SESSION NEAR ITS CLOSING

The Fifty-Seventh Congress Will Soon Expire.

PRESIDENT TO RECEIVE PROTECTION

From Anarchical Harm--Point of No Quorum Failed of Recognition in the House.

Washington, March 3.—At 11 o'clock today the senate entered upon the last legislative day of the fifty-seventh congress.

There will be no adjournment until 12 o'clock tomorrow when the congress expires by limitation.

A resolution was adopted continuing until the next regular session the standing and select committees.

The conference report on the sundry civil bill was agreed to.

Mr. Hoar called up the conference report on the bill to protect the president.

Mr. Bacon, Georgia, declared the alleged conference report is a bill which had never been read in the senate. The bill, he said, is far reaching in its character and absolutely subversive of the fundamental principles on which the government is founded.

Replying, Mr. Hoar insisted the conference report was the senate bill in its entirety with the exception of a matter pertaining to anarchists.

The program in the senate for the closing legislation day is to take a recess at 5 o'clock until 9 o'clock tomorrow.

Before 5 o'clock probably all conference reports, except the naval bill, will be agreed to.

An understanding is the Aldrich bill will not be pressed. This will practically clear the decks and the senators can avoid the usual all night session preceding the end of a congress.

THE NATIONAL HOUSE.

Washington, March 3.—When the house reconvened at 11 o'clock this morning the prospect was that it might remain in continuous session until tomorrow noon.

Despite the fact that the session last night was prolonged until midnight, there was a fairly large attendance on the floor and the galleries were well filled.

As soon as Speaker Henderson called the house to order, Mr. Richardson, the minority leader, attempted to make the point of no quorum, but the speaker recognized Mr. Payne to demand the ayes and nays on the pending question coming over from last night—the adoption of the conference report on the immigration bill.

Mr. Richardson insisted that his point was good, but the speaker overruled him and when the democratic leader appealed from the decision he declined to entertain the appeal on the ground that it was dilatory.

The report was adopted 197 to 17. The presentation of a conference report on a private pension bill was made the occasion for some good natured political chaffing. Mr. Mieres, of Indiana, said that if the republican party was the good friend of the old soldier it professed to be, the house managers would bring in a rule to adopt the conference report on the remaining pension bills "en bloc."

INTERESTING INTERVIEW

O. E. Cromwell Talks of Statehood and Territory in General.

FEW WORDS ABOUT THIS CITY.

O. E. Cromwell, who is a large property owner in Albuquerque and has been in Washington during the winter looking after the statehood matter, arrived here yesterday, and the inquisitorial scribe proceeded to ask his opinion on matters in general relating to New Mexico and Albuquerque in particular.

"Yes," said Mr. Cromwell, "statehood is dead for the present, or rather not dead but sleeping, for the justice of our cause will not permit it to die; and our righteous indignation cannot rest upon the injustice that has been put upon the citizens of this territory by a pre-determined senatorial investigating committee, who came here not to find if these territories were fitted for statehood, but to discover all that

could be twisted into a disqualification. But all this investigating committee business was a fraud and farce from the beginning, and was only a mask to thinly conceal the real issue, and had the territory been populated by university graduates the report would be the same.

"The true explanation of the fierce opposition to the statehood bill is found in the objection of certain senators of long tenure to the admission of six new senators, and thereby unsettling what they are pleased to call the balance of power in the senate.

"The situation is just this: There is a combination of senators who are chairmen of the principal committees, such as naval affairs, military affairs, foreign relations, finance, etc., who shape the national policy and laws, and no legislation or treaties can be concluded without their sanction. This combination might be called the executive committee of the United States, and are our absolute governors and dictators. This oligarchy of the east viewed with the gravest apprehension the advent of six new senators, and would none of it. A similar condition prevailed in the senate just before the war of the rebellion when the oligarchy of the south held the same power. They looked with the same apprehension to the coming into the union of the then new west, and when they found it impossible to further contest the matter by regular means, they brought on a civil war.

"Perhaps our present oligarchy of the east might not go so far as that to maintain themselves in power, but they have not hesitated to go back on the promises they made in the national convention, or to untruthfully vilify the good name of these territories, or to hold up all national legislation against a majority of the senate, rather than allow the question to come to a vote. There will always be a strong opposition from the eastern and especially the New England states, to the admission of any new states, or territories, either. A more unreasonable objection can not be imagined, for the interests of New Mexico in our common country could not be otherwise than broad and patriotic, quite as much, if not more so, than that of the east.

"New Mexico did a wise thing when it elected Mr. Rodey to succeed himself as delegate. He has been a most indefatigable worker, and has accomplished as much as some state delegations that comprised four or five men. That he has been an earnest advocate of statehood we all know, but we do not know the amount of other work he has accomplished. I have been in his office nearly every day, and can speak from observation. There are constant hidden attacks against the interests of this territory that have to be headed off, and matters of a favorable nature to be advanced. I know that the omnibus combination of the statehood bill was originated by him so as to secure a general support, and this was accomplished by his personal acquaintance with his fellow members in a great measure. When he first came to Washington he knew no one in the house, so he employed one of the pages who knew all the members to put in his spare time at his desk and tell him who the different members were, until he knew them by sight. He then would make their acquaintance and endeavor to gain their personal favor. He is better equipped now to do good work than ever before, and I shall be surprised if he does not show this during his second term. I cannot say too much for his indefatigable industry. He was mainly instrumental in advancing to a conclusion the American Lumber company, which has determined to locate here.

"There is nothing that will contribute so greatly to the prosperity of this country as irrigation, and a law is in existence which has appropriated several millions to this object. But what chance has a territory with one voteless delegate to have any of these millions spent within its area? Statehood would have put us in a far different position. Another drawback is the Elephant Butte dam case which seeks

to enjoin the citizens of New Mexico from impounding or storing the waters of the Rio Grande during the torrential season. Our citizens should take the greatest interest in this matter and protest in every way they can against this injustice. The state of Colorado, which is the chief offender in this matter, is not touched in the suit. They take all the water they want and no one says a word. But Colorado is a state and New Mexico a territory, and that makes all the difference.

"How does Albuquerque appear to me? Well, after an absence of about two years, I see many great and substantial improvements. The most noticeable is the new hotel, not only from its striking exterior, but also for the good taste of its interior furnishings and decorations. I haven't yet had a chance to take a ride about town, but the well outlined streets as far as the eye can reach, show great progress and their well kept and clean condition speak volumes in praise of the city authorities.

"As to Albuquerque's future? Well, I am a pretty fair prophet, and in view of the many new enterprises, factories and railroad which will soon materialize, I should say that Albuquerque would enjoy an increase of population in next two years of about 30 to 40 per cent. I think the future prospects are fine. What has impressed me more than anything is that the sidewalks seem much narrower than they used to be. Of course they are not, and for some time I was puzzled to account for this impression; but it was finally explained by the greater number of people upon them which made them look crowded and consequently smaller. This indicates a vast increase in population within the past two years. Yes, Albuquerque is all right, and I am very proud of the town, for I have spent much time and money in her behalf, and have given besides of the best years of my life helping with many others to push her to the fore."

THE VENERABLE POPE.

Celebration of the Twenty-Fifth Coronation Anniversary.

SEVENTY-FIVE THOUSAND PEOPLE.

Rome, March 3.—From sunrise to day all Rome was on the alert showing most universal animation and interest in the celebration of the twenty-fifth anniversary of the coronation of Pope Leo XIII.

Vast crowds gathered around St. Peter's and when the doors opened there was an indescribable struggle in which those present forgot all rules of holiness in their effort to reach the interior of the sacred edifice.

A number of women had their gowns ruined and some had to be carried away in a fainting condition.

After an hour's fatiguing waiting the majestic procession began to appear.

A few minutes after 11 o'clock the pope was brought in on a new sedia gestatoria, carried by twelve men. They appeared more than human and seemed more like a white spirit as they moved their hands slowly in benediction. Profound silence fell over the multitude as the pope performed mass and after benediction retired. It is estimated that 75,000 people, including about 1,000 Americans, attended.

THEY WANT PROTECTION.

Troops Sent to Colorado City to Prevent Destruction by Strikers.

Denver, March 3.—At the request of Sheriff Gilbert, of El Paso county, and the United States Reduction company operating at Colorado City, Governor Peabody at noon today called out the state troops to proceed to Colorado City, and protect the reduction company's plant from strikers. Everything was quiet at Colorado City today.

Troops Number Five Hundred.

Denver, March 3.—Troops sent to Colorado City this afternoon are Battery A, Companies A, B and K of First Infantry and Troop C of First Squadron cavalry, all of this city, and Companies D and I of Second Infantry, of Colorado Springs. There are about 500 men in all.

Strike Increases.

Colorado Springs, March 3.—The owners of the Elkon and other mines at Cripple Creek were notified to discontinue shipping ore to the reduction mills at Colorado City which are having strike troubles with the labor unions, on and after March 9. This introduces the strike into the Cripple Creek district as the Elkon company says it will continue to run, employing union and non-union men as they can be secured.

J. H. Stingle and W. S. Rishworth are new additions of the local herd of Elks.

THEIR ULTIMATUM

Looks Like a Coming Strike on the Wabash.

BILLY BRYAN'S USUAL BLUFF

Five Men Killed in an Explosion at Cement Works.

BIG DEPARTMENT STORE FIRE

St. Louis, March 3.—President Ramsey, of the Wabash railroad, has until noon to reply to the demands of the trainmen, yardmen and firemen on all division of the system, except in Canada, for an increase in wages ranging from 12 to 15 per cent. Unless this demand is acceded to there will be a general strike of 2,500 men, so the ultimatum sent to President Ramsey yesterday declares. When the compromise between the management and employees of the Missouri Pacific, Iron Mountain, Missouri, Kansas & Texas, St. Louis & San Francisco and St. Louis Southwestern roads was recently entered into, whereby a general increase of 15 per cent in wages was granted, President Ramsey agreed to a similar advance on the western division. He declined, however, to pay more on the divisions east of the Mississippi river than was given by other roads for the same service.

Given More Time.

St. Louis, March 3.—At the request of President Ramsey this morning the committees of the Wabash firemen and trainmen have modified their demand that a reply should be made at noon and he is given until 5 o'clock to further consider the matter of a general advance in wages.

They Must Not Interfere.

St. Louis, March 3.—United States Marshal Morrissey this afternoon served writs of injunction on the members of committees representing the trainmen's and firemen's organizations, which have a controversy with the Wabash railroad and have announced that the strike is to be called at 5 o'clock this afternoon unless a favorable reply to their demands is received from President Ramsey.

The injunction was issued by Judge Timber B. Adams, in the United States circuit court, at the instance of the Wabash Railroad company and it restrains members of the committees and all other employees of the committee from interfering in any manner with the operation of the road.

Threatened Strike On.

Kansas City, March 3.—A message from President Ramsey, of the Wabash, was received by the assistant general freight agent of the line in this city at 12:15 today, notifying the latter that the threatened strike was on and not to accept any more freight until further notice.

DEPUTY SHERIFF KILLED

Shot and Killed by an Indian Whom He Had Once Arrested.

Special to The Citizen.
Gallup, N. M., March 3.—Deputy Sheriff Lyne Parker, of Apache county, Arizona, was shot and killed by an Indian last night near Navajo Springs. He was a squaw man and had lived on the reservation for many years. He arrested the Indian once and was killed for revenge.

BILLY BRYAN.

Defeats Have Made Him Sore and He Keeps Talking.

New York, March 3.—William J. Bryan has informed his intimate friends of this city, says the Tribune, that if the gold and plutocratic democrats triumph in the next democratic convention he will lead his followers from the hall and nominate an independent democratic ticket with a platform that will enlist the support of the radicals.

DEADLY EXPLOSION.

Five Men Killed in Explosion at Cement Works.

Easton, Pa., March 3.—So far as can be learned at this time, five men were killed by yesterday's explosion at the

Edison Cement works at New Village, N. J.

The dead are: James Meyers, Daniel Smith, Nathan Hopkins, Edward Phillips, Kinney. Nothing but shreds of flesh and bits of clothing have been found of Kinney.

The officials at the works refuse to give out any news of the disaster. They declare they do not know how many were injured and they will not admit that any men were killed. The list given above, however, is believed to be correct.

BIG FIRE AT PORTLAND.

Department Store Suffered the Heaviest Loss.

Portland, Ore., March 3.—The fire, which early this morning, broke out in the eighth floor of the Dakum block, caused a loss of \$220,000, covered by insurance. The fire was confined to the three upper stories, but it burned for three hours and the entire building was soaked with water. Lipman, Wolfe & Co., who occupy the first two floors as a department store, suffered the heaviest loss, mostly from water.

CRASHED INTO FREIGHT.

Several Killed in Wreck on the Chesapeake & Ohio.

Huntington, W. Va., March 3.—Passenger train No. 3 on the Chesapeake & Ohio railroad crashed into the rear of a freight train near Russell today. Freight brakeman, Charles Miller, was killed. Captain Davis, on the freight train, and John Rose, fireman, probably fatally injured.

Boston Wool Market.

Boston, March 3.—The action of the federal authority in placing an embargo on wool has had the effect of bringing trade to a standstill. Territory wools are fairly firm; fine staple wools are quotable at 55@56c, scoured basis; fine medium, is not quotable above 50c, with medium, 44@46c.

HE HAD THE MUMPS.

Justice Crawford Put Steam to One Decision This Morning.

THE RECORD BROKEN.

Judge Crawford broke the record for quick trials and sentences this morning. When the grinding was well under way a young fat faced colored boy was led in.

"What's your name?" asked the judge.

"William Harris, sir," meekly replied the boy.

"What do you do for a living, and what were you arrested for?"

"I was working at the hotel and I was taken sick."

"What's the matter?" asked the judge.

"Got the mumps."

"Git," yelled the judge. "Don't wait for a train, but git out as fast as you can."

The boy slipped through the door and the judge heaved a sigh of relief. "Don't like to have the court exposed," he said, undoubtedly feeling much relieved.

Another colored boy by the name of Sam Jones was up before the judge. He didn't have the mumps, but he had \$5 which he turned over to the court for disturbing the peace.

Ohio River Rising.

Cincinnati, Ohio, March 3.—The Ohio river at 9 a. m. reached the stage of 49.4 feet and is rising at the rate of two-tenths of a foot an hour. At this rate the danger line, fifty feet, will be reached at noon. Indications are that possibly four feet more may come, which will cause much inconvenience in the lower portions of the city by the flooding of cellars.

Boston Firm Fails.

Boston, March 3.—The failure of A. B. Turney & Bro., of this city, was announced on the stock exchange today. The firm was largely interested in Massachusetts Consolidated Mining, and in western railway products. The failure is attributed to the stringency of the money market.

Alaskan Boundary Treaty.

Washington, March 3.—Secretary Hay and Sir Michael Herbert today exchanged ratifications of the Alaskan boundary treaty. The preparation of the cases of the two sides will proceed with all speed, as under the treaty they must be submitted to the arbitrator within six days.

Body Identified.

New Albany, Ind., March 3.—Edward F. King, whose wife is a sister of Alfred Knapp, arrived here today and almost positively identified the body of the woman found in the Ohio river as that of Knapp's third wife, Hannah Goddard Knapp.

TERRITORIAL LAWMAKERS

Twenty-Ninth Day's Doings of Legislature.

THE INSTITUTIONS ARE REMEMBERED

The Proceedings in Council and House Are Interesting.

Special to The Citizen.

Santa Fe, N. M., March 3.—Both houses devoted the day to considering bills, but no measure of importance was passed.

The Council.

(Saturday's Afternoon Session.)

The finance committee reported the appropriation bill and it was made the special order for Monday at 10 o'clock. The bill to define the qualifications of jurors, council bill No. 70, was reported by the judiciary committee with two reports. The minority report, by Mr. Hawkins, recommended passage. The majority report recommended that the bill be tabled indefinitely. Mr. Fall made a plea for the passage of the bill and the amendment of the jury law. He charged that the present law is a creation of the politicians. Mr. Spies defended the bill.

Mr. Hawkins made an argument against the present system and urged the passage of the bill. Mr. Duncan favored the present system and was opposed to adopting the wheel. Mr. Fall again spoke in opposition to the present system and cited the case of an innocent man who was convicted and died in jail. Mr. Hawkins again spoke. President Chaves called Mr. Fall to the chair and spoke against the present system. He cited the action of the government in important cases in sending officers here to watch juries. He said every time that juries are selected, he is solicited to get people on juries. The minority report was rejected by 6 to 5 votes. The majority report was adopted by 6 to 5 votes. Messrs. Albright, Fall, Hawkins, Hughes and President Chaves voting against it. Mr. Spies moved to table the bill, but Mr. Fall moved to adjourn, but the motion was lost 6 to 5. Mr. Spies renewed his motion but Mr. Fall moved to lay his motion on the table. Mr. Spies said that this could not be done, but President Chaves ruled against him. Mr. Spies appealed from the decision. The vote was 4 ayes and 6 nays and the chair was sustained as two-thirds vote is necessary to override the chair's decision. The motion was lost by 6 to 5 votes. Mr. Fall moved to adjourn, but the motion was again lost by 6 to 5 votes. Mr. Fall moved to take a recess of thirty minutes but the motion was lost by 6 to 5 votes. Mr. Fall moved to go into executive session.

Mr. Fall's motion to go into executive session was lost by 6 to 5 votes. He then moved to adjourn which was lost by the same vote. Mr. Spies served notice that he would hold the council in session until midnight, if necessary. Mr. Spies then demanded the previous question and the bill was killed by 6 to 5 votes. The council then adjourned until 10 o'clock Monday morning.

THE COMMANDER-IN-CHIEF.

Gen. Stewart and Party Here for a Few Hours This Morning.

RECEPTION COMMITTEE AT DEPOT

Passenger No. 2 from the west bearing Gen. Thomas J. Stewart, commander in chief of the Grand Army of the Republic and party of other prominent national officers of the Grand Army, and Woman's Relief Corps, arrived in Albuquerque at 10:10 o'clock this morning. The train was about three hours late on account of being delayed at Barstow, Cal., by poor connections with the train from Los Angeles.

Commander in Chief Stewart was accompanied by Mrs. Stewart, Col. Robert B. Beath, past commander in chief, Philadelphia, Pa.; Charles Burrows and wife, quartermaster general, Rutherford, N. J.; J. Cory Winans and wife, senior aide de camp and chief of

bill No. 91, appropriating \$500 for the relief of A. B. Baca.

President Chaves called the general appropriation bill as the special order of business and upon motion of Mr. Jaramillo, the council went into committee of the whole.

For payment of interest on the bonded indebtedness \$62,000 was agreed upon, a reduction of \$2,000.

For the support of the territorial institutions a general levy of 4.45 mills is ordered.

The College of Agriculture and Mechanic Arts receives 40 of a mill and a loan of \$25,000 to be paid from the sale of lands.

The University of New Mexico receives .55 of a mill and an appropriation of \$15,000.

The School of Mines receives .35 of a mill and a loan of \$6,000.

The Silver City Normal School receives .50 of a mill, the Normal university at Las Vegas .50 of a mill and the Military Institute .35 of a mill and a loan of \$5,000.

The Insane Asylum at Las Vegas receives 11.50 mills and a loan of \$25,000. An amendment was adopted which provides that hereafter it shall be the duty of the officers to receive all indigent insane from all parts of the territory without regard to the existing quota to each county.

The Miners' hospital at Raton receives 10 of a mill and \$7,800 loan to be paid from sale of lands. Institute for the blind at Alamogordo, 10 of a mill and \$7,000 loan to be paid from the sale of lands; and the Reform school, 10 of a mill and a loan of \$4,400 to be paid from sale of lands.

A levy of 1 mill is made for charitable institutions divided as follows: St. Vincent hospital at Santa Fe, 12 of a mill; Grant County hospital at Silver City, .06 of a mill; Ladies' hospital at Deming, .06 of a mill; Eddy County hospital at Carlsbad, .06 of a mill; Orphan's school at Santa Fe, .18 of a mill; Relief society of Las Vegas, .08 of a mill; St. Joseph's sanitarium at Albuquerque, .08 of a mill.

For territorial purposes a levy of 6 mills is ordered. Section 4 provides that all surplus funds shall go to the credit of the same fund for the succeeding year. Section 7 provides that the fifty-fifth fiscal year shall end November 30, 1903, and thereafter the fiscal year shall end on the same day of the same month of each year.

The penitentiary current expense fund as agreed upon is as follows: Salary of superintendent, \$2,000; assistant superintendent, \$1,200; physician, \$600; chaplain, \$200; yard master, \$600; day cell house keeper, \$480; night cell house keeper, \$480; clerk and store house keeper, \$600; captain of the day guard, \$480; ten day guards, \$3,600; four night guards, \$1,440; matron, \$600; for the relief of Felipe Armijo in preventing the escape of

New Mexico demands Statehood from the Fifty-Seventh Congress.

THROWS OFF THE YOKE.

Although its manager, Councilman George F. Albright, voted against the published wishes of the merchants and taxpayers of this city in the matter of county division, when his one vote would have passed the bill in the council last Saturday, the Journal-Democrat at home, with Editor Burke at the helm, is heartily in favor of county division, and in the following paragraph, clipped from its columns this morning, says:

"Therefore, the only proper thing for us to do is to fight it out on this line. Keep up the agitation until we get the division, or until the legislature adjourns sine die, and then appeal, not to the legislature that is to meet two years hence, but to the congress of the United States that meets next December, and no one can doubt that a plain statement of facts taken from our official records and laid before the senate committee on territories would secure the passage of an act for our relief. Such an exhibition would undoubtedly be very bad for the cause of statehood in the next congress, but self preservation is the first law of nature, and self preservation is the issue involved in this contest."

Some local attorneys say that the municipal election bill, which is now a law by the signature of the governor will be found unconstitutional if contested in the courts. The present city officials, not only in Albuquerque, but in other territorial incorporated cities and towns, were elected to serve only one term, and not a series of terms.

The merchants and taxpayers of this city are in an indignant mood. Just at this time, they have the best cause in the world to feel that way, for it is the first time in the history of the city that the wishes of the merchants and taxpayers have been so thoroughly ignored.

One of the professors in a Boston university states his belief that too many people seek a college education after Providence has fitted them to be blacksmiths and coal miners. But why shouldn't a blacksmith or a coal miner have a good education?

The Albright bill annexing contiguous territory to incorporated cities and towns has been condemned by the people of this city, and should not become a law. It has passed the council, and should be stabbed to death in the house.

The New Mexican says: The division of Bernalillo county will continue to be a burning question and will finally have to be settled as the people there desire. After all the people rule.

The criminal statistics of the German empire for 1902 show a total number of convictions of 497,890, an increase over 1901 of 27,500.

A bill has been introduced in the New York general assembly to establish a state farm for the care of abandoned women.

Communications, written in red ink and vitriol, will not win on the county division proposition, and The Citizen will not publish them, unless the writers send in their correct names as a guarantee of good faith. This paper has received two very bitter letters regarding the actions of Councilman

to Rome, only one pontiff has attained an age equal to that of Leo XIII. This was Paul IV., and should the present pontiff live a few months more he will have broken all records of longevity.

RODEY WILL CONTINUE FIGHT.

New Mexico Delegate Tells the President What He Thinks About Struggle.

A special dispatch from Washington, dated March 1, says: Delegate Rodey, of New Mexico, was a caller at the White House yesterday and expressed to President Roosevelt his disappointment at the outcome in congress of the efforts to secure statehood.

"We haven't any idea of giving up the fight," he said, "and will keep it up. I regret that the people of Arizona do not see fit to accept the proposition that one state be formed out of New Mexico and Arizona. I think the result will be that the republican party will wipe Arizona off the map and incorporate it with some other state at the next session. For myself, I think great injustice has been done to both Arizona and New Mexico, and feel that both are entitled to statehood."

OFFICIAL MATTERS.

Maps Filed--Land Grant Patents--Reports Introduced.

NEW INCORPORATION--CONTEST.

Thirty homestead patents have been received in the land office.

Notary Appointed.

Charles M. Marshall, of Chama, has been appointed a notary public for Rio Arriba county by Governor Otero.

Mining Claims.

Daley B. Ashton, of New York City, has made application to purchase the following claims: The Little Eunice, Oro Tino lode, Doro No. 1 lode, Pigeon lode, all in the Bromide mining district in Rio Arriba county.

Maps Filed.

The Eastern Railway of New Mexico has filed with Secretary Raynolds, maps of the location of the ninth and tenth sections of its line in Guadalupe county. The maps cover forty miles of line.

Also a map of the location of the ninth section of the Eastern railway of New Mexico has been filed in the United States land office.

Incorporations.

The Socorro Cemetery association was incorporated by James P. Chase, James G. Fitch, T. W. Eaton, Harry M. Dougherty, James A. Smiley, Joseph E. Smith, Samuel Lack, Frank G. Bartlett, John Greenwald, August Winkler, John W. Terry, William E. Kelly and Cony T. Brown. The object is to establish a cemetery at Socorro. The term of existence is fifty years.

Land Contest.

Samuel Friedman, of Raton, has filed a contest on homestead entry No. 6344, made by Eugene J. Smith, May 10, 1901, for the NE 1/4 of section 34, township 30 north, range 24 east. He charges that Smith left New Mexico about June of 1901, and went to South Dakota, and that he never established a residence on this tract and has abandoned it. Hearing has been set for April 13 at Raton, before the probate clerk of Colfax county.

Hopeless and Almost Dying, Mrs. Grinnett is Saved by Paine's Celery Compound

The Only Spring Medicine That Can Positively Guarantee Health and New Life to Weak, Diseased and Broken Down Men and Women.

Another marked and positive victory for Paine's Celery Compound. Another marvelous example of life saving! Mrs. Kate Grinnett, a popular and well known lady residing at Germania, Sabine Co., Ark., who expected to die, is made well and strong by nature's health restorer after the best efforts of a faithful physician had failed. This victory and the scores of wonderful cures wrought from week to week by Paine's Celery Compound, create a confidence in the great spring medicine that is enduring and far reaching. At this season Paine's Celery Compound rescues and permanently cures young and old who are weakened and broken down by disease; it never fails; its virtues are all powerful even at the eleventh hour. Mrs. Grinnett, thankful for renewed health and strength, writes thus:

"Last September I was very ill and thought I was going to die. I was cold and lifeless and my heart would flutter and shake like a leaf. I had cold sweats, so profuse that my garments would be wet. I had pains in my shoulders and arms, at times so severe that I was obliged to use morphine. The doctor said my liver was in bad condition. He treated me for quite a long time, but I got only temporary relief. I heard of Paine's Celery Compound and bought a bottle of it, used it, but the only change I experienced was an improved appetite. I had decided not to use the medicine any longer, but my husband persuaded me to try another bottle, which soon gave me happy results, and I continued with Paine's Celery Compound until I had taken six bottles. Now I am physically a new woman; I feel well, work my garden, do all my own housework and am gaining in strength and vigor every day. I recommend Paine's Celery Compound to my friends and neighbors. This is the first time I have ever endorsed a medicine."

"A short time ago," said a machinist this morning, "the Santa Fe company imported about twenty-five Japanese to take the places of Mohave Indians in the shops at Needles, Cal. When the Japanese put in appearance for work, the Mohaves quit work and their white associates followed them. A meeting was held, and explanations followed, resulting in the Mohaves returning to work and the Japs going elsewhere."

ROBT. LINCOLN TALKS.

Says Pullman Company Will Not Build at El Paso.

Robert T. Lincoln, ex-minister to the court of St. James, England, and president of the Pullman Palace Car company and the Union Car company, of Chicago, and more than all, the favorite son of the great war president of these United States, was in El Paso for a few hours Sunday night, says the El Paso News.

He was asked as to the probability of the Pullman company building a forty acre shop in this city, as has been reported several times the last few months. He said:

"The Pullman Palace Car company does not intend to establish shops in this section. The repairing of the cars run in the west and southwest is all done in Denver. There are not sufficient cars in use on the southern roads to warrant the establishment of a car shop in this city yet. The Mexican Central repair work is done in the shops of Mexico City, and if a shop were to be established here there would be nothing to keep it busy. Our company does not do business in that way."

SANTA FE TRAINMEN.

The Particulars of Conference Held at Topeka.

At a conference held at Topeka on Sunday between the officials of the Santa Fe Railway company and officers of the railway men a settlement was reached. The freight men receive an increase of 15 per cent and the passenger men 12 per cent. A compromise was made on the double header, whereby the road retains double headers on some parts of the system and abolishes them on others.

The agreement signed Sunday covers the coast lines of the Santa Fe system only, but the officials of the road and the members of the grievance committee say that other agreements covering the whole system will be signed, and that this will be an informal matter, as the terms have already been agreed upon. Sunday's agreement was signed by General Manager Wells, for the company; by J. B. Skinner, of the coast line conductors' committee, for the conductors; and by D. B. Bennett, for the baggage men and brakemen. All increases will be based upon rates which were in effect January 1, 1902.

The agreement for the main line differs from that of the coast lines only in regard to local matters. The same increase in wages obtains on both.

The La Junta division is the only one on the Santa Fe proper on which double header trains will be permitted.

A. B. Garretson, assistant grand chief of the Order of Railway Conductors, and P. H. Morrissey, grand master of the Railway Trainmen have been in Topeka for two months assisting in the adjustment of the differences. They expressed themselves as well pleased with the result.

J. B. Skinner said: "The settlement means that the railroad men are to participate in the prosperity prevailing in the country. The officials of the road are the kindest hearted of any with whom I have dealt and the most harmonious relations exist between them and the employees."

General Manager Mudge said to the Associated Press:

"Both the company and the men regard the settlement as satisfactory in every way. It is the same in most respects as that recently consummated by other roads at St. Louis. The only difference is that our road makes a partial retention of the double header system. We are much gratified over the successful termination of the negotiations. Our road was at all times ready to grant a reasonable increase in wages, and the only contention was the amount. The organizations held out for a 20 per cent increase and abolishment of the double header system. Hence, the settlement seems to be in the nature of a compromise."

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the liver or kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down systems. It dispels nervousness, rheumatism and neuralgia and expels malaria germs. Only 50c, and satisfaction guaranteed by all druggists.

Back to Los Angeles.

Arthur G. Wells, general manager of the Santa Fe coast lines, who has been at Topeka some time in company with a number of other prominent officials, Topeka & Santa Fe officials receiving grievance committees of the Brotherhood of Railway Trainmen regarding the recent demand for an increase of 20 per cent in wages, passed through the city last night en route west in private car attached to passenger train No. 1.

Although the trainmen did not get the 20 per cent raise asked for, the threatened strike was avoided and they are working with a neat increase of 15 per cent and no time lost as a consequence of a strike. The local trainmen are well pleased over the turn of the situation.

IS TIED UP TEMPORARILY.

Plan by Which It Was Intended to Establish a Saloon in Alamogordo.

This week F. C. Ellis, of El Paso, fitted up the Olsen building preparatory to doing a saloon business, having secured an assignment of a letter of agreement from the Alamogordo Improvement company to lease for eight months or sell to Ole Olsen. This letter being in an unusual form, the clause was inadvertently omitted which has forbidden the use of any lot sold by the company for saloon business.

As soon as Mr. Ellis' intention was apparent the company's attorney, W. A. Hawkins, began a proceeding to prevent a saloon business being conducted, and a temporary injunction was allowed, which prevents the establishment being opened unless the holder of the place goes into court and shows cause to the contrary. It is alleged by the company that Olsen said he would conduct a mercantile establishment, and in selling conveyed no privilege which it had not been understood he was receiving, but which was not forbidden in the letter.

It will also doubtless be claimed that the buyer had on right to expect a deed different from the customary document with a restrictive clause and providing for reversion of the property for violation of such a clause.

NEVER FORGETS IT.

Husband Has Cause to Remember Grape-Nuts.

So careless in health are some people that they sometimes actually forget the benefactor of their days of sickness.

The man whose wife, or the woman whose husband, has been brought back to health and strength by a pure food is not apt to forget. "It some times amuses me," writes a lady of Battle Lake, Minn., "that no matter what I send to the store for or what may be forgotten my husband never forgets to supply us with Grape-Nuts promptly. Indeed I may say it is the one thing he never forgets."

"About a year ago when I began using the food I was so run down and miserable that it was all I could possibly do to struggle through my day's household duties. Through catarrhal trouble I had almost entirely lost the sense of taste and loss of appetite followed."

"I could scarcely force myself to eat food sufficient to furnish me with strength to keep me up. I just managed to scrape through my household duties. In a very short time after I commenced the use of Grape-Nuts I began to get stronger and the improvement has been so steady and marked that my health is now better than for twenty years past. I do all of my own house work, and for two months during last summer I had five roomers, which of course increased my work to a great extent. I am never without Grape-Nuts now and can never say enough in their praise. But as much as I think of the food my husband thinks more." Name furnished by Postum Co., Battle Creek, Mich.

Practically all cases of stomach trouble come from the use of improper food. Where this improper food is left off and Grape-Nuts is used the results are so beneficial and the change so rapid that many people look upon it as wonderful. Nothing wonderful about it. Just following nature.

PRICE BAKING POWDER CO., CHICAGO.

The purchase was made by Mr. Ellis through Attorney Hutchison, relying on the wording of the letter being upheld as the sole criterion of his rights, or damages being obtainable.

The injunction puts the lease question where the court can pass upon the issues.

The general policy the company adopted of confining the liquor traffic to one place is not an issue before the court except indirectly.

The question is one as to the exceptional rights claimed under this particular lease. The injunction issued by Judge Parker is for thirty days, when a hearing will be given. It is generally reported that Mr. Ellis is acting in the interest of J. P. Dieter, an El Paso wholesale liquor dealer, who is a competitor of one who has had the only saloon privilege in Alamogordo—Alamogordo News.

Colds Are Dangerous.

How often you hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency toward pneumonia. It always cures and is pleasant to take. For sale by all druggists.

Sunday at the Penitentiary.

During a recent enjoyable visit to the city of Santa Fe, the writer had the unique experience of attending chapel exercises Sunday afternoon at the territorial penitentiary, says the San Marcial Bee. We were accompanied by the courteous superintendent, Hon. H. O. Bursum. The services were held under the auspices of the Christian Endeavor society, of which organization many of the convicts are members, and consisted of singing, prayer, Bible reading and speaking. A violin and guitar were well played by two convicts two others conducted the singing, one in English, the other in Spanish, a fifth offered up prayer, and we were informed that the gentlemen of the striped cloth take their turn at preaching. There were five convicts wandering from the barred windows to the guard standing ready to fire upon any foolhardy enough to attempt escape, we thought that here, by their own crime and folly, was the element of liberty, in the highest, broadest meaning of the word, eliminated from the worship of these unhappy beings. The ladies who so zealously carry on this good work among the inmates of the penitentiary are entitled to a great deal of credit for their perseverance and it would be strange if their influence did not make itself felt for good.

The Schubert Concert.

A deserving audience greeted the Schubert Symphony club and Lady Quartet at Colombo hall last night. The entertainment was very good, taking it as a whole, but not up to the expectations of those who turned out to receive a musical treat. The numbers rendered by the quartet and the Symphony club were duly appreciated. Master Tommy Purcell performed pleasingly on his violin and proved himself the favorite of the evening. The audience was surprised and disappointed that Olive Annette Wheat, first soprano, did not appear individually. It

was very evident that the organization was composed of amateurs. They appear at Belen tonight.

Wakeful Children.

For a long time the 2-year-old child of Mr. P. L. McPherson, 59 N. Tenth street, Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these tablets have effected a permanent cure and she is now well and strong. For sale by all druggists.

Concert Program.

The spacious lobby of the Alvarado was comfortably crowded Sunday evening and the music rendered by the Alvarado Trio was very pleasing.

In their performance this evening their trio will give the following program:

Overture, "From Dawn to Twilight." Bennett
Waltz—Symphony Mazzacapa
March, "Bienerhasset," Arnold
Polka, "Lafayette," Stobbe
Mosquito Parade Whitney
Overture—Semiramide Rossini
Waltz—Prayer and Passion Grimm
Character Dance—"Roxala" Bellini
Violin Solo—Variations from Son-nambula Bellini
March—The Colored Major Henry

A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I run down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." B. H. Briggs & Co.; S. Vann & Son.

"Barbara Frietchie," the greatest of modern war dramas that is to be seen in this city at the Colombo hall on Wednesday night is from the pen of Clyde Fitch, America's greatest dramatist. The play is in four acts with all the scenes laid in and around Frederick, Maryland.

Well Again.

The many friends of John Blount will be pleased to learn that he has entirely recovered from his attack of rheumatism. Chamberlain's Pain Balm cured him after the best doctors in the town (Monon, Ind.) had failed to give which this liniment affords is alone worth many times its cost. For sale by all druggists.

...Legislative Pointers...

.....Clippings From Our Exchanges.....

Give Us Good Election Law.

The primary election law aims at the extinction of a subtle form of corruption—the jobbery and trading through which party nominations are too often parceled out at county and state conventions. No community which has had a few years' experience of the Australian ballot would voluntarily part with it and go back to the old system which it replaced. The communities which have adopted the primary law, with amendments whereby the weak points developed have been strengthened, have no desire to go back to the convention system of making nominations for public office. These suggestions are given for what they are worth. Let the territorial law manufacturers at Santa Fe put them in their pipes and smoke them.—Las Vegas Record.

Will Be Forgiven.

The legislature has enacted few bills. It will be forgiven for something if legislation be limited to a few laws.—Alamogordo News.

A False Statement.

In the Santa Fe correspondence appearing in the Silver City Independent of the 24th inst., occurs a statement to the effect that among the new officers which "ambitious statement" are seeking to have created by the legislature is that of assistant superintendent of public instruction, and that Geo. H. Cross "is to be" such assistant. The New Mexican is informed on the best authority that there is no foundation in fact either for one statement or for the other. The superintendent of public instruction states that the creation of the office of assistant has never been even remotely considered, discussed nor suggested, for the very excellent reason that there is no need of such an office. As for Mr. Cross, he requests the New Mexican to say that were such office created by the legislature, he could not and would not be an applicant for the place, and he adds that nobody but a "dreadful idiot" or a malicious knave could have used his name in such a connection.—New Mexican.

Killed by Our Friends.

Mr. Hughes has introduced a bill in the council to divide Bernalillo county and create the county of Sandoval. The bill will probably become a law.—Socorro Chieftain.

Sunday Closing Bill.

There is now pending before the committee the Sunday closing bill as passed by the council and the local option bill introduced by Mr. Montoya, the speaker of the house. Both of these measures are being carefully considered, and Chairman Llewellyn is giving the council measure very careful consideration. From present indications the council measure may be amended and a more strenuous and Christian observance of the Sunday law be required than that provided for in the council bill. It is thought by a number of the members that that Sunday observance law should apply to all classes of business and be strictly enforced.—New Mexican.

The Liveliest Meeting.

The session of the council Saturday afternoon was the liveliest one the body has yet held. It ranged from comedy to almost tragedy.—New Mexican.

Obligations to Councilman Hawkins.
The newspapers of the territory are under obligations to Councilman Hawkins of this district for the introduction and passage of a resolution instructing the secretary to send to every paper in the territory copies of the bills as soon as they are printed. This gives the papers a chance to comment intelligently on a bill in which the people of its town may be interested. Unfortunately there had been about a hundred bills introduced before this resolution passed, and the secretary did not send out these bills.—Lordsburg Liberal.

The Political Orphans.

The legislature has provided for an orphan's home at Belen. Some political orphans will go there to get upon the pay roll.—Alamogordo News.

After Peddlers.

Speaker Montoya's bill to amend section 1 of chapter 74 of the session laws of 1901, went to the council in the way it was introduced. It reads: "All persons who may engage in any itinerant trade, by sample or otherwise, selling at retail to individual purchasers, who are not dealers in the articles sold, except in the selling of maps, books, newspapers, fuel, fruits and domestic machinery, shall be considered peddlers with the meaning of the act."

Stabbed to Death.

The bill of Councilman Martinez providing that justices of the peace be elected at the general election every two years, and which passed the council, has been stabbed to death in the house. Those elected at the election would have taken their offices on the first Monday in February following, but subsequently the term of office would have begun on January 1 following the election. The elections for justices of the peace will be more sickly

affairs than ever in the future.—Las Vegas Record.

There Are Other Opinions.

The resolutions of the labor union of Albuquerque against the proposed employment of convicts in building a road from Santa Fe to Las Vegas is entitled to no consideration. If the road is not built by convict labor it will not be built at all. If it is built it will improve conditions in the territory and thus benefit everybody. The Albuquerque labor union included. Such short sighted resolutions as those here referred to have deservedly been the death of many a labor organization.—Socorro Chieftain.

Deserve Same Fate.

Nearly two score of bills have been defeated in the legislature at Santa Fe. Presumably the bills ought to have been killed and perhaps some bill makers deserve the same fate.—Alamogordo News.

Good Bill Killed.

Representative Howard's bill to compel certain territorial and county officers to give bonds in surety companies, has been killed. Had it become a law the counties especially would have benefited, but the old practice will now be pursued of taking bonds with individual sureties who could not honestly qualify for the price of a red handkerchief.—Carlsbad Argus.

Good Measure.

Representative Dalles is the author of several commendable measures relating to education. His bill for the compensation of the enumerators of persons of school age on the basis of \$1 for every twenty names, was readily passed.—San Marcial Bee.

Should Become a Law.

There is an excellent prospect that Mr. Howard's bill making Socorro county a separate district attorney district will become a law. The legislative assembly can make no mistake by passing the bill. In fact, if there is a citizen of Socorro county who would not heartily approve such action he has not yet been heard from.—Socorro Chieftain.

Should Not Be Tolerated.

Convict labor should not be employed in the construction of a high school building at Santa Fe, or in any other city or town of the territory, thereby coming in direct contact with skilled labor. What has the legislature got to do with a school building in the capital city, anyhow?—Las Vegas Record.

It Will Depend.

Whether the law extending the terms of office of mayors and city councilmen will be beneficial or not will depend upon circumstances. The law will be all right if the officers are the right sort of men, but it will be all wrong if they are not.—Socorro Chieftain.

Carving Out a Career.

Representative Turner is carving out a career for himself in the legislature, that augurs well for his future. He has proved to the chagrin of a number of legislators that he is the tool of no man or set of men and that he has but one end in view and that is good, clean, beneficial legislation.—Silver City Enterprise.

They Should Be Published.

The laws passed by the territorial legislature should be published in the newspapers immediately after its adjournment for the information of the masses, who will have no means of knowing for months to come what is the law and what is not the law of the land of the nativity and adoption.—Las Vegas Record.

Cannot Be Enforced.

A too stringent Sunday law cannot be enforced in New Mexico and the law makers at Santa Fe should make haste slowly in this matter. We want no dead letters on our statute books. We are a law abiding people and let us remain such. However, the Las Vegas Record is on record in this matter and "rests," as the lawyers say.

Purify Politics.

Among the subjects that ought to be brought to the attention of the territorial legislature is that of a primary election law. Such a measure is the natural corollary of the Australian ballot law. Both are necessary as measures toward purifying politics.—Las Vegas Record.

The Two New Counties.

There are now two new counties in New Mexico, the governor signing the bills creating Roosevelt and Quay counties Saturday. The former has Fortales for the county seat, and the latter is the one which was successively called Mills and Wood county. The governor will appoint the first officials, and of course, they will be good republicans.—Carlsbad Argus.

staff, Troy, Ohio; Mrs. Ladusky J. Taylor, national president Woman's Relief Corps, Le Sueur, Minn.; Mrs. M. Anna Hall, national president Ladies' Grand Army of the Republic, Wheeling, W. Va.; Capt. Wm. H. Armstrong and wife, Indianapolis, Ind.; Thomas G. Sample and wife, Allegheny, Pa.; A. A. Taylor and wife, Cambridge, Ohio. They were met here by Commander

J. W. Edwards, of the New Mexico department of the Grand Army of the Republic, and a large number of old soldiers and ladies of the local order of the Woman's Relief Corps.

After the traveling party had taken dinner they were ushered about the hotel and the Alvarado curio rooms by Commander Edwards and his comrades.

The wheel equipment of the private car in which the distinguished party were riding was found not to be safe and to need repair, and as a consequence the train was held here two hours, an hour and a half longer than usual. The delay pleased the members of G. K. Warren post very much, as they were able to have their guests here longer than they had anticipated. But, the time, even then, went all too shortly.

Commander Stewart, although somewhat lame from injuries received in a runaway some weeks ago, while at his home at Morristown, Pa., was out and around the platform shaking hands with those who cared to meet him. He chatted pleasantly with all he met and seemed in great spirits.

He said to a representative of The Citizen that he had enjoyed his trip to the coast very much. The coast people at every place they stopped had treated them most royally. He said that he had hoped to be able to stop off in Albuquerque for a day and fully intended to do so, but so much time was lost at Los Angeles and the Grand Canyon that it was impossible, as they were already three days behind their scheduled time.

New trucks were placed under the faculty car and the train pulled out of the local station shortly after 1 o'clock.

The next stop the party will make will be at Topeka, Kan., where they will attend a campfire tendered in their honor by the Grand Army post of that place.

A REPUBLICAN MERCHANT.

He Wants The Citizen to Republish Interviews.

The Citizen has received a communication, signed "A Republican Merchant," written by one of the heaviest taxpayers of this city, on the county division vote, and the writer asks this paper to either republish in full the recent interviews with merchants and taxpayers, or give only their names, so as to again show to the public the character of men whose wishes for a smaller county and a reduction in taxes were on last Saturday ignored by the majority in the council. The writer mildly scores the junior member of the council from this city, and tells him that he evidently overlooked his own interests and those of the company and town he represents when he voted against county division. If room can be spared tomorrow, The Citizen will comply with the request of the writer.

"Barbara Fretchie," the greatest of modern war dramas that is to be seen in this city at Colombo hall on Wednesday night, is from the pen of Clyde Fitch, America's greatest dramatist. The play is in four acts with all the scenes laid in and around Frederick, Maryland.

SORE NECK

Take Scott's Emulsion for scrofula. Children often have sores on the neck that won't heal up. The sores may come and go. Parents may not know what's the matter nor what to do. Scrofula is the trouble and Scott's Emulsion is the medicine. Scott's Emulsion heals the sores. But that is not all. Scrofula leads to consumption. This is the real danger. Scott's Emulsion is the "ounce of prevention" that keeps off consumption.

We'll send you a little to try, if you like. SCOTT & BOWNE, 409 Pearl Street, New York.

CANAL TREATY.

It Will Be Kept Alive Until Its Ratification.

Washington, March 2. Attorney General Knox, on leaving the cabinet meeting today, announced that he had received from the Panama canal company an acceptance of the proposal which he recently made to it with respect to the extension of the option on the canal company's property held by this government. He said the communication from the canal company was of such a nature that the option would be kept alive until the ratification of the pending treaty—it mattered not whether the treaty was ratified before or after the conclusion of the present congress.

FORGED A TELEGRAPHIC PASS

Another Railroad Gets Himself Into Deep Trouble.

J. N. Hickey, alias C. B. Brown, the telegraph operator arrested at Raton last Saturday by Special Officer Ben Williams, of the Santa Fe, was given a hearing before Judge Crawford this morning.

Hickey is charged with having forged a telegraphic pass, signing the name of Superintendent McNally. The pass was used by Phil Cassidy, who was bound over to the grand jury for uttering the same.

When arrested Hickey was working at Raton under the name of Brown. He said that the reason he was working under an assumed name was because he had been black balled at Needles, and it was necessary to assume another name to obtain work.

The evidence brought out by the Santa Fe railroad, through their special officer, Ben Williams, showed that

It's Just a Cough

that gets your lungs sore and weak and gives the way for pneumonia or consumption, or both. Acker's English Remedy will stop the cough in a day and heal your lungs. It will cure consumption, asthma, bronchitis and all throat and lung troubles. Positively guaranteed, and money refunded if not satisfied. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Leary & Co., and B. H. Briggs & Co.

Hickey was in Albuquerque at the time the forged pass was issued. He had also been with Cassidy, who swore that Hickey gave him the pass. Furthermore Cassidy stated that he was under the impression that the pass was O. K.

The night operator of the Santa Fe offices testified that Hickey had called at the office and inquired the names of the different superintendents.

The defendant was represented by Judge Heacock. He argued from the point that a man is not guilty of forgery until the instrument is valid. He tried to prove that the pass, which Hickey is charged with having forged, is not a regular telegraphic pass, and that there were several flaws in it which should have been readily detected.

After this technical point had been argued to some extent, the judge postponed his decision until the attorney for the defendant could produce evidence sustaining his arguments. The judge held that sufficient evidence had been brought forward to prove the defendant guilty of having issued the pass, but that he would wait on the attorney for the defendant to prove the pass not legal.

SCHOOL BOARD.

They Met in Regular Session Last Evening.

The Albuquerque school board held a regular meeting last night. Those present were President Hopkins, Trustees Pratt, Ward, Dodd, Sherwood, Alger and Newman.

Superintendent Stroup, in reporting for the library committee, stated that 173 books had been given out during the month of February and that a number of government reports had been received from Washington.

The enrollment reported by the superintendent was 1,360.

The clerk reported a balance of \$165.75 on hand.

There was considerable discussion regarding the work of the schools and duties of the clerk.

On motion it was decided to rent the assembly hall to W. S. Burke for Gov. L. B. Prince's lecture course. The price fixed was \$5 for each time. The lectures will be the remaining two lectures by Gov. L. B. Prince on the "Romance of the Southwest."

OLD MAN COVERT.

He and Wife Quarrel Like Monkeys—In Court This Morning.

Mrs. M. B. Covert made complaint in justice court this morning against her husband, D. A. Covert, and had him placed under a peace bond. She stated that she was afraid he would do her some harm, as he had threatened her many times.

When they both began talking in the court room this morning all their family secrets were revealed. They have three small children, who are just as content to live with one as the other. This furnishes grounds for quarrels and hard feelings.

After hearing the evidence of both sides, the judge placed Mr. Covert under a \$200 peace bond, with instructions to stay away from his wife and not interfere with her affairs.

It will pay you to see our new line of samples before you place your order for a spring suit or pants. You will not find a better line in town, to select from, than the one we have from Fred Kauffman, the American tailor, of Chicago, whose advertisements you will find in the leading magazines and weeklies. He is famous for building men's and boys' clothing to measure. We have been taking measures, and orders for him for about 12 years, and it is very seldom that a suit has to be altered in any way. We want your trade and will work hard to please you; besides we can save you from \$1.00 to \$10.00 on a suit, and that is worth saving, even if prosperity is with you. Call and look the line over. Each sample is marked in plain figures at the Racket.—D. H. Boatright, proprietor.

"TAILORED-BY-HAND" isn't commonly thought of in connection with Ready-to-Wear clothes; you expect to pay extra for it.

You needn't; Hart Schaffner & Marx Clothes are "tailored-by-hand" as much as the custom-tailor's product; and better done than the most of 'em.

It's one thing that makes these clothes "ready-to-wear," instead of just "ready-made."

LAND CLAIMS COURT.

Term of Existence Extended—Appropriation for the Purpose.

The sundry civil appropriation act passed by congress extends the life of the court until June 30, 1904. The following appropriations were made for that purpose: For chief justice and four associate justices, at \$5,000 each; clerk, \$2,000; stenographer, \$1,500; attorney, \$3,500; interpreter and translator, \$1,500; in all, \$33,000. For deputy clerks, as authorized by law, so much thereof as may be necessary.

For survey of private land claims in the states of Colorado, Nevada, Wyoming, and Utah, and in the territories of Arizona and New Mexico, confirmed under the provisions of the act of congress entitled, "An Act to Establish a Court of Private Land Claims, and to Provide for the Settlement of Private Land Claims in Certain States and Territories," approved March 3, 1891, and for the resurvey of such private land claims heretofore confirmed as may be deemed necessary, \$10,000, said sum to be also available for office work on such surveys and for the examination of the surveys in the field.

An Old Indian Fighter.

Capt. Donaciano Montoya, of Taos, one of the translators in the council, Saturday celebrated his sixty-second birthday. He was born in El Rito, and when only 20 years of age, was appointed a Lieutenant in Kit Carson's First New Mexico cavalry. He has a splendid war record, and as an Indian fighter, and has held many honorable positions of trust since the war.

HOME OF COPPER.

Arizona Drawing Capital From Montana and Michigan Districts.

TAXATION OF BULLION.

A correspondent of the Denver News, writing from Phoenix under date of February 27, says:

A chronicle of recent mining developments in Cochise county, in southern Arizona, would afford striking revelations to thousands of wealthy mining men operating in less favored sections of the country. The improvements at the established mines and developments of new holdings presage a wonderful increase soon in the production of the real metal, and the most significant results of the successful explorations up to this time are those which point out clearly greater results to be achieved in the future.

The Copper Queen mine, which produces at least 40,000,000 pounds of copper annually and considerable gold, is now engaged in the construction of large smelting works at Douglas, which will be completed in July. The plant will have a daily capacity of 1,800 tons, and engines will represent 3,000-horse power. The Copper Queen has just opened rich deposits in a new claim called the Lowell and other new claims show much promise at a depth of 800 feet.

Michigan capital continues to enact some of the most remarkable transformations. The Calumet and Arizona, after a development of two years, has opened holdings which are furnishing 275 tons of rich ore for reduction daily. The smelter is located at Douglas, and within thirty days its capacity will be doubled and 750 tons of ore will be reduced every day. Copper then will be made at the rate of 3,000,000 pounds per month. The Calumet and Pittsburg, the South Bisbee and the Calumet and Bisbee have opened massive copper lenses and deposits, and reduction machinery for those mines will not be long delayed. The Calumet and Cochise, the latest Michigan combination to enter the field, has fourteen claims adjoining the Calumet and Bisbee, and will begin development on an extensive scale at once. The Mitchell properties in Montezuma canyon, near Bisbee, are being opened with a degree of vigor and an outlay of capital seldom approached in the southwest.

The legislature has under consideration several important measures affecting the mining industry in this territory. The most important of these is a bill to create a tax on the bullion output of established mines. At present the mines of Arizona are assessed and taxed on the basis of surface valuations and improvements above ground. The larger mines, some of which produce many millions of metal annually, escape with a nominal taxation. A notable example is afforded in the United Verde, whose generally accepted value approached \$100,000,000, but which pays taxes on an appraised value of something like \$10,000,000.

READ IT THROUGH.

'Twould Spoil This Story to Tell it in the Headlines.

To use an eighteenth century phrase, this is an "o'er true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon, of Meigs Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by all druggists.

INDIAN SCHOOL NOTES.

Another change has taken place in the force of employees in the position of head matron. Miss Anna J. Ritter has been transferred to the position of field matron among the Moqui Indians and Mrs. Schach, from Phoenix, Ariz., has taken the position as head matron in this school.

Miss Schach accompanied her mother and is now residing at the school. Superintendent Crandall, of the Santa Fe school, and Mr. Harper, from Cochiti, were callers at the school this week.

Mrs. Benard, our club cook, leaves this evening and will reside in the city. We are sorry to lose Mrs. Benard, as she is an excellent cook and a good neighbor.

The band concert on last Sunday afternoon was a decided success, as the band shows great improvement, and they rendered some pleasing music. A goodly number of people from the city enjoyed the treat.

A number of the children are attending the mission at the Catholic church.

Miss Mary Elizabeth Forbes is said to have made a tremendous hit in the character of Barbara Fritchie in the famous war drama by the same name in which Charles Astor Parker's dramatic organization will be seen here at Colombo hall next Wednesday evening, March 4. Miss Forbes is considered one of the most beautiful girls on the American stage.

Fresh Cut Flowers, IVES, THE FLORIST.

From the field to your breakfast table, the story of Quaker Oats is a story of being different.

The grain difference is only the first.

Step by step, day by day, we will show why

Quaker Oats is the best food

It is best because it is different—at every point where difference counts.

GRAIN DIFFERENCE

The Quaker quality of grain is not easy to find. To supply the needs of the country far and wide. We watch where the good oats grow. For even where the good oats difference begins. Sun may shrivel—or too much rain spoil the crop. But where the crop is best, we are there to choose the best of the best. There is that much difference in the Quaker grain—before it starts for the Mill. This is only the first difference in

Quaker OATS
Best grain

Cooks you no more than oats which are not as wholesome, and which have not been milled so carefully. Quaker Oats is just as easy to buy. You have only to say "Quaker."

MILLING DIFFERENCE

After we buy the best, each sack of grain is cleaned and judged carefully by machinery. The machine leaves nothing but the best.

SANTA FE.
From the New Mexican.

The anniversary mass for the repose of the soul of Mrs. Adela M. Tucker will be celebrated at Guadalupe church in Wednesday, March 4, at 8 a. m. All friends of the family are invited.

Brother Butolph, president of St. Michael's college, who was born March 2, 1833, celebrated his seventy-first birthday. The climate helping, he is willing to live another quarter of a century.

Rev. Thomas Harwood, of Albuquerque, the chaplain of the department of New Mexico, Grand Army of the Republic, has been honored with an appointment on the national staff of the committee on military instruction and patriotic education in public schools. A good appointment.

In the district court of Santa Fe county, Judge John R. McFie has consented to the sale of the church property of the Second Presbyterian church (Spanish), located in this city, to Charles and Mary Huber, for the consideration of \$350. The petition was presented by F. P. Crichton, president of the corporation.

Mrs. Frank Diebert and children, Di-Lerta and Scott, left over the Santa Fe railway for Denver. They were accompanied by the professional nurse Miss Amelia Reese, and will go from Denver to the Boulder sanitarium, where Mrs. Diebert will take treatment. It is hoped that Mrs. Diebert's health may improve so that they may all return to Santa Fe within a month or two.

The Stomach is the Man.
A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure cleanses, purifies, sweetens and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. B. H. Briggs & Co., S. GALLUP.

From the Republican.
Matt Sollars, who has been in Bisbee for the past year, arrived in Gallup Saturday.

Mrs. Harry Lee, of Albuquerque, is here on a visit to her mother, Mrs. E. P. Harper.

Mr. Downs, of Albuquerque, representing the International Correspondence school, of Scranton, Pa., was here in the interests of the school.

Mrs. Joe Reitz has rented her house to several of the employees at the

A SIMPLE QUESTION.

Albuquerque People are Requested to Honestly Answer This.

Is not the word of a representative citizen of Albuquerque more convincing than the doubtful utterances of people living everywhere else in the union? Read this:

Mrs. W. C. Wood, (W. C. Wood, employed in the Santa Fe railroad shops) residence, 720 South Broadway, says: "When on a visit to Fall River, Mass., I learned that Doan's Kidney Pills had been a household necessity in that city for years. Naturally when a person has backache themselves and friends, acquaintances and relatives continually insist that a particular remedy shall be tried, you at least consent to take a course of the treatment. I used Doan's Kidney Pills and they stopped an aggravated attack of backache, only one of many which had occurred in the past. When I came west I brought with me a dozen boxes of Doan's Kidney Pills long before they were so extensively known in California, as at present. I have not the slightest hesitation in publicly stating that I know from experience as well as observation that this remedy can be absolutely depended upon in all cases of kidney complaint causing backache, lumbago or other symptoms which follow in the wake of that far too prevalent annoyance."

Just such emphatic endorsement is plentiful in Albuquerque. Call at the Alvarado Pharmacy and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

brquette plant, and the boys intend to try latching for a while.

Anton Caloni, the stone and monument cutter, has just finished a fine monument for John Koenig which he has placed in the Catholic cemetery in memory of his wife.

Al. Stevenson, proprietor of the Forest hotel at Adamana, was in Gallup. The Gates excursion party from Chicago, numbering about 125, will visit the petrified forest about March 14, and Mr. Stevenson was here to get extra rigs, etc., to handle the large crowd.

What's in a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for piles, for blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases. DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. B. H. Briggs & Co.; S. Vann & Son.

SOCORRO.

From the Chieftain.

Mrs. J. W. Cox, of Datil, is a guest at the home of her mother, Mrs. McCulliston, in this city.

F. Fischer received the sad announcement that his aged mother died February 1 at her home in Germany.

Mr. and Mrs. John W. Terry left for the Cat Mountain camp to spend a few days with Prof. and Mrs. C. L. Herrick.

Dr. C. G. Duncan is, according to last reports, so much improved in health that he will probably return home in about a week.

George E. Cook arrived home from a visit of three weeks in Chicago. George says he had an enjoyable time, though it was cold in the Windy City.

Prof. and Mrs. C. L. Herrick were in Socorro on their way to the Cat Mountain mining camp. Professor Herrick spoke very highly of the prospects for the camp.

W. M. Borrowdale, of Magdalena, J. W. Cox, of Datil, Lee Baldwin, of Datil, and M. H. Sabin, of Albuquerque, were visiting members of the Masonic fraternity who took part in the Masonic services in memory of A. E. Howell.

TO CURE ANY DISEASE.

The Cause Must Be Removed, Same Way With Dandruff.

Kill the germ that causes dandruff, falling hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destroying the dandruff germ than Newbro's Herpicide.

SILVER CITY.

From the Enterprise.

Mr. and Mrs. Percy Wilson are spending several days at the Faywood hot springs.

J. M. Weahunt and daughter, Mrs. F. C. Miles, were in from their ranch near Cliff this week.

Miss Cox, sister of W. S. Cox, who had intended leaving soon for Hobart, Okla., to accept a position in the public schools, has decided to remain in Silver City, to the delight of her many friends.

F. A. Mallins, the mining engineer with headquarters in Denver, arrived here last week and will remain some time with his interesting family in this city. Mr. Mallins says when he left Denver the temperature was 4 degrees below zero and thinks that Silver City people should not complain of the little "springs" of snow we are having.

Arthur Rule, formerly assayer at the Silver City reduction works, and well and favorably known here, arrived in Hanover last week from Salt Lake to take charge of the sampling works and concentrator recently opened in that camp by J. W. Bible. Mr. Rule is an expert in his line and is sure to give satisfaction.

C. W. Ward, city editor of the Journal-Democrat, Albuquerque, has resigned his position to accept the city editorship of the Las Vegas Optic, his resignation to take effect April 1. The Journal-Democrat loses a most valuable member of its staff and one who has played an important part in the upbuilding of the only strictly daily morning paper in the southwest. The Enterprise wishes Mr. Ward all the good things that can happen to a newspaper man and at the same time congratulates the Optic on its valuable acquisition.

Tragedy Averted.

"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins, of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for consumption, and our darling was saved. He's now sound, and well." Everybody ought to know, it's the only cure for coughs, colds and all lung diseases. Guaranteed by all druggists. Price 50c and \$1.00. Trial bottles free.

ARIZONA YIELDS.

Will Accept Statehood With New Mexico if Given an Equal Vote.

EIGHT-HOUR BILL PASSED.

The Phoenix, Ariz., correspondent of the Denver News, writing under date of February 27, says:

Arizona may retreat from its position regarding a statehood merger between this territory and New Mexico. The upper house today, upon a democratic party vote, passed the following joint resolution:

Resolved, By the council and house of representatives of the Twenty-second legislative assembly that it is the sense of such body that while the people of Arizona are opposed to admission as a state jointly with New Mexico, and believe themselves entitled as a matter of justice and right to admission as a separate state, still, if the purpose and intent of the congress of the United States is to refuse them admission as a separate state; then that the people of Arizona will accept joint statehood with New Mexico on the condition that the enabling act of congress provides that the constitution of the proposed state shall not be effective until adopted by a majority of the votes of each of the present territories voting separately; and that Arizona shall have equal representation with New Mexico in the constitutional convention."

If adopted by the lower house the resolutions will be wired to Delegate Marcus Smith.

Both houses today passed an eight-hour bill, affecting underground mine workers, and the bill very likely will become a law. The bill in its present form is a compromise repealing clauses which provided protection also for smeltermen and mill men. The bill is modeled from the Wyoming law.

A special committee was appointed in the house today to investigate the office of the secretary of the territory. Various assemblymen take exception to a report made by the secretary, in which he states that his collection of fees for filing articles of incorporation have been moderate. They believe his income amounts to more than \$50,000 annually and are attempting to convert the revenues into the territorial treasury.

Helena, Mont., Feb. 27.—The senate today passed the house bill making the present eight-hour law a part of the state constitution, which will be voted on at the next election. The initiative and referendum bill was defeated in the senate today.

Working Overtime.
Eight hour laws are ignored by those tireless, little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing indigestion, biliousness, constipation, sick headache and all stomach, liver and bowel trouble. Easy, pleasant, safe, sure. Only 25c at all druggists.

Poor Indeed

are those weighed down by mental depression. Men rise in this world through buoyant nerve force. The loss of this force daily drags down to failure some of the world's brightest minds. Such a condition is commonly known as Nervous Debility. When you lose self-confidence and feel your strength, energy and nerve force slipping away, it is high time you seek sensible aid.

You prefer health and success to misery and failure.

Sexine Pills
have no equal as a nerve restorer. A couple of boxes will dispel that heavy feeling; the unnatural weariness disappears and replaces vigor with new force and vigor of body and brain. Six boxes will cure any ordinary case of nervous debility. If not, you get your money back.

SYRUP OF FIGS

Acts Gently;
Acts Pleasantly;
Acts Beneficially;
Acts truly as a Laxative.

Syrup of Figs appeals to the cultured and the well-informed and to the healthy, because its component parts are simple and wholesome and because it acts without disturbing the natural functions, as it is wholly free from every objectionable quality or substance. In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal virtues of Syrup of Figs are obtained from an excellent combination of plants known to be medicinally laxative and to act most beneficially. LOCAL PARAGRAPHS.

Maj. F. H. Hardie, the commander at Fort Wingate, was in the city yesterday.

The German ladies will have a meeting at Mrs. Renner's Wednesday afternoon, at 2 o'clock.

Dr. F. A. Jones, who has just returned from a trip to Kansas City, will leave tonight for Socorro.

The home of Mr. and Mrs. Harry P. Owen was brightened Sunday morning by the arrival of a baby boy.

Mr. O. E. Cromwell says Albuquerque is the most prosperous, liveliest and cleanest town west of Kansas City.

Regular meeting of Harmony lodge, No. 17, I. O. O. F., this evening. Degree drill. All members of the order invited to attend.

Miss Nellie Crane left on the delayed passenger train this morning for El Paso, where she accepts a position as trimmer at the millinery store of Mrs. Bridges.

R. L. Dodson, proprietor of the Albuquerque Cycle & Arms Company, appeared on the streets this morning driving a handsome new Rambler automobile. The new machine arrived yesterday.

The restaurant department of Sturges' European is all torn up today. A force of paper hangers and painters from C. A. Hudson's shop are at work. Everything will be ready for supper this evening.

Mr. and Mrs. Aaron Rosenwald left this morning on the delayed train No. 2 for Trinidad, Colo. After a short visit there they will go to Denver. They will be absent from the city a couple of weeks.

There will be a meeting of Albuquerque lodge, No. 336, I. O. B. B., this (Tuesday) evening at 8 o'clock. All members are requested to be present. Initiation. By order of the president, Samuel Neustadt, secretary.

The city council did not meet at the city hall last night as they are accustomed. Several of the councilmen were out of town and a quorum could not be present, consequently the meeting was postponed subject to the call of the mayor.

Tomorrow afternoon at 1:30 o'clock at the home of F. W. Hall, 511 Marquette avenue, will occur an auction of furniture and household goods. The goods will go to the highest bidder by Scott Knight, the auctioneer. Some of the furniture is exceptionally fine.

At the Church of Immaculate Conception last night Father Barry, the Jesuit missionary, delivered an able sermon on "Who and What is the Christ." A large crowd was present to hear the discourse, which was a deep and interesting subject. Father Barry has a convincing and forceful manner, which renders his lectures very instructive.

C. R. Robinson, of Colorado Springs, grand master of Colorado and jurisdiction of colored Masons, arrived in the city last evening. He will convene Eureka lodge No. 13, A. F. and A. M., of Albuquerque, at 8 o'clock tonight, after which he will proceed on his annual tour, visiting lodges included in the jurisdiction of Arizona, Wyoming, Montana and Utah.

Hon. J. M. Sandoval, of Los Corrales, who came down last Friday night from Santa Fe, telephoned The Citizen office yesterday afternoon that he was surprised that the county division bill had been called out of the committee and acted upon last Saturday. When he left Santa Fe it was understood that the bill would not come up for action until Tuesday following, hence he came on home to be with his family over the Sabbath.

Albuquerque people are especially interested in the new Bright Angel hotel to be erected by the Santa Fe railroad this year on the brink of the Grand Canyon. It is a matter of pride to us that Mr. Whittlesey is the architect. He has kindly consented to let the plans be seen at Pastor Herman J. Powell's talk on the Grand Canyon, at the Baptist church, Tuesday evening. Musical program and social in connection. Admission free.

DEATHS.

Death of Harvey Carlson.

Harvey Carlson, of Laurens, Iowa, died here yesterday afternoon. While with the Forty-Ninth Iowa volunteers he had a severe case of typhoid fever which culminated in lung trouble, and he came to Albuquerque in the hope of being benefitted. Mr. Carlson was a promising young man and was 24 years old.

Funeral services will take place at Edwards' undertaking parlors, 307 West Railroad avenue, Grant hall, tomorrow (Wednesday), afternoon at 2 o'clock. Rev. Richter officiating. Burial takes place at Fairview cemetery.

Death of Walter Spooner.

Walter Spooner died at the St. Joseph's sanitarium Sunday night of consumption. He was about 20 years old and came here some time ago from Boston. He took rooms at the Commercial club and lived there several weeks. His malady grew worse and he was moved to the sanitarium. His mother, Mrs. W. R. Spooner, arrived here a few days ago from the eastern home and was present when death came. The body will be shipped to-night to Boston for burial. The bereaved mother will accompany it.

St. Joseph's Sanitarium.

The ladies who are to arrange for the bazaar to be given by the St. Joseph's sanitarium have been offered the use of the Alvarado parlors, by Manager Cheatham, to hold their meeting Wednesday afternoon. The bazaar
