THE NATION'S LAWMAKERS

Senate Quiet on Littlefield Anti-Trust Bill.

NAVAL APPROPRIATION BILL PASSED

Special House Rules to Prevent Minority From Obstructing Legislation.

Washington, Feb. 27.—At the opening of the senate today, Mr. Blackburn, of Kentucky, announced that he would object to all requests for unanimous consent until the senate shall have an opportunity to say whether or not it wants to consider the Littlefield anti-trust bill.

The naval appropriation bill was then taken up. The bill was passed, and the military academy appropriation bill was taken up, which also passed.

Mr. Blackburn moved to take up the Littlefield anti-trust bill. Mr. Blackburn's motion was defeated, 28 to 28, a party vote, with the exception of Mr. McComas and Mr. Wellington, of Maryland, and Mr. Nelson, of Minnesota.

At 1:45 the senate went into executive session to consider the Panama canal treaty.

At 1 o'clock the statehood bill was laid before the senate.

It was laid aside, however, for the military appropriation bill.

THE NATIONAL HOUSE.

Washington, Feb. 27.—With the reconvening of the house at 11 o'clock today the fight of yesterday was resumed and the indications were for a stormy session, when the speaker's gavel fell. Mr. Richardson, the minority leader made a point of no quorum.

"We cannot do business without a quorum," he said, "although we can unseat a member without one."

The speaker calmly replied that there was manifestly no quorum present and directed a call of the house. On the call, 267 members appeared. The democrats continued to demand roll call on every question.

Henry Yanow, the Second street broker, is confined to his home on account of illness.

CATHOLIC MISSION.

Another Fine Address by the Rev. Father Barry.

LARGE ATTENDANCE.

A large attentive audience appreciated the mission services conducted at the Immaculate Conception church last night by Rev. A. Barry, the Jesuit missionary.

The congregation arrived early and the large auditorium of the church was comfortably crowded when the meeting was opened by a short mass service conducted by Father Mandarini.

The question box was opened and the following questions found therein were read and answered:

"Why has not a Catholic a right to be a Mason?"

"Why is the Catholic church so opposed to mixed marriages?"

"When and where did the Catholics get their religion from the Jews?"

The subject of Rev. Barry's sermon, which followed the answering of the questions, was "Nature, Effects and Consequences of Sin."

Using the words of the Prophet Jeremiah, "Know thou, and see, that it is an evil and a bitter thing for thee to have left the Lord thy God," as a text, he discussed at length, and many were the bright and sparkling truths that the subject brought forth. Rev. Barry was well acquainted with the subject and covered its fruitful field most thoroughly.

He dwelt at length on the sequence of mortal sin, and said in part:

"Mortal sin is a transgression of the law of God in a matter of importance, with full deliberation and full consent of the will. Consequently it is an insult to the Almighty God. One trembles to say it, but so it is. The greatness of an insult is measured by a comparative importance of the persons between whom the offense passes. A year or two ago the heart of the nation was shocked because a vile fanatic struck at the life of the president of the United States. That shock came

not so much because an estimable citizen had been ruthlessly shot down, but because Mr. McKinley, in his official capacity, represented a majority of 70,000,000 of American people. Now, then, you committed a mortal sin—you insulted and threatened to take the life, not merely of a human being and just ruler of a great nation, but of the eternal God Himself. And for what? For the pleasure of sin. For the gratification of some vile lesson, which you would be ashamed that your best friend should know that you could even think of doing. And yet, this is what the world excuses and takes for a matter of course. This is what men laugh at and boast of over their cups. This is sin, so easily committed, so quickly committed and so soon forgotten."

The speaker followed this theme of thought to sin in its lowest degree. The external and internal effects of sin, morally, mentally and physically. His word pictures were vivid, true and terrible.

The mission will be continued until the date as given out, with the usual daily program.

SPECIAL RULES.

Minority Power to Obstruct to be Reduced to a Minimum.

Washington, Feb. 27.—The house committee on rules met this morning before the house convened and ordered a favorable report on the two special rules prepared yesterday, by which the minority power to obstruct legislation is to be reduced to a minimum. The orders are as follows:

"Resolved, That immediately upon the adoption of this rule, and at any time thereafter during the remainder of this session, it shall be in order to take from the speaker's table any general appropriation bill returned with senate amendments, and such amendments having been read the question shall be at once taken without debate or intervening motion on the following question:

"Will the house disagree to said amendments en bloc and ask a conference with the senate? and if this motion shall be decided in the affirmative the speaker shall at once appoint the conferees without the intervention of any motion. If the house shall decide said motion in the negative, the effect of said vote shall be to agree to said amendments."

The second rule which is designed to continue the legislative day of yesterday until March 4 is as follows:

"Resolved, That for the remainder of this session the motion to take a recess shall be a privileged motion and take precedence of the motion to adjourn."

CABINET MEETING.

It Looks Very Much Like an Extra Session of Congress.

Washington, Feb. 27.—The discussion at today's cabinet meeting revolved principally about pending legislation in congress. Little hope is felt among members of the cabinet that the Cuban reciprocity and Panama canal treaties will be ratified by the senate at the present session and each day's delay in acting upon them is increasing the probability of an extraordinary session of the senate. The president has reiterated his determination to call a special session of the senate in the event of the failure of ratification of either one or both of the treaties. So far as can be ascertained, the president has not determined upon any date for the opening of the extra session if one should be called, but it is regarded as likely that it will be practically right after the close of the present session.

PHILIPPINE TARIFF.

President Anxious for Enactment of Pending Philippine Tariff.

Washington, Feb. 27.—President Roosevelt, in conversation with some of his congressional callers today, dwelt upon with serious emphasis, the necessity for the enactment of the pending Philippine tariff legislation. He said that in the last few days cablegrams had been received from Governor

Taft strongly urging that a Philippine tariff bill be enacted, and pointing out that failure on the part of congress to provide for a lower tariff on Philippine products would result certainly in hardships to the people of the islands and probably to a recurrence of serious disturbances.

Indeed, Governor Taft is of the opinion that recent outbreaks instigated by bands of Ladrones in the islands of Luzon are due largely to a feeling of discontent that is growing throughout the Philippines.

The conditions in the islands are said to be bordering on distress and the president in discussing the proposition with members of congress appealed strongly to them for the enactment of legislation that in the opinion of the administration would remedy the present difficulty. Senator Lodge and other republican senators are making an effort to secure the passage of the tariff bill, but they have little hope of success.

MERCHANTS-TAXPAYERS.

A Few More Who Are in Favor of County Division.

THEY ARE ALL GOOD CITIZENS.

A petition from the citizens of Albuquerque, favoring the division of Bernalillo county, was presented to the territorial council, now assembled at Santa Fe, yesterday by Councilman Hughes.

It was taken charge of by the committee on counties and county lines.

The petition was signed by a number of taxpayers of the city and necessarily should carry some weight with it toward bringing forth a favorable report on the new county bill from the committee.

The special from Santa Fe yesterday announcing that a hot fight was being made in the council against the creation of Sandoval county, and that Hon. Frank A. Hubbell was working hard against the division, was read here with much surprise, and was commented on freely on the streets last night by prominent business men and members of the city board of trade and those who attended the two mass meetings of citizens recently held here.

The following are a batch of interviews from a number of Albuquerque merchants and taxpayers, who are not at all backward about voicing their sentiments on the division proposition.

T. A. Whitten—Am in favor of county division.

H. Brockmeier, senior member of the firm of Brockmeier & Cox—I believe that it will save the county much money in the way of mileage in summing and bring to court jurors and witnesses and consequently reduce expenses and taxes. Under the existing conditions I sincerely believe that it would be very beneficial to the taxpayers.

T. Y. Maynard, proprietor of the Maynard jewelry store—I believe a division of the county, providing it can be done with justice to all taxpayers, and shut off the long mileage fees for jurors, will be advantageous to the city of Albuquerque.

E. L. Washburn, the clothier—I believe it is a good thing from an economical standpoint. I believe that a small county can be conducted more economically than a large county. We can easily afford to accept the whole of the county debt.

Dave Weinmann, of the Economist—The sooner the county is divided the better for both counties, and especially for Albuquerque. Instead of using the taxes collected for the benefit of such a big county the same can be used to much advantage in a smaller county and something can be seen for the money expended. Take the road east on Railroad avenue, leading to the mesa; it is a disgrace to any civilized community and as long as the county commissioners allow such roads to exist, just so long are we not entitled to statehood.

J. A. Skinner, the groceryman—For the people of Albuquerque, I think the division of the county would be a good thing. It is sure to lower the taxes. We are paying, which are exceedingly exorbitant.

J. W. Malette, proprietor of the Fair store—I say divide the county if it is going to benefit Albuquerque any. I think if the county promoters are from the new county and want the county divided, they on the north half, should take a good share of the debt.

E. Rosenwald, of Rosenwald Bros. merchants and large property owners—At first it was my opinion that the county should not be divided, but since I have considered the matter and talked to several people on the subject I am convinced that a division of the county would be most beneficial. I am almost positive that our taxes would be less, if the county were smaller.

DEATH IN FIRE

Charred Body of a Lady Correspondent Found.

FATAL POWDER WORKS EXPLOSION

Great Britain Suffered Last Night From a Gale.

HOME RULE FOR CITY OF DENVER

Lowell, Mass., Feb. 27.—One person and possibly others lost their lives in a fire which broke out in the Burbank block here early today. The building was used for business, lodging houses and social purposes. There were seventy-five lodgers in the house when the fire broke out. Reports that lives had been lost were circulated and contradicted, but when a search of the ruins was made the body of Mrs. Sarah F. Kiltredge, correspondent of the Ladies' Home Journal and the Saturday Evening Post, of Philadelphia, and other periodicals, was found. Later it was reported that four other persons were missing and search was continued. The total financial damage is estimated at \$125,000, partly covered by insurance.

FOURTH EXPLOSION.

At a Kansas Powder Works—Six Men Killed.

Kansas City, Feb. 27.—A special from Cherokee, Kan., says: The press mill of the Laffin & Rand Powder company works at Turck, eight miles south of here, exploded early today, killing three men and injuring fifteen others, three of them fatally. The dead: Sanford Reed, Lee Patterson, Bert Card. The fatally hurt: Lon Kyle and Jerome Cornell. The explosion is the fourth since the establishment of the works in 1889.

Stern, who went to Socorro yesterday, returned with the remains this morning. The funeral services were held at the residence of Simon Stern at 2:30 o'clock this afternoon. The body was laid to rest in the Jewish addition of Fairview cemetery.

Fire Down in Hayti. Cape Haytien, Feb. 27.—A dispatch received here from Gros Morne today announced the complete destruction of Port de Paix, Hayti, by fire, last night. Only the vessels belonging to the Haytian company were saved.

New Bowling Record. Indianapolis, Feb. 27.—D. A. Jones, of Milwaukee, broke all bowling records this afternoon with the following score: 232-248, 203-683. The record last year was 649 made by Fred Strong, of Chicago.

Eusba Gatta, the paper hanger, left this morning for his native sunny Italy for a year's visit.

MAX BECKER AGAIN.

His Good Wife Makes Public Apology for His Misdeeds.

THERE IS NOTHING TO RETRACT.

Out of respect to Mrs. Max E. Becker, The Citizen publishes below her denial of the article published in this paper Tuesday afternoon, but in no way do they retract the statements made regarding Max Becker's appearance in police court, and the reason why he was fined \$15 for an offense which should have been ninety days in the county jail.

The Citizen was prompted by no personal animosity in showing up a man whose conduct toward his wife has roused public feelings for many years past.

If it were necessary to substantiate the statements made by The Citizen, extracts could be obtained from the court and police records which would bring to light many seasons of trouble caused by Mr. Becker, which are unknown to the public. His recent trouble at Socorro, which was very disgraceful, is also an unwritten item.

Mrs. Becker's statements, denying the charges, are as follows:

Good Wife's Denial. Mr. Becker is not a "wife beater" and did not "beat" me, neither did we have any friends, or liquor, (or to use The Citizen's words) "roll of joy," in the house at the time.

I beg to state in as few words as possible, that Mr. Becker had been drinking, and having not eaten anything for several days, the liquor naturally affected him.

When I found I could not manage Mr. Becker alone I then sent for the marshal, who sent an officer in his place.

I instructed the officer not to arrest Mr. Becker, but have him guarded until he recovered his mind.

I preferred no charges against him whatsoever.

I also mentioned to the officer that I had a spare bed room which he could occupy with Mr. Becker and would prefer having him guarded in the house; he informed me that he would take Mr. Becker down and look for the marshal and see what he had to say and if permissible would return with Mr. Becker and place a guard over him in the house; he asked Mr. Becker to accompany him, and promised Mr. Becker that he would bring him back sure, in a couple of hours. I then told him to be sure and make my husband eat some supper, and made out a check and handed it to Mr. Becker in case he had no change with him.

In regard to the check mentioned, Mr. Becker and I have a mutual agreement at the bank that we both sign all checks issued by either of us, as manager and cashier.

I think The Citizen has committed a great wrong in letting personal animosity interfere in this matter by publishing such a vindictive item, which covered the space of half a column.

I appreciate very much the kind interest of my friends, but cannot thank them for bringing my name into such notoriety.

My husband and I have been living very happily together, especially the last few years, and The Citizen again is wrong in calling him a "brute."

Trusting The Citizen will retract its words now that the truth is told.

I am respectfully,

MRS. MAX E. BECKER.

Found Dead.

Buffalo, N. Y., Feb. 27.—E. T. Burdick, president of the Buffalo Envelope Works, was found dead in his room today with his skull crushed. The indications are that it was the work of burglars.

Twenty-Fifth Day's Doings of Legislature.

PETITIONS FOR SANDOVAL COUNTY

Albuquerque Central Labor Union Against Convict Labor--Important Measures.

TWENTY-SIXTH DAY, THURSDAY, FEBRUARY 26, 1903.

The Council.
(Morning Session.)

When the council was called to order this morning, prayer was offered by Rev. W. A. Cooper. The journal was read and approved. The president announced having signed the Quay county bill; council joint resolution No. 7, to secure publicity of proceedings; amended council bill No. 6, relating to the burial of old soldiers. A message was received from Governor Otero announcing that he had signed council substitute for council joint resolution No. 4, relating to the printing of reports and documents in Spanish; and council bill No. 73, an act establishing an orphan's home at Belen.

A petition from the business men of Albuquerque, praying for a division of Bernalillo county, was presented by Mr. Hughes and referred to the committee on county and county lines. The committee on municipal and private corporations reported council bill No. 82, providing for fees of probate clerks, with the recommendation that it be tabled.

The same committee favorably reported house joint memorial No. 2. The committee on finance favorably reported house joint resolution No. 7.

Mr. Hughes presented a protest from the Central Labor Union of Albuquerque, against the employment of convict labor on the construction of a road from this city to Las Vegas. It was ordered spread on the records.

Mr. Pinard introduced council bill No. 86, an act to repeal sections 2, 3, 4, and 5 of chapter 45, session laws of 1899, relating to civil trials. Referred to committee on judiciary.

Council bill No. 82, an act fixing the salaries of probate judges, was tabled indefinitely on recommendation of the committee on municipal and private corporations. The same committee favorably reported house joint memorial No. 2, relating to drift fences and it was adopted.

The finance committee favorably reported house joint resolution No. 7, providing for the pay of employees and it was adopted.

President Chaves announced having signed house bill No. 91, an act for the relief of A. B. Baca.

The house amendment to council bill No. 60, an act providing for the pay of the district attorney of Colfax and Union counties, was concurred in.

House bill No. 95, an act to amend the law relating to peddlers, was referred to the committee on territorial affairs.

House bill No. 97, an act to repeal section 50, compiled laws of 1897, was referred to the judiciary committee.

House bill No. 109, an act to define assault, was referred to judiciary committee.

House bill No. 81, an act relating to the payment of taxes by the Santa Fe Pacific Railroad company was referred to the judiciary committee.

House bill No. 90, an act to authorize district courts to render decisions at any place, and for certain other purposes in connection with the court, was referred to the judiciary committee.

House substitute for house bill No. 78, an act relating to the pasturing of sheep and goats, was referred to committee on territorial affairs.

House bill No. 79, an act to transfer certain funds to the penitentiary account, was referred to committee on finance.

House bill No. 3, an act to amend the law relating to proceedings for condemnation, was referred to the committee on municipal and private corporations.

House joint resolution No. 5 was reported from the house. It provided for the appointment of a committee to visit and investigate the conditions at certain educational institutions in the territory. The institutions named were the Military Institute, at Roswell, the College at Mesilla Park, and the School of Mines at Socorro. Mr. Spiess moved to amend the resolution so as to strike out all reference to the council and permit a house committee to make the

investigations if it so wished. Mr. Fall said he had heard nothing of any crying desire on the part of the two institutions in his district to be investigated, but he had been informed an employee of the house had created such a desire and sentiment. The amendment was adopted and the resolution with all reference to the council eliminated, was adopted.

The council then went into executive session to consider nominations from the governor. As soon as the executive session was concluded the council took a recess until 2 o'clock in the afternoon.

(Afternoon Session.)

When the council met in the afternoon, a recess was at once taken subject to the call of the chair.

The House.

(Wednesday's Afternoon Session.) House bill No. 95, by Mr. Montoya, an act to amend the law relating to peddlers, was favorably reported. Mr. Dalles presented an amendment to strike out "domestic machinery." The speaker called Cristoval Sanchez to the chair and took the floor to defend his bill. He said it was for the benefit of purchasers. Mr. Dalles thought it was a hardship on merchants, but his amendment was voted down. The bill was passed unanimously.

Unanimous consent was given Cristoval Sanchez to introduce a resolution. It instructed the sergeant-at-arms to prohibit the chewing of gum in the chamber. There was a burst of laughter and the speaker declared it adopted without putting it to a vote.

House bill No. 58, an act to make a special district attorney district of Socorro county, etc., was recommitted to the judiciary committee as a bill is

POLICE COURT.

Common Drunks and Petty Larceny Offenders Up This Morning.

JUDGE CRAWFORD DEALT OUT JUSTICE

Police court was well attended this morning by offenders ranging from common drunks to petty larceny.

Frank Armijo, a native of Barcelona, who is employed in the warehouse of Swift & Co., was arrested yesterday on the charge of stealing a ham and a quantity of bacon. But the ham was the only article he could be accused of stealing, although the disappearance of the bacon looked rather suspicious, as Armijo was the only one in the warehouse. He pleaded guilty to stealing the ham and was sent over to the county jail for thirty days.

A. P. Osburn, a traveler, was arrested by Officer Barton at the depot last night for being drunk and raising a disturbance. He pleaded guilty to the charge and was fined \$5, which he paid and departed not pleased with Albuquerque's police tactics.

Ellen Bound, a decided blonde, whose years of existence had passed the point of sweet sixteen, etc., was arrested on the "acre" last night for being out after the curfew hour without an escort and being in a state of inebriety. She claimed to be an innocent girl, placed in her present condition by the cold, cruel world. Her story didn't go with the judge, as she was up just a week ago for the same offense, claiming at that time that she had lost her way, the nocturnal activity on Third street having confused her geography of Albuquerque. For the coming ten days she will act in the capacity of scrub "lady" around the city hall.

An arrest was made by the officers yesterday afternoon of a well known street loafer for committing a nuisance on the sidewalk. He was fined \$5 for this offense, which is becoming too prominent. The police mean to put a stop to this disgusting habit, and the next offender will receive a double fine.

New Mexico demands Statehood from the Fifty-Seventh Congress.

In southern Indiana quinine is being used as a substitute for coal. It breaks up chills.

Turkey has as many holidays as any other nation on earth, but it has fewer pay days.

King Edward's frequent attacks of dyspepsia, rheumatism and gout are very expensive. He pays his chef \$10,000 a year.

All the negroes were driven out of a town this week, and it wasn't a southern town, either. It was located in Pennsylvania.

An esteemed contemporary asks for a boneless fish rather than a featherless chicken. This is a striking instance of ingratitude.

The republicans of Albuquerque, with a few exceptions, are in favor of county division. Read the list of interviews being published daily in The Citizen.

When Andrew Carnegie was compelled to borrow a dollar to place in a contribution box the other night it must have been the happiest moment of his life. At last his great ambition had been realized. He was penniless.

Spain has been awarded damages against a ship building firm for not delivering torpedo boats in time for use in the late war. It looks as though the United States ought to have something out of this. She would most certainly have got the boats.

The first voyage of the Cedric, whose length is 700 feet, tends to confirm the claim that seasickness will be rare on ships of this size. While the Cedric pitched to some extent, she did not roll even when a gale was blowing. Her average speed of 14.43 knots an hour was not high, but her passage in eight days and eight hours was not bad for a first trip.

Oklahoma City's postoffice receipts undoubtedly show the most remarkable growth of any office in the United States. From 1898 to 1902 the business increased 360 per cent. When it is remembered that the beginning of this remarkable increase was in a city of 7,500 population, and that no discoveries of mineral were made, or extraordinary concentration of railways took place, the growth seems simply marvelous.

By reference to the interviews being published daily in The Citizen, it will be seen that all who have registered themselves in favor of county division are republicans. Therefore, the claims of the few who oppose county division that the scheme is democratic is not borne out by actual facts. No one can say that F. G. Pratt, William Farr, J. C. Baldrige, A. E. Walker, H. E. Fox and many others are democrats. These gentlemen are in favor of county division, because they know it would be to the best interest of Albuquerque to have the county divided.

The Topeka State Journal says: "Many explanations are advanced designed to make plain the cause for Mr. Quay's hard fight for the admission of the territories. Now let us hear from the opponents of the omnibus and their friends. What excuse have they to offer for carrying their opposition to the extent of doing everything possible

to prevent a vote on the matter. It has been made plain to the public why Quay wants the territories admitted. Will the opposition be equally as frank in telling why they don't want the territories taken in?"

FRESH HONORS FOR QUAY.

Whether Senator Quay is successful or not in passing the statehood bill and placing three new stars in the American constellation by the admission to the union of the territories of Oklahoma, New Mexico and Arizona, he will have received some honors for the fight he has made, says the Washington Times.

The legislature of New Mexico, which territory the Pennsylvania senator is especially anxious to have made a state, has passed a bill organizing a new county and giving it the name of Quay county in recognition of the determined fight which the statesman from Beaver has made in behalf of statehood. Several names were suggested for the new county, but when "Quay" was advanced it at once met with favor and was selected by a large majority.

Deputy United States Marshal R. E. Leatherman, of Albuquerque, is in town on official business.

Capt. W. E. Dame, of Albuquerque, clerk of the Second judicial district court, is shaking hands with friends today in the capital.

John H. Stingle, city attorney of Albuquerque, was among last evening's arrivals to watch legislative proceedings.

Judge B. S. Baker, associate justice of the territorial supreme court, arrived from Albuquerque last evening and was in attendance at today's session of the territorial supreme court.

Hon. Alfred Grunsfeld, of the big mercantile firm of Grunsfeld Brothers at Albuquerque, who is treasurer of the bureau of immigration, is in the city to attend the meeting of the bureau held today.

Mr. and Mrs. Frank W. Clancy, of Albuquerque, arrived in the capital yesterday. Mr. Clancy, who is the efficient district attorney of the Second judicial district, is here on legal business. Mr. and Mrs. Clancy will remain until Friday night.

Used as Sanitarium.

Dr. E. H. Brown, of Chico Springs, incorporated a company to open a sanitarium at Chico, Colfax county. The buildings are the hewn-log mansion of Col. S. W. Dorsey, and the building presented by Dorsey to Bob Ingersoll for a summer home. They have not been used for years, but are in good condition. The buildings will accommodate 100 persons.

James Barton Adams, in the Denver Post, says: "That Chicago man, who proudly boasts in print that he never bought a pound of coal in his life must live near a coal yard that has a board broken off the back fence."

The Deadly Trail

Of disease is often the trail marked by a woman's gown. A recent investigation showed a horde of microbes, including those of influenza, consumption and a dozen other varieties, gathered in the trail of a woman's dress.

The microbes are everywhere, but it is the weak and feeble people whose blood is "poor" and digestion "weak." Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition and purifies the blood.

It strengthens the body by increased nutrition to resist or throw off disease. "Please accept my thanks for the good Dr. Pierce's Golden Medical Discovery has done for me," writes Mrs. N. C. Kelley of Cleveland, Ohio. "I was troubled for over a year with what the doctor pronounced indigestion, and nervous headaches, an unpleasant taste in my mouth in the morning, and my blood was very poor. I tried different medicines but to no avail. My parents insisted on my taking Dr. Pierce's Golden Medical Discovery. I did so, and now I am well, and feel stronger than I have in ten years. I cannot speak too highly in its favor."

Dr. Pierce's Pleasant Pellets are easy and pleasant to take. A most effective laxative. They do not get the pill habit.

A REPUBLICAN VOTER.

He Protests Against Municipal Election Bill Becoming a Law.

Editors Citizen:

Your timely editorial in last night's issue regarding the municipal bill introduced by Mr. Albright, of the Democrat Publishing company, deserves especial attention of the taxpayers and voters of this city. As you stated, the bill provides for an extension of office for the several city and school officers, and which I greatly doubt if it would be constitutional. If the right of franchise is to be placed in the hands of a few politicians, and for them to say that a person elected for one or two years, can be continued in office at their pleasure, it is high time for the voters to protest against such high handed proceedings. Probably it is necessary for the passage of the bill to protect certain schemes. If the several offices can be continued in this manner without the people being considered I consider it dangerous legislation and a menace to the welfare of the city.

If the city board of trade, which is composed of taxpayers, does not take this matter up, it will look like as if there is a nigger in the wood pile which will undoubtedly be disclosed to the detriment of republican principles. The right of franchise is sacred and the people will resent their disfranchisement as to the right to elect their governing officers. From public expression, should the bill become a law by the governor's signature, it will surely be the means of encouraging legislation in the future of similar nefarious acts.

Thanking you for your information regarding said bill, and for space, I am yours

Railroad Topics

The passenger and freight business of the Atchison, Topeka & Santa Fe railway in Santa Fe for the months of January and February has been very good.

Word reaches this city to the effect that William Savage, roadmaster of the Mexican Central at Guadalajara, was shot and killed last Thursday by a Mexican section hand.

George Johnson, a planing mill employee at Topeka, who drew his time a short time ago to go to Arizona, has postponed his trip until a later date. He has resumed his work in the mill.

The new time table which will go into effect on the Denver & Rio Grande railroad on Monday morning, provides for a daily service, excepting Sunday, for Santa Fe. The train will leave Santa Fe in the morning at 9 o'clock and will arrive here at 6 o'clock in the evening.

The Las Vegas Optic says: This morning first No. 4, consisting of an engine and two cabooses, struck the rear end of a freight train at French, smashing the caboose of the freight and derailing a number of cars. The wrecking crew was called out and the wreck speedily cleared although No. 4 was delayed several hours.

Some days ago the Optic announced the departure of George H. Crosson, the popular engineer, for Kansas City, where a bride awaited him. He returned to Las Vegas yesterday with the lady of his choice in the person of Miss Nellie B. McConnell, a winsome lady of the city on the Kaw. George has a host of bachelor friends who, although sorry to lose him from their ranks, wish him all the happiness of married life.

Foreman Parfitt of the Topeka boiler shop, has just completed a device by which rails can be bent. This, as far as known, is the first time in the world rails have been bent by machinery. Heretofore, it required eight men to bend a light rail into a slight degree of curvature. With the new machine it only takes two men to do the work and seventy pound rails can be bent to a 35 degree radius with the greatest ease. Electricity is used for power to run the new machine.

Tonight, at Colombo hall, will occur the second annual ball of the local order of the International Association of Machinists. The committees on preparations and arrangements have been busy for more than a month getting the affair in shape and selling tickets. They left no detail of arrangements undone, and socially it will be a great success. Everybody who attends is sure to enjoy themselves. The committee on tickets sold lots of them and the affair will net the boys a neat sum. The best of music has been secured. Go and take your friends.

WEAK AND LOW-SPIRITED.

Correspondent thus Describes His Experience.

"I can strongly recommend Herbine as a medicine of remarkable efficacy for indigestion, loss of appetite, sour taste in the mouth, palpitation, headache, drowsiness after meals with distressing mental depressions and low spirits. Herbine must be a unique preparation for cases such as mine, for a few doses entirely removed my complaint. I wonder at people going on suffering or spending their money on worthless things, when Herbine is procurable, and so cheap." 50c a bottle at Cosmopolitan Pharmacy—B. Ruppe.

To Secure Justice for Americans.

The railway brotherhood relief committee is meeting with success in raising the \$8,000 needed to accomplish the committee's work of securing justice for American railroad men unjustly imprisoned in Mexico whenever an accident happens on the railroads there. The Denver, Colo.; Roswell, N. M.; Amarillo, Texas; Columbus, Ohio, and Grand Junction, Colo., divisions of the four great railway orders have sent their per capita tax, amounting to about \$100. Letters from many other divisions by Secretary H. H. Adams have been received, stating that a subscription was being raised for the committee. Secretary Adams is also in receipt of a letter from Governor Pardee, of California, saying that he will make efforts to secure a subscription for the work. Contributions are being received from business men and firms and the committee expects to realize the sum needed in a short time.

Engines for Santa Fe Central.

President W. B. Andrews, of the Santa Fe Central railroad, who is making his home in Washington in the present session of congress, has placed an order with the American Locomotive works for five new engines for his line, says the Washington Times.

The road has already received several engines, and the line will be placed in operation April 1. A part of the road is being used now, but construction of stations has been delayed somewhat, consequently President Andrews is averse to opening the line for general use until it is thoroughly equipped for business. Although Mr. Andrews is much occupied with his railroad business, he finds time to participate in politics and has been here since last December looking after the statehood bill.

Big Car Orders.

The American Car and Foundry company has received within the past two weeks orders for several thousand cars. Among those received are the following: Kansas City Southern, 250 box cars; Fort Smith & Western, 250 coal cars; Santa Fe Land Improvement company, 1,500 box cars; New York Central, 500 freight cars; Atlan-

ta & West Point, 170 box cars; Kingan Refrigerator company, 50 refrigerator cars; California Northern, 20 freight cars; the Rogers company, 500 freight cars, and smaller lines, 30 cars of mixed classes. The Standard Car company has received an order for 500 coal cars from the Standard Steel Car company. The Chicago & Northwestern road has ordered fourteen engines from the American Locomotive works. An order for five engines has been placed with the same company by the C. N. O. & T. road. These order assure work for many months to both concern receiving them.

STRIKE IS SERIOUS.

Colorado & Southern Shop Employees Demand Recognition of Union.

The strike of the shop employees of the Colorado & Southern railway threatens to become serious. The blacksmiths in Denver went out some days ago. Tuesday they were joined by the machinists at Denver and Wednesday the boiler-makers in the Denver shops and the machinists, boiler makers and wipers at Trinidad were called out. The strikers in Denver now number 192 and in Trinidad 125. The employees at Cheyenne have been ordered out, but as yet have not obeyed. Union recognition seems to be the most important question.

ROCK ISLAND MAY CONTRIVE.

Indications That the System May Get Hold of the Frisco Road.

Numerous rumors are afloat in Wall street concerning the St. Louis & San Francisco railroad, including one of competitive buying for control by Morgan interests, another that the seaboard airline is buying the stock and a third that Rock Island interests are after the property. The latter is considered most probable.

Official confirmation is lacking in every case, but many conservative men lean toward the theory that J. P. Morgan & Co. will ultimately be found in control, in which event it is believed the property will be turned over to the Southern railway. There is practically nothing to show that the seaboard interests are after the property.

Statements that Mr. Morgan already dominates Frisco are denied in trustworthy circles. In fact, it is understood that the St. Louis Union Trust company holds the balance of power, the stock being "trusted" with that of President Yoakum and his associates. President Yoakum has been a regular visitor at the Morgan banking house for weeks past and has held numerous conferences with George W. Perkins, Mr. Morgan's partner. Some announcement concerning Frisco is expected soon.

In the last hour of the stock market a report spread on the exchange that Morgan & Co. had purchased control of the St. Louis & San Francisco for the Rock Island company. It was declared that control had been acquired through the purchase of a large

NO JOKE

But Ninety Pounds of Solid Flesh. If Mark Twain should write a story about a person who weighed 90 pounds and increased her weight to 180 pounds (or double) in one year by quitting coffee and drinking Postum Coffee, every one who read it would say, "There's a joke behind that somewhere."

There is a well known lady in Coraopolis, Pa., who actually made this gain in weight as the direct result of leaving off coffee and taking up Postum Food Coffee. It was a very earnest matter and far from a joke for her. Her gain in general health kept pace with the increase in weight.

She says: "For many years I suffered with stomach derangement and violent and oft-recurring headaches. It was not an unusual thing for our family of four to use 2½ to 3 pounds of coffee a week. I was suspicious that my troubles were due to coffee, but as I did not like tea or cocoa or chocolate there seemed no palatable hot drink for me to take at my meals."

"Then it was I heard of Postum and decided to try it. I was just convalescing from a serious illness, and was very weak and emaciated. I know it sounds like what people would call a 'fish story,' but I actually went from 90 pounds to 180 pounds weight in one year. My change in health was so great that many of my friends make a joke of it to this day but my nerves are good and I am happy and contented so can afford to laugh with them."

"I first learned of Postum from a family in Indianapolis, where I saw the mother of six children emerge from invalidism to perfect health on Postum after leaving off coffee. Soon after that another friend made a remarkable recovery by dropping coffee and using Postum and when I moved here a neighbor shook off coffee and nervous dyspepsia and built himself up on the food drink. So I heard of one and another until I don't know how many I have known of who have recovered from disease of some sort by leaving off the drug coffee and using Postum Food Coffee."

"You are at liberty to use my name." Name given by Postum Co., Battle Creek, Mich.

amount of common stock. According to these same reports, the price paid for the stock was \$3, of which 20 per cent was in cash and the rest in notes extending from six to eighteen months.

President Yoakum, when seen at the office of Morgan & Co., refused to confirm or deny the report. Mr. Perkins, of the Morgan firm, with whom Mr. Yoakum had been in conference, was no more communicative.

Dispatches from New Orleans, stating that the Frisco road had bought the New Orleans Belt line, could not be confirmed.

The Chicago Record-Herald says: It is reported on almost official authority that the Rock Island has secured control of the Frisco system and that the deal is the forerunner of a new and far-reaching community of interests among western lines.

It is also reported that President Yoakum will be placed in charge of the new Rock Island system, which will be one of the largest in the world under one management. The acquisition of the Frisco would add about 5,000 miles to the Rock Island, making it a system of nearly 13,000 miles. Should the Pere-Marquette be included, the system would be over 14,000 miles.

Cured Consumption.

Mrs. B. W. Evans, Clearwater, Kan., writes: My husband lay sick for three months; the doctors stated he had quick consumption. We procured a bottle of Ballard's Horehound Syrup and it cured him. That was six years ago, and since then we always kept a bottle in the house. We cannot do without it. For coughs and colds, it has no equal." 50c and \$1.00 bottle at Cosmopolitan Pharmacy—B. Ruppe.

CONFER IN DENVER.

W. J. Black, John Sebastian and Others Are Present.

One of the important railroad meetings of the year opened in Denver yesterday, when the general passenger agents of the railroads who are members of the Western Passenger Association met for the purpose of discussing the question of summer tourist rates from Chicago and Missouri river points to Denver and return.

John Sebastian, general passenger agent of the Rock Island; Col. H. C. Townsend, of the Missouri Pacific; J. Francis, of the Burlington; W. J. Black, of the Santa Fe, and representatives of other lines are present. It is generally believed that the low rate of \$25 for the round trip, which has been in effect during the summer months in past years, will be again authorized, though there are rumors that some of the stronger roads will strenuously object.

Owing to the vast increase in the summer travel to the southwest and the apparent popularity of this country as a summer resort, it has been strongly urged that travel would not be seriously diminished if the regular summer rate of one fare for the round trip, plus \$2—or \$31.50—for the round trip from Chicago, was maintained, instead of the lower rate of \$25.

CARRIED BIG INSURANCE.

Santa Fe Brakeman Had \$13,000 in One Company.

Ralph Thompson, the Santa Fe railroad brakeman who met his death near Hesperia, a few weeks ago by falling on his head from a caboose of a freight train, while the care were in motion, had his life insured to a considerable amount. The policies in the Equitable alone amounted to \$13,000, while he was paying a good rate of interest for like purposes to the Trainmen's union. He was a son-in-law of E. C. Tibbott, of Rialto, and leaves a widow and one child.

FIRE BOX A FAILURE.

Santa Fe at Last Abandons the Morrison Tubes.

The Morrison tube fire boxes, the same that arrived in San Bernardino over a year ago on the inside of several fine, new Baldwin engines, have descended to great depths, and are now to be found at the local shops where the workmen are converting them into air storage tanks for the new compressor, says a dispatch from San Bernardino, Cal.

The grievous tale of these boxes has been repeated many times; how they burned out and, as a result, several engine crews were "fired" on the Arizona division, on the charge of being careless with their fires. Next they bent into several kinds of French curves and experts came out from the Baldwin locomotive works, and from Topeka to sit on the bodies and, if possible, ascertain just whose fault it was that the tubes refused to work. After several heated discussions in the round house it was finally decided to straighten the boxes and give them another trial. This was done, but it was only a matter of a few weeks until the engines carrying them were back in the shop with the troublesome tubes out of whack once more. So they were torn out yet another time and, for the last, the company's officials swearing that from thence on they would have none of them. At last report the company and the manufacturers were still wrangling over the matter and the former still refusing to pungle for the useless tubes.

And now the boxes are being shaped into tank form, that they may be used

STERILIZED BARBER SHOP.

A Famous Shop in the Carrollton Hotel Baltimore, Maryland.

The barber shop in the Carrollton hotel, Baltimore, sterilizes everything it uses in the shop. The sterilizing is done by heat. The towels, the razors, the strops, the soap, the combs and brushes are all sterilized before being used on a customer. Where there is no sterilization, have the barber use Newbro's Herpicide. It kills the dandruff germ, and it is an antiseptic for the scalp, and for the face after shaving. All leading barbers everywhere appreciate these potent facts about Herpicide and they use it. "Destroy the cause, you remove the effect."

"Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents.

Thomas Brown, president of the Consolidated Mining & Smelting company, of Cerrillos, returned this morning from a trip to the Magdalena country. Mr. Brown says that it is pretty cold down in the Magdalenas. He will go south tonight.

Cut this out and take it to any drug store and get a free sample of Chamberlain's Stomach and Liver Tablets, the best physic. They cleanse and invigorate the stomach, improve the appetite and regulate the bowels. Regular size, 25c, per box.

Attorney E. V. Chaves was a passenger for Los Lunas yesterday. He returned last night.

A Weak Stomach causes a weak body and invites disease. Kodol Dyspepsia Cure cures and strengthens the stomach, and wards off and overcomes disease. J. B. Taylor, a prominent merchant of Chriesman, Texas, says: "I could not eat because of a weak stomach. I lost all strength and run down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol, I concluded to try it. The first bottle benefited me, and after taking four bottles I am fully restored to my usual strength, weight and health." B. H. Briggs & Co., and S. Vann & Son.

Alderman E. B. Harsch, whom the New Mexican says is opposed to county division, has returned from his visit to Santa Fe.

A Liberal Offer.

The undersigned will give a free sample of Chamberlain's Stomach and Liver Tablets to any one wanting a reliable remedy for disorders of the stomach, biliousness or constipation. This is a new remedy and a good one. All druggists.

Lorenzo Hubbell, Jr., left yesterday morning for his father's store at Keam's Canyon, Ariz., after a visit of several weeks here with his mother and sisters.

Millions Put to Work.

The wonderful activity of the new century is shown by an enormous demand for the world's best workers—Dr. King's New Life Pills. For constipation, sick headache, biliousness, or any trouble of stomach, liver or kidneys they're unrivaled. Only 25c at all drug stores.

The woman who fell dead the other day at a Baltimore bargain counter had perhaps just made the discovery that she had left her pocketbook at home.

A Mother's Recommendation.

I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by all druggists.

Ten minutes after landing in Chicago a Philadelphia diamond merchant was robbed by a brace of Chicago-esque birds of prey who caught him asleep.

The scratch of a pin may cause the loss of a limb or even death when blood poisoning results from the injury. All danger of this may be avoided, however, by promptly applying Chamberlain's Pain Balm. It is an antiseptic and unequalled as a quick healing liniment for cuts, bruises and burns. For sale by all druggists.

DEMING.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cattlemen all know this.

Deming, the coming city of New Mexico.

Deming has a magnificent school system.

Deming, the railroad center of New Mexico.

Deming, the gateway to the best part of Old Mexico.

Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest.

Deming! Don't overlook it if you are looking for a safe and paying investment.

Deming water is chemically pure—equal to Polan springs.

Deming has increased 50 per cent in population in four years.

Deming water and pure ozone make strong and healthy people.

Investments in Deming lots will double and triple in one year.

Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 30 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

TERRITORIAL LAWMAKERS

(Continued from page one.)

pending in the council which has the same object.

House bill No. 90, an act to amend the law to permit district judges to give opinions at any place. The bill was passed without opposition.

Council bill No. 22, an act relating to justices of the peace election, was adversely reported by the judiciary committee. The report was concurred in and the bill was tabled indefinitely.

Council joint resolution No. 1, to print the governor's message in Spanish, with the amendment to print also the exhibits, was laid before the house with the recommendation that it be adopted. Mr. Dalles opposed the report, but Mr. Dalles moved to amend by rejecting the report and recommending the bill to the committee on printing. Cristoval Sanchez moved to table the amendment. Mr. Bowie and Mr. Dalles opposed the resolution while Mr. Howard, Mr. Llewellyn, Mr. Pendleton, Cristoval Sanchez and Mr. Martinez spoke in favor of it. Mr. Pollard objected to printing the exhibits, and Mr. Turner agreed with him. The amendment of Mr. Dalles was tabled by 18 to 4. Messrs. Bowie, Turner, Pollard and Dalles voting for it. The report was then adopted and the resolution read by title preparatory to its passage. On motion of Mr. Martinez Sanchez, the resolution was adopted. Mr. Dalles said he was opposed only to the printing of the exhibits. The vote was 19 ayes and 3 nays, Messrs. Bowie, Pollard and Turner voting no.

The house then adjourned until Thursday morning.

(Morning Session.)

The house was called to order about 10:15 and prayer was offered by the chaplain. The journal was read and approved. The committee on manufacturing and agriculture reported house bill No. 99, an act to encourage factories, with the recommendation that it be not passed, but that the substitute bill be passed.

The committee on roads and highways reported house bill No. 85, an act in reference to the width of highways, with the recommendation that it be passed.

The committee on lands and public institutions reported house bill No. 76, an act to define the preference rights of ex-United States soldiers, with the recommendation that it pass. The same committee reported house bill No. 6, an act for the creation of a reform school, by Cristoval Sanchez, with the recommendation that it pass.

Mr. Bowie introduced house bill No. 138, an act for the relief and support of the poor. It was referred to the committee on finance.

House bill No. 139 was introduced by Mr. Melvers, an act to prohibit the cutting of timber on school sections 16 and 36. It was referred to the committee on education.

House bill No. 140, by Mr. Turner, an act to repeal section 1433 of the compiled laws of 1897, relating to service of process in actions for divorce, was referred to the committee on judiciary.

House bill No. 141, by Mr. Howard, an act to provide for the registration of trademarks and labels, was referred to the committee on territorial affairs.

House joint resolution providing for the appointment of a legislative committee to visit and investigate the educational institutions at Roswell, Mesilla Park and Socorro, was passed under a suspension of the rules by a unanimous vote.

House resolution by Martin Sanchez, relating to the death of Hon. Emiliano Gutierrez, was then taken up and it was ordered that tomorrow afternoon be set apart for eulogies.

The house then adjourned until 2 o'clock in the afternoon.

(Afternoon Session.)

When the house met, amended house bill No. 56, relating to the distribution of water by commissioners, was reported by the committee on irrigation, with the recommendation that it pass as amended.

The committee on education recommended the passage of council bill No. 2, an act to provide for the expenses of the territorial board of education.

The same committee reported unfavorably house bill No. 92, as its provisions are covered by a council bill; the same committee unfavorably reported house bill No. 82, an act regarding appointments of school trustees; the same committee unfavorably reported house bill No. 60, relating to duties of sheriffs and other officers; the committee reported favorably house bill No. 102, an act relative to compulsory education; also council joint resolution No. 8, accepting the Cecil Rhodes scholarship.

House bill No. 142, was introduced by Mr. Llewellyn, an act regarding licenses. It was referred to the judiciary committee.

House bill No. 88, by Mr. Dalles, an act relating to roads and the establishment of new roads, was reported for passage after striking out section 4, several amendments were presented and the bill with amendments was re-

committed to the committee on roads and highways.

House joint resolution No. 9, to provide for the appointment of a committee to visit certain educational institutions, was taken up under suspension of the rules. The same was adopted.

House bill No. 102, by Martin Sanchez, an act relative to compulsory education, was taken up under suspension of the rules. The bill was then passed unanimously.

House bill No. 6 was adversely reported by the committee on public lands and institutions. It provides for the construction of a reform school. The bill was killed.

Amended house bill No. 56, relating to the distribution of waters, was favorably reported by the committee on irrigation. The council amendments were concurred in. Mr. Pendleton wanted to exempt San Juan county, but his amendment to that effect was tabled. Mr. Dalles presented an amendment regarding the time of distribution of water. Mr. Pendleton strongly protested against the bill on roll call. Mr. Vargas opposed the position of Mr. Pendleton and the amendment was tabled. The bill was then passed.

THE MARKETS

Special Correspondence.

Kansas City, Feb. 23.—Cattle receipts for the week ending Saturday were 29,000 head, which is somewhat less than normal runs have been recently. The proportion of range cattle was small, both in the southern division and from the west, the number of cows much less than usual. This left a surplus of corn cattle, especially toward the end of the week. Fat stuff advanced the first of the week, but lost a part of the gain, as the run increased at the end of the week. Everything else sold readily and closed considerably higher than at the close of the previous week.

On Tuesday of last week fat western steers, from 1,050 to 1,200 pounds, sold from \$1.15 to \$1.25. The same day a bunch of choice western heifers, weighing 902 pounds brought \$3.65. On Wednesday good cows and heifers sold higher than at any other time this winter. Fifty-four head of western heifers, weighing 740 pounds, brought \$3.80, and one load of western cows, weighing 1,080, brought \$3.60. Dealers considered cows and heifers as out of line with steers, and too high to stick. Their prophecy was verified, as, although receipts of cows continued moderate, a weaker feeling developed, and cows lost ten cents before the end of the week.

The supply of stockers and feeders was lighter last week than for a long time. Prices opened strong, and were well maintained all week. The close of the week was 10 to 15 cents better than the close of the previous week. Heavy feeders again came into favor, but good stuff of all weights sold readily. A few sales of western stuff were above \$4.00, with one sale at \$4.35, but most sales were from \$3.75 to \$4.00.

Cattle receipts today are normal at 8,000 head. The market opened steady, but a stronger feeling developed before the forenoon was half over, and many sales of cows and of stockers and feeders were considered strong to 10 cents higher. Fat steers sold mostly steady.

Local prices for all kinds of sheep and lambs made a sensational advance last week, in spite of a supply much more nearly up to the needs of the market than has been coming lately. A wonderful demand for mutton has encouraged the packers in buying the market, and every day last week saw an advance, with competition keen. Today the run is light at 3,500 head, and buyers were out early. O. T. Nash, Ammes, Kansas, sold this morning 504 fed Mexican yearlings, weighing 73 pounds, at \$6.20. This is the best price of the season by 20 cents for this kind of sheep. V. De Donder, a St. Mary's feeder, sold today 259 fed Idaho lambs, 81 pounds, at \$6.65, which is equal to the best price of the season, reached last week. C. J. Parrott, of St. Mary's, sold today 441 Idaho ewes at \$4.65, and the Hessel & Wilson wethers brought \$5.15 this morning, against a best previous price of \$5.10 for them. The general run of sheep and lambs are from 30 to 50 cents higher than a week ago, with no let up in the demand.

TERRITORIAL SUPREME COURT.

Two Opinions Handed Down by Chief Justice Mills.

The supreme court met yesterday morning in adjourned session with Chief Justice Mills presiding and Associate Justices McFie, Parker and Baker present.

Two opinions by Chief Justice Mills were handed down. In case No. 997, on appeal from Mernallito county, Joseph G. Johnson against the City of Albuquerque, relating to the town of Albuquerque grant, the following syllabus was made: "A person claiming ownership in a piece of or a piece of land on the Albuquerque town grant, by means of the running of the statute of limitations, must have been in actual, visible, exclusive, hostile and continued possession thereof for ten years."

Case No. 1002, an appeal from Grant county, in the matter of the estate of John McMillan, a protest of John Joseph McMillan, a minor against the probate of an alleged will, was decided in an opinion by Judge Mills. The syllabus of the decision is:

1. Sections 1947 and 2931 of the compiled laws of 1897, give any person 21 years old and of sound mind, the right to dispose by will of his separate property.

2. In this territory a child can be disinherited without being mentioned in a will, unless it appears the omission of his name occurred through inadvertence or mistake.

3. When by decree of divorce, the defendant is ordered to pay \$12.50 monthly for the support of his child, it cannot be contended that the omission to mention the child in his will was due to inadvertence of mistake unless it is shown by the record that such is the case.

The court ordered a resolution and expression of sympathy for Clerk J. D. Sena, in the death of his mother, spread upon the records of his court.

A recess was taken until 2 o'clock in the afternoon.

Delayed Passenger Trains.

A telegraphic report received here this morning at 11:30 o'clock and the latest report posted gives the Santa Fe trains of tonight arriving as follows:

No. 3, the California limited, due at 10:40 this morning, 10 o'clock tonight. No. 1, from the north, 12:50 a. m., and No. 7, from the north, 1 a. m.

Trains from the west, Nos. 4 and 8, are reported on time.

A heavy snow storm which is raging over Kansas and Missouri is given as the reason for the lateness of the trains from the north.

Impervious paint for leaky roofs. Borradaile & Co., agents, 117 Gold avenue, Albuquerque, N. M.

LOCAL PARAGRAPHS.

N. E. Stevens, who was in Santa Fe yesterday on business, returned to the city last night.

Hon. L. B. Prince, who talked to an interested crowd at library hall last night on "The First Invasion of the Spaniards Into the Southwest," returned to Santa Fe this morning.

Mrs. Berry's last dance in Grant hall last night drew a large crowd, who enjoyed a most pleasant evening of dancing. The music was good and the crowd merry, so nothing stood in the way of an enjoyable time.

J. R. Murphy, a young Chicago gentleman, who has been here some time, returned to Chicago this morning. His father conducts a curio establishment at the "windy city" and in a short time will visit the metropolis of the southwest.

A large number of the city's young folks gathered at Mrs. B. F. Fillmore's dancing class at Odd Fellows' hall last night and tripped the light fantastic for several hours. The number present was unusually large, regardless of the fact that the Lenten season is on.

District court for the county of Valencia begins Monday, March 2, at Los Lunas. The civil docket will be called on the first day of the term, and all cases set for trial. In cases not represented by attorneys will be stricken from the docket, unless good reasons can be shown for continuance.

Mrs. J. Q. A. Otero, of Peralta, sister of Henry V. Otero, of this city, and sister-in-law of Mrs. Solomon Luna, has just submitted to a serious operation at the St. Joseph sanitarium, the operation being performed by Dr. Pearce, assisted by other local physicians. The lady is reported to be getting along nicely.

Miss Edna, the 13 year old daughter of Mr. and Mrs. A. D. Johnson, died at the residence, 512 South Broadway, at a little after 9 o'clock last night. She had a host of warm friends who will deeply mourn her untimely departure from their midst. The funeral took place from the residence at 3 o'clock this afternoon.

J. E. Pinkus, a blind musician of almost phenomenal talents, arrived in Albuquerque this morning. Mr. Pinkus is originally from New York, but is now making a tour of the United States alone. He is the only blind post graduate of the school of music in New York in the past twenty years. During his stay in the city he will give a recital.

The new building being built by J. C. Baldrige at the corner of First street and Coal avenue, in place of the one destroyed by fire recently, is almost completed. The roof is being put on today. Mr. Baldrige decided that a one story building was much more convenient for his business than a two story building, and for this reason the new building is only one story.

COLLEGE BOYS.

Competitive Drills—Considerable In-
terest Among Students Manifested.
Special Correspondence.

Mesilla Park, N. M., Feb. 26.—Today
terminated a very interesting competi-
tion among the boys at the Agricul-
tural college for military honors. For
some time past the boys have been
given written examinations covering
military drill regulations and tactics.
Those receiving a passing grade in
this work were lined up Tuesday after-
noon by Colonel Frost and were put
through the various movements. The
next afternoon, Wednesday, each of
the contestants was put in demand
and made to explain and execute the
different commands. As a result the
companies were formed and officers
appointed.

The officers were chosen according
to their rank in the different contests
and are as follows:
Company A—Captain J. Maugh-
s Brown; first lieutenant, Jay Stone-
king; second lieutenant, J. G. Miller;
first sergeant, C. L. Newcomb, Jr.;
sergeant, Clay Newberry; corporals,
Arthur Fraker, Rex Hart, Walter Mil-
ler, Herbert Alieman, Rafael Ramirez.
Company B—Captain, Will Pelph-
rey; first lieutenant, Earl Graham;
second lieutenant, Theodore Rouault;
first sergeant, Ralph Deemer; ser-
geant, Ray Aldrich; corporals, John
Bouts, John Hughes, Cecil Hostetter,
Carlos Clancy, Guy Given.

Other officers are to be appointed
later. At commencement time it is
the intention to have a competitive
drill between the two companies, the
winner to carry the colors for the
coming year and the captain of the
successful company will be made ma-
jor of the battalion for the year.

The musical make-up of the bat-
talion will be composed of between twenty
and thirty boys, who will be expected
to handle some four trumpets, ten
saxophones and ten drums. The work of the
boys is under the direction of John
Frost, who served as trumpeter of his
company during its time of service in
the Philippines.

The past two or three weeks have
been rather gay with a number of re-
ceptions among the faculty ladies, the
most important being the reception of
Miss Davis, professor of English and
Latin, to the seniors. It was one of
the most pleasant affairs so far this
year.

On Saturday evening of this week
will be held the annual oratorical con-
test and an interesting time is expected
as there are to be eight contestants
for honors.

LECTURE LAST NIGHT.

"Romance of the Southwest" Proved
An Interesting Subject.

The lecture delivered by Governor
L. B. Prince at Perkins hall last eve-
ning on "Romance of the Southwest,"
was one of the most instructive and
interesting themes ever before dis-
cussed in the hall. Although the hall
was not filled to overflowing capacity,
there was a goodly and appreciative
audience. Governor Prince led his lis-
teners from the coming of the Euro-
peans to their long marches through
Florida, around the Gulf and up into
New Mexico. He pictured in a most
graphic manner the hardships and pri-
vations endured by the early Spanish
explorers.

The governor has a pleasing deliv-
ery and his clear strong voice carries
conviction with it. There will be two
more lectures of the course to be de-
livered by Governor Prince, which will
be as interesting if not more so than
the first, as they deal with a later date.

The Schubert Symphony Club.

And lady quartet of Chicago are mak-
ing their last tour of the United States
and will appear next Monday night at
Colombo hall. If you enjoy the sweet-
est of singing, the purest of fun and
the brightest of music, you can safely
look forward to this entertainment as
a great treat. Everybody likes music
and everybody enjoys a hearty laugh.
To hear the Schubert lady quartet sing
their "Old Maid Song" will make a rise
in the matrimonial market anywhere.

"Barbara Frietche."

"Barbara Frietche" is to be produc-
ed in this city next Wednesday eve-
ning at the Colombo hall, with beautiful
Mary Elizabeth Forbes in the title role,
but not the story that we all read
about in our school books of the gray
haired old woman who alone defied
the Confederate army in Frederick-
town. The story, as it has been writ-
ten for the stage by Clyde Fitch, and
that was the sensation of last season's
stage events, deals with a ravishing
southern beauty and constitutes one of
the most successful dramas that has
been produced during the past few
years. The sale of seats for this very
important event will begin at Matson's
next Monday morning.

Adolph Hill, who has held several
political positions in Santa Fe county,
is in the city. He has recently been to
San Francisco, and is so impressed
with Albuquerque that he has decided
to make this city his home. He has
written for his wife to pack up and
move here.

The San Francisco Call says: "The
entertainment by the Schubert Sym-
phony Club and Lady Quartet at the
Y. M. C. A. last night was a most en-
joyable affair, and the audience testif-
ied their appreciation of the good
things in the program by frequent de-
mands for a repetition."

KODOL
Digests What You Eat.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Kodol

Digests What You Eat

Mrs. Loring Nichols of Penn Yan, N. Y., writes: After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammelled action.

Bottles only, \$1.00. Size holding 2 1/2 times the trial size, which sells for 50c.

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of coughs, colds and croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. B. H. Briggs & Co., and S. Vann & Son.

Cancer Cures.

Mr. W. W. Prickett, Smithfield, Ill., writes, Sept. 10th, 1901: "I had been suffering several years with a cancer on my face, which gave me great annoyance and unbearable itching. I was using Ballard's Snow Liniment for a sore leg, and through an accident, I rubbed some of the liniment on the cancer, and as it gave me almost instant relief, I decided to continue to use the liniment on the cancer. In a short time the cancer came out, my face healed up and there is not the slightest scar left. I have implicit faith in the merits of this preparation, and it cannot be too highly recommended." 25c 50c and \$1.00. For sale by Cosmopolitan Pharmacy—B. Ruppe.

The members of the Missouri legislature have been supplied with fountain pens accompanied by printed rules showing them that it is not necessary to either dip them in ink or suck their points to make them write.

The Easy Pill.

DeWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers, by arousing the secretions, moving the bowels gently, yet effectively, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble. B. H. Briggs & Co., and S. Vann & Son.

If it be true that Cole Younger and Frank James are to start a wild west show the country will bitterly condemn the mushy heartedness of the Minnesota board of pardons.

Buy It Now.

Do not wait until you or some of our family are sick right up to death, and then send for Chamberlain's Colic, Cholera and Diarrhoea Remedy, but buy it now and be prepared for an emergency. It is the one remedy that is always depended upon in the most severe and dangerous cases. For sale by all druggists.

INSURANCE SWINDLER.

Bottles of Strychnine and Morphine Found on Dr. Harle.

HAD VICIOUS DESIGNS.

Six bottles of strychnine and two of morphine, enough poison to kill a regiment, was found yesterday by Jailor Molina on the person of Dr. Harle, now on trial for insurance swindling and charged with being accessory to the murder of two men in Mexico, says the El Paso News.

Whether Harle wanted to commit suicide, or whether he intended the poison for Jailor Molina, or for his own accomplices, Richardson and Mason, is a question. Richardson holds the latter view.

In some way, Richardson found out this morning that Harle had brought the poison into the jail and called for Jailor Molina. He told the jailor he had heard about the poison and that, in the future, he did not want to take his meals with Harle. Richardson said he was afraid that Harle had designs on him and that he believed their lives were in danger.

The poison was found on Harle yesterday by Jailor Molina when the former returned from the court room, where his trial and that of Richardson and Mason, is in progress. The bottles containing the poison were in a small medicine case such as physicians carry, the case being in Harle's pocket. Harle had made no particular effort to conceal the case, evidently believing that he would not be searched. He made no comment when the poison was taken away from him and would not say anything as to where he got it or what he intended to do with it.

The three prisoners are allowed considerable liberty while in court and are allowed to carry on private conversations with relatives, so that it would have been an easy matter for Harle to have had the poison handed him.

Jailor Molina thinks it very possible that Harle intended to use the poison as a means of escape. It would be an easy matter to bribe a trusty to slip the poison in the jailor's food and to obtain the jail keys while the jailor was unconscious. Harle is practically on trial for his life and a desperate man might do almost anything to make an escape.

Another view that is held is that Harle intended the poison for himself to be used in case the extradition proceedings went against him and he was ordered to be taken to Mexico.

Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Dr. Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been solved that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by all druggists.

Saved Her Child's Life.

"In three weeks our chubby little boy was changed by pneumonia almost a skeleton," writes Mrs. W. Watkins, of Pleasant City, Ohio. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for consumption, and our darling was soon sound and well. We are sure this grand medicine saved his life." Millions know it's the only sure cure for coughs, colds and all lung diseases. All druggists guarantee satisfaction. 50c, \$1.00. Trial bottles free.

Articles of Incorporation of The Belen Mercantile Company.

Know all men by these presents, That we, Henry Gerpheide, of Albuquerque, New Mexico, Samuel L. Deitsch, of Albuquerque, New Mexico, and Hugo Scharwenka, of New York, all citizens of the United States, have under the provisions of an act of the legislative assembly of the territory of New Mexico, entitled "An act to create a general incorporation act permitting persons to associate themselves together as bodies corporate for mining, manufacturing and other industrial pursuits," approved December 27, 1867, and under the several amendments to said act passed and approved thereafter, associated and do hereby associate ourselves together as a body corporate on this 24th day of February, A. D. 1903, under the corporate name of "The Belen Mercantile Company," for the following purposes, to-wit:

I. The buying and selling of merchandise of every kind and description, and carrying on a general mercantile and trading business in the town of Belen, County of Valencia and Territory of New Mexico.

II. To acquire by purchase or otherwise, hold, sell, mortgage and convey such lands and appurtenances and personal property as the purposes of this corporation may require.

III. To construct buildings and improvements which may be necessary or proper to the carrying out of the objects of this incorporation.

IV. To acquire by purchase or otherwise, hold and sell on commission or otherwise, cattle, sheep and other domestic animals, wool, grain and other products of the ranch or farm.

V. To exercise all such incidental powers as may be necessary and proper to carry out the objects of this incorporation.

The capital stock of said Company shall be and is hereby made Fifteen Thousand Dollars (\$15,000.00), divided into One Hundred and Fifty shares of the par value of One Hundred Dollars each, which said stock shall when issued to the holders thereof be fully paid up and non-assessable.

The principal place of business of said Company shall be and is hereby located at the town of Belen in the County of Valencia and Territory of New Mexico.

Said Company shall continue and exist as a body corporate for the term of fifty years.

The number of Directors of said Company shall be three, and the names and places of residence of the Directors who shall manage its business for the first three months and until their successors are duly elected and qualified are Henry Gerpheide, Albuquerque, New Mexico, Samuel L. Deitsch, Albuquerque, New Mexico, and Hugo Scharwenka, of New York.

In Witness Whereof, we have hereunto set our hands and seals on this twenty-fourth day of February, A. D. 1903.

The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

CATARRH

The treatment of Catarrh with antiseptic and astringent washes, lotions, salves, medicated tobacco and cigarettes or any external or local application, is just as senseless as would be kindling a fire on top of the pot to make it boil. True, these give temporary relief, but the cavities and passages of the head and the bronchial tubes soon fill up again with mucus.

Taking cold is the first step towards Catarrh, for it checks perspiration, and the poisonous acids and vapors which should pass off through the skin, are thrown back upon the mucous membrane or inner skin, producing inflammation and excessive flow of mucus, much of which is absorbed into the blood, and through the circulation reaches every part of the system, involving the Stomach, Kidneys and other parts of the body. When the disease assumes the dry form, the breath becomes exceedingly foul, blinding headaches are frequent, the eyes red, hearing affected and a constant ringing in the ears. No remedy that does not reach the polluted blood can cure Catarrh. S. S. S. expels from the circulation all offensive matter, and when rich, pure blood is again coursing through the body the mucous membranes become healthy and the skin active, all the disagreeable, painful symptoms disappear, and a permanent, thorough cure is effected. S. S. S. being a strictly vegetable blood purifier does not derange the Stomach and digestion, but the appetite and general health rapidly improve under its tonic effects. Write us about your case and get the best medical advice free. Book on blood and skin diseases sent on application.

...Some Legislative Bills...

Fixing the Salaries of Probate Judges.

Council bill No. 82, introduced by Hon. Thomas Hughes, of Bernalillo and McKinley counties, by request; read first time in full and under suspension of rules read second time by title, ordered translated, printed and referred to committee on municipal and private corporations.

An act fixing the salaries of probate judges.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. That for the purposes of this act the counties of New Mexico are divided into counties of the first, second, third and fourth classes. Bernalillo and San Miguel counties shall be counties of the first class; Santa Fe, Socorro, Dona Ana, Grant and Colfax shall be counties of the second class; Rio Arriba, Taos, Mora, Union, Chaves, Eddy, Lincoln, Sierra and Valencia shall be counties of the third class; Guadalupe, San Juan, McKinley and Otero and any other counties which may be created and until they are re-classified, shall be counties of the fourth class.

Sec. 2. That the probate judges of the several counties of this territory shall receive compensation as follows, to-wit:

In counties of the first class, \$1,100 per annum.
In counties of the second class, \$550 per annum.
In counties of the third class, \$275 per annum.
In counties of the fourth class, \$175 per annum.

Sec. 3. That this act shall take effect and be in force immediately upon its passage and shall be construed as fixing the salaries and compensation of probate judges now in office and hereafter.

Sec. 4. All laws and parts of laws in conflict herewith are hereby repealed.

Requiring Officers to Make Annual Reports.

House bill No. 117, introduced by Cristobal Sanchez, February 23, 1903; read first and second time by title, ordered translated and printed and referred to committee on territorial affairs.

An act requiring reports to be made at the close of each fiscal year by all officers.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. It is hereby made the duty of the treasurer of each county in the Territory of New Mexico to place all the money that may come into their hands from licenses of the sales of liquors and from games in the general school fund of their respective counties.

Sec. 2. It is hereby made the duty of the various school superintendents in this territory to distribute all the school funds reported to them by the treasurer, in the general school fund, in the various school districts within their counties in proportion to the number of pupils in each district.

Sec. 3. All acts and parts of acts in conflict with this act are hereby repealed and this act shall be in full force thirty days after its passage.

Prohibiting Officers from Becoming Bondsmen.

House bill No. 124, introduced by H. H. Howard, of Socorro, February 23, 1903; read first and second time by title, ordered translated, printed, and referred to committee on territorial affairs.

An act prohibiting territorial and county officers from becoming sureties for others.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. That hereafter it shall be unlawful for any territorial or county officers who is required by law to give official bonds to sign any bond or become surety for any other person or persons during the term for which he is required to give official bonds for himself.

Sec. 2. Any violation of the provisions of this act shall constitute a misdemeanor in office, and shall subject the offender to summary removal therefrom.

Sec. 3. All acts and parts of acts in conflict herewith are hereby repealed, and this act shall take effect and be in force thirty days after its passage.

Relative to Practice of Medicine.

House bill No. 119, introduced by Cristobal Sanchez, February 23, 1903; read first and second time by title, ordered translated and printed and referred to committee on territorial affairs.

An act to amend an act entitled "An Act to Regulate the Practice of Medicine and Provide for a Board of Health in New Mexico," approved March 8, 1901.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. That section 9 of chapter 18 of the laws of the Thirty-fourth legislative assembly of the Territory

of New Mexico be, and the same hereby is amended, by adding thereto the following:

Provided, however, that the system, method or science of treating diseases of the human body commonly known as osteopathy is hereby declared not to be the practice of medicine and surgery within the meaning of this act, and practitioners thereof are not subject to the provisions of this act, unless such practitioners in their practice use, prescribe or recommend drugs or medicines for internal or external use by their patients, or perform for practice operative surgery.

Sec. 2. Any person who is a graduate of a recognized school of osteopathy in good standing where the course of instruction covers at least a period of four terms of five months each shall be permitted to practice that system of healing upon filing with the county recorder of the county in which such person desires to practice a diploma from such school osteopathy, and satisfactory evidence of good moral character.

Sec. 3. Any person who shall, within the Territory of New Mexico, practice osteopathy under a false name, or who shall falsely claim to be the person named in any diploma issued by a school of osteopathy, or who (not being authorized to practice medicine and surgery under the provisions of the act of which this act is an amendment) shall prescribe, administer or recommend the use of any drug or medicine, or who shall perform or attempt to perform any surgical operation, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not exceeding \$1,000 or by imprisonment in the county jail not exceeding three months, or by both such fine and imprisonment, and shall be thereafter forever disqualified to practice osteopathy in the Territory of New Mexico.

Sec. 4. All acts and parts of acts in conflict with this act are hereby repealed, and this act shall take effect and be in force from and after its passage.

Orphans' Home at Belen.

Council bill No. 73, introduced by Hon. J. Francisco Chaves, February 18, 1903; read first time in full, and under suspension of rules read second time by title, ordered translated, printed and referred to committee on finance.

An act entitled an act establishing an orphan children's home at Belen, New Mexico, providing appropriation therefor, and for other purposes.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. There is hereby established an orphan children's home at Belen, N. M., which shall be conducted under the management and control of a board of regents to be composed of three persons who shall be appointed by the governor for a term of two years, and shall file their oaths of office before entering upon their duties as such regents in the manner prescribed by law for the qualification of other territorial officers.

Sec. 2. Until such time as the legislature may otherwise direct, any buildings which may hereafter be constructed at Belen for such orphan children's home may be used as a public school building. Provided, That no appropriation for maintenance or current expense shall now or hereafter be made or in any way defrayed by the territory during the use of such building for public school purposes.

Sec. 3. For the purpose of erecting a suitable building for the purposes mentioned in section 1 of this act, there is hereby appropriated for the fifty-fifth fiscal year, twenty-five one-hundredths (25-100) of one mill, the proceeds of which shall be used for permanent improvements under the direction and management of said board of regents, and the territorial auditor is hereby directed to make a levy in accordance herewith, and the funds derived from such levy shall be payable in the manner now prescribed by law for the payment of funds to other institutions.

Sec. 4. This act shall be in full force and effect from and after its passage.

Fill Municipal Vacancies.

House bill No. 112, introduced by Hon. R. M. Turner, February 18, 1903; read first and second time by title, ordered translated and printed, and referred to committee on municipal and private corporations.

An act to provide for the election of members of city council and board of trustees of municipalities to fill vacancies.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. Hereafter, when a vacancy occurs from any cause in the city council or board of trustees of any municipality of the Territory of New Mexico, whether incorporated under general or special laws, such vacancy shall be filled at the next general election held in such municipality after such vacancy occurs, in the same manner as other officers are elected therein, and any person so elected to fill a vacancy, shall hold such office during the unexpired term for which he was elected and until his successor is elected and qualified.

Sec. 2. This act shall take effect from and after its passage, and all acts and parts of acts in conflict herewith are hereby repealed.

He expects to return home tonight.

H. C. Quick, of San Francisco, is stopping at the Alvarado for a few days. Mr. Quick is a strong union man and is advertising The Boss of the Road overalls and standard shirts, made by Neustadt Bros., San Francisco, manufacturers of only union-made goods. Boys, don't forget your friends when in need of overalls and shirts. Ask your dealers for these goods.

Attorney Frank Ackerman, secretary and treasurer of the Nancot Copper company, developing copper properties in the Manzano mountains, has returned from a two weeks' trip to Chicago and other eastern points. Mr. Ackerman stopped for a few days at his old home at Kirkwood, Ill., and had a pleasant visit with old friends. He finished up his business in Chicago and now feels as though Albuquerque is his home. He reports having experienced some severe weather while in the "sucker" state. Otherwise the trip was a pleasant one.
