the canteen soldier.

A noted geologist declares that the anthracite coal in the United States will hold out sixty years longer. Consumers see their finish long before that.

Sheep men report the adjacent ranges in fine condition. They are making preparations for the spring lambing, and herders at this time are in demand.

Spring fever is a disease that baffles the doctors. No patent medicine ever pretended to cure it, and against its baneful influence breakfast foods are in vail.

Another country has closed its doors to the American abscorder. The senate last week ratified a treaty with Mexico, making embezzlement an extraditable offense.

The nomination of Hon. F. W. Clancy, to be the district attorney of this judicial district, gives general satisfaction to the people of this city. He made a first class prosecuting attorney and was entitled to a re-nomination.

Judge Thomas C. Gutierrez, one of the newly appointed county commissioners, is one of the best known citizens of central New Mexico. His residence is at Los Griegos, a few miles up the river. He is thoroughly identified with the upbuilding of this city, and will prove a most excellent commissioner.

Severo Sanchez, who was one of the recently appointed commissioners of this county, is a well known young gentleman, residing with his aged father, Hon. Tomas Sanchez, across the river at Rancho de Atrisco. He is a farmer and sheep raiser, and has progressive ideas. It is predicted by many friends that he will make one of the best commissioners this county has ever had.

At the recent meeting of the new board of county commissioners, Hon. Jesus Romero, the well known business man and republican leader of old town, was appointed probate judge, vice Equipulo Baca, residing in the new county of Sandoval. Mr. Romero has filled, in the past, several offices of trust in this county, and he has never been found lacking. He will prove a most exceptionally popular probate judge.

The Journal-Democrat, (the corporation sheet), who deserted the democratic party a few years ago, has announced that it is an independent paper, but watch its howls when the city council attempts to regulate water rates, etc., in the interest of the people. Its desertion of the democratic party, at a time when that party needed an organ, has never been forgotten by the democratic leaders, but the latter found a willing tool in the Journal-Democrat to fight the legislature and Governor Otero, and that tool is being worked in an interesting manner these days in an attempt to create discord among the republicans of this city and county.

It is amusing to note with what ease the great newspaper fopper dropped into the net prepared for it by the democrats. The bait was tempting, and Head Chief Burke persuaded President Macpherson to take a bite.

The eight hour law, passed by the Arizona legislature, has been signed by Governor Brodie and will become a law within ninety days. It only refers to the miners employed below ground. The operation of the law affects only small mine operators, the big companies now having an eight hour day in operation. Many of the territorial newspapers of both parties object to the law and claim that it will seriously effect future investments in the mines of that territory.

The democrats, a few socialists and a small bunch of disgruntled republicans, from the talk indulged in these days, really thought The Citizen was going to renounce the republican party when the howl went up from their lungs alleging great wrongs had been inflicted upon this city. The Citizen is a republican paper, supporting the principles of the party, and failed to bite at the bait thrown out by the leaders of the opposition; hence the howl.

To see Mariano Armijo, whom we all know, posing as a reformer strikes the average citizen as rather funny. The proprietors of The Citizen are well acquainted with Mariano. He was the "affidavit man" that went to Santa Fe, on a certain occasion, at our expense, when he knew nothing in the world regarding the case on trial at that time. Nevertheless, Mariano saw an opportunity to visit Santa Fe, and it was at our expense that he enjoyed himself. The democrats were in power then, and Mariano was a willing "affidavit man" against us.

Universal alarm prevails among German financiers and other business men of Germany over the continued industrial depression that prevails throughout the empire. The banks are crowded with idle money which they cannot loan at 2 per cent. The hoped for return of prosperity has not materialized. The chief cause seems to be that Germany's production has increased in greater ratio than her markets. Here in America our markets are constantly expanding and absorbing our surplus products, thanks to the broad foreign policy of the republican party.

At 4:24 yesterday afternoon, H. E. Blake, of the Las Vegas Optic, wired to various newspapers in the territory that the Optic, which has been the only democratic daily newspaper in New Mexico for a number of years past, had been sold. James Graham McNary purchasing a large portion of the Allen stock of the company, which will give Mr. McNary control of the policy of the paper. The agreement has been drawn up and a cash forfeit put up to insure the same, but the actual transfer of the property will not be made until July 1, 1904, when Mr. McNary will be at liberty to take active charge of the paper. The confirmation of the purchase was made, editorially, in the Optic yesterday afternoon. It is understood, under the new ownership, the Optic will be made an eight-page paper.

EYES SPEAK

Volumes, at times, of woman's happiness or misery. The dull, sunken eye, with its dark circles almost surely speaks of womanly ill-health, and its attendant suffering. With the dull eye goes usually the fallow, sunken cheek, the drawn mouth, the shrunken form—the whole glory of woman's beauty marred by the effects of disease.

Dr. Pierce's Favorite Prescription cures the diseases which undermine the health and mar the beauty of women. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. Sick women are invited to consult Dr. Pierce by letter free, and so obtain the advice of a specialist upon their disease. All correspondence is strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

OFFICIAL MATTERS.

Notaries Appointed—Maps Filed—Private Land Claims,

NEW INCORPORATIONS.

Daniel W. Bull, of Lordsburg, has been designated as the New Mexico agent for the North American Mining company, of which the eastern office is at Shamokin, Pa.

Maps Filed.

Maps of right of way of the Eastern Railway of New Mexico, showing the seventh and eighth sections in Valencia and Guadalupe counties, were filed in the land office on March 10, 1903.

Lands Selected.

The Santa Fe Pacific Railroad company has selected 200 acres of land in San Miguel county, in lieu of lands in the San Francisco mountain forest reserve in Arizona.

Notaries Appointed.

The following notaries have been appointed by Governor Otero: Louis F. Nohl, Espanola, Rio Arriba county; C. E. Burg, Albuquerque, Bernalillo county; Theodore W. Heman, Tucuman, Quay county; Jose R. Lucero, Las Cruces, Dona Ana county.

Homestead Contest.

In the contest case of Graham Hart vs. Jose Ramon Cordova, involving a homestead entry for 160 acres in the vicinity of Lumberton, N. M., the commissioner of the general land office reversed the decision of the local office, dismissed the contest and left the entry of Cordova intact.

Land Office Business.

Final Homestead Entries—Alejo Montana, Cubero, 159 acres, Valencia county.

March 11—Felipe Santiago Mares, Wagon Mound, 160 acres, Mora county; George H. Buck, Wagon Mound, 160 acres, Mora county.

The following homestead entries have been made:

March 11—Camilo Lucero, 160 acres, Pena Blanca, Bernalillo county; Juan Alderete, San Rafael, 160 acres, Valencia county; Mattie H. McQuire, 160 acres, Willow, New Mexico, Mora county.

March 12—Emerson P. McQuire, Willow, New Mexico, 160 acres, Mora county; Asencion Salazar, Sanchez, N. M., 160 acres, San Miguel county.

Land Court.

The United States court of private land claims was called to order yesterday forenoon at 10 a. m., Chief Justice J. R. Reed, presiding, and Associate Justice Henry C. Sluss, Associate Justice Wilbur F. Stone, United States Attorney M. G. Reynolds and court officers present. The case of the Manuel Maria Martin del Galvan grant et al vs. United States, No. 282, was called and set for hearing at the coming June term of court. No other business was had. The court adjourned until today.

Land Office Business.

The following business has been transacted at the United States land office this week:

Homestead Entries—Flor Trujillo, of Springer, 160 acres of land in Colfax county; James D. Skinner, of Cuervo, 160 acres of land in Guadalupe county; Manuela Chaves de Garcia, of Wagon Mound, 160 acres of land in Mora county; Chester D. Stevens, of Raton, 160 acres of land in Colfax county.

Incorporations.

The Baldy Power and Gold Mining company of Elizabethtown, has been incorporated for a term of fifty years. The capital stock is \$2,000,000, divided into 2,000,000 shares of the par value of \$1 each. The company is authorized to do a general mining and milling business, to acquire by purchase, lease, etc., mining lands and erect mills and manufacture electricity. The eastern office is at Buffalo, N. Y., and the directors are Jacob Dilcher, Edward C. Shafen, Harvey H. Argue, Charles P. Stevenson and Alvin A. Hubbell, of Buffalo; Hugo Seaberg, of Springer, and Charles C. Forrester, of Elizabethtown.

The Green Mountain Copper company, of Rinconada, principal office, Rio Arriba county, was incorporated to do a general mining business with a capital stock of \$2,000,000 divided into 2,000,000 shares of the par value of \$1 each. The term of existence is fifty years. The directors are William M. Woody and Tedis F. Woody, of Taos county; Adrian Vanderkloot, Francis C. Roberts, Sr., Francis E. Roberts, Jr., and William J. Vanderkloot, of Chicago.

Tragedy Averted.

"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins, of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for consumption, and our darling was saved. He's now sound, and well." Everybody ought to know it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by all druggists. Price 50c and \$1.00. Trial bottles free.

Still a Good Talker.

Hon. Pedro Sanchez, representative from Taos county, has fully demonstrated that his mind is as clear as daylight. His speeches at the Louisiana purchase exposition bill this morning were the most logical, forceful and brilliant speeches delivered upon the subject. He kept his hearers

PROOF FOR THE UNBELIEVING AND SKEPTICAL

Paine's Celery Compound

Saves a Gentleman From the Dangers and Perils of Insomnia and Nerve Troubles After Failures of Able Physicians.

It is now generally admitted that insomnia or sleeplessness is caused by exhaustion of nerve force and a sluggish condition of the digestive organs. Overwork, worry and care have their effect upon the nerves. Sleeplessness in springtime is one of the commonest troubles afflicting men and women, and in too many cases fatal results follow. In thousands of cases the

REV. A. CROW,
Of Ridge Road, N. Y., 83 Years Old.

terrible trouble develops insanity and madness—then the asylum with its surrounding horrors.

Paine's Celery Compound promptly banishes sleeplessness and inflammation of the nerves. The wonderful medicine quickly makes nerve fibre and nerve force, cleanses the blood, strengthens the tissues of the brain and gives rest and sleep. You cannot possibly procure these blessings through the use of any other medicine. Paine's Celery Compound is the only true nerve and blood remedy, and contains exactly the elements needed for your case in springtime. May Heaven direct you to use it, dear sufferer, at this time. Mr. Max Burghelm, Cincinnati, Ohio, says:

"I have been suffering from sleeplessness for many years, and although I have tried almost everything to get cured, consulting the best physicians, and even going to Europe several times, all was in vain. I then tried Paine's Celery Compound. The first night I used it, you can imagine my joy when I found that I had slept six hours in succession. I continued the use of Paine's Celery Compound for three months and sleep peacefully every night."

Says Rev. A. Crow, of Ridge Road, N. Y.:

"Paine's Celery Compound has been a panacea for the many ills which afflicted me in my old age, and which have all disappeared by its use. First, the sciatic affliction of my right hip which so severely afflicted me that it was very difficult for me to ascend or descend stairs; lumbago was another affliction which was at times very troublesome, but the Compound cured me. I was also afflicted with piles. I have used six bottles and it has quite revolutionized me and I am now in my eighty-fourth year and as well and strong as I was at fifty."

spell-bound easily and time flew without being felt. Mr. Sanchez has always been recognized as an eloquent orator and he seems to lose none of his vigor although a man well advanced in years.—New Mexican.

Grip Remedies in Great Demand.
When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams, of McDuff, Va., says that he was cured of a very deep and lasting attack of the grippe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all druggists.

The County Assessorship.
J. M. Sandoval, of Albuquerque, the assessor, who was elected last November for Bernalillo county, proposes to remain in office and to hold on to it with a strong and tight grip. He claims to be a citizen of Bernalillo county, and not of the new county of Sandoval. Several of the best lawyers of the territory have declared his title to the office to be absolutely good. This will be tough on Councilman Geo. F. Albright, who expected this official plum to fall into his mouth at any time. "The best laid plans of mice and men gang aft a' glee,"—New Mexican.

More Riots.
Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the liver or kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down system and neuralgia and expels malaria germs. Only 50c, and satisfaction guaranteed by all druggists.

FOR SALE—Several hundred pounds of old papers, good for wrapping purposes, cheap. Address, The Citizen, Albuquerque, N. M.

JEMEZ & SULPHUR HOT SPRINGS STAGE LINE.

Railroad Topics

Bert Bronson, fireman in the power house of the Santa Fe planing mill at Topeka, is here to spend a short vacation from work.

Misses Margaret and May Curran, sisters of P. J. Curran, the well known hollernaker, arrived at Winslow on a visit to their brother.

W. M. Smith, right of way man for the Santa Fe, who has been spending a few days at his home at Kansas City, returned to his office at Belen yesterday.

Hon. W. S. Hopewell, general manager of the Albuquerque Eastern and Santa Fe railways, returned to Santa Fe this morning on passenger train No. 2.

It is reported that the Missouri Pacific is contemplating ordering fifty additional locomotives, 5,000 box cars, 250 stock cars and also some additional flat cars.

The railway mileage in Great Britain in 1901 was 21,864 miles. The mileage in the United States covered by the interstate commerce commission report was 196,075.

F. J. Shepard, general superintendent of the Santa Fe coast lines, is expected to arrive here tonight. He will probably be accompanied by Division Superintendent J. L. Hibbard.

T. W. Masters, who is firing on the Santa Fe Pacific road, is one of the largest men in the railroad business. He is 6 feet 5 inches tall, weighs 250 pounds, and is built from the ground up.

J. E. Butler, who has been chief dispatcher for the Santa Fe at Needles, has been transferred to San Bernardino where he will accept a like position. J. A. Jones succeeds Mr. Butler as chief at Needles.

The contract for the building of the hotel at Bright Angel, Grand Canyon of Arizona, has not yet been let. It is understood that the lowest bid submitted was about \$40,000 more than the railroad company is willing to pay.

Edward Hill, a brakeman, was brought in to Winslow from Sunshine, suffering from a spinal injury caused by falling from a train. Dr. Brown attended the sufferer and prepared him for his trip to the hospital at Los Angeles, where he was taken, accompanied by Rev. S. A. Smith.

The Needles Eye says: The can and torch which belonged to Engineer Charles Hayward, who was killed in the Siam wreck, are in the show window of the Needles drug store. The Needles division of Locomotive Engineers has had them nickel plated and engraved and will present them to the father and mother of the deceased.

The Williams News says: It is no uncommon occurrence to hear of one train running into the rear end of another on a down grade, and it is easily explained; but the freight wreck which occurred at Davenport, seven miles east of here, last Monday, occurred on an up-grade. From reports, the first "34" was rolling along serenely when the second "34," which, evidently, was following too closely, crashed into the caboose, completely telescoping it and derailling another car. It is miraculous how the conductor, who was sitting in the caboose, escaped with only a few scratches. Traffic was suspended for several hours while the track was being cleared.

After La Grippe—What?

Usually a hacking cough and a general feeling of weakness, often leading to fatal results after the patient is supposed to have passed the danger point. Foley's Honey and Tar is guaranteed to cure the "grippe cough" and make you strong and well. It never fails to stop a cough if taken in time. Take no substitutes. Alvarado Pharmacy.

UP THEY GO.

Paul Morton Says That There Must Be an Increase in Freight Rates.

In speaking of the real situation in the west, Paul Morton, second vice president of the Atchison, says that an increase in freight rates is absolutely necessary. "There has been a great deal of talk about advancing the rates," said Mr. Morton. "But in the main it has ended in talk. The so-called increases which are alleged to have been made in various tariffs are not increases at all but are merely restorations to rates that formerly were in force. There must be a general advance in freight rates if the roads expect to show a fair margin of profit. During the last few years the price of nearly everything has advanced. Equipment, rails, labor, are much higher, but the freight rate situation has remained about the same. Speaking in a general way, if the rates on the Atchison during the last year had kept pace with the mileage increase and had been proportional to the cost of equipment and maintenance, the Atchison would have shown more earnings by several million dollars. The territory along the Atchison in the west and southwest was never in as prosperous condition as it is today, and there is no use of freight being carried at a rate that is too low to show a profit. In a great many instances new institutions, new lines of trade, have been favored on the line of not only the Atchison, but of all the big western roads, and it is high time that the railroads were at least getting their rights in the matter of rates.

"There is a great deal of corn to be moved along the line of the Atchison, but it will not be rushed to the market owing to the fact that it is in good condition and will find ready sale when

it is shipped. In many sections of the west the corn will come out in the shape of live stock, as live stock is being fed in large numbers, and the present prices are attractive. Hogs are now selling at the banner figures of the year."

Foley's Honey and Tar
Cures coughs and colds.
Cures bronchitis and asthma.
Cures croup and whooping cough.
Cures hoarseness and bronchial troubles.
Cures pneumonia and la grippe. Alvarado Pharmacy.

It is unofficially announced that the Chicago division of the Atchison, Topeka & Santa Fe, comprising the main line from Chicago to Kansas City, will be divided into two divisions, with Fort Madison as the dividing point. Supt. T. F. Dolan, of Fort Madison, will move his offices and force to Chillicothe, Ill., and the Kansas City division will be under an assistant, with headquarters at Marceline, Mo. The change, it is said, will take effect on April 1.

It Saved His Leg.
P. A. Danforth, of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For ulcers, wounds, piles, it's the best salve in the world. Cure guaranteed. Only 25c. Sold by all druggists.

General Superintendent Starr, of the Pennsylvania lines west of Pittsburgh states that the amount of freight waiting transportation from the various yards of the lines is but slightly in excess of what is normal. He says the only Pennsylvania yards in the Pittsburgh district where the congestion has not been entirely removed is a few out of Pittsburgh on the Pittsburgh, Fort Wayne & Chicago. At Chicago the Pennsylvania has a surplus of empty cars.

Pneumonia Follows a Cold
but never follows the use of Foley's Honey and Tar. It stops the cough, heals and strengthens the lungs and affords perfect security from an attack of pneumonia. Refuse substitutes. Alvarado Pharmacy.

IS NOT TRUE.

George R. Henderson Denies Report of His Resignation.

The following is from San Bernardino:

"It is rumored that Superintendent of Motive Power Henderson, of Topeka, has tendered his resignation." According to the replies to inquiries made here there is nothing whatever in the rumor, says the Topeka State Journal.

Mr. Henderson was seen and when asked about the matter denied it positively.

"There is nothing at all in the report," said Mr. Henderson. "It is not worth noticing. Several months ago the rumor that I was going to resign was circulated, in which there was no more truth than there is in this one. Newspaper men in San Bernardino seem to have a fondness for fakes of this kind."

Engineer Eames Dead.

A. F. Eames, engineer on the Lamy branch, died at Santa Fe Tuesday night after a short illness of abdominal trouble. He was 76 years of age and a locomotive engineer by trade. He leaves three sons and two daughters. He was a member of Chapman lodge, No. 2, A. F. & A. M., at Las Vegas, to which place the remains will be shipped for interment. Deceased was a good man and an efficient engineer. He bore a very good reputation and his many friends in the territory will regret greatly to hear of his demise.

The Mexican Central earnings for the first week of March amounted to \$450,904; same period in previous year, \$351,887. Increase, \$99,017.

FOOD LESSONS.

What Proper Food Will Do.
"It was but a few months ago that I learned how to feed myself right," said a man from Washington, Ill. "Then I was but a part of what I am now. I was greatly troubled with my stomach, my muscles were weak and flabby, and I was completely tired out, faint and dizzy after a day's work."

"I commenced using Grape-Nuts, and in a short time noticed a marked change. The food gave just the kind of nourishment I needed and agreed with my stomach so well that I soon forgot I had one. I gained rapidly in strength, my brain became clear and the worn-out feeling at night entirely disappeared. Now I am in the best of health and weigh 150 pounds, which is more than I ever weighed before."

"In induced the son of a friend to use Grape-Nuts; he was sick and weakly, caused mostly by indigestion and other troubles arising from a bad stomach. He then weighed 125 pounds; in a few weeks, after using Grape-Nuts daily, he was so greatly improved that he entered the field-day contests and acquitted himself splendidly. He kept gradually increasing in weight until now he weighs 148 pounds, all hard muscle, and is playing on the local football team, a thing that a year ago anyone would have laughed at."

If half the people who have weak stomachs or are about half well, would stop eating poorly-cooked food and use Grape-Nuts instead they would not only save money, but would soon be as healthy as the best. Name given by Postum Co., Battle Creek, Mich.

PRICE BAKING POWDER CO., CHICAGO.

The Baldwin Locomotive Works has received orders from the St. Louis & San Francisco for ten 10-wheel compounds and thirty-five 10-wheel simple locomotives, for delivery early in 1904. The Frisco has also placed an order with the American Locomotive company for ten Pacific type, twenty-five 10-wheel and five Richmond compound locomotives.

The best pill 'neath the stars and stripes; It cleanses the system and never gripes.

Little Early Risers of wordly repute—Ask for DeWitt's and take no substitute.

A small pill, easy to buy, easy to take and easy to act, but never failing in results. DeWitt's Little Early Risers arouse the secretions and act as a tonic to the liver, curing permanently. B. H. Briggs & Co., S. Vann & Son.

The enormous traffic which has been handled by the railroads in the United States in the past two or three years has had its effect upon the rolling stock and many of the roads are now feeling the necessity of larger and better shops for the purpose of repairing their locomotives and shops.

What's in a Name?
Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered, some years ago, how to make a salve on Witch Hazel that is a specific for des. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases, DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. B. H. Briggs & Co., S. Vann & Son.

ACCIDENTALLY KILLED.

Paul Maguire Loses His Life by the Accidental Explosion of Powder Into Which He Drilled.

On Tuesday afternoon a telephone message was received in Kingman from Maguire's ranch about three miles west of town, announcing that Paul Maguire had met with an accident in a mine, and asking for a doctor.

It was first reported that he had fallen down a shaft, and later that he had been hit on the head by a rock falling down the shaft, and not until the coroner's jury investigated the accident was the true facts brought to light.

In drilling a hole in the shaft of the Bi-Metal mine his drill struck some powder which had failed to explode when the last charge was fired and being right over the hole when the drill struck the powder and the explosion occurred he was instantly killed.—Kingman Mineral Wealth.

Albuquerqueans at Santa Fe.
Mrs. Harry Benjamin, of Albuquerque, arrived this noon to visit relatives.

A. B. McMillen, Esq., of Albuquerque, spent today in the city on legal business.

T. N. Wilkinson, Esq., who has a law office in Albuquerque, is in the capital taking in legislative doings.

J. H. McCutchen, of the Albuquerque Industrial-Advertiser, is making his weekly rounds in town.

W. B. Childers, Esq., United States attorney for New Mexico, arrived last evening from Albuquerque. He is here on legal business.

B. A. Sloyer, of Albuquerque, insurance agent, was among yesterday's arrivals and is watching legislative proceedings today.

Hugh Murray, of Sulphur Hot Springs, Bernalillo county, is here on business. Mr. Murray was for many years a resident of this city and is well known here.

Dr. G. W. Harrison, of Albuquerque, has been here attending to legislative matters during the past few days. He is the representative of the medical profession of New Mexico in legislative affairs.

Darby A. Day, of Albuquerque, New Mexico manager for a life insurance company, is a visitor at the capital today. He is greatly gratified to know

that the insurance companies were severely let alone by the assembly.—New Mexican.

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Alvarado Pharmacy.

COMING EVENTS.

March 19—Eagles' entertainment at Colombo hall.

March 24—Elocution medal contest, given by W. C. T. U. at Congregational church.

March 28—"The Kelties," forty musicians, at Colombo hall.

April 17—Woodmen Circle ball, Colombo hall.

The Stomach is the Man.
A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol, Dyspepsia Cure, cleanses, purifies, sweetens and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. B. H. Briggs & Co.; S. Vann & Son.

DEMING.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming.

Deming has just been incorporated.

Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cat-tlemen all know this.

Deming, the coming city of New Mexico.

Deming has a magnificent school system.

Deming, the railroad center of New Mexico.

Deming, the gateway to the best part of Old Mexico.

Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest.

Deming, Don't overlook it if you are looking for a safe and paying investment.

Deming water is chemically pure equal to Polar springs.

Deming has increased 50 per cent in population in four years.

Deming water and pure ozone make strong and healthy people.

Investments in Deming lots will double and treble in one year.

Deming has many a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

A FINE PROGRAM.

FIRST PART.

The Eagles' Picnic.

- Overture by First Regiment band.
- A Broadway Swell and a Bowery Bum, by the Barnes Brothers.
- The Bugologist, D. E. Strachan.
- Harry McKay in Impersonations of an Old Southern Darkey.
- Rosa Berry in latest songs.
- Mr. Lee Mitchell in Spanish Songs.
- The Eagles' Quintet, Barnes, baritone; Barnes, tenor; Hungate, tenor; Berry, alto; Berg, bass.
- Miss Grace Houghton, the charming contralto.
- Francis Elmer in Imitations of Vista Tilly.
- "Hear the Music in the Park" Rosa Berry, captain.
- Miss Eva Lugton, Virginia Finch, Ethel Bowser, Lizzie Taylor, Lena Seidmridge, Grace Houghton, Irene Harper, Katherine Corcoran, Marguerite Ingram, Glenna Seidmridge.
- N. B.—Nat Green, speech maker; Billy Berry, chaperone.
- J. W. Barnes in song and clog dance.
- W. Grimmer, in the latest song hit, "When the Wintertime Comes Around," assisted by the company.

PART TWO.

- Overture, by Devine's First Regiment band.
- Ollo.
- Mr. Harry McKay, in his original stump speech entitled "Let Her go at That."
- Original ragtime piano duet by Rosa Berry and Mr. Francis Elmer.
- (The piano used is from Mrs. Whitsun's Music Store.)
- William Grimmer will talk to you.
- Barnes Brothers in duets.
- Cornet solo, A. Moya.
- The Sextette in "A Trip to the Orient, or the Fickle Actor," sung by Rosa Berry, assisted by Miss Grace Houghton, Miss Ethel Bowser, Miss Virginia Finch, Mr. Lee Mitchell, Mr. Thomas Walsch and Mr. Frank Hungate.
- N. B.—The words and music of this song were composed by Mrs. Berry, and this is the first time it has been given in public.
- The Animated Song Sheet.
- Miss Hanthorne and Miss Bertha Loebs, pianists.
- The suits in the march song are kindly loaned by Hall & Learnard.

TERRITORIAL LAWMAKERS

(Concluded from page one.)

for statehood. He declared that some people will object to taxation for any purpose and he would pay no attention to them. He declared it would be a disgrace to be the only commonwealth not represented. Pedro Sanchez made a plea to the native members to show progress. He declared the natives should move to progress and the days of 1837 are past. Mr. Bowie presented an amendment to cut off all salary, expenses, transportation, etc., from members of the commission. The amendment was tabled by 17 to 4. The bill was passed by 18 to 3. Messrs. Bowie, Coleman and Romero voting no.

House bill No. 179, an act amending the law on the location and keeping of lawdy houses, so as to require district attorneys to investigate alleged violations of law and prosecute or be removed from office, was called up and passed.

By unanimous consent, Mr. Turner introduced house bill No. 219, an act to amend the district attorneys' act recently passed, so that a district attorney shall not be required to live in the district for which he is appointed. The rules were suspended and the bill was passed.

House bill No. 218, an act to authorize commissioners of public utilities to protect the ditches under their charge

"MAKES PROPER DIET" PLEASING FORCE

from damage by floods, was taken up and passed.

The following message from Governor Otero regarding the proposed exhibit at St. Louis, was received and read:

Executive Office, Santa Fe, N. M., March 18, 1903. Gentlemen of the Council and House of Representatives of the Thirty-fifth Legislative Assembly of the Territory of New Mexico:

On the assembling of your honorable body, January 19, 1903, among other numerous recommendations and suggestions, I called your attention to the celebration at St. Louis of the One Hundredth anniversary of the Louisiana Purchase in the following words:

"Your body at its last session, by chapter 100, created a commission called the territorial board of Louisiana Purchase Exposition managers of New Mexico, the duty of which board was to have charge of the collection and preparation of the exhibits of the territory for said exposition at the St. Louis world's fair of 1903, and appropriate \$20,000 for the purpose of carrying out the provisions of the act, and made a levy of 2 1/2 of a mill upon the taxable property of the territory to raise that amount. The act further provided in section 9 that the board should exist no longer than January 1, 1904. It was then expected that this exposition would take place in the year 1903, but for reasons satisfactory to the management and the United States government which had made a large appropriation to the exposition, its opening was postponed until the year 1904. Therefore to enable this board to perform its duties creditably, and in accordance with the intent of the act, its life should be extended for at least one year or until January 1, 1905."

"This exposition is nearer to our territory than any previous one which has been held in the United States, and our commercial, social and educational interests with the city of St. Louis have always been close and friendly, so that we have a special and personal interest in the success of that exposition and should take a special pride in making a creditable exhibit there from this territory, and to that end I believe it to be necessary to continue the levy made by the last legislature, and that the appropriation should be increased to \$30,000. The board has already secured a most excellent site in the exposition grounds, and if it is not properly utilized it would be a discredit to the territory instead of a benefit, and in my opinion the present appropriation of \$20,000 is not sufficient for the purpose."

Therefore, for these and many additional reasons which might be given, I am strongly of the impression that your body should not adjourn without making an appropriate provision for a creditable exhibit at this exposition. If you do not, it will signal New Mexico out as a sole state or territory under the American flag which has failed to do so and cannot but cause unfavorable comment and perhaps in the future unfavorable action and I earnestly trust you will give this matter the great consideration it deserves. Very respectfully,

M. A. OTERO.

Governor of New Mexico. Special Message No. 34. The house then took a recess until 2:30 in the afternoon.

(Wednesday's Afternoon Session.) As soon as the house met at 2:30, house bill No. 167, an act for the relief of Nicolas Tenorio for his services in the capture and return to the Santa Fe jail of Alpheus Hampe and appropriating \$150 therefor, was passed by 14 to 3.

By unanimous consent, Mr. Vargas introduced house bill No. 220, an act to fix the compensation of court stenographers and interpreters at \$7 per day. It was passed.

House bill No. 217, an act to take from Roosevelt county, certain sections of land and attach them to Chaves county, was handed down and passed.

House joint resolution No. 4, for additional pay to the regular capitol employees for work during the session and appropriating \$540 for it. The committee recommended cutting down the daily pay from \$1.50 a day to 50 cents and appropriating \$180 instead of \$540. The minority report to table it was rejected. Mr. Dalles said he had been hounded ever since the resolution was in his hands and he had signed the report only to get rid of it, although he was against it. The resolution was adopted by 18 to 4.

Mr. Dalles presented a resolution to have the secretary of the territory make a report of all bills which have been passed, for each member of the house and council.

By unanimous consent, Mr. Kilpatrick introduced a resolution to appropriate \$1,000 for Albuquerque and Santa Fe for the entertainment of the president. Pedro Sanchez at once took the floor. He spoke at great length and moved to table the resolution. It was tabled by 12 to 8.

House bill No. 212, an act to increase the pay of interpreters to territorial grand juries, was passed.

House bill No. 185 was handed down. It is to create a board of control for territorial educational institutions, and was passed.

Mr. Bowie sent up a resolution to divide the capitol in twenty-four parts, one part to be assigned to each member, but it was not read.

Mr. Baca introduced house joint resolution No. 16, to appoint a legislative committee to meet the president, but it was overwhelmingly tabled.

The First Regiment band will appear in the Eagles picnic tonight. They furnish only the best music.

equal and exact justice to both sides in a cause pending before it. The American people, and particularly those in the west, do not take very kindly to any secret or star chamber trials where the people as well as some certain individual, with an influential pull in some high places, are concerned. The press, and particularly the religious press of the country, may be relied on as a last resort, for justice, fairness and equity.

Owing to some hard fights for postmaster in several small towns, and some other important matters in the various departments, Delegate Rodey will be detained here for some time longer than he had expected. Mrs. Rodey and youngest son left this evening for Philadelphia, and if Delegate Rodey is not able to join her within a few days, she will not delay longer, but start for New Mexico.

Miss Helen Rodey will remain here at school until vacation.

J. P. Garcia will probably be appointed postmaster at Springer, Colfax county.

The contest at Taos is between two "Roosevelt Rough Riders" and Mrs. Martinez, and the president has the last say.

DEMING WINS

Basket Ball Game With Silver City—
Score 18 to 6.

SILVER CITY OUTCLASSED.

The sport loving people of the active and progressing city of Deming are jubilant over the overwhelming victory of the young ladies' basketball team in the contest with a team of Silver City young ladies at Deming Monday night.

J. Weldon Berrey, a well known authority on basket ball, who has been at Deming coaching the team for the past week, and Grover Strong, the local enthusiast, who was requested to umpire the game, returned to Albuquerque this morning. Both gentlemen speak in the highest terms of the hospitality of the citizens of Deming and the enjoyable time extended to them by the courtesy of the people. But their most laudable terms of praise are in favor of the basket ball team, composed of young ladies from the Deming high school, who carried off the victory by a score of 18 to 6, and they are more deserving of admiration by reason of this being their first game.

The Silver City team, under the management of Prof. H. A. Owens, have been in continual practice for the past year, several of the players being veterans in the basket ball world. Time and time again the Silver City team challenged the Deming girls for a game. There being a rivalry between the two neighboring towns, the young ladies of Deming made up their minds that they would show their neighbors who and what they were.

They immediately wired Mr. Berrey, who has umpired several games here, asking if they could secure his services as a coach. He gave them a favorable reply and went to Deming a week ago last Saturday. The young ladies were short on practice and knew very little about the rules of the game.

Mr. Berrey immediately put the young ladies under a systematic practice, compelling them to leave dances and social functions alone during the term of the practice, much to the displeasure of some of the young gentlemen.

When the people of Deming learned of the coming event, everyone became greatly interested in the game, and tickets were sold in an astonishing manner.

Big demonstrations, accompanied the event of Monday night. The Silver City team were met at the train by over 150 people who tendered them many social pleasures.

As soon as the game was called and both teams were playing their best it was plainly evident that the Silver City team was outclassed. Their coaching had been inadequate, and the young ladies could not be blamed for their lack of knowledge of the game.

The team work of the Deming girls was excellent, displaying skillful and expert playing that can only be identified with accomplished players. The Deming team young ladies range between 15 and 17 years of age, but they are clever in the art of basketball.

In the second half, the Silver City team seeing they were not in the game left the field, giving the Deming girls a complete victory.

The young ladies of the winning team could not thank Mr. Berrey enough for his one week of effective coaching. In appreciation of his services he was presented a handsome gold medal, bearing the names of the young ladies in the basket ball team. This one victory is only a starter; they will continue with daily practice.

"MAKES PROPER DIET" PLEASING FORCE

and in a short time will be in a position to meet any young ladies' team in the territory. They will undoubtedly play a game with the Las Cruces girls, the champions of the territory, in the near future.

Umpire Grover Strong won considerable popularity by his fair and just decisions, and the teams were very grateful to him for his valuable services.

Messrs. Berry and Strong were tendered a reception at the Adelphi club and treated with highest respect by their hosts.

A successful future is predicted for the young ladies basket ball team of Deming.

COLORADO STRIKE TROUBLES.

About Seven Hundred Miners Out—Soldiers Depart.

Cripple Creek, March 19.—There is little change in the situation today, except the Isabella, employing 100 men, closed this morning, and the Thompson and Dunt leases on the Elkton also shut down, throwing out 100 men. There are now 700 men out in the district. The strikers have been informed that the smelter trust will in some way assist Manager McNeill to keep his mill open. The union is keeping close watch on every movement of agents of the mill and smelter, and if it becomes apparent that they are co-operating the strike may spread.

MISSOURI'S NEW CAPITOL.

Legislature Resolves an Amendment To the Constitution.

Jefferson City, Mo., March 19.—The senate today passed a resolution submitting an amendment to the constitution for the levying of a tax of 4 cents for five years to be used in the building of a new capitol. It is estimated that if adopted, the levy will raise \$3,000,000. Several days ago the house defeated a 5-cent levy for the same purpose.

Firemen Get Increase.

Galveston, March 19.—The firemen on the Gulf, Colorado & Santa Fe have received an increase in wages which will average 12½ per cent. The trainmen, engineers and switchmen were granted an increase some time ago.

MARKET LETTER.

Special Correspondence.

Kansas City, Mo., March 18.—Cattle receipts last week amounted to 30,971 head as compared with 23,616 head the corresponding week last year. The general market was steady on everything except heavy corn cattle, more of which arrived than could be readily taken, causing them to lose 10 to 20 cents. The premium on heavyweight was almost wiped out, and steers well fattened, under 1,200 pounds, made a small advance.

Range beef steers sold from \$4.25 to \$4.60 during last week. Cows and heifers made a slight gain, owing to continued scarcity, but the excitement of previous week's market was absent. Some 998 pound western cows and heifers mixed sold at \$4.40 the first of the week, and other sales of westerns were from \$3.80 to \$4.25. Best cows held up well but canners and medium cows were 10 cents cheaper Friday. Stockers and feeders sold at much the same prices, but the volume of business nearly doubled in these. Colorado stockers sold from \$3.75 to \$4.40 and feeders up to \$4.25. Springlike weather is starting the grass, a stimulant.

lating feature to the market on country kinds.

Cattle run today is moderate at 6,000 head, and market is steady on cows, stockers and feeders and light steers, but dull on heavyweights, a repetition of last week's markets. Range stuff is scarce on native side, and a light run is on quarantine side.

Sheep receipts contained large proportion of lambs, almost no yearlings, and light quantity of muttons. Mutton prices advanced 10 to 25 cents, and all lambs except the best showed a corresponding weakness. Some eighty-five pound Colorado lambs sold at \$6.85 Thursday, disclosing the fact that good lambs are no lower. Ewes sold at \$5.25 and wethers at \$5.75, best price of the winter. Large proportions of lambs are poorly finished and lightweights. Run today amounts to 5,000 head, but contains no choice lambs. G. W. Riley, Lamar, sold 440 Colorado lambs this morning, 71 pounds at \$6.50. Other sales were from \$6.35 to \$6.50. Ninety pound ewes brought \$5.15 and eighty-nine pound Mexican wethers sold at \$5.90 today. The market is strong on the good stuff, but inferior stock is discriminated against more or less.

Gift of a Pen.

Santa Fe, March 18.
Dr. C. H. Conner, Albuquerque, N. M. Dear Sir:—By request of Governor Otero I am today sending you by express the pen which the governor used in signing the bill passed by the present legislature which authorizes the practice of osteopathy in New Mexico.

Very respectfully,
CLARA H. OLSEN,
Private Secretary.

Neckwear

Men of taste in dress will be pleased with our **Handsome Spring Neckwear**. The styles and patterns are various and numerous. The prices reasonable.

Twenty-five cents for some scarfs.

Some especially handsome ones at 50c to 75c. They are made from choice selections of silks, including Foulards, Rumchundas and Jaspers and many new weaves.

Of course we have Ties and Scarfs for Summer wear.

This is the store for new ideas in Neckwear.

M. MANDELL

THE LEADING CLOTHIER IN ALBUQUERQUE

Another club woman, Mrs. Hauke, of Edgerton, Wis., tells how she was cured of irregularities and uterine trouble, terrible pains and backache by Lydia E. Pinkham's Vegetable Compound.

"A while ago my health began to fail because of female troubles. The doctor did not help me. I remembered that my mother had used Lydia E. Pinkham's Vegetable Compound on many occasions for irregularities and uterine troubles, and I felt sure that it could not harm me at any rate to give it a trial.

"I was certainly glad to find that within a week I felt much better, the terrible pains in my back and side were beginning to cease, and at the time of menstruation I did not have nearly as serious a time as heretofore, so I continued its use for two months, and at the end of that time I was like a new woman. I really have never felt better in my life, have not had a sick headache since, and weigh 20 pounds more than I ever did, so I unhesitatingly recommend Vegetable Compound."—Mrs. MAY HAUKE, Edgerton, Wis., President Household Economics Club. \$5000 forfeit if original of above letter proving genuineness cannot be produced.

Women should remember there is one tried and true remedy for all female ills, Lydia E. Pinkham's Vegetable Compound. Refuse to buy any other medicine, you need the best.

SANTA FE.

From the New Mexican.

Hon. Antonio Joseph, former delegate to congress, arrived from Oje Caliente, and is attending to business matters here.

I. W. Dwyer, of Taos, who spent a few days in town on official business with Superintendent Clinton J. Crandall, of the Government Indian school, left for home. He is the farmer at the Taos pueblo and reports everything progressing nicely at that point.

S. H. Elkins, postmaster at Columbia, Mo., and brother to Senator Elkins, is in Santa Fe to recuperate from an attack of illness and to look after his mining interests in southern Santa Fe county. Mr. Elkins figures on giving the cyanide process a trial at the famous Ortiz mine and if he succeeds in making the process pay, he will be quite a benefit to the mining interests of that section. Mr. Elkins expects to be home again at Columbia on March 31. Although having no greater population than Santa Fe, Columbia has free delivery of mail and its postoffice has sixteen employees.

Raw or Inflamed Lungs

Yield quickly to the wonderful curative and healing qualities of Foley's Honey and Tar. It prevents pneumonia and consumption from a hard cold settled on the lungs. Alvarado Pharmacy.

LAS VEGAS.

From the Record.

Mrs. J. H. Swallow is reported very sick with a threatened attack of pneumonia.

Francis M. Clute, who has been in the city some weeks for the purpose of reorganizing the Redmen, is about again after some days of illness.

Edward Moore and wife have sold to R. Davidson the property north of the

JUDGE FOR YOURSELF.

Which is Better—Try an Experiment or Profit by an Albuquerque Citizen's Experience.

Something new is an experiment. Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit.

But the endorsement of friends is. Now supposing you had a bad back, A lame, weak or aching one, Would you experiment on it? You will read of many so-called cures

Endorsed by strangers from far-away places.

It's different when the endorsement comes from home.

Easy to prove local testimony. Home endorsement is the proof that backs every box of Doan's Kidney Pills.

Read this case:

W. R. Tripp, engineer at the Hotel Alvarado, residence 511 South Broadway, says: "If backache had been my only symptom of kidney trouble my case would probably have been very simple, but when there was added to it trouble with the kidney secretions the complications did not respond to medicine as readily as I expected. About once every year I had these attacks and the use of Doan's Kidney Pills procured at the Alvarado Pharmacy tided me over one which was only a successor of similar predecessors. For six months I have had immunity from the annoyance and if Doan's Kidney Pills can be depended upon to act as they did when they first came to my notice, I know what to use should an attack recur in the future."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

city known as the old Harkness ranch, for the sum of \$9,500.

Alex McEmore, the colored fellow who was formerly employed on the road here as a porter, was arrested at La Junta, and will be taken back to Topeka, where there is a charge of assault with a deadly weapon hanging over his head. McEmore was on his way back to this city when arrested and would have fared no better had he arrived here, as the officers here were waiting for him.

From the Optic.

Mose Kifford, colored, was arraigned before Justice Otero on the west side, charged with assault with words on Barbara Varela de Harrison. He pleaded guilty to the charge and was fined \$10 for allowing his tongue too free use of indecent language.

Rafael Romero, a freighter between this city and Los Alamos, had his feet frosted during the last snow storm while hauling freight for Wm. Frank at Los Alamos. His pedal extremities were so badly nipped that he is yet unable to wear shoes, going around with his feet wrapped in gunny sacks.

The Hot Springs train was held up for a few minutes by an electric car which tried to follow both tracks at once on the Bridge street crossing. The accident caused traffic to congest on the bridge for a little while, and a large crowd gathered to see the car placed back on the track. It was done by the assistance of the Hot Springs engine after delaying traffic on the railroad and bridge for about twenty minutes.

La grippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." Alvarado Pharmacy.

SILVER CITY.

From the Independent.

Capt. H. M. Powell is reported convalescent from an attack of la grippe.

The epidemic of la grippe is slowly disappearing, most of those unfortunately afflicted with same having nearly recovered.

At the Navajo blanket raffle conducted by Mrs. Gilbert the four prizes were won as follows: First prize, J. T. Wright, of Wichita, Kan.; second prize, W. B. Walton; third prize, Adolf Witzel; fourth prize, R. W. Grabe.

Mr. and Mrs. J. R. Johnston, from Indiana, were new arrivals at the San Vicente last week. Mrs. Johnston will remain in Silver City an extended length of time for the benefit of her health.

Mr. and Mrs. J. S. Brown left overland for Lordsburg. Mr. Brown has been serving as a member of the petty jury during the week and brought Mrs. Brown with him to the county seat.

Dell Cobb, who formerly edited the Silver City Enterprise, arrived last week to visit his brother-in-law, Ed. Young. He is at present the editor of the Fort Worth Morning Register. He has numerous friends in Silver City who have welcomed him back again with great cordiality.

Charles Smith, of this city, has received notice of his selection as superintendent of the Wilson Mining & Milling company at Stein's Pass. Mr. Smith will enter upon his duties as such in a few days. He is a thoroughly experienced mining man and may be depended upon to make the operations of the company a success.

FALLING HAIR STOPPED.

Baldness Cured by Destroying the Parasite Germ That Causes It.

Baldness follows falling hair, falling hair follows dandruff, and dandruff is the result of a germ digging its way into the scalp to the root of the hair, where it saps the vitality of hair. To destroy that germ is to prevent as well as cure dandruff, falling hair, and, lastly, baldness. There is only one preparation known to do that, Newbro's Herpicide, an entirely new, scientific discovery. Wherever it has been tried it has proven wonderfully successful. It can't be otherwise, because it utterly destroys the dandruff germ. "You destroy the cause, you remove the effect."

"Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents."

DEATH OF A MINER.

Fred Pomeroy Falls Down Shaft of the Enterprise Mine.

Last Monday morning while descending the ladder to work in the Enterprise shaft, Fred A. Pomeroy was suddenly seized by an attack of heart failure, or lost his hold on the ladders and was precipitated to the bottom of the shaft over 100 feet below. At a depth of eighty feet he went through an open trap in a platform, his body striking the door and closing it after him. The unfortunate man's head was crushed in a terrible manner, the whole force of contact with the bottom of the shaft evidently being on the head. His partner, Tim Harrington, was going down the ladder below Pomeroy and when about 100 feet from the surface the latter laughing said: "If I fall, catch me, Tim," and almost instantly fell backward from the ladder. Harrington descended to the bottom as fast as possible and found Fred struggling to get upon his feet. There was a small amount of water in the bottom and his face was in the water. Harrington raised him up and rang for the bucket. He tied the injured man in the bucket and ascended the shaft with it. On the surface the injured man made a terrible struggle to get on his feet, but was unable to do so. He lived one hour and fifteen minutes and just before breathing his last he raised both hands and pressed them to his forehead, took a long breath and was

.....NEW CURE FOR..... CONSUMPTION

Over Eighty Per Cent in the First Stage and Seventy Per Cent in the Second Stage of This Disease are Cured by the

NEW OZONOFORM TREATMENT

As to a cure for consumption, there has been endless theorizing and numberless "cures" have been advocated, practiced and abandoned. Those proposed have generally been based on the alleged discovery of some mysterious compound having the effect of arresting the disease. There are of course very pertinent reasons why these "discoverers" should withhold from the public information as to the nature of their remedies, but if this is necessary, it is hardly likely to beget widespread confidence.

THE OZONOFORM TREATMENT.

The new Ozonoform Treatment for Consumption which has been introduced by Dr. Frederick J. Fielding and is now being tried with the above satisfactory results at the Fielding Institute in the Hicks Building, San Antonio, is sharply differentiated from the other (so-called) cures—first is the fact that its nature is openly proclaimed by its originator, Dr. Kretschmer, of Berlin, and second, that it is founded, not on some sudden and accidental discovery of a curative substance, but on the results of years of study and experimentation along the lines which modern scientific thought has indicated as the most likely to bring about satisfactory results.

GET DR. FIELDING'S BOOK.

A full description of the new Ozonoform Treatment, together with much information of value to consumptives is contained in a book which has recently been published by Dr. Fielding. It is a handsomely illustrated work, and everyone interested in the subject should write or Dr. Fielding at the Hicks Building, San Antonio, Texas, for a copy of it. It is sent free of charge.

Grand Canyon of ArizonaON THE SANTA FE.....

This Titan of chasms lies in northern Arizona. The canyon proper is 217 miles long, thirteen miles wide and more than a mile deep. The portion most frequented by tourists is known as the "granite gorge," extending from Grand View, sixty miles west to Mystic Spring trail, Bright Angel trail is midway. Here one may look up and down the mighty gorge for miles and miles. The profound depths, the marvelous forms, the brilliant colors by day and the soft witchery by night, the silence of it all—these play upon the emotions in a strenuous way. It is the only scene on the globe that does not disappoint—the only one that comes up to its brag. Whether viewed from the rim, from the precipitous trail, or from the improvised river—it is always in truth "the greatest thing in the world." It contains thousands of peaks and buttes, pinnacles and towers. A great river has cut a narrow way through the labyrinth. The whole is bathed in a sea of vivid colors. The waters of Niagara, if hurled over a Grand Canyon cliff, would be a mere detail in the landscape. All the armies in the world could be marshaled unnoticed in the canyon's depths. Mt. Washington, if placed on the river's edge, would be only one

of the many peaks aspiring to reach the rim above.

Santa Fe trains now run daily to the rim of Grand Canyon at Bright Angel. It is only a three hours' ride from the main transcontinental line at Williams. Stop-overs granted on through railroad and Pullman tickets. Round trip rate, Williams to Grand Canyon and return, \$6.50. Excellent hotels at Bright Angel and Grand View. Reasonable prices for meals and lodging, also for saddle stock and guides. Arrange to spend at least two days at the Canyon—a week is better. You can make the trip any day in the year.

The Santa Fe issues an illustrated pamphlet entitled "Titan of Chasms," briefly descriptive of the Grand Canyon and accommodations there for travelers; mailed free for the asking. Also on sale at 50 cents, a beautiful illustrated souvenir book of the Canyon, 124 pages and map, containing articles specially contributed by noted artists, scientists, travelers, and authors; cover in colors. Early in 1903 will have on sale a small colored view of the Grand Canyon, uniquely mounted and illuminated, price 25 cents. Address, General Passenger Office, Atchison, Topeka & Santa Fe Railway, Chicago.

EVERY PAGE OF THIS PAPER is good reading, but the best of them all is page 3. That's where you will find our ad.

Sorosis Shoes

FOR WOMEN

Real economy in shoe buying is not so much in the amount of money you pay us as in what you get for it. A \$3.50 shoe is sometimes cheaper than a \$1.50 shoe. The point we make is this: Whatever you pay for a shoe consider what you get for your money. If you buy Sorosis Shoes you get the best shoe value in the market. When you come for shoes ask for Sorosis. We have them suitable for dress or street wear.

ALL STYLES AT \$3.50

A LENTEN BREAKFAST

may be just as enjoyable—surely just as wholesome—if you will but select from the great variety we offer: Cereals, fruits, fish and eggs. Really welcome changes from a steady meat diet and money savers as well.

LOCAL PARAGRAPHS

Hon. Alejandro Sandoval is a visitor at the capital.

F. J. Holmes, the grocery salesman, went to Belen this morning.

Mayor C. F. Myers and wife returned last night from a few days spent at Las Vegas.

You must come and see Nat Green and Pretty Little Billy Berry at Colombo hall tonight.

It's the Eagles, says public comment, who are original and up-to-date in their methods of entertainment.

George Arnot, the popular manager for the local house of Gross, Kelly & Co., went to Las Vegas this morning. He will return tomorrow.

Dr. L. H. Chamberlin is spending a few days at the capital. He was re-appointed as a member of the territorial board of dental examiners.

J. H. Ofter, with Meyers-Abel company, wholesale liquor dealers, was a passenger for Santa Fe this morning. He will go to Torrance before returning.

J. C. Flournoy, district salesman for the Simmons Hardware company, was a passenger for Las Vegas this morning. He will be absent from the city a couple of weeks.

Miss G. B. Robertson, a popular young lady of Deming, was in the city between trains this morning while en route to Chicago, where she will visit about three months.

Judge Crawford disposed of two drunks this morning for \$5 each, and a disturber of the peace at \$10. Life in the police circles is not over active, but there is a little grinding every morning.

At the Boston Mine Exchange last week 150 shares of Cochiti Gold Mining company stock were sold at 30 cents a share and 520 shares of Santa Fe Gold & Copper company stock at \$2.50 to \$2.75 a share.

C. O. Trimble and W. J. Rucker, of Chicago, who have been here the past few days, went to Santa Fe this morning. The former gentleman is private secretary of James Dun, chief engineer of the Santa Fe, now at Belen, and the latter is the stepson of Mr. Dun. They will return here tonight.

The Journal-Democrat, who by its own confession claims every item under the sun, had Dr. G. W. Grove, the oculist, this morning on his way to San Francisco. The doctor called at The Citizen office and denied that he "left last night for San Francisco, called upon important matters of business."

W. V. Wovvin, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, G. ant clock. Both 'phones.

SOCIETY MEETINGS

L. O. T. M. attention. Special meeting of Alamo Hive, No. 1, will be held Friday afternoon at 2 o'clock at Mrs. Rogers' residence, 410 West Coal Avenue. Bring your needles and thimbles. By order of lady commander, Mamie J. Carroll, record keeper.

The W. C. T. U. will hold a meeting Friday afternoon at 3 o'clock at Mrs. J. A. Stewart's, 307 East Coal Avenue. A full attendance is earnestly requested.

The regular meeting of Triple Link Rebecca lodge will be held tonight at Odd Fellows' hall. Mary Rogers, secretary.

Death of Mrs. Beebe. Mrs. Mary Belle Beebe died at the sanitarium yesterday morning of Septic peritonitis. Mrs. Beebe and her 14 year old son, Ford, who survives her, resided at the home of her father and mother, Mr. and Mrs. S. Inglesby.

The funeral will be held from the undertaking parlors of J. W. Edwards, 307 West Railroad Avenue, Friday afternoon, at 3 o'clock. Rev. Beattie, of the Presbyterian church, will conduct the services. Interment at Fairview cemetery.

ROOSEVELT'S VISIT.

A Program Will Be Arranged for His Reception.

Although very little has been said concerning the reception to be tendered President Roosevelt during his few hours' visit to this city, a great many thoughts and ideas have been brought up for consideration.

Mayor C. F. Myers received a telegram from Delegate B. S. Rodey, stating that he had arranged with President Roosevelt's secretary for a certain program to be carried out, which would speak well for Albuquerque's sentiments. Delegate Rodey will be in the city soon and will complete all arrangements. It is early yet and there is plenty of time to consider this loyal step.

Pleasant Birthday Party.

At the home of Mr. and Mrs. John Spellacy, 501 Atlantic Avenue, a merry party of children held away yesterday afternoon. The party was given in honor of their daughter, Nellie, the occasion being her ninth birthday anniversary. A large number of the little girl's friends were present in response to invitations and their anticipations of a good time were fully realized. Games were played, a nice lunch was served and everything was done to give the little folks an enjoyable afternoon.

Soldiers Broke Camp.

Colorado City, March 19.—Troops broke camp at 10 o'clock this morning and left for home. The Colorado Springs companies went to the armory

"MAKES PROPER DIET" PLEASING FORCE

and were disbanded. The Denver companies left on the Rio Grande at 11:45 and will reach Denver about 2 o'clock this afternoon. There were very few people present to see the soldiers break camp or at the station.

NATIONAL SENATE.

Matters of General Interest Were Discussed Today.

Washington, March 19.—When the senate met today, a resolution was agreed to authorizing the committee on territories to sit during the recess to consider the proposed bills relative to the district of Alaska and to meet at such time and place or places as the chairman may designate.

Mr. Morgan introduced a resolution which cites that it is the duty of the United States to take action that will cause the abuses of the power of taxation to cease; that there should be free trade between the United States and the insular possessions; interest bearing debt of the country should be extinguished; that corporations employed for the purposes of monopoly are subject to the control of congress and that congress should make vigorous use of such powers.

At 11:08 the senate went executive session.

The Cuban treaty was ratified by the senate by a vote of 50 to 16.

LOBSTERS

By express Friday morning, fine fresh lobsters and hard shell crabs, 10 varieties fresh fish and all kinds dressed poultry. Have you tried Nut-Let peanut butter, 25c lb.—SAN JOSE MARKET.

Butter, fresh supply received today, 25c the pound. Try our shelled pecan nut meats, 60c lb.; shelled almonds, 50c lb.; salted peanuts, 20c lb. All kinds fresh fish and dressed poultry Friday.—SAN JOSE MARKET.

Millinery Opening.

Mrs. D. D. Coverdale, successor to the Foster Millinery company, is now located at the No Name Store on Gold Avenue. All the latest shapes and styles in ready-to-wear hats are on display. It will pay you to call and inspect her stock. All goods sold at the lowest possible prices that will afford her a living profit.

Mrs. Coverdale has engaged a trimmer from the east and will have her spring opening April 2, 3 and 4.

Nut-Let butter, 25c lb.—SAN JOSE MARKET.

Hear the Eagles' Quartet at Colombo hall tonight.

For good goods and reasonable prices come to us.—D. Weiller & Co.

Come and hear the sextette at Colombo hall tonight.

FOR TREES, VINES, ETC., See Whitcomb, Eighth and Tijeras.

You will hear "The Music in the Park" tonight at Colombo hall.

FISH

By express Friday morning, channel catfish, salmon, shad, pike, lake trout, Tom cod, flounders, smelts, redfish, sea bass, gulf fish, lobsters, crabs, etc. Nice dressed chickens and turkeys.—SAN JOSE MARKET.

Millinery Opening.

On Thursday, Friday and Saturday of this week the O'Brien Sisters, West Railroad Avenue, will hold their spring opening. The O'Brien Sisters are recently from St. Louis and have an extraordinarily large stock of new millinery, which will be shown on these days. They are making a specialty of the "Gage" tailor made hats. They also display a large assortment of Paris and American creations. A cordial invitation is extended to all.

A RARE MUSICAL OPPORTUNITY. A metropolitan concert given under the direction of J. E. Pinkus, the noted blind pianist of New York city, with the co-operation of the faculty of the New Mexico University School of Music, including John Douglas Walker, tenor; Mrs. Mabel Stevens-Himoe, (accompanist); Robert T. Blair, violinist; Joseph A. Blondin, violoncellist, and Edward F. Thomas, Bass, will also be participants. Colombo hall, March 20, 1903. Reserved seats \$1.00, on sale at Matson's Tuesday morning, March 16.

THE NEWEST!

Copyright 1903 by Newpet Sack Co.

Newpet Sack

Have you seen the "Newport"? It's a three-button sack suit that has hit the fancy of the smart dressers. The young fellows like it particularly, and we know a number who don't deserve to be classed as young who are wearing it, too. It is a handsome style, but it is only one of the many we are ready to show you.

PRICE RANGE... ALL STYLES \$10 to \$20

SIMON STERN
THE RAILROAD AVENUE CLOTHIER

Piano Tuning.

I will be in Albuquerque on or about the 19th. Address B. Cassidy, tuner, care Citizen. Prompt attention and satisfaction guaranteed.

HONEY.

A 60-pound can of the best extracted honey for \$4.00; 13 pounds for \$1.00. W. P. Allen, P. O. Box 292.

A Grand Concert.

Professor Di Mauro has made the arrangements necessary to give a great concert on the 14th of April in the Colombo hall. The grand orchestra of twelve pieces will furnish the music and the singing will be by the best talent in the city. It is expected that the public in general, and the people of this city, will be entirely satisfied with the above concert.

TO WHOM IT MAY CONCERN.

This certifies that we make daily scientific, whole wheat, graham and oatmeal bread; Tuesdays and Thursdays, salt rising bread; Saturdays, Boston brown bread and baked beans; choice cakes, pies, cookies and doughnuts made daily, and to order.
