## AN EXCITED STOCK MARKET

### New Yorkers Stirred Up By Last Week's Events.

## WABASH RAILROAD STRIKE SITUATION

### St. Louis Brickmakers Strike--Chicago Brokers Suspend Business.

New York, March 9.—Considerable excitement attended the opening of today's stock market. The events of last week culminating with a very unfavorable bank statement and failure in dry goods trade were the most disturbing factors. The scene on the floor of the exchange was very animated. The attendance of brokers was unusually large and selling orders were heavy all around as shown in initial transactions when prices with a few exceptions averaged declines of a point or more. Selling orders came from all points and commission houses with wire connections to the middle west were conspicuous in the movement. Boston and Philadelphia also had a big lot of orders to sell and practically every broker of prominent had an accumulation of commissions of this sort over Sunday. Great many stop loss orders were uncovered. Union Pacific, Southern Pacific, Manhattan and St. Paul were about the only stocks that held their own. The list was decidedly feverish, but before the end of the first hour substantial rallies occurred as the result of large supporting orders. The market continued feverish and irregular, however, all through the first hour.

### THE WABASH SITUATION.

Motion for Dissolution of Injunction and Answer Thereto Filed.

St. Louis, March 9.—The motion for dissolution of the injunction secured last Tuesday by Joseph Ramsey, Jr., president of the Wabash railroad, restraining officers of the brotherhoods, represented in the controversy and employees of the road serving on grievance committees, from calling a strike, was filed with Judge Elmer B. Adams in the United States district court here at 10:05 this morning. The affidavits of the many brotherhood officials were simultaneously filed with the answer. Until last night, work on the important document had been carried on unremittingly since Friday last by Judge W. T. Irwin, of Peoria, Ill.; E. J. Pinney, of Cleveland, and John H. Murphy, of Denver, as counsel for the brotherhoods. It contained about 15,000 words.

### The Answer Filed.

St. Louis, March 9.—The answer of defendants in the Wabash injunction is a specific denial that the Wabash railway was ever an employer of exclusive union or brotherhood workers and also denies that the Brotherhood of Railway Trainmen and Brotherhood of Locomotive Firemen, organizations involved in this proceeding, ever made any demand or attempt to compel the Wabash to place any restrictions upon its employees as to their connection with any brotherhood or union. The answer also states the several employees engaged in train service of the Wabash Railway company have frequently presented their grievances before the officials for adjustment and settlement, and that officers of said company persistently refused to consider or discuss such grievances from time to time during the past few years. The answer takes up, one by one, the allegations in the bill of complaint and denies them.

The court was in session but three minutes, during which the answer was filed and then an indefinite recess was taken.

It was later agreed between the attorneys for both sides that they will appear before Judge Adams at 2 o'clock this afternoon for hearing.

At 2 o'clock Judge Adams convened the court just long enough to state he will fix the date for hearing of arguments.

### Brokers Suspend.

Chicago, March 9.—The suspension of William Young & Co., brokers, was

announced by posting notice on the board of trade to close all trades for their account. The firm was not prominent in the grain trade, to which their transactions were largely directed, although an old established concern, the principal having succeeded his father in the business.

### BRICKMAKERS STRIKE.

Several Thousand Are Now Out in St. Louis.

St. Louis, March 9.—Pursuant to action taken yesterday between 3,000 and 4,000 men of the allied brickmaking trade struck to enforce demands for the recognition of the union for an eight-hour day and 5 per cent increase in wages. It is predicted by labor leaders before the end of the week double that number of men in various building trade depending on brick makers, will go out in sympathy should the strike remain unsettled.

### First Polo Tournament.

Camden, S. C., March 9.—The interest of polo players everywhere is centered on the grounds of the Camden Polo club, where the first tournament of the year opened today under favorable auspices. The best players of the Aiken club and other organizations are gathered here, and the tournament, which continues through the week, promises to be unusually successful.

### Britt vs. O'Keefe.

Portland, Ore., March 9.—Jack O'Keefe, the Chicago boxer who is matched to meet Jimmy Britt before a local athletic club tonight, is in good shape and appears confident of his ability to win the decision over the Californian. The articles of agreement call for a twenty-round bout, the fighters to weigh in at 130 pounds at 8 p. m. Much interest is manifested in sporting circles, and a large crowd is expected to be on hand to see the fight.

### Michigan Democrats.

Detroit, Mich., March 9.—Headquarters were opened at the Hotel Normandie today in anticipation of the democratic state convention. The convention will be called to order in the Light Guard Armory at 11 o'clock tomorrow morning by Thomas E. Barkworth of Jackson, the new chairman of the state committee. Though the nominations to be made are only for minor officers—justice of the supreme court and two regents of the state university—considerable interest is manifested in the convention. Old time leaders of the party are active in an endeavor to have the convention adopt a platform that will tend to heal all party differences and unite all factions in view of the next gubernatorial campaign. So far the name of Judge G. L. Yapple of Mendon appears to be the most prominently mentioned in connection with the nomination for justice of the supreme court.

### Chicago's New Archbishop.

Chicago, Ill., March 9.—The clergy and laity of the Roman Catholic province of Chicago have made extensive preparations for the reception of Archbishop Quigley, who takes his farewell of his Buffalo bishopric today preparatory to assuming his new duties as Archbishop of Chicago. He is expected to arrive in this city Wednesday, and the same evening there will be a

mammoth welcoming demonstration in St. Mary's cathedral. For several years prior to his death Archbishop Feehan was unable to take an active part in the management of the affairs of his archdiocese. Consequently the coming of Archbishop Quigley, who has the reputation of being one of the most advanced and active prelates of the Catholic church in America, is pleasing to the Catholics of Chicago, who regard the change as likely to result beneficially to the church.

### For Uncle Sam's Biggest Ship.

New York, March 9.—The ways of the new battleship Connecticut at Brooklyn navy yard are complete and an announcement was made today that work on the actual laying of the keel will probably begin next week. In naval circles the progress in the construction of the Connecticut will be followed with closest interest. In the first place, the battleship is being built by the United States at one of its own yards, something that has not been done since the days of the old wooden ships of war. It has been contended by many high authorities that the building of the nation's warships could be done better and more cheaply by private contract than by the nation itself. In order to put the problem to a fair test the government decided to construct the Connecticut itself and at the same time let the contract for her sister ship, the Louisiana, to a private contractor. The results, it is expected, will determine the questions as to whether Uncle Sam in future had better build his own warships.

### Western Art Exhibit.

Toledo, March 9.—The seventh annual exhibition of the Society of Western Artists opened today and will continue until the 27th. The display this year comprises more than 250 pictures, the work of the leading artists of Chicago, Cincinnati, Indianapolis, Detroit, St. Louis, Minneapolis and a score of other western cities. Lorado Taft, Charles Francis Browne, Carl Buehl and T. C. Steele are among the eminent artists whose works are shown.

### O'Brien and Jeffords.

Pittsburg, Pa., March 9.—The postponed bout between "Philadelphia Jack" O'Brien and Jim Jeffords is slated for decision tonight before the Allegheny Athletic club. Jeffords is regarded as no match for O'Brien so far as the scientific points of the game are concerned, but in power to endure punishment and several other fighting qualities he is considered the equal of the Philadelphian, and his admirers expect him to make a good showing even if he is not successful in winning the decision.

## FROM WASHINGTON.

### New Senators Take Oath of Office This Morning.

### PRESIDENTIAL NOMINATIONS.

Washington, March 9.—When the senate met today a letter was read from President pro tem. Frye appointing Keane of New Jersey as presiding officer during his absence.

The oath of office then was administered to James P. Clarke (Arkansas), W. J. Stone (Missouri) and Senator Gallinger (New Hampshire). Stone was escorted to the desk by Senator Cockrell and Gallinger by Lodge. Clarke walked to the desk unaccompanied.

The senate at 12:06 went into executive session, and at 1:15 p. m. adjourned until tomorrow.

### Foreign Relations Committee.

Washington, March 9.—The senate committee on foreign relations today agreed on a favorable report of the Colombian canal treaty to the senate.

No action was taken on the Cuban or other reciprocity treaties.

The Colombian treaty was reported as in former session without amendment.

### Nominations.

Washington, March 9.—The president today sent the following nominations to the senate:

Receiver of public moneys, David L. Geyer, Roswell, N. M.  
Postmasters: Arizona, E. M. Geddie, Kingman; Colorado, G. N. Raymond, Durango; G. H. Shone, Alamosa; G. T. Martinez, Pagosa Springs.

## THE SNOW PLOW

### Dashes Into Passenger Car and Causes Trouble.

## GRAND RIVER ON A RAMPAGE

### Colorado Miners' Strike Coming to An End.

## 'FRISCO LIMITED TRAIN WRECKED

Fall River, Mass., March 9.—The snow plow, which was being transferred from one section of the Old Colony street railroad to another, became unmanageable at the top of a steep hill in this city today, and, dashing down the incline, crashed into two cars loaded with passengers. Both passenger cars were almost completely demolished, and five persons sustained bruises and flesh wounds enough to necessitate their being carried to a hospital. A dozen others were bruised and cut by glass or splinters. The accident was caused by the breaking of the brake block on the snow plow.

### Grand River Rising.

Grand Rapids, Mich., March 9.—The Grand river is rising here at the rate of about an inch an hour and rapidly approaching high-water mark of two years ago. It is far out of its banks, and has already isolated a number of houses and factories in the flats on both banks. The wreckage from the North Park bridge, that went out yesterday, has anchored, however, and no damage is anticipated from it. Reports from up the river as far as Portland say the danger is over. The weather continues mild.

### LOOKS BRIGHTER.

### Says President Moyer of the Miners—Troops Back to Denver.

Cripple Creek, March 9.—President Moyer of the Western Federation of Miners says the situation suddenly became brighter, and now he believes the strike will not extend to Cripple Creek.

### Break Camp.

Colorado Springs, March 9.—This morning two Gatling sections and two signal corps were ordered to break camp and return to Denver. This will leave some infantry at Portland Mill, with the majority of the troops at the Standard works.

### Will Investigate Strike.

Denver, March 9.—At sessions today both the senate and house passed a resolution appointing a committee to visit Colorado City, investigate the strike and endeavor to bring about peaceful settlement of trouble between mill men and mill owners. Governor Peabody has promised to co-operate with the legislature in investigating the conditions at Colorado City. He will also use his good offices in behalf of arbitration if the question is presented to him in joint legislative resolution.

### Limited Train Wrecked.

Springfield, Mo., March 9.—The Frisco Southeastern limited, which left Springfield at 4:30 this morning for the north, was derailed at Bois Darc, mail car, baggage, express, smoker and one chair car rolling over on their sides. Two postal clerks, baggage man and express messenger were slightly hurt. None of the passengers was injured. The cause of the accident was chaffing iron falling off the rails.

### A Big Company.

Trenton, N. J., March 9.—The Northern Machinery company, with a capital of \$15,000,000, was incorporated today. Capital stock, \$7,500,000 is preferred, drawing 7 per cent cumulative dividends. The balance is common stock. The company is to manufacture seed and agricultural machinery of all kinds.

### Developed Melancholia.

Kansas City, March 9.—Lee A. Galaher, former cashier of the First National bank at St. Joseph, Mo., now serving a five-year sentence in a penitentiary for embezzling \$20,000,

has developed melancholia, and has been ordered to the federal asylum at Washington.

### All Italians.

Glen Falls, N. Y., March 9.—No more bodies of those drowned in Saturday's boat accident at Spier Falls have been recovered. The known dead number three, and the missing fourteen men, all Italians.

### Americans Interested.

Paris, March 9.—The lawn tennis tournament for the championship of the south of France was begun today at Nice. This year Americans are chiefly interested in the meeting, because the Doherty brothers hold the championship titles in both the singles and doubles. H. L. Doherty is the singles champion, and, paired with R. F. Doherty, holds the doubles. Another reason for the interest of Americans is the fact that Eugene Higgins of New York has given several thousand francs as prizes for the tournament.

### Buffalo's Auto Show.

Buffalo, N. Y., March 9.—The automobile show which opened today in Convention hall has attracted manufacturers and others interested in automobiles from many parts of the country. The exhibits number more than one hundred and fifty and include nearly every type of motor vehicle. Some of the machines on view were shown at the recent New York and Chicago exhibitions, while others are displayed the first time. The exhibition is to continue through the week, and gives promise of being a success from every point of view.

### Hopewell Here Tomorrow.

General Manager W. S. Hopewell of the Albuquerque Eastern wired Mayor C. F. Myers that he would be here Tuesday to give definite information regarding the terminal of the Albuquerque Eastern. Mr. Hopewell has just returned from Pittsburgh, Pa., where the matter of terminal was placed before the directors of the road.

### More Organizations.

Labor organizations are making rapid headway in the city. Last night the tinners organized, and the builders also effected an organization yesterday afternoon.

There will be an important session of the Central Labor Union tonight, at which many timely issues will be considered.

The waiters and cooks of the city will meet for the purpose of organization tonight. The bartenders will organize tomorrow night. From the present outlook Albuquerque will undoubtedly be the strongest union town of the southwest.

## MACHINIST ARRESTED.

### Mareen W. Jurrens Tampered With Uncle Sam and is in Trouble.

### USED MAILS TO DEFRAUD.

Warren W. Jurrens, wanted for using the United States mails in an attempt to defraud and for forgery, was arrested at the Santa Fe Pacific shops this morning by Postoffice Inspector C. L. Doran and City Marshal Thomas McMillin.

The crimes for which Jurrens was arrested were committed at Denver, Colo. The officers at Denver have been looking for him some time. He was known to be somewhere in the southwest. The officers had a good picture of him, and knew that he was a machinist by trade and would likely follow the railroad, but armed as they were with this valuable knowledge of the man wanted, they could not for a long time locate him. City Marshal McMillin was notified of the likelihood of Jurrens being in New Mexico, and it was not long till he had his man spotted.

He notified Inspector Doran, who took the next train for Albuquerque. Mr. Doran arrived this morning on the flyer at 11 o'clock. In company with City Marshal McMillin he went to the shops and had no trouble locating his man.

Jurrens was much surprised at his arrest, but on being shown his photograph, he acknowledged that he was the man wanted. He was placed in the city jail and will have his preliminary hearing tomorrow. It was an important capture.

## TERRITORIAL LAWMAKERS

### Thirty-fourth Days' Doings of Legislature.

## THE MONTOYA LOCAL OPTION BILL

### Other interesting and important proceedings in the Council.

### Special to The Citizen.

Santa Fe, N. M., March 9.—The council passed the game warden bill and transacted a large amount of business.

A. A. Keen was confirmed as land commissioner.

The house finance committee devoted the morning to considering the finance bill.

### TWENTY-FOURTH DAY.

### The Council.

(Saturday's Morning Session.)

The council was called to order at 10:15. After prayer by Rev. Moore, the journal was read and approved. Mr. Fall introduced council bill No. 104, to amend present laws so as to increase fees for applicants for the license of the board of pharmacy. The bill was passed. Mr. Jaramillo introduced council bill No. 105, an act requiring banks to give bond for territorial deposits. It was referred to the committee on banks and banking. House bill No. 126, to amend section 1, chapter 108, session laws of 1901, relating to licenses, was referred to the committee on territorial affairs. The council then took a recess subject to the call of the chair in order that the judiciary committee might meet.

After the recess the judiciary committee reported house bill No. 48, the Montoya local option bill. The majority of the committee recommended that it be tabled indefinitely. The minority, consisting of Messrs. Martinez and Jaramillo, recommended its passage. Mr. Spiess moved to table the minority report and this was done by a vote of 8 to 4. Messrs. Albright, Hughes, Jaramillo and Martinez voting nay. The majority report was adopted and the bill was tabled by the same vote. Mr. Spiess moved to reconsider the vote by which the action was taken and then to table that motion and this was done.

The same committee favorably reported council bill No. 81, an act to amend the law on limitations of actions and the bill was passed unanimously.

The judiciary committee favorably reported council bill No. 80, an act to amend section 2228 of the compiled laws of 1897, in relation to qualifications of justices of the peace. It was passed unanimously.

Council bill No. 66, the game and fish warden bill, was reported with the recommendation it pass as amended in minor particulars. The report was adopted and the bill was passed as amended. Messrs. Pinard and Fall alone voting against it.

Mr. Hawkins resigned as chairman of the committee on banks and banking and Mr. Andrews was appointed in his place. Mr. Andrews was also added to the committee on territorial affairs.

House bill No. 137, an act relating to the powers of probate courts, was handed down and under suspension of the rules was passed unanimously.

Council joint resolution No. 3, relating to the printing of the governor's message in English and Spanish, was handed down as amended by the house, the resolution called for the printing of exhibits also. Mr. Hughes moved to concur in the amendment. Mr. Fall objected at length to printing the exhibits and Mr. Hawkins joined in the protest. The amendment was concurred in by a vote of 7 to 4. Messrs. Fall, Hawkins, Jaramillo and Pinard voting against it. Mr. Duncan asked to be excused from voting and this courtesy was granted to him.

House substitute for house bill No. 83, an act to authorize the compilation and printing of the school laws, was handed down with the house amendment that 2,000 copies be printed in Spanish. Mr. Fall protested and said that the 2,000 copies was excessive. Mr. Hawkins said he thought such a number little enough and Mr. Martinez, Amado Chavez and Mr. Albright spoke on it. The bill, as amended, was passed. Messrs. Fall and Jaramillo alone voting against it.

House bill No. 128, an act to appraise

damages by animals of known owners, was referred to the committee on territorial affairs.

House bill No. 85, an act to amend the law relating to the width of public highways, was tabled indefinitely as it was found to be unconstitutional in that it provides for taking private property without compensation.

The council then adjourned until 10 o'clock Monday morning.

The members of the Albuquerque delegation of citizens in town called in a body on Governor Otero and requested the reappointment of Frank W. Clancy, Esq., as the territorial district attorney for the Second judicial district. The best element in Albuquerque is in favor of Mr. Clancy.

The house finance committee took up the appropriation bill in the afternoon.

### Visited Santa Fe.

Ben Dignee, the handsome young gentleman who presides over half a dozen subdepartments in the mechanical and linotype wings of the Citizen office, visited Santa Fe yesterday to enjoy the Sabbath with his best girl. He returned last night and this morning reported to the foreman, who is taking a lay-off, that his trip to Santa Fe was a most enjoyable one.

The Daily Citizen will be delivered in the city at the low rate of 30 cents per week, or for 75 cents per month, when paid monthly. These rates are less than those of any other daily paper in the territory.

The legislature will adjourn finally on the 20th of March.

This city should demand the two county commissioners who are to be chosen at the special election on April 14.

The local option bill was defeated by the territorial council last Saturday. The chances are that the Sunday law will hereafter be vigorously enforced in New Mexico.

The Citizen does not believe in making martyrs by constantly abusing certain politicians. That is the business being indulged in these days by the great political flopper—the Journal-Democrat.

The Citizen has upon all occasions stood squarely for the best interests of Albuquerque, and will continue to do so in the future.

The Citizen has never been controlled by bosses. It has always been a republican paper and will so remain under its present ownership. Upon a few occasions certain republican leaders have tried to dictate the policy of this paper and failed.

The statehood bill will be one of the first measures to be considered by the senate next December and it will be passed. The republicans have agreed to pass the bill as a party measure. New Mexico and Arizona will be merged into one state.

Only a few years ago the Journal-Democrat flopped from a democratic to a republican paper. The ownership has not changed at any time. The sheet now says it intends to be independent, which is an admission that it has been under the control of some political boss. That paper has never represented the political sentiment of this city and county on any occasion, and whether it supports or opposes a candidate will be a matter of very little moment.

In the matter of county division, the Journal-Democrat was for several days trying to convince itself that the scheme was a good one and failed to come out squarely for the measure, for fear of the political bosses, until the Citizen put itself and a number of merchants in interviews solidly in favor of division. Its manager, then, who is the junior territorial councilman from this city, had voted against division. It is now whining, having made several successful political flops in the past few years, and now announces itself independent.

**THE UNION LABEL.**  
A labor exchange tells union men not to forget to look for the union label before purchasing goods. Organized labor is beginning to realize the importance of putting its trade mark on every article which it aids in making. It practically makes every union man a member of a great co-operative society whose members trade with one another. The labor man or friend of union labor who buys a labeled article makes a market for union labor to that extent. As soon as manufacturers and dealers find that there is a special demand for labeled goods they will hunt for union labor to make these goods. Instead of opposing the employment of union men, as some of the less intelligent employers do at present, they will be glad to seek union labor be-

cause of the increased market it will bring. Every labor union should put its label on the goods it makes, and every friend of organized labor should look for that label before purchasing goods.

## ANDREWS ON STATEHOOD.

Senator W. H. Andrews returned to Santa Fe last Friday from Washington where he has been fighting energetically to secure statehood for New Mexico. His long legislative experience, his wide acquaintance among the statesmen at Washington, his close relations with Senator Quay, made his work on behalf of statehood especially valuable.

Senator Andrews can speak authoritatively on the status of the statehood question if any one can, and he says most emphatically that New Mexico will be granted statehood by the present congress at its winter session. But New Mexico and Arizona will be admitted as one state and that unconditional, except that the capital is to be at Santa Fe, mainly for historic and sentimental reasons. Separate statehood is out of the question, need not be considered at all for a long time to come, if ever. The point to be accomplished is to shape popular opinion to favor statehood, to overcome the prejudice of Arizona against a union with New Mexico.

## HIS RECORD FIRST CLASS.

The appointment of a district attorney for the district composed of Bernalillo, Valencia, McKinley and Sandoval counties is an interesting topic in Albuquerque and in legislative circles. Frank W. Clancy, Esq., the present incumbent, who has a first class record, has been recommended by many of the leading republican citizens of the district for reappointment. E. W. Dobson, Esq., also of Albuquerque, has some strong backing including the Hubbell faction. The situation is quite warm and interesting.—New Mexican.

## PURPOSELY MISQUOTED.

The Journal-Democrat, the greatest political flopper in the southwest, in order to make a point on Councilman Hughes purposely misquoted the legislative council proceedings in its issue of Saturday morning by publishing the following:  
"Up in Santa Fe Friday morning, while the council was waiting for the finishing touches to the Sandoval county bill, just before its passage, Councilman Hawkins, of Alamogordo, who is not without humor, asked and was granting unanimous consent to report the Fall kissing bill, from the committee on privileges and elections. The report recommended that the senior senator from Bernalillo county 'kiss and make up with the chairman of the republican territorial central committee.'"

The official proceedings read as follows:  
"The council rose from executive session at 12:30 and at once went into a committee of the whole by unanimous consent to consider the Sandoval county bill. The only changes in the bill are to put the line of Bernalillo county three miles farther north and the people of the new county shall select their officers and select their own county seat."

We seldom fear a danger that we cannot see. The danger of being run-down by a horse is a very real one to everybody, the danger of being murdered by a microbe does not trouble us. And yet the minute microbe is more dangerous than the wildest horse. The only people who can afford not to fear the microbes of disease are those who keep their blood pure and rich. These are practically immune from the attacks of most microbes.

Dr. Pierce's Golden Medical Discovery purifies and enriches the blood, and gives the body a vigorous vitality. It cures scrofula, eczema, boils, pimples and other eruptive diseases which are caused by impure blood.

"I had been troubled for about four years with eczema, or a skin disease, which at times was almost unbearable as it would itch so," writes Mr. John Larson, of 115 Posehan St., Dallas, Texas. "I concluded to try Dr. Pierce's Golden Medical Discovery, and after using five bottles found that I was entirely cured. Please accept many thanks."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the blood. Dr. Pierce's Pleasant Pellets cure constipation and its consequences.

seat. Mr. Hawkins was given unanimous consent to report from the committee on privileges and elections on the kissing bill. The report recommended the senior senator from Bernalillo: "Kiss and make up" with the junior senator and the report was received with much laughter."

Independent newspapers are almost universally blackmaling sheets. They do not represent any political party and rarely have any political influence. The Journal-Democrat made a mistake when it flopped from the democratic to the republican party a few years ago. Since then it has been absolutely under the control of political bosses. This growing irksome, the sheet now announces that it intends to be independent. It would have been much better for that paper if it had announced that it intended to be squarely democratic. However, it makes very little difference what political course the Jaded-Democrat may pursue in the future.

"The Smiths" is the name of a new magazine published by the Smiths publishing company of Detroit, Mich., a copy being received at The Citizen office. It is a "magazine for the people named Smith" and if all the people who bear that name subscribe for it "The Smiths" will soon lead them all in point of circulation.

## Colds Are Dangerous.

How often you hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency toward pneumonia. It always cures and is pleasant to take. For sale by all druggists.

## THEY VISIT ISLETA.

Curio Room Workers and Pottery Makers Enjoy an Outing.

Manager Switzer of the Alvarado curio gave his score of industrial Indians who produce blankets, baskets, silverware, pottery, sashes and hair work at the curio rooms an outing yesterday at Isleta. The group of visitors were from the Apache, Navajo and Pima tribes who had never witnessed the sacred acquia dance of the Pueblos. However, they were soon friends of the Isleta Indians and enjoyed a most pleasant day witnessing the dance and other interesting attractions. The transcontinental travelers on the flyer were given a rare treat by the clever minded manager, who had the basket weavers give an exhibition of their skillful workmanship in the art of basketry on the train.

They all returned last night greatly pleased with their trip to the pueblo.

## We are All Right.

Politics in Bernalillo county must "smell to heaven." According to reports published in the Albuquerque papers, the business men of the city have undertaken to rid themselves of an unsavory political domination by dividing the county, but thus far their purpose has been defeated by the politicians. The fact that the taxpayers of any community are so chicken-livered and so lack gall as to suffer themselves to be deposited by a gang of political tricksters is a pretty sure indication that they deserve nothing better.—Socorro Chieftain.

Since the publication of the above, the county division bill passed both the council and house, and the merchants and taxpayers of this city, as far as are in a very happy frame of mind. Taxes will undoubtedly be reduced as soon as things get to running smoothly after the special election to be held April 14, 1903.

Builds up the system, puts pure, rich blood in the veins, makes men and women strong and healthy—Burdock Blood Bitters. At any drug store.

Dr. F. A. Jones of this city and P. C. Bell of San Antonio, N. M., have sold their iron mining properties in the Oscura mountains to the Colorado Fuel & Iron company. Although the price they received for the properties has not been given out, they were of such value that it is safe to say that it was a neat sum.

Fireman Ed Armstrong is enjoying a few days' lay off.

Santa Fe Architect Charles F. Whitley arrived from the west this morning.

Ben Williams, special officer for the Santa Fe, was a passenger north this morning.

Work on the San Marcial depot is still being delayed for the lack of building material.

Conductor Fred Russell, of San Marcial, is confined to his room with a bad attack of the grippe.

J. W. Gibson, son of Trainmaster E. J. Gibson, and private secretary to Station Agent F. L. Myers, left Saturday night for Chicago.

J. W. Walker, superintendent of terminals for the Santa Fe at San Francisco, passed through the city this morning en route east. Mr. Walker is quite well known in Albuquerque.

Walter Horn, formerly night ticket clerk at the Santa Fe ticket office at Topeka, will arrive here tomorrow night to accept the long vacant night ticket clerkship of the local station.

Frank W. Hall, special officer for the Santa Fe Pacific with headquarters at Winslow, Ariz., is in the city. Mr. Hall is well pleased with his new position. He will return west tonight with his wife.

The Optic says: "H. O. Oyls, a cousin of Charles Watson, came up from Albuquerque today and went on up to the railroad hospital where he will receive medical attendance for a broken arm which got caught between the drawbars."

H. R. McCoullough, third vice president of the Chicago & Northwestern railway out of the Windy City, and daughter, Miss Florence, passed through the city last night en route west. After spending a couple of days at the Grand Canyon they will go to Pasadena, Cal.

A test call was made on the Santa Fe Pacific fire department yesterday. The boys answered the call with readiness and the test was very satisfactory. There was good water pressure and there was no part of the left shop buildings that could not be reached. The new suits ordered some time ago are expected the next few days.

A man giving his name as Jerome Monava, fell under a moving train at Isleta Saturday night. The wheels passed over one foot, mashing it to a jelly. He was brought here and placed in the hospital, where the foot was amputated by Drs. Cornish, Elder and Fitzgerald. Monava was beating his way. He is reported resting easy today.

Thad. Van Horn, traveling freight and passenger agent for the Rock Island with headquarters at El Paso, was in the city last night, between trains, while en route to the Pass City from a trip north. He says that the smoker given at the Pass City Thursday night as a part of the Stockmen's convention, will be the greatest entertainment of the kind ever given in the southwest. It will consist of chicken fights, boxing matches and refreshments.

**So Sweet and Pleasing in Taste!**  
Mrs. C. Peterson, 625 Lake street, Topeka, Kan., speaking of Ballard's Horehound Syrup, says: "It has never failed to give entire satisfaction, and of all cough remedies, it is my favorite, and I must confess to my many friends that it will do, and has done, what is claimed for it—to speedily cure a cough or cold; and it is so sweet and so pleasing in taste." 25c, 50c and \$1.00 bottle at Cosmopolitan Pharmacy—B. Ruppe.

### LAS VEGAS.

From the Record.  
It is reported that there are three feet of snow on the level at Harvey's mountain resort.

Dame Rumor has it that Major Flint has been offered a good sum of money for one of his mining claims.

In the death of William Rohmann, the veritable old timer of Mora county, another link that bound the present to the past has been severed. He answered the death call Wednesday night.

Jim Lane, who fell through a skylight on the roof of the Woodmen's hall, in the very beginning of winter, is out again from the Ladies' home, where he was taken at the time of the accident.

J. K. Williamson has sold his interest in the former B. M. Blauvelt barber shop on Douglas avenue and it will hereafter be known as the Montezuma shop, with Charles Colby, the chess player, lately of Albuquerque, as manager.

A tobacco expert sent out by the Santa Fe company has reported favorably on the raising of the weed in central and northern New Mexico. It has been suggested that the Commercial club of Albuquerque and the board of trade of Las Vegas act jointly in the matter of having the expert visit these parts at stated times, giving farmers here the benefit of his knowledge and experience in tobacco raising. It is understood that the gentleman will obligate himself to make three trips out a year, at \$100 a trip.

From the Optic.  
Jefferson Reynolds is rapidly recovering from his recent indisposition and will probably be himself again in a day or so.

The Methodist service last night was attended by a large congregation. Mr.

Holder, the evangelist, led the music with vigor and skill and everybody was impressed with the fact that he is the right man for leadership in song. The entire service was effective and at its close four persons were received into membership.

Yesterday Sheriff Cleofes Romero served warrants on Pascual and Agapito Montano, upon complaint of Antonio C. de Baca. They are charged with cattle stealing, and the case will come up for hearing before Justice Otero in precinct 26 on the 10th. In the meantime the Montanos are under bond for their appearance.

Las Vegas is to have another paper, the Las Vegas Advertiser. It will be a weekly and will make its appearance every Sunday morning, beginning with a week from Sunday. Earl Lyon, of Denver, who has been engaged as job printer at El Independiente, is the promoter of it and Walter J. Davis will be connected with it.

Night before last would-be thieves broke into the coal yard office of James O'Byrne and proceeded to go through everything promiscuously. They pried open the desk drawers with chisels, breaking the locks and otherwise mutilating the furniture scattering the books and papers over the floor and generally disarranging things. Mr. O'Byrne never keeps any money in the office so their mission was fruitless.

If it's a bilious attack, take Chamberlain's Stomach and Liver Tablets and a quick recovery is certain. For sale by all druggists.

### AN ACCIDENT.

**That May Cost a Life—Breaking of an Engine on Southern Pacific Dangerously Hurts Engineer Armstrong.**

Last Thursday about 11 o'clock a. m. just as passenger train No. 8 from the west reached the crossing of the El Paso & Southwestern road, just in the edge of Deming, the arch bar on the right side of the engine broke and in an instant the cab was being shattered to splinters, soles were being knocked in the side of the boiler and, worse than all, Engineer Armstrong was thrown time and again against the roof of the cab. The fireman succeeded in stopping the train and getting the injured engineer out of further harm, and as there was a freight train following close behind the passenger it pushed the wrecked engine and train down to the depot, where Dr. Swope at once attended to Armstrong's injuries and placing him in a berth in the sleeper he was at once taken to the company's hospital at El Paso. The freight train was left at this point and the engine of that train took the passenger on.

Engineer Armstrong has been on this run for a long time and has many friends at this point that will be sorry to learn of his misfortune.—Deming Headlight.

### AN ABSURD PROPOSITION.

**San Bernardino Shops Cannot Compare with Albuquerque Shops.**

It is decidedly amusing at this time that the Santa Fe shops at San Bernardino should be compared in magnitude and capacity with those of Albuquerque. The shops at San Bernardino may be growing, but considering that the shops here are almost twice as large as those there now, it is utterly absurd that they should grow so rapidly as to catch up, and still more absurd that they should get to be larger. The officials of the coast lines, as well as the head officials of the Santa Fe system, have very little love for San Bernardino, as a consequence of the recent trouble there with the boll-

### A COFFEE DRUNK

**Held on to the Tree.**  
Some people go on using coffee for a great many years without showing much effect of the drug, but as a rule it is slowly doing its ill work, and the time will come when stomach or nerve disease of some kind will show itself. An interesting case is that of a man who drank coffee for a great many years before he felt the effect of it. He says further: "Finally my health began to give way, and I first noticed being dizzy headed and I began to have spells of heart trouble, rapid palpitation of the heart, and dizzy, sick feelings like I was going to die."

"My appetite began to fall and I had a sore, distressful pain in my side. I noticed my memory was not as good as it had been and that worried me some. One day I stepped out of my shop to wait on a lady when all at once I became blind and staggered along like a drunken man until I ran against one of the shade trees which I grasped or I would have fallen. Cold sweat stood out on me and I sunk down on the ground and it was a long time before I recovered myself again."

"The family doctor, who was called in, advised me to quit coffee and try Postum Food Coffee. I thought it would be a big undertaking to quit coffee, but when I got my cup of Postum it satisfied by coffee taste, and from that day on I began to feel better. That was three years ago and I have never used any ordinary coffee since, but have stuck to Postum."

"When I quit coffee I weighed 145 pounds, my weight now is about 175. For a long while people kept talking to me about the change. I had been a wrinkled, run-down, old man; but am now fleshy, my skin smooth, good color, and when I walk I step out like a healthy man ought to."

"I honestly believe Postum saved my life, for I was simply being poisoned to death. Now I can eat anything I want and naturally enjoy life." Name given by Postum Co., Battle Creek, Mich.

ermakers. That strike was a costly one for the Santa Fe, and is partially responsible for the shortage of power on the coast lines now existing and playing havoc with the movement of freight.

For this reason it is hardly probable that any work or improvement of the coast lines officials have to make, will be given to San Bernardino if it is convenient for them to be put at any other division point.

The Albuquerque shops are now running at utmost working capacity, and still the work is not being turned out fast enough to meet the demand of the traffic department. Whoever started that fairy tale about San Bernardino shops comparing with the Albuquerque shops must have had a pipe dream.

**Moki Tea positively cures sick headache, indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion or money refunded. 25c and 50c. Mrs. W. O. Morgan, wife of the Santa Fe section foreman, had an experience with chicken thieves last Saturday morning, says the Socorro Chief. Mrs. Morgan was awakened at about 2 o'clock by the squawking of her poultry. She tried to arouse her husband, but he was more inclined to sleep than to chase away chicken thieves. At a second alarm from the coop Mrs. Morgan seized a revolver and fired three shots in that direction. Quiet instantly prevailed. Investigation showed that the coop had been broken open and seven chickens taken, all of which were found after an hour's search in the darkness.

### A Severe Cold for Three Months.

The following letter from A. J. Neubaum, of Batesville, Ind., tells its own story: "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." Refuse substitutes. Alvarado Pharmacy.

### Sad Accident.

Last evening Mrs. Parker, aged about 70 years, met death in a manner that was sad in the extreme.

As near as could be learned the stove was accidentally overturned and Mrs. Parker tried to remove it from the room. Her dress caught fire and she grabbed a quilt and put around her and then ran outside, which caused the flames to be fanned by the wind and completely envelope her.

Assistance was soon at hand and the unfortunate lady was taken inside and medical aid summoned. Dr. Sampson responded and did all in his power to save Mrs. Parker, but age was against her, and the shock proved too much for her feeble frame.

She succumbed at 12 o'clock last night.

Mrs. Parker leaves a daughter to mourn her untimely death.

An inquest was held at Justice Flinn's court at 10 a. m. today, the coroner's jury rendering a verdict of death from accidental burns.

The funeral took place this afternoon, the Rev. Smith officiating. The remains were accompanied to their last resting place by many sorrowing friends. Much sympathy is expressed for the daughter, who is thus suddenly bereft of her parent.—Winslow Mail, March 7.

### Working Overtime.

Eight hour laws are ignored by those tireless, little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing indigestion, biliousness, constipation, sick headache and all stomach, liver and bowel trouble. Easy, pleasant, safe, sure. Only 25c at all druggists.

### SOCORRO.

From the Chieftain.  
Joseph E. Smith went up to Albuquerque on a business trip.

David Farr registered as a guest at the Windsor from Albuquerque.

Mrs. John E. Griffith is numbered among those who are suffering from a severe cold.

The base ball season will soon be open. Why not have a good time to represent Socorro?

Mrs. J. J. Leeson had a severe attack of rheumatism of the heart, but is now recovered.

Mrs. J. M. Robinson and daughter, Johnie, arrived in the city from Columbia, Mo.

Postmaster Kittrell says that the receipts from the sale of stamps for February this year at the Socorro office were 25 per cent greater than those for the same month last year.

Lena Griffith has been so afflicted with a severe cold this week as to be obliged to be absent from her work at the School of Mines.

Professor Lincoln has bought a few acres of land out near the School of Mines and, it is reported, will next summer build a home there.

There are more improvements in progress in Socorro now than at any time in the last six years. Such a condition of affairs is very gratifying.

Dr. Duncan will probably not return home as soon as was expected. He is steadily improving in health, but has been persuaded by his medical adviser that it will be better for him to remain away from business a week or two longer.

Work was begun under the direction of Mayor Cooney in clearing out the dead trees and planting new ones in the park. It is disgraceful that the park has suffered such neglect for the last two years but it is pleasant to note that conditions there are at last to be improved.

Mellini & Eakin's leader, "Alvarado Club" whisky, is the product of one of the oldest registered distilleries in the state of Kentucky. Sold in bulk or bottles.—Mellini & Eakin, 111 South First street.

Mrs. J. M. Blum and Miss Mabel Senyard of Cleveland, Ohio, who are spending the winter in the delightful climate of the southwest, went to the Pueblo of Isleta yesterday to witness the acquila dance.

La grippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." Alvarado Pharmacy.

## ISLETA INDIANS.

They Amused Good Crowd Yesterday  
With the Second Acequia Dance.

## FUNERAL DURING PROCEEDINGS.

The acequia dance at Isleta yesterday attracted a large crowd of sightseers and friends of the Pueblos. Indians from the Apache, Navajo and Laguna tribes were guests of peaceable inhabitants of the adobe, whom they robbed and overpowered in the days of hardships and strife.

Although the village may have appeared to assume a spirit of gaiety and revelry to the uninitiated, it was not so to the Indian in any respect. These dances, in which they offer prayer to the great spirit to send them water, that they may have good crops and a golden harvest, are very sacred and solemn.

At first sight, from a distance, there is little to attract the favorable attention of the Caucasian; a huge collection of small adobes, without a sign of life. Sunshine, silence and adobe meets the curious gaze. But as one draws nearer the unique and ancient architecture, the quaint ovens and neat arrangement of the small, clean courts are viewed with admiration.

The first evidences of the dance was the sudden appearance on the house tops of six yelling Indians, clad in white cotton, richly decorated with sashes of bright colors, their faces made hideous by facial decorations of black and white. Banishing their long whips in the air, they penetrated the atmosphere with soul-stirring yells. They disappeared as mysteriously as they appeared. A few minutes of quietness and they would appear on another house top in the vicinity of the plaza. This was kept up until every Indian in the village knew his fate if he did not attend the dance. These six grotesque and grim beings, whose faces were rendered more ghastly and appalling by the bright rays of the sun, were the chiefs of the dance ceremonies. It was their duty to see that everyone attended the dance. If anyone refused there was fun for the spectators. By this time the tops of the seemingly colorless house were lined with Indians wrapped in red and brilliant colored blankets. The doorways and front of the house were filled with the figures that stood out in sharp relief with the surroundings. The conventional and accustomed garb of the American added a peculiar shade of tint to this picturesque sight. The dance was the occasion of the visit and it was for the dance that everyone waited patiently to see. From out of the council chambers came the men, and having formed a long line, keeping step to the odd sounds being pounded out of an equally odd and antiquated drum, they were joined by the women. The costumes were very elaborate and profusely adorned by bright colored sashes and they were especially lavish in their silver jewelry. Stepping in a circle to the tapping of the drum, they sent a mystical, strange chant into the heavens. At times it reached a pitch of shrillness which caused a shiver to visit the spinal column. Their gesticulations were as fantastic and peculiar as the articulations were mysterious. The singular sight was very interesting to the crowd of Americans from Albuquerque, and it was especially fascinating to those that had a camera concealed under their arm, wrapped in a newspaper to represent a lunch box. If an Indian had been fortunate enough to see a snap, there surely would have followed a breaking up in the photograph business.

Across the plaza came the six dance chiefs, dragging an Indian, who had taken too much of the elixir of over-enjoyment, and had refused to dance. "Into the acequia," yelled some one, and the crowd nearly broke the record in reaching the scene in time to see the ducking. The chiefs dragged their victim over the sand and gravel, when they reached the ditch, they lifted him high over their heads and he dropped with a splash into the muddy water. Well, it would not be proper to make a photographic record of his language, which was English all right, the profanity alphabet of the Indian language was not sufficient to express his views on the subject. He was not only wet, but muddy, and far from sober. Every one took care to keep out of his way, as his anger was running over. No sooner had the crowd returned to the plaza than the bells of the church of three centuries began to toll mournfully, and as the crowd gazed toward the old building, there came forth a procession bearing a large cross and lighted candles, and following them was the white gown priest and a

number of old Indians. The crowd being curious sightseers, the only thing to do was to follow. They did so, only to discover that they were attending an Indian funeral. The 9-year-old daughter of Governor Juan Domingo Abella had died the night before, and according to the Indian custom the funeral took place the next day. The procession entered the house where wailing and weeping could be heard, that brought sadness to the hearts of the large crowd collected about the gateway of the court. It was only a short time until they came out carrying the body of a small girl upon a kind of stretcher covered with flowers. The face was exposed so that everyone could see it plainly. They proceeded to the church, where a very impressive ceremony was observed. This was conducted by the priest and an Indian. The weeping and loud lamentations was extremely touching as the body was lowered into the eight-foot grave, which had been dug in the center of the church. The floor had been taken up and a grave of the customary years of being unmoistened was dug. In the dirt that was being shoveled in on top of the dead girl, could now and then be seen a skull or bone, the remains of a burial of many years ago.

As soon as the funeral was over the dancing was resumed and continued until sundown.

The Indians have opened the large acequia and will continue working on it until all their lands are irrigated.

Many people visited the store of J. P. Lente, the only Indian merchant in the territory. Mr. Lente is very pleasant and accommodating and saw that the visitors of the pueblo enjoyed themselves. The old church was visited by more people yesterday than it has been for ten years. The little dark-eyed, bronzed urchins afforded a series of amusing acts, scrambling for pennies and nickels in the sand.

Everyone who visited Isleta yesterday was well pleased with the many interesting sights witnessed. The quiet and peaceable Indians of the pueblo on the Rio Grande won a popular place in the estimation of those who had never taken the trouble to make their acquaintance.

## POLICE COURT.

Workingmen Up Before Justice Crawford This Morning.

Four anti-cash travelers were up before Judge Crawford this morning. They all proved themselves workingmen, but were up against it good and hard. The judge was very considerate and gave them a chance to get work or leave town. This they were all anxious to do, as they were not in favor of becoming acquainted with the jail and the unpleasant work connected with confinement. These men were beyond doubt hard workers and willing to work, but it is the duty of the officers to take them in charge when they are without the price of a meal or bed. Even if they are all right and willing to work it is not well for public safety to have them roaming about.

A watch repairer by the name of Brooks was run in last night for using profane language on the street. He will have a hearing tonight when the officer who arrested him is on duty to appear against him.

## FOREMAN C. O. YOUNG

Hurt in Accident to His Buggy Yesterday Afternoon.

A spirited horse driven by Foreman C. O. Young of the pattern making department of the Santa Fe Pacific shops took fright at T. L. Dodson's automobile in front of the Alvarado on First street yesterday afternoon, and, in making a side-jump, threw Mr. Young and a gentleman friend out of the buggy. They escaped with a few bruises.

The morning paper states "an automobile under full headway is enough to strike terror to the heart of any unsophisticated horse."

This statement is erroneous, based upon the fact that the automobile had just turned the corner at Gold avenue, and any one who knows anything about automobiles would know that were an automobile to turn a corner under full headway there would be an exhibition of tumbling. The power had been turned off and the auto was coasting around the corner. The first sight of the progressive conveyance frightens any horse, on matter how gentle, and, unless the driver holds a tight rein, trouble is sure to result. The automobile was not responsible for the accident. If a horse takes fright at a railroad train or a street car they cannot be held responsible for the damage caused by the terrified animal.

Baum, the cake-walker, is down on the program to preach the funeral sermon.

Of the many musical programs rendered at the Alvarado by the Alvarado Trio, that of last night was the most delightful. The spacious lobby of the hotel was crowded with expectant guests and they were pleased. Miss Grace Houghton and Edward Thomas sang a duet, and this pleasing number was heartily enjoyed. The instrumental numbers given by the trio were excellent.

LOST—A light spring wagon, dark box, with yellow wheels; was taken from Catholic church last night. Return to Mrs. Akers, 1506 South Second street, and receive reward.

## NEW TIPPLE FOR WOMEN.

Cordial Flavored with Roses That  
Tastes Like the Odor of  
the Flowers.

Many women at the east have taken  
of late to a new tipple imported from  
Holland and called on of roses, re-  
ports an eastern exchange. It is a  
cordial in name only. It is none of  
the sticky, syrupy compounds of the  
other insipid cordials, but has a pe-  
culiar, almost biting taste that appeals  
to the feminine palate. This cordial  
is flavored with bride roses and is the  
invention of a firm in Amsterdam  
that was organized in 1875. A blend  
of selected roses are crushed into a  
press, and the essence is extracted by  
a complicated system. This distilla-  
tion is enhanced with alcohol and  
other spirits, but naturally the flavor  
of roses is responsible for the increas-  
ing popularity of the drink. The cor-  
dial tastes like a rose smells. The  
color is pale pink and as the distilla-  
tion of "hulle de roses" requires an  
enormous amount of roses and great  
care, this is the most expensive cordial  
on the market. A mere tablespoonful  
for 25 cents. The firm in Amsterdam  
exports this liquor in genuine Deft  
jugs that the purchaser retains, and  
the average woman derives much  
pleasure taking home the tiny jug  
from which she has quaffed the de-  
lightful cordial.

It may be said of this new tipple,  
however, that it induces inebriety  
just as quickly as a whisky toddy,  
cocktail or "sour," and the resultant  
headaches are just as distressing.

## HARD ON THE CONDUCTORS.

When the Times Are Good, Passen-  
gers on Street Cars Hand Them  
Lots of Bills.

The only persons in town who have  
a grudge against prosperity are street  
car conductors. Their aversion to  
prosperous conditions is explained in  
this wise: Good times bring bills.  
bills mean the handling of much  
change, and change means woes innum-  
erable on the part of the harassed  
conductors, says the New York Times.  
"I can't remember the time when  
we fellows have been called upon to  
change as many bills as we have hand-  
led in the past six months," said one  
of these public servants one day last  
week. "Of course there are no hard-  
and-fast rules to go by in any business,  
but in general you can tell a man's  
financial condition by the size of the  
coin with which he habitually pays  
car fare. Reckoning from that stand-  
point, the times that are hard on the  
general public are clever for the con-  
ductor. All he has to do then is to  
go around and gather in the five-cent  
pieces, and as a consequence our men-  
tal condition is such that we appear  
really angelic. But just let a wave of  
prosperity strike the country and the  
passengers take a fiendish delight in  
posting us with one and two-dollar  
bills. Two-dollar bills are the favorite  
street car currency these days, and to  
meet all the demands made upon my  
pocket I have to start out from the  
barns with about one-third my own  
weight in small change.

## TELLES TO DIE.

Judge McFie, Designated Friday, April 3, as the Day for Execution.

## PLEA OF GUILTY TO MURDER.

Last Saturday, The Citizen published a dispatch from Santa Fe, giving briefly the facts that Telles had pleaded guilty to murder and had been sentenced to hang April 3. On the subject the New Mexican says:

There was an impressive scene in the district court this afternoon at 2 o'clock when Jose Telles, indicted for the murder of Epitacio Gallegos and for the murder of a man at Kennedy, stood before Judge McFie on his plea of guilty to murder in the first degree, to receive his sentence.

Telles was one of the two men who escaped after murdering Epitacio Gallegos, the jailor, and after his indictment for that crime, entered a plea of guilty.

The court room was crowded when he was brought in. He is still slightly lame from his experience while trying to escape and he was not shackled in any way.

As soon as court was opened, Judge McFie ordered him to stand up and receive his sentence. Telles at first did not appear to be affected in any way, but as the court proceeded with his arraignment of him and his career, he grew paler and paler, and when the final death sentence was pronounced all color left his face.

Judge McFie reviewed the crime for which Telles was confined in the jail here and then said that he had conceived the idea of escape. Judge McFie then said:

"You took the jailor and locked him securely in a cell. You took the keys to the cell and could have gone without killing Epitacio Gallegos. You refused to leave the jail even on the plea of the jailor that you had locked him in the cell that you should leave and not harm Gallegos. You refused to go. You waited half an hour for Gallegos and you said you would wait for him. It is evident, in the face of your plea of guilty and from your conduct that you intended to kill him. You took the life of one of the best citizens of Santa Fe, of Santa Fe county and of the territory. He was a law abiding and inoffensive citizen, and yet you shed his blood deliberately. Ordinarily the duty which devolves upon this court would be exceedingly disagreeable and one which would tax the court to the utmost. But, on the other hand, in this case, the punishment is just. You took the life of Epitacio Gallegos in a dastardly manner. Your case is that of one who has adopted the life of crime and has followed it to the end. If there is any young man in the hearing of my voice who has ever contemplated or is contemplating adopting the life of crime, let him see in this case that he ought to pause and hesitate. This sad case should be a wholesome example to such an one. This is a legitimate case of adopting such a life. 'He who sheds man's blood by man shall his blood be shed.' These words were spoken hundreds of years ago, and they are as true today as when spoken. I am sorry that you must so end your life. The law is supreme and the lives of the citizens of the territory and of other communities must be protected. It is sad for you that your life must be taken. You seem to realize that you have gone far enough in your life of crime and that you are prepared to end it. This is indeed a sad and pitiful spectacle. When you entered your plea of guilty I asked you if you understood the penalty of death might be imposed upon you and you said that you did. I again asked you the same question and again you said that you realized what you were doing. You seem to feel that you have reached that point in your life where you feel that your blood should be taken for the blood you have shed. Such shall be the case. It is the sentence of this court that you be remanded to the custody of the sheriff of Santa Fe county and be held by him in secure confinement until Friday, April 3, and that on said day you shall be taken by the sheriff to some convenient place and there between the hours of 8 a. m. and 4 p. m. be by him hanged by the neck until you are dead, and may God have mercy on your soul."

Telles said nothing in reply and was at once taken back to the jail.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Woodward, of Rosslyn, Ky., says: "I have handled Chamberlain's Colic, Cholera and Diarrhoea Remedy for twelve years; have never sold a bottle that did not give perfect satisfaction, and it is the best selling diarrhoea medicine that I handle." ## DEMING.

From the Headlight.

Mrs. B. O. Mastick, left for Hachita, where Mr. Mastick is now employed and where she will reside for a time at least.

Mr. and Mrs. W. H. Greer came home from Faywood hot springs, and we are pleased to report that Mrs. Greer is now improving rapidly, so that with no unforeseen mishaps we expect to see her fully recovered in a short time.

Mrs. J. H. Rodgers and her daughter, Mrs. A. W. Pollard, of this city, left for an extended visit to California. The ladies will stop off and visit the Grand

Canyon in Arizona, and while absent will stop off and visit all points of interest in the west.

Charles L. Kurtz, of Columbus, Ohio, a leading and most astute politician in the national republican ranks, the man who lacked but one vote of knocking Mark Hanna out of the United States senate was met at the depot in the city yesterday by a number of our prominent citizens, being introduced by W. H. Greer.

Mr. and Mrs. T. M. Gilbert, of Neenah, Wis., and Mr. and Mrs. Frank Seale, of Chicago, spent last Wednesday in looking over our city and expressed themselves as being highly pleased with so much push and enterprise as they found in a little western burg. The Adelphi club in particular was greatly admired by all. They have been at Faywood springs for the past two months and were on their way to Los Angeles, Cal.

No matter how long you have had the cough: if it hasn't already developed into consumption Dr. Wood's Norway Pine Syrup will cure it.

From the Bee.

Harry Armstrong is planning an addition to his residence out at the foothills.

The public school, which has been kept going the past two months on private subscriptions, closed down on Tuesday.

The new opera house scheme is a live proposition, and the Bee will soon be at liberty to give information that will prove cheerful reading to many of our citizens.

Perry Gall has written to friends saying that he and Mrs. Gall did not stop off in Kansas City as they intended, but continued straight through to West Virginia, and that Mrs. Gall stood the trip very well.

Socorro county has a new mining camp with some 200 people and expectations of having five times as many by next year. The camp is west of Magdalena and has been named Herrick in honor of Prof. C. L. Herrick, formerly of Albuquerque.

## A Physician Writes.

"I am desirous of knowing if the profession can obtain Herbine in bulk for prescribing purposes? It has been of great use to me in treating cases of dyspepsia brought on by excesses or overwork. I have never known it to fail in restoring the organs affected to their healthful activity." 50c bottle at Cosmopolitan Pharmacy—B. Ruppe.

## What's In a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases, DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. B. H. Briggs & Co.; S. Vann & Son.

J. H. Pegue is around again after a few days' tussle with rheumatism.

The best pill 'neath the stars and stripes; it cleanses the system and never gripes. Little Early Risers of wordly repute—Ask for DeWitt's and take no substitute.

A small pill, easy to buy, easy to take and easy to act, but never failing in results. DeWitt's Little Early Risers arouse the secretions and act as a tonic to the liver, curing permanently. B. H. Briggs & Co.; S. Vann & Son.

City Engineer Pitt Ross has returned to the city from Belen, where he has been the past few weeks laying out the Belen township. He expects to finish that work this week. He will return there tomorrow.

**Tapped 14 Times**

Edwin W. Joy's Test Case of Bright's Disease.

WHEN THE SAN FRANCISCO BUSINESS men who incorporated the J. J. Fulton Co. were putting the Fulton Compound to practical tests in cases of Bright's Disease and Diabetes, Edwin W. Joy, the Kearny street druggist, stopped one of the investigators and said he had a friend who had an advanced case of Bright's Disease and was beyond human aid. Joy explained that he had been in one of the largest hospitals, had been tapped nearly a dozen times and was so weak that his case was looked upon as hopeless that his recovery would create a sensation and that it would be a fine test for the compound. We told Joy to send the patient's brother down. He came and we gave him a treatment. Joy started for a trip around the world, fully expecting on his return to find that his friend had joined the silent majority.

We now skip ten months. Joy has returned, the friend is not only still living, but instead of the tapplings being a month apart, as formerly, he has not been tapped for over six months, and instead of being confined in a hospital he is living at home and is now down on the street daily and growing stronger all the time. There is no wider known druggist on the Pacific Coast than Edwin W. Joy.

Interested parties will find him at his store at Kearny and California streets, where he will confirm these important facts and give the details. The editor of the Overland Monthly investigated the above case and certified to its entire correctness.

Medical works agree that Bright's Disease (Bright's Disease is incurable, but 82 per cent. are positively recovering under the Fulton Compound, (Dropsy, Bladder Trouble, Rheumatism from uric acid, and the minor kidney diseases are soon relieved.) Price, \$1 for Bright's Disease and \$1.50 for Diabetic Compound. Free tests made for patients. Descriptive pamphlet mailed free. Call or address John J. **READ IT THROUGH.**

'Twould Spoil This Story to Tell It in the Headlines.

To use an eighteenth century phrase, this is an "over true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon, of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy.

"Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by all druggists.

## ...Legislative Pointers...

.....Clippings From Our Exchanges.....

Leonard Wood county, with Santa  
Rosa as the county seat, is on the leg-  
islative boards and will likely be a suc-  
cessful play. Railroad and townsite  
forces are working for it and they will  
come mighty near getting what they  
want.—New Mexico.

### The Apportionment Bill.

The apportionment bill is being thor-  
oughly and quietly discussed among  
the members. It is understood that the  
northwest part of the territory will be  
given increased representation. It is  
also rumored that the representation  
of Valencia county will be reduced and  
the representation from the southern  
part of the territory will be increased.

### He Was Happy.

Councilman Thomas Hughes, of Al-  
buquerque, took the bull by the horns  
on the creation of Sandoval county and  
was not discouraged either by the  
withdrawal of the bill once or by its  
defeat once. He bobbed up serenely  
with it the third time and, as though  
justifying the old adage, it went  
through unanimously and it is not nec-  
essary for Mr. Hughes to use a mega-  
phone to hear him chuckle.—New Mexi-  
can.

### Albuquerque in Evidence.

Albuquerque on Friday took the  
house by storm and the chamber was  
crowded. The first canvass of the  
house failed to show enough votes to  
suspend the rules to take up the San-  
doval county bill and hence the caucus  
was called. After that it was passed  
without any friction and so quickly as  
to disappoint a large number of spec-  
tators who were present in hope of see-  
ing a fight.—New Mexican.

### Candidates for Attorneyship.

It is reported that there are two can-  
didates for appointment to the office of  
district attorney for the district com-  
posed of Grant and Sierra counties.  
Representative R. M. Turner is one  
and R. P. Barnes, a Silver City attor-  
ney, is the other. The Grant county re-  
publicans are somewhat divided upon  
the question; a good many of them rec-  
ommend Mr. Turner, while others, in-  
cluding W. H. Newcombe, chairman  
of the Grant county republican central  
committee, have recommended Mr.  
Barnes.

### If Spies Says So.

It is reported in legislative circles  
that the appointment of district attor-  
ney for the district composed of San  
Miguel, Mora, Guadalupe and Quay  
counties will likely go to S. B. Davis,  
of Las Vegas, an attorney who has of-  
fice room with Councilman C. A.  
Spies. Mr. Davis has been recom-  
mended for the position by Chief Jus-  
tice Mills, Councilman Spies and the  
republican central committees of San  
Miguel, Mora, Guadalupe and Quay  
counties. Eusebio Chacon, Las Vegas  
attorney and interpreter for the United  
States court of private land claims,  
has also some good backing; but, ac-  
cording to reports, Davis will get the  
plum, which in that district is worth  
several thousand dollars per annum.—  
New Mexican.

### Delegation at Santa Fe.

A delegation of citizens of the town  
of Santa Rosa, consisting of C. H.  
Stearns, merchant; George H. Smith,  
Jr., merchant, and E. R. Wright, United  
States court commissioner and real  
estate agent, has been in Santa Fe  
working for the creation of Leonard  
Wood county, with Santa Rosa as the  
county seat, the new county to take  
the place of the present county of  
Guadalupe. A strip off of Valencia  
county, eighteen miles wide, is to be  
added to the new county. Considerable  
work has been done by the delegation  
and the chances for the passage of the  
bill are not at all bad.

### We Work Together.

The city of Albuquerque got what it  
wanted in the shape of county division.  
There is one thing about the Duke city  
which might well be followed with  
benefit by other towns in the territory.  
When Albuquerque want anything it  
goes after it with a strong pull and an  
united effort. That is the true Ameri-  
can way of doing things, and it is a  
pity and a sorrow that the citizens of  
Santa Fe cannot follow suit in such  
matters. There is too much petty and  
dirty jealousy and envy among some of  
the would be political leaders in this  
town. Tell the truth and shame the  
devil, and the above is certainly the  
truth which cannot well be disguised  
or hidden.—New Mexican.

### Prospective Soft Job.

What a nice soft job it will be, that  
of territorial game and fish warden at  
\$1,800 per year, provided the legisla-  
tive assembly creates the office, says  
the New Mexican. The lucky individ-  
ual who will get this fat position will  
surely be what is called "in the swim."  
It will be even a nicer job than coal  
oil inspector. At the same time it must  
be said that there should be a better  
execution of the present laws for the  
protection of game and fish within the  
borders of New Mexico.

### Not a Bad Thing.

The creation of Sandoval county will  
not prove a bad thing for the com-  
monwealth. The New Mexican's posi-  
tion that new counties should be made  
whenever and wherever there is suf-  
ficient population and taxable property  
in a certain area to properly sustain  
and pay the cost of county administra-  
tion, is the correct one and has been  
so determined and proven by results in  
New Mexico. Every county that has  
been created in New Mexico since 1883,

commencing with Sierra and closing  
the list with Luna, shows that the po-  
sition of this paper upon this question  
is correct and proper.—New Mexico.

### A Good Measure.

The council bill regulating district  
attorney districts and to increase their  
number, passed the house Friday morn-  
ing with a slight amendment, says  
the New Mexican. It is a good mea-  
sure, in the interest of the better and  
more economical administration of  
justice. Representative W. H. H. Llew-  
ellyn and Representative Howard did  
good work in pushing it through.

### Dangers of Pneumonia.

A cold at this time if neglected is lia-  
ble to cause pneumonia which is so  
often fatal, and even when the patient  
has recovered the lungs are weakened,  
making them peculiarly susceptible to  
the development of consumption.  
Foley's Honey and Tar will stop the  
cough, heal and strengthen the lungs  
and prevent pneumonia. Alvarado  
Pharmacy.

### Should Be Enacted.

Mr. Howard has introduced a bill  
providing that the collectors of taxes  
shall deposit the sums collected in re-  
putable banks. The bill was referred  
to the committee on territorial affairs.  
It should be enacted.—Socorro Chief-  
tain.

### More Riots.

Disturbances of strikers are not nearly  
as grave as an individual disorder of  
the system. Overwork, loss of sleep,  
nervous tension will be followed by  
utter collapse, unless a reliable remedy  
is immediately employed. There's  
nothing so efficient to cure disorders  
of the liver or kidneys as Electric Bil-  
ters. It's a wonderful tonic, and effec-  
tive nerve and the greatest all  
around medicine for run down sys-  
tems. It dispels nervousness, rheuma-  
tism and neuralgia and expels malaria  
germs. Only 50c, and satisfaction  
guaranteed by all druggists.

### Been Very Creditable.

The session of the thirty-fifth legis-  
lative assembly is drawing near its  
close. While some things have been  
done that made a republican feel an  
impulse to wink the other eye, the  
work of the session has on the whole  
been very creditable.—Socorro Chief-  
tain.

### A Remarkable Case.

One of the most remarkable cases of  
a cold, deep-seated on the lungs, caus-  
ing pneumonia, is that of Mrs. Ger-  
trude E. Fenner, Marion, Ind., who was  
entirely cured by the use of One Minute  
Cough Cure. She says: "The coughing  
and straining so weakened me that I  
run down in weight from 148 to 92  
pounds. I tried a number of  
remedies to no avail until I used One  
Minute Cough Cure. Four bottles of  
this wonderful remedy cured me en-  
tirely of the cough, strengthened my  
lungs and restored me to my normal  
weight, health and strength." B. H.  
Briggs & Co.; S. Vann & Son.

### So Far, So Good.

The record of the thirty-fifth legisla-  
tive assembly for the first half of the  
season was very good. The latter part  
of the session, when completed, will  
have to be judged by itself. A rather  
unique state of affairs exists and there  
is no telling what will happen during  
the next ten days.—New Mexican.

### Tragedy Averted.

"Just in the nick of time our little  
boy was saved," writes Mrs. W. Wat-  
kins, of Pleasant City, Ohio. "Pneu-  
monia had played sad havoc with him  
and a terrible cough set in besides.  
Doctors treated him, but he grew worse  
every day. At length we tried Dr.  
King's New Discovery for consumption,  
and our darling was saved. He's  
now sound, and well. Everybody  
ought to know it's the only sure cure  
for coughs, colds and all lung diseases.  
Guaranteed by all druggists. Price 50c  
and \$1.00. Trial bottles free.

### "She Got It."

When Albuquerque took her coat off  
and went after that new county, by  
sending a big delegation up to Santa  
Fe to work, she got it.—Las Vegas  
Record.

### UNNA DEFINES A CAUSE.

European Skin Specialist Says Dan-  
druft Is Caused by Parasites.

Upon that theory, proved beyond a  
doubt, a cure for dandruff was sought  
after. Scientists, chemists, druggists  
and physicians all "took a hand" and  
the successful issue is the present  
product known as "Newbro's Herpi-  
cide."

This remedy actually kills the para-  
sites that infest the hair bulb, does its  
work most effective and contains not  
an atom of substance injurious to any  
thing else than the germ alone. Herpi-  
cide causes the hair to grow as nature  
intended it should, soft and abundant.

### TO DIVIDE BERNALILLO COUNTY.

Councilman Hughes Bill to That effect  
Passes Both Houses Unanimously.

Bernalillo county has redeemed itself  
redeemed itself from an unscrupulous  
and disreputable a political domina-  
tion as ever disgraced a decent com-  
munity.

Both houses of the territorial legisla-  
ture yesterday passed Councilman  
Hughes' bill to divide Bernalillo coun-  
ty and create a new county of San-  
doval. This means that Albuquerque  
will now enjoy some measure of self-  
government. Heretofore the political  
affairs of the county have been con-  
trolled by the outside precincts where,  
according to a popular peasantry, the  
votes of the sheep and the goats and  
the dead men were counted.

As a sequel, things are happening.  
George F. Albright has severed his  
connection with the Journal-Democrat

and that paper in its issue yesterday  
morning announces that hereafter its  
policy will be independent republican.  
The boss of Bernalillo has not yet been  
heard from and probably never will be.

Councilman Tom Hughes and his  
paper, the Albuquerque Citizen, are re-  
ceiving a large measure of credit for  
their efforts to bring about such a con-  
dition as will make decency in politics  
possible in Bernalillo county. The  
business men of Albuquerque also be-  
stirred themselves mightily in their  
own interest. All this is wholesome.  
—Socorro Chieftain.

### Pneumonia Follows a Cold

but never follows the use of Foley's  
Honey and Tar. It stops the cough,  
heals and strengthens the lungs and  
affords perfect security from an attack  
of pneumonia. Refuse substitutes. Al-  
varado Pharmacy.

### All Differences Will Be Patched Up.

There may be no sore spots in re-  
publican ranks after the session if the  
legislative assembly closes and again  
there may be. The chances are that  
there will be, and that it will take con-  
siderable peace making and adroit  
management to put the party into good  
shape for next year's campaign, state  
or territorial. There are many republi-  
cans who have a good memory and  
also somewhat of an inclination to get  
even. But then time softens even po-  
litical defeats, and all may yet be well.  
—New Mexican.

### Wakeful Children.

For a long time the 2-year-old child  
of Mr. P. L. McPherson, 59 N. Tenth  
street, Harrisburg, Pa., would sleep but  
two or three hours in the early part of  
the night, which made it very hard for  
her parents. Her mother concluded that  
the child had stomach trouble, and  
gave her half of one of Chamberlain's  
Stomach and Liver Tablets, which  
quieted her stomach and she slept the  
whole night through. Two boxes of  
these tablets have effected a perman-  
ent cure and she is now well and  
strong. For sale by all druggists.

### Colored Masons.

C. R. Robinson, grand master of the  
colored Masons for the jurisdiction of  
Colorado, Utah, Arizona and New Mex-  
ico, is in the city. His home is Colo-  
rado Springs. He has been trying to  
organize a lodge in this city, but as  
preparations have not been completed  
he conferred the necessary degrees on  
U. S. Bowman and Milton Burns, who  
will have charge of the organization  
of the lodge here.—New Mexican.

### For Over Sixty Years.

An old and well tried remedy.  
Mrs. Winslow's Soothing Syrup has  
been used for over sixty years by mil-  
lions of mothers for their children  
while teething with perfect success.  
It soothes the child, softens the gums,  
allays all pain, cures wind colic, and  
is the best remedy for diarrhoea. Is  
pleasant to the taste. Sold by druggists  
in every part of the world. Twenty-five  
cents a bottle. Its value  
is incalculable. Be sure and ask for  
Mrs. Winslow's Soothing Syrup, and  
take no other kind.

### Abnan Abeyta Bound Over.

Ex-Treasurer Abnan Abeyta was ar-  
rested Monday on a charge of taking  
unlawful possession of certain official  
books pertaining to the office of the  
county treasurer. The case was  
brought before Justice Amos Green.  
The ex-treasurer waived examination  
and was placed under \$2,000 bond to  
await the action of the grand jury.—  
Chieftain.

"I suffered for months from sore  
throat. Electric Oil cured me in  
twenty-four hours." M. S. Gist, Hawes-  
ville, Ky.

## AN OLD SORE

months of diligent and faithful use of  
external remedies that the place  
remains as defiant, angry and offensive as  
ever. Every chronic sore, no  
matter on what part of the body it comes,  
is an evidence of some previous  
constitutional or organic trouble, and that  
the dregs of these diseases  
remain in the system; or, it may be that  
some long hidden poison—perhaps  
Cancer—has come to the surface and begun  
its destructive work.

The blood must be purified before the  
sore will fill up with healthy flesh  
and the skin regains its natural color. It  
is through the circulation that the acid,  
corroding fluids are carried to the sore  
and ulcer and kept it irritated and inflamed.  
S. S. S. will purify and  
invigorate the stagnant blood when all  
sediment or other hurtful materials are  
washed out, fresh rich blood is carried to  
the diseased parts, new tissues form, and  
the decaying flesh begins to have a  
healthy and natural look; the discharge  
ceases and the sore heals.

Several years ago, my wife had a  
sore leg and was treated by the  
best physicians but received no benefit.  
Our druggist advised her to try S. S. S.,  
which she did. Fourteen bottles cured  
her and she has been well ever since.
