## NATIONAL LEGISLATION

### Increases in Naval Appropriation Bill.

#### FORT BAYARD GETS A GOOD SLICE

#### House Democrats Caucus--The President Leaves for New York.

Washington, Feb. 26.—Soon after the senate met today, Mr. Hale, of Maine, reported the naval appropriation bill and gave notice that he would call it up tomorrow.

Mr. Burrows, chairman of the committee on privileges and elections, filed an additional protest against the admission of Reed Smoot as a senator from Utah.

Consideration of civil service sundry bill then was resumed. The chairman of the senate committee on privileges and elections today presented to the senate a protest signed by Rev. J. L. Leitch, representing the Ministers' association of Salt Lake, against the seating of Reed Smoot. The statement, which is sworn to, declares that Smoot is a polygamist and now has a plural wife.

Senator Hale, from the committee on naval affairs, today reported the naval appropriation bill. The most important amendment recommended by the committee relates to the increase of the navy. The entire house provision is stricken out and in its stead a provision is made for four first class battleships of the general type of the Oregon and two first class armored cruisers of the type of the Brooklyn. The battleships are to cost not exceeding \$3,200,000 each and the cruisers \$2,500,000. The battleships are to be of 12,000 tons displacement, and the cruisers of 9,500 tons. There is a provision that not more than two of these vessels shall be built by one establishment and for the building of all of them in government yards in case of a combination to deprive the government of the benefit of fair competition. The house provision for submarine boats is made to include surface boats. Other items of increase are coal, \$250,000; for a hospital at Washington, D. C., \$125,000; for a hospital at Fort Bayard, N. M., \$100,000. The total net increase recommended over the appropriation as the bill passed is \$1,937,861, making a grand total of \$81,277,281.

The senate has passed the sundry civil appropriation bill which carries among other things an appropriation of \$200,000 to ex-Queen Liliuokalani, of Hawaii.

**The National House.**  
Washington, Feb. 26.—The house democratic caucus today adopted the following resolution:

"Resolved, That we shall resist by all honorable means at our command the unseating of contestant Butler and the seating of contestant Wagner, being convinced that the republican managers in the house have determined to disregard the large majority of 6,300 votes by which contestant Butler was returned and disposed of the contest arbitrarily in blind partisanship without reference to its merits and to prevent the passage of vicious measures which there is every reason for believing the majority have planned to rush through the house in the confusion ending of the final spring session, and we pledge ourselves to stand together in support of demand of the presence of a quorum at all times, for the transaction of business and a recorded yea and nay vote upon everything upon which the house shall act to the moment of final adjournment."

**The Fight Has Started.**

Washington, Feb. 26.—The decision of the democrats at their caucus this morning to filibuster for the remainder of the session if the republicans pressed the Wagner-Butler election contest, caused considerable tension on both sides when the house assembled today. The leaders were alert and the fight began almost at the drop of the gavel. After the chaplain had delivered his invocation the speaker was about to direct the clerk to read the journal when Mr. Richardson, the democratic leader, interrupted him and made the point of no quorum.

"The constitution requires the presence of a quorum to do business," said he.

The speaker acquiesced, but was able to count only 167.

Thereupon Mr. Payne, the republican leader, moved a call of the house,

and upon that motion the democrats forced a roll call.

**Anti-Gambling Bill.**  
Denver, Feb. 26.—In the house today, the committee on judiciary reported favorably on the Hillyer anti-gambling bill, with recommendation that it pass.

**Mrs. Fairbanks Re-elected.**  
Washington, Feb. 26.—Mrs. Cornelia Cole Fairbanks, of Indianapolis, was today unanimously re-elected president general of the Daughters of the American Revolution in convention here.

**Colorado Horse Growers.**  
Denver, Feb. 26.—The convention of Colorado Horse and Cattle Growers' association met at the Tabor opera house today. Mayor Wright made the address of welcome. President Grubb delivered the annual address, which was well received. Real business began this afternoon.

**An Indiana Murder.**  
Hamilton, Ind., Feb. 26.—Alfred Knapp, the Indianapolis man arrested yesterday, who confessed to the murder of his third wife, today made full confession of five murders. Among them is that of Ida McHard, the West Indianapolis girl, who was found murdered in a stable July 3, 1895.

**PRESIDENT ROOSEVELT.**

**Will Speak at the Bi-Centenary Celebration of John Wesley's Birth.**  
Washington, Feb. 26.—President Roosevelt left for New York at 11 o'clock today to attend the bi-centenary celebration of the anniversary of the birth of John Wesley, to be held in Carnegie hall today. The president was accompanied by Secretary Loeb, Capt. W. S. Cowles, his military aide; Stenographer Latta, and his physician. The party is due to arrive at West Twenty-Third street at 5 p. m. This evening the president and party will attend the celebration at Carnegie hall where he will be the principal orator. He will leave the hall immediately on conclusion of his speech to meet a private engagement at the University club. The train is expected to leave for Washington shortly after midnight, arriving here at 7:30 tomorrow morning.

**Notice.**  
Notices were recently mailed subscribers to Albuquerque Eastern railway terminals and American Lumber company site, for the first installment of their subscriptions. It is absolutely necessary that this first installment should be paid immediately, and it is requested that you make payment to the Bank of Commerce without delay, in order that the payments be provided for. Very respectfully,  
C. F. MYERS,  
Trustee.

**DEATH AT SOCORRO.**

**Sad News of the Demise of Mrs. M. Loewenstein.**

About 5 o'clock this morning, at the home of her brother, Joseph Price, Socorro, after years of suffering from Bright's disease and a final stroke of paralysis, which occurred on Wednesday, the spirit of Mrs. M. Loewenstein passed to its Maker.

The sad news was received here early this morning by her nieces, Mesdames Simon and Leon B. Stern, and Misses Edna and Essie Price. The latter ladies live at Socorro and are here visiting. The brother, Joseph Price, is also away east on a purchasing trip.

Mr. and Mrs. L. B. Stern went to Socorro this morning on an early train and will assist in making arrangements to bring the body here tomorrow.

The funeral services will be held tomorrow afternoon at 2 o'clock from the residence of Simon Stern. Interment will be made at Fairview cemetery.

**Bound Over to Grand Jury.**  
In police court yesterday afternoon Phil Cassidy was tried before Judge Crawford on the charge of riding on a forged pass. It was alleged that

Cassidy rode to El Paso on a telegram pass, supposed to have been signed by Division Superintendent McNally. When the pass was turned in Mr. McNally denied ever having signed the pass. The matter was investigated and Cassidy was arrested by Special Officer Ben Williams and brought to the city last week. Cassidy was found guilty of uttering a forged paper and was bound over to the grand jury.

**Harness Thieves.**  
The harness thieves that have been transacting business in Albuquerque for some time past on rather a large scale, got in their work again the other night when they broke into the Broadway stable of the McSpadden-Springer Transfer company and carried away two complete sets of harness and some other articles of value. It must be their intention to start up a lively business from the amount of stuff they have got away with.

J. H. Bearup, president of the Rio Grande woolen mills, has returned from a trip to Arizona.

**LOW-LINE DITCH.**

**Agitation Now That it is Likely to be Completed.**

**DECISION IN FAVOR OF COMPANY.**

It is probable that the operations of the Low Line Ditch company will be resumed at any early date, since the decision of the United States supreme court was in their favor in the case of T. C. Gutierrez et al., vs. the Low Line Ditch company, as announced in The Citizen yesterday afternoon.

Now that all the legal obstacles have been removed along the right of way of the ditch, the immense irrigation enterprise will be carried to a successful conclusion after its long struggle in the courts.

Albuquerque people held some \$44,000 of the stock of the company at the time the operations of the company were suspended by the legal action of the property owners along the line of the ditch. This stock is still retained by the Albuquerque stockholders.

The Shutt Improvement company, of Pueblo, Colo., the contractors, hold a lien against the company's property of some \$14,000, for work completed on the ditch and dam at the pueblo of San Felipe.

The Shutt company proposes that if the holders of the stock in Albuquerque will deliver their holdings to the contractors they will undertake to float bonds to an amount sufficient to complete the ditch.

Much land, now useless for the lack of water, would be developed immediately, if the ditch was completed, and it would be a great benefit to the country it traverses. The dam across the Rio Grande at the San Felipe pueblo is completed and in good condition and the ditch as surveyed could be completed in a short time.

**Visitor from Cleveland.**

Miss Mabel Senyard, a young lady of Cleveland, Ohio, arrived on the delayed limited passenger train late yesterday afternoon, and will be the guest for several weeks of Mrs. J. M. Blum, also here from Cleveland. Mr. Blum, who is in the ice business and who has been absent from his duties for the past six weeks, will leave tonight on the limited on his return to Cleveland.

Miss Senyard had an experience on the Pullman just before the train reached this city. She and another lady passenger, by the way the only occupants of the Pullman except the colored porter, left their seats, going to the observation end of the car. On her return she noticed that her hand valise had been removed from the floor to the top of the seat. Further investigation proved to her that her pocketbook had been tampered with and a \$5 bill purloined. She made complaint to Conductor Light, who will report the theft to the proper officials. It is doubly certain the porter can tell what became of the money. In any event he got no more tips from the lady when the train came to a halt at the local depot.

**Lecture Tonight.**

"The Romance of the Southwest," will be the subject of the lecture to be delivered by Governor Prince at Perkins' hall, library building, tonight. This is the first lecture of his course of three on the early history of New Mexico.

This is the favorite topic of Governor Prince, and with his attractive manner and excellent delivery, it will be a great treat for those interested in the history of New Mexico. His discourses are illustrated by maps and charts, which are not accessible to the general public at the present time.

Tickets, \$1 for the course, of 50 cents for one, and school children half price. For sale at Matson's or at door.

General Stewart and Party Here Next Tuesday Morning.

General Thomas J. Stewart, commander of the Grand Army of the Republic, and his party, will reach Albuquerque Tuesday, March 3. They left the coast Wednesday morning as announced in Monday's issue of The Citizen.

With General Stewart are Charles Burrows, quartermaster general, G. A. R., Rutherford, N. J.; R. B. Beath, past commander-in-chief, Philadelphia; J. Cory Winans, chief of staff, Troy, Ohio; executive council, William

## TERRIBLE FIRE

### Most Destructive Blaze in History of Cincinnati.

#### A NEW YORK FIREMAN KILLED

#### A Colorado Toper Wandered Away and Frozen to Death.

#### JUDGES REFUSED TO ACT

Cincinnati, Feb. 26.—This city was visited today by the most destructive fire in its history. About 1:30 this morning flames were discovered in the cellar of George Joffe's grocery store in the Pike building on Fourth street, between Vine and Walnut streets.

An hour later there was an explosion, supposed to come from liquor in storage and flames soon shot up through the roof, and from that time until daylight the fire was not under control. At 9 this morning the territory between Vine, Walnut, Fourth and Baker streets is burning and little prospect of control in that district. As there are over 400 different losses it is impossible to estimate accurately the total loss. It is believed to be over \$3,000,000. Among the losses is the United States Express company, American Book company, Telephone building, Pike theater, Joffe's grocery and scores of other stores and offices. As it was known that about twenty people were reports of several lives lost, but this not confirmed. The only loss of life so far as known is John Keenan, night watchman of the American Book company, who was caught by falling walls and fatally injured.

**NEW YORK FIRE.**

**One Fireman Killed and Several Badly Injured.**

New York, Feb. 26.—Several firemen were hurt, one fatally, in a fire in an eight story building on Broadway and Thirteenth streets early today. Property losses estimated at \$250,000. Capt. John Andriescm, of the engine company, while at work at the fire, fell through an open shaft, striking on his head. He was taken to the hospital where he died. A dozen firemen were at work on the sixth floor when a portion of the ceiling fell, injuring three. The occupants of the destroyed building were Hackett, Gehart & Co., men's furnishings; Crown Suspender company, Nonatuk Silk company, Brainard & Armstrong Silk company and Altman Neckwear company.

**A FATAL SPREE.**

**Wandered on the Prairie and Death Resulted.**

Denver, Feb. 26.—Peter Gushwa, a driver for a local brewery, was lost on the prairie Tuesday night and wandered all night.

Last evening he was discovered lying in a ditch near Sullivan, with his legs and arms frozen, and all but dead. He was taken to the county hospital, where he died this morning. He went on occasional sprees and this is supposed to be the cause of his being lost.

**SUPREME COURT JUDGES.**

**They Refused to Act on Alaskan Boundary Commission.**

Toronto, Feb. 26.—John Charlton, M. P., who has just returned from Washington, in an interview says that while there he learned on high authority that the judges of the supreme court of the United States had refused to act upon the Alaskan boundary commission. Mr. Charlton expressed the opinion that the treaty would have failed of ratification if Senators Lodge and Turner had not been named as members of the commission.

**DISTINGUISHED VETERANS.**

**General Stewart and Party Here Next Tuesday Morning.**

General Thomas J. Stewart, commander of the Grand Army of the Republic, and his party, will reach Albuquerque Tuesday, March 3. They left the coast Wednesday morning as announced in Monday's issue of The Citizen.

With General Stewart are Charles Burrows, quartermaster general, G. A. R., Rutherford, N. J.; R. B. Beath, past commander-in-chief, Philadelphia; J. Cory Winans, chief of staff, Troy, Ohio; executive council, William

H. Armstrong, Indianapolis, Ind.; A. A. Taylor, Cambridge, Ohio; S. C. James, Centerville, Iowa; C. A. Partridge, assistant adjutant department H. G. A. R., of Chicago and several others.

The local G. K. Warren post, G. A. R., and members of the Woman's Relief corps will meet the party at the depot.

It is not known for certain whether the distinguished gentlemen will spend the day in this city.

A visit will be paid to the Grand Canyon of Arizona and a number of cities along the line. If they should decide to spend a day in Albuquerque they will be given a royal entertainment.

Traveling Passenger Agent George Gunnip, of the Santa Fe, will be in charge of the private car in which the party are traveling.

**FATHER BARRY.**

**Holding Mission Services at Immaculate Conception Church.**

**FINE PULPIT ORATOR.**

The Catholic mission was opened yesterday by Father Barry at the Immaculate Conception church. The inclement weather, to which our Albuquerque people seem to be so sensitive, did not keep them from attending the first exercises held yesterday.

At 9 o'clock after the holy sacrifice of the mass offered by the pastor and the distribution of ashes, the reverend missionary preached to a large congregation, explaining the nature, purpose and meaning of a Catholic mission.

In the afternoon at 3:30 o'clock, he conducted the station of the cross, after which he preached a short discourse to the children.

Last night at 7:30 o'clock, after the citation of the rosary, Rev. Father Barry preached his first lecture on the immortality of the soul, the destiny of man, the object of life. Father Barry proved himself an orator of uncommon ability. He mastered his subject. He can reason, convince and move as very few men can do. He kept his audience spellbound for at least one hour and a half. He said in part:

"There are certain great questions which in our best moments sound forth from the depths of our nature and demand an answer. What am I? Whence have I come? Whither am I going? What is before me? What is expected of me? What have I to expect? What is the way? What the means to attain it?"

These, the preacher said, are the questions which in a thousand tones sing out in the minds and hearts of men. And once they have been heard they keep echoing on through all life, haunting us with their whisper or their shout, whenever a lull in the busy hum around us permits us to listen; and they will not be still until they are answered and reason is satisfied.

"Thus it is with us," he said. "Thus it has been, as history shows, with all the generations before us. These questions and the attempts to answer them constitute the meaning of all the systems of philosophy that ever existed."

"Back at the very dawn of history we held our Aryan ancestors, pre-eminently the thinkers of their day, wrestling with these great problems of the soul, seeking their solution with an earnestness perhaps never equalled in later times. Their intellect recognized the infinite—the eternal, as the beginning and end of all things, and their hearts yearned for nearness to Him, union with Him, absorption in Him. To Him their philosophic thought, and their poetic fancy, were entirely consecrated."

"Ages later on we behold the Greeks occupying without dispute the domain of intellectual supremacy. Sage after sage discourses to multitudes of enthusiastic disciples on the nature, the origin, the destiny of all things. They are aided in their efforts to fathom these depths by the wisdom that preceded them. In Chaldea, in Persia, in India, in China, in Egypt."

"All through the course of modern history we find the same stream of anxious thought running almost uninterruptedly."

"From these facts it follows with inexorable logic, that since the human mind so universally and so imperiously demands an answer to these problems, an answer there must be within its reach. The universality of law, the general harmony and fitness of things, forbids us to suppose that man is the one exception whose being is a contradiction: His whole nature cries out that it is not self-sufficing, and that the things around it are powerful."

## TERRITORIAL LAWMAKERS

### Twenty-Fifth Day's Doings of Legislature.

#### MUNICIPAL ELECTION BILL PASSES

#### Bill to Redistrict Territory--Fight Over Creating County of Sandoval.

Special to The Citizen.

Santa Fe, N. M., Feb. 26.—A hot fight is on over the creation of Sandoval county. Frank A. Robb is fighting the division, and J. M. Sandoval is leading in urging the making of the new county.

**TWENTY-FIFTH DAY, WEDNESDAY, FEBRUARY 25, 1903.**

**The Council.**  
(Tuesday's Afternoon Session.)

The council was not called to order until after 5 o'clock.

House bill No. 26 and council bill No. 56, both relating to irrigation, were reported and made a special order for Wednesday morning, immediately after the reading of the journal.

House joint resolution No. 7, relating to the pay of employees, was handed down and referred to the finance committee.

The council then adjourned until 10 o'clock Wednesday morning.

(Morning Session.)

The council met this morning with all members present.

Prayer was offered by Rev. W. A. Cooper.

A message from the house announced the passage of the following bills: Council joint memorial No. 3; council bill No. 45, an act for taxation for water and light purposes; council bill No. 5, an act giving to mayors the veto power; house bill No. 15, an act relating to appeals from the court of a justice of the peace; house bill No. 25, an act relating to notes; house bill No. 60, an act relating to enumerators of school census; house bill No. 44, an act regarding the registration of party emblems; house bill No. 94, an act relating to bounties for the killing of wild animals; house bill No. 87, an act relating to the building of school houses; house joint memorial No. 2, in relation to drift fences.

The special order of the morning, the irrigation bills, were taken up, and house bill No. 26 and council bill No. 56 were handed down. It was recommended that both bills be recommitted to the council in the committee of the whole and the report was concurred in. The council then resolved itself into the committee of the whole. House bill No. 26, an act relative to community ditches or acequias and to amend or repeal certain sections of the compiled laws of New Mexico of 1897, with reference thereto, was then read. The bill contains the famous "lame of his left arm" clause. Mr. Fall gave notice that he would offer an amendment to make the bill not apply to any county in the Ninth council district. He then presented half a dozen petitions from the Mesilla valley farmers protesting against the passage of the bill. The petitions were generally and numerously signed. The bill was laid aside and council bill No. 56 was taken up. This bill is by Mr. Fall and is to amend section 13 of the compiled laws of 1897, relating to acequias or ditches, and for other purposes. The bill was read, section by section, and was amended in minor particulars. The committee then decided to recommend the Fall bill for passage and that house bill No. 26 be recommitted to the judiciary committee for the consideration of certain legal and constitutional questions. This was so done and the committee arose and so reported. The report was adopted and the bill was passed as amended. House bill No. 26 was recommitted. Under introduction of bills council bill No. 83 was introduced by Mr. Duncan. It is an act to give cities authority to provide for the collection of garbage. Referred to the committee on municipal and private corporations.

Council bill No. 84 was introduced by Mr. Hawkins. It is an act for the grouping of the several counties in the territory into districts for district attorney purposes. The bill provides for districts as follows: First district, Santa Fe, Taos, Rio Arriba and San Juan counties; second district, San Miguel, Mora and Guadalupe counties; third district, Colfax and Union counties; fourth district, Bernalillo, Valencia and McKinley counties; fifth district, Socorro county; sixth district, Luna, Dona Ana, Otero and Lincoln counties; seventh district, Grant and

Sierra counties; eighth district, Chaves and Eddy counties. The bill was referred to the committee on judiciary.

Council bill No. 85 was introduced by Mr. Hughes. It is an act to divide Bernalillo county and to create the county of Sandoval. Referred to committee on counties and county lines.

The following bills were they handed down:

Council bill No. 45, as amended by the house in minor details. Amendments concurred in.

House bill No. 15, relating to appeals from justices courts. Referred to the committee on judiciary.

House bill No. 59, an act to require county school superintendents to furnish their official bonds. Referred to the judiciary committee.

House bill No. 25, an act in relation to forms of promissory notes. Referred to judiciary committee.

House bill No. 60, an act to provide for the compensation of school enumerators. Referred to committee on education.

House bill No. 44, an act providing for the use of emblems on ballots. Referred to committee on privileges and elections.

House bill No. 74, an act in regard to police forces. Referred to committee on territorial affairs.

House bill No. 87, an act for building of school houses. Referred to committee on education.

House joint memorial No. 2, in relation to drift fences. Referred to the committee on public lands.

The council then went into executive session and as soon as it arose, adjourned until Thursday morning at 10 o'clock.

The council this forenoon confirmed the following appointments by Governor Otero:

Members of the board of regents of the College of Agriculture and Mechanic Arts at Mesilla Park—Rev. W. A. Cooper, from February 3, 1902, to February 2, 1904, to succeed L. B. Prince; Seamon Field, from September 2, 1901, to September 2, 1906; Jose R. Lucero, from September 2, 1902, to September 2, 1907.

Members of the board of directors of the New Mexico insane asylum at Las Vegas—Thomas Ross, from January 17, 1903, to September 2, 1905, to succeed N. T. Cordova; Jefferson Raynolds, from September 14, 1901, to September 2, 1906; A. B. Hart, from September 2, 1902, to September 2, 1907.

Members of the board of regents of the New Mexico Military Institute at Roswell—E. A. Cahoon, from March 2, 1901, to March 22, 1906; W. M. Reed, from March 22, 1902, to March 22, 1907.

Board of regents of the New Mexico Normal school at Silver City—Robert Black, from January 17, 1902, to February 18, 1907, to fill unexpired term of A. R. Graham, resigned; Percy Wilson, from February 18, 1902, to February 18, 1907; E. M. Young, from February 18, 1903, to February 18, 1908.

**The House.**  
(Tuesday's Afternoon Session.)

Mr. Bowie called attention to house bill No. 15, relating to appeals from justices of the peace, and said that it had been passed without due consideration. He moved to reconsider the vote by which it was passed and to recommit it to the committee on judiciary. Martin Sanchez, the author of the bill, made a vigorous plea for it, and moved to lay the motion on the table. The motion to table was carried by 11 to 9 votes.

On motion of Mr. Sanchez the vote by which the bill was passed was taken up and the motion to reconsider was laid on the table.

House joint memorial requesting the passage of house bill No. 17887 in congress, to permit the erection of drift fences on the public domain was passed.

Amended council bill No. 3, relating

New Mexico demands Statehood from the Fifty-Seventh Congress.

A new county is needed. Let the merchants and taxpayers of the city pull together on this proposition.

Paderewski has sold his Polish estate, because he can't afford to keep it up. The hair business has been overdone in musical circles lately.

There will probably be peace in Venezuela some day. They used to fight just that way in England 800 years ago; but 800 years seems a long time wait.

The voters of the adjacent small towns, to the city of Albuquerque, are opposed to the passage of a law annexing contiguous territory to incorporate cities and towns.

Democratic leaders are looking for a candidate in 1904 who can stir up enthusiasm. Think of the wild enthusiasm that the name of Judge Parker arouses everywhere.

The union workmen are opposed to the use of convict labor on public buildings, and the Central Labor Union organization, of this city, have petitioned the legislature in opposition to the passage of such a bill into a law.

The New Orleans carnival seems to be on a bigger scale than ever this year and the city extends the heartfelt welcome to its distinguished visitors. New Orleans is not the sort of town that slights its guests, though some of its newspaper talk at times is impulsive.

The January exports of the United States were the largest ever recorded for the month, with one exception. Last month's total was \$134,000,000. That of January, 1901, was \$2,000,000 larger. Last year's January exports were \$108,000,000, and those of January, 1893, were \$67,000,000. Our exports have doubled in ten years.

Not satisfied with throwing mud at the people of New Mexico, because they want statehood, the St. Louis Globe-Democrat is poking fun at Senator Quay because the legislature has just named one of the new counties after him. It says: "Senator Quay can rest easy on the score of not living in vain. A county has been named for him in New Mexico."

The people of this city—merchants, taxpayers and citizens generally—are in favor of county division, and the legislature ought to pass the bill introduced yesterday by Congressman Thos. Hughes creating the new county of Sandoval. A small county is good for everybody, even the politicians, and the latter ought to use their influence with the members of the legislature toward securing their votes for the bill.

**\*UNPATRIOTIC AND UNWORTHY\***  
By the exercise of a considerable amount of ingenuity, it might have been possible for our valued republican contemporary, the Baltimore American, to have administered a rebuke to Senator Quay for his course on the statehood bill without bringing a terrific indictment against the republican party, says the Washington Post, February 21.

To be sure, that would have been a difficult task under the circumstances, since Mr. Quay, in this matter, stands by and for his party's deliberately

adopted and solemnly declared pledges; but the resources of the American, had they been seriously taxed, might have produced a lambasting of the senator that would not have been a direct and overwhelming condemnation of the party for whose good faith the senator is contending. And if our contemporary, after a careful survey of the situation, had found it impossible to hit Mr. Quay without firing right through the midriff of the party, it might have shown a wiser discretion by taking refuge in what St. Simon calls "a ferocious silence."

Our Baltimore contemporary solemnly avers that "this measure, which is designed to admit to the union the territories of Arizona, New Mexico and Oklahoma, is one of the most unpatriotic and unworthy that has ever appeared in congress." If that is true, it follows inevitably that the republican party is, and long has been, "unpatriotic and unworthy." The Post does not believe that any party is unpatriotic, but the American, in its characterization of the bill, puts that stigma on the entire republican organization. In its platforms of 1896 and 1900, the party gave its pledge of statehood for those territories. In compliance with that pledge, the present house of representatives passed the pending statehood bill—the bill for which Mr. Quay is contending—by a practically unanimous vote. This action by the house, it will be seen, was not a case of snap judgment; it was the result of years of calm consideration, and it was an honest attempt to redeem the promise of two successive republican national conventions. "We favor home rule for, and the early admission to statehood, of the territories of New Mexico, Arizona and Oklahoma," said the convention of 1900. The pending bill says, in effect: "Let that pledge be kept; let those territories come in." And that measure, says our Baltimore contemporary, "is one of the most unpatriotic that has ever appeared in congress."

Not only have two republican national platforms and the present republican house of representatives endorsed this bill, but President Roosevelt, in a speech delivered in New Mexico, is quoted as having given it his hearty approbation. Is it possible that all of this approval has been given to an unpatriotic and unworthy measure? The American says that "back of this proposition are a few speculators who seek to turn to their own account—for the realization of political and private ambitions—the forms and institutions of state government which it is proposed to erect." Did those "few speculators" dictate the statehood planks in the platforms of 1896 and 1900? Did a gang of sharpers, with speculation in their eyes, rush the bill through the house? Was President Roosevelt, when he made his Las Vegas speech, the dupe of speculators? We put these questions to show the utter absurdity of the American's position. If the republican party were such a knave and fool combination as the American represents it to be, the country would be in a bad way.

**NONSENSICAL ATTACKS ON QUAY.**  
We are not at all in sympathy with the recent outbreak of abuse against Senator Quay because he has joined forces with Senator Morgan, who is antagonizing the Panama canal treaty, says the Washington Post.

Whatever may be the facts as to

**HOW HEALTH IS GAINED**  
The story of a great deal of the unhappiness of women is a story of lost health. Women wonder how it is that little by little the form loses plumpness, the cheeks grow hollow and sallow, and they feel tired and worn-out all the time. In a large proportion of cases when women are weak, run-down and falling off in flesh and looks, the root of the trouble can be traced to womanly diseases which undermine the general health. The proof of this is that women who have been cured of painful womanly diseases by the use of Dr. Pierce's Favorite Prescription have recovered their general health, gained in flesh and in appearance.

Dr. Pierce's Favorite Prescription cures the womanly diseases which sap the general health. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"I suffered for three years with ovarian trouble," writes Mrs. Anna Quinn (Treasurer Women's Athletic Club, of Los Angeles, Wis.). "The treatment I took did not do me a particle of good, until a good neighbor who had been using Dr. Pierce's Favorite Prescription advised me to give it a trial. The next day took my first dose, and it was my first step toward recovery. In nine weeks I was a different woman; my flesh which had been flabby became firm, complexion clear and my eyes bright. It was simply an indication of the great change within from pain and suffering to health and happiness."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets invigorate stomach, liver and bowels.

Senator Morgan's fight, the unquestionable fact in Mr. Quay's case is that he is advocating a measure which he believes possesses the approval of a majority of the senate. He is not trying to prevent a vote. His purpose is to force one. They may say that Morgan is a filibuster, since he wishes to kill the measure by delay; but the very senators who denounce him are themselves filibusters, for they are engaged in the very enterprise they condemn Mr. Morgan for conducting. At least, it cannot be said of Mr. Quay that he is trying to talk the statehood bill to death. The truth is that his energies are devoted to a precisely different end. He wants the senate to act on the bill and is willing—eager—to submit it to that legitimate test. The malcontents are those who now antagonize him, and certainly they are in no position to cast stones at Mr. Morgan.

Senator Quay has right and reason at his back. If it be the will of the majority to enact this statehood bill into law, those who obstruct them in the exercise of that right are nothing more or less than filibusters. He who presses a measure to a vote is at least trying to speed the transaction of the public business. He is at least willing to submit his contention to the legally established tribunal. The man who conspires with others to prevent this is an obstructionist. It frequently happens, no doubt, that the majority are wrong and the minority right. In our time, we have seen great good come out of filibustering. The fact remains, however, that no one has a right to attack Mr. Quay's course in this matter of the statehood bill.

And while we are on this subject, it seems proper to say a word about those persons who make a specialty of crying out at the prospect of an extra session and speaking of "congress on our hands" as a dreadful national calamity. For our part, we regard this trumpeting vociferation as a mere ignorant and offensive bluff. The constitution did not confide the law making power to newspapers and private citizens, but to senators and representatives duly chosen for the purpose by the people. Neither did it contemplate conditions under which the executive or the judicial branch of the government might improvise law in the absence of congress. If there be good reason for calling an extra session, by all means let the president call it. The country's dignity and honor are never so safe, in an hour of emergency, as when congress is in session. Either that or our institutions are a failure.

The municipal election bill, introduced by Congressman Albright, and which recently passed the council, was passed yesterday in the house under suspension of the rules, and should the governor sign the bill it becomes law. The bill provides that mayors, treasurers, clerks of cities and towns, shall serve two years, while members of councils and school boards shall serve two and four years instead of one and two years as at present. The bill does away with the usual municipal election of April, this year; and under its provisions, municipal officers will hold their offices until April, 1904. There is some argument on the street that the bill should have been submitted to a meeting of the people, for their opinion, before its introduction into the legislature and its subsequent passage.

When the annexation proposition was submitted to the merchants and taxpayers of Albuquerque, a few years ago, it was voted down by the people, almost 4 to 1. The annexation of contiguous territory to incorporate cities and towns, known as the Albright bill, is not a popular measure here in Albuquerque.

## EIGHTEEN YEARS

### Of Intense Suffering From Stomach Inflammation.

MR. CLEARWATER SAYS:

"Had it Not Been for Paine's Celery Compound I Would Have Died or Continued to Suffer Terrible Misery."

Stomach difficulties and distresses are varied in character and demand prompt attention. In the majority of cases the troubles originate from a morbid condition of the nerves of the stomach. If you suffer from dyspepsia, indigestion, inflammation of the stomach, or gastric derangements, the use of Paine's Celery Compound will banish your tormenting enemies. Paine's Celery Compound quickly tones and strengthens the stomach and its particular nerves, so that your food will enrich the blood and make solid flesh, bone, and muscle. Mr. Horace Clearwater, Kingston, N. Y., says:

"Accept my sincere thanks for the great good I have derived from your life-saving medicine Paine's Celery Compound, without which I would have died or continued to suffer terrible misery. While working in the manufacture of tobacco, I ate a small piece of licorice which caused intense inflammation of the stomach, and for eighteen years I endured great sufferings. I had the services of doctors and used a vast variety of medicines, but did not get relief. Often in my agony I rolled over and over on the floor. I heard of Paine's Celery Compound and decided to try it. After I used the third bottle my pains were banished, and for ten years I have been well and strong. I am now 47 years old, and feel that I owe my present good health to Paine's Celery Compound."

Steele and Mrs. Sallie Bell were united in the holy bonds of matrimony. The wedding was held in the home of the bride, Rev. Harshaw, of the Methodist church of this city officiating. A number of the friends of both bride and groom were present and wished the newly married couple success.

**A Weak Stomach**  
causes a weak body and invites disease. Kodol Dyspepsia Cure cures and strengthens the stomach, and wards off and overcomes disease. J. B. Taylor, a prominent merchant of Christman, Texas, says: "I could not eat because of a weak stomach. I lost all strength and run down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol, I concluded to try it. The first bottle benefited me, and after taking four bottles I am fully restored to my usual strength, weight and health." B. H. Briggs & Co., and S. Vann & Son.

# TERRITORIAL LAWMAKERS

(Concluded from page one.)

to the veto powers of mayors, was favorably reported and was passed unanimously.

The judiciary committee favorably reported council bill No. 60, an act fixing the fees of the district attorney for Colfax and Union counties. The bill provides for the payment to him of \$400 from Colfax county and \$300 from Union county. The bill was made a special order for Wednesday afternoon at 2 o'clock.

Cristoval Sanchez moved to suspend the rules and take up council bill No. 45, an act to levy a tax for water and light purposes. The vote was 11 ayes and 9 nays and the rules were not suspended.

Council joint memorial No. 3, relating to the indebtedness of Taos county and providing for the refunding thereof, was favorably reported from the finance committee and was adopted.

Amended council bill No. 22, an act relating to the time of holding the elections of justices of the peace, was handed down and referred to the judiciary committee.

By unanimous consent Mr. Ortega introduced a bill to provide for the settlement of damages done by animals. It was referred to the committee on stock and stock raising.

Cristoval Sanchez again moved to suspend the rules to take up council bill No. 45, and this time the motion prevailed by 13 ayes to 6 nays. The bill was then amended by Mr. Baca so as to make it optional in towns and cities and not mandatory, thus relieving Santa Fe and other places, and as amended was passed.

The house then adjourned until Wednesday morning at 10 o'clock.

(Morning Session.)

The house was called to order by the speaker at 10:15.

Prayer was offered by the chaplain. The reading of the journal was interrupted to receive a message from the council, announcing the passage of council bill No. 15, an act relating to writs of error, and amended council bill No. 23, an act relating to territorial indebtedness.

Amended house bill No. 56, an act relating to the distribution of water, etc., was referred to the committee on irrigation.

Amended council bill substitute for council bill No. 2, an act relating to the expense of county institutions, was referred to the committee on education.

Council bill No. 65, an act providing for a police force in unincorporated county seats of not over 3,000 population, was referred to the committee on territorial affairs.

Council substitute for council bill No. 24, an act extending terms of mayors and other officers, was handed down. Cristoval Sanchez moved to suspend the rules for immediate consideration. Mr. Bowie protested, as Gallup has democratic city officials. The rules were suspended by a vote of 16 to 5. The bill was then passed.

The speaker announced that he had signed the bill for the relief of A. B. Baca.

Council joint resolution No. 11, relating to the correction of engrossed and enrolled bills, was referred to the committee on printing.

The resolution to hold services in memory of the late Hon. Emiliano Gutierrez, was taken up.

The speaker announced the death of the mother of Hon. J. D. Sena, a former member of the house, and suggested that the house adjourn from Thursday afternoon to Friday afternoon in order to allow the members to attend the funeral on Friday morning. He further suggested that Friday afternoon be set aside for eulogies of the late Mr. Gutierrez. The suggestion was embodied in a motion by Mr. Baca and it was so ordered.

The following bills were then referred.

Amended council bill No. 52, an act relating to foreign corporations; to the committee on territorial affairs.

Council bill No. 35, an act authorizing the consolidation of charitable and beneficial associations; to the committee on judiciary.

Amended council bill No. 47, an act relating to bounties on wild animals; to the committee on stock and stock raising.

Amended council bill No. 61, an act to provide funds for printing the rules of the supreme and district courts; to the committee on printing.

Amended council bill No. 23, an act to amend the law relating to territorial indebtedness; to the committee on territorial affairs.

Council bill No. 54, an act relating to the annexation of contiguous territory by cities and towns; to the committee on municipal corporations.

Amended council bill No. 68, an act relating to injury to pipe lines; to the committee on irrigation.

Council bill No. 15, an act to amend the election laws; to the committee on judiciary.

Amended council bill No. 27, to enforce the Sunday law; to the committee on judiciary.

House bill No. 3, by Mr. Baca, relating to proceedings in condemnation, was passed.

**seasonable  
reasonable  
force**

The committee on enrolled and engrossed bills reported house bill No. 91, an act for the relief of A. B. Baca, as having been engrossed.

The finance committee favorably reported the following bills:

House bill No. 70, by Mr. Vargas, an act directing the territorial treasurer to transfer certain funds to the penitentiary account; and house bill No. 81, by Mr. Dalles, an act in relation to the payment of taxes by the Santa Fe Pacific Railway company.

The committee on printing favorably reported council joint resolution No. 1, providing for the printing of the governor's report in Spanish. The committee presented an amendment so that the exhibits accompanying it are also to be printed.

The judiciary committee favorably reported the following bills:

House bill No. 87, by Mr. Llewellyn, an act to repeal section 50 of the compiled laws of 1897; house bill No. 98, by Mr. Llewellyn, an act to repeal section 1848 of the compiled laws of 1897, relating to the making of wills; house bill No. 109, by Mr. Llewellyn, an act to define assault; house bill No. 95, by Mr. Montoya, an act to amend the laws relating to peddlers; house bill No. 58, by Mr. Howard, an act to provide for a district attorney for Socorro county, etc.; house bill No. 90, by Mr. Baca, an act to amend sub-section 103 of section 2685, compiled laws of 1897.

The same committee unfavorably reported council bill No. 22, an act relating to election of justices of the peace. The following bills were introduced:

House bill No. 125, by Mr. Howard, an act to extend the provisions of certain laws to horses, mules and asses. Referred to committee on stock and stock raising.

House bill No. 130, by Mr. Dalles, an act relating to registration boards. Referred to committee on territorial affairs.

House bill No. 131, by Mr. Montoya, by request, an act to prohibit barbers from working on Sunday. Referred to committee on territorial affairs.

House bill No. 132, by Mr. Montoya, an act relating to proceedings in criminal cases. Referred to committee on judiciary.

House bill No. 133, by Mr. Baca, an act to confer on women the right to vote for school officers and at school elections. Referred to committee on education.

House bill No. 134, by Mr. McCash, an act conferring upon notaries public the right to perform marriage ceremonies. Referred to the committee on territorial affairs.

House bill No. 136, by Mr. Sandoval, by request, an act to authorize the appointment of park commissioners and for other purposes. Referred to the committee on judiciary.

House bill No. 137, by Mr. Llewellyn, an act relating to the powers of probate courts. Referred to the committee on judiciary.

An attempt was made to adjourn, but it was defeated by 12 nays to 8 ayes.

Mr. Llewellyn then offered a house resolution to pay the pages \$2 per day instead of \$1.50 and that their pay at the rate of \$2 per day should date from the opening of the session. It was referred to the committee on finance.

House joint resolution No. 7, designating the cosmos as the flower of New Mexico was presented by Mr. Polard. It was referred to the committee on territorial affairs.

Another attempt to adjourn was defeated by 11 nays to 8 ayes.

Mr. Ortega then called up his bill relating to the pasturing of sheep and goats. The bill was reported by the judiciary committee as house substitute for house bill No. 78 and the committee recommended that the original bill be laid on the table and the substitute passed. There was a brief discussion of the bill and there were several motions made to adjourn. Mr. Ortega then rose and stated that it was the evident desire of the members to take more time to examine the provisions of the bill and he thought it best to adjourn. As he was the author of the bill, his suggestion was accepted and the house took a recess until 2 o'clock in the afternoon.

(Afternoon Session.)

The house got down to work immediately after assembling this afternoon.

Council joint resolution No. 11, providing for corrections of punctuation, etc., in bills, was adopted.

Speaker Montoya announced as the committee to determine and order documents printed in Spanish, Messrs. Pedro Sanchez, Howard and Cristoval Sanchez.

Council bill No. 64, relating to pay of district attorney for Colfax and Union counties, was passed.

Mr. Ortega moved to suspend the rules to take up house bill No. 78, an act relating to pasturing of sheep and goats. This was done and the bill was passed.

House bill No. 81, an act regarding payment of taxes by the Santa Fe Pacific Railway company, was favorably reported by the finance committee. It was passed and applies only to Valencia and McKinley counties.

House bill No. 70, an act to authorize the transfer of certain funds to the penitentiary account, was passed without opposition.

House bill No. 98, an act to repeal section 1848 of the compiled laws of 1897, relating to the making of wills, was favorably reported by the committee on judiciary. The bill was recom-

mitted to the committee in order to reconcile certain differences. Among other amendments was one requiring "signatures" to "verbal" wills.

House bill No. 109, an act to define assault, was favorably reported by the committee on judiciary. The bill was passed by 19 to 3.

House bill No. 97, an act to repeal section 50 of the compiled laws of 1897 was favorably reported. It repeals a ridiculous section relating to qualifications of mayordomos and was unanimously passed.

House bill No. 55, by Mr. Montoya, an act to amend the law relating to peddlers, was favorably reported.

## MERCHANTS FOR DIVISION.

The County Division Proposition is Growing Every Day.

EVERYBODY IN FAVOR.

The special received from Santa Fe yesterday and published in last evening's Citizen, announcing that the Sandoval county bill had been introduced in the council, was read by the people of Albuquerque with intense interest.

The new Sandoval county bill is probably the most important bill to the people of this city and the southern part of Bernalillo county yet introduced for legislation. The first bill, introduced some days ago, was withdrawn so quickly that the merchants of Albuquerque had hardly time to consider its importance. The introduction of the bill again yesterday by Mr. Hughes received no little comment from the merchants and taxpayers of Albuquerque, and The Citizen publishes interviews on the subject from a number of the south end storekeepers and business men.

C. B. Hawley, proprietor of the stationery store, known as Hawley on the corner—We can very easily afford to tell the promoters of the new county that we will assume all the indebtedness. All we want is division so we can govern ourselves.

A. E. Walker, the insurance man—I am decidedly in favor of a division of the county as first proposed with the north boundary line running near Corrales. As to the accepting the debt of the county, I think it would be just and I am in favor of dividing the indebtedness in the manner expressed in the resolutions adopted at the meeting of the Albuquerque board of trade.

Theo. Muenstermann, the South Second street merchant—I am decidedly in favor of county division if it will reduce our taxes to any extent, and I believe it will.

J. C. Baldrige, proprietor of the Baldrige lumber yard and one of the largest taxpayers of the county—I think if we could get the proposed division we could easily afford to take 90 per cent of the county debt.

S. E. Newcomer, the stationery merchant—It is one of the most important moves that has been made by the citizens for some time and I sincerely hope that the county division will be effected. I honestly believe that if we can get a fair division of the county debt, it will benefit Albuquerque and the property owners of the new county exceedingly in the way of lowering taxes.

William Farr, proprietor of the Farr meat market—My idea on the county division proposition is to get the county down so that we can manage it on business principles. The amount of taxes we are paying now would war-

rant some public improvement and under the existing circumstances we are not getting very much. The resolutions adopted by the city board of trade at a recent meeting, on this all important question to the citizens of Albuquerque, express my sentiments exactly.

S. Vann, of S. Vann & Son, Jewelers, and proprietors of the Postal Pharmacy—I believe in the interests of all concerned, that the division of the county would be a good thing, and even if at first it should cost us a little extra money, the returns later would amply repay us. By all means, let it be divided, and, if, like the Dutchman's dog, its tail should be cut off close to the head, so much the better.

F. G. Pratt, proprietor of the F. G. Pratt & Co., grocery merchants—I am in favor of the division of the county. The sentiments voiced on the situation by the resolutions adopted by the city board of trade are mine exactly.

George P. Learnard, Hall & Learnard, music dealers—My opinion is that a division of our county will prove most advantageous to Albuquerque. I

## FATHER BARRY.

(Concluded from page one.)

erless to fill the abyss of its cravings and its aspirations. Whenever it is not consciously thoughtful or foolish it reaches outward and upward by the very necessity of its being and demands the why and the whereof of its own existence and the existence of the things that fall under its observation.

"In vain man appeals to science for an answer to these problems. It can not answer even the simple question, 'What is life?' It tells us that at some period in the remote long ago, there were atoms; these atoms grouped themselves into molecules; these molecules united to form bodies; the bodies gave themselves an organization; and this organization became life. At first there was only the vegetable life which constitutes the plant, but little by little this life developed itself into the sensitive life—the life of taste, touch, smell, sight and hearing. Finally, by the force of exercise the life of sense became the life of intelligence and free will. In other words, the stone converts itself into a plant, the plant becomes an animal, the animal makes itself into a man! Nonsense, how could the simple material disposition of the elements of a body give to itself that interior and spontaneous movement called life, which it had not? Again, how could life, reduced to simple internal movement in the plant, give to itself sensation, which it had not? Finally, how could the life of sense given to itself the life of intelligence, which it had not? Nemo dat quod non habet.

"No, science cannot solve the problem of man's existence. It cannot answer the question, 'Whence he came?' much less the more difficult ones, 'Why is he here?' and 'Whither is he going?' To answer these questions satisfactorily, we must know the fundamental principle of man's constitution. Without this principle we have no key to his nature or destiny. Composed of a spiritual soul and a material body, the body is the organ of the soul and the soul is the vital form of the body. The body exists only for the sake of the soul, and the soul exists for a higher purpose, a nobler object. Man is a subject made for an object, this is the fundamental principle of his constitution, without knowing the object we cannot understand the subject.

"What then is the object for which man exists? The catechism answers, God. This is the only answer that satisfies the intellect and soothes the heart. 'Who made you?' God made me. 'Why did He make you?' That I may know, love and serve Him here on earth and be happy with Him forever in heaven. These few words contain more wisdom than all the philosophical systems and scientific theories that were ever invented. When a man understands them, in a practical way, then he can answer the question, 'Is life worth living?'

"Man is made for God, nothing else, or nothing less, can satisfy the craving of His intellect for truth and knowledge, and the desire of his heart for happiness and love. Man is made for God. Consequently he is not an independent being. He is constituted under special relations of dependence on his Creator. The nation has a right to the service of its citizens. The parent has a right to the love and respect of his children. The employer has a right to the labor of the employed. The farmer has a right to the produce of the field he has cultivated. Much more has God a right and title to the love and service of man. This love and service constitute the sum of man's relations and obligations to his Maker. Therefore they should not be limited to a secondary place in the makeup of a man's life. Since God exists, man is His creature—the work of His hands, consequently man is bound to worship God with a positive, personal worship. The citizen, for the very reason that he is a citizen, has certain duties and obligations to fulfill. The soldier, because he is a soldier, has other duties and obligations in accord with his military profession. Even the child, for the simple reason that he is a child, has duties and obligations towards his parents. Much more the creature, man, for the very reason that he is a creature, has certain duties and obligations towards his God. Did we belong to ourselves, were we capable of giving content and happiness to ourselves, we might then

determine the conditions of our service; but it is not so. It is God who must give me happiness; and since we are the creatures of God, the subjects of God, it belongs to God to prescribe the conditions. Now, this same God has told us what He requires in the line of service, when He said, 'Thou shalt love the Lord thy God with thy whole heart and soul, with all thy strength and with all thy mind.' This is the first principle of one natural as well as of the supernatural law and is obligatory on all men.

"Consequently, then, I must serve God by keeping His commandments. These contain the manifestation of His will in my regard, and I must be convinced that this is a real necessity for me. It is not necessary that I should be rich or great, it is not necessary that I should live a long life. In fact, it is not necessary that I should exist; but since I do exist, it is absolutely necessary that I should serve God."

Father Barry continued along this line of argumentation for over an hour and then the service concluded with the benediction. Mission services will be held every day during the week. The order of exercises will be as follows: Mass and short instruction at 6:30 a. m. Mass and sermon at 8:30 a. m., followed by blessing of religious articles. Stations of the cross and mission services for children at 4 p. m. Rosary, lecture and benediction at 7:30 p. m. The mission will close next Sunday evening with the papal blessing and the granting of a plenary indulgence to all who shall have complied with the conditions.

## Police Court.

A short session was held in police court this morning over the offenses of five vagrants. Three were released as they were able to give a good account of themselves, the other two being turned over to the street commissioner, they having a ten days' sentence to work out.

Just as the judge had finished this bunch of stragglers, Officer Barton came in with two travel-worn and dust-covered refrigerator tourists, who came in on passenger No. 7 this morning. A night of traveling in the cold, penetrating atmosphere was quite visible on their marred features. The judge took pity on them and threw them in for ten days. They will undoubtedly get thawed out in that time.

## ...Legislative Pointers...

.....Clippings From Our Exchanges.....

### The Sleep of Death.

Representative Coleman's eight-hour law has been referred to the house committee on railroads at Santa Fe, where it will probably sleep the sleep of death.—Las Vegas Record.

### Deserve Credit.

Fall and Hawkins deserve credit for the able manner in which they passed the omnibus bill locating the various institutions, and securing one of them for Alamogordo.—Las Cruces Republican.

### Against House Bill No. 26.

A petition is being circulated in the valley protesting against the passage of house bill No. 26, which will be presented to the council and asked that it be not passed. It is detrimental to our irrigation laws.—Las Cruces Citizen.

### How About the Grammar?

The council joint resolution authorizing the secretary of the territory and committees to correct all mistakes in the spelling and punctuation in acts, has passed that body unanimously. How about the grammar, eh?—Las Vegas Record.

### For Territorial Treasurer.

The New Mexican is informed that W. S. Strickler, cashier of the Bank of Commerce at Albuquerque, is being pushed by friends for appointment as territorial treasurer. J. H. Vaughn, who held this important office for nearly four years and who has performed its duties very satisfactorily, is a candidate for re-appointment.—New Mexican.

### NOT A CANDIDATE.

In these columns there appeared on yesterday that W. S. Strickler, cashier of the Bank of Commerce at Albuquerque was a candidate for appointment as territorial treasurer. The New Mexican is today informed upon the best authority that such is not the case, and that Mr. Strickler is in no sense of the word such candidate.—New Mexican.

### Efficient Superintendent.

The last report of the board of penitentiary commissioners to Governor Otero shows the institution to be in a very flourishing and satisfactory condition under the management of the present efficient superintendent, Hon. H. O. Bursum.—Socorro Chieftain.

### Against Osteopathy.

Dr. G. W. Harrison, of Albuquerque, is putting in some hard licks against the passage of any law recognizing and allowing the practice of the science of osteopathy in New Mexico. The doctor is very earnest but is finding that many members are in favor of the passage of one of the measures now pending in the legislative assembly and recognizing osteopathy and permitting its practice in the territory. Members of both houses are receiving letters from influential citizens all over the territory urging the passage of a bill giving osteopathy full standing here.—New Mexican.

### Roswell Anxious.

Roswell is anxious that house bill No. 39 be passed. This bill provides that any incorporated village having a population of 2,000 people or more may by mere proclamation of the governor be made a city, with all the powers, privileges, duties and liabilities of cities in the territory of New Mexico. If this act passes Roswell will doubtless at once make application for a change in its form of municipal government. The method by which such a change can now be secured is through the district court.—Roswell Record.

### Something Strange.

It is said in legislative circles that Councilman Charles A. Spies, of Las Vegas, is not a candidate for re-appointment as district attorney for the counties of San Miguel, Mora and Guadalupe but that he favors S. B. Davis, a young attorney of Las Vegas, and who has his office with Mr. Spies, for the position. Eusebio Chacon, interpreter for the land court and who lives at Las Vegas, is also said to be a candidate for appointment as district attorney and to have considerable backing.—New Mexican.

### Only Sleeping.

Dame Rumer now has it that the Sandoval county bill is not dead but only sleeping, and may be found very wide awake one of these fine mornings.—New Mexican.

### Fish and Game Ward.

An amendment has been prepared to the bill introduced in the council by Mr. Hughes to create the office of fish and game warden and to provide for the protection of fish and game. The bill makes it a misdemeanor for anyone to fish in a stream running through the land of anyone who has posted notice that it is closed to fishermen through his land. The amendment proposed is to require anyone who thus closes a part of a stream to deposit therein annually at least 1,000 young fish and thus restock the

streams of the territory.—New Mexican.

### Territorial Auditor.

From Union county comes the report that several leading republicans of that county will urge the appointment of Councilman Saturnino Pinard as territorial auditor. The present incumbent, W. G. Sargent, of Rio Arriba county, who has an excellent record, is also a candidate for re-appointment.—New Mexican.

### The School of Mines.

It is safe to assert that the New Mexico school of mines can make a better showing for the present year than can be made by any other educational institution of the territory. The friends of this institution therefore think that it should receive at least as favorable consideration as any other at the hands of the legislative assembly now in session.—Socorro Chieftain.

### A Good Idea.

There is a disposition among members of both branches of the legislative assembly to take no more adjournments from Friday until Monday. A large number of bills have been introduced and there is much work to be done by committees. The time will be fully occupied to the end of the session, and it is probable that night sessions will be held to consider the appropriation bill.—New Mexican.

### Against New County.

E. B. Harsch, a member of the city council of the city of Albuquerque, has been in town this week watching legislative proceedings. He is opposed to the division of Bernalillo county and the creation of a new county out of part of it. He believes that should such be done the county of Bernalillo proper with Albuquerque as the county seat, will be democratic. As he is a strong republican, he prefers living under a republican administration, and hence his opposition to the division plan.—New Mexican.

### Leading Citizens' Request.

At the request of a large number of the leading citizens of the proposed county of Sandoval, Councilman Hughes introduced today a bill creating said county. The provisions of the bill are somewhat similar to the bill recently introduced in the house by Representative Sandoval. The dividing line is about six miles north of Albuquerque, running due east and west. The proposed new county will include the whole of the northern portion of Bernalillo county, with the county seat at Corrales. The proposed county has about 7,000 inhabitants and taxable property of about \$1,000,000. It would be a solidly republican county, only forty-four democratic votes being cast at the election last fall within the proposed county. The people of the city of Albuquerque have held two mass meetings, at each of which resolutions were adopted favoring the proposed division. Petitions are now being circulated asking the legislature to create the new county. The bill is now being printed and will come up for discussion in the council in a few days.—New Mexican.

### Not Clear to Laymen.

The medical profession is making a strong fight on the bill recognizing and allowing the practice of the science of osteopathy in this territory, now pending in the assembly. The reason for this is not exactly clear to laymen.—New Mexican.

### A Timely Answer.

Hon. Thomas Hughes last evening received the following telegram from Charles McReeves, one of the managers of the St. Louis Exposition: "New Mexico will be admitted as a state either this session or the next. You can't keep this question down. If action is postponed, it furnishes additional reasons why the territory should make an exhibit of resources which will show to the world the justice of her claims." Mr. Hughes promptly sent the following reply: "Not dealing in futures. New Mexico can flourish independent of all humanity."—New Mexican.

### Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. There has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Dr. Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been solved that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by all druggists.

From a bushel of corn the distiller gets four gallons of whiskey which retails for \$16.50; the government gets \$4.40, the farmer who raised the corn gets 40 cents, sometimes the railroad gets \$4, the retailer gets \$7, the bartender gets a rake off and the consumer gets—drunk.

### NO HUMBBUG HERE.

Albuquerque Endorsement is What Counts with the Albuquerque Public. You can't fool the public all the time. They will find you out at last. Every time a man is fooled. Another skeptic is made. Many the remedy that makes the skeptic.

Because it fails to keep its promise. Don's Kidney Pills bring renewed reward. They cure the skeptic. Plenty of proof of this at home; Albuquerque proof for Albuquerque people. Here's a case of it: C. G. Lott, for ten years stationmaster in Albuquerque, now retired from active cares of life, residence 315 North Arno street, says: "I had attacks of backache stretching over a period of three years. One of them occurred shortly before Don's Kidney Pills came to my notice and I went to the Alvarado Pharmacy for a box. I knew the cause of my trouble arose from imperfect action of the kidneys because the behavior of the kidney secretions and their condition fully proved it but what to do to check the trouble was a mystery. Don's Kidney Pills effectively stopped the difficulty. If everyone in Albuquerque receives as undoubted benefit as I from that remedy, kidney complaint, backache and trouble with the kidney secretions will cease to exist in this vicinity."

**SENATOR TELLER'S PREDICTION.**  
He Writes About Statehood in Answer to a Telegram.

A prominent citizen of East Las Vegas received the following self-explanatory letter from United States Senator Henry M. Teller, of Colorado, the other day, says the Las Vegas Record:

United States Senate, Washington, D. C., Feb. 17, 1903.

Dear Sir:—I have your telegram of the 16th inst. It is quite possible that the bill to unite New Mexico and Arizona is satisfactory to you and a majority of the people of New Mexico, but it is not satisfactory to the people of Arizona, who have, in my judgment, the same right to statehood that you people had twenty-five years ago when I favored the admission of New Mexico into the union as a state. I cannot consistently vote for a bill that would unite New Mexico and Arizona, much as I would like to see them admitted at once. I don't believe the republicans of the senate intend to allow a bill for statehood to pass, nor do I believe they would allow it to pass if New Mexico and Arizona were united as one state, although some of them profess they would. But, if the bill should be so amended it is not possible to pass it through the senate this session. I believe you people will have to renew the fight at the next session of congress, and I have no hesitation in saying that I am prepared at any time to vote for the admission of New Mexico with her present boundaries and present population. Yours very truly,  
H. M. TELLER.

**Saved Her Child's Life.**  
"In three weeks our chubby little boy was changed by pneumonia almost a skeleton," writes Mrs. W. Watkins, of Pleasant City, Ark. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for consumption, and our darling was soon sound and well. We are sure this grand medicine saved his life." Millions know it's the only sure cure for coughs, colds and all lung diseases. All druggists guarantee satisfaction. 50c, \$1.00. Trial bottles free.

**THE LENTEN SEASON.**

Rules for Its Observance by Catholics in the Colorado Diocese.

Bishop Matz, of Denver, has issued the following Lenten regulations for the guidance of Catholics in the Colorado diocese, but they are of interest to everyone:

First—All the faithful, who have completed their twenty-first year, are, unless legitimately dispensed, bound to observe the fast of Lent.

Second—All days of Lent, Sundays excepted, are fast days of obligation.

**MOTHER'S FRIEND**

makes childbirth easy by preparing the system for parturition and thus shortening labor. The painful ordeal is robbed of its terrors, and the danger lessened to both mother and child; the time of confinement is shortened, the mother rested, and child fully developed, strong and healthy. Morning sickness, or nausea arising from pregnancy, is prevented by its use. As pregnancy advances, the breasts enlarge, become swollen and hard. Long before the child is born, they are preparing for the secretion of milk. It is important that they receive early attention. Mother's Friend softens the skin and facilitates the secretion of Life Fluid. Undeveloped breasts, hard-caked shortly after delivery, are the result of non-treatment, and likely to culminate in Mammary Abscess, from which so many suffer excruciating pain and are left with these organs permanently impaired. Softness, pliability and expansion are given to the muscles and sinews, thus bringing comfort and causing an easy issue of the child. Try it. Of druggists \$1.00. Our book "Motherhood" free. THE BRADFIELD REGULATOR CO., ATLANTA, GA.

on which only one full meal is permitted.

Third—By dispensation, flesh meat is allowed as the principal meal on all days of Lent, except Wednesdays, Fridays, and Ember Saturday, and Holy Saturday.

Fourth—The use of fish with flesh meat is forbidden at the same meal, even on Sundays in Lent.

May Take Tea.

Fifth—Custom sanctions taking of a cup of coffee, tea or chocolate in the morning, and in the evening a collation which should not exceed the fourth part of an ordinary meal. At this collation meat only is forbidden, the use of butter, cheese, milk and eggs being allowed in virtue of a special indulgence of the holy see.

Sixth—The use of lard and drippings is permitted in the preparation of abstinence food.

Seventh—When the principal meal cannot be taken at midday, it may be taken in the evening and the collation in the morning.

Eighth—All persons under twenty-one years, or over sixty years of age, those who are engaged in hard labor, the sick and convalescent, and those who cannot fast without injury to their health, are exempt from the obligation of fasting. Those who have any reasonable doubt as to their obligation to fast or abstain, should consult their confessor.

Ninth—Those who are not bound to fast may use flesh meat more than once each day on which its use is permitted.

A Long Fast.

Tenth—The time for fulfilling the precept of Easter communion extends, in this diocese, from the first Sunday in Lent to Trinity Sunday.

Eleventh—The Rev. Rectors are requested to have special Lenten devotions in their churches.

Twelfth—In virtue of powers granted us by the holy see, on March 15, 1895, for ten years, permit working-men and their families the use of flesh meat once a day on all the fast and abstinence days throughout the year, with the exception of all Fridays, Ash Wednesday, the Wednesday and Saturday of Holy Week and the eve of Christmas. Those who avail themselves of this dispensation are not allowed to eat fish and flesh at the same meal, and they are exhorted to perform some other act of mortification, such as abstaining from all intoxicating beverages.

The Rev. Rectors will read and explain the above regulations and dispensations to their congregations.

N. C. MATZ,  
Bishop of Denver.

## Why Syrup of Figs is the best family laxative

It is pure.  
It is gentle.  
It is pleasant.  
It is efficacious.  
It is not expensive.  
It is good for children.  
It is excellent for ladies.  
It is convenient for business men.  
It is perfectly safe under all circumstances.  
It is used by millions of families the world over.  
It stands highest, as a laxative, with physicians.  
If you use it you have the best laxative the world produces.

## Because

Its component parts are all wholesome. It acts gently without unpleasant after-effects. It is wholly free from objectionable substances.

It contains the laxative principles of plants. It contains the carminative principles of plants. It contains wholesome aromatic liquids which are agreeable and refreshing to the taste.

All are pure.  
All are delicately blended.  
All are skillfully and scientifically compounded.

Its value is due to our method of manufacture and to the originality and simplicity of the combination.

The Las Vegas fire department will add to the festivities of St. Patrick's day by giving a grand ball on the evening of that day, the 17th day of March. Everyone knows the capacity of the east side fire boys for entertaining, and it's safe to say that they will handle this affair in their usual excellent style.

Emil Newhouser, 32 years of age, who came here several months ago from Illinois for the benefit of his health and who has since been living on a ranch about one mile and a half north of town on the Mora road, died last night about 11 o'clock from hemorrhage of the lungs. The deceased was up and around yesterday and feeling as well as usual and had just retired last night when he was seized with a fit of coughing which brought on the hemorrhage and ended his life. He leaves a wife and two small children, all of whom were with him in his last moments. The body will be shipped tomorrow to Meadows, Ill., accompanied by the sorrowing family.

Do not wait until you are sick or some of your family are sick right unto death, and then send for Chamberlain's Colic, Cholera and Diarrhoea Remedy, but buy it now and be prepared for an emergency. It is the one remedy that "always" be depended upon in the most severe and dangerous cases. For sale by all druggists.

The man whom a Kansas girl married under the representation that he was an English lord thought he had a pleasant surprise in store for her when he told her that he was a prosperous cab driver, but she failed to see through his optimistic glasses and had him immersed into the bowels of a cold, gloomy, repellant jail.

If you are troubled with impure blood, indicated by sores, pimples, headache, etc., we would recommend Acker's Blood Elixir, which we sell under a positive guarantee. It will always cure scrofulous or syphilitic poisons and all blood diseases. 50 cents and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

It is appalling to think of the number of people who ventured on the lecture platform last year whose names cannot now be recalled.—Washington Star.

**A Legacy of the Grip.**

Is often a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic, food purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by all druggists.

A Wellington, Kansas, man who confesses that he has been inside of a church but once in eight years offers in extenuation of his presence there the fear that it might have caused talk if he had stood outside while the funeral services were being conducted over the remains of his wife.

#### LAND SCRIP.

By the use of so called land scrip title can be obtained to government land without cultivation or residence thereon. All you need to do is to give description and show the land to be of the proper kind; we do the rest. By reason of the exhaustion of a supply which has been quite limited the price is advancing. We have a small amount yet on hand to sell, that is fully guaranteed. We also deal in real estate, loans and investments.

### LOCAL PARAGRAPHS.

Attorney E. W. Dobson returned from Santa Fe this morning.

Mrs. George L. Brooks yesterday received the sad intelligence of the death of her sister.

There will be literary service tomorrow afternoon at 3:30 in St. John's Episcopal church.

J. W. Edwards, the undertaker, now located on North Second street, has rented the store room known as Grant hall and will move there in a few days.

Ed Jacobson, business manager for the Mary Elizabeth Forbes company that plays "Barbara Fritchie" here on March 4, left this morning for San Francisco.

Dr. D. H. Carns was the lucky person to secure the ticket which drew the carriage raffled off by the Sisters of the St. Joseph's sanitarium. The number was 154.

Jacob Loeb, president of the Southwestern Brewery & Ice company, left this morning on delayed passenger train No. 27 for a three weeks' business trip in southern Arizona and New Mexico.

The San Juan County Index says: George H. Browne has resigned his position as manager of the Hyde company and will depart for California in a short time, where an excellent position awaits him.

There will be a stated convocation of Pilgrim Commandery No. 3, on Thursday evening, February 26, 1903, at 7:30 sharp, at their assembly in Masonic hall.

Investigation of officers: L. T. C. Berlin, recorder.

Owing to the death of Mrs. Loewenstein, at Socorro, the Lion store of L. B. Stern, this city, will be closed tomorrow. The funeral notice of the death of this well known lady is published elsewhere in today's Citizen.

Yesterday afternoon Mrs. Maud Ross received a telegram that her mother, Mrs. Charles Klink, was dangerously ill at her home at Toledo, Ohio. Mrs. Ross left for Toledo on the No. 2 passenger train this morning.

Messrs. O. N. Marron, J. H. O'Reilly, P. F. McCanna, Dr. Baldus and C. E. Burg, the Knights of Columbus degree team, left this morning for El Paso. They will be present at the big meeting of the Knights of Columbus at El Paso tonight.

The second annual ball of the International Association of Machinists will be a hummer, as the rustling committees announce that they have sold a large number of tickets. The ball will be held at the Colombo hall on Friday evening, February 27.

There is but one "The Grand Canyon" and that is in Arizona. Some word pictures of its beauties and wonders will be given by Rev. Powell at the Baptist church Tuesday evening. Concert and social and lecture. No admission but a silver offering.

Orchestra hall in old town has been remodeled and put in good shape for a dancing hall. Mrs. Rosa Berry has arranged to give her dances at this spacious hall instead of Grant hall, which is to be occupied by J. W. Edwards undertaking parlors after March 1.

Regular Sabbath services will be held at Temple Albert Friday evening at 7:45 o'clock. Music will be rendered by Miss Braithwaite and Mrs. Israel. Samuel Mustadt will read the services and Rev. T. C. Beattie of the Presbyterian church has kindly consented to preach. The public is welcome.

The mocking bird whistle called out the fire department about 3:30 o'clock this morning to do a little work on a burning box car in the Santa Fe yards. The fire is supposed to have originated from a spark from the cinder dump. The bottom of the car was burned to some extent before the department reached the scene of conflagration. The loss will be a trifle.

A south bound freight train was wrecked on a steep grade near Glorieta last evening about 6 o'clock. Three cars left the track and after bouncing over the ties for some distance, left the track. Passenger train No. 7 was caught beyond the wreck and delayed until a wrecking crew from Las Vegas cleared the track, and did not arrive here until 8 o'clock this morning.

Daniel Jones, a prominent dairyman from Sussex, England, died at his rooms in this city yesterday afternoon. Mr. Jones came to Albuquerque about a year ago suffering with tuberculosis. The cold, severe winter did not improve his delicate health. He was about 35 years of age. The remains were taken charge of by O. W. Strong & Sons, who have telegraphed his relatives in England, and will wait instructions from the old country before anything is done with the body.

Hon. Jesus Romero, Tomas Werner, C. D. Murphy, Joe Badaracco, and others, from the old town, have returned to the city from Santa Fe, where they had gone to lobby against the passage of the bill annexing contiguous territory to incorporated cities and towns. Mr. Romero informed The Citizen today that the bill, as introduced by Councilman Albright, will not pass the house in its present form. He says that with certain amendments approved by the delegation which went to Santa Fe with him, the bill may then pass the house.

Entertained at Euchre. Dr. and Mrs. Connor delightfully entertained with an informal euchre Wednesday evening. The prizes were dainty and well selected. Refreshments of punch, cream and cake were served. The guests were: Mrs. Hill, Mrs. Spooner, Dr. and Mrs. Briggs, Mr. and Mrs. A. E. Walker, Mr. and Mrs. Ackerman, Mr. and Mrs. J. C. Bal-
