NUMBER 388

IT LOOKS DARK FOR STATEHOOD

Rider Amendment Is Passed Over Unanimously.

DEMOCRATS OBJECT TO THE MERGER

Omnibus Bill Will Not Interfere With Appropriation Bills--Washington News.

Washington, Feb. 24.—During the consideration of morning business in the senate today a bill was passed creating a new division of the eastern district of Texas and providing for the holding of sessions of court at Texarkana.

A bill was passed authorizing the secretary of the treasury to issue a number of souvenir medallions for the benefit of the Thomas Jefferson Memorial association of the United States.

A resolution was adopted calling on the postmaster general to furnish information regarding the effect on the revenue of the adoption of amendment to the postoffice appropriation bill giving all periodicals the same rate and terms as those now given weekly periodicals.

Mr. Quay, speaking to his resolution declaring it to be the sense of the senate that a vote should be taken on the statehood bill prior to March 2, said occasion for it had passed, but he desired a test vote on the question of cloture in the senate for future reference.

Mr. Aldrich thought the resolution should go to the committee on rules, whereupon Mr. Quay remarked that if the senators who were so vociferous the other day opposing cloture decline to go on record he was willing the resolution should be referred.

The resolution thereupon was sent to the committee.

Upon motion of Mr. Proctor the agricultural appropriation bill was taken up. The statehood amendment which was put on as a rider was passed over by unanimous consent.

It has been agreed to withdraw the omnibus statehood bill as an amendment to the postoffice and agricultural appropriation bills.

The omnibus bill will be kept before the senate, but will not interfere with the appropriation bills.

THE NATIONAL HOUSE.

Washington, Feb. 24.—The house today, without preliminary business, proceeded to the consideration of senate amendments to the Philippine currency bill. It was agreed that there should be one hour each debate on each side.

DEMOCRATS NOW OPPOSE.

They Will Reject the Two-State Proposition.

Washington, Feb. 24.—The democratic senators' caucus has rejected the two-state proposition for the admission of new states submitted by the republicans. The matter of further negotiations was left with the democratic members of the committee on post-offices which has charge of the appropriation bill with a statehood rider. The object is to ascertain whether there is a majority of the senate willing to vote the rider upon the bill. Unless there is an assurance of success the democrats will not vote for the rider. The democrats will not accept anything on a basis of two states.

CZAR OF RUSSIA

He Will Be Asked to Name Venezuelan Arbitrators.

Washington, Feb. 24.—Mr. Bowen, the Venezuelan plenipotentiary, has proposed to the allies that the czar of Russia be asked to name the three arbitrators, who, as The Hague tribunal, shall decide the question of preferential treatment. The suggestion has been approved by the department.

EXAMINER NEEDED.

To Take Testimony in the Famous Merger Case.

Washington, Feb. 24.—Representative Cushman today gave notice in the United States supreme court that on next Monday he would present a petition for the appointment of an examiner to take testimony in the case of the state of Washington against the Northern Securities company—the merger case.

Eight Hour Bill.

Denver, Feb. 24.—Debate on the eight-hour bill took place in the house today. The committee amendments to

the Stephens bill, which weakened the bill, were defeated this morning after a lengthy discussion. Immediately afterwards Representative Morris offered a motion that the Moore bill, which had already passed the senate, be substituted for Stephens measure. This aroused considerable debate.

NO IMPORTANCE

Attached to Demand on Venezuela for First Installment.

Berlin, Feb. 24.—The German foreign office attaches no importance to the request made of Mr. Bowen by Herr Baltazzi, the former German charge d'affaires at Caracas, for the immediate payment of \$5,500, forming the first installment of the sum to be paid to Germany by Venezuela, but which is not due until March 15. Foreign Secretary Von Richthofen sent no such instructions to Ambassador Von Sternberg and it is assumed that there has been a misunderstanding in the matter. The foreign office does not doubt that Venezuela will strictly carry out the terms of the protocol.

New York Lawyer Dead.

New York, Feb. 24.—Ellery Anderson, lawyer and political leader, died suddenly of heart disease at his home in this city today. He was 69 years old.

ELECTRIC LIGHT WIRE.

Causes a Big Blaze to a St. Louis Suburban Railway Company.

St. Louis, Feb. 24.—The car sheds and sixty-seven street cars of the St. Louis & Suburban Railway company, at De Hodiamont, were destroyed by fire today, entailing a loss estimated at nearly \$200,000. The origin of the fire is not known, but it is said to have started from an electric light wire.

DIRECTOR CHENEY.

Here Last Night With His Wife—North on a Special Train.

B. P. Cheney and wife, prominent and wealthy people of Boston, spent last night in the city, having arrived from the west in private car No. 220 attached to passenger No. 8.

Mr. Cheney is a director and a heavy stockholder in the Atchison, Topeka & Santa Fe and St. Louis & San Francisco railways.

Mrs. Cheney was at one time one of the most popular stage artists of both England and America, and will be remembered as Julia Arthur. She is an old friend of James Neill, the actor, and Mr. and Mrs. Cheney, accompanied by I. L. Hibbard, were guests at the play "Hon. John Grimesby," last night. Those who were at the play will remember the trio sat on the raised chairs on the south side of the Colomby hall. Mrs. Cheney still retains much of the beauty she possessed while on the stage.

Mr. and Mrs. Cheney left Boston last December and have since that time traveled extensively in the south and west. They left, going north this morning, on a special train, accompanied by Santa Fe officials, D. E. Cain and F. C. Fox, who came in from the north last night to meet them.

KNIGHTS OF COLUMBUS.

Degrees to Be Exemplified at Odd Fellows' Hall Next Sunday.

The Albuquerque degree team of the Knights of Columbus will leave tomorrow night for El Paso, where the third degree of the order will be exemplified to a class of thirty-five. Elaborate preparations have been made for an enjoyable time.

On Sunday evening, March 1, the first, second and third degrees will be exemplified at Albuquerque, attended by beautiful and impressive ceremonies. Bishop Pitaval, of Santa Fe, will celebrate mass and give the communion to the Knights of Columbus at 8 o'clock.

The initiation ceremonies will begin at 1:30 p. m. Sunday and will be concluded about 9 o'clock Sunday evening after which a banquet will be served at the Alvarado. All the clergymen

from the Catholic churches throughout New Mexico and many from Arizona will be present at this grand function. Prominent members of the church from Las Vegas, Santa Fe, Gallup and Winslow will be initiated into the lodge, besides the twenty-eight from this city.

The Knights of Columbus will have about 114 members after the degrees have been exemplified on next Sunday. Preparations are being made to render this affair complete in every detail, and it goes beyond saying that the Knights in a short time will see the materialization of their hopes for one of the foremost social organizations in the city. The ceremonies will take place at the Odd Fellows' hall, which is well adapted for the elaborate function.

THE WOOLEN MILLS.

They Will Start Up in a Very Few Days.

The electric motors for the Rio Grande Woolen mills arrived Saturday and are being placed in position by a force of experts. After the power is installed and a few other minor details of equipment is arranged, the mills will begin to grind. If no unforeseen obstacle arises to hamper the workmen in making the finishing touches the lever that starts the machinery will be pulled by President J. H. Bearup the early part of next week. It will be an important event in the history of manufacturing institutions of Albuquerque and should be celebrated.

CENTRAL LABOR UNION

Resolutions Adopted Against Employment of Convict Labor.

INDIVIDUAL CARD SYSTEM ADOPTED.

At the regular meeting of the Central Labor Union of Albuquerque last night in Carpenters' hall, on West Gold avenue, after the usual routine business, attention was called to the fact that there is pending in the legislature of New Mexico, in session at Santa Fe, measures for the employment of convict labor on public buildings and public highways. On motion, strongly seconded by several rousing speeches, resolutions were adopted declaring against the measures and asking the friends of labor generally, who are members of the legislature, to work and vote against such bills. The resolutions were referred to the committee on legislation, with instructions to forward same to Councilman Thomas Hughes, to be presented at his earliest convenience before the legislature.

The members of the local organization believe that should the employment of convict labor be instituted on public buildings there is no telling where it may stop, and propose to use their influence in stopping it in its infancy. They figure that there are hundreds of unemployed in New Mexico who have never committed crime who are deserving of and need all the employment they can secure.

The individual card system was adopted by the organization, allowing those who wish to become affiliated with the Central Labor Union and who have not sufficient numbers to form a local union of their own trade to do so by the payment of 50 cents per month in dues, and allowing them all the protection of the other members and a voice and vote in the meeting. Five stone masons made application last evening and were admitted under individual card system. It is also expected that the few bricklayers, plasterers, plumbers and other trades people will take advantage of this idea. The union now has eight different trades affiliated, and the prospects for several more are very bright.

ROEHL-WALSH.

H. Chas. Roehl and Miss Lizzie Walsh Married.

Miss Lizzie Walsh, one of Albuquerque's popular and charming young ladies, became the wife of H. Chas. Roehl, a well known and highly respected young man, who is night clerk at the Santa Fe offices at this point. The wedding ceremony was performed at the Church of Immaculate Conception at 8 o'clock this morning. Father Mandalari officiating. The happy young couple have a host of friends in this city who wish them success and happiness in the bright and encouraging future. The groom came here about three months ago from Gallup, where he was in the Santa Fe service. He is well respected by all who know him and bears the reputation of being a worthy young man.

Mrs. L. A. Nelson and children left yesterday for Chickasha, Okla., where they will make their future home.

MISS IRMA CODY

Married to Lieut. Clarence Armstrong Today.

MAIL CLERKS ROASTED ALIVE

American Bridge Company Suffers Loss by Big Fire.

BURGARS DYNAMITE POSTOFFICE SAFE

North Platte, Neb., Feb. 24.—The marriage of Miss Irma Cody, daughter of Col. Wm. F. Cody, and Lieut. Clarence Armstrong, stationed at Fort Clark, Texas, was solemnized at noon today. In the absence of Col. Cody, the bride was given away by Dr. D. Frank Powell, of St. Paul, an intimate friend of the bride's father. The ceremony was an imposing one, and there were present persons of prominence from all parts of the country. Col. Cody, who is in England, sent a cablegram of congratulations and his blessing. Mr. and Mrs. Stott left in the afternoon on a two weeks journey. They will make their home at Fort Clark, Texas.

BURNED TO DEATH.

Four Mail Clerks and Two Others Roasted in a Collision.

Cleveland, Feb. 24.—As the result of a head-on collision, between west bound passenger and east bound freight trains, a mile or so east of Berea, Ohio, on the Big Four tracks last night, four mail clerks and two unknown men were roasted to death and several trainmen more or less hurt. Dead: W. H. Blackwell, E. R. Kriesmann, T. W. Smoley, L. M. Walworth, two men names unknown, supposed to be tramps. Their charred bodies were found in the ashes of one of the burned stock cars.

The passenger train was quite heavily loaded, but it is reported that none of the passengers were hurt. The mail clerks were caught like rats in a trap in their car, which immediately caught fire, being locked in and unable to help themselves.

BRIDGE PLANT FIRE.

Pattern Department Completely Destroyed by Fire.

Pittsburg, Feb. 24.—The entire works of the Schultze plant of the American Bridge company, a part of the United States Steel corporation at McKee Rocks, near here, was totally destroyed by fire here today, entailing a loss of \$200,000. The fire started in the pattern department and its origin is unknown. About 200 men are thrown out of employment by the fire. The loss is fully covered by insurance.

HOPEWELL WAS HERE.

He Will Recommend the East Side Site for Terminals.

GONE TO PENNSYLVANIA.

Hon. W. S. Hopewell, general manager for the Albuquerque Eastern and Santa Fe Central railways, came down from his headquarters at Santa Fe last night. He was met by the executive committee of the citizens' committee and consulted in regard to the Albuquerque Eastern terminal site proposition.

The readers of The Citizen already know that the city of Albuquerque has tendered the railroad two sites to choose from for terminal buildings. They also know that the sites offered are the best and most acceptable in the city. The west site and the site that costs the least money, lies west and south of the west end of Gold avenue. The east site and the site favored by Mr. Hopewell, and a number of other gentlemen connected with the new railroads, and who are also interested in disposing of the Gentile tract of land, lies east of the Santa Fe tracks and directly north of Copper avenue.

Mr. Hopewell said this morning that he favored the east side tract for a site for several reasons. The most important reason is that this site is located near the manufacturing district of the city.

Mr. Hopewell left this morning for Pittsburg, Pa., to present the proposed sites to the promoters in the building

of the Albuquerque Eastern for consideration. He will recommend the east site and it is safe to say that it will be the site selected.

Mrs. Hopewell and children arrived here this morning from Elmhurst and accompanied her husband on his trip to Pennsylvania. They will be absent from the territory about ten days.

Two Safes Opened.

St. Louis, Feb. 24.—Armed with a writ of attachment, Sheriff Dickman today opened two safes of the National Security company and found it contained only books and papers. The affairs of this co-operative investment company are now under investigation. The writ of attachment was secured by Mrs. N. C. Kuhlman on a claim for \$7,798.

The Millwright Here.

Harry Badstuehner, millwright of the American Lumber company, arrived last night from Milwaukee with all the plans and specifications for the machinery to be used in the construction of the two large saw mills and the other machinery to be connected with them.

General Manager Ira B. Bennett and Chief Engineer Davis, in company with the millwright, drove out to the site, for the location of the plant, this morning. With all the construction plans at hand it will be only a short time until the construction work will be commenced.

Hon. Solomon Luna was a passenger for the capital this morning.

FOR COUNTY DIVISION.

An Almost Solid Front Here for a Smaller County.

REPUBLICANS INTERVIEWED.

The county division proposition is growing interesting in Albuquerque, and there is an almost unanimous opinion here, among merchants and taxpayers, in favor of the smaller county.

It is safe to say, without fear of contradiction, that 98 per cent of the people of Albuquerque, irrespective of party affiliation, but who have the interests of the city at heart, are in favor of Bernalillo county being divided, and in support of that declaration the following republicans were interviewed this morning on the subject:

A. Bachechi, wholesale liquor merchant—You bet your life, I am in favor of county division. The smaller the better, and I would like to see our county just as small as the Albuquerque grant. It would prove beneficial to the merchants and taxpayers.

Frank J. Wilson, manager of the Blanchard Meat and Supply company—I am decidedly in favor of a new county—that is Bernalillo county being divided, and the territorial legislature, seeing that the merchants and taxpayers are almost a unit for division, should grant their appeals for division.

Dr. B. H. Briggs, proprietor of the Alvarado Pharmacy—I am heartily in favor of a smaller county, especially in this particular instance. It would be found best to the material and industrial interests of Albuquerque, and the legislature should pass a bill creating a new county out of Bernalillo county.

Simon Stern, proprietor of clothing store—There are two sides to every question and county division is no exception to this rule. While a small, compact county would reduce the running expenses, it must also be taken into consideration that the county business and the courts bring a great many people and a great many dollars to this city and probably some of this money will be spent elsewhere in case another county is established. It strikes me, however, that the city of Albuquerque, which pays about 85 per cent of all the taxes, should be so represented in the management of the county, as to place its citizens in absolute control of county affairs and finances.

Bernard Hild, one of the proprietors of "The Phoenix" Dry Goods company—it seems to me that the division proposition is a good one. In view of the fact that the people of Albuquerque are paying most all the taxes anyway, I am in favor of the county being divided.

Other merchants and taxpayers, who were hurriedly seen, stated emphatically that they were in favor of Bernalillo county being divided.

TERRITORIAL LAWMAKERS

Twenty-Third Day's Doings of Legislature.

QUAY ACKNOWLEDGES COMPLIMENT

New Members of Normal University Regents --Number of House Bills.

23RD DAY, THURSDAY, FEBRUARY 19, 1903.

The Council.

Morning Session.)

It was 11:30 o'clock this morning when President Chaves called the council to order.

No chaplain was present and Br. Martinez moved that Mr. Hughes, as the oldest member, act as chaplain.

Mr. Hughes said it would be better if each member act as his own confessor, and the journal was ordered read.

President Chaves then handed down the following telegram which was read:

"Washington, D. C., Feb. 23.—Hon. J. Francisco Chaves, Santa Fe, N. M.—I have the honor to mention the receipt of your telegram of the 20th, and beg you to convey to the legislative council and through it to the legislative assembly of New Mexico my acknowledgment of their kindness, which I sincerely appreciate. M. S. Quay."

It was ordered that a copy of the telegram be sent to the house with a statement of the action of the council.

President Chaves then issued a call for a meeting of the finance committee. He stated that he had been informed by Mr. Hughes, chairman of the committee, that he was unable to secure a quorum, and if the members did not attend, it was his intention to proceed alone and report the bills now pending before that committee.

Mr. Fall said he thought that at this stage of the session there should not be any adjournments from Friday until Monday, and he moved that the committee on rules be instructed to report one tomorrow by which the council cannot adjourn over any day, except Sunday, until the close of the session. This was ordered.

A recess was then taken until 2 o'clock this afternoon.

(Afternoon Session.)

The council was called to order at 2:15 p. m. by President Chaves.

Rev. W. A. Cooper offered prayer. The council then took a recess subject to call of the chair to permit the committees to meet.

A member was received from the governor of the territory, containing the nominations of Dr. W. R. Tipton, of Las Vegas, to be a member of the board of regents of the Normal University at that place for five years, term commencing February 22, 1903, and ending February 28, 1908, and Charles A. Spiess, of Las Vegas, to be a member of the board of regents of the Normal University at that point for unexpired term of Frank Springer, resigned.

The nominations were immediately acted upon and were unanimously confirmed.

The council then adjourned until 10 o'clock in the morning.

The House.

(Afternoon Session.)

The house was called to order at 2:15 p. m. and prayer was offered.

The reading of the journal was interrupted to receive a message from the council announcing action on bills before that body. The message announced Senator Quay's telegram; action of council bill No. 44, an act relating to mayors and other officers of cities; council bill No. 27, as amended, relating to the Sunday law; council bill No. 27, relating to bounties; council bill No. 35, relating to the consolidation of benevolent societies; council bill No. 41, relating to the desecration of the flag; council bill No. 42, relating to corporations; council bill No. 54, relating to the annexation of contiguous territory by cities; council bill No. 64, to amend the election law; council bill No. 65, relating to elections; council bill No. 68, relating to injury to ditches; council joint resolution No. 11, to correct bills. It was also announced that the council concurred in the amendments to the bill to create Quay county.

Committee on stock and stock raising adversely reported H. B. No. 62, an act to amend the law relating to bounties. The same committee favorably reported house bill No. 94, on the same subject.

House bill No. 116 was introduced by Mr. McCash, an act to repeal part of section 1709 of the compiled laws of 1897. Referred to the committee on judiciary.

House bill No. 117 was introduced by Cristoval Sanchez, an act to require an annual report of all officers. Referred to the committee on territorial affairs.

House bill No. 118 was introduced by Cristoval Sanchez, an act to allow the United States full possession of the Spanish archives now in New Mexico. Referred to committee on territorial affairs.

House bill No. 119 was introduced by Cristoval Sanchez, an act to regulate the practice of medicine. Referred to the committee on territorial affairs.

House bill No. 120 was introduced by Mr. Baca, an act relating to the practice of osteopathy. Referred to committee on territorial affairs.

House bill No. 121 was introduced by Mr. Baca, an act to construct a road from Santa Fe to Las Vegas by convict labor. Referred to committee on roads and highways.

House bill No. 122 was introduced by Mr. Martinez, an act relating to community ditches. Referred to committee on irrigation.

House bill No. 123 was introduced by Mr. Gutierrez, an act in relation to trials of cases before justices of the peace and in relation to appeals therefrom. Referred to committee on judiciary.

House bill No. 124, by Mr. Howard, an act to prohibit territorial and county officers from becoming sureties for others. Referred to committee on territorial affairs.

House bill No. 125, by Mr. Vargas, an act relating to distribution of school funds. Referred to committee on education.

House bill No. 126, by Mr. Ortega, an act to amend section 1, chapter 108, laws of 1901. Referred to the committee on agriculture and manufacturing.

House bill No. 127, by Mr. Coleman, the eight hour bill. Referred to committee on railroads.

House resolution No. 11, placing the translator on the pay roll at the rate of \$8 per day, was referred to the finance committee.

House resolution No. 12, by Mr. Martinez, relating to the death of the late Hon. Emiliano Gutierrez, and setting aside an afternoon for eulogies, was read. Mr. Gutierrez was formerly a member of the house from Bernalillo county. The resolution will be called up later.

Speaker Montoya announced as the members of the house "steering committee" Messrs. Llewellyn, Bowie and Baca.

House bill No. 36, by Mr. Montoya, an act to amend the present health laws was laid before the house. It was favorably reported by the judiciary committee, and Mr. Baca moved it be read the third time by title preparatory to its passage. Martin Sanchez moved its passage. The bill was passed unanimously.

On the calendar were many bills for third reading and final passage. The authors of a large majority of these bills were absent and so the house adjourned until 10 o'clock Tuesday morning before they should be called up.

KANSAS BURGLARS.

They Dynamite Safe and Cause Fire at East Atchison.

Atchison, Kan., Feb. 24.—Burglars early today blew open the safe at the East Atchison postoffice with dynamite. The explosion set fire to the building, which, with two adjoining buildings and contents, and all the mail matter in the postoffice, were destroyed. No money was secured.

Methodists to Los Angeles.

New York, Feb. 24.—The Methodist book committee has decided that the next meeting place of the next quadrennial convention of that body shall be held in Los Angeles in 1904. Methodists in all countries, numbering over 3,000,000, will be represented by 750 delegates.

There is a good opening at Belen for a market gardener and a dairyman.

New Mexico demands Statehood from the Fifty-Seventh Congress.

The Rio Grande Republican says what is wanted now is some way of legislating the freak legislator out of political existence.

A woman on the death of her husband telegraphed to a distant friend: "Dear Joseph is dead. Loss fully covered by insurance."

Michigan is considering a bill to imprison hunters who shoot men by mistake. Not a bad plan for any state where deer are few and hunters were plenty.

The price of fat lambs and muttons is now over \$6.25 per hundred, and preparations for large shipments are being made in the northern part of the territory.

There remain twenty working days of the present session of the Thirty-fifth legislative assembly of this territory. Much is to be done in the way of legislation and there is time to do it, provided too much talk is not indulged in.

The Raton Range says: Albuquerque business men have organized a board of trade. The Commercial club there has grown to be strictly a social club, and in the new organization the social feature will be eliminated. It means business.

Judge D. H. McMillan, of New Mexico, has been granted permission by the department of justice to send to New Mexico for additional affidavits and evidence for use in the defense which he is now making in the department against charges of improper conduct while on the territorial bench.

An officer in the Brooklyn navy yard has this to say: "The German navy looks great on paper but it is not as formidable as is generally supposed. Leaving aside any question as to the torpedo boat fleet, I have found on examination that nearly 68 per cent of her cruisers, battleships and other large vessels of the imperial navy are unable to go more than 600 miles from home because of the inability to carry sufficient steaming coal. This is not imagination. It is an epitome of official figures."

A. S. Greig, the ex-manager of the El Paso & Northeastern Railway company, has completed the plans for building the largest sanitarium for consumptives at Alamogordo in Otero county. Should this plan succeed and there is no reason to doubt this, especially if the right kind of advertising is done, the number of sanitarium in this territory will multiply and the health seekers who now go to Colorado or California will in greater part come to New Mexico for it has been repeatedly demonstrated that while Colorado has a magnificent climate and California has a good climate, yet the New Mexico climate beats both of them.

LICENSING OSTEOPATHS.
The legislature ought to enact into law the bill now pending for licensing osteopaths to practice the science of osteopathy, or the drugless system of treatment, says the New Mexican.

No man or set of men should control the avenues of development along lines contributing to the diminution of suffering. This territory certainly can not afford to be behind the states in such matters. Where Illinois, Indiana, Texas, Minnesota, Kentucky, Lou-

isiana, Colorado, Iowa, Ohio, and a great many other states in the union have led, in recognizing osteopathy, New Mexico can afford to follow.

There are a great many people who believe that drugs and the knife do not cure everything, while having their proper place in the treatment of many ailments, and who firmly believe that the restoration of wasted limbs, improper circulation of blood, wrought-up nerves, misplaced or crooked bones, can be, and daily are, performed by osteopaths in the great cities of the United States, and thousands of suffering people are rescued from a life of inactivity and suffering, or from suicide because of nervous prostration, and sent rejoicing to a useful and happy existence. Such cures of chronic cases are common, and they say that nothing succeeds like success.

FAVORABLE TO NEW COUNTY.

The statement in our morning contemporary as to the sentiment in Albuquerque in favor of the division of Bernalillo county, is quite correct, except that it overstates the amount of opposition to the division. We are satisfied that numerically there cannot be found 2 per cent of the people of Albuquerque who are not positively and aggressively in favor of the division.

There is but one argument advanced against the division which has any semblance of plausibility, and that is, that the proposed county of Sandoval includes a region of great natural resources which are reasonably certain in the near future to be so developed as to increase enormously the amount of taxable property, and that we ought not willingly to lose such a valuable section of country which will be productive of large revenues for county purposes, although at present it is of no value to us.

This would be all very well if there were the slightest reason to believe that we would be able to keep this enormous amount of territory in our own county, but experience shows that the moment that any section of country is able to support the expenses of a county government, the legislature promptly creates a new county, and there can be no doubt that whenever the great natural resources in the proposed county of Sandoval are developed and exploited as may be hoped, that part of the country would be taken away from us and a new county made, and it would be impossible for us to prevent it.

It is the part of wisdom that we should at the earliest possible day cut down our own county to small area with corresponding reduction of expenses, and let Sandoval county come into existence at once, instead of carrying it along as a burden to us, until it becomes strong enough to go alone.

CHANGING THE LAND LAWS.

Congress would better provide for the appointment of a commission to inquire into the condition of the existing laws rather than take a leap in the dark by repealing all except the homestead law, says the Denver Republican.

A great deal of opposition to some of these laws has been developed of late; but its source is not clearly disclosed, and it has been charged that it is prompted by the land grant railroads. Of course it would be to the interest of these roads to check the sale of public lands, since in that event the demand for their own lands would

BABY SALE.

There are a great many hungry hearted women who would attend a baby sale if babies were ever offered for sale, because there are a great many wives who love children and have been told by physicians that they can never hope to nurse a child of their own.

Some of these women who have used Dr. Pierce's Favorite Prescription for the cure of womanly ills have been made happy mothers as a result of the cure of womanly disease and the building up of the general health.

Doctor Pierce's Favorite Prescription makes weak women strong and sick women well. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"I wrote to you some time ago to get information about my case," says Mrs. Mary Lee Plancy, of Dryden, Va. "I was troubled with female weakness and pains. Received answer from you, advising me to take Doctor Pierce's Favorite Prescription and 'Golden Medical Discovery.' I took two bottles of Doctor Pierce's Favorite Prescription and found it did me good. I had been married four years and had no children. Now I can say that our house is blessed with a little baby boy, born July 10th, by the help of God and your medicine. I praise your medicine highly."

"You can put this letter if you wish."

FREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamp to pay expense of mailing only. Send at once one cent stamps for the book in paper covers, or 25 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

be increased. Whether any of the land grant railroads are back of the movement to repeal the desert land and other land laws seems to be an open question. However, the charge that this movement is in their interest is sufficient to suggest a preliminary inquiry by the government into the working of these laws.

It is somewhat strange that suddenly, after these laws have been in force for years, it is discovered that a great wrong is coming upon the people through the acquisition of public lands by private interests contrary to the spirit of the law. It would be well to try what a little stricter enforcement might achieve, before adopting a course that inevitably would check settlement upon public lands in the far west, whatever it might do in respect to those belonging to the land grant railroad companies.

A commission appointed for the purpose of making such an investigation could complete its work by the time congress will assemble in regular session next December; and then legislation based upon a full knowledge of the subject could be begun.

LAS VEGAS.

From the Record.

Mrs. Bernardi is reported very sick with an attack of erysipelas.

Wm. Steadman and family moved out to his ranch near El Porvenir, which he recently leased from Don Eugenio Romero.

Mr. and Mrs. Geo. W. Walterhouse, the latter a sister of Miss Mary R. Davis, will arrive in the city and become the guests of W. E. Gortner. They are returning to their home in Ypsilanti, Michigan, from a trip to California.

Dr. R. T. Higgins, president of the Farmers' and Merchants' bank of Vandallia, Ill., accompanied by his wife, passed through for Riverside, Cal., being met at the depot by relatives and Col. Robt. W. Ross.

Mrs. Frederica Walsen, mother of Fred Walsen, of Denver, and Mrs. H. Risch, of this city, fell in the yard of her daughter's residence, and while no bones were broken, the shock of the fall was quite severe. Mrs. Walsen is 83 years of age.

Axel E. Hultburg, a wood carver, is making at the paint shop of Dick Hesser, a remarkably handsome mirror frame. The material is solid walnut, some that was left from the construction of the capitol at Santa Fe. The frame will average two feet in depth on all sides, and being most elaborately and artistically hand carved.

From the Optic.

W. A. Forber and Frank L. Page are down from Mora county, where they have been rusticated. The former is a druggist and the latter a bookkeeper, and both are looking for something to do.

Saturday morning when Mr. and Mrs. Ed Petterman awoke from slumber they found their six weeks old babe cold in death. The little thing had been ailing Friday, but it was not thought to be anything serious until death's cold embrace brought them to a sad reality of the facts.

There was a surprise party at the home of Rev. and Mrs. A. C. Geyer in honor of their eldest daughter, Miss Goldie. Games of all kinds were indulged in, and delicious refreshments of ice cream and cake were served. There was a large crowd of young folks present and all had a most enjoyable time.

In Friday's Optic the name Kelly appeared as the accomplice of small, who was convicted of insulting ladies on the streets. It was a typographical error, overlooked in the proof, and should have read Keller. As there are two Kellys working on this division, both of whom are highly respectable, it is proper that the public be made cognizant of the mistake.

A Mother's Recommendation.

I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by all druggists.

The king of Italy has made Mascagni a chevalier of the Order of Savoy, and the rest of the Kansas City hotels are naturally somewhat displeased.

Saved Her Child's Life.

"In three weeks our chubby little boy was changed by pneumonia almost a skeleton," writes Mrs. W. Watkins, of Pleasant City, Ohio. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for consumption, and our darling was soon sound and well. We are sure this grand medicine saved his life." Millions know it's the only sure cure for coughs, colds and all lung diseases. All druggists guarantee satisfaction. 50c, \$1.00. Trial bottles free.

JEMEZ & SULPHUR HOT SPRINGS STAGE LINE.

Carries the U. S. mail; only line with a change of stock en route; good rigs, horses and drivers; leaves Albuquerque every Tuesday, Thursday and Saturday at 5 a. m. For particulars address W. L. Trimble & Co., agents, Albuquerque, or J. B. BLOCK, proprietor, Jemez.

Flower festivals are held in California during April and May. Take the Santa Fe through tourist cars. Colonel rates April 1 to June 15, 1903.

Notice of Stockholders' Meeting.
There will be a stockholders' meeting of the C. & C. Consolidated Mining Company on March 10th, 1903, at 7:30 p. m. at the office of L. B. Stern.

LEON B. STERN, Secretary.

IT IS THE TRUSTED FRIEND OF MILLIONS.

Of All Ranks of Society Point to

Paine's Celery Compound

As Their Rescuer From Disease and Death.

Millions on this North American continent know that Paine's Celery Compound "makes sick people well."

Paine's Celery Compound is today the popular medicine in the wealthy and humble homes of our vast country. The press has given this wonderful working prescription more note, prominence, and praise than has ever been given to any other remedy, and physicians of all schools prescribe it daily.

Paine's Celery Compound has become popular and trusted because its results exceed its promises. It is victorious over sickness and disease. It offers hope and cheer to those pronounced incurable by physicians; it saves such from the grave. It is the one medicine unfailing and all-powerful that promptly brings true joy and gladness to hopeless victims and their anxious relatives and friends.

It is well to remember that one or two bottles of Paine's Celery Compound will, in the majority of cases, banish tired feelings, weary and clouded brain, headaches, dizziness, constipation, nervousness, and sleeplessness, which, if allowed to run unchecked, give rise to serious ailments and diseases. If you are rundown, overworked, have defective digestion and poor circulation, you will obtain blessed results from this grand system-building medicine. Each dose carries new life to all the weak and torpid organs of the body.

At least, if Cole Younger engages in half of the business enterprises which have been mapped out for him, he will not have any leisure to devote to checkers.

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of coughs, colds and croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. B. H. Briggs & Co., and S. Vann & Son.

Even the fact that the customers ought to have known better gives the managers of the St. Louis "turf investment" companies no justification in swiping \$1,000,000 of their money.

Cut this out and take it to any drug store and get a free sample of Chamberlain's Stomach and Liver Tablets, the best physic. They cleanse and invigorate the stomach, improve the appetite and regulate the bowels. Regular size, 25c, per box.

Railroad Topics

H. H. Porter, a prominent director of the Chicago & Eastern Illinois, passed through the city last night going west. Monday next the daily train service on the Denver & Rio Grande railroad between Santa Fe and Antonio will be re-established.

D. A. Shope, superintendent of bridges and buildings on the Winslow division of the Santa Fe coast lines, is here on business.

S. D. Lucas, secretary for B. Lantry Sons, contractors, was up from Belen yesterday. He says work on the Santa Fe cut off is progressing nicely.

Engineers Charles Switzer and E. H. Hartley and their friend, E. W. Nowlin and Red Mayfield, were dead-headed to Las Vegas this morning on passenger train No. 2.

Harry Fitch has returned from an extended visit with friends at Allentown, Pa., and resumed his duties in the office of N. M. Rice, general storekeeper for the Santa Fe.

Thirty-five cars of rails from Youngstown, Ohio, are at present on their way to Torrance over the Rock Island railroad from Chicago. They are for the Santa Fe Central railway.

The grade of the Santa Fe Central railway has reached Hickox street, Santa Fe. It will cut diagonally across the property of the Santa Fe Fruit company and where the evaporator building is now located.

George E. Roe, district freight and passenger agent for the Santa Fe at El Paso, was a recent visitor in the city. Mr. Roe expressed himself well pleased with the way freight is moving over the local lines of late.

W. E. Hodges, general purchasing agent for the Santa Fe with headquarters at Topeka, was in the city yesterday, the guest of N. M. Rice, general storekeeper on the Santa Fe coast lines. Mr. Hodges was accompanied by his son.

L. L. Hibbard, the popular heavy-weight superintendent of the Albuquerque and Winslow divisions of the Santa Fe coast lines, arrived from the west last night in private car attached to passenger train No. 8. He was accompanied by Rufus Goodrich, his secretary.

The Deming Headlight says: R. L. Young, a prominent engineer in the employ of the Rock Island Railroad company, spent a couple of days in this city this week. While not at all communicative, enough has been learned from other sources to justify repeating the oft made assertion that the Rock Island will be here in Deming in the course of time. That Mr. Young was here to see what was the best way of entering this town and to gather statistics regarding Deming is well known and that the survey is now progressing towards Deming via Las Cruces from Santa Rosa is also well known to many here. There is room here for the Rock Island, so let her come.

A Legacy of the Grip.
Is often a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this dreaded disease. The greatest need then is Electric Bitters, the splendid tonic, food purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by all druggists.

CONDUCTOR DISMISSED.

Shot and Killed at Amarillo by a Constable.

T. F. Driscoll, a conductor on the Pecos Valley Lines, was shot and killed at Amarillo last Saturday night by a constable named Hart, says the Roswell Register. The cause is said to have been about as follows: Several gamblers had about succeeded in inducing two locomotive engineers to engage in a game and Driscoll told the two engineers that they had better stay out of it. One of the gamblers followed Driscoll to the depot and had a quarrel with him over the matter. Driscoll then went into a billiard hall close to the depot. Hart followed him and reprimanded him for quarreling with the gambler. An altercation ensued and the constable told Driscoll he would arrest him. Both men drew their pistols, but Driscoll got the drop on Hart. The latter dropped his pistol by his side and told Driscoll that he would put his pistol up. At this juncture, Frank McDaniels, the Pecos Valley

CURING CONSUMPTION.

When Scott's Emulsion makes the consumptive gain flesh it is curing his consumption.

Exactly what goes on inside to make the consumptive gain weight when taking Scott's Emulsion is still a mystery.

Scott's Emulsion does something to the lungs too that reduces the cough. More weight and less cough always mean that consumption is losing its influence over the system.

Scott's Emulsion is a reliable help.

with the Santa Fe pay checks, was brought up from Albuquerque on No. 8 last night and lodged in jail.

Believing that the stealing of the pay checks at the freight office Wednesday afternoon was another hold-up, the vigilance committee were preparing to have a hanging bee, but after they found out that it was the work of a sneak thief, they decided to let the law take its course.—Las Vegas Record.

SCOURING YOUR SCALP.

Will Remove Loose Dandruff Scales But It Won't Cure Dandruff.

If your hair is brittle and thinning, you have dandruff. The mere scouring of the scalp of the loose scales, won't cure dandruff; because dandruff is nothing but scales of scalp being thrown up by a pestiferous little germ in burrowing its way to the root of the hair where it saps the vitality causing falling hair and, in time baldness. Now you can't stop dandruff, nor falling hair, nor prevent baldness unless you destroy that germ; and the only preparation that can do it is the new scientific discovery, Newbro's Herpicide. In fact no other hair preparation claims to kill the dandruff germ—all of them will clean the scalp, soap and water will do that, but only Newbro's Herpicide gets at the root of the trouble and kills the dandruff germ.

"Sold by leading druggists. Send for stamps for sample to the Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents.

BRAKEMAN FLAHERTY HURT.

Thrown From a Train in Descending a Mountain.

W. E. Flaherty a Santa Fe brakeman, fell from the top of a train while descending Glorieta mountain Friday morning and sustained several severe bruises about the head and body, says the Las Vegas Record.

The particulars of the accident, as near as can be obtained, are as follows: Brakeman Flaherty, who has been railroading only a short time, this being his second or third trip, left here yesterday afternoon as a member of Conductor Scudder's crew, and was riding out on top of the train in descending the mountain, as his duties required him to do, and in rounding a curve some two or three miles west of Glorieta, he was thrown off by the oscillation of the cars and struck on his head among the rocks, which line the track at that point.

The injured man managed to walk to Glorieta, where he was picked up by another crew and brought to the city and taken out to the hospital.

His injuries consist of an injured leg, and numerous severe cuts and bruises on the head and face, but nothing that is thought to be serious.

ENTRANCE TO SHREVEPORT.

Rock Island Secures the Houston, East & West Texas Road.

It is reported that the Rock Island has secured the Houston, East & West Texas road running to Shreveport, which is a road controlled by the Houston & Texas Central, the purchase of which by the Rock Island has been announced. The Houston & Shreveport railroad is under the same management, and together they represent 230 miles of track. W. B. Leeds will become the president of the Houston, East & West Texas railroad as well as of the Houston & Texas Central.

The Rock Island's traffic alliance with the Harriman lines gives its track rights over the Galveston, Houston & Northern, to secure trains into Galveston. The Galveston, Houston & Northern is a Harriman property, as was also the Houston & Texas Central before the Rock Island was

given a controlling interest in it. The new arrangements give the Rock Island its own track and trains into all the important territory of Texas except San Antonio.

George Small, the Las Vegas brakeman who got himself into trouble while in a highly inebriated condition, has been released, having paid his fine. He has left Las Vegas.

Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Dr. Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been solved that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. He on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by all druggists.

GOLD BONDS.

Santa Fe Will Issue Bonds for Over \$5,000,000.

A New York dispatch says: It was reported in Wall street that the board of directors of the Atchison, Topeka & Santa Fe had authorized the issue of \$5,000,000 of eastern Oklahoma division first mortgage 4 per cent 25-year gold bonds. The issue is at the rate of \$20,000 per mile of the Eastern Oklahoma Railroad company lines now nearly completed and is secured by a first mortgage on these lines. The part of the road in question is the newly completed Paul's Valley cut off.

Trains Too Slow.
It is reported that the recently perfected slow freight agreement entered into between the Chicago-Kansas City lines has been violated, and that the competing roads will be forced within a short time to restore the old fast schedule.

A number of Santa Fe officials were questioned concerning this report, but they say that they know nothing about it. They say that nothing has been said so far about changing the Santa Fe time schedule, and that so far as known, there is no plan to resume the old fast time.

There is severe competition between the Kansas City-Chicago lines for the heavy traffic between those points, and the recent agreement to lengthen the schedule by six hours was made in the interests of economical operation. The change made a good deal of complaint among shippers, and the probability is that these shippers have offered inducements in the way of business to the lines which are accused of running their trains faster than the agreement permits.

If you are troubled with impure blood, indicated by sores, pimples, headache, etc., we would recommend Acker's Blood Elixer, which we sell under a positive guarantee. It will always cure scrofulous or syphilitic poisons and all blood diseases. 50 cents and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

DEMING.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cattlemen all know this. Deming, the coming city of New Mexico. Deming has a magnificent school system. Deming, the railroad center of New Mexico. Deming, the gateway to the best part of Old Mexico. Deming, the seat of the new county of Luna. Deming is the great mining center of the southwest. Deming! Don't overlook it if you are looking for a safe and paying investment. Deming water is chemically pure equal to Polan springs. Deming has increased 50 per cent in population in four years. Deming water and pure ozone make strong and healthy people. Investments in Deming lots will double and treble in one year. Deming has now a large ice plant and electric light system under contract. In Deming the demand for rental houses is five times in excess of the supply. Deming has an abundance of water for irrigating vineyards, orchards, or gardens. Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment. In Deming good safe loans can be had at better rates than in the old established towns. At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months. In Deming another good hotel is needed to accommodate the enormous increase of population. Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles. Deming will be the great smelter center. Two large plants will be installed within the year. Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured? Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds. Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago. Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

...Clippings From Our Exchanges...

That Kissing Act.

Probably soon after several of the newspapers of this territory had complimented Hon. A. B. Fall by stating that he was by far the handsomest man in the territorial council, some designing female attempted to kiss him, and hence the bill which was later introduced in the council, and which has now gotten beyond his control, is about to become a law.—Deming Headlight.

Is Now a Law.

The bill authorizing the Grant county treasurer to turn over to the Luna county treasurer the money due the school districts of Luna county that was in the Grant county treasury when Luna county was cut off, passed both houses, has been signed by the governor and now a law.—Deming Headlight.

Should Be Amended.

The appropriation bill for the two coming years, as introduced by Councilman Thomas Hughes, chairman of the finance committee of the council, has been printed and is in the hands of members. It will be necessary to make a good many amendments and changes before it comes to a vote. The territorial educational institutions are working for increased appropriations and the chances are that they will get them.—San Marcial Bee.

Condemning the Bill.

Llewellyn's bill to prevent stock from grazing on territorial lands is meeting with the condemnation that it so richly deserves. What the purpose was that prompted the introduction of such a measure has not been made public; nevertheless there are a great many people in this part of New Mexico who think they can make a pretty accurate guess at what the author had in view.—Socorro Chieftain.

Brother Shakespeare Theorizing.

If the legislature, now in session in the territory of Arizona passes the "woman's suffrage act," as there is every likelihood of its doing, and the two territories of Arizona and New Mexico are admitted to statehood as one state, what kind of a muddle will the new state be in then? All of the ladies west of the line now dividing the two territories will be allowed to vote, while those east of that line can only remain at home and look pleasant. We believe that such a state of affairs would result in the exodus of all females from the east side of the new state to the west side, and all of us who now are voting in New Mexico will become widowers.—Deming Headlight.

Will Oil Get Cheaper?

Now that the iniquitous coal oil inspection law is stricken from the statute books of New Mexico, it remains to be seen how much better and cheaper oil we will get.—Las Cruces Progress.

Should Receive Attention.

Council bill No. 46, now pending in the council, provides that all taxable property should be assessed at 75 per cent of its actual value. The bill increases the power of the territorial board of equalization to a very great extent and empowers it to equalize, raise or lower assessments. It is a very important measure and should receive careful attention at the hands of the legislative assembly. It was introduced by Councilman Saturnino Pinard.—Las Cruces Republican.

Legislature Should Act.

The confusion in Socorro county's financial affairs grows worse and worse confounded. About the only redeeming feature of the situation is in the fact that this illustration of the results of the reckless handling of public funds by public officials may possibly prove to be a wholesome lesson to the taxpayers of the county.—Socorro Chieftain.

So Far, All Good Laws.

It is vastly to the credit of the Thirty-fifth legislative assembly that though it has not passed many laws every law that it has passed is excellent.—Socorro Chieftain.

Not "Spring Chickens."

Councilman Fall, of Dona Ana county, has introduced a bill making it unlawful in the territory of New Mexico for any person or persons to practice, indulge in, take part or participate in the deleterious art of osculation, commonly called kissing, unless he, she or they shall be licensed therefor. There are gay times in the historic old pueblo of Santa Fe these days, and this bill of the councilman from Dona Ana county but shows the trend of thought among the "august" body of councilmen now in session. By "august" we mean that none of the members could be classed as "spring chickens." Raton Range.

Republicans Want New County.

Councilman Thomas Hughes states unequivocally that the republicans and citizens generally of the city of Albuquerque are strongly in favor of the creation of the new county of Sandoval and that a strong delegation of influential republicans of the Duke city will be here this week to work for Bernallillo county division. He says that

such county division bill is sure to pass the legislative council.—New Mexican.

One Good; One Bad.

Representative Vargas, of this county has introduced a very good bill in the legislature relating to the appointment and duties of boards of irrigation commissioners. He has also introduced one not so good, providing for the repeal of the Sunday law relating to the selling of liquor. Man's stomach should have a rest one day in the week, at least.—El Republicano, Tierra Amarilla.

It is Sadly Needed.

A marriage license law is a need of the hour in New Mexico. Let such a measure be introduced in the legislature at Santa Fe and let it become a law.—Las Vegas Record.

Don't Like Council Bill No. 3.

The following resolution adopted by the irrigation commission was yesterday presented to Col. G. W. Knaebel, secretary of the commission, to the committee on irrigation of the legislative council:

"That the honorable, the irrigation committee of the council be informed that it is the sense of this commission that council bill No. 3, in its present form, be not passed, but that in lieu thereof, legislation be had which shall provide for the engineer, to act under the authority of the commission and to be selected by it, for the purpose of gathering data and informing this commission as to facts generally which are necessary to the proper discharge of its functions, under the present laws and all changes of the same; and that no arbitrary control of irrigation matters be placed in the hands of an engineer, such as is, in several respects, contemplated by council bill No. 3, shall be vested in the territorial engineer, if that position should be created as contemplated in said bill."

Possesses Merit.

The Chieftain still insists that a law requiring county treasurers to deposit public funds in a reputable bank or banks that would pay a reasonable rate of interest would possess great merit.—Socorro Chieftain.

Knows Where He is "At."

Senator J. S. Duncan presumably knows where he is "at" on the Normal University matter. It is understood that he has received a telegram or two from Las Vegas, with no pledge of secrecy attached to them, either.—Las Vegas Record.

Protect the Flag.

So far as the council is concerned the American flag shall not be desecrated in any manner and any insult offered the flag in New Mexico is punishable by a fine of not to exceed \$100 and imprisonment not to exceed 100 days or both. The bill is by Mr. Duncan.—New Mexican.

Favorable to Las Vegas.

Major Llewellyn's proposition in legislative halls at Santa Fe to employ convicts in the territorial penitentiary in the construction of a road between the capital city and Las Vegas meets with general favor over this way. Such an enterprise would but hasten rapid transit between the two places.—Las Vegas Record.

A First Class Speaker.

Speaker Montoya, who by the way is a newspaper man from the Duke City, is making a first class speaker in every sense of the word. His good, clear voice and good knowledge of parliamentary law, has so far enabled him to keep the house in good order, and to decide all questions promptly and in justice to all.—Las Vegas Optic.

A Good Act.

Council bill No. 68 which was passed Friday is by Mr. Hawkins, and provides for a fine of \$10 to \$50 or imprisonment for not more than sixty days for cutting, breaking or injuring any ditch, flume, pipe line or reservoir. Where the line is used to convey water to any community for domestic purposes the fine is from \$50 to \$100 and imprisonment for thirty to sixty days. Any person bathing in any reservoir shall be fined from \$10 to \$25.—New Mexican.

Romance of the Southwest.

The lecture course to begin Thursday evening at Perkins' hall is not a private money-making affair. It is under the auspices of the local history club, and is primarily for public instruction in New Mexico history. Governor Prince kindly donates his services, and whatever may be over after paying the actual expenses of hall, lights, etc., will be used in purchasing books for the library of the history club. The price is only \$1 for the course or 50 cents for a single lecture, and to pupils in the schools, public or private, the tickets are half price, 50 and 25 cents, and the boys and girls will be able to learn more of the early history of the country from these lectures than they could acquire from a term of hard study, and at the same time get their instruction in a way that makes it interesting and entertaining. Tickets on sale at Matson's.

DEMING DOINGS.

Death of Two Well Known Citizens—Base Ball Game.

Special Correspondence.
Deming, N. M., Feb. 22.—William Cotton, of Cook's Peak, one of the Luna county commissioners, and most respected citizen, died last Monday,

having undertaken two operations without relief. The funeral was held on Tuesday, at Deming.

I. B. Stone returned Friday from El Paso, where he has been for the past month on mining business.

The masquerade ball at the opera house Friday night was an immense success, the place being fully occupied and all participants having the time of their lives. The two ladies' prizes were won by Miss Stevens and Mrs. Irvine, and the gentlemen's prizes by Walter Russell and Arthur Rathel.

Saturday night at 10 o'clock Deming lost one of her best citizens, and most well known merchants, Mr. J. P. Hyron, who has been ill for about two weeks from pneumonia. It was thought for a while that he would rally and get well, but the long strain proved too much. Mr. Hyron was buried Sunday at 3 p. m., with Masonic rites. A large crowd of friends attended the funeral to pay the last respects to a good man.

Some days ago arrangements were made to play the Fort Bayard base ball team here, and they came down last night, so that it was impossible to postpone the game as would otherwise have been done out of respect for Mr. Hyron, and it was allowed to proceed. It proved a closely contested game, the score standing 4 to 4 from the sixth inning until the last of the thirteenth, when the Deming boys scored two runs and induced victory to stay by their banner. This makes two out of three games for the Deming boys. It was a well played and exciting game from start to finish and well worth the cost of admission.

An Excuse.

The performance of Hon. John Griggs would have been more realistic and given more of an aged touch had the company been able to use their special scenery on the stage here. As it was, their scenery measures sixteen feet, which is too large to go on the stage at Colombo hall. The scenery carried by the Neill company is an exact reproduction of the office decoration of 1850. The wall paper is dark and the same pattern used in those days. The scenery used last night was very much modern, which, although, was not noticed by the audience as the actors drew their entire attention, but the

INDIGESTION

is the cause of more discomfort than any other ailment. If you eat the things that you want and that are good for you, you are distressed. Acker's Dyspepsia Tablets will make your digestion perfect and prevent dyspepsia and its attendant disagreeable symptoms. You can safely eat anything at any time, if you take one of these tablets afterward. Sold by all druggists under a positive guarantee. 25 cents. Money refunded if you are not satisfied. WORMS

"I write to let you know how I appreciate your Cascarets. I commenced taking them last November and took two ten-cent boxes and passed a tape-worm 14 ft. long. Then I commenced taking them again and Wednesday, April 23, I passed another tape-worm 24 ft. long and over a thousand small worms. Previous to my taking Cascarets I did not know I had a tape-worm. I always had a small appetite. Pleasant, Palatable, Potent, Taste Good, Do Good, Never Sicken, Weaken or Grip, 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C. C. C. Guaranteed to cure or your money back. Sterling Remedy Co., Chicago or N.Y. 594

ANNUAL SALE, TEN MILLION BOXES

company would have been better pleased with their production had they been able to use their own special scenery.

Concert Tonight.

The following is the program to be rendered at the Alvarado tonight by the Alvarado Trio. This novel and pleasant idea of Manager Cheatham of entertaining his guests with music during the dinner hour is proving quite a drawing card:

Overture—The Star of Italy... Di Mauro
Waltz—El Cielo Por un Beso... Lagio
March—A Signal from Mars... Taylor
Waltz—Anita... Di Mauro
Dance of the Do Funies... Walker
Overture—Sunrise... Schlegel
Waltz—Cupid's Pranks... Kneller
Violin Solo—Variations from Faust
Mosquito Parade... Gounod
Hunky Dory... Holzmann

Switchman Morris Injured.

Santa Fe Switchman E. J. Morris had an experience about 10:10 o'clock this morning that he will not soon forget. He was riding on tender-end foot-board of switch engine No. 2199, when the footboard dropped down, throwing him to the ground. The engine was backing up and going at about fifteen miles an hour. Fortunately he was riding on the end of the board and fell outside of the tracks, receiving a bad cut on the inside of the left leg and a few bruises about the head. Had he been riding near the middle of the board he would have fallen between the tracks and been ground to pieces. He was moved to his room in the Golden Rule rooming house, where his injuries were dressed by Dr. Spargo and Dr. Wroth. He is resting quite easily this afternoon.

If you want to get a first class meal for 25 cents go to the Chicago restaurant on Railroad avenue.

"HON. JOHN GRIGSBY."

Rendered Last Night at Colombo Hall by the Neill Company.

Albuquerque theater goers were treated to the best dramatic performance of the season in the "Hon. John Grigsby" by the Neill company at Colombo hall last night. A well pleased audience is the best praise a company can receive and there is no doubt as to the complete enjoyment of the large audience last night.

The delightful performance of James Neill and his well organized company showed strength of character and cleverness that marked them as artists in their line. Mr. Neill's peculiar nature was well adapted to the character he assumed, that of an old Illinois lawyer, prompted to act according to his convictions.

The play presented to the audience a pretty picture of the conditions of the state of Illinois in the year of 1850, that exciting period previous to the war. Hon. John Grigsby, a quiet and honest lawyer, who in trying to live up to his convictions, aroused the enmity of the whole community in taking the case of pretty Meg Ronalds, a New England school teacher, who by teaching the blacks had caused an uprising against her. Not alone did the papers attack her character, but a mob were about to run her out of town when Hon. John Grigsby by clever tactics in his hands controls the situation. It shows how dangerous it was for a man to oppose the compromise opening up slave trading in this state. The plot is not deep, but full of exciting climaxes, which renders it very interesting.

Miss Edythe Chapman, as Meg Ronalds, the school mistress, possessed a sweet and pleasing personality. In fact all the ladies with the company were unusually pleasing in their appearance.

The humorous role of "Coke," Grigsby's clerk, was done in a most laughable manner.

Frank McVittars, as "James Ogden," Grigsby's enemy, proved himself a strong actor.

Donald Bowles, as Grigsby's son "Jack," was a favorite with the ladies by reason of his attractiveness and natural poses.

The company left this morning for Las Vegas. From there they jump to Cincinnati, where an engagement will be commenced March 2.

Everyone was well pleased with the performance here and the company was greeted with a well filled house.

MUSICAL AND LITERARY.

Such Was the Concert at Railroad Reading Rooms Last Night.

The musical and literary concert given at the Santa Fe reading rooms last evening was large attended, not alone by the railroad employees and their families, but by people from all parts of the city. The concert was given under the auspices of the library association, being the first one of the season.

The sweet singing of Mrs. George Parkhurst was a number that was highly appreciated by the large music loving audience.

Mr. Moore, who is well known for his entertaining qualities as a soloist, was suffering from a severe cold and his voice was not as strong or clear as usually, but nevertheless his singing was highly appreciated, and it was evident that he is the possessor of no unusual voice.

Miss Florence S. Chapin, one of Albuquerque's popular entertainers, being identified with the elocution department of the university school of music, delighted her audience with several readings of a clever character.

Superintendent S. E. Buzzer, of the Santa Fe library system, made a short address to his friends and introduced the dancing teacher, who is to teach the art of dancing to the railroad men along the Santa Fe road.

VETERANS COMING.

Commander-in-Chief Stewart and Party Expected Sunday.

The Citizen was informed this morning that Thomas J. Stewart, commander-in-chief of the Grand Army of the Republic, who, with a number of other prominent Grand Army officials, are at San Francisco making arrangements for the meeting of the national encampment of the Grand Army which occurs there next fall, will leave the coast city Wednesday morning on passenger train No. 8 on their return to their eastern homes. They will arrive at Williams, Arizona, Friday morning and change cars for the Grand Canyon of the Colorado in Arizona. How long they will spend at the canyon is not known here, but if they stay there only for a day, they will arrive in Albuquerque on Sunday morning. It is more than likely that the party will lay over for one day in the city. If it does the members of G. K. Warren post No. 5 will prove equal to the occasion and see that the visit of the members of the party here is a pleasant one.

Besides Commander Stewart there are in the party Charles Burrows, quartermaster general, Grand Army of the Republic, Rutherford, N. J.; R. B. Beath, past commander-in-chief, Philadelphia; J. Cory Winans, chief of staff, Troy, Ohio; executive council, William H. Armstrong, Indianapolis, Ind.; A. A. Taylor, Cambridge, Ohio; S. C. James, Centerville, Iowa; C. A. Partridge, assistant adjutant department H, Grand Army of the Republic, Chicago, and several others.

"TAILORED-BY-HAND" isn't commonly thought of in connection with Ready-to-Wear clothes; you expect to pay extra for it.

You needn't; Hart Schaffner & Marx Clothes are "tailored-by-hand" as much as the custom-tailor's product; and better done than the most of 'em.

It's one thing that makes these clothes "ready-to-wear," instead of just "ready-made."

M. MANDELL,

The Leading Clothier in Albuquerque.

SCHOOL OF MINES.

Where a Practical and Theoretical Course in Engineering Can be Obtained.

A VALUABLE INSTITUTION.

One of the neatest and most attractive publications that has come to this office is the brochure issued by the New Mexico School of Mines at Socorro, which contains the advance sheets of the annual register relating chiefly to the courses of study offered. The complete register will be issued about May 1.

The brochure was printed at the school of mines press and is handsome, attractive and well gotten up. The cover is artistic and the results from putting out such a statement of the resources and advantages of the school cannot help but be satisfactory.

The board of trustees of the school consists of Governor M. A. Otero and Superintendent of Public Instruction J. Francisco Chavez, ex-officio, Juan Jose Baca, Socorro, president; C. T. Brown, Socorro, secretary-treasurer; Captain A. B. Fitch and P. G. Bartlett, Magdalena, and J. E. Smith, Socorro. The name of each member of the faculty is followed by a brief but comprehensive sketch of his career.

The school of mines was founded by act of the legislature of 1899 and an organization was effected under a subsequent act approved February 28, 1891. Plans were at once adopted for the buildings and early in 1892 a circular setting forth the aims of the school was issued.

The following year a president was chosen and students in chemistry were admitted, but the mining school was not opened until the autumn of 1895. The location of the institution at Socorro was particularly fortunate in that it renders easily accessible to the students a large number of mines of all kinds, smelters, irrigation systems and other engineering works. Many of the most famous mines of the southwest are within a few hours' ride of the school. The surrounding country is rich in illustrations of geological formations and structures. The ideal of the institution is the practical training and directing of young men to take active part in the development of the mineral wealth of the country and the world. The natural surroundings of the school create a mining atmosphere which is not found in schools located farther away from the mines and mountains. There is a broad practical experience during the entire course. The proximity of the school to many mines afford opportunity to studying the most modern methods of mining as well as the native methods which have been followed for so many decades. The field for original scientific research in New Mexico is unrivaled as the government has made no investigations.

Much of the advance work of the school is and will be continued in the line of original research and the results will be made known through bulletins from time to time.

The brochure gives the courses in detail and requirements for admission. From the school of mines press is issued the Mining Quarterly, the annual report, the annual register, the department bulletins and the reports of the geological survey. During the summer practical field work is followed and many long excursions are undertaken to more distant mining fields. Among the professors and students are maintained the Engineering society, the Scientific association and the Mining club.

The library and museum are complete. The buildings are located in a campus of twenty acres and consist of the chemical laboratory, engineering hall, and the Socorro building.

The acquisition of the Rio Grande Smelting works with its 280 acres of land and thirty buildings gives the school an advantage of practical work that is unequalled by any similar school in the country.

Catholic Mission.

A mission will be given in the immaculate Conception church by the Jesuit missionary, Rev. E. Barry, commencing Monday.

VERY ANNOYING.

This Hardly Expresses What Albuquerque People Say of it.

Any itchingness of the skin is annoying.

Little danger in itching skin diseases.

But they make you miserable.

Doan's Ointment is a never failing cure.

For piles, eczema, all itching troubles.

Albuquerque citizens endorse it.

Mrs. R. E. Waite, rooming house, 202 North Second street, says:

"There came to my notice some time ago a case of eczema or of some disease of the skin, which had resisted all the efforts of the party to stop. Doan's Ointment was procured at the Albuquerque Pharmacy and a course of the treatment commenced. It gave positive relief after an application or two and upon a continuation of it for some time the annoyance ceased. This information should be of untold value to residents of Albuquerque who are in quest of an article upon which they can depend to cure any itchingness of the skin or eruption thereof."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

SYRUP OF FIGS

Acts Gently;
Acts Pleasantly;
Acts Beneficially;
Acts truly as a Laxative.

Syrup of Figs appeals to the cultured and the well-informed and to the healthy, because its component parts are simple and wholesome and because it acts without disturbing the natural functions, as it is wholly free from every objectionable quality or substance. In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal virtues of Syrup of Figs are obtained from an excellent combination of plants known to be medicinally laxative and to act most beneficially. To get its beneficial effects—buy the genuine—manufactured by the

CALIFORNIA FIG SYRUP CO.
Louisville, Ky. San Francisco, Cal. New York, N.Y.
For sale by all leading Druggists, in original packages only, bearing the full name of the Company.

mening Wednesday, February 25, at the 9 o'clock mass, and ending Sunday night, March 8. Papal blessing at the end of the mission. You and your friends, Catholic and non-Catholic, are cordially invited. Pews are free. Order of exercises is as follows:

5:30 a. m.—Mass and short instruction.

8:30 a. m.—Mass and sermon.

3:30 p. m.—Stations of the cross and children's mission.

7:30 p. m.—Benediction, lecture, benediction of the most blessed sacrament.

New Mexico History.

There is nothing more interesting to students than the early history of New Mexico, and there is no man in the United States better informed on this subject than ex-Governor Prince. He has a series of three lectures on the early history of this country, entitled, "The Romance of the Southwest," and these are now to be delivered in Albuquerque, at Perkins' hall in the public library building.

The first lecture will be on Thursday evening of this week, and the others will follow at the same place a week apart. Admission to the course one dollar, and to one lecture fifty cents. These lectures will be as interesting to visitors as to our own citizens, and contain a fund of information of value to all of us. The governor is one of the most attractive speakers in the west, and his lectures are illustrated with maps and charts.

DeWitt's Witch Hazel Salve.

The only positive cure for blind, bleeding, itching and protruding piles, cuts, burns, bruises, eczema and all abrasions of the skin. DeWitt's is the only Witch Hazel Salve that is made from the pure, unadulterated witch hazel—all others are counterfeits. DeWitt's Witch Hazel Salve is made to cure—counterfeits are made to sell. B. H. Briggs & Co., and S. Vann & Son.

LOSING STREAK.

Results in a Gambler Using His Gun at Trinidad, Colo.

A special dispatch from Trinidad, Colo., dated February 22, says:

A shooting scrape last night at the mining camp of Rugby, twenty-five miles north of this city, caused the death of one man, and two more are behind the bars in the county jail. The shooting occurred at Pat Moran's saloon, and the two men accused of the crime are in his employ. The dead man's name is Pickett, and he had worked around Aguilar for some years. He recently ran a saloon for Sam Clump, near Rugby.

Last evening Pickett went to Moran's place and started to gamble. At first he won, and then he began to lose, and when he had lost about all the money he had with him he threatened to make a rough house unless his money was returned. Moran gave him back \$5 and put him out of the saloon and locked the door. Soon another party wanted to come in, and when the door was opened Pickett also tried to enter. Joseph Matthews and E. Martinez, the employees, told Pickett to go away and not cause any more trouble. He refused to leave, and began shooting at once. Both Matthews and Martinez returned the fire, wounding him first in the leg. A bullet then pierced his body, entering at the back of the right shoulder and coming out on the left side. This wound caused death.

Matthews and Martinez were arrested last night. Today Coroner Sipe,

District Attorney Ross and Sheriff Clark went out to Rugby, where an inquest was held. Matthews and Martinez were exonerated by the coroner's jury, but District Attorney Ross was not satisfied, and had them arrested again, and they are now in the county jail in Trinidad.

The scratch of a pin may cause the loss of a limb or even death when blood poisoning results from the injury. All danger of this may be avoided, however, by promptly applying Chamberlain's Pain Balm. It is an antiseptic and unequalled as a quick healing liniment for cuts, bruises and burns. For sale by all druggists.

Bucklen's Arnica Salve.

The best and most famous compound in the world to conquer aches and kill pains. Cures cuts, heals burns, and bruises, subdues inflammation, masters piles. Millions of boxes sold yearly. Works wonders in boils, ulcers, felons, skin eruption. It cures or no pay. 25c at all drug stores.

Everybody in Albuquerque ought to attend our Overstock Sale commencing Monday, February 16, Bargains to beat the band. LION STORE.

E. L. Washburn

LOCAL PARAGRAPHS.

L. O. Fonville is here on a visit for a few days.

Regular meeting of Harmony lodge No. 17, I. O. O. F., this evening; degree drill. All Odd Fellows urged to attend.

Harry Gleason, deputy county collector and treasurer of Valencia county, is in the city on a few days' visit to his family.

Alderman Ed. Harsch went to the capital this morning to be a spectator at the sessions of the legislature for a day or two.

Assistant United States Attorney E. L. Medler was a passenger for Santa Fe this morning. He will return the latter part of the week.

M. J. Riordan, secretary of the Arizona Lumber & Timber company, of Flagstaff, is in the city. The gentleman is here on business.

Mrs. L. Kempenich is entertaining a large number of ladies at cards at Old Fellows' hall this afternoon. About fifty guests were invited.

The Schubert Mandolin and Guitar club will render some very bewitching selections at the Schubert concert on March 2 at Colombo hall.

John Hart, the carpenter and contractor, has moved his shop from 411 West Railroad avenue to the corner of Third street and Gold avenue.

Tomorrow being Ash Wednesday, services at St. John's Episcopal church will be as follows: Communion at 7 a. m.; morning service at 10 a. m.

Mrs. Charles Keper and daughter, of New York city, are here for a couple of days. They are friends of the Rosenwalds and are en route to the coast.

Subscribers to the Schubert concert, so states Manager Matson, will have first choice of seats Wednesday at 9 o'clock a. m. Sale of seats for the general public Thursday morning.

The committee of the Ladies' Auxiliary of the Brotherhood of Locomotive Engineers, out yesterday, report a good sale of tickets for their dance which will be held at Colombo hall, March 12.

J. D. Matthew, a member of the contracting firm of Eggleston & Matthew, now working on the cut off at Abo Pass, was in the city yesterday buying supplies and attending to business for the firm.

H. J. Ramer, the big cattle owner of Watrous, is in the city, and will leave tonight for his cattle ranches near Holbrook, Arizona. He reports fine snows in northern New Mexico, and says all kinds of stock are in the finest condition.

Father Barry, the Jesuit missionary, reached Albuquerque this morning. He will commence the mission exercises tomorrow at the immaculate Conception church at 9 o'clock. All are invited to attend the mission, Catholic and non-Catholic.

C. W. Townsend telegraphed to Melini & Eakin that John T. Williams, of Louisville, Ky., member of the wholesale liquor firm of Taylor & Williams, died there yesterday. This firm is known the world over as the manufacturers of the famous Yellowstone whiskeys.

The Ladies' Aid society of the Congregational church will hold regular monthly tea at the home of Mrs. C. O. Cushman, 202 North Edith street, on Thursday afternoon, February 26. All members and friends of the society are invited. Strangers especially welcome.

Dr. and Mrs. D. H. Carns are enjoying a visit from Mrs. M. E. Shoemaker, of Homestead, Pa., and Mrs. H. A. Robison and daughter, of Charleston, W. Va. The former lady is a sister of the doctor. They will spend a couple of weeks here and then go on an extended trip to Mexico.

Catholic parents of children attending public schools may have their children excused from attending school every afternoon during the mission that they may be present at the 3:30 o'clock exercises, which is given for their exclusive benefit. Communion Sunday will be next Sunday.

Abo T. H. Grothers, aged 25 years, a native of The Netherlands, died at his rooms on the Highlands Sunday evening of tuberculosis. The young man came here from The Netherlands about two months ago. His father, mother and family live in the old country. The funeral will take place from the undertaking parlors of O. W. Strong & Sons tomorrow morning at 9 o'clock.

Misses Flora and Nellie O'Brien, of St. Louis, Mo., have arrived, and are now in possession of the store room, formerly known as the Foster Millinery company. While here a short time ago the young ladies purchased the millinery company's fixtures, etc., except the old stock, and then returned to St. Louis to purchase their goods. Just as they were leaving for this city they received a telegram from Mr. Foster, saying "that the sale was off, as he had sold to another party." The ladies came on to Albuquerque, consulted an attorney, and today the matter was arranged satisfactory to the young ladies. The Fosters are packing up their goods, and will soon leave the city for Salina, Kansas, where they have property.

The Citizen publishes, elsewhere in today's issue, an advertisement from the W. R. Stubbs contracting company of Kansas City, Mo. They are builders and graders of railroads, and are thoroughly reliable. The W. R. Stubbs contracting company is interested with the Flick & Johnson Construction company in several large contracts for Chicago, Rock Island & Pacific construction work, consisting of grading, bridging and concrete structures, ag-

209 South Second street, a few doors north of postoffice.

DOCTOR CONNOR, OSTEOPATH.
Rooms 21-23 Whiting Building

After drugs have failed, which they sometimes do, try Osteopathy. It is founded on truth and a thorough knowledge of the anatomy and physiology of the human body. Nothing succeeds like success. Call or write to me and I will refer you to patients cured by Osteopathy without any injurious effects of drugs.

Yours in the work,
C. H. CONNER, M. D. D. O.
