THE SENATE IN EXTRA SESSION

Met at Noon and Swore in New Members.

PRESIDENT'S MESSAGE ON SUBJECT

Tillman Has His Say--Assistants of Attorney General Knox.

Washington, March 5.—The United States senate met at noon today in special session called by the president.

It was an interesting event, as such sessions do not usually occur except when a president of the United States is inducted into office. At the beginning of each new congress—and today was the first session of the senate of the Fifty-eighth congress—the oath was administered to thirty senators who take office for six years. Of these, seventeen were re-elected and thirteen were new men.

As soon as the senate was called to order, Mr. Hoar obtained unanimous consent to make a statement for Mr. Burrows, chairman of the committee on privileges and elections. Mr. Hoar's statement was supposed to have reference to Mr. Smoot, but he did not mention him. It was to the effect that any man having credentials could be sworn in.

The senate then proceeded to administer the oath of office to twenty-six senators, including Smoot.

During the proceedings, they were frequently interrupted by applause from the galleries. No objection was made to Smoot. Four were not sworn in—Aiken, Clarke (Ark.), Gallinger, and Stone.

The President's Message.

Washington, March 5.—President Roosevelt today sent the following message to the senate:

To the Senate—I have called the senate in extraordinary session to consider the treaties concerning which I have approved the session of congress just ended. I ask your special attention to the treaty with the republic of Colombia securing to the United States a right to build the isthmian canal, and to the treaty with the republic of Cuba for securing a measure of commercial reciprocity between the two countries. The great and far-reaching importance of these two treaties to the welfare of the United States and the urgent need for their adoption requires me to impose upon you the inconvenience of meeting at this time.

THEODORE ROOSEVELT.

White House, March 5, 1903.

Tillman Talked.

Washington, March 5.—The president's message was delivered to the senate by Mr. Barnes. It was not read, Mr. Hoar announcing he intended to move an executive session. Mr. Tillman announced he wanted to speak and he went on with his remarks about Mr. Cannon's speech in the house. He read nearly all the speech, after reading Mr. Cannon's speech he denounced it as "indiscreet, indecent and an outrage." The dignity of the senate and his own individual were involved.

At 3:15 the senate adjourned until Monday.

Reappoints Crum.

Washington, March 5.—The president will send to the senate today the nomination of W. D. Crum, colored, to be collector of the port of Charleston, S. C. This will be the second nomination of Crum, the senate at the session just closed having failed to confirm him.

Attorneys Appointed.

Washington, March 5.—No important appointments in the department of justice were agreed upon by President Roosevelt and Attorney General Knox today. William A. Day, of the District of Columbia, is made assistant attorney to the attorney general, and Milton D. Purdy, of Minnesota, is appointed assistant attorney general. Mr. Day has been for a long time the attorney for the interstate commerce commission, and Mr. Purdy is a prominent lawyer of St. Paul. He formerly was assistant United States district attorney of Minnesota. These places were created by a recent act of congress.

Looks Dark for Mining.

Colorado Springs, March 5.—It is stated on reliable authority that the situation here will define itself within twelve hours. The mine owners' association is expected to inform the unions that they need not wait till March 9 regarding the cutting off of all shipments of ore, but that they may take any action they please at once. This puts it up to the unions at Cripple Creek, so that the fight may resolve itself into a contest of mill owners and mine owners on one hand and the Western Federation of Miners on the other.

Completely Exonerated.

Denver, March 5.—The court martial of Chaplain Henry C. Gavitt, decided that he was under no obligations to pay the debts of his daughter and husband, and completely exonerated the accused from charges against him. He returns to his post at Fort Grant. General Funston approves the finding of the court.

A CROOKED CLERK.

He Took Money Belonging to State of Colorado.

Denver, March 5.—A warrant has been issued for the arrest of W. C. Munsell formerly chief clerk of the flat tax department, state auditor's office, on the charge of absconding with \$6,000 of the state's money. The discovery was made by Special Examiner Schwanbeck, appointed by the governor to look into the affairs of the auditor's office. The shortage may be considerably larger. Crouter, the auditor, it is said, is unable to meet the shortage and a suit will be instituted against his bondsmen. Mr. Schwanbeck, says in his report, that the methods are very lack and crude, and that sweeping reforms are needed.

POPE'S CONDITION.

Faculties Clear But Prostration Due to Overwork and Excitement.

Rome, March 4.—Dr. Lappen visited the pope today and found him no worse with regard to symptoms of any special illness.

The physician has forbidden anyone to see the pontiff, except the latter's nephew, Count Camillo Pecci, who entered the pope's room as the doctor left.

The fact is the pontiff's physical prostration is due to overwork and over excitement, which, however, leaves his mental faculties perfectly clear.

To Be Launched in April.

London, March 5.—It is now learned that Shamrock III. will not be ready for launching March 17, as was originally planned, and the event will have to be postponed until next month, when the builders are confident that everything will be in readiness. The ceremony will be an elaborate one.

Sir Thomas Lipton has placed the order for the sailcloth for the Shamrock's sails with a Dundee manufacturer. On previous occasions the sails were made in Belfast. The sails will be of specially fine fabric, giving great strength, and will be of slightly yellow color.

Stock Show at Fort Worth.

Fort Worth, Texas, March 5.—A fat stock show, the best of its kind ever held in the southwest, opened at Fort Worth today and will continue through the remainder of the week. The entire state and Oklahoma and Indian territories as well as are represented among the numerous exhibits. The city is filled with stockmen from far and near and several conferences of importance to those engaged in the cattle breeding industry will be held during the next two or three days.

The Crown Prince's Tour.

Berlin, March 5.—Within a few days the Prussian Crown Prince and his brother, Prince Eitel Friedrich, will set out from Trieste on a two months' tour of Egypt and the Levant. An English yacht, specially chartered for the occasion, will take them in the first instance, from the Adriatic to Alexandria. From this historic city they will visit Cairo and the Pyramids, sail up the Nile, visit the cataraacts, and see the progress which Khartoum is making under British rule. From

Egypt they will set sail for Jaffa, and then push on to Jerusalem and other holy places which the emperor visited in imperial state a few years ago. On their return from this pilgrimage they intend to pay their respects to the sultan, and from Stamboul they will visit King George at Athens. The return home will be by way of Naples, Rome, Florence and Venice.

Heavyweights to Fight.

Lowell, Mass., March 5.—Bob Smith and Paul Sweeney, both of Nashua, N. H., are to come together in a twenty-round bout here tonight. The two are heavyweight fighters, Sweeney weighing 210 pounds and Smith tipping the beam at 185. The bout will be for \$100 a side and 75 cent of the gate receipts.

To Aid Starving Norwegians.

Chicago, March 5.—For the benefit of the famine sufferers in Scandinavia and Finland the Norwegian National League gives a mammoth concert and entertainment in the Auditorium tonight. The Hon. Luther Laflin Mills is to deliver the oration, and the United Norwegian Singing societies will render patriotic songs. It is hoped the relief fund will be increased several thousand dollars by the entertainment.

Engineers Meet at Houston.

Houston, Texas, March 5.—Members of the Brotherhood of Locomotive Engineers are here from all the southern and western states in attendance on the big union meeting which will be in session during the next two days. The list of visitors is headed by Grand Chief P. M. Arthur, of Cleveland, and a number of the other officers and members of the national executive committee are present. The business sessions, the first of which was called to order in the Auditorium this afternoon, will be interspersed with various features of entertainment provided by the local members of the organization.

GOVERNOR PRINCE HERE.

Second Lecture on "Romance of Southwest" Tonight.

AN INTERESTING DISCOURSE.

Hon. L. B. Prince is in town on business of the Cebolleta grant and to deliver the second of his historical lectures, the one on Coronado's expedition, tonight. This is of local as well as general interest, as the great town of Tluxe, where Coronado made headquarters, was near Bernalillo. The collection of ancient maps which will be exhibited at the lecture is altogether the most interesting and valuable one in the United States, relating to New Mexico, and has been gradually accumulated in the course of twenty years. They commence as far back as 1573, and are in French, Spanish, German, Dutch, Italian and Latin and were engraved in Paris, Amsterdam, Venice, Bremen, Nuremberg, etc. The oldest show the Seven Cities of Cibola, arranged around a great lake; then comes one showing only four towns in the present United States, of which Santa Fe is much the most conspicuous. One of them shows Abo as an existing pueblo; and Seneca, the present San Antonio in Socorro county, ranks next to Santa Fe on several; while Acoma is always represented as seated on a hill.

Addition to Orphan Home Dedicated.

Berea, Ohio, March 5.—This was a gala day at the German Methodist Episcopal Orphan Home here, the occasion being the dedication of the additions to the already large stone structures. The additions include a chapel and dining hall, both memorials to the late Margaret Elizabeth Nast, of Cincinnati.

The participants in the dedicatory ceremony included Rev. Dr. A. J. Nast, of Cincinnati; President E. O. Buxton, of Baldwin university, and Rev. J. J. Keller, of Chicago.

Steel Works for Tennessee.

Chattanooga, Tenn., March 5.—In Wayne county Pittsburg capitalists have just completed the purchase of 72,000 acres of the richest fields in the southern iron belt, and an initial investment of \$5,000,000 is to be made in developing the properties. Furnaces equalling in capacity any in the Chattanooga or Alabama district will be built, rolling mills and other plants for finishing will be erected, and the iron will be carried from the rough ore to structural steel on the premises of the new company.

Money Market.

New York, March 5.—Money on call firm at 4 per cent. Prime mercantile paper at 5@5½. Silver, 48½.

Metal Market.

New York, March 5.—Lead—Quiet; \$4.12½. Copper—Firm; \$13.50@13.55.

WABASH STRIKE

Resolving Itself Into a Legal Battle.

THE EXECUTION OF HOMER BIRD

"Bud" Taylor a Base Ball Player Will Hang.

THE POPULATION OF NEW YORK CITY

St. Louis, March 5.—The Wabash strike situation is resolving itself into a legal battle for the dissolution of the injunction granted two days ago by Judge Adams. Attorneys for the firemen and trainmen are still at work on the affidavits, to be filed in court, showing why the restraining order should not be made permanent. Whether these will be completed in time to file today as expected is a question. The possibility of the firemen and trainmen of the Wabash striking as individuals without waiting for word from their leaders, is now being discussed. It is stated the men are ready to go out at a moment's notice. Unless President Ramsey yields, it is further declared that engineers, conductors, telegraph operators, brakemen and trackmen to the number of 50,000 may become involved in the struggle. At Wabash headquarters everything was reported quiet and the men still at work.

HOMER BIRD.

The Alaskan Murderer Will Be Executed Tomorrow.

Washington, March 5.—President Roosevelt having declined to interfere, the execution of Homer Bird, the Alaska murderer whose case has attracted widespread attention, will take place tomorrow in far-off Sitka. The case of Bird reads like a novel. Six years ago he was a well-to-do business man in New Orleans. He had a beautiful and talented wife, several children and a happy home. Then he met the other woman, Naomi Strong, for whom he neglected his wife and children. In 1897 he organized an expedition to Alaska, taking the woman with him, and also three men—Hurlin, Patterson and Sheffer. When the party had reached a point near the Slaughter House, on the Yukon, Bird was seized with jealousy on account of the attentions of the other men to the Strong woman. He deliberately shot and killed Hurlin and inflicted a fatal wound on Patterson, from which the latter died several weeks afterward. Sheffer and the woman managed to escape and reported the facts. Bird was arrested, and at the trial the Strong woman testified against the man she had aided in ruining, and largely on her testimony, Bird was convicted of murder and sentenced to be hanged. Then his wife, who had been basely deserted, took up her efforts to save his life. She came to Washington and appealed to all the authorities here who could do anything for her husband. An appeal was pending in the courts, however, and President McKinley would not act until the appeal had been disposed of. The supreme court granted Bird a new trial. He was again put on trial and was once more convicted. Again there was an appeal on a writ of error, and a third trial was granted by the courts. On this trial Bird was for the third time convicted of murder, and as a result his execution takes place tomorrow in the jail at Sitka, where he has been confined for nearly five years.

The devotion and self-sacrifice of Mrs. Bird has been most extraordinary. She attended her husband upon all three of his trials; came to Washington to see President McKinley when the first respite was granted and has expended all the money which she could raise for his defense and appeals. During her recent visits here she has been received by President Roosevelt, Attorney General Knox and others with the greatest consideration, but the convincing evidence of Bird's guilt and the atrocity of the crime made it out of the question for any further clemency to be exercised.

"BUD" TAYLOR.

If No Interference He Will Hang at Kansas City Tomorrow.

Kansas City, March 5.—Unless there is unexpected intervention on the part of the executive power "Bud" Taylor, formerly a well known ball player, will be executed tomorrow. Taylor's crime

was the murder of his sweetheart, Ruth Nollard, March 2, 1901. The deed was one of the most cold-blooded crimes ever committed in Kansas City.

Taylor, who was married and had one child, became infatuated with Miss Nollard and their intimacy lasted several months. They had many quarrels, followed by threats of violence, warrants for Taylor's arrest, and usually by reconciliations. But the girl finally transferred her affections to another and this so crazed Taylor that he determined to take her life. In fulfillment of his plans he rented an upstairs room in West Ninth street, through which thoroughfare he was sure the girl would pass, and, armed with a repeating rifle, he patiently lay in wait for his victim for three days. Finally his vigil was rewarded by the appearance of the girl and her younger sister coming down the street arm in arm. He took deliberate aim and fired three times in rapid succession. The girl fell pierced by two bullets, and she died soon after being removed to her home. After his arrest he made an unsuccessful attempt at self-destruction. At his trial epileptic insanity was urged as a defense by his attorneys. He was found guilty and sentenced to be hanged.

The condemned man is not yet 25 years of age. His mother died soon after his conviction, but he has other relatives in this city, Chicago and New Orleans. Strenuous efforts have been made to save him from the gallows, but four weeks ago final hope was abandoned when the state supreme court reaffirmed the decision of the lower court.

Really a "Big" City.

New York, March 5.—According to the report of President Lederle, of the board of health, based on figures compiled by his inspectors, the population of New York is 3,732,903.

CITY COUNCIL.

Members Met Last Night and Transacted Much Business.

INTERESTING REPORTS SUBMITTED.

At the call of the mayor the city council met last night at the city building and transacted a line of business of general interest.

A communication was received from the Rio Grande Woolen Mills company and the Albuquerque Wool Scouring Mills company to have the water mains extended along First street to Mountain road and was referred to the water committee.

Fire insurance on the viaduct was a question discussed. The companies have heretofore declined to insure for less amount than \$5,000, but it was decided to authorize the fire committee to secure, if possible, insurance on the viaduct for the amount of \$2,000.

The manager of the Albuquerque Wool Scouring Mills requested that 600 feet of sewer pipe needed by the company in establishing its plant on the new site, be furnished by the city either free or at cost.

This request brought about animated discussion. The councilmen were unanimously in favor of being as liberal as possible with the company, but from the fact that they are short on pipe now, and the furnishing of the mills with pipe would necessitate the ordering of another car at a cost of \$200.

On motion it was decided that the request of the wool scouring mills should be granted, provided, however, that after a complete statement of the city's finances by the clerk and treasurer and chairman of the finance committee be made the conditions warrant the city to comply with the request.

The resignation of Alderman A. B. McMillen, as park commissioner, was presented. A successor will be recommended at the next meeting.

The street railway was brought up. A motion was made that the company should forfeit the \$1,000 unless work on the road was begun by March 16. The motion was withdrawn on the ground that the arrangement was one to be acted on after the franchise had expired.

The council was informed by the mayor that the county assessor, Mr. Sandoval, had asked that the city appoint a committee of four to work with a committee of three appointed by him as a special equalization board.

The treasurer's report showed a balance on hand of \$7,354.62 March 1. The report of the city marshal showed that \$189 had been collected in fines.

The total collected by the clerk for February was \$698.

The city physician reported that seventeen cases had been treated, three houses quarantined, and one

Thirty-first Day's Doings of Legislature.

COUNCIL AND HOUSE PROCEEDINGS

Regular Fees of Incorporating Companies Killed--James Duncan for Public Printer.

Special to The Citizen.

Santa Fe, N. M., March 5.—The house passed the local option bill.

The council passed the bill designating Col. J. F. Chaves as territorial historian.

THIRTY-FIRST DAY, WEDNESDAY, MARCH 4, 1903.

The Council.

(Wednesday's Morning Session.)
The council was called to order at 10:25.

In the absence of the chaplain no prayer was offered.

The journal was then read and approved.

The finance committee favorably reported house bill No. 70, an act to transfer certain funds to the penitentiary account.

The committee on municipal and private corporations favorably reported council bill No. 5, an act relating to corporations.

Mr. Duncan presented a petition from the East Las Vegas board of trade urging the passage of a bill to build a road from Las Vegas to Santa Fe by convict labor. It was referred to the steering committee.

Council bill No. 97 was introduced by Mr. Fall, by request, to amend the insurance laws. It was referred to the committee on territorial affairs.

House bill No. 70, to transfer certain funds to the penitentiary account was taken up. It was passed unanimously.

Council bill No. 50, an act to regulate fees of incorporating companies, was taken up and amended in minor amendment so that companies shall not be required to publish articles of incorporation. Mr. Hughes moved to table the amendment and Mr. Albright seconded it. It was tabled by 6 to 4.

Messrs. Albright, Duncan, Hawkins, Hughes, Martinez and President Chaves voting aye. The effect was to table the bill as the motion was to table the amendment instead of rejecting it. The tabling of the amendment carried the bill with it.

House bill No. 149, an act to encourage the establishment of sanitariums in New Mexico, was taken up and adopted unanimously.

House bill No. 76, an act relating to the preference rights of ex-United States soldiers, their widows and heirs in leasing sections 16 and 36, was referred to the committee on public lands.

Council bill No. 54, an act providing for the annexation of contiguous territory by cities and towns, as amended by the house, was referred to the committee on municipal and private corporations.

The committee on territorial affairs favorably reported council bill No. 59, an act to add two members to the cattle sanitary board. The bill was laid on the table indefinitely.

The council then went into executive session during which the appointment by the governor of J. S. Duncan, of San Miguel county, as public printer, was confirmed.

The council then adjourned until 10 o'clock Thursday morning.

The House.

No prayer was offered in the house this morning as the chaplain was absent.

Cristoval Sanchez moved the suspension of the reading of the journal, but Mr. Baca objected and after a spirited colloquy, the further reading was ordered dispensed with.

Mr. Llewellyn moved to take up council bill No. 19, the trust bill, under suspension of the rules. Mr. Ortega moved to make the bill a special order for Thursday at 10 a. m. Cristoval Sanchez moved to table the amendment and Mr. Ortega withdrew his motion after some compliments from Mr. Sanchez. The rules were ordered suspended after a vote of 20 to 2. Mr. Baca then moved the first, second and third reading of the bill and demanded the previous question. This was ordered and the bill was passed 18 to 2.

Speaker Montoya then presented to Mr. Romero, of San Miguel county, an engrossed copy of the resolutions on the death of his child. They were handsomely framed.

House bill No. 83, an act authorizing the compilation of school laws, was favorably reported by the committee on education, but was held over for the return of Mr. Dalles, the author of the bill.

Unanimous consent was granted to Pedro Sanchez to introduce bills as he had been absent for several days on account of sickness. He introduced house bill No. 162, an act to compel county officers to have their office at the county seat. He also introduced house bill No. 153, by request, an act in reference to public roads. It was referred to the committee on roads and highways.

House bill No. 82 was unfavorably reported by the committee on education. It is by Mr. Stockton and is an act regarding the appointment of school trustees. The report was adopted and the bill was tabled indefinitely. The bill provided that mayors of towns should appoint school trustees.

House bill No. 66 was reported unfavorably by the committee on education. It is by Pedro Sanchez and is an act to amend section 6 of an act prescribing the duties of sheriffs of counties in relation to licenses for liquors and games. On motion of Mr. Ortega the report was adopted and the bill was tabled.

Council bill No. 83, by Mr. Duncan, an act relating to the collection of garbage, was referred to the committee on municipal corporations. Council substitute for amended house bill No. 118, relating to the archives, was referred to the judiciary committee.

WEAK MARKET.

Several Reported Decreases and Disputes Cause a Slump.

New York, March 5.—There was a very weak stock market from the outset today and an outpouring of offerings from all quarters that had something of a mystery about it after yesterday's effective check to liquidation. The particular weakness of the Pacific and transcontinental stocks led to the supposition of a reported incorporation of a company to build a new line to the Pacific coast, report of a 20 per cent decrease in Union Pacific net earnings for January and the fears the Wabash labor dispute would spread had combined to induce the selling of stocks. The slump in the cotton market and the calling for additional margins there caused some liquidation of stocks to protect cotton holdings.

COUNTERFEIT MONEY.

Bogus Coins Put in Circulation in El Paso.

It has been reported to the United States authorities that there has been a considerable quantity of bogus coins recently put into circulation in the southwest, and the officers are said to be engaged in investigating the matter and have several clues upon which they are now working. It is stated that Mexican silver is being melted up and recoined into American money. A number of \$1 and 25-cent counterfeit pieces have been passed on the El Paso street cars and among the merchants of El Paso and Juarez. It is known that some plaster of paris dies have been discovered, but what other progress has been made in the investigation cannot be ascertained. Some of the coins discovered bear the date of 1901. They are of fine workmanship, only of lighter color than the genuine money. It is thought the counterfeiters have been operating together between this country and Mexico, and some more arrests are expected to soon follow.

**CONSTITUTIONAL CONVENTION.**

The Fifty-seventh congress has adjourned. New Mexico is still a territory. What is the matter with the Thirty-fifth legislative assembly passing a law providing for the holding of a constitutional convention for the state of New Mexico during the present year? says the New Mexican. If not, why not? There is no question, but that the people of New Mexico want a statehood. Frame a constitution in September, adopt it and elect a state ticket in November and go before the Fifty-eighth congress in December and demand statehood. It is understood that every member of the Thirty-fifth legislative assembly is a strong statehood man. Therefore there should be no difficulty in enacting a statute to the above effect. Be not backward in well doing. This will be the proper way to recommence the statehood fight. Indeed, there is no other way to emphasize the fact that the people of this territory are greatly disgusted with the action of congress in making their honest desires for statehood a foot ball during the session just closed. There is also no other way by which the country at large and the administration at Washington can and will be impressed that the people of this territory are determined to obtain statehood than by following the plan outlined above.

GEN. BOOTH SAILS FOR HOME.

Gen. William Booth, founder of the Salvation Army, who has been touring the United States and Canada for several months in the interest of his organization, sailed for England yesterday. Prior to his departure the general expressed the greatest satisfaction with the results of his trip and contrasted the cordiality with which he was everywhere received to the ridicule and hostility that greeted the Salvation Army in its early days in America. He said he hoped to be able to visit the United States again in the future, but whether he would be able or not was somewhat doubtful, owing to his advanced age. The general was given a rousing send-off by hundreds of Salvation Army lads and lassies who assembled for the occasion from all over Pennsylvania, New York and New England.

CONGRESSMEN GO HOME.

Following the final adjournment of the Fifty-seventh congress there was a general exodus of the nation's lawmakers from Washington yesterday and last night. While some few are to remain in the capital for the rest of the season the vast majority are departing for their homes, some leaving behind them forever the scene of their public career. When the next congress assembles new faces will be seen at both ends of the capital and at the same time some of those who have been most familiar for two decades or longer will be missed.

AMERICAN VS. PARIS MODISTES.

American dressmakers have declared war against their Parisian sisters of the same craft. The fighting plans are to be arranged in detail at a convention of 8,000 American dressmakers begun in New York yesterday. The movement is under the auspices of the Dressmakers' Protective Association of America, of which Miss Elizabeth White, of New York, is president, and Miss Carrie Webber, of Dallas, Texas, vice president. The membership comprises leading dressmakers

in cities and towns throughout the country.

In order to prove that the American dressmaker is ready to take a stand with the Parisian there is being held in conjunction with the convention a competitive exhibition of American gowns shown side by side with some of the most exquisite creations of the Parisian modiste. One thousand dollars will be distributed among the prize winners. Among the most interesting of the many exhibits is the original Lily skirt, patented by the association. This garment marks a revolution in skirts, having a flounce shaped like a lily. It is claimed that this is the first skirt which relieves the limbs of the wearer of the weight of the garment without in any way interfering with its style or shape.

Col. De Lachaise, of the French army, has been reprimanded by the minister of war for having told some recruits that the red, white and blue of the French flag represented three royal families—the Capets, the Valois and the Bourbons. He manifested his resentment of the reprimand by resigning his command.

The El Paso News says: "Albuquerque citizens are willing to assume all the debts if they can be separated from the rest of the county, and have a county of their own. When any person or any body of persons voluntarily assume debts, it is time they were given whatever they wanted."

Pedro Alvarado, a very wealthy citizen of the Mexican republic in a letter to President Diaz, offers to pay \$50,000,000 toward the payment of the national debt. He says that he got his fortune out of the ground and that it is right that he should give a portion of it to the government.

The London Lancet, the yellow journal of medicine, has a hope dream to the effect that violent shocks through continued vibration are fatal to bacteria—give them heart failure, likely.

The El Paso News says: "That New Mexico legislator who introduced the anti-kissing bill in the territorial legislature, is being called 'a mean old thing' in various quarters."

Knapp, the Ohio degenerate who practiced murder as a pastime, is horrified by the prospect of his own execution. Even a degenerate knows enough to be inconsistent.

The Journal-Democrat says: "All the business men in town go for county division, and also 'go' for certain members of the legislature for opposing it."

It was hardly fair for J. Pierpont Morgan to slide over to Cuba unheralded, and without giving the Cubans a chance to nail down what they want to keep.

A Kansas woman has broken the record for eloping by doing it twice within one month. When in doubt, look up Kansas.

There seems to be nothing for the Princess Louise to do but to come to this country and go on the lecture platform.

"I lost courage and thought I would never regain my health." "Three years of delicate health trying doctors' prescriptions and patent medicines" without benefit might well sap the courage of any woman. And yet Mrs. Bryant proved that the question of the cure of womanly disease is only a question of using the right remedy. A few doses of "Favorite Prescription" restored her courage and revived her hope, because she could see "a decided change from the first." Three months' use of the medicine restored her to perfect health. Dr. Pierce's Favorite Prescription cures irregularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. Mrs. Sarah Bryant, President of Memphis Social Science Club, residing at 271 Atkinson Ave., Memphis, Tenn., writes: "I suffered with delicate health for three years, trying doctors' prescriptions and patent medicines until I lost courage and thought I would never regain my health, but a few doses of your 'Favorite Prescription' made me change my mind. Could see a decided change from the first, so I kept on taking it for three months faithfully and am now in perfect health." Dr. Pierce's Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE MARKETS

Special Correspondence.

Kansas City, March 2.—Cattle receipts here last week amounted to 33,500 head, as compared with 28,500 head the previous week and 27,400 the corresponding week last year. The proportion of fat steers was much less than the previous two or three weeks have shown, and this class of cattle closed the week 15 to 25 cents higher than the close of the previous week. Range cattle were scarce except in the Texas division, but such as arrived on the native side met with ready sale. Two bunches of western cows weighing a little more than 1,000 pounds, sold at \$3.55 on Tuesday. Some 500-pound heifers sold at \$3 Wednesday. Canners were not as easily sold as fleshy cows, and closed the week barely steady with the close of the previous week. Bulls sold better than they have recently, and made a gain of 5 to 15 cents during the week. The best veal calves sold steady at prices up to \$6.50, heavier calves bringing \$3.50 to \$5. Stock cows and heifers sold better last week than for two or three months.

Stockers and feeders were in moderate supply, and prices steady to strong all week, and much higher in proportion than is being paid for fat steers. Some fancy black native feeders sold for \$4.90 Tuesday, as compared with \$5.20 as a top for the best fat steers during the week. On Tuesday some western fed, weighing 1,063 pounds, sold at \$4.25. The best price for western fed steers during the week was \$4.35.

The run of cattle today is light at 4,000 head, as compared with 7,000 last Monday. This was a good argument for sellers, especially as other markets had light runs also. The market was quoted steady this morning, but developed strength as the day advanced, and before the close many sales of fat steers and cows were made at prices that were strong to 10 cents higher. On every day last week the market showed more strength as the day advanced, closing at the high point of the day. Today was no exception to this rule.

Sheep receipts last week were less than the previous week, at 19,200 head, compared with 25,600 head the previous week, and 13,400 head the corresponding week last year. Prices weakened somewhat during the week, ewes and wethers losing least, yearlings losing 20 cents and lambs 25 cents, with extreme cases of 35 cents on the poorer grades. On Friday, C. J. Parrott, of St. Mary's, Kan., sold two doubles of western ewes at \$4.50, weighing 96 pounds. Today the same party sold ewes from the same feed lot but weighing only 90 pounds, at \$4.70. The market is good 10 cents higher than the close of last week, the advance affecting all grades. Western lambs sold today at \$6.50, weighing 72 pounds, 10 to 15 cents better than last week. G. H. Webster, of Carlsbad, N. M., sold 782 clipped shorthorn lambs, weighing 82 pounds, at \$6.50 on Wednesday of last week, also 54 wethers, 99 pounds, at \$5.35. This was the top price of the season on western wethers. The same day, J. C. Keith, of Carlsbad, sold two doubles of 92-pound wethers at \$5.25. Yearlings sold at \$6 last week. A strong inquiry was had for them today but none were on sale. Feeding lambs got up to \$5.50 and stock sheep sold around \$3.25. Prices on all kinds of sheep and lambs at present are almost in the same notch with this time last year.

Railroad Topics

N. M. Rice, general storekeeper of the Santa Fe coast lines, was a passenger for the west last night.

J. F. McNally, the industrial superintendent of the Rio Grande division of the Santa Fe, came up from San Marcial this morning.

The El Paso Herald says: Master Mechanic Powers, of the Santa Fe, went to Albuquerque yesterday to remove his family to this city.

W. K. Vanderbilt, Jr., the inventor of an improved firebox for locomotives, and one of the few sons of millionaires who are worth their salt, passed through the city for the east the other night.

William Graves writes from Fergus, Mich., for information of his brother, John Graves, who is supposed to have been shot at Las Vegas twenty-three years ago while in the employ of the Santa Fe railway company.

Delbert Robinson, one of Albuquerque's popular young apprentices of the local shops, is laid up with a badly fractured limb and his many friends will be glad to hear that he is getting along nicely, but it will be some time before he will be able to be out and around again.

Fancy brass bars are being placed at the outside windows of the Santa Fe ticket office. If this bit of precaution had been taken when the office was first occupied it might have prevented the recent robbery. The robbers gained access to the office through a window.

Dr. W. Seward Webb, a noted capitalist of New York and also one of the directors of the New York Central lines, and party passed through El Paso on a special train by way of the Southern Pacific, en route from New York to California, where they are going on a pleasure trip.

Miss Nora Morrissy, head nurse at the Montezuma, Las Vegas hot springs, has resigned her position in that hostelry and will soon leave for Pasadena, Cal., where she has accepted a position as private nurse. Miss Morrissy will be succeeded at the Montezuma by Miss Minnie Mathison, who has been at the sanitarium for several weeks past.

F. H. Manters has been appointed assistant general freight agent of the Atchison, Topeka & Santa Fe railroad. Manters succeeds J. W. Tedford, who resigned to engage in other business. G. A. Aird was appointed general agent of the freight department, succeeding Mr. Manters. Mr. Aird has been commercial agent of the Santa Fe at Cleveland. He will have headquarters at Chicago.

The firm of B. Lantry Sons has purchased from the Santa Fe an eight wheel McKeon engine which was built at the Schenectady works. The engine is now No. 115, but when it is repainted it will be No. 10. Four engines were painted for Lantry Bros. in the Santa Fe railway shops at Topeka, two years ago, and they were so well pleased with them that they have decided to have this one painted also at the Topeka shops.

The clerks employed in the freight, passenger and telegraph departments of the Canadian Pacific railway at Vancouver, B. C., went on strike Tuesday to enforce recognition of the United Brotherhood of Railway Employees. A freight clerk, alleged to have been discharged because of his membership in the brotherhood was made the subject of an ultimatum. The brotherhood demanded his reinstatement, and when this was refused arranged to strike.

A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I run down in weight from 145 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." B. H. Briggs & Co.; S. Vann & Son.

EN ROUTE TO SAN MARCIAL.

Messrs. Crawford and Harrison return from Topeka.

Harry Crawford and Joe Harrison, prominent Brotherhood of Railway Trainmen of the Rio Grande division of the Santa Fe, passed through the city last night en route to San Marcial. They were delegates from the Rio Grande division of the Brotherhood of Railway Trainmen to the conference recently held at Topeka between the officials of the Santa Fe system and the trainmen, where the latter demanded a 20 per cent raise in wages. Mr. Crawford represented the trainmen and Mr. Harrison the conductors. Both gentlemen are well pleased with the outcome of the conference. What was accomplished at the conference for the benefit of their respective orders is of no little consequence. Especially will the benefits be realized and appreciated by the train service men of the Rio Grande division. It means that the messenger men get a 12 per cent raise and those on freight trains a raise of 15 per cent. Double header trains are knocked off, with the exception of between San Marcial and Engle; Rincon and Nutt station, and Rincon and Engle, at which places pusher engines will be allowed. The wages of a conductor running between Albuquerque and El Paso before the raise amounted to about \$125 and with the raise it amounts to about \$140—making an increase of about \$15.

Employees of other departments of the train service will receive increases accordingly. It will make a difference of several thousand dollars on the right side in the pay roll of the trainmen on this division. It is important to the community as a whole.

Wakeful Children.

For a long time the 2-year-old child of Mr. P. L. McPherson, 59 N. Tenth street, Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these tablets have effected a permanent cure and she is now well and strong. For sale by all druggists.

Santa Fe Is on Carpet.

The interstate commerce commission yesterday at Washington took up the cases brought by the mayor and city council of Wichita, Kas., against the Atchison, Topeka & Santa Fe railroad, the Missouri Pacific and the Chicago, Rock Island & Pacific railroads.

The cases involve the long and short haul on grain and grain products from Wichita to Galveston and New Orleans; coal transportation in carload from McAlester, Indian Territory; Minden, Mo., and Russellville, Ark., to Wichita; rates on sugar from Rocky Ford and Sugar City, Colo., to Wichita; on lumber in carload lots from Arkansas, Texas and Louisiana to Wichita, and the relative rates on flour from Wichita and other Kansas and Missouri points to Texas points. The questions involved are of great importance to shippers throughout the west and southwest and the decisions of the commission are awaited with keen interest.

DUTCH BUYING STOCK.

They Are Making Large Investments in Rock Island.

From officials sources it was learned that Holland bankers have just completed negotiations for the purchase of between \$4,500,000 and \$4,700,000 of the common stock of the Rock Island, and further purchases in even larger amounts are likely to be made by the same interests. The former bankers who have become interested in the road have been represented in this country by three expert accountants sent over for the special purpose of making a thorough examination of the company and its properties. These accountants have had access to the books and were afforded every other facility for determining the value of the stock. On their return to Holland they recommended the purchase of the stock as an investment, and gave it as their opinion that the road was earning, after all proper allowances and deductions at the rate of 2 per cent on the common.

Another representative of the Holland bankers has recently returned to New York after a tour of all the lines of the Rock Island. It is understood he has expressed himself as greatly pleased with the physical property and its situation and looks for further purchases of the stock by his principles.

Growth of the Rock Island.

The Rock Island has become one of the units around which gradually are concentrating the railroad systems of the country. There are the Vanderbilt group, the Gould group, the Pennsylvania group, the Harriman group and now the Rock Island. With the St. Louis & San Francisco the Rock Island will control well over 14,000 miles of railway, second only in extent to the Harriman combination of Union and Southern Pacific. The Moore-

LIKE A DERRICK.

Pure Food Lifts the Sick Up.

Only those who have experienced the delicious feeling of returning health and vigor can properly appreciate the value of pure food. When the improper food is left off and scientific food such as Grape-Nuts is used in its place one begins to feel the glow of returning health. It feels as though some powerful derrick was lifting one up into the realms of sunshine once more. "Some time ago I was taken sick and got so very low that I thought at times I never would be able to get out again," writes a business man of Washington, Del. "One day my wife saw an article in the paper about Grape-Nuts and read it to me. I was so impressed that I asked her to get some. How thankful I am that I did so. I was at that time reduced to a shadow of 75 pounds but the first week's use of Grape-Nuts brought me to my feet so that I could stand alone. By the second week I could walk out to the great surprise of all, and now I can get out to my business without any trouble and I have made the phenomenal gain up to 160 pounds.

"Improper food nearly killed me but when I left it off and used Grape-Nuts it did not take long to put me back in health." Name furnished by Postum Co., Battle Creek, Mich.

"Feed right, feel right," is a true axiom. Remember Grape-Nuts food is for athletes, as well as the sick.

EVERYTHING IN SIGHT.

Latest Rumor Concerning the Big Western Railroad Merger.

Up to the time of the close of the New York stock exchange on Tuesday there was no announcement made as to the terms of the Rock Island-Frisco deal, but it is believed to be part of a wide "community of interest" plan. The principal interests in this are to be the Chicago, Rock Island & Pacific, the Atchison, the St. Louis & San Francisco and the Union and the Southern Pacific in the southwest, and the Chicago, Milwaukee & St. Paul, the Chicago, Burlington & Quincy and the Northern Pacific and the Great Northern in the northwest.

The fact that Mr. Morgan has been the chief promoter of the Rock Island and San Francisco deal, and that the Atchison has looked with favor upon its consummation, has led Wall street to believe that a better understanding now exists among J. P. Morgan, E. H. Harriman, Jacob H. Schiff, Judge William H. Moore, W. B. Leeds, Daniel G. Reid and the Atchison interests than ever existed before.

THE WAR PLAY.

Presented Last Night to a Good Crowd at Colombo Hall.

The presentation of "Barbara Freitchie, the Frederick Girl," an exciting war drama, was greatly enjoyed by a well filled house last night. Mary Elizabeth Forbes, as "Barbara," the little rebel maid, who turned her allegiance to her northern lover, displayed a most admirable womanly character. Her pleasing personality and forceful manner won the high praise of the audience. Miss Forbes, while undoubtedly the best, was well supported by a large cast of stage artists.

W. L. Roger, as "Captain Trumbull," as a loyal leader of the northern troops, in his acting displayed a brave heart and a courageous nature, which was a winning point with the audience. The play itself never fails to arouse a patriotic feeling. The deadly strife between the north and south; the cruel and inhuman warfare of the divided nation are all brought out showing a picture that is pleasing to the mind's eye. The story of friendship and love that is woven into the background of the fighting of the blue and grey appeals to every heart.

The company were not able to use their special scenery on account of smallness of the stage. However, they were able to use the scenery of the house to a good advantage.

The audience seemed well pleased with the intensely stirring war drama.

BYRON STREET.
This Bright Little Fellow Died at Thornton March 4.

Special Correspondence.
Thornton, N. M., March 5.—Byron Street, son of J. G. Street, agent for the Santa Fe here, died of asthmatic croup at 11 p. m., March 4. He would have been 7 years old March 10.

The little fellow had not been feeling well for several days, but had not been confined to his bed at any time. He had been playing around the house all evening until bed time, when he was taken worse suddenly and died within an hour, before physicians could be summoned. The sudden loss was a severe blow to the parents as well as to the many friends who loved the boy owing to his brightness and cheerful disposition. The remains will be taken to Los Cerrillos for burial.

DEMING.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on DEMING. Deming has just been incorporated. Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and catmen all know this.

Deming, the coming city of New Mexico. Deming has a magnificent school system. Deming, the gateway to the best part of Old Mexico.

Deming, the seat of the new county of Luna. Deming is the great mining center of the southwest.

Deming! Don't overlook it if you are looking for a safe and paying investment. Deming water is chemically pure—equal to Polan springs.

Deming has increased 50 per cent in population in four years. Deming water and pure ozone make strong and healthy people.

Investments in Deming lots will double and triple in one year. Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply. Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

COUNTY DIVISION

"A Republican Merchant" on the Vote.

NOT IN A VERY PLEASANT MOOD

Brief Resume of the Big Mass Meetings and Merchants' Interviews.

Day before yesterday The Citizen announced that it had received several communications on the county division vote, but a couple of letters, wherein the writers used words that would not look pleasant or decent in public print, were destroyed.

Since then The Citizen has been requested, verbally and by letters, to publish the proceedings of meetings and interviews on the county division proposition, or give a synopsis.

On this subject a well known taxpayer in a letter, says:

Albuquerque, N. M., March 2, Editors Citizen.

I was surprised, in reading over the territorial council proceedings of last Saturday, to find that Councilman Geo. F. Albright, manager of the Journal-Democrat, had deliberately voted against the best wishes of the paper he represents and the expressed desire of almost every merchant and taxpayer in the city on county division.

If Mr. Albright was not elected to guard the wishes of his constituents, what was he elected for, then?

Mr. Albright attended one of the mass meetings and assured the people present that he was in favor of county division. What changed his views after he left the meeting and had returned to Santa Fe is a matter of conjecture, which no doubt will come out in a very short time, and it will then be seen why he voted against his own declaration and the wishes of the people of this city, who pay more than 80 per cent of the entire taxes of Bernalillo county.

It seems to me and likewise to other merchants and taxpayers of Albuquerque that Councilman Albright is not at Santa Fe to represent this city, and I am brought to this conclusion by his vote against county division, and also by pressing his measure to annex contiguous territory to incorporated cities and towns, a bill, so it is understood, annexing adjacent hamlets to cities and towns without the voters of the latter having a voice in the matter. The Albuquerque voters, in the past, voted down the proposition to annex Bernalillo, and the reason for bringing the annexation question up in the legislature is a scheme which the people here do not relish. The people of Old Albuquerque are to be commended for taking prompt action in opposing this scheme.

It was a matter of surprise, in the first place, when the leaders of the republican party relegated true members of the party to the background, and picked up Mr. Albright, who had always been known as a democrat.

As one of the outraged merchants and taxpayers I call upon The Citizen to defend our rights, and to republish, if possible, the proceedings of mass meetings and interviews with merchants on the important subject, so the people can see the character of men asking for county division.

A REPUBLICAN MERCHANT.

Synopsis of Mass Meetings and Interviews.

February 11.

On this evening the first meeting on the county division proposition was held, and was attended by at least one hundred merchants, taxpayers and citizens generally. Everybody demonstrated the fact that the proposition was a good one, beneficial to the city, and everybody favored the idea.

This meeting was presided over by HON. CHAS. F. MYERS, well known member of the hardware firm of E. J. Post & Co., and one of the heavy taxpayers of the city.

February 11.

The question of county division was growing so interesting that The Citizen interviewed the following merchants and taxpayers, and everyone seen spoke out boldly in favor of the division:

O. A. MATSON, dealer in stationery, etc.

B. RUPPE, drug merchant.

E. L. WASHBURN, prominent clothing merchant.

H. E. FOX, dealer in watches, jewelry, etc.

G. L. BROOKS, president of the board of trade, and prominently identified with the meat market business.

C. F. MYERS, mayor of the city and member of the hardware firm of E. J. Post & Co.

SIMON STERN, one of Albuquerque's big clothing merchants.

A. J. MALOY, a large real estate owner and a well known grocery merchant.

Others were seen that day and all

expressed themselves in favor of county division.

February 13.

Observing that the important measure was being discussed by everybody throughout the city a meeting was held upstairs over Zeigler's Cafe in the evening to again discuss the creation of a new county and to take action relative to the organization of a board of trade.

February 13.

This called meeting was attended by a majority of the representative merchants and taxpayers of the city, and resulted in the organization of a board of trade to handle such measures as county division. G. L. Brooks being elected president. The county division question was fully discussed, those participating in the discussion being Mayor C. F. Myers, Dr. G. W. Harrison, Attorney F. W. Clancy and A. B. McMillen, B. Ruppe, G. L. Brooks, Councilman George F. Albright and others. Councilman Albright publicly assured those present that the Bernalillo county legislators would put forth their best efforts in behalf of county division. This meeting, before the board of trade was organized, was called to order by Mayor C. F. Myers, who presided. David Weinmann, one of the proprietors of "The Economist" dry goods store, acting as secretary.

February 17.

President Brooks, at the request of twenty-five to thirty business men and heaviest taxpayers, called together the board of trade members and citizens generally to meet on this evening, with the view of taking further action on county division. This meeting was the outcome of a report that those who had originated the idea had failed to agree, and that the bill, first drawn up, would be withdrawn.

February 17.

This was another mass meeting and it was one of the most enthusiastic, earnest meetings of merchants and taxpayers ever held in the city of Albuquerque. Straightforward discussion on the important subject of county division was indulged in by a number present, a telegram being read from Senator Thos. Hughes, saying "if the people of Albuquerque want the county divided he will be glad to lead the movement." This meeting resulted in the unanimous endorsement of the following series of resolutions:

Resolved, That in the opinion of this board and the citizens of Albuquerque the sentiment of the citizens of the city of Albuquerque, irrespective of politics, is practically unanimous in favor of a division of the county, substantially as proposed in the bill recently introduced into the legislature for the creation of the county of Sandoval, and that the details of such division are not of great importance to the people of Albuquerque.

Resolved, That it is the sentiment of said meeting that the business interests of the city of Albuquerque would best be subserved by having as small and compact a county as possible, and to that end, the meeting favors the lines of the proposed county as contained in the original bill and would be satisfied with even a smaller county.

Resolved, That all that the people of Albuquerque desire as to the apportionment of the public debt between the two counties, is that it should be made upon a fair and equitable basis, and this meeting adheres to its recommendation concerning such apportionment, which was made at its meeting on Friday, February 13, 1903, to which no objection has been made by any one.

Resolved, That the division of representation in the legislature for the three counties of Bernalillo, McKinley and Sandoval, is of minor importance so long as the total representation is not diminished.

Resolved, That while the citizens of Albuquerque would undoubtedly prefer that the new county should come into existence at an early day, yet the proposition that that county shall not begin until January 1st, 1905, as set out in said bill pending before the legislature is not so objectionable that citizens of Albuquerque oppose the bill on that account.

Resolved, That copies of these resolutions be sent to the members of both legislative houses and that the members from Bernalillo county be instructed to carry out the wishes of this meeting as expressed in these resolutions.

This meeting was presided over by G. L. Brooks, president of the board of trade, and everybody present voiced their sentiments in favor of division.

February 21.

A meeting of the citizens' committee of sixty members was held in the afternoon to hear report of the executive committee on terminals and right-of-way for the Albuquerque Eastern railway. Although this meeting was not on county division, the matter of

the county being divided was individually discussed by those present, showing that the merchants and taxpayers of the city were heartily in favor of the county being divided.

February 24.

The following merchants and taxpayers were interviewed on the subject of county division, all being in favor of division:

A. BACHECHI, senior member of the wholesale liquor firm of Bachechi & Glom, and a heavy taxpayer.

FRANK J. WILSON, manager of the Blanchard Meat and Supply company.

DR. B. H. BRIGGS, senior proprietor of "The Alvarado Pharmacy."

SIMON STERN, was again interviewed on the same subject and gave his opinion in favor of division.

BERNARD ILFELD, senior member of "The Phoenix" dry goods store.

Others were seen, and many remarked that they could see no reason why the legislature should doubt their sincerity in the matter.

February 26.

The day before this date Councilman Hughes, of this city, had introduced into the council another bill, at the request of the merchants and taxpayers of this city, for county division.

The matter was growing intensely interesting to the people of this city, and The Citizen published the following interviews, all favorable to county division:

A. E. WALKER, ex-territorial supreme and district court clerk and prominent insurance agent.

C. B. HAWLEY, proprietor of the stationery store, known as "Hawley on the Corner."

THEO. MUENSTERMAN, the South Second street shoe merchant.

J. C. BALDRIDGE, ex-mayor of Albuquerque, ex-probate court clerk, big lumber merchant and one of the largest taxpayers in the city.

S. E. NEWCOMER, the South Second street stationery merchant.

WILLIAM FARR, proprietor of Farr's meat market and a large owner of real estate.

S. VANN, senior member of the jewelry firm of S. Vann & Son.

F. G. PRATT, the South Second street grocery merchant.

GEORGE P. LEARNARD, junior member of the music firm of Hall & Leppard.

D. H. BOATRIGHT, proprietor of "The Rocket" dry goods store.

W. E. PRATT, manager of the Albuquerque Hardware company.

Others were seen and all expressed themselves forcibly in favor of county division on any kind of terms desired, so the merchants and taxpayers of this city secured what they want—county division.

February 26.

A telegram came from Santa Fe, announcing a hot fight on over the creation of Sandoval county, with Hon. J. M. Sandoval, at the capital, working in the interest of the merchants and taxpayers for division.

February 27.

Excitement in the city was growing and the 98 per cent of the people, who favored division, felt as if their wishes would be respected. Merchants and taxpayers were anxious, and the following expressed themselves unanimously in favor of division:

T. A. WHITTEN, broker and Gold avenue merchant.

HENRY BROCKMEIER, senior member of the plumbing firm of Brockmeier & Cox.

T. Y. MAYNARD, Second street jewelry merchant.

E. L. WASHBURN, the Second

February 21.

A meeting of the citizens' committee of sixty members was held in the afternoon to hear report of the executive committee on terminals and right-of-way for the Albuquerque Eastern railway. Although this meeting was not on county division, the matter of

street clothing merchant. He again gives his views on county division.

DAVID WEINMANN, one of the members and manager of "The Economist" dry goods store.

J. A. SKINNER, proprietor grocery store on Railroad avenue.

J. W. MALLETTE, proprietor of "The Fair" store on Railroad avenue.

E. ROSENWALD, member of the firm of Rosenwald Bros., dry goods merchants.

Several other merchants and taxpayers were seen, and each and every one of them expressed themselves heartily in favor of division, saying that it would be best for the city and would undoubtedly be instrumental in the reducing of the high rate of taxation. "We could afford," said one gentleman, "to tell the Sandoval county people that we would pay all the floating indebtedness."

February 28.

Like a thunderbolt from a clear sky, the news was flashed from Santa Fe that the Sandoval county bill was brought out from the committee on counties and county lines, of which Councilman Albright is chairman, and was defeated in the house of our supposed friends.

Those who voted for division, thus respecting the wishes of the merchants and taxpayers, were Councilman Thos. Hughes, of this city; Councilmen Duncan, Spiess, Hawkins and Col. J. Francisco Chavez, president of the council—5.

Those against the division—Councilman George F. Albright, of this city; Amado Chavez, Pinard, Martinez, Jaramillo and Fall—6.

The full proceedings of that council day show that Councilman Hughes, with his able assistants, fought every foot of ground for division, and was defeated by one vote, when that vote should have come from the gentleman who was sent up to the legislature with him to work for the interest of his constituents of this city.

Although it was understood that action on the bill would not be taken until the Tuesday following, it was brought up on this day—Saturday, February 28, and railroaded to defeat, and when Hon. J. M. Sandoval, who was working for the measure, had gone home to remain over Sunday with his family.

It will pay you to see our new line of samples before you place your order for a spring suit or pants. You will not find a better line in town, to select from, than the one we have from Fred Kauffman, the American tailor, of Chicago, whose advertisements you will find in the leading magazines and weeklies. He is famous for building men's and boys' clothing to measure. We have been taking measures, and orders for him for about 12 years, and it is very seldom that a suit has to be altered in any way. We want your trade and will work hard to please you; besides we can save you from \$1.00 to \$10.00 on a suit, and that is worth saving, even if prosperity is with you. Call and look the line over. HE OBJECTED.

No Undertaker Called in the War Play
Last Night.

It is the custom of the morning news
gatherer of The Citizen to sympathize
with everyone in their latest troubles
and experiences as he drops in the
many business houses about the city
in quest of news items.

This morning, as usual, he made his
presence known in O. W. Strong &
Sons' busy undertaking establishment.
The proprietors, like most undertak-
ers, are usually in high and genial
spirits. But not so this morning. Har-
ry Strong, the dignified manager sat
drooping at his desk with a face as
long and solemn as a casket.

"How are you this morning, Mr.
Strong?" politely inquired the report-
er.

"Not feeling well," replied the under-
taker in tones that harmonized with
his looks.

"Why? What is the matter? Didn't
you enjoy the tragic performance at
the opera house last night?" asked the
reporter all in one breath, eager to
learn the truth.

"Well," replied the undertaker, lift-
ing his spirits to a higher plane, "I
liked it all right until it came to the
last act; then my professional dignity
was injured."

"I don't understand. How was that?"
"A man was wounded by a deadly
bullet; a doctor called and informed
the broken hearted girl that there was
only one chance in a thousand. Then
the brave girl was shot down in cold
blood. This was true to life. It was ex-
citing and stirring at this point—two
dead people right there in front of the
foot lights—but then—"

"Then what?"
"Why they never even called an un-
dertaker."

TELLS OF WOUNDED KNEE.

Captain Bartlett Here Monday, Now in
El Paso—Talks of Massacre.

Captain George Bartlett, the world
famous scout of the days when the
Sioux were giving trouble in the Da-
kotas, is now in El Paso, says the El
Paso News.

He tells an entirely new tale of the
Wounded Knee massacre in the Bad
Lands of Dakota. It was long after the
sad fate of Gen. Custer and a part of
the Seventh cavalry that the rehabili-
tated Seventh was encamped within
sight of an Indian village where there
were 500 Sioux men, women and
children. The struggle had gone
heavily against the Sioux and they
had laid down their arms. But the
men of the Seventh brooded over the
terrible fate of their old comrade and
talked of revenge.

A young Indian crazed by ghost
dancing, rose and gesticulating wild-
ly, fired a rifle in the direction of the
troops. Some one, it has never been
learned who, gave the order to the
soldiers to fire. In among the defense-
less braves and squaws and little
children was poured a rain of bullets.
The few men who had guns, bravely
attempted to fight back. The odds
were too great and those who could
turned to flee. The relentless bul-
lets pursued them. Few escaped.

The affair was hushed up, Captain
Bartlett says, and the facts have not
been generally known.
But there is another very interest-
ing incident in connection with the
matter in which Captain Bartlett
plays the leading role. He was cap-
tain of the scouts and was in the vi-
cinity at the time of the massacre.
As he rode over the field of carnage
he found a twelve year old boy, the
son of Chief White Hat, wounded in
the thigh. He took the lad on his
horse and bore him many miles to a
hospital. A fierce blizzard arose and
the blood stained field was swept
white by the snow.

For three days the blizzard raged.
Then the scouts returned to the field

to bury the Indians. Several of them
were greatly startled by the cry of a
child. Search was made, and shelter-
ed beneath the bodies of three Indian
women, the captain found a tiny girl,
warm and unharmed. She had sur-
vived the terrible battle and the fierce
blizzard. The little Indian girl was
adopted by Mrs. Colby of Washington,
wife of General Colby. Captain Bart-
lett exhibits a letter, recently received
from Mrs. Colby, asking for possible
light upon the parentage of the waif,
now grown into an accomplished and
handsome young lady. But the dead
guard their secrets well, and none of
the living know aught of the parentage
of "Lost Bird," as she was christened
with the Dakota snow the morning she
was found by Captain Bartlett.

Blood Was Poisoned.

A HAPPY CURE AFTER USE OF
TWO BOTTLES OFPaine's Celery
Compound

THE SPRING SYSTEM CLEANSER.

Health is that natural state of the whole body in which the entire nervous system is so perfectly regulated that it can, without undue effort, perform its almost numberless and all-important duties.

The blood as it courses through the body must bear nourishment and life or poisons and death.

In the spring season thousands around us suffer from various forms

JUDGE P. P. DESVERNINE.
One of the First Citizens of Cuba.

of blood diseases and many are unexpectedly cut down by death.

Your blood is surely filled with waste and poisonous matters when you suffer from boils, pimples, blackheads, eczema, salt rheum, erysipelas or itch. When nerve force is low, when you suffer from insomnia, lassitude or neuralgia, be assured your blood demands purifying and cleansing.

Paine's Celery Compound quickly banishes from the blood all poisons; it supplies the proper elements for enriching the vital fluid, building tissue and for the general repair of the whole system. Try its renovating and life giving virtues at once if you would be made well, strong and happy. Judge P. P. Desvernine, of Havana, says:

"While I was in New York I read about Paine's Celery Compound and never thought I would ever get well. I only took one bottle of that wonderful discovery and found myself with better vigor and energy."

Mr. Thomas Young, Elmora, Pa., says:

"I suffered very much from blood poisoning, and after doctoring for two months with my physician and not receiving any good results I tried Paine's Celery Compound. The use of two bottles completely cured me. All my thanks are due to Paine's Celery Compound."

E. P. Shield accompanied them as committee stenographer.

A LONG-FELT WANT.

It is Supplied at Last in Albuquerque. Good-natured people are often irritable.

If you knew the reason, you would not be surprised.

Ever have itching piles? Not sick enough to go to bed; not well enough to be content.

The constant itching sensation. Hard to bear; harder to get relief; Spoils your temper, nearly drives you crazy.

Isn't relief and cure a long-felt want?

You can have relief and cure if you will follow the advice of a local citizen.

J. Johnston, machinist in the Santa Fe R. R. shops, residence 705 South First street, says: "When a man has itching hemorrhoids commonly called piles and he has to work every day the annoyance becomes positively a plague and he is more than anxious to get rid of it. When Doan's Ointment first came to my notice I wrote to the manufacturers for a box and used it as directed. It stopped the attacks. I have not the slightest hesitation in advising all residents of Albuquerque if annoyed in any way with hemorrhoids or piles to go to the Alvarado Pharmacy, buy Doan's Ointment, take a course of the treatment and the annoyance will cease."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other.

TERRITORIAL
LAWMAKERS

(Concluded from page one.)

Council substitute for council bill No. 57, the general appropriation bill, was referred to the finance committee. House bill No. 26, the Ortega acequia bill, as amended by the council cutting out all counties except Socorro and Bernalillo, was referred to the committee on irrigation. Amended council bill No. 56, the Fall acequia bill, was referred to the committee on irrigation. Amended council bill No. 96, an act granting certain lands to the Woman's Board of Trade of Santa Fe, was referred to the committee on territorial affairs. The bill was passed unanimously under suspension of the rules.

Amended council bill No. 95, providing for additional members of the board of equalization, was referred to the committee on territorial affairs. Council bill No. 84, providing for the creation of district attorney districts, was referred to the committee on judiciary.

Speaker Montoya presented a petition from the citizens of Cerrillos asking for the passage of the local option bill.

The following bills were introduced:

House bill No. 154, by Mr. Llewellyn, an act to amend section 16, chapter 81, of session laws of 1901, relating to the appointment of executors, etc.; referred to the committee on judiciary.

House bill No. 155, by Mr. Llewellyn, an act establishing the law of procedure in certain cases; referred to the judiciary committee.

House bill No. 156, by Cristoforo Sanchez, an act relating to pawn brokers; referred to committee on territorial affairs.

House bill No. 157, by Mr. McIvers, an act to amend section 1, chapter 24, of session laws of 1901, referred to judiciary committee.

House bill No. 158, by Mr. Baca, an act to amend chapter 61 of session laws of 1901; referred to judiciary committee.

House bill No. 159, by Mr. Llewellyn, an act to repeal sections 700 to 706 of compiled laws of 1897; referred to judiciary committee.

David Martinez, Jr., moved the passage of the bill and demanded the previous question. The bill was passed unanimously. Council bill No. 65, an act to amend section 7 of chapter 47 of session laws of 1901, an act relating to police officers in unincorporated towns of over 3,000 population, was taken up. It was passed unanimously.

House bill No. 104, by Mr. McIvers, an act relating to the duties of peace officers of cities and towns, was favorably reported by the committee on judiciary. The bill was passed.

House bill No. 160, by Mr. Llewellyn, by request, an act to prohibit operations off from highways; referred to the committee on roads and highways.

House bill No. 161, by Mr. Kilpatrick, an act to provide licenses for slot machines; referred to judiciary committee.

The house then took a recess until 2 o'clock in the afternoon.

(Afternoon Session.)

When the house met this afternoon amended council bill No. 68, an act to prevent injury to ditches and pipe lines, etc., was taken upon a favorable recommendation from the committee on irrigation. Mr. Ortega contended the bill was reported by Mr. Llewellyn without submitting it to the committee.

Mr. Ortega moved to adjourn, but it was lost, 15 to 2.

Mr. Ortega moved to recommit the bill, but it was lost, 15 to 2.

Mr. Ortega moved to adjourn, but it was lost by same vote.

David Martinez, Jr., moved the bill be read the third time, and Mr. Ortega moved to table the motion. Mr. Ortega rose to explain his vote and on three protests was ordered by the speaker to refrain from personalities and confine himself to his rights. Martin Sanchez rebuked Mr. Ortega for his words as he explained his vote. The motion was lost, 14 to 5.

The bill was then passed.

Council bill No. 15, an act to repeal section 1, chapter 82, and chapter 99, of the session laws of 1901, regarding writs of error, was taken up and passed.

House bill No. 155, an act establishing procedure in certain cases, was taken up under suspension of the rules. It was read in full and the favorable report of the judiciary committee was read.

Mr. Ortega moved to recommit the bill. Mr. Vargas moved to table the motion.

That \$90 Chicken.

M. M. McSchooler and Deputy Sheriff Trajillo got back today from La Llerena, where Mr. McSchooler was tried for holding back the wages and slandering the character of one Juan de Dios Maes. The trial took place before the justice of the peace down there and Mr. McSchooler was fined \$90 and costs. He immediately appealed the case to the district court. As Mr. McSchooler and the deputy sheriff attempted to drive away after the trial they were detained by Marcus Maes and others, who tried to obtain the buggy and endeavored to get the assistance of the constable of the precinct, who refused. They then tried to clutch the reins of the horse and get possession of the buggy.

Juan de Dios Maes will appear before Judge Wooster tomorrow to answer to the charge of larceny preferred against him by Mr. McSchooler.

A CLEANLY AGE.

Twentieth Century Ideas Incline Toward Sanitation and Preventatives.

Nowadays scientists believe that in cleanliness lies the secret of prevention of diseases.

To prevent a disease, remove the cause.

Just as unclean habits breed many diseases, so careless habits will breed dandruff. Improper use of another's brushes, combs, etc., will surely cause dandruff, and, in time, will just as surely cause baldness.

It's microbial infection, nothing more nor less.

Newbro's Herpicide kills the dandruff germ, and causes hair to grow luxuriantly. Herpicide is absolutely free from grease or other injurious substances.

"'Twould Spoil This Story to Tell It in the Headlines.

To use an eighteenth century phrase, this is an "o'er true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon, of Melita Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by all druggists.

of This Disease are Cured by the

NEW OZONOFORM TREATMENT

As to a cure for consumption, there has been endless theorizing and numberless "cures" have been advocated, practiced and abandoned. Those proposed have generally been based on the alleged discovery of some mysterious compound having the effect of arresting the disease.

There are of course very pertinent reasons why these "discoveries" should withhold from the public information as to the nature of their remedies, but if this is necessary, it is hardly likely to beget widespread confidence.

THE OZONOFORM TREATMENT.

The new Ozonoform Treatment for Consumption which has been introduced by Dr. Frederick J. Fielding and is now being tried with the above satisfactory results at the Fielding Institute in the Hicks Building, San Antonio, is sharply differentiated from the other (so-called) cures—first is the fact that its nature is openly proclaimed by its originator, Dr. Kretschmer, of Berlin, and second, that it is founded, not on some sudden and accidental discovery of a curative substance, but on the results of years of study and experimentation along the lines which modern scientific thought has indicated as the most likely to bring about satisfactory results.

GET DR. FIELDING'S BOOK.

A full description of the new Ozonoform Treatment, together with much information of value to consumptives is contained in a book which has recently been published by Dr. Fielding. It is a handsomely illustrated work, and everyone interested in the subject should write or Dr. Fielding at the Hicks Building, San Antonio, Texas, for a copy of it. It is sent free of charge.

Blaze This Morning.
A small outhouse in the rear of the W. A. Maxwell residence, occupied by B. H. Hild and family, made a brilliant blaze about 2 o'clock this morning, causing the mocking bird whistle to wake many a peaceful slumber. The fire department responded and after considerable trouble with the old worn out water plug they attached a hose. As soon as the water was turned on the medium pressure knocked the other caps off, the threads having rusted away. The building was almost entirely destroyed. The fire is supposed to have originated from hot ashes thrown in the ashbin adjoining the shed.

The Stomach is the Man.
A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure cleanses, purifies, sweetens and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. B. H. Briggs & Co.; S. Vann & Son.

Mrs. H. L. Knoud and daughter arrived last night from Chicago to remain several months. The daughter is in poor health. Mrs. Knoud is an old friend of Mr. and Mrs. Ross Merritt.

The best pill 'neath the stars and stripes;
It cleanses the system and never grieves.

Little Early Risers of wordly repute—
Ask for DeWitt's and take no substitute.

A small pill, easy to buy, easy to take and easy to act, but never failing in results. DeWitt's Little Early Risers arouse the secretions and act as a tonic to the liver, curing permanently. B. H. Briggs & Co.; S. Vann & Son.

Mrs. J. W. Barbee, wife of Clerk Barbee, of the Santa Fe storekeeper's office, recently resigned, left this morning for Dallas Texas, where she will join her husband, who recently went there.

E. G. Aupsten, of Las Vegas, a member of the territorial cattle sanitary board, who has been in Arizona the past two weeks on matters in connection with drift fence legislation, was in the city between trains this morning while en route home.

Rock-a-Bye Baby

These are sweet words, but how much pain and suffering they used to mean. It's different now. Since Mother's Friend has become known expectant mothers have been spared much of the anguish of childbirth. Mother's Friend is a liniment to be applied externally. It is rubbed thoroughly into the muscles of the abdomen. It gives elasticity and strength, and when the final great strain comes they respond quickly and easily without pain. Mother's Friend is never taken internally. Internal remedies at this time do more harm than good. If a

woman is supplied with this splendid liniment she need never fear rising or swelling breasts, morning sickness, or any of the discomforts which usually accompany pregnancy. The proprietor of a large hotel in Tampa, Fla., writes: "My wife had an awful time with her first child. During her second pregnancy, Mother's Friend was used and the baby was born easily before the doctor arrived. It's certainly great."

SANTA FE.

From the New Mexican.

Right Rev. J. M. Kendrick, bishop of this diocese of the Protestant Episcopal church, arrived and for a few days will be the guest of Rev. and Mrs. W. R. Dye.

Mrs. C. A. Spiess, of Las Vegas, the handsome wife of Councilman Spiess, arrived from the Meadow City to spend a few days in the capital. Mrs. Spiess was a resident of this city for several years and was very popular and well liked while here.

Mrs. J. Van Houten, of Raton, wife of the manager of the Maxwell Land Grant company, is in the city visiting friends. Mrs. Van Houten is very well and favorably known in this city.

Valentine Herbert, the old time veteran and resident of Santa Fe, came up from Albuquerque. He is the assistant inspector general of the G. A. R. for New Mexico, on the staff of Commander-in-chief T. J. Stewart, and had the pleasure of traveling in the latter's special car from Albuquerque to Lamy.

Ireneo L. Chaves, clerk of the United States court of private land claims, left for San Rafael, Valencia county, on a visit to his sister, Mrs. Leopoldo Mazon, who had the misfortune to lose her 8-year-old daughter by death on Sunday last.

H. N. Fliedner and Carl Metzger, two young men in the employ of the Santa Fe Central Railway company, had a very narrow escape yesterday. While driving past the evaporating plant, the team of horses which they were driving suddenly became scared and quickly turning, breaking the wagon pole, overturned the wagon and threw the occupants to the ground. Metzger escaped with a bruised knee, while it was necessary in Fliedner's case to call in a physician, who made an examination and found that he had several ribs broken.

Colds Are Dangerous.
How often you hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency toward pneumonia. It always cures and is pleasant to take. For sale by all druggists.

OFFICIAL MATTERS.

Bonds Paid.
The territorial treasurer has taken up \$5,000 of provisional indebtedness bonds of the territory, the cash for this purpose being in the treasury.

Postoffice Matters.
A postoffice has been established at Mountainair, Valencia county. It is supplied by special service from Eastview, nine miles distant. The postoffice at Teseforo, Union county, has been discontinued. The mail will go to Miera.

Land Office Business.
The following have been filed in the United States land office:

Final Homestead Entry—Felipe Trujillo, of El Rito, 160 acres of land situated in Rio Arriba county.

Final Entry Timber Culture—Edward O. Brown, of Springer, 160 acres in Colfax county.

What's in a Name?
Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases, DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. B. H. Briggs & Co.; S. Vann & Son.

LEGISLATIVE POINTERS

A Good Amendment.
An amendment to the appropriation bill adopted in the council yesterday, provides that in future the New Mexico insane asylum, near this city, shall admit all poor insane persons without regard to the existing quota to each county of the territory.—Las Vegas Record.

The First Step.
The bill to encourage sanitariums, which exempts from taxation those costing over \$100,000, is the first step of the Rock Island system toward the building of a large sanitarium at Alamogordo. The first cost of the institution will be \$1,000,000.—New Mexican.

A Disgusting Sight.
The committee which visited Las Cruces went to El Paso and there witnessed a bull fight. One was enough for Hon. Cristoval Sanchez, who says that, though it is the sport of his ancestors and his race, yet it is one of the most disgusting sights he ever witnessed. He wants no more of it.—New Mexican.

Public Printer Duncan.
Governor Otero this forenoon sent to the legislative council the nomination of James S. Duncan, of Las Vegas, to be public printer. This was unanimously confirmed. It was rather unexpected to some of the members of the council, whereas to others it was not much of a surprise. Councilman Duncan was warmly congratulated by his colleagues upon his preferment. The New Mexican joins in these congratulations and wishes the new public printer the fullest measure of success.—New Mexican.

Should be Created.
The office of territorial fish and game warden should be created. Of course there is some opposition to the

bill, but the plan has many friends who feel that unless something is done at once to protect our interests along this line that the territory will soon be barren of attraction to the fisherman and hunter.—San Marcial Bee.

Friends of Temperance.
The friends of temperance and the present Sunday closing law are very energetic at present, and are interviewing the legislators as to their views on the question. The local option law is not satisfactory to them and no modification of the present law will be given the strict encouragement. With them it is a strict observance of the Sabbath lay or nothing.—San Marcial Bee.

Candidates Bobbing Up.
Candidates for the office of district attorney of the Second judicial district are on the increase. It is understood that the present very efficient incumbent, Frank W. Clancy, is a candidate for reappointment. Col. E. W. Dobson, Thomas N. Wilkerson and John H. Stingle, all Albuquerque attorneys, are also said to be in the race. There is no intimation from the executive office as to when action will be taken.—New Mexican.
