BUFFALO MURDER MYSTERY

Woman Arrested Charged With the Crime.

ATTORNEYS FOR TRAINMEN AT WORK

New York Commission Firm Assigns--The Colorado Mine Troubles.

Buffalo, N. Y., March 7.—A woman, known to have been under the eye of the police in connection with the Burdick mystery, was today taken to police headquarters. She was taken at once to the office of Superintendent Bull and the door of his office was locked. Heretofore anyone whom the authorities desired to question in regard to the murder mystery have been taken to the office of the district attorney. The police refuse to state whether the woman has been placed under arrest or not. They decline to give her name, although they admit that she has been taken into custody in connection with the Burdick case. The woman who was taken into custody was taken from a house at No. 19 Tupper street. At the house it was learned that she went there about six weeks ago to board with a Mrs. Coughlin, who keeps the house. Mrs. Coughlin stated the woman taken from her house by the police was Miss Marian Hutchinson, who came to the house on February 17. She said Miss Hutchinson worked for Burdick at the envelope factory up to four weeks ago.

Another Suspect.
Buffalo, March 7.—Miss Hutchinson has been released. This afternoon District Attorney Abbott arrived at police headquarters having with him in a closed carriage another young woman apparently about 24 years of age. She was handsomely attired. She was taken into the private office, where she was questioned by the authorities.

WORKING AT NIGHT.

Attorneys for Wabash Trainmen Preparing Dismissal Petition.

St. Louis, March 7.—Far into the night the attorneys for the trainmen were busy at work last night in the preparation of a petition on which the motion for a dissolution of the injunction will be based. At 9 o'clock this morning, with a corps of stenographers, they took up the work again, but with all the energy they are putting forth, they said this morning they could not definitely state just when the answer to the injunction could be completed. The attorneys have the entire field now and nothing will be done until they are ready to file the answer in the United States district court.

MADE ASSIGNMENT.

Commission Merchants of New York Go to the Wall.

New York, March 7.—D. Leroy Dresser and Charles Rees, doing business as commission merchants under the firm name of Dresser & Co., No. 15 Green street, made an assignment today for the benefit of creditors to Charles McKendie, Mr. Dresser was until a few days ago president of the Trust company of the Republic. A mercantile agency estimated the pecuniary strength of the firm at from \$200,000 to \$300,000.

He is All Right.
Much praise is due Hon. Nestor Montoya, not only for his forcible and brilliant speech in putting the county division bill through the house, but more especially for having outlined in his letter to Mayor Myers, as read at the second meeting of the board of trade, the bill almost exactly as it finally passed.

DUTY WELL DONE.

The Visit of Merchants and Taxpayers to Santa Fe.

ALL FEELING HAPPY.

The committee, which went to Santa Fe yesterday, delegated to represent the merchants and taxpayers of Albuquerque, in the interest of the creation of Sandoval county, did good work.

A correct list of the gentlemen comprising this committee was given in last evening's Citizen.

Although the number was not quite as large as was expected, considering that a large number who pledged themselves to go at the mass meeting held Thursday night, did not show up, it was sufficiently large to do the necessary work at the capital.

At Lamy, the committee was joined by Senator W. H. Andrews, who was just returning from the east. The train was about thirty minutes late

and the committee did not arrive in Santa Fe until after 12 o'clock. It was immediately driven to the Palace hotel and had dinner. At the Palace they were joined by Senator Thomas Hughes, the county division champion, who gave out the cheering information that the county division bill had passed the council and would be called up in the house in the afternoon as a special. Before going to the capitol the committee held a short session at the hotel for the consideration of a program for the afternoon. President Brooks, of the board of trade, presided. Mayor Myers took the floor and stated to the committee in full the conditions of the new Sandoval county bill, and the changes made in it from the old bill pertaining to the boundary lines. From the hotel the committee proceeded to the capitol and to the house of representatives, then in session.

Sergeant-at-Arms Sefertine Crockett provided seats for the committee in convenient portions of the representative hall and the white Bernalillo county division badges were strikingly conspicuous.

Council bill No. 102, for the creation of Sandoval county out of Bernalillo county, was called up about 2:30 o'clock. By common consent the house as a whole went into caucus on the bill and the session lasted thirty minutes. When the caucus broke, Speaker Montoya called the house to order. He yielded the chair to Alex. Bowie, of McKinley county, and took the floor. Mr. Montoya moved to suspend the rules and take up council bill No. 102.

He reviewed the life of the bill and the stand he had taken toward it from its birth. He stated that he has received letter from prominent citizens of Albuquerque favoring division and through other mediums of information he had learned that it was the unanimous wish of the people of Albuquerque that the division bill should pass. For these reasons he had supported it from the beginning. Mr. Montoya was at his best as an orator and old members of the house say that his speech reminded them of the session of 1892, when Mr. Montoya was a representative from San Miguel county and the capital fight was on.

The motion was put and the vote was unanimous. Mr. Montoya then moved that the bill be read, first and second time by title and referred, before being read the third time. A vote for the third reading was unanimous.

Mr. Montoya moved for the passage of the bill and the vote was unanimous.

The committee from Albuquerque then proceeded to the governor's chamber for a short visit. Governor Otero is a busy man these days, but smilingly he allowed the committee a few minutes. After leaving the governor's office the committee returned to the Santa Fe plaza and at request of J. E. Saint, visited the offices of the Santa Fe Central. As guests of Mr. Saint they proceeded to the Clair hotel for refreshments. The committee, in high spirits, having secured all the state pie they went after, were then driven to the depot and left the capital on the 5 o'clock train, arriving here shortly after 10 o'clock. It was a great day for Albuquerque.

GOV. PEABODY.

If Asked He Will Try and Settle Mine Troubles.

Denver, March 7.—Governor Peabody said today: "If either side to the controversy at Colorado City should request me to assist in the settlement of troubles there, I would be only too glad to use my good offices in that direction. No such request has been made."

There is no change in the situation and no new development. Nothing has been done towards recalling the troops and nothing is likely until the Cripple Creek miners decide whether or not they will go out on a sympathetic strike.

ORGANIZED LABOR.

Every Branch of Trade and Labor Being Unionized.

The formation of unions of the various branches of trades and labor is taking rapid strides. Three months ago there were but two unions in the city—the Typographical and Cigar makers—excepting the railway orders. Today there are ten organized and affiliated with the Central Labor Union. These are the Typographical, Cigar makers, Horseshoers, Painters, Electrical Workers, Carpenters, Plasterers, Bricklayers, Stone Masons and Barbers.

On tomorrow afternoon the building

laborers will organize, while the tinners will meet tomorrow evening, the bartenders Monday evening and the cooks and waiters Tuesday evening for the same purpose. Besides these organizers are now working on the stationary engineers, brewery workers, laundry workers, teamsters, lathers and retail clerks with great success and they pronounce the chances most favorable for immediate organization. As a union town Albuquerque will compare with the most strongly organized in the United States.

Elocution Medal Contest.

The ladies of the Woman's Christian Temperance Union are preparing a rare treat for lovers of elocution. Seven popular young ladies of our city will compete for a silver medal Tuesday evening, March 24, in the Congressional church. The contestants are Misses Helen Bearup, Daisy Huntzinger, Coral Clyde, Gertrude O'Brien, Nellie Landrum, Nellie Sampson, Josephine Brown.

Preparing for Stock Market.

Thad Van Horn, traveling passenger agent for the Rock Island, with headquarters at El Paso, was in the city between trains this morning while en route to Las Vegas. Mr. Van Horn says that the people of the Pass City are making great preparations for the reception and entertainment of the crowds of people, who will attend the convention of live stock men, held there next week.

Railroads entering El Paso are arranging special passenger equipment for the trains of next week to carry the anticipated crowd.

The program of entertainments consist of smokers and contests and bull fights. Some promising clever glove contests are expected to be pulled off.

Mexican Central Officials.

Two handsomely appointed private cars, one a Santa Fe and the other a Mexican Central, came up from the south this morning on passenger train No. 22. On board the cars were Evan Richards, vice president and general counsel for the Mexican Central railway; J. C. Van Blarcom, second vice president of the Mexican Central railway and general manager of the National Bank of Commerce of St. Louis; Breckenridge Jones, vice president of the Mississippi Valley Trust company; E. M. Foss, of Boston, and W. R. Moger, president of the National Shoe and Leather bank of New York. All the gentlemen, except the last named, are directors of the Mexican Central railway, and have spent the last few weeks touring the lines of that road in company with President Robinson, of the Mexican Central. The trip was made with a view to looking over some properties and considering the extending of some of the Mexican Central lines.

Their cars were attached to passenger train No. 2 and left for the east.

VALENCIA COUNTY COURT.

Augustine Via, the Rapist, Sentenced for Seventeen Years.

OTHER IMPORTANT CASES.

The Valencia county juries were discharged yesterday by Judge Baker and the balance of the term's business will be transacted at Albuquerque.

Augustine Via, charged with rape, pleaded guilty and was sentenced to seventeen years and six months confinement in the penitentiary, the maximum penalty being twenty years. The crime was the most revolting one that has occurred in the territory for many years. The child assaulted was but 11 years old, and the sister-in-law of the defendant. The assailant stopped little short of murder in the perpetration, and the court in sentencing the defendant remarked that the community must surely be classed as a good one, else the defendant would never have had the opportunity of his day in court.

The most important civil case disposed of was that of Miguel A. Baca vs. Fred Scholle, action on forcible entry and detainer. Mr. Chavez appeared for plaintiff and Mr. Dobson for defendant. The plaintiff claimed that he had been dispossessed by defendant of a tract of land valued at \$1,000, but on the trial it developed that the tract in question had been occupied by plaintiff at the time defendant entered, whereupon the court ruled that the action was improperly brought, and that the right of the parties could only be ascertained by a suit in ejectment. The jury was accordingly instructed to return a verdict finding the defendant not guilty.

POCKETBOOK FOUND.

The Young Man Arrested and Bound Over to Grand Jury Not Guilty.

J. D. Cordova, who was bound over to the grand jury yesterday on the charge of stealing a pocketbook containing \$5 from Pedro Lobato, will undoubtedly be turned loose and exonerated from all blame as the pocketbook was found late yesterday afternoon under the pillow of the bed that Lobato had occupied. The purse only contained \$4.10, and it is beyond doubt that the one Cordova was charged with having stolen.

A. S. Grieg, an official of the El Paso & Northeastern railway, passed through last night going to El Paso.

GOV. MERRIAM

Director of the Census Has Resigned.

BELGIUM PROTOCOL SIGNED TODAY

At Close of South Dakota Legislature Two Deaths Occurred.

TO CELEBRATE JEWISH SOCIETY.

Washington, March 7.—Governor Merriam, director of the census, placed his resignation in the hands of the president today. It will take effect on May 15. Governor Merriam resigns to accept the vice presidency of the international Mercantile agency of New York, and will remove from Washington to that city.

TELLES TO HANG.

He Will be Jerked Into Eternity at Santa Fe

FRIDAY, APRIL 3, 1903.

Special to The Citizen.

Santa Fe, N. M., March 7.—Jose Telles, who participated in the killing of the county jailer, Epitacio Gallegos, here, pleaded guilty to murder in the first degree today, and was sentenced this afternoon to hang on Friday, April 3, 1903.

BELGIUM PROTOCOL.

Signed Today for Settlement of Venezuelan Claims.

Washington, March 7.—Minister Rowen and Baron Moncheur today signed the Belgium protocol for the settlement of that country's claims against Venezuela. It follows the line of the American protocol and provides that the question of the Netherlands shall name the umpire for the commission.

TWO SENATORS.

Closing Scenes of South Dakota Legislature Marked by Deaths.

Pierre, S. D., March 7.—The eighth session of the South Dakota general assembly adjourned sine die at 3 o'clock this morning.

The closing scenes of merriment were abruptly terminated by the announcement of the death of Senators Doyland, of Walsworth, and Rudolph, of Lincoln.

B'nai B'rith to Celebrate.

New York, March 7.—The B'nai B'rith, the oldest and most influential Jewish charitable organization in this country, is fifty years old and it is preparing to celebrate the event on a mammoth scale. The main feature of the celebration will be a meeting tomorrow evening at the Temple Bethel, when speakers will be heard from the lodges in England, Germany, Austria and other parts of Europe, and also from Asia and Africa.

In Memory of Robert Emmet.

New York, March 7.—The 15th anniversary of the birth of Robert Emmet, Ireland's patriot martyr, will be celebrated under the auspices of the Clan-na-Gael, and with the co-operation of the United Irish-American societies, at the Academy of Music tomorrow evening. Recorder Goff will be chairman of the meeting, and O'Neil Ryan, justice of the supreme court of St. Louis, will deliver the oration.

"CASA DE MESA."

Prof. Hodgkin Entertained the University Students.

IT WAS A PLEASANT AFFAIR.

Last night Professor Hodgkin, of the University of New Mexico, entertained the Normal girls and their gentlemen friends at a dinner. After an elegantly prepared repast the guests adjourned to the parlor, where a pleasant program consisting of music and recitations, was rendered. Then the party returned to the dining room, where President Tight performed some very interesting experiments with soap bubbles, after which prizes were offered for the largest bubbles blown. Mr. Becker and Miss Katherine Cunningham carried off the honors. Then a prize was offered to the person keeping a bubble afloat in the air the longest. The German orator, Mr. O'Gara, was declared the winner, and received

a beautiful "Jack in the Box." For the booby prize, Miss Jones received an excellent piece of household furniture. The merry throng again assembled in the parlor, where Mr. Becker's famous bear story was related. After some parlor games were played the party broke up at a late hour, unanimously voting Professor and Mrs. Hodgkin the most delightful of entertainers.

Those present were: Misses Grace Morley, Cunningham, Frances Irwin, Jones, Sampson, Tiffany, Hugget and Mrs. Quillin; Messrs. J. C. Cannon, L. C. Becker, Frank O'Gara, Irwin, Hopping, Earl Shaw and Professor Tight.

Cruiser Chattanooga Launched.

Elizabeth, N. J., March 7.—The cruiser Chattanooga was launched at 2:30 this afternoon. She slid gracefully into the water, the launching and ceremonies being most successfully carried out.

Twenty Men Drowned.

Glen Falls, N. Y., March 7.—It is reported that twenty men were drowned today by the capsizing of a ferry boat at Spier Falls. No particulars.

It was later learned that nine men drowned by the capsizing of a flat boat used as a ferry at Spier's Falls today. There were sixty men in the boat. The current was very swift and a mass of ice and logs struck the craft. In the confusion one man jumped out and in jumping seized the tackle rope. This caused the boat to tip, half the men falling into the river and being carried down by the swift current. Search is now being made for the missing. The bodies of Michael Kennedy and two Italian laborers have been found.

Stewart Nominated.

Chicago, March 7.—Graeme Stewart was nominated for mayor by the republican convention over John M. Harlan, receiving 602 votes to 338 for Harlan.

Stock Market Confusion.

New York, March 7.—The stock market was thrown into confusion today when the bank statement came out showing that surplus reserves of the banks were reduced to below a million dollars. The operators in stocks accepted this as a plain intimation that they would be called upon by the banks next week to pay off loans and they hastened to market their holdings of stocks as best they could. The last half hour was very much excited and towards the last prices tumbled in such an alarming manner that the fall of the chairman's hammer gave a feeling of relief. Last prices were at about the lowest extreme and declines showed such figures as St. Paul, 3 3/4; Union Pacific, 3 3/4; St. Louis & San Francisco, 3 3/4; Canadian Pacific, 3 3/4; Manhattan, 3 3/4; New York Central, 2 3/4, and pretty much all of the active list, 1 to 3.

BURGLARS IN OLD TOWN.

They Entered the Store of M. D. Springer Last Night.

STOLE SOME GOODS.

The grocery store of M. R. Springer, on the south side of the plaza in Old Albuquerque, was entered by burglars last night and about \$25 worth of goods stolen.

Entrance was gained through a front window, by breaking out the corners and removing the window latches. The money drawer was broken open, and only a 50 cent piece dated 1819 and an old twenty cent piece were obtained, which Mr. Springer had laid aside. All the money had been removed from the drawer when the store was closed.

The burglars stole quite a quantity of cuff buttons, collar buttons, watch chains and other small jewelry. They also took some canned goods, tobacco and a few household articles.

When the store was opened by Levi Springer this morning the money drawer was found in the back room. There is no clue whatever to the identity of the store robbers.

Big Incorporation.

Chicago, March 7.—The announcement was made today that the Chicago Stock Yards and Transit company has secured articles of incorporation with a capital stock of \$200,000. The incorporators are named as Francis D. McPherson, Charles A. Dye and John Chynal. It is asserted that the capital will be increased in the near future and that it will go into the live stock industry as a competitor of the Union Stock Yards and Transit company.

DESERVE THANKS.

Sheriff Hubbell Was Decidedly in Favor of Division.

Sheriff T. S. Hubbell deserves the thanks of everybody for the determined stand he took for county division when he reached Santa Fe fight before last. He had correctly interpreted the wishes of the citizens and once having made up his mind that they were just and right he took such action, such positive action as brought a unanimous vote in our favor from both branches of the legislature. He stays in the old county.

H. B. Henning, who is at Santa Fe during the legislature for the Journal-Democrat, returned to the city last night.

Thirty-third Days' Doings of Legislature.

SOME FACTS ABOUT COUNTY DIVISION

Speaker Montoya Took the Floor in the House and Advocated the Bill.

The Council.

(Thursday's Afternoon Session.)

After the council rose from executive business Thursday afternoon, Mr. Hughes introduced council bill No. 102, an act to divide Bernalillo county and to create Sandoval county. He moved that the rules be suspended and that the council go into a committee of the whole to consider the bill. This was ordered. Messrs. Martinez, Pinard and Amado Chavez voting against it. The bill was then taken up for consideration section by section. The first section, defining the limits of the county, was adopted without amendment. Section 2, relating to the county seat, was amended so that the county seat will be located at the point selected by the majority of residents in the new county. It was then ordered that the committee rise, report progress and that further consideration of the bill be made the special order for Friday afternoon at 2 o'clock. This was done and the council adjourned until 10 o'clock Friday morning.

The Council.

(Friday's Morning Session.)

The council was called to order at 10:30 and prayer was offered by Rev. W. A. Cooper. The journal was read and approved. A republican caucus was at once held.

The council rose from executive session at 12:30 and at once went into a committee of the whole by unanimous consent to consider the Sandoval county bill. The only changes in the bill are to put the line of Bernalillo county three miles further north and the people of the new county shall select their officers and select their own county seat. Mr. Hawkins was given unanimous consent to report from the committee on privileges and elections on the kissing bill. The report recommended the senior senator from Bernalillo: "Kiss and make up" with the junior senator and the report was received with much laughter.

(See bill, as amended, and published in full elsewhere in The Citizen.)

The committee rose and as amended the bill was passed unanimously. Mr. Spies moved to reconsider the vote by which the bill was passed to table the motion. This was done. Council bill No. 103, by Mr. Martinez, relative to public ditches, was referred to the committee on irrigation. The council then adjourned until 10 o'clock Friday morning.

The House.

(Friday's Morning Session.)

When the house met this morning Mr. Turner asked unanimous consent to amend the municipal election bill so as to include cities under special charters as Silver City. He introduced house bill No. 163 to that effect. On motion of Cristoval Sanchez, the bill was taken up under suspension of the rules and passed. Mr. Llewellyn asked suspension of the rules to take up house bill No. 164, introduced by Mr. Bowie, to change the time of holding court in Taos, Lincoln and McKinley counties. It was passed. By unanimous consent, council bill No. 84, the district attorneys' bill was reported from the judiciary committee. Mr. Howard presented an amendment to give the district attorney of Socorro county \$500. Mr. Pollard moved to table it and it was lost. The amendment was then adopted.

The bill then passed. Council bill No. 35, an act to consolidate benevolent, charitable and such other societies, was taken up. The bill passed.

House bill No. 165, was introduced by Mr. Dailies. It is an act requiring bonds of mayors and other officers. Referred to the committee on municipal corporations. House bill No. 166, by Mr. Pendleton, on act permitting a levy of 1 1/2 mills for road purposes, was referred to the committee on roads and highways.

Council bill No. 27, the council Sunday law, was called up by Cristoval Sanchez. He moved suspension of the rules. No second was made. House bill No. 26, Mr. Ortega's acquia bill, was passed under suspension of the rules. House bill No. 167 was introduced by Mr. Baca, an act for the relief of Nicolas Tenorio for the capture of escaped prisoners. Referred to committee on finance. House bill No. 168, by Mr. Howard, an act providing that collectors of taxes shall deposit the sums collected in a responsible bank-house. Referred to the committee on territorial affairs. House bill No. 169, by Mr. Howard, an act to amend the law on incorporations. Referred to the committee on municipal affairs. House bill No. 170, by Mr. Turner, an act relating to incorporations, do-

mestic and foreign corporations, was referred to the committee on territorial affairs. House bill No. 171, by Mr. Turner, an act to increase the powers of the board of equalization, was referred to the committee on territorial affairs. House bill No. 172, by Mr. Turner, an act to transfer certain funds from Luna to Grant county, was referred to the finance committee. Council bill No. 101, an act to appoint Col. J. Francisco Chavez historian for the territory, was called up. The house took a recess until 2 o'clock before action was taken.

(Friday's Afternoon Session.)

As soon as the house was called to order, Mr. Baca moved to suspend the rules and take up council bill No. 98, relating to the appointment of Col. J. Francisco Chavez as historian of the territory. Cristoval Sanchez demanded regular order for it. Mr. Llewellyn said the bill was one for the good of the territory and could be easily understood. Cristoval Sanchez said the history would be very interesting, but he was opposed to rushing it through. He moved to table Mr. Baca's motion. It was lost by 14 to 9.

The bill was read in full. The rules were suspended. Mr. Baca moved the passage of the bill and Cristoval Sanchez moved to make the bill a special order for 10 o'clock tomorrow. The motion was not seconded and Mr. Ortega moved to table Mr. Baca's motion. The bill was read in Spanish. Mr. Baca demanded the previous question on the passage of the bill and it was ordered. The bill was passed by 22 to 2. Messrs. Ortega and Cristoval Sanchez voting no. The house took a recess of thirty minutes in order that a republican caucus might be held.

The caucus adjourned at 3:30. The speaker called to the chair Mr. Bowie. Mr. Montoya moved to suspend the rules and take up council bill No. 102, an act to create Sandoval county. Mr. Montoya said when the bill was first presented to the house, he wrote to the mayor of Albuquerque expressing his views on the division of the county and he stands on the sentiment then expressed. "The white winged dove of peace," he said, has come to the republican party and representatives of the business interests of Albuquerque are here to demand the passage of the bill. All interests are now agreed on the bill and he said he is for the bill. Bernalillo county now presents an united front for the bill. He closed by moving to suspend the rules. His remarks were greeted with applause. The motion prevailed unanimously. Mr. Montoya then moved the reading of the bill the second and third time by title. This was ordered. Martin Sanchez moved the bill be read by title preparatory to passage and this was done. Mr. Montoya moved the passage of the bill and it was passed unanimously.

On motion of Mr. Kilpatrick, the vote was ordered reconsidered, and the motion to reconsider was tabled. House bill No. 145 was then taken up under suspension of the rules. It provides that the school board of Santa Fe may issue bonds for new buildings. On motion of Pedro Sanchez, the bill was passed. Council bill No. 61, an act to provide funds for paying for the printing of the rules of the district and supreme courts, was taken up under suspension of the rules. The bill was passed. The house then adjourned until 2 o'clock Monday afternoon.

FULL FORCE.

Sandoval County Act Goes Into Absolute Effect April 14, 1903.

TELEGRAM FROM COUNCILMAN FALL.

After reading the Sandoval county bill, as published in the Journal-Democrat this morning, Sheriff Thos. S. Hubbell was positively certain that some of its provisions were wrong. However, to make matters double sure he wired to Hon. A. B. Fall, legislative councilman, and received the following self explanatory telegram:

T. S. Hubbell, Sheriff, Albuquerque, N. M.

Santa Fe, N. M., March 7.—The Sandoval county act in full force after passage. It goes into absolute effect April 14, 1903. Have just examined the bill and there is no error.

SHORT SYNOPSIS.

Yesterday afternoon, both houses of the territorial legislature passed the bill, introduced the day before by Councilman Hughes, creating the county of Sandoval out of certain sections of Bernalillo county.

The old county (Bernalillo) will have plenty of good territory left, including the city of Albuquerque, to do business in, being about twenty-four by seventy-five miles in width and length, and The Citizen really believes that when everything is in good working order much benefit will be derived from the division.

The bill, with its few corrections, is published in full elsewhere in today's Citizen.

Briefly it tells the following interesting facts:

Governor to appoint three qualified persons who shall be legal voters within the limits of said county of Sandoval as an election and returning board.

Special election for the election of county officers for Sandoval county to be held on the 14th day of April, 1903.

Special election for the election of two county commissioners, one probate judge and one assessor, for Bernalillo county, to be held on the 14th day of April, 1903.

Old registration lists of the last general election to be used at the special elections in the new and old counties.

At special election in new county, vote will be taken on the selection of a county seat for said new county of Sandoval.

As to salaries and compensation of officers of said county of Sandoval, the county shall be defined as third class.

Auditor, treasurer and solicitor general of the territory shall constitute a commission to ascertain what portion of the public debt of Bernalillo county shall be assumed and paid by Sandoval county.

The legislature apportionment is told in section 8 of bill.

The new county of Sandoval will be attached to the Second judicial district, composed now of Bernalillo, Valencia and McKinley counties.

New county authorized to issue coupon bonds, bearing 5 per cent per annum, to pay its obligation and debts to Bernalillo county.

Sandoval county to have and receive from Bernalillo county all unpaid taxes from the year 1903 within its limits taken from the latter county.

To provide for its current expenses until taxes may be levied and collected therein, Sandoval county is authorized and directed to issue for its current expense bonds not exceeding \$5,000; for erection of suitable court house bonds for \$25,000, and for jail \$5,000.

The new county officers will take office on the first day of July, 1903, and not on the first day of January, 1905, as published in the Journal-Democrat this morning.

M., on the 6th day of April, 1903, to-wit: Fractional T. 15 N., R. 1 E., fractional T. 15 N., R. 2 E. On and after the above date we will be ready to receive applications for lands in said townships.

Land Office Business.

Final Homestead Entries—Jose S. Pacheco, of Taos, 160 acres of land in Guadalupe county; Felix Martinez, of Wagon Mound, 160 acres of land in Mora county; Ramon Mares, of Wagon Mound, 160 acres in Mora county; David Mares, of Wagon Mound, 160 acres of land in Mora county; M. Medina, of Wagon Mound, 160 acres in Mora county; Alcario Gallegos, of Wagon Mound, 160 acres in Mora county; Elizabeth M. Wherry, of Maxwell City, 159 acres in Colfax county.

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the liver or kidneys as Electric Bitters. It's a wonderful tonic, and effective around medicine for run down system. It dispels nervousness, rheumatism and neuralgia and expels malaria germs. Only 50c, and satisfaction guaranteed by all druggists.

Traveling Auditor.

Despite the contrary opinion of the treasurer of Eddy county, a traveling auditor would be a very good thing for New Mexico. It is to be hoped that the bill creating the office will pass—Carlsbad Argus.

A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I run down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." B. H. Briggs & Co.; S. Vann & Son.

Took the Anti Side.

The resignation of George F. Albright as manager of the Albuquerque Journal-Democrat appears in this morning's issue of that paper. It is also announced that while the paper will be republican in politics, hereafter it will not be allied with any rings, cliques, etc. It is said all of this is the outcome of the Sandoval county creation fight, in which Councilman Albright took the anti-Sandoval county creation side.—New Mexican.

Tragedy Averted.

"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for consumption, and our darling was saved. He's now sound, and well." Everybody ought to know, it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by all druggists. Price 50c and \$1.00. Trial bottles free.

Don't Like Idea.

The proposition to make a loan from the sinking fund to territorial educational institutions is not looked upon with favor by bankers and financial men in the territory.—New Mexican.

The Stomach is the Man.

A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure cleanses, purifies, sweetens and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. B. H. Briggs & Co.; S. Vann & Son.

MONUMENTS.

Just a little too far and the woman who reaches over the cliff for the coveted flower goes crashing down into the abyss below. Just a little too far and the woman, who, day by day, neglects to cure the womanly diseases which weaken her is prostrated upon a bed of sickness.

No woman should trifle with the diseases peculiar to her sex. Neglect to-day means a worse condition to-morrow.

Dr. Pierce's Favorite Prescription is a safe and reliable remedy for the cure of diseases peculiarly womanly. It establishes regularity, dries encumbering drains, heals inflammation and ulceration and cures female weakness.

"My wife, Mrs. Mary Estes, has been taking your medicine and received great benefit from it," writes Mr. Geo. Wm. Bates, of Spring Grove, Va. "Was troubled with female weakness, heavy, bearing down pains, severe pain in back and head, and a tired, worn-out feeling all the time. Tried all the remedies we could hear of, but they did no good. Finally we wrote to you and my wife commenced taking 'Favorite Prescription.' Took ten bottles, and is in better health than before in a long time. We shall always recommend Dr. Pierce's Favorite Prescription to all who are thus afflicted."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

The Common Sense Medical Adviser, 1008 large pages, in paper covers, is sent free on receipt of twenty-one one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Not Wholesome.

House bill No. 96, now pending, for encouraging the construction of beet sugar factories, smelters, mills, etc., also contains a provision that new saw mills should be exempt from taxation for a term of years. This item is not wholesome nor good. Saw mills are wholesaling institutions and nowhere constructed unless the prospects for making big money are good. Indeed the provisions of the bill are too liberal and in some respects extravagant.—New Mexican.

It Saved His Leg.

P. A. Danforth, of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For ulcers, wounds, piles, it's the best salve in the world. Cure guaranteed. Only 25c. Sold by all druggists.

Mrs. Bambini, at her parlors, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, de-hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder, which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. LARGER THAN SANTA FE.

New Freight Terminal Company Buys \$1,000,000 Mud Hole.

The San Francisco Examiner says: Representatives of the San Francisco railroad and Terminal and Ferry companies have just secured a freight terminal in San Francisco at a cost of \$1,000,000, which will provide greater facilities than either the Santa Fe or the Southern Pacific controls. The new terminal is located on the Portrero just north of Islais creek and comprises between 60 and 70 full blocks, containing more than seventy-six acres.

The greater part of this property is now submerged by the tides and it will cost \$2,000,000 to improve it.

Working Overtime.

Eight hour laws are ignored by those tireless, little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing indigestion, biliousness, constipation, sick headache and all stomach, liver and bowel trouble. Easy, pleasant, safe, sure. Only 25c at all druggists.

To Spend \$6,000,000.

The board of directors of the Pere Marquette road, it is learned, have authorized the expenditure of \$6,000,000 for new equipment for the system, says a dispatch from Detroit, Mich. This includes an order for 2,000 new freight cars to be delivered in May, also an order for fifty new locomotives to be constructed by the American Locomotive company and delivered during the present year. Instead of two new car ferries to operate on Lake Michigan, the company will add four to its present equipment, three of which are to be built in Detroit and one in England by the Armstrongs.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Is the best and most popular medicine in use for bowel complaints. It never fails and is pleasant to take. Mr. R. Woodward, of Roslyn, Ky., says: "I have handled Chamberlain's Colic, Cholera and Diarrhoea Remedy for twelve years; have never sold a bottle that did not give perfect satisfaction, and it is the best selling diarrhoea medicine that I handle." For sale by all druggists.

Good Year for Missouri Pacific.

It is expected in circles well informed on the business of the Gould roads that the annual report of the Missouri Pacific, to be submitted at the annual meeting in St. Louis next week, will show the road's earnings during 1902 were at the rate of 10 per cent on the common stock. It is believed the earnings during the current year will amount to 14 or 15 per cent.

General freight traffic shows no sign of falling off during the year, while a great increase in grain to be moved from the Missouri Pacific's territory is assured. In Kansas and Missouri the road's crop experts estimate the increase to be 400,000,000 bushels in corn and oats. The road's facilities have been increased during the last few years at a rate not exceeded by any road in the country. A proportionate increase in rolling stock and other new equipment will be made during the present year.

Wakeful Children.

For a long time the 2-year-old child of Mr. P. L. McPherson, 59 N. Tenth street, Harrisburg, Pa., would sleep but two or three hours of the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these tablets have effected a permanent cure and she is now well and strong. For sale by all druggists.

Santa Fe Officials.

General Manager H. U. Mudge, General Superintendent D. T. Cain, Assistant General Manager E. O. Faulkner and Superintendent R. G. Parker, of the Santa Fe system, stopped in Denver for a few hours while on a general inspection of their lines. They left Chicago a week ago and will tour in California.

While in Denver they paid visits to the railroad offices of the different companies. At the Colorado & Southern a number of technical matters were taken up with General Manager Herbert.

Mr. Mudge, in speaking of their trip, said they had found things in satisfactory shape and that all of the big roads of the country looked forward to a big summer traffic. The Elkins bill, he thought, would, after its provisions were understood and followed, do away with a lot of unpleasant things that both the railroads and the shippers have been experiencing.—Denver News.

SAN BERNARDINO'S HOPES.

Wants to Rank as Second Biggest Santa Fe Town.

Within another three months the Santa Fe shops in this city will, in point of number of men hired and the size of the pay roll, be the second largest plant on the entire Santa Fe system, says a dispatch from San Bernardino, Cal.

The only point in advance of the local shops will be Topeka while Albuquerque will be set back to third place. It is a gratifying statement, inasmuch as it shows that this city is certainly meriting the title of Greater San Bernardino and the news is certain to be borne out, as the statement comes from official sources.

At the present time there are about 600 men employed in the shops here, this number being exclusive of trainmen, yardmen, switchmen, clerks and other employees, whose time is made out here. On the 15th of this month the pay checks of these shop men aggregated \$15,000.

Last month the number of men employed in Albuquerque totaled 737 and the pay roll amounted to \$50,000. Thus to enable San Bernardino to overcome her rival it will be necessary to add but 100 men, at the utmost, and \$5,000 to the time checks. It is learned on good authority that as soon as the

Machinist Charles L. Vaughan and Callier Frank Frizzel returned to Raton from Illinois, whether they went to accompany the remains of Mrs. Vaughan, who died there February 15.

The Raton Gazette says: Marshall De Long and Agnes Peden were married at 8 o'clock Wednesday evening by Rev. Armstrong. After the ceremony an elegant supper was served. They received many beautiful presents. They will make their future home in Albuquerque. Mr. De Long is a machinist.

March 8 the cheap rates to California will go into effect on the Santa Fe. From Missouri river points a rate of \$25 will be made, while from Chicago the rate will be \$33. This arrangement will be in effect until June 15, which is much longer than usual. Passengers will be allowed to stop over at California points while en route, an unusual concession in tickets of this kind.

SANTA FE MEETS THE RATE.

Will Carry Colonists to California for Twenty-Five Dollars.

The Santa Fe has at last decided to meet the special colonist rates made by other transcontinental roads to California. Announcement was made that, beginning on Monday, March 9, the Santa Fe would make a rate of \$25 from Missouri river points and other western territory, and \$23 from Chicago, to points on its lines in California. This is a one way rate for colonist purposes, and will be good until June 15.

The Southern Pacific, Union Pacific, Rock Island and other lines with coast connections announced the special \$25 rate on February 15, to remain effective until April 30. At that time the Santa Fe declined to join in making the rate a common one on the ground that its regular winter business during February and March was all that it could conveniently handle. That road announced, however, that it would make the rate good on April 1 to stand until June 15, the theory being that by April 1 the winter rush would be at an end, and the colonist travel would be properly handled.

It is now asserted by rival roads that the Santa Fe weakened when it discovered the amount of business the rival lines were securing as a result of the cheap rate at this time. They say the Santa Fe saw all the business going to them, and that it was forced to make the \$25 rate good on its lines at once. It is understood that the explanation offered by the Santa Fe of its refusal to join in making the rate at this time is not as heavy as expected, and that they will be able to handle the colonist business as well, hence the making of the rate at once, instead of waiting until April 1.

THE TRUTH ABOUT BREAD.

From London "Chic." In a recent issue of Chic, one of the big illustrated weeklies for which London is famous, a writer on scientific foods says: "There was never coined a more delusive phrase than 'Bread the staff of life,' because bread is almost the worst of all foods unless the eater knows all about its properties. It is poison to the man in a hurry."

Here follows a long argument. "Why not," asked the diet experts, "do for the bread and other cereal foods what the mastication does so that those whose digestions are enfeebled may be fully nourished, that is, derive every grain of nutriment possible from the food and avoid the discomforts of indigestion, the pains after eating, flatulence, acidity, heartburn and the hosts of evils indicating faulty digestion? Why not prepare a food so perfectly that it will be eaten in a hurry, or bolted, it will be as readily digested as if chewed five minutes?"

"To convert the starch in cereals into the form of Grape Sugar which is most agreeable to the stomach and which can be immediately taken up by system as nutriment in what has been done in Grape-Nuts which, for the reasons I have given, is a far more healthful and nourishing food than the porridge or bread and can be eaten with advantage by persons with the most delicate stomachs."

"This food discovery comes from America, but widespread recognition of its valuable properties is, to my thinking, much hampered by a name which is meaningless, even to the chemist or dietist. I must confess to not understanding the meaning of 'Grape-Nuts' when I first saw it, but an examination of this food discovery reveals it as one of the most important dietetic advances ever made."

Note.—The name is partly derived from Grape Sugar and the term "Nuts" is suggested by the nutty flavor. The entire word is the registered trademark.

RAILROAD NOTES.

Machinist Charles L. Vaughan and Callier Frank Frizzel returned to Raton from Illinois, whether they went to accompany the remains of Mrs. Vaughan, who died there February 15.

The Raton Gazette says: Marshall De Long and Agnes Peden were married at 8 o'clock Wednesday evening by Rev. Armstrong. After the ceremony an elegant supper was served. They received many beautiful presents. They will make their future home in Albuquerque. Mr. De Long is a machinist.

March 8 the cheap rates to California will go into effect on the Santa Fe. From Missouri river points a rate of \$25 will be made, while from Chicago the rate will be \$33. This arrangement will be in effect until June 15, which is much longer than usual. Passengers will be allowed to stop over at California points while en route, an unusual concession in tickets of this kind.

The Santa Fe is pursuing its policy of artistic advertising in the issuance of handsome publications setting forth the beauties of California as a winter resort. The latest is a handsome booklet, profusely illustrated, concerning the hotels of the state. It contains fifty-five pages. The road has also just issued a novel booklet describing and illustrating the petrified forest of Arizona.

The purifying plant which was recently put up at Bagdad, Cal., has proved to be a great success, says the San Bernardino Sun. The plant erected was simply a test tank, but now a large and permanent plant, to be made in the east, will be placed. The water at Bagdad is about the worst for locomotive use that can be found on the entire Santa Fe system. It contains over 300 grains of solid matter, the larger part of which is salt.

The Topeka State Journal says: C. H. Allen, superintendent of telegraphs for the Santa Fe, has returned from a month's trip on the Santa Fe coast lines, where he has been inspecting the telegraph lines and equipment. He brought back with him George B. Allen, of Los Angeles, who is now at work in the general offices on some electrical engineering matters. Mr. Allen may be given a permanent position with the Santa Fe electrical department.

T. H. Sears, lately division superintendent of the Denver district of the Colorado & Southern, who resigned and was succeeded by J. W. Dean last month, has been appointed trainmaster of the Chicago division of the Santa Fe railroad, with headquarters at Marceline, Mo. This is one of the chief divisions of the system, and the appointment is considered very flattering to Mr. Sears. He was in the employ of the Santa Fe before coming to the Colorado & Southern, and at one time was stationed in Albuquerque in a responsible position.

Ewing S. Glascock, who prevented the wreck of the Big Four passenger train near Harrisburg, Ill., three weeks ago, received a pass on that road for himself and family over the entire system for a period of ninety-nine years as a reward for his heroism. Nearly three weeks ago, while on his way to that city, Mr. Glascock, who is a farmer, discovered a rail missing in the track, and although a blizzard was raging, with the mercury below zero, he awaited the arrival of the passenger train and prevented what would have been a fatal and disastrous wreck.

MISSING FOR TEN DAYS.

The General Belief Is That B. F. Gooch Has Left the Country.

It is now generally conceded that B. F. Gooch, held on bond to await his trial for the alleged murder of J. R. Ross, on the Mimbres last fall, has jumped his bond.

The case will be called in court this morning and Gooch, in accordance with the legal form will be asked to appear.

Upon such failure his bondsmen will be called upon to produce the man and failing in this, will be required to forfeit the sum of the bond. The bondsmen are understood to be J. L. Burnside, J. C. Carleton and L. H. Rowlee. The amount of the bond is \$5,000.

Gooch left his ranch on the Mimbres last Monday to go to the ranch of Zach Redding whom he said he wished to see with regard to his coming trial. He was to be gone three days and was to have come to Silver City last Tuesday with a load of apples, at which time he was also to have appeared before the tribunal of justice. However, since his

departure Monday nothing has been seen of him. When he left the ranch he took a valise with a change of clothing, razor, stop, etc., which lends color to the theory that he has vanished.

The crime with which Gooch is charged is the alleged killing of J. P. Ross at the Gooch ranch Monday, October 13, 1902. Mr. Ross was a lessee of the Gooch ranch and the quarrel grew out of a misunderstanding over the lease.

CONSPICUOUS IN A BALLROOM.

Flakes of Dandruff on the Collar and Shoulders of a Gentleman in Full Dress.

This is the thing you quite frequently see in the ballroom—a man's black dresscoat literally covered with dandruff.

It must be annoying to the wearer, and certainly not a pleasant thing to observe. But dandruff can be eradicated. It is a germ disease that will some day cause baldness. Newbro's Herpicide kills the hair-destroying germ, and stimulates the hair to a rich, abundant growth; it does more—keeps the hair soft and pliant.

Furthermore, Herpicide is a most pleasant toilet accessory; pleasing of odor, and cooling to the scalp.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents.

Retire Their Departure.

It is indeed with deep regret we note that Mr. and Mrs. Collins, of the Albuquerque school, are to be no longer counted with us in active Indian work.

We have with us but few who have rendered service to the Indians of such duration and excellence. From our first acquaintance, now years ago, we have in many things followed them as models and with results in which we take pride. Both the service and the cause lose active workers that can ill be spared. But, withal, few of us could leave who would carry with us the general good will and esteem that will follow them into their new life and new undertakings.—The Native American, Phoenix, Arizona.

THEY ALL SAY SO.

Not Only in Albuquerque but in Every City and Town in the Union.

If the reader took the time and trouble to ask his fellow residents of Albuquerque the simple question given below, he would obtain the one answer. If he would read the statements now being published in Albuquerque which refer to this answer, it would surprise him to note that they number so many. As many more could be, and may be, published, but in the meantime ask the first person you meet what cures backache? The answer will be Doan's Kidney Pills. Here is a citizen who endorses our claim.

Mrs. J. Hall, of 519 South First street, says: "One of my daughters suffered from backache for about eight months or a year. Sometime it was so bad that she was completely prostrated for a day or so at a time. I read about Doan's Kidney Pills in our Albuquerque newspaper and thought if they only performed half what they promised they might help my daughter and we went to the Alvarado Pharmacy for a box. In a remarkably short time the medicine took effect and a continuation of the treatment a little longer stopped the backache. We are pleased to recommend Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

Spring Season 1903

We present to the ladies of Albuquerque for the Spring of 1903 the most comprehensive line of Dress Goods and Silk ever collected by any one concern of this city, no matter how large the store. There is no Dress Goods department nor Silk department in America that offers better facilities for economy than this.

These two departments, now complete with all of Spring's newest and most exclusive productions, throw down the gauntlet to all rival stocks and defy them to produce as great values as we shall offer for the next SIX days.

Your money back

If you are not satisfied

DO YOU SUPPOSE that a company with a capital of \$500,000.00, paid in full, and the proud reputation of 30 years of continuous success, would make such an offer and not carry it out to the letter?

DO YOU SUPPOSE we would jeopardize our standing with the public and our chances of still greater success by failing to fulfill any promise we make?

DO YOU SUPPOSE we would make such an offer if we did not have the utmost confidence in the quality of our goods?

WE KNOW we can please you and save you money, for HAYNER WHISKEY goes direct from our distillery to you, with all its original richness and flavor, carrying a UNITED STATES REGISTERED DISTILLERS' GUARANTEE OF PURITY AND AGE and saving you the big profits of the dealers. That's why it's best for medicinal purposes. That's why it's preferred for other uses. That's why we are regularly supplying over a quarter of a million satisfied customers. That's why YOU should try it.

COLLEGE OF AGRICULTURE.

Some Interesting and Newsy Notes

About This Institution.

PROFESSORS AND STUDENTS.

Many columns have been printed regarding the College of Agriculture and Mechanical Arts at Mesilla Park, New Mexico; of its faculty and plans and principles of instruction, but very little has been said concerning the students and their activity in athletics, society and other movements.

One of the most noticeable improvements in the way of organization is the military department, which was organized last fall. Col. Frost, was detailed professor of military tactics. Under his instruction the boys are taking great interest in the work and are advancing rapidly. Two companies have been organized, company A, commanded by Captain J. Moths Brown, and company B, by Captain William Polphrey. Both companies drill one hour each day, being put through drill and arm tactics. The new rifles have arrived and greatly to the satisfaction of the boys will be issued soon.

The basket ball season, although passed, was attended with success and the championship of the territory for the young ladies. They proved themselves worthy and meritorious of the honors by defeating the Albuquerque High School girls and the Albuquerque Indian school girls. The boys of the college did not organize, as the secretary of the association did not have time to devote to the work. And besides the boys were so engrossed with more important affairs that there remained no time for practice.

But in place of the inactivity in basket ball, the boys have entered the base ball season with flying colors and mean to make a record in the territory that will astonish even themselves. The base ball club is under the management of Walter L. Miller, of Santa Fe. The club has secured a full equipment of uniforms, etc. The suits are very attractive and give the boys a professional like appearance. They are a light grey with red trimmings. The letters, "N. M. A. M. A.," stand out on the shirt fronts in sharp relief. Stockings of the bright red color form a beautiful contrast with the grey suits. The base ball club is the best that has ever played under the name of the college. They are all crack players. A complete organization has not been affected, but among the probable candidates are: V. Brown, catcher; Wm. Polphrey, pitcher; John E. Miller, first base; Albino Miera, second base; J. Navares, third base; Claude Randall, short stop; Ray Aldrich, right field; Chas. Natress, center field; T. Roualt, left field.

The boys practice every day and are becoming very skillful in the art. Wm. Natress, shortstop on the Buffalo Eastern league team, visited the college last week and gave the boys several days coaching, which was highly appreciated. Already the college boys have games with Roswell, Deming and Silver City, and there are many prospects of games with other teams throughout the territory.

Tennis is under the management of Walter E. Goebel, of Belen. The courts are in fine shape, and the tennis players will have many games.

The greatest event of the spring term will be college field day on the first of May. John G. Miller has management of the program, which will consist of base ball games, track meet, foot races, hurdle races, putting the shot, throwing the hammer and other equally popular sports. In connection there will be a field day ball and many other enjoyable social functions.

There has been several pleasant social events during the past month.

Miss Edith Davis, professor in English, entertained the senior class at a reception, February 20. The members of the senior class present were Misses Maud McFie, Fannie Ford, Rowena Mott, Ina Nelson, Messrs. R. J. Metcalfe, O. B. Metcalfe.

The students of the college gave a ball, March 5, known as the "Farmers' Grand Ball." Everyone came in unique and peculiar costumes and a merry and joyful time resulted.

Misses Gladys and Ida Llewellyn entertained with a Valentine party in February.

The most notable event in the literary line was the oratorical contest under the management of John D. Hughes. There were six contestants, all of whom proved themselves able and eloquent speakers. They were: John J. Freeman, winner of first prize. His subject was, "The Man Who Succeeds." Miss Lute Foster, winner of second prize, talked on "The College Spirit." Miss Annie Freeman, O. B. Metcalfe, Miss Rowena Mott and J. D. Hughes.

The New Mexican Collegian, the new monthly journal, has won great favor among its readers this season. L. W. Case is editor-in-chief, and John D. Hughes is business manager. The Collegian contains articles relating to literary doings, athletics, social and college notes.

While the editors and managers of the journal do not claim to have an elaborate paper, they do claim to publish one that suits their readers. The backing is better this year than ever before and the college has every reason to feel proud of their showing in the newspaper world.

The Columbian and Leculum Servantes Literary societies are very active and prosperous. A sub campus is being built in front of the Klondike, which promises to be a timely and welcomed improvement.

INDIAN SCHOOL NOTES.

Superintendent Wright is expected in a few days and he will relieve Superintendent Collins, who goes to Rocky Ford, Colo.

Superintendent H. H. Johnson, from Jicarilla agency, Dulce, N. M., spent a day with us this week, in visiting friends and looking over the school plant.

Dr. Wood has been in Laguna for the past few days, looking after the needs of the sick in that pueblo. Samuel Lawrence, our tailor, is rejoicing over the arrival of a fine baby boy at his home just north of the school.

Randal Calkins is lamenting the loss of one of his most valuable cows, which died of pneumonia this week. Mr. Seldomridge and Mr. Stone report good duck hunting up the river.

Mrs. Schach and Miss Eglar have been on the sick list for a few days, but are now well and able to be around.

Mrs. King, from Teh City, has assumed the duties of club cook at the school and is serving up tempting viands for the employees of the school. The band concert last Sunday afternoon was thoroughly enjoyed by pupils and employees and a number of visitors from the city.

LOCAL HAPPENINGS.

The Albuquerque lodge of the Woodmen of the World enjoyed a pleasant evening at their club rooms last night. Music and refreshments were the entertaining features of the evening.

The smiling countenance of Al McDowell showed up at The Citizen office this morning. Mr. McDowell is connected with the Arcade saloon of Santa Fe and is just returning from a sojourn in El Paso.

Hon. Nestor Montoya, the popular speaker of the lower house of the territorial legislature, came down from the capital last night. The house adjourned yesterday afternoon until 2 o'clock Monday afternoon.

Councilman Thomas Hughes, who championed the cause of county division in the council, will return to the city tonight from Santa Fe, remaining over the Sabbath with his family and constituents. He will return to Santa Fe tomorrow night.

The Raton Gazette says: "John Steins' father and mother left for Albuquerque today, accompanied by John. From there they will return to their home in Fort Madison, Iowa, while John will go further south, probably into California.

A team of young horses belonging to professor Rosa, of the Presbyterian mission school, took flight at some unknown object in front of the postoffice and breaking away from the curb to which they were hitched and ran up Silver avenue, creating considerable excitement. At Fourth street they leaped with a telegraph pole, breaking the harness in many places. The horses were captured a little further up the street.

Harry Dodson, one of The Citizen's "Trusty" carriers, met with a painful accident yesterday afternoon while out horseback riding. While going at a gallop the pony slipped and fell. The

Drying preparations simply develop catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N. Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

Long Trip for Ball Club.

Chicago, March 7.—The Chicago National League base ball team have started on the longest spring training trip on record. The objective point is Los Angeles, Cal., where two weeks will be spent in preliminary practice. On the return trip to Chicago the team will play practice games at El Paso, Albuquerque, Colorado Springs, Colorado Springs, Denver, Omaha and other points.

The Automatic Telephone subscribers will please commence to use the new telephones and new directory after 6 a. m. Saturday, March 8. The old telephones will be removed as quickly as possible.

J. B. FISH, Superintendent.

The Santa Fe runs tourist cars daily from Chicago, Kansas City to Los Angeles and San Francisco. Colonist tickets to California points will be honored on such cars April 1 to June 15, 1903.

Sunday dinner at the Columbus hotel will be one of those delightful chicken dinners, with many appetizing dishes.

boy was thrown to the hard ground with great force and received some bad cuts and bruises about the head and face. The horse is laid up for repairs, but Harry, with his usual promptness, reported for duty "a little disfigured but still in the ring."

Hon. F. A. Hubbell, who was at Santa Fe the past week watching the doings of the legislature, returned to the city last night. He states that he, with Councilman Hughes, had agreed upon a compromise in the matter of the creation of Sandoval county before the delegation from this city reached the capital, and when the bill was brought up for action, yesterday afternoon, in both the council and house, it went through like greased lightning.

Col. E. C. Manning, secretary of the Mountaineer Townsite company, now building a town on Alto Pass along the Santa Fe cut off, spent a few days in the city, a guest of Governor E. S. Stover, and left yesterday for Belen. Colonel Manning is accompanied by Floyd A. Clary, a prominent young man of Winfield, Kan. From Belen they will go to Mountaineer through Alto canyon along the line of the cut off. The new town is growing rapidly. The firm of Gross, Kelly & Co. is to establish a general store there.

Sandoval County Bill

Passed Council and House Yesterday.

THE BILL.

An act to create the County of Sandoval.

Be it enacted by the legislative assembly of the Territory of New Mexico, Section 1. That a county be and the same is hereby created and established in the Territory of New Mexico, to be known as the county of Sandoval, which shall include all that portion of the present county of Bernalillo lying north of a line beginning at the southeast corner of township twelve (12) north, range six (6) east of the New Mexico principal meridian, and running thence due west on the township line between townships eleven (11) and twelve (12) north to the boundary line between the present county of Bernalillo and the county of Valencia.

Sec. 2. The county officers for the said county of Sandoval and their duties shall be the same as those prescribed by law for officers of other counties in the Territory of New Mexico, and they shall be elected at the same time and in the same manner as the officers of other counties in New Mexico. On or before the first day of April, 1903, the governor of the Territory of New Mexico shall appoint three qualified persons who shall be legal voters within the county of Sandoval, as an election and returning board.

The members of said returning board before entering upon the discharge of their duty shall take an oath before some officer duly qualified to administer the same, which oath shall be that now prescribed for county commissioners, and shall be in writing, and after having executed the same, it shall be filed by the members with the secretary of the territory, who shall thereupon send the said returning board registration lists, poll books and all other blanks which are sent by him to county commissioners of organized counties for the purpose of conducting elections therein. It shall be the duty of such returning board to appoint judges and clerks of election, and to call and give notice of the holding of a special election, to be held on the fourteenth day of April, 1903, and said persons so appointed shall have the same power and authority as to receiving, canvassing and certifying the returns of the said special election to be

held on the said fourteenth day of April, 1903, as is now conferred by law upon the boards of county commissioners of the several counties of the territory. Such members of such returning board shall serve as such without compensation and their functions shall cease with the election of board of county commissioners of said county of Sandoval.

Sec. 3. On or before the first day of April, 1903, the county commissioners of the present county of Bernalillo shall give notice of an election to be held on the fourteenth day of April, 1903, within the county of Bernalillo as the same will be constituted after the passage of this act, for the election of two county commissioners, one probate judge and one assessor, to serve until their successors are elected and qualified at the next general election. Said officers so named in this section to be at the time of said election actual bona fide residents of the said county of Bernalillo as the same shall be constituted after the passage of this act. The returns of said election to be made as the returns of general elections are made.

Sec. 4. The registration lists of the last general election held in the county of Bernalillo shall be used in the special elections in the counties of Bernalillo and Sandoval, herein provided to be held.

Sec. 5. At said special election, to be held as hereinbefore provided, in the county of Sandoval, on the fourteenth day of April, 1903, there shall also be held an election for the selection of a county seat for said county of Sandoval, and upon the tickets used at said special election there shall be printed the words "For _____ as county seat," and the place in the said county of Sandoval receiving the majority of said votes at said special election shall be and remain the county seat of said county of Sandoval.

Sec. 6. The said county of Sandoval with reference to salaries and compensation of officers shall be a county of the third class as defined in and provided for in chapter 60 of the session laws of 1897, compiled in the compiled laws of 1897, at pages 393 and 394, and the emoluments of the officers of said county shall be the same as are

now provided for officers of counties belonging to said third class, as they are now or hereafter may be provided by law.

Sec. 7. The auditor, treasurer and solicitor general of the territory shall constitute a commission for the purpose of ascertaining what portion of the public debt of Bernalillo county shall be assumed and paid by Sandoval county. They shall meet for that purpose not less than thirty nor more than sixty days before the date upon which the new county is to come into existence, and shall proceed to ascertain, first, the total indebtedness of Bernalillo county; second, the amount of money on hand applicable to the payment of any portion of said indebtedness; third, the value of all permanent public improvements, the property of the county, which will remain in Bernalillo county; fourth, the value of all permanent public improvements the property of the county, which will be within the limits of Sandoval county; fifth, the total amount of the valuation of property, for purposes of taxation, as shown by the assessment rolls for the year, 1902, which will remain within the limits of the two counties, respectively. They shall then deduct from the total indebtedness of Bernalillo county the amount of money on hand as aforesaid, and the value of all permanent public improvements which will remain in Bernalillo county, and the remainder will be the amount of public indebtedness to be apportioned and divided between the two counties. They will then apportion and divide the said indebtedness between the two counties in the same proportion as the total valuations of property in the two counties, ascertained as aforesaid, may bear to each other, and to the portion assigned to Sandoval county, shall be added the value of all permanent public improvements, the property of the county, within the limits of said Sandoval county, and the sum thus obtained shall constitute the amount of such indebtedness to be assumed and paid by Sandoval county; and any money, bonds, securities or promises to pay issued by Sandoval county, for the payment of said portion of said indebtedness, shall be applied solely to the payment of the bonded indebtedness of the county of Bernalillo. The said commission shall keep a record of its proceedings, and shall furnish a certified copy thereof to each of said counties, and the award of said commission shall be final and conclusive on both counties.

Sec. 8. For legislative purposes the

said county of Sandoval shall have one representative alone; and the county of Bernalillo as herein constituted one representative alone; the county of Bernalillo as the same will be constituted under the provisions of this act, with the county of McKinley, shall have one representative; the counties of Bernalillo, Sandoval and McKinley shall have one councilman jointly, and the county of Bernalillo as the same will be constituted hereunder shall have one councilman.

Sec. 9. The said county of Sandoval is hereby attached for judicial purposes to the Second judicial district, and a district court for the trial of causes arising under the laws of the territory shall be held twice a year by the judge of said court, at the county seat of Sandoval county, at such time as the judge may determine until regular terms of court therein shall be prescribed by law, and the district attorney for the counties of Bernalillo, Valencia and McKinley, shall also act as district attorney for said county of Sandoval, and his appointment shall include said county, and his salary from the county of Sandoval shall be the same as that paid by the county of McKinley.

Sec. 10. The precincts and school districts now existing in the territory included in the counties of Sandoval and Bernalillo, respectively, shall remain the same as now constituted until changed as provided by law, and the respective district and precinct officers shall continue in office until their successors are elected and qualified under the general laws of the territory.

Sec. 11. For the purpose of enabling Sandoval county to pay to Bernalillo county the amount of its obligation and debts as found and ascertained by the commission provided for in section seven of this act, the board of county commissioners of Sandoval county is hereby authorized and directed to issue its coupon bonds of that county, which shall bear interest at the rate of five per cent per annum, evidenced by coupon bonds, payable semi-annually; such bonds shall be payable absolutely twenty years from their date, and at the option of said county after ten years from their date. They shall be in sums of one hundred dollars, or some multiple thereof; they shall be signed by the chairman of the board of county commissioners, countersigned by the clerk of said board, attested by its seal and endorsed by the treasurer of the county, and shall be in form to be approved by the district attorney of the Second judicial district.

Sec. 12. Such bonds may be sold for cash, at not less than par and the proceeds turned over to the said county of Bernalillo in full settlement of said debt, and if such sale can not be made by the first day of January, A. D. 1904, then and in the case the said bonds and coupons attached shall be turned over to Bernalillo county in full settlement of said debt, but in no case shall said bonds and coupons ever be sold for less than par. And it shall be the duty of the board of county commissioners of Sandoval county to annually levy a tax sufficient to pay the interest coupons coming due semi-annually upon said bonds, and in addition a sufficient amount to create a sinking fund to pay said bonds when they become due. Said bonds shall be the first issued by said Sandoval county, and the levy for the payment of interest and to create a sinking fund shall be the first made, and such bonds shall be known and designated as "Sandoval County Establishment Bonds." Such bonds shall be dated the 1st day of January, 1904, and the coupons due payable semi-annually thereafter.

The debt ascertained to be due from Sandoval county to Bernalillo county on the first day of January, A. D. 1904,

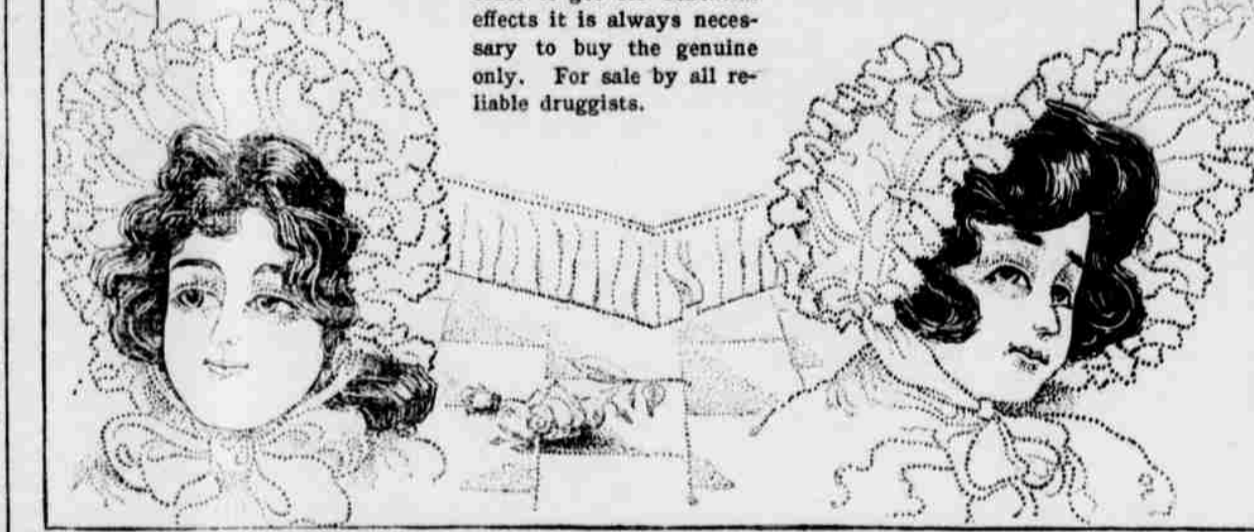

THE CHILDREN ENJOY

Life out of doors and out of the games which they play and the enjoyment which they receive and the efforts which they make, comes the greater part of that healthful development which is so essential to their happiness when grown. When a laxative is needed the remedy which is given to them to cleanse and sweeten and strengthen the internal organs on which it acts, should be such as physicians would sanction, because its component parts are known to be wholesome and the remedy itself free from every objectionable quality. The one remedy which physicians and parents, well-informed, approve and recommend and which the little ones enjoy, because of its pleasant flavor, its gentle action and its beneficial effects, is—Syrup of Figs—and for the same reason it is the only laxative which should be used by fathers and mothers.

Syrup of Figs is the only remedy which acts gently, pleasantly and naturally without griping, irritating, or nauseating and which cleanses the system effectually, without producing that constipated habit which results from the use of the old-time cathartics and modern imitations, and against which the children should be so carefully guarded. If you would have them grow to manhood and womanhood, strong, healthy and happy, do not give them medicines, when medicines are not needed, and when nature needs assistance in the way of a laxative, give them only the simple, pleasant and gentle—Syrup of Figs.

Its quality is due not only to the excellence of the combination of the laxative principles of plants with pleasant aromatic syrups and juices, but also to our original method of manufacture and as you value the health of the little ones, do not accept any of the substitutes which unscrupulous dealers sometimes offer to increase their profits. Please to remember, the full name of the Company—CALIFORNIA FIG SYRUP CO.—is printed on the front of every package. In

order to get its beneficial effects it is always necessary to buy the genuine only. For sale by all reliable druggists.

the first officers of said county selected at the general election of 1904 shall assume their respective stations, and the said county shall be fully established as a county of the Territory of New Mexico, and the provisions herein contained providing for a returning board and its action in calling the election and canvassing the votes, and the method of ascertaining the debt of Sandoval county to Bernalillo county, shall take effect and be in force from and after the passage of this act.

READ IT THROUGH.

'Twould Spoil This Story to Tell It in the Headlines.

To use an eighteenth century phrase, this is an "o'er true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon, of Melia Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by all druggists.

DEMING.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and catmen all know this. Deming, the coming city of New Mexico.

Deming has a magnificent school system. Deming, the railroad center of New Mexico.

Deming, the gateway to the best part of Old Mexico. Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest.

Deming! Don't overlook it if you are looking for a safe and paying investment.

Deming is chemically pure equal to Polan springs.

Deming has increased 50 per cent in population in four years.

Deming water and pure ozone make strong and healthy people.

Investments in Deming lots will double and treble in one year.

Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Confide in a Woman

Women may write about their ills to Mrs. Pinkham, and avoid the questioning of a male physician. They can tell their story without reservation to her; she never breaks a confidence, and her advice is the best in the world.

The questions asked of a woman by a male physician are embarrassing, and often revolting to a sensitive nature. In consequence the whole truth is not told; this makes it difficult for female troubles to be successfully treated even by the best physicians, and is the reason so many women grow worse rather than better. A woman understands a woman better than a man,—there are symptoms which sick women have that a man cannot understand, simply because he is a man, but the whole truth may be told to Mrs. Pinkham, and her vast experience enables her to give advice which leads to a cure.

All women who suffer should secure Mrs. Pinkham's advice; it costs nothing but a letter addressed to her at Lynn, Mass. Female troubles are real troubles, and must be treated understandingly. For a quarter of a century Mrs. Pinkham's advice and Lydia E. Pinkham's Vegetable Compound have been helping women to get strong and well, and her great file of letters prove that more than a million women have been restored to health and strength by her advice and her medicine when all other means have failed.

When you go to a druggist for Lydia E. Pinkham's Vegetable Compound, do not let him persuade you to try something which he says is just as good; there is nothing just as good, because Mrs. Pinkham's medicine holds the record for the largest number of cures of any female medicine in the world.

.....NEW CURE FOR..... CONSUMPTION

Over Eighty Per Cent in the First Stage and
Seventy Per Cent in the Second Stage
of This Disease are Cured by the

NEW OZONOFORM TREATMENT

As to a cure for consumption, there has been endless theorizing and numberless "cures" have been advocated, practiced and abandoned. Those proposed have generally been based on the alleged discovery of some mysterious compound having the effect of arresting the disease. There are of course very pertinent reasons why these "discoveries" should withhold from the public information as to the nature of their remedies, but if this is necessary, it is hardly likely to beget widespread confidence.

THE OZONOFORM TREATMENT.

The new Ozonoform Treatment for Consumption which has been introduced by Dr. Frederick J. Fielding and is now being tried with the above satisfactory results at the Fielding Institute in the Hicks Building, San Antonio, is sharply differentiated from the other (so-called) cures—first is the fact that its nature is openly proclaimed by its originator, Dr. Kretschmeyer, of Berlin, and second, that it is founded, not on some sudden and accidental discovery of a curative substance, but on the results of years of study and experimentation along the lines which modern scientific thought has indicated as the most likely to bring about satisfactory results.

GET DR. FIELDING'S BOOK.

A full description of the new Ozonoform Treatment, together with much information of value to consumptives is contained in a book which has recently been published by Dr. Fielding. It is a handsomely illustrated work, and everyone interested in the subject should write or Dr. Fielding at the Hicks Building, San Antonio, Texas, for a copy of it. It is sent free of charge.

Paine's Celery Compound

Takes Her Safely Into After-Life Free

From the Ailments and Dangers

Common to Her Sex.

Change of life, which usually comes on between the age of forty and fifty, is to thousands of women a time of serious constitutional disturbances. The danger time is made known by irregularities, stomach derangements, headache, nervousness, pain in back

and hips, limos and abdomen frequently swell, piles do their annoying work, there is vertigo, palpitation of the heart and debility.

When any of these warning symptoms are experienced, the use of Paine's Celery Compound will do wonders for anxious and suffering women. Paine's Celery Compound used regularly for a few weeks will build up nerve force and physical strength, tone digestion, keep the kidneys and liver in working condition, will banish gloomy fears and give sweet sleep. It has saved thousands of women from terrible sufferings and death. Miss Annie Pasold, of De Witt, Iowa, tells how Paine's Celery Compound made her mother well and strong; she says: "My mother was taken very sick by approaching change of life and was confined to her bed for seven weeks. We employed the best doctor, but his efforts were of little avail. She could not keep anything on her stomach, could not sleep and she wasted to a shadow. We procured a bottle of Paine's Celery Compound for her. Its use gave grand and wondrous results. She soon slept well at night, got stronger and her appetite returned. She is now well and strong, and does her work with pleasure. She would not be without Paine's Celery Compound for any consideration."

Old Timer Gone.

A telephone message received from Mora this morning conveyed the news of the death of William Rohman at his ranch near there last night. This message was all that could be learned but it will carry a shock to all the old residents of this section.

Wm. Rohman was one of the oldest Albuquerquians of northern New Mexico, he having come to the territory long before the advent of the railroad. In fact his history dates back to the time of Kit Carson, Colonel St. Vrain and others whose names adorn the pages of western history and with whom he had been acquainted.

He married a native girl in the early days and the union has brought forth a large family, some of the sons being leading farmers in the Mora valley today. Thus does time remove the hardest of the old timers, whose trials built the modern west.—Las Vegas Optic.

SANTA FE.

From the New Mexican.

Dr. S. C. Clark, company physician at Madrid, spent yesterday and today in the city as a witness before the territorial grand jury in the case of Romulo Urban and others charged with assault to murder upon Tomas Montoya in southern Santa Fe county last November.

Mrs. Antonio Sandoval de Navarro, wife of Seleno Navarro, a resident of the fourth ward, died yesterday afternoon of pneumonia. She was 50 years of age, leaves a husband but no children. The funeral will take place tomorrow morning and the remains will be interred in Rosario cemetery. Chas. Wagner is the funeral director.

Henry W. Easton died last evening at St. Vincent's hospital of pneumonia. The military record of the deceased is as follows: Born at Northampton, Pa., 68 years ago. Enlisted September 6, 1861 as a private in company D, First California cavalry. Discharged October 5, 1863. Re-enlisted same date. Discharged September 10, 1866, as sergeant. Joined Carleton post September 17, 1885. He leaves a wife and one son. His body has been embalmed by Undertaker Wagner and will await the arrival of his son who is now at Abilene. The deceased was well and favorably known in Rio Arriba county where he resided for many years and in this city which he often visited. He was a good man and liked by all those who knew him, especially by his comrades of the Grand Army of the Republic.

LAS VEGAS.

From the Record.
Mrs. J. M. Woods is still confined to her bed by illness and Mrs. H. Hannam is assisting in the store during her absence.

Albert Grelsinger, who has resigned his position as bookkeeper and manager at the A. C. Schmidt carriage and wagon shop, is said to have accepted another position at an up country town.

It takes a freighter usually nine days to make the round trip between here and Santa Rosa, but one arrived here Monday that had been on the road from there here twenty-seven days. Heavy snows and stormy weather detained him.

J. M. Hernandez is in return from a trip to Pastura and reports two and a half to three feet of snow on the level in that vicinity. He reports seeing flocks of sheep that had not been able to leave one certain spot for over six days, the snow being too deep.

Tuesday evening about 9 o'clock Mr. and Mrs. S. Kaufman being absent from their home, 915 National avenue, and leaving no one in charge but two little children and a 15 year old native girl a night prowler took advantage of the situation and tried to enter the house by breaking a window in the rear. y this time, Mrs. R. L. M. Ross, who lives next door, heard the racket, and suspecting something wrong opened her door with the result that the would be burglar took leg bail.

From the Optic.
Mrs. Florence Goodwin, who has been in the dressmaking business in the city this winter, left on No. 1 for Los Angeles, Cal.

Ground was broken for the Duncan building on Sixth street today, and soon another business block will be added to the tax rolls of the city.

Jay McScholter, son of M. M. McScholter, suffered a very painful accident yesterday. He slipped and fell on a door sill, springing his wrist severely.

A letter from White Oaks says that Col. G. W. Stonerod is lying at death's door down there with paralysis. Mrs. A. A. Jones left for White Oaks last evening to comfort him in his last illness.

Instructions have been received from the relatives of the late William Vaughn, who died at the Ladies Home yesterday, to have the remains embalmed and shipped to them at Racine, Wis.

Serapio Romero has a large sized kick coming against the accommodations of the Las Vegas livery stables. He tried to get a saddle horse to ride out to the springs last night, but was unable to secure one. Nothing daunted, however, he waded through the mud and arrived out there a very much bespattered and mad individual.

TELLES TO BE SENTENCED.

Hampes Case Set for Trial—United States Grand Jury Discharged.

The district court convened at 10 o'clock this morning. Judge J. R. McFie presiding. United States and territorial prosecuting officers were present.

The case of Alpheus Hampe, indicted for the murder of Epitacio Gallegos, was set for trial on Thursday, March 19.

Jose Telles, who pleaded guilty on yesterday to an indictment charging him with the murder of Epitacio Gallegos will be sentenced tomorrow.

The sentence under the law must be death by hanging and such will doubtless be the case unless executive clemency interferes.

The United States grand jury completed its labors and was discharged this afternoon. It has found four indictments during its sessions. One against George Bashford for unlawfully entering the postoffice at Tres Piedras; one against A. P. E. Coape for unlawfully selling liquor to Indians.—New Mexican, March 6.

..FOR..

YOUNG MEN

What Authorities Say About Dandruff, Falling Hair and Baldness.

IT BEGINS IN THE YOUNG. Dr. Sabouraud, of Paris, France, one of the greatest living authorities upon diseases of the hair and scalp, has recently published the most exhaustive work ever written upon the subject.

Dr. Cartez, himself an eminent investigator, in reviewing this book for La Nature, submits the Doctor's conclusions in the following terse announcement: "Baldness is a contagious disease caused by a microbe. So far from being a disease of old age, it is an affection of youth. IT BEGINS IN THE YOUNG, and increases, whether rapidly or slowly, up to the fiftieth year. We learn, therefore, that baldness as a destructive malady is not a disease of old age, but of youth, for in bald old men we simply see the RESULT of a disease that has been slowly doing its work for many years. The young man with abundant hair may not know that he has the disease that will later produce baldness; in fact, the first certain evidence of its presence is the appearance of dandruff, which is followed, sooner or later, by itching of the scalp, and finally the hair will begin to fall out.

CHRONIC BALDNESS POSITIVELY INCURABLE. Later in life the disease will have done its work, and chronic baldness, either partial or complete, will be the result. In chronic baldness the hair follicles, which completely fill the scalp, are greatly shrunken in size and this shrinking causes the skin to stretch and appear shiny, indicating a complete atrophy of the follicles, in which case, no power on earth can bring another crop of hair.

If the baldness is acute or only partial, it shows that many of the hair follicles are not badly diseased, for the microbe growth is confined to the sebaceous glands and has not yet extended to the papilla, or true hair root. Cases of this character are curable, even though the baldness is apparently complete. Newbro's Herpicide should be used until the last symptom of parasitic growth has disappeared, and in connection with its use the scalp should be skillfully massaged to remove the dead hairs and keep up a full blood supply to the papillae. This treatment, persevered in, will enable persons partially bald to retain what hair they have, and in many cases get a full new crop. Determined resistance should be offered to the formation of the first "shiny spot," for this shrinking process, by restricting the blood supply to the scalp, greatly hastens approaching baldness.

Newbro's Herpicide will not grow hair, but it destroys the germ or parasite in the scalp and nurses the impoverished follicles back to health, thus permitting the hair to grow as nature intended.

DOCTOR WATERHOUSE, A WELL KNOWN PHYSICIAN OF IOWA, and member of the firm of Dyer & Waterhouse, advised the Rev. R. N. Toms, Pastor of The First Presbyterian Church, at Charter Oak, Iowa, to use NEWBRO'S HERPICIDE; read his letter about it.

Gentlemen—The Herpicide you recommended to me for use as a remedy for dandruff and baldness has proved a great success. I have used only one bottle and the result is surprising. The scalp has been thoroughly cleansed from dandruff; the old hair has been softened and strengthened; while short soft hair has already appeared in the bald spots; and I have been greatly relieved from headaches. I most earnestly recommend all afflicted, as I have been, to try NEWBRO'S HERPICIDE.

ITALIAN BAND.

A Proposition to Give Summer Concerts at the Park.

CITIZENS SHOULD CONSIDER.

There is now a good opportunity to make the necessary arrangements for a series of concerts at the Robinson Park during the coming summer season. Little musical entertainments every Sunday evening and in such an attractive spot, like the public park, would be highly appreciated by the public, who seek recreation on a Sunday evening. A committee of the Italian band, Manager Ed. Fluke, of the prosperous organization, and many prominent business men have taken the matter in hand. An agreement has been presented by the Italian band, which should be given the attention of every citizen.

"We, the undersigned, manager and committee of the Italian band of this city, representing said organization, do agree, beginning from the first Sunday in May and every Sunday during May, June, July and August, to render a musical program of nine numbers at Robinson Park, from 1:30 to 3:30 p. m., under the condition that public subscription hereto attached and to be published later in the city newspapers, should reach at least \$50 monthly.

"This agreement is to be considered void, if such amount is not obtained. ED. FLUKE, Manager. JOHN SELVA, BEN DIGNEO, R. DAMIANO, Committee.

The compensation demanded for the services of the Italian band are very reasonable. That the Italian band should be encouraged in their efforts to lend their talents toward public entertainment is the public sentiment.

H. E. Sherman received a telegram this morning, announcing that his wife's mother, Mrs. Workman, died at Topeka last night. The deceased was about 60 years old and has suffered some time past from a cancer of the stomach. Mrs. Sherman is in Topeka and was with her mother when death came. The Citizen sympathizes with the bereaved daughter.

THE ALVARADO TRIO.

A Special Program Sunday Evening—Growing in Popularity. Manager Cheatham's advanced ideas in all that pertains to the pleasure and entertainment of the Alvarado's guests is receiving responsive and substantial support from Albuquerque's music loving public.

Sunday evening's special attractions will be the soprano solo, Nevin's "Doris," with cello and violin obligatos, by Miss Grace Houghton, and a vocal duet "Calm as the Night," by Miss Houghton and Mr. Ed F. Thomas. Following is the program in detail: Medley—Sympathy—Beyer. March—Blennierhasset—Arnold. Mosquito Parade—Whitney. Nails Ballet—Dellibes. Overture—Martha—Flowtow. Waltz—Anita—Di Mauro. Hearts and Flowers—Tobani. Doris—Nevin. Soprano Solo by Miss Grace Houghton. Waltz—Santiago—Corbin. Calm as the Night—Goetz. Vocal Duet by Miss Houghton and Ed F. Thomas. March—Henry.

H. M. Adams, who has been cashier of the Alvarado hotel almost since it first opened, has announced his intention of leaving Albuquerque. He has tendered his resignation with the Alvarado and will leave tomorrow for Unionville, Conn., where he has accepted the position of manager of the Tuxis House, one of the first hotels of that place. Mr. Adams has a large number of friends here, who will regret his departure from the community. He is a first class hotel man.

Band Concert.

Following is the program for the concert to be given by the First Regiment band on Sunday, February 8, at 2:30 p. m., at Association hall in old town: Minuet—A Summer Idyl—Moret. Overture—Zampa—Herold. The Forge in the Forest—Michaelis. The Holy City—Adams. Concert Polka—Aquarelle (played by A. Moya)—Short. Grand Selection—Lucia di Lammermoor—Donizetti. Medley Overture—Cotton Blossoms—M. F. Smith. J. DEVINE, Bandmaster.
