## LAST MOMENTS OF CONGRESS

### Proceedings of Last Sitting of Dying Congress.

#### THE SENATORS APPEARED FATIGUED

#### A Vote of Thanks in the House for Retiring Speaker Henderson.

Washington, March 4.—The senate was called to order at 10 o'clock today for the last sitting of the Fifty-seventh congress, but business did not begin until some time later.

The delay was due to the absence of a quorum and to the fact that Mr. Cockrell insisted upon the presence of the necessary number before taking up the work of the day.

The president pro tem, Frye, was as usual on the minute in ascending to the seat of the presiding officer, but only about a dozen senators faced him. The countenance of most of them bore the evidence of the two prolonged sessions of Monday and Tuesday, but the indications of fatigue soon vanished and business proceeded as smoothly as it would have done if the senate had adjourned at 6 o'clock yesterday instead of 2 o'clock this morning. It was noticeable to the senators who have been most busily and most continuously occupied in the closing days of the session were among the first to respond to their names.

The attendance in the galleries was also comparatively small. The crowd increased gradually, however, so that by the time a quorum was secured on the floor the audience was respectable in dimensions and apparently sufficiently wide awake to give due attention to the proceedings.

Mr. Bailey, of Texas, called up the bill amending the rivers and harbors act so as to provide that the \$125,000 heretofore appropriated for certain rivers and harbors in Texas shall be used for the construction of a channel in Sabine Lake, Texas.

On a ye a nay vote, demanded by Mr. Mason, the senate agreed to take the bill up by a vote of 41 to 9. The effect of the vote was to displace the Philippine tariff bill. It was then temporarily laid aside and Mr. Hoar spoke on the Philippine bill. The bill had been talked to death, he said. This was not in criticism of senators who think that in the closing hours of the session this remedy shall not be dealt with in an hour. The point he made, he said, was that the senate, the executive, the house of representatives and the public are not fit to govern the destinies of a people 8,000 miles away, who have no voice in the government.

Acting upon a resolution President pro tem Frye appointed Messrs. Allison and Jones, of Nevada, a committee to meet a similar committee from the house and notify the president that congress was ready to adjourn.

Mr. Mason, of Illinois, took the floor and discussed the statehood bill and the Panama canal treaty.

Mr. Bailey, of Texas, interrupted and said it was apparent that Mason's object was to talk the Sabine lake bill to death and he would relieve him of the necessity of making this kind of a valedictory.

This Mr. Mason denied. He said that he had neither enlisted under the banner of filibustering and he resented the charge that even in the last moment was it an endeavor to delay legislation.

He injected some humor into the proceedings by saying that the statehood bill "has gone floating out on the isthmian canal. The Aldrich bill stands like the first mourner in the procession; the Philippine tariff bill also marches along in the funeral procession and the pure food and pure drink bill is also marching with the rest.

With only a minute or two remaining in the senate before adjournment, Mr. Cockrell, of Missouri, rose and said it afforded him sincere pleasure to present to the senate a resolution expressing the appreciation of the senate of "the uniform courtesy, impartiality, ability and dignity with which our president pro tem has presided over the proceedings of this senate."

Promptly at noon the senate adjourned.

**Big Appropriations.** Mr. Allison, chairman of the committee on appropriations, made a statement in the senate regarding the amount of money appropriated by the present congress as compared with the

appropriations of the Fifty-sixth congress. The total appropriations for the present congress, he stated, was \$1,554,108,518, as compared with \$1,440,489,438 for the Fifty-sixth congress.

#### THE NATIONAL HOUSE.

#### Speaker Henderson Retires with a Vote of Thanks.

Washington, March 4.—The decks were clear for the final adjournment at noon when the house reconvened at 10 o'clock this morning.

The storm which culminated at 4 o'clock this morning when Mr. Cannon delivered his scathing arraignment of the methods of the senate during the consideration of the conference report on the general deficiency appropriation bill had passed, and everything promised a serene and peaceful ending. Although the members had little more than time to go home for baths, fresh linen and breakfast in the interim since the adjournment shortly before daylight, they were back in their places for the closing ceremonies. The leaders on both sides were among the earliest arrivals. As is usual the scenes in connection with the closing attracted vast crowds. They besieged the portals of the house even before the doors were open and when the seats in the galleries were filled they stood up along the lines outside waiting patiently for a chance of admittance.

The democratic minority was determined to make good their threat made when Mr. Butler, of Missouri, was unseated last Thursday and filibuster to the end of the session.

As soon as the speaker's gavel fell he announced that no quorum was present, and thereupon Mr. Payne, the majority leader, moved a call of the house.

The calling of the roll, which seemed to visitors in the galleries to have been going on continuously for the past week, began.

As the roll call was concluded a remarkable scene occurred. Speaker Henderson yielded the gavel to Mr. Cannon, the incoming speaker.

As the latter took the chair the members broke into a burst of applause in which the galleries joined. It was quite as much a compliment to the retiring speaker as to Mr. Cannon.

The speaker retired to his room in the rear of the hall, and Mr. Cannon then announced the motion for a call of the house, defeated 134 to 17.

Amid intense silence Mr. Payne, the majority leader, then arose and offered the following resolution of thanks to the retiring speaker:

"Resolved, That the thanks of this house are presented to the Hon. David B. Henderson, speaker of the house of representatives, for the able, impartial and dignified manner in which he has presided over its deliberations and performed the arduous and important duties of the chair during the present term of congress."

As the reading was concluded, Mr. Cochran, democrat, of Missouri, was on his feet demanding recognition, but the chair ruled that Mr. Payne was entitled to the floor. The majority leader, he considered it a high honor and privilege to be permitted to offer this resolution, pointing out that it was not the first time that such a resolution had come from the majority side. He cited the instances of Clay, Polk, Banks and the late Speaker Reed. As he concluded with a glowing tribute to Speaker Henderson the whole republican side broke into hearty applause; but there was a dead silence on the democratic side.

When Mr. Payne demanded the previous question and Speaker pro tem Cannon put the question there was a second of oppressive silence.

All eyes were on the democratic side.

From the rear row Mr. Cochran, democrat, arose quickly and in a loud voice cried:

"Division!" and then the "ayes and noes."

From the republican side came a sound like a hiss.

Only twenty-one democrats joined

in the demand for the ayes and noes and the resolution was adopted viva voce.

**Was Visibly Affected.** Washington, March 4.—Speaker Henderson was visibly affected when he delivered his valedictory. It was largely an appeal to patriotism and was greeted with an immense demonstration. When the house was finally declared adjourned since die at 12:02 p. m., the whole membership united in singing the national anthem. The members, still singing, then filed down to the speaker's rostrum to bid the speaker farewell.

Miss Isabelle Spencer has returned from Pueblo, Colo., where she has been for the past two months, studying in one of the large hospitals of that city.

The lecture delivered by Rev. H. J. Powell on the Grand Canyon of Arizona at the Baptist church last night was an exceedingly interesting discourse, and a program of many enjoyable features was rendered in connection with the lecture.

#### PIE SOCIAL.

#### Given by the Women's Relief Corps and a Big Success.

#### EVERYBODY ENJOYED PIE.

The ladies of the Woman's Relief Corps, that worthy charitable organization, auxiliary to G. K. Warren post No. 5, Grand Army of the Republic, gave a 10 cent pie social at Grant hall last night.

It was accompanied by the usual success that regularly associates with the affairs given by this estimable organization. Everybody had a good time.

The Grant hall, so long the scene of many dances, but now under lease to J. W. Edwards, and soon to be converted into an undertaking establishment, was crowded. Every chair of the large number circling the wall on every side of the spacious hall was occupied.

A short literary program, consisting of a reading by Miss Mata Tway, two interesting recitations by Col. Farley and a song by Miss Cecelia Howe was rendered. But the leading feature of the evening's entertainment was the lap supper, consisting of pie and coffee with good cream in it. The supply was abundant and all were served to satisfaction. After pie came dancing, which was indulged in freely until a late hour by the young folks. The ladies cleared about \$20.

J. V. Key, chief engineer on the Santa Fe cut off returned to Belen on the pile driver train this morning.

#### PROBATE COURT.

#### Business Before Judge Manuel Baca the Other Day.

#### SEVERAL WILLS FILED.

Probate court of Bernalillo county was in session at the court house Monday with Probate Judge Manuel Baca, Sheriff T. S. Hubbell and Clerk J. A. Summers present.

Business was light at the court house during the month and the affairs of the probate court were accordingly light.

The last will and testament of Mary Kelly was probated and M. W. Flournoy was appointed executor thereof. Pablo Garcia was appointed administrator of the estate of Francisca Garcia, deceased. His bond was fixed at \$800. It was presented to the court and approved.

J. A. Salazar and E. V. Otero were appointed administrators of the estate of Epimenio Tajoya, deceased. The court requested that they give bond in the sum of \$1,600, which bond was presented and approved.

The bond of Juan Maestas, guardian of Santiago and Jacobo Gallegos, minors, of \$200, was presented and approved.

W. L. Brackett, W. L. Trimble and John White were appointed appraisers of the estate of John A. Lagge, deceased.

W. L. Brackett, W. L. Trimble and John White were appointed appraisers of the estate of Edward C. Kerth, deceased.

The last will and testament of Mary Bowman was admitted for probate. The court took action in the matter and George C. Bowman was appointed executor.

The last will and testament of Mrs. Susan G. Stover was presented for probate, but the court took no action in the matter.

## THE SENATORS

### The People Relegated a Few to Private Life.

#### ROOSEVELT HAS SIGNED BILLS

#### Denver Comes to the Front With Another Territorial Tragedy.

#### A DENSE FOG AT NEW YORK CITY

Washington, Mich. 4.—The session of the senate today was interesting, not alone by the official proceedings on the floor of the chamber incident to the last day of a congress, but by many occurrences which were purely social in their character, due to the fact that the day marked the close of many careers in the senate.

Of the thirty senators whose terms expired when the presiding officer's gavel fell at noon, thirteen failed to secure re-election either through defeat or through their own refusals to enter the contests in their various states. Included in the number whose official presence in the chamber will no longer be noted are six republicans and seven democrats, but of the republicans, Senator Jones, of Nevada, and Senator Wellington, have in recent years each supported for a time the national candidates of the opposing party.

Two other senators, De Boe and Pritchard, are southern republicans, and both are succeeded by democrats.

The remaining two republicans of the seven democrats, Harris, Turner and Heitfeld were elected as populists and all are succeeded by republicans.

Senator McLauren was elected as a democrat, and while classed as such has acted independently during the greater part of his term.

The other three senators, Vest, Jones, of Arkansas, and Rawlins, have from first to last been in the democratic ranks and Jones and Vest have risen to places of conspicuous leadership.

#### SIGNED ALL BILLS.

#### President Roosevelt Kept Busy Before Congress Adjourned.

Washington, March 4.—Soon after the president's arrival at the capital both the sundry civil and the general deficiency appropriation bills were presented to him and after their approval by the cabinet, President Roosevelt affixed his signature to them. The naval appropriation bill was the last of the big supply measures to which the president affixed his signature. Just previous to signing the bill he had signed the public building bill, in which members of congress throughout the country are interested.

By 11:45 the president had signed all bills presented to him and a few minutes later the announcement of the fact was made in both the senate and the house.

When final adjournment had been taken President Roosevelt held an informal reception to senators and members of the house in his room.

At 12:10 o'clock he was escorted to his carriage by a detachment of capitol police and returned to the White house.

#### MURDER OR SUICIDE

#### A Terrible Tragedy Discovered in City of Denver.

Denver, March 4.—Suicide or murder ended the life of Major Mark F. Hurd, aged 72 years, in the house at 4606 Homer Boulevard some time between Monday and this morning, and lay end the existence of Mrs. George Stanley, an aged woman.

Hurd was dead and the woman was alive and suffering from the effects of some poison. It is doubtful if she will recover.

A dog and canary were found dead in the same room. Arsenic had apparently been used to end the lives of all.

The police regard it as a case of double suicide.

No message is left behind and the cause of the deed is not known.

#### DENSE FOG.

#### Causes Several Collisions on New York Elevated Line.

New York, March 4.—In a heavy fog which prevailed today two trains on

the Fifth avenue elevated line, Brooklyn, collided at the Twenty-fourth street Brooklyn station. Six persons were hurt, two seriously. No one was killed. Within a few minutes there was another collision on the same line at Twentieth street. The passengers were badly frightened but nobody was hurt. The fog enveloped the harbor and caused several minor collisions of ferry boats. No one was injured.

#### WABASH SITUATION.

Those Who Threatened to Strike Are Still at Work.

St. Louis, March 4.—The situation on the Wabash is unchanged this morning. In the headquarters of that system it was stated that the men who had threatened to strike are still at work and it is not believed they will go out. The injunction granted yesterday by United States District Judge Adams is being respected and no effort is apparently being made to order a strike. It is stated, however, that an attempt will be made some time during the day to secure a dissolution of the sweeping injunction.

#### DISTRICT COURT.

#### Unhappy Couples Seek Suit to Free Them From Marriage.

#### SEVERAL OTHER SUITS.

Business has been exceedingly dull in the district clerk's office the past week.

Divorce cases are prominent among the suits filed.

Manuelita Chaves de Torres prays the court to grant her a divorce from Felix Torres. She alleges that the defendant, Felix Torres, is guilty of gross neglect, non-support and desertion. The plaintiff in her petition asks for the care of their one child, a girl, one year and four months old.

Charles E. Crory, plaintiff, has had suit brought against T. A. Harris and E. A. Hubbell, defendants, treasurer and collector of Bernalillo county, for the recovery of property sold at tax sale. He alleges erroneous and wrongful assessment of property and that the tax sale of the property is void.

Kathryn S. Cary vs. Dudley P. Cary, is the docket title of a case where suit is brought for divorce by the plaintiff, wherein she alleges desertion and prays the court to grant her reasonable attorney fees and costs of case, as she is almost entirely without support. Two minor children were born to the union and the plaintiff petitions the court to grant her their care.

H. A. Emerson, plaintiff, brings suit against A. J. Frank, defendant, for the payment of a promissory note, the amount of which is \$300.

#### BACK FROM TOPEKA.

#### Conductor Sam D. Heady Has Returned to the City.

#### EVERYTHING SATISFACTORY.

S. D. Heady, chairman of the Albuquerque division of the Order of Railroad Conductors, arrived from Topeka last night, where he appeared on the grievance committee in the conference between the officials of the Santa Fe railway company, and delegates of the railway men.

Accompanying him on his return were: J. B. Skinner, general chairman of the Order of Railroad Conductors on the coast lines; M. E. Covea, chairman of the Needles division; M. F. Reuch, chairman of the San Bernardino division; J. H. Henry, chairman of the Fresno division; Trainmen D. B. Bennett, of Winslow; E. A. Porter, field, of Needles, and J. O'Neill, of San Bernardino.

These gentlemen were all members of the committee who appeared before the Santa Fe officials in regard to the settlement of the wage and double header difficulties.

Mr. Heady called at The Citizen office this morning and in talking over the successful conference stated that the differences were adjusted satisfactorily to both managers and trainmen. The freight men are to receive an increase of 15 per cent and the passenger men 12 per cent. All increases will be based upon rates which were in effect January 1, 1902.

The La Junta division is the only one on the Santa Fe proper on which the double header trains will be permitted.

Another conference between the Santa Fe officials and the grievance committee will be held at Los Angeles about April 1 to adjust the other important measures now pending.

Blackington, executing requisition papers, \$46.35; W. E. Martin, same, \$117.25; transportation of convicts to penitentiary, M. C. Stewart, sheriff of Eddy county, \$315.45; Fred Higgins, Chaves county, \$381.50; Fred Hunter, Otero county, \$226; Alfredo Gonzalez, Lincoln county, \$185.53.

James D. Hughes, public printer, for balances due for printing laws and journals of the Thirty-fourth legislative assembly, \$655; same for printing tax rolls for 1902, \$36.79; Fred Hunter, sheriff of Otero county, for serving requisition papers, \$122.05; Robert B. Campbell, sheriff Colfax county, same, \$196.50.

Mr. Hughes presented an amendment to allow H. C. Kinsell, sheriff of Santa Fe county, \$175.15 for expenses in the recapture of Jose Telles and Albert Hampe. The amendment was rejected on the grounds that the territory is not responsible.

The allowances for expenses of members attending territorial board of education meetings: C. M. Light, \$35.25; W. G. Tight, \$10.70; M. E. Hickey, \$7.70; Maggie J. Bucher, \$11.55.

All deficiency expenses in the office of territorial superintendent of public instruction were combined and the amount granted was \$2,283.40; for wild animal bounties, \$285 is allowed; to J. D. Hughes, public printer, for tax assessment rolls, 1901-02, \$371.23.

All elections returns are to be forwarded hereafter by express and the express receipts sent to the territorial secretary by registered mail. If there is no express office a messenger is to be delegated who will be allowed 12½ cents per mile.

When the militia fund was considered, Mr. Fall and Mr. Hawkins commenced a bitter attack on allowing any sums for armory rent. Mr. Hughes said if that was stricken out he would move to abolish the entire military branch of the government and the office of adjutant general. Mr. Hawkins and Mr. Fall said they would agree but they were of the opinion that the public buildings could be used for that purpose. It was finally agreed that the appropriation of \$500 for the militia remain unchanged and the rent appropriation was reduced from \$1,500 to \$1,000.

An annual levy of 2 mills is authorized to pay public school expenses. A levy of 2 mills is authorized in each county to repair jails and court houses. Where any assembly fails to make an

appropriation for a specific purpose, the last previous appropriation shall be considered in force and effective. Section 13 in full force is as follows:

Section 13. There is hereby established a fund, to be known as the temporary provisional indebtedness fund, out of which said fund the cash appropriations for the territorial institutions, and all other purposes, including deficiencies, which are made in this act to be paid immediately, shall be paid; and the territorial treasurer is hereby ordered and directed to transfer to such fund, for the payment of such appropriations, all the funds now in the territorial treasury or in the territorial depositories to the credit of the capitol building fund, the provisional indebtedness bond fund and the Louisiana purchase exposition fund, together with all sums to come into his hands up to July 1, 1903, by virtue of all levies heretofore ordered to be made for such above enumerated funds; and no further or other levy shall be made during the year 1903, or thereafter, for the said Louisiana purchase exposition fund.

And chapter 100 of the session laws of 1901, being an act providing for the collection, arrangement and display of products of the territory of New Mexico at the Louisiana purchase exposition or St. Louis world's fair of 1903, and to make an appropriation therefor, approved March 22, 1901, is hereby repealed in all its parts and provisions. And the territorial board of Louisiana purchase exposition managers of New Mexico, created and provided for by said chapter 100 of the session laws of 1901, shall, within thirty days after the passage of this act, or as soon thereafter as possible, meet and close up all the business of said commission, and turn over to the territorial treasurer all funds remaining in their hands, which funds shall be by said territorial treasurer placed to the credit of said temporary provisional indebtedness fund.

Major Palen appeared on behalf of the Deaf and Dumb asylum and the committee amended the bill so as to give that institution a levy of .10 of a mill and a deficiency appropriation of \$800.

Mr. Hawkins offered an amendment to appropriate \$1,000 to print 500 copies of the sessions laws of 1899-1901 in English and in one volume, which was adopted. These are to be sold at cost by the secretary of the territory. Mr. Hawkins also presented the following, which was adopted: "No funds now on hand from the sale of lands belonging to any institution shall be covered into the treasury and proceeds from the future sale of lands for the blind and reform school, shall not be covered into the treasury until \$6,000 in addition to the amounts above provided for shall have been paid to each of said institutions for the maintenance and equipment thereof from the future sales of land belonging thereto."

Mr. Spies moved to make the appropriation for printing reports, postage and contingent expenses of the superintendent of public instruction \$1,500 instead of \$500, of which amount \$1,000 shall be paid from the school land funds. This was adopted.

Mr. Spies also moved that the amount for postage, express, printing, blanks, etc., for the auditor's office be increased from \$500 to \$700 and this was ordered.

The committee then rose and reported the bill as amended. On motion of Mr. Martinez the report was adopted and then by motion of Mr. Hughes the bill was passed as amended.

The regular order was taken up and Mr. Jaramillo moved that the committee on county and county lines be required to make a report on council bill No. 66, which he thought was the bill to take Espanola precinct from Santa Fe county and attach it to Rio Arriba county. The bill takes all of precinct 16 of Santa Fe county and makes it a part of precinct 3 of Rio Arriba county. By a vote of 6 to 4 the report was ordered. Messrs. Amado Chaves, Dun-

## TWENTY-FIVE YEARS A POPE.

The pope celebrated the twenty-fifth anniversary of his coronation yesterday, as announced in our telegraphic reports, with great solemnity. St. Peter's was crowded, scores of Americans being present. Inside the great edifice at the singing of the Te Deum the scene was one of marvelous brilliancy. The papal noble guards were resplendent in their new uniforms, consisting of purple doublets, white leather breeches, high patent leather boots, and polished steel helmets with white horsehair tufts. A score of members of the sacred college were present, their red robes offering a most pleasing contrast to the black habits of the crowd of priests. It is estimated that over 70,000 spectators assembled in the basilica.

After the ceremony there was an impromptu demonstration. The pope had gone to a window overlooking the piazza of St. Peter's to see the people come out of the church. His holiness was recognized and in a twinkling the great space was crowded with people fluttering with handkerchiefs, waving their hats and cheering the venerable pontiff.

The pope, surrounded by the cardinals and dignitaries of the pontifical court, was carried to and from the basilica in the Sedia Gestatoria. By request of the pope himself the people were allowed to throng the various halls and witness the impressive procession to and from the basilica.

Late in the day an official bulletin was issued by Dr. Laponi stating that the aged pontiff had withstood the fatigues of the day remarkably well.

The Journal-Democrat favors asking congress, in December, to give us relief in the matter of county division, and not trust in the future to the legislature.

## WAR TIME SPEAKER.

With the close of the Fifty-seventh congress a venerable and striking figure passes from the halls of the national capital in the person of Galusha A. Grow, of Pennsylvania, who first became a member of the house of representatives fifty-one years ago. He entered congress before he was 20 years old, and quickly became a leader. During the stirring times from 1861 to 1863 he presided over the house as speaker. He entered congress as a democrat, but when the Missouri compromise was repealed he permanently broke with his old party associates and became the congressional leader of the newly formed republican party. During his single term as speaker Mr. Grow presided over three sessions of the house. It is not, however, upon his record as speaker that Mr. Grow looks back as the most important chapter in his public career, for he has a right to be considered as the author of the homestead act, which went into operation January 1, 1863. From 1871 to 1876 Mr. Grow was president of the International & Great Northern Railroad company of Texas. President Hayes offered him the mission to Russia in 1879, which he declined.

Yesterday marked the passing of liquor prohibition in Vermont, which has been a "dry" state for more than half a century. At an election last month the state voted by a narrow majority to discard the prohibitory law and adopt in its place a high license local option law, with seven classes of license, ranging in cost from \$1,200 for

the general saloon to \$10 for the drug stores selling on physicians' prescriptions. Yesterday the new law became effective and the cities and towns vote on the questions of granting licenses. The indications are that the vote will be in the affirmative in the larger places, while the smaller towns will decide to continue prohibition.

## NEW NESTOR OF SENATE.

With the expiration of the Fifty-seventh congress the curtain is rung down on the career of one of the most popular and prominent statesmen that ever made their influence felt in the national legislative assembly—Senator John P. Jones of Nevada, who relinquishes his seat to Francis G. Newlands, chosen to succeed him at the last election. Senator Jones has been called the father of the senate, having served in that body continuously since 1873, and completed his fifth term, a record that has been surpassed only by Senators Sherman, of Ohio, and Morrill, of Vermont.

The retirement of Senator Jones leaves Senator Allison, of Iowa, the oldest senator in continuous service. Jones and Allison having entered the senate at the same time. Senator Stewart, of Nevada, is the only man in the senate who was a member of that body when Jones and Allison entered. Senator Stewart's service has not been continuous, however, having been interrupted by a period of twelve years' retirement from public life.

Sensor Jones declares that he tired of public life and will hereafter devote himself to business pursuits. He has large and important mining interests in Alaska and Mexico, to which part of his time has been devoted.

Aside from the golden tiara the most magnificent gift received by the pope on the occasion of the silver jubilee of his pontificate is a wonderful topaz, a present from the citizens of Naples. The stone is the largest of its kind in the world, weighing 1 kilo, 784 grams. It was found in the Geraes mines in Brazil, and belonged to the Bourbons of Naples. The face of the stone bears an engraving of "Christ Breaking the Eucharistic Bread."

At a special meeting of the stockholders of the Elgin National Watch company it was voted to increase the capital stock from \$4,000,000 to \$5,000,000. The increase will be used to enlarge the plant and widen the scope of the company's business.

## JUMPING UP

Is a great deal harder than jumping down. And yet people who have been for years running down in health expect to jump back at once. It takes years generally to make a man a confirmed dyspeptic, and he cannot expect to be cured in a few days.

There is no quicker means of cure for dyspepsia or other forms of stomach trouble than by the use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition and builds up the body with sound flesh and solid muscle.

"I was taken sick two years ago," writes Rev. W. H. Butterworth, of White Cloud, Ala., "with what the doctors thought was gastric trouble, indigestion or nervous dyspepsia, also constipation and inactive liver. I was in a dreadful condition. Tried several different doctors with but little result. I had gotten so feeble that I was almost past traveling about; had got down to 114 pounds. I went and bought six bottles of 'Golden Medical Discovery,' and got the 'Pellets' and began following directions. When I had taken about five bottles I felt very much better and was greatly improved, and weighed one hundred and thirty-eight pounds. I will say that Dr. Pierce's medicines are a God-send to poor suffering humanity, and I advise any and all chronic sufferers to give them a fair trial and they will be satisfied."

Accept no substitutes for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach.

Dr. Pierce's Pleasant Pellets cure biliousness and sick headache.

## Tragedy Averted.

"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins, of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for consumption, and our darling was saved. He's now sound, and well." Everybody ought to know it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by all druggists. Price 50c and \$1.00. Trial bottles free.

F. H. Mitchell, formerly proprietor of the Hotel Highland, is reported very low at St. Joseph sanitarium.

## More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the liver or kidneys as Electric Bitters. It's a wonderful tonic, and effective around medicine for run down systems. It dispels nervousness, rheumatism and neuralgia and expels malaria germs. Only 50c, and satisfaction guaranteed by all druggists.

## HEADACHE,

whether caused by nervous affections or from a bilious condition of the system, can be quickly cured by Hostetter's Stomach Bitters. It gets at the root of the trouble—the stomach, and by making it strong and healthy, the nerves are strengthened and the liver and kidneys stimulated. Try it the next time your head aches. It will also cure indigestion, dyspepsia, Constipation, Insomnia and Malaria.

## HOSTETTER'S STOMACH BITTERS

Mail Man Lost in a Storm.  
A special dispatch from Tres Piedras, dated March 2, says:

Juan Rael, mail carrier between Taos and Tres Piedras, was lost in the blizzard Saturday and up to the present time has not been found. He left here on horseback Saturday at noon in a blinding storm and has undoubtedly frozen to death. Large searching parties are out from Taos, Tres Piedras and Arroyo Hondo, scouring the country, but owing to the distance he may have gone before succumbing to the cold and the large drifts, he may not be found before spring.

## Children's Coughs and Colds.

Mrs. Joe McGrath, 327 East First street, Hutchinson, Kan., writes: "I have given Ballard's Horchond Syrup to my children for coughs and colds for the past four years, and find it the best medicine I ever used." Unlike many cough syrups, it contains no opium, but will soothe and heal any disease of the throat or lungs quicker than any other remedy. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy—B. Ruppe.

## Railroad Topics

T. H. Sears is appointed, effective March 1, trainmaster of the Santa Fe at Marceline, Mo. He was formerly superintendent of the Colorado Southern at Denver.

Clive Hastings, formerly special agent of the general land office at Santa Fe, is in the city and will go to work in the local Santa Fe Pacific railroad shops.

George Symmes, clerk in the office of Master Car Builder Manson, at Topeka, has arrived. The trip is made for the benefit of his wife's health and he will make his home here for some time.

It is planned to formally and enthusiastically invite the Rock Island railway officials to locate their general offices at Dallas, Texas. Dallas not only wants the general offices, but the shops as well.

The Optic says: "Engineer Gus Peterson luckily escaped from death but sustained painful injuries Saturday coming out of Raton. He was out on the engine and in some manner fell to the ground, about fourteen feet, lighting on his hip and thigh, which were badly bruised. He was brought to Las Vegas and is now able to painfully hobble around by the aid of a cane.

The jury in the Sprague vs. Santa Fe case at Emporia, Kansas, returned a verdict in favor of the Santa Fe at midnight on Saturday after about eighteen hours of deliberation. At 9 o'clock Saturday night they stood six to six. Sprague was suing the railway company for \$15,000 damages, which he alleged was caused by an engine spark. This is the third time this case was tried and the costs will amount to about \$1,800.

### A SWITCHMAN KILLED.

Shot in a Box Car at Arkansas City by Unknown Parties.

James Hess, a Santa Fe switchman, was shot and killed Saturday night by unknown parties in the south yards at Arkansas City, Kansas. The body was found in a stock car at Purcell Saturday.

Hess was seen in the yards at Arkansas City Saturday night and he said he was going out of town. A shot was heard by several men in the yards at 8 o'clock, but no notice was taken of it. Hess worked at Arkansas City, but quit on February 23, and said to the yardmaster that he was in trouble over a woman and that he was warned to get out of town or he would be killed.

He waited until Saturday night for his time check and was going out on a south bound train. It is supposed that he was followed to the switch shanty where he was last seen and that he became aware that his enemy was following him. He then climbed into the stock car and was shot. His murderer is unknown. A picture of a woman was found on his body, but it has not yet been identified. The body is now being held at Purcell, pending investigation. He had evidently been dead for eight or ten hours and the body was frozen stiff. His parents live at Cleburne, Texas.

### Wakeful Children.

For a long time the 2-year-old child of Mr. P. L. McPherson, 59 N. Tenth street, Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these tablets have effected a permanent cure and she is now well and strong. For sale by all druggists.

### BECOMING MORE COMPLEX.

Discussion of Atchison Finances by the Railway Age.

Speaking of the Santa Fe's new issue of \$5,000,000 bonds on its Oklahoma division, the Railway Age says: "From another point of view the creation of this additional mortgage is worthy of attention as a good illustration of the natural increasing complexity of railroad financial arrangements. The Atchison reorganized embodied an exceedingly simple financial plan. In pursuance thereof the antecedent obligations outstanding had been reduced on July 1, 1902, to \$1,500,000 Chicago and St. Louis 6s and \$629,000 Chicago Santa Fe and California 5s, to which may be added \$195,000 Hutchinson and Southern 5s. These liabilities apart, Atchison's funded debt consisted primarily of \$126,000,000 of the new general mortgage 4s and \$51,000,000 of the new adjustment mortgage 4s, provided for in the reorganization. The present company began operations substantially on this basis. In the course of its more recent development the only addition to the general bond issues is found in last year's output of \$30,000 of 4 per cent and serial debentures. In so far as the scheme is as simple as in 1896. But there are next to be added as new and supplementary direct obligations of the company \$6,000,000 of San Francisco and San Joaquin Valley 5s and now \$5,000,000 of Eastern Oklahoma 5s, with which must be included, further, as to all interests and purposes, divisional obligations of the system, the bonds of the

Santa Fe, Prescott & Phoenix, the Pecos Valley & Northeastern and some other small lines in Texas and California. Gradually, therefore, the titles of the bonds pertaining to the Atchison's system are increasing in number and the amounts are growing in volume, though, fortunately, there is no suggestion of the obscure and confusing financial scheme of the previous regime.

All of the anticipations of enlargement of traffic and net income entertained by the reorganizers and by the subsequent managers to the present time have been much more than realized. Between January 1, 1896, and July 1, 1902, the company's business practically doubled, partly, however, through the addition of new lines. Gross earnings per mile rose from \$4.752 in the fiscal year 1897, to \$7.528 in 1902. In the next six months of the current fiscal year gross earnings increased \$819,000 and net earnings decreased \$546,000. The company earned between 9 and 10 per cent on the common stock in 1902 and is earning, say, 6 per cent on that issue now. Recognition of the fact that the new Atchison is widely different from the old one in character of management and in the diversification of sources of revenue is becoming more general, to the advancement of the reput of the securities of the system in investment circles.

'Twould Spoil This Story to Tell It in the Headlines.

To use an eighteenth century phrase, this is an "over true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon, of Melba Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by all druggists.

### SNOW AND SAND.

Rock Island Rotaries Make Sparks in Snowbanks.

Officials of the Rock Island railway say that the cuts upon that road in the Panhandle of Texas are drifted full of a mixture of snow and sand. There is as much sand and snow, and the great rotary snow plows strike fire from it in a steady stream when they are forced into it. Many of these cuts are from 20 to 50 feet deep and because of the sand the rotaries can make little headway at clearing them. They must be shoveled out, and gangs of men are doing that.

Col. T. C. Lebo Takes Temporary Command.

Col. Thomas C. Lebo, of the Fourth United States cavalry, in command of Fort Grant, Arizona, the ranking colonel, will, it is understood, assume temporary command of the department of the Colorado on March 7, and retain this position until relieved by the new commander, General Baldwin. General Funston will return from Fort McKenzie in a few days, and will leave Denver March 7. General Baldwin's date of arrival here is not known at department headquarters. He has been in the Philippines and is supposed to be en route to Denver.

Mrs. W. E. Talbot, who has been the guest of Mrs. Henry Harris, of North Second street, has gone to California, where she will visit for some time.

The First Regiment band, under the directorship of Prof. James Devine, will give the first concert of the season at Orchestra hall Sunday afternoon.

Mrs. J. Judell, who was here on a visit to relatives, has returned to her home in Las Vegas.

### A LAYMAN.

Gave Doctor a Hint About Coffee.

Speaking of coffee a doctor of Decaturville, Ohio, says: "We used to analyze coffee at the medical college and in spite of our laboratory tests which showed it to contain caffeine, an active poison. I continued to use the drink, and later on found myself affected with serious stomach trouble, indigestion, headaches, etc.

"The headaches came on so regularly and oppressed me so that I found it difficult to attend to my regular duties. One day last November I met a friend whom I had known to be similarly afflicted. His marked improvement in appearance caused me to inquire what he had been doing. He announced that he had, some time ago, quit coffee and was using Postum Food Coffee, to this change he attributed the change in his health.

"I took the hint, even from a layman, and made the same change myself. The first week I noticed a little difference but not much. The third week the change was almost magical. I have continued with the Postum and now my digestion is perfect, the nervous headaches have entirely disappeared, and I am well. My own analysis of the Postum Food Coffee shows it to be a pure food drink of strong character which is a marked contrast to the old fashioned coffee." Name given by Postum Co., Battle Creek, Mich.

### NAVAJOS--APACHES.

Their Conditions on the Reservations in the Southwest.

#### PRESENT STATE VERY BAD.

The suffering condition of Indians on the Navajo and Apache reservations in the southwest is attracting a great deal of attention from those who have made any investigations into the reports circulated.

To many, who have never investigated the conditions connected with the life of the Indians on the reservations, this is only a natural state of affairs brought about by the shiftlessness and laziness of the Indians, but recent investigations have proven that the starving of the Indians and their wretchedness caused from the lack of clothing and shelter is no fault of theirs.

The reasons leading to this unfortunate condition of the Indians in the southwest was brought about by the lack of rainfall in the last two years, which has resulted in the perishing of large numbers of their ponies, cattle and sheep. Not only has it resulted in the Indians losing their stock in alarming numbers, but the scarcity of water has rendered it impossible for them to cultivate their farms and ranches.

What is greatly needed on the reservations of the southwest is the development of water resources by the construction of dams and ditches to hold the flood waters, which now go to waste during the winter and spring months. Although on some of the reservations there are small streams flowing the larger part of the year, just at the time when it is mostly needed, that is, in the mid-summer months, the water is generally too low to be drawn upon for irrigation purposes.

At the heads of nearly all the streams there are natural barriers, that with little expense, dams and ditches could be constructed for holding sufficient water for irrigation purposes during the critical period. The conditions resulting from the lack of water to cultivate the lands is painfully visible all through the reservations, especially the Navajo reservation in San Juan county, New Mexico.

In consequence of the prevailing state of affairs at their homes, many of the Indians have been compelled to seek employment as laborers along the Santa Fe railroad, and while they are not adapted to compete with the foreign laborers, the railroad contractors state that they give fair satisfaction.

When the conditions on the reservation are at their best there is none too much land for agricultural purposes, and now when the drought of several seasons visit the lands of the Indians there is little or no prospect of them raising enough to sustain themselves and their stock. Their condition was bad enough before the cold and freezing weather came as an unwelcome visitor to the land of sunshine, but now the chilling and piercing winds and the great amount of snow that has fallen in the past month has caused them to suffer beyond the apprehension of even those who in the past have made themselves acquainted with the life of the Indians on the reservation.

There is plenty of land that could be used for agricultural purposes if the water system was developed. Even the pasture lands have been dried up to such an extent that the reservation overstocked with sheep and other stock, has not furnished enough food for these roaming animals and consequently great numbers have perished from the want of something to eat.

Heretofore the Indians have been self sustaining, tilling their soil, harvesting their crops and raising their stock, but things have changed entirely now and unless the government does something to relieve the sufferings of these people, many of them will be in great want and in distress. They will be thrown upon the care of the settlers in their vicinity. At the present time many are begging from door to door of the settlers, many of whom are in no better circumstances than those asking aid. The Navajos are unable to make the blankets, which have a universal sale, on account of the dying of the sheep, and the cold weather will not permit the shearing of what small flocks they have on the reservation.

Although there have been reports of expenditures made for the development of dams and irrigation ditches on the various reservations in the southwest, it has only been the reports and that is as far as the matter has

gone. The government surveyed a ditch last fall on the Navajo reservation and the Indians hoped to get work on it, but so far nothing has been done. Their condition is a menace to all those living near them, for while they are peaceably inclined, even an Indian does not like to starve and freeze with food and clothing in sight.

The Apaches on the reservation near Fort Apache, Arizona, are also in a critical condition. They draw no rations from the government; neither do the Navajos. The Apaches have very little stock and their income is derived from the hay and grain they sell at the military post on the reservation, the proceeds of which are merely enough to keep them alive. It has been reported that for the coming year the Indians will not get the contract for furnishing hay and grain as in former years. If these reports are true there is no telling what the results will be. The grass which they furnish the forts for hay is much cheaper and better than alfalfa, which will undoubtedly be contracted for.

The majority of these Indians are inclined to work when it is to their advantage to do so, but when conditions are against them as they are and have been for years past, it is most disheartening. It seems strange when the people, who have had charge of and have taken care of the Indians for so long a time, have received such small practical results to show for their labor.

There are many Indians today, which these investigations have found, who are without food and have little prospects of getting any.

The Indians on all the reservations are adverse to the ration system and want to earn money so that they will be able to support themselves. Game is diminishing very rapidly in the Indian lands, in fact there is hardly any game that they can hunt and live upon as is their custom. In winter they are able to get a few deer, but only a few at that.

At present there are about 5,000 Indians on the Apache reservation and 20,000 on the Navajo, all of whom are in anything but a prosperous condition and need the protection of the government. While so many large donations are being made to the starving people of Sweden and other foreign countries, it would be well for the American people and the government to begin their work of relieving the sufferings of the starving at home. The Apache reservation is unfit for stock raising and there is little of it attempted. What attempts have been made of recent years has resulted disastrously. It is stated on good authority that there are numerous natural resources on the reservation at which the Indians could be employed and make a good living, if the government saw fit to develop these resources and upon employment to the unemployed and unfortunate Indians.

Many are compelled to live on the natural foods as they did before the invasion of the white man, but it must be borne in mind that these natural foods are not as plentiful as they were in the olden times. Since then they have come in contact with the whites, conditions have changed and the Indians have been educated to drop their aboriginal customs and live as the white men do. This they have tried to do and would have succeeded admirably had not adverse circumstances blocked their progress.

What is more lamentable is that many of the children are dying from lack of proper nourishment and the old men and squaws, who lived when the southwest was all theirs, are dying from want of proper protection. The real misery and distress can only be learned by visiting the reservation and investigating, which has been done by many interested in the welfare of the Indian.

The Stomach is the Man. A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure cleanses, purifies, sweetens and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. B. H. Briggs & Co.; S. ### DEMING.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eyes on Deming. Deming has just been incorporated. Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cattlemen all know this. Deming, the coming city of New Mexico. Deming has a magnificent school system. Deming, the railroad center of New Mexico. Deming, the gateway to the best part of Old Mexico. Deming, the seat of the new county of Luna. Deming is the great mining center of the southwest. Deming! Don't overlook it if you are looking for a safe and paying investment. Deming water is chemically pure—equal to Polan springs. Deming has increased 50 per cent in population in four years. Deming, water and pure ozone make strong and healthy people. Investments in Deming will double and treble in one year. Deming has now a large ice plant and electric light system under contract. In Deming the demand for rental houses is five times in excess of the supply. Deming has an abundance of water for irrigating vineyards, orchards, or gardens. Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment. In Deming good safe loans can be had at better rates than in the old established towns. At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months. In Deming another good hotel is needed to accommodate the enormous increase of population. Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles. Deming will be the great smelter center. Two large plants will be installed within the year. Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured? Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds. Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago. Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

TERRITORIAL  
LAWMAKERS

(Concluded from page one.)

can, Albright and Spies voted no. Mr. Albright as chairman of the committee announced that he had no bill of that number in his possession and it had not been referred to his committee. An investigation showed that council bill No. 66 relates to game and fish warden and Mr. Jaramillo investigated and found the bill he wanted considered was council bill No. 63, so he renewed his motion on No. 63. The report was ordered. Messrs. Fall and Martinez recommended the passage of the bill and Mr. Albright recommended that it be tabled indefinitely. The minority report adopted. Mr. Jaramillo said he held a petition signed by all residents of Espanola precinct, except one or two, that the transfer be made and the report that he had had the petition signed here in Santa Fe was not true as he could prove from letters in his possession. Mr. Fall said he would support the transfer because it was such a pleasure to steal from Santa Fe county as Santa Fe county had been stealing from others for so many years. Amado Chavez said he could clearly see the majority was against him and that the bill would pass so he would bow to the inevitable and try to take it with good grace, but he wanted to register a protest on behalf of Santa Fe county. The bill was then passed by 6 to 4. Messrs. A. Chavez, Duncan, Albright and Spies voting against it.

Mr. Hawkins introduced council bill No. 91, an act providing two additional members of the territorial board of equalization and making that body one of seven members. As the appropriation for the support of the board as passed, was \$750 on the basis of five members, the bill was so amended as to make the appropriation \$1,000 for seven, and as amended was unanimously passed under suspension of the rules.

The council then adjourned until 10 o'clock Tuesday morning.

THIRTIETH DAY, TUESDAY,  
MARCH 3, 1903.

The Council.  
(Morning Session.)

When the council met Tuesday morning, Mr. Pinard, who was absent Monday, on account of sickness, was in his seat. Prayer was offered by Rev. W. H. Moore. Mr. Fall asked unanimous consent to recall the appropriation bill to insert a necessary amendment that was inadvertently left out by the stenographer. The amendment is to section 13, and provides for the repayment of the new provisional indebtedness fund. The amendment was adopted.

Mr. Hawkins asked for unanimous consent to recall the appropriation bill for another amendment. He desired to insert in the miscellaneous fund \$2,000 for the contingent expenses of the governor's office. Consent was given and the amendment was presented. Mr. Fall said the item had been left out by the committee because the impression seems to prevail that the governor did not want the fund. Mr. Spies said he thought the governor ought to have it whether or not as the governor's office is the poorest paid office in the territory. Mr. Hawkins said the criticism of the item in the past was unfounded and there is more need every year for the executive to go in person to Washington. Mr. Hughes said the governor had not used any of the \$3,000 appropriated at the last session and saw no necessity for incurring criticism for two years if the governor does not desire the money. Amado Chavez said it was necessary to have the appropriation so that the governor might use it if necessary. He stated that the governor being a careful man, had not used a cent of the money of the territory where not necessary. The amendment adopted.

Mr. Pinard from the committee on insurance, reported council bill No. 29 and recommended that it be passed as amended by striking out section 3. The bill regulates the filing of annual statements by insurance companies and is for other purposes. Mr. Jaramillo moved the adoption of the report and this was done.

Mr. Duncan introduced council bill No. 92, an act providing for the sprinkling of streets and assessing the cost against owners of property on streets so sprinkled. Referred to the committee on municipal and private corporations.

Council bill No. 93 was introduced by Mr. Duncan, an act to amend chapter 101 of the session laws of 1901, relating to the claims against counties and the payment of school and jury warrants. Referred to the judiciary committee.

Council bill No. 94 was introduced by Mr. Pinard, an act to require the destruction of carcasses of animals dying of contagious diseases and specifying the "black leg" said destruction to be by fire. Referred to the committee on territorial affairs.

Council bill No. 95 was introduced by Mr. Hughes, by request. It is an act to protect snipe, sand hill cranes and other birds that wade, and to protect ducks from July to November. It does not prevent butchers from selling these birds that have been killed outside of the territory. Mr. Hughes moved to

suspend the rules and a roll call was demanded. The motion was lost. Messrs. Albright, Fall, Martinez, Pinard and President Chavez voting nay. Mr. Fall, in explanation of his vote, said he saw no necessity for rushing through such a bill as this. The bill was then referred to the committee on territorial affairs. The bill was tabled and these voting for tabling it were Messrs. Albright, Fall, Martinez, Pinard, Amado Chavez and President Chavez.

Mr. Fall moved that unanimous consent be granted Mr. Hughes to present a petition. This was done and the petition presented was from citizens of Escondido, precinct 2, Socorro county, demanding the passage of house bill No. 26, the Ortega acequia bill. Mr. Albright presented a petition from precinct 13, Bernalillo county, asking the passage of the same bill. Both were referred to the judiciary committee.

Council bill No. 29, an act regulating the filing of statements by insurance companies and for other purposes, was then taken up. The recommendation of the committee was to strike out section 3 which requires that no fire insurance company may do business in New Mexico without first depositing with the treasury \$10,000 in money or approved securities as a security against losses. Mr. Fall moved to amend to make the fees for filing charters of deeds of settlements, payable to the territorial treasurer to be used for the school fund, instead of to the auditor. Mr. Fall said he did not want to increase the auditor's income. Mr. Spies seconded the motion. Amado Chavez desired to recommit the bill, but Mr. Fall insisted that the bill, as amended pass so that the \$880 should go to the school fund. The amendment was lost. Messrs. Albright, Amado Chavez, Duncan, Jaramillo, Martinez and Spies voting nay. The bill then went to the third reading on motion of Mr. Martinez.

Mr. Hawkins opposed the bill and said he wanted to know what the auditor is getting. He declared that every territorial officer should be forced to give statements of his revenues. He said he was opposed to pouring public money into the pockets of private individuals. Mr. Fall said that by repealing section 3 the council would repeal all laws requiring insurance companies to file bonds of any kind. He again insisted that the council was doubling the fees of the auditor when he does not need it. He declared the auditor's office to be a magnificently paid one and said there was not one of the officers who would refuse it if the present salary was reduced. Mr. Fall moved to recommit the bill to the judiciary committee. Mr. Spies thought it should go to the committee on territorial affairs. Mr. Duncan discovered that Mr. Hughes had moved to have it recommitted to the judiciary committee and that the motion was seconded by Mr. Albright. Mr. Spies said it made no difference where the bill went and Mr. Jaramillo agreed with him. Mr. Hawkins said it was a poor state of affairs where councilmen were indifferent when a private snap was being fixed up. Then by unanimous consent the bill was recommitted to the committee on education.

Council bill No. 9, an act to appropriate \$5,000 for the drilling of the Artesian well at the penitentiary, was taken from the president's table. Mr. Fall moved to make the appropriation \$10,000 to be paid out of the permanent improvement fund from the sale of penitentiary lands. The amendment was adopted and the bill as amended was passed.

By unanimous consent, Amado Chavez introduced council bill No. 96, an act granting certain lands in the city of Santa Fe to the Women's Board of Trade as a site for a public library. The land is on the west side of Washington avenue and has a frontage of 100 feet. It was referred to the committee on territorial affairs.

By unanimous consent Mr. Hawkins introduced council joint resolution No. 4, calling on the treasurer, auditor and secretary to report at once the amount of salary received by each and of fees from all sources. It was adopted.

Mr. Spies from the committee on judiciary, reported house bill No. 26, the Ortega acequia bill, and recommended that it be passed with the amendment that it shall apply only to Bernalillo and Socorro counties. As amended the bill was passed.

The council then took a recess until 2 o'clock in the afternoon.

The Council.  
(Afternoon Session.)

When the council met Tuesday afternoon Mr. Jaramillo asked unanimous consent to report council bill No. 96, an act granting land to the Woman's Board of Trade of Santa Fe for a library. It was recommended for passage. The report was adopted and Mr. Hawkins presented an amendment exempting the tract from taxation and this was adopted. The bill as amended passed.

The council then adjourned until 10 o'clock Wednesday morning.

The House.  
(Tuesday's Morning Session.)

The house was called to order promptly at 10 o'clock. In the absence of the chaplain, no prayer was offered. The journal was read and approved. A message was received from the council that it had concurred in house bill No. 95; failed to concur in house bill No. 118, relating to archives and had passed a substitute; passed council bill No. 63, relating to detaching Espanola precinct from Santa Fe county to annex it to Rio Arriba county; passed council bill No. 83, relating to authorizing cities to collect and dispose of garbage; passed council bill No. 84,

for creating district attorney's districts.

Cristoval Sanchez moved to take up the bill to attach Espanola precinct of Santa Fe county to Rio Arriba county under suspension of the rules. Mr. Kilpatrick denounced the bill as rank injustice. Mr. Vargas urged that the rules be suspended and said he held petitions that it be done.

A petition which Mr. Vargas sent to the desk and which was dated Espanola, was read. Mr. Baca moved to amend the motion to suspend the rules by having the bill referred to the committee on county and county lines as many members are absent. He said that this would give an opportunity to all parties to be heard before a fair and just committee. Mr. Baca said Santa Fe county should be given an opportunity to be heard and the committee should fix an hour for both sides to be heard. Mr. Baca made a strong plea for the bill to take its regular order. Mr. Ortega raised the point that a motion to suspend the rules cannot be amended. The speaker ruled against him and Cristoval Sanchez moved to lay Mr. Baca's motion on the table. In explaining his vote, Mr. Baca made another strong plea that Santa Fe should be heard. Mr. Llewellyn said the request to refer was reasonable, but that he was satisfied that the house had determined to pass the bill and he could see no use in going against a majority that is determined to pass it. Eduardo Martinez said the request to refer is reasonable and he was opposed to rushing the bill through. Cristoval Sanchez said the people of Espanola were not consulted when they were annexed to Santa Fe county. Martin Sanchez complimented Mr. Baca and Mr. Kilpatrick for defending Santa Fe county, but said that this is a day of restitution and the request of the people of Espanola should be heeded. Mr. Baca's amendment was tabled by 14 to 4. Messrs. Baca, Kilpatrick, E. Martinez and the speaker voting nay. The rules were suspended by the same vote. On motion to read the bill the first, second and third times, the vote was the same, 14 to 4. The bill was then read. David Martinez, Jr., moved the passage of the bill. Mr. Baca on roll call, made an energetic protest against the passage of the bill. He declared it to be unfair and unjust.

Martin Sanchez said that Santa Fe county must eat of its own cooking. Mr. Vargas said that there had been ample time to present arguments against the bill. The bill was passed by a vote of 15 to 3. Messrs. Baca, Kilpatrick and the speaker voting nay.

A petition was presented from American trainmen working in Mexico, asking for ample protection when held for railroad accidents and arrested therefor and asking that the petition be endorsed and a memorial to the president of the United States be adopted.

The committee on judiciary made the following report: House bill No. 110, an act to amend the laws relating to the death penalty, passage recommended; house bill No. 109, an act respecting the property rights of married women, passage recommended; house bill No. 50, an act to repeal sections 46, 47, 48, 50, and 51, of the compiled laws of 1897, and to amend section 1860 of the same laws, passage recommended; house bill No. 58, an act making Socorro county a separate district attorney's district, passage recommended; council bill No. 15, an act to amend the laws relating to pleadings, passage recommended; council bill No. 64, an act to amend the election laws, passage recommended; house bill No. 48, the local option bill, passage recommended; house bill No. 104, an act relating to the duties of peace officers, passage recommended; house bill No. 51, an act relating to the rights of married women, passage not recommended; house bill No. 132, an act relating to procedure in criminal cases, passage recommended.

The committee on territorial affairs favorably reported council bill No. 65, an act to amend section 7, chapter 47, session laws of 1901. The committee on irrigation favorably reported amended council bill No. 68, an act relating to the injury of pipe lines.

visited the College of Agriculture and Mechanic Arts at Mesilla Park was read in full. It paid a high tribute to the work and management of the institution. Martin Sanchez moved the adoption of the report with cheers and that it be spread on the journal. The report was adopted without cheers, however.

Mr. Llewellyn asked unanimous consent to take up the memorial for the protection of the lives and liberty of American citizens in Mexico. This was granted and it was amended by Mr. Ortega so as to apply to all American citizens and to only trainmen, and as amended was adopted.

The following bills were introduced: House bill No. 146, by Mr. Baca, an act granting certain lands in the city of Santa Fe to the territory of New Mexico. Referred to the committee on municipal corporations.

House bill No. 147, by Mr. McCash, an act relating to public highways. Referred to the committee on roads and highways.

House bill No. 148, by Mr. Llewellyn, an act to amend section 10, chapter 81 of the session laws of 1899. Referred to the committee on irrigation. House bill No. 149, by Mr. Llewellyn, an act to encourage sanitarians in New Mexico. Referred to the committee on judiciary.

House bill No. 150, by Mr. Coleman, an act to amend section 2, chapter 72, session laws of 1901. Referred to the committee on railroads.

House bill No. 151, by Mr. Kilpatrick, an act to authorize county commissioners to have certain lands surveyed so as to provide for better tax returns. Referred to committee on territorial affairs.

The house took a recess until 2 o'clock in the afternoon.

## The House.

(Tuesday's Afternoon Session.) When the house was called to order, by unanimous consent, Mr. Llewellyn's bill to encourage sanitarians in New Mexico, was read in full for information, and under suspension of the rules was passed.

The committee on municipal corporations favorably reported council bill No. 54, an act providing for the annexation of land contiguous to cities and towns. Mr. Baca asked that the rules be suspended to take it up for passage. Cristoval Sanchez objected and moved to table the motion. It was lost by 6 to 12. The rules were suspended by 14 to 4. Cristoval Sanchez moved to adjourn and it was lost. He then moved to recommit the bill and Mr. Baca moved to table the motion and this was done by 13 to 5.

Cristoval Sanchez moved to adjourn and it was lost. The previous question was demanded. Mr. Pendleton flayed Mr. Sanchez for his dilatory tactics and his remarks were received with applause. Mr. Sanchez explained his vote at great length. Mr. Llewellyn and Mr. Baca reminded him he had

## LOS LUNAS COURT.

Judge Baker Went Through Docket  
at Rapid Rate.

## RAPIST VIA PLEADS GUILTY.

District Judge B. S. Baker, District  
Clerk W. E. Dame and Court Steno-  
grapher Harry Owen returned last  
night from Los Lunas, where district  
court was in session.  
Judge Baker opened court on Mon-  
day and transacted business at a rapid  
rate. The docket contained 101 cases  
when court opened. Last night, but  
twelve of the 101 remained, the others  
having been disposed of. The only  
criminal case of much importance dis-  
posed of was the rape case of August  
Via, charged with having committed  
rape on the person of a 19 year old  
girl, his wife's sister. Readers of The  
Citizen will remember that this crime  
was committed last December at Los  
Lunas and was one of the most brutal  
ever occurring in the territory. The  
girl is still in delicate health. Via  
pleaded guilty to the charge of rape and  
will be sentenced by the judge, he hav-  
ing the case under consideration. The  
grand jury is still in session, but will  
probably finish on Thursday, when the  
court will return to Los Lunas and  
clean up the docket.

## QUIET AT COLORADO CITY.

Strikers Are Conducting Themselves  
Properly—No Need of Troops.

Colorado City, March 4.—There was  
no disturbance of any kind today and  
the militia which arrived here last  
night had nothing to do. Colorado  
Springs has started a monster peti-  
tion to Governor Peabody asking for  
the recall of the troops.

## Some Protests.

Denver, March 4.—Governor Pea-  
body said today he had received some  
protests on account of sending state  
troops to Colorado City, but that he is  
satisfied he has only done his duty.  
The troops will stay there just as long  
as they are needed to protect property.  
When they are no longer needed they  
will at once be ordered home.

## COMMITTEE OF ELKS.

They Met Yesterday Afternoon and  
Will Advertise for Bids.

The Elks' opera house building com-  
mittee met in the office of D. J. Rankin  
yesterday afternoon and took further  
steps toward the building of the new  
opera house. The committee decided  
to advertise the first of next week for  
bids for the construction of the pro-  
posed new house and also decided on  
the issuing of about \$24,000 worth of  
bonds.  
The Elks realize that the sooner the  
new house is built and ready to accom-  
modate and fill the many needs of  
the city of an institution of the kind  
the new play house will be, the sooner  
they will begin to realize its benefits  
themselves, not only socially, but in a  
financial way, for it is believed that  
the new play house will be a paying in-  
vestment.

The firm of Anson & Holman, which  
secured the contract for the stone  
work, let last week, have already be-  
gun clearing up the old San Felipe  
hotel wreckage, preparatory to begin  
the laying of the foundation. The  
ground was broken when the hotel was  
built.

## Right-of-Way News.

Mayor Myers, W. S. Strickler and G.  
L. Brooks, the citizens' executive com-  
mittee, have announced that the full  
right-of-way for the Santa Fe tracks  
to the American Lumber company's  
plant has been secured.

Yesterday, a telegram was dispatched  
by the same committee to W. S.  
Hopewell at Pittsburg, Pa., informing  
him that the option on the east side  
site offered to the Albuquerque East-  
ern Railway company has been ex-  
tended from March 2 to March 12.  
Some difficulty is being experienced by  
the company in deciding which of the  
two locations will be more advan-  
tageous.

## Elected Officers.

iary of the St. Joseph's sanitarium,

the closing of the Lenten season, the

## BOUND OVER.

Hickey, Who Forged Telegraphic Pass,  
Found Guilty.

The case of J. N. Hickey, the tele-  
graph operator charged with forging a  
telegraphic pass, was continued in  
Justice Crawford's court this morning.  
W. C. Heacock, attorney for the de-  
fendant, produced evidence showing  
that a man could not be charged of for-  
gery when there was an error in the  
forged paper, by which it could easily  
be detected as not genuine. He held  
that the pass was not genuine because  
it represented a telegram received at  
Albuquerque and was dated Albuque-  
rque.

The judge, in giving his decision,  
stated that the evidence against the  
prisoner was very strong, and he did  
not believe the attorney's point would  
hold good in this case.

Hickey was bound over to the grand  
jury under a bond of \$500.

Annual Convention Cattle Raisers  
Association, El Paso, Texas, March 10,  
11, 1903.—Rate, one fare or \$10 for the  
round trip. Dates of sale, March 9 to  
12, inclusive; limit, March 16, 1903. For  
those desiring to make trip to City of  
Mexico tickets will be extended twenty  
days. For further information call on  
F. L. Myers, agent.

Early spring styles of W. L. Douglas  
shoes are at hand. Every style is  
shown from the patent leather vici  
dress shoe to the heavy box calf work-  
ing styles, at \$3 and \$3.50. Simon  
Stern, Railroad Avenue Clothier.

**Notice of Stockholders' Meeting.**  
There will be a stockholders' meet-  
ing of the C. & C. Consolidated Mining  
Company on March 10th, 1903, at 7:30  
p. m. at the office of L. B. Stern.  
LEON B. STERN, Secretary.

It will pay you to see our new line of  
samples before you place your order  
for a spring suit or pants. You will  
not find a better line in town, to select  
from, than the one we have from Fred  
Kauffman, the American tailor, of Chi-  
cago, whose advertisements you will  
find in the leading magazines and  
weeklies. He is famous for building  
men's and boys' clothing to measure.  
We have been taking measures, and  
orders for him for about 12 years, and  
it is very seldom that a suit has to be  
altered in any way. We want your  
trade and will work hard to please  
you; besides we can save you from  
\$1.00 to \$10.00 on a suit, and that is  
worth saving, even if prosperity is  
with you. Call and look the line over.  
Each sample is marked in plain figures  
at the Racket.—D. H. Boatright, prop-  
rietor.

# RHEUMATISM

**ACUTE AND CHRONIC, MUSCULAR, MERCURIAL, ARTICULAR AND INFLAMMATORY.**

Some people have been suffering from Rheumatism so long that they can scarcely remember the time when they were entirely free from an ache or pain, and have long since forgotten the joys of a painless existence. They are at the mercy of every ill wind, and their misery is aggravated by exposure to cold or sudden changes in the temperature. They become walking barometers and most accurate in weather predictions, the increasing pains in muscles and joints foretelling the approaching storm or the coming of bad weather. It is from these constant sufferers that the great army of rheumatic cripples is recruited. Their bodies are worn out by the incessant pains and the joints become so stiffened and bent that they are at last compelled to give up or hobble about on crutches.

Nobody ever outlived Rheumatism; the disease never loosens its grip or leaves of its own accord, but must be driven out by intelligent and persistent treatment through the blood, for Rheumatism of every variety and form is caused by an over acid condition of the blood, and the deposit in muscles, joints and nerves of corrosive poisons and gritty particles, and it is these irritating substances that produce the inflammation, swelling and pains, which last as long as the blood remains in this sour and acid state.

To cure Rheumatism permanently the blood must be purified and invigorated, and no other remedy does this so well or so promptly as S. S. S. It refreshes and restores to the thin acid blood its nourishing and health-sustaining properties. And when strong, rich blood is again circulating through the body the acid poisons and irritating matter are washed out of the muscles and joints, and the pains at once cease and Rheumatism is a thing of the past.

S. S. S. is a purely vegetable medicine and does not derange the stomach like the strong mineral remedies, but builds up the general health, increases the appetite and tones up the digestion.

Through our Medical Department the pain-racked, despondent Rheumatic sufferer will receive helpful advice from Physicians of experience and skill without charge. Write us fully about your case.

**CARLSBAD.**

From the Argus.

A meeting of all the sheep owners of the county has been called for March 14 in Carlsbad, to arrange for the lambing season. The promised shortage of labor is to be met by the importation of a sufficient number of men for the different camps from Texas. To formulate a definite plan for securing these men is the purpose for which the meeting is called.

A runaway that nearly resulted disastrously occurred the other afternoon. W. L. Bobo had a couple of young lady visitors out for a ride behind his team of spirited ponies, and when on the avenue leading to The Heights, a shackle bolt slipped out, allowing the tongue of the buggy to fall about the heels of the horses, which started them running. Mr. Bobo was thrown from the buggy and was dragged several yards holding on to the reins, which were finally torn from his grasp. At the approach of the bridge the buggy was wrecked, the horses tearing loose and continuing on their mad career toward town. At the side entrance of the Schlitz, Mrs. L. Fuoss and Mrs. Beyer were occupying the former's buggy when the Bobo horses crashed into their rig from behind, causing what looked like a fatal wreck. However, the ladies miraculously escaped with a shaking up and bad scare. Their rig was almost reduced to kindling wood. The ladies in Bobo's buggy also escaped with a few small bruises, while Bobo himself was the chief sufferer, being badly scratched by gravel on the arm and side.

**HERPICIDE'S MISSION.**

New Remedy That Destroys the Dandruff Germs.

Nothing is more annoying to men or women of middle age when they notice that their hair is growing thinner, when they must admit that the first indications of baldheadedness have commenced to appear. Many would give a thousand dollars and more for a remedy with which to preserve their natural head-dress. However, they don't need to. Newbro's Herpicide removes the effect of dandruff by destroying the cause, the only dandruff cure that actually destroys the dandruff germ.

I owe my whole life to Burdock Blood Bitters. Scrofulous sores covered my body. I seemed beyond cure. B. B. B. has made me a perfectly well woman." Mrs. Charles Hutton, Berville, Mich.

Hon. Hilario Sandoval, formerly a county commissioner, is reported today very low, with chances against his recovery. He has been in exceedingly poor health for the past few years.

**Bowling Green, Ky.**  
Gentlemen—About a year ago I was attacked by acute Rheumatism in my shoulders, arms and legs below the knee. I could not raise my arm to comb my hair. Doctors prescribed for me for over two months without giving me any relief. I saw S. S. S. advertised and decided to try it. Immediately I commenced its use I felt better, and remarked to my mother that I was glad I had at last found some relief. I continued its use and am entirely well. I will always feel deeply interested in the success of S. S. S. since it did me so much good. Yours truly,

dermen and school directors, thus doing away with the necessity of holding a spring municipal election this year; amended council bill No. 6, providing for the burial of deceased indigent soldiers by the counties in which they lived; council bill No. 60, fixing the fees of district attorneys; amended council bill No. 45, paying the way to the municipal ownership of water and light plants; amended council bill No. 5, giving mayors the veto power; council bill No. 4, creating Roosevelt county, with Portales as the county seat; house bill No. 49, creating Quay county, with Tucuman as the county seat; house bill No. 91, appropriating \$500 to reward A. B. Baca for capturing Jose Telles, a murderer, who escaped from the Santa Fe county jail after killing the jailor.

**Colds Are Dangerous.**

How often you hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency toward pneumonia. It always cures and is pleasant to take. For sale by all druggists.

Chas. K. Newhall, of the First National bank, who has been on the sick list for the past few weeks, is able to be up and around.

**What's in a Name?**

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases, DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's the genuine. B. H. Briggs & Co.; S. Vann & Son.

Probate court held a session at the court house Monday, but there was no business of any great interest transacted.

**Chamberlain's Colic, Cholera and Diarrhoea Remedy.**

Is the best and most popular medicine in use for bowel complaints. It never fails and is pleasant to take. Mr. R. Woodward, of Rosslyn, Ky., says: "I have handled Chamberlain's Colic, Cholera and Diarrhoea Remedy for twelve years; have never sold a bottle that did not give perfect satisfaction, and it is the best selling diarrhoea medicine that I handle." For sale by all druggists.

The first base ball game of the season will be played Sunday afternoon at the fair grounds between the Tigers and Old Town Reds.

The best pill 'neath the stars and stripes; It cleanses the system and never gripes.

Little Early Risers of worldly repute—Ask for DeWitt's and take no substitute.

A small pill, easy to buy, easy to take and easy to act, but never failing in results. DeWitt's Little Early Risers arouse the secretions and act as a tonic to the liver, curing permanently. B. H. Briggs & Co.; S. Vann & Son.

Wm. Ruby has a brick kiln of 150,000 bricks now ready for the market. He expects to supply, in addition, 75,000 bricks to a Belen gentleman.

**Rock Island Grading to Sub-Let.**

112 miles of grading, concrete and bridging, between Tucuman, New Mexico, and Amarillo, Texas. Work now ready. Estimated half million yards of sand stone and two and a half million yards of earth. Fine material. Good prices. Address, room 225, New York Life building, Kansas City, Missouri.

## LAS VEGAS.

From the Record.  
Dr. Geo. T. Gould returned from El Paso where he spent a quiet week with his wife and children.

L. M. Parke returned to his home at Shoemaker, leaving his wife here, where she will make a short visit to her sister, Mrs. N. S. Elderken.

Serapio Romero reached here from Torreon, N. M., where he is said to be coming ducaits in the railroad tie business, in conjunction with his uncle, Eugenio Romero.

Miss Sadie Post, a cousin of Conducing Mr. Hubbard and family for severing Mr. Hubbard and family for several weeks past, left for Denver, having received word that a sister will be married there on March 5 and then leave for South Africa on a wedding tour.

From the Optic.  
Jack Pettit, day caller at the round house, is sick abed with a bad case of neuralgia.

Mrs. A. B. Stanton, Jr., returned to the family hearth from Albuquerque, where she had spent a very pleasant week visiting the family of A. B. Stanton, Sr.

H. C. Williams came up from Belen to remain a few days in the Meadows. Mr. Williams reports very little snow in the Rio Grande valley, but railroad business down there rushing along at a great rate.

M. M. McShooler last week caught a native driver of one of his wagons stealing a chicken. He immediately discharged the thief, holding back his pay, which was credited against the chicken. The man, who lives at La Lierre, went home and made complaint before the justice of the peace down there, charging McShooler with holding back his wages and slandering his character. A deputy sheriff was sent up to arrest McShooler and he was summoned down through the snow to defend his action. Mr. McShooler went down Saturday and had the case continued until today, when he went there again, armed with a counter warrant charging the native with stealing chickens. At this writing nothing has been learned as to the outcome of the case, but, however it turns out that hen of Mac's will be about as expensive a chicken as a man can afford to own.

**Well Again.**  
The many friends of John Blount will be pleased to learn that he has entirely recovered from his attack of rheumatism. Chamberlain's Pain Balm cured him after the best doctors in the town (Monon, Ind.) had failed to give relief. The prompt relief from pain which this liniment affords is alone worth many times its cost. For sale by all druggists.

### LOCAL PARAGRAPHS.

A grand specialty entertainment will be given at the new St. Mary's hall on Tuesday evening, March 17, in honor of Ireland's patron saint, under the management of that prime minister of negro minstrelsy, Harry McKay, assisted by the best local talent in Albuquerque. Admission 25 cents.

Will Smith, representing the Ballard Snow Liniment company, St. Louis, Mo., is in the city, calling on the drug stores.

Harry E. Lantry, of the firm of B. Lantry Sons, railroad construction contractors, having large contracts for the building of the Santa Fe cut off, came up from Belen this morning and is spending the day in the city. Mr. Lantry gives out information that work on the cut off is progressing as well as could be expected considering the unfavorable weather, which has prevailed the past several weeks.

C. F. Grayson, president of the Silver City National bank, was in the city between trains this morning while en route to Santa Fe.

Hon. R. M. Turner, representative from Grant county; J. L. Burnside, collector of Grant county, and Al Dano, the wet goods merchant, prominent people of Silver City, passed through the city this morning en route to the territorial capital.

Otto Dieckmann, the well known real estate dealer, presented his friend, Rev. William D. Clayton, with two old books, one published in 1788 and the other in 1802. These valuable and rare old books contain seventeen sermons by Richard Hurd, D. D., and G. B. Massillon, bishop of Clearmont. The books are quite a curiosity and a very high value is placed upon them.

A. G. Roberts, of Vincennes, Ind., who was here the past four months recuperating, left on his return home this morning.

C. T. Brown, the Socorro mining man, passed through the city this morning, in company with Prof. Chas. R. Keyes, president of the New Mexico school of mines, of Socorro, en route to Las Vegas.

Miss Gilbert, the milliner, has returned from an eastern millinery market, where she has been the past few weeks buying spring and summer goods.

Rev. A. M. Mandalari, the popular priest of the Immaculate Conception church, who was taken quite ill the other evening, is reported convalescing at the St. Joseph sanitarium.

The home of Darby E. Day, district manager of the Mutual Life Insurance company, has been brightened by the addition of a smiling faced boy, who will undoubtedly be adopted into the insurance business. Mr. Day is receiving many congratulations.

Sheriff Thomas S. Hubbell sold to Ernest Meyers, the highest bidder, a tract of little more than sixteen acres of land, lying just north of Old Albuquerque. The sale took place at the court house in Old Albuquerque on Monday morning at 10 o'clock. The land was sold to satisfy a judgment of over \$2,200, held by Mr. Meyers against Santiago and Predad Baca. His bid was \$2,100.

A few days ago Nat Greene, the night mixologist at Zeiger's Cafe, was bitten on the heel by a dog. The bite did no special harm to Mr. Greene, but there was something in the heel that did harm to the canine. The dog died the next day after the bite, and the owner of the dog, so reports have it, intends to have Greene's heel examined.

Mrs. M. B. Covert, whose troubles with her husband were up in the police court yesterday, says that she and husband did not have an open quarrel during the proceedings before Judge Crawford, but she quietly listened to his abuse and insinuations, he therefore doing all the talking. Neighbors say that Mrs. Covert is a very industrious woman and for years has been the mainstay of the family. Friends also say that Covert is of a jealous nature, and has, without cause, publicly abused his wife. He was put under peace bond.

Mrs. C. M. Clark left last night for Riverside, Cal., to join her family. Mrs. Clark came to Albuquerque about a year ago from Ottawa, Kas., suffering from asthma. She has fully regained her health and speaks in the highest terms of the climate of New Mexico.

The Woman's Circle of the Baptist church will hold a monthly social tomorrow afternoon at 2:30 with Mrs. Powell, 313 South Arno street.

Fred B. Ackerman, brother of Attorney Frank Ackerman, is expected to arrive tonight from Kirkwood, Ill. He comes with the expectation of making Albuquerque his future home.

### Here from Los Lunas.

Fred Huning arrived this morning from Los Lunas, where he is managing affairs on his mother's ranch. He says that wheat sowing is going on under very favorable circumstances. The abundance of snow on the mountains insuring a plentiful supply of water for irrigation and spring rains, are features of the prospect for a good year. Mr. Huning expects to have about 500 acres of wheat and is now about half done with his seeding.

### Frank Lee to Marry.

Many people of Albuquerque have received cards announcing the coming marriage of Frank Everett Lee, son of Judge W. D. Lee, to Miss Evelyn Suggs, one of the charming maidens of Yuma, Arizona. Mr. Lee has been identified with business interests in Yuma for some time and will remain a resident of the attractive place after

his marriage. The wedding will take place on Wednesday, March 18. His many friends in this city extend their congratulations in advance to Mr. Lee and his coming bride, and wish them success and happiness.

W. V. Wovrin, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, Grant block. Both 'phones.

### Resolutions of Sympathy.

At a meeting of the Albuquerque lodge No. 1, I. O. O. F., held last night the following resolutions were passed:

Whereas, Brother A. D. Johnson has been called upon to part with his dearly beloved daughter; and

Whereas, The circumstances have presented us from personally calling on our brother in this hour of deep grief; therefore be it

Resolved, That we, the members of Albuquerque lodge No. 1, of the I. O. O. F., in lodge assembled desire to extend to Brother A. D. Johnson and his family our heartfelt sympathy in this hour of severe trial and that we commend them to that source of all comfort which has sustained so many hearts in time of like need; and be it further

Resolved, That these resolutions be spread upon the records of this lodge, a copy forwarded to our afflicted brother and a copy handed to the local papers for publication.

Respectfully submitted,

E. B. CRISTY,  
Committee.
