NUMBER 387

FAST TRAIN IN A WRECK

"The Meteor" Kills a Few Train Employees.

DEATH TO A SMALL FUNERAL PARTY

Thawing Out Dynamite Causes Explosion --Educators at Cincinnati.

St. Louis, Mo., Feb. 23.—A special train from Dixon, Mo., says:

The St. Louis & San Francisco fast west bound passenger train "Meteor" was wrecked last night one-quarter of a mile west of Gasconade river crossing, at Arlington.

William Gifford, aged 50, the Wells-Fargo express messenger, of St. Louis, was killed, and Engineer Decker, of Newburg, sustained broken ribs and internal injuries that may prove fatal. Four trainmen were seriously injured. None of the passengers were injured except slightly.

The wrecked train had two engines and was under full headway making the run from Dixon, Mo. The first engine jumped the track and the second engine turned completely over. Express and mail cars were splintered into kindling wood. Gifford was buried beneath the baggage, and was drowned by water rushing in from the broken tender. Harvey Johnson crawled out of the wrecked cab of engine No. 206 and rescued his brother, Julius, from death in the scalding steam. Both were badly scalded.

DYNAMITE EXPLOSION.

Four Persons Killed and a Number Injured.

Pittsburg, Feb. 23.—A dynamite explosion this morning at Rockwood, 100 miles south of here, killed four persons and injured a number of others. A gang of men working on the Baltimore & Ohio railroad were thawing out dynamite when the explosion occurred. Four men were killed outright and a number injured. Three victims were blown into the Castlemans river. They were horribly mutilated. The names have not as yet been learned.

A VIGOROUS PROTEST.

Old Town Republicans Oppose to Council Bill No. 54.

AN APPEAL TO LEGISLATURE.

The residents of Old Albuquerque held a big and enthusiastic mass meeting last night, at which they strongly expressed themselves opposed to the adoption by the legislature of council bill No. 54, introduced by Councilman Albright, and which has already passed the council, providing means for the enlargement of the corporate limits of an incorporated city or town by the annexation of contiguous territory.

Resolutions were passed at the meeting favoring the incorporation of Old Albuquerque, and praying the legislature not to pass council bill No. 54.

Upon motion Hon. Jesus Romero was chosen chairman of the meeting, Manuel Springer and H. K. Pinkney, secretaries, and Thomas Werner interpreter.

Judge Seferino Crollott, in an address to the meeting, explained in full the several sections of the bill, and stated that the interests of the old town and Los Duranes would be jeopardized if the bill should pass in its present shape, and urged the meeting to petition the legislature against the passage of the bill.

Judge W. C. Heacock, being present, was called upon to express himself. He spoke in opposition to the pending bill, and suggested the immediate incorporation of Old Albuquerque.

A vote was taken and the result was unanimous in favor of the incorporation of old town and all were opposed to the passage of council bill No. 54.

Chairman Romero, upon motion, appointed a committee of three, Seferino Crollott, Cornelio E. Denny and John Horradale, to draft resolutions expressing the opinion of those present as greatly opposed to the passage of the pending bill, and demanding reasons why it should be passed.

The resolutions were unanimously adopted after remarks were made by the chairman, Seferino Crollott and others; and today the resolutions as passed were forwarded to the legisla-

ture signed by nearly all those present. A strong spirit was manifested in the rousing meeting, the citizens desiring that they should receive just treatment at the hands of the legislators.

It is understood that a committee, headed by Hon. Jesus Romero and other well known republican politicians of old town, will go up to Santa Fe tomorrow and lobby with house members against the passage of said council bill No. 54.

ANOTHER ACCIDENT.

A Funeral Party Hurled to Death by a Train.

Joliet, Ill., Feb. 23.—Two men were instantly killed, two fatally hurt and one badly injured in a railroad accident last night at Braceville, a mining town south of Joliet. The Alton and Kansas City limited struck a carriage containing five men. The dead are: George Bursock, John Rudelesk. The fatally injured: John Succwiltch, Andrew Koslofsky. The men had been to a funeral and were on their way home in South Wilmington. The train struck the carriage squarely, hurling the men in all directions.

Educators at Cincinnati.

Cincinnati, Ohio, Feb. 23.—The vanguard of the army of educators which will invade the city during the next three days to attend the annual convention of the department of superintendence of the National Educational association have arrived. Dr. C. M. Jordan, of Minneapolis, president of the department, was one of the early arrivals and has established headquarters at the Grand hotel. President Jordan expects a large attendance—at least 1,500. More than fifty college presidents are expected, together with many professors and superintendents of schools.

The officers in charge of the gathering have arranged a program for a three-days' meet. Subjects which will be of special interest to those actively engaged in educational work will be discussed during the morning and afternoon sessions. The evenings will be devoted to lectures.

AN OLD FRIEND.

A Request That Sister Fidelis Be Returned to Albuquerque.

Editor Burke, of the Journal-Democrat, in the following editorial, voices the wishes of The Citizen and the article is here reproduced:

A delegation of prominent citizens of Albuquerque, all earnest friends of the cause of education, called on the Mother Superior at the sanitarium yesterday and requested her to use her influence to have Sister Fidelis sent back to Albuquerque to take charge of the parochial schools here and in old town, and it is safe to assume that all the citizens of both towns, without regard to sect or creed, who are acquainted with Sister Fidelis, will most heartily join in this request. She was one of the pioneer educators of Albuquerque, and did a valuable work here in the early days of the town, when such work was sorely needed. She assisted in giving us an efficient school system for several years before the public school law was of much force, and hundreds of Albuquerque boys and girls who grew up under her instruction will always keep a warm place for her in their hearts.

Funeral of Ethan Allen Hunt.

The funeral of Ethan Allen Hunt, whose sudden death caused a gloom of sadness to settle in the hearts of his many friends, took place from the home on South Arno street at 2 o'clock this afternoon. The attendance was large and his friends were numbered by the hundreds. Rev. W. J. Marsh conducted the service at the house. A male quartet, composed of Messrs. Walker, Washburn and Maynard, sang many of the songs which Mr. Hunt had loved so well and sung so often. The impressive and beautiful ritual of the Free Masons was observed at Fairview. The Masons attended in a body, and the local lodge of the Ladies of the Maccabees were present

in honor of Mrs. Hunt, their afflicted sister. Mrs. Hunt has the deepest and heartfelt sympathy of the whole community in the dark hour of grief. It has been only a short time since she mourned the death of their only child and now the companion of her life being called away her sorrow is more than can be comprehended.

Buried in Fairview Cemetery.

The remains of Dr. W. W. Reed, whose tragic death occurred Thursday afternoon by taking an overdose of morphine, was laid to rest in Fairview cemetery Sunday afternoon. The funeral was held from the parlors of O. W. Strong & Son at 4 o'clock. The wife and son of Dr. Reed arrived from Anton Chico Saturday night. For the past six months Dr. Reed has been living in the city, residing at the Pillsbury lodging house. He was an old soldier, having reached the age of 67 years.

Alfred Fisher, the 18 year old son of Mr. and Mrs. Philip Fisher of Saginaw, Mich., died yesterday afternoon at 1:30 o'clock at their rooms in the city. The young man came here about six months ago for the benefit of his health, but the dry climate did not seem to improve his delicate and wasted system. The remains were taken charge of by O. W. Strong & Son and the parents have been telegraphed for instructions. It is probable that the burial will take place here.

AT LIBRARY BUILDING

The University Students Entertained Last Saturday Night.

WASHINGTON BIRTHDAY PARTY.

The University students were the admirable hosts of an enjoyable Washington birthday celebration at Perkins hall Saturday evening at which the faculty and students of the high school and their friends were guests. The Varsity students were assisted in their program of entertainment by the faculty of the university school of music.

Prof. Blair proved a charming number on the program with his violin solo.

Miss Florence Chapin's reading "In College Days," touched a chord which appealed to the appreciative natures of the crowd of students.

Mrs. Mabel Stevens-Himoe rendered several selections on the piano, displaying her usual talents. All responded to encores.

Prof. Walker was not able to be present, which was regretted by all those present.

"Kentucky Babe," as sung by the college quartet, Messrs. Atkeson, Heald, Tascher and Springer, brought out a hearty applause from the appreciative audience.

The address, "The Life and Character of George Washington," as delivered by Rev. Marsh, was very interesting and instructive. Mr. Marsh told many incidents of the life of the "father of the country," which have remained unknown.

After the program the Varsity students and their guests seated themselves at the long tables, and the supper served was of an appetizing nature. Prof. Rupert F. Asplund officiated as toast master.

Prof. Espinosa toasted, but did not read the high school. His toast to the high school was very favorable to the students of that institution, and the professor won their esteem by his complimentary remarks.

Then Mr. O'Gara, in his toast on "The Champions of '93," caused much laughter and pleasant feeling among the group of students by his bright and witty remarks.

Mr. Ward Anderson was called upon in behalf of the Minor basket ball team and the high school guests, and he extended the thanks of those he represented for the courtesy and evening of pleasure shown them.

The rooms were decorated in an attractive manner with Navajo blankets from Bennett's and Hyde's curio stores.

The celebration proved a most enjoyable affair and the Varsity students are to be complimented on their entertaining talents.

Police Court.

Judge Crawford disposed of two drunks this morning at \$5 apiece. They paid their fine and departed not feeling in the best of spirits. One of the offenders kicked at the price, but he was not able to lower the price any by his kicking. The law is law and must be enforced. A vagrant, stopping over on his return from Belen, was given a ten days' contract on the street.

HATCHET HERO

Birthday Exercises of "Father of His Country."

SALOON ROW AT GLOBERVILLE

Trying to Identify More Victims of the Cedar Rapids Fire.

SULTAN WANTS REFORMS IN MACEDONIA

Chicago, Feb. 23.—The public schools, banks, board of stock exchange, and all city and county offices were closed today in honor of Washington's birthday and appropriate exercises were held by various societies.

A meeting was held in the morning at the Auditorium and attended by pupils of the public schools, at which Prof. George E. Vincent, of the University of Chicago, and Miss Jane Adams, of Hull House, were the principal speakers.

In the afternoon Senator Hoar, of Massachusetts, addressed a large audience at the Auditorium composed of members of the Union League club and their friends. Singing of patriotic songs by the audience formed a part of the exercises.

A banquet will be given this evening by the Union League club, at which Senator Hoar will respond to a toast.

Dr. Frank W. Gunsaulus, President Eliot of Harvard, and Bishop Gaylor, of Tennessee, will be the other speakers.

As Boston.

Boston, Feb. 23.—Army veterans' reunions, patriot meetings and other events were included in the observance of Washington's birthday in this city. General William Booth, commander of the Salvation Army, addressed large audiences in Tremont temple.

A holiday was generally observed in the large cities in New England.

FATAL SALOON ROW.

Old Account Causes Death at Globeville, Colo.

Denver, Feb. 23.—A saloon row, growing out of a disputed bill two years old, led to the killing of Harley Curtis about 1:30 this morning in the saloon of Louis Benz, at Globeville. Benz shot Curtis in the abdomen, death resulting about half an hour later. Benz was arrested.

Victims of Cedar Rapids Fire.

Cedar Rapids, Iowa, Feb. 23.—It is now believed that the remaining unidentified body taken from the Clifton hotel ruins is M. F. Bruce, who registered from New York city. A. P. Johnson, another guest, is as yet unaccounted for. Johnson is supposed to have come from an Illinois town, presumably Morris.

The Sultan.

Constantinople, Feb. 23.—Tewfik Pasha, minister of foreign affairs, notified the Austro-Hungarian and Russian ambassadors today that the sultan had agreed to adopt scheme reforms in Macedonia.

Dixon Fighting in England.

London, Feb. 23.—George Dixon, the former lightweight champion who came over from America some time since, is to meet George Proctor, the Southwark fighter, in a fifteen-round go tonight. Proctor has done some clever work in the ring and there are many who believe he will give Dixon a tough argument.

Mardi Gras at Pensacola.

Pensacola, Fla., Feb. 23.—Mardi Gras week opened here today with typical carnival weather. The arrival of King Priscus this forenoon was the opening event on the program and his coming was made memorable by a big parade of military and civic bodies, the naval contingent including a large number of sailors and marines from the United States warships now in the harbor. The festivities are to continue through tomorrow. Business is largely suspended and the hotels and boarding houses are overflowing with visitors.

Matthews vs. Cough.

Pittsburg, Feb. 23.—Matty Matthews and Tom Cough, who are to meet in a ten round bout tonight in Allegheny, have completed their training and are in readiness for the go. Followers of the boxing game are in expectation of seeing one of the best contests pulled off in this vicinity in a long time. Matthews and Cough have met on

several occasions, their last contest taking place at Hot Springs, Conhig winning after twenty rounds of the hardest kind of battling. Matthews is now in splendid shape and appears confident of his ability to reverse the decision.

Exercises at Johns Hopkins.

Baltimore, Feb. 23.—Commemorative day exercises were held today at Johns Hopkins university. The principal address was delivered by President Edwin H. Alderman, of Tulane university.

Banquet for Francis.

London, Feb. 23.—Ex-Governor David R. Francis, of Missouri, who is on a European mission as the president of the St. Louis Exposition, is to be the chief guest at the American society's banquet at the Hotel Cecil this evening in commemoration of Washington's birthday. D. C. Haldeman will preside and among those who have accepted invitations to be present are the lord mayors of London, Liverpool, Manchester and other large municipalities of the United Kingdom, the presidents of numerous chambers of commerce, and the heads of steamship lines and other large industries. The American ambassador and other diplomats also will be present.

The postoffice is closed this afternoon in honor of Washington's birthday. The day is being observed by all the postoffices of the United States.

OFFICIAL MATTERS.

Land Office Transactions--Board of Irrigation.

TOWNSHIP SURVEY.

A map of the right of way of the Ohio and Fruitland canal through the Navajo Indian reservation was filed in the United States land office here.

Township Survey.

Surveyor General Morgan O. Llewellyn has received an application from Alejandro Hernandez and Jose Antonio Montoya for the survey of township 16 north, range 8 east, located in Santa Fe county.

Mineral Survey Ordered.

Surveyor General Morgan O. Llewellyn has ordered a mineral survey of the Dacotah Pearl group of mines comprising the Dacotah Pearl, Last Chance and Belle lodes in Grant county. The application was made by the Michigan-New Mexico Coper company through William H. Stevens, attorney in fact, and the order is directed to R. L. Powell, of Silver City.

Land Office Business.

Homestead Entries--Patricio Cabedro, of Manzano, 160 acres of land in Valencia county; Locario Padilla, of Chavez, 160 acres of land in San Miguel county; Francisco Lucero y Montoya, of Alameda, 160 acres of land in Bernalillo county; Anacleto Trujillo, of Kennedy, 80 acres of land in Santa Fe county; Dalcenia Atencio, of Wagon Mound, 160 acres of land in Mora county.

Final Homestead Entries--Miguel Trujillo, of Sanchez, 160 acres of land in San Miguel county; Leandro Martinez y Gallegos, of Sanchez, 160 acres of land in San Miguel county.

Territorial Board of Irrigation.

The territorial board of irrigation was in session Friday afternoon and evening, and was still in session Saturday afternoon. On the proposition to lease or sell irrigated lands, the board stands two and two--Messrs. Richardson and Knaebel favor leasing the lands, and Messrs. Hawkins and Springer favor selling the lands outright. In consequence of this equal division, all applications now pending before the board are suspended until the next meeting, which will be in about two weeks, when it is hoped that the fifth member, Mr. Miera, of Bernalillo county, will be present. The members of the board present at this meeting are a unit against the bill providing for a territorial engineer, on the grounds that all the powers conferred on him in the pending bill are conferred on the present board under existing laws, and the engineer should not be given the powers which are now given to the board.

Wm. Adamson left this morning for Socorro and Las Cruces and while away he will endeavor to supply every home in the country with all kinds of pictures which he sells.

The Woman's Relief Corps will meet in regular session at Knights of Pythias hall on Tuesday at 2:30 p. m., February 24. Initiation. By order of the president, Temperance Whitecomb, secretary.

NEWS FROM WASHINGTON

Reports on the Philippines Submitted in Senate.

QUAY FAILS TO SECURE A VOTE

Consolidation of Chicago Firms to Control the Meat Trade of the World.

Washington, Feb. 23.—The senate committee on the Philippines today reported adversely on Senator Carmack's resolutions directing the committee to continue the investigation of conditions in the Philippines.

The committee decided to report favorably Senator Rawlins' resolution asking for papers in court martial cases in the Philippines, but amended to include only a summary of the cases.

The committee decided not to print the compilation of receipts and expenditures in the Philippines as it was found the expenditure would be about \$65,000.

Favorable Nominations.

The senate committee on judiciary today reported favorably the nomination of Wm. B. Day to be associate justice of the United States supreme court; also the nomination of J. K. Richards to succeed Judge Day on the circuit bench; also the nomination of Assistant Attorney General Hoyt to be solicitor general to succeed Mr. Richards.

Exempt from Taxation.

In the senate today a bill was passed to exempt from taxation the property of the Daughters of the Revolution in the District of Columbia.

Referred to George Washington.

In the senate today the chaplain referred to the life and character of George Washington, saying that not only in ideal but in personal character he embodied the elements of truth and greatness which have wrought into our national history. The galleries were crowded, many of the occupants being visiting Daughters of the Revolution, who listened attentively to the reading by Mr. Dubois, of Idaho, of Washington's farewell address.

The Statehood Situation.

The situation today in the statehood deadlock remains unchanged. The republicans can agree upon the two states plan, but the democrats say they will not accept a bill which merges New Mexico and Arizona. They say that such a bill cannot pass before March 4.

Public Building Bill.

The senate passed the omnibus public building bill.

Quay to the Front.

In the senate this afternoon, Quay again sought to secure a vote on the statehood bill on Thursday, February 26. Keon objected, remarking that he hoped he would be permitted to conclude his remarks began several days ago.

THE NATIONAL HOUSE.

Washington, Feb. 23.—The house committee on merchant marine and fisheries today voted not to report the ship subsidy bill to the house, the vote being ten to six.

The bill to amend the railroad safety appliance act was sent to conference and Mr. Underwood, of Alabama, moved to instruct the conferees to recede from that portion of the house amendment which seeks to give the interstate commerce commission the power to reduce below 5 per cent the number of cars to be handled by safety appliance brakes.

Supreme Court Decision.

Washington, Feb. 23.—The United States supreme court decided in the case of Champion, of Chicago, that the United States has the right to prohibit the sending of lottery tickets from one state to another as part of its power to regulate commerce between the states.

BEEF TRUST.

Merging of Firms to Control Meat Trade of the World.

Chicago, Feb. 23.—The Post today says:

Plans practically are completed for the merging of the interests of firms that comprise the beef trust. Unless something unforeseen arises April 1, February 24, initiation. By order of the president, Temperance Whitecomb, secretary.

control the meat trade of the world. Unlike the popular idea of the packers merger, however, for the time being it is not to embrace everything in sight, nor is it to be capitalized at \$500,000,000 as announced for the United States Packing company. Further, the plans contemplate no friction with the federal courts because of the recent decision given by Judge Grosscup against the packing house combination.

The nucleus of the great combination of world wide interest is the merging of the smaller independent plants bought last year by the big packers preparatory to the general merger planned at that time.

The securities to be held by the new corporation are those of the G. H. Hammond Packing company, the Omaha Packing company, the Anglo-American Fowler companies, the St. Louis Beef company, and the United States dressed Beef company, and possibly several of the outside stock yards now controlled by Chicago interests.

Chicago will be the headquarters of the combination, but as far as the public is concerned there will be no immediate change in the operation of the individual plants under the new regime.

Barbers' Union.

The Albuquerque barbers met in the Carpenters' union hall yesterday afternoon and organized a city union with thirteen charter members. The officers elected are: R. H. Crone, president; George Miller, secretary, and P. R. Sanchez, treasurer. The next meeting will be held in Carpenters' hall on Wednesday evening, at which time a regular meeting night will be decided on.

ANTONIO APACHE.

This Well-Known Indian is Stopping at the Alvarado.

APACHE BASKET WEAVERS.

Antonio Apache, well known in museum circles throughout the country is now at the Alvarado. He arrived Saturday night from the White Mountain district near Fort Apache, accompanied by three Apache basket weavers, who will produce the celebrated Apache baskets at the Henry curio rooms.

Mr. Apache brought the basket weavers from the San Carlos reservation as a courtesy to Mr. Fred Havey, and his efforts in obtaining these skilled weavers is highly appreciated by those in charge of the curio system. He had quite an adventurous trip from the reservation, having to contend with the snow and extreme cold weather.

The Apache weavers are very primitive in their customs and add much to the attractiveness of the curio rooms. Manager Switzer has now in his charge twenty industrial Indians, all of whom are skilled in their respective lines. Among the foremost may be considered Josepha, the finest Poma basket weaver in the world and Platero, the oldest and best silversmith in existence. All the others are artists in their respective trades.

Antonio Apache, who was with the Field Columbian museum of Chicago for three years and has visited all the noted museums of the country, spoke in the highest terms of the valuable and rare collection of curios and Indian productions on exhibition at the curio rooms. The new departure in the way of having the Indian wares produced where the tourist and public are afforded the opportunity to witness the work in its different stages was to him a most unique and progressive idea. He will remain at the curio rooms as a visitor for some time.

Mr. Apache is highly educated and at present is promoting some important enterprises in Arizona.

New Mexico demands Statehood from the Fifty-Seventh Congress.

The sentiment in this city is almost unanimous in favor of the division of this county.

There is a strong sentiment at Santa Fe in favor of the rigid enforcement of the Sunday law.

This week will decide the fate of statehood for the territories. The chances are all against the passage of the bill.

If Senator Quay had only attached a statehood rider to river and harbor bill it would have gone through without any trouble.

Hon. Nestor Montoya is filling the difficult position of speaker of the territorial house of representatives to the satisfaction of all concerned.

Probably it was a victim of one of the get-rich-quick concerns who first suggested that what people really need is a get-full-quick institution.

What the United States senate appears to need more than anything else is a Tom Reed to run it until a vote could be secured on a few important matters.

An exchange lays it down as a rule of conduct that "when such monopolists as Rockefeller do not wish a thing it is pretty safe that the people do want it." Not always; Mr. Rockefeller does not wish the stomach ache.

The historic hill of Tara, on which the ancient kings of Ireland were crowned, was knocked down at auction the other day for \$18,500, the buyer being a woman, who evidently thought she was at a bargain counter, for the sentiment attached to the hill ought to have brought more than that.

Watch the course of the legislature and observe those, in either the council or house, who are friendly to Albuquerque. This city is growing, has a fine class of enterprising, progressive people, and no legislation should be tolerated that would have a tendency to impede its progress.

Hon. Jesus Romero and other prominent republicans will go to Santa Fe tomorrow morning, with petitions, protesting against the enactment into a law of council bill No. 54, introduced by Councilman Albright, which provides for the annexation of contiguous territory to incorporated cities and towns. There is an almost unanimous verdict in this city, among the merchants and taxpayers, against such a bill becoming a law.

The Topeka State Journal says: The concerted attempt on the part of certain newspapers to place the blame for delayed congressional action upon Senator Quay and his fight for the omnibus statehood bill will not do. The public knows better. All Quay has asked for at any time is a vote. When that is taken business can proceed. The wheels can be made to turn in fifteen minutes if Beveridge, Lodge and their followers will get out of the way.

When the news was flashed to Tucumcari that the legislature had passed the bill creating the new county of Quay, the Pathfinder, published at that place, got out a supplement reading as follows: "The legislature of New Mexico has just created the new county of Quay, with Tucumcari

as the county seat. In recognition and as a token of appreciation for their commendable efforts an arch of 'Liberty and Progress' to celebrate the occasion is being erected on Main street today."

IN WASHINGTON'S TIME.

If the telephone and the wireless telegraph had been in operation in General Washington's time the British would not have been caught in a box so frequently by the Americans. General Marion would not have been able to make many of his raids without being tripped up, and General Washington on crossing the Delaware might have met with a hot reception. In fact, it is doubtful that with modern inventions in operation the American revolution would have succeeded. In all countries of the world rebellions are growing more and more difficult, even including Colombia and Venezuela, and this is principally on account of the impossibility of a military minority getting the best of the government force by means of tricks and surprises.

Yet while this relative power of the governments has grown, at the same time their disposition toward arbitrary and abusive use of their authority has declined. It is true that there are still occasional instances of usurpation and tyranny, as in the case of Finland, but the growth of the influence of popular thought and desire, throughout the entire world, is amazing.

As the power of governments is increased by mechanical and scientific appliances, so their conduct toward the people ought to improve, and it is doing so.

RAILROADS AND PROSPERITY.

Among the items of increased cost in the operation of railways not publicly known is the large number of additional employees required. The pay rolls of the railways now carry over 200,000 more names than they did ten years ago, and that this is not wholly on account of increased mileage is shown by the fact that the number of employees per mile of track has increased nearly 15 per cent during that period.

When this increase in number is taken into account and added to the increased rate in wages it is not strange that the railroads should feel the burden. This item is wholly apart from what is known as construction work, the men employed in that work not being carried on the operating rolls. The large amount thus disbursed by the railroads is in no small degree responsible for the general prosperity of the country.

Abundant wages form the main-spring of many industries, and is second only to good crops in promoting commercial welfare. Should the time come when railroads, because of decreasing revenues, are compelled to reduce wages, the effect will be very much wider than the immediate circle of railroad employees.

TO CURE A COLD IN ONE DAY.
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Back to Santa Fe.

Hon. C. A. Dalles, the representative from Valencia county, who is a very active member of the territorial house of representatives, passed

In the good old days the sexton announced a death in the community by a stroke on the church bell for every year of the life that was gone. People expected, then, to live to old age, and speculation at the first tap of the bell took a narrow range including only those who had lived the allotted time. There is no reason why people should not have the same expectancy of age to-day, except for the neglect and abuse of the one organ on which all the other organs depend—the stomach.

Dr. Pierce's Golden Medical Discovery enables men and women to be strong and healthy, by curing diseases of the stomach (and other organs of digestion and nutrition), which prevent the proper nourishment of the body. "I had been sick for two years with indigestion and nervous debility, and had taken medicine from my family doctor for a long time without much benefit," writes Mrs. W. H. Peck, of Lockport, N. Y. "I was induced by my husband to consult Dr. Pierce by letter. You advised me to take 'Golden Medical Discovery' and 'Favorite Prescription,' which I did, and to my great surprise, after taking six bottles I was cured."

The Medical Adviser, in paper covers, is sent free for 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

through Albuquerque this morning after spending the Sabbath at Belen. Mr. Dalles says that things at Belen, in the way of railroad building, are going on nicely. Work on the railroad bridge across the Rio Grande will begin this week. More than 100 cars loaded with bridge building material are standing on the sidings at Belen waiting to be unloaded. The first shooting affair the new railroad town has experienced occurred last Sunday a week ago, but fortunately the drunken shooter failed to hit the mark. No one was hurt.

New Mexico History.

There is nothing more interesting to students than the early history of New Mexico, and there is no man in the United States better informed on this subject than ex-Governor Prince. He has a series of three lectures on the early history of this country, entitled, "The Romance of the Southwest," and these are now to be delivered in Albuquerque, at Perkins' hall in the public library building. The first lecture will be on Thursday evening of this week, and the others will follow at the same place a week apart. Admission to the course one dollar, and to one lecture fifty cents. These lectures will be as interesting to visitors as to our own citizens, and contain a fund of information of value to all of us. The governor is one of the most attractive speakers in the west, and his lectures are illustrated with maps and charts.

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of coughs, colds and croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. B. H. Briggs & Co., and S. Vann & Son.

THE FARR BOYS.

Little Friends Surprised Masters Ray and Roy Farr.

Masters Ray and Roy Farr were given a pleasant surprise by a number of their youthful friends in honor of a birthday celebration. After an evening of enjoyable games they were treated to a delicious supper. The joyful crowd of little folks dispersed at a most timely hour, receiving many thanks from their surprised friends for the pleasant evening shown them. Those present were Misses Lottie Pratt, Fannie Pratt, Lottie Lemble, Gertrude Zirhut, Estelle Neil, Letta Rice, Annie Burr Rice, Phoebe Dickenson, Edna Kepler, Edna Farr, Ray Farr, Masters Walter Galles, Herbert Galles, Frank Bronson, Frank Baker, Louis Kepler, N. M. Rice, Jr., Alvin Stewart, Myrtle Cole, Roy Farr.

A Legacy of the Grip.
Is often a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic, food purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by all druggists.

At a meeting of the joint committee of the Spanish War Veterans and the Spanish-American War Veterans, held in Washington February 20, a resolution was unanimously adopted providing that the two organizations should consolidate.

The Easy Pill.

DeWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers, by arousing the secretions, moving the bowels gently, yet effectively, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble. B. H. Briggs & Co., and S. Vann & Son.

Claude de Lorraine, who was chief engineer on the Monitor when that vessel sank the Merrimack during the civil war, came to his death in Brooklyn last week by asphyxiation.

Saved Her Child's Life.

"In three weeks our chubby little boy was changed by pneumonia almost a skeleton," writes Mrs. W. Watkins, of Pleasant City, Ohio. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for consumption, and our darling was soon sound and well. We are sure this grand medicine saved his life." Millions know it's the only sure cure for coughs, colds and all lung diseases. All druggists guarantee satisfaction. 50c, \$1.00. Trial bottles free.

JEMEZ & SULPHUR HOT SPRINGS STAGE LINE.

Carries the U. S. mail; only line with a change of stock en route; good rigs, horses and drivers; leaves Albuquerque every Tuesday, Thursday and Saturday at 5 a. m. For particulars address W. L. Trimble & Co., agents, Albuquerque, or J. B. BLOCK, proprietor, Jemez.

Boys' W. L. Douglas \$2.50 shoes—strongest boys' shoe in the world—made of box calf or vicid kid, at \$2.50. Simon Stern, Railroad Ave. Clothier.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

An official inspection of the Monroe doctrine has developed the gratifying fact that it is yet in prime condition, and not even frazzled around the edges.

Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. Has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Dr. Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been solved that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by all druggists.

Railroad Topics

The broad lawns of the Alvarado are being set with evergreen cedars today.

W. J. Hanna, water service man on the Rio Grande division of the Santa Fe, is in the city.

Col. R. E. Twitchell, attorney for the Santa Fe, with headquarters at Las Vegas, spent yesterday in the city and went to the territorial capital this morning.

A. Anson, the contractor, who went out to the Grand Canyon a few days ago to look over the ground with a view to bidding on the building of the building of the proposed new railroad hotel at the canyon, has returned.

G. A. Hallock, relief agent for the Santa Fe, with headquarters at San Marcial, is in the city assisting Ticket Agent W. C. Carpenter, of the local station. Mr. Carpenter has been doing day and night work for several weeks and needs a little rest. Mr. Hallock will stay here until a night ticket clerk can be secured.

The Chicago & Southeastern, known in railroad circles as "Harry Crawford's road," is now a part of the Big Four system. The property was sold at receiver's sale here today and was bid in for the Big Four at \$1,010,000.

The big hardware house of E. J. Post & Co. have closed a deal whereby the Pennsylvania Development company take a large consignment of steel railroad spikes and give in return a check that calls for something like \$15,000. This is one of the largest sales of hardware ever made by any wholesale house of the territory.

Maj. Ernest Meyers, senior member of the firm of Meyers-Abel company, and an earnest believer of railroad building that affects Albuquerque, says that he is in receipt of a letter from a foreman of a railroad grading outfit doing work on the Santa Fe Central, stating that work had begun on the grade of the Albuquerque Eastern.

The Pennsylvania has just made the report on its mileage operated the last year. It is shown that the lines now total 10,588.98 miles, including both the eastern and the western systems. This is an increase of 75.07 miles during the year. The system east of Pittsburgh and Erie has 5,811.59 miles, and the lines west of Pittsburgh and Erie 4,744.39.

S. E. Busser, manager of the Santa Fe library system, Mr. and Mrs. J. Moore and daughter, and Mr. and Mrs. J. W. Parkhurst and daughter, of Topeka, Kan., are guests at the Alvarado. The party will remain in Albuquerque for several days, and this evening will give an entertainment at the Santa Fe reading rooms for the Santa Fe railroad employees and their families and friends.

Col. F. J. Evans, representing B. Lantry Sons Supply company, was in the city for a few days looking after matters concerning the work Lantry Sons are doing on the Santa Fe cut off. Mr. Evans said that while he was from sunny Kansas, the home of the festive chinch bug and grasshopper, and where the farmers raise more than a million bushels of wheat every year, he would say that no other place affords its residents more comfort than Albuquerque and the sun that shines over it daily.

The Harvey museum containing one of the most rare and costly collections of curios in the country has been enlarged and enriched by the addition of an altar of the Snake Fraternity Orator used in the religious ceremonies of the Moki Indians. It is an exact reproduction of the original Orator and occupies an 8x4 plate glass case in the center of the museum. It contains the gods, deities, sacred meal and everything used in the ceremonies. The altar was constructed by Dr. Voth of the Field Columbian Museum, who spent last week in Albuquerque.

FINE MUSIC.

Guests Pleased by the Musicians of the Alvarado Trio.

The Alvarado lobbies and dining room were filled with a large crowd of Sunday evening guests, who with pleasure have taken the opportunity given them by Manager Cheatham to enjoy dinner at the well equipped hotel with the accompaniment of the Alvarado trio.

The trio composed of Professor Di Mauro, violin; Miss Hanthorn, piano; and Mr. Blondin, cello; delighted the guests by the selections rendered.

About twelve selections were played, which were greatly appreciated.

Mr. Cheatham's novel idea of entertainment has proved a success and the musical program will from now on be a regular feature. The trio will appear in the lobby and render beautiful music on Tuesday, Friday and Sunday evenings.

Notes from Algodones.

Algodones, N. M., Feb. 21.—Several light falls of snow in the past few days insures good crops for the coming season as well as plenty of grass for stock.

There is only one objection here to the formation of the new county of Sandoval, and that is in fixing the county seat at Los Corrales, the extreme southern part of the county and off the line of the railroad. Los Corrales is only about eight miles from Albuquerque, the county seat of Bernalillo county, and on the west side of the Rio Grande river. We would have no objection to any point on the railroad from Thornton to Alameda, but do not like the idea of having to cross the railroad and get some kind of conveyance to go to Los Corrales on the west side of the Rio Grande river. It

is not treating the people of the northern part of the county right. We think Bernalillo would be the proper place for the county seat.

Jack headache assuages and permanently cured by using Moki Tea. A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work and happy. Satisfaction guaranteed or money back. 25c and 50c. Write to W. H. Hooker & Co., Buffalo, N. Y., for free sample. J. H. O'Reilly & Co. and B. H. Briggs & Co.

Rock Island Earnings.

The Chicago, Rock Island & Pacific railway has just issued a statement showing the income account from the entire system for the six months ended December 31, 1902. The figures are as follows:

Gross earnings	\$19,306,881
Operating expenses	10,854,675
Net earnings	8,452,206
Other income	773,273
Taxes	547,948
Interest and rentals	3,368,050
Balance	5,310,381
Dividends paid	4,370,400
Surplus	938,981

Cancer Cured.

Mr. W. W. Prickett, Smithfield, Ill., writes, Sept. 10th, 1901: "I had been suffering several years with a cancer on my face, which gave me great annoyance and unbearable itching. I was using Ballard's Snow Liniment for a sore leg, and through an accident, I rubbed some of the liniment on the cancer, and as it gave me almost instant relief, I decided to continue to use the liniment on the cancer. In a short time the cancer came out, my face healed up and there is not the slightest scar left. I have implicit faith in the merits of this preparation, and it cannot be too highly recommended." 25c 50c and \$1.00. For sale by Cosmopolitan Pharmacy—B. Ruppe.

ANOTHER ENTERTAINMENT.

The Railroad Folks Invited to Their Reading Rooms Tonight.

A very entertaining program will be delivered at the Santa Fe reading rooms tonight under the direction of S. E. Busser, superintendent of the Santa Fe library system.

Accompanying Mr. Busser on his tour are James Moore, wife and daughter. Mr. Moore is a vocalist with a pleasing personality and enjoys singing to his friends, the boys. With the party are Mr. and Mrs. J. W. Parkhurst and daughter, all of Topeka. Mrs. Parkhurst has a sweet soprano voice of pleasing qualities. She will be assisted by her daughter, Miss Lottie Parkhurst.

This program is rendered for the entertainment of the railroad employees, their families and friends, and it will undoubtedly be highly appreciated by all those who are able to attend.

Miss Florence Chapin has kindly consented to assist in the following program:

Piano Solo—Humoresque Grieg
Mrs. Charlotte E. Parkhurst.
Adoration Beethoven
James Moore.
(a) Dragon Flies Guy d'Hardelot
(b) Maiden and the Butterfly, D. Albert
Mrs. George W. Parkhurst.
Reading Miss Chapin
(a) Loch Lomond Scotch
(b) Off to Philadelphia Irish
(c) Drink to Me Only with Thine Eyes Old English
Mr. Moore.
Chanson Boheme (Carmen) Bizet
Mrs. Parkhurst.
Bedouin Love Song Pinauti
Mr. Moore.
Reading Miss Chapin
Hush, My Little One Bevinigni
Mrs. Parkhurst.
Duet—Night Hymn at Sea
..... Goring Thomas
Mrs. Parkhurst and Mr. Moore.

AT THE NATIONAL CAPITAL.

What Postum Did There.

A well known figure at the National Capital is that of an attorney at law and solicitor of patents, who has been practicing before the courts and the Department of the Interior at Washington for more than twenty-five years. The experience of this gentleman with coffee is unusually interesting for it proves that although the ill results from coffee are slow they are sure. He says: "I have consumed coffee at my meals for many years, but of late years have been annoyed by deranged stomach and sleeplessness, pains in my head, nervousness and confusion of the mind. About 18 months ago I quit coffee and commenced to use Postum Food Coffee and have experienced the most pleasing and beneficial results therefrom."

"It has aided my digestion, increased my appetite for healthy food, appeased my stomach, invigorated my brain, cleared and quieted nerves and mind, and enabled me to sleep soundly eight hours out of the twenty-four. It has imparted buoyancy and cheerfulness to my daily life and caused me to look on the bright side of things in general. It has fitted me to do more brain work than ever before, and I would consider it a calamity to be deprived of its use."

"I look on Postum as an absolute cure for the ill effects of coffee. It not only cures the ravages of coffee but stimulates to vigor and healthy action the brain and all the organs of the human body. It has with me and with many of my friends and this is my authority for the statement." Name furnished by Postum Co., Battle Creek, Mich.

HOW IT FEELS ON FAST TRAIN.

Engineer of a Flyer Does Not Regard It as a Funny Business.

Mr. Nagle, an engineer on one of the big roads, was asked if there was any certain trick in the running of fast trains, says the Indianapolis Journal, and replied:

"There is no difference in the running of the fast train and the slow one. There is one thing that a man should remember, though, and that is not to get nervous, no matter what turns up before him. The engineers who run the flyers must also be men of quick decision, because a little wavering on their part might cause a bad wreck. If it is the engineer's opinion that the train should be stopped he should do so at once, but if he thinks he can get through, then all right—throw her open and go through, but don't hesitate. The success in running fast trains lies in the one fact of keeping your mind on what you are doing and not getting excited when something turns up unexpectedly before you. An engineer must always be on his guard, for going over the ground at sixty or seventy miles an hour he must act quickly when the time comes, as there is no chance to consider what is best to do."

"The engine I run makes from ten to twelve miles faster time than is ordinarily run. To be able to do this I have got to know every foot of the road. For in knowing the track I can tell just where the long stretches of level road are before I get to them, and in this way I can calculate just where I can make up any little time that I might have lost at the beginning of the trip. In some places in making a run I will go away ahead of my schedule, but what I have gained here I will lose on some other part of the road that is not so good."

"In making fast runs it is in the stops and slow-downs where an engine loses time. You take, for instance, a train that has to be brought to a dead standstill; it will require as high as ten minutes before it can be got well under way again, and when you are going sixty miles an hour ten minutes counts a great deal."

"It seems singular, but to a person who is associated with engines all the time they almost seem alive. This is on account of the sensitive machinery about them. You can't any more say what kind of time an engine is going to make when you start out with it than you can tell how a race horse is going to run. Some days when you take the machine out it will worry along, and you can't get it to running right during the whole trip, and then at other times it will start off perfectly smooth and you will have no trouble whatever. The weather has much to do with the way an engine works. When the atmosphere is damp and cold and the oil is thick the machinery works much harder than in dry, warm weather, when the oil remains thin. Then there is the difference in coal; some engines will burn one kind better than another. And the way the wind blows also has much to do with the speed that is made."

VASILINE NO GOOD FOR HAIR.

Dandruff Germ Thrives in It, as Well as in Grease.

A well known Chicago hair specialist invited the Inter Ocean reporter to come to his office and see, under a microscope, how the germ that causes dandruff thrives in vaseline. The specialist said that all hair preparations containing grease, simply furnish food for the germs and help to propagate them. The only way to cure dandruff is to destroy the germs, and the only hair preparation that will do that is Newbro's Herpicide. "Destroy the cause, you remove the effect." Without dandruff no falling hair, no baldness. Ask for Herpicide. It is the only destroyer of the dandruff germ.

"Sold by leading druggists. Send for stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents."

AMUSEMENTS.
HERE TONIGHT.

James Neill and Company at Colombo Hall.

James Neill will assume in "Hon. John Grigsby" at the Colombo hall tonight the role of an Illinois country lawyer living some fifty years or more ago, when the attempt was made to introduce slavery into the state. As a candidate for justiceship of the state supreme court which must decide the issue, he is subjected to many temptations in the nature of bribes, but his homespun honesty brings him through triumphantly, although he is sorely tried.

Mr. Neill is said to bring to the role sympathetic tenderness and at the same time much verve power, both of which stamps him as an actor deserving of success. The play in itself is brilliant and one of the kind that is a pleasure to see. It flows along smoothly and easily, its lines are frequently witty and it presents no problems that make one think between the acts. Its dry humor is described as being excellently interpreted by Mr. Neill, and indeed his own personality is what contributes so very largely to the long list of Neill successes.

SCHUBERT'S CONCERT.

The Musicians Will Be Here on Monday Night, March 2.

A lady quartet is always a source of delight to lovers of beautiful music, and the Schubert Lady Quartet is one of the best.

Americans like to laugh, and this fact is not overlooked by the Schubert Symphony Club. Several numbers on

Ayer's Sarsaparilla

Pure and rich blood carries new life to every part of the body. You are invigorated, strengthened, refreshed. That's what Ayer's Sarsaparilla will do for you. Take Ayer's Pills for constipation, sick-headache, biliousness. Sold for 60 years.

their program, as well as all their encores, are full of fun, and you will be highly entertained by their program.

Lovie Zandt Purcell, the famous contralto of the Schubert Lady Quartet, has one of the deepest voices ever given to a woman, and is the one lady able to sing an octave below middle C in concert. Her voice is very powerful and yet so melodious that her strongest tone loses none of its sweetness.

They will appear at Colombo hall on Monday night, March 2.

If you are troubled with impure blood, indicated by sores, pimples, headache, etc., we would recommend Ayer's Blood Elixir, which we sell under a positive guarantee. It will always cure scrofulous or syphilitic poisons and all blood diseases. 50 cents and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

This Is Too Bad.

It is about time for that all wise literature on the Albuquerque Journal-Democrat to have another spasm in regard to the railroad reporter of the Record. Come again, your last effort was a "gem" and it must be admitted that you handle the English language in a manner that is beyond criticism. What you don't know about the "genius" of the English language would probably fill a small thumb paper.—Las Vegas Record.

Cured Consumption.

Mrs. B. W. Evans, Clearwater, Kan., writes: My husband lay sick for three months; the doctors stated he had quick consumption. We procured a bottle of Ballard's Horehound Syrup and it cured him. That was six years ago, and since then we always kept a bottle in the house. We cannot do without it. For coughs and colds, it has no equal." 25c, 50c and \$1.00 bottle at Cosmopolitan Pharmacy—B. Ruppe.

He Escaped Punishment.

Bentley, the man arrested last week, was discharged from custody. It was claimed that he wrote to a man named Devereaux or Halley, who is a safe-cracker in the El Paso jail, that Winslow was "dead easy." One of his letters was intercepted, in which he stated that Joe La Pointe's saloon was an "easy graft;" that much money was kept in the safe and it would not be hard to take the safe out in the alley and "touch it off." But the sure thing was the Navajo county bank. This was to be "touched off" for \$25,000. Special Officer Ben Williams, of the Santa Fe, was on Bentley's trail, and when he came in from a run as brakeman Officer Williams and Marshal Hanks took him into custody. As his offense was against the government for fraudulently using the mails, he was, on advice from the United States district attorney, turned loose. Messrs. Geary and Burbage were Bentley's lawyers, and they succeeded in getting him out of a very bad mess.—Winslow Mail.

WEAK AND LOW-SPIRITED.

Correspondent Thus Describes His Experience.

"I can strongly recommend Herbine as a medicine of remarkable efficacy for indigestion, loss of appetite, sour taste in the mouth, palpitation, headache, drowsiness after meals with distressing mental depression and low spirits. Herbine must be a unique preparation for cases such as mine, for a few doses entirely removed my complaint. I wonder at people going on suffering or spending their money on worthless things, when Herbine is procurable, and so cheap." 50c a bottle at Cosmopolitan Pharmacy—B. Ruppe.

It was observed this year that valentine poetry has not in the least retrograded in badness.

Are You Restless at Night?

And harassed by a bad cough? Use Ballard's Horehound Syrup, it will cure you sound sleep and effect a prompt and radical cure. 25c, 50c and \$1.00 bottle at Cosmopolitan Pharmacy—B. Ruppe.

The Texas ranchers who for a long time wrestled with the Lord in prayer for rain are now cussing the too juicy nature of the weather.

Scald head is an eczema of the scalp—very severe sometimes, but it can be cured. Doan's Ointment, quick and permanent in its results. At any drug store, 50 cents.

The established fact that whiskers carry disease germs may account for the unhealthy condition of the populist party.

Too late to cure a cold after consumption has fastened its deadly grip on the lungs. Take Dr. Wood's Norway Pine Syrup while yet there is time.

In the get-rich-quick systems the guileless suckers blow in their money in haste and repent at leisure.

Diphtheria relieved in twenty minutes. Almost miraculous. Dr. Thomas' Electric Oil. At any drug store.

ALBUQUERQUE'S DRESSGOODS EMPORIUM

IT PAYS TO TRADE AT THE LION STORE...

Cosmopolitan Paper Patterns, 10c None Higher

..Our Overstocked Sale..

Is pronounced by all so far ahead of all competitors' offerings that those who investigate and compare actually marvel that there are some folks buying elsewhere.

DEMING.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and catmen all know this. Deming, the coming city of New Mexico.

Deming has a magnificent school system. Deming, the railroad center of New Mexico. Deming, the gateway to the best part of Old Mexico. Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest. Deming! Don't overlook it if you are looking for a safe and paying investment. Deming water is chemically pure equal to Polan springs.

Deming has increased 50 per cent in population in four years. Deming water and pure ozone make strong and healthy people. Investments in Deming lots will double and treble in one year.

Deming has now a large ice plant and electric light system under contract. In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens. Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months. In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

See the new Knox Pantouria hat, comes in the light beaver color. The swellest thing in the market. Simon Stern, the Railroad Avenue Clothier.

The ICEBERG

Albuquerque Eastern Railway Sites

Late Saturday afternoon, pursuant to call published in The Citizen, a majority of the general citizens' committee of sixty, met upstairs over Zeiger's Cafe, to hear reports of the executive committee—Messrs. C. F. Myers, G. L. Brooks and W. S. Strickler—and to listen to the reading of estimates and propositions for the several sites for the Albuquerque Eastern railway and for the right of way.

Mayor Myers presided at the meeting, and after reading the several propositions for lands, submitted the following:

Estimates of Cost.
EAST SIDE.
Gentle tract, 13½ acres.....\$15,000
John A. Lee tract, 26 acres..... 8,500
Romero & Garcia tract, 9 acres 2,000
Right of way (estimated)..... 2,000

WEST SIDE SITE.
Land owned by Franz Huning.....\$10,000
Land owned by Otto Diekmann..... 150
Land owned by W. L. Trimble..... 1,500
Land owned by Albers Bros..... 1,500
Right of way (estimated) 22 acres..... 6,000

SAW MILL SITE.
Land owned by W. B. Childers.....\$2,000
Land owned by Mrs. George F. Cray..... 9,000
Land owned by Childers & Dobson..... 2,000
Land owned by J. Loeb..... 1,000
Land owned by Manuel Springer & Co..... 500
Remainder of right of way..... 500

Total.....\$27,500
The east side site constitutes lands located north of the Rio Grande woolen mills, and represents, all told, about 48 acres. Messrs. W. B. Childers and J. E. Saint have an option on the Gentle tract of 13½ acres, and this land, with the others, have been assigned to C. F. Myers as trustee.

The west side site constitutes lands just beyond the old Wiley flour mills, and represents about 200 acres. Messrs. Reynolds, Clelland and the D. B. Robinson estate donated considerable land of this site.

Although the estimates of the saw mill site were submitted no action was taken on this site, as General Manager Hopewell and Chief Engineer Kennedy, of the railway company, had expressed preference for either the east or west side sites. In fact, the saw mill site had already been deeded to the American Lumber company.

After the reading of the propositions, upon motion of H. B. Fergusson the following conditions were added to both propositions:

Eighth—That this proposition is based on the understanding that the main line of the Albuquerque Eastern shall be built through Tijeras canyon as indicated approximately by the profile maps heretofore filed with the secretary of the territory.

The executive committee announced that about \$45,000 had already been subscribed, but as there were others to be seen this amount would undoubtedly be considerably increased.

It was then moved and seconded that the executive committee be authorized to submit the two propositions as read, with the Fergusson amendment, to the proper authorities of the Albuquerque Eastern Railroad company. The motion was carried.

This motion was followed by a vote being taken on the east and west side sites, and the former received 20 votes to 16 who favored the west side.

Messrs. E. S. Stover, O. N. Marron and M. P. Stamm were named as a finance committee to authorize all expenditures and to O. K. all accounts and bills before checks could be issued against the subscribed railroad funds.

The meeting then adjourned, and the following propositions were mailed to Manager Hopewell at Santa Fe, who is expected here tonight, and who will leave tomorrow evening for Pittsburg, Pa., where the propositions will be submitted to the builders of the road for their approval:

West Side Location.

Albuquerque, N. M., Feb. 21, 1903.
Mr. W. S. Hopewell, vice president and general manager, Albuquerque Eastern Railway company, Santa Fe, New Mexico.

Dear Sir—For the purpose of having your company build its line of railway, known as the Albuquerque Eastern, into the city of Albuquerque, we, the undersigned, as an executive committee appointed by the mayor of the city of Albuquerque, hereby offer, free of expense to you, subject to the conditions hereinafter named, the following described lands for right of way, terminal and depot grounds for the Albuquerque Eastern railway:

All of that certain tract of land belonging to Albers Brothers, W. L. Trimble and Franz Huning lying south of what would be the south line of Railroad avenue, if the same were extended west, bounded on the south and west by the Rio Grande, and on the east by lands owned jointly by A. W. Clelland, Joshua S. Reynolds and the estate of D. B. Robinson; also all of

that portion of the tract of land jointly owned by A. W. Clelland, Joshua S. Reynolds, and the estate of D. B. Robinson (subject to a condition hereinafter named) lying north of what would be the north line of Gold avenue, if said avenue were extended west and west of what would be the west line of Fifteenth street, if said street were extended south; also all that portion of the tract of land belonging to Franz Huning lying west of Barajas road, bounded on the north by what would be the south line of Railroad avenue, if said avenue were extended west, on the south by the said tract of land jointly owned by A. W. Clelland, Joshua S. Reynolds and the estate of D. B. Robinson, and on the west by the tract of land first described herein. Said three described tracts lying contiguous one to the other and forming a solid body of land containing two hundred (200) acres, more or less. Also such right of way, not more than one hundred (100) feet wide, as may be required for the main line of the Albuquerque Eastern from a point where the said main line as surveyed crosses the public road a short distance east of the Presbyterian Indian school, running in a southwesterly direction north and west of the city limits of Albuquerque to some point on the north line of the body of land herein described.

The foregoing proposition is made subject to the following conditions:

First—That it shall be accepted or rejected on or before March 20, 1903.
Second—That A. W. Clelland, Joshua S. Reynolds and the estate of D. B. Robinson shall execute a deed to your company, satisfactory to you, for all that portion of the land herein offered belonging to them, conveying the same for no other consideration than the benefit accruing to them from the location of your terminals adjacent to the remainder of their lands.

Third—That your company shall build, equip and put in operation a line of standard gauge railroad from Albuquerque to connect with a railroad known as the Santa Fe Central now being built to a connection with the Rock Island and El Paso & Northeastern railroad already constructed into the city of El Paso, Texas, so that when the said line from Santa Fe south to said connection, and the said Albuquerque Eastern railroad have been constructed, the said city of Albuquerque will thereby have a connection with the Denver & Rio Grande railroad at Santa Fe, and with the city of El Paso over the Chicago, Rock Island & Pacific and El Paso & Northeastern railroads. Said line of railroad from Santa Fe to said connection with the said Chicago, Rock Island & Pacific and El Paso & Northeastern.

Fourth—That the said Albuquerque Eastern Railway company shall establish and maintain its business headquarters and general offices at Albuquerque, and shall locate its freight and passenger depots within the present limits of the city of Albuquerque.
Fifth—That the said railroad shall be completed and in operation so as to form said connections on or before December 31, 1903, and that the work of grading the said Albuquerque Eastern railroad shall continue as rapidly as practicable to accomplish said purpose.

Sixth—That the title papers to the property herein provided for shall not be delivered to the said Albuquerque Eastern Railway company, its successors or assigns, until the said Albuquerque Eastern railroad has been constructed and is in operation from the city of Albuquerque so as to form a connection with the Santa Fe Central railway, when built, from the city of Santa Fe to connect with the said Chicago, Rock Island & Pacific and El Paso & Northeastern railroads, as herebefore provided.

Seventh—That this offer shall not be understood as proposing to furnish right of way across the A. T. & S. F. R. R. right of way at the intersection of the two roads.

Eighth—That this proposition is based on the understanding that the main line of the Albuquerque Eastern shall be built through Tijeras Canyon as indicated, approximately, by the profile maps heretofore filed with the secretary of the territory.
Insert—This proposal has been submitted to a meeting of the citizens' committee of sixty, as heretofore appointed by the mayor of the city of Albuquerque, and has received the approval of a majority of said committee at a meeting held this twenty-first day of February, 1903.

C. F. MYERS,
G. L. BROOKS,
W. S. STRICKLER,
Executive Committee.

East Side Location.
Albuquerque, N. M., Feb. 21, 1903.
Mr. W. S. Hopewell, vice president and general manager, Albuquerque Eastern Railway company, Santa Fe, New Mexico.

Dear Sir—For the purpose of having your company build its line of railway, known as the Albuquerque Eastern, into the city of Albuquerque, we, the undersigned, as an executive committee appointed by the mayor of the city of Albuquerque, hereby offer, free of expense to you, subject to the conditions hereinafter named, the following described tracts of land (referred to as "A" and "B"), for right of way, terminal and depot grounds for the Albuquerque Eastern railway:

"A"—All of that certain tract of land north of the Mountain road, the

woolen mills and the county addition and east of the A. T. & S. F. right of way, belonging to J. A. Lee, John H. Bearup, N. G. Romero and A. Garcia, containing thirty-five (35) acres, more or less, as shown by a map submitted herewith and marked "Exhibit A A"; also such right of way not exceeding one hundred (100) feet in width as may be required for the main line of the Albuquerque Eastern from a point where the said main line, as surveyed, crosses the public road a short distance east of the Presbyterian Indian school, running in a southwesterly direction to some point on the north line of this tract; also such right of way, not more than one hundred (100) feet wide as may be required from the south line of this tract running in a southerly direction to the south line and near the east end of the tract of land on which is situated the Southwestern brewery.

"B"—A right of way not more than thirty (30) feet wide adjoining on the north side and parallel with a certain right of way of the same width now being obtained for the American Lumber company from a point on the west side of the right of way of the main line of the A. T. & S. F. R. R., about one-third of a mile north of the Mountain road, and running in a westerly and northwesterly direction to a point near the northwest corner of the tract of land procured for the American Lumber company.

In addition to the foregoing and referring now to that certain tract of land bounded on the north by the property of the Southwestern Brewery & Ice company, and A. Bratina, on the east by a line parallel with Broadway and the east line of the irrigating ditch; on the south by Washington avenue and on the west by right of way of A. T. & S. F. R. R., containing fourteen (14) acres, more or less, as shown by a map submitted herewith marked "B B," we will assign to the Albuquerque Eastern Railway company a certain assignment we hold to an option contract dated April 22, 1902, and recorded in Book 337, pages 247 and 248, records of Bernalillo county, New Mexico, as shown by a certified copy submitted herewith and marked "Exhibit C C," said assignment to be without recourse on us, and in connection therewith, and providing you meet the obligations required by the terms of the said option contract, pay over to you, or your order, in cash, on or before the 22nd day of April, 1903, the sum of Eleven Hundred (\$1,100) dollars an acre, based on the actual acreage there may be in the tract of land as described in said option contract, as shown by the Bernalillo county record aforesaid.

The foregoing proposition is made subject to the following conditions:

First—That it shall be accepted or rejected on or before March 2, 1903.
Second—That nothing herein contained shall be construed into binding us to pay more than Eleven Hundred (\$1,100) dollars an acre for the tract designated "B B."

Third—That your company shall build, equip and put in operation a line of standard gauge railroad from Albuquerque to connect with a railroad known as the Santa Fe Central now being built to a connection with the Rock Island and El Paso & Northeastern routes at Torrance, N. M., to form a line with that part of El Paso & Northeastern railroad already constructed into the city of El Paso, Texas, so that when the said line from Santa Fe south to said connection, and the said Albuquerque Eastern railroad have been constructed, the said city of Albuquerque will thereby have a connection with the Denver & Rio Grande railroad at Santa Fe, and with the city of El Paso over the Chicago, Rock Island & Pacific and El Paso & Northeastern railroads. Said line of railroad from Santa Fe to said connection with the said Chicago, Rock Island & Pacific and El Paso & Northeastern, and the said Albuquerque Eastern shall be constructed by the route which the directors of said company shall select as most practicable, and their selection shall be conclusive as to practicability.

Fourth—That the said Albuquerque Eastern Railway company shall establish and maintain its business headquarters and general offices at Albuquerque, and shall locate its freight and passenger depots within the present limits of the city of Albuquerque.

Fifth—That the said railroad shall be completed and in operation so as to form said connections on or before December 31, 1903, and that the work of grading the said Albuquerque Eastern railroad shall continue as rapidly as practicable to accomplish said purpose.
Sixth—That the title papers to the

property herein provided for shall not be delivered to the said Albuquerque Eastern Railway company, its successors or assigns, until the said Albuquerque Eastern railroad has been constructed and is in operation from the city of Albuquerque so as to form a connection with the Santa Fe Central railway, when built, from the city of Santa Fe to connect with the said Chicago, Rock Island & Pacific and El Paso & Northeastern railroads, as herebefore provided.

Seventh—That this offer shall not be understood as proposing to furnish right of way across the A. T. & S. F. R. R. right of way at the intersection of the two roads.

Eighth—That this proposition is based on the understanding that the main line of the Albuquerque Eastern shall be built through Tijeras Canyon as indicated, approximately, by the profile maps heretofore filed with the secretary of the territory.

Insert—This proposal has been submitted to a meeting of the citizens' committee of sixty, as heretofore appointed by the mayor of the city of Albuquerque, and has received the approval of a majority of said committee at a meeting held this twenty-first day of February, 1903.

AT CONGREGATIONAL CHURCH.

Miss Frances E. Willard Remembered
by Local White Ribboners.

At the Congregational church last night members of the local Woman's Christian Temperance Union gave a very interesting program in honor of the memory of the lamented Miss Frances E. Willard. The large auditorium was filled to overflowing by the clergy and members of the various churches, and the numbers on the program were listened to with intense interest by everyone.

Mrs. Grout, president of the local organization, occupied the chair of honor and the combined choir of the Methodist and Congregational churches, under the direction of Prof. Houghton rendered appropriate music. Following is the program:

Music—Congregation.
Invocation—Rev. Hodgson.
Solo—Prof. Walter.
Reading—Miss Chaplin.
Piano duet.

Volume of "Life of Frances E. Willard," presented by Mrs. Marsh to the public library.

Response and acceptance for Raynolds library commission by Mrs. Stroup.

Music—Congregation.
Solo—Miss Johnson.
Music—Choir.
Memorial—Mrs. Wilson.
Violin Solo—Prof. Blair.
Benediction—Rev. March.

LOCAL HAPPENINGS.

Judge Seferino Crollott was a passenger for Santa Fe this morning. Stanley Weid will leave tomorrow night for a two months visit in Denver.

Ed. B. Harash, alderman, and wife will leave tomorrow morning for Santa Fe.

Deputy United States Marshal Fred Fournoff returned yesterday from an official trip over in the Pecos valley.

N. E. Stevens was a passenger for Santa Fe last night. He is watching the legislature on certain matters.

H. J. Seymour, a director of the American Lumber company, is in the city, arriving last night from Elgin, Ill.

A. A. Keen, the land commissioner, after a couple of days here with his wife, returned to his duties at Santa Fe last night.

M. M. Dutcher, city circulator for The Citizen, and wife visited at the Ancient city yesterday. They returned home last night.

Councilmen Thos. Hughes and Geo. F. Albright returned to the capital last night after spending the Sabbath here with their families.

Col. J. G. Albright, sergeant at arms in the territorial council, returned to the capital this morning after spending Sunday here with his wife.

A. E. Macomber, a well known law attorney of Williams, Arizona, is in the New Mexico metropolis. He is here on some important legal matters.

Passenger trains from the north, Nos. 1 and 7, due here tonight are reported to arrive on time. No. 8 from the west, may be a few minutes late.

Hon. Nestor Montoya, who handles the gavel in the house, returned to Santa Fe this morning after spending Saturday and Sunday with his family here.

Miss Lou Hughes, daughter of Councilman Thomas Hughes, returned to Santa Fe Sunday night to continue her duties as stenographer in the territorial council.

Mr. Gee, of Denver, inspector for the western division of the Mutual Life Insurance company, passed through the city Sunday night en route to Phoenix, Arizona.

H. B. Hening, who was here the past few days, returned to Santa Fe last night. It was hard to pull himself away, but his duties in the third house are pressing these days.

Mrs. F. V. Fisher came home from Pasadena, Cal., Saturday morning on account of the sickness of her son, Vining. Rev. Fisher will probably return in two or three weeks.

The wedding of Miss Beneranda Romero and Juan P. Saavedra took place at San Felipe de Neri church, Old Albuquerque, this morning. The bride couple are residents of Ranchos de Atrisco. The bride is the daughter of Eustaquio Romero and the groom is the son of Venito Saavedra. The bridal party are Severo Sanchez and wife and Carlos P. Sanchez and wife. After the wedding the party visited the photograph gallery of Miss F. E. Potter,

where some beautiful photographs were made of the happy couple.

The regular drill of company G, national guard of New Mexico, will take place in their armory, Grant hall, tomorrow evening at the usual hour. An important business meeting will be held after the drill. M. O'Donnell, captain.

Two carloads of infantrymen and cavalrymen passed through on passenger train No. 1 Sunday night bound for Fort Apache, Arizona. The troop of cavalry came from Jefferson Barracks, Missouri, and the company of infantry are from the barracks at Columbus, Ohio.

The funeral services of John Cruise, the colored cook who died Friday, were held at the undertaking parlors of O. W. Strong & Son this morning at 9 o'clock. The pastor of the African Methodist Episcopal church officiated and the burial took place at Fairview.

W. S. Hopewell, general manager of the Albuquerque Eastern and Santa Fe Central railways, telegraphed to Mayor Myers that he would arrive in the city tonight from Santa Fe and would hold a conference with the executive committee. He will probably leave tomorrow night for Pittsburg, Pa.

The gentleman who furnished The Citizen with the list of officers elected at the organization of the Owls on Friday night made two mistakes that The Citizen now corrects. John Hart is guide, instead of William Hart, and Mrs. Hopping was elected assistant guide, and not Miss Minnie Craig as given in the list furnished.

T. J. Curran, the mining man, has returned from the Cooney mining district in Socorro county. He says that the old Cooney mill has begun grinding again and the well filled ore bins give evidence that a good run is in store for it. At present the concentrated ore from the mill is being shipped to El Paso for smelting.

Miss Cathryn Carson, of Oakland, Cal., who is in the city visiting with Mrs. William Jenks, is the guest of honor at a tally-ho party given this afternoon by Misses Bliss and McClure. After an hour's ride the party stopped at the home of James H. Wilkerson, 611 North Second street, for refreshments. About fifteen young ladies participated in this pleasant affair.

Contagious Blood Poison

Is the name sometimes given to what is generally known as the BAD DIS-EASE. It is not confined to dens of vice or the lower classes. The purest and best people are sometimes infected with this awful malady through handling the clothing, drinking from the same vessels, using the same toilet articles, or otherwise coming in contact with persons who have contracted it.

It begins usually with a little blister or sore, then swelling in the groins, a red eruption breaks out on the body, sores and ulcers appear in the mouth, the throat becomes ulcerated, the hair, eye brows and lashes fall out; the blood becoming more contaminated, copper colored spots and pustular eruptions and sores appear upon different parts of the body, and the poison even destroys the bones.

S. S. S. is a Specific for this loathsome disease, and cures it even in the worst forms. It is a perfect antidote for the powerful virus that pollutes the blood and penetrates to all parts of the system.

Unless you get this poison out of your blood it will ruin you, and bring disgrace and disease upon your children, for it can be transmitted from parent to child. S. S. S. contains no mercury or potash, but is guaranteed a strictly vegetable compound.

Write for our free home treatment book and learn all about Contagious Blood Poison. If you want medical advice give us a history of your case, and our physicians will furnish all the information you wish without any charge whatever.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

TEXT BOOKS FOR CHILDREN.

Provides That the Children of Poor Parents be Supplied With Books.

APPROPRIATION FOR THAT PURPOSE.

Representative Martin Sanchez, the venerable legislator from Valencia county, introduced house bill No. 103, and, should it become a law, it will prove a godsend to the children of indigent parents and guardians throughout the territory. The new measure is framed along lines laid down in the present law relating to compulsory attendance upon some school, private, denominational or public for at least three months in the year, except that the age limit is changed, the method of executing the law is materially simplified and the clause in section 1555 of the compiled laws of 1897, authorizing school directors to supply children of indigent parents with free books is remedied so as to make such free books, purchased through the county or city superintendent, the property of the school district. These may be loaned to the pupil for the term, then to be returned to the custody of the clerk of the district school board. In this way it is the aim of Representative Sanchez to establish the nucleus of a library in every school district in New Mexico. Another strong feature of the bill consists in its economic regulation of expenditures as it is provided that not more than \$50 may be expended in any district in any one year to supply poor children with free books. The plan for giving this compulsory school law publicity through the district judges in their charge to all grand juries is also good and will serve as a frequent reminder to the people that such a law exists and must be heeded. The cut in the age limit is a most desirable change also, as the present statutory requirement of 5 to 16 years is entirely too broad to be readily effective, for at 5 or 7, the mother is loth to permit her children to leave home; and after a girl or boy attains the age of 14, they are usually needed to aid in earning a living for the family. The bill in full is as follows:

Section 1. That section 1555, original school statutes of 1891, as it appears in the compiled laws of 1897, is hereby amended to read as follows, viz:

That the school directors or board of any school district, town or city in this territory are hereby empowered and required to compel parents, guardians or other persons having the con-

trol, care or direction of children, when such children do not attend some private or denominational school, to send such children under their control to the public school for at least three months in each year, except that children referred to in this act shall not be less than 7 nor more than 14 years of age, or of such physical disability as to unfit them for school duties, which disability shall be certified to by some regular practicing physician.

Sec. 2. Any parent, guardian or other person having the control of children and who shall fail or refuse to send such children to school as required by this act, after the clerk of the school district or the clerk of any town or city school board shall have given public notice containing the substance of this act, written or printed in both English and Spanish, by posting same in some conspicuous place at three separate points within the district, or publishing the same in some newspaper within the district, shall be punished upon conviction thereof by a fine of not less than \$5 nor more than \$25, or by imprisonment for not more than ten days in any county jail; Provided, that if such parent or guardian is not able, by reason of poverty, to buy books for any such child, it shall be the duty of the school board of any town, district or city, upon the facts being shown to their satisfaction of a majority thereof, to purchase, through the county superintendent or through the district, town or city superintendent, if there be one, the necessary books for the use of said child or children, which books shall be loaned to said indigent pupil during the school term, yet shall remain the property of the district under the care and custody of the district clerk; Provided further, that a sum not exceeding fifty (\$50) dollars may be expended in any district in any one year for supplying indigent children with such necessary books, to be paid for out of the school fund of such district, by warrants drawn as in other cases; and Provided, also, that there is no school taught within two miles of the place of residence of said child by the nearest established school.

Sec. 3. County superintendents are hereby vested with general supervisory powers in this matter and shall require directors to comply with the provisions of the preceding section; and it shall be the duty of the presiding judge of the district courts to give, at each session of the court, the substance of this law as a special charge to their respective grand juries, and it is made the duty of the district attorneys to give particular heed to the prosecution of causes growing out of violations of this act; and all fines so collected for the violation of this act shall be paid into the county treasury and placed to the credit of the school district in which the offense occurs.

Cut this out and take it to any drug store and get a free sample of Chamberlain's Stomach and Liver Tablets, the best physic. They cleanse and invigorate the stomach, improve the appetite and regulate the bowels. Regular size, 25c, per box.

Both Legs Broken.

News has reached the city that Henry Brandis, son of Mr. and Mrs. Fred Brandis of this city, had both legs broken by the premature discharge of a blast in a mine at Bisbee, where he is working, says the Silver City Enterprise. He received other wounds but none of a serious nature. The young man is well known and well liked in this city, where his numerous friends will learn of his misfortune with regret.

A Liberal Offer.

The undersigned will give a free sample of Chamberlain's Stomach and Liver Tablets to any one wanting a reliable remedy for disorders of the stomach, biliousness or constipation. This is a new remedy and a good one. All druggists.

Catholic Mission.

A mission will be given in the Immaculate Conception church by the Jesuit missionary, Rev. E. Barry, commencing Wednesday, February 25, at the 9 o'clock mass, and ending Sunday night, March 8. Papal blessing at the end of the mission. You and your friends, Catholic and non-Catholic, are cordially invited. Pews are free.

Order of exercises is as follows:

5:30 a. m.—Mass and short instruction.

8:30 a. m.—Mass and sermon.

3:30 p. m.—Stations of the cross and children's mission.

7:30 p. m.—Beads, lecture, benediction of the most blessed sacrament.

J. H. O'Reilly & Co., Sole Agents, Albuquerque.

Interview with the pioneer manufacturer, N. W. Spaulding, president of the Spaulding Saw Company, San Francisco.

Q—We are told a member of your family was cured of a case that the doctors pronounced Bright's Disease, although it is believed to be incurable?

A—That is correct.

Q—Don't you think the facts ought to be known?

A—Yes. If it will help anyone else you may say that a cure was effected.

Q—You say physicians had diagnosed the case as Bright's Disease?

A—Several had. They told us the condition was critical, when my brother, who had been helped by the Fulton Compound, told us of it, and I sent for it.

Q—Was it long before a change was noted?

A—In a few weeks the improvement was marked. The sleep was better, and there was a gradual return to health, although it was a year before we considered the cure full a permanent one.

Q—Know of any other cases?

A—Numbers of them. I'm sure I told scores about it.

Q—Were there any failures?

A—None of note where it was taken in season.

Q—Can you recall any local cures?

A—Several. I told an English acquaintance about it. He began to mend and ultimately recovered, and took a supply of the Compound with him on his return to England. I consider it a cure for Bright's Disease when taken in time. It ought not to be permitted to die with its aged discoverer, and I am glad to see business men are going to perpetuate it.

IRRIGATION COMMISSION.

Held an Important Meeting at Santa Fe Thursday.

The Irrigation commission met on Thursday afternoon and was in session until late Thursday night at the office of the secretary, Col. George W. Knaebel, in Santa Fe. There is a difference of opinion among the members as to whether the lands under the control of the commission should be leased or sold. Some members favor selling the lands outright, while others believe they should be leased so as to form a fund for the building of reservoirs. They contend that by leasing the lands a permanent fund will be provided and that sites for reservoirs will be retained. There is another difference of opinion in regard to the bill now pending in the council for the appointment of a territorial engineer. It is asserted that the irrigation commission has full and ample powers to employ an engineer, to secure all the data, and do all the work that is authorized in the bill introduced; but that, should the bill be passed, it will give to one engineer the arbitrary power to fix water rights and he will not be subject to any board or revising body. It is contended by some of the members of the commission that this should not be done, but that the commission should employ the engineer in order that he might be subject to a board and that the commission should take action on the data that he secures. No decision was reached, and the commission adjourned to meet again at 2 o'clock Friday afternoon. A number of members of the council committee on irrigation met with the commission.

Millions Put to Work.

The wonderful activity of the new century is shown by an enormous demand for the world's best workers—Dr. King's New Life Pills. For constipation, sick headache, biliousness, or any trouble of stomach, liver or kidneys they're unrivaled. Only 25c at all drug stores.

Will Leave Us.

It is stated that Charles Gates Ward, the city editor of the Journal-Democrat, has accepted a position on the Las Vegas Optic, and will move up to the meadow town on the first of March. It is also rumored that the first duty, which will be assigned Mr. Ward, will be the complete annihilation of the twentieth edition of Mark Twain now posing as the funny man on the Record. It will no doubt develop into a pretty fight between the Optic and Record, when Mr. Ward gets to using against the "humorist" those 72-point words which he can use promiscuously and for which he has grown famous in this section.

The scratch of a pin may cause the loss of a limb or even death when blood poisoning results from the injury. All danger of this may be avoided, however, by promptly applying Chamberlain's Pain Balm. It is an antiseptic and unequalled as a quick healing liniment for cuts, bruises and burns. For sale by all druggists.

Inspector General Visits Fort Bayard.

Maj. James A. Irons, inspector general for the department of Colorado, was a visitor at the Fort Bayard hospital for consumptives last week and was very much impressed with the institution and its work. General Funston did not visit the hospital, as was reported in the Albuquerque papers.—Silver City Enterprise.

Bucklen's Arnica Salve.

The best and most famous compound in the world to conquer aches and kill pains. Cures cuts, heals burns, and bruises, soothes inflammation, masters piles. Millions of boxes sold yearly. Works wonders in boils, ulcers, felons, skin eruption. It cures or no pay. 25c at all drug stores.

General Frederick Funston, recently transferred to the department of Columbia, has issued orders for the arrest of Chaplain Gavitt, who is stationed at Fort Bayard, Grant county. The chaplain is to be tried by court martial, March 2, for refusing to pay a debt due a Chicago business house.

A Mother's Recommendation.

I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by all druggists.

A KINDLY PEOPLE.

Inhabitants Have Been Christians for Nearly 300 Years.

A. H. McDermott, of this city, who has lived several years in New Mexico, is a warm advocate of the admission of the territory as a state, says the Detroit Journal.

"For half a century we have been promising the people of that country the privileges of statehood," he says.

"For many years past both the great political parties in national conventions have pledged themselves to admit the territory to the union, and now a committee of the senate with Senator Beveridge at its head has reported against its admission."

"Senator Beveridge has been one of the principal advocates of the retention of the Philippine islands and has

declared that in good time they would be given their independence. Well, if New Mexico after fifty years as a territory, peopled by one race of Christian religion, with thousands of Americans from the eastern states, is not fit for statehood, we may look to see the conglomeration of races of the Philippine islands independent sometime in the twenty-first century."

"Reports from New Mexico show that Senator Beveridge's committee was biased. Their investigation was confined to a few hours in four towns, with the apparent purpose of gathering damaging testimony only."

"The kindly people of New Mexico are to be denied what is granted to Indian territory, a hotbed of outlawry, inhabited by many different tribes of the American aborigines, many of them still under tribal government, and but a generation removed from the active participation of the tomahawk and scalp dance. These are to be preferred to a country peopled by a race that have been followers of the Christian religion for nearly 300 years; a country that contains many towns made up almost entirely of working and business men from the eastern states, and which is safely republican so long as the Dingley tariff bill exists, for it is the life of their sheep and wool business, the largest in the country, once nearly ruined by the democratic Wilson bill."

"Much of the riff-raff of Europe has been and is entering the port of New York spreading itself through the different states from where it may, after the long term of five years' probation, vote to create our senators, judges and our laws. To deny the New Mexicans the full measure of citizenship, and give it to the five-year foreigner is an unstatesmanlike straining at a gnat and swallowing a camel."

E. L. Washburn

LOCAL PARAGRAPHS.

Edward M. Otero is here from Santa Fe to spend a couple of days with friends.

I. Freudenberg, the general merchant of Bernalillo, was in the city yesterday.

Attorney Elmer E. Veeder, of Las Vegas, passed through the city en route to San Marcial.

Ben M. Crawford, who is interested with P. Morrow in mining down at Clifton, Arizona, is in the city.

There will be a regular meeting of the Central Labor Union this evening at Carpenters' hall on West Gold Avenue.

L. W. Galles, district manager for the State Life Insurance company, left last night for El Paso. His family accompanied him.

Scott & Winn have been given a contract to build the new addition for the home of Miss Addie Dearing on New York Avenue.

J. H. Burns, brother of Hon. Thomas Burns, is in the city from Parkview, Rio Arriba county, and will leave tonight for El Paso.

Special United States Attorney Ellsworth Ingalls has returned to the city after a few weeks absence at different points in the territory.

Miss Frances Graves, the popular school teacher, spent Sunday with her sister at Belen and returned to her duties here this morning.

W. D. Kemp, the mining man, returned to his mines in the Sandia mountains yesterday after spending a few days in the city buying supplies.

Hon. B. S. Rodey has obtained a pension for Mrs. Guadalupe Sanchez, of Old Albuquerque, of \$8 per month, with back pension from October 24, 1899.

Misses Bertha and Katie Hase went to Santa Fe this morning. Miss Bertha is a stenographer in the house of representatives. Miss Katie will visit with her sister during the week.

C. E. Colby, formerly proprietor of the Second street barber shop, but who moved to Texas, has returned to the city. He has the reputation of being the champion chess player of the southwest.

Col. R. H. Greenleaf, W. Y. Walton and Dr. D. H. Carns are a party of hunters who returned from a three days trip over on the Rio Puerco shooting quail and rabbits. The report game pretty scarce, but they enjoyed a nice trip.

Mesdames Tony Ortiz and S. E. Rall left yesterday for a visit with friends in the east. The former goes to Kansas City, Mo., and will be gone about six weeks, and the latter is going to Chicago and will be absent from the city several months.

At the Baptist church, on Thursday, February 26, a lecture will be given on the Grand Canyon of the Colorado in Arizona by Rev. H. J. Powell, with a musical program and social by the Baptist Young People's Union. A silver offering will be taken.

Paul Wunschmann & Co., the well known insurance men of Santa Fe, take up a good deal of space in this issue of The Citizen by the publication of the annual statements of the many companies they represent. They are a first class and reliable firm.

Hal Springer, an old time Albuquerque boy, now located at Colorado Springs, Colo., is in the city for a few days' visit with his brother, William Springer, of the McSpadden-Springer Transfer company. Hal is city passenger agent for the Santa Fe at Colorado Springs.

W. A. McGrew, adjuster for the Hartford Insurance company, who has been here the past few days attending to matters of insurance for his company, left yesterday for Denver. The insurance of Nathan Barth, which recently burned at San Rafael, was paid in full. It amounted to about \$5,000.

Thomas Browne, president of the Consolidated Mining and Smelting company of Cerrillos, whose home is in Franklin, Pa., was in the city yesterday in company with R. B. Thomas, general manager for the same company. They left last night for Magdalena, where the company has some mineral holdings.

A Washington's birthday party was given for the Junior League of the Lead Avenue Methodist Episcopal church Saturday afternoon at the Harwood home. Invitations were sent to all the members and over one hundred children were the number present. A happy time was spent in games and merriment in and out of doors and refreshments were served in the dining hall.

Thomas A. Lister, president and treasurer of the North American Mining company, developing the Cobra Negra copper mine near Lordsburg, arrived here from that place yesterday morning. Mr. Lister says that development work on the Cobra Negra property is progressing nicely and shows ores running better than 25 per cent copper. D. W. Briel, an old experienced mining man from Pennsylvania, is superintending the development work. Mr. Lister will leave tonight for Williamsport, Pa., and will be absent from the territory about five weeks.

Lafe C. Allen, business manager of the Las Vegas Optic, came in from the north last Saturday night, and met here yesterday morning his sister, who was returning from a visit she had made to another brother, Chas. Allen, of El Paso. The two continued north to Las Vegas last night. It is understood that Mr. Allen's mission here was to confer with certain gentlemen who had written or spoken for positions on the Optic. He announced that Charles Gates Ward, now the city editor of the Journal-Democrat, would

be with the Optic on March 1. Mr. Allen was a caller at The Citizen office while in the territorial metropolis yesterday.

Alderman G. W. Harrison, who was at Santa Fe the past week, will return to the territorial capital tomorrow morning. The doctor is in favor of county division and against annexing contiguous territory to incorporate cities and towns.

The Commercial club dance, given at the club house tomorrow night, will not be the last dance of the season. It will be the last dance before the Lenten season begins and for that reason it will be a little more elaborate than the regular semi-monthly dance. It will occur on Tuesday night instead of Wednesday as is usual. Lunch will be served.

Mrs. W. F. Barry, the estimable wife of one of Albuquerque's well known citizens, has been suffering for the past eight or ten months with some disease of the eyes. Mrs. Barry left this morning, accompanied by Miss Alice Jones, for Denver, where she will have an operation performed by an eye specialist. The Citizen hopes the operation will prove successful.

Mrs. Alice Hagenitz Jones, correspondent of the Shaw-Torrey company, limited, Grand Rapids, Mich., is in the city, and will remain a few days. The lady is a particular friend of Mr. and Mrs. A. E. Powell, and will write syndicate articles for her company regarding her trip through the southwest. After her sojourn here she will visit the Grand Canyon of Arizona and southwestern California, via the Santa Fe Pacific route.

W. V. Wovrin, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, Grant block. Both 'phones.
